

OFFICIAL FLAG of Belleville is unveiled by Sen. George McGovern, Democratic candidate for the presidency, as he receives help from Commissioner Mary Senator, who

also doubles as Town Democratic Leader. McGovern was in town Friday for a rally of Essex Democratic hopefuls.

## McGovern Woos Voters With Visit To Fountain

Under one of the heaviest security operations in Belleville's history, Democratic presidential hopeful Sen. George S. McGovern came to the Fountain Restaurant to woo the Italian-American vote at a luncheon in his honor.

With 500 supporters and nearly a 100 members of the press jamming the restaurant, the atmosphere was hot and smoky, belittling the stretch run to a presidential election, as guests waited for the arrival of the Senator.

But despite the confusion, there were clear signs the affair was closely policed by a host of local, state and federal lawmen, including the entire Belleville Detective Department and 20 patrolmen and officers.

Secret Servicemen and State Security officials, stern-faced and hawk-eyed, examined every package and camera that was brought into the affair.

The affair was sponsored by Essex County Italian Americans for McGovern.

Food, humor was all-Italian, down to the patches with Italian and American flags worn on men's lapels.

Crowded near the rostrum was nearly 100 members of the press, including television crews and a documentary film

crew from Italy.

McGovern showed up late in his black limousine and was quickly hustled into the main room, where he took him five minutes to work his way to the rostrum through well-wishers.

Reached after adjournment, McGovern said he was only "doing his job" as board head in placing the amendment before the commission. "We spent \$25,000 in getting this study together, and I'm not going to let that go to waste," he said.

Commissioner Senator, however, says he remembers a promise by the Mayor before Tuesday's vote that the report on density requirements would be examined prior to introduction. This promise, she claims, has not been carried out.

Proposed Cuts in Bus Service on Routes 28, 112

All Weekend Newark Runs Are Affected

By Phil White

Despite objections of town officials and residents, one couldn't help but leave last week's PUC hearing on Nutley-Belleville-Newark bus service with the feeling that it's only a matter of time before Transport of New Jersey is granted its wish to eliminate Sunday service on the 112, and Saturday runs on the 28 route.

Both Nutley Mayor Carmen Orechio and Belleville Mayor Joseph McGreevy addressed the PUC hearing staged in Belleville Town Hall Thursday night. But the overall hearing itself gave the impression of being so orchestrated that if ever a public meeting could be called a waste of time, this was it.

With several hearings already held around the state, the PUC staff and the Public Transport representatives

## Senator: "Iron Things Out"

## Housing Plan Hits Snag At Belleville Commission

by CRIS FARLEY

Claiming "insufficient study" by Belleville Board of Commissioners and the town Planning Board, Commissioner Mary V. Senator Tuesday night blocked a new attempt by Mayor Joseph McGreevy to limit further building construction in Belleville.

The latest amendment is designed to cut building density and provide less housing per acre in town, which, according to McGreevy would "serve to add greenery, stabilize the increasing number of housing facilities going up, and in general beautify Belleville." It comes on the heels of an ordinance also sponsored by the Mayor which calls for a two-year moratorium on construction of garden apartments, and

which has been tabled by the commissioners.

Actually, according to Commissioner Senator, the idea of a density redistribution is not undesirable, but rather the way plans for the new ordinance have been handled.

"I cannot approve this ordinance until a master plan has been drawn up by the Board of Commissioners and the Planning Board together," the commissioner said after Tuesday's meeting. "In my five years here we're not off the ground yet on this plan, and we're not going to get off the ground until we can sit down and iron out many differences in the ordinance as I see it here." She also strongly favored a schedule of open hearings held throughout the town for the benefit of those unable to get to Board headquarters because "this ordinance will affect 40,000 people."

The main snag, therefore, lies not in an incompetent amendment but in insufficient discussion prior to possible adoption. And once McGreevy agreed to hold meetings before the public hearing, tonight's first reading vote went across the board unanimously.

Reached after adjournment, McGreevy said he was only "doing his job" as board head in placing the amendment before the commission. "We spent \$25,000 in getting this study together, and I'm not going to let that go to waste," he said.

Commissioner Senator, however, says he remembers a promise by the Mayor before Tuesday's vote that the report on density requirements would be examined prior to introduction. This promise, she claims, has not been carried out.

Christmas packages for servicemen in Vietnam must be mailed before November 5, to insure their delivery before the holidays, Newark Postmaster Joseph J. Benucci warned. This includes troops in other parts of the world as well as their families and authorized U.S. citizens employed overseas.

Senator likes this version better than the Moratorium, she quickly points out what she terms "a few discrepancies." For example, if the amendment in its present form goes through, no more apartments will be built in areas zoned for industry. What that would mean is that in the valley there would be no

more apartments, only one and two-family homes and the female commissioner sees that as an indication only that "We're heading toward a higher tax rate because houses mean more children at \$836.00 for each one. In any case," said the commissioner, "in all fairness to the people of Belleville, we have to iron this thing out."

## After 1st Win

## Bellboys Face Orange Next

After an impressive victory over a tough Irvington eleven last Saturday, the Bellboy varsity gridgers are looking to make it two straight wins when they travel to Orange High School to battle the undefeated Tornadoes. Game time is 1:30 p.m. Saturday.

Orange is rated the third best squad in Essex County by several grid polls and the Bellboy defense, one of the stingiest units in the area, will get its toughest test of the Fall season. Although Belleville is rated a definite underdog for the Saturday encounter, Bellboy head coach Rocco Cafone believes his team can upset the Tornadoes.

"If we duplicate the effort we put forth against Irvington we can beat Orange," he predicted. "Orange has an even balance of running and passing so we will have to stop both aspects of their game. They also have a stable defense, and it will be up to us to score points."

The Bellboy offense finally got untracked the past couple of weeks after suffering a

scoring drought the first three games and coach Cafone is confident his unit can put points on the board. Last Saturday against Irvington though, was the first time the Bellboy defense and offense got coordinated as the Blue and Gold defenders shut out the Campers while the offense

## Montgomery Celebrates Its 50th Anniversary

Montgomery Presbyterian Church last week celebrated its 50th anniversary with a dinner Saturday and special services on Sunday. Honored at the dinner program were several past ministers and charter members.

Located at 638 Mill Street, the Presbyterian Church in October of 1922 granted the then Montgomery Chapel the

full status of an independent church. Prior to that time, it had been a chapel to the Westminster Church of Bloomfield.

Highlight of the anniversary was a Celebration Service with messages delivered by the former pastors as well as the present pastor, Howard B. Day Jr.

## Revolutionary Past Viewed At Reformed Church Here

By Allan Crisp

This area's oldest church, Belleville Reformed, celebrates its 275th anniversary this month and our Town Historian, Allan Crisp, takes us back to when the church served our country during the dark days of the Revolutionary War.—Ed.)

It is quite proper and fitting that Belleville salute the Belleville Reformed Church upon its 275th anniversary. During the Revolutionary War, the British occupied New York City for seven years with 30,000 troops and daily foraging expeditions took place in this area. In fact, more skirmishes took place along the banks of the Passaic than any other place in the Colonies.

Fascinating legends persist, among them the story that General Washington in his disastrous retreat across New Jersey stopped in for a few moments of prayer when he passed through Belleville, then known as Second River. Also the fascinating legend, handed down from father to son, that a shaft was sunk in the basement of the church, making contact with a gallery of the Schuyler copper mine under the river and obtaining desperately needed copper to help finance the Revolution.

A story based on fact tells of the church serving as a rallying point for the embattled farmers who, when the bell in the steeple was rung, would drop their pitchforks and pick up their blunderbusses. In fact, Captain John Spear, on sentry duty in the steeple, killed a spy with one shot as the Loyalist waited for the ferry on the other side of the river.

Let us look around the cemetery, where 62 Revolutionary officers and men are buried.

Here lies Josiah Hornblower, pioneer engineer and distinguished colonial Congress, he brought the first steam

engine to America to pump water from the Schuyler copper mine. In later years, he supervised the building of the first steam engine in America in Belleville.

Colonel Robert Rutgers, buried in the Rutgers plot, was the Belleville for whom Rutgers College was named. In 1840, Queens College was in financial trouble. Colonel Rutgers gave them \$5,000, and to express their gratitude, they changed the name of the college to Rutgers.

Another plot holds the remains of the Cortlandt family, for whom the Van Cortlandt-Van Rensselaer Mansion was named when it was built in 1683, just 17 years after Newark was settled by Robert Treat.

The Belleville Powder Works, at Main and Mill Streets, was owned by the brother of Commodore Stephen Decatur, naval hero, and supplied considerable powder for the War of 1812. The plant was leveled when it blew up in 1814 and William Coventry and several other victims are buried here.

Robert Agnew Law, a descendant of the Hornblower and Stephens families, who was a Belleville young man who went around Cape Horn in a sailing vessel in 1849 to the gold fields of California. The exciting journey took five months, 18 days, and he recorded the details in a diary of which I have a copy. One of the oldest stones bears a skull and crossbones and is dated "November ye 14, 1746, Phebe Jones, aged 32 years, and four of her children by her side."

Tombstone inscriptions are weatherbeaten and difficult to decipher. Here are a few choice ones:

Joseph Miller, June, 1809: "Earth hidest rocks long time he did explore But now returned to dust, he is no more, A

Besides the lottery drawing, the other highlight of Homecoming Week in Belleville is the parade Saturday Nov. 4, from Town Hall to Municipal Stadium. Homecoming Week festivities will culminate with the playing of a football game with Belleville High School pitted against powerful Seton Hall.

Another feature of Homecoming Week, sponsored by the Kiwanis Club, is the crowning of a Homecoming Queen. The Key Club at Belleville High School chose the queen and she will be crowned at ceremonies tomorrow night.

Rebeckah Kirker and two month old son, 1800: "Let friends no more our falterings mourn. Nor view our relics with concern. O cease to drop the pining tear. We've passed beyond the reach of fear."

Mary Hamilton, a 14 year old girl, 1827: "Afflictions sore long time she bore. Physicians were in vain, Till God did please to give her ease, And free her

Margaret Spear, December 1831: "Forgive, blest shad the tributary tear, That mourns thy exit from a world like this. Forgive the wish that would have kept you here, And stayed thy progress to the seat of bliss."

Last, but not least, a touching tribute to four very young children lost during a period of eight years: The stone is in the shape of a waist high brownstone lectern holding an open bible. The inscription reads: In Memory of our Babies (with engraved roscheads) MARGARET, daughter of Theodore and Margaret Sandford died Feb. 23, 1851, aged five months, six days; ROSEWELL VAN RIPER, died April 12 1854, aged one year, two days; HENRY, died March 17, 1856, aged one year, two months, 7 days; WILLIAM VAN RIPER, died March 7, 1859, aged 1 year, 9 months, 7 days.

## November, 1972

The Wind From The North  
Is Strong and Proud,  
And pounds on my door  
In a fashion loud

-Anne Lawler

November was formerly the ninth month in the old Roman calendar and when Pope Gregory revised the calendar it became the eleventh, though its name derives from the Latin word for nine. In American history it is also known as the month in which five Presidents were born. James K. Polk, 11th President, was born on the 2nd in 1795, in Mecklenburg County, N.C., but grew up in Tennessee, which he represented in Congress and as Governor. He was the first "dark horse" ever to be nominated in a Democratic Party convention, at Baltimore in 1844 while Martin Van Buren was denied the nomination by adoption of the two-thirds nominating rule (which was used until '96 when supporters of Franklin Roosevelt discarded it).

Warren G. Harding, 29th President, was also born on the 2nd, at a farm in Morrow County, Ohio, in 1865 the year the Civil War had ended. Harding was a dark horse selection at the 1920 Republican convention, after having served in the Senate and as Governor of Ohio. James Abram Garfield, 20th President was born in Cuyahoga County, Ohio, on the 19th in 1831, descended from Massachusetts ancestors. He was elected President as a Republican

in 1880, and was assassinated in 1881.

Franklin Pierce (pronounced purse), 14th U.S. President, was born on the 23rd in 1804 at Hillsborough, N.H., and served his state in various capacities, resigning a U.S. Senate seat because the pay was insufficient. He was nominated and elected as a Democrat in 1852. He attempted to annex Cuba, tried to pacify North and South, but was not renominated by his party. He became very critical of Lincoln during the Civil War. Zachary Taylor, 12th U.S. President, was born in Orange County, Virginia on the 24th in 1784, preceded Pierce as President. He was a military hero in the Mexican war, son of a Revolutionary War officer of Virginia, grew up in Louisville, Kentucky (then Virginia), and won a great victory over the Seminole Indians in Florida, dying in office in 1850.

November also contains Thanksgiving Day, this year on the 23rd. And it is always election month in the United States.

The first American Catholic bishop, of the famous Carroll family in Maryland, was appointed November 6th (or 14th) in 1789.

U.S. troops landed in North Africa in World War II on November 7th, 1942. Congress met for the first time in Washington, D.C., on the 17th in 1800. Mark Twain (Samuel Clemens) was born at Florida, Missouri, on the 30th in 1835.

## Using The Milkman

A new idea with potential is utilization of milkmen for delivery of magazines. Publishers hurt badly in recent years by postal increases have initiated a pilot project in Providence, Rhode Island, to test how this system will work.

In Florida some companies are already employing local residents to deliver products, rather than the U.S. Postal Service. Like magazine publishers, these firms are unhappy with postal service or rates, or both.

There is, of course, no reason why milkmen cannot easily and cheaply deliver more products than most currently do. A

customer requiring delivery of milk, for example, can utilize a truck's trip for delivery of other regularly-needed foods or products.

Some years back fresh bread was widely delivered daily. There's no reason this much-missed service couldn't be reinstated by milkmen for those not satisfied with bread filled with chemicals to make it feel fresh.

Magazines, breads, and many other products thus might soon be available from the local milkman, a logical and gratifying development which should help both suppliers and customers.

## 4-Day Weeks

Dr. George Melcher, president of a non-profit firm in New York, says a four-day work week begun at his firm as a three-month experiment is a success.

Melcher says employees working nine

hour days with less time for lunch have made fewer mistakes, missed fewer work days and exhibited improved morale. (Some employees are working even longer shifts.)

## Seems Only Yesterday

# Police Arrest Two Men In Local Post Office Heist

By Elaine Auerbach

ONE YEAR AGO

Belleville Commissioners tabled an ordinance that would have allowed pool halls to remain open until 2 a.m. Residents of the Washington and Overlook Avenue area complained to the Commission that the passing of the ordinance would only "worsen the unbearable condition there." The group pointed to the Guys and Dolls Billiard Parlor, 524 Washington Avenue, as a major problem in the neighborhood.

The Knights of Columbus Hall in Belleville had to be cleared for almost one-half hour due to a terrible odor in the building. An unknown person reportedly threw a "stink bomb" during an affair held for Thomas Farley, Republican candidate for Essex County Surrogate. Over 250 persons had attended the rally. The police were unable to apprehend the individual responsible for throwing the bomb.

Stacy Yaskell was to terminate her 48 year career in the teaching profession at the end of October. Of this total, 42 years had been spent at School No. 4 and School No. 8. A farewell dinner was to be held in her honor at The Galaxy on October 29.

FIVE YEARS AGO

Two armed men were arrested for allegedly breaking into the Belleville Post Office. The Belleville Police had received an anonymous phone call informing them that a peculiar light had been seen in the post office. Five police officers were sent to the scene and they found that a side-door had been jimmied. The officers surrounded the building and ordered the men to come out. The men attempted to escape but were apprehended by the police.

The Belleville Commissioner awarded a \$93,000 contract to the Realty Appraisal Company of West New York for the re-evaluation of properties in the town. Of four bids entered, only two were considered, the other being for \$94,000. Belleville had been ordered by the Superior Court to re-evaluate its properties by October 1, 1968.

Sebastian "Shibby" Sica was the recipient of the Alumni Association Football Scholarship for outstanding achievement at Upsala College in East Orange. The award was presented to Mr. Sica by Wendell T. Breithaupt, president of the Upsala College Alumni Association. Sica was the son of Mr. and Mrs. Anthony Sica of 72 Naples Avenue in Belleville.

TEN YEARS AGO

An ordinance banning the distribution of pornographic material and regulating the door-to-door distribution of handbills was adopted by a vote of 3 to 2 by the Town Council. Councilmen James R. Golden and Thomas Greco argued vigorously against the measure, and dissenting voices were

heard from a few of the fifty or so citizens who were present at the meeting which ended at 1 in the morning.

The Board of Education voted 6-1 to go ahead with plans for construction of the \$2,730,000 high school despite the vehement protests of Mrs. Norma McCool, the board member who voted no, and several members of the Citizen's Tax Council. Mrs. McCool and George Brown engaged in a heated exchange over the question of going ahead with the school. Mr. Brown read a nine-page statement endorsing the plans for the school and urging the Board "not to let this venerable of concern on the part of a few self-seeking politicians scuttle and degrade the Belleville school system."

FIFTEEN YEARS AGO

Explorer Scout William P. Fisher, son of Mr. and Mrs. William Fisher of 73 Bridge Street, and a member of Post 30, sponsored by Wesley Methodist Church, qualified for the rank of Eagle Scout. Scott R. Bartholomew, son of Mr. and Mrs. Robert Bartholomew of 12 Duncan Place, Nuley, and a member of Troop 388, sponsored by Christ Episcopal Church, met the requirements for the God and Country Award.

More than 400 friends of Commissioner Kenneth D. Smith crowded the Franklin Casino to attend the birthday party arranged for the Commissioner by the members of the Kenneth D. Smith Association. Vincent Strumulo, president of the Association, presided and Thomas McLaughlin, Town Purchasing Agent, was toastmaster. The principal speaker was State Senator Donal C. Fox, who praised the humanitarian traits always shown by Commissioner Smith.

The 109th A.A. Battalion, New Jersey National Guard, located at Branch Brook Park, was to be disbanded. The personnel at the installation had been informed of their orders in early October and steps were being taken to dispose of the unit's equipment. The battalion had been at the Belleville Avenue location since 1956.

FORTY YEARS AGO

A conference with Mayor Samuel Kentworth, Commissioner William A. Williams, Arthur James, deputy commissioner of Essex County Relief, and Robert Negrib, recreation director, was held at the Town Hall for the purpose of discussing the advisability of starting a recreation center and central distribution point for state relief in Belleville.

The high school PTA held the first meeting of the season. A musical program was presented by the high school band and a string quintet consisting of first violin, Alma Taggart; second violin, Helen Kelsall; violin, Mary Harris; cello, Marion Miller, and bass viol Rayna Mayratt.

## Golden Comments

(Continued from Page 1)

Let's all be good citizens. Let's vote on election day Nov. 7th, and may the best men and women win.

The Passaic Herald-News moving into Essex County News coverage has opened a new avenue of news exposure of political shenanigans, including Belleville. Its latest reporting of land transactions affecting property on Washington Ave., in the vicinity of the newly constructed motel now involved in the controversy over the granting of a liquor license which is strongly opposed by local licensees has raised questions as to what use this property may be utilized by owners who have recently acquired vested rights in the land.

The Herald-News intimates two local attorneys have acquired possession of the property, which, if true, may be sold. Could it be to the nearby Motel which would enable them to construct the necessary over 100 sleeping units required by state law to qualify a Motel or hotel for a liquor license that would supercede local liquor regulations, banning such permits under certain footage of another liquor license?

With the mounting opposition to the issuance of a liquor license to the motel by the local liquor licensees, many may protest attitude of the land owners, should they sell for profit, with wanton disregard to public sentiment. Many share the opinion that local public officials and bar members should be responsive to the prevailing view of the residents of our local residents above and beyond profit motives.

Rapid growth of government labor unions seems to be the order of the day. Public employees are now in politics to stay, and their activism will speed up the growth of government labor unions.

Already 11 different unions organizing public employees, including, besides teachers, such groups as postal, transport and hospital workers, plus mailmen, policemen, firemen, sanitation men, clerks, defense workers and so on. Put together they get 14.4 million government employees.

Existing already there are 11 different unions organizing public employees. Most of the Country's 2.3 million teachers belong to the National Education Association (1.1 million members) or (300,000) of the American Federation of Teachers group.

The effective organization of the other public employees, though, still in the early stages, could, ultimately rival in size the AFL-CIO. A conservative leadership has held back the growth of the movement, especially among the teacher groups.

Times, however, are changing. Constitutions are being changed to eliminate "no-strike" rules. The old labor laws are likewise being challenged by the lively rallies of the American Federation of State, County and Municipal Employees group, one of the first AFL-CIO unions to become active in the field.

The teachers have become tigers because Nixon vetoed three educational bills. They think he had "callously disregarded" their whole field of interest, with the chief complaint of other employees.

The public employees gripe is summarized in this language: "This administration has already put the federal work force through the wringer of reductions in force, downgrading, assaults on the merit system, nonfilling of vacancies and a steady drumfire of snide smear attacks on federal workers."

Joseph Gleason, Vice-President of the American Federation of Government Employees, said, "Our people have been reduced to economic serfdom by King Richard." They still can vote, however, he stressed.

What's the complete story about possible town and school Board sharing computer time on any new computer equipment that may be purchased? Are all members of both town bodies apprized of all the facts of such a purchase should it come about?

Venerable octogenarian Joe Guliana of 69 Linden Ave., narrowly escaped serious injury while walking on sidewalk along Linden Ave., as a large decayed limb fell from one of the town's shade trees. A parked car sustained minor damage, while Mr. Guliana, although, unharmed was "shaken-up" and nervous from the scare.

Police having been called, apparently notified town shade tree dept. which got quick response, because they came up next day to trim the faulty tree. All of which contain my comments about the neglect and lack of proper care being given the town's shade trees. How about it Mary? Let's forget politics for a spell and see to it our trees receive the proper care.

Reliable reports have that public safety lads, our police and firemen, are bidding for a pay increase of \$1,500.00 spread over a period of two years. This was no doubt brought about largely by those fancy salaries which superlative Board of Education personnel.

The boys in blue aren't too pleased with their Director's detached aloofness and may petition the entire Board of Commissioners for an audience to discuss their concerns.

Seems the present Public Safety Director has too little time to spare from his busy drug store to even meet with the rank and file of his department's men. This is so unlike the warm personal contacts shared between the men and Safety directors like Mayor Smith, Comm. Harry Sullivan and Lou Noll, before him.

Getting this copy out has been difficult. What with all those... of the World Series play, especially, with the night games and the awakening to a 3:30 A.M. alarm. It's tough.

The Bugging

The much-publicized bugging by a group interested in President Nixon's reelection of Democratic Party offices in Washington, is being sensationalized by the New York Times and Washington Post as the scandal of scandals.

There's no question that anti-Democrats went too far; they have been properly indicted, not protected, and the law will take its course. But bugging, while wrong, is no worse than stealing secret government documents, which papers encourage by printing them.

Thus the holier-than-thou campaign of these two anti-Nixon giants lose some of its credibility, when one views the full picture.

News organizations which exploit dubious practices are not convincing when they serve upon such an event among their opponents to build a major campaign against them.

## Here's Some Predictions On Essex Election Returns

County Democrat ticket could win by a 1,000 or 2,000 vote majority.

Despite the fact that Newark is an overwhelming Democrat city, most of the community's professional politicians expect the Democrat candidates majority to be held down to a figure somewhere between 10,000 and 15,000 votes. This result will be a moral victory for the Republicans and should ensure the election of the Republican ticket in Essex County. Newark voting results will determine how the County goes.

Congressman Peter W. Rodino, Jr. is going to win re-election by one of the biggest majorities he has polled in the 24 years Peter has served in the Congress. Campaign after campaign outstanding Republicans have attempted to wrest the Congressional seat away from Rodino - and even during the great Eisenhower election years the Republican Party was unable to dislodge Rodino. There is nothing appearing on the horizon today that could affect Rodino's reelection. Republican Kenneth Miller is waging a vigorous campaign against Rodino but redistricting made the new 10th Congressional District a black vote district where some precincts return 105 votes for the Democrats and no votes for the Republicans. Against this history of voting results Miller simply has no chance despite his earnest efforts and clean campaigning.

DELTA TOOK OVER Northeast airlines a few months ago. Sunday night I took Delta Flight 288 from Fort Lauderdale to Newark and we couldn't get off the ground in Fort Lauderdale because of a defective switch. After about a two hour delay we boarded an aircraft which was flown up from Miami. On board with its unlimited bag of tricks was Kearny Observer co-

publisher Ted Wales who made the delay time seem like nothing at all. Helping us pass the time were four of the most gracious stewardesses with whom I have had the pleasure to fly. A freckled-faced Irish colleen senior stewardess Kathleen Keenley was in charge of the passenger cabin crew of stews made up of Angi Jordan, Cheryl Doss and Clara Holmes.

The girls were on duty since 4:00 p.m. At 2:00 in the morning the girls were still going strong, and incidentally while they were grounded for two hours they received no extra pay. The crew receives pay only when the motors are running.

In the hundreds of thousands of miles of air travel that I have logged during the past seven years I have commuted between Fort Lauderdale and Nutley, I have never seen such a hard working senior stewardess as Kathleen Keenley. As the boss of the crew Kathleen could have called on any one or all of the girls to assist with serving the first-class passenger section of the plane. Would you believe that this redhead handled the first class section all alone serving drinks, food and pillows. Whatever airlines do to express special appreciation to their employees for service beyond the call of duty, Delta should do for Kathleen Keenley.

Anytime she wants to leave Delta there is a job open for her at the Sunbank Newspapers. Not too far behind in performance was brunette Angi Jordan, a suave Bostonian, and Clara Holmes, a petite, curly-haired blonde. The second blonde stewardess, Cheryl Doss, is a rookie with only three months service but despite her lack of experience her heart was in her work. All in all it was a great crew and the boys up front on the flight deck also were superb.

wants. Minish, a former labor leader, is an out and out Democrat and while campaigning for himself has endorsed Senator George McGovern for the Presidency over Nixon. The Waldor people are trying to show that a vote for Minish is a vote for McGovern. Minish supporters avoid the McGovern talk and are hammering away at Waldor's record in the New Jersey Senate.

County Supervisor Walter C. Blasi, who holds a post sometimes known as Mayor of Essex County, is in a hot contest with Democrat Freeholder Philip C. Rotondo. Blasi should emerge the winner.

There are three Freeholder vacancies. A Nutley Democrat, Sam Angelo, appointed to a vacancy 10 days ago is one of the three Democrats trying to capture these Freeholder seats which were filled by Republicans at the election three years ago. Former Newark Councilman Mario Farco, Bloomfield Councilman John Crecco and Glen Ridge's Helene Kaplan are trying to retain the three seats for the Republican Party. If Blasi, Farco, Kaplan and Crecco are defeated, total control of the Board of Freeholders, except for Republican Freeholder Gerardo Del Tufo, will pass into the hands of the Democrats. If this happens it will take at least three years before Republicans can win back the court house. It is for this reason the County election is so crucial to the Republican Party.

Nutley should carry Nixon and the Republican ticket by a 3,000 to 5,000 majority. Belleville also should go Republican although in that community it is possible the

ELECTION DAYS less than two weeks away. At this writing Richard M. Nixon is expected to be re-elected to the Presidency with the kind of plurality that Lyndon B. Johnson shellacked Barry Goldwater back in 1964. The concern of the Nixon campaign managers is the possible failure of Nixon voters to visit the polls and vote on Election Day.

U.S. Senator Clifford P. Case should have an easy time winning re-election. Don't be surprised if Cliff Case beats his opponent by a million votes.

In the hotly-contested Congressional campaign which pits Congressman Joseph P. Minish against former State Senator Milton A. Waldor, the professional politicians see Minish as the winner. Folks close to the Waldor campaign say that Waldor is going to be the District's new Congressman. Before Congressional redistricting, Nutley, Belleville and half of Newark were represented by Congressman Peter W. Rodino, Jr. This was in the days when Nutley and Belleville was part of the 10th Congressional District. For the first time these two communities are part of the new 11th Congressional District. Both Minish and Waldor have good public records. Both Minish and Waldor are men of integrity, excellent character and proven ability in the public arena.

Government philosophy and voting records are the two things that divide the candidates. Waldor, a lawyer, is a Republican who believes in and supports President Nixon's domestic and international policies, although Waldor does not buy everything that Nixon

174 BLOOMFIELD AVENUE  
NEWARK, N. J.

The marriage of Miss Eileen Theresa Joscak, daughter of Mr. and Mrs. Ralston F. Joscak of Bloomfield, formerly of Belleville to Ronald Bruce Eckert, son of Mr. and Mrs. Eli C. Eckert of Clifton, took place October 21 at the Church of St. Philip the Apostle, Clifton.

The nuptial mass was celebrated by the Rev. Richard J. Messenlehner with a cocktail hour and reception following at The Manor, West Orange.

Escorted by her father, the bride wore a gown of tulle with a high neckline and long bishop sleeves trimmed in Venice lace. Her headpiece was of matching lace with a two-tier silk illusion veil and she carried a nosegay of white roses and baby's breath.

Mrs. Joseph A. Nucci of Bloomfield was her sister's matron of honor. Bridesmaids included Miss Maryann Nicoletta of Bloomfield, Miss Karen Mulder of Little Falls and Mrs. Michael Kaminski of Belleville.

They wore chiffon gowns with sand colored ruffled bodices and mocha skirts. The gowns featured high necklines, long bishop sleeves and waistlines trimmed with lace and turquoise ribbon. All carried baskets of dried flowers to match their gowns.

Thomas Dexheimer of Union City, cousin of the groom, served as best man. Ushering were Joseph Nucci of Bloomfield, Thomas Curran of Clifton and Alan Zenkert of East Paterson.

Mrs. Joscak chose a turquoise gown of silk and worsted with matching accessories. Her corsage was of white butterfly orchids. The groom's mother was in a shocking pink chiffon gown with matching accessories. Her corsage was of pink carnations.

After a wedding trip to Spain, the couple will make their home in Belleville.

## Miss Lago Bride Of T.A. D'Ambola

Wedding vows were exchanged October 22 in Sacred Heart Church, Vailsburg, by Miss Marilyn Lago, daughter of Mr. and Mrs. Joseph Lago of Newark and Thomas A. D'Ambola, son of Mr. and Mrs. Thomas E. D'Ambola of 75 Glass Avenue, Belleville.

The Rev. Walsh of St. Joseph's Parish, West New York, performed the ceremony. A reception was held at The Fountain, Belleville.

Escorted by her father, the bride wore a lace and satin gown with matching veil and carried a train. It featured lantern sleeves and an A-line skirt. A crown headpiece held her short veil.

Miss Sherry Scardilli of Somerdale was maid of honor. Bridesmaids included Mrs. Rosemary Nicoletti and Miss Denise D'Ambola of Belleville, sisters of the groom, Mrs. Pamela Nessler of Belleville, Mrs. Anne Norcia of Newark and Miss

Luana Vindici of Newark, Godchild of the bride. Junior bridesmaid was the groom's cousin, Miss Rosemarie D'Ambola of Newark.

The honor attendant's gown was fashioned with a brown lace bodice and brown cape skirt. A brown brimmed hat and basket of fall flowers completed her ensemble. The others were similarly attired in gold.

Robert Stauffer of Teaneck was best man. Ushers were Dr. Joseph Lago, brother of the bride, Anthony Norcia and James Cundari of Newark, Michael Megaro Jr. of Bloomfield and Joseph Zaino of Belleville, cousin of the groom. Junior usher was Sebastian Liggieri of Verona, Godchild of the groom.

Mrs. D'Ambola teaches 8th grade math and science in Toms River, while Mr. D'Ambola is the first patrolman on the Bricktown police force.

The couple are honeymooning at their newly acquired home in Bricktown.

## Mrs. Wisbeski And Her Otters Appearing Nov. 4 At Library

The splash splash you'll hear in the Children's Room of the Belleville Public Library next month will be real as two lively trained otters go through their paces.

The library is presenting "Mrs. Wisbeski and Her Otters" as its monthly special program for children on Saturday, November 4th at 10:30 a.m. and 12 noon.

Mrs. Dorothy Wisbeski, an author and librarian, has raised and trained otters for many years. Her delightful experiences in living with

these playful water-loving animals have been the basis for two popular books Okee Otters and Pico, a Pet Otter. Both of these books are presently available in the Children's Department of the library.

Admission to either performance - 10:30 a.m. or 12:00 noon - is free but by ticket only because of space limitations. Children may pick up free tickets at the library any time after Saturday, October 28th on a first come first served basis.

I'm a wee bit late, but don't want to miss wishing a most Happy Birthday — October 10th — to Cathy Loreto. Cathy is employed at Lardie's Pharmacy, corner of Overlook and Washington and she'll not only sell cosmetics, candies and vitamins...she dispenses a real nice smile and gracious manner.

Upcoming shined is the Chinese Auction planned by Congregation Ahavath Achim on Tuesday November 14th at 7:30 p.m. The Temple is at 125 Academy Street, tickets are \$1.50 and there are many prizes, white elephant sale as well as refreshments on the program.

Karen Sysol took time out from her studies at Mundelein Univ Chicago to pay a flying visit to mom and dad Mr. and Mrs. Jerry Sysol. She is an English and Journalism major. Lorraine Czarneski, who works as a biologist for the New York City Board of Health is suffering from a broken toe...get well soon, skin is coming up. I found out the above two tidbits by visiting my favorite shop — Overlook Market.

Here's a host of celebrants: Happy Anniversary wishes to Mr. and Mrs. Philip Lazaro of Stephens Street, Mr. and Mrs. Anthony DeCroce, Union Avenue and their parents, Mr. and Mrs. Philip DeCroce, Berkeley Avenue Newark...get well wishes to Mrs. Marlene Lazaro recuperating from surgery...she is the very active president of School #9 PTA. My sympathy to Carol Norz, whose father passed away this week.

Get well wishes to a hale and hearty fella' Neal Helfrich. He's Betty Doefinger's dad, and you can always spot him at American Legion 299 affairs...sorry to report he had a bad fall, fractured a vertebrae and was hospitalized...cards may be sent to his home at 440 Devon St. Get well soon.

Carmela Pull, that lovely lady of Mary Dell Fashions on the Avenue, wishes to thank all the who remembered her while she was hospitalized...It's business as usual with her assistant Catherine Horner and the gals have the latest in fashion and are planning quite a few Fashion Shows. The Kiwanis Club of Branch Brook Belleville has quite a few upcoming events...October 28th the annual Branch Brook Dance at the Hilltop...Division Inter Clu Club in December and Pand Past President's night in January 73 when Sig and Mary Swiderski will be honored. Speaking of this group, I was privileged to be their guest this week, honoring National Newspaper Week. The club meets at Parillo's and after a sumptuous dinner/feeding the

tatted calf) I spoke on "The Power of the Pen." Let's see if I can remember most of who were there: Len Condon, Curt Buttel, Tom Pirk, Randy Lardie, Phamson Jr., Sig Swiderski, Joe Gonnello, Rev. Raymond Hendershot, Joe Gonnello, Frank Pitt, Harold Camisa, Robert Ciocci, Frank Dela Fera, Stu Hutchison and Jack Weidlich. Miss anybody? Sorry about that, I was too busy eating. Mary Magallanes and Joseph Saportu were our hosts with Charles Posiak and Dennis Ryan behind the stick. Tony Fierro, owner of Parillo's has made quite a few changes in the restaurant and it is twice as enchanting as before. Seems to be getting the "in spot" to go, what with all the upcoming political do's scheduled there.

## Italian Folklore Group Oct. 28 At Holy Family

The Rosary Society of Holy Family Church, Nutley will sponsor an Italian folklore program on Saturday, October 28, at 7:45 p.m. in the Holy Family School Auditorium. The donation for the evening is \$1.00 for adults, \$0.50 for children. Tickets may be purchased from chairman, Mrs. Frank M. Garro at 667-8503 or at the door.

The Italian Folklore Group of Montclair, under the direction of its founder, Miss Rose Grieco, will present a program of folk music and dances representing many provinces of Italy, from Trentino in the north, to Catania in the south. Dressed in authentically-reproduced regional costumes, supervised by Sallie Black of Glen Ridge, the group performs to the accompaniment of accordion, guitar, mandolin and to rare percussion instruments. These include the tri-caballache Sorrento, the scetevajasse from Capri, tambour and quartara from Catania, and cian-ciane (peeled donkey-collared) from Palermo.

Most of the songs and dances in the repertoire were acquired by Miss Grieco during five trips to Italy, Sicily and Sardinia in contacts with individual folklorists, and provincial folklore groups sponsored by Ente Turismo.

## Couples Club Hears Address On Marriage

"Early Marriage Stress and Solutions" was the topic discussed by Mrs. Hazel Schuller at the Bethany Young Couples Club on Saturday, October 21. Hosts were Mr. and Mrs. Robert Deemer of Cedar Grove.

Mrs. Schuller, born in Duluth, Minnesota has worked at the League for Family Service, Bloomfield for four years. A member of the Academy of Certified Social Workers, she has a masters degree in social work from Indiana University and a Masters degree in reading and education from Montclair State College. She works with individuals and groups on marital counseling, parent-child relationships, mental illness and drug abuse.

REP. JOSEPH MINISH (left) chats with his campaign manager, Donald Fox of South Orange. Fox, an attorney and former State Senator, is serving Minish in this capacity for the third time.

## S. Orange Man Set As Top Minish Aide

Donald G. Fox, of South Orange, has been named campaign manager for Congressman Joseph G. Minish who is seeking reelection to the United States House of Representatives from the 11th Congressional District.

This will be the 3rd time that Fox, an attorney in Newark and former State Senator, will act in this capacity. In announcing the appointment, Congressman Minish stated, "I am honored that my good friend Donald Fox has consented to serve again as my campaign

manager. It is characteristic of his sense of public duty that he is willing to accept the personal and professional sacrifices that the post will demand in this crucial election year. His long and illustrious service to the Democratic Party and the State has won Senator Fox an enviable reputation throughout New Jersey. I am fortunate to have him associated with my candidacy and we pledge a hard-fighting, clean campaign based upon the issues."

Senator Fox stated: "I am eager to participate in the effort to return Joe Minish to

office. Residents of the old 11th District which Congressman Minish has served with distinction since 1963 are aware of his very real understanding and sympathy for the aspirations and anxieties of the average citizen. He has proved an extremely able, aggressive champion of the public interest and has initiated and fought for programs beneficial to urban dwellers. He combines legislative skill and seniority accruing from 20 years of dedicated service with the enthusiasm and energy that marked his first term. I am confident that the electorate in the new 11th District will return Congressman Minish to office by a resounding majority."

Senator Fox is a senior member of the law firm of Fox, Schackner, Neagle and Mastrangelo and counsel for the Village of South Orange. He is a former president of the Essex County Bar Association and has been active in numerous civic and humanitarian causes.

## Klimaski Urges Defeat for Bonds

"The Transportation Bond Issue must be defeated." So stated Jim Klimaski, People's Party candidate for Congress in the new 11th District. Klimaski was referring to the \$650 million transportation fund proposal to be voted on by the citizens of New Jersey this November 7.

"The real transportation problem of the people of this State, which are not now being solved by the New Jersey Department of Transportation, will continue to go unmet under the terms of this proposal," Klimaski asserted. "At a time when badly needed mass transportation services, already inadequate, are being curtailed still further, the main impact of this bond issue would be to add even more to the existing problems of crowded highways, congested urban traffic, and air pollution caused by automobiles, the largest single contributor to polluted air."

"While those citizens who cannot afford or are unable to operate automobiles are encountering increasing difficulties in travelling between their homes and places of work, shopping and entertainment areas, and other places they need to get to, this proposal, whose supporters claim would be such a great boon to public transportation, would in reality allot only \$240 million to mass transit, as opposed to the \$410 million it would provide for

highway construction." Klimaski further said that the funds earmarked in this proposal for highway construction would go to finance projects already under way and previously financed. "In considering this bond issue,"

### YOU WILL STOP SMOKING ON NOV. 25

If you join the JACQUELYN ROGERS SMOKEDER Seminars starting in your area... (or, of course, you may stop smoking without SMOKEDERS, if you'd rather).

The trick is: HOW YOU FEEL AFTER YOU STOP. If you want to stop without "limping the walk" and with a feeling of reward — and, best of all, WITH A SMILE — then come to find out about the JACQUELYN ROGERS SMOKEDER METHOD.

— and bring your cigarette! Remember, this is the method that requires you SMOKE AS MANY AS YOU LIKE while you learn how to break the habit in small, manageable segments. Step-by-step. (At risk of being totally unbelievable, we'd like to mention that SMOKEDERS is FUN, too. It's hard to imagine quitting being fun, isn't it?)

So come to a FREE Explanatory Meeting in your area. (No kidding FREE — no find out. Because we know YOU CAN'T PUSH A SMOKE into quitting... We don't push. But let us warn you! Most smokers who come to find out about the JACQUELYN ROGERS METHOD find it makes a lot of sense, and they can't wait to start!)

If you happen to miss the FREE Explanatory Meeting, come to a FREE Mini-Briefing before the Seminar Starts — and decide then. And it won't hurt a bit. We think smokers are great and treat them with fondness and respect. You see, we were all smokers ourselves who did it with SMOKEDERS. SO COME, but don't expect any of that Score business or Willpower stuff. And bring your friends. They may thank you for a lifetime...

## Democrats Vow To Rid Favoritism

A pledge to remove "political favoritism" from the Essex County Vocational School system and return to the "merit system" was made by Essex County Democratic candidates today.

The Democratic candidates include Philip C. Rotondo who is running for County Supervisor and three Democratic candidates for Freeholder, Donald M. Payne, incumbent Freeholder Samuel J. Angelo and Harry J. McEnroe. All of the Democratic candidates are businessmen.

"As members of the Essex County business community we have watched with alarm the continuing decay of the Essex County Vocational

## Waldor Claims Foe Misleads Public In A Last-Ditch Effort

Milton A. Waldor, Republican candidate for Congress in the 11th District, today issued a "warning to voters that my opponent is preparing a series of blatant appeals to religious and ethnic groups in the district in order to prevent his defeat."

Waldor said that his Democratic opponent, Rep. Joseph Minish, had "already issued a series of false statements through his subordinates at public meetings concerning my attendance and voting record in the New Jersey State Senate."

"These statements are a complete distortion of my legislative record, of which I am very proud," Waldor said. "On the basis of my opponent's demonstrated campaign tactics, we can expect a last-minute onslaught of grossly misleading material in the press and in the mail," Waldor said.

"I urge the voters of the 11th District to reject any crude, last-minute mailings

based on personal attacks rather than discussion of the issues," Waldor said.

"Let's stick to the issues," Waldor said. "What are Mr. Minish's views about the alarming proposals of the Democratic presidential candidate, Sen. McGovern? How does he stand on the McGovern giveaway approach to welfare, on the McGovern \$100 billion spending program, on the McGovern disarmament program that would weaken support of our allies in Europe and Israel?"

"How does Mr. Minish

explain his views on busing of school children to achieve racial quotas when he voted in Congress for strong busing measures?"

"These are the issues we should be discussing," Waldor said. "Instead, we get outrageous statements of the kind that are made by a candidate when his campaign has reached the desperation stage."

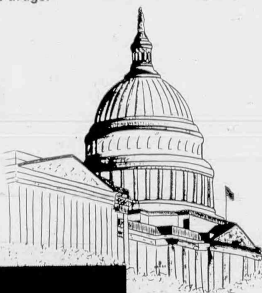

\*\*\*\* This is the time of year when all those who are alive should get out into the great outdoors.

# WE NEED THIS MAN

There is a respected Representative in the Congress of the United States who has served his country, his state, his district faithfully, effectively and well. U.S. Congressman Joseph G. Minish, came up the hard way. It was a stony path that beset this son of an immigrant coal miner. But he made it. He made it through hard work and integrity. He set his sights high and he finally realized his ambition. His loyalty to the well-being of all America has earned him the respect of his colleagues in the House of Representatives, Democrats and Republicans alike.

With a devotion to the needs of his constituents, he returns each week-end from Washington to his district to be available for conferences and consultations with the people of the 11th district who need his help. And they invariably get it. Look at Joe Minish's record in Congress:

Congressman Minish co-sponsored the latest 20 percent increase in social security benefits, and also introducing legislation now law, to tie future social security benefits to the cost of living. Also he sponsored a measure which would provide medicare payments of prescription drugs.

Deeply concerned about inflation, Congressman Minish has strongly protested to the Cost of Living Council against exorbitant rent and price increases. To lower the price of meat, he introduced a bill to repeal meat import quotas.

Joe Minish was an original sponsor of both the truth-in-lending and the fair credit reporting acts. He has fought for legislation to insure stricter inspection of meat and poultry, to prevent deceptive information for consumers, and to protect servicemen from loan sharks.

Joe Minish has strongly fought for legislation to combat crime, to make sure that all citizens can feel safe in their neighborhoods, and to keep guns out of the hands of criminals. He has also been a firm supporter of legislation to upgrade benefits for policemen and firemen.

Joe Minish has urged relief for the overburdened middle income taxpayers, including an increase in personal exemptions to \$1,000.

Congressman Minish was co-sponsor of a bill to cut off aid to foreign nations who refused to crack down on drug traffic and collude in its export which results in the manufacture of heroin intended for illegal shipment to the United States.

Congressman Minish was an early advocate of legislation providing for federal revenue sharing and the Federal take-over of the welfare system, thus relieving local governments from a responsibility that had become increasingly burdensome to taxpayers.

Joe Minish has attained one of the highest voting attendance records in the U.S. Congress. In every Congress, five in all, he has been on hand for close to 100% of all votes.

The foregoing are but a few of the Minish sponsored, forward-looking bills which would make for a better America.

We need this man.

McGovern on such issues as marijuana, abortion and amnesty "and I'm convinced now more than ever that Sen. McGovern is the man we need to lead us through the 70's...."

## Democrats Rise Early For Politics

**CONGRESSMAN JOSEPH MINISH** was the guest of honor at the Nutley breakfast attended by about 400 persons in Belleville's Fountain Restaurant. Minish's opponent, Milton Waldor, was the number one target in several of the breakfast speeches Sunday morning.

**PAUL KREPS** who is opposing Sen. Clifford P. Case on the November ballot, was highly critical of the incumbent's voting record — especially on key issues. Kreps charged that Case supported legislation which enabled American companies to develop plants abroad "and build products at coolie wages and then bring them back and sell them to us at American prices...."

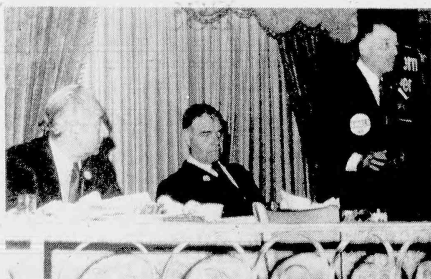

**A SELL OUT** — The breakfast, the third annual to be sponsored by Nutley Democrats, was a sellout.

**LABOR** was well represented. From left are Jim Dillon, president of the Textile Union; Marty Venieri, president N.J. **MAYOR CARMEN ORECHIO** (right) was the toastmaster at the breakfast. His brother, Assemblyman Carl Orechio, is campaign manager for the Republican Congressional candidate Milton Waldor who is opposing Rep. Joseph Minish. Orechio said "my brother is misguided." At dias (l-r) are Paul Kreps and George McDonough who is former town Democrat Chairman and who completed arrangements for the breakfast.

**SAM ANGELO** (center) of Nutley who two weeks ago was appointed a member of the Freeholder Board, still must win a permanent seat at the polls next month. He's seen with Mrs. Phillip Clamurro, vice chairman of the Nutley Democratic County Committee, and Harry McEnroe, candidate for freeholder.

## Del Tufo Endorses Sen. Case

Former State Senator and now Essex County Freeholder Gerardo Del Tufo today enthusiastically endorsed the candidacy of United States Senator Clifford P. Case for re-election.

In his statement Del Tufo said: "The principle that a public office is a public trust has guided Senator Case throughout his many years of public service, and this has become the hallmark of his career. To him this means on the one hand, scrupulous avoidance of all personal ad-

vantage from the holding of public office. It means fighting for swift and certain punishment of official wrongdoing, and for recovery by the public of all gains made through misuse of public office.

"Equally, it means the diligent and constant pursuit of solutions to the problems

of our times, both at home and abroad, he added, "and it means to Senator Case, strengthening the cause of peace, and the preservation of individual freedom. It means more fully meeting the needs of all groups and individuals without trampling on the rights or destroying the expectations of any group or individual."

"These," said Del Tufo, "are some of the things for which my good friend Senator Case stands, and because of these sound and forthright principles I urge all voters, without regard to political persuasion, to vote for Senator Case on Election Day, November 7."

VICTORY MINDED — Mrs. William Rogers, wife of the U.S. Secretary of State finds meeting with Sen. Clifford Case of New Jersey (left) and Essex County GOP Freeholder Candidate Mario V. Farco of mutual interest for Republican victory Nov. 7. Mrs. Rogers, Sen. Case and Farco met at a county fund-raising affair at Mayfair Farms.

Crecco said the bond rating for Essex was dropped about two months ago by Moody's Investors Service Inc., a major rating agency for government bonds.

The impact is one of higher taxes for Essex residents who now have to foot the bill for increased interests costs incurred by the Democratic Administration, Farco, Mrs. Kaplan and Crecco declared.

## GOP Freeholder Candidates Slap Dems on Spending

Essex County's three Republican Freeholder candidates said today a drop in the county's bond rating from AA to A can cost county taxpayers hundreds of thousands of dollars and shows the urgent need for a decisive GOP victory on November 7.

The GOP slate of Mario V. Farco, Mrs. Helene Kaplan, and John I. Crecco charged the Democratic majority on the Board of Freeholders is responsible for the lower rating which has removed Essex from a once enviable and prestigious position in the bond capitals of America.

Farco, Mrs. Kaplan, and Crecco pointed out that Essex County in years of Republican Administration enjoyed an uninterrupted term of a Double A rating and on frequent occasions had even been considered for Triple A rating.

"Now we have to swallow hard," the three Republican Freeholder candidates said. "Now we see our county slip to a Single A rating and wonder what else will happen to Essex if the Democrats continue in power."

Farco, Mrs. Kaplan and

## Dem's Freeholder Slate Plays Up Its Budget Claim

The Essex County Democratic slate today cited a New Jersey Taxpayers Association's comparative budget report which gives credit to Essex County as having the best budget of all 21 counties in New Jersey for 1972.

The Democratic slate includes Freeholder Director Philip C. Rotondo, who is seeking the office of County Supervisor and his Freeholder running mates, Donald Payne, Samuel A. Angelo and Harry A. McEnroe.

Speaking for the Democratic ticket, Rotondo said that in gross expenditures Essex County showed the most progress, according to the Taxpayers Association's chart in holding the line against inflationary trends.

"Here in Essex County, under Democratic leadership, the total percentage increase amounted to 8%, as compared with runaway increases in all other counties, especially those under Republican control," Rotondo said.

## Krebs Assails Case on Foreign Aid Stand

Paul J. Krebs, approving of Nixon Administration efforts to cut wasteful foreign aid programs, said today (Thursday) "the blank check endorsement of all foreign aid legislation by Republican Senator Clifford P. Case is against the best interests of New Jersey and the United States."

Krebs branded Senator Case "a free spender all around the world" who has failed to show equal concern for "domestic aid."

The Democratic U.S. Senate candidate, in Ocean County on his walkabout the length of New Jersey, said that "domestic aid, first, should be the cornerstone of sound foreign aid policy."

Krebs said "President Nixon has made good progress in seeking to cut wasteful foreign aid programs. These cuts must be continued."

Krebs praised New Jersey Congressman Peter W. Rodino for "exposing waste

and corruption three years ago in our foreign aid program for India. Of course, Senator Case just sat by in silence."

"Senator Case has always been a free spender all around the world," Krebs said. "If he ever showed the slightest interest in the needs of his own state's people, and urban decay in New Jersey, then perhaps we could start to attack such problems as street crime and drug abuse, which, in time, might make the question of foreign aid all but academic."

## Essex Democrats Set Organization for Nixon

The formation of Essex County Democrats for Nixon and the Republican ticket has been announced by David Goldfarb, Essex County Republican campaign manager.

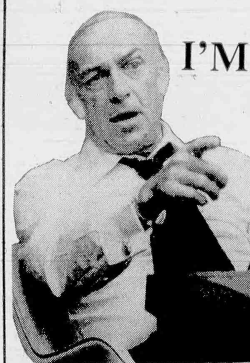

Goldfarb said the committee is being headed by Simon Griffinger of 6 Collamore Ter., West Orange, a trial attorney and former acting magistrate for West Orange.

Goldfarb said Griffinger's committee will work for the

election of the Nixon team which is pledged to government programs favored by a majority of Americans.

Griffinger has been active on committees of Bar Associations and Supreme Court appointments. He is a former Supreme Court Commissioner and Special Master in Chancery.

He is a member of the Shriners, Masons, and Elks Temple B'tai Jeshurun, the American Jewish Committee, and the Rutgers Alumni Association.

I'M MILTON WALDOR, THE REPUBLICAN CANDIDATE FOR CONGRESS IN THE 11th DISTRICT, — YOUR DISTRICT

— I Need Your Vote, And Here Are The Reasons Why:

- I will firmly back President Nixon in opposing school busing to achieve racial quotas. My opponent, Joseph Minish, in four separate votes last November, supported the pro busing stand of McGovern and the Democratic platform. By his votes, he declared his willingness to bring racial quota busing to the 11th District.
- I will work in Congress for a program of guaranteed annual work, to replace the welfare mess created by recent Democratic Congresses. My opponent has been a consistent supporter of these ill-considered giveaway-welfare programs.
- I will work in Congress for a program of tax credits, in the form of income tax deductions, for parents who must bear the expense of sending children to college, or to private or parochial schools. We cannot allow the cost of college to become so burdensome that only the wealthy, or those in the poverty category receiving government support, can afford a higher education. Nor can we permit our parochial and private schools to do down the drain.
- And, I will work in Congress. This will be in sharp contrast to my opponent, who in ten years in Congress, all of them as part of the majority, has succeeded in getting only one bill passed. His other 140 bills disappeared in committee, an almost unparalleled record of ineffectiveness and inaction.

As a New Jersey State Senator, as a lawyer, as a leader for many years in the affairs of my own political party, and in the activities of numerous civic groups, I believe that I have the qualifications to give you better representation. I have the direct support of all groups of my own party, of President Nixon, Senator Case, Governor Cahill and of leading citizens of both parties in my district. But the vote I need most is yours.

## At the Fountain

# McGovern Stumps Here

COMMISSIONER MARY Signore points to a friend in the crowd, Belleville Mayor Isadore Padula Sr. watches. The luncheon at the Fountain, sponsored by Italian-Americans for McGovern, was a big success last Friday.

NUTLEY MAYOR Carmen Orechio (left) and Essex County Freeholder Director Philip Rotondo, were among the dignitaries at the head table with Sen. McGovern. Rotondo is running for County supervisor.

REP. PETER RODINO introduces Sen. McGovern at the luncheon. Rodino, who was redistricted out of Belleville this year, hopes to return to Congress where he is in line for the chairmanship of the powerful House Judiciary Committee.

PAUL KREBS, Democratic nominee for U.S. senator, a former state senator, makes his appeal for votes to the gathering of Italian-Americans. Krebs is hoping to unseat three-term incumbent Sen. Clifford Case November 7.

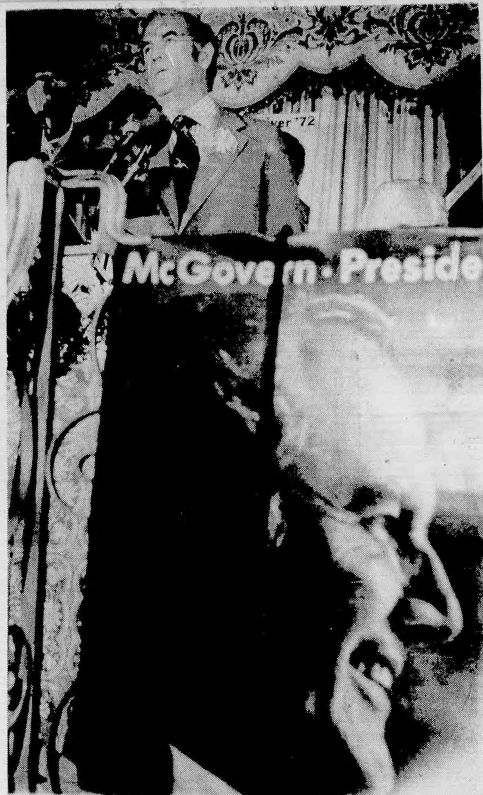

ADDRESSING the gathering of Italian Americans, Sen. McGovern makes the keynote speech, outlining his reasons for seeking the White House. On his lapel he wears an Italian and an American flag.

## Italian-Americans Back the Senator

WITH CONGRESSMAN Rodino leading the way, a smiling, friendly George McGovern makes his way through the throng of greeters at the Fountain after the luncheon. Reporters crowded in for interviews, before the senator was hustled by Secret Servicemen out the kitchen door to his limousine.

HAMMERING HOME a point, Sen. McGovern criticizes the Nixon administration for what he charged were several scandals, including the ITT and Watergate affairs.

THE BELLEVILLE police force turned out in large numbers to keep tight security at the Fountain for Sen. McGovern's arrival. The entire detective bureau, plus a large number of uniformed cops were assigned the task of security.

RALPH CAPUTO, Essex County Clerk raises his arm with Sen. McGovern to signal a Democratic victory in November, as the audience shouts its approval. Seated in front is Sal Bontempo, state Democratic chairman.

MAURICE VENERI, president of the state Industrial Council, and a Nutley resident, tells the audience why George McGovern is the best man for labor.

# Bellboys Overpower Irvington High

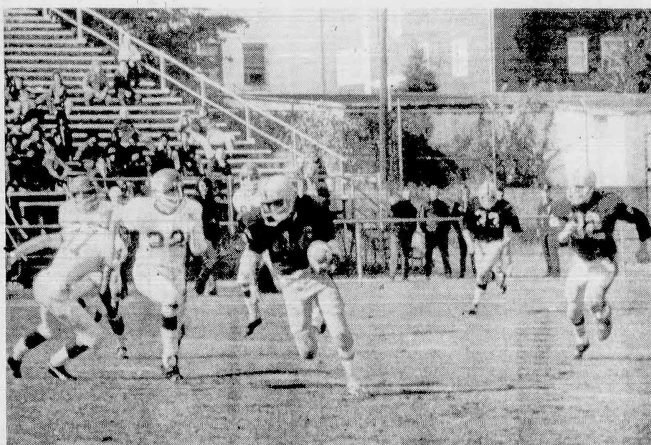

DEXTER BROWN of Irvington gets the kick off despite a strong rush from the Bellboy's hard rushing defensive line. Joe Troise fielded the punt on the 50 and returned it to the Irvington 48.

THE REFEREE signals Belleville has to kick off, as Bellboy co-captains Bob Luongo (50) and Alan Frank look on. Irvington moved the ball in five plays to their 42 yard line before Belleville's Mike Marra recovered a fumble.

BELLBOY FULLBACK Phil Cuzzi takes the ball on third on the fourth period play and Belleville picked up the first and 12 and rips off six yards. There was a 15 yard penalty down.

MARK CERVASIO (44) takes off with a Bill Telesco pass against Belleville nullified the gain. on second and 25 in the first quarter. A 15 yard penalty

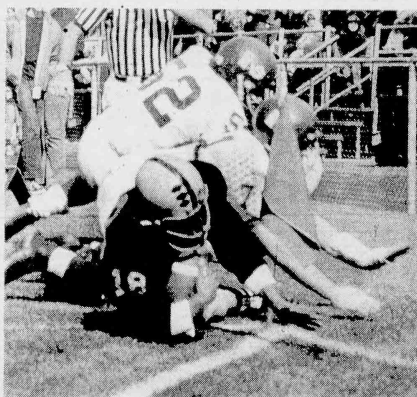

## A Touchdown Well-Earned

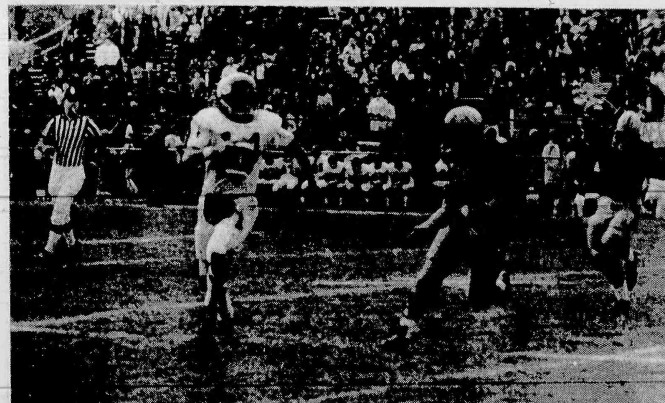

QUARTERBACK Joe Troise slides off tackle where Bellboy Bob Luongo opens up a hole with a good block...

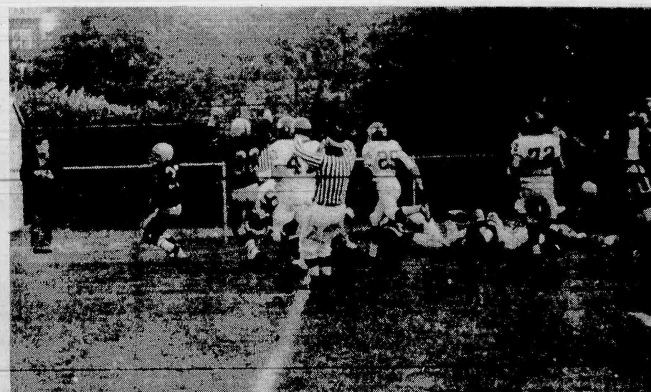

IN THE CLEAR, Troise stumbles after being hit, regains his balance, and then sidesteps Irvington's Frank Travisano (22)...

WITH INCHES to spare, Troise plunges into the end zone with Belleville's first score, which proved good enough to win.

ON THIRD and 11 in the third quarter, Irvington QB Steve Panak rolls up seven yards before being stopped by Belleville defender Frank Papisidero.

JOE NAPOLITANO takes off on second and goal and goes in untouched for Belleville's second touchdown of the afternoon, to wrap up the victory in the final quarter.

# Gridders To Test Orange Saturday

(Continued from Page 1)  
put 14 big points on the scoreboard.  
The task for the defense this Saturday though will be the sternest of the season as the Tornados have a point attack that features both strong running and steady passing. The Orange club, coached by Art Gubitos, features a Jones brother tandem with Greg Jones at quarterback and Duane Jones at a running spot. According to Cafone, Belleville must stop the Jones boys to keep the game within striking range.

Orange High School is having its best grid season in recent years and the Tornados are now an amazing 5-0 with most of the credit going to the offensive spark of the Jones boys. Last year Orange finished the season at 0-8 and one of their losses was to the Bellboys.

While talking about a service contract for a color TV, a customer stated that he would not buy it for his automobile.

There is a vast difference, of course. A car is a very rugged piece of machinery, while a color TV set is the most complicated and sensitive apparatus in the house. But not only that, a color picture tube in many cases costs as much (or more) than the rest of the whole set in the smaller sizes. Even for a color TV set which costs about \$600, - the picture tube represents about 40% of the price. There is not one part in an automobile which costs 40% of the total price. If there is a defect in the transmission, the motor or chassis, it is one or possibly several relatively inexpensive parts which are needed. None of them cost even nearly 40% of the price of a car, including a whole new set of new tires.

The above is an oversimplification, of course. There are a lot of other things which can not possibly be compared. "We Service What We Sell" Beck's Radio TV Hi Fi Nutley 667-4225

The Jones boys combined with the powerhouse hitting of fullback Larry Bullock has given Orange High School some well deserved football fame.  
The local gridders are now 1-3-1 on the season and according to Cafone the local squad has battled each of the teams they have played on even terms. The Belleville defense though, has been the bright spot this season. They have recorded two shut outs to date by holding both Bloomfield and then Irvington scoreless.

## Club Still Winless

## Local Harriers Drop Four More

The Belleville cross-country team was defeated four times in the past week of hectic racing. The local squad is now winless in 10 season meets.  
The harriers lost Tuesday to Bloomfield High School by a 15-48 score. Bengal junior John Deanna on the race at Brookdale Park with a 14 minute timing. The first Bellboy to finish the race was Bill Goodwin who crossed the sixth spot. Goody's time was 14:40. Sophomores Walt Siubis and Mike Fortino ran a strong race by placing 10th and 12 th respectively. The Bellboy harriers also took the 13th and 17 th spots to round out the field.

Yesterday the Belleville squad raced East Orange at the Belleville track and tomorrow, Oct. 27, the local club will race in the Big Ten meet at Branch Brook Park in Newark.

Last Friday the distance runners traveled to Branch Brook Park to race Glen Ridge and the local club wound up being defeated by a 15-50 count. The harriers could only manage to take eleventh place as their first spot. The difference between fifth place and 13th was only 12 seconds as the meet proved to be much closer than the score showed. Sophomores Siubis and Fortino again finished behind one another in 17th and 18th place. Captain Rocco Cuozzo placed 21st with a 15:54 time. Juniors Dyba, Fitzpatrick, DeSantis and Kellenbeck placed 22nd to 25th. Sophomore Brian Wood finished 27th to end the pack of runners.

The next morning the Bellboy squad traveled to Irvington Park to face a strong

Belleville faces the toughest portion of the schedule in their remaining four games. After going up against undefeated Orange this Saturday the Bellboys come home to entertain powerhouse Seton Hall. After the homecoming game the Belleville club must face Lyndhurst and then Kearny. Both clubs are reported to be improved over last year.

Against Irvington last Saturday Belleville scored touchdowns in both the first and fourth quarters on the

contest. In the opening stanza the Bellboys, after a sustained drive, scored when halfback Joe Troise barreled over the goal line on an off-tackle play. Belleville's other touchdown came in the final frame when Joe Napolitano scored. The big play in that drive was a long pass play when Bill Goodwin winged a connection to Mark Cervasio, putting the ball on the seven-yard line.

The difference is the game,

according to Cafone, was the blocking of the offensive line. "For the first time the kids were making contact and staying with their blocking assignments. The blocking looked better and as a result we were running the ball better. Our passing game improved too," Cafone remarked. "I also must say that on defense our end play looked much better and that aspect of the games contributed to us recording a shut

out." The Belleville offense too went over the 200-yard mark for the first time this season. Cafone said the club must keep moving the ball with the consistency they did against Irvington if they expect to top Orange this Saturday.

Right here in New Jersey, we average 1,042 calls a year for every man, woman and child. More than any other state in the nation. More than any nation in the world.

We think we've done a pretty good job of meeting those pacesetter demands.

But we know that being good isn't good enough.

We must continue improving today's service while getting ready to meet tomorrow's demands.

To do this we'll be spending over a million dollars every working day to move on - new and expanded facilities. That's a lot of money. But not as much

as we'll have to spend in the years to come.

We see the need to put another \$2.5 billion into construction in the next five years alone. In effect keeping ahead of your growing service demands by building another New Jersey Bell inside and alongside the present one. To do this, we must earn well in order to justify the investment of such massive amounts of new capital.

Good service, good earnings - they're closely related. In the long run, you can't have one without the other.

We've set a high standard for telephone service in New Jersey. We're doing our best to live up to it.

Being good isn't good enough.

# He's Invited To Talk On Market Methods

J.C. Varkala, president and founder of Mouli Manufacturing Corp. of Belleville, well known for its marketing of kitchen housewares in the United States and Canada, has been invited to a large group of French executives at Lille, France, at which Maurice Schumann, French Minister of Foreign Affairs, will be present together with other important representatives of the French government.

Twenty-five years ago, Varkala founded the Mouli Manufacturing Corp., and introduced the famous Mouli grater and other Mouli products, shown mostly through demonstration methods.

His talk will cover the problems and methods to meet the challenge of the rapidly changing complexion of the housewares industry in the United States and Canada.

Mouli, with its affiliates, Varco Inc. and T-Fal, has become one of the largest importers of French housewares products in the United States and Canada, representing exclusively, several of the largest non-competitive manufacturers in France.

During World War II, Varkala was a lieutenant Commander in the United States Navy, serving as

Liaison Officer with the French Navy, and then he was assigned to the U.S. Embassy in Paris as Assistant Naval Attache in 1946. His interest

in housewares grew from contacts he made in France and resulted in the formation of the Mouli housewares enterprises in 1948.

## Bookmaking Charges Sent To Grand Jury

Antonio and Rosina Nassis, both of 59 Wallace Street, face possible indictments on gambling charges by the Essex County Grand Jury after their case was referred to the Prosecutor's Office by Judge Edward Abramson from Belleville court October 12.

Antonio, 45, and Rosina, 42, were arrested by Belleville Detective Thomas Ricci during a raid by the Essex County Strike Force and are both charged with bookmaking, acting as messengers for a lottery and keeping premises for gambling.

## Old-Time Firemen on Display

The Belleville Historical Society under the chairmanship of Ed O'Neill will exhibit pictures of old time firemen in front of the Town Hall on Washington Avenue, Saturday, from 9 a.m. to 5 p.m.

Members of the Society hope that citizens might be able to identify some of the firemen appearing in the photographs. When these pictures were taken, some as far back as 1890, they forgot to identify the firemen by name. By placing them on display to the public, we hope that some sons, daughters or relatives of these "Oldtimers" may be able to help us in identifying them.

## Pharmacy Footnotes

Vincent Cozzarelli  
Reg. Ph.

Do you know that the dental problem among the American people is still a serious one? By age 60 the average American adult has only 10 of his original teeth! Twenty-two teeth have been lost through disease and accident, but mostly through careless lack of dental hygiene, brushing, and the like, is our most serious problem. In fact, 60 percent of all patients twenty or thirty years of age who seek dental care have one or more missing teeth. Now, can't we do better than that?

One hundred percent good service is available to all patients of ROSSMORSE PHARMACY, 338 Washington Ave., 759-1968, 759-1966. When you have a prescription to be filled see our Hours: Daily 9am-10pm, Sunday 9am-9pm. Sale and rental of convalescent aids including wheel chairs, walkers and crutches.

Regular brushing and adequate dental care are the only solutions to the American dental problem.

Utility Company Chooses Director

William E. Scott, vice president in charge of finance for Public Service Electric and Gas Company, was elected to the company's board of directors recently.

Scott will fill the unexpired term of Dr. Jess H. Davis, who died September 17. Dr. Davis president emeritus of Stevens Institute of Technology, had been a member of the board since 1966.

The board also elected Mr. Scott as a member of its executive and finance committees.

The new board member holds a bachelor's degree in business administration from Lehigh University and a master's degree in the same field from New York University. Before joining PSE&G in March of this year, Mr. Scott was a vice president of Irving Trust Company, New York City, in charge of the bank's public utilities department.

State Aging Commission Swears in Three Members

Three new members of the New Jersey State Commission on Aging were officially sworn in at a Commission meeting Monday in Trenton.

The new members are Dr. Solomon Geld, executive vice-president and director of the Daughters of Miriam Home for the Aged, Clinton; Mrs. Valeria Girandola of Allentown; and Dr. William F. Strother, professor of philosophy at Princeton University and a resident of Ewing Township. They were all appointed by Governor William T. Cahill, Assistant Commissioner Eugene F. Deutsch of the Department of Community Affairs presided at the swearing-in ceremony in the absence of Commissioner Lawrence F. Kramer. The new members will serve three-year terms.

Group Urges NJEA To Oppose Marburger

A Fair Play Committee representing a cross section of teacher leaders from throughout the state is calling upon Gov. William T. Cahill and the State Senate to refuse reappointment of Carl M. Marburger as N.J. Commissioner of Education.

The Committee, with at least one representative from every county, has drafted a five-point resolution criticizing Marburger's past record. The resolution will be proposed for adoption to the next meeting of the New Jersey Education Assn.'s official policy-making body, the Delegate Assembly, said a Committee spokesman.

The resolution charges that Marburger's "lack of constructive leadership" and "atmosphere of repression against teachers" make him unfit to serve in his position as chief education official in New Jersey.

If passed by the Delegate Assembly, the resolution would carry full NJEA endorsement and would represent 72,000 teachers calling upon the Governor and the Senate to deny Marburger "continued service in his position."

newspaper advertising could make the difference BETWEEN BEING OPEN FOR BUSINESS...

AND DOING BUSINESS

Turning so-so into great, that's the difference advertising can make! Successful businessmen tell their sales story again and again... and tell where it does the most good, in the pages of this newspaper. Ask us for details on how display advertising can work for you.

### Italo Civics Scholarship Is Presented

AT THE PODIUM is Vincent Vecchione, president of Belleville Italian American Civic Assn., who presented scholarship to Mary Grace Macaluso (center).

Once again the Annual Columbus Day Dinner and Dance of the Belleville Italian American Civic Association was an affair to remember. After a short delay due to a capacity crowd at the Wayne Manor, Wayne, the program got underway and the guests settled down to an enjoyable evening of activities, under the direction of Aldo DiChiara, chairman of the affair.

The feature event of the affair was the presentation of a scholarship award to Miss Mary Grace Macaluso, valedictorian of the 1972 graduation class of Belleville High School. This award is granted annually to the outstanding student of Italian American heritage. Also honored was Frank F. Ceres and Adolph Vecchione who were presented plaques for their participation in many civic activities. Ceres not only is their Public Relations chairman and treasurer, but also is the treasurer of St. Anthony's Honor Guard and Finance Officer of American Legion Post 384.

Ceres attended Colorado State College and during World War II was assigned as a Chief Clerk in the office of the Director of Intelligence of USAF.

He was also known for his broadcasts in Italian to the people of Italy prior to the United States invasion

## Pick Lottery No. At Plaza Today

Belleville residents can learn firsthand what the winning state lottery number is today. State officials will be in town to draw the winning combination of numbers.

Time for the drawing is 11 a.m. at the Grants Shopping Plaza located at the corner of

Franklin Avenue and Jorammon Street. A special grandstand will be set up with the equipment to pick the winning number in the plaza parking lot on the south side of Grants.

According to Mayor Joseph McGreevy, he was contacted by state lottery officials last month that the drawing would be held in Belleville. State representatives, after surveying several sites in town, chose the Grants Shopping Plaza as the most

suitable location. The drawing is only one event of many run as part of Kiwanis Club Football Homecoming Week.

### He Wins Poster Contest

A Belleville boy has won a top prize in a nationwide environmental poster contest, sponsored by the American Oil Company.

Richard Kosturko of 130 Division Avenue, received a \$75 U.S. Savings Bond and a Grand Prize Certificate in the 1972 National Environmental Poster Contest. He won first place in the age 14 and under category of the country-wide competition. The certificate was signed by American Oil Company president, Blaine Yarrington.

Hundreds of entries were received from all over the United States, according to the company. "Quality of this year's posters was excellent," said Dale Bolen, American Oil's art director, Chicago. "Judges had a difficult time picking from the many entries, but Richard's was clearly one of the very best," he added.

## Voters to Choose Next President

Belleville voters, increased in number by 1,210 since 1968, get the opportunity to vote for the next president of the United States Tuesday. Polls here will be open Elec-

tion Day from 7 a.m. to 8 p.m. Other races highlighting Election Day include the spot for the U.S. Senate; a seat in the House of Representa-

tives; the positions of County Supervisor and three seats on the Board of Freeholders.

According to Town Clerk Eugene Barnett, voter registration in this year has been heavy. Barnett reports that since the June primary, his office has registered 1,283 new voters. Average voter, registration for that period in the past has been about 400 but, Barnett attributes some of the increase to 18-year-olds registering for the first time.

In 1968 when the last presidential election was seen, Belleville went Democratic for the Humphrey-Muskie ticket but only by a narrow 58 votes. The GOP's Nixon-Agnew duo garnered 6,610 votes compared to the Demo's (Continued on Page 2)

## Fabian Holiday Fund Initiated

Officers of the Craig Fabian Fund reminded residents this week that contributions are again being accepted for the Annual Holiday Fund Drive. The traditional months for the yearly holiday drive is November and December between Thanksgiving, Christmas and New Year.

"It's the season for holidays ahead and planning the many things you want for your loved ones. In keeping with this spirit contributions will again be accepted in the Holiday Fund," said Michael T. Rosamilia, Fund president.

The Craig Fund, Inc., is a non-profit group helping four Belleville residents who are severely handicapped. The local four are helped by the Fund with medical costs, rehabilitation and therapeutic facilities. Those now being helped are Craig Fabian, William Greco, Joe Restaino and Dewey Imhoff.

Contributions may be made to the treasurer of the Craig Fund, Edward Albreton, c/o Peoples National Bank, 237 Washington Avenue, Belleville. All contributions to the Fund are tax exempt.

## Golden Comments

By James R. Golden

Friday October 20th was an exciting day in Belleville highlighted by the luncheon visit of Democratic Presidential candidate, George McGovern, at the Fountain Restaurant. The South Dakota Senator was guest of Italian-American Leaders and organizations throughout Essex County.

County Clerk, Nick Caputo, hosted the affair and introduced the many notable celebrities which included Belleville's Democratic Party leader, Comm. Mary Senatore, looking charming along with her many supporters which swelled the overtaxed dining hall to capacity.

Introductions were made of most all of the party's candidates including U.S. Senate candidate Paul Krebs, Congressman Joe Minish, now running from the 11th District which they have now moved Belleville into in the abortive attempt of the Republican controlled Legislature to cut popular Congressman Pete Rodino's strength. Pete gave a most inspiring plea for Minish's support from his many Belleville followers.

Among the notables were former Mayor Isadore J. Padula and his lovely lady, Mae Meade Mazza, Katie Burke, IUC president Maurice Veneri who has done so much to swing many labor forces to McGovern's support and state boss Sal Bontempo. Not to be overlooked was former Assemblyman Joe Biancardi who had a big part in the arrangements.

While there was a slight tinge of Italian pride that pervaded the electrified atmosphere in the presence of the man who might become the next President of our Country; there could be no doubt as to the true spirit of American democracy at work in its finest tradition. The theme of the United States of America being the melting-pot of the world could in no better way have been

### Homecoming Saturday

## Rejuvenated Bellboys Will Host Seton Hall

A steadily improving Bellboy varsity eleven faces their toughest test of the fall season Saturday when the team hosts a powerhouse Seton Hall club in Homecoming at Municipal Stadium. Game time is slated for 1:30 p.m.

The Blue and Gold, looking better each week, is again rated a definite contender in the contest that will pit a high powered Pony Pirate offense against an unyielding Bellboy defense. The outstanding Belleville defensive unit extended its shut out streak to two successive games after toppling Orange High School in the mud and

rain last Saturday. It was the Blue and Gold's third shut out of the year as the team came up with its second

### Kids Show At Library On Saturday

The splash splash you'll hear in the Children's Room of the Belleville Public Library Saturday will be real as two lively trained officers go through their paces.

The library is presenting "Mrs. Wisbiski and Her Otters" as its monthly special program for children on Saturday, at 10:30 a.m. and 12 noon.

Mrs. Dorothy Wisbiski, an author and a librarian, has raised and trained otters for many years. Her delightful experiences in living with these playful water-loving animals have been the basis for two popular books: "Okee the Otter" and "Picaro a Pet Otter." Both of these books are presently available in the Children's Department of the library.

Admission to either performance-10:30 a.m. or 12 noon-is free but by ticket only, because of space limitations. Children may pick up free tickets at the library any time on a first come first served basis.

## Town's Water Dept. Turns Off The Flow

Repairs to an underground water main will necessitate water being turned off nightly in a section of town, reports Mrs. Mary Senatore, director of Public Works.

Water service to homes located from Holmes Street to Division Avenue and Hornblower to Union Avenue is being turned off nightly, 10

straight victory 7-0. The Bell boys also scored shut outs against Bloomfield, Irvington and now Orange.

Saturday afternoon the local club will be looking to even their season mark at the 500 point. The Bellboys now stand at 2-3-1 at the two thirds mark into the season. Added incentive Saturday will be the Kiwanis Club sponsored Football Homecoming that will be highlighted by a parade, Homecoming Queen and special half-time activities. Seton

### Scheduled On Wednesday

## Parents Invited To Attend Information Night At BHS

It will be a "first" for Belleville High School. The Belleville High School Guidance Department has invited 50 schools of higher education to Information Night for Higher Education on Wednesday at 7 p.m. in the high school auditorium.

All parents of juniors and seniors are invited to the program. An explanation of financial aid will be presented in the first half hour session. Parents will then be invited to visit with school representatives during three half-hour sessions from 7:30 to 9:00 p.m. in the cafeteria and adjoining classrooms.

All college and specialized school representatives have been asked to bring printed materials and applications for distribution to the parents.

The Belleville High School Home and School Association under the leadership of Mrs. Grace Purdue, president, is giving its full cooperation to this endeavor, and will act as hosts for the visiting school representatives.

Students contemplating continuing his education after high school graduation may view this program as a "must" on his calendar for his parents.

Some of the schools that will have representatives for the program will be eight state colleges, private colleges in the area, secretarial schools, nursing and technical schools and 2-year colleges, plus many of the popular out of state colleges.

## Many Thousands Of Residents Line Washington Avenue To View Veteran's Day Parade Sponsored By Council

### Our Nation's Warriors Remembered In Town

By Pat Diana

About 3,000 citizens lined Washington Avenue October 23 to view the annual parade sponsored by the Belleville Veteran's Council with the cooperation of the town officials.

James Leary, V.F.W. Post 275 again was the Parade Announcer. He was joined on the Parade Platform by Rev. Benedetto Pascale, who gave the Prayer, and Congressman Joseph Minish, with his aide Joe Trento.

After a welcome address to the crowd, Leary mentioned "veterans' sacrifices that give us the freedom we enjoy". He then introduced Congressman Minish who spoke on the history of Veteran's Day and said: "No single war in which our country has been engaged has been more important than any other..." He further stated: "Our beloved country-the United States of America-exists today-proud, free and unafraid, because of veterans' sacrifices..." "We fought when we must to defend those things we hold most dear." He ended his speech suggesting "a humble thanksgiving for their gifts bestowed upon us by our veteran's sacrifices."

Shortly thereafter, the Parade began with the Belleville Fire Department. Children with balloons and senior citizens with smiling faces watched the grand procession of bands, bugle corps, American Legion and Veteran Units smartly parade before the Reviewing Stand which by now held many other digni-

SECURITY WINDOW

A residential security window which contains a concealed built-in burglar alarm has been developed. The battery-operated alarm is controlled by an on-off switch. With the switch turned on, the alarm will go off when pressure is exerted to force the window open. The alarm can be activated with the window fully closed or if an attempt is made to move the window when set open. Once the alarm is activated, it will continue to ring in a shrill and piercing tone until the off switch is pushed.

It operates on regular household electric circuit and is equipped with a handy built-in handle. What may boost the Democratic hopes in Town is a personal appearance here of presidential candidate at Essex County Italian-Americans for McGovern.

### Auxiliary Police Hold Dinner Fete

The Fifth Annual Dinner and Dance was presented by members of the Belleville Auxiliary Police on Saturday, October 21, at Parrillo's Restaurant. The event was attended by more than 150 people.

Larry M. Archese was chairman, and Anthony A. Vito co-chairman of the Dance Committee. Joseph Sherwood, Joseph Drexler, Paul Enworth, Vic Rusciano and George Skutskie comprised the Ad Hoc committee, with Dave Coffey and Vince Marone responsible for tickets. Sal Chiappone, gifts and Joseph Nickola, Rocco Landolfi, William Hoy and George Butler, all around helpers.

The Invocation was given by the Rev. Robert Cuzzini of Holy Family R.C. Church, followed by the Welcome of Larry Marchese. Toastmaster was Hugh J. O'Toole, Sergeant, Belleville Police Department, who introduced speakers: Mayor McGreevy, Police Comm. Robert Laterza and Police Chief Joseph Smith. Guests included Commissioners Senatore, Strumolo and Marotti. Honored Guests were two sergeants of the Auxiliary Police who before retirement gave fourteen years each in volunteer work with the force: Vincent Riortella and John Dragone who retired from the Auxiliary Police due to moving out of town. Sgt. S. Chiappone, Capt. W. Hoy and Deputy Chief R. Landolfi presented the Awards to Members.

Guest speaker was Phillip Grippaldi who spoke of his participation in the 72 Munich Olympics.

You can't judge a country by what its opposing politicians say about each other.

The U.S. Sen. Clifford P. Case, the Republicans' trump card in the state, is a strong favorite to garner another term in Congress. His opponent is Paul J. Krebs sponsored by the Democrats. A Howard Freund of the American Party and Julius Levin of the Socialist Labor Party are also running for Senator, along with Charles W. Wiley of the Concerned Voter's Voice.

The major fight for Congressman in the 11th District is between Republican hopeful Milton A. Waldor, a former State Senator, and Democratic Congressman Joseph G. Minich. Also running for the seat is Philip R. Nicolaus as an American Independent Conservative and James Klimaski of the People's Party.

Republican County Supervisor Walter C. Blasi, running for reelection, is being challenged by Democrat Philip C. Rotondo, a former county Freeholder.

Three seats on the Board of Freeholders are up for grabs. The Democrats are sponsoring Donald M. Payne, Samuel J. Angelo and Harry A. McEnroe Jr. against the GOP's Mario V. Farco, Helene Kaplan and John I. Crecco.

## You dial local calls yourself, right?

## So why not long distance calls?

## It's just as easy.

## And dialing saves you money.

You always save when you dial direct, without the services of an operator.\* Because the rates are always lower than for calls which require an operator, such as credit card, collect, third number billed, person-to-person, and coin-phone calls to other states.

It makes sense, then, to dial all your calls direct.

\*On calls to other states from your home or business phone, simply dial the three-digit area code for the place you're calling, then dial the phone number. If you don't know the area code, you'll find help in the front pages of your phone book.

Don't know the phone number? You can get it at no extra charge from Directory Assistance in the place you're calling. Just dial the area code plus 555-1212. Then jot the number down for future use.

What if you should reach a wrong number? No Problem. Hang up, dial the operator and tell us about the mistake. We'll make sure the call isn't on your phone bill.

\*Direct dialing rates, also apply to all calls made from areas where direct dialing facilities are not available.

Air Terminal Idea Discussed By Rotary

The transformation of one of the nation's major airports into a more modern air terminal capable of handling the sophisticated aircraft of the future was discussed at a meeting of the Belleville Rotary Club on October 23 at the Fountain Restaurant, 46 Watsworth Avenue.

Newark International Airport, the country's pioneer commercial air terminal, and already the second busiest air cargo center in the world, is being redeveloped by the Port Authority at a cost of over \$400,000,000.

Joseph Windisch of the Port Authority was guest speaker. He supplemented his remarks with color slides of

what the "new" Newark International Airport will look like when fully redeveloped, at which time it will be able to handle greatly increased passenger volumes and international service.

Windisch joined the staff of the Port Authority in 1961 at Kennedy Airport. After carrying out operations assignments at both Kennedy and Newark Airports, Windisch was selected for the management training program and has progressed through several positions to his present assignment in the Aviation Economics Division. His current duties include the preparation of several segments of the Port Authority's long range forecast as well as other analytical assignments in the area of airport operations.

Mayor McGreevy spoke to the crowd briefly saying he hoped this was "the last time we have a parade while we don't have peace in our country."

Heartily cheered were the three color guard troops in town - the Cardinal Bells, Sabre Cadets and Scarlet Cadets, as were the Belleville High School band, cheerleaders and twirlers. Making a first appearance in this parade was the Lemon Ice Queen, Miss Barbara Michelli a 17-year-old Belleville High School senior. Barbara has been employed at Jackie's Corner for a number of years. Seems this past summer the Lemon Ice King conducted a survey to determine which counter girl was the most courteous and popular with his patrons. Barbara won by an overwhelming majority due to her cheerful and pleasant manner. For many years Jackie has been recognized as the King of Lemon Ice. This year, the King chose a Queen.

AN OPEN LETTER FROM ASSEMBLYMAN CARL A. ORECHIO

October 1972

Dear Voter:

We need your help now more than ever.

Our Republican candidate for the Congressional seat vacated by Congressman Rodino, former Senator Milton "Mickey" Waldor, has an excellent opportunity to win.

Richard M. Nixon

President Nixon would like very much for "Senator" Waldor to be elected with him.

Milton A. Waldor

Senator Case would like very much to have Waldor in Washington with him.

Governor Cahill is also anxious for the former Senator to win.

Our choice is to either vote for our candidate, Milton A. Waldor, who subscribes to President Nixon's platform or his opponent who supports the McGovern principles.

U.S. Sen. Clifford P. Case

The entire Republican ticket needs and deserves your help and support now more than ever.

Vote Line B from one end to the other. Ask your relatives, friends and neighbors to vote Line B also. You will be glad you did.

Governor William T. Cahill

Many thanks.

## The Greatest Privilege

(The following guest editorial is written by Co. R.R. Tourillout, chairman emeritus of the Fort Monmouth Chapter, National Sojourners.—Ed.)

Election day will soon be here! Voting is the greatest privilege of free people and one of the most serious responsibilities. It should require thoughtful consideration of candidate qualifications and merits of issues. Here are a few important questions to ask ourselves before we pull that lever:

Has the candidate been sincere and consistent through the years and during this campaign, or does he change his tune when it seems politically expedient? Is he loyal to our form of government, or do his ideas lean toward Socialism and the Welfare State? Does he advocate huge spending programs which could increase our already fantastic National debt and saddle our grandchildren with staggering taxes? Has he ever initiated any action to reduce current spending? Will he be loyal to our service men, veterans and those people

whose freedom we have pledged to protect? Would he abandon our POW's and trust the Communists to release them?

New voters are reminded that in most campaigns there are fantastic claims, for better or worse, and lots of mud slinging, based often on untruths, half truths and innuendoes. New voters must do well, in their considerations, to consult some of the older voters in whose experience and judgment they have confidence, before making final decisions.

In our form of government, citizens are obligated to conform to the wishes of the majority. Any other procedure would encourage anarchy. We don't have to change our thinking, if our side loses, but we must support the government "of the people."

We live under the finest form of government yet devised by man - it isn't perfect, and it won't be, no matter who wins! So - make up your mind and vote for what you think is best for our Nation - but sure to vote!

## Death and the Deep Freeze

The latest kick for some trying to defeat the Grim Reaper is to have their bodies frozen in the hope that medical science will learn how to unfreeze them and cure and restore them to healthy life.

Although few deceased persons have thus far been frozen, cryonics, as the process is known, is becoming a widely-discussed subject.

Americans who have done the freezing for less admit it's a long-shot gamble; some relatives who have arranged freezing inside a capsule filled with liquid nitrogen at minus 320 degrees feel, however, that the frozen is not yet finally

dead, still has a chance to live again.

The basis of this hope lies in discoveries that blood, sperm and skin can survive long periods of freezing. No one knows, however, if brain cells are damaged, or if there is other irreparable damage. Whatever has killed the frozen body might later become curable, the theory goes.

Costs are listed (by one freezer) at \$5,000 for the initial job and \$1,000 a year thereafter. That, say skeptics, could be an endless expense, with practically no hope. At worst, experts say, freezing the dead could be a costly, disillusioning experience for survivors and a profitable business for others.

## Staged News

The Federal Communications Commission has asked the three giant networks which dominate U.S. television to submit comments on a number of staged events transmitted as news to the public between 1968 and 1971.

The FCC, notoriously timid in regulating the networks, was prodded by chairman Harley Staggers of a House Commerce subcommittee. In asking the networks for comment, the FCC almost apologized for its action, issuing a statement arguing that the "real criterion" in this case is "whether the public is deceived about a matter of major significance."

This is not the real criterion, which is

whether television newsmen are faking the news. It is not whether the fakery involved a story of major significance or to decide this? but whether news is being faked, this is the fundamental, disturbing question.

In keeping with its apologetic attitude, the FCC statement also claimed that "no government agency can authenticate the news, or try to do so." This again is not the question; the question is whether the FCC properly supervises newscasters in the public interest to prevent fakery. Rather than issuing so many alibis for what it's not doing (or won't do), the FCC should get on with the job of protecting the public interest, a job long neglected.

## PHILosophizing...

# Who Is the Pornographic Politician

By Phil White

One of the Democrat Party campaign events which sparked with such enthusiasm that we were prompted to write last week's column raising the McGovern workers was a brunch held at the Fountain Restaurant three weeks ago in honor of Joseph Minish, candidate for Congress.

The enthusiasm we had for the Democratic Ticket, however, turned to suspicion when Mr. Minish and his friends spoke of the Congressional election, and about the Republican candidate, former N.J. Senator Milton Waldor.

Why our suspicion? Because Mr. Minish all but labeled Mr. Waldor as being a legislator who opposed stiff penalties for drug pushers; a legislator who favored the open display of pornography and obscene material; a man who would permit students to carry firearms and explosives on campus for the purpose of blowing up property or killing persons. And finally, Mr. Minish - even as late as today, reports that as a State Senator, my opponent missed 844 important votes. Minish says his own attendance record is near perfect - which, incidentally, it is.

At any rate, it didn't seem quite logical that the Republican Party would run a candidate for office who supported and behaved the way Mr. Waldor allegedly has - allegedly of course by Mr. Minish.

We were suspicious, yes. But we didn't begin a close evaluation of what turns out to be the most unprofessional conduct we've found yet in a Congressional race in many years until, a week after that Democratic brunch. What prompted us to begin digging for the facts ourselves were the comments being voiced by Mr. Minish about his opponent who had been photographed with some municipal engineers and a representative from the Army Corps of Engineers here in Nutley called to discuss flood control problems.

The Nutley meeting was set up by Public Works Commissioner John Lucy who has had the Army Corps of Engineers here several times in recent years, and most certainly

long before Mr. Minish was redistricted out of Newark and the Oranges and into Nutley.

Nonetheless, no sooner had we taken that photograph (Mr. Minish was absent - in Washington on business) than the lines between New Jersey and Capitol Hill began buzzing. Waldor was being called an unethical person for "showing up and having his picture taken at my meeting!"

Now everybody get this. Mr. Waldor was at that flood control meeting not to upstage Mr. Minish, but because we had called the flood problem to Waldor's attention. There happened to be a lead article about them meeting a week earlier in The Sun. The same article quoted Commissioner Lucy as saying he welcomed not only Mr. Minish's support - but expected that Mr. Waldor also would support the desire of area municipalities to control flooding along the Third River. And so, Mr. Waldor appeared at the meeting - because we had reminded him of the session. Mr. Minish, incidentally, had been seated at the opposite end and it was our intention to photograph both candidates with the engineers to insure that the needed Nutley flood project would have bi-partisan support.

Instead, Mr. Minish made something of a mockery of the entire incident. And when we put together this mockery with some of the statements made at the Minish campaign brunch, we decided to take a closer look at the charges being leveled by Minish.

If you want to know how this column ends, we can tell you now. Minish has distorted the facts to a degree that's hard to believe in today's age of communication. That's our conclusion, but let us tell you the basis of our findings.

• **DID WALDOR MISS 844 VOTES** and post a terrible attendance record as Minish is telling voters in this District? According to the Senate tally sheets - which we finally obtained this week - Waldor had a 100 percent attendance record in 1968, another 100 percent attendance record in 1969 and then in 1971, attended all sessions but one. Now for the distortion. In 1970, Senator Waldor was hospitalized and missed several sessions. It is

# Change Parking Meters Here To Nickel Variety

By Elaine Auerbach

One Year Ago

Lillian Weiner was appointed Assistant Director of the School of Nursing at Clara Maass Memorial Hospital, New York, New York. Miss Weiner had served as consultant for the New York State Department of Health and was a faculty member of Rutgers College of Nursing in New Jersey.

Belleville senior high took one step toward women's liberation. It accomplished this by opening a course to girls which had previously been reserved for boys. Auto Mechanics was to be available to girls at the high school. The purpose of the class was to give girls a basic understanding of the automobile. There was to be no credit given to anyone for the course.

An application for permission to build a one-family house at 25 Bank Street was approved by the Zoning Board of Adjustment. The vacant lot, owned by Mrs. Rose Dorfman of 52 Valley Road had laced the minimum 5,000 square feet built allowance for construction. Several neighbors disagreed with Attorney James Piro, who was representing Mrs. Dorfman, and said that the area would lose its aesthetic beauty if the house was built on such a space ground.

Belleville was changing all its parking meters from the one-cent for twelve minutes variety to vandoor nickel for one hour meters. The Town Commission, on its final reading, making it into a law. The meters were to be manufactured by the Rhodes Company of Hartford, Connecticut. When the meters had been installed in New Haven, collections had increased 93 percent in the first year. Thomas McLaughlin, Belleville purchasing agent said, that 35 double meters would cost \$121.

The Town Commission approved an amendment on its first reading creating "permanent positions" under civil service. Behind all the complicated phraseology of the measure was approval of Charles Tedesco for a clerk's job when his term as town attorney ran out in July. Tedesco had served the town since 1938 and had gained a close familiarity with Belleville municipal government. He had been the Town Manager, but since the post had been abolished, a new title had had to be created for the same job.

An exquisitely carved brownstone carriage block, which had originally graced the Hendricks estate, a Belleville show place until the mansion was demolished in 1928, was presented to the Historical Society in dedication ceremonies on the grounds of the public library. Frederick Pikel, writer on historical topics for The Times-News, presided over the ceremonies, along with Allan Crisp, president of the Historical Society, and Mayor Robert Laterza.

Robert C. Gruhin, Belleville attorney and former Town Commissioner, was cleared by the Essex County Grand Jury of charges involving former synagogue-owned property which he had purchased. The property, which was tax-exempt when it was owned by the religious institution, had not been returned to the tax rolls of the town for a considerable period. The grand

jury decided that the existing laws did not state their purpose clearly enough.

The following officers were installed to the Belleville Council 835, Knights of Columbus: Grand Knight, Nicholas DiGiovanni; Deputy Grand Knight, James McCann; Chancellor, Daniel Serpente; Inside Guards, Jack Ryan, Paul Ott; Advocate, James Leonard; Treasurer, Jack Davis; Outside Guards, William Gagnon, Russell Thomas; Recording Secretary, T. William Sloan; Lecturer, Peter Fitzpatrick; Chaplain, Francis Ignacino; and trustee, Michael Day.

Fifteen Years Ago

"Mischief Night" struck Belleville hurricane. The police department reported considerable damage to homes, businesses, and property as a result of severe vandalism on the part of young people.

G. George Addonizio of 21 Cottage Street announced his candidacy for the Republican nomination for Congress in the 10th District to oppose the Democratic incumbent, Rep. Peter Rodino Jr. Addonizio, who had been defeated by Rodino in 1966, made his announcement at an open air rally for Senator Malcolm Forbes.

A thief was surprised in the act of rifling a cash box in the rectory of St. Peter's Church by Msgr. Joseph Kelly, pastor of the church. The thief escaped without taking anything when he was discovered. The funds in the box had been designated for CVO activities.

With less than one third of the registered voters in Belleville taking to the polls, the Revision of the State Constitution passed by an overwhelming margin. Lack of local interest and the steady downpour of rain were the reasons advanced for the apathy shown by the voters. The only local man in the race was Elwood Russell who was re-elected to the State Assembly.

The Belleville Unit No. 105, American Legion Auxiliary, held its regular monthly meeting with Mae Steel, president, presiding. The unit was host to five Belleville High School students who had participated in the New Jersey Girls' State which was held in New Brunswick. The five honored at the meeting were: Doris Hatch, Doris Cohen, Emmily Beck, Alicia Brabban and Grace Telank.

Harry Specht, president of the Belleville Foundation, announced that the group had appropriated a sum of \$20,000 for the establishment of a high school scholarship fund.

Bethany Guild of Bethany Evangelical Lutheran Church held a Halloween social at the Recreation House. Mrs. Rudolph Luth, president of the guild, dressed as a sailor, and Mrs. Joseph Jordan, in a period gown, won awards for the funniest and prettiest, respectively.

Fifty Years Ago

Mrs. Elizabeth Gibson and Mrs. Edith Hirdes, representing respectively the high school and grade school system, were appointed to the Citizens' Relief Committee on the recommendation of Wayne Farmer, superintendent of schools.

demonstrated.

As Sen. McGovern edged his way through the crush of the enthusiastic, cheering throng into the banquet hall where he passed within two feet of me to shake the outstretched hand of a widely leashed matron the first thought that ran through my mind of how easy, despite the maximum of security of a full complement of high ranking local police personnel and the meticulous surveillance of the secret service officers assigned to protect the White House aspirant, it could be for a de-ranked zealot to whip out even a small caliber pistol and snuff out the life of a great man. Perhaps our candidates for such high office should not expose themselves and their security protectors to such danger.

Beckoned by Seymour Grossman, principal of Belleville Junior High School, who will be chairing the Democratic nominating Campaign Breakfast that Sun. at Parrillo's Restaurant, I took a seat at his table to observe the ceremonies and listen. O Sen. McGovern's eloquent and though provoking plea for support. On being introduced by the principal to two of his social studies teachers, Mr. Pat Forte and Mike Early, I was both surprised and pleased to learn that five of each of the two 9th grade civics classes of the local Junior High School had been permitted to attend the luncheon rally under the careful supervision of their instructors and the school principal.

The ten fortunate students were Nancy Skrutskie, Debbie Marchese, Regina Ritacco, David Ritacco, Denise Guerrero, Susan Radom, Gerdania Livo, Donald Murray, Charles Leone, Stephen Rozowski and Ed Ryan.

The pupils enjoyed a tasty chicken lunch and had the thrill of being "taped" by CBS TV cameramen who covered the affair. This type of advanced supervised instruction by qualified teachers contribute much to fostering a new generation of informed and intelligent citizens. I extend my compliments to the faculty for this improved type of indoctrination.

Anthony Imperiale, who was proclaimed Italian-American of the year at the North Ward Columbus day parade, took that occasion to make known his intention to run for Mayor of Newark in the next Municipal election in that City.

Many notables were among the throng including Pete Rodino, our long time congressman, until they were ushered out of our district. All of Belleville's Commissioners, I were there, except, our Mayor, Joe McGreevy.

In a previous column it was reported that the Secretary of the Local Planning Board received \$50.00 per month for ten months of the year. We regret that this column was misinformed on this matter. The Planning Board had included such a provision in its submitted budget, however. The Board of Commissioners, in its wisdom, deleted this item from the finally approved budget for the Planning Board, therefore, the salary was not paid. We regret the error.

The taxpayer's are grateful for the economy move.

After the recent article concerning Mr. Welsh's views about the fire exits at Parrillo's which he had raised questions about, I received a phone call from Tony Fierre, owner of the rectory suggesting that I permit him to conduct me on a tour of his popular spot to establish what he had done to meet fire safety requirements.

Having accepted his invitation, we met at the appointed hour and Mr. Fierre was most solicitous to convince me of his diligent effort to erase any doubt that fire or building code violations were existent.

It was apparent from my observations that new alterations providing emergency exit doors had been provided with a concrete outside stairway from a rather circuitous exit passage that led to the exterior of the edifice into a portion of the parking lot area.

The kitchen was immaculate and numerous heavy duty fire extinguishers were interspersed about. The owner assured me the personnel were well acquainted with the operation of the equipment. He also said that a conflict between State and local fire regulations caused the misunderstanding and that he accepted that the more stringent State requirements prevailed which actuated his additional exit meant those strict rules.

It is not within my province to make the ultimate determination as to the acceptability of these improvements meeting the statutory requirements, however, it does demonstrate a sincere effort upon the part of the owner to correct any shortcomings that might have existed.

I should recommend that as an outgrowth of this incident that a more vigilant system by both the fire and building departments of the town government be used to conduct a much more consistent and systematic set of examinations of all such places of public accommodation. This could eliminate any ugly and unpleasant situations such as this.

The V.F.W., Joseph C. Laibi, Post 6265 of 120 Belmont Ave., in the Silver Lake Section will stage a sumptuous Dinner dance on Nov. 4th, a Saturday evening at the popular Hawaiian Palms in Lyndhurst, N.J.

Scheduled for the same evening at the local Branch Brook Manor is a similar event staged by the United American Club.

Local political figure Jackie Rega, the popular Lemon Ice King, has a gripe. In fact, he has two. No. 2N He on the ticket Committee for the V.F.W. affair which prevents his attending the United American Club affair. He says he's sorry he's not ubiquitous.

No. 2 He claims President Dick Nixon who picked up a pumpkin at his corner during his 1968 campaign, promised he'd be back again for the 72 campaign to get a winner's pumpkin and hasn't put in an appearance yet. Who's the President of the United States to forget his pledge to Jackie. Belleville's figurative Mayor Delay?

Father how he voted on narcotics and pornography? The Democrat asked.

Here's what the record shows: Mr. Waldor co-sponsored and then served as floor leader in the Senate in getting New Jersey's dangerous substance act adopted. That act today is serving as a model for the nation. The law Waldor took through the N.J. Senate made penalties for drug pushers the most severe they've ever been in history. That's a fact.

Now how the devil can Minish have a clear conscience when he tells voters that Waldor is soft on drugs?

• **DID MR. WALDOR VOTE AGAINST** a bill prohibiting the public display of obscene material? Yes he did. And that vote was 31-1 just as Mr. Minish said it was. Unlike some of the other money measures, this obscenity bill did pass. We called Waldor personally on this one.

"My objection was and still is a constitutional one. I am not for the public display of obscene matter." Again, when Mr. Minish says Waldor is for pornography etc., is he being fair?

Waldor voted against a bill outlawing possession of explosives with intent to commit property damage. Waldor voted against an other bill to outlaw possession of firearms on college campuses. Friends, that's all true. But guess why?

The only reason I voted against those bills was because we already have laws prohibiting the possession of firearms - on a college campus or off a campus. We also have laws prohibiting the possession of explosives. . . I voted against those bills because they were designed solely to give their sponsor some publicity and good press. They were a duplication of existing law.

during this period that Minish quotes the attendance figures. Minish makes no mention of the 100 percent vote.

About the 844 missed votes. In New Jersey, the Legislature meets once or twice a week. During sessions, both the Assembly and the Senate schedule committee meetings. Minish is well aware of this method of operation in New Jersey. When important votes come up to the floor, the committee sessions recess and the legislators involved return to cast ballots. The 844 votes "missed" all came while Senator Waldor was at those sessions but in committee meetings (except during that period of hospitalization and the single meeting Waldor missed for some other reason during his four years in Trenton).

Attendance at every session but one in three years in hardly a poor record. Minish is distorting the facts. But get this next and more dramatic distortion.

**WALDOR IS FOR NARCOTICS** charges Minish. "Do you know that when the Senate voted 35 to 1 to increase penalties for narcotics pushers that I was absent?" Hughes, the guy who cast that one opposing vote?" Minish told the Belleville breakfast.

Forget what Minish says. Here are the facts we found:

Waldor was that "one" vote. But please note: the bill never became law. The Assembly never passed it and the Governor (now Democrat) never signed the measure into law. Why? Simply because of that one vote in the Senate. Yes, Mr. Waldor is credited as discovering a constitutional conflict. The point was picked up by Robert Wilentz, the Democrat majority leader in the Assembly and the bill was defeated.

Is it fair for Mr. Minish to tell the people that Waldor was the only senator to oppose a bill increasing penalties for drug pushers? Nutley Democrat Chairman and Mayor Carmen Orecchio (a Democrat) joined in the Minish smear against Waldor at the breakfast - a smear which has continued during the campaign in other spots. Gallagher noted that Waldor had his picture taken with Pope Paul during a visit to the Vatican.

I wonder if Mr. Waldor told the Holy

## Assemblyman Orechio Will Fight Proposals For 42% Credit Line

Assemblyman Carl A. Orechio (11-C Essex) today announced he is introducing a bill to place the New Jersey Legislature "squarely in opposition" to the National Commission on Consumer Finance recommendation to permit interest rate increases of up to 4.2% on small loans and consumer credit.

It defies the imagination, Orechio stated, "how an advisory body created under the 1968 Truth-in-Lending Act—legislation designed to protect the consumer—could make such a proposal. The working and disadvantaged people in our area have it tough enough to make ends meet now, let alone the prospect of an additional burden being imposed on those least able to pay." The Commission proposed that states regulating interest rates permit banks, finance companies and retailers to charge: 1. 4.2% credit charges or interest on transactions or loans between \$100 and \$300. 2. 21% on amounts between \$301 and \$1,000 and 3. 15% on amounts over \$1,000.

Another recommendation was to permit any interest rate that is not "unconscionable" on loans and sales under \$100. This would leave it to the courts to determine what is "unconscionable." Conceding lenders the right to receive "slightly higher interest rates from high-risk borrowers, those with poor credit records."

## Ed Advisory Council Meets

The first meeting of the Belleville Educational Advisory Council was held September 18 in the Home Economics room of the High School.

President of the Council, Pat Barbone, welcomed all of the members and asked Ernest Arvidson's General Shop Committee to give their report.

In Arvidson's report, his committee suggested that all high schools students have a working knowledge of the methods of building construction, electric house wiring, plumbing operation and care of appliances etc. since these are every day necessities.

The Committee expressed the view that the non-college student should have available to him an opportunity to learn of the thousands of vocations open to him and to the rewards that he can expect in these vocations.

# We Need Joe Minish in Congress

## HERE'S WHY

For 10 years Congressman Joseph G. Minish has been a diligent, full-time Representative in Washington. He has served faithfully and with an integrity which has earned him the deep respect of the entire House of Representatives. Minish has a voting attendance record of 99.8 percent.

Now he is being opposed by a man whose record in the New Jersey State Senate shows that he does not belong in the House of Representatives. His record, not voting 30% of the time, is unchallengeable; it speaks for itself.

### DRUG ABUSE

Milton Waldor was the *only* state senator out of 36 voting, to cast a NO vote on bill S-335 which provided for a minimum penalty of two years and a maximum sentence of life imprisonment for any person who induces a child to transport illicit narcotics.

Waldor, with only one other state senator, voted NO on bill S-337, increasing penalties for drug pushers who sell to minors.

Waldor, with only one other of the forty state senators, voted NO on bill S-336 which prohibits suspended sentences to persons convicted of manufacturing illicit drugs.

Minish has been a leader in the fight against narcotics and he sponsored legislation, now law, to cut off all foreign aid to countries which directly or indirectly assist in the shipment of illicit drugs to the United States; he also supported the Drug Abuse Act of 1968, stiffening penalties for drug peddlers.

Milton Waldor's Record On

Joseph Minish's Record On

### ANTI-CRIME and SAFE STREETS

Waldor voted NO on bill S-710 which outlaws the use of explosives with the intent of injuring persons and/or property, and provides for increased penalties for such violations.

Waldor was the *only* state senator out of 36 voting, to vote NO on bill S-448, establishing full-time prosecutors in New Jersey. He *refused* to support measures making the possession of Molotov cocktails a crime. Also, he refrained from supporting measures which would prohibit students from carrying firearms on campuses; and providing funds for police training to cope with the narcotics traffic.

The spread of crime has caused Minish the gravest concern and he has supported *every* anti-crime measure to come before Congress during his ten years service in the House.

Minish has favored improved benefits for police killed or injured in the line of duty, and he has been the proponent of more federal aid to local police departments.

### OBSCENITY

Waldor was the *only* state senator to vote NO on bill S-2198 which prohibits the public display, posting and the public voicing of pornographic material.

Waldor failed to vote for bill S-2197 which would prohibit the sale of obscene material to persons under the age of 18, just as he failed to vote for bill A-162 which would create a commission to study obscenity and depravity in the public media.

Minish sponsored the bill prohibiting the mailing of obscene matter to children under 16 as well as the mailing of unsolicited hardcore pornography to any family with children under 16.

### VOTING ATTENDANCE RECORD

Milton Waldor's *voting* attendance record in the State Senate has been appalling. In 1970, he failed to vote on over 39% of the bills presented. In 1971, it was over 30%, and this was his average over his four-year term.

He was not present or failed to take any stand whatever on such vital measures as flood relief, senior citizen aids, tenants' rights, and consumer and environmental protection. Waldor missed a total of 844 votes during his 4 years as a State Senator.

Congressman Minish's record of attendance in the House is unsurpassed by any other member. In the 91st Congress he was present and voted 99.8 percent on all measures to come before that body; and, in the 92nd Congress (1971-72), his percentage was 98.2 percent.

Minish co-sponsored the latest 20 percent increase in social security benefits and also introduced legislation to tie future social security benefits to the cost of living. Also, he sponsored a measure which would provide medicare payment of prescription drugs.

Minish originated legislation to extend the freeze on rents and a bill which would permit localities to institute rent control programs. And he steadfastly fought to secure decent housing for the elderly.

Minish sponsored bills to increase tax exemptions, to provide tax credit for college tuition, and to end tax loopholes.

Minish has unceasingly fought for modern mass transportation through federal aid. And, he was the first congressman to sponsor legislation providing for the federal government to assume the burden of the welfare system, thus relieving local governments of a responsibility that has become increasingly burdensome to the taxpayer.

The Congressman has a perfect record supporting veteran benefits, including pensions, disability payments and educational opportunities.

Milton Waldor's Record On

### BUSING

Milton Waldor has tried to distort Congressman Minish's record against busing in an apparent attempt to cover up his own failings on the same issue.

During his four years in the State Senate, Milton Waldor never once voted against busing; he never once sponsored a bill to prohibit busing; and, he never spoke out against busing.

Waldor's record is empty as contrasted with Congressman Minish's performance.

Congressman Minish is, and always has been against busing of children to achieve racial balance in schools. He has consistently and effectively supported measures designated to upgrade all school systems.

There has been one direct vote on busing before the Congress—it was: H.R. 13915 (1972) The Equal Educational Opportunities Act—the basic aim of which was to restrict busing. Congressman Minish voted in favor of such restrictions. The vote is recorded on Page H 7883 of the Congressional Record dated Aug. 17, 1972. This fact cannot be disputed.

Waldor's Windup:  
Busing, Welfare Mess  
Chief Suburban Issues

Milton A. Waldor, Republican candidate for Congress in the 11th District, today listed "school busing to achieve racial balance, the need to correct the national welfare mess, and the Minish record of inaction in Congress" as the chief issues facing the voters in Nutley and Belleville in Tuesday's Congressional election.

At the same time, Waldor predicted victory in the newly drawn 11th District for the national Republican ticket of himself, President Nixon and Senator McGovern, because "the voters of this district are very much committed to the need for responsible government."

"The Minish-McGovern approach to government is one of big spending, big taxes and big government as the answer to all our national problems," said Waldor.

"The American people and in particular the voters of the new district, are certainly not in accord with these discredited concepts."

Nowhere is this more dramatically evident than in the national welfare mess, created by a succession of Democratic Congresses in which my opponent, Representative Minish, has been an unwavering part of the majority," Waldor declared.

"My opponent also remained a staunch part of the McGovern group in Congress when, last November, he voted on four separate and distinct measures, each time in favor of school busing to achieve racial balances in schools," Waldor said.

"In the face of the concept of neighborhood schools, and local autonomy in the control of these neighborhood schools.

"Any attempt on his part now to alter his stance on that issue is strictly a result of the change in the lines of the 11th District, which has made a predominantly suburban district out of a district that had been mostly urban."

As to the Minish record in Congress, Waldor noted: "In ten years in Washington, all of them as part of the majority, he succeeded in getting only one bill passed. The other 140 which he introduced disappeared in committee, a remarkable record of inaction for a member of that majority."

Waldor said also that a key part of his own campaign is his proposal of a program of tax credits, in the form of income tax deductions, for parents who must bear the expense of sending children to college, or to private or parochial schools. "We cannot allow the cost of college to become so burdensome that only the wealthy, or those in the poverty category receiving government support, can afford a higher education," he said.

"Nor can we permit our parochial and private schools to go down the drain."

After War Is Ended,  
We'll Still Have Problems

(The following statement to Essex voters is Paul J. Krebs, Democrat candidate for U.S. Senate.)

Whether our active participation in the Vietnam War is halted in 90 days after the election, as Senator McGovern has promised, or within a similar or indefinite period if President Nixon is reelected, it is important to this degree: the war should be ended.

It will be over because the vast majority of Americans no longer support a military action that has taken 20,000 lives each week.

Our people are tired of war. They have come to realize its continuation increases the problems at home, which are felt in all areas and at all levels of our society.

Problems cry out for solutions, and we cannot begin to solve them if our leaders in government are preoccupied with winning a war that just cannot be won on the battlefield.

Our people are taxed for a military budget beyond their ability to pay and maintain their normal level of living.

They see their tax money wasted for no useful purpose while our cities erode into slums; no workable drug program is found; wages are frozen while prices increase, particularly the prices of meat and other food products; unemployment rises; our senior citizens are in dire financial straits, caught between a fixed income and inflation; our transportation system is the worst of any modern nation; the streams, ocean shore lines, and air are polluted to a dangerous level; and, among many other worsening problems, our education and medical requirements are not being met.

Beyond these problems there exists a cynicism and distrust of government officials brought on by a lack of leadership in both the Congress and executive branch of our national government.

The people of New Jersey with good reason distrust city and state officials. For too many leaders have betrayed the trust placed in them.

Paul J. Krebs

Klimaski's Top Goal:  
Guaranteed Pensions

"Senior Citizens, like many other segments of our society, are being robbed of their dignity and humanity," stated Jim Klimaski, People's Party candidate for Congress in the 11th District. "They are all too often victims of unjustifiable neglect and growing poverty."

"For most Americans, productive activity is curtailed at 65 years of age and our senior citizens are then forced to live on fixed income alone. I oppose mandatory retirement on the basis of age alone. Discrimination against older workers must end. If for some reason an older worker cannot work at the same type of job as before, then other jobs should be opened to them. The vast talents of our experienced older workers must not be wasted."

"With regard to retirement income," Klimaski continued, "a guaranteed, insured pension program must be the top priority of the new Congress." Klimaski has proposed that these guarantees should also include the opportunity to change jobs without any loss of pension credits.

County Reform  
Urgently Needed

Democratic action by the Essex County Board of Freeholders in filling an elected Board seat with an appointee, Sam Angelo of Nutley, who did not stand for election shows the urgent need for reform of county government, Republican Freeholder candidate Helene Kaplan charged during a week of campaigning.

Mrs. Kaplan said the action by the Democratic majority members of the Board actually reversed what the people of Essex voted for in 1969 when they elected at the polls a former Republican to the seat.

"Never has the time become more pressing for reform of our county government than it is today," Mrs. Kaplan told crowds as she walked through shopping centers and attended house parties which urged a GOP victory on Nov. 7.

"When Essex Democrats candidate who is to serve on the County Board of Freeholders without even holding a public election then I say it is time for the people of Essex to decide that there are going to be some changes made," Mrs. Kaplan said.

Minish Cites  
Missed Votes

Congressman Joseph G. Minish today drew a comparison between his own and his opponent's record on the issue of "respectability in office."

Minish pointed out that his opponent in next week's election, "was absent for 844 votes during the four years he served in the State Senate."

The Senate Journal, the official publication of the N.J. State Senate, Minish said, "shows that Milton Waldor missed 154 votes in 1968. In 1969, he missed 147 votes; in 1970 he missed 318 votes; in 1971 he missed 225 votes."

Dodd Urges:  
Offset Taxes  
With Surplus

"Now that revenue-sharing is at long last upon us," declared Senator Frank J. Dodd (Dem Essex County), "our mayors and city councils should not hesitate to reduce property taxes. I sincerely hope that our mayor's will not pass up this opportunity to reimburse those citizens hard pressed by property taxes. Revenue-sharing," Dodd continued, "should not be looked upon as a windfall. It is not an invitation to wide open spending by government officials."

"I hope," Dodd commented, "that local officials are responsible enough so that a committee of three members doesn't suddenly explode into a 15 man army - a small program doesn't become a major project."

Minish said that Waldor missed important votes to assist senior citizens by providing them with half fares on public transportation lines, to strengthen pollution controls, to bolster consumer protection laws, to protect tenant's rights; and to provide food control assistance to communities in Essex County.

"It must be noted," Minish said, "that when Mr. Waldor was in the State Senate that body met only once a week. Yet he still managed to miss the incredible total of 844 votes in four years."

In contrast Minish pointed to his own voting attendance record which is one of the best in the entire Congress. Over his ten years in the Con-

Who lowered the Essex County  
tax rate?

**THE DEMOCRATS**

For the first time in modern Essex County history, despite runaway inflation, rising costs in government throughout our state and nation, the Democratic majority on the Essex County Board of Freeholders in 1972 reduced the Essex County tax rate. This means savings for hard pressed homeowners and rent payers throughout the County. Let's look at the record—the record compiled by the New Jersey Taxpayers Association. Essex County produced the best budget of any of the 21 counties in New Jersey during 1972. Essex has the lowest percentage rise in the overall budget of any county, 8.2%. Compare this rise with Union County, 17%; Monmouth County, 13.6%; Ocean County, 24.4%; Sussex, 21.5% and Bergen, 10.7%. It's proof that the Democrats work for you.

Who improved County services?

**THE DEMOCRATS**

The Democrats restored medical accreditation at Overbrook Hospital now the Hospital Center, the largest county-operated mental institution in the nation. The Republicans, through neglect, lost the accreditation, the Democrats regained it. The Democrats turned a Republican white elephant, Soho Hospital in Belleville, into a full capacity hospital for the aged ill and through medicare and Medicaid payments, are operating this hospital at an even lower cost for all citizens.

Who has moved Essex County  
forward?

**THE DEMOCRATS**

The Democrats have established the Essex County Improvement Authority to provide new transport, parking, solid waste removal and pro-environmental facilities through revenue bonds, at no expense to Essex taxpayers. The Democrats, over Republican opposition, authorized and completed the first independent cost analysis study of Essex County operations, leading to millions of dollars in savings.

Who preserved Essex County's  
financial rating?

**THE DEMOCRATS**

Standard & Poor, the nation's oldest and most respected financial credit rating institution, has placed an AA bond rating on Essex County, the highest enjoyed by any county in the state. This means confidence, confidence in the Democratic majority.

# WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

## Tri-Towners Participate In National Observance

Tri-Town Business and Professional Women's Club of Belleville, Bloomfield, and Nutley, New Jersey, Inc., celebrated National Business Women's Week by having exhibits in the Bloomfield, Bloomfield and Nutley Public Libraries promoting the National theme of "Women Helping Women."

The three exhibits told how Tri-Town B.P.W., through scholarships and typing awards, baby-sitting courses, and by supporting legislation to help women gain equal employment rights, has been helping women.

Miss Elsie Ciccone, Miss Margaret Mostica, Mrs. Almer Ruten, and Miss Eleanor Storer set up the exhibit in the Nutley Library. Mrs. Margaret Keckisen and Mrs. John Westcott set up the exhibit in the Belleville Library, and Mrs. Dolores Robertello and Mrs. John

Westcott set up the Bloomfield exhibit. Dr. Phyllis Z. Boring, associate professor of Spanish at Rutgers University, New Brunswick, and president of the Women's Equity Action League in New Jersey, spoke on "What You Have Always Wanted to Know About Sex Discrimination in Employment and Were Afraid to Ask" at the National Business Women's Week Dinner, co-sponsored by the New Jersey Federation of Business and Professional Women's Clubs and its Past President's Club, on October 20 at the Ramada Inn in East Brunswick.

Mrs. Dorothy Mery of Rutherford, director of the State Office on Women and head of the newly created New Jersey Talent Bank for women presented a special "Salute to Women." Members of Tri-Town attended the dinner.

## Auction Will Highlight Fairtown At St. Paul's

One of the highlights of St. Paul's Fairtown will be the Auction, at 8 p.m. on November 15. It will follow a gourmet chicken dinner served by the Guild Ladies of the church.

The most exciting item to be auctioned will be the "Mola" donated by Mr. and Mrs. John Duerk. The Mola was made by the Cuna women of the San Blas Islands in the Archipelago that stretch along the Isthmic Peninsula for about 200 miles off the coast of Panama.

The designs are created in a unique, hand sewn stitchery and depict objects or scenes traditional in the Cuna-In-

dian culture. A Cuna girl learns this craft at an early age and is expected to have a dozen or more in her wardrobe before she marries.

As tourism flourishes in the Islands, it is feared profound changes in the Cuna culture will endanger the making and preservation of the art form Molas.

In addition to the Mola art work, many other specially chosen items will be auctioned including pieces of furniture, handwork, and new items purchased by the Guild. Reservations for the dinner may be made by calling 667-2682 for either the 5:30 or 6:45 seating.

## Local Resident Student Teaching In Wisconsin

The Student Teaching Division of the University of Wisconsin-Superior announces that Mark E. DiFrancesco, son of Albert

DiFrancesco of 12 Rutgers Place, is student teaching in the social science department of the seventh grade at McCaskill School, Superior.

Mr. DiFrancesco is a senior majoring in social science. He is a 1969 graduate of Nutley High School.

Miss Louise Horman

## Miss Kuechler Will Marry Fernando Mora

Mr. and Mrs. Michael Salerno of 104 Fairway Avenue announce the engagement of their daughter, Denise Connie Kuechler to Fernando Raphael Mora, son of Mr. and Mrs. Nicholas Mora of Clifton.

Miss Kuechler, a graduate of Belleville High School, is a secretarial stenographer with New Jersey Bell Telephone Company, Newark.

Mr. Mora, an alumnus of Passaic High School and Metropolitan Technical Institute School of Electronics Technology, also attended New York School of Music and is an installer with New Jersey Bell.

The wedding will be held in November of 1973.

## Miss Miglionico, L.E. Trelease Are Engaged

Mr. and Mrs. Anthony Miglionico of 314 Division Avenue, Belleville, announce the engagement of their daughter, Linda Diane to Lawrence Edward Trelease of Irvington, son of Mr. and Mrs. Edward Trelease of Budd Lake.

Miss Miglionico, a graduate of Belleville High School, is a secretary with Fidelity Union Trust Company, West Caldwell.

Mr. Trelease, an alumnus of St. Peter's High School, New Brunswick and Seton Hall University, South Orange, is also with Fidelity Union Trust Company.

The wedding will be held September 8, 1973.

## Louise Horman, James Laabo Are Engaged

Mr. and Mrs. Wayne Horman of Port Washington, Wisconsin, formerly of Belleville, announce the engagement of their daughter, Louise to James V. Laabo, son of Mr. and Mrs. Vernon Laabo, also of Port Washington.

No wedding date has been set.

## Local Residents On Honors List

Juris Lazdins of Belleville and Boris Mangolds of Nutley have been placed on the Honors List for the spring semester at Teaneck-Hackensack campus of Fairleigh Dickinson.

## Avath Achim Sisterhood Meets Tuesday

The next meeting of the Sisterhood of Congregation Avath Achim of Belleville will be held on Tuesday, November 7th, at 8:00 p.m. in the Sisterhood Hall of the Congregation at 125 Academy Street, Belleville.

The program will be a demonstration of the Art of Liquid Embroidery by Mrs. Rose Cobianchi, a Belleville resident. The new art form is a result of a product produced by Tri Chem Company of Belleville.

Sisterhood members will be instructed in the application of liquid embroidery and will actually participate in making a patch quilt.

Mrs. David Schreier is in charge of the program. Mrs. Morris Berkowitz and Mrs. Irving Garson are in charge of refreshments. Mrs. Morris Kline is president of the Sisterhood.

## Fall Church Social Set At Mt. Carmel Church

Plans are under way by members of all the combined organizations at Our Lady of Mt. Carmel R.C. Church for the annual Fall Church Social. There will be dancing and dining and fun is guaranteed for all. Music will be by Joe Dal and food will be served buffet style.

Anyone interested can contact any member of a church

## Oratorio Society Will Observe Twentieth Year

Twenty years of service to the community in choral music will be observed by the Oratorio Society of New Jersey at its performance of Haydn's "The Creation" on November 12. Under the direction of Nixon Bicknell, the group will sing at First Congregational Church in Montclair at 4 p.m.

Originally founded in Montclair in 1952 under the auspices of Clarence Snyder, then organist at First Congregational Church, the Oratorio Society of New Jersey has brought at least two performances of great choral music annually to the New Jersey public for the past 20 years.

Many previous members have returned to participate in this festive concert. Those from Nutley are Stella Velicky, Martha Newman, Martha Serviente, Robert Eldridge, Thomas Kenney, and A.L. Schulerud. In addition, members of the First Congregational Church choir will also sing. Soloists for the concert are Calvin Matzke, bass; Frederick Weidner, tenor; and Sandra Bicknell, soprano.

First Congregational Church is located at 68 South Fullerton Avenue at Plymouth Street, two blocks south of Montclair center. Admission is free and all are cordially invited to attend.

group or call 667-2634 after 5 p.m. Date: Saturday, November 18, in parish hall. Time: 7:30 p.m.

The Alliance Francaise of Montclair will be addressed on Monday, November 13, at 2:30 p.m. at Saint Luke's Parish House, 73 South Fullerton Avenue, Montclair, by Dr. E.E. Raul, former president of the Alliance Francaise in Dakar. His talk on "Martinique, Pearl of the Antilles" will be illustrated with slides.

On Wednesday, November 8, at 10 a.m., those interested in reading and discussing French literary works will meet as usual in the French corner of the Montclair Library, 50 South Fullerton Avenue, under the guidance of Mrs. Otto Lienhard.

The conversation course of Mrs. Germaine Cressey will start on Wednesday, November 29, at 1:30 p.m. at the home of Mrs. Rene Genet, 36 Hawthorne Place, Montclair, Apt. 67. The monthly "causerie" under the guidance of Mrs. E.W. Nelson, will follow at 2:30 p.m. The subject of the day will be "Afin de mieux nous connaître, parlez-nous de vous."

For information concerning membership in the Alliance, please call Mrs. Joseph Varkala (746-4377) or Mrs. Monicla Djordjevic (746-6918).

## Steam Locomotive Ride Intrigues Yantacaw Youth

The Unit A children in Mrs. Marie Bigley's, Mrs. Bernice Paschal's and Miss Irene Weyer's classes at Yantacaw School, with their class mothers and interns, boarded on a beautiful fall day en route to Whippany.

The autumn scenery was a delight to the riders, as well as the arrival at Whippany. There the children experienced an hour and ten minute ride, at twelve miles per hour speed, along the tracks to Roseland on a steam locomotive.

## Miss Denise Marie Carbone Bride Of Robert John Scalia

Miss Denise Marie Carbone, daughter of Mr. and Mrs. Anthony Richard Carbone of Newark and Robert John Scalia of 52 Crescent Terrace, Belleville, son of Mr. and Mrs. John Scalia of Silverton, exchanged wedding vows October 22 in Sacred Heart Cathedral, Newark.

The Rev. Kevin Kortina performed the ceremony with a reception following at Chanticleer, Millburn.

Escorted by her father, the bride wore an ivory satin gown by Galina with a front panel of sea pearls and scalloped "peau d'ange" lace appliques. The neckline was Victorian with long tapered sleeves and a full chapel train. Her headpiece, a matching Juliette cap, held an illusion veil.

Miss Marietta Intonti of Newark was maid of honor. Bridesmaids included Miss Geraldine Norulak, Miss Nancy Reilly, Miss Janice Salvato of Newark and the bride's cousin, Mrs. Robert Schmidt of Livingston. Flower girls were the groom's nieces, Stacy Adabuto of Belleville and Susan Scalia of Massachusetts.

Dennis Adams of Newark was best man. Ushers were Lenard Caposienna and Nicholas Striglia of Newark. Thomas Rossi of Bloomfield and Mr. Schmidt, Ringbearer was the bride's cousin, Emil D'Alessio of Kearny.

Mrs. Scalia, a graduate of Barringer High School, is a teller with First National State Bank.

Mr. Scalia, also an alum-

## Legal Secretaries Meeting Tonight Will Honor Bosses

The Essex County Legal Secretaries Association will pay homage to their "bosses" at their annual Bosses Night to be held at the Rock Spring Inn, West Orange, on Thursday, November 2, at 6:30 p.m. Highlight of the evening is the crowning of the "Boss of the Year."

Miss Frieda Abramson is a committee co-chairman of the affair.

## Local Teens Invited To Enter Pageant

Young ladies of this area are invited to enter the Miss New Jersey Teen-ager Pageant to be held at the New Brunswick Holiday Inn, North Brunswick, New Jersey, June 15, 16 and 17, 1973. The Miss New Jersey Teen-ager Pageant is the Official State Finals to the Miss National Teen-ager Pageant to be held in Atlanta, Georgia, September 1, 1973.

The invitation was issued this week by Mrs. Sybil Shaffer, Executive Director of the Miss New Jersey Teen-ager Pageant. The reigning Miss New Jersey Teen-ager is Jeanette Pisano of Somerdale.

Contestants will be judged on scholastic achievement, leadership, poise, personality, and beauty. There is no swimsuit or talent competition.

The winner of the Miss New Jersey Teen-ager Pageant will receive a scholarship, other prizes, and an all-expense paid trip to compete in the Miss National Teen-ager Pageant.

Contestants must be between 13 and 17 years of age as of September 1, 1973.

Any teen-ager interested in entering the Miss New Jersey Teen-ager Pageant may write for further information to Mrs. Sybil Shaffer, 215 Piedmont Ave. NE, Atlanta, Ga. 30312, or call area code 404/659-4610 or 404/659-8964.

## You And Your Pet Sleeping Accomadations

By Raymond Minor, D.V.M.

If your pet dog or cat is constantly taking a nap on your living room sofa, your favorite television chair, or some similar cozy place around the house you may have no one to blame but yourself.

Your pet will be just as happy with a cardboard box lined with a comfortable cushion. Provide two washable covers to insure cleanliness at all times.

Whatever type of bed you provide, it should be elevated several inches from the ground. Floors are drafty! Also, select a secluded place well away from the regular traffic areas in your home.

Your cat may have his own ideas about where he wants to sleep and you will have to train him to sleep in his bed. If you have a young kitten, try to get him used to his bed one day or two after you bring him home before you begin training. Give him time to adjust to his new surroundings. If the kitten doesn't discover his bed, place him in it and pet him.

If the kitten insists on sleeping somewhere else, consistently and firmly remove him from his self-chosen spot and place him in his bed. He will learn to use it.

Depending upon the allotment of space, location and the personality of your pet, it may be helpful to consult a local veterinarian when making your final selection for pet housing.

DR. MINOR REGRETS THAT HE IS UNABLE TO PERSONALLY ANSWER LETTERS FROM PET OWNERS. HE SUGGESTS THAT READERS CONSULT THEIR OWN VETERINARIANS WHEN THEIR PETS HAVE PROBLEMS.

## Some insurance companies say they give you "on-the-spot" claims service.

You'll do better to leave on-the-spot work to your favorite dry cleaner.

Because "on-the-spot" claims service for car insurance can mean you are on the spot to settle your claim at somebody else's price.

If you want to get paid fairly as well as fast, let us handle your insurance.

We'll help you make a thorough assessment of damage, determine the full amount of your loss, and then speed settlement of your claim. Which is just one reason why people come to us for their car, home and business insurance.

Jose F. Penicet of Belleville, also of the College of Science and Engineering, has been placed on the Dean's List at the same institution.

## Loose Mulch Helps Newly Seeded Lawn

You can improve your chances of success with a newly-seeded lawn by using a suitable mulch. Such a mulch will the establishment of a new lawn, especially one that's seeded late, advises William F. Munk, senior county agricultural agent of Essex County.

The quicker growth starts, the better the new grass plants can withstand late season problems. Also, a mulch will help protect the new seedlings from winter injury.

Mr. Munk favors a mulch particularly when the soil is dry or other conditions are unfavorable. Besides keeping the surface moist, mulch reduces erosion on slopes, reduces weed growth, and in general creates conditions that help grass seed sprout more uniformly and rapidly.

Mr. Munk likes straw for mulching because it has a fine texture and generally contains little weed seed. Grass hay and straw, if they are free of weeds, also are desirable mulches. So are burlap, cheesecloth and similar materials.

Spread the mulch to cover uniformly and thinly. A large bale—about 100 pounds—is enough for an area of 2,000 or 2,500 square feet.

To keep mulch looking fresh all week, apply a coat of sealer every day or two.

Try a darker shade of flake on an upper lip; or use same color on both, with frosted glass over color on lower lip.

One famous model recommends a whipped-cream facial. Whip fresh cream and spread on face, rubbing it in. Rinse off with tepid water, followed by soap.

Deal tips: don't sit down to a meal, ravenously hungry. Dull your appetite first with a cup of consommé, or celery stuffed with cottage cheese.

## Garden-School Is Recipient Of Reading Skill Building Kit

The Essex Child Development Center-Garden School in Belleville has been selected as the recipient of a valuable educational gift by Leonard B. Weiss of West Orange, agent for The Travelers Insurance Companies in this area.

The gift is a Reader's Digest Reading Skill Building Kit, consisting of 60 books designed to enhance reading skills of students in the first four grades. The Travelers has purchased the kits from Reader's Digest and is awarding them to its leading life insurance agents for presentation to the school of their choice. Mr. Weiss is one of the leaders.

There has been warm acceptance of the program, according to John J. Byrne, senior vice president of The Travelers. "The chance to help a local school seems to appeal more to our agents than receiving a personal gift," he said. Reader's Digest Skill Builders are used by more than 150,000 educators across the nation and have received high praise from teachers, students and parents. They are published by The Digest's Educational Division.

**Do this even if the leaves**  
and stems of your phenies look pretty good and show no signs of disease. If you should decide to leave the dead stems where they are and if you could look at them through a microscope during the winter, you might be surprised. Mr. Munk says, "You'd probably see the little fungus as a microscopic web inside the leaf and stem."

Look again after the first warm weather in spring you'd see millions of spores or seeds of the fungus on the surface of the dead plant parts.

But you won't need a microscope to see the damage these spores can do. Rain splashes and scatters them, and if one lands on a peony flower bud the bud may become blighted.

So it's a case of cleaning up the peony bud now if you hope for flowers you'll be proud of next spring.

Hold the presses, have a complaint. What resident in the Passaic Avenue and Emmet Street area is letting their dogs loose early in the aye-m when their barking annoys all...

Welcome back to Nick and Florence Juliano who toured Sunny Spain. Welcome back to Harold Widman, Director of Public Relations at Clara Maass Memorial Hospital who was abroad a bit...

Congratulations—it's a girl! Proud parents are Tony and Sharon Bencivenni, who is the owner of the Villa Italia. The couple have given their two year old daughter Justine, a sister named Rosemarie.

Plans are in full swing for the St. High School and School Association Card Party to be held at the school on November 29th. The theme is "Winter Wonderland" and all parents are asked to contribute their trading stamps and please, bring in for tickets ahead of time so arrangements may be made properly. You may receive tickets by calling Luelle Gaciewicz at 759-7632. A fashion show by the CP center is planned.

I'm always saying that volunteers are needed in many areas. It's nice to be needed and whatever little help is given is so appreciated. Belleville District, Essex Chapter, American Red Cross will hold a program honoring their volunteers on October 26th at the KC Hall.

Lions Club president Les Demler tells me of the new members who recently joined, welcome to Jim Cozzarelli, Jr. of the Irvine Funeral Home, Andy Colaninelli, Jr. of Modern Millwork and Supply, Joe DeBacco, DeBacco Sports and Pat DeFalco, Mid-state contractors. The club held their annual golf tournament on October 25th at Valley View in Hanover.

Prints by Carol Yudin will be exhibited November 3-22 at New Gallery, St. Thomas Aquinas College in Sparkill, New York. Carol sure gets around.

Essex County Elementary Principals held their Annual Fall Conference at School #7 on October 19th. Mrs. Viola Spray welcomed the group. Mike Rosamilia, Assistant Superintendent of Essex County, and expressed pleasure at Belleville playing host. Speaker was Mr. Roy Cosgrove, chairman of the NJEASP, with Joseph DiStefano, Research Division of the State Department of Education informing the principals of the services provided by the Center for Educational Technology in Paramus. Officers of the ECEP are: president—Joe Grosch, vice president—Ken Groves of East Orange, secretary—Matt Boccia of Orange and treasurer Robert Davies of Cedar Grove. Refreshments were served by OPE (Organization of Parents and Educators of School #7), next meeting at OPE will be November 13th at which time the parents will meet BOE members, visit classrooms, etc.

Congrats to Joseph and Joyce (Hundertfeld) Barrett, the couple welcomed Lynn Suzanne to the family, older sister is Jill 3 1/2, maternal grandparents are Mr. and Mrs. Carl Hundertfeld.

H&G manufactures complete lines of professional and consumer paint brushes, rollers and accessories.

Eyerkuss, who has been with H&G for 17 years, served most recently as sales/service manager.

A Marine veteran, Eyerkuss is 35 years of age and resides in East Hanover, with his wife and two children.

## He's Selected ADA Official

Thomas J. Hahn, president of Clairmont Cadillac Corp., Montclair, this week is being installed as secretary of the New Jersey Automobile Dealers Association, the trade association representing New Jersey's \$2.14 billion automobile retailing industry.

Hahn is being installed at the 54th Annual Business Meeting and Convention of the NJADA which begins today and continues to November 1 at the Princess Hotel here. Some 600 New Jersey auto dealers and their wives and representatives of allied industries are attending the meeting. NJADA represents some 90% of New Jersey's franchised new car dealers.

New car dealers in New Jersey account for some 15% of the State's retail activity. Total sales by the State's 880 franchised new car dealers this year are expected to exceed the \$2.14 billion figure. This includes new and used cars as well as service and parts.

## Petroski Is Fined For Eluding Cops

Edward Petroski, 19, of 48 Tappan Avenue was fined \$15 plus \$15 in court costs by Judge Edward Abramson, October 25 in Belleville Municipal Court after pleading guilty to a charge of attempting to elude a police officer.

Petroski was arrested September 30 by Officer Joseph Simonetti of the Belleville Police Department.

## News Review Of Business, Industry

### Post Office Sets Overseas Mail Deadline

Newark Postmaster Joseph J. Bonucci said parcels may be sent to servicemen anywhere in the world by using PAL (parcel airtel) or SAM (space available mail). Weight is limited up to 30 for PAL and 15 for SAM and should be so identified to avoid heavy charges on parcels to servicemen at prevailing airmail rates. Deadline for regular overseas mail is November 11.

Mail Sam packages to the Far East by November 20; for PAL packages by November 27.

## Reports Shows Census Data

The release of "New Jersey Population Report" containing census counts and official State estimates of population for every county and municipality in New Jersey was announced today by Henry A. Watson, Director of the Office of Business Economics, Division of Planning and Research, N.J. Department of Labor and Industry.

Watson said the report also provides projections of the State population at five-year intervals from 1975 to 2000.

In addition to 1960 and 1970 census data, the report includes 1971 official State estimates of population by county and county. The tables also list the area of each municipality and the population density for the census years 1960 and 1970.

Of particular interest to users of population statistics are the revised 1970 census figures presented in this report. Data released by the U.S. Bureau of the Census in official publications are original counts only and do not reflect corrections made on the basis of later information. This report contains both the original and the revised 1970 census data for each county and in municipalities.

A highlight of the report is an article by Watson, which discusses many of the facts and changes in the State's population. He points out, for example, that:

New Jersey is the eighth largest state in population, but fourth smallest in area. New Jersey is the most densely populated state with 957.2 persons per square mile.

With less than 4 persons per square mile.

New Jersey's men are losing ground. In 1960 there were 99.1 men for every 100 women, but in 1970 the ratio slipped to 93.7 men for every 100 women.

New Jersey's present population is a little over 7 million, but it will exceed 10 million by the year 2000.

### DeWitt Starts 'Holiday Club'

Robert M. Williams, President of DeWitt Savings, has announced that starting November 1 the Association will inaugurate a special Holiday Club that will permit savers to accumulate funds for Holiday gifts.

The Club will be a 50-week savings plan paying 3% in dividends on fully committed Holiday savings books.

One, three, five and ten dollar plans will be available with a special fifty cent one for the under-14 age group to encourage thrift among the youth of Belleville.

"A free gift will be offered to each person starting a Holiday Club", Williams said. Any teller at DeWitt will be pleased to provide additional information or help interested individuals in joining the Holiday Club.

The Transportation Bond Issue—Public Question 1 on the ballot—is a real travel bargain for New Jersey taxpayers. If the \$650 million bond issue is approved, the Federal Government will pour an additional half-billion dollars into the State to further improve our transportation network, particularly mass transit facilities. And our share of the total will be paid for out of gasoline and other highway-user taxes already being collected. Isn't it about time we close the gap between the tax dollars New Jerseyans pay out and what we get in return?

### SIX GOOD REASONS TO VOTE "YES" FOR THE TRANSPORTATION BOND ISSUE

**A BALANCED PROGRAM**  
The \$650 Million Transportation Bond Issue is designed to guarantee that our State will have adequate funds right now to continue development of programs that will produce an efficient, balanced system in which modern highways, modern trains, modern buses, and modern air facilities exist side by side.

**DOUBLE THE MONEY**  
The Federal Government and other agencies will match New Jersey's effort with hundreds of millions of dollars in additional aid that will provide transportation benefits worth double the \$650 million investment.

**MORE JOBS AND BUSINESS**  
Approval of the bond issue will mean more jobs and a stronger economy for New Jersey. Economic growth will also provide new tax dollars to underwrite other public needs.

**GET WHAT YOU'RE PAYING FOR**  
New Jersey residents spend hundreds of millions of dollars each year on gasoline taxes, licensing fees, and auto sales taxes. The taxes we already pay are more than enough to pay for the bonds without new taxation. Let's get what we're paying for!

**CONCERN FOR THE ENVIRONMENT**  
No program will be undertaken without assurance that the environment will be safeguarded. And, more than ever before, projects will be emphasized which will enable more people to use public transportation.

**IMPROVE SAFETY SAVE LIVES**  
Our outmoded highway network was one major cause of the 1,319 deaths and estimated 137,000 injuries and 191,000 accidents on New Jersey roads last year.

# Bellboys To Test Seton Hall For First Time On Saturday

(Continued from Page 1)

Hall has a season mark of 5-1 and is rated among the top five teams in Essex County. Their only loss came to an equally powerful Essex Catholic club.

Seton Hall will also have a weight and height advantage going into the game. Belleville coach Rocco Cafone reports that the Pny Pirates average six-feet a man and the parochial school club will tower over its Belleville opponents.

'We can win the game, however,' said Cafone. 'There will be no easy or trick method in beating Seton Hall. The only way to beat them is to play tough as we have done the last two weeks.'

Seton Hall, according to

Cafone, has a balanced offensive attack and as most good teams, combines both running and passing. Key to the aerial attack is Pony Pirate quarterback Tom Hellner, who is noted to throw the long bomb. Coach Cafone reports that the running game of Seton Hall operates around halfbacks Allan Iantosca and Jerry Gardner. According to scouting reports, Gardner is the more dangerous of the two and can either go off tackle or sweep the corners.

'Both boys are break-away threats and we will have to shut down their running if we are to stay in the game Saturday,' added Cafone.

It will be the first regular season meeting between the two clubs as Belleville picked

up Seton Hall on its schedule this season after dropping longtime opponent West Orange. The Bellboys, however, are familiar with the Pony Pirates. The two clubs have been meeting in pre-season scrimmages for many years.

Seton Hall is known as a perennial power in Essex County and this season is no exception. The only blemish on their record is a loss to Essex Catholic but Seton Hall's most recent win was Sunday against Don Bosco High School, whom they topped by close to 40 points. Coach Cafone reports that Seton Hall will be the biggest club Belleville will have to face this season.

'There's not much we can do against their size. There's no trick way to block a big

man. We just have to right out and get them,' remarked Cafone.

Seton Hall is also an excellently coached club with coach Tony Verducci, a highly successful coach in Essex County, at the helm. Verducci coached clubs are noted

for their diversity and Seton Hall this season is no exception. The Pony Pirates run out of a variety of offensive sets and also have a diversified defense.

Belleville, although it prides itself on its defense, has been showing offensive

life in recent weeks. Junior quarterback Bill Telesco for the second straight week has hit for long touchdown passes and the running back combination of Joe Napolitano, Joe Troise and Phil Cuzzi has been steadily improving.

## For Footballers

# Varsity Club Sets Banquet

Bill Ellis, president of the Belleville Varsity Club, appointed Jim Donahue as chairman of the twenty-eighth annual football banquet which will be held at the Robin Hood Inn on Friday evening, Dec. 1.

This annual affair honoring the high school football team and the coaches began in 1945. This year the 1948 football squad will hold their twenty-fifth reunion at the dinner. Tom Nisovocia and Rocco Westphal will be contacting their teammates on the 1948 football squad. Ed Berlinski, C coach of the 1948 team, will be on hand to help celebrate the reunion.

Each senior letterman on the present squad will be given a trophy.

Chairman Jim Donahue will have on his committee: Wayne Worley, Robert Cassin, John Shelsky, Joe Cernero, Ernie Steffanelli, Vinie Sorrentino, Ralph Casale, Jerry Bonavia, Joe Grosch and Vic Pomponio.

## Orechio Tops

# Touch League In Mud Bowl

In a 'Mud Bowl' game played at Demuro Park, Orechio Assn. remained the only unbeaten, united team in the Belleville touch football league with a convincing 34-0 win over Matson's.

The win was an expensive one however as star Q.B. Jim Corino pulled up lame early in the game on the sloppy field. Corino who has led Orechio's brilliantly up to this point feels the injury will not stop him from playing in the championship playoffs scheduled two weeks from this Sunday.

Richie Luzzi, filling in at Q.B. did a yeoman's job as he ran for two T.D.'s and passed to Ralph Liore and Ken Zarro for the remaining scores. Alphonzo Lounge had its

record blemished when it had to come from behind to earn a 7-7 tie against Derio Olds. Alphonzo is now 7-0-1 and is in first place in the leagues American Conference.

Hoffmann-La Roche lost to Edwards on the exact same play that beat Nutley High School. Roche Q.B. Howie Smith needing only 2 yards for a first down, rifled a sideline pass to halfback Jerry Boehm who couldn't handle the well thrown ball.

## Kiwanis In Win Again

Kiwanis made it nine in a row as they defeated the Varsity to break the deadlock for first place in the light-weight division of Recreation in Football.

Behind the running of Kevin Decker and Mike Nicocia, Kiwanis ground out a 14-0 victory. On an inside trap Kevin ran for 80 yards for their initial T.D. In the third period Mike Nicocia took a pitch out and scampered around his own left end for a 50 yard score. Tom Borgo was successful on one of two attempts for the P.A.T.

American Legion remains the only team without a blemish on its record as they pressed Jolly cleaners. Biancardi's record dropped to 1-0-1 as Devon's played them to a stand off 0-0. This coming Sunday American Legion entertains Biancardi's and sole possession of first place should be decided.

Police Auxiliary of the middle-weight division captured first place by stopping the Fountain. Landolfi's and Vee Bee's both used outstanding defenses as they battled to a 0-0 tie.

The Elks kicked their heels as they won their first game of the season. In the last 20 seconds of the game they pushed across the only T.D. of the game to beat the Lions their third consecutive defeat.

RUGGED RUNNER Joe Napolitano (33) of Belleville scoots for gain after taking hand-off from quarterback Bill Telesco (11). Duo hooked up tr. top Orange.

# Local Harriers Compete In Big Ten, Essex County Championship Meets

The Belleville varsity cross-country team was defeated by East Orange and then Bayley Elard High School in this past week's action. The local harriers placed ninth in the Big Ten Conference meet at Branch Brook Park last Friday afternoon.

After racing in yesterday's Essex County championship cross-country meet at Branch Brook Park, the Bellboy distance men are now preparing for their last duel meet against Passaic on Election Day, Nov. 7. Twenty-three teams competed in the Essex County meet. Last season the Bellboy squad finished 18th in that meet.

Peter Davis of Columbia won the Big Ten meet last Friday with a 1:20.6 time, breaking the course

record set by Boglione of Belleville. The local harriers top finisher was Bill Goodwin, who placed 32nd with a 13:29 clocking, the best time since the 1970 season for the Blue and Gold. Sophomore Walter Subis finished 53rd with his best time, 14:19. Mike Fortino, Steve Budrick and Rocco Xuozza placed behind Subis respectively. Pete Fitzpatrick and Steve Dyba finished 59th and 60th.

The Belleville team raced East Orange last Monday at Belleville Park. Mike Smart led the pace, easily winning with a strong 12:29 clocking. Junior Bill Goodwin of Belleville again ran a consistent race by placing third. "Goody" ran a 13:32 pace. The next

BELLBOY DISTANCE squad confers before Big Ten championship meet held last week at Branch Brook Park. Seen (l-r) are Bill Goodwin, Walt Subis, Pete Fitzpatrick, Rocco Xuozza, coach Ray Haneke, Steve Dyba and Steve Budrick.

SPRINTING to the finish line in Big Ten meet is Bellboy runner Bill Goodwin, who placed 32nd in the race, best of all the local runners. His time was 13:29.

GULPING AIR after strong finish is Belleville's top distance runner, Bill Goodwin. "Goody" is rated most consistent of the Blue and Gold's team Members.

TOUCHDOWN SIGN is given by official as Joe Napolitano (33) grips ball after scoring only points of the day. Bellboy quarterback Bill Telesco hooked up on 40-yard scoring strike with Napolitano in second quarter of Saturday encounter, giving Blue and Gold 7-0 win.

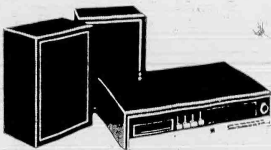

SLIPPING AND SLIDING in the mud and slop in Orange last Saturday is Belleville's Joe Lavelle, (63) who covered up on ball here. Bellboys were successful in overcoming both the weather and Orange in posting a 7-0 victory.

## Medical Students Find Hockey Is Fun Too

A group of medical students from the New Jersey College of Medicine and Dentistry including Emmanuel De Noia of Belleville, have found a different way to work off the tensions built up in seeking a medical degree.

They play hockey at Branch Brook Ice Center in Newark.

The small group formed a hockey club earlier this year and, with school sanction, have been holding practice sessions at the Essex County Park Commission's ice arena when time and money permits.

About 30 men and several women form the nucleus of

the club. They have supplied themselves with the protective equipment needed and receive a small stipend from the student council which issued to purchase ice time.

Dr. Anthony Boccabella, of Chatham, chairman of the college's department of anatomy, is the faculty advisor of the club and Dr. Duncan Hutcheon of Harrington Park serves as coach and officiates the pick-up hockey games.

"It all started when the student, wanting some extra recreational activities," Dr. Boccabella explained last week. "We have no recreational facilities at the school and students build up a lot of tension going to school five or five-and-a-half days a week."

"They asked permission to form a hockey club open to all of the medical students at the school," Dr. Boccabella continued. "They need a way to let off steam. They're giving up their study time to come out and play. Besides, it's a good sport."

De Noia, president of the hockey club, said interest in the organization actually was generated out of a pick-up

game in the Secaucus Swamps last year.

"It was a fluke," DeNoia said. "Some of us had played hockey before and we wanted to get a couple of games together."

Montclair Academy Plans Annual Homecoming Event

On Saturday, November 4, Montclair Academy will hold its annual Homecoming day celebration for alumni, parents, friends of the School and their families.

The day will begin with the "bring-your-picnic" lunch on the green adjacent to the football field, with beer, soda, coffee and hot grills available for free. Refreshments will be available again during the game half-time and finally after the game.

Award Winning Photos Exhibited At Rider Show

An exhibition of photographs by award-winning, New York City photographer Peter Grevas will go on display, September 21 in the Fine Arts Gallery of Rider College.

BECK'S

"High and low tones cost more," that's what we say in the trade. It really is as simple as that.

Take the cassette for instance. Some are screwed together and some are welded. It can happen that there is a small tear in the cassette. If that happens with the welded type, it is ready for the trash can. The screw together type can be taken apart, the small tear can be fixed and the cassette can be put together again. Of course it costs more.

In back of the tape is a spring that exerts slight pressure to hold the tape against the head. Cheap players have a piece of plastic glued on the spring, which in time will wear and shrink. The result is erratic performance. Good quality players use felt.

There is a vast difference in tape quality. The new chromium dioxide tapes have less noise, high output and a wider frequency range. It should be mentioned that not every tape recorder can use this kind of tape and have all these advantages.

The most important difference is in the design of the amplifier and the quality of the speaker, if such is built in. There are now tape recorders with very low noise (Dolby circuit) amplifiers, which cost quite a bit more than those that use the standard circuit. So you can see why high and low tones cost more.

## Church Women Meet Tomorrow

The Belleville Council of Church Women United will meet for their annual World Community Day service at Montgomery Presbyterian Church on Mill Street, tomorrow at 8 p.m.

Mrs. Dorothy Chown, World Community Day chairman, has invited the Reverend S.W. Simmons, Pastor, Humanity Baptist church of Newark, to speak on the theme "The Coming of Age". The public is invited to attend and refreshments will be served afterward.

Rev. Simmons is, Interim Director of the Humanity Baptist Church "Community

Program" which provides breakfast and lunch for approximately sixty children per day in Newark. The Program also provides food and clothing through their Thrift shop, day care service for working mothers, child tutoring, counseling, and shelter for emergency situations.

This service, which is being observed throughout the world on the same day, is dedicated to study and thought about how we all might better serve our community. One project, in which Belleville women have been very concerned, is visiting the elderly at Soho Hospital.

VOTE DEMOCRATIC

I'M MILTON WALDOR,  
THE REPUBLICAN  
CANDIDATE FOR  
CONGRESS IN THE  
11th DISTRICT,  
— YOUR DISTRICT

—I Need Your Vote, And Here Are The Reasons Why:

- I will firmly back President Nixon in opposing school busing to achieve racial quotas. My opponent, Joseph Minish, in four separate votes last November, supported the pro busing stand of McGovern and the Democratic platform. By his votes, he declared his willingness to bring racial quota busing to the 11th District.
- I will work in Congress for a program of guaranteed annual work, to replace the welfare mess created by recent Democratic Congresses. My opponent has been a consistent supporter of these ill-considered giveaway-welfare programs.
- I will work in Congress for a program of tax credits, in the form of income tax deductions, for parents who must bear the expense of sending children to college, or to private or parochial schools. We cannot allow the cost of college to become so burdensome that only the wealthy, or those in the poverty category receiving government support, can afford a higher education. Nor can we permit our parochial and private schools to do down the drain.
- And, I will work in Congress. This will be in sharp contrast to my opponent, who in ten years in Congress, all of them as part of the majority, has succeeded in getting only one bill passed. His other 140 bills disappeared in committee, an almost unparalleled record of ineffectiveness and inaction.

As a New Jersey State Senator, as a lawyer, as a leader for many years in the affairs of my own political party, and in the activities of numerous civic groups, I believe that I have the qualifications to give you better representation. I have the direct support of all groups of my own party, of President Nixon, Senator Case, Governor Cahill and of leading citizens of both parties in my district. But the vote I need most is yours.

# AN OPEN LETTER FROM ASSEMBLYMAN CARL A. ORECHIO

October 1972

Dear Voter:

We need your help now more than ever.

Our Republican candidate for the Congressional seat vacated by Congressman Rodino, former Senator Milton "Mickey" Waldor, has an excellent opportunity to win.

Richard M. Nixon

President Nixon would like very much for "Senator" Waldor to be elected with him.

Milton A. Waldor

Senator Case would like very much to have Waldor in Washington with him.

Governor Cahill is also anxious for the former Senator to win.

Our choice is to either vote for our candidate, Milton A. Waldor, who subscribes to President Nixon's platform or his opponent who supports the McGovern principles.

U.S. Sen. Clifford P. Case

The entire Republican ticket needs and deserves your help and support now more than ever.

Vote Line B from one end to the other. Ask your relatives, friends and neighbors to vote Line B also. You will be glad you did.

Governor William T. Cahill

Many thanks.

## Turtle Back Zoo Unveils Rare Red-Tailed Hawk

Two Red-tailed Hawks are spending their summer at making their way South after Turtle Back Zoo in West

Orange. One of the hawks arrived at the zoo from Dick Kessler of Hightstown, who found it oil drenched and in poor condition.

Within one week, the second Red-tailed Hawk, in much the same condition, was brought to the zoo. The staff at the zoo, with patience and proper food and medication, restored the birds to excellent physical form.

When the birds regained their health and stamina, the zoo asked the assistance of former employee Theodora Schubert of the New Jersey State Division of Fish, Game and Shell Fisheries. She, in turn, contacted Len Saucy of Millington, who is a member of the New Jersey Raptor Association and has a Federal Banding Permit.

## Orson Bean To Star in Show at Meadowbrook

"Promises, Promises," will open at the Meadowbrook Theatre Restaurant in Cedar Grove on Wed., Nov. 1, starring Orson Bean.

This eighth ringing success by Simon ranks as one of the longest-running musicals in Broadway history, surpassing even "The King and I" and "Guys and Dolls."

The music by the acclaimed song-writing team of Burt Bacharach and Hal David is brilliantly of today and includes songs that are show-stoppers.

The story of "Promises, Promises" is based on the film released in 1960, "The Apartment," starring Jack Lemmon and Shirley Maclaine. At that time, it was rated as a bit of a shocker, though many regarded it as a biting satire on the American business way of life. However it might be classified, it did win three awards: Best Picture of the Year, Best Direction and Best Story.

### Dodd Urges: Offset Taxes With Surplus

"Now that revenue-sharing  
is at long last upon us," de-  
clared Senator Frank J.  
Dodd (Dem Essex County),  
"our mayors and city coun-  
cils should not hesitate to re-  
duce property taxes. I sin-  
cerely hope that our mayor's  
will not pass up this oppor-  
tunity to reimburse those citi-  
zens hard pressed by property  
taxes. Revenue-sharing,"  
Dodd continued, "should not  
be looked upon as a windfall.  
It is not an invitation to wide  
open spending by govern-  
ment officials."  
"I hope," Dodd com-  
mented, "that local officials  
are responsible enough so  
that a committee of three  
members doesn't suddenly  
explode into a 15 man army -  
a small program doesn't be-  
come a major project."

## ESSEX REPUBLICANS BATTLE FOR REAL COUNTY REFORM...

### Essex Republican "United Front" First in Jersey To Advocate New County Charter Reform

#### Essex GOP urges change in county government

The Essex County Republican Organization has urged a change in the freeholder system of county government—to scale problems facing taxpayers under present part-time rule.

A united front by Republicans will push a government reform proposal on every level of this year's campaign, according to GOP officials.

Party chairman George M. Wallhauser said there is an urgent need to bring into Essex County government a Department of Administration which will cut into the dilemmas of inadequate planning and direction which are splitting the tired backbone of the county.

The Republican organization unveiled its program at a press conference in County campaign headquarters, 369 Bloomfield ave., Montclair.

In taking its action, the Essex GOP became the first countywide political group to urge a change in the present county system. Except for one change in 1918, which reduced the members of the Freeholder Board from 22 to 9, that time the Freeholder system has remained intact. A department of administration would retain

the Freeholders but would take away the board's committee power which is the system by which Freeholders perform their executive duties.

Wallhauser said a new Department of Administration would execute performance instead of a current trend of lethargy.

Assembly Speaker Thomas H. Kean, Republican of Essex, declared the reform as outlined would dampen a growing feeling of uneasiness and suspicion toward county government and its role in meeting the needs of the county.

"Essex as the state's largest county can no longer afford the luxury of a government which cannot coordinate between county, municipal, state and federal offices," Kean said.

He added a complete breakdown in communication has existed at a county level between Essex and the state legislature for the last two years and not one Essex planning committee met with legislative leaders during

Left to Right: Mario Farco (Freeholder Candidate), Tom Kean (Speaker of the New Jersey Assembly), John Crecco, Helene Kaplan (Freeholders Candidate), James Wallwork (Essex State Senator) and Walter Blasi (Supervisor).

# PRESENT SYSTEM LABELED 'CHAOS'

## Essex GOP backs county charter-change study

By FRED HILLMANN

The Essex County Republican Organization yesterday endorsed a charter-change study under a new optional county government law and pledged to devote campaign and post-campaign efforts to bringing about a change in Essex.

At a news conference, GOP leaders representing all levels of government in Essex criticized the existing freeholder board-supervisor form of government as one that has produced administrative "chaos" in the county and subverted checks and balances in government to partisan politics and the patronage system.

The endorsement was first by a county political organization for the optional charter law since it was signed last week by Gov. William T. Cahill. The law, offering four choices of government, provides New Jersey's 21 counties the first uniform means of remodeling their governing bodies in 100 years.

Essex GOP Chairman George M. Wallhauser Jr. said the party's county ticket would make charter reform its major campaign issue, but beyond that pledged to

pursue a change "if it takes two, three, six or more years" to complete.

If the present Democratic-controlled freeholder board refuses to authorize a charter study, Wallhauser said, the Republicans would conduct a petition drive among voters as the alternative method of putting the question on the ballot.

Essex Freeholder C. Stewart Hausmann, a six-year member with the longest tenure on the board, detailed the party's case for reform, emphasizing the need for strengthening the administrative arm of county government.

It was he himself to say this, not partisan politics has been the worst thing for county government, Hausmann said.

It has not fostered disciplined control and, historically, has continuously tarnished government with the need to provide muscle and jobs.

The major fault of the freeholder system in Essex, Hausmann said, is that it is based on a "nonfunctioning committee structure," faced with "constant" lack of quorums because freeholders serve part-time.

He noted the board's planning committee has not met in two years because its members have "no time." He said discussions over a minor reimbursement to a county employee often take as much time as those on a multimillion-dollar construction proposal.

He said the freeholders propose the board approve the budget and expend the budget, although "they may not have the financial expertise to oversee a \$100 million-plus corporation."

And he said, because Essex is a swing county in elections, there is no continuity in administration and a major function of the board is "educating" new freeholders.

Hausmann advocated creation of a new administrative department, which would re-

lieve freeholders of "minute, day-to-day tasks" and permit them to become policymakers.

The administrative duties should be placed in the hands of an elected official whose responsibility would be to carry out the freeholder board's mandates, he said.

The new department also should have control over budgetary and personnel matters, he said.

The Republicans said the choice of which model to adopt should be up to the voters, but they appeared to favor the county executive plan under the law, which calls for election of an executive who would have strong administrative powers over all departments.

The other options include the county manager plan by which the freeholders appoint a manager to supervise county departments; the county supervisor plan, providing for a supervisor with a policy-making role and an

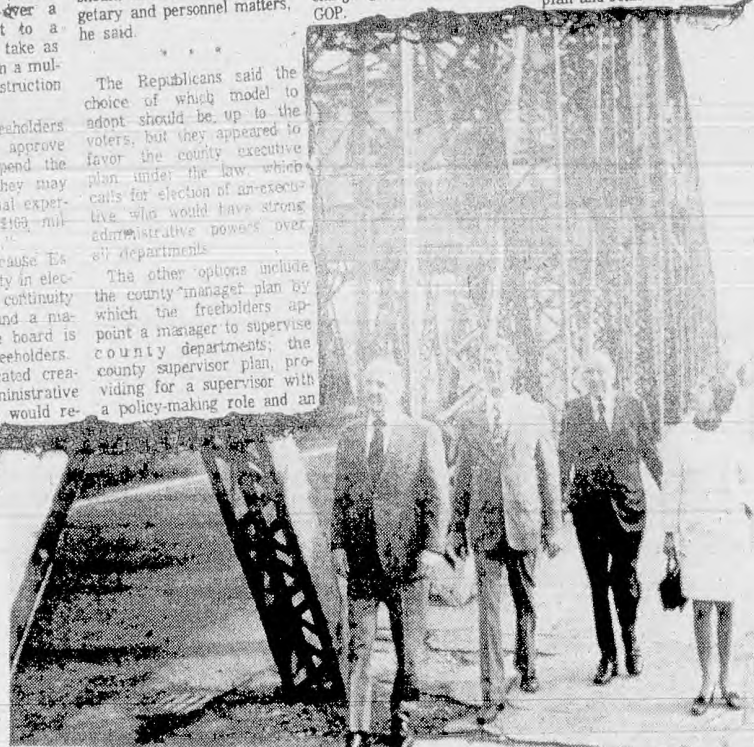

appointed administrator to run county departments, and the freeholder president plan, under which freeholders elect one of their members as chief executive and appoint an administrator with strong powers.

In his remarks, Assembly Speaker Thomas H. Kean (R-Essex) said he is "proud of the united support" for change given by the Essex GOP.

"In Trenton, we thought we'd never see the day when a county chairman and his organization would back this measure," he said.

Other GOP leaders at the news conference were former Assemblyman David Goldfarb, Essex GOP campaign chairman; Essex Supervisor Walter C. Blasi, and the party's freeholder ticket, Mario V. Farco, Helene Kaplan and John I. Crecco.

# President Nixon Deserves Your Vote on Nov. 7th

## THE RECORD

### Busing:

Republicans favor equal education without busing.

### Quotas:

Republicans favor representation without quotas.

### The Economy:

President Nixon has taken strong action to flatten inflation and increase employment. He initiated a 90-day wage-price freeze, followed by more flexible controls, and introduced a package of tax cuts to stimulate the economy. The inflation rate has been cut in half, and the Gross National Product has expanded at a yearly rate of over 7%. Housing starts are up 42% over last year.

### Vietnam:

The President is ending the war in Vietnam without sacrificing the South Vietnamese in the process. He has brought home 500,000 men... reduced casualties by 95%... and cut spending by two-thirds.

### Crime:

The President's vigorous law-enforcement policies have cut the increase in the nation's serious crime rate to 1% in the first quarter of this year. Eighty (over half) of our major cities have actual decreases in crime, and Washington, D.C. has achieved a 30% decrease over last year alone. This has been made possible by President Nixon's program of increased aid to states and localities.

### The Environment:

President Nixon established the Environmental Protection Agency, the first Federal Unit ever set up to protect our quality of life. He has increased funding for environmental improvement by over 500%, and initiated a Legacy of Parks program to bring increased recreational opportunities to cities. No less than 25 separate environment bills have been proposed by him.

### Drugs:

The President has won agreement from Turkey to place a total ban on the growing of opium poppy... made an agreement with France to assist in halting the traffic of drugs... and stepped up arrests of pushers. He is spending 6 times more for rehabilitation and 5 times more for drug education than ever before. Combined, these actions are finally turning the tide against the drug scourge.

### Foreign Policy:

President Nixon went to Moscow in May of this year where he negotiated agreements with the Soviet Union to limit development of antiballistic missile systems, jointly to explore space, and combat the diseases plaguing mankind. In March, he visited Peking where he made a start toward improving relations between the U.S. and the People's Republic of China. The President has called a halt to crisis diplomacy, seeking to reduce tension in such troubled areas as the Middle East.

### Young Americans:

President Nixon has signed into law the bill giving 18-year-olds the right to vote... overhauled the selective service system with the goal of establishing an all-volunteer army... and has proposed an education program that would guarantee a college education to all who qualify, and vocational education training for those who do not wish to attend college.

### Older Americans:

President Nixon has submitted proposals to Congress which have increased Social Security benefits to the nation's elderly by more than one-third from 1969 to this year - a greater increase than in any period in history of similar length. The President has also advanced programs to enable more of the elderly to live in their own homes, and to improve nursing care and increase jobs for these same citizens.

### Health Care:

President Nixon has earmarked massive amounts of money to find a cure for cancer and sickle cell anemia. Federal outlays for health care and research in 1973 will reach \$25.5 billion, and the President has proposed a National Health Insurance Standards Act, a Family Health Insurance Plan, and a National Health Education Foundation, all aiming at better health care for EVERYONE.

MONTCLAIR — Calling the freeholder form of county government "an unwieldy method that has evolved hand in hand with partisan politics and patronage," Essex Republicans said Monday their primary campaign issue will be the call for a change in county government.

Hours after the Republican made this announcement at a press conference in their headquarters at 398 Bloomfield Ave. here, the Essex County Democratic organization issued a short press release claiming that a call for a county managerial charter change would also be the principal issue in their election campaign.

Democrats control the freeholder board by a 5-4 majority. Neither party organization calling for an elected county government to replace the freeholder structure, but for their actions were proscripted by Gov. William T. Cahill's recent signing into law Assembly Bill 1891, the Optional County Charter Law.

At the GOP press conference, Assembly Speaker Thomas H. Kean claimed the county form of government, established in 1796, has "no central authority and no form of checks and balances." He pointed to the four alternatives to the freeholder system provided in the recent law.

1) board-manager form, calling for a county manager under the freeholders.

2) a board-administrator form, under which freeholders would have greater powers and an administration would control their decisions.

3) a form of elected county government.

4) a form of elected county government.

## Essex Government

Our current form of "self-determination" claiming that "as a middle level of authority, the county government must meet problems which communities cannot and which the state should not."

Hausmann said the county government "has no direction and we need a professional administrator, a central authority to carry things through. Currently it takes years and years to gain any action on major decisions."

The freeholder continued, "With two branches, an executive and a legislative body, a law could give each county the ability to reform itself, and would not lead to a situation such as that which currently exists in Connecticut, where county government has been abolished, but no substitute has been found."

# Senator Case Respected For Skill, Leadership!

You can be proud of the job Senator Case is doing for you and the nation. He has won universal respect for his integrity and independence, for the zeal with which he fights to eliminate injustice and prejudice, for the skill and tenacity with which he pilots his measures through committee battles and floor fights, and for his fierce insistence that a public office is a public trust.

Long a leader in efforts to require government officials to disclose all their financial interests and sources of income, Senator Case has set an example by voluntarily making this disclosure annually.

*"God love you! I don't know how you do it—but I certainly am grateful that you do. In moments of depression, it does me good to think about you and I begin to have hope again. Hope that there are enough selfless men around to make the democratic thing work."*

Victor R. Yanitelli,  
S.J., President  
St. Peter's College.

## Member of Top Senate Committees

Only two other Senators share with Senator Case the distinction of serving on the Senate's two most sought-after committees, Foreign Relations and Appropriations. Also he is the ranking Republican on the Joint Committee on Congressional Operations, the Arms Control Subcommittee, the Transportation Appropriations Subcommittee, the Oceans and International Environment Subcommittee, and the European Affairs Subcommittee.

He was one of two members of the Senate on the official U.S. Delegation to the United Nations Conference on Human Environment in Stockholm, Sweden, in June 1972. He was appointed this year to the Committee on the U.S. International Transportation Exposition.

## Leads The Way With Progressive Legislation

In a world where complex problems seem to surface almost daily, Senator Case has displayed the ability to sense a problem emerging, and to devise innovative and effective ways of dealing with it.

Current law is studded with measures that he originated and fought for in the fields of education, health, foreign affairs, social welfare, civil rights, the environment, consumer affairs, transportation, urban affairs and many others.

*"Senator Case wears a lot of laurels, justly earned. He is an intellectual... of the highest integrity. He has rendered broad and distinguished public service in many fields, and indeed, ornaments the bar as he does the Senate."*

Ernest Cuneo  
"Newark Star-Ledger," 1967

Senator Case's proposals for cabinet level agencies to deal with urban affairs and transportation; for federal aid to community colleges; for a Joint Congressional Committee on National Security; for replacement in kind of any open space or parkland used for other purposes, such as highway construction; the Case-Church amendment to end the war in Vietnam, subject to the release of prisoners held by North Vietnam; his successful battles in the Appropriations committee and on the floor to obtain funds for federal aid to school districts educating children living in low income housing; his successful fight to assure New Jersey of adequate funds for school lunches and other child nutrition programs; the fact that he was the first Senator to urge a ban on atmospheric testing of nuclear weapons; his successful effort to force federal agencies to halt violations of New Jersey's pollution laws, although only a few out of many, many such innovative acts, serve to illustrate the breadth of his interests and the depths of his concern for the needs of all the people.

## Strikes Hard At Crime

Hating lawlessness as much as he despises injustice, Senator Case struck hard at the heart of organized crime in New Jersey by his choice first of Frederick Lacey and later of Herbert Stern as U.S. Attorney for New Jersey. These men earned reputations as "the vigorous, incorruptible prosecutors who have packed off to jail a phalanx of plundering politicians."

At the same time, Senator Case has worked effectively on the national level for equitable but effective criminal laws, and for legislation designed to provide federal aid to improve state and local law enforcement.

*"I want to express my deep appreciation to you for support in the U.S. Senate, and for the valuable assistance you gave toward the final processing and passage of this most important measure. (The Crime Control Act of 1971)"*

Senator John McClellan,  
Chairman  
Senate Subcommittee  
on Criminal  
Laws and Procedures.

## Widely Honored

Nine colleges and universities have awarded Senator Case honorary degrees, the most recent being Upsala College and Seton Hall University. The citations read, in part:

*"He has been a leading American figure in the struggle for international peace and a quality of social and political reform which enhances freedom, justice and fair play for all Americans. To do this has taken political courage, but the name of Senator Case has become synonymous with political fearlessness and independence."*

Upsala College  
June 2, 1969

Among the more than two dozen awards he has received for public service are citations from the Academy of Medicine of New Jersey, The Brandeis Award, the National Education Association, the N.J. Parks and Recreation Association, the American Jewish Congress, the New Jersey State AFL-CIO, the Northeastern Federation of Women's Clubs, the Council for United Civil Rights Leadership, the American Legion Department of New Jersey, the NAACP, Redbook Magazine, and in 1960, citation as one of the Senate's ten ablest men by 50 leading Washington columnists and correspondents.

In September, 1972, he was one of five Senators cited by Field and Stream magazine for his record on the environment: "Excellent... 91 to 100 points. Out in front, deserves cheers and support."

## A Tireless Worker

Being a United States Senator is a grueling job that demands stamina as well as character. With major committee meetings to attend, as well as legislative sessions, Senator Case works more twelve than eight-hour days when Congress is in session. His attendance record is one of the best in the Senate, and only attendance at important official duties such as the United Conference of Human Environment in Stockholm, Sweden, has kept him from est-

ablishing a perfect voting record.

# ★ WALDOR AIMS TOWARD NOV. 7th VICTORY ★

## Minish-McGovern Link Is Cited

Milton A. Waldor has called for the defeat on November 7 of his Democratic opponent for having "gone down the line with Sen. George McGovern on all major campaign issues."

Waldor cites his opponent's votes for school busing to achieve racial balance, for inflationary measures in the Congress, and for giveaway legislation that has inspired the nation's present welfare crisis.

When his opponent has been silent about secondary issues backed by McGovern, Waldor has challenged him to take a stand.

"By his failure to comment, my opponent gives tacit support to the alarming positions taken by the Democratic presidential candidate," Waldor said.

## Waldor Urges Anti-Drug Bill

Expressing deep concern for the nation's drug problems, Milton A. Waldor has called for the enactment by Congress of a proposed United States Customs program at sea and airports that would help clamp tight control on illegal drug traffic.

Waldor said the measure, which narrowly missed enactment in its first introduction to Congress, would be "an important weapon in our struggle to curtail the invidious traffic of drugs to this country."

He noted that the program also was aimed at reducing cargo thefts at airports and seaports.

## Key Leaders Back Waldor

Milton A. Waldor has won the praise and the endorsements of major public figures including Sen. Clifford P. Case and Governor William T. Cahill. In public statements, each has expressed his admiration for Waldor's public record and urged his election to Congress.

Among the many other endorsements received by Waldor were those of Congressmen Robert W. Kean and George M. Wallhauser Sr., State Senators Michael Guiliano and James Wallwork, Assembly Speaker Thomas Kean and a host of others, including, of course, Assemblyman Carl A. Orechio his campaign manager.

## Waldor Opposes Busing

Milton Waldor has set forth a striking documentary of the pro-school busing record of Joseph G. Minish in Congress that is in stark contrast to his opponent's issued denials that he has supported busing to achieve racial quotas.

Waldor has most recently revealed that Minish as late as last March — just before congressional district lines were changed — was supporting school busing to desegregate school districts in a signed letter to a constituent.

"On March 3, 1972, Mr. Minish wrote a Maplewood constituent that he supported 'the use of reasonable incremental busing, when other remedies fail, to fulfill our obligation to all children.'"

"Is this the statement of a man who says he has always opposed the use of buses to give racial balance?" asked Waldor.

"Is this the statement of a congressman who will stand up in the Congress and fight against school busing?"

Waldor also has cited four votes cast last November 4 by Minish as having been in direct support of school busing.

"He voted against the Ashbrook Amendment which prohibits the use of federal funds for the busing of students or teachers to overcome racial imbalance."

"He voted against the Green Amendment which prohibits a federal employee or agency from forcing or inducing the use of state or local funds for busing."

"He voted against the Broomfield Amendment which allows time for appeals in districts where the courts order busing."

"He voted for the Esch Amendment, allowing districts which had been ordered to desegregate, to receive federal funds for busing purposes."

"In each of these votes Mr. Minish took a clear position favoring school busing to achieve racial quotas," Waldor said. "And in each of these votes he joined a minority of about one-third of the House of Representatives who were defeated in their efforts to force a system of busing on our public schools."

## GOP Candidate Stumps the 11th

Milton A. Waldor, the Republican candidate for Congress in the 11th District, this week declared that he is "waging this campaign from one end of the 11th District to the other on issues that are of vital concern to the citizens of the district."

Campaigning through the district in the all-out energetic style that is his trademark, Waldor has pointed out that "in the 11th we have an entirely new district — a new electorate that demands new representation in Washington."

The 11th comprises 21 municipalities stretching from the northeastern portion of Union County through the middle and western portions of Essex, to southerly tips of Passaic and Bergen Counties.

Throughout his campaign Waldor has hammered on the issues that are of major concern to the district.

• **SCHOOL BUSING** — Waldor is unalterably opposed to school busing to achieve racial quotas. He has emphasized time and again that he will support a national prohibition on any plans to bus school children to achieve racial balance. He has pledged to fight all such plans as a representative in Congress.

Waldor contrasts his position on school busing with that of his Democratic opponent, who voted four times last November for amendments to a federal aid to education bill (HR 72) that would have allowed busing. Waldor has further pointed out that in each case his opponent was in a Democratic minority that was soundly defeated in its pro-busing efforts by a 2-1 margin.

• **WELFARE** — Waldor cites the record of his opponent as one of the "unswerving supporters" of a series of legislative measures that have plunged the nation into its current welfare mess. He condemns the present welfare system as a "giveaway" inspired and fostered by Democrats of the Minish-McGovern ilk. The present system not only squanders millions of tax dollars but also robs able citizens of their incentive to work.

As an alternative Waldor proposes a program of guaranteed work to all Americans. Under this proposal, jobs in private industry would be offered to would-be welfare recipients. When no private sector work is available, they would be offered federal government jobs.

• **TAX RELIEF FOR SCHOOL PARENTS** — Waldor pledges to fight for a program of tax credits for the parents of college students and for children in private and parochial schools within limits, set by the courts. He emphasizes the real possibilities that college education expenses have soared so high that they threaten to exclude a large segment of American youth from higher education. Similar form of relief for parents of private or parochial students is necessary to save from extinction private and parochial schools which are vital to our overall system of education.

**CAMPAIGN TRAIL** — Milton A. Waldor, left, gets a sendoff on one of his many campaign tours through 11th District from Assembly Speaker Thomas Kean. Waldor has visited all 21 municipalities in the district.
