Snow Bounded — Belleville became more than a winter wonderland last weekend as more than 18 inches of snow hit the northeastern United States making driving impossible. Many motorists on Friday night left their cars in the middle of Washington and Franklin avenues slowing down the clean up operation.

Citizens Still Digging

Snow removal cost runs over \$25,000

By Ed Capparucci

As residents throughout the community continue to dig their way out of the Blizzard of '83, Commissioner Mary Senatore has submitted a clean-up bill to Mayor Michael Marotti totalling \$25,851.29, in hopes that Belleville can get some reimbursement from the state.

While no major accidents or injuries were reported during the blizzard, police did find themselves faced with many problems including abandoned cars. Schools throughout the town opened Monday, but on a delay schedule.

While residents spent most of the weekend outdoors shoveling their sidewalks and cars, Public Works officials were busy trying to keep the snow from closing the town roads. They were successful in their efforts, but the cost of the project was staggering.

"Since Gov. Thomas Kean declared a limited state of emergency, I am hoping that we will be able to pass some of the bill on to the state," Mrs. Senatore said in an interview Tuesday afternoon. "Right now I am not sure if we have any more funds left in our budget should another snow storm hit us this year. I will be sitting down with the superintendent of Public Works later this week to see where we stand."

Meanwhile residents throughout Belleville, as well as most of the northeastern United States, knew where they stood last weekend — in 18 inches of snow — as Mother Nature pulled no punches in creating the worst storm to hit the area in over 40 years.

Public Works employees were out salting the roads shortly after the snow began to fall Friday afternoon and started plowing early that evening. According to Mrs. Senatore over 200 tons of salt and 100 tons of grit were used to help keep the roads clean, costing the township over \$6,000.

Over the weekend 39 employees, including some from the Public Safety and Parks and Recreation, put in over 775 hours cleaning up after the storm at a cost of \$10,408.

"That was the major item as far as clean up cost was concerned," said Mrs. Senatore, "but we also spent a great deal of money on equipment which was damaged and will have to be repaired."

One town plow broke "in half"

and will cost the township \$4,000. Other repairs include kicker plates, chains, brakes, a starter, heater hoses, a clutch and a steering pump, totalling over \$6,000.

Meanwhile local police were ex-

(Please see 'Snow' on page 5.)

Town considering self-insurance plan

By Linda Telsco

With municipal employees' Blue Cross and Blue Shield (BCBS) health insurance contract about to expire, Commissioners are studying two alternatives: to renew coverage with that agency at offered discount rates or to go the independent route of self-insurance which promises substantial savings.

Representatives from BCBS and the Rasmussen Agency in East Orange each presented proposals to Commissioners at the Feb. 7 caucus session.

In an effort to compete with the liberal savings promised by self-insurance, BCBS offered Belleville a 20 percent discount and extended coverage on a new policy, according to the area sales manager, John Crovelli.

Township Treasurer Isadore Padula said Belleville paid \$748,000 in total premiums to BCBS last year. He said about 350 working employees and another 50 retirees are covered by the municipality.

Should Belleville renew its BCBS (Please see 'Town' on page 14.)

Judge's ruling due this week on town's garbage contract

The legality of Belleville's new scavenger contract with Browning-Ferris Industries of North Jersey (BFI) may be decided this week by Superior Court Judge Richard Newman.

Arguments were heard last Tuesday in the case of a complaint filed against Belleville and BFI by the township's former scavenger L. Pucillo & Sons, Inc., and five tax-

payers, charging there were numerous irregularities in the advertisement and awarding of the new five-year garbage contract effective since Jan. 1.

BFI, along with Pucillo, who had served as Belleville's scavenger for over 20 years until last Dec. 31, were the only two firms that submitted bids on Dec. 14.

Two weeks later, the Fairfield-

based BFI won a five-year \$2,778,992 contract with Belleville, squeezing out Pucillo who failed to submit a five-year bid, as requested, but whose one and three-year bids exceeded those of BFI for the same period.

According to Frank Cozzarelli, assistant township attorney, who represented Belleville last week, "the township clearly awarded the bid to the lowest responsible bidder in a manner we find acceptable and appropriate."

In a Monday interview, Cozzarelli said the plaintiff's argument, presented by attorney Mark Larner of East Orange, centered on technical irregularities in bidding. "There are no charges or allegations of fraud," he insisted.

Continuing, Cozzarelli charged there was no corporate seal for BFI affixed to the bidding documents. "In fact, there was a seal visible. They must have been looking at another page," said the attorney.

The plaintiff also charged BFI with failure to submit a financial statement from the specific firm bidding for the contract. Initially, the North Jersey subsidiary of the corporation, headquartered in Houston, submitted the financial statements of the parent company.

"The township accepted a reasonable substitute," commented Cozzarelli, who added, "Three days after that, on the 17th, BFI sent the statement for the North Jersey firm."

Finally, Pucillo charged BFI — represented by Arthur Kobin — failed to submit the required affidavit of non-collusion with the bid. However, Cozzarelli said that document was submitted on the 17th along with the financial statement. "Those were submitted before the final determination (Dec. 28) was made."

Belleville's attorney also noted there were charges of ambiguities in the bid specifications available to scavengers, hindering truly competitive bidding.

"We don't find those allegations material and contend the specs were comprehensible and would not give (Please see 'Judge' on page 14.)

Commissioners pondering new Cap law limitations

By Linda Telsco

Belleville officials may take advantage of state Cap law reforms and allow themselves a higher spending ceiling in the 1983 budget, now under preparation.

"We may find ourselves penalized if we stay within the 5 percent ceiling when next year's budget comes up," said Finance Commissioner Joseph McGreevey during last week's Commission meeting.

Belleville officials joined other municipal and finance leaders at a statewide meeting in Freehold last Thursday where they discussed the procedure of the reforms.

Signed into effect by Gov. Thomas Kean early this month, the reform provides county and municipal governments with the option of maintaining the current 5 percent ceiling on their spending increases over last year's budget or adopting the new system which ties the increases to a fluctuating scale for 1983, that scale sets the optional ceiling at 7 percent.

New Jersey enacted "Caps" in 1976 to stabilize property taxes. In effect, county and municipal governments could not increase a current budget more than 5 percent over the prior year's figures.

The regulations also provided for certain budgetary items, such as utilities, to be placed outside the Caps.

However, many communities complained that certain fixed, mandated costs which increase regularly,

rendered the 5 percent ceiling unrealistic, thus prompting a reform movement.

To employ the new system, a municipality must hold a public hearing and pass an ordinance.

Another alternative provided in the new law would allow a community to raise its current budget to the cap limitation even if all funds are not needed and bank the excess in order to avoid the penalty of being limited in how much it can raise the next year's budget.

Mayor Michael Marotti said Monday he wants to wait until all figures are in from the state on Feb. 28 before making a final decision.

"I think we might go to the 7.5 percent, but (town Treasurer Isadore) Padula has to check the figures first," Marotti said.

The mayor did say he would be opposed to any move that would raise the tax rate.

According to the mayor, utilities that were out of last year's budget cap might have to be in this year's and such matters will affect the final decision.

Belleville officials, for the most part, have favored some form of spending limitation, particularly Commissioner McGreevey.

In fact, according to the mayor, initial budget figures submitted by all five Commissioners for 1983 were over the caps of each department, and he urged his colleagues to bring them under 5 percent before any further consideration could be given to budget preparation.

School officials consider fingerprinting students

By Ed Capparucci

Local School Board officials and members of the Belleville Police Department are working on a fingerprinting program, that many officials feel will help identify missing and runaway children.

The program, which will be on a voluntary basis, will be available to Belleville elementary students and also to younger siblings in the family not yet attending school.

"The fear of a child missing or running away is of mutual concern to the School Board, and police department as well as the family," said school Trustee Thomas Zampino, who has been assigned by the board

president to follow the progress of the program. "In this crazy society we live in today, you can never have enough safety measures as far as our children are concerned."

The process of fingerprinting children will be done by the police department and will not be of cost to the parents. The fingerprints will not be kept on file by the school or police, but instead be given to the parent.

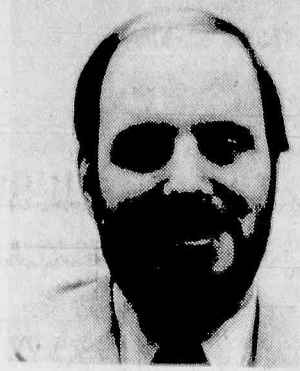

"Some people are concerned about the records being available to the police or the school system," said Zampino, "but that will not be the

(Please see 'Fingerprinting' on page 14.)

Looking For Bucks — Mayor Michael Marotti (c) met with Assemblyman Buddy Fortunato (r) and his aide Robert Campinelli last week to discuss the new "Community Authority Act," which Fortunato will introduce to the state Senate soon. The bill could provide redevelopment incentive for Belleville according to the mayor.

New therapy director named at Clara Maass

Robert Califano

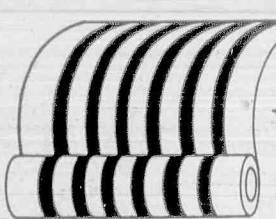

Robert Califano has been appointed director of the Recreation Therapy Department at Clara Maass Medical Center. Califano has been a member of the recreation department since 1973.

He was graduated from Fairleigh Dickinson University and served as an adjunct professor at Montclair State College.

A certified New Jersey Recreation supervisor and administrator, Califano was awarded the Supervisor of the Year award, 1981-82, from that organization. He also received an award for service from the therapeutic section of the New Jersey Recreation and Parks Association.

Local phone service is doing very well

After just 30 days of operation, TOTAL-TEL USA, a Belleville based company marketing long-distance telephone service, has experienced impressive success and acceptance by businesses and individuals.

TOTAL-TEL USA, a wholly owned subsidiary of Faradyne Electronics Corporation, clearly illustrates the vast rise in the resale carrier movement taking place in the telecommunications industry today. "When the federal Communications Commission permitted licensed carriers to purchase and resell excess line capacity from other carriers (i.e., primarily the Bell System) directly to consumers back in 1979, we at Faradyne Electronics Corporation recognized the opportunity to create a viable and profitable long-distance telephone service which would enable businesses and residents to save up to 50 percent or more on their current long-distance phone bills," noted Manny Brucker, President of Faradyne Electronics Corporation.

According to TOTAL-TEL USA Executive Vice President James Foster, the key to successfully passing on reduced long-distance phone costs to customers is to lease transmission facilities from the most economical combination of nationwide carriers. "Unlike many competing services, TOTAL-TEL

USA's strong financial backing has enabled us to purchase highly sophisticated switching equipment which, in turn, enables customer calls to be switched to the proper and most economical combination of leased long-distance facilities," Foster said.

"One of the major misconceptions associated with long-distance telephone services has been the belief that a change of existing phone equipment is necessary to utilize the service," noted Foster.

This is not true with TOTAL-TEL USA. There is no additional equipment required. Customers simply use their current phone system and the actual procedure is quite easy. To place a call anywhere in the continental United States, the customer first dials an access number. After hearing a dial tone, an authorization code number is entered followed by the actual phone number being dialed.

Currently, TOTAL-TEL USA is available to all size businesses as well as residents throughout Essex, Union, Passaic and Hudson Counties with service soon to be extended to Bergen & Morris Counties within the next 30 days.

TOTAL-TEL USA projects 250 new customers a month with annual billings by the end of its first year to exceed \$2.25 million.

Govel Realtors begin insurance program

William W. Govel, president of Govel Realtors, has announced the formation of Govel Insurance Agency, a new enterprise in the Govel organizational growth plan.

The new insurance agency, which will operate out of Govel headquarters at 727 Joralemon St., will complement the full range of real estate-related services now offered by Govel Realtors.

"The demand for an insurance division of Govel Realtors has been strong for some time now," Govel explained in announcing the creation of an insurance agency. "We have had constant requests from our real estate clients for insurance services. And, frankly, it makes sense to have all of these services under one roof."

Govel, who will serve as president of the new agency, announced that veteran insurance broker Harvey Kramer has been named executive vice president, in charge of sales, for Govel Insurance Agency.

Kramer, a licensed New Jersey insurance broker, brings more than 30 years of experience to his new position.

"Govel Insurance Agency represents a major advancement in the Essex County insurance industry," Kramer said. "With the inception of this company, the general public can reap the benefits of a one-stop center

for real estate and insurance services."

According to Govel, the insurance agency will assist tenants in selecting the type of renter's coverage best suited for their particular needs. The agency will also offer full coverage on condominiums and single-family homes for homeowners.

A vaporizer is an excellent aid for relief when congestion impedes breathing. Simply put, these small, portable units operate much like a tea kettle. When liquid is placed in the correct chamber, it heats to the boiling point by an electrical element. When the steam is loaded with medication, the patient is able to directly inhale the soothing vapors. They provide much needed moisture to dry, inflamed nose and throat tissues. When left on all night in a patient's bedroom, a vaporizer can also safely humidify the air to a comfortable level. Unlike humidifiers, vaporizers permit direct inhalation of medicated, healing vapors.

If you have a patient that requires prescription medication come to ROS-SMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. The sale and rental of convalescent aids are handled. This includes walkers, wheel chairs, crutches and canes. We also handle Timex watches, baby needs and cosmetics. Hours: 9am-10pm daily, 9am-9pm Sundays.

HANDY HINT:
Be sure to buy a vaporizer that is approved by the Underwriter's Laboratory.

One of the oldest and most active groups is Belleville Women's Club

By Marianne Lombardi

One of the oldest and most active organizations in town today is the Belleville Women's Club.

The association has primarily dedicated itself to the health, welfare and beauty of the community. Some of its earliest activities included, presenting the town with its first Christmas tree, financially contributing to the first municipal recreation building and to the Silver Lake Community House. The association also was the originator of the annual Clean-Up Week in town.

Originally formed in 1916, the group was known as the Belleville Improvement Association, with Mrs. Herbert A. Vail, its first president. The group changed its name to the Belleville Women's Club in 1922 when it joined the New Jersey Federation of Women's Club. The club's first president under its new title was Mrs. Frederick E. Dodd.

Joining the federation expanded the club's concerns, encompassing national and even international causes. However, its main commitment remained to the local community.

In 1923 when the Belleville Children's Aid Society was unable to finance the salary of a professional case worker, the Women's Club provided assistance by donating

toward the salary of the case worker for three consecutive years.

Through the efforts of the club in 1927, Belleville became one of the first communities to furnish traffic police officers and crossing guards with white luminous gloves. This safety precaution was adopted afterwards in many neighboring municipalities.

Also during its first 20 years under the federation's title, the club donated to the construction of a new boathouse for the joint use of the Belleville and Nutley School crew teams and invited female seniors at BHS to attend an annual three-day visit to Douglass College in New Brunswick. Various essay contests were sponsored by the club, awarding BHS college-bound seniors with scholarships.

At a 50th anniversary celebration on March 28, 1966, past Mayor Nuncio R. Pico commemorated the club for its "achievements in social and civic advancement" and presented a proclamation to the members.

Since 1928 the organization has been meeting regularly at its clubhouse residence on Rossmore Place. In the course of a year, the 70-member organization takes on various charitable excursions. Besides donating glasses to the blind, funds to the Cancer Society, the Community Mental Health facility,

the library and other needy causes, the members also volunteer their services to Clara Maass Medical Center.

In addition, members baked tins of cookies for patients at the Geriatrics Center during the holiday season and donated clothing to the New Jersey Training School in Skillman.

Other social services include a "friendly visiting service" for senior citizens in the area. Elderly residents living alone receive a call or visit on a regular basis from this group.

The club finances its donations with the sales of baked goods, home knitted wear and various items sold at flea markets. Other revenue is accumulated through donations made by members in memory of a loved one.

Since the club is totally dependent on self-generated revenue, members contribute financially toward clubhouse expenses. Collections are taken at monthly bridges held at the clubhouse.

Club membership is divided into various "departments" such as, social service, American home, safety, literature, art and drama. Each month a specific department conducts a program highlighting a particular interest.

"You're never too old to learn," said Helen Talbot, publicity spokeswoman for the club.

AVOID THE "RIPOFF" READ

FACT #1 Read & re-read the small print. Beware of phrases like, "none in stock," "8 weeks delivery," "one in stock," or "many others in stock with popular options."

FACT #2 Why do some dealers spend \$4,000 for a full page ad to advertise "none in stock," "one in stock," "will order." You better believe there is a rip-off and you are the target.

FACT #3 \$80,000 per month in advertising costs are not unusual for the "Go-Go" dealers. Guess who pays for all this advertising?

FACT #4 Factory charges to dealers are the same. It makes no difference who you buy from.

FACT #5 At Bigelow Motors, you deal with one salesperson & one manager. You are not subjected to pressure by six different "managers."

FACT #6 There is never any charge for "documentary fees" at Bigelow. These fees run as high as \$95. (What the heck are documentary fees?)

FACT #7 Many highway dealers have an overhead of over \$200,000 per month. Bigelow Motors is mortgage and rent free. Bigelow operates with a minimum overhead.

FACT #8 Bigelow Motors was founded in 1939. It is still run by the original owners. If you have a complaint you can enter their offices and talk to the owners.

FACT #9 You can't buy anything today that even comes close to Chrysler and Plymouth. We sell the best engineered, high mileage cars on the road. Note the absence of safety recalls. You and your family are safest in a Chrysler or Plymouth product.

St. Peter's school holding registration

Registration for St. Peter's School will take place March 4 in the school library from 9 a.m. to 2 p.m.

This is registration for students entering the school for the first time. Students already enrolled in St. Peter's will be registered at a later date.

Age requirements for children are as follows: to enter pre-school, a child must be four years old by Dec. 31, 1983; kindergarten, a child must be five years old by Dec. 31, 1983; and for first grade, a child must be six years old by Dec. 31, 1983.

All students registering must bring the following: certificates of birth and baptism, health records of oral polio and booster, rubella and measles vaccine, mumps vaccine, three DPT and boosters and tuberculin test. Any students registering for grades two through eight must present the following: most recent report card and copies of all standardized test results.

A registration fee is also required. For pre-schoolers to kindergarten there is a \$20 fee; grades 1-3, \$25 and grades 4-8, \$30.

The 'Friends of Michael P. Pizzi for Commissioner' will be holding a breakfast on Sunday, Feb. 27 at the Branch Brook Manor, 13 Washington Ave., starting at 10 a.m. Anyone wishing to obtain tickets should contact Carol Ann Russo at 759-6195 or Mike Pizzi Sr., at 759-1925 after 5 p.m.

Snow Removal

The blizzard of 1983 is more than a memory — it is an experience that few of us will ever forget.

Fortunately, in our township the Public Works Department did its usual magnificent job and cleared away the snow in more than an adequate manner.

Disabled cars, and those parked over night caused a problem for the Public Works Department. So — if there were some streets that appeared not to be plowed adequately, blame it on the motorists who abandoned their cars on the street, thus contributing to the

traffic problem.

In Nutley, it was a new commissioner, Ernest Piro who, with attention and devotion, spent most of Friday night touring the town to ensure that the job of snow removal was well done.

Our thanks are extended to the department employees who came through in a most difficult time.

Frank Orechio

A Bum Rap

A proposal by the New Jersey Lottery Commission to authorize the installation of video slot machines on a trial basis in various counties throughout the state finds the Republican State Chairman tangled in a web of newspaper stories that make it appear that he has done something wrong.

Republican State Chairman Phil Kaltenbacher invested in a company that manufactures video machines, back in September 1981 — a time before Tom Kean was elected governor. For Mr. Kaltenbacher, the stock purchase represented a normal investment and a risk venture. Unfortunately, his transaction found its way into a story about the Lottery Commission Chairman,

whose actions in the matter are under investigation by the Attorney General and the New Jersey Ethics Committee. Every time the subject is written about, the narrative includes a reference to Kaltenbacher's stock purchase.

This is a bum rap. Kaltenbacher did nothing illegal — did nothing wrong — and should not be held accountable for the behavior of other officials who abused the public trust.

Frank Orechio

Reagan vs. Israel

President Ronald Reagan this week criticized Israel for remaining in Lebanon. Reagan obviously knows something the American people do not know.

Israel claims it needs to remain in Lebanon until it receives assurances that Lebanon territories will not be used in the future as launching pads for missiles aimed at Israel by PLO terrorists.

There are three occupying forces in Lebanon that should not be there. They are the PLO, Israel, and Syria. Published reports indicate that Israel is prepared to leave Lebanon at the same time as the PLO and

Syria depart. Israel wants assurances that all foreign troops will leave Lebanon soil but there is no armed force to guarantee such a result.

For as long as Israel feels threatened by Syrian or PLO troops on Lebanon territory, it must maintain an armed presence on the same soil, for its very own survival.

Frank Orechio

Prayer For Today

Unto God's gracious mercy and protection we commit ourselves. The Lord bless us and keep us. The Lord His face to shine upon us and by gracious unto us. The Lord lift up the light of His countenance upon us, and give us peace, both now and evermore.

Letters in print

Finding a safe place for kids to wrestle

To the editor:

In my recent letter to the editor my express purpose was to 'spotlight' a hazardous and unsafe exposure existing in our school system, in the hope that such 'spotlighting' would get it attended to more expeditiously. More specifically, the hazardous and unsafe exposure centering around the fact that the Belleville Recreation Wrestling squad, composed of boys ages 6 through 14, are having to use one-half of the high school cafeteria for wrestling practices on Tuesday and Thursday from 6 p.m. to 7:30 p.m. as well as several wrestling competition matches which usually run from 7:30 to 9:30 p.m.

I had indicated that recreation wrestling had been pre-empted from use of the high school gymnasium by an aerobics class of the Belleville Adult School. On this latter point, I stand corrected.

I received a telephone call from the Dean of the Belleville Adult School in response to my letter to the editor, who felt that perhaps the Adult School was

getting a 'bad rap,' and he clarified that in fact it was not the aerobics class, but basketball practices that had taken priority use of the gymnasium. In further clarification I learned that while the aerobics class was using the gymnasium, it had been pre-empted by the basketball needs and that aerobics class now follows the recreation wrestling in the same half of the high school cafeteria.

In making some further inquiries I have learned that many of our schools' gymnasium facilities are in use from right after school into the evening hours. Hopefully, the powers-that-be in our school system will find a more suitable and safe facility for use by the recreation wrestling team before someone is seriously injured. As a suggestion, the all-purpose room at the Board of Education Complex (old School 1) certainly would be perfect for this need.

Respectfully submitted,
Gabriel A. Nazzola

Some people believe things are not better

To the editor:

President Reagan is bulldozing the people as usual. How naive does he think we are?

He wants us to believe the economy is turning around and things are getting better. That's a laugh! With the huge federal deficit still growing out of bounds and 11.4 million citizens unemployed, we are heading toward disaster fast. All caused by himself and his administration, by cutting income taxes of the rich and spending billions of dollars on defense.

They keep digging into the poor, middle class and senior citizens to support their own vast spending.

Now his budget calls for a freeze on domestic spending program, while he asks for a 10 percent increase in spending for the office of the White House, according to Sen. Clark Levin. How inhuman and greedy can they get? Living the "Life of Luxury" at our expense!

In the Democratic Party's response to President Reagan's proposals told to a national radio audience that Congress must immediately pass a jobs bill for the unemployed, provide food for the

poor, include freeze on defense spending and give up the next installment of the Reagan tax cut to the wealthy, to help reduce the federal deficit.

We have excessive tax cuts for the rich and soup kitchens for the jobless. We have enough nuclear weapons to blow up the world and he requests billions for more.

Sen. Kennedy said military spending has to be cut and tax cuts for the wealthy scheduled for July should be repealed along with the indexing of the tax rates.

People in the middle class category would not mind losing three or four dollars tax cut if it will help restore the economy, with the thousands of dollars of the wealthy cuts put into the economy would really help a lot; that and the money saved from a defense spending freeze would save our country. But President Reagan is too pig headed to give in even though advised by some of his own men in the Cabinet!

People should write to Congress and Senators to fight Reagan's budget proposals.

Sincerely,
Stella Draghi

Belleville bulletin board

(Items for the Belleville Bulletin Board may be sent to P.O. 56, Belleville, N.J., dropped off at 800 Bloomfield Ave., Nutley, or telephoned to the Times/News at 759-3200. Future Events

Feb. 24 (Thurs.) 2:30 p.m. Friendly Visitors Program of Community Mental Health Services volunteer meeting — Fewsmith Church, 444 Union Ave.

Golden Comments

By James R. Golden

Will the compromise proposal hammered out by the President's National Commission on Social Security Reform withstand the expected withering fire and massive assaults from many sides, especially from a powerful coalition of 6 million active and retired civil servants who oppose the proposed requirements that newly hired federal employees participate in the system? They charge that the switch would bankrupt their healthy \$96 billion civil service retirement fund and saddle Congress with \$185 billion in the future uncovered pension obligations, and deprive the Government of \$2 billion in taxes now paid on their benefits by federal retirees.

Likewise, the 14 million-member American Association of Retired Persons (A.A.R.P.) which includes vast numbers of retired teachers has vehemently denounced provisions requiring a six-month delay in cost of living adjustments (COLA) for benefits and accelerating payroll tax hikes through 1990.

A.A.R.P. is especially outraged by a requirement that, starting in 1984, will impose taxes on half of the benefits of individuals with annual incomes above \$20,000 and couples above \$25,000. It is expected this move would raise \$30 billion in taxation each year.

To produce that volume of revenue, it would indicate there may be quite a few recipients of Social Security benefits who have annual incomes above those threshold limits...since the inception of Social Security benefits all from the Social Security fund have been non-taxable.

Naturally, there will be strong opposition to this emasculation of the sanctity of the Social Security Act, not only by the affluent who will become ensnared by the proposal to tax half of Social Security benefits above the proposed threshold amounts, but, by all recipients who will recognize and realize that once Congress tampers with the original intent of Social Security to regard as non-taxable all benefits from the Social Security fund, that depending upon the whim and caprice of Congress the threshold limits can be lowered or changed to the point that only those within the poverty level would qualify for non-taxable Social Security benefits. Would you like to see that happen? It could.

What a dim picture this structural change for Social Security offers for the younger workers of America. Forced to pay higher F.I.C.A. taxes, with inflation forcing salaries to higher brackets, many will invest in IRA or Keogh pension plans which along with some wise investments or prudent savings will almost assure that, at the time of their retirement, their income will exceed the anticipated Social Security threshold levels, thus, subjecting most of whatever Social Security benefits they might receive to taxation...that would be a bad deal.

While the greater majority will not be adversely affected by the proposed threshold limits that determines who must have half their Social Security benefits taxed; It not only increases the taxes already paid by those affected retired on Social Security, but, it puts them into a much higher tax bracket in which the percentage of taxation is greater.

In substance, this amounts to imposing a penalty upon the frugality, thrift, wise investing and sacrifice of not wealthy, but, ordinary citizens who were taught a way back when times were tough and depression pennies were saved and kids were told a penny saved is dollar earned.

Yes! Maybe Social Security has come upon hard times, but, it was Congress that helped to put it there when they voted to take money out of the Social Security fund to pay for Medicaid, the medical care of those on welfare; Social Security wouldn't be in the mess it's in, had they not done that.

Come July 1st, individual Medicare monthly cost, taken from Social Security benefits, goes up to \$13.50 and entitlements are being lowered, meaning the government pays less while the sick and hospitalized aged must pay more, yet, those on Medicaid get all of this free...paid for from now faltering Social Security fund. What a poor way to run anything.

We can only guess what affect the controversial Congressional debates on this troublesome problem will produce, but, so far, it looks like a victory for President Reagan and his "hatchet man" Stockman. If only the man in the White House would take that chip off his shoulder, and come down to earth, by cutting out needless foreign aid and defense spending and support Social Security from current funds until 1990, when it will become self-sustaining, we'd all be better off. So would he be politically.

Belleville's past

Indian Trails and Turnpikes

Eventually four of the 54 turnpikes authorized by the state in 1801, ran through Belleville. The Newark and Pompton Turnpike was laid out in 1806 to follow the "new" Bloomfield Road, or what is now Bloomfield Avenue. The following year the Belleville Turnpike was chartered; it ran from the Rutgers Street bridge "to the Newark and Pompton Road between Bloomfield and Cranetown. On November 28, 1808, the Jersey and Acquackanonk Turnpike was authorized by law; following the old River Road present-day Main Street, to Acquackanonk (Passaic), this road connected with the Belleville Turnpike. On February 16, 1816, a second Belleville Turnpike was chartered. This also intersected the Newark-Pompton Road, but at Little Falls.

Turnpikes were supposed to "be bedded with stone, gravel, sound wood, or other substances well compacted together and of sufficient depth to secure a good and solid foundation." In many cases these provisions were just so much wishful thinking on the part of the legislators who had made them. But generally turnpikes were truly an improvement over the older dirt roads, even though their maintenance by private companies did not prove an unmixed blessing to the hurried traveler. Tollgates crossed the pikes at regular two-mile intervals, and it was said that "in cold weather you must take your gloves and open your purse oftener than is pleasant." The bridge across the Passaic, too, was a toll bridge, operated by Anthony Rutgers, after whom it was known as Rutgers' Bridge.

Despite these transportation difficulties, Belleville was able to attract many visitors and tourists. The Passaic River then was — believe it or not! — a fresh and unspoiled stream in which fish abounded and bathers found refreshing recreation. The town became a well known summer resort and "Gazetteers" and guide books of a hundred years ago testified to Belleville's attractions in glowing terms. Said one of them: "This is a pleasant place of resort during the summer months besides being one of considerable business."

One of the town's "public houses" was said to be a "very large and well furnished hotel, kept by Mr. Chandler, where many summer boarders may be accommodated, in this delightful retreat, far from the bustle and noise of the great neighboring city."

In fact, New Yorkers had discovered Belleville's rural charms as early as the 1790s. At the same time that Rutgers' bridge was built, a corduroy road was laid across the spongy surface of the Hackensack meadows to Paulus Hook, as Jersey City was then called. Along this turnpike Joseph Sandford established his stage coach line from Belleville to New York. His vehicles were the Concord type coaches — having more seats on the back, front and top than on the inside. For the two-hour trip across the meadows Sandford charged 50 cents; "the round trip took half a day."

From Richard A. Shafter's "History of Belleville

Snow removal cost runs over \$25,000

(Continued from page one.)

periencing a number of problems with abandoned cars along Washington and Franklin avenues over the weekends.

"We towed over 50 cars," said police Chief George Lister. "The cars which were abandoned along the roads made it virtually impossible for plowing in some areas of town and slowed the cleaning operation down considerably."

Lister said additional men were called in over the weekend to handle the large amount of storm-related calls received at police headquarters, and to make matters worse, one station broke down at 7 p.m. on Friday night, with power not restored until early Saturday afternoon.

"There were many problems encountered during the storm but fortunately none were too serious," Lister said. "We tried to do the best job possible while holding overtime to a minimum. All in all, I believe the men did an excellent job."

Police reported one major accident on Route 21 Friday evening when a tractor trailer truck jackknifed, causing a massive delay. Except for that incident, most of the other accidents were just fender-benders.

Mayor Marotti said township crews were out all weekend cleaning

up town property and trying to things back into shape for Monday.

"We were lucky that Friday was a holiday and Town Hall was closed," the mayor said. "It made things a little easier, with all the town employees off."

"We spent the entire weekend cleaning up and most things were back to normal by Monday," he continued. "I think everyone from the police to Public Works department did a great job cleaning the town up after a storm like this."

Schools Superintendent Dr. Jonn Greed said he thought about closing schools on Monday, but decided instead to delay Monday's opening until 10 a.m.

"They are anticipating another storm later this week and I decided to save a day, in case we need it then," Greed said. "I was seriously considering closing schools on Monday because many sidewalks still had not been cleaned and I was worried about a child getting hurt, but I thought the hour-and-a-half delay would give both the teachers and students adequate time to arrive."

The school district reported only a slight increase in the absentee rate with 20 percent of the Middle School students and 17 percent of high school students not reporting on Monday.

EDITORIALIZING

Weathering the storm

By Ed Capparucci

Well the Blizzard of 1983 has come, but what I want to know is "When is it going to leave?" I am sick and tired of this white stuff already. I have never done as much shoveling in my life as I did this weekend, and I live in an apartment. But it was nice to see neighbors joining together and pitching in to help one another. I know on my block there were many people helping each other. As a matter of fact, the reason I did so much shoveling was because I was helping out my neighbors, many whom I never met before the storm.

It gave you a warm feeling knowing that people still care about others, and can forget their own problems to lend a hand to others in need. One question I have is "Where are all the kids who should be out shoveling snow and earning money?" I did not see one kid come through my neighborhood working to shovel a sidewalk or driveway. I remember when I was growing up, you would pray at night for a heavy snowfall in hopes that 1) you would have snow and 2) that you could earn money shoveling it. The reason God put little kids on the earth is for one reason only, to shovel snow after major blizzards. I think the kids are playing with their Atari games too much.

warm spot for Harry S. Truman, the ward politician, the Midwestern populist who got caught up in history, and who ordered the only use of atomic bombs on people in history. Truman would have done it all over again, with Bess at his side, and with not a word of apology for being President of the United States of America.

Religious viewpoint

By Rev. Robert Paul

The U.S. Senate has just passed a resolution to make 1983 the "Year of the Bible." For this to come about, the House of Representatives must also vote and pass resolution (HJ 487). Then it must be signed by President Reagan, who has spoken of his belief in God's word. I hope it passes, don't you? I suffer no illusion that such a resolution could turn our nation into a Bible-believing, God-fearing country, but at the same time, I believe it is a good step in the right direction.

However, proclaiming 1983 as the "Year of the Bible" will not necessarily make it so. Giving lip service to the Bible and studying the Bible are not necessarily the same. Avowing faith in God's word does not mean that one has decided to obey the word of God. Recently, George Gallup carried out another of his survey studies and revealed to the nation that the majority of Americans say they believe the Bible, but few read it personally. Let us be like the Bereans of old who "— Searched the scriptures daily, whether those things were so." (Acts 17:11.)

The average reader can read the New Testament through in two hours and 43 minutes. George Washington is reported to have said, "It is impossible to rightly govern the world without God and the Bible." Former President Andrew Jackson said, "The Bible is the rock on which our republic rests."

Abraham Lincoln: "I believe the Bible is the best gift God has ever given to man. All the good from the Saviour of the world is communicated to us through this book." General Douglass MacArthur: "Believe me, sir, never a night goes by, be I ever so tired, but I read the word of God before I go to bed." The Bible says: "Study to show thyself approved unto God, a workman, that needeth not to be ashamed, rightly dividing the word of truth." (2nd Timothy 2:15.)

WARNING: The Bible is habit-forming. Regular use causes loss of anxiety, decreased appetite for lying, cheating, stealing, hating. Symptoms: increased sensations of love, peace, joy, compassion. The Bible will keep you from sin, or sin will keep you from the Bible.

Little talks at supper

By Russell Roemmele

When the grand histories of American civilization have written centuries hence, and when the masterpieces of literature about the famous men and their decisions are created by the Sophocles and Shakespeare of the 25th Century, the souls of two of our Presidents will be probed most deeply.

First there will be Abe Lincoln. His decision to preserve the Union at all cost, precipitating the most devastating war this nation has ever known, was without question the most momentous and yet the most tragic decision America has endured. Only a Shakespeare or a Sophocles could reveal the true depth of that tragedy, both in the national spirit and personal soul. Only an Arnold Toynbee — or better yet, an Edward Gibbon of the "Decline and Fall of the Roman Empire" — could put into words eternal the American Civil War as it afflicted a people, and still afflicts a people.

The other great decision that demands our attention today and will demand the attention of society as it will exist five centuries from now, was the dropping of the atomic bomb on Hiroshima, as ordered by President Harry Truman. Yes, that choice, just like Lincoln's, will be the stuff of great writing long after the rest of us, and the rest of the Presidents, have been forgotten.

Yet, in many ways, Harry S. Truman has yet to be known. He has not yet found his Walt Whitman or Carl Sandburg. I know of no major poet who even mentioned Truman in a line of verse. As for the historians, Truman has been ignored or ridiculed. Even today he is often recognized for the wrong reasons — his dispute with music critics, for example. Truman the President, and his decision to use the atomic bomb on Japan, has not been dealt with in poetry, drama or even in well-written history.

Truman was not a liberal. He was not a conservative. Rather, he was a leftover populist politician who learned to use the then progressive "ward-machine" of Midwestern politics. He nearly got himself impeached for ousting General Douglas MacArthur, the last of the 19th Century war heroes (Patton just missed being one, too). He helped create NATO, he stood up to the Soviet gangsters in Greece, Turkey, Korea and Berlin, and he made possible the Marshall Plan — the most unselfish act by a victor civilization the world has ever known.

Oh, oh, oh, he could be a son-of-a-bitch, to use the expression he used

Mrs. Salvatore Giangrande — nee Phyllis Rossi

Miss Phyllis Rossi bride of Salvatore Giangrande

Phyllis Rossi, daughter of Mr. and Mrs. Edward T. Rossi of Lake Street and Salvatore J. Giangrande Jr., son of Mr. and Mrs. Giangrande Sr. of Magnolia Street, were united in marriage Oct. 10 in St. Anthony's Church. The Rev. Louis Caputo of St. Michael's Church, Newark, performed the ceremony which was followed by a reception at Town and Campus, West Orange.

Escorted by her father, the bride wore a gown of Italian chiffon and Alencon lace fashioned with a high neckline, lace bodice, long pointed sleeves, flounced hemline and cathedral train.

A lace covered derby, accented with white roses under the brim, held her veil and she carried a parasol with a cascade of white roses and stephanotis.

Anna Rossi of Belleville was her sister's maid of honor. Bridesmaids included Cheryl Rossi, Christine Rossi, Cathv Rossi, Kimberly Ann D'Achille and the groom's sister, Michele Giangrande, all of Belleville and Cheryl Ann DeLorenzo of West Orange.

Bobby Roselli of Belleville served as best man. Ushering were Michael and Mark Richardella, Anthony Cuozzo, Anthony Gamarro, all of Belleville and Larry Nisivoccia of Edison.

The attendants were in turquoise georgette gowns with overjackets. Headpieces were derby hats. The honor attendant carried an arm bouquet of pink and white long stem roses, the bridesmaids carried arm bouquets of long stem pink roses and the junior bridesmaid had an open parasol trimmed with white and pink tea roses.

Mrs. Rossi chose a burgundy Oiana gown with a matching jacket. Her corsage was of red tea roses and white carnations dipped in burgundy. The groom's mother, in a mauve Oiana gown with matching jacket, had a corsage of white carnations and tea roses dipped in mauve.

Mrs. Giangrande, an alumna of Belleville High School and Laboratory Institute of Merchandising, New York City, is with Walter Kidde Co., Belleville.

Mr. Giangrande, a graduate of Bloomfield Technical High School, is with A-Acousti Ceilings, Nutley.

The couple is living in Belleville after honeymooning at Disney World and Paradise Island, Nassau, the Bahamas.

Miss Diane Greco, Joseph P. Saile will be married

Mr. and Mrs. Ralph Greco Sr. of 56 Edgewood Ave., announce the engagement of their daughter, Diane, to Joseph P. Saile of Wallington, son of Mrs. Olga Saile.

The troth was made known Nov. 21 with the wedding scheduled for Nov. 5 of this year.

Miss Greco, an alumna of Nutley High School and American Business Institute, is a court reporter at Bergen County Courthouse.

Mr. Saile, a graduate of Passaic High School, is with the State of New Jersey, Bureau of General Services.

Sally Nahser

Troth is announced of Sally R. Nahser, William Murphy III

Mr. and Mrs. Philip Joseph Nahser of Burlington, N.C., announce the engagement of their daughter, Sally Ruth, to William James Murphy III, son of Mr. and Mrs. William J. Murphy Jr., former Belleville residents.

Miss Nahser, an alumna of Peace College of Raleigh, N.C., will receive a bachelor of arts degree in botany from the University of North Carolina at Chapel Hill.

Mr. Murphy, a summa cum laude graduate of the University of North Carolina at Chapel Hill, was a Morehead Scholar and a member of Phi Beta Kappa. He is a doctoral candidate in chemistry at Columbia University, New York City.

The wedding will take place May 21 in Burlington, N.C.

Surprise Event — Mr. and Mrs. Charles S. Picone of Belleville celebrated their 65th wedding anniversary Jan. 2 at a surprise banquet in their honor at Branch Brook Manor. The affair was hosted by Mrs. Mary Beninato of Harrison, N.Y., Mr. and Mrs. Morton Picone of Union and Mr. and Mrs. Angelo de Bartola of Iseling. Attending were 50 family members and friends.

Golden Anniversary — Mr. and Mrs. John Zampaglione of Belleville were honored Feb. 26 on their 50th wedding anniversary at a party for 125 guests at the Fiesta, Woodridge. Congratulatory letters were received from President Reagan and Mayor Marotti. The couple has two daughters, Mrs. Kathleen Nigro and Mrs. Betty Piegro, also of Belleville, and four grandchildren.

Enjoy fish, chips at Grace Church on February 25

Grace Episcopal Church will hold its annual fish and chips supper Feb. 25, in the church parish hall on Highfield Lane, Nutley, from 5 to 7 p.m.

Tickets are adults, \$4.75 and children under 12, \$2.50. Takeout orders are also available between 4:30 and 5:30 and 6:30 and 7 p.m. Tickets may be purchased by calling the church office at 235-1177 through Tuesday, Feb. 22. No tickets will be sold at the door.

Masonic group will be serving fish and chips

A fish and chip dinner will be held Feb. 23 at Nutley Masonic Temple, 175 Chestnut St., with continuous serving from 5 to 7 p.m. Tomato juice, fish and chips, cole slaw, roll and butter, homemade dessert and beverage will be offered at \$5 for adults and \$2.50 for children under 12.

All reservations must be made through Jean Wagner at 667-2743 or from any member of the Past Matrons and Past Patrons Assoc. of the 21st District. Order of the Eastern Star, sponsors of the affair. Proceeds will benefit charity.

Ladies Aid Society celebrates its 85th anniversary at dinner

The Ladies Aid Society of Belleville Reformed Church celebrated its 85th anniversary at a gala dinner Feb. 2.

The group was founded Feb. 2, 1898. Ladies of the church met with the Rev. Andrew Hageman, pastor, Dec. 17, 1897, at the parsonage at 263 Main St. for the purpose of forming a society in the church. He explained the necessity of such an organization, a committee was appointed to draw up rules and regulations and it was agreed to make the initiation fee 25 cents and the regular dues at least 10 cents a month.

After many planning sessions, the first regular meeting of the Ladies Aid Society of the Reformed Church of Belleville was held Feb. 2 and rules and regulations and articles for a constitution and by-laws were adopted. They stated, "The object of this society is to aid in the care of the church and parsonage property and any other church work which the society may determine upon."

Umberto's Corner

Dear Umberto,

Lately my mother has been perspiring too much on her head. I have been searching for a shampoo designed for perspiring heads. I couldn't find any that work and control the scalp perspiration. It is unbelievable that she perspires a lot on her head and not that much on the other parts of her body. What is the cause and what can be done to diminish the perspiration? Also does perspiration bother the hair?

Perspiration Head
Dear Shampoo Searcher,

According to my knowledge, I never came across a shampoo that takes care of perspiring heads. Yes, perspiration damages the quality of the hair. This perspiration is caused by excess nervous system. I suggest to wash the hair often or rub some rubbing alcohol on her head. Better yet, choose a color close to her natural shade and color it. You'll see that this method will diminish the perspiration on the scalp. The reason for coloring is to dry the pores.

Yours,
Umberto

Sean C. Brown

A third child, a son, Sean Christopher, was born to Mr. and Mrs. Martin A. Brown of 51 Malone Ave. Aug. 3 at Clara Maass Medical Center. Birth weight was nine pounds, two ounces. He joins Colleen, eight and Michael, three.

Mrs. Brown is the former Kathy Stone, daughter of Mrs. Lucille Stone of Belleville. Mr. Brown, son of Martin Brown of Newark, is a teacher in Jersey City.

Alexander P. Ocello

A first child, a son, Alexander Paul, was born to Mr. and Mrs. Barry Ocello of 42 Mt. Pleasant Ave. Jan. 30 at Clara Maass Medical Center. Birth weight was 10 pounds, one ounce.

Mrs. Ocello is the former Heidi Yahnke, daughter of Mr. and Mrs. Harold Yahnke of Milwaukee, Wisc. Mr. Ocello, son of Mr. and Mrs. Ronald Ocello of Bloomfield, is a sales engineer with Johnson Controls, Long Island.

Dov Y. Smith

A first child, a son, Dov Yitzhak, was born to Mr. and Mrs. Perry Smith of 500 Jorammon St. Feb. 3 at Clara Maass Medical Center. Birth weight was five pounds, seven ounces.

Mrs. Smith is the former Robin Lazar, daughter of Mr. and Mrs. Arnold Lazar of Jamaica, N.Y. Mr. Smith, son of Mr. and Mrs. Morris Smith of Oceanside, N.Y., is an engineer with ITT, Nutley.

Friendly Visitors Need Volunteers To Provide Service

The Friendly Visitors Program of Community Mental Health Services will meet Feb. 24, 2:30 p.m. at Fewsmith Memorial Presbyterian Church, Belleville.

The program is in need of volunteers, especially those who live in Belleville. If you can give a few hours of time to call a homebound elderly or visit someone who is homebound one hour per week, please call Marty Angelone at 751-1750, 9 a.m. to 5 p.m., Monday through Friday. If you know of anyone who might benefit from the service, call also. The Friendly Visitors Program provides daily telephone reassurance and/or weekly visits from volunteers.

Seems like only yesterday... Board prepares for school construction; Commissioners move to abolish Planners

By Ed Capparucci
Thirty Years Ago
Eugene J. Kelly, president of the Board of Education, made a public appeal for cooperation from all members of the board, the Lav Committee and the Parent-Teacher's Association, in an effort to speed plans for construction of the proposed new high school building. The board's plans call for the expenditure of not more than \$2.5 million for purchase of land and construction of the building. After months of discussion, the first concrete step in that direction was taken last week, when the board entered into a contract with Emil A. Schmidlin, to prepare preliminary plans and specifications. His first duty would be to select a site. According to Kelly, two sites for the high school are under consideration, one by the Teacher College and the other adjacent to the stadium.

Twenty Years Ago
Councilman James Golden recalled an old campaign promise and renewed his effort to banish the second Planning Board Belleville ever had.

Golden introduced a resolution abolishing the nine-member, five-month old board, which he labeled a useless body, whose studies are eventually handed to the council for decision. The proposal was supported by a 3-2 vote, with Mayor Robert Laterza and Councilman Thomas P. Greco voting no. Both hold seats as ex-officio members of the Planning Board.

The Planning Board drew Golden's ire when board Chairman G. Fred Burlazzi, sought clarification last week of a ruling under the Enabling Act, which would give the board a legal voice and place it in position of an advisory board. The council made a move last week to start disassembling the Planning

Board, when it moved to cut \$3,000 from the Planners budget.

Nicholas S. Juliano and Ernest S. Arvidson, both incumbents, were re-elected to the School Board. Residents also approved the board's \$2.9 million budget by a 200 vote margin. Placing third in the election was Paul J. Francisco, former president of Citizens Tax Council, who finished almost 800 votes behind the winners.

Fifteen Years Ago
A vociferous crowd of about 200 interested citizens booed and heckled Mayor Kenneth Smith and the Board of Commissioners as they held a special meeting on the land-use map of Belleville's master plan. The boisterous congregation got out of hand when the Mayor stated he wanted to hear comments from the Valley residents only. Shouts of "Silver Lake people are good people also," and "This isn't Russia," hissed from the crowd. The Mayor explained that the plan would cut taxes from the Silver Lake area and added that with the plan, federal aid could be granted to Belleville. There was very little response, however, to the Mayor's comments.

Scores of municipal workers were sent home from Town Hall when a furnace, which provided most of the heat for the building failed to function properly.

Ten Years Ago
Lawrence Schwartz, completing his first term on the Belleville Board of Education, was elected as board president during the reorganization meeting. Schwartz was elected by a 4-3 vote over Trustee Caesar Romano. Romano was later unanimously elected as board vice president, replacing Matthew Pica at that post. Schwartz, replaced board President Richard Mahmahrian, who won re-election to the board the previous week with Romano.

The tax rate will make a record 70-point jump from \$5.64 to \$6.34 under the combined taxes for the School Board, Municipal government and the county, according to Town Treasurer Francis McCov. The municipal budget resulted in a raise of 20 points, the county in a 14 point raise and the bulk of the increase came from the School Board which presented a budget increase of 44 points. Commissioners said they would meet with members of the School Board to trim some of the budget, which was defeated in the recent election. According to McCov town taxpayers were being asked to come up with an additional \$1,730,530 this year.

One Year Ago
The Township Commission introduced its 1982 municipal budget

calling for a \$1.4 million increase in appropriations over the 1981 figures. But the Township Fathers had good news, as they announced the new budget would not result in any tax increase to Belleville homeowners.

"We are glad to be holding the line and we would all like to lower taxes, but not raising them is a job in itself," said Finance Director Joseph

McGreevy, about the \$12,934,622 appropriations.

Township officials contributed most of the increase to the 7.5 percent salary hike granted to municipal employees and to the rise in reserve for uncollected taxes from 1981's \$1,192,021 to the estimated \$1,303,759 for 1982.

Belleville chamber celebrates with lottery drawing

Lucky Winner — Charles Seelinger, vice president of the Belleville Chamber of Commerce and New Jersey Lottery Hostess Hela Young (r), pose with Bergen County resident Josephine Maro, who won \$1,000 in the lottery drawing hosted by the Belleville chamber.

Announcing the Winner — Jaye Tarantino, president of the Belleville Chamber, announces the name of another \$1,000 winner at the NJ Lottery Commission's drawing held at the Nutley Manor to celebrate the anniversary of the Belleville chamber. Looking on is Hela Young.

Waiting Their Turn — From left to right, Assemblyman Joseph Zangari, Nutley Mayor Carmen Orechio and talk show host Joe Franklin, await their turn to pick a winner for the New Jersey Lottery.

The Winner Is! — Nutley Commissioner of Recreation and Parks Frank Cocchiola looks on as Hela Young announces another \$1,000 winner during the drawing held at the Nutley Manor in Nutley.

\$10,000 Winner — Joseph Sabol of Clifton, walked away with an extra \$10,000 during the state's lottery drawing held recently in Nutley. Looking on is Senator Carmen Orechio (l) and Hela Young.

A Little Entertainment — Joe Franklin, who is a familiar face to many TV watchers, entertains the crowd of 600, who showed up for the lottery drawing to help the chamber celebrate its anniversary.

Can't Believe It — Robert T. Gould and his friend Diane Sanders, cannot believe they won the \$100,000 drawing of the New Jersey Lottery, held at the Nutley Manor. Posing with them are, Joe Franklin (l) and Sen. Carmen Orechio.

Lottery Cake — Mr. and Mrs. Joseph Sabol (center) help hold a cake for the New Jersey Lottery. With them are, (l-r) Jaye Tarantino, chamber president, Assemblyman Joseph Zangari, The Sabols, Sen. Carmen Orechio and Barbara Steele, deputy director of planning and research for the NJ Lottery.

SNOW SHOVELING

A Hazzard To Your Health

A Hazzard To Your Spine

In performing the task of snow shoveling the average weight of the snow and the shovel may well approximate 15 pounds. The repetitive acceleration-deceleration of this act in combination with a characteristic turning maneuver to unload the shovel focuses the stress into the spine.

Here are some helpful hints to guide us all through the next snow fall:

1. Avoid sudden accelerations or decelerations of the loaded snow shovel.
2. Avoid any excessive bending of the spine throughout the shoveling cycle.
3. Periodically take a break and stand erect for a few minutes. After all, the snow will still be there and unfortunately won't melt right before our eyes.
4. Use a shovel with a shorter handle which allows the arms to better counter the weight of the snow.
5. Position hands approximately 18 inches apart and keep that loaded shovel close to your body.
6. Try a small snow shovel rather than a conventional snow shovel. As it picks up less snow there will be less weight and stress transmitted to your spine.
7. Keep the shovel close to the ground as it keeps the actual lifting weight to a minimum.
8. Think spring!

Lenten breakfasts

continue Feb. 23

Fewsmith Memorial Presbyterian Church will continue its annual series of seven Lenten Breakfasts in the Church Hall at 444 Union Ave., on Feb. 23. The breakfasts will be held Wednesday mornings, and continue through March 30.

The breakfasts, which will run from 6:50 a.m. to 7:30 a.m., will feature 10-minute talks by guest speakers on the theme: "What is the Christian Hope?"

The Rev. Michael Fonner of the Bethany Lutheran Church was the opening speaker. Rev. Charles Bridgman of Belleville Reformed Church will be the speaker this Wednesday, Feb. 23.

Other speakers will be, Rev. June Hewitt of Wesley Methodist Church, March 2; Rev. David Newson of Watchung Presbyterian Church, Bloomfield, March 9; Rev. Howard Day of Montgomery Presbyterian Church, March 16; Rev. Robert Northrup of Central Presbyterian Church, Montclair, March 23 and Rev. Alfred Stone of Fewsmith Memorial Presbyterian Church, March 30.

The charge for the breakfast will be \$2.50 per adult and \$1 for students. Children 6 years old and under are admitted free. Reservations will need to be made by the preceding Sunday. Kindly contact the church office between 9 a.m. and noon at 759-6869.

Cub Scout Troop 305

enjoy many activities

The scouting year for the Cubs of Pack 305 has been busy and full of fun. The Pack visited the Thomas Edison Laboratory in West Orange, had a family ice skating party at South Mountain Arena and saw the Ice Capades at the Meadowlands Arena.

A father and son cake decorating contest for Webelos was the highlight of a pack meeting. Trophies were awarded in the following categories: Brian Drobish, most colorful; Sal Gagliardi, most decorative; John Gammero, most unusual; Jack Iannarone, most original and Thomas Klena, most intricate. Judges were Jo Ann Monahan, John Lowack and Robert Hutchinson.

Besides having fun the boys have been working on achievements and badges. First year pins were awarded to Kevin Caracciola, Brian Doyle, Eugene O'Brien, Philip Flor, Thomas Gialanella, Douglas Phelps and Craig Zoppa. Second year pins went to Brian Drobish, John Gammero, Jack Iannarone and Thomas Klena. Bobcat rank was obtained by Sal Gagliardi, Pablo Tosich, Michael Hansen, Jimmy Wandling, Vincent DeSimone, Alex Flor, Anthony Gialanella, John Lowack, Joseph Postorino, Jeffrey Raibeck, Michael Trupia, Anthony DePrimio, Jimmy Capezio, Lee Hands, Andrew Hutchinson and Edward Stanford.

The Webelos have earned different skill awards during the year. Brian Drobish, sportsman, athlete, aquanaut, engineer, outdoorsman; John Gammero, sportsman, engineer, outdoorsman; Jack Iannarone, engineer, sportsman, outdoorsman; Thomas Klena, sportsman, athlete, artist, engineer, outdoorsman and Salvatore Gagliardi, engineer, athlete and outdoorsman.

Pack 305 held its annual

Pinewood Derby at Wesley Methodist Church recently.

The cars were made and fashioned by the Cubs and their fathers according to Pinewood Derby specifications.

The cars raced on three special tracks. Through many heats and elimination rounds, the following boys' cars were judged the fastest. Eugene O'Brien, first place; Roger Colarusso, second place; Kevin Caracciola, third place and Joseph Postorino, fourth place.

HEALTH WISE

By Ralph J. DiMaio D.C.

A whiplash injury, suffered in an auto accident, is serious. Whiplash can cause headaches, dizziness, nervousness, arthritis and other illnesses.

For some victims, whiplash has proven to be a blessing in disguise. After realizing that whiplash is best understood and treated by chiropractic, they visit a chiropractor for the first time. There, the whiplash responds to chiropractic adjustment and the chiropractor often provides effective treatment for other stubborn health problems caused by displacement of vertebrae. These might never have been properly diagnosed elsewhere.

Don't wait for a whiplash. Make an appointment now for chiropractic treatment of YOUR health problems.

Obituaries

Edward Collins; retired sheriff, 62

A Mass was offered Feb. 14 at St. Matthew's Church, Edison, for Edward Collins, 62, who died Feb. 8 in J.F. Kennedy Medical Center, Edison.

Mr. Collins had been a Middlesex County Sheriff officer for 21 years, retiring in 1982. Previously he served as postmaster of Edison from 1947 to 1960.

He was a World War II Army veteran. Mr. Collins was a member of the Police Benevolent Association, Local 165, of Middlesex County Sheriff's Officers and the Police Pistol and Rifle Range of Woodbridge.

Born in Belleville, he lived in Edison since 1947.

Surviving are his wife, Stella; two daughters, Mrs. LouAnne Gretkowski and Mrs. Monica Lizak;

four brothers, Wilson, Eugene, Robert and Herbert; two sisters, Mrs. Grace Summers and Mrs. Betty Jane Langan, and two grandchildren.

Henry Banks; engineer, 84

A service was held Feb. 12 for Henry P. Banks, 84, who died Feb. 9 in the Montclair Nursing Home.

Mr. Banks had been an electrical engineer for the Public Service Electric & Gas Company of Newark for 31 years, before retiring in 1965.

He was a member of the Nutley Old Guard and the West Orange Lodge 205 of F and AM.

Born in South Milwaukee, Wis., he lived in Belleville before moving to Nutley 31 years ago.

John McKenna; mailer, age 57

A Mass was offered Feb. 9 in St. Valentine's Church, Bloomfield, for John J. McKenna, 57, who died Feb. 6 in the East Orange Veterans Hospital.

Mr. McKenna had been a mailer for The Star-Ledger for 10 years and retired six months ago. He had been a mailer for The Newark News for 25 years. He served in the Navy during World War II.

Born in Atlantic City, he lived in Belleville for 15 years.

Arlene Kenney; superintendent

A service was held recently for Mrs. D. Arlene Kenney, who died Feb. 5 in St. Barnabas Medical Center, Livingston.

Mrs. Kenney was the superintendent of the Essex County Children's Shelter, Belleville for 19 years, before retiring in 1977. She was a 25-year member of the Juvenile Conference Committee of Newark.

Mrs. Kenney also was the Livingston Welfare Director, chairman of the Senior Citizens Advisory Committee of Livingston and a member of the Advisory Council of the Senior Citizens of Essex County.

St. Patrick's Day parade officials looking for more marching groups

By Steve Blank

The countdown has begun for Nutley's St. Patrick's Day Parade.

In less than one month, persons of Irish heritage, and those who become Irish for the day, will march side by side down Franklin Avenue when the Nutley Irish-American Association kicks-off its fifth annual parade on

Saturday, March 12 at 2 p.m.

The grand marshal for this year's parade will be Bernard J. Gallagher, a Nutley resident who has been active in civic, social and political circles in the township and throughout the state.

Bernie, as he is known to his friends and people of the community,

is vice president of Nutley's chapter of the American Association of Retired Persons and the Senior Citizens Advisory Council.

The sprightly and distinguished 75-year-old gentleman said his selection as grand marshal is one of the greatest tributes of his life, and on the day of the festivities, Gallagher

will carry a 100-year-old shillelagh his father brought over from County Donegal, Ireland.

"I'm very, very proud of this honor and I know when we start the parade I will be marching as proud as a peacock," said Gallagher.

Underclass wrestlers have been exciting

For nearly a decade, the Belleville wrestling squad has been one of the best teams in the area, with the varsity team capturing district, sectional and conference championships. They have provided some thrilling moments to its followers and have been the winningest team in school history since 1974.

While the varsity team gets most of the recognition, the athletes who make up the junior varsity and freshman squads go unnoticed. Thus, this column is dedicated to the freshman team at Belleville High School, which has been awesome this winter and in the next year or two will probably make up the varsity team that should continue its domination of area wrestling.

The freshman team enters this week's action with an 8-0-1 mark, having assured itself a conference title and capturing the Kearny wrestling tournament which was held two weeks ago. On a whole, the wrestling teams at BHS have put together a 28-1-1 mark. The varsity is 10-1-0, the jayvee is perfect at 11-0-0 and the freshman have but one tie to show for a perfect record.

Dennis Villano, in his 15th year of freshman coaching, has done an outstanding job with this year's crop of freshman. His personal record speaks for itself. On the freshman level there have been five undefeated seasons, four tournament championships, eight consecutive Big 10 titles, only four losses over the last five years, never a loss to Essex Catholic and 12 straight seasons of victories over a very good Nutley team.

His record is an incredible 102-17-3, Villano having captured his 100th career win in a 40-30 victory over Kearny earlier this season. He has had some fine teams over the years and considers this year's bunch up there with the best.

The Buccaneers only tie this year was with Bloomfield North, who entered the match with a 12-0 mark. The Buccaneers average score this season is 49 points. The team averages five pins a match. They have held the opposition to 20 points an outing and but two pins a match.

Obviously, a team this good has many heroes. When the Buccaneers won the Kearny wrestling tourney over 16 other teams, the Bucs had 19 wins that day, 16 by way of pins.

Tri-captains Mike Iacona, Mike Minichini and Sean Mulcahey led the way in the tourney championship. Iacona finished first at 115 pounds and for the season sports a 12-0 record. Minichini was the top grappler at 158 pounds and is currently 11-1 on the season. Mulcahey, at 170 pounds, took a second place. He holds an 11-1 mark, with all 11 victories coming by way of the pin.

Jamie Jerez also took a first place, winning top honors at 141 pounds. In addition to Mulcahey, John Gabriel finished with second place honors at 108 pounds.

The two third place finishers were Dennis Ives (101) and Anthony Pravata at the heavyweight slot.

Belleville was a landslide winner of the tournament, beating second place Irvington by 25 points. It was the Buccaneers first appearance in the tourney and took Villano quite by surprise. "I didn't expect the tourney to offer as many teams as it did, it was a very tough tournament and gave our kids some good competition. I'm very proud of them, considering we brought only 10 men to the competition. One of our wrestlers went down with a broken wrist and the other was out sick. We came together and did a strong job."

Villano has seen some very good athletes come his way. The list is endless, but many have gone on to achieve varsity stardom and earn district and even regional championships. There are many who will be omitted from the list, but wrestlers like Carl Art, Robert Villano, Chris Tremmel, Chris Musmanno, Angelo Santinelli, George D'Alessandro, Bernie Dal Cortive, Ronnie Grolimond, Gerard Minichini, Chico Lijo, Anthony Villano, Bobbie Frieda and Anthony D'Agostino all started their wrestling careers under the guidance of Villano and went on to become some of the finest wrestlers in the area.

As for the future of wrestling in this town, with people like Dennis Villano running the show on the low levels, success can be the only answer on the upper levels.

The "B.T. Top 10" for this week in college basketball sees UNLV still number one. North Carolina stands at number two and is followed by Kentucky, UCLA, Louisville, Houston, Missouri, Virginia, Memphis State and St. John's. A big game this weekend will feature number seven Missouri against eighth ranked Virginia. UNLV is the only undefeated team in division one play and figures to stay that way after this week's games. Louisville, number five in the top 10 battles ninth ranked Memphis State in a crucial Metro conference game.

Good luck to the Belleville girls' basketball team in its crucial game against Paterson Eastside tomorrow evening. Eastside is ranked as one of the state's best teams and is undefeated in NNJIL play. Earlier this season, the Belleville girls lost a tough 61-49 decision to Eastside, a game that Belleville openly admits it played poorly in. A strong showing Friday could result in a big victory and renewed optimism toward the conference title. On the same subject, congratulations to Dina De Aquino on her outstanding play the last 10 games. The junior has been on a team, averaging 16 points a game over the last three weeks of action and is a very steady influence on the team.

The Belleville High School athlete of the week goes to the entire Buccaneer Bowling team. The kegglers are battling for the championship of the NNJIL and are doing an excellent job under coach Mike Early.

Here is the answer to last week's quiz. The question was, which teams from the original AFL have won the Super Bowl. The answer: The New York Jets won Super Bowl III, the Kansas City Chiefs captured Super Bowl IV, the Oakland Raiders were winners in Super Bowls XI and XV and the Miami Dolphins were victorious in Super Bowls VII and VIII.

For this week's quiz, let's switch to the NBA. While many colleges have put out some fine talent in the NBA, some of the best players in the league have come from small schools, not known for overpowering basketball teams. Can you remember the schools that produced Julius Erving, Moses Malone, George Gervin and Artis Gilmore? Also, can you remember the first pro teams that each of these players started with after their college days.

Face Paterson Kennedy Tomorrow

Girls advance in tourney; season record hits 15-3

By Mike Lamberti

Paced by the outstanding performances of Jennifer Apicella and Dina De Aquino, the Belleville girls' basketball team rocked Orange and Kearny last week to boost its record to 15-3.

Belleville battled conference rival Montclair on Monday and yesterday battled Millburn in the second round of the Essex County Tournament. Tomorrow evening is the big showdown with Paterson Eastside. Belleville must win that game if they

have any hopes of winning the NNJIL. Game time is 7:30 p.m. at BHS.

Apicella and De Aquino were in rare form last week, scoring 97 points in two games to lead Belleville to victory. The girls have now won seven of their last eight games, are 9-2 in the NNJIL, and are working toward the first 20-victory season in school history. Last season, the team won 17 games, the most in the program's history.

"We won two games, but I am a little disappointed in our defense,"

said head coach Karen Fuccello. "We're putting the points on the board and we're a very effective running team. We actually out ran a

good team in Orange last week."

The girls were in top form against the powerful Tornadoes in the first (Please see 'Girl' on page 14.)

Young grapplers finish successful 6-3 season

The Belleville Recreation wrestling squad concluded its fine regular season with two victories last week. The squad finished the season with a 6-3 record, losing three close matches throughout the season.

The young grapplers defeated the West Orange wrestling team 66-13 in Essex County Junior Wrestling League action last week. Registering pins for Belleville were Mike Kraus in 1:56, Armando Nardone in 1:54, Jack Calandra in :34, Al Best in :12 and Stanley Babula in :34.

The Belleville grapplers won their last league meet when they defeated Cedar Grove-Verona 68-20. Registering pins for Belleville were

Eric Nazziola in 1:53, Armando Nardone in :45, Al Best in :53 and Stanley Babula in 2:18. John Stampone won an 18-0 superior decision.

Finishing with impressive dual meet records were Armando Nardone, 112 lbs., 9-0; Anthony Velardo, 70 lbs., 8-1; Joe Cerreto, 75 lbs., 8-1; Mike Kraus, 85 lbs., 8-1; Phil Zamloot, 95 lbs., 7-1-1; Joe Perna, 60 lbs., 6-1-1; and John Stampone, 80 lbs., 7-2.

The Belleville Recreation Wrestlers traveled to Millburn last Sunday to flex their muscles in the league championship wrestling tournament. Results will be published next week.

Bellboys Suffer Bad Week

'Slow start' cost Buccaneers contest against Orange in county Tourney

By Mike Lamberti

They came, they saw, and if it wasn't for the first quarter, they might have conquered. Thus is the plight of the Belleville boys' basketball team who lost a tough game to East Orange and in the process were

eliminated from the Essex County tournament.

The Bucs battled Caldwell on Monday and hosted Arts on Tuesday. This evening, the team will head out to Paterson to face Eastside starting at 7:30 p.m.

The week was a total wipe out for the Buccaneers. In addition to the loss at East Orange, the Bucs were beaten at Montclair and had their game with Nutley last Friday snowed out. On the season, Belleville is 8-11.

"We got off slow against East Orange," said Joe Papisidero last weekend. "They had us by 10 at the end of the first quarter (18-8), and from there it was an uphill struggle. We did a good job in the second half and almost came back."

Indeed, the Bucs cut a 14-point gap in the second quarter to five late in the fourth quarter before falling short of a miracle. The Panthers led 28-14 at halftime and seemed headed toward an easy victory. However, Belleville came out smoking in the second half, fast breaking the quicker East Orange team with effectiveness and outscoring the hosts, 38-33 in the second half.

Phil Colalillo led the way for Belleville with 19 points. Lenny Russo came through with 10 points, John Healy scored five, Dave Boyd finished with four as did Joey Borrello, Ray Kimble and Brian Cook. All told, 14 players saw playing time for the Buccaneers. "I used a lot of players because our younger kids are our future," Papisidero explained. "If they can get this experience now, it will help them in the future."

Last Tuesday, the Bucs battled Montclair in a version of "Saturday Night Live" four days early. The officiating in this contest was so bad that Montclair coach Bob Lester later apologized to Papisidero for the poor display on the zebras' part. Montclair won, 76-35 and were helped by 45 fouls against the Buccaneers. That's an incredible amount of fouls for one game, even more incredible when you consider that Montclair had but 20.

"Let's get one thing straight," Papisidero said. "I'm not saying we lost the game because of the officiating. Montclair is one of the best teams in the county. But man, at least give us an even break. Montclair has too good a program to resort to hiring guys like that. They were horrible."

The officials, graduates of the Jack Neupower school of lousy officiating, accessed Papisidero with a

technical foul in the third quarter. On a play under the boards, Lenny Russo fouled a Montclair player. No problem there. However, the official runs over to the score table and says "55 gold." Number 55 gold is Colalillo who was nowhere near the foul. Coincidentally, that foul was Colalillo's fifth and Papisidero became livid.

"That ref had gold all afternoon," said the coach. Belleville's uniforms are gold and every time a Belleville player committed a foul, the ref would yell, "I got (the player's number) gold." "I told them, they have so much gold they shouldn't have to officiate for money," Papisidero quipped.

In any event, Belleville was led by Colalillo's 15 points and Boyd's six. "It was a hell of a game," Papisidero said. "Simply awful."

NET NOTES: The Bucs will face Weequahic in the first round of the state tourney in late February. Belleville is 4-8 in the NNJIL, 4-3 outside the conference. The Bucs are gunning for 12 wins this year, which will be the most for the program since 1975. In 1980, the team was 11-13 under then first-year coach Papisidero. East Orange and Montclair will play in the second round of the ECT at Bloomfield this week. The tourney finals will be on Feb. 26 at Seton Hall University.

Applications available for Rec sports activities

The Belleville Recreation Department has announced that applications for all recreation baseball and softball leagues for Belleville children ages 8 through 15 are now available in each public and parochial school, as well as at the Recreation House.

Children who are 8 years old before August 1, 1983 and who will not be 13 before July 31, 1983 are eligible for organized baseball in either the Peanut, Junior or Little Leagues.

Those children wishing to try out for Little League must completely fill out their applications and return them to their schools by Friday, March 4, 1983. Those preferring to play in either the Peanut or Junior Leagues must completely fill out their applications and return them in person to the Recreation Department at 407 Joralemon St. before March 18, 1983 with their birth certificates.

Applications for girls' softball and senior/intermediate baseball are also available. Girls 8 years old on August 1, 1983 and whose 10th birthday falls after July 31, 1983 are eligible for Pee Wee League softball; girls 10 years old on August 1, 1983 and whose 13th birthday falls after July 31, 1983 are eligible for Pigtail League softball; and girls 13 years old on August 1, 1983 and whose 16th birthday falls after July 31,

1983 are eligible for Junior League softball. High school freshman or jayvee team players are not eligible, however. All applications must be returned to the Rec House with birth certificates by Friday, March 18, 1983.

Boys ages 13 through 15 on July 31, 1983 are eligible for Intermediate or Senior League baseball. All applications must be returned with birth certificates to the Rec House by March 18, 1983. Boys who are playing organized high school ball are not eligible, however.

In all cases, the applications must be completed in full and signed by a parent, and all returning players must re-apply. Applications accepted after the March 18 deadline will be considered late and will be treated accordingly. The Rec House hours for baseball-softball registration are Monday-Friday 8:30 a.m.-noon and 1 p.m.-4 p.m. The office will also be open one night a week for registration — call 759-3121 for time and day. All children attending required practices will play in every game. Our leagues stress sportsmanship, basic skills and fun.

High school boys who are not involved in interscholastic baseball nor the recreation baseball leagues and who would be interested in playing Senior League softball are urged to contact the Recreation Department for more information.

Girl hoopsters advance in county tournament

(Continued from page 13.)

round of the ECT. Belleville jumped out to a 4-0 lead and never trailed throughout. At the end of one quarter, Belleville led, 15-12 and by halftime were in command, 36-27. Belleville kept control of the contest in the second half, outscoring Orange 16-14 in the third quarter and 20-17 in the final frame. The final count read 72-58.

Apicella scored 38 points, a tremendous accomplishment considering the junior had only one point entering the second quarter. Dina De Aquino did the job in the first frame, hitting for eight points in the stanza to keep Belleville in charge. On the afternoon, De Aquino finished with 18 points, hitting with outstanding accuracy from the outside.

Center Donna Brooks scored eight points, six from the foul line, Marlene Talmadge hit for a field goal and Kathy Woods finished with two foul shots. For Orange, Crystal Boyd was high with 27 points before fouling out in the fourth quarter. The Tornadoes had difficulty keeping up

with the Buccaneers and were beaten by a barrage of fast breaks.

Last Thursday, the girls went to Kearny and came away an expected winner. The final score was 48-26, a rather dull ball game, but a win nonetheless.

Apicella finished with 29 points and De Aquino had 12 to account for all but seven of the team's points. The game was put away in the second and third quarters as Belleville outscored the Kards by a 32-6 margin. Kearny did outscore Belleville in the final quarter, 13-7.

The game with Millburn, which was played yesterday, was the second round of the Essex County tournament. The winner of that contest will advance to the tourney semi-finals which will be at Belleville High School next Wednesday. Next Friday are the county finals and consolation game to be held at Seton Hall University starting at 7 p.m.

NET NOTES: Apicella now averaging over 33 points a game, (33.1). De Aquino second in that category at 12.3. Paterson Eastside is 10-0 in the NNJIL.

Commissioners reluctant about festival being organized by Belleville chamber

By Linda Tesesco

The Belleville Chamber of Commerce plans a major spring festival, the first in township history, for later this year and planted the idea before Commissioners twice recently.

Though not actually opposed, the officials showered some dampeners on the proposals presented by Chamber member Joseph Dasaro, who owns Belleville Travel Service.

"The Chamber wants to have this festival to focus on the change in the township and advertise what has been called an apathetic community is now something otherwise," said Dasaro at the Jan. 24 caucus session.

He described plans for a "high quality" crafts show inviting crafts people and possibly performers from New Jersey, New York and Pennsylvania.

Dasaro said the Chamber aims for June 26 as festival date and requested use of the municipal stadium area from about 9 a.m. to 8 p.m. on that date.

"We really want to create a festival atmosphere," explained Dasaro as he described plans for

food stands, musical bands, theatrical demonstrations such as parachute jumping, and amusement rides, all in addition to the crafts displays.

Dasaro said the Chamber would charge admission at the gates and the event would be open to all. He also said, in another session with Commissioners last week, the Chamber plans to operate its own food booths in order to garner as much revenues as possible.

However, on both occasions, Commissioners pointed out several problem areas they saw in the proposal including musical attractions, providing sufficient security, and amusement rides.

"I'm not sure about those rides," said Mayor Marotti. "It sounds like you're getting into a carnival effect and that can cause problems."

Dasaro replied the Chamber would be willing to drop the plans for rides if Commissioners found them out of the question.

However, similar problems were anticipated by Public Safety Commissioner Matthew Pica, who dis-

proved of the plans for a band.

"Rides and heavy music tend to draw in problems," said Pica, adding that a disco music booth at last June's Fire Department Centennial Celebration caused some disturbances and had to be closed down as a result.

Dasaro said plans were to have bands appealing to both young and adult tastes. "We want the music to emphasize an atmosphere of festivity."

Persisting, the businessman assured Commissioners there would be no alcoholic beverages on the festival grounds, pointing out that plentiful beer was a much advertised attraction of the centennial celebration.

Unconvinced, Pica said, "They (alcoholic drinks) have a way of getting around." He further noted the proposed festival might attract a different type of crowd from last June's which was largely public safety workers from throughout the state.

Pica also said there were 32 security personnel employed for the centennial, an expensive undertaking. He reminded Dasaro such events require security provision, but told the Mayor "I don't recommend the township foot the bill for this."

Dasaro agreed to meet with Police Chief George Lister to discuss protective measures.

Judge will make ruling on garbage contract

(Continued from page one.)

any potential bidder the edge over another," said Cozzarelli.

He noted, though, a third firm had picked up specs, but did not submit bids claiming there was confusion about the date bids were due.

Frank Grosso, a spokesman for LaFera Contracting Inc. of Newark, said in a Tuesday phone call his firm "had an incorrect bid date" on its

specs and were ambiguously advised of the correct date by a municipal employee.

"We thought bids were going to be accepted a week later than they were," said Grosso, adding that LaFera wrote a Dec. 23 letter to Commissioners requesting another bid date but were unsuccessful.

LaFera submitted an affidavit on the matter in the present hearing.

Additionally, five taxpayers filed a complaint similar to Pucillo's alleging the ambiguities and irregularities in the bids drove away other competitors for the contract who might have given taxpayers a better deal. They were represented by attorney John A. Gonnella.

Also cited by the plaintiffs were complaints that while the bid advertisement requested bids at 8 p.m. on Dec. 14, the time Pucillo's was given, BFI submitted its at 6:30 p.m.

Cozzarelli said the township contends there was no impropriety in the procedure followed. "BFI submitted its bid at the start of the caucus session," adding there were witnesses from the public present at that open session.

Fingerprinting being debated

(Continued from page one.)

case. The fingerprints are for the parents only. The child will have the fingerprints done at the school and right there the set will be given to the parents. No one else will have a copy.

Commissioner Matthew Pica has told Zampino he would give his total cooperation to the project, including providing the equipment and manpower necessary to complete the job.

"The School Board will pick up the cost of any materials used by the police, but we will not have to supply any manpower," Zampino said.

The program of fingerprinting school children has been spreading around the state rapidly since the Union County Sheriff's Office initiated the program last month.

"We have passed other resolutions which look out for the safety of our children in the past," said Zampino. "And runaways and missing children are a problem which needs to be recognized by the board and law enforcement officials. We must always keep looking out for the benefit and safety of our children."

Zampino said he hopes to present the program to the board at its Feb. 28 meeting and start the program sometime in March.

Town considering self-insurance plan

(Continued from page one.)

policy this year, total projected costs — including improved coverage — amount to \$774,000 which would be discounted to \$664,000, Crovelli said.

"The total liability Belleville will be responsible for is the total premium," he added, noting this arrangement would be for 12 months and is open to renewal afterwards.

Also, the policy will raise the age ceiling of covered dependents from the present 21 to 23 years old and will add non-member hospital benefits as well as medical emergency and ambulance riders.

"Why are you being so benevolent now," asked Commissioner Matthew Pica upon hearing of the promised discounts and extended coverage.

Crovelli explained the agency just won permission to offer the reduction in order to compete with the self-insurance trend.

However, Pica noted the apparent \$130,000 savings offered by BCBS is not an actual savings since the experience factor could force the township to budget upwards from the discounted figure and pay the entire premium cost anyway.

Crovelli conceded the savings was considered "working capital," and if circumstances warrant, Belleville might pay the full \$774,000.

By contrast, the self-insurance alternative seemed to promise immediate savings nearly equal to the BCBS discount.

Under a self-insurance plan most third party involvement is eliminated. The municipality becomes the sole sponsor of the plan and pays claims as they are submitted out of a designated cash fund. The point of self-insurance is to pay only what is claimed, not to pay premiums money which is "lost" if claims are not made on it.

Paul Molle of the Rasmussen Agency, which proposes to administer Belleville's self-insurance program, reminded Commissioners the township already has self-insurance for workmen's compensation "and it is very successful there."

Molle told the board their maximum exposure would amount to \$646,000 this year. That rate includes their administration fees and payment for reinsurance, if needed.

According to Molle, another agency would act as a reinsurer in the event Belleville, as a self-insured party, faces an unusually large

number of claims or a catastrophe. In that case, the reinsurance company pays out the excessive sums, but the township might later face weighty rate increases as a result.

Molle said afterwards the Mead Reinsurance Agency would be selected for such a purpose.

The representative told Commissioners they would pay no more than \$646,000 this year based on statistics obtained from BCBS which indicate it would be very unlikely for Belleville to exhaust that sum in claims.

Molle said Belleville would need \$602,000 in actual claims to achieve the \$646,000 budgeted for insurance purposes. "That would mean a 60 percent increase in claims over last year's statistics," he said.

"If you have a good year, however, whatever remains of the budgeted amount is your savings immediately," said Molle.

Presently Rasmussen administers self-insurance plans for the Belleville Board of Education and proposed a health plan to that body also.

Although officials are considering the matter, Treasurer Padula later commented, "Self-insurance would provide Belleville with a tremendous savings and the plan looks good." Mayor Michael Marotti also seemed enthusiastic, particularly since Rasmussen's newest proposal now includes retirees, an omission that prompted Commissioners to reject the agency's previous attempts to bring self-insurance to Belleville.

One activist citizen, however, cautions officials against the self-insurance route.

"It's a very risky and dangerous road for those not experienced in providing insurance," said Jerry DiNicola, an insurance man and political activist.

DiNicola talked with The Times recently and voiced his concern. "How does Belleville propose to fund for incurred but unreported claims or outstanding claims in event of plan termination," he said.

Feeling the threat of bankruptcy from overwhelming claims or other catastrophic possibilities might be beyond the capabilities of the township officials. "I don't feel the Commissioners are fully versed in this matter," he added.

To support his point, DiNicola referred to a March 1981 letter from The Banker Life Company which at that time declined to quote an administrative services only proposal for the township.

PRESIDENT'S SALE

Dear Friend,

Our annual President's Sale is here. It starts Saturday, February 12th and continues for
2 weeks ending Saturday, February 26th.

Without reservation it is the biggest, most exciting and most spectacular sale savings event
we have ever held.

To demonstrate that we mean business we have enclosed a partial list of sale items. They
are "shopper proof" — we've checked out competitors and we guarantee that nobody can
beat our prices for these quality products.

Mark your calendar for this event because:

1. We have the largest display of living room furniture for immediate delivery in Essex
County.

2. We deliver immediately from a million dollar local warehouse stock of fine wood
kitchen and dining area sets.

3. We deliver in 24 hours any twin, full size or queen size set of bedding in our
warehouse stock of over 300 sets.

4. "90 Days Same As Cash" on every GE or Hotpoint appliance or video sold during this
sale. This is a special GECC promotion.

5. No Payment/No Finance Charge Before June 1983 on every GE or Hotpoint air con-
ditioner sold during this sale. Another special GECC promotion.

6. We sell the complete line of GE, Hotpoint, Frigidaire, Whirlpool, Amana, Kitchen Aid,
Kelvinator, Westinghouse, Caloric, Magic Chef, Tappan, RCA, Sylvania and Toshiba
products — and we deliver them immediately.

Be there,
Rocco, Joe and Bob

Provident-Bloomfield Savings merger events start Monday

The voluntary merger of the Provident and Bloomfield Savings Banks has been approved by regulatory banking authorities. The expanded institution, now New Jersey's third largest savings bank with assets over one billion dollars, will operate under the Provident

name and charter at 32 offices in 10 counties.

With finalization of the merger, Kenneth Albers, president, assumes the newly created post of chairman of the board and chief executive officer. James F. Feely, president of Bloomfield Savings Bank, becomes president of Provident.

A statement issued by Albers and Feely noted, "the expanded institution will be stronger, more viable and better positioned to offer a variety of financial services which will virtually fulfill every need necessary to meet the banking challenges of the eighties."

Commenting on the merger, Albers stated that Provident, in Bloomfield, "will continue its long history of active participation in community interests, just as we have been doing in every community where we maintain offices."

Provident, known as the Old Beehive, was founded in Jersey City in 1839. It is the oldest savings bank in the state with more than 200,000 depositors and membership in the Federal Deposit Insurance Corporation.

The official merger celebration will begin Monday, February 21, at three Bloomfield offices: Bloomfield Center, 11 Broad St., Brookdale office at 1260 Broad St., and Ampere office, 100 Bloomfield Ave. Provident's Belleville office, 208 Washington Ave., will also join the celebration.

A six-week, \$51,000 cash gift check giveaway program will distribute to 3,234 winners, merchant checks in \$10, \$20, \$50 and \$100

amounts. Anyone can enter the weekly drawings held at each of the four offices. Entrants can register to win each week and need not be a depositor nor attend the drawing to win.

Entry blanks will be available at each office and at numerous merchant and store locations in the Bloomfield and Belleville areas served by the bank. Weekly drawings will be held at each office 11 a.m. on Tuesday, March 1, 8, 15, 22 and April 12. During the celebration, the first 100 visitors will receive a free jar of "Dutch Gold" honey and a convenient, sturdy shopping bag while the supply lasts.

MUTUAL CONGRATULATIONS ... James K. Feely, left, named president of Provident Savings Bank, extends best wishes to Kenneth Albers, former Provident president who assumes newly created office of chairman of the board and chief executive officer. The expanded institution will operate under the Provident name and charter at 32 offices — three in Bloomfield — in 10 counties.

Snow removal helps mailmen get through

Local authorities and the public can help the U.S. Postal Service deliver the mail as timely and safely as possible this winter.

The Postal Service emphasizes the need for ice and snow removal from walkways as an aid in preventing slips and falls that result in fractured or broken bones or sprains to letter carriers and messengers.

The other main winter hazards that impede mail delivery, says the Postal Service, are ice and snow on streets, roads, driveways, stairways and porches.

Local road authorities and postal customers are requested by the Postal Service to keep public and private approaches to residences and mailboxes clean during the winter months.

Last year, thousands of letter carriers across the nation were injured because of hazardous conditions, the Postal Service said.

The cost of the winter accidents tally high in human suffering. The Postal Service said that when walking and driving hazards are reduced or eliminated, the safety of members of the community, as well as the letter carriers, is greatly improved.

"All-Savers" Certificates Give Interest Tax Break

Taxpayers who bought qualifying "All-Savers" certificates can exclude up to \$1,000 (\$2,000 on a joint return) of the interest on those certificates from their income, the Internal Revenue Service said.

The qualifying certificates were issued between October 1, 1981, and December 31, 1982. They have a maturity of one year and pay interest equal to 70 percent of the investment yield on the most recently issued 52 week Treasury bills.

All-Savers certificates cannot be contractually linked to any other investments or benefits and still be tax-free, the IRS stressed. This means that if

a bank allows a taxpayer to enroll in a high-yield investment such as a 30-day certificate of deposit at 40 percent interest, the bank cannot require that the taxpayer reinvest funds in an All-Savers certificate. If a does, the interest from this certificate is not tax-free.

For more information on All-Savers Certificates, seek the tax instructions that come with the tax package. Taxpayers may also want to refer to free IRS Publication 550, "Investment Income and Expenses." Taxpayers can request this publication by using the order blank in the tax package.

Grand Opening ... Members of the Chamber of Commerce welcome the owners of Master Care Dry Cleaners located on Union Ave. From left, Carl Orschlo, Sal, Ernie, Josephine and Bonnie Catalano, the owners; Bob Brouillard, Joseph Sumowski and Anthony Drollas.

Tips on conserving energy

With many residents turning down thermostats to conserve money and energy on cold days, Bloomfield Health Department and Bloomfield Safety Council offer 10 tips to save on energy bills.

Prior to the energy shortages in the early 1970s, the state housing code recommended room temperatures of 70 degrees in daytime. During the winter of 1976-77, the state mandated thermostats be set no higher than 65 degrees in daytime and 60 degrees at night. That regulation is no longer in effect but many persons maintain the lower settings to conserve costs.

The two township agencies suggest these steps be taken for the rest of the winter season:

- 1) Wear proper clothing — thermal underwear, hats, scarves, gloves, and clothing that is loose fitting, multi-layered, lightweight and windproof.
- 2) Exercise moderately to increase blood circulation and body heat.
- 3) Increase humidity in the home with a humidifier unit incorporated into the heating system. If this is not possible, a simple alternative is to place pots of water near heater units — but not near electrical units.
- 4) Gas stoves, ovens and unvented gas heaters are dangerous sources of heat and must not be used.
- 5) Use extreme care with kerosene space heaters. There is danger of fire and carbon monoxide poisoning. Follow directions explicitly.
- 6) Do not use electric space heaters unless wiring can handle the load (check with electrician). If a fuse must be replaced use one with same amperage. Never use pennies in circuit breakers — you risk the chance of fire.
- 7) Turn off cooking appliances immediately upon completion of cooking.
- 8) Keep out cold with storm windows (or plastic sheets over windows), weather stripping and extra ceiling and wall insulation.
- 9) Keep drapes drawn, particularly in rooms not in use.
- 10) Install a fiberglass jacket to insulate hot water tank.
- 11- No harm is done to healthy persons who dress warmly by keeping temperatures lowered, says David Ratajack, health educator with the health department. "It is the 'at risk' population — infants, elderly and chronically ill — who have difficulty coping with lower temperatures," he says. "Be aware that recommended room temperatures for these persons is 70-72 degrees in daytime and 65-68 degrees at night."

Start retiring today.

Build tomorrow's retirement fund with a tax-sheltered IRA Account at Spencer Savings now!

It's never too early, or too late, to start planning for retirement. And right now the incentives are the best ever!

Today, everyone who works, even those covered by another pension plan, can take advantage of our new Individual Retirement Account (IRA). It makes good sense and lots of money.

Here's why.

Every dollar you contribute to your IRA is tax-deductible, right off the top. Plus, all the interest you earn over the years is tax-sheltered until you retire

(when you should be in a much lower tax bracket). So, you save both ways.

Married working couples can now contribute up to \$4,000 of yearly income. Couples with one working spouse can put away up to \$2,250. And single individuals can contribute a maximum of \$2,000 each year. All tax-deductible. All tax-deferred.

The sooner you start your IRA, the more money you'll have at retirement. It's that simple. Choose the plan that's best for you and start retiring today. You'll enjoy a much richer tomorrow!

Spencer VARIABLE RATE IRA PLAN

- 18-Month Certificate
- \$50 Minimum Opening Deposit
- Interest rate changes monthly and is based upon the 91-Day U.S. Treasury Bill Auction
- Interest is Compounded Continuously and Credited Monthly
- Additional Deposits of \$20 or more may be made at any time during the term

CALL OR STOP IN FOR CURRENT RATE QUOTES AND INFORMATION ON OUR OTHER IRA PLANS!

Start Your IRA today — Retire Rich tomorrow!

Spencer FIXED RATE IRA PLAN

- 2½-Year Certificate
- \$500 Minimum Opening Deposit
- Interest rate remains fixed and is the same rate we pay on our 2½-Year Money Market Certificate at the time you open your IRA account
- Interest is Compounded Continuously and Credited Quarterly

STARTING AGE	RETIREMENT AGE		
	60	65	70
25	\$1,216,040	\$2,248,700	\$4,145,900
35	347,990	653,950	1,216,040
45	90,810	181,460	347,990
55	14,618	41,470	90,810

(Figures in chart based upon annual deposits of \$2,000 at 12% a year, compounded continuously. Federal regulations permit withdrawals as early as age 59½. Premature withdrawals may result in a penalty and loss of tax-deferred status.)

WANTED - 5 HOMES

I have just been appointed an
authorized representative in
this area for a new solid vinyl
home siding, and I want to ac-
quaint more people with the
excellence of the product I offer.
I believe it is good business
to sacrifice on five homes in a
community to gain the volume
that I require. Homes selected
will be re-sided at fantastic
savings. Call Tony at 800-522-
4148.
