Commissioners Introduce Amended Rent Ordinance

An amended rent control or-dinance providing for limited tenant's complaint or the landlord's occupancy by the local building code vacancy decontrol was introduced by hardship petition. Tenants who file complaints of Commissioners at their April 16 Tenants who file complaints of

vacance decontrol was introduced by Commissioners at their April 16 meeting.

Permitting seven changes in the township's rent control laws, the revised measure maintains the present 6 percent permitted annual increase on controlled units.

The most controversial provision of the ordinance is the addition of vacance decontrol. The measure allows landlords to increase by 15 percent the rent charged on a unit if that apartment is vacated in the course of a single year.

However, the 15 percent hike may be charged only once in a given year regardless of the number of times the apartment becomes vacant that year.

Also, any landlord who exercises the 15 percent celling hike permitted, may not charge any additional rent increases on a decontrolled unit for the rest of the year. Forfeiting even the permitted 6 percent annual hike.

Other amendments permit tenants, who are entitled to rebates of rental overcharges, be reimbursed only for the two-year period

hardship perition.

Tenans who file complaints of rental overcharging more than 45 days after vacating the apartment named in the complaint will not be entitled to reimbursement.

The ordinance also requires that the five members and two alternates of the Rent Leveling Board must maintain their principal residence in Belleville.

Another addition requires landords to file with the Rent Board annual statement "setting for the rent for each unit of housing space" and the amount of any imposed or anticipated rent increases in the succeeding 18 months of the statement filing date.

The statement, which must be accompanied by a \$1 filing fee, must also list all services included in the rental and all surcharges imposed.

Landlords will also have to pay \$10 for a certificate of occupancy fee from the municipality before a vacated apartment may be rented to a new tenant.

The certificates will be issued fol-

displaced from their locations by possible blight declarations on the Avenue.

Officially declaring blight is an initial step in the redevelopement procedure set down by state law for municipalities seeking to revitalize their communities.

At next week's meeting, the Blight Investigation Study prepared by private firm Townplan Associates will be presented formally.

Following the presentation, the public will be invited to comment or register objections to the plan.

According to BRDA sceretary Joseph Dasaro, the Planning Board will be presented formally.

The study concerns the area of Washington Avenue from Joralemon Street to the Newark border reaching east to the Conrail Railroad branch line and west to the rear property lines of properties that front on Washington Avenue.

After analyzing the conditions of structures, land use, and asthetics of the Avenue, Townplan concluded that without rehabilitation or redevelopment of selected portions of Washington Avenue "continued deterioration, dilapidation, and blight will continue to adversely impact" the area uses, adjacent residences, and public and private investments along the area.

"We are not just going to level the Avenue with a steamroller," said BRDA Chairman Emil Nardachone at a recent meeting.

According to the suggested plan set out in the Townplan Study, properties declared blighted may be handled individually, since not all the structures located in the study area will necessarily fall into conditions of blight.

Thomas stressed in his presentation that legal definitions of the term "blight" include seriously diapidated structures, industrial buildings no longer in use, improper utilization of areas, unimproved va-

Peoples Bank announced the winners of its Bermuda cruise contest drawing on Tuesday, April 3, at its Aitken Office located at a 81 Franklin Ave.

Mayor Michael Marotti and branch managers Teresa Buchynski and Kave Lewis were one hand to award a \$3,000 gift certificate to Beleville residents Jacquelyn Puccio and Charlotte Roberts.

The contest was part of a campaign to introduce the new Peoples Bank Treasurer Card which gives customers 24-hour banking convenience. The Treasurer was introduced at Peoples in December of 1983 when all customers were offered Treasurer cards. Each customer received a contest entry form upon registering for their Personal Identification Number (PIN).

The theme of the promotion was "It's for the Birds — Night Owls, Early Birds, and everyone else who needs 24-hour banking." Each of the seven Peoples Bank Branches located in Belleville, Bloomfield, North Caldwell, and Harding Township were included in the contest.

Prayer For Today

Dear Lord I know You care for me, How very many times I see The signs You leave throughout the day; To let me know You passed this way. How could I ever disbelieve, Who feel Your hand upon my sleeve? Nor lose my way throughout the land, Who find Your footprints in the sand? And though my mind is much too small, To weigh the wonder of it all, The least among us here must see The awful price You paid for me. I know that You are every place, I do not have to see Your face, And that through all that is to be, Dear Lord, that You will care for me.

Fornarotto's Record Says He Really Cares

To the editor:

The Community House on Belmont Avenue was a second home to a lot of kids in the Silver Lake area...arts and crafts, clubs, scouts, competition events, hiking, just about everything. It was our good fortune to have Miss Pucillo for an instructor in those days.

One of the things Miss Pucillo stressed at the club meetings was the election of officers. She embedded in our heads that we did not vote for our friend just because of the relationship but rather we should vote for the individual we thought best qualified.

When I started attending the Commissioners' meetings. I met Joe Fornarotto. He had been standing up for the rights of the people long before I started to go. I stopped going but Joe still continues to stand up for our rights. Fortunately for you and me there are people like Joe around.

There are many good things about Joe but the one thing that stands out is "he is there." And, this is what we need, someone who is there.

On May 8, I intend to let Joe know I

Resident Expresses Opinions On State's Financial Dealings

On State's Fir

To the editor:

I voted for Mr. Kean on some of his campaign promises he failed to keep. Instead of reducing the sales tax by one penny, he raised it to 6 cents.

In a letter to me, he stated he would give every consideration to abolish the tolls on the Garden State Parkway which is a costly operation; and consider my plan which could save the state millions of dollars in expenses, and bring in millions of most revenue by charging a fee of \$25 a year to all that use that highway. No one would lose their jobs; all would be placed in other important positions. The \$25 fee is deductible at tax time.

He is now toying with the idea to raise the tolls on the parkway. We live, and learn from real life experience. No one wants to give up a good thing that brings in millions of dollars. That's how some in power operate. Last year I understand the parkway took in over \$80 million. A rip off is a rip off no matter how you look at it.

All toll roads and highways have been paid in full. The state has millions in the banks, the interest alone can pay for all the improvements on all projects as needed without any new taxes of any kind or bond issues. The Pick-6 lotto is also a good thing for the state. They take 2 percent off the top, and pay the winner off in installments over a 20-year period with the interest they

receive on the balance. Why not pay the winner the full amount and let him enjoy the interest? It would also increase the sales.

Sincerely yours, Albert Guglicelli 75 Lake St.

Letter Policy

The Times continues to receive letters on a variety of topics which unfortunately, may never find their way onto our editorial page. That is because they are unsigned.

As a matter of policy, The Times accepts only signed letters. "Signatures" such as "A Concerned Citizen" or "A Worried Parent" will not do. Only names will suffice. However, we will withhold names from publication upon request.

Golden Comments

By James Golden

As reported in TIME, "no single act by a Reagan As reported in TIME, "no single act by a Reagan taken together, the many mistakes form a troubling pattern of insensitivity to the higher standards of conduct expected in Government Service. Perhaps even more disquieting is the fact that the amiable President seems oblivious to the problem. Far from rebuking any wayward officials or nominees, he has been eager to defend his loyalists.

"The most notable of the early blots on the Administration involved CIA Director William Casey, who survived charges that he had misled investors about the finances of a New Orleans agribusiness company. A top aide, Max Hugel, was accused of illegal stock manipulation and quit. National Security Advisor Richard Allen resigned after accepting three wristwatches and taking, but not spending, \$1,000 from a Japanese magazine to arrange an interview with Nancy Reagan. While saying there were a 'disturbing' number of allegations that Secretary of Labor Raymond Donovan was connected to mobsters, a special prosecutor found 'Insufficient credible evidence' to charge Donovan with a crime. Veterans Administrator Robert Nimmo abused his Government transportation perks, spent \$54,183 to decorate his office and resigned. Attorney General Smith took some whopping tax deductions (\$66,000 for a \$16,500 investment) from investments in oil and gas tax shelters, then agreed to reduce them when they were publicized. "The closest thing to a full-blown scandal was the Environmental Protection Agency's favoritism to companies producing toxic wastes. Administrator Anne Burford and more than 20 other EPA officials resigned. Rita Lavelle, head of the hazardous-wastes program, was convicted of perjury.

"Thomas Reed quit his position as a consultant to the National Security Council staff amid charges of 'insider trading' in stocks. Federal Aviation Administrator J. Lynn Helms resigned when grand juries probed his past business dealings. Deputy Secretary of Defense Paul Thayer, accused of insider trading, also left the Government. A dozen or more lesser administration officials were accused of abusing their offices.

"Many of the Administration officials deny any wrongdoing and vow to clear their names in legal proceedings. Yet the quantity of accusations seems to suggest, at the least, a cavalier attitude about the appearance of impropriety. Declares former Watergate Prosecutor Archibald Cox, who now heads Common Cause: "There has been an extraordinary and widespread insensitivity to ethical standards in this Administration. The most disappointing thing is that the President has not spoken out on this matter.

"Whatever the cause, the Administration's ethical failings are likely to prove an irresistible target for the Democratic presidential candidates. Gary Hart has released a list of 55 Administration officials who he claims have faced 'serious allegations of wrongdoing involving unethical behavior, abuse of power or privilege, or even, in some cases, criminal actions.' He charges that 'abuse of Government has become a way of life in this Administration, yet it seems to concern no one very ministration, yet it seems to concern no one very much — not even the President.' It should. Walter Mondale last week spoke of the 'sleaze factor' in

"The Democrats are not going to let go of this," a Republican Senator predicted. 'Politically, no one can fault them for that, although we will do so publicly. It's going to be a long, hot spring and summer.' Either of two men could cool the issue: Ed Meese, by withdrawing from the confirmation proceedings. or Ronald Reagan, by spiking Meese's nomination. But for the best of reasons—one man's need to vindicate a reputation, the other's loyalty to an old and valued friend—Republicans are bracing for a long, hard siege." Republicans are bracing for a long, hard siege.

What a Legislator Provides

Basically we all know the general functions of our United States Senators and Congressmen — they pass laws by which we are governed. But there are so many more services your congressman can do for you, according to a recent edition of Reader's Digest.

Many citizens are unaware that virtually all U.S. Representatives and Senators run social-service operations to help constituents, and the properties of the constituent's political affiliation, they will cut through red tape, open channels of communication and almost always, get a hearing, and frequently, favorable action.

Senate and House case workers in prolems: missing Social Security cheeks, errant passports and visa applications, the plight of U.S. citizens in foreign julks, special requests for compassionate leave or discharge of servicemen, rejected applications for VA and much more.

In fact, answering requests of citizens consumes an estimated 40 percent of an elected official's staff time.

percent of an elected official's staff time.

And while there are many things that a member of Congress can't do for you, the accomplishments they can attempt to make in order to make vour dealings with hureaucratic procedures, are easier and endless.

And any intervention works only if you are candid. Give all the facts chronologically. Pass along copies of relevant documents and the names and titles of agency personnel already contacted, as well as your Social Security number. If your problem prompts you to approach both your Representative and Senator, do inform each of the other's involvement.

And just in case you do not know the names of your Senators and Congressmen (shame on you), here are their names, addresses and phone numbers. If you have a major problem do not hesistate to call them.

The case involving the molestation of hundreds of preschool children in California over a period of several years, is so shocking it is adunts unbelievable. To think that adults would molest innocent children as young as the age of 2 is something I could never imagine. What makes this horror story even more bizarre is the positive reports issued year after year by the children's Welfare Department, giving the school an unblemished record of excellence. It makes you wonder with whom parents can trust their children. It is a sad, sad world we live in when people need children to promote their sexual needs.

For weeks I had attempted to obtain a "Trivial Pursuit" game, the latest fad which has caught the country by storm. After a long and futile attempt to get the board game,

my luck changed last week when I found a store manager unloading a box of the games and was able to grab one. To tell you how fast the game is selling. I was one of the first in line and by the time I left the store, there were only eight left. So now that I have the game, it has made me realize how ignorant I am in trivia. While exciting and time consuming, the game is also frustrating. And who really cares what Olive Oyl's brother's name is.

A new treatment program for hreast cancer is now being offered at Clara Maass Medical Center. According to Dr. James M. Orsin, assistant attending at Clara Maass and an expert in the field of breast cancer, chemotherapy treatment can be cut in half, hair loss can be minimized, and women can still be treated safely and successfully with this new treatment.

Based on the studies of Dr. Giana.

this new treatment.

Based on the studies of Dr. Gianni Bonadonna, director of the Milan Cancer Institute, Italy, Orsini said that women who have "stage two" breat cancer — where the disease has spread to the lymph nodes under the arm — can be treated at three-week intervals for six months if the drugs used in the treatment are given intravenously. The usual chemotherary program puts women travenously. The usual chemotherapy program puts women through the treatment for two consecutive weeks repeated every three weeks, with part of the treatment be-ing in pill form. This treatment lasts for 12 months.

According to Orsini, the patients on the 12-month program walk out of the office with the prescription for pills, yet poor compliance has been noted with many of them not completing the prescribed dose. The side effects, such as severe nausea and vomiting, appear to be the main reason.

"Because the new technique is given intravenously, we can guarantee the dose delivery, shorten the treatment time, and hopefully eliminate long term drug toxicity with the same success as the 12-month program," Orsini said.

Another henefit of the new techni-que is that patients on the six-month regimen have not experienced the total hair loss associated with the 12-month program. Orsini stressed that "for those who need chemotherapy after their surgery, hair loss is another monstrous blow to their seif image at a time when they need it least."

Vincent T. Strumolo, candidate for the Belleville Board of Commissioners, stated clearing up the township water problem must be pursued in conjunction with cheighboring towns and state officials. Strumolo said the discolored water is caused by the need of a new filtration plant at the City of Newark water reserve in Pequannock. Belleville and other customers should anot have to suffer from Newark's shortcomings, he added.

"Belleville is paying for clean water and ought to be getting clean water is safe to drink, it is not enfoyable or appealing. Many, many Belleville residents are disturbed with this problem, and have experienced damages to garments and difficulties washing clothes, which require extra f washes and expensive detergents.

"The Belleville Commission must

"The Belleville Commission must reach out to Bloomfield and other towns with the problem and become more vocal in its protests of the deplorable situation," said Strumolo.

"Trespect the commissioners for the first of the situation, but feel the time for coordinated efforts with other elected officials has arrived. Newark must be pressured by the state to fix their problem and stop causing one for Belleville."

Stephen Adubato, state assemblyman from the 30th District which includes Belleville, has a bill (A-859) which would provide loans for projects such as the Newark filtration plant, added Strumolo.

"Belleville must work with Adubato and the other towns affected to find a solution to this persistent problem," he concluded.

Bill Govel's Offer

Up until six months ago. Sam
Papa was what many consider to be the average citizen.

He made a decent living, was anoved 1 like everyone about skyrocketing prices, enjoyed a good football or baseball game, and cherished the time spent with family and friends.

Then, something happened. Something that would thrust Sam into the front lie of civic duty. He realized that in spite of all a person must endure each working day of their lives, they were not guaranteed screenity or security when they returned home at the end of the day.

"I realized that people such as Bill Govel, the realized that in spite of all a person ditribute, the realized that in spite of all a person but the returned home at the end of the day.

"I realized that people such as Bill Govel, the realizer for 7.25 Joralemon St., could force the 'little guy' to either how a converted condo in a sub-standard state or push them into the street," said Papa. "The special interest groups, I have to dicided to carry the banner of the little people," says sam. "There are ringustration and anger I felt wasn't just for myself, but for all the people is many more of sus 'Barn." The felt is time to show them we're not going to take it anymore."

Joseph Dasaro, candidate for Commissioner, has received official notification of a "public endorsement" from the International Union of Operating Engineers — Local Union No. 825A, 825B, 825C, 825D and 825R. In a letter sent by Patrick Campbell, business manager for the Union, Campbell expressed his best wishes and urges "all of their members who reside in Belleville Township to contact their relatives, friends, and neighbors and impress upon them the need to get out and vote on May 8 for Joe Dasaro — Line 4A."

Ralph J. DiRuggiero, a candidate for Commissioner in the May 8 election, today said that he is committed to adding personnel to the township's fire department and to moving the police department to a new and larger location.

DiRuggiero said moving the police from their present cramped quarters at Town Hall "would encourage greater professionalism and slos create badly-needed space for other township departments."

Tennis Squad Off To Best Start Ever

Lenny D'Armiento isn't ordering tickets to center court of Wimbeldon and he isn't guaranteeing a state title, but the coach is very pleased with the strong showing of his tennis team in the early going. Last week, the Bucs won three straight matches and are off to their best start in program history.

The Bucs took their 3-1 record to a match with Montclair on Monday and Clifton yesterday. Tomorrow afternoon, the Bucs host Paterson Kennedy in a 1 p.m. start and next Monday, will be in Paterson to face Eastside.

In running its record to 3-1, Belleville stopped Orange and Bergenfield by 5-0 counts and defeated Kearny by way of forfeit. Since the program's inception back in 1977, this is by far the best start in school history and the coach is very happy, but admittedly, a little surprised.

"The kids were sky high last week," the coach said. "Against Bergenfield, I expected to face a tougher opponent, but we were dominant all afternoon."

The Bergenfounty school boasts a strong lineup, but last week, Beleville handed out the lumps. At first singles, Dave Boyd brezzed by his man, 6-0, 6-0. Second singles players Herb Petrat and third singles player Jim Petrat also won by 6-0, 6-0 scores to assure Beleville of an easy victory.

In doubles play, Jeff Tyther and Pat Tortoriello were leading their match, 4-1, when a Bergenfield player went down with a severe ankle injury and the match was stopped at that point. The second doubles match proved to be the most exciting of the afternoon when Buccaneers Joon Hwang and Ron Cha won a marathon battle, 6-2, 6-7 (4-7) and 7-6 (7-1). "That was one of the best matches I ve seen in a long time," praised D'Armiento of the second singles match. "Our guys really battled and won a good match."

D'Armiento is especially pleased with the play of sophomore Jim Petrat, the apparent heir to the first singles position next year when Boyd and brother Herb Petrat graduate this spring. "He has an excellent serve and is really turning into a solid player."

Overall, it's a good start for a program that has never seen a winning record in eight years of competition. There is a long way to go, but the early signs are positive for the Belleville tennis team.

When a team is rebuilding, it's always nice when the competition it faces is also rebuilding. Such is the case for the Belleville golf team. The match with Nutley was rained out. Iniksters are 4-2 thus far this spring, but head coach Rocco Collucci is not kidding himself. He knows his squad match, playing West Essex and hortelair, weather permitting, needs plenty of work and competitive to continue winging.

Bucs Getting Few Breaks As Record Reaches 2-3-2

It was another week of good play but little results for the Belleville baseball team. The Bucs tied Bergen-field at six and lost to Paramus Catholic, 5-4. For the season, Ralph La Conte's crew boasts a 2-3-2 record.

This week, the team hosted Montclair on Monday, were in Clifton vesterday and will host Paterson Kennedy this morning. Game time is set for 10 a.m. On Saturday, Colonia will be in for an 11 a.m. start and next Monday, the Bues will be in Paterson to face Eastside.

Bucs will be in Paterson to face East-side.

"We plaved two tough games," as do ut on both, We faced a good team in Bergenfield (6-1 coming into the game) and battled a strong team in Paramus Catholic. We're right in the ball games, we're just missing that one break that can win a few games for us."

Year In and Year Out BHS Offers Strong Crew Squad

It is the ultimate team sport at Belleville High School and it is a sport where Belleville high School, where deciville has been very strong for the past decade. At Belleville High School, where football, baskeball, westing and baseball are so popular, the sport of crew stands as one of the most successful sports the school has to offer. Year in and year out, the oarsmen of BHS do their job in a determined spirit, much like their coach. Sam Giulfrida.

This season, the Buccaneers, facing some of the toughest competition Giufrida can remember, are having a very impressive season. When they aren't racing their usual varsity schedule, the Bucs compete in the Manny Flick races in Philadelphia, battling some of the strongest schools in the country. Starting this weekend. Belleville begins a tough stretch of races, beginning with the popular Goodwill Regatta on the shores of the Passaic River and ending with the Passaic River and ending with the National Championships in late May at Middletown Delaware.

When fans think of Belleville crew, their attention turns to the girls' varsity bout, which in 1982 won a national title in the junior division. This year, Giuffrida is splitting the boat into "foots," a junior and senior boat. The junior four consists of Stephanie Aiello, Jackie Mele, Maureen Russo, Diane Black and Elena Gilday at Cosswain. Heading into last weekend's Nutley race, the girls were undefeated for the 1984 season.

Nutrey Yace: the girs were underlated to the 1984 season.

The senior four girls' boat has moved into high gear after a shaky start. "That boat has really come around." observed Giuffrida. "They lost to Holy Spirit of Atlantic City by 10 seconds two weeks

ago, then came back to beat the same boat by three seconds last week."

Lisa Annichiarico, Kathy Zamora, Annie Skrutskie, Sue Post and Debbie Trefsger compile the senior four boat. The pirk have faced a certain amount of pressure ever since that historic day back in 1982. "That boat consisted of six freshmen, one sophomore and one junior," recalled Gulfrida. So, when the girls placed "only" third in last year's nationals, the first response might have been disappointment. Nonsense. To place third in the National Championships represents a great deal of hard work and and desire. There aren't too many boats who could duplicate Belleville's showing in 1982.

For the boys' team, success has also found its way to the boathouse. A young squad this season, the junior four boat consists of Mike Giuffrida at cosswain, Steve Linfante, Bob Charles, John Apicella and Mark Walden. The crew has lost just one race the entire season, that to Msgr. Bonner of Philadelphia, a perennial powerhouse, two weeks ago in the Flicks. The senior four boys' boat is comprised of Ricky Albanese, Rich Antolini, Vinnie D'Agostino and Andrew Colanino. Two weekends ago, they gave Kearny, the defending National Champions, a tough race before falling in the waning moments. "That boat is rowing against some huge competition," said Giuffrida. "They're dong quite well. I might add, We gave the defending champions a tough race."

In Giuffrida's 20 versor of coaching the sport, he has never seen the competition so stiff. The challenge will reach its peak this weekend. For starters, it's the Goodwill Regatta, held at the Passaic River, and

featuring boathouse rivals Nutley and Kearny. The Goodwill always attracts a large following and is a race that all three schools battle very hard for, Kearny will be a tough entry, as will Nutley, who always prepares hard for the race.

After the Goodwill, the Bucs next stop is Philadelphia and the City Cham-

pionships on May 5. The Bucs will battle some of the best crew s on the East Coast in that event. The City Championships will be new to the Buccaneers and Giuffrida expects the competition to be solid.

It gets tougher the following weekend with the Mid-Hudson Regatta at Poughkeepsie, and on May 19, the Stotesbury Regatta at Philadelphia, the final tuneup for the National Championships which will be held the final weekend in May.

If you're a fan of crew, then the next month will be your time of year. The excitement will be at an all-time high and the competition, tough to say the least. When it all comes to an end on that final weekend in May, Sam Giuffrida and Company will

ded that Belleville pride to their fine tradition.

The NBA playoffs are winding down with the excitement and drama beginning to peak. In the Eastern Conference, whoever expected the Nets to give Philly the run to the wire? At press time, New Jersey was leading the playoffs, 2-1, and needed to win Tuesday night's game at the Meadowlands. Should they lose that game, then the final game is back at Philly and how many times do the Sixers lose three straight on their home court?

Boston should dispose of Washington and Milwaukee the same with Atlanta. The Knicks and Detroit have developed a strong rivalry and as long as Bernard King keeps on scoring like he is, the Knicks should win.

should win.

Predictions in the East: Boston in tour over Washington, the Nets in four over Philly, Milwaukee in four over Atlanta and the Knicks in five over Detroit. In the Western Conference, L.A. won its joke series over Kansas City in a sweep and Denver is nearing a victory over Utah. Seattle seems to be in gear and Phoenix appears to be nearing an unset of Portland. The prediction in the West: L.A., Denver, Seattle and Portland to upend Phoenix and advance. It doesn't really matter, however, because there is no team strong enough to beat Los Angeles in the West. The Lakers' only concern is who they will play for the finals and the answer should come from Bean Town, where the Celtics appear to be the best in the East, It would be the first time since 1969 that Boston and L.A.

played for the finals, renewing a super rivalry.

The Belleville High School athlete of the week is Tracy Buono of the softball team. Buono is having a fine season for the girls, leading them to a 6-1 record at press time. She has set virtually every hitting record at BHS and will go down as one of the best athletes ever at Belleville High.

Here is the answer to last week's quiz. The question was, what do John Denny, Steve Carlton, Jerry Reuss and Mike Torze have in common. The answer: All four pitchers begain their major jeague careers with the St. Louis Cardinals. Carlton was traded by the Birds in 1972 for Rick Wise, Reuss was sent to Pittsburgh in 1972 for Dave Giusti, Torrez went to Montreal and Denny was traded to Cleveland for Bobby Bonds in 1980. Not a very good track record for a team that needs good pitching.

For this week's quiz, when the Yankees won a divisional title in 1976, it marked the end of a long dry spell in Yankee baseball. The last time the Yanks won a pennant was in 1964 when they captured the American League Crown and lost the Series to St. Louis in seven games. Can you name the Yankees' starting infield for the 1976 championship team? Also, in the Yankees' five-game victory over Kansas City in the American League Championship series, name the pitcher that Chris Chambliss hit the series' winning homer off of and the Royal second baseman that year.

"Many of the teams in Essex County are in the same situation we are." said Collucci. "They are rebuilding and we're managing to win some matches. It's good for the kids' confidence, but they are always looking to improve their game."

Greg Simone was the leader for Belleville against Eastside. The iunior posted a 41 over nine holes, with senior Jimmy Apple finishing with a 42. "Greg (Simone) is doing pretty good." said Collucci. "Jimmy will have his scores under 40 pretty soon. A put here, a chip there and the scores can be lower. When the weather gets warmer, the kids should be playing better."

Collucci noted that the strong golf teams this year are coming from Morris and Union counties. In Essex County, where West Essex, Bloomfield, Nutley, Verona and Caldwell usually dominate, many teams are starting with younger players and will need time before they can challenge the state's best. The county is wide open this year and with Belleville playing hard and showing the desire to improve, anything can happen in this crazy season on the links.

Teaneck and Nutley Pass Struggling Track Squad

The Belleville boys' track team ran into a buzzsaw last week and dropped two matches to some fine squares. Overall, the Bucs' record dropped to 0.5 with the setbacks and head coach John Tosato is hoping his team can break the ice this week. On Tuesday, the Bucs were in Montvale to battle St. Joseph's, this afternoon they host Mountain starting at 4 p.m. On Monday, the Bucs host Passaic starting at 4 p.m. and Tuesday, will be at Columbia High School for the Essex County Relaws. Both races were marred by rain and cold winds and the weather forced the cancellation of the long jump, triple jump and pole vaulting events in the Teaneck race.

Versus Teaneck, the Bues were up against one of the best teams in the NNJIL. Freshman Craig Burden continued his strong performance this spring with a second place showing in the mile (5:11) and third place finish in the two mile (11:20).

Junior Bob Hutchinson captured second in the two mile in a time of 11:16. Senior Tim Daudelin was third in the shot put (37-4"). Mike Siletti placed third in the low hurdles (65.9) and Keith Clark was third in the 800 meters (2:32).

Versus Nutley, the Bues saw a number of runners post their best times ever, but it wasn't enough to stop the Maroon Raiders from posting another track victory at the expense of Belleville. Burden was spectacular for the Bues, winning the mile run in a time of 4:51 and coming back to take second in the two mile

at 10:55. Junior Billy Huamani was third in the mile run, coming through at 5:06. In the two mile, Bob Huatchinson was third in a time of 10:58. For Hutchinson, Burden and Huamani, their times were the best of their careers.

Siletti was second in the low hurdles in a time of 62.6, just missing the school record of 62.5 set by Brian Allum. Daudelin continued to impress in the weight events, taking second lace in the discus (1083") and shot put (377½"). Felix Rodriguez came intrough with his best jump in the pole vault (9 feet). Rodriguez herformance earned him a second place for the Nutley meet.

"Felix is clearing 10 feet easy in practice now," said Tosato. "He should be able to score a lot of points in the pole vault."

Ozzie Stefanon was second in the triple jump (363½") and third in the high hurdles (18.5). J.R. Di Vincenzo Huatchinson, Burdenzo in the log met 10.5 set by light hurdles (18.5). J.R. "This fee is clearly excessive," said the attorney who alleged the resolution actually creates a tax in violation of state law.

Rosenbaum also noted that Govel questions the fairness of forcing developers to pay an application fee for every unit in a conversion project when not every unit may be turned into a condo because of the protected denancy regulations.

The resolution further violates state law, the complaint charges, in the provision that "Administrative costs may be assessed by the Protective Tenancy Appeal Board, including legal fees, on a case by case basis."

Joseph Dasaro Issues Proposal For Mobile Town Hall Office

Continuing his campaign theme of "Now You Have A Choice," commission candidate Joe Dasaro, owner of Belleville Travel Service, announced if he is successful in his bid for election he would like to see if it is feasible, possibly on a one-year trial basis, to put "Town Hall on Town Hall for the schedule meeting Wheels" in the form of a mobile trailer. The trailer would be moved to different sections of the township in order for concerned citizens and taxpayers of Belleville to voice their voice their voice their voice heard. Questions should be to scheduling of regular town meetings or the inability of citizens to get to different sections of the township in order for concerned citizens and trailer as a mobile office or concerned citizens and the proposing is to cations posted and advertised in opinions and have their questions answered in a more convenient and informative fashion.
