### AARP chapter will meet Sept. 5

The Belleville Chapter 2051 American Association of Retired Persons will meet Thursday, Sept. 5, 1 p.m., at the Fewsmith Presbyterian Church, 444 Union Ave.

The speaker at the meeting will be Marlene Neil of the Belleville Health Department. She will discuss services offered by the department.

Refreshments will be served. Hostesses will be Adelaide Fischer and Dorothy Barbig.

Next official board meeting will be Friday, Sept. 13.

## Matters in Brief

### No garbage collection Sept. 2

Because of the Labor Day Holiday, Monday, Sept. 2, there will be no garbage collection.

Garbage will be collected the next regularly scheduled pick-up day.

### School board approves resolutions

The Belleville Board of Education approved two resolutions which will be implemented within the school system this school year.

A policy for administering medicine to students was approved as well as the school system's goals and objectives for 1985-86.

The policy for administering medicine to students becomes effective Sept. 1. The policy states that a written request for administration of prescribed medication must be provided by a parent or guardian and that only the guardian or school nurse will be permitted to administer the medicine.

The objectives and goals for 1985-86 concentrates on computer literacy for grades K-8, improved reading and mathematics skills for students in grades K-12 and the continued improvement of communication skills with emphasis on written expression/composition.

### Three Belleville men indicted

Three Belleville men, reported to be members of the Lucchese Organized Crime Family, were indicted by a Federal Grand Jury last Wednesday.

The men, Michael Perna, 43, James Gammero, 37, and Michael Ryan, 35, were indicted on charges ranging from gambling to extortion to receipt of stolen property and atrocious assault and battery.

The indictment charges 21 individuals living in New Jersey and five in Florida. Twenty of the 26 defendants have prior felony convictions, including Perna (two for gambling), Gammero (gambling) and Ryan (assault and battery).

Perna, who was released on \$200,000 personal recognizance bond, is reported to be an advisor-intermediary to underworld Michael Tacetta. He was held without bail since last Wednesday because he was considered a "danger" to the community. However, a federal magistrate ordered the release of Perna and four others this past Tuesday.

Gammero, who escaped police, is allegedly involved in racketeering. Ryan, who was released earlier on bail, is suspected of being involved with the acquisition and distribution of marijuana and gambling.

### Mixed softball game set for Sept. 15

For Pete's Sake of Belleville will sponsor its first Guys and Dolls Softball Game and Picnic, Sunday, Sept. 15, at noon at Turtle Back Rock Park in South Mountain Reservation, West Orange.

A \$10 donation, which includes a t-shirt, will be given to the Special Olympics fund.

Food and beverage will be provided compliments of Pete Vaccarelli, owner of For Pete's Sake.

### Stabbing victim's condition critical

Anthony Lubertizzi, the deli owner who was nearly beaten to death Aug. 17, is reported to still be in critical but stable condition at Clara Maass Medical Center.

Mr. Lubertizzi was able to give a statement to Belleville detectives about the incident, according to Lt. Michael Petrillo of the Belleville Police Department.

Lt. Petrillo said that Lubertizzi's alleged assailant, Anthony Caccella, 18, of Union Avenue, had been transferred to the Essex County Jail. His case is set to be heard by a grand jury.

Caccella is charged with four offenses, including attempted murder, first degree armed robbery, possession of a dangerous weapon and possession for unlawful purposes.

Caccella allegedly attacked Mr. Lubertizzi at the Corner Deli on Union Avenue at 7:30 a.m. Saturday, Aug. 17. He allegedly stabbed him, beat him and then fled the store with \$60 from the register. He was apprehended by police shortly after the incident.

## Children read books for fun this summer

By Michelle Jeannotte

Reading can be fun. More than 300 children, ages 3-13, proved that over the past few months by reading more than 13,000 books in the Belleville Public Library's Summer Reading Program.

The program, which was conducted in conjunction with the Belleville Board of Education, began in early spring and ended this past week with a final summer reading party.

The theme of the reading program centered on capturing the Belleville "monster" which had been spotted by the Dutch Reformed Church on Rutgers Street. Because the monster, which could only be seen at dawn or dusk, could not be captured by the Belleville Police, Mayor Michael Marotti called in New Jersey Jenkins, professional monster chaser and cousin of Indiana Jones.

However, N.J. Jenkins could not catch the monster because there were too many bats near the old church. The children, who were called in to help, were told that if they read three books, a bat would be zapped.

Because the children read enough books over the summer, all the bats were zapped and N.J. Jenkins was able to catch the monster, who turned out to be a giant frog. The frog, along with N.J. Jenkins, showed up for the reading party this past week to the surprise of all the children.

Each child who participated in the program received a certificate of recognition.

"We have a lot of good readers in Belleville," Mrs. Alice Cronin, children's librarian said. "The reading was not necessarily school reading, they just read. Most of the books the children read were for pleasure."

Among the books selected for children were fairy tales, nursery rhymes, poetry, mysteries and stories about people, animals and places.

Although the summer reading program has been conducted at the library for more than 25 years, it is only the second year that the program was co-sponsored by the Belleville Board of Education.

## Alert Cab offers free rides to potential drunk drivers

An experimental program developed by Anheuser-Busch to improve highway safety and to reduce drunk driving incidents will be in operation in Belleville during the Labor Day weekend, Aug. 30-Sept. 2.

The program, which is called Alert Cab, is being sponsored by Anheuser-Busch's Newark Wholesale Operation. Alert Cab will provide free taxi rides home for patrons of any Belleville on-premises licensed drinking establishment who might be faced with a potential drunk driving situation.

Operators of taverns and restaurants will be provided a special telephone number of a local taxi company to call a cab to take a patron home, anywhere within a 10-mile radius. Anheuser-Busch will pay the fare.

The patron's car keys are

sealed in an envelope that lists the auto's location. The keys are then returned to the patron upon arrival home.

"No taxi ride program is a substitute for responsible drinking," Ramon Rosa, executive in charge of the program, said, "but we believe that Alert Cab will add to the margin of safety."

Alert Cab will operate in Belleville 6 p.m. Friday, Aug. 30, to 2 a.m. Tuesday, Sept. 3.

Alert Cab is only one element of Operation Alert, a comprehensive program that Anheuser-Busch has developed to point out the need for the responsible use of alcohol. Operation Alert uses films, printed literature and other techniques to reach all segments of the general public and the industry.

## Three classes are added despite enrollment drop

By Kara Laczynski

When Belleville public schools reopen Wednesday, Sept. 4, there will be three new classes added to students despite a decrease in enrollment.

The schools will lose approximately 75-80 students if the declining enrollment trends of the past 10 years continue, Superintendent of Schools Michael Nardiello said. He added, however, that although a decrease in enrollment is expected, the number of teachers within the school system will not be changed.

"The decrease in the number of students is evenly spread out among all 12 grades, so a cut in the staff is not indicated at this time," Mr. Nardiello said.

Three elementary school positions vacated this past year, one each at schools 3, 5 and 8, have not been refilled, Mr. Nardiello said. However, three new teachers were hired for newly-created specialized positions.

A new academically-talented fourth grade class has been added at School 7, as well as a computer math class at the high school and a new preschool special education class at School 5.

The new academically-talented fourth grade class is the second one in that grade and joins two fifth and sixth grades at School 7, where the elementary academically-talented program is centrally located. Mrs. Marilyn Hawthorne, principal of School 7, sees a growing need for advanced classes.

"This program allows children who learn quickly to cover subjects at a more rapid pace," she said. "They also delve more deeply into the topics taught than the traditional classes."

"They often work independently, studying subjects they enjoy and excel at," she continued. "Many times, these

## School board hires teachers for new year

Despite an expected decrease in enrollment within the Belleville Public School System this year, the Belleville Board of Education has hired 13 new teachers over the past two months.

Superintendent of Schools Michael Nardiello said that because the decrease will be spread over all grades, a decrease in faculty was not necessary.

When the school year begins Wednesday, Sept. 4, three additional classes will be implemented, two of which are at the elementary level.

A preschool handicapped class will be taught this year at School 5 in order to meet the needs of special education students now being taught in the Belleville School System.

Mrs. Elaine Idenen, who was approved by the school board at its last meeting, will be teaching the class.

The other elementary class added this school year is a fourth grade academically-talented class at School 7, where the

academically-talented program is housed.

Mrs. Martha Carson, who was transferred from a regular classroom at School 7, will teach the academically-talented class. The third new class is computer math course which will be implemented at the high school this year. Teaching the course will be Anita Tortorelli.

Other teachers hired over the past two months include: Debra Ann Caputo, elementary teacher, School 3; Charlene Jackson, elementary librarian, schools 3 and 8; Anna Jannicelli, kindergarten teacher, school 3 and 10; Angela Longo, social studies teacher, middle school; Sheri-Lynn Porcelli, elementary physical education, schools 5 and 7; Janice Rienzi, elementary teacher, School 9; Donald Roll, physical education, high school; and Maria Zapantis, elementary teacher, School 7.

Also Paolo DiRenzo, Italian/Spanish teacher, high school; Deborah Weyland, half-time kindergarten, School 9; and

## Land and McGough are elected to board

Cynthia A. Land and JoAnn McGough of Belleville were recently elected to the board of Directors of Career Women's Network.

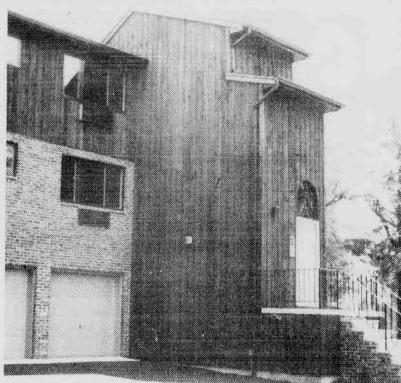

Land, administrator of the Family Court in Hudson County, and McGough, owner of Business Communications Unlimited, were elected to the board along with six other women involved in area businesses.

Career Women's Network was formed to meet the needs of today's business and profes-

sional women and those hoping to start or change careers.

Monthly meetings, held the third Wednesday of the month at the Glen Ridge Country Club, provide a forum for discussion of the unique challenges and issues that women face in today's business world, speakers who discuss topics of interest and an opportunity to network with other career women.

For information, call JoAnn Dixon, newly-elected board president, at 429-2897 or Joyce V. Weinrich at 743-6643.

Complete Sell-Out - Sycamore Mills, the 11-unit contemporary-styled condominiums located at 112 Mill St. in Belleville, has experienced a 100 percent sell-out.

## Six employees receive awards at Peoples Bank in Belleville

Six employees of Peoples Bank, N.A., recently received commendations and awards at the Garden State American Institute of Banking (AIB) commencement banquet.

Belleville residents Greg Bever, Cheryl Pena and Giulia Sabatino each received Top Student Awards for their academic achievements.

Louis LaMedica and Pat Platt were awarded a Certificate of Introduction to Banking and Gloria Lorec, branch manager, was awarded a Professional Banking Diploma.

Students in the AIB program, which is an educational division of the American Bankers Association, are afforded the opportunity to sharpen their skills and increase their knowledge of the banking profession.

Peoples Bank, which is a member of Peoples Bancorp in

Fairfield, has its main office on Washington Avenue, Belleville.

# Columbus Day Parade is set for Oct. 20

The Third Annual Columbus Day Parade for Nutley and Belleville will be held Oct. 20. This year the general chairman will be Belleville Public Works Commissioner Joseph Grande, said John Ciarletta, chairperson for Nutley's parade committee and Gabe Nazzola, chairman of the Belleville committee.

The Nutley committee is starting its search for a "Bella Signorina" to serve as the Nutley Parade Queen. Qualifications for young women are that they must be 16-20 years old, single, a Nutley resident and have at least one parent of Italian heritage.

Those interested should send a resume and photo to Mary Romagnoli, 65 Grant Ave., Nutley. Applications must be received by Sept. 20. A commit-

tee will select applications and pick the Parade Queen.

This year's parade will start in Nutley originating from the Nutley High School Stadium, then west on Chestnut St., then south on Franklin Ave. to Centre St., then east on Centre St. to Washington Ave., then south on Washington Ave. passing the reviewing stand at the Belleville Township Hall and terminating at the corner of Washington Ave. and Belleville Ave. Last year's parade was two miles long and this year's will be three miles with 1.5 miles in Nutley and 1.5 in Belleville.

A dinner-dance in honor of "Columbus" will be held on Friday Oct. 11 at the Chandelier, 340 Franklin Ave., Belleville. Tickets for the affair are currently available by calling days Com-

missioner Joseph Grande's office at 450-3412 or evenings Jack Nosti 667-7334.

A three-day feast, "Festa Columbo" at the Belleville High School Stadium will be held on Friday Oct. 18 from 7 p.m. to 12 a.m., Saturday Oct. 19 11 a.m. to 11 p.m. and Sunday Oct. 20, after

the parade from 4 p.m. to 9 p.m., featuring children's rides, games of chance, Italian food and a D.J.

The committee is busy scheduling other festivities for your enjoyment and more detailed information will be released as plans are finalized.

## Students must prove township residency

By Michelle Jeannotte

In an effort to decrease the number of illegal students within the school system, Superintendent of Schools Michael Nardiello introduced a document to the school board which will show proof a student lives in Belleville.

An affidavit of domicile, which is a notarized document, was presented to the board for its approval at its last meeting, Aug. 19.

"Any student who comes into our school system will be forced to sign an affidavit of domicile," Mr. Nardiello said. "This affidavit is a yearly policy within our system. We would like to make a stronger effort this year in decreasing the number of illegal students. Whenever a student enrolls in our schools, we make a check on them to see if they are living where they say they are. If they say they are living with an aunt or an uncle,

they must actually be living in their household."

The affidavit of domicile is completed to show that a student is living in Belleville and entitled to a free education provided by the township.

Domicile means a fixed place of habitation, not for a special or temporary purpose. It is, therefore, the legal residence of a student attending the school system.

Mr. Nardiello said numerous reports of illegal students were brought to his attention last year. He said that those students found to be attending Belleville schools illegally will be faced with legal action by the school board.

All new students entering the school system this year must be registered with the registrar. To register a child or to report information on illegal students, call the school board complex at 751-7242.

## School Board Legal Fees

At the last meeting of the school board, Jackie Rega, civic leader (some people say he's Mr. Agitator) questioned the amount of money allocated for attorney's fees. The board budgeted \$81,500 - Jackie thought it was \$90,000. Whatever the number, the fact of the matter is that \$80,000 is a lot of money.

Larry Schwartz, former school board member, is the school attorney. A long time resident of Belleville, Mr. Schwartz moved to Bernardsville some time ago, and Jackie thinks that maybe there's at least one Belleville attorney qualified and available to perform the services for which Schwartz was hired.

Larry Schwartz is an able attorney - school law is among his specialties. He charges \$85 per hour. That, my friends, is not a lot of money to pay a good lawyer - especially one who specializes in a certain field. Practicing attorneys who specialize in a particular field usually come at \$150 - \$300 an hour. In our opinion, Mr. Schwartz is not overpaid. With an attorney as with most professionals, it is the not time they put in - it's the quality of the time.

## School Discipline

Belleville High School Principal Joseph Ciccone, assisted by his staff members, has proposed a revised disciplinary code - which if approved by the school board - will permit school authorities to search students' locker.

The revisions were authored as a result of a recent Supreme Court decision. Administrators will be restricted to a locker search only if there is "a reasonable cause." As Mr. Ciccone stated, "You have to have some reason for going through a student's locker." That makes sense. Additionally, Ciccone pointed out in his statement that the search is limited to the locker excluding pocketbooks and bookbags. Obviously, any search undertaken would be predicated upon probable use of drugs by a student.

Other revisions in the proposed disciplinary policy include reason for suspension or expulsion. The New Jersey statutes provide for such action if the following conditions exist: continued and willful disobedience; open defiance of

Whether or not the school board should hire a local attorney is an entirely different matter. Whoever is hired should not expect to be paid less than \$85 an hour. After all, as with any profession, there are good lawyers and poorly qualified lawyers. The Belleville School Board cannot take a chance with a poorly qualified lawyer. The legal issues that face the school board from time to time affect too many taxpayers to take a chance hiring an attorney just out of school to face an opponent with years of experience. Even the best case can be lost with a poor presentation.

Maybe, the school board should examine the proposal of hiring a full-time attorney. Perhaps, the time has arrived for that decision. At the very least, the possibility of hiring a full time attorney should be explored by the school board.

Meanwhile, at \$85 an hour, Larry Schwartz's legal services come cheap.

authority; physical assault upon another pupil or upon a teacher or other school employee; attempting to take personal property from another student by means of force or fear; causing substantial damage to school property; or not leaving school property when instructed to do so.

The revisions read well. They should be adopted - and then enforced without fear or favor. High school discipline will be effective only if everybody is treated equally. The revisions are approved by School Superintendent Michael Nardiello.

The quality of school life will be enhanced if the proposed disciplinary measures become law. Mr. Ciccone and his staff should be commended for their report.

## Kennedy congratulates new School 9 principal

To the editor:

I would like to congratulate Mr. Michael Harvey who has been appointed principal of School 9. He taught me at School 8 and he was always kind, understanding and a good man. Frank Orechio is right, Mr. Harvey has the "right stuff."

Last week in a Letter to the Editor, Barbara Cicalese was very long-winded on how wrong I was in opposing an assistant superintendent/principal at School 9. The School 9 parents were not unanimously in favor of creating such a position; there was a very articulate lady who has been active in School 9 for 22 years who spoke against this position.

If Mrs. Cicalese is going to speak at board meetings, she must be sure to state that she is representing herself and not the Consolidated PTAs of which she is an officer. When the Consolidated sponsored debates prior to the school board election, it generated such interest among its many members that 10 people showed up at the high school and maybe 15 at School 4. Most of these were board members.

As for my own attendance at board meetings, I believe the research I do before and after meetings is more important than listening to the board members' rhetoric which is rather a waste of time and has never en-

couraged Citizens to attend meetings. I do go over bills and the agenda for every meeting.

For instance, did you know the board of education sends kids to school in Newark at about \$1,900 a month and in March of 1985 they missed 16 out of 20 school days?

Mrs. Cicalese leads one to believe she has attended school board meetings for many years when it has only been in the past year. Why did you withdraw from the school board election Mrs. Cicalese if you have such an interest in the children?

For the past two years, I have been a member of the Vocational Advisory Council which was established as a requirement to receiving certain state aid. There are 14 members of the council - last meeting four members and three teachers showed up. The board member appointed to the council does not show. I have been there - where has Ernie Zoppi been?

I do not believe it takes a clairvoyant to predict the H.S.P.T. scores - it only takes the experience of attending Belleville schools. I have been there and realize the school system needs help, not more administrators. I believe the citizens of this township agree with me - we can get better education for our money.

Kevin G. Kennedy

## Golden Comments

By James R. Golden

Fortitude and courage are rare qualities seldom displayed by those in high political office when they speak out vociferously against the policies propounded by those of their party of higher rank and office.

There are few, especially in the higher echelons, who might fear repercussive reprisals which could militate against the further advancement of their political aims that would, in their loyalty to protect and promote the best interests of their constituency, choose to speak out in strong opposition to some policies even of the President of the United States, a fellow member of his own Republican Party, when he knows the people of his state will be adversely affected by such proposals.

Such a man is our Gov. Thomas Kean. He stands tall in leading a militant fight against President Ronald Reagan's proposed federal income tax plan to eliminate tax deductions of state and local taxes. He is the only Republican governor in the northeast to come out against the Reagan proposal. Tom Kean is a man with "guts" who has the courage of his own convictions and we admire a man "cut of that kind of cloth."

Gov. Kean knows it's been a regional issue that "soaks" the industrial northeast and favors the western and southern states, but wants to make it a national issue.

Gov. Kean allows his position is putting him on the same side of the issue with a predominantly Democratic following. But he reminds this isn't the first time he has positioned himself among Democrats in opposition to a program supported by President Reagan. We believe that's the way it should be.

Gov. Kean points out that New Jersey and other states use local property taxes to pay the bulk of their education costs. In that regard, he

said, "There is a lack of logic saying if you want to give money to private or parochial schools, you can deduct it from your income tax, but if your money goes to public schools, you can't. It doesn't make sense."

Gov. Kean expects to predicated his campaign from the vantage points of his being a northeastern state with a high local tax that is threatened by the potential impact of the Reagan tax reform proposal. The other is his chairmanship of the Education Commission of the States, a national organization formed 20 years ago to promote better education.

"I don't think there is any question it (Reagan's plan) would jeopardize education in New Jersey," Gov. Kean said.

Furthermore, he pointed out that the elimination of state and local taxes as a deduction would have an impact on industrial development and housing because New Jersey has made wide use of tax exemption bonds to building housing and to get businesses started under the Economic Development Authority program.

An estimated half or more of New Jersey's 2.1 million residents who itemize on their federal income tax forms would be adversely affected by the provisions of the Reagan tax reform plan...it is a very harmful tax proposal for the residents of the northeastern states of the country as attested by New York Gov. Mario Cuomo's opposition to the proposal.

Gov. Kean does support, as most average income families should, the tax simplification approach, especially the strategy for eliminating tax loopholes and requiring corporations and the wealthy to pay their "fair share."

We concur with Gov. Kean's position on this issue and commend his outspoken forthright valor in speaking out in behalf of the people of the Garden State...Don't tax taxes.

**Church Tour** - Members of the Children's Room of the Belleville Public Library recently visited the Dutch Reformed Church on Rutgers Street, where they were given a tour by Catherine Mingle. Accompanying the children were Alice Norris, children's librarian; Lorraine Kimmel, senior library assistant; and David Bryant, library director. Pictured here are: (l-r) Jeff Brunello, Mickey Paparazzo and Albert Alves.

## Registration conducted for fall storytimes

The James J. Cozzarelli Jr. Children's Room of the Belleville Public Library, 221 Washington Ave., is now taking registration for its fall series of "Pre-school Storytimes."

The program, which will run 10-11 a.m. Tuesdays and Thursdays from mid-September until Thanksgiving, is open to all Belleville 3- and 4-year-olds who are able to stay in a group situation without an adult accompanying them.

Group size is limited so advance registration is required. Interested parents should call the Children's Room at 759-9200 or register their children in person as soon as possible.

Storytelling, nursery rhymes, finger plays, filmstrips, simple sign language, creative dramatics and puppetry will be featured.

Because parents or guardians of pre-schoolers are required to remain in the library building during story hour, the library's Adult Department will conduct a series of lectures, films and discussion groups during that time.

## Falcones named finalists in 'Grandparents' contest

Mr. and Mrs. Angelo Falcone of Belleville have been chosen one of five finalists in the "Grandparent of the Year" award contest sponsored by Suburban Cablevision and the Educational Cable Consortium, Inc.

The Falcones, along with the four other finalists, will appear on TV-3 Monday, Sept. 2, at 7 p.m. During the show, phone-in votes will be taken from the viewing audience to determine the winners.

The show will be repeated Tuesday, Sept. 3, at 7:30 p.m. Votes may also be mailed before Sept. 5 to: Grandparent of the

Year, Suburban Cablevision, 43 Prospect St., East Orange, 07017.

The finalists were nominated for the award by family or friends and were selected by the committee based on a submitted 100-word or less essay.

The winning grandparent(s) will receive a special certificate award, a Silver Award Bowl, a complimentary dinner for two at The Manor in West Orange and a gift certificate from Fanny Farmer for a pound of candy each month for an entire year.

Winner(s) will be announced on TV-3 7 p.m. Sunday, Sept. 8, (National Grandparents Day).

## Local Grand Union offers simple recipes for fresh eggplant and cucumber dishes

The joys of summer may seem worn as the season moves through the "dog days" of August. But there are fresh, edible joys to enjoy this month, as many favorite vegetables reach their peak growing season.

These include corn, eggplant and zucchini, as well as those that have a peak season all summer: tomatoes, okra, cucumbers, beets, green peppers and green or wax beans. You'll find them in fresh abundance at their best values at your local Grand Union's Produce Department.

Fresh vegetables are among the most delicious and nutritious bounties of summer. Each is rich with one or more of the essential vitamins and minerals. All yellow, orange and dark green vegetables - tomatoes and beets of the summer harvest - are high in vitamin A. Seed vegetables, such as beans, offer a significant amount of thiamine. And nearly all vegetables, especially when eaten raw, offer vitamin C.

For those watching their health and their weight during the summer months, vegetables are among the most satisfying calorie bargains one can find. One-half cup of beets, eggplant, green beans, cucumber slices, green pepper, or one small tomato has only 20 to 30 calories, making it easy to fill up without filling out on these summer delights.

Most summer vegetables can be eaten raw in salads (tomatoes, cucumbers, green peppers, okra) or with dips (eggplant, zucchini, green pepper) for easy fixing and the most nutritious summer eating. Fresh summer vegetables are also easy to prepare and serve in a seemingly endless variety of ways.

At their simplest, beets, green beans, eggplant, okra and zucchini can be boiled and served with butter, salt and pepper. Eggplant and zucchini can be french fried, as well. Seasonings such as basil, dill and nutmeg work especially well

with boiled green beans or beets; oregano or rosemary with eggplant or zucchini. Toppings of parmesan cheese or snipped chives also work with these latter two vegetables. Selections also team up for boiling in delicious ways: tomatoes with zucchini, eggplant or okra; or zucchini tomatoes and onions, for example.

To serve two summer specialties - eggplant and cucumbers - in extra special ways try these recipes from your local Grand Union Supermarket: Eggplant "Caviar" and Cold Cucumber and Wheat Soup.

Eggplant "Caviar" is a light snack or party dish when served chilled on crackers. It also makes a perfect light summer side dish when served warm. Chopped baked eggplant plus garlic, onion and tomatoes are sautéed in olive oil with minced green pepper and garlic, and seasoned with lemon juice, salt and pepper. It's an easy-eating dish with a taste of the Mediterranean.

Cold Cucumber and Wheat Soup is a simple and delicious summer lunch idea. It can also help you keep cool during the hot days of August, as no cooking is necessary. The soup is easy to prepare: just puree the cucumber scallops and buttermilk in a blender or food processor, chill, then combine with bulgur wheat. As the wheat must be softened in water and the puree chilled, begin to prepare the soup at least two hours in advance of serving.

You'll find the freshest and highest quality produce at the best prices at your Grand Union Produce Department. Though August is the time to make the most of those vegetables at their peak season, home grown taste at its best value is available year-round at this Grand Union specialty department, for your most delicious and nutritious produce needs.

### COLD CUCUMBER AND WHEAT SOUP

- 1/2 cup fine bulgur wheat
- 1 cup warm water
- 2 1/2 cups peeled, diced cucumber
- 1/2 cup chopped scallops, only the white part
- 2 cups buttermilk (approximately)
- Salt and freshly ground black pepper
- 1 tablespoon minced scallion tops
- 1 teaspoon minced fresh mint
- 1 teaspoon minced fresh parsley

1. Cover wheat with water and set aside to soften, about 20 minutes.
2. Meanwhile, combine two cups of the cucumbers with the scallops and one cup of the buttermilk in a blender or food processor. Blend until finely pureed. Stir in remaining buttermilk, season with salt and pepper and chill at least two hours.

3. When the wheat is soft, drain it well, pressing out as much moisture as possible. Add it to the cucumber mixture.
4. Just before serving, check seasonings and stir in remaining cucumbers. If the soup has become too thick, stir in a little

more buttermilk. Garnish each serving with minced scallion tops, mint and parsley. Makes 4 servings.

### EGGPLANT "CAVIAR"

- 1 medium eggplant
- 1 medium onion, chopped fine
- 6 tablespoons olive oil
- 2 cloves garlic, minced
- 1 green pepper, minced
- 4 tomatoes, peeled and chopped
- 1/4 cup lemon juice
- 1 teaspoon salt
- Freshly ground pepper to taste

1. Bake eggplant at 400 F. one hour until the skin is charred and wrinkled. Peel, chop fine and put aside.
2. Sauté onions in three tablespoons olive oil until soft. Add garlic and green pepper, stirring until pepper is soft and tender. Add eggplant, three tablespoons oil and tomatoes.

3. Cook mixture until very thick, stirring constantly for 15-20 minutes.
4. Stir in lemon juice and season with salt and pepper. Makes 4 cups.

Serve chilled as a spread on crackers or warm with a main dish.

## Mallack and Penna work in MSC co-op program

John Mallack and Paula Penna of Belleville are employed this summer at area businesses as part of the Cooperative Education program at Montclair State College (MSC).

Mallack, who is majoring in computer science at MSC, is employed at Benj. Berman Inc. He will be earning college credits, along with salary and experience through the co-op

position. Penna, who is majoring in English, is working at the Paterson News. She, too, will be earning college credits, along with salary and experience through this position.

Cooperative Education is a flexible program in which students work part-time or full-time during a semester or two of their four-year curriculum.

# St. Anthony's annual feast honors Saint Bartolomeo

By Kara Laczynski  
The fragrance of sausage and peppers and zeppoles filled the air this past week at the Feast of St. Bartolomeo, sponsored by St. Anthony's Church.

This year such non-Italian foods as taco and chow mein were offered at the feast, which ran from Aug. 20-25.

Silver Lake residents who were natives of the Italian village of Alivallina held an informal street celebration on their patron saint's day for many years, according to Patricia Campione, chairperson of the St. Bartolomeo Committee.

Campione said that when many of the original organizers passed away, residents appealed to the church to sponsor the feast. The church has done so for the past six years.

In addition to food, rides for children and adults add a carnival spirit to the feast. For the devout, the church was opened from 7-9 each evening of the celebration, allowing residents to pay their respects by lighting a candle at the feet of a statue of St. Bartolomeo.

A procession, led by the statue, marched through the streets of Silver Lake this past Sunday afternoon. The feast ended that evening with fireworks.

All proceeds from the feast go to St. Anthony's Parish.

Religious Procession - Priests and parishioners of St. Anthony's Church in Belleville marched in a procession through the streets of Silver Lake, honoring Saint Bartolomeo this past Sunday. A feast in honor of St. Bartolomeo had been sponsored by families whose families came from a village in Italy.

About six years ago, the families went to St. Anthony's and asked if the church would continue the tradition.

## Three classes added to school curriculum; students report back to school Sept. 4

(Continued from page one)

children use computers to supplement instruction in various subjects and also to get a deeper understanding of computer languages and applications."

All elementary school students receive at least two 45-minute computer classes per week.

"This is the amount of instruction that they get on paper," Mrs. Hawthorne said. "Actually, most of the children spend more time per week on computers."

At the high school, the new computer math course will offer programming in the Basic computer language on Apple II microcomputers to children in the ninth and 10th grades.

"We are using this course as a bridge between the course taught at the middle school and our more advanced courses offered to the juniors and seniors, which teach programming in the more difficult languages of Pascal and Fortran," Mr.

Joseph Ciccone, high school principal, said.

Computer literacy is taught to all middle school students for one half of a semester, Mr. Mario DiMaggio, middle school principal, said.

In general, every program offered by the high school was evaluated in preparation for the arrival of the Middle States Evaluation Committee in November.

Course content, teacher certification, administrative content and the physical facilities of the high school will be

scrutinized for three days by the committee, which visits once every 10 years before re-accrediting the school.

"Accreditation is vitally important, especially for college-bound students," Superintendent of Schools Nardiello said in an OBC-TV interview. "If a student attends a high school that has not been accredited, he would have trouble getting into college."

To prepare for the evaluation, the board of education authorized a comprehensive sprucing-up of the high school

over the summer.

"Every room in that building will be painted," Mr. Nardiello said. "The floors are being scraped and a new parking lot was added."

"It will look like the rebirth of a building that is about 21 years old," he continued.

Renovations at the middle and elementary schools were limited this year because of the concentration on the high school. Besides the usual summer cleaning and repairing of classrooms, a new parking lot was built at School 5.

How Does Your Garden Grow? - Francesco Martorino of Holmes Street stands beside his peach tree in his backyard garden. Besides peaches, Mr. Martorino grew zucchini, tomatoes, peppers and even grapes this past summer. ## Fire Safety Tips

### Neighbors in Fire Safety

If you are one of the growing number of Americans who live in an apartment, condominium or town home, it is vital that you practice fire safety as an individual and as a community. Because you live in attached residences, your neighbor's lifestyles affect your safety, too.

Make a point to look for and ask about fire safety features when looking to rent or buy. Look for: accessible and clearly marked exits; enclosed exit stairways; smoke detectors and fire alarm systems; automatic sprinkler systems; clean, well-maintained buildings; and halls and stairs kept clear of trash and boxes.

Many areas require buildings to have fire detection and alarm systems, emergency lighting and portable fire extinguishers. Make sure yours work. Notify your building maintenance or fire department if they are out of order.

Be prepared in advance to handle a fire emergency.

- Preplan escape routes. Know them in the dark and practice them.
- Know to stay low and crawl in smoke to avoid the poisonous gases.
- Locate fire extinguishers and fire alarms. Know how to use them. Know if the alarm sounds in the building and at the fire department.
- Never assume someone else has called the fire department. Do it yourself once you are out.
- Never prop open exit stairway doors. Once smoke enters, the exit is not safe.

Get the facts. Smoking is one of the leading causes of apartment fires, with most starting in the living room, den or lounge from cigarettes dropped in furniture. Check furniture before going to bed and never smoke in bed. It could be deadly.

Keeping combustibles too close to heating equipment is another cause of apartment fires. Keep paper and clothing away from heaters and stoves.

Don't use barbecues on balconies. Used in a confined area near other apartments can be dangerous.

Share responsibility for fire safety with your neighbors. Remember, you are not alone.

For information on these or any other fire safety program, call Capt. Andrew Depczek, Belleville Fire Prevention Officer at 450-3374. These fire safety tips have been provided by the Belleville Fire Department Local F.M.B.A. 29.

## Italian-American Association sponsors biography contest for Belleville students

The Belleville Italian-American civic Association (BIACA) and the Belleville Public Library will sponsor an Italian Heritage Biography contest for Belleville students in grades 7-12.

The purpose of the contest is to have young people with an interest in Italian achievements to research and write 500-750 word biographies of notable people of Italian descent. Entrants will be divided into two categories: grades 7-9 and grades 10-12.

Prizes in each category will include: first prize, \$200 savings bond; second prize, \$100 savings bond; third prize, \$50 savings bond; and honorable mention (five winners), \$10 each.

Two meetings of a Joint

Contest Committee, comprised of BIACA president Chris Albanese and BIACA members Sal Calabro, Vincent and Lee Carlo, Lee Casale and Rose Si cone and Belleville library Director David Bryant, Assistant Director Adrea Cohen and Valentine Frattaroli, Belleville

High School language teacher, led to the idea of a contest.

Information about the contest, rules and judging will be distributed to all students, grades 7-12, in the Belleville schools.

Entries will be accepted at the library from Sept. 16-24. Win-

ners will be announced and prizes awarded by Chris Albanese at the annual Belleville/Nutley Columbus Day Parade in October.

For information, call Mr. Albanese at 759-3314 or Mr. Bryant or Mrs. Cohen at 759-9200.

# Belleville Times SPORTS

**Buc Shots** By Mike Lambert

## Early football teams began winning era

Continuing our look at Belleville football, the memories certainly are fond. Last week, the 1980 and '81 teams were discussed, with some big games that made those seasons so memorable.

The success of those teams was in part to the hard work and dedication put forth by the teams of 1978 and '79. When a fan thinks of recent Belleville football, the big games of the early '80's come to mind, but a lot of people forget about the teams of the late '70's that started the era of winning.

Perhaps the 1978 team was the founder of the winning football we're used to today. 1978, it wasn't that long ago, but so many things have changed. The Yankees of '78 won a second straight World Series with names like Rivers, Munson, Nettles and Chambliss. The Mets were struggling to win 70 games with Joe Torre as the manager. Dwight Gooden was 13 years old and disco was the rage of the night life.

In Belleville, the football team was struggling for respectability. It was John Senesky's second year of coaching and the initial campaign produced a 2-6-1 record, with losses by scores of 40-0, 34-7 and 63-0. The Belleville football team was a young group in '78, with just 15 seniors on the squad. The team was led by co-captains Angelo Santinelli and Joe D'Agostino. In the backfield were juniors Ed Aulisi (quarterback), Mike Nicotia (running back) and Len Mendola (running back).

Jerry Fazzini was a solid defensive back, having switched to that position after quarterbacking the club in 1977. Anthony Dondarski was a heavy hitter in the secondary and players like Carl Lordi, Mario Colombrito, Ralph De Pasquale, Perry Mayers, Rick Racioppi, Michael De Meo and Peter Scheuplein did a solid job in their respective assignments.

The 1978 team, like the other Belleville football teams throughout the years, possessed character. The Bucs (1978 was the first year Belleville was called the Bucs) faced a rugged schedule, playing Livingston, Montclair, Passaic, Seton Hall Prep and Clark. When the season started with the home opener on a warm September evening, the anticipation was high that Belleville would turn the corner to success. The Bucs did not have a winning season since 1974 and had not won six games since the '69 campaign.

Livingston had defeated Belleville, 40-0 in the '77 opener and the Bucs had more than respectability on their mind that night. It was revenge, and from the opening kick off, it was obvious that Belleville was a different ball club than in previous years.

Dondarski recovered a fumble on the opening kickoff for Belleville and the Bucs drove 40 yards for a touchdown. After two minutes, it was 7-0 and by halftime, the score would balloon to 21-0.

Belleville finished with a 28-14 victory over a very good Livingston team and the message had spread quickly that the Bucs were going to be a solid competitor.

The team lost to Montclair, 27-6 in week number two, but week three saw the Nutley Maroon Raiders come to town for the annual clash.

Belleville had not defeated Nutley since the 1971 season and had not scored on them since a field goal in the '74 game. The last touchdown Belleville had scored on the Maroon came in the waning moments of the '73 game, with Belleville far behind.

In 1978, the Bucs started a winning trend against Nutley, a trend that would not be broken until Thanksgiving Day of last year. For all those who forget, Belleville won, 31-0 as Mike Nicotia played a marvelous game on both sides of the line.

Belleville lost to powerful Passaic, 38-13 in week four, but came back to upend Irvington and Essex Catholic by scores of 27-6 and 19-0 respectively.

With a 4-2 record and possible playoff berth riding, the Bucs traveled to South Orange to face Seton Hall Prep, an undefeated machine that had dismantled the Bucs, 63-0 the previous year. It was a gray day at the Hall, even more gray for Belleville as the day progressed. Despite a solid effort, the Bucs were defeated, 28-6, as Racioppi would score the only touchdown by recovering a fumble and running 60 yards for a score late in the third quarter.

The Ledger referred to the '78 Bucs as "Romper Room" because of the team's youth. After losing to the Hall, the boys of Romper Room used their name well, romping past Clark and Kearny, 16-7 and 21-0 respectively to finish with a solid 6-3 record. About the only negative aspect of the final two games was that Racioppi, then a sophomore, severely broke his leg late in the Clark game and would be in a cast for four months.

Racioppi would be back, however, in classic style, leading the Buc defense for the '79 and '80 campaigns.

As we head into the '85 season, the heroes of 1978 might seem a distant memory, but the true fans of our township will not forget all that the team did to instill that winning spirit to Belleville football.

### Pity the Poor Athlete

Can you believe what the modern athlete asks for in contract negotiations? Poor Dan Marino, I can see why he wants to renegotiate his contract. How can a man survive on \$509,000 per year. It's absurd. I'm sure the average family of four, with an income of \$40,000.00 per year can easily relate to a 23 year old quarterback who doesn't want to honor his contract. Marino is being paid peanuts.

Speaking of peanuts, I was down in Atlanta this past weekend and got a chance to see the Cardinals and Braves at Fulton County Stadium. If you're a Braves fan, then deepest sympathies are extended to you and your family, because that team is horrible. There was an article in one of the Atlanta papers that said the Braves are interested in keeping Ken Oberkell for next year. Oberkell's contract runs out this year and the poor man will make just \$650,000.00 this season. He said he would like to stay in Atlanta, but he might have to look around if the Braves don't offer what is acceptable. Chances are, he will probably ask in the range of \$800,000.00 per season, guaranteed, for at least three years. All this for a 285 lifetime hitter. I can see why the professional athlete goes on strike once every three years. He is underpaid.

## Teams prepare for seasons

## Young players form BHS fall sports teams

Youth, youth, youth. The early signs at Belleville High School this fall say that youth will dictate some of the varsity sports in town, with question marks surrounding some young talent.

The Belleville football team will begin formal football practices today. Head coach John Senesky likes the enthusiasm his team has in the early going, but warns that the 1985 team is very young.

"We have just seven seniors this year that started at least one game last season," Senesky said. "It's the smallest senior class we have had in a long time. There are just two juniors who earned letters last year that are back this season. It will be a very young team. The key will be how well our sophomores and juniors pick up the system. We (the coaches) have seen some very good things from the younger players as far as conditioning is concerned. The kids have worked hard in preparation for the upcoming season. We have some seniors that we are very high on this season, but an important aspect will be how our younger players react to varsity play."

Senesky admitted that he has not seen his entire team yet.

Some of the players are still away and some have yet to get their physicals. We'll know a lot more after the weekend."

The annual decathlon, which tests the players all around athletic ability, was held yesterday. Official practice, according to the NNJL, may begin 30 days before the first game. Belleville opens its season on September 27, a Friday night, with a game against Don Bosco Prep at Municipal Stadium.

Looking around the NNJL, Bloomfield, Clifton, and Don Bosco all have new coaches this fall. Al Rotella, who retired from Verona after a long and illustrious career, did his Bud Grant impersonation and returned to the ranks of coaching after a brief respite. Rotella retired last fall, but when the position opened at Bloomfield High, Rotella opted for the job and will look to rebuild that program.

Jackie Moore is at Don Bosco this fall and Clifton, following the move of Jack Jones to the collegiate ranks, has a new man at the helm.

Inside the gym, the Belleville volleyball team is looking at a

rebuilding season after losing Donna Brooks, Debbie Worley and Liz Goldrick to graduation last June.

"We have some good young players coming up," said head coach Grace Worley. "But it will be a lot of hard work to get back to where we were last season."

In 1984, the girls advanced to the state semi finals before losing to Fair Lawn High.

Worley is looking to returning players like Christine Melillo, Lisette Rodriguez, Sheri Phelps, Renee Petinoe and Carolyn Giuffrida to fill the important varsity positions. The coach is also optimistic about the sophomores and juniors that will probably take part in the junior varsity program.

"This year will be a new experience for the younger players," Worley said. "but next year could be a very big year for the team. We have a young crew this fall and the experience this season could put in in good line for the following fall."

Is Worley counting out her team for 1985? Certainly not.

"I think we have a very good chance for a big year this fall, it just depends on our younger athletes."

The Belleville cross country team, under John Tosato, is in the same position. The team lost three valuable seniors from the team. Bob Hutchinson, Bill Huamani and Ross De Meo. Coach Tosato will rely on some young, but experienced runners this fall.

Sophomore Joyce Loungo and junior Donna Lee Daudelin will lead the girls team. Juniors Craig Burden, Mark Huamani and senior J.R. Di Vincenzo will pace the boys team.

"We're looking for more runners who would be interested in coming out for the team," Tosato said. "Practice starts on September 3, at 3 p.m. from Belleville High. Right now, there are about 15 runners coming out. We could use some more runners."

Tosato also mentioned that the athlete must take the routine physical, but can still come to practice and sign up for the team on September 3. He, or she, cannot run, however, until the physicals are complete.

The early signs are youth and inexperience on some of our varsity sports. It should be a very interesting autumn on the field and gym at BHS.

## BHS soccer players lead college team to victories

Two former Belleville High School soccer team members will be among those helping the New Jersey Institute of Technology's soccer team to a winning season this fall.

The Highlanders are strong in goal with experience and agility in sophomore Brian Cook of Belleville and junior Vassilis Vassiliadis, a Greek national.

The Highlanders' midfield offers solid play from veterans Rick DePrizio, a junior from Belleville; Armen Bedrossian, a junior from Rockaway; and Rick Acuna, a sophomore from Rahway.

The Highlanders will undergo an ambitious pre-season

schedule which includes one week on campus with three sessions each day and a week of training in Colorado including exhibition games with the Air Force Academy and Regis College.

The regular season begins with the Blue Ridge Tournament in Lynchburg, Va., with New Jersey Tech slated to meet North Carolina Wesleyan, the number 12 ranked team in NCAA Division 3 last year.

The schedule features games with Kean College, Scranton University, William Paterson, Drew University, Stockton State, Jersey City State and Monmouth College.

## Rich Ruffalo wins 3 medals in Canada

The amazing Richard Ruffalo was at it again last week, winning three gold medals at the Canadian Games for the Disabled, held at Sault Ste. Marie, Ontario.

About the only disappointing aspect to Ruffalo's performance was that he did not break the world or national records in the shot put, discus and javelin.

"I was hoping to break some records," Ruffalo said last Monday. "I was able to break the Canadian records for the throwing events, but I just missed the nationals and world marks."

In the shot put, Ruffalo finished with a throw of 10.75 meters, breaking the Canadian record of 10.18 meters.

"They had the shot put last," Ruffalo said of the order of events. "I would have liked to have gotten the shot out of the way early, when I have more strength. The shot is the heaviest of the three events, and having it last makes it a little harder."

In the discus, the event that he was looking at the most, Ruffalo won with a throw of 29.68 meters, breaking the Canadian record of 27.99, but missing the world mark of 32.64.

"I was psyched for the discus," Ruffalo commented. "That was the one event I was hoping to break the world mark. I think I might have a shot in the next meet."

Finally, Ruffalo was a winner in his favorite event, the javelin. The winning throw of 41.4

meters easily bested the Canadian mark of 31.50, but just missed the world mark of 45.26, which Ruffalo currently holds.

"I had a throw of 51.35 in a meet," said Ruffalo. "But the result wasn't reported in time and it wasn't recorded as official. I'd like to break my mark in the next meet as well."

Ruffalo's next competition is set for October 6, at Montclair State College in the State Championships.

"The meet will be sanctioned and official," Ruffalo said. "I'm really looking forward to the chance of breaking some records."

Perhaps the biggest meet of Ruffalo's career could come next summer. The coach has an excellent chance of being selected to the World Championship for Blind Athletes in Sweden next August.

"That would be big," Ruffalo said of the possible trip to Sweden. "I think I have a good chance of making it based on previous performances. I won't know for a while, however."

Ruffalo, the former track and cross country coach at Belleville High School, begins his 12th year of teaching at Belleville High next week. The biology teacher, with a masters degree and a number of post graduate credits to his record, continues to be a prime example that hard work can help to eliminate some of life's limitations. The coach certainly has made some excellent strides in the world of athletics.

## Rec. Dept. open nights

The Belleville Recreation Department office, 407 Joramelon St., will be open Thursday, Aug. 29, and Tuesday and Thursday, Sept. 3 and 5, 7-8 p.m. for soccer touch football registration.

Soccer League Director Bob Travers will register those applicants who cannot do so during the day. Birth certificates are required for all applicants at registration. All returnees must re-apply.

For information, call 450-3422.

## Recreation Department seeks football coaches

The Belleville Recreation Department is presently taking names of adult Belleville males interested in volunteering their time to coach in the Recreation Touch Football program for boys, ages 8-12.

The league will provide instruction to the children as to the fundamentals of football, while eliminating heavy body contact.

Games are scheduled on Saturday mornings at the Little League Field, beginning Sept. 28.

Due to the expansion of the league in 1985, more coaches are needed and the league may possible be broken down into two divisions.

The children learn the basics of football and all those attending regular practices will play in all games.

Those interested in coaching may call the Recreation Department at 450-3442.

## Junior Bucs squad now forming to play in Metropolitan League

The Belleville Recreation Department's 1985 Junior Bucs Tackle Football squad will be competing in the Metropolitan Junior Football League, which consists of teams from Bloom-

field, Clifton, Kearny and Nutley.

The program will be open to boys, ages 8-14, who weigh a minimum of 60 pounds and a maximum of 140 pounds.

The boys will be broken down into three teams according to specific age/weight requirements as set by the league - midget, junior varsity and varsity.

Any player who tries out for the program and who later chooses not to continue, will have the option of playing in the touch football program providing they are 12 years old or younger.

Boys interested in playing must register by filling out an application form which must be signed by a parent. All applications must be accompanied by a recent passport-sized photo and a copy of his birth certificate/baptismal paper.

To be eligible, boys must be at least 8 years old on or before Sept. 1, 1985 and cannot turn 15 before Jan. 1, 1986. No one above the eighth grade can play.

Applications can be picked up and returned with a copy of birth certificate and passport photo to the Rec House, 407 Joramelon St.

For information, call 450-3422.

## Register for fall preschool

The Belleville Recreation Department is now accepting registration for its pre-school play program for 4-year-old children.

The program, which begins in September under the director of Mrs. Susanne Iannini, consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 9:15-11:15 a.m., five days a week with class size limited to 25. The mothers of the children accepted will serve one duty day about every eight or nine days according to a published schedule.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 Monday-Friday, 8:30 a.m.-4 p.m.

## Touch football applications now available for boys, 8-12

Applications for the 1985 Belleville Recreation Touch Football League are available at the Recreation Department Office, 407 Joramelon St.

Boys, ages 8-12, are eligible for the program, which is con-

ducted in the fall.

Prospective participants must be at least 8 years old before Dec. 1, 1985 and cannot be 13 years old before Dec. 1, 1985. All returning players must re-

Registration forms can be picked up at the Rec Office, Monday-Friday, 8:30 a.m.-noon and 1-4 p.m. Parental permission and birth certificates are required for each and every applicant before the Sept. 13 deadline.

Applications for the newly-formed Belleville Recreation "Junior Bucs" Tackle Football program for boys, 8-14, will also be available at the Rec Office. Call 450-3422 for more information.

## BHS volleyball players participate in sports camp

Members of the Belleville girls' volleyball squad recently participated in New Jersey Institute of Technology's first on-campus sports camp.

Dave DeNure, women's volleyball coach and assistant men's volleyball coach, conducted a volleyball camp for high school and college age

females, attracting scholastic players from Belleville, Livingston, Columbia and Ferris (Jersey City) high schools as well as New Jersey Tech players.

The players were taught basic skills, team concepts and competition.

## Belleville Library offers quiz on authors of famous quotes

Are you able to identify the authors of the following quotations? If not, visit the reference desk of the Belleville Public Library, 221 Washington Ave., and find the answers to these:

1. "It is a great thing to start life with a small number of really good books which are your very own."
2. "Dreams, books are each a world; and books we know / Are a substantial world both pure and good." Round these, with tendrils strong and as flesh are blood, / Our pastime and our happiness will grow."
3. "How many a man has dated a new era in his life from

the reading of a book."

4. "All that mankind has done, thought, gained or been: it is lying as in magic preservation in the pages of books."

5. "The true university of these days is a collection of books."

6. "We shouldn't teach great books; we should teach a love of reading."

7. "When you reread a classic, you do not see more in the book than you did before; you see more in you than was there before."

8. "I cannot live without books."

9. "Of all the needs a book has, the chief need is that it be

readable."

10. "If anybody would make me the greatest king that ever lived, with palaces and gardens and fine dinners and wine and coaches and beautiful clothes and hundreds of servants, on condition that I would not read books, I would not be a king."

The answers are as follows:

1. Sir Arthur Conan Doyle.
2. William Wordsworth.
3. Henry David Thoreau.
4. Thomas Carlyle.
5. Thomas Carlyle.
6. B.F. Skinner.

## Health publication describes ways generics cut medical costs

A Department of Health publication, entitled "Generic Medications and You," is now available. Senate President Carmen A. Orechio announced.

The booklet describes how consumers can use generic medication to reduce prescription costs.

Generic medications are

medicines sold under a general name, rather than under a brand name, after the branded product's patent expires.

"Generics must first pass intensive scientific review before they are made available and the savings can be substantial," Sen. Orechio said. "As many as

50 percent of all prescriptions do have generic substitutes."

Sen. Orechio said that a list of interchangeable drug products recently issued by the Drug Utilization Review Council and the publication, "Generic Medication and You," can be obtained by calling his district office at 235-1166.

## Lawn Gone?

### Time to call Lawn King

All lawns need an annual program of lawn care and every program must contain both granular and spray. Some chemicals work better when applied in a granular form, and others, like weed controls and post emergent crab grass controls, work better in a liquid form. All lawns also require periodic aeration and seed, but only Lawn King gives all these via LAWN COMBINE & SPRAY — THE BETTER WAY! WE KNOW IT'S THE ONLY WAY!

#### LAWN KING ANNUAL PROGRAM

---	---	--	--	--

We are chemical applicators, not miracle workers. We know what your lawn needs and when it needs it. What you see in the program is what you get. Top quality chemicals and seed — only the best — that's all we use. There's no such thing as specially formulated for drought.

Aeration, seed and lime are part of our program. Fungus controls and grub controls have always been part of our program, not options at extra cost when you need them. By the time you know you need them it's too late anyway.

Someone will call to discuss the lawn with you. There's a one time charge if you need any extra like a preparatory service, extra seed or additional lime. We'll tell you what you need. We may not be the cheapest lawn service around but we are the only ones who give you lawn everything, it needs it at a price you can afford to pay. You can figure your costs from the chart below. No contracts to sign, no guarantees, no promises, and no nonsense. Pay from service to service or prepay for the year and we'll give you a 5% discount too!

If you compare our program and prices with any other company, you'll find that other lawn care companies are charging too much. If we are not charging enough! Look at it real close and you may even arrive at the conclusion that not only is it better to do business with us — it's cheaper too!

## Mother and daughter exhibit at Belleville Library this month

The works of Pamela Cohen and her mother, Adrea Cohen, assistant director at the Belleville Public Library, will be on exhibit at the library, 221 Washington Ave., during the month of September.

Miss Cohen has been painting with Nina Lalin of Wayne since the age of 10. She has earned second prize in the Sunnyside Outdoor Art Show and first prize in the Belleville Public Library's annual art show. She has also exhibited at group shows at the Willowbrook Ministries and the Wayne Public Library.

In addition to painting, Miss

Cohen has been a finalist in the Miss New Jersey Teenager Pageant and the Rutgers University Miss New Jersey Contest.

She attends Rutgers University, where she is an honors student, a Scarlet Knight Tour Guide and a member of Gamma Phi Beta Sorority.

Adrea Cohen, who is currently studying with Joan Samsel of Belleville, prefers modern expressionism to realism. Her interest in art led to many art lectures, media presentations to preschool mothers and to establishing the library's annual

art show with Mrs. Richard Shafter, library trustee.

"Painting is a hobby that keeps a person constantly growing, moving and thinking," Ms. Cohen said. "Art is exciting because each new idea you possess can constantly be expressed on canvas. Vibrant colors are exciting to see and to be expressed."

The Silver Lake Branch Library, 30 Magnolia St., now offers its patrons a photocopying service. Copies will be made for 15 cents each. The service is available during library hours.

Summer hours are from 9 a.m.-1 p.m. and winter hours from 10 a.m.-5 p.m., Monday-Friday.

**FOOD AND FEVERS**

Most parents are frightened by a child's fever. It turns out, however, that the real cause for concern may be parental misinformation about this exception. The fact is that a temperature of less than 101 F. is not a fever. It should not be treated. Fever alone is not a reliable guide to the seriousness of an illness. According to the American Academy of Pediatrics, a fever of 102 F. is low-grade; 104 F. is moderate. In spite of parental fears, and except in newborns, any fever under 106 F. is actually harmless. That is, although the child could experience discomfort, it has no neurological consequences. As with any symptom, report fever that persists beyond 24 hours to your pediatrician.

Your pharmacist acts as a reliable guide for any information on medication. When given a prescription, be sure to bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. Cameras and film, gifts, greeting cards, cosmetics and toiletries are available. Hours: 9 a.m. - 10 p.m. daily, 9 a.m. - 9 p.m. Sundays. Please drive carefully over this Labor Day weekend.

## Belleville children read books for fun during summer months

(Continued from page one)

"It was the brainchild of Mrs. Paula Cummis, our reading supervisor," Mr. Michael Lally, assistant superintendent of schools, said. "We want reading to be an on-going, 12-month process."

Mr. Lally said that the goals of the reading program are to

teach children to read and to encourage a love for reading. In a letter sent to parents informing them about the reading program, ways to encourage children to read were stressed.

Some of them include: making reading a regular activity for a child, if not books, use newspapers or magazines; read to your child even after they have become independent; encourage your child to read aloud; have your child read to someone younger; and take your child to the public library and help in

his/her book selection.

"This is truly an incentive-based project," Mr. Lally said. "When the children return to school, they will make a list of what books they read over the summer. If they read three or more books, they will receive credit."

Mr. Lally said that the summer reading program last year was an "unqualified success." With the number of children who participated this past summer, it is no doubt the program was a success once again.

## School board hires teachers for new year

(continued from page one)

Wendy Yuen, English As a Second Language, School 7.

Yuen replaces Karla Trentin who resigned this past year.

Those teachers who were approved transfers include: Roxane Flocke, from School 3 to School 7; Carol Cofone, from School 10 to School 9; Carol Spina, from School 9 to School 10; and Frances Galloway and Marilyn LoCoco, from the Basic Skills Instruction Program to regular classroom assignments.

# Where To Dine

## Armando DiVilla

By Lisa A. Grimaldi

Armando DiVilla ranks as one of the finest restaurants in the area. From the matre'd to the table lines, one word describes Armando's: "class," and that is the atmosphere which prevails.

The menu features gourmet Italian specialties, more European-style than Italian-American dishes. The appetizer list emphasizes vegetables and seafood; offering dishes such as the Antipasto Fredo Casolingio (home-made cold marinated vegetables), Scampi alla Griglia (broiled jumbo shrimp in garlic sauce) and Spiedino Alla Romano (cheese brochette with wine and Anchovy Sauce).

A plate of traditional Italian Zuppe (soups) is a nice second course. Minestrone Piemontese, Pasta Fagioli, and Cappelletti in Brodo (with meat-filled dumplings) are good choices to try.

Armando's has 15 pastas on its dinner menu, which can be ordered as either a main or secondary course. Traditional favorites like Manicotti, Fettuccine Alfredo, and Ravioli are available, as well as more "exotic" pastas. The Paglia e Fieno (white and green noodles with onion, prosciutto, mushrooms, and peas in clam sauce) is absolutely delicious. The noodles are very thin and fresh, and the combination of ingredients is superb.

Several salads and vegetables are offered, and are far more sophisticated than those dishes in standard restaurants.

Veal, chicken, grilled meats, and fish are cooked up several different ways by Chef Armando. An interesting dish is the Costoletta alla Valdostana (stuffed veal chop with Fontina, Prosciutto, and truffles); and Pollo alla Marengo (chicken sautéed in butter with brandy and tomatoes).

The desserts are equally as elegant as the main fare. Italian pastries, cakes and gelato are classic items to end your meal with. Those with more exotic tastes can choose cherries jubilee, banana flambe, or fragole portofino.

Friendly host Onofrio Pellegri said that there are always daily specials; and if there is something you desire that is not on the menu, just ask him. There is also an extensive wine list, with both imported and domestic selections.

A separate room is available for functions including 10-50 people; a much larger one is available for large affairs.

Lunch (with a special menu) is served from 11:30 - 2:30, Dinner from 5:00 - 10:00 p.m., every weekday except Monday. Saturdays just for dinner, and Sundays 1:00 - 8:00 p.m. Reservations are recommended. Seating is for 100 persons.

## Religious Viewpoint

### "For Parents Only"

By The Rev. Robert Paul  
Grace Baptist Church  
(Overlook Avenue)

Thinking that three hours of movie watching are harmless for the child, but that two hours of church and Sunday School are too much for the nervous system is just bad thinking.

Giving him a nickel for Sunday School offering and 50 cents for candy not only shows a parent's sense of value but is also not likely to produce a proportionate giver.

Letting him watch several hours of television thrillers a day with no time for one short prayer and a few Bible verses is criminal unbalance.

Being careful that Junior has his weekday lessons, caring not that he knows the Sunday School lessons, makes for spiritual illiteracy. Saying that a child must make his own decisions as to whether or not he should go to church is shirking parental responsibility.

When Father spends Sunday morning at mowing the lawn or washing the car or playing golf, his sons are left to walk alone to church.

When parents idle away Sunday morning in reading the paper, listening to the radio or watching television while brother and sister are sent by themselves to church, something happens to the children's evaluation of church attendance.

Perhaps this recipe for child raising can be of some help to you:

One cup of Proverbs 22:6; two tablespoons of Proverbs 19:13; one dash of Proverbs 23:13; one teaspoon of Proverbs 3:5; one-half cup of Titus 2:3:7. Mix all ingredients, add a pound of persistence, one cup of love and whip until right consistency.

This recipe is recommended by the Creator of Mankind. (Don't forget to add a pinch of Ephesians 6:4.)

"Kids don't make the liquor, they don't run the bars and they don't make the laws; Delinquent teenagers, how we condemn the sins of the nation and blame it on them. By-laws of the blameless the Saviour made known, who is there among you to cast the first stone? For in so many cases, it's sad but it's true, the title of the delinquent fits older folks, too!"

Parents, place your complete trust in the Lord Jesus Christ (St. John 5:24) and allow Him to be your Lord and your children will follow your example. (1st Timothy 4:12.)

### CHIROPRACTIC

What is an adjustment?  
This is the method employed by the chiropractor to remove interference with nerve function. It consists of the application of the hands upon the body, such as a "twist" or "thrust" applied to the proper part in order to bring about normal mechanical alignment.

How long does an adjustment take?  
There is no set time. It takes whatever time is necessary to prepare the patient, relax him and forthwith, to adjust the adjustment. The length of time required is no indication of the quality or efficacy of the adjustment.

How many adjustments do I need?  
This depends on many factors: the nature of the ailment, the vitality of the patient, the history of the illness, type of work the patient performs. No adjustment miracle will strengthen and align, correct muscles and ligaments that have been in trouble for months or years. In some instances, chiropractic results are spectacular. Others may take weeks or months because of pathological changes that have taken place in the body during the course of the disease. With each adjustment, the vertebrae will gradually maintain proper position as the muscles and ligaments adapt to the normal position of the vertebrae.

Can adjustments be given to young children?  
Yes, and to infants as well, with excellent results. Infants and young people usually not only respond well to chiropractic, but are inclined to accept it very readily.

### DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mr. J. of Belleville writes: "Once a tooth is crowned can it still get decayed?"

As you know Mr. J. a crown covers 360 degrees of a tooth and often goes under the gums. In those cases if your dental hygiene is good and you keep your gums healthy the possibility of decay under your crown is very small. If your crown ends above your gums again your tooth will not be decayed if your hygiene and diet is good. So Mr. J. once a tooth is crowned it is very well protected but if that tooth is neglected it can become subject to the same problem as an uncrowned tooth. Keep up good daily hygiene and you'll be fine. Thank you.

## Local Army recruiting station reports increase in enlistments

The enlistments of more than 372 young men and women from the northern and central New Jersey area contributed to successful Army recruiting during the third quarter of fiscal year 1985, recruiters assigned to the U.S. Army Recruiting Station on Washington Avenue, Belleville, reported.

"The people in and around Belleville have been taking advantage of Army opportunities," Station Commander SSG Bruce Bell said.

Despite increasingly difficult recruiting because of an

improved economy and a decreasing number of young people every year, more than 31,000 Americans entered the ranks of the Regular Army, while nearly 17,000 became citizen-soldiers in the U.S. Army Reserve during the third quarter, Bell said.

The quality of the Army recruit remains high, Bell said. During the quarter, almost 27.0 percent enlistees were high school graduates or graduating seniors.

The recent passage of the New G.I. Bill Plus Army College Fund has enhanced the Army's

college financial aid package with benefits as high as \$25,200 for a four-year enlistment, Bell said.

For a two-year enlistment, a soldier can accumulate up to \$17,000. A soldier who has completed two years of college can earn up to \$21,000 toward continuing education in only two years.

The U.S. Army Reserve now offers \$5,040 for education, without personal contribution, through the New G.I. Bill.

### **RETAIL OPPORTUNITIES**

**There's a great job  
waiting for you  
at bamberger's**

Soon the season will be changing... and your lifestyle will be changing, too. Your children are returning to school, or maybe you're a student yourself. Either way it might be the time to consider what a full or part time position at bamberger's could mean to you. It's a chance to work in an atmosphere you'll find friendly and challenging, as well as the opportunity to earn additional income and take advantage of our generous storewide discounts.

We offer a variety of full and part time evening schedules that don't vary from week to week in SALES positions in many areas of our store, and other openings in STOCK. We offer competitive salaries, and a liberal company paid benefits package. Bamberger's is an equal opportunity employer M/F.
