Getting To Small? — Members of Belleville's senior citizens organization appeared before the Board of Commissioners recently to see whether the present center, located on Mill Street and Franklin, could be expanded.

Seniors Seek Additional Space at Township Center

Repeated complaints of overcrowding at a township's senior citizen recreation center may be remedied by Belleville's 1983-84 Community Development Block Grant funding.

Commissioners heard requests for expansion from several members of the Center during a recent township meeting where they also received reports from representatives of the Essex County block grant program.

George Chenoweth, the president of the Belleville Senior Citizens Association, spoke on behalf of the 1,000 members who use the facility located at Mill Street and Franklin Avenue.

Requesting expansion, Chenoweth said the building was "wholly inadequate for our needs," since it was planned to hold 154 people but must accommodate up to 200 seniors who attend weekday club meeting.

The patrons of the center generally belong to clubs which meet on designated days. A member of the Tuesday club would not routinely attend a Wednesday club meeting, for instance.

One member, George Walker, complained the building was inadequate in meeting fire regulations because of the numbers it held at those sessions.

The senior citizens center was built in 1981 with block grant monies and that may be the source of any possible expansion.

Mayor Michael Marotti acknowledged the problems voiced by seniors, but advised them to relieve immediate over-crowding problems by eliminating excessive furnishings which absorb space that could seat more people.

Marotti also said expanding the facilities would

merit consideration when the township applied for block grants but he insisted obtaining monies to construct a new police station would be "top priority."

Representing the county block grant program was director Grisel Ubarry who noted that Belleville has received a total of \$1,988,742 in block grant monies since its participation in the program seven years ago.

Last year, Belleville received \$460,000 from the program, \$185,000 of which were Jobs Bill monies appropriated for community development programs.

Previous funds were used for street improvement, fire protection systems, and towards the revitalization of Washington Avenue.

Use of grant money was restricted in the past to targeted areas of the township, as designated by federal standards for need.

Mayor Marotti asked Ubarry about the possibility of using funds outside targeted neighborhoods in order to speed township improvements.

Other Commissioners joined the Mayor in claims that Belleville has not been getting a fair portion of the monies considering its requirements.

Public Works Commissioner Joseph Grande said, "Montclair gets whatever it needs at will. Where does the parity begin?" He also requested a rundown of what other municipalities receive from the block grant program.

Marotti reminded the director that according to the 1980 census, Belleville was ranked third highest, behind Newark and East Orange, in the County poverty level.

Additional hearings on block grant funds will be held early next year.

Two-Year Police Contract Accepted By Town Fathers

By Linda Telesco

In a unanimous vote Monday, Commissioners agreed to authorize a 2-year contract with the Belleville PBA Local 28, pursuant to a Nov. 13 decision handed down by arbitrator Julius Malkin.

According to Public Safety Commissioner Matthew Pica, the decision awards the 82 Belleville patrolmen a 7 percent salary increase for 1983 retroactive to last Jan. 1 and another 6 percent hike for 1984.

Prior to the negotiations, first year officers were paid an annual base salary of \$14,758. At the top of the 4 step scale, the salary reached \$21,487.

Other maximum salaries are: lieutenants, \$26,000; sergeants \$23,637; and captains, \$28,600. Those salaries will be raised according to a pro forma increase act.

Other benefits won by the PBA include an additional holiday on the Friday following Thanksgiving bringing the total number of holidays granted to 13.

Employees and their families will also be covered under a \$275 maximum dental plan. Presently, the PBA has no dental plan.

The arbitrator restored longevity pay which was surrendered by the PBA five years ago, but restored because of the association's desire for improved benefits, Pica noted.

Additionally, a new first-year employee will receive no winter vacation. Previously, the new employees received one day off per month of employment plus a

winter vacation. The decision reduces vacation days from 12 to five.

New employees will get only 15 sick days instead of the present unlimited number.

Also, the agreement extends bereavement leave to include grandparents, step-parents, and step-siblings.

Pica said the township's position in these negotiations was a 7 percent hike for both years and a dental plan not to exceed \$72 per employee.

The arbitrator's decision will be included in the new salary ordinance to be introduced early next year.

New Advertising Director Is Named To Times' Staff

A new director of advertising was named today for The Belleville Times, OBC-Television and affiliated publications. A. Richard de Antoni's appointment was announced today by Frank A. Orechio, publisher.

de Antoni will oversee sales and marketing efforts for The Belleville Times, Nutley Sun, Bloomfield Life and OBC-TV's cable operations.

He served until earlier this year as retail advertising manager of the Daily and Sunday Advance in Roxbury before joining a New York City advertising agency.

"I've really missed the pace and challenge of the newspaper industry," de Antoni said in accepting the appointment to the Nutley-based communications company.

Of prime concern will be the development of the Belleville-Nutley-Bloomfield marketing area which for the first time is served not only by the three weekly newspapers published in those communities, but also by OBC cable television. The OBC network last month interlinked homes on UA-Columbia and Suburban Cablevision with a viewership now slightly over 183,000.

Besides bringing the expertise of a New York advertising agency to the Suburban Essex area, de Antoni will direct research leading to greater opportunities for local advertisers to saturate homes in the three-town area.

Following his college graduation, de Antoni's first position was as assistant to the director of Fritzie Miller Associates in New York, a commercial art specialist. Next he served two years as an account executive with the Martin Zisholtz Agency before forming his own Morristown-based firm that still specializes in work for professional firms including doctors and attorneys. He served three years in the United States Navy.

In making the appointment today, Orechio emphasized that de Antoni's position is a new one and that no advertising or marketing staff personnel are being replaced.

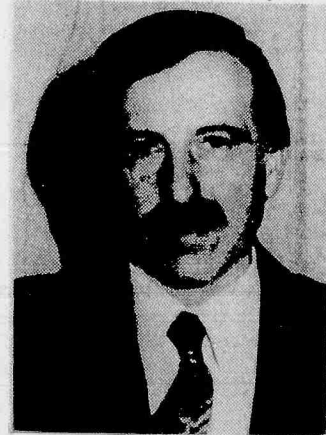

continue to work with the program."

Born in Newark and raised in Kearny, Catrambone received his bachelor degree in science education from Jersey City State College. In 1978 he received his master's degree in supervision and administration from Montclair State College. At the present time he is 32 credits beyond his master's degree.

"I am extremely happy to receive an opportunity to serve as an administrator in the Belleville school system," said Catrambone during an interview in his office this week. "This is something which I have been seeking since I received my master's degree from Montclair State College."

Catrambone, who assumed his post Monday, said that his major responsibilities include control and discipline in the school, observing and evaluating teachers and assisting DiMaggio in administrative duties.

"I started on the job Monday and the transition has been a smooth one," said Catrambone. "Yesterday alone I had seven parent conferences. So they are keeping me busy, but I

enjoy it."

The School Board did not conduct interviews for the position, but instead went with the recommendation of the system's administrators.

"I do not know the gentleman personally," said School Board President Grace Purdue, "but his resume and everything else really impressed me. I think it was a very wise choice by the administration to select Mr. Catrambone as vice principal of the Middle School. I am sure he will do an excellent job there."

As well as being a science teacher at the Middle School, Catrambone also served as audio-visual coordinator and assisted in curriculum revision.

He and his wife Lois have been married for 16 years and have two sons, Jeff, 13 and Gary 11.

Laundry Operation Opens Here

A different and improved way to wash and dry the family laundry is available in this area with the opening of the Belleville Maytag Home Style Laundry, a Maytag-equipped, self-service laundry located at 300 Washington Ave. The business is owned by Belgravia Cleaning Inc., and its grand opening was Dec. 5.

The laundry represents a departure from self-service stores of the past. Instead of large, multiloal commercial dryers and multicontrolled washers, the Belleville Maytag Home Style Laundry features a bank of 24 stacked, single-load dryers against one wall and 24 energy-efficient washers, arranged attractively and efficiently in small, semi-private clusters with folding tables.

These Dial-A-Fabric washers and dryers feature one easy-to-use control knob and have special settings programmed according to color, fabric type, and degree of soil to automatically care for the clothes. One selection does it all.

The single-load dryers not only provide customers with more individual drying units, but their low-temperature operation gently cares for today's sensitive permanent press garments. Since one washer load

equals one dryer load, there is no need to mix sorted washloads in the dryer. This reduces the risk of color transfer and linting.

By selecting one of the six wash cycles on the gently Fabric-Matic washers, the customer can be assured of getting the right wash temperature, the proper washing action, including soak and cool-down; the correct length of time and the proper rinse temperature.

An attendant is on duty to provide customer assistance and answer questions. For those who wish the attendant to handle their laundry, drop-off service is available.

Provident Savings Has Discount Card

Now, just in time for the holiday season, Save System Card holders will receive double discounts when making cash transactions at participating merchants or services.

For example, if a 7 percent discount is allowed, Provident will match the discount, earning a card holder a total cash discount of 14 percent.

According to James Feely, president of the state's oldest savings bank, "We at Provident are proud to offer our customers the "Double Discount" bonus until Dec. 31. The

program not only benefits the Save System Card holder, but it affords merchant members a unique opportunity to gain a competitive edge, improve their cash flow and build customer loyalty."

Anyone is eligible to open a Save System Account at Provident and obtain a discount identification card. No charge is made for the card, but a minimum of \$10 is required to open an account. When making cash purchases at any participating merchant or service, members receive a sales slip showing the amount of the discount transmitted into the customer's Save System Account. At the end of the month, the

Save System card holder receives an itemized statement showing all trans-

sactions, discounts, deposits and interest earned. There are no restrictions on deposits or withdrawals.

A statewide Save System Directory of 600 participating merchants and services and the discounts they offer is available to card holders. Substantial discounts vary depending on the merchant or service. An extra benefit is provided to members because the Save System is a national card honored wherever participating merchants display the "Save System" and "Saving Plus" emblem.

There are 150 merchant members serving the Greater Belleville-Bloomfield area. Since the Save System Discount Card was introduced locally, more than \$100,000 in sales were recorded with cash discounts to card holders exceeding \$5,000.

Free Wash For Seniors

As a community service the Maytag Homestyle Coin Laundry Store, located at 300 Washington Ave., will be offering a special discount to senior citizens.

Each Wednesday, from noon to 5 p.m., the store will offer a 25 cent discount per wash to senior citizens aged 62 and older.

All senior citizens meeting the requirements are welcomed to the discount.

COFFEE BREAK

There are two meanings to the use of the word, "Diuretic." First, it can mean a substance used to increase the amount of urine. Drinking liquids in sufficient quantity can have this effect. However, while all of this fluid is passing from you, there is no real change in the amount of fluid being held in and around body cells. An actual diuretic is a drug that will pull both water and various salts (mostly sodium chloride) from your body in significant amounts thereby decreasing the amount of water in the tissues. Extra fluids that had accumulated in the feet, for instance, would be pulled out and leave the body via urine.

Health Problems Also Brought To Commissioners' Attention

Angry Tenants Complain About Condo Conversion

By Linda Tesco

A group of angry tenants bombarded Commissioners at Monday's town meeting with complaints about a controversial proposal to convert their apartments to condominiums and a host of health and safety violations they say exist on the premises.

For the second time in two weeks, residents of Bridgebrook Gardens, the Joralemon Street garden apartment complex managed by Govel Associates, brought their pleas for service and information to the town officials.

Sam Papa, president of the Bridgebrook Tenants' Association, told Commissioners, tenants of the 250-unit complex received word only last month that their apartments were going condo.

Papa said efforts to learn more from state officials about laws protecting tenants failed, and he was directed to seek out his local officials.

Township Attorney Frank Zinna noted this is Belleville's first condo conversion and he attempted to contact communities with some experience in the matter as well as research state laws on conversions.

In such a conversion, tenants are notified that their apartments will become condominiums and they are given the option to purchase one, as they would their own home.

Tenants choosing not to buy have a period of time in which to vacate the apartment.

According to Zinna, state law protects disabled tenants and those over 62 from being forced into either of those options in the case of a conversion.

The attorney noted that the municipality's only apparent responsibility in the entire conversion matter is to establish an agent to handle applications to convert from the property owners and a board to hear appeals from tenants who seek exemptions.

"The township should review cases of those who may qualify for exemptions, but I don't see that the municipality has any authority to approve or deny applications to convert," the attorney told citizens who asked where the ultimate authority lay in such matters.

Zinna deferred to state officials as having the final say.

In the absence of a formal applications board, Govel Associates made its request to convert to the Rent Leveling Board and subsequently mailed a prospectus notifying tenants of the planned changes and their option to purchase the occupied unit.

Commissioners agreed Monday to have Zinna draw up an ordinance establishing formally both an agent and a review board for future applications.

The attorney noted that the Rent Board may serve in either capacity, but advised against having them perform both functions as "conflict of interest."

He further observed a current municipal employee may fill what will probably be the occasional duties of the applications agent, suggesting reimbursement on a piece work basis rather than by salary.

The ordinance will also set an application fee as permitted by statute.

Tenant spokesman Papa, a 16-year-resident of the complex questioned whether the apartments could rightfully be called conversions if no renovation was performed on

Tenants Up In Arms — Tenants residing at Bridge Brooke Apartments, located on Joralemon Street, appeared before the Board of Commissioners Monday night to complain about the complex turning into condominiums and health problems they have been facing there.

He said the complex offers three- and four-room apartments and garages. Another tenant agreed, "How can they (the owner) ask \$62,000 for a condo here. This is garden apartment living."

Criticizing that and other descriptive elements in the prospectus, tenants claimed the plan was "fraudulent."

In a related matter, the Bridgebrook tenants complained about numerous health and safety violations on the premises.

"We have raw sewage up to the ankles," said resident Michele Goldfarb. "We have to walk through human waste to get to our garages. Our kids have to play in these conditions."

The tenants were outraged that they had complained of this at the Nov. 28 Commission meeting but were still experiencing the problem.

Public Affairs Commissioner Michael Pizzi said he had an inspector visit the premises following the first complaint.

"He (the inspector) did not see any waste at the time, but he reported that the eight-inch sewer pipe there was too small for so many units. He determined it was an internal problem and advised the owners to correct it."

Tenants shouted their dissatisfaction. "Govel won't clean this up. Why should he? He wants to turn it into a condo," said one woman.

Commissioners informed the tenants that if the complex owners

failed to comply, the local authorities could issue them a summons which would lead to a court appearance for the owners.

"That would take too much time," said an angry resident. "This is human excrement around our homes. Do you have to wait for a child to get hepatitis before you do something? Would you wait that long if it was your children?"

Pizzi assured citizens he would send his health inspector down early Tuesday to investigate.

Health Officer Tom Longo said Tuesday he did visit Bridgebrook the next day but saw "no immediate problem."

Longo also said he received no word from residents that the problems had reoccurred since the first inspector last month.

"We will be certain to investigate serious health violations and take every measure to have them corrected," Longo said.

Bridgebrook tenants say they have been living amidst numerous violations and will release a list of some 46 health and safety infractions discovered on their properties.

Commissioners advised them to bring these complaints directly to the health and building code inspectors.

Tenants streamed out dissatisfied. They feel that Govel Associates is a local agency with power to "get away with anything."

Efforts to reach William Govel on Tuesday for comment on either issue were unsuccessful.

Marilyn Hawthorne

Last week the Belleville Board of Education appointed Marilyn Hawthorne as the new principal of School 7.

Miss Hawthorne, a member of the Belleville School System for more than 20 years, a teacher at School 3, will be replacing Michael Rosamilia who will be retiring the end of this month.

Miss Hawthorne has big shoes to fill. We know Rosamilia well. We grew up together in the same Big Tree section of Belleville. We shared the same experiences, the same joys, the same pains. We experienced the world's greatest depression and the horrors of the world's greatest war. Michael Rosamilia became an outstanding educator, giving 34 years of his life to the Belleville School System.

Of Mr. Rosamilia, Marilyn Hawthorne had this to say, "He is a very kind, warm and

intelligent person."

Her comments were right on target. But Miss Hawthorne is also a very kind, warm and intelligent person and we look forward to great things for her.

In selecting Marilyn Hawthorne the School Board made a wise and excellent choice. A product of the Belleville school system, Marilyn Hawthorne's appointment demonstrates that a school system can promote from within and maintain a high standard of education. To the Belleville Board of Education, we say thanks for giving us Marilyn Hawthorne. Both the students of School 7 and their parents will find another warm, kind, and intelligent person in Marilyn Hawthorne.

Belleville Redevelopment

The Belleville Township Commission, and its great wisdom, created a Belleville Redevelopment Agency primarily for the purpose of rehabilitating Washington Avenue.

The birth of this agency held out great hope for the future of Belleville's main avenue. The Commission appointed able, enthusiastic, dedicated citizens to the agency. The Commission drew upon Belleville's brain bank to give the new agency a shot in the arm.

Setting their sights high, the members of the Redevelopment Agency have been working diligently developing plans for a better Washington Avenue.

The time has come for the Belleville Township Commission to once again express a

vote of confidence in the Redevelopment Agency and give the group its fullest support.

The life of the Redevelopment Agency is at crossroads. It either reaches the top of the mountain it started to climb one and one half years ago, or it falls back into the valley that gave it birth.

A manifestation of the commission's continued support is the primary purpose which created the Redevelopment Agency is important for the agency's moral and its effort to reach the township's stated objective.

ERA

For the lack of six votes, the Congress of the United States turned down the effort to approve an ERA amendment.

Speaker Tip O'Neill made the case very plain when referring to Republicans he said, "You're not fooling anyone, in your hearts you were never with us. You were looking for an escape."

And that is the way it went last week in Washington, D.C.

In many ways — despite the guarantees of the United States Constitution and the Bill of Rights, women are dis-

criminated against. The Civil Rights Amendment of 1964 bestowed upon minorities and women, rights spelled out in the constitution but never enforced. The Equal Rights Amendment is necessary to insure the provisions of the Constitution and the Bill of Rights are carried out — even though it may be 200 years later.

Reagan is the first President in modern times who opposes the ERA — and he is one reason why an overwhelming majority of House members voted against the ERA Bill.

Annual Rent Increase Should Be Lowered

To the editor:
I think it's about time we do something about this 6 percent annual increase every year to the landlords. It's being especially hard on the senior citizens, the poor and the handicapped people. We only have a limited income and most of us do not have any other income due to age, disability or unemployment.

Especially in apartments of four or more units that supply their own heat and hot water. Example: if the rent was \$350 per month at 6 percent a year would make it \$371 per month the first year. At the end of the fifth year the rent zooms to \$486, plus heat and hot water. The average gas heating bill may be \$174 making it a total of \$660 per month each tenant at the end of the fifth year.

This is all coming from a limited fixed income for the poor, the elderly and the handicapped. Is this fair? Where will we go? Where is the housing? Stop the building of condos and co-ops for awhile and let's make housing for these people who have dignity and still contribute to the community. Sure, you will hear the apartment owners cry that they are

not making enough, they always do. The percentage increase should be now lowered to .02 percent for apartments with four or more units where tenants supply their own heat and hot water.

Belleville has had no tax increase the past two years, yet the landlords

have increased the rent anyway. There will always be some greedy landlords.

There should also be a freeze of rents for senior citizens with annual income of \$15,000 or less for two years. If we don't soon have this, where do we go?

Gun Control Measures Are Strongly Needed

To the editor:
On Nov. 22, we marked the 20th anniversary of the assassination of President John F. Kennedy. More than 40,000 Americans have been killed in gunfire since his death. Ironically, on this anniversary, Congress is considering legislation which would weaken, not strengthen, America's feeble gun laws.

In 1968, when Congress passed the Gun Control Act, our legislators specifically prohibited mail-order gun sales because President Kennedy's assassin, Lee Harvey Oswald, used a cheap rifle purchased from a Chicago mail-order house. The weapon was fitted with a telescopic sight, also acquired through the mail. Less than an hour after killing the President, Oswald killed police officer J.D. Tippit with a

38 caliber handgun acquired from yet another mail-order house.
Now, the National Rifle Association wants to get the 1968 Act through passage of the McClure-Volkmer Gun Decontrol Bill (S. 914 and H.R. 2420). This bill would lift the prohibition on mail-order sales and again allow easy access to firearms by criminals and would-be assassins.

This bill must be stopped. Our Congress should not enact legislation which only invites mail-order murder.

Sincerely,
Barbara Lautman

Golden Comments

By James Golden

Various segments of Belleville's townspeople are posing questions which are begging for answers which we feel require explanations of some of our town officials. The people want to know why a published Fidelity-Union Bank report of inactive bank accounts shows three such Township of Belleville, N.J. accounts in various amounts exist, especially, it would appear, in view of the fact that the legally required 1982 Report of Audit due shortly after the month of June 1983 (Nutley's was published in July) wasn't received until November 10, 1983. Why?

The people hear reports which disturb them that a school trustee's phone number has been changed to a Toms River phone area. Why? Have they left town? If so, that would require their resignation. Of course, some often give a local address falsely indicating local residency, even to the extent of renting an apartment in town, supposedly in this case on Joremon St., but if it is a subterfuge it is illegal. Ala, the Mickey Bontempo case.

While on the subject of false residencies, myriad zoning oversights and overstuffed departments, the idea of a thorough job evaluation survey might prove interesting. Likewise, the engaging of a trained town administrator such as Bloomfield has.

With the onset of winter motorists are awaiting the usual announcement of the moratorium on enforcement of alternate side of the street parking for street cleaning purposes; since the water freezes in the sweepers it is impractical to use them.

Commissioner Joe Grande whose Public Works Department has been doing an excellent job of keeping our street clean under his stewardship, correctly has asked to delay the suspension of enforcement until the late falling of the tree leaves this year can be cleaned up.

While the problem of snow plowing remains a vexing matter it offers an insoluble solution because of the narrow side streets and volume of parked cars unable to find spaces because of lack of driveways and garages. It is, under the circumstances, necessary and sensible to pass the resolution to declare the moratorium suspending enforcement of the street cleaning ordinance during the period through mid-December to April 1, as in previous years.

We all recall the animosity engendered by Commissioner Saletta's efforts to enforce the no-parking regulations on the "snow-streets" when he had their cars towed away that cost motorists heavy fines and towing and storage charges and that was on streets that had to be kept open for emergencies. Can you imagine the furor attempting to do that on our residential streets would incur?

No! Commissioner Grande you have compiled too good a record in keeping our streets clean to try to overdo it. But, if we might make the suggestion, give a thought to making Tappan Avenue one-way Eastbound from Union Avenue to Washington Avenue (De Witt Bank) while making Malone Avenue one-way Westbound from Washington Avenue to Union Avenue. The distance of a very short block.

Both these streets are narrow and jammed with cars on both sides and well traveled because of the De Witt Bank on the corner of Washington Avenue and Tappan Avenue. Were they made one-way the plows could clear a wide swath through the middle of the road permitting the car operators to dig their cars out. Then the plows could come back to complete the job.

What Does Break Up of Bell System Mean to Consumers?

By Ed Capparucci

In just three weeks the largest company in the world will be splitting up, thus ending years and years of inexpensive phone use and creating what phone company officials are labeling "competitive service."

What the break up of the American Telephone and Telegraph company means to most phone consumers is a series of changes — and some, very expensive.

Instead of receiving one bill per month, you may receive up to three: one for money you owe the local phone company, one for AT&T's rental charge on your phone and still another for long-distance calls.

Local phone service is going to cost you much more than you have been used to paying in recent years. But if you really think about it, the phone is perhaps the most inexpensive means of communication we have today, at least on a local level. Since 1940 the monthly U.S. phone rate has gone from \$3.67 a month to \$11.38 per month, an increase of 210 percent. While it may sound expensive, compare it to a Chevrolet, which has increased 4,000 percent in that same time frame. For too many years we have been spoiled by the telephone and its inexpensive cost, but that will all change very soon — Jan. 1 to be exact.

For years local service was subsidized by higher long-distance rates and by certain favorable accounting practices. But now local phone users are going to have to shoulder the full cost of local calls themselves, and that could become very, very expensive. Some legislative officials are predicting that 2 percent of all California residents who now own phones will discontinue their service due to rising phone costs.

But while the local phone bills will be increasing, company officials say long-distance rates will be declining, and that's great for anyone who has relatives scattered all across the country. AT&T proposes to cut long-distance rates by 10 to 15 percent, so if you make \$20 worth of long-distance calls per month, you would save a whopping \$2.10. But it should also be mentioned that the

phone company is proposing a \$2 access charge on residential users for the right to be hooked into the long-distance network. So deduct the \$2 access charge and you have saved a grand total of 10 cents on a \$20 long-distance phone bill for any given month. The real winners in the long-distance game will be the persons who have high monthly long-distance bills.

There are also other factors involved such as phone repair cost and stock owners, but space limitation doesn't allow us to get into the break up as much as we would like. You will have a chance to learn more about the splitting of the Bell System and what it will mean to you on the next edition of EDITORIALIZING, which appears on Channel 36. For times and dates see the television listings on page 4. My guests this week will be Thomas Spillane and Charles Seelinger, two Bell Telephone officials. But besides being phone company officials, both are familiar faces in the community. Spillane is vice president of the Board of Education and Seelinger is vice president of the Chamber of Commerce. So tune in and learn about what the break up will mean to you. And thanks for all the nice comments I have been receiving about the show in recent weeks. If you have any ideas please call me at 759-3200.

I strongly agree with a recent sentence handed out to a convicted child molester by a Morris County judge last week.

Morris County Juvenile and Domestic Relations Court Judge Daniels Coburn sentenced a Mt. Olive man to five years probation, which included the condition that the sex offender attend a performance of an off-Broadway play "Short Eyes." The play is about a man subjected to various types of abuse while serving a prison sentence for sexually molesting a child.

The judge felt that by seeing the play on the harsh way of prison life, the offender would have second thoughts before attempting the same crime once again. Also during his probation period he must undergo intensive psychotherapy and serve a

CMHS HOTLINE

Use Good Judgement In Dealing With Drugs

Dear CMHS:

I recently watched the "Chemical People" on television and frankly, it scared me. I have two teenagers, both of whom are good kids. I don't believe they are involved with drugs, but how can I be sure? Since watching the program, I have been refusing to let them attend parties and have the same freedom they previously enjoyed. They are angry with me, but I feel I need to protect them. What do you think?

A Frightened Parent

Dear Frightened Parent:

The "Chemical People" was a nationally televised show which tried to educate parents and children about the widespread abuse of drugs and alcohol. It tried to cut through the denial of most parents and kids about its prevalence and danger. It sounds like the program achieved its goals in your case and it is understandable that you are frightened — the statistics are frightening!

However, while your inclination to protect your children is understandable, there is a danger in going too far. There is always a parental dilemma of how much freedom to give a child. In order for our children to grow into healthy, independent adults, they need opportunities for decision making and developing their own values. If you stifle this development, you may prevent their exposure to chemical abuse, but you run the risk of promoting dependence on the one hand or precipitating an outright rebellion on the other.

I encourage you to discuss your concerns with your children, set rules and guidelines for them and continue your previous practice of giving them certain privileges and freedoms. Keep yourself knowledgeable about the early signs and symptoms of chemical dependency. Be alert for any glaring changes in your children's behavior and attitudes. Let them know they can come to you to discuss their peer pressures and alcohol/drug related concerns or experiences. Recognize that most children have had some exposure and they need their parents to react to it — but not to overreact! (The Community Mental Health Services of Belleville, Bloomfield and Nutley is a non-profit agency serving the communities. For information, call 751-1630. Send letters to CMHS Hotline, c/o Irving W. The Belleville Public Library is introducing a new service to the people of Belleville — the circulation of half-inch video cassettes for home viewing.

The titles that have been added are: "Alice in Wonderland," "Annie," "Cartoon Classics," "Chariots of Fire," "Jane Fonda Workout," "King Kong," "Kramer vs. Kramer," "Longest Day," "Sound of Music," and "Star Wars."

Tapes may be borrowed for a 24-hour period by the holders of a valid Belleville library card who are ninth grade and over. A \$1 user fee is payable on each cassette at the time of return, \$2 on Saturday through Monday borrowing. There are overdue charges for failure to return the tape on time.

The library has made a list of borrowing rules which follow: These tapes are licensed only for non-commercial, private exhibition to home with VHS equipment. Any other use or copying is strictly prohibited. Federal law provides severe civil and criminal penalties for the unauthorized reproduction, distribution or exhibiting of copyrighted video tapes.

Tapes may be borrowed for a 24-hour period.

Overdue charges will be \$2 if tapes are returned after the deadline, in addition to the \$1 use fee. For every day the tape is overdue thereafter, the fee will be \$3 per day. Excessive overdues will result in the loss of borrowing privileges.

In case of loss or damage, the borrower will be assessed the full retail replacement cost. Tape cases may not be broken open. Special invisible markings have been added to each tape. An infrared reading machine will be used before and after each loan to insure that tapes have not been tampered with.

All tapes must be rewound before return. If not, the borrower will be asked to take them home for rewinding, and if necessary overdue charges will then be assessed.

Only two tapes per family from the Belleville Public Library may be borrowed only by holders of a valid Belleville Public Library card and who are 18 years old or over.

The person borrowing R-rated video cassettes must affirm that all persons sharing in the viewing are eligible for admission under MPAA guide lines. (Motion Picture Association of America).

Watch Program Aids In Arrest Last Week

The Neighborhood Watch Program in Belleville really does work, as police arrested a man on robbery charges, thanks to a concerned neighbor.

A Smallwood Avenue woman observed an unfamiliar person roaming around in a neighbor's backyard and later enter the neighbor's house. Realizing the house was unoccupied she immediately notified the Belleville police.

Upon investigation police found a

Newark man hiding in the attic with jewelry in his pockets.

The Mt. Prospect Avenue man was taken to police headquarters, where he was linked with two previous break-ins and robberies which were reported in the neighborhood. He was being held in lieu of bail.

Police officers Richard Fatone and Carmen Pelaia, along with Det. Barton Rossi were the first on the scene and assisted in the apprehension.

Pre-school Applications Are Being Accepted Now

The Belleville Recreation Department is now accepting registration for the pre-school play program for 4 year old children. The program consists of games, stories, songs, arts, outside play when weather permits.

short rest periods and occasional holiday parties especially designed for pre-school children.

The mothers of the children accepted will serve one duty day about every eight or nine days according to a published schedule. School will begin again in late January under the leadership of Mrs. Susanne Iannini.

For further information and enrollment, please contact the Belleville Recreation Department at 759-3121 as soon as possible, Monday to Friday 8:30 a.m. to 4 p.m.

HEALTH WISE

By Ralph J. DiMaio D.C.

Many severe back problems originate with or are aggravated by slippery streets and sidewalks that make walking a hazard. Ice, snow or any slick wet surface may cause people to slip and fall, or almost fall. Whatever the cause, the result is often a sore back.

A slip that causes wrenching of the back may result in over-stretching of muscles and ligaments. This in turn can cause a spinal misalignment or, equally serious, the aggravation of any minor misalignment that may have been present for some time.

Chiropractic spinal manipulation is an effective treatment for such types of injuries. For natural, drug-free chiropractic treatment, please see:

ASK
YOUR
REALTOR®

By Jan Zepka

When considering the pros and cons of homeownership, keep in mind that in addition to the government paying an annual homestead rebate, it often views certain improvements on the house as having added to its property value, qualifying them as tax credits or deductions.

If you're considering buying a home, or have recently purchased one, start out right by keeping accurate records of all the improvements you make. Projects around the house should be divided into two categories: work that is considered a repair, and work that constitutes capital improvement.

According to "Uncle Sam", most repairs are considered nondeductible, but certain improvements, such as major rewiring, or the addition of a bathroom add to the basis of the property, qualifying as capital improvement and adding to the value of the home.

Repairs such as interior painting, gutter replacements etc. simply enhance the condition of the house and are not considered capital improvements, while some major changes, such as adding insulation or thermal windows or doors can qualify you for a 15% energy tax credit.

Unfortunately, the IRS does not provide a list of what is considered a repair vs. a capital improvement on the house. But, by keeping detailed records, including receipts and cancelled checks on any work you've had done, you can provide your accountant, as well as the IRS, with accurate information that could increase the basis of your property.

Also, when it comes time to sell the house and the capital gains tax is due, all the capital investments are then deducted from that capital gain.

Be sure to total the improvements to include the entire cost of material and labor. You cannot add your own time if you do the work yourself, but you can include the cost of hiring workers.

If you have any doubts about qualifying a home improvement, check with a member of:

Buccaneers Enjoyed Successful Year, Despite No Playoff Berth

Another season now in the books, it's a good time to look back on the fine season that the Belleville Buccaneers posted this fall. The team finished with a 6-3 mark, losing to Passaic, Montclair and Ridgewood. Passaic and Montclair would go onto

win the Group IV, Section I and II championships respectively. Passaic also would win the vote as the top ranked team in the state of New Jersey, based on its 11-0 record.

It was a young team that made up the Buccaneer team of 1983. The

backfield, led by Mike Murphy was a veteran group, but the lineman and secondary men were young underclassmen who will be back next season to hopefully continue the team's success.

Here's a break down of each

game this season: September 24, Belleville at Nutley: With sunny skies and the temperature in the low 70's, Belleville and Nutley, two of the toughest rivalries in the sport of high school football kicked off the 83 season. "It's a tough way to start," said head coach John Senesky. "Playing them in the early going was certainly a big way to start the season." It was a hard fought battle, but for the sixth straight year, Belleville won, this time by a 12-6 count as Murphy tallied both scores. Nutley went on to a 7-3 season and a berth in the Group IV, Section II playoffs.

October 1, Belleville at Bloomfield: With a wet field and threatening skies, Belleville disposed of stubborn Bloomfield, 14-0 as Murphy tallied one score and quarterback Mark Walsh found Carmen Cerreto with the other tally in the final quarter. "It was a tough game," recalled Senesky. "Bloomfield gave us all we could handle. Carmen Cerreto played a fine ball game and really came into his own. "The game marked an injury to stalwart lineman Ralph De Falco, who separated his shoulder during the warmups. The doctors said he would be out six weeks, De Falco thought otherwise.

October 8, Belleville at Montclair: A third straight road game produced a first road loss in a 14-6 defeat against the state champion, Mounties. Montclair jumped out to a 14-0 lead after five minutes, then held their breath as the young Buccaneer line wore down the Mounties. Murphy tallied the only Buccaneer score and De Falco played the game despite the bad shoulder. He did an excellent job. The game marked the first loss for the Bucs in their "Lucky Blues", uniform.

October 15, Teaneck at Belleville: The Bucs returned home for their first home contest and whipped the young men from Teaneck, 33-0. Murphy tallied three touchdowns on the day, rushed for 199 yards and Steve Mulhearn emerged as a standout kicker for the Buccaneers. "It was a good win," recalled Senesky, "it showed our kids could come back from a tough loss."

October 22, Ridgewood at Belleville: The back breaker, the game that technically cost Belleville a

Rec Basketball League Underway

The Belleville Recreation Thursday night men's basketball league got under way on Dec. 1 with six games.

For Pete's Sake led by Bruce Gardner's 19 points, held off after building an 18 point halftime lead, to defeat Club 36 East 65-64. Tim Fisher had 21 points for the losers, and Robert Johnson had 15 all in the second half to almost complete a tremendous comeback.

Led by Dan McLoughlin's unbelievable 52 points, Rosebud Pub exploded past Suburban Cablevision 89-52. Bruce Rosinski tossed in 11 for the winners and Carmine Guinta added 10. Suburban Cablevision was paced by Walt Siubis' 14 points and Ron Pennettis' 12.

Gary Mascitelli and Dennis Kiel combined for 31 points to boost the Knicks to a 61-41 victory over Ten-Two in the season opener for both teams. Twelve points by John Thompson and 10 by Frank Mauro wasn't enough to beat the Knicks who led throughout most of the contest.

A balanced scoring attack led by Doug Jackson's 21 points and Mark Veniero's 11 was enough Thursday night to capture Mr. Mugg's first victory 53-47 over RLM Graphics. Ricky Thomas' 14 and Clyde Robinson's 18 points wasn't enough to help RLM Graphics to victory.

Mr. Stokal and Mr. Stenson had 15 points apiece and Pat Higgins popped in 22 as Tobler defeated Rockys Raiders 65-49 in the season opener for both squads. The Raiders were paced by Pat Blacer's 17 points. Tobler looked sharp on route to their first victory in the 1983-84 campaign.

With Todd McDougal's 20 points plus Joe Dunn's 19, Nutley Pub beat Martucci Brothers 67-61. For the losers Gary Bell scored 20 and Bob Martucci had 14. Nutley Pub starts the season on a winning note while Martucci Brothers are now 0-1.

Girls' Basketball Squad Could Win Several Titles

The talk around town is that the Belleville girls basketball team is a state-ranked ball club that can win the Group IV, Section II championship along with the Essex County title and anything else that comes within their grasp. Then, after all the accolades are through, everyone will live happily ever after.

Fairy tales are nice, but most often not too accurate. The 1983-84 girls basketball team enters this season with some good front line players, no experience on the bench, lack of depth and little height. Those are traits that don't win state titles. To compensate for the lack of height and depth, the girls must turn to solid coaching, strong defense and good fundamental play.

Head coach Karen Fucello sees a very difficult season ahead. "We are faced with a very difficult schedule," said Fucello, referring to Ridgewood, Teaneck, Hackensack, Paterson Eastside, Nutley, Paterson Kennedy and Clifton to name a few. "We're starting on the road and face our toughest tests on the road."

Indeed, the girls will face a tough test. On December 16, the regular season commences with Paterson Eastside, away, at 7:30 p.m. All Paterson Eastside did last year was win the NNJIL title, post a 24-5 mark and advance to the state semi-finals after winning the Group IV, Section I championship. P.S., Eastside also beat Belleville twice last year and haven't lost to the Lady Bucs since the 1979 season. The Lady Ghosts are coached by Barry Rossner, a fine basketball man. Although they lost an All American player in Venessa Paynter, they return a solid club. "They will be tough, don't kid yourself," said Fucello. "Barry always puts together a good team."

After the Eastside tussle, the girls will battle Montclair on December 20 at BHS and then Clifton on the 22nd at Clifton. The girls will then take part in the Essex County Holiday tournament, although the tourney is in danger because Newark West Side dropped from the tournament and the committee has yet to find a replacement.

Nevertheless, Fucello enters the year with four quality starters. Leading the pack is All Everything Jennifer Apicella. You all know her stats, the 2100 plus points, the Parade All American Status that was earned last season, the All State, All County All Area honors that become synonymous with her name. Everyone else knows about her too, and while Apicella chases the state scoring record of 2,745 points, opposing centers, forwards, guards and maybe even team managers will try and cover her.

Needless to say, the opposition will try and double team her. The answer to this comes from the other starters. For instance, Dina De Aquino a good outside shooter who is a strong candidate to break the 1,000 point mark in her senior year. When she is on, the opposition, cannot double team Apicella because De Aquino will beat them. When De Aquino is off, help could come from junior Donna Brooks. Brooksie can jump with the best of them and has shown vast improvement. She is a super all around athlete and a true competitor.

Help also comes from Loreli Wells, who in her senior year, might be ready to explode. A girl with enormous talent, Wells can shoot, rebound, assist and jump. She might be considered the key to the teams success.

The fifth starter is anyone's guess.

Candidates include senior Tracy Buono, junior Cheryl Marion, sophomore Desiree Johansen, sophomore Sheri Phelps, junior Sheri Di Piro, junior Paula Siciari and sophomore Sherri Sorrentino. "We're looking for someone to fit in with the four experienced starters," said Fucello. "We have to see who can handle the press who can be effective on the press and who can score some points when we need them."

Last year, the girls posted a 20-7 mark, the first time the program has won 20 games. The previous year, they were 17-6 and in 1981 were 15-7. That's 52-20 during the three years that Apicella and De Aquino have been on the team. Since Fucello has been the coach, the girls basketball program has posted a record of 139-86. Needless to say, the team is accustomed to winning and hopes to continue that trend this year.

"We lack the big player," admitted Fucello. "We have to compensate with other things. The schedule is tough, the first three games will be a severe test, especially the road games in Paterson and Clifton. They are two solid teams."

The team will scrimmage Bayonne tomorrow afternoon at Belleville High and faces a tri-scrimage at Verona High School next Monday. That scrimmage is tentative at pre-stime. The girls faced West Orange High School last Monday in the opening tune up.

NOTES: The girls advanced to the second round of the state tourney last year before falling to Irvington. The same fate awaited the girls in 1982. The team also advanced in the Essex County tournament last year to the semi-finals before falling to state champion, Shabazz.

Young Soccer Squads Bow Out Of Playoffs

The Belleville Flash, sponsored by Casa Pollizzi, who finished second in Division 4 competition of the Progresso Suburban Youth Soccer League, went into the championship playoffs against West Paterson at Montclair and came away with a 3-1 loss.

The lone Flash goal was scored by Robert Ricci on a penalty kick. That brought the score to 2-1, but W.P. played strong and sealed the game with a score late in the first half.

The Belleville Americans, sponsored by Caputo Florist, also finished second in the Progresso League in Division 3 competition, faced Elmwood Park in their championship game at Montclair and also lost 3-1.

Elmwood Park scored its three goals in the first half. The Americans fought hard and with about 1 minute left in the first half Ronnie DePiro scored on assists from Anthony Zarro and Mark Tobia. The game ended

with no scoring in the second half. Both teams should be proud of their accomplishments and their excellent records in the league. (Americans 5-1-4, Flash 8-1-1).

Rec Soccer Award Program Set For Dec. 14

The Belleville Recreation Department will hold its annual Soccer Awards Program on Wednesday, Dec. 14 at 7 p.m. in the Belleville High School auditorium. Winners of the regular season and the playoff tournament will be awarded, and all program participants will be recognized for their contributions to the 1983 season. No admission fee will be charged and all are welcome to attend.

The Boys Of Section 160 Are True Football Fans

This Saturday afternoon, the New York Jets will play a football game at Shea Stadium against the Pittsburgh Steelers. Big deal, you might say. The way the Jets are playing they probably won't stand much of a chance, anyway. However, there is more to this game than just football. This game will mark the final Jets game at Shea Stadium.

Leaving Shea, after covering the team for seven years there, is both a relief and sort of sad. The relief comes from no longer driving the 45 minute drive through the pits of New York out to Shea. No more Tri Boro Bridge, no more bumpy roads, horrendous traffic or three hour rides home. Giants Stadium is only 10 minutes away, with no tolls and 100 percent less oegida.

But what will be lost is sitting with perhaps the craziest groups of football fans this side of the Mississippi. These guys are the down and dirty true American football fans, these guys who work hard at their jobs and then pay for their seasons tickets every year to cheer, or boo their beloved Jets, win or lose. It's the story of a special group of guys who sat in Section 160. It's Bill, and George, Bill, and the "Animal", the "Air it out Matty" club, ruck em, ruck em, ruck em ruck em, take that ball and really...fight."

These were Long Island fireman, a gas station owner from Central Jersey, a group of fans from Belleville called the Big Daddy's Jets fan club. They all came together for eight Sundays of the year to have some fun, cheer, boo and make everyone laugh. Some of these guys had seasons tickets before Joe Namath came to the Jets. Some of them would come to the games even if their wives were pregnant in the ninth

month. One guy cancelled his wedding because the Oakland Raiders were in town. Another came home early from a business trip in Europe to catch the second half of the 49ers game.

These were the guys who started the now famous "Bull-Bleep" chant that is heard in football stadiums throughout the area. These were the guys who used to sing "Good Bye Walter" to former Jets coach Walt Michaels when the Jets were losing and rumors of Michaels firing seemed imminent. These were the same guys who led the now famous "Matty, Matty" cheer for ex-Jet quarterback Matt Robinson, the last good quarterback the Jet had.

A group of guys in the section formed a club, the "Air it out Matty" club and hung a flag from their section advertising their club. These were guys who waited outside the Jets lockerroom for Walt Michaels following a Jets loss to Cincinnati in 1981. When Michaels came out after the game, he took out his pen thinking these guys wanted his autograph. "We don't want your autograph, you bum" shouted the "Animal". The group then proceeded to tell Michaels in certain words that he wasn't going a good job. You can imagine what they were telling him.

This group also bought out the beer man everytime he came around with beer. The vendor would say, "how many", the guys would say, "what ever you got." Bill, a Long Island fireman, actually the captain of the department, once managed to get on the Shea Stadium field during the 1977-78 season and take 21 footballs and a Buffalo Bills jacket. The Buffalo jacket was perhaps the best heist. He walked onto the field, put the jacket on, went over to speak to one of the policeman on the field, then walked off the field with the jacket.

There was another fan in Section 160 who snuck onto the field, went up to the Baltimore Colt bench, took a Colt helmet and almost made it back to the stands. If he didn't stop to take a bow with the helmet in hand, he would have made it. Instead, a security man noticed him, said "do you want to go to jail?" and put an end to that heist.

It was all in good fun, however. These were regular guys, fun loving Americans out to enjoy themselves on a Sunday afternoon and get away from the regular pressures of their jobs. They were guys who wore bags on their head in the bad moments of the 1980 season, who still yell for

Matt Robinson and now Pat Ryan. They practically shook Shea Stadium when the Jets played Buffalo in the 1981 playoff game at Shea. They are the wackiest, craziest, funniest fans around. They are what America stands for, honest hard working people having fun and storing memories. Next year, there won't be a Section 160. Chances are, this section will be broken up at Giants Stadium. The guy with the Heineken bottles will have a hard

time sneaking them into Giants Stadium and quite frankly, it won't be the same watching a game without these guys. Also, the memories of the great Jets teams of the 60's, the Super Bowl championship, the AFL title game played at Shea with Oakland in 1968, the Namath bombs, the Sauer catcher, the Maynard receptions, the interceptions by Buttle, the Jet Super Bowl reunion in 1978 at Shea, the players taking a bow one last time. It will be a sad afternoon. The Jets are moving to a nicer stadium, a more convenient stadium. However, they leave a crusty stadium with alot of tradition, alot of friendships, alot of nice memories. Now, I know what it must have felt like for all those diehard Brooklyn Dodger and New York Giant fans in the 50's. Somehow, it won't be the same. As they said in the final episode of Mash a few months ago, "Good Bye."

Congratulations to Passaic High School on winning the Group IV, Section I championship for the third straight year. The Indians 11-0 record wrapped up the number one state ranking as well quite a debut for rookie coach Ray McCrann. Do you know that since 1979, Passaic has posted a mark of 41-4 in regular season play. Three of those losses have come to Belleville. Their last home loss came in 1980, a 13-9 loss to Belleville. It's worst loss since 1977 came in a 26-14 loss to Belleville in 1979. Including playoffs, Passaic is 47-5 since 1979, has won three straight Group championships and has posted two 11-0 marks in the last three years. Since 1980, they have lost two games, both losses coming in 1982 by one point. Belleville, of course, beat them that year, 3-2 and Montclair won on Thanksgiving, 14-13, rallying from a 13-0 fourth quarter deficit.

That's quite a mark, but more impor-

tantly, quite a tribute to the Belleville football program, for it was Belleville who was the only team to hold a winning record (3-2) against Passaic since 1979. This year, the Bucs were tied with the Indians, 7-7 at halftime and trailed, 14-7 in the fourth quarter before losing 28-7. These two teams have staged some classic confrontations. With Craig Heyward graduating from Passaic and Mike Murphy from Belleville, there will be a new personal rivalry for next year. By the way, Murphy did a class thing following the Passaic win over North Bergen last week. He went into the Passaic lockerroom and congratulated Heyward, and Company on its win. Murphy is a product of a class program and a class town. I still maintain that Michael was the best running back in the state, bar none.

Speaking of the Belleville football program, John Senesky led a drive to donate some money to Frank Woodson Jr. the critically injured football player from Irvington High School. Woodson was hurt in an early season game and has been on a respirator for the last two months. The Buccaneer football team donated a nice sum of money toward Woodson's recovery.

Here is the answer to last weeks quiz. The question was, when was the last time the Green Bay Packers made the playoffs, other than last year, how they did and the team quarterback. The answer: Green Bay made the playoffs in 1972, losing in the first round to Washington, 16-3. Scott Hunter was the quarterback. The Pack was 10-4 and won the NFC Central that year.

For this weeks quiz, name the winner of the 1981 Orange Bowl and the participants in that game.

Just before the Thanksgiving Holiday the following pugilists successfully won their encounters against less fortunate opponents - James "The Heat" Kinchen of Dallas, Texas fighting out of Los Angeles, Calif. improved his undefeated record by capturing a 10-round unanimous decision in St. Joseph, Mo. over Murray Sutherland, native of Scotland, residing in Bay City, Mich... Jackie Beard of Detroit, Mich. retained his NABF featherweight crown with a 12-round unanimous decision against Paul Devorce of Yonkers, N.Y....Duane Thomas of Detroit successfully defended his USBA junior middleweight title with a 10th round TKO of Don King of Indianapolis, Ind....Former heavyweight contender Jerry Quarry, 195, on the road of his comeback at age 38, after a six year void (Nov., 1977) from the battleground returned Tuesday at Bakersfield, Calif. and took a 10-round decision from James Williams of Portland, Ore. Quarry now has won his second bout on his comeback trail. The Pennsylvania Athletic Commission refused Quarry a license to fight in Scranton September 3, 1983.

Lightweight Darryl Tyson of Washington, D.C. kept a steady two-fisted attack on the body of Jorge Morales a/k/a Kid Dynamita of Los Angeles in capturing a 10-round unanimous decision, Tuesday at The Tropicana in Atlantic City. The 23-year-old, up-and-coming lightweight prospect (Tyson) now has an 11-1 record with 5 KOs. While the veteran Morales at age 25, slipped to 30-10-1 with 10 KOs.

A WBC heavyweight (Larry Holmes) and WBA counterpart (Gerrie Coetzee) title unification fight may materialize despite what you read. Recent press releases have been as follows "Holmes wants \$100 million to fight Coetzee in South Africa." Privately, while preparing for the Marvis Frazier bout in Las Vegas, Holmes said \$15 million will do.

South Boston's Sean Mannion is reported to have turned down an offer to fight Rocky Fratto of Geneva, N.Y. in Rochester, N.Y. Mannion is willing to square off with Fratto but not upstate New York. Mannion and Fratto clashed in Atlantic City, Oct. 7, 1982 with the Irishman winning the unanimous decision in 10-rounds over Fratto. They are 154-pounders.

WBC featherweight champ Hector "The Clutch" Camacho, born in Puerto Rico but reared in New York sent Puerto Rican Rafael Solis to slumberland in the fifth round while defending his title in San Juan. Camacho handled the No. 1 challenger with ease. The champ may not fight in Puerto Rico in the future. Camacho complained about the media and fans for not welcoming and treating him as a champion. An interpreter informed us Camacho shouted at the fans in Spanish after the fight, "I'm Puerto Rican, but if you don't want me- forget it!" Camacho improved his record to 23-0. Solis dropped to 30-3-2.

There are a number of conscientious, devoted guys involved in sports, but few can compare to Al Moore's connection with the sport of boxing. Al is director of Lou Costello's Sportsmen Club-Gymnasium in Paterson, N.J. Moore started his experience in boxing as an amateur, winning many bouts including the Diamond Gloves tournament. He decided to enter the pro ranks when he wound up in the U.S. Armed Service, where he did some fighting. His career in boxing ended when he dislocated his left shoulder, which never healed correctly, while playing football. He worked with a promoter-manager, Jack Larkin in 1961 training and developing his prospective champions. Moore became manager of Tommy Brown, Brandy Hernandez and Vince Delgado. In 1963 he bought into the Atlas Gym in Paterson and managed many fighters and continues today. He became director of the Costello Sportsmen Gymnasium in 1971, where he works closely with Oscar Suarez, trainer. During the month of November of this year Moore was elected chairman of the New Jersey Association of the USA/ABF.

Promoters Don Elbaum and Ted Menas didn't schedule the weekly boxing show at Atlantic City's Tropicana on Nov. 29th. They will resume Tuesday, Dec. 6 with promising Trenton middleweight Charlie Boston challenging tough Mike Sacchetti from West Virginia in a 10-rounder. And on Tuesday, Dec. 13, unbeaten Simon Brown of Washington, D.C. battles Philadelphia's rugged brawler Ernest Johnson in a welterweight clash for 10-rounds or less, publicist Jim Taylor informed.

Aaron "Trouble" Pryor of Cincinnati, Ohio, seems to thrive on turmoil - shot by his girlfriend, estranged from his wife, managerial disagreement, firing numerous trainers and other personal problems in the past. Wednesday, Nov. 24th he was arrested, charged with possession of a controlled dangerous substance (cocaine). He gave up his WBA junior welterweight title, saying he was retiring and wouldn't return to boxing except for a bout with Ray "Boom Boom" Mancini, the WBA lightweight champ from Youngstown, Ohio. Mancini earlier this week said, "I will retire in 1984 and the fight with Pryor would be a fitting finale. There's too much demand, too much money to let that one go by."

Atlantic City, N.J., Wednesday: Former light heavyweight champion Mike Rossman of Turnerville, N.J. WKO at 2:57 of 5th rd. over Henry Sims of Chicago. Rossman is now 44-7-3. Sims is 14-7. Junior lightweight, Rocky Lockridge, 32-3, of Maple Shade, N.J. WTKO at 2:55 of 3rd rd. over Jeff Goodwin of Knoxville, Tenn. and Livingston Bramble, born in the Virgin Islands, fighting out of Passaic, WTKO at 2:00 of 5th rd. over Tom Crowley of Tipton, Iowa.

Former heavyweight champ Muhammad Ali said Friday he placed his lavishly-furnished home in Beverly Hills, Calif. up for sale and plans to move to Virginia Beach, Va. where he heads a corporation that plans to build a 1.7 million athletic training center for athletes for all sports, both amateur and pro. The principal stockholders include Ali, Larry Holmes, Herbert Muhammad, attorney Richard Hirschfeld and three unnamed foreign investors.

Heavyweight James Broad of Wildwood, N.J. had a close call in gaining split-decision in 12-rounds over Larry Alexander of Memphis, Tenn. The fight could have gone to either battler. There were no knockdowns. Alexander staggered Broad in the 5th round. Broad had Alexander on the ropes in the 10th round but couldn't put the finisher over.

WBA junior middleweight champ Roberto Duran of Panama has agreed to defend his title against No. 1 ranked Mike McCallum, a native of Jamaica, now living in Brooklyn and training in Detroit. Duran has a 76-5 record. McCallum is 20-0. A date will be set later.

Mike Trainer, attorney-advisor for Sugar Ray Leonard, said, "It is unlikely I will negotiate on future contracts again for any fighters of Emanuel Steward's Kronk Boxing Team of Detroit." Trainer dropped plans for a Tommy Hearn-Wilfred Benitez rematch Jan. 14 on HBO Cable when Hearn did not show for an examination of his healing right hand. Trainer has learned Steward was involved in other negotiations for a Hearn-Benitez fight. Steward now claims the promotion will be handled by Gold Circle Promotions for Jan. 27.

WBA junior middleweight champ Roberto Duran of Panama has agreed to defend his title against No. 1 ranked Mike McCallum, a native of Jamaica, now living in Brooklyn and training in Detroit (I'm confused, too.). McCallum is 20-0 with 18 knockouts. Duran has 76-5 with 57 KOs. A date will be set as soon as Duran's hand injury heals, Duran's manager Luis Spada said. Duran injured the mitt during the Hagler fight.

Schedule Is Going To Be Tough

Bellboy Hoopsters Enjoy Optimism While They Prepare For New Season

Back in early March of 1983, the Belleville boys basketball team lost a game that ended its season at 11-16. The loss was to Plainfield High School and the average fan who read about the contest in the next morning papers probably didn't see anything special about the outcome. Plainfield had won, 75-58 and advanced to the state quarterfinals against Montclair.

What wasn't mentioned was that Belleville had battled the Cardinals to a near-even ball game mid way through the final quarter before falling in the final stages. Afterward, the Plainfield coaching staff congratulated Joe Papasidero and company for their fine effort. "They told us we were very well prepared," remembered Papasidero. "It was a great lift to our program."

Now, eight months later, a new season is underway and the feeling around the court is optimism, a guarded optimism, but nonetheless, a feeling of confidence that hasn't been seen in these parts since the 1975 season.

"We have some experience and the kids are working hard," said Papasidero, "however, we have some work to do and the schedule will give us no breaks."

Papasidero enters his fifth year at the reigns of the Buccaneer basketball program. He has built the basketball program into a respected unit, leading them to 11 victories last year, matching the victory total he led them to in his rookie season of 1980. The Bucs first test comes on Dec. 16 when St. Aloysius of Jersey City is the opponent in Jersey City. Judging from the previous encounters, these two teams should provide some excitement.

with them" said Papasidero, referring to last year's triple overtime victory and a one-point loss to St. Al's in 1982. In last year's game, Phil Colalillo scored 40 points, a career high.

Mr. Colalillo is back for his senior year and is supported by some experienced players. The team has six seniors who should see plenty of time and some underclassman who have been a part of the program for three years.

The key to the teams success lies with Colalillo. The 6-2 senior is on his way to breaking the Belleville High School boys scoring record. He trails Abdel Anderson by 150 points and should surpass the former Rutgers star 1975 mark by mid-January. He is the first player in Belleville boys history to break the 1,000 point mark in his junior year. "Our opponents are well aware of Phil," warned Papasidero. "The thing is, we have to get support from the other players. We can't rely on Phil for everything. If he can't get going offensively, we need help from our other players to keep us in the game."

Basketball, being a team game has never been won with just one player. Thus, Papasidero looks to seniors Danny Ward, Bill Nankervis, Joe Borello, Dave Boyd and Brian Cook. Borello figures to be the starting point guard and could be joined in the backcourt by either Boyd, Cook or Ward.

Juniors Mike Sochaski and Steve Kimble will be a help at forward along with Nankervis, who at 6-4 is

the teams tallest player. "We'll dress 10 players for varsity games," said Papasidero, mentioning juniors Danny Riordan, Mauricio Puentes and Nick Sotomayer as possible men to fill out the varsity roster.

The Bucs have seen one scrimmage in the early going, battling Glen Ridge to a 60 point draw over four quarters. Papasidero felt the scrimmage served its purpose. "We saw things we expected," said Papasidero and "we saw something that we didn't care to see."

The coach is concerned about the offensive prowess of his club. "Phil will get his points," said the coach, "but he needs help. That's where we have to work."

Papasidero is joined this year by new assistant coach Don Roll. Roll is no stranger to Belleville basketball. He played for Danny Grasso at Belleville High from 1976-78 before attending Kean College. The 22-year-old Roll then served as an assistant at Kearny for two years before joining the Belleville staff this year. "I

love it here," said Roll. "Being back at my old school and coaching these kids is super. I couldn't be happier."

Roll also coached the Buccaneers in last summer's Bloomfield Basketball League. He is an excellent basketball man and will help the program immensely.

Former assistant, Rocco Colucci, is now in charge of the seventh and eighth program while George Tortoriello remains the freshman coach. "Rocco is with the seventh and eighth graders and will fill a big role for us," said Papasidero. "That is a very crucial part of a players progress and I couldn't have asked for a more experienced man than Rocco to fill the bill."

Colucci, who is working for a masters degree and recently welcomed a baby son into the world, will have more flexibility at the lower grade level to continue his education and for family matters. All in all, the coaching changes should benefit everyone in the Basketball "family" at Belleville High School.

The Parable of the Hungry Hunter

By Robert Paul

A man went on a hunting trip, but found no game. He returned to his house discouraged, cold, tired and hungry.

His wife, who had foreseen what the circumstances of his return might be, had prepared a lavish meal. To the good woman's astonishment, the hungry hunter was not inclined to eat. In response to her frantic urging, he passed some complimentary remarks about the appetizing way in which the meal was served, but he would not eat.

Finally he did take a sip of soup and carefully put the rest in the refrigerator. Then, pale and weak from lack of nourishment, he went to bed.

What purposeless action; what an improbably episode!

But consider the case of a Book, much admired and little read. What other volume has received as much praise as the Bible? In every age, men great and small have given testimony that this is a Book among books, and there are few who have been bold enough to say otherwise.

In many American communities it would be difficult to find a home without a Bible. But it is even more difficult sometimes to find a home where the Bible is regularly studied and its contents well-known. Like the Hunter's dinner it is spurned with praise.

Perhaps you are the owner of such a Bible yourself. You do not challenge those who sing its praises, but for you it is uninteresting, difficult to read, and hard to understand. But you need the Bible as much as you need food and water. For the Bible is the word of God. 2 Tim. 3:16.

If you do not find the Bible interesting, could it be that you do not know the author? "But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned." 1 Corin. 2:14. If you would read the gospel of St. John through at least five times you will be convinced that the Bible is the Word of God. Don't be like the hungry hunter who would not eat. Remember, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." Mat. 4:4.

Buddy Fortunato Criticizes New Jersey Casino Industry

Assemblyman Buddy Fortunato, chairman of the Assembly committee which oversees the casino industry, said that "the casino industry is neglecting New Jersey trade" and pledged to work to reverse the trend which is forcing such groups as the teachers' union from Atlantic City.

Fortunato added that he intends to respond to a request by Assembly Speaker Alan J. Karcher that his Assembly Independent Authorities and Commissions Committee take "swift and effective" action to prevent the casino hotels from engaging in practices to discourage the traditional New Jersey conventions.

"This is the third or fourth time I have spoken out against the casino industry reserving its rooms for high rollers and thus failing to accommodate other patrons such as our state's teachers," Fortunato continued.

"I believe this attitude by the casinos violates the intent of the law which allowed casinos to be established in Atlantic City. That law places on the casinos an obligation to promote tourism in New Jersey especially as it relates to reviving Atlantic City's convention industry."

The legislator noted that since the advent of casino-hotels in Atlantic City, at least half a dozen conventions which traditionally held their gatherings in the city have left for other locations.

"What is equally upsetting is the comment made by an official of one of the casinos that the loss of a group such as the teachers' union to Atlantic City is 'no big loss' to the casino

industry since they don't spend money in the casinos," Fortunato said.

"This type of cavalier attitude to groups such as the New Jersey Education Association — which have had their convention in Atlantic City since 1905 — is distressing. It also indicates that something must be done to make casino officials realize that they should service all patrons to their facilities, not just those who can spend thousands of dollars on gambling," he said.

Fortunato noted that in the letter he received today from Karcher, the Speaker wrote: "We in the Legislature should not tolerate any practices either by individual casino hotels or by those hotels acting in concert which would have a 'chilling' effect upon the convention traditions of major New Jersey organizations or which show a preference for so-called 'high rollers' to the detriment of ordinary tourists or conventioners."

Buccaneers Enjoyed Good Season With 6-3 Record

(Continued from page one.)

playoff spot. Ridgewood came in to Municipal Stadium and rallied to stop Belleville, 20-14. The winning score came with just three minutes remaining. Anthony Gizzo played a solid game for Belleville, intercepting

two passes, one of which he returned for a touchdown, only to have it called back for a clipping penalty. On his other interception, had he not fallen, he might have gone 90 yards for a score. The loss left Belleville with a 3-2 mark and a date with number one Passaic the following week.

October 29, Belleville at Passaic: Cold weather, sunny skies welcomed the Bucs to Passaic School Stadium. It was a classic first half as Murphy and Craig Heyward traded touchdowns and the game was knotted 7-7 at the half. "Unfortunately,

we played a poor second half defensively," said Senesky, "and against a team like Passaic, that's deadly." Indeed, the Indians took advantage and won, 28-7, scoring twice in the final quarter to break it open. The loss set the Bucs back to 3-3 and eliminated them from playoff contention.

November 5, St. Josephs at Belleville: The Bucs' first night game since 1981 and the team responded in a big way, winning 30-6. Belleville scored three times in the first five minutes to keep the game completely out of reach. Murphy tallied twice and John Oliveri set the chilled crowd on fire with an 83 yard kickoff return to start the second half. The game moved Belleville's record to 4-3.

November 12, Hackensack at: The Bucs breezed, 27-0 as Murphy broke the 1,000 yard mark for the second straight year. Murphy also put a lid on the Essex County scoring championship with his three touchdowns as the Bucs overcame a sluggish first half to breeze.

November 24, Kearny at Belleville: The annual Thanksgiving Day game went Belleville's way once again, this time 28-6. Murphy added two touchdowns in the first half to seal the county scoring crown with 100 points. He finished the season with 1,263 yards rushing, surpassing his mark of last year, set in ten games. Bill Baber and Walsh also added scores as the Bucs pulled away in the waning moments.

"We had some very good performances," said Senesky. "Our offen-

sive and defensive lines underwent some massive changes, but they did a solid job."

Senesky credits the fine play of John Apicella, ("He came out of nowhere to become a fine offensive guard"), Dominick Di Paolo, Anthony Lombardi, Ed Stangl, Ralph De Falco, Bob Mozeika, Robert Charles, Steve Kimble, Steve Mozeika, Mark Walsh, Carmen Cerreto, Gerald Kraus, Mike Gibbons, Anthony Cappaccio, Steve Tribuna, Anthony Gizzo, Anthony Tucci and Frank Zangari, and of course Murphy for the teams 6-3 season this year.

De Falco, Dave Mozeika, Murphy, Baber, Frank Tursi, Zangari, Tucci and Lombardi will graduate this spring, along with Murphy and they will certainly be difficult to replace. De Falco played so well before reinjuring the shoulder in the Passaic game and missing the rest of the year. Mozeika was an animal at linebacker for two years, Tursi, in his first year, did a super job on both offense and defense, Tucci played with a broken forearm and was super all year long, Zangari solidified the secondary with his fine play, Lombardi was excellent at center, and Murphy, well, Murphy was simply awesome.

All-Murphy did was rush for 1,263 yards, an average of 7.1 yards a pop, score 100 points, play a super defense all year and establish himself as perhaps the best runner in Belleville High School history.

At quarterback, Walsh did a marvelous job in his first full year. He scored three touchdowns, passed

for 323 yards and established himself as a fine threat both running and passing. He is a top notch secondary man and teaming with Gizzo next fall will form a solid defensive secondary.

The Bucs have the foundation of a solid team next year. You'll see Apicella, Di Paolo, Stangl, Bob Mozeika, Anthony Torrimio Robert Charles, Kimble, Walsh, Oliveri, Kraus, Gibbons, Capaccio, Tribuna and Gizzo back in the lineup. In addition, the Bucs fielded a separate jayvee and sophomore team, thus more players got a chance to play and gain experience. The freshman team showed marked improvement during the second half of the year. More on those squads in next weeks edition.

You'll never replace a Murphy or Mozeika, but with a solid nucleus coming back, there is every reason to believe that the fine tradition of winning football at Belleville High School will continue for years to come.

NOTES: The Bucs 6-3 record gives them a mark of 43-11 since 1978. Mulhearn really developed into a super placekicker, missing just one extra point since winning the job in the Teaneck game. Steve is only a junior and if he continues his hard work, will be a very valuable offensive threat next season. Could you see him blasting 30-yard field goals on a regular basis? Sure would add to the attack. We'll be honoring the players who make all county, all state, all NNJIL in the next few weeks. Also, we'll look at the lower level football teams.

Dear Homeowners, As you may already know, we have been in the home improvement business in this area for several years with 95% of our jobs being acquired strictly on a referral basis. We have found this to be a very rewarding as well as successful method of conducting business, one which has led us to a position where we can now provide our "referral oriented workmanship" as well as handle your financial needs all under one roof. As a result of these positive developments, we have established a small show-room and office, and it would be my pleasure to meet with you there to provide information on the construction methods and materials we shall supply. If it would be more convenient for you to have us visit your home to discuss your home improvement needs, simply call our office to arrange an appointment.

J. KELLY INC. 310 Washington Ave. Belleville, N.J. 07109 759-2783 661-0893
Dear Homeowners, As you may already know, we have been in the home improvement business in this area for several years with 95% of our jobs being acquired strictly on a referral basis. We have found this to be a very rewarding as well as successful method of conducting business, one which has led us to a position where we can now provide our "referral oriented workmanship" as well as handle your financial needs all under one roof. As a result of these positive developments, we have established a small show-room and office, and it would be my pleasure to meet with you there to provide information on the construction methods and materials we shall supply. If it would be more convenient for you to have us visit your home to discuss your home improvement needs, simply call our office to arrange an appointment.
Sincerely, J. Kelly, Inc. John Kelly, President

THROWING AWAY MONEY?

You are if you're throwing
away glass bottles and jars.
The used glass in your
trash is worth money. Save it,
sort it by color (clear,
green, brown), and please
make sure that all glass is
reasonably clean.
Then call your nearest
recycler about selling your
used glass bottles and jars.
And stop throwing away
money.

Glass is more
valuable than ever.
