## Parking meter fines increased

The fine for parking meter violations in Belleville will increase from \$2 to \$5 effective Aug. 12.

The jump in fines represents a 150 percent increase, according to Police Captain Robert Russomanno.

Russomanno said that there will be no grace periods for the fines. Any meter violation incurred starting Aug. 12 is \$5.

The current fine of \$2 has been in effect for 20 years.

## Matters in Brief

### Library offers Monday programs

The Belleville Public Library, 221 Washington Ave., offers special "Monday Evening Happenings" during the summer.

"Contemplation and Salad Making," with Jean Heiberg, author of the book, will take place Monday, Aug. 5, at 7 p.m.

For bird lovers, Kathleen Mollica, branch librarian, will provide an introduction to Cockatoo birds Monday, Aug. 12 at 7 p.m.

For those interested in astrology, Kores Rothauser will give an "Introduction to Astrology" Monday, Aug. 19, at 7 p.m.

The films, "The Art of French Cooking," "Chinese Cooking," "Seafood Specialties" and "Meals in a Half Hour," will be shown Monday, Aug. 26, at 7 p.m. Registration is required for all of these programs. To register, call the library at 759-9200.

### Churches gather to pray for peace

Several churches in the area will gather to pray for peace Sunday, Aug. 4, 2 p.m. at St. Peter's Church on William Street.

The churches are taking part in a national observance of prayer and remembrance during the 40th anniversary of the bombings of Hiroshima and Nagasaki.

All churches will be ringing their bells for 10 minutes at 1:30 p.m. as part of the day's observance ceremonies.

### St. Anthony's celebrates feast

A feast in honor of St. Bartolomeo will be celebrated Tuesday, Aug. 20 through Sunday, Aug. 25 on St. Anthony's School playground, 25 North 7th St.

The feast, which begins each day at 6:30 p.m., except for Saturday and Sunday, consists of food and games and rides. On Saturday, Aug. 24, the feast will begin at 4:30 p.m.

A procession with the statue of St. Bartolomeo will begin at St. Anthony's Church and continue through the streets of Belleville on Sunday at 2 p.m.

Music will be provided by the Dick Perry Band. The committee in charge of the feast was headed by Rev. Joseph J. Cestaro, pastor of St. Anthony's.

### Job placement coordinator hired

The Belleville Board of Education has hired Elyse Pepose as a job placement coordinator. Mrs. Pepose will be preparing special needs students in grades 9-12 for employment.

Students enrolled in the program will receive vocational counseling and guidance to aid them in choosing a career. They will learn to write a resume, complete a job application and prepare for a job interview. Classroom activities will culminate in job placement for students in the program.

The success of the program depends on the response of local business people willing to hire special needs students. Dr. Anthony P. Chirico, director of special services, said. Any employer interested in meeting with Mrs. Pepose to discuss the job placement program, should contact her at 759-9156.

The job placement coordinator position is being funded by a Title VI Part B grant.

## Mayor hopes to hire architect by September

# Construction of new town hall expected to begin next spring

By Michelle Jeannotte  
Construction of a municipal complex should begin by next spring if all goes according to plans, Mayor Michael Marotti said this past Monday.

The mayor, along with Commissioner of Public Safety Ralph DiRuggiero and Township Engineer Neil Siciliano, are currently looking at resumes for architects. Marotti, who said he

has already received 10-12 resumes, hopes to hire an architect by September.

He said the township has a preliminary drawing from 1980 which details what square footage the town hall building has now and what the commissioners want for the future building. The only square footage the mayor does not have, he said, is that required to house the board of education.

Once an architect is hired, Marotti said, plans could then be drawn up. He said he's looking for an architect who can have plans drawn up within six-nine months.

"Once we have the prints, we can bid for contractors," Marotti said. "I'd like to get a shovel in the ground by at least next spring."

Marotti also said that the architect would decide which place is best to build the new complex. Land available for the complex includes the parking lot adjacent to town hall and the land behind the building.

"I've already had a developer who is interested in building next to town hall," Marotti said. "He said he'd like to build an of-

fice complex with three-tier parking with office space and even a restaurant. The only thing is, he doesn't have the money right now."

Marotti said he also received a call from a developer who is interested in building a small shopping center. He has the financial backing Marotti said, but he needs a large area to build.

"If we decide to build behind town hall," Marotti said, "the developer can build next door once he gets the money. That way we would kill two birds with one stone. We would get two buildings and there would be more people working on the avenue who would shop the stores."

Marotti said that the new complex would house all the township departments, a police station, and perhaps the board of education. He said he recently met with members of the school board and said they showed an interest in moving to the new complex.

"If all the township departments and the school board are

## Parents ask school board to consider hiring an assistant superintendent

The Belleville Board of Education was asked to reconsider its decision on hiring a full-time principal at School 9 at its meeting July 22.

Mrs. Barbara Cicalese, president of the Consolidated Parents Group, asked the board to consider appointing an assistant superintendent of elementary curriculum instead of a full-time principal.

The school board recently

voted down a resolution made by Superintendent of Schools Michael Nardiello appointing an assistant superintendent of elementary curriculum/part-time principal at School 9.

"We knew Joe Grosch was retiring," Mr. Nardiello said. "I thought of providing additional help for myself. It was done in the past when Michael Rosamilia was assistant

superintendent of elementary curriculum as well as principal of School 9. I thought it would be a financial savings."

Mr. Nardiello said that when the board defeated his recommendation, he immediately posted for a full-time principal at School 9. In fact, Nardiello was interviewing applicants this week.

However, because of the feel-

ings expressed by Mrs. Cicalese and others at the board's last meeting, school board members may review the situation. No word on this has been confirmed, but Mrs. Cicalese said that she and other parents will appear before the board again at its meeting Aug. 5.

Mrs. Cicalese said the main reasons parents have voiced

## Summer music program provides students with an enriched learning environment

By Michelle Jeannotte  
Students enrolled in a five-week summer music program demonstrated their talents in a final concert performance this past Tuesday at School 7.

The students, all 65 of them, performed a variety of musical pieces, including "Merrily We Roll Along" by three violinists and "My Country 'T is of Thee"

sung by a chorus.

The performance was the culmination of the five-week morning program directed by Mr. Edwin Black, a music teacher at Belleville High School. The program, Black said, began six years at the request of Frank Seelba, director of music in the Belleville School system.

"I said I would see what the enrollment would be," Mr. Black said. "We had 30 students when we started and we now have 65 so I would say the program is coming along very nicely."

Mr. Black said both he and Mr. Seelba believed there was a need for a summer music program because it provided a more relaxed atmosphere where

## More township streets scheduled for repaving

Commissioner of Public Works Joseph Grande has announced a list of streets scheduled for repair work in 1986-87.

Grande said he had received a number of calls from concerned residents who read an article in the July 18 issue of The Times which listed a number of streets scheduled for repaving. He said that those streets earmarked for repaving this year

were those that required minimal repair work.

The total cost of this year's project, which is only the first phase of the work, is \$870,000 and includes repair work to sanitary sewers, storm drains and curbs and walks.

Grande said those streets scheduled for repaving in 1986-87 require more repair, including

# B. Koval is named hospital president

Bernard G. Koval has been named president and chief executive officer of Mountinside Hospital.

Koval comes to Mountinside after serving five years in the same capacity at Good Samaritan Hospital in Pottsville, Pa.

As president, Koval will work closely with trustees, administrative and medical staff in all aspects of the hospital's administration. He will head a non-physician staff of 1,700 employees, which includes 750 full- and part-time nurses.

Koval, who has worked in the health care field for more than twenty years, began his career as a nurse. After graduating from St. Joseph's School of Nursing in Philadelphia, he went on to study anesthesiology at St. Vincent's Hospital in Worcester. He worked as a certified staff anesthesiologist at St. Vincent's for three years while completing a bachelor of arts degree at Assumption College. In 1971, he earned his masters in public health at Yale University's School of Hospital Administration.

In addition to his position at Good Samaritan, Koval has served as assistant director of the New Britain (Conn.) General Hospital and as executive director of Highlands PSRO in Johnstown, Pa. He has been active in and chaired many regional and state hospital advisory committees in Pennsylvania.

Commenting on his first few weeks at Mountinside, Koval said, "There is so much good to build upon at Mountinside and I am privileged to be a part of this caring institution. Mountinside's unique dimension blends medical diversity and personalized services. The hospital is big enough to offer many specialties and small enough to

# June Pekrol is honored with Clara Maass award

June Pekrol of Belleville was recently honored by Clara Maass Medical Center with the new "CMC Award."

As an employee of the Medical Center, she was recognized for working well with peers, patients and visitors, and for displaying the outstanding qualities of caring, motivation, morale and courtesy. Mrs. Pekrol works as a clerk in the Clara Maass Purchasing Department.

Clara Maass President Robert S. Curtis presented Mrs. Pekrol with a \$100 United States Savings Bond and a distinctive CMC award pin at a luncheon in her honor.

Mrs. Pekrol was nominated by her peers and was selected to receive the honor by a six-member committee of hospital employees. It was quoted on the "CMC" nomination form that Mrs. Pekrol is an ambassador of good will, both to the community and within the hospital.

The Clara Maass Medical Center CMC award is coordinated by the Medical Center's Human Resources Department.

**SMOKE SCREEN**

Before taking any prescription medication, be sure to tell your doctor if you smoke. Smoking changes the effectiveness of many drugs. For smokers taking oral contraceptives, the risk of blood clotting increases. This is especially true after age 35 and when more than 15 cigarettes a day are smoked. Other medications have a reduced effect on smokers because they are eliminated more quickly than in non-smokers. These medications include benzodiazepines, tricyclic antidepressants, insulin, propranolol (high blood pressure medication), phenothiazines (major tranquilizers), phenylbutazone (non-steroidal anti-inflammatory agent), propoxyphene (painkiller), and theophylline (anti-asthma drug). The next time you are in need of medicine, take a large dose of caution at well.

The next time you're given a prescription be sure to bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. "Your Doctor Knows Us. Your Doctor Trusts Us." Cosmetics, toiletries, greeting cards, Russell Stover candies and gifts items are stocked.

# Colorectal screening provides awareness of number two killer

By Michelle Jeannotte  
Clara Maass Medical Center, in an effort to react to the heightened awareness of colorectal cancer within the past few weeks, sponsored a free colorectal screening this past Friday.

"Because of the publicity of President Reagan's cancer, we wanted to seize the opportunity to provide a community service," Mrs. Joan Franklin, vice president of ancillary services, said. "It took the President of the United States to make people aware."

Mrs. Franklin said that, unfortunately, many people are too embarrassed to talk about problems they may be having. Colorectal cancer, the second most common cause of death, is a subject that is just beginning to be recognized, she said.

She said the screening, which has been held previous times, is the first step before a report is sent to a physician. It is the step that lets people know whether or not they have a problem, she said.

"This method of screening is accurate, reliable, prompt and gives an opportunity to screen a large number of people in a fast turnaround," Dr. Frank P.

Gradone, pathologist at Clara Maass Medical Center, said.

Dr. Gradone said that there are 5,500 new cases of colorectal cancer in New Jersey each year. He also said that 2,500 deaths will be caused by it, mostly because of people's reluctance to have the problem checked.

"The growth is silent," Dr. Gradone said. "Unless one has periodic testing after the age of 50, it can go undetected. Blood in the stool is physical evidence that cancer may be present."

At the screening, patrons are provided with a Hemocult II kit to be used in the privacy of their own home. Those using the kit are required to avoid certain foods (red meat), drugs and vitamins (aspirin and Vitamin C) and include certain foods, such as cooked fruits and vegetables, bran cereal and fish and fowl.

The diet must be followed for at least 48 hours before the first stool specimen can be collected. Once slides are collected, they are brought to Clara Maass Medical Center where they are tested in a laboratory. If blood is found in the specimen, a visit to a physician is recommended.

Dr. Gradone said that blood in the stool is not always a sign

of colorectal cancer, but a complete physical is recommended.

"A problem arises if it is allowed to go undetected for a long period of time," Dr. Gradone said. "Early detection is still the best cure for carcinoma."

Out of the anticipated 500 responses expected, 280 kits were given out during the one-day screening. However, Mrs. Franklin said that if people continue to demonstrate the need for such a screening, another one will be conducted.

For information concerning colorectal screenings or any other screening, contact the Clara Maass Public Relations Office at 450-2287.

## Parents want administrator

their support for an assistant superintendent of elementary curriculum are the recent High School Proficiency Test results and complaints of varied teaching methods within the school system.

"The test scores were atrocious," Mrs. Cicalese said. "We need someone to coordinate elementary curriculum. If every elementary school taught the same thing, there wouldn't be any problems. We're only worried about our kids and their education."

Mr. Nardiello said that some curriculum guides have been established within the recent months, including those dealing with the language arts. Those guides, he said, were developed by committees of teachers.

"We'd like to do a complete revision of our curriculum guides," Mr. Nardiello said. "The job would be too big for committees. It would take a long time."

With the new school year only a month away, the school board will have to make a final decision on the matter within the next few weeks. By Michelle Jeannotte.

## Resolve

Build on resolve, and not upon regret,  
The structure of thy future. Do not grope  
Among the shadows of old sins, but let  
Thine own soul's light shine on the path of hope  
And dissipate the darkness. Waste no tears  
Upon the blotted record of lost years,  
But turn the leaf and smile, oh smile, to see  
The fair white pages that remain for thee.  
Prate not of thy repentance. But believe  
The spark divine dwells in thee; let it grow.  
That which the preaching spirit can achieve  
The grand and all-creative forces know;  
They will assist and strength as the light  
Lifts up the acorn to the oak tree's height.  
Thou hast but to resolve, and lo! God's whole  
Great universe shall fortify thy soul.

## Tom Kean's Environment

Tom Kean has been Governor since 1982. Since that time a clean-up of the New Jersey environment has come a long way. Progress has been substantial — carping critics notwithstanding. When Tom Kean came on the scene in 1982, there were ideas in abundance, but few if any plans. It wasn't until February 1983 that the administration was able to commence the important job of planning ahead to clean up New Jersey's toxic waste sites. Cleaning up toxic waste is not an overnight job. It takes much planning, much red tape and millions and billions of dollars. In a period of fifteen months, the Kean administration took clean-up action on 292 toxic waste sites. The Kean administration relentlessly has pursued enforcement action which resulted in 99 clean-ups during the same time frame. During the past two years, the Kean administration has dramatically accelerated the Toxic Waste Clean-up Program — this despite legal and legislative problems. New Jersey is far ahead of any other state in the nation with regard to clean-ups, feasibility studies and engineering designs of toxic waste sites. New Jersey has done more construction and removal at the sites themselves

## Auto Insurance Costs

A new study of no-fault auto insurance confirms the worst about New Jersey's experience with voluntary options to insure autos. Last year, some fine tuning was done to our insurance laws in reaction to continuing increases in the nation's highest auto insurance premiums. The major weakness in the new laws permits motorists the option of keeping a \$200 threshold or choosing a \$1500 threshold, resulting in a saving of \$33. The unrealistic \$200 litigation base is ridiculous. This is the major reason why New Jersey motorists are obliged to pay the highest auto insurance premiums in the nation. In the beginning of insurance reform Senator Carmen Orechio introduced a bill requiring a \$1500 threshold — that is to say, claims must be in excess of \$1500 before litigation could commence. The lawyers

*Frank Orechio*

lobby was strong enough to compel a compromise of the \$1500 threshold, and as a result, we today have the most ridiculous law in the nation. Insurance reform is not working in New Jersey because the lawyer's lobby does not want it to work. No-fault is an excellent idea. It works in other states only because realistic laws apply. In New Jersey, the Assembly is going back into session August 15th. A priority item on its agenda should be insurance reform with integrity.

*Frank Orechio*

## Life-saving action shows need for health programs

To the editor:  
In recent weeks, Hector Daniluk, age 18, was recognized by Belleville's School 8, board of education, mayor and commission and the health, physical education and recreation department of Seton Hall University. What could a fifth grader have done to draw such attention?  
Hector was able to skillfully rescue his younger brother who was choking by applying the Heimlich technique to dislodge a chicken bone which obstructed the air passage. It was Hector's efficiency in recalling what he was taught by Edward O'Donnell, a student at Seton Hall University who visited the School 8 classroom, that enabled Hector to perform the life-saving technique.  
There are messages in this event that go beyond the obvious and utmost importance of a life saved.  
While educators and parents alike continue the perpetual debate of what topics deserve emphasis in schools, Hector Daniluk's recent rescue reminds us that school bells ring for reasons beyond the teaching of the three R's.  
Trends in education swing as the pendulum of times. However, Hector Daniluk impresses us with certainty that rescue and life enrichment techniques taught in health education classes have a permanent and rightful place in educational institutions which aim to improve the quality of life.  
By his application of classroom learning to a critical situation, Hector has demonstrated that health education, even a 30-minute lesson taught by a university student, makes a difference.  
As for his classmates who have recognized the significance of his outstanding achievement, Hector might have convinced them that attending to information and skills taught as health education topics is acquiring resources for living.  
Moreover, Hector's heroism has allowed for Seton Hall University's faculty to express appreciation to the school administrators and teachers who have made the "Cooperative Health Education Program" cooperative, healthful and educationally sound.

## Freeholder Clay opposes leasing of golf courses

To the editor:  
I would like to take this opportunity to advise the residents of Essex County that I am opposed to the Essex County Parks Commission plan to lease the county golf courses to private profit-making interests.  
I am amazed at the temerity displayed by a group, hired to enhance the recreational needs of the residents, both young and old of Essex County, in even considering a plan which would result in a significant increase in golf fees. It would surely make it impossible for a great many men and women who enjoy playing golf but cannot afford to join a private club.  
The people demonstrated their desire for parks and recreational facilities time and again through their votes for the Green Acres Program. No one objects to paying for the enjoyment these recreational outlets provide as long as costs are kept low enough so that people can participate and maintenance can be provided for. Let us not forget, that it is the people who paid for these attractions in the first place.  
Essex County has many acres of beautiful parks within its boundaries.  
By and large, Parks Director William Scalzo does an excellent job of maintaining these properties but sometimes he succumbs to the wrong premise that the public, which is being taxed and is paying for what it wants, cannot afford to have them and decides as in the case of Branch Brook Skiing Area, to turn it into a profit-making machine. The Branch Brook Arena-Velodrome fiasco left us with a shell of the Branch Brook Building and forced us to build an additional ice-skating arena at a cost of more than \$2 million. Turning our golf courses into a profit-making center would result in the same thing.  
First, the people who have been playing there for years will no longer be able to afford to play there, and then, in an effort to recoup the lost votes and give the people what they lost, the politicians will have to build new county courses for millions of additional dollars. We all want all facets of our county parks to continue to be county recreational areas, affordable and available to all our citizens.  
Arthur A. Clay  
Essex County Freeholder

## Golden Comments

by James R. Golden

The new town tax bills for the 1985-1986 tax period have been delivered and are payable Aug. 1. They constitute a modest monthly increase of about \$5 on the average local residence home.  
The new Federal Communications Commission (FCC) monthly telephone access charge of \$1 per month, which goes up to \$2 per month in 1986, along with the other increases in the cost of living, such as the \$2.16 granted monthly gas and electric rate increase, makes it more than difficult for Belleville's many senior citizens subsisting on fixed incomes; especially in view of the Reagan administration policy of opposing cost of living benefits to those on Social Security.  
Our Congressman Bob Roe has sent out a tax reform questionnaire which should be answered, tell him the people don't want to eliminate deductions on taxes paid nor mortgage interest paid nor state sales tax paid nor political contribution credit nor a freeze on Social Security payments next year.  
Tell Congressman Roe that the elected congressmen and senators, not David Stockman and President Reagan, will set the new tax reform legislation so that it gives the average income taxpayer a "fair shake" instead of giving "loopholes" for the rich to evade their proper share.  
How can the proposed Reagan tax reform program be considered fair if as news reports are correct, indicate he will benefit by saving \$28,000 in taxes each year and New York's governor would save \$30,000 in taxes annually.  
Let's fix tax rates on the ability to pay, not take it out on the humble masses and the poor because there are so many of them. When President Reagan took office the national deficit was \$60 billion. Now it's close to \$200 billion.  
Corporate taxes were reduced, many don't pay any tax, although they make millions in profits; scant consideration is given to the plight of the little fellow while big business benefits from tax breaks the little guy makes up for.  
Local citizens, school board members and governing officials would do well to heed Assemblyman Buddy Fortunato's admonition about the Reagan administration policy, now being debated by a Joint Committee of Congress, which proposes budget cuts of at least \$50 billion this year and as much as \$200 billion over the next three years with possible final budget cuts or "freezes" which could result in more billions unavailable, as it is now, for state and local social, educational and infrastructure programs.  
Our assemblyman points out that the elimination of phasing out of this multi-billion revenue, agreed to by all members in the joint committee, will be a severe jolt to local taxpayers who have benefited from these general revenue sharing funds in the past... with these revenues cut out, each municipality will have to get funds from the state or tax local property owners at a higher rate - or cut out many services.  
We find it difficult, unless we're some kind of masochist people, to exclude such adoration of leaders who would so undercut the humble masses, the elderly and the poor as to "stick it to 'em" while seeking to devise ways to lessen the tax "bite" on America's aristocracy. The problem stems from Washington.  
Down in Trenton, Buddy Fortunato is fighting the good fight in trying to restrain nonessential programs while retaining a budget surplus for "rainy day" funds to compensate for federal cuts and grants taken away by Washington policy.

# Chinese artist displays hair sculptures at library

Currently on exhibit at the Belleville Public Library, 221 Washington Ave., are the hair sculpture and miniatures of Qiao Shen Wang of East Orange.

Mr. Wang is a famous Chinese artist, particularly in authentic micropainting, hair sculpture, crystal, Chinese carving, oil painting and Chinese watercolors.

When Qiao Shen Wang sees a healthy head of hair, he becomes inspired. He has the unusual ability of painting a message on a single strand of hair. Gazing at the filament with the naked eye, it is virtually impossible to read such fortune cookie sayings as "Rome Wasn't Built in a Day" or "It's Never Too Late to Learn."

"Some people think I am crazy to do this," Mr. Wang said. "When I told a man about this on the bus, he moved to another seat."

Working with a 50-power microscope, Mr. Wang uses a

tiny knife to carve homi- names into the hair, followed by pouring coloring into the grooves. Depending on his mood, he uses either English or Chinese letters.

He enjoys working at night when it is quiet because the slightest bit of noise can break the hair. It usually takes him up to three hours to complete a hair sculpture, but a microscope is necessary to appreciate his handiwork.

Educated at a select art school in Shanghai, Mr. Wang worked as a commercial artist for 16 years. However, during China's cultural revolution, he was enlisted to paint enormous murals of Chairman Mao Tse-tung.

Currently, he is a consultant in the graphics and student activities offices of Essex County College. He is also an instructor in Chinese watercolor painting.

The exhibit can be viewed during library hours.

## College News

Dr. Marilyn Lamberti of Belleville has been inducted to the Omicron Chapter of Sigma Phi Omega, the national honor society in Gerontology at Kean College, Union.

Dr. Lamberti was one of 20 new members inducted, bringing the total number of members at the college to 85.

Two Belleville residents have been named to the dean's list at Caldwell College for the spring 1985 semester.

Karen Fitzsimmons is a junior business administration major at the college. She is the daughter of Mr. and Mrs. Walter Fitzsimmons.

Hina Patel is a freshman at the college. She is the daughter of Mr. and Mrs. Patel.

The requirements for the dean's list is an overall grade point average of a 3.5 or above on a 4.0 scale.

Glenn Alan MacFarlane of Belleville recently received a D.M.D. (Doctor of Dental Medicine) degree from the New Jersey Dental School of the University of Medicine and Dentistry of New Jersey.

Dr. MacFarlane, who graduated from Seton Hall Preparatory School in South Orange, earned a Bachelor of Science degree from Fairleigh Dickinson University in Madison. He will begin a dental practice in Essex County.

At UMDNJ, MacFarlane was a member of the American Stu-

dent Dental Association, Pierre Fauchard Dental Society, Psi-Omega Dental Fraternity and the American Society of Dentistry for Children.

MacFarlane lives in Belleville with his wife, Erin.

Dr. Glenn MacFarlane

Mauro A. Tucci III of Belleville, son of Mr. and Mrs. Mauro Tucci Jr., recently graduated from Ross University School of Medicine.

He received his Bachelor of Science degree at Fairleigh Dickinson University.

Dr. Tucci is now serving his first-year internship in internal medicine at University of Medicine and Dentistry of New Jersey, Rutgers Medical School and St. Peter's Medical Center, New Brunswick.

Mauro Tucci III

Robert Kane of Belleville has been named to Phi Zeta Kappa, Fairleigh Dickinson University's junior honor society.

At least 60 credits must be completed toward an undergraduate degree and, of these, 44 must have been earned at the university, with a cumulative grade point ratio of 3.2 or better out of a possible 4.0.

Kane attends the Teaneck-Hackensack campus of Fairleigh Dickinson University.

Gregory Segalla of Belleville has been named to the honors list for the spring semester at Fairleigh Dickinson University.

To qualify for the honors list, a student must have a grade point ratio of 3.5 or better out of a possible 4.0.

Segalla attends the Teaneck-Hackensack campus of Fairleigh Dickinson University.

Gene J. Marino, son of Mr. and Mrs. George Marino of Belleville was recently graduated cum laude from St. John's University in Jamaica, N.Y., achieving an over-all grade point average of 3.6.

He has received his Bachelor's of Science degree with a major in biology and dou-

ble minors in chemistry and theology.

During his four years at St. John's, Marino was elected onto the dean's honor roll and granted membership into the prestigious and nationally recognized Roger Bacon Science Honor Society for research work in microbiology with actinomycins, a widely used antibiotic. He also continues to work at St. Barnabas Medical Center as a cardiac monitoring technician.

Marino was accepted into two American Medical schools and has decided to attend Iowa University-College of Medicine and Health Sciences.

Gene J. Marino

Dr. Roland Garrett, vice president for Academic Affairs at Montclair State College, has announced the academic honors list for the spring semester on behalf of the deans of the college's five schools.

# Music program offers relaxed environment

(Continued from page one)

the students would be supervised in their practice every day.

"We call them lessons," Mr. Black said. "In a way they are, but a student doesn't have a chance to get into any bad habits. The program is a marvelous way for a student to not only start an instrument, but continue one as well."

Mr. Black said that every Tuesday during the five-week program, students gathered together for a "demonstration" of their talents.

"I don't want to call them performances," Mr. Black said, "because then the children become performance-oriented. We call them demonstrations because the students play what they have learned the previous days. We didn't have one the first week because students were still busy learning the material, but we had one every Tuesday after that."

Assisting Mr. Black during the program were Mr. Sam Monaco, a music teacher in the school system, and student assistants Frank Pischerchia, June Staselis, Margaret Akian, Julie Pedalino, Janice Galang and Brian Dullaghan.

The program, which cost \$30 per student, involved students in grades 1-8. Among the instruments taught during the five weeks were flute, violin, clarinet, piano and saxophone.

In demonstrating techniques on the violin, Mr. Black said that it is necessary for students to learn techniques and know that routine is very important.

"What is special about this

program is that the students are here because they want to learn," Mr. Black said. "They've made tremendous progress over the past five weeks."

Along with the five weeks of musical training, students became involved in art lessons. The lessons, taught by Mrs. Kathryn Black, were incorporated with the level of musical training.

"Music and art are so interrelated at the upper levels," Mrs. Black said, "so we thought we would get the lower levels involved since they are the ones involved in the program."

Mrs. Black, who was assisted by Dennis Dework and Albert Alves, said the students began with color, design and painting and then became involved with collages.

"They learned to use their hands much like the way they learn to use them on scales," she said. "The students were learning the rudiments of art while learning the rudiments of music."

Mrs. Black, who hopes the program will continue next year, said that students who come in can start with the basics.

"Those that are already in the program," Mrs. Black said, "can simply grow with what they've done."

# Construction of new town hall set for '86

(Continued from page one)

housed in one building," Marotti said, "a person wouldn't have to travel all over the township to carry out his business."

Marotti said that plans for a new municipal complex stem back to 1971 when he suggested an extension be built. However, the idea did not get the backing and was put on the back burner. "If we had gone through with that plan," Marotti said, "we wouldn't have paid it off by now."

Marotti also said a push came back in 1981 when plans for a new municipal complex were centered on Franklin Avenue. He said that objections from the merchants along the avenue, as well as the chamber of commerce, defeated those plans.

"Plans for a new municipal complex are nothing new," Marotti said. "We've always been working on it."

The plans for a new municipal complex on Washington Avenue, which will result in larger working space for township employees, have also been a sign of revitalization for business along the avenue.

Since the board of commissioners recently approved a \$9.5 million bond ordinance, merchants along the avenue have been encouraged to repair their properties. In fact, Marotti and the commissioners helped set up a Business Finance Day on July 2 in which merchants met with members of the Essex County Development Corporation (EDC) to discuss low-interest loans.

Twenty-five businesspeople

met with EDC and discussed repairs to facades and replacement of windows, purchase of machinery and equipment, construction of interior partitions to larger projects such as demolition of existing structures and

replacement through construction. Monies for the low-interest loans and grants, up to \$100,000 and \$500, respectively, have been set aside by the board of commissioners, but additional

programs are available to cover projects going up to as much as \$10 million.

Businesspeople interested in any of these financial programs, can call EDC at 781-2772.

Matthew Martin of Union Avenue, son of Mrs. Margaret Martin, was promoted to a petty officer June 17.

Hospitalman Martin listed in the Navy two-and-a-half years ago and is stationed aboard the U.S.S. IOWA (BB-61).

Martin recently received a Navy citation "for superior performance outside his normal duties during Central American operations and demonstrated his

sary treatment so vital to these underprivileged persons. Pe resourcefulness and unending devotion, dedication and selfless compassion to mankind contributed to IOWA's medical departments' proficiency in meeting every challenge."

The citation continued, "His personal contributions, unique personality and enthusiasm were a laudable expression of the good neighbor policy of the United States. His good will and ambassadorship in this endeavor reflected great credit upon himself, the IOWA (BB-61), the United States Navy and positively reinforced the policies of the United States of America," the citation read.

Kathleen Kelleher

Airman Kathleen M. Kelleher, daughter of Sally A. and Mort

Kelleher of Belleville, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, Kelleher studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

Kelleher, a 1984 graduate of Belleville High School, will now receive specialized instruction in the supply field.

VMI Award Winner - Virginia Military Institute graduating first classman John J. Kaplan, (left) of Belleville, is congratulated by Capt. Joseph S. Price at the presentation to him of the American Legion Scholarship Award for military and academic excellence. Cadet Kaplan, an academically distinguished electrical engineering major and a Air Force ROTC cadet, held the rank of lieutenant in the Corps of Cadets. As a cadet, he was a member of Eta Kappa Nu, an electrical engineering honor society, and was named a member of Who's Who Among Students in American Universities and Colleges.

Seaman Recruit Francis C. Gerris Jr., son of Francis Gerris of Brick Township and Theodore and Dianna Ellis of Belleville, has completed Navy basic training at recruit training command, Orlando, Fla.

During Gerris' eight-week training cycle, he studied topics such as basic damage control and firefighting, special warfare conditions, general first aid, basic seamanship, physical training, military drill and naval history.

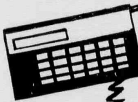

Gerris, a 1984 graduate of Belleville High School, is now attending the Navy's basic "A" school for the rating of cryptologic technician at the Naval Technical Training Center, Pensacola, Fla. He will spend 19 weeks studying methods of handling classified information.

Choose from symmetrically shaped melons with a dull green or striped surface and a yellow underside. Low in sodium, good source of Vitamins A and C.

Vine Ripe  
**Whole Casaba Melons**  
**39¢**  
Slices...Lb. 59¢  
A yellow rind color and a slight softening at the bottom indicates ripeness. Low in sodium. Good source of Vitamin C and Potassium.

When it comes to melons we turn to the west side of the San Joaquin Mountains as well as the Imperial Valley of California where the soil is rich and where the warm breezes from the Pacific keep the temperature even, allowing the melons to grow large and sweet. And from Georgia, Delaware and the Carolinas come our big juicy red ripe watermelons. So plan a big week with melons served in a variety of ways in slices, wedges or served with prosciutto, cheeses & nuts.

# Belleville Times SPORTS

## Buc Shots

By Mike Lamberti

## Belleville P.B.A. Champs

Twenty four hours a day, seven days a week, the Belleville Police protect our township, both on foot and by automobile. The general consensus around town is that our men in blue do a darn good job in keeping our township a nice place to work and reside.

However, this story is not about what the police do during their tour of duty; it's about what the men do after the shift is over. Once again, the police are representing Belleville in a championship way, competing in the North Jersey Police Softball League and winning the Northern Division this summer.

"It's the first time we have won the division since 1977," said coach Joe Simonetti, a sergeant on the Belleville Police force. "It's not easy in this type of league. You never know what players have to work a different shift, who is on vacation, who can't make the game. Sometimes, we have just nine players at a game, but we did pretty good."

Playing against some bigger (volume wise) teams, Belleville posted a 9-4 record and captured the top seed in the Northern Division playoffs, which begin this weekend at Belleville High School, on diamond number four.

Belleville will challenge a tough team from Montclair in the best of three, starting on Saturday morning at 9:30 a.m. The second game is slated for Sunday morning, also at 9:30. A third game, if necessary, will be played early next week, although a specific time and place has not been determined.

There are 12 teams in the league, which is divided into two conferences, the American and National. East Orange captured the top spot in the American League and, according to Simonetti, are the early favorites to win the championship.

Mayor Michael Marotti, a Belleville policeman for many years, sponsored the team this year. In 1984, the team was sponsored by Belleville Travel.

"Mayor Marotti was president of our PBA, Local 28, for 16 years," said Simonetti. "He has been a part of the Belleville police department for a long time."

Currently, Tony La Vista, a sergeant on the Belleville Police force, is the president of the PBA. La Vista is also a member of the softball team.

The league is a slow-pitch, 12 foot arc, which, according to Simonetti, is all business.

"The guys really enjoy playing in the league, but it's all business, there's no fooling around. We do develop a good rapport with the other police departments. It does help because in the line of duty, that rapport can help. Sometimes, in a special case, knowing someone in another police system makes getting an answer a little easier. Everyone tries to help everyone out."

Against Montclair this weekend, Simonetti expects a tough outing.

"We beat them twice this season, but they were both one run games. I figure it should be a tough ball game. They have a real good team."

The National Division, in addition to Belleville, consists of Montclair, the Hudson County Police, Bloomfield, Maplewood and Jersey City.

Some of the bigger forces, like Newark and Jersey City, have some good teams," said Simonetti. "They have a lot more men to choose from than we do, but we hold our own pretty well."

Seventeen players make up the roster for Belleville. In addition to Simonetti, they are Bob Klein, Jim Guiliano, Tom Agosta, Scott Sim, Art Connolly, Jim Del Grosso, Sgt. Bill Escott, Tony Romandetto, Vic Mesce, Vin Cappetta, Nick Krentz, Charlie Hood, Bill Palatella, Al Ciccone, Frank Malfatto and Sgt. La Vista.

Connolly, Del Grosso, Escott, Cappetta La Vista and Simonetti have been playing in the league for 10 years. Belleville won the county championship in 1975 and 1976.

The pitching chores are handled by Escott and Simonetti. At first base is La Vista. Palatella or Hood. At second base is Simonetti and Krentz and the shortstop is Mesce. Over at third base is Ciccone, Del Grosso or Guiliano. The outfield positions are filled by Klein, Agosta (whom Simonetti calls one of the best defensive fielders in the league), Sim, Cappetta and Malfatto. The catcher is Connolly and the designated hitter is Romandetto.

It's not the major leagues and the players don't profess to be outstanding, but the members of the Belleville Police force certainly gave our township reason to be proud on the diamond this summer. If you have the opportunity, the police would be very happy to see you at one of the games this weekend. Once again, the game starts at 9:30 a.m. from Belleville High.

### Landon Ball

The Belleville Legion baseball team continues to excel, having reached the semi finals of the league playoffs. The team faced Bloomfield last Monday, with a chance to advance to the state tournament. Belleville needed to defeat both Bloomfield and Vailsburg to make it to the state tourney. Certainly, congratulations are extended to coach Jim Landon and his exciting team on a fantastic summer.

### Last Exit Quiz

Who scored the only run in the '68 All Star Game, where was the game played and the Cy Young Award Winners. The answer: Willie Mays scored the only run, the game was in the Astrodome and Bob Gibson and Denny Mc Lain won the Cy Young.

### For This Week

Other than Toronto and Seattle, who broke in the major leagues in 1977, name the other teams in the major leagues who have not been to the World Series in team history. Remember, teams might be in different cities now, but are still the same franchise. For example, the Braves have not been to the series in Atlanta, but did play in the World Series when the franchise was based in Milwaukee.

## Eliminated from playoffs

# Belleville Legion ends season

It all came down to one inning, one pitch, one run. When it was over, Bloomfield had defeated Belleville in American Legion baseball by a count of 9-8 in a very exciting contest in Bloomfield.

Thus ends a very successful summer of Legion ball for head coach Jim Landon and his crew, which posted a 13-7-1 mark.

The game with Bloomfield was the semifinal round of the Legion playoffs. Belleville needed to defeat both Bloomfield and Vailsburg the following day to earn a berth in the state tournament. Belleville had advanced to the semifinal showdown by defeating Newark, 16-11, losing to Caldwell, 7-5, then tripping Livingston, 11-9 last Sunday.

The game with Bloomfield could not have been any closer. Belleville hit an 8-6 lead entering the bottom of the ninth when Bloomfield scored three times off of Belleville ace Jim Dunphy to prevail.

Earlier in the game, Dave Long had powered the Belleville arsenal with a pair of homers, the first coming in the third and the second in the eighth. Long's second blast had given Belleville an 8-6 lead and Dunphy had retired nine straight entering the bottom of the ninth.

John Auriemma also led the way for Belleville, hitting a grand slam homer, his second in two nights, in the sixth inning to help rally Belleville from a 6-2 deficit into a 7-6 lead.

Bloomfield's big inning, in addition to the ninth, was the fourth when the Bengals scored five times on six hits. The Bengal hero turned out to be Bill Kennedy, who hit a two-run single in the bottom of the ninth

to bring in the tying and winning runs.

Despite the loss, Belleville can look back with pride on an excellent summer. The team played solid baseball in the earlier stages of the playoffs to advance to the big game with Bloomfield. It all started with a big win over Newark.

Against Newark, Belleville had all its offensive guns in motion en route to an easy 16-11 victory.

"I took most of the starters out early in that game," Landon said. "We hit the ball real well and pulled away early."

Belleville had a 16-6 lead in the fourth inning when most of the starters, including pitcher Tom Reid, were lifted. Belleville benefited from two inside the park homers, two triples, five doubles and four stolen bases.

Jim Dunphy was four-for-four, with six runs batted in. Dave Long was also hot, connecting for three hits in four trips, including an inside the park homer, triple and double. Allan Ruopp also hit an inside the park shot to pace the Belleville victory.

The Caldwell game, according to Landon, was a "terrific game."

"It was a game that we should have won," the coach continued. "We outhit them, they outplayed them. They just managed to outscore us. It was one of those games where we did just about everything right, but lost."

Belleville held a 5-3 lead in the sixth inning and had it all. Dunphy, on the hill, Caldwell, like the good team it is, took advantage of some Belleville miscues and a little luck to scratch across four runs in the sixth to

take a 7-5 lead.

A Caldwell batter was hit by a pitch and the next hitter hit a slow grounder down the third base line.

"We let it go, figuring it would go foul," recalled Landon. "Instead, it hits a mound of dirt and stops dead."

The next batter, with an 0-2 count, looped a Texas League single over the first baseman's head to drive home a run. A few hits later, Caldwell had taken a two run lead, 7-5, and would go on to win by that score.

Dunphy hurled a fine game for Belleville, pitching six innings, allowing eight hits, striking out seven and walking five. Belleville hurt itself by leaving eight men on base. Jim Caponi paced the Belleville attack with a double that drove home two runs.

"They say that baseball is a game of inches," Landon said. "The game with Caldwell is living proof of that."

Belleville came back with a good effort against Livingston,

winning a nine inning game, 11-9.

John Auriemma started things for Belleville when he cracked a grand slam homer in the first inning to help his club to a 4-0 lead. Auriemma, a fine catcher and offensive player, has been hampered by a sore knee over the last two weeks.

"He's still not 100 percent," Landon said. "His back is hurting because he is favoring the knee. We didn't have a back up catcher in the game, so John stayed behind the plate. He did a very good job for us."

Despite taking an early lead, Belleville had to rally in the late stages to win. With the game tied at seven in the sixth inning, the local team scored four runs, highlighted by a three run homer by Steve Mulhearn, giving Belleville the lead for good, 11-7.

Reid started the game for Belleville and he hurled the first seven innings before giving way to Ruopp, who finished the game and earned a save.

## Belleville upsets Irvington, 46-39, in Elizabeth summer hoop league

Playing by far its best ball of the summer, the Belleville summer basketball team upset highly regarded Irvington and lost a squeaker to defending state champion, Elizabeth, last week.

The team played East Orange last Monday and Weequahic last night. Next Monday, Belleville concludes regular season play in the league by battling Don Bosco Tech, starting at 7:30 p.m. Next Wednesday, the team is scheduled to start play in the summer playoffs.

Head coach Don Roll was very pleased with his teams effort last week.

"It was a good week of basketball for us," Roll said. "The kids were thinking team play. Everyone played a smart game. They all know their assignments and followed them well. The kids were looking to each other and that kind of team play can win games."

In defeating Irvington, 46-39, Belleville upset a team that is regularly ranked the county standings. "They always have a good team," Roll said of the Campers. "That was a good lift for the team."

As has been the case all summer, the Bucs gave a good defensive performance. In addition, Belleville responded on the offense with good team balance.

Robert Hutchinson led the Belleville attack with 13 points. Don Washington tallied 12 points. Leon Puentes finished with 11. Ted Sochaski scored to six points. Dom Mastro tallied four and Loung La closed the Belleville scoring with a field goal for two points.

"We used a 1-2-2 trap," explained Roll. "We sent Leon (Puentes) to center court to put pressure on the ballhandler Ted (Sochaski) and Don (Washington) then did the job under the boards. It worked well."

The victory was the second for Belleville in the tough Elizabeth league. Both Bucanear victories have come in the space of two weeks.

Against Elizabeth, the Bucs were up against one of the best teams in the state. Last winter, Elizabeth captured the state championship, downing Camden in the Group IV finals. While most of those players have been graduated, Elizabeth still has a formidable club.

Belleville finished on the short end of a 41-39 contest, missing the final shot at the buzzer.

"I'm not trying to sound like sour grapes," said Roll, "but Leon was hammered on the final shot and no foul was called. Even their coach said after the game that it looked like a foul."

Despite missing the shot, Puentes was marvelous all night long. The sophomore finished with 18 points and did a good job in directing the offense.

"He's been very good all summer," Roll said. "He has been working hard all summer and it's paying off for him."

The same can be said of Sochaski, who finished with 10 points. The sophomore forward is being counted on to fuel the Belleville offense this winter.

Despite the setback, the loss does show that Belleville can play with the better teams when it teams with a total team effort. As the summer continues, the Bucs are beginning to show signs of promise.

## Braves drop three of four league games as rough campaign nears conclusion

With their season winding down, the Belleville Braves continue to have problems in the Essex County Baseball League, having dropped three out of four games last week.

Anthony Coco's team battled the Union Rams last Monday and Millburn last Tuesday. Last night, the Braves played the Union Jays and tomorrow evening they will travel to Newark to face the N.J. Cubans, starting at 6 p.m. The Braves continue with a game on Sunday at Parsippany, commencing at 8:15 p.m. and close out the week's action with a contest in Verona, Monday, starting at 6 p.m.

The Braves record fell to 4-27 on the season, losing games to Verona, 7-0, Montclair, 12-1 and

Millburn, 7-2. The lone Belleville victory came against Cranford, an 8-7 triumph last Wednesday.

Against Verona, the Braves were baffled by Bill Harwood, a hard throwing pitcher who kept the Belleville off balance the entire night. "He wasn't throwing very hard," said Coco, "but he had good stuff. His change up was working and his off speed pitches were good. He was pretty good that night."

Harwood allowed just six hits while his teammates jumped on Belleville starter Mike Cavaluzzi for all seven runs in the first two innings. Cavaluzzi gave way to Mike Callendo, who went the rest of the way for Belleville. To his credit, Callendo pitched four scoreless innings and did a solid

job.

The following game, against Cranford, saw Belleville rally for an 8-7 win. The Braves had taken a 7-5 lead into the last inning, but Cranford scored two runs to force a tie and put the pressure back on the Belleville bats.

The Braves reponded in classic form, winning the game in the bottom of the seventh when Mark Grillo led off with a solo homer.

"He's been hitting real well," Coco said of Grillo. "He got off to a good start, hit a slump, but is coming back strong now."

On the night, Grillo connected for three hits. Callendo started the game and pitched the entire seven innings to earn the win.

The winning streak did not last, however. The following game saw Belleville on the very short end of a 12-1 contest at Montclair. A familiar face reappeared on the mound for Belleville as Dave Starr started and hurled the entire game.

Starr, a 1981 graduate of Bel-

leville High and a catalyst of the GNT championship team, pitched rather well, but he was hampered by poor fielding.

Grillo led the Belleville attack with two hits, but it was a game in which Belleville fell behind early and never caught up.

Finally, in the Millburn game, Belleville fell by a 7-2 count. Cavaluzzi started and pitched the first two innings, allowing five runs. He yielded to Callendo and once more, Callendo did a fine job on the hill. He gave up just two more runs the rest of the game.

Grillo and Cavaluzzi led the offense for Belleville, with two hits each. Cavaluzzi has also been hitting the ball very well. "Cav has been real good at the plate," Coco said. "Our offense has been connecting, we're just not getting the key hits."

And so, the Belleville Braves continue through the Summer of 1985, with the end of a long season just two weeks away.

## Junior Bucs applications available at Rec Dept.

The Belleville Recreation Department's 1985 Tackle Football program will be one of a traveling nature. This year's football program will provide good competition for the youths involved as well as supplementing the high school football program as an effective feeder system. Belleville's "JUNIOR BUCS" will compete in the Metropolitan Junior Football League, which also includes teams from Bloomfield, Clifton, Kearny and Nutley.

Tryouts will begin in mid-to-late August. Boys interested in playing must register by filling out an application form which must be signed by a parent. All applications must be accompanied by a recent passport-size photo and a copy of his birth certificate/baptismal paper.

To be eligible, boys must be at least 8 years old on or before September 1, 1985 and cannot turn 15 before January 1, 1986. No one above eighth grade can play.

Applications can be picked up and returned with a copy of birth certificate and passport photo to the Rec House at 407 Jaramon Street by Friday, August 9, 1985. Tryouts will begin on Monday, August 19 at 6:00 at the Municipal Stadium.

## Summer Track Festival IX to be held Sunday afternoon

Both the competition and excitement are building for Essex County Department of Parks, Recreation and Cultural Affairs' Summer Track Festival IX, which will be held this Sunday, August 4 at Underhill Field in Maplewood.

Track Festival, sponsored by the Essex County Department of Parks, Recreation and Cultural Affairs, begins 8 a.m. with the 10-kilometer run. The meet offers competition for both the novice and expert. In addition to the events listed above, other events at the Festival include a 3000m race and a 10 kilometer run, the long jump, high jump, shot put and discus event.

The entry fee is \$2.50 per event and \$5 for the 10K run. Each competitor is allowed to enter three events. Further information for the track events can be obtained by calling the Parks Department at 482-6400.

## DeAquino, Fetch pass playground wiffleball test

At No. 10 School playground this week, a wiffle ball tournament took place. Dina De Aquino and Anthony Fetch were the champions. Michael Mundy and Jeff Vogel were beaten by the pair by the score of 3-0. The No. 10 softball team was beaten on Thursday, 11-2. Also at No. 10 school, a ping-pong tournament was held. George Speer and Vito D'Alessio were the winners. Other participants were Brian Redding, Steve Glogozza, Jerry D'Alessio and Ben Hughes.

At No. 8 School playground, a softball game was held. Ken Henry, T.J. Johnson, Tommy Escott and Gregg Oliver were some of those who enjoyed themselves at defeating their friends and demonstrating fine playing ability.

The Stadium this week held various tournaments. Kristen Galioto won the nok-hockey tournament. Bob Cassin and Steve Kimble were the winners of the golf tournament and Jeffrey and Gerald Falduto and Colleen Manion were the winners of the softball tournament. Linda Wujciak was the big winner of the weight throw competition, throwing a 25-pound weight 10 yds. Mike Senesky won the ping-pong tournament.

At No. 9 School playground, they had a dodgeball game using the football. The winner was Ben Cerca. Touch football was once again the game of the week at Fairway Park. The children kept track of their touchdowns and the leader was Bill Prosseri with 14. Vinny Orrei and Bill Nehila tied for second, each with 6 T.D.s. The wiffleball home run leader, Mike Liloia, extended his lead by hitting his 55th home run of the summer. The Junior Boys softball team evened its record at 5-5-1 after starting the season 0-4. The team's star hitters include Prosseri, Nehila, Liloia, Frank

Orrei and Rich Ferruggia.

At the Friendly House this week, a nok-hockey tournament took place. No winner is yet announced but the competition is fierce. The D.D. Softball team is practicing for the playoffs with all children participating.

#### DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mr. R. of Nutley states: "I've been getting caraches, but my doctor says my ears are fine. Could my teeth be causing the problem even though they don't hurt?"

That is a possibility, Mr. R. Sometimes a back tooth could become resulting in an infected area causing the carache. The abscessed tooth, being non-vital would not hurt while the ear would. Another possibility aside from teeth could be a misalignment of your jaw. This could be due to a number of reasons, such as trauma, grinding, or other preexisting dental conditions. So, Mr. R., your answer would be yes, and we would encourage you to explain the problem to a dentist. After a thorough dental examination quite possibly the solution would be found.

Thank you

## Gee exhibits at library

The works of Ronald Gee of Belleville are currently on exhibit at the Belleville Public Library, 221 Washington Ave.

Mr. Gee, who has been painting for three-and-a-half years, enjoys painting landscapes and seascapes.

"When I can see the picture right on the blank canvas, then I start to paint it, not before," Mr. Gee said. "Each painting I offer to God as a work of love."

Mr. Gee paints like Constable's oil sketches, but he also uses some of the ideas of the impressionists.

He has won first place in the Pitman, N.J., Outdoor Art Exhibit for oils and has taken part in many outdoor shows. He has also exhibited at the West Deptford Library.

The artwork can be viewed in the meeting room during library hours.

CALL US AT 235-0821

We realize that our responsibility to you includes more than just handing a prescription bottle over the counter and taking your money. We want to make certain that you know just how to use medication. How frequently should it be used? Should it be taken with food or on an empty stomach? Should it be refrigerated? Does everyone know how to use an eye drop? All these and many more are the discussions we have everyday with you, our valued friends. We want to help you get the maximum benefit from your prescription dollars!
