Zoning board will review site plans for condominium on Mill Street lot

The Belleville Zoning Board of Adjustment will conduct a special meeting on Wednesday, Nov. 13, at7:30 p.m., for the pur-pose of reviewing a site plan on the re-application of Cerami Construction Co. for redevelop-ment at 800 Mill St.

The meeting, which was changed from Nov. 5, will be conducted in the second floor

meeting room at 383 Washington Ave. (It was reported in The Bel-leville Times that the meeting would be conducted Oct. 22.)

would be conducted Oct. 22.) On Sept. 25, the zoning board conducted a special work session to discuss amendments to Cerami's application. The board decided at that time that one of the nine buildings constructed by Cerami was in violation of a 15-foot side line ordinance and that

the site did not provide accessi-ble parking for residents of the building. The structure, which faces the backyards of homes facing Mill Street, was built too close to the parking area provided to residents of the River Mill West condominium complex on the old condominium complex on the old

site of School 2. Residents of the River Mill West complex appeared before the zoning board at its last meeting tovice their objections about the proximity of the building. Their main complaint was that it would be easier for park in their lot because it would be closer than the parking area provided to them by Cerami. The zoning board will review new site plans for the building as well as plans for the construc-tion of a second foot bridge. In the original application, the Cerami Construction Co. agreed to build two foot bridges across the river which separates the complex. At this time only one foot bridge has been con-structed.

N.J. Assembly Derelictions

The New Jersey Assembly is sitting on bills that vitally affect our readers

Senate Bill S2815 provides for a \$70 Million low interest loan to provide permanent financing for the Wanaque South Project in which Belleville expects to be a partner. The bill sponsored by Senate President Carmen Orechio was approved by the N.J. Senate in May. The funds will come from the \$350 Million bond issue which voters approved at the November 1981 election. Voters have a good reason to ask why provide permanent financing for November 1981 election, Voters have a good reason to ask why hasn't the N.J. Assembly voted to approve this bill? The state treasurer expects to go to market to raise public funds in Novem-ber. To his credit, Assemblyman Buddy Fortunato pried the bill out of one committee but if

If committee for almost a year. If our taxpayers do not get the bene-fit of this \$5 million grant (and by the way, we are reminded that Newark received an \$8 million grant to build its filtration plant) the ultimate cost of this \$5 million grant to the taxpayers will be at least \$15 million amortized over the life of the projected bonds. Belleville. I do have a problem with the amount of money that the board of education is spending on legal fees. This problem has not arisen over-night. When the board originally hired the current attorney at \$18,500, which was supposed to save the board \$3,500 from what it had paid the previous year, until the 1984-85 contract year when the board paid \$95,228 50, there has been a steep, steady increase in legal expenses.

As a matter of fact in the spring of 1983, which was the last time that I was able to vote on the attorney's con-tract. I voted no and gave as my reason the ever increasing legal ex-penses. It is indeed strange that you neglected to mention that vote. But I think that there is little to be gained by rehashing who voted for what. The point is that the legal ex-penses of the Belleville Board of Education have gotten out of control. The board can take some interim measures to keep legal expenses down. down

This allows the money that is budgeted for our children's education to be spent on their education and not on legal fees. Tom Sultance

Shapiro's statements attacked

To the editor:

To the editor: We should take all election cam-paign statements and promises with a grain of sall, no matter from which corner they come, but Mr. Peter Shapiro's are something else. For ex-ample, take the colossal lie that our county taxes have gone down during the seven years of his administration, which in that light should be classified as mismanaement.

the seven years of his administration, which in that light should be classified as mismanagement. Another classic example of Shapiro's (mis)management was early in his career when he put that booth (long since gone) on the subway park-ing lot opposite Stephen Crane Village, complete with an attendant to rake in the loot, advertised at 353 primonth. From the day he put the booth up, the lot was devoid of cars. He now promises, as governor, to eliminate 50 percent of our massive toxic waster in the state or the will solum-tarily take a powder after four years. suits. But wait...he will do more! As governor, he will force the insurance companies to reduce our automobile insurance premiums, which are the highest in the nation, by 25 percent. If

they don't, he will order them to peddle their policies elsewhere. If he could do that, we can also save all that money we are currently shelling out for do that, we can also save an theorem oney we are currently shelling out for an insurance commissioner and her department. Obviously, Peter is still somewhat wet behind the ears, but could he bes on naive as to believe he could do that? Surely he knows that only we, the citizens, who exercise our privilege to vote can accomplish that. And the only way we can do it is by purging our Legislature of those lawyers, denying us, in spite of our pleading for relief, the benefit of meaningful automobile insurance reform, including the "verbat threshold."

might be some hope of Belleville's tying into that system...let's hope so. With the portent of the state's funding of the increased teacher salaries for only three years, tax increases throughout the state inevitably will increase unless ratables are added to the tax rol-ls..those on fixed incomes will suffer from the impact. The prospect of a new municipal building on Washington Avenue looms as a bright movement for a revitalized business section that will spark intensified activity and commercial growth...a needed advancement.

Historical Society seeks donations

The Belleville Historical Society is looking for people to make donations to the group to help pay for a book that the society is writing about Bellevil-le's history.

The book will go back to the 1600s to date.

All checks can be made out to the Belleville Historical Society, c/o Kevin Kennedy, P.O. Box 192, Belleville, N.J. 07109.

Anyone who has old stories or pictures on Belleville before the 1900s can mail them to the above address.

To the editor: One of the things that is refreshing to see today is a candidate running a positive campaign on his or her own record. In Assemblyman Steve Adubato, we have such a candidate. Steve Adubato is a legislator with a sparkling environmental record and this being so, he campaigns on that record. He holds a leadership position on the Assembly Environment Com-mittee and was recently rated number one by the League of Conservation Voters. A bill sponsored by As-semblymar Steve Adubato, would triple the State's Spill Fund (New Jersey's superfund) making chemical and petroleum companies pay for toxic waste clean ups was introduced last week.

week. A companion bill for a schedule for cleaning New Jersey toxic waste sites and a bill to determine what is an ac-ceptable clean up action by NJ Department ci Environmental Protection (DEP) is also being drafted.

Adubato, the vice chairman drafted. Adubato, the vice chairman of the Assembly's Agriculture and Environment Committee, said the legislation will "double the tax chemical and petroleum companies pay into the Spill Fund and will also increase the number of chemicals that are taxable for this purpose." Adubato continued, "The se-cond bill that I am drafting is

probably more important than the funding measure because it the funding measure because it gives the Spill Fund teeth. If we increase the Spill fund and then gives the Spill Fund teeth. If we increase the Spill fund teeth, if we deep their own schedules of what clean up should occur when, there we are asking DEP to con-duct 'business as usual.' However, if we mandate that a minimum number of clean up actions must take place, then we are leaving nothing to chance." The important factor in the increase of the Spill Fund is that the public will not be paying for fair share' to clean up toxic waste sites." said Adubato. "This also gives the state more ability to deal with toxic waste clean ups and decreases the Suff and a sufficient of the source of the waste clean ups and decreases the State's dependence on super-fund which is currently a victim of the politics of Washington." Adubto said.

yards. The 'Bear' was a team player from the word go. After his outstanding football season, he directed his efforts to baseball. What he did in the 198; season was nothing short of marzing. He would hit 10 home runs, drive in over 50° runs and hit .560. In one game, he hit two grand slam homers. Greater Newark Tourney In 1981, the Buccaneer baseball team made a run toward the prestigous Greater Newark Tournament. In the second round, the team glayed Columbia and at first plance, it ap-peared the teams quest for the GNT was hopeless. Columbia scored eight times off ace Anthony Coce in the first inning, tut Belleville had ideas of a comeback. In the bottom of the first, Fazzini cracked a towering homerun to start the com-eback trail for Belleville. When it was over, Belleville had allied for a 15-9 victory and would go on to the championship. defeating Glen Ridge two weeks later. Injuries in Senior Year Infortunately, injuries stepped in the way. In football, Fazzini started the year with a pulled stomach muscle, an in-jury that would have kept some players out for most of the season Fazzini neurer missed a game. The senior rushed by a prained ankle late in the season hampered him, but so fazies and tailed over 1.000 all purpose yards. By the time spring came around, the injuries were behind By the time spring came around, the injuries were behind him and Fazzini seemed primed for a big baseball season. However, in the fifth game, he pulled a hamstring while runn-ing out a hit. Since he had been moved to the catching position in his senior year, the injury took longer to heal. It wasn't un-til mid-May when Fazzini finally became healthy again. He finished with a fine season, earning all state honors. Fazzini decided on Florid's State University to continue his cacdemic and athletic czreer. What people might forget about Frank is that he was an outstanding student, ranking in the top ten percent of his class. Belleville Coaches and College Career Next week, we'll continue our look at this remarkable athlet. I'll tak to some of the coaches who molded Fazzini's high school career and look back at some of his outstanding college acheivements.

Anthony Pravata, who has been hampered by a knee injury this season, should be ready for the Bloomfield game. The 12 points by Belleville is the most since the seventh game of the 1984 season, a 19-7 win at Kennedy, a game that saw four Belleville starters go down with injuries. Senesky cited the fine play of John Magi, Dave Long, Donald Washington, Nick Cardillo and Joe Coviello.

The varsity squad is un-defeated at 3-0, while the junior varsity squad is 2-1. The midget -0-1

Only Bloomfield managed to blemish Belleville's record as

the Junior Bucs swept Clifton-National and Nutley. The jayvee "B" squad of the Junior Bucs is playing well with a 2-1. mark.

The Junior Bucs' varsity and ine Junior Bucs Varsity and jayvee teams will play at Nutley on Thursday, Oct. 17. The midget team will play the Clifton-American team in Kearny on Saturday, Oct. 19.

Winners Twice Over - Pat Agoglia, standing, of Roselle Park and Frank Albano of Verona, both members of the De Bacco Brothers of Belleville softball team, congratulate each other on their team's vic-tory in the mei's softball tournament held recently to benefit the Morris County Adaptive Recreational Program. The program, McARP, is sponsored by the Association for Retarded Citizens, Mor-ris Unit and 25 Morris County municipalities.

Cross country squad loses to rival Nutley, 26-29

The Belleville cross country team lost two tough matches last week, the most trying a 26-29 loss to arch rival Nutley. The boys, now 1-3, will try and get things together this week. The Buces battled Kennedy at home on Tuesday and will host Clifton this afternoon. On Saturday, the team travels to Ocean County Park to take part in an invitational. Next Tuesday are the NNJIL championships at Carrett Mountain. Against Nutley, John Tosato's team ran well, but lost a heartbreaker.

Against Nuttey, John Tosato's team ran well, but lost a heartbreaker. "It has become quite a rivalry." said Tosato. "Last spr-ing, we lost to Nutley in track by seven points. Now, we lose by three points in cross country. It was a good race, but a touch one for our gays to lose." Craig Burden, who has ran very well this season, was the first Buc across the line, placing second overall in a time of 17:09. It was his best performance of the young season. Nick Compliano has been running very well He took fourth place with a time of 17:31. Leon Puentes, a sophomore, finished

sixth at 18:09. John Zurlo was seventh in 18:23 and Greg Moriello placed tenth in 18:28. Joyce Loungo led the girls, taking third in 22:39. Freshman Denise Ives placed seventh in a time of 24:27. Against West Essex, the boys lost, 19-36. Burden led the Bel-leville cause, taking third overall in a showing of 17:43. Complitano was sixth in 18:23. Zurlo finished eighth. Puentes, ninth and Moriello, tenth.

ninth and Moriello, tenth. Loungo led the girls in a time of 22: 39, good for third place and lyes was eighth in 24:16. Last Saturday, at the Essex Catholic Invitational, run at Branch Brook Park, Burden placed 19th in a time of 17:14. Complitano placed 53rd with a time of 18:36. Loungo finished 18th in her varsity race, with a good time of 21:58. Ives finished 28th overall in 23:57. "Burden has been running Very well," said Tosato. "Nick's Complitano 1 times are also comig down. He is finishing ywith the overall performance of the entire team."

(Continued from page 13) in set number two. Playing an exciting brand of volleyball, the team rallied to upset Paramus, 16-14. The third set, however, saw Paramus rally back in the clos-ing stages and win, 15-8. "The kids had some mental breakdowns," Worley said. "It was a good experience, playing a solid team like that. Paramus is a very skilled team." "Against Cliffon, Worley was somewhat upset with her teams play."

Against Circler, northy the somewhat upset with here teams play. "This was a match we should have won. We played a poor third game. The kids did not do the job in the closing stages. We had them, big, in the final set, but let it get away. We reverted to a defensive game after grabb-ing a big lead." The teams split the first two sets. The Lady Mustangs won, 15-7 in the first, but Belleville came back with a solid 15-9 vic-tory in the second. In the third set, Belleville started quickly, taking an 11-2 lead. By all indications, the Wizards were on its way to vic-

tory number ten. Suddenly, Clifton began to come back. With the home-crowd cheering its comeback, Clifton rallied from nine down to a 15-12 victory, sending Bellevil-le home a little numb with loss number two. "We had a meeting at the school after that game." said Worley. "We made some adjust-ments in practice the following day. The kids knew what they did wrong. I really think we can be tough down the stretch if we do the things that got us this far."

Worley has been happy with the play of Sheri Phelps, Christine Melillo and Renee Peti

Christine Weinio and Renee Petineo. "Sheri has been hitting very well. Her play at the net, along with Chris has been very good. Also, Renee is playing very good defensively. Overall, the team is playing very well. We're looking forward to the rematch with Clifton (to be held November 1 at Belleville). That should be a good indication of how good we are."

Concern expressed about Gay Rights Bill

To the editor

I read with considerable interest recent articles con-cerning an Assembly bill (A-1721) which would give homosexuals and lesbians the right to teach in our schools

The disgrace of our legislators putting their names on such a piece of unnecessary legislation is beyond com-

such a piece of unnecessary legislation is beyond com-prehension. In note that one of our Assemblymen, Stephen Adubato, is a leading proponent of this bill and lurge all of us to write to him and urge him to withdraw the bill and withdraw his support. This has nothing to do with personal commitments to special interests, this has to do with our children. We do not need teachers with homosexual leanings to inflict their sick society on young, unprotected children in our schools.

If we do not make our voices heard over this terrible piece of legislation, we will regret it as we watch a future generation of young people try to grapple with a life culture that they do not need inflicted upon them. Michael Perrone

didates is a shame. Is this the best we can offer the people? Last night I watched a re-run of a debate between the Democrats and the Republicans of the 30th District. It was, as far as I am concerned, a revolting display of the Death Wish of the Republican Party. If these two Republican Party candidates represent the ammunition for which to defeat the incumbent sharples, then we in-deed, are in trouble. The intellectual level of the debate was set on a low level by Ms. Crecco and Mr. Kelly. Adubato raised the level of the debate to a higher level with his film flam, double speak and blinding beautiful imagery. Mr. For-tunato tried to present the innocent nice guy image by be-

To the editor: Tread about a bill that is in the New Jersey Assembly (A1721) that would give gays the right to teach in our worn's schools. I thought I was reading a California new-spaper. I was further shocked to note that one of my local elected officials, Stephen Adubato, is one of the sup-porters of this piece of garbage. We know that the governor of California vetoed similar legislation and I believe that every parent and concerned citizen in New Jersey should contact their elected officials and demand that this bill be burled and never be allowed to come out of committee. The devices are agitating and promoting immorality. This overdu⁻ for moral people to stand up for their con-victions. ...demming our legislators for not upholding denates your schools and find out what your local ficials and let them know how you feel about gays teaching your children. On Mon-days, Tuesdays and Wednesdays each week, a sumptuous selection of Chinese dishes is available. There are four appetizers and eight hot dishes, as well as fried rice and lo mein noodles, on the buffet. The luncheon special also comes with a choice of soup. On a recent visit, exotic dishes like baby shrimp with gariic sauce, hot and spicy chicken, chicken and broccoli, were on the buffet, as well as the standard oriental fare like pepper steak, egg rolls, and spareribs. If you have any room left, after sampling all that, there is also a dessert table (not often found at luncheon buffets!) It features two kinds of cake, and, of course, fortune cookies, on the day I visited. Service was very attentive at lunchtime — there are plenty of efficient waiters who keep refilling teapots, and clearing used plates. There is also a dinner buffet on the same days the luncheon buffet is served. On the other days, a regular menu is available for both lunch and dinner.
