Columbus Day Parade — Queen Debbie Golub (left) represented the Belleville Italian-American Association in the Columbus Day Parade this past Sunday. The parade, which featured many

township organizations and a wide variety of marching bands, attracted many spectators. Pictured to the right is a member of the Belleville High School Marching Band.

Transportation Group Questioned by Citizens

No Official Meeting Since Last Year; Secretary Still Paid \$1700 Annually

By Linda Telesco

For the past year, the Belleville Transportation Committee has been cruising in neutral with nobody in the driver's seat, according to recent complaints by members.

Although not officially disbanded, the 10-year-old board has not had an official meeting in over a year and two members lay the blame on the Commissioner of Public Affairs Michael Pizzi.

"We haven't had a meeting since Pizzi took office," said BTC Chairman James Golden in an interview this week.

Pizzi was elected to the five-member township commission in May 1983 and took the helm of the Public Affairs Department formerly directed by longtime commissioner Vincent Strumolo.

Dissatisfied members of the BTC have complained that during Pizzi's tenure there have been no meetings yet the BTC secretary has continued to receive her stipend for services.

"Commissioner Pizzi has never called a meeting and shows no interest in the board," said Golden.

The chairman noted that he has tried to handle any citizens' complaints about any transportation problems that arise.

When complaints come in, Golden said, he and another member, Ralph Risoli, attend to the matters and solve what problems they can.

According to Golden, the BTC used to meet once a month. The seven members gathered for discussion of Belleville's transportation needs and to compile citizens' complaints for official action.

As the main members of the BTC, Golden and Risoli attend meetings regularly of the state and Essex County transportation boards and would report back to the BTC on developments at those other sessions.

"I tried bring some problems to the attention of the commissioner, but he just doesn't seem interested," said Golden.

The lack of meetings prompted member Henry Charzewski to resign last month.

"The whole Belleville Transportation Committee is a waste," Charzewski said at the Sept. 11 commissioners' meeting.

Charging that Pizzi failed to call meetings during his tenure, Charzewski said that night announced his resignation from the panel.

Pizzi who sat silently during Charzewski's speech, offered no explanations or defenses. His only response after Charzewski public-

ly resigned was to mutter, "terrific."

Two weeks later, a citizen raised questions at the Sept. 26 township meeting about the stipend paid annually to a Public Affairs Department secretary for additional service as secretary to the BTC.

Kevin Kennedy of Hornblower Avenue asked Pizzi why Tom Merola receives \$1700 for her services to the BTC and has continued to receive the money which is allocated in the municipal budget the past year.

Pizzi only replied with remarks like "Did she?" but he offered no explanation. The commissioner was unavailable this week for comment on the situation because of medical reasons.

Risoli, who also acts as Belleville's registrar confirmed that Merola receives the money which is allocated in the municipal budget the past year.

Both Risoli and Golden commended Merola for her work in the BTC. When the panel met regularly, she attended the sessions and took minutes. Other responsibilities included maintaining files and obtaining paperwork on transportation issues.

"She still performs many services for Jim and me as we try to settle complaints ourselves," said Risoli Tuesday.

Risoli said he felt transportation problems had been handled well effectively by the two-man team even without BTC meetings. "All we really did anyway was just report back to them whatever we learned through attending state and county meetings or through investigations on complaints," Risoli said.

However, Golden felt that stronger support from the commissioner in charge would be a boon to the panel. "Strumolo did not come to every meeting, but he did attend when there was a big issue and he got involved. We were an effective board."

According to Risoli, the BTC was established during Strumolo's administration in 1974 and is comprised of seven members who were appointed by the previous commissioner.

Risoli also indicated that he approached Pizzi in past weeks and was assured the commissioner plans to appoint some new members to fill slots of those who resigned or attended sessions rarely and begin an active schedule again.

Golden stressed the importance of the BTC.

(Please see "Members" on page 4)

Group Votes for State to Pay County Program Costs

By Phil White

The New Jersey County and Municipal Government Study Commission met in Nutley Tuesday and voted unanimously to recommend formally the state relieve counties of all costs relating to the operation of the court system and public welfare.

The chairman of the Study Commission, Senate President and Nutley Commissioner Carmen Orechio, immediately predicted that the recommendations would not only find their way into legislation, but would become law.

County Executive Peter Shapiro, also a member of the N.J. Government Study Commission, estimated the savings to counties "for the courts alone" would total \$169 million.

The Tuesday session in Nutley again illustrated the success Orechio has achieved in his at-

tempt to influence state policies through his experience gained in public service on the municipal level as a member of the local Board of Commissioners.

"Our thrust has been to relieve the burden on those paying real estate taxes," Orechio said. But in the process, the N.J. Government Study Commission has developed a wide-ranging study affecting present and future projects relating to water, sewer and transportation systems.

On Tuesday, besides adopting recommendations that court and human service related costs now borne by counties be assumed by the state, Orechio's study Commission also adopted a comprehensive study relating to "The Changing Structure of New Jersey Municipal Government."

That government study was outlined in Nutley by its author, Ernest C. Reock Jr., director of

the Rutgers University Bureau of Governmental Research.

"This is the first comprehensive analysis of municipal government in New Jersey since the 1970's," Reock told the Nutley meeting.

Although the municipal study report, which was embraced by a unanimous vote of the State Commission Tuesday, makes no formal recommendations, the survey does detail how the patterns and responsibilities of municipal government are changing.

"The closest we come toward making any specific recommendation is that municipalities adopt an administrative code," Reock said.

Orechio has already drafted legislation to reassign the financial burden of the county court system to the state. A final decision on how to go about transferring the costs of "human services" including health and public welfare has not been made, although the Study Commission Tuesday did make a definite recommendation.

Shapiro convinced the group that if county costs must be transferred "in stages" to the state, the initial funding be used "to at least bring the welfare costs of (metropolitan) counties to the state average." Shapiro mentioned specifically the higher welfare payments made in Essex, Passaic and Bergen Counties.

Because court and welfare

"From this point, we can move toward ironing out the differences on this proposed agency which exist among our municipal officials, the Essex County Health Officers Association and the County Administration," said Giblin.

"With the importance of highly qualified leadership over the County Environmental Health Program, this agreement with EPA brings us an individual with over 20 years of experience with the federal government dealing with environmental issues. The agreement shows the commitment of the federal and county governments to aggressively develop together an effective county agency," said Giblin.

County environmental agencies must not be viewed as some extravagance, but, in fact, are definitely needed to guarantee the safety of air, water, and the environment.

"In the past, we have found ourselves reacting. With this agency, in the future, we will be digging out problems and solving them and putting the toxic waste dumpers and illegal warehouse operators on the constant defensive," said Giblin.

County Environmental Agency May Be Formed by Freeholders

Essex County is progressing in its efforts to formulate an Environmental Agency which meets the needs of its municipalities stated Freeholder-at-large Thomas P. Giblin after the Freeholder Board approved an agreement with the federal Environmental Protection Agency to secure the services of an experienced administrator for the county agency.

"This agency is in its infant stages," stated Giblin, who proposed the agency earlier this year. "The thrust of it will be toward rooting out the problems of illegal toxic waste storage and dumping in the county. This is a regional problem that must be addressed on a regional basis."

Giblin noted toxic chemical disposal/storage problems have been uncovered in Belleville and Newark in recent times and the county has faced other environmental problems like the radon contaminated soil in Glen Ridge, Montclair, and West Orange.

The Freeholder Board approved and agreement to pay \$4-4,000 or 80 percent of the salary and fringe benefits of Dr. Joseph A. Spatola of the EPA Region II office.

Mini-Health Fair Oct. 17

Commissioner Michael P. Pizzi, director of Public Affairs, announces that the Belleville Health Department will conduct its annual Mini-Health Fair at 383 Washington Ave. on Wednesday, Oct. 17, 1984, from 9 a.m. to 1 p.m. and 6 p.m. to 8 p.m.

The programs available will include free flu shots, diabetic screening, blood pressure screening, podiatry screening (foot care), oral cancer screening, and eye screening.

Also a noted oncologist speaks out on cancer. Sessions from 11 a.m. to noon.

A special flu clinic will be held at the all-purpose room at School 4, Magnolia Street on Oct. 17, from 5 p.m. to 7 p.m.

The commissioner strongly recommends senior citizens particularly those over 65 years, to take advantage of the flu vaccine because excess mortality in influenza outbreaks occur in this age group. Flu vaccine is also recommended for adults who have such chronic conditions as: 1) heart disease,

2) chronic bronchopulmonary diseases, 4) diabetes mellitus and other chronic metabolic disorders.

Vaccine will not be administered to pregnant women, those with a fever or acute illness, persons under 30, those who have received another vaccine within the past 14 days or anyone with an allergy to eggs, chicken or chicken feathers. Residents are advised to consult a physician regarding the vaccine.

Vaccination may also be considered for persons who provide essential community services and may be at increased risk of exposure.

Commissioners Pizzi's great concern is based on diabetes, one of the most common diseases. He said it is far more common, for example, than active tuberculosis. In the United States, it affects an estimated two-and-a-half million people. About 4,750,000 of us are potential diabetics.

The clinic is open to Belleville residents only.

Scholarship Winner — Donna Despenzire (center) receives plaque from scholarship chairman Frank Ceres (left) and Chris Albanese of the Belleville Italian-American Civic Association. Albanese is also president of the association. The scholarship award will be officially presented at the association's 18th annual dinner-dance Nov. 10 at the Wayne Manor in Wayne.

Italian-American Association's Annual Dinner-Dance Nov. 10

The Belleville Italian-American Civic Association will hold its 18th annual dinner-dance Saturday, Nov. 10, at the Wayne Manor on Route 23 in Wayne.

Donna Despenzire, honor student and 1984 graduate of Belleville High School. She is majoring in mass communications at Fairfield University, Conn.

The highlight of the evening will be the presentation of a scholarship grant and plaque to Donna Despenzire, honor student and 1984 graduate of Belleville High School. She is majoring in mass communications at Fairfield University, Conn.

A community award will also be presented to an outstanding citizen from Belleville.

MOUTHWASHES

People sometimes use mouthwashes for the wrong reasons. Gargling with cosmetic mouthwashes, when you have a sore throat, can actually cause the sore throat to become worse. The alcohol contained in these products evaporates from the throat, drying it out and causing further irritation. However, some mouthwashes contain an ingredient called "phenol," which is a soothing ingredient. They numb the throat, mouth and tongue. If you are already treating an infection with prescribed antibiotics, the phenol-type mouthwashes can provide some relief during the course of the illness. They are also available in pocket sprays and lozenges. If you are running a fever along with the sore throat, consult a physician. It may be a sign of infection.

For fast service when your physician gives you a prescription for an antibiotic bring it to ROSSWORE PHARMACY, 338 Washington Ave., 759-1956, 759-1958. We handle the sale and rental of convalescent aids including walkers, wheel chairs, crutches and canes. A nice selection of gift items is also available. Hours: Daily 9am-10pm, Sundays 9am-5pm.

HANDY HINT:
Mouthwash will not cover up the odor of garlic which excretes from the stomach, not the mouth.

Congregation Ahavath Achim Lists High Holy Day Services

High Holy Day services to usher in the Jewish New Year 5745 will be conducted by Rabbi Nathan Laufer and Cantor Kenneth Simkus at the Congregation Ahavath Achim of Belleville. Joseph Shlissel is ritual chairman, Mrs. David Robbins is chairman of the Seats and Rental Committee, in charge of tickets for seats for the High Holy Day Services, and Leonard Miller is chairman for the Kol Nidrei pledges.

Mrs. Robbins has announced that there are a limited number of seats available for non-members of the congregation. Tickets are required for all services, including Yizkor.

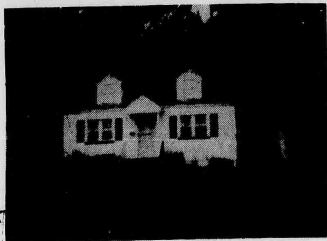

Following is a schedule of High Holy Day services:

Succoth, Oct. 11, 9 a.m., Oct. 12, 9 a.m., and Oct. 12, 8:30 p.m.
Hashanah Rabbah, Oct. 17, 6:30 p.m.
Shmini Atzeret, Oct. 17, 6:30 p.m. and Oct. 18, 9 a.m. (Yizkor will be recited at morning service).
Simchat Torah, Oct. 18, 7 p.m., Oct. 19, 9 a.m., and Oct. 19, 8:30 p.m.

For information about seats, contact Mrs. David Robbins at the synagogue, 759-9394.
Rabbi Nathan Laufer is the

Spiritual Leader of Congregation Ahavath Achim. Cantor Kenneth Simkus is a student in the Cantorial School of the Jewish Theological Seminary of America in New York City.

Scouting Registration And Program Tonight In the Local Schools

"School Night," a special program by Belleville Cub Scout packs and Boy Scout troops will be held tonight, Oct. 11 from 7-9 p.m. in the area schools. Boys and their parents are invited to learn more about scouting and to sign up with their neighborhood pack or troop.

The "School Night" program will be presented at schools 3, 4, 5, 7, 8, 9 and 10 and St. Peter's School.

Scout units will be signing up boys for the Tiger Cub program, boys 7 years old working with an adult; Cub Scouting, for boys 8-10; and Boy Scouts, 11 years old and older.

The Tiger Cub program is designed for 7-year-old boys to work directly with an adult in a one-on-one situation and in a small group. Cub Scouts is a family and neighborhood program operated in small groups called dens. Boy Scouts are outdoor-oriented with an emphasis on leadership development.

The Essex Council, BSA, administers the scouting program in

all of Essex County, excluding Nutley and Bloomfield. Currently the council has over 700 different scout units with a membership of over 15,000. The Essex Council is a member of the United Way. For more information, contact the Essex Council, BSA, 36 Park Place, Newark or call 622-2488.

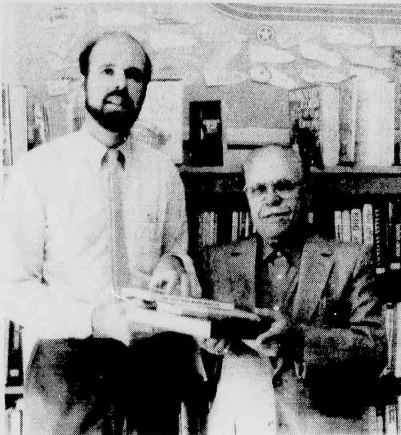

Karate Show This Sunday At St. Peter's

A karate demonstration will be given by Olympic Karate Institute of Nutley this Sunday, Oct. 14, 4 p.m. at St. Peter's School, 152 William St.

There will also be a special guest, Chuck E. Cheese from Pizza-Time Theater.

Proceeds from the show, sponsored by the St. Peter's Sports Association, will benefit the school's sports teams. Donations are \$1.

The demonstration is open to the public.

Library Donation — Belleville Public Library Director David Bryant (left) receives a gift from Chris Albanese, president of the Belleville Italian American Civic Association. The library will receive a 17-volume set of books, "The Italian American Education Series" and six volumes of the "Annual Proceedings" of the American Italian Historical Association which will be added to the library's Italian American collection.

Local Residents Aid Police In Arrest of Gypsy Burglar

On Tuesday, Sept. 25 residents in the Greylock Parkway area helped in the apprehension of a gypsy woman burglar.

A homeowner on Greylock Parkway confronted the woman in his house and chased her down the street. She had entered the house while the owners were in the backyard and stole some items.

As police cars were alerted and searching the area, the woman had disappeared. Concerned neighbors joined police in the search. While on patrol, Det. Fred Puleo was stopped by a resident of Overlook Avenue who said she had just seen the woman walk from her backyard and now hiding behind a fence on the corner house.

With the help of other neighbors of DeWitt and Overlook avenues, the gypsy woman was apprehended.

It was extremely gratifying to the police department that concerned citizens got involved. It was a total community effort that the Township of Belleville should be proud of.

The police department has announced its Crime Prevention Unit is offering free home security surveys to any Belleville resident who may wish to have their house protected against any possible burglary attempt. Residents can call Det. Fred Puleo at 759-8221.

Nazziola Is Named Reagan Campaign Coordinator Here

Camille Nazziola of 66 Van Reyper Place has been named Belleville coordinator for the Reagan-Bush campaign this fall.

"Based on the response I have seen and heard in Belleville, I am confident too that the sentiment in Belleville is one that in the rest of the country."

"Let us make President Reagan's job easier for the next four years by voting for him and for all the Republican candidates on the ticket," she urged.

Those who would like to volunteer can contact Nazziola at 759-3344.

Candidates' Night Oct. 17

The Democratic Club of Belleville will sponsor a "Candidates' Night," Wednesday, Oct. 17, 8 p.m. at the Chandelier

Restaurant, 340 Franklin Ave. Refreshments will be served. The public is invited to attend.

Prayer For Today

O Lord, the Lord whose ways are right, keep us in Thy mercy from lip-service and empty forms; from having a name that we live, but being dead.

Help us to worship Thee by righteous deeds and lives of holiness; that our prayer also may be set forth in Thy sight as the incense, and the lifting up of our hands be as an evening sacrifice.

Halpern Is Right

Last week Belleville Chamber of Commerce President Howard Halpern, one of Belleville's most progressive merchants made the observation in his weekly column that we are living in a different Belleville today than several years ago. Join me in listening to Howard: "Belleville is definitely moving in a progressive direction. The mood of its citizens seems to be changing for the better. The Town Fathers are optimistic, and the various businesses in town are also optimistic. This wasn't the case a few short years ago. I can remember when apathy was the subject, mistrust the feeling, and suspicion the mood. The so-called 'cliques' were ruling, personal clashes among our politicians is becoming a 'let's work together' atmosphere. The school system is improving, roads are being repaired, the police and fire departments, showing compassion, are always there when you need them. The uphill battle for the redevelopment of Belleville's main thoroughfare will become a reality, thanks to the foresight of a group of very dedicated people."

Belleville is indeed moving along in the right direction, doing some fine tuning, and producing feasible signs of progress as Howard Halpern has profoundly noted.

At last, there are many among us who are perceiving

a change for the better in Belleville. Maybe it's the time in which we live. Maybe it's the changing attitudes of our public officials. Maybe it's the increased production we are getting daily from our public employees. Maybe our school teachers at long last seem to feel that taxpayers and parents really care about them and their future. And maybe it's just because all of us are beginning to work together instead of against each other. And maybe, there is less concern over greed and more concern over good. There was a time when it appeared that God was so far away — and one wondered who moved. And maybe — just maybe, through God's grace, we have acquired a faith in a better Belleville; and so for sure, now all of us could hopefully say, in truth, "It's better in Belleville."

We thank Howard Halpern for the germ of the thought that gave rise to these comments which hopefully makes all of us take a new look at our old town and say — Blessed are we for God is shining upon our fine town.

Frank A. Orechio

Mondale-1 Reagan-0

The first presidential "debate" was held Sunday night, and most of the world agrees that President Ronald Reagan came out at the short end. The President was hesitant, was not sure of foot, had trouble remembering, used statistics when one of his one-liners would have been more effective. On the other hand, former Vice President Fritz Mondale was perceived as being strong, knowledgeable, gracious and kind — and most of all, gave the general appearance of being on the offensive. The great commentator failed his first test.

In two weeks there shall be another "debate." That one will focus upon foreign affairs — a subject where the Reagan administration is the weakest. Reagan's greatest strength in his domestic policies and the

apparent relative prosperity the country is experiencing today. His worst record is in foreign affairs and it's in that field where the battle will be fought at the next debate.

Reagan has doubled the problem next time around. Whether or not the result of the debate has changed any votes remains to be seen. At the very least, it has given Mondale and his supporters the feeling that they remain in the fight, that the ninth inning is still to be played.

Frank A. Orechio

Letters In Print

Misleading Headline Upsets School Board

To the editor:
In reference to your headline appearing on page five of the Sept. 27 edition of the Belleville Times, indicating that Belleville High School test scores fall below all state averages, I would like to convey the Belleville School Board's strong objection to an extremely misleading and inappropriate heading.

This particular headline is inconsistent with your headline on page one and with the body of the article dealing with the minimum basic skills and high school proficiency test

scores for Belleville High School students. It is the sincere belief of the Belleville Board of Education and its administration that we have every reason to be proud of the efforts put forth on these tests by our high school students, and we feel that this misleading headline casts an unfortunate pallor over what should be a proud moment for the Belleville School System.

Sincerely
Edward J. Appleton
Acting Board Secretary

Resident Gives Support For Reagan's Re-election

To the editor:
As coordinator for the Republican Party of Belleville, I feel quite confident that President Reagan will carry Belleville, as he did in 1980. I'm quite sure that the American citizen realizes that the President has succeeded in bringing down inflation, which is at its lowest level in many years. Employment is down considerably, our country is at peace. Americans feel more confident about Russia and foreign affairs and in our American dollars.

In conducting my own poll, although it is in its infancy, the response in Belleville is positive in favor of the President. I urge all Republicans in Belleville and Democrats alike to please bring out as many votes as possible and urge all

non-registered citizens to please register as soon as possible, so that they can participate in the future of our country.

Respectfully submitted,
Camille M. Nazzola
66 Van Rye Place
Belleville

Still Opposed?

To the editor:
In the wake of the brutal slaying of an Essex County Police Officer, will County Executive Peter Shapiro drop his longtime opposition to the death penalty?

Jerry Pizza
E.C. Correction Officer

Belleville Business Bureau

By Howard Halpern

The Belleville Chamber of Commerce takes pride in welcoming two new members into our organization of respected and reputable businesses.

E.S.P. Inc., 195 Cortlandt St. is a commercial printing firm. Educational Systems Publishers has been located in Belleville for the last 23 years. With 80 employees E.S.P. is a public corporation serving some of the largest companies in America. This Belleville based firm prints multi-color catalogues and brochures for such giants as the Encyclopedia Britannica, ITT, and Seimens Inc. They also print and distribute promotional material nationwide. Tony Pelaccio, President of E.S.P. is in the process of forming a "spin-off" of the company called E.S.P. Discounts which is a discount coupon program mailed directly to the consumer. The discounts will be offered by the various retail establishments to help promote business. This "spin-off" will be a new issue soon to be traded over the counter at 10 cents per unit, equaling one share and one warrant. E.S.P. is currently trading on the O.T.C. Market for \$3 to \$4 per share. We sincerely wish Tony much success with his new venture.

Michael V's Luncheonette, 201 Washington Ave. "I'm doing two-three times better than the previous owner," boasts Michael Vernotica, owner of Michael V's. In June of 1984, Mike took over a mediocre business and turned it into a profitable enterprise. With so many small businesses failing by the wayside, it was invigorating to hear and feel his enthusiasm. Mike's work week is the same as his posted business hours which totals 67; Monday thru Friday, 6-6; Saturday, 6-3. "And I love every minute of it." The luncheonette features 75 hot and cold sandwiches with grill, home made hot soups, val parmigiano, (no patties), chicken parmigiano, and fresh baked pastas, using no frozen meat at all. It is a success story in the small business, one must sacrifice almost beyond human endurance. One must be willing to work long hours and have utmost confidence in himself and his product. Most people are under the impression that owning a business brings instant riches and that all of the cash rung up on the cash register belongs to the boss. That just "ain't" so folks. If a small business owner were to figure out his net hourly pay including the time that is spent working at home, it might just barely equal the Federal minimum wage. So the next time your patronizing that corner luncheonette, deli, or liquor store, tell the boss how much you appreciate his service and his product, and he'll acknowledge you with the best of both.

As the 1984 election campaign goes into the "home stretch," the two major party candidates for the U.S. Senate, Democratic Senator Bill Bradley and the Republican challenger Mary Mochary will square off in a debate on key issues of particular concern to business. The debate will take place at the Birchwood Manor in Whippany on Thursday evening Oct. 18. Pressing the candidates to explain their positions regarding major issues including the Nation's economic needs, taxes, spending, government regulations, interest rates, etc. will be a panel of knowledgeable political observers from the news media.

Members Still Handling Calls

(Continued from page 1)

tance of the BTC which handles calls about bus schedule irregularities, inadequate services, poor service and others.

Some victories of the BTC included winning added service on the New Jersey Transit No. 112 line and urging NJT to run the No. 27 bus along Union Avenue.

NJ Transit began routing buses through quiet residential streets.

The most pressing current problem, Golden said, is the lack of bus stop signs along Joramelon Street. Commuters buses failed to stop for commuters who ride the No. 13 line to the Geriatrics Center on Franklin Avenue.

"We're working on that one now," said Golden.

[illegible]

Signing the Contract — Clara Maass Medical Center President Robert S. Curtis signs a contract with Peggie Ross, president of the Board of Trustees of The Hospice, Inc., to provide short term in-patient care to Hospice patients. Looking on are Lorraine Sciarra, executive director of Hospice and Leslie D. Hirsch, Clara Maass administrative assistant and vice-president of the Hospice Board of Trustees.

Clara Maass and Hospice Sign Contract for In-Patient Care

Clara Maass Medical Center has announced the signing of a contract with The Hospice, Inc., to provide short term in-patient care to Hospice patients under the new Medicare benefit. Although Hospice is primarily a comprehensive home care program serving the terminally ill, short term in-patient care may be necessary to manage symptoms that cannot be cared for at home.

According to Lorraine Sciarra, executive director of The Hospice, Inc., "Every patient and family involved in the program is served

by a team of professionals and volunteers in cooperation with the patient's attending physician. We have formalized our relationship in this regard with Clara Maass Medical Center so that we can work more closely with the patient's physician and the hospital staff and comply with the new Medicare regulations."

Originally incorporated in Essex County in March 1981, Hospice has cared for more than 500 patients and their families. Their aim is to provide a comprehensive system of medical,

emotional and spiritual support in the home of the terminally ill patient, filling the patient's remaining life with an atmosphere of dignity and love. Clara Maass Medical Center was one of the original founders of the Hospice program.

"Clara Maass Medical Center is pleased to continue its cooperative relationship with The Hospice, Inc.," stated Leslie D. Hirsch, administrative assistant at the medical center. "Ultimately, our patients and their families will benefit from this vital service."

School No. 7 Organization Elects Slate

Ralph Cafone has been elected president of the Organization of Parents and Educators of School No. 7 for the current year. Other officers include Susan Cafone, 1st vice president; Sandy Zampino, 2nd vice president; Marilyn Hawthorne, honorary vice president; Pat Bauer, secretary and Marie Matthews, treasurer.

Members of the executive board and executive committee members include Cora Boice, parliamentarian; Laurel Mechler, historian; Henrietta McCumber, sunshine; Angel DePolito, photographer; Phyllis DePhillips, chairperson and Carol Napolitano, assistant, hospitality; Heather Mann, decorations; Lucille Cammarato, chairperson and Sandy Zampino, assistant, library; Marlene Coppola, Liz DiGiovanni, Rosemary Nicotia, Terry, Wile, room representatives; Judy Rotino, election day sale; Rosemarie Michelle, Santa sale; Gloria Piegara, board of education; Jennifer Simonetti, Mother's Day sale and Lucy Cappello, newspaper.

Joseph Porcello Has Been Awarded Merit Scholarship

Joseph Anthony Porcello, a senior at Delaware Valley College, has been selected as recipient of a Bedding Plants Inc. Merit Scholarship for his academic excellence in the field of horticulture.

Porcello, son of Mr. and Mrs. Joseph Porcello of Belleville, was awarded \$300 to help finance his education at Delaware Valley. He worked four consecutive summers at Jo-Lee Nursery and Garden Center, Belleville, working his way up from laborer and customer assistance to assistant greenhouse manager, to greenhouse manager and assistant buyer, to buyer and assistant manager of the entire business.

Two by Two — Don Sheffrin of Belleville is featured in the Richard Rodgers musical, "Two by Two," which will be performed Oct. 12 through Oct. 21 at the Playhouse on the Mall, Bergen Shopping Mall Center, Paramus. The musical is the story of Noah's 40 days and 40 nights in the ark. Above, Kleg Frohner of Tenally, Betty Hilton of Passaic, Peter Oliff of Fort Lee and Sheffrin. For reservations and more information, call 368-1943.

Ham Dinner Will Be Served At Belleville Reformed Church

The Women's Guild of Belleville Reformed Church will sponsor a ham dinner Oct. 27 at 6:30 p.m. Ham, fruit cocktail, applesauce, two kinds of potatoes, two kinds of vegetables, dessert and beverage will be served.

Donations are \$5 for adults and \$3 for children 10 and under. Reservations must be paid for in advance no later than Oct. 15. For reservations and information, call Mrs. Betty Schwenk at 751-2262 or Mrs. Betty Davenport at 759-4039.

Umberto's Corner

Dear Umberto,

Little my mother has been persuing too much on her head. I have been searching for a shampoo designed for persuing heads. I couldn't find any that works, and control the scalp perspiration. It is an unbearable itchy the perspiration is on her head and not her scalp. I have tried many shampoos but none seem to work. What is the cause and what can be done to diminish the perspiration? Mrs. Doe perspiration bother the hair.

Perspiration Head

Dear Shampoo Searcher,

According to my knowledge, I never came across a shampoo that takes care of perspiring heads. Yes, perspiration does damage the quality of the hair. The perspiration is caused by excessive perspiration system. I suggest you to wash the hair often or rub some rubbing alcohol on her head. Better yet, throw a little olive oil on her natural shade and color it. You see that this treatment will diminish the perspiration on the scalp. This reason for coloring is to dry the pores.

Yours,
Umberto

HEALTH WISE

By Ralph J. DiMaio D.C.

Too many chiropractic patients turn to chiropractic after all else has failed. Pain and disability are the motivation; the patients want...and usually gets...relief.

Chiropractic is equally valuable in the maintenance of good health. Why wait until a subluxation (misaligned vertebra) has developed into a major cause of disease and pain? Periodic check-ups by a chiropractor can locate and correct such conditions in an early stage, before real trouble develops.

Phone today for an appointment.

From The State House Day Care Employee Criteria Faces Test

By Senator Carmen Orechio

One of the most important issues facing New Jersey at this time concerns the protection of children who are under the care of the state.

There are thousands of these children who are living in state institutions or who have some type of foster care arrangements.

Recently, there have been allegations made that some of these children have been subjected to physical and sexual abuse by those charged with their care.

Although I am confident that the overwhelming majority of workers at child care centers are competent professionals, every precaution must be made to assure that these children live in a safe, healthy and comfortable environment.

In that regard, I testified last week before a senate committee over legislation that I have sponsored to help tighten the employment criteria for those working with children in state institutions.

Specifically, my bill would require state and federal criminal history checks on job applicants at state institutions responsible for the care of minors.

The measure would include fingerprinting of the job applicants as a way of checking whether they have a criminal conviction. In addition, there would be a similar process for current employees of child care centers beginning six months after the bill is enacted.

Experts in the field of human services have informed me that those people who are inclined to indulge in child abuse have a pattern of trying to find employment in such institutions.

At the present time, my bill has been introduced as a working document. It is my intention to make the bill as strong as a deterrent as possible.

The public hearing on the entire area of child abuse at state institutions was conducted by the Senate Committee on Institutions, Health and Welfare. The committee will meet again shortly to determine if they have any suggestions and recommendations based on the testimony made at the hearing.

Once the bill is released by the committee, I will make certain, as senate president, that it gets placed in a position for a floor vote before the entire Senate.

In another important development, Gov. Kean signed legislation, which I co-sponsored, to place a \$60 million human services bond issue on the November ballot.

If approved by voters, the bond issue will help provide improvements to state institutions, particularly in the area of fire protection.

For example, the Cedar Grove Residential Center would receive funds for a \$275,000 project which would include \$215,000 for fire safety equipment and \$60,000 to replace the roof at the facility for adolescent boys.

As senate president, it is my responsibility to call the Senate back for voting sessions. The next session is Oct. 18.

There are several key items to be considered — using a proposal to reform the method of providing public money for gubernatorial candidates.

After the last gubernatorial election, a consensus developed that too many qualified for public money because the threshold for receiving state money was set at \$50,000 in private donations to a campaign.

Under my bill, a candidate for governor would be required to raise \$125,000 before qualifying for public money.

The measure also would limit individual contributions to a gubernatorial campaign to \$1,200 and set an overall expenditure limit of \$1.5 million for the primary and \$3 million for the general election.

It is important to realize that this legislation would go a long way to help legitimate candidates without great personal wealth to pursue the state's highest office.

At the same time, it would discourage so-called fringe candidates from entering the gubernatorial sweepstakes because contenders would be required to demonstrate an ability to raise money.

Another key item facing the Legislature and the Governor concerns the use of surplus revenues available this year from the state budget.

Legislative leaders will meet soon with the Governors to decide what measures will gain sufficient support for use of the surplus. The Kean Administration estimates there is a surplus of nearly \$800 million, but officials in the Office of Legislative Service say the figure is closer to \$700 million.

I have proposed that the state take over the \$150 million annual cost of counties for running the judicial systems.

Junior Miss Competition Nov. 25 at Nutley High

The annual Essex County Junior Miss Scholarship Program, sponsored by the Nutley Jaycees, will be held Nov. 25, noon, at Nutley High School.

The local competition is part of a nationwide program to honor and reward the country's leading high school girls for achievement in scholastics, creative talents, self development and community betterment. The program is open to all female high school seniors.

More than \$2.5 million in college scholarships, savings bonds, and other awards will be awarded to winners at local, state and national levels this year.

Winners will represent Essex County in the state Junior Miss

program at Cherry Hill East High School Jan. 12, 1985, competing with 22 others for the many scholarship awards and a chance to participate in the Junior Miss national finals in Mobile, Ala.

"The nature of the Junior Miss program — the high ideals established and maintained throughout its history — has earned the program approval of educators and civic leaders throughout the country," Dr. Steven Clarke, program chairman, said.

Interested Belleville High School seniors can contact contest coordinator Mike Paulino at 667-7315 for more information.

Elks Will Sponsor '50s Dance For 'Friends of Charlie' Fund

Belleville Elks No. 1123 will sponsor a '50s dance Saturday, Oct. 20, 7:30 p.m. at the Elks lodge, 254 Washington Ave.

Donations are \$10 and include

beer and pizza. There will also be a cash bar.

For ticket information, call Joseph Walsh at 751-9288 or Bob Ahrens at 748-1155.

Healing Mass Oct. 12

A healing Mass, conducted by the Rev. Jerry Ruane of Sacred Heart of Jesus Institute for Healing, will be held tomorrow, Oct. 12, 7:30 p.m. at St. Mary's Church in Nutley.

The institute is a Christian center for prayer, healing, counseling and spiritual direction. The Mass, arranged by the Liturgy Committee of St. Mary's Parish Council, will focus on the Eucharist as an instrument and sacrament of healing.

LOOKING FOR A GOOD MECHANIC?

At Ol' Betsy Auto Repair, our only obligation is to the repair of your car and we'll take the time to show you what "full service" means. With "quality" and "guarantee" not meaning much these days, doesn't it make sense to spend your money where your problems are solved and a guarantee is more than just an empty promise?

If you're less than satisfied with your current auto service, come to where the specialty is honest, reliable care for your car from a real professional with over 20 years experience.

Theresa Singer, 83; Lifelong Resident

Mrs. Theresa Singer, 83, died Aug. 20. She was a lifelong resi-

dent of Belleville. Mrs. Singer was a supervisor in the Essex County Sheriff's Office before her retirement 18 years ago. She was the wife of the late Frederick Singer, a policeman in Belleville for 36 years.

She was a member of the Ladies Auxiliary of the Veterans of Foreign Wars, Younginger Alden Post 275 and the Catholic Daughters of America, Court Sancta Maria 61.

Surviving are a son, Frederick, Jr. of Bloomfield, a daughter, Mrs. Mary T. Justice of Belleville; a sister, Mrs. Augusta Judson of Belleville; and 10 grandchildren and five great-grandchildren.

Services were held in Holy Family Church, Nutley.

DENTALLY SPEAKING By Drs. James D. Muglia and Paul N. De Malo

Q. Mrs. B. asks,

What is dry socket? How and why do they occur?

A. Mrs. B.:

After a tooth is removed, the space left is called a socket. It will begin to heal, filling up with blood and forming a clot. This clot acts like a bandage, covering the exposed bone underneath. If for some reason this clot falls out, the socket is then considered dry.

Infection is the primary reason for the clot coming out. Also, smoking, too much rinsing or anything creating a sucking motion will also cause the clot to be disturbed.

Edward A. Halligan, Jr., 58; Executive for Carpet Service

Edward A. Halligan, Jr., 58, of East Orange, vice president of the Halligan Carpet Service, died Sept. 24 in the Hospital Center at Orange.

A Mass was offered Sept. 26 in the Blessed Sacrament Church, East Orange.

Mr. Halligan worked for the Halligan Carpeting Service in Orange for the past 40 years. He served in the Navy and the Marine Corps during World War II.

He was a member of the Thomas Kepps Memorial Post 5445 Veterans of Foreign War, West Orange, and the Elks Lodge 630 of East Orange.

Born in Belleville, Mr. Halligan lived in West Orange before moving to East Orange 15 years ago.

Surviving are his father, Edward A. Sr.; three daughters,

Mrs. Victoria Jones, Miss Gayle and Mrs. Margaret Page, and two sons, Edward A., III, and Kevin R.

Anthony Franciose; Inspector at Kidde

Anthony Franciose, 72, of Belleville died Sept. 17 in the Mountaintide Hospital, Glen Ridge.

A Mass was offered Sept. 20 in St. Mary's Church, Nutley.

Mr. Franciose had been an inspector with Walter Kidde & Co. Inc. in Belleville for 40 years, retiring 10 years ago.

Born in Montclair, he lived in Belleville for 24 years.

Surviving are his wife, Josephine; a daughter, Mrs. Rose M. Forte; two sons, Carlo and Charles; seven brothers, Joseph, Michael, John, Nicholas, Carlo, James and Frank; two sisters, Miss Lena and Mrs. Angelina Compass; seven grandchildren and two great-grandchildren.

Angela Pepe; Worked Here

A Mass was offered for Miss Angela Pepe, 28, a lifelong resident of West Orange Saturday in the Our Lady of Mount Carmel Church, Newark.

Miss Pepe died Sept. 18 in the Memorial Sloan-Kettering Cancer Center in New York City.

She worked as a secretary with Supreme Oldsmobile in Belleville the past two years.

Surviving are her parents, Michael and Alma Pepe; four sisters, Mrs. Antonette Walsh, Mrs. Rose Marie DeSena and the Misses Michelle Ann and Anna Marie, and a brother, Michael.

Miss Anna Filippone, 70; Retired from Peerless

Miss Anna Filippone, 70, a lifelong resident of Belleville, died Oct. 3 in the Clara Maass Medical Center, Belleville. A mass was offered Oct. 5 in St. Anthony's Church, Belleville.

Miss Filippone was an assembler for the Peerless Tube Co., Belleville, for many years, retiring

10 years ago. Surviving are a brother, Vincent James; a sister, Mrs. Mary Orcinoli; six nieces and nephews and nine great-nieces and nephews.

Interment was in Mount Olivet Cemetery, Bloomfield.

Golden Comments Route 75 in Need Of Steady Mailman

By Jim Golden

Postmaster General William Bolger and the Postal Service, despite its over \$3-million profit during the past year are clamoring for a 3-cent increase in the mailing rate to 23 cents early in 1985, yet many complain and fret over poor mail delivery service...none more vehemently than those on the tail-end of Belleville's abominable mail carrier route number 75.

It is not unusual to receive deliveries after 4:30 p.m., sometimes not at all, even when delivery is due. Because the route, according to many mail personnel, is too long and difficult with many steep steps to climb and with an exceptional heavy volume of mail.

Since the last regular carrier retired about a year and half ago, mail delivery has become a nightmare in this area. No carrier will "bid" to work this route. Part time "casuals" without uniforms, badges or the appearance of mail carriers work the route often with a different individual every delivery day...they are unfamiliar with the residents and addresses, mail is many times left at the wrong address.

Two carriers did work the route for less than two months and gave it up...back came the inexperienced "casuals" with complete disarray and disruption of mail service. Numerous patron complaints finally brought about the supervisory assignment of a regular carrier who does well with mail delivery by better than 3 p.m., but on his day off forget it, unless another regular carrier is assigned that day.

Now! Just as things seemed to show improvement, he is calling for reassignment or he threatens to quit. This mail route should be rearranged since it is known as the "abominable Belleville carrier route number 75" and is regarded as anathema to all the Belleville mail carriers who don't want to work it.

The Postal Service should correct this horrible imposition upon the patience and convenience of patrons of this tail-end area of this "horrible" mail route the carriers don't want to work. It appears apparent that something is wrong...so if it's not working right...C'm'on U.S. Postal Service fix it. And do it now. We've put up with this long enough.

In recognition of the mandated state plan for recycling in 1987 by municipalities, it provokes the question of why no provision for such scavenger services were included or taken into consideration in the new Belleville five-year garbage contract which will carry it over that 1987 targeted date calling for recycling. Is it the plan of the Belleville officials to operate its own recycling program?

The Immigration and Naturalization Service recommends all U.S. citizens carry a passport when traveling outside the country regardless of their destination. Most states do not require proof of citizenship to obtain a voter registration card, the document no longer is considered official identification.

The City of Newark is now towing cars parked illegally on street cleaning days. Before, only a summons was issued for the alternate side of street regulations. Now they will be towed. The violators will pay a \$25 towing fee, as well as a \$10 fine for illegal parking. They also will have to pay \$8 for each day the car is impounded. Cars that can't be hooked to a tow truck must pay much higher towing fees. Truck owners will have to pay \$125 towing fee and \$15 a day storage.

Have you noticed more TV commercials of late? Federal Communications Chairman Mark Fowler, he's the fellow who wants to "soak" all phone users a \$4 a month "access" fee whether we make long distance calls or not, to help divested ATT, has deregulated television. There are no limits on commercials and no requirements of news or local programming.

The broadcasters welcome it. But the law Chairman Fowler has sworn to uphold that he serve "the public interest." Is that what he's doing? You be the judge.

Oral Cancer Tests Scheduled Today

Dr. Palmer Burde of Belleville, under the auspices of the American Cancer Society, is participating in the Oral Cancer Screening Program today, 9 a.m.-1 p.m. and 6-8 p.m. at the Belleville Health Department, 383 Washington Ave.

Because early detection can spell the difference between life and death, members of the Essex County Dental Association, assisted by volunteers of the Essex County Unit of the American Cancer Society will provide free oral cancer screenings.

Warning signs of oral cancer are a sore that bleeds easily and does not heal, a red and white patch that persists, a lump or thickening in tissue and difficulty in chewing or swallowing. Particularly at risk, according to

American Cancer Society officials, are heavy smokers and those who habitually combine smoking and drinking alcohol. Incidence is twice as high in males as in females, with oral cancer occurring most frequently in men over the age of 45.

The Belleville examination will be brief, painless and involves no use of any technical instruments.

Italian-American Night Sponsored by 'Friends'

The Friends of the Belleville Public Library have announced an "Italian-American Night" to be held tonight, 7:30 p.m. at the main library, 221 Washington Ave.

The special program will feature two films, "The Cooking of Italy," a gastronomic tour of Italy's regions and cuisines, and "Italian American," a film by Martin Scorsese, in which the famous director interviews his parents and describes his unforgettable life in New York's Little Italy.

There will be a sampling of Italian refreshments, provided by the Friends, and the program is free. The public is encouraged to attend.

Belleville Times SPORTS

Buccaneer Defense Shuts Out Paterson Eastside, 26-0, On Saturday

Soccer Team Loses 2-1 To Clifton

By Angela Killen

The Belleville soccer team lost a tough match to state ranked Clifton last week, 2-1 and fell to 3-5 on the 1984 season.

The boys hosted Bloomfield on Tuesday and will be in Paterson this afternoon to face Eastside. Next Tuesday, the Bucs will battle Montclair, at home, starting at 4 p.m.

Head coach Tony De Aquino has his team playing with a lot of determination and the Bucs have been a tough assignment in every game they have played this season. The team has a good blend of sophomores, juniors and seniors. Leading the way is senior Ozzie Stefanon, playing outside, left wing. Senior Freddy Calvache is at right full back, senior Nick Sotomayer occupies the center position, senior Mike Siletti is at left half back and Luke Siletti, another senior, sees time at stopper.

The juniors in the starting rotation are Jim Damiano at right half back and Bill Donnerstag at goalie. Three sophomores, Angel Toledo (right wing), Keith Woods (center half back) and John Loiacono (sweeper) round out the lineup.

The athletes are all able to play at different positions, thus adding versatility to a steady group of athletes.

Versus Clifton, Buccaneer defenders Luke Siletti and Woods did a good job on Mustang center Joe Cozzieola. "Clifton had a nice team," De Aquino said. "Siletti and Woods kept Cozzieola down for most of the game. In my opinion, there were a lot of poor calls on the officials' part."

"We're playing a lot of good goals," De Aquino continued, "and we're holding our own. We give them a run for their money. Against Clifton, we were playing two men short toward the end of the game and they beat us by just one goal. When we're playing at the top of our game, we can play anyone and be tough."

The Bucs are coming off a fantastic 15-6-2 mark of a year ago

(Please see "Bucs" on page 14)

Buc Victory — Quarterback Mark Walsh (left) rolls out to pass as fullback Michael Gibbons (33) carries. Gibbons accumulated more than 100 yards running. Walsh, as usual, was effective on both offense and defense as Belleville rolled, 26-0 Saturday against Paterson Eastside.

Volleyball Team Beats Conference Rivals; Host Powerful Ridgewood Monday at BHS

Led by the spirited play of Donna Brooks, the Belleville volleyball team stopped conference rivals Clifton and Paterson Kennedy last week and also upended a strong Paramus squad to run the team record to 6-3.

The girls battled Bloomfield yesterday and will be in Benedictine Academy this afternoon, starting at 4 p.m. Tomorrow, the girls are in Paterson to face Eastside and on Monday, will be host to powerful Ridgewood, starting at 4 p.m. Next Wednesday, the girls stay home to face another difficult assignment in Montclair.

Following a difficult week two weeks ago, the girls big victories last week were very pleasing to the head wizard, Grace Worley. "It was a good week," the coach said. "Donna Brooks and Debbie Worley were the big differences. Donna was outstanding at the net against Paramus. We lost to them last year and the girls were anxious for this match. It was a good win against a good team."

Indeed, beating a team of Paramus' calibre is a feather in the girls' cap. The final scores

were 15-6 and 15-10. Worley was the prime setter for Brooks, who has tremendous "hang time" at the net and is very difficult for the opposition to handle.

Versus Clifton, the girls were victorious in three tough sets. The final scores were 15-13, 9-15 and 15-3 and partially avenged two losses to Clifton last year, the later defeat coming in the state tourney and eliminating the Bucs. Brooks had 16 "kills", or spikes as most fans would know them.

Debbie Worley was also a big contributor in the Clifton match, coming through with 25 sets. Last season, Worley led the team in set points and this year, she is back to her tough form. Cheri Phelps had eleven service points and the girls are receiving steady play from Liz Goldrick, Renee Petineo and Christine Melillo.

The week started with a surprisingly easy romp over Paterson Kennedy, 15-0, 15-3. PK is in an early rebuilding process and were no match for the more ex-

perienced Buccanettes.

"We have some difficult matches upcoming," Worley said. "Bloomfield was a tough assignment and Ridgewood is always strong. I think Essex County is starting to take the lead in top volleyball teams. Bloomfield beat Ridgewood last week and we stopped Paramus, so I would like to think that we're starting to play competitively with those big Bergen County schools."

NOTES: Worley was very happy with the play of Petineo. Playing in her first varsity match, the sophomore did a nice job and appears to have a bright future. Melillo has also been very impressive of late. She has good size and teams with Brooks on the front line to form a dangerous tandem. "Brooks runs the net defense, totally," said Worley. Clifton coach said after match that Brooks was one of the best volleyball players he has seen in a number of years. Girls had lost in a tournament held at William Paterson College the weekend before beating them.

Solid Defensive Line Leads Bucs; Face Bloomfield Bengals Saturday

Behind some strong running by Michael Gibbons and a solid defensive effort, the Belleville football team notched victory number two with an impressive 26-0 shelling of Paterson Eastside last Saturday in Paterson.

John Senesky's crew, now 2-1, will host Bloomfield this Saturday night, starting at 7:30 p.m. The Bengals come with an 0-3 mark, but once again, Senesky is not taking anything lightly.

"They (Eastside) were a tough assignment," commented Senesky. "There were spots in the first half where we put it together on both offense and defense and in the second half, we really came around. Our offensive line played a fine game and our runners are getting their 'game legs' now and that will help us with the tough games coming up."

Senesky cited the fine play of linemen Dominick Di Paolo, Ralph Chimento, John Apicella, Bob Muzicka and Steve Tribuna in opening up some big holes for Gibbons, John Oliveri and Anthony Gizzo.

Belleville tallied first in the second frame following a Steve Kimble interception. Starting from its own 11 yard line, Belleville drove 89 yards in 13 plays, highlighted by some strong running from Gibbons (34 yards in the drive), Gizzo (22 yards) and a big 15-yard pass from quarterback Mark Walsh to Gerald Kraus. Walsh finished the drive with a 10-yard touchdown run, giving Belleville its first score. The point after attempt was wide and Belleville led, 6-0.

Eastside, now 0-3, had one big threat when quarterback Marvin Brown hit Keith Moore with a 40-yard pass to the Buccaneer 14, but Kimble's interception three plays later stopped the drive and started Belleville's first score.

In the third quarter, the Buccaneers began pulling away. Two plays in, Dave Donnamarra recovered an Eastside fumble at the Eastside 31 and ran untouched for a touchdown. The conversion failed, Belleville led, 12-0.

It was evident that Eastside's enthusiasm had wilted in the warm afternoon. Kimble set up another Buccaneer score later in the third quarter when he intercepted his second pass of the

day and returned to the Eastside 28. From there, Mr. Gibbons did the work, running for 12 yards and carrying the final 16 yards on the next carry to extend the Buccaneer lead to 18-0. The attempt for two points was incomplete and the score remained at 18-0.

The final tally came in the fourth quarter. Belleville recovered an Eastside fumble on its 45 and drove 55 yards for a score. Without benefit of a pass, the offense churned through the Eastside defense, with Gibbons, Gizzo and Oliveri doing the work. Gibbons had 31 yards on the drive, Gizzo, five, Oliveri, nine and Walsh ten yards. The score came from Gibbons, his second TD of the day and third of the season. The Bucs went for two points and this time converted when Oliveri scored from three yards out.

Belleville, with Dan Ruggiero at the helm, drove to the Eastside two yard line in the late stages of the game, but a sack on Ruggiero moved the ball back to the 12 and Chimento was short on a 29 yard field goal try.

"We established our ball control offense," said Senesky. "That was a big thing for us. We did have one bad injury when Anthony Pravata, one of our strongest players, went down with a bad knee injury and he might be out for the remaining portion of the season. He won't be easy to replace."

All in all, it was a good victory, especially after the Bergen Catholic debacle of a week ago. Now the attention turns to Bloomfield, a game that Belleville will be favored to win, but a contest that won't be easy.

NOTES: Bucs defeated Bloomfield, 14-0 in 1983 and 21-6 in 1982. Pravata, believed to have torn ligaments, is a junior. The Paterson football field features artificial turf and was one of the nicest fields the Bucs have played on. After Bloomfield, the Bucs stay home to battle Passaic High School. The Indians are 3-0, having stopped Nutley, 13-6 last Sunday. Gibbons rushed for 105 yards on the day, his best performance on the varsity level.

Michael Lamberti's BUC SHOTS

Ianuzzi New Gymnastics Coach

There is a new varsity coach at Belleville High School this fall and he takes over a sport that has seen limited success in the early going. The new coach is Ray Ianuzzi and the sport he inherits is gymnastics, perhaps one of the most difficult sports to conquer on the high school level.

Ianuzzi replaces Carol Guiffreda, who stepped down before the beginning of the season. Guiffreda did a good job in molding the girls during the early days. She had excellent knowledge of the sport and displayed a great deal of dedication toward the young athletes. Losing a person of Guiffreda's expertise and background is not easy, but Ianuzzi is working hard in an effort to have his girls ready for the opening match of the season, which is set for next Thursday.

"Gymnastics is the most popular girls' sport in the world," the new coach said. "I was a little disappointed with the turnout this year (13 girls tried out for the team)."

The coach is hoping to create more interest in gymnastics and that usually comes with success from the athletes currently training in the sport. "We have to start a winning tradition," the coach said. "I want to do more for the team. Thirteen girls coming out is not enough. I'm hoping for the day when 25 to 30 athletes come out for the team."

The new coach is not new to the Belleville school system. He started teaching back in 1977, working at the junior high school and moving up to the senior high school when the freshman class moved to BHS in the fall of 1981. Ianuzzi was brought up in Newark. He was graduated from Essex Catholic High School in 1962 and attended Seton Hall University, earn-

ing a degree four years later.

Ianuzzi has been teaching for 12 years. Before arriving at Belleville in 1977, the coach was employed at Old Bridge and later at Vernon Valley. He admits to being lucky in landing a Belleville teaching position.

"I was living in Belleville and teaching in Vernon Valley," recalled Ianuzzi. "When Ruth Shindell left, there was an opening for a health teacher and I applied. I was accepted and I've been with the school ever since."

Ianuzzi has been a resident of Belleville since 1965 and lives with his wife Patricia and three children, Julianne, 10, Christopher, 9, and Tricia, 5.

The new coach also sees a very competitive athlete that attends BHS. "I've been lucky enough to bounce around to a couple of schools, which is unusual in this day because jobs are so tough to find in the teaching field. The kids here are nice. They are very competitive, tough, hungry athletes. They want to win and are hard-working kids."

Ianuzzi never had the chance to compete in gymnastics until his college days. Back in the 1960s, gymnastics was not as popular in this area and wasn't easy to get into. "I didn't have the opportunity to try the sport until college," recalled Ianuzzi, "but I took an instant liking to it. It's a tough sport, but I know we have some good athletes here who should do well."

Ianuzzi is working with a good mix of seniors with experience and underclassmen who have potential. Leading the way will be Gina Lemongello, Linda Wujack, Debbie Battista, Cera Norbut, Jill Lillis and Alise Davies. Those girls have some ex-

perience on the varsity level and should provide leadership for the freshmen and sophomores that will represent the future of Belleville gymnastics.

Freshmen Anne Carlucci, Laura Nankervis, Laurel O'Shea, and Dina Cardinale, along with sophomores Lisa Bruce and Danielle Lyman, teamed with junior Tina Charles, round out the 1984 team.

It won't be an easy task, especially against teams with a more established program, but Ray Ianuzzi enters the new field with a lot of enthusiasm and continued dedication to the sport. Good luck to him as he tackles a tough assignment.

Under the category of "how time flies" comes this inspiring story, involving a Belleville athlete who never quit, despite an injury that would have finished a lesser man. Back in the fall of 1978, Belleville and Clark were playing a football game in week number eight of the season. It was a tough game, between two teams with comparable records. Belleville was beginning to form a solid program, having broken a long drought. They came into the contest with a 4-3 record and were looking for its best season since 1969.

John Senesky's young team had taken a 16-7 lead in the third quarter when Ralph "The Bear" De Pasquale intercepted a Clark pass and ran it in for a touchdown. A few plays later, during a routine tackle, a Belleville player lay on the ground. As medics rushed to his side, it was apparent that this injury was not routine. A few moments later, the always upsetting scene of the ambulance coming onto the field told the spectators that this young man was

seriously hurt. He was placed into the ambulance and rushed to the hospital. The young man's name was Ricky Racioppi and his injury turned out to be a broken leg. It wasn't your typical break, however. Racioppi stepped into a cast in November and wouldn't have it removed until February. The injury was a serious break and his recovery period was going to be long and tedious. Just a sophomore, Racioppi's career appeared to be in jeopardy. Ricky, however, had different ideas. Working out with his friend Anthony D'Agostino, Rick got himself back into shape and started at linebacker in his junior season.

The rest is history. Racioppi led Belleville to an 8-2 record in 1979 and a 9-2 mark in 1980, climaxed by an appearance in the championship game of the Group IV, Section II playoffs. Racioppi teamed with Phil Cerza to form a fierce linebacking corps. He had worked long and hard to come back from a near crippling injury. Perhaps his finest moment came on that Clark field in his senior year of 1980. Racioppi made a key play on defense late in the contest to seal a 20-12 Buccaneer victory that assured the team a berth in the playoffs.

From a tremendous high school career, Racioppi attended the University of New Haven, where he has rewritten the record books. This season,

QUARTZ MAKES A GEN OF A WATCH

Accuracy within 60 seconds a year makes the quartz watch the latest word in modern timekeeping. Quartz watches derive their famed accuracy from a tiny bar of quartz crystal that vibrates thousands of times per second (as compared to the five to 10 vibrations per second of the balance wheel of a mechanical watch). These vibrations are divided down to a much lower frequency which regulates the time display system, reveals the Jewelry Industry Council.

Quartz analog timepieces use the traditional watch face to show the time. Electromagnets or tiny synchronous motors control the wheels and gears which turn the hands on the dial.

Quartz digitals, also called solid-state or all electronic watches, have no moving parts. A digital electronic display replaces the conventional dial. There are two types of solid-state digitals: the L.E.D. and the L.C.D.

The L.E.D. displays time by means of light-emitting diodes, dots or bars which glow at the touch of a button. Since relatively large amounts of current are needed, it shows time only on command.

The L.C.D. (liquid crystal display) watch slows the time when a light-sensitive liquid is electrically stimulated. Continuous display is possible with the L.C.D. because very little power is consumed.

Some quartz watches will run up to five years on a single battery. It's hard to imagine a watch better suited to seeing man into the space age.

Cross Country Team Loses Two; West Essex Next Opponent

The Belleville cross country team dropped two meets last weekend and fell to 0-5 on the 1984 season. The Bucs will be in West Essex this afternoon starting at 4 p.m. and travel to Branch Brook Park on Saturday for the Essex Catholic Invitational. Next Tuesday, the team will be in Clifton for the final duel match of the season.

Head coach John Tosato was happy with the team's effort in the Nutley match, a 20-39 Raider victory. Sophomore Craig Burden was second in the race, with a time of 17:28, by far his best performance of the season. Burden continues to improve as the season progresses and should do pretty well in the individual matches that will be held later this fall.

Senior Bill Huamani finished sixth in the Nutley race, with a time of 18:35. It was Huamani's best time on the home course for his career. J.R. Di Vincenzo finished with a time of 21:01. Mark Huamani came in with a 21:05 and John Zurlo closed out the Bucs scoring with a time of 21:52.

Against Passaic, Belleville was trounced by a 15-50 score, with Burden the first Buccaneer to cross the wire, finishing sixth overall. The Bucs were hurt by the absence of senior Bob Hutchison. "Hutch" should be back in the lineup this week and his presence

certainly gives the Bucs an added attack.

For the girls' team, freshman Joyce Luongo did a nice job in the Nutley race, finishing with a time of 23:39. Overall, she placed fifth in the race. Sophomore Donna Lee Daudelin was sixth versus the Raiders, finishing with a time of 25:08. Freshman Kathy Lima closed out the Buccaneer scoring with a time of 28:23.

"We had some good performances from the athletes in the Nutley race," said Tosato. We're hoping to come through with a good effort in the Essex Catholic Invitational and then we'll get ready for the counties and sectional championships."

County Tennis Matches Feature Area Residents

The annual Open Tennis Championships, sponsored by the Essex County Department of Parks, Recreation and Cultural Affairs, were held in Branch Brook Park on Sept. 21-23 and 29-30.

In the men's junior veteran (35 years and older) the winner was Richard Stabile of Belleville who defeated Eric Atakora of Orange 6-1, 6-4. In the women's junior veteran, Irma Groen of Belleville was defeated by Nancy Schetlick of Irvington, 6-2, 6-0.

A Chorus Line — The Belleville High School twirling squad was one of the many township organizations which marched in Sunday's Columbus Day Parade. The squad performed its new dance routine for the many onlookers.

Belleville Homecoming

The Belleville High School Homecoming events will be sponsored this year, as in past years, by the Belleville Kiwanis Club.

This year's highlight will be the BHS football game against Bloomfield High School, slated for the night of Oct. 13 at Municipal Stadium, the game is billed as the "Goodwill Game," and the Bloomfield Kiwanis and school organizations have been invited to participate in the parade

beginning at 6 p.m. from Belleville Town Hall on Washington Avenue.

The Belleville Board of Commissioners and Board of Education have been invited to participate in the parade. All are invited to join in.

Anyone interested may contact Kiwanis Club chairman Vincent Sorrentino at 759-6475.

Rec Activities Are Scheduled

The Belleville Recreation Department has announced the start of its fall activities schedule.

The girls' cheerleading clinic for ages 6-14, which began Sept. 27, takes place on Thursdays at School 3 from 6:30-8:30 p.m.

Girls' twirling for ages 6-14 takes place on Mondays from 6:30-8:30 p.m. at School 4, while junior girls' twirling for ages 8-10 takes place on Wednesdays from 6:30-8:30 p.m. at School 7. Senior girls' twirling for ages 11-14 is conducted on Thursdays from 6:30-8:30 p.m. at School 7.

Girls' basketball clinic for grades 3-8 takes place on Thursdays from 6:30-8:30 p.m. at the middle school's girls' gym. Boys' basketball league for grades 3-8 will be conducted on Mondays from 6:30-8:30 p.m. at the middle school's boys' gym.

A color guard clinic for girls 8-14 takes place on Wednesdays from 6:30-8:30 p.m. at School 4, and ladies open volleyball for adults will begin on Monday, Oct. 15 from 7:30-9:30 p.m. at the middle school girls' gym.

For more information on upcoming programs such as aerobics, volleyball leagues and gym nights, please call 759-5142, between 8:30 a.m. and 4 p.m., Monday through Friday.

Little League Champions — Rotary Club President Norman Thompson (right) presents a jacket to Rotary Club Little League baseball coach Chick Puleo. The club honored the team members with jackets. Rotary finished the season with a 20-0 record, winning the American League title and the World Series in Belleville Little League. Team members were Kevin Burbank, Ray Caruso, Artie Zaccchia, Robert Ricci, Stacey Johansen, John Clengahan, Rick Dowd, Bruce Melson, Jerry Mahoney, Omar Bejarano, Bob Gialanella, Bill Prosperi, Mike Lilola, John Strenick and Donald Mastro. Doug Stone was the manager assisted by Phil Linfante and Puleo.

More Buc Shots

(Continued from page 11)

Racioppi has helped his team to its best start since 1980. In a game against Albany State, Rick had 13 tackles and recovered four fumbles. After two games, he leads the team in tackles with 28.12 by himself and 16 more assisted. He leads the team in fumbles recovered with five and is tied for the team lead in pass deflections. For his career, Ricky is the all time leading tackler at UNH. Last season, he recorded an even 100 tackles to tie for the club lead. He had 14 tackles in a game against Central, 13 against Southern and 18 at Lock Haven. In 1982, as a sophomore, Racioppi set a school record with 123 tackles and in his freshman season, accumulated 45. Last season, Rick was named to the First Team, All-New England. Racioppi is majoring in business at UNH. Says his coach, Larry McElreath, "We're looking for Richard to anchor our defense this year. We need another good year from him."

It was quite a comeback for Rick and just goes to show that determination and hard work can take you a long way. Congratulations to this fine young man on his marvelous accomplishments and continued success.

Who would have ever thought that the San Diego Padres would represent the National League in the World Series? Certainly not the Chicago Cubs, who blew a two-game lead in the series and now share the dubious distinction with the California Angels of being the only teams ever to win the first two games of a championship series and then lose the next three games. Both Detroit and San Diego have vocal home crowds and that could make a difference. Despite the emotional sentiment that San Diego has, you can't help

but wonder if Detroit will lose a game. They were 104-58 in the tough American League East this year and got little work in dismantling Kansas City in three straight. The Tiger pitching might be the difference. If it comes down to a duel between Gossage and Hernandez, however, it is anyone's ball game.

The Belleville High School athlete of the week is Michael Gibbons of the football team. Mike rushed for over 100 yards in the win over Paterson Eastside and is the team scoring leader with three touchdowns in the early going.

Soccer Squad Falls to 3-5

(Continued from page 11)

and lost a great deal to graduation. De Aquino cited consistent play from Mike and Luke Stettl, Woods, Toledo, Donnerstag, Sotomayer and Calvache. Of Toledo, De Aquino said, "the best offensive. As for Donnerstag, De Aquino said "the defender" said, "the finest goalie I've seen in a long time. He has a lot of courage coming out of the goal and is good in the one on one situations." Of Sotomayer, "he has the ability to play multiple positions" and Calvache, "he is able to play anywhere."

Belleville's Past

The Soho works soon to become a central force in the history of the Hendricks family, took its name from the famous Bolton and Watt factory in Birmingham, England; it was described as the best equipped engineering plant in the United States. It was operating two blast furnaces for smelting and refining copper before Paul Revere opened his copper mill at Canton, Mass. His proximity to the stream flowing into the Passaic River gave the mill an ample year-round water supply. As a pioneer the government of the United States, had built the machinery for the Schuylkill Water Works of Philadelphia in 1800 under the direction of Benjamin Henry Latrobe, and had engaged in similar undertakings in its brief history of less than a decade. Why the Soho Company did not succeed has not been determined. Its mines continued to yield ore and its mills produced American copper as late as 1806. When the city of New York required copper to improve its waterworks, the machinery at Soho was already silent and the Manhattan waterworks requested Hendricks to order the necessary materials from England. By this time the fate of Soho seemed certain. Roosevelt caught the steamboat fever and left New Jersey in 1809 to try his luck with steam navigation on the western waters. Livingston had previously become the American minister to France, where he met Robert Fulton to whom he now gave his financial support. And Hornblower, an ailing man of seventy-eight, was destined to live only one more year. The seat at Soho was deserted by 1808 and its stockpile of American copper remained untouched for the next five years while American merchants searched for copper from abroad. Its fine machinery became an undisturbed refuge for the spiders, who covered it with their artfully spun webs. Rubbish choked the drifts above the mine shaft that had been drained of water to make the mine workable, and the only mill that operated in the area was one recently built that ginned cotton. Not far from the cotton mill was the Belleville Gun Powder Works, which was active in producing ammunition for the government, but copper at Soho was forgotten.

For five years the Soho works stood inactive, a quiet testimony to the failure of one branch of American industry. Some of its equipment was stripped and the mill became a barren sight amid its twenty acres of surrounding land, a quarry, and a brook known as the Second River.

Religious Viewpoint

Number One Marriage Killer

By Rev. Robert Paul

More than half of the 84 million adult females in America are now formally employed. Only 7 percent of American families are structured according to the traditional model of supportive father and homemaker mother. Dr. James Dobson, associate clinical professor of pediatrics, University of California School of Medicine, in an article in The Christian Herald, gives some reasons why mothers are environmentally pressured into working outside the home.

In the first place they are given the idea that every female in America who isn't "working" is being cheated and exploited by the male-dominated society in which she lives. If she has any gumption or intelligence, she'll seek fulfillment in a career. Many women have thus accepted employment as a means of coping with the disrespect that they experienced as full-time mothers.

In the second place, there is abroad the impression that children, even those under five years of age, don't really need the extensive nurturing and involvement of their mothers. They will become more independent and assertive if raised in various child-care settings. Some children are brought up, but said to say, some just grow up on the street without home training.

In the third place, there is the false assumption that most mothers of small children can work all day and still have the energy to meet their family obligation — perhaps, even better than if they remained at home.

In this respect Dr. James C. Dobson states, "To the contrary, I have observed that exhausted wives and mothers often become irritable, grouchy and frustrated, setting the stage for conflict within the home. As such I believe more divorces are caused by mutual overcommitment by husbands and wives than all other factors combined."

Perhaps there are cases where there is no alternative, and the wife of necessity must work outside the home. But for those who really do not need to work outside, they should consider the Holy Scriptures, "To be discreet, chaste, keepers at home..."

Children are a precious heritage, and of such they need your special, loving, tender care that God will give when you place your complete trust in Christ (St. John 5:24).

SHERIFF'S SALE
SUPERIOR COURT OF NEW JERSEY
CHANCERY DIVISION, ESSEX COUNTY.
DOCKET NO. 4-185-84 THE HOWARDS V. INGS BANK, a New Jersey corporation, PLAINTIFF vs. MAC M. CLAYTON, et al. DEFENDANTS. Execution For Sale of Mortgaged Premises.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Auction, in SHERIFF'S OFFICE, Essex County Court Building in Newark, on Tuesday, the 30th day of October next, at one o'clock P.M., the following:

The property to be sold is located in the Township of Montclair, in the County of Essex, and State of New Jersey.

Commonly known as: 147 Lincoln Street, Montclair, New Jersey.

Tax Lot No. 26, in Block No. 3005.

Dimensions of Lot: (Approximately) 50.00 feet wide by 130.00 feet long.

Nearest Cross Street: Situate on the northerly side of Lincoln Street, 300 feet from the northerly side of Maple Avenue.

A complete description can be found in the Essex County Register's Office.

The approximate amount of the Judgment to be satisfied by said sale is the sum of NINETEEN THOUSAND ONE HUNDRED EIGHTY NINE DOLLARS AND NINETY FOUR CENTS (\$19,189.94), together with the costs of this sale.

The Sheriff reserves the right to adjourn the sale from time to time as provided by law.

Newark, N.J., September 24, 1984.
