

## Belleville Reformed 275th Birthday History Steeped

(Belleville Reformed Church on Main Street celebrates its 275th anniversary in October. The historical site is the oldest in Belleville and one of the landmarks in Northern New Jersey. The Anniversary Committee of Belleville Reformed, in conjunction with the celebration, pieced together this historical sketch of the church's life.)

History, being a recording of events of the past, is often incomplete, because of the absence of records. As a consequence, facts become legendary and are useful only for the purpose of joining together the known facts to complete the story. Fortunately our records are fairly complete and since we must be brief, due to limited space, we will confine ourselves to the record.

The exact date of the origin of our Church is not known but the known facts indicate that it was established in the year 1697. In the beginning, services were held by Reverend G. Berthoff in conjunction with the church at Acquackanonk. Old records tell us that the original Church building was replaced by a new one in 1725, under the direction of a committee composed of Garrit Weutse, Frans Van Dyck, Gideon Van Winkle and Johannes Koning.

Among the by-laws of the Church, passed at that time, was one that seats were to be provided for all within the township of Newark, who contributed toward the Church and who helped with the salary of the pastor, Arent Schuyler, who was apparently one of the more influential founders of the original Church, was to retain his pew in the southwest corner of the new edifice the

same as he had in the old Church.

The ground for this new house of God, located where the present Church stands, was conveyed by a deed by Francis Speer and his wife, Catryna. The new building was a square stone structure with a belfry constructed upon the centre of the roof and the sexton, in ringing the bell, stood in the center aisle. The belfry was later removed to a stone tower erected in the north end of the Church.

The Rev. Henricus Coens was installed as pastor in 1726. He also served Acquackanonk and other Reformed Churches in the northern part of the State. It was during his pastorate that the "Schuyler Trust" was established on this day, the Church continues to benefit from the proceeds of this bequest. In appreciation, the consistory gave to the Schuylers, the right to call upon any minister of the faith, when a replacement was required. The first pastor, called under this agreement was the Rev. Gerardus Haughton from the Church at Freehold. He was installed in 1735. The next fifteen years were years of considerable spiritual development and growth for the Church and town. Rev. Haughton served until his death in 1776 and he was buried under the Church. During the Revolutionary war period and until 1784 there was no regular pastor, services being conducted by the Voorseer or Clerk of the Church.

In 1784, Rev. Henricus Schoonmaker, pastor of the Acquackanonk Church entered into an agreement to supply part of the time. On June 5, 1790 the Church became incorporated as "The Reformed

# Mayor Shelves Moratorium Bill After Attorneys Attack

By John J. Bunevich

Mayor Joseph McGreevy Tuesday night tabled his proposed ordinance for a two-year moratorium on apartment construction in Belleville after a heated public hearing on the question.

The Mayor tabled his proposal after two well-known attorneys attending

the Tuesday night Commission meeting suggested the measure in its present form may be unconstitutional, discriminatory and place an unfair burden on property owners here. Of all the residents in attendance who spoke on the bill, the majority were in its adoption in its present form.

Both Belleville lawyer

Robert Gaccione and former Town Attorney Jack Soriano addressed the Commission on the moratorium matter. The two said they were speaking on behalf of private clients who either at present have applications for the construction of apartments in Town or in the near future are considering making application for erection of apartments here.

McGreevy "after listening to remarks made at the public hearing" moved that the bill be tabled for further study. The remainder of the Commission concurred and the Board voted unanimously to shelve the proposal.

McGreevy said that he may want to make the measure "more comprehensive" in light of a recent Belleville Planning Board release of a detailed map of zoning districts in Town.

"I have to take the Planning Board's recommendations into consideration before ordering a final vote on the proposed ordinance," remarked McGreevy.

Commissioner Mary Senatore too reportedly has

some interesting statistics about apartment construction in Belleville and how it affects the School System and rentables here.

Mrs. Senatore revealed last week that she has researched Essex County Planning Board records of a survey on

apartments here and their effect on the Town but she added that she is saving the results of that survey.

"I'll release my figures when the Mayor tells me the results of his survey," said

## Liquor License Measure Tabled

Commissioners tabled Tuesday night a proposed bill which would shorten the minimum distance between taverns on Washington Avenue after liquor license owners here turned out in force to protest adoption of the measure.

Led by Belleville attorney Leslie Finch, who was urging defeat of the bill on behalf of a client, 30 liquor license owners in Belleville attended the Tuesday Commission meeting. Finch claimed the adoption of such an ordinance would directly affect a court case he is now involved in. Several private residents attending the hearing joined with Finch and the liquor proprietors in urging the defeat of the bill because it catered to special interests.

The proposed ordinance, introduced by Commissioner Vincent Strumolo, would change on the Route 7 portion of Washington Avenue from 1250 to 200 feet the minimum distance from one alcoholic beverage outlet to another.

Finch is representing the Princeton Grill in halting the transfer of a liquor license from the Villa Italia Restaurant to the Belleville Motel on Washington Avenue. After Commissioners six months ago approved the transfer Finch had that ruling overturned by the State ABC Board. The Villa Italia in turn is now appealing the

State ABC decision to the Appellate Division of Superior Court.

Finch claims should the Commission adopt the bill it would make that case before the court "mute" because the Villa Italia would then be less than 1250 feet from more than 200 feet from the Princeton Grill on Joramelon Street and not in violation of any ordinance.

Strumolo said he introduced the bill to stimulate business on Washington Avenue.

## Adult Class Offers Last Registration

The Belleville Adult School will hold a special late registration just prior to the beginning of classes next week. The adult school office will be open from 6 p.m. to 9 p.m. today and tomorrow for the purpose of accepting registrations from those who were unable to register last week.

Those interested should register on either of these nights as several courses will be filled to capacity with a few more members. The majority of the courses, however, are not restricted as to numbers and will be open to all.

Courses still available are:

# School Board Tables Sick Leave Resolution

A resolution changing certain Board of Education bylaws governing sick leave policy was tabled for further study by the School Board Monday night.

The unanimous vote to table the resolution came after a Belleville Education Association official cautioned the Board that adopting "an resolution might violate a two-year contract with teachers here.

The Board of Education sought to table a subsection of the "allowance for personal illness" clause in the bylaws stating "after 30 years of service, sick leave in excess of the above shall be left to the discretion of the Board of Education."

The School Board wanted to instead replace the clause with new wording stating "an employee whose sick leave allowance is exhausted, and who continues to be absent will not receive any further compensation in the form of

salary from the Belleville Board of Education." If an employee is concerned about a salary continuation program in the event of a serious prolonged illness, it is recommended that he purchase insurance coverage

through an income protection plan."

The Board, after tabling the resolution, promised to meet with the BEA to further discuss the change. Jerry Kennedy, for the BEA, was on hand Monday night.

## Publisher Named As Nixon Booster

The publisher of a chain of Essex County newspapers has been appointed as the Essex County Chairman for the Re-Election of the President.

Frank A. Orechio of Nutley was announced as chairman today by Governor William T. Cahill, chairman of the New Jersey Committee for the Re-Election of the President, and former State Senator Harry L. Sears, State campaign chairman.

In making the announcement, Sears said that Orechio was recommended for the key campaign post by Essex GOP Chairman George Wallhauser. "Although the Committee for the Re-Election of the President is a separate entity, it will be working closely with the County Republican organization," Sears said.

"The Committee's work, under the experienced leadership of

# Mrs. Shader Will Get \$2,600 Pay Boost

The Board of Education Monday night granted School Board secretary Mrs. Mary B. Shader a \$2,600 increase in pay and tacked on a new title of business administrator effective January 1, 1973.

The unanimous vote came after a heated debate between residents and Board members over the wisdom of such a move.

Mrs. Shader will assume most of the duties of the current business administrator Harold Dufford, who will retire at the end of this year after over 35 years of service.

The resolution adopted Monday states that Mrs. Shader will take over purchasing and supply management; pupil transportation; food service, insurance and personnel management for positions in above areas. The School Board will also create two new positions to help Mrs. Shader with the

work load developed by Dufford's retirement. In the near future the School Board will hire a supervisor of buildings in the \$12-15,000 range and an accountant in the \$10-12,000 range.

According to Mahmarian, it will cost an additional \$2,500 in cash cost to replace Dufford, give Mrs. Shader her raise and create and fill two new positions. Many of

the residents on hand Monday disagreed with Mahmarian's figures and claimed that changing the complexion of the administrative offices would actually cost taxpayers up to \$29,000.

Mahmarian also told residents that the \$2,500 immediate deficit would eventually be made up many fold by making the board

# Bellboys Traveling Again To Face Wishbone Bengals

Belleville's varsity gridders face another stern test Saturday afternoon when they clash with the Bengals of Bloomfield in a Big Ten Conference contest. Game Time is 1:30 p.m. at Foley Field in Bloomfield.

The Blue and Gold defensive eleven, which played such an outstanding game last Saturday against the Knights of West Essex, will be called upon again to hold the game within range for the offensive juggo. Captain Robert Luongo and his defenders will be facing the much publicized wishbone offense of Bloomfield.

Head coach Rocco Cafone reports that although the wishbone set does create problems to defense with its quarterback options, only minor changes and adjustments will be made on the Belleville side.

"Our boys played excellent defense against West Essex but we will only make minor adjustments. Our defense played well so I see no need to change now," Cafone remarked.

The Bellboys dropped a close contest to an excellent Bloomfield team last Fall, 13-8, and the Blue and Gold will receive added incentive to reverse that decision Saturday. It will be the second straight away contest for Belleville, before the team returns home for its opener against arch-rival Nutley on October 7.

The Sam Cavallaro coached Bengals also lost their season opener Saturday when they were edged by a top rated Seton Hall squad, 13-7. But because of their strong showing, Bloomfield will be rated a favorite going into Saturday's encounter. Belleville plays Seton Hall later during the season.

Belleville may have problems suiting up a fit quarterback when it travels to Foley Field Saturday. Junior Bill Telesco was injured in the first quarter of the West Essex game and his stand-in, Joe Cancelliere, also a junior, also received an injury. Both signal-callers are suf-

## Deputy Police Chief Haight Enrolls In FBI National Academy Program Three-Month Course Best In The Country

Deputy Police Chief Frank Haight departed last week for a special three-month training session at the FBI National Academy located within the confines of Quantico Marine Corps Base in Virginia.

Haight is the first law enforcement official in the Northern New Jersey area to take advantage of the course. The program, run in affiliation with the University of Virginia, awards 15 credit hours of work in five educational subjects for each police officer who satisfactorily completes the academic courses.

The FBI National Academy program, which offers the same course regular FBI agents take, is seen as the most comprehensive and thorough program a law enforcement official can go through. The Academy attracts police officials from all over the world into its confines.

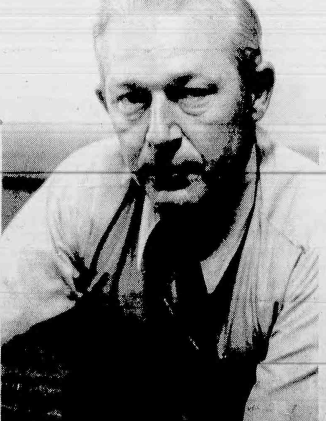

To Deputy Chief Haight, entering the program will fulfill a personal goal and to the Belleville Police Department it will benefit by having an officer with the most up to date crime prevention and detection methods.

"I guess you could call this the fulfillment of a lifelong dream," said Haight, who began the course Monday.

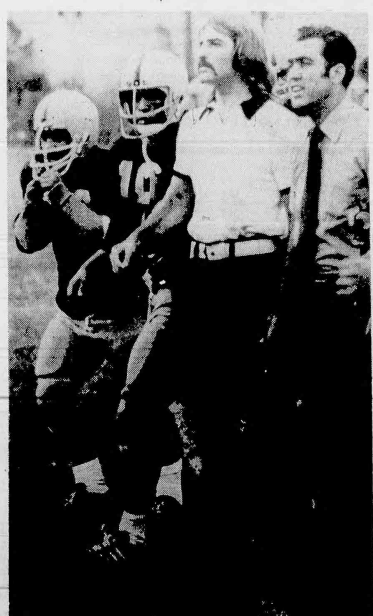

"It's taken many years for me to get the opportunity to enroll in the FBI Academy but I think it will be worth it," he remarked.

Haight will have a full day at the FBI Academy and he ended the upcoming experience to going to college. According to Haight, he will spend a full eight hours, five days a week in various classes, and evening hours, when he returns to his military, will be devoted almost fully to studying. Haight expects to find time though to return weekends to his family in Belleville.

## Golden Comments

By James R. Golden

With vacation's end of backbreaking home chores and an opportunity to scan the pages of the papers once again, one comes upon several headlines that cause consternation and misgivings about the soundness and even the integrity of all levels of our government and those upon whom we repose our confidence to discharge the duties of high office with honesty and a dedicated sense of fair dealing in handling the affairs of the people.

Daring headlines which proclaim, "Ex-Lawmaker's Firm Won Security Job-PARKWAY ADMITS TO CONTRACT IRREGULARITIES" Another stating "JERSEY MISUSES TRANSIT TAX PAID BY NEW YORKERS" THEN THE CLINCHER — "HEARINGS TO FOCUS ON 4 COUNTIES-SCI TARGETS MUNICIPAL CORRUPTION." One is left agghast at the terror conjured up in the average citizen's mind by such flagrant charges of corruption in high offices of trust. Is there no agency beyond the influence of evil? Many are prone to ask. It is indeed upsetting and thought provoking.

These latest developments, together with the furor created over the scandals attending the conviction of former Governor Hughes' Secretary of State Bob Burkhardt and the latest mess caused by the indictment of Governor Cahill's Secretary of State Paul J. Sherwin have shattered the public's confidence in most public officials and their office holding appointees.

The corruption plagues all strata of our political agencies even the structure of our Model Cities programming comes under attack by the threat of a Congressional Oversight Task Force investigation of alleged mispending and poor accounting in the Newark program.

Much disgust and dissatisfaction is expressed by an overwrought populace determined to put a quick halt to these unpardonable misdeeds. Little succor can be expected by any officer holder, past or present, who become enmeshed in the foils of justice now being marshalled to uncover and expose any dastardly crime they may have committed.

Even more harrowing, like in MacBeth, are the tortured and harried minds and consciences of those who may have done wrong and now, in fear, anticipate the stigma and punitive sentences which may be invoked against them. We do not know whom these culprits are, but, they do. It is they who must now bear their crooked crosses. If guilty they deserve their just due.

In view of the foregoing, it is interesting to observe that Assemblyman Carl Orechio, hailing from our neighboring town of Nutley has been picked by Assembly Speaker Tom Kean (R-Essex) to serve on the newly created legislative Committee to prepare a conflict of interest law and a code of ethics for elected and appointed officials at the municipal and county level, as well as members of local Boards of Education. The Assemblyman's past experiences in local government as a former Nutley commissioner will prove helpful in this overdue effort to stamp-out corruption in public office.

Unfortunately, in the past, many well intended similar legislative moves have been undertaken. Legislation was prepared. Its merits extolled. The press urged its adoption into law. Then, alas, the lawmakers who would be most controlled by such reforms refused to pass the measure into law.

Let's hope this much needed correctional control over the conduct of our public officials will succeed this time around...but don't bet on it. Most of the pretentious promises of our lawmakers turn out to be buncombe.

Mrs. Sally Hood sounds a strong note at the last town commission meeting when she inquires "How Come" it's now September and we still don't have the Annual Audit report which was due in May?

The lady's right, despite the explanation given her that the delay was occasioned by the death of Mr. A.M. Hart, head of the audit firm. The State granted an extension until July because of the emergency, then the local commissioners passed a resolution granting another extension. They did the same thing last year, when there was no death in the firm. Mr. Hoeng, is a most capable member of this firm, well qualified to complete the audit within the specified time limits set down by the State.

A further quirk possibly may be raised since the audit contract the town has with the A.M. Hart Co. reputedly, is now being performed by S. Klein Associates through some type merger with the A.M. Hart Co., probably due to the demise of Mr. Hart.

# Public must become more involved in preparing local school budgets

By MIKE OLOHAN

Belleville citizens must become more involved in preparing and understanding school budgets. Otherwise, a study committee here warns, community school budgets will continue to be routinely defeated by voters at the annual spring referendum.

School Board Trustee Ernest Zoppi heads the study committee which is recommending officials undertake an ambitious public relations program to detail needed educational expense items well in advance of the yearly budget votes.

Otherwise, Zoppi says, the upcoming '78-'79 budget proposal would probably become the 15th referendum in 16 years to be rejected by Belleville's citizens.

Zoppi's committee is recommending several changes in referendum presentation procedures all designed "to rebuild public confidence in the budgeting process and the educational aspects" of the budget.

He believes, for one example, that slides could be shown at each school in an effort toward clarifying items for the public.

Zoppi's committee report notes budget planning should be a year-round process involving all personnel throughout the school system with parent and citizen groups.

School Superintendent Dr. John Greed and Secretary-Business Administrator Mary Shader have specific roles in the budget's presentation according to law. The study group suggests the budget process for the '80-'81 school year begin in April of '79 with enrollment projections, estimates of needed staff, lists of personnel movement, checks on supplies and general items, operation and plant maintenance and long and short range objectives.

This year's budget should be presented to the board on Oct. 24 by the superintendent, states the report. At that time, a citizens' committee should be made available to advise or assist the board "in any way deemed necessary."

Changes in budget preparation are "overdue," says the committee, and "will instill confidence in the budget," hopefully culminating in a voter-approved budget sometime in February.

The proposed '78-'79 school budget consists of a budgetary breakdown for each school, two graphs for the past and present year giving detailed analysis — amounts and percentages derived from taxes, aid, tuition and a specific listing of expenditures.

### Pharmacy Footnotes

Vincent Cozzarelli  
Reg. Ph.

Rendering first aid to all who are sick and injured is a timely expression of compassion. When a child or an adult has an accident and receives an injury, those first on the scene, whether stranger or friend, stop to render aid to the limit of their ability and training. Sometimes the assistance is good and sometimes it is unwise. A complete and comprehensive understanding of first aid to the sick and injured can be obtained by studying current classes specifically formulated to teach emergency medical techniques for the layman. Good Samaritan laws in most states protect you from possible lawsuits.

We have a complete prescription department at ROSSMORE PHARMACY, 538 Washington Ave., 759-1968, 759-1966, and there is always a pharmacist on duty to handle your needs. We also have a full line of convalescent aids for sale or rent including walkers, wheel chairs, crutches and canes. Open 9am-10pm daily, 9am-5pm Sundays.

**HELPFUL HINT:**  
Keep an injured person lying down in a "comfortable" position while determining the extent of injury.

Also included is an estimate of anticipated revenues, the major increases and decreases in budgets from previous years, including administration, instruction, health services, plant operations, fixed charges, food services, student activities, community services, capital outlay and debt services.

A table showing system cost per pupil, the town's total assessed tax valuation, total school budget, amount raised by local tax, total tax

rate, school tax rate and average enrollment is included along with school board election information.

The proposed budget is 29 pages long and "is designed to reflect the community's objectives for the education of children in the districts."

Committee member Michael Tapolito emphasized it's the group's ultimate aim to evoke more public input into the school system's budget and educational issues in general.

### Look Under Leaves For Lace Bugs

Be sure to get thorough coverage of the lower leaf surfaces when you spray to control lace bugs, urges William F. Munk, senior county agricultural agent of Essex County.

You can expect to find these pests on London plane, hawthorn, azalea, Pieris (Andromeda), and rhododendron.

Leaves of azalea may become so bleached because lace bugs are sucking out the juices that you may suspect chlorosis sometimes caused by a lack of proper nutrients.

However a close look at the leaves probably will show the tell-tale excrement spots of the lace bugs which attack plane trees. They overwinter as adults and fly to newly expanding leaves during early May to lay their eggs. Lace bugs that attack the broad-leaf evergreens overwinter in the egg stage on leaves, and the eggs hatch in May.

Mrs. Wall chose a gown of blue crepe and chiffon with a sequined neckline and illusion sleeves. Her corsage was of baby orchids sprayed blue. The groom's mother was in a champagne polyester gown trimmed with gold lace. Her corsage was a white orchid.

Mrs. Magistro, a graduate of Middletown Township "High School, Kearsburg, is

### How to look for a Realtor in all the wrong places.

It's simple, if you think that a Realtor is just anyone in real estate, which he isn't. He's the professional.

So if you want a Realtor... you'll look for the Realtor seal. It's always displayed at his office. And only a Realtor can show it.

Once you've met him—you can relax. Because you've got an expert to take care of your best interests. Someone with experience, who subscribes to a strict code of ethics.

Now that you know what a Realtor is, and how to recognize him, you'll have no trouble finding him.

The Auxiliary Police Picnic was a blast. Judge Abramsen and Bob Laterza were among the distinguished guests. A nice day, a nice turnout, food to last forever, prizes, balloons, hats and games were the program. Also, they had an ever-popular egg throwing contest.

I have been invited to attend the Annual Cloth for Cancer Kickoff by the Kiwanis Club of Belleville this evening. I can remember the first time this event was held, and the folks said: "sorry Pat, no ladies - you wouldn't want to see us take off our shirts, would you?" Well, they now combine the affair with a Ladies Night, so you'll read all about it next week.

Speaking of The Kiwanis Club of Belleville - they do have fun... still working on the Homecoming day... will have a meeting Clara Maass Memorial Hospital Nov. 10th. Past President's night October 28th... Ed Lerner

visited Israel... get well wishes to Karen DeJonge... be a donor, join a service club.

September birthday and anniversary celebrations, members of Wesley United Methodist Church: 17th - Mrs. Karen Lubertazzi, 18th - Mr. Irvin Folk, Mrs. Marie Brenner, 19th Mrs. June Natale, 21st - The Frank Marfioris, Mrs. Ann Kazer, 22nd - Mr. Andrew Dougal, 24th - Mr. A. Dewey Snook, Kimberly Rounds, 25th - Mrs. Helen Mirbach, 26th - Allen Macek, Mrs. Isabel Densler, 27th - Miss Roger Akerten, 29th - Mr. Roger Lentz, the Ed Van Demarks... have a happy.

"Come to the Fair" was the title in my column published September 28th, 1971. The "Fun Fair" at School Seven will be held October 6 from 3:15 to 7. Bring the whole family and stay for dinner, there will be something for all to enjoy - you can browse for Christmas gifts, stop at the white elephant sale, visit the space walk or... have your body painted! Advance sale tickets may be purchased at the school, or you may pay when you get there... proceeds will go toward purchase of school books, etc. It's a dandy way for mom to get out of the kitchen that night and it is aimed at "family fun". Rain date is October 7th, noon till 7.

My deepest sympathy to the family of Nick Gannocorte. Nick was a member of American Legion Post 299 where he was past Sr. Vice Commander. He always had a ready smile and willing hand. Nick passed away but will not be forgotten by his many comrades and friends.

My sincere sympathy to the family of Willis MacDonald. Mr. MacDonald died in the West Indies, while on vacation. To his wife, sons Paul, Ray and daughter Joan, my

condolences. Mr. MacDonald was active in many civic and fraternal affairs and his helping hand will be missed. Prior to his retirement he spent his time employed by Sears Roebuck and Company as a window decorator.

**DEARIE, DO YOU REMEMBER?**

As I mentioned last week, I was browsing memory lane to see what was going on in town during the last two weeks of September, 1971. In addition to American Legion Post 299 and American Legion Post 70 getting ready for their installations, do you remember?

Tony and Mary Giampetro (owners of the candy store on the corner of Union and Overlook) had returned from visiting their daughter and her husband, Mary Ann and her Lt. Arthur Assantes at Ft. Devens, Mass. young Winnie Padula started nursery school... Betsey and Larry Starr's daughter Elizabeth was one year old September 12th - Margaret and Bill Draghi became the parents of a girl.

Also in 1971, Pat Barbore of The Kiwanis Club of Belleville was elected president of the American League, Belleville Little League. The Jaycees Chapter of Essex County sponsored project "Do Something Fair". Belleville Lodge No. 1123 BPOE held their Second Annual Crippled Children's Benefit Dance. Fred and Violet Labriola returned from a jaunt to Houston Texas...

There's more... Lyn Picone returned from the American Legion Convention with poison ivy... September 19th was the birthday of Frankie Trabucco of Salter Place, Linda Baldwin of New Street and Marilyn Shenocca of Dewitt Ave... plans were underway for the retirement

dinner of Miss Stacey Yaskell of School #8... the Kiwanis Club of Branch Brook Belleville were preparing for their Annual Bar-B-Que Dance... folks who lived on Charles Street held a block dance... St. Peter's School held a get together for kids and parents, Jim Sullivan, Fr. Heavy and Bishop Costello were there... it was the 65th wedding anniversary of Mr. and Mrs. Edwards - their daughter, Mrs. John G. Westcott, arranged a surprise party for them.

One year sure went zipping by, didn't it?

Getting back to 1972 where plenty is happening now, let's give a warm welcome home to Sgt. John Kapuscinski of 38 Tappan Avenue, son of Mr. and Mrs. John Kapuscinski. He was discharged from the Air Force recently. Happy to see him home were his twin sisters Dolores Lee and Dorothy Halpin.

At the American Legion convention recently, under the direction of the Scarlet Cadets placed 9th and the Cardinal Belles - 6th in the competition.

October 7th is the date the Sabre Cadets will hold their annual "Square Dance" at Jackson Auditorium in Harrison. Tickets are

\$3.00/person for all the beer and food you can consume. Understand they have a terrific band, so whether you're "square" or not, the evening is sure to be one of the major events this fall, call American Legion Post 105 to reserve your tickets or purchase them at the door.

Congrats to sis Evelyn and her husband Frank Durkin on their 30th wedding anniversary. Their neighbors, Bea and Joe Lewis racked up 36 years of wedded bliss and Bea treated hubby to a Bermuda cruise... "of course" she said "it's part of his birthday present, too".

## Panic Button 197?

Our expanding population in America will reach 300 million by the year 2000. That means more electric generating stations must be built. In addition, we face an impending energy fuel crisis. If the completion of nuclear energy plants is delayed, we may someday deplete our supply of natural gas, coal, and oil, and dangerously curtail our electric power supplies.

What would be the consequences? Industry and business, without electricity, would slow down. Or shut down. People would lose their jobs. Blackouts or brownouts would occur with alarming frequency. The sick in our hospitals would be endangered. Our vital recycling facilities would not do their job. Electricity might have to be rationed.

The next time you flick a light switch, give these consequences a thought. Consider this, too. It is public demand for electricity that makes more power plants necessary. And it is a combination of a

fuel shortage and our environmental concern that makes it vital that those plants be nuclear-fueled.

Nuclear energy plants are our hope for clearer skies and purer drinking water... for cleaner streams and rivers... for more industry and business... for more jobs... for a better way of life... and our assurance that the light switch won't ever become a panic button.

## Reformed Church

(Continued from Page 1)

Dutch Church of Second River. Reverend Peter Stryker was installed as pastor in October 1794. He was the first pastor to conduct services in other than the Dutch tongue although he continued to preach monthly in the mother tongue. He also constituted the Church of Stone House Plains (Brookdale) in 1801 from members of the western section of our congregation.

In 1804, a violent tornado rendered the Church unfit for services and a new edifice was erected and dedicated in 1807. During the period of construction we were permitted to hold services in the Episcopal Church. This demonstration of the ability to work together in a common cause and in unity with other faiths was again demonstrated when in 1835, the use of our Church was permitted during the building of a new Episcopal Church. The same spirit of friendly cooperation was again evident in 1846 during the rehabilitation of the Methodist Church whose congregation were accorded the use of our building.

Our present Church was erected and dedicated in the year 1853 during the pastorate of Rev. Isaac S. Demond who in turn was followed by Rev. Thomas DeWitt Talmadge. The latter started his illustrious career here, to be followed by a quarter of a century of service at the Brooklyn Tabernacle and then in Washington, D.C. The building committee for the present church consisted of Messrs. John Van Rensselaer, John H. Joralemon, Nicholas N. Joralemon, John C. Lloyd, James Brown, Sebastian Duncan and Dr. Samuel L. Ward.

In 1882, some 35 Chinese families became members of our Church. They were employed in a laundry across the river. Their children attended our Sunday School.

Our present chapel was built and dedicated in 1895, while Rev. Andrew Hugeman was pastor. The dedication service was one of the most impressive events ever witnessed at the Church and included the presentation of several of the memorial windows. The services were of week long duration and are still a pleasant memory to many of our older members.

In 1915 under the leadership of Rev. J. Garland Hammer, a fund was raised sufficient to obtain from the Carnegie Foundation, a like amount with which to purchase a new organ which is still in use and has served to make more impressive, our religious and other services.

The Old Church, with its congregations including many prominent citizens of the town, suffered from river pollution, causing many of our constituents to move elsewhere and the buildings to deteriorate until 1926. By 1927 the pollution had been reduced to a minimum and under the leadership of our present pastor, the Rev. John A. Stryker, a program of rehabilitation was begun which, when finished, attracted many

new members.

Our building looks about the same as 25 years ago except the front was landscaped. A new bulletin sign board erected in 1946, in addition to the one that has a weekly message. Looking toward the river there is "progress" to accept in the form of a "Munster" or call it what you will. The nice parkway on the other side of Main Street by the river and the maple trees on our lawn are gone with history. New is the pretty dogwood tree.

So much for church building and grounds, of which the original founders would probably be very proud.

Our organizations provide for fellowship and mission work. The Ladies Aid, the Guild, the Sunday School Junior and other departments support missions at Annapolis, Twin Wells Mission, Winnago, and Taiwan, mentioning a few. The Missionary Society was 75 years old in 1950.

The Couples and Friendship Club, Stamp Club, Youth Canteen, Choir concerts and Talent Shows promote fellowship as well as spiritual inspiration. Girl Scouts and Sea Scouts hold regular meetings weekly.

The Ladies' Guild was started in 1960. A nursery program during church hour started also. In the summer some of our youth attend conferences.

Another source of spiritual enlightenment is through music. A Junior Choir started in 1947. They sang many times alone, and also with the Senior Choir, looking very sweet in their hand made gowns. Recently our organist made a record of vocal and organ music, of which many people became owners.

The youth of the church is the future church and there have been youth groups which, over the years, have had serious services, joyous affairs, and done mission work in many areas including the church home.

A Bible Club met every Saturday morning for children and Vacation Bible School in the summer. Attendance at that went to the sixties in number.

As our 275th year comes to a close, we look forward to the future. Today, even though our congregation has shrunk due to members moving too far away, we remember our real place in God's plan is mission. So we look to the future generations of the church to grow "inward to ourselves, outward toward others, and upward to God". There are many who have left us in these twenty-five years and many more of us will join them in the next twenty-five but with God's help and guidance our prayers for the future beg for peace, courage, and harmony for many more years for the Church of Second River by which Belleville (The Beautiful Village) was once known.

So it is very befitting as the next church season starts, that we have a new pastor who is going to lead and show us the "way home".

AMEN AND AMEN

## Jaycees Organize Chapter

A group of young men agreed last Wednesday to organize a Jaycee chapter here.

At a meeting held at The Fountain, the group mapped out plans to recruit enough men to qualify for a charter from the "New Jersey and United States Jaycees."

The Jaycees is a worldwide organization for young men between 18 and 35. Its purpose is the improvement of the communities in which chapters are located and the personal development of its members.

Jaycee chapters are located in 6,000 communities in the United States and have a total membership of 350,000. Jaycee chapters also exist in 81 countries and territories.

The Belleville group decided to meet again next Wednesday at The Fountain at 8:30 p.m. Mike Monetti of the group issued an open invitation to all young men to attend the meeting.

"We feel that every Belleville young man can benefit from membership in the Jaycees. It gives us a means of improving our community and ourselves," Monetti said.

## Haight Enrolls In FBI Course

(Continued from Page 1)

Science in Law Enforcement and Education and Training in Law Enforcement.

Haight, when he completes the course, hopes to impart his newly acquired knowledge to the Belleville Police Department.

"That will be one of the biggest benefits of the course bringing back to Belleville what I learned at the Academy," he said.

Qualifying for the FBI Academy course is a long, tedious and difficult process. According to Haight, he was subjected to an extremely comprehensive medical examination and a thorough check of his background. The waiting list for entrance to the Academy is several years and Haight reports he first made application for the course in 1967.

Haight, who has been a member of the Belleville Police Force over 24 years, has made law enforcement his life's work and he sees his entrance into the Academy as the highest and best way to enhance his career.

"I've entered and completed several law enforcement courses, throughout my years as a police officer but this course by far should prove to be the most rewarding," added Haight.

Deputy Chief Harry Teepee will take Haight's place on the Belleville Force while he attends the FBI Academy. Upon Haight's return to the Belleville Force, he should be able to bring more up to date several crime combating areas.

Haight joined the Belleville Police Department in 1948 as a regular patrolman. In 1953 he was transferred to the Detective Bureau. The department that he heads today. In 1957 Haight was made sergeant and in 1963 he was named a lieutenant. In 1967 Haight was nominated and then filled the captain's position and his latest promotion in 1970 he was sworn-in as deputy chief.

"Our schools could be likened to a six million dollar corporation and we don't even know what is in our inventory," said the School Board president. CAUGHT IN THE BACKFIELD for a one-yard loss is Bellboy halfback Joe Ross (25) as three West Essex defenders close in on the play. Blocking on the play is Phil Cuzzi (30). The Bellboy running game didn't fully materialize as expected and when the Belleville backs did gain yards the plus yardage was wiped out when ball carriers were caught in the backfield.

Belleville Must Stop Wishbone Offense At Bengal's Foley Field

READY TO THROW is Belleville quarterback Joe Cancelliere, who connected with halfback Joe Troise in the third quarter on an 18-yard strike for Blue and Gold's only score.

(Continued from Page 1) fering from sprained wrists received in Saturday's action. To make matters worse, quarterback Mike Dondarski, another fill-in on the varsity, bruised his ribs in this week's jayvee encounter.

Scouting reports show that the Bengals utilize quarterback John Stanford, six-foot and 195 pounds to run out of the option. Bloomfield's strongest point is its running attack, centering around two backfield veterans in Felix Flores and Wayne Ropley. Coach Cavallaro reports that although the team is strong in the backfield, almost the entire line is inexperienced. The Bengal defense is a stubborn unit, limiting powerhouse Seton Hall to only two touchdowns. The Bengals had seven wins against two losses last Fall and the Big Ten power is expected to do that well again this year.

Belleville, if it expects to upset the Bengals, must cut down on costly mistakes that robbed them from a victory against West Essex. The Bellboys again must show

that stubborn and aggressive defense, but even more important, the offense must execute better.

The Blue and Gold had four turnovers against West Essex and a fumble in the fourth quarter cost them the game. Although the passing attack did show signs of potency, coach Cafone reports that passes were clearly dropped at least three times. The Bellboys threw 16 times and completed four.

"Our pass blocking was good and most passes were thrown," said Cafone. "Many times our receivers were open but there were too many balls dropped."

The Bellboys' running game left a lot to be desired. Although Joe Ross and Joe Troise did make several good runs, too many times blocking assignments were missed and runners were thrown for losses in the backfield. Coach Cafone explained that inexperience on the line hurt Belleville's running attack and too many blocking assignments were missed when West Essex linebackers stunted on running plays.

"They (West Essex) brought almost everybody up on the line and blitzed into our backfield and played bump and run with our receivers," said Cafone. "It's the job of the linemen to pick-up stunting linebackers but many times they missed their assignments and our runners were thrown for losses in the backfield."

Cafone had praise for all three of his quarterbacks and all three were utilized Saturday. Telesco, according to Cafone, looked sharp before he sprained his wrist and Cancelliere his replacement, guided the Bellboys to their

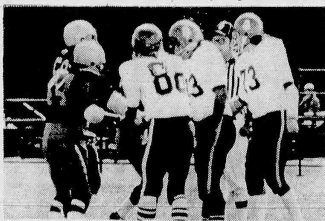

only touchdown when he connected with Troise on an 18-yard scoring strike on a fourth down play. Dondarski too, said Cafone, directed the team well.

"We were weak in the

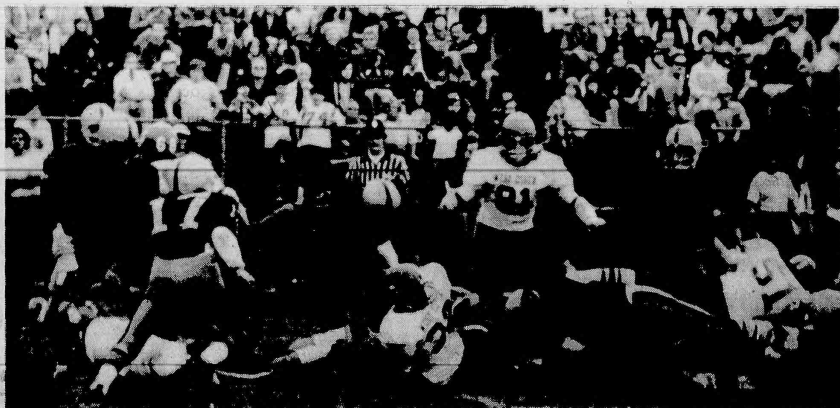

positions being filled by new and inexperienced players," added Cafone. "Films show that's where we broke down offensively. Where we had the experienced kids the blocking was excellent."

QUENCHING HIS THIRST during a brief time-out in the fourth quarter is Belleville defensive captain and middle linebacker Robert Luongo, who played stand-out game Saturday.

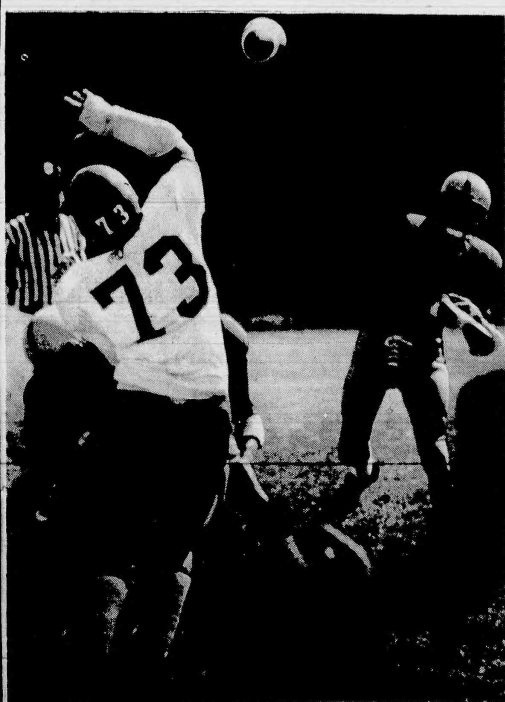

PRE-GAME TOSS took place at midfield between the captains and officials. Belleville tri-captains included Mark Cervasio (44), Robert Luongo (50) and Allan Frank (20).

BELLBOY DEFENSE stops West Essex runner Bob Brindise (32) after a two-yard blast up the middle on a second down and nine yards to go play. Bellboy defenders John Ciallella (61); Brian Banda (17), and

Robert Luongo (50) move in to stop this play. The local club limited the Knights to only 62 yards rushing on the play.

WINGING A PASS on this first quarter play is Bellboy quarterback Bill Telesco (11), who completed this aerial to Joe

Troise for a seven yard gain early in the game. Telesco completed two of six passes for 19 yards.

And then, throughout November even more activities will be announced.

cluding Open Gym Programs, Boys Wrestling, Archery, Basketball Leagues for boys and girls, Mens Gym Nite, Archery and more.

Beck's Column

Some time ago we wrote that we do not take black and white TV sets in trade any more, because there is no market for them. Most of these sets are quite old. With the exception of the picture tube which is which is much less expensive for a b/w TV than for a color set, repairs on b/w sets cost almost as much as for color TV. One can buy a brand new portable b/w TV set for about \$100, and it has the advantage of not being so large and bulky as the old set and can be carried around easily.

It should be mentioned that it is a common misconception though that portable TV sets cost less to repair. This is incorrect. As a rule the only saving is for transportation to the shop and back to the home. Most people bring them in and take them out instead of having us pick them up and deliver them. Portable sets are sold with the understanding that they have to be brought to the shop for a free repair in case of failure during the duration of the guarantee. The margin of profit on portable sets is so small that free home calls can't be made. So if you call your repairman for a repair of a portable TV, you might as well be prepared to pay him for a home call, a charge which you would save if you would bring the set to the shop.

We service what we sell.

# Blue and Gold Boys Drop Heartbreaker, 8-7

The Belleville varsity dropped a heartbreaker in their opening varsity contest last Saturday afternoon when West Essex High School squeezed by the Blue and Gold, 8-7.

Although the Bellboys gained the lead 7-0 in the third quarter of the tough defensive struggle, the Knights of West Essex capitalized on a Belleville miscue in the fourth stanza to edge out a win. With the score 8-6 the Knights gambled on a two-point conversion and the risk paid off in dividends when Jim Bray barreled off the right side of the line for the two-point score.

As predicted, the game was a defensive struggle from the outset as both teams stymied offensive threats. West Essex was tough to run against all day Saturday as the Bellboys' only score came on an 18-yard scoring strike from quarterback Joe Cancelliere to halfback Joe Troise. The Blue and Gold defense, however, also played tough and held back repeated drives by the Knights' offensive charge.

Belleville's only score, coming in the third quarter, was sparked by a long punt return by halfback Troise from the 40 to the 20-yard line. Clutch runs by halfback Phil Cuzzi and Joe Ross set up the Giants' offense.

The New York Giants, always big guys to a legion of little fellows, may develop a new generation of hero worshipers this year with a series of free Saturday morning workout parties that will feature key players in demonstrations of their particular football skills.

The five shows will be at Yankee Stadium on Saturday mornings at 10 a.m., and will begin with Coach Alex Webster's final light workout in preparation for a home game on the following day.

After the workout, veteran sports broadcaster Frank Messer will conduct an instructional session with three players, who also will answer questions from the fans.

The parties are being held in cooperation with Getty Oil Company, broadcast sponsors of Giant football over radio station WNEW and the team's extensive network. It will mark the third season of the alliance with Getty's Sports Bureau, which also will provide free souvenir packs of action pictures. Each week, on a first-come, first-served basis, there will be a distribution of the packs containing six different Giant players. A new pack will be provided at each of the Saturday shows.

For the first time, the sponsors of the parties will tie-in with the Catholic Youth Organization and Pop Warner Football Leagues throughout the New York metropolitan area and groups will be invited to attend together with appropriate adult supervision.

Belleville score. With first down and goal to go quarterback Joe Cancelliere was sacked for a three-yard loss. Both second and third down saw unsuccessful pass plays but on fourth down and goal to go Cancelliere finally teamed up with Troise in the endzone. Cancelliere rolled right and threw to the same side as Troise.

Troise, rated the offensive star of the game for Belleville, also made a successful conversion on the extra-point attempt by splitting the uprights.

The West Essex tally was set up by a Belleville mistake when the Blue and Gold fumbled on the 17-yard line and the Knights' Tom Macken fell on the loose ball.

Halfback Jim Bray then took over for the home team and carried the team five successive times before reaching paydirt. Bray also hit off the line for the two-point conversion and the margin of victory.

The Knights tough veteran defense forced Belleville into three interceptions and a critical fumble. Because of the tough defensive line Belleville ended up with no plus yardage on their ground attack but the local team did manage to chalk up yardage with its passing game.

Although the Bellboys gained the lead 7-0 in the third quarter of the tough defensive struggle, the Knights of West Essex capitalized on a Belleville miscue in the fourth stanza to edge out a win. With the score 8-6 the Knights gambled on a two-point conversion and the risk paid off in dividends when Jim Bray barreled off the right side of the line for the two-point score.

As predicted, the game was a defensive struggle from the outset as both teams stymied offensive threats. West Essex was tough to run against all day Saturday as the Bellboys' only score came on an 18-yard scoring strike from quarterback Joe Cancelliere to halfback Joe Troise. ## Belleville Distance Runners Drop First Two Meets Of '72 Season

The Belleville varsity cross-country team dropped its first two meets of the 1972 season last week. The local harriers lost to a steady performing Orange team and then were defeated by a very powerful Columbia squad. Both meets

were held at Belleville Park. The Bellboys were beaten in their opener, last week, by a slim 22-33 margin.

The distance runners raced Barringer High School on Tuesday at Belleville Park and then travel to Mountain High School today. The club is back home tomorrow to face an improved Montclair team. Coach Ray Haneke reports that the team has good chances of winning two of the three next meets, which would bring them closer to the coveted 500 mark.

Benjamin Bennett of O.H.S. placed first with an excellent 13:34 time in the Belleville season opener. The Bellboy harriers' Bill "Goody" Goodwin crossed the finish line first for the local team. Goodwin came in at third place. His time was a good 14:11.

Goodwin was doubtful before the meet, complaining of soreness in his left heel, but he still ran well. Promising sophomore Walter Suibis placed sixth with a 14:59 clocking while captain Rocco Cuozzo, Peter Fitzpatrick and Mike Fortino finished seventh, eighth and ninth respectively.

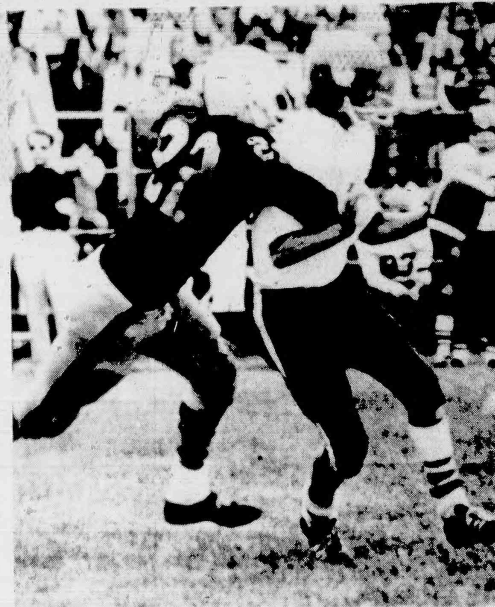

Sophomores Brian Wood and Ron Lamoureux finished 12th and 13th, while junior performers Steve Dyla, Wayne Kellenbence and Dan DeSantis placed 15th, 17th and 21st to round out the field of 24 runners.

Last Friday's meet against potent Columbia, one of the best teams in the Big Ten Conference and a top Essex County contender, defeated the Bellboys without any trouble by a 15-50 shutout score. Columbia took the first twelve spots, until Bill Goodwin came in 13th with a 13:40 time.

Peter Davis of Columbia ran a fantastic 11:34 for the two and one-half mile course. Davis is rated one of the top runners in the Big Ten. Belleville's Fitzpatrick, who placed 19th, still ran well, with a 14:16 time, while soph's Suibis and Fortino followed in 21st and 22nd. Other finishers for the Bellboys were Cuozzo, Kellenbence and Syla. Brian Wood and DeSantis placed 27th and 28th.

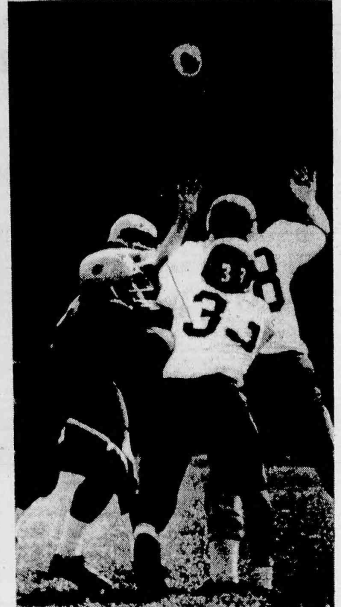

The day before the Columbia race Belleville coach Ray Haneke reportedly measured the course to be 2.7 miles. An official cross-country race is 2.5 miles so Haneke shortened the course by starting the meet with a three-tenths lap instead of a half-mile start.

The Belleville harriers' attack was weakened somewhat when strong running junior, Steve Budrick, was sidelined with a pulled ligament in his left leg. Budrick, however, is expected to be back in action this week.

QUICK REACTIONS of defensive stand-out performer Steve Senatore (22) are apparent here as he is already in the West

Essex backfield and on top of the quarterback before the pitch-out is even made. Bellboys dropped tilt, 8-7.

UP AND OVER the top goes Bellboy quarterback Bill Telesco as fullback Phil Cuzzi (30) provides the blocking. Telesco completed two aeriels before sustaining injury in first quarter.

## 1 New Improved Regular Checking

Simple as 1-2-3. Works like this. No service charge if you maintain a low monthly balance of \$300 or more. If your balance drops below \$300 but stays above \$200, you pay a monthly service charge of \$1. If your balance drops below \$200 but remains above \$100, the service charge becomes \$2. If your balance drops below \$100, your service charge for that month is \$3. There's no charge for the number of checks you draw—write as many as you like.

## 2 Executive Checking

No service charge. All you do is maintain an average collected monthly balance of \$800 or more. Question: If your balance drops below \$800 ... even as low as, say, \$50 ... but the average is \$800 or above, do you pay a service charge? You do not. And should your average balance fall below \$800 in a given month, only a modest service fee is charged. Executive checking is particularly useful for people who are paid by the month.

## 3 Special Checking

Especially advantageous if you write only a few checks each month. No minimum balance required. A monthly service charge of 75¢ ... plus 10¢ a check. Tiny price for a ton of convenience.

Whether you choose new improved Regular Checking, Executive Checking or Special Checking, your monthly statement will keep you up to date on your finances.
