## Voter registration is conducted

The last day to register to vote for the primary election is Monday, May 6.

Town Hall will be open from 8:30 a.m.-9 p.m. Thursday and Friday, May 2 and 3, as well as Monday, May 6. You must be 18 years of age by June 4, 1985 and a Belleville resident to register to vote.

## Water restrictions still in effect

Water restrictions are still in effect in Belleville and 93 municipalities in the state.

Gov. Thomas Kean declared a drought emergency last week in a six-county area. The communities affected by the drought emergency are in Bergen, Essex, Hudson, Morris, Passaic and Union counties.

Water restrictions include a ban on washing vehicles, watering lawns and serving of water by restaurants unless requested by customers.

The Department of Public Works has also been affected by the drought emergency. Commissioner Joseph Grande has received a state order banning the use of water for street cleaning.

Grande said that the sweeping of streets will be put on hold until further notice.

Police Chief George Lister added that alternate side of the street parking will be discontinued because of the ban on street cleaning.

He also said that two summonses were issued over the weekend to residents who were washing their vehicles. He added that police will be issuing summonses during their normal patrols and by following up complaint calls.

## Zoning board members recognized

The Belleville Board of Commissioners recently approved resolutions commending three zoning board members.

The members recognized were one-year member Andrew Renda, six-year member John DiStasi and two-year member Ralph Di Ruggiero.

Raffaella Saulino was recently nominated the board's new chairman. She replaces Joel Pisano who resigned from the post.

## Matters in Brief

### Chemical firm burns on West Coast

The Research Organic and Inorganic Chemical Co. in Sun Valley, Calif., caught fire April 13 sending 52 firefighters to the hospital for treatment.

The chemical distributing plant, sister firm of the Belleville-based Research Organic-Inorganic Chemical Co. owned by Marianne Prattner, was destroyed. The bulk of the chemicals stored in the plant were "class B flammable" acids and corrosives (similar to gasoline and paint removers), a California fire official said.

A cause of the fire has not yet been determined. Officials said the building was packed with various acids, cyanide compounds and a small quantity of radioactive uranium ore.

Environmental Protection Agency officials authorized up to \$100,000 from the federal agency's Superfund to clean up the warehouse. County health authorities said the action was necessary because Prattner could not afford the cost. It was also reported that she had no insurance.

(Editor's note: Information was provided by Tony Knight, reporter for the Los Angeles Daily News.)

### Commissioners award contracts

Belleville Board of Commissioners awarded two contracts last week for a building renovation and road work. A \$46,750 contract was awarded to Dan-Za Corp. of Newark for the exterior renovation of the Friendly House on Frederick Street. The work will include replacement of the building's brick facade.

A contract, not to exceed \$243,950, was awarded to Granada Construction of Newark for road construction of Brighton Avenue. The company will install sanitary and storm sewers, new curbing and repave the street in various areas from Harrison Street to Newark Avenue.

### Kiwanians host card party May 16

The Kiwanis Club of Belleville will host its annual card party Thursday, May 16, at the Amvets Hall, 100 Newark Ave.

Tickets, priced at \$6, include a roast beef dinner and coffee and cake.

For tickets, call Seymour Grossman, general chairman, at 759-4467 or John Iannuzzi, club president, at 751-9596.

## Commissioners discuss blight proposal

By Michelle Jeannotte

Most townspeople, with the exception of the board of commissioners, have aired their views about a blight proposal for Washington Avenue. At last week's meeting, however, the board of commissioners expressed its uncertainty and concern about the issue.

Joseph Doyle, planning board chairman, and Emil Nardachone, redevelopment agency chairman, appeared before the board to answer questions concerning funding, overall cost of the project, relocation workload, time frame and alternate proposals.

Nardachone said that funding for the blight proposal can be provided through Urban Development Action Grants (UDAGs), county monies and bond referendums (township monies). He added that the purpose of UDAGs is the creation of jobs and that they are community loans to developers. All interest earned from these loans would be fed back into the township, he said.

The use of market studies, which determine the feasibility

of what is planned, would also give more details about funding sources, Doyle added.

The main issue of the blight proposal is the aspect of funding, Nardachone said. However, he added that the entire cost of the project cannot be determined until blight is declared.

At the time blight is declared, a fair market property value is determined, he said.

Once blight is declared, the redevelopment agency can begin to plan a relocation program for those displaced. Nardachone said that the BRA plans to establish a relocation office which would offer assistance to those who have to relocate.

"It will then be the obligation of the planning board to detail a redevelopment plan of exactly what the community wants, such as the types of buildings and parking requirements," Nardachone said. "It will also be the responsibility of the BRA to assist in the planning board with recommendations."

Nardachone said that once blight is declared, the entire process would not take up as much time as the issue itself.

He added that the purpose of the BRA is to expedite the redevelopment process - a process that in the end would create a one-stop concept in town.

"Belleville is five minutes from the county courthouse," Nardachone said. "The migration of professionals from Newark is growing. Belleville could provide moderate income housing, office buildings and a walking mall concept."

However, one of the concerns expressed by Mayor Michael Marotti and the commissioners was that there is no guarantee developers would be interested in building in Belleville once blight is declared.

"If the township is so great, what's keeping the developers back now?" Marotti said. "What guarantee is there?"

Nardachone said that the inability to move quickly has been the reason developers have stayed away.

"I haven't heard of a developer yet who want to come here," Commissioner Joseph McGreevy said. "When is it going to come to reality?"

Planning Board Chairman Joseph Doyle said he has heard of no genuine interest from developers. He did add, however, that there has been evidence that Belleville is a viable and developing community.

"Banks have come here," he said. "And they only go where they can make a profit."

Nardachone said the reason for a blight proposal is to enable the redevelopment agency to package land for developers. He said that there are alternatives to the blight proposal, but they do not guarantee packaged land. Developers do not want to come in when there might be one person who does not want to sell their property, he added.

"We have to propel a sale for the benefit of the entire community," he said. "And blight does this."

He also added that the blight declaration can be taken away by an act of the commissioners when they believe rehabilitation has been completed.

Commissioners are expected to respond to this issue at their May 14 meeting.

## Adubato kicks off re-election campaign

By Michelle Jeannotte

Assemblyman Stephen Adubato Jr. (D-30th) announced his candidacy for re-election before a large group of sup-

porters at the Belleville Senior Citizens Club in Belleville this past Sunday.

State and local officials, including Senator John Russo, Es-

sex County Democratic Chair Ray Durkin, Freeholder President Jerome Greco, Sheriff Thomas D'Alessio, Belleville commissioners Joseph Grande

and Ralph DiRuggiero and school board vice president Phil Linfante, were among the supporters.

"I'm starting this campaign on the run," Adubato said, referring to his running in the annual Cherry Blossom Run held at Branch Brook Park. "There is something more than being a public servant. You have to be a working public official. I plan to be that."

Adubato is optimistic about the campaign despite the competition he will be facing. His opposition includes former Assemblyman John Kelly of Nutley and Marion Crecco of Bloomfield.

"I don't think I've ever stopped campaigning," Adubato said in an interview with OBC-TV. "I will kick off my door to door campaign this week in Nutley first and then Belleville and Bloomfield. I believe these three are the key towns that will make a difference in this campaign."

## Cancer Awareness Week scheduled for May 15-22

Belleville will host its third annual Cancer Awareness Week starting May 15 through May 22.

The primary purpose of Cancer Awareness Week, sponsored by Cancer Awareness, Inc., is to make people aware of the progress against cancer. Today, people with cancer live happily, productive lives. Only a decade ago, prognosis for life was not good. A war against cancer is fought with preventive measures, early detection and modern science.

The people involved - organizers, town officials and local businessmen - are concerned with making people aware that research enables us to learn more about cancer.

Barry Dunleavy is president of the Belleville-based group. Fred Lardaro and Richard Sheridan are chairmen. All are Belleville residents.

Some of the township events planned for the week include a

dance, a benefit softball game and a seminar on cancer.

Cancer Awareness, Inc. will sponsor a dance Friday, May 17, at the VFW Hall in Belleville. Music will be provided by the Fun Police. Donations will be \$3 at the door. Refreshments will be provided.

The Z-100 "Flamethrowers" will come to town to play in a benefit softball game Sunday, May 19, at noon at Clearman Field, Union Avenue and Holmes Street.

The game, sponsored by the School 10 Home and School Association, will feature a radio all-star lineup that includes Ross Brittain, Jack "Da Wack," Hollywood Hamilton, Diane Prior and Captain Kevin Smith.

Z-shirts will be sold and there will prizes to raffle. Monies received from the game will be donated to the Community On-

## Public relations firm opened by award winning designer

Linda P. Giorella recently opened a firm in Belleville which specializes in public relations, marketing and advertising.

Prior to opening her firm, Giorella was the director of public relations at East Orange General Hospital. She was also the director of communications for the United Way of Hudson County and customer service representative for the Great A & P Tea Company.

Giorella, an award-winning writer and designer, holds a master of arts degree in corporate and political communication from Fairfield University and a bachelor of arts degree in journalism, business administration from Pace University.

Her professional affiliations include membership in the Public Relations Society of

Linda Giorella

America and the International Association for Business Communicators.

## Albert Chiappinelli promoted to general plant supervisor

Albert Chiappinelli of Belleville has been promoted to general plant supervisor at the Wallace & Tiernan Division of Pennwalt Corporation in Belleville.

Wallace & Tiernan is a world leader in the manufacture of equipment for metering and controlling gases, liquids and solids, as well as in the manufacture of instrumentation for water and pollution control systems.

Chiappinelli joined Wallace & Tiernan in 1951 and has since

been associate with tool making operations. In his new position he is responsible for the Tool Makers, Tool Grinding, Heat Treating and Tool Crib departments and the Experimental Model Shop.

He is an Army veteran and is active with the Veterans of Foreign Wars. Chiappinelli is married to the former Ethel Rogers and they have three children, Cheryl Ann, Jo Ann and Albert.

## Marotti breakfast May 19

The Friends of Michael V. Marotti will sponsor its Ninth Annual Breakfast Sunday, May 19, 10 a.m. at The Chandelier, 340 Franklin Ave.

Ernest Zoppa, chairperson of the breakfast, has announced the following guest speakers:

Sheriff Thomas J. D'Alessio, John V. Kelly, president of Nutley Savings, Mayor Harry W. Chenoweth of Nutley, and Joseph Cervasio.

Entertainment will be provided by comedian Sam Lombardi.

## Belleville Business Bureau

By Howard Halpern

Did you know that Washington Avenue has a unique music district similar to 48th Street in Manhattan?

Between 228 and 328 Washington Ave. there are four major music establishments. Each offer completely different sales and services in the professional and amateur music field.

Triple S Electronics, Muscara Music, C & J Music and Impact Audio are all members of the chamber of commerce.

If one were to take a stroll in the area, they would run into the giants of the music industry. Sam Adriano of Impact Audio, 322 Washington Ave. supplies professional sound systems to the top disc jockeys and rock and contemporary groups in the metropolitan area. "Many top promoters would rather come to Belleville than New York for their music needs because of its easy accessibility," Adriano said.

Impact Audio designs and builds speakers, some with 2000 watts, to exact customer specifications. Well known bands go to Impact to get equipped with entire sound systems. First U.S. tours by popular English groups have been outfitted by Impact. A recent sound system was supplied to the Engelbert Humperdinck concert at the Aspen Hotel. Impact Audio also rents entire D.J. systems on a nightly basis for any special occasion.

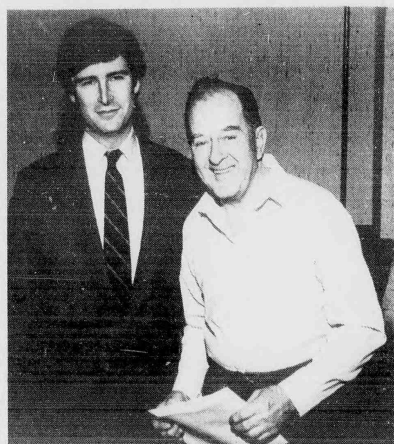

Edith and Walter Sawyer's son Ken has recently joined the chamber of commerce. Ken Sawyer owns Ewal Manufacturing Co. on 41 Montgomery St. Ewal, named after Edith and Walter has been operating in Belleville for two-and-a-half years.

Originally from Newark, Ewal manufactures valves and fittings for the computer and gas industry. Valves are used for silicon chips and semi-conductors in computers. Their anti-leak valves are used in toxic gas tanks for major gas companies nationwide.

Some of the companies using Ewal's products are Air Products, Union Carbide and Matheson Gas Products. Ken Sawyer's Company ranks as one of the most modern plants in the country. For the last six months they have incorporated robots to assist in the manufacturing of these products.

On a recent television interview, Dr. Vincent Giampapa, 5 Franklin Ave., spoke about restoring the face, eyes and other parts of the body for a more youthful appearance. Dr. Giampapa is a noted plastic and microscopic surgeon.

Medical research has led to the development of Collagen, a natural protein very similar to the protein in the skin. Collagen can minimize imperfections such as smile and frown lines, improve texture and restore normal facial contours. This process can be performed at Dr. Giampapa's office, quickly and easily. Using a delicate microsurgical technique, the doctor can also implant permanent eyeliner for the ladies.

"Employee of the Year" - County Executive Peter Shapiro, left, honored Frank Cotter of Belleville as one of Essex County's employees of the year. Cotter, a carpenter with the Division of Buildings and Grounds, was cited for saving \$5,000 by using previously used metal partitions in remodeling offices in the county courts buildings. He was presented with a \$150 savings bond.

## THE PILL AND HAIR LOSS

Birth control pills are among the most common cause of hair loss among women. The reason? Along with synthetic estrogens, many birth control pills contain synthetic progestins. Some of these have a male hormone-like effect that can accelerate an inherited tendency toward hair thinning. If you are on the pill and notice excessive hair thinning, check with your doctor about switching to a formulation that contains a different type of progestin. Hair loss can also occur two to three months after birth control pills have been stopped. This greater-than-average shedding will last from one to six months. Hair should then return to normal.

## Cancer Update

(This is the first in a series of a weekly column being sponsored by The Belleville Times in conjunction with the Essex County Unit of the American Cancer Society.)

The goal of the American Cancer Society is to distribute help and information on a timely basis and to bring awareness to programs available in this area. Two such programs are "About Living" and "Cancer Community Family."

"About Living," a support group for cancer patients and their families, meets Wednesdays at 10 a.m. "Cancer Community Family," a workshop for cancer patients, community residents and interested professionals, will be conducted Wednesday, May 8, 8:30 a.m.-12 p.m.

The American Cancer Society also conducts a residential crusade each year. This year more than 1200 crusaders in Belleville, Bloomfield and Nutley are involved in the annual educational program and fund raiser.

Belleville chairman is John Iannuzzi, president of the Kiwanis Club.

The volunteers are distributing pamphlets on colorectal cancer. Colorectal cancer has surpassed lung and breast cancer to become the most common form of cancer in New Jersey.

If detected early, it is among the most curable of the major cancers. When found and treated in an early, localized stage, the five-year survival rate is 87 percent for colon cancer and 78 percent for rectum cancer.

The American Cancer Society recommends these procedures as part of one's health checkup: digital rectal exam every year after age 40, stool blood test every year after age 50, and proctoscopic exam every three-five years after age 50, following two annual exams with negative results.

For more information, write the American Cancer Society, Essex County Unit, P.O. Box 610, East Orange, N.J. 07019 or call 678-1990.

## P.N. Mitchell is a finalist in bonus draw

Patrick N. Mitchell of Belleville will be a finalist in the New Jersey Lottery's "Pick-6 Lotto" Bonus Drawing at the Capitol Plaza Hotel in Trenton May 9. A top prize of \$1 million, payable over 20 years will be at stake.

Acting Lottery Executive Director Joseph A. Mule announced the 180 finalists for the drawing, which will begin at 12:15 p.m. in the First Floor Ballroom of the hotel. The finalists represent 20 New Jersey counties and Pennsylvania.

The finalists won their way into the drawing by matching, in exact order, the five-digit bonus numbers picked Thursday evenings as part of the televised drawings for the "Pick-6 Lotto" weekly game. Entered in the May 9 drawing as those winners whose claims were received by the lottery in Trenton by Feb. 25.

In addition to the top prize of \$1 million (\$500,000 a year for 20 years), the Trenton drawing will decide a second cash prize of \$50,000, one third prize of \$25,000, one fourth prize of \$10,000 and fifth through tenth prizes of \$2,500 each. The remaining finalists will receive \$250 consolation prizes.

## Optimist Club sponsors Bike-a-Thon May 19

The Optimist Club of Belleville will be sponsoring its annual Bike-a-thon for Cystic Fibrosis Sunday, May 19, 12-3 p.m. at Belleville High School. Rain date is Sunday, May 26, 12-3 p.m.

Cystic Fibrosis (CF) is a genetic disease that affects the lungs and digestive system of an individual. Through research, the foundation has increased the average life span of CF victims from 5 to 21 years.

The Bike-a-thon is open to boys and girls and men and women of all ages. Cystic Fibrosis Foundation will be

awarding prizes for riders who collect monies between \$30 - \$100. The Belleville Optimist Club will be awarding a grand prize of a 12-speed bike. An AM/FM mini-stereo cassette recorder will be awarded for those who turn in \$200 or more. Individuals who turn in \$125 or more will have a choice of a Cabbage Patch doll, a Koosas or a baseball glove.

Applications can be obtained in the schools, or by calling Lou Albanese at 748-2325 or Tad Razines at 751-0628.

## Carolyn Rizzolo earns two awards at St. Peter's

St. Peter's College has presented two awards to Carolyn Rizzolo of Belleville for academic excellence and participation in student activities.

Rizzolo recently became a member of Alpha Sigma Nu, the national Jesuit honor society, which honors students who have distinguished themselves in their studies and who have demonstrated their loyalty to Jesuit ideals on moral, religious, social and academic levels. Less than 4 percent of the school's

students qualify for membership in the society.

This past week Rizzolo

became a gold key holder in St. Peter's College's Order of the Cross Keys, which annually honors students who have actively participated in a number of extra-curricular activities and significantly improved the quality of student life on campus. She has been active as a guitarist for the school's liturgy group and as a contributor to the college's literary magazine.

Rizzolo, a junior majoring in Economics, is a graduate of Our Lady of Good Counsel High School in Newark. She is the daughter of Gene and Carol Rizzolo.

## National Pet Week

Across the nation, next week will be celebrated as "National Pet Week." There are many among us who would rather kick a dog than pet one. There are many among us who would run away from a cat rather than pet one.

You don't have to be single and alone to appreciate the friendship and comradeship of a dog. Man's best friend? Indeed — but also best friend to woman and child. For one to go through life without knowing and feeling the companionship of a dog, is to live life never to know that you have lived.

When the twilight of life arrives — as it must — if we are lucky enough to live that long — children will have made their own way in life — establishing an independence away from parents and family. And when our mate leaves this earth before we do, what mortal will be around to give us comfort and joy as we join others in the gray- ing of America? A daughter? A son? Another relative? A neighbor? A friend? Well — the stark truth is that each of the aforementioned has his or her own life to live, and while their hearts go out to us, it is the meaningful

presence of a living body in our surroundings that becomes significant.

And, by the way — one need not be an older person to appreciate the companionship of a pet. It can be said that nothing in life is more important than the loving, tender care of an offspring. Well — in the real world, a human being brings us joy but also, very often, we experience heartbreaks. Not so with a pet. If one has never had happiness in life, adopt a pet and you'll find heaven on earth. Only those who have enjoyed the experience know the feeling. By the way, when you're feeling blue — down and out — all you have to do is reach out your hand and stroke your pet and you will look down into eyes that will pick you up and make you realize life is worthwhile — that is the meaning that many of us associate with a pet.

## Joe Minish

On Friday, April 26, at the Town and Campus Restaurant, West Orange, former Congressman Joe Minish was honored by a group of friends for his service to his country and his former constituents.

Proceeds from the testimonial dinner will be donated to the Juvenile Diabetes Foundation.

For 22 years, Joe Minish has been a member of the Congress of the United States serving his country and his people with dedication, honor and ability. Throughout his public life, the first concern of Joe Minish was serving the needs of the 380,000 people he represented. He performed this tremendous task without compromising the interest of the country at large.

Joe Minish is a decent man. He served us well. Through a fluke in a reappointment map mandated by the 1980 Census, the new con-

gressional district took away from us and gave to Morris County the power to elect a congressman. Meanwhile, half of Belleville, Bloomfield and Nutley were realigned with Passaic County's Congressman Bob Roe.

As a result of the new congressional district map, Joe Minish lost his bid for reelection.

Despite this political loss, Joe Minish has not lost the many friends he made throughout his public life. Of the 435 members of Congress, there is none more compassionate, none more honest, none more able than Joseph Minish.

## Our Water Crisis

Governor Thomas Kean recently announced a drought crisis. There is a shortage of water. The drought of the 60's was one of the two worst droughts of the century. Would you believe that today we are worse off than we were during the severe drought of the 60's at the same time of the year. If we don't experience above average rainfall during the next two weeks, Phase Two of a four-phase drought process undoubtedly will be invoked by Governor Kean. And then, if during the month of May, we experience a normal rainfall, the possibility is that we will begin the month of June with a declaration by Governor Kean of a Third Phase drought process.

When it comes to the availability of water, we are living dangerously. Everybody should participate in the critical need to conserve our scarce water supply. A permanent answer to our recurring water shortages in north Jersey will not be available until the year 1987.

Future drought measures threaten jobs, homes, health and life sustaining services. We had better do our part now than face a future without water.

## BRDA should revitalize, not tear down avenue

To the editor:

Revitalize Washington Avenue? Sure, everyone would love that! So, in April of 1981, our town commissioners appointed a committee to do just that. Somehow, this committee evolved into the Belleville Redevelopment Agency (BRDA), an agency that could have the power to operate all over Belleville, not just Washington Avenue.

After three years, all the BRDA came up with was a proposal to "blight" a 56-acre parcel of our town, from Mill Street all the way to Joramemon Street, and without a redevelopment plan! Fortunately, our planning board pulled the reins on the BRDA and refused to blight such a large area, which in fact was not at all blighted.

Contrary to being a "blight zone," the avenue was in need of rejuvenation, which was already being done by private capital. As citizens we began to ask "Why blight?" We received vague answers, if any at all. We asked why hasn't the BRDA taken some positive steps toward revitalization in over three years? No answer.

But now, at the April 17 seminar sponsored by the Belleville Chamber of Commerce, Mr. Joseph Dasaro, a member of the BRDA, may have given us our answer. At this meeting, he stated that he had been holding talks with three or four developers. However, he refused to name them or even inform the taxpayers of what they wanted to develop.

Now we have more questions, Mr. Dasaro. Is "blight" the tool you need to

confiscate our property and businesses and turn it over to some developer? Are the people of Belleville supposed to give you "carte blanche" to fulfill someone's dreams? Are the people directly involved not allowed to know why their properties or businesses are being taken? What section of town will be your next target if "Mr. Developer" desires another certain piece of real estate? And why has the rhetoric of the BRDA painted such a negative picture of our town for the past four years?

In spite of this rhetoric, Washington Avenue continues to be revitalized by the private sector, with no help from you. The long list of major renovations I wrote about several months ago is getting longer. A new business will be opening soon on the corner of Washington Avenue and Rutgers Street. Right in the middle of the proposed blight zone, Safe-guard Industrial Equipment Co. has bought and is in the process of completely renovating the building, bringing to our town six more jobs. At this moment, plans are being drawn to build second floor additions on some of our existing buildings.

Let's go, BRDA! You were charged with revitalizing Washington Avenue, not tearing it down!

Hopefully, our commissioners will see through the smokescreen and put the BRDA on the right track, or derail the blight train altogether.

## Letters to the Editor

## Leffebines thanked for 'Jesus Christ' play

To the editor:

Congratulations to Mr. and Mrs. Robert Leffebine on the beautiful job those two talented people did on the Broadway production of "Jesus Christ Superstar."

I can't recall when (and I love watching plays) I was so moved by this religious play and how these young students of Belleville High School, who under their tutoring, seemed like professional actors and actresses. The enthusiasm of the audience was fantastic to say the very least. The thunderous applause was worthy of a Broadway hit.

A special thanks to Jancie Leffebine for her specific work in choreography and voice and the way

she transmitted this to these young lovely actors and actresses. I, for one and I'm sure many other parents involved with this production, showed their appreciation by the standing ovation you received when your stars introduced you on stage.

Mrs. Leffebine, I would like to say thank you very, very much and here's hoping that we see more of this in the near future. Also, I am very proud that Belleville has somebody as talented as you and your husband in our school system.

God speed to you and all your endeavors.

Mr. M.R. Coloursso

## Golden Comments

by James R. Golden

A reprehensible banking practice which New York State Attorney General Abrams put an end to, whereby several large banks were putting a "hold" on check deposits for several days before the depositor actually had access to his check deposited money was available to him... apparently creeping into the banking policies of some of this state's larger banking institutions.

An actual illustration is cited whereby a pension check dated March 28, 1985 drawn on one of the state's largest banks was received, endorsed and mailed to another large New York bank which had taken over a large New Jersey financially troubled savings and loan association March 29.

Up until April 6 no communication or correspondence from the now New York based bank's area office in New Jersey acknowledged receipt of the deposits, as was the policy in the past. The area office was called requesting confirmation of receipt of the deposit, a computer print out revealed the deposit was shown as received April 2 with a seven-day hold on the amount of deposit. Why the hold?

Let's analyze this repugnant practice which permits the banks to utilize your money for much as 14 to 15 days before it becomes into your posses-

sion.

The bank, upon which the check is drawn, holds its equity in the amount shown on your check until it is cleared (locally should be no longer than two days). In this case from March to April 2 (five days), the second bank receives the cleared check April 2 puts a seven-day hold on your endorsed check, free to use that money for the seven-day hold period before you can. It's an abhorrent practice which the State Banking Commissioner Mrs. Mary Parell, 36 W. State St. CN 040, Trenton, 08625 should start investigating and put an end to, if found improper.

The banking industry, once begging for depositors, now disdains handling scant funds and even charges a fee for small accounts while increasing costs for money orders and other courtesy services they offered to attract customers.

N.Y. Attorney General Abrams put the big shot money men in their place. Let's all write our state's banking commissioner to do the same. Little peep with small accounts are getting short shrift from the bankers of the big New Jersey banks, in much the same manner as did the people of New York State until the authority of the state was applied. Let's call for a halt to these "rip-offs."

## Question of The Week

By Stacy Wolf  
Question: Considering the present drought condition, how do you plan on conserving water?

"I just got a new car, and I wanted to wash it every week, but now I'll have to go to a car wash. This will cost me an extra \$6 a week. I also have a pool and I'm worried if we don't open it soon, they will prohibit pool filling."

Chris Costanza  
field service manager  
150 Mill St.

"Since my family drinks a lot of water, we're conserving by buying spring water to drink instead of tap. We're also going to conserve on bathroom usage. We're going to make sure our children use the bathroom together so that we can save water by avoiding excessive flushing."

David London  
Bench tech.  
18 Tech St.  
Belleville

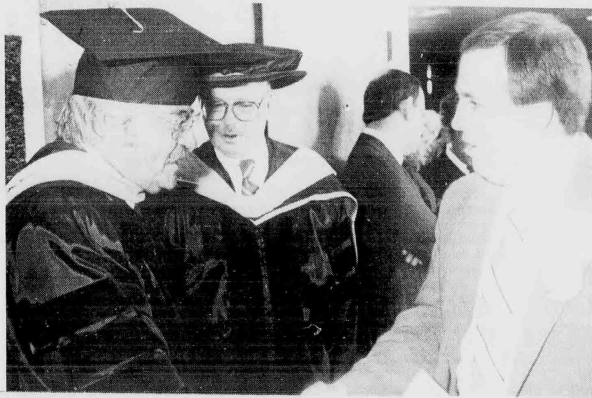

"I normally do landscaping on the weekend for extra money, but now that we can't freely use the water I won't be able to do any planting. I'm also not going to water the lawn."

Mark Delvalle  
Bench tech.  
18 Tech St.  
Belleville

"To conserve on water I'm going to cut back on the amount of times I wash my car. I also like to take a lot of showers when the weather gets warm, to cool off, but I guess I'm just going to stay uncomfortable."

Alumni meet - Dr. Joseph J. Mr. Caraturo is a manager with C.V.S., Wayne.

## Woman's Club installs slate, hears department reports

Members of the Woman's Club of Belleville met April 15 to install officers for the coming year. The clubhouse at 51 Rossmore Place has been refurbished and painted through the generosity of the Junior Woman's Club and the Evening Membership Department.

Mrs. Chancy Keeney was installed as president for two-year term. Other officers include Mrs. Harry Winfield 1st vice-president; Mrs. James Ferraro, 2nd vice-president; Mrs. Steven Kelemen, recording secretary; Mrs. Roy Cohen, assistant corresponding secretary; Mrs. Nelly Chiavini, treasurer;

Miss Ruth Hogan, Federation secretary and Mrs. John Simon and Mrs. William Baker, trustees.

Installing officer was Mrs. John Elekes, a member of both the Garfield and Clifton clubs and now special project chairman for "Save the Lady," the Statue of Liberty campaign.

Luncheon was planned and served by Mrs. Keeney and her committee. Mrs. John Simon presided over a short business meeting and the chairmen of various departments reported on activities and accomplishments of the past year.

# Junior Woman's Club awards poetry contest winners

First Place Winner - Tracey Doyle, a ninth grader, was awarded a first place trophy and certificate in a poetry contest sponsored by the Junior Woman's Club of Belleville. With Doyle are Junior Woman's Club member Debbie Bradley and Mayor Michael Marotti. Marotti was on hand to present the awards. A second place award was given to Michelle McAloon.

11th Grade Winners - Joan Altgelt (third left) was awarded a first place trophy and certificate for her poem "Caring" in the Junior Woman's Club Poetry Contest. Linda Pissott (second left) was awarded honorable mention. With them are Debbie Bradley and Mayor Michael Marotti.

## CARING

By Kim Juliano  
Grade 7

Little things you often do,  
show people that you care.  
Whether it be a thoughtful word,  
or something that you share.  
Caring is like a special light,  
that goes on always day and night,  
it makes our lives seem always bright.  
When someone isn't feeling just right,  
they may begin to cry.  
Sometimes all you have to do is,  
look them in the eye.  
It always tells them it's okay  
and never a word do you have to say.  
There's certain feelings that come from your heart,  
and caring is surely there from the start.  
So as you go on, as you live,  
remember you have a lot to give.  
Life holds a lot of things that sometimes we can't bear,  
But it does get better if we care.

## CARING

By Danielle Marcantuono  
Grade 8

I've often wondered about this word.  
It fills my mind with questions.  
Different meanings I have often heard.  
Here are some of my suggestions:  
A mother when a baby is born,  
A sculptor when a statue is formed,  
A father when his son has achieved.  
The smile on a child's face, when a gift is received.  
To me, to care is to share,  
To be honest and fair,  
To help the people in need,  
Like a flower needs help from a seed.  
To care is to love,  
The earth and sky above.  
All the things God thought so dear,  
Is really the true meaning of the word care.

## CARING

By Tracey Doyle  
Grade 9

Caring is to be daring,  
to step aside from the crowd,  
and to start sharing.  
Caring is an emotion stronger than concern,  
It's a friendly extension of love, which people shouldn't have  
to earn.  
Caring is lending someone a helping hand,  
Or to donate money, if possible, to the people of a starving  
land.  
Caring is giving someone a friendly smile,  
Or visiting a friend in the hospital for awhile.  
It's being generous of yourself to others,  
And treating all mankind as sisters and brothers.  
Caring is being a good listener for someone who's blue,  
Or being a friend for someone that's new.  
Caring is rescuing a kitten from a tree.  
That and so much more is what caring means to me.  
Tender loving care is something which we all need,  
And it's something we all must learn to give by putting aside  
our greed.  
So, all through your life try to have some compassion,  
After all, care is one good we should never have to ration.

Honorable Mentions - These three 10th graders received honorable mention certificates for their poems in the Junior Woman's Club Poetry Contest. They are: (l-r) Renee Zollo, Holly Stefanelli and Veronica Valvano. With them are Michele Monica and Mayor Michael Marotti. First and second place winners were Meru Ann Matthai and Kelly Waldron, respectively.

Second Place Winner - Susan Narciso (middle) was awarded a second place trophy and certificate in the Belleville Junior Woman's Poetry Contest. A first place award was given to Valerie Cardillo for her poem, "I'll Be There." Honorable mention was awarded to Debbie Sim. With Narciso are Michele Monica and Mayor Michael Marotti. - Photos by Michelle Jeannotte.

## CARING

By Meru Ann Matthai  
Grade 10

Caring seems so easy to define  
It fulfills such a simple need  
But this word extends all boundaries,  
Of every thought, every word, every deed.  
Caring should be boundless,  
Affecting no race or creed,  
It is no passing fad,  
But travels through the centuries.  
The far corners of the earth,  
And sectors of each community,  
Will have to share with one another,  
This ageless commodity.  
Caring can't be bought or sold,  
Or buried undersea,  
But it sparkles like a new found treasure  
in lands of uncertainty.  
The children are dying in Africa,  
From hunger and disease,  
Only the world's caring,  
Can make this epidemic cease.  
God's greatest gift to man, I think,  
Is the power to love and care,  
Without these attributes,  
There'd be chaos everywhere.  
So Lord, light that glow of endless care,  
In the minds and hearts of man,  
With thy unfailing love to share,  
In carrying out your plan.

## CARING

By Joan Altgelt  
Grade 11

Helping those that can not walk,  
an outstretched hand towards a child  
Using sign language to speak with the deaf.  
Guiding one who cannot see  
These gifts of love are apparent to me.  
Teaching the lost the long way home,  
And never needing again to roam.  
Repairing a torn teddybear's ear,  
Calming the young from nightmare's fear.  
Nursing the cold all night long  
Making the outcast feel they belong.  
These are the gifts a mother can give.  
A long distance phone call from a friend far away.  
The sight of a rainbow on a rainy day.  
The support of the audience while up on the stage.  
The calm, soothing words when you're caught in a  
rage.  
The endurance of excitement, once reaching fame  
and yet standing close by after falling again  
These are the traits of a very close friend.  
We all have the ability to care  
But it's priceless to know there is somebody there.

## I'LL BE THERE

If something happens to shed a tear  
Call me up, I'm always here.  
I'll try my best to be loving, caring and giving.  
So you will see it's not so bad and start over, winning.  
Lies and broken promises are told,  
when all else fails.  
Be truthful with yourself and others,  
for honesty prevails.  
People know how to criticize,  
even reprimand.  
All I know is how to listen  
and try to understand.  
I'll mend you back together,  
when you feel you're falling apart.  
Just give me time to find,  
the thread to patch your broken heart.  
Life is too short to dwell on mistakes  
that happened in the past.  
Keep the memories strong in mind,  
and they will always last.  
Problems do get solved,  
and it all works out in the end.  
As long as you have a special person,  
that you can call your best friend.  
When your life takes a turn for the worse  
and no one seems to care,  
Take a deep breath and turn around,  
Cause that's when  
"I'll Be There."

## Orechio-sponsored legislation signed into law by governor

Legislation sponsored by Senate President Carmen A. Orchio establishing a Division of Developmental Disabilities in the State Department of Human Services has been signed into law by Governor Thomas Kean.

Senator Orchio explained that the new division will incorporate the existing Division of Mental Retardation and will expand the population served by the division to include all developmentally disabled persons.

Previously, the State Division of Mental Retardation was authorized to provide services only to persons who are mentally retarded or autistic. However, many other developmentally disabled persons have similar functional service needs," said

preserve all the entitlements that the mentally retarded are granted under existing law. The new division will be given three years to develop plans and programs which will fully serve all developmentally disabled persons.

The new law will also upgrade definitions of mental retardation and developmental disability to conform with current law and present standards and usage. Senator Orchio

pointed out that of the approximately 88,000 developmentally disabled persons in the state the vast majority do not receive services from the Division of Mental Retardation.

"With this new division established, to replace the Division of Mental Retardation, many more individuals with various developmental disabilities will be able to apply and be eligible for services," stated the Senate President.

Nature is a great healer. Many ailments respond to the restorative power of nature without external help. Many, but not all. Some ailments resist all efforts to cure; time and medications are of no avail.

In such cases, chiropractic offers a new approach. Chiropractic locates and corrects spinal misalignments that impinge on the nerves and prevent the flow of nerve energy. When thus assisted by chiropractic adjustment, nature can indeed perform its function and restore good health.

A. Dear Pregnant Reader,  
Yes, pregnancy can make your hair oily. I am not a doctor but I believe that your glands are functioning at a different pace, which in turn may be making your hair oily. Don't worry, after your pregnancy, everything should return to normal.

## A Feast fit for an Emperor at MARK ANTHONY'S

By Lisa A. Grimaldi

A fine Italian Restaurant, that has delicious food, impeccable service, and prices very affordable has finally come to the area. Mark Anthony's, located at the corner of Mill Street and Union Avenue, Belleville, held its grand opening this past weekend. People may remember it as the old Danny's, but the ambiance and cuisine has given the place a completely different atmosphere.

The menu offers Italian specialties of veal, seafood, chicken, pasta, and beef. There is a nice selection of appetizers, and homemade soups, to begin your meal with.

My companion and I tried the hot appetizer for two. It contained several shrimp, mussels, clams, stuffed mushrooms, and two light, airy manicottis. It was deliciously seasoned with a red sauce, and the portions were generous.

My theory about Italian restaurants is that if their Italian bread is good, the rest of the meal should follow suit. Well, Mark Anthony's serves delicious, crusty loaves and, the adage held true once again; the rest of the meal was fabulous.

The Veal Florentine was exquisite. The veal was tender, thinly sliced, and served over a bed of spinach. The Shrimp Scampi was delicious; the shrimps were large and tender, and enhanced by the buttery garlic sauce. Both dishes were cooked to order by master chef Rich Zukowski and carefully supervised by owner Mark DiGiacomo. Both meals were served with just the right amount of linguini, that accompanied, not overpowered the entree. It was also served with a generous lettuce and tomato salad.

There is an extensive wine list to accompany meals, which features fine red, white, and rose wines. A variety of coffees were available after dinner, including espresso, cappuccino, and international coffees.

Mark Anthony's desserts are delightful. Italian specialties such as cheesecake, miniature pastries, tortoni, and spumoni, are specialties of the house.

The decor is simple, tasteful, and cozy. The restaurant can seat about 40 people, which is quite an advantage, because the waiters and waitresses can devote themselves to the customers. Our waiter was extremely affable and attentive, and owner Mark meets and greets all the patrons with his warm, friendly manner.

Mark Anthony's is located at 258 Mill Street, Belleville. The phone number is 759-2454. Hours are: Mon. - Sat. 11:30 a.m. to 2 a.m.; Sundays 1 p.m. to 9:30 p.m. We ate there for dinner, but there is a special luncheon menu, featuring full course businessman's specials.

## Lady Bucs: Super

Last week the Lady Bucs softball team raised their record to an impressive 11-1 mark. During that week Belleville swept all three games they played even though all three were cliffhangers that scared head coach Carl Corino.

The first game last week was against cross-town rival Bloomfield. The Lady Bucs came out on top 9-8 but managed to hang on as Bloomfield scored six of their eight runs in the last three innings.

"This was a key game for us to win," said Corino. "This was the first league game (NNJL Passaic-Essex) and it is important to get off to a good start."

Debbie Paterno had a fine game on the mound going the distance but she did have some control problems that resulted in many walks. Paterno only struck out one batter but showed a lot of poise on the mound.

"I thought Debbie did an outstanding job handling the pressure on the mound," said Corino. "Not too many girls would have held out and put on that kind of a performance."

In the fifth inning, Desiree Johansen led off the inning with a walk and was forced in by teammate Cheryl Marion. Later that inning, Sue Schuster tagged the ball for a single that scored Paterno and Donna Brooks. Paterno got on base with a single and Brooks walked.

Bloomfield did score five runs in the top of that inning on a few shaky calls from the umpires. Bloomfield only had two hits to produce those five runs thus showing the control problems Paterno faced. However, she showed her athletic ability under pressure to hang on for her fifth victory of the year as compared to no defeats.

Marion had a fine day at the plate going two-for-three, while her teammate Schuster went two-for-four, including three RBIs. The other RBI for Schuster came in the second inning as she singled to knock in Brooks.

One note that should be mentioned in that Belleville is the proud owner of a ten game winning streak over Bloomfield.

"This was a very exciting game for everyone to watch," explained a happy head coach. "The game came down to the last pitch which everyone likes to see."

Two days later on Friday, the Lady Bucs traveled to take on Paterson Eastside (1-10).

The Lady Bucs got off to a super start as they pounded Paterson Eastside for a 12-1 lead in just the first three innings. One could have closed the book at that point but someone forgot to tell Paterson Eastside. They came on to score 12 runs in the next three innings. Belleville did manage to score six more runs to outlast the opposition for a 14-12 victory. Karen Fulda was the Lady Buc starter and pitched four and a third innings to get her fifth victory of the year. Debbie Paterno came on in relief but continued to have control problems and had to leave after pitching one full inning. Desiree Johansen then came on in the top of the sixth to put on the finishing touches. Johansen is normally the team's shortstop and she had never pitched before

## Bucs pound Paterson Eastside Lose tough one to Bloomfield

By Cliff O'Shea

The Bucs baseball team split their two games last week, losing to Bloomfield 5-4 in ten innings and pounding Paterson Eastside, 11-2. Last Saturday's game against Caldwell has been re-scheduled for 1:30 p.m. May 4.

The Bucs lost a close game to Bloomfield last Wednesday in ten innings.

"This had to be the most exciting game so far this year in the county," explained Belleville's head coach Ralph LaConte. "The rivalry was rekindled after that game that was packed with so much emotion."

At the plate, John Aueriemma had an outstanding day going four-for-four including two triples and one double, including two RBIs.

Bloomfield jumped out to a 3-0 lead after two innings but the Bucs came back to score three of their own over the next three innings to tie the score at three apiece. The third run came at the hands of Steve Mulhearn as he singled to drive home Aueriemma in the fifth inning.

Allan Ruopp pitched nine and two thirds innings as he struckout eight batters to get his first loss of the year (2-1). Ruopp didn't let in a run from the third to the tenth to take the game away from the Bucs.

"There was some questionable officiating during the game. I feel that the players should decide the game and not the ump's," explained LaConte. "The home plate ump was very inconsistent for both teams and the base umpire had one call

that could have put our record at 8-1-1."

"I felt that the team came together just after the loss; it also matured the team," added LaConte. "It matured us so hopefully the team would bounce back."

Bounce back the Bucs baseball team did as they pounded out 13 hits to be a nasty host to Paterson Eastside last Friday.

Tom Reed took the mound for the Bucs and did an outstanding job, limiting the visiting team to just four hits. Reed chalked up his second victory without any losses, but with two ties. Reed also struck out ten batters and did not walk any, thus showing the fire power of the Buc pitching staff.

"The boys could have been down after the loss to Bloomfield but they responded well to show character," said LaConte. Dave Long had a strong game at the plate hitting three-for-four with three RBIs and two doubles. Teammate Allan Ruopp hit his first homer of the year, for his only hit of the year in three at bats. Also Steve Mulhearn hit a solo home run which was his second of the year.

Belleville struck quickly as they scored two runs in the first inning. With one out, Joe Mullaney walked and later scored on Long's double. John Aueriemma later singled to score Long for the second run of that inning.

Paterson Eastside picked up two runs in the top of the third but the Bucs evened that up with two of their own in the bottom half on Ruopp's two run homer to make the score 4-2.

In the next inning, Belleville had enough and shut the door on any chance for Paterson Eastside to try and come back, especially after the Bloomfield game. The Bucs scored four unanswered runs that inning. With the bases loaded, Mullaney hit a one out double to score Reed who got on by walking and Joe Feith who also walked. Later, Long doubled to score Coffey, who bunted, and Mullaney.

The Bucs weren't done yet trying with their opponent as they scored two runs in the fifth and another in the sixth to finish off the scoring at 11.

"I'm very pleased with the pitching and the defense," said LaConte. "Even when our bats aren't in full swing, the rest of our play makes up for it."

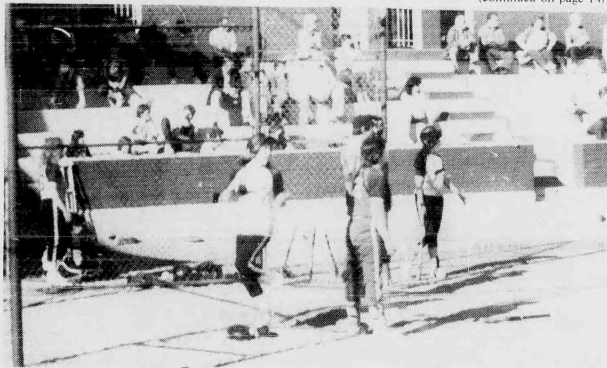

To show the Bucs fire power, Reed, Ruopp and Mark Palumbo have a combined ERA of 0.82, NOT BAD. They have all won 21 earned runs over 81 innings.

"Just looking at this statistic I couldn't be more pleased," said a proud coach.

Banging the lumber has also proved to be outstanding for the Bucs this year. Ruopp, the leadoff batter is hitting .420. In fact the next five batters are averaging around .320.

"The batters from the 7-9 position will come around and keep up with the rest of the squad," said an optimistic coach, who is looking forward to the county seedings for the tournament that will be released tonight.

Belleville played Passaic yesterday but take on rival Nutley 4:00 tomorrow at Nutley and host Paterson Kennedy next

SAFE AT HOME — Cheryl Marion looks happy as she crosses home plate en route to another Buc's victory. Marion had a key role in the Buc's tenth straight victory.

## J.V. starts slow before streak

The Belleville junior varsity baseball team started the season by losing their first two games to Bergen Catholic 6-4, and to Don Bosco Prep 7-5. The Jr. Bucs got good hitting from Lou Lucante, Dave McNeil, Al Best, Jamie Galioto, Anthony Puciere, John View, Vinnie Volle, John Nardachone, and Philip Zamlott.

The winning streak then began, with a victory over Iona Prep of New York. Al Best was the starting and winning pitcher, going the distance in a 9-4 win. Jamie Galioto went two for three and drove in four runs.

The JV's then hosted Paramus, with John View on the mound. View pitched five innings, with relief pitcher Bob

Hutchinson pitching the final two innings. Al Best went three for three and drove in two runs, for a final score of 5-1.

The Ridgewood Club was the next victim for the Jr. Bucs. Left hander Lou Lucante went seven strong innings, striking out 15 batters, mostly on a big breaking curve ball, in a 12-2 decision. Best and Lucante had two hits apiece, with Galioto, Gerard Buono, Michael DiDonato, Dean Mauro, Michael DeBenedetto, John Nardachone, Joe Delle Monache, and Vito Caprio also contributing hits.

Belleville then travelled to Colonia, with Rich Sigari in his first start as a pitcher. The Bucs were off with two runs, but watched as Colonia came back

to take a 6-2 lead. Buc first baseman Al Best homered in the sixth to close the gap to 6-3. In the seventh inning Voller and Mauro led off with walks. The next batter was Sigari, who grounded sharply to second, and made a heads up slide into first base to keep out of a double play, thus bringing the tying run to the plate. Dawson Bloom then lined a shot up the alley in left center for a three run homer, tying the game. Lucante walked, stole second, and wasdriven home for the win by Bob Hutchinson with a single in the hole at short. Hutchinson was also the winning pitcher in relief.

This week the JV's travel to Nutley and have home games with Kfney and Clifton.

## Zoo crew and Mr. Leonard too

Z-100 is coming. The WHITZ-FM radio allstars will play softball in Belleville at Clearman Field, 12:30 p.m., Sunday, May 19. They are the Z-100 Flame-throwers and the roster features hot rocking Ross Britain, Jack "da Wack", Captain Kevin Smith, Janet from another Planet, Diane Prior, Hollywood Hamilton and third base coach Mr. Leonard.

The Flame-throwers will play the Cancer Conquerors in the crowning event of Cancer Awareness Week. Tickets will be sold at the gate, and Z-shirts, Flame-throwing jerseys and other prizes will be raffled off. All money will be passed on to a cancer relief fund. Everyone is welcome to enjoy the day and contribute to a worthy cause.

Last year, 500 people were at Clearman Field to cheer the

Flame-throwers to a 8.5 victory. The nation's number one radio stars signed hundreds of autographs and mingled with their fans.

"Face it. They're great," Ralph Amano, of Belleville, said. "The only other real celebrity who comes to town every year is Santa Claus."

Last May, Ross Britain taunted opposing batters with many different pitches. His unique delivery, a whirlwind of arms and legs and a cloud of dust, launched speed balls, sinkers, curves and one very effective pitch that fluttered drunkenly toward home plate. "The guy could throw a steak past a hungry lion," said Lou Grassio, "but it was his off speed stuff that was giving us fits."

The Conquerors scored two runs in the bottom of the second.

Z-100's Hollywood Hamilton stepped on himself chasing a soft line drive in short center field to load the bases. Rich Sheridan followed with a double to score Al Amano and Doug Jackson.

Z-100 answered with three runs in the third and two more in the fourth. The Conquerors tied the score at five scratching out single runs in the fifth, sixth, and seventh innings. Three Conquerors were on base with one out in the eighth. Captain Kevin fielded a red hot line drive, and his perfect throw beat a sliding John Pontrella home to complete a double play.

In the top of the ninth, Jack "da Wack", stepped up to the plate and received a standing ovation when he arrogantly dedicated his next hit to pop music's supergroup Duran Duran.

RBI — Suzanne Schuster singles in Donna Brooks for another Belleville run. The Lady Bucs are now 12-1 on the season and undefeated in league play.

# Lady Bucs keep on winning... Brooks takes charge at plate

(continued from page 13)  
but did a fine job to earn herself a save.

Donna Brooks was once again the big hitter with the lumber going four-for-five with a double and two home runs, including four RBIs. Sherri Sorrentino went two-for-four with five RBIs. Sorrentino had a two run single in the second inning and she also had a three run double in the fourth.

"Donna had a great day at the plate and she also made some really nice plays out in the field that sparked up our defense," said Corino. "We let Paterno come back into the game and we were fortunate to come out on top."

The first night game for the Lady Bucs came last Saturday night against Lyndhurst at Marotti Field. Once again the Lady Bucs managed to come out on top, 9-7. Moreover, this game was just as exciting as the other barn-burners. Debbie Paterno had the first inning jitters as she gave up four runs in that inning. Belleville however, came back in that first inning with three runs of their own thus showing championship qualities, that a team keeps coming back.

After Paterno finally settled down, the Lady Bucs struck again in the second inning for another run as the speedster Donna Brooks hit a double and then stole two bases to tie the game at four. Brooks is still being hampered by a thigh injury but she refuses to let it effect her athletic performances.

In the bottom of the third, Belleville came up with the winning runs by scoring four to lead 8-4.

Brooks, again taking charge at the plate, hit a two run triple scoring Sherri Sorrentino and Cheryl Marion, who got on base through an error and a walk respectively. Later that inning, Sue Schuster singled home Cheri Tillman.

In the sixth, the Lady Bucs looked to get some insurance runs and found it by means of Paterno's single that drove

home Trish Tramuto. Lyndhurst scored two runs in the last inning to give some gray hairs to Carl Corino as Belleville held on to win their eleventh game of the year. Paterno received the win as she went the distance striking out three.

"Teams that win close games show a tremendous amount of character and heart," said a proud coach. "We have been getting a team effort and great defense as well, plus we're winning the close ones, which really makes me happier." "Out pitching has been shaky lately, we have a young pitching staff and have been in tight situations and have come out on top which shows me character," explained Corino. "You might say that our pitchers bend but they don't break, but I couldn't be happier with the team."

On May 2, the Lady Bucs will be playing in the second round of

the Essex County Tournament at 4 p.m. The game will be played at Clearmont Field against Columbia and the rain date will be the next day.

Belleville was originally supposed to host Nutley on May 3 but that game has been rescheduled to 7:30 p.m. Saturday night, at Marotti Field. In addition, due to scheduling problems the May 4 game versus Caldwell and the May 12 game versus Montclair Immaculate have been canceled.

## Correction

A member of the girls' varsity softball team was mistakenly identified in a picture which appeared on the sports page in The Belleville Times last week.

The picture was not of Debbie Paterno, but that of Karen Fulda.

The Times is sorry for any inconvenience.

## Brooks honored by WSF

Donna Brooks of Belleville has been named a winner of the Women's Sports Foundation + Milky Way Bar High School All-Star Award. Brooks, a member of the Belleville High School varsity basketball and softball teams, was chosen the school's outstanding top female athlete and acknowledged by the Women's Sports Foundation (WSF) for her athletic accomplishments and good academic standing.

High schools across the country participated in this

awards program designed to bring recognition to exceptional female athletes. Athletic directors were asked to select a female student who demonstrated athletic excellence and good citizenship.

Recipients of this award, sponsored by the makers of Milky Way Bar, will be awarded with a certificate of recognition signed by Billie Jean King and Donna de Varona, an all-star patch, and a copy of the annual WSF College Athletic Sponsorship Guide.

# Heard at Ringside

By Steve H. Frank

National Broadcasting Company had lined up a match between IBF heavyweight champion Larry Holmes and world light heavyweight champion Michael Spinks for May 20. Butch Lewis, representative of Spinks, said his glove-slinger could not be prepared for a heavyweight scrap by May 20. NBC turned its attention to matching Holmes against Carl "The Truth" Williams. Grand Rapids, Michigan, heavyweight Tony Tucker will be a backup opponent.

Memory Jogger: The last time a welterweight champion won the middleweight crown was March 25, 1966. Emile Griffith won a 15-round decision to lift the diadem off the head of Dick Tiger in New York. Griffith, a native of the Virgin Islands, is now training future champions in New York City gymnasiums.

New York State junior welterweight titlist Angel Cruz of Allentown, Pa., defended his title for the first time and was held to a draw by Felix Santiago of Brooklyn, N.Y., in a 12-rounder. The bout was fought at New York's Felt Forum, Friday, April 12. Cruz, displaying a 17-5 record, dominated the early rounds, but the undefeated Santiago, 11-0-1, came on strong to even the scores of the three judges.

Marvelous Marvin Hagler had more to lose than Thomas Hearns in his biggest of his 13 years in the tough business of leather pushing. If he had lost at age 30, by a knockout, his previous 60 victories would go like a busted bubble. Gone would be his world middleweight crown and bring doubt of how good he ever was. Hearns had the least to lose. He still retains his junior middleweight belt.

Edwin Rosario, 22, former WBC lightweight champ recently notched his 19th knockout to raise his chart to 21-1 at Madison Square Garden. Rosario sent Alberto Ramos, 23, on the ring floor at 1:08 seconds into the second round to lower Ramos' record to 12-3. The scheduled 10 rounder was a warm-up for the Hearns-Hagler war that was shown on closed-circuit television.

Pinklon Thomas of Philadelphia, owner of the World Boxing Council heavyweight championship, will defend his title Saturday, June 15, against Mike Weaver of Gatesville, Texas, a former World Boxing Association titleholder, a spokesman for promoter Don King announced. The bout will be for 12 rounds. Thomas, 25-0-1, defeated Tim Witherstone for the title last Aug. 31. Weaver, 27-10-1, lost his WBA title to Michael Dokes by a one-round kayo on Dec. 10, 1982.

**CHIROPRACTIC NEWS**  
CHIROPRACTIC FOR NERVITIS

Nervitis is a form of abnormality where the nerve trunks and the nerve fibers are especially involved by inflammatory changes. It may involve many nerves scattered over the entire body or it may involve only one nerve trunk and its branches. In many instances there is a condition of congestion, swelling, heat and redness. If these conditions occur in a nerve fiber or nerve trunk, they naturally impair the ability of that nerve fiber or trunk to transmit the life energy which it should carry. Whether or not there is pain associated with the condition, depends entirely on the type of nerve tissue affected. If it is a motor nerve which supplies the motive power to muscular tissue, there is not necessarily any pain with it. If it is a sensory nerve the pain is extremely severe. After a time there is a general overgrowth of connective tissue which binds the nerve trunks together causing a consequent atrophy of the nerve. When this occurs the nerve is rendered still more incapable of transmitting its full quota of life energy. If this happens to a motor nerve it decreases the carrying capacity of the nerve and the muscles of the arm may be weakened. If the disease progresses long enough complete paralysis may ensue. If neuritis involves a sensory nerve it can affect an increase in sensitivity of the nerve at first, but as it progresses, the arm may lose its sensitivity. Neuritis may involve both arms or both legs.

**BOND ORDINANCE PROVIDING FOR THE ACQUISITION AND INSTALLATION OF A NEW SEWER PUMP IN FAIRWAY AVENUE IN AND BY THE TOWNSHIP OF BELLEVILLE, COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$95,000.00 THEREOF AND AUTHORIZING THE ISSUANCE OF \$90,000.00 BONDS OR NOTES OF THE TOWNSHIP FOR FINANCING PART OF THE COST THEREOF AND AMENDING ORDINANCE ADOPTED AUGUST 14, 1984.**

Section 1. The improvement described in Section 3 of this Ordinance is hereby authorized as a general improvement to be made or acquired by the Township of Belleville

in the County of Essex by Ordinance adopted August 14, 1984. For said improvement or purpose stated in said Section 3 there is hereby appropriated the sum of \$45,000.00 which sum amends the aforementioned Ordinance to an authorization of \$95,000.00.  
Section 2. For the financing of said improvement or purpose and to meet the costs and expenses thereof, there is hereby appropriated the additional sum of \$2,500.00 as additional downpayment for said improvement or purpose required by law and now available therefor by virtue of provisions in a previously adopted Budget or Budgets of the Township.  
Section 3. (a) The improvement hereby authorized and purpose for the financing of which said obligations are to be issued is the Acquisition and Installation of a New Sewer Pump in Fairway Avenue, all as shown on and in accordance with specifications therefor on file in the office of the Township Clerk and hereby approved.  
(b) The estimated maximum amount of bonds or notes to be issued for said purpose is \$90,000.00.  
(c) The purpose of the bonds and notes authorized is to finance commitments that may be incurred from the date of adoption of this bond ordinance.  
Section 4. The following additional matters are hereby determined, declared, recited and stated:  
(a) The said purpose described in Section 3 of this bond ordinance is not a current expense and is a property or improvement which the Township may lawfully acquire or make as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.  
(b) The period of usefulness of said purpose within the limitations of said Local Bond Law according to the reasonable life thereof computed from the date of the said bond ordinance authorized by this bond ordinance will be within all debt limitations prescribed by said Law.  
(c) An aggregate amount not exceeding \$9,000.00 for interest on said obligations, costs of issuing said obligations, engineering costs and other items of expense listed in and permitted under Section 40A-2.20 of said Law may be included as part of the cost of said improvement and is included in the foregoing estimate thereof.  
Section 5. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and interest on the said obligations authorized by this bond ordinance. Said obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable property within the Township for the payment of said obligations, and interest thereon without limitation of rate or amount.  
Section 6. The capital budget of the Township is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistencies hereof.  
Section 7. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by said Local Bond Law.

**If you still believe in me, save me.**

For nearly a hundred years, the Statue of Liberty has been America's most powerful symbol of freedom and hope. Today the corrosive action of almost a century of weather and pollution has eaten away at the iron framework, etched holes in the copper exterior.

Less than a mile away, on Ellis Island where the ancestors of nearly half of all Americans first stepped onto American soil, the Great Hall of the Immigration Center is a hollow ruin. Rooms are vandalized, walls crumbling in decay.

Inspiring plans have been developed to restore the Statue and to create at Ellis Island a living monument to the ethnic diversity of this country of immigrants. But unless restoration is begun now, these two national treasures could be closed at the very time we celebrate their hundredth anniversaries. The 230 million dollars needed to carry out the work is needed now.

All of the money must come from private donations. The federal government is not raising the funds. The Statue of Liberty-Ellis Island Centennial Commission appointed by President Reagan is asking every American to contribute. The torch of liberty is everyone's to cherish.

Could we hold up our heads as Americans if we allowed the time to come when she can no longer hold up hers?

You can keep the torch of liberty burning bright. Send your tax-deductible contribution to The Lady Box 1986, N.Y.C. 10008. Or call, toll free, 1-800-USA-LADY.

### 1985 - 1988 FREE-RABIES-CONTROL-PROGRAM

Dear Pet Owner:  
Rabies is a preventable disease spread to humans by contact with a dog, cat, or other warm blooded animal.

Rabies is caused by a virus which is carried in the saliva of the infected animal and goes into the bitten person causing serious illness.

Now is the time to protect yourself, your family, your neighbors, and your pets against rabies, by having your pet vaccinated.

For your convenience, your local Department of Health, with the cooperation of the New Jersey State Department of Health, will conduct a free Pet Vaccination Clinic:

Thursday, May 2, 1985 from 6:00 P.M. to 8:00 P.M. Belleville Health Department, 383 Washington Avenue, Belleville, New Jersey.

Friday, May 3, 1985 from 6:00 P.M. to 8:00 P.M. 610 Franklin St., (Across from St. Anthony's Church) Silver Lake, Belleville, New Jersey.

Saturday, May 4, 1985 from 10:00 A.M. to 1:00 P.M. Recreation House, 407 Joralemon St., Belleville, N.J.

#### SPECIAL NOTE

1. Dogs vaccinated on the above dates will NOT require vaccination until May, 1988.
2. Dogs vaccinated in the age range of three (3) months to eleven (11) months WILL require revaccination the following year.
3. Cats MUST be vaccinated annually.

## God works in mysterious ways

Jacob de Shazer, a pilot in World War II, was sent as one of Jimmy Doolittle's raiders to Japan on April 18, 1942. During the air attack his plane was hit by enemy anti-aircraft bullets and he was forced to bail out. Upon landing on the ground, he was captured and imprisoned by the Japanese and thought certainly his life was approaching the end. He saw two of his companions shot by a firing squad and saw another die slowly of starvation.

de Shazer was an atheist at first and during the long months of imprisonment the question of why the Japanese hated him and why he hated them puzzled him on many occasions. He began to recall some of the things he had heard about Christianity in his early years.

Boldly he asked his jailers if they could get him a Bible. At first they laughed boisterously as at a good joke, but then they grew ugly and warned him to stop asking and making a nuisance of himself. But he kept asking for a Bible. A year-and-a-half later in May of 1944, a guard finally brought him a Bible, flung it at him and said, "Three weeks you have. Three weeks and then I take away." True to his word, in three weeks the guard took the Bible away and de Shazer never saw it again.

However, in those three weeks of intensive searching, meditating and delving into the meaning of life and humanity's ultimate destiny, a change came about.

Later he was released from Japanese captivity and returned home. In 1948 de Shazer, his wife and infant son were on their way back to Japan as missionaries, all because he had asked for a Bible which the Japanese guard had given for just three weeks. He had searched the Holy Scriptures and found new life in the risen Christ.

"And you shall seek me, and find me, when you shall search for me with all your heart." (Jeremiah 29:13.)

If you, like pilot de Shazer, will begin to study the Bible today, you, too, will find that it is God's book and that the Lord Jesus Christ is alive and able to meet your every need. Begin with the Gospel of St. John and read it through about five times. God will answer your questions through His word. (See 2nd Timothy 2:15.)

# SPRING HOME IMPROVEMENT

## New Do-It-Yourself Trend: Applying Shakes & Sidewall Shingles

More and more of America's homeowners are undertaking a job once thought to be the province of professionals—the sidewall application of cedar shakes and shingles—and are finding it to be exhilarating, economical and surprisingly easy.

This fast growing army of DIY (Do-It-Yourself) consumers is estimated to number in the tens of millions. These active Americans have become more and more sophisticated in the projects they are undertaking and more proficient in their abilities to carry them out.

Responding to this trend, the Red Cedar Shingle & Handsplit Shake Bureau, trade association for the industry, has issued a new 20-page brochure, the "Wallbanger Pocket Guide." While aimed primarily at the DIY army, it also can be useful to professionals.

It is a primer which covers product selection, estimating, nail selection and details of application—as would pertain to new construction, remodeling or restoration.

and increasing the insulative performance of the wall substantially, due to the superior energy efficiency of the Western Red cedar itself.

Shingle or shake sidewall application is deceptively simple. It can be done by an individual working alone, or a family, or a work party—proceeding at whatever pace is desired. It requires only the most elementary tools—a hammer, nails, a straight-edge and ladders. It can save, on a DIY basis, up to 60% of the cost, in labor alone.

When the job is completed, it not only gives the home owner that wonderful sense of accomplishment, but transforms the bare bones of a new home, or the tired look of an older one, into the pride of the neighborhood.

The owner literally has created "a new home at the old address," with fresh sidewalls of cedar shakes or shingles. They can be left to weather naturally, or will take stain or paint beautifully. In either case, they are among the longest-

### Garage Door Safe:

It could be time for a check-up for an important member of your household—the garage door.

Your garage door needs regular lubrication and servicing. If your door is slow, creaky and hard to lift, there's no point, in installing an electric opener without correcting the underlying problem, according to Frank S. Fitzgerald, Garage Door Council President.

Don't do the work yourself, say the safety experts at the Garage Door Council. Always get a professional to do the job. Today's openers and doors are safe when properly installed and serviced. Most accidents are attributable to amateur installation and repair work.

Garage door electric openers should be examined periodically to insure a proper operation of the safety reverse mechanism. Another tip: Never let children play with the door or control button. Tell them to stay clear when the door is operated.

## Lawn Gone?

### Time to call Lawn King

All lawns need an annual program of lawn care and every program must contain both granular and spray. Some chemicals work better when applied in a granular form, and others, like weed controls and post emergent crab grass controls, work better in a liquid form. All lawns also require periodic aeration and seed, but only Lawn King gives all these via LAWN COMBINE & SPRAY — THE BETTER WAY! WE KNOW IT'S THE ONLY WAY!!!

#### LAWN KING ANNUAL PROGRAM

We are chemical applicators, not miracle workers. We know what your lawn needs and when it needs it. What you see in the program is what you get. Top quality chemicals and seed — only the best — that'll all we use. There's no such thing as specially formulated for drought.

Aeration, seed and time are part of our program. Fingers controls and crab controls have always been part of our program, not options at extra cost when you need them. By the time you know you need them it's too late anyway.

#### OPTIONAL PREPARATORY SERVICE

Double Power Action Double Power Rolling Double Wee Control  
Balanced Fertilizer Fungus Control Soil Control (Caput)

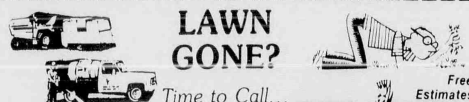

1 PER SQUARE FOOT (min. 3,000 sq. ft.)

Someone will call to discuss the lawn with you. There's a one time charge if you need any extra like a preparatory service, extra seed or additional time. We'll tell you what you need. We may not be the lawn everything it needs at a price you can afford to pay. You can figure your costs from the chart below. No contracts to sign, no guarantees, no promises, and no nonsense. Pay from service to service or prepay for the year and we'll give you a 5% discount too!

If you compare our program and prices with any other company, you'll find that either they are charging too much, or we are not charging enough! Look at it real close and you may even arrive at the conclusion that not only is it better to do business with us — it's cheaper, too!

**Topics:**  
Engineering: Taking the mystery out of fixed, ad-  
justable, graduated and other mortgages: What Points  
really are: Factors in creditworthiness: How to do accurate  
qualifying: etc.

**Types of Listings:** How to obtain an exclusive right to  
sell rather than an open listing: etc.

**Contracts:** How to overcome the buyer's fear of con-  
tracting & buying "as is" - Why "subject to sale of sel-  
ler's home" can backfire on the seller: How to save  
sales: etc.

**Followup:** How to minimize sale followup and yet be  
more effective.

**Question:** How much can I save on a generic prescription?  
**Answer:** This figure can vary from drug to drug, but a good ball-park figure is about 50%.

**Question:** Are all generics manufactured only by small generic companies?  
**Answer:** No! There are many "branded generics" or other generic drugs manufactured by some of the larger drug companies in our country specifically to capitalize on the generics market.

**Question:** Do all medications have a generic equivalent?  
**Answer:** No.
