Commissioners will meet Aug. 1

The Belleville Board of Commissioners will meet with the Belleville Redevelopment Agency Tuesday, Aug. 6, 6:30 p.m., at town hall.

The meeting will be followed by a 7 p.m. caucus session and an 8 p.m. public session.

The public meeting will be the only one conducted for the month of August.

Matters in Brief

Library offers videocassettes

The Belleville Public Library will offer a variety of videocassettes from the Garden State Film Circuit from July 29-Aug. 23.

They include: "Breaking Away"; "Buck Rogers Conquers the Universe"; "Cartoon Classics, Vol. 7"; "Curious George, Vol. 2"; "Die Fliedermäus"; "Flashdance"; "Once Flew Over the Cuckoo's Nest"; "Picture Book Parade"; "The Pink Panther"; "Psycho"; "Purple Rain"; "Scarlet Pimpernel"; "Taxi Driver"; and "Tender Mercies."

To rent a videocassette, one must have a Belleville Library card. The fee is \$1 per overnight period and \$2 on weekends and holidays.

AARP board will meet Aug. 1

The official board of the Belleville Chapter 2051 American Association of Retired Persons will meet Thursday, Aug. 1, 1 p.m., at the Fawcett Church, 444 Union Ave.

All members are urged to attend.

Zampino heads state commission

Gov. Thomas Kean has appointed Thomas P. Zampino of Belleville as chairman of the State Commission on Child Support.

The commission was created by the governor in an Executive Order of Nov. 27, 1984. Its creation was required by federal mandate, which directed each state to establish a commission to examine the state's system of child support and to make recommendations for changes and improvements.

Zampino is with the firm of Jackson and Zampino in Nutley. He was admitted to the New Jersey Bar in 1974.

Apply now for recreation leagues

Applications for the 1985 Belleville Recreation Touch Football League are available at the Recreation Department Office, 407 Joralemon St.

Boys, ages 8-12, are eligible for the program. Prospective participants must be at least 8 years old before Dec. 1, 1985 and cannot be 13 years old before Dec. 1, 1985. All returning players must re-apply.

Registration forms for football can be picked up at the office Monday - Friday, 8:30 a.m. - noon and 1-4 p.m. Parental permission and birth certificates are required for each and every boy before the Sept. 13 deadline.

Applications for the newly formed Belleville Recreation "Junior Bucs" football for boys, 8-14, will also be available at the Recreation Department Office. For information, call 450-3422.

Applications for the 1985 Recreation Soccer Leagues are now available at the Recreation Department Office, 407 Joralemon St.

Boys and girls, ages 7-14, who are residents of Belleville are eligible to take part in this program. Participants must be at least 7 years old on Dec. 1, 1985 and cannot be 14 years old before Sept. 1, 1985.

All persons interested in playing must apply even if they play 1st year. Ninth graders are not eligible.

Registration will be accepted in person only, Monday - Friday between 8:30 a.m. - noon and 1-4 p.m. Parental permission and birth certificates are required for all participants. No applications will be accepted by mail, by phone or through the schools.

Deadline for applications is Friday, Sept. 6

Six students now registered for class

School board votes to continue kindergarten class at School 9

By Michelle Jeannotte

In what seemed to be the fastest turnaround ever made, the Belleville Board of Education unanimously approved a motion this week to continue a

kindergarten class at School 9, regardless of the number of students.

Only two weeks ago, the school board had passed a resolution (4-3) to discontinue a

future kindergarten class at School 9 because there were only four students enrolled. The resolution, introduced by Superintendent of Schools Michael Nardiello, stated that if 10 students were not enrolled in the kindergarten class at School 9 before Sept. 1, the class would be discontinued.

However, because of the outrage expressed by parents at Monday night's meeting, Dr. Anthony D'Agostino, school board president, made a motion to continue a kindergarten regardless of the number of students.

The turnaround began to develop when Barbara Cicalese, president of the consolidated parents group, asked for an update on the situation. Nardiello responded by saying that two more students had been enrolled in the kindergarten class within the last two weeks, mostly due to the efforts of parents of the School 9 area.

Kathy Wesolowski, president of the School 9 Parent-Teachers Association, said that parents in the area went door to door asking whether or not they had

children of kindergarten age. She said two students were enrolled as a result of their efforts. That number now brings the total number of students enrolled in the kindergarten class up to six.

The board members, however, seemed to be stuck on the number 10 - the "magic" number necessary for a kindergarten to be conducted, at least according to the resolution passed two weeks ago.

However, parents spoke out on other instances where kindergartens were conducted with less than 10 students.

"When my son started kindergarten at School 10 six years ago," Mrs. Cicalese said, "there were only eight students, one girl and seven boys. The class just graduated the sixth grade and they had 22 kids."

Another parent in the audience also said that when her child began kindergarten a few years ago, her class had only seven students, one boy and six girls. That class, too, she said, had increased over the years.

Summer programs for handicapped combine recreation and education

By Michelle Jeannotte

Summer programs in Belleville this year are abundant. Some are recreational, others educational. There are two programs, however, that combine both.

The two programs, which combine both these elements, are the special summer programs for handicapped children. The programs, one for the older children and the other for younger children, are conducted from July 1-Aug. 9, five days a week.

One program, developed for children 6-16, is conducted at the Little League Field House under the direction of Diana Kelleher, activities coordinator, and Phil Linfante, program director. Forty-two children attend the program, 14 of which attend a basic skills program and are then transported.

Also in charge of the children are counselors and junior counselors. They are: Christine

Fusaro, Maureen Monahan, Jessica Llamas, Tina Charles, Danielle Richardella and Dionne Moriarty.

Dr. Anthony Chirico, director of special services, said that the program began about eight years ago through the efforts of Dot Kisal, who is the mother of a handicapped child. Dr. Chirico said Kisal, with the help of the mayor's office, established the program through the recreation department budget.

Today, Dr. Chirico said, the program is a joint venture between the Belleville Board of Education, the special services and the mayor's recreation department. This year's program, Dr. Chirico said, is funded through a \$143,400 Title VI grant obtained by the board of education. Those monies, he said, were partly used to hire an activities coordinator for the program.

The program which was first established had only been

recreational," Dr. Chirico said. "We wanted to add substance to it. The programs are enjoyable as well as educational."

Each program develops its

curriculum through the use of weekly themes, Dr. Chirico said. Instructors at the Little League

Five-year facility plan developed to determine future school repairs

A proposed five-year long-range facility plan was introduced to the Belleville Board of Education at its meeting Monday night.

The state-mandated plan, introduced by School Business Administrator Edward Appleton, was developed with the purpose of identifying future facility needs and develop plans which insure suitable facilities for students.

Appleton said the plan, which

focuses on enrollment projections over the next five years, determines whether or not a school board should maintain buildings or consider closings.

Appleton said the five-year plan is a planning tool for local school districts. He said it helps school boards determine what work needs to be done in the schools and how much the cost will be. He said costs of such projects would be incorporated in the school system's future

budgets.

For example, Appleton said, the cost of painting the high school interior and repair of the high school gym roof was incorporated into the 1985-86 school budget.

Appleton said the five-year plan focuses on major needs. Some of the repair work proposed over the next five years include:

- Roof repair (three schools).
- Electrical system repair (six

schools).

- Plumbing system repair (two schools).

- Structural repairs (eight schools).
- Window replacement (one school).

- Door repair or replacement (four schools).
- Classroom upgrading (three schools).

Total estimated costs for the period 1985-87 is \$641,000. - By Michelle Jeannotte.

Harmer, Parzel earn Provident promotions

Eleanor Harmer and Michael T. Parzel have been promoted to assistant vice presidents of The Provident Savings Bank, it was announced by Kenneth F.X. Albers, chairman of the board and chief executive officer.

Eleanor Harmer of Bayonne commenced her banking career at a teller in 1974. Later she was appointed to administrative assistant and in 1981 named to the office of assistant secretary. SUMMER COLDS

Summer sniffles can seem worse than winter colds. The reason is because adenoviruses, one of the four groups of viruses primarily responsible for summer colds, can make one miserable with conjunctivitis. This virus can also make a cold last longer than at other times of the year. These viruses thrive in underchlorinated pools and swimming holes. Do not deprive yourself of water sports, however. Hundreds of other cold-causing viruses can survive on a variety of surfaces for hours at a time. You can catch a cold almost anywhere. Fight a summer cold by taking plenty of fluids. Perspiring depletes the body's fluids. If traditional cold remedies do not bring relief, allergies may be the problem.

If your doctor gives you a prescription to aid in the cure of your problems bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. "Your Doctor Knows Us Your Doctor Trusts Us." We are Medicare and Blue Cross approved. Free prescription delivery is available, cameras and film, greeting cards and other items are stocked. Open: Daily 9am-10pm, Sundays 9am-9pm.

HANDY HINT:

If you get a "cold" at the same time each summer, it is probably an allergy.

Time for Prayer

Often we find a hate/love relationship between people and public officials.

President Ronald Reagan is not exempt from these feelings. There are people among us who love Reagan — and then there are those among us who passionately hate the President.

If the truth were known, the hate-Reaganites probably admire the man but hate his policies.

Love or hate — we must remember that we as a people, and as a nation, have only one president — and he is Ronald Reagan.

As all the world knows, our President is recovering, but remains ill.

He needs our prayers — now. So, whatever your politics — whatever your political philosophy — we ask you to join us and the nation in praying for the speedy — and full recovery of Ronald Reagan — the man — the husband — the father — the grandfather — the President. May God bless him and restore him to good health.

Shut-Ins and Volunteers

Recently, Mrs. Betty Barr contacted this paper in an effort to focus attention upon a critical need of sick and handicapped senior citizens served by volunteers.

The program is identified as "Meals on Wheels" — a lunch program for sick and handicapped senior citizens. It takes many volunteers to package the meals. Five days a week, two drivers and two runners are needed to deliver approximately twenty lunches per route. There are two routes that take about ninety minutes each to deliver between the hours of 10:45 AM and 12:15 PM.

Betty Barr advised us that recently the program was unable to get a runner, and consequently, nineteen sick and disabled people received no lunch on a particular Thursday. And so — Betty Barr observed, "How very sad that we cannot get people to drive or run at least one day a month when needed."

Mrs. Barr further observed that the program — without volunteers

will fail. If that happens, who will have the guts to tell the shut-ins the "Meals on Wheels" program has come to an end? Who will tell the shut-ins nobody cares? The aging citizen faces enough problems without wondering day after day whether or not the noon meal will arrive.

If you have the time — if you have the compassion — if you have love in your heart — and want to perform an activity that will make you feel really good about yourself, then please call Dot Fried at 759-4429. Tell Dotty you're available to drive or be a runner for "Meals on Wheels". You will make her day, too.

Bill Giacobe: A Determined Man

It took a local resident, Bill Giacobe, more than 90,000 paper matches and 15 months to complete a 87" replica of the Empire State Building. This is an absolutely phenomenal achievement.

In the first instance, a person had to perceive the project. Perhaps, equally important, is the need to commit oneself to an enormous project that would have no economical value but satisfaction to the heart and mind of the builder.

Giacobe is not stopping with the Empire State Building. He has other projects in mind. The George Washington Bridge has already been started and the

Chrysler Building will follow in its wake.

We admire Bill Giacobe for his perseverance, his tenacity and his determination.

By any standard, this guy's a winner. Congratulations, Bill Giacobe. You are a credit to Belleville.

BRC founders grateful

To the editor:

The history of Belleville came to a crossroad recently. In one direction were certain special interests who attempted to force a radical transformation of our township. The other path, a more moderate rebirth of our township, was supported by an overwhelming majority of our citizens.

Through the efforts of hundreds of people, the word "blight" was laid to rest and a revitalization program was fashioned by the Belleville Revitalization Committee (BRC). Our proposals were accepted by our commissioners and we are already reaping the fruits of our labors.

The town hall project is in progress and the Economic Development Corporation of Essex County has been brought in and is providing services and financial incentives to our local businesses. Most important is a new spirit, an awareness that Belleville will be revitalized and no one will be displaced.

I and Lou Cicenia of Charles Jewelers, co-founders of the BRC, would like to publicly thank all the many people who assisted us in accomplishing our goals. Listing all their names would be impossible, but I would be remiss if I failed to thank Mrs. Betty Gervolino, a 75-year-old youngster who hardly missed a meeting, did more leg work and phone calling than 10 teenagers could have

done and was an inspiration to everyone.

Our thanks also to Mr. Martin Dolan, whose technical and legal advice was invaluable.

Special thanks to Senator Carmen Orechio, who shared our concern of the future of Belleville. His assistance and direction were appreciated and his introduction to our attorney, Mr. William L. Brach, proved to be the turning point of our efforts. Mr. Brach is not only a very competent and knowledgeable attorney but a gentleman of the highest caliber.

Thanks to all our citizens and businesspeople who attended scores of meetings over a two-and-a-half-year period. To all who contributed to our legal fund, we thank you.

It was refreshing to see so many people participate in our governing process. It proves government can work by and for the people, but only when the people get involved. We must now stay involved or it will be real easy for individuals with selfish motives to dictate policy once again.

The \$10 million town hall project is one that requires close scrutiny by all our citizens to ensure that we taxpayers receive what we are paying for. Our town meetings should never again have an attendance of only four or five citizens. Get involved so we can truly have a better Belleville.

Letters to the Editor

Seniors: beware rip-off

To the editor:

Some time ago, the executive director of the American Association of Retired Persons (A.A.R.P.) advised the members that he had sent a strong letter of protest to past Congressman James Roosevelt to stop him from mailing misleading information to citizens receiving Social Security benefits, designed to scare them into believing that they were about to lose their benefits.

The way to prevent this terrible loss, according to the illustrious individual, was to send him \$10 disguised as an annual "membership" in his "committee." It is easy to figure, if only one million needy senior citizens heeded his call, it would be a nice haul. And then, if they were foolish enough to "renew" their membership in James Roosevelt's cause, so much sweeter it would be.

Today, I received an impressive-looking envelope, which in addition to my name and address, had the follow-

ing emblazoned on it: National Administrative Office, 1300 19th St. N.W., Washington, D.C. 20036. National Committee, Social Security and Medicare Documents Enclosed; Attn: Belleville Postmaster, Time Dated Official National Committee Documents Enclosed; Expedite for Immediate Delivery.

Now I realize that (perhaps) there is nothing illegal on the envelope, but there is no doubt in my mind that the wording on the envelope is misleading. It did not contain Social Security and Medicare documents, but statements in letter form, designed to spread alarm among senior citizens and destroy faith and confidence in our government. My hope is that all senior citizens recognize the mailing for what it is — just another attempt to rip us off, this time by a past "honorable" member of Congress with no left.

Golden Comments

by James R. Golden

The column extends its felicitations to Mrs. Claudia Hartman and Ms. Maria Garcia who were recently chosen to attend the Governor's School at Monmouth College. They were among 300 gifted high school students selected for the month-long sessions of accelerated study in public policy, the sciences and the arts.

The girls' selection for this honor is a glowing reflection upon the improving quality of education in the local school system, especially for quality students bent upon improving their education.

President Ronald Reagan's Bloomfield tax reform speech was reasonably subtle when he assured New Jerseyans they didn't live in a high-tax state, pointing out that the highest income tax rate in New York is four times higher than New Jersey's.

But New Jerseyans pay out an average of 11.17 percent of their income in state and local taxes, which is the fourth highest rate in the nation, even if it doesn't match New York's payout rate of 15.35 percent.

The state-local deduction in New York is worth \$1,133 to taxpayers who itemize. In New Jersey, it is worth \$723. In Wyoming, \$205, and in Louisiana, \$224.

Any which way you cut it, the loss of this deduction hurts more than five times in New York than in Wyoming; it is three times more painful in New Jersey than in Louisiana.

President Reagan says your average New Jersey family of four earning \$36,500 a year will gain \$600 a year under his plan. A spokesman for New

Jersey Gov. Thomas Kean said your average New Jersey family of four earning \$42,000 would lose about \$700, which is why Kean, a Republican, is opposed to the elimination of the state-local deduction.

Try Ronald Reagan back in 1983 when Democrats in Congress were looking to eliminate the state-local deduction so as to save enough money to save some federal programs the President wanted to abolish.

That, declared Reagan, would amount to "a tax on a tax." Reagan was right then...Eliminate the deduction and what you have is not a tax on income but a tax on money you never see because it gets handed over to state and local treasuries...A tax on outgo is what it is. It's no good for New Jersey taxpayers. Gov. Kean should line up all our congressional members to vote down this inane tax proposal.

United States News & World Report in a chart of the federal tax bite states federal tax collections in fiscal 1985 are expected to reach \$714.2 billion, an increase of 10.7 percent from last year. The tax foundation estimates the tax bite out to \$3,010 per person in the 12 months ending Sept. 30.

The 10 states with the highest income will pay 38 percent of all federal taxes, with a per person average of \$3,471...Our state of New Jersey ranks fourth highest among them with a \$29.8 billion and a per capita tax of \$4,008. New York's per capita tax is lower, only \$3,373.

Obviously, the Reagan tax reform plan is not good for New Jersey.

Belleville Summer Fun celebrates Christmas

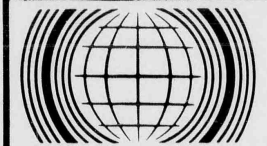

Children registered in the Belleville Summer Fun program, sponsored by Bethany Lutheran Church, recently celebrated Christmas with week-long activities.

Christmas Week included a Christmas worship service and a Christmas tree complete with ornaments and popcorn decorations made by the children. Gifts were made and exchanged among those enrolled in the program. Children also made two pinatas which contained candy later shared by the children.

Advent was celebrated the first week. Additional programs include: Epiphany; Lent; Easter; and Pentecost. Easter worship service will be celebrated Friday, July 26 at 10 a.m. Closing camp service will be Aug. 7 at 10 a.m.

Day trips have been planned for the Newark Planetarium and the Verona Park. Arts and crafts, music, computer fun, recreation, drum and piano lessons and Bible study are also offered.

The program, which concludes Aug. 9, is directed by Jacqui Moore, a teacher in the West Morris High School. Other staff members are: Debbie Savage, Dot Heerwig, Sol Duong, Harold Heerwig, David Moore and George Santulli. A class in

Lindsey Sutman appointed medical staff coordinator

Lindsey Sutman of Clifton has been appointed to Clara Maass Medical Center as its new medical staff coordinator.

In her capacity, Sutman is responsible for coordinating the physicians' medical committees, including the Clara Maass Medical Staff executive committee and the medical board. She is responsible for the administrative aspect of the credentialing process for the medical staff and for physician referrals to the community. In addition, she serves as editor for the medical staff newsletter.

Sutman did her undergraduate work at Connecticut College in New London and recently received a masters in public administration from New York University. Concurrent to her graduate work, she completed an administrative residency at The General Hospital Center at Passaic. She made the dean's list throughout her graduate and undergraduate career. She is a member of the American College of Hospital Administrators.

Sutman was born in Ft. Wayne, Ind., and grew up in Westfield. She currently lives in Clifton.

Fire Safety Tips

When Summer Heats Up

Nothing beats the great outdoors. When summer begins, activities pick up. Practicing fire safety will help you enjoy the outdoors - all season long.

Whether in the backyard or in open woods, follow fire safety rules.

- Campers should have a flame retardant tent with two exits, if possible.
- Never use lighted or flammable materials in, or near, the tent. Flashlights will shine safely.
- Be sure to build the fire downwind, away from the tent. Have a fire extinguisher on hand in case a fire gets out of control. Include a portable smoke alarm as part of your gear. Early detection provides precious moments vital to survival.
- Never leave fuel for propane or gasoline camp stoves in the trunk of your car over the weekend or longer than it takes to transport. If you must drive a full day, take time to open and ventilate the trunk periodically.
- Always extinguish campfires by drowning with water and then burying. Do not bury without drowning first. Warm ashes can rekindle a fire. Do not bury hot coals. Someone may step on them later.
- Never use gasoline or any other flammable liquid to start or accelerate a fire. Use charcoal lighter fluid, not coals, but do so cautiously. Read directions and pour the lighter fluid on before lighting, never after the coals have lit. The heat from the coals can cause the steam to ignite and burn back into the can, causing it to explode in your hands.
- Supervise children's learning and play. Curious, unsupervised play can cause burns in the backyard or open woods.

These fire safety tips have been provided by the Belleville Fire Department, F.M.B.A. Local 29. For information on these or any other fire safety tips, contact Fire Prevention Officer Andrew Depczek at 450-3374.

Large print books available for the visually impaired

For those who are visually impaired or handicapped, the Belleville Public Library, 221 Washington Ave., can provide assistance to township residents.

"The library has a worthy collection of large print books for adults and all ages," Fred Lewis, head of technical services, said. "Many current and traditional titles can also be found in the library's large print books for adults and children."

Some of the records that are available for the handicapped or visually impaired include: "A Few Minutes With Andy Rooney" by Andy Rooney; "Americans: Fifty Talks On Our Life and Times" by Alistair Cooke; and "Motherhood, The

Second Oldest Profession" by Erma Bombeck.

The library also has books on cassettes for the handicapped. Handicapped patrons using special records or cassettes may borrow cassette and record players free of charge.

Those wishing services from the N.J. Library for the Blind and Handicapped may obtain application forms at the library. A bibliography of cassettes and records available at the Belleville Library can be requested at the reference desk or by calling Mr. Lewis at 759-9200.

Obituaries

Frank C. Pesveye

Frank C. Pesveye, former member of the Board of Trustees of Clara Maass Medical Center and chairman of the hospital's executive committee, died July 16 in the Hartwyck West Nursing Home, Cedar Grove. He was 77.

A memorial service was held July 20 in Fewsmithe Memorial Presbyterian Church, Belleville. S.W. Brown & Son Funeral Home handled arrangements.

Mr. Pesveye retired 15 years ago after a 42 year career with PSE&G, Newark, where he was a sales promotion manager. He then became a special assistant to the president of the Peoples Trust Co. of New Jersey for marketing and training from 1970 to 1974.

A Phi Beta Kappa graduate of New York University, he had been an instructor in the night division of the University for 40 years. He served as chairman of the Clara Maass School of Nursing committee for six years and received a special award for distinguished service to the school. He had been a member of the Board of Trustees, New Jersey Hospital Association, from 1965

to 1971; a member of the Board of Trustees, Regional Medical Plan; vice president of the Board of the American Lung Association of New Jersey; served the longest term as a board member of the United Way of Essex and West Hudson and was appointed by former President Richard Nixon to the National Health Industry Services Committee to study the health industry and related costs.

Mr. Pesveye was one of the founders of the Nutley Speakers Club and one of the directors of the Nutley Adult Education program. He had been a member and later secretary of the Nutley Local Assistance Board; a founder and later adviser of the Sales Executive Club of New Jersey, a non-profit organization whose objectives are better selling and sales management; member of the Nutley Defense Council; campaign manager for two Nutley Commissioners and served in the Salvation Army, Boy Scout and Youth Day campaigns, primarily in fund raising and training volunteers in fund raising.

During World War II, Mr. Pesveye was sent by Public Service as a volunteer to assist with the federal government's War Bond Drive and was later awarded the Thomas N. McCarter Gold Medal Award by PSE&G for outstanding service.

Born in New York City, he lived in Belleville before moving to Nutley 38 years ago.

Surviving are his wife, Evelyn; a daughter, Mrs. Grace P. Stine; a son, F. Charles; two sisters, Mrs. Lillian Metcalfe and Mrs. Edith Sawyer and four grandchildren.

Contributions to Clara Maass Medical Center or Fewsmithe Memorial Presbyterian Church would be appreciated.

Frank C. Pesveye

Mrs. Marie D'Emilio, 61

Mrs. Marie D'Emilio, 61, of Toms River died July 10 in Toms River Community Memorial Hospital.

Born Marie Nardiello in Belleville, she lived in Colonia for 19 years.

Mrs. D'Emilio was a member of the ladies auxiliaries to the Disabled American Veterans in Union and Community Memorial Hospital.

Surviving are her husband,

Ernest; a son, Ernest R.; two daughters, Mrs. Judy Catonegro and Mrs. Doreen Tremarco; three sisters, Mrs. Louise Corigliano, Mrs. Josephine Menna and Mrs. Geraldine Racioppi; a brother, Anthony; and nine grandchildren.

A Mass was held in St. John Vianney Church, Colonia. Entombment was in St. Gertrude's Cemetery, Colonia.

Yolanda Kessissoglu

Yolanda Benedetti Kessissoglu of Belleville died July 12 in Clara Maass Medical Center, Belleville.

A Mass was offered July 15 in St. Mary's Church following the funeral from The Johnesee Nutley Home for Funerals. Entombment followed in Glendale Cemetery, Bloomfield.

Born in Italy, Mrs. Kessissoglu lived in Newark before

coming to Belleville 34 years ago. She was 81.

Surviving are her husband, Angelo; a daughter, Mrs. John (Vivienne) Bono of Nutley; two grandchildren and three great grandchildren.

BALANCE RELATES TO POSITION

Some individuals understand the working of an auto better than they do their own body. When a wheel of their car is out of balance (alignment) they immediately place a 50-cent feeler weight to it and correct the problem, while uncorrected may cause premature wearing of the tire.

A different person who understands the body may recognize that his back pain is due to one leg being shorter than the other. This condition tilts the pelvis and causes pain in the back, and possibly the hamstring joint.

How do you recognize spinal imbalance? Look at your feet. Body balance begins there. A quick examination of your shoes might reveal uneven wear—a certain indication of body imbalance. One foot may wear down faster than the other, either on the inside or the outside. Uneven sole wear on either side of a shoe shows uneven and erratic foot or leg movement. If your shoes show uneven wear, repair or replace them.

Abnormal tissue growth on the feet—calluses, corns, and bunions—contribute to malalignment in your structure. Ankle, knee, and hip pain may be directly related to mechanical defects in the postural foundation, the feet.

Muscle cramping, shooting pain associated with body movement, headache, fatigue, and pelvic dysfunction are signals which disappear when muscles are no longer required to do the work designed for ligaments and when the muscle strength is unevenly divided between the right and left sides of your body.

Chiropractors are experts in structural balance. It may be the most effective treatment.

James Oleske, M.D., a pediatrician on staff at The Mountsides Hospital, was featured in the June 17 issue of People magazine for his work with children who are victims of AIDS. Dr. Oleske was one of a pair of physicians who in 1981 simultaneously announced that children could contract the disease previously attributed solely to homosexual men. Since then, he has cared for 44 young AIDS patients at Children's Hospital in Newark.

According to Dr. Oleske, the national mortality rate for infected youngsters is about 72 percent, while the rate at Children's Hospital stands about 50 percent. Many of the victims develop neurological problems and have trouble speaking, seeing and walking. There is no miracle cure. Nutritional supplements help, as do monthly infusions of gamma globulin which bolster the immune system.

The pediatrician feels that a caring attitude, optimistic outlook and plenty of hugs are equally important methods of healing. Many of his patients have been in the hospital since birth and crave affection and physical contact.

Dr. Oleske hugs his patients frequently also to show visitors and health care professionals that there is no danger from contracting AIDS through casual contact. Fears of AIDS is almost an epidemic as the virus itself.

and the doctor spends much energy enlightening his colleagues on how it is and is not transmitted. "Bisexual men who have wives and families are the biggest culprits in the spread of the virus among children because they infect the mothers who in turn pass it on to their babies at birth," he explained.

"Drug abusers who contract AIDS by using contaminated needles often pass the disease along to their children, too."

Dr. Oleske concluded that helping children with AIDS is exhausting and often very upsetting. "It is very hard to handle a

American Legion Team - The Belleville American Legion Baseball Team is now 11-5-1 for the season. The team includes (l-r, top) Coach Jim Landon, Jim Coponi, Dave Long, Steve Mulhearn, Tom Reid, Coach Ed Barrett; (l-r, middle) Nelson Landon, Al Ruopp, John Auriemma, Mike Thompson, Vito Caprio, Dan Ruggiero; and (l-r, bottom) Jeff Spillsbury, Jamie Galio, Jim Dunphy, Dean Mauro, Al Best and Jay Marchese.

Belleville basketball team wins first game in Elizabeth League

After playing its worst game of the summer, the Belleville basketball team rallied to defeat St. Patrick's of Elizabeth for its initial victory in the rugged Elizabeth Summer basketball league.

Belleville battled Irvington last Monday and squared off with defending state champ Elizabeth last night. Both games were held at the Thomas Dunn Arena. Next Monday, the Bucs battle Weequahic at 7:30 p.m. and next Wednesday, the team faces Don Bosco Tech, also at 7:30 p.m. Once again, all games are at the Thomas Dunn Arena.

Head coach Don Roll watched his team play a poor game against Columbia High School last Monday night. "They (Columbia) were awesome," declared Roll. "They have guys 6-7, 6-8 on the front line and those kids are just sophomores. I'll tell you one thing, they are going to be one of the best teams in Essex County this fall."

Columbia has boasted some strong teams in recent seasons. Back in 1984, the Cougars cap-

tured the Group IV, Section II title before losing to Paterson Kennedy in the state semis. That team was led by 6-9 center Mark Bryant, who now starts at Seton Hall University and is expected to be one of the upcoming stars in the Big East.

In last Monday's game, Belleville suffered a 73-45 defeat to the Cougars as the front line did the rebounding and the sharp shooting, fleet at foot guards handled the scoring.

"They had two guards, Brown and Vespul, who could shoot the eyes out of the ball," Roll said. "It's quite a combination, quick guards and big men up front."

Vespul led all scorers with 24 points and Brown tallied 17. For Belleville, Ted Sochaski, a sophomore, had 14 points and Leon Fuentes, also a sophomore, finished with ten.

Despite losing big against Columbia, Belleville rallied back to stop St. Patrick's of Elizabeth, 59-52. It was Belleville's first victory of the summer in the league.

"Leon (Fuentes) was able to penetrate the 2-3 zone and set up jump shots by Hutchinson and Sochaski," Roll said. "Fuentes also did a good job in scoring for us."

The Bucs fielded just seven players for the game with St. Patrick's, but the team made the most of the opportunity. Dom Mastro played a good game for Belleville and a newcomer, Luis Soto, contributed quality time to the victory.

"All seven players contributed," said Roll. "The team ran well and showed good patience. Teddy (Sochaski) really came on in the fourth quarter and that was a big difference. Having his game under the boards really helped this team."

Head coach Rocco Colucci, who has been attending the games but can not coach the team during the summer months, expressed his feelings about the teams performance thus far.

"We need practice," Colucci said. "These kids have to practice." (Continued on page 18)

American Legion Baseball team wins 2 games for playoff berth

The Belleville legion baseball team won two big games last week and moved into the playoffs which began earlier this week.

Belleville took an 11-5-1 mark into the first round of the playoffs with Newark last Tuesday. If Belleville won, they will battle the winner of the Vailsburg-Caldwell game tonight at 5:30 p.m. Should Belleville lose, they would face the loser of the Vailsburg-Caldwell contest. Either way, the game will be home if Vailsburg is the opponent. Caldwell will have the home field because of a higher seed, based on a better record in the league.

Jim Landon's team finished the regular season with victories over Newark and Irvington. In both games, Belleville used an explosive offense and took advantage of an excellent running game.

Against Irvington, the local Legion team was a 7-6 winner. Steve Mulhearn picked up his fourth win in as many tries for Belleville. He received offensive support from Tom Reid (3-3), Jeff Spillsbury (2-3, 2 ribbies) and Nelson Landon, who had two hits, including a triple that drove

home the winning run.

Allan Ruopp came in to save the contest for Mulhearn. On the day, Belleville stole three bases.

"I was real happy with the play of Spillsbury," said Landon of the sophomore from Belleville High. "He is really coming around. I am also happy to have Reid's bat in the lineup. I coached him back in little league and knew he could hit. In high school, they used him as a pitcher, so he didn't hit that much, but I know he can do the job at the plate."

The game with Newark was another exciting game in which Belleville rallied in the later stages to win. Newark jumped out to an early 7-4 lead after three innings. Jim Dunphy came in to relieve Dan Ruggiero, and Dunphy did a solid job, blanking Newark over the last four innings.

Belleville waited until the last inning to do the damage, scoring seven runs. The inning was capped off when Landon cracked a grand slam homer to drive home Ruopp, Phil Galio and Reid. On the afternoon, Landon drove home six runs and was 3-5.

The local team also received

a good performance from Reid, who went 2-4. Reid is hitting .500 plus over the course of the last six games and should be a big help in the playoffs.

Dave Long was 2-4 on the game and Belleville stole two bases to increase its team total to 40 on the summer.

With the regular season out of the way, Belleville now turns its attention to the playoffs. Landon is optimistic that his team can make a strong run at the top teams and possibly make the finals. It has been a very good summer for the team, with hopefully more good news on the horizon.

NOTES: Belleville finished 9-4-1 in the league, good for third place behind Caldwell and Bloomfield. The team tied with Millburn for the third position. If Belleville gets by the first two rounds, the playoffs continue over the weekend with nine inning games. See your daily newspaper for a run down of locations and starting times. Belleville finished with four victories in its last five games. Reid scored the winning run in the Irvington game, scoring on Landon's triple.

Belleville Braves lose games; season record stands at 3-24

Now that the Belleville Braves are well out of playoff contention, the next best thing is to spoil another teams chances of making the playoffs. The Braves didn't do a good job of spoiling last week, losing two games in a quiet week to fall to 3-24 on the season.

The Braves battled Verona last Monday and Cranford on Tuesday. Last night, the team traveled to Montclair and tonight, the club visits Millburn in a 6 p.m. start. Next Monday, Belleville travels to Union to face the Rams, starting at 8 p.m. and hosts Millburn on Tuesday, starting at 6 p.m. from Belleville High. The Braves close the busy week with a game in Union, this time against the Jays, on Wednesday, commencing at 6

p.m.

The Braves lost the Jays, 8-1 and the N.J. Cubans, 15-2 last week. In both games, head coach Anthony Coco noted that the team did not play especially well.

"The scores tell the whole story," Coco said. "We played horrible in both games. I kind of thought that we would be back in good form after beating Millburn (9-1 on July 14), but we have been real bad the last two games."

Versus Union, Belleville fell behind, 1-0 after one and 5-0 after three. Union added three more in the fourth to make the game a run away.

The only Braves run came in the sixth when Mike Cavaluzzi singled and Coco singled. Both

men advanced a base on a double steal and Mark Grillo grounded out to bring home Cavaluzzi.

Rich Michaels took the loss for Belleville, hurling the first three frames. He gave way to Calvin Fisher, who threw the next two, before Ed Grzybowski finished the game with one inning of work.

The results weren't much better in the Cuban game last Thursday evening. The Braves were battered, 15-2, as Coco took the loss, hurling just 3 1-3 innings. The Cubans took advantage of Belleville pitching to the tune of 14 hits.

After the Cubans scored twice in the first, Belleville tied the game in the bottom of the in-

Jim Apple Sr.: a sports legacy

Tragedy shook its ugly hand last weekend and took from the Township of Belleville a man who had devoted a great deal of time and energy to the sports program at Belleville.

Jim Apple, Sr., departed this life on Saturday, leaving behind a wife, Judy, and five children, Jim, Marion, Jeff, Scott and Jason. The record will show that Jim Apple passed away at the age of 47, just two young a man to have left this earth so soon. So suddenly. And now, the legacy of Jim Apple is what his family and friends will have to look back on, and they can do it with pride and good feelings, because Jim Apple was indeed, a special man.

"We played on the same team together," said a shocked Jim Landon, the Belleville legion coach, last Sunday night.

"Jimmy and I played for the Belleville High School baseball team for three years. I was first string catcher and he was second string. In our senior year, Jimmy played right field, but when I got hurt, they moved him behind the plate. All he did there was earn all state honors. We were very close and to find out that he suddenly passed away, well it really makes you think."

Landon goes on to point out that Apple was an outstanding football player for Belleville High as well, winning all county and state honors. The two graduated in the spring of 1956 and Apple continued his education at Upsala College.

"He eventually made the pros in football," recalled Landon. "He played in 1960 and '61 for the Denver Broncos (of the old AFL). He returned punts and played on speciality teams. In his second year, he got hurt and his football career was over."

While his football career was coming to an end, his golfing career was just taking off.

"He eventually became the amateur champion of the State of New Jersey," said Landon. "He developed into quite a golfer."

He was also dedicated to Belleville sports. "He was supposed to have helped me with the legion team this year," Landon said. "He was pretty busy in his job, but he was going to help out for the playoffs. It seems so shocking. We were talking about the legion team, and now this."

The same shock was shared by current Belleville basketball and golf coach, Rocco Colucci. "I can't believe it," Colucci said, when informed of Apple's passing last Sunday. "He was such a nice man, a marvelous person to know. He was a great golfer and has a really nice family. My condolences certainly go out to his family."

Colucci coached Apple's eldest son, Jim Jr., in golf for four years, from 1981-84. Apple was the number one player for Belleville in '84 and was always praised by Colucci as a fierce competitor.

Jimmy Apple Jr., now attends Up-

sala College, like his dad did some 28 years ago. He certainly will have some large shoes to fill, because Jim Apple Sr., was indeed a very special man.

To the family of Jim Apple, we wish to extend our deepest sympathy at this time of sadness in your life. Jim Apple was a respected man, a devoted family man who gave Belleville many thrills during his years at Belleville High and later on. Our prayers are extended to Jim's family.

Turning from a sad note to a controversial one, the major league baseball players are very close to an August 6 strike deadline. What the players are about to do will set the game back 25 years. Back in 1961, as most fans remember, the players staged a strike that cost 60 games and left a sour taste in the mouths of the fans who reluctantly returned to the ballparks.

The players had better understand that the fans will not forgive twice. It is very hard for the fans to understand why a player, who averages a salary of \$275,000 per year, wants to strike. One of the main issues is the players pension, which does have some validity.

However, a strike will do nothing but turn off the fans and quite possibly, empty the ballparks for a long, long time. The fans of the 80's are not stupid. They are very educated in both

sports and business and will not stand for another strike at this point. Don't forget, without the fans, the players don't have a job. If no one comes to the games, where does the money come to pay the players? Ticket revenue, in my opinion, has to be one of the most important assets on the teams balance sheet. Straighten out these differences and keep the players on the field. If anything, resolve the problems after the season, when there is time to sit down and discuss the matters in a reasonable manner.

Staying with baseball, the New York Mets are playing well on the field and are talking well in the new spacers. Darryl Strawberry is saying that the Mets can run away with the division if they keep up their current pace. While the Mets are playing well, keep in mind that this winning streak has come at the hands of Cincinnati, Atlanta, Houston and Pittsburgh, who are a combined 42 games under the .500 mark. The Mets are not playing very well against teams with comparable records. They are just .500 against the Dodgers and Padres and are 1-5 versus Montreal and 4-8 against division leading St. Louis.

If the Mets intend on winning the NL East, and they certainly have the talent, they better start playing well against the teams that will count down the stretch. Scoring 31 runs in two games against Atlanta is not cause for celebration.

Congratulations to Landon and his legion baseball team that earned a playoff berth this week. Belleville took an 11-5-1 mark into this weeks playoff action. Tom Reid, Nelson Landon, Dave Long, Allan Ruopp, Steve Mulhearn and a host of others have led the legion attack this summer.

Here is the answer to last weeks quiz. The question was, name the last time the A.L. won the All Star game, other than 1983, and the opposing managers. Also, name the park the game was played in. The answer: The A.L. won, 6-3 in 1971. Earl Weaver managed the A.L. and Sparky Anderson, the N.L. Ironically, the game was played in Detroit, where Anderson now manages the Tigers. The starting pitchers in that game were Doc Ellis of Pittsburgh and Vida Blue of Oakland.

For this week, staying with the All Star game, the 1986 game was a 1-0 pitchers duel. Name the player who scored the only run, the winning team and where the game was played. Also, name the Cy Young award winners that season.

Children enjoy playground activities

The recreation playgrounds were busy this past week with a variety of activities.

At School 8, a pizza was the highlight of the week. Mark and Chris Capizzi, Alan and Paul Delilis, Junior and Jocelyn Sautsoto all participated in making the party an enjoyable event for everyone.

Touch football was the game of the week at Fairway Park. The children also continued in their wiffleball season. They are currently making decisions on partners for the doubles tournament coming up later this summer.

There is also a new home run leader, Mike Lilioia, who has passed Andy Cueva with 54 to 51 home runs.

In a girls' not-hockey tournament, the winner was Stephanie Ferruggia with Janine Ventola finishing second.

Softball was the big event this week at the Stadium. Everyone played and ice cream was awarded to the winners.

The winner of the marble game was Lisa Jablonski, who beat her brother, Frank. Frank Jablonski was the winner of the ping-pong tournament.

Last Friday was arts and crafts day with everyone making something from felt and fuzzy balls. Linda Wujciak and Jim De Ambrose were the winners with the best looking creatures.

The Recreation Department Junior Softball League team won three out of five games this week, holding a firm grip on second place with one game out of first.

Home run leaders in the junior league this week are Nick Moccia with three home runs, Chris Cantarella with two home runs and Tim Cook with one home run.

Jamie Zigarelli and Alex Caprio starred in wiffleball action during the week.

At School 9, a not-hockey tournament was the highlight with Tom D'Angelo.

The School 9 softball team won its first game against the Friendly House, 5-3.

At the Friendly House, the game of the week was "OUT."

The swimming relay team posted its best time ever and the diving contest was close throughout the week. Lisa Savone was the winner of the diving contest. Laurie Dondarski won the 25-meter freestyle, while

Sherri Pindur won the flip contest. Savone, Dondarski, Pindur and Michelle DeMayo won the relay team race.

At School 10, the softball team won its first game with good defense by Kenny and Kevin Johanson. Vito and Jerry D'Alessio went three for three and two for three, respectively. Michael Mundy also had some key plays and went two for three.

The children also made flying fantasy noteholders, made with one styrofoam ball, one spring clothespin, two wiggly eyes, two pipe cleaners, six-eight feathers and nylon hanging cord.

Rotary Club wins series behind strong pitching

Rotary Club won the 1985 Belleville Little League World Series by defeating the Amvets two games out of three.

Rotary captured its second straight Little League title. Last year's team went 20-0 in winning the championship.

In the initial game, Amvets, behind the strong pitching of John McNish, stopped the Rotary team, 4-0. Anthony Zarrillo and Carmine Iannetelli supplied the hitting for the Amvets.

But the young and spirited Rotary team came back strong as it battled the Amvets to win the second game, 10-8. Jerry Mahoney pitched in a great effort to preserve the win for Rotary. Junior Sansano, Omar Bejarano and Bill Prosperi had the keys this time to win the game.

With the championship on the line, Rotary's Bill Prosperi pitched

a three-hit shutout in a superb effort. Rich Haug blasted a three-run homer over the centerfield fence to clinch the victory for the Rotary Club, 3-0.

This year's Rotary Club team was managed by Chick Puleo with coaches Phil Linfante and Doug Stone. The Amvets were led by manager Earl Wake and coach Charles View.

The 1985 Rotary Club team was led by the hitting of Richie Dowd (BA.546), Junior Sansano (BA.437), Bob Gialanella (BA.396) and Omar Bejarano (BA.386). Jerry Mahoney (6-1), Bill Prosperi (4-1) and Mike Lilioia (2-1) provided the pitching. Other team members were Rich Haug (BA.368 2HR), Charles Giachetti (2b), Mike Puleo (BA.387), Jason Gonzalez (3b) and Jason Ventola (lf).

Suppa's Bar wins top spot in men's softball league

Suppa's Bar clinched first place in the Belleville Recreation Men's Monday "A" Softball League last week as it defeated Printing Techniques, 10-3, and Champion Bumpers, 7-0.

For Pete's Sake (11-4) finished second to Suppa's (14-1), as it split a pair, beating J & R Insulation, 10-5 and losing to Nu Plas II, 8-6.

Printing Techniques (9-6) ended up in third place after topping Nu

Plas II, 13-4.

Champion Bumpers (5-10) also lost a 7-0 decision to J & R Insulation (2-13). Nu Plas II is 4-11.

Rosebud's Pub needed a 10-5 victory over Garden State Pet to claim top honors in the Thursday "B" League. Rosebud's finished at 11-3-1, just one-half game ahead of runnerup Nu Plas (11-4). Nu Plas beat Garden State Pet (9-6) for second place by defeating Valco Contractors, 5-1 and Eastern Sales, 17-14.

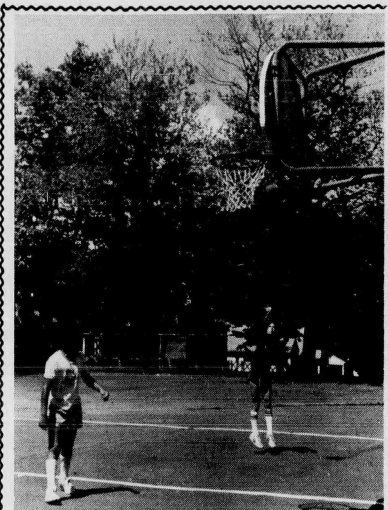

Valco finished at 6-8-1, Campbell Tools 4-11 and Eastern Sales 2-13.

The Tuesday "B" League is caught up with makeup and All Guard Insurance emerged as the champions with a 12-3 record.

Belleville Shoes (11-4) finished second, Megaro Memorial Home (10-5) finished third, followed by Roselli's Amoco (6-9), Belleville Political Club and Social Club (6-9) and Guy's Auto Salvage (0-15).

Recent scores in the Tuesday "B" League were as follows:

All Guard 7 — Guy's Auto Salvage — 3
All Guard 5 — BPSC 4
Belleville Shoes 5 — Roselli's 3
All Guard 11 — BPSC 1
Megaro 3 — BPSC 0
Belleville Shoes 4 — Megaro 2
All Guard 11 — Guy's Auto 2
Roselli's 5 — Guy's Auto 4
BPSC 11 — Guy's Auto 4
Megaro 9 — Guy's Auto 8
Megaro 14 — Roselli's 12
Belleville Shoes 6 — BPSC 0
All Guard 10 — Bellev. Shoes 6
All Guard 4 — Roselli's 2

Braves lose two games; season record now 3-24

(Continued from page 13)

ning, Coco walked and went to second on a single by Grillo. Mike Caliendo hit into a fielders choice, erasing Grillo at second. Cavaluzzi then drilled a double, scoring both Coco and Caliendo to tie the contest at two.

The game did not remain tied for long. The Cubans scored three times in the second and broke it wide open with seven runs in the fourth frame. Cavaluzzi relieved Coco in the fourth and pitched the final 1-2-3 innings. The game went just five innings because of darkness,

perhaps a blessing in disguise for the Braves, who cannot seem to find the magic this summer.

"I'd like to be the spoiler now," Coco said. "It would be nice to play good ball down the stretch and maybe play a role in the playoff hopes of another team. It would make the final 13 games a little more exciting for the team."

NOTES: Braves season will end on August 8, although there are two make up games that could extend the campaign; another week, Belleville has now lost 17 of the last 18 games.

Free Car Wash - Tip Top Car Wash on Ridge Road in North Arlington offered free car washes to help Americans celebrate the Fourth of July. Last year, Tip Top Car Wash washed more than 700 cars last year. By the looks of the cars that were lined up, Tip Top would easily match that number this year.

Credit card holders beware of telephone 'prize' scheme

Credit card holders should be on the lookout for telephone schemes that ask consumers to disclose their credit card numbers in order to win "valuable" prizes, said Andrew R. Babyak, chairman of the New Jersey Bankers Association Bank Security Committee and vice president and director of security, First Fidelity Bancorporation, Newark.

"The scheme usually begins with a congratulatory telephone call in which the caller asks the cardholder to 'verify' their credit card number to 'disclose' the consumer's identity and/or address," Babyak said.

"If you receive a call like this, it is probably a fraud," he said. "Reputable businesses do not solicit credit card numbers or identities. You wouldn't give your checkbook or checking account number to a stranger who asked for it regardless of the reason. Don't give them your credit card number either. Unfortunately, giving them one is just about like giving them the other."

A driver's license or social security number is much easier to check and therefore more useful for identification. These numbers do not involve a credit device.

In one variation of the scheme, the caller will ask the consumer to "verify" the credit card number and will then read an imaginary number, hoping the person will correct him by giving the real number. In another variation, the caller will invite the consumer to call back and give him the credit card number. The calls are frequently tied-in with the sale of overpriced merchandise or an attempt to use the credit card number to make unauthorized charges against the victim's account.

"Never give the credit card

number to anyone unless you initiate the call," urged Babyak. "And never verify or correct a card number read to you over the phone. Remember, your bank has no way of knowing whether or not a credit card voucher received from a business or bank is valid. You and you alone control access to your card and your credit account."

Should you receive such a call, bankers and state consumer protection authorities urge to find out the name and address of the company placing the call. Do not give them your credit card number under any circumstances, but immediately call your local bank, the "hot line" listed on your credit card or documents or the New Jersey Department of Banking's Consumer Complaints Legal and Economic Research Division, (609) 292-7659.

Here are some other tips to consumers for protecting credit cards:

- Be certain to retrieve your card after using it and be certain that when it is returned, that it is, in fact, your card.
- Be cautious about signing an incomplete or blank charge card voucher.
- Obtain and destroy all carbon paper used in connection with copies of the voucher.

Contracts at ITT total more than \$475 million

ITT Corporation has announced that new contracts won by its Defense-Space and Government Services groups during the first half of 1985 totaled more than \$475 million. The awards maintained the groups' order backlog at an all-time high of more than \$1.9 million.

Among the new 1985 defense and government services awards won by the groups are: \$117 million for ITT Avionics, Nutley, to provide additional countermeasures systems for U.S. Air Force strategic aircraft.

\$50 million to ITT Aerospace/Optical, Fort Wayne, Ind., to continue producing ground versions and to start producing airborne versions of the U.S. Army's new tactical radio, the Single Channel

Ground and Airborne Radio System (SINCGARS).

\$58.2 million to ITT Defense Communications, Nutley, from the U.S. Air Force for continuing work on the Strategic Air Command digital network equipment.

An \$88 million subcontract to ITT's Federal Electric Corporation, as part of a Boeing Aerospace Company team, to design and furnish air defense equipment for Saudi Arabia.

ITT's defense and government services units are major suppliers of high technology command, control and communications systems, electronic defense, electro-optical and surveillance systems, as well as related operations, maintenance and integration services for both military and civilian applications.

"For Pete's Sake"

153 Belleville Avenue, Belleville

759-1516

By Lisa Grimaldi

At this cozy Belleville Avenue eatery, the atmosphere is casual and the food is down-to-earth good eatings, just like mama used to make.

Owners Pete Vaccarelli and Rae Romano are gradually shifting "For Pete's Sake's" pub atmosphere into a more dining-oriented ambience. With these changes, the sandwich menu is still available, but there are more Italian entrees and specialties added to the bill of fare.

My dining companion and I enjoyed the seafood platter, which was recommended by owner Pete. The generous plate consisted of jumbo shrimp and sea scallops, tender and cooked to perfection. The flounder was fried in a light batter; it was deliciously crisp on the outside, and moist on the inside. All the seafood was very fresh. ("Fresh from the docks that morning," according to Pete).

Both entrees were accompanied by a dinner salad, and a nice portion of spaghetti al dente, covered by a rich tomato sauce.

We were both full after that meal, but on our waitress's insistence, we tried the cheesecake. I'm glad she was persistent, because it was delicious: creamy and light, not the usual heavy cheesecake that sits like lead in your stomach.

A large bar in the center of "For Pete's Sake" draws a large crowd, and sandwiches (including Pete's famous cheesesteaks) can be ordered there. Happy Hour on Friday is something not to be missed. All of your favorite Italian dishes are served at the bar, broccoli rabe, pasta fagioli, sausage and peppers, escarole and beans are all homemade, and just a few of the Happy Hour specialties.

There's a special luncheon menu available and "For Pete's Sake" will now cater outside the premises.

Board votes to keep class

(Continued from page one)

Field House have used "Stars and Stripes Forever," "Nutrition," "Let's Pretend" and "Happy Birthday to Us" as themes. For example, during the week of "Nutrition," students prepared nutritious snacks and discussed good eating habits.

Both programs begin the day by forming a circle, by which children can feel free to discuss different matters. It also gives instructors a chance to take attendance and check up on those students who are not accounted for, Dr. Chirico said.

The other program, developed for children 3-5, is conducted at School 5 under the direction of teachers Mary Ann Di Guglielmo and Jean Lapinski. The 32 children are also attended by Maria Cicien, Theodora Dempsey, Amette Lardieri and Susan Melone.

This program, Dr. Chirico said, was developed from the BIPPY (Belleville Intervention Program for Pre-School Youngsters), which was formed in 1979. Dr. Chirico said all children are screened and that if they are developmentally delayed in two or more areas up

to 25 percent of their maximum potential, they are classified as pre-school handicapped.

In this program, students are given introductions to classroom routines and listening skills and instruction in developing socialization skills and fine motor skills. As in the other program, curriculum is developed through the use of themes.

For example, during "Animal Week," students took a trip to Turtle Back Zoo. After their visit, they made paper bag dog puppets (learning color by direction), listened to animal sound records and played Farmer in the Dell (learning how to make a circle and walk in a straight line).

Dr. Chirico said that both programs incorporate class trips into their curriculum development.

"These programs offer recreation, a reinforcement of skills as well as socialization," Dr. Chirico said. "There is a component of education - an opportunity to be exposed to many things outside of Belleville. They have an awareness of their community."

Summer programs offer aid to the handicapped

(Continued from page one)

Nardiello said that he had not designated the number 10 in the resolution and that it was the number concentrated on at the board meeting two weeks ago.

D'Agostino said that if board members had known other kindergartens in the district were conducted with less than 10 students, the resolution would not have been introduced.

"If there is no kindergarten this year, then there will be no first grade next year," Mrs. Wesolowski said. "If that happens, that will be the end of our school, our neighborhood, our home home value, the whole shabang."

Other parents begin to voice their objections and before it got too out of hand, Dr. D'Agostino

made the motion to continue a kindergarten class at School 9.

"I'm very glad the board approved the motion," Mrs. Wesolowski said. "Over the years School 9 has been faced with problems. Over the past six years that I have been involved with School 9, when the parents were faced with a problem, they reacted very well. They go out and do what they have to do."

The parents, because of their belief in their neighborhood and school, have once again shown that School 9 is not to be forgotten.

If you or anyone know of someone with a child of kindergarten age, please contact the superintendent of schools at 751-7407.

tice on a daily basis. They have to get out there and play constantly. I know there are some

players who are working out, but we need everyone to commit themselves to the game all summer long. I'll tell you one thing, the other teams in the conference and the county aren't taking the summer off. I know this is a time to enjoy, to take in the summer. But this is also the time to work on your game and get ready for November. It comes before you know it."

The team has faced some stiff competition this summer, but the true test of the success of the league won't come until November, when practice starts for the regular season.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Miss R. of Newark asks: "My teeth have no cavities but are grayish brown and I don't like the way they look. Is there any kind of cosmetic paint that can be put on?"

At present Miss R., the only cosmetic coverings are either crowns (caps) or bonding. Since you mentioned you have no decay we would suggest porcelain veneers as a possible solution. Porcelain veneers are fingernail-like casings made of a porcelain color of your choice that goes on the front side surface of your teeth. Very little removal of tooth structure is needed. After the laboratory makes the covering under the direction of your dentist they are then fitted to your teeth. Upon your approval a special bonding procedure then adheres them to your teeth and the cosmetics you desired are achieved. Some care must be taken to keep the bond intact but its minimal. Consult your dentist for further information and have a great summer.

NOVENA TO ST. JUDE
Please hear & answer my prayer.
This novena has never been known to fail. This novena must be said for 9 consecutive days. Publication must be promised. O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, care of kinship of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the depths of my heart and humbly beg that you whom God has given great power to come to my assistance. Help me in my present urgent petition to return to my family and to make your name known and call you to be invoked. St. Jude pray for me that I may invoke you and aid me. Amen
Say 3 Our Fathers, 3 Hail Marys and 3 Glorias.
