Perpetual Trophy Winners — Members of Cub Scout Pack 310 were winners of the Perpetual Trophy, which is awarded to the relay race champs at the annual Cub Scout Olympics. Pictured here are, (first row, l-r): Steven DePaul, Peter Taibi and Troy Taibi. In the second row are: Jerry Mahoney, Steve Vogel, John Matarazzo, Wayne Fahmie and Raju Gadjok. In the third row are: Nicholas Petti, principal of School 10, who accepted the trophy and Jerry Mahoney, the cub master.

Cub Scouts Hold Olympics

Belleville Cub Scouts got the chance to test their athletic abilities against each other at the 11th annual Cub Olympics, held Saturday, June 16 at the high school stadium.

In perfect weather, 48 boys, divided into three age groups (8-10 years old), competed in six separate events: 50-yard dash, obstacle course, softball throw, long jump, shot put and javelin throw. The top three finishers in each event, in each age group, received ribbons and were assessed points to determine an overall winner, with the top three overall finishers receiving trophies.

Nine-year-old Peter Taibi, from Pack 310, emerged overall champion with a total of 15 points. Taibi came out on top by finishing first in his division in the javelin throw, second in the 50-yard dash,

long jump and softball throw, and third in the obstacle course.

Tied for second were 8-year-olds Jason Ventola (Pack 301) and Michael Morgan (Pack 305). Ventola placed first in his division in the javelin throw and shot put, while Morgan emerged victorious in the softball toss and obstacle course. Ten-year-old Eugene O'Brien (Pack 305) finished third with 13 points, winning the javelin throw and shot put events in his division.

Other winners were: (10-year-olds) Steven Vogel, long jump and 50-yard dash; Raju Gadjok, softball throw; Jerry Mahoney, obstacle course (all are from Pack 310); (9-year-olds) Joshua Cardinale (Pack 307), 50-yard dash and obstacle

Public Invited to Respond On Avenue Blight Project

By Linda Telesco

Before approving major surgery to revitalize Washington Avenue, the Belleville Planning Board recommends a course of self-healing with home-grown remedies.

Planners are presently studying the possibility of declaring official blight along all or part of the southern portion of the Avenue reaching from the Newark line to Joramion Street and from the railroad on the east side to properties fronting on the Avenue on the west side.

That section was designated for study and possible revitalization by the Belleville Redevelopment Agency, a body established for the purpose of dealing with the township's ailing areas.

Legal procedure requires that the planners study the BRDA's recommendation to declare blight on a selected area. The determination of the Planning Board then must be approved by the Board of Commissioners before any action can be taken.

According to officials of the BRDA, declaring blight would enable the agency to acquire devastated properties, demolish them, and resell it to private developers.

The agency noted, though, that people who are in blighted sections may be forced to relocate, a possibility hotly protested by business owners, homeowners, and tenants during a public hearing on the issue last May.

While nobody denies the Avenue is ailing, many feel the cure does not have to be so drastic and the Planning Board is seeking alternatives.

Board Chairman Joseph Doyle invites all residents, merchants, and businesses in the affected area to put their comments on the blight matter in writing and mail them to the board.

Doyle said the board particularly asks for answers to the following questions: Are you in favor of Washington Avenue redevelopment? Do you see a declaration of blight as increasing or decreasing the value of your property or business? Why? Do

you plan to remain in Belleville if Washington Avenue is redeveloped? If it is not redeveloped? If your property is declared blighted, will you take steps to improve your property under the various conditions listed in question 3?

Comments may be mailed to: Belleville Planning Board at Town Hall, 323 Washington Ave., Belleville, N.J. 07009.

More militant on the matter of self-help, Planner Jack Hudson last week called for grassroots redevelopment.

"People have money invested in

their properties, they don't want to be told they have to move or relocate their businesses," he said in a recent interview.

Hudson suggested that rather than call in hordes of redevelopment "experts," the township put its own people to work.

"I want the Belleville code inspector, the fire department, and the health department to get the addresses of rundown properties, perform inspections, and notify the owners of what can be done to make the property habitable."

Town Fireworks Show Highlighting July 4th

As many flock to the shore to escape the heat and chaos of city life at holiday time, many other Bellevillites will stay home to experience the traditional ceremonies of the Independence Day celebration here in town.

To begin the festivities on Wednesday, July 4, the Recreation Department will hold its annual field day for youngsters ages 6-14 at the Municipal Stadium, starting at 10 a.m.

The events, which will be open to all young Belleville residents, will be divided into three age categories. There is a junior division for 6-8-year-olds, an intermediate division for 9-11-year-olds, and a senior division for the 12-14-year-olds.

Events will include the 50- and 100-yard dashes, an agility race, a three-legged race, sack races, a girls' relay race and a boys' tug-of-war.

All activities will be supervised by the members of the Belleville Recreation playground staff under the direction of Superintendent Dennis Buckley. Trophies will be awarded to the winners and all will share in slices of watermelon.

On Wednesday night, a spec-

tacular fireworks display will be presented at the stadium starting at sundown. The rain date for the field day activities will be Thursday, July 5. In all it promises to be an exciting holiday and Bellevillites young and old are invited to share in the splendor of our country's historic day.

Grace Church Changes Hours During July

The Grace Baptist Church will hold its combined worship and Sunday school services during the month of July at 10 a.m. instead of 11 a.m.

Rev. Robert Paul, pastor of the church has announced that his subjects for the month of July will be as follows: Stand Fast: In the Liberty, July 1; Heaven — Is It Real Or A Myth, July 8; The Mystery of the Gospel, July 15; The Mystery of the Godliness, July 22; and The Mystery of Iniquity, July 29.

The pastor and the members of the Grace Baptist Church invite the public to all of these services.

Belleville-Nutley Football Game Is Moved to Thanksgiving Day

The Buccaneers' biggest football game of the year traditionally has been with cross-town Nutley, and this fall, that contest will be played on Thanksgiving Day.

"The Board of Education had nothing to do with the scheduling of the Belleville-Nutley game on Thanksgiving Day," said board President Grace Purdue, "but I am extremely pleased to see it. The two communities have had a major football rivalry for years and it is nice to see the game fall on Thanksgiving."

The Northern New Jersey Interscholastic League — which both schools belong to — made up the schedule, which also calls for games against state powerhouses Bergen Catholic and Don Bosco. Eliminated from the schedule this season will be Kearny, the traditional Thanksgiving Day rival.

"We have enjoyed our series against Kearny," said Superintendent of Schools Michael Nardiello. "But since they are no longer in our

league and we need an opponent, the league officials scheduled us with Nutley for Thanksgiving Day. I think it was a good choice and will become an excellent series."

There has been much talk in recent years to changing the annual Belleville-Nutley game to Thanksgiving Day, but school officials believe that the Thanksgiving game draws a good crowd no matter which team is the opponent. The Belleville-Nutley contest also draws one of the largest gates of the season and the controversy arises because scheduling the Belleville-Nutley game on Thanksgiving could leave both schools with only one truly large crowd pleaser of the season.

"I would have preferred to see the game remain during the regular season schedule instead of being moved to Thanksgiving Day," said James Silvestri, Belleville High School athletic director. "Each year we get a large crowd for the Nutley game and a large game for

Thanksgiving. What we have done is combine the two into one. You will get a large crowd to show up when we play Nutley whether it is in the beginning, middle or end of the season."

The 1984 football schedule also includes two new schools, Don Bosco and Bergen Catholic. Don Bosco won its division state title last year, while Bergen Catholic has always fielded a strong football squad.

The football schedule for the 1984 season is as follows: Don Bosco, Sept. 22, away; Bergen Catholic, Sept. 29, home; Paterson Eastside, Oct. 6, away; Bloomfield, Oct. 13, home; Passaic, Oct. 20, home; Clifton, Oct. 27, away; Paterson Kennedy, Nov. 3, away; Montclair, Nov. 10, home; and Nutley, Nov. 22, home. All games start at 1:30 p.m., with the exception of the Bergen Catholic contest which is a 7:30 p.m. start and the Thanksgiving Day game, which begins at 11 a.m.

What a great tan! Maybe not so great after all. Dr. Joseph Eastern, noted dermatologist, gives some useful advice on skin care:

- A tan is actually your skin trying to defend itself. Your skin knows the sun is harmful and forms an extra pigment to screen out as much sun as possible. When you get too much sun, the defense fails and you burn. Too much sun year after year will cause wrinkles, "age spots" and even skin cancer.

- Some women's perfumes or men's aftershave cause a rash when exposed to the sun. If you're getting a streaky rash on the sides of your neck, behind the ears, or in the beard area and you can't figure out what's causing it, try changing colognes.
- Many medicines that normally have no side effects can cause you to develop a rash when you go out in the sun. Such "photodermatitis" is quite common. Check with your doctor.

The Belleville Dermatology Center, 50 Newark Ave., under the direction of Dr. Eastern, is dedicated to providing treatment and surgery for skin diseases of all types.

DePiro Realtors Add James Regan To Staff

Ron DePiro, president of DePiro Realtors, has announced the addition of James P. Regan of Belleville to the staff as a realtor-associate.

"Jim will be a great addition to our active staff," DePiro said. "He is active in the American Legion Post 102, Cub Pack 350, Boy Scout Troop 1 and this activity shows his concern for the community he lives in."

Married and the father of five, Regan and his wife Kathy live on Union Avenue in Belleville. He spent four years in the U.S. Navy Sea Bees, worked at Blue Cross and Blue Shield as an assistant manager in charge of building and facilities and is presently the principal owner of Shamrock Parking Systems, Inc.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mr. W. of Montclair writes: I am a senior citizen and have about half of my teeth left. Should I get them all pulled and have plates made?

Mr. W., if your remaining teeth are still firm please do not have them extracted. You'll be more comfortable with having several teeth replaced rather than all of them replaced.

Also there is a period of adjustment to new dentures which can be from a couple of months to several months. When you have some of your own teeth present this period of adjustment to new teeth is much shorter. However Mr. W. if your own teeth are loose and causing you discomfort then it may be wise to have them removed and dentures inserted. Please talk over your problem with a dentist and understand both alternatives completely. Thank you.

Clara Maass Hospital Nursing Student Brightens School Halls With Paintings

By Nancy Harper

Norma Collis, a second-year student at the Clara Maass Medical Center School of Nursing, is brightening the school halls in more than one way. Although this career-minded student is studying to become a registered professional

nurse, she has also managed to cultivate and develop her special interest in art and painting. Once this hidden talent was discovered by her fellow students and school administrators, Miss Collis was asked if she would consider painting a few scenes for the school's newly

decorated living room.

"It was a compliment to be asked for my paintings," said Miss Collis, "and I feel honored to donate these watercolors, which I understand will be hung throughout the school. It's a great way to keep up with my hobby."

Besides her painting, there are other special qualities which Miss Collis brings with her to the school. One thing is her educational background.

A graduate of Immaculate Conception High School, Montclair, Miss Collis received a bachelor of arts degree from Central Connecticut State College, New Britain, Connecticut, and then went on to earn her master's degree at New York University in occupational safety and health before entering the nursing education program at Clara Maass Medical Center.

"I was disenchanted with the business world, but I always had an interest in science and medicine," Miss Collis said. "After careful consideration, I decided nursing was for me."

Her extensive educational

background has also helped her in her new career.

"At first I wasn't sure if I would feel comfortable since I thought most of the students are right out of high school, but I found that many of my classmates had also gone to college and some had been working and were also dissatisfied with their own careers," she said. "But it was the outstanding group of faculty members that really made the transition easy. They are used to working with students of all age ranges and backgrounds on a one to one basis. There is a real air of professionalism."

Miss Collis graduates from the Clara Maass School of Nursing this June and looks forward to her new career as a registered professional nurse. Although she is leaving the school as a student, her paintings will continue to brighten the halls, and her charisma and dedication will not be forgotten.

Anyone interested in applying to this nationally accredited program should call the school of nursing at 450-2250.

A Painting Nurse — Grace Lee (l), instructor at the Clara Maass Medical Center School of Nursing, admires the paintings of Norma Collis, senior nursing student. Miss Collis' paintings will be hung throughout the school.

Citizens Aid Police In Making Arrests

The Belleville Police Department has credited alert citizens for the apprehension of burglars in two separate cases last week.

On Tuesday, June 6 at 3:15 p.m., police were called by a neighbor in the area of New Street just north of Joralemon Street. The neighbor had observed a man in the backyard of the house next to him. The neighbor determined that this man did not belong in the area. After observing him for several more minutes, he saw this man enter the rear porch. At this time he quickly notified the police and they responded in a matter of minutes. The officers, upon searching the house, discovered the suspect in one of the rooms and immediately arrested him.

In the second incident, which took place on Lake Street, Friday, June 8, a woman observed two Puerto Rican males in the hallway of a two-family house. She questioned the two males as they were leaving the building, but then quickly realized that they were up to something. As they left the immediate area, she then called police headquarters of these suspicious males. She gave an excellent description and police officers stopped these same two men on Honiss Street just minutes after the call was placed. Detectives arrived and checked an apartment at Lake Street and determined that a burglary had taken place in one of the apartments there. The woman and several other neighbors positively identified the two Puerto Rican males as the ones coming out of the house on Lake

Street. The two males were arrested and brought to police headquarters.

These citizens should be commended for their keen sense of awareness and concern for their neighbors' property. The burglary rate in the Township of Belleville dropped an astounding 33 percent in 1983. In 1984 so far, burglaries have decreased an average of five per month. Police Chief George Lister credits this decline to the residents of Belleville being more alert to the commissions of a crime and less hesitant to contact the police. He also urges more citizens to get involved in reporting suspicious activities in their neighborhoods and to also assist our fine police department in anyway possible.

Antacids are commonly used to fight off indigestion. When compounds such as aluminum hydroxide are overused, however, nutrients in the body can be depleted. Antacids combine with phosphates in the digestive tract, blocking the absorption of phosphorus, and important mineral that makes up part of the bone structure. Occasional use probably does no harm, but when antacids are taken frequently, problems can arise. The best way to avoid nutritional deficiencies brought on by antacids is simply to avoid overuse. If antacids have been prescribed and are being used on a regular basis, ask your doctor about taking a regular phosphorus supplement.

When your doctor gives you a prescription, we'll provide you with prompt service at **ROSSMAN'S PHARMACY**, 338 Washington Ave. 759-1956, 759-1968. Congressman Joe Minish

The time is soon coming when we must say good-bye to one of this community's dearest friends and benefactors, Congressman Joseph Minish.

As a result of a federal court ruling, triggered by a Republican Party appeal, the congressional district lines of Joe Minish eliminate Belleville, Nutley and Bloomfield, among other communities, from his congressional district.

Under the new plan, one-half of Belleville will be represented by Congressman Peter W. Rodino, and the other half by Congressman Bob Roe. Nutley and Bloomfield will also be represented by Bob Roe.

Joe Minish is a son of an immigrant who migrated to the United States and worked the Pennsylvania mines. So it was in the humble surroundings of a miner's home in the depressed mine area of Pennsylvania that Joe Minish spent his childhood. In Joe, what you see and here is what you get.

For almost all of his 22 years, Joe Minish has represented us in the Congress of the United States. Nowhere in the United States is there a more dedicated, more compassionate, more able Congressman than Joe Minish. His record shows he has been loyal to his oath of office. His record demonstrates a compassionate, tender, loving care for the needs of his constituents.

Joe Minish is more than a Congressman to the people of the district — he is our friend. He has never walked away from

a cause in which he believed, and has never walked away from a friend in need.

Over the years we have had the privilege of personal relationships with many members of the U.S. Congress. None was more faithful — none was more inspiring — none was a better friend than Joe Minish.

Since the news that the congressional district line change eliminated Minish from our community, hundreds of constituents have spoken in sadness over the pending departure of Joe Minish. It is almost a cause for crying, for in the process of learning to know Minish, it was inevitable that affection would follow the experience.

And so, it is with deep affection and pride that we say good-bye to Joe Minish as our Congressional Representative. We who knew — and know — the quality of his public service should join in the effort to see to it that Congressman Minish continues to be a member of Congress by reaching out to our friends in the communities that make up his new district, asking them to support and vote for Joe Minish, the humanitarian.

Peter Shapiro's Salary

Essex County Executive Peter Shapiro receives an annual salary of \$60,000 to run the business of New Jersey's largest county.

Last week, the Essex County Board of Freeholders, by a 7-2 vote, introduced a salary ordinance which, among other things, provides for a \$10,000 annual raise for Shapiro.

We believe the responsibilities of his office certainly entitle Shapiro to a \$70,000 salary. There is no way to measure the savings effected by Essex County Executive Peter Shapiro. His responsibilities and performance merit the raise.

The proposed measure increases also the maximum salary from the County Counsel to \$72,850. The minimum salary under the proposed ordinance is \$45,000. There is no doubt the present County Counsel could

earn more than \$72,850 in private practice. But this can also be said for most, if not all of the members of the judiciary. An attorney who assumes the position of County Counsel or becomes a judge recognizes there is a personal financial sacrifice that goes with the turf. The Shapiro raise is meritorious. The County Counsel salary should be less than the County Executive.

Recreation Softball Team Receives Parents' Praise

To the editor:

This letter is written on behalf of the parents of the Clippers Pee Wee Softball team (girls' league). We congratulate our girls for being number one in their division. The team did an excellent job (11-1) this season. The girls played in the heat and the rain and enjoyed each game. Their opponents (the Aces, Bears, Expos, Bombers and

Pirates) are also to be commended. Each team had the spirit of the game — win or lose. The athletes of today should take a lesson from these children.

We would like to thank especially coach Chris Kurzawa and co-coach Nelly Gonzalez. These young women gave their time to coach the Clippers and did an excellent job. They are both 1984 Belleville High School graduates. We wish them well in all their future pursuits.

Our thanks also go to Mr. and Mrs. Galloway — our umpire and scorekeeper for the games. They gave their time and expertise to our children (and rewards for a job well done).

We would all like to see a little more public recognition given to Belleville's children in their various school and town activities. How about a lot more coverage from The Belleville Times? Our children work hard to achieve their goals. We all know that victory is that much sweeter if others share it with us.

Once again, "nice going Clippers," champs in 1984.

Very truly yours,
Mrs. Mary Spina

Planning Board Needs Help on Avenue Problem

To the editor:

As you know, the Planning Board, through the recommendations of the Redevelopment Agency, is considering recommending to the Commissioners, whether Washington Avenue, from Mill Street to Joramelen Street, be declared a blighted area or not. This action, if taken, will result in Washington Avenue being torn down and redeveloped, displacing many businesses and residents.

We would like to let them know how the residents of Belleville feel about this, by writing letters, giving your thoughts, ideas and any constructive alternatives to this action. Remember, if given the O.K. by the

Commissioners, the Redevelopment Agency is empowered to recommend a blight of ANY part of the town, not just Washington Avenue!

We need your help! So please take a few minutes to write a letter, addressed to the attention of the Planning Board, giving your ideas and recommendations. I will make sure they are given to the Planning Board Chairman. These letters could possibly be decisive to their final decision. Please be sure to include your name and address. Thank you!

Senior Citizens Must Beware Of Reagan Administration

To the editor:

The latest news from Washington is about a critical debate over the entire future of Medicare, a move in Congress to slash Medicare benefits.

Unless you and I act immediately, the future of the nation's most important health program will be dictated by the Republicans, intent on balancing the record high budget deficit on the backs of the millions of older American citizens.

It's crucial that our citizens should realize the options not talked about, seeking to cut programs for low-income citizens even more after the November elections.

The Republican Party is planning to spend \$25 million to sell the President's program to the public in his re-election television spots. Beware!

In just three years of the Republicans' control, senior citizens have lost nearly \$20 billion in health care assistance, and will lose \$70 billion more in Social Security benefits over the next decade and now the President's

commission proposes even higher deductibles and premiums for seniors' health care proposals, could force seniors to pay as much as 90 percent more for an average hospital stay.

They slash funds for child immunization, while at the same time, promote tobacco subsidies. They cut school lunches and demand school prayers, just to get Catholic votes. They've cut millions of dollars set aside by previous Democratic administrations for cleaning up toxic waste and acid rain and passed billions in tax cuts for corporations responsible for creating these hazards.

The Democratic House voted in 1983 to put a \$720 cap on the unfair Reagan-Kemp-Roth tax cut for the rich, but it was defeated by the rich Republicans in the Senate naturally! They voted for Reaganomics and against this important measure of tax justice for average citizens. That is how they operate.

Sincerely,
Stella Draghi

Through the Lord's Help This Nation Can be Saved

To the editor:

Wake up America is my subject today. Complacency should be forgotten as it is apparent to the writer that unless our government leaders make an about face and the American public accepts the true facts of the times, we the champion of liberty as a nation, will disappear and end up infinitesimal, if not eliminated.

I should like to bring to you a historical fact, as in the year of 1788 when Edward Gibbon, a noted historian, completed his work, The Decline and Fall of the Roman Empire, in which he listed five reasons for that fall.

1) The rapid increase of divorce: the undermining of the dignity and sanctity of the home, which is the basis of human society.

2) Higher and higher taxes and the spending of public money for free bread

and circuses for the populace.

3) The mad race for pleasure; sports becoming every year more exciting and more brutal.

4) The building of gigantic armaments when the real enemy was within, the decadence of the people.

5) The decay of religion-faith fading into mere form, losing touch with life and becoming impotent to guide the people.

It is now that we must all act to save a great nation. Asking the Lord for his help and blessings, giving thanks for his love and understanding.

Let me again quote: Science has made war more horrible — Greed has made peace more remote. Only through God's goodness may peace prevail.

Sincerely,
Philip W. Bell

Steve Aduabato Opposes Flooding Plan

To the editor:

I want to make a brief statement regarding flood control of planning and its impact on some of the communities in my district. While my thoughts are generated by concerns for my district, I believe they apply equally to other areas which may be affected by Passaic River flooding.

Specifically, I want to urge the state Department of Environmental Protection to extend the current planning process aimed at arriving at a flood control design for the Passaic River. This would involve delaying the deadline for community input for approximately six months. I believe very deeply that this extension is crucial for a number of reasons.

Most important is that any flood control project for the Passaic River will be an enormous technical and financial undertaking. Thus far, for example, the United States Army Corps of Engineers has already devoted six years and \$15 million to coming up with a flood control plan. This plan, if implemented, will cost in the area of a billion dollars. Clearly, we are not talking about a decision to build a new traffic light or a stop sign. These, too, are important decisions, and often involve more community and citizen input than has gone into this flood control problem.

The plan developed by the Army Corps of Engineers has been presented to the people of this region, and the DEP is asking local communities for a quick vote of approval. The state gave us six weeks to decide, but only two weeks to review all the relevant material. And the relevant material, I might add, is enormous. Two weeks is just not enough time, especially since most communities may not have access to the technical expertise needed to make a sound decision.

To put it quite simply, we need more time. Recent flooding has created a crisis atmosphere, but this crisis should not force us into a hasty and ill-considered decision.

The citizens of my district are worried about this project. They are worried about flooding, but they are also worried about the implications of the state's proposed plan. They are worried about the lack of emergency planning. They are worried about the impact of this project on the lower Passaic region. They are worried. They need more time. For the sake of a sound and effective flood control plan, we all need more time.

course; Stanley Saja (Pack 377), long jump; Brian Davis (Pack 304), softball throw and shot put; (8-year-olds) Robert Cetrulo (Pack 305), 50-yard dash; and Michael Mechler (Pack 307), long jump.

The competition concluded with a relay race for the perpetual trophy. The only team event in the competition, featuring three 100-yard dashes with baton pass run against the clock, was won by Pack 310, led by Cubmaster Jerry Mahoney. His team of Peter and Troy Taibi and Steven Vogel easily defeated Pack 305 with a finishing time of 49.25 seconds. Pack 310 gets to keep the Perpetual Trophy until next year's olympics.

Olympics Chairman Stan Saja considered the event a great success. Saja, addressing the boys before the awards ceremony, praised them for a "good" turnout, and for "working very hard." This year's olympics were sponsored by the Belleville Knights of Columbus.

Letter Policy

The Times continues to receive letters on a variety of topics which unfortunately, may never find their way onto our editorial page. That is because they are unsigned.

As a matter of policy, The Times accepts only signed letters. "Signatures" such as "A Concerned Citizen" or "A Worried Parent" will not do. Only names will suffice. However, we will withhold names from publication upon request.

Golden Comments

By James Golden

U.S. Senator Richard G. Lugar, a Republican from Indiana whose term ends in 1989, is chairman of a fund-raising move to retain the Republican majority in the United States Senate. He writes, "...he (President Reagan) told me how very worried he was about the outcome of the 33 Senate races that will be gearing up very soon."

Of course, Mr. Reagan is very much worried since it has been the Republican Senate majority which has given him almost everything he asked for and helped to block the measures he opposed.

With Senate Majority Leader Howard Baker leaving the Senate next year, what better way to attract favorable attention as the leader of the GOP in the next session of the Senate than to fill the coffers of the National Republican Senatorial Committee in a drive to elect those he hopes will do the bidding of the White House should Mr. Reagan be re-elected President.

Now! To get to the U.S. Senate, you have to be rather clever and polished and Senator Lugar seems to be a pretty "sharp cookie." He and Senator Baker realize that there are several levels of strata among our society in relation to wealth. Taking this in mind, they set up applications to participate by contributing in differing amounts.

With polish and class, they call upon the "small fry" Republican to contribute \$33. Why? Because that's just \$1 for each Senate seat up for election, but, oh boy, for the big boys it's a different story. They're the "money bags." They are invited to contribute \$1,000 for membership in the Republican Senatorial Inner Circle or \$2,000 to include your spouse for 1984 membership in this exclusive organization.

Inner Circle members must be nominated for membership by a past or present Republican member of the United States Senate and must contribute annual dues of \$1,000. The Republican Senatorial Inner Circle is dedicated to working for continuing Republican members of the Senate, as well as the election of new Republican members. The committee channels millions of dollars into Republican Senate campaigns via direct financial aid and professional assistance. All Inner Circle funds are escrowed to go directly to Republican Senatorial incumbents and candidates.

Despite all of its ballyhooed exclusivity, the recipient nominees invited to join by sending in their \$1,000 or \$2,000 check is advised they may "fill in the names of the individuals you are recommending for membership on the reverse side of this card. A full package of information regarding all the benefits of Inner Circle membership will be forwarded to them upon acceptance in the Inner Circle.

Smacks of being a clever device designed to entice affluent contributors to "shell out" their shekels in a massive money drive to re-elect Mr. Reagan President and perpetuate a Republican controlled United States Senate by subtle blandishment and cajolery. They'd be "suckers" to be "taken in" by such a ploy, unless, of course, they're the rich Republican "fat cats" who have "cleaned up" under Reagan Administration policies or taking good care of the rich at the expense of senior citizens who are faced with staggering Part B Medicare cost increases proposed by the Administration.

This proposal would nearly triple the premium by 1990 from \$146 in 1983 to \$492 in 1990, adding \$1900 to out-of-pocket costs for a single Part B enrollee and \$3800 to out-of-pocket costs for a couple between 1985 and 1990.

Although the Part B premium now represents only 25 percent of government expenditures for Part B, beneficiaries actually pay over 60 percent of physicians' charges under Part B due to additional out-of-pocket payments associated with required Part B deductibles and coinsurance and charge reductions for unassigned claims.

Under the current law, the Part B deductible equals \$75 and the Administration wants hikes annually. The Health Care Financing Administration estimates that the deductible would be \$80 in 1985, a \$5 increase, and rise yearly thereafter.

The legacy that President Franklin D. Roosevelt left the senior citizens of this nation is being emasculated and destroyed by the policies of President Reagan and the Republican Party...they don't deserve a damn cent.

Money should be contributed to drive them out of office.

Scholarship Winner — Susan Ann Greco (r) of Belleville, was recently awarded a four-year scholarship from Suburban Cablevision. Presenting the scholarship are Kate Wood (c), chairperson of the scholarship selection committee and executive director of the Educational Consortium and Peg Smeraldo, director of community relations.

Suburban Cablevision Awards Scholarship

Susan Ann Greco, a member of the 1984 graduating class at Belleville High School, has been named a recipient of one of the four four-year scholarships awarded by Suburban Cablevision this week. Each of the scholarships is valued at \$2,000 per year, or \$8,000 for the full four years.

According to Phil Patterson, vice president and general manager of Suburban Cablevision, the company's new scholarship program will be aiding 16 students each year at the end of the initial four-year period.

The announcement of the four 1984 winners was made by Kate B. Wood, chairperson of the Suburban Cablevision Scholarship Selection Committee and executive director of the Educational Consortium for Cable. The four students, selected from over 150 applicants from 77 public and private high schools within Suburban's four-county cable

systems are: Susan Ann Greco, Belleville High School; Davette Lynne Anderson, Clifford Scott High School; Loi Van Nguyen, Summit High School; and Karen Coleman, Colonia High School. The students received formal recognition and scholarship certificates at their respective graduation ceremonies.

Speaking on behalf of the Suburban Cablevision Scholarship Selection Committee, Ms. Wood stated that the four winners were chosen from a group of nine finalists.

"It was decided by the committee to recognize the outstanding achievements and academic records of the five remaining finalists and to confer individual \$500 merit awards," said Ms. Wood.

Mr. Patterson emphasized that the Suburban Cablevision Scholarship Program will be a continuing project.

Have You Found the Real Purpose in Living?

By Rev. Robert Paul

A young man, valedictorian of his graduating class at an Ivy League college, stunned the entire student body at commencement. "I have been at this university for four years," he said. "I have studied my courses, and have done all I could. But in these four years, I have not found out what life is all about. I don't know why I am here. I don't know why I exist, and, if anybody knows, I wish you would please come and tell me."

Another young student, a college freshman, came even closer to the heart of the issue when he wrote. "There must be some purpose in living, but I haven't found it yet. All my life I thought I was possessed with a wanderlust. Now I know the trouble lies within myself. I cannot escape myself, I am restless and unhappy."

This young freshman came close to putting his finger on a very basic problem. Your problem, my problem, everybody's problem is not having a cause bigger than ourselves for which to live. We try to find purpose, meaning, fulfillment, and happiness by living for self. The thought that maybe we should be more taken up with serving God and helping others scarcely enters our minds.

Why does man have such a hard time finding purpose, meaning, and fulfillment in life? The primary reason is that he's not fulfilling the mission for which he was originally created. He or she is plagued with self-centeredness and has an enormous God — void in his life.

I don't want to oversimplify things, but man's big mistake is that he is forever trying to find happiness, not in serving his Creator, but in seeking his own happiness.

Through the redemption provided in the Lord Jesus Christ, man can be brought back into loving fellowship with his Creator again. "The just shall live by faith." (Romans 1:16, 17.)

This may sound too simple for some to believe, but it works. I know because I have tried it. Call it a paradox, but when you make the God of the Bible (Christ) your reason for living, and devote yourself to bringing about His highest pleasure, God gives Himself to us in return. And when He gives us Himself, He gives us the best there is. "My son, give me thine heart, and let thine eyes observe my ways." (Proverbs 23:26.)

Romeo P. Freda Named Fourth Degree Knight

Romeo P. Freda, a longtime resident of Belleville, was made a Fourth Degree Knight of Columbus member on May 6. He is now a Sir Knight in the Mstr. Doane General Assembly in Harrison.

He belongs to Council 835 in Belleville.

After the exemplification in Hackensack, some 30 members of his immediate family, relatives and friends attended a reception

at the Imperial Manor in Paramus where there were some 700 people. The class was over 100 Knights. Freda was sponsored by his nephew, Tony DeSant.

The Fourth Degree: Color Corps has accepted Sir Knight Freda into its ranks on May 30. The Fourth Degree is present at many church functions and patriotic events, as its founding principle is patriotism in the order.

HEALTH WISE

By Ralph J. DiMaio D.C.

Our normal daily activities put a great strain on our spines. Even when there is no great injury at any one time, a series of smaller stresses may result in a "crooked spine". The degree of crookedness varies, of course, between individuals.

A crooked spine interferes with the flow of vital nerve energy by pinching the nerves where they pass between the misaligned vertebrae. Great pain may not be experienced but tenseness and nervousness may result to an extent that prevents a normal healthy life.

Don't let a spinal misalignment rob you of good health. Call for a chiropractic examination and adjustment. Phone today.

FLORLIFT RESIDENTIAL WHEELCHAIR LIFT WITH TRAPDOOR

APPROVED BY INSURANCE CARRIERS

Time Payments Available

The FLORLIFT is one of the safest, easiest to operate, and most inexpensive methods of raising a wheelchair from floor to floor. Its fail-safe construction, maintenance-free features, and extremely low-cost make it a primary installation necessity in new and remodeled residences where a wheelchair must be used.

● FLORLIFT is designed to raise a person in a wheelchair from basement to 1st or 2nd floor.
● FLORLIFT can travel from first floor to basement, or to second floor at 15 feet per min.
● FLORLIFT is custom-built to fit your specific and individual requirements.

FLORLIFTS are manufactured in various models for all residential, commercial, and industrial uses.

If you have a friend or relative that is now using a wheelchair and finds it difficult getting in and out of the house, please send this ad to them.

Junior Women Forming Make-A-Wish Chapter

Concerned residents of Belleville, Nutley and Bloomfield are invited to attend an organizational meeting to form the second sub-chapter in New Jersey of Make-A-Wish Foundation of America.

Make-A-Wish, headquartered in Phoenix, Arizona, helps children who are terminally ill to make their wishes or dreams a reality. This event is sponsored by the GFWC Junior Woman's Club of Belleville.

The meeting will be held at 85 Rosmore Place, Thursday, June 28 at 8 p.m. The general public is urged to attend.

The Belleville Juniors hope that many individuals will volunteer their time to help in some way to ease the anguish and brighten the lives of those whose time is so short. For more information, call 751-4173.

Belleville Times SPORTS

Recreation Soccer Enjoys Good Year

Division I

Coached by Randall Lorig, the team had a great year, going undefeated with a record 9-0-1, leading the league with 19 points and sending two players to the mid-New Jersey select team. Carlos Kingalaha and Jaime Jerez will be representing Belleville on the select team which will play competitively against teams from surrounding states. They may also travel to Europe, on tour.

Lorig clearly states that he only loses four players to age next year and should repeat as division champions. The highlight of the year was on May 28 when the team played the Seccion de Pan America, the best players of Pan American nations, and even in defeat, 8-0, the thrill playing international stars of the same age group gave the team confidence and maturity.

Division II

Coached by Jose Chafar, the squad finished third in this division but was in the race for first place to the last weekend of the season. The team played Hub Star of Denville who had a two-point advantage but had to play Belleville twice because of a rainout. Belleville was defeated, 1-0, but Chafar comments, "We fielded the best teams we could and the kids played hard and practiced hard. That's all I asked of them because I knew with hard work the wins would come."

Division III

Coached by Vincente Farina, the squad ended the season on a down note being defeated by Colonia, leaving the team in second place. Farina's comments, "The game didn't mean anything and our kids knew it, we just let up." He also mentioned the outstanding play of Royer Real, Scott Quilligan and Chris Kastner throughout the season.

Division V

Coached by Vincente Farina, Jr., and Steve Rallis, the squad also ended the regular season in second place. "We had no chance of catching the Millburn Meteors for first, but first or second wasn't really important," said Farina. "These

Big Week Coming Up

Braves' Bats Come Alive As Team Captures 2 of 3

The Belleville Braves finally came out of their season-long hitting slump last week, as they pounded out 28 runs in three games, capturing two of those contests.

The Braves, behind the long ball, defeated Parsippany, 14-6, and upset the defending division champs Irvington, 13-4. Against Union the boys came up against a sharp pitcher and fell, 5-1.

The Braves' record stands at 5-7 for season as they entered action this week. On Monday Sal Garilli's squad was scheduled to visit Parsippany and Thursday the team is home for a 6 p.m. start against Montclair State. Friday they travel to West Orange for a 5 p.m. game and its back home on Saturday and Sunday for two games against Parsippany. Both games start at 5 p.m.

"I am very happy with the week we had," said Garilli, who has watched his pitchers receive little in the way of run support this season, losing several one-run games. "We finally came alive at the plate and I believe it is a sign of things to come for the rest of the year."

Against Parsippany, the Braves knocked out four home runs en route to an easy 14-6 victory.

Dom Vazzano, Jim Tenstedt, Greg Weber and Bill Feehan, all contributed with the long ball to back up the pitching of Scott Wohlfab, who picked up his second victory of the season to go against one defeat.

"Scott pitched a strong game against Parsippany," said Garilli, "and it was good to see the boys hitting the ball out of the park. Scoring runs makes winning a little easier."

Against Union the Braves run into a pitcher who Garilli says will be a "top round draft selection."

Union's Jeff Kopyta limited the Braves to just two hits while striking out 13, as the Jays went on to a 5-1 victory.

"When you come up against a pitcher like Jeff, there is little you can do," said Garilli. "The kid was right on target during the game and was tough to hit. He pitched an excellent game against us."

Against southern division leader Irvington, the Braves' bats came alive again as they crushed Irvington, 13-4.

There were several hitting stars for the Braves including: Weber, two RBIs and two hits; Vazzano, three RBIs and two hits; Feehan, two RBIs and two hits; Corbals, two RBIs; and Mike Cazzulli, who also

had two RBIs.

The beneficiary of the Braves' hitting surge was Scott Lutz, who saw his record improve to 2-1.

"Scott wasn't sharp, but he hung in there for us," said Garilli. "And all those runs just made it a little easier to handle."

With a busy week on tap, Garilli feels the squad is about to come

around and perhaps make a move for its third place standing in the northern division.

"I have been getting some very good vibrations about this club in recent weeks," he said. "The hitting is coming around and the pitching has been good. At the end of the season, we will be there in the thick of things."

BHS Tennis Squad Enjoys Best Year With 9-11 Mark

It was a year of advancement and firsts for the Belleville tennis team. The Buccaneers, who defeated St. Joseph's of Montvale in their last match of the season, finished the campaign with a 9-11 record, the best ever at Belleville High School. For the first time, a Belleville tennis player was named to a post season team and a first singles man finished with a better than .500 record.

Second-year coach Len D'Armiore was more than pleased with his team's performance. The coach had been hoping for a possible .500 season, but the Bucs just missed out on that quest when Kearny dealt them a late season loss. Belleville did post victories over conference rivals St. Joseph's, Hackensack and Passaic. They also blanked Bergenfield, 5-0, and lost a number of heartbreaking 3-2 matches this spring. For the first time since the program's inception in 1977, the Buccaneers were consistently competitive. They rarely lost a match by a 4-1 or 5-0 count and the team showed exceptional confidence as the season progressed.

First singles man David Boyd concluded a fine varsity career in tremendous fashion. Boyd, who graduated third in his senior class, was 13-5 at first singles, playing some of the best competition in New Jersey. Among Boyd's victories was a big win over the first singles man from Teaneck, a player ranked

number 25 in the state. Boyd possessed a fantastic serve, showed a strong forehand and steady backhand. His game improved steadily during his four-year tenure and replacing a man of his talents will be difficult, to say the least.

Boyd will continue his tennis career in college next year. He will attend Bentley University in Massachusetts and should do very well. At season's end, he was named to the second team, NNJII Division II for his fine play.

At second singles, Herb Petrat, who shared the captain's role with Boyd, finished a 10-9 campaign. Petrat started the year slowly but came on strong the latter portion of the year to finish above .500 for the year and .500 for his four-year career. Petrat was named to the NNJII, Division II squad in an honorable mention category. He will attend NJIT in September. A top student and member of the National Honor Society, Petrat was a steady performer during his four years here.

Senior Pat Tortoriello, who teamed with senior John Hwang at first doubles, will attend Rutgers University in the fall. "Pat was the spark of the team," said D'Armiore. "He had a joke to keep everyone loose and a big heart. His play at first doubles, along with John was a big part in our success."

Hwang, who plans to attend

NJIT, combined with Tortoriello to post a 13-7 mark at first doubles. He is a high honors student, a fact that prompted D'Armiore to say, "What we lacked in experience, we made up for with our brains." The Bucs had a number of top students competing for them this spring and their all-out play is a tribute to their hard work ethic. Hwang and Tortoriello helped the Bucs to victories over Passaic and Hackensack with their wins in the late going.

Senior Ron Cha, who also will attend NJIT, played second doubles with Jeff Tyther and sometimes, Hany El-Helw. Cha posted a 5-4 record and was a valuable team member.

Tyther, a sophomore, should move up in the singles position next year. "He's a very promising player," said D'Armiore. "He has been working with the weights, has good size and will attend camp this summer. He should be a very good player next spring."

Sophomore Jim Petrat, fantastic at third singles this year, will probably inherit the number one singles spot next spring. Petrat was named the "Most Valuable Player" by his teammates this spring and next year will head a team of inexperienced but hungry players. Petrat has already been named team captain for next year. This spring, he won 13 and lost six at third singles.

Belleville Playgrounds Are Open For Summer

The Belleville Recreation Department's summer playground program began Monday, June 25.

Playground sites are located at School 8 (Clearman Field), School 9, School 10, the Municipal Stadium, the Recreation House, Fairway Park, the Friendly House and Kelly Field on William Street. The Special Education playground will be at the Belleville Little League Field beginning July 2.

The playground will be opened to all Belleville residents ages 6-7 from

9 a.m. to noon and 1-4 p.m., Monday through Friday until Aug. 17.

A college director will be on hand at each playground to organize games, parties, and other activities and an arts and crafts supervisor will travel from site to site.

Learn-to-swim classes, tennis lessons and special tournaments will be held throughout the summer. The playground season will wind up with the Recreation Department's annual carnival, proceeds from which will go to charity.

A Quick Glance at the Major League Baseball Races

Okay baseball fans, the season is rapidly nearing the all-star break and it seems a good time to look at the four divisions in the major leagues and see where our favorites are going. There have been some surprises thus far (right, Met fans?) and some disappointments as well (remember, Yankee fans?).

In the National League East, the Mets, Phillies and Chicago Cubs are the early pennant chasers. St. Louis, who is so inconsistent, Montreal and Pittsburgh are teams who were favored to do well but have been having their problems leaving the gates. The Mets might be serious contenders. The key to success is pitching and if Walt Terrell, Ron Darling, Dwight Gooden, Ed Lynch and newly acquired Bruce Beryni continue to excel, the Mets will be in the running.

The Phillies will be tough down the stretch. They feature a ball club with power (Mike Schmidt) and decent pitching. The Phils seem to get it together in the later stages of the season (remember 1983?) and if they're close in September, watch out.

The Cubs have been doing it with mirrors. They lost two top starters earlier this year to injuries, but the Cubs continue to play well. The Cubs' lack of pitching might be their downfall, but right now, the fans of Wrigley are cheering, which is something they haven't been doing much of the last 15 years.

St. Louis, which won a World Series in 1982, is a team beyond explanation. Whitey Herzog, in his haste for good

pitching, has given up the foundation of a championship infield. Last year, he traded Keith Hernandez to the Mets for Neil Allen and Rick Ownbey. This year, unhappy with the pitching, Herzog deals third baseman Ken Oberkell to Atlanta for Steve Davley. You explain it. The Cards have possibly, the best bullpen in baseball, but the hitting has lapsed and the starting pitching is suspect, to say the least.

Over in Montreal, the Expos are classic examples of underachievers. Every year, they are the world champions of paper, but can't seem to put it on the field. This year, they are laboring under .500 and don't seem to have that spark, even with Pete Rose hitting well. For Pittsburgh, the Pirates are a young team, without Mike Easler and Dave Parker, and might have problems regaining their 1983 form.

In the West, San Diego, with good pitching and a strong bullpen, leads the division and might stay there through September. The Padres, barring injuries, seem to have the best team in the West, and could finally give the starving fans in San Diego something to really cheer about. Poor San Diego, the Chargers always seem to come up close but never win. The Padres have just one winning season in 15 years of existence, and the Clippers have moved to Los Angeles for next season. Only the NASL San Diego Sockers seem to defy the San Diego jinx.

Los Angeles and Atlanta will be close at the finish. The Braves were in trouble when Bob Horner broke his wrist again, but they stole Ken Oberkell from St.

Louis and should be neck and neck with San Diego. The Braves and Dodgers both have good power, but neither team has consistent pitching, which is why San Diego should win. Cincinnati is the best of the second division NL West. The Reds win it by default because Houston is having problems with injuries and San Francisco just can't get it together, no matter how hard Frank Robinson tries.

In the American League, the East is a hotbed of excitement. Detroit got off to

BUC SHOTS

By Michael Lamberti

Sports Editor

the big start, but it'll slow down and Toronto and Baltimore should pick up ground. The Tigers have a solid ball club, they have a manager who knows how to win and should be in until the end. Toronto has the best pitching of the threesome, but their hitting might hurt them down the stretch. Baltimore still seems the best club in the East. Mike Boddicker, Storm Davis and Scott McGregg are three of the best pitchers in the major leagues. The power of Eddie Murray and Cal Ripken Jr. is tough to top. Look for a two-team race in late September between Baltimore and Detroit.

The Red Sox, with good hitting and some decent pitching, are improving. Ralph Houk seems to find a way to win and the Sox should be a spoiler for the front runners. The Yankees, they are a team that is very hard to figure. With players like Winfield, Kemp, Baylor, Mattingly and Randolph, you'd think they would be right at the top. However, the Yankee pitching is suspect and the talent doesn't seem to blend well together. Milwaukee has fallen apart after its heroics in 1982 and might finish as low as sixth. The only reason why last place is not in line for the Brewers is Cleveland has that spot reserved for them. Since 1968, the Indians have been terrible and this year is no exception.

The AL West is the usual guessing game. The California Angels, after a disastrous second half in 1983, have moved back to the top in 1984. Their pitching has improved and the hitting seems better with Gary Pettis helping. If this team stays healthy, they can win it, but the Chicago White Sox will challenge heavily in the later stages.

The Chisox, with a load of marvelous pitchers, are off to a slow start, but that was also the case last season. At the all-star break in 1983, Chicago was under .500, then rallied to finish 99-63, the best record in major league baseball. This team has the ability to break loose at any time, and when it does, it could leave the rest of the West in a shambles, just like it did last year.

Minnesota has improved somewhat and

might take third place as the rest of the west scrambles for respectability. Kansas City, with a young and inexperienced crew, is building toward the future. Watch out for the Royals, they have a good team, but 1984 will not be their year. Texas, Seattle and Oakland, you try and figure them out.

When the smoke clears, we'll predict Philadelphia to win the East again, San Diego in the West, Baltimore to take the AL East and Chicago to recapture the West over California. San Diego will defeat Philly in the playoffs and Baltimore will stop Chicago once more. It could be a battle of the two best pitching staffs in baseball when Baltimore and San Diego battle in the World Series.

Look for the final Buccaneer Honor Roll in next week's issue. It's a final tribute to the best student-athletes at BHS for the 1983-84 school year.

Here is the answer to last week's quiz. The question was, when was the last time the Boston Celtics won the NBA title on their home court. The answer: Boston last won it in 1966, defeating the Lakers.

For this week's quiz, name the Most Valuable Player of the 1979 National League baseball season. Also, name the division winners from 1979 and the teams that played in the World Series.

Finally, congratulations to Rich Ruffalo on his marvelous accomplishments at St. Louis and Long Island. He is a tribute to any athlete who feels he can do it. Ruffalo's heroics came with hours of pain and hard work. He deserves all the praise of accommodations that his friends give him.

Congratulations Class of 1984

Buying Ground Beef Is Easier at ShopRite

Our ground beef labeling program lets you know exactly what percentage of ground beef you're buying. We don't mind labeling it right on the package, because ShopRite's standards surpass even the toughest government standards. That means our ground beef is leaner. And that means extra value for you. We're so proud of our meat we'll give you **DOUBLE YOUR MONEY BACK**, if you're not satisfied. Just return the unused portion and your register receipt.
