Morning Fire Destroys Public Works Building Equipment and Records Burn; Exact Damage Not Estimated

By Michelle Jeannotte

A fire, which blazed for almost 90 minutes early Monday morning, gutted the township's Department of Public Works building on Cortlandt Street, destroying records and hundreds of thousands of dollars worth of new equipment.

According to Deputy Chief Dawson Bloom of the Belleville Fire Department, the fire was reported at 9:36 a.m. and put under control at 10:59 a.m. with assistance from the Nutley Fire Department.

"Everything is completely under investigation," he said Tuesday night. "The investigators have ruled that the fire was accidental, but they're still sifting through the rubble to find where the fire actually began."

Fortunately, because of the Veterans' Day holiday, only one employee was in the building at the time. According to Commissioner Joseph Grande, a mechanic was working on one of the street sweepers when the fire broke out. He escaped unharmed.

The fire was believed to have started at the rear of the building, which housed the garage and maintenance area, said Bloom. "When we arrived on the scene,

the fire had already extended through the roof," he said. "Everything just caved in."

Only one injury was reported when part of the rear wall collapsed, slightly injuring Fireman Michael Cancelliere's ankle.

According to Commissioner Grande, all of the newer equipment was being stored in the garage at the time of the fire. "I could just cry," he said, noting that one of the new dump trucks, which was received last Wednesday, had only 15 miles.

Equipment destroyed in the fire included two new dump trucks, sweepers, and salting equipment. Grande estimated a figure close to half a million dollars worth of damage.

Most of the department's records were destroyed, including diagrams of the water mains and sewer systems. "This is just something you can't measure in dollars and cents," said a despondent Grande, who continued to survey the damage.

By Monday night, the remaining walls were knocked down, enabling a crane to sift through the rubble. Burned file cabinets were separated from the gutted building and laid aside for examination. It was not known if

any of the records were salvaged.

The brick building, which once housed a trucking firm, became township property about 10 years ago, said Grande. It contained two stories of office space plus the garage and maintenance area in the rear.

"My main concern is that the people of Belleville not worry about the department's functioning," Grande said. "None of the essential services will be interrupted, but I hope that they will hear with us until we can get back on our feet."

According to Grande, in the meantime, his department will receive assistance from neighboring towns. "I've already spoken to Nutley Commissioner Peter Scarpelli, and he said his department would do whatever it could to help us."

One of Grande's immediate objectives is to have temporary trailers set up in order to keep his 45 employees together. "This (the fire) is bad enough," he said. "I don't want my department split up."

As of Tuesday night, an exact amount of the damage was not estimated, said Bloom. He also said the investigation would continue until the exact cause of the fire was known.

Fire Out of Control — An early Monday morning fire broke out at the Department of Public Works building, burning the building to the ground. The township's fire department required assistance from the Nutley Fire Department to fight the fire. It was put under control 90 minutes after it began. — Fire photos by Michael C. Gabriele.

Boards Continue Discussion Of Redevelopment Plans

By Linda Telesco

Concerned citizens flooded Town Hall. Public officials exchanged heated words. Mayor Michael Marotti angrily threatened to adjourn the session. The press fell under fire and a reporter was threatened afterwards by a public official. But other than that, nothing much happened.

It was a special meeting last Friday of the Board of Commissioners, the Belleville Redevelopment Agency (BRDA) and the local Planning Board called to discuss progress on a proposal for the redevelopment of Washington Avenue.

Specifically, the session was requested by the BRDA to determine why the Planning Board has

not yet delivered its report on the redevelopment proposal advanced last winter by the agency.

The plan was prepared by the BRDA and a private firm, Township Associates, and calls for an official declaration of blight along selected portions of Washington Avenue from Jordanon Street to the Newark border.

According to state mandated procedures for municipal redevelopment, once such a plan is advanced by the redevelopment agency, and a public hearing is held, it must be submitted to the local planning board for review.

Planners have the option of approving, rejecting, or modifying the plan. Their decision then goes to the local governing body, in this case the Belleville Board of Commissioners, for a final vote.

The BRDA brought its plan out last winter and held a public hearing with the Planning Board in attendance at Belleville High School last May.

However, the planners have not yet delivered their report although they recently received a review of the plans from their own consultant, Grace Harris.

At Friday's meeting, Planning Board Chairman Joseph Doyle explained the planners were con-

cerned about hearing from Harris before rendering their own decision.

He noted that Harris had been ill during the summer and her review was delayed until two weeks ago. "Now that we have two documents, Township's proposal and Mrs. Harris's report, we will study both and make our recommendation," said Doyle.

The planner also noted that his committee was attempting to "get the public input that was perceived as lacking in the Township proposal."

Because the redevelopment plan calls for certain portions of Washington Avenue to be blighted in order to encourage new developers to move in, a majority of citizens registered objections to the plan at last May's public hearing.

Some residents and businesses will be displaced by such a plan if approved and although the BRDA has discussed provisions for helping them to relocate, opponents feared displacement and pleaded for an alternative to blighting.

Though most citizens agreed "something must be done" to improve Washington Avenue,

(Please see "Avenue" on page 3)

BHS Begins Preparations For Fall 1985 Evaluation

The forces at Belleville High School are already gearing up for the school's Middle States evaluation slated for November 1985.

According to BHS Principal Joseph Ciccone, every major comprehensive high school in the Middle States Association — which includes New Jersey, Pennsylvania, Delaware, Maryland, and Puerto Rico — is evaluated every 10 years.

The evaluation, he said, is conducted to determine how well the school is meeting the objectives and fulfilling the philosophy formed by its own staff.

Ciccone and two members of the BHS staff delivered a presentation to the School Board Monday night detailing the preparation for the 1985 evaluation.

Ciccone explained the MSA will send a visiting committee of 27 educators for a three-day visit to study BHS.

Total costs could run the district up to \$29,000.

The committee will be composed of educators from outside the immediate area, possibly from out-of-state, to ensure "a proper perspective" on the school and community, the principal said.

The purpose of the MSA evaluations of its high schools is

to ensure standards of education meet the needs of the students and the community in which a given school is located.

In preparation, eight major BHS committees reflecting the areas to be scrutinized by the MSA have been formed to provide full reports of school functioning.

The faculty committees cover such areas as philosophy and objectives, learning media, student services, school policies, school staff and administration and school facilities.

The reports from the various panels will be screened by a steering committee, and compiled into a booklet that details the strengths as well as the needs and planned solutions discovered by the various committees in their internal evaluation.

He estimated a \$9,500 outlay for secretarial services to type the booklet.

Ciccone also described plans to update the curriculum guides on a regular basis noting that he now has 182 standardized guides with input from every staff member.

The principal requested, as part of the total evaluation package, \$8,000 for printing and collating the guides which will be

distributed to schools and throughout the community.

In addition to studying the mechanics of the operation at BHS, the evaluation committee will explore the cultural and social complexion of the school and its relationship to the community at large.

Guidance counselor Rocco Cafone described this portion of the preparation plans. "The

Family Continues Search For Suitable Housing

The plight of a disabled veteran who needs an apartment for his family continues this week.

"I'm getting desperate. I don't know what to do," said Michael Porcello, who has been looking for an apartment for himself, his wife, and their 13-year-old severely handicapped son.

The family must vacate its first floor apartment on Hornbloom Avenue by Saturday, Nov. 17, according to a legal agreement reached between Porcello and his landlords.

The Porcello family has been living in the apartment since January 1983. They were given notice to vacate last spring when their former landlord sold the house to new owners.

Last June, one of the new owners began legal eviction proceedings to obtain the apartment from Porcello, but the action was halted in August when Porcello agreed to vacate by Nov. 17.

"I can't find anything," the father said Tuesday. "I go out looking for an apartment every day. I call realtors every day, but either I can't afford the rents or

the apartment is not good for my son."

Young Domenick Porcello is a victim of cerebral palsy and is confined to a wheelchair. Because of Domenick's disability and orthopedic needs, Porcello has been seeking another first floor apartment.

He said most of the apartments he has seen were unsuitable because they were far too expensive or in what he considered unsafe neighborhoods.

The family lives on Porcello's \$185 monthly stipend from the Veterans Administration and the \$200 weekly salary his wife, Florence, earns as a nurse's aide at Clara Maass Medical Center.

Although the Porcellos qualified in the past for a state rental assistance program, that and was discontinued, he said, when his rent exceeded the guidelines considered "fair market" price.

Presently, the family pays \$420 monthly for a five-room apartment.

"I tried to pay the full month's rent for November, but the

(Please see "Family" on page 14)

School Bond Referendum To be Presented Nov. 19

A presentation on the proposed school bond referendum will be given at the Belleville Board of Education's public executive session Monday, Nov. 19, 8 p.m. at the Board Complex, 190 Cortlandt St.

The presentation will be given by the architectural firm of Becker, Bendixen, Murphy & Herbst, which has completed an extensive inspection of all Belleville schools and will outline the scope of the work on a school-by-school basis, including both structural and educational implications as well as preliminary budget estimates.

Govel Wins Action; Conversion Approved

Newark Attorney Michael Rosenbaum, representing Govel Agency and Bridgebrook Development Group Ltd., converters of Bridgebrook Condominiums, appeared in Superior Court, Newark, Tuesday, before Judge David Landau seeking to dismiss the lawsuit brought by the Tenants Association of Bridgebrook Gardens. The group tried to stop the condominium conversion. Govel brought a cause of action to terminate the lawsuit, which the judge granted.

The judge dismissed the action, thus permitting the condominium conversion to proceed ahead with full steam. The sellers are authorized to continue with the sale of condominium units which start at \$57,000. One hundred and fifty units already have been sold. An additional 26 are scheduled for closing this week.

President William Govel, of Govel Realtors, was pleased with Judge Landau's decision.

Fighting the Fire — Members of the Belleville Fire Department aimed for the roof of the Department of Public Works building. By the time firefighters arrived on the scene, the fire had already extended to the roof.

Business Bureau

By Howard Halpern

There is a story credited to Abe Lincoln about two men hired to chop down some trees and prepare them for a logging firm. Each man was assigned the task of felling a certain number of trees by the end of the day. One man worked feverishly, never taking a break for rest, food, or a drink of water. The other man took a 10-minute break every hour. At the end of the allotted time, the man who had worked feverishly had a disarranged stack of logs, hopefully the number he was to have felled. The other man obviously had more than enough logs, neatly stacked with the brush off the side in a pile.

The first man was amazed at the outcome and asked, "Why is it that I never took a break for anything while you took 10 minutes every hour to sit down and you end up with more logs cut than I? The second man smiled and simply said, "During those breaks, I sharpened my axe." It's the same thing with business, one must sharpen his existing skills to remain competitive. In business there is no status quo, only forward or backward.

Formerly LaTerza's, now Good Health Pharmacy, 313 Union Ave., will have its official grand opening on or about Dec. 1 and will feature a store wide 10 percent discount in honor of the occasion. Open for business since Oct. 12, partners John, Al, and Ed have been busy sprucing up, rearranging and adding a multitude of new products.

A short time ago John Diomedee came into my deli and asked to join the Belleville Chamber of Commerce because of the major role the Chamber has in the business community. Good Health Pharmacy has been unanimously accepted as a member. The Union Avenue location is the second of two pharmacies, the other in Cliffside Park. Included in its product expansion are greeting cards, Timex watches, brand name fragrances, and a full line of surgical supplies.

Special services offered by the drug store, include blood pressure testing, free delivery and pick-up of prescriptions from the physician, and 24-hour emergency prescription service. The partners plan to remodel their entire building in the near future. The Belleville Chamber of Commerce wishes Good Health Pharmacy much success in their endeavor. Watch for ribbon cutting ceremonies soon.

In a recently published report titled "Women: A Progress Report," highlighted some interesting statistics. In 1960 there were an estimated 24 million women in the work force and by 1983 the number had increased to under 50 million. What significance do these facts have? Is it because women are just as smart as men and can do almost any job that a man can? Is it because there are more single women today due to separations and divorce seeking their fortune out of necessity, or is the economy such that the traditional breadwinner (husband) can't make ends meet from only one salary?

In my best estimation, it's probably all three reasons depending on the individual situation. Women are also involved in politics. There's one Governor, two Senators, and 19 Congressional Representatives. In local governments, women are very active with 1700 mayors, 1300 county commissioners, and 900 state legislators, on their way. Watch out guys.

ALL ABOUT ASPIRIN AND ACETAMINOPHEN

Because aspirin is an acid, it can irritate
the stomach. It causes nausea in as many
as 10% of users. If the irritation is not
serious, it can be avoided by taking the
drug with milk or solid food or by using
painkillers that combine aspirin with an
antacid. However, aspirin can cause an
ulcer attack in those susceptible to this ail-
ment. If the ulcer bleeds, the anticoagulant
effect of aspirin will worsen the bleeding.
Among the several aspirin substitutes, only
one, acetaminophen, is considered both
safe and fully effective. Acetaminophen
works as well as aspirin in relieving
headaches and other pains without
aspirin's gastric and allergic side effects.
However, acetaminophen can cause liver
and kidney damage if taken in top large
amounts.

When you have a question on any type
of medication, feel free to call on our phar-
macy at ROSSMORE PHARMACY, 338
Washington Ave., 759-1956, 759-1968.
"Your Doctor Knows Us Your Doctor Trusts Us."
For Thanksgiving stop by and see our
fine selection of greeting cards and a Russell
Stover candies. Open: Daily 9am-10pm,
Sundays 9am-9pm.

HANDY HINT:
Unlike aspirin, acetaminophen does not
relieve the soreness that is associated with
inflammation.

Avenue Redevelopment Plans Progressing

(Continued from page 1)
they felt the present plan lacked the human touch and seemed concerned only with how many ratables could be brought into town.

It was those concerns, Doyle said, that were being weighed by the Planning Board.

"Once you put something in blight, you cannot undo it. We don't want to make that recommendation lightly," the planning chairman added.

His colleagues on the panel agreed. Chris Albanese, secretary of the board, said, "If it was my ratables I wanted, I'd blight all the way up the Avenue," he said. "But I want to hear what the people say."

Ralph Risoli added, "We have about 250 families and merchants to consider. Where can you put these people? We'd have to build a city on Route 17 to hold them all."

However, BRDA Chairman Emil Nardachone objected to those reasons, charging that such considerations were out of the realm of the planners in this case.

"The sole function of the Planning Board is to determine, after

the public hearing, if a blight condition does in fact exist, then make their recommendation to the Board of Commissioners," said Nardachone.

Nardachone also noted the delay on the part of the planners only caused more tension among residents anxious to learn their fate in the matter.

Commissioner Ralph DiRugiero, who tried to calm the heated exchanges, agreed with Nardachone.

"The issue has gone on too long. We have to start one way or the other," he said, reminding the planners that "right now you're holding a very critical piece" in the process.

Doyle rebutted saying the BRDA worked for two years before coming up with a proposal and in that time never asked the Planning Board for input.

Doyle also accused the BRDA of creating a "drama" out of the Friday hearing which was intended only for the three panels to determine the present status of the matter.

In an effort to counteract what it saw as a negative report on the part of Harris, the BRDA dis-

tributed fliers to citizens that apparently stirred the large citizen turnout Friday.

BRDA member Joseph Dasaro denied the planners were never denied to preliminary sessions on the issue and defended the brochures distributed as an "attempt of the BRDA to get the story before the people as best we can in language they can understand."

Admitting surprise that the Friday session drew such a large turnout, Mayor Michael Marotti informed the crowd at the session's outset that while the meeting was open to the public it was not designed to be a public hearing.

"We're not here to discuss for or against redevelopment, just to hear the progress of the plans," Marotti explained.

However, participants made several attempts to introduce viewpoints into the discussion. At one point, Dasaro shouted the delay of the planners on "the most vital issue in town today" was "totally inexcusable."

The outburst prompted Marotti to intervene. "The Planning Board gave us a date. It's doing its best for the town," he said. "I won't stand for bawling knocking each other up here and I'll adjourn this meeting," the mayor said.

In calmer tones, Nardachone

said the BRDA prepared its own study, to be released next week, of Harris's report.

Nardachone said the state statutes on the issue indicate that blight must first be approved by the governing body before a formal plan can be drawn and funding obtained.

"Her report is behind the times," Nardachone said.

In fact, it was the publication of that report, released to the press by the Planning Board chairman, that incensed the BRDA and motivated its request for the meeting.

On the other hand, planners expressed annoyance over a recent Times' editorial commending the BRDA's plans.

Planner Doug Cantarella staged a heated diatribe against The Times, calling the publication "garbage" and a "sewer" while at the same time demanding more extensive coverage for the Planning Board from the reporter present.

After the session, Cantarella approached the Times' reporter and, in the presence of two merchants and two citizens, threatened, "Go ahead. Quote me on what I said in there, but if you do, beware."

In all, it was an evening full of sound and fury but signifying nothing.

Baseball Parents Sponsor Trip to A.C. Next Friday

A bus trip to Atlantic City, sponsored by the Belleville Baseball Parents and Friends Association, will run Friday, Nov. 23, 3 p.m.

The Belleville Baseball Parents and Friends Association, formed in June 1984, is a nonprofit organization dedicated to an enthusiastic interest in the town's baseball programs. Its goals are to lend financial and

moral support to the various baseball organizations, to cooperate with officials in charge, and to achieve and maintain the highest degree of efficiency in this department.

Profits from fund raisers benefit the baseball organizations.

Anyone interested in joining the Baseball Parents and Friends Association or seeks additional information about the bus trip can call Sue Caponi, 751-4162, or Joyce Muthman, 751-4334.

The bus will be leaving from Belleville High School.

Phone Change

The Last Orange office of the New Jersey Department of Labor's Division of Vocational Rehabilitation Services (DVRS) announced the telephone number has been changed to 266-1870.

DVRS is the state agency that provides services including counseling, training, medical restoration and job placement services to individuals with physical or mental disabilities. Persons wishing to refer themselves or others for services may call the office at 20 Evergreen Place, East Orange at the new telephone number of 266-1870 to make an appointment.

Choose Life

O Lord, my God, whose power and might is stronger than anything I might ever face.

I know that You are watching me in every step I take, leading me toward the abundant life You have planned for me.

Today, as every day, I am faced with decisions. I must choose. Will I respond negatively or positively to the ideas You will bring my way?

Will I align myself with loneliness of brighter someone's day?

Will I look anxiously toward tomorrow with fear, or will I place my life in Your care and face my future with hope?

A Peerless Leader

President Ronald Reagan carried New Jersey except for one county — Essex. In carrying the other twenty counties, Reagan lost Essex by 45,000 votes. Much of the credit for the Democratic victory, goes to the effective, shrewd County Democratic Chairman, Ray Durkin. It is Durkin who has pulled together diverse forces in the county to mold into one cohesive group Democratic leaders from the cities and suburbs. With no patronage at his disposal to discipline his political troops, Ray Durkin did the impossible merely by being himself — a peerless leader.

The Essex County

Democratic victory should serve notice upon other state and county Democratic leaders that Ray Durkin is ready to assume the State Chairmanship of his party. Ray is ready and it looks like his party is, too. If the Democrats hope to retain a slim chance of winning the governorship in 1985, common sense requires them to start planning in 1984.

Frank A. Orechio

Ronald Reagan's Trials

The nation and the world are still talking about how our President carried 49 of 50 states against Walter Mondale. The result is not surprising. Reagan deserved to win — and Mondale deserved to lose. Boxed in a corner as pro-tax and pro-abortion — opposed by the white Southern Baptists, plus the television ministries — Mondale didn't have a prayer. Bill Bradley's unprecedented victory by almost 1 million votes to retain his seat in the U.S. Senate propels him into the national limelight like no other Jerseyman before him.

The dust is settling in Washington and on the horizon appear the same old problems — national deficits, relatively high interest rates, 35

million Americans below the poverty line, 9 million Americans unemployed — and if this sounds like bad news — that is the way it is. President Reagan and his Republican controlled U.S. Senate, and a Democratic controlled Congress are not only confronted with these problems but they are obliged to find a solution. And, ladies and gentlemen, it won't be easy. Let's hold our hats and go for the ride.

Frank A. Orechio

Scouts — Good Scouts

One of the best means to curb juvenile delinquency is within reach of every family household privileged to have growing children. The values that have made this country great can be found in the creeds of both the Girl Scouts and Boy Scouts. Being a Scout represents a high standard of achievement — a learning to be independent — a learning to think for one's self.

Scout teachings make one easily understand the clear and explicit differences between right and wrong.

In a recent communication, the Boy Scouts of America rightfully state that the strongest voice in America today in support of high standards for America is the Boy Scouts. The same can be said

for the Girl Scouts.

There is a crying need to be supportive of Scouts' activities. Both organizations should be given our total consideration and cooperation. More than likely, future leaders of America — both male and female will come from the ranks of today's Scouts.

Yes — America needs Scouting more than ever before.

Frank A. Orechio

Advisory Committee Effort Initiates School Expansion

To the editor:

We would like to express our thanks to Joseph Ciccone, Belleville High School Principal, for inviting us to the dedication ceremony for the new wing at the high school.

As current chairpersons of the Special Education Advisory Committee, we were pleased to be recognized as being instrumental in initiating this project.

On behalf of the 1983-84 Advisory Committee members, Cora Boice, Thomas Fuscaldo, Thomas Candura, Frank Santisera, Larry Denipso, Lisa Pica, Jo Ann Friend, Camille Nazzola and our representatives, Carol Russo, Phil Linfante, Tom Spilane, Rae Saulino and Dr. Anthony Chirico, we accepted the honor of being present.

It was through the efforts of the entire committee and the coopera-

tion of Mr. Ciccone and the Board of Education that our request for space for special education became a reality.

Building extensions onto existing facilities may not be a new idea for Belleville, but for Special Education this was the first time that some of the needs of these children were recognized.

The wing has provided some of the additional classroom space needed at the high school and at the time provided the Guidance Department with a new location.

The committee is proud of our past achievements and plan to continue our efforts on behalf of the special education children of Belleville.

Sincerely yours,
Annette Lardieri and
Maria Marinelli
Chairpersons

Arthur Clay Thanks Voters And Campaign Supporters

To the editor:

I would like to take this opportunity to express my sincerest thanks to all of the people who worked so hard during my campaign for reelection to the office of Essex County Freeholder. I would also like to thank the citizens of Belleville, Bloomfield, Cedar Grove, Glen Ridge, Montclair and Nutley which comprise District 5, who showed their confidence in me by reelecting me to a second term.

The experience of having served on the Board of Freeholders for the last three years has taught me the most important lesson of my political career. If there had been no Republican sitting on that board

there would have been fewer questions raised, less issues debated, and almost no attempts at eliminating politically motivated appointments or contracts. There would also have been much less opportunity for the needs of the suburbs to be considered on the same level as the urban areas.

Your action in re-electing me, says loudly and clearly that the suburbs do not want to be without representation. I promise you I will make your voice heard and be counted.

Yours For Good Government,
Arthur L. Clay
Freeholder
District 5

Giblin Thanks Supporters And Times for Its Coverage

To the editor:

I would like to take this opportunity to extend my thanks to your readers for their assistance and support during my recent campaign for reelection as Essex County Freeholder-At-Large.

In addition, I'd like to personally thank you and your staff for your cooperation and hard work, particularly in these past few months. Your editor and reporters are to be

congratulated for their outstanding coverage of not only the At-Large race, but the entire election in general.

I look forward to working with all of you in the future as your representative to the Board of Chosen Freeholders.

Again, thanks for your support.

Sincerely,
Thomas P. Giblin
Essex County Freeholder

County Government Plays Vital Role Says Jerome Greco

To the editor:

I want to thank the voters of Belleville for their vote of confidence in me in last week's election.

Now that the campaign is over, I am looking forward to returning to the process of governing and bringing together all elements of our county to join me in fighting for hold, new initiatives to lay the groundwork for a brighter future in Essex County.

I believe that, while Essex County government has made tremendous strides in the last six years, our greatest challenges and opportunities

lie ahead.

County government has a vital and creative role to play in the lives of its citizens. Whether in the area of economic growth, public safety, the environment, recreation or health care, county government can make a difference.

Together, during the next three years, we can galvanize the best part of our citizenry and make Essex County a model for counties throughout the country to emulate.

Sincerely,
Jerome D. Greco
Freeholder President

Certain Foods Cure Sickness

To the editor:

We used to live in Belleville 18 years ago. Mommy and I are up here in the country 18 years now, but we used to always get The Belleville Times when we lived in Belleville.

When we moved up here in February, 1966, I notified Frank Orechio to mail us The Belleville Times up here and Momma Gantner who lives up here, gets The Nutley Sun.

In last Thursday's Belleville Times, there was an article about cancer. Well, I said to myself, I should send Dr. Mercogliano the article about cancer in the February 1974 issue of Prevention. I went about 10 miles down to the county library and xeroxed it.

The article explained how asparagus can help cure certain diseases. I eat up to two cans every day, twice a day, and now I have no more pain in my throat. Prevention magazine has saved my life again.

Once, when I was at our doctor in Newton, he said I should have an x-ray of my chest. An enlarged heart was detected. I was shocked. When I saw he didn't prescribe any medicine, I felt relieved. Then I read in the January 1979 issue of Prevention that bran was good for you. So I started eating bran.

Please Mr. Mercogliano, buy the canned asparagus and take it.

Golden Comments

By James R. Golden

Indexing of federal income tax rates; to take inflation into consideration, is slated to go into effect at the first of the year. It can make a big difference in most people's tax problems — and is of particular interest to those on fixed incomes.

This new procedure was mandated by the sweeping tax bill passed in 1981, at a time, it had drew little attention because of so many other provisions of the law that had a more immediate impact.

Since then, it has become the subject of much controversy, and some efforts have failed. So far those efforts are reaped.

Many observers believe, indexing may be one of the most significant provisions of the 1981 law. It neutralizes the insidious phenomenon known as "bracket creep" that has pushed Americans, over time, into higher and higher tax brackets while the purchasing power of their earnings didn't necessarily increase.

Here is how indexing is scheduled to work: tax rate brackets, exemptions for taxpayers and their dependents, and the standard deduction will be adjusted each year by an amount based on the rise in the Consumer Price Index for the previous year.

For the sake of illustration, assume that the rise of the CPI comes in at 5 percent for 1984. The income levels for each bracket in this country's graduated income tax system would then be raised 5 percent for 1985.

The current \$1,000 deduction for each taxpayer and dependent would become \$1,050. The standard deduction for married couples filing joint returns would rise from \$3,400 this year to \$3,570 next.

In the case of a family with incomes of \$36,000 in 1984 and the same amount, with no change in filing status, in 1985, as explained by Prentice-Hall, publishers of the "Facts and Figures" book, that next year's total tax bill would be \$460 less than this year's. For a taxable income of \$60,000 the corresponding decrease would be \$870.

The new setup raises many intriguing prospects. For example, Prentice-Hall editors point out, "The bigger standard deduction and personal exemption will permit a working child to shelter more of his or her earnings."

"The larger personal exemption benefits everyone, but it is especially good for older taxpayers. Reason: those age 65 or over claim two exemptions."

As is commonly recognized, the rules of the game may be changed in the future. There are proposals to overhaul the entire tax system, and Congress may well take action on them next year.

Nevertheless, Prentice-Hall says many people would be well advised to consider action before the end of 1984 to take advantage of the advent of indexing.

"Depending on your individual income situation," the firm says, "you should start setting things up now to postpone 1984 income up to 1985 and to accelerate 1985 deductions into 1984. That way, more income will be in your low-tax year and more deductions in your high-tax year."

We didn't know that! Very few do, except the VIP state officials in high places. There is a special status beyond the ordinary VIP auto plate and that is the so-called "confidential" plate. Only the governor and some law enforcement figures and a few favored officials, are awarded this plate. It looks like an average license plate, but there is one difference: it is not registered with the Division of Motor Vehicles and there is no record of it in the state files.

Might not these questionable police privileges border upon operation of a motor vehicle with fictitious plates? What else might they be considered were a law enforcement officer, performing his duties, unable to verify the issuance of such plates when checking with Trenton for verification? Are these individuals to be regarded demigods dwelling in an ethereal world beyond the realm of ordinary masses? If so, let's find out why.

'Our Hearts Were Young and Gay' Delightful, Lighthearted Offering

By GIGI Ruda

The Youth Action Committee of Nutley Little Theatre staged an impressive performance last Friday night, opening its production of "Our Hearts Were Young and Gay."

The comedy was engaging and well directed, telling the story of two 19-year-old girls alone in Paris on a summer vacation in 1923. Instead of a dominant story line, the play provides various slice-of-life sketches of the young women and their experiences in Paris. The ironical turns of the plot, humorous encounters and comical surprises fashioned a most interesting production.

Amanda Wagner and Christine Nagy both gave wonderful performances as the two leading ladies, Cornelia Otis Skinner and Emily Kimbrough. The adventures of Cornelia and Emily in Paris were entertaining and always interesting.

Other fine performances came from Ray Dreeman as Otis Skinner and Paula Benson as Mrs. Skinner. Superb in their supporting roles were John Pyrich as Dick Winters and Bobby Sacher as Leo McEvoy.

Nutley High School students Michele Nicastro and Alissa Steinlauf were featured performers in the comedy and both did very well with their respective roles. Though her lines were brief, Steinlauf produced an authentic Irish brogue. Steinlauf is an honor student at NHS and an assistant drum major for the Cadet Marching Band.

Classy comical performances were given by David Hall as the steward and Rich Sibell as the window cleaner. Both did excellent jobs in adding to the light atmosphere of the play. Other featured performers included Eileen Duffy, Amy Greengrove, Tara Davis, Joan Skal, Fred Hutter and Douglas Watter.

The production was directed by NLT veteran Lee Guest-Moore. Noted more for her acting ability, Guest-Moore crafted a tightly knit play with clear perfor-

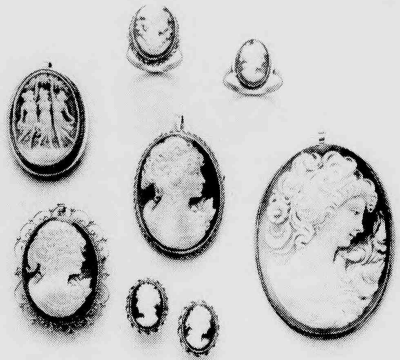

mances. Her previous effort as a director was last season with "The Hot L. Baltimore."

Serving as assistant director was Joyce Black, while Hutter and Greengrove were stage managers. Hutter also designed the set for the play. Joyce Getting, another NLT veteran, provided the well-appointed costumes for the production. Technical con-

tributions came from Ken Moore on sound and Bill Gripp on lights. "Young and Gay" was written by Cornelia Otis Skinner and Emily Kimbrough, adapted for the stage by Jean Kerr. Because the authors chose to use their names as characters in the story, it would indicate the play has autobiographic overtones.

The play and performances

were excellent, with just enough comedy to satisfy the audience while maintaining the meaning of the story. The production will continue tomorrow night and this Saturday night and attendance is recommended. Tickets are priced at \$5 and reservations can be made by calling 667-0374. The NLT Barn is located at 47 Erie Place, just off Brookfield Avenue near Yantacaw School.

Joint Service Ahavath Achim

Wesley United Methodist Church and Congregation Ahavath Achim of Belleville, will hold their annual joint Thanksgiving Service Wednesday, Nov. 21 at 7:30 p.m.

Services will be held at Congregation Ahavath Achim, 125 Academy St. Services will be conducted by Rabbi Nathan Laufer, spiritual leader of the Congregation, and Rev. June D. Hewitt, spiritual leader of the Wesley United Methodist Church, will deliver the sermon.

Refreshments will be served following the service at the Wesley Church on the corner of Washington Avenue and Academy Street.

Thanksgiving Eve Service At Fewsmith

A Community Thanksgiving Eve Service will be held Wednesday, Nov. 21, 8 p.m. at the Fewsmith Memorial Presbyterian Church, 444 Union Ave.

Participating congregations include the Belleville Assembly of God, Belleville Reformed, Bethany Lutheran, Montgomery Presbyterian, St. Peter's Roman Catholic and Fewsmith Memorial Presbyterian.

Refreshments will be served in the social hall following the service.

A special Thanksgiving offering will be received to be set aside to feed the hungry of Ethiopia and Africa.

Sons of Italy to Meet Monday

The New Jersey Order Sons of Italy will hold a membership application meeting Nov. 19, 8 p.m. in the Nutley Parks Department building, 44 Park Ave.

Nutley was the site of one of the first Sons of Italy lodges, established during the first decade

of this century. After that lodge was founded, the group established the old Sons of Italy Orphanage which was located on Washington Avenue and razed two years ago. Within the past 18 months, six new lodges have been

chartered throughout the state.

The membership meeting will be open to the public. Prospective members can contact Al Sierchio at 759-6167, Joan Mykietyn at 235-1612 or Sam Angelo at 338-4500 for more information.

PUBLIC HEARING ON ESSEX COUNTY COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

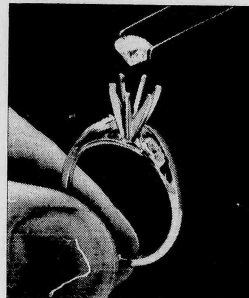

Citizens of Belleville are invited to a Public Hearing to give views and proposals on the housing and community development needs and priorities. This hearing will be held during a portion of the regularly scheduled Town Meeting of the Municipality of Belleville on:

DATE: November 27, 1984
TIME: 8:00 p.m.
PLACE: Belleville Town Hall
152 Washington Avenue
Belleville, NJ

This hearing will afford citizens an opportunity to assist in the development of Essex County Community Development Block Grant Program Seventh Year Application. Anyone wishing information on the Community Development Program may write to the Essex County Division of Community Development, 235 Franklin Avenue, Belleville, NJ 07109 or call 759-4710.

Joseph P. Sofia, 62, Owned Jewellery Shop

A Mass for Joseph P. Sofia, 62, of Clifton and Dania, Fla., was offered Nov. 13 in the St. Clare Church, Clifton.

Mr. Sofia died Nov. 8 in the Broward Hospital, Fort Lauderdale, Fla., near his second home in Dania.

Mr. Sofia owned and operated Sofia Jewellers of Belleville and Jersey City for the last 37 years. He served in the Navy during World War II in the Pacific

Theater.

Born in Jersey City, he lived in Woodbridge before moving to Clifton 26 years ago.

Surviving are his wife, Anna Mae; two sons, Joseph P., Jr., and Daniel; two daughters, Miss Joanne and Mrs. Janet Gabel, and three grandchildren.

Services were held in the Alwood Funeral Home, Clifton. Interment was in Holy Cross Cemetery, North Arlington.

Mass Held for Walter Winfield; Member of Craftsman's Club

A Mass for Walter J. Winfield was held Nov. 8 in St. Paul's Congregational Church, Mr. Winfield, 71, died Nov. 6 in Clara Maass Medical Center, Belleville.

A Nutley resident for 40 years, Mr. Winfield founded Suburban Auto Seat Co. here in 1950. After several years the company moved to Woodridge, Mr. Winfield retired from the business in 1982. Born in Nutley, he lived in Belleville before moving back to Nutley in 1944. Mr. Winfield was

a member of the Masonic Lodge 108 F. and AM Belleville Craftsman's Club.

Surviving are his wife, Virginia; a son, Robert of Sparta; a daughter, Mrs. Sharon Wellington of Gales Ferry, Conn.; two sisters, Mrs. Claire Klimowich of Montville and Mrs. Jeanette Graef of Westwood; two brothers, Melvin of Bonita Springs, Fla. and Roy of Lake Hopatcong, and four grandchildren.

William C. McGinty, at 69 Owned Pet Shop in Teaneck

William C. McGinty, 69, of Point Pleasant died Nov. 8 in the Point Pleasant Hospital.

Mr. McGinty owned the Queen Ann Pet Shop in Teaneck for 30 years prior to his retirement in 1977. He was a member of the U.S. Power Squadron Chapter 4, the Palisades Power Squadron and the Hurricane Harbor Yacht Club, Brick Township.

He is survived by his wife, Ruth.

Viola Kyak, 73

Miss Viola Kyak, 73, of East Orange, died Oct. 31 in St. Mary's Hospital, Orange.

Miss Kyak worked for the New Jersey Bell Telephone Co., Newark, for 48 years before retiring as a supervisor in 1975.

Born in Newark, she moved to East Orange 33 years ago.

She is survived by a brother, Anthony of Belleville.

Services were held in the Our Lady of Sorrows Church, Kearny. Interment was in Holy Cross Cemetery.

Obituaries

Leona Thompson, 82; Resided Here 50 Years

Leona Thompson, 82, of Belleville died Nov. 7 in the Clara Maass Medical Center, Belleville. Born in Port Jervis, N.Y., she lived in Belleville for the past 50 years.

Surviving are a son, Harry Oppelt, five daughters, Mrs. Beatrice McBride, Mrs. Martha Dunning,

Mrs. Mary Decker, Mrs. Edna DeLange and Mrs. Linda Owney of Belleville; 17 grandchildren, several great-grandchildren and two great-great-grandchildren.

Services were held in the Kiernan Funeral Home, Belleville. Interment was in Glendale Cemetery, Bloomfield.

Giusseppe Zarfino, 62

A Mass was offered Nov. 13 in St. Anthony's Church, Belleville for Giusseppe Zarfino. Mr. Zarfino, 62, of Belleville died Nov. 9 in St. Barnabas Medical Center, Livingston.

Mr. Zarfino was a maintenance worker for St. Barnabas Medical Center for the past eight years.

Born in Italy, he came to Newark in 1972 and moved to

Belleville four years ago.

Surviving are his wife, Mariana; two sons, Pietro and Antonio; four daughters, the Misses Letizia, Giuseppina, Vincenza and Maria; a brother, Pietro, and 11 grandchildren.

Services were held in the Zarro Funeral Home, Bloomfield. Interment was in Holy Cross Cemetery, North Arlington.

Robert Fochesato Succumbs; Knights of Columbus Member

Mr. Robert Fochesato, 63, of Belleville died Nov. 2 in the Jersey Shore Medical Center, Neptune.

Mr. Fochesato was a carpenter in the Essex County area for many years. He was a member of the Belleville Knights of Columbus Council 835 and a

trustee of the Columbus Institute.

Mr. Fochesato served in the Army during World War II. Born in Newark, he moved to Belleville 32 years ago.

Surviving are his wife, Mary; two sons, Robert and Raymond; a daughter, Mrs. Donna Haskins, and four grandchildren.

A Mass was held Nov. 6 in St. Peter's Church. Interment was in Glendale Cemetery, Bloomfield.

Eugene Zorn; Worked Here

Mr. Eugene Zorn, 79, of Springfield died Nov. 7 in Memorial General Hospital, Union.

Mr. Zorn was a machinist with Walter Kidde Co., Belleville, for 30 years, retiring many years ago.

Born in Germany, he settled in the United States 60 years ago and lived in Springfield for 33 years.

Surviving are his wife, Marie, and a son, Eugene.

Services were held in the McCracken Funeral Home, Union.

John Kirk, 47

John A. Kirk, 47, of Belleville died Nov. 9 in the Clara Maass Medical Center, Belleville.

Mr. Kirk worked the past nine years as a layout man for the Worthington Corporation in Harrison.

Born in Kearny, he moved to Belleville 16 years ago.

Surviving are his wife, Elizabeth; two daughters, the Misses Denise and Janice, and his mother Mrs. Martha Watters.

Services were held in the Crane-Thele Funeral Home, Kearny. Interment was in Arlington Cemetery.

Vito Capece, at 74; Was Station Owner

Mr. Vito Capece, 74, of Bloomfield, died Nov. 6 in St. Michael's Medical Center, Newark.

Mr. Capece was a mechanic with the Clark Equipment Co. of Elizabeth from 1965 to 1970 when he retired. He had been the owner of Vito's Service Station, Belleville, from 1945 to 1965.

Born in Italy, he lived in

Newark before moving to Bloomfield in 1969.

Surviving are his wife, Sadie; a son, Leonard, and two brothers, James and Donato.

A Mass was offered Nov. 10 in St. Anthony's Church, Belleville following the funeral from La Monica Memorial Home, Bloomfield. Interment was in Glendale Cemetery, Bloomfield.

John Kellett Succumbs; Private Services Held

John Kellett, 74, of Nutley died Nov. 4 in the Clara Maass Medical Center, Belleville.

Mr. Kellett worked for the American Steel Chase Co. in Long Island City, N.Y., for 30 years before retiring as a sales manager in 1971. He was a member of the Newark Craftsman's Club. He had been

the president of the Branch Brook Golf Club in Belleville.

Born in Belleville, he lived in Nutley for most of his life.

Surviving are his wife, Jessica; a daughter, Mrs. Susan A. Mackay, and three grandchildren.

Services were held privately.

Mrs. Springer Resided Here

Christine Springer, 87, of Lincroft died Nov. 9 in the River-

view Medical Center, Red Bank.

Born in Newark, Mrs. Springer also lived in Belleville before moving to Belford 12 years ago. She moved to Lincroft last March.

Surviving are a son, Joseph F., Jr.; a daughter, Miss Madeline; two brothers, John and Edward O'Toole; three sisters, Mrs. Ellen Jackson, Mrs. Anna Crater and Mrs. Clare Nymen, and three grandchildren.

A Mass was offered Nov. 13 in St. Leo's Church, Lincroft.

Italian-Americans' 18th Annual Dinner-Dance

BIACA Scholarship Winner — Donna Despenzire, recipient of this year's Belleville Italian-American Civic Association's scholarship, received her plaque and scholarship bond from Chris Albanese (left), president, and Frank Ceres, treasurer, at the association's 18th annual dinner-dance held Saturday, Nov. 10 at the Wayne Manor.

Smiling Faces — Members of the Belleville Board of Education, along with some friends, took a moment to pose for a group picture at the Italian-American Civic Association's dinner-dance last Saturday. Pictured are (standing, l-r) Mrs. Nardiello and her husband, Michael Nardiello, schools superintendent; Grace Purdue, president of the School Board; and Mrs. Dominick Despenzire; Mr. and Mrs. Ernest Zoppi; and Mr. and Mrs. John Iannuzzi. Kneeling (l-r) are Russ Purdue, Seymour Grossman and Phil Linfante.

Community Service Award — Tom Sibilia (left) received his award from George Sbarra in honor of his service to the township's scouting program. Sibilia has been involved in scouting for over 48 years.

Community Service Award — Vincent Sorrentino (center) received his service award for his work with the Little Leaguers. Standing with Sorrentino are Joseph Grande, (left) township commissioner, and Chris Albanese, president of BIACA.

An Enjoyable Evening — This friendly couple, Natalie Franzi and Art Zarrillo, were one of many enjoying the evening's festivities. The night include dining and dancing, with music provided by The Blending Generations.

Bella Signorina — Debbie Golub received a plaque from BIACA member Frank Ceres for playing her part as the Bella Signorina at the annual Columbus Day Parade Oct. 7. She also made a number appearances elsewhere as a representative of the Italian-American Club. Golub is a 1983 Belleville High School graduate.

Spiritual Guidance — Chris Albanese (left) and Al Vecchione, dinner chairman, stand with the Rev. Joseph J. Cestaro who gave the invocation at the association's 18th annual dinner-dance Nov. 10.

Township Officials — Commissioner Joseph Grande, Mayor Michael Marotti and Commissioner Ralph DiRuggiero were some of the township officials present at the dinner-dance last Saturday. The evening began with a cocktail hour followed by an awards ceremony and prime rib dinner.

Special Service Award — Frank Simeone (left) was awarded a plaque from the BIACA for his "outstanding and dedicated service as eighth president of the Belleville Italian-American Civic Association." Presenting the award is BIACA President Chris Albanese.

BIACA Dinner-Dance Committee — Members of the 18th annual dinner-dance committee gathered for a group picture during last Saturday's festivities. The evening was a success, attracting over 300 people, including both members and non-

members. The committee also held a raffle for a black and white television, baskets of cheer, and serving trays. Dinner chairman was Al Vecchione (kneeling, right).

Recognition Award — Attilio Raimo (center) was presented an award in recognition of his "loyal and outstanding service to the association." Presenting the award to Raimo are Al Vecchione (left) and Chris Albanese. Raimo sang the Italian National Anthem at the beginning of the awards ceremony.

Belleville Times SPORTS

Buccaneers Lose to Powerful Montclair, 28-0

Inexperienced Starting Line Hurts Bucs; Will Face Union in Section II Playoffs

By Mike Lamberti

Following last weekend's 28-0 setback at the hands of Montclair, a number of assessments were taken in about what went wrong in the Buccaneer game plan.

"Maybe it was trying to make the playoffs as opposed to already hanging in," offered assistant coach Genaro Russo. "Inexperience hurt us," countered assistant coach Joe Ambola. "When you are without five starters, it's difficult to keep up especially with a team like that (Montclair)." Perhaps the most telling quote came from the head coach's wife, Carmela Senesky, who summed up the situation with this catchy clause: "There's more to life than just football."

All those explanations had validity, but the bottom line is that Belleville was beaten by a second-half barrage from Montclair and fell to 6-2 on the season. The Bucs will compete in the Group IV Section II playoffs this week end, although the opponent was questionable. In Monday morning's Star-Ledger, it was reported that Belleville's old host Morris Knolls, starting at 1 p.m. Later in the day, head coach John Senesky received word that the opposition is number one ranked Union, at Union, starting at 1

p.m. on Saturday. As The Belleville Times went to press on Tuesday, the Bucs will be in Union. If there are any changes, then check the local newspapers.

Injuries certainly played a key role in the Bucs' demise last weekend. Entering the contest, no less than four starters were relegated to spectator duty. Offensive lineman and defensive middle linebacker Dominick Di Paolo, is hampered by ligament damage in his knee and might miss the remainder of the season. Offensive lineman Ralph Chimento has a badly sprained ankle and is questionable for Union. Defensive end Jim Caponi is recovering from a broken rib and is out for the season. Running back John Oliveri is recovering from a bad shoulder and could see action at Union. Two-way man John Apicella started the game, but he missed most of the second half with a neck or head injury. At last report, he should be okay for the playoff game with Union.

"They were us down in the second half," said John Senesky. "There was a lot of inexperience, with the four starters out. The second touchdown made the difference and they have some outstanding talent. Take nothing away from them. In the past,

Montclair has been a big team, but generally one platoon. Now, they have a two platoon system and everyone is good. They will be tough to handle in the playoffs."

The first half was a defensive struggle. Both teams were tough against the run, but the Buccaneers had some chances to light the scoreboard. Opportunity number one came in the first quarter. The Bucs received a marvelous punt from David Long, a punt that sailed 60 yards before falling on the Montclair 5-yard line. The Buc defense stifled the Mountie offense and Montclair was forced to punt deep in its own end zone. The Bucs received a break when the punt went just 11 yards and Belleville started from the Montclair 16.

The Bucs drove as close as the Mountie 10 and on fourth down, tried a 27-yard field goal. Anthony Pravatia, just returned from a knee injury, attempted the kick, but the ball was blocked and Montclair had new life.

In the second quarter, Mountie quarterback Wayne Rose attempted a pass from his own 13 which Belleville safety Mark Walsh nearly intercepted. Had Walsh picked off the pass, he had a police escort to the end zone.

In the second half, Montclair started from its own 33 following Long's punt and drove 67 yards in 10 workman-like plays, culminating on a Rose to Stephen Burke touchdown pass to make the score 6-0. The drive was spearheaded by the running and

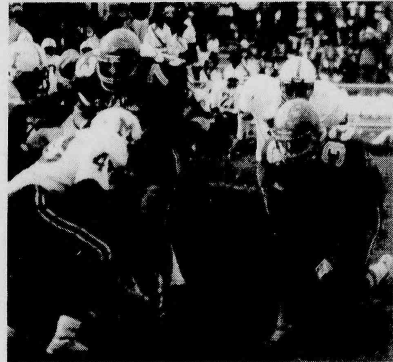

(Please see 'Bucs' on page 12)

Hall of Fame Dinner Here This Friday

Belleville Athletic Council will induct eight new members to the Belleville High School Hall of Fame Friday, Nov. 16, 7 p.m. at the Branch Brook Manor.

This year's inductees are: Carl Arlt, Mark D'Amico, Chris Tremel and Robert Villano, wrestling; Dan, Borgo, baseball; Hernan "Chico" Borja, soccer; Sam Giuffrida, crew coach; and George Zanfina, baseball coach.

For dinner tickets call Nino Bucciarrelli at 759-9723.

Tough Mountie Defense—Running back Michael Gibbons finds a small hole in the tough Montclair defense. Steve Tribuna (73) looks to block for Gibbons, as does Bob Moezika (71). Belleville lost its second game of the season, 28-0. The Bucs face a powerful Union squad this Saturday, away, in the first round of Group IV, Section II playoffs.

Tennis Team (7-11) Looks to the Future

It wasn't the easiest of seasons for the Belleville tennis team. The girls started the season on a positive note, but were hit with a key injury and battling some strong competition from Bergen County, finished the campaign with a 7-11 record.

Karen Fucello's team was hurt by the loss of senior first singles Cheri Tillman. The senior had been playing the first singles position for the last two years but went down mid-way through the 1984 campaign with a badly sprained ankle, an injury that required a cast and cut short her season.

"Losing Cheri certainly didn't help us," said Fucello. "It did give some of our younger players a chance to play and will help us next season."

Tillman was playing very well at the time of her injury. She finished the season with a 5-4 record, 4-2 in NNJHL, Essex-Passaic play.

At second singles was junior

Desiree Johanson. She moved up to the first singles slot and finished the campaign with a very respectable 9-9 record. 8-6 in the conference. A solid all-around athlete, Johanson will not move indoors for the basketball season.

Third singles saw the emergence of another Tillman star, Christine Jackie Tillman. The younger sister of Cheri was 10-8 in varsity competition. The freshman certainly has a fine future ahead of her and should be one of the leaders of the 1985 team.

The remainder of the team is filled with young athletes that will improve with time. First, old senior Mary Kudrak gave four solid years to the program. She is a good athlete and helped this year's team with her versatility, playing both singles and first doubles.

Supermore Janet Reiman could fill a singles position next

(Please see "BHS" on page 12)

'Wizards' Defeat Ferris En Route to States; Advance to Third Round Group IV Playoffs

History was made on the volleyball court of Belleville High School last week as Worley's Wizards defeated Ferris High School, 15-3, 15-7 and advanced to the third round of the Group IV state tournament.

Grace Worley's team was in Fair Lawn yesterday for the state semifinals. Should the girls win that match, then they will take part in the state championship game this Saturday night.

The victory over Ferris was especially gratifying because it marked the first time in Belleville

history that the volleyball team had advanced past the second round of the state tournament. "It was a good day for us," commented Worley. "Our backline played very well. They set up Donna (Brooks) and Debbie (Worley) with some good passes. I never expected to get this far, but it's sure a good feeling."

The key to victory over Ferris was the setting of Worley and the hitting of Brooks. The team also got a lift with the fine play of Sheri Phillips up front.

"Fair Lawn is a very good

team," said Worley of her team's next opponent. "Our backline is the key, we have to set up the passes because Donna can finish it with a spike. The key is to get the ball to Donna and that's why the backline is so important."

Last Monday, the girls practiced on nothing but backline play, in anticipation of the Fair Lawn match. "We'll be working on the backline on Monday and Tuesday," the coach said last Monday. "That will make or break us."

The other semifinal will

feature rivals Teaneck and Hackensack. "Teaneck is the more explosive team," said Worley. "However, both teams have good clubs and will be a tough match in the finals. First we have to stop Fair Lawn and that's no easy task, considering they upset Ridgewood last week."

With a 16-7 record and a possible shot at the state finals, Worley can certainly term the 1984 season a success, a tribute to the team's hard work and never say die attitude.

michael lamberti's BUC SHOTS

Playoff Berth is Great Achievement for Bucs

Playing an inspired game, but over-matched because of injuries, the Belleville football team took it on the chin last weekend, bowing to Montclair, 28-0 and falling to 6-2 on the season. The Buccaneers despite the setback, are still on their way to the Group IV, Section II playoffs and will battle Union this weekend at Union, starting at 1 p.m.

Advancing to the playoffs in 1984 has been a tremendous accomplishment for the Buccaneers. At the outset of the campaign, John Senesky noted that the Bucs would be facing one of the toughest schedules that a Belleville gridiron team had ever endured. Indeed, Don Bosco Prep, Bergen Catholic, Clifton and Montclair all qualified for the playoffs in their respective groups and were all teams that battled the Bucs this year. In addition, Passaic was 6-2 and was just one-half game from competing in the Group IV, Section I tournament for the fourth straight year.

The Bucs of 1984 accomplished a great deed. They started the season with a 14-0 victory over Don Bosco in Don Bosco. After losing to a huge squad in Bergen Catholic a week later, the Bucs breezed by Paterson Eastside and Bloomfield, setting the stage for the first of four monstrous games.

First, there was the 7-0 thriller over Passaic at Municipal Stadium. Quarterback Mark Walsh found John Oliveri with a scoring pass early in the first quarter and the Buc defense held the rest. A week later, in front of an obnoxious group in Clifton, the Bucs defied the odds once more and stopped the previously unbeaten Mustangs, 7-3. It marked the second straight week that Belleville had beaten a previously un-

beaten team because Passaic was 4-0 coming into Belleville.

Belleville was a bit flat the following week, but had enough to stop Paterson Kennedy, 19-7. Don't be fooled by Kennedy's 2-4 record. The Knights were a stern test and have battled every team had this season. The victory was costly because Dominick Di Paolo, Ralph Chimento, John Oliveri and Jim Caponi all went down with serious injuries.

Then there was last week's game with an inspired group from Montclair. The Mounties needed the game to assure a berth in the playoffs and did it with a second half avalanche, winning 28-0. Belleville played an inspired contest, but didn't have the guns on this day to defeat the Mounties.

Now come the Farmers of Union, another team with tremendous size and strength. There was some confusion as to who would be the Bucs' first round opponent. With the difficult procedure of "power points," the initial report was that Belleville would host Morris Knolls, despite the loss to Montclair. Later in the day, Senesky was called and told that the Bucs would play Union in round one of the tournament, in Union. Things were so confusing with the possible matchups that one report had Belleville playing Nutley, in Union, in the first round of the Group III, Section II tournament.

It's an awesome task that Belleville will face, but then again, this team has been playing awesome teams all season long. This week will be no exception. While the fans of our township enjoy the chance to see our young athletes compete in the postseason, it seems that

some people take this game too seriously.

Comments made about head coach John Senesky and his staff are not necessary. This isn't the Super Bowl, or the National Championship of the NCAA Division I football, it's a group of high school athletes, ages 15-18, playing for the home town and trying their damndest to do well. If they don't win, so what? The sun will still come up the following morning, there will still be traffic jams on Route 3 at rush hour and life will go on, whether or not Belleville wins a football game. It's easy to pull for a winner, but aren't these young men worthy of your time when they lose? Leaving Municipal Stadium with six minutes left in the game because Belleville is hopelessly behind doesn't say a great deal about the character that I know this township possesses. The point to all this is to put the game of football into perspective. We are lucky enough to have coaches in this town that develop our young men into responsible citizens and at the same time can give us some excitement on Saturday afternoons. Look around at the other towns in this area and find another team that has been as successful as Belleville since 1978. There hasn't been a losing season, rather teams that have won an average of seven games and have been to the playoffs four of the last six years. That's pretty darn good and the success of the Bucs puts a spotlight on our entire township. Let's show the other people who see Belleville play that our township is number one all the way around and that the athletes and coaches who put in the time will be sup-

ported through the thick and thin.

News from the Belleville Soccer Association. The Belleville Flash of the Association made it to the finals of its division with a 7-1 victory over Haledom. Mike Citerella scored four goals, giving him 17 for the season and ties him for the Association lead in scoring. Mike Capasso added two goals, giving him nine for the season and Franco Vagelli scored his fourth goal of the season to round out the scoring. The finals will be held at noon on Saturday afternoon at West Paterson, at Robin Hood Park, Clifton. The Flash is coached by Mike Alfano.

In other action, the Americans, sponsored by Peoples Bank, were defeated by North Bergen, 4-1. The Belleville goal was scored by Mark Tonelli. The Americans were coming off a 3-0 whitewash of Westwood the weekend previous. The Kins, sponsored by De Bacco Brothers, fought Denville to a scoreless tie. Their record now stands at 3-2-2. The Kins are coached by Manny Vallari. Another team which had blanked Westwood was The Modern Millbrook-sponsored Brokeners. They were defeated by North Bergen, 7-1. Mike Janicelli tallied the lone Belleville goal. The Sling and Arrows found the going tough against West Paterson by losing, 5-0 and 9-0 respectively. The Blast, sponsored by the Lions Club and coached by Bob Dorey, lost a tough 4-2 game to North Bergen. Chris Marciano scored his fourth and fifth goals of the season. The goals were assisted by Mark Gieson.

The Kicks, who were idle this week, lost a heartbreaking 2-1 contest to first place South Orange. Chris Ricci scored

his 11th goal of the season for the Kicks. Dave Detoma had 15 saves in goal.

The young Bandits, coming off a stunning 7-5 shootout over Nutley in an exhibition game, were defeated 7-2 by Parsippany in a torrential downpour Sunday. Co-captain Joe Colucci scored twice for the Bandits, bringing season total to five. Co-captain Ted Werner, Jr. assisted on the first goal. Tim Trotta, Ivan Martin and Chris DiTommaso helped offensively, while Dan Danzik, Michael Quine, Michele Bond and Nick Colucci were defensive standouts. Ted Werner is the head coach of the Bandits.

The Belleville High School athlete of the week is Dave Long of the football team. The junior linebacker played a solid game on defense and had some excellent punts to lead the way.

Here is the answer to last week's quiz. The question was, name the team that the Jets and Giants beat in the NFL finales and how they did in the playoffs. The answer: The Jets beat Green Bay, 27-3 and with the win, clinched a playoff berth and assured the Giants of a berth. The Giants had defeated Dallas, 13-10 the previous day. The Jets lost in the wildcard round to Buffalo, 31-27 and the Giants beat Philly, 27-20 before bowing to San Francisco, 37-24.

For this week's quiz, the Pittsburgh Steelers lost two AFC championship games during the 1970s. Name the years of those losses and the teams the Steelers lost to.

Gymnasts Finish 2-9 Season With Loss to Passaic Valley

The Belleville gymnastics team concluded its 1984 campaign with a tough 89-70-77.45 defeat at the hands of a very good Passaic Valley team. The defeat closes the books on the girls' 2-9 campaign.

Next week, The Times will wrap up the gymnasts' season. "We had a pretty good score," commented coach Ray Iannuzzi of his teams' 77.45 points. "It was a good way to end the season. Passaic Valley has a nice team and they are young. I don't want to see them next season."

As usual, Linda Wujaick led the way for Belleville. In the vaulting exercise, the senior was third with a score of 7.7. Jill Lillis, a junior, was fourth in vaulting with a score of 7.6. Other competitors in the vaulting exercise was Debbie Battista and Alise Davies.

On the uneven parallel bars,

Davies, a sophomore, was the leader with a score of 7.35. Davies has been the leader of the uneven bars and should be strong next season. Lillis placed third in the bars with a score of 6.2. Wujaick and Battista also competed in the event, but did not place.

In the balance beam, Passaic Valley swept the top three positions. Wujaick was the first Bue-cancer across with a score of 6.5, good for fourth place. Gina Lemongello, Cara Norbut and Battista all saw action in the beam.

He had trouble all season long in the balance beam," commented Iannuzzi.

In the floor exercise, Wujaick completed a busy day with a third place showing, tallying a 7.6. Lemongello finished her varsity career with a fourth place showing, while Lillis and freshman

Dina Cardinale rounded out the competitors.

Iannuzzi was happy with his team's improvement over the course of the campaign. He expressed gratitude toward Wujaick, Lemongello, Battista and Norbut for setting the examples as seniors on this year's team.

"I hate to see the season end," the coach said. "There were a lot of improvements during the course of the season, both with the kids and myself. Things were coming along nicely and I'm looking forward to next year. I'll definitely improve on the mistakes that I made this year."

Despite the 2-9 record, Iannuzzi had a number of freshmen come out for the team and is optimistic toward the future. Next week, we'll look at the athletes who made up this inspired group of 1984.

BHS Tennis Team 7-11

(Continued from page 11)

year, as could sophomore Lori Tirrell. Freshman Patty Scali, junior Tammy McQueen and junior Dena DeMedici round out the 1984 team.

"I knew it would be a tough season," concluded Fucello. "We didn't play the teams outside the conference that I would have liked. Playing against powers like Ridgewood and Teaneck won't help us at this stage. We need teams in this area that we can better compete with. Hopefully next year, our non-division opponents will be closer to our level."

All told, the girls were 7-11, 7-7 in the Essex-Passaic Division. The 7-7 record put them fourth in the conference, trailing only Montclair, Clifton and Bloomfield.

Bucs Suffer Second Shutout; Season Record Stands at 6-2

(Continued from page 11)

passing of Rose. The senior quarterback hit Quintis McDonald with a 17-yard pass and later found Todd Anderson with an 18-yard strike. Rose also had a big 10-yard run from the Bue 22 to the 12.

With the score 7-0, Walsh attempted to move the Bucs quickly, but his first pass was picked off

by Dave Cummings who returned the pass 17 yards for score number two. McDonald added the conversion and quickly, the Mounties led 14-0.

It would later balloon to 21-0 in the third quarter when Montclair drove 43 yards in seven plays, highlighted by a 29-yard pass from Rose to Fred Matthews and a 2-yard touchdown run by Gary Cicchetti. McDonald added his third conversion to extend the lead.

With the contest no longer in doubt, Montclair finished the game when speedster Al Green took a handoff on an end reverse and scampered 11 yards for the final score. Mc Donald was good on the conversion and Belleville was down, 28-0.

The Bucs attempted a late drive as Anthony La Bruzza churned up some big yards, but

the clock ran out with Belleville on the Mountie 19-yard line.

Despite the setback Senesky and Co. had to be pleased with the Bucs' defensive effort in the first half. The young team was worn out in the second half and run over by a bigger, fresher Mountie squad. "We have a number of players that play both ways," said Senesky. "It was a draining game and a hard hitting game."

It seems that that has been the story during the 1984 season. Last Saturday, however, it caught up to the Bucs.

NOTES: The other first round game in Group IV, Section II is Morris Knolls and Montclair, at Montclair. The Mounties extended its record to 6-1-1 with the victory. Morris Knolls is 6-2 and will enter the playoffs for the first time since 1980 when Belleville defeated them, 14-7 at Giants Stadium. Union is hurting with a number of its key players banged up. The Farmers, number one since week three of the season, are 8-0, but had to struggle to win last weekend, 14-13. The Farmers are big, however, and should remind the fans of Clifton or Bergen Catholic. Montclair enters the playoffs for the third straight season. The Mounties won the championship last year and lost in 1982. Both times, the Mounties played Union in the championship game. Senesky is very pleased with the play of Bob Moezika, David Long and Gerald Kraus. Moezika continues to impress with his hard hitting and knack for getting the quarterback Long has developed into a good linebacker and is an excellent punter. Kraus, a line receiver, is doing a nice job in the defensive secondary.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mrs. B. of Nutley asks: "My 2-year-old daughter sucks her thumb. What can we do to stop her?"

At 2 years of age, Mrs. B. wouldn't be concerned. She could be using her thumb as a pacifier or exploring her mouth as baby teeth are still coming in. I would simply show her what she looks like in a mirror or untie her to show her that sucking her thumb doesn't look good. Hopefully, the gentle suggestion will lead to her stopping before age 4 or 5.

Beyond that point sucking her thumb would cause the permanent teeth to come in "out of kilter" and require orthodontic assistance.

Good luck Mrs. B. and if these untangling methods do not help she may need some reinforcement from your dentist.

Thank You.

NJIT Hockey Team Led by Sargentelli

At Sargentelli of Belleville, was one of New Jersey Institute of Technology's leading scorers for the Highlanders' hockey squad last season. Playing both offense and defense, he led the team in scoring with 36 points, tallying 19 goals.

A junior at NJIT, Sargentelli was named to the Metropolitan Collegiate Hockey Association's West Division all-star squad.

The Highlanders' 1984-85 season opened Nov. 5 against Rutgers.

Recreation Soccer and Football Leagues Continue Play

Football

In the Division A recreation football league, the Chiefs, behind Nick Turano's three touchdowns, beat the Steelers, 25-12.

Kevin Marion completed a pass to George Villano for a touchdown by the Chiefs. John Stampone had the only extra point of the game for the Chiefs.

Frank Van Syckel, Frank Orrei and Jamie Serritella all scored touchdowns to help the Rams defeat the Giants, 18-0. The Rams increased their win total to two, putting their record at 2-4 while the Giants fell to 0-6.

In Division B, Phil Albanese opened the scoring for the Jets when he received a 50-yard

touchdown pass from Steve Scaperotta to enable them to beat the Bengals, 12-7. Larry Matola had a 5-yard run to finish out the Jets' scoring.

The unbeaten Chargers, behind the excellent play of Danny Hywell and Jason Apple, beat the Falcons, 13-0. Mark Manara scored the first touchdown on a 10-yard sweep and Sean Kinble added the extra point. Quarterback Lee Hands added the final score for the Chargers on a 20-yard bootleg. The Chargers' defense, behind Jason Schweer, Rich Dowd and Billy Nehila, has not been scored upon for 18 consecutive quarters.

Standings in the recreation football league are as follows:

Division A	
Chiefs	6-0-0
Steelers	4-2-0
Rams	2-4-0
Giants	0-6-0
Division B	
Chargers	5-0-1
Bengals	3-2-1
Jets	3-3-0
Falcons	0-6-0

Peanut Touch Football

In week five of the Belleville Recreation Peanut Touch Football League, the Cowboys lifted their record to 4-1 as they defeated the Chiefs, 26-14.

Mistakes hurt the Chiefs as Cowboys' Jason Gonzalez and Jimmy Landon returned interceptions for touchdowns. Jeff Raibick grabbed another interception for a touchdown and also threw for a final score. The Chiefs were led by Dan Constantino, Bobby Roselli and Todd Connolly as they totalled 14 points.

The Jets erupted by the previously unbeaten Giants, 25-6. Matthew Landolfi paced the winners by running for 15-, 14-, and 11-yard touchdowns and throwing a final score to Ted Rajnes. In winning their first game of the season, the Jets held the high-powered Giants' offense scoreless until the final play of the game when quarterback Kevin Johnsen connected for a long touchdown pass.

Correction: In a previous article a result was given that the Jets beat the Chiefs, 19-12. The actual score on a Jerry Turri touchdown was Chiefs 19 - Jets, 12.

Standings in the league are as follows:

Giants	4-1
Cowboys	4-1
Chiefs	1-4
Jets	1-4

Soccer

In Division A of the recreation soccer league, the Lancers finished their regular season play undefeated, beating the Spurs, 9-1. Steve Hywell had four goals, putting him in second place for league scoring and Ron DePiro had three and Kenny Saine, one.

The lone goal for the Spurs came from Daren Lewis. Miguel Miranda, George Dorizas and Danielle Groeling played an outstanding game. The Lancers will meet the Spurs again next week in the first round of playoffs.

The Toros were held in check for the first half by the Aztecs. The score was 2-1 in favor of the Toros, but the flood gates opened. John Scoriolla, the number one scorer, had five goals and Arthur Zaecchia had two. Ketan Gima and David Radziewicz had single goals for the Aztecs while Frank Crocco and goalkeeper David Rosamilla played excellently in goal for the Aztecs.

In Division B, the third-placed Cosmos met the sixth-placed Spurs with the Cosmos prevailing, 6-1.

Joe Citarella had a goal while Gregory Groeling had two to pace the Cosmos. Joseph Di Tommaso and Markese Bevery also played excellently for the Cosmos, while David De Toma and Jim Landon played well for the Spurs. The Cosmos will advance and play the second-placed Lancers next Sunday.

The game of the week occurred when the Toros played the Cosmos. It was 0-0 at the end of regulation time and then, after two seven-minute overtime periods, the score remained a tie. The Cosmos prevailed and moved on to play the Aztecs next Sunday.

Fall-Winter Programs

The Recreation Department is still accepting applications for its

'Men's Open Gym For Basketball which will take place Saturday afternoons, 1-4 p.m., beginning Dec. 1 at the Belleville Middle School boys' gym.

The program is limited to Belleville residents only, who must preregister by going to the Rec House, 407 Joramela on St., to apply for a photo identification card which will be required to gain admission to the gym.

The recreation office will be open Nov. 21 and 26 from 7-8 p.m. for registration. For more information, call 759-3142 during regular office hours.

A senior boys' basketball league for Belleville residents in grades 9-12 is presently forming. The league plays its games Tuesday nights, 6:30 p.m. at the middle school beginning Dec. 4.

Only the first 12 teams to apply will be admitted to the league. High school varsity, jayvee and freshman players are not eligible to play in the league. To obtain a roster, call league director John Pravalta at 759-3142 between 8:30 a.m. and 4 p.m., Monday through Friday.

A color guard clinic is conducted Wednesday nights, 6:30-8 p.m. at School 4 for Belleville girls, ages 8-14. The program introduces the rifle and drill techniques used by the high school marching band. For more information, call the rec office.

Wrestling for boys, ages 6-14, will start today, Nov. 15, in the high school cafeteria, 6-7:30 p.m. Each participant must preregister by completing an application and returning it to the recreation office with his birth certificate.

Gym nights for boys and girls, ages 8-12, will be held Tuesday nights, beginning Nov. 27, from 6:30-7:30 p.m. and 7:30-8:30 p.m. at School 10.

A girls' gym will be held

Thursdays, 6:30-8 p.m. at School 9 beginning Nov. 29.

Men's and Over 30 basketball leagues will start Wednesday and Thursday nights in late November and continue throughout the winter months.

A high school girls' softball clinic will be held Monday nights, 6:30-7:30 p.m. in the Middle School girls' gym.

For ladies there is volleyball every Monday night, 7:30-9:30 p.m. at the Belleville Middle School girls' gym.

Fall 1985 Evaluation To be Given at BHS

(Continued from page 1)

school exists for the one purpose, the students," Cafone said, adding, "We must be aware of the socio-economic, religious, and cultural climate of the surrounding community."

Cafone used a slide projector to display the charts of statistics on ethnic composition of the BHS student body, scholastic aptitude, stability of the high school population, and more.

Most of the findings were compared to available statistics from previous years. For example, Cafone discovered an increase in the numbers of Hispanic, Asiatic, and Pacific Islander students over the past five years.

In the stability section, he noted 64.4 percent of BHS students have been in the system since freshman year.

Cafone also noted a decline in the school drop out rate, citing grades 10 and 11 — when most students reach the age of 16 — the most crucial times for this category.

Other aspects of this study evaluated the educational goals of BHS students, most of whom plan to attend four-year colleges, and a follow-up on graduates.

The final portion of the presentation was focused on the philosophy and objectives of Belleville educators.

Presented by English teacher John Klotz, the philosophy stated among its aims "to provide students with meaningful and relevant educational environment." The philosophy also "encourages growth of students" and aims to "promote their self-realization for social and civil effectiveness."

The 13 objectives formulated

by the faculty include "to prepare students for career opportunities consistent with their abilities and desires," as well as goals of promoting good health and safety habits, self-esteem in the student, ability to use leisure time effectively and development of satisfying human relationships.

Klotz listed as some of the "tools" used to achieve those diverse ends, student government and mock elections, extra-curricular activities, class trips to cultural events, and school programs such as career night.

Leaving nothing to the imagination, the principal also displayed designs by the school art department for decor "conducive to effective learning."

The charts showed corridors and most of the high school building's interior to be painted in varying hues of earth tones.

Special efforts will be made to enliven the gym and auditorium because, the principal noted, "that's what outsiders see the most of and form impressions of."

The principal also noted the school system must provide lodging and meals for the visiting committee as well as a customary organizational dinner.

The estimated overall cost of the evaluation may total \$29,000 if all faculty members are invited to the dinner. If only department chairpersons and key committee members are invited costs could be held to \$26,000 the administrator said.

However, Board President Grace Purdue and the other trustees agreed the entire faculty should be included. "They have put in many hours above and beyond the call of duty," said Purdue.

Veterans' Day — Joe Fornarotto, a member of the Belleville-Nutley Chapter 22 of the Disabled American Veterans, kneels in honor of those who gave their lives for the sake of their country.

The monument, which is located on Washington Avenue, stands in recognition of township residents who died serving their country in war.

Doctor Says Schedule of Simple Tests Should be a Substitute for Complete Exam

By Donald B. Louria, M.D.

If you are a healthy adult who believes in preventive medicine, you can save a tremendous amount of time and money by substituting a schedule of simple tests for the annual physical. Evidence suggests that the routine physical examination is largely ineffective and is not needed more than a few times in your lifetime.

Instead, to make good health easier for you, I have developed an age-specific, sex-specific, calendar that, coupled with an immunization program, will protect you against serious illnesses and the major disease killers: heart disease, cancer and stroke.

Have your blood pressure checked every two years after age 18. There is no reason for you to check your pressure every year, for if there has been a precipitous rise since the last measurement, you would ordinarily know it by symptoms such as severe headache and shortness of breath.

Have your blood cholesterol and high-density lipoproteins (HDL) checked every two years after age 18. HDLs are blood proteins that carry cholesterol away from the tissues to the liver, where it can be metabolized and broken down. If your cholesterol value is less than 210 and your HDL level is greater than 45, you can forget this test for another two years. Such levels comprise one factor that puts you in the low-risk group for heart attacks. Any competent laboratory can perform the simple blood test required for checking blood cholesterol and HDL.

If you smoke, limit your amount to no less than 10 cigarettes per day of the filter, low-tar, low-nicotine variety. This entails minimal risk of lung and other cancers of coronary heart disease. If you have another cardiac risk factor, such as hypertension or high cholesterol, or if you are pregnant, stop smoking altogether.

Every woman should have a Pap smear every two years after age 25 until at least age 75. Even if a local tumor should develop in the interim, it will almost invariably remain localized for a considerable time, so every two years is not unreasonable. However, if a Pap shows any abnormalities, the test should be done yearly.

If every woman in the U.S. who is or has been sexually active had a Pap smear done every two years, we would virtually wipe out invasive cancer of the cervix. Starting at age 30, every woman should examine her own breasts at least every three months and have them examined yearly or every other year by an expert. About 70-80 percent of lumps in the breast are discovered by women themselves, and early discovery is the key to high cure rate. Even if a lump is found, there is a

good chance that it is benign.

Every woman over 40 should have a mammographic examination (X-ray of the breasts) yearly. It is the best technique for detecting breast cancer early — so early that the cure should be about 90 percent.

Every man and woman over age 40 should have the stools examined for blood on a yearly basis. The overwhelming majority of bowel tumors bleed, and this bleeding can be detected by a simple chemical test called a hemoccult. This test is a more sensitive screening device, and is far less expensive and complicated than the proctoscopy.

Men and women over 45 should have an examination of the left side of the bowel every five years to remove any polyps (benign tumors) that might be found. Polyps in the large intestine may become malignant; their removal is an easy procedure — can prevent cancer. A flexible tube that can reach about 25 inches into the colon is used. Unlike other tests with rigid metal instruments, this newer and better procedure caused little discomfort.

Weigh yourself every month and compare your weight to what is considered ideal for your height. Generally, an increase in weight up to 20 percent above the ideal does little physical harm, and any abnormalities created, such as a rise in cholesterol, blood pressure or blood sugar, are reversible by weight loss. If you are more than 20 percent overweight, you incur an increased risk of coronary heart disease and, in women, uterine cancer.

Every person between the ages of 20 and 60 should have the hemoglobin level determined to detect anemia every two years. Once you reach the age of 60, you should have the test done yearly.

In addition to the schedule of tests, every person should have a limited physical exam, particularly an exam of the heart for murmurs, between the ages of 20 and 30, 40 and 50, and 60 and 70. During the first two checkups, you should also get an electrocardiogram (EKG) and a chest x-ray. These will provide a baseline to be used for reference purposes. That is all that is needed for the apparently healthy adult; additional EKGs and x-rays should be obtained only if symptoms indicate that they are necessary.

The cost of this suggested "14-point" preventive health program depends on your age, and variations will occur according to the charges of individual physicians and laboratories. For example, at preventive health centers now being established in New Jersey, visits will cost men and women under age 40 about \$75 a year. For men over age 40, the cost will be \$125 a year and for women

(Editor's note: Dr. Louria is professor and chairman, Department of Preventive Medicine and Community Health, at the New Jersey Medical School of the University of Medicine and Dentistry of New Jersey. A resident of Summit, he is author of "Stay Well," published by Charles Scribner's Sons.)

One final tip. To help you track your "maintenance schedule," try to schedule the tests for which you are due during the month in which your birthday falls. If you follow the schedule, it is more likely that you will remain healthy from one birthday to the next.

Adubato and Scarpelli Speak on Flood Control

Assemblyman Steve Adubato and Nutley Public Works Commissioner Peter Scarpelli appeared on New Jersey Public Television Nov. 11 to discuss the issue of Passaic River flood control.

Adubato and Scarpelli were guests on N.J. Public Television's public affairs program, "On the Record," hosted by Larry Stuep-nagel. The half-hour show dealt with the issue of Passaic River flooding. Also appearing on the show were Assemblyman Ralph Lovers of Morris County and Mayor Evelyn Justeson of the town of Pequannock.

The four guests engaged in a debate over the wisdom of the proposed Passaic River tunnel. Adubato and Scarpelli criticized the tunnel as too costly and

impractical. They noted there were too many unanswered questions regarding the tunnel, especially in terms of its environmental impact on Nutley, Belleville, and other lower Passaic communities.

Adubato argued the best response to the flooding problem is a buy-out program, which he is sponsoring in the State Legislature. He has also introduced legislation which would impose a moratorium on development in the flood zone along the Passaic.

Scarpelli indicated that the proposed tunnel involves a number of technical and structural problems. "There are too many problems that have not been dealt with to my satisfaction," he asserted. "This tunnel would pose real dangers to the people of the lower Passaic."

Family Continues Search For Suitable Housing

(Continued from page 1)

landlord wouldn't take it," said Porcello, who has had enough rent to cover the first 17 days of this month.

According to his attorney, Joseph Young of the Community Health Law Project, if the Porcellos are not out by Nov. 17 the landlord may obtain a warrant from Essex County Court and have a constable lock them out within three days.

Porcello fears ending up on the street or having his son removed by officials — who question his ability to care for Domenico.

After The Times ran a story of Porcello's plight last week, people called with information about apartments, but Porcello said nothing worked out.

"When I went to one of them, the superintendent told me the people didn't move out yet, but the apartment was already rented to somebody else anyway," Porcello explained.

One of the new owners of the house, Joanne Wapowsky said Tuesday she sympathizes with Porcello but does not know what more can be done.

"I bought this house to live in with my children," said Wapowsky, who has two young sons.

She purchased the two-family home with relatives. "We couldn't afford to do it any other way," she said in a telephone conversation.

Wapowsky said her sister and brother-in-law, who co-own the

house, live in the second floor apartment with their two children.

"I'm living with them and in an attic apartment. This is a great inconvenience to us and we have waited so long," she explained. "I bought this house to live in and I would like to do so."

Wapowsky said she tried to pass along leads on apartments to Porcello, but with no luck. "I don't know what he expects," she said. "He kept telling me he would be out by the next month, but that's been going on since June."

The owners said that if Porcello could produce positive proof that he obtained an apartment "even for Dec. 1," she would not pursue the lock-out in county court.

"I feel very sorry for him and his family and I find this disgusting, but I don't know what else to do," she added.

Porcello said he applied at nearby senior citizens' housing "but the lists are long and they were all filled up."

He also said that although he has relatives, they are not able to take the family in even temporarily.

Officials at the Belleville Welfare Department noted Porcello is not a welfare case, but they have been trying to help him find suitable housing.

They reported no luck either this week.

Anyone who can help this family may call The Times at 759-3200.

SHERIFF'S SALE
SUPERIOR (CHANCERY)
SUPERIOR COURT OF NEW JERSEY,
CHANCERY DIVISION, ESSEX COUNTY,
DOCKET NO. F-277-82, NEW JERSEY

Pre-School Story Hour Nov. 19 at Holy Family

Holy Family School has begun accepting registration for its 1984-85 Pre-Kindergarten Story Hour. The first session is slated for Nov. 19.

The story hour is held every month on Monday afternoons from 1:30 to 2:40 p.m. in the school library. The program is open to 3 and 4-year-olds and helps acquaint toddlers with school. Activities include arts and crafts, stories and pre-school instruction.

Call Holy Family School principal Sr. Marie Gagliano at 667-2049 or Laura Lehman at 481-2874 for information.

Cocktail Party Nov. 18 to Launch Irish-American Membership Drive

The Nutley Irish-American Association will hold a membership drive cocktail party this Sunday, Nov. 18, 4-8 p.m., in the downstairs community room of Nutley Savings and Loan Association, 371 Franklin Ave.

Mike Batty, chairman of the membership committee, said present and prospective members are invited to attend the cocktail party.

"The unique aspect of our group is that we are proud of Ireland and everything associated with it," Joseph Cunningham, group president, stated.

Among the many community events sponsored by the group are the annual St. Patrick's Day Parade and the Nutley Five-Mile Classic. The association also raises money for various community charities and sponsors "Project Children," a national organization which brings children from war-torn Northern Ireland to America for summer vacations.

The group presently boasts a

membership of over 400, including Belleville residents as well. The Irish-American Association has its origins in a group known as "The Friendly Sons of Maggie's Garter," which was founded in March 1979.

"Our club is perceived by some as being a group which has a big party on St. Patrick's Day following our parade and disappears for the rest of the year," member Pat Keating said. "This is a misconception, because we do participate in many projects throughout the year."

"It's a very rewarding and important organization," member Bobby "Sovs" Schweikert stated. "Everyone in the club participates." Schweikert, a group trustee, has sponsored an Irish child in the "Project Children" program here for the past two years.

Batty said membership dues are \$5 a year and membership is open to the public. Contact Karen Palito at 661-3200 for more information.

Irish-American Membership Drive — The Nutley Irish-American Association will hold a membership drive cocktail party this Sunday, 4-8 p.m., in the downstairs community room of Nutley Savings and Loan Association, 371 Franklin Ave. Membership is open to the public as the group lists over 400 area residents. Pictured is membership committee staff (seated, l to r) Ruth Cunningham, Mike Batty, Joan Javis, (standing) Steve Blank, Bob Carr and Joseph Cunningham. Missing from photo is Bea Ucci and Karen Palito.

IRS Sample Form 941 Shows Completion Error

A sampling of Forms 941, Employer's Quarterly Federal Tax Return, filed for the third quarter 1984, shows that over 14 percent were completed incorrectly.

The main error detected was the taxpayers (and some preparers, too) are showing Federal Tax Deposits instead of the amount of their tax liability in the "Record of Federal Tax Liability" column.

The IRS does not need to know the amount of Federal Tax Deposits because this information is given to them by the financial institution when taxpayers make

their deposits. Employers must show the amounts of withholding taxes and FICA taxes on their return next to the date the wages were paid. IRS then matches this against the date the deposits were made to determine if a penalty is due for failure to deposit or for late deposits.

Line 13 on the return "Net Taxes," must equal Line 4, the total tax liabilities for the quarter.

Detailed instructions for making Federal Tax Deposits and for completing Form 941 are found on the reverse of the Form. Information can also be obtained from your local IRS office.

Feusmith Will Celebrate 60th Anniversary Dec. 2

Members of Feusmith Memorial Presbyterian Church will be celebrating the church's 60th anniversary Sunday, Dec. 2 beginning with regular morning services at 9:15 and 11.

A special memorial service will be conducted at 4 p.m. Assisting the Rev. Alfred W. Stone, Jr. will be former pastors, Dr. James K. Morse and the Rev. George L. Van Leuven.

Following the memorial service, the congregation will gather at the Robin Hood Inn, Clifton, for a birthday dinner starting at 6 p.m.

Members, former members and friends are invited to participate. For tickets and information, call the church secretary at 759-6809. No reservations will be taken after Thursday, Nov. 22.

New Kiwanians — Tony De Feo and John Campi (center, l-r) were recently installed as members of the Kiwanis Club of Belleville. Congratulating the new members are John Ianuzzi, (left), president, and Vincent Sorrentino, past Kiwanis lieutenant governor.

Religious Viewpoint

Wrong Is Always Wrong

By Rev. Robert Paul

In a period of loose and sagging morals, Satan provides many rationalizations for improper behavior. Those who would be faithful in Christian living (Christ in you) must not be ignorant of Satan's devices. (2nd Corin. 2:11.) Wrong is always wrong despite efforts to excuse our actions. Someone has said, "The surest way to be a failure as a writer is to set out with the determination to please everyone."

Wrong is wrong, even if we don't get caught. Let us remember, "The eyes of the Lord are in every place beholding the evil and the good." (Proverbs 15:3.)

Wrong is wrong if we do it for a good cause. The honorable purpose does not justify a dishonorable deed or action. The end never justifies the means. "Whosoever committeth sin transgresseth also the law; for sin is the transgression of the law." (1st John 3:4.)

Wrong is wrong, even if others are doing worse things. To the lost (those not born again) in the day of judgement, it will be little comfort to know others committed worse sins. Christ is our standard, not some religious person. Even the "thought of foolishness is sin."

Wrong is wrong, even if it doesn't bother the conscience. The conscience can be trained, or educated to accept wrong-doing; even evil done in sincerity is sinful in the sight of our Holy God. Be sure your sin will find you out. "Be not deceived: God is not mocked: for whatsoever a man soweth, that shall also reap." (Galatians 6:7.)

Wrong is wrong, even if it is commonly considered acceptable. The Bible says "Thou shalt not follow a multitude to do evil." The born again Christian should "enter not into the path of the wicked, and not go in the way of evil men. Avoid it, turn from it and pass by."

It is wrong to think you can get into heaven by your good works, because "not by works or righteousness, which we have done, but according to his mercy he save us, by the washing of regeneration, and renewing of the Holy Spirit." (Titus 3:5.)
