Chapter of the Public Relations Society (P.R.S.A.) at Canoe Brook Country Club. Speaking with Cantor before the luncheon are Joseph Veccone of Belleville (left), vice president of public relations for Prudential Insurance Company and president of P.R.S.A. and Mel Hintz, account executive with Keyes, Martin and P.R.S.A.'s program chairman.

Fortunato advocating prisons operated by the private sector

Prisons operated by the private sector offer the best, most efficient and least costly hope for alleviating prison overcrowding, according to Bud-

dy Fortunato, (D-30), who is introducing legislation for the New Jersey Department of Correction in budgeting for admission to include a privately run

ditional bed space.

"We don't need a commission to study the feasibility of privately run prisons. There is more than enough information available from other states. Only through the operation itself of a privately operated prison can we begin to make a comparison with existing prisons," Fortunato said.

The state must consider to set the standards for prisons, the Assemblyman noted. "I am not advocating giving our prisons over to an avaricious group that we would not monitor. But we would expect private enterprise to operate prisons similar to the way it operates well for government many hospitals, drug and alcohol treatment programs and job training programs," he said.

Rev. Fortunato installed pastor of Silver Lake Baptist Church

The Rev. Gerald A. Fortunato was installed April 18 as the new pastor of Silver Lake Baptist Church.

Members of the community joined with Dr. George Younger, executive minister of the American Baptist Churches of New Jersey and other clergy at the ceremony which was followed by a dinner in Memorial Hall.

A native of Philadelphia, Pa., Rev. Fortunato is an ordained minister in the American Baptist Convention with headquarters in Valley Forge, Pa.

He attended Southeastern Bible College, Lakeland, Fla., and Roberts Wesleyan College, North Chili, N.Y., where he earned his bachelor's and divinity degrees. He earned his master's degree at State University of New York at Fredonia.

Rev. Fortunato is a doctoral candidate at New York University in the College of Education, Department of Religion, and has studied at Gannon College, Hamilton College, Eastern Baptist Seminary and Temple University.

He was a member of the faculty at Valley Forge Christian College for 12 years where

he taught a variety of subjects. He also held pastorates in several churches in Pennsylvania where he was heard daily on radio and seen on television.

He served as Minister of Music at Roxboro Baptist Church for two years. He is an accomplished organist, pianist, choir director and is a member of the Philadelphia Boys Choir and Chorale. Rev. Fortunato served as an interpreter during the choir's tour last summer to Rome where they sang before the Pope.

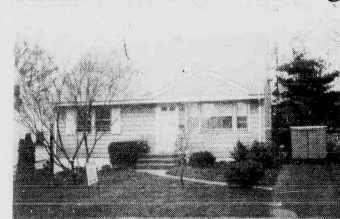

Rev. Fortunato is a certified language teacher and has taught Italian, Spanish and English as a Second Language in the Trenton School System.

He is married to the former Rosemarie Romano. They plan to move to Belleville this summer.

ATTACK ON ASTHMA

Asthma is a chronic disease. It involves a reversible obstruction of the airways, specifically the bronchi and bronchioles, which are the large and small tubes that carry air into the lungs. The newest pharmaceutical entry in the battle against asthma is a drug called cromolyn. While it cannot "turn off" an asthma attack that has already started, it has been effective in preventing attacks. Patients with exercise-induced asthma can take cromolyn before exercising. It has also been found to be effective in blocking allergy-induced asthma attacks. One study showed that children who take cromolyn before bedtime are better able to sleep through the night. Morning wheezing is reduced and the youngsters can participate in normal athletic activities.

When you're given a prescription, to aid in the relief or prevention of an asthma attack, bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1508, 759-1956. We are Medicare and Blue Cross approved and provide free delivery. Check our selection of cosmetics, greeting cards, candy and gift items for Mother's Day. Hours: Daily 9am-10pm, Sundays 9am-9pm.

HANDY HINT.

There is reason to believe that asthmatics tend to "outgrow" acute attacks.

Belleville Scouts in show to celebrate anniversary

Belleville Scouts will be joining units from across Essex County at the Essex Council's Diamond Jubilee Scout Show May 4-5 at the South Mountain Arena in West Orange. The show will mark the 75th anniversary of the Boy Scouts of America being celebrated during 1985.

The show will be open Saturday, May 4, 11 a.m. - 8 p.m. and Sunday, May 5, noon - 5 p.m. Tickets to the show are \$1.50 and are being sold by local scout units. Half of the revenue will stay with the local scout unit and half

will pay show expenses. Tickets are available at the door.

Information of the show can be obtained by contacting the local Essex Council Service Center at 622-2488.

Cub Scout packs, Boy Scout troops, and Explorer posts will be performing various skills and activities. Plans also include a health fair which will be conducted by several medical explorer posts and individual scouts and explorers participating in scout skills and sports competition.

Essex County Geriatrics Center

Essex County Executive Peter Shapiro recently issued an appeal for more citizens to become involved in community participation with the Essex County Geriatrics Center in Belleville.

"We have an excellent reputation as a well run and humane center for providing care," he said. "But volunteers who work with our residents and staff provide a kind of special caring and link with the community that cannot be given by anyone else."

The Essex County Geriatrics Center is a 332-bed, long-term care nursing home providing a range of levels of care to residents from 30 to 104 years of age. There is a continuous waiting list for admission to the center which is home to its residents. The staff of 400 devotes the majority of its efforts to providing safe, comfortable and medically sound physical care around the clock.

Equally important, especially from the resident's point of view, are daily activities and social interaction. Patient activities staff are constant in its efforts to provide a variety and range of activities such as a morning mingle, art, music and craft workshops, trips and tours for those sufficiently ambulatory to take advantage, and video and film presentations.

"It is in activities and interaction where our volunteers and involved families are most helpful and most rewarded," James Jordan, director of the Essex County Department of Health and Rehabilitation, said. "Residents need to be able to have contact with these helping and supportive hands. There are a number of ways that volunteers and families are helpful."

"Some make or provide gifts," he continued. "Some assist staff in its duties. Others visit with residents or arrange shows and performances. One volunteer even arranged with a local pet shop to bring small pets to the patients for a day visit. The important thing is to help the residents stay in touch with the world outside the Geriatrics Center."

Hope and Prayer

A Hungarian Jew, Bernard Clark, born Bernie Cohn, was evacuated from a Nazi slave labor camp forty years ago. Clark Cohn — was imprisoned in Auschwitz, Buchenwald, and Nordhausen concentration camps. By the time he was sent to Elrich, a slave labor camp in what is now West Germany, he had lost all hope of survival. There he met a Belgian priest, Reverend Jean Mergeai, who created a cross from dynamite wire and gave Clark new hope. More than 20,000 prisoners died building the underground factories. The priest was among those who died. Clark says a prayer for him every Passover and lights a candle for him on April 15th, the day Jewish congregations everywhere say a prayer for those who died in the Holocaust. Clark wants the priest's memory to live on, lobbying the Belgium government to have the priest's story told on television in that European nation.

On the morning they met, Father Mergeai held a shovel in one hand and a cross in the other. The cross was fashioned from red wires used in dynamiting the tunnels. Clark said every morning they went to work digging a tunnel, the priest stood behind him, poking his back with his finger and the wire cross; and he prayed. One day, the priest asked Clark, "Bernie, why don't you pray?" — and Bernie replied "To whom, Jean, to my God or to your God?" The priest replied, "To your God." Clark asked, "But where is God? It is too late to pray — God is dead." The priest insisted that Clark pray, and Clark did, Christmas 1944 arrived, and Clark told the priest, "This is not a happy Christmas

— I hope next year you have a sermon in your church. We always have a Jewish Hanuka, but I don't think I will see it."

Clark said he was sure all us Jews will be slaughtered before the Allies arrived and begged the priest to light a candle in his memory when he got out. The priest agreed but urged Clark not to despair. Father Mergeai told Clark "You are still alive, why should you talk of death? You have a mission on this earth. Have faith — it won't be too long until your liberation."

Four months later, the Allies arrived — Father Mergeai had died of starvation, and Clark was a free man.

Clark, now a retired butcher in Hollywood, Florida, over Easter Sunday, once again retraced the journey commenting, "After forty years, in a survivor's heart, a priest still lives. Through the prayers I shared with Father Mergeai, I found new hope within me. I am alive today because of Father Mergeai."

If at times, the future looks bleak and hopeless, remember Bernie Clark, building underground factories in the mountains of Germany with no light at the end of the tunnel — but prayer brought to him the light of a new day — and today Bernie Clark/Cohn lives with a heartfelt of gratitude for a Belgium priest who created a cross from dynamite wire — and gave him hope.

Nazziola charges absurd

To the editor of the Belleville Times:
Last week's unsigned letter to the editor accusing school board member Gabe Nazziola of playing Republican politics in Belleville is absurd! As the duly elected Young Republican Chairman of Belleville and the County of Essex, I can make judgements based on fact and not suspicion and innuendo.

The state of the regular Republican Party in Belleville is horrendous. Districts are left unfilled, the chairman has lost the respect of the state and county, and the vice chairlady now resides in Toms River.

Mr. Nazziola is not involved, and chooses not to get involved, in the present county committee fiasco in Belleville. Mrs. Nazziola, unlike her husband, chose to run for district leader with the blessing of the Republican Party and on the official Republican line. Whatever position Mrs. Nazziola

seeks is of her own concern and no one else's. Speculation, rumor, and outright falsehoods made by unidentified authors should have no validity even when published in this respected newspaper.

In America every citizen has the right to participate in the political process supporting the political party of his or her choice. One does not forfeit that right when elected to the Belleville Board of Education or any other office.

Yes, Mr. Nazziola, political wheeling and dealing is alive and well in Belleville, but we responsible citizens pray that you continue your dedicated service to our township.

'Facts' on budget distorted

To the editor:

It is indeed unfortunate that when someone sets out to damage the character of another (open letter to Gabe Nazziola April 18 issue of Belleville Times) to relieve their own vindictiveness of character, they hide behind "Name withheld by request."

Thankfully, most intelligent readers judge the credibility of such writers by that action. I will therefore not dignify the political rhetoric with a response.

However, there was an intentional distortion of facts concerning the board of education budget which I must address, particularly because the writer of the anonymous letter had the true facts but chose to misrepresent them.

The fact is that when the budget was presented to me as budget com-

mittee chairman from the administrative offices it included a 14-point tax increase. In dollars, this represented a \$70 tax increase to each and every homeowner in Belleville with a home assessed at \$50,000. This can be easily verified by calling the school district's administrative offices.

Through a careful detailed analysis of historical patterns demonstrated in several past year's audit reports and other refinements, I was able to cut the increase to a five-point tax increase. In dollars, this meant a \$25 tax increase. Therefore, I did in fact change the educational budget. Not 5 cents, but a savings of \$45 on the tax bill of each and every homeowner in Belleville.

Gabriel A. Nazziola
Board of Education Trustee
Budget Committee Chairman

Commissioners faulted on taxes

To the editor:

Fellow Belleville townspeople, let's applaud our commissioners for another five-point tax hike. They're really doing a good job spending our hard earned money.

It's too bad they blame the hike on the firemen and police pay hikes being above the cap. But it's their fault for not utilizing other agencies offering help.

A few years ago a volunteer ambulance squad began to form, but it failed. It didn't have enough support. The commissioners could have helped to get some free trained help to at least help the paid firemen in the ambulance. They could also utilize the firemen's auxiliary more so.

Speaking of auxiliaries, did you know that there is a trained group of auxiliary policemen operating in town

under the supervision of the state police and Belleville's Police Chief George Lister?

These officers are volunteers and that means they work for free. If they were utilized the proper way and used more, it would help keep our taxes down. All they need is the political go ahead and a little funding. They would never replace the regular police department in any way but only help it in its duties by working hand in hand or even as partners in some cases.

So let's let our commissioners know our feelings. Should they use more of our hard earned money or the free resources that they already have at their disposal?

Ernest Zoppi thanks supporters

To the editor:

I would like to thank all the people who supported me in the last Belleville Board of Education election and all of you who voted for me in my successful bid for re-election.

I would like to also thank The Belleville Times for its endorsement and Orechio Broadcasting for its coverage.

Golden Comments

by James R. Golden

Will President Reagan be obliged to relinquish his appeal as the great communicator by the substitution of the monicker of the great prevaricator because of his publicly made firm pledge that he would "never" compromise or alter the Social Security System cost of living provisions and then made an about-face, and did just that?

Back in 1980 when he was seeking the presidency, he did much the same thing. He promised that Social Security was sacrosanct and would not be touched, but, after being elected he and David Stockman "cooked-up" the scheme of taxing Social Security income for the first time if aggregate income of individuals or families exceeded certain fixed amounts, notwithstanding, that such payments were never supposed to be taxed. Was that, too, not a distortion of fact that could raise questions of verity?

The President had previously said that Social Security was a special separate fund that had no effect upon the federal budget, he succumbed to Stockman's proposal of a budget compromise struck by Reagan and Senate Republicans to limit Social Security benefit increases that could plunge 650,000 Americans into poverty, claims the Congressional Budget Of-

fice. Senate Majority Leader Dole (R-Kan.) who supports this measure will meet strong opposition from Democrats and some Republicans who face re-election this year.

The formal analysis of the Social Security agreement compiled by the Congressional Budget Office indicates the average family receiving Social Security benefits would lose about \$410 over the next three years under the compromise proposal.

The average Social Security benefit for a retired worker is now about \$450 a month. The benefit would reach \$510.88 in 1986 with no change in current law, but would rise only to \$483.43 under the Administration-Senate GOP proposal.

Using the administration's own estimates that inflation will remain at around 4 percent over the next three years, as many as 650,000 recipients of Social Security and other federal retirement benefits could fall below the official U.S. poverty line over the next three years if the plan became law.

The Census Bureau considers an income of \$10,610 a year to be the poverty level for a family of four; it is \$6,280 for an elderly couple. How many in Belleville could exist here on such meager income? Think about it.

"I feel they should because people who don't smoke shouldn't have to breathe in other people's smoke during their breaks and lunch hour. It probably will also benefit the smokers because they won't have to worry about bothering when they light up."

Rob Moret

"I'm against them setting up no-smoking areas because I feel it's just going to be a waste of money. The companies will probably find some way to take the cost of the no-smoking areas out of the workers pay checks. I think there are a lot of other ways of making a company better than concentrating on whether or not smoke is bothering people."

Florence Giorgio

Nutley
non-smoker

"I feel that areas should be set aside for non-smokers. My husband smokes but maybe if when he was still working his company had taken an interest in providing for its non-smokers, he would have taken a second look at his smoking habits and quit."

Shelton Reed

Nutley
smoker

"I'm a smoker and if they do decide to pass this bill or they don't, it won't really bother me. I don't really have any reaction at all. It seems to have worked with the airlines who already have separate section for smokers and non-smokers. I feel people who don't want to breathe in other's smoke shouldn't have too."

Businessmen meet to discuss redevelopment

(Continued from page one)

number of buildings that have been renovated or built over the past years in an effort to show that the criteria for blight does not exist. He cited such buildings as Crescent Press, Charles Jewelers, Belleville Public Library, Provident Savings Bank, Belleville Motor Lodge and new townhouses on Mill Street.

Some members of the audience questioned the time frame of redevelopment. Some even wondered what would happen if development does not occur.

Gabe Nazziola, a member of the redevelopment agency, said that it will be the responsibility of that agency to have prospective developers waiting once blight is declared.

He added that a developer must provide a total project plan for the area before redevelopment can begin. Funding also has to be approved for the acquisition of land and buildings. He said that each project will be dealt with individually.

Emil Nardachone, chairman of the redevelopment agency, said funding determines the relocation and redevelopment plan. He also said that a redevelopment plan (prepared after blight is declared) will determine what construction will take place.

School Closings

All about us and in distant points across this great country of ours, most communities are reflecting lower school enrollments. This trend poses a tremendous burden upon school boards. To meet the needs of a declining school population and not unnecessarily tax the overburdened taxpayer — more often than not — school closing is in the offing.

Parents of children attending a neighborhood school facing a possible closing become aroused, indignant and determined to keep the school open.

Practically every time a school board votes to close a neighborhood school, at the next school board election, the action evolves into a referendum on the school board member's vote.

We believe this is wrong. The question of closing a school should not be decided by a school board, but in a referendum at the next general election. Placing the question on the

ballot provides the voter with the opportunity of giving full weight to the pros and cons of closing a school. In following this procedure, we separate a school member's total worth to the community from the single issue of closing a school. Placing the question on the ballot at a November general election provides the electorate with the opportunity to be educated thoroughly on the school system needs of the community. The referendum opportunity will invite a broader base of voters to participate in the decision as opposed to a majority of the members of the school board.

North Meets South - Donald Moran of Belleville, left, meets with Eden Pastora, leader of the Nicaraguan Resistance Group, at a recent Washington, D.C., conference. Pastora is known as "Comandante Zero" for his part in the 1979 revolution which ousted director Anastasio Somoza. Moran, a 1979 graduate of Belleville High School, is a student at Bloomfield College, where he is majoring in political science.

Valentinsson, Porcello win merit scholarships

Peter J. Valentinsson, a junior at New Jersey Institute of Technology (NJIT), recently received a \$250 merit award donated by Union Carbide Corporation.

More than \$21,000 in scholarships and prizes were awarded to chemical engineering students at NJIT. Students received awards ranging from \$1,000 scholarships to \$200 merit

awards. The awards, given in recognition of scholastic excellence and/or financial need, were donated by major corporations.

Joseph Porcello of Belleville, a senior ornamental horticulture major at Delaware Valley College, was recently honored at the College's Founders' Day Convocation.

He received the Bedding Plants, Inc. Merit Scholarship. Scholarship awards are based on a student's high academic achievement in major fields of study as well as overall contributions to the college.

Q Dear Umberto,

My hair has usually been dry, but it seems that since I became pregnant it has become oily. Does pregnancy give you oily hair and if so, why?
A Pregnant Reader

A Dear Pregnant Reader,
Yes, pregnancy can make your hair oily. I am not a doctor but I believe that your glands are functioning at a different pace, which in turn may be making your hair oily. Don't worry after your pregnancy, everything should return to normal.

HEALTH WISE

Nature is a great healer. Many ailments respond to the restorative power of nature without external help. Many, but not all. Some ailments resist all efforts to cure; time and medications are of no avail.

In such cases, chiropractic offers a new approach. Chiropractic locates and corrects spinal misalignments that impinge on the nerves and prevent the flow of nerve energy. When thus assisted by chiropractic adjustment, nature can indeed perform its function and restore good health.

Give chiropractic a chance. Phone now for your appointment.

Treatment of phobias requires varied attack

By Paul Weber, M.D.

The Carrier Foundation

A great deal has been written lately about the successful treatment of phobias - the disorder in which a person develops a baseless dread of situations such as elevators, heights, supermarkets, trains, buses, driving on an expressway etc. or of some animal or insect.

To some extent, the tendency has been to paint an overoptimistic picture with accounts of easy cures. The fact is that while treatment often brings about quick and lasting recovery, there are cases where there is not much change, or where the fears return after an initial improvement.

Study of many of these cases has led us to the conclusion that treatment failures are often due to the fact that only one of several available treatment methods was used - medication or psychotherapy or "exposure therapy." (Exposure therapy consists of bringing the patient, step by step, back into the dreaded place or places he or she has been avoiding.) It is our

opinion, at the Carrier Foundation, that a combination of methods needs to be considered, suited to each individual case.

For instance, a patient might come to us suffering from panic attacks, a condition which occurs in many but not in all cases of agoraphobia. A panic attack is an overwhelming surge of terror, coming "out of nowhere," accompanied by frightening physical symptoms - palpitations, hot flashes, faintness and dizziness, trembling, choking and suffocating sensations. The experience is so terrifying that the person thinks he is having a heart attack, or that he is going to lose control and "do something crazy" or that he is going out of his mind.

In cases where the panic attacks are a major problem, we would initiate treatment with medications we call "panic blockers" to control that symptom. We might need to continue this for quite a while, but, then, we would simultaneously initiate exposure therapy and psychotherapy. The reason for psychotherapy is that the panic attacks and the phobia are generally related to some underlying emotional problem which must be dealt with.

To illustrate: a young man started having panic attacks in his last year in college, the attacks occurring in class and in social situations. Although he was able to graduate and assume responsible positions, he was always under a terrible strain. Not knowing when or where he was going to have another panic attack, he would deliberately stay away from situations where he was likely to encounter people in groups, thus becoming an isolate socially and a "loner" at his work. Even this self-enforced isolation did not end anxiety and he took to alcohol which eventually cost him his job and resulted in his having to be hospitalized.

After treating this young man with "panic blocker" medication, we placed him in individual and group psychotherapy. In individual therapy, we learned that this man came from a closed-in family where he had not been allowed to have much contact with people on the out-

Kathleen Kelleher leaving Tuesday for U.S. Air Force

Kathleen Kelleher, daughter of Mr. and Mrs. Mort Kelleher of Belleville, will leave for Texas April 30 to serve in the United States Air Force.

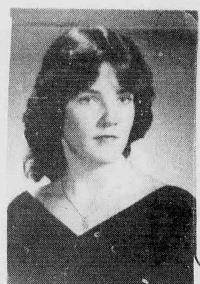

A 1984 graduate of Belleville High School, she worked until recently as a teller at First DeWitt Savings and Loan Association.

While a student, Kelleher belongs to the color guard and track and volleyball teams. She has taught in St. Peter's Church school of religion for several years, belonged to the Friendly Visitors of Belleville, the Holy Family Youth Group in Nutley and has been an active Girl Scout since 1972, also serving as assistant Brownie leader at Scout 5.

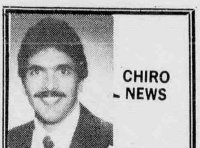

Kelleher was the first Girl Scout in Belleville to receive the Gold and Silver Awards in scouting. The Gold Award is the highest award given in Girl Scouting and is equal to the Eagle Award in Boy Scouting.

side. He grew up shy, timid, fearful. When it came time for him to leave his family and go out on his own, his panic attacks began. His timidity and shyness were a central factor in his problem and he needed help in overcoming them. In group therapy, this patient was encouraged to express himself without fear of "looking silly" or of being rejected. Exposure therapy brought him back into social and group situations, the kind he had avoided since adolescence.

In cases where panic attacks are not a problem - and these might be cases of agoraphobia or more simple cases such as driving phobia or phobia for heights or for airplanes - we would not need to resort to panic blockers.

CHIROPRACTIC NEWS

Are You Pregnant & Hurting?

You are pregnant and your back is killing you. You go to the doctor and he says, "I'm sorry, it is too dangerous to give you any strong pain pills as it will affect the baby." Any medication is dangerous during pregnancy. Even caffeine and smoking must be avoided along with a strict diet void of processed artificial foods and sugar products if you want to count on having a healthy baby. So the doctor prescribes heat, or exercises and tells you to just bear it out until the baby comes.

Every year thousands of pregnant women suffer needlessly not realizing there is a method of treatment without side effects that can keep them feeling great. Pregnancy is a natural condition, but there is no need to believe that backaches, headaches, hip and leg pains are all normal inconveniences which you must bear. Chiropractic can alleviate most if not all of these symptoms. Chiropractors are thoroughly trained to understand the mechanical and physical aspects of what is causing pain and discomfort during pregnancy. Chiropractic is very safe as Chiropractors are trained to alter their treatment to each patient's condition.

Elected Officers - The women's auxiliary of the Italian Fiorente Club recently elected its officers for 1985. They are as follows: Ann Evers (l-r), sergeant-at-arms; Maria Cervasio, treasurer; Viola Narucki, president; Dolores Vitiello, vice president; and Ida Vangieri, secretary.

Belleville Chapter AARP will elect new slate of officers at May meeting

The Belleville Chapter 2051 American Association of Retired Persons will meet Thursday, May 2, 1 p.m. at Fewsmith Church, 444 Union Ave. There will be an election of officers for the coming year.

The next official board meeting will be Friday, May 10.

Hostesses will be Dorothy Behan and Leah Swanlian.

Little Zion celebrates 99 years

Little Zion UAME Church, 154 Stephen St., will celebrate its 99th anniversary Sunday, April 28.

Special services will be held at 11 a.m. and at 3:30 p.m. The Right Rev. Earl L. Huff, Bishop of the Second Episcopal District of the Union American Methodist Episcopal Church, will be the guest speaker at the 3:30 p.m. service.

The Rev. John Jordan is pastor of Little Zion.

'Living With Cancer' series offered May 1 to 22 at Mountainside Hospital

The Mountainside Hospital will sponsor a series of four weekly programs entitled "Living With Cancer," 7 to 9 p.m., May 1 through May 22 in the Hospital Conference Room. The programs are free of charge and open to all cancer patients, their families and interested others. They will focus on cancer as a

chronic disease and offer ideas and information about coping with cancer and its impact on the day-to-day lives of patients, their families and friends.

Robert Zager, M.D., medical oncologist, will discuss advances in the diagnosis and treatment of cancer May 1.

A panel discussion May 8 will

focus on handling side effects of treatment, the nutritional aspects of cancer treatment and practical social issues, such as insurance reimbursement and planning home care.

The last two evenings are designed to promote positive communication and health planning for the future and will feature discussions by cancer patients and families and experts in the area of communication and family interaction. The Mental Health Players of New Jersey will also present brief skits concerning these issues.

While pre-registration is not strictly required, it would be helpful in terms of program planning. To register or for further information, contact Florence McAlvanah, R.N., M.S.N., oncology coordinator (429.6128) or Ilene Runo, M.S.W., A.C.S.W., oncology social worker (429.6140).

HIGH NOON AT THE FEED BAG

By Lisa A. Grimaldi

When you step into the Feedbag Restaurant, you might think you are on the set of a western movie. The old west atmosphere is inspired by the wooden planks on the walls and booths, the posters of John Wayne, Gene Autry, and Roy Rogers, and by the menu itself. Items on the menu have names such as "the Lone Ranger", "the Annie Oakley", and "the Jesse and Frank James", all reminiscent of the wild west.

The featured menu item is "The Feedbag" (that's right- same name as the place). For all those who are wondering, a feedbag sandwich is just what the ads say it is: a closed sandwich with the bread freshly baked around a choice of fillings with cheese, tomato sauce, onions, and peppers. There are 23 different feedbags on the menu. The one I sampled was the "Ella Watson" which is filled with mushrooms and eggplant. The combination of ingredients was delicious. The sandwich was stuffed full of vegetables and was baked fresh to order. One word of advice: Go with a big appetite! Feedbags come in two sizes- big and huge and neither is an exaggeration.

The menu offers options for those who prefer traditional fare: burgers, pizza, salads, and regular hot and cold sandwiches, as well as daily blackboard specials. My dining companion tried the special salad, which was loaded with cheese, ham, pepperoni, and fresh vegetables, and served in a generous bowl.

A side order of breaded zucchini rounds was a nice accompaniment to our meal. They were complemented by a pungent horseradish sauce.

The same menu is available for lunch, dinner and late-night snacks. All orders can be taken out. The atmosphere is casual and prices are very reasonable.

There are specially themed nights every week, and live entertainment on Thursday and Friday evenings. The front part of the restaurant has a bar and the owners plan to open a patio with tables in the back.

The Feedbag is located at 36 Broad Street in downtown Bloomfield. Hours of the establishment are 11 a.m. until 2 a.m. Monday through Saturday. The phone number is 743-7208.

Middle school librarian introduces books through descriptive narratives

Some people may think a library is a place you go to only to borrow books. You can still borrow books from the library, but there are other activities that take place in the Belleville Middle School Library.

Mrs. Sandra Lowy, middle school librarian, presents many programs to the students. Book talks introduce new books and old favorites. Books may be presented through a particular theme, such as family stories, or school stories, or by a specific type of book.

Lowy's favorite type of book is a horror story. When presenting this type of literature, she stresses to students the difference between fantasy and science fiction.

Over 500 new books were processed this year for the library. Among the new titles are "Don't Worry, You're Normal," a teenager's guide to self help; "The CIA," a history of intelligence in the United States; "The Creative Kids' Guide to Home Computers," which introduces games and projects to do with a home computer; "Cheerleading and Baton Twirling," which demonstrates hand positions, arm movements, poses and salutes for prospective cheerleaders; and Finding

Your Roots," a guide to tracing one's ancestors.

In addition to processing and presenting new books, Lowy instructs students how to research a subject, whether the assignment is a biography of a life scientist or a discussion of everyday life in colonial times. She stresses that research should come from a variety of sources, including primary book

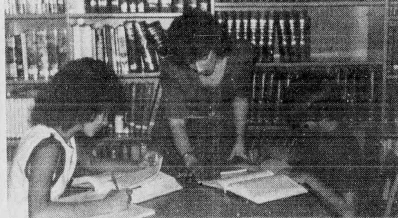

sources, handbooks, such as an almanac, and indexes.

Future plans for the library include computerizing the card catalog. This will provide quicker and more efficient access to the library's 10,000 books, Lowy said. A student or teacher will be able to find the location of any book within seconds by searching the computer through any number of subject headings.

A typical query, such as listing available books about nuclear energy published within the last three years, necessitates hours of work, she said.

To help students check books in and out of the library, to process magazines, and to shelve books, Lowy has several student assistants. They are: Lauren Brown, Mickey Ann Bufone, Chris Cantarella, Maria Capaccio, Karen Cullinane, Beth Demgard, Diane Di Vincenzo, Maria Gunnello, Michelle Naso, Kerry Spatcher and Dina Tamburri.

The library is open every period of the day and is also open before and after school.

More than Just a Librarian - Belleville Middle School Librarian Sandra Lowy offers her help to Nicole Aiello, left, and Scott Simonetti, both eighth graders. Lowy has introduced many new activities to the students including book talks in which she describes stories through descriptive narratives.

Palumbo pitches Bucs victories

By Cliff O'Shea

The Belleville baseball team upped its record to 6-1-2 by going 3-1 last week.

In the Bucs First game, they traveled to Teaneck only to come away winners 10-2. Mark Palumbo pitched a four hitter and went all the way to earn his first victory of the year. Jim Caponi led the Bucs at the plate hitting 2 for 5, with three RBI's, including a double and a sixth inning home run. Other noted hitters were: Joe Mullaney hitting a two run single in the seventh. Dave Long going 1 for 2 with two RBI's, Dean Sternik 3 for 4, one RBI. Steve Mulhearn 2 for 4 and an RBI and alan Ruopp hitting 3 for 5. The Bucs had a total of 14 hits as Teaneck was limited to just four.

It was really a 42 hallgame until Belleville blasted out six unanswered runs in the top of the seventh to insure Palumbo with the victory.

The next day the Bucs hosted a tough St. Joe's team which came into the game with a 5-1 record. Belleville just held on to beat out St. Joe's, 3-2.

Once again the Belleville pitchers held their opposition to just four hits. On the mound alan Ruopp gained his second victory with no losses. In fact, he had a two-hitter going into the seventh inning. Ruopp struck out three and allowed two earned runs.

"This was a great game with the weather so warm, especially for the pitchers," said coach Ralph La Conte. "It was also a fine defensive game for both teams which people like to see."

Belleville was also limited to just four hits to score three early runs.

In the first inning Belleville scored first on Dave Long's two run double. He scored Ruopp who singled and Joe Mullaney who got on base by walking.

In the second inning, Ruopp scored again, this time on a wild pitch. Belleville held on to win, even though St. Joe's scored two runs in the top of the seventh to give the Bucs a serious scare.

The game ball had to go to Long as he had a fine afternoon both offensively and defensively. "Dave made some fine catches out in centerfield, he's a complete ball player," said La Conte.

At this point in the schedule, the Bucs were now the winners of five straight.

On a rainy afternoon, the Bucs traveled to Paramus Catholic last Friday. The game ended in a 4-4 tie, as Paramus Catholic scored three runs in the

bottom of the seventh to tie the game before it was called of darkness.

"They were a well disciplined team," said La Conte. "Both teams had good pitching and solid defenses."

The Bucs went up 2-1 in the third as Long singled home Ruopp for the lead.

In the last inning, Belleville scored two runs on Sonny Zamboot's two out single.

With two outs in the bottom of that inning, and a three run lead, Tom Reid let three straight batters with two strikes on them get base hits as Paramus Catholic scored the runs needed for the tie. Meanwhile, the Bucs were holding on for dear-life. The Bucs did manage to hold on for the tie. "I'm sure it would have been a better game if the weather conditions were better," said La Conte. "Several base runners slipped and a couple of players lost their grip a few times."

The last game of the week was against Hackensack. The Comets were sure in for a beating and Mark Palumbo fired a one hitter to lead the Bucs.

Palumbo struck out eight batters and walked only two. The lone hit for Hackensack came in the sixth inning on an infield bunt with two out.

Steve Mulhearn got the game winning hit as he doubled home John Aueriemma who also hit a double to get on base.

In the sixth, the Bucs got on the scoreboard again with three runs on just two hits. This was capped by Mulhearn's two run homer to left field, he had three RBI's on the day.

The Bucs haven't lost since their disappointing 0-1-1 start, this has to be due to the clutch hitting and the fine pitching by the Bucs fireballers. "I have so much confidence in my pitching staff," said a proud head coach.

"I have the best four-man starting rotation in the county and it's a luxury that many teams don't have."

The Bucs take on cross town rival Bloomfield on April 24 to start league play. Coach La Conte feels that for the rest of the season, most teams will throw their best hurlers at the Bucs squad. "I got a feeling teams will be gunning for us."

BUC NOTES: Ruopp is the teams leading hitter, batting well over .500. In addition, he is the teams lead off batter and has gotten on base at least 75 percent of the time either by hits, walks or what ever it takes for this determined athlete to get on base.

BROOKS — The Lady Bucs Donna Brooks played with an injury Monday against Hackensack but it did not stop her from scoring the winning run in a 4-3 Belleville victory.

Fulda fuels Lady Bucs with no-hitter; lead Essex County

Last Monday, the Lady Bucs hosted Teaneck in a fierce match up. Belleville came out on top, 9-1, behind the strong pitching performance by Karen Fulda. She pitched a no-hitter in that game as the Lady Bucs totally dominated at the plate. In the first inning, Fulda gave up a walk and as a result of two infield ground-outs, the runner from first was able to score giving Teaneck their lone run. For the rest of the game Fulda was perfect.

Friday and Saturday's game was cancelled due to bad weather.

This past Monday, the Lady Bucs hosted a tough Hackensack team. Belleville just edged by the Lady Comets 4-3, in a very exciting game. "This was a classic game with both teams battling it out to win," said Carl Corino. "It was a great win for us."

Belleville was down by a score of 0-2 early in the game but came back to tie the game later on 3-3.

In the bottom of the seventh, Donna Brooks, who was playing the game with a pulled thigh muscle, singled to lead off the inning. With her injury she was not able to steal any bases so coach Corino elected to sacrifice her over to second with a bunt by Cheri Tillman.

With two outs Sue Schuster hit the ball hard up the middle as the Hackensack second baseman made a great back-hand save. When she threw the ball to first base, Schuster had already beaten out the throw as Brooks by now scored from second to get the winning run.

"I couldn't be happier with the win," said Corino. "The girls played with a lot of determination and they have sacrificed a lot to come this far."

One note to mention, Debbie Paterno came in to relieve Fulda in the seventh inning with no outs and runners on second and third to get three Hackensack girls to fly out to the outfield. Paterno got the win to raise her record to 4-0.

Murray Gaby, formerly of Newark, now of Coral Gables, Fla., has signed a promotional contract with Don King. King will arrange future fights for Gaby's young heavyweight, Jose "Nino" Ribalta. Ribalta is a native of Cuba, now residing in Miami. He had been training at Lou Costello's gym in Paterson under the guidance of Tommy Parks, his trainer. He has a solid left jab that he follows with a pile-driving right.

Pinkon Thomas, the WBC heavyweight ruler, was born Feb. 10, 1958 in Pontiac, Mich. Th. has migrated to Seattle, Wash., where he started his pro career Aug. 29, 1978. He got the idea to move east to better his future. Thomas anchored in Philadelphia. His theory proved correct as he received recognition and eventually to the top run of his craft.

National Broadcasting Company (NBC-TV) has four major fights lined up for televiewing during the month of May. They are as follows: May 12 in London, Eusebio Pedraza vs. Barry McGuigan; May 19 in San Juan, Rocky Lockridge vs. Wilfredo Gomez; May 25 in Monte Carlo, Gene Hatcher vs. Ubaldo Sacco; and May 26 in Chicago, Lee Roy Murph vs. Dwight Muhammad Qawi.

NBC-TV had the Marvis Frazier-Jimmy Clark encounter set for April 28 in Scranton, Pa., until Clark got blown out by unknown Reggie Gross at Scranton's CYC on March 8.

Thomas Hearn of Detroit was supposedly scheduled to defend his WBC junior middleweight title against John "The Beast" Mugabi, Ugandan, now out of Tampa, Fla., in January. The bout never happened. Bob Arum lined up a Marvin Hagler-Hearn punch-out that could mean \$2-\$4 million more than a Hearn-Mugabi slugfest. Mugabi is a power-puncher and is he tagged Hearn for a KO. Arum, Hagler and Hearn would have lost a bundle.

WBA welterweight champ Donald Curry of Fort Worth, Texas, was awarded a controversial TKO at 40 seconds of the second round over James "Hard Rock" Green of Irvington, in Dallas. Curry, fighting as a junior middleweight, sent Green against the ropes with left jabs. Green covered his face and complained he couldn't see. Referee Dick Cole stopped the fight without giving Green an eight-count. Neither fighter thought the bout should have been stopped. Promoter Bob Arum said, "He's a good referee and he's done good work but it was a deplorable lack of judgment."

HBO Cable management okayed a Pinkon Thomas-Mike Weaver title fight for Thomas' WBC heavyweight crown set for June 14. The network's decision came after Thomas submitted to eye examinations to prove he has no eye problem.

Did you know the first televised boxing of any description was an exhibition bout between Archie Bell and Laurie Rakeri, staged at Broadcasting House, London, England, Aug. 12, 1933.

The newly formed International Boxing Hall of Fame (IBHF) had their Founders Night Cocktail and Dinner Party April 13 at Las Vegas' Riviera Hotel with George Burns and Bob Hope headlining the entertainment program. Former world heavyweight champions Joe Louis and Jack Dempsey have been selected to be the first inductees into the newly created IBHF. The opening of the facility is planned for July 1987.

Champion Livingston Bramble will not be stripped of his World Boxing Association title pending action of Nevada State Athletic Commission, WBA spokesman Murray Sleep said. The Nevada Commission claims to be investigating Bramble's use of a banned nasal spray before successfully defending his belt against Ray "Boom Boom" Mancini Feb. 16 in Las Vegas, Nev.

Dr. Max M. Novich, medical director of the National Boxing Safety Center of United Hospitals Medical Center, recently conducted a "Symposium On Boxing Safety" at the United Hospitals Orthopedic Center in Newark. Among the principal speakers were: Ray Arcel, world famous boxing trainer; Ferdie Pacheco, NBC fight doctor; Irv Abramson, founder and president of the National Boxing Association; Mort Sharnik, boxing analyst for CBS-TV; Larry Hazzard, professional boxing referee, and Col. Donald F. Hull, president of U.S.A./Amateur Boxing Federation. The keynote speaker was Irwin I. Kimmelman, New Jersey Attorney General.

Paul Gonzales, Jr., 1984 Olympic flyweight gold medalist, is negotiating to appear in a film production about "The Kid and the Cop," a movie about Gonzales' relationship with his trainer, Alfred (Al Stankie) Stankiewicz, who is a Los Angeles police officer.

When Thomas Hearn, the Detroit "Hit Man," broke camp from the beautiful Eden Roc Hotel in Miami, Fla., the lobby was returned to normalcy. The lobby, which was converted into a boxing arena, was where Hearn trained since March 14. Among the white pillars and plush furniture are a speed bag, heavy bag and jump rope platforms filled the lobby which has been restored.

Acting New Jersey State Athletic Commissioner Bob Lee has asked out Gov. Thomas Kean is expected to nominate a part-time control board, an advisory committee and a seven-member medical panel. Lee put in a request to be transferred to another state position.

Former world boxing champions George Foreman, Muhammad Ali, Sugar Ray Leonard and Michael Spinks attended a memorial for the late great heavyweight champion Jack Johnson in Galveston, Texas, April 2. Johnson, who fought from 1897 to 1928, had 112 bouts with 78 wins, 8 losses, 12 draws and 14 no decisions. Johnson won the title Feb. 3, 1903 and lost it April 5, 1914. He was elected to Boxing Hall of Fame in 1954.

DELIVERY — Debbie Patierno raised her pitching record to 4-0 with a relief victory over the Comets on Monday.

DENTALLY SPEAKING
By Drs. James D. Muglia and Paul N. De Maio

Mrs. Z. of Nutley asks, "Could chewing incorrectly cause my stomach to get upset?"

The first place of digestion Mrs. Z. is in the mouth. Mechanically the food is broken down to smaller pieces. If by chewing incorrectly it means that you are often swallowing large pieces of food then the burden is placed on the stomach. Nature intended our teeth to break the food down to small enough pieces so that the chemical action from our saliva & stomach secretion can further degrade the food on a molecular level. If you are having an upset stomach from too much acid being secreted by your stomach then quite possibly this could be related to your efficiency in chewing. I suggest you consult your physician or a gastro-internologist to make sure no medical problem exists.

Thank you for your inquiry

Dear New Jersey,

I'm writing to ask for your help.

As you may know, over a quarter of a million men and women from New York City served during the Vietnam War. 1,580 died. Many others were disabled. And more than one-fourth of those still living are under or unemployed today.

The New York Vietnam Veterans Memorial Commission is doing something about it. First, it is helping to create jobs and job training programs for our city's Vietnam veterans. And second, the Commission is erecting a "living memorial" in lower Manhattan to all New Yorkers who served.

This memorial will be a 16-foot high glass-brick wall etched with the words of their letters and the news they received from home.

I've included a few examples to show how well this memorial can help us all remember, and maybe even help us better understand, the sacrifices these men and women made on our behalf.

2 July 68
Dear Robert,
I certainly miss you, creepie.
Know what else I decided?
I'm going to make you the
godfather of my baby (in about
two years)... I want to tell you
it is people like you and your
men that have made it possible
for us Americans to celebrate our
Independence Day. And as I sit
here writing this to you my
brother, you are there helping
our country gain its in-
dependence. More people don't enter
the war, think it's senseless,
but I am very proud of you
and I always will be.
Love,
Donna Marie

Dear Mrs. Rooker,
What can I say to
fill the void, flowers and letters are
hardly enough. I move fast, always
sit around in a daze. All of us are
in this general condition. We are all
afraid to die and all we do is
count the days till we go home.
Some nights I don't sleep. I can't
stand being alone at night. I want
to hold my head between my hands
and run screaming away from here.
I'm hollow, Mrs. Rooker. I'm a shell
and when I'm scared I settle. I'm
no one to tell you about your
son Terry. I can't. I'm sorry
(over)

20 FEB 67
HELLO SON,
HOW ARE YOU FEELING TODAY?
WE RECEIVED YOUR "PURPLE HEART" MEMO.
I LOOKED AT IT WITH MIXED EMOTIONS. HAPPY
BECAUSE YOU ARE OUT OF VIETNAM; SAD BECAUSE
OF THE PRICE YOU HAD TO PAY TO GET AWAY
FROM THERE. LET ME SAY HERE AND NOW THAT I'M
EXTREMELY PROUD OF YOU, SON. NOT BECAUSE YOU
WERE AWARDED THE "HEART," BUT BECAUSE YOU
DID AN HONORABLE THING. I KNOW YOU WERE
BITTERLY AGAINST GOING INTO THE SERVICE AND
REJECTED OUR REASONS FOR BEING IN VIETNAM.
I ALSO KNEW OF YOUR FEELINGS ABOUT THE U.S.
AND ITS TREATMENT OF NEGROES. YET, IN SPITE
OF THESE CONDITIONS YOU DID EVERYTHING THAT WAS
ASKED OF YOU. I KNOW THAT YOU MADE A PRUDENT
AND HONORABLE DECISION. IT MAY NOT ENTER
AT ALL TO YOU, BUT YOU ARE GIVING HOME A HERO
TO US. NOT A WAR HERO BUT MORE SO BECAUSE
YOU MADE A MAN'S DECISION AND STUCK IT OUT.
YOU SHOULD FEEL PROUD OF YOURSELF.

Love, Mom + Pop

From FPL John H. Henson, 10 Airport Dr., of Marine City, Mich.
The best friend Terry Rooker, who is 40 years old.

From Mr. and Mrs. Kenneth Peoples Sr., Hobbs, New York

From a letter written by Robert O. Sandoz, 2200 1st St., 10012 Astoria, Ore.

No one can deny the personal courage of the people who served. Nor can we deny that recognition of their courage is long overdue.

So please help.

Clip out the attached coupon, fill it out, and send it—along with your contribution (no matter how small)—to us. For every dollar you contribute, Philip Morris USA will contribute a dollar, too—until we reach our goal of half a million dollars, together.

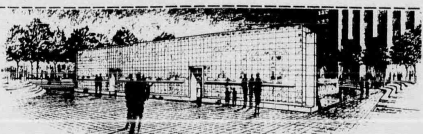

With your help, the 250,000 Vietnam veterans and their families who call our city their home may finally realize we're not about to ignore or forget what they did for us.

Thanks in advance,

Frank E. Resnik

SPRING HOME IMPROVEMENT

Surround With Efficient, Comfortable Hydronic Heat

Today's boiler designs, like this VHE gas unit from Weil-McLain, provide comfortable, efficient heat and take up very little space.

If your house is heated with a boiler that's more than 10 years old, updating your heating system with the latest in modern hydronic equipment could be a sound long-term investment. For the average homeowner, installing a high-efficiency boiler can translate into big savings on home fuel usage.

The VHE gas boiler from Weil-McLain, for example, uses advanced design technology to achieve its 87-percent efficiency rating. It has a built-in heat exchanger and blower fan, plus an automatic flue gas close-off that retains heat

that normally escapes up the chimney. The VHE boiler can be vented directly outside your home, just like a clothes dryer. No chimney is required. This feature, plus its compact size, means the boiler can be installed nearly anywhere.

Take advantage of the designs now available in home heating equipment. Consult a heating contractor to determine the exact cost and the savings that can result. Or, write for free VHE product literature from Weil-McLain, Dept. HIT, Blaine Street, Michigan City, Ind. 46360.

Spring Do-It-Yourself Projects

Tennyson expressed that in spring a person's fancy turns to thoughts of love. But he didn't mention that your thoughts may have turned to Do-It-Yourself projects around your family's home.

There is a real work, clean up, planting and building projects, to name a few. Or perhaps this spring is set aside for building a new deck or greenhouse in your backyard.

Some spring home improvement projects can be started inside while winter lingers or during the rainy season. Bird feeders and flower planters are easy to build, often come in kits and can add a new look to your spring yard. They are perfect examples of indoor projects appropriate for your Do-It-Yourself work area.

If you haven't cleaned out your workshop all winter, spring is an opportune time to get rid of the build-up of scraps and waste. It's also important to clean and condition tools regularly. For hand tools, a rust-inhibiting product should be applied to protect blades.

Once the weather has warmed, you may be tempted to get outside for family fun. In addition to the regular activities, turn ordinary work into an event. If you have smaller children, you might create a game out of picking up the yard, or challenge other family members by encouraging them to repair the doghouse and give it a fresh coat of paint. If play equipment, such as a swing or sandbox is installed, cleaned or repaired first, you should have little problem keeping youngsters out of the way so you can concentrate on larger undertakings.

New additions can help turn an ordinary yard into a modern garden. Build a deck off the back or the side of your house, for example. Or build a gazebo or greenhouse. It's often most helpful to start projects before cleaning the yard and doing repair work. You will save yourself from cleaning up twice.

Efficient Gas Water Heaters

The natural gas industry has developed high efficiency gas water heaters, according to the American Gas Association.

New gas water heaters have improved insulation around the tank, more efficient burner systems, refined flow baffles, and more efficient heat transfer.

Very little upkeep is necessary to extend the life and increase the efficiency of a gas water heater.

- The pilot area should be kept clean and free of drafts. Combustibles should not be stored in the area.
- The drain valve on the heater should be opened once every three months until the water runs clear. This rinses the unit of lime deposits and sediment which cause the natural gas burner to work harder, using more fuel and shortening the heaters life.

Some tips on how to use less hot water follow:

- Dishwashers should be fully loaded before using.
- Washing machine settings should be correctly selected, taking into consideration the correct cycle for the fabric, the correct water level, and the lowest water temperature.
- Pipes between the water heater and point of use should be insulated to reduce heat loss.

Gas Dryers Save Cash

New natural gas clothes dryers use less energy than older models and save consumers money, according to the American Gas Association (A.G.A.).

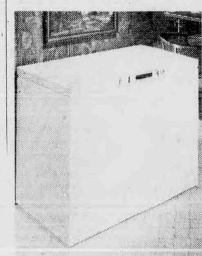

New gas clothes dryers light automatically without a continuously burning pilot light. They also cost less to operate than electric clothes dryers and last approximately 13 years with reasonable maintenance, the A.G.A. says.

Today's clothes dryers offer a variety of temperature controls. Some models have only one heat setting plus a no-heat selection. Others have three or four heat settings for specific fabrics.

Helpful consumer information on installation, use and care, safety, and service is also included.

Consumers should read warranties before buying. They should compare initial purchase prices and operating and maintenance costs over the lifetime of the equipment, the A.G.A. says.

Freezing Is Terrific Idea For Summer

Scrumptious fruits and vegetables are a delicious part of summer. With a Whirlpool freezer you can "stock up" on all of those seasonal delights, as well as pre-prepared meals and supermarket sale items. With a freezer, you can enjoy your favorite foods any time of the year.

Freezers are available in both upright and chest models, with size options to meet every storage need. Smaller-size freezers starting at 6.0 cu. ft. can store an ample variety of foods so that nutritious, complete meals are readily available anytime.

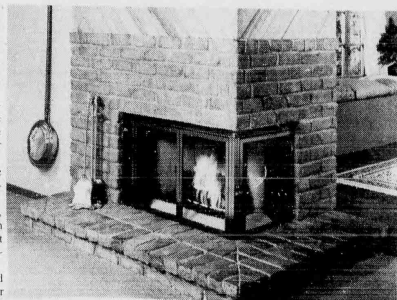

Inspect Your Fireplace and Chimney

During your spring clean-up activities, don't neglect your fireplace and chimney. The end of the heating season is a good time to check the condition of any woodburning appliances and chimneys that you use.

The Wood Heating Alliance, a non-profit organization that promotes the safe use of wood and coal energy, offers the following fireplace safety advice for homeowners.

- Inspect the roof in the area of the chimney and remove any obstructions or foreign material.
- Inspect the chimney top housing, remove any obstructions, and clean the bird guard screen. (If you don't have a screen, now is the time to install one.)
- Inspect the flue for obstructions and creosote build-up. Also look for damage to bricks or tile liners.

Adding a Fireplace Can Increase The Beauty and Value of Your Home

Lawn Gone?

Time to call Lawn King

All lawns need an annual program of lawn care and every program must contain both granular and spray. Some chemicals work better when applied in a granular form, and others, like weed controls and post emergent crab grass controls, work better in a liquid form. All lawns also require periodic aeration and seed, but only Lawn King gives all these via LAWN COMBINE & SPRAY — THE BETTER WAY! WE KNOW IT'S THE ONLY WAY!!

LAWN KING ANNUAL PROGRAM

1. Balanced Fertilization Broadleaf Weed Control Pre-emergent Crab Grass Control	2. Balanced Fertilization Broadleaf Weed Control Chinch Bug Control Sod Webworm Control	3. Balanced Fertilization Broadleaf Weed Control Micro-Nutrients Chinch Bug Control Sod Webworm Control	4. Power Aeration Power Rolling Balanced Fertilization Broadleaf Weed Control Post Emergent Crab Grass Control Seed (1 lb/1000) Lime	5. Fertilization Weed Control Lime
--	--	---	---	--

We are chemical applicators, not miracle workers. We know what your lawn needs and when it needs it. What you see in the program, is what you get. Top quality chemicals and seed — only the best that's all we use. There's no such thing as specially formulated for drought.

Aeration, seed and lime are part of our program. Fungus controls and grub controls have always been part of our program — not options at extra cost when you need them. By the time you know you need them it's too late anyway.

Someone will call to discuss the lawn with you. There's a one time charge if you need any extras like a preparatory service, extra seed or additional time. We'll tell you what you need. We may not be the cheapest lawn service around but we are the only ones who give you lawn everything it needs at a price you can afford to pay. You can figure your costs from the chart below. No contracts to sign, no guarantees, no promises, and no nonsense. Pay from service to service or prepay for the year and we'll give you a 5% discount too!

If you compare our program and prices with any other company you'll find that either they are charging too much, or we are not charging enough! Look at it real close and you may even arrive at the conclusion that not only is it better to do business with us — it's cheaper too!
