Kennedy Files Petitions For Commission Election

By Linda Telesco

The youngest contender for a seat on the Belleville Board of Commissioners is 28-year-old Kevin Kennedy, who last week filed his candidacy for the May 6 election.

With today set as the filing deadline, Kennedy joins a field of seven currently declared candidates all seeking a four-year term on the local legislative body.

All five seats on the board are open, since all terms expire simultaneously. Among the seven candidates are four incumbents seeking re-election, Mayor Michael Marotti, and Commissioners Matthew Pica, Vincent Strumolo, and Joseph McGreevy.

Also running are the township's Planning Board Chairman Joseph Grande, and activist citizens Joseph Fornarotto and Michael Pizzi.

Outgoing Commissioner Mary Senatore announced last week she will not seek a fifth term on the commission.

PBA Dinner Is Scheduled For April 16

The Belleville Police Department will hold its 73rd annual dinner-dance on Saturday, April 16 at the Nutley Elks Club, 242 Chestnut St.

The program is sponsored by the Belleville Police Benevolent Association.

Cocktail hour starts at 7 p.m. There will be entertainment and an open bar. Tickets are priced at \$25 per person. Anyone interested is asked to call Det. Anthony LaVista at police headquarters, 759-4600.

The newest hopeful, Kennedy, is no stranger to Belleville political life. He took 12th place with 665 votes in the 1979 commission race and last year ran unsuccessfully for a spot on the local School Board.

A Hornblower Avenue resident, Kennedy is a self-employed businessman at K & A Auto Sales, a used car lot in Newark.

He enumerated a 10-point platform which centers on cleaning up the local government.

"I want to see a more economical government. There's too much spending now and the taxpayers get hurt," said Kennedy in a Tuesday interview.

He also pledges to improve efficiency in local government by insisting on "a full day's work for a full day's pay — not 40 coffee breaks a day like they take now," he said.

A strong critic of "nepotism in municipal employment" Kennedy pledged that if elected, he would not put a single friend, relative, or campaign worker in a public job. "I will also keep a close eye on the other departments for favoritism in hiring," he said.

A proponent of rent control, Kennedy also wants to see that all industries in town are equipped with sewerage meters "to be sure they are paying their fair share."

He was very critical of recent hikes in Belleville's rate by Passaic Valley Sewerage Commission.

Concerned about Washington Avenue's decline, Kennedy said he would, if elected, call a general meeting of all area businessmen in order to get direct action going.

"This redevelopment is a good issue at election time, but I bet it will disappear and the Avenue will look just like it does now in five

years. I want something to get done," he said.

As of late Tuesday, only seven candidates officially filed for the races. However, the township clerk's office reported two more petitions has been taken out, though not yet filed at press time.

No Tax Hike Asked

School Board Trustees Adopt Trimmed Budget

By Linda Telesco

Following an unusually quiet public hearing last Thursday, the School Board voted unanimously to adopt a \$16.2 million budget for 1983-84 that proposes no tax hikes.

The new budget consists of a current expense account of \$15,450,098, capital outlay of \$588,000 and debt service of \$225,293.

Although this is the second year straight the School Board brought in a no-tax hike budget, trustees displayed only mixed feelings about whether the public will pass the spending plan at the polls in the April 12 election.

Last year's \$15.1 million budget went down to defeat by citizens as did 18 others in the past 19 years.

"Hopefully, Belleville will realize this budget is a good one and pass it," said board President John DiStasi.

Less optimistic, however, was the board's Vice President Thomas Spillane, who served as chairman of the budget committee.

"Given the history of Belleville, I don't think a school budget will pass here even if we gave back \$1 million," said Spillane.

In defense of the budget, board Administrator Gerard Gruenfelder presented the case to the small audience which included Mayor Michael Marotti.

According to Gruenfelder, much of the capital outlay budget targets repairs in the works for some time in Belleville schools such as roof repairs in Schools 3, 8, 10, and the Middle School and the Senior High School.

In fact, \$286,000 is budgeted for repairs at Belleville High School, the largest sum of any single facility in the district. The appropriation will finance roof work at \$175,000, and construction of two special education

classrooms at \$95,000 as well as ventilation and air conditioning improvements.

Explaining other increases, Gruenfelder noted the rise in current expenses reflects the School Board's recent decision to contract with Bruno Associates of Newark, a public relations and funding consultation firm.

This year's figure for contracted services for the administration is \$39,000. The 1982-83 budget total for that line item was \$2,500 and the

audited expenditures \$15,437.66.

Gruenfelder further noted a 19 percent increase in all the fixed charges of the budget, adding that approximately 80 percent of the entire document is fixed, leaving only about 20 percent for adjustments.

The administrator said that as a result of "contractual settlements," the instructions account, which includes teachers' salaries, rose 9 percent over last year to a new figure of

Local Congregation Prepares For Passover

By Linda Telesco

On Monday night at sundown, Jewish people the world over will begin the eight-day observance of Passover, one of the most festive and important holidays in the Jewish faith.

Rabbi Howard Handler of Congregation Ahavath Achim on Academy Street said there will be services at the temple on the evening and morning of the first two and last two days of Passover to mark the occasion.

Passover commemorates the most momentous event in Jewish history, the liberation of the Jews from slavery in Egypt as recounted in the Biblical book of Exodus.

According to the Old Testament account, God visited 10 plagues upon the pharaoh of Egypt for holding the Jews, called God's Chosen People in bondage.

As the final plague, the first born of every Egyptian household was

struck dead. In preparation for that night, Jewish families sacrificed a lamb and smeared its blood on the doorposts in front of their house, thus alerting the Angel of Death to "pass over" the Jewish dwelling, hence the name "Pesach" which translates as "Passover."

The following day, under the leadership of Moses, the Jews were led from their harsh lives in Egypt on a journey to the Promised Land.

In their hasty departure, there was no time to attend to routine tasks such as permitting baking bread to rise.

Such details are reflected in the practices of Jews today who, in memory of that exodus, eat no leavened products during this holiday, favoring the unleavened "matzoh."

Today, Jews celebrate not only freedom from actual bondage but spiritual freedom as well.

A central point in the Passover holiday is the eating of a traditional Seder, according to Rabbi Handler.

On the first two nights of the holiday, families gather to eat this ritualistic prescribed meal which proceeds in a set order, consists of symbolic foods, and includes recitation of the Exodus story called the Haggadah or "tale."

A Seder table holds matzoh, bitter herbs to symbolize the bitterness of Jewish slavery, parsley to symbolize spring, a mixture of wine with ground apples and nuts as a reminder of the mortar with which Jewish slaves made bricks, and other kosher foods.

Also, four symbolic cups of wine are drunk at intervals in the meal. "The Seder is a formalized meal reminiscent of the meals enjoyed by wealthy aristocrats of ancient times," said Rabbi Handler, explaining that by eating such a meal, Jews affirmed their freedom from domination.

The Belleville rabbi shares the opinion of many religious scholars that the Last Supper of Jesus and his

Block Tax Tip

Medical Expenses

By Bert Tobia

Most taxpayers are aware they may be entitled to deductions for certain medical expenses if they itemize on their income tax returns, but many are not aware that medical expense deductions allowed by the IRS fall into over 100 different categories.

According to H&R Block, the income tax preparation service, the cost of insurance premiums for damage to or loss of contact lenses and cancer insurance is deductible.

Also allowable as deductions are the cost of vasectomies, legal abortions, and cosmetic surgery even though these were not performed to improve health of the individual or as part of general medical treatment for an illness.

Uncle Sam also allows a medical deduction for acupuncture services, patient costs (including meals and lodging) at a treatment center for drug addiction or alcoholism, and artificial limbs, eyeglasses, hearing aids, crutches, and guide dogs for the blind and deaf.

A deaf person is also allowed to deduct the cost and maintenance of a special telephone device which permits him to communicate over the phone by means of a converted teletype system.

Persons who are donors of body organs such as kidneys or eyes are all related surgical, hospital and transportation expenses.

Taxpayers should be aware, however, of many medical costs which are not allowed as deductions, H&R Block points out. Some examples are nonprescribed vitamins, health foods and diet pills, trips for rest and relaxation, and toothpaste — even if recommended by your dentist.

Century 21 Realtors To Help Easter Seals

John A. Gomez and Bruno Marino, brokers at Century 21 Homes R Us, Inc., 544 Washington Ave., have announced that the Easter Seal Society is the oldest and largest voluntary agency providing direct services to persons with disabilities. Century 21, the largest real estate sales organization in the world with more than 6,500 affiliated offices throughout the United States and Canada, looks forward to supporting this fine charity on an international basis.

Century 21 intends to become the largest corporate sponsor of the Easter Seal Campaign with a corporate goal of raising \$1 million by March 26, and Century 21 Homes R Us, Inc. is participating by raising funds to offset the price of two wheelchairs.

1983 Easter Seal Campaign Chairman Pat Boone will join Dick Loughlin, president of Century 21

Real Estate Corporation, in a special Easter Seal presentation at the Easter Seal Telethon in California March 26 and 27. Most of the 6,500 Century 21 affiliated offices are involved in the campaign and many have arranged special fund-raising events involving the public.

Credit Committee Appointment For Henrik Tvedt

Henrik Tvedt, president of First DeWitt Savings and Loan Association, in Belleville, has been appointed to the 1983 Committee on Federal Credit Agencies of the United States League of Savings Institutions.

The appointment was announced by Leonard Shane, chairman of the league and also chairman of Mercury Savings, a federally chartered association headquartered in Huntington Beach, Ca.

The U.S. League is the principal trade organization serving the savings and loan business. The league represents more than 3,500 savings associations throughout the country.

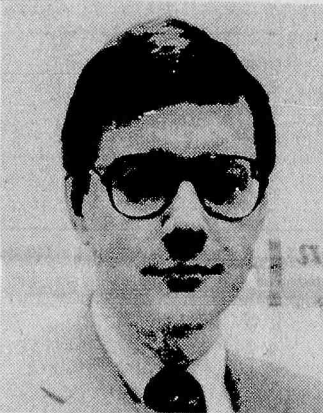

Savings and loan association are the nation's primary source of home mortgage loans.

Clara Maass Names New Director

Robert S. Curtis has been named executive director and vice president of operations at Clara Maass Medical Center. Albin H. Oberg, president of the medical center, made the announcement.

Curtis will be responsible for the daily operations of the 575-bed facility.

Most recently, the new executive director was vice president, patient care services, at the North Carolina Baptist Hospital in Winston-Salem, North Carolina — a 700-bed medical center teaching hospital affiliated with the Bowman Gray School of Medicine of Wake Forest University. He served for five years.

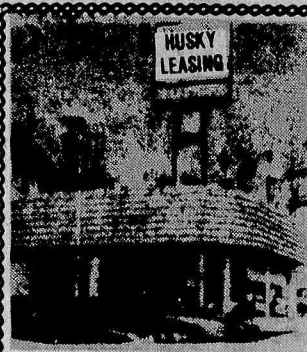

Robert S. Curtis

Prior to this association, Curtis was an administrator with Hospital Affiliates International in Nashville, Tennessee. He also served as an assistant administrator at Easton Hospital in Easton, Pennsylvania.

Curtis spent his hospital administration residency at Wesson Memorial Hospital in Springfield, Massachusetts.

A fellow of the American College of Hospital Administrators, he is a member of the American Hospital Association and various other health organizations.

Curtis and his wife Marilyn have two children, Michael, 8, and Lesley, 5. The family will relocate to Northern New Jersey in the near future.

Former Belleville Businessman Turns to Writing Health Books

By Eddie Capparucci

One of the greatest fears of all men is the thought of growing old. Throughout the years men have come up with ways of disguising old age with dyes, creams and some

medical surgery, but aging eventually catches up with everyone.

A former Belleville businessman, who since his retirement has turned to writing books, believes that growing old is not something people should dread, but instead prepare themselves for, by taking care of their bodies and their minds.

Arthur Jackson, former owner of Jolly Cleaners on Washington Avenue for more than 20 years, believes people think too negatively about the aging process.

"The first thing I say during a lecture to senior citizens is 'congratulations,' because they have made it this far, and there are a lot of people out there who were not that lucky," said Jackson, who is author of the book, "Virility and Prostate Restored at 68," and is currently working on a book entitled, "The Joy of Aging."

"If people would worry more about taking care of their bodies, instead of growing old, there would be a lot more healthier people in the world."

Jackson, who is 71 years old, is a firm believer in taking care of the body and maintaining a proper diet. He has been taking part in a macrobiotic diet since February of 1979, when he attended a lecture in New York City, featuring actress Gloria Swanson and her husband William Duffy.

"At the seminar Mrs. Swanson told the group how the diet had helped her resist surgery and how she cured herself of a uterine tumor,"

Jackson said. "Then for the next two days we listened as people told us of the basic principles involved in macrobiotics. There were stories of self-help that amazed and inspired me."

Macrobiotics is not just a diet, it is a way of life, according to those who follow it faithfully. And macrobiotics is nothing new, in fact, some say it has been around for over 5,000 years.

After being on the diet just a short time, Jackson said he felt results. "It was just the third or fourth day after being on the diet and I just found myself feeling better and stronger and the feeling continued day after day," Jackson said. "My entire body has steadily been improving at a good rate. My hair is growing back on my head and the hair already on my head is turning from white to brown once again. It is a marvelous feeling."

Jackson said he wrote his first book while driving back and forth to work and wrote most of it in memory of a friend who died shortly after a prostate operation.

"There are so many operations performed in this country which are not necessary," Jackson said. "If people would just allow the miracle power of the body to heal itself, then many operations would not have to be performed. One way the body can heal itself is by feeding it natural foods."

Basically that is just what the theory of macrobiotics is all about, eating and living naturally, with no cosmetic elements added to food. The macrobiotic diet consists of whole grains, soup, vegetables, beans, fish, nuts and fruits. It also deals with lifestyle habits including: mental attitude, sleeping, cleanliness and exercising.

"Macrobiotics does not cure anything," said Jackson. "It is a means of prevention. There are many recorded cases of people who have

been inflicted with disease and were able to cure it by sticking to a macrobiotic diet."

In the current book he is writing, "The Joy of Aging," Jackson wants to help senior citizens take a more optimistic outlook on growing older.

"Growing old is not something people should fear," Jackson said. "Aging should be a natural process."

Jackson points to a macrobiotic diet as a way of keeping both the body and mind young.

"Old does not mean sick," he said. "Through a microbotic diet and lifestyle, people can age naturally. Everyone today is living in fear of cancer and heart-attacks. But I do not worry about things like that. You have to be comfortable with your way of life. If you are than you can be happy and expect to live a strong and healthy life."

School Budget

Last Thursday the Belleville Board of Education presented its 1983-84 budget to the public. Since the board was notified in February that the state was cutting off \$310,000 in funding for this year's budget, township taxpayers have been concerned about a possible tax rate increase.

Originally the School Board presented a budget which for the second consecutive year, called for no increase in taxes to township residents and business owners. But after the state's decision even some trustees were doubtful that a tax increase could be averted.

But last Thursday the trustees proved to residents of Belleville that they are just as concerned about the taxpayers as they are about students, when they introduced a budget once again calling for a zero-tax increase.

What the School Board did in

cutting its budget by \$310,000 was not easy. The seven members of the board are joining together to give the children of this community the finest education possible, and that takes funding.

Now the trustees are faced with another problem. They must convince the voters of Belleville that this budget is a fair one. They must convince the voters that any more cuts would be destructive to the school system. They must convince voters that the youngsters of today need an educational system with constant updating in curriculum and advancement in technology courses. But all of this takes funding.

The School Board has already made cuts, some which were very painful to make. They cannot face more possible cuts if the educational system here is destined to expand and grow with our children.

Concerned Resident Worried About Kids

To the editor:

What is happening to us?

I can understand where some people disregard the laws when it affects grown ups but for the life of me I cannot understand why motorists are more and more disregarding a law which is designed to protect little children going to and from school.

Almost everyday, as I watch from my apartment window, I can see the Belleville school bus picking up children on their way to school, and discharging children on their way home, and more often that not, I stand there in terror as I see the children trying to dodge the oncoming vehicles 'who absolutely refuse to stop' as is required by state law.

So far I have breathed a sigh of relief in every case as the children have managed to successfully negotiated the on rushing traffic. But I cannot help but dread each time the school bus stops for I fear that some day, a child will be seriously hurt.

Please motorists, obey the law. Each time you see a school bus stopped with its lights flashing it means it is either picking up a child or discharging one. That child might be yours. Please come to a stop behind of, or in front of the bus. Do not in any case pass a school bus with its lights flashing. Please, before some precious child gets hurt.

Thank you.

Reader is Interested In Suppertime Talks

To the editor:

I read with great interest the article "Suppertime Talks — Irving" by Russell Roemmele in your Thursday, March 10 issue. I should like very much to add more about Washington Irving if I may.

A Letter Of Thanks

An open letter to the Belleville Fire Department:

We would like to take this opportunity to say thank you for all your help the times you were called for assistance for our father.

Your response time, compassion and professionalism is a credit to the town of Belleville.

Sincerely,

The Irving Trust Co., on Wall Street was named after Washington Irving. Also there are three blocks between 14th and 17th Streets in Manhattan called Irving Place. It is near the Consolidated Edison Company.

The Washington Irving High School (an all-girls' school) at the time I attended there and graduated from is situated on 16th and 17th Streets and Irving Place. Our school song called "Washington Irving, the High School for Me," was sung to the tune of the "Chocolate Soldier."

The Hudson River Line called Washington Irving used to run up the Hudson River going up to Bear Mountain and every summer the pupils of the high school would go on this liner on their excursion. Sadly the liner burned and that was the end of our trips up to Bear Mountain.

Prayer For Today

Lord, though I am a miserable and wretched creature, I am in Covenant with Thee through grace. And I may, I will, come to Thee for Thy People. Thou hast made me, though very unworthy, a mean instrument to do them some good, and Thee service; and many of them have set too high a value upon me, though others wish and would be glad of my death; Lord, however Thou dost dispose of me, continued and go on to do good for them. Give them consistency of judgment, one heart, and mutual love. Teach those who look too much on Thy instruments, to depend more upon Thyself. Pardon such as desire to trample upon the dust of a poor worm, for they are Thy people too. And pardon the folly of this short Prayer.

Reader Backs Flannery; Shouts Down Politicians

To the editor:

Never having written a letter to the editor before, I am hesitant to do so, however, I feel I must at least this one time.

To Ted Kennedy, Hugh Carey, Tom Kean, Daniel Patrick Moynihan and all the other one-day Irishmen — who needs them to the march in the "Big Parade." These politicians are the ones who made a political issue of the parade. They seem to be afraid to be

connected in any way with Mr. Flannery, who was acquitted by a jury of gun-running. One would think that the verdict was guilty.

The only thing he can be said to be guilty of is the wish to see Ireland free and united. If this is a crime, then most Americans of Irish ancestry are also guilty.

Respectfully,
John M. Byrne

Golden Comments

By James R. Golden

Thumbing their noses to their constituents, the people, our Congress representatives, with few exceptions, knuckled under to the President's National Commission on Social Security Reform recommendations...a proposal which provided something for everybody to despise...by obediently rolling over supinely as they "steam rolled" through legislation that sounds the death knell to what used to be known as Social Security.

Moving with the speed of light, to prevent mounting opposition marshalling its forces, both Democrats and Republicans alike, joined by the leadership of their respective parties, "railroaded" this unsavory measure through the "law mill" under the Capitol dome giving scant consideration nor regard to the strong opposition and rational arguments of the organized groups of veterans, federal workers, minority groups and Senior Citizen organizations. Madly they raced into, what may be politically, the valley of death.

More than 150 million Americans — including 36 million current beneficiaries — have a vested right in the Social Security system. For workers, payroll taxes will have scheduled increases moved up one year producing projected total increase in tax over present law in the years 1988 and 1989 as follows: Income of \$10,000 — \$72; Income of \$20,000 — \$144; Income of \$30,000 — \$216. For the self-employees the increase over current rates will be 4.75 percent in 1984, 4.2 points in 1985, 4.3 points in '86 and '87, and 5.3 points in '88 and '89.

Those on Social Security will lose in buying power of the permanent basis of the cost-of-living adjustment (COLA) payment postponement from July to January as follows:

Monthly Social Security Income	Monthly loss of buying power
\$300	\$15
\$400	\$20
\$500	\$25
\$600	\$30
\$700	\$35

Annual loss of buying power
\$90
\$120
\$150
\$180
\$210

The most drastic change in the original concept of Social Security that it be considered a pension in retirement, that be non-taxable, has now been altered into what amounts to a "means" test that reduces it to a welfare state. Congress has stripped the aged of dignity and sets threshold limits that, in shattering the sacrosanct promise that it be held sacred, now has arrogated the power to establish limits of income to determine who gets tax-free Social Security.

Did not Mr. Ronald Reagan, the candidate, suggest that Social Security was to remain unaltered? Did not our exalted Congress members and Senate give verbal assurances that Social Security was safe from change? Were we being "conned" by these politicians?

For three million retirees, this provision represents an abrupt drop in income and an unfair change in the rules of the game; These thresholds could easily be lowered in the future, (as has been done with unemployment compensation) subjecting lower and moderate income beneficiaries to the tax. Once a "taxation of benefits" precedents is set, no one's benefit is safe, especially if the Commission's proposals fail to meet the system's financial needs.

Younger workers have even more at stake, virtually all Social Security recipients (except those who are relatively poor) will have 10-25 percent of their Social Security benefits recaptured via the income tax code. This will occur because under this plan the \$20-25,000 thresholds will not increase over time. And those who save for their retirement will pay the highest tax. This will provide a strong disincentive to save. Not only that, but they will have to wait until they are 67 years of age to collect a full Social Security pension...a very bad deal...Isn't it a rip off?

Starting 1984, and thereafter, single persons whose adjusted gross income — not including Social Security — is \$20,000 or more; Tax on \$5,000 SS Benefit \$1,077; Tax on \$7,000 SS Benefit \$1,205; With Gross Income of \$25,000 or more; Tax on \$5,000 SS Benefit \$855; Tax on \$7,000 SS Benefit \$1,205; With Gross Income of \$30,000 or more; Tax on \$5,000 SS Benefit \$960; Tax on \$7,000 SS Benefit \$1,360. For married couples the following graph applies:

Adjusted Gross Income	Tax on \$8,400 Social Security
\$25,000	\$1,074
\$30,000	\$1,230
\$35,000	\$1,386
Tax on \$13,000 Social Security	\$1,741
\$1,989	\$2,283

The above figures are compiled and taken from the March issue of the AARP News Bulletin.

ED-ITORIALIZING

Mary Senatore Deserves Much Credit

By Ed Capparucci

Last week when Mrs. Mary Senatore announced she would not seek a fifth term on the Board of Commissioners I am sure that some people were very happy and perhaps even a few were ecstatic. But a majority of the residents of Belleville who have come to know Mrs. Senatore, do not need to be reminded of the excellent job she did serving on the board for 16 years.

Mrs. Senatore over the years has proved that she is a community leader. For the past 25 years she has served as Democratic leader of Belleville and has done an exceptional job. Now she has set as one of her top priorities to make Belleville an even stronger Democratic stronghold. And that can only mean problems to local Republicans.

Life on the Board of Commissioners has not been an easy one for Mrs. Senatore. She has endured much heartache from certain outspoken critics and the press. But she survived. Mrs. Senatore has proved over the years that she is a very strong woman. Many people would have walked away from the abuse that Mrs. Senatore faced at times, but she could not walk away — there was too much pride and love from the community involved.

I have only known Mrs. Senatore for the past two years. She was one

of the first persons I met when I started covering Belleville for The Times and she made me feel right at home. Always charming and open, Mrs. Senatore was a reporter's and editor's dream. Phone calls were always returned and questions were always answered.

Like many other town officials who save their criticism of the paper until they are standing in front of a large audience, Mrs. Senatore came to us to discuss any problems she had.

Mrs. Senatore has said that she plans to remain involved in both county and local politics, that is good news for the residents of Belleville. Mrs. Senatore deserves much more credit for the outstanding job she has done then she has received. So while some people may be happy with the announcement, others are upset, and personally, I will miss her a great deal. She was an excellent leader and a lovely lady.

Today is the filing deadline for the commission race. As of Monday morning, there were only eight candidates filed for the election. That is only half the number which took part in the last election in 1979 and out of that number six of the candidates finished in the top seven positions last time. And there is only one newcomer to the commission quest, Joseph Grande. So I guess my prediction of more than 16 candidates this year has gone out the window. But watch carefully, it will be a close race and I say we will see two new commissioners this year.

Everybody congratulated the School Board for a job well done. The board introduced a zero tax budget, then the state announced a cut of \$310,000 and the board went out and reduced its budget to a zero tax increase once again.

Now it is essential that the budget

be passed by the voters on April 12. The School Board cannot afford to make further cuts without hurting some aspect of the school system. I urge all voters to take a close look at this year's budget before voting no, the education of Belleville's youth could depend on the budget passing.

While all the School Board candidates did a good job at the public forum set up by The Belleville Democratic Club, Gabe Nazzola and Dr. Anthony D'Agostino were very impressive. Both men were quick and right on target with their answers to some very tough questions. Nicholas Amato once again did an excellent job serving as moderator of the event.

One closing note. Get well quick mom. And the same for Mrs. Doris Sceurman. Just think of all the partying you two are missing out on.

Little Talks...Stephen Foster

"I dream of Jeanie with the light brown hair,
Borne, like a vapor, on the summer air;
I sigh for Jeanie, but her light form strayed

Far from the fond hearts round her native glade;
Her smiles have vanished and her sweet song flown,
Flitting like the dreams that have cheered us and gone.

Now the nodding wild flowers may wither on the shore
While her gentle fingers will cull them no more...

Listen to that line again:
"Now the nodding wild flowers may wither on the shore
While her gentle fingers will cull them no more."

Surely that pure poetic line has never been surpassed in the songs of any American composer: Charles Ives, Aaron Copeland, Charles Tomlinson Griffes, George Gershwin, Oscar Hammerstein and Richard Rogers, Duke Ellington and Woodie Guthrie. Stephen Foster's songs were equalled here and there, but never surpassed.

He wrote some songs about the South that he hardly knew (Old Folks at Home, Swanee) and about black people he knew in stereotype (Old Black Joe and the other minstrel airs), but he was primarily the first songwriter of the American common man. This is often forgotten about Foster. He knew every man dreams of a Jeanie with light brown hair.

When the children were young and I first introduced them to music, I bought books and records about the lives of the great composers. Stephen Foster among them. I took the kids on my knee or them around my chair and I read:

"... as a famous songwriter, he moved to the great city of New York. He was a very generous man and in no way a business man. As the years went by he became increasingly in need of funds. Many times lack of money forced him to sell all future rights in some of his most famous songs." And he died penniless in New York City Jan. 13, 1864. The kids would then sing one of his songs.

Before he died in loneliness and poverty, he wrote:

"Thou wilt come no more, gentle Annie,
Like a flower thy spirit did depart;
Thou art gone, alas! like the many
That have bloomed in the summer
of my heart."

And:
"Ah, may the red rose live always,
To smile upon earth and sky!
Why should the beautiful ever weep?
Why should the beautiful die!"

And still:
"Sweetly she sleeps, my Alice fair,
Her cheek on the pillow pressed.
Sweetly she sleeps, while her Saxon hair,
Like sunlight, streams o'er her breasts
They have built highways to his name. They have erected big

bridges. They play his song in Kentucky with a feigned reverence, as they get ready to vomit out their Derby drunkenness. They make him

a Southern, even a Confederate, though he was much the Unionist. More than Billy Yank, however, he was America:
"I'm nothing but a plain old soldier,

An old revolutionary soldier,
But I've handled a gun
Where noble deeds were done,
For the name of my commander was George Washington."

Some say his greatest songs were for the parlor, with the family sitting around the guitar or the banjo or the old piano. Yet, Stephen Foster is unsung today. Maybe the kids in first grade sing one or two of his songs. Maybe Tim White with his Madrigals at Bloomfield High School will bring back Foster's beloved "Wilt Thou Be Gone, Love?"

Belleville's Past

The Railroad Era

History had a beneficial effect also on the development of the local road system. In 1864, Washington Avenue was opened from Mount Pleasant Cemetery to the Second River. Now part of Broadway, this first portion of Washington Avenue was a continuation of Newark's old Broad Street and made it possible to reach Belleville without turning down the Gully Road to Main Street.

Its opening consisted merely in setting back the fences of the encroaching properties, after which a narrow cut was made through the hill just north of Carteret Street. The earth from the cut was used to fill in the ravine further north.

Following a county act of 1869 providing for the construction of a system of "Telford roads," Washington Avenue was extended to the Passaic County line. Though not immediately paved, its width of eighty feet over the six-mile course made it the town's most famous thoroughfare. Belleville old-timers recalled the long avenue, now part of State Highway 7, in its natural state, and John Smith related: "In those days Washington Avenue was a dirt road and was known as 'the three-mile speedway.' It ran all the way up to Kingsland Road in Nutley, and horsemen held many a race over the course. Gorman's place, a well-known tavern, was the usual stopping place for most of these sportsmen. The stretch of road north of the railroad tracks was called 'the North-Belleville speedway,' and many a good race was run over it, too."

Paving of Washington Avenue, though provided for in the act of 1869, was delayed by the maze of municipal affairs in which Belleville found itself caught, with a city government established by law and an older township commission still holding office. Though the Sentinel of Freedom of September 15, 1874 agreed that "the paving of Washington Avenue by the County Road Board will be a fine addition to the attraction of the town," the paper had to conclude woefully: "But in Belleville all projects for improvements which were in a forward state during the existence of the commission are now completely paralyzed."

Attempts to break the municipal stalemate were frequently made in the name of roadbuilding and civic improvement. On May 18, 1875 the city council decided on a street and highway ordinance. Under the terms of this ordinance, Mount Prospect Avenue was laid out from the Newark city line north to Joralemon in September of the same year, and a month later the city council decided to "carry out the intention of Assembly Bill No. 603, entitled 'an act to open roads to and from any Railroad Depot.'"

Clara Maass Patients May Borrow Books From Center Library

Patients at Clara Maass Medical Center in Belleville can receive a bonus while receiving expert medical care, a chance to read a good book.

According to Clara Maass library chairwoman Mrs. Barry Shafter of Belleville, the library now holds a whopping 4000 books from which to choose.

The department, run by volunteers under the direction of volunteer director Mrs. Irene Banaszak of Glen Ridge, includes Mrs. Helen Longo of Nutley, Mrs. Virginia Streeter of Belleville and Mrs. Millicent St. Ambrogio of Bloomfield.

The library was inaugurated 25 years when the hospital moved from its Newark location to Belleville. The Belleville Public Library donated books to kick off the new department and donations by community members and groups have increased that figure dramatically.

Mrs. Shafter, who is secretary of the Public Library Board in Belleville, said that this year at Clara Maass, Harlequin love stories, the "national best sellers" led the field in circulation. But the library caters to serious readers too and mystery lovers can solve a stack of whodunits.

Hadassah Meeting Hears Book Review By Edith Sobel

A book review by Edith Sobel of "An Orphan in History" by Paul Cowan, was the highlight of the March 21 meeting of the Belleville-Nutley Chapter of Hadassah. Sobel, a member of the executive board of Northern New Jersey Hadassah, is a summa cum laude graduate of Beaver College and earned a master's degree in English Holocaust literature.

The meeting, presided over by Rosette Halpern and Roselle Kirshenblut, was held at the home of Sylvia Hamburger of Nutley.

Their Majesties — Essex County Belleville Park and Recreation Senior Citizen Club celebrated its annual carnival recently at the clubhouse. Crowned 1983 Carnival King and Queen were Rocky and Nettie Russo. With them, club president Nancy Lambiase.

CD Unit Stages Operation Belleville; New Shopping Center Wins Approval

By Ed Capparucci

Thirty Years Ago

The Belleville Civil Defense organization staged "Operation Belleville," a drill which was a statewide mobilization of Civil Defense organization. The test was a simulation of a bomb dropped in Belleville, which knocked out communication in police headquarters.

All industries, public building, restaurants and apartment houses followed regular air raid procedures. According to Peter Torre, Civil Defense director, the movement of highway traffic was subject to the control of Belleville police on duty at the time of the alert. Drivers upon hearing the red alert were asked to bring their vehicles to a full stop as soon as it was practicable. Then drivers were to leave their cars and seek shelter.

Meanwhile persons on the streets were also asked to seek shelter in designated public areas. The entire test was controlled by amateur radio communications. Four mobile units were used.

Commissioners passed on final reading their municipal budget calling for a tax rate of 6.36, an increase of 10 points over the following year. Included in the budget were the controversial \$500 raises for the 105 employees of the town's Public Safety Department.

Mayor James J. Tully outlined in brief a proposal for a major playground site in Silver Lake, as an alternate to Memorial Field, upon which General Motors Corporation expects to erect a building. The mayor said that at his suggestion, Mrs. Marie Serritella of Magnolia Street, a real estate broker, was designated by the board to obtain pr-

cices on property on Magnolia Street and North Belmont Avenue for the project.

Twenty Years Ago

With only Mrs. Mary Senatore disagreeing, the Belleville Board of Adjustment voted 4-1 to approve a variance for a 13-business shopping center by Westlake-Belleville Inc., to be constructed at the corner of Joralemon Street and Franklin Avenue.

"I am in sympathy with the people in the surrounding area," said Mrs. Senatore after the board's vote. "And I felt the stepping-up traffic would place a strain on busy Franklin Avenue and add to the personal discomfort of the residents west of the proposed center. Some of the families have been living in the area for 25 years."

Nicholas S. Juliano, president of the Belleville School Board was injured in Bayonne when a tractor-trailer rammed into the rear of his car shoving it into the back of another car. He later collapsed in front of his home and was placed under a doctor's care.

Interest in the forthcoming Miss Cherry Blossom contest picked up when a bevy of beauties from Clara Maass Memorial Hospital signed with pageant chairman Fred Devlin. The seven who filed were, Karen Johnson, Bernadette Poirice, Jean Superea, Marion Sperduto, Mary Beckman, Patricia Dietz and Winifred Reeve.

Ten Years Ago

The Board of Education announced it would appeal to the State Commissioner of Education to restore \$450,880 slashed from the 1973-74 School Board budget by the

Board of Commisisoners after the proposed \$7.4 million package was soundly defeated at polls in February.

School Board President Larry Schwartz said the board went over every line item to see if the \$450,880 cut could be made successfully. "We found that in order to attempt to conform with the budget cuts, we would have to severely cut our services."

Schwartz said the board would meet the following week to officially pass the resolution to appeal the cuts and explain its action to interested residents.

A move by Board of Education member Matthew Pica to open the board's executive sessions to the public was defeated for the second time, by a 4-2 mark. Pica said he would reintroduce the resolution again, vowing, "I don't give up that easy."

The only support Pica received

for his resolution, which would have limited closed meetings to "problems involving personnel," was from board Vice President Caesar Romano. Opposing was Larry Schwartz, Richard Manmahrian, G. Fred Burlaxxi and James Risoli.

Former prisoner of war, Martin Frank came home to Belleville and was welcomed in a series of ceremonies. Frank, 31, was held captive by the Viet Cong for 5 and a half years.

One Year Ago

Students at Belleville High School were busy preparing for their spring production of "Grease." The proceeds from the events were to go to the Senior Class of 1982.

The Belleville Public Library found a little more support. A group of concerned citizens form a group called "Friends of the Belleville Library" and scheduled their first meeting for this week.

Actor's Cafe Presenting 'Cat On A Hot Tin Roof'

Tennessee Williams' Pulitzer Prize winning 'Cat On A Hot Tin Roof' opens a five-week run at the Actor's Cafe Theatre, in residence at Bloomfield College, Franklin and Fremont streets, Bloomfield on Friday, March 25 and will play every Friday and Saturday at 8 p.m. through April 23.

Brick, the alcoholic son, is tortured by the death of his best friend and his guilt about their relationship. Margaret (Maggie the Cat), his wife, is tormented by her longing for the husband she cannot possess and her craving for security; Big Daddy, Brick's father, unaware that he is dying of cancer, exults in his lust for

life...gathered together is a piously hypocritical celebration of Big Daddy's birthday, the family's conflicts are suddenly, relentlessly exposed in an explosive series of climaxes that forces each of them to part with the half lies that have shielded them from reality.

David G. Kennedy, producer-director, portrays Big Daddy, Hal Ludwig is Brick, Kathleen Grace is Maggie, Karen Fain is Big Mama, Joan Knauer is Sister Woman, Gil Lohro is Brother Man, Dick Roper is Dr. Bough, Jeff Gorham is Rev. Tooker and Joel Dallow, Karen Dallow and Elise Dallow are the no-neck monsters.

School Election Update

DiStasi Points to Building Repairs As a Major Goal Accomplishment

As president of the Belleville Board of Education, John DiStasi believes the best education exists when the system is improved as a whole. This includes curriculum, staff and facilities.

During his tenure on the board DiStasi believes he has been instrumental in continuing better education by improving facilities while maintaining a no-tax increase budget for the year 1982-83, as well as 1983-84.

Through the hiring of trained and licensed personnel such as plumbers, electricians, and carpenters, the board has seen marked improvement in facilities while seeing substantial savings in cost, according to DiStasi.

"These major accomplishments include the renovations at Schools 4, 5, 8, 10 and the Middle School," he said. "Whenever possible, the expertise of the maintenance staff has been utilized to do these renovations and improvements such as better lighting and safe wiring at these schools. New and improved all-purpose rooms at Schools 8 and 10. At the Middle School, a dedicated effort is being made to develop this facility into a better learning center. Much of this work is being done by the maintenance staff.

"New windows and doors are being installed at the Middle School and School 5 right now and hopefully School 8 will have them within the near future," he continued. "New fire doors are being installed at the Middle School by the maintenance staff. These new doors remove a

hazardous condition and make the school safer for our students. A wider entrance and exits at the Division Avenue side of the high school has been made which allows for safer and better traffic flow. Angular parking in the front of the high

school is proposed to provide more needed space."

These are just a few of the number of projects the Board of Education has provided while John DiStasi has been a member. He believes the taxpayers should ex-

amine the school facilities and see how their money is being spent. "The community of Belleville is only as good as its school system," he said. "The school system's physical facilities is a good indication of how good our school system is."

Most of us are quick to reach for an aspirin tablet at the first sign of pain. However, there are times when we should not take aspirin. We should not, for example, take aspirin once week before and one week after planned surgery. Surgery for tonsil removal as well as facial and oral surgery require aspirin-free, bleeding control. Taking aspirin for a hangover may also make an irritated stomach feel even worse. Be advised that an effervescent headache tablet contains the equivalent of one aspirin tablet. It is also advisable not to take aspirin during the last three months before childbirth.

If you need advice on how or when to take your prescription medications give us a call at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We handle the sale and rental of convalescent aids including walkers, wheel chairs, crutches and canes. For your Easter needs see our fine selection of Russell Stover candies, greeting cards and gift items. Open: 9am-10pm daily, 9am-9pm Sundays.

HANDY HINT:
Drink a full eight ounces of water with each dose of aspirin.

WEBER
Lieb-frau-milch

WEBER
Zel-ler Schwar-ze Katz

Great German wines are pronounced...Weber

Weber white wines have a heritage of greatness. They come to you from a 365-year-old winery, one of the oldest in all of Germany. A winery that's been collecting awards for years.

But for all our success, for all our ex-

ceptional quality and delicate light taste, Weber wines are still sensibly priced.

No matter what type of German wine you ask for, from the ever-popular Lieb-frau-milch to the very special Kroe-ver Nacktarsch, pronounce it Weber.

Ventriloquist Police Officer Coming Here

The cop is Patrolman Jack
Nicholaes of the Mountain Lakes
Police Department and his partner
is a 3/4-foot wooden ventriloquist
dummy.

They have performed their
safety-entertainment routine since
1978 and as "Captain Jack and
Archie" they have become an
educational sensation to thousands
of students.

Belleville Police Officer Vincent
Cosenzo heard about the duo from
other "safety-minded" people and
contacted his superiors, Commis-
sioner of Public Safety Matthew
Pica and Police Chief George
Lister. Pica and Lister immediately
became interested in the safety
message by "Captain Jack and
Archie."

After Dr. John Greed,
superintendent of schools, was con-
tacted about the possibilities of
having "Captain Jack and Archie"
present their message to the stu-
dents in Belleville, the program was
set.

The program will take place
April 13 at 9:30 a.m. at School 7
and 1 p.m. at School 3.

The show will be taped to be
shown at other schools at date and
time to be announced.

During their presentation Jack
and Archie discuss and argue about
safety with bicycle riding, drug
abuse, caution with strangers,
emergency care and fire safety.

"Archie is always on the wrong
side of the question," says Jack.
"He does and says the wrong things
pertaining to safety," Jack added.
Jack corrects him during the
routine to get the message across to
students.

Jack says his act with Archie is
much more effective than the
straight lectures on safety he
formerly gave. "Before when I
talked about safety the students
always were interested in police
work. My unorthodox approach to
the subject is more effective. The
students pay attention now."

YOU THOUGHT
YOU WERE SAFE**

AVOID THE...RIPOFF...READ

FACT #1	Read & re-read the small print. Beware of phrases like, "none in stock," "8 weeks delivery," "one in stock," or "many others in stock with popular options."
FACT #2	Why do some dealers spend \$4,000 for a full page ad to advertise "none in stock," "one in stock," "will order." You better believe there is a rip-off and you are the target.
FACT #3	\$80,000 per month in advertising costs are not unusual for the "Go-Go" dealers. Guess who pays for all this advertising?
FACT #4	Factory charges to dealers are the same. It makes no difference if the dealer buys one or one thousand cars. Bigger is not necessarily cheaper.
FACT #5	At Bigelow Motors, you deal with one salesperson & one manager. You are not subjected to pressure by six different "managers."
FACT #6	There is never any charge for "documentary fees" at Bigelow. These fees run as high as \$95. (What the heck are documentary fees??)
FACT #7	Many highway dealers have an overhead of over \$200,000 per month. Bigelow Motors is mortgage and rent free. Bigelow operates with a minimum overhead.
FACT #8	Bigelow Motors was founded in 1939. It is still run by the original owners. If you have a complaint you can enter their offices and talk to the owners.
FACT #9	You can't buy anything today that even comes close to Chrysler and Plymouth. We sell the best engineered, high mileage cars on the road. Note the absence of safety recalls. You and your family are safest in a Chrysler or Plymouth product.

The great water heater cover-up.

"Wrap up a \$5 rebate from PSE&G when you insulate your water heater.
And save on your energy bill too."

"An excellent investment!"

PSE&G is offering a \$5 coupon to be used towards the purchase of any size water heater wrap. A water heater insulation kit is a good investment. It reduces the amount of heat loss through the walls of the tank, lowering your energy costs for water heating.

"Do it yourself... it's elementary"

Wrap up the water heater yourself and save... it's a simple task! Most kits come with pre-cut holes for the "critical areas" on the tank which must be left free to breathe. Look for one with an R-Factor of 6.7 or better. Be sure it is UL approved. Just follow the instructions on the package carefully.

"Here's how to get your rebate coupon"

Fill out and mail the application form on this page. We'll send you the rebate coupon that you'll redeem at your local retailer. He'll take \$5 off your water heater wrap bill when you buy... right then and there.

"A limited number... so do send early"

There will be a limited number of rebate coupons available mailed on a first come, first served basis. So clip out the form and mail it without delay.

"Seal-up and save... it's elementary!"

"Our energy detectives help solve The Mystery of Energy Loss in your home"

The solution is simple... Seal-Up and Save! PSE&G has designed a variety of conservation programs to help you save energy and money around the house. Watch for other energy conservation offers in the newspaper!

\$5 REBATE OFFER FOR PSE&G CUSTOMERS ONLY

Please send me a \$5 rebate coupon to be used towards the purchase of any size water heater wrap.

Belleville Optimist Club Honors Past President

Past President — Belleville Optimist Club President Dr. Joseph Cappello (r), presents a past-president's plaque to Michael Pizzi, last year's president of the Optimist Club.

Reviewing The Program — George Nucera, (l) Belleville High School vice principal, reviews the past president's dinner-dance program with club president Dr. Joseph Cappello. Nucero served as master of ceremonies.

The Belleville Optimist Club held its annual past president's dinner-dance on Saturday, March 12.

Michael P. Pizzi was honored as the club's past president. Pizzi held office during the period October 1981 to October 1982. Also honored were Dr. Anthony D'Agostino, Dr. Joseph M. Cappello, and Richard Monticuolo who served as vice presidents and Thomas Candura, secretary-treasurer.

The dinner-dance was held at the VFW Hall in Nutley with music provided by "About Time." George Nucera served as master of ceremonies for the evening.

This year's officers who were inducted are Dr. Joseph M. Cappello, president; Ernest Musmanno, Arthur Caruso, and Frank Santosiore, vice presidents; and Thomas Candura, secretary-treasurer. In attendance were six former past presidents, Rocco Saletta, the club's founding president; Thomas Spillane, Jack Guriera, Frank Santosieri and George Sbarra. The club also had two other past presidents who were unable to attend, Thomas Mulen and Joseph Riamo.

The Belleville Optimist Club is a community service organization whose major function is to support youth activities in the community. The club sponsors an annual Oratorical Contest, Easter Egg Hunt, Bike-A-Thon, and various other functions.

The club was chaptered in 1974 and meets weekly at the Branch Brook Manor at 6:30 p.m. Anyone interested in obtaining further information can contact Dr. Joseph Cappello, club president, at 759-5075.

Current Officers — Belleville Optimist Club officers for this year are (l-r), Arthur Caruso, vice president; Thomas Candura, secretary-treasurer; Dr. Joseph Cappello, president; Ernest Musmanno and Frank Santosiore, vice presidents.

Past Officers — Former officers of the Optimist Club posed for this picture at the dinner-dance. From left to right are, Thomas Candura, secretary-treasurer; Michael Pizzi, president; Dr. Joseph Cappello, this year's president; Dr. Anthony D'Agostino and Richard Monticuolo, past vice presidents.

Jennifer Apicella Named To Parade Magazine Team

The accolades are just starting to pour in for Jennifer Apicella. While she is bound to receive numerous awards for her marvelous showing on the court this past winter, perhaps the award she received last week will rank at the top of her list.

Last week, Jennifer was named to the fourth team Parade All-American squad, a tremendous honor bestowed upon a junior. The Parade team is considered by many to be the top poll in the country and for Apicella to make the squad with still another year of eligibility is quite an accomplishment.

Looking at the numbers she has put up, it's easy to see why Jenny was named to the team. First of all, she broke the 2,000 point scoring mark, cracking the mark on the girls 62-48 setback to Shabazz in the county finals. For her career, Apicella has scored 2,148 points and is in line to break the state scoring mark of 2,745 points next year. Apicella will enter the 1983-84 season needing 598 points to reach that plateau.

For the season, Apicella tallied 912 points, practically matching her super sophomore season. As a soph, she tallied 779 points, an average of 33.9 ppg. Apicella achieved those numbers in 23 games. This year, playing 27 games, she average 33.8 points an outing and if it were not for that ankle injury in early January, she could have broken the 1,000 point mark for the season. For her career, Apicella has a 30.3 ppg average.

Looking around at the other players who were named to the team, Apicella is in strong company. However her stats certainly are equal, if not better, to those who made the first and second teams. With a strong performance in summer basketball leagues and camps, don't be surprised to see Apicella named to the first team next year. She is that good.

Meanwhile, Apicella and Dina De Aquino were both named to the first team NNJIL for the season. De Aquino had a strong season, averaging 12.6 points a game, hitting for 341 points. Dina will enter next season with over 500 points and a legitimate shot at 1,000 for her career. Congratulations to both players on a job well done.

Congratulations should also go to Venessa Payntor of Eastside High School who was named to the second team Parade All-American Squad. Payntor might have been the state's best player this year and has a number of big schools looking at her for next season. Payntor is a poised player from the word go, a girl with extraordinary talents and a person who should make a strong impact on the college basketball scene.

By the way, Loreli Wells and Marlene Talmadge were also named to the second team all NNJIL for this past season. Talmadge, the team's captain did a great job in her tough role. Wells a junior, really turned it on the second half of the season and should be a strong factor come next year.

The state basketball tournament is history now, a is the 1982-83 season. There were some great games last week, a number of surprises and then again, a number of things that were unexpected. In group I for the boys, *Red Bank won the championship for the second straight year, as expected. Troy Bowers was unstoppable for the champs, hitting for 43 points and making all the college scouts drool in their tracks.*

Keypoint captured the girls Group I title, stopping New Providence. Over in Group II, my favorite, West Orange, lost a tough game to Elmwood Park in the state semis. Elmwood Park then bowed out to undefeated Red Bank in the finals. Red Bank came into the finals ranked second in the state. Since Camden was eliminated by Atlantic City two weeks ago, Red Bank (31-0) seems the logical choice to win the state crown.

No surprise in Group II for the girls. Clifford Scott, with its great guard Countess Irvin, won the crown for the second straight year. The Scotties got great offensive production from Irvin, a senior, who scored 26 points and for the second straight year was voted the MVP of the championship game. Irvin is a legitimate all-state candidate and could go Division I next year in college.

In group III, the pick here for the boys was Cinnaminson, the defending champs. A powerhouse from Ewing shattered Cinnaminson's dream in the state semis. Then a cinderella squad from Phillipsburg stunned Ewing in the title game last Friday night at the Meadowlands. Phillipsburg, long noted for its great wrestling teams, did a marvelous job against a much bigger Ewing team and certainly earned this title. Quite a tribute to the school and its program. Phillipsburg was much smaller than Ewing and not as quick, however they had desire, and that can go a long way.

Shabazz, as expected, won the Group III crown in the girls section. The Lady Bulldogs won their first state title by whipping Sterling in the final. Lisa Long, who terrorized Belleville in the county tournament, was unstoppable, scoring 18 points and pulling down 15 rebounds. The Lady Bulldogs finished with a 29-0 record.

Over in Group IV, everything went haywire. First of all, the boys favorites were supposed to be Atlantic City and Paterson Eastside. Forget it. A.C. was halted by a powerful Trenton squad, 70-53 and Eastside blew a 16 point lead in the final quarter and lost by a point to this year's surprise team, Plainfield. You remember Plainfield, they were the team that Belleville almost upset in the second round of the state tournament.

The Parochial titles produced a few surprises. In Parochial A, Immaculata was the favorite in the boys section. Paul VI (Haddonfield) spoiled that dream with a one point victory. In the girls Parochial A, Paramus Catholic, number one in the state and nation, were stunned by St. Rose of Belmar, 83-70. Just goes to show that no one is invincible these days.

Parochial B titles went to St. Anthony's of Jersey City for the boys and Gloucester Catholic for the girls. Both those teams were the favorites in their respective divisions.

All in all, two teams repeated as state champs, while a number of "new" teams established themselves as state powers. It was a great basketball season, and I cannot wait to see what the spring sports will provide.

The Belleville spring sports are well under way, with the regular season to start in two weeks. The girls softball team, the boys and girls crew team and the baseball teams are the early picks to continue their success. The tennis and track teams are both very young and inexperienced. The golf team is questionable, they have one of the best teams in the area, but graduation took its toll. Starting next week, full coverage of the respective teams will begin. Mark Foley will handle the softball assignment and Dino Ibelli will do the statistical work for the baseball team and will collaborate with me on the weekly articles.

Here is the answer to last week's quiz. The question was, name the winning and losing pitchers in the 1982 World Series seventh game. The answer: Juanin Andujar was the winner and Pete Yukovich of Milwaukee was the loser.

For this week's quiz, before Kevin Lockary took over as head coach of the New York Nets of the ABA, name their coach of the early 70's.

Most of the Girl Hoopsters Will Be Returning Next Year

Belleville Athletic Director Jim Silvestri is a lucky man. He is lucky, because if the Belleville girls' basketball team were a professional organization, rather than a high school club, they would be in high demand. If the girls were a pro team, here is a hypothetical version of their 20-7 season, one climaxed with the Essex County Holiday Tournament title and an appearance in the Essex County Tournament final four.

Marlene Talmadge, Kathy Woods and Theresa Critchley will

not have their contracts renewed. The three have opted to test the free agency waters and team owner Silvestri has decided not to resign them. Woodsie is rumored to be signing a lucrative contract with the Penn State softball team, while Critchley should sign a contract with a modeling agency in New York next week. Talmadge is undecided at this time regarding next season, but may take a job at U.N. to head up the peace talks.

Jennifer Apicella, along with her

agent, will ask for a one-year, \$2.5 million contract for next season. Apicella had a marvelous season, averaging 33.8 ppg and breaking the 2,000 point mark. Silvestri, along with coach Karen Fuccello, should honor that demand, thus making Apicella the highest paid player in sports today. (Moses Malone makes \$2.35 million.)

Look for a long contract dispute between Dina De Aquino and Silvestri. Dina wants in excess of \$800,000 for next season while Silvestri is offering \$450,000. Arbitration might be the answer, there is also the possibility that De Aquino might be traded to Seton Hall next year.

Loreli Wells should sign her contract for next season. The junior had a fine second half of the season and will be instrumental in the team's success next winter. Finally, Donna Brooks will have an incentive put into her contract. Every time Brooksie touches the rim, she will receive an additional \$5,000. Every time she jams the ball, she'll get an extra \$10,000. Brooksie will be a key figure on next year's club.

That of course was just a hypothetical version of what the team would demand. Actually, the girls should be one of the toughest teams in the area next winter. The team finished the season with a 20-7 mark, the first time that the girls finished with 20 victories in a season. The hoopsters won the Essex County Holiday championship, whipping Bloomfield in the finals. They also advanced to the ECT semi-finals for the second time in program's history and the first since 1979. The girls finished second in the NNJIL, posting a 12-3 mark and losing to conference champ Paterson Eastside twice and Clifton once.

"Our goals were to win the holiday tournament, win 20 games and take the conference," said Fuccello. "As a team, we did a good job, but individually we didn't improve as much as I think we should have."

The coach pointed out that teams

like Irvington, Plainfield and Paramus Catholic play the game all season long, thus they have a decided advantage over Belleville. "Those teams play all year long. The problem with our team is that once the season ends, they don't put in the time during the off season. The facilities are there, there are plenty of opportunities to play."

One girl who always has a basketball in her hands is Apicella. The junior scored a phenomenal 912 points for the season, broke the 2,000 point mark and averaged close to 34 points a game. She shot 78 percent from the foul line and enters next season needing 598 points to break the state scoring mark of 2,745. For her career, Apicella has scored 2,148 points, an average of 30.3 points a game.

Her statistics are even more incredible when you consider she was hampered by a nagging ankle injury in January. "If it weren't for that injury," said Fuccello, "she would have scored 1,000 points for the season."

Apicella was named to the fourth team, Parade All-American squad, a very prestigious award. She is the first player in Belleville history to achieve such a high honor.

De Aquino had a super campaign, climaxed by being named to the first team all-NNJIL. The junior started the season slowly, but came on strong when Apicella was injured and did a great job down the stretch. She scored 341 points, an average of 12.6 a game, shot 58 percent from the foul line and is in line to break the 1,000 point mark next season. De Aquino needs approximately 495 points next year to do so. "She really came into her own," said Fuccello. "If Dina continues to work hard, she will be a very good player next year."

Seniors Marlene Talmadge, Kathy Woods and Theresa Critchley were all four-year players for Fuccello. Talmadge, the team captain this year, drew praises from Fuccello for

Belleville High School Cheerleaders; A Very Active, But Underrated Bunch

While we have become familiar with the names Apicella, Colalillo, Borrello, Grant, De Aquino, Brooks, Healy and Wells, there are a group of athletes who attend Belleville High School that do not receive the recognition that they deserve.

The names are not as familiar, people like Cozzarelli, Musmanno, Corbo, Gonnello, Janik and Jeannotte, but they do an outstanding job in their sport. They have been some of the most consistent athletes at the school and add a dimension to the sports which would be sorely missed if they were not there.

"The athletes are the Belleville High School cheerleading squad, a group of fine ladies who display a great deal of school pride and athletic ability."

The girls cheer as a unit, but all have different interests and goals in life. Thus, here is an in-depth look at the Belleville cheerleaders.

Squad Leaders

The captains of the squad is split between seniors Linda Cozzarelli and Donna Gonnello.

Cozzarelli, 17, is a third-year varsity member of the cheerleading squad. She was a co-captain for the Broncos cheerleading team and also participated on the freshman squad. She loved cheering for the football team and "attending the football parties." Linda plans to go to college next year and currently "work in my free time. I love to go out with my best friends and meet new people. I like to be with the people who make me happy."

The other co-captain is senior Donna Gonnello. Like Cozzarelli, she has cheered on the varsity for three years. "The past three years have really been exciting, but my senior year, I will always remember that as my most memorable and rewarding." Donna enjoys cheering for all sports, but has a special fondness for football. "I enjoyed getting ready on Saturdays for the football games, going out for breakfast, beepin' and going to football parties." Donna goes on to say, "It is an honor for me to represent Belleville High as a cheerleader. When I am not cheering, I am involved in other school activities." In her spare time, Donna enjoys going out with her

close friends. She hopes to attend Kean College and major in physical therapy. She also hopes to play volleyball for Kean.

Senior Mary Beth Del Tufo, 17, started her high school career on the gymnastics team. She has spent her last two seasons as a member of the cheerleading squad. "I have had a lot of fun and I am really glad I was a part of it." Mary Beth enjoys spending time with her boyfriend and "just being happy."

The Actress

Junior Jackie Martinez has been on the squad for two years. She loves being involved in school activities, some of which include the Key Club, Future Teachers Club and DECA. Jackie is also a member of the senior

play, West Side Story. "There will always be the special memories with the 'beefs,' and how we did things 'our way.' Most of all, I will never forget the great times with my special friends, Theresa, Donna and Kathy." Jackie also will never forget July 8, 1981.

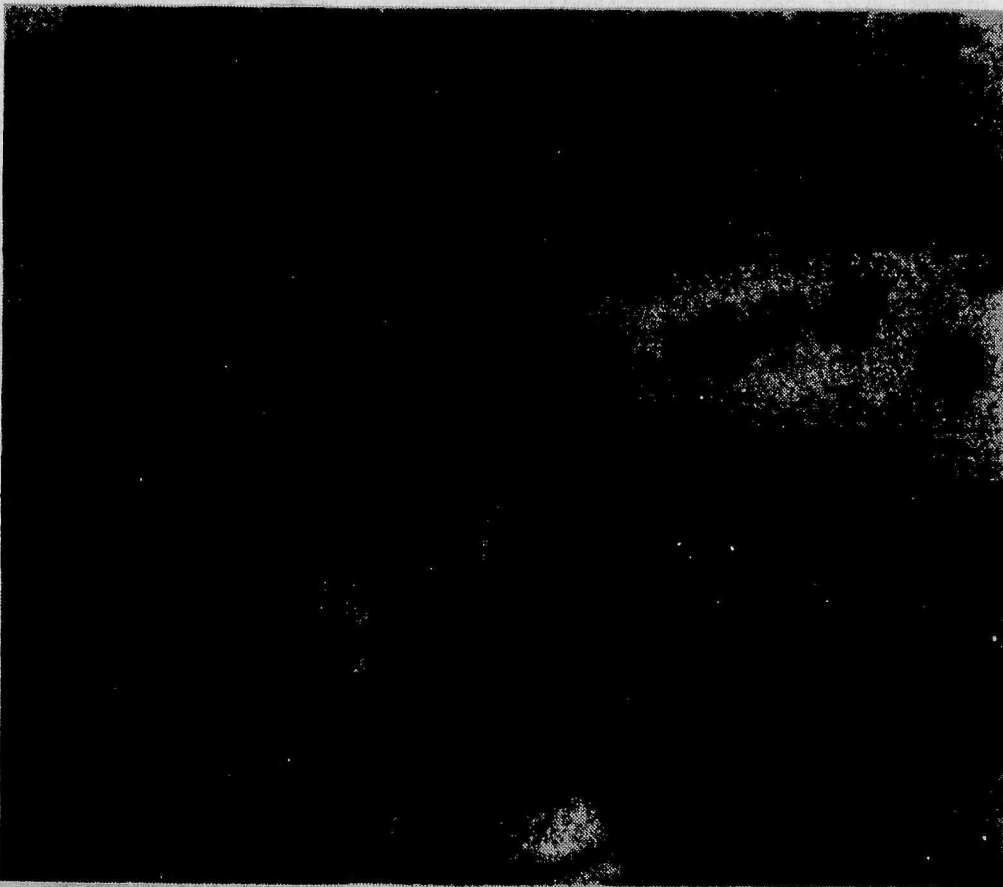

Kathy Starr, a junior, has been cheering for two years. "What I enjoy most about cheering is being with the squad, having good times, making new friends and the sense of school spirit it gives me." Kathy enjoys television, shopping, talking on the phone, taking pictures with Aunt Phyl and being with special friends and family. Kathy, too, will never forget, "the beefs," freshman cheering "our way," roll call "82," Oc-

tober 25, 1981, Color Guard 81, and special friends, N.N., J.S., Jackie, Donna and Sue.

Sophomore Diane Fortunato is in her second year of varsity cheering. "I will always remember the breakfasts before the game and also the beepin'." When she is not cheering, Diane spends time with her friends and talking on the phone. "The best thing about cheering is meeting new people and having fun together."

Second-year cheerleader Michele Corbo is very much involved in her sport. "My cheerleading is very important to me, and I enjoy it very much." In her spare time, Michele

Heard at ringside

By Steve H. Frank

Jose "La Mosca" Rosario of Jersey City, representing the Lou Costello Sportsmen Club of Paterson, won his third straight New Jersey Golden Gloves Championship, Friday, at Elizabeth Carteret Hotel. Rosario the National Golden Gloves titleholder at 106 (open) pounds apparently had an early date as he made short work in sending Jose Neris of Atlantic City to defeat after only 54 seconds of the first round. Also winning a title for the Costello Club was, Ed Martinez defeated Steve Green of Plainfield Second Street Youth Center to cop the 119 (open) division title. The Costello Club suffered two defeats in the finals. In the 139 (open) Domingo Soto was TKod by Rocky Rosas of Passaic Boys Club at 2:53 of first round and 147 (open) pounder Ron Bonafoto was TKod by Sammy Tylor of the Plainfield Second St. Youth Center.

Eddie Castro of the Jersey Spartans Boxing Club scored a third round KO over Dom Storms of Long Valley Boxing Club to win the 139 (novice) pound division championship. Dom Bufano and Paul Minai are co-trainers of the Jersey Spartan team out of Bufano's Gym in Jersey City.

NBC-TV pulled out of showing the boxing doubleheader in Atlantic City on March 27. The network originally was to broadcast bouts between welterweights Johnny Bumphus vs. Mike Bradley and junior middleweights James Green vs. Michael Dewar. NBC-TV will shift their equipment to Scranton, Pa. for the WBC heavy weight title defense by Larry Holmes against challenger Lucien Rodriguez. The Green-Dewar bout has been relocated to the undercard to Holmes-Rodriguez. Bumphus-Bradley set to go to Lancaster, Pa.

ABC-TV will televise the Aaron Pryor-Sany-Hym Kim battle for Pryor's WBA junior welterweight crown. Kim considered the number 1 contender was former WBC titleholder. The scrap is being promoted by Dan Duva's Main Events and will go at Atlantic City's Sands Hotel.

Nationally-recognized fight promoter Murad Muhammad and Newark Police Director and Director of Newark's Police Athletic League Hubert Williams held a press conference at the city's police headquarters to announce the return of professional boxing to the City of Newark. The first of 10-monthly shows will be held on Thursday night, March 24 at Symphony Hall. A 10-round bout between New Jersey light heavyweight champion Junior Edmonds and Bash Ali of Oakland, California may head the first card. Willimas said the PAL will receive 50 percent of the net gate from every show.

Eduardo Lamazono, executive secretary of Mexico City's based World Boxing Council (WBC) said, "The Council has decreed that its division champions will have to fight at least every four months to retain their titles." Lamazono said, "Lupe Pinter, the Council's banterweight champ, will be an exception. Pinter was scheduled to defend against Mexico's Kiko Bejines in April but was badly injured in a motorcycle accident and must recuperate."

Middle weight Curtis Parker of Philadelphia improved his record to 22-4 by defeating Tony Braxton of Camden via a 10-round decision in Atlantic City, Monday. Braxton now sports an 11-4 chart.

Undefeated welterweight Simon Brown of Washington, D.C. scored his 11th straight knockout in 13 fights when he belted out a KO at 2:17 of the third-round to Tom Moody of Columbuia, Ohio. Moody is now 9-4-3. In the semi-windup Camden middleweight Mike Tiely, who hadn't fought in four months, knocked out McCarroll Frazier of Hiltan Head S.C. Joe Cortez was the referee. The action took place at Atlantic City's Tropicana. Don Elbaum and Ted Menas co-promoted.

New York City, Power Memorial High School, Saturday: Albert Santana, 148*, of Trenton with a major decision in four rounds over Anthony Arneaud, 149, of Brooklyn, NY; Steven Flock, 229, Staten Island, NY, WTKO at :56 of first round over Myron James, 251, Philadelphia; Brian Davis, 152*, Brooklyn, NY, W-Dec. in six rounds over Tom Dietz, 151, Pedro Estrada, 152, Brooklyn NY, WTKO at 2:41 of third round over Mark Miller, 147, of New York City. In the main event Todd Longmuir, 138*, Wantagh, Long Island, W(unan),Dec. in 10-rounds over Derek Cuttino, 135, East Orange, Pat Loudermilk was promoter. Lenny Shaw Galaxie Promotion. Sy Roseman, publicist.

Express Pro Sports of East Orange, a new promotional group will present professional boxing at the Fountain Casino in Aberdeen, April 10. Middleweight Mike Dale of Newark and lightweight Lino Perez of Paterson, under the magement of Al Moore will be on te initial car. Dale will reade punches with Mark Larzus of New Brunswick, in a six rounder. Perez, making his pro debut, will take on Naim Muhammad of East Orange in a scheduled four rounder.

Michael Spinks-Dwight Braxton unification light heavyweight title fight was the last sanctioned 15-round bout according to World Boxing Council president Jose Sulaiman froj his Mexico City office. Middleweight King Marvin Hagler has agreed with the 12-round rule and will defend against Wilford Scypion on May 14. Larry Holmes, WBC heavyweight champion has two title fights scheduled, Lucian Rodriguez at Watess Armyov, Scranton, Pa. and Tim Witherspoon at Atlantic City. Holmes stated he will only defend his title in 15-round fights. The next voice will be Sulaiman's.

Former World Boxing Association (WNA) heavyweight champ Mike Weaver had to accept Don King's offer of \$500,000 to fight his successor Michael Dokes. WBA notified Weaver if he declined it would have been an automatic forfeit of all claim to a rematch.

WBC bigwigs are planning a lightweight title elimination bout between number 1 rated Edwin Rosario of Puerto Rico and Jose Luis Ramirez of Mexico, number 2 ranked, to fill the gap left by outdoing Alexis Arguello of Miami, Florida. Arguello stepped out as lightweight titleholder due to a weight problem. He was sure of an early rematch with WBA junior welterweight champ Aaron Pryor of Cincinnati, Ohio. But WBA has informed Pryor he must first tangle with former WBC champion Sang-Hyun Kim of Korea, their number 1 challenger as hs (Pryour's) next opponent.

A spokesman for Dunes Hotel stated a letter of intent has been signed with promoter Don King for two heavy weight title fights on May 20 at their Las Vegas Casino. WBC champ Larry Homes of Easton, Pa. will defend against Tim Witherspoon of Philadelphia and Michael Dokes of Akron, Ohio, will defend the WBA end of the title in a rematch with Mike Weaver of Gatesville Texas.

31-year-old middleweight Tony Braxton of Camden was indicted by a Camden County Grand Jury Friday, March 11, on charges of aggravated assault with a deadly weapon, possession of a gun for unlawful purposes and possession of a weapon (gun) without a permit. Although Braxton is under indictment and out on a \$10,000 bond he was allowed to fight at Resorts International in Atlantic City, Monday March 14. When Braxton was residing in Passaic and Wayne he did have a drug problem.

We don't consider it a good maneuver to allow veteran, washed-up heavyweight Ernie Shavers of Warren, Ohio, to resume fighting. March 1st he was okayed to go against rough, strong, George Chaplin of Baltimore. It turned out to be an absurdly one-sided encounter. Shavers in desperation fouled Chaplin several times and after referee warnings the ref stopped the fight.

Belleville's Other Athletes — the Cheerleaders

(Continued from page 15.)

enjoys listening to her stereo, rollerskating, and having a good time with her friends.

The very articulate Donna Musmanno is a sophomore at BHS who is surely bound for Princeton. A tremendous writer and nice person, Donna started cheering on the Junior Bronco squad and was co-captain of the freshman cheerleading squad. Donna has also taken gymnastic classes, and is a good dancer. "Unfortunately, my first season of cheering is rapidly coming to an end. But, other activities which will suffice until tryouts for next year begin are a dancing role in the school play and participation in the Key Club and Sophomore Senate." Some of Donna's hobbies include, cooking, embroidery, and listening to music. She also enjoys watching football games, wrestling matches and soccer games.

Sophomore Traci Janik has just completed her first year of varsity cheering. She participated on the freshman squad and Junior Broncos. "Being a cheerleader has helped me develop a sense of school spirit. It gave me an opportunity to participate in many activities, meet new people and make lasting friendships." In her spare time, Traci likes to be with friends, who are "very important to me." She enjoys shopping for clothes and going to the movies. Her favorite pastime, however, is going to rock concerts at the Meadowslands Arena. "I also make sure I find time to keep up my schoolwork."

Two-Year Member

The incomparable Renee Jeanotte is a sophomore at BHS and a two-year member of the squad. Renee has cheered for the Junior and

Senior Bronco squads. "At times, it could have been very hard, but that was some of the times that I'll never forget. Being a cheerleader, I have met different people, showed the sportsmanship of winning and losing and also showed school spirit." When she's not cheering, Renee likes gymnastics, talking on the phone and being with her friends. She will never forget, "beeping, parties, cheering and especially, the 'beefs.'"

Sophomore Dana Fazzini, 16, is a two-year varsity member. "The main reason I like cheering is because of the people involved. I've made many friends from other schools." In her spare time, Dana enjoys watching television wiht her boyfriend, Donny, skiing, rollerskating and going to the movies with friends."

Junior Dnna Slonim, 16, is completing her first year of varsity cheerleading. Donna was the captain of the freshman team and co-captain of the Broncos squad. "The things I like most about cheering are the fun times we share at practices, and the special times at all the games. Taking pictures with Aunt Phyl and meeting people from other schools." In her spare time, Donna likes gymnastics, talking on the phone, listening to the radio, eating, shopping and being with friends.

Renee Luzzi, a sophomore, is a second-year varsity cheerleader. She started cheering in the third grade as a mascot for the Belleville Broncos cheerleaders and has continued ever since. Some of her favorite hobbies are gymnastics, photography, eating and reading. Renee has also had a few modeling jobs, but considers cheering her most important activity. In her spare time, she is with Luke and her family. "My ambition is to become a professional model and

her leadership. "Without a doubt, this was one of the closest teams I've ever had, I attribute that to 'Fatsy.' She was a very good team leader, and a tough competitor."

Woods, headed to Penn State next year, was a very versatile athlete. The senior is a standout softball and volleyball player and did a nice job coming off the bench for Fuccello. Woodsie also improved dramatically at the foul line, shooting 77 percent, second best on the team.

Critchley, a point guard, improved steadily during her career. The 5-4 senior averaged a field goal a game and did a nice job handling opposing teams' presses.

Junior Loreli Wells will either make or break next year's squad. In the season's finale against Irvington, Wells players perhaps her finest game of her career. Not known for her scoring, Wells did a super job under the boards, hustling for loose balls and setting up scoring opportunities. What some people might not know is that Wells is a fine outside shooter. Her potential was just starting to show in the Irvington contest. If she works hard during the off season and believes that she can play this game well, there is no telling how good she can be. Wells might not realize it, but she will be the vital link to how good next year's club will be.

Finally, sophomore Donna Brooks, the elevator on this year's team, did a nice job in the pivot. Brooksie averaged 5.5 points a game, did a nice job rebounding and was the third leading scorer on the squad. A good team player, a person who wants to win at all costs, Brooks should be a top notch center next season.

Some young players should also make some noise next winter. People like Ursula Maassmann, Desiree Johansen and Kathy Shay will be

seeing varsity action and could be a big help down the stretch.

"It was a nice year," said Fuccello in closing. "We accomplished a lot of our goals. Next year, we hope to accomplish a few more."

New Coach Takes Over Program

Many Questions Await Diamondmen

There are a number of question marks surrounding this year's Belleville baseball team. First off, there is a new coach, Ralph La Conti. Although he is not new to the program, La Conti has been the jayvee coach for 15 years. However, he is new to varsity coaching and has a big task in front of him. The 1982 Bucs finished with a rather disappointing 12-11 mark. The team had to struggle in the final two weeks of the season to break the .500 mark and were unceremoniously bounced from the Greater Newark Tournament by Glen Ridge and the

state tourney by Elizabeth. It will seem strange not to see George Zanzini on the mound, changing pitchers or making a defensive adjustment, but La Conti should certainly do the job. The question is, what will he do the job with. Gone are big names like Fazzini, Eugene Cancelliere, Joe Britting and Mike Forte. Robbie Cancelliere does return to second base and Joe De Feo will be in the outfield. Joe Borrello returns to his shortstop position, but there are a lot of open positions, the most noticeable being the pitching rotation. The

Bucs are noticeably weak there, and could run into some big problems if they don't patch up some of the leaks.

The team's schedule will be challenging but certainly not invincible. The Bucs are a favorite to win the NNJIL, but will face some stiff challenges from Bloomfield, Passaic Valley and Paterson Kennedy. Nutley could also surprise if a few of their questions are answered. All in all, it should be a very interesting season on the diamond.

Graduation Took Its Toll

Softball Squad Has a difficult Task

Carl Corino has a very difficult task in front of him. The head coach of the BHS girls' softball team will try and duplicate his 24-2-2 season of a year ago, a season climaxed with the Essex County Tournament championship. He certainly has the horses to repeat, but graduation took its toll and some jayvee players will have to make a big adjustment this spring. The entire right side of the infield will be new. Gone are Mona Stampe at first base, Rosie Leonidis at second and Nancy Coffey over at third base. Tracey Buono, an all-state selection last year, returns behind the plate and Dina De Aquino, an all-county and group IV pitcher, will be back on the mound. Kimmy Indiero will take her usual position at shortstop. The outfield is minus Angela Chimento with Donna Campana and Donna Brooks occupying two of the three positions. Kathy Woods should team with De Aquino to form one of the better pitching staffs in the NNJIL. The girls will be challenged by Bloomfield, Passaic Valley, Clifton and quite possibly, Paterson Eastside. In 1981, Eastside posted a 27-1 mark, winning the Group IV, Section I title. Last year, they had an off season, but if they should return to form, the conference will certainly be a tough one to figure. The key to any good team is pitching and the girls are loaded there. De Aquino was 16-2-2 a year ago and Woods posted an 8-0 log, the latter the best undefeated pitcher not to be named to the all-county squad. The coaching is unquestionably one of the best in the area. Since taking the reigns in 1980, Corino has posted a 60-18-2 mark, along with that coveted Essex County championship last spring. If the younger players reach their potential, this campaign could be another big one for the girls.

Looking to Hit .500 Mark

Young Runners are Key To Girls Track Team

The youth movement will be at its highest peak when the Belleville High School girls track team takes the field this spring. Head coach Karen Fuccello has a monumental task in front of her. The team posted a 5-5 mark last spring, the first .500 season in girls track history. In order for the team to repeat that mark this year, once again youth will have to prevail. The girls have a lot of young, eager athletes. However, most of the girls are new to running and throwing and will have a tough task in front of them.

Noticably gone from last year's success is Barbara Gundry, Franchette Polite and Cecilia Graham. The three girls were the main reason the harriers did so well. Graham was the first girl in school history to win a championship, capturing the high jump honors in the 1981 Essex County championships held at Columbia High School. The crafty Fuccello always has a way to produce a winning team, whether it be tennis, basketball or track. She will certainly need a big bag of tricks to pull it off this spring.

Crew Ladies — The 1983 girls crew team has a tough job in front of them this season. The squad must repeat its national title win from last year, and that would be a hard chore to accomplish.

Looking at Conference Title Shot

Golf Squad Seeks Success One More Time Around

Rocco Colucci begins his third season as Belleville golf coach, hoping to duplicate his past success. In his first two years, Colucci posted a record of 8-2 in 1981 and 9-4 last year. This season, the

linksters will be looking to capture a conference title and will do so with the likes of returning letterman Jimmy Apple, Joe Pontrela and Fred Widiken.

Gone from last years club is Jack Mallack and Frankie Dunn, two men who provided a great deal of leadership and talent.

The linksters are an early season favorite to win the NNJIL crown. However, a big obstacle in front of them is Bloomfield, a perennial power and a club that gives Belleville fits everytime they play.

"It's still early, we haven't had much of a chance to play," said Colucci. "However, we should be respectable. I'm looking for some big things from our returning players."

The boys will play their home game at Hedricks Field in Belleville.

The Belleville High School tennis team begins the 1983 campaign with a brand new coach, Tony D'Armiento, and a group of very young athletes who are just starting to excell at the game.

Returning to the courts this year is first singles man, Dave Boyd. Last year, as a sophomore, Boyd did a good job against some of the best competition that the area offered. This year, he should be one of the best players in the NNJIL.

The Buccaneers won 10 matches last year, the most in their history and first year coach D'Armiento, a fine tennis player in his own right, will be trying to lead his team to its first winning season in programs history.

After starting the program back in 1977, former head coach Mike Pollard stepped down from the reigns last year after doing a nice job in building up the team. D'Armiento should have a tough task in front of him, but he has some eager athletes who should make his job enjoyable.

Boys' Team Looks Good Also

Crew Squad Could Repeat Title Victory Once Again

When the Belleville girls' crew team came home with a national championship last spring, it sent an air of excitement throughout the entire town. For not only did the girls win the ultimate crown, they did it with a boat that consisted of six freshman, one sophomore and one junior.

Sam Giuffrida's team has a tough chore in front of them. The general opinion throughout town is that the girls will have to repeat 1982's heroics to finish with a successful season. Boloney. What the

girls did in 1982 is history, a nice piece of history, but nonetheless, a thing of the past.

The team looks solid, but the crew season is a long and gruelling one, and an injury or two could change the entire prospectus. Let's just remember that these athletes are high school participants giving it their best. A repeat of last year would be nice, but if it doesn't happen, so what. Just give it 100 percent girls, that's all anyone could ever ask.

As for the boys' team, Giuf-

frida is quite optimistic. The younger rowers came around strong last year and with graduation, ("the seniors of 1982 were the best kids I've ever coached," said Giuffrida) the younger rowers should get their chance very quickly. All in all, there should be some exciting races on the Passaic River and quite possibly some new surprises to put in the scrap book and remember forever.

Weight Squad Looks Strong Once Again

New Head Track Coach Looks For Right Blend

After eight seasons on the cinder as head coach, Rich Ruffalo finds himself in a new position this spring. He is the assistant coach now, in charge of the very successful weight team.

The new man, young John Tosado, will try and round out the rest of squad, a task that will be monumental to say the least.

While the weight team has posted a 42-8 record since 1979, the runners have had their problems against the tough competition offered by powerhouses Passaic, West Essex, Vailsburg, Orange and Irvington.

This year, with the NNJIL their main goal, the tracksters will face stiff competition from Bloomfield, Passaic, Nutley, Passaic Valley, Kennedy, Eastside and for that matter the rest of the teams that make up the conference.

Of all the teams in the NNJIL, Nutley might be the best, so Belleville will certainly have their hands full this spring.

The Bucs lost a handful of talented seniors last year, men like Victor Cocco, Anthony Guarino and Phil Cerza. Should

they be respectable, they will need a big effort from the weight team and a few surprises from the underclassman runners.

The 1983 Municipal Budget presented herewith, indicates an estimated 1983 Local Tax rate of \$1.36 per \$100 of assessed valuations, the same as the 1982 tax rate.

The following schedule compares the components of the 1983 Local Tax Levy with those of 1982 for Township purposes only.

	1983 Estimated	1982 Actual	Increase Decrease*	1983 Estimated	1982 Actual	Increase Decrease*
For All Municipal Purposes	\$4,717,528.25	\$4,762,542.02	\$45,013.77*	\$1.06	\$1.07	\$.01*
For Reserve for Uncollected Taxes	1,337,181.85	1,303,759.60	33,422.25	.30	.29	.01
Total Local Tax for Municipal Purposes	\$6,054,710.10	\$6,066,301.62	\$11,591.52*	\$1.36	\$1.36	\$-
Assessed Valuation	\$445,337,700.00	\$446,494,500.00	\$1,156,800.00*			

The above comparisons deal only with Municipal Purposes. While County and School tax levies and rates cannot be accurately forecast at this time, the amounts for these purposes used in establishing the "Reserve for Uncollected Taxes" or the so-called "Cash Basis Overlay" conform to mandatory provisions governing the preparation of the Local Municipal Budget. The County Budget and its distributive effect on our Township has not been determined as of this date and the amount to be raised by taxation for School Purposes will not be determined until a later date. When School and County Taxes are finally determinable their effect on the 1983 tax rate will be made known to the public.

Chapter 68, Public Laws of 1976 as amended in Chapter 49, Public Laws of 1983, places limits on certain municipal expenditures. The limit for 1983 is either the Federal Implicit Price Deflator for State and Local Government Purchases of Goods and Services, determined to be 7.5%, or the standard 5%. The Board of Commissioners has decided to continue to limit the perinent appropriations to an overall 5% increase for 1983. This limit, generally referred to as "5% CAP", is calculated by methods established by law. The following schedule, subject to review and approval by the Division of Local Government Services in the State Department of Community Affairs, shows the computation of the maximum amount of increase allowable in the Budget for 1983 over that of the 1982 Adopted Budget for the Appropriations subject to the "5% CAP Law."

TOWNSHIP OF BELLEVILLE
EXPLANATORY STATEMENT - (CONTINUED)

After deliberations on the details of departmental requests, operating appropriations have been set at minimum levels to continue to provide needed services. In this connection it is pointed out that a substantial portion of operating expenses is determined by contractual obligations for both salary and other expense elements, over which the Governing Body had little or no control.
The Board of Commissioners urge all taxpayers to attend the hearing on the Budget for the year 1983 to be held at the Township Hall on April 5, 1983. The Board of Commissioners shall be pleased to respond to any questions at that time.

The Board of Commissioners
Township of Belleville

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to NJAC 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

A plan for all capital expenditures for the current fiscal year. If no capital budget is included, check the reason why:
☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.
☐ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

A multi-year list of planned capital projects, including the current year. Check appropriate box for number of years covered, including current year:

- ☐ 3 years. (Population under 10,000)
☒ 5 years. (Over 10,000, and all county governments)
☐ — years. (Exceeding minimum time period)
☐ Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program for the Township of Belleville is presented herein. The capital projects planned for 1983 are detailed on Sheet 36c. The Township of Belleville, exclusive of the Board of Education, does not contemplate any capital projects beyond 1983. Should the need arise, the Capital budget can and will be revised accordingly.

TOWNSHIP ORDINANCE
PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Township of Belleville held on Tuesday evening March 22, 1983 and further notice is hereby given that the second and final reading of said ordinance will be considered by the Board of Commissioners at a meeting to be held at the Township Hall, Washington Avenue and Belleville Avenue, Tuesday evening April 12, 1983 at eight o'clock p.m. when all objections to the passing of the same will be heard and considered.

Mary Lou Hood Township Clerk

"AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, 'AN ORDINANCE FOR THE REMOVAL OF OBSTRUCTIONS FROM SIDEWALKS', AS SET FORTH IN SUB-SECTION 3-9 OF THE GENERAL ORDINANCES OF THE TOWNSHIP OF BELLEVILLE, 1974, CHAPTER III, BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY:

SECTION 1. SECTION 3-9.1A - REMOVAL OF FROZEN ICE

In the case of ice, which may be so frozen as to make removal impractical, the owner of lands abutting or bordering upon sidewalks, public streets or public places in the Township are hereby required to thoroughly cover with sand, salt, or cinders on said ice twenty-four hours after the same shall fall or formed thereon.

SECTION 3-9.1B - CASTING OF SNOW OR ICE

No person shall throw, place or deposit any snow or ice into or upon any street in said Township, it being the intent and purpose of this provision to prohibit all persons from throwing, casting, placing or depositing snow and ice which accumulated within the private property belonging to said person or occupied by said person, upon the sidewalks or streets of the Township of Belleville.

SECTION 3-9.1C - ENFORCEMENT

In case such snow or ice shall not be removed from such sidewalks or streets or shall be cast, deposited thereon or placed upon said sidewalks or said streets by the owner or other persons, as provided herein, the same shall be removed forthwith under the direction of the appropriate official of the Department of Public Works, and the cost of such removal as nearly as can be ascertained shall be certified by such official to the governing body. The governing body shall examine such certification and if it is found to be correct shall cause such amount to be charged against the real estate so abutting or bordering upon such sidewalks or streets and the amount so charged shall forthwith become a lien and a tax upon such real estate or land and be added to, recorded and collected in the same way and manner as the taxes next to be levied and assessed upon such premises, and shall bear interest and be enforced and collected by the same officers and in the same manner as other taxes. The imposition and collection of a fine or fines imposed by the provision of this Ordinance shall not constitute any bar to the right of the Township of Belleville to collect the cost as certified for

the removal of said snow or ice in the manner herein authorized.

"AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, 'AN ORDINANCE FOR THE REMOVAL OF OBSTRUCTIONS FROM SIDEWALKS', AS SET FORTH IN SUB-SECTION 3-9 OF THE GENERAL ORDINANCES OF THE TOWNSHIP OF BELLEVILLE, 1974, CHAPTER III, BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY:

SECTION 1. SECTION 3-9.1A - REMOVAL OF FROZEN ICE

In the case of ice, which may be so frozen as to make removal impractical, the owner of lands abutting or bordering upon sidewalks, public streets or public places in the Township are hereby required to thoroughly cover with sand, salt, or cinders on said ice twenty-four hours after the same shall fall or formed thereon.

SECTION 3-9.1B - CASTING OF SNOW OR ICE

No person shall throw, place or deposit any snow or ice into or upon any street in said Township, it being the intent and purpose of this provision to prohibit all persons from throwing, casting, placing or depositing snow and ice which accumulated within the private property belonging to said person or occupied by said person, upon the sidewalks or streets of the Township of Belleville.

SECTION 3-9.1C - ENFORCEMENT

In case such snow or ice shall not be removed from such sidewalks or streets or shall be cast, deposited thereon or placed upon said sidewalks or said streets by the owner or other persons, as provided herein, the same shall be removed forthwith under the direction of the appropriate official of the Department of Public Works, and the cost of such removal as nearly as can be ascertained shall be certified by such official to the governing body. The governing body shall examine such certification and if it is found to be correct shall cause such amount to be charged against the real estate so abutting or bordering upon such sidewalks or streets and the amount so charged shall forthwith become a lien and a tax upon such real estate or land and be added to, recorded and collected in the same way and manner as the taxes next to be levied and assessed upon such premises, and shall bear interest and be enforced and collected by the same officers and in the same manner as other taxes. The imposition and collection of a fine or fines imposed by the provision of this Ordinance shall not constitute any bar to the right of the Township of Belleville to collect the cost as certified for

the removal of said snow or ice in the manner herein authorized.

SECTION 3-9.1D - VIOLATION AND PENALTIES

Any person, firm or corporation violating any of the provisions of this Ordinance shall, upon conviction thereof, be fined not exceeding Five Hundred Dollars (\$500.00), or imprisoned not exceeding ninety (90) days, or both, and each and every day in which said violation exist shall constitute a separate violation.

SECTION 3-9.1E - LEGISLATIVE AUTHORITY

This Ordinance is adopted pursuant to the authority conferred by the New Jersey Revised Statutes 40:65-12.

SECTION 3-9.1F - INCONSISTENT ORDINANCES REPEALED

All Ordinances or parts of Ordinances inconsistent herewith are hereby repealed. This Ordinance shall take effect immediately upon publication and final passage.
