Purdue declines to run again

Grace Purdue, board of education president, has announced she will not be a candidate for reelection in April's school board elections.

Citing physical injuries which occurred in an auto accident last December, Purdue said it was difficult to perform her duties to the best of her ability. She did, however, say that she may be a candidate in 1986.

Purdue was first elected to the board in April, 1982 and was elected the board's first woman president in April, 1983. She was reelected board president in 1984.

Broo appointed library trustee

Kenneth Broo of 132 Fairway Ave. was reappointed to another five-year term on the board of library trustees. Broo, who is now treasurer of the board, has been a member since 1961.

Police officer is assaulted

A 45-year-old Belleville man was arrested last Saturday for assaulting a police officer at the Amvets building on Newark Avenue.

He was released on \$1,000 bail.

Two arrested in robbery case

A 25-year-old Belleville man and a 19-year-old Newark woman were arrested last week for robbing a Bloomfield man at knife-point at the intersection of Honiss Street and Eugene Place last Tuesday.

The woman was released on \$1,000 bail while the man was detained at the Essex County Jail.

Matters in Brief

No leads in kidnapping incident

Two women reported to police last Saturday that they had been robbed and abducted while they were waiting at a traffic light at the intersection of Mill Street and Washington Avenue.

They reported that two Puerto Rican males forced their way into the car by using a jagged bottle. They were driven around the City of Newark for approximately 45 minutes before being robbed of their jewelry and pocketbooks.

The two women were let out of the car while the men drove it down the block and abandoned it. Both women were uninjured. The police have no leads at this time.

School elections are April 2

The annual school board election will be held April 2. Polls will be open 2 to 9 p.m. or as long as necessary to enable all present to cast ballots.

Notices will be placed in township schools and polling places. The last day to register for the election will be March 4.

Man charged with threatening

A Hillside man was arrested last Wednesday night after a complainant reported he was threatened with a knife. He was released on his own recognizance.

Two charged with shoplifting

At the Pathmark West, on Belmont Avenue, two Newark residents, one 19-year-old and one 27-year-old, were arrested for shoplifting last Saturday night.

Five rifles stolen from home

Five rifles were stolen from a locked hall closet at a three-family home on William Street last Tuesday. Police reported no signs of a break-in. All rifles were licenses.

Expanding their Skills — School 7 Principal Marilyn Hawthorne (sitting) and four of her teachers, Louis Delia, Mary Hoey and Betty Follansbee, recently attended a five-day workshop at the Academy for the Advancement of Teaching and Management in Edison. The workshops, which included lectures and practical application, dealt with improving teaching techniques and skills. Missing from the photo is Martha Carson.

Belleville teachers specially selected to a state workshop

By Michelle Jeannotte

One elementary school principal and four teachers recently attended a five-day workshop which dealt with promoting excellence in state schools by offering various methods of teaching practices.

School 7 Principal Marilyn Hawthorne and four of her teachers, Mary Hoey, Elizabeth Follansbee, Martha Carson, and Louis DeLia, attended the Academy for the Advancement of Teaching and Management in Edison this January. The Academy is a program sponsored by the state Department of Education whose purpose is to refine and enrich the teaching and management skills of the state's school educators.

The Academy was formed in response to Gov. Thomas Kean's proposal made before a joint session of the N.J. Legislature in September 1983, the idea of the workshop is for school educators to study successful teaching techniques taught to them by experts in the professional field.

The groundwork of the Academy was laid by Education Commissioner Saul Cooperman who in March of 1984 hired Dr. Sybil G. Nadel as director.

Nadel holds a B.A. in Liberal Arts from Smith College, an M.A. in Spanish Literature from Hunter College and a M.Ed. and Ed.D. in educational administration from Teacher's College, Columbia University. She has conducted workshops for the N.J. Association for Supervision and Curriculum Development and various school districts in the state and on the East Coast.

Belleville had the distinct honor of being one of only 60 districts in the state to participate in the Academy's first workshop session this January.

Assistant Schools Superintendent Michael Lally presented a proposal to the board of education

in October and received word of approval from the Academy in November.

"We are very proud to have had Belleville represented in the Academy's first session," said Lally. "We are so impressed with the outcome that we are pursuing re-application. If we are accepted, we hope to select another school for participation."

Various techniques discussed in the workshops included the essential elements of instruction, principles of learning, use of materials, instructional skills, design activities, and task analysis.

The workshop session was under the instruction of Ronald Castaldo and Susan Shanik.

Castaldo received his B.A. in French from St. Peter's College and an M.A. in French literary criticism from Duke University. He is certified in French and Spanish and as a principal/supervisor. He has been an instructional skills trainer in New Jersey, New York, and Vermont and has developed and conducted instructional supervision training programs in school systems here.

Shanik received her B.S. in elementary education from Syracuse University and her M.Ed. in special education from the University of Maryland. She is certified as an elementary teacher, learning disabilities teacher, consultant and principal/supervisor. She has also been involved in staff development training in instructional skills for various New Jersey schools.

"It was the most educational workshop I have ever attended," said Hawthorne. "The workshop involved techniques which make effective teaching and involved lectures and practical application. After each workshop, we were to complete follow-up assignments to apply what we had learned."

Water mains a priority

Belleville commissioners gave priority to a number of revitalization projects in anticipation of receiving funding from the county's 1985 Community Development Block Grant Program.

Listed as the board's top priority is the improvement of the township's water main system by relining water pipes with cement. Improvements, which will be made at an estimated cost of \$3-32,100, will affect Bayard Street from Main to Cortlandt streets; William Street from Main Street to Washington Avenue; Belleville Avenue from Stephens Street to Washington Avenue; Rutgers Street from Main to Cortlandt streets and from Valley Street to Washington Avenue; Academy Street from Main Street to Washington Avenue; and Holmes Street from Main Street to Washington Avenue.

The construction of Holmes Street from Washington Avenue to Valley Street was second on the priority list. Improvements here would cost an estimated \$65,000.

Commissioners also gave priority to the installation of an elevator in Town Hall, estimated at \$150,000; commercial revitalization of Washington Avenue, \$50,000; and revitalization of the Acme Street playground, \$120,000.

Priority was also given to establishing a three-year community development plan for the 1985-87 Community Development Block Grant Program. Projects cited for 1986 include the relining of water pipes on Stephens, Ralph, and Valley streets, at an estimated total cost of \$408,000. Another \$50,000 for the commercial revitalization of Washington Avenue was also listed.

Township vehicles covered in assigned risk

By Michelle Jeannotte

Belleville has a new insurance agency covering its township vehicles — the New Jersey Commercial Auto Insurance Program.

According to Isadore Padula, town treasurer, the township's most recent insurance company, Hartford of Connecticut, did not renew its policy because it was too costly. The company has already paid out \$117,000 to the township

for equipment destroyed in last November's fire at the Public Works building and is now in the process of settling a \$172,000 figure, said Padula.

"The department wasn't aware that the company wasn't going to renew its policy," Padula said. "But the company did give us an extension until Feb. 10." The Hartford insurance coverage officially expired Jan. 27.

"We've always had private insurance companies," said Padula, "but because we didn't get one before the deadline, we had to buy the state insurance plan which is more expensive. We will automatically be covered because the state won't allow you to go without insurance."

Padula said Belleville applied for the state insurance plan last Wednesday.

Quotes were being received last week from private insurance companies with the aid of township insurance brokers Norman Thompson and Eugene Reilly. Revenue and Finance Commissioner Joseph McGreevy is in charge of the insurance.

Last year's policy cost the township \$89,500 and covered all 90 township vehicles which included buses, trucks and cars for the township departments.

New Coverage — Township vehicles, including cars, buses and trucks, are now covered by New Jersey's commercial insurance plan. The township until Feb. 10 to find a new policyholder after the most recent insurance company, Hartford of Connecticut, informed the township it would not renew its policy.

MaryAnn Whiteman has work published in training manual

Mary Ann Whiteman, director of Health Services at Community Health Care of North Jersey, Inc., recently had her work published in the "Operator Training Program Manual," as part of a 12 module training curriculum designed for operators of residential health care facilities and boarding homes. Ms. Whiteman

authored a segment on health and medications which focuses on the management and supervision of general and psychotropic medications. The training manual, published in 1984 by the Department of Human Services, was developed specifically to address the needs and problems inherent

to the residential care industry. The instructional series has been conducted statewide in attempt to motivate and encourage boarding home operators to provide quality care to the vulnerable adults they serve. In addition to Whiteman's module, the training guide includes such topics as first aid, nutrition and financial manage-

ment. Mary Ann Whiteman has taught the Health and Medication module several times in Essex County since 1982, and once at a conference for social service professionals held at Rutgers University, Piscataway in 1984. Informational handouts she developed for the training manual have also appeared in the publication, "Psychotropic Medications for the Elderly," by Norman Cassett, D.O. (Division of Mental Health and Hospitals, 1984). Ms. Whiteman's expertise in the area of medication management has been gained through her

past experience in supervising direct care to boarding home clients and through her past involvement with the Essex County Boarding Home Remediation Team. Mary Ann Whiteman has a bachelor of science degree in nursing from Seton Hall University and is currently a master's candidate in Rutgers University public administration program. She supervises Community Health Care's Boarding Home Case Management Program. Ms. Whiteman is a former resident of Belleville.

North Jersey is a certified, non-profit home health agency that provides comprehensive health care in the home setting to residents of Essex and West Hudson Counties. Services include skilled nursing care, physical, speech and occupational therapies, nutritional guidance, medical social work and home health aides.

Cherry Blossom run set for April 28

The fifth annual "Cherry Blossom Run," a 6.2 mile or 10-kilometer race through historic Branch Brook Park, will be held on Sunday, April 28 at 10 a.m. The increasingly popular Cherry Blossom Run is sponsored by the Essex County Department of Parks, Recreation and Cultural Affairs and many local businesses and is a favorite among runners, drawing Olympic marathoners from as far as Somalia in Africa. More than 1500 registered runners enjoyed the challenging run through scenic Branch Brook Park, the nation's oldest county park located in Newark and Belleville. That number is expected to top 2,000 runners this year.

The race begins just north of the Branch Brook Arena in

Newark and the course winds north using the East Drive into the extension area in Belleville where the bulk of the 3,000 cherry trees are located. Runners then return south using the West Drive to the finish line just south of Park Avenue where the awards ceremony will take place.

The entry fee for Essex County residents is \$6 and, for out-of-county, \$8. Prizes will be awarded for the top three men and women overall and the top three males and females finishing in each of seven age categories. A total of 48 prizes will be distributed. Last year, travel gift certificates, bicycles, running suits, telephones and assorted gift certificates were awarded. The first 1500 entrants receive free tee shirts. The Cherry

Blossom Run is certified and sanctioned by the New Jersey Athletics Congress and remains a qualifying race for the ten-kilometer "Governor's Race for Open Space."

To help prepare runners for the spring race, the county is sponsoring a "Runner's Clinic" on Wednesday, March 20, from 7:30 to 9:30 p.m. at Turtle Back Zoo in West Orange. Pre-registration is \$3 and \$5 at the door.

To run in one of the most beautiful races in the world under a canopy of pink and white blossoms or participate in the Runner's Clinic, call the Parks Department for your Cherry Blossom Run '85 application at 482-5400.

Solomon named executive editor at Sunbank

Sunbank Communications Co. has appointed Steven H. Solomon executive editor, effective immediately, according to Frank Orechio, company president.

Sunbank publishes the weekly newspapers The Nutley Sun, The Belleville Times, and Bloomfield Life, in addition to producing a one-hour live cable news show weeknights through its OBC-TV.

"We're extremely pleased about this appointment because we intend to provide our readers and viewers with even more meaningful and local coverage than ever before," Orechio said. Solomon joins the organiza-

tion after having served as an editor for The Ridgewood Newspapers, which publishes four papers twice a week.

Prior to that he was associate editor with The North Bergen Review and a staff writer with The Fairlawn News Beacon.

Last year Solomon served as president of the Pica Club, the oldest journalism organization in the country, and in 1977 he was president of the state chapter of the Society of Professional Journalists, Sigma Delta Chi.

He was graduated with the bachelor of arts in communications from Fairleigh Dickinson

University, Teaneck-Hackensack campus, and is studying there for his master's degree. He also served as advisor to the campus newspaper, The Gauntlet.

"It is very exciting to be part of an energetic and professional news team that is respected and appreciated in the communities it covers," Solomon said.

"We have several new sections for the newspapers and segments for the TV show that we are working on and we think residents will be pleased. In the meantime we invite input in the form of letters to the editor, press releases, and news tips."

CORN AND CALLUS REMOVERS
Few pains are as intense as that of a toe-top O-corn. It is a hard, thick overgrowth of skin encircling a soft center. A bewildering selection of treatment preparations including adhesive films, creams and salves, and medicated pads, disks and plasters, are available to relieve O-corns and other painful and annoying calluses and corns. Researchers who have studied over-the-counter corn and callus treatments recommend salicylic acid as safe and effective treatment. This acid is a keratolytic agent, a drug that eats away the bonds between the cells of the hard, outer portion of skin, causing it to peel. Those corns and calluses that fail to respond to non-prescription medications should be treated by a podiatrist.

Non-prescription medications, for a variety of problems, can be found easily by coming to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We also have a complete prescription department and are Medicare and Blue Cross approved. Last minute gift items, greeting cards and Russell Stover candies are available for your Valentine. Hours: 9am-10pm daily, 9am-9pm Sundays. Have a Happy Valentine's Day.

HANDY HINT:

It's about two years

It looks like the cleanup of hazardous materials from the Research Organic-Inorganic Research Center on Main Street will be completed by March. According to an article in last week's Belleville Times by Michelle Jeannotte, this would be almost two years after the spot was identified as polluted.

According to the State Department of Environmental Protection, the final phase of the area's cleanup will take the next two months and will include removing more than 1,000 drums and chemical containers ranging in size from one ounce to 55 gallons.

And what is the cost of all this, from discovery to complete cleanup? About \$1 million, with some of the cost being covered by the New Jersey Spill Compensation Fund and much of it coming from township funds.

Authorities blame the research center that was finally closed May 1983 for the discharge of the dangerous chemicals. The company was fined just \$15,000.

It doesn't sound fair to us. Unless there is some small justice in that the company doesn't exist anymore. When you consider that area residents suffered with burning eyes and skin irritations, the punishment appears too light.

But the plant's president and two chemists have also been charged with breaking a half-dozen laws and maybe this will appease residents who want harder justice imposed.

We hope that officials are able to hold to their estimated schedule for final cleanup and that steps are set to prevent such a disaster from ever happening again. It is one thing to clear up this specific mess, it is another to learn from mistakes and see that Belleville never has to go through a similar agony.

The one-acre site, assuming it ultimately is given a clean bill of health, could be a valuable piece of property. We are curious about how it will be used in the future?

Religious Viewpoint

A Drunkard Sung to Sleep

By Rev. Robert Paul

A loud voiced drunken man, followed by his wife and small son, swaggered abroad a railroad train that was soon steaming across the lowlands of Scotland. Across the aisle sat a born-again Christian temperance worker who felt led to sing an old hymn with the hopes that the drunkard would be quieted and perhaps go to sleep. His tactic worked and soon the man was snoring vociferously. After a nap of some hours, he awakened somewhat sobered. As the temperance lecturer left the train, the fellow held out a hand, bade him good-by and actually thanked him for singing.

Fifteen years passed and the temperance worker was again touring Scotland. After a particularly successful meeting, a well dressed man and wife came forward and inquired of the speaker if he remembered them.

He shook his head. "Why, I'm the man who was drunk that day on the train," confessed the stranger, "and you sang me to sleep. I never could get away from those hymns, and it wasn't long before I was led to a saving knowledge by personal faith in the Lord Jesus Christ. (St. John 1:12). Our son Joseph, who was also with us that day, is now in school preparing for the ministry."

That Joseph was, in years to come, the great Dr. Joseph Parker, who for a long time pastored one of London's largest churches. You don't have to be a drunkard in order to become a born-again Christian. The Bible says: "All have sinned, and come short of the glory of God." Simply believe you are a sinner, and believe God loves you and wants you to trust Him now. (1st Timothy 1:15).

Policemen defended

To the editor:

Like any other public official, a police officer is, and should be, under close scrutiny by the press and the public. However, the allegations that the citizens of Belleville have been hurling at their police department stem from generalizations that have become dangerous.

According to the "Letters in Print," all the police do is "harass" the citizens of Belleville. I've worked in a Belleville store for years and have never seen anyone who is willing to move his car to a legal spot get a ticket. I see officers walking outside in the freezing cold, making sure there is no trouble on the street. I've seen drug busts outside the store and house burglars arrested.

I witnessed several officers at the town meeting last week receive several awards and not for harassment under and beyond the call of duty. I know the crazy hours officers are forced to work with no more than a half-hour break allotted to them by the law. I personally know several police officers and they take their jobs seriously, giving deserving citizens respect and all citizens the protection they require.

No profession is perfect, but it seems that when it comes to the police department, certain citizens of Belleville are quick to condemn, and slow, very slow, to commend.

Fast action appreciated

To the editor:

Last evening, my husband showed all the symptoms of having a heart attack. He suddenly had terrible pains across his chest and numbness appeared in his left arm down to the fingertips. The pain was unbearable, as he let out some moans.

I immediately dialed 911 and conveyed my message to the Belleville Police Department. I barely had time to put on the porch light, loosen my husband's tie and bring him a glass of water when the police arrived with oxygen. An ambulance arrived shortly thereafter.

My husband was taken to Clara Maass Hospital and given an E.K.G. and all the necessary precautions.

Thank God, everything was all right as he evidently had pulled a muscle. Being a policeman himself from Jersey City, he can appreciate the work that these policemen and medics are doing, having been on similar cases himself.

I cannot emphasize enough the fine work both of these groups do and the speed in which they do it. May God bless them all.

I did not find out the names of these men who came to our aid, and needless to say, I was upset. However, I wish to extend my sincere thanks to each one of them and my praise to those that certainly deserve it.

Fire Department is commended

To the editor:

Dec. 15 a fire broke out in the house next to ours on Clinton Street, the fast thinking and great work of the Belleville Fire Department and all those who came to the aid of the fire helped to save the house. We had some damage but nothing compared to what would have happened if they did not do such a great job.

We want to thank everyone who was involved that day.

Question of The Week

By Stacy Wolf

Question: Do you feel President Reagan's proposed budget contains too much military spending?

Austin Lidlow, Carpenter Terrace: According to the military he's spending much too much. He could save all the social programs he intends to cut by cutting the military \$30 or 40 billion. They wouldn't feel it one bit with all the waste in the Pentagon.

Clara McCauley, Greylock Parkway: I think the President's budget is way off. I think he's spending too much on the military and not enough on welfare and other people. I don't believe in all welfare spending, but lots of people do need it and they should get it. I don't think the Russians are going to come over and attack us. They are just as much afraid of us as we are of them.

Joseph Iannuzzi, Washington Avenue: The budget is right on target. President Reagan is finally showing the leadership the country needed. When you look at the military spending in terms of the total budget it's probably percentage-wise less than what we've been spending in previous years.

Frank Chiffi, Belleville Avenue: I think we should knock some off the military budget and give to the needy and starving in this country. Let's look at our front door first before we look toward our back door.

Stricter rules set for non-resident pupils

Governor Thomas Kean earlier this month signed legislation, A-586 (Bocchini), that strengthens "affidavit" requirements for students who attend school in one district while their parents reside outside the community. NJSBA favors the new procedure as a means to relieve school boards that encounter large numbers of students crossing district lines to attend their schools illegally.

Previously, a school district could only require the "benefactors" (those housing such a student) to provide it with a sworn statement attesting to their financial support of the child. If the statement was questionable, the burden of proving that the child

attended school within the district illegally was placed on the local school board.

Under the new law, however, districts can require sworn statements and further documentation from both the benefactors and the child's parents. In addition, the burden of proving information contained in the statements will

rest with the child's benefactors. A-586 also establishes a system of small fines or jail terms, dispensed at the discretion of a municipal court judge, for persons found guilty of falsifying eligibility claims. The penalties would not result in a criminal record, however.

Tax aid offered at library

The Internal Revenue Service has furnished the Belleville Public Library with a variety of materials to help taxpayers prepare their federal income tax forms.

One useful aid is audio cassettes containing simple, line-by-line instructions for preparing federal Forms 1040EZ, 1040A and Schedule 1, 140 and Schedules A, B and W.

The Belleville Public Library also has IRS Publication 1194, a four-volume set of IRS' most requested publications and Publication 1132 which contains over 90 reproducible tax forms that can be easily photocopied for a small fee. In addition, Publication 910, the handy Taxpayer's Guide to IRS Information, Assistance and Publications, is available at the library. This publication contains useful year-round tips on how to obtain tax information.

While the Belleville Public

librarians are not expected to serve as tax experts, they will be able to direct the public to these helpful tax aids during library hours. For further information, call the library at 759-9200.

It's about two years

It looks like the cleanup of hazardous materials from the Research Organic-Inorganic Research Center on Main Street will be completed by March. According to an article in last week's Belleville Times by Michelle Jeannotte, this would be almost two years after the spot was identified as polluted.

According to the State Department of Environmental Protection, the final phase of the area's cleanup will take the next two months and will include removing more than 1,000 drums and chemical containers ranging in size from one ounce to 55 gallons.

And what is the cost of all this, from discovery to complete cleanup? About \$1 million, with some of the cost being covered by the New Jersey Spill Compensation Fund and much of it coming from township funds.

Authorities blame the research center that was finally closed May 1983 for the discharge of the dangerous

chemicals. The company was fined just \$15,000.

It doesn't sound fair to us. Unless there is some small justice in that the company doesn't exist anymore. When you consider that area residents suffered with burning eyes and skin irritations, the punishment appears too light.

But the plant's president and two chemists have also been charged with breaking a half-dozen laws and maybe this will appease residents who want harder justice imposed.

We hope that officials are able to hold to their estimated schedule for final cleanup and that steps are set to prevent such a disaster from ever happening again. It is one thing to clear up this specific mess, it is another to learn from mistakes and see that Belleville never has to go through a similar agony.

The one-acre site, assuming it ultimately is given a clean bill of health, could be a valuable piece of property. We are curious about how it will be used in the future?

Religious Viewpoint

A Drunkard Sung to Sleep

By Rev. Robert Paul

A loud voiced drunken man, followed by his wife and small son, swaggered aboard a railroad train that was soon steaming across the lowlands of Scotland. Across the aisle sat a born-again Christian temperance worker who felt led to sing an old hymn with the hopes that the drunkard would be quieted and perhaps go to sleep. His tactic worked and soon the man was snoring vociferously. After a nap of some hours, he awakened somewhat sobered. As the temperance lecturer left the train, the fellow held out a hand, bade him good-by and actually thanked him for singing.

Fifteen years passed and the temperance worker was again touring Scotland. After a particularly successful meeting, a well dressed man and wife came forward and inquired of the speaker if he remembered them.

He shook his head. "Why, I'm the man who was drunk that day on the train," confessed the stranger, "and you sang me to sleep. I never could get away from those hymns, and it wasn't long before I was led to a saving knowledge by personal faith in the Lord Jesus Christ. (St. John 1:12). Our son Joseph, who was also with us that day, is now in school preparing for the ministry."

That Joseph was, in years to come, the great Dr. Joseph Parker, who for a long time pastored one of London's largest churches. You don't have to be a drunkard in order to become a born-again Christian. The Bible says: "All have sinned, and come short of the glory of God." Simply believe you are a sinner, and believe God loves you and wants you to trust Him now. (1st Timothy 1:15).

Policemen defended

To the editor:

Like any other public official, a police officer is, and should be, under close scrutiny by the press and the public. However, the allegations that the citizens of Belleville have been hurling at their police department stem from generalizations that have become dangerous.

According to the "Letters in Print," all the police do is "harass" the citizens of Belleville. I've worked in a Belleville store for years and have never seen anyone who is willing to move his car to a legal spot get a ticket. I see officers walking outside in the freezing cold, making sure there is no trouble on the street. I've seen drug busts outside the store and house burglars arrested.

I witnessed several officers at the town meeting last week receive several awards and not for harassment above and beyond the call of duty. I know the crazy hours officers are forced to work with no more than a half-hour break allotted to them by the law. I personally know several police officers and they take their jobs seriously, giving deserving citizens respect and all citizens the protection they require.

No profession is perfect, but it seems that when it comes to the police department, certain citizens of Belleville are quick to condemn, and slow, very slow, to commend.

Mary Burrell
Crescent Terrace

Fast action appreciated

To the editor:

Last evening, my husband showed all the symptoms of having a heart attack. He suddenly had terrible pains across his chest and numbness appeared in his left arm down to the fingertips. The pain was unbearable, as he let out some moans.

I immediately dialed 911 and conveyed my message to the Belleville Police Department. I barely had time to put on the porch light, loosen my husband's tie and bring him a glass of water when the police arrived with oxygen. An ambulance arrived shortly thereafter.

My husband was taken to Clara Maass Hospital and given an E.K.G. and all the necessary precautions.

Thank God, everything was all right as he evidently had pulled a muscle. Being a policeman himself from Jersey City, he can appreciate the work that these policemen and medics are doing, having been on similar cases himself.

I cannot emphasize enough the fine work both of these groups do and the speed in which they do it. May God bless them all.

I did not find out the names of these men who came to our aid, and needless to say, I was upset. However, I wish to extend my sincere thanks to each one of them and my praise to those that certainly deserve it.

Fire Department is commended

To the editor:

Dec. 15 a fire broke out in the house next to ours on Clinton Street, the fast thinking and great work of the Belleville Fire Department and all those who came to the aid of the fire helped to save the house. We had

some damage but nothing compared to what would have happened if they did not do such a great job.

We want to thank everyone who was involved that day.

Question of The Week

By Stacy Wolf

Question: Do you feel President Reagan's proposed budget contains too much military spending?

Austin Lidlow, Carpenter Terrace:

According to the military he's spending much too much. He could save all the social programs he intends to cut by cutting the military \$30 or 40 billion. They wouldn't feel it one bit with all the waste in the Pentagon.

Clara McCauley, Greylock Parkway:

I think the President's budget is way off. I think he's spending too much on the military and not enough on welfare and other people. I don't believe in all welfare spending, but lots of people do need it and they should get it. I don't think the Russians are going to come over and attack us. They are just as much afraid of us as we are of them.

Joseph Iannuzzi, Washington Avenue:

The budget is right on target. President Reagan is finally showing the leadership the country needed. When you look at the military spending in terms of the total budget it's probably percentage-wise less than what we've been spending in previous years.

Frank Chiffi, Belleville Avenue:

I think we should knock some off the military budget and give to the needy and starving in this country. Let's look at our front door first before we look toward our back door.

Stricter rules set for non-resident pupils

Governor Thomas Kean earlier this month signed legislation, A-586 (Bocchini), that strengthens "affidavit" requirements for students who attend school in one district while their parents reside outside the community. NJSBA favors the new procedure as a means to relieve school boards that encounter large numbers of students crossing district lines to attend their schools illegally.

Previously, a school district could only require the "benefactors" (those housing such a student) to provide it with a sworn statement attesting to their financial support of the child. If the statement was questionable, the burden of proving that the child

attended school within the district illegally was placed on the local school board.

Under the new law, however, districts can require sworn statements and further documentation from both the benefactors and the child's parents. In addition, the burden of proving information contained in the statements will

rest with the child's benefactors.

A-586 also establishes a system of small fines or jail terms, dispensed at the discretion of municipal court judge, for persons found guilty of falsifying eligibility claims. The penalties would not result in a criminal record, however.

IT ALL ADDS UP

Financial security. Planning for your future. Getting a break on your taxes. It all adds up.

If you're interested in your retirement and putting off your tax bite up to \$2000 a year, now is the time to open an IRA account at Nutley Savings.

You can defer up to \$2,250 if either you or your spouse works and up to \$4,000 for working couples.

And the earlier you contribute to your IRA, the harder your money will work for you. When you deposit your IRA savings early in the year, you get the benefit of having time to earn more interest. Over the years your savings advantage will grow substantially.

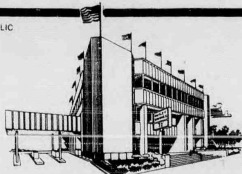

Make your IRA contribution as early as possible to get the most for your retirement savings. And between now and April 15 you still have time to make last year's deposit and deduct your savings from your gross income for 1984.

So don't waste time and money. Stop in today and start making plans for tomorrow. It's that simple. EASY AS IRA.

EASY AS IRA

Federal regulations require a substantial interest penalty for withdrawals from certificates before maturity. Withdrawals from an IRA plan are taxable as ordinary income in the year of withdrawal and before age 59½ are also subject to tax penalty.

"HURRY IN"

DENTALLY SPEAKING

By Dr. James D. Muglia and Paul N. De Maio

Theresa from Belleville asks: "I find flossing difficult and I don't have any cavities. Is it absolutely necessary?" Theresa, there is no better way of cleaning in between teeth other than flossing. A brush cannot cleanse that area very well. A water irrigating device does a good job for soft food between teeth, but not tough plaque.

The flossing technique, once demonstrated, and after 15 minutes of practice, can be done efficiently and simply.

Since you say you have no decay, Theresa, please give an honest effort to use the floss and you'll assure yourself of healthy teeth and gums. Thank you.

Please address all inquiries to:

Dear Umberto,

My husband became bald so he combs the hair from the cranium to the front. I told him he looks funny and he tells me to "Keep quiet, you're the one that made me nervous which made me gain weight and lose my hair." Umberto, two years ago he gained a lot of weight and then he went on his own diet. He lost weight after a year or more. Can you lose your hair by getting nervous or by dieting? Also, are there other ways to comb his hair? Please answer.

The Lady with the Bald Husband: Dear Umberto? You can lose hair over getting nervous, but it will grow back. If you go on your own diet without your physician's advice, you can lose your hair faster and it will not grow back, especially if baldness runs in the family.

Yes, there is a way to comb his hair differently. He can let his hair grow longer on one side of his head and comb it to the other side. I assure you, it will not look funny.

To The Belleville Italian Americans: I thank you for the delicious fruit basket you sent.

Yours, Umberto

Black History Month exhibition now on display at library

To observe Black History Month, the Belleville Public Library, 221 Washington Ave., will display books in its honor throughout February.

Books on exhibit are "The American Negro Reference Book," by John P. Davis; "The Black Almanac," by Alton Hornsby, Jr.; "Black Authors: A Companion to Black African Writing," by Donald E. Herdeck; "The Black Experience in America," by James C. Curtis and Lewis Gould; "Black in America: A Fight for Freedom," by Jesse Jackson and Elaine Lan-

daw; "The Black Book," by Middleton Harris; "Black on Black Commentaries by Negro American," by Arnold Adoff; "Civil Rights and the American Negro: a Documentary History," by Albert P. Blaustein and Robert L. Angrando; "A Documentary History of Afro-Americans in New Jersey," by Clement Alexander Price; "Great Black Americans," by Bernard Richardson and William A. Fahey; "An Illustrated History of Black Americans," by John Hope Franklin; "Great Negroes-Past and Present," by Russel L.

Adams; "Modern Black Writers: a Library of Literary Criticism," by Michael Popkin; "The Negro Almanac: a Reference Work of Literary Criticism," by Harry Ploski and James Williams; "The Negro American: a Documentary History," by Leslie A. Fishel and Benjamin Quarles; "Negroes Who Helped Build America," by

Madeline Stratton; "A Pictorial History of Black Americans," by Langston Hughes, Milton Meltzer, and C. Eric Lincoln; "Some Time Ago: a Historical Portrait of Black Americans from 1850-1950," by Chester Higgins and Orde Coomb; and "Young and Black in America," by Rae Pace Alexander.

Black History is an annual observance of the past achievements and current status of black Americans. It coincides with the birthdays of Frederick Douglas and Abraham Lincoln.

The idea for the observance of Black History Month was

proposed by Carter G. Woodson, a black historian known as the "Father of Black History Week." In 1926, Negro History Week was celebrated and in the 1970s, the name of the week was changed to Black History Week and established as Black History Month in 1976.

Team Huddle — Head Coach Rocco Colucci gathers his team in a huddle to try to figure out how to stop the Passaic Indians. No luck though, Passaic was the better team this time.

Wrestlers unbeaten after 25 in a row

By Joe Pigaro

What was supposed to be a tough, old fashioned dogfight turned out to be just another landslide as the wrestlers of BHS roughed up Bloomfield High School, 45-6.

The victory increased the Bucs' record to 11-0 for the year. "The Streak" is now at 25 in a row without a loss over the past two years (including 20 consecutive wins).

Bloomfield's Bengals had come into the meet owning a solid 10-3 record for the year. They left the meet with their respective tails between their legs, winning only two of the 12 dual bouts.

Marc Vicari bested Joe Cerreto (17-2) for the second time this year. 3-0. Cerreto was titled for a three point near fall early in the second period and lost his bid to be top seeded in the upcoming districts.

Joe has no time to mourn his loss as he must prepare for the state tournament and P-Burg's once beaten Jason Hawk.

Bengal's only other win came at 169 pounds as Tony LaVaca was moved up a weight class to face Sean Mulcahy (6-5-1). The Bloomfield senior posted an easy 12-6 victory, despite a strong comeback attempt by Mulcahy in the final period.

At 107 pounds, Tim Buckley (12-5) looked impressive as he pinned Vin Gowers late in the second period.

Although he is not as gifted athletically as some boys on the squad, Tim has proven that hard work, courage and a coachable attitude are equal, if not superior attributes than God-given ability.

Belleville's sterling 114 pounder, Dom Cerreto, upped his season's log to 18-1 as he pinned Dom DeGrazio for the second time this season. Each win breaks Cerreto's own career record as he now owns a lifetime mark of 75-19.

As with his brother Joe, Dominic cannot rest too long on his laurels as P-Burg's Mark Fagnolino, a state tournament qualifier last year, is his next opponent. It will undoubtedly be Cerreto's toughest match of the year.

Despite winning ten of the 12 individual bouts, Belleville did manage to have two boys stand out above the others.

The first is 121 pounder Mondo Nardone (10-3). Wrestling against Art Cuffari, Mondo scored the first two takedowns and upset Cuffari by a 6-5 margin. Nardone's victory probably assured him of one of the top two seeds at districts time.

The other outstanding effort belonged to Dave Silletti (7-2), wrestling in the 157 pound slot.

Tony Araujo, a three year var-

sity wrestler and recent transfer from Glen Ridge, was inserted into the lineup in order to move Tony LaVaca up to 169. The Bloomfield coaching staff obviously felt the move would insure two victories instead of one.

Silletti had other ideas and fouled up the strategy with a come from behind 9-8 upset triumph. A takedown with only 12 seconds remaining in the bout proved to be the final margin of victory.

Once thought to be a weak spot because of his inexperience, David has proven he deserves his spot in the lineup and can wrestle with the best of 'em.

Vince Carrington (8-0-1) remained unbeaten by decisioning a stubborn Dan Freitag, 7-1 in 128 pounds. Only a sophomore, Vince has just about locked up the second seed in the District 7 championships.

At 134 pounds, Cam Rispoli (14-5) pinned Darren McCoy early in the third period. After almost three full minutes of pinning combinations, referee Joe Longo decided McCoy had had enough and went into his flying pin routine, a three foot leap into the air, head turned to the side, legs spread eagle, whistle, blowing and a final, emphatic right hand slamming the mat. Embarrassing at best to McCoy, theatrical at worst for Longo.

Our 140 pounder Luke Silletti (4-0) continued his comeback from knee surgery with a rugged 8-3 decision over Anthony Catalano. Although still not in top physical condition, Luke has been piling up points in bunches and has outscored his foes by an average of over nine points.

Ralph Zarro (18-2) at 147 and Marc Criscione (11-4-1) at heavyweight scored uneventful, but humongous victories. Zarro earned a 7-2 decision while Criscione scored a fall over Stan Gregorowski in only 39 seconds.

State hopeful Mike Gibbons (19-0) was the victim of his own excellence as Bloomfield refused to send out a wrestler for the 187 pound bout. Gibbons has now been awarded five forfeits during the year, a frustrating figure for someone as anxious to compete as "Iron Mike."

TILTS & STACKS: Answer to last week's Quiz Question — Rich Cucolo was the first person to wrestle a varsity match for BHS. In 1963, Cucolo wrestled in the 97 pound slot and lost by a fall to Nutley High School. This week's Quiz Question — Who was the only BHS wrestler to have three 20 victory seasons? Answer next week. Buc wrestler of the week is a tie between Mondo Nardone and Dave Silletti, both grapplers looked great in defeating established, solid opponents — Good job!

Johansen scores 30

By Mike Lamberti

Paced by the offensive efforts of Desiree Johansen and Donna Brooks, the Belleville girls basketball team took two victories in three games last week, boosting the team record to 9-10.

The girls battled Nutley on Tuesday and will entertain Teaneck tomorrow evening, starting at 7:30 p.m. from Belleville High. Next Tuesday, the girls will close out the 1984-85 campaign with a home game against Kennedy, starting at 12:30 p.m.

Belleville posted victories over NNJIL rivals Montclair and Passaic last week, losing to East Orange in the initial round of the Essex County tournament, at East Orange. The two victories did move Belleville to a 6-6 log in the NNJIL, good for fourth place, trailing only Nutley (11-1), Bloomfield (11-1) and Eastside (9-3).

Head coach Karen Fuccello was pleased with the victories. "Against Montclair, we were a little flat, but we had enough to win. It's good to win, even though we made some mistakes I'd rather not have seen."

The Lady Buccaneers jumped out quickly, taking a 13-2 lead after one frame and extending that lead to 21-11 at intermission.

In the second half, Belleville pulled away for good, outscoring Montclair, 13-6 in the third quarter and 11-10 in the final quarter t win, 45-27. Johansen, as she was all week long, was the high scorer with 14 points. Senior Donna Brooks finished with 13, Sheri Phelps had six and Cheryl Marion, Angel Greco and Sherri Sorrentino closed with four points each.

Two days later, Belleville traveled to East Orange to face a good Panther squad, the finest team at East Orange since the

Paulette Bigelow glory days of 1980-81. "The snow day (the day before the game) was no help," Fuccello said. "I was hoping to practice the day before the game to work out a few things that I had seen in the Montclair game. That was a little disappointing, but what can you say?"

The Lady Bucs led, 10-9 after one quarter, but found themselves on the short end of a 27-20 count as halftime. Belleville went to work in the second half, chipping the deficit to 42-38 after three quarters, but East Orange had enough to win it in the final frame and took a 61-52 victory.

Johansen was the high scorer for Belleville with 17 points. Sophomore Angel Greco had 14 points, Brooks finished with ten, Phelps closed with six and Marion had four.

Last Friday evening, the crowd at BHS saw the "Desiree Johansen Clinic" as the junior forward tallied a career high 30 points to lead a 55-43 Belleville triumph. "They (Passaic) always give us a tough outing," Fuccello said. "We were a little tired after the East Orange game, so I tried a zone defense and it worked pretty well. We outrebounced them and were in control."

Johansen scored 15 first half points as her team built a 30-23 halftime lead. She was just as generous in the second half as Belleville chipped away to a 12 point victory. In addition to Johansen, Brooks closed with ten points, Phelps and Greco had five each, Marion scored four and Sorrentino had one.

The team will look to close with a 500 season in 1984-85, but the final three games will provide no rest up. Nutley, Teaneck and Kennedy are all solid teams that have previous success against Belleville. It should be a challenging finish to a good rebuilding year for the Bucs.

Despite winning ten of the 12 individual bouts, Belleville did manage to have two boys stand out above the others.

The first is 121 pounder Mondo Nardone (10-3). Wrestling against Art Cuffari, Mondo scored the first two takedowns and upset Cuffari by a 6-5 margin. Nardone's victory probably assured him of one of the top two seeds at districts time.

The other outstanding effort belonged to Dave Silletti (7-2), wrestling in the 157 pound slot.

Tony Araujo, a three year var-

Dominic Cerreto have received a great deal of attention this year because of their marvelous records and knack for winning with a vengeance. At 148 pounds, Zarro adds that important link that solidifies the middle weights for Gene D'Allesandro's team.

"Ralph started to reach his potential as a junior," recalled Villano of Zarro's 17 victories last year. "He has come a long way. He is a fluid wrestler, one who has come a long way."

Zarro has also excelled in the classroom and is a solid collegiate prospect for next fall. "He has a good attitude," continued Villano. "Ralph is sort of the life of the team. He is very loose, but has a great spirit and is very aggressive on the mat. He isn't afraid of anyone. His attitude is 'I'll do my best and see what happens.' In his two losses this year, Ralph didn't give anything away. He fights to the end."

Zarro epitomizes the Belleville wrestler, a wrestler according to Villano, that finds a way to win. "I'll take a Belleville athlete any day," Villano said. Ralph Zarro is another in the long line of fine Buccaneer wrestlers that have shone at Belleville High School.

Michael Sochaski is the type of player that is rarely noted. "He does his job very quietly," said Mike's head

coach, Rocco Colucci. "Ten to twelve points a game, seven or eight rebounds a contest. Game in and game out, he gives us a solid effort."

Sochaski was inserted into the starting lineup back in early January. "He has solidified the center position for us," Colucci said. "He has done the job and is doing it against some big competition. I can't say enough about his attitude and hard work in practice and the games."

Sochaski's success did not come easy. In 1983, then head coach Joe Papasidero found Sochaski to be an excellent talent. Injuries, however, played a key role in his fortunes for the 1983-84 season. First a bad lower back and later a broken ankle made the 83-84 campaign a painful memory.

Now, as a senior, Sochaski has fought off the nagging injuries and is playing to his potential. An easy going young man, Sochaski reminds me of former BHS center Rich Cook, a 1980 graduate. Cook, who called himself "The Chairman of the Boards" was a tough underneath and did his job in a quiet, effective manner. Mike's young brother, Ted, also appears to have a bright future in store. It looks like the name Sochaski will light up the box scores for a number of years.

Three Belleville students share athlete of the month honors

By Mike Lamberti

Back in the winter of 1982, the Belleville girls basketball team was in the midst of an impressive campaign. Barbara Gundry was the senior captain and she was flanked by some promising sophomores named Dina De Aquino, Jennifer Apicella and Loreli Wells. When the season ended in early March, the girls had posted a 17-6 record. While the future certainly looked good, Karen Fuccello had to be optimistic about the long term future. The reason for this optimism was that an eighth grader named Desiree Johansen was making a strong impact on the Suburban League. While Johansen was not being touted as the next scoring whiz in the state, she appeared to have the tools necessary to be an all around performer.

Now, some three years later, Miss Johansen has arrived with a vengeance on the varsity basketball scene. After playing javayee back for most of her freshman and sophomore campaigns, the junior has come around this year and is one of the team leaders in scoring. Last week, she tallied 30 points, a career high, in leading the Belleville girls to a 55-43 victory over NNJIL rival Passaic. Johansen, along with wrestler Ralph Zarro and boys basket-

ball player Mike Sochaski are the Belleville High School athletes of the month of January.

Johansen first developed an interest in basketball back in the seventh grade. "I always had an interest in sports," she said, "and I decided to join the Suburban League in the seventh grade. That was my start in the game."

As for this season, Johansen is happy with the team's progress. "This is really our first year of playing varsity ball together," she said. "It took us a while to get used to playing as a team. I think next year will be better."

The junior plans on playing in summer leagues this year and attending basketball camp as preparation for the 1985-86 campaign. The quiet, low keyed Johansen is not a fan of the television cameras.

"I like to stay in the background," she said, referring to her television debut last Friday evening following the Passaic game. "I just want to score the points, help the team and let someone else answer the questions, especially on television."

She does have an abundance of talent, talent that also shines on the tennis court and softball field. She should be the number one singles player on next year's tennis squad and has been a

stalwart infielder for Carl Corino and the softball team. "Desiree is starting to reach her potential," said head coach Karen Fuccello. "Her game is developing the consistency I knew she had. She has a good future ahead of her." Her present play certainly gives validity to Fuccello's statement.

Freshman wrestling coach Dennis Villano first started to coach Ralph Zarro back in the eighth grade. "I've watched him develop over the course of five years," Villano said. "I'm not surprised by his success this season."

Much has been said about the marvelous performance of the Belleville wrestling team. The 1984-85 Buccaneers entered this week with an 11-0 record and were set to battle Philipshurg High last night in the first round of the Group IV, Section II playoffs. Ralph Zarro has quietly become a solid member of the team and a vital link to its success.

The senior, wrestling at 148 pounds, has compiled an 18-2 record and claims the Bloomfield Holiday tournament as his. "Ralph has a lot of natural ability," said Villano. "He is agile, quick and flexible. He is a very loose wrestler, not stiff or mechanical. He also has good leverage."

Deservedly, Michael Gibbons and

Bucaneers still enthusiastic despite a 2-19 record

By Mike Lamberti

With the season winding down, a team with a 2-19 record would generally start to think about next year, looking to put this season far out of their minds. The situation at Belleville High School,

however, is slightly different. Walk into the gym during a team practice and you would think the club is vying for the Essex County championship. A great deal of clapping, enthusiasm and hard work can be seen as the team

prepares for its next opponent. Head coach Rocco Colucci has had his team playing with a vengeance all year long, even though the record might indicate otherwise.

The Bucs battled Nutley last Tuesday and will be in Teaneck tomorrow evening for an 8 p.m. tip off. Next Tuesday, the Bucs will be in Kennedy High School for a 1:30 p.m. tip off. That game will mark the conclusion of the 1984-85 campaign for Belleville High.

"The kids haven't given up," Colucci said last week. "We're practicing hard, looking to give our opponents a run for the money. There has been a lot of improvement on this team and hopefully it will carry over to next year."

The Bucs battled NNJIL rivals Passaic and Montclair last week, losing to the Indians by a 63-52 count and bowing to Montclair by a final score of 73-53.

"The Passaic game was our best game of the season," Colucci said. "They (Passaic) are 4-5 and

battled Eastside into overtime during the Passaic County tournament. They have an excellent team and we played a strong game against them."

Passaic led 19-12 after one quarter and extended the lead to 30-20 at intermission. The Indians then held their breath as Belleville cut the deficit to six points in the third quarter. "We played some good man to man defense," Colucci continued. "We missed some shots at some crucial stages of the game and they pulled away."

Passaic regained the lead, 46-30 after three quarters and although Belleville did cut the deficit to eight points in the final frame, Passaic took the contest by eleven.

Leon Puentes, a freshman, scored 14 points. Colucci was very happy with the guards' all around play. Senior Mike Sochaski and junior Don Washington both finished with ten points. Senior Nick Sotomayer had eight. Ted Sochaski, a freshman, scored four while Bob Hutchinson, Dom Mastro and Steve Kimble scored two points each.

Versus Montclair, the Bucs ran into a squad that is priming for the Essex County tournament. "We didn't handle their press well," Colucci said. "We also missed four one and ones in the first half and they took advantage of the breaks. We played a good second half in this game. We always seem

to play a good half, but it isn't enough. In this league, you have to play four solid quarters."

The Mounties took a 21-10 lead after one quarter and were on top, 39-23 at intermission. In the second half, Montclair kept the pressure on, outscoring Belleville, 16-14 in the third and 18-16 in the fourth quarter to win by 20 points.

Washington was the leading scorer for Belleville with 17 points. Mike Sochaski played another effective game, hitting for 12. Hutchinson tallied eight. Sotomayer had seven. Ted Sochaski scored five and Puentes finished with four points.

NOTES: Belleville is 1-11 in the NNJIL, 1-8 outside the conference.

Barbara Francis and Richard of Hotelex in Nutley look at a Luxemburg pamphlet.

Hotelex reaches worldwide

Hotelex, an "International Hotel Reservations Center," represents through special agreements approximately 300 individually selected hotels. Hotels are located in Belgium, Egypt, France, Germany, Italy, Luxembourg, Monaco, Saudi Arabia, Switzerland and the United Kingdom. There is also access to 1,000 additional hotels worldwide.

Hotelex has complete familiarity of all the properties with which it deals. The biggest advantage of booking with Hotelex is that it has all categories of hotels and rooms from deluxe to a small clean two star hotel where a double room costs under \$30 per night with bath for two persons.

The other advantages of Hotelex is when the hotel requested is not available, it presents an alternative choice in the same range of price and location. It is able to confirm a room im-

mediately or within 24 hours. Hotelex believes that the best advertising is to have fully satisfied clients who become a repeat customer through their regular travel agency.

In 1984, Hotelex secured reservations for nearly 10,000 clients which represented approximately 17,500 nights.

For 1985, Hotelex has increased room potential by 25 percent and has added two countries, Germany and the United Kingdom.

Hotelex believes that the anticipated strong value of the American dollar in Europe in 1985, as in 1984, will allow a lot of American people to realize their dream "to go to Europe."

For information, advice, or reservations, call 235-1990. Hotelex is open Monday through Friday from 8:45 a.m. to 5 p.m. and Saturday from 10 a.m. to noon.

HEALTH WISE

Millions of Americans take drugs daily to reduce high blood pressure. This condition is usually the result of a functional abnormality in the cardiovascular system.

Typical abnormalities include output of the heart, elasticity and resistance of arteries, volume and viscosity of the blood. All of these are controlled by the brain, nervous system, kidneys and adrenal glands. Vertebral misalignments are often found to be the underlying cause of the abnormalities associated with high blood pressure.

Chiropractic has been known to be effective in such cases. Phone for a chiropractic examination; learn the facts.

Little League applications available now

Any candidate who will attain the age of 9-years before Aug. 1 and who will not attain the age 13 years before Aug. 1 of the year 1985, shall be eligible to compete in the Belleville Little League Baseball Program.

The Belleville Little League consists of eight teams. The American League teams are sponsored by Rotary Club, Elks Club, Wallace and Tiernan and Belleville Italian-American Club. The National League teams are sponsored by Amvets, Fireman's

Mutual Benevolent Association, Policeman's Benevolent Association and Knights of Columbus.

All games are played at the Michael V. Marotti Little League Field on Montgomery Place. Each team plays a schedule of 18 regular season games. There are also playoff games and a World Series. In addition, games are played at night under the lights at the field. The League is fully insured in case of any injury to a player.

Every player on the team must

participate in each game for a minimum of six defensive outs and bat at least one time.

Applications for tryouts will be in all the schools the week of Feb. 11 and must be returned before March 1. Tryouts are scheduled for Monday, March 18 and Thursday, March 21 at the Belleville High School Gym starting at 6:30 p.m. All applicants will also be notified by mail of the dates of the tryout sessions.

Candidates must attend half of the tryout sessions to be eligible for the Little League draft procedures. A birth certificate must be presented and two safety pins, baseball glove and sneakers are required for the tryouts.

All candidates who become ineligible to play Little League this year will have their applications submitted to the Recreation Department's baseball program.

Toddlers program at the library

Alice Norris, Children's librarian, has announced two special film programs for toddlers and preschool children. On Feb. 15, at 10 a.m., films will be shown in the meeting room of the library. Films will also be shown on

March 15, at 10 a.m. Registration is not required.

For parents also interested in enrolling their children in a preschool reading program, calls will be received by the Children's Department at 759-9200.

American history in joint project

In honor of American History Month, Adrea Cohen, Assistant Library Director of the Belleville

Public Library will do a program at School 4 for grades 1-6 on the Statue of Liberty. The oral presentation and media program was arranged by Cohen, Ms. Forte, Principal of School 4, and David Bryant, Library Director, and will be presented at 9:30 a.m. of Feb. 28.

Cohen has spoken to numerous organizations and school on themes in American history. She holds a M.A. degree in history and a MLS degree in library science. Cohen hopes to develop an appreciation for the exploration and further study of American history by her presentations.

Heard at Ringside

By Steve H. Frank

Floyd Paterson, former heavyweight champion and ex-Deputy Boxing Commissioner for New York State, was among the honorees at the fifth annual Thurman Munson Sports Dinner at New York's Grand Hyatt Hotel, Monday, Jan. 28. Paterson has been working with young people for the past ten years at his New Paltz, N.Y. gymnasium.

At Moore, Director of the Lou Costello Sportsman-Club Gymnasium in Paterson, and manager of a stable of battlers, informs that he has junior welterweight Jorge Nina of Passaic and Cesar Guzman of Paterson signed for six-round fights in Cohoes, N.Y. Opponents will be named before fight time on Friday, Feb. 1.

Carlos Dee promoter of boxing in North Jersey invaded South Jersey's Casino-land with a good card. In the main go he had cruiserweight Artie McCloud of Philadelphia vs Mike "Mad" Fisher of Newark. McCloud disposed of Fisher in the third-round of a scheduled eight.

Probably one of the most deceiving heavyweights in appearance has to be James Broad out of Wildwood. The 24-year-old fighter is an obese 246-pounds that gives the appearance of being out-of-shape. Broad must be doing something right — he has only lost one battle in three years of professional fighting. He recently took the NAAF championship by kayoing Eddie Gregg at 48 of the 8th round at New York's Felt Forum.

The thing we enjoyed about the 1984 Olympic Boxing in Los Angeles was the in-fighting among the so-called United States Amateur officials and members of the professionals. The press gave very little or no ink to the Josephine Abercrombie-Phil Nappi or Nappi-Emanuel Steward back-room clashes. Abercrombie is a promoter of professional fights and owns a gym in Texas. Nappi is former coach of U.S. amateur boxers and Steward operates a gym in Detroit. He also manages and trains a stable of amateur and professional fighters.

Heavyweight Jeff Sims has been fighting under various managers since starting his professional fighting career on March 19, 1979 and getting nowhere. Sims has now signed a promotional agreement with Sylvester Stallone's Tiger Eye Promotions and is looking to exchange punches with top 10 pugs.

If you still believe in me, save me.

For nearly a hundred years, the Statue of Liberty has been America's most powerful symbol of freedom and hope. Today the corrosive action of almost a century of weather and pollution has eaten away at the iron framework, etched holes in the copper exterior.

Less than a mile away, on Ellis Island where the ancestors of nearly half of all Americans first stepped onto American soil, the Great Hall of the Immigration Center is a hollow ruin. Rooms are vandalized, walls crumbling in decay.

Inspiring plans have been developed to restore the Statue and to create at Ellis Island a living monument to the ethnic diversity of this country of immigrants. But unless restoration is begun now, these two national treasures could be closed at the very time we celebrate their hundredth anniversaries. The 230 million dollars needed to carry out the work is needed now.

All of the money must come from private donations; the federal government is not raising the funds. The Statue of Liberty-Ellis Island Centennial Commission appointed by President Reagan is asking every American to contribute. The torch of liberty is everyone's to cherish. Could we hold up our heads as Americans if we allowed the time to come when she can no longer hold up hers?

You can keep the torch of liberty burning bright. Send your tax-deductible contribution to The Lady, Box 1986, N.Y.C. 10018. Or call, toll free, 1-800-USA-LADY.

Community Mental Health is focus of Interagency Council

The Belleville Interagency Council's February program focuses on the Community Mental Health Services of Belleville, Bloomfield and Nutley as part of its series of television programs.

In the first part of the program, David Bryant, host and director of the Belleville Public Library and Alice Ricci, director of Community Mental Health

Services will discuss the different aspects and programs of the agency and the building in which the agency is housed.

In the next segment of the show, Dr. Elizabeth Callahan, director of the Therapeutic School which helps children from two to ten who have developmental delays or emotional problems, explains the school's function.

professional staff and manner of functioning.

In the third segment of the show, Irv Hahn, acting director of the Partial Care Program which helps those who need support and guidance in order to live independently in the community, explains how his program functions.

In the final segment of the show, Barbara Purnell, director of the Friendly Visitors Program which brings friendship, understanding and support to the homebound senior citizens and Judy Yurmack, director of the Outpatient program which provides services to children and adults from three to over 70, explain their programs in depth.

The Interagency television program will be shown every Wednesday on WBHS, Channel 34. The program was directed by Marilyn Mango, media specialist, Belleville High School and produced by Adrea Cohen, chairwoman of the television committee for the Belleville Interagency Council.

Media students assisting with the production were Michael J. Letti and Robert Hutchins, camera and Debbie Sim and Robin Wallace, student directors.

Library's indoor art show scheduled April 20

Belleville Public Library's art show will be held indoors 9:30 a.m. to 1 p.m. April 20.

Members of the cultural committee include Mrs. Richard Shafter, chairwoman, Adrea

Cohen, assistant library director and coordinator of the show, Anna DeMuro, Frances Lubben, Joan Samsel and Cindy LaRue.

The show is open to any artist, professional and non-

professional, grades 1-12, adult level and those 18 years of age and over. To register, call the library at 759-9200 or register in person.

Valladares in 'Who's Who'

The 1985 edition of Who's Who Among Students in American Universities and Colleges will list the names of 15 students from St. Peter's College who have been selected as national outstanding leaders. Included is William J. Valladares of Belleville.

Campus nominating committees and editors of the annual directory have included the names of these students based on their

academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.

They join an elite group of students selected from more than 1,500 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations. Outstanding students have been honored in the annual directory since it was first published in 1934.

NJIT announces students on dean's list

Donald A. Castricone, Elizabeth Y. Eng, Timothy James Finan, Drew Lillis, Raymond A. Rebol and Gary James Schetlick are among 488 students named to the dean's list at New Jersey In-

stitute of Technology for the fall semester.

Students must have achieved an academic average of 3.0 or better on a scale of 4.0 to be eligible for the dean's list.

Religious Viewpoint

Abraham Lincoln

By Rev. Robert Paul

Abraham Lincoln, 16th president of the United States, was born in 1809. A well-known writer says, "The world-wide interest in President Lincoln, from the time he left his home in Springfield, Ill. to take the presidential chair at Washington in 1861 and the universal and real sorrow at his untimely death on April 15, 1865, were very pronounced." Even to this present day there exists among the different nationalities of the earth a great interest in this wise and benevolent ruler.

President Lincoln had endeared himself in the hearts of millions by his human sympathy, great wisdom and kindly acts toward friend and foe in the most critical and difficult periods in the history of the United States. After his death, this was more fully realized and appreciated by all.

When Lincoln left Springfield, on his way to Washington to assume the presidency of the United States to which he was elected, he made the following farewell address. "My friends, no one not in my position can appreciate the sadness I feel at this parting. Here I have lived for a quarter of a century, here my children were born and here one of them lies buried. A duty devolves upon me which is greater perhaps than that which has devolved upon any other man since the days of Washington. He never would have succeeded except for the aid of Divine providence, upon which he at all times relied. I feel that I cannot succeed without the same Divine aid which sustained him and on the same Almighty Being I place my reliance and support. Again I bid you all an affectionate farewell."

These simple words addressed to his friends and neighbors plainly showed reliance upon God and indicates a work of God in his soul at that time.

A gentleman having an appointment to meet Lincoln at 5 o'clock in the morning went a quarter of an hour before the time appointed.

NOVENA TO ST. JUDE

This novena has never been known to fail. This novena must be said for 9 consecutive days. Publication must be in the hands of the Holy St. Jude. Apostle and Mary, great in value and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke their special patronage in time of need to you. I have recourse from the depth of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid. Amen

Driving in snow is serious business

Snow is beautiful to see, but not when left on a motor vehicle about to take to the road, says Clifford W. Snedeker, Director of the New Jersey Division of Motor Vehicles.

Just two years ago, a truck driver was killed on the Tappan Zee Bridge over the Hudson River when snow blew off the roof of another truck. The snow blinded the driver, he lost control of his vehicle and it crashed through the railing into the river, Snedeker reminded motorists.

"You should never start out on a trip, even a short one around the corner to the store, with snow remaining on your vehicle," Snedeker said. "It is a hazard that can kill you or someone else."

Snow left on the hood of the car can blow back into the windshield. This can both startle and blind the driver and cause a serious accident.

Snow left on the roof can slip down over the rear window obstructing the driver's view. It can also blow off into the faces of other drivers causing an even more hazardous situation, such as the one on the Tappan Zee Bridge two years ago, Snedeker said.

The most dangerous driver on the road during bad weather is the lazy one who only clears a small peephole on the windshield just in front of him. "You can't avoid hazards you can't see. Visibility is

difficult during the winter and you need all the help you can get. So make sure you clear the entire windshield and all of the other windows so you have unobstructed vision in all directions," Snedeker said. "You never know from which direction a problem will come."

While you are working on the snow and ice, run your heater and defroster so the windows inside the car won't suddenly fog up when you finally take to the road.

Road spatter can cut visibility down to almost nothing. Use your wipers and washer often. Turn outside lights and mirrors are not self-cleaning, so stop and give them a wipe from time to time.

If you must drive in fog or during a heavy snowfall, keep your lights on and set at low beam. New Jersey requires the use of headlights whenever visibility is less than 500 feet.

Once you have all the snow and ice removed from the car and are ready to take to the road, remember that driving on ice and snow calls for a special brand of skill and caution, Snedeker said.

Here are a few suggestions on how to stay out of accidents and keep from "spinning your wheels" for the rest of the winter:

- Leave early, expect any trip to take twice as long as normal.
- Plan your route to avoid steep grades and lightly-travelled roads where deep drifts have a chance to form.

"BELLEVILLE PROPOSALS"

Sealed proposals will be received by the Purchasing Board of the Township of Belleville, New Jersey at the Commission Chambers, Town Hall, Belleville, New Jersey on or before 11:00 a.m. on Thursday, March 7, 1985 for the purchase of one (1) year supply of Communications Parts and Equipment (Materials or approved article) in accordance with specifications on file in the office of the Purchasing Agent, Town Hall, Belleville, New Jersey.

Each bid must be enclosed in a sealed envelope bearing on the outside the name and address of the bidder and the name of the project and must be delivered to the Township Clerk on or before 11:00 a.m. on Thursday, March 7, 1985. No bids will be received after that time. Bidders are required to comply with the requirements of P.L. 1975 C. 127 which shall become part of the specifications. The Township reserves the right to reject any and all bids.

One Plus One Equals Three

New Math? No! This is simply a way of describing a drug-drug interaction. Since most drugs can cause side effects of varying degrees, it's not surprising that one person may be using two drugs with similar side-effects, such as a cold remedy and a cough syrup, each with the capability of causing drowsiness. Instead of a simple additive effect, each may intensify the other so that the two together are more than twice as potent as either alone.
