## All Things Fairly Quiet

# Weather Causes Only Minor Problems Here

By Linda Telesco

One of the coldest Christmases on record followed close on days of heavy rainfall, in what proved to be a grab bag of December weather.

The extremes, however, resulted in only minor problems for local officials in most departments.

Reporting a "quiet weekend for police," Chief George Lister surmised the zero-degree weather "kept the crime rate low."

Lister said there were only two arrests over the holiday weekend, one for shoplifting and another for traffic violation.

The chief also reported high numbers of calls to the local police department from motorists seeking assistance for vehicles disabled by the weather.

Police said one weekend accident occurred in a gas station at Washington Avenue and Rossmore Place where a pipe broke, flooding the premises.

Fire Chief George Sbarra said the holiday weekend and recent heavy rainfall days resulted in only "minor problems" for local firefighters.

"There have been some problems with pipes breaking," said the fire chief. He noted, though, the local forces faced none of the Christmas fires set off by decorative lights or trees.

Three township schools developed problems with pipes freezing reported Joseph Grande, the maintenance supervisor for the Board of Education.

The problems at the Middle School and Schools 3 and 4 were to be remedied by Wednesday, said Grande, who had plumbers at work on Tuesday.

Also Public Works Commissioner Grande said the weekend snowfall necessitated the third time this season he has had the township's trucks out salting the streets.

Surprisingly, the heavy rains earlier this month did not cause serious flooding problems in the municipality's sensitive Valley and Silver Lake areas.

"We've had no floods here since September," said Grande. He noted that a meeting was scheduled for Wednesday with local officials, the Army Corps of Engineers and officials of East Orange, Bloomfield,

and Newark to seek solutions to the flooding in those troubled areas of town.

The communities to attend are all hooked into the Meadowbrook storm sewer system which drains off into the Belleville Second River.

When that body is filled to capacity, the water backs up and results in flooding of Belleville neighborhoods. A particularly damaging situation last August 28 prompted Grande and the other Commissioners to seek a solution to what has been a long-time local problem.

## Local Police Officers Honored By Town

The Department of Public Safety honored some 21 police officers and two private citizens in a special ceremony at Town Hall Monday, Dec. 19.

Commissioner chamber was crowded with friends and relatives of the honorees. "The beautiful part of these awards," said Public Safety Commissioner Matthew Pica, "is that they are voted by fellow officers."

Police Chief George Lister, in presenting the awards, complimented the honored police men on their fine response time. "That does a lot to cut crime and make Belleville even safer," Lister said.

For their lifesaving work, Officers Charles Hood and Victor Mesce each received a "D" award and a "Saving of a Life Commendation."

The officers responded to reports of a Rt. 21 auto accident last August 14 in which one victim died and several others were injured.

Hood and Mesce pulled another victim from the front seat of his burning car, then treated the injured until the ambulance arrived.

Also meriting the "D" award were Det. George Sheridan and Officers Arthur Connelly and Robert Alves. On Nov. 10, 1982, the three officers entered the house of a 90-year-old woman who was being burglarized by two men.

When a team of five officers, who previously searched the house failed to find the suspects, Sheridan, Connelly, and Alves re-entered the house and persisted in searching until they found and arrested two men.

(Please see 'Local' on page 5.)

## Zoners to Decide Proposal To Expand First DeWitt

A proposal to expand DeWitt Savings and Loan Association at 463 Washington Ave., will be heard by the Zoning Board next Tuesday.

According to Henrik Tvedt, the bank's plans call for constructing a two-story addition to the present one-story building's north side, in what is presently a bank parking lot.

"We feel this will be a definite asset to Belleville," said Tvedt, who noted the application is part of a

total plan to establish a corporate headquarters for the bank in the township.

Presently, the bank maintains a mortgage office in Bloomfield. If the expansion is approved, that operation could be consolidated with all other operations now located in the Belleville main office.

DeWitt has been located locally since 1954. Six years ago, the Belleville bank merged with First State

Savings in Bloomfield, a move that resulted in the out-of-town mortgage office.

Should the bank win permission for the expansion, Tvedt said parking will still be provided for patrons in DeWitt's other lot on the east side of Washington Avenue, directly across from the institution.

The Zoning Board meets Tuesday's at 7:30 p.m. on the second floor of 383 Washington Ave.

## YEAR IN REVIEW: January-December 1983

### JANUARY

Belleville's newest resident was born on Jan. 1 at 1:32 a.m. at Clara Maass Medical Center. Her name was Megan Ferrara, daughter of Nicholas and Kathleen of Belleville.

L. Pucillo & Sons Inc., of Lodi, the township's garbage collector for years, filed suit against the township, challenging Belleville's decision to award a new five-year contract to Browning-Ferris Waste Industries of North Jersey (BFI). The suit named two allegations: that there were deficiencies in the bid specifications provided by the township to bidders and that BFI failed to submit an affidavit of non-collusion and a proper financial statement.

Patricia Connelly was the first Belleville resident ever to be named to the prestigious list of Rhode Scholars. She was one of 32 winners selected from 1,183 applicants throughout the nation. The scholarship allows her to study at Oxford, the internationally acclaimed university in England.

Town Fathers received word that their yearly allotment of Federal Revenue Sharing monies had been reduced by \$180,000 from 1982. But Mayor Michael Marotti was quick to point out that the township was in better shape than before. "We are still

\$300,000 better off than we were before we became a township."

The Belleville Board of Education introduced a budget of \$16.1 million, which represented no tax increase to residents for the second consecutive year.

Thomas Zampino, a member of the School Board for three years, announced he would not seek re-election in April. Zampino said he wished to devote more time to his family.

The Belleville commission race got underway as two local residents announced their intentions of seeking election. Joseph Fornarotto and Michael Pizzi, both of whom ran for Commission seats in 1979, announced they would seek one of the five seats up for grabs in the upcoming May election.

Meanwhile, Gabe Nazzola, a community activist, threw his hat into the School Board election. This would be Nazzola's second attempt at a Board of Education seat. He placed an impressive third in 1982.

### FEBRUARY

Gerard Hickey, director of the Belleville Public Library since 1972 announced he was retiring effective July 1. During Hickey's tenure, the Belleville library underwent a major construction change, when a 4,320 square-foot addition was built in 1980 — an

addition which Hickey helped make possible.

The popular Mayor Michael Marotti announced he would seek his fourth consecutive term on the Board of Commissioners, and his third term as mayor. Marotti became the first candidate to formally file petitions for election.

While the mayor was preparing for the May election he announced that the township would fight a \$450,000 increase by the Passaic Valley Sewerage Commission — an increase which is 68 percent higher than last year. Belleville was one of 18 communities in Essex, Passaic and Bergen Counties, which had been billed substantially higher rates this year by PVSC.

John DiStasi, a member of the School Board for one term, announced he would seek another three-year tenure on the board. DiStasi had just completed a term as president of the Board of Education.

As residents throughout the community continued to dig their way out of the Blizzard of '83, Commissioner Mary Senatore submitted a cleanup bill to Mayor Marotti totalling \$25,851.29. With Gov. Thomas Kean declaring a state of emergency throughout New Jersey, Commissioner Senatore was hoping the township could receive some reimbursement.

A Newark Superior Court judge ruled the township's new five-year \$2.7 million garbage contract with BFI was invalid and ordered township officials to rebid on the contract. The key factors in the judge's ruling was that some important documents were missing.

Jennifer Apicella and Phil Colalillo, members of the Belleville High School girls and boys basketball teams, both broke scoring records. Apicella passed the 2,000 mark, while Colalillo, scattered the 1,000 mark.

### March

Former School Board president Ernest Zoppi became the fourth candidate to enter the race for the Board of Education. Zoppi filed his petition joining Gabe Nazzola, John DiStasi and Dr. Anthony D'Agostino as the candidates seeking the three open board seats. Zoppi served on the board from 1978-1971, including one year as president, before being defeated in 1981.

Incumbents Vincent Strumolo and Matthew Pica announced their intentions of seeking another term on the Board of Commissioners. Strumolo, director of Public Affairs, served on the board for 18 years, while Pica, director of public safety, was concluding his first term.

The Board of Commissioners

introduced a budget which called for no tax increase for the 1983-84 municipal year. Although the budget called for an increase in appropriations totalling over \$1 million, it marked the second consecutive year the municipal budget called for no tax increase.

A generous gift of four vacant lots donated by Ray and Enid Post and Chester and S. Thomas Aitken, allowed the Town Fathers to approve a new recreation area in the Valley district. The site of the new playground is 230-234 Cortlandt St., an area which the mayor said needed more recreational outlets for the neighbor's children.

Commissioner Mary V. Senatore announced that she would not seek a fifth term on the Board of Commissioners. First elected in 1967, Mrs. Senatore is the only woman ever to serve as a Commissioner in Belleville. Mrs. Senatore said that she had enough after 16 years and wanted to spend more time with her family.

Meanwhile Joseph McGreevy, a four-term veteran on the Board of Commissioners announced he would seek a fifth term. Also announcing his candidacy was Joseph Grande, a popular member of the community and an employee of the Board of Education.

The filing deadline for the May commission race passed with only

one more candidate handing in petitions, Kevin Kennedy, the youngest of the eight candidates.

### APRIL

For only the second time in 21 years, the School Board's budget passed by a wide margin. Meanwhile incumbents Anthony D'Agostino and John DiStasi were re-elected to the board, as well as newcomer Gabe Nazzola. Nazzola edged out former School Board president Ernest Zoppi by a little more than 100 votes.

Second year School Board trustee Grace Purdue was elected as board president, while Thomas Spillane was reappointed to a second year as the board's vice president.

Many bus commuters found themselves looking for alternative means of transportation as New Jersey Transit announced the discontinuation of the service for the 112 bus line. The 112 provided riders with service between Belleville, Nutley and Clifton.

The Board of Education commenced its new fingerprinting program throughout the elementary school in the district. All students with parents' permission were fingerprinted by the Belleville Police Department.

## HEALTH WISE

Because chiropractic is the newest of the healing professions, many people fail to consider it for treatment of their back problems. They may suffer severe, recurring back pain for years, using pain pills or liniments to enable them to endure the pain.

Chiropractic specializes in locating and correcting those defects in spinal alignment that cause back pain. People with back problems should realize that chiropractic offers relief that is simply not available from other sources.

If you suffer from pain in any area of the back or legs, give chiropractic a chance to help you. Please for an appointment. A chiropractic examination will determine the facts.

# Hoffmann-LaRoche Starting New Health-Fitness Program

Players from the New Jersey Nets, professional dancers from the Garden State Ballet, students from William Paterson College, representatives of Hoffmann-La Roche Inc., and youths from Belleville, Montclair, Passaic and Clifton will launch the Health/Fitness Program starting the week of Jan. 16. In 1983, Roche sponsored a similar program in cooperation with the New Jersey Nets, the Health/Sports Program, which focused on fitness and basketball. Responses to this program from both the participants and the interns involved were so favorable and encouraging that Roche decided not only to continue the program, but to expand and improve it by including a dance program as well.

Community youths will be introduced to the program at basketball and dance clinics held at the Bel-

leville Recreation Department, Montclair YWCA, Passaic YMCA and Clifton Boys Club. During the first week of the program, youths who attend the initial basketball clinics will meet with first-line basketball players from the New Jersey Nets. Youngsters who attend the dance clinics will meet professional dancers from the Garden State Ballet as well as students currently enrolled in their dance program. The initial clinics are designed to recruit interested youths into the programs.

The Health/Fitness Program, sponsored by Hoffmann-La Roche, the Nutley-based health care company, in cooperation with the New Jersey Nets and the Garden State Ballet, is a 10-week program. Health/Fitness is designed to help youths develop good health habits by encouraging regular exercise, good nutrition and personal discipline such as effective study habits.

At two-hour sessions each week, the youths will spend one hour learning about health and fitness from student interns from William Paterson

College. During the second hour, participants in the basketball program will learn basketball skills and participate in basketball games; those in the dance program will learn and perform modern jazz dance. The youths may participate in both programs.

Participating youths will also have the opportunity to attend a New Jersey Nets practice session, a Nets game and a special performance by the ballet. The last session of the Health/Fitness Program will feature discussions with performers and athletes who have successfully entered other professions.

The Health/Fitness Program is open to all boys and girls ages 10 to 12 who live in Belleville, Montclair, Passaic and Clifton.

The Health/Fitness Program is just one of the programs sponsored by Roche to encourage and promote good health habits. For example, Fitness 3, a comprehensive fitness program developed for Roche, has been adopted by the Presidential Sports Fitness Awards Program as its official fitness and nutrition guide.

# Environment Issues A Priority

## Assemblyman-Elect Steve Adubato Discusses Upcoming Legislative Agenda

By Michael C. Gabriele

Assemblyman-elect Steve Adubato visited the Belleville Times newsroom recently to discuss his legislative agenda and outline priority issues for his upcoming term of office.

Adubato also had words of praise and admiration for Nutley Assemblyman John V. Kelly, whom he defeated in the Nov. 8 election. Adubato said that Kelly "served the 30th District with distinction during the last two years."

Glen Ridge and Montclair which were discovered last month.

"There is no doubt that these are serious issues that need attention," he continued. "Opinion polls show that voters always consider environmental issues to be very important."

Analyzing the recent attention given to environmental issues in Essex County, Adubato said that it was due to the interest expressed by Governor Tom Kean and the "watchdog" role played by the

Door to Door — Assemblyman-elect Steve Adubato was joined by U.S. Congressman Bob Torricelli (right) of Bergen County when he visited homes in the 30th District, during his campaign. Adubato, 26, is a resident of Montclair and will officially take office on Jan. 10.

Wearing a blue three-piece suit and sporting a tan from a recent vacation, Adubato said that he planned to identify his upcoming term in the state legislature with work on environmental issues. Adubato will officially take office on Jan. 10.

"Environmental issues will have the highest priority on my agenda once I take office," Adubato said in a deliberate, confident tone of voice. "The 30th District has had an extraordinary number of problems concerning the environment during the past year. These will be the number one issues that I will address."

Adubato listed three recent incidents which gained media attention in Essex County during the past year as examples of environmental problems that need to be addressed. Adubato mentioned the dioxin contamination at the Organic-Inorganic Chemical Plant in Belleville last May; the current problems experienced by Bloomfield residents with discolored tap water and the radioactive neighborhood landfills in

media. "There's no doubt that the media has played an important part in bringing attention to this problem," Adubato said. "These issues are just beginning to come to the surface, but the problems have been accumulating for a long time."

"Of course crime, taxes and other issues are important, but I'm willing to spend the next two years focused on the environment," Adubato pledged. "It will be my priority, but that doesn't mean I'll be narrow-minded about other issues. The nature of the legislative process is that things move very slow. It helps if you establish main issues of concern and not be too general about things."

Adubato listed two committees on which he plans to serve, where he will be able to take action on his concerns for the 30th District.

"I intend to serve on the Assembly Environmental Committee and the Joint Appropriation Committee," he said, emphasizing the importance of the latter. "The Appropriation Committee is the place where the 'real' decisions are made. I

argue that it's the place where a member of the assembly can really make a difference. Voters become frustrated and turned off when you propose bills but don't produce on them. I want to be good at 'bringing home the bacon' like Congressman Joe Minish. I want the voters to know that I'll be in a position to make decisions and be responsible for the state budget. The Appropriation Committee is the place where you can streamline government and really get things done."

Promising to be a "full-time legislator" as he did during the campaign, Adubato said that once officially sworn into office he will open his legislative office, which will be located in Bloomfield. He said that he perceived Bloomfield to be the geographic center of the 30th District. He also said that it will work well in Essex County, given Senate President Krmen Orechio's base in Nutley and fellow Democratic Assemblyman Buddy Fortunato's headquarters in Montclair.

"Our staff will be comprised of young people who will be completely accessible to the people of the 30th District," Adubato pledged. "My staff will include college interns from around the state. We will have young people becoming intimately involved with the legislative process. We think that we can make a difference."

Adubato is an adjunct professor at Kean College.

Saying that he "served the 30th District with distinction during the past two years," Adubato had special words of praise and admiration for Assemblyman John Kelly of

said, adding that he will turn 26 next month. "Because of my age, people will tend to look at what I do more closely than some of the older members of the legislature. The way I see it, being the youngest member will be an advantage. I will give me a special perspective on things."

Adubato said that the last freshman legislator to serve on the Appropriation Committee was Peter Shapiro, who currently serves Essex voters as the county executive.

"I'll have a particular responsibility to young people in the district," Adubato stated. "My election tells them that they can also become involved in government and work for change. I know that most young people feel excluded from government; that they can't really make a difference. My work as a professor at Kean has given me a good sense of young people and their attitudes toward government. Age will always be a factor, but I don't think you're ever too old or too young to do anything. It depends on the person."

"Public life changes people and I'm prepared to deal with it," Adubato said, noting his family's long involvement in politics. "My family has a lot to do with me becoming involved in public life. I've grown up around it and I know the responsibilities involved."

Support

March of Dimes

BIRTH DEFECTS FOUNDATION

"How Can You Help Prevent Birth Defects?"

"I have a tremendous amount of respect for John Kelly," Adubato said. Kelly, a familiar figure in Nutley, is the president of Nutley Savings and Loan Association and noted for his civic involvement here.

"I've been very eager to get started in my work with the assembly, but I've been keeping things very low key so as not to create any awkward situations for John. He ran a first class campaign and he's served the 30th District with distinction."

Recalling the election night, Adubato said that Kelly touched him and his family when he came to his campaign headquarters at the Chandelier Restaurant in Belleville.

"After the final returns were in and we knew that we had won, I returned to my headquarters in Belleville," Adubato recalled. "John Kelly was already there and spoke to my people, congratulating me on my victory. That really touched my family. It meant a lot to all of us there. We had talked the week before the election and agreed that we would visit each other's headquarters no matter what happened with the election."

Taking note of the fact that he will be the youngest member of the state legislature, Adubato discussed the issues regarding his age distinction. "Being the youngest member of the assembly will be a special responsibility in and of itself," Adubato

## Essex County: Democrat Terrain

Thirty years ago, Essex County was a bastion of strength for the Republican party. Forty and fifty thousand majorities were the order of the day.

Things have changed over the last three decades. November's election results gave the county a complete Democratic legislative delegation for the first time since 1936. Except for two district Freeholders, all county offices are held by Democrats.

There are a number of reasons why today Essex County is looked upon as permanent Democrat property.

One of those reasons is the leadership of Essex County Democratic Committee Chairman Ray Durkin. Under the Durkin leadership the diverse interests of Essex County Executive Peter Shapiro and Newark Mayor

Kenneth Gibson have been merged to create a unified democratic party. This is a significant accomplishment.

As a result of unity within the Democratic Party, the Essex County Executive won last year with an 80,000 vote majority. Sheriff Tom D'Alessio won election last year with over a 60,000 majority. This November, all Democratic legislative candidates won elections with bigger majorities than ever before.

Ray Durkin may not be a "peerless" leader, but certainly his leadership qualities should be praised by Democrats who look to 1984 and 1985 for more significant victories.

## Teacher Training

Education Commissioner Saul Cooperman has made a proposal for a new teacher training program which would qualify college graduates based upon a "test of subject matter competence." These persons would receive provisional certification and "practice teach" in a school district internship.

This is wrong. Being competent in the subject matter is only one part of a teacher's qualifications. The teacher needs to be able to inspire and influence students. These objectives call for more than "subject matter competence." It calls for an understanding of human behavior — it calls for spoken eloquence. Unfortunately, these factors are not relevant in Commissioner Saul Cooperman's proposal. His "subject matter competence"

reminds us of many persons of the cloth — ministers, priests, rabbis — most of whom can pass a test of "subject competence" but would fail the equally important test of inspiring and influencing human behavior. How many times have we fallen asleep listening to a priest at mass? How many times have rabbis put their audience to sleep? How many times have ministers lost their audience? In fact — how many times have teachers lost their audience?

And now comes a proposal from a highly respected source that will only compound the problem.

## Prayer for Today

ALMIGHTY Father, Source of all blessings, we thank thee for the preservation of our life and for the job of living, for the powers of mind and heart and for the wisdom that comes to us from seers and sages filled with Thy spirit.

Teach us to use wisely the blessings Thou has bestowed upon us. May prosperity not enfeeble our spirit nor harden our heart. May it never so master us as to dull our desire for life's higher ideals.

And should adversity come, may it not embitter us nor cause us to despair, but may we accept it as a mark of Thy chastening love which purifies and strengthens. Let every obstacle become an incentive to greater effort, and let every defeat teach us anew the lesson of patience and perseverance.

Gird us with strength to bear our trials with courage. Let not the loss of anything, however dear to our hearts or precious in our sight, rob us of our faith in Thee. In light as in darkness, in joy as in sorrow, help us to put our trust in Thy providence, that even through our tears we may discern Thy divine blessing.

## Town Bulletin Board

(Items for the Belleville Bulletin Board may be sent to P.O. Box 56, Belleville, N.J., dropped off at 800 Bloomfield Ave., Nutley, or telephoned to the Times/News at 759-3200. There is no charge for this public service. Belleville organizations are urged to list future events well in advance so the weekly listing of events can serve as a "clearing house" for other groups attempting to avoid conflicting dates.)

## Golden Comments

By James Golden

George Orwell's "1984" will be upon us with the ringing of the New Year bells. The commemoration of his book published in June 1949 had been planned to be called The Last Man in Europe and might not have been so successful had the author, laying ill in a sanatorium bed, stuck to the originally planned title.

Printed in 62 languages and read by tens of millions the book projects a futuristic fable of a male minor bureaucrat in a totalitarian state. He works at the Ministry of Truth, changing newspaper stories to conform to current Party ideology using the official state language that makes unorthodox opinions impossible to conceive. There is no privacy. Always, awake or asleep, all Party members are monitored by two-way telescreens; posters everywhere warn "Big Brother is Watching You." Suddenly this bureaucrat commits a thoughtcrime: "Down with Big Brother." He also starts a love affair with a co-worker at his office, another cardinal offense. The Junior Anti-Sex League indoctrinates the benefits of celibacy; procreation soon will be carried on solely through artificial insemination. All personal loyalty belongs to the Party. Both the bureaucrat and his co-worker girlfriend are caught by the Thought Police and brought to the Ministry of Love. He is tortured, then taken to Room 101, where his fears are confirmed by his interrogators. A cage containing a rat is being pushed toward his face, he begs that this punishment be inflicted instead on his girlfriend. This betrayal proves his complete loss of his integrity. He is now a good Party Member.

Orwell wrote in 1946 "The slovenliness of our language makes it easier for us to have foolish thoughts. He deplored the "Meaningless Word," a ramshackled abstraction inviting everyone to come in and stop thinking for a while. He feared that the very concept of objective truth is fading out of the world. He took on all advocates of the expedient lie while frowning upon the solipsism of much modern philosophy and literature, claiming the best defense against such gibberish is common sense, as he denounced manipulation of speech.

As taken from TIME "The Quotable Orwell": All writers are vain, selfish and lazy, and at the very bottom of their motives there lies a mystery. Writing a book is a horrible, exhausting struggle, like a long bout of some painful demon whom one can neither resist nor understand. For all one knows that demon is simply the same instinct that makes a baby squall for attention. And yet it is also true that one can write nothing readable unless one constantly struggles to efface one's own personality. Good prose is like a windowpane. (From Why I Write, 1947.)

Most of us still have a lingering belief that every choice, even every political choice, is between good and evil, and that if a thing is necessary it is also right. We should, I think, get rid of this belief, which belongs to the nursery. In politics one can never do more than decide which of two evils is the lesser, and there are some situations from which one can only escape by acting like a devil or a lunatic. (From Writers and Leviathan, 1948.)

Our own society is stpl, broadly speaking, liberal. To exercise your right of free speech you have to fight against economic pressure and against strong sections of public opinion, but not, as yet, against a secret police force. You can say or print almost anything so long as you are willing to do it in a hole-and-corner way. But what is sinister...is that the conscious enemies of liberty are those to whom liberty ought to mean most. The big public do not care about the matter one way or the other. They are not in favor of persecuting the heretic, and they will not exert themselves to defend him...The direct attack on intellectual decency comes from the intellectuals themselves. (From the Prevention of Literature, 1946.)

George Orwell was regarded an astute critic of literature and popular culture, a journalist who turned political writing into an art form and the finest English essayist of his century. Malcolm Muggeridge recalls him a man "who utterly despised intellectuals and people he used to refer to, scornfully, as wearing sandals. And yet he was an intellectual."

# County Dumping System 'Leaves' Belleville Holding a Very Full Bag

By Linda Telesco

A range of leafy mountains that surfaced recently on the Franklin Avenue property of the Essex County Geriatrics Center is the result of a new county system for leaf collections.

However, after local officials and citizens balked at the ever-increasing mounds, county roads authorities assured them the leaves would be removed by the start of the new year, weather permitting.

According to Public Affairs Commissioner Michael Pizzi, a citizen's complaint to the health department prompted him, along

with Health Officer Tom Longo, to inspect the situation.

"We went there last week and saw about 10 or 15 piles of leaves on the premises," said Pizzi on Tuesday. The property belongs to the county and is adjacent to the Franklin Avenue headquarters of the Belleville Fire Department.

"We were concerned about possible fire or health hazards," said Pizzi. The Commissioner added that the situation "did not pose any immediate problems."

Pizzi said the recent wet weather mitigated any possible problems.

"We don't want to take chances though. The weather might turn warmer and dry, making those leaves a hazard if they remain there."

Local officials discussed their concerns with the county. "They agreed to comply and remove all the leaves within a week or two," said Pizzi.

The leaves were dumped on the Franklin Avenue property as a temporary measure, said Vincent W. Phillips, the assistant county supervisor of roads.

According to Phillips, the county decided to try the temporary solution to a "logistics problem." He explained the need to "clear all county roads of fallen leaves as quickly as possible."

Because the compost pile used by the county is in Cedar Grove, requiring trucks to travel with their collec-

tions from Belleville, Nutley, and parts of Newark, the official said using a nearby temporary site enabled teams to clear the streets more efficiently.

"That was a big help during the recent heavy rains," noted Phillips. "If those leaves remained in the streets until a truck could return for another trip to Cedar Grove the roads would have been very slippery and dangerous."

The leaves have been stored on the local site since county collection periods running from Nov. 8 to Dec. 14.

Phillips said this is the first year the county tried the temporary storage method and found it successful.

He confirmed plans to remove the leaves from the Franklin Avenue site within two weeks.

## Local Police Officers Honored By Town

(Continued from page one.)

Officer Connelly won another "D" award for his off-duty action in a robbery on Dec. 13, 1982.

Connelly spotted three men unloading a tractor-trailer in front of a garage. He notified the Belleville police and the action resulted in the arrest of four men and recovery of about \$40,000 in stolen goods.

Four officers were commended with a "D" award for apprehending a suspect in the Nov. 1, 1982 rape and robbery of a woman who was stabbed 16 times and left bleeding in the laundry room of an apartment house.

Sgt. Ronald Thompson and Officers Daniel Valse, Frank Falcon and Anthony Wieners conducted a search and staked out an area until the suspect was caught.

Command citations went to Det. Anthony LaVista, and Officers Edward Panier and Vincent Cappetta for apprehending a suspect in the Nov. 2, 1982 knife-point robbery of a woman in a parking lot.

Officers Joseph Simonetti and Anthony Romandetto received "C" awards for "aggressive police work"

last April 11, 1983. The officers chased a vehicle, which made an illegal turn at Rutgers and Main streets, apparently attempting to elude the police.

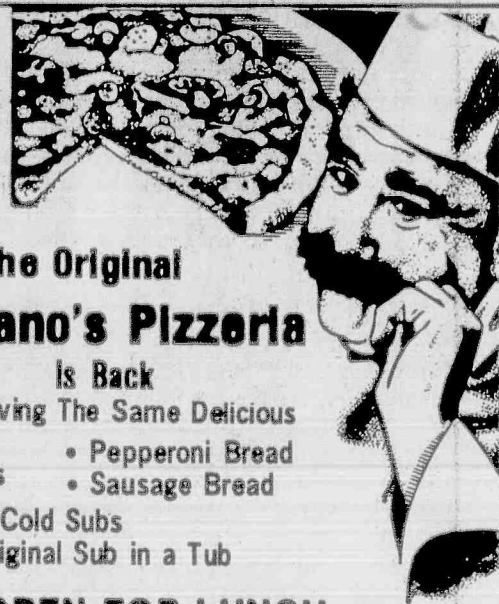

The car crashed on Main Street, and the driver attempted to flee on foot, but was stopped by the officers who also contained two occupants in the car.

The police discovered the driver was armed and learned the vehicle was stolen and had been used in an armed robbery.

For their work in overpowering a patient who went berserk and threatened violence in the emergency room of Clara Maass Medical Center last May 19, Sgt. James Pindar, Det. Joseph Rotonda, and Officers Thomas Rossi and Robert Klein received "C" awards.

In a similar case, Officers Vincent Cappetta, Arthur Connelq, and Leonard Burrell won "C" awards for disarming a 17-year-old boy who, last September 28, went berserk in his box, threatened his family with a hatchet and wrecked his room and apartment.

## Religious Viewpoint

### 1984 Wasted or Won?

By Rev. Robert Paul

If you had a bank that credited your account each morning with \$86,400, carried no balance from day to day, allowed you to keep no cash in your account, and every evening cancelled whatever part of the account you had failed to use during the day, what would you do?

Well, cheer up! Every person on the face of the earth has such a bank; its name is not the United Jersey Bank, but "Time." Every morning it credits you with 86,400 seconds and every night it rules off as lost whatever you have failed to invest to a good purpose. It carries no balance, it allows no overdrafts. If you fail to use the day's deposits, the loss is yours. Each day the bank "time" opens a new account with you. Each night it burns the records of the day.

Perhaps this statement may shock you. "You have 24 hours to live." Today, that is. So what are you doing with your gift of time? Are you helping another human being toward the dignity you want for yourself? Are you doing anything to overcome the hate in the world? Break the hate habit in 1984; love your neighbor. "Beloved, if God so loved us, we ought also to love one another." (1st John 4:11.)

The story is told of Francis of Assisi who was terrified of leprosy. One day full in the narrow path that he was travelling, he saw horribly white in the sunshine, a leper! Instinctively his heart shrank back, recoiling shudderingly from the contamination of that loathsome disease. But then he rallied; and ashamed of himself, ran and cast his arms about the sufferer's neck and kissed him and then

passed on. A moment later he looked back, and there was no one there, only the empty road in the hot sunlight. All his days thereafter he was sure it was no leper, but Jesus Christ Himself whom he had met. St. John writes: "We know that we have

passed from death unto life, because we love the brethren. He that loveth not his brother abideth in death." Have you acknowledged God's love in your life? If not, invite Jesus Christ to come in, and he will take away all your sins, and 1984 will be time "won" not wasted.

## Polaroid Cameras Available at Library

There are many reasons for going to the Belleville Public Library — great novels, valuable reference books, computers, and now the Polaroid instant cameras that can be borrowed free of charge.

What are cameras doing in the public library?

"As of today, they are part of our circulating collection," stated David Bryant, the director of the Belleville Public Library. "Like our books, magazines, and records, they're here for the public to use and enjoy."

The library is participating in "Check This Out," a program providing free instant cameras to public libraries throughout the United States. The cameras, which are from the 600 series, feature built-in electronic flash and one-button operation. Sponsored by the Customer Service Division of

Polaroid Corporation, the program is being offered in cooperation with the American Library Association.

According to program manager Lynda J. Wilson, the idea of borrowing a camera from the library isn't as

unusual as it may seem because libraries offer a wide variety of services and materials to patrons. "Instant cameras are a natural for an information-oriented facility like the public library," she feels.

"This is the first time that a corporation has made a commitment on this scale to the nation's libraries," Peggy Barber, the director of Public Information for ALA has stated. When times are tough and the library budget is tough, we hope other companies will follow Polaroid's example."

# Chamber of Commerce Brings Santa to Town

**Belleville Tour** — Old Saint Nicholas sits and relaxs in the Belleville Chamber of Commerce office on Washington Avenue, during his trip here.

**Santa and Friend** — Mr. Claus poses with Virginia Ng of Jovial Card and Gift Shop on Washington Avenue. Santa took time to visit many of the Chamber of Commerce, tells Santa how good she's been this year.

**St. Nick's Helper** — Michelle Dalbo, executive scrtary of the Belleville Chamber of Commerce, tells Santa how good she's been this year.

**Visiting The Kids** — There were plenty of candy canes for local children who visited Santa Claus during his stay in Belleville recently. Here Santa was busy at the McDonald's on Washington Avenue with manager Joe.

**Bring In The Clowns** — Michelle Hagducka and Leigh Nicoletta, help Santa bring some merry to the residents of Belleville.

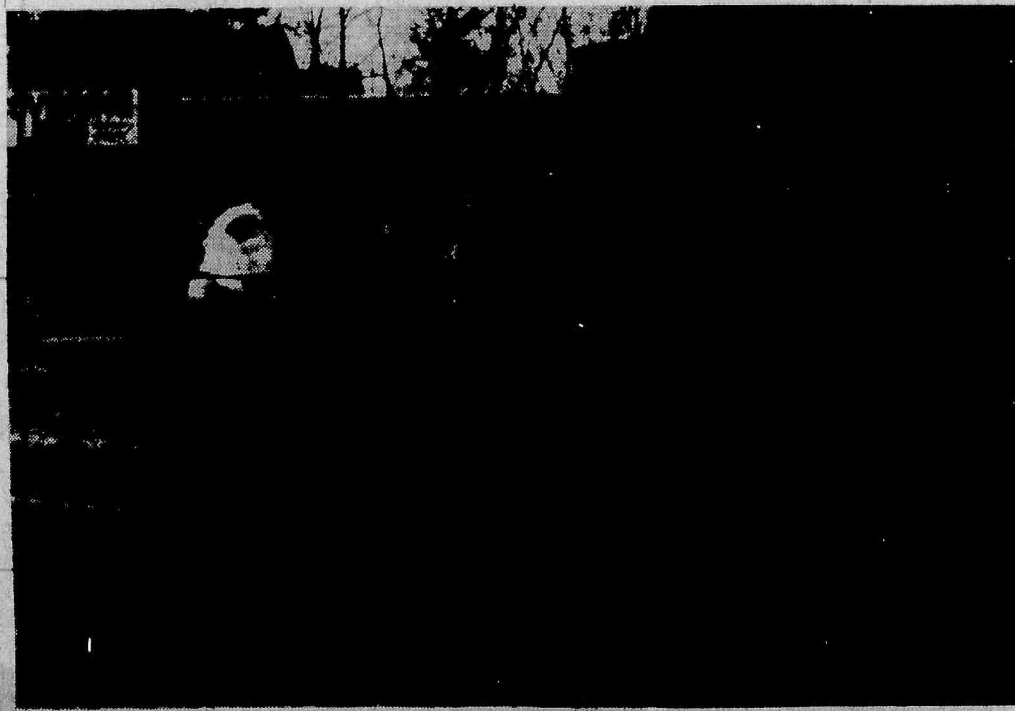

**K-Mart Stop** — Santa Claus poses with James Ney, manager of the K-Mart and Sal Melillo of Flowerama, during a trip to the Belleville shopping center.

**A Big Hug** — A surprise stop at Jackie's Lemon Ice on Union by Santa led to this hug for Lucy Rega. Santa was very busy running around in town before Christmas.

**An Italian Christmas** — Another surprise visit by Santa was to Three Guys of Italy on Washington Avenue. Posing with Old Saint Nick is owner Michael Carchisi and friends.

**Horse and Buggy Ride** — Santa Claus made a grand entrance to Belleville by arriving on a horse and buggy along Washington Avenue. There was a large turnout for the event.

**Merry Christmas** — Santa Claus entertains the children who turned out to greet his arrival on Washington Avenue. Santa said the members of the Chamber of Commerce were responsible for his coming to town, and thanks all of them.

## Students Learning About Pastoral Care

"In the CPE program at Clara Maass, I have learned not only about ministry, but also about myself as a minister."

That thought expressed by Wayne Ackerman, a minister at Union Beach Church, seemed to bring a consensus during a recent case conference in the Clinical Pastoral Education Program (CPE) at Clara Maass Medical Center.

The program, which is ecumenical and international in scope, is designed for students to learn pastoral care in a clinical setting. Rather than learning this course from books in a seminary, CPE is "hands-on" training, where credit is

the Clara Maass program is spent in direct ministry with patients and families, and the other half is in learning settings such as case conferences, individual consultations and group seminars.

"Many times I'll come back to the CPE group after a morning of ministering and I'll have feelings of frustration and failure because I couldn't help someone," said Gerald Vermilyea of the Reformed Church in Irvington. "But then the group reminds me that it was the importance of my being there — the touch or handshake that makes it all worthwhile."

Adding to that same thought was

**Pastoral Class** — Students in the Clara Maass Medical Center Clinical Pastoral Education Program discuss experiences in a case conference. From left to right are, June Hewitt, Lura Smith, Wayne Ackerman, Donald Blume, director of chaplain services and supervisor of CPE; and Gerald Vermilyea.

given toward graduation or as a continuing education program.

Since its accreditation in 1968, Clara Maass Medical Center has graduated more than 150 students in CPE under the guidance and supervision of Clara Maass Director of Chaplain Services Donald E. Blume. According to Blume, every religious denomination has been represented and the students have been of all ages.

The students, which must complete 400 hours of supervised learning experience to graduate the CPE program, participate in a mixture of pastoral responsibilities. Approximately half of the students' time in

June Hewitt, pastor of Wesley United Church in Belleville. "The CPE group is a peer group. We counsel the patients as well as each other — not in the clinical aspect, but in the caring aspect," she said.

And that caring and support is what the CPE program is all about. As student Lura Smith put it, "We are here to bring into focus the difficulties which come along in our experiences and to learn what it takes to be better ministers."

For more information about the Chaplaincy Services at Clara Maass Medical Center call Donald Blume at 450-2066.

## 'The Caretaker' Opens Friday at Actor's Cafe

"The Caretaker" by Harold Pinter will open a five-week run on Friday, Dec. 30 at the Actor's Cafe Theatre, in residence at Bloomfield College, Franklin and Fremont streets, Bloomfield and will be performed every Friday and Saturday at 8 p.m. through Jan. 28.

An old bum, Davies, tattered, dirty, and unkempt, is given shelter in a cluttered room in an abandoned house by Aston, a gentle young man who, it turns out, has gone through shock therapy and offers Davies the

job of caretaker. Mick, Aston's brother, comes in to torment and then confuse Davies, and also offers him the job of caretaker. Davies plays the two brothers against one another and ends up alienating them and again finds himself alone and without a home.

Richard Bronte of New York portrays Mick. He has appeared in regional theatre in California and studied in France and appears in many commercials and the soap Search For Tomorrow.

Reservations can be made by calling 429-7662 anytime. Tickets are held to 15 prior to start. Tickets are \$4.90 to \$5.90 on Friday and \$5.90 and \$6.90 on Saturday. Students and senior citizens \$1.50 off all times. Cafe atmosphere allows patrons to bring in their own beverage and snacks.

UMBERTO OF NAPLES 547 Main Cutting & Coiffure Washington Ave. 548 Union Extension Hoboken, N.J. FREE PARKING 798-0900 OPEN SUNDAYS

# Commission Race, Chemical Scare Top Issues of 1983 in Belleville

(Continued from page one.)

whose political career in Belleville spanned nearly two decades, found himself on the short end of the stick, as he was ousted as commissioner, during the township's elections. Mayor Marotti was once again the top vote getter, finishing way ahead of the field of eight candidates. Also re-elected were Commissioners Joseph McGreevy and Matthew Pica. Pica placed fifth, edging out Strumolo for the final seat on the board. Other winners included newcomers Michael Pizzi and Joseph Grande. While placing seventh, Joseph Fornarotto made an excellent showing gathering 3,035 votes.

Following the election at a special Commission meeting Mayor Marotti was once again elected as the township's leader. For Marotti it marked his third term as mayor of Belleville.

Toxic chemical leaks terrorized the Valley area causing the evacuation of residents, closing of an elementary school and shutdown of a Main Street plant. Belleville was the scene of much

news attention as chemicals were found in the premises of the Organic-Inorganic Research Center. Governor Thomas Kean, was joined with local and state officials as he inspected the chemical site and assured worried residents and parents that all measures were being taken to clean up the area. The governor also told residents there was no health threat and that a state mobile health center would be established for free testing to residents.

## JUNE

The Belleville High School girls' softball squad captured its second straight county title by defeating Bloomfield 3-1 at Bloomfield. The girls finished the season with a record of 23-4 and the conference title also.

Four hundred and nine students bid farewell to Belleville High School during the school's 86th commencement exercises. Included in the Class of 1983 were 44 honor students, which represented over 10 percent of the class.

One of the township's largest industries, Universal Foods, announced it was closing its plant located on Mill Street. After 15 years in Belleville company officials said the plant was re-locating for economic reasons. The company produced bakers' yeast, and was a thorn for many local residents, who complained about odors coming from the factory.

Aiming to establish a new public safety complex on Franklin Avenue, Commissioners included an ordinance appropriating \$1.75 million and authorizing issuance of \$665,000 bonds for the construction. The new complex is designed to house all police func-

tions as well as the municipal courts. Mayor Marotti said the reason for the new complex was that the present building on Washington Avenue was too small.

## JULY

Belleville rebid its scavenger contract, as ordered by the court, and found it would pay \$900,000 more for the same services. BFI, the township's new garbage contractor, submitted the lowest of two bids, but the bid called for an increase of \$900,000 more than the bid it submitted earlier in the year. The only other bid was submitted by the township's former scavenger L. Pucillo & Son.

The Zoning Board approved an expansion project for the Belleville Motor Lodge located on Washington Avenue. By a 5-2 vote the Zoners granted the motel an additional 18 units and 54 parking stalls.

Rocco Saletta, former School Board president and Public Safety commissioner, died at the age of 52. Saletta served on the Board of Commissioners from 1975 to 1979. He served on the Board of Education from 1965 to 1971.

The Belleville Public Library got a new director, David Bryant. Bryant, a Nutley native, replaced Gerard Hickey, who retired July 1.

## AUGUST

Dr. John Greed, superintendent of the Belleville School system for seven years, announced his resignation for the post, to become superintendent of the schools in Sparta.

Town Fathers rejected the two scavenger contract bids submitted last month and said they would rebid once again. The Commissioners felt they would get a better deal than the \$900,000 increase bid last month.

Michael Nardiello, a Belleville born and raised native, was named as superintendent of schools, after serving in the school district for the past 32 years, including the past three as assistant superintendent. A graduate of School 4 and Belleville High School, Nardiello served as principal of School 4 for many years.

## SEPTEMBER

Michael Lally, who served as principal of Belleville High School for the past two years, was named as the new assistant superintendent of schools by the Board of Education, as trustees continued to promote from within the system.

The Belleville Chamber of Commerce received a secure promise from Mayor Marotti that the police headquarters located on Washington Avenue, could not be moved to Franklin Avenue, as Commissioners originally planned. The promise by the mayor ended months of debate between the Town Fathers and local merchants on where the police station should be located.

Commissioners finally cleaned up Belleville's messy garbage contract as they accepted a bid from BFI calling for one year at \$598,425. The commissioners originally were seeking a five-year deal, but the cost of the contract was too high.

## OCTOBER

Joseph Ciccone, vice principal of the Middle School, was named by the Board of Education as principal of the high school. Ciccone has been a member of the school system since 1970 and served as the Middle School vice principal since 1978.

Mayor Michael Marotti and Nutley's Mayor Carmen Orechio served as grand marshals for the townships' first Columbus Day parade, which took place along Franklin Avenue.

School 7 Principal Michael Rosamilia announced he was retiring after spending 34 years in

the Belleville school district. During his tenure Rosamilia wore many hats including a two-year term as acting superintendent of schools.

School 4 parents were up in arms as they confronted members of the School Board with rumors that their school principal was up for a transfer to the Middle School. Parents said they would be deeply upset if Pat Forte was transferred as principal of School 4 to the vice principal post at the Middle School.

A new local cable news station started in Belleville, as Orechio Broadcasting Company kicked off its half-hour daily news program on Channel 36.

## NOVEMBER

Belleville went Democratic all the way as they elected Senator Carmen Orechio, and Assemblymen Buddy Fortunato and Steve Aduato during the November election. Aduato led the way on the ticket, gathering the most votes.

Both the Board of Commissioners and the Board of Education rehired Buono Association, a Newark Public relations and consulting firm for another year.

The Belleville football team won its annual Thanksgiving Day game against Kearny, to close out a 6-3 season.

Marilyn Hawthorne was appointed by the School Board as the new principal at School 7. Miss Hawthorne is a 20 veteran of the Belleville school system.

Town Fathers and members of the Belleville police department came to terms on a new two-year contract calling for a salary raise of 7 percent in 1983 and 6 percent in 1984.

Frank Catrambone was unanimously named as a replacement for Joseph Ciccone as vice principal of the Middle School.

**"The  
lowest-priced  
glasses in town  
may be at  
a price you  
can't afford!"**

Bargain glasses are no bargain if they're  
not right for you.

At Pearle, eye care doesn't start with a  
new pair of glasses. It ends there. And in the  
process you receive the finest, most profes-  
sional eye care available.

You'll always be able to find glasses with  
a lower price tag, but chances are that's all  
they come with.

Nobody cares for eyes more than Pearle.

# Belleville Times SPORTS

## Breeze Past Clifton, 60-52

# Bucs Handed Their 1st Loss By Mighty Mounties, 77-53

Last season, Montclair High School, coached by one of the states best in Bob Lester, was supposedly under a rebuilding year. They lost a number of top players from the 1982 team that went to the state championship game and lost to Camden. Lester figured his team to be good last year but might be a year away from state prominence.

So, all Montclair did last year was win the Essex County tournament for the second straight year,

whipping Columbia, Irvington and Seton Hall in the finals. The team then lost a one-point game to Plainfield in the state tournament. Plainfield went on to the state championship.

This year, Lester feels his squad is ready. If there are any questions on how good his Montclair team could be, asked a shell-shocked Joe Papisidero, who coaches a fairly good team in Belleville, and he'll tell you how good this squad is. "They are

loaded," said the amazed coach. "I knew they were good, but man they are awesome. There aren't too many teams who will be able to handle them."

Surely, Papisidero's crew could not handle them last week. Led by the 24 point outburst of one Sean Morton, the Mounties breezed by Belleville, 77-53 at Montclair. Richard Moses added 21 points to the cause and Phil Colalillo, Belleville's top scorer tallied 18 points to

lead the Belleville effort.

"Morton can pick the Division I school he wants for next season," said Papisidero about Montclair's scoring ace. "Give that guy a bottle of windex and he'll clean the backboard for you. He can do everything, jump, shoot, you name it. This guy can play either forward or guard in college."

Montclair jumped out to a 23-13 first quarter lead and extended the margin to 45-27 halftime. In the third quarter, the Mounties put the game out of reach, outscoring the Bucs, 26-12 and taking a 71-39 lead into the final quarter.

Unlike times in the 1970's, Lester's team did not pour it on in the final frame. The Mounties played the younger team in the final frame and Belleville left with a 24-point loss, which wasn't that bad considering the opposition.

The Bucs did get a big victory last week, however, stopping an NNJIL rival in Clifton, 60-52. Colalillo and Danny Ward led the way for Belleville with 17 points each. Bill Nankervis, who tallied 10 points in the Montclair game, had eight in this contest. Joe Borrello tallied 12 points and Dave Boyd, the Bucs resident defensive wizard, had six.

"We played a good first half," said Papisidero about the Clifton game. "We should have put the game away in the third quarter but we slacked off and Clifton cut the deficit to nine points going into the last quarter. I was a bit worried, but we came on strong down the stretch."

The victory boosted Belleville's record to 2-1 and sets the Buccaneers up for the Nutley Holiday tournament which began on Tuesday. The Bucs first round opponent was a tough one in Bloomfield. Last season, Belleville won a thrilling 57-56 contest over Bloomfield in the first round before falling to Nutley by six points in the championship game. The other first round game was Nutley and Clifton. The championship and consolation games are tonight, starting with the 6:30 p.m. consolation match.

## Defensive Minded Bucs Win 2 More

Defense, defense. The Belleville girls' basketball team, long noted for its offensive prowess, has discovered that defense can win ball games as well. Last week, the girls won two games in two attempts and in both instances, held the opposition to under 30 points. For the season, the girls are 3-0 and earlier this week, began play in the Essex County coaches holiday tournament.

On Tuesday, the girls began defense of the 1982 championship by hosting Livingston. Tonight, the championship and consolation games will be held at Bloomfield High School. Bloomfield and Becton round out the field. Next Tuesday, Jan. 3, the girls will be in Bloomfield for a regular season contest.

Karen Fuccello has always felt that a good defensive game will account for a number of victories. "In the early part of the season," the coach said, "we should be holding teams to about 30 to 35 points a game. Usually, the defense is ahead of the offense this time of year, so we should be pretty effective."

Last week, the Lady Bucs ripped Montclair, 74-27 and Clifton, 47-26. In both outings, the opposition managed no more than nine points a quarter. While the Belleville defense was solid, the Belleville offense had no problem continuing its hot pace.

When you have the states top scorer at one forward, a potential all county forward at another slot and a returning all NNJIL forward at a third position, points are usually easy to come by. Versus Montclair, Jennifer Apicella, the All American who is striving toward the state scoring crown, continued her hot shooting by scoring 41 points, hitting 13 of 17 from the field. The senior also contributed 15 foul shots in 17 attempts in a contest that was very physical.

"I wasn't happy with the officiating in the Montclair game," said Fuccello. "There were a lot of unnecessary fouls out there."

The visiting Mounties fell behind early and never came close. Belleville led, 13-8 after one frame and extended the margin to 37-17 at halftime. In the third quarter, the defense did the job, holding the Mounties to two points and outscoring the visitors, 16-2. With a 53-19 lead entering the fourth quarter, the Belleville offense mopped up the victory.

In addition to Apicella's usual heroics, junior Donna Brooks, a potential all county player, contributed a career high 19 points, hitting eight field goals and three foul shots. Brooksie has extraordinary leaping ability and is very tough under the boards.

Dina De Aquino, a returning all conference player, hit for 12 points. De Aquino has not yet found the groove that made her a top scorer last season, but when she does, the Belleville attack will add another dimension.

Against Clifton, the girls did a workmanlike job in dismantling the Mustangs. After taking a 10-6 first quarter lead, Belleville led, 20-11 at halftime. The margin was boosted to 34-18 after three quarters before Belleville outscored the hosts, 13-8 in the final frame.

Once again, Apicella led the way, this time with 33 points. Brooks added eight. De Aquino scored four and junior Cheryl Marion had a field goal for two points.

In the Essex County holiday tournament, Belleville enters the field a solid choice to repeat the championship. Last season, the girls whipped Newark West Side in the first round then battered Bloomfield in the championship game, 57-33. Apicella was named the tournament's MVP for the second straight year following the win.

Although Belleville won the tourney last season, it has not come easy in previous encounters. In 1981, the girls lost the championship game to Angela Tennaro and Bloomfield, 64-49. This was a game that Apicella tallied 42 points in, but the Bengals balanced attack was the difference. In 1980, with Apicella on the bench with a sprained ankle, Livingston upset the girls, 48-45 in overtime as the entire Belleville starting lineup fouled out in regulation time.

## Grapplers Easily Defeat Raiders By 44-17 Score

By Dino Ibelli

Competing in its first duel match of the 1983-84 campaign, the Belleville wrestling team ripped conference rival Nutley, 44-17 before a large crowd at Belleville High School.

The Bucs took part in the Bloomfield Holiday Tournament last week and will be in Fair Lawn this Wednesday, January 4, for a duel match which begins at 7:30 p.m.

Following a strong showing in the Essex County Coaches tournament last weekend, the Bucs were solid in defeating a good team from Nutley. Both teams exchanged pins early on with Phil Zamloot pinning John Reilly of Nutley in the first period of the 98 pound class. Zamloot, who is only a freshman, won his first match with a 154 pin.

With Belleville leading, 6-0, Ray Johnson of Nutley tied matters for his team when he showed Dennis Ives of Belleville the lights in the 105 pound class. The pin tied matters at 6-6 entering the 112 pound match.

Dom Cerreto of Belleville sent the pin contest back in Belleville's favor

when he patted Nutley's Jim O'Rourke in the final period, raising his record to 4-0 in the process. The pin was big because it boosted Belleville's lead to 12-6.

At 119 pounds, Belleville's Mike Iacona continued the fine family tradition of good wrestlers by beating John Mitchell of Nutley, 6-3. It was Mike's first varsity win this season and extended Belleville's lead to 15-6.

At 126 pounds, Cam Rispoli of Belleville and Leonard Rossi of the Maroon battled to a hard fought 11-11 tie. Each team picked up two points with the draw and Belleville continued its nine point lead, 17-8.

Over at 132 pounds, Luke Siletti of Belleville gave the home fans a lot to cheer about when he pinned John Tole early in the third period. The victory was the second for Siletti to go with two defeats. It also gave Belleville a commanding 23-8 margin.

At 138 pounds, Ralph Zarro of Belleville had a tough time with Ted Eggerd of Nutley, losing by a 2-0 count. The win gave Nutley a little life as Belleville's lead was cut to 23-11.

The victory was also the last of

the day for the Maroon as they hit the heart of the Buccaneer lineup.

Jimmy Racsnelli won a tough match over Dan Lemma by a 9-6 margin. Then, the Nutley nightmare settled in. With the Maroon trailing by a 26-11 count, the next three Belleville wrestlers all pinned their opponents to take full command of the match.

It started with Carmen Cerreto, continued with Jim Meyler and finished when Mike Gibbons, at 185 pounds, breezed to victory by way of pin. When the debacle had cleared, the Bucs were in command, 44-11. Nutley won the heavyweight match by way of forfeit, but by that time, the Bucs were in total command of the match and won, 44-17.

As for the Christmas Tourney, the Bucs will face some tough clubs. Kearny, Nutley, Bloomfield, Caldwell and Passaic Valley will give the locals a severe test and provide some exciting matches for the holiday season.

**BUC FACTS:** Wrestlers of the week go to Phil Zamloot, Mike Iacona and Jimmy Racsnelli for their first and certainly not their last varsity wins.

## Looking Into the Future of Belleville For 1984

Well, a new year is upon us. It's a time of reflecting on the past 365 days, beginning a new lease on life and looking ahead to the future. 1983 has been an exciting time for sports, both at Belleville High School and throughout the country. It was a time of new beginnings for Belleville High, competing in the NNJIL conference, winning a conference title in softball, a county championship in softball and the girls crew team advancing to the national finals again.

There were some fine individual efforts, most notably the 2,000 point mark reached by junior Jennifer Apicella, the 1,000 yard rushing mark by Mike Murphy for the second straight year and the continued hot pitching of Dina De Aquino, who entering this spring has racked up 35 victories in her softball career.

Let's have some fun and forecast the upcoming year at Belleville High School. A lot of these events will probably never happen, but before we return to the regular sports scene in the January 5 edition with the athlete of month for December issue, let's look ahead to the year 1984.

January 6 — George Zanfini denies rumors that he'll return to the Belleville baseball team, in some capacity. Zanfini is happy with his role as retired coach and does not wish to return.

January 17 — Jennifer Apicella scores 57 points and the Belleville girls basketball team defeats Eastside, 75-67. Apicella is now zeroing in on the state scoring record of 2,745 points.

January 25 — At a packed press conference at Belleville High School, Mike Murphy, flanked by Walt Michaels and John Senesky, announces that he will pass up college and sign a multi-year pact with the New Jersey Generals. During the question and answer period, the Star-Ledger reporter asks Michaels, "Are you going to

use Murphy at defensive end or linebacker?" Michaels answers, "No, we're using him at his natural position, running back. Don't forget he was a pretty good runner in high school." The Ledger reporter is confused, "According to our records, he played defensive end, he made second team All State there." Michaels isn't too interested in the reporters records, "He rushed for 2,600 yards in his high school career, had two straight 1,000 yard seasons and led Essex County in rushing and scoring his senior year, what more do you want?"

February 1 — At Belleville High School, Apicella tallies 37 points and Belleville defeats Passaic, 61-33. The 37 points gives Apicella the all-time state scoring title. Lloyd Glicker, who referred to Karen Fuccello as a more than adequate coach, is in attendance, although no one really cares. If Glicker knew one half what Fuccello does about basketball, he'd actually be a respected writer.

February 17 — Jim Silvestri, Belleville A.D., announces that George Zanfini will return. Zanfini will be the new owner of the Belleville baseball team. Heyowes not to be like the other owner named George who makes news every day. "Ralph (La Conte) is my manager," said Zanfini. "I have total confidence in him."

February 18 — Zanfini fires La Conte as manager and replaces him with Billy Martin. "Billy's my manager, we're set," said Zanfini. "La Conte will stay on in an advisory position."

February 28 — In his debut, Murphy leads the Generals to a 27-14 victory over Jacksonville. Murphy, teaming with Herschel Walker in the backfield, scores twice and rushes for 109 yards. "Not bad for a defensive end," the Star-Ledger reporter says Murphy after the game. "Where did you ever learn to run like

that?" "At Belleville High School," says Murphy. "Never knew you were a running back," the Ledger reporter says. "We only knew about Craig Heyward, he's the greatest thing to come along these parts since sliced bread."

March 6 — After two days of practice, Zanfini fires Martin as manager and reinstates La Conte. There is furor in the Belleville lockerroom and Frank Tursi, the Bucs fine outfielder declareshe is "the straw that stirs the drink."

March 29 — Apicella signs a letter of

## BUC SHOTS

By Michael Lamberti

Sports Editor

intent to attend Boston College just minutes after leading the girls basketball team to a 64-63 victory over Hamilton West in the Group IV championship game.

April 7 — The boys baseball team defeats Barringer, 6-4, but Zanfini is unhappy with his teams play. "Changes will be made," said the owner. "Nobody's job is safe."

April 19 — Rocco Colucci signs a contract to fight Apollo Creed for the heavyweight championship of the world. oops, sorry, wrong storyline.

April 19 — Colucci and Joe Papisidero come to terms with MGM and will bring back the Honeymooners series with their real wives. Colucci will be Ed Norton and Papisidero will portray Ralph Kramden.

April 30 — Zanfini fires La Conte for the second time following a series of events in the Montclair game. Conte ordered Tursi to swing away, but Frank opted to bunt and fouled out. Later, La Conte, in a

tearful speech, is heard muttering, "one's a born liar, the other's convicted." Is this starting to sound familiar?"

May 1 — Zanfini brings in Bob Lemon to manage the Bucs in the interim.

May 6 — At a Buccaneer old timers game, Zanfini announces to a booing crowd that La Conte will be brought back for the 1985 season. "Ralph is our manager, I have total faith in him. Bob will finish the year and Ralph will take the reigns next season."

May 19 — John Senesky denies rumors that he will take the vacant coaching position at Houston, coaching the Oilers. Senesky's name is mentioned for the job by a number of top newspapers and the rumors continue to persist.

May 21 — Zanfini fires Lemon following a 3-0 loss to Irvington and reinstates La Conte. "We need a guy like Ralph to lead us to the championship," said Zanfini.

June 5 — Senesky signs a multi-year pact to stay at Belleville High School. "I have a job to do here," said Senesky, "Houston can wait."

June 9 — Bellevillesdowns Livingston, 12-4 to win the Group IV, Section II championship game and advance to the state semis against Linden. "We have stability here," said Zanfini. "I have a feeling this group will be around for a long time."

June 16 — In the state championship game against Middletown North, Tursi hits three straight homers and the Bucs win the state title, 8-4. Zanfini and La Vnte are seen hugging each other following the win.

June 17 — Zanfini fires La Conte as manager following La Conte's account of why he punched out a marshmallow salesman at the Belleville High School gymnasium.

July 6 — At a hotel in Secaucus, where Zanfini is attending a meeting, the Buc-

caners owner is believed to have engaged in a fight with two die hard Nutley fans. Zanfini emerges from the elevator with a sore hand but proclaims that he took care of the two hoodlums.

July 7 — On the Garden State Parkway, a ball that Tracy Buono hit two months ago finally lands. Buono hit the ball for a grand slam homer in the win over Bloomfield and no one had seen the ball since.

August 5 — Desiree Johansen finally gets her cabbage patch doll.

September 26 — The Belleville football team wins its opener, 31-0 over Clifton. John Oliveri and Mike Gibbons score two touchdowns each to lead the way.

November 18 — Ed Capparucci, editor of the Belleville Times, turns down a multi-year pact to become managing editor of the New York Times. "My whole life is here, I love the Belleville Times," said a tearful Capparucci. "I wouldn't leave here for the world."

December 7 — Zanfini approaches ABC-TV about the possibility of releasing Earl Weaver from his contract with the television network. Zanfini is offering big bucks to Weaver to coach the Buccaneers.

December 17 — At a press conference designed to introduce Weaver as the new manager, Zanfini stuns the audience and says that Ralph La Conte will be back to manage the Bucs next season. "Ralph's my manager, I'm staying with him."

December 18 — Bob Lemon is seen looking for a house in Belleville.

December 31 — Sports survive another crazy year at Belleville High School. Happy New Year.

For this week's quiz, name the participants in Super Bowl XV and the final score. Also, name the teams that the participants defeated to get to the Super Bowl.

## Heard At Ringside

By Steve H. Frank

Lightweight Howard Davis of Glen Cove, L.I., continues with his managerial problems. Davis was co-managed by Dennis Rappaport and Mike Jones. He said they were not moving him up the fistic ladder fast enough so he switched to an attorney, Gersch. Davis' contract with Rappaport and Jones had two years before expiring. The duo still collect a cut on all Davis' ring earnings. Davis decided Gersch was trying to be manager, promoter, advisor and taking over generally. The fighter switched to Jack Solowitz and Leonard Leeds leaving Gersch out in the wintry weather although the agreement between Davis and Gersch doesn't expire for two months.

At the WBC 20th annual convention in Las Vegas it was announced Bob Andreoli, the Rhode Island promoter, will promote the bout between Juan La Porte and Wilfredo Gomez. La Porte, the featherweight champion, will receive \$562,000. The challenger Gomez will earn \$187,500. Howie Alberts, La Porte's manager, may have goofed — four months ago MSG offered his battler \$750,000. King came in with a bid of \$1 million to La Porte. Alberts made a fuss about King's offer, King withdrew the offer. La Porte lost a 10-round decision to Gerald Hayes in Atlantic City. Madison Square Garden withdrew their offer of \$750,000.

Butch Lewis has promotional claims to the services of light heavyweight champ Michael Spinks of Philadelphia had said before the Spinks-Oscar Rivasneyra, "My schedule for Spinks includes another defense in late January or late February. Then a rematch with Dwight Braxton of Camden, N.J." Spinks won the WBC half of the title by a unanimous 15-round decision on March 18, 1983 in Atlantic City. He had won the WBA half on July 18, 1981 in Las Vegas. Braxton had been the WBC titleholder and Eddie Mustafa Muhammad the WBA.

At the fight in Atlantic City featuring defending WBA bantamweight titlist Jeff Chandler of Philadelphia and Oscar Muniz of Pico-Rivera, Calif., which Chandler won on a TKO at 23 seconds into the seventh round, the one missing person from Chandler's corner was Becky O'Neill. Becky is co-manager of the champ along with her husband, Willie. The reason Becky did not attend was due to first-degree burns she received in trying to save Chandler's possessions when the O'Neill's home in Philadelphia burned to the ground eight days before the fight.

Light heavyweight Eddie Davis of Freeport, L.I., knocked out Chris Schwenke of Salt Lake City, Utah, in the fifth round at Seattle, Washington, Tuesday. Davis floored his opponent twice in the fifth before putting over the crusher.

Kenny Leonard, Sugar Ray's older brother, said, "The exhibition he put on at Andrews Air Force Base, outside of Washington, D.C., featuring a six-round exhibition between Sugar Ray and Odell Leonard, was a success and the boxing promotion is just the beginning." He later said, "Don King is my idol, now he had better look over his shoulder, here I come."

Veteran welterweight Jimmy Hear of Memphis, Tenn., fighting out of Los Angeles, Calif., narrowly escaped death recently in an auto accident when he was thrown clear of the wrecked vehicle, while on his way from Memphis to Los Angeles. His new bride and brother-in-law were killed in the crash. Jimmy remains in the hospital with serious injuries. Hear's fighting career may be ended doctors warned. He started boxing July 22, 1971 and last fought Jan. 19, 1983. His record — 96 won, 29 lost and one draw. In his only fight in New Jersey was at Atlantic City when he was TKO'd in the fifth round by Don King, April 20, 1982.

Totowa, N.J. Ice World, Wednesday: Lightweight contender Livingston Bramble, Virgin Islands-born now fighting out of Passaic, WKO at 60 seconds into the second round over Lornzo Guzman of Santo Domingo; Junior middleweight James Green of Irvington, N.J. WKO in second round over Bob West of Detroit; Lightweight Vinny Pazienza of Cranston, R.I. WKO in sixth round over Cleo Ortiz of New York; Middleweight Alex Ramos of the Bronx, N.Y. WKO at 1:16 of fourth round over Ronnie Robinson of Miami, Fla.; Featherweight Joel Judah W(split) Dec. in four rounds over Mike Velez of New York; Middleweight Jorge Anparo of Paterson, N.J. WTKO in third round over Dave Todt of Washington, D.C., and James Morgan W-Dec. in four rounds over Eric Phelps of Irvington, N.J. The promotion was by Main Events. Dan Duva, promoter.

International Boxing Federation (IBF) with Bob Lee as its president will not help boxing or the organization by sanctioning heavyweight champion Larry Holmes to fight washed-up pugs as punching bag John Tate. The public got their belly full with the Holmes-Scott Frank and Holmes-Marvis Frazier "stinkos."

Former WBC cruiserweight champ Marvin Camel of Montana traveled to Halifax, Nova Scotia, and registered a knockout over Roddy Mac Donald of Nova Scotia in the fifth round. Other bouts saw featherweight Don Bryant of Nova Scotia W-Dec. in eight rounds over Rusty Charter of New Brunswick; Welterweight Danny Winters W-Dec. in six rounds over Shane Allison. Both battlers are from Nova Scotia and welterweight Bob Harvey of Nova Scotia WKO in eighth round over Al Cox of Toronto.

The magic of Sugar Ray Leonard's drawing power is being shown by HBO when the cablevision bigwigs promised Leonard between \$1.5 and \$2 million dollars for his Feb. 25 comeback bout. And an opponent has not been named at this date.

Atlantic City, N.J. Tropicana Hotel-Casino, Tuesday: Undefeated welterweight Simon Brown of Washington, D.C. W(unan.) Dec. in 10 rounds over Robert Adams of Philadelphia. Brown is boosting his diary to 17-0 dropped Adams in the second, fourth and fifth rounds and pushed Adams' chart down to 11-8-1. In the semi-windup junior welterweight Johnny Verderosa of Staten Island W(unan.) Dec. in 10 rounds over Carlos Amaya of Chile. Verderosa could be "Mr. Big" on television if he'd settle down and avoid the fast lane. In this outstanding bout of the card, Verderosa raised his record to 28-2. Amaya fell to 16-7. In another bout Charlie "Choo Choo" Brown, 22-21, of Philadelphia, scored a KO at 1:32 of the first round over Ruben Monoz, 16-4, of Odessa, Texas. Don Elbaum and Ted Menas promoted.

Publicist Jim Taylor informs the second anniversary of Tuesday Night Fights at the Tropicana was celebrated. Since Dec. 13, 1981, Elbaum/Menas and the Tropicana in Atlantic City have presented 95 shows (90 in the Tuesday night series), more than any other Atlantic City Casino. There were no fights scheduled for Tuesday, Dec. 20 or Jan. 3. On Tuesday, Dec. 27, an undefeated Washington, D.C., welterweight, Maurice Blocker, battled rugged Mike "Nino" Gonzales of Bayonne, N.J. and on Tuesday, Jan. 10, heavyweight Dorcey Gaymon and Clarence Hill will tangle in a grudge rematch. The two fought a hotly-disputed draw at the Tropicana on Nov. 8.

Contract, contract, who has the contract? At the New York State Athletic Commission meeting-hearing over the contract dispute between lightweight Howard Davis and his disposed manager Ed Gersch, the commission could not find either of two filed with that office. Commission chairman John Branca was embarrassed and angry. Note: Branca was not with the commission when the agreements were submitted and presumed filed. Jack Prenderville was then commissioner.

## Rec Basketball Season Gets Off to Fast Start

Highlighting the six-game schedule of the Belleville Recreation Department's Men's Basketball League was a stunning come-from-behind victory of the Martucci Brothers over Club 36 East 61-57. Led by J.L. Atka's 23 and G. Bells' 13, the Martucci Brothers evened their record to 1-1. An explosive 30 points by Mr. Fisher was not enough to hold the lead for Club 36 East, who saw a six-point half-time advantage turn into defeat.

For Pete's Sake's balanced scoring raced past Rocky's Raiders 64-44. G. Soldo and T. May scored 11 points apiece for the winners, who had four players in double figures. Twelve points by Fran O'Keefe wasn't enough to help Rocky's Raiders, who fell to 0-2.

Johnson's 24 points propelled Suburban Cablevision to a 48-45 win over RLM Graphics. The winners overcame RLM's sharpshooting players Alan Talmadge (19) and Ricky Thomas (15), to even their record at 1-1. Foul trouble plagued RLM throughout most of the contest and their record slipped to 0-2.

Mr. Muggs comeback fell short last week as the Knicks held on to slip by 48-47. Missed free-throws cost Mr. Muggs the game. Game high scoring was shared by Mr. Muggs' S. Dondarski and Knicks' B. Dirash with 16 points apiece. The Knicks led at half-time 23-14 because of G. Mascitelli who wound up with 13 points. The Knicks (2-0) look forward to a big contest against undefeated Nutley Pub on Dec. 15.

Twenty-two points by T. McDougal and 16 apiece by J. Dunn and M. Cancelliere lifted Nutley Pub past Ten-Two 80-47. Nutley Pub built a 20-point half-time lead and Ten-Two, led by J. Thompson's 16 and E. Savers' 13, could not bounce back. Ten-Two dropped to 0-2.

League leading scorer D. McGloughlin scored 35 and teammate D. Roll added 24 to enable Rosebud's Pub to beat Tobler 99-73. The losers were led by B. Degman with 24 and 21 by Mr. Stetson. Both teams had powerful offenses and look forward to exciting games to come.

The Martucci Brothers crushed Rocky's Raiders 88-65. Twenty-one points by J. Latka and 19 by T. Bell sparked the victory. Raiders' Fran O'Keefe led all scorers with 22 and teammates Mike McAvoy and Pat Blacer combined for 24.

Todd McDougal's 37 points and 13 by Dan Dunn helped Nutley Pub squeeze past the Knicks 68-66. The game was close throughout and the Knicks, who were led by Tom Filan's 21 and Gary Mascitelli's 19, were winning at the half by six.

RLM Graphics was smothered by Tobler 85-58. Mike Liloia had game high honors scoring 22 and teammate Pat Higgins popped in 18 to lift Tobler. The losers were paced by Lou Grasso's 14 and R. Baker's 11.

For Pete's Sake raced past Rosebud's Pub 67-57. Bruce Gardner scored 21 and Jack Rush added 13 for the winners who were down at half-time. League leading scorer Dan McGloughlin had 26 before fouling out for Rosebud's who suffered their first loss.

Suburban Cablevision's comeback fell short, losing to Mr. Muggs 79-77. Doug Jackson scored 31 for the winners and Mark Veniero added 18 to hold off an amazing fury of basketball by Suburban Cablevision. Down by as many as 13 at half-time, the losers, paced by Rufus Johnson's 23, made it exciting at the end.

Robert Johnson and Ed Jernigan

combined for 38 points to fire Club 36 East to a 73-25 blow out over Ten-Two. The losers were paced by Ron Thompson's 10 points. Ten-Two played the final minutes with only four players.

The 1983-84 Belleville Men's Over 30 Wednesday Night Basketball League began its season with four games. Tobler, led by Joe Datoli's 11 points and Rich Luzzi's nine, cruised past Sally's Auto Parts 39-28. Al Baker scored 17 from the losers, who also received eight from Eric Vogler.

Fourteen points by Paul Magrone and 10 by P. Wurtzel was just enough to lead Newark Beverage past the Belleville Knights 34-33. It was an exciting game which went down to the wire, but the Knights, who were paced by Bob Hoar's 11 and Earl Wake's eight, couldn't grab the victory.

Megarmemorial Home was upended by Sylvestro's Garden Market 41-38. Bob Byers and Jack Rush combined for 28 points to spark the victory. Ten points by Mr. Bruno and nine apiece from Pat Megaro and Anthony Iervolino was not enough for Megaro who fell to 0-1.

Miele's Caterers fell to Radio Shack 35-19. Frank Carbalia led all scorers with 14 and teammates Bill Bierne added six for the winners. Tony Sorrentino accounted for more than half of Miele's points, scoring 10.

In the Senior Boys' League Walker Transport overpowered Village Video 48-18. D. Washington led all scorers with 14 points and teammate D. Brooks added 12 points for the winners, who were in control from the opening tap. Six points by P. Dorcas and four by V. Pucci accounted for more than half of Village Video's total output.

The Opec Oilers, up-ended Viking Barbell 34-23. The Opec Oilers were led by H. Petrat's 13 points in a come-from-behind victory. B. Fetch scored nine for the winners who grabbed their first victory in the young season. Viking Barbell was paced by J. Pellegrino's seven and M. Silvestri's six points.

Vinnie's Delicatessen bombed Jackie's Luncheonette by the score of 41-15. Twenty points by F. Gen-carelli and eight by S. Grasso fired Vinnie's Deli to the victory. J. Feith scored nine for the losers whose record fell to 0-1.

In the final game, Z & Z Construction stunned "US." F. Zangari and R. Antolini combined for 21 points to lead Z & Z Construction to a thrilling come-from-behind victory over "US" 34-31. Eight points each by M. Walsh and T. Monahan was not enough for the win. "US" had the lead 29-22 with five minutes remaining when Z & Z applied solid defense which brought about a series of turnovers and a technical foul.

In the second week of action which took place for the Belleville Recreation Department's Senior Boys' Basketball League, the Opec Oilers, led by Herb Petrat's 14 points, squeezed by "US" 28-25. Tim Monahan scored seven points, but it wasn't enough to complete the comeback by "US," who had an early eight-point advantage, but couldn't hold on.

Joe Fieth scored 10 points and Fred Wedekin added seven as Jackie's Luncheonette beat Viking Barbell 27-22. Game high scoring honors went to Viking's Calos Kingalahu who popped in 14.

## Belleville's Past

Later the capitalization of the De Witt Company was increased to \$300,000. By 1884 the firm could boast of "over one hundred and sixty hands, one hundred and fifty blocks and over fifty looms, thirty-four of which are run by steam power (the water-power being mainly used for rolling) and the additional production by other machinery introduced for making wire cables, ropes, cords, etc."

By 1877, the demands for Fourdrinier wirecloth had placed an undeniable strain on the facilities of the De Witt Company, and, seeing an opportunity to supplement his activities, John Henry Eastwood, who was then operating a mordant factory in Belleville, joined the William Buchanan and Charles Smith, and formed another Fourdrinier wire-works, known as Eastwood, Buchanan & Smith. In addition to wire-cloth, the firm was soon engaged in the manufacture of fine iron, copper and brass wire.

Eastwood had come to America from England, and, setting in Belleville in 1847, set himself up in a small business devoted to the dyeing of silks, cottons, and wollens. He was moderately successful, but in 1857 fire gutted his factory. On an eight-acre tract at the foot of Joralemon Street, with a frontage of several hundred feet along the Passaic River, Eastwood erected a new and more substantial factory which around 1880 had developed into the largest chemical works in the United States. Sixty people were employed there. An even greater number were at work in the Eastwood wire-works, located on the opposite corner of the Joralemon-Main Street intersection. Eastwood's products were "shipped by boats to all accessible points, and by railroad all over the manufacturing portion of the country."

"By the vigorous and judicious conduct" of his various businesses Eastwood attained all manner of material success. For the rest of his days he lived in Main Street in "a stately mansion with tastefully arranged surroundings," which was regarded as one of the town's showplaces.

The former Eastwood-Neally Corporation on 28 Joralemon Street was the direct successor to the firm of Eastwood, Buchanan & Smith. It made Fourdrinier wire and in addition manufactures valves, traps, fittings and all kinds of machinery needed in the manufacture of newsprint and other paperstock.

Wire cloth also is still manufactured in Belleville. The Cosgrove Wire Cloth Company, of 329 Main Street, makes wire cloth from stainless steel, monel and nickel wire. The wire cloth woven by the Belleville Wire Company, of 135 Little Street, is used in the making of chemicals.

Dear Homeowners,  
As you may already know, we have been in the  
home improvement business in this area for several  
years with 95% of our jobs being acquired strictly on  
a referral basis. We have found this to be a very  
rewarding as well as successful method of conducting  
business, one which has led us to a position  
where we can now provide our "referral oriented  
workmanship" as well as handle your financial needs  
all under one roof. As a result of these positive  
developments, we have established a small show-  
room and office, and it would be my pleasure to  
meet with you there to provide information on the  
construction methods and materials we shall supply.  
If it would be more convenient for you to have us visit  
your home to discuss your home improvement  
needs, simply call our office to arrange an appointment.

Sincerely,  
J. Kelly, Inc.  
John Kelly, President

## J. KELLY INC.

**ADVERTISEMENT FOR BIDS**  
SEALED proposals will be received by the Board of Education of the Township of Belleville, in the County of Essex, State of New Jersey, on January 17, 1984, at 10:30 am prevailing time, in the Board of Education Administrative Office Complex, 190 Cortlandt Street, Belleville, New Jersey for the following:  
Arts & Crafts Supplies  
General Education Supplies  
Office Supplies  
Duplicating Supplies  
Physical Education Supplies  
Home Economics Supplies  
Medical Supplies  
Science Supplies  
Related Art Supplies  
Specifications and full information may be obtained on application to the office of the Secretary/School Business Administrator prior to the time set for the opening of the bids.  
No bid will be considered unless accompanied by a certified check or bid bond for 10% of the total bid, payable to the "Belleville Board of Education."  
The Board of Education reserves the right to reject any or all bids and/or to accept the bid that in its judgment will be best for the School District of Belleville, and to waive any immaterial informatics.  
Bidders are required to comply with the requirements of P.L. 1975, c. 127, New Jersey Law Against Discrimination and Ch. 33, Laws of 1977.  
BY ORDER OF THE BELLEVILLE BOARD OF EDUCATION  
OF THE TOWNSHIP OF BELLEVILLE, COUNTY OF ESSEX, NEW JERSEY

**SHERIFF'S SALE**  
SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-4591-83. FIRST NATIONAL STATE BANK OF SOUTH JERSEY (formerly known as First National State Bank of New Jersey), a banking corporation organized and existing under the laws of the United States of America, PLAINTIFF vs. HELEN GRUBBS, Single, et al., DEFENDANTS, Execution For Sale of Mortgaged Premises.  
By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Auction, in SHERIFF'S OFFICE, Essex County Courts Building in Newark, on Tuesday, the 10th day of January next, at one-thirty P.M., (Prevailing Time) all that tract or parcel of land, situate, lying and being in the TOWN OF IRVINGTON, in the County of ESSEX, in the State of New Jersey.  
BEGINNING at the easterly line of Myrtle Avenue at a point therein distant 83.55 ft. from the northerly line of Vailsburg Terrace (formerly Sixteenth Avenue); thence (1) Along Myrtle Avenue north 38 degrees 26 minutes east 25 ft. to a point; thence (2) South 51 degrees 34 minutes east 100 ft. to a point; thence (3) South 38 degrees 26 minutes west 25 ft. to a point; thence (4) North 51 degrees 34 minutes west 100 ft. to a point in the easterly line of Myrtle Avenue and place of BEGINNING.  
This description is in accordance with survey made by Borrie, McDonald & Watson, Land Surveyors, dated April 9, 1976. Being commonly known and designated as 440 Myrtle Avenue, Irvington, N.J. Block 108, Lot 4, Tax Map Town of Irvington.  
The approximate amount of the Judgment to be satisfied by said sale is the sum of TWENTY-NINE THOUSAND EIGHT HUNDRED EIGHT DOLLARS AND EIGHTY-FOUR CENTS (\$29,808.84), together with the costs of this sale.  
The Sheriff reserves the right to adjourn the sale from time to time as provided by Law.

## Real Estate REVIEW

A WEEKLY REVIEW OF AREA HOMES In The Nutley Sun, Belleville Times and Bloomfield Life

## Belleville's Past

Similarly a new process was evolved shortly after to produce aniline dye-stuffs, needed in the making of records for Edison phonographs and dictating machines, and formerly largely imported from Germany. The Silver Lake plant eventually produced these dyes in sufficient quantities to serve other industries as well. But after the war the original source of supply became once more available.

In the early 1920s, the E-X Medical Gas Division was established at the Silver Lake plant. Nitrous oxide, oxygen, ethylene, carbon-dioxide and cyclopropane for hospitals and industrial use are made here. In addition to this division and the Active Material Department, the headquarters of the Primary Battery Division and several departments of the Ediphone Division are today located at the Silver Lake plant.

Another great concern of the electrical industry to locate one of its plant in Belleville is the Westinghouse Electric Company. Its Belleville Base Works at 720 Washington Ave. turns out annually more than 200 million metal and composition lamp bases which are sent for assembly and shipment to the firm's plants at Bloomfield and Trenton. Another product of the Base Works is bases for radio tubes. The plant employs about 200 people.

Twice that number are employed by the National Grain Yeast Corporation, 810 Mill St., in the manufacture of bakers' compressed yeast. Founded in 1927, this firm supplies all wholesale baking companies and a large number of retail stores in the United States. Among those who have been engaged in the management of the National Grain Yeast Corporation since it began business with a staff of 25 persons have been two sons of President Franklin D. Roosevelt. James Roosevelt, for about a year, was president of the National Grain Yeast Corporation, and Franklin Roosevelt, Jr. was connected with its sales department. Both have since left the company.

Fruit Products Corporation, 417 Cortlandt St., was established in Belleville in 1919. Almost 200 persons are engaged here in the manufacturing and packaging of bottled and bulk cherries and glazed fruits for domestic as well as foreign markets.

Belleville's modern leather factories are far removed from Josiah Rhode's ill-fated tannery of a hundred years ago. The firm of A.J. Crowhurst Sons, 35 Mill St., began with 50 men; now it employs about 175 people in the various stages of preparing leather for ultimate manufacture into ladies' and children's shoes and is one of the largest leather concerns in the United States.

Richard A. Shafter's  
"History of Belleville"

## Obituaries

### Irene Hess; Succumbs, 78

A Mass was offered Dec. 19 in St. Mary's Church for Mrs. Irene Hess, 78, who died Dec. 15 in her son's home in Parsippany-Troy Hills.

Mrs. Hess was a medical assistant for Dr. Robert C. Anderson of Newark for eight years before retiring in 1975. Before that she worked in the claims department of the Aetna Life Insurance Company in Newark.

She was past president and a member of the Essex Chapter of the American Association of Medical Assistants. Mrs. Hess also was a member of the American Legion Auxiliary of Belleville, Mount Carmel Council 6195 of the Columbians of Nutley and Catholic Daughters of Belleville.

Born in Newark, she moved to Belleville 33 years ago.

Surviving are a son, James; one grandchild and one great-grandchild.

The S.W. Brown & Son Funeral Home made arrangements. Interment was in Holy Sepulchre Cemetery.

### Belinda Duva; Died Age 63

A Mass was offered Dec. 20 in St. Valentine's Church, Bloomfield for Mrs. Belinda Duva, 63, who died Dec. 17 in the Clara Maass Medical Center.

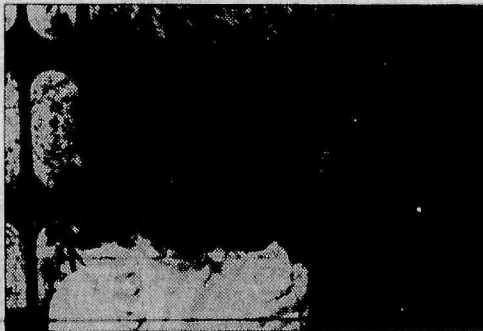

Mrs. Duva was a member of the Monte Virginia Society of Our Lady of Mount Carmel Church, Newark.

Born in Italy, she lived in Newark, before moving to Belleville in 1920.

Surviving are a son, Angelo; two brothers, John and Thomas Cifelli, and three grandchildren.

## SAVING BABIES

### TREATMENT BEFORE BIRTH

April Murphy's life was saved two months before she was born, at the threshold of treatment before birth.

Prenatal diagnosis showed that April inherited a rare enzyme disorder that had been fatal to her older sister. Mrs. Murphy was given massive doses of a vitamin needed to activate the enzyme.

The courage and hope of the Murphy family, and of the March of Dimes grantees who developed the treatment, were rewarded when April was born. She was the FIRST CHILD successfully treated in her mother's womb for this inherited birth defect.

You can help make miracles happen.

## FISHIN' TIPS

from ... Tom Mann

ALTHOUGH THE VAST majority of today's kids are the kind we're proud of, still too many are getting hooked on hurtful things like pot, alcohol, and just plain "do nothing" attitudes brought on by boredom. Brer Tom suggests we get our kids hooked on hooking fish.

There's something about getting a kid into the outdoors, alongside a stream or pond, or afloat in a boat, trying to outsmart a fish. Some people call them "dumb fish," but it doesn't take a kid long to discover that there's a lot more to it than dangling a worm on a bent pin.

And, a good way to start is to get a couple cane poles, a can of garden worms, a dozen No. 6 Aberdeen

hooks, some split shot, bobbers, and a picnic lunch. Take a youngster, yours or a neighborhood kid, out to the nearest bluegill or catfish hole. Find out where one is by asking at the tackle store, a fishing friend, or your local conservation officer.

Add enough split shot to sink the baited hook just over bottom so that the bobber will come to attention. Teach the kid when to set the hook, and watch magic happen!

REMEMBER: Fishermen are special. Christ so loved them that He chose four among His twelve apostles. And fishermen never really grow old because the kid in the fisherman never really grows up.

From 6 to 600 guests, there's no limit to the creativity and delicious taste that fills every ShopRite Party Platter. The key is the freshest cold cuts and cheeses, sliced to order and served up to look positively mouth-watering. And every platter comes with all the fresh breads and salads you'll need to turn your party into a super feast!
