Creative Kids — This picture show just three of the many students from School 9 who are taking part in creative activities. The students posing here show flower gardens which they made using soda bottles. Many of the creations made by the students are on display in the lobby of School 9 located at 301 Ralph St.

Local Churches Preparing For the Easter Celebration

A host of services and events have been planned by churches throughout Belleville to celebrate the Easter holiday this week, starting tonight.

Various services will be held tonight, March 31 to commemorate the events of the Last Supper, known as Maundy Thursday.

The Belleville Reformed Church, Main and Rutgers streets, along with Wesley United Methodist Church, 225 Washington Ave., will join together for a Tenebrae Communion service starting at 7:30 p.m. in the Reformed Church Hall, 171 Rutgers St.

At the Fewsmith Church, 444 Union Ave., there will be a communion service starting at 8 p.m., with a ceremony of Tenebrae.

Both St. Peter's Church, 155 Williams St., and St. Anthony's, Franklin Street, will hold a Mass of the Lord's Supper on Maundy Thursday. St. Peter's will start its services at 8 p.m., while St. Anthony's will start its program at 7 p.m.

The Montgomery Presbyterian Church, 638 Mill St., will hold a communion Mass starting at 7:30 p.m., while the Grace Baptist Church, 91 Overlook Ave., will also be holding a communion service starting at 7:30 p.m., tonight.

On Good Friday an ecumenical service will be held with ministers from Fewsmith Presbyterian Church, Wesley United Methodist, Montgomery Presbyterian Church,

Bethany Evangelical and the Reformed Church all taking part starting at noon. The service will be held at Wesley United Methodist Church.

St. Peter's Church will hold a Memorial of the Lord's Passion, which will include the washing of the feet, on Good Friday starting at 3 p.m. and at 7:30 p.m. will hold the Stations of the Cross.

St. Anthony's Church will have an Adoration at Repository starting at 3 p.m. and also Stations of the Cross and a sermon at the same time. At 7 p.m. there will be a solemn liturgical Communion service.

The Bethany Lutheran Church, Joralemon and New streets, will hold a service of Tenebrae on Good Friday starting at 7:30 p.m.

On Saturday, St. Peter's will offer an Easter Vigil service starting at 8 p.m., while St. Anthony's Church will hold its Easter Vigil starting at 5:45 p.m., followed by a Mass for people of the parish.

On Easter Sunday at 6 a.m. a sunrise service will take place in Branch Brook Park with Wesley United Methodist and the Belleville Reformed Church. Breakfast will follow at the Reformed Church afterward.

Fewsmith Church will host an Easter Day service beginning at 11 a.m.

Montgomery Presbyterian Church will hold its Sunday service at 10 a.m.

The Belleville Assembly of God Church, 174 Holmes St., will have its chorus singing during the Sunday service scheduled for 10:45 a.m., while the Grace Baptist Church will hold a service starting at 11 a.m. with a sermon on, "Message on the Resurrection."

St. Peter's Church will hold Easter Sunday Masses at 7, 8, 9:30, 10:45 a.m. and noon. St. Anthony's will offer its Sunday Masses at the regular times.

The Nutley Assembly of God, 65 Bloomfield Ave., will hold its Easter Sunday services starting 8:30 a.m. and 11 a.m.

It's Working — At a recent reception honoring the United Way of Essex and West Hudson campaign volunteers, board President Steven Hoskins, (second from left) presented Edward Kilduff with an award of appreciation. Kilduff, who is the executive director of Family Service Bureau of Belleville, Newark and West Hudson, served as the 1982-83 chairman of the civic division. With them are, Neil Clark, (left) executive director of Senior Service Corps and John Williams, (right) vice president of First National Bank.

Attendance A Key Factor

Student Promotion Policy Adopted By School Board

By Linda Telesco

A new student promotion policy was adopted last week by the Board of Education during its public executive session.

Under the guidance of Assistant Superintendent Seymour Grossman, a committee of 10 teachers and counselors developed the 12-page document that spells out the district's formal procedures regarding students who will be promoted to or held back from a higher grade as well as the district's requirements for promotion.

Working from the premise that Belleville schools should prepare students "to function politically, economically and socially in a democratic society," the committee professes "a no-failure policy is unrealistic and inconsistent," and developed prescriptions for handling students who fail to meet promotion requirements.

According to the policy "promotion or retention will be based primarily on mastery of identified sequential skills in computation and communication" as well as on attendance.

Promotion in grades 1-4 should be based on social, physical and emotional maturity as well as on acquisition of appropriate skills for the given grade level.

Promotion in grades 5-8 depends on a student's mastery of academic areas specified for graduation requirements. Any student failing in two major academic areas of study, will be considered for retention, according to the policy.

Additionally, a student who has more than 30 absences in a single school year is subject to retention.

In reporting to the board, Grossman stressed the effort to keep parents informed of a child's progress, particularly if difficulty is apparent.

In addition to regular report cards and parent-teacher conferences, the policy advises teachers to inform parents of a child's

academic problems before the Oc-

tober conference. Trustee Thomas Zampino recommended that parents be notified of possible retention in writing prior to January of the school

year. Grossman noted that if a student must stay back, retention is for a full grade year.

(Please see 'Promotion' on page 21.)

No New Candidates File For Commission

The filing deadline for the Belleville Board of Commission race came and passed with no new candidates filing petitions, therefore leaving the field at eight for the May 10 election.

The drawing for position on the ballot for the election will take place at 3 p.m. today, March 31 in the commission chamber at Town Hall.

There were three sets of petitions still unreturned to Township Clerk's office as the deadline passed last Thursday afternoon at 4. Among them was a set belonging to an active Belleville woman, who gave thought about seeking one of the five commission seats up for grabs this year.

Out of the eight candidates there are four incumbents: Mayor Michael Marotti, who has served on the board for 12 years; Commissioners Vincent Strumolo, 19 years; Joseph McGreevy, 16 years and Matthew Pica, four years.

Also seeking election are, Michael Pizzi, a community activist; Joseph Grande, chairman of the Planning Board and employee for the Belleville Board of Education; Joseph Fornarotto, town critic and veteran activist, and Kevin Kennedy, the youngest of the filed candidates in the race.

The field of eight is half the number of candidates who ran in the last commission election held in 1979. The only new person among this year's candidate is Grande.

The times and places for the voting on May 10 will be released shortly.

Pollution Problem Annoying Residents

By Linda Telesco

A group of Valley residents petitioned the Board of Commissioners last week calling for an investigation of what they claim is an industrial-related pollution problem near their apartment complex.

The Times learned this week that a highly flammable substance may be the culprit.

Dale Moglia and Domenick De Rosa, both residents of The Commons at 827 Main St., presented Commissioners with a petition bearing 49 signatures of other area residents citing complaints of polluted air, burning eyes, and questionable substances on their cars, as well as noise pollution.

The source of the problems they said, is the operation of The Belleville Finishing Company, a fabrics refinishing firm at 681 Main St.

According to Moglia, who has resided there since 1980, similar complaints have been made since 1976 and although the Belleville Health Department and its contracted agency, Suburban Regional Health Commission have visited the area and responded to complaints, the problem persists.

Moglia and De Rosa said a cloud-like mist often hangs over the area. "People complain of burning eyes and a strange feeling on the skin," she said.

(Please see 'Residents' on page 21.)

Parking Rules Go Into Effect On April 4

Belleville motorists are alerted that the police department will begin enforcement of local alternate side of the street parking regulations for street cleaning purposes starting Monday, April 4.

Parking summons will be issued to all parking violators.

Easter Festivities Planned For Belleville Children

The Junior Woman's Club of Belleville will be holding a holiday gift boutique, which includes a special visit from the Easter bunny, Saturday, April 1 from 10:30 a.m. to 5 p.m. and April 2 from 10:30 a.m. to 3:30 p.m. at the Grand Union Mall on Main Street.

Potted flowers, Italian cookies, helium aluminum balloons, homemade chocolate bunny lollipops and handmade barretts will

be on sale at the holiday boutique. Pictures will be \$3.50 each, and a free gift will be given to all children.

On Saturday, April 2 the Belleville Optimist Club will hold its annual Easter-Egg hunt starting at 9 a.m. The program will take place in Belleville Park. All children up and including the Middle School students are invited to take part in the festivities.

Block Tax Tip

Income Credits

By Bert Tobia

You may be eligible to take an earned income credit up to \$500 directly against your income tax liability, if your earned income and adjusted gross income were both less than \$10,000 and you provided a home for a qualifying child, reports H & R Block.

In order to take the credit, you must be an 'eligible individual.' To be eligible, you must maintain a household in the U.S. which is the principle residence for yourself and your dependent child. If you file as a head of household, the child need not be your dependent unless he is married. You are ineligible if you can exclude earned income from sources outside the U.S. or within U.S. possessions from gross income.

The credit is based on 10 percent of the first \$5,000 of your earned income giving a maximum credit of \$500. This credit must be reduced by 12.5 percent of any adjusted gross income (or earned income, if greater) above \$6,000. Earned income includes wages, salaries, and other employee compensation, plus earnings from self-employment.

H & R Block also points out that this credit can be received as a refund even if the taxpayer would not otherwise be required to file a return.

Dermatologist Opens Office at Clara Maass

Dominick J. Ligresti, M.D., has recently opened an office for the practice of dermatology at Clara Maass Professional Center West on Newark Avenue.

Dr. Ligresti was born in Brooklyn, N.Y. He attended Syracuse University and University of Bologna in Italy. He completed his medical education at Mt. Sinai School of Medicine where he also teaches dermatology.

Dr. Ligresti specialized in Internal Medicine at the Medical College of Pennsylvania, completed dermatology training at Ohio State University Hospitals in Columbus, Ohio.

He has many publications on skin diseases in medical journals, including a study on the possible cause of psoriasis. Dr. Ligresti is also Board Certified in Der-

Dominick J. Ligresti
matology and a fellow of the American Academy of Dermatology.

Anthony Chirico Named Defense Liaison Officer

Anthony P. Chirico, a colonel in the U.S. Army Reserves, has been named liaison officer to the New Jersey Department of Defense by headquarters, First U.S. Army, Fort Meade, Maryland.

Colonel Chirico, director of special services for the Belleville Board of Education, has been a member of the National Guard and the Army Reserves for 34 years. For the past three years he has commanded the 318th Movement Control Agency of the 77th U.S. Army Command of New York State.

As the First U.S. Army Liaison Officer, he will coordinate the state's military support for civil defense. His responsibility will be to assess the readiness levels of all New Jersey National Guard and Army Reserve units throughout the state in matters of Civil Defense.

Colonel Chirico received his doctorate from Rutgers University in educational administration.

Local Resident Pushes For Revision

High School Football Playoff System Could Undergo Scoring Rule changes

By Ed Capparucci

A newly devised set of regulations for entry to the state's high school football playoffs, is being studied by members of the New Jersey Interscholastic Athletic Association's executive committee.

The new scoring system, which will benefit schools playing stronger schedules, is very similar to a system introduced to the special committee set up by the NJISAA to study the matter, by a Belleville resident.

Frank Montagna, who is a member of the Belleville Athletic Council, introduced his own scoring program to the 10-man committee made up of high school football coaches, which requires all schools to play games within their own groups to qualify for the playoffs.

"There are schools which are Group IV, who go out and play Group II and Group III schools so they can build up a winning record," Montagna said. "Then there are

schools like Belleville which stay within its Group IV boundary and plays an exclusive Group IV schedule."

The state has divided schools into four groups determined by population. A Group IV is the largest and a Group I is the smallest.

Montagna, who has always had a deep interest in high school sports, became especially interested in the football playoff system when Belleville was overlooked during the 1981 season, despite a 6-2 record. Belleville was passed over for Barringer High School, which finished the season 7-1.

"The sad part was that Belleville played all Group IV teams, while Barringer played several Group III schools," said Montagna. "We also played Barringer during the regular season that year and beat them by a lopsided score. We were cheated and the kids were cheated."

That season was the only year in

the past four which the Bucs did not qualify for a state playoff berth.

The new playoff proposal is as follows:

* A minimum record of 6-2 or 5-3 would be required.

* A school would get two points for a victory and one for a tie. For each game, the number would be multiplied by the group of the opponent. A victory over a Group IV opponent would be worth eight points, a tie would be worth four points. A win over a Group III school would result in six points. The committee believes by offering a team more points for playing the higher ranked schools, Group IV squads would stay in their own class, instead of seeking smaller opponents.

* A school would be awarded one point for each victory by an opponent and a half point for each tie by an opponent.

* If there are still ties for the four positions, the other criteria now used would come into play: results of head-to-head competition between the tied teams and composition

records of opponents. The final tie-breaker would still be a flip of a coin.

"The major difference between the plan the committee has submitted and the system I introduced, is their system multiplies and mine is done through the process of addition," said Montagna.

Although the system being studied by the NJISAA executive committee is not exactly his, Montagna says he is glad just to see changes.

"A new system must be devised to select those teams who qualify for the playoffs," he said. "The present method is not fair, nor does it meet the purpose for which it was intended. Year in and year out the best four teams in each section are not the ones who participate in the playoffs. It is not fair for the young athletes who work so hard and in the end are cheated. I am happy that we may finally be seeing some results."

If the new rules are adopted by the committee later this year, they could go into effect for the next high school football season.

Cherry Blossom Runners Will Win Bahamas Trip

The top winners of the 1983 Cherry Blossom Run in Branch Brook Park on April 17 will receive a trip to Freeport in the Bahamas, announced William C. Scalzo, director of the Essex County Department of Parks, Recreation and Cultural Affairs.

The four-day, three-night tropic excursions will be awarded to the first female and first male finishers of the race. These trips, valued at \$199 each, are being partially donated by Felix Travel in Roseland.

The second placed man and woman will each receive a 10-speed Ross Europa bicycle, valued at \$180, and supplied at cost by the Pleasant Valley Bicycle Shoppe in Chatham.

Third place overall winners as well as placing winners of the seven age categories will receive gift certificates from the Sneaker Factory in Millburn as well as other local sports shops.

The 1983 Cherry Blossom Run is a 10-kilometer race under the cherry blossoms in Branch Brook Park in Belleville and Newark. Sponsored by the Essex County Department of Parks, Recreation and Cultural Affairs, the race drew 750 registered runners last year, many from Belleville.

For an application, call the Essex County Department of Parks, Recreation and Cultural Affairs at 201-482-6400.

A professional-style runners' clinic featuring advice on nutrition, clothing, cardio-pulmonary fitness and running techniques will be held in Belleville Park on April 16.

Sponsored by the Fitness Unit of the Essex County Department of Parks, Recreation and Cultural Affairs, the program will offer running enthusiasts of all ages the opportunity to participate more effectively in one of America's most popular recreational activities.

Among those who will be on hand to offer advice are registered dietician Janet Horowitz, clothing expert Dean Shontz, running coach John Schwarz, as well as a member

of the Fitness Unit to review cardio-pulmonary fitness.

The clinic will run from 10 a.m. to noon and be held at the Belleville Park Senior Citizens Center off Belleville Avenue. Pre-registration is required and the fee is \$2. For additional information, call the fitness unit at 482-6400.

Sincerely Yours

The Middle School

Finally after years of complaining from students, parents, administrators, teachers and even School Board members themselves, repairs at the Middle School are underway.

New windows, one of the top priorities, have been installed along with new fire doors. Ceilings which have been collapsing in various classrooms have also undergone repairs to the pleasure of teachers who must instruct students in the building.

For years the School Board, in order to keep the budget as tight as possible, has neglected building maintenance not only at the Middle School, but on buildings throughout the school district. Repairs have already been made at several elementary schools in Belleville

and the repairing of the Middle School is the right step in aiding the educational system in town.

A school which is falling apart at the seams is not the proper environment to teach children in. Studies have shown that students are more likely to pay attention and want to come to school if the buildings are beautified. And if the students take a more positive attitude toward school, they are much more likely to receive a better education.

Although the process of repairing the Middle School was longer than most people would have liked, the School Board should be praised for finally getting the job started. Let us hope that no school building in Belleville will go that neglected again.

Easter Sunday

We are now in the midst of the most religious time of the year. The people practicing the Jewish faith are celebrating Passover and this Sunday millions of Christians will join together to celebrate Easter.

Festivities actually begin tonight, with Maundy Thursday and are continued tomorrow with Good Friday.

Easter is a time when we remember the sacrifice the Lord Jesus Christ made for us men. It is a time when we are asked to join together with our fellow men and share and express our brotherhood to one another. It is a time for joining together with our families and friends. It is a time to express our love to God.

While most of us look at Easter as just another holiday, perhaps it is time for us to ponder what the idea of Easter means and stands for.

Just think what the world would be like if just for one day each man and woman would reach into their hearts and let out the joy of Easter Sunday. Just think what the world would

be like if everyone carried out the practice of brotherhood, just even if only for a day.

Think what the world would be like with no poverty, crime, hunger, pain or war. Just think.

The churches ask us to keep the spirit of the holidays within us the entire year round. That is a lovely thought and would be a marvelous act. But why not let us start out slowly, just for one day. Let us make it this Easter Sunday.

Let there be peace on Earth, and let it begin with me,
Let there be peace on Earth, a peace that was meant to be.
With God as our Father,
Brothers all are we,
Let me walk with my brother, in perfect harmony.

Let there be peace on earth and let it begin with me,
Let this be the moment now, with every step I take. Let this be my solemn vow,
To take each moment and live each moment in peace eternally,

Let there be peace on Earth, and let it begin with me.

Prayer For Today

Grant, O Father, to our minds, to climb to that august abode, grant us to visit the Fountain of the Good, grant that, finding the Light, we may open wide and fix on Thee the eyes of our souls. Scatter the mist and heaviness of the earthly mass, and shine out with Thy own splendor: for Thou art the Serene.

Letters in Print

Writer Attacked The Wrong Board

To the Editor:

As secretary of the Belleville Planning Board, I am compelled to respond to Vincent Frantantoni's letter which appeared in your March 17, 1983 edition.

The Planning Board, while interested in improving the Township of Belleville as a whole, has always focused on Washington Avenue as an area targeted for improvement.

More importantly, the example that Mr. Frantantoni points to in his letter reveals that he was not present at the Planning Board meeting. Rather, Mr. Frantantoni was present at some other board meeting. For starters, the Planning Board did not meet on March 1, 1983. The Planning Board meets on the second Thursday of each month.

Secondly, the Planning Board has no power to grant use variances.

In this framework, we suggest Mr. Frantantoni check his facts and aim his criticism at another board if he believes that criticism is justified.

My colleagues on the Planning Board are hardworking, responsible and totally dedicated to the task for which they serve. We extend an invitation to Mr. Frantantoni to attend our next Planning Board meeting and give us his comments and ideas.

In short, we agree that the job of improving Belleville has not been completed; however, the Planning Board has put Belleville on the right track.

Respectfully submitted,
Chris Albanese, secretary
Belleville Planning Board

Recycling Ordinance Is Long Overdue Here

To the Editor:

An ordinance to recycle newspapers, glass and aluminum cans was introduced by Commissioner Mary Senatore over a year ago (proposed enactment XXII) and subsequently not adopted (if I remember correctly). It has taken 10 years, according to Star-Ledger columnist Gordon Bishop, for 87 municipalities in the state to have curbside collections, but since the Office of Recycling and the Recycling Act of 1982 was created, over 300 more municipalities with 164 mandatory curbside programs have been brought into the act.

According to a letter to the Star-Ledger from Office of Recycling Administrator Mary Sheil, Essex County freeholders adopted an ordinance on Feb. 9 of this year calling for municipalities to enact mandatory recycling laws. I would like to see a press release from the township in this paper announcing the date this will be passed, and if Belleville has gotten a recycling grant from the state to work with, and how the pickup/collection will be done. The statement should also explain or estimate the effect of reducing garbage volume on future trash collection costs, which comes from our taxes. This amounts for all paper alone to 34 percent of total garbage.

This will prepare residents for the

rather simple task of separation — not sticking papers into the garbage — which has become routine in Nutley, for example.

Getting our garbage act together has been slowed by lack of urgency, which now even lags behind the recent commitment of supermarkets and the American Paper Institute program, a milestone in 15 years of ecological planning that a whole generation has grown up with. They have seen nothing done, and we have seen nothing but escalating hauling fees (and other problems) over how to throw stuff away.

Sincerely,
Thomas Jackrell

Local Bank Offers Gifts

To the editor:

Many people would like to know which Belleville bank will give them a \$20 gift for starting a six-month certificate. I can think of only one and that's the Howard Savings Bank that still offers a \$20 gift for opening or renewing a six-month certificate. One is located by the Pathmark on Washington Avenue.

Craig J. Canfora
Belleville

Member of Girls' Squad Defends Coach's Actions

An open reply to Mr. Spencer:

My name is Marlene Talmadge. I am the captain of this year's Belleville girls' basketball team. I am writing this letter in response to your article on our team.

Although Dina and Jennifer are good players, they couldn't win without the other members of their team. Everybody does their part on the court. Even though they score more points than the other players, they wouldn't be able to do it without us. Besides having a good offensive team, you also need a good defensive team.

Miss Karen Fuccello is well aware of these facts. That is why she is a good coach. She knows that even though the players are good, they are still human. They have to have some rest otherwise

they would collapse on the court. She and her assistant, Ms. Meola, view us as people first, then players. We are only teenagers and have just begun to live. She has been with us since sixth grade. Where were you during this time? If Miss Fuccello was such a bad coach we wouldn't have gone as far as we did. I think you better open your eyes and realize that a team is not made up of only two players. You need offense, defense, and a good, sensible coach which we have in Miss Fuccello. If you are such a good expert on coaching, why don't you get yourself a team and try to beat Miss Fuccello and, our team! I hope you get my point.

Sincerely,
Marlene Patricia Talmadge

Readers Backs Golden; Criticizes the President

To the editor:

Responding to a letter of Feb. 24 regarding our fine journalist of The Belleville Times who tells it like it really is.

He was attacked and insulted by a critic who sounds like a "rich Republican Reaganite" and bragged about a few who supported him perhaps because they are exactly like himself.

But there are many, many senior citizens who know better! Many voted for President Reagan and elected him but they now regret it dearly.

He is doing our country a great harm with his big spending of billions of

our dollars for wasteful defense nuclear arms and aid to big corporations and other countries.

These people who defend President Reagan know they are wrong but will not admit it.

The only things that bug them are the "hand outs and freebies" the needy get because they do not qualify for these programs themselves. They would rather suffer with the budget cuts and unfair policy, even if it hits them. Very foolish!

Name withheld by request

Golden Comments

By James R. Golden

Our Congressman Joseph Minish (D-11th Dist.) has once again shown his mettle by voting against the Social Security Reform Commission's bailout plan. Congressman Minish is a discerning, intelligent legislator who searches out the affect proposed legislative bills have upon his constituency.

The speed and alacrity with which the Congress approved of the Social Security bailout plan will have a direct effect on the pocketbooks of retirees in spite of President Reagan's oft-repeated promise not to reduce benefits to those now receiving them. There is, for example, the tax on half of Social Security benefits for single retirees with adjusted gross incomes above \$20,000 and for couples above \$25,000.

It means that a couple over the \$25,000 threshold receiving \$10,000 in benefits and filing a joint return will be taxed on \$5,000 additional. This will push them up several brackets higher in the tax rates. What's fair about giving a married couple an exemption of just \$5,000 more than a single person? Except for shelter, a married couple spends twice as much on meals, clothing, entertainment, medical expenses, plane, train and bus fare, and a host of other things. That's the marriage penalty all over again!

By getting divorced and living together as "singles," they can have a joint income of \$40,000 without their Social Security benefits being taxed. What a silly law...working people pay more FICA tax, when they retire 10 to 25 percent of their Social Security benefits become taxable. The loss the cost-of-living adjustment for six months for beneficiaries averages \$35 a month in buying power. What ever happened to President Reagan's oft-repeated promise not to reduce benefits to those now receiving them? Seems an awful lot of Social Security beneficiaries may have been hornswoogled.

Yes! Congressman Minish you voted right on opposing this nefarious legislation which President Reagan eagerly and anxiously waits to sign into law by Easter. Wasn't it just before Easter than Pontius Pilate crucified Christ? Perhaps some may liken that event with their being crucified by the changes in the Social Security regulations that changed the rules in the middle of the game. Congressman Minish had the fortitude to recognize it was a bad bill.

Belleville's zealous Reaganophile Cornelis P. Vander Zwan's published evaluation of what he contends is the improving popularity of President Reagan appears to be at sharp variance with the most recent Newsweek poll published in its March 14, 1983 issue.

To the question, "Do you approve or disapprove of the way Ronald Reagan is handling his job as President?" — Percentage saying approve 42 percent, up slightly from January's low of 38 percent.

To the question, "Would you like to see Ronald Reagan run for president in 1984 or not?" Result: Yes, 35 percent. No, 57 percent. To the question, "If President Reagan does not run in 1984, whom would you like to see nominated as the Republican candidate for president in 1984?" George Bush gained the highest percentage of support, 37 percent.

To the question, "How likely is it that you would vote for each of the following men if he were the Republican nominee for president?" (Answers from all those questioned). Ronald Reagan, 41 percent; George Bush, 48 percent; Howard Baker, 36 percent; Robert Dole, 27 percent; Jesse Helms, 13 percent and Jack Kemp, 16 percent — The winner — George Bush.

To the question, "How much confidence do you have in Ronald Reagan to deal with the economy?" At least a fair amount 52 percent — Not too much or none 46 percent. To the questions answered, the president received his highest grades for his decisiveness — 61 percent and the fact he is liked personally — 52 percent.

The most significant disclosure derived from the polls breakdown results of group response to the question, "Have the policies of the Reagan Administration helped or hurt the following groups?" conclusively indicate that only women, big business corporations and upper-income people regard themselves helped by President Reagan's policies. The breakdown results follow:

	Helped	Hurt
Women	39% *	32%
Environmentalists	24%	* 27%
Union Members	15%	* 56%
Farmers	20%	* 61%
Big-Business Corps.	74% *	15%
Blacks	25%	* 46%
Upper-Income People	82% *	7%
Middle-Income People	25%	* 60%
Poor People	15%	* 75%
People Like Yourself	26%	* 56%

ED-ITORIALIZING

'Change' Could Be the Key Factor In the Upcoming Commission Race

By Ed Capparucci

Change.

That could be a key factor in the upcoming Board of Commissioner's race scheduled for May 10.

When you talk to the local

businessman, homeowner or commuter, you get a sense that most people are fairly content with the community. And when you look for political issues for this election you find them few and hard to come by.

But when you look at the community from an outsider's point of view, you see a township which needs much uplifting and could stand a great deal of improvement.

There is the problem of Washington Avenue (no more needs to be said on this issue). There is the decaying in parts of the Valley section. While many homeowners have made improvements to their property, there is still much more which needs to be done, and can only be accomplished with the cooperation of the town leaders. There are the outrageous fees charged by Passaic Valley Sewerage and the increasing loss of tax ratables due to some major businesses moving out of Belleville over the years.

At the present time the Town Fathers have been able to keep the rate tax stable thanks to an increase in revenue sharing. But what will happen several years down the line as the funding continues to decrease, which it did this year.

Sitting at a Commission meeting last March, Revenue and Finance Director Joseph McGreevy argued this point. His colleagues said strong action would have to be taken to assure adequate funding continuing flowing into the township's economy.

The question which must be asked is what has been done to assure new ratables for Belleville in the future?

Belleville takes pride in declaring it is a debt-free community. Look at Nutley, Cedar Grove, Clifton and hundreds of other small communities like Belleville which are not debt-free. Officials there do not have to concern themselves with blighted areas in their communities.

Newark was once an enterprising city. Now look at it. The funny thing is the residents of Belleville do not need to look too far to see the condition of what was once one of the greatest cities in this country. Newark is slowly creeping down Broadway and heading for Washington Avenue.

The police are doing everything possible to prevent it. The Chamber of Commerce is doing everything possible to prevent it also. But that is not enough.

The voters of Belleville will be going to the polls soon and once again a decision will be made about who will guide the community for four more years. The last election experienced one of the lowest voter turnouts ever. Perhaps the citizens of Belleville were saying something then — but they said it the wrong way.

The next six weeks could be very important to the future of this community. Voters should listen carefully to the candidates and their views.

There is a need for improvement in Belleville, but improvement must be made soon. The time for talking is over — action is the essential ingredient which is missing.

Several people have been calling me about the Valley section of town. They are frustrated with the amount of trash and litter being thrown around. I took a drive through the Valley and all I can say is that much of it is disgraceful. I don't know how town officials can allow an area to deteriorate like that. It is almost as though the town ends at Washington Avenue. I realize that many Valley residents have done work on their homes, but what about those who have not. Where is the Valley Association?

When I first took over as editor of The Belleville Times I had a long talk with a leader of the Valley Association and I relayed to him an idea to periodically do a Valley page in The Times displaying some positive aspects of the area and its people. The answer I received was that no one was interested in my help, and that members of the association were going their own ways.

Is there that much apathy running in the blood of residents here? I have come to realize that Belleville is not a closely-knitted community, but sometimes the atmosphere stinks. I'm going to receive letters and calls about this, and I hope I do.

And here's a little note for all you pool lovers. The number of the Guys and Dolls Pool Hall is 759-6217. In case some readers do not understand this, I am doing someone a favor.

Religious Viewpoint

Resurrection

By Rev. Robert Paul

Have you made up your mind about the Resurrection?

Resurrection — is it a pious hope, or must we conclude that death ends all? Conjecture will not suffice in such a matter. You owe it to yourself to find out. If you've never really thought about it, why not do so now?

Once convinced that resurrection is a fact, you owe it to yourself to find out what's going to happen to you when it does occur. What you will be after the resurrection depends on what you are before you die. The revelations of the Christ who arose from the dead will help you to adequately prepare for that day. The resurrection of Jesus Christ was the one event that persuaded His disciples once for all that He was indeed God in the flesh, and not just a man. "Jesus met them, saying, 'All hail' and they came and held Him by His feet and worshipped him." (Matthew 28.)

St. Paul declared that the resurrection proved Christ was the Son of God. (Romans 1:4.) Neither Christianity nor the Church of Christ would have been established or perpetuated if the disciples of Christ hadn't believed absolutely in the deity of Christ. Others had died and been buried, but only Jesus Christ arose never to see death again.

If Christ be not raised from the dead, prophecy would have failed for it was predicted that His body should not see corruption. (Psalm 16:10.) If Christ be not raised from the dead, then the Apostles would have been false witnesses, for they said again and again that He arose from among the dead. (Acts 2:32.) If Christ be not raised from the dead, faith would be an empty thing, for faith in a corpse is valueless for the remission of sins. (1 Corin. 15.) If Christ be not raised from the dead, then death would be hopeless, for if Christ did not rise, certainly His followers will not. (John 14:19.)

If Christ be not raised from the dead, the hope of the Church would be blasted, for if Christ be not raised, how can He come again? (1st Corin. 15:23.) I agree with St. Paul who said: "But now is Christ risen from the dead, and become the first fruits of them that slept. For since by man came death, by man came also the resurrection of the dead."

Yes, dear friend, make up your mind about the resurrection, and say with Thomas, "My Lord and My God." (John 20.) "For whosoever shall call upon the name of the Lord shall be saved." (Romans 10.)

CMHS Hotline

Dear CMHS:

My husband is 43 years old and has always worked hard and been a good provider to me and our three children. About six months ago he began to have sudden temper outbursts for no apparent reason. He is generally irritable and argumentative, starts fights with strangers, and has several times put his fist through a wall at home. He has been seeing a psychiatrist who has hospitalized him for three weeks and is treating him with tranquilizers and weekly therapy. My husband isn't getting any better. He has lost his job because of his constant difficulties with co-workers and is withdrawn and sullen at home. None of us can understand what has happened to him and we are frightened and puzzled by this sudden and complete change in his behavior. Can you help us?

Wondering What Happened

Dear Wondering:

I'm not clear from your letter whether you and your husband have discussed your concerns with the doctor. Often people are reluctant to question their doctor for fear that he/she will be annoyed that the treatment is being questioned. Most doctors, however, welcome patients who want to understand their treatment choices and this would seem the logical place to start. Psychiatric disorders are often complicated and difficult to treat and improvement may occur very slowly over a long period of time.

You haven't mentioned whether your husband has had a thorough physical examination, including a neurological work-up. Many psychiatric symptoms, especially those which you describe having sudden onset, may in fact be caused by a physical problem.

I urge you and your husband to discuss these issues with your doctor. If you are still not satisfied, you may want to consider getting a consultation to confirm the diagnosis and treatment.

Stork Club

Jamie L. Cocco

A third child, a daughter, Jamie Lynn, was born to Mr. and Mrs. Nick Cocco of Bayville, formerly of Belleville, Jan. 27. Birth weight was five pounds, seven ounces. She joins Anthony, eight and Sal, four.

Mrs. Cocco is the former Rosalie Rossetti, daughter of Mr. and Mrs. Sal Rossetti of Hewitt Avenue. Mr. Cocco is the son of Kate Cocco of Belleville.

Alexis M. D'Andrea

A second child, a daughter, Alexis Marie, was born to Mr. and Mrs. Michael D'Andrea of Belleville Feb. 9 at Mountainside Hospital, Montclair. She joins Gianna, three.

Mrs. D'Andrea is the former Nicki Ann Strumolo, daughter of Commissioner and Mrs. Vincent Strumolo of Belleville. Mr. D'Andrea is the son of Mr. and Mrs. Samuel D'Andrea of Belleville.

Elisa A. Linfante

A second child, a daughter, Elisa Angelina, was born to Mr. and Mrs. Victor Linfante of 486 Joralemon St. Feb. 28 at Clara Maass Medical Center. Birth weight was seven pounds, four ounces. He joins David Felix, four and a half.

Mrs. Linfante is the former Laurie Hildenbrand, daughter of Mrs. Violet Hildenbrand of Belleville. Mr. Linfante, son of Mr. and Mrs. Phil Linfante of Belleville, is a Belleville police officer.

Jennifer L. Flynn

A second child, a daughter, Jennifer Lauren, was born to Mr. and Mrs. Charles Flynn of Bloomfield Feb. 27 at Clara Maass Medical Center, Belleville. Birth weight was eight pounds, 13 ounces. She joins Erin, 20 months.

Mrs. Flynn is the former Judith Graziano, daughter of Mrs. Bertha Graziano of Bloomfield, formerly of Nutley. Mr. Flynn, son of Mr. and Mrs. Raymond Flynn of Belleville, is vice-president of Graziano & Flynn, builders and maintenance contractors.

Lauren M. Greed

A second child, a daughter, Lauren Marie, was born to Mr. and Mrs. Christopher Greed of 131 Overlook Ave. Feb. 24 at Mountainside Hospital, Montclair. She joins Joshua, two.

Mrs. Greed is the former Robin Butvidas, daughter of Mr. and Mrs. Gus Butvidas of Belleville. Mr. Greed is the son of Dr. and Mrs. John Greed, also of Belleville.

Michael Del Polito

A second child, a son, Michael, was born to Mr. and Mrs. Paul Del Polito Jr. of Belleville Feb. 17 at Mountainside Hospital. Birth weight was seven pounds, 15 ounces. He joins Paul III, eight.

Mrs. Del Polito is the former Angela Larca, daughter of Mrs. Marie Larca of Nutley. Mr. Del Polito, son of Mr. and Mrs. Paul Del Polito Sr. of Clifton, is a math teacher at Belleville Middle School.

Woman's Club VIP Luncheon Set for April 18

The Woman's Club of Belleville will meet for its VIP luncheon April 18. Attendance is by reservation only and information may be obtained by calling 751-1387.

The March luncheon meeting was held March 14 with Mrs. Lillian Ferrara preparing the meal assisted by Mrs. Miriam Baker, Mrs. Ethel Maise, Mrs. Alice Barris and Miss Virginia Lee as hostesses.

Candidates in the upcoming Board of Education election spoke to the group. A question and answer session followed.

Woman's Club Holds Literature Meeting

The Woman's Club of Belleville held its literature meeting March 9 at the clubhouse, 51 Rossmore Place. Mrs. Ethel Maise, chairman, reported on a biography of Clara Barton. Hostesses were Mrs. Dorothy Charen and Mrs. Eleanor Kelemen.

Two club members earned awards in the creative writing contest sponsored by the N.J. State Federation of Women's Clubs. Miss Ruth Hogan won second place for her book report, "The Gentle Tassaday" and Mrs. Ann Robinson took third with her report on "Dolly Madison."

The April 13 meeting will feature Washington's Irving's "Legend of Sleepy Hollow." Hostesses will be Mrs. Lisa Kropp and Mrs. Helen Talbot.

Woman's Club Shows Youngsters' Art

Paintings of several young artists were displayed this month at the Woman's Club of Belleville, 51 Rossmore Place.

Pamela Cohen, daughter of Adrea Cohen, assistant director of the Belleville Public Library and a member of the Woman's Club of Belleville, had several pictures on display as did Laura, Donald and Deanna Clark, grandchildren of Lorena Clark, chairman of the fine arts department of the Woman's Club.

Kathaleen Kastner Honor Graduate

Kathaleen Kastner of 192 Joralemon St. graduated with honors from The Institute of Paralegal Studies in Linden.

A dinner in her honor was held Feb. 17 at Dasti's Mountainside Inn, Mountainside.

She and her husband, Albert, live in Belleville with their three children, Christopher, Jennifer and Matthew.

Blume Completes Recruit Training In Coast Guard

Coast Guard Seaman Apprentice Alan L. Blume, son of Donald E. Blume of 92 Frederick St. has completed recruit training at the Coast Guard Training Center, Cape May.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training leading toward qualification in one of the Coast Guard's 26 basic occupational fields.

Angelmara DiGiovanni — David Peck

Angelmara DiGiovanni, David Peck Will Be Wed

Mrs. Ida DiGiovanni of 162 Malone Ave., announces the engagement of her daughter, Angelmara, to David M. Peck of Lebanon, son of Nancy Peck of Hunterdon County and Richard Peck of Connecticut.

The troth was made known Valentine's Day.

Miss DiGiovanni, daughter also of the late Mr. DiGiovanni, is an alumna of Essex County Vocational and Technical High School and the Berkeley School in West Paterson. A student at Fairleigh Dickinson University, she is a senior secretary at Public Service Electric and Gas, Newark.

Mr. Peck, a graduate of North Hunterdon Regional High School and State University of New York, College at Oswego, is a

meteorologist with Public Service. The couple will be married next spring.

Seems Like Only Yesterday...

Solution Found For Flooding Problem; Applicants File For Town Manager Job

By Ed Capparucci

Thirty Years Ago

A plan for the solution of the flooding problem along the Third River, which flows through Belleville, Bloomfield and Nutley, was agreed upon at a meeting called by

town engineer Matthew Sheehand. In addition to solving the flood problem, the plan will provide for the reclaiming of the swamps adjacent to Joralemon Street, between the cemetery and the Celia Terrace development.

The plan is divided into five

stages and will go into effect upon the acceptance by municipal and county authorities and the availability of funding.

The stages include a deepening and widening of the river, the removal of the dam on the Lobsiz property and the replacing of the Joralemon Street Bridge.

The Board of Education was authorized to request the Board of Commissioners for the transfer of property adjacent to and south of the Municipal Stadium, as the site of the proposed new high school. The property is owned by the town and at the time was dedicated by resolution for recreational purposes.

In addition to the town-owned property, the board also instructed its attorney Max N. Schwartz to negotiate with Jerry Lepre for the purchase of two land strips of property.

Marine Corporal Richard Marshall, 19, of Washington Avenue, suffered shrapnel wounds in the leg during service in Korea with the First Marine Division.

Easter ham and turkey were selling for 55 cents a pound at Acme Supermarket on Washington Avenue.

Twenty Years Ago

Twenty-four applicants filed for the position of town manager. Several of the candidates listed an impressive background of municipal government dealings. Town critics, led by the Citizens Tax Council, have predicted a dearth of applicants for the position vacated by former town manager William A. Sommers last December after the Town Council found him guilty of four charges of misconduct of office. Sommers admitted his guilt during a seven-hour long public hearing held at Belleville High School.

Eighteen Newark high school boys were detained by Belleville police after they made an unprovoked attack on four Belleville High School senior football players.

Police said there were no injuries, but various charges of juvenile delinquency will be preferred against three Barringer High School boys by Austin McCathy, vice principal at BHS.

One Year Ago

Several debates were held throughout the township regarding to the upcoming School Board election and the referendum question of an appointed Board of Education. Dissatisfied with what they claim has become an "unresponsive and politically corrupt board," several citizens have banded together in a movement to replace the elected

Retired Persons Will Be Meeting On April 7

Belleville Chapter 2051, American Association of Retired Persons, will meet April 7, 1 p.m. at Fewsmith Memorial Presbyterian Church, 444 Union Ave.

The speaker will be Mrs. Andrea Cohen of the Belleville Public Library, who will explain services available at the library.

Nomination officers for the coming year will be presented at the meeting.

Reservations are still available for the Dogwood Blossom Festival, May 12 in Fairfield County, Connecticut. The cost is \$29, which includes transportation, tour of the garden, luncheon and a visit to the P.T. Barnum Museum. Anyone planning to attend may make a reservation and pay for it at the April meeting.

No newsletter will be published in April. Chapter news will appear in The Belleville Times.

Hostesses for the April meeting will be Lynne Bennett and Dorothy Walker. The next meeting of the Chapter Official Board will be held Friday, April 15.

Pharmacy Footnotes

Vincent Cozzarelli
Reg. Ph.

When your doctor prescribes medication, ask him to prescribe generically whenever possible. Your pharmacist can then often suggest the less expensive, generic version. Some drugs are patented and are only available under a single brand name. However, when the patent runs out, other companies may offer less expensive versions. The active ingredients are the same but some added "fillers" may be different which can affect the drug's absorption by the body. Your pharmacist can check the F.D.A.'s Therapeutic Equivalent list to see if the generic version is the equal of the original drug. He can also indicate whether the savings is substantial enough to warrant a generic selection.

With your doctor's permission we will be happy to substitute a generic for a brand name drug. A complete supply of drugs is always available at **ROSSMORE PHARMACY**, 338 Washington Ave., 759-1956, 759-1968. There is still a good selection of Russell Stover candies, greeting cards, cosmetics and toiletries for Easter. Film and cameras are also stocked. Hours: Daily 9am-10pm, Sundays 9am-9pm. Easter Greetings from the staff at **ROSSMORE PHARMACY**.

HANDY HINT:
Ask your pharmacist to explain about generic drugs.

Commissioner Matthew Pica Looks At Improving First-Term Programs

Belleville's Public Safety Commissioner Matthew Pica, who is seeking a second four-year term on the township's Board of Commissioners, said he hopes to expand and improve on programs and policies he has helped establish during his first term.

Serving as a member of Belleville's governing body, observed Pica, "It's not always the easiest or simplest job. But it is, without a doubt, one of the most satisfying jobs and experiences a person can have, particularly a person who loves his community as much as I do."

He said he has gained "a great feeling of fulfillment" during his first term and has "a profound optimism about the future, for Belleville and our citizens. I believe we have begun to move forward in meaningful ways and that the next few years will bring many rewards for those who have worked so hard and patiently to get things moving."

The commissioner, whose responsibilities on the board include supervision of the police and fire departments, said he expects to see Belleville's business district "break into full bloom in the near future and, with it, a new vitalization of the entire community." He said he counts among his many first-term accomplishments, the establishment of the Belleville Development Authority which people hope will become the catalyst for the township's commercial rebirth.

"But I am proud also that I have brought many modern business techniques to the operation of the Public Safety departments. I feel this is paying dividends now of economy and efficiency which will only be expanded in the future."

"Zero-base budgeting, for exam-

ple, has forced an annual review of needs and resources which, in turn, has helped us to streamline where possible, expand where necessary and combine when practicable. As a result, we have actually enhanced the actual output of our departments in the past four years without having to produce large annual budget expansions."

Pica noted he is financial manager for Raia Industries, of Hackensack and finds his education and business experience extremely important and highly compatible with his commissioner's duties.

"I am a money and program manager by profession. I do it every day in the business world," he noted. "I find each position tends to be an extension of the other, in that I am required to utilize the very latest in systems. This benefits the taxpayers of Belleville by making better use of every dollar."

Pica pointed out that his involvement in the civic process in Belleville "began long before I ever thought of election to the Board of Commissioners. I have lived here most of my life. I graduated from the Belleville school system and I have made it my business to keep involved in those activities that have interested me."

"Like my citizens, particularly those who are involved, I have seen things I was not happy about in our town. Unlike some, I prefer constructive activity to remedy those things to simple criticism."

"I'm not pleased, for example, that our shopping district has suffered a rather dramatic decline in recent years. I am very happy, however, to participate in the process of bringing it back."

"I'm not too happy that taxes seem to rise automatically every year

but I am extremely happy that I have been able to produce some stability in that area over the past four years."

"Just as taxes seem always headed upward, the crime rate seemed automatically increased every year. This year, I'm proud to report, Belleville experienced an actual drop in serious crime. It comes from better enforcement and more efficient operations of the departments."

"I want more citizens to be involved in government and so, under my departments, we now have the Neighborhood Watch, and expanded auxiliary police and fire watch operation as well as an open door policy at my office that allows people to criticize and suggest."

Pica, in addition to his term on the Board of Commissioners, served eight years as a member and president of the Belleville Board of Education. He also served as an advisor to several boards and government agencies throughout the township.

Long active in youth-related activities, Pica has been a committee member and chairman of Troop 301, Boy Scouts, a member and leader of the Belleville Drug Prevention Program and the Belleville Educational Advisory Board.

He was one of the founding members of the Belleville Music

Parents Association, a long-time member of the Blue and Gold Half-timers and a member of both the Belleville Crew Parents and Wrestling Parents associations. He was a trustee of the Craig fund and is a member of St. Peter's Church.

Pica holds a BS in management with a minor in data processing from Fairleigh Dickinson University. He is past chairman and current member of the Credit Managers Association of New Jersey and the New Jersey Concrete Association.

Big Brothers and Sisters Being Sought By CMHS

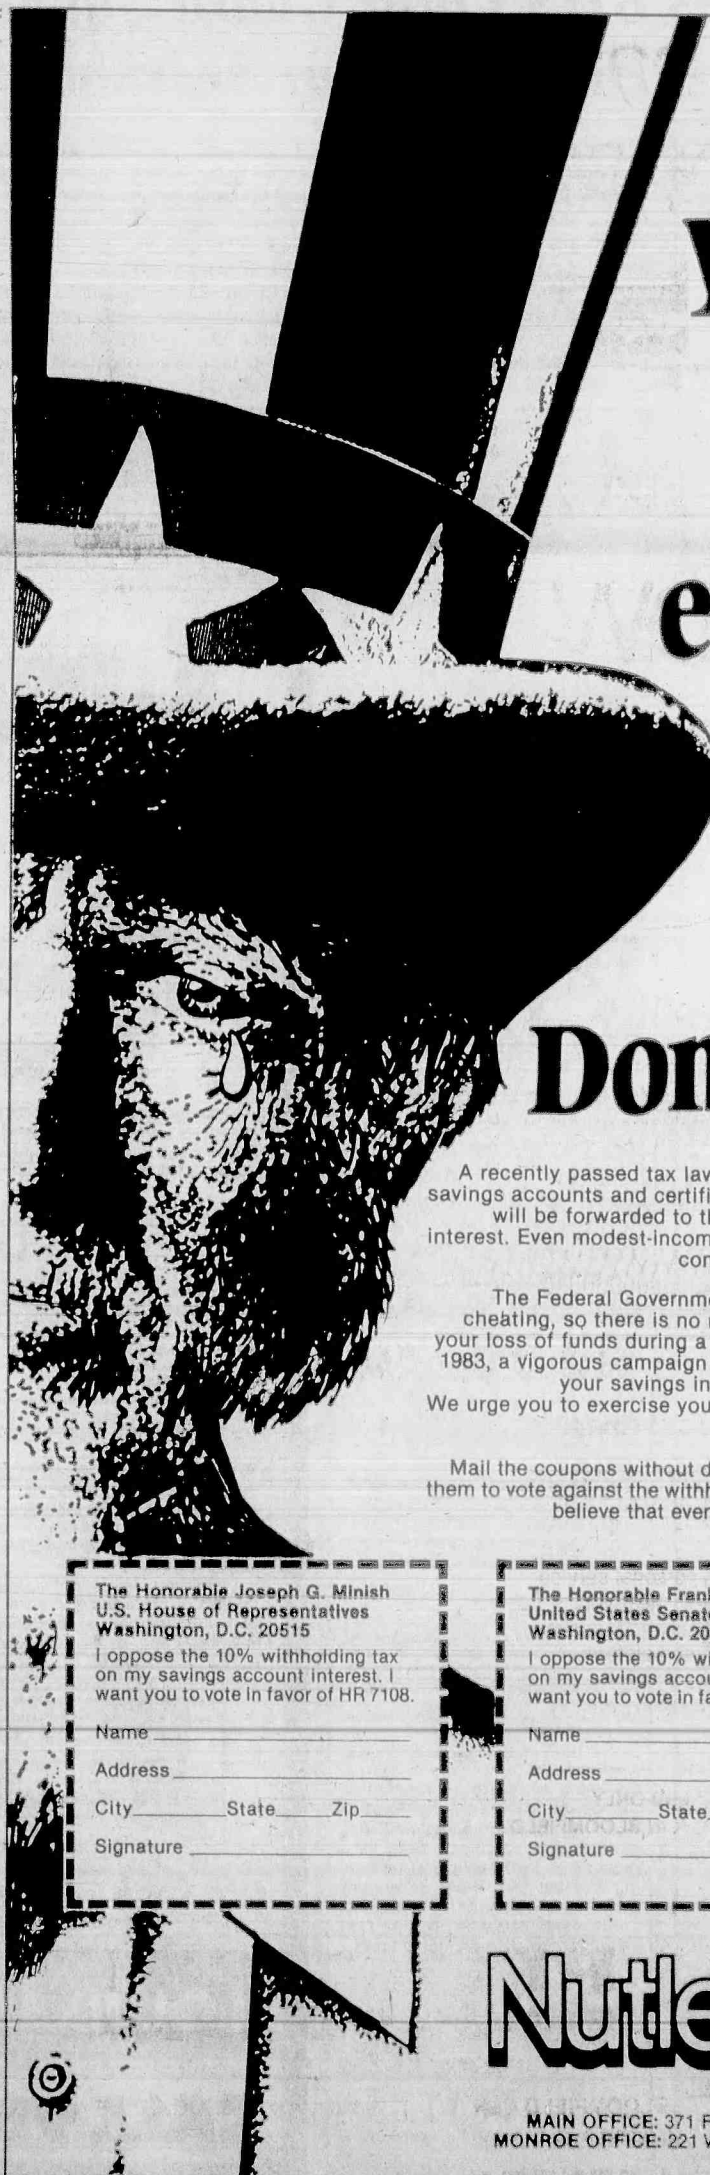

"Love isn't love until you give it away."

This phrase comes alive to the volunteers working as Big Brothers/-Big Sisters within the Family Life Program of the Community Mental Health Services for Belleville and Nutley. These young men and women joyfully give up a few hours of their week to be a special friend to a young boy or girl. The assortment of fun things they do together are endless — roller skating, seeing movies, playing games, working out

at a local gym, visiting the Statue of Liberty, and many more.

The volunteers are primarily of college age and attend local schools. Their reasons for volunteering are many and varied. For some it's a chance to have a "fun experience," for others it may be the first planned step toward a professional career, with many variations in between.

The program runs from September through June. For more information about the Big Brother/-Big Sister Program, call 751-5566.

**Lose 10% of
your savings
interest
before you
even see it?!?**

Don't cry Uncle.

A recently passed tax law will require us to withhold 10% of the interest you earn on savings accounts and certificates. The regulation also applies to dividends. These funds will be forwarded to the Internal Revenue Service before they can earn compound interest. Even modest-income senior citizens will be affected unless they go through the complicated red tape of filing a Federal exemption application.

The Federal Government now receives all the necessary information to curtail tax cheating, so there is no reason for all of this additional, unnecessary paperwork and your loss of funds during a critical time in our economy. Because it takes effect July 1, 1983, a vigorous campaign to convince Congress to repeal the 10% withholding tax on your savings interest is needed now! To be successful, we need your help! We urge you to exercise your rightful indignation. We urge you not to "cry uncle", not to give in to this added burden!

Mail the coupons without delay! Let your Congressman and Senators know that you want them to vote against the withholding proposal, that you want them on your side! Because we believe that every hard-working American should have the right to smile again.

The Honorable Joseph G. Minish
U.S. House of Representatives

Local Brownies Visit the Future Scouts

Members of Brownie Troop 315 from St. Peter's School in Belleville visited Clara Maass Medical

Center recently to celebrate National Girl Scout Week in their own special way.

Baby bibs with the words "Future Girl Scout" printed on them were presented to new mothers of baby girls, while boxes

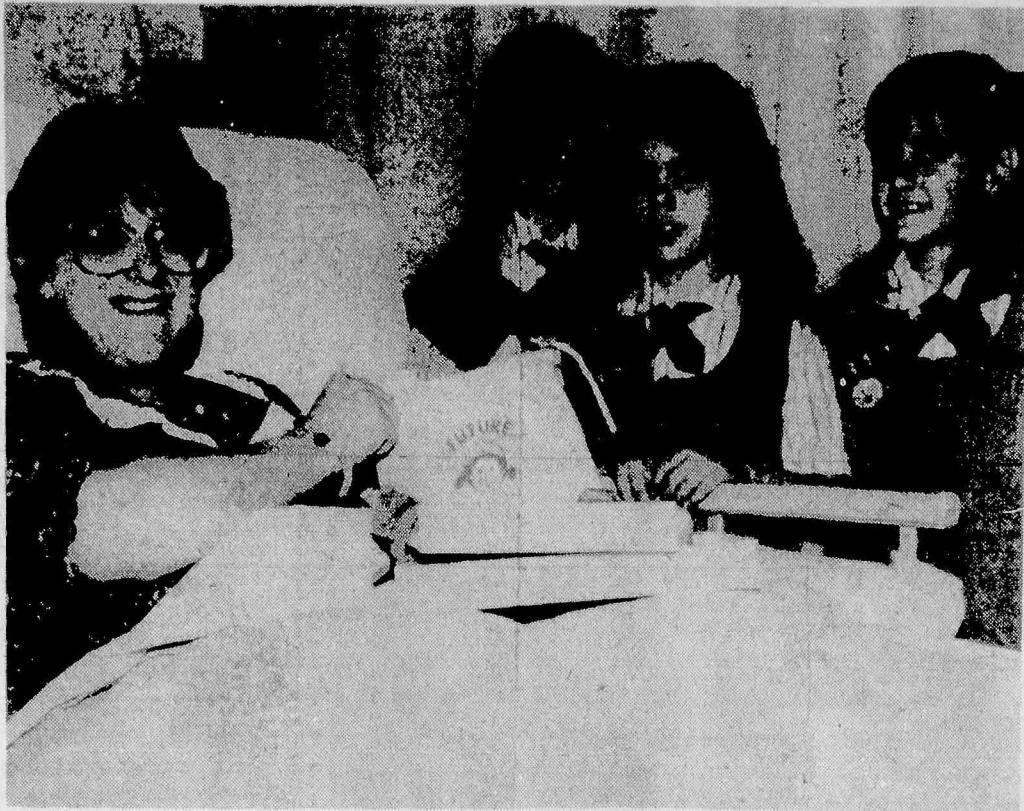

of delicious Girl Scout cookies were given to every mother at Clara Maass who gave birth to a baby boy.

The project was sponsored by the Girl Scout Council of Greater Essex. In addition, many varied activities ranging in scope from

ecumenical church services, overnight park campouts to square dances were held in Essex County communities.

Juliette Low, founder of Girl Scouting in the USA, held her first troop meeting in Savannah,

Georgia, on March 12, 1912. Since then, troops throughout the nation celebrate their founding during the month.

Future Girl Scouts — New mother Catherine Cooney of Elmwood Park holds up a "Future Girl Scout" bib, presented to her by Brownies for Troop 315 of Belleville. From left to right are, Kimberly Walsifer, Jennifer Carramucci and Kristine Candura. Mrs. Cooney gave birth to daughter Shannon at Clara Maass Medical Center.

BHS Color Guard Squad Holds Tryout Sessions

Tryouts for the 1983-84 Belleville High School Color Guard were held on Feb. 3. In preparation for the tryouts, three clinics were held on Jan. 26 and Feb. 2 and Feb. 3. At these clinics, under the direction of advisor Mrs. Grace Worley, Captains Kim Layne and Jennifer Wolf with the help of the rest of the squad, the girls planning to be on the squad were taught the routines that they had to perform the day of tryouts.

The girls that are chosen for the 1983-84 color guard squad will be in store for a lot of hard work which results in an entire school year of fun. Practices are generally held everyday at 7:30 a.m. and two or three days a week after school with the band.

The girls perform at several events in the fall, the major event being the halftime pre-game show at football games. Other fall events include pep-assemblies, parades, band festivals and competitions.

In the spring the girls take out their rifles once again and begin practice for certain spring events such as the band show, the Memorial Day Parade and the day at the circus.

Other things that the girls have the option to partake in are the band trip and the band banquet, both held in May.

JUST WHEN YOU THOUGHT YOU WERE SAFE

AVOID THE...RIPOFF...READ

FACT #1	Read & re-read the small print. Beware of phrases like, "none in stock," "8 weeks delivery," "one in stock," or "many others in stock with popular options."
FACT #2	Why do some dealers spend \$4,000 for a full page ad to advertise "none in stock," "one in stock," "will order." You better believe there is a rip-off and you are the target.
FACT #3	\$80,000 per month in advertising costs are not unusual for the "Go-Go" dealers. Guess who pays for all this advertising?
FACT #4	Factory charges to dealers are the same. It makes no difference if the dealer buys one or one thousand cars. Bigger is not necessarily cheaper.
FACT #5	At Bigelow Motors, you deal with one salesperson & one manager. You are not subjected to pressure by six different "managers."
FACT #6	There is never any charge for "documentary fees" at Bigelow. These fees run as high as \$95. (What the heck are documentary fees?)
FACT #7	Many highway dealers have an overhead of over \$200,000 per month. Bigelow Motors is mortgage and rent free. Bigelow operates with a minimum overhead.
FACT #8	Bigelow Motors was founded in 1939. It is still run by the original owners. If you have a complaint you can enter their offices and talk to the owners.
FACT #9	You can't buy anything today that even comes close to Chrysler and Plymouth. We sell the best engineered, high mileage cars on the road. Note the absence of safety recalls. You and your family are safest in a Chrysler or Plymouth product.

BIGELOW CHRYSLER PLYMOUTH

BELLEVILLE 759-4220

Lawn Gone?

Time to call Lawn King

All lawns need an annual program of lawn care and every program must contain both granular and spray. Some chemicals work better when applied in a granular form, and others, like weed controls and post emergent crab grass controls, work better in a liquid form. All lawns also require periodic aeration and seed, but only Lawn King gives all these via **LAWN COMBINE & SPRAY** — THE BETTER WAY! WE KNOW IT'S THE ONLY WAY!!!

LAWN KING ANNUAL PROGRAM

1. Power Aeration Power Rolling Balanced Fertilization Broadleaf Weed Control Chinch Bug Control Fungus Control Pre-Emergent Crabgrass Control Pelletized Lime	2. Balanced Fertilization Broadleaf Weed Control Fungus Control Chinch Bug Control Sod Webworm Control Grub Control (Liquid)	3. Balanced Fertilization Broadleaf Weed Control Fungus Control Chinch Bug Control Sod Webworm Control Mullein (Micro-nutrients) Grub Control (Liquid)	4. Power Aeration & Rolling Balanced Fertilization Broadleaf Weed Control Fungus Control Post-Emergent Crabgrass Control Seed Pelletized Lime	5. Balanced Fertilization (Extra Heavy Rate) Pelletized Lime
--	---	--	--	--

We are chemical applicators, not miracle workers. We know what your lawn needs and when it needs it. What you see in the program, is what you get. Top quality chemicals and seed — only the best — that's all we use. There's no such thing as specially formulated for drought.

Aeration, seed and lime are part of our program. Fungus controls and grub controls have always been part of our program — not options at extra cost when you need them. By the time you know you need them it's too late anyway. No slopes please. If we can't aerate twice a year we can't help you.

OPTIONAL PREPARATORY SERVICE

Double Power Aeration — Balanced Fertilization
Double Power Rolling — Fungus Control
Double Weed Control — Grub Control (Granular)
1" PER SQUARE FOOT (min. 3,000 sq. ft.)

Call us today — within 10 days your lawn will be serviced and we'll leave you an invoice. We will also leave you a lawn analysis, the cost for the complete program and the cost per service. Someone will call to discuss the lawn with you. There's a one time charge if you need any extras like a preparatory service, extra seed or additional lime. We'll tell you what you need. We may not be the cheapest lawn service around but we are the only ones who give your lawn everything it needs at a price you can afford to pay. You can figure your costs from the chart below. No contracts to sign, no guarantees, no promises, no slopes, and no nonsense. Pay from service to service or prepay for the year and we'll give you a 5% discount too!

If you compare our program and prices with any other company, you'll find that either they are charging too much, or we are not charging enough! Look at it real close and you may even arrive at the conclusion that not only is it better to do business with us — it's cheaper too!

CALL 994-2255

SQUARE FOOTAGE	COST PER SERVICE	TOTAL ANNUAL COST
3,000	27.00	136.00

Michael Marotti Civic Association Presents Funds

The Michael V. Marotti Civic Association held its second annual clams and macaroni dinner for members of the association and presented checks to several charity organizations on Feb. 24. Proceeds from the annual wrestling event, held at Belleville High School earlier this year,

were presented to the New Jersey Foundation for the Blind, Special Education Parents and Professional Organization of Belleville and the Michael V. Marotti Civic Association Scholarship Fund. Vincent Cosenzo, chairman of the wrestling program, explained that he and members of the com-

mittee work hard to make the event a big success because it benefits many worthy causes. "When you see the results that are made from holding events like the professional wrestling card, you now all the hard work is worth it," Cosenzo told the audience of more than 150

persons which gathered at the Amvet House on Newark Avenue. Guests at the dinner included, Michael Laciopia and his assistant, Gloria Toohey (who resides in Belleville), from the New Jersey Foundation for the Blind, and

Dorothy Kisal, Pat Caparoso and Bernadette Naso from the Special Education Parents and Professional Organization of Belleville. The New Jersey Foundation for the Blind also provided entertainment by three young ladies from their organization, Debbie

Zangari, who composes her own songs and has appeared on Cable TV, played the guitar and sang several songs, along with Debbie Rae and Nancy Hildebrand. Members of the association were deeply touched and thoroughly enjoyed their entertainment.

SEPPPO Funding — The Michael V. Marotti Civic Association presented a check to the Special Education Parents and Professional Organization of Belleville during the association's recent meeting. From left to right are, Mayor Marotti, Dorothy Kisal, Bernadette Naso, (both of SEPPPO); Vincent Cosenzo, wrestling chairman, and Lydia Salzano, president of the Marotti Association.

Blind Foundation — The Marotti Association also presented a check to the New Jersey Foundation for the Blind during its recent meeting. From left to right, seated are, Nancy Hildebrand, Debbie Rae and Debbie Zangari, from the foundation. Standing are, Mayor Marotti, Michael Laciopia, from the foundation; Vincent Cosenzo, wrestling chairman, and Lydia Salzano, president of the association.

Suppertime Talks — Jack London

Young men do not read Jack London today. I suppose his books are considered outdated. This is unfortunate, because London could write well about the rough side of life, the American side of life, he knew from experience. He knew the sea, the road and the wilds. Too bad he cluttered his exciting stories with a lot of the half-digested philosophy of Hegel and of Nietzsche, and of Darwin distilled by the now unknown but once popular Herbert Spencer. And Karl Marx, too. The crew of geniuses and nuts almost destroyed London the writer.

As I admit proudly, I read Jack London when I was a young man. I devoured The Call of the Wild and

White Fang and I almost wanted to become a hobo after reading The Road. I read The Sea Wolf and then I knew I was reading more than just a novel. This was thick stuff. This was socialism and individualism at war, and Jack London could never make up his mind which way he wanted to go—to the mob in front of Karl Marx or to Zarathustra at the twilight of the gods. Of all London's books, however, it was Martin Eden, that influenced me most. I am sure it has influenced other young men who detested cant and establishment and phoniness and aristocracy. I sympathized with Martin Eden. I wanted to be like him. I read Darwin and Spencer and Huxley and the rest of the social

Darwinians. But I got a bellyache from them. They just did not understand the America I knew. So, one night, I bid farewell to Martin Eden. He remains in my memory, deeply imprinted. Sometimes I am reminded of him and of his creator, Jack London. When he was not trying to philosophize too much, Jack London could write as well as any American novelist. I think the following passage is indicative of London at his best. It is from The Sea Wolf, when Wolf Larsen, the infamous sea captain dies:

"His life flickered out in the storm," I said. "But he still lives," she answered, infinite faith in her voice. "He had too great strength." "Yes," she said, "but now it no longer shackles him. He is a free spirit surely," I answered; and, taking her hand, I led her on deck. The storm broke that night, which is to say that it diminished as slowly as it had arisen. After breakfast next morning, when I had hoisted Wolf Larsen's body on deck ready for burial, it was still blowing heavily and a large sea was running. The deck was continually awash with the seas which came inboard over the rail and through the scuppers. The wind smote the schooner with a sudden gust, and she keeled over till her lee rail was buried, the roar in her rigging rising in pitch to a shriek. We stood in the water to our knees as I bared my head. "I remember only one part of the service," I said, "and that is, 'And the body shall be cast into the sea.'"

Maud looked at me, surprised and shocked; but the spirit of something I had seen before was

strong upon me, impelling me to give service to Wolf Larsen and Wolf Larsen had once given service to another man. I lifted the end of the hatch cover, and the canvas-shrouded body slipped feet first into the sea. The weight of iron dragged it down. It was gone.

"Good-by, Lucifer, proud spirit," Maud whispered, so low that it was drowned by the shouting of the wind; but I saw the movement of her lips and knew.

By any standard that is powerful writing. It is difficult to believe that London, who so much symbolized the crazy socialist schemes of California at the turn of the century, is dismissed by leftists today. They consider him as a native fascist, a peculiar American breed. He died on a big ranch in California, a ranch bigger than Ronald Reagan's. But, unlike Reagan, Jack London never really was accepted in the establishment. He still is not accepted, anywhere. The least we can do for him is to stop watching those 1930's Warner Brothers remakes of his novels and, instead, try to read the originals. But you must begin with Martin Eden, when you are alone and a little lonely and young.

Candidates Meet Tonight For School Board Debate

A second Candidates Night in Belleville is scheduled for tonight, March 31, at 7:30 p.m. in the multipurpose room of School 4, 30 Magnolia St. The four candidates in the race for a seat on the Belleville Board of Education are, Gabriel A. Nazzola, Ernest Zoppi and incumbents John M. DiStasi and Dr. Anthony D'Agostino.

The candidates will state their background, views on education, platform and philosophy of education. A question-and-answer period will follow, enabling each citizen present to get facts and viewpoints first-

hand and to be a more informed and enlightened voter in the April 12 election.

Pat Forte, principal of School 4, will act as moderator for the proceedings, assisted by officers of the Home and School Association, which will provide refreshments for all.

Everyone interested in good education for the young people of Belleville is invited to become acquainted with the candidates by attending what promises to be an interesting and enjoyable program.

HEALTH WISE

By Ralph J. DiMaio D.C.

Chiropractic is one of the most recent of the healing techniques to become available for the control and care of pain and discomfort. It is less than 100 years old.

Like most other new developments, chiropractic has been forced to overcome popular resistance, until its logic made it universally accepted. Continuity of nerve function from brain to every muscle, every finger and toe, as well as to all internal organs, is necessary for healthful operation of the body. Maintaining such continuity is the basic objective of chiropractic.

Give chiropractic a chance to help you. Phone for your appointment.

Carl Corino Recalls His Finest Game

One day, when Carl Corino sits in his rocking chair and talks to his grandchildren, one of the little tikes might ask his grandpa, "what was the one game you'll always remember?"

Well, little guy, Corino will not have to think long before he comes up with that answer. Back in the year 1982, May 30 to be precise, the Belleville softball team played a school called Livingston for the championship of Essex County. It was a night game at Pulaski Field in Bloomfield and a contest that Corino remembers with a big smile.

"It was probably the biggest game I've ever coached," said Corino. "It was a great ending to a great season, but to tell the truth, if we would have lost that game, many would have called us chokers, the team that couldn't win the big one."

Corino will then go on and tell his grandchildren that the type of people that would have considered his team a choker if they would have lost, aren't really worth the time of day anyway.

"In my heart, and in the hearts of the kids, we knew we were the better team," said Corino. "There was a certain amount of pressure attached to the game, and the seniors certainly wanted to go out with the title."

The week preceding this game was bizarre to say the least. Back on May 22, the girls whipped Verona High, 8-3 in the semi-finals. The game was highlighted by a grand slam homerun by Tracy Buono and a catch in centerfield by Donna Campana that pitcher Dina De Aquino still gets psyched about when reminded. Campana, playing a short centerfield, made an unbelievable over the head catch of a long drive that was destined to be a homerun.

The following Tuesday, after a series of rainouts, the girls hosted this same Livingston team in the semi-final round of the Group IV, Section II playoffs. Admittedly, Belleville was lucky to have advanced that far. In round I of the playoff, the girls squeezed by a roused up Montclair squad, 4-2, when Nancy Coffey, the all-state third baseman for Belleville, came through with the clutch hit in the last inning. Belleville went into that frame, down 2-1 and were down to its last out. Coffey delivered a seeing eye single that tied the game and Belleville found new life and won the game.

Anyhow, the girls looked very impressive over four innings against Livingston. Belleville took a cozy 4-0 lead into the fifth inning and De Aquino seemed in total control of the contest. Fate, however, was against Belleville on this day. Displaying a series of errors that a lesser team would commit, Belleville uncharacteristically blew the lead and found themselves down by two runs entering the final inning, 6-4.

The girls fought back, tied the contest at six and sent the game into extra innings. Livingston added two runs in its half of the eighth inning, the go ahead run scoring on a very controversial play. The Lady Lancers then held the lead in the last half of the inning and won, 8-6.

With the states a thing of the past, Belleville came into the county finals bound and determined to return the favor to Livingston. "Livingston was a good team last year," recalled Corino. "They won 26 games, including the sectional title (over Roxbury). Debbie Siegel was an all-county pitcher for them and they had a good display of power. The disappointing thing was we should have beaten them in the state game."

The county final was a natural match up. Clearly these were the two best teams in the county and this night would determine whom the best team in Essex County would be.

The county's finest pitchers, De Aquino and Siegel were hooked up in a classic duel over four innings. De Aquino encountered some trouble in the early going. In the first inning, Livingston loaded the bases and with two outs, a Livingston player hit a sure shot single up the middle. Somehow, Kimmy Indiero, Belleville's magnificent shortstop, scooped up the ball and threw off balance to second baseman Rosie Leonidis for the force out. Leonidis made a magnificent play on her part, catching Indiero's throw with her bare hand. "If Rosie doesn't make that play," said Corino, "Livingston is up by two runs."

Instead, Belleville got out of the jam and De Aquino settled down. Meanwhile, Siegel was throwing bullets, catching the Bucs off guard for four innings. Entering the fifth frame, the game was scoreless.

The fifth inning was the start of a landslide for Belleville, one in which seven runs would score. Donna Brooks started it off with a solo homer, shaking up Siegel in the process. The all-county hurler then lost the plate, walking three straight. "Rosie (Leonidis) had the big hit there," said Corino. "Her clutch single drove in two runs and pretty much broke their (Livingston's) backs."

Before Belleville would return to the field, seven runs were home and De Aquino had things well under control from her end. The sophomore who would finish the 1982 season with a 15-2-2 record, didn't allow a hit after the first inning. Only a walk in the fifth frame kept De Aquino from a perfect six innings. "All I remember from that final out was waiting for Rosie to catch the ball," said De Aquino. "I was so psyched, I didn't even watch her catch the ball. I just turned to Tracy (Buono) and she said that Rosie had caught it. After that, the place went nuts."

It was a big load off of Corino's shoulders, and just a few days later, his wife Eve, gave birth to a baby boy. "It was just a great win, it gave our program much credibility. If we would have lost that game, it could have put a damper on the entire season."

Nevertheless, the Belleville girls came through with shining colors, sending some very proud and classy seniors off to college with some great memories of the warm evening back on May 30, 1982.

What do you think of the NCAA basketball tournament? Louisville-Houston figures to be a classic shootout, while Georgia seems to be unstoppable, whipping North Carolina to reach the final four in its first trip to the NCAA tournament. Got to go with Louisville and Georgia for the title on Monday night, but N.C. State will have a few things to say about that before the smoke clears.

If you're a fan of those Jersey Generals, don't despair. Things could be worse, you could root for the New Orleans Saints, Chicago Cubs and Cleveland Cavaliers. I got to believe that the Generals are a lot better than that record indicates. Personally, the coaching is the problem there. Chuck Fairbanks doesn't seem like the right man for the job.

Speaking of poor coaching, Terry Holland at Virginia has to get some credit there. The man has all the emotions of a warmed over fish and his team displays that same enthusiasm on the court. Contrary to what Dick Vitale, the worst color man on television today says, Ralph Sampson is not the greatest thing ever to hit the college basketball ranks.

Here is the answer to last week's quiz. The question was, who coached the New York Nets before Kevin Loughery. The answer: Lou Carneseca, the head coach at St. John's.

For this week's quiz, name the participants in the 1981 NCAA title game and who they beat in the semi-finals.

New Coach And New Players

Buccaneer Diamondmen Are Beginning a New Era

When the Belleville baseball team opens its season this Saturday afternoon, don't expect to see the same type of baseball that has been a part of this town for many years.

The Buccaneers open their 1983 season with a tough contest, Columbia High School at Columbia, starting at noon. Last season, the Bucs were beaten by Columbia twice.

This year's team will start a new era in Belleville baseball. Gone are the familiar names, names synonymous with baseball success of the past. Frank Fazzini is no longer behind the plate, Eugene Cancelliere isn't in the outfield, Mike Forte isn't throwing fast balls, Bob Grogan is no longer pitching no hitters and Joe Murphy won't be around to hit those monstrous homeruns that usually landed in the trees.

Most important, former head coach George Zanfini will be watching the games from an unfamiliar spot, the stands. After eight seasons on the varsity level and another ten at the freshman plateau, Zanfini stepped down following last year's 12-11 season. Ralph La Conte is the new man now, but a man certainly not new to Belleville baseball.

La Conte is in his third decade of coaching Belleville baseball. Until this season, his work has been strictly on the jayvee level, developing those fine players you are used to seeing on the diamond.

"I'm satisfied thus far," said La Conte. "The intensity is there, it's just a matter of a maturing process. The key here is growth with the underclassmen. All in all, I'm going to take one day at a time, one hour at a time. I certainly have patience, I've been on the jayvee level for 15 years, therefore, I think the kids and fans will have to have patience, too. We have a young, inexperienced but I think talented team there this year."

Zanfini felt that last year's downfall was a result of poor defense, something La Conte feels has been

somewhat corrected this spring.

"The defense is the key note, we've been looking real good there," he said. "I know that defense cannot score runs, but it certainly can save a few."

"Playing time is a key factor here. The kids have to play to continue their maturity," he continued. "Practice is good, but the competition on the varsity level with other teams will be the key."

La Conte hopes the program is on a rebound following last year's season. "The senior arms will carry us," the coach said referring to his senior pitchers. "Time will tell, we have an excellent group of sophomores and juniors, but I think the seniors will carry us in the early part of the campaigning."

The senior hurlers are familiar names. Mark Riccardelli, Vinnie Lombardozzi, Chris Bocchino, Anthony Gammara and Vinne Colabelli, the "Italian Connection," have had varsity experience entering this season. All five men have good control, although the five do not possess an extraordinary quick fast ball.

"The key to our team this year will be team concept all the way," said La Conte. "These kids are very coachable and really want to win. We're going to scratch and claw for hits, make the key plays and be fundamentally sound. We don't have that power from the past years, we'll need the sound baseball in order to win this year."

The infield shows senior Lenny Russo and junior Mario Silvestri battling for the first base job. Second base is a battle between Gary Carfagno, a senior, and Billy Baber, a junior. The shortstop spot is pretty well set with Joey Borrello while third base will be occupied by Robbie Cancelliere. Catching will be between Dave Moeika and Anthony Lombardi.

The outfield returns Joe De Feo in right, John Guarino, a junior, in

center and junior Frank Tursi in left. Tursi could also see some time on the mound

"There are some questionable areas," said La Conte. "This is a new era in Belleville baseball and there will be a new look out there. As I said, we'll take one day at a time and just work hard every day."

Sounds a bit like the Billy Martin philosophy of baseball. Maybe we can call this year's team the start of "La Conte Ball."

NOTES: Tursi was the best pitcher on the jayvee squad last year. Other than last season's disappointment, the Bucs have posted records of 22-7 (1981), 17-7 (1980), 17-4 (1979) and 18-4 (1978). In 1976, the team posted a 24-4 mark and was ranked first in the state for six weeks of the campaign. Zanfini won over 125 games on the varsity level. The NNJIL will be a competitive conference with Belleville, Bloomfield, Clifton and possibly Nutley the preseason choices for the title.

Harvesting The Awards — Belleville High School basketball star Jen nifer Apicella receives another award for her accomplishment of cracking the 2,000 point mark this season. Presenting the award is Belleville Times sports editor Michael Lamberti. Earlier this week the Board of Commissioners also awarded Jennifer for a job well done.

Not A Rebuilding Year

Softball Coach Carl Corino Expects Big Things From This Year's Team

By Mark Foley

"Without a doubt, we lost a lot to graduation. We lost five four-year players, three of them all-county infielders. But it's history now. We've got new people who have to step in."

The above quote from Coach Carl Corino sets the tone for the entire 1983 Belleville High School softball team's season. The girls, who are the defending Essex County Champions, open the season on Saturday against rival Queen of Peace at home, starting at 11 a.m. Adding to the excitement will be the inaugural season of competition in the Northern New Jersey Interscholastic League.

"It should be a very, very strong softball conference," said Corino. "I'm looking forward to Bloomfield being very strong. Passaic Valley is a

perennial power. Nutley has a good club, and they have their pitcher back. Clifton should be strong. Eastside — they have talent. If they can get a pitcher, they'll be good."

Despite the loss of such players as Nancy Coffey, Rose Leonidis, and Mona Stampe, Corino does not call this a rebuilding year. He does say, however, "This team is a year away. We have a lot of young players. If we play them, giving them the experience, could you imagine them with Dina (DeAquino) and Tracy (Buono) and Brooksie (Donna Brooks)?"

Those first two, DeAquino and Buono, were both named to last year's all-county and second all-Group IV teams. DeAquino, a junior, has literally rewritten the record book in her two years at BHS.

She holds 10 of the 22 career and single-season pitching marks. Last season she compiled a 15-2-2 record with a 2.07 earned run average and 76 strikeouts while completing 11 of her 19 starts. When asked how far Belleville could go this year, Corino replied, "As far as Dina takes us. I hate to put any pressure on the girl, but it's the truth. If she's really in the groove, throwing a lot of two- and three-hitters, giving up few walks, we'll do well. Even if we are a little weak in certain spots, no one'll pound us."

And Buono, or "Bueno" as she is known, has developed into one of the best receivers in the state. She led last year's squad with a .443 batting average, a .639 slugging percentage, and 42 runs batted in. This, combined with a .985 fielding percentage

and a team record of 34 assists, helps to show what an important asset she is to the Buccanette program.

Joining DeAquino on the mound will be senior Kathy Woods, coming off a perfect 8-0 season with a record 0.69 ERA. Along with them may be junior Lorraine Bini, who has been with the junior varsity for two years. She has, however, been injured lately and this has prevented Corino from seeing her. He does say, however, that he is "very happy with Dina, Tracy, and Woodsie. They've all looked well in our scrimmages. That should be our strong point this year, pitching and catching."

In the outfield, though, there is an open position. "First of all," said the coach, "Brooksie will probably be in center field, but that's not definite. That would put Camp (senior Donna Campana) in left. But we're shaky in right field. Woodsie might play out there, and the same thing with Lorraine. When she's not pitching, Dina may even play there. It hasn't been settled, and it may never be. We may have to rotate people out there."

Coming back to the infield, the only starter with varsity experience is shortstop Kim Indiero, a senior. Corino stated that he is "looking

(Please see 'Softball' on page 21.)

Soccer Club Is Seeking New Players

The Belleville Soccer Association is looking for both boys and girls interested in playing soccer.

Boys from the ages of 16-18 who have soccer experience are asked to call Gino DePinto, 935-7539.

Girls between the ages of 12-13 interested in playing for Division Three soccer team are asked to call Bob Travers, 759-6781.

Crew Squad Picks Up Victory; Starts Season on Right Track

By Mike Lamberti

The Belleville crew team took up where it left off last season, whipping highly regarded Upper Merion last Saturday afternoon.

The oarsmen and women will be home this Saturday morning at 10 to battle an old nemesis and boathouse mate, Kearny High School.

"We got off to a strong start," said head coach Sam Giuffrida. "We have only three seniors on the boys' team this year. Basically our boys will be in a rebuilding process. We have some excellent size, we just need some experience to go along with that. The weather has also been lousy. If it hasn't rained, it's been real windy. I would say we're only half way where we were last year at this time. We need some more practice time."

Despite the youth and lack of practice time, the oarsmen did a very

nice job against a very good Upper Merion team. The boys won two out of three races on the day, winning two senior four races and losing by .002 seconds in the junior eight race. "We didn't use our regular lineup," said Giuffrida. "At this time, our guys aren't set yet. I haven't made up a set lineup. This race gave us an idea of where we stand, and how the guys will be most effective."

The girls' team also continued its winning ways, capturing the varsity and jayvee races. "We were missing four girls from our national team," said Giuffrida. "As we stated in last week's edition, a lot will depend on injuries. In this race, four of the girls couldn't row due to illnesses and injuries. The girls still came through and did a nice job. I feel they should be in good shape once the Regattas start in May. They're a sound bunch, very talented and want very much to

repeat. However, what was done in 1982 was history, this is a new year."

All in all, it wasn't a bad day on the high seas for the Buccaneers. "The kids are rowing well, their technique is very good. I would say, despite all the setbacks, we are where we should be. The kids are improving week by week. The Regattas in May is where the big action is. I told the kids that the duel races now are strictly for practice, the Regattas are the big races."

NOTES: Kearny returns a strong team this year. They have six men back from last season. Nutley, which suffered through a rare off season last year, should be back in form this spring. The Maroon Raiders return their entire boat. "We should be right in the thick of things this year," said Giuffrida. "Nutley and Kearny really improved, but we look pretty strong, too."

Call For Donors — Jerry Kennelly, guidance counselor at Belleville High School and Donna Chirico, a senior at BHS, urge students and teachers to give blood at a drive to be held at the school on Thursday, April 7 conducted by the North Jersey Blood Center. Students are to donate between 9 a.m. and 2 p.m., while teachers will be giving blood between 2 and 5 p.m.

Joe Minish Comes Out Against Runaway Natural Gas Prices

Congressman Joe Minish has launched a comprehensive attack on runaway natural gas prices.

The 11-term New Jersey Congressman, who has often stated his opposition to Administration proposals to decontrol gas prices completely, has introduced a bill to keep natural gas available and affordable for the American people. He noted that recent jumps in the prices for natural gas prove that the 1978 Natural Gas Act must be updated to "close the loopholes."

The legislation, introduced on March 16, embodies five principal strategies to bring prices under control. It would (1) roll back price ceilings to the levels of January 1, 1982;

(2) extend for two years price controls on 60 percent of the gas which is now scheduled to be decontrolled on January 1, 1985; (3) limit "take or pay" contracts which force consumers to buy the most expensive gas available; (4) encourage natural gas transmission companies to purchase supplies at rates their customers can afford; and (5) limit the authority of the Federal Energy Regulatory Commission to make anti-consumer decisions and increase rates.

"I cannot understand how natural gas prices keep jumping higher when there is a record surplus of supplies, and prices are supposedly on a decontrol schedule," said Minish. "Likewise, I can't buy the Ad-

ministration's claim that removing price controls will cause prices to go down; not even the gas producers themselves make that claim. The time has come to straighten out the natural gas situation once and for all."

Recalling the debate over the 1978 gas bill, Minish predicted a tough fight getting his legislation through Congress, but said that unwarranted price increases over recent months made the fight necessary.

Minish says that the Natural Gas Consumer Relief Act is designed to ensure adequate supplies of natural gas while protecting the user from excessive prices.

Paper Mill Playhouse Host Two Works by Noel Coward

By Linda Telesco

The current offering at Millburn's Paper Mill Playhouse is an attractive production of two works by British dramatist Noel Coward grouped under the collective title, "A Suite in Two Keys."

Written as companion pieces in 1966, the two one-act plays dramatize the light and dark sides of romance, sexuality, love relationships and their triangles.

Under the direction of Richard Barr, Paper Mill's production is a mostly successful, if somewhat lengthy, study of the drawing room dramas typical of Coward.

To underscore the emotional contrasts, both plays, "Come into the Garden, Maud" and "A Song at Twilight," are set in the same luxury suite of a Switzerland hotel.

Similarly, the same cast of four performers appears in each play, more successfully in the first.

Opening the evening on the light note, "Come Into the Garden" focuses on the activities of a typical crassly rich American couple mingling with European society.

Elaine Stritch gives a fine comical performance as Anna-Mary Conklin, a loud-mouth, demanding status seeker who abuses everyone as she fusses about her formal parties and manicures.

She is most intolerant of her laid-back husband Verner, well-played by All-American faced Barry Nelson. Uninterested in his wife's social climbing, Verner succumbs to the charms of an alluring Italian princess socialite played with sophistication by Gwyda Donhowe.

The princess, Maud Caragnani, offers middle-aged Verner a change to living with carefree abandon. They run off together in what looks like a happy ending, with Anna-Mary far behind.

There is the sense, though, that Verner will grow disillusioned in still another life where the woman will not make an emotional commitment to him, even if she is more appealing than his wife.

A much darker note is sounded in "A Song at Twilight." This time, Donhowe plays a voluptuously gorgeous older stage actress who threatens to expose the secret homosexuality of her ex-lover, a well-known playwright.

"A Suite in Two Keys" plays until Easter Sunday, April 3. Box Office number is 376-4343.

Promotion Policy Is Adopted By Trustees

Softball Squad Looking Toward Another Exciting Season of Play

(Continued from page one.)

Also, no elementary level student will be held back more than once in the same grade. Failure to meet promotion standards may require the student's reclassification by the Child Study Team as possible educationally handicapped.

The study team may also provide remedial services and instructional aid for any retained child.

Any parent who disagrees with a decision either to promote or retain a child may appeal through a procedure provided in the policy by requesting a hearing before the principal of the given school and with the student's teacher present.

According to the policy, the superintendent will provide community awareness sessions to publicize the administrative procedures of the new policy.

The main purpose of the committee's work, Grossman noted, was to provide a comprehensive mode of communication among teachers, administrators of a given school as well as of the district, and parents. All parties are considered by the committee essential to developing a sound educational policy for students.

(Continued from page 13.)

forward to a big year from her. We need it. No matter how you look at it, she'll have first-year players on either side of her. She was told at the beginning of the year that she's going to have to take charge of that infield."

On her left, at second base, will probably be Desiree Johansen, a freshman. "This girl has impressed me very much," said Corino. "She's one of the top prospects I've seen since I've been here. She has the skills to play anywhere. She'll play where she's most needed and, right now, her skills would be best used at second base. She's got great range, a strong arm, an aggressive bat, and she's a good baserunner. She's one of the best all-around athletes we have."

At first base will be senior Lois DeLuccio, who played the position at the varsity level as a freshman. "She's had limited experience at first," Corino acknowledged, "but she has looked good so far. Of course, it won't be what we had last year, but she is a good, solid defensive player." And combined with a .340 average last year and one of the best swings in the area, she looks to do a good job anchoring the infield.

Across the diamond at third is

another question mark. "Our senior, Oxiris Barbot, hasn't looked bad and can do the job defensively. However, we can't realistically expect too much from her with the stick, so we're not quite set there," continued Corino. "She'll be pressed by Cheryl Marion, a sophomore, who's been hampered by an injury but should fit in somewhere. One possibility that hasn't been ruled out is playing Cheryl at second and putting Johansen in the outfield."

In looking toward the 1983 campaign, the coach asserted, "There is one word to describe this season — exciting. First — we have the new conference. It makes every game like a tournament game. Secondly, we have our toughest schedule ever. Besides the conference, we have a great independent schedule highlighted by Central Jersey Champions and Group IV finalists Edison, Group IV Champion Kearny, North Jersey Section II Champion and county rival Livingston, perennial state power Caldwell on TV-3, and, thanks to Mayor Marotti, our first night games ever. It should be a helluva year."

He went on to say, "Right now, as far as the program is concerned, we're right where we want to be. Two years ago we were trying to be competitive with the top teams. But now we can play with the best and beat the best, as we proved last year. We have the respect now. We're highly regarded by our opponents and I know they'll be gunning for us this year."

One subject which no one can avoid is the county crown — Will the Buccanettes be able to defend it?

And will they be able to make past the second round of the state playoffs, something they've never done? To this Corino answered, "The states are too far away right now. Even the counties, we can't think about them now. We've got tough games in April and we have to prepare for them. Last year, we knew we were good. We had the seniors (Coffey, Leonidis, Stampe, Luisa Dinis, Angela Chimento, and Rose Corio), plus we had Dina and Tracy with a year under their belts. We said that if we were going to win anything, we were going to do it last year. But I don't feel that way this year. We don't have to win every game. I'm not going to put unnecessary pressure on myself and the girls. But, come tournament time, we should be in good shape. In fact, that's one reason why the schedule is so tough — to help prepare us for the tournaments."

In spite of the schedule, and the talent of his team, Corino sees one intangible that could make the difference in the way the team finishes up — heart. "Last year's seniors were not only good players but good kids as well. We won last year not because of Dina, Tracy, or Brooksie, although they were unquestionably a big part of it, but because of the seniors. Their leadership and will to win pulled us through. That's where this year's seniors will have to set the tone. Do they have the same drive to go out with a championship that was there last year? Do they want it as badly? Will they go out there and set the example for the underclassmen? Is that will to win there again? In the long run, that's what'll take us wherever we go."

Residents Are Upset Over Air Pollution

(Continued from page one.)

Moglia and De Rosa were particularly concerned, however, about an oily slick that settles on the residents' cars, apparently a by-product of the nearby industry.

"The film doesn't come off with washing and one person had his car repainted twice," she said. "The car problem is beside the point. We just want to know what this stuff is."

According to Health Commissioner Vincent Strumolo, he and health officer Thomas Longo visited the site last Wednesday along with John Farley, the executive director of Suburban Regional Health Commission, an East Orange agency which handles Belleville's pollution cases.

"We're looking into it as we have looked into past complaints," said Strumolo this week. The Commissioner noted he saw nothing questionable during his visit but is waiting for further information from Suburban Regional, which is studying the matter.

Although reports are inconclusive at the moment, Farley said Tuesday the problems may have resulted from a pollution control device voluntarily installed by Belleville Finishing Company's Vice President Martin Rudolph in response to past residents' complaints.

Although Rudolph was unavailable for comment Monday, Farley, who has visited the plant, described the operation as "a glorified laundry" where fabric is washed, dried, and shaped, then shipped to clothing manufacturers.

The health agent said the process emits steam which is not a hazard, but may have been mistaken for pol-

As for the complaints of eye and skin sensations, Farley did not dislusion smoke by residents. count them but said, "I've been at that site several times since 1971 (when resident complaints began) and never experienced that myself."

According to Farley, Belleville Finishing Co., is located in an area that was, until the early 1970's, primarily industrial.

When residential zones were constructed, the firm installed the state mandated pollution control devices, but they were noisy, causing citizens to complain, he said.

"Mr. Rudolph had a muffler put in 1980 and it seems the present type of complaints began soon after that muffler was installed. We're conducting tests to find out," said Farley.

He said the present theory of the agency is that the wax-like substance deposited on cars may be parafin, a flammable substance used to coat candles.

When asked if he considered the situation dangerous, Farley said he did not, even with the possibility of parafin being emitted from this device.

The agent said he is familiar with the composition of products used by the industry, but could not be specific since that is part of trade secrets. "I know that nothing dangerous goes into that device so nothing dangerous can come out," he insisted.

As a result, Farley said his agency did not need to take air samples or test the film on the cars. He said both the agency and private consultants hired by the finishing company are looking for answers in the device mechanism.

Belleville's Past

Parallel with the growth of Belleville's local road system came the development of vehicular transportation. At a time when a few local stages still were doing a lucrative business, they were already threatened by a new competitor: the streetcar. In 1864 the Belleville-Newark Horse Car Railroad Company laid a single track along the newly opened northern portion of Washington Avenue.

Under the original charter the cars were required to run to the north end of Belleville. But for six years the horse cars, drawn by their patient "hayburners," carried passengers, for a fare of ten cents, from the Market Street station in Newark only as far as Flanagan's Station near Second River. This station stood about a hundred yards north of the present North Newark station of the Erie Railroad. Passengers going further north had to cross Second River by means of "teetery little foot bridges."

To Belleville's vociferous complaints, the directors of the horse car company answered merely that "whatever might be the advantage of the extension, the road terminates just at the right place." Eventually irate Bellevillians were forced to take matters into their own hands. An agitation meeting was held at Dow's Hall on the night of April 13, 1870.

The assembled townspeople resolved that they had "from unforeseen circumstances been disappointed in securing a railroad connection with Newark and New York," and that since they had "a natural highway which cannot be controlled by any selfish corporation" they would "encourage and support a steamboat running on the Passaic River between Newark, Belleville, North Belleville and Rutherford Park."

Speeches were made by Gasherie De Witt, George Knapp, H. Marchbank, and Alex Phillips, and the Reverend William H. Sandford pleaded that if there were no other reason for citizens to support the steamboat plan, "justice to themselves, justice to humanity, and justice to their own outraged dignity as men should influence them to oppose by all lawful means the Newark and Belleville Horse Railroad Company." Reverend Sandford pledged himself not to use the horse cars, and though he believed he was "the oldest man in the hall," a distinction readily granted his more than seventy years, he had "today walked to Newark and walked back again, though the horse cars were passing and repassing him continually."

As could have been expected, Hugh Holmes, stormy petrel of river transportation, was duly drafted as operator of the new enterprise. The venture was due to fail, but it brought the horse car company to terms. For some time thereafter, passengers had to change at Second River to little "jigger" horse cars which ran north on the newly constructed Washington Avenue to Joralemon Street for a fare of one cent. The glass box into which the fare was dropped was highly tempting to many individuals, who with skillful hand and a long wire were wont to extract therefrom the unprotected pennies.

From Richard A. Shaffer's "History of Belleville"

SHERIFF'S SALE

SUPERIOR (CHAN) D-391

SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-1222-82. NORTH JERSEY SAVINGS AND LOAN ASSOCIATION, as successor, PLAINTIFF vs. MILDRED WILLIAMS, unmarried, and MARY LOU WEST, unmarried, DEFENDANTS. Execution For Sale of Mortgaged Premises.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public

Auction, in SHERIFF'S OFFICE, Essex County Courts Building in Newark, on Tuesday, the 26th day of April next, at one-thirty P.M., (Prevailing Time) all the following tract or parcel of land and the premises hereinafter particularly described, situate, lying and being in the Town of Irvington, in the County of Essex and State of New Jersey.

BEGINNING at a point on the southeasterly sideline of Lenox Avenue distant 40.32 feet northeasterly from the corner formed by the intersection of the

southeasterly sideline of Lenox Avenue and the northeasterly sideline of Bamford Place (formerly Cassetta Street); thence (1) running along the southeasterly line of Lenox Avenue, North 62 degrees 31' East 78.27 feet; thence (2) South 60 degrees 00' East 47.30 feet; thence (3) South 30 degrees 00' West 76.65 feet; thence (4) North 60 degrees 00' West 16.67 feet; thence (5) North 30 degrees 00' East 10.66 feet; thence (6) North 60 degrees 00' West 72.92 feet to the aforesaid southeasterly sideline of Lenox Avenue, and point and place of BEGINNING.

BEING commonly known as 50 Lenox Avenue, Irvington, New Jersey.

Being also known and designated as Lot 2 in Block 51 as shown on the present tax assessment map of the Town of Irvington, Essex County, New Jersey.

The above description is drawn in accordance with a survey made by Richlan, Lupo and Pronesti, dated September 5, 1978.

The approximate amount of the judgment to be satisfied by said sale is the sum of FORTY-FIVE THOUSAND NINE HUNDRED TWENTY-NINE DOLLARS AND FIFTY-THREE CENTS (\$45,929.53), together with the costs of this sale.

The Sheriff reserves the right to adjourn the sale from time to time as provided by law.

No. 883-86

NOTICE OF ANNUAL SCHOOL DISTRICT ELECTION OF THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, NEW JERSEY

NOTICE

NOTICE IS HEREBY GIVEN to the legal voters of the School District of the Township of Belleville, in the County of Essex, New Jersey, that the annual election of the legal voters of said District for the election of THREE members of the Board of Education and for other purposes will be held at 2:00 o'clock P.M. on

TUESDAY, APRIL 12, 1983

The polls will remain open until 9:00 P.M. and as much longer as may be necessary to permit all the legal voters then present to vote and to cast their ballots.

The election will be held and all the legal voters of the School District will vote at the respective polling places stated below.

THREE members will be elected for 3-year terms.

At the said election will be submitted propositions for voting taxes deemed necessary for the use of public schools of the District for the 1983-84 school year for the following respective purposes:

FOR CURRENT EXPENSES \$8,214,942.00

FOR CAPITAL OUTLAY \$10,464.00

TOTAL AMOUNT \$8,225,406.00

The polling places for said election and their respective polling districts (described by reference to the election districts used at the last General Election) have been designated below, and no person shall vote at said election elsewhere than at the polling place so designated for the voters of the polling district in which he or she resides.

DATED: March 31, 1983

Gerard B. Gruenfelder, Board Secretary

NOTE: The term "current expenses" includes principals', teachers', janitors' and medical inspectors' salaries, fuel, textbooks, school supplies, flags, transportation of pupils, tuition of pupils attending schools in other districts with the consent of the Board of Education, school libraries, compensation of the Secretary, of the custodian of school moneys and of attendance officers, insurance, maintenance of plant, and incidental expenses.

A member of the Board of Education must be of legal voting age, a citizen and resident of the school district for at least two years immediately preceding his or her appointment or election and must be able to read and write. He or she shall not be interested directly or indirectly in any contract with or claim against the Board.

Every citizen of the United States of the age of 18 years who has been permanently registered in the municipal election district at least thirty days prior to the date of the election shall be entitled to vote at the school election. Application for military or civilian ballots may be made to the County Clerk.

POLLING DISTRICT NO. ONE
