### NO DECISION

# Pathmark in town not to limit its hours

By Ed Capparucci

Pathmark has told town commissioners to "consider carefully" any ordinance limiting hours at the Belmont Avenue supermarket.

Commissioners have been considering closing the Pathmark in Silver Lake between 10 p.m. and 7 a.m., due to increasing crime in the area the past few months. The Belmont Avenue Pathmark, like the new store on Washington Avenue, is now open 24 hours a day.

Robert Wunderle, economist and vice president for public affairs at Pathmark, told commissioners that by regulating the store's hours, they

would not be deterring crime, but perhaps adding to it.

"If you close the store, we will still have to have people in the store stocking the counters for the next day," Wunderle said, "and that would mean that you are going to have about 30 cars in the parking lot and no security to protect them. By keeping the store open, there are always people in the area and sometimes that prevents crimes from happening."

Commissioners began looking into the possibility of limiting the store's hours after several assaults had taken place in the area and two

women were raped returning home from the super center. Public Safety Commissioner Matthew Pica is in the process of compiling crime statistics for the area over the past few months.

There had been some question to whether commissioners had the legal authority to order the store to cut its hours, but Town Attorney Frank Zinna has said that a recent court order involving Quick Check grocery and the township of Springfield allows a municipality to place restrictions on a store if the regulations

## Principal transfers are 'dead issue' says Greed

In recent months, the possibility that local elementary school principals might be transferred has brought loud protest from parents. But this week Belleville School Superintendent John Greed dismissed all the talk of switches.

"I've discussed this with several school principals quite a while ago," said Dr. Greed, "and at the present time I am not pursuing the matter. It is a dead issue."

Members of the School 3 Home and School Association were up in arms several weeks ago when they heard a rumor that their principal, Austin MacArthur, was being transferred. The parents said they would do "everything in their power" to prevent the move.

"We would like to go on record now as opposing any such move to transfer Mr. MacArthur," the as-

sociation said in a letter to the Board of Education in March. "We are pleased with Mr. MacArthur's administration, the warmth underlined with strict discipline, the continuing high test scores and the smooth manner in which he held us together after the loss of Mr. MacArthur."

Greed said this week that he did discuss possible transfers with some principals, but he added that since School 5 Principal Archibald Gallombardo had become sick, no transfers had even been considered.

"With the illness of Mr. Gallombardo, we are not pursuing the issue of transfers any longer," Greed said. "I did talk to some principals a while back about possible transfers, but right now there will be no transferring of principals."

Greed said he had made no mention to school trustees about the possibility of transfers. "I never

presented a recommendation of transfer to the Board of Education," Dr. Greed said, "and I don't plan to make any presentation in the immediate future."

Trustee Thomas Zampino confirmed that the board was never

presented a recommendation of transfer to the Board of Education. "Before the School Board election, I understood that there was some talk about transfers, and one of them was Mr. MacArthur from School 3," Zampino said, "but the board was never presented with any recommendations."

"This is a very sensitive area we are getting into," Zampino said. "You want to make the administrator happy and the parents happy and sometimes that is difficult to accomplish."

After Schools 1 and 2 were closed last year, there were several transfers last year, with Nicholas Petti going from School 8 to School 10, Arthur Pico going from Schools 2 and 10 to School 8 and Pat Forte going from School 1 to School 4.

"The transferring of principals and administrators is not uncommon," Greed said. "It is something which is done to boost the school systems."

Zampino agreed that changes should not be made unless it would benefit the school system.

"We want to consider the needs of the individuals," he said, "but our duty lies in the system. We will have to listen to people before we make any kind of decision transferring."

"What I would like to do is meet with all the principals so that we can see where problems are."

Monday night, the School Board met in private session to begin reviews of administrators and start preparing final evaluations. The question of transfers did not enter into the discussion.

## Clerk has needed petitions to go for township change

A move to change Belleville's legal status from a town to a township has cleared its first hurdle.

The town clerk's office reported this week that more than 4,600 of the 17,000 petitions sent out last month in support of the change have been returned. The town needed a response from 4,063 residents, or 30 percent of those who voted in last November's election, to get the question on the ballot for a special election which may be held in September.

Town commissioners set aside \$2,000 for printing and delivery of the petitions and also allocated \$10,000 for the special election.

With a change in its legal status, Belleville could receive an additional \$400,000 a year. Town Attorney Frank Zinna and Mayor Michael Marotti discovered that "because of a quirk" in the federal State and Local Fiscal Assistance Act of 1972 (revenue sharing), Belleville could cut almost 10 tax points off its municipal budget. That's because according to the federal regulations governing revenue sharing, townships receive more money than towns.

Last year the town received \$8.26 per person from the federal revenue

sharing fund, while area townships received \$16.62 a person. The difference would mean a great deal to the town and its skyrocketing

budget, which this year represents an increase of 27 tax points.

If the change is made, it will not

## Democrats discuss views at club forum

The six Democratic candidates for governor who appeared at a Nutley-Belleville sponsored forum for cable television Wednesday night called the turnout of more than 250 persons the largest they had encountered on their speaking tour in quest of the nomination in the June 2 primary.

"We must pause to congratulate the communities of Nutley and Belleville for their interest and concern exemplified by this turnout," said Jersey City Mayor Thomas Smith at the evening's outset.

Smith and Middlesex Senator William Hamilton were the only candidates at the Nutley VFW Hall by the designated 8 p.m. starting hour. But by the time the forum was over, three other candidates had participated — Senator Pat Dodd of Orange, former New Jersey Human Services Commissioner Ann Klein and former Attorney General John Degnan.

The event was co-sponsored by the Belleville and Nutley Democratic Clubs and the county committees of the neighboring communities. Former State Senator, Anthony Scardino, now executive director of the Hackensack Meadowlands Development Commission, was the moderator.

Those at the VFW Hall were favorably impressed by most candidates. Many local supporters of the two missing congressmen in the race, Robert Roe and James Florio, said they wished they could have heard their favorites out, but might now consider switching their votes to one of those appearing at the local forum.

In general, the candidates seemed

in accord on how to solve problems facing New Jersey. But the audience was able to detect some differences in the attitudes of the primary rivals as they were questioned by the panel.

Jersey City Mayor Smith congratulated himself and the others who appeared at the forum, then warned, "There are candidates who continually send surrogates and fail to appear at these types of sessions. I think that should be taken into consideration when selecting the nominee of our party for the November election."

Smith called Jersey City "a

## CF bike-a-thon here on Sunday

The fourth annual Bike-A-Thon for Cystic Fibrosis sponsored by the Belleville Optimist Club will be held here this Sunday. Registration will take place noon to 1 p.m. at the School 7 playground on Passaic Avenue. The event will run 1-5 p.m.

The bike-a-thon is open to children of all ages and anyone over 18 who would like to ride. Participants will get sponsors to pledge amounts of money for each mile traveled.

Two 10-speed bikes will be awarded to the boy and girl who collect the most money. A special prize will also be awarded to the adult that collects the most money. Additional prizes such as a bowling ball, records, candy and gum will be given away during the event.

Those interested in participating may obtain registration forms at any school office in Belleville. All participants under 18 must have pledge sheets signed by their parents.

In case of rain, the event will be held Sunday, May 31.

## Acocella appointed county school chief

Louis C. Acocella has been appointed by the State Board of Education as Hudson County superintendent of schools.

In his new post, Acocella represents the state in Hudson County and monitors the 14 Hudson school districts, including the vocational school, the North Hudson Jointure Commission and 12 municipal districts.

Acocella's career began in 1961 as a teacher in the Newark school system, and in 1967 he became assistant principal in Roselle. He was appointed a principal in South Bound Brook in 1968 and also served as principal at Park Avenue School, Orange, in 1971 and administrative principal in Moonachie in 1972, before becoming superintendent of the Riverdale School.

He received a bachelor's degree from Newark State College in 1964 and a master's degree in administration and supervision in 1966 and completed his post-graduate work in 1969. At present, he is enrolled in the doctoral program at Seton Hall University and holds seven educational certificates.

But while he has devoted himself to school work, Acocella has also trained for ordination as a deacon at St. Anthony's Church in Belleville. As a deacon he may perform baptisms, distribute communion and officiate at weddings and funerals.

Acocella was recently appointed to a third term as a trustee of the Bloomfield Public Library and re-elected its vice-president. He served as board president in 1978 and 1979. He is a former feature writer for The Belleville Times and Nutley Sun.

Acocella is married to the former Salvaterra Battista, an instructor at the Essex County Vocational School.

## Peoples votes new company

The Peoples Bank Board of Directors has decided to form a bank holding company by exchanging Peoples shares for shares in the holding company.

Formation of the company is subject to the approval of Peoples shareholders, the Federal Reserve Board and the comptroller of the currency. The holding company will file a registration statement with the Securities and Exchange Commission covering the shares of the company, and Peoples Bank will hold a special meeting at which shareholders will vote on the proposal.

In a separate development, the Peoples Bank Board of Directors has made an offer to Anthony Wayne Bank to acquire all of its outstanding shares in cash at \$9 a share. The offer is subject to the execution of a written agreement, obtaining necessary regulatory approvals and other terms and conditions.

Peoples Bank and Anthony Wayne Bank are negotiating the terms of a letter of intent which would serve as the basis for making the agreement.

# Judge Abromson withdraws from Zoppi-Fornarotto case

In a surprise move, Municipal Court Judge Edward Abromson last week disqualified himself from hearing the assault and battery case involving former school board president Ernest Zoppi, his son Ernest III, and town critic Joseph Fornarotto.

Abromson made his announcement at a hearing last Thursday. He said he was disqualifying himself because of his association with two

of the three defendants and several witnesses, including Mayor Michael Marotti.

Abromson set a new hearing date for 9:30 a.m. Thursday, June 25. Nutley Municipal Judge Robert J. Citrino would preside over the case in Belleville.

The two Zoppis and Fornarotto were involved in a fight after the March 23 meeting of the School

Board at its office on Washington Avenue. The two exchanged words during the meeting when Zoppi refused to allow Fornarotto to speak and Fornarotto continued to do so, becoming personally abusive. The fight, which took place in the hallway outside the board's meeting room, flared up suddenly. Zoppi's son joined his father against Fornarotto, and all three ended up on the floor.

Before the hearing last week Fornarotto said that an out-of-court settlement had been offered to him by the Zoppis' attorneys, but Fornarotto said he turned down the offer.

"I have people who took off from work to testify in my behalf," Fornarotto said, "and if I took a deal, it would look like a sold them out. I am here to see justice done. They are guilty, and I'm going to let the court find that out."

The Zoppis' attorneys, Joel Pisano of Belleville and Pat Roche of West Orange, refused to comment on Fornarotto's statement, but Roche did insinuate that they had approached Fornarotto and his attorney Peter Vitanzo.

"When people are reasonable, 99.5 percent of these cases are settled out of court," Roche said. "But I am not allowed to comment on any deal proposal."

Fornarotto, 55, was the first of the three defendants to press charges, doing so the day after the fight. Fornarotto, who calls himself a town

critic, claims that Zoppi asked him to "step outside after the meeting," and then what started as a shouting match turned into a fight with the younger Zoppi joining in.

"I have always attended meetings in town to voice my opinion," Fornarotto said. "He said I was abusing him. Well that is part of his job to expect abuse. I don't only get on the School Board, I also have lashed out at the mayor and the commissioners. Maybe I come on strong at times, but I'm a little guy and I never use my hands."

The Zoppis claim differently, saying that Fornarotto threw the first punch before the younger Zoppi stepped in to protect his father. The day after Fornarotto pressed charges, the two Zoppis filed their counter-charges.

During the course of one's lifetime, many hours are devoted to eating. Efficiency and pleasure during the remaining hours are influenced to a great extent by the food that is consumed. Too few of us have the sparkling, buoyant quality of life that we all desire. For too many of us, a diet inadequate in quality, more frequently than in quantity, is the basic reason for the failure to be well nourished. Unfortunately, we are unlikely to be aware of the effects of something we did not eat. Make an effort to include healthful foods in everyday menus.

We make that extra effort to see that you get fine service at ROS-SMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We have been serving the people of this area for many years and have a complete prescription department. ## Artist here on Sunday

A chalk artist will be the featured speaker for a special evening service 7 p.m. Sunday at Grace Baptist Church, 89 Overlook Ave.

T. David Van Lenten, a freelance commercial artist in the Essex-Bergen-Passaic area, will draw a landscape using ideas gleaned from the recent eruption of Mount St. Helens. Van Lenten will also use a taped musical accompaniment coinciding with the theme of the artwork.

As an incentive to those bringing visitors, the completed picture, suitable for framing, will be presented to the individual who brings the most guests to the service.

Rev. Robert Paul is pastor of Grace Baptist Church. Information about the service can be obtained by calling him at 759-3382.

## Marotti breakfast will be held May 31

The fifth annual breakfast sponsored by the Friends of Mayor Michael V. Marotti will be held Sunday, May 31, at the Branch Brook Manor, 13 Washington Ave., starting 10 a.m.

School Board President Charles Miele is the event's chairman, and guest speakers will be State Senator Carmen A. Orechio, Police Chief George Lister and Assistant School Superintendent for Personnel Michael Nardiello. Entertainment will be provided by one of New Jersey's funniest comedians, Sam Lombardi.

Tickets are \$12.50 a person. For reservations or for more information, call Miele at 759-4458 or Lebro Charles at 759-8395.

help the welfare and safety of the community's citizens.

Although commissioners have not decided what action they will take, Wunderle appeared before them to say the one they seem inclined toward is the wrong one.

"Our company has always tried to cooperate with the community in any way we could," Wunderle told commissioners. "We have put guards on the premises and added more lights. We have also set up a meeting with the Neighborhood Community Watch Program and we will give them our full cooperation."

While none of the commissioners commented on Wunderle's plea, Mayor Michael Marotti told him he would be contacted when the board reached its final decision.

Commissioners did not have any comment either on Wunderle's allusion to the new Belleville Citizens' Watch Association which has been set up by Silver Lake residents who say they are not getting enough police protection.

## Prayer for today

I offer to Thee prayers for all those whom I have in any way grieved, vexed and oppressed, by word or deed, knowingly or unknowingly, that Thou mayest equally forgive us all our sins, and all our offenses against each other.

Take away, O Lord, from our hearts all suspiciousness, indignation, anger and contention, and whatever is likely to wound charity and to lessen brotherly love.

Have mercy, O Lord, have mercy on those who seek Thy mercy; give grace to the needy; make us so to live that we may be found worthy to enjoy the fruits of Thy grace.

Thomas a Kempis

## Letters

# How much blame can we place on today's younger generation?

(The following poem was submitted to The Belleville Times by Public Safety Commissioner Matthew A. Plea.)

Who Is to Blame?  
We read in the papers and hear on the air  
Of killing and stealing and crime everywhere.  
We sigh and say, as we notice the trend,  
"This young generation... where will it end?"

But can we be sure that it's their fault alone?  
Are we less guilty, who place in their way  
Too many things that lead them astray?

Too much money, too much idle time,  
Too many movies of passion and crime.  
Too many books not fit to read,  
Too much evil in what they hear said.  
Too many children encouraged to roam,  
Too many parents who won't stay home.

Kids don't make the movies, they don't write the books.  
They don't paint gay pictures of gangsters and crooks.  
They don't make the liquor, they don't run the bars.  
They don't make the laws, and they don't make the cars.

They don't peddle the drugs that muddle the brain;  
That's all done by older folks, greedy for gain.  
Delinquent teenagers, oh how we condemn,  
The sins of the nation, we blame on them.  
By the laws of the blameless, the Savior made known;  
Who is there among us to cast the first stone?

For in so many cases — it's sad — but it's true —

The title, "Delinquent," fits older folks too!

## Times needs more for kids

To the Editor:

My name is Susan Turano. I go to Saint Peter's School and I'm in the seventh grade. I am writing to you because this is National Letter Writing Week and I want to talk about The Belleville Times.

As a student, I would like the paper to include more things for children to do and read. I would enjoy more comics, and things to cut out like pictures of favorite movie stars or little cartoons.

Thank you for reading my letter and for listening to my opinions.

Sincerely yours,  
Susan Turano

# A dream lives

Thirty-three years ago this past week, a United Nation's decree divided Palestine into a Jewish state and an Arab state — thus was created the State of Israel.

For Jews around the world May 5, 1948 saw their dream come true. May 5 this year witnessed that dream living on. This dream has its pitfalls and its heartaches, but through them all the dream remains a reality.

We salute the people of Israel for their courage and their perseverance. It is a great people that converted a desert into tillable soil. It is a great people that fended off enemies surrounding their country.

It isn't easy for Israel to remain a free nation and an independent country, for she is encircled with enemies determined to destroy her.

Despite all the commitments President Sadat of Egypt has made to Israel, the fact remains, should Sadat suddenly die, Egypt

again may join the Arab world in an effort to wipe out Israel.

To make this dream live on, America should send its troops to the Mideast to guarantee Israel's independence, while at the same time stabilizing the critical Mideast area.

Israel has no right to trust any country, for in the final analysis, selfish interests are paramount, and that means Israel can be sacrificed much as Czechoslovakia in years past.

Only America and its military might stand between a free Israel and a wiped-out Israel. Pray God the leaders of our country remain true to their word and support Israel at every turn and in every way.

# Bobby Sands

The tragedy of Bobby Sands' death will soon become a legend in our time.

His death points up the fact that a religious war is endless and fruitless. Nobody wins — everybody loses. Why Irish Protestants and Irish Catholics must kill each other is beyond our grasp.

There are one million Irish Protestants in Northern Ireland and five hundred thousand Irish Catholics. Around the world, for the most part, there are majorities and minorities — even within one ethnic group — but yet the peoples of the world are not at war with each other — they understand and accommodate the differences that separate them.

It is a sad fact of life that during this generation of leaders not a single person has been able to bring together the warring Irish factions. Even the pope has been unsuccessful.

We hope in the wake of Bobby Sands' death reason overtakes emotion, Irish stop fighting Irish, and the will and love of God become the overriding passions that govern Irish behavior.

Let the events that separate the Irish be a warning to others throughout the world that religious wars are the worst kind — they never solve anything — they only tend to destroy. Although civilization has come a long way in the 20th century, we continue to see murder as a way of life with some people and in some instances. How sad this truth is. Would that there be more love in the world and less hate.

## Senior Notes

By George Chenoweth

Here are a number of Medicare and Medicaid amendments of significance to the elderly that were signed into law and will become effective July 1:

The Medicare Home Health Care Amendment removes the 100-visit ceiling for home health visits under Medicare Parts A and B, providing coverage for an unlimited number of visits. It eliminates the requirement for a three-day prior hospital stay under Part A and eliminates the \$60 deductible for home health care under Part B. It makes occupational therapy a primary, or "triggering" home health benefit.

Changes under diagnostic tests authorize 100 percent Medicare reimbursement for diagnostic tests administered in a hospital outpatient department and, to the extent practicable, in a physician's office seven days prior to inpatient hospital treatment.

The Optometrist Services Amendment authorizes Medicare reimbursement for optometrist services related to absence of the natural lens of the eye.

Outpatient Ambulatory Surgery authorizes 100 percent Medicare reimbursement for certain surgical procedures performed in an ambulatory surgical center, outpatient department of a hospital or physician's office, if assignment is accepted by the surgeon.

Outpatient Physical Therapy increases the present \$100 annual limitation on outpatient physical therapy services to \$500.

In addition, the House of Representatives and the Senate approved Bill HR 8406 authorizing Medicare coverage for pneumonia vaccine. The Rehabilitation Services Amendment authorizes Medicare reimbursement for covered services provided by free-standing outpatient rehabilitation facilities.

Transfers from Hospital to Nursing Homes extends from 14 days to 30 the period within which a Medicare beneficiary must be transferred from a hospital to a skilled nursing facility in order to qualify for post-hospital extended care benefits. The new 30-day period also applies in the case of readmission to a skilled nursing facility without having to meet an additional prior three-day hospital stay requirement.

Don't forget the New Jersey Federation of Senior Citizens convention to be held Thursday, May 28, at Mercer County Community College, West Windsor Campus, near Trenton, from 9:30 a.m. to 3 p.m.

## School trustees receive committee assignments

Board of Education President Charles Miele has announced trustees' committee assignments for the 1981-82 school year.

Board Vice President Anthony D'Agostino was selected to serve on the personnel and athletic committees. Other board members and their committee assignments are Caesar Romano, adult school and education council; John DiStasi, finance-budget and transportation commit-

tees; Thomas Zampino, personnel and drug committees; Thomas Spillane, athletic and education councils, and Donna Rainone, drug and transportation committees.

The board also set aside its June 8 meeting to review its code of conduct guide. Spillane requested the board look over and revise its policy manual so that trustees "would know what is expected of them in every situation."

## Historians slate tour

The second spring tour of the Belleville Historical Society will be a visit to the Christ Church Cemetery, William and Main Streets, 10 a.m. to noon this Saturday.

The cemetery is very well kept and its history goes back as early as 1774. A great many of Belleville's first settlers are buried there, among them members of the Kingsland, Dow, Sanford, Ogden, Leslie, Schuyler and Rutherford families.

The public is invited to join the society for its tour.

## Spring festival set for Sunday

Christ Episcopal Church will hold a springtime strawberry festival 3 p.m. Sunday.

Fresh strawberries, ladled over shortcake with a dollop of whipped cream, will be available, along with coffee or tea and a strawberry recipe booklet, for a \$2 donation. Children's portions will go for \$1.

The festival will be held on the lawn of the church, located at 393 Washington Ave. The event will be moved indoors in the event of rain.

by Lou Cienia

One of the most popular movie stars immediately following World War II was Carmen Miranda. She usually appeared in films adorned with all sorts of fruit-shaped jewelry. This South American celebrity brought a type of south of the border craze to the United States. Multiple strands of colored beads, bunches of cherries and other artificial fruits were worn in the hair, as pins and as hat ornaments. They became extremely popular. Perhaps more than most, she helped spread the popularity of costume jewelry.

At CHARLES JEWELERS, 163 Washington Ave., Belleville, we will design and make custom jewelry on the premises. Rings, charms, earrings, bracelets or a design of your own. Let my 84 years of experience help you make the right decision. We pride ourselves in giving you the best possible service and selection. We also offer a unique service -- we are the areas only jewelry-pawnbroker establishment. Does this sound intriguing? Stop by to see us or call 759-2468 for more detail.

Mrs. Anthony Caputo — nee Joanne Guinta

## Miss Joanne Guinta becomes the wife of Anthony J. Caputo

Sacred Heart Church, Vailsburg, was the setting March 21 for the marriage of Miss Joanne P. Guinta, daughter of Mr. and Mrs. Joseph Guinta of East Hanover, to Anthony Joseph Caputo, son of Mrs. Frank Caputo of 246 New St.

The Rev. Myles Varley performed the ceremony which was followed by a reception at the Hanover Manor, East Hanover.

Escorted by her father, the bride wore a white delustered satin gown with Queen Ann neckline and empire waist. It was trimmed with Alencon lace and Schiffler embroidery and featured a chapel train.

Her headpiece was an embroidered derby accented with pearls and roses with a floor-length tulle veil. The bride carried roses, stephanotis, babies breath, eucalyptus and pittostorum.

Mrs. Josephine Moresco of Bloomfield, aunt of the bride, was matron of honor. Bridesmaids included Mrs. Lucille Caputo of East Rutheford, sister-in-law of the bride, Miss Patricia Manfre of Belleville, cousin of the bride, Mrs. Lois Neuman of Belleville and Miss Johann Russo of Newark.

Their gowns were of rose Qiana. The honor attendant carried dusty rose carnations and red roses, eucalyptus, babies breath and pittostorum, while the others carried the same bouquets without the red roses. All wore matching flowers in their hair.

Patrick Joseph Caputo of Belleville was his brother's best man. Ushering were the bride's brothers, Thomas and Joseph Guinta Jr. of East Hanover, Frank Caputo of East Rutherford, brother of the groom,

and Donald Blahut, brother-in-law of Holmdel.

Mrs. Guinta chose a floor-length toast silk-knit gown with matching chiffon coat, while the groom's mother was in a silver grey gown with a ruffled neckline. Their corsages were of orchids.

Mrs. Caputo, an alumna of Vailsburg High School and Berkeley Secretarial School, East Orange, is employed at the Veterans Administration Medical Center, East Orange.

Mr. Caputo, a graduate of Essex Catholic High School, Newark, and Fairleigh Dickinson University, East Rutheford, is with Hershey Chocolate Company, Union.

The couple honeymooned in San Francisco and Hawaii and have made their home in Belleville.

Surfrane Harding and Ronald Pendlebury

## Harding, Pendlebury are engaged to marry

The engagement of Miss Surfrane Harding and Ronald Pendlebury, both of Belleville, was announced May 2 during a party at the home of the prospective groom.

Miss Harding attended Belleville High School and is employed by Intercontinental Life Insurance Company, Elizabeth.

Mr. Pendlebury, an alumnus of Bloomfield Technical School, is with Wells Fargo, Newark.

## Belleville's past

The Rutgers Street bridge-tender between 1880 and 1890 was Old Pop Mulligan, a real "Gay 90s" character. Pop was short and squat and somewhat bowlegged. He walked with short quick steps and had a temper which matched his gait. He had a wonderful vocabulary and whenever the circumstances called for it, he could rise to the occasion with profanity that topped the ability of the best of rivermen.

When a boat blew for the bridge to open, all the kids in the neighborhood would run toward it in the hope of being selected by Pop to help open the draw. Pop would look the kids over with care and comments and pick out several of them to help. The rest he consigned to the nether region. Then Pop with great dignity would put the chain on each end of the bridge, lift the locks that held the draw shut and proceed with the opening of the draw.

To do this, a large turnkey inserted in the gears that turned the mechanism. A large pole was thrust through the handle of the turn key. The operators would walk round the round, pushing on the pole and thereby swinging the draw open. Pop would arrange the mechanism and then get the boys to help him push the pole, seemingly doing most of the pushing himself but actually just leaning against the pole while the boys did the pushing. Pop urged them on with the appropriate language. Then as the draw swung open, Pop would take his place on the side where the boat was coming through and would exchange polite comments with the entire crew from the pilot down to the cabin boy. Many boatmen were denounced for their vocabulary but none of them could hold a candle to old Pop.

## Brownies, Junior Girls camp out for weekend

Troop 255 Brownies and Troop 292 Junior Girl Scouts participated in an overnight camping trip to the Girl Scout Oval in Maplewood April 22-23.

It was the first overnight outing for the third-grade Brownies. They slept in a cabin, built fires, cooked outdoors, took nature hikes and sang songs around a campfire at night.

The Brownies earned their bridge to juniors patches, while the Junior Girl Scouts completed work for junior aide patches and badges.

The trip was arranged by Troop 255 leaders Mrs. R. Corriveau, Mrs. G. Cocchia and Mrs. A. Genarelli and Troop 292 leaders Mrs. J. Carroll, Mrs. S. Cammarato and Mrs. A. Torromeo.

## Views On Dental Health

WILLIAM B. KUN, D.M.D., M.Sc.D.  
**PAUL REVERE — DENTIST**

How about a little dental trivia? History records Paul Revere as the man who made the important ride on the night of April 18, 1775, as well as being a skilled silversmith. But the history books never mention the fact that Paul Revere was a practicing dentist. A student of John Baker, the first English dentist to come to America, Paul not only carved false teeth from ivory but concocted a cleaner that contained abrasive substances and various mixtures such as cuttlebone, brown-sugar candy, saltpeter and gunpowder, butter and bread crumbs. We don't know if it sold too well.

How far back does the use of nitrous oxide (laughing gas) go in the history of dentistry? In

1884, Dr. Horace Wells, an American dentist, demonstrated the properties of nitrous oxide by using it on himself while having his own tooth extracted.

How much dental care is needed today? It has been estimated that if every dentist spent 24 hours a day, every day of the year, just filling cavities, there would still be one billion cavities left unfilled in the United States.

# GRAND UNION

GRAND UNION GLADLY REDEEMS FOOD STAMPS

## DOUBLE VALUE COUPONS

All this week in Belleville and North Arlington Grand Unions.

Now, any manufacturer's "cents off" coupon (on brands and sizes we carry) will be redeemed for double savings. For example, if the coupon gives you 50¢ off, Grand Union gives you double value or 1.00 off. (Because of the current market conditions on the supply of coffee, and to insure every customer a fair share, we are limiting our double coupon coffee redemptions to one container of coffee per shopping family. Coupons for additional coffee purchases will be redeemed at face value.) This offer does not apply to Grand Union, or free, or any retailer coupons, or where the total will exceed the price of the item. (Cigarette and milk coupons prohibited by law).

Offer expires Sat., May 16

## Juniors take walk to aid fight on MS

The Junior Woman's Club of Belleville sponsored a walk-a-thon for the Multiple Sclerosis Association of Essex County Sunday, May 3. Linda Caputo directed the walk, undertaken to raise money for the association's building campaign fund.

The walk lasted from 1 till 4 p.m. It began at the Pathmark on Belmont Avenue and ended at the Pathmark on Washington Avenue. Check points were manned by club members and refreshments were served following the event. Boy Scout Troop 304 assisted club members as did the local Optimists. Members of the Belleville-based association were on hand, led by President Dick Renna, and a group from the newly formed Belleville Citizens' Watch traveled with the walkers.

Donations were made by the Irvine-Cozzarelli Memorial Home, VFW Post 275, Commissioner Vincent Strumolo, the Michael Pizzi Association and the Optimist Club.

Prior to the walk, a ribbon was cut by Mayor Michael Marotti with the assistance of School Board Trustees Tom Spillane and Tom Zampino.

Any woman 18 to 35 interested in joining the Belleville Juniors may contact membership chairman JoAnn Braniff at 759-2534 or attend any meeting, held on the second and fourth Mondays of the month at the clubhouse, 51 Rossmore Place.

## Troop 350 backpacks in Sussex mountains

Junior Scout leaders Mark Dombrowski, Amro, El Helw, Jim McGuire and A.J. SanFilippo and adult advisors Art SanFilippo and Scoutmaster Rick Dombrowski of Belleville Troop 350 backpacked about 18 miles through the Allamuchy Mountains in Sussex County recently.

Arriving Friday evening at Camp Allamuchy Scout Reservation, the Scouts hiked two miles and set up camp around 9:30 p.m. with the help of a bright moon. A light rain shower awoke the troop Saturday morning. By 6:30 a.m., the shower had stopped though and the air was filled with the aroma of bacon and eggs frying, along with the excited chatter of the Scouts who were anticipating their hike into the unknown area.

After studying a topographical map and determining a compass course to follow, backpacks were shouldered and at 8:30 a.m. the troop started toward its first goal, a stream between two swamp areas. After reaching this site, a second goal was chosen, a small pond at an elevation of 700 feet. At 1:30, the troop stopped for lunch at a spring. After bushwacking for seven miles, the rest stop was very welcome. The second target, the small pond, had not been reached and the troop decided to start back toward base camp. Another five miles to a stream and camp was set up.

The evening meal featured muffins fresh-baked using a reflector-type oven. The troop turned in about 9:30 p.m., very tired from the strenuous day. During the night all were awakened with noises that sounded like foxes fighting, but the Scouts were too tired to do much more than listen.

Rain again greeted the troop Sunday morning. It stopped about 7 a.m. and the chores of breaking camp started. After breakfast and a study of the maps, the troop headed back to Camp Allamuchy. It was an easy four-mile hike, and the Scouts stopped at a lake on camp property to reflect on the weekend's activities. Shortly thereafter, the red, white and blue troop truck was spotted, signaling the end of the 18-mile trek. On the way back to Belleville, the Scouts agreed to come back another time and find that elusive pond hidden in the Allamuchy Mountains.

# Zoners again nix basement apartment

The Zoning Board has once again rejected the application of a Belleville couple to rent out a basement apartment in their home.

The case of Rosario and Annunziata Perrone of 186 Passaic Ave. heard by zoners last Tuesday was not a new one them since the Perrones have appeared before the board three times in an effort to rent out their basement to a young married couple. All three times the board has rejected their request.

The Perrones are challenging the board's original decision in court. They contend the 1979 town zoning ordinance prohibiting any subsurface apartment from being rented is a violation of their constitutional rights. They feel the town has no right to tell them how to use their home.

The case has caused much controversy in the past few months, with the Perrones accusing their neighbor, Commissioner Mary Senatore, and town Code Enforcement Officer Bob Domenick of interfering in the outcome of the board's decision.

The Perrones won a victory several weeks ago with a Superior Court ruling that said the Zoning Board had violated New Jersey's Open Public Meetings Act or "Sunshine Law" when its members discussed the case several times privately. Judge Leo Yanoff ordered the board to deliberate the case once again.

But the judge's order did little to change the board's opinion as it once again turned down the appeal by a 7-0 vote last week with two members abstaining.

The Perrones have said they will appeal the case, which may go on for years before it is finally settled.

The Perrones were renting out their basement apartment in violation of town ordinance to a young couple for \$200 a month, and in return the young woman was helping take care of their daughter Maria, who is paralyzed by a brain tumor. Michael, the Perrones' son, has told board members that if the young couple were thrown out of the house, his parents will have a hard time caring for their daughter, who according to Michael, must be carried around the house and requires much attention. But the board has claimed that Maria's handicap does not constitute a legal hardship, which the Perrones would be required to prove before a special variance could be granted.

The Perrones have claimed throughout the hearings that Commission Senatore, who lives next to the Perrones at 192 Passaic Ave., has "abused" her position to thwart their application, and that Domenick, who works under Mrs. Senatore at the Public Works Department, trespassed on their property.

Michael Perrone says his parents and Commission Senatore had a "falling out" over flowers and bushes in the backyard, and that she used

her position to get the board to deny the application.

"My parents bought the house from Mary Senatore's brother," Perrone claimed, "and since that time she and my parents have been fighting over the flowers and bushes

in the backyard. So she got upset and ordered the building inspector to throw the people out of the house.

"If you just look around Belleville, you will see there are many houses in which people are renting out the basements," he added.

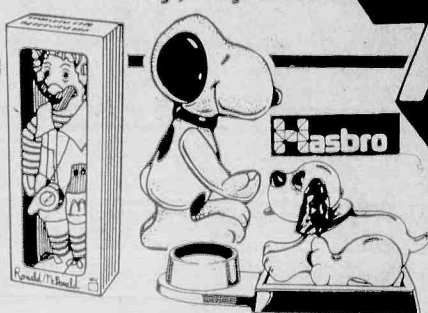

"I refuse to even comment on the case at all," Mrs. Senatore said. "I have never talked to that man, and if he continues to slander my name I will sue him."

The Perrones claim that Domenick came into their home

when Mrs. Perrone, who speaks little English, and her daughter were home and started looking through the house. The Perrones have pressed trespassing charges which are being investigated by the county prosecutor's office.

## Other towns on same path

Continued from page one.

be the first in Belleville's history. Belleville was formed as a township in 1839, when its population was only 500. It became a city in 1874 and then switched back to a township in 1876. It was in 1910 that the community became the "town of Belleville."

In recent years, the towns of South Orange, Fairfield, Montclair, Maplewood and West Orange have all changed to townships. Bloomfield and Verona have recently announced they are in the process of setting up special elections on the question.

One problem with all this is that there is no guarantee that the federal pie will grow any larger to accommodate all the new townships. In fact, just the opposite is likely since the Reagan Administration's budget cutbacks will probably mean less federal revenue sharing money.

## Buc Shots

### Grid coach recalls '62 clash with NHS

Every coach and every player has a game that he'll never forget. Last month, George Zanfini recalled the one that will never leave his memory.

This month, head football coach John Senesky was hit with the same difficult question: What is your most unforgettable game? Now even though Senesky has been a very successful coach at Belleville High School (25-13-1) and has led the Bucs to the state finals and three playoff appearances, he considers the Belleville-Nutley football game of 1962 to be the battle that he'll always remember.

Back in 1962, John Senesky was a junior on the Belleville football team. He played running back and remembers the hype that the Nutley game received that year from the players and fans. "I'll tell you, I don't think I ever saw anything like that before," said the coach. "The fans were psyched for the contest and the players looked on that game as one of the most important in their careers."

The Belleville team of 1962 was one of the best that the town has ever fielded. The Bellboys lost their opener to East Orange that year 13-7 but then went on to beat Bloomfield the following week. "We were supposed to play Nutley the next week, but a hurricane hit the night before the game and we had to cancel the game until later in the year," recalled Senesky. "Back in those days, there was an off-week before the Thanksgiving Day game and so the Nutley game was rescheduled for that Saturday."

In the meantime, Belleville went on to win its next five games and entered the contest with the Maroon Raiders at 6-1. Nutley, coached that season by Sandy Phillips, also came in with a 6-1 mark. "They were a great football team that year," said Senesky. "I remember that they were a lot bigger than we were and we knew that in order to beat them, we would have to out finesse them."

Belleville was under the guidance that season of first-year coach Tom Testa. Joe Letour was the quarterback and Rich Luzzi was an all-state and later All-American performer. Luzzi played fullback and scored a touchdown in that big Nutley game.

Senesky remembers that over 12,000 people invaded Belleville Stadium that afternoon to watch "the game." "It was a cold day, typical for mid-November," said the coach. "It was supposed to rain, but luckily it held off until late in the game. The fans were just so psyched and since it was an off-week for most of the other teams, there were players from all over the area at the game."

Belleville won 33-12 behind two touchdowns from Senesky. The win was especially big for Testa because he lived in Nutley and that made the rivalry even more intense. "I would have to say it was a typical Belleville-Nutley game. It's very hard to show that kind of emotion for any game," said Senesky. "To this day, I would have to say that the Belleville-Nutley football rivalry is one of the finest in the state and the players are always keyed up for the game."

The following season, Senesky scored another touchdown against the Maroon but crossing the goal line, he broke his leg. Senesky continued to play, but a couple of weeks later the break was diagnosed. Thus the game that Senesky will never forget from 1962 was the same game that he would rather forget from 1963.

From a coaching standpoint, Senesky remembers a lot of great games, but the two Seton Hall contests of 1979 and 1980 are his favorites. In those years, Belleville recorded 14-13 and 34-8 victories over the Pony Pirates, perhaps Belleville's most bitter rivals today.

The Belleville football schedule has been released for the 1981 season and some new teams appear on the slate. The Bucs travel to Livingston on opening day, and they are host to Barrengton the following week. Game number three is with Nutley, number four is against Passaic, with an away game next against Clarkstown North. If you've never heard of that school, you are in the majority. Clarkstown North is an upstate New York squad that hails from New City. It's true that Belleville was looking for a game to replace Essex Catholic, but whoever thought it would come from a team in upstate New York?

Anyhow, the Bucs then close out the year with a home game against Seton Hall, an away game versus Carteret and the traditional Thanksgiving Day game against Kearny in Belleville.

The Boston Celtics are trying to make the NBA finals interesting but in the process could very well become one of the biggest upset victims in the league's history. Houston now stands a very good chance of taking Boston for the NBA crown. The Celtics played game four as if they were bored and unless they come out of the doldrums, they could end up an embarrassing second. Perhaps their heads are still in the Philadelphia 76er series.

What more can you say about Frank Fazzini. He hit two grand slam home runs against Middletown South last week and pounded a homer against Cedar Grove Saturday. If he continues this pace, he might break Roger Maris's record. Frankie is having an incredible season and is sure to be an all-state candidate and a possible candidate for the amateur baseball draft in another year.

The quote of the week goes to Barbara Gundry. When she was told that she would run the anchor leg of the mile relay, she said, "I hope that I don't have to bring home the bacon because I'm not very hungry."

The Belleville High School athlete of the week is a tie between Mona Stampe and Nancy Coffey of the softball team. Coffey is batting a robust .525 and has done everything for the girls. Stampe plays a very steady first base and has come through with some clutch hits. That surprise bunt against Westfield is perhaps her biggest hit of the year.

The answer to last week's quiz. The question was, who played in the 1977 NBA finals, who was the series MVP and which teams did the finalists defeat in the conference finals? The answers: Philadelphia and Portland played for the NBA title, with Portland winning in six games. Bill Walton was the series MVP. Philadelphia defeated Houston and Portland knocked off Los Angeles to gain the finals.

For this week's quiz, let's see how well you Met fans remember the 1969 World Series. Against the Orioles, a reserve player was told to bunt in the 10th inning of a 1-1 game. He did and when the Oriole pitcher threw to first, he hit the Met runner. The Met runner on third base came home to score the winning run. Can you name the Met player who bunted, the Met player who scored and the Oriole pitcher who served up the fatal pitch?

# Bats lead diamondmen into GNT quarterfinals

**Belleville Bomber** — Frank Fazzini fakes a bunt against Cedar Grove Saturday in the Greater Newark Tournament. This past week, though, the Buc junior was mainly clouting the long ball. This time up he was held to a single.

## A rampage for Fazzini

"This week turned out to be a profitable one," said Buc diamond coach George Zanfini, and he was right. After an initial 9-1 loss to Linden, the Belleville High baseball team walloped Middletown South 15-5 and Montclair 12-4, and Saturday the Bucs won the second round of the Greater Newark Tournament in a 12-3 romp over Cedar Grove.

The quarterfinal round of the GNT will be played here Saturday. The Bucs take on Columbia at 2:30 p.m. Nutley plays Bloomfield in an 11 a.m. contest. A regular-season game with Seton Hall was rained out Monday.

"When you win three out of four, you must be pleased with the results," said Zanfini of this past week's action, "however, I'm very displeased with our defense. I think we committed close to 20 errors and if we are going anywhere in the tournament, county or state, we will have to tighten up our defense tremendously. We've been winging with our bats, but you can't depend on your offense to win games consistently against the good pitching schools."

One person who can almost win a game single-handedly is junior Frank Fazzini. He had such a spectacular week that even The Star-Ledger sat up and took notice. Against Linden he was responsible for two of the three Buc hits. Versus Middletown South, he had two grand slams, a double and 10 RBIs. Fazzini slowed down at Montclair with just two hits, but in the first round of the GNT he socked another home run and a double.

The Linden game on Tuesday of last week was a sloppy showcase for everything Belleville can do wrong. There were only three hits, two by Frank Fazzini and one by Eugene Cancelliere, and a number of fielding errors. Anthony Coco, who pitched most of the game, gave up eight runs, six of which were earned, 14 hits and recorded just two strikeouts. Roger Lentz, who came in as a reliever in the fifth inning, gave up two runs, one earned, two hits and a walk.

Against Middletown South last Thursday, Belleville looked rejuvenated after getting a bad game out of its system. Bobby Brave led off the first inning with a double and advanced on a single by Dave Starr. Brave eventually scored on a hit by Fazzini.

In the second inning, Fazzini hit the first of his two grand slam home runs. Cancelliere singled and Brave and Starr walked to load the bases. Then Fazzini hammered them all home.

The Buc junior got slam number two in the very next inning. Ken Constantino walked, Brave singled and Starr walked to set up Fazzini's blast.

Belleville added to its margin in

"I thought I would have to call the Coast Guard to come bail us out." Those words came from a disgruntled head golf coach Rocco Colucci shortly after his team had just competed in the first round of the state golf tournament. The results were not good.

If the players didn't have clubs in their hands, the event might have been mistaken for the first round of the water polo championships. Monday, as the rain came down in buckets, the boys had to play golf because the state rules read: "the tournament will be played, rain or shine."

"They weren't kidding, were they?" said Colucci. "You know I really couldn't believe that we had this match today. The weather was terrible and the players, who worked so hard this year for the state tournament end up playing in subpar conditions."

The head coach went on to make a very valid point. "You know, smart people like the ones who run the tournament should have enough sense to call off a tournament if the

## Softball team wins three but is ousted from Essex

By Mike Lamberti

Though it was knocked out of the Essex County Tournament, the Belleville High softball team picked up some important victories this past week.

The girls, 13-6 at the start of this week, defeated Passaic, Livingston and Lyndhurst, but bowed to Montclair in round two of the county tourney.

The locals defeated Passaic 14-6, stopped Livingston in the first round of the tourney 8-4 and were 8-1 victors over a very good Lyndhurst squad. The setback this past week was a 5-2 loss to Montclair.

The girls' game with Mount St. Dominic was rained out Monday. Yesterday, they took on Passaic. Irvington is Belleville's next opponent. That game is scheduled for 3:45 p.m. this coming Thursday, May 20, at home.

Against the Indian ladies of Passaic last Wednesday, Carl Corino's squad had to rally from an early deficit. The girls trailed 2-0 after one inning, but after three frames, the score was tied at three.

Belleville pulled away from Passaic with five runs in the fifth. Mona Stampe led off with a single and scored when powerful Donna Campana smacked a home run. Rosie Leonidis continued the rally with a single. Debbie Jinks and Angela Chimento followed with singles and Debbie Mundy drove in two runs with a double. Kim Indiero then singled home Chimento with the fifth run of the inning for an 8-3 Belleville lead.

The girls held the lead for Mundy who earned her second victory of the season with a setback. Dina DeAquino came into seal the verdict with two innings of relief.

Against Livingston last Thursday, the girls needed eight innings but managed to stop the Lancerettes 8-4. Debbie Jinks hurled the entire game to earn her fourth victory of the season against three losses. After Livingston had jumped out to an early 3-0 lead, Belleville tied the game with three runs in the fourth inning. Tracey Buono walked and stole second. She advanced to third on a wild pitch and after Leonidis walked,

Jinks doubled home both runners. Chimento then doubled in Jinks and the game was tied at three.

The squads were tied at four going into the eighth inning when with two outs, Stampe walked and stole second. Donna Campana was awarded first base on catcher's interference and Leonidis walked to

load them up. Chimento's walk brought in the go-ahead run and Luisa Dinis cleared the bases with a single that turned into a double error that brought home the clinching runs.

Mona Stampe had a great day

# Cosmos' Corner

By Mike Lamberti

Anytime the Cosmos and the Toronto Blizzard get together, the result is usually a fiercely competitive soccer match. Looking back over the last three seasons, the two teams have had some great battles. Although the Cosmos have not lost to the Blizzard in five years, they always feel that a game with Toronto is bound to be tough.

Back in 1979, the two teams staged an epic battle at Giants Stadium. After beating the Blizzard 1-0 at Toronto, the Cosmos had a war on their hands at Giants Stadium some two weeks later. The Cosmos won it 3-1, but not before two players from each side were ejected for fighting and the Cosmos' Ricky Davis was sucker-punched by a Blizzard player.

Last year, the Cosmos stopped the Blizzard twice, but once again, the games were hotly contested. This year, the two teams got together again for round four. The Cosmos won the game 5-1 by scoring five goals in the second half, three of which came in the final five minutes. The victory boosted the team's record to 7-1, while the loss dropped Toronto to 1-6. Tonight, the Cosmos are host to the Tulsa Roughnecks and will be at Giants Stadium 2:30 p.m. Sunday for a match against one of the better teams in the league, the Chicago Sting.

The Toronto game, which was supposed to be a lopsided one, was anything but. The Blizzard went into the locker room with a 1-0 lead when Sono Jomo beat Cosmo goalkeeper Hubert Birkenmeir. The Blizzard had a number of chances in the first half to extend that margin, but Birkenmeir was there for the saves.

The Cosmos, who have developed a habit of scoring all of their goals in the second half, tied the game when Giorgio Chinaglia converted a penalty kick. Shortly thereafter, Chinaglia beat the Blizzard goalkeeper, Tony Chursky, to give the Cosmos the lead at 2-1.

"I think that second goal really deflated them," Chinaglia said afterwards. "Our conditioning has been the story so far this year. We seem to wear down the opposition with our steady play. A team can play well against us for a half, but we seem to perk up in the second half. I think the guys are a bit nervous in the first half and don't want to make any mistakes in front of the fans."

Chursky, the Blizzard keeper, was brilliant in goal, deflecting a number of sure Cosmo goals with some quick hands. However, he wasn't quick enough to stop the Cosmos' third goal. It came from Hernan "Chico" Borja of Belleville, and the fans went bananas when he tallied.

It was Chico's first career NASL goal and one that he'll never forget. Borja did not start the game, but replaced Jeff Durgan at the start of the second half.

Chinaglia added the fourth goal and Francois Van Der Elst finished the match with goal number five. For Chinaglia, it was another hat trick and for the rookie Borja, a game to cherish.

A small crowd of 27,450 attended the Mother's Day confrontation, but the fans there were treated to an exciting game. Afterwards, Hennis Weisweiler, the Cosmos' coach, summarized the outing. "When a team comes into Giants Stadium, they usually play over their heads," he said. "We have to be ready for anything, because the other team will be working hard to beat us."

Weisweiler will have to juggle the lineup a bit for the next 10 days. Davis, the Cosmos' fine midfielder and defender, went down with an ankle injury and left the stadium on crutches. Davis injured his left ankle last season and sat out six weeks. This time it's his right foot and the prognosis didn't look too good as he left. Furthermore, Julio Caesar Romero and Roberto Cabanas are returning to their native Paraguay for a week to compete in their country's quest for the World Cup.

Wim Rjeisbergen, the team's top defender, is still nursing a rib injury and Weisweiler hopes he'll be ready for the game against Tulsa. "I'm just glad we have a good bench," said Weisweiler. "We're going to need their help very much in the next few weeks."

# Softball squad blasts Lyndhurst Bears 8-1

Continued from page 13.

against the Lancerettes, recording 11 putouts at first. The following day, against the Mounties of Montclair, she recorded 10 more, but her teammates fell victims 5-2. Jinks took the loss in this game, although she pitched fairly well. Stampe also had a good game at the plate, picking up two hits.

The girls defeated Lyndhurst for the second time this year 8-1 Saturday. What made the victory so

impressive was that Lyndhurst came into the game with a 15-2 record.

The girls scored twice in the second, twice in the fourth and added solo runs in the fifth and sixth innings. Lyndhurst's only run off winning pitcher Kathy Woods came in the second inning. Woods earned her fifth victory in seven tries and Butno proved to be the big hero when she threw out a Lyndhurst runner in the first inning, thwarting what could have been a big inning for the Golden Bears.

# A correction

An article on page 16 of last week's Belleville Times was in error. The story on the Belleville Recreation Twirlers said that Jennifer Bridge finished first in a twirling tournament and Veronica Valvano second. It should have been the other way around.

weather is going to be that bad. If they feel that they can't make up the tournament, then let's not have it at all. What's the use if the kids can't get a chance to show their best?" Collucci asked.

To make matter worse, the boys were up against West Essex, Bloomfield and Verona, three of the better teams in the state. On a good day, the Buc's would have been psyched up for such strong competition and would have come through with their best scores of the year.

The odds are that if fungus doesn't get your lawn, the grubs or chinch bugs will. You can't leave out the herbicides, fungicides or insecticides either. You're gambling if you don't have a complete program as listed below. What you see is what you get.

After two years of extensive testing, we've given up on the low maintenance Economy Program because it just doesn't work either for us or the competition. Without aeration and seeding you cannot grow a lawn.

No slopes please... if we can't aerate your lawn twice a year, we can't help you. Call the King's Men today. Within 10 days, we'll service your lawn and leave an invoice based on the square footage. (See chart below for the cost of your chemical application.) At the same time, we'll make a thorough lawn evaluation - and analysis and leave you a copy. ## Field events carry the Buc track team

By Mike Lamberti

It's hard to say enough about the Belleville High track team. The runners have been working hard all season long with a very small squad against great odds and have come through with good performances.

Perhaps the group that has gone most unnoticed this year has been the weight team. It's about time that group received a little recognition for the tremendous amount of work it has put in this year.

Going into this season, the weight athletes had compiled a 25-3 mark over the last three years. They are very well coached by two of the most knowledgeable men in the area, Jo Jo Cancelliere and Richard Ruffalo.

Cancelliere, assistant coach of the girls' track team, is new to the squad this year, but with his strength and great athletic ability is a fine teacher. Ruffalo, of course, is the team's head coach and in his day was a fine javelin thrower for Bloomfield High School and later for Montclair State College. He has produced some fine throwers in the past and he's coached some best throughout the area.

This year's squad is led by senior Anthony D'Agostino. Perhaps the best all-around athlete this year at Belleville High, "Big D" was an all-state football player and a top heavyweight wrestler for the Buc grapplers. This spring, he has a good chance of putting the shot over 50 feet. If he can accomplish that, he'll be the first Belleville athlete to break that mark in over 20 years.

Anthony Guarino, whom Ruffalo feels is the hardest worker on the team, has tossed the shot 42-6 in this his junior year. Guarino also throws the discus and javelin and with a little more work, could set a couple of

school records in those events. "He's a real tough competitor," said Ruffalo. "Anthony is the type of guy who gets to practice early and doesn't leave until late. He gives everything he has into his events."

Craig Mack, just a sophomore, is concentrating on the javelin and is looking to break the school mark of 171-2 by next year. He has been hit with a couple of injuries but continues to work hard. Eugene Moriello also has shown a great deal of promise in the javelin and discus, and Ruffalo can't say enough about his determination.

D'Agostino and Guarino recently earned a third-place medal in the Essex County relays. The two teamed up to throw the shot put and with a couple of breaks, could easily have finished in second place. Ruffalo feels that both athletes have a good chance of scoring some points at the Essex County championships this Saturday in South Orange.

For the girls, Jo Ann Benecchi has been having a tremendous season in the shot, disc and javelin. The sophomore continues to improve and Ruffalo feels she will be among the county's best before long. Lorena Navarro and Maria Madrid also have seen action in the throwing events and both girls have shown marked improvement during the course of the year.

They might not possess quantity, but the Belleville track team certainly has some quality, and you'll be hearing more about these athletes before the season ends.

One more regular-season meet is scheduled after this Saturday's Essex County relays. The Belleville boys and girls will host Bloomfield at home this coming Tuesday starting 3:45 p.m.

the fifth inning. Starr singled and scored on a double by Fazzini. Fazzini then came home on a single by Joe Corbalis.

Belleville continued its torrid hitting Friday against the Mounties of Montclair. In the first inning, Ross doubled, stole second and scored on a double by Fazzini. Phil Cerza walked in the second inning, advanced on a double by Brave and came home on a single by Ross.

The fifth inning was a busy one for Belleville. Fazzini singled, stole second, reached third on an error by the catcher. After Joe Corbalis had walked, Paul Scheuplein stroked a single scoring Fazzini and advancing Corbalis who later scored on a fielder's choice. An error on that fielder's choice allowed Scheuplein to score and Cerza to reach first. Cerza advanced to third on a single by Joe Zangari, and Zangari later scored on a single by Brave.

Belleville scored its final three runs in the seventh inning on a series of singles and Mountie errors, two by the shortstop.

Billy Ziemer recorded his first varsity win, surrendering four runs, two earned, six hits and four walks while striking out two.

In the second round of the Greater Newark Tournament here Saturday, Belleville exploded for four home runs. Ross reached in the first inning on an error by the Cedar Grove shortstop and advanced on Starr's single. Both scored on Fazzini's homer, his eighth of the season. Corbalis followed Fazzini with another homer, his second.

In the fourth, Scheuplein reached first on an error and scored on Cancelliere's two-run shot. Junior shortstop Joe Zangari got his first homer in the sixth inning. The Bucs added another run in that frame when Brave singled, advanced on an error by the third baseman, went to

third on a fielder's choice and came home on Fazzini's double.

Anthony Coco went the distance, giving up three runs, one earned, five hits and two walks and fanning nine.

# Joe's, USA lead Monday softball

Joe's Alignment and USA raised their Monday A Division records to 2-0 this past week. Joe's defeated Roselli's Amoco 17-8, and USA downed Belleville Shoes 10-1. BJ's Tavern scored a 13-8 victory over DeWitt Savings.

In Tuesday B League action, the new teams looked impressive. Minuteman Press notched its second victory, beating the Circle H Bar 10-2. Hair Design also won again, this time a 17-12 decision over the Belleville Political and Social Club. J&R Insulation, in its second year in the league, is also off to a good start. The team downed SPH Limousine Service 11-6 to pick up its second win.

DeBacco Brothers and Mr. Dees, playoff finalists last season, are 2-0 after victories last week. DeBacco's defeated Howard 18-3 and Mr. Dees beat Frenchy's 6-2. The Wednesday A Division surprise has been Clyde Paul Insurance which jumped up from B League competition last season. Clyde Paul picked up its second victory by edging Belleville Hess 7-6.

On the opening night of the Thursday B League, new arrival Red Shingle nipped Burger King 5-3. Belleville Newark Kawasaki defeated Garden State Pet 6-2, and International Paint outscored Giordano's Pizzeria 4-1.

## Nanny's Cafe nips Pub 3-2

Three Belleville teams came up winners in Essex County Tavern League action this past Sunday.

Nanny's Cafe topped Nutley Pub 3-2 and remained undefeated. Two of the teams defeated fellow Belleville clubs. BJ's Tavern nipped Town Cottage 5-4 and FMBA edged Frea's and Pat's 9-8. In one other game involving a local softball squad, Danny's Inn fell to Waterhole of Bloomfield 6-3.

This coming Sunday at Belleville Park, Town Cottage takes on Eric and Frac of Newark. Danny's squares off with Nanny's and FMBA is at Halftime in 9:30 a.m. games. At 11, BJ's battles Dapper Dan's of Newark and Frea's and Pat's plays Suppa's 917, also of Newark.

The standings as of this week:

### Northern Division

Nanny's Cafe	5-0
Town Cottage	3-2
BJ's Tavern	3-2
Nutley Pub	3-2
FMBA	1-4
Frea's and Pat's	1-4

### Southern Division

Dapper Dan's	5-0
Suppa's 917	4-1
Eric and Frac	2-3
Waterhole	2-3
Danny's Inn	1-4
Halftime Lounge	1-4

Gift of Music — From left, Belleville Music Parents Association President Gabe Nazziola, Belleville music director Frank Scelba, Junior High Principal Mario DiMaggio and music faculty member Ron Hackling pose with the new electronic equipment donated by the B.M.P.A.

## Music Parents donate equipment gift to JHS

The Belleville Music Parents Association (B.M.P.A.) has donated electronic equipment valued in excess of \$1,200 to the Junior High School music department. The synthesizer and amplifier were purchased at a substantial discount through the courtesy of Ed Muscara of Muscara Music on Washington Avenue.

Frank Scelba, the Belleville school system's music director, has initiated an "electronics music lab" elective course at the Junior High School under the tutelage of faculty member Ron Hackling. B.M.P.A. President Gabe Nazziola, Scelba and Hackling had visited Ben Franklin Junior High School in Ridgewood, which has the state's most advanced and best equipped electronic music program, and the Jersey City State College electronics music lab to find out what equipment would be needed to start such a course here.

"With the synthesizer and amplifier, and perhaps a borrowed

reel-to-reel tape recorder, we can not only produce the electronics music which is very much the thing today, but also record and 'track over' our efforts," said Heckling. The synthesizer uses a piano-type keyboard as a base for the origin of the sounds to be created.

The B.M.P.A. is an organization of some 236 Belleville parents and friends who have given financial, physical and moral support to the school system's music program. They have provided financial assistance for field trips, equipment purchases and summer music camps over the years as well as two annual music scholarships to a senior boy and senior girl in the music program. Said Nazziola, "We believe that as an organization we can provide the needed direct assistance to the Belleville music program which involves some 1,142 students of the system's 4,762 total enrollment of students. In doing so, we are providing a positive and constructive activity which gives the students something to like and enjoy and to derive fulfillment from during their educational years as well as throughout their lives."

## Blood bank here June 5

The Eugene "Cappy" Barnett Spring Blood Bank sponsored by the Belleville Knights of Columbus will be held 3-7 p.m. Friday, June 5, at the Council 835 Hall, 94 Bridge St.

Following the death last summer of the Belleville town clerk, the Knights' bank was officially named the Eugene "Cappy" Barnett Blood Bank to honor him as its founder and chairman for over 30 years.

Donations will be collected by the North Jersey Blood Center, which will use the blood to supply the needs of donors and their families and members of Council 835 and their families for one year. Donations will also help meet the needs of persons hospitalized anywhere in the United States. Additional beneficiaries include hemophiliacs, leukemia patients and other large blood users.

A goal of 75 units of blood has been set, according to drive chairman Jerry Hickey. "Giving blood is simple," he said, "the entire process, from registration to refreshments, takes less than an hour. We hope that everyone in good health between the ages of 18 and 66 will consider becoming a donor. It is truly a life-saving act."

Seventeen-year-olds with parental permission may also give blood. For more information, call Hickey at the Belleville Public Library at 759-9200.

# Democrats discuss views at club forum

Continued from page one.

microcosm of the problems of the state of New Jersey." He told the Belleville-Nutley audience he differs from some of the other candidates "in that I stand for capital punishment, for strong penalties against those committing crime with a gun and against our system which permits persons with a record of skipping bail to be given that right in subsequent arrests."

Smith dodged a question asking him to define how the concerns of industry could be balanced against concern for the environment.

He did say, however, that "a free market approach" should be adopted in finding sites for toxic waste dumps, nuclear plants and prisons.

"If a community is willing to be the host for a nuclear plant, then that town is entitled to financial benefits," Smith said.

The Jersey City man won the loudest applause of any candidate when he declared that New Jersey residents should be permitted to have guns to protect their homes.

"Regulation and registration of guns — that's what I want and I'm very much in favor of," Smith declared.

Ann Klein said the most crucial issue in the campaign "is what the environment of the state is going to be in 10 years." She then listed concerns such as disposal of solid and toxic wastes and the quality of the water supply as issues to be dealt with now.

She repeated several times that she was the only candidate among the Democrats who offered "an alternative."

On firearms control, Mrs. Klein declared, "It is a disgrace that the United States is so overflowing with handguns." She wants strict gun control laws enacted.

While other candidates debated means of building new prisons to accommodate the increasing number of criminals, Mrs. Klein's solution was "to move the court and state jails into one system." She believes added efficiencies will provide more room for inmates, but she did not elaborate.

When other candidates suggested welfare payments were being abused in New Jersey, Mrs. Klein responded by saying that such statements "grossly exaggerate the cost of welfare on the taxpayers. The teachers' retirement fund gets more monies from the state than do welfare recipients."

That remark prompted an immediate response from Senator Dodd: "The teachers work for their money, that's the difference." He was applauded.

Not to be outdone, Mayor Smith interjected, "Welfare is one of the greatest abuses and we must end that abuse." Again, Smith won an enthusiastic round of applause.

Asked to comment on the effect on the party of the ABSCAM conviction of U.S. Senator Harrison Williams, Mrs. Klein said, "Let's not kid ourselves. It does hurt our party. I think the conviction is both terribly sad and terribly dreadful."

Essex County Senator Frank "Pat" Dodd stressed he is the only businessman in the race for governor and suggested that because of the business-like errors he said were committed by Governor Byrne, taxes rose unnecessarily during the past eight years in New Jersey.

"We in New Jersey have waived a red flag: Business is not welcome in this state," Dodd declared.

Dodd skirted a direct answer to the question of gun control. "Put in

the death penalty if you want a real deterrent," was his reply.

With John Degnan sitting only a few chairs away, Dodd criticized the former attorney general's plan to assign state police to the inner cities.

"I certainly would not waste the valuable resources of the state police by sending them into a city already loaded with state police," Dodd said.

"We don't have a problem catching the criminals; we have a problem of where to put them," Dodd said. Like Mayor Smith, Dodd suggested negotiating financial benefits for the "host communities" that permit construction of prisons within their municipal boundaries.

Dodd said he was saddened by Williams' conviction. "Pete Williams has served our state well. He is entitled to all his rights. He is a great public servant," Dodd said.

William Hamilton, the senator from Middlesex County, adopted a style at the Nutley-Belleville forum that failed to make waves. In his opening remarks he said simply that public transportation, toxic wastes and water supplies were the major issues of the campaign.

Later under questioning, Williams said he sees "absolutely no conflict at all" between industry and environmentalists.

Asked how he would reduce the rising crime rate, Hamilton said speedy trials were the answer. "Sentences should be imposed within 60 days," Hamilton asserted. But he said nothing about the problem of inadequate space in the state prison system.

Hamilton believes cross-checking by computers could help cut down abuses in the welfare system. "We have a 12 percent error rate in welfare," Hamilton said. "Welfare is fine for some people, but we have way too many welfare chiselers."

Hamilton said he felt "very sad" about the conviction of Williams. "Pete Williams is entitled to our prayers," Hamilton added.

John Degnan, the just resigned New Jersey attorney general, was the last to arrive at the VFW Hall, but he was there just in time to respond to the question about Williams' ABSCAM conviction. The question seemed tailor-made for Degnan.

"I think it is sad for Pete Williams," Degnan began. But the conviction he said "has done a lot of harm, not only to the Democratic Party but to the image of the state of New Jersey as well."

Degnan then went on to emphasize that "there is only one person among those in the Democratic primary race who has a reputation as a crime and corruption fighter."

After reminding the audience of what he felt were his accomplishments in fighting crime as attorney general, he suggested that he alone among the Democrats could be elected in November.

"Crime is not the only issue in this campaign," Degnan concluded. "But it is the issue that the people think is the most important."

Panelists for the forum included Yvonne Rappaport of Orange, a civic activist and member of the New Jersey Legislative Reapportionment Commission; Phil White of The Nutley Sun and the Orechio Broadcasting Company which produced the forum for cable television, and Mike Chieffo of Belleville, a former school trustee representing Suburban Cablevision of East Orange.

The program was seen on several state cable systems including UAColumbia, Suburban and Meadowlands Cable.

## Con artists. They'll tell you the trip is free and then take you for a ride!

Funny thing about con artists. Every year, millions of people are talked out of their life savings. There are lots of ways to be conned. I think you should learn about them — so you won't be. ## BUT RATIONING STILL POSSIBLE

# State relaxes its rules on water use by town

By Ed Capparucci

Although water restrictions were substantially eased throughout Northern Jersey this week, Belleville is still on a "stand by rationing" plan and will be required to continue monitoring the water use of town residents and businesses.

All restrictions have been lifted except the ban on using potable water for street and sidewalk clean-

ing. However, the town must still keep a watch on water use and file reports with the Governor's Task Force on Water Conservation every two weeks.

Among the restrictions which have ended are those limiting a family to 50 gallons of water per person per day and the 25 percent consumption reduction by business and commercial users.

Residents will be able to use gar-

den hoses to water their lawns and wash their cars, but they are not allowed to wash their driveways or sidewalks.

The town will maintain its program to impose surcharges, even though it did not issue any at all during the time full water rationing was in effect.

The state says the program must be continued in case the drought, which is unofficially ending after 18 months, happens to develop again. The Newark-Pequannock Watershed reservoir, the source of Belleville's water supply, hit a low of 21 percent capacity in early February, but was at 82.9 per cent as of Monday. The recent heavy rainfall, along with conservation, helped bring the reservoir up to a safe level.

But officials at the watershed said conservation was not working as well for them as in other parts of the state, where the reservoirs are averaging 90 percent capacity. And the drop in conservation has been evident here in Belleville.

Three weeks ago, town residents were saving 19.2 percent more water than in last September when the state conservation mandate was first imposed. But last week that number fell off to 14 per cent, according to local water monitor Steve Vogel.

"In September when the conservation measures started the town was using an average of 627,650 cubic square feet of water per day, and as of last week the town was averaging 539,800 cubic square feet per day, which results in a savings of 14 per cent," Vogel said.

Belleville officials had been shooting for the state-imposed 25 percent reduction figure which Belleville reached and exceeded for several weeks during the drought.

As long as the rains continue, the problems connected with conservation may be a thing of the past, but if the rains suddenly stop and residents continue to use water the way they have in past weeks, it may not be too long before three-minute showers are here once again.

to the Marotti and Pica and that the mayor would give the board an answer by the end of this week after he discusses the project with his colleagues.

"We met with the mayor and Commissioner Pica earlier in the week and they were very interested in the possible purchase of School 2," Miele told the board members. "The mayor listened to the proposals offered and told me he would go back to the other commissioners and give

## Decision due soon on deal for school

For some time, the Town Commission has been looking into the possibility of purchasing shut-down School 2 from the Board of Education for use as a municipal civic center. Now the discussions are getting serious.

School Board President Charles Miele said Monday that Mayor Michael Marotti and Public Safety Commissioner Matthew Pica met with a board committee to discuss the possible purchase of School 2.

Miele said a proposal was made

## Township change plan gets boost from state

The town of Belleville could become township of Belleville sooner than most officials here had previously thought.

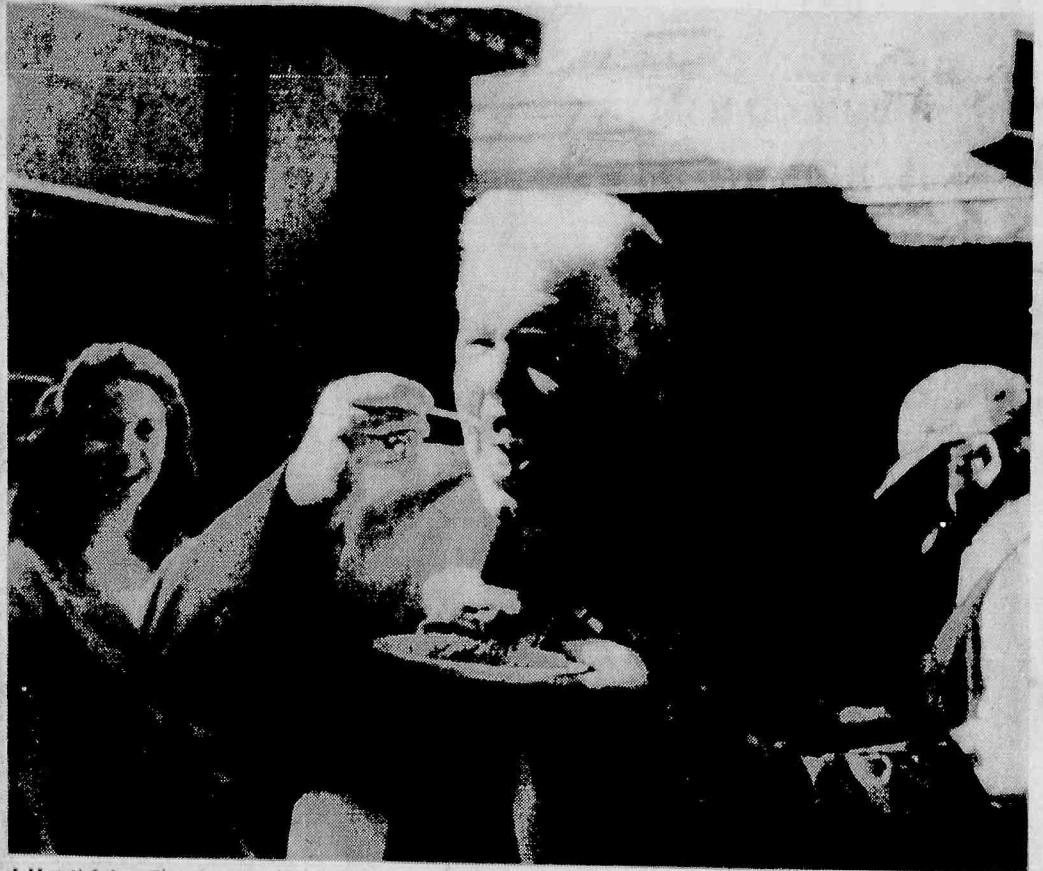

Last week a bill passed the New Jersey Senate which will enable all local communities applying for township change to have their special elections on the same day, perhaps as early as this August. The bill, which must also be passed by the State Assembly and signed by the governor before becoming law, would also cut the cost of the special election by al-

lowing the towns to use volunteers at the polling places instead of paid workers.

Two months ago, commissioners allocated \$10,000 to cover the cost of petitions for the change and a special election needed to make it. By becoming a township, Belleville could receive \$480,000 more in federal revenue sharing funds than it does now as a town.

The bill may save the town as much as \$4,800 of the \$10,000 it put

## Garden School to close doors after next month

By Ed Capparucci

The Garden School, which has provided care for emotionally disturbed children from Belleville and surrounding communities for over 20 years, will be closing its doors here at the end of the current school year.

Pressure from the county's school superintendent and the executive office has forced the Belleville Board of Education to end the Garden School program which was started by the Community Mental Health Services in 1957. Local children who attend

Garden School on Belleville Avenue will be moved into the public school system.

The beginning of the end for the school came when County Executive Peter Shapiro requested \$18,000 a year in rent be paid by participating communities for the building, which until that time had been financed by the County Board of Freeholders. According to Belleville School Superintendent Dr. John Greed, the request for rent by the county was understandable.

"You have to look at their situation," said Greed. "It was a question of money, and everyone is hurting when it comes to money nowadays."

The Belleville School Board is definitely hurting for money and told the county its rent request was out of the question. "It would have sent the cost of school tuition right through the roof," Dr. Greed said. "We just would not have been able to afford it."

Similar responses were received from the 21 other communities with children attending the school, and after its request had not been met, the county told trustees here the building was not physically safe. The county said major repairs and corrections would have to be made if the program were to continue in the Garden School.

"They told us that the building was not a satisfactory one for a school building," Greed said. "They said the building needed smoke detectors and that the rooms were too small for classrooms," he continued. "We just could not afford to make any changes in the school, so we decided to move our children into the public school system."

But according to Dr. Arnold Rabins, director of community services, the county was set to close the school whether or not the School Board made the required changes.

"I can remember seven corrections the county wanted to be made on the building," Rabins said. "The Belleville Board of Education said they would make five of them, and we said we would deal with the smoke detectors. However, the county

## Services planned for Memorial Day

Belleville will join thousands of other towns throughout the nation Monday in honoring the men and women who gave their lives fighting for freedom. Special services and a parade are planned for Memorial Day here.

A massing of colors will take place at 8:45 a.m. with all members organizations of the sponsoring Belleville Veterans Council meeting at the Rutgers Street Bridge. A traditional memorial prayer will be read by John Lorec, past state commander of the AMVETS, and an anchor wreath will be placed on the Passaic River in memory of the fallen servicemen by Council Chairman Al Pico and Council Vice Chairman

Pat Wynn. The VFW Post 275 firing squad will then fire a volley and the bells of the Dutch Reformed Church will be rung.

The second phase of the day's activities starts 10 a.m. by the war monument on Union Avenue. Members of Belleville veterans' organizations and local dignitaries will assemble for another massing of colors, and the Belleville High School band will play the national anthem. An invocation will then be delivered by Rev. Benedetto Pascale of the Silver Lake Baptist Church, and a welcoming address will be made by James Leary of VFW Post
