# Citizen Claims Police Attempted Harassment

By Linda Teleco

A township man who recently voiced public criticism of a local meter maid, claims his arrest last week by police for a motor vehicle violation was an attempt to harass and intimidate him for his outspokenness.

Frank Montagna, of DeWitt Avenue told Public Safety Commissioner Ralph DiRuggiero Saturday he would take legal action against both the township and the arresting police officer, Charles Hood, if the facts proved

he was held Friday night on false arrest.

Montagna, 55, approached DiRuggiero Saturday morning following Commissioners' special budget session.

According to Montagna, he had been arrested the night before and held in the township jail until his wife arrived to pay \$250 bail.

Montagna displayed a summons written by Hood charging Montagna with driving with a revoked license.

The outraged citizen produced

a recently issued license to himself bearing valid dates from October 26, 1984 to November 30, 1986.

According to Montagna, he was stopped by police at about 10:30 p.m. Friday. The citizen said he had been traveling north on Cedar Hill Avenue and was stopped just after he turned right heading east on Holmes Street.

The police vehicle, he said, had been traveling south on Cedar Hill and upon approaching the intersection with Holmes Street, turned onto the curb and apparently waited until Montagna's vehicle made the turn.

Montagna said there were two officers in the car, but Hood was the one he talked to. "He told me I was being pulled over for not using my directionals," said the citizen who noted that his car could only have traveled straight ahead or turned right at the point.

"The officers were very polite (Please see "Montagnes" on page 12.)

## Temporary Town Budget Is Adopted

A temporary 1985 municipal budget was adopted at a special session Saturday by the Board of Commissioners.

The temporary appropriations, according to the resolution, will permit the township to pay expenses incurred before the final adoption of the year's spending plan which is expected to be introduced next month.

The temporary allotments for the five municipal departments are as follows: Public Safety, \$1,355,300; Revenue and Finance, \$624,550; Public Works, \$266,274; Public Affairs, \$388,750 and Parks and Public Property, \$293,500.

The plan also calls for \$313,000 for deferred charges and statutory expenditures (municipal) and includes \$284,526.64 for deferred charges and statutory expenditures excluded from the 5 percent caps.

The caps are a ceiling imposed on a given year's spending. They are within 5 percent of whatever was allotted to the category the year before.

## School Board Revises Figures For Budget

The School Board agreed Monday to submit a set of revised figures for the 1985-86 school budget to the County Superintendent's office for approval.

The new figures, agreed upon following a special private session during the public executive meeting are: Current expense, \$17,227,670; Capital outlay, \$160,000; debt service, \$162,560; and Chapter 74 debt service, \$111,125.

In other business, the trustees also voted unanimously to adopt the Belleville Middle School Discipline Policy presented formally by administrators of the facility at a board session last month.

**Future Artists On Their Way** — Melissa Brown (age 4), Dominic Costa (age 9), and Cara Vilella (age 10) (l-r) were this year's winners of the Belleville K-Mart's annual Christmas Coloring Contest. Each received a \$10 K-Mart gift certificate. With the artistic winners is Shirley Carbone, food manager at K-Mart. K-Mart officials praised the students for their holiday creations.

## School Seven Students Cited For Triumphant Performance

A group of fourth graders from School Seven for the Academically Talented took bows at Monday's Board of Education session for their triumphant performance in a televised Academic Bowl competition.

The children stood to receive praise from Board vice-president Anthony D'Agostino, chairing the session in the absence of President Grace Purdue.

"We're very proud of them," said D'Agostino who also commended their teacher, Elizabeth Follansbee and School Seven Principal Marilyn Hawthorne.

The Belleville children competed against a fourth grade class from Sparta in the contest involving knowledge of both educational and health and safety material. Entitled "It's Up to You," the program will be broadcast on cable television during the last week of January and the first week of February.

Residents can tune in to watch the local champions who won the district a computer system.

Also on hand for the congratulations was the now famous "Officer Jack," a police officer who dedicates his time traveling to schools and instructing children on the dangers of drugs and alcohol as well as on preventing molestation.

A member of the Mountain Lakes police department, Officer Jack Nicholas began his special mission some 10 years ago in his own community.

"Other towns started to request programs for their schools," the young policeman said Monday, explaining the popular growth of his show.

Now, Captain Jack and his sidekick, a mannequin called "Officer Archie" clad in police garb, take their act to schools all along the East coast and to the televi-

sion airwaves.

Nicholas, who brought his act to Belleville over a year ago, was instrumental in getting the local class on the game show.

"The format is like the 'Family Feud' show," he explained. The officer said he is particularly eager to get more participation from companies or individuals who may be able to fund the

prizes distributed on the programs, now donated by the various manufacturers.

Also honored at Monday's session were three local youths who attained the level of Eagle Scout in the Boy Scouts. Christopher Goldrick, Anthony Meglio and Jason Haines received thunderous applause and a standing ovation for their achievement.

## County Division Honors Volunteer Help Today

The Essex County Division of Consumer Services will hold an open house today, 4 to 7 p.m. at its offices at 900 Bloomfield Ave., Verona, to honor "volunteers" who work regularly for the Division.

The volunteers include Belleville resident Edward Bauer. Bob Russo, Division of Consumer Services director, said "These volunteers contribute their

time and energy to help with consumer problems. By honoring these hard working and dedicated area residents, we are expressing Essex County's appreciation for the fine work they do."

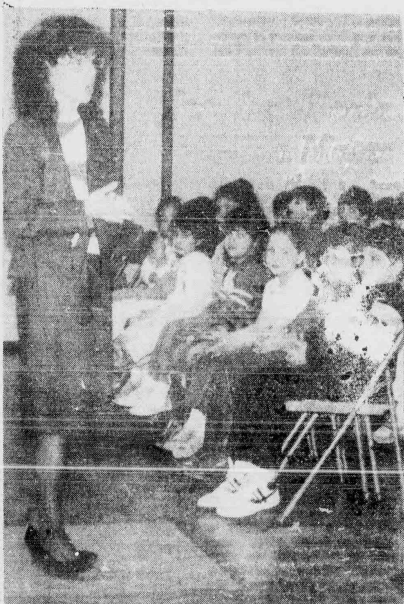

Invited guests include Essex County Executive Peter Shapiro, Essex County Board of Freeholders and other appointed and elected officials of Essex County.

## Library Can Help Plan Next Year's Vacation

Are you considering planning a winter, spring, or summer vacation for 1985? If so, the Belleville Public Library can help you. Among the new travel books added are "Fodor's Europe 1985," covering 35 countries, "Fodor's North Africa 1985," covering Africa, Morocco and Tunisia, "Fodor's Scandinavia 1985," covering Norway, Finland, Denmark and Sweden, "Fodor's Greece 1985," covering Greece,

the Greek Islands and Crete, "Soviet Union 1985," covering a background on history, geography, culture and way of life and "Fodor's Southeast Asia."

Other titles include "Fodor's Budget Travel in America, 1985," featuring all 50 states and Washington as well and practical information on hotels, motels, restaurants and shops, as well as "Fodor's Hawaii" and "Fodor's Florida 1985."

**Making Students Aware** — Detective Toni Morgan of the Essex County Sheriff's Department spoke about child abuse to students at School 4 last week. The lecture was the third in a three-part series directed to the parents, teachers, and students. Through the use of lectures and films, children are made aware of how to avoid certain situations that may lead to child abuse.

## 1984: Productive Year for Chamber of Commerce

By Howard Halpern

In January, the Chamber of Commerce sponsored its annual "Salute to Motherhood" under the direction of Mrs. Shirlee Sherman, 1984-85 executive vice president, with the "First Baby of the Year Contest" with many merchants participating in this joyous occasion.

February brought new challenges in the way of joining the New Jersey State Chamber of Commerce on its annual train ride to Washington, D.C., and the Congressional dinner being held for over 2,000 business people

belonging to chambers of commerce all over the state. The experience was priceless. We are going to do it again in 1985.

The February membership luncheon was held at Nanina's in the Park for the occasion of our installation of our new president, officers, and Board of Directors. This event was televised live on OBC-TV for the first time. March brought the "Easter Ham Giveaway" promotion where each participating member gave away a "Holiday Ham" as a way of saying thank you to their loyal customers. The formation of a "Buy a Brick" concept was introduced to the mayor as a way of supplementing funds for the building of a new police facility for Belleville's finest.

The month of April was a real treat, with promotions working

for our first pop concert, "A Night of Nostalgia" under the direction of Lou Cicenia of Charles Jewelers. Three different musical acts performed in concert style at Belleville High School.

"The Good News Show," hosted by Jerry Leopoldi, which is broadcast on cable television, Channel 32, was kind enough to feature a half-hour program saluting the Belleville Chamber of Commerce and its "good deeds" to our town. "It's Better in Belleville" has proven to be an energizing slogan, heightening a very vibrant Belleville Chamber of Commerce.

May flowers brought the New Jersey State Lottery Pick Six Millionaire Lottery Drawing to Belleville for the first time. Over 500 people were in attendance at the Chandelier Restaurant on Franklin Avenue. What an exciting day! We even had a \$50,000 winner from Belleville.

The summer months were not as active, but we did sponsor two sidewalk sale weekends and many members spent the summer months working on the "Belleville-Nutley Columbus Day Parade" which was a spectacular event for a first time joint effort.

The Belleville Chamber of Commerce was instrumental in sponsoring a luncheon for the New Jersey Jets football team as a welcome to our state at the Meadowlands Hilton in September. Their new home base will be at Giants Stadium in the Meadowlands. Other area people were in attendance at the chambers assembled to greet and show support of these fine athletes. Working together with other chambers of commerce stirs the creative minds of current Board of Directors. We are learning how to make work fun.

In October, we served as judges for the Junior Women's Club's annual Halloween Parade, another joint effort with other service groups.

The Chamber ran a "Nite At The Races" for our members which turned into a real fun-filled evening. The fifth race was named for the Belleville Chamber of Commerce. My lovely wife Joan and I, along with Shirlee Sherman of Sherman's, presented the

trophy to the winner of the race. It was such a great feeling to see the Belleville Chamber of Commerce all lit up on the Trackside Tote Board.

November was especially busy for the Chamber, starting with the Veteran's Day Parade and the annual Chamber Dinner Dance at the Branch Brook Manor which honored Grace Purdue of the Belleville Board of Education and Essex County Sheriff Tom D'Alessio. A turkey promotion was held for Thanksgiving as part of our annual holiday festivities.

Bringing in the holiday season this year was particularly heartwarming due to the response of the Belleville High School choir singing Christmas carols throughout the town while the "Santa Train Ride," courtesy of the American Legion Post 105 and the 40/8 "Choo-Choo," driven by past Commander Pat Wynn, escorted Santa on his journey through Belleville.

On Dec. 18 the Chamber of Commerce participated in the American Legion Post 105 Christmas Party at the Veteran's Hospital in East Orange. Food was donated by Gino's Pizzeria on Washington Avenue for the entire party. Another rewarding experience to remember from the year 1984.

Various other activities such as attending grand openings of new businesses in town and joining the U.S. Chamber of Commerce which now gives us even more credibility statewide. The Chamber also received special recognition from the Assembly in Trenton sponsored by Assemblyman Stephen Aduato in the form of a resolution honoring the current Chamber of Commerce officers and board members for their outstanding performance in promoting goodwill for the Township of Belleville.

The Chamber has also been involved with the county in an effort to place "community service workers" throughout the town and in the Chamber office as part of their overload from the Driving While Intoxicated (DWI) program which has been working very well.

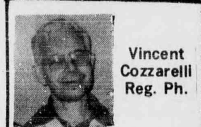

An amendment to the by-laws creating three new associate directors was introduced and passed in an effort to create a more harmonious team and help us plug into other service organizations all working together on community projects for a stronger, more unified image of our town. We have also established an Aaron Z. Cohen Scholarship

Fund to be given this year for the first time to a deserving youth in Belleville.

Our Chamber of Commerce has an effervescent and enthusiastic Board of Directors, of which I am very proud and honored to be the president of the coming year.

Expansions in the business community have been very visible with First DeWitt Savings being granted the approval to build their new Corporate Headquarters on Washington Avenue. People's Bank has grown with the purchase of another Financial Institution to its dozier, and First Jersey National State Bank has come to Belleville.

**EYE DROPS**  
Common redness in the eye is caused by enlarged blood vessels. Most available eye drops on the market contain decongestants, such as phenylephrine, naphazoline or tetrahydrozoline. These ingredients constrict or tighten the blood vessels which, in turn, clears up the eye. Over the counter eye drops must be sterile while manufactured. They may also have preservatives in them to keep them sterile. Before using eye drops, it is a good habit to shake the bottle and hold it up to the light. Be certain that the solution is perfectly clear and that no particles, such as filaments and fibers, are floating in it. Check the expiration date on the package.

If you are concerned about the safety and effectiveness of a prescription drug bring it in and we'll be happy to check it at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. We carry a full line of consumer aids for sale or rent including walkers, wheel chairs, crutches and canes. "Your Doctor Knows Us Your Doctor Trusts Us". Open Daily 9am-10pm, Sundays 7am-9pm.

**New Partnership** — Tricia Badalamenti of Belleville, a co-owner of Patrician Associates, 249 Franklin Ave., Nutley, is congratulated by Ed Gresham, president of Electronic Realty Associates on the completion of her ERA seminar in Kansas City. The Nutley real estate firm has joined with ERA, an international home marketing service. Patrician will now provide various realty services offered by ERA.

## Patrician Associates Joins Electronic Realty Associates

Patrician Associates, 249 Franklin Ave., Nutley, has joined Electronic Realty Associates (ERA), an international real estate franchise. The announcement was made by co-owners Tricia Badalamenti of Belleville and William Sagarese.

As an ERA Real Estate broker, Patrician will offer such consumer aids as two home protection plans — the Buyers and Sellers plans — as well as photo-by-wire listings and a nationwide relocation system.

ERA Real Estate, the fastest-growing national home marketing

service, has more than 20,000 sales associates in more than 3,000 nationwide offices. ERA is a Control Data company.

"With ERA Real Estate's exclusive consumer aids, we can help people sell their homes and alleviate the trauma of moving," Badalamenti and Sagarese stated.

"The Buyers Protection Plan protects the homeowner against the operational failure of major home components including the central heating, electric air conditioning, interior plumbing and electrical system, built-in appliances, water heaters and softeners and accessible ductwork," Badalamenti said.

"The Sellers Protection Plan coverage begins 15 days after the home is listed for sale with an

ERA Real Estate broker and runs for up to six months or until the home is sold. The coverage is identical to the buyer's plan," she continued.

"A person moving long distance has always had to travel back and forth to find the right home. There was no way to make the search easier. ERA Real Estate's 'Moving Machine' has changed all that. The machine transmits six photos at a time of homes and descriptive data to prospective buyers practically anywhere in the country," Badalamenti and Sagarese explained.

ERA-Patrician Associates has been serving home buyers and sellers in the Nutley area for nearly two years.

## Taxpayers Can Claim Losses By Amending 1983 Tax Form

### WINTER SALE

Come shop the sale of the season... three hundred designer dresses (most in size 8), originally \$114 to \$924, for \$30 to \$395... five hundred sweaters that sold for \$42 to \$94, from \$15... plus coats and assorted separates, 50% off.

Record rain in the spring of 1984 brought record headaches to many local residents in the form of flood damages to homes and property. If you live in a federally designated disaster area and if you are hard pressed for cash to make repairs, you should be aware of that the government provides you an alternate in handling the casualty loss in your tax return.

Bert Tobia, district manager of H & R Block, stresses that even if you don't need a faster refund, you should still try amending your 1983 return. Compare it with taking the casualty in 1984 and see which year is more advantageous.

"Instead of waiting for 1985 to claim the loss on your 1984 tax return you can, as if it had happened that year, amend your 1983 return now and claim the casualty. This should result in a faster tax refund if you are due for your losses," Tobia said.

"Basically, a deduction is allowed for the amount of your loss (after insurance reimbursement) less \$100 that is in excess of 10 percent of your adjusted gross income. If this allowable deduction turns out to be more than your income for the year, it is possible to have a net operating loss which can be either carried back to offset previous year's incomes or carried forward to future years," he continued.

## C. LeFante Receives Promotion

Cynthia A. LeFante of Marlboro was named assistant secretary of Provident Savings Bank, as announced by Kenneth F.X. Albers, chairman of the board and chief executive officer.

A career banker, LeFante joined Provident in 1974 as a clerk typist sponsored under the Synder High School Cooperative Office Education Program. Upon graduation in 1975, she became a full-time secretary to the bank comptroller. Later she held the positions of Secretary to the Personnel Director and Secretary to the President.

In 1984 LeFante assumed the duties of Secretary to the Chairman of the Board and Chief Executive Officer and subsequently named a bank officer.

## Thought for Today

"Don't use bad language. Say only what is good and helpful to those you are talking to, and that will give them a blessing."

Ephesians 4:29

How do you communicate effectively? First, be friendly. See every person with whom you must deal as a beautiful human being. There are no totally wicked, thoroughly perverse, saturated evil beings. There may be some people who do terrible things, make caustic comments, or perform most dismally. But if that's the case, it is because they're afraid, insecure or frightened.

Be friendly. See even the most difficult people as human beings who probably have terrible problems. Believe the best about them. Expect the best from them. When you do, you'll create a mental climate where you will motivate them to become the persons you see them to be. Every human being wants to be treated with respect and dignity. Nobody wants to be pushed aside, insulted, abused or violated.  
So... be friendly.

## Thoughts For 1985

Let this New Year be the beginning of a new life in each of us wherein "old things are past away." Not the old thoughts, of course, which are still true, but those remain to nurse us and encourage our prejudices. Not the old emotions that are filled with kindness; but all anger and bitter feeling and railing. Not the old reverence for the authority of God; but all fears born of our unworthy service apart from him.

Not the old gracious ministries that blessed mankind; but the harsh words, the suspicious looks, the clenched hands and unwilling feet. Not the old habits that keep us in the straight way; but the new fashions that make us unmindful of those things which hold life together

in the unity of good manners. Not the old friends who grow more beloved each year because their worth is better appreciated; but the new associations made from mercenary motives.

Let all blessed old things stay, but let the clutter of our heads and hearts be removed that new inspirations and new affections may come in to gladden our lives.

*Frank A. Opachio*

## Postal Service

Most of us came through the holiday rush somewhat intact and grateful that this commercial exercise is a thing of the past. Unfortunately, over the years, what started out as a religious observation has been converted to a commercial opportunity. Someday, maybe the significance of Christmas can be appreciated with less commercial impact.

Meanwhile, we pause to pay tribute to the U.S. Postal system.

The burden of delivering Christmas mail and packages across this great land of ours — and internationally — primarily falls upon the shoulders of our Post Office employees. As usual, they were equal to the task. As usual, they performed well despite the stress and strain of time constraints and

volume mail.

We salute our Postmaster Joseph Benucci, his management team and the men and women at the counter, behind the counter and pounding the streets to insure that all of us received our Christmas mail and packages on a timely basis. Another job well done and another opportunity for us to pause in our daily labor to express gratitude to public servants who have served us so well.

*Frank A. Opachio*

## Letters in Print

### Resident Argues Points Of VanderZwan's Letter

To the editor:

In response to Mr. VanderZwan's letter of Dec. 20, he should stop and take notice of all the senior citizens who are not getting all of these so-called benefits that they well deserve.

Let us take the case of a 90-year-old woman who depends on that Social Security check to help pay for the salary of two women; one during the day for a few hours and one to spend the night since she is confined to a wheelchair during the day and may fall if she attempts to get out of bed at night. Medicare will not pay over \$300 per week for this service.

Because she is \$4 over the limit eligible for a free homemaker during the day, she cannot afford to hire someone from a private agency.

Nutrition centers are fine if you are able to get to one. Meals on Wheels program is great, if you qualify. Just be \$1 or \$2 over the eligibility requirements and it won't mean a thing how disabled you are. I am sure President Reagan will never

have to worry about how his doctor bills will be paid.

When people see the senior citizens lined up waiting for a bus to take them to Atlantic City or even to a senior citizen meeting, the first thing they say is: look how much it is being done for the senior citizens. But what about the other seniors who find it difficult to even get to a grocery store and must depend on strangers to help them.

Any benefits that the senior citizens are getting they earned through years of hard work. But how are they rewarded? Their cost of living increase was delayed and now must wait for January; they must pay more for Medicare, and receive less benefits from it.

So speak for yourself Mr. VanderZwan. You may have it very good under President Reagan, but there are many who are not as lucky.

Sincerely,  
Chloe M. Datto

### Mountainside Hospital Thanks Its Fundraisers

To the editor:

At the occasion of our reaching the halfway mark of our \$10 million fundraising goal for the Mountainside Hospital's Second Century Building Campaign, we would like to take this opportunity to thank our sponsors, our Honorary Leadership Chairman, Campaign Division Chairmen and the many volunteers who are working diligently on behalf of the hospital to solicit financial support for the project from the 18 towns represented in Mountainside's primary and secondary service areas.

Lee Arning and William Dill, chairmen of Leadership Gifts; Betty Witzel, Bernard J. Martin and Kent V. Faulkner, chairmen of Major Gifts; Bob Miranda, John Runfolt, Charles A. Poekel, Jr. and Mrs. William E. Treene, chairmen of the Special Gifts Divisions have and continue to lead their volunteer committees in active solicitations.

In-house solicitations are near completion. Almost \$1 million has been raised by the Medical Staff Division which was led by Drs. Robert H. Areson, John J. Cunningham, Alfred R. Dardis, N. Ralph Ostella, L. Arne Skilbred, John J. Thompson, Francis J. Wyckoff, and Robert F. Zager. Robert Zabriske, chairman of the Trustee Division; Joseph A. Courter, chairman of the Mountainside

Hospital Association Division; and Louis Racioppe, Martha Stewart and Patricia Young, chairmen of the Employee Division have completed their 1984 solicitation.

A successful phonathon, chaired by Jane Abrams with an enthusiastic group of volunteers, has brought forth many positive results.

To all of the individuals, corporations, and foundations who have so generously supported the building program with their thoughtful gifts and pledges, we want to say "Thank You." Because you cared, we're "halfway there," and we can see the momentum rising.

We still have a way to go, however, and need everyone's help. Special presentations are available to anyone who would like to have more information about the building program. For further details, please call the Campaign Office at 429-6130. "We Can't Do It Without You!"

Sincerely,  
Becky A. Jones and Robert M. Fortis, III

### Elks Appreciate Donations To Abused Children's Fund

To the editor,

We, the members of the Elks Abused Children's Committee would like to express sincere appreciation to the people of Nutley and Belleville who contributed so generously to the Abused Children's Christmas project at the Belleville-Nutley Thanksgiving Day Football Game.

Fifteen bags of food supplies and hundreds of toys were collected at the game by volunteer members of the committee. Additionally over \$500 dollars was collected in cash for the Christmas project. The food supplies are already appropriately being distributed, and the toys and games are being prepared to help make Christmas 1984 a merry one for many unfortunate youngsters.

\* We would like to express special

thanks to Michael Marotti and Harry Cienowath, mayors of Belleville and Nutley, respectively, for proclaiming the week of Nov. 18-24 as Elks Abused Children's Week; to John V. Kelly and Nutley Savings & Loan for providing the newspaper advertisement in The Nutley Sun and the Belleville Times, and to the members of the Board of Education from each town whose help has been invaluable to us.

Public awareness and education can only be accomplished through the media, and all efforts to make the public aware of the abuse suffered by these children are appreciated.

With sincere appreciation,  
Elks Abused Children's Committee

## Golden Comments

By James R. Golden

Gravitating ours to the mundane routine of daily life after the folded and parties of the holidays, we review introspection vicissitudes brought about by changing times and the separation of friends having moved to distant areas.

We reflect sadly our having been remiss in neglecting to send Christmas card to an old friend and express our enitence an abashment for this inordinable oversight.

We are taking thaliberty of expressing our apolo to Dr. and Mrs. Stephen J. Poko who now live in Miami, Fla., and who reads our column every week in The Belleville Times which is mailed to them. Thanks or thinking about your old friends from Belleville Dr. Poko. We well remember the greenmand.

It is regrettable that the ravages of time exactuch a heavy toll in the severance (friendships attenuated by time, stance and loss of personal contit. How difficult it is to reconcile the logic of absence eroding which had been presumed an irrevocable lasting bond of friendship, yet the grains of sand in the hour-glass of time all too frequently sve as the agent of attrition in wening the gap of an old relationship.

It is the holiday season that accentuates this sentimentality of reverence for memots of halcyon of days of the past, when perhaps hearts were oung and the exuberance of yuth held away.

Christmas parties were in vogue to celebrate theule with Mayor Michael Maroti's affair at Town Hall capping thlist with a wide assortment of political celebrities from all svel of government as well as the employees of his department and many of his friends.

Business reports indicate favorable sales returns by local merchants from holiday sales with Jackie Rega's Corner sas topping all previous years. It mid weater also helped by bringing out the buyers.

Reports are being andied about in politically inforted circles that suggest popul Assemblyman Buddy Fortunato, who did a masterful job in fashioning the Meadowlands Sport Complex legislatio into law, might be attracted to very lucrative offer that would occasion his relinquishing his role as a salon.

Should this fruit materialize into reality Buddy's good fortune would be the misfortune o the people of the 30th District whom he has served so well for so many years in the Legislature.

Buddy Fortunato, an invincible candidate for public office, teamed up with Steve Aduccio, Jr., and Nutley's Senate President Carmen Orechio and formed a powerful legislative triumvirate in Trenton who provide their constituents with the best representation in the state.

Should Assemblyman Fortunato not seek re-election in the 1985 November campaign there is still a strong likelihood of the 30th District retaining competent representation. What with Gov. Thomas Kean looking forward to another term in the governor's chair and the GOP yearning for more Republicans in the Assembly, things would brighten up for Nutley's bank president John Kelly who is itching to make those trips to Trenton and push those buttons to record hisvote on the tote board of the Assembly.

John Kelly is capable, experienced, and very popular; has more than a few bucks and being a banker knows how to invest them. Running on the ticket of a very popular governor who has had a highly successful administration doesn't hurt either. Mr. Kelly was a good Assemblyman and would be a good one again.

## NLT's Anniversary Celebrated Jan. 12

Nutley Little Theatre will celebrate its 50th anniversary with a gala dinner-dance this Saturday, Jan. 12, 7 p.m. in the Westmount Country Club, West Paterson.

The evening affair will include a cocktail hour, hors d'oeuvres, dinner, open bar, live music and dancing. Music will be provided by The Pros.

Alfred Eville, a founding member of the group, will be the guest of honor. The affair is open to the public, especially to former members and patrons of NLT. Tickets are priced at \$28.75 per person.

The local theatre group began 50 years ago as an outgrowth from "The Parish Players" of Grace Episcopal Church, Nutley. Eville and Ivor Watts met with Mr. and Mrs. Robert Winteritz and Alfred Morse in the public safety building on Oct. 1, 1934 to discuss plans for a permanent "Little Theater" in Nutley.

The group held an anniversary cocktail reception Sept. 15 at the NLT Barn, 47 Erie Place, to mark the start of its 50th season.

Featured speakers at the reception that day included Mayor Harry Chenoweth, founding member Watts and NLT President Lee Guest-Moore.

The first NLT production was presented Nov. 23, 1934. Nutley residents Frances Goodrich, Albert Hackett and Robert Winteritz wrote and produced an original comedy entitled "Up Pops the Devil."

After 42 years of presenting its shows at various Nutley school auditoriums, NLT decided to convert its barn into a theater. This new era for NLT began in November 1976 with the production of "6 Rooms Riv Vu."

The NLT Barn will be eligible for designation as an historical state landmark next year. Senate President Carmen Orechio is sponsoring the group's application to state authorities for the distinction.

Call Gretchen Kanter at 470-0345 for ticket reservations to the dinner-dance. A commemorative journal is being prepared for the occasion.

## Belleville Public Library: Since 1902

The Belleville Public Library is committed to delivering modern library service to the residents of Belleville. Property owners, people who work in Belleville and students who attend Belleville schools are welcome to use the library and borrow materials.

The library has been part of life in Belleville since 1902 when the Tuesday Afternoon Reading Club sponsored the first public library in Belleville at 28 William St. In 1904, the library moved to a store at 131 Washington Ave. and by 1909, plans were made for a permanent building.

Andrew Carnegie established more than 1200 public libraries nationwide and contributed a building on the library's present site at 221 Washington Ave. That basic building, beautifully designed and sturdy, remains the center of what became, in 1929, an enlarged building and, in 1980, a still larger facility with a contemporary facade on Washington Avenue.

In 1965, School 4 on Magnolia Street became the site of the much-needed Silver Lake Branch Library.

The laws of New Jersey determine the structure of publicly-funded libraries in the Garden

State. Our public library is governed by seven trustees, including Mayor Michael V. Marotti and Superintendent of Schools Michael D. Nardiello, both ex-officio members. The remaining five trustees are Joseph T. Casale, president; Mrs. Richard A. Shafter, secretary; Kenneth R. Broo, treasurer; Dr. Frederick Long and James J. Cozzarelli. The five trustees have given a total of nearly 100 years of service to the Belleville Public Library and, in so doing, have established progressive policies and set a very positive tone for the library.

The library relies on strong township financial support to maintain its positive standing among Essex County libraries. Township support at current levels has also qualified the Belleville Public Library for State Library Aid in 1985 at a rate of \$1 per capita, or \$35,367.

Other financial support for the library has come from Peoples Bank, Hoffman-La Roche, the Belleville Lions Club, Junior Women's Club of Belleville, Friends of the Belleville Public Library and many individual contributions of books and money too numerous to mention here. By relying on this wide range of funding for its operation, the library is truly a community resource and a cultural center for Belleville.

## Sheriff D'Alessio Speaks To Graduating Officers

Essex County Sheriff Thomas J. D'Alessio was guest speaker at graduation exercises at the Essex County Police Academy Dec. 21.

Addressing the 22 men and two women of the graduating class, Sheriff D'Alessio told them they were entering the law enforcement profession at what he described as "the best of times" and also "the worst of times." "The best of times" due to computerization and modern police technology which would make their jobs more efficient and safer and "the worst of times" because of the many demands that today's society places on police officers.

Describing today's police of-

ficers as "part psychologist part social worker, part lawyer, part counselor and full time role model," D'Alessio welcomed the young officers into the family of law enforcement professionals. He urged them not to be discouraged when society seems to focus its anger and unhappiness at them, but to feel proud that they have chosen to make "the protection of life and property their life's work."

The academy graduates, representing 11 jurisdictions throughout Essex County, also heard remarks from James Sheridan, director of the Police Academy, and Chief George Lister of Belleville, president of the Association of Chiefs of Police of Essex County.

D'Alessio is a resident of Nutley.

### Umberto's Corner

Dear Umberto,

My daughter is 15 years old. She is a nice girl with one big problem. She does not leave our house until every hair on her head is in place. She spends hour after hour combing and brushing it and cannot understand why her hair splits even though she uses every hair conditioner on the market. Her cabinet is full of every imaginable conditioner — cans, pumps. Everytime a new hair product is advertised, she runs out and buys it.

Which hair conditioner would you recommend?

Mother with Big Problem Daughter Dear Mother:

Ha, ha, ha! Shame on you! You believe all those girls on TV look so nice because they used the conditioner they are promoting. Not so. The advertisers use girls with naturally beautiful hair. Most likely, she may not even use the product. All the conditioners on the market are good, but the best suggestion I can give you is not to brush or comb your hair too much. This is what causes split and broken ends. And don't put the hot hair dryer close to your hair.

**DENTALLY SPEAKING**  
**By Drs. James D. Muglia and Paul N. De Maio**

Mrs. J. asks, "When are they going to make a vaccine to prevent decay?"

Mrs. J. there are some interesting changes in dental research recently. One is a vaccine to prevent decay. About 10% of the population is resistant to decay, no matter what kind of food is ingested. Exactly what genetically these people have that can be passed on to others is being fabricated and tested. When it will be ready for the population is unknown.

Another advance, Mrs. J. is a solution to dissolve the decayed portion of a tooth. This solution will reduce the amount of drilling needed before a filling is inserted.

However, Mrs. J., the best New Year's resolution you and most of us can make is to eat sensibly and brush and floss twice daily. That old remedy will prevent decay and probably be better for your entire health. Thank you.

## Anita Tur Photographs On Display at Library

On exhibit at the Belleville Public Library during the month of January are photographs by Anita Tur of Belleville. The 8 x 12 photos show in clear colors a variety of fruits, flowers, animals, beer cans, balloons, art works, buildings and other scenes of daily life.

A self-taught amateur photographer, Anita Tur has produced these photos using two easily handled cameras — Minolta's Autofocus AF2M and Minolta's X-700. Both program

and automatic camera settings have been used.

"Each of these photos was taken without flash, using available light only," she explains. "Some very interesting effects can be obtained that way. Focusing on common everyday objects in our daily life, the camera shows us a world of unexpected beauty in form and color."

Tur's photographs can be seen at the library, 221 Washington Ave., during library hours.

## Friendly Visitors Meet Thursday at Fewsmith

The Friendly Visitors Program of Community Mental Health Services for Belleville, Bloomfield and Nutley will hold its regular monthly meeting at Fewsmith Memorial Presbyterian Church, 444 Union Ave., Belleville, Jan. 17 at 2:30 p.m.

Patrick McNally, director of information Central, will speak to the group about programs available for older adults through the Essex County Division of Aging.

Volunteers in the Friendly Visitors Program provide com-

panionship and support to homebound elderly residents of Belleville, Bloomfield and Nutley through daily telephone re-arrangement and weekly home visits.

Persons interested in volunteering or obtaining services may call 450-3135 for further information. The program is funded by the United Way of Bloomfield and of Essex and West Hudson, the Essex County Division of Aging, and the Schumann Foundation. All services are free of charge.

## St. Elizabeth College Offering Scholarships

Special alumnae-funded scholarships to the College of Saint Elizabeth, a four-year liberal arts Catholic-affiliated college for women, are available to qualified high school women living in Essex County, according to Sister Ann Michele Texido, dean of admissions and financial aid.

The \$1000 scholarships are offered to young Essex County women who would enter the college next fall as members of the Class of 1989.

Applicants must have attained SAT scores of at least 1100, must rank in the top 20 percent of their

graduating class, and demonstrate financial need. Applicants do not have to be related to a graduate of the College, though the scholarships are granted by the College of Saint Elizabeth Alumnae Chapter in Essex County. Scholarships to the College are also being offered by Alumnae chapters in Morris and Union counties.

For further information on scholarships and application procedures, contact the Office of Admissions/Financial Aid at the College of Saint Elizabeth, Convent Station, N.J. 07961.

## Religious Viewpoint

### Grounded?

By The Rev. Robert Paul

Some years ago, in a little western town, a crowd of men gathered about a store window through which they saw a large American eagle. It was fastened by one of its feet to a chain which was secured at the other end by a ring in the floor. Held captive this way for some months, it had become seemingly indifferent to the conditions. While the men were looking at the huge bird, a tall young mountaineer pushed his way through the crowd and entered the store. He asked the proprietor what he would take for the eagle, and the owner said, "Two dollars."

When the young man took the money from his pocket and paid the price, the keeper of the store unfastened the chain and handed the eagle to his new owner. Followed by the crowd, he carried the great bird down the street until he came to the signboard and on top of his, he placed the one-time child of the skies. But the great bird remained motionless and the crowd was disappointed. It had been bound so long to this earth that it did not seem to care any longer to fly.

Suddenly, the sun struck his eyes, and the eagle seemed to remember that it was an eagle and that its home was yonder among the crags and the cliffs. It lifted first one foot and then the other as if to make sure of its freedom, and power, then it lifted first one wing and then the other. With a shriek and a bound, it flew away, and higher and higher it ascended until it was lost in the face of the sun. The crowd cheered!

Thus, it is with men. He is held captive so long by the devil that he finally becomes utterly earth bound and forgets that he is created in God's image. By God's revelation of His son, the Lord Jesus Christ, who lived a perfect sinless life, died as our substitute, and rose from the dead, we have a new vision of man's divine possibilities and that he was made to be a new creature in Christ, and live for higher things. Are you chained to this earth? Believe God loves you, and Jesus Christ died just for your sins, and was raised up again for your justification. Trust Him with all your heart by inviting Christ into your life today. (Romans 10:13.) No need to be grounded.

## NJIT Is Sponsoring N.J. Poetry Contest

To encourage young people to write poetry and have it published, the Alumni Association of New Jersey Institute of Technology is sponsoring the eighth Annual New Jersey Poetry contest for students in New Jersey public and private schools.

The competition is held in conjunction with the annual New Jersey Writers Conference, which will be conducted at NJIT Sunday, March 23, 1985. Winners in each of four categories — elementary school, junior high, senior high, and college — will be invited to read their poetry at the conference.

In addition, winners and several runners-up in each category will have their poems published in The Best Student Poetry of New Jersey, an annual anthology edited by Dr. Herman A. Estrin, professor emeritus at NJIT and director of the writer's conference.

Students may submit up to three entries through their schools. Each school may enter 20 poems in all. The deadline for submissions is Feb. 15. Winners and those cited for honorable men-

tions will be notified by March 10.

Entry forms and further information may be obtained by contacting the judge of the appropriate division: elementary school, Adele Kenny, P.O. Box 74, Fanwood, N.J. 07023; junior high school, Helena Kloder Bodian, 48 Fairmount Ave., Morristown, N.J. 07096.

## Pvt. Zamora Completes Unit Training

Amy Pvt. Joseph R. Zamora, son of Olga M. and Joe R. Zamora of 187 Joramem St., has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training. The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations.

Completion of this course qualifies the soldier as a light-weapons infantryman and as an indirect-fire crewman. Soldiers were taught to perform any of the duties in a rifle or mortar squad.

Zamora is a 1984 graduate of Belleville High School.

## DECISION TIME

Open an Individual Retirement Account (IRA) at Nutley Savings & Loan on or before April 15, 1985 and give yourself a break.

Plan for your future financial needs while saving money now with a substantial deduction on your 1984 Federal Tax Return. The money you deposit in your IRA account, is tax deductible up to \$2,000 a year and even more if you're married—\$2,250 if your spouse doesn't work and \$4,000 for working couples.

And remember, you pay no taxes on your deposits or on the interest you earn until you withdraw the funds at retirement, when you're likely to be in a lower tax bracket.

We have a variety of Individual Retirement Accounts paying high market interest rates. So don't delay. Interest is paid from the day of deposit.

**Getting a break on your taxes.  
It's as easy as IRA.**

Monies withdrawn before age 59½ are subject to bank penalties. 10% federal tax penalty and must be declared as income for the year in which the withdrawal is made.

## Rebound from Bloomfield Tourney

### Buc Grapplers Destroy Don Bosco and Kearny

By Joe Piegario

Belleville's improving wrestling squad rebounded from a disappointing fourth place finish in the Bloomfield Christmas Tournament to rout Don Bosco Prep of Ramsey and Kearny High School by respective scores of 47-12 and 41-17.

Although the Bucs were expected to finish higher than fourth, they did manage to lead the Bloomfield Christmas Tournament with three individual champs, Dom Cerreto, Ralph Zarro and Mike Gibbons.

Cerreto, in his fourth varsity season, stormed into the final round of the tourney with two pins. He was matched against his archrival from Caldwell, Vic Palante and came away with the gold medal and a 14-10 victory. Additionally, Cerreto scored a major decision against Don Bosco and a pin versus Kearny to run his season's log to 9-0. He is now tied with Vin Mustacchio for second place on the all time Belleville win list with 66 victories.

At 147 pounds, Ralph Zarro won his first ever varsity tournament by decisioning Troy Oswald of Passaic Valley, 7-2. Earlier, Zarro had defeated the West Essex entry by a default and had beaten Brian Martin of Caldwell 16-8.

Zarro got a breather versus Don Bosco as he was awarded a forfeit victory, but came back rested against Kearny and blasted Ed Evanchik 12-1. With his record now at 7-1, Zarro is building up a head of steam for the districts where he hopes to average an earlier loss to Glen Ridge's Rick Moskowicz.

Belleville's third and most impressive winner in the tourney was 187 pounder Mike Gibbons. After pinning his two preliminary foes, Mike had to face Rick Ceynowa of Clifton in the final. Ceynowa defeated Gibbons 4-3 in OT in last year's Region 2 championship finals.

From the beginning, the match was a donnybrook. In the opening

period, Gibbons nearly scored a fall with a pancake but had to settle for a three point near fall. That remained the final margin of victory as Mike earned an 11-8 triumph and his second consecutive Christmas Tournament gold medal.

By some unexplainable system of logic, Gibbons did not win the tournament MVP. That honor was bestowed upon Passaic Valley's Mike Gallo.

The Bucs also had two third place finishes, Joey Cerreto at 100 pounds and Cam Rispoli at 134.

Only a freshman, the younger Cerreto suffered from being seeded in the wrong bracket. After pinning Clifton's Fred Goldbach, Cerreto had to face the number one seed, Bloomfield's Mark Vicari. Although wrestling valiantly, Joey lost a 4-2 decision. He earned his bronze medal by

### Buc Basketball Squad Beats Morris Hills 45-38

By Mike Lamberti

The Belleville boys' basketball team captured its first victory of the 1984-85 campaign, stopping Morris Hills, 45-38 in the second round of the Morris Knolls Holiday tournament. The Bucs then lost to West Morris, 50-48 in the final round of the tourney and fell to NNJHL rival Montclair, 59-29 last week. On the season, Rocco

Colucci's team is 1-7, with a solid NNJHL schedule upcoming.

The Bucs battled Don Bosco on Tuesday and will be at Clifton this afternoon, starting at 4 p.m. On Saturday, Belleville will play host to Passaic, starting at 2 p.m. Next Monday, the Buc host St. Aloysius High School, beginning

### Breakers Capture Title In Minolta Soccer Loop

The Belleville Breakers of the Belleville Soccer Association earned the "D" Division title in the Minolta Youth Soccer League.

The Breakers, sponsored by Modern Millworks of Belleville, and under the direction of a new coaching staff, enjoyed an undefeated season within their division before moving up to a higher level.

The Breakers offense consisted of Dennis Dework, Mike Morgan, Mike Janicelli, Robert Citallo, John Engdahl, Brian Harvey and Nemat Sayad. Dennis Dework was the Association's high scorer with 20 goals.

The defense consisted of Gerald Sarno, Billy Zigmund, Carmine Espinoza, Tony Suffness, Carmine Pizzano, Jason Ventola, and goalie Pat O'Brien, who allowed one goal within the division. The Breakers coaching staff was led by Bruce Morgan, Gayton Janicelli, Dennis Dework and Eugene O'Brien. The cheerleaders were Lauren Janicelli, Michelle Morgaus, Rita Esposito and Carrie Engdahl.

The team was awarded individual trophies from the Minolta League and team jackets for their outstanding performance this season at a recent party in their honor.

**Working Hard** — Junior Sean Mulcahey (left) of Belleville controls his opponent during last weekend's victory over the Kearny Kards. The Belleville grappler fought to a 3-5 draw in the match. The Bucs are 3-0 in the young season and have not lost a dual match since February, 1983. Mulcahey didn't compete in the Bloomfield Holiday Tournament but returned to the mat for a 6-1 decision victory against Don Bosco.

### Girls' Hoop Team 'Rebounds' To Win Two; Record Now 2-3

After suffering through a slow start, the Belleville girls basketball team has rallied back with two straight victories and is now 2-3 on the 1984-85 season.

The girls faced a rigorous schedule this week. On Tuesday, the team hosted Immaculate Heart and this afternoon, will host Clifton, starting at 4 p.m. This Saturday, the team travels to Passaic for a noon tip off and next Monday, will take on Wayne Valley, starting at 4 p.m. Next Wednesday, the team returns

home to battle arch rival Nutley, also at 4.

"We're executing a little better and gaining confidence," said head coach Karen Fuccello. "I hope it will carry over when the competition stiffens up a little bit this week. We have done some good things over the past two games and are shooting the ball better."

Indeed, after scoring in the low 30's for the first three games, Belleville came back strong in back to back victories over Beeton and

Montclair, winning by respective counts of 55-33 and 50-17. In both games, Belleville pulled out to an early lead, then displayed a strong defense, one that has been effective over the first five games.

"We have to cut down on our errors," Fuccello said. "We're trying not to get rattled and to handle the other teams pressure. This is still a young team and it will take some time."

The catalyst to the team is

## Dedication Pays Off for Coach Tosato

By Mike Lamberti

When John Tosato first arrived on the track scene back on November, 1981, he took over a brand new varsity sports program that needed time and dedication before success would arrive.

Tosato started his coaching career by coaching the indoor track team back in 1981, and now, four years later, he is the head coach of the cross country, indoor and outdoor track programs.

"When I first started here," recalled Tosato, "there were 14 athletes out for the indoor team and a lot of them came out because Rich (Ruffalo, former cross country and outdoor coach) had asked them to give it a try."

Three years later, Tosato has 28 athletes out for the indoor team, doubling his output of athletes. When he first started, just five runners came out for the team. Now, there are 22, with six Buccaneers competing in the weight events.

Tosato's philosophy of track is that an athlete needs competition during the season to improve, but not to cram that competition throughout the season. Thus, Tosato uses the indoor season for individual improvement. "We use the winter months for weight training, endurance and personal improvement. It's a low pressure type of season. We're looking for individual improvement during the winter months, improvement that should carry out to the spring season."

Tosato feels that the indoor season has served its purpose. He currently has five athletes that compete from fall to

spring. Bill Huamani, Bob Hutchinson, J.R. DiVincenzo, Donna Lee Duodelin and Joyce Luongo start the season in early September by competing for the cross country team, continue with running during the indoor season and finish with competition during the spring campaign.

"We have some freshman and sophomores that are starting to develop an interest in the program as well," Tosato said. "Once again, there isn't too much competition involved during the winter months. We take part in the invitational, but we use them as a break in the workout schedule."

The effects of the three season sport has been very good. "J.R. DiVincenzo is a good example of the improvement," said Tosato. "He hates cross country, yet he runs it to build up endurance. After cross country, he comes indoors for weight training and a chance to work on his starts for the outdoor season. By the time the outdoor campaign starts, he is ready to go."

DiVincenzo, a junior, is a sprinter by trade and is in good shape to break the 100 meter record at Belleville High, which currently is 11.5.

Another good example has been the steady improvement of seniors Hutchinson and Huamani. Both men have dedicated a great deal of time to each season and now, both have become very respected runners in the area. A freshman, Joyce Luongo, is coming off a fine cross country season and continues to improve in the indoor season. Needless to say, her future is in good

hands if she continues to work hard.

"When an athlete first comes to Belleville High, he doesn't know a lot about running," said Tosato. "It's one of those sports where you just have to go out and work. Some people might not like the rigors of cross country, but they don't get frustrated because they can compete in the indoor and outdoor programs. Pole vaulting is not an indoor event, but our outdoor vaulters are going to a clinic next weekend to hear Earl Bell speak (Bell is an olympic vaulter). The enthusiasm appears to be there."

The coach is also expecting a good turnout for the outdoor season. "I'm hoping that the athletes will use the time in high school to develop into good runners in the future," Tosato said. "Maybe staying in shape after high school will be easier and more enjoyable by competing in track."

Rome wasn't built in a day and certainly a dynasty of Belleville track will not be created in a year. But John Tosato is optimistic, despite competing against a rugged NNJHL schedule. "I think the schedule will help us in the long run," said Tosato. "Competing against the clubs such as Eastside, Kennedy and Passaic will make us work harder. It should help in the future years."

News from the Belleville Soccer Association. The newly formed Cobras of the Belleville Soccer Association remained undefeated with a 10-0 shutout over Lodi and an 8-2 win versus Woodcliff Lake. This team, made up of

Belleville High School varsity players, completely dominated Lodi. Hot scoring Ozzie Stefanon tallied four goals, George Ferrara had three, Mike Silletti two and Alberto Chafar finished with one goal.

Against Woodcliff Lake, Stefanon finished with two goals, Chafar added three and one goal was scored by Silletti. Jim Damiano and Joe Christ.

The newly formed Strikers saw their record fall to 1-2, losing close games to Hillsdale, 3-2 and Lodi, 4-0. Tony Lai scored his second and third goals of the season in the Hillsdale game. The Strikers are sponsored by La Valle Restaurant and Pizzeria and will compete in the indoor soccer league in Verona.

Other BSA teams competing in the upcoming indoor soccer leagues are the Americans, sponsored by Peoples Bank, the Kings, sponsored by De Bacco brothers, the Blast, sponsored by P.N.C. and the Division 6 Belleville Bulls. Good luck to these young men as they move indoors.

It's all come down to the Super Bowl on January 20 and the Miami Dolphins and San Francisco 49ers will go for the gold. This paper picked the Raiders and Niners, so one out of two isn't bad. This should be an exciting game. The 49ers have an experienced quarterback in Joe Montana. In 1982, Montana was the MVP of Super Bowl XVI when the Niners beat the Bengals, 26-21. He can execute an offense near perfectly and his corp of receivers are tremendous. The Niner defense might rate an edge

on the Dolphins.

Miami has the ever explosive Dan Marino, who threw for over 400 yards in the AFC title game against Pittsburgh. Can Marino penetrate the tough 49er defense, one that has allowed just 10 points in two playoff games? Good question, one that cannot be answered until January 20. The feeling here is that Miami can score on the Niner defense, but that Montana has the ability to strike back. San Francisco was not overly impressive in its two victories, but in both instances the Niners were huge favorites and covered the spread anyway. San Francisco usually gets up for the really good team (winning their 15-1 regular season record). Next week, we'll look at the game in a little more detail.

The Belleville High School athlete of the week is Ralph Zarro of the wrestling team. The senior won a title in the Bloomfield Holiday tournament and has lost just once this year.

Here is the answer to last week's quiz. The question was, name the participants in the 1978 wildcard games in the NFC and AFC and the teams' quarterbacks. In the NFC, Atlanta and Philadelphia played, with Atlanta winning, 14-13. Ron Jaworski was the Eagle QB and Steve Bartkowski the Falcon leader. In the AFC, Houston beat Miami, 17-7. Dan Pastorini led the way for Houston and Bob Griese for Miami.

# Uncle Floyd traces Family Roots 'Deep In The Heart' of Nutley, N.J.

## Raconteur Of Jersey culture Still Crazy After 11 TV Years

By Michael C. Gabriele

At first, no one recognized him — but there was something familiar about his face. He shuffled into the Belleville Times office sporting a shy grin, carrying an envelope stuffed with papers, photographs and bumper stickers.

"Hey, aren't you Uncle Floyd?" someone from the advertising department asked.

Uncle Floyd Vivino, star of New Jersey Public Television and the stage, admitted New Jersey "militant" with a legion of fans and admiration societies throughout the state, paid a visit to the Times office last month.

But this was no social call; this was a special visit for an exclusive interview when the legendary entertainer would reveal — for the first time — the essence of his family's roots "deep in the heart" of Nutley, Belleville's neighbor to the north.

"My mother and her brother grew up in Nutley during the late 1930s," Uncle Floyd said. Floyd recalled his mother and uncle (Emily and John Bello) lived for four years (1935-38) at the old Sons of Italy orphanage at the northern end of Washington Avenue. The structure was razed in 1982 to make way for new houses currently being constructed at the site.

"My grandparents came to this country from Italy and lived in Paterson," he continued. "My grandfather had been involved in

the theater and show business. He died and my grandmother had to go to work to support the family. She wasn't able to stay home and take care of the kids anymore at that time, so she brought my mother and uncle to the orphanage here in Nutley. She worked six days a week and then took the trolley car from Paterson to Nutley on Sunday to visit them." The old trolley line ran from Paterson to Newark, with tracks running through Nutley along Centre Street and Franklin, Kingsland and Washington avenues.

"I've heard so many great stories about the old orphanage over the years," Uncle Floyd said. "My mother and uncle were very happy there and well cared for. They always talked about some lady who lived next door to the building who made cakes and cookies for the kids. They both had chores to do, like wash windows, clean the rooms and set up the silverware. They had very warm memories to share during those years in Nutley. It's a shame the orphanage had to be torn down. I think it should have been made into a landmark."

Floyd's mother also took part in several productions at the Franklin Theater during the late 1930s, in the days when traveling drama troupes and vaudeville performers appeared there.

"Well, the details about my mother's performance days at the

Franklin Theater are a bit sketchy," Uncle Floyd said. "Apparently, the theater group with which my grandfather performed before his death used to visit the Nutley orphanage and use some of the children in productions. My mother said she was in several dramatic productions at the Franklin; vignettes, like scenes from 'The Godfather' movie. Italian people are very dramatic, you know."

Dressed in gray corduroy pants, a gray cotton shirt and a pastel pink mohair sweater vest — instead of his trademark clashing multi-colored sport jacket, hat and shirt — Uncle Floyd was most proud of the distinction of having the only television show in history to appear on an independent station, in syndication on network TV, on local cable, on public television and pay television all in one year (1983). Uncle Floyd's television debut was Jan. 29, 1974, when he was the first non-news program to be produced at UA Columbia cable television in Oakland.

"I started at UA Columbia doing a kiddie show, very similar to what I'm doing these days," Uncle Floyd recalled. "I was so bad the kids booed me. I really stunk. People didn't have much faith in me as a television performer in those days. I told old fashion vaudeville jokes. I was a lousy ventriloquist and I had a very un-funny honky-tonk style of piano playing. I hate to think how many

Posing with The Dummy — Uncle Floyd (right) and his faithful companion, Oogie, are nightly favorites of Belleville residents on New Jersey Public Television. Floyd Vivino traced his family roots to "deep in the heart" of nearby Nutley, where his mother and uncle grew up in the old Sons of Italy orphanage on Washington Avenue during the late 1930s. Belleville has always held a special place in the heart of Uncle Floyd, as loyal fans know.

times I was told I'd never make it on TV."

Somewhere, Uncle Floyd made it through a season at UA Columbia. He then went on to Channel 68, WFTB — a Newark VHF sta-

tion. That show was taped in a West Orange studio. "My boss at Channel 68 packed up and left for Scotland to look for the Lock Ness Monster. He was very serious about the whole thing," he said.

The Uncle Floyd show then hit the big time in March, 1982, beginning a one-year, 120-show run on NBC. The late-night program was a bitter experience for Uncle Floyd and his band of merry performers.

"We got rapped on that deal," Uncle Floyd said, referring to his run on NBC. "I received a real education in law going through that situation." Uncle Floyd said financial disputes with the station resulted in five lawsuits, even though the show went into syndication and grossed over \$50,000.

"We got kicked out of NBC," Uncle Floyd said, when the show was closed in March, 1983.

"That was a real low point then," he admitted. "Everyone told me to forget the show, that this was finally the end. But then New Jersey Network contacted me and we went back on the air Oct. 31, 1983." Uncle Floyd's present show can be seen at 7 p.m.

UNCLE FLOYD grew up in Paterson and later moved to Glen Rock. "I didn't graduate from high school," he said. I was the class clown. Greasprint was always in my blood."

After leaving high school Uncle Floyd joined the circus, traveling throughout Georgia, Alabama and Mississippi with the James E. Strafes Carnival 1969-71. He worked as a sideshow entertainer and was the announcer for "Mazzini, the Great Escape Artist." He returned to New Jersey following his circus tour and worked throughout the state as a cocktail pianist in bars and clubs.

"The show has a special charm to it because we leave in at the mistakes and had jokes," Uncle Floyd said. "It's still put together as a kiddie show, but we have a big audience among high school and college students."

He said taping for an entire week is done in one day at the New Jersey Public Television studio on Broad Street in Newark. All five shows are done one after the other, 9 a.m. to 4:30 p.m., "with an hour for lunch," according to Uncle Floyd.

## Montagna Says Officer Tried to Intimidate Him

(Continued from page one.)

at all times," Montagna told the Commissioner. "But I couldn't believe they were stopping me for something like that. I was suspicious."

Montagna reminded DiRuggiero that only a month earlier, he had attended a township meeting to complain about a special police officer's meter maid Nye.

At the time, he said Nye issued summonses selectively, particularly to Montagna's wife who works as a crossing guard on the corner of Washington Avenue and Rutgers Street.

The irate citizen complained that while Nye appeared to "nitpick" about violations, she appeared, he said, to disregard regulations herself.

Specifically, Montagna claimed the officer parked her car on private property and also was transported to work in official police vehicles on duty.

"I think they were out to get me," said Montagna of his arrest Friday.

He noted that after he was pulled over, Hood ran a check on his license and car registration and informed the citizen his license was on the revoked list since 1962.

"I couldn't believe it," said Montagna who claimed he had his possession until a special police officer, but several expired ones proving that he had renewed his license several times from the apparent revocation date.

The citizen protested that he was taken to the police station and locked in a cell.

"I had asked them to run my record again, but I was told that computers were down," said Montagna.

I think what happened was very wrong. I had a valid license in my possession. People know I'm a local resident. I should have been given the benefit of the doubt," said Montagna.

The citizen also noted he was not issued a summons for failure to use his directional, the original reason for the police check.

DiRuggiero said he would look into the matter. Also present was Mayor Michael Marotti, a former police officer, who agreed that under the circumstances, Officer Hood's reaction was extreme.

"I would have checked it out further if I saw you had a valid license," said Marotti.

Montagna explained it was possible his driving record bore a

questionable entry for the 1962 period.

"That time was before New Jersey had compulsory driver's insurance," said Montagna who, unable then to afford private car insurance, was covered, like many other motorists, by the state.

"I was involved in a collision and had two choices, either post \$1800 against possible claims by the other driver, or surrender my license for one year," he said.

Unable to afford the \$1800 then, he chose to forego his license, which was returned to him in 1963.

"I don't know why that would be considered a revocation, but it is the only possibility I can think of," he added.

Montagna said he is investigating to determine if and when the record of his 1963 restored license was made.

"I don't like intimidation," he said. "Is that what happens in this town when a citizen speaks up? What kind of place is this?" he asked.

also allots \$314,650 to the water utility appropriation monies.

Commissioners unanimously approved the temporary budget in less than 30 seconds with an audience of only three attending.

A greater debate arose over a request by Township Clerk Mary Lou Hood to receive overtime pay for working the Saturday morning session.

The request by resolution was approved by a 4-1 vote with only Finance Commissioner Joseph McGreevey dissenting.

"Why should there be overtime paid?" he asked. McGreevey said the temporary plans are usually adopted "the third or fourth day of each January." He said he did not know why this year's was later, but did not think special pay was merited.

Nothing that the clerk had to come in at commissioners' decision to hold the session on a Saturday, Mayor Michael Marotti and Commissioners Michael Pizzi, Ralph DiRuggiero and Joseph Grande agreed to pay the overtime wages.

# Belleville Wrestlers Pin Don Bosco, Kearny

(Continued from page 11)

edging Kearny's Jim Hull 3-1 in the consolation.

In the following dual meets against Don Bosco and Kearny, Cerreto got back on the winning track with a 7-1 decision and a forfeit victory. He is now 8-1 and only four victories away from tying brother Dominic's freshman

record for varsity wins.

Cam Rispoli also placed third in the tourney by decisioning West Essex's Anthony Lucarelli 7-2. Earlier, Rispoli had lost to Mike DeStefano of Caldwell 9-5 in the semis and had soundly defeated Passaic Valley's Mike Gallo in the opening round 12-4.

However, Rispoli has not fared

as well. He was pinned in the Don Bosco meet and lost a one sided match to Kearny 9-2.

In the "out bracket" (losers of the first round), Belleville had two fifth place entries.

Tim Buckley, improved from last year, lost in the first round to Clifton's Tony Bonafede by a

heartbreaking 9-8 score. He rebounded nicely with two pins in the "out bracket" wrestle back over Pat Burns of Bloomfield and Darrin Castellano of Caldwell.

Buckley continued his improvement with a 3-0 whitewashing at Don Bosco and a fall versus Kearny.

The final Buc wrestler to place

in the tournament was sophomore Marc Criscione at heavyweight. Losing the first round bout to Kearny's Tim Boyd 7-4, Criscione rebounded by edging Dom Olivo of Nutley, 4-3.

Criscione obtained a measure of revenge against Boyd by battling to a 1-1 draw in the dual match versus Kearny. Marc also pinned his Don Bosco opponent and is over the .500 mark with a 3-2-1 slate.

Mondo Nardon at 128 and

Sam Zamloot at 169 lost both their respective matches in the tournament, but both boys came back to win impressively in the dual meets.

Brought up from the jayvee squad, junior Dave Silletti lost both his matches in the tourney but came back to pin his Kearny foe in the dual meet at Belleville High School. With a bit more endurance and some needed experience, Dave could turn into a solid 158 pounder.

## Boys' Basketball Scores First Win, Rolls Over Hills 45-38 in Tourney

(Continued from page 11)

ing at 7:30 p.m. and next Wednesday, the Bucs travel to nearby Nutley for a 4 p.m. start.

In picking up his first varsity win, head coach Rocco Colucci praised his teams overall play. "We ran the offense well, we played good defense and we rebounded. When you do those things, you'll win games."

Belleville received a solid offensive performance from freshman Ted Sochaski, who finished with a career high 17

points. "Ted played an excellent game," offered Colucci. "He showed a great deal of promise."

Belleville led, 8-5 after one quarter and 18-12 at halftime. The Bucs extended the lead to 31-23 after three quarters and went on to win by seven points.

In the West Morris game, Nick Sotomayer led the way with 11 points, followed by nine from freshman Leon Puentes and senior Mike Sochaski. "It was a hard burner," Colucci recalled. "It was tied with :29 left, they

went ahead, (Leon) Puentes hit a layup to tie the game and they hit the winning basket with .08 left. It was a good game."

West Morris led, 13-11 after one quarter and the game was tied, 27 all at halftime. In the third quarter, West Morris pulled ahead by three, 39-36, but Belleville came storming back in the final frame, tying the contest at 48 before losing on a late basket.

In the Montclair game, Colucci referred to the contest as "two games in one." Belleville started off strong, tying Montclair at 12 after one quarter and trailing by just three, 21-18 at half-time.

"We played a fine first half," Colucci said. "We were losing by three at the half and we should have been up by ten. We missed a lot of layups and blew a few good opportunities."

The tenth ranked Mounties

started to pull away in the second half, outscoring Belleville, 16-6 in the third quarter and blowing the game wide open with a 22-5 fourth frame. The final count of 59-29 was not a good indication of the good game that Belleville played.

"They wore us down in the second half," said Colucci. "I told the guys after the game that in order to play with a team like Montclair, or Eastside, or Passaic, you have to be ready to play 32 minutes of basketball. The game is not decided in 16 minutes, especially against a team like Montclair. They have a great team, with 12 players deep. He (Montclair coach Bob Lester) uses all 12 players throughout the game. Their depth is something else."

Montclair, which won the Essex County championship in 1982 and 1983 before losing in the finals in 1984 by two points.

## Girls' Basketball Team Beats Becton, Montclair

(Continued from page 11)

senior Donna Brooks, a carryover from the 1983-84 squad that went 22-7 and advanced to the county and sectional finals. "Donna is our mainstay," Fuccello said. "She is doing a yeomans job on the floor. She is trying to make up for some of the errors made and is trying to be in a number of places, which isn't easy."

Brooks seems to have her offense back into gear, scoring 19 points in the Montclair game. Last season, she averaged over 12 points a contest, so having an effective Brooks on the offense can only help this team.

Fuccello is pleased with the performance of her bench players, mainly Sherri Sorrentino Sorrentino and Laura Caruso. "Both girls have been very consistent off the bench," praised the coach. "We have eight or nine players on the team who can start for us. Everyone seems to be fitting in rather well."

The coach is also receiving a good performance from sophomore Angel Greco, who finished with nine points in the Montclair game. Greco is a good ball handler and should improve with experience.

"We face a tough schedule

over the next two weeks," Fuccello said. "There are six games in the next 12 days, so that should tell us something."

## Go ahead. Convince me I should open a Metroplan IRA before January 15<sup>th</sup>

It's easy. Just take a look at the chart we've put together that shows the difference in earnings 40 years from now, based on the three months you'd lose by starting your IRA in April. \$45,711 is pretty substantial, using a 10.75% CD. Unlike the amount you need to open a Metroplan IRA - which is a very *in*substantial \$100.

The amounts shown on the chart are based on one-year certificate of deposit (10.25% rate yielding 10.95% annually) and three-year certificate of deposit (10.75% rate yielding 11.51% annually).

Young or old, male or female, single or married, there are only two things you need to have an IRA: earned income and to be under 70½. And one very good reason for Metroplan your future now, instead of later: interest compounded from January 1st, no matter when you open your IRA between now and January 15th.

Still not convinced? Stop by any Metropolitan Federal office for more information. And find out just how easy it is to Metroplan your retirement.
