For information, call 450-3422.

Township receives grant for bus

Senator Carmine A. Orechio (D-Essex) has announced that the Township of Belleville will receive a \$35,000 grant for the purchase of a senior citizen mini-bus.

The State Senate President said he asked that the funds be included in the state budget which was recently signed by Gov. Thomas Kean.

"Access to an efficient transportation network is essential for a community's older residents so that they can lead independent and productive lives," Sen. Orechio said.

Sen. Orechio said that the funds have been appropriated to N.J. Transit who will transmit the grant to Belleville. N.J. Transit will also be available to provide any technical assistance related to the purchase of the bus, he said.

Tryouts held for squad captains

The Belleville Recreation Department will be holding tryouts for three captain positions on its traveling cheerleading squad.

Seventh and eighth grade girls may compete for the positions 6:30 p.m. Thursday, Aug. 22, Tuesday, Aug. 27, and Thursday, Aug. 29 at the Belleville High School parking lot, Division Avenue.

Any fourth, fifth or sixth grade girls interested in trying out for the squad can report to the high school parking lot at 6:30 p.m. Aug. 22 and 29.

For more information, call the Recreation Department at 450-3422.

Knights celebrate family picnic

The Knights of Columbus Council 835 of Belleville will celebrate its annual family picnic Sunday, Aug. 25, 11 a.m.-dusk at the Lyndhurst Riverside County Park (north area-section "A"), North Arlington.

Chairman for the picnic is Pat Dunn.

The Knights of Columbus Council 835 of Belleville meets every first and third Monday of the month at the council hall, 94 Bridge St.

Police arrest 5 for drug possession

Belleville Police arrested five persons for drug possession in separate incidences this past Thursday, according to Det. Captain Raymond Kimble.

Domenick and Dolores Monica of Washington Avenue were arrested by Detectives Joseph Tortorello and Joseph Rotonda and charged with possession of drugs, intent to distribute and possession of drug paraphernalia.

According to Kimble, the arresting officers confiscated \$4000 worth of cocaine. They were each being held on \$10,000 bail.

In another incident, Detectives Tortorello and Rotonda arrested Joseph Leone, 24, and charged him with possession and the selling of drugs.

Police found a small amount of cocaine on Leone, who was released after posting \$500 bail.

Officers Charles Hood and Anthony Romandetto arrested Richard Rubertone and Robert Stecker, both of Belleville, and charged them with possession of drugs.

The arrests were made after police investigated a report of a disturbance on Overlook Avenue. Both men were later released.

School 9 principal named

Outgoing and Incoming - Retiring School 9 Principal Joseph Grosch stands beside newly-appointed School 9 Principal Michael Harvey of Adelaide Street. Harvey, who has taught in the Belleville School System for the past 18 years, will also be in charge of coordinating elementary curriculum.

Michael Harvey assumes post left by Joe Grosch

By Michelle Jeannotte

The Belleville Board of Education, after weeks of debating a new assistant superintendent's position, appointed Michael Harvey School 9's new full-time principal.

Mr. Harvey, an Adelaide Street resident and father of two sons, Michael and Brian, will replace Joseph Grosch who retired from the position this past June. He will also be in charge of coordinating elementary curriculum within the school system.

"It's something I've always wanted," he said. "I think I've prepared myself for the position. I know my colleagues who applied for the position and I am doubly proud to have been chosen from among them."

Mr. Harvey, who has been a guidance counselor at the middle school for the past four years, had previously taught for eight years at School 8 and six years at School 9.

"Most of the faculty at School 9 were there when I was," Mr. Harvey said. "If they don't know me from there, most of them know me very well from being president of the teachers group in Belleville for four years."

Before entering the teaching

profession, Mr. Harvey studied for the priesthood for two years in Alabama and Georgia. After his second year, he decided to leave the priesthood and study elementary education.

"I had met my wife (Marie) at the time who was studying in Alabama," he said. "She was studying to be a teacher and she introduced me to some of her friends who were also teachers. I thought it would something I would like to do. Studying for the priesthood prepares you to be either a missionary or teacher so it would still be a service to the public."

Mr. Harvey came back to New Jersey and worked at Prudential Insurance Co. while attending school. He studied at Seton Hall University where he

received his bachelor's degree in elementary education. He then received his master's degree in student personnel services from Kean College and also completed post-graduate work in supervision and administration at Montclair State College.

"I've always wanted to be an elementary school principal," Mr. Harvey said. "I was never much for a middle school or high

Administrators revise BHS discipline code

By Michelle Jeannotte

Belleville High School administrators will have the right to search a student's locker if a revised discipline code is approved by the Belleville Board of Education, Mr. Joseph Ciccone, BHS principal said.

The discipline code, recently revised by Mr. Ciccone and vice principals John Westlake, George Nucera and Marilyn McGrath, was modified to conform with a recent Supreme Court decision regarding searches, Mr. Ciccone said. Administrators will have the right to search a student's locker only if there is "reasonable cause."

"The lockers are school property," Mr. Ciccone said. "You have to have some reasons for going through a student's locker. You can't actually go through a student's belongings such as pocketbooks and book bags. We can only search the locker."

Other revisions in the discipline policy include reasons for suspension or expulsion and actions which will be taken by administrators, Mr. Ciccone said.

Causes for suspension or ex-

pulsion are governed by a New Jersey statute (18A:37-4). Conduct which constitutes good cause for suspension or expulsion includes: continued and willful disobedience; open defiance of the authority of any teacher or person having authority over him; conduct of such character as to constitute a continuing danger to the physical well-being of other pupils; or physical assault upon another pupil or upon any teacher or other school employee.

Also listed as causes are taking or attempting to take personal property from another student by means of force or fear; causing substantial damage to school property; or not leaving school property when instructed to do so.

Mr. Ciccone said the policy was rewritten to provide a more consistent response to violations of school rules or behavior which disrupt the educational opportunities of students. Mr. Ciccone said he will be addressing parents of high school students about the revised discipline code at an open house scheduled for

Residents question board attorney's fees

What is the Belleville Board of Education getting for \$90,000 in legal fees?

That's the question that some members of the audience asked school board members at their meeting Monday night. Jackie Rega of Jorammon Street questioned school board members about \$90,000 in legal fees budgeted to Lawrence Schwartz, school board attorney.

Mr. Rega, along with other members in the audience, believed the fee was too high for a school board attorney and

asked school board members how they choose their attorney.

"We discuss it (the position of school board attorney) every year," Dr. Anthony D'Agostino, school board president, said. "We discuss his qualifications as a lawyer, particularly as a school board lawyer. Your figure of \$90,000 was inaccurate. I have a figure of \$81,500 and if you look over the past year, 50 percent of the fees was used for Mr. Schwartz's time spent on two tenured cases of which there

Belleville teenagers receive job training

By Kara Laczynski

Teenagers helped to make Belleville a better place to live this summer while earning money through the Essex County Youth Employment and Training Program. Jobs for 50 Belleville students were funded by the county program, which ran from June 25 to Aug. 20.

Economically disadvantaged and learning disabled students between the ages of 14 and 20 were eligible for the part-time jobs, Michael Early, director and Belleville High School teacher, said.

Essex County Geriatrics Center, Belleville Town Hall, Department of Public Works,

Fire Department and Belleville Public Library were a few of the sites where the students lent a hand in clerical and custodial capacities.

"I like my job a lot," Dawn Bradley of William Street, an 11th grader who was a clerk at the middle school, said. "The work is fun and the people are great."

"Dawn is a good worker and a nice girl," Betty Glendenning, head secretary and Dawn's supervisor, said.

"The program really works," Mr. Early said. "It keeps kids in school who might have dropped

Elks select local girl as area poster child

By Karen A. Lynch

Jennifer Lee Hazen of Bloomfield has been selected one of four poster children for the N.J. State Elks Crippled and Handicapped Children's Committee for 1985-86. She represents Area 3, the north central and northwest districts, which includes Belleville, Bloomfield and Nutley.

The 7½-year-old Jennifer, who is paralyzed from the waist down and confined to a wheelchair, was sponsored by Elks Lodge 788. As poster child, she will travel to area lodges for publicity and fund-raising purposes and will receive a \$1,000 U.S. Savings Bond from the state committee at the end of the year.

"We who have been in her presence find her personality most delightful, despite her many handicaps," Dan Robinson, chairman of the Bloomfield Crippled Children's Committee, said in his letter of nomination.

"Jennifer makes every effort to participate in all activities as a normal child."

Jennifer was born with congenital heart disease. She underwent surgery at the age of 11 months to close holes in her heart and to open a narrowing in one of her arteries. An apparent doctor's error caused stoppage of the blood flow to her spinal cord during surgery, resulting in the paralysis.

She was operated on a second time at the age of two to patch a hole between the ventricles, or chambers, of her heart. The procedure corrected her heart problems, but she continues to suffer from side effects as scoliosis (curvature of the spine), periodic dislocation of

her right hip and chronic bladder infection.

However, health problems have not stopped her from excelling at athletics.

As a member of the Mountaintop Children's Specialized Hospital junior wheelchair team, Jennifer won six medals at a national meet in Fishersville, Va., in July. Her honors included a gold medal as a member of the 4 x 100 relay team and silvers in the slalom, shot put, softball throw, 100-meter and 400-meter events.

She was also awarded four gold medals at a meet in Wilmington, Del., this spring and holds national records in softball, Indian club and shotput throwing events. She will next compete in a meet at Roosevelt Island, N.Y., Sept. 6.

When she's not practicing for wheelchair races, she says she enjoys playing house and watching sports (particularly football and baseball), "Sesame Street" and "Reading Rainbow" on television.

A formidable reader herself—it's her favorite subject at Forest Glen School, Bloomfield, where she'll begin third grade this fall—Jennifer was a member of the Dynamite Dinosaur Reading Club at the Bloomfield Public Library this summer. She also attended the Elks' Camp Moore in Haskell for a week, where she enjoyed swimming, tie dying, and checkers. The facility accommodates some 60 campers per week during its nine-week season.

The daughter of Susan and Carl Hazen, Jennifer shares her home with brother Chris, 2, and sister Michelle, 3.

County program offers job training to teenagers

out by giving them a way to make money and stay in school.

"Participants increase their employment potential by developing marketable skills," Mr. Early added.

Ten hours of labor market orientation were included in the program, in which money management and job search skills were taught.

The Essex County Youth Employment and Training Program is funded through the federal Job Training and Partnership Act, which replaced the Comprehensive Employment and Training Act, or CETA, in 1980.

The \$56,155 grant awarded to Belleville this year is almost \$10,000 more than the \$46,782 grant that Belleville received in 1984. Four additional jobs were created with those funds, according to Mr. Thomas Malcolm of the Essex County Public In-

formation Office.

Nationally the program provided 1,443 jobs with \$1,427,731. Last year, \$1,485,265 funded 1,390 jobs. Higher administrative costs account for fewer positions this year, Mr. Malcolm said.

Physicals conducted for BHS fall sports

Local college awarded \$25,000 student grant

Bloomfield College was one of 14 Presbyterian Church related schools to receive a grant for Newcombe scholarships, announced the Charlotte W. Newcombe Foundation, Princeton, recently.

The \$25,000 grant provides aid to minority or economically disadvantaged students who have limited resources available for scholarships.

Bloomfield President Merle Allshouse said, "About two-thirds of our June graduates were women and about half minorities. They represented all ages, colors and creeds. The Newcombe scholarship grants certainly had a hand in providing the sense of hope, opportunity and vision I saw in the eyes of many of our graduates."

Thought for Today

Fill Your Heart With Thanksgiving

Take nothing for granted,
for whenever you do
The "joy of enjoying"
is lessened for you
For we rob our own lives
much more than we know
When we fail to respond
or in any way show
Our thanks for the blessings
that daily are ours...
The warmth of the sun,
the fragrance of flowers,
The beauty of twilight
the freshness of dawn,
The coolness of dew
on a green velvet lawn,
The kind little deeds

so thoughtfully done,
The favors of friends
and the love that someone
Unselfishly gives us
in a myriad of ways,
Expecting no payment
and no words of praise
Oh, great is our loss
when we no longer find
A thankful response
to things of this kind,
For the joy of enjoying
and the fullness of living
Are found in the heart
that is filled with thanksgiv-

Michael Harvey

The Belleville Board of Education, in its great wisdom, appointed Michael Harvey as a successor to Joseph Grosch to the position of School 9 principal.

Mr. Harvey has an additional responsibility, coordinating elementary curriculum within the system.

The school board trustees had to consider a list of individuals who were equally highly qualified, highly skilled and highly motivated. It is to Mr. Harvey's credit - and comfort - that he was chosen for the School 9 principal job over an extremely competent field.

Joseph Grosch left big shoes to fill. It won't be easy, but Mr. Harvey has a good shot at proving that he is qualified, competent and able to fill those shoes. His professional philosophy fits in with the school board's thinking as well as School

Superintendent Michael Nardiello's objectives.

We congratulate the school board for selecting a highly qualified professional to fill an extremely important position. The high standards established by Joe Grosch is a target that Mr. Harvey will find difficulty to exceed. We join the trustees in the belief that Michael Harvey has the "right stuff" to perform the job that has to be done in the interests of our students, our teaching staff and our taxpayers.

Magnolia Street Playground

The neighbors of the Magnolia Street playground are on solid ground when they oppose the use of the School 4 basketball court by non-resident adults. As a matter of fact, neighbors took matters into their own hands and removed the baskets.

Now we don't always encourage people to take the law into their own hands - but like the people of Magnolia Street, we say enough is enough. When complaints are made - one after another and no one gives heed - the time comes when people are obliged - and will take matters into their own hands.

There appears to be a compromise on the table. A permit to play is one option, another is

to ban non-residents from any playground in town. In the final analysis, it's our people who pay the taxes to maintain the playground system. The board of education wisely recognized the need to appreciate the legitimate concerns of the Magnolia Street neighbors - and we are pleased to observe that the board acted in its usual manner.

Concerned parent rebuts letter about school group

To the editor:

In response to Mr. Kevin Kennedy's letter printed Aug. 15, 1985, entitled "Belleville Doesn't Need Assistant Superintendent."

I would like to ask Mr. Kennedy, what makes you an expert on what good for School 9? If the parents of School 9 didn't want this position, they would have spoken out against it. But in fact, they supported it. They are not a shy group of parents when it comes to expressing their views on any issue. They have always had the courage to stand up for what they believed in.

Also Mr. Kennedy, you made a statement concerning the Consolidated Association and posed a question. This sir, I will gladly answer.

Let me put you straight. As chairperson of this association, I resent your remarks toward any or all of our members of this association. Your remarks and assumptions are baseless innuendoes.

First of all, you are wrong when you assume Consolidated stands behind this position. There was never a meeting or a vote of this association to warrant this statement. Also, there was never any mention of our association in any conversations between board and parents at board meetings. We were concerned parents from every school who came to voice their opinions. The majority of those people felt the same as I did. If the reporter chose to identify me with my respective position, that was her prerogative.

Also sir, that Consolidated supports this position now. We, the parents, supported this idea (as you call it) now, because it was presented to the board of education by our superintendent a month ago and it was tabled for further discussion. We, the parents, agreed with our superintendent and have been supporting this issue every meeting since, but Mr. Kennedy, how would you know this, only by reading this paper, because you never attend board meetings except when you may be a candidate for a board seat. Oh yes, you did attend the meeting two weeks ago, but you never said a word and you left early.

You see Mr. Kennedy, I and other concerned parents are always at board meetings and stay for the entire meeting, unless something unforeseen arises.

Secondly, you asked, "Where have they been in the past?" Sir, again you are wrong. I gather you haven't been reading this paper too often because I know you weren't at those board meetings when we expressed Consolidated's views on past issues and if you refer to concerned parents as Consolidated, yes, they are indirectly because each school confers with their members and brings back to our meetings their opinions. But in this case, no meetings or votes were held, just concerned parents standing together as one.

Also Mr. Kennedy, we the parents, not only attend board of education

meetings, but we also attend school association meetings, school executive meetings, Thorough and Efficient meetings, Consolidated meetings, Drug and Alcohol Abuse Committee meetings, committee meetings to combat and inform others on missing and abused children, school systems budget meetings, etc. But where were you?

These same parents are the support of our school system, who bring to the attention any problems in our system to central office and the board of education. Sometimes quietly, sometimes not so quietly, but be assured we are there, and we have our own opinions because we are involved in our schools and with our children. We do know what is happening in our schools and what is being taught and what is needed for our children. We may not all be experts, but we do have the intellect to know what is educationally sound for all our children in the system. We also have the communicative skills to inquire and get answers and if these inquiries are not answered with the truth, we will also find out.

To make it very clear to someone like you, who is not involved in our schools, we have been there. We are there and we will be there in the future.

Thirdly, Mr. Kennedy, Consolidated Association sponsored one of these debates you spoke of. To my recollection, I don't remember you ever mentioning in your initial address to the public, that one of your qualifications for candidacy was clairvoyance.

How would you know in advance of our superintendent, assistant superintendent and the board of education about the H.S.P.T. scores.

At a Thorough and Efficient meeting with our assistant superintendent, he was asked what the comparative scores were for the M.B.S. and H.S.P.T. and he informed us the county superintendent hadn't released them as yet. This was in May 1985 and they were released in the beginning of August. That means you perceived your psychic message five months prior to their release.

My, you're good Mr. Kennedy! But I don't remember you relating that particular message at our association's debate. It must have been at some other debate.

Mr. Kennedy, I could go on and on with rebuttal to your insinuating accusations about parents and teachers, etc., but the bottom line is: our children's education, not dollars and cents. They are the future of this community and as long as there are concerned parents, we will speak out for a better educational system.

My advice to you sir, before you stick your other foot in your mouth, get involved actively and learn what is happening, instead of your third party hearsay.

Golden Comments

By James R. Golden

Republican senators in Congress who held out in their demand to deny Social Security Cost-of-Living (COLA) increases, to comply with President Reagan's request, are now wailing in grief since Mr. Reagan capitulated to the determined will of the House of Representatives that COLAs be included in the budget.

With many of these senators coming up for re-election in 1986 they realize now that they will feel the wrath of the large mass of senior citizen voters throughout the nation who probably will vote them out of office.

When we observe that the Senate has approved a \$14.8 billion foreign aid authorization bill that places more emphasis on military and short-term economic aid than the House measure, which puts more stress on development assistance, and that.

The House voted 386-2 to freeze foreign aid spending authority at last year's levels while exempting funds earmarked for Israel and Egypt holding foreign aid spending for each of the next two fiscal years to \$12.7 billion - that's \$25.4 billion in two years that our taxpayers are paying to give to foreign governments. What has happened to the adage: charity begins at home?

Israel has an annual budget of \$23 billion. Under the House passed bill, Israel would receive a total of \$4.5 billion - \$1.2 billion in economic grants, \$1.8 billion in military grants plus supplemental grants of \$1.5 billion to be spent to help ease the country's

serious economic problems.

Egypt would receive a total of \$2.1 billion in economic and military grants. Grants are gifts, not loans; that totals \$6.6 billion for just Israel and Egypt. As above stated, the Senate bill approved a \$14.8 billion foreign aid bill and the House foreign aid bill calls for \$12.7. Differences between the two measures will be resolved by a House-Senate conference committee.

The Reagan administration opposes the bills in their present form in part because of deep cuts made in military aid to a large number of countries.

The salient point that must be observed from the aforementioned generosity of the Reagan administration in the form of foreign aid, especially military, glaringly stands out in bold comparison to the stingy, parsimonious and mean-spirited disregard this administration holds for America's senior citizens, especially if they are recipients of Social Security benefits.

Isn't it about time that these lavish grants (gifts) to foreign governments be modified, if not cut out altogether? It's a small wonder that the Reagan administration will have run up a \$200-billion deficit in four years.

David Stockman's resignation will cause little grief in Washington...he often functioned as the administration's point man, taking the heat for the politically painful budget actions President Reagan has urged on Congress.

school. I believe it's important to get to know the kids and to get closer to them at an elementary level. These are the training years for a child; you have a greater chance to make an impact on their lives because they are much more impressionable. It's not the same in other areas.

"I like to look at the whole child, his feelings and emotions," he continued. "Getting to know the whole child and not just his math or reading skills is my forte."

Although Mr. Harvey will be an administrator, he said he will try to continue his involvement in the classroom.

"It's up to me not to let one dominate the other," Mr. Harvey said. "I would rather complement the two. The kids have to know you just like they did my predecessor, Mr. Grosch. He was always in the classroom and it became a matter of fact that he was there. That's why School 9 is fortunate in being a small school; you have the luxury of being able to get involved in the classroom."

Mr. Harvey's past four years as a guidance counselor have helped him to understand some of the feelings being experienced by students today.

"My basic thrust to youngsters is that you can't dominate them," he said. "They are little adults and should be treated with respect. If you treat them with respect, they will treat you that way. You have to have show them that you're human, that you have the same fears. You have to get rid of the competition."

"You have to say to them that you understand and that you know what they're going through," he continued. "A guidance counselor is really taking the place of a parent in school. A counselor is probably the closest person to a student while he is in school. I've learned a lot about problem solving there."

Mr. Harvey, who is quite anxious to start the new year, will also be coordinating elementary curriculum within the school system.

"I think we're becoming too test conscious," Mr. Harvey said. "Today, everyone has to go to college. I don't understand it. There aren't even enough jobs for college graduates. I think we're putting too much undue pressure on an elementary school children."

Although test scores among the high school level have not been as high as expected, test scores among the elementary school level have remained constant and will probably do so, according to Mr. Harvey.

"I don't think we're changing," he said. "What we will be doing is making sure we're consistent with what the tests are asking. We will probably develop a curriculum guide and possibly get a new textbook. All we will be doing is coordinating what we have because what we had wasn't that bad in the first place."

Psychiatrists concentrating on treating panic attacks

By George F. Wilson, M.D.
The Carrier Foundation

Just in the past few years, psychiatrists have begun to give special attention to a peculiar kind of reaction called "panic attack."

People who have experienced panic attacks say they strike "out of the blue" while they are engaged in some normal activity outside the home and there is no real cause whatever for panic or even fear. What it feels like, they say, is "like something terrible is going to happen to you, that you're going to start screaming and go out of control, do something crazy, go out of your mind, even die." This unbearable sensation is generally accompanied by palpitations, hot and cold flashes, inability to catch one's breath, shaking, sensations of choking and smothering, sweating, faintness, dizziness and others. Often, these physical sensations are interpreted as a heart attack and the individual is apt to run to a hospital emergency room for help.

While there have been many psychological explanations for panic attacks, there is now evidence that, with some people at least, the cause may be physical. Research scientists have found that when people who are susceptible to panic attacks are injected with a substance called lactic acid, they experience a spontaneous panic attack. What the lactic acid does is to trigger a sudden and massive

onrush of adrenalin, and it is this that produces the panic. Adrenalin is the hormone that mobilizes the body to fight back against, or run away from, some real danger. But since there is no real danger there, all the individual experiences is the overwhelming feeling that "something terrible is going to happen," together with the physical reactions of palpitations, flushing, breathlessness, shaking etc.

That may be all well and good, but people aren't going around injecting themselves with lactic acid. What is it then that brings on the spontaneous panic attacks? The theory many psychiatrists are following now is this: Lactic acid is produced normally in the body during exercise or other physical activity. Since panic attacks occur generally after exercise when the individual is in a state of stimulation and arousal, it is assumed that the lactic acid produced by the activity is what triggers the panic attack in these susceptible people.

Panic attacks are treated with anti-depressant drugs to counteract the excessive secretion of adrenalin.

While panic attacks may occur without apparent connection to any other psychological ailment, they are frequently found to be associated with agoraphobia and it is believed that most cases of agoraphobia are initiated and perpetuated by panic attacks.

Library conducts registration for fall pre-school storytimes

The James J. Cozzarelli Jr. Children's Room of the Belleville Public Library, 221 Washington Ave., is now taking registration for its fall series of "Pre-school Storytimes."

The program, which will run 10-11 a.m. Tuesdays and Thursdays from mid-September until Thanksgiving, is open to all Belleville 3- and 4-year-olds who are able to stay in a group situation without an adult accompanying them.

Group size is limited so advance registration is required.

Interested parents should call the Children's Room at 759-9200 or register their children in person as soon as possible.

Storytelling, nursery rhymes, finger plays, filmstrips, simple sign language, creative dramas and puppetry will be featured.

Because parents or guardians of pre-schoolers are required to remain in the library building during story hour, the library's Adult Department will conduct a series of lectures, films and discussion groups during that time.

Police arrest Belleville man for stabbing 67-year-old man

An 18-year-old Belleville man is being held by township police in connection with the stabbing and robbery of the owner of the Corner Deli, 560 Union Ave., early Saturday morning.

Anthony Casella was identified as the attacker by the victim, Anthony Lubertazzi, 67.

According to Lt. Michael Petrillo, the suspect allegedly entered the store at 7:30 a.m. on Saturday. Lubertazzi was then stabbed with a knife, first in his lower back, and his face was slashed several times.

The victim was then beaten over the head with a milk carton, Lt. Petrillo said. The suspect then allegedly stole \$60 from the cash register and headed toward his home.

A customer entered the store at 7:40 a.m. and found Mr. Lubertazzi lying on the floor in a puddle of blood. He was immediately taken to Clara Maass Medical Center and treated for his wounds. He is reported to be in critical, but stable condition.

Before he was taken to the hospital, he identified the alleged attacker to Officers Peter Fraone and Greg MacDonald and Det. Joseph Rotunda, who then went to Casella's home and made the arrest.

Casella is being held until his \$50,000 bail is posted. He was

scheduled for arraignment yesterday, Aug. 21.

Administrators revise BHS discipline code

(Continued from page one)

Oct. 2.
"I want to make sure parents are fully aware of what's going on," Mr. Ciccone said. "The main reason for the revisions is to make a student's actions consistent with the punishment."

Other revisions of the code include a student's failure to attend Saturday detention; failure to follow school policy or teacher directives; classroom disturbance; abusive/vulgar language; smoking on school grounds; and disruptive/defiant behavior (Level I infractions). These student's actions will be disciplined with a one- to five-day out-of-school suspension.

Mr. Ciccone said. A student will then be readmitted through a parent conference.

Student's actions directed against persons or property (Level II infractions), such as disruptive behavior, fighting, vandalism and theft, will be disciplined with a five- to 10-day out-of-school suspension. A student's readmittance will be based upon a parent conference.

Level III infractions include possession or distribution of drugs/alcohol; vandalism;

arson or bomb threats; false alarms; possession of weapons; theft; or acts of violence. These infractions, Mr. Ciccone said, will be dealt with on an individual basis. Disciplinary action may include suspension, police involvement and a board of education hearing.

Mr. Ciccone said that although there were revisions in the discipline policy, no revisions were made in the attendance policy.

In addition to the revised discipline code, Mr. Ciccone said he would like to implement a counseling program at the high school for students involved with drugs or alcohol.

Although there is no major drug problem in the high school, Mr. Ciccone said, some students are certain to become involved with drugs.

"By the virtue of having so many adolescents (1,600 in one building, it is certain some drug problems do exist," Mr. Ciccone said. "I'm not looking for a punishment thing, I'm just looking to help everyone, the parents, children and the school. It's an avenue I would like to explore."

'85 football season gets under way

The summer is beginning to wind down, the nights are a little longer and exhibition football games are beginning to fill the television screens. It's August, a nice time of year for some, but depressing for those who know that September is right behind, and with it, the expectation of another school year.

When one thinks of autumn, their mind usually switches to leaves, cool weather, the World Series, and of course, football.

Football, the sport where 11 men on each side of the field hit each other for 48 minutes on the high school level and one hour on the pro level and usually drives mothers crazy with worry, is back. The annual kick-off classic from Giants Stadium is set for next Thursday, with Boston College playing Brigham Young.

Tradition

Football, the sport with tradition and color, where half-time is a show place and Saturday and Sunday are sacred days in front of the television, is ready to begin for 1985.

When you think of football, you think of the tradition that made the game so great all these years. You think of the Army-Navy games, the Giants and Jets, the Cowboys and Redskins, the Raiders and Chiefs, the Vikings and Lions.

On a more local level, you might think of tradition being Belleville and Nutley, Barringer and East Orange, more recently Belleville and Passaic, Clifton and Passaic or maybe Nutley and Bloomfield.

There are so many people, myself included, who look forward to the games on Saturday and Sunday as a time to get away from the perils of the everyday routine and watch under cool sunshine as teams with pads and helmets attempt to cross each others goal line. On paper, it might not sound too interesting, but for the avid fan, who thinks about the weekend all week long, it's an event, a way of life.

Unlike baseball, where there are games just about every day of the week, football is played just once a week, and the anticipation leading to a game can be felt the Tuesday before the upcoming weekend. It's usually 16 weeks of non-stop action. Some say, the Super Bowl is anti-climatic to the weeks of preparation that led to the big game.

'Big' in Belleville

Football in Belleville is BIG. There is no other way to describe it. The average Belleville football fan has seen his team play for an average of eight years. Talk to some of the people who attend the games on a weekly basis, and they'll go back to the early '50s, if not further.

There is a young clientele that attends the games on a Saturday afternoon with hopes that they might wear the blue and gold one afternoon.

The Belleville alumni, athletes that competed for the team in the late '70s and early '80s, are often seen in the stands, watching "their" team play. You might graduate from Belleville High, but most people never leave it. There is a special feeling, one of pride, that goes with playing for Belleville High School.

Having covered Belleville football for eight years now and having been a fan since 1969, I've seen a number of great games at Municipal Stadium and on the road. My experience would not even compare to some of our fans, who have seen Belleville football for over 35 years. They could probably write a book, a pretty good one, on the games they saw and the heroes that wore the Belleville blue.

Senesky and Success

Since John Senesky took the reins of the Belleville Football Team in 1977, success has followed in a big way. After a 2-6-1 initiation in '77, the records in regular season play have been: 6-3, 8-1, 8-1, 7-2, 8-1, 6-3 and 6-3. That's a 49-14 mark over the last seven years.

The team has been to the playoffs in 1979, '80, '82 and '84. In 1980, Belleville advanced to the Group IV, Section II finals, losing to West Essex. It was the only year that Belleville won a playoff game, defeating Morris Knolls in the first round, 14-7.

Disappointment has been few and far between. Perhaps the biggest disappointment was the 19-6 loss to Nutley in the Thanksgiving Day classic last season. It was the first time that Belleville had lost to its arch rival since 1977. There was the 12-7 loss to Union in the 1982 state playoffs. Perhaps the 7-0 setback to Passaic in '81 can rank as a disappointment, although that game will go down as one of the most exciting contests ever held.

For the most part, football in Belleville over the last eight years has been pretty exciting. Who can forget the 3-2 victory over Passaic in '82, the 7-0 and 7-3 wins over Passaic and Clifton in '84 on successive weeks. The 34-8 victory over Seton Hall Prep in 1980 was a great game, as was the 14-13 win over the Hall in '79 at Belleville High. It seems like yesterday when Ed Aulisi hit Len Mendola with the winning touchdown pass in the '79 game against the Hall.

The 1980 season, the year of "Another One Bites the Dust," saw Belleville lose its opener, then defeat Montclair in a driving rain storm, 7-6, the following week. The Bucs continued the winning march from there, not losing until Dec. 7, appropriately Pearl Harbor Day, when West Essex did the honors, 22-7.

That was the year of Frank Fazzini, Billy Walsh, Paul Scheuplein, John Melillo, Anthony D'Agostino, Luigi Chimento and many, many more. In '81, the year of the "near miss," Belleville just missed a playoff berth by one half game, losing out to Barringer despite the fact that Belleville had beaten the Bears, 39-14 at Municipal Stadium.

More Football

There is much more to talk about and next week, we'll take a further look at Belleville football, a prelude to the upcoming season. Also, an early season look at the fall sports this year. The practices don't start until September, but the coaches' minds are working overtime now, getting an idea of what to expect when the season gets under way. It's not too far away now, the beginning of another exciting year.

Belleville Police win semis

Team plays East Orange for P.B.A. championship

Benefitting from solid pitching and timely hitting, the Belleville Police softball team upheld Jersey City in the semi-finals and will battle East Orange for the championship of the P.B.A. tournament.

Belleville will begin its quest for the gold this Sunday with a game in East Orange. The contest is scheduled for a 9:30 a.m. start from Soveral Field. Game two will be played on Saturday, August 31 from Belleville High School. A third game, if necessary, is scheduled at East Orange the following week.

Art Connolly, a Belleville Police officer and member of the team for ten years, was ecstatic about his team's effort in the semis.

"The credit goes to George (Sheridan, the pitcher). He hurled three tremendous games. George pitched real well and was probably the difference. He really shut them down."

Connolly also credited his team for some timely hitting. It was a total team effort and every ounce of energy was needed to defeat a very good team from Jersey City.

"Jersey City, Newark and East Orange are teams that have a lot of players to choose from," Connolly said, noting the much larger forces that those cities possess. "They have about 1,000 men to choose from. We have a much smaller force, with 25 players on the team. It has to

be a total team effort for us to defeat these teams."

The old adage of quality, not quantity, certainly prevailed in this instance. Belleville had to work hard to stop Jersey City in game one, 6-3 in Belleville. The series moved to J.C. for game two, on August 11, and under very humid conditions, Belleville lost in 11 innings, 8-7.

The series shifted to Belleville for the rubber match and the local police pulled through like champions, winning the contest, 6-3 and assuring a spot in the championship series, opposite a talented bunch from East Orange.

"They (East Orange) are a very good team," praised Connolly. "They have played in various tournaments and finished with the best record in the league this season. They also beat us pretty good during the season."

Indeed, East Orange was a 22-5 victor over Belleville in the second game of the season. The top ranked club lost just two games the entire season.

For Belleville, a little bit of history could be in the making should victory prevail. Since the inception of the league in 1975, no team has won the championship three times. Belleville, Jersey City and Newark have all captured two crowns along the way, but no team has managed to take the illustrious title a third time. Belleville, which won

the title in 1975 and '76, could change history.

"Sergeant (Bill) Escot (of the Belleville Police) founded the league ten years ago," Connolly said. "It certainly has grown over those years."

Connolly noted that the Belleville teams who won the titles in '75 and '76 weren't as young as the current group of athletes. He also noted that the competition has improved a good deal since those early years in the mid seventies.

"The team is on cloud nine

right now," Connolly said of the championship appearance. "The confidence level is high and we're looking forward to the championship series against a real good team."

Belleville advanced to the finals by defeating Montclair in three games and Jersey City in three. Versus Montclair, Belleville had dropped the opener before rallying to win the final two games. Certainly, the entire township wishes good luck to our men in blue as they pursue a P.B.A. title this weekend.

Boys' basketball team plays tough against solid league competition

When it was announced that the Belleville boys' basketball team would play in the prestigious Elizabeth Summer basketball league, the immediate reaction was happiness from the coaching staff. Head coach Rocco Colucci and assistant Don Roll were pleased that their team would play all summer against solid competition, teams with excellent basketball reputations like East Orange, Columbia, Elizabeth and Weequahic.

Roll, the teams head coach this summer, was very happy with the teams play, especially in the second half of the campaign.

"When we first started playing in the league," Roll said, "the team was a little hesitant. But as the season progressed, we went right after the competition. We have to cut down on the mental lapses, though. That's what hurt us last season and in the playoff loss this year to Don Bosco. We played them tough for most of the game, then had a lapse for six minutes and it cost us the game."

Roll continued by saying, "we can't let up in the league we're in (NNJL). We have to be competitive at all times. Depth

could be a problem as the season progresses. We need our younger players to continue to develop."

Youth will once again be the key for Belleville this winter. Roll received some excellent performances from his young troops this summer. Belleville won three games in the Elizabeth league, one coming in the playoffs with an upset over highly regarded Columbia.

Leon Puentes led the team in assists and scoring this summer.

He has improved his game 100 percent from last year," Roll said. "He really has his game going well. He has worked hard all summer long and should really be in good shape this winter."

Puentes is entering only his sophomore year. Belleville basketball fans should be hearing some good things from him this year.

Another young man with enormous potential is sophomore Ted Sochaski.

"He's getting there," Roll said of the big sophomore. "He has to get a little meaner under the boards, but he has the potential to be a real good player. Once again, he's only a

sophomore with three years of varsity ball ahead of him."

Junior Robert Hutchinson should be a big help to this years team. Hutch did a good job over the summer and Roll feels he can be a big asset in the winter.

"Bob has to keep his head in the game," Roll said. "If he keeps his game under control, he can be a very good player."

Senior Dominick Mastro had a good summer for the Bucs.

"He does everything a coach asks," Roll said. "He is a good rebounder and roll player."

The same accolades can be said of senior Don Washington.

"Like Ted (Sochaski), Don has to get mean under the boards. He was our rebounding leader this summer and we'll need that strength during the season. He is another good role player and will be a big help this winter."

Junior Lu Loung showed potential this summer. Roll was impressed with his dribbling ability and overall improvement.

"He has to shoot more," Roll said. "He can't be hesitant. If he has the shot, he should take it."

Junior Chris Goldrick is another man who showed a lot of potential.

"He improved so much on intensity alone," said Roll. "If he puts on a little more weight, he should be fine."

Sophomore Steve Schwed is another player with a world of potential.

"Steve has a lot of potential," said Roll. "I don't want to build him up to be a phenom, but he has the ability, if he listens to the coaches, to be a very good player."

Junior Mark Huamani rounds out the summer team. Huamani also showed improvement over the summer and should be a big help in the upcoming season.

"The practices don't start until November 29 this year," Roll said. "Our first game is December 13, so there isn't much time. The kids have got to keep in shape between now and November. We designed a running and lifting program this summer. Hopefully, they will be sticking to it. The league was excellent experience, but now the kids have to continue working out."

With such a tough conference and a young team, the players would be wise to heed their coaches advice.

Recreation playground activities wind up

Playground activities, sponsored by the Belleville Recreation Department, concluded this past week.

In action last week, touch football was the game of the week at Fairway Park. Children also continued their wiffle ball season and home run derby with Mike Liliola edging out Andy Cueva by three home runs, 54-51.

In the girls' nok-hockey contest, Stephanie Ferruggia was the winner, with Joanie Ventola finishing second.

At School 8 this past week, Bruce Melson was the winner of the free throw contest and Alexandra Lyach was the winner of the kalah game.

The new game at School 10

was swing ball. The founders of the game, Brian Tice and Dina DeAquino, were the undisputed champs, as they defeated Ben Conforti and Mike Mundy.

Another week of excitement was culminated with a wiffle ball tournament which was won by both Kevin and Kenny Johansen and Mike Mundy and Kevin Vogel.

At the Friendly House, basketball was the game of the week. Both Ted and Mike Sochaski beat all the competition, with impressive victories. Dave Boyd and Laurie Donarski were the boys' and girls' champions in the ping-pong tournament.

At the Stadium this past

week, Linda Wujciak was the reigning champ of the weight throw contest, throwing a 25 lb. discus 35 ft. Also in the competition was Cheri Tillman and Dave Boyd.

In the recreation department's annual tournament day two weeks ago, Michael Worth and Denise Wujciak were the ping-pong champions. In nok-hockey, Jamie Zigarelli and Stephanie Ferruggia were the champs.

In basketball foul shooting, Billy Prosperi and Judy Nehila were the champs. Jamie Galioto and Kristen Galioto were the

horse shoe champs while Bobby Roselli was the kalah tournament champion.

At Fairway Park, Mike Prosperi was the winner in nok-hockey, while his brother, Billy, finished second. Rich Ferruggia and Jerry Mahoney also participated.

Billy Prosperi was the winner in the foul shooting contest. In a basketball game, Bob Hutchinson and Bill Prosperi defeated Joe Scaperrotta and Mike Prosperi.

In closing the playgrounds, everyone enjoyed their annual end-of-the-season pizza parties.

Senesky and Roselli are champs in Rec. Dept.'s annual decathlon

The Belleville Recreation Department sponsored its third annual decathlon Aug. 12 at the Belleville Municipal Stadium.

Events such as push-ups, sit-ups, nok-hockey, jump rope, agility run, quarter-mile run, football toss, 100-yard dash, bike race and obstacle course were run in order to determine who

Registration now open for fall pre-school

The Belleville Recreation Department is now accepting registration for its pre-school play program for 4-year-old children.

The program, which begins in September under the director of Mrs. Susanne Iannini, consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional football parties especially designed for pre-school children.

"Things Money Won't Buy"

By The Rev. Robert Paul

Grace Baptist Church
Overlook Avenue

There were 240,000 American millionaires and multi-millionaires in 1976. In 1972, they numbered 180,000. There was only one millionaire in the United States 180 years ago.

This 1976 statistic means that one-tenth of 1 percent of the total United States population are millionaires. This group owns an estimated \$417 billion, about 12 percent of all personal net worth in the United States.

The Treasury Department also figures that about five million people - or more than 2 percent of the U.S. population - now have net assets of \$100,000 and up.

Surprisingly, more than half of all U.S. millionaires are female! A goodly number are relatively young women, the widows or daughters of wealthy men.

But remember that money will buy a bed, but not sleep, books but not brains, food but not appetite, finery but not beauty, a house but not a home, medicine but not health, luxuries but not culture, amusements but not happiness, a crucifix but not a Saviour, or a church pew, but not heaven.

Remember, we brought nothing into this world and it is certain that we cannot take it with us. "For what shall it profit a man if he shall gain the whole world and lose his own soul?" (St. Mark 8:36.)

The best gift in life is free: "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." (St. John 3:16.)

"For by grace are you saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast." (Ephesians 2:8,9.)

Money won't buy salvation.
