School Board Approves Move Unanimously

Lally Appointed Assistant Superintendent of Schools

Michael Lally

New Assistant Superintendent

By Ed Capparucci

"I'm really going to miss this place. Especially the direct contact with students which I have enjoyed throughout my teaching career, but an opportunity like this doesn't come around too often."

Those are the words of Belleville High School Principal Michael Lally, who on Monday night was unanimously appointed by the Board of Education as the new assistant superintendent of schools. Lally fills the position left vacant by Michael Nardiello, who was appointed as superintendent of schools two weeks ago.

"I was looking for someone who had a great deal of secondary education experience," said Nardiello on Monday night. "We needed someone who can complement my experience and knowledge of elementary education and Mike Lally is the perfect man for the job."

According to Nardiello, who will take over as superintendent Sept. 15, replacing Dr. John Greed, there were 13 candidates who expressed interest in the post. "All the candidates which I reviewed had excellent credentials, but Mr. Lally held the secondary education experience which I was seeking," said Nardiello.

Lally, who was appointed as principal of the senior high school in August of 1981, was born in Newark and is a product of the Bloomfield High School system. Also a graduate of Upsala and Seton Hall Universities, Lally started his teaching career in 1962 as an English teacher at Belleville High School. In 1971 he was appointed as vice principal of the junior high school and in 1976 as vice principal of the high school. During Lally's first year as principal of BHS the ninth graders were transferred from the junior high to the high school, a move which many

critics thought would be destructive to the school system.

"There was a lot of second-guessing going on at that time," said Lally. "The School Board was transferring the ninth graders here (BHS) and there was a new principal taking over. But I think we were pretty successful."

Successful may be too light of an adjective for the job which Lally did over the past two years at the senior high, but he refuses to take the credit himself.

"It is true that there is one person responsible for everything which goes on at the high school," Lally said, "but it takes a group effort to run the place and I had an excellent staff. The teachers are truly concerned with education and student development, the secretarial staff is always on the ball and the custodians keep the place running smooth."

Lally said he is looking forward to the new challenges

which await him as assistant superintendent of schools.

"I have always been very interested in secondary education," he said, "my entire teaching career has been involved there. What I plan on doing is keeping a close eye on the high school. I have been very pleased with the many accomplishments here at the high school and I want to see them continue."

As for the new principal of the high school, Nardiello said the job will be posted for 10 days starting the first day of school (Sept. 7). "We will give everyone who is interested a chance to apply for the position and then Mr. Lally and I will screen the candidates and the five finalist will be interviewed by the School Board," said Nardiello. "Meanwhile Mr. Lally will continue to oversee activities at the high school until a smooth transition can be made."

More Chemicals Are Sold As Clean Up Continues On

Commissioners agreed last week to sell miscellaneous chemical materials from Research Organic/Inorganic Chemical Corp. Inc. to Rambach Company, Inc., for a sum of \$244.80.

Commissioners Matthew Pica, Joseph Grande, and Michael Pizzi agreed unanimously to the sale. Vacating Mayor Micheal Marotti and Commissioner Joseph McGreevy were absent from last Thursday's special session.

"Is this a fair price?" asked Pica, who conducted the meeting in place of the mayor. Township Attorney Frank Zinna said his inquiries indicated the price offered by Ram-

bach was acceptable.

This is the second purchase by Rambach of chemical materials housed in the facility at 507 Main Str., the site of a food-coloring manufacturing plant closed by court order since last May when several toxic leaks at the plant caused a local crisis.

Since then, the township took control of the firm's assets and has been conducting a cleanup of the location. Last month, Commissioners hired Applied Technology, Inc., a Toms River agency, to perform cleanup and disposal of more than 1,000 containers of chemicals housed in the facility.

Seeking buyers for some of the usable chemicals on the property, Applied Technology arranged the recent sale to Rambach as well as a prior one in which the firm purchased for \$2,100 all the virgin materials on the site.

According to Zinna, that amounted to some 40 percent of the total containers on the property. Additionally, Rambach agreed to remove the purchased chemicals.

Monies realized from the sale will, according to Commissioners, help offset costs of dealing with the toxic situation in the Valley area plant.

At present, the township spent between \$200,000 and \$250,000 including \$198,000 fee charged by Applied Technology for the cleanup, and fees paid to Clean Industry of Linden, the firm called in by the township to deal with the original emergency last spring and subsequent testing.

The township attorney predicts final costs could run from \$400,000 to \$500,000. Township officials are seeking state and federal aid to help pay for the matter.

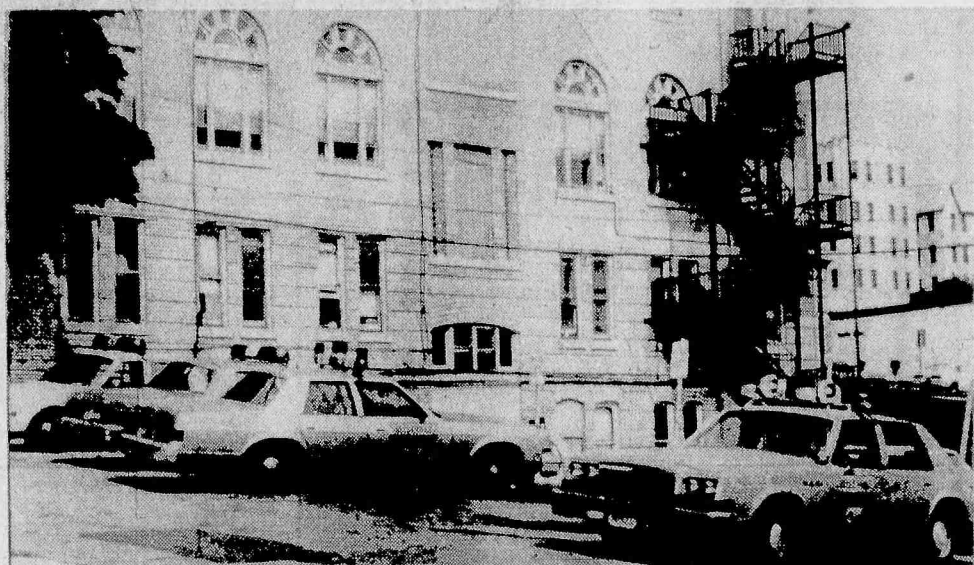

Since the plant's closing, the owner and several employees of Research Organic/Inorganic were indicted on charges related to violating hazardous substance regulations.

In a related measure, Commissioners approved a resolution authorizing the removal of 26 compressed gas cylinders and their contents from the site by Krieg Distributing Co. Inc. of Maplewood.

The Maplewood firm, which rents the cylinders from Union Carbide Corporation, subsequently leased them to Research Organic/Inorganic.

However, Krieg never received payment from the Belleville firm for either the cylinders or the contents, according to the resolution.

Krieg's president Robert Corey said in a Monday telephone call to his Maplewood office that although his firm is responsible for rental fees to Union Carbide, he did not intend to attempt collection of monies due him from Research Organic/Inorganic.

Moving Or Not? — This is the present site of the Belleville Police Department, located directly behind Town Hall on Washington Avenue. Mayor Michael Marotti met with members of the Chamber of Commerce last week and promised them he would not have the police headquarters moved from its site to Franklin Avenue, as was planned.

Mayor Promises Not To Move Police Station From Avenue

By Linda Telesco

The Belleville Chamber of Commerce has secured a promise from Mayor Michael Marotti that police headquarters will not be removed from Washington Avenue, according to Chamber president Jaye Tarantino.

Additionally, Tarantino and other chamber members recently met with Essex County Executive Peter Shapiro to voice their opposition to a recent local proposal to construct a \$1.6 million police complex on county owned property at Franklin Avenue, adjacent to the fire department's headquarters.

In a recent interview Tarantino said several chamber members recently met informally with Marotti to reiterate concerns about losing police presence on the township's main thorough fare.

"We also presented a comprehensive proposal for constructing a new police building on the municipal property located right behind Town Hall," said Tarantino. "Mayor Marotti promised us the police station would stay in the center of town."

Marotti is on vacation this week

and efforts to reach him for comment were unsuccessful. None of the four other Commissioners were present at the session.

The chamber and a group of concerned residents have appeared at several recent municipal meetings expressing fears that moving the police station from downtown Belleville would see a rise in crime along the main business area of town and would leave an already troubled town center open to a tide of decay entering from Newark on Washington Avenue's south end.

The opponents of the plan also protested plans to build a municipal facility on county owned property, fearing that local monies might be spent on a building that could, at the time of lease expiration, revert to county control.

That prompted their meeting with County Executive Peter Shapiro. According to Shapiro's chief of staff Ray Codey, who attended the session, the county feels that the location of the station is primarily a municipal concern and should be settled among the local factions involved.

Codey also offered "clarification" of certain concerns chamber members carried back from their county visit. Tarantino said the county was vague about discussing lease terms.

The local contingent wants as long a lease as possible and were told by Commissioners the county offered a 50-year lease.

"Terms of 30 or 50 years were mentioned, but nothing definite is decided. This is still all open to negotiation," said Codey.

On the matter of county use of the building if it is constructed, Tarantino said Shapiro assured the Belleville group the county would hold no courts in the facility but might operate a juvenile alcoholism rehabilitation center there.

Codey said Shapiro was mistaken in that remark. He explained the county was ordered by the state to provide such service but planned it for the Essex County Hospital Center in Cedar Grove.

"We have no plans to locate any county services in the Belleville police complex if it is built," said the official.

Public Schools Reopen Here Next Wednesday

The temperature says summer, but the calendar reads September and hot or not, that means time to sharpen the pencils, buy book covers, get out the Star Wars lunchbox, and polish the gym shoes. The first day of school is in the air.

Belleville's 1983-84 school year begins officially on Sept. 7, next Wednesday, when the township's high school, middle school, and seven elementary buildings open their doors for full day sessions to all but kindergartens.

On the first two days of school, kindergartners will attend for only one hour of their regular session, morning or afternoon. Beginning Friday, Sept. 9, kindergartens will begin regular sessions.

School activity begins today for the district's 13 new teachers and staff members who will attend a special orientation, tour the township, and meet with school and municipal officials.

On Sept. 6, a general return of all forces — custodians, teachers and general staff — will be in effect.

Enrollment statistics for the new year are still uncertain, according to Michael Nardiello, the newly appointed school superintendent

Using firm figures from last June, Nardiello said at that time the district had a total enrollment of 4,507 students which breaks down to 1,611 in the senior high school, 761 in the middle school, and 2,135 elementary schools.

Nardiello said clear numbers for this year won't be available until the second or third school week, but based on prior years' statistics, he predicts a drop of about 60 to 75 students which has been the average annual decline for the past several years.

"There's no set logic to the decline, but it seems to be mostly in the elementary schools," said Nardiello who notes that ninth grade enrollment often sees an upturn which the administrator attributes to an influx of students who had attended parochial schools for elementary grades but switch to public high schools.

Belleville has a calendar of 182 school days. This is in accordance with state requirements for 180 days. The extra time permits for weather or other emergencies.

For those who dread the whole business, June 20, 1984 is the last day of school.

**Umberto's
 Corner**

Dear Umberto,
 My husband is walking around with a rainbow on his head. Thank God he needs glasses and he can't see the three colors on his head. I feel guilty for the messy color job, but I don't know what to do. He is thirty-three and all grey. He looked sophisticated but old. I bought chestnut brown and mixed the color with peroxide and applied it. It came out very well. A month went by, his hair grew so I reapplied the same color. There was some difference in the color. I followed the same process the third month. It came out in three different colors. Why did this happen?

Your Reader With the husband with a rainbow on his head

Dear Reader,
 Your husband had the hair that I would like to have - grey. If we could exchange I would pay a good sum. First, don't apply that type of a mixture on a man. There are colors on the market which do not contain peroxide, designed for men. If you use those peroxide colors you must apply the color on the roots first. After 15-20 minutes you apply it all over. Try this method and you'll see a vast improvement.

Tips To Help Insomnia Sufferers Cope With Those Sleepless Nights

Not all people need the same amount of sleep. For instance, some healthy adults sleep three or four hours every night without apparent ill effects. Others may need 10 to 12 hours, or they'll feel tired the next day.

A person has insomnia if this inability to sleep interferes chronically with his efficient daytime functions, regardless of how many hours he sleeps each night and surveys have shown that as many as 30 percent of Americans suffer from insomnia to some degree.

Insomnia is not that difficult to cure — it only gets worse the more you worry about it. You can help yourself fall asleep each night and wake up refreshed the next morning by following a few simple steps:

First, rid yourself of stress before bedtime. Don't dwell on the day's unresolved problems. Don't say "I should have done that." Instead, think "I could have done that, and I will soon."

Regular daily exercise, such as jogging, swimming, tennis or brisk walking, will help you sleep better at night. But occasional, one-shot exercise does not directly influence sleep the night.

Some quiet exercises before bedtime can help you fall asleep more easily. To help yourself relax, lie down on the floor or sofa and relax your body, one part at a time.

Breathe from your abdomen, and as you inhale, feel the breath seeping into all parts of your body, gently massaging all the places that are tired and sore. Now, keep breathing this way and concentrate on the rhythm of your inhaled and exhaled. You will find yourself slowly relaxing, getting ready for a good night's sleep.

Establish a definite bedtime routine for yourself, and use your bedroom for sleeping and sex. Don't use it for working, studying or watching television. You should think of your bedroom as a quiet, restful place for sleep.

Avoid taking naps during the day. Plan to go to bed at the same time every night, and get up at the same time every morning. This is all part of a healthy bedtime routine. Don't sleep more than you need to feel refreshed, because excessively long periods in bed seem to be related to fragmented and shallow sleep.

A heavy meal close to bedtime may keep you awake. However, a light bedtime snack, like a glass of warm milk or a bowl of cereal and milk, seems to help some people sleep. Drinking such caffeine-containing beverages as tea, coffee, chocolate and cola drinks, in the evening disturbs sleep, even in those people who like to think it doesn't.

There is no evidence that an excessively cold room helps you sleep more soundly, but studies have

shown that a warm room, above 75 degrees Fahrenheit, can keep a person awake or cause fitful sleep. Noise also can disrupt sleep. If this is a problem, you might consider wearing earplugs.

If you climb into bed and can't fall asleep, it means that your body is

not ready to sleep. So instead of worrying, turn on the light and read. And relax! Worry will only keep you awake.

Michael Lally

School superintendent Micheal Nardiello, a native Bellevilleite, this week exercised his administrative prerogative and appointed an assistant superintendent — Michael Lally.

These appointments — both Nardiello and Lally — are probably unique in the annals of New Jersey education circles. Rarely does a native born son achieve the accomplishments of heading up the school system from which he graduated.

Lally, a product of the Bloomfield school system, began his teaching career in the Belleville school system 20 years ago, holding down the jobs of vice principal of the Junior High, vice principal of the High School, and until his present promotion, Lally was principal of the Belleville High School.

No one can adequately measure what these appointments have done for the morale of the Belleville school system. That both appointments represent a shot of adrenaline, no

one can doubt. We have been in the forefront of the fight to promote from within but who would ever believe that one would see the day when promotion from within literally was achieved — promotions reaching deep to the roots of Belleville.

We congratulate, once again, the School Board for appointing an able educator, Michael Nardiello, as school superintendent and now it's time to congratulate Superintendent Nardiello for his selection of another able educator to assist him in administering to the needs of the school system.

This is a great day for Belleville. Let us hope the good news is only a harbinger of better news ahead.

Frank A. Orechio

Catherine Natale

God Bless her. Mrs. Catherine Natale of Greylock Avenue will be 100 years old tomorrow. The Italian immigrant came to this country like many of her native land — seeking a better life and looking to a future where her family might find a better quality of life than the one she left behind in her native Italy.

Her daughter Theresa attributes her mother's longevity and peace of mind to an easy going life style, seldom letting troubles get her down and maintaining a positive attitude toward life.

These are attributes that others among us could well adopt not only to seek longevity but to be at peace with oneself.

Although Catherine Natale will be 100 on Friday, age is really a quality of mind. The moment we leave our dreams behind and cease to look ahead and turn a water hose on ambition's fires, then old age most

assuredly will overtake us.

However, if we live the kind of life emulated by Catherine Natale a positive attitude will keep us forever young.

Catherine Natale — may God continue to bless you and keep you in good health, enjoying the love and dedication of your four sons, three daughters, your fourteen grandchildren, twenty great-grandchildren, and your two great-great-grandchildren. All these children, grandchildren and great-grandchildren, and great-great-grandchildren add to an awful lot of loving — and with all this love added to that of God's, Catherine Natale should go on living for a long, long time.

Again, Catherine Natale, God Bless You.

Frank A. Orechio

Mayor Marotti Is Right

The cost of removing Belleville's garbage is becoming exorbitant. The latest bid facing the Commissioners is \$3,685,742 for a five-year contract representing an increase of \$700,000 over a December bid submitted by the same contractor.

This time only one bid was received.

Mayor Marotti is very unhappy and believes the bid is exorbitant and may request a fourth bid.

The surprising and shocking development is that there is only one bidder. The question on the lips and minds of most people is why only one bidder? We ask the same question.

Moreover, we agree with Mayor Michael Marotti that the latest bid is excessive and the matter should go to rebidding. If there continues to be only one bidder, then maybe it is time for New Jersey SCI to look into the problem of communities failing to receive more than one bid on a \$3.5 million dollar project.

Frank A. Orechio

Letters in Print

Cancer Awareness Week Chairman Says Thank You

To the editor:

I would like to take this opportunity to thank everyone who supported Cancer Awareness Week. In particular, Dr. Orsini, who coordinated the team of medical experts during the educational seminar, the Board of Education for granting permission for the use of the high school auditorium, the Knights of Columbus for donating their hall, the band "Resin" for their hard work and quality entertainment, and WNEW-FM Radio for that great game of softball.

I hope all that attended the seminar now have a better understanding of the early warning signs, causes and potential cures for cancer. The fund raising events were quite successful and shall benefit cancer research in the New Jersey area.

Again, my sincere thanks and appreciation to all who contributed to the program's success.

Sincerely yours,
Barry Dunleavy

GOP Election Spending Won't Help Too Much

To the editor:

Why is Mr. Golden raising such a fuss about the senate race this year anyway? Does he seriously believe that people are so dumb that they would vote for a candidate just because he spends the most money? Senator Orechio has been around for years and is very well known. Ralph Salerno is running for office for the first time, he will have to spend money just to compete with the publicity a sitting Senator

already gets.

Does Mr. Golden think that Mr. Orechio won the last time just because he outspent his competitor? All the mappy advertising in the world can't sell a product if nobody wants to buy it, and whoever the people choose in November, it will be the issues that decide, not the banner signs and bumper stickers.

Sincerely,
Edith Boyden

People's Actions Often Come Home to Roost

To the editor:

Coming Home to Roost.

It should be a joy when you are taking care of people who cannot take care of themselves. In some circles, however, this is not true, unfortunately and one misses out on the joys of getting to know the people whom they are taking care of and visa versa.

I will not go into the pros and cons or the yes's and no's of why this happens because if I do, it will not be a letter, it will be a book. Besides, it is well known in most quarters.

I will mention a few: 1. Working for the money. 2. Laziness. 3. Not the right people for the job. This last one is very important and I feel it's because of politics that you always do not have the right people in the right job.

Don't get me wrong; there are a lot of wonderful, qualified people in these jobs. Not even so much profession but also personality, attitude and Christian love for their fellowman. These are people I take my hat off to for they put up with a lot from those mentioned above. Lots of times they have to carry their load too and this is not fair.

Before I go any further, I must also mention the other side. There are some people that you take care of who are very impatient, nasty and down right mean! This is also wrong. This should not be always tolerated. At the same time, we need to understand his or her condition and cope with it the best you can. There are ways of doing this. I may write about this later.

We must all remember that God is our Creator and Heavenly Father and Jesus Christ is His Son and our brother. They are with us all the time. We need to learn to trust them, to love them and to learn what they want us to know from their book "the Bible." Over the years I have learned many things. One of the biggest problems was impatience but thank God I've learned and am con-

tinuing to learn how to handle it.

Main theme I wish to say before closing is meanness and selfishness will come back to those who treat people this way. Maybe not right away, but it will come, much harder than the one you have taken care of.

Many times I cannot express myself to those who take care of me for they don't have the time or at least they don't understand where you are coming from. I think most cases they don't want to and they look at us like numbers rather than people who can't help themselves. That's why the title "Coming Home To Roost."

Sincerely,
Bill Rundle
Essex County Geriatrics Center
Belleville, N.J.

School Board Thanks Company

An open letter to Mr. Kutzer:

I want to personally thank you for the donation which your company recently made to the Belleville School system.

Needless to say, our students will benefit greatly from your gift of two A.B. Dick offset printing presses which will be used at the High School.

It is gratifying when we find people in our community who are interested in the youth of our town and the school system.

I invite you to stop in at the High School to see your gift being used as a teaching tool.

Yours truly,
Grace Ann Purdue
President
Board of Education

Reader Enjoys Messages In Religious Viewpoints

To the editor:

As one that really enjoys the paper, I feel happy about renewing my subscription. The Bible Speaks in Albany really enjoy "Religious Viewpoints" a lot as Rev. Robert Paul always has a fine message.

When I go to my parents in Saugerties, where the paper is sent to, I look at "Buc Shots." Mr. Mike Lamberti, a man whose candor I admire, really knows what to say. He pulls no punches! The Times Flash back is another good addition to the paper.

My friends at Baum's News Room, 321 State St., Schenectady, N.Y. 12305, one of the strongest and most liveliest supporters of boxing in the Capital District, really enjoy "Heard at Ringside," by Steve Frank. Mr. Harry Leva, the proprietor, really enjoys reading about the sport of boxing and its immense popularity all over the Garden State. Keep up the good work.

Yours truly,
George R. Roemer
26 Jay St., Room 31
Schenectady, N.Y. 12305

Golden Comments

By James R. Golden

Syndicate columnist Joseph Kraft comments upon Washington journalists difficult inability to come to grips with a leader addicted to romantic fantasy, with a result that is not good for anybody — even the President.

He explains that journalists, being trained to deal with coherence, cannot fathom a leader who has spent most of his life in the world of make-believe. One accustomed to playing parties though they were the real thing. An individual who works from scripts, and the General Custer script comes as easily to him as the Sitting Bull script.

Kraft, pointing out the occupational weakness of those in the media who must depend heavily if not entirely on what other people tell them. He emphasizes the newsperson's professional skill lies in judging sources and in fitting bits and pieces of evidence to coherent patterns. The Fourth Estate, he admonishes, must know how to listen, and to hear what is NOT said. Mr. Kraft remarks, we are expert in the credibility gap. Our bent is for sissies and showing contradictions.

Singling out President Ronald Reagan, Mr. Kraft writes in contrast with other Presidents, is something he. He spent most of his life in the world of make-believe. He lacks the normal concern of political leaders for consistency, coherence and accuracy. He depends on memory for statistics, and regularly gets them wrong. He cites the record in support of things that never happened.

Usually, Kraft notes, the presidential nonsense is drowned out amid the whirl of helicopter blades. Or else away by the White House. It is very hard to challenge pleasant fictions without seeming harsh to a public that likes Reagan. So there is a tendency to stifle indulgently.

Charging misrepresentation and self-bamboozlement, Kraft writes, Reagan thinks — if that is the word — wishfully. He counts hopes as facts. Since he doesn't harbor ill feelings toward minorities, he cannot conceive that the impersonal consequences of his policy do them damage. Since he sympathizes with people who have experienced poverty, he finds it hard to imagine that his economic policies hurt the poor. Since he wants peace, he supposes like those who blundered in August 1914 — there cannot be a war.

Columnist Kraft in concluding his article of Aug. 4, asks, "... do any odds benefit if the leader of the most important country in the world gives serious people the impression he is out of touch with reality? A mere windbag?"

Suburban Buffalo Congressman Jack Kemp, whose tax-cut proposal was the heart of Reaganomics is in the President's "dog house." Irritated by his adherence to a fiscal conservative doctrine, the President lost patience with Kemp over his opposition to the bill providing \$8.4 billion for the International Monetary Fund.

During President Reagan meeting with congressional leaders to lobby for the legislation, the President looked directly at Kemp and said, "I understand that some members feel they have to vote against this bill as a matter of conscience — but their conscience is wrong as hell." The President refused to speak with Kemp. Earlier Reagan had fumed, "I was elected President, not Jack Kemp." The President won that one.

Recently Murine, the eyeglass manufacturer, was ready to start a campaign promising the Statue of Liberty Foundation to refurbish France's gift of friendship to America 15 cents for every bottle of Murine bought at special displays. The campaign slogan (slogan began: "Keep America's vision shining brightly") was to tie in with the \$30 million restoration effort for the monument.

The Murine proposal was spurned. A lawyer for the Foundation explained that Murine's plan would bring in at most \$100,000 and the statue is available as a "promotional tool" only for corporate sponsors pledging amounts in the millions.

Was Kissinger's appointment as chairman on the Central American Commission by the President contrived? Although Kissinger maintains he was reluctant to accept the post, Washington insiders believe he was "itching" for a foreign-policy comeback for quite some time... reports have it that Kissinger spoke at the 1980 GOP convention at the suggestion of Reagan's new Middle East envoy, Robert "Bud" McFarlane, a Kissinger associate. Later, acquaintances of U.N. Ambassador Jeane Kirkpatrick claim, the former secretary of state began having lunches and dinners with the U.N. Ambassador. He had his friend in the administration and he has Kirkpatrick to all those dinners, both "insiders" with the President.

Suppertime Talks — Grant Wood

By Russell Roemmele

The ever so elite Whitney Museum in New York City has caught up at last with the welcome revival of those American artists collectively called "Regionalists." As I write this, a show of the work of Grant Wood — so famous for his painting "American Gothic," which has entered into our mass culture — is expected to draw an unusually high audience. If critical appreciation then is ready for the "Regionalists" we can be happy. It is pleasant to think American museums and galleries will be exhibiting American art for a change.

One of these days, Americans will be made more aware of the history of our country and its rich heritage of music, art and literature. So much of this history and heritage is hidden away, almost lost, because our intellectuals and the media appear concerned only with the music, art and literature that flows from Manhattan and its imitators at the universities. We know so little about the life and culture of the rest of America. Who knows much about society in, say Kansas in 1900, or landscapes in Texas in 1880, or music in Maine in 1840? Forget the states; we do not even know the regions!

Grant Wood chose to paint about the past and present of the Midwest, beginning about 60 years ago. His most familiar painting, "American Gothic," reflected his most common theme — rural Iowa. The famous painting of the farmer

with his pitchfork and staid daughter has been parodied a thousand times over, almost as often as Leonardo's "Mona Lisa."

Perhaps the most hilarious takeoff of the Wood painting was done in a "New Yorker" magazine cartoon by Charles Addams. It shows the Iowa farmer and his daughter walking through a museum and being observed by a stunned guard.

At any rate, Grant Wood painted more of the American Midwest than "American Gothic." My favorite is "Dinner for Threshers," completed in 1934. This scene, with the men having their meal and the women cooking it for them is hauntingly realistic. Somehow I feel I could have been there waiting for — yes — apple pie. American homemade apple pie, dear Lord, and not quiche!

Homemade apple pie! but hold it, right there. Wood also used Longfellow's "The Midnight Ride of Paul Revere" and Parson Weems' "George Washington" for his kindly but nevertheless satirical views of those somewhat exaggerated tales of two American patriots. Wood had the devil in him for sure at times, for he pinched the venerable Daughters of the American Revolution in one of his paintings. The fuss was even worse

than that surrounding Herblock's memorable cartoons of DAR ladies when they had protested the appearance of Black singer Marian Anderson in Washington, D.C.

Even the most pretentious of New York's art critics have come to agree that Grant Wood's landscapes of the Midwestern farmlands — yes, those Iowa cornfields — are truly expressive of a way of life that prevailed for more than 100 years and is still to be found. Wood's "Spring Turning," painted in 1936, gives one an overwhelming sense of the land, the land, the land.

Grant Wood tried his hand at being a professor of art at the University of Iowa and, later founded an art school. He wanted to produce a whole crop, to use the expression, of young "Regionalists." Unfortunately, for American art and for themselves, many of them ran off to New York City, and, worse yet, Paris. They never painted Midwestern landscapes again. They never painted any recognizable people again. They splashed on a canvas, got high on drugs, and denounced their history and their heritage. They lost. Wood won.

You cannot find many artbooks with reproductions of Wood's masterpieces. We have row after row of books about Picasso and Matisse

and Braque and Klee and even Jackson Pollock. Grant Wood is out of print. With this revival going on, doubtless he will be back in print. Meanwhile, the bulk of Wood's art can still be found in Iowa City and Cedar Rapids, which is appropriate.

If only our high schools and colleges would teach our children of these "Regionalists" — artists, musicians, writers — they would better understand and, with luck, love this land of ours a little bit more.

Pharmacy Footnotes

Vincent Cozzarelli
Reg. Ph.

The ability of a muscle relaxing drug to actually relax the muscles is believed to be based on its ability to block certain kinds of reflexes while leaving other reflexes intact. Reflexes that involve but a single neuron in signaling muscle activity are, for the most part, unaffected by muscle relaxing drugs. For instance, a simple knee jerk reflex would be unaffected. Muscle relaxing drugs seem to most affect "polysynaptic" reflexes. These involve activities which call for an act of will to initiate action, such as swinging a baseball bat. The result, therefore, of ingesting these drugs is that all complex muscle action is relaxed while simpler reflexes such as those needed for balance and sitting, are less affected.

When your physician gives you a prescription for any type of medication bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. We always have a complete supply available. Cosmetics, toiletries, greeting cards and a gift department can be found. Hours: 9am-10pm, 9am-9pm Sundays. Please drive carefully over the Labor Day weekend.

HANDY HINT:
Muscle relaxants are often prescribed for muscle pain.

Township's Youth Employment Program Works Well

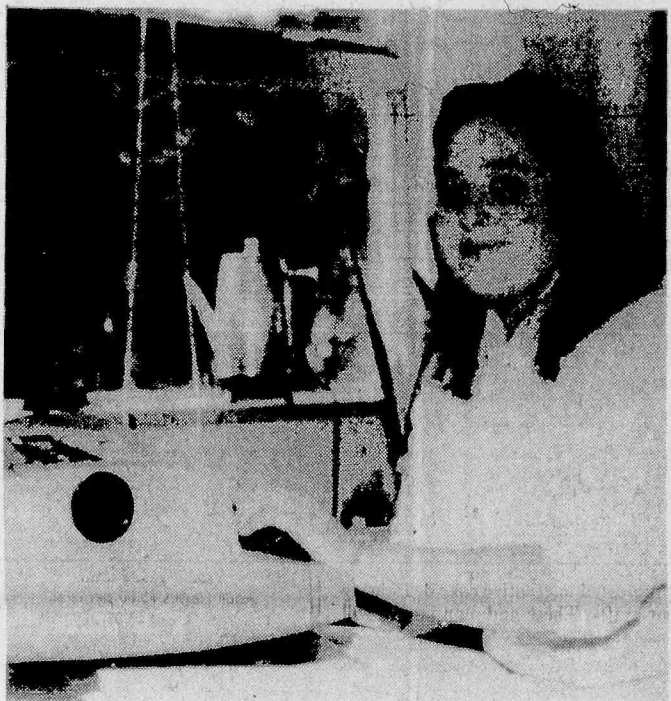

Hard At Work — Frank Simone and Louis Socchiero work in the Cerebral Palsy Center in Belleville. Both were part of the town's summer youth employment program.

Typing Away — Dawn Price, a member of the Summer Youth Employment Program in Belleville, shows her typing skills at Belleville High School.

Outstanding Workers — Peter Heckler and Patricia Bliss were recipients of \$100 scholarships from the county division of employment training for exceptional work traits at the Geriatrics Center.

A Lot Of Talent — Joy Bernarducci was busy as a clerical assistant of the Belleville Board of Education during the summer months.

Future Secretary — Wendy Demeraski updates files under the supervision of Ed Appleton at the Board of Education complex.

Keypunch Operator — Lynn Beyer, a member of the township's Summer Youth Employment Program, practices her keypunch skills in the Business Machine Training class.

Clean It Up — Member of the Summer Youth Employment Program shape up Belleville High School for its September opening.

County Recognizes Successful Program

The Belleville Board of Education has once again sponsored the Summer Youth Employment Program (SYEP). Under the direction of Michael Early. The program served over 55 in-school youth, ages 14-20, who reside in Belleville.

The SYEP grant was awarded by the Essex County Division of Employment Training under the aegis of the Essex County Board of Chosen Freeholders. The program is a unique one which provides summer jobs for both economically disadvantaged and physically handicapped students. Funds are provided under the Department of Labor's Comprehensive Employment and Training Act (CETA), which permits student participants to work for eight weeks during the summer months at the federally established minimum wage of \$3.35 an hour. Employment is restricted to community service agencies in town and includes: both the high school and middle school, town hall, the Recreation Department, Cerebral Palsy Center, Board of Education, Department of Public Works, Essex County Geriatrics Center, Parks & Public Safety, and the library.

"The Belleville Board of Education has been instrumental in making this year's program one of the best ever," said Early. In addition to the many valuable "on-the-job" experiences provided, the Summer Youth Employment Program includes one week of Labor Market Orientation where participants learn to budget money, improve their job searching skills, and to select future careers. Under SYEP, participants receive experience in a variety of jobs which include: library aides, clerk typists, office machine operators, food service aids, assistant children counselors, and special camp aides. As a result of their involvement, participants have increased their employment potential by developing marketable skills: typing, calculating with office machines, and keypunching.

Lemongello, program fiscal director states that "the wages earned by the participants in SYEP will add approximately \$30,000 to the Belleville economy."

Last Friday afternoon the Belleville Board of Education received the 1983 SYEP Outstanding Contractor Award, which was presented during an awards ceremony held at Essex County College. Grace Purdue, president of the board, was on hand to receive the award from Jeanette Wade, supervisor of management.

Additionally, students Patricia Bliss, Suzanne Schmidt and Peter Heckler, were selected from over 100 participants to receive a \$100 United States Savings Bond for their exceptional work.

"Of course the awards are absolutely terrific," said Early. "This has been the best program from top to bottom we have been involved with over the past five years."

"It only proves that a well supervised and enthusiastically received program can be of enormous value. No whole is greater than its parts, and for this reason I am pleased that two of our staff members, Joseph Petrillo and Donald Mintz will be recognized by the county for their work," Early continued. "I am furthermore especially grateful to our county program specialists, LuAnn Vitale. It was a comforting feeling to know her expertise and help was only a phone call away. Hopefully, under the new legislation everyone will be given an opportunity to learn and earn more in 1984."

Computer Operators — Andrew Persuad and Andy Pascale proof-read a computer printout during the SYEP training session.

Seems Like Only Yesterday...

Mario DiMaggio is Appointed Principal Of Junior High School By School Board

Thirty Years Ago
Schools Superintendent Evan H. Thomas said he expects a total enrollment of 5,300 students when schools throughout Belleville open in three more days. The enrollment numbers represent an increase of 200 over last year's.

Dr. Morris Rochlin, former president of the town's Family Service Bureau, died at the age of 58. A local dentist, he was president of the Congregation AAA, the Lion club and a member of the Elks.

Twenty Years Ago
Belleville taxpayers received an explanation from John Burnett, the town manager, as to why their taxes increased "so much."

Many taxpayers received increases of \$25 to \$50 in their 1963 tax bill and started lodging complaints at town hall. Burnett pointed out that the town's cost of operating municipal services increased \$140,642. The budget for 1963 was \$1,981,808. The 1962 budget was \$1,841,166. He contributed the increase to salary increases for police and fire workers and equipment for both departments and Public Works. Burnett also said he believed the tax situation would remain stable for some time.

"The cost of town government is going to remain stable. I have no control over county government or the Board of Education budget and both will probably go up in the future. However, there will be no

future increases in the cost of town government.

Peter Paglia of Malone Avenue, a Newark school teacher, became the fifth resident to enter the November Board of Commission election. In his announcement, Paglia said he was politically unattached, but that he is opposed to the current recall movement against Mayor Robert Laterza and Councilmen Vincent Strumolo and George Addonizio.

Ten Years Ago

Mario DiMaggio was unanimously appointed by the Board of Education as the principal of the Junior High School.

DiMaggio had been an employee of the Belleville school system since 1953 and vice principal at the junior high since 1964. He was appointed principal after Seymour Grossman moved from that post to become assistant superintendent of schools.

The field of contestants for Belleville's cable television franchise award widened to four, when International Cable Company of Newark filed an application at Town Hall. International officials said they could not comment on the type of coverage they were planning to provide, but would present their format along with the other companies during the next commission session.

Girl Scouts Sponsoring Volunteer Expo

Come one, come all to a Volunteer Expo sponsored by the Girl Scout Council of Greater Essex County on Sept. 17. It will be held at the St. Thomas The Apostle School, 50 Byrd Ave., Bloomfield from 1-4 p.m.

There will be many displays and "hands on" demonstration all based on the five worlds of Girl Scouting. Included in these will be the Department of Energy, Rutgers Extension Center explaining all about money management and value shopping. Simple auto mechanics will be taught by the Bloomfield Adult School. How about aerobics, wok cooking or learning more about microwave cooking. Possibly you would be more interested in creative cake decorating or crafts. These and many more will be offered to all who attend.

Local Belleville residents who are planning this event are Gloria Gorveau, Debbie Walsifer, and Marcia Sarragin, all active members of the Girl Scout Council of Greater Essex.

T & C Dancing Company Is Award Winning School

T & C Dance Company — an award winning school designed to develop the talents of many — has quickly gained respect of students and parents as a school serving the community professionally. Students at T & C are taught proper dance form through barre work, center floor and the use of terminology, which is as important as the steps themselves. The dance company belongs to Dance Educators of America, Associated Dance Teachers of New Jersey, New Jersey Dance Theatre Guild, American Society of Composers, Authors and Publishers, and Broadcast Music Inc.

The dance company's director/choreographer Theresa Anne Velardi was born and grew up in Bloomfield. She attended Bloomfield

public schools and was graduated from BHS in 1973. Teri has since performed on stage, television, the Ted Mack Amateur Hour, Atlantic

City's Steel Pier Music Hall, Little Carnegie Hall, Symphony Hall, Newark State College (Kean College), and the 1972 Miss Bloomfield

Pageant. Her professional training has evolved from the country's foremost

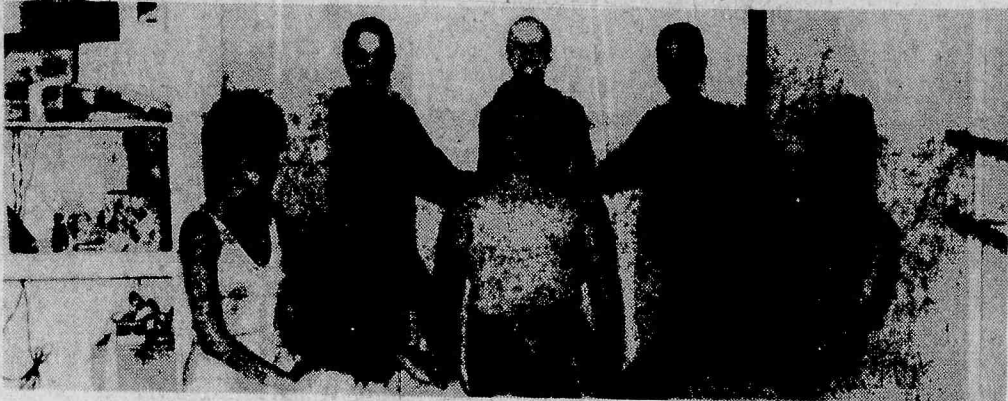

instructors and professional schools. Teri has attended Farnsworth and Hauer School of Dance, Serena's Belly Dancing Studio and Luigi's Jazz Center in New York and New Jersey School of Ballet.

She has taught professionally since 1973. She passed exams given by Dance Educators of America and

Dance Masters of America. Teri is the secretary of the Association Dance Teachers of NJ and board member of the NJ Dance Theatre Guild. She is tap director for the NJ

Dance Theatre Guild and has choreographed tap routines for each level of training. Her routines are being used at the Guild member studios.

Teri choreographed a road show which traveled to North Carolina in 1972. She was cochairman of the NJ Dance Theatre Guild Spring Concert in 1981 and 1982. She was also "Nutcracker" cochairman in 1982.

COMPETITION WINNERS... These students are some of the T&C Dance Company's participants in the New Jersey Dance Theatre Guild. The school captured four first place groups, two second place groups and two third place groups. Kneeling from left are Rosemary Neves, Andrea Stivali of Bloomfield, Anthony Cuccolo, Annette Bucca of Bloomfield and Vivian Lugo. Standing from left are Denise Purzycki, Grace Jacoby and Nicole Falco of Bloomfield.

Acting School Opens At Theatrical Dance

Nick Demetrius, television and
stage actor, has announced that he
will establish an acting school next
week at Theatrical Dance Studio,
226 Franklin Ave., Nutley.

"Opportunities for new actors are
growing steadily in this area,"
Demetrius said. "More and more
movies are being made here in the
East, television is booming, and the
welcome mat is out for new faces Off
Broadway."

Demetrius, a regular on such
soap operas as "The Edge of Night,"
"Search for Tomorrow," "Texas,"
and "Another World," has also been
featured on "Love Sidney," starring
Tony Randall.

Demetrius said, "Everyday I see

struggling actors walking the streets
of New York trying to get a job
without knowing how to go about it.
This is why a lot of them never make
it."

For this reason, he said, his begin-
ner's classes will stress where to go
for a job, whom to see, how to audi-
tion and how to get the part. There
will also be instructions in preparing
a resume and preparing a presenta-
tion. The course will also deal with
technique and scene study. Classes
will be limited.

Each course will run two months,
with weekly three-hour sessions. In-
formation and registration can be
made by calling 667-4469 or 284-
0224.

Belleville Times SPORTS

Times Flashback

Belleville Jayvee Baseball Squad Riding 10-game Winning Streak

May 27, 1971

Riding a 10-game winning streak and sporting an outstanding 16-2 won-lost record, Belleville's junior varsity baseball team won four more games this past week.

Opening with easy wins past Irvington 10-0 and East Orange, 14-0, the Bellboys closed out the week

turning back Montclair, 6-4 and Kearny, 2-0. Eight of the 16 wins this season by the jayvees have come through shutouts by their strong pitching staff.

At Irvington, winning pitcher Mario Malfitano and Tommy Cosgrove combined for a two-hit shutout win. Belleville jumped out to

an early lead and coasted home from there. Malfitano's bunt single was the only hit in a five-run Belleville first inning in which wildness by the Irvington pitcher was a big boost to the Belleville cause.

Frank Papisidero and Rich Cuparo had RBI doubles in a four-run Belleville fourth. Ron Borgo's single brought home the 10th run in the fifth inning.

Against East Orange, 12 walks by Panther pitchers made things easy for Belleville. The Bellboys scored twice in the second with Borgo and Mark Cervasio singling home the runs. Six walks and a hit batsman helped to score seven runs in the third. A five-run fourth inning saw Cervasio drive home his third run of the day and two run singles by Mark Restivo and Steve Lenihan closed out the scoring. Cosgrove's three-hit, seven-strikeout performance earned his third victory of the season.

Alan Frank, with a courageous seven-strikeout performance, upped his personal record to 5-1 in a game at Montclair. Belleville scored early and held off a late Montclair comeback try to preserve the victory. Singles by Cuparo, Joe Ross and Papisidero, a squeeze bunt by Phil Cuzzi and Frank's two-run triple scored three in the third.

Belleville went four up in the fifth on a line drive home run to center by Frank Papisidero. Paps, who leads the team with a solid .489 batting average, had an outstanding week, getting seven hits in 11 times up.

Montclair scored once in the fifth, but key RBI hits by Borgo and Lenihan scored what proved to be the winning runs in the sixth. The Mounties came back with three runs on four hits in the seventh, but Frank was able to get the final Montclair batter to hit a fly ball to Joe Ross to end the ball game.

Against Kearny, Mario Malfitano pitched his best ball game of the year to up his record to 5-1. The Cardinals got their only two hits of the day in the first inning. After that, Mario retired 19 of the last 20 to face him, the only man reaching on a sixth-inning throwing error.

In all, Malfitano had 10

strikeouts. Belleville managed a run in the first on a walk to first, a stolen base and a single by Alan Frank. An insurance run crossed the plate in the fourth with Sam Venezia's double, Borgo's bunt single, a walk to Malfitano and a squeeze bunt by Rich Cuparo.

Today, the jayvee will play Clifford Scott in East Orange. Tomorrow afternoon, they travel to West Orange to take on the Cowboys and will conclude their season Monday, May 31 against arch rival Nutley at Hancox Avenue Park.

NOTES: Cervasio, Papisidero, Rich Centanni and Borgo, all sophomores at the time, made some strong contributions to the 1971 varsity team. The '71 varsity club was a solid entry, losing in the state tourney to an undefeated Morristown squad, 6-3. In that game, Belleville had a 3-2 lead until the sixth inning. Belleville's baseball team throughout the 1970s was solid and any baseball fan in town will know that these jayvee players went on to outstanding varsity careers. By the way, Flashback will delve into a girls' varsity sport next week...Sorry we took so long to get into girls' varsity sports. Flashback will become a bi-weekly column once the school year starts in two weeks.

Belleville Receives Sportsman Award

During the 1982 football season, Buc Shots did an article on the NNJIL conference of which Belleville was participating in for the first year. At the end of the sports season, the NNJIL gives out a good sportsmanship award to the top school in the conference for the previous season.

Last week, Belleville High School athletic director Jim Silvestri proudly announced that Belleville High was awarded the Good Sportsmanship award for the 1982-83 school year.

The Buccaneers captured the Essex-Passaic division of the NNJIL conference award based upon good sportsmanship of the teams, fans and coaches who make up the particular sports that participated in the league.

"It's a very big award. The NNJIL considers it one of the most prestigious," said Silvestri. "The secretary of the NNJIL contacted me last week to inform us that we won. I can't be happier with it and I'm sure the coaches and athletes share along with me."

Belleville was judged by opposing teams, coaches, team captains, cheerleading captains and officials of the particular sporting event. In order to win, Belleville had to defeat Nutley, Passaic, Paterson Eastside, Paterson Kennedy, Bloomfield, Montclair, Passaic Valley and Clifton. This season, the award will be up for grabs once more as the NNJIL has expanded to three divisions. Belleville will participate directly with Bergen County powers Ridgewood, Hackensack, Teaneck and St. Joseph's, along with Passaic County terror, Passaic High School. The Bucs will also see action with Nutley, Bloomfield and Montclair who are members of the NNJIL but compete in a different division of the league.

The award is indeed a big moment in the history of Belleville sports. Too often Belleville fans were criticized for their sometime unruly behavior at sporting events and this award should certainly change people's minds about the integrity of the people that root for our young athletes. "The banner and plaque will be presented to us during the upcoming school year," said Silvestri. "We'll certainly hang them with pride. This is a big moment for us."

Brewers and Orioles Should Battle It Out

The American League pennant races show one division with five teams battling for top honors and another division where the top runner is so far in front that the team's main concern will probably be what type of champagne they will order for their victory party after officially clinching the crown.

Baseball, it's a crazy sport. Over in the AL East, the Baltimore Orioles and Milwaukee Brewers are one-two in the division, which should be of no surprise to most fans. Last year, those two battled until the final day of the regular season before Milwaukee won the crown. This season, however, Detroit, Toronto and the unpredictable Yankees are also in the thick of it. The five teams are separated by only three-and-a-half games, which gives some indication that September will offer some major excitement.

Pitching, as always, will be the key, thus the feeling here is that the Yankees and Detroit will be the first two clubs to bow out of the race. Outside of Dave Righetti and the erratic Ron Guidry, the Yanks do not have the front line pitching and Rich Gossage, their stopper in the pen, has started to win games instead of save them. While Gossage carries an impressive 11-4 mark, he has but 14 saves to his credit and that statistic is what's keeping the Yanks entrenched in fourth place.

Pitching in Detroit isn't bad, but it isn't that great either. The Tigers have their best club since 1972, no doubt, but they, like the Yanks, are

low on front line hurling. The Tiger bullpen gets the nod over the Yankees here, however.

Milwaukee, Baltimore and Toronto are all in good shape in the hurling department. Eliminate Toronto first for the pennant. The Jays lack the experience of the pennant drive and will probably finish third, although they are slumping in fifth place now. The Jays have good pitching with Clancy, Stieb and Jackson, but they are making rookie mistakes in key situations. For instance, last week, Toronto and Baltimore battled in a crucial three-game series. The Jays lost two of three, both losses coming in extra innings. In one of those games, Oriole relief pitcher Tippy Martinez recorded all three outs in an inning by picking off three Blue Jay runners. Not the best way to win ball games.

The Birds of Baltimore and Milwaukee have legitimate Cy Young candidates this year. Over in Baltimore, where pitching is an institution, there's Scotty (Why did the Yankees ever trade you?) Mc Gregor, with a 15-5 mark leading a staff that has been marvelous this year considering the injuries. Mc Gregor, newcomer Mike Boddicker, Mike Flannagan and Jim Palmer, when healthy, form a tough staff. Dennis Martinez is having a terrible year after a fine '82 and if he comes through in the stretch, the Birds might beat the Brewers.

Milwaukee has had the Cy Young (Please see 'White Sox' on page 12.)

Recreation Department's Annual Carnival Draws Very Large Crowd

The Belleville Recreation Department's annual carnival was held Aug. 18 and as always, proved to be a big success. The carnival marked the closing of the summer playground and saw the calmation of weeks of effort by Belleville children.

Each of the nine playground groups constructed its own game and secured prizes and donations from local merchants and citizens to support individual stands.

This year's carnival netted

\$1,345.50, which will be presented to the Bobby Travers Leukemia Fund, to benefit the 12-year old Belleville boy who is suffering with leukemia. This figure is believed to be the most money ever raised by the annual recreation carnival, to date.

Special thanks is given to all children for this charitable cause. Contributing to the success of this year's carnival was the talented summer recreation playground staff under the direction of Dennis

Buckley. This year's directors were Sharon Brady, Robert Cassin, Nancy Coffey, Ken Constantino, Jerry Digori, Playground Supervisor; Donna Dombrowski, Christine Fusaro, Sam Fusaro, Joyce Iacullo, Luanne Kot, Phil Linfante, Joan Pennetti, Handicapped Supervisor; Donald Roll, Wendy Rovell and Ava Zarrello. Much appreciation is also extended to office personnel Lorraine Salzano, Pat Caporaso, Mike Dowd and Chipper Verian for their assistance and support.

1971 Belleville-Nutley Game Was a Classic Contest

Part three of our Belleville-Nutley games of the past brings us to the year 1971. As most fans know, Nutley dominated the football series throughout most of the 70s, with Belleville taking the 1978 and 1979 contests. However, back in 1971, Belleville had a surprise in store for the Maroon Raiders on their home field. It was a game loaded with excitement and went down to the last play.

It is October 1971, and Belleville enters the big game with Nutley on a down note, having dropped its first two games to Bayonne, 20-0 and Bloomfield, 13-8. In both contests, Belleville was seemingly overwhelmed by bigger ball clubs and Nutley was no exception. The '71 Bellboys were a small squad and lost a great deal to graduation. In 1970, Belleville went 5-4, but lost a tough 23-8 decision to Nutley. The '70 club also lost its final two games of the season to Kearny and Orange on the last play of the day. It seemed, following the losses to Bayonne and Bloomfield that the 1971 season was going to be a long campaign. The Nutley contest was in a word, crucial, to the team's success the rest of the way.

Rocco Cafone's crew played a solid defensive game on this day and took advantage of a Nutley fumble in the fourth quarter to tally its only touchdown of the day. Joe Lotriglio scored the only Belleville touchdown of the day and Phil Bruno kicked the all important extra point to lead Belleville to a 7-6 shocker over the Maroon.

In the final moments of the third quarter, Nutley's Vernon Sheppard fumbled a Bellboy punt at his own 25, the

ball skipped to the Bellboy 21 where Joe Ross recovered for Belleville. Six plays later, Lotriglio scored the only Belleville touchdown of the day on a three-yard run.

Nutley came right back, however, and scored its only touchdown with 2:20 left on a five-yard run by senior Paul Folansbee. The Maroon coach, John Federici, opted to go for the win, instead of the tie and quarterback Gary De Grazio passed to Sheppard for the two-point attempt, however, the ball was just out of Sheppard's reach.

The game was defensive throughout. The Bellboys received the opening kickoff, but couldn't mount a drive. Cafone and Sullivan picked up a first down for Nutley, however, De Grazio turned the ball back to Belleville when his pass was intercepted by Allan Frank at the Bellboy 45.

Belleville came up with a serious threat in the first quarter when quarterback Bruno hit Joe Troise for 25 yards. However, Belleville hurt themselves and the drive when they were hit with two consecutive delay of game penalties that put Belleville out of good field position.

De Grazio, who would pass for over 108 yards on the day, went to work again for Nutley. He hit Sheppard for 34 yards and a first down at the Bellboy 37. The Nutley offense penetrated as far as the Belleville 29 on the drive, however, the attack sputtered there.

Pete Ruccione gave Nutley a break when he intercepted a Lotriglio pass midway through the second quarter. Cafone pounded the Belleville line for 13 yards on two carries, bringing the Raiders to near midfield. A costly clipping penalty

brought Nutley back 15 yards and De Grazio had his second pass of the day intercepted by Ralph Lukowiak who returned the football to the Raider 46.

Bruno, who did not start the game at quarterback, relieved Lotriglio, who moved to running back, and started a serious drive. He hit Rich Cicalese on a big

BUC SHOTS

By Michael Lamberti

Sports Editor

pass to the Nutley 7. Lotriglio then rambled six yards to the Maroon 1 with 20 seconds left in the half. At this point, Nutley's sophomore linebacker, Bobby Hower, had his finest moment when he drove through the Belleville line and nailed Lotriglio with a three-yard loss. He then broke through once more to catch Bruno for a seven-yard loss and the clock ran out.

Nutley's offense, which was nonexistent in the first half, punctured once again in the third quarter and Ross outthusted Sheppard for the loose football and Belleville was in business at the Raider 21.

This time, Lotriglio and Company would not be denied and Belleville tallied the first score early in the fourth period.

After the TD, Nutley drove to near midfield, however, Mike Carey fumbled and Belleville regained possession. The Raider defense, desperate for a break, forced a Belleville punt and De Grazio finally started the Nutley offense in gear. He hit Sheppard for 15 yards and a first down at midfield. Belleville was then assessed a 15-yard penalty and a Nutley first down at the 35. Nutley would then tally their only score of the day when Folansbee scored from the five.

Statistically, first downs were even, with both clubs gaining nine. Nutley outgained Belleville, 137 in total yardage. The Bellboys had the upper hand in the rushing department, 94-65, however, Nutley outpassed the Bellboys, 122-42. The Bellboys were 4 of 14 in the air, Nutley, 5 of 12. The biggest statistic was the two fumbles that Nutley lost, one of which set up the touchdown, the other stopped a potentially dangerous scoring drive. The Bellboys also intercepted two passes. Rushing wise, Cafone had 49 for Nutley and Lotriglio rambled for 66 on 22 attempts. Phil Bruno picked up 21 yards on two carries and was 4 of 11 in the air for 42 yards. Troise caught one pass for Belleville, good for 23 yards and Lotriglio hauled in two passes.

The win gave Belleville new life and confidence because the Bellboys went on to win their next four games, downing Irvington 10-8, Passaic, 12-6 and Orange, 14-6. Belleville then lost tough ball games to West Orange, 12-6 and Kearny, 17-13. They wrapped up the season in 1971 with a

22-16 victory in Lyndhurst. For the season, that club finished 5-4, not bad for a small ball club. The win over Nutley gave the club the boost it needed however, just another example of the intensity this rivalry has had for 30 years. On September 24, it will be renewed once more.

The New York Jets and New York Giants, along with the rest of the NFL, start their 1983 seasons this Sunday. The Jets are in San Diego, the Giants host the Rams. For a complete look at this week's games, tune in to the NFL report, our weekly feature of the NFL which is in its third year of publication.

For this week's quiz, name the pitcher who has not won 20 games in his career. Is it: Tommy John, Steve Carlton, Fernando Valenzuela, Wilbur Wood, Mike Torrez or Scott McGregor.

By the way, if you have the opportunity, pick up a copy of Sports Illustrated for the past week. There is a very interesting story written by Darryl Stingley, the former wide receiver of the New England Patriots who suffered a near fatal injury in a game against the Oakland Raiders back in August of 1978. Stingley was hit; rather maliciously, by Jack Tatum following an incomplete pass and ended up in the hospital with a broken neck and paralysis. His story is quite interesting and is a two-part series that continues in this week's edition of SI. Stingley is also coming out with a book entitled, "It's Great to be Alive." It would be good reading for anyone who follows pro football, or for that matter enjoys reading about people who fight back after a tough blow in their life.

Heard at Ringside

By Steve Frank

Jersey City's junior middleweight Mark Medal scored his 17th KO in 19 fights when he put the sleeper on Steve Delgado of Phoenix, Ariz. in the second round at New York's Felt Forum, last Friday. It took two ringside physicians three minutes to get Delgado straightened out to leave the ring. Eddie Allen and Bob McNamara, both of New Jersey, manage Medal. Madison Square Garden matchmaker Harold Weston said after the fight, "A Medal-Duane Thomas of Detroit bout will be a great one for later this year."

Steve Delgado was brought out of retirement to fight Medal. The former North American Federation junior middleweight champion, showed the result of 20 months of inactivity. He will now quit the ring again and return to college according to his manager/trainer Eddie Futch. Delgado chalked up a mediocre record in seven years in the fight-for-pay business. In 26 bouts he won 16, lost 9, and fought one no-decision bout. We suggest he'll do the right thing by going back to school. He's 30 credits short of his college degree in business administration.

Aaron "Trouble" Pryor of Cincinnati, the unpredictable is at it again. In the past he got himself disliked in the Ohio River city with his wild antics, his being shot by a girlfriend who he later married, long court battle with his manager of record, Buddy LaRosa and many more. Last Saturday his trainer Richie Giachetti couldn't take it anymore and did a walkout from Pryor's training quarters in Lake Tahoe. Richie is back home in Cleveland. Last week at a Los Angeles press conference Pryor said, "I'm not sure I'll be fighting for Sylvester Stallone in the future. Stallone was at the conference and appeared to be surprised as everyone in the room. As we mentioned in a previous column, "Stallone paid \$400,000 up front to Pryor for promotional rights of four Pryor fights."

The left jab has always been and always will be the most important weapon in a fighter's arsenal. Off a good, snapping jab a battler can use effectively all other punches in his repertoire. Mike Spinks demonstrated the use of the jab against Dwight Braxton. Larry Holmes was always good at it (that's about all he has left).

Mike Rossman, former WBA light heavyweight champ, won a 10-round (split) decision over Robert White of Pittsburgh, Pa. The Jewish Bomber from Turnersville, N.J. was not impressive. He's definitely not ready for any of the top 10 in his weight class. Rossman in winning his third straight since comeback raised his chart to 43-7-3. White was brought down to 15-6. In the semi-windup Earl Hargrove, Philadelphia's unbeaten, hard-hitting, one man demolisher, scored a knockout over Darryl Penn of Portland, Ore. in the second round. Hargrove in this bout racked up his 23 consecutive KO in 23 fights. His outclassed junior middleweight opponent Penn now is 29-26-1. Bob Connelly and Russell Pelz were co-promoters for this show at The Sands in Atlantic City.

Unbeaten Roger Mayweather of Las Vegas successfully defended his WBA junior lightweight crown by KOing the number one challenger Benedicto Villablanca of Chile at 3:00 of the first round before sellout crowd at the "Showboat" in Las Vegas. Mayweather knocked down the Chilean three times. The third time just before the bell. Referee Roberto Ramirez of Puerto Rico ruled he stopped the fight before the sound of the bell. Mayweather now has a 17-0 diary. Villablanca slipped to 30-7-1.

As we went to press last week, too late to make the deadline to add this item, Commissioner John Branca announced the N.Y. State Athletic Commission eliminated the standing eight count. The intent was good. Too many referees abused the rule. In another ruling, the Commission voted to give fighters a 20-second count rather than the standard 10, when a fighter is pushed or knocked out of the ring.

How things have changed departed Muhammad Ali, the egotist, who acted his best before a large crowd, ran from a crowd in England. Ali was in Birmingham, England, to help lay the cornerstone of a community center dedicated in his name. When Ali returned after police quelled the crowd, Ali was visibly shaken and his voice was hardly audible.

ESPN did not renew Sal Marchiano's contract. Sal had been broadcasting the boxing for the Cablevision Channel since 1980. He had been working since June without a contract. Negotiations didn't work out. ESPN and Marchiano could not agree to terms that were not disclosed. Management notified Marchiano they hired Sam Rosen, who has been doing the boxing shows for Madison Square Garden Cable, for the ESPN weekly boxing shows.

Twenty-two-year-old, Kevin Howard, 18-3-1, of Philadelphia, was booked to meet Richard Nixon, 5-4, also of Philadelphia, in a 10-round junior middleweight bout, Wed. at The Sands in Atlantic City. Howard has a weight problem and couldn't make the weight for this scrap. It is unfortunate that Howard allows himself to balloon up to 170 pounds on his 5'7" frame in between matches. He once showed promise of becoming an outstanding money maker.

In our previous column the under-card to the Mc Crory-James title skirmish at The Dunes in Las Vegas, was omitted due to lack of space. Read on: James Kitchen, 162, of San Diego, Cal. WKO in second over Juan Diaz, 162, of Harlington, Texas; Tom Covington, 174 of Phoenix, Arizona. WKO in first round over Keith Vining, 174, of Detroit; Paul DeVorce, 127 of Yonkers, N.Y. W-Dec. in 10 rounds over Ricky Wallace, 127 of Youngstown, Ohio and Dwight Davidson, 158 of Detroit WKO in eighth round over Lindell Holmes, 160, of Detroit. Don King promoted this action filled card.

New York City Veteran Boxers of Ring 8 gave honors to Lenny Mancini, a former title confeder and father of WBA lightweight titleholder Ray "Boom Boom" Mancini, Monday, Aug. 16, 1983. Lenny and Ray were accepted as honorary members. Ray at age 22 is the youngest fighter in the group. Former champions Ben Jeby, Sandy Saddler and Phil Terranova were on hand for the ceremonies held at Grossingers. Ray is in training at the upstate resort.

Nini La Rocca of Italy is expected to move into the No. 1 slot in the WBC welterweight ratings. Don't expect to see a showdown battle between newly crowned champion Milton Mc Crory and La Rocca. La Rocca is promoted by Bob Arum. Don King has promotional rights to Mc Crory.

A note from the office of New Jersey State Athletic Commission: "Decision of June 24, 1983, reversed by the commission; Originally has Tim La Valley, 146, of Troy, N.Y. winning after a head butt. After reviewing films, there was no butt. Consequently Peter O'Keefe, 149 of Maplewood, N.J. declared the winner by TKO. Memory Jogger: The scheduled 6-round bout between O'Keefe and La Valley at the Plaza Forum, Hazlett, on 6-24 was stopped in the fifth round when La Valley was cut over an eye. La Valley claimed he was butted. The referee thought he was butted and as La Valley was ahead on all judge's cards, he was declared the victor. That is all reversed by the Commission ruling.

Middleweight Robbie Sims of Brockton, Mass. should rebel the next time the Petronelli Brothers (Pat & Goody) booked him into Atlantic City. Sims, younger brother of middleweight king Marvin Hagler, has lost three fights during his pro career. All losses happened at the shore resort. Jan. 17, 1982, he lost his first fight to Bobby Czyz on a 10-round decision Oct. 16 1982, Clint Jackson copped a 10-round verdict, Aug. 3, at Resorts International he lost the judge's vote in a 10-rounder to Mike Tinley of Camden."

Times NFL Report

Fans and Players Ready For Full Football Season

After months of preparation, the NFL season is set to begin this Sunday. The 1983 season will be without the threat of strike that plagued the 1982 campaign and big crowds are expected throughout the NFL for the opener this Sunday.

Locally, the Jets are favored by just about everyone to win the AFC title and advance to the Super Bowl. The Giants are in the midst of a quarterback controversy very similar to the Todd-Robinson fiasco of 1979. Scott Brunner is the man for the job at Giants Stadium with Jeff Rutledge a good backup and a man who could do the job should Brunner fail. As for Phil Simms, get rid of him, admit the mistake and keep going. Should the Giants insist on keeping Simms and possibly trading Brunner, the end result will be a season similar to the 1979 Jets: .500 if lucky and playoff hopes dashed by late November. It would seem a shame that a team with the talent the Giants have, especially on defense would go down the drain with the wrong man running the offense.

The rest of the NFL is going to be exciting, as usual. Pittsburgh had an excellent summer, so did Tampa Bay. Miami looks solid, the L.A. Raiders should be strong, Green Bay's Packers could be back for good this time. Can the Niners come back after the 1982 disaster and recapture their Super Bowl form of 1981. Most importantly, can Washington avenge the Super Bowl jinx and repeat, the crown.

For this week's picks: JETS at SAN DIEGO: While the Jets have

the offense, supposedly, they don't have that Charger offense and Todd is no match for Fouts, not on his best day. San Diego boasts a defense this year, and if it's for real, the Chargers

might be the best in the conference. The Jets will not win the championship with Todd at quarterback, no way. San Diego 35-28.

White Sox Have It All

(Continued from page 11.)

winner the past two seasons in Rollie Fingers ('81) and Pete Vukovich ('82). After winning their awards, those pitchers then came up with arm problems. Fingers hasn't thrown since August 1982, and Vukovich is out with a rotator tear and no one knows for sure when he'll return. This season, Moose Haas and his 13-2 mark give Brewer fans hope. The Brewer bats are proven, with Cecil Cooper, the best player in the league, having another solid season. The Brewers have some problems with front line pitching, but have been so good at the plate the last two months that they will stay in the hunt until the end. They might even steal the crown.

Picking a winner in the East isn't easy...Picking a winner in the West, is. The Chicago White Sox would have to do a Philadelphia Phillie foldo of '64 to avoid missing their first championship since 1959. The Sox have fine pitching, led by Floyd Bannister, Britt Burns and Lamar Hoyt. The Sox lead the second place Royals by eight games and are in control. They very much resemble the 1980 Royals as far as running away with the crown. In 1980, Kansas City had the crown clinched by early September and went on to the World Series, losing to Philadelphia in six games. The Sox will be tough for whoever wins the AL East. The road to the World Series will also be a tough one, with plenty of excitement in store the last four weeks.

HEALTH WISE

By Ralph J. DiMaio D.C.

In some homes, the "growing pains" that children complain about are not treated too seriously. Actually, the rapid growth in children can create situations that cause spinal problems after the child has reached adulthood.

For example, one leg may grow longer than the other. The difference in length leads to a pelvic imbalance. The pelvis is the base of the spine, so the spine curves slightly to compensate. This curvature may become permanent if the leg-length difference is not corrected.

Chiropractic discovers and corrects the causes of aches and pains, rather than treat the symptoms. Make an appointment by phoning our office.

Church Mass Offered For Gus Renda, 64

A Mass was offered Aug. 10 at St. Anthony's Church, Belleville, for Gus Renda Sr., 64, who died Aug. 7 in Clara Maass Medical Center.

Mr. Renda was employed by Purolator Company, Rahway, before retiring 12 years ago.

He was an Army veteran of World War II and a member of the Bloomfield Chapter of the Disabled American Veterans.

Born in Elizabeth, he lived in Bloomfield for the past 33 years. Surviving are his wife, Rose; three sons, Santo of Belleville, Joseph of Bloomfield and Gus of Bloomfield; a brother, John of Elizabeth and three grandchildren.

The Zarro Funeral Home made arrangements. Interment was in Mount Olivet Cemetery, Bloomfield.

George Harrison; Succumbs At 83

A Mass was offered July 30 at St. Peter's Church for George Harrison, 83, who died July 27.

Mr. Harrison owned a confectionary store at the corner of Union and Belleville avenues from 1922 to 1940.

Born in New Providence, he lived in Orange, before moving to Belleville in 1922.

He was a member of the St. Peter's Church congregation.

Surviving are two daughters, Mrs. Peggy Messher of Belleville and Mrs. Grace Andrea of Virginia; two sisters, Mrs. Cara Gottheiner of Fort Lee and Mrs. Margaret of Florida; two brothers, Hugh Hurst and Russell Harrison; 10 grandchildren and 11 great-grandchildren.

The Kiernan Funeral Home made arrangements. Interment was in East Ridgelawn Cemetery, Clifton.

Belleville Police Officer Attends WWII Reunion

Belleville police officer Kenneth Place was a hero in WWII as a member of the United States Rangers, who did similar accomplishments as the Commandos.

Place joined the remaining members of Ranger Battalions Association in a reunion at the Hilton Inn at Orlando, Florida, from August 4 to 7. He said it was "a memorable experience meeting up with many army buddies for the first time in 38 years."

The Rangers consisted of specialty men from the U.S. Army trained along the lines of commandos. The fact is they trained and often fought side by side with the British Commandos.

Their record speaks for itself. The

Rangers spearheaded every major invasion of WWII. They were the first to land and the first to capture the enemies defenses, making it possible for other troops to land in South Africa, Italy, France and Germany.

After the war the Ranger Battalion Association was founded by the late Michael Garas of Belleville in 1947.

Place is an active member of Belleville American Legion Post 105 and V.F.W. Post 493 of Nutley.

ASK YOUR REALTOR

The sale of your home can be one of the most important
sections of your life. Choosing a multiple listing Realtor, who
has specialized knowledge, can be the first step in relieving
yourself of the pressures involved.

Sixty-six member offices of the Board of Realtors of Bloom-
field, Glen Ridge, Nutley and Belleville can put to work for you
their combined know-how in multiple listing, resulting in a top
dollar return for your investment.

Once you sign a contract with a multiple listing office, each
member of the Board promptly receives a complete description
and photograph of your home, as well as daily bulletins outlin-
ing price changes and other pertinent information.

Each Realtor has a backlog of potential buyers, knows their
requirements, the types of homes they are looking for, and how
much they are willing and able to pay.

The updated data affords the Realtor the knowledge of
separating the sincere home seekers from those who have no
intentions of buying, thus saving time for you and avoiding un-
necessary intrusions into your home.

At no additional cost, you are provided with a wide range of
professionals who are eager to find just the right buyer for your
property as quickly, easily, and efficiently as possible. Simply
list your home with a member office and the Board of Realtors,
through multiple listing, will do the rest.

The Board welcomes any additional questions you may have
pertaining to multiple listing or other related areas. Please send
your inquiries to:

SHERIFF'S SALE

SUPERIOR COURT OF NEW
JERSEY, CHANCERY DIVISION,
ESSEX COUNTY, DOCKET NO.
F-2491-81. THE HOWARD SAY-
INGS BANK, a corporation of
New Jersey, PLAINTIFF vs.
ANGELITA ORTIZ, et als,
DEFENDANTS. Execution For
Sale of Mortgaged Premises.

By virtue of the above stated
writ of Execution, to me directed,
I shall expose for sale by Public
Auction, in SHERIFF'S OFFICE,
Essex County Courts Building in
Newark, on Tuesday, the 13th
day of September next, at one-
thirty P.M., (Prevailing Time).

Municipality: Town of Bloom-
field, County and State: Essex
County, State of New Jersey.
Street and Street Numbers: 47
Lake Street, Tax Lot and Block
Numbers: Lot 9, Blk. 156. Dimen-
sions: Approximately 20.0 feet x
120.0 feet x 20.0 feet x 120.0
feet. Nearest Cross Street: Ap-
proximately 170.0 feet southerly
from Crown Street.

A full legal description is
available at the Office of the
Register of Essex County in Book
4457 page 68.

The approximate amount of
the Judgment to be satisfied by
said sale is the sum of ELEVEN
THOUSAND EIGHT HUNDRED
THIRTY-SEVEN DOLLARS AND
SEVENTY-FOUR CENTS
(\$11,837.74), together with the
costs of this sale.

The Sheriff reserves the right
to adjourn the sale from time to
time as provided by law.

day of September next, at one-
thirty P.M., (Prevailing Time).

All that tract or parcel of
land, situate, lying and being in
the City of Orange in the County
of Essex in the State of New
Jersey:

BEGINNING at the southeast
corner of Tremont Avenue and
Tremont Court; thence (1) along
the easterly line of Tremont
Court, south 37 degrees 55
minutes West 55.01 feet; thence
(2) south 52 degrees 3 minutes
east 100 feet; thence (3) north 37
degrees 55 minutes east 56.93
feet to the southerly line of Tre-
mont Avenue; and thence (4)
along the same north 33 degrees
11 minutes west 100.02 feet to
the place of BEGINNING.

BEING commonly known as
654 Tremont Court and assessed as
Lot 8-V, in Block 208 on the
Orange Tax Map.

Said description being in ac-
cordance with survey made by
William Held Associates, Inc.
dated January 13, 1981.

The approximate amount of
the Judgment to be satisfied by
said sale is the sum of NINETY
NINE THOUSAND NINE
HUNDRED SEVENTY FOUR DOL-
LARS AND NINETY-EIGHT
CENTS, (\$99,974.98), together
with the costs of this sale.

The Sheriff reserves the right
to adjourn the sale from time to
time as provided by law.

SHERIFF'S SALE

SUPERIOR COURT OF NEW
JERSEY, CHANCERY DIVISION,
ESSEX COUNTY, DOCKET NO.
F-1562-81. TYONNE GOLDEN,
PLAINTIFF vs. LOUIRE HANNAH
DEFENDANTS. ORDER FOR
SALE.

By virtue of the above stated
writ of Execution, to me directed,
I shall expose for sale by Public
Auction, in SHERIFF'S OFFICE,
Essex County Courts Building in
Newark, on Tuesday, the 27th
day of September next, at one-
thirty P.M., (Prevailing Time).

KNOWN AND DESIGNATED
as Lots 7, 8, 9 in Block "A"
as shown and laid down on map
entitled "Map of Riverview, Fair-
field, Township of Caldwell, Es-
sex Co., N.J., dated July 23,
1924, made by Wm. L. Whit-
more, C.E." and filed in the
Register's Office of the County of
Essex, November 13, 1924, as
Map No. 830.

BEING premises commonly
known as 207 Little Falls Road,
Fairfield, New Jersey, and more
particularly designated as Lot 3
in Block 2411 on the Tax Maps
of the Borough of Fairfield, New
Jersey.

The said premises are the
same premises conveyed to
Leonard Holland and Elizabeth
Holland, his wife, by Deed from
James McKeown and Joyce
McKeown, his wife, dated Oc-
tober 21, 1977 and recorded
November 1, 1977 in the Essex
County Register's Office in Book
4586 of Deeds for said County
at Page 617.

The mortgage made to The
Mortgage Savings Bank was a
first purchase money mortgage.
The approximate amount of
the Judgment to be satisfied by
said sale is the sum of FORTY
FIVE THOUSAND NINE
HUNDRED FIFTY-ONE DOLLARS
AND FORTY-SEVEN CENTS
(\$45,951.47), together with the
costs of this sale.

The Sheriff reserves the right
to adjourn the sale from time to
time as provided by law.

SHERIFF'S SALE

SUPERIOR COURT OF NEW
JERSEY, CHANCERY DIVISION,
ESSEX COUNTY, DOCKET NO.
F-4351-78. UNDERWOOD
MORTGAGE & TITLE CO.,
PLAINTIFF vs. FRANK A. DIXON,
h/w, et als, DEFENDANTS. Ex-
ecution For Sale of Mortgaged
Premises.

By virtue of the above stated
writ of Execution, to me directed,
I shall expose for sale by Public
Auction, in SHERIFF'S OFFICE,
Essex County Courts Building in
Newark, on Tuesday, the 27th
day of September next, at one-
thirty P.M., (Prevailing Time).

All that tract or parcel of
land, situate, lying and being in
the City of Orange in the County
of Essex in the State of New
Jersey:

BEGINNING at a point on the
southwesterly line of Laurel
Street distant 127.26 feet
northwesterly from the intersec-
tion of the same with the north-
westerly corner of Lincoln
Avenue, running thence: (1)
South 42 degrees 30 minutes
West 80 feet to a point; thence
(2) North 47 degrees 30 minutes
West 25 feet to a point; thence
(3) North 42 degrees 30 minutes
East 80 feet to a point on the
southwesterly line of Laurel
Street, thence (4) along the same
South 47 degrees 30 minutes
East 25 feet to the point and
place of BEGINNING.

For being known on the Tax Maps
for the City of Orange as Block
202, lot 10 and commonly
known as 468 Laurel Street,
Orange, New Jersey.

THE above description being

The aforesaid description is in
accordance with a survey made
by Richlan, Lupo, & Pronesti of
Newark, New Jersey, dated
9/18/74.

Being the same premises con-
veyed to the Mortgagees herein
by deed of even date to be
recorded simultaneously
herewith in the Essex County
Register's Office from William B.
Kantor, Executor of the Estate of
Harold C. Schill.

The consideration herein men-
tioned comprising the purchase
price for the described premises
is a purchase money mortgage
and a first and prior lien on the
above described premises.
