## Kick-Off Time At 1:30 p.m.

# Buccaneers Open Season Saturday At Nutley

By Ed Capparucci

A capacity crowd is expected to jam into the Park Oval in Nutley this Saturday as the Belleville Buccaneers open their 1983 football season against crosstown rivals, the Maroon Raiders. The game is scheduled to start at 1:30 p.m.

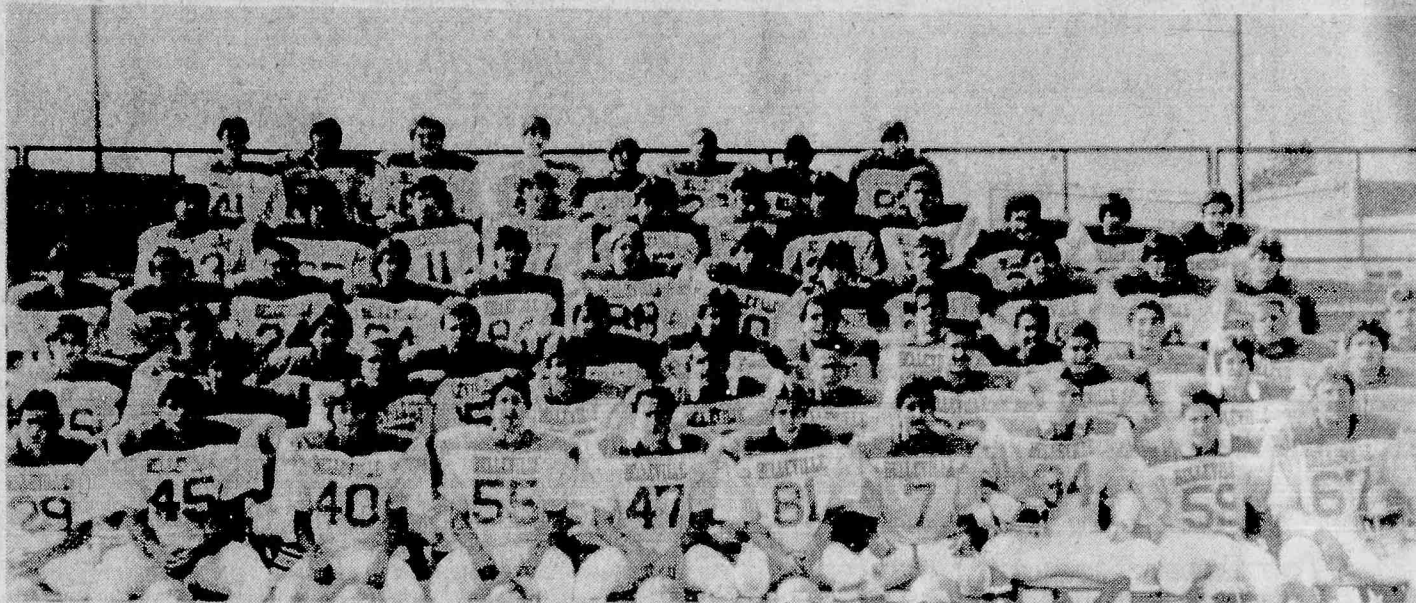

The Bucs, who reached the state playoffs last year, before being ousted by Union, will be looking to improve on their 7-2 regular season record of a year ago. Last year the Bucs defeated the Raiders at Belleville by the score of 10-3 on the running of Mike Murphy. Murphy, then a junior, broke one play from the Bucs 17-yard line last year for an 83-yard touchdown run, which proved to be the winning margin.

"You always have to be prepared whenever you play the Raiders," said John Senesky, who is starting his seventh season as the Bucs' head coach. "Nutley always has tough teams and this early in the season emotions are high and you have to make sure you rise to the occasion for a game like this. We cannot afford to make any mistakes or turnovers, or they are going to hurt us."

Murphy, who cracked the 1,000 yard mark last year, will once again be leading the Buccaneer attack. This year Murphy is 20 pounds heavier and Senesky is interested in seeing what the extra weight will do to his running ability.

"Last year Mike was a shifty runner, who used speed

(Please see 'Bucs' on page 11.)

**They're Ready** — Members of the 1983 Belleville High School football squad took out time from their daily afternoon practices for a team picture on Monday. The squad opens its nine-game season on the road against the tough Maroon Raiders of Nutley at the Park Oval in

Nutley starting at 1:30 p.m. The Bucs first three games of the season are on the road, before they come home to face Teaneck on Oct. 15. John Senesky, who is starting his seventh season as head coach of the Bucs, is very optimistic about the upcoming season.

## Children Learn to Grow and Socialize While Having Fun at Nursery School

By Linda Telesco

September may be harvest time everywhere else, but in one special Belleville orchard, autumn is the time for planting "the seeds of the future."

On Sept. 7, Happy Apple School, a new township preschool on Joralemon and New streets, opened its doors to nearly a dozen eager little scholars.

"Happy Apple School was established to provide pre-schoolers with a valuable chance to socialize with others their own age and to grow into learning, loving human beings," said the school's director and head teacher, Linda Moeller.

In fact, Moeller, a long experienced teacher, considers the chance to socialize cooperatively with other children the primary benefit of pre-school education.

With that in mind, the director hosted a day-long open house at the school, located on the lower level of Bethany Lutheran Church, in order to introduce parents, public officials, and prospective little pupils to Happy Apple.

"I believe strongly in interaction among the students and their parents," said Moeller, who posts the day's classroom activities on the classroom door for benefit of parents who come to collect their children at the day's end.

"We try to help parents continue the educational and socialization processes once they take their children home," she explained. Moeller even chats with parents suggesting topics of conversation they can initiate to reinforce the classroom lessons given that day.

"For instance, if the children learned about circular shapes, I usually have them do a project constructing circles. Then, I suggest to parents they can try to play a game on the way home by looking for circles all around them."

Presently, all the students at the school attend on a part-time basis although Moeller said full-time sessions may be established

in the future.

Students may attend either a morning or afternoon session, each lasting just under three hours. In that time, they participate in a flag salute, sing along sessions and play periods. Also, each session includes learning activities introducing children to colors, shapes, the alphabet and numbers.

Curriculum activities include painting, clay modeling, block building, free play, dramatics, simple science and more.

"Every activity actually has a learning purpose," said the cheerful teacher. "As children enjoy a watercolor session, they actually

strengthen the motor skills needed to handle the paint brush efficiently."

She notes that puppetry and dramatics are effective in helping small children to articulate their feelings.

The two classrooms at Happy Apple are so bright and cheery most of the Friday afternoon group left class very reluctantly.

A Mickey Mouse clock hangs over a toy shopping cart full of miniature grocery items. Dolls, trucks and blocks are neatly lined along the lemon-yellow walls on one side of the room. Directly across from them are shelves of storybooks, records, and a tiny

piano.

Moeller, clad in a bright green dress, sat at a little table where her charges recently had their snack of juice and crackers. "I always provide a nutritious snack," said the teacher.

A member of Bethany Lutheran Church, Moeller is a Jersey City native and holds an elementary education degree from Jersey City State College and a nursery school certificate from the state.

Previously, she was a first grade teacher in the Jersey City school system for 10 years and

(Please see 'New' on page 11.)

**School Days** — Mayor Michael Marotti was the special guest during the opening ceremonies of the Happy Apple School last week. Helping the mayor cut the ribbon with his little friends are, Rev. Michael Fonner of the Bethany Lutheran Church and Linda Moeller, the school's director.

## Junior Woman's Club Recruiting Members

The Junior Woman's Club of Belleville cordially invites women between the ages of 18 and 35 to become members of the active service organization, as the week of Sept. 19-26 has been proclaimed by Mayor Marotti as "Junior Woman's Club of Belleville Week."

Belleville Juniors are women who care enough about their community and state to give of themselves through civic, philanthropic, and social projects. Each member gives as much or as little as his own schedule permits.

For the past 12 years club members have worked with Clara Maass Hospital, the Essex County Geriatric Center, the public schools, the Belleville Public Library, and many other organizations. In addition the club has sponsored

numerous community activities including the town-wide Halloween parade, pictures with the bunny, luncheon with Santa, high school scholarships, poetry contests, puppet shows and dinner-fashion shows.

All is not work alone. Many functions are sponsored for the family such as the pot luck supper, husband-wife picnic, ice skating, apple picking, Broadway shows, and holiday parties for their children. Informative programs are hosted that reflect today's contemporary woman.

If you would like to find out more about being a Belleville Junior, plan to attend the annual membership tea on Monday, Sept. 26 at 8 p.m., 51 Rossmore Pl. For additional information, contact Georgeann Ventola, membership chairman, at 751-4975.

Wednesday, Sept. 28

## Clara Maass Hospital Offers Free Eye Testing

Clara Maass Medical Center will hold a free eye clinic to test for glaucoma and cataracts Wednesday, Sept. 28, 1-4 p.m. Participants will register in the main lobby of the hospital and be escorted to the examination site by volunteers.

This annual screening at the Belleville hospital checks general eye health and tests for any evidence of eye disease. The clinic is open to all persons over 35, who are not presently under care of an eye specialist.

Participants in the eye screening should be aware that the screening is not a complete eye examination. The testing detects many but not all abnormal conditions. If a positive diagnosis is made, treatment or follow-up by a licensed physician is recommended.

The free Clara Maass eye-screening clinic is part of a state-wide

eye health screening program sponsored by the Medical Society of New Jersey. No advance registration is necessary.

The screening will be conducted by ophthalmologists on the Clara Maass medical staff. Further information regarding the screening may be obtained by calling 450-2267.

## Chamber Holding Sidewalk Sale

The Belleville Chamber of Commerce is sponsoring its annual sidewalk sale days on Friday, Sept. 30, and Saturday, Oct. 1.

Each year the chamber hold two sidewalk sales for the pleasure of Belleville shoppers. Bargain hunting will run from 10 a.m. to 6 p.m. on both days, along Washington Avenue.

S. Thomas Aitken, chairman and president of Peoples Bank, N.A., has announced a new appointed to the

bank's board.

Donald M. Daniels, president and chief operating officer of Blue-Cross of New Jersey has been elected to serve on the board of Peoples Bank, which is located in Belleville.

## Two Residents Are Selected To DeVry Tech Honor Society

Michael A. Gilroy, son of Ms. Ann Gilroy of 675 Joralemon St., and Mark Mikowski, son of Mr. and Mrs. Stanley Mikowski of 110 Brichwood Drive, have been named to the Presidential Honor Society at the DeVry Technical Institute in Woodbridge.

To be eligible for the prestigious honor, students must have a cumulative grade point average of at least 3.5 (out of possible 4.0) after two terms of study. Gilroy, a student in the electronics technician program, has a 3.5 grade point average while Mikowski, also a student in the electronics technician program, has a 3.7 grade point average.

DeVry Technical Institute is part of the DeVry Inc. network of nine campuses that specialize in Electronics Technology and Computer Science for Business. The institutes making up the DeVry system comprise one of the largest private, technically-oriented educational organizations in the country.

Over-the-counter drugs are probably called into play more often in treating the common cold than with any other diseases. The public is asked to buy any number of treatments, all of which, are usually a combination of remedies. With these "shotgun" mixtures, it is hoped that enough cold symptoms can be dealt with so as to make life bearable again. The primary component of such cold remedies is usually an analgesic, such as aspirin, to relieve aches and pains. Secondly, an antihistamine will often be included in an attempt to relieve mucous congestion. A belladonna may be included to help reduce the dripping from mucous tissue. A decongestant can be present as well as vitamin C. None amounts to a cure for the cold but they do offer symptomatic relief.

We offer you complete prescription service at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We are Medicare and Blue Cross approved. Walkers, wheel chairs, crutches, canes and other convalescent aids are sold or rented. Our stocks also include cosmetics, toiletries and baby needs. Open: Daily 9am-10pm, Sundays 9am-9pm.

## HEALTH WISE

By Ralph J. DiMaio D.C.

Most of the significant events pertaining to the healing arts and sciences have occurred during the past three or four hundred years. The function of the heart in pumping blood was discovered by Harvey only a little over 350 years ago.

X-ray has been available to help in healing techniques for less than 100 years, as has chiropractic...one of the newest of the healing techniques to be made available for the control and treatment of human suffering.

If spinal misalignment is causing you discomfort and pain, chiropractic can help. Please for an appointment.

**Crime Watch Successful** — Belleville's Neighborhood Crime Watch program was honored by the state Assembly through a resolution responded by Assemblyman John Kelly. A framed copy of the resolution was presented to Mayor Michael Marotti during a ceremony held at Town Hall recently. From left to right are: Mayor Marotti, Assemblyman Kelly, the crime watch mascot McGruff and Belleville Chief of Police George Lister.

## Mayors Will March In Columbus Parade

Belleville Mayor Michael Marotti will join his Nutley counterpart Mayor Carmen Orechio as the grand marshals in the first Columbus Day parade to be held here Oct. 9.

The parade, sponsored and organized by the Nutley Italian-American Civic Association, will begin at Joralemon Street in Belleville and march north on Franklin Avenue to High Street. Step-off time is 1 p.m.

Ray Peccatiello, a member of the Nutley Italian-American group and chairman of the parade, reported that at least six bands will march and perform for the event. Featured in the field will be the high school marching bands of Belleville and Nutley.

The official reviewing stand for the parade will be the Nutley Savings and Loan Association Bank, located at 371 Franklin Ave.

Belleville Public Works Commissioner Joseph Grande has been asked by the Nutley association to handle details and preparations in Belleville for the parade.

"I am honored that the people in Nutley asked me to take part in organizing the parade," Grande said. "I am checking with the Board of Education from several towns to see if we can get their marching bands."

The Nutley Italian-American

Civic Association has been prompted in recent years to consider a Columbus Day Parade, similar in scope to the popular St. Patrick's Day parade run by the Nutley Irish-American Association. Usually, events of this type are expensive and involve almost continuous year-round fund raising efforts and preparations. Though the Nutley group only recently began to finalize the details of the parade, the idea caught on quickly in both townships.

"We're getting a late start and we know the parade in future years will be a lot more impressive than our first effort," Peccatiello admitted, "but we're hoping to get the entire community involved — groups from both Nutley and Belleville. We want to honor a great Italian who discovered our great country."

Those who remember their history lessons from grade school know that Christopher Columbus set sail from Spain in 1492 with three ships (the Nina, the Pinta and the Santa Maria) and discovered the New World.

## All in good taste.

## Judge Sylvia Pressler

Judge Sylvia Pressler of Englewood is a member of the Appellate Division of the New Jersey Superior Court. Her term expires Oct. 5. Gov. Thomas Kean has nominated Judge Pressler for reappointment.

State Senator Gerald Cardinale, Republican of Bergen County, has blocked Judge Pressler's reappointment. Under the rules of the New Jersey Senate, a Senator from the appointee's home county has the authority to block any appointment. Senator Cardinale charges Judge Pressler as being rude and arrogant. Renomination would result in lifetime appointment for Judge Pressler.

The competence of Judge Pressler is not in question. The record shows that Senator Gerald Cardinale, a practicing attorney, lost three cases before Judge Pressler. The suspicion persists that Republican Senator Cardinale is opposing Republican Gov. Thomas Kean's nomination for personal reasons.

Chief Justice Robert Wilentz has asked State Senate President Carmen Orechio for the opportunity to address the entire Senate on behalf of Judge Sylvia Pressler. Senator Orechio has given assurances to the Chief Justice that he will have the opportunity to plead his case before the New Jersey Senate.

Senator Orechio favors Judge Pressler's reappointment. He is also committed to do everything within his power to bring about her reappointment. The events of the next few days may well eliminate the need for Chief Justice Wilentz to make his plea.

The Pressler issue is easy to resolve. She is a super person, a super judge, and should be confirmed, come what may.

*Frank A. Orechio*

## Insurance Reform

## Too Many Lawyers

It wasn't too long ago that Governor Thomas Kean, Senate President Carmen Orechio, Assembly Speaker Alan Karcher, and Chairman of the Assembly Insurance Committee, Assemblyman Michael Adubato, met to negotiate a compromise to institute auto insurance reform.

In the compromise agreement was the inclusion of a \$1,500 threshold for filing damage suits. According to published reports — the Governor's office asked Assemblyman Michael Adubato to draft the bills required — this despite the fact that Senate President Carmen Orechio already had the Senate pass a bill and it was sitting in an Assembly committee for action.

It was Orechio's action in the Senate that triggered the need for a compromise. In the Assembly, Speaker Karcher led action which resulted in passage of an Assembly version of auto insurance reform which included an unacceptable zero base threshold for filing damage suits. This served the special interest of the trial lawyers' lobby, since last year alone negligence lawyers won more than a third of a billion dollars in "pain and suffering" awards, which eventually ended up in higher insurance premiums to all policyholders.

The stalemate triggered by Senator Orechio's bill forced Governor Kean to chair a meeting to negotiate a com-

promise, with input from the Governor's office.

The bill which the Assembly recently passed, reversed the language of the compromise and established a new threshold — down from \$200 to zero — but permitting motorists to elect to give up the right to sue unless medical bills reached \$1,500. The result of this reversal is to protect the profits of lawyers who specialize in this practice.

Orechio is strongly for and firmly committed to the \$1,500 threshold which came out of the compromise agreement — and which Orechio originally sponsored in the Senate.

The Assembly threshold joke is an insult to the intelligence of the voters — and should be righted by the Senate.

Lawyer-legislators are the legislators who have stifled true auto insurance reform. Maneuverings on auto insurance reforms proves we have too many lawyers in the legislature. They serve their colleagues' interests at the expense of taxpayers-at-large.

*Frank A. Orechio*

## Letters in Print

## Town Officials Handling Of the Clean Up Stinks

To the editor:

Taking a look back at the handling of the toxic chemical leak problem by our town officials, it becomes obvious that they have little more than contempt for the taxpayers of this town. It looks like either they just don't think we are capable of dealing with the truth or they felt compelled to cover up the malfeasance of anyone employed by the municipality because it would show how little they know about what is happening under their noses. It also shows how inept they are at handling emergency situations. The following chronological recap of their statements and actions on this matter prove the point.

On May 26, their first public statement quoted in the local press had them saying it was "not dangerous." Yet, at the same time they blocked off the street and a survey by health officials turned up 99 percent of the people surveyed complained of chemical irritant symptoms, including visible skin rashes and respiratory disorders.

At the same time they tell us they have committed \$50,000 of taxpayer money for the cleanup and removal. What they actually did was sign an open-ended contract with a firm for \$7,500 per day just to seal up the few leaking drums and complete an inventory of all the chemicals at the plant. (The firm they hired did not do chemical removal.)

On June 2, the initial number of chemical drums, 200, had now been corrected to "from 450 to 500 drums." Later, that figure grew to 600 drums. Then when the local press did some investigating, the town officials admitted to 1,006 drums of chemicals. They also said removal was going to begin at "the end of the week" according to the June 2 issue of the Belleville Times. Of course, we know that removal did not begin until August 15.

By June 9, town officials had appropriated \$250,000 to the 'cleanup' of the chemical problem.

On June 30 news reports indicated that the firm we had been paying \$7,500 per day since May 20 to do the re-packing of leaking drums and inventory of the rest, said they would sublet the removal job and it would cost us \$4,000 per day plus \$2,365 for each barrel containing materials that require further testing. Then the firm they got to do the removal said they would remove 60 percent of the 1,006 drums for a proposed fee of \$156,511 for the first phase of eight phases of open-ended charges. The remaining 40 percent of the drums, being virgin chemicals, could be sold and the purchasers would do the removal at no cost to the township. They said it would take 21 days, total cost about \$212,000.

Apparently, they finally realized the firm they had hired to do the cleanup was just a bit smarter than they, so they asked for bids on the removal job. On July 7 it was reported that a firm called Solvents For Energy of West Milford would remove all the barrels (1,006) for \$99,995 and do it in 15 working days. Applied Technology, a firm from Toms River, principal officer, Dennis Miele, said they would do the removal for \$198,000 and it would take four weeks to do it.

On July 14 it was reported that an additional \$100,000 of taxpayer money had been appropriated to the already appropriated \$250,000. Costs so far were over \$185,000 according to the town attorney. By July 28 the town attorney said the costs now exceeded \$200,000.

On August 11 it was reported that town officials were annoyed with delays in the cleanup. Delays which could have been avoided by a properly written contract. Although there were telephone calls and correspondence between Solvents For Energy attorney and the town attorney their bid was being referred to as a "mystery bid." The town attorney checked them out with the Dept. of Environmental Protection and they got an O.K. Since it wasn't reported in the press it looks like nobody bothered to check out Applied Technology with the D.E.P. I wonder why not!

Solvents For Energy were given until Wednesday, August 10, to get started. When they did not start on time, the town officials just turned the job over to the Applied Technology at almost double the price.

On August 25 we learned that the 40 percent of the 1,006 barrels, or 402 approximately, were sold for only \$2,100 to Rambach Company. According to Commissioner Pica, the removal of these virgin chemicals (not toxic waste chemicals) would cost us about 10 times

as much to remove them, or about \$21,000.

Let's apply some common sense to these events as thinking taxpayers and pose some questions that deserve some straight answers:

If we assume that the firm they contracted knew what it was doing in the first place, why couldn't they give us a definite price to do the job? Why were our town officials dumb enough to sign an open-ended contract for the job, especially when they had to know from the very beginning that it did not include total removal of the dangerous chemicals?

If we assume that the five commissioners, the town attorney, the town health officials all have two good functioning eyeballs, and the simple ability to count as high as 1,006, why did they so obviously mislead us about the total as being 200, then 250 to 300, then 450 to 500, and then finally admit the real amount? What town official who did not do his job, or who was persuaded to look the other way as these 1,006 barrels accumulated and some were being dumped in our sewer lines, were they attempting to cover up for?

Even though they attempted to disqualify the low bidder on the removal by referring to their bid as 'mysterious' and checking them out with D.E.P., why did they not rebid the job before giving it to the next highest bidder at almost double the price?

Why should it cost \$21,000 to remove approximately 402 barrels of virgin chemicals? I thought it was only the toxic chemical wastes that cost ridiculously high prices to have removed! Do you believe it cost \$400,000 to \$500,000 to remove 604 barrels of chemicals?

If the above \$21,000 cost is accurate, why then hasn't Applied Technology's price of \$198,000 been reduced by at least \$21,000 or more appropriately, by \$79,200 the equivalent of 40 percent of the barrels that no longer have to be removed by them?

Why was it reported that the original firm's removal quote had risen to over \$300,000 from the last approximate quote of some \$212,000? Was it intended to make the quote of Applied Technology at \$198,000 look more realistic when compared to Solvents For Energy's quote of \$99,995? Was this a 'sweetheart' deal?

Is this the level of competency, or should I say incompetency, that the taxpayers of Belleville must be satisfied with in their public officials? You note that I did not say 'public servants' because in my opinion the 'smell' from this chemical problem seems to say they served themselves better than they served us. Doesn't it also look like the same kind of 'service' might be involved in the garbage collection problem and the choice of location of the new public safety complex?

A sincerely concerned citizen,  
Gabriel A. Nazzola

## Recycling Plan Is Needed Here

To the editor:

If "the cost of removing Belleville's garbage is becoming exorbitant" as you state in your (Sept. 1) editorial, I can only reiterate what I set forth in my letter of March 31st. Begin immediately to recycle at least newspapers in order to reduce the total garbage load. This amounts to around 34 percent of total garbage content picked up. The township can no longer drag behind its surrounding municipalities without clarification to its taxpayers about why they are willing to pay for old papers being carted away instead of being paid for them.

Sincerely,  
Thomas Jackrell

## Mike Nardiello Thanks Friends

To the editor:

I have thanked, personally, as many well wishers as possible but to be certain that I acknowledge the many expressions of good will, I take this avenue to do so. Thank you all for being so nice to me and my family.

Most appreciatively,  
Michael Nardiello  
37 Charles St.

## Golden Comments

By James R. Golden

The September issue of the AARP News Bulletin in a front page news story captioned "Medicare Proposals Hold Up Eligibility, Boost Cost-Sharing" alerts its readers that the Social Security Advisory Council on Medicare has approved recommendation calling for more beneficiary cost-sharing under Part A hospitalization, a large increase for Part B premium covering physicians' fees, and changing eligibility age from 65 to 67.

For Part A hospital insurance, the council recommended basing benefits on a calendar year, which would eliminate the "spell of illness" concept. In each calendar year, an unlimited number of hospital days would be provided, replacing the current 90 inpatient days for each period of illness. The per-admission deductible would remain as currently computed, but would be limited to two per year.

However, beneficiary co-insurance payments equal to three percent of the deductible would be introduced for each hospital day. Currently, co-insurance is not imposed until the 60th day of hospitalization. This means that for an average hospital stay of 11 days, beneficiaries who only enroll in Part A would pay an additional \$115 per stay in 1984.

For Medicare participants in both plans, the council proposed doubling Part B premiums in order to eliminate Part A cost-sharing and put a cap on Part B beneficiary cost-sharing. The 1984 premium would double, from the currently planned \$176.40 to \$360.90 a year. Beneficiary cost-sharing under Part B would be capped at \$200 annually.

After the beneficiary's expenditures for Part B deductible (75 in 1983) and co-insurance (20 percent of the Medicare-allowed charges) reach \$200 in any one year, Medicare would then pay 100 percent of Part B approved charges instead of the customary 80 percent. However, the cap amount would not pertain to any excess charges incurred above those approved by Medicare when the physician does not accept Medicare assignment.

On top of the Part B premium increase, the council proposed a yearly surcharge of \$60 per beneficiary in order to raise revenues (an estimated \$9.3 billion over five years) for the Hospital Insurance Trust Fund. Combined with the recommended premium increase, this would raise the yearly Part B premium to \$420.90 in 1984.

Also under Part B, the council voted to propose that physicians be required to decide each year whether to always accept or never accept Medicare assignment for all patients, eliminating claim-by-claim assignment decisions. Physicians deciding to always accept assignment (participating physicians) would file an annual agreement with Medicare and have their names published in a directory for beneficiaries' use. If a beneficiary received services from a non-participating physician, all of his or her claims would be on an unassigned basis.

The AARP News Bulletin expresses AARP's concern that a significant number of beneficiaries may be unable to pay such a large Part B premium increases. If these proposals are enacted, those who could not afford the new premium would lose all of their Part B coverage and incur cost-sharing for all hospital days.

The Association noted that so far the council has done little to address the underlying problem of health care inflation, which is a prime contributor to Medicare's financial problems, and again called for action to lower the rate of increase for health services.

More than three-fourths of average Medicare expenditures are for hospital care, whose costs are projected to increase at an annual rate of 13.3 percent over the next four years.

We regard this Social Security Advisory Council proposal unconscionably inhumane and incredible, a chimerical insensate concept that displays the wanton disregard of concern for the aged sick and ill, that would unreasonably require a \$420.90 yearly payment from each Senior Citizen to participate in Medicare Part B coverage...this amount presumably to be deducted from the monthly Social Security checks of such beneficiaries over the age of 67, as this council proposes.

Were this to be the case, a bit more than \$35 would be deducted from each month's Social Security check of a beneficiary who participated in Medicare Part B. That would be a "big bite" for most on Social Security. It is a small wonder that AARP is concerned.

If there ever was a time for Senior Citizens to write their Congress persons, the time is NOW. Let them know just how badly this proposed Medicare change will affect your living and health care conditions. Tell them what you want them to do about these ridiculously outrageous proposals.

# Township Bulletin Board

(Items for the Belleville Bulletin Board may be sent to P.O. 56, Belleville, N.J., dropped off at 800 Bloomfield Ave., Nutley, or telephoned to the Times/News at 759-3200. ## Faith Lecture Series Begun At St. Mary's

What is happening to the institution of marriage? Have social attitudes toward it changed? These are just some of the questions addressed in "Marriage", a two part series which inaugurated St. Mary's 1983-84 adult education program last week.

Presented by Father Robert Miller of the Matrimonial Tribunal of the Newark Archdiocese, the discussion of marriage will continue next Tuesday in St. Mary's School Hall at 7:30 p.m.

"Each part of this series is self-contained," said Father Miller. "So people who missed Part 1 will still hopefully find much of interest in Part 2. We will have a discussion period following my talk."

Father Miller, who holds a doctorate in canon law from Catholic University, also was educated at Gregorian University in Italy and Immaculate Conception Seminary after graduating from Seton Hall with a B.A. degree in 1968. He was ordained in 1972.

Born in Jersey City, he received his early education in parochial schools in the area.

Lectures in the series, which is entitled "Growing in Faith," will be held each month through June of 1984 with the exception of December. Most of the programs will be held in St. Mary's School Hall and will begin at 7:30 p.m.

The series is being presented by St. Mary's Education Committee of which Eileen Dingman is chairperson. A donation of \$2 per person to cover the cost of refreshments and help defray expenses of the speakers will be charged for each lecture attended. For information, call St. Mary's Rectory at 235-1100.

Doreen Berardi

## Doreen A. Berardi, Steven Ragucci Plan Wedding Next Year

Mrs. Carmella Berardi of 487 Joralemon St. announces the engagement of her daughter, Doreen Ann, to Steven Ragucci, son of Mrs. Genevieve Ragucci of Bloomfield.

The troth was made known July 21 and the wedding will be held Sept. 29, 1984.

Miss Berardi, an alumna of Bloomfield High School, is a secretary at Seven-Up Co. of Essex Inc., Belleville.

Mr. Ragucci also attended Bloomfield High School and is a construction worker.

## Seems Like Only Yesterday...

# School Trustees Approve Dual Control; Hickey Named Public Library Director

### Thirty Years Ago

The Board of Education held a special meeting to take steps to advance the date of the proposed referendum on a new high school, so the voting process could take place before the end of the year. The board scheduled three meetings for the next week in an effort to speed up the referendum vote. The first meeting would be with Jerry Lepre to discuss the purchase of the land-locked property owned by Lepre, adjacent to the town-owned bog area, which is the selected site of the new school. The second meeting was scheduled with Superintendent of Schools Evan H. Thomas to discuss features which are to be incorporated into the building plans. The final meeting was set with the engineer to discuss details and sketches of the project.

Residents of the Beech Street, Bremond Street and Linden Avenue intersection, in the housing development built on the Riviera Park

property, asked the Town Commissioners for help in preventing children from using their property as a shortcut to go to School 5. The homeowners told the Town Fathers that more than 50 children use the shortcut each school day. They also requested the town erect fences to prevent the trespassing. The town attorney said he would look into the matter.

### Twenty Years Ago

Dual control administration of Belleville schools was returned at a stormy session of the Board of Education, which passed the proposal by a 4-3 vote. The proposal was offered by Ernest Arvidson, creating the position of business administrator and passed by the board after hours of debate and protest by citizens. Voting for the dual control were, Arvidson, Nicholas Juliano, Frank Di Rugiero and Arthur Pico. Voting for the present system of unit control of

schools — established in 1956, subsequent to the Essex County Grand Jury presentment of 1954 — under which the superintendent of schools became the executive head of the school system were, Richard Drake, George Brown and Norma McCoil.

The Town Council discussed proposing a resolution to create a civil rights commission for Belleville. Sponsored by Commissioner George Addonizio, the resolution was placed on the October agenda for a vote. Addonizio said he sponsored the resolution because he believes the town should encourage and bring about mutual understanding and respect by all racial, religious and ethnic groups in town to eliminate prejudice, intolerance, discrimination and disorder and help give effect to the guarantee of equal rights for all as assured by the constitution of the United States.

Eight candidates will be on the November ballot seeking the vacant town council seat. The candidates are: Frank Scarelli Jr., Bernard O'Connor, Patrick Greco, Peter Paglia, Joseph Sooy, Michael Maglio, Thomas Colotrella and Nuncio Pico.

### Ten Years Ago

Gerard Hickey was appointed as director of the Belleville Public Library this week. Hickey replaced Ben Grimm, who resigned the post last October to become the director of the Jersey City Public Library. Hickey had been serving as the director since Grimm's resignation and before that served as assistant director since 1969. Hickey said he is developing some fresh approaches to the institution's functions. "One of the things I would like to see here would be a bookmobile. I am con-

sidering presenting the idea to the library's board of directors."

A lone gunman fled First DeWitt Savings and Loan on Washington Avenue with \$1,500 in cash following a mid-day robbery. Police said they were on the trail of the bandit who walked up to a female teller, displayed a gun and passed a note demanding cash. Leaving the scene in a stolen car, the thief eluded police on foot after abandoning the car on Passaic Avenue.

To continue a good man in office we need your help. Volunteers are urged to call or visit headquarters, One Town Hall Square, Nutley - Phone 661-4800 - Every Day - 1 P.M. to 9 P.M.

Paid for by Carmen O'Rechio Campaign Committee, Joe Thor, Treas.

### People-to-People Service

"We want to talk to you!"

PSE&G Speakers Bureau

We'd like you to know more  
about the energy issues that  
affect your daily life.

It all sounds fascinating, and it is. And our speakers are seasoned PSE&G experts who live their presentations with lucid audio-visual aids that add clarity to their talks.

### That's people-to-people service

It's easy to book a speaker. Just fill out the coupon and we'll send you a brochure describing our programs. Or, if you'd like to hear about a particular topic, call Debbie Brooks at 201-430-5862, and talk it over.

We want to keep you informed on how to use energy wisely, too. Look for our "Seal-Up and Save" energy conservation messages with your bill or in your local newspapers.

There's a lot going on in the energy field today. A lot of information to sift through. And in a fast-paced world, sometimes it's even difficult to determine which is the question and which is the answer.

### If you have the time, we have the topic

Our 100-member volunteer PSE&G Speakers Bureau can shed some light on energy-related subjects for your group or organization. They can give you up-to-date information on a wealth of very current topics. Want to know more about nuclear energy? Maybe you're wondering about how we're going to meet future energy needs? How will the environment be affected? Can solar become a practical energy alternative? Are we in danger of the lights going out?

### We'll suit your needs

If you want a specific topic covered to answer an individual need, we'll be happy to work with you to provide the information you want.

I would like to receive a copy of the  
PSE&G Speakers Bureau brochure

# Compare these prices with any supermarket in town.

This free book shows you that Grand Union dropped its prices to match the lowest price supermarket chain in your community, which is Pathmark.

**Forever.**

**No matter how low.**

If Pathmark lowers its regular prices, Grand Union will respond by matching them. If Pathmark lowers prices again, so will Grand Union. And Grand Union will keep its prices competitively low.

**YOU'LL HELP BY TELLING YOUR GRAND UNION MANAGER.**

If you see any Grand Union regular prices higher than the lowest price supermarket chain, go to your Grand Union store manager and tell him. He will call our price control center for verification that it's a regular price (not a special).

When it's verified we will lower our shelf price and post it in the store—but give us a little time for the Grand Union Consumer Price Finder to catch up.

Remember Grand Union will still have weekly Red Dot specials well below the prices in this book. Perishables and items that may change erratically are not in this book.

**Grand Union is changing.**

# You won't find Red Dot Specials in our Price Finder Booklet. But you'll find 300 of them in the store.

HERE ARE JUST A FEW:

Light n' Lively or Small or Large Curd

## Sealtest Cottage Cheese

# Knights of Columbus Plan Council Picnic

Belleville Knights of Columbus Council 835 will hold its family picnic on Sunday, Sept. 25 from noon until 6 p.m., at the Livingston Council 3533 private picnic grounds behind the council hall located at 299 Eisenhower Parkway in Livingston. The picnic will take place rain or shine.

Food, beer, soda and activities for the adults and the children will be available. The menu will be hot dogs, hamburgers, sausage, corn on the cob, beans, watermelon, cake, coffee, bread and rolls. Activities will include tug of war, darts, basketball, volleyball, touch football and horseshoes.

For tickets see chairman Jim Kiernan, Joe Jarman, Jim McConnon or Joe Corris. Prices of tickets are \$7.50, 16 years old and up; \$3.50, seven years of age to 15 years; and children under six are free.

To get to the Livingston Council picnic grounds, take the Parkway south to exit 145 (Central Avenue and Route 280), take Route 280 west to exit 4A (Eisenhower Parkway Chatham South) for two miles. The council hall will be on the right side next to Veteran of Foreign Wars Hall. Parking is available on the Livingston Council grounds.

# Chemical Clean Up Funds Approved by the Governor

Legislation sponsored by Senate President Carmen A. Orechio (D-Essex) and Assemblyman Buddy Fortunato (D-Essex) to appropriate \$250,000 to cleanup the hazardous and toxic waste materials at the Organic-Inorganic Company on Main Street was signed into law by Gov. Thomas H. Kean last week.

"The \$250,000. grant slated for Belleville will assist in defraying the costs of cleaning up and removing 1,006 barrels of chemicals at the spill site located in and around the Organic-Inorganic Plant," Orechio said.

"Once the spill was discovered, I immediately called for and received swift emergency action from both houses of the Legislature to appropriate money to cleanup the site," Orechio said. "I urged Gov. Kean to expeditiously sign this bill in order to alleviate the financial burden which was placed on the citizens of Belleville."

"The cost for cleaning up the Belleville site is a relatively small price tag to pay compared to the recent large sums of money being spent for the removal of dioxin from contamination sites around New Jersey," Orechio stated.

"The people and officials of Belleville should be pleased and relieved that the expenses incurred in the removal, cleanup and inspection of the site will not be borne by them," Orechio stated. "Hopefully, for the residents who live, work and attend school in the area of the spill this is the final resolution of a nagging problem which has concerned us all."

# Marotti Group Is Hosting Fish Dinner

Lydia Salzano, president of the Michael V. Marotti Civic Association announced the organization's second annual fish fry will be held on Thursday, September 22 at the Amvets, 100 Newark Ave., starting at 7 p.m. Edith De Feo is chairperson of this very enjoyable event.

The cost per person will be \$7.50 and tickets may be purchased from Lydia Salzano by calling 759-2897.

# You can't grow grass without grass seed!

All lawns need an annual program of lawn care and every program must contain both granular and spray. Some chemicals work better when applied in a granular form, and others, like weed controls and post emergent crab grass controls, work better in a liquid form. All lawns also require periodic aeration and seed, but only Lawn King gives all these via **LAWN COMBINE & SPRAY — THE BETTER WAY! WE KNOW IT'S THE ONLY WAY!!!**

## LAWN KING ANNUAL PROGRAM

1. Power Aeration Power Rolling Balanced Fertilization Broadleaf Weed Control Fungus Control Pre-Emergent Crabgrass Control Pelletized Lime.	2. Balanced Fertilization Broadleaf Weed Control Fungus Control Chinch Bug Control Grub Control (Liquid)	3. Balanced Fertilization Broadleaf Weed Control Fungus Control Chinch Bug Control Sod Webworm Control Mullein (Micronutrients) Grub Control (Liquid)	4. Power Aeration & Rolling Balanced Fertilization Broadleaf Weed Control Fungus Control Post-Emergent Crabgrass Control Seed Pelletized Lime.	5. Balanced Fertilization (Extra Heavy Rate) Pelletized Lime.
---	--	---	---	---

We are chemical applicators, not miracle workers. We know what your lawn needs and when it needs it. What you see in the program, is what you get. Top quality chemicals and seed — only the best — that's all we use. There's no such thing as specially formulated for drought.

Aeration, seed and lime are part of our program. Fungus controls and grub controls have always been part of our program — not options at extra cost when you need them. By the time you know you need them it's too late anyway. No slopes please. If we can't aerate twice a year we can't help you.

Someone will call to discuss the lawn with you. There's a one time charge if you need any extras like a preparatory service, extra seed or additional lime. We'll tell you what you need. We may not be the cheapest lawn service around but we are the only ones who give your lawn everything it needs at a price you can afford to pay. You can figure your costs from the chart below. No contracts to sign, no guarantees, no promises, no slopes, and no nonsense. Pay from service to service or prepay for the year and we'll give you a 5% discount too!

If you compare our program and prices with any other company, you'll find that either they are charging too much, or we are not charging enough! Look at it real close and you may even arrive at the conclusion that not only is it better to do business with us — it's cheaper too!

# Lawn King

# Bucs Open Season On Saturday Away

(Continued from page one.)

and power to break tackles," said Senesky. "This year during the scrimmage games he has been running over people instead of around. He has become a totally different type of runner for us this year."

At the quarterback position there are two candidates fighting for the job. Senior Frank Zangari and junior Mark Walsh. While both saw little varsity action last year, as John Borello ran the show, Senesky is confident they will do the job.

"Both have been demonstrating that they can do a lot of different things during the scrimmage games we have had," said Senesky. "Neither of them saw much action last year and therefore it is harder to make a decision."

Senesky described Walsh as possessing a strong arm and good size. "He is tall and can see over the line, which is always important," said Senesky. "Frank is not as tall, but he is a good ball handler and he is a smart kid. They are both smart kids and they will do the job."

Senesky has 12 returning lettermen this year, including eight starters from the 1982 squad. But the

coach is concerned with the inexperience of most of the players.

"We have quite a few players returning this year," he said, "but many are inexperienced and have seen little or no varsity action. During our scrimmages I have seen a lot of good things and a lot of things which I could be happier about. During the scrimmages we have been our own worst enemy, by turning over the ball a lot. That is something which will have to change."

The Bucs open the season with three away games. After Nutley on Saturday, the Bucs travel to Bloomfield on Oct. 1 and then on to Montclair, Oct. 8. The Buccaneers are then home for games against Teaneck on Oct. 15 and Ridgewood on Oct. 22. The final away game of the season is against Passaic on Oct. 29 and then the Bucs are home for the final three games of the season, St. Joseph on Nov. 5, Hackensack on Nov. 12 and Kearny on Thanksgiving Day, Nov. 24. All games start at 1:30 p.m., with the exception of the St. Joseph game which will take place at Municipal Stadium starting at 7:30 p.m. It is the only night contest of the year for Belleville.

## New Nursery School Opens Its Doors Here

(Continued from page one.)

later worked for two years as the head teacher of a private nursery school in that city.

She now resides in Belleville with her husband, Joseph, who is a dean at Stevens Institute of Technology in Jersey City.

With a wealth of experience to draw on, Moeller said she thinks children today are much more advanced than in past days.

"We find children moving faster and faster today. A good pre-school will prepare a child for kindergarten learning while also teaching independence, self con-

fidence, and responsibility," said the director.

Moeller heads the instruction at Happy Apple with assistance from a pool of aides. Students must range from two-and-a-half to five years old and must be toilet trained.

Happy Apple operates Monday through Friday from 7:45 a.m. to 5:30 p.m. with partial schedules available. Tuition ranges from \$45 weekly to \$40 monthly depending on the number of days the student is enrolled.

For further information call Moeller at 751-0633.

## Friends of Public Library Holding Meeting Sept. 22

The Friends of the Belleville Library will meet at 7:30 p.m. on Sept. 22 in the meeting room of the library, 221 Washington Ave.

Plans for the coming year will be discussed. David Bryant, the new director of the library, will speak

about his plans for the library.

A craft sale, bake sale, and book sale will be held on Saturday, Oct. 22. Those who wish to donate crafts, books, or baked goods are urged to bring them to the library.

# Belleville Times SPORTS

**Senesky, Grippaldi, Naturale, Iacullo and Cervasio Being Honored**

## Five Athletes Being Inducted in Hall of Fame

The Belleville Athletic Council and Hall of Fame Committee will induct five new members into the Belleville Hall of Fame on Friday night, during a dinner at the Branch Brook Manor.

The five inductees will be honored in two categories, special group and athletes.

Being honored in the special group are John Senesky and Phil Grippaldi. The three remaining men will be honored as athletes: William Naturale, Joseph Cervasio and Alexander Iacullo, all for their high school football performances.

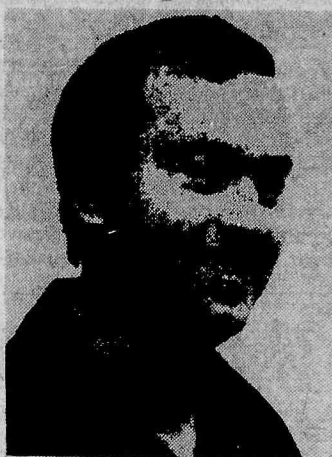

Senesky, who graduated from Belleville High School in 1964, is now head coach of the high school football team, a post he took over in 1977. Since taking over as the team's head coach, Senesky has led the Bucs to a 40-15-1 record, including several appearances in the state playoffs.

Senesky was a letterman in both football and baseball during his high school playing career. In 1968 he took over as coach of the freshman football squad. He also served as head coach for the junior varsity team starting in 1973.

"The thing about coaching where you went to school is that it keeps you feeling young," Senesky said. "You feel like you never stopped going to high school. I love Belleville and coaching football and I hope to continue for some time."

Joseph Cervasio attended Belleville High School from 1961 to 1964, playing football, basketball and baseball. He lettered in football for three seasons and lettered in baseball for four, serving as the co-captain in his senior year.

Cervasio's biggest thrill in his high school career came during the

John Senesky

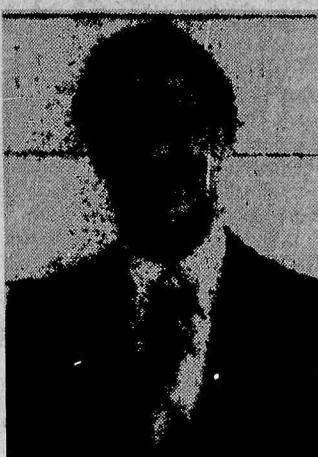

opening game of his senior year, when the Bucs defeated East Orange — then a major rival — for the first time in 20 years.

"East Orange had just won two consecutive Star-Ledger trophies and were heavily favored to win," he said. "It was a hot day and we pulled off a great upset victory, beating them 14-7."

Cervasio later attended Cornell University where he played football for four years, including three years of varsity as a running back and kick-off specialist.

"Being elected to the Belleville Hall of Fame is sort of like the last chapter of my high school experiences, and it is a great way to end a career," he said.

Alex Iacullo played for Belleville High School from 1958 to 1962, including three years on the varsity squad as a center and linebacker. He

William Naturale

also played for the track team, participating in the shot put event.

"When I was going to school the Nutley and Bloomfield rivalry was always the biggest," he said. "We also played the Newark school back then and we had some exciting games."

"I am tickled pink to be named to the Belleville Hall of Fame," he continued. "When you think about all the great athletes who came out of that school, you know it is a thrill to be named to the Hall."

Bill Naturale attended Belleville High School from 1943 to 1947 playing on the football squad as an offensive end and defensive halfback in his third year. In his final year at BHS he played wingback and safety.

"My biggest thrill was in 1944 when we started playing Nutley again. There had been a 20-year lay-off and the two towns were excited about the teams meeting once

Phil Grippaldi

again," he said. "It was a muddy field and a close game, but we won by a score of 7-6."

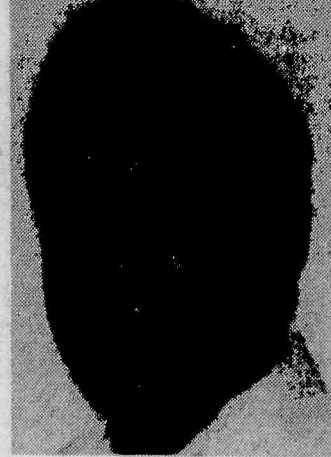

Naturale says he still attends Buc football games whenever he gets chance.

"I have always been and will always be a Belleville sports fan," he said. "I follow the girls' softball team, the basketball squad and all the other teams as well. Belleville has turned out some fine athletes over the years."

The final inductee to the hall of fame is Phil Grippaldi, who is a world class weightlifter and olympic competitor.

Lenny Luongo, a former Belleville High School sports star will serve as guest speaker during the dinner on Friday.

Tickets are still available and can be purchased by calling Russ Pagano at 751-0668 or James Silvestri at 751-1554.

Alexander Iacullo

Joseph Cervasio

### Times Flashback

## Runners Place Fifth During Big 10 Race

November 1, 1973

Assuring itself of its first winning season in seven years by defeating East Orange, 25-32, Belleville's Cross Country team traveled to Branch Brook Park where they took fifth place in the Big 10 Conference race.

On Tuesday, the Bellboys conclude their 1973 season when they wrap things up against Passaic on the Indian home course. The finale will begin at 3:45 p.m.

The trip to Watsessing Park in

East Orange was very important. The team had just lost twice to Bloomfield and Nutley and the winning season was fast in fading. A big race was really needed at this time and they got it. The beginning of the race was not too promising as the entire East Orange team sprinted out. However, during the course of the 3.2 mile run, things straightened out for Belleville. The race for first was again, very exciting. With three quarters of a mile to go, Bill Goodwin, who was running with an injured knee, appeared about even with Brian Miller of East Orange.

This did not appear good for Belleville because "Goody" was running hurt and Miller was noted to have an excellent finishing kick. But it appeared that Goodwin's finish was far superior as he left Miller behind to win at 17:31.

Miller trudged in at 17:50, good for second. Nelson Seda and Jim Beck were third and fourth to again finish together with times of 18:12 and 18:33. Fifth, sixth and seventh belonged to Terrell Rogers, John Powers and Dana Pond of East Orange as the Panthers ran times of 18:40, 18:54 and 18:55. From eighth to 18th positions, everyone was from Belleville.

Walt Siubus, Doug Wamsley, Steve Budrick, Mike Fortino and Steve Dyba were in at times of 19:08, 19:17, 19:21, 19:53 and 20:19.

Pete Fitzpatrick, Kevin Bradley, Tom Coughlin, John Matera, Jim Kosloka, and Dom Mobilio were next in times ranging from 20:40 to 22:07. Kevin Boone interrupted the Belleville string by placing 19th, but "Joltin" Joe Vincenti came around in last at 25:31. Belleville upped their record to 7-5 while East Orange dropped to 4-6.

The race was a perfect tuneup for the illustrious Big 10 competition. Each team was allowed to enter

(Please see 'Runners' on page 14.)

## Cross Country Squad Seeks Winning Trail

The exhausting sport of cross country is alive and kicking at Belleville High School in 1983 and a few new changes should make the season a new adventure.

The Bucs opened the season on Sept. 20 with an away match against Ridgewood. The club has some returning athletes who should fare well individually, but as a team, the Bucs are young, inexperienced and will have some problems with the tough schedule.

As mentioned, there are some changes in this year's team. First off, there is a new head coach, John Tosado. It's a familiar name because Tosado is the head coach of the outdoor track team and has been running the indoor show since the winter of 1982. He is familiar with the athletes, the workouts and although he is a rookie coach in cross country, he brings a good deal of experience.

The second item is worth noting. The Bucs will no longer run their home matches at Belleville Park, the site of so many great races of the past. Instead, Belleville will compete at Nutley Park and share the course with its cross town rival, Nutley High. How does the coach feel about the change?

"I have no complaints about that," said Tosado. "We're starting our training there and getting used to the course. It's a little longer than ours at Belleville but it doesn't have the hills that our course had."

Indeed, if you're familiar with the course at Belleville Park, then you know that there are two hills at the end of the mile loop that are devastating, especially at the end of a 2.95 mile race. The course at Nutley does feature some hills, but not as steep as those that terrorized the runners at Belleville through the years.

Returning to the club for the 1983 campaign are juniors Ross De Meo, Bob Hutchinson and senior Patty Bliss. De Meo has the potential, and has displayed at times to be an awesome runner. He trained a good part of this summer with former BHS star Dana Caruso, now a fine runner at Montclair State College, and appears in excellent shape. His problems have been staying healthy and avoiding bad colds which last year developed into pneumonia. Should he stay healthy, De Meo

could be a top runner in the NNJIL.

Hutchinson has made a strong bid to make noise in the conference. During the summer he attended a cross country camp at Bucknell University and has looked excellent in workouts. If De Meo and Hutchinson continue to work hard and stay healthy, the Bucs will present a more than formidable front line.

The problem lies with depth and sophomore Anthony Betta and seniors Dennis Bogden and Timmy Daudelin will try and help there.

Bliss should be one of the top female harriers in Essex County. She's been running hard since her freshman campaign and will provide leadership and experience to this club. Unlike previous seasons, there has not been a good turnout in the girls' section, but Tosado is still hoping for more athletes to compete this season.

There is some promise on the cinders at BHS and the athletes are striving to improve their performances and prepare for the tough schedule ahead.

## Worley's Wizards Expect Another Winning Year

Last year, they earned the nickname, "Worley's Wizard's" and rolled on to their first winning season in school history.

This year, Worley's Wizards return once more and the feeling around the school is that the team is quite capable of repeating its 1982 heroics. Worley's Wizards are the Belleville volleyball team and in 1982 were good enough to post a 14-4 record, good for second place in the NNJIL, losing the conference game by one game.

This season, the club mentor, Grace Worley, is quite optimistic that her team can repeat the magic. "I think we're going to have a good year," said Worley. "We have three starters back from last year and had our best turnout."

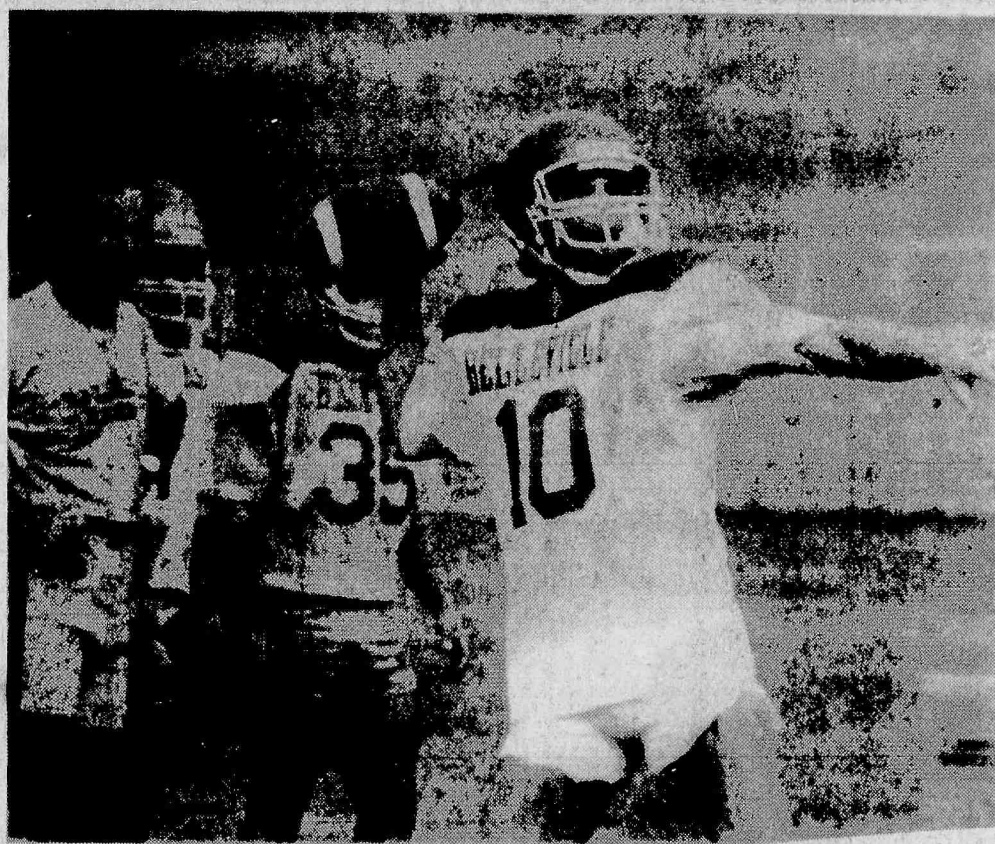

The girls had 23 athletes try out for the squad and outside of three players, the varsity lineup is a bit

shuffled now. There are five players vying for three varsity positions. "It's just a matter of who works the hardest," said Worley referring to the three vacant positions. "We have some good athletes, the competition should be strong."

Back for their senior seasons are Faith Adams and Tracy Buono. Junior Debbie Worley begins her third season of varsity competition. Adams has been a varsity player for four years and is tough on the line. She is a solid, all around player and gets the job done.

Buono, a stalwart catcher for the champion softball squad in 1983, is back for her second-year of varsity competition. An excellent athlete, she stepped right into the varsity last year and made an immediate impact. She is very strong, has an excellent

(Please see 'Worley' on page 14.)

**Practice, Practice, Practice** — Mark Walsh goes back to pass during a Belleville High School practice session last week. Walsh, a junior, and Frank Zangari, as senior, are competing for the quarterback job. The team opens its season Saturday at Nutley.

## Gymnastic Squad is Looking For Winning Ways This Year

Now in its fourth year of varsity competition, the Belleville gymnastics team is ready to make some noise.

The girls were scheduled to open their season on Sept. 20 with a match in Kearny and coach Carol Giuffrida expects a tough outing.

"They're going to be gunning for us," she said. "Last year, we beat them in a close match and both teams have improved. I like our girls chances, they have showed a lot of improvement."

First off, there are six new girls to add to four experienced letterwomen. Returning from last year's squad is senior Laura Cairo, juniors Linda Wujack and Gina Lemongello and

senior Debbie Classer. Sophomore Jill Lillis is back for her second season and should fill in very well.

The key to the team's success lies with Cairo. The senior was the top scorer on the 1982 club and has been impressive in practice. "She's the key to the club," said Giuffrida. "She did a nice job for us last year and should be better this season."

Glasser showed marked improvement in 1982 and will be a vital link to the team's success. Wujack and Lemongello also were impressive last year and with a new season, optimism is high.

"There's more confidence on the team," said Giuffrida. "That's the most important thing. The girls believe they can do a good job and

with new equipment this year, the feeling is good."

The rules in gymnastics are four events with four girls in each event. The events are floor exercises, horse, balance beam and parallel bars. Over the last three seasons, Belleville's strongest event has been the floor exercise and this year, Giuffrida is optimistic about the balance beam.

"The girls are working hard in that department. They're trying some new tricks and look pretty good," she said.

All in all, the optimism is high and the season is rapidly approaching. With confidence, experience and poise to go along with good coaching, the 1983 season could be a big surprise for Belleville.

## Heard At Ringside

By Steve Frank

Middleweight champion of New Jersey, Bobby Czyz of Wanaque, upped his pro record to 21-1 with 16 KOs by a KO victory over Bert Lee of Huntington Beach, Calif. at Las Vegas on Sept. 8, when the referee stopped the fight in the 2nd-rd. Czyz is one of New Jersey's most popular fighters. A graduate of Lakeland Regional High School as a straight "A" student. He is the former National Junior Olympic boxing bronze medalist. Bobby was three-time N.J., Middle Atlantic and North American Junior Olympic titleholder. His amateur record was 24-2. On June 18, 1981, Czyz KO'd Newark's Reggie Amin Muhammad, formerly Reggie Jones in the 7th round to win the New Jersey middleweight title. His only loss was to veteran Mustafa Hamsho. Manager Lou Duva and trainer Tommy Parks expect to bring the best out of Czyz to a possible world of championship.

Dave Wolfe, manager of WBA lightweight champion Ray "Boom Boom" Mancini, reported on Wednesday he had agreed for Ray to fight Bobby Chacon on Nov. 26. We have received "a huge offer" for a clash with Hector Camacho and a Long Island promoter is "talking \$3 million" for a Mancini-Howard Davis, Jr. scrap. Wolfe didn't mention it, but Aaron Pryor said he would like to fight his fellow Ohioan, Mancini.

Stuntman, boxer, trainer and former manager, Sonny Shields of North Hollywood, Calif. has received his California boxing license at age 48. He is scheduled to trade punches with Wingo Garcia, 25, later in September. Sonny has not fought in 15 years, has been close to boxing while acting as manager, trainer and sparring partner to son, former welterweight contender for 10-years. Now retired. Randy Shields will not manage his father.

The Medical Aspects of Boxing Safety is the topic of a symposium sponsored by the United Hospitals Medical Center and scheduled to be held at the Meadows Sports Complex in East Rutherford, Thursday, Sept. 29. Dr. Max M. Novich, director of the hospital's department of sport's medicine and president of the Association of Ringside Physicians, will chair the program. The program will address a number of diverse boxing issues.

Promoter Don King called a press conference at Sardi's in New York City, Tuesday, and it was an angry King responding to charges he had coerced WBC featherweight champion Juan La Porte into signing a contract to fight challenger Wilfredo Gomez for \$1 million. The aroused King then said he is: 1) Withdrawing the \$1 million offer that La Porte did come to King for help and did indeed sign. 2) Seriously considering filing for defamation of character against La Porte, his manager Howie Albert, as well as Madison Square Garden and Paul Guez. 3) Seek saction for Gomez-Hector "The Clutton" Camacho featherweight title fight.

Alexis Arguello and Aaron Pryor both expressed that they may retire after recent title fight. Arguello, a native of Nicaragua who now resides in King's Island, Florida, has mentioned many times about retiring in December. I believe him. Pryor, we have doubts, with his high-flying lifestyle, the money he spent for lawyers to fight his many court duels and his wife running our on him with a good slice of their cash. We don't think he can afford to retire.

"Winning the WBC bantamweight title that I wanted so much now means little to me now," Alberto Davila said from his Pomona, Calif. home, Tuesday. His opponent, Kiko Bejines of Mexico, died Sunday morning from head injuries suffered in the bout that ended with a 12-round knockout. "The title is a hollow prize. I really can't celebrate the victory," Davila added.

Publist Jim Taylor informs that boxing will resume Tues., Sept. 20 after an absence of one week at Atlantic City's Tropicana. The feature bout will have Mark Frazie of Florida and Carl Jones of California in a battle of "hot" middleweight prospects. Tues. Sept. 27, featherweight contender Carmelo Negrón of New York will mix it with veteran Gerald Hayes of Newark. Both bouts are scheduled for 10-rounds or less. Don Elbaum and Ted Menas are co-promoters at The Trop.

Muhammad Ali, who we see on TV killing roaches, has lent his name to a new company, Muhammad Ali Arcades International. The company plans to operate video arcade game centers in the New York and Chicago metropolitan areas.

Las Vegas, Nev., Caesar's Palace, Friday, Sept. 9: Aaron Pryor, 140, of Cincinnati, Ohio, retained his WBC junior welterweight title by stopping Alexis Arguello, 140, of Nicaragua, now of King's Island, Fla., in the 10th rds. over Cornelius Bozo-Edwards, 130½, of Las Vegas, Nev.; Bobby Czyz, 162½, of Wanaque. WKO in 2nd rd. over Bert Lee, 162½, of Huntington Beach, Calif.; Heavyweight Carl Williams of White Plains, N.Y. WKO in fourth round over Percell Davis of Santa Monica, Calif.; Middleweight Darryl Chambers of Detroit W-Dec. in 10 rounds over Lamont Haithcoach of Irvington.

At Madison Square Garden in conjunction with the closed circuit showing of the Pryor-Arguello fight: Light heavyweight Matthew Saad Muhammad of Philadelphia WKP in tenth round over Larry Davis of Plainfield; Junior middleweight Mark Medal of Jersey City WKO is eight rounds over Freddie Boynton of Red Bank.

Westchester Community Center, White Plains, N.Y., also live in conjunction with closed-circuit: Middleweight Dough DeWitt of Yonkers, N.Y. WKO in fourth round over Hector Rosario of New York City.

Atlantic City, Harrah's Circus Tent, Saturday, Sept. 10: WBC heavyweight champion Larry Holmes of Easton, Pa. WKO at 1:28 of fifth round over Scott Frank of Oakland; Welterweight Lupe Aquino, of Mexico, now of Santa Paula, Calif. WTKO at 1:52 of fifth round over Steve Hearon of Houston, Texas; Light heavyweight Mike Fisher of East Orange, N.J. W-Dec. in 4-rds. over Robert McConnell of Washington, D.C.; Heavyweight Jimmy Clark of Coatesville, Pa., WKO at 2:21 of first round over Art Houk of Minneapolis, Minn.; Junior middleweight Freddie Hutchinson of Stockton, WKO in 9th-rd. over Kirkland Laing of London, England.

Trevor Berbick of Halifax successfully defended the Canadian heavyweight title by knocking out Ken Lakusta of Edmonton in the 10th-round, at Edmonton, Canada, Friday.

Johnny Ciarcia sold his pizza parlor that was located in New York City's "Little Italy" on Mulberry Street, north of Canal Street. Ciarcia will devote more time with his fight promotions. He had promoted at different locations throughout the Metropolitan area.

## NFL Report

# Jets Continuing Their Early Slump As Giants Continue The Turnovers

By Ed Capparucci

After just three weeks of professional football, fans in the New York and New Jersey area should take another hard look at NFL franchises.

Before the start of the season almost everyone had the Jets destined for the Super Bowl, but instead, the boys from Flushing may find themselves fighting just to reach the playoffs. While on the other side of the river, the Giants are proving to their fans that once again the team may have been over-rated and not ready to contend with the big guys.

For three quarters last Sunday the Giants played their hearts out in the not-so-friendly confines of Arlington, Texas. But then lightning struck — twice, as the Giants made two critical turnovers and the Dallas Cowboys rode to an easy 28-13 victory, thus dropping the Jersey boys to 1-2.

Meanwhile up in the New England area, the Jets found themselves being totally dominated by the Patriots' no-name defensive unit and an offensive unit which ran

the Jets into the ground. While New York did not make the critical turnovers which hurt the Giants, Todd and Company found themselves having trouble moving the ball against the pesky Patriots.

So both area teams find themselves with 1-2 records and the road to the playoffs is looking bumper and bumper all the time.

Mike Lamberti is on vacation this week in beautiful California, so this week I will take a shot at selecting the next week's winners. Last week the football wiz did alright finishing 8-6. For the year he stands at 22-19. Here are the picks for this week:

**LOS ANGELES AT JETS:** The Rams are not supposed to be as good as their 2-1 record indicates, while the Jets are not supposed to be as bad as they have played during the first three weeks of the season. While Los Angeles lost a heartbreaker to the Packers last week, Eric Dickinson looks as though he has been in the league for five years. Look for a showdown between the running backs Freeman McNeil and Dickinson, with Todd deciding it in

the end. Jets 27-21.

**ST. LOUIS AT PHILLY:** Don't look now but the Philadelphia Eagles have been pretty tough this season. While the Eagles have not been scoring at will, the defense has been tough under the Eagles' new head coach. Meanwhile the Cardinals are heading nowhere fast. Philly 24-16.

**WASHINGTON AT SEATTLE:** Welcome to the whacky world of the National Football League and break up the Seattle Seahawks. So the Hawks upset the Jets two weeks ago, big deal, but then outlasting Fouts and Company of San Diego — well that's something else. While Seattle has demonstrated a strong defensive unit, don't look for them to stop Rig-

gins, Theisman and the Skins. Washington 28-17.

**GREEN BAY AT GIANTS (MONDAY NIGHT):** So the Giants are going to be 1-3 after next Monday. In front of Mr. Cosell the Giants have embarrassed themselves time after time. Lynn Dickey has been unstoppable since the start of the season and he will continue against the Giants, despite a stingy defensive unit. Giants need a strong game from both Woolfolk and Carpenter to overcome the Pack. Packers 17-16.

The rest of the games look like this: Dallas over New Orleans, Minnesota over Detroit, Buffalo over Houston, Miami over Kansas City.

## Runners Place Fifth During Big 10 Race

(Continued from page 13.)

seven runners although the first five were allowed to score. Entered for Belleville were Bill Goodwin, Steve Budrick, Walt Siubus, Nelson Seda and Jim Beck, Doug Wamsley and Mike Fortino.

The race had some of the best runners available as Jim Somers and Jim Davis of Columbia, Cliff Hampson and Howie Hirsch of Nutley, John Deanna of Bloomfield, Crandall and Laws of Montclair, and of course Bill Goodwin, highlighted the field of 63 runners.

The exceptionally large crowd eagerly awaited the start of the meet, to see the top two teams, Montclair and Nutley, battle for first in the conference. As expected, the early lead was taken by Somers and Davis of Columbia with Deanna close behind. Goodwin was far back at this

point. The 3.1 mile race ended with Jim Somers first, in a time of 15:03. Still, it was Montclair's ability to pack the runners near the top that enabled them to take the victory. They were low scorers with 34 points, Nutley was second with 45 points.

Columbia, despite the winning time holder, held only third with 84 points. Kearny had 94 and a surprising Belleville team was fifth with 129 points.

Individually for Belleville, Goodwin was 10th at 16:03, Steve Budrick and Walt Siubus were "Up" for the race and finished 21st and 23rd in times of 16:21 and 16:23. Nelson Seda and Jim Beck were 35th and 40th in 17:16 and 17:30. Doug Wamsley was 43rd at 18:12, Fortino was quickly 44th by finishing at 18:13.

## Worley's Wizards Look To Improve 14-4 Mark

(Continued from page 13.)

serve and this year, Worley is working with her as a hitter. "If we can get her hitting down, she will be unstoppable," the coach said. "If her hitting is anything like her serves, she'll blast the ball out of the gym."

Worley is a finesse player, has a great deal of talent and can safely say she is a year-round player. Her last name and the head coach will see to that.

Junior Donna Brooks, a fine basketball and softball player is making a bid for a starting job this fall. This is Brooks first try at the game, but she is doing a good job in practice and seems a good bet to win a job. Sophomore Cheri Phelps is also in the running. She has a good serve and is a fine hitter.

Sophomore Lissette Rodriguez and freshman Christine Melillo, along with jayvee players Stephanie Spencer, Mayling Gabler and Carol Bonavita are all candidates for positions on the varsity. Unlike 1982, Worley has the convenience of looking at a number of athletes before making a choice.

Last year, the turnout wasn't so strong, but the players turned in some fine efforts. "Don't forget," said Worley, "we lost three good players from last year's team and two of them are now playing in college. They won't be easy to replace."

Kathy Woods is now at Penn State after playing her senior year at Belleville High School and Alison Burden is a freshman at East Stroudsburg State University in Pennsylvania.

The beginning of the season will be a solid test for the Lady Bucs. Belleville was scheduled to open the

**SHERIFF'S SALE**  
SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-97-82. CARTERET SAVINGS AND LOAN ASSOCIATION, F.A., a corporation of the U.S.A., PLAINTIFF vs. KENNETH WITTMANN, unmarried, et al, et al, DEFENDANTS. Execution For Sale of Mortgaged Premises.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Auction, in SHERIFF'S OFFICE, Essex County Courts Building in Newark, on Tuesday, the 18th day of October next, at one-thirty P.M., (Prevailing Time).

All that property hereinafter particularly described, situate, lying and being partially in the Borough of Verona and partially in the Town of Montclair, County of Essex and State of New Jersey:

Unit No. 1000 in Claridge House One, Condominium. A Condominium, together with an undivided 190 percentage interest in the Common Elements appurtenant thereto and together with such other Limited Common Elements as may be appurtenant to said Unit, all in accordance with and subject to the terms, limitations, conditions, covenants, restrictions and other provisions of the Master Deed dated December 31, 1979 and recorded January 3, 1980 in Book 468 page 46 in the Office of the Register of Deeds of Essex County, New Jersey, creating and establishing said Condominium ("the Master Deed").

BEING Lot 228 in Block 2A on the tax map of the Borough of Verona and Lot 8 in Block 501 on the tax map of the Town of Montclair.

BEING commonly known as Claridge I, Unit 1000, Claridge Drive, Verona, New Jersey.

It is intended to describe the same premises conveyed to Kenneth Wittmann by deed dated March 25, 1980, and recorded April 16, 1980, in Book 4678, page 711 of Deeds for Essex County.

The approximate amount of the Judgment to be satisfied by said sale is the sum of FORTY-THREE THOUSAND ONE HUNDRED TWO DOLLARS AND TEN CENTS (\$43,102.10), together with the costs of this sale.

The Sheriff reserves the right to adjourn the sale from time to time as provided by Law.

## Commissioners Must Amend Township's Rent Ordinance

Under court order, Commissioners introduced an ordinance last week amending Belleville's Rent Control Ordinance to redefine the capital improvements section.

Unanimously approved on first reading, the new measure entirely deletes the present Section III (i) of the rent ordinance and proposes to substitute the following: "Major capital improvement means an

improvement which permanently adds to the value or useful life of the property and results in an expenditure in excess of \$1,000 for any such completed improvement."

The new amendment also specifically defines major capital improvement as an "improvement which permanently adds to value or useful life of the property and required an expenditure in excess of

\$1,000."

The proposed change is the result of a court challenge to the ordinance's present wording of the capital improvement section, according to Township Attorney Frank Zinna.

Presently, Section III (i) of the ordinance defines capital improvement as an improvement "which permanently enhance the rental value of the rental unit by way of substantial addition to or changes in the existing building and which are neither 'repairs' which merely maintain the building in an efficient operation condition, nor replacement of fix-

## Emergency Mental Health House Calls Are Available

If a mental health crisis strikes, Belleville residents may now turn to the mobile emergency service unit sponsored by the Mental Health Association of Essex County through Concerned Families for Improved Mental Health Services, based in East Orange.

Already available in some Essex County communities, the new emergency house call service was extended to Belleville, Bloomfield and

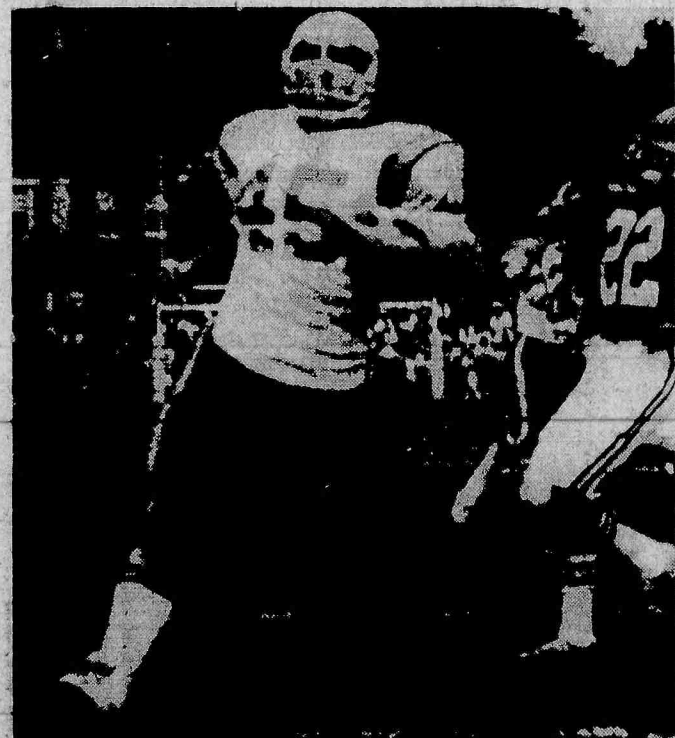

Nutley last week.

The service operates in conjunction with Community Mental Health Services of Belleville, Bloomfield and Nutley, a Belleville-based agency funded by the three municipalities it serves.

"We are the first arm of treatment for area people undergoing a mental health crisis," explained

(Please see "Emergency" on page 17.)

## Bucs Beat Nutley 12-6

**Murphy's Law** — According to Belleville High School football team, the definition of "Murphy's Law" has to do with rushing yardage and touchdowns. Buc fullback Mike Murphy rumbled for 171 yards and two touchdowns as Belleville defeated Nutley last Saturday 12-6. The game was the season opener for both schools. See story on page 13.

## Phase One Completed

# Containers of Chemicals Removed from Toxic Site

By Linda Telesco

Phase One of the cleanup at the Main Street toxic chemical site is now complete, Township Health Officer Tom Longo said Monday.

According to the official, all 1,006 containers of chemical housed in the site of Research Organic/Inorganic Co. Inc. have been removed and disposed of by Applied Technologies, Inc., the agency contracted by Belleville last July to perform the cleanup for \$198,000.

However, this concludes only the first part of what may be a three-step procedure to completely clear the facility, which was the site of several toxic leaks last May.

Longo said the next step will be to clear the laboratory and underground tanks on the property of the former food-flavoring manufacturing firm, which has been closed since May by court order.

The factory's laboratory contains what Longo called "thousands of vials and bottles of all shapes and sizes." He said the contents of those must be determined and then the bottles removed as was done with the containers.

The next step, he said, would be to clear the underground tanks. Longo noted the tanks are filled. Some contain acetone, but others have not yet been analyzed to determine specific contents.

According to Township Attorney Frank Zinna, the job to clean the laboratory and tanks will probably have to go out for a bid soon.

"We expect this may run into two separate bids for each phase of the work," said Zinna, who predicted the subsequent jobs could be nearly as expensive as phase one has been.

To date, the township has spent

about half a million dollars, excluding municipal overtime for police and fire personnel, in dealing with the toxic situation at the Valley area facility, Zinna estimated.

Belleville officials hope to receive federal or state reimbursement for the costs to avoid burdening taxpayers with them.

In a related note, School 9 reopened last Monday, and Schools Superintendent Michael Nardiello reported Monday the first week of classes at the facility have been "running very smoothly."

The school is located near the toxic site and was closed down last May

20 by school officials following the first leaks of toxic irritants which sparked complaints from students and faculty about burning eyes, headaches, and nausea.

The School 9 students were bused until the end of the year to various other schools in Belleville. In addition, the planned September reopening of the Valley building was delayed further when a fire erupted while Applied Technologies personnel were transporting a container from the site for disposal.

School and fire officials agreed to delay the opening until all containers were removed.

## Belleville Educators Faced With Dilemma Of Bilingual Students

Mirroring state and national trends, Belleville schools are beset with bilingual dilemmas, but administrators report they are coping with the situation.

The newest problem facing the district is the recent influx of Vietnamese students. According to Superintendent Michael Nardiello, there are 14 Vietnamese language students in the elementary grades, 15 in the senior high school and three in the middle school.

"Whenever a district serves more than 20 students of a given language background, the state (Department of Education) urges that district to supply a bilingual teacher for those pupils."

However, the superintendent said despite recent advertising and recruiting efforts, Belleville was unable to locate a teacher certified in the Vietnamese language.

He explained the search even led them to Seton Hall University in South Orange, well known for its extensive Asian studies programs, but failed to turn up a suitable candidate.

"We're planning to readvertise in the newspapers again this weekend," said Nardiello, who noted that if hired, a bilingual teacher would be a full-time employee funded by state monies.

Meantime, the administrator said the district could conform to state standards for dealing with non-English speaking students by providing the Vietnamese pupils with a second period of English as a Second Language (ESL) classes daily.

That necessitated increasing Belleville's ESL staff from three to four teachers beginning this month in order to serve the district's entire non-English speaking population of 115 students, ranging across grades K-12, including 42 Hispanics, 32 Vietnamese, and 44 classified as "other."

Belleville's director of ESL and bilingual education, Michael Rosamilia, provided an explanation of the difference between the two types of classes in a recent interview.

In an ESL class, students are pulled out of their regular classes.

(Please see "School" on page 16.)

## Township Hires Private Firm To Go After Traffic Scofflaws

A backlog of over 4,500 uncollected traffic summonses prompted the Town Commissioners to enter a contract with a private computer firm to expedite the present municipal court system.

The board voted unanimously last Monday to engage Computil Computer Utility Co. of Clifton to clear up the overload for a fee "not to exceed \$4,500" according to the resolution.

Belleville could realize revenues up to \$40,000 in uncollected fines, Court Clerk Cheryl Chiapinelli said Tuesday.

With "outstanding summonses dating back to April and an increasing load of criminal cases," the clerk said the three-employee court staff could no longer keep up with all the delinquent summonses.

Many motorists simply ignore the tickets and the subsequent notices and penalty charges according to the court clerk.

"If we let them go too long, we lose them. They change addresses or registrations and the town cannot collect money due," said Chiapinelli.

She noted the new computer system will speed the process up and catch offenders before they can vanish. Computil is expected to begin services immediately and continue until the nearly 5,000 tickets are settled.

The clerk said she will ask the firm to deal with not more than 1,000 summonses at a time staggered over a two-week period in order for the court staff to handle the inevitable flood of phone inquiries that follows such mass notifications.

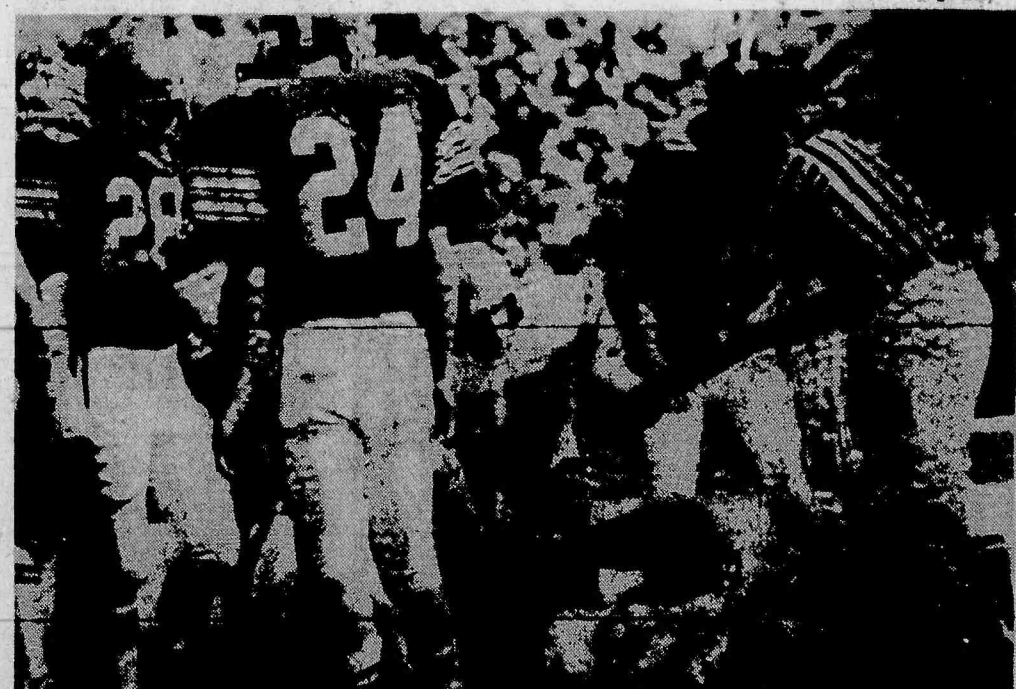

According to a July 15 letter from Computil to Public Safety Commissioner Matthew Pica, the firm will provide twice weekly pick-up and delivery services, forms and supplies needed for the system, computer processing of the unpaid summonses and printing of such reports as warrants, cash reports, and failure to appear notices.

The company will also train the

municipal court personnel to operate the system.

Specifically, Computil charges 80 cents per summons and \$5.00 per pickup.

In return, Belleville will provide the firm with updated police roster, names and badge numbers, schedule of fines, later charges, and court costs, and other clerical data.

**Hand Off** — This was one of the few times that fullback Mike Murphy was on the ground against the Nutley Maroon Raiders last Saturday. Belleville's next opponent will be The Bloomfield Bengals. The game will be held at Foley Field in Bloomfield.

## HEALTH WISE

The human spine was not designed to endure abuse. Excessive strain, caused by lifting, twisting, falling or other unusual usage, may cause the vertebrae which make up the spine to slip slightly out of place and to stay there.

When misalignment occurs, the nerves that pass through the hollow vertebrae are pinched and irritated, preventing normal nerve function. This is the basic cause of pain in the lower back, hips, shoulders and even the legs.

Sometimes, a misaligned vertebra will reposition itself "accidentally" but professional chiropractic treatment is far more certain. Why suffer? For an appointment, phone our office.

## Provident Savings Announces Appointment of David A. Frye

David A. Frye has been appointed to the position of vice president for mortgage development and origination of the Provident Savings Bank, it has been announced by Kenneth F.X. Albers, chairman of the board and chief executive officer.

David A. Frye

In this capacity, Frye will expand Provident's mortgage portfolio to include virtually every type of construction, residential and commercial loan.

Frye received his Bachelor of Arts Degree from the U.S. Merchant Marine Academy, was

awarded an M.B.A. from Rutgers University and is a graduate of the School of Savings Banks at Brown University.

A member of both the New Jersey and American Mortgage Bankers Association, he served as vice president and senior mortgage officer of the Orange Savings Bank prior to joining Provident. Frye is a Lieutenant in the United States Navy Reserves.

## CMHS Thrift Shop Opening This Week

The Community Mental Health Services of Belleville and Nutley will be opening its Thrift Shop to the public once again this week.

The shop, which is located on the grounds of the Essex County Geriatric Center on Franklin Avenue in Belleville, has a wide range of clothing for men, women and children and also small household items.

The shop also welcomes any donations of clothing or other items.

For more information about the shop and its hours call 751-1630.

## Dr. A. Balducci Receives Degree

The Palmer College of Chiropractic, Davenport, Iowa, conferred the doctor of chiropractic degree upon Anthony Balducci on September 30.

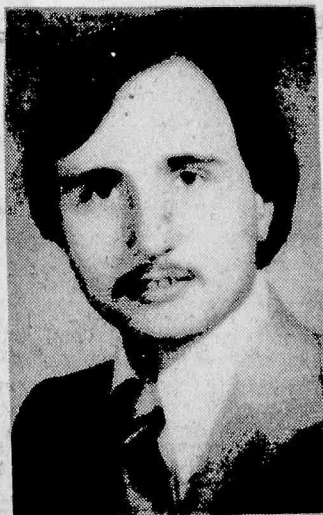

Dr. Balducci is a graduate of Essex Catholic High School and the college of St. Peter's. He earned a B.S. in biology.

Prior to graduation at Palmer College of chiropractic, Dr. Balducci understudied with vice president of Palmer College, Dr. E. L. Crowder, for a six-month period.

Dr. Balducci was president of the Upper Cervical Society for one year at Palmer College of Chiropractic.

The parents of Dr. Balducci are Savino and Maria Balducci of 65 Fairway Ave.

Dr. Balducci plans to open office for chiropractic treatment and consultation in New Jersey.

Dr. Anthony Balducci

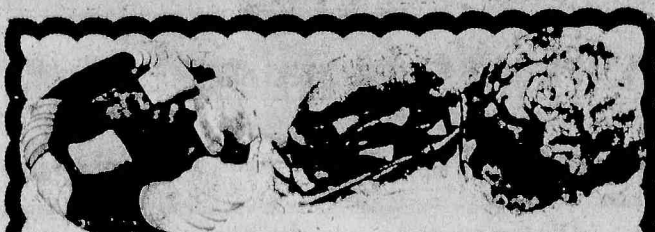

**Pharmacy Footnotes**

**Vincent Cozzarelli**  
Reg. Ph.

Tolnaftate was first synthesized in 1960 and has since been found to be a very effective agent for various fungal disorders, particularly athlete's foot. It has little effect upon germs and is one of the few antibiotics to be applied topically to the skin. It is usually sprinkled as a powder (although it also comes in ointment and spray form) on the itchy, shedding skin between the toes where fungus is present. Although there are some funguses that are resistant to the drug, repeated applications for about a month should relieve the problem. At this point, there does not seem to be any evidence of allergic reactions to the drug.

If you have any questions concerning the use of a drug stop by and ask us or call ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We have a complete prescription department, giving personalized service and attention to all our customers. Walkers, wheel chairs, crutches, canes and other convalescent aids are rented and sold. Hours: 9am-10pm daily, 9am-9pm Saturdays.

**HANDY HINT:**  
Undecylenic acid is another drug commonly used on skin funguses.

## Daily Attendance Rate At BHS Over 91 percent

# Kids Stay in School and Out of Trouble Thanks to Saturday Detention Program

By Ed Capparucci  
Keeping high school students out of trouble and attending classes on a daily basis has been a problem for school administrators since the creation of learning institutions. But officials at Belleville High School have come up with a discipline program which has proved to be a deterrent against truancy, class cutting and other violations of proper student behavior.

"Last year we started a program of Saturday detention, where a student is required to come to school on Saturday for two hours," said Michael Lally, assistant superintendent of schools, who is continuing his role as principal of BHS until a replacement is named later this month. "Since we began the program, daily attendance figures have shown a dramatic increase, while the number of out-of-school

suspensions have decreased."

The program was started by Lally after he surveyed several other school districts which were using the program. Lally found that administrators from the other districts thought the program to be "a strong deterrent" since children did not like giving up their Saturdays to spend it in the classroom.

"What the Saturday detention program does is give the administrators another outlet to deal with problem students while maintaining effective control of the educational system."

Saturday detention is one of four disciplinary actions used by high school administrators in dealing with students who violate behavior codes. The others are: after school detention, in-school suspension and out-of-school suspension.

According to Lally the Saturday detention period is used as an alternative to out-of-school suspension.

"Traditionally out-of-school suspension was always the answer to deal with discipline problems," said Lally. "But by utilizing the Saturday detention program we have been able to cut down the number of out-of-school suspensions issued over the course of the year. At the present time I am working on a survey to determine the number of out-of-school suspensions issued both before and after we started the Saturday detention. I do not have any exact figures at the moment, but I would bet that the numbers will

show a decrease."

During Saturday detention a student is required to attend class from 8 a.m. to 10 a.m. During the two-hour period the student must bring textbooks and homework. If a student shows up without school work he is sent home and then must report to school administrators with his parents on the following Monday. Any student who misses the detention session also must arrange a parent-administrator meeting before returning to school.

"This program was created to help deter students from cutting classes or being truant and I believe, along with the rest of the high school administrative staff and the teachers, that the program is doing the job," said Lally. "We are not talking about the hard-core cases here. There are certain students, despite what discipline measures are placed on them, who will not respond. These are the ones who usually drop out or are asked to leave. The ones this program helps are the students who basically are not bad kids, but once in while try to see what they can get away with. With this program we are telling them 'They cannot get away with anything.'"

"I have always been a strong believer in discipline," he concluded. "Without discipline there is no order and without order there is no effective instruction. And that is the business we are in — giving the children of this community a quality education."

## Belleville Man Arrested For Social Security Fraud

A Belleville man was accused last week by federal authorities of collecting over \$77,000 in illegal Social Security checks over the past 10 years.

Dennis Friedenthal is one of four persons caught in the past three weeks in a major federal enforcement drive that has resulted in the prosecution of 14 people and the discovery of over \$360,000 in cheating by New Jersey residents in Social Security monies.

Friedenthal's is one of the largest cases to date, according to Assistant U.S. Attorney Paul Weissman, who said the Belleville man had continued to cash checks issued to his father who died in 1972 and checks issued to his aunt who also died about 10 years ago.

Friedenthal pleaded guilty to two counts of mail fraud according to the federal official. The township man faces penalties of up to 10 years

imprisonment and a \$2,000 fine.

Federal officials reported Friedenthal's fraud went undetected until last year and was one of a group of Social Security abuses detected when a computer was used to match Social Security records against other government records.

## Immoral — un-American

The personal innuendos and attacks upon Senate President Carmen Orechio by his opponent are without precedent in legislative campaigns. By innuendo, inference, and untruths, the Republican senatorial candidate makes an insidious attempt to develop a case of guilt by blood relationship. It does violence to our American spirit of fair play.

The Republican party is spending over \$300,000 to persuade voters in our district that guilt by blood relationship is a legitimate campaign issue.

The Republican Senate candidate should be reminded there is a high road to campaigning and there still remains time in the campaign to rise to that level. Equally important, it's time he acquainted himself with the basic issues involving the New Jersey Senate and campaign on issues that involve a Senator, so at least people will think he knows better.

The Republican Senate candidate, Ralph Salerno, falsely accused Senator Orechio of making appointments to the water commission. The fact is that Republican Governor Thomas Kean appointed his former Assembly Republican colleague, Carl Orechio, to membership on the North Jersey District Water Supply Commission. Former Governor and Chief Justice Richard Hughes, Former Republican Governor William Cahill, and Former Governor Brendan

Byrne appointed Frank Orechio to membership on the North Jersey District Water Supply Commission. Appointments to the water commission are made by the Governor and not by a State Senator — Salerno notwithstanding.

The four top North Jersey District Water Supply Commission staff positions are held by Republicans. None is an Orechio relative.

At the outset of the campaign Trenton Republicans said, "We will do whatever is necessary" and spend "whatever necessary" to beat Orechio. Now we know what that meant. The Republicans will stop at nothing to stoop to anything to cheat the voter out of his or her vote by misrepresentations and outright lies.

This is hardly the type of political campaign Americans expected to be waged against an honorable public servant who has served his town and state with dignity and integrity for a combined 26 years.

Mr. Salerno, attack the Senator's record if you will, but out of respect for decency and fair play, you should stop stooping to guilt by blood relationship. It's un-American and immoral.

*Frank A. Orechio*

## Belleville Hall of Fame

Congratulations are in order to the five new members who joined Belleville's Hall of Fame. John Senesky, William Naturale, Phil Grippaldi, Alexander Iacullo, and Joseph Cervasio were inducted last Friday evening as a standing room crowd applauded the recipients at a dinner held at the Branch Brook Manor.

Senesky was a letterman in both football and baseball in his high school playing career, graduating from Belleville High School in 1964. Since 1968 he had served in various coaching positions leading to the head coaching job of the high school football team — a position he has held since 1977. As head coach he has led his team to a 40-15-1 record, including several appearances in the state playoffs. Coaching where you went to school is very unusual — and our hats are off to John Senesky for the tremendous job he is doing with Belleville youngsters.

Phil Grippaldi is a world class weightlifter and olympic competitor.

Joseph Cervasio played football, basketball and baseball. Lettering in football for three seasons and baseball for four, serving as the co-captain in his senior year, Cervasio later at-

tended Cornell University where he played football for four years, three years as a running back and kick-off specialist.

Alex Iacullo played for Belleville High School from 1958 to 1962, including three years on the varsity squad as a center and linebacker.

Bill Naturale distinguished himself at Belleville High School as a member of the football squad as an offensive end, defensive halfback, wingback and safety.

As Iacullo observed publicly, "When you think about all the great athletes who came out of that school, you know it is a thrill to be named to the Hall." No question about it.

These men all have distinguished themselves, they covered themselves with glory during their days at Belleville High School and though Belleville has turned out some fine athletes during the years, without doubt, these five are among the best.

*Frank A. Orechio*

## Letters in Print

### Dr. Greed's Comments Draw Angry Response

To the editor:

I have never read an article which disgust and angered me more than Dr. Greed's farewell. Although he takes credit for much, I hope he realizes that all that was done was the result of a team effort. He was the coach and coaches are nothing without a group of people called the team. Belleville certainly gave Dr. Greed a team that was ready, able and willing to work for the educational community. This is a system, which long before Dr. Greed, produced doctors, lawyers, etc.

The remarks on our "political board" bring a smile to my face. How would he know who is political and who is not. Do we know of his political ties? We all have them but some are just quieter than others, be it of a political party, civic organization or fraternal group.

Thank God we have the board that we do, led by one of the finest presidents we have ever had. I have seen much coming from this board and know that at all times they deal with the situation at hand as a whole. They are sincere and concerned about our children. They receive no salary, only the satisfaction of doing for Belleville.

"Sour Grapes!" A professional person such as he is should be bigger than that. Must he leave all positions with bad feelings. I hope not. Maybe he will do better in Sparta.

I wish his successor, Mr. Michael

Nardiello, my best. I am happy with the change I see in the system already — Happy People!

Mrs. M. DeBenedetto

### Fire Department Receives Praise

An open letter to the Belleville Fire Department:

This message is in acknowledgement to Chris Calabrese and Joe Troise of the Belleville Fire Department for their professional poise, fine mannerism, and deep regard in care for the transporting of two of my family members, James Torsiello and Julia Chaplin to Clara Maass Memorial Hospital during their critical moments.

Had it not been for their prompt service and genuine care, my grandparents may have not reached the hospital facilities they were in such desperate need of.

It's nice to know you can count on the services of your local Public Safety Department. Once again, thanks a lot guys — you are indeed "Belleville's Finest."

Sincere thanks,  
Joanne Torsiello  
and Family

## BHS Marching Band Needs Your Support

To the editor:

We would like, through your paper, to reintroduce the people of our great town of Belleville to the Belleville High School Marching Band. They are a dedicated group of students, under the direction of Andrew Silbert, who perform for you at halftime shows, march in your parades and represent our town at band festivals and in competition.

They begin their practice in the heat of late summer and continue practicing four to five times a week during the football season. They put in long hours and work very hard for you, the people of Belleville.

Do they deserve to be ignored while they are performing for you? Do they deserve to appear in competition and have so little following from the people of our town? We don't think so. That's why we are attempting to do something

about it.

This year, in conjunction with the Music Parents Association, we have formed a Band Booster Committee. Our function is to support and encourage these kids but we can't do it alone. We're asking for your help. A little morale boosting can go a long way. That's all we're asking.

So come on Bellevillites, show these kids you care and I'm sure they'll make every effort to make you proud of your marching band. Come on out for them. Show our neighbors in surrounding towns that you care about your own. Support them, applaud them and most of all give Belleville back the reputation it deserves.

Sincerely yours,  
Pat Pickett  
Marching Band Boosters

## William Street Resident Wants Lot to Stay Clean

To the editor:

As a resident of William Street the lot across from St. Peter's Cemetery has been a problem for the past few years. It has finally been cleared up. Is it going to stay this way?

In past years the lot has only been taken care of maybe once during the summer. This summer it was never done until the Board of Health was called because area residents have seen rats coming out of the lot. The sidewalks are never cleaned during winter or summer.

It is always filled with weeds, glass and garbage. Our children can't even ride their bikes past it. What about the children who attend St. Peter's School? Who is responsible if they get hurt on their way to and from school? If this lot is owned by St. Peter's Church it should be taken care of by them.

We are hoping this letter will call more attention to potentially serious problems. Maybe further action will be taken soon.

Mrs. Alexis Ciarmoli

## Mr. Golden Fights Back Over Letter To Editor

To the editor:

The letter of Mr. Giordano which appeared recently in The Belleville Times, clearly displays his unfortunate lack of intelligence and inability, were he possessive of even reasonable literacy, to recognize that attribution throughout the references of the commentary regarding President Reagan had been given to columnist Joseph Kraft, one of the best syndicated writers in Washington, as they appeared in my column of Sept. 1.

The fact that Mr. Giordano is so lacking in understanding that he didn't know he was reviling the talent and ability of Mr. Kraft's writing is a clear illustration of his ignorance. All his absurd, inane allusions and innuendoes, all wholly unwarranted and without a semblance of foundation, are unpar-

donable.

Either this man is being used as a tool, or he seemingly suffers from a paranoiac propensity to write unseemly, scurrilous and libelous letters designed to demean and malign honorable individuals.

The vulgar insinuations and intimations which characterize his expressions hardly deserve the dignity of a retort. It is unfortunate he doesn't own the house where he dwells at 19 Valley St.

Let Mr. Giordano be alerted that my many friends do not take kindly to being referred to as having "favored friendship with communists." He had best think about that...one just can't go around libeling people. We've had enough of his calumny.

Respectfully submitted,  
James R. Golden

## Golden Comments

By James R. Golden

Recently the Verona Township Council passed a resolution calling upon the federal government to continue subsidizing the use of mobile intensive care units.

The mobile intensive care units have been provided at no cost to the patient. The funds have been distributed in the last three years through Medicare and Medicaid. The state Hospital Reimbursement Control System acts as the agency which reimburses the hospital.

The federal government has changed its regulations by mandating that individual patients be charged directly when they use any mobile intensive care unit which isn't staffed by a doctor or medical intern. Many units are staffed by paramedics.

Patients who are treated by the mobile intensive care units (MICUs) and are admitted to the hospital will have the cost of MICU care added onto their hospital bills. Those who are treated by a MICU team, seen in the emergency room and released without an admission will be billed directly. Those bills will amount to \$200 to \$300.

In most municipalities an emergency call goes out to the local rescue squad or police dispatcher. Depending upon the information given by the caller the dispatcher may decide that the situation warrants sending an MICU out on the case as well. Or, a rescue squad may arrive at the scene, determine the case requires advanced life support and call for the MICU.

As pointed out by Joan Whitlow, Star-Ledger Medical Editor, in a health analysis written by her, "The scenario the squads envision is this: The patient has chest pains. It could be a heart attack. But it could be a case of indigestion which will cost that person in excess of \$200 if the squad call in the MICU "just in case."

Volunteer squads are concerned about the effect of this direct billing will have on community contributions the squads need to keep their ambulances running.

None of the money from the MICU bills will go to the volunteer squads. But the squads doubt the public makes a distinction between them and the hospital based paramedics. They fear that people who have already been made to pay \$200 MICU bills will feel they have given enough and will not contribute to the local volunteer emergency units.

This change has been brought about because of federal Medicare rules and a New Jersey law about hospital billing.

The rules for the elderly say that an ambulance has to either have a physician on board or must transport the patient to a hospital as well as treat the person on the scene in order to qualify for Medicare payment.

Because New Jersey's MICUs are staffed by paramedics who stabilize patients then transfer them to a volunteer ambulance for transport, the state system did not meet federal guidelines.

The system still does not fit within the federal guidelines for Medicare even though it was operating for seven years before the federal Health Care Financing Authority (HCFA) figured that out. This HCFA decision put Medicare funding in a precarious state with a large portion of elderly patients served by MICUs covered by that Medicare program.

In addition, a New Jersey law says that all hospital patients are supposed to be billed the same way. That meant that if Medicare refused to pay for MICU services, no patient or insurance program could be made to pay.

In a compromise, the HCFA granted New Jersey's system a waiver which allows MICU services to be charged to the hospital bills of patients who are admitted, and added to the emergency room fees who are not.

Some weeks back we had written about planned Medicare regulations that would have adverse affects upon those on Medicare coverage. This radical regrettable U.S. paramedic rule, imposed upon the people of this state, we believe is the outgrowth of the Reagan administration ploys designed by the Office of Management and Budget under David Stockman, who has been given a virtual veto power over rules proposed by the government's departments and agencies.

As an example, when congress blocked attempts by the Health and Human Services Department to lower nutritional and health standards in nursing homes, and later to make inspections less frequently, the administration simply cut the funds for such inspections nearly in half, from \$27.6 million to \$13.6 million.

Critics, even some officials in the regulatory agencies, complain that OMB has become a back channel by applying a "cost-benefit" analysis to all federal rules to reduce service entitlement budgets. Was not this latest paramedic federal ruling one?

Mr. and Mrs. Richard DeAngelis — nee Celeste Marsessa

## Celeste Marsessa Wed To Richard DeAngelis

Celeste Marsessa and Richard DeAngelis were married July 23 during a nuptial Mass at Ascension Catholic Church, Boca Raton, Fla. A cocktail reception and dinner was hosted at La Notte Restaurant by the bride's parents, Mr. and Mrs. Emil Marsessa of Bloomfield.

The bride wore her grandmother's wedding gown of Italian silk satin in the Juliet style with a chapel train. A silk floral wreath

## Five Residents On Dean's List At Berkeley

Five Belleville residents are among those named to the Dean's List at The Berkeley School of Garret Mountain for the past term.

Named from Berkeley's professional secretarial program are Anna Manetta, Dawn Jiosi and Parie Nopple; from the word processing program, Donna Luzzi and Gloria Antolini.

Manetta is an alumna of Nutley High School. The others are graduates of Belleville High School.

held a cathedral veil and blusher. Her grandparents, Mr. and Mrs. Charles Rossi of Belleville, witnessed the ceremony.

Geneva and Joseph Landolfi of Belleville were matron of honor and best man.

Mrs. DeAngelis, a licensed insurance professional, is a risk manager for Florida Consolidated Equities, a large investment conglomerate in Boca Raton.

Mr. DeAngelis, a former Belleville police officer, has recently graduated from Professional School of Real Estate, is engaged in sales for Delray Toyota and pursuing a career at a mortgage broker in South Florida.

The couple have made their home in Boca Raton.

## Jo Ann Parrillo, Shawn Mary McCabe Pinned, Capped

Shawn Mary McCabe and Jo Ann Parrillo of Belleville were among 48 nursing students receiving caps and pins signifying their entry into the profession at ceremonies on the Rutherford campus of Fairleigh Dickinson University.

The nursing department, the largest in the college, offers a four-year bachelor of science degree program in a well-rounded program of theory and clinical experience.

## People for Animals Flea Market Opens Saturday Morning

People for Animals, Inc. will hold its semi-annual flea market this Saturday from 9 a.m. to 4 p.m. behind School 1, 728 North Wood Ave., Linden. Dealers, shoppers and volunteers are needed. Call 276-3087 or 374-1073 for more information.

The group is a non-profit, all volunteer, animal welfare organization serving abandoned and abused dogs and cats in Union, Essex and Middlesex counties. Call 374-1073 for information on low cost spay-neutering or to adopt a homeless animal.

**Vacation Cruise** — Mr. and Mrs. Anthony Lopomo and son, Anthony Jr. of 570 Washington Ave., are shown poolside aboard the Home Line's flagship, S.S. Oceanic, just before sailing from New York Harbor on a week's vacation cruise to the sun filled isles of Bermuda and Nassau, capital of the Bahamas.

**Anniversary Cruise** — Mr. and Mrs. Enzo Antolini of 19 Yale Terrace are shown on the deck of the Home Line's new luxury liner, M.V. Atlantic, just before sailing from New York to Bermuda. The couple celebrated their 20th wedding anniversary on the cruise.

## Rosary Altar Breakfast Set This Sunday

The Rosary Altar Society of Holy Family Church will hold its 37th annual communion breakfast following the 9:30 a.m. Mass Oct. 2.

The breakfast will be held at the Chandelier Restaurant, Belleville. Donation is \$8.50. For information or tickets, call Marianne Zoppa at 759-2573 or Erma Mastro at 667-4430. Tickets will not be sold at the door.

Rev. Msgr. Michael A. Saltarelli will be guest speaker.

## CMHS HOTLINE

## There's Help Available For Alcoholic's Family

Dear CMHS,

I am a 16 year old girl whose father is an alcoholic. For years I have lived with this problem and said nothing to anyone. My mother and two brothers have also been embarrassed and scared to tell anyone about our problem. The four of us often feel overwhelmed by my father's drinking and don't know what to do. What help or advice do you have for us?

Embarrassed

Dear Embarrassed,

You certainly have been carrying a heavy burden for all these years, along with the rest of your family. You are clearly able to see that your father's drinking is the entire family's problem, not just his.

There are several organizations that can be of help to you and your family. Alcoholics Anonymous is a famous nationwide association that has helped many alcoholics. Their number is 763-1415 and you can reach them Monday through Friday from 10 a.m. to 5 p.m. They hold regular meetings to help a drinker come to terms with his problem. There is also help for the rest of your family through Ala-Non and Ala-Teen. These are organizations that hold meetings which help members of an alcoholic's family cope with their problems. You can reach them at 672-7231 Monday through Friday from 10 a.m. to 3 p.m.

Also available is the Ala-Call Hotline (800-322-5525) which is available 24 hours a day for alcohol counseling, information and referrals. You can also contact the National Council on Alcoholism or your local community mental health center or family service for assistance. There are a great deal of services available to you and your family that can help you successfully cope with your current difficulties.

## Umberto's Corner

Dear Umberto,

I can't believe my ears! My girlfriend just came back from Italy and she told me that they excavated her father from the grave to put him in a little box and she viewed the ceremony. She told me that her father had short hair when he died and when they opened the casket, he had long hair. I can't believe it. Does hair grow after death? Do you know anything about excavating people in Italy? Hoping that you print this letter.

Your Reader

Dear Reader,

Why shouldn't I answer if I was sent a letter? In Italy they excavate dead bodies after 10 years and put the remains in a little box. So when I die I want to be buried here. I have my spot all ready. Over here graves are eternal.

Yes, in many cases hair does grow after death. Not only the hair grows but even the nails. Not for long and not too long. Hoping I didn't offend you good readers, but this letter was sent to me. I promised to answer anything.

Umberto

# School Vandalism Upset Administrators

## Nardiello is Seeking Community Support

A recent rash of vandalism incidents at several school buildings throughout the township, has caused a great deal of concern for school administrators.

"I am disgusted with the vandalism which has taken place in this community in recent months," said Michael Nardiello, superintendent of schools. "I am very concerned with what has happened to community pride, especially in the Silver Lake section of town, where a large amount of vandalism took place over the summer. I wonder if the people in the community still concerned?"

While there has been vandalism at most of the schools throughout town, Schools 4 and 7 were the hardest hit this summer.

At School 7 a total of 27 windows were broken, while School 4 suffered a great deal of graffiti.

"The amount of damage which was done at School 4 took some time to accomplish," said Nardiello, "What I question is where were the neighbors when this was taking place. Where were the people who once cared?"

According to Gerard Gruenfelder, secretary-business administrator for the School Board, the cost of replacing the windows at School 7 was \$1,500, while the repainting of School 4 cost \$3,200 — a sum which will be passed on to the taxpayers.

"The Belleville Board of Education tries to see that the money which is collected in taxes each year is used to maintain good physical surroundings for students, by maintaining the school facilities," said Gruenfelder. "What vandalism like this does is hurt the learning process in our schools. In every community the schools, along with churches and residents' homes, create a sense of pride. When school property is destroyed in our community, everyone is hurt by it."

"The board has made a commitment to keep the learning facilities in good condition and what we are seeing is money being thrown down the drain," he continued. "The top priority of the School Board is the children and their education. If people in the community will not take pride in the facilities then the board will have to take action."

One step the board would consider, according to Nardiello, is close the school playgrounds after school hours.

"Pat Forte (the principal of School 4) has already notified the township's Recreation Department and told them to keep the lights off in the school playground, if no activities are scheduled," said Nardiello. "We do not like to do that, but our hands are tied. If we have to take a stand against this then we will."

Normally lights remain on a playgrounds throughout the township until 10 p.m.

Another step the board will consider is enforcing the new state law which requires parents of vandals to pay for any damages caused.

"We are not afraid to enforce the law if we have too," said Nardiello. "As a matter of fact, we are obligated to bring vandals who damage school property to court. There is also a statute which prohibits drinking on public grounds and I believe that should be strongly enforced, even if it means putting more men on patrol. This cannot continue and we will not allow it to continue."

What troubles most of the administrators about the vandalism is the apparent apathy which is running through the community, since they received no calls from anyone reporting the damage being done.

"A while back the board had a complaint from a gentleman who lives right next to School 7 about baseballs and softballs coming over into his yard when the school children were playing on school grounds," said Gruenfelder. "So the board took action and built a fence which is about 18-feet high to make him happy. But where was he when the windows were being broken or any of the other neighbors? The breaking of 27 windows during one time period must make quite a considerable amount of noise. It has to be a two-way street. We help the residents and they should help us."

Forte said he has already addressed the problem to members of the School 4 Home and School Association. "We need a concentrated effort which will work together for the good of the school system," Forte said. "School buildings are centers for community action. There are Boy and Girl Scout meetings held there. Home and school associations meet there and other groups as well. School property is something everyone should be interested in."

While Forte has talked to parents and students, Nardiello has been speaking to Mayor Michael Marotti and Public Safety Commissioner Matthew Pica, about what can be done to correct the situation.

"Both men have expressed concern about the problem and I believe they will work with us to solve it," said Nardiello. "What it comes down to is that the students who use the school facilities and the taxpayers who help keep the buildings maintained are the ones being hurt by this type of senseless vandalism."

"I only hope that more people will take steps to see that things like this do not continue in our community," he said.

## Career Awareness Contest Available Through Library

To focus attention on Career Awareness Week, Nov. 13-20, 'Libraries in Focus,' the cable production group for the Essex County Directors Inc., the Hillside, Kenilworth, Roselle, Roselle Park, South River, and Woodbridge libraries, is sponsoring an essay contest.

The Belleville Public Library is encouraging students in grades 7-12 to enter. Students are to write an essay of no more than 500 words on one of the following topics: 'Careers In My Future,' 'Why I Want To Be...' or 'Preparing For My Future Career.'

The purpose of the contest is to focus attention on the importance of career planning and preparation for the jobs of the future. Essays should be submitted by Oct. 20, to Andrea Cohen, assistant library director and

contest coordinator. Judges for the contest will be David Bryant, library director; Cindy La Rue, reference and young peoples librarian; and Fred Lewis, technical services and reference librarian.

First prize winners will receive a career book, a certificate and a ribbon and will have their essays submitted to a team of judges from 'Libraries in Focus,' which will select the grand prize winners. The grand prize winners will appear on 'Libraries in Focus' in December and will be eligible for cash awards of \$25, \$15, and \$10. For further information, pick up the directions to the contest at the Belleville Public Library, 221 Washington Ave.

'Libraries in Focus' has a weekly program at 8:05 p.m. on Mondays on local access, Suburban Cablevision.

Democratic Contender — Belleville Commissioner Mike Pizzi joins the Democratic candidate for Assembly in the 30th district, Steve Adubato, at a headquarters opening Tuesday at 137 Washington Ave.

## Religious Viewpoint

By Rev. Robert Paul

### How to Become Clean

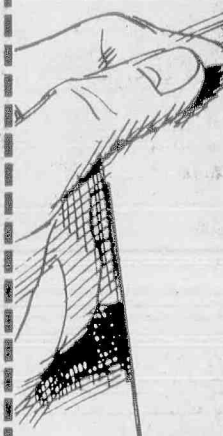

In the forests of Northern Europe lives the ermine, small animal known best for its snow-white fur. Instinctively this animal protects its glossy coat of fur with great care lest it become soiled.

Hunters often capitalize on this trait. Instead of setting a mechanical trap to catch the ermine, they find its home in a cleft of a rock or a hollow tree and daub the entrance and the interior with tar. Then their dogs start the chase, and the frightened ermine flees toward its home. But finding it covered with dirt, he spurns his place of safety. Rather than soil his white fur, he courageously faces the yelping dogs who hold him at bay until the hunters capture him. To the ermine, purity is dearer than life!

The Lord wants us to be a people who will keep ourselves "unspotted from the world." The Bible teaches that the Christian is sanctified, meaning "separated to God and holiness in personal conduct." Never does it mean sinless perfection. To impress this upon the nation of Israel in the Old Testament, God instructed them (Israel) to put a "cord of blue" upon the borders of their garments. (Numbers 15:38.) Blue speaks of heaven and signified the character and destiny of His chosen people. The blue band would constantly remind them of their holy calling. It was a visible token of their being set apart unto God, calling to mind the Lord's priority over their lives and their responsibility to obey God's commandments.

Clothing in itself will not make you clean, even if it is white in color. The problem lies deeper than that. It is clearly stated in Romans chapter five, "Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned." We all need to say with David the Psalmist: "Create in me a clean heart, O God; and renew a right spirit within me." Like the ermine, we are trapped and our only hope is to place our complete trust in the finished work of the Lord Jesus Christ. "On Christ the solid rock I stand." "The just shall live by faith." (Romans 1:17.)

Starting October 1st, 1983

**Now, from Provident.**  
**The personal**  
**money management account**  
**you manage yourself.**

### Why pay a commission

to a brokerage-house to invest your money in an uninsured money market fund, the fluctuating stock market, or in possibly risky bonds. Now, at Provident, you can manage your own cash without any risk at all, with a wide range of high-interest earning accounts that enable you to choose a maturity date to coincide with your investment goals, and at a correspondingly high rate of return.

New, flexible investment accounts simplify your investment choices, while your cash is insured, interest and principal, to \$100,000 by FDIC.

### Old Beehive Money Market Account

High money market yields, risk-free. No fixed maturity—your money is available at any time. Interest rate is established weekly. A special bonus is available for customers who maintain a Super NOW Checking Account. Minimum deposit \$2,500.

### Six-Month Time Certificate

With a \$5,000 minimum deposit, you are guaranteed the high current interest rate when the account is opened. Simple interest is credited monthly.

### Time and Goal Discount Account

Choose a maturity date from 5 to 10 years, and the dollar amount you will need for your purpose at that time, such as college tuition for your youngster. Then watch your investment grow to the desired amount. (Illustration: If you were to need \$5,000 in seven years, a deposit of \$2,526 at an assumed rate of 9.76% a year will yield \$5,000 at maturity.)

### Fixed Rate Time Account

The account that guarantees you a current high rate for the period you select—from 1 to 5 years. The interest you earn is available to you as it is credited, monthly.

### Variable Rate Time Account

For you, if you want your money earning interest rates consistent with each annual period—from 1 to 5 years. Your rate changes each year, on the anniversary date of your account, to the rate then being offered for a new variable rate account.

Time accounts require minimum deposit. Interest is compounded daily and credited monthly. Six-month certificate earns simple interest. Loss of interest penalty may be required by law for early withdrawal when permitted. All time accounts are eligible for collateral loans.

**One money manager (YOU)**  
**and one convenient place to manage your finances (PROVIDENT)**

Savings, checking, discount brokerage services, installment and mortgage loans and many other services are also available at Provident so that you can direct your money matters with ease and dispatch. Become your own money manager today—there's an Old Beehive office near you.

## Respect Life Program This Week at St. Peter's

The parish at St. Peter's Church in Belleville will be renewing its belief in the sanctity of life with special events during the Masses on the weekend of Oct. 1-2.

Each year, the first Sunday of October is dedicated as "Respect Life Sunday" in the United States. This day is set aside as a time to renew a commitment to human life.

The Respect Life Program was developed by the committee for pro-life activities of the National Conference of Catholic Bishops. The program is an effort by the Catholic community to witness to its belief in the value and dignity of every human being from the moment of conception until death.

The comprehensive goals of the Respect Life Program are:

- To proclaim the sanctity and value of human life as a gift from God and the foundation of human dignity.
- To oppose and ultimately do away with all that destroys or endangers human life.
- To correct those situations that diminish life itself or limit the appropriate enjoyment of life.
- To place emphasis on and create advocacy for whatever meets particular needs of families and individuals.

During the Masses this weekend at St. Peter's, the liturgies will

emphasize the theme, "Life: A Gift from God." Songs celebrating life will be sung and appropriate Homilies will be delivered. The grade school students will also have special pro-life projects on display.

In addition, pro-life literature will be available and a slide presentation featuring the photographs of Lennart Nilsson will be shown. All are encouraged to attend.
