## Rama charged with DWI

Jose R. Rama, 44, of 140 Heckel St., was charged with driving while intoxicated at the scene of an accident at the intersection of Belmont Avenue and Alva Street last Saturday.

Two persons were injured. Rama was released on \$250 bail pending his court appearance today.

## Pennsylvanian charged for DWI

John Yencho of Pennsylvania was charged last Wednesday with driving while intoxicated at the scene of an accident on Rutgers and Main Streets.

He was released on \$310 bail.

## Chamber sponsoring contest

The Belleville Chamber of Commerce is sponsoring a contest for a dinner at Nanina's restaurant. The drawing will be held Feb. 14.

Participating merchants include De Marco Auto Body, Eveready Lab, Belleville-Newark Honda, The Belleville Times, Jovial Card Shoppe, Sherman's, 3 Guys, Towne Delicatessen, and Van Dyke and Co.

## Two charged on revoked list

Police charged two men, Benjamin Morales, 28, of Passaic, and Antonio Santos, 21, of Newark, last Friday with driving on the revoked list.

## Passaic man stopped for DWI

Police officers Maiot and Hood charged Edward A. Cherepak, 29, of Passaic, last Friday with driving while intoxicated. He was released on \$250 bail.

## Layoffs stun area residents

by Lisa A. Grimaldi

One thousand employees left Hoffman-La Roche's Headquarters Monday, carrying telltale white packets in their hands. It was the last time they would walk out the gates of Roche's headquarters.

The majority of those who were cut were from the Nutley plant, while more than 100 others were told of their termination at the smaller Belleville facility, which has been on Franklin Avenue since 1977.

Some of those leaving were

grim faced, others bitter, but most of the terminated employees who spent their last day there shared the sadness and sense of loss of Emma Forino, of North Arlington.

"It's a very sad day for everyone, those who are leaving

and those who remain. I have been here for 13 years, 13 good years. It's too bad it had to come to an end this way," she said.

The expected cuts in staff will save Roche an estimated \$50 million a year, according to Carolyn Glynn, spokeswoman for Roche.

She attributed the cutbacks to several factors.

"There is a lengthy delay in the approval of new Roche drugs. Also economic pressure is increasing in the foreign vitamin market."

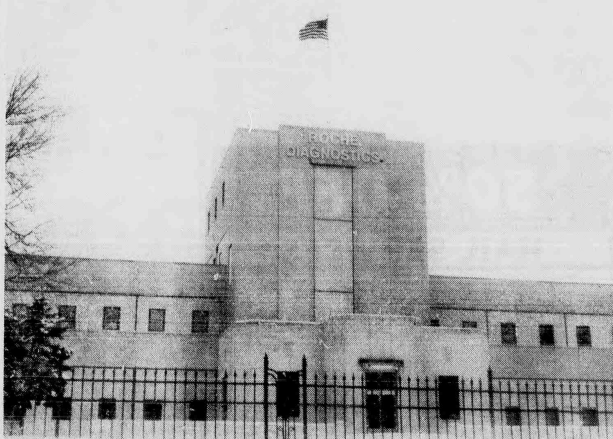

Glynn also cited increased business and research costs. "Worldwide, \$2 million a day is spent in research," she said.

**Valium not a factor**  
She said that the expiration of Roche's 17-year patent on valium was not the reason for the cutbacks.

"The end of the valium patent has a bearing on the overall future of the company worldwide, but it has nothing to do with these layoffs, which are a result of the consolidation study. The layoffs and the valium patent expiration cannot be related in any way."

Since August, employees had been notified that the company would undergo changes. Although Roche had record sales in 1982 and 1983, long-term projections for the next five years, showed that Roche needed to consolidate and cut back its current operations, she said.

An internal task force, continued on page 19

**Roche Employees Suffer Layoffs** — Over 1,000 employees of Hoffmann-La Roche were laid off this past week as the result of plant cutbacks. Hoffmann-La Roche has two plants in the area, this one located on Franklin Avenue in Belleville and the other in Nutley.

## Toxic cleanup now in its 3rd phase

By Michelle Jeannotte

The third phase of cleanup of hazardous materials from the Research Organic-Inorganic Research Center on Main Street began last Friday and will be completed in eight weeks, State Department of Environmental Protection (DEP) Commissioner Robert E. Hughey said last week.

The cleanup will involve the removal of underground tanks and more than 1,000 drums and chemical containers ranging in size from one ounce to 55 gallons, the commissioner said.

This is the final stage of cleanup which began in May, 1983 after leaking drums containing benzyl chloride, a toxic irritant, was discovered.

covered. At the time of the leak, school 9 and area businesses were evacuated until the area was declared safe by the DEP. Residents had complained of burning eyes and skin irritations.

The plant, which manufactured food flavorings, was closed May 18, two days before the first leak, as the result of a state investigation of a dumpster fire. According to George Klenk, a spokesman for DEP, the plant was fined \$15,000 for the discharge of dangerous chemicals.

**Three leaks**

Since the first leak, a total of three separate toxic leaks have been discovered. Solvents for Energy, a West Milford firm, was

hired by the township that July to perform the disposal of 1,000 containers at a cost of \$100,000.

However, the firm delayed the cleanup claiming difficulties in obtaining the necessary bonding. Commissioners then hired Applied Technologies of Toms River at a cost of \$198,000.

The township had gained control of the plant as the result of a court ruling.

In September of 1983, commissioners approved a resolution seeking an additional \$100,000 in emergency appropriations to continue the cleanup, bringing the total emergency appropriations up

continued on page 19

**Daytime Detour** — Drivers are instructed to detour away from the cleanup site at the Organic-Inorganic Research Center on Main Street. The third phase of the cleanup of toxic materials began last week and will be completed in eight weeks, according to the DEP. Access to the area (between Little Street and Greylock Avenue) is restricted to daytime working hours.

## Commissioners Study Report

Township commissioners are studying recommendations from the planning board, which declare portions of Washington Avenue blighted.

According to the report, submitted by Grace Harris, the blighted area includes Washington Avenue from Mill to William streets. The area to the east includes property extending to the railroad. To the west, the area includes property fronting Washington Avenue.

In this area, there were 199 structures surveyed. Only 5 percent were found to be in poor condition while the highest percentage of buildings (47.2 percent) were found to be in good condition.

A poor rating pointed to at least one critical defect in the primary structural component. Fair condition referred to at least one critical defect in the secondary structural component while a good rating pointed out only minor defects in the structural components. An excellent rating was given to only 19 percent of the buildings which were found to have no defects in the primary or secondary structural components.

The Board's report also recommended that "improvements done to existing buildings by property owners and merchants should be accompanied by public improvements in the form of new curbs and sidewalks where necessary, trees and planters, attractive street lighting, benches and litter baskets."

A public hearing will be held in March.

Commissioners re-appointed Chris Albanese and Frank Simeone as citizen members of the local planning Board. Both have served on the board for many years.

## Matters in Brief

### Answering machine is stolen

A \$300 Panasonic Phone-mate was reported stolen from a Honiss Street house last Sunday. The house was unoccupied at the time of the break-in.

### Man charged for revoked license

Paris Salmond, 43, of Paterson, was charged with driving on the revoked list. Salmond was released on \$250 bail pending a court date.

### Special ed group meeting Feb. 7

The Belleville Special Education Parents and Professional Organization will hold its regular meeting on Feb. 7 at 7:30 p.m. at School 7, located at the corner of Joralemon and Passaic Avenues.

This meeting is open to the public and should be most interesting and informative. A representative from the Social Security Office will speak on the rights of the handicapped and disabled.

### Librarian will address AARP

The Belleville Chapter of the American Association of Retired Persons, No. 2057, will meet on Thursday, Feb. 7 at 1 p.m. in the First Presbyterian Church, located at 444 Union Ave.

Hostesses for the meeting will be Lillian Chase and Phyllis Grange.

Mr. Daniel Bryant, Director of the Belleville Public Library will speak on the topic of literacy.

### Revoked license driver charged

Marco V. Nicholls, 28, of Newark, was charged last Saturday with driving on the revoked list. He was released on \$250 bail pending his court appearance March 27.

## Belleville Public Library manages book system

If you are interested in becoming a better manager in business, or learning more about the field of management, the Belleville Public Library has many books in the field. "Back to Basics Management," the "Last Craft of Leadership" by Matthew J. Culligan, Suzanne Deakins, and Arthur H. Young, "Facts on File, 1983," is an explanation of the difference between business administration and business management and offers concise and comprehensive guidelines for developing and refining primary

leadership skills, including creative listening, management change, managing motivation and time, managing delegation, and managerial goal setting. In "Communicating: How to Organize Meetings and Presentation" by Joseph A. Callanan, Franklin Watts, 1984 the author in the first half of the book shows the reader from A to Z how to organize meetings from one-to-one discussions to company-wide conferences, while the second half of the book covers practical advice to analyze, prepare, and

deliver compelling speeches. "Creating Excellence: Managing Corporate Culture, Strategy, and Change in the New Age" by Craig H. Hickman and Michael A. Silva New American Library, 1984, proposes a rational, yet visionary blend of both approaches for a winning strategy driven culture that can take you and your company into the 21st century with results, while "Further Up the Organization" by Robert Townsend, Knoff, 1984, looks at how American companies are doing now, casts an

admonishing glance at the things we have done wrong, and offers a host of fresh irreverent commonsensical advice.

"Leadership, The Key To Management Success" by Lester Bittel, Franklin Watts, 1984 covers definitions of leadership, qualities of effective leaders, existing leadership within an organization, diagnosing different leadership situations, mastering of fundamental leadership techniques, how to apply appropriate leadership techniques, choosing a

personal leadership style and techniques for projecting a leadership style. In "Management for the 1980s," by William F. Christopher, American Management Association, 1980, the author identifies and deals with danger signs that can mean that your business is not operating at the most efficient level. Christopher offers suggestions and guidelines for implementing change, motivating and working with employees, and identifying and developing growth oppor-

unities for yourself and the company. In "Moral and Motivation: How To Measure Morale and Increase Productivity" by Eugene Bengt and John Hickey, Franklin Watts, 1984, part I is a straightforward system for surveying the contours of worker morale, while part II deals with keys to motivation.

These are only a few management titles that you may want to request on your next library visit. For a further listing, consult the library's information desk and the card catalog.

## Social Security helps all ages

The "Smith" family you will meet is fictional, but the example is more common than you think. You will see how several generations in a family can benefit from Social Security which provides basic protection when there is a loss of income due to retirement, disability, or death.

First meet Bill who will retire at 65 in 1985. He was only 15 when the Social Security Act became law in 1935 and was among the first to pay Social Security taxes in 1937. He paid maximum taxes each year through 1984 for a total of \$21,660. In less than 29 months, he'll get back in benefits an amount equal to this; in addition, his wife Irma will get checks.

Bill and Irma also have Medicare protection and can look forward to cost-of-living benefit increases to keep pace with inflation. And since they have no other income besides their benefits and savings, they do not have to pay Federal income tax on their Social Security benefits.

Bill's father died when Bill was young and his mother worked to raise the family. She retired in 1960 and got Social Security payments for 19 years until her death in 1979.

Now meet Bill's grandfather who was among the first to receive retirement checks 45 years ago when they were first paid in 1940. He and his wife received payments until his death in 1947, and she continued to get widow's benefits until she died in 1954.

There's more to the story. Bill's daughter Sandra is a city

planner with a husband and three children. Her career was interrupted three years ago when she had a bad accident at age 40 and couldn't work for two years. During that time, she and her children were paid Social Security checks because of her disability.

Finally, there is Sandra's oldest son, Jim, who recently became a proud father. Jim pays into Social Security, knowing that his family is protected should he have a loss of income due to disability or death.

Obviously, not all families will have this many generations who have benefited directly from Social Security. But it is not uncommon for at least three generations to have received checks. In addition, there are many other relatives who have received

benefits.

An important point to keep in mind is this: Social Security provides four kinds of insurance protection in one comprehensive package that could not be purchased elsewhere for a similar price. The benefits paid keep families together, provide people with a sense of security and independence, and reduce the need for others to provide for their needs when there is a loss of income.

For more information about the program, contact the Montclair Social Security office located at 396 Bloomfield Avenue, Montclair, New Jersey 07042 and ask for the free pamphlet "Your Social Security," or, call them at 429-8200.

## Life-saving course is now being offered

The YWCA of Essex and West Hudson announces the schedule for upcoming Advanced Lifesaving Instructor course. Both courses lead to Red Cross Certification upon successful completion of written and skill tests.

The Advanced Lifesaving course will be held Monday and Wednesday evening from 6:30-9:30 p.m. Two sections will be held, Feb. 18-March 13, and May 20-June 17.

The Water Safety Instructor course will be held Monday and Wednesday evenings from 6:30-9:30 p.m. beginning March 18 through May 15. A current Advanced Lifesaving Certificate is required before registering for

WSI.

Advanced registration is re-

quired. For more information, call the YWCA at 672-9500.

## DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Malo

Carol from Nutley asks: "I'm afraid of needles. Do I need to have one if I go to the dentist?"

Carol, many patients do well without any need to be numbed. I know of several who have had fillings, extractions, and even nerve removal without an injection.

Please be assured that the purpose of an injection is to facilitate treatment by relieving your apprehension about pain. Talk over your fears with your dentist so he'll know what part of the injection process you are not fearful. Perhaps he'll try treatment without any injection and if you do well he'll finish it. Should you both decide that treatment would be easier with an injection of sylicaine then you'll be happy to know that during that administration of injection either slight or no pain is felt. Also the injection process is quick. I'm sure you'll do well, Carol. Thank you.

# Safety belts must be worn by everyone beginning March 1

With only a few weeks left before New Jersey's mandatory safety belt law takes effect, Clifford W. Snedeker, Director of the New Jersey Division of Motor Vehicles, is urging the state's motorists to make a conscious effort to buckle up now. Beginning March 1, 1985, those who don't

will be subject to a fine of \$20. "We know that many people who fully intend to comply with the safety belt law will simply forget to buckle up," Snedeker said. "People must make a conscious effort to make safety belts a habit. Once they get used to them, most people will buckle the

belt without even thinking about it." Snedeker then clarified some of the fine points of the new mandatory safety belt law. The law only applies to the occupants of the front seat of passenger vehicles and a ticket cannot be issued unless the police officer

stops the vehicle for some other violation or traffic procedure, such as a sobriety checkpoint or during an accident investigation. Persons under the age of 18 years of age are the responsibility of the driver and he will receive the ticket if the individual is not belted. Those over 18 are responsible for themselves and will be the ones receiving the ticket.

The only exemption from the law are for the individuals riding in passenger autos manufactured before July 1, 1966, rural mail carriers while delivering mail, and individuals with a written verification from a licensed physician that they are exempt for some clearly defined medical or physical reason.

In the latter case, the individual must have the written

verification in his or her possession at the time and it should be written on the licensed physician's prescription form or letterhead and clearly state the reason for the exemption.

Possession of DMV issued handicapped license plates or windshield placards is not grounds for an exemption from the safety belt requirement, Snedeker warned.

The director also advised that the law applies to all passenger automobiles operated in New Jersey, no matter where they are registered.

A passenger automobile is defined in the law as "all motor vehicles (except motorcycles) used and designed for the transportation of passengers, other than omnibuses and school buses."

"By that definition, trucks, even pick-up and other light trucks, designed primarily for the transportation of cargo are exempt from the safety belt requirement, though I would strongly advise anyone riding in such vehicles to use the belts for their own safety and well-being," Snedeker said, noting that the definition of trucks in New Jersey law is "every motor vehicle designed, used or maintained primarily for the transportation of property."

"Simply put," Snedeker said, "wearing safety belts makes good sense. They improve your chances of surviving an accident and reduce the likelihood of serious injury by nearly 60 percent. I know many people who wear the belts for long trips, but never bother with them when driving short distances to work, to the mail or around the corner to the store. Yet, most accidents occur within 25 miles of home and at speeds of less than 40 miles per hour."

"None of the 609 motorists who died on New Jersey roadways last year planned it that way. So don't join them. Buckle up and enjoy life. It's a law we can live by and with," Snedeker said.

## Taxpayers may ask the IRS for old returns

Taxpayers who have not retained copies of prior year tax returns can either request copies of previously filed returns or lists of certain tax account information, the Internal Revenue Service said.

Either request can be made on Form 4506, "Request for Copy of Tax Form or Individual Income Tax Account Information," available by writing or calling the IRS.

The charge for copies of prior year returns is \$5 per return. Alternatively, return information will be provided for \$2.50 per tax year. The return information includes marital status, tax shown on return, adjusted gross income, taxable income, self-employment tax, and number of exemptions.

IRS noted that taxpayers who plan to income average should request copies of returns, rather than the account information.

Full payment must accompany all orders. Allow at least 45 days for delivery when requesting copies of prior year returns, and at least 30 days when requesting return information. Taxpayers must allow at least 6 weeks processing time after the original return is filed before requesting a copy of other information.

## WE MAKE SBA LOANS IN NEW JERSEY. IN YOUR COMMUNITY.

**Do you want to go into business?**

**Do you want to expand your business?**

**Do you need money to conduct your business profitably?**

If your answer is yes to any of these questions, you may wish to consider a U.S. Small Business Administration Guaranteed Loan. Importantly, you don't have to go to Washington. An SBA loan is available from The Provident, New Jersey's oldest savings bank with a hometown community office near you in the state.

**Are You Eligible for an SBA Loan?**

If you are a hardworking business person with a good credit rating, and if you can show that a loan will be genuinely useful in building your business, you probably will qualify.

Come in and talk it over with one of our commercial loan specialists. Our business is helping New Jersey people grow and prosper. If your business is good for New Jersey, then the Provident is good for you.

## It's a job well done

Six police officers and one retired police officer were given awards last week during the annual commendation ceremonies sponsored by the Belleville Department of Public Safety. The framed certificates may not have been worth as much as the statues given to Academy Award winners, but to the men receiving them they were priceless expressions of thanks.

After all, being a police officer is not a job like working in a factory, office or school. A police officer never knows if the next call that comes over the radio will place lives in jeopardy. And with that kind of stress, it is no wonder that residents wish to reach out and say thank you to those who do a great job.

"This is a happy occasion and we should be proud to have people like this in our town," Police Chief George Lister said when he distributed the commendations the week before last.

The chief is correct, because in each instance the police officers being honored responded both professionally and humanely in dealing with crisis situations that an untrained resident on his own would have been unable to resolve.

Police officers Joseph Simonetti and John Mailot were commended for leading three people to safety after they were trapped on the third floor of a

burning Washington Avenue building last summer. The two were called to the scene along with other officers and after occupants of the building's first and second floors were rescued, they saved the third-floor occupants, including children.

Thomas Rossi and Robert Klein were thanked for using good judgement when they responded to a robbery in progress that turned out to be over the border in Newark. It started when they were patrolling near Franklin Street last January and a woman told them someone was being held up nearby. After a chase, three men were arrested.

Leonard Burrell and Kevin Smith were sent last summer to check a call about a woman being beaten by a man, but even though they couldn't find anything, they got out of their car and saw a handgun lying in the street. Hearing a scream, they discovered a man holding a woman and made an arrest.

Harold O'Reilly, who was a local police officer for 29 years, was commended because he saw two suspicious men last winter near King Street and he called police. Police responded and made two arrests for burglary.

We join the residents and officials of Belleville in thanking these men for doing their jobs, keeping the streets of Belleville safer and being the kind of professionals we like to see.

## Rally around Danny

There is nothing like a real-life drama to bring out the best in people. And the news that a 10-week-old baby needs a new liver within six weeks in no exception. The community has rallied around the 9-pound infant's situation with all the concern and compassion it can muster.

Daniel Dreker is now No. 1 in the country on the list of candidates for a liver, which would be transplanted at the University of Pittsburgh Medical Center. His condition was diagnosed during a routine checkup at Clara Mass Medical Center in Belleville, and the infant was released from United Hospital in Newark, Jan. 25 and is being cared for by his parents at home.

The baby's mother, Peggy Dreker, is the daughter of Robert and Pat Rush and grew up on Hawthorne Avenue in Nutley, where her family has lived since 1959. The infant's father, Tom, is an employee of a printing firm in Newark called Nashua Corp. They had budgeted to properly take care of their first child, but had no inkling of the problem that would develop, and now face an operation that costs \$50,000, plus additional expenses.

This is a considerable sum, but it is not an impossible

amount of cash to raise in order to save the life of tiny Danny Dreker. In fact, there is every indication that when it comes time to pay the bills, the Drekers will not be owing money the rest of their lives.

A "Daniel Fund" has been established at Nutley Savings and Loan, 371 Franklin Ave., Nutley, NJ 07110, so that residents may send contribution directly to an account that will be used for the infant's benefit.

Additionally, various fund raisers are being planned. The Nutley Knights of Columbus, for example, are arranging a benefit function Feb. 24 at their hall in order to raise more cash for the operation.

And of course, on a higher level, assistance is also being offered. A White House official, who used to live in the area, has pledged support from the administration in Washington. And New Jersey State Senate President Carmen Orechio has arranged transportation to a nearby airport and a jet to Pittsburgh ready when a donor liver is found for Danny.

Still, it will be the generous outpouring of support from average men and women in the community who will make the difference for the future of the Dreker family. We ask that everyone do the most they can too.

## Dental health is touted

To the editor:

We support the observance of National Children's Dental Health Month for the awareness it creates among all in our community this month.

To educate the young about good oral health, is to maintain it in their maturity. Dental research reveals that despite new techniques and new materials and new knowledge of oral diseases, prevention is the bottom line for the preservation of teeth and other oral structures.

It is our hope that the learning process and early treatments that this observance promotes will alleviate dental pain and help to achieve the best dental health possible.

Several programs to help induce a widespread awareness are planned for this purpose. The Essex County Dental Society is already underway with a smile contest being held throughout the county.

In Belleville we plan to visit the third grade classes and give presentations pertaining to dental disease, causes, and prevention.

We will hold a poster contest for

the fifth grade classes with prizes being contributed from Metropolitan Federal Savings and Loan Association, Peoples Bank, and Provident Savings Bank, in the form of savings bonds.

Dentists from the Belleville area have also contributed. A donation to the Belleville Public Library is planned in the form of prevention films and ready materials.

Much thanks should be awarded to these contributors for their time and concern towards our youths dental care. Childrens smiles can be one of the most important reasons for normal social and psychological development. We hope our community will help the children by assisting them with oral hygiene when needed and taking them for regular dental care.

Sincerely,  
Dr. Peter Lilioia D.D.S.

## Newspaper editorial is lauded

To the editor:

We would like to take this opportunity to thank Frank Orechio for his Jan. 24 editorial lauding President Reagan for a job well done. We were heartened to see such well deserved praise recognized in the pages of The Belleville Times.

As individuals who were deeply involved locally in the President's re-election campaign, we were elated to see the overwhelming support at the polls for President Reagan. We believe that Mr. Orechio's editorial typified the sentiments felt by most Belleville residents regarding the President.

During the last four years, and God willing during the next four, Ronald Reagan has ushered in an era of peace and prosperity. Our nation is once again strong and proud, and

our economy is expanding at record rates. As Americans, we once again feel the stirring patriotism rekindled by the President through strong and decisive leadership.

As does Mr. Orechio and The Belleville Times, we too wish that President Reagan serves his second term in the best of health, and with continuing support of the American people.

Respectfully,  
Richard Yanuzzi  
Chairman  
Essex County Young Republicans

## Letters to the Editor

## Key legislation has been ignored

To the editor:

Key legislation in Trenton of particular interest to Essex County residents has been somewhat ignored by the daily media. I refer to the bill (S-2250) that would provide for the transfer of court employees and the payment of other court costs and fees from the county to the state beginning July 1.

This vital legislation was introduced in the State Senate by Senate President Carmen Orechio (along with five of his colleagues) and has been vigorously supported in the Assembly by me.

This bill provides for the state government to use a portion of the vast state budget to finance this change in government structure and reduction of county expenditures.

As Senator Orechio noted when he introduced the bill, local property owners would benefit because the

reduction in county costs would mean reduction in the county tax rate assessed against property owners in Nutley and in other Essex municipalities.

As I said, this legislation has not received the media commentary it deserves, probably because it does not sound as romantic as some of the big spending proposals advocated by a few shortsighted legislators. I believe, and I know Senator Orechio believes, that we should be thinking of ways to save money for taxpayers, which this legislation provides.

Through your letters column, I hope your readers are made aware of this essential legislation. I thank you for your consideration — the consideration for local taxpayers, too!

Sincerely,  
Buddy Fortunato  
Assemblyman 30th District

## Giordano blasts Aduabato 'greed'

To the editor:

For more than ten years, I have been trying to expose to the people of our area the double dealings and political greed of the Aduabato people. We resisted this family with every ounce we could muster, but the entire liberal establishment was pouring money into the Aduabato operation which enabled them to buy out our neighbors for their votes.

Our area has been totally wined out by the likes of Aduabato. They won the battle to control the North Ward, therefore the resultant abomination which has inflicted the North Ward by rights rests at the feet of the Aduabato family and their supporters.

Michael Aduabato, who swore to me over and over that he would never seek public office, was put up by his brother Steve and with the aid of

Federal funds was able to capture the seat in the 30th District. Bellevillites were too blind to look past Mill Street to see what Aduabato had done there. Michael Aduabato then proceeded to eliminate \$5 million the State used to give Belleville.

You and the good folks in Belleville thought such good deeds ought to be rewarded so you put a second Aduabato in the State Assembly, a kid named Steve Jr. who is getting his apprenticeship via dinky cable stations and bootlickers.

I am glad you finally awoke to what he honest, well meaning people have been trying to tell you. I hope you mean it. And it's not too late.

Sincerely,  
Michael Giordano  
Assemblyman  
30th District

## Golden Comments

By James R. Golden

Many local merchants and businessmen are more than concerned and are exercised over the Planning Board's sanction that permits the possible declaring of the areas between William Street and Mill Street as a "blighted area." Final approval by the Belleville Commissioners is required before the recently created Belleville Redevelopment Agency (BRDA) can implement its proposal.

Several established businesses that have flourished successfully for many years in the affected area are made anxious by the uncertainty and lack of definitive proposals planned. Even merchants on Washington Avenue, north of William Street have become restive and concerned over future plans that could affect their business location.

It has become known that several parcels of property in the town hall business section are in the process of changing owners in the anticipation of increasing land and property values in future redevelopment plans for that area.

This community has long been recognized as being oriented in the concept that its elected governing officials tenured incumbency is predicated upon their response to the wishes and desires of its constituents...a conservative element little bent upon radical change and perhaps with a nostalgic penchant for a memorabilia of more placid times.

We hold these truths to be self-evident, that final judgement of what's best for Belleville's development should dwell within the province of our elected town officials, not those of appointees, some of whom need not be made by our local township officials. Drastic change that would "strip" our local commissioners ultimate power over municipal land development might prove unwise.

Indeed, the BRDA serves a valuable purpose and the dedication and competence of its members is recognized and appreciated. However, while their recommendations should be sought, the final decision power should not be theirs.

Looks like Joe Minish, our longtime Congressman who did so much for the people of this district, is not likely to roll-over and play dead because of the judicial gerrymandering decision of the federal Third District Circuit Court that took him out of this strongly held district and placed him up among the Morris County Republican voters who defeated Minish's election effort.

Reports indicate that the longtime Congressman will "throw his hat into the ring," in seeking election as Governor of New Jersey. That could entail a primary race with the winner taking on Governor Tom Kean in November. Joe is a fighter whose candidacy would make it quite a race...he has a score to settle with the GOPers after that redistricting decision.

Why the big hullabaloo about a female police officer getting a ride to work in a police car and then a few days later, the same fellow who gripped about it also accepted a "lift" in a police car...come on guy...people who live in glass houses shouldn't throw stones.

More than a few, on learning about the prospect of having eight story buildings on the east side of Washington Avenue from Mill Street to Rutgers Street, are worried about the aesthetic effect such structures would produce, what they call a "Chinese Wall" barrier that would stand between the Valley section and the section west of Washington Avenue. They frown upon what they consider segregation by edifices that will block them into a claustrophobic compound.

Those on the other side, west of the tall proposed structures, fear that their television reception will be destroyed or distorted...changes don't come without problems. Truly the heads that wear the Crown carry a heavy burden and...too many cooks spoil the broth.

Fabulum for thought for our commissioners...Do we need a Hydraheaded monster to run Belleville? Horses pulling in different directions don't get very far. Authority relinquished is seldom recovered.

# Anna Palmisano Squartino needs a liver transplant to live

A campaign to raise funds for Anna Palmisano Squartino, formerly of Belleville, whose life depends on a liver transplant, has been undertaken by the Phil Portnoy Humanitarian Association.

Squartino was found to have post necrotic cirrhosis of the liver two years ago. This liver condition is one that is non-alcohol related and its origin is unknown. When

she was first seen by a liver specialist two years ago, it was felt that she didn't have more than five years to live. Her condition has since worsened. She is in desperate need of a liver transplant in order to survive.

Squartino was evaluated at the Liver Transplant Unit of the University of Tennessee Medical Center and was diagnosed as a

candidate for a liver transplant. However, in order to be placed on a donor list, the family has to come up with a minimum guarantee of \$80,000. The liver transplant procedure is not covered by any insurance.

Squartino is employed by the Irvington Public Library and is presently on medical leave due to

her serious liver condition. Her husband, John, has been employed as a construction worker for the past 34 years and is a member of Local 13, Construction Workers Union. The Squartino family has three adult children. The oldest daughter, Mrs. Patricia Dempsey, is a special education teacher at Franklin School, Union. A married son, Frank, lives at home so that he and his wife may help his mother. The youngest daughter, mentally retarded, attends a Sheltered Workshop and lives at

home. The entire proceeds of the 13th Annual Dinner Dance and Humanitarian Award honoring the Rev. Nancy E. Forsberg will go to the Anna Squartino Fund. Anyone interested in helping with this fund drive should call Phil Portnoy at 688-4708 after 5 p.m. or Rhoda Fried at 686-8123 after 3 p.m.

Contributions may be sent to the Ann Squartino Fund. Checks should be mailed to the Phil Portnoy Humanitarian Association, P.O. Box 22, Union, N.J., 07083.

Anna Squartino

## Buckling up is law in 31 countries

Last year, over 40,000 people were killed on our highways. Over the past 10 years, nearly one-half million lives were claimed in

automotive accidents. Many of these lives could have been saved, says the Automotive Information Council (AIC), if drivers and their passengers had buckled-up their safety belts.

Department of Transportation statistics show nearly 9,200 lives could be saved each year if 70 percent of vehicle occupants buckled up; in addition, some 327,000 injuries could be prevented or reduced. A sad fact is that less than 20 percent of Americans buckle-up voluntarily even though virtually every car on the road is equipped with safety belts.

The U.S. is the only major industrial nation that doesn't require its citizens to wear safety belts. Thirty-one countries, Puerto Rico and most of Canada and Australia have passed mandatory seat belt laws. France, Great Britain, West Germany and Japan are among the nations with mandatory seatbelt laws.

In Victoria, Australia, traffic fatalities dropped 37 percent and injuries dropped 41 percent over the first four years the law was in place. Britain's belt law resulted in a 20 percent decline in auto accident deaths and 25 percent reduction in injuries during the first year the law was in effect. Belt use in four Canadian provinces with safety belt laws increased dramatically during the first year after the laws went into effect. In Ontario, the seat belt usage rate went from 24 to 77 percent. As a comparison, belt usage in provinces without seatbelt laws averaged from 10 to 15 percent.

Last year, New York and New Jersey passed the nation's first mandatory belt use laws. New York's law took effect Jan. 1 and required drivers and front seat passengers as well as back-seat passengers under 10 years old to buckle-up or face a \$50 fine. New York State officials predict that for each one percent increase in safety belt use in the state, 200 deaths and serious injuries will be prevented annually.

## IT ALL ADDS UP

Financial security. Planning for your future. Getting a break on your taxes. It all adds up.

If you're interested in saving for your retirement and putting off your tax bite up to \$2000 a year, now is the time to open an IRA account at Nutley Savings.

You can defer up to \$2,250 if either you or your spouse works and up to \$4,000 for working couples.

And the earlier you contribute to your IRA, the harder your money will work for you. When you deposit your IRA savings early in the year, you get the benefit of having time to earn more interest. Over the years your savings advantage will grow substantially.

Make your IRA contribution as early as possible to get the most for your retirement savings. And between now and April 15 you still have time to make last year's deposit and deduct your savings from your gross income for 1984.

So don't waste time and money. Stop in today and start making plans for tomorrow. It's that simple. EASY AS IRA.

## EASY AS IRA

Federal regulations require a substantial interest penalty for withdrawals from certificates before maturity. Withdrawals from an IRA plan are taxable as ordinary income in the year of withdrawal and before age 59½ are also subject to tax penalty.

Ms. Gould, an alumna of Nutley High School, is with

Prudential Insurance Co., Parsippany.

Mr. DeBlasi, a graduate of Belleville High School, is with the Essex County Park and Cultural Affairs Commission.

A May 1986 wedding is planned.

Barbara Gould — Emilio DeBlasi Jr.

## Kimberly Day, Arthur Sattler exchange vows in Florida

Kimberly Day, daughter of Mrs. Carolyn Day of Cape Canaveral, Fla., was married Dec. 29 to Arthur Sattler, son of Mrs. Elizabeth Sattler of Nutley and the late Capt. Arthur Sattler.

The ceremony was performed in the garden chapel at Merritt Island, Fla. A reception followed at Tavern on the Court, Cocoa Beach, Fla.

The couple will live in Cocoa Beach. Mr. Sattler is stationed with the U.S. Navy in Cape Canaveral.

## School Three cards, fashions tomorrow night

School Three, Belleville, will hold its annual card party/dinner fashion show tomorrow evening at 7 at Branch Brook Manor, 13 Washington Ave., Belleville.

Fashions will be presented by Mandeé of Bloomfield and modeled by the teachers at the school. Tickets at \$15 must be purchased in advance by calling 759-4242.

## Seton Hall Prep class plans 50th reunion

Seton Hall Preparatory School class of 1935 will hold its 50th reunion June 8. Class members should contact Patricia McMahon at the alumni office, 761-9512 for information. Information of classmates' whereabouts would also be appreciated.

Mr. and Mrs. Michael Warholak — nee Maria Mandarakas

## Maria Mandarakas wed to Michael Warholak

Maria Mandarakas, daughter of Mr. and Mrs. Nikolaos Mandarakas of Bloomfield was married recently to Michael Warholak, son of Mrs. Al Garland of Bloomfield and John Warholak Sr. of Wayne.

The Rev. James Aloupis performed the ceremony in St. Nicholas Greek Orthodox Church. A reception followed at the Chandelier, Belleville.

Escorted by her father, the bride wore a gown accented with Schiffl embroidery and fashioned with an off-the-shoulder neckline, tiered sleeves, fitted bodice trimmed in pearls and a cathedral train. A matching wreath held her veil and she carried pink and white sweetheart roses.

Tina Tronolone of Clifton was maid of honor. Bridesmaids included Angela Gardner and Violet Mandarakas of Bloomfield, Laura Chandler of Union City and Barbara Johanson of Clifton. Kimberly Allen of Clifton was flower girl.

The honor attendant was in a violet taffeta gown with off-the-shoulder neckline and puffed ruffled sleeves. She carried purple and lavender carnations and pink roses. The others were attired in huckleberry and carried purple and lavender carnations. The flower girl, in a violet gown, had a basket of pink roses, purple and lavender carnations.

John Warholak Jr. of Garfield was best man. Ushering were Paul Warholak of Clifton, Greg Warholak of Tuxedo Park, N.Y., Chris Carmody of Sparta and George Warholak of Hoboken. John Jay Johanson of Clifton was ringbearer.

Mrs. Warholak, an alumna of Montclair State College, is with Audco Corp., Saddlebrook.

Mr. Warholak, a graduate of Sussex Vocational Tech., is also with Audco.

The couple have made their home in Clifton following the Sept. 23 nuptials.

## Amoscato-Cormier nuptials are performed in California

Judge and Mrs. Anthony S. Amoscato of Nutley and Spring Lake announce the marriage of their son, Anthony M. to Lori Cormier of Woodland Hills, Calif. The marriage took place in Our Lady of Malibu R.C. Church, Malibu, Calif.

Mr. Amoscato, an alumnus of Nutley High School, Villanova University and the San Fernando

Valley School of Law, is a practicing attorney with the firm of Detrixhe and Laughlin, Santa Monica, Calif.

The couple have made their home in Woodland Hills.

## VFW auxiliary meets Feb. 12 at post home

The ladies auxiliary to Stuart E. Edgar Post 493, Veterans of Foreign Wars, will meet Feb. 12 8 p.m. at the post home, 271 Washington Ave., Nutley.

## Gail Ann Andragna to marry Joseph Maurillo this summer

Mr. and Mrs. Frank Andragna of Toms River announce the engagement of their daughter Gail Ann to Joseph A. Maurillo, son of Mr. and Mrs. Nicholas Maurillo of Nutley.

The troth was made known Dec. 16 at a family dinner. The wedding is planned for Aug. 3. Miss Andragna, granddaughter

of Mrs. Tessie Riccio of Nutley, is an alumna of Nutley High School and Braniff Educational Systems, Texas. She is a travel agent with Travel World, Inc., Clifton.

Mr. Maurillo, a graduate of Nutley High School and Lincoln Technical Institute, Union, is a partner in Pete and Nick's Amoco, Nutley.

Gail Andragna — Joseph Maurillo

## Denise Olivo engaged to wed Alfred Restaino next year

Mr. and Mrs. Mark Olivo of Rutherford announce the engagement of their daughter, Denise to Alfred Restaino Jr., son of Mr. and Mrs. Alfred Restaino of Nutley.

Miss Olivo, an alumna of Wil-

liam Paterson College, is with United Jersey Bank, Hackensack.

Mr. Restaino, a graduate of Bloomfield College, is with Midtown Sporting Goods, Nutley.

A February 1986 wedding is planned.

## Patricia A. O'Brien to marry John Santelli in September

Mrs. Mary O'Brien of Hoboken and Anthony Intindola of Nutley announce the engagement of their daughter, Patricia Ann of Bloomfield to John R. Santelli, son of Mr. and Mrs. John Santelli of Lyndhurst.

The troth was made known Christmas day. The wedding is

planned for Sept. 28.

Miss Intindola, a graduate of Nutley High School, attended Montclair State College and is a teleservice representative at ADP.

Mr. Santelli, an alumnus of Essex Catholic High School, is a self-employed carpenter.

## St. Peter's 50's dance Feb. 16

St. Peter's School, Belleville, will hold its fifth annual 50's dance Feb. 16 8 p.m. to midnight at the school, 152 William St. Reservations at \$14.50 may be

made by calling 759-1467, 484-8458 or 481-1209. A hot and cold buffet, pretzels, chips, beer, soda and set-ups will be served. BYOB.

Presented at ball — Victoria Lyn Wysocki was escorted by Ruben Garrido as she was presented at the 30th Annual Debutante Ball sponsored by the Polish Women's Alliance of America.

## Victoria Lyn Wysocki presented at deb's ball

Victoria Lyn Wysocki, daughter of Mr. and Mrs. Anthony Wysocki of Bloomfield, was one of eight young ladies presented at the 30th Annual Debutante Ball Jan. 27 at Wayne Manor, Wayne.

The presentation of the young deb's, all residents of New Jersey, was sponsored by the Polish Women's Alliance of America, a national fraternal organization. Mrs. Sophie Bienkowski of Kearny chaired the event.

Victoria, a student at Bloom-

field High School, was escorted by Ruben Garrido, also of Bloomfield. She wore a white gown and carried long stemmed red roses.

The girls received ribbons in the organizational colors of blue and gold from Mrs. Helen Zielinski of Chicago, Ill., national president. In the manner of old world courts, the ball was officially opened with the dancing of the Polonaise by the deb's and their escorts. Proceeds of the affair are directed to the Alliance's scholarship fund.

## Champagne brunch will benefit manor

The Kingsland Trust will sponsor a Sunday champagne brunch Feb. 10, noon to 2 p.m., in the Skyline Banquet Room of the Palace Restaurant at King's Court, 525 Riverside Ave., Lyndhurst.

Proceeds of the Valentine brunch will benefit the restoration of Kingsland Manor, 3 Kingsland St.

Sip a glass of champagne while enjoying eggs Benedict, omelets made to order, chicken, sausage, corned beef, pastrami, cheese strawberry crepes and quiches with assorted juices and breads. Dessert offers chocolate mousse, jellies, assorted dainties and more. A cash bar will be open during the serving period.

Reservations at \$20 for adults and \$8 for children under 12 may be made by calling Ann Lynne at 667-3013 or Parks and Recreation Dept., 44 Park Ave., Nutley, 667-2800. Sally Gaudsart is chairing the event.

The topic was taxes — The Evening Membership Dept. of the Woman's Club of Bloomfield heard David Wilson, supervisor of the Bloomfield H&R Block office discuss IRA's, 1984 tax changes, tax history and the taxability of Social Security at its January meeting. From left, Ella Cutting, hospitality; Ruth Tag, ways and means; Gloria Deleffetti, public relations; Verna Johnson, financial secretary and District vice chairman; Pat Mackinlay, chairman and Wilson.

## Orechio sponsors bill to aid the environment

A measure, sponsored by Sen. President Carmen A. Orechio, which would make it easier to prosecute individuals who commit environmental crimes, has been approved by the Senate Judiciary Committee.

The bill, S-2375, would extend to five years the statute of limitations for the unlawful handling of hazardous substances.

Orechio said that for all crimes, except murder, criminal prosecutions must be commenced within five years of the date of the crime. "However, evidence of a criminal act involving the illegal handling or disposal of toxic materials often is not discovered

or indeed discoverable until many years after the offense," he said. "For example," said Orechio, "if someone were to unlawfully bury a drum of toxic waste, chances are that the drum would not corrode or rust away for at least five years. Under our current law, even if the drum is discovered five years from now and it has the name and address of the violator on its side, the prosecutor would be powerless to bring any charges," he explained.

Orechio said his bill would provide that a prosecution for criminal actions concerning hazardous substances must be commenced within five years of the date of the discovery of the crime.

"This measure will hold polluters more accountable for their criminal actions and bring violators to justice," stressed Orechio.

## Library Week sparks a contest

The Belleville Public Library will sponsor its sixth annual National Library Week Picture Book contest, open to kindergarten-grade 6, junior high school students, senior high school students and adults. First, second and honorable mention prizes will also be awarded for the best illustrated books at a special awards program Apr. 18 3:30 p.m. at the Belleville Public Library, 221 Washington Ave.

Books may be fiction or non-fiction. It can be illustrated with original drawings or pictures from magazines or photographs and should be made from construction paper, oaktag or any other substantial material. It must be original and not copied from another author.

All entries must be brought to the library by Saturday, Mar. 16 at 5 p.m. Judging will be done on the basis of creativity, proper English and artistry. Judges are Andrea Cohen, assistant library director and contest coordinator; Cindy LaRue, reference and young peoples librarian; David Bryant, library director and Alice Norris, children's librarian.

Directions for the contest are available at the library. For information, call the library at 759-9200.

## Winner of trip all ready to go

The first seven winners have been named in the Tropical Sweepstakes Parking promotion at the Tropicana Hotel and Casino in Atlantic City. Frank Buda of Belleville will receive a trip for two to Cancun, including round trip airfare and deluxe accommodations.

At the ball — Belleville residents Camille Nazzola, township coordinator for Reagan-Bush '84 and Lois Tirrell attended the Presidential Inaugural Ball held in Washington, D.C., last month. Both women, along with township residents Donald Yanuzzi and Richard Yanuzzi, chairman of the Essex County Young Republicans, also attended the Inaugural Gala hosted by Frank Sinatra and the New Jersey Ball hosted by Gov. Kean.

## Dream buddies organizing Feb. 7

The Junior Woman's Club of Belleville invites all interested residents of Belleville, Nutley and Bloomfield to attend the first organizational meeting of "Dream Buddies."

"Dream Buddies," an

organization similar to "Make A Wish Foundation," is dedicated to granting the special requests expressed by terminally ill children.

The meeting will be held this evening at 8 at 51 Rossmore Place. All interested in attending are asked to contact Mrs. Mary Ann Flor at 751-4173.

## Cancer Society annual event next month

The American Cancer Society Essex County Unit's annual Daffodil Days Mar. 19 to 22 will be one of the first signs of spring.

"The daffodil is the symbol of hope for the American Cancer Society. Celebrate the coming of spring with daffodils and spread the message of hope that we will conquer this disease," urges Dr. Warren Walkow, president of the Essex County unit.

Fresh cut daffodils will be available throughout the county to raise funds for the American Cancer Society's research, education and patient service program.

Volunteers from church groups and many of the local high schools and colleges will be selling the flowers at various locations. Bunches of 10 will be available for \$10.

Support the hope of the American Cancer Society with the first flower of spring. Daffodils

are available through local volunteers or by calling the Essex County Unit office at 678-1990.

## Seton Hall seeking alumni

Seton Hall University's Essex Alumni Chapter will host an Essex County reception on Seton Hall's South Orange campus at

7:30 p.m. on Friday, Feb. 15.

The cost will be \$10 per person and will feature hot and cold hors d'oeuvres and an open bar from 7:30 to 9:30 p.m.

Reservations must be made by Feb. 11.

The reception is open to all Essex County area alumni and their friends and is designed to give everyone the opportunity to renew old friendships, make new ones, and hear about the future plans for Seton Hall.

For further information, contact Alumni Services at 761-9186, Otto Sisbarro at 667-0214, Rose Rinaldi at 372-1148 or Jack McDermott at 429-9211.

## Belleville Business Review

By Howard Halpern

In June of 1970, Frank Franz took over Pioneer Liquors, 652 Joralemon St. The name Pioneer comes from the original owner, Frank Gerino who was one of the first property owners in the area known as the "Hill."

In 1962, Mr. Gerino erected a building housing two separate stores on the corner of Joralemon Street and Franklin Avenue, commonly known as Town Deli and Pioneer Liquors.

In 1970, Frank Gerino retired and sold his liquor store business to Mr. Franz. "The liquor business has changed drastically since I took over. Deregulation, the drinking age law, first 21, then to 18, up to 19 and now back to 21 again. Hard liquor has all but become extinct, with exception of Christmas gift giving time."

The predominant product in the liquor business today is definitely wine. A few years ago the average customer didn't know one wine from another. Today the liquor merchant has to be a wine connoisseur, otherwise he's out of business. Today's educated customer knows about fine wines and how and when to serve them. The most popular wines when entertaining guests are the French imports. California wines, many of which are very good, carry a high price tag. Therefore, more often than not, the preference is for the imports.

How does beer fair in comparison to expanding wine sales? "Beer is still the best seller in the hot months. As soon as the weather turns cooler, the wines take over." The most popular beer at Pioneer Liquors is Heineken an import from Holland. A startling fact indeed: "American beers can't equal the flavor of an import."

Has the American consumer become more sophisticated in the past few years? Then why doesn't the American manufacturer produce a better product to meet the better tastes of the American public? Try ordering a shot and beer the next time you visit your friendly cocktail lounge. The bartender will look puzzled and say, "We don't stock Schooten Beer sir, but I could order it for you."

Tom Grehl, Bob Fleming and Warren Bongo are partners in the printing business. Known as Express Press, 354 Franklin Ave., the business has been in operation since May 1, 1984. Realizing the importance of their contribution to the business community, Express Press has recently joined the Belleville Chamber of Commerce. The print shop offers a complete array of all types of printing including a Royal copier at only five cents per copy.

Some of their specialty services include letterheads, printed envelopes, business forms, rubber stamps, etc. Most camera ready orders can be filled within a matter of minutes. For all offset printing needs, Express Press is open Monday thru Friday from 8 a.m. to 6 p.m.; Saturday from 9 a.m. to 3 p.m. We welcome Express Press to the Chamber of Commerce and wish them much success.

### Umberto's Corner

Dear Umberto,

My husband became bald so he combs the hair from the cranium to the front. I told him he looks funny, and he tells me to "Keep quiet, you're the one that made me nervous which made me gain weight and lose my hair."

Umberto, two years ago he gained a lot of weight and then he went on his own diet. He lost weight after a year or more. Can you lose your hair by getting nervous or by dieting? Also, are there other ways to comb his hair? Please answer.

The Lady with the Bald Husband

Dear Lady!

You can lose hair over getting nervous, but it will grow back. If you go on your own diet without your physician's advice, you can lose your hair faster and it will not grow back, especially if baldness runs in the family.

Yes, there is a way to comb his hair differently. He can let his hair grow longer on one side of his head and comb it to the other side. I assure you, it will not look funny.

To The Belleville Italian Americans  
I thank you for the delicious fruit basket you sent.

Yours,  
Umberto

**Mighty Heavyweight** — Marc Criscione of Belleville has the advantage over his Paterson Kenedy opponent during last week's match. Criscione has greatly improved over the season and sports a 10-4-1 record.

## Girls hope for strong finish

They say that you will usually hit rock bottom before starting the climb back to the top. In the case of the Belleville girls basketball team, rock bottom came in the form of Eastside High School and the hope now is that Belleville can come back and finish the 1984-85 season on a strong note.

The Lady Buccaneers were in Montclair last Tuesday and will travel to East Orange this afternoon for a 4 p.m. tip off. The game with East Orange is first round action in the Essex County tournament. Tomorrow evening, Belleville will play host to Passaic, commencing at 8 p.m. Next Tuesday, the girls are back on the road, traveling to Nutley for a 4 p.m. start.

"The Eastside game was by far our worst," said a candid Karen Fuccello last week. "Our defense was poor and we couldn't do anything right. We needed to win that game to advance to the state tournament, so I guess it wasn't in the cards."

Belleville entered the contest with a 7-7 record and needed a victory to assure a berth in the Group IV, Section II playoffs. Unfortunately, the Lady Bucs met a fired up team from Eastside and the end result was a 70-41 defeat.

The first quarter was a preliminary to upcoming events. Belleville trailed, 24-7 and saw the deficit increase to 42-16 at intermission.

Eastside continued the onslaught in the third quarter, outscoring Belleville, 19-14 and then cruised to a 70-41 win. Telicher Austin scored 35 points to lead the Eastside attack. For Belleville, junior Desiree Johansen was high scorer with 18 points. No other Belleville player scored in double figures. Fuccello did receive a good performance from freshman Judy Nehlia, who

popped home four points. The frosh guard has seen a good deal of action this year and seems to have a bright future.

Last Friday evening, Belleville traveled to Ridgewood to face another difficult opponent, and although the final result was a defeat, the girls third straight, the game was one of optimism for Fuccello.

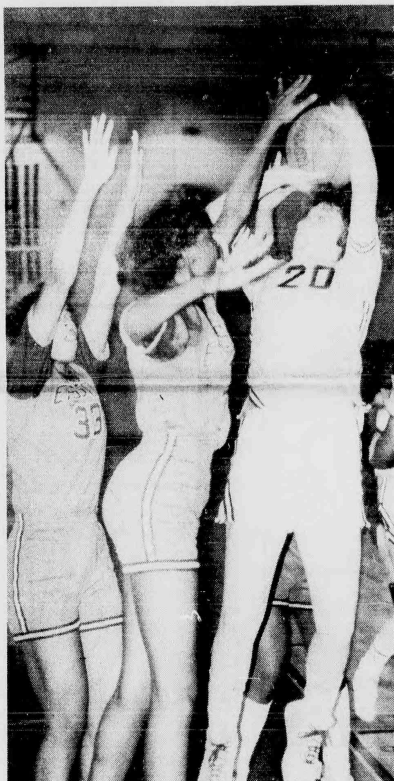

"For the first half, we played tremendous basketball. However, the third quarter was a disaster, we couldn't do anything right. Everything worked in the first half and nothing seemed to click in that third quarter."

Belleville and Ridgewood played to a 12 all first quarter deadlock and the Lady Bucs took a 22-19 lead into the lockerroom at halftime. The third quarter was total disaster for the Lady Bucs. Ridgewood came out of the lockerroom with a new lease on life and outscored the locals, 25-2. With the game firmly in hand now, Ridgewood coasted in to a 61-37 win.

Senior Cheryl Marion led all Belleville scorers with 10 points. Senior Donna Brooks and sophomore Angel Greco scored seven each, Johansen scored nine, Sheri Phelps closed with two and Laura Caruso finished with two points.

"Perhaps the Eastside loss might have meant something," Fuccello said. "I guess the state tournament wasn't in the cards. The Ridgewood game just goes to show that you have to play four strong quarters, especially against a good team like that."

As the season slowly winds down for Fuccello and company, the hope of a good finish should be the teams incentive. With a 7-9 record, Belleville will be gunning for a .500 season and the hope of a strong season next year.

**Eye for the Ball** — Junior Desiree Johansen looks for a move to the basket during the Eastside game. Johansen scored 18 points to lead the Belleville effort, but it wasn't enough as Eastside prevailed by 29 points.

## Grapplers selected to tournament

By Joe Pigaro

"THE STREAK" is now at 25 in a row without a loss, including 19 consecutive wins. Paterson Eastside and Nutley High School were the latest victims, by respective scores of 66-0 and 45-12.

As a reward for their 10-0 record this year, BHS has unofficially been chosen as one of four teams in the North Jersey, Group 4, Section 2 State Championships. The Bucs are seeded fourth, behind Phillipsburg (1), Westfield (2), and Morris Knolls (3).

The tournament is slated for February 13-14, with P-Burg hosting the Bucs and Westfield hosting Morris Knolls on the 13th.

Of course, there are always two sides to every story. While it is great news to be chosen to compete in the state tourney, it is no small achievement to defeat Phillipsburg.

The West Jersey school is 13-0 and ranked first in every wrestling poll in the state. Additionally,

## 19 consecutive victories

P-Burg has a returning state champ at 108 pounds in Dave Boncher and at least three other undefeated grapplers.

Belleville fans and opponents alike have been wondering just how good the Bucs really are. Everyone will find out on Valentine's Day, 1985.

Last week, the BHS grapplers were forced to postpone the Clifton meet due to snow, but the contest has tentatively been rescheduled for Monday, February 11, 7:30 p.m., at home.

Previously in the week, Belleville had shut out Paterson Eastside by a 66-0 score, the second whitewashing this year and the eighth in Bucs' history.

Later in the week, arch rival Nutley High School was crushed by a 45-12 margin.

Two weeks ago, Teaneck, Ridgewood and Paterson Kennedy were all blitzed by a combined score of 174-13. Paterson's loss being a 62-0 shutout.

Clifton's Mustangs and Paramus High School remain on the second half schedule, both teams being capable of ending the grapplers' streak. For now however, the Bucs remained unbeaten.

This being the midway point in the season, it is time to evaluate the 12 weight classes and possible seeding for the upcoming District 7 championships.

Freshman Joey Cerreto owns a 17-1 state for the season and is a co-favorite to win the 101 pound title along with Bloomfield's Mark Vicari. The two lightweights will meet for the second time this season this week, the winner receiving top seed in the districts.

Cerreto has entered the record books at BHS as his 17 varsity wins is the most ever by a freshman wrestling on the varsity squad.

Tim Buckley, a junior, has toiled in the most competitive class of the year and has shone with a 11-5 record. His most serious competition comes from Larry O'Rourke of Nutley and Mark Susas of Essex Catholic.

Co-captain Dom Cerreto is in his fourth varsity campaign and has a record of 17-1, while his career stats are 74-19, the best ever at BHS.

Dom's principle threat in the districts seems to be Essex Catholic's Joe DePiro, a state tournament qualifier last year at 101 pounds. Although DePiro's record is impressive, he is not as formidable at 115 as he was at 101. Cerreto will have difficulty, but should win the crown.

Another freshman, Mondo Nardo, has held down the 122 pound slot impressively all season. With a record of 9-3, Mondo needs to finish the season strongly in order to gain a respectable seed in the districts. This weight class is loaded, as Art Cuffari of Bloomfield, Renee Calderone of St. Benedict's and Charlie Rodriguez of Kearny all pose legitimate threats for the 122 pound title.

Vince Caprigione has replaced Vinnie Padula at 129 pounds and so far is undefeated at 7-0-1. The powerful sophomore wrestles with exceptional poise and reminds many people of 1980 state qualifier Gerard Minichini.

Caprigione's late start in the season could hurt him in the seedings as the 129 pound class includes such stalwarts as Dennis Hall of Essex Catholic and Dave Lutz of Nutley.

At 135 pounds, senior Cam Rispoli seems to have found his niche. Obviously uncomfortable at 141 pounds, Cammie has come on recently to improve his record to 13-5 since being returned to his natural weight division.

This weight class is not strong overall throughout the district, but Vin Mautone of Essex Catholic and Jason Scarpone of St. Benedict's have outstanding records for the season. With five losses for the year, Rispoli will probably be seeded third.

The return of senior Luke Silletti

to the lineup has greatly enhanced the Bucs' chances of regaining the District 7 crown. While still in need of some mat time and physical conditioning, the 141 pounder was impressive in his debut, a 15-3 thrashing of Paterson's Greg Moultrie and a 3-0 record.

Silletti's chief threat in the tournament is Kearny's undefeated Fred Pita. At this point in the season, Luke must be considered the underdog.

Senior Ralph Zarro owns a 17-2 record thus far this year and is the co-favorite to win the 147 pound class. Glen Ridge's Rick Moskowitz is the other favorite and owns an 11-3 decision over Zarro in this year's Essex County Wrestling Tournament.

The 158 pound weight class has been a cause of concern this season as senior Sam Zamlot has been inconsistent, while junior Dave Silletti lacks experience. At this point, Silletti seems to have replaced Zamlot as the starter. David owns a 6-2 record on the year and has drawn the second most difficult division in the districts. Bloomfield's Tony LaVacca is unbeaten while Essex Catholic's Pat Caruso has lost only twice all year.

Bucs' 170 pounder Sean Mulcahy is 6-4-1 but still in the running for a top seed in the districts. Ray Macalonis of Kearny and Tom Caruso of Essex Catholic are his primary opposition for the gold medal.

Of course, senior co-captain Mike Gibbons is 18-0 at 188 pounds. Of course, he will be seeded first. Of course, he will win the districts. Enough said.

Heavyweight Marc Criscione is clearly the Bucs' most improved wrestler this year. The big sophomore is now 10-4-1 with four consecutive pins and is growing more capable with each match.

Kearny's Tom Boyd will probably be seeded first, while St. Benedict's John Matthews is a solid contender for a first place medal.

The line-up now appears set for the state championships and the districts, and barring injury or a sudden change, here is a rundown of our squad to date: 101 Joey Cerreto 17-1, 8 pins; 108 Tim Buckley 11-5, 6 pins; 115 Dom Cerreto 17-1, 12 pins; 122 Mondo Nardone 9-3, 4 pins; 129 Vince Caprigione 7-0-1, 3 pins; 135 Cam Rispoli 13-5, 4 pins; 141 Luke Silletti 3-0, no pins; 148 Ralph Zarro 17-2, 6 pins; 158 Dave Silletti 6-2, 5 pins; 170 Sean Mulcahy 6-4-1, 4 pins; 188 Mike Gibbons 18-0, 11 pins; HW Marc Criscione 10-4-1, 9 pins.

**TILTS & STACKS:** The match with Paramus High School has tentatively been rescheduled for Saturday, February 16 at Paramus, 1:30 p.m. . . . Buc wrestler of the week goes to Joey Cerreto for registering two pins, the second versus Nutley's Maurice Mercado while suffering from a bout with the flu. . . . Answer to last week's Quiz Question: Belleville had only two years without at least one district champion, 1963-64 and 1969-70.

This week's Quiz Question: What grappler wrestled the very first varsity match at BHS? . . . answer next week. . . . One final observation: Aside from Clifton, Paramus and Fair Lawn, our Bucs will never face any real competition in the N.J.I.L. Schools such as Montclair, Paterson Eastside, Paterson Kennedy, Passaic, Teaneck, Don Bosco Tech and Bergen Catholic do not emphasize wrestling and probably never will. . . .

Unfortunately, the boys from Belleville will never know how good or how bad they really are. . . . this predicament shows up clearly in tournaments, state championship play and in the districts. . . . it's a shame the boys must continually be second guessed as a result of being placed in a league formed primarily to ease scheduling difficulties. . . . We were better off as an independent. . . .

**Masked Man** — Luke Silletti of the Buccaneer wrestling squad, attempts to pin his Paterson Eastside opponent during last week's

match. Silletti is 3-0. Bucs beat Paterson, 66-0.

# Bucs, 2-17, stopped cold by two powerhouses last week

The competition shows no sign of a let up for the Belleville boys basketball team. Last week, the Bucs were stopped by two powerful NNJIL squads, Eastside and Ridgewood. On the season, Belleville sports a 2-17 record and this week, the opponents will once again be trying.

Last Tuesday, Belleville hosted Montclair and this evening will be in Passaic for a 7:30 p.m. tip off against a very good Indian squad. Next Tuesday, a big contest with the Maroon Raiders of Nutley is on tap. Tip off is slated for 4 p.m.

"We're knocking on the door," Rocco Colucci said of the team last week. "We have good material here, the team is young and we're looking toward the future. I can feel that this team has the potential to be a very effective team in the years to come."

Colucci has reason for optimism. Players like freshman Ted Sochaski, sophomore Bob Hutchinson, junior Donald Washington, freshman Leon Puentes and sophomore Craig Burden lead one to believe that the future of Belleville basketball is in good hands.

In the loss to Eastside last week, Belleville played a strong first half, then fell badly in the second half to one of the best teams in the state. Eastside always boasts a solid club and this year was no exception. The Paterson school has lost just one game all season and will be a big favorite, along with cross town rival Kennedy, to win the Group IV, Section I crown.

Eastside led, 18-14 after one quarter and extended the margin to 40-25 at intermission. The second half was no contest as the bigger Eastside squad were down the young Belleville team, outscoring the Bucs 33-14 over the last two quarters to win by an overwhelming 93-39.

For Belleville, senior Michael Sochaski continued his strong play by pouring in 12 points. Ted Sochaski, Puentes and Hutchinson all scored 7 points. Nick Sotomayer finished with five and Donald Washington closed the scoring with 4 points.

A couple of nights later, Belleville played another strong team in Ridgewood and despite losing, came away earning a great deal of respect. "We received a lot of

praise from their (Ridgewood) coach on our play," Colucci said. "We had our chances, we were down by three points with three minutes left in the game and we had the ball. We missed a few jump shots and they took advantage down the stretch. I was happy with the effort, it goes to show how good this team can be when they work together."

The game didn't start too well. Ridgewood led, 18-14 after one quarter and extended the lead to 44-29 at intermission. In the second half, Belleville began chipping away at the deficit, coming as close as three points in the fourth quarter before losing, 71-63.

For Belleville, it was the "Nick Sotomayer Show" as the senior

guard scored a career high 24 points to lead the way. Leon Puentes finished with 13, Washington tallied eleven. Ted Sochaski had nine, Mike Sochaski scored three and Hutchinson closed with three points. Ted Eueas scored 29 points to lead the Ridgewood attack. The Bergen County powerhouse improved to 16-3 with the victory and are now gearing for the Bergen County Jamboree, a tourney they should be favored to win now that Bergen Catholic, the top seed, was upset by North Arlington last Monday afternoon.

This week, the Bucs were up against a solid group of NNJIL contenders. In Montclair, Bel-

leville will see a team that is gearing for another run at the Essex County championship. Bob Lester, "Mr. February" like Reggie Jackson is "Mr. October" has his team playing strong basketball. The Mounties defeated Bergen Catholic last week, handing the Bergen County school its first defeat of the season. When it comes to the ECT, Mr. Lester is always near the top. In Passaic, the Buccaneers will face a team that should challenge Eastside and Kennedy for the Passaic County crown and later the Group IV, Section I title.

The game that Colucci is really looking forward to is next week's encounter with Nutley. It is always a good game when these two get together and Nutley is riding a hot streak now, having defeated highly regarded Kennedy last week. "Nutley is a scrappy team," Colucci said, trying to get his players fired up. "They hustle for every loose ball, they are always in the center of the action. Can we play against a team like that? I would like to think so. It

should be a big test for this team."

The ground work has been completed and the coach hopes that upon season's end, the work will continue toward the 1985-86 campaign. "They can't put the ball away when the season ends in

March. They have to attend camp, lift and run. The key is to play hard and often during the off season. You can't come back next November and just start playing again. There is a lot of preparation involved."

# Buc shots:

by Mike Lamberti

When it comes to high school basketball at its finest, you need to look no further than Essex County.

For girls and boys basketball, the Essex County tournament has been one of the

# Essex County has the finest basketball

best tournaments in the state of New Jersey for the past ten years. This season, the outlook appears very bright for another banner year. When you think of past games in the ECT, players like Kelly Tripucka, Clyde Bradshaw, Troy Webster and Mike Brown come to mind quickly. In the girls circuit, the fine play of Paulette Bigelow, Theresa Hrubash, Countess Irvin and yes, Jennifer Apicella, has highlighted the girls version of the tournament, which started in 1975 and has picked up a great deal of notoriety over the past five seasons.

The boys' tournament should feature plenty of high scoring, exciting contests. The extraordinary talent in Essex County rises to the top when the ECT is under way. There have been some memorable contests played at Bloomfield and West Essex during the last ten years, with the semi finals and finals held at Seton Hall University.

Seton Hall Prep of South Orange is one of the favorites to win the crown this winter. Bob Farrell's team is undefeated and according to a number of local coaches, the Prep is solid throughout. There are very few weaknesses in the Pirate arsenal. Back in 1983, Seton Hall advanced to the finals of the ECT.

playing Montclair and losing in double overtime. That game was one of the best finals in ECT history, almost matching the 1975 East Orange-Essex Catholic game when Bob Lester's East Orange squad won by seven points.

Speaking of Lester, he is at Montclair with another top ball club. The Mounties, a team that usually starts slow, have begun to make their move toward the ECT crown. Last week, Montclair upset previously undefeated Bergen Catholic and the consensus is that Lester's group will be difficult to handle in the ECT. Montclair won the crown in 1982, defeating Shabazz and took the title in 1983 by defeating Seton Hall Prep. Last season, the Mounties advanced to the finals opposite Clifford Scott, but the Scotties had the upper hand in that contest, winning by two points.

Other strong teams should come from Glen Ridge, Vailsburg, West Orange, Orange, East Orange and Newark Central. Perhaps a sleeper like neighboring Nutley or Columbia will provide a challenge.

Women's high school basketball in Essex County has also picked up a great deal of steam since the mid 1970s. The tourney is headed by Belleville coach Karen Fucello and every year, it seems to get better. Most fans will remember the 1984 final when Shabazz, the two time defending champion, battled Belleville at

Seton Hall University and won by four points. It was an exciting game, one in which a jittery Belleville squad fell behind by 16 points early, then poured it on the second half, cutting the gap to two points late in the contest before falling by four.

Shabazz, which has won three straight tournaments, will look for an unprecedented fourth crown this year and should provide a challenge. The top seed, without a doubt, has to be Irvington. The Lady Campers are loaded on both sides of the floor. The offense is paced by junior Tammy Hammond, a 6-0 center, who broke the 1,000 point mark as a sophomore and early this year broke the 1,000 rebound mark. The Irvington offense has some more arsenals as well and will be looking to win the crown after a near miss last year.

You might remember that Belleville upset Irvington in the semi finals of the ECT just a few days after Irvington had upset top seeded Clifford Scott. This year, the choice appears to be Irvington to win the entire tourney and put Shabazzes hold on the crown to an end.

Some tough competition will be provided by Nutley, Bloomfield, Montclair Immaculate and East Orange. Sleepers could come from Caldwell, West Orange, Verona and Newark West Side.

Whoever the winners are, basketball fans in this area should be treated to some excellent

games, with the finals to be held at Seton Hall University on the final Saturday in February.

What more can you say about the Belleville wrestling team? Staff writer Joe Piegario refers to the Buc winning skin as "the streak" and rightfully so. Belleville came into this week's action with a perfect 10-0 record and will take part in the Group IV, Section II tourney, battling some powerhouse teams in Morris Knolls, Phillipsburg and Westfield.

Belleville will battle Phillipsburg, the number one team in the state of New Jersey, on February 14, at Phillipsburg. Just three days before that big match, the Bucs will face another powerhouse, Clifton, at home, starting at 7:30 p.m. There will be plenty of excitement coming up for our grapplers.

Congratulations goes to Mike Gibbons, who brings an 18-0 record into this week's action and to Dominick Cerreto (17-1). Ralph Zarro has been very impressive at 148 pounds and sophomore Marc Criscione, the heavyweight, has been improving match by match. The architect of the team success, Gene D'Allesandro, continues to amaze with his knack for building powerful teams. Year in and year out, the Bucs of D'Allesandro have been one of the areas best.

The Belleville High School athlete of the week is Nick Sotomayer of the basketball team. The senior guard scored 24 points in the Buccaner effort against Ridgewood and has been impressive of late.

By the way, the Belleville High School athlete of the week from last week was Mike Sochaski of the boys basketball team. Mike has been praised by his coach, Rocco Colucci for his outstanding play of late.

Here is the answer to last week's quiz. The question was, name the only three teams in the first 18 Super Bowls to score first and lose. The answer: Dallas scored first in Super Bowl V but lost to Baltimore, 16-13.

### HEALTH WISE

Here is a distressing statistic: Eight out of every ten people in America will someday be a victim of low back pain! This condition cannot be lightly dismissed. Low back pain is often so severe that the victim is unable to do his normal work.

Nearly all low back pain is due to mechanical defects of the spine. Three-fourths of all forward bending or stooping motion occurs in the low back. No wonder we have such a high incidence of low back pain.

Many victims of low back pain have found chiropractic to be the only effective means of relief. Phone today.

# Library essay contest to focus on careers

To focus attention on career awareness, Libraries in Focus, the cable production group for Essex County Directors Inc., is sponsoring an essay contest on the theme, "Careers 2000" during National Library Week, April 14-20, open to junior and senior high school students.

The purpose of the contest is to focus on the importance of career planning and preparation of jobs of the future. The essay, which should be no longer than 500 words in length, should be submitted to Andrea Cohen, chair of Libraries in Focus and Belleville's contest coordinator, no later than March 2. Judging will be done on the basis of form and content by David Bryant, library director, Cindy LaRue, reference and young peoples librarian and Cohen, assistant library director.

First, second, and third prize winners from each library will receive book prizes, certificates and ribbons. The first place winners only will have their essays

submitted to a team of judges from Libraries in Focus. The first grand-prize winner will receive a \$25 check. The second grand prize winner a \$15 check, and the third

grand prize winner a \$10 check. Information about the contest may be obtained at the Belleville Public Library, 221 Washington Avenue.

## CPA explains the new tax rules

Jim Devine, CPA of Belleville, a member of the New Jersey Society of Certified Public Accountants and the American Institute of Certified Public Accountants, spoke before the Essex Electrical League Jan. 15 at the Howard Johnson Hotel in Newark and before the National Association of Accountants at the Glen Ridge Country Club Jan. 16.

He explained the new rules regarding the write-off of assets

used in business, the investment tax credit and the controversial business record keeping for autos, travel and entertainment, computers and other business assets.

If business use of an automobile for example is not over 50 percent, there will be reduced depreciation and no investment credit. If business use is over 50 percent, the investment tax credit is limited to \$1,000. Write-offs are limited to \$4,000 in the first year and \$6,000 in the all subsequent years until the auto is completely written off.

He also discussed the new con-

troversial business record keeping for business assets, transportation expenses, meals and travel and entertainment expenses. Starting Jan. 1, more detailed and accurate records must be kept for the above expenses. A daily log must be kept of destination, odometer readings, allocation between personal and business use, and amounts spent for gasoline, oil and tolls. All of the above expenses must be entered at or near the time the auto or other business asset is used or the expense incurred. These records are called "adequate contemporaneous records."

## Vergara in NATO exercise

Sgt. David D. Vergara, son of Ruben D. Vergara of 23 Hecket St., was involved in a NATO-sponsored exercise by participating in the Army's return of forces to Germany (REFORGER) 1985.

Vergara is a cannon crewman with the 4th Infantry Division at Fort Carson, Colo. He is a 1979

graduate of Belleville High School.

The exercise was designed to develop uniformity of doctrine, standardize procedures for rapid response to a crisis and demonstrate solidarity in commitment to NATO goals and objectives.

# Valentine Love Lines

## ONE DAY ONLY

Let that certain someone understand how you feel with a Classified Valentine Love Line. Compose your message to make it poetic, dramatic or funny. Your message will appear February 14 in the special Valentine Love Lines. The cost is low and the outcome is sure to be enchanting. Send your message in today or call Classified Advertising at 667-3000. Deadline for placing message: Tuesday, February 12, 1985 at Noon.

#### VALENTINE LOVE LINE CARD OFFER!

Now you can send a copy of your Love Line message on a VALENTINE LOVE LINE CARD! This card is specially designed to display your ad. On February 14th, just cut out your Love Line, paste it down on the card, and give it to the object of your affection. OR, you can use the card to alert your Sweetheart to check the Love Lines on February 14th for a special Valentine Message. Enclose a stamped, self addressed envelope with your coupon and we will mail you a Valentine Love Line Card. (one card per message you order)

# Doctor to chair mental health month

Dr. Ralph J. Attanasio, President of the Essex County Dental Society, has appointed Dr. Peter Liloia as Belleville Chairman for Children's Dental Health Month. Dr. Liloia feels that Children's Dental Health Month represents the profession's most significant organized effort to expand dental health education from the dental office into the community.

In its 35th year, the theme for this year's program is "Be a tooth S.L.E.U.T.H. - Start Learning To End Unhealthy Tooth Habits." In charge of

S.L.E.U.T.H. recruitment is none other than Kermit the Frog. He will be appearing in TV spot announcements, posters, badges, stickers, bookmarks, checkup reminder cards and calendars to lead the battle waged against dental disease.

Local dentists will make presentations at schools to explain how tooth decay originates and to instruct them in good dental hygiene practices. "It is our hope," said Dr. Attanasio, "that the children will use this information as an aid in maintaining good

dental health habits over their lifetimes."

Some hints for good dental hygiene:

1. For babies — Avoid too much sugar in the bottle and always clean baby's mouth after each feeding.
2. Use a good quality, soft toothbrush, and learn to brush when it's time for a new one.
3. Brush after each meal and floss once a day.
4. Maintain a well balanced diet. Junk food is high in sugars and carbohydrates, causing bacteria to produce acids which

attack tooth enamel.

5. Use a fluoride toothpaste or prescribed fluoride rinses to harden tooth enamel.

A 1984 graduate, Dr. Peter Liloia received his D.D.S. degree from the University of Maryland, Baltimore College of Dental Surgery. Dr. Liloia, who completed an anesthesiology clerkship while at school, is a member of the N.J. Dental Association and the Essex County Dental Society. Dr. Liloia, in his first year of general practice, works and resides in Belleville.

## Heard at Ringside

By Steve H. Frank

Listed below are the current champions of the International Boxing Federation and the United States Boxing Association:

**IBF**  
Heavyweight, Larry Holmes; Cruiserweight, Le Roy Murphy; Light Heavyweight, Michael Spinks; Super Middleweight, Chong Pal Park; Middleweight, Marvin Hagler; Junior Middleweight, Carlos Santos; Welterweight, Donald Curry; Junior Welterweight, Aaron Pryor; Lightweight, Harry Arroyo; Junior Lightweight, Hwan Kil Yuh; Featherweight, Mink Eun Oh; Junior Featherweight, Seugin Soo; Bantamweight, Satoshi Shingaki; Junior Bantamweight, Jodo Chun; Flyweight, Soon Chung Kwon; and Junior Flyweight, Dodie Penaloza.

**USBA**  
Heavyweight, Davis Bey; Cruiserweight, Bernard Benton; Light Heavyweight, Eddie Davis; Super Middleweight, Murray Sutherland; Middleweight, James Kinchen; Junior Middleweight, Duane Thomas; Welterweight, Marlon Starling; Junior Welterweight, Gary Hinton; Lightweight, Jimmy Paul; Junior Lightweight, Kenny Baysmore; Featherweight, Irving Mitchell; Junior Featherweight, Oscar Muniz; Bantamweight, Gaby Canizales and Flyweight, Joey Olivio.

Former World Boxing Association heavyweight champion Michael Dokes will exchange haymakers with Philadelphia's Randy "Tex" Cobb on the undercard of the March 15 Larry Holmes-David Bey heavyweight title fight in Las Vegas, Nev. Holmes once again claims this will be his last fight.

Gordy Racetta, one-time Canadian heavyweight champion and contender for world honors, after six years of professional boxing is now into kick boxing. After only five bouts in his new found sport, Gordy won the North American heavyweight championship with a 58-second knockout in the first round.

Undefeated Aaron Pryor has asked that his defense of the junior welterweight crown against Gary Hinton of Philadelphia be postponed. The Cincinnati boxer complained of assorted ailments as muscle spasms in his back and sore ribs injured in training. Russel J. Peltz, spokesman for the promotional group, The Tiger Eye Ltd., said the IBF champ needs time to recuperate for the Feb. 9 fight.

Smokin' Joe Frazier, former world heavyweight champion (Feb. 16, 1970-Jan. 22, 1973), who is owner-operator of one of the best gymnasiums in Philadelphia, has signed a promotional agreement that gives promoter Don King rights to Frazier's entire stable of pugilists. Joe Verne had been promoting for the Philadelphia fighters.

### Overseas travel is not impossible

Like to travel overseas in 1985 without leaving your own home or spending a lot of money? Want to enrich your family's daily life culturally by sharing it with an interesting teenager from another country? Want to find out how the rest of the world regards the U.S.?

You can do all three by making a New Year's resolution to host an international high school exchange student starting this coming August. That's when students will begin arriving under youth for understanding's (YFU) program for the 1985-86 school year. By deciding early to be a host family you'll have more share in selecting a student.

The students who are part of the YFU program are high caliber young men and women, lively, talented and out-going.

If your family would like to bring an international exchange student from Europe, Latin America, Australia, or the Far East into your home and life for a year, you can get more information by calling Youth For Understanding toll-free at 1-800-USA-0200.

**WATER RETENTION AND WEIGHT GAIN**  
Have you recently put on weight, but have not altered your diet or exercise regimen? The answer may lie on the shelves of your medicine cabinet. Several commonly prescribed over-the-counter drugs can actually cause a weight gain through water retention. Many drugs may also cause an increase in appetite, a craving for sugary foods and even slow down the metabolism. The problems usually stop when use of the drug is discontinued. These drugs include antihistamines, anti-inflammatory drugs, hormones, high blood pressure agents and antidepressants. There are others as well to be sure to consult with a doctor if a weight change is noticed when taking a prescription drug. It is also a good idea to ask the pharmacist about the ingredients of over-the-counter remedies.

Your pharmacist is your physician's consultant and source of information about many of the newest drug products. We're here to help you in every way possible at ROSSMORE PHARMACY, 338 Washington Ave., 759-1068. 759-1556. Baby needs are stocked and we have a fine selection of greeting cards, gift items and Russell Stover candy for Valentine's Day. Open Daily 9am-10pm, Sundays 9am-9pm. Have a very happy Valentine's Day.

**HANDY HINT:**  
Antihistamines, decongestants and promethazine may cause water retention.

## CARD OF THANKS

Maurillo, Armen

Deeming it impossible to thank in all person, we take this opportunity and means of expressing our sincere and heartfelt thanks to our relatives and friends for their kind words of consolation, floral tributes and many spiritual gifts offered us of our time of sorrow. Many thanks for the contributions made in his memory to the Nutley Volunteer and Emergency Squad. We would like to convey our special feelings of gratitude to Fr. Blake and the Rev. Fathers of Holy Family Church for all their prayers. Special thanks to Mr. & Mrs. Anthony Bardi and the staff of the Bardi Funeral Home for their guidance and services. Thank you also to the Nutley Police Dept. for the consideration shown to us the day of the funeral. We express our deepest gratitude to all of you who have in many ways conveyed your compassion and comfort to us.

Sorrowful family of Armen Maurillo

## 1,000 layoffs stun local residents...

continued from page 1  
prised of employees in all areas and levels, was chosen in August to put together recommendations about how the company could be streamlined.

This task force was selected by management, and individuals were chosen for demonstrating "an understanding of the company and an objectivity about making changes," she said.

**Quiet until Jan. 28.**  
Until Jan. 28, there had been no official word as to when or if the cutbacks would take place.

One employee, who wished her name to be withheld, said, "ever since August, this place has been full of rumors about layoffs and cutbacks. Everyone was nervous that the next week would be their last. No one could perform their best on the job. It was devastating."

The rumors became sustained last week, when Roche President Irwin Lerner sent the following letter to employees:

"After six months that have been increasingly difficult for everyone at Roche, we are prepared now to implement the recommendations that have been approved as a result of the thorough review of the organization. We estimate that the cost reduction goal that was established at the outset of our study — \$50 million — will be achieved," he wrote.

**Personal items packed**

Employees were notified Monday of their status at Roche. Workers came in on their four-hour shifts.

Employees who found out it was their final day left with boxes containing personal items.

The sadness was not just for those who were laid-off. Many of the workers whose jobs were spared said they would miss their friends.

Rumors about pay cuts for remaining employees were im-

minent when confronted with the rumor. Glynn said "there has been a freeze on salary increases since October."

She added that there will be a review of all benefits and compensation for remaining employees, but there will be no definite word on that until the spring.

The exact number of laid-off employees who are residents of Nutley and Belleville have not been released yet.

Nutley Mayor Harry Chenoweth said, "This is the first time Roche has experienced something of this magnitude. I remember when the company first opened in Nutley. Until this, there was nothing but growth and progress."

Chenoweth said that he was informed by a spokesperson for Roche that the company will remain in Nutley, and it will continue to manufacture there.

He was also assured that Roche will continue to support community programs as it has in the past.

The mayor did not feel that the cutbacks would significantly affect the economy of Nutley.

All the laid-off employees received an individual severance package which included two weeks base pay in lieu of notice, two weeks base pay, one week's base pay for each year of service, all unused vacation entitlement, a continuation of medical and prescription benefits, and life insurance benefits for a period equal to the severance period, but not less than 90 days. There were also retirement benefits for eligible employees who were laid-off.

Tess Jaskiewicz, of Lyndhurst, a Roche worker for 41 years, said "I got quite a good early retirement package, but it still does not take away the sadness and pain of leaving."

Roche hired several outplacement career counseling services to help employees find new jobs. The company also notified other local employees, and has received a positive response, Glynn said.

## Cleanup now in its third phase

continued from page 1  
to \$592,046. Commissioners had been seeking reimbursement from state and federal sources.

The estimated cost of the sampling, cleanup and removal of the toxic materials is approximately \$1 million with funds authorized from the Jersey Spill Compensation Fund.

**President charged**

As a result of the toxic leaks, the plant's president, Marianne Pratter, and two chemists were

charged with conspiracy and unlawfully releasing harmful or destructive substances into the public municipal sewer system, and with illegally discharging pollutants and unlawfully disposing of hazardous waste. Additionally, Pratter was charged with unlawful storage of hazardous waste and creating a risk of widespread injury in operating the plant.

In December 1984, Superior Court Judge Murray G. Simon denied Pratter the right to regain

control of the plant. Simon then turned control of the plant over to the DEP.

Hughey said because of safety precautions, access to the one-acre site will be restricted to normal daytime working hours until completion of the removal operation. Drivers are instructed to detour at the intersection of Little and Main streets and Greylock Avenue and Main Street, using Route 21 or traveling west on Little Street and Greylock Avenue.

## Public Service helping the needy

Public Service Electric and Gas Company has announced that a program to help needy residential customers pay their monthly electric and gas bills will continue in 1985.

Under the program, now in its third year, a fund called Project Volunteer for Energy (PVEF) assists residential customers who need financial aid to meet energy costs, especially during the winter when bills may be high. The aim of the program is to help the customers avoid discontinuance for service for nonpayment of their bills.

The fund is maintained by contributions from the company, including its employees, and from customers. It is administered by The Salvation Army, which screens and selects candidates for assistance.

Project Volunteer for Energy was launched in February, 1983, and, in the first year, \$240,000 were distributed to 1,500 needy customers and their families. The

total included \$75,000 donated by customers and startup and matching funds contributed by PSE&G.

Last year, donations by customers increased to \$112,000. Combined with contributions by the company, \$230,000 were passed along to 1,600 needy customers and their families to help pay bills.

"The generosity of our customers has helped ease the financial pressures on 3,100 families over the last two years, and all of us involved in Project Volunteer for Energy extend a warm thanks," said Louis L. Rizzi, vice president of PSE&G's Customer and Marketing Services Department.

"But, despite the general improvement in the economy during the last year, these are still difficult times for many people. So, we look to those of you, who are able, to continue your support of the program in 1985."

Rizzi said PSE&G is still

strongly committed to Project Volunteer for Energy and will donate up to \$300,000 to the fund at the rate of 50 cents for every dollar from customers, employees or other contributors.

Details about Project Volunteer for Energy and instructions for contributing to the fund are being included on an insert in residential bills.

Contributions to the program are tax-deductible. They can be made three ways: By enclosing with monthly bill payments a separate check payable to The Salvation Army — PVEF; by including in the check for bill payments the amount to be forwarded to the fund and indicating that on a coupon with the insert; or by making a pledge to contribute on an ongoing basis and requesting on the coupon a packet of postage-paid, pre-addressed envelopes in which to send donations.
