BHS commencement is June 20

Belleville High School's 88th commencement exercises will take place Thursday, June 20, 6:30 p.m. at Belleville Municipal Stadium.

Rain date is Friday, June 21.

Joseph Ciccone, BHS principal, will present the graduating class to Michael Nardiello, superintendent of schools. Dr. Anthony D'Agostino, school board president, and Phil Linfante, school board vice president, will present the diplomas.

Valedictorians for the Class of 1985 are Donna Rose Musmanno and Roseann Elizabeth O'Kean. Salutatorian is Jacqueline Mele.

School lesson pays off

Fifth grader saves brother

By Michelle Jeannotte
Hector Daniluk learned the value of a lesson last week when he saved his brother's life.

While they were eating din-

ner, Daniluk's 3-year-old brother, Michael, began choking on a chicken bone. His mother, Gladys, immediately began slapping the young boy on the

back, but it did not help. Knowing that she could not help her son, she ran to the phone and dialed 911.

"I think I panicked," Mrs. Daniluk said. "I started dialing 911 because I knew I couldn't do anything for him. When I was trying to use the Heimlich maneuver, Hector said, 'Mommy, you're doing it all wrong.' By then, Michael was turning colors. Hector pushed me aside and started using the Heimlich maneuver."

Mrs. Daniluk said that Hector then began to slap on Michael's back because the bone was still caught in his throat.

"I gave him three or four slaps," Hector said. "The bone came out and he began breathing again."

Mrs. Daniluk said that she was just hanging up the phone when the bone became dislodged. When Police Officers Greg MacDonald and Scott Kim responded to Mrs. Daniluk's call, Michael was already acting as if nothing happened.

"It happened in seconds," she said. "You think you have two or three minutes, but in this case, seconds count. I'm very lucky Hector was there."

Hector learned of the Heimlich maneuver from Ed

O'Donnell, a Seton Hall student who recently taught the lifesaving technique at School 8, where Hector is a fifth grader. O'Donnell's lesson was part of the Educational Field Experience program taught at School 8, Principal Arthur Pico said.

The program, which was established six years ago, is conducted in conjunction with Seton Hall University, under the supervision of Dr. Paula Zacccone, and the Belleville Board of Education. O'Donnell taught Hector and his classmates how to react and what to do when a person is choking.

"He did what he had to do," Pico said. "It was a normal reaction. He was only doing what he was told to do in such a case without knowing the importance. Hector is the type of person who takes charge and doesn't panic. His actions are understandable."

Mrs. Daniluk said that she and her husband, Michael, who was working at the time, are very proud of their son's actions.

"He actually saved his brother's life," she said, adding that her son's actions seem to be behind them. "They're fighting like cats and dogs already," she said, laughing.

Program offers improvement loans

Low-interest financing available

Low-interest financing and funding availability - two attractive reasons why business owners in Belleville should apply for the Community Economic Reinvestment Program (CERP).

Those are two out of four reasons given by Everett R. Shaw, executive director of the Essex County Economic

Development Corporation, in a presentation made before township businesspeople Tuesday night.

Shaw said that the CERP program attempts to provide maximum assistance to property owners interested in improving their buildings. He said that although the CERP program does not finance an en-

tire project, it does offer low-interest rates.

The CERP program, which was established to encourage businesspeople to fix up their property, is divided into three categories: commercial

rehabilitation, facade improvements and job incentive.

Commercial rehabilitation deals with interior and/or ex-

terior rehabilitation. Either an owner or tenant business can apply for this part of the program, which offers a maximum of \$8,500 or 20 percent of \$20,000 or 15 percent of \$50,000.

Shaw said that the loan structure for this program is broken down into three parts: 70 percent financing from a bank; 20

Matters in Brief

Summer music program planned

The Belleville Public Schools, in cooperation with the board of education and the superintendent of schools, will offer a Summer Music School, Monday-Friday, June 25 through July 30.

Classes will meet daily between 8:30 a.m. and noon at School 7, corner of Jorammon Street and Passaic Avenue. Tuition is \$30.

Instructions will be given in fundamentals of music, beginning wind instruments and strings, intermediate band, advanced band, intermediate strings, advanced strings, orchestra, dance band, high school band and marching band. All instruments will be taught.

Program director is Edwin C. Black.

Democratic chairman re-elected

Chester Prosperi was re-elected Belleville Democratic town chairman at the Belleville Democratic County Committee's reorganizational meeting June 10.

Other officers elected include: Marie Gamarro, vice chairlady; Edith DeFeo, First Ward chairlady; Betty Barr, Second Ward chairlady; Jill Cavallo, recording secretary; Ruth Zeimer, treasurer; Anthony Naturale, sergeant-at-arms; and Marlene Neil, corresponding secretary.

Blind athletes compete in tourney

Richard Ruffalo, BHS biology teacher, and David DeNotaris, BHS student, will be among 500 blind and visually impaired athletes participating in the ninth annual United States Athletes Association for Blind Athletes National Tournament June 20-23.

Participating for his second year, Ruffalo holds the USABA world record in open javelin and national records in power lifting, bench press and masters shot-put, discus and 400-meter run, as well as in masters swim events. DeNotaris holds USABA power lifting records in two weight classes.

Events take place from 9 a.m.-5 p.m. each day. Admission is free and open to the public.

Keleman receives life certificate

Eleanor Keleman of Belleville, a member of the Belleville-Nutley Chapter of Deborah Hospital, was recently presented with her Life Membership Certificate at the local chapter's annual social.

Keleman has served as president three times. The chapter will celebrate its 25th anniversary with a gala event Sept. 20. Tickets are available by calling Helen Ferraro at 759-2201 or Mary DiNorcia at 661-2131.

Local symphony seeks members

The Nutley Symphony Society of Northern New Jersey is seeking additional musicians for the 1985-86 season.

The orchestra, organized in 1937, rehearses on Wednesday evenings at Nutley High School from September through May. Five concerts are presented during the year.

Under the leadership of newly-appointed Music Director John Holly, the orchestra is looking to expand its membership. If you have seriously studied a musical instrument and put it away years ago, but have always yearned to play with a symphony, here's your chance to brush up and make music!

Students, senior citizens and everyone in-between are welcome, so send a letter specifying your instrument and experience to: Chairman, Music Committee, Nutley Symphony Society, 300 Franklin Avenue, Nutley, New Jersey 07110.

Residents can monitor water use

When Governor Thomas Kean declared a drought emergency last month, residents were required to use only up to 50 gallons of water a day. New Jersey is still faced with a drought, despite recent rains and slightly higher reservoir levels and residents are still faced with a 50 gallon water limit.

Residents can keep a record of the amount of water they use by reading their water meters, an official said. The meters should be read each day.

To determine "per person" water consumption, water meters should be read the same time two days in a row. On meters with dials, each dial represents one of the six numbers that comprise the meter reading at that time.

Each dial is labeled to represent its place in the six number figure. The pointer of each dial is often between two numbers. The lower of the two numbers should be used. A sample meter reading is pictured.

Some meters have a row of numbers that can be read directly. Residents can record that number. By subtracting the previous day's reading, the number of cubic feet of water used that day is determined.

Since the quota is expressed in

gallons, the number of cubic feet must be multiplied by the number of gallons in one cubic foot - 7.5 gallons.

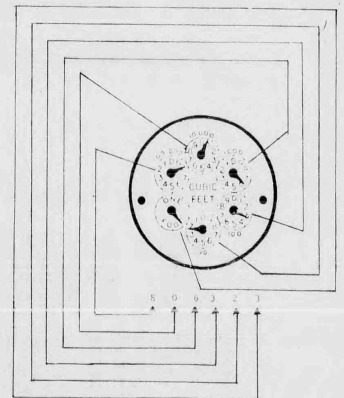

To determine the number of gallons used per person, divide the number of gallons by the number of people in the household. The quotient should be 50 gallons a person a day or less. See sample problem pictured.

If the amount is greater than 50 gallons, steps should be taken by the residents to reduce the amount of water consumed. Scarpelli said steps should be taken by all residents to conserve water.

Residents can conserve water by: locating and repairing all water leaks in their homes; adjusting appliances so they use a minimum amount of water; only washing a full load of laundry; taking shorter showers and shallower baths; limiting toilet flushing (each flush uses about five gallons); using sink and tub stoppers; turning off water while brushing teeth; and keeping a container of water chilled in the refrigerator.

The governor has set up water use restrictions and Belleville's law enforcement department has been enforcing

Belleville director brings 'uplifting' revue to the stage

By Mike Olohan

Nutley Little Theatre's small, red 48-seat Barn on Erie Place was jammed Friday night for the opening of "A Musical Revue," the coup de grace of the local group's 50th Anniversary Season.

This capsule review of five decades of musicals, directed by Betty Rovell of Belleville, was remarkably enjoyable and uplifting both in spite of and

because of the surprising diversity of talent and would-be talent revealed in this two-hour show. An SRO crowd saw Anthony S. LaMattina, Betsy Santangelo, Marianne Confalone-Seiler, Michelle Nicastro and Gary Martins turn in stellar performances throughout the decades. From "Dancing in the Dark," 30s to West Side Story's "Tonight," and La Cage Aux Folles' "I Am What I Am," LaMattina and Santangelo were perfect complements to each other's singing styles.

In addition, LaMattina teamed

with NLT newcomer Mary Dominski to perform a lively, animated rendition of "Anything You Can Do," from Annie Get Your Gun, with both vocalists playfully sparring and goofing on one another. And in a shocking departure from theatre decorum, Dominski tantalized and taunted a howling, hooting audience with anatomical gyrations heretofore unseen on NLT's stage (and what took so long!) while performing "Let Me Entertain You," from Gypsy. She was simply "mawelous, dawlings!"

As a group, the "Guys" were show-stealers extraordinaire. A thoroughly enjoyable "Dames Melody" from South Pacific was enlivened by two guys with bouncing coconut boobies and tough-guy takeoffs that evoked laughs from the entire audience. The guys also did "Heart" from Jmnn Yankees with such goofy bravado and obviously out-of-sync movements that it was funny to both watch and listen to. This (unintentional?) send-up was alone worth the price of admission.

In fact, whenever songs were performed by a group, they were on average much more enjoyable than those performed solo or in duets. When the

"girls" did "Take Back Your Mink," from Guys and Dolls, it was arousingly funny, cutesy-pie, playish number. Likewise for "Big Spender" from Sweet Charity, where all the girls were doing their best to currupt/duce a new-wave nerd from the 60's, played by Nicholas Conditto, Jr. in blindingly un-hip red pants.

Other hand-clapping, knee-slapping numbers included the opening song "Magic To Do," from Pippin, "Oklahoma" from, of course Oklahoma, which was done by all, "Lot of Livin' To Do," from Bye, Bye Birdie led by Michael D'Amato in his only solo of the night, "Freedom" from Shenandoah, sung vivaciously by Mary Ellen Zampino, Mary Dominski, Mike D'Amato and Anthony S. LaMattina, and "One," from A Chorus Line, sung by the whole cast.

Jeffrey Miller did a commendable job with "My Funny Valentine," from Babes in Arms and Eileen Duffy and Gary Martins did a musical spoof of "Just In Love" from Call Me Madam with a confident, light touch to it. Robert McCormick did two solos and blended well with Marianne Confalone-Seiler, who also showed tremendous

versatility by singing two solos, a duet also with Jeffrey Miller of "People" from Funny Girl, and harmonizing on the 30's tune in "Friendship," from DuBarry was a Lady.

"Summer Lovin'" from Grease was doo-wopped good by Martins, McCormick and Mr. Cool himself Nicholas Conditto, Jr. Conditto was hip to his part of Danny. Sharing the spotlight also was Michelle Nicastro, who played Sandy with aplomb as Mary Ellen Zampino and Eileen Duffy danced about her warning her of Danny. Tell me more!

Adding a touch of class to the performance were Shirley Harris and Carol Ann Demetrick who dueted together on "Bosom Buddies" from Mame and soloed on hits from Mame and Hello Dolly, respectively. Plaudits go out to the Costuming Committee

for an outstanding job. Take a bow Joyce Getting, Helen Maloney, Karen Cressman and Mary Ellen Zampino, you deserve it.

Also, choreographers Mary Ellen Zampino, Tony LaMattina, Dorothy Maxwell, Denise Belog, Jane Aulenbach and Anjanette Valiante deserve a round of applause. Lastly, Director Betty Rovell should receive a standing ovation for an outstanding, uplifting finale to close out NLT's silver anniversary year. It's a show that will bring a smile to your face, make you laugh, and most importantly, entertain you.

"A Musical Revue" continues June 21 and 22. Ticket prices are \$5. For ticket information and reservations, call 667-0375.

Umberto's Corner

For 2 or 3 years I have been getting permanent from my daughter who recently became a beautician. She has a job in a beauty salon. As a good mother I went to the beauty salon where she works to get a permanent. She rolled my hair on the rods, put lotion on it, and her boss told her to put hot oil on my hair. She was also told to keep it in for 10 minutes and rinse. When my hair dried it was so curly that my daughter couldn't comb it. What went wrong? My daughter has given me many permanent and this never happened.

The good mother
Dear mother,
What you had done is an artificial method of giving permanent. I personally don't believe in those rollers. I like to use my knowledge and technique. Those machines are used by people who have little knowledge of permanent. Those hot clamps speed the process of a permanent. In your case I think you were too long. Probably you should have the rollers on for no longer than 10 minutes. What I suggest now is to get a good hairdresser to cut the ends. If you do, you will have your hair free to stop in 10-15 days. Check your hair and advise you.

Cancer Update

As we approach summer, we look to sense in the sun. Sunburn and prematurely-aged skin are not the worst results of constant overexposure to the sun - skin cancer is.

Almost all of the 300,000-plus cases of this disease developed by Americans annually are considered to be sun-related. If treated in time, these skin cancers are very curable.

Skin cancer has visible early warnings:

- A sore that does not heal;
- Change in size or color of a wart or mole; or
- Development of any unusual pigmented area.

Most often these will not be cancer, but only a doctor's examination can determine that.

While everyone should protect themselves from ultraviolet damage, people with fair skin should take extra precautions. In addition, certain drugs such as some antibiotics or antibacterial agents in medicated soaps and creams, even barbiturates and birth control pills can make the skin more susceptible to burning. Check with your pharmacist.

Note, too, that some perfumes, dabbed where the sun strikes, can cause a sensitive reaction.

Skin saving tips:

- Sun before 10 a.m. and after 3 p.m. when ultraviolet rays are weakest.
- Use a sunscreen that contains PABA (para-aminobenzoic acid). These preparations absorb ultraviolet rays and allow gradual tanning. Apply according to directions.
- A good general sun tanning program is 15 minutes the first day and five minutes more each day thereafter, until you have a good base tan. If you are moving around, as on a tennis court, you can increase that first exposure to about 45 minutes.
- A beach umbrella only partially deflects ultraviolet rays. They are bouncing toward you from all directions.
- Seventy to 80 percent of the ultraviolet rays' burning power penetrates clouds and the rays can even reach 3 feet below water.
- Avoid sun reflectors. They expose the most delicate facial areas - under the chin, eyelids and earlobes.

School Improvement

We salute School Superintendent Michael Nardiello, his staff, our school board members and Belleville High School students for their combined effort to produce test results that indicate an improvement in the Minimum Basic Skills of more than 20 percent over an eight-year period.

Actually, over the test period of 1978-1985, there was a 21 percent increase in reading scores and a 27 percent increase in math scores. Commenting upon the results presented to the school board by Dr. Richard Benninger, Director of Personnel Services, school board president Anthony D'Agostino observed "These figures mean more than nine out of ten stu-

dents passed the test - quite an impressive figure." Dr. Benninger attributed the higher test scores to an increased effort on the part of elementary, middle and high school teachers.

It's time that we pause in our daily labors to salute the efforts of our educators. The results speak for themselves.

The town owes a debt of gratitude to all those involved in the process that resulted in the improved scores.

Kean vs. Shapiro

Republicans nominated Governor Thomas Kean for another term and Democrats gave Essex County Executive Peter Shapiro their gubernatorial nomination.

In winning the nomination, Peter Shapiro lost his County of Essex. In contrast, his major opponents won in their home counties. Senate Majority Leader, John Russo, carried his home County of Ocean by almost 7-1 over Shapiro. Newark Mayor Kenneth Gibson beat Shapiro in Essex by almost 9,000 votes. Former Senator Stephen Wiley carried his home County of Morris. These results do not take away the significance of Shapiro's victory. His opponents had the same opportunity to win the nomination. They didn't - he did.

The Kean-Shapiro contest should be exciting. Shapiro is bright, able and determined. On the other hand, Governor Tom Kean has compiled an excellent record during his three and a half years in office. Kean has

demonstrated compassion, fairness and decency as Governor of the State of New Jersey.

Tom Kean has given us reasons to feel good about New Jersey. After 35 years of continued domination by lawyer-governors, Tom Kean, a businessman, has proved in three and a half years that the business of government is more efficient under the steady hand of a businessman.

In every area of public concern, Tom Kean has demonstrated leadership. When the future of the state required Tom Kean to change his opinion in order to improve the quality of life for the people of our state, he's willing to listen.

On the basis that no human being is infallible, the fall campaign for the governorship should prove very interesting.

TWA Flight 847

The father of the dead U.S. Navy diver, Robert D. Stethem, murdered by Moslem hijackers, upon learning of his son's fate said, "In the world today, there is no respect." It is, indeed, sad to live through a period of time when a 23-year-old American is beaten and shot to death and his body dumped onto a tarmac from an American plane.

The cruel and inhuman treatment of young Robert Stethem serves notice to the world at large that, yes, indeed, there are people among us who have "no respect."

And how about the seven hostages taken off the plane and spirited away by the Moslem because they have "Jewish sounding names". Despite what we hear from world spokesmen, unfortunately, antisemitism is here to stay - and we might as well face the facts.

What to do? Let's get our people back alive - at any price. Following such a result, President Ronald Reagan should issue an order prohibiting the issuance of passports to countries that give refuge to hijackers and that maintain airport security at a lower level than our accepted standard. The alternative is to provide armed guards

for every plane. Israel does - why can't we? If that what it takes, let's do it.

Events such as the Iran hostage situation which troubled former President Jimmy Carter for more than 400 days and nights and the current problem in Lebanon should tell us that terrorist activity is as much or more of a menace than Russia's effort to dominate the world.

Should we seek revenge for the death of the all-American kid, Bob Stethem, from Waldorf, Maryland? You bet we should. The perpetrators of that senseless murder should not be permitted to go unpunished. They should be made to pay the final penalty.

We believe President Reagan's show of patience is on target as our principal aim is to seek the release of all the hostages alive and well.

Meanwhile, the least that we can do is offer our prayers for the safe return of all the hostages.

Adubato appreciates votes

To the editor:

I would like to take this opportunity to thank the voters of Belleville for their support in my bid for reelection in the June 4 Democratic Primary.

For the past year and one half, I have worked hard on behalf of the people of Belleville. In addition, we have a full-time staff office which responds to the needs of the people of Belleville and answers their questions concerning state government and the red tape that can be so frustrating.

In the legislative arena, together with your commission, we brought \$65,000 into Belleville for additional police and fire protection. As vice chair of the Assembly's Environment Committee, I have led the fight to ensure cleaner water for Belleville's residents. My legislation to filter Bel-

leville's water, passed overwhelmingly in the Assembly and the Senate, but was then vetoed by the Governor.

As chair of the Passaic River Subcommittee, I have worked with your commissioners against the proposed 14-mile flood tunnel which would transfer flooding downstream to our doorstep in Belleville.

This is all a beginning, but there is a lot of unfinished business, that remains. This is why I am running for reelection.

Throughout the summer into November I intend to campaign hard on these and other issues which will affect the people of Belleville. Once again, I would like to thank the voters for giving me their support and confidence.

Steve Adubato
Assemblyman

D'Alessio expresses thanks

To the editor:

I would like to express my thanks to the voters of Essex County for the overwhelming support they gave me in last week's primary election. In every one of the 22 municipalities of Essex County, I won the Democratic contest for Sheriff.

I am deeply honored by this vote of confidence and I am indebted to the many volunteers who worked so hard on my behalf.

Throughout my general election cam-

paign I intend to continue informing the public about the many services provided to our citizens by the dedicated men and women of the Essex County Sheriff's Office.

Proud of the record of my first term in office, I look forward to continuing to serve the people of Essex County as their Sheriff.

Sincerely,
Thomas J. D'Alessio
Essex County Sheriff

District leader is grateful

To the editor:

I would like to thank the voters of Ward 1 District 10, in Belleville for their show of support and votes on Primary Day, June 4.

As your new Democratic district leader, I appreciate the opportunity to serve this district and concerned voters.

In closing, remember a vote and

Artie Carlough says thank you

Golden Comments

by James R. Golden

Congressman James Florio represents New Jersey's First District and chairs the House Subcommittee on Commerce, Transportation and Tourism and is properly exercised over the proposed sale of Conrail for \$1.2 billion to Norfolk Corp. and aduces logical and practical reasons why.

A sound rail freight system is crucial to New Jersey's business climate and economic development and that system is now at stake, since U.S. Transportation Secretary Elizabeth Dole, wife of Senate Majority Leader Robert Dole, (R-Kan.) has approved the sale. That leaves many questions that must be resolved before Congress gives it approval to return the rail freight system to the private sector.

Would the sale increase the federal deficit over the next three years in administration of reducing it - as the administration suggests...Independent and Congressional analyses, according to Florio, support the suggestion that the loss of tax revenues resulting from a sale could outweigh the revenue produced.

Congressman Florio writes, sources familiar with the proposal say that if a company is permitted to acquire Conrail for \$1.2 billion, that company may be able to claim \$3 billion in tax depreciation write-offs. Even without the writeoffs and tax breaks, the administration wants us to sell a company with a one-year profit of \$800 and \$800 million in cash-on-hand for \$1.2 billion.

Conrail, with 1,200 miles of track in the state is vital to New Jersey. More than 2,000 Conrail employees work here and another 4,500 are employed in its Philadelphia headquarters, many of whom live in New Jersey. Conrail purchases in the state total about \$81 million a year.

When Conrail was formed by Congress in 1976 to take over six bankrupt railroads, it was far from a sound system. But it has made remarkable progress. Federal taxpayers invested more than \$7.5 billion in the system and Conrail is now making money and providing good service

to shippers in the region.

Under the Northeast Rail Service Act of 1981 Congress instructed the Transportation Department to hire an investment banker to help return Conrail to the private sector. The law required that any sale would have to meet three conditions: Continuation of service by the new owner, competitive bidding and maximum return to taxpayers.

Congressman Florio is very concerned that the process followed by DOT may not have maximized the return to the government. For example, the investment banker hired by the department stated, after the first bid was submitted, that \$1 billion would be a fair purchase price. Not surprisingly, all subsequent bids came in near that figure.

Florio contends that based on its earnings to date, Conrail should yield a sale price several billion dollars above the \$1.2 billion offered by Norfolk Southern and approved by Secretary Dole.

There are also competitive implications of a sale to a large railroad system that competes with Conrail in many areas. The U.S. Justice Department has said there would be serious anti-trust problems unless Norfolk Southern sold off certain lines to other railroads after it acquired Conrail.

What lines would be sold? Congressman Florio asks. Will the new owners and operators provide real competition with a combined Conrail-Norfolk Southern system? If not, higher shipping costs could result and be passed on to consumers.

There are many factors to consider in returning Conrail to the private sector. Nothing is more important than insuring stable freight service to our state and region and recouping as much of the taxpayers' \$7.5 billion investment as possible concluded Florio with the promise he will look at these factors very carefully. He wants no ill-conceived sale of Conrail that could do much harm to our region and to our business climate.

The Congressman is on the right track.

Cozzarelli explains philosophy behind children's room design

By Michelle Jeannotte
"Christopher Marlowe once said, 'Honor is purchased by the deeds we do.' As I listened to the remarks made referable to myself, I was tempted to internalize the energy of your thoughts. What a terribly microscopic initial reaction. The occasion of today's event is of a vaster, more profound macroscopic consequence involving all the citizens of Belleville."

These were the opening remarks of James J. Cozzarelli Jr., library board trustee, at the June 2 dedication of the Belleville public library's children's room.

The children's room was renamed the James J. Cozzarelli Jr. Children's Room in recognition of Cozzarelli's efforts in renovating the room. The work, which began in January and completed in mid-April, was performed by Cozzarelli with the help of John Branigan, formerly of Belleville, and other local merchants.

The room, which had not been changed since the 1940s, had become an individual project for Cozzarelli, who worked long and hard hours on the project.

"It (the dedication) heralds of good news," Cozzarelli said, "that blood is not the only link of a family, but of respect and joy in each other's life; that work is love made manifest. Seldom do members of one family grow up under the same roof. This glorious room is not unlike the many colors in a rainbow created by one light. The simultaneous thinking and feeling of you, the greater family of Belleville, achieved the cause and effect of this design. Realize

this, anywhere you are becomes your environment."

The design of the room is neo-classical, a type of design which Cozzarelli believes will provide a different environment for each of those who enter the room.

"It (the room) represents a distinctive new standard for the design of children's library rooms," Cozzarelli said. "The design is neo-classical without fear for style, detail and finish. The design represents extraordinary imagination and the courage to explore the depths of creativity."

"On one hand the design is whimsical and provides a portal for imaginative adventure," Cozzarelli continued. "On the other hand, it is formal and architectural, but despite the ancient design thought origins, there is a distinctive aura of America to the space which I believe is due to the combined use of soft colors and the chromatic nuances form a cohesive talent permeating the entire room enhancing the comfort factor."

Cozzarelli said his marble artwork, created through veining technique patterns, conveys subliminal images. For example, he said, there are receptive or wavelike images, assertive or aggressive animal-like images and creative or fountain-like images. These are the images that create different environments.

"These marble panels also suggest a rhythmic sense of space, fostering a pleasant reac-

tion from within the viewer," he said. "The faux finishes of stone suggest a permanence and a sense of place. As a personal design philosophy, this was a statement I wanted to reinforce."

"Considering the recent debates over the uncertain destiny of Washington Avenue," Cozzarelli said, "I am using as a vehicle this public space, and its redesign have clearly become the first to state than an area, more particularly, Washington Avenue, is regenerating. That is it was once prosperous and it is becoming prosperous again."

Cozzarelli said his design of the children's room is similar to that of the original Carnegie building's legacy by utilizing the architectural elements of columns and pediments.

"This design practice leaves an imprint of individualistic character despite the evolutionary transformation," Cozzarelli said. "The prime design objective centered on altering the interior so as to create a space to excite the vision and imagination of Belleville children and parents for decades to come."

Earlier in his speech, Cozzarelli referred back to Christopher Marlowe's quote by saying, "The honor I have purchased is the effect of a collective mind - that of my greater family, Belleville."

And it is that greater family of Belleville - generations present and future - who will benefit from the efforts of citizens like James J. Cozzarelli Jr.

New Plaque Unveiled - This plaque, which bears the name of the James J. Cozzarelli Jr. Children's Room, was unveiled at dedication ceremonies June 2. At the dedication were: (l-r) Essex County Sheriff Thomas d'Alessio, Essex County Freeholder Jerome Greco, Cozzarelli, Essex County Freeholder John Alati and Belleville Library Director David Bryant. - Photo by Michelle Jeannotte.

DYFS warning alerts residents to phony agents

Human Services Commissioner George J. Albanese has alerted parents in the Essex County area that two unidentified persons have been reported to be impersonating department employees in an unauthorized attempt to remove children from their Irvington Home.

The description of the woman matches that of a woman reported to be impersonating a DYFS caseworker in Sussex and Monmouth counties last summer. At that time, she called herself "Carol" and "Susan McKay."

The most recent description given of the woman is that she is a white female, approximately 5'6" tall, in her late 20's with below shoulder-length blond hair.

The man who accompanied her is described as a white male, about 5'8" tall, in his late 20's or early 30's with medium length blond hair, a mustache and beard.

The reason given by the impersonators for wishing to remove the children was the presence of lead paint in the house and concern that the children had lead poisoning. The couple knew the name of the family and presented a letter they said authorized them to remove the children from the home.

"I urge anyone contacted by DYFS employees to request that those employees present valid identification before letting them enter their homes," said Commissioner Albanese.

The commissioner explained that all DYFS employees must carry official New Jersey Department of Human Services photo ID cards. The card displays a clear color photograph of the employee and certifies that the employee is an "authorized representative of DYFS."

The card also contains signatures of both the employee and Thomas Blatner, DYFS management team director. An expiration date is included on every card.

Albanese added that anyone approached by a DYFS worker should ask to examine his ID card. "If there is any doubt about the card or the person holding it, I urge them to immediately contact their local DYFS district office, listed under community or children's services in the front of the telephone directory."

Anyone coming in contact with persons fitting the descriptions of these people should immediately contact the nearest police department and the division's 24-hour Citizens Action Line at 1-800-331-DYFS.

Officers of the group include Margaret Dyer, president; Mary Manthey, vice president; Helen Fitzpatrick, treasurer; Helen Schreyer, recording secretary and Helen Murray, publicity.

Woman's Club ends club year with special luncheon

The Woman's Club of Belleville ended its club year with a special luncheon May 21. Eight members who had attended the N.J. State Federation of Woman's Clubs convention at the Americana, Great Gorge, reported on workshops and functions at the event.

The club garnered several awards at the convention. They included Mrs. Jean Wallace, party jump suit; Miss Louise Kacubski, brown bread; Miss Ruth Hogan, 2nd place, book review; Mrs. Adrea Cohen, 2nd place, essay and Mrs. Marie Drake, 1st place, needlepoint.

Mrs. Lorena Keeney, president of the Belleville club, presented outgoing president Mrs. Anna Simon with a silver candlestick centerpiece from the officers who had served with her. Special guests included Mrs. Marian Arno, N.J. State Federation membership chairman; Mrs. Richard Cordis, Eighth District vice president; Mrs. Mary Ann Flor, president of the Belleville and Sub-Juniors; Mrs. Sheri Moccia of the Evening Department and Mrs. Marie Drake, state music chairman.

Mrs. Barry Shafter installed Mrs. Ruth Sanders as a new member and the luncheon concluded with a period of celebration for the success of the club year.

Senior citizens dinner meeting held on June 5

St. Peter's Senior Citizens held a dinner meeting June 5.

The afternoon began with a Mass at St. Peter's Church. The Rev. Javier Locaros, moderator of the club, was the celebrant.

Officers of the group include Margaret Dyer, president; Mary Manthey, vice president; Helen Fitzpatrick, treasurer; Helen Schreyer, recording secretary and Helen Murray, publicity.

Susan Walsh - Michael Patchunka

Walsh-Patchunka troth has been announced

Murray Walsh of New York and Mrs. Susan Byrne of Hackettstown announce the engagement of their daughter, Susan, to Michael Patchunka, son of Donald Patchunka of Hackettstown and Mrs. Joanne Patchunka of North Arlington.

Miss Walsh, an alumna of Hackettstown High School, at-

tended County College of Morris and is with United Jersey Bank, Dover.

Mr. Patchunka, a graduate of Warren Hills High School, Washington, is a dispatcher, soon to be police officer, with the Montville Police Dept.

Celebration at Wesley honors pastor

The congregation of Wesley United Methodist Church hosted a dual celebration for its minister, the Rev. June Hewitt June 2, marking her 62nd birthday and her ordination as an elder in the Northern New Jersey Conference.

Rev. Hewitt was born in New York City and grew up in Brooklyn, N.Y. She married Harvey Hewitt, a civil engineer and moved to California where they raised their four children. While living there, she graduated summa cum laude from St. Francisco State College.

The Hewitts moved to Montclair 12 years ago and Rev. Hewitt entered Drew Theological Seminary, Madison. Currently, she is enrolled in New York Theological Seminary, working on a doctorate in ministry with an emphasis on spiritual formation for the elderly.

She is also a pastoral counselor on the staff of the Pastoral Counseling Service of Northern New Jersey as well as serving as minister to Wesley United Methodist Church.

ADVISE FROM
A PODIATRIST

Nail Disorders - Part I

Disease of the nail is the most common condition seen by a Podiatrist on the entire foot.

Is it congenital, systemic, local, traumatic, Psoriasis infectious, tumorous, or a vitamin deficiency? Congenital nail deviations are of development that produce abnormalities such as double nail. Another such condition involves nail involuntarily thickening of the palms of the hand and soles of the foot. However, most nail disorders are due to local factors including trauma and fungus.

Oncychia is an inflammation of the nail which extends into the nail grooves. It affects the great toe most frequently where it is caused by trauma from pressure of a shoe or due to an infection.

Paronychia is an inflammation that also affects the nail groove. However, it is rarely caused by internal or skin diseases. If prolonged shoe pressure occurs, drainage may occur in the area of the skin on the side of the nail. Characteristic of the condition is thickening and ulceration of the skin.

Gina Simon - Joseph Muraglia

Simon-Muraglia troth told; nuptials next year

Mr. and Mrs. George Simon of Belleville announce the engagement of their daughter, Gina Marie, to Joseph Muraglia, son of Mr. and Mrs. Oronzo Muraglia of Belleville.

The troth was made known April 7. The wedding will be held in November, 1986.

Miss Simon, an alumna of Belleville High School and Capri Institute of Hair Design, is with Villagers Haircutters, Montclair.

Mr. Muraglia, also a Belleville High School graduate, is with On Time Printing, East Hanover.

Catholic Daughters award three college scholarships

The Catholic Daughters of the Americas Court Sancta Maria No. 61, Belleville, presented scholarships May 29 to children and grandchildren of members.

Recipients include Donna Ann Hartmann, University of Delaware, granddaughter of Mrs. Helen Cowan; Anthony Hearn, Rutgers University, grandson of Mrs. Florence Zoppi

and Mary Frances Kudrak, Katharine Gibbs, daughter of Mrs. Frances Kudrak.

Michele Young and Elized Terado from St. Peter's School, Belleville, also received awards.

New members are being sought by the group. For more information, call Theresa Kieferdorf at 759-8259 or Mary Nucci at 759-1759.

Russ will perform in Rutgers' production of 'Aesop's Fables'

Michael Russ of Belleville will be performing in "Aesop's Fables," one of three one-act productions presented by Rutgers-Newark students in July.

The Open Stage Players of the Rutgers Theater Arts and Speech Department will also present "Roaring Twenties Revue" and "Gay Nineties Revue."

The students will present their first play, "Gay Nineties

Revue," July 5 at 8 p.m. in University Theater in Newark. The plays will be performed until September.

"Aesop's Fables" is a 45-minute children's play using a story-theater technique to present four of Aesop's best known tales: The Fox and the Crow; The Tortoise and the Hare; The Donkey and the Lion's Skin; and The Fox and the Grapes.

Four actors play children who, under the supervision of

Aesop, become animals and act out each of the fables.

Performances for "Aesop's Fables" are as follows: July 9, Vailsburg Park, Newark; July 10, Ivy Hill Park, Newark; July 15, Irvington Park, Irvington; July 18, Vanticaw Park, Nutley; July 22, Weequahic Park, Newark; July 23, Independence Park, Newark; July 24, Branch Brook Park, Newark; and July 29, Watsessing Park, East Orange. All performances 1 p.m.

percent from CERP; and 10 percent of equity. The 2rm of the loan is five years, with interest at 2½ percent, Shaw said.

The second part of the CERP program deals with facade improvements or exterior renovation only. This part of the program offers a maximum of \$2,000 or an alternative grant of 25 percent up to a maximum of \$500, which does not have to be paid back.

Interest rate for this loan is free for the first year only and then increases to 25, 50, 75 and finally 100 percent over the five-year term.

The third part of the CERP program - job incentive - deals with interior and/or exterior rehabilitation or purchase of machinery or equipment. This program offers a maximum of \$17,500 or 25 percent of \$25,000 or 15 percent of \$10,000.

Financial sources for this program are broken up as follows: 65 percent from a bank; 25

percent from CERP; and 10 percent equity. There is also a five-year term for this loan.

Eligibility for all three parts of the program are based on normal banking considerations, Shaw said. He added that financing can be approved in as little as four to five weeks, depending on the cost of the improvements.

"We want to encourage you to do some of the things you've had in your mind over the years," Shaw said to the audience. "We try to offer financing to fit your needs."

The program, which offers \$50,000 for Belleville businesses, is offered to any business throughout the community. Funding for the program is provided by Essex County Community Block Grants.

A Business Action Day will be conducted July 2. Applications for the CERP program will be available at this time. Businesspeople are asked to call 450-3314 for an appointment.

Old-fashioned street fair set for June 27 at library

The Children's Room of Belleville Public Library will feature an old-fashioned Belleville Street Fair as its opening event of the library's summer reading club for children Thursday, June 27, 10-11:30 a.m.

The Belleville Rotary Club, which has donated money to cover half the expenses of the summer reading program, will supply manpower for the street fair. Toss games, a watermelon-eating contest, a fishing game, a balloon-blowing contest, a Chinese auction, a guess-how-many jelly beans game and feely boxes will be offered during this

hour-and-a-half of fun reminiscent of good times in the Belleville of yesteryear.

Children who live in Belleville may gain entry to the street fair by first registering in the library's summer reading club, "The Belleville Monster?" at the close of the school year. The theme is based upon actual history in the historic section of Belleville near the Old Dutch Reformed Church on Main Street. After registration in the reading club, every book that a child reads before June 27 will gain him or her a ticket to be used at the fair.

Water can be monitored; restrictions still in effect

the mandatory restrictions. The restrictions are in effect in 230 towns and 14 counties.

Prohibited uses include: •Watering of lawns except for special circumstances detailed in the Department of Environmental's administrative order.

•The washing of vehicles except by business designed for car washing and for businesses for which there are certain requirements which must be met.

- Swimming pools can only be filled once during the season.
- Streets, driveways and sidewalks or other paved areas cannot be washed.
- Water cannot be used in ornamental fountains or pools.

•Serving of water in restaurants, clubs or eating places unless ordered by a guest.

Experts have called this drought the worst since the 1960s.

Typical Colonial Day - These fourth graders of School 4 dressed themselves up in colonial clothes and lived through a typical colonial day during a recent trip to the Museum of the City of New York. The trip was part of their "Learning to Read Through the Arts" program, under the direction of Mrs. Gioia Crawford, Mrs. Fran D'Agostino and Mrs. Lillian Snow.

Junior Woman's Club members receive awards

The Junior Woman's Club of Belleville was recently represented at the New Jersey State Federation of Women's Clubs-Junior Membership Department's 58th Annual Spring Convention at the Americana Great Gorge Resort in McAfee. The club received numerous awards for its service work in various categories. First place honors were awarded to: Michele Monica for the arts category; Kathy Shandra for the conversation department; Cathy Watson and Joyce Wittich for home life; Julie Paoletto for international affairs; and Georjeann Ventola for membership.

The music department, coordinated by Chris Monaco, received second place honors. Third place honors were awarded to Linda Caputo and Karen Saegers for the drama department, Mary Ann Flor for education and Debbie Bradley for health/eye health.

Certificates of appreciation were awarded to the Belleville Juniors for the donation to the Statue of Liberty and the distribution of teddy bears to hospitalized children.

A first place ribbon was presented to Debbie Beck for creative arts and holiday crafts.

The event was culminated by the presentation of the coveted Diamond Dozen Award which was accepted by Mary Ann Flor, the group's president. The award is given to the 12 best Junior Woman's clubs in the state. The Junior Woman's Club of Belleville was cited for outstanding service and dedication to its community, state and nation and the promotion of international understanding.

Women between the ages of 18 and 35 interested in becoming a member of the Junior Woman's Club can call membership chairperson at 751-4975.

Hand crafts on display this month at library

A collection of hand crafts by Mrs. Vivien Lacerenza of Belleville are now on display through June 30 at the Nutley Public Library.

The display includes various types of hand crafting such as quilting, crocheting, embroidery and beaded ornaments. Lacerenza was taught to

crochet and embroider as a child, but her interest has expanded to include other types of needle work. She enjoys giving her handmade items to relatives and friends as gifts.

Lacerenza is an employee of Nutley Public Library, 93 Booth Drive.

Belleville Times SPORTS

Season ends 18-8-2

Baseball team's successful season filled with pride and emotion

Ralph La Conte tells a story of his 1985 Belleville baseball team that has absolutely nothing to do with wins and losses. It has something to do with heart, emotion and class.

"One of our fans, a man known to people in town as 'Artie' lost his wife late this season," La Conte recalled. "Our kids really felt for him. Right after a win late in the season, the entire team went to the funeral home to pay their respects to Artie and his wife. I think they played the final conference game of the season against Clifton for Artie. The team hit the ball all over the place in the first two innings and that win gave us a share of the conference title. I'd like to think that we filled a void in someone's life. They had a purpose in this

game, to win it for Artie. He has been such a big part of our games for so many years. When he lost his wife, we felt it was our way of showing him our respect for his loss. The team showed up in uniform to the funeral parlor and did it together. It really told me something about this team."

What the Buccaneers did that day did nothing to the won-lost record, but certainly showed what a group of 16 and 17 year old young men can do when they put their hearts ahead of their athletics.

As far as the season is concerned, Belleville certainly had reason for pride. The Bucs finished with an 18-8-2 mark, good for a share of the NNJIL title, sharing the crown with Bloomfield. The Bucs were 10-4

in the conference, 11-2 on their home field.

The season was the best at Belleville High since the 1981 team finished with a 22-7 mark and captured the GNT. "We set some goals at the beginning of the season," said La Conte. "One of them was to improve over last year (a 16-9-2 mark). Secondly, we wanted to contend in the conference, which we certainly did. We wanted to advance in the Greater Newark tournament farther than last year, which we did not do, but we did go further in the states than last year, which was also a goal."

La Conte noted the entire program had an excellent season. The junior varsity team, under Nick Grande, was 17-4-1 while the freshman, behind Dan Borgo, Mike Nicotia and Joe Lipoma finished 16-4. "I can't say enough about my coaches," La Conte said. "They did a tremendous job. Everyone was so important to the success of the team this year."

La Conte also expressed thanks to the Mayor, Michael Marotti and to Commissioner Joe Grande and his staff for the excellent work done on the field. The Bucs had a beautiful scoreboard this season and had two sets of uniforms, plus scrimmage uniforms. "The Board of Education was also a very big help," La Conte continued. "All these extras gave the kids an identity. We had a great home record, and all these extras, plus

Special Visit - The Belleville High School Varsity Wrestling Team recently visited Senate President Carmen Orechio (fifth from left), who honored the team for its winning season. Golf team finishes one game over .500 for a 10-9 season

Past golf teams at Belleville High have compiled some impressive marks: 8-2 in 1981, 9-4 in 1982, 11-5 last season. The previous Buccaneer linksters have been one of the steadiest varsity programs, as far as wins and losses are concerned.

This years team did it differently. The club posted a 10-9 mark, just one game over .500. However, as coach Rocco Colucci would say, "we did it when we had to."

Truer words were never spoken. The Bucs got on a hot streak at the most opportune time, winning a share of the NNJIL title with Nutley. The linksters did it by taking a tri match with Nutley and Clifton in mid May. "That was the season for us," Colucci said. "We

started slowly, picked up in mid season and then ended slowly."

The Bucs were 10-6 after the conference clincher over Nutley and Clifton, but fell in the final three matches to post a 10-9 mark. Despite the slow finish, the Bucs had done their job.

"It was a nice season for us," Colucci said. "I never expected this to happen this season. We had lost some big players from last year and I figured this was a rebuilding season all the way."

Players like Greg Simone, Brian De Furia and Frank Riker had different ideas. Simone, a senior, was the number one man on the team, doing an excellent job. He was named to the first team, NNJIL, Essex Passaic section, for his fine play. Simone joins past Belleville linksters

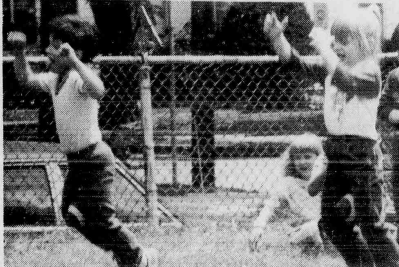

Jack Mallack, Joe Pontrella and Jim Apple as outstanding number one players.

"He did a solid job for us," Colucci said of Simone. "He'll be very hard to replace."

Riker, also a senior, alternated between the number three and four position. Riker was a three year man who contributed a lot to the program," according to his coach. Riker also earned second team NNJIL honors for his work on the course.

Senior Anthony Palermo completed his first year of competition. "I'm just sorry he didn't come out earlier," said Colucci. "He was an outstanding competitor. He earned honorable

Buc Shots

By Mike Lamberti

After nine months of non stop excitement, the 1984-85 school year is near an end. Graduation is upon us and Belleville High will bid farewell to a very special group of seniors. In sports this year, Belleville represented itself quite well, winning conference titles and gaining playoff berths in its respective events. This seems an ideal time to look back on the past nine months and reflect on the 1985-86 school year, which, believe it or not, is just ten weeks away.

It all started in early September, with the football, cross country, soccer, tennis, gymnastics and volleyball squads taking center stage. Big things were expected from the Buccaneer football team, with the entire offensive line returning from 1983 and a group of hungry runners looking to continue in the long line of football excellence at BHS.

In 1982, Belleville became a member of the NNJIL conference, competing with Bloomfield, Nutley, Passaic, Passaic Valley, Clifton, Montclair, Paterson Eastside and Paterson Kennedy. However, the conference realigned itself for the 1983-84 school year, with Belleville thrust into a division that consisted of Ridgewood, Teaneck, Hackensack, St. Joseph's and Passaic. This past

season, it did another about face, with the Bucs joining the 1982 format, minus Passaic Valley, and reviving the big rivalries with Bloomfield and Clifton, not to mention Nutley.

The Buc football team was looking for a conference title and knew that strong competition would come from Passaic, Montclair and Clifton. "This might be the toughest conference in the state," head coach John Seneky said before the start of the '84 season. "Every team has a lot of potential, there won't be a break the entire season."

Indeed, there was not a break. In addition to the Essex-Passaic division foes, the Bucs also battled two tough interdivisional rivals in Bergen Catholic and Don Bosco. Those teams battled for the championship of Parochial A, with Don Bosco winning. Don Bosco was also the defending Parochial champion from 1983.

Belleville opened with a 14-0 victory over Don Bosco, in Ramsey. It was a hard fought contest on a very warm September afternoon. Anthony Gizzo scored first, picking up a Don Bosco fumble and returning it ten yards for a score. Late in the fourth quarter, after the Belleville defense had held a late rally, Michael Gibbons took a handoff from Mark Walsh and

ran 89 yards for the clinching score. The victory gave the Bucs momentum for the big challenge in Bergen Catholic the following week.

It wasn't meant to be in week number two. The Bucs were shutout for the first time since the 1981 season, losing 21-0 at home. Bergen Catholic played a flawless game and possessed a very big team that wore down the Bucs and kept the running game in check.

Belleville bounced back with a 26-0 victory at Eastside and a 35-6 romp over Bloomfield at home. The double victories boosted the Buc record to 3-1 and set the team up for the two most exciting weeks in the season. Belleville would play Passaic and Clifton on consecutive weeks with a lot more than a conference title on the line.

In week five, Belleville and the Indians of Passaic continued the rivalry that has become synonymous with excitement since the late 70's. This game was no different. The Bucs scored first, driving 80 yards after the opening kickoff and hitting paydirt when Walsh hit John Olivieri with a seven yard TD pass. It was 7-0 early and everyone prepared for the powerful Indians to come storming back. Passaic had not lost since the Thanksgiving Day game in 1982. They

were 11-0 in '83 and had lost just three games in the last four seasons. Belleville had handed Passaic two of those losses.

In another thriller, reminiscent to the 3-2 game of 1982 and the 7-0 contest in '81, Belleville held on for a 7-0 victory, boosting its record to 4-1. The team had little time to rejoice, because the following week, Clifton was waiting, with a huge team and undefeated record. Once again, Walsh-Olivieri was the difference, with the tandem hooking up for the only TD of the game as Belleville won, 7-3.

The Bucs stopped Paterson Kennedy, 19-7 in week seven, but lost some key members of the team in the process to injuries. Without those players, such as Dom Di Paolo, Jim Caponi and Ralph Chimmento, Belleville lost to Montclair, 28-0. Union, 42-0 in the Group IV, Section II playoffs and Nutley, 19-6 on Thanksgiving Day. The loss to Nutley was the first since the 1977 season and cost Belleville the conference crown since Passaic had upset Montclair on Thanksgiving Day. The Bucs finished with a very respectable 6-3 mark and lost 26 seniors to graduation.

The Buccaneer soccer team, under Tony De Aquino, worked on a rebuilding season after a tremendous

campaign in 1983. The Bucs had a good defensive team, but were unable to score a lot of goals. The team held its own in the conference and were led by Luke and Mike Silletti, Keith Woods, Ozzie Stefanon and Bill Donnerstag, the goalie. De Aquino should have a good team on the field next fall.

The Buccaneer cross country team was led by Craig Braden, Robert Hutchinson and William Iruamini. The team showed improvement during the season, competing against some tough schools from the NNJIL. John Tosato's team also featured a freshman girl, Joyce Luongo, who did a tremendous job in her first year out. Tosato will return some good athletes next fall and hopes for a strong performance in the conference.

Over to the girls, the volleyball team, under Grace Worley, had a fantastic season. The girls finished with a 16-8 mark, advancing to the state semi

Belleville Braves split two games, record now at 2-5

The Belleville Braves split two games last week, defeating Cranford, 6-4 and losing to the New Jersey Cubans, 4-1. The Braves enter a very busy week of action with a 2-5 record.

This week, Belleville traveled to Union last night to face the

Rams. Tonight, the Braves travel to Montclair to face Montclair State College, starting at 6 p.m. This Sunday, Belleville will host a tough Parsippany team, starting at 5 p.m. on the BHS field. On Monday, Belleville battles the Union Jays in

Union starting at 6 p.m. and next Tuesday, the Braves travel to Parsippany for a double header, which commences at 6 p.m.

Player-coach Anthony Coco feels the team is starting to come around after a slow start. "We're starting to play better. I think the team is starting to jell. The race is wide open in our division. I mean we're 2-5, but we trail by just two and a half games. We'll be there in the long run."

While Coco predicts that his

team "will be there", the Braves missed the bus against the New Jersey Cubans last week. The Cubans won, 4-1, defeating Coco and lowering his record to 0-2 this summer. Belleville's only run scored when Tim Duven drilled a homer in the first inning. "They had a good team, Coco said of the Cubans. "A lot of their hits were bleeders but they got the hits when they counted."

New Jersey led, 2-1 in the sixth inning when they scored two

runs to pull away.

Against Cranford, the results were a little better. Belleville used an eight hit barrage to win, 6-4. The Braves scored twice in the first and third innings, then added solo runs in the sixth and seven innings to win. Cranford tallied three times in the first inning, but then were shutout until the sixth inning.

Ed Grzybowski was the winning pitcher for Belleville, hurling a complete game and striking out eight. He evened his record at 1-1 on the season. In the first inning, Luke Iovine led off by reaching safely on an error. Dan O'Grady then singled and Gary Cook lined a single to score Iovine.

Steve Qarlick then lofted a sacrifice fly to score O'Grady and give Belleville a 2-0 lead. Cranford scored three times in their half of the first to regain the lead, 3-2, but Belleville took the lead for good with two runs in the third inning. Iovine

singled and went to third on a single by O'Grady. Cook lined a double to score one run and Karlick hit a single to score O'Grady and give Belleville the lead for good.

In the sixth, Belleville increased the lead to 5-3 when Dom Vazzano drilled a double, went to third on a sacrifice and scored on a suicide squeeze by Mark Roll. Cranford scored once in the sixth to cut the gap to 5-4, but Belleville added insurance in the seventh with one more run.

O'Grady was hit by a pitch and scored when Mark Grillo hit a double. The final run was all Grzybowski needed to finish his complete game.

The Braves bats have been hot in the early going. Vazzano leads the way with a .538 average, followed by Duven, .500, Greg Weber, .429 and Grzybowski, .333. Now that the schedule is starting to pick up, Coco feels the team will improve with continuity.

Armando Di Villa
By Lisa A. Grimaldi

Armando Di Villa ranks as one of the finest restaurants in the area. From the matre'd to the table lines, one word describes Armando's: "class", and that is the atmosphere which prevails.

The menu features gourmet Italian specialties, more European-style than Italian-American dishes. The appetizer list emphasizes vegetables and seafood; offering dishes such as the Antipasto Fredro Casalingo (home-made cold marinated vegetables), Scampi alla Griglia (broiled jumbo shrimp in garlic sauce) and Spiedino Alla Romano (cheese brochette with wine and Anchovy Sauce).

A plate of traditional Italian Zuppe (soups) is a nice second course. Minestrone Piemontese, Pasta Fagioli, and Cappelletti in Brodo (with meat-filled dumplings) are good choices to try.

Armando's has 15 pastas on its dinner menu, which can be ordered as either a main or secondary course. Traditional favorites like Manicotti, Fettucine Alfredo, and Ravioli are available, as well as more "exotic" pastas. The Paglia e Fieno (white and green noodles with onion, prosciutto, mushrooms, and peas in clam sauce) is absolutely delicious. The noodles are very thin and fresh, and the combination of ingredients is superb.

Several salads and vegetables are offered, and are far more sophisticated than those dishes in standard restaurants.

Veal, chicken, grilled meats, and fish are cooked up several different ways by Chef Armando. An interesting dish is the Costoletta alla Valdostana (stuffed veal chop with Fontina, Prosciutto, and truffles); and Pollo alla Marengo (chicken sauteed in butter with brandy and tomatoes).

The desserts are equally as elegant as the main fare. Italian pastries, cakes and gelato are classic items to end your meal with. Those with more exotic tastes can choose cherries jubilee, banana flambe, or fragile portofino.

Friendly host Onofrio Pellegrini said that there are always daily specials; and if there is something you desire that is not on the menu, just ask him. There is also an extensive wine list, with both imported and domestic selections.

A separate room is available for functions including 10-50 people; a much larger one is available for large affairs.

Lunch (with a special menu) is served from 11:30 - 2:30. Dinner from 5:00 - 10:00 p.m., every weekday except Monday. Saturdays just for dinner, and Sundays 1:00 - 8:00 p.m. Reservations are recommended. Seating is for 100 persons.

Armando Di Villa is located at 800 Bloomfield Avenue in Nutley. Phone 667-8899.

Baseball season ends 18-8-2

(Continued from page 13)

the great fan support helped to the season we had."

The players also contributed. The Buccaneer offense was red hot at the plate, hitting over .349 in the starting lineup. Catcher John Auriemma hit .391, with seven homers, 26 ribbies and 26 runs scored. Auriemma earned NNJIL honors for the second season. Last year, the junior was named for his work as designated hitter. He had the key homer in the win over Bloomfield and should be a marvelous player next season.

Junior Dave Long hit .378, with four homers and 31 runs batted in. He had nine doubles and played a solid center field. Long, a fine all around athlete, will be a man to be heard from next year.

Junior Allan Ruopp batted a robust .384 and was the pitcher involved in both Bloomfield decisions, a 5-4 win and 5-4 loss. Ruopp's forte was pitching and the junior was 4-1 with a solid ERA of 2.98.

Senior Joe Mullaney drove in 20 runs, hit .353 and scored 22 runs this year. "He played a tremendous shortstop for us," said La Conte. "He and Dean Sternik (second baseman) both were named to the first team,

NNJIL, so we had a pretty good middle defense."

Mullaney led the team with 36 hits and possessed excellent hands on defense.

Senior Jim Caponi had three game winning hits, batted .323 with 18 ribbies. Caponi had some big hits in the early going, when the offense was not producing, to keep Belleville in some important games. Steve Mulhearn, also a senior, hit .274 with four homers, 21 ribbies and five doubles. Mulhearn also had three game winning hits and was tremendous on defense at first base. He made just one error in over 160 tries.

Joe Feith, a senior, hit .306, scoring 13 runs. His biggest moment came on the game winning single that beat Bloomfield and kept Belleville in the conference race. Feith played third base and is an excellent athlete.

Dean Sternik, a senior, also was a valuable contributor. He hit .306, with 14 runs scored, four doubles and a fielding percentage in his three varsity seasons of over .900. "I can't say enough about Dean," La Conte said. "He's been with me for three years and has come full cycle. He led by example. He was first team NNJIL and solidified our infield. He will be very difficult

to replace."

In the end, Ruopp was 4-1 with a 2.98 ERA, sophomore Jim Dunphy posted a 7-1 mark, with a team leading 2.75 ERA. "Jim started slowly for us," said La Conte. "He was a big man in May, helping us in the conference and state games. He's going to be a very good pitcher before his career is over."

Senior Tom Reid was 4-2-2, with a 3.76 ERA. He appeared in 13 games, struck out 48, and registered over 100 K's during his career. He had a career mark of 9-6 in his varsity stint and this season hurled 59 2-3 innings. He was credited with five complete games.

Junior Mark Palumbo was cruising along before a groin injury put a premature end to his season. He was 2-2 and had hurled a one hitter against Hackensack before the injury. Next season, he should be back in 100 percent form and a big member of the staff.

Rounding out the staff, Brian Tice was 0-1, Steve Mulhearn was 1-0 and Lou Lucante finished 0-1.

In the field, Lucante hit .292 and the sophomore should be a big help next season. Sophomore Al Best hit a homer in his first varsity game and was named MVP of the jayvee tourney this year. He could play first base for the varsity in 1986. Senior Sam Zamblot and Tice were excellent role players for La Conte. "Both men did a lot of things for us," the coach said. "They were fine players who gave us everything they had."

Junior Tim Coffey was a backup at shortstop, junior Joe Perna played backup at third and sophomore Vito Caprio saw time at catcher. All those men should be important links to next years team.

Astros win 8 straight

The Astros, winners of eight in a row in the Belleville peanut league, have taken over first place in the National Division.

The teams latest victim was the Cards, who fell by a whalloping 19-0 count. The Indians did not have much success either, losing to the Astros, 36-9. The Astros collected 48 hits in that contest with five players, Chris Imperatrice, Anthony Suffness, Kevin Klena, Marc Bruzzio and Terry Turi collecting four hits each to lead the way.

The Astros are coached by Pat Turi, Tom Klena and Jim Imperatrice. The team is 8-1, with three games remaining before the playoffs.

Applications for soccer are now available

Applications will be distributed in Belleville schools this week to Belleville students who wish to compete for the Belleville Soccer Association in the 1985 season. All Belleville youths who will be six years old on or before August 31, 1985 and not older than 18 on December 31, 1985 are eligible to play.

Any Belleville youth trying out for a Soccer Association team must return the application in person at the Belleville High School stadium with his/her birth certificate on Saturday, June 22, 1985 between 10 a.m. and 4 p.m.

Returning players are also required to apply.

1984-85 sports seasons end

(Continued from page 13)

and missing out on the conference crown to powerful Bloomfield. The girls were paced by seniors Debbie Worley, Donna Brooks and Liz Goldrick. The "Wizards" of Worley lost to Fair Lawn in the semi finals but it didn't take away from the marvelous performance turned in by the young ladies. Worley is looking for another big season next fall, although she admits that replacing the likes of Debbie Worley, Brooks and Goldrick will not be easy.

The girls tennis team, under Karen Fucello, had a difficult season. The girls were hampered by the loss of senior Cheri Tillman, the teams number one singles player that went down with torn ligaments in her ankle. With Tillman out, the team

looked to junior Desiree Johansen to tackle the number one spot and the young lady came through very well. Cheri's younger sister, Jackie, also performed well on the singles level and should be a big asset to future teams. Fucello also received a solid performance from Janet Reiman, who returns next season as well.

Finally, the gymnastics team, led by coach Ray Iannuzzi, finished with a 2-9 record, but has optimism about the future. Seniors Linda Wujciak and Gina Lemongello led the way, coming through with some very impressive performances. Sophomores Alise Davies and Tina Charles did very well last fall and should be key assets to the 1985 team.

Next week, we'll continue the look at the '84-85 school year with a look at the winter sports scene.

CHIROPRACTIC
HEALTH CARE
THE WAVE
OF THE FUTURE

Historic healing means treating the whole person. It focuses on working with the healing power within the patient. The major causes of disability and mortality in our population are the chronic diseases: coronary heart disease, cancer, stroke, hypertension, diabetes, obesity, arthritis, and the like.

These diseases are the result of many complex causes and combinations of factors such as diet, stress, nutritional deficiencies, over consumption, occupational stress, and uncontrolled emotions. The holistic practitioner is concerned with addressing all these factors that are not conducive to health rather than treating each symptom with a drug.

You don't lose health at all, and you usually don't gain it back by doing just one thing. It is possible to come out of a doctor's office with a clean bill of health - no signs of heart disease, no diabetes, no evil lumps or sores - and still not be all that happy about it because you just don't feel right. Perhaps you're a bit stiff in the joints, chronically achy here and there, and often tired and fatigued. Holistic practitioners will peel away the outer layer of confusion to get at the inner meaning of the symptoms you have. It takes time to educate his patients about principles of healthful living.

The average person is not health conscious because he hasn't the slightest inkling of the diseases it will give him. What a wonderful feeling to wake up some fine morning to realize you haven't had a cold or headache for a year, you're free of pain, and you have more energy and are more cheerful than you've been in years.

Pet of the Week

Ziggy

Ziggy, a yellow-naped Amazon parrot, is the pet of Bloomfield Life Editor Karen A. Lynch, her husband Bob and daughter Shana.

Like many birds in the Amazon family, Ziggy is affectionate and a good talker, with a current vocabulary of about 30 words. Experts agree that parrots are unable to think. Yet Ziggy routinely greets family members by name, yells "Cracker!" when he's hungry, and calls "Bye-bye!" when someone leaves the room. He often asks, "What are you doing?" - and keeps asking until he gets an answer.

He also likes to sing and has a repertoire of first lines ranging from "La Cucaracha" to "Way Down the Swanee River."

Ziggy, whose species is native to Mexico, enjoys a basic diet of mixed seeds and nuts supplemented by fresh fruits and vegetables. About five years old, he can expect to live another 50 to 70 years with good care. He is about 16 inches long, with a wing span of nearly two feet, and is permitted limited flights indoors.

Usually playful, sometimes moody, he rules the roost over fellow pets Jack, a conure parrot; Freddy, a parakeet; Barkley, a mixed cocker spaniel, and assorted fish.

Readers are invited to send a photo of their favorite pet and a description up to 200 words telling about the animal - its name, how or why it was chosen, any unusual habits or characteristics, and why it is a special member of the family. Please be sure to put your name and the pet's on the back of the photo.

Belleville Library plans variety of summer events

Many programs for children, teens and adults are planned at the Belleville Public Library, 221 Washington Ave., this summer.

While their children are engaged in a children's room activity at the main library, there will be programs for their

parents, along with teens at 10 a.m. In addition, lunch hour films are planned for noon on Thursdays for all age levels.

To obtain a complete listing of programs, request the "Programs and Crafts Newsletter," and "Dimensions" on your next visit to the library.

Programs will be held at the main and branch library as well.

mention in the league. He was a mature athlete who was a pleasure to coach."

Junior Brian De Furia was named to the first team for his play in the number two position. De Furia is the early choice to be the number one player next spring. "He has to work during the summer," Colucci said. "He has to get to the point where he can play with anyone in the number one position. Hard work can get him to that position."

Sophomores Joe Tower, Tim Nielsen and Joe Cerretto, along with freshman Joe Dente will be key elements to the 1986 team. Our starting five could be De Furia, Nielsen, Cerretto, Tower and Dente next season," Colucci said. "The key now is playing time. If the kids hope to improve, they have to put forth the effort, especially during the summer. This is the time to work hard, to put out that little

extra that can help them next season. Maybe, when they approach a difficult shot next year, they can say that they have been practicing that shot and know exactly how to take it. That's the sign of an improved player."

As for this season, Colucci couldn't be happier. He didn't expect the team to come around as well as they did, but he'll take the verdict nonetheless. It was a marvelous season for the linksters, the 1985 NNJL co-champions.

Champion Gymnast - Gina Basile, formerly of Belleville, was a recent participant in the McDonald's Championships of the USA in Jacksonville, Fla. Basile is the daughter of Mr. and Mrs. Gino Basile.

Registration now open for tennis program

Registration is now open for Essex County's four-week, low-cost tennis instruction program for Essex County youth at three parks throughout the county.

The fee for the four-week course is \$12 for children between the ages of 8 through 14. For registration information and session times, call the Essex County Parks Department at 485-6080 or 485-7032.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Molo

Mr. M. of Cedar Grove asks: "When I eat sweets, I get a sensitivity around my crowned tooth." Why is this happening and what needs to be done?

There are many possibilities Mr. M. and here are a few:

1) If the crown has temporary cement, Mr. M. that you're experiencing could be from a washing out of the temporary cement leaving a space so sugar and bacteria can start a decaying process.
2) If the crown has a permanent cement, then possibly from not brushing the gum correctly may have caused a recession of the gums, exposing an area of the tooth not covered by the crown. This area is quite sensitive to acid produced from sugar in the mouth.
3) If the crown is interfering with your chewing process because its shape, than the extra pressure on the tooth could affect the nerve and cause sensitivity.

Thank you.

TOWNSHIP ORDINANCE
PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Township of Belleville, New Jersey, on Tuesday evening, June 11, 1985 and further notice is hereby given that a second and final reading of said ordinance will be considered by said Board of Commissioners at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday evening, July 2, 1985 at eight o'clock p.m., when all objections to the passing of the same will be heard and considered.

BOND ORDINANCE PROVIDING FOR THE REPAIRING AND RESURFACING OF VARIOUS STREETS, THE CONSTRUCTION OR RECONSTRUCTION OF CERTAIN SANITARY SEWERS, STORM DRAINS, CURBS AND SIDEWALKS, AND IN AND BY THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$670,000.00 THEREFOR, AND AUTHORIZING THE ISSUANCE OF \$638,000.00 BONDS OR NOTES OF THE TOWNSHIP FOR FINANCING PART OF THE COST THEREOF.
BE IT ORDAINED BY THE BOARD OF COM-

MISSIONS OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY.
Section 1. The improvements described in Section 3 of this bond ordinance is hereby authorized to be undertaken by the Township of Belleville, New Jersey as a general improvement. For the improvements or purposes described in Section 3, there is hereby appropriated the sum of \$670,000.00, including the sum of \$32,000.00 as the down payment required by the Local Bond Law. The down payment is now available by virtue of provisions for down payments or for capital improvement purposes in one or more previously adopted budgets and an emergency appropriation.

Section 2. In order to finance the cost of the improvements or purposes not covered by ap-bonds are hereby authorized to be issued in the principal amount of \$638,000.00 pursuant to the provisions of the Local Bond Law. In addition to the issuance of the bonds, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. (a) The improvements, hereby authorized and the purposes for the financing of which the bonds are to be issued are the

reparing or resurfacing of various streets and the construction, or reconstruction of certain sanitary sewers, storm sewers, curbing and sidewalks, including the acquisition of all materials necessary therefor and all work necessary therefor or incidental thereto.
(b) The repairing and resurfacing project shall include Adelaide Street from Graylock Parkway to the Town Line, Arthur Street, Beech Street from Little Street to Graylock Parkway, Belle Terrace, Bellevue Court, Branch Brook Drive, Hickory Court, Jerome Avenue, King Place, Liberty Avenue from Passaic Avenue to Franklin Avenue, Linden Avenue from Joralemon Street to Little Street, Madison Street, Mt. Pleasant Avenue, Parkview Avenue, Perry Street, Sycamore Drive, Van Riper Place, Walnut Street, Franklin Street from Passaic Avenue to Chestnut Avenue and Division Avenue.

(c) Curbing and sidewalks, including storm drainage, shall be constructed or reconstructed on Division Avenue from Washington Avenue to Union Avenue.
(d) Sanitary sewer mains and storm drainage facilities shall be constructed or reconstructed on Chestnut Street from Passaic Avenue to Franklin Avenue.
(e) The estimated maximum amount of bonds or notes to be issued for the improvement or purpose is as stated in Section 2 hereof.

(f) The estimated cost of the improvements is equal to the amount of the appropriation herein made therefor.

Section 4. All bond anticipation notes issued hereunder shall mature at such times and in such amounts as may be determined by the chief financial officer, provided that such notes shall mature later than one year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with the issuance and redemption of such notes, and the Chief Financial Officer's signature upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 40A:2-8(a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to accept payment of the purchase price prior to receipt of payment of the purchase price as provided interest from their dates to the date of payment. The Chief Financial Officer is authorized to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

Section 5. The capital budget of the Township of Belleville is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the New Jersey Local Finance Board showing details of the amended capital budget approved by the Director of the Division of Local Government Services in the Department of Community Affairs is on file with the Township Clerk and is available there for public inspection.

Section 6. The following additional matters are hereby determined, declared, rectified and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses. They are improvements or purposes that the Township lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of the improvements or purposes within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is as follows:
Paving, Curb and Sidewalks (\$610,000.00) - 10 Years
Sanitary Sewer and Storm Drainage - (\$60,000.00) - 40 Years

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided for in this bond ordinance by \$638,000.00 and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An aggregate amount not exceeding \$28,000.00 for items of expense listed in and permitted under N.J.S. 40A:2-20 is included in the estimated cost indicated herein for the improvements or purposes.

Section 7. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to pay ad valorem taxes upon all the taxable property within the Township for the payment of the obligations and interest thereon without limitation of rate or amount.

Section 8. This bond ordinance shall take effect 30 days after the first public hearing thereon after final adoption, as provided by the Local Bond Law.
