Middle States committee evaluates Belleville High

By Michelle Jeannotte
The halls and classrooms have been painted and the curriculum guides rewritten. Now the time has come for Belleville High School to face the test as the Middle States Evaluation committee team looks at the ins and out of the school for three consecutive days.

The Middle States Evaluation committee members, all 24 of them, arrived at the Ramada Inn in Clifton and were the hosts at a welcoming banquet Tuesday night. The committee, led by

Louis W. Scott III, principal of Penncrest High School in Pennsylvania, is comprised of principals and supervisors from high schools in the Middle States area.

Each committee member will be observing a specific area of study which include art, business education, English, foreign language, home economics, industrial arts, mathematics, music, physical education, science, social studies, special education, learning media services and

guidance.

The committee members began observing the everyday activities of Belleville High School Wednesday and will continue doing so today and tomorrow. Each member is required to file a report with the chairman at the end of the three-day observance.

"They will be looking at every aspect of the high school," Joseph Ciccone, principal, said. "They will be looking at everything from when the bus arrives at school in the morning to when it leaves in the afternoon."

Ciccone said that the committee will observe each

The Time Has Come - Joseph Ciccone, principal of Belleville High School, left, discusses the Middle States Evaluation with Francene Kirsh, foreign language teacher, and George Zanfani, history teacher, a day before the Middle States Committee arrived at the school. The evaluation began Wednesday and will continue today and tomorrow.

BOE takes no action on school's future

The Belleville Board of Education reassured members of the audience Monday night that it has not made any definite plans on the future of the Middle School.

"This board of education has not gone into public discussion," Dr. Anthony D'Agostino, board president, said. "We are more less listening to people's concerns. The conditions are not the most pleasant, but we've been advised that the building is safe and there is no danger to the boys and girls at the middle school."

"We are still studying the situation," he added.

D'Agostino was responding to concern expressed by members of the audience about the cost of a new building and the burden the taxpayers of Belleville would have to bear as a result.

"You've dumped money into the school already," Ed Torti of Hornblower Avenue said. "I'd

like to see you build a new school bigger and better than the one we have for \$3.5 million? You can't do it today."

"People in this town can't afford something like this," he said, adding that the taxpayers of Belleville will soon be feeling the effects of a newly-approved bond issue for a new municipal complex.

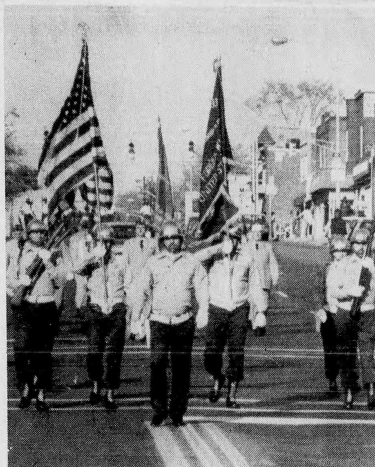

"To build a new building is not the right answer," Torti said.

D'Agostino said that the \$3.5 million figure discussed by the board at its meeting a few weeks ago was that given by Joseph Grande, supervisor of plant operations for the Belleville School System.

"We've toured the building first-hand," D'Agostino said. "We then received a report from Mr. Grande about cost figures of replacing the building and repairing it."

Haul-Away addresses township's concerns

By Kara Laczynski
Representatives from Belleville's garbage contractor, the Haul-Away Sanitation Company of Hoboken, addressed concerns of the board of commissioners over complaints received from citizens about service during a special meeting Tuesday night.

Joseph Cusgoza, president of Haul-Away, and his attorney, John J. Pribish, urged the commissioners to notify the company in the future of complaints as soon as possible.

"Unless you pick up a phone and tell me what the problem is, how am I supposed to correct it?" Cusgoza said.

Pribish noted that a daily complaint log is recorded by Haul-Away of complaints received through the Belleville Department of Health, under whose jurisdiction garbage collection falls.

Michael Pizzi, commissioner of that department, said that the meeting was called "to satisfy and clarify some points with the commissioners."

"I am very satisfied with the job that Haul-Away is doing," he added. "No company is perfect, but they respond quickly when they receive a complaint."

Shooting classified as a murder-suicide

Police have classified the shootings of Lyda and Edwin Ehler as a murder-suicide following an autopsy of Mr. Ehler performed by the Essex County Medical Examiner's Office.

Edwin Ehler died Sunday at 11:10 p.m. of two gunshot wounds to the head suffered at a

shooting at his 231 Joramelon St. home Nov. 4 at 12:30 p.m.

"We had to be sure that he could have shot himself twice," Belleville Chief of Police George Lister said. "In the examiner's determination, Ehler did in fact inflict those wounds on himself."

Crowded Crew House - Plans are in the works to expand the Kearny-Belleville-Nutley crew house which has become too overcrowded in the past few years. The crew house is located on the Kearny side of the Passaic River.

Boards of education continue plans for crew house expansion

The Kearny, Belleville and Nutley boards of education are continuing their plans for an extension of the towns' combined crew house located on the Kearny side of the Passaic River.

The three present boards of education have been discussing plans for the expansion of the crew house for more than a year, according to Edward Appleton, school board secretary/business administrator. The expansion of the facility would make room for a storage area capable of housing crew shells, he said.

At a board meeting conducted in late October, Appleton read a request to the board from Ralph Borgess, business administrator for the Kearny Board of Education, concerning the solicitation of bids for the

project.

As of that time, preliminary plans for the extension had been prepared by the architectural firm of Becker, Bendicksen, Murphy and Herbst, but the project stalled at that point, Appleton said. The Kearny Board of Education made the request in order to determine the exact cost of the project.

The only estimates discussed by the three boards were informal figures in the range of \$65,000. However, Appleton said, that figure has dropped down somewhere between \$50-\$58,000. These figures, however, are based only on preliminary plans, he added.

The cost of the extension is the main reason the boards have not committed themselves, he said, adding that the boards have discussed splitting the figure

three ways. Once the boards have a firm figure of the cost, they can decide whether to go ahead with the project.

According to Gabe Nazzola, school board member, the present facility has become too overcrowded and presents a safety hazard to the members of the crew team.

The facility consists of a large shower room that has become useless, lockers and a garage which stores the crew shells. The garage, according to Nazzola, is capable of storing only eight shells, four stacked on top of each other on each side. However, extensions were installed and the garage now stores 16 shells.

"You can't even walk straight through the garage,"

H & R Block offers help with late returns

By Bert Tobia
H & R Block District Manager
Deceit of a recently passed New York state tax amnesty program, many people who owe state taxes or have overdue state tax returns are seeking H & R Block's help to settle their tax bill without fear of penalty or prosecution.
"Usually there's a reason why someone hasn't filed their state returns, such as they didn't have the time or money or they didn't know how to go about filing," H & R Block District Manager Bert Tobia said. "And that's why people come to us when something like this amnesty program happens, because part of our business is helping people sort out their tax problems and suggest solutions."
The state tax amnesty program will be available for those state taxpayers who are late in payment, have violated a tax law, or have never filed their state

returns. However, this program is only available through Jan. 31, 1986.
In order to take advantage of this program, eligible taxpayers must complete tax returns for the years in which taxes were not paid and apply for amnesty on a special form. This form plus the tax returns for the years involved must be sent to the state department of revenue with payment.
The amnesty program is for New York state taxes only, it does not include federal taxes. Also, anyone who is being prosecuted for violation of tax laws or has a tax-related case pending court date will not be eligible for amnesty.
H & R Block staff members are available to answer any questions people may have about the state amnesty program. For more information, call 365-0111 (Clifton), or 624-6712 (Newark).

DiRuggiero completes management program

Commissioner of Public Safety Ralph J. DiRuggiero recently completed an executive management program at Harvard University's Kennedy School of Government.
DiRuggiero, who attended the three-week course in his capacity as Essex County's Assistant County Administrator for General Services, was one of 120 elected and appointed officials

from across the nation who took part in the course. Among notable participants in the program were Mayor Gus Newport of Berkeley, Calif; Niel Berlin, city manager of Iowa City; Camden County Administrator Sigi Dahms; Sen. Dennis Gallagher of Colorado; Fire Chief Bill Petersen of Plano, Texas; and Deputy Commissioner of Public Safety, Bob Cunningham of Massachusetts.

The course provided intensive training in practical aspects of management and offered DiRuggiero an opportunity to exchange views on policy and management methods with colleagues facing similar challenges in state and local government.

The Schuman Foundation of Montclair paid the cost of DiRuggiero's tuition and accommodations.
DiRuggiero is one of several Essex officials who have completed the Harvard course. County Executive Peter Shapiro was the first to attend in 1979.

SORE THROAT MEDICATIONS

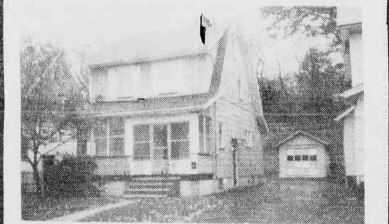

Sore throats are a symptom of many different illnesses such as flu, strep throat, viral pharyngitis and infectious mononucleosis. Most often, the pain from a sore throat is mild. It is more of a nuisance than a real danger to the person who is ill. This kind of sore throat often can be aided by over-the-counter products such as aspirin and lozenges. It must be emphasized, however, that these treatments are designed to provide relief from the symptoms, that is, the pain. They do not constitute the definitive care that is needed should one have a bacterial infection such as a strep throat. It is only a doctor who can prescribe the antibiotics needed to treat strep throat.

When your doctor prescribes that antibiotic bring the prescription to ROS-SHORE PHARMACY, 238 Washington Ave., 759-1956, 759-1988. Walkers, wheel chairs, crutches, canes and other convalescent aids are sold and rented. We have greeting cards and Russell Stover candy for Thanksgiving and stock cameras and film. teacher, all 133 of them, twice during their three-day stay at Belleville High. They will also be reviewing student activities and talking with members of the Student Government Organization and students at random.

"They will be talking to students to see what they like or don't like about the school," Ciccone said. "They will even be looking into the food services, the plant operation and the transportation of students."

"It's like show and tell time," he added. "Every school goes through this, but it's a chance to have non-biased outsiders come into our school and tell us what we're doing right and what needs to be improved."

At the end of the three days, the chairman will speak to the faculty and administrators to informally discuss the reports filed by committee members. A formal report will be written and sent to the school a few months after the evaluation, Ciccone said.

The report will include a review of the overall status of the school as well as specifics such as the strengths and weaknesses, according to Ciccone. The Middle States Evaluation is conducted every 10 years and in that time, a school must maintain its status in order to be re-accredited.

Areas that are considered in need of improvement by the Middle States committee, such as classroom space (a problem faced at the high school), Belleville must show how that problem can be rectified, Ciccone said.

Ciccone said he sees no problem with the school receiving its accreditation. He added, however, that he would like to see some of the things that were begun as a result of the Middle States Evaluation to continue on their course.

He said the 182 curriculum guides created for the evaluation should be updated every five years or as needed to reflect the needs of the students. The guides, he said, had not been updated in quite a few years and as a result, created a difficult task to the staff members responsible for the revisions.

"We cannot stand still in this business," Ciccone said. "As society changes, so does education. These guides have to be updated whenever it is necessary, not just when you're preparing for a Middle States Evaluation."

Some of the things Ciccone would like to see at the high school in the not-so-distant future are more classrooms and a second gymnasium which would be used to provide better athletic and physical education programs for the students.

The main purpose of the extension, Nazziola said, is to alleviate the safety hazard.

CMHS trustees honor Rev. Rollin Shaffer

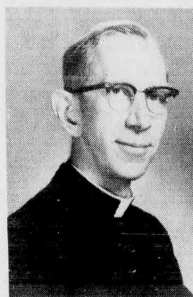

The Board of Trustees of Community Mental Health Services for Belleville, Bloomfield and Nutley recently honored the Rev. Rollin G. Shaffer for his 15 years of service to the agency as a member of its board.

As president of the board from 1964 to 1966 and again from 1981 to 1983, Rev. Shaffer provided dedicated leadership during two very different periods of the agency's history.

During his first term, the agency was known as the North Essex Child Guidance Clinic and its focus was on helping children and their families who were experiencing emotional problems.

By 1981, when Rev. Shaffer entered his second term as president, Community Mental Health Services had become a full service agency comprised of five programs addressing a broad range of mental health needs in three communities.

A resident of Nutley for many years, Rev. Shaffer served the Lutheran Church in a variety of capacities before retiring in 1981. Early in his career he served congregations in Manassquan, N.J., and Shamokin, Pa. For more than 30 years, Rev. Shaffer was associated with Lutheran World Ministries and was responsible for promoting their overseas relief and aid programs.

Election postmortem

On October 24th, we predicted Tom Kean would win over his major opponent by a margin of 2 - 1. Kean even did a little better than that — and in so doing, he carried all 21 counties and all 567 municipalities in the State of New Jersey except one — Roosevelt, N.J., a community of 500 people that Kean lost by 22 votes.

Clearly, Kean's win is a mandate for more of the same from Tom Kean.

The Democratic Assembly majority was lost in the process. Good and able Assemblypersons went down the drain.

Take the case of our 30th Legislative District. Assemblyman Buddy Fortunato, burdened with a criminal indictment, was able to astound many professionals by amassing a high vote for a losing candidate. Were it not for the indictment, Assemblyman Fortunato would have been re-elected. Fortunato can rest on his laurels. He served us well for eight years and deserved a better fate from the hands of a public that should have rewarded this fine public servant for a job well done.

Assemblyman Steve Aduato is another story. Here's a young man — on the go and on the grow. During his two-year tenure, young Steve made a number of errors. From the first day he was elected to office, Steve chose the fast lane — and never left it. When one chooses the fast lane, he is bound to make more mistakes because he doesn't free up time to think — which means, often Steve shot from the hip. As a legislator, Steve Aduato was full of kinetic energy. At times, he made pronouncements that lacked fact — or were misleading — mostly because Steve had the wrong information to start with.

Despite his shortcomings, Steve Aduato has been an aggressive, dedicated public servant in a hurry. Through his activity he made politicians sit up and take notice — even the public sat up and took notice. There was a new political figure on the horizon — and his name was Steve Aduato, Jr. There is a major flaw in his make-up — he lacks humility — and, maybe an election loss — from this point of view — may serve him better than a victory.

Sheriff Tom D'Alessio beat his Montclair opponent, but by a relatively small margin. The county organization let him down. In fact, the results show that part of the organization helped his opponent — especially in the City of Newark. Despite these internal obstacles, this popular public servant won handsomely in the face of a Kean landslide.

Perhaps, what overshadowed the monumental Kean victory, the loss of Fortunato and Aduato, the win by Sheriff D'Alessio, is the fact that the "black vote" has left the Democratic line in the City of Newark. This development bodes ill for the future of the Democrat party in Essex County — but it's good for a vibrant democracy.

John Kelly/Marion Crecco

To his everlasting credit, Assemblyman-elect John Kelly ran an excellent, professional campaign, developing issues and

striking hard at what he perceived to be his opponent's legislative record. Kelly basically ran against his opponent's record, plus emphasizing his own philosophy of government. Kelly ran the most aggressive campaign. It's clear that Marion Crecco went along for the ride. Mrs. Crecco avoided a direct attack upon either Aduato or Fortunato. She was content to run on a policy of generalizations, thus she would not gain the enmity of her opponent's supporters. The fact that Marion won may be evidence that her campaign plan worked. On the other hand, John Kelly won by twice the margin of Crecco.

We congratulate the winners, John Kelly and Marion Crecco. We believe they will do a very creditable job representing us in the New Jersey Assembly.

As for the losers, Fortunato and Aduato, they are too young to be written off. Based upon the information presently available, Fortunato should be found innocent by a fair jury. Should that event occur, Fortunato can make another run for the roses — and win handily. Aduato also has a promising future.

Peter Shapiro

By now the whole world knows that Peter Shapiro lost to Tom Kean in a landslide. However, the Essex County Executive cannot be written off as politically dead. No one could have beaten Tom Kean. In the circumstances, Peter Shapiro did the best he could. Despite the carping critics, Peter Shapiro ran a good campaign. Could he have run a better campaign? The answer is "Yes." He could have run an entirely different campaign. He could have compared the accomplishments of Kean with the accomplishments of former governors, and thus have Kean run against the records of his predecessors. Peter Shapiro's campaign strategy had Kean running against Kean — and there is no way anyone but Kean could have won that one.

As for the future, Peter Shapiro is very much alive. Able, ambitious, young — Shapiro has no problem maintaining a foothold in politics. The danger he faces is a consolidation of objectives by blacks in Essex County, as a result of which control of the Democrat party will be beyond Shapiro's influence. Should Shapiro run for County Executive again? He would be wise to pass it up. He lost Essex County as an incumbent County Executive by 65,000 votes. Would he have lost it by more if he was not the incumbent County Executive? We don't think so. But — whatever choice Peter makes — the decision as to whether or not he continues as County Executive may not be his to make — it may be in the hands of the black urban leaders who represent a majority of the Essex Democrat party today. They are entitled — deservedly so — to their day in the sun.

Residents are thanked for voting Republican

To the editor:

I would like to thank all the people in Belleville who went to the polls on Nov. 5, 1985 and gave Governor Kean, Assemblyman-Elect John V. Kelly and Assemblywoman-Elect Marion Crecco a well deserved vote from Belleville. It was you the people in town that make me proud to say I live in Belleville.

To all my friends who worked so hard, especially Angelo Risoli and Toni Marone, republican chairman and chairwoman, all I can say is a great job done.

But most of all to Assemblyman-

Elect John V. Kelly — sounds great, doesn't it, John? You do so much for the people of the 30th District and never get credit because it is never sought. But last Tuesday the people turned out to express their thanks all 30,000 plus.

As for former Assemblyman Aduato, you are 100 percent right when you said last week, "in a democracy not always the best candidate wins." Case in point was in 1983 when you won.

Thank you,
Kevin G. Kennedy

Stray animals need help before weather turns cold

To the editor:

Perhaps there is someone who has a solution for our problem:

Where I live, we have a new population of stray cats, plus two opossums, plus a racoon (that I have seen), maybe three or more.

After being told by the Board of Health to call the police who in turn would notify the Humane Society, I did so, at least 10 times. After the lack of any action, I spoke directly to the Humane Society, and was told about

pages.

I would have to rent one at \$35, and call them when I've caught an animal, etc. Well, if I am about to do this, I may as well work for them. I can't believe that they don't have a better system for helping these poor animals before the winter and snow comes.

Is there someone that is more humane?

A public acknowledgement by the Orechio Family

Our mother has answered her last call leaving behind for her children a dimension in life which has strengthened and sustained our spirit. We speak of the many among us to whom our family owes a great deal during the trying days and months of our mother's last days on earth.

Very special thanks to Dr. Francis E. Mann and Nurse Edwina Hatch for their compassion, kindness and patience in responding to our calls, regardless of the hour, whether it be day or night. Eternal gratitude to the Nutley Nursing Service's Noreen Haveron who made herself so available day and night — she was always there when we needed her. Her comfort, professional advice and sense of humor meant so much. Her contribution to the selection of our home care individuals provided us with the very best people.

Special thanks to:

Lucia Alinskas and Minnie Strickland who ministered with care, love and devotion. Their dedication to our mother was always a priority...many times taking double shifts without a thought to the personal sacrifice.

All our other home care personnel, Margaret Moses, Bertha Clark, Mary Hughes

First Aid Emergency and Rescue

Squad...who quickly and tenderly transported our mother to the hospital and who administered first aid at home on so many occasions.

Our relatives and friends who found time to visit when our mother was ill. Our special neighbors who contributed to the welfare and happiness of our mother throughout the years.

Mickey and Anthony Biondi of Biondi's Funeral Home into whose care we gave our mother...our heartfelt thanks for a magnificent and professional service well done.

Our local, county and state enforcement agencies who expertly controlled traffic flow at the funeral home and the funeral procession.

St. Mary's Pastor Timothy Horgan and his staff, Pastor Francis Blake and his associate from Holy Family Church, Father Gerard Walsh and Msgr. John Pettilo of Seton Hall University, who volunteered to participate in the funeral mass service. Special thanks to the choir members whose voices lifted our hearts.

All our friends and relatives who offered their condolences and spiritual support, the many flower contributions and mass offerings, and to all those friends who contributed to the First Aid Emergency and Rescue Squad.

Golden Comments

By James R. Golden

The unprecedented Republican sweep which resulted in the reelection of Gov. Tom Kean, the first elected governor in the state's history to carry all 21 counties, and the first Republican governor since former Gov. Driscoll's re-election in 1949, 36 years ago, to succeed himself in the governor's chair produced a coattailing effect that wiped out the Democratic control of the House of Assembly which ends Assembly Speaker Karcher's reign as speaker. He will probably be replaced by present Minority Leader, Hartwick, a Republican.

Many moons have passed since the Republican banner floated majestically from the top mast position in the Belleville political firmament. Not since the days of Tom Berry and Jesse Salmon going way back, nor the Clean Government era of Bill Orchard's Wallace and Tiernan influence that sent Elwood Russell to the Assembly, while Fred Hartley was our Congressman and town hall belonged to Bill Williams, Joe King and Lew Noll, all Republicans, and George Becker ruled the roost as county chairman...have the Republican candidates emerged victorious by such commanding pluralities?

While there is little doubt that Gov. Kean's popularity played a significant role in the election outcome, which immediately projects him as a potential national figure in the political spectrum, it cannot be denied that the intensified campaigning activity of the local Republican leaders and their cohorts Angelo Risoli, town chairman, Toni Marone, district leader and Kevin Kennedy, Kelly and Crecco coordinator, and the candidates themselves launched an aggressive, no-holds-barred campaign that rang doorbells and filled the mails with literature which had a telling effect upon the victory.

President Ronald Reagan's visit to Bloomfield certainly had a beneficial influence upon many voters of the 30th District in enhancing their support of both John Kelly and Marion Crecco whose husband John is a Bloomfield Councilman; likewise, Gov. Kean's trip to Belleville at the time of the toxic waste problem in the Belleville Valley section focused attention upon John Kelly whom the Governor so strongly supported in his bid to wrest control of the Assembly from the Democratic incumbents.

The Democrats were consigned by the re-election, on a county basis, of Sheriff Tom D'Alessio, who is also Nutley's Democratic Party chairman, and County Clerk Nick Caputo; however, in Nutley, Sam Angelo, a Nutley resident who has little visibility during the campaign, clearly won on Kean's coattails by out-polling Caputo there, 4379 - 3658.

Despite the substantial plurality vote garnered by the winners, it is apparent that the glitz and shimmer of Gov. Kean's appeal had brushed off upon the candidates of his party in much the same manner as those of the Presidents in last year's national election.

The quality and talents of the defeated incumbents cannot be challenged; they had served with distinction, concern and demonstrated helpful aid and assistance to people and governing officials of the communities of the 30th District.

Both Buddy Fortunato and Steve Aduato are young men possessive of a wealth of political acumen and legislative experience, supported by legions of faithful followers...two years is a short time cycle for politicians. Senate President Carmen Orechio said Republican control of the Assembly was not in the best interest of the public. He stated, "We had a better balance with two houses under the Democrats' control with a Republican governor."

Essex County Democratic Chairman Ray Durkin evaluated the outcome as "...a popularity vote for Tom Kean" while Nutley Republican Town Chairman James Piro said it would be premature to write off the political futures of the losers.

Gates of Praise

By the Rev. Gerald Fortunato
Silver Lake Baptist Church

How important it is for each of us to know the way into God's presence! How do we come into His courts? The psalmist points out the way that God has ordained: We enter His gates with thanksgiving. His courts with praise. It is only as we come to God with thanksgiving and with praise that we have access into His presence.

The prophet Isaiah likens the presence of God among His people to a city, concerning which he says: "You will call your walls Salvation and your gates Praise" (Isa. 60:18). The only way through those walls of Salvation is by the gates of Praise. Unless we learn to approach God with praise, we have no access into His presence.

Confronted with this requirement, we are sometimes tempted to look around us at our situation and ask: "But what do I have to thank God for? What do I have to praise Him for? There may be nothing in our immediate circumstances that appears to give us cause to thank or praise God.

It is just here that the psalmist comes to our help. He gives us three reasons to thank and praise that are not affected

by our circumstances: first, the Lord is good; second, His love endures forever, third, His faithfulness continues through all generations.

All three are eternal, unchanging facts. If we truly believe them, then we have no alternative but to praise God for them — continually!

Count your blessings instead of your crosses;

Count your gains instead of your losses;
Count your joys instead of your woes;
Count your friends instead of your foes;
Count your smiles instead of your tears;
Count your courage instead of your fears;

Count your full years instead of your lean;

Count your kind deeds instead of your mean;

Count your health instead of your wealth;

Count on God instead of yourself.

C. Parisio competes in Miss Teen Pageant

By Kara Laczynski

Christina Parisio has gotten a taste of the limelight, and she now she wants the whole show.

The 15-year-old Belleville High School freshman was among more than 150 competitors in this year's Miss Teen New Jersey Pageant held on Sept. 22, and though she did not receive a crown, she came out a winner to herself and her family. "I was nervous when I walked out on the stage, but it got easier," she said in her Belleville Avenue apartment which she shares with her mother Carol.

"The hardest part was talking in front of all those people," she said. "I thought that 10 words would come out of my mouth, but when it was my turn to speak, I did fine."

All contestants were required

to recite a poem of their choice. Parisio picked the poem "Water" by the English romantic Samuel Taylor Coleridge for its relevance to New Jersey's water crisis.

Parisio, an only child accustomed to attention, aspires to either the acting or modeling profession. A fan of the CBS daytime drama, The Young and the Restless, she would like to act in a soap opera.

She just graduated last month from the Barbizon Modeling School and already lists one professional modeling job on her resume, having modeled hair and furs at a show last May.

She plans to try the Miss Teen contest again next year, and this time she plans to win.

"Someone might discover me out there in the audience," she said. "You never know."

Miss Teen Contestant - Belleville High School freshman Christina Parisio, standing in front of the school's alma mater, was among 150 participants who competed in the Miss Teen New Jersey Pageant this September.

Italian heritage contest winners are announced

The Belleville Public Library, along with the Belleville Italian-American Civic Association, has announced the winners of its first townshipwide "Italian Heritage Biography Contest."

Winners will be awarded their prizes, donated by the Italian-American Civic Association, at a reception Tuesday, Nov. 19, 7:30 p.m., at the library, 221 Washington Ave.

Contestants were divided into two categories: Category I for grades 7-9 and Category II for grades 10-12. The winners are as follows:

Category I: first prize, Kimberly Fraume, grade 8; second prize, Joey Viscido, grade 8; third prize, Subodh Lal, grade 8; and honorable mentions, Mark Nakashian, Chantel Hughes, Sue Aufiero and David Aufiero, grade 8.

Category II: first prize, Veronica Valvano, grade 11; second prize, Jennifer Zarra, grade 10; third prize, Lenore Chieffo, grade 12; and honorable mentions, Antonia Zangari, grade 10, Eric Nizziola, grade 11, and Laura Messio, Carol Zucker and Robert DiGiori, grade 12.

Library extends hours for Children's Room

The Belleville Public Library has extended hours for the James J. Cozzarelli Jr. Children's Room.

The new hours, which begin this week, are: Monday, Tuesday and Thursday, 9 a.m. - 6 p.m.; and Friday and Saturday, 9 a.m. - 5 p.m.

The extended hours will provide a greater convenience for working parents and school-age youngsters with assignments requiring in-library research, Alice Norris Cronin, children's librarian, said.

Hair Tips By JE-DOMS For Hair

TAKE CONTROL

Okay, so your day isn't complete unless your hair is doing what you want it to do, but you just need something more, something that lets your hair move, make it more manageable so that it looks simply great! Who not try accenting your hair with a "spot perm." It will give you complete control of your hair, so that extra time you always looked for can be yours, instead of spending hours trying to get your hair picture perfect. Be daring this holiday season - season your looks with accent perms. Who knows it may even put you on top!

John Bruno oversees company which tests drugs for efficiency

By Kara Laczynski

Nutley native John Bruno is into drugs.

As president of the pharmaceutical company Pragma Bio-Tech of Bloomfield, Bruno oversees a \$3 million a year business which tests drugs for safety and efficiency before they are approved for sale to the public.

"We're one of only 10 testing firms in the business, and I think that soon we'll be one of the giants in the field," he said.

Such optimism is typical of the Bruno philosophy. Born in Nutley to a humble but loving family, he started out writing for Democratic gubernatorial candidate Robert Meyner in 1968. After Meyner lost to his Republican opponent William Cahill, Bruno decided to strike

out on his own with a public relations firm, Bruno Associates.

"It was a hard struggle in the beginning - early days," Bruno remembers. "I didn't have any contacts, so I had to prove myself to make a name for myself."

Hard work paid off for Bruno, for he parlayed personal charm, business savvy and long hours into the largest public relations funding firm in the state. The City of Newark, Alfacell Corporation and Pragma-Biotec are just a few of the giants which depend on Bruno Associates for their public image and corporate advice.

In fact, Bruno became president of Pragma Bio-Tech after successfully managing the company's bid to go public in April.

It sold 2 million shares of \$1 a share stock on the first day of the offering.

But Bruno's dynamic personality is not geared solely towards business. Never forgetting his political beginnings, Bruno remains active in both major parties. He has served as president of the American Cancer Society, is a member of the Veterans of Foreign Wars and is a communicant at St. Mary's Church in Rutherford. With his wife Ann Bruno, he has traveled extensively, finding Hong Kong his favorite foreign location because "The people are so friendly."

It takes one to know one. John Bruno is living testament to a new adage - Nice guys finish first.

DENTALLY SPEAKING
By Drs. James D. Muglia and Paul N. De Maio

Mrs. B. of Nutley asks, "My 2 year old daughter sucks her thumb. What can we do to stop her?"

At 2 years of age Mrs. B. I wouldn't be too concerned. She could be using her thumb as a pacifier or exploring her mouth as baby teeth are still coming in. I would simply show her what she looks like in a mirror or imitate her to show her that sucking her thumb doesn't look good. Hopefully, the gentle suggestion will lead to her stopping before age 4 or 5.

Beyond that point sucking her thumb would cause the permanent teeth to come in "BUCK" and require orthodontists assistance.

Good Luck, Mrs. B. and if these limiting methods do not help she may need some reinforcement from your Dentist.

Melanie Bonacorsa wins essay contest sponsored by Benedetto Croce Society

(Melanie Bonacorsa, a 7th grader at the Belleville Middle School, was selected first place winner for Belleville in an essay contest sponsored by the Benedetto Croce Educational Society. The Benedetto Croce Society, established in 1931, was organized to promote a greater awareness and appreciation of the Italian heritage and its contribution to civilization through the improvement of education. This year's theme was: "Christopher Columbus: Determination Equals Success." The text of Bonacorsa's essay follows:)

By Melanie Bonacorsa
Grade 7

Terra! Terra! The captain scurried up on the deck to see what all the commotion was about. Then, he saw it. Thousands and thousands of acres of land stretched out across the horizon. Trees and grass everywhere!

"I have found it! I found the western route to the Indies!" yelled the captain. Christopher Columbus smiled to himself. He knew he had been chosen by God to make a famous discovery and now he had succeeded.

Little did he know that hundreds of years later, he would be remembered as "The Discoverer of America."

Christopher Columbus was born in Genoa, Italy in 1451. He was the son of Dominico Colombo, a master weaver. Christopher began his father's trade, but soon was bored. He turned to the sea at the tender age of fourteen. As he grew older, Columbus believed that he was chosen by God to explore the earth and so he began intense research on how to reach the famous east. Columbus believed that the earth was round and that Asia would be reached by sailing westward. He was ready to begin his journey exploring the world.

Columbus spent the years 1484 until 1490 asking for support from dukes and kings. He was put down many times, but Columbus was determined to succeed, no matter how long it took. This was one of the greatest characteristics of Columbus. He never gave up. Finally, he turned to Spain for support. His proposal for the expedition was laughed at by everyone but the King and Queen of Spain. They thought the idea was amazing.

Thanks to King Ferdinand and Queen Isabella, Columbus was ready to sail on Friday, Aug. 3, 1492. The royal family had granted Columbus his wish of having a fleet of three

vessels named the "Nina," the "Pinta," and the "Marigallante," which was later renamed "Santa Maria."

During the long and hard voyage, there were many setbacks and the fleet almost turned back. Christopher Columbus, however, was a hard worker and convinced his crew members to go on. He was determined to find a way to reach the riches of India.

On Oct. 12, 1492, land was sighted from the "Pinta," and Columbus claimed the New World for Ferdinand and Isabella. He was convinced that great wealth was near because the natives were decorated with gold. Columbus did a lot of exploration and although he did not find gold he quickly realized that there was much wealth in the land itself. Economic wealth, slavery, tobacco and rich soil were all part of his discovery in the Americas.

Upon his arrival in Spain, he was given a hero's welcome and was granted money by the King to begin another expedition at once. Columbus continued to explore the new colonies. Even after becoming ill with arthritis, he journeyed on to the new lands. His strong will power and determination to succeed were two things that helped him in going on. In May of 1505, Columbus had to sail to Spain for help because of his physical condition. His health got worse and on May 20, 1506, Christopher Columbus died at the age of 55.

Christopher Columbus will always be admired for his strong will and desire for success. He should be looked upon as someone who set an example for others. We can learn from him by thinking about the things he did. He taught himself all about the sea, geography and navigation. He taught the King and Queen that when you believe in something and you know that it is right, you should go ahead and do it and not give up. He had great determination to do something famous and he succeeded.

Library hosts two authors this Saturday

The Belleville Public Library will present "Meet the Authors," a special Children's Book Week program, on Saturday, Nov. 16, from 10 a.m. - noon in the James J. Cozzarelli Jr. Children's Room.

Special guests will be Patricia Clapp and Eva Grant, well-known authors of children's books.

Patricia Clapp has written a variety of both fiction and non-fiction books for children, ages 8 through 14. Two of her books, which are available in the children's room, are "Jane-Emily," the haunting story of a young girl whose life is tormented by a mischievous, willful little girl spirit, and "King of the Dollhouse," an intriguing tale of a little girl who wakens to find her dollhouse inhabited by a tiny king, his mouse-riding queen and their 11 babies.

Eva Grant, an accomplished poet, has written a number of books for the beginning reader. Her book, "A Cow for Jaya," involves a young boy, Jaya, who always wanted his family to own a cow, an important thing for families in India. When Jaya's father finally acquires a cow, Jaya is not happy with Khubi, the cow, but she is with him.

For more information on "Meet the Authors," call Alice Cronin, children's librarian, at 759-9200.

Carmen A. Orechio Civic Assoc. presents AIDS program Nov. 20

The Carmen A. Orechio Civic Association will present a program about Acquired Immune Deficiency Syndrome Wednesday, Nov. 20, at the VFW Post on Washington Avenue, Nutley.

Dr. Ronald Altman, assistant commissioner of the New Jersey State Department of Health will be the guest speaker. A brief association business meeting will precede the program.

Dr. Altman is a well known expert in epidemiology, the science which studies how diseases spread. He is also a virologist, a scientist who studies viruses. AIDS is believed to be caused by a virus. Dr. Altman is the principal medical person from the State Department of Health, delegated the responsibility for coordinating the study of AIDS from a public health standpoint.

The talk will be presented in non scientific language suitable for understanding by persons without technical training. He will discuss the nature of the disease including its possible causes, effects and other public health aspects.

Dr. Altman holds both the Doctor of Medicine and Masters in Public Health Degrees from Columbia University College of Physicians and Surgeons. He has worked in the United States Public Health Service and is presently Assistant Commissioner, Division of Epidemiology and Disease Control of the New Jersey State Dept. of Health. His distinguished career, which includes

membership on the New Jersey State Commission on Cancer Research, spans more than 25 years and has resulted in more than 40 published articles.

An invitation is extended to the members of the Carmen A. Orechio Civic Association and to all interested members of the public, to attend both the short

business meeting and the program which will immediately follow.

"This is an opportunity to hear an expert on the subject of AIDS and participate in the question and answer period which will follow Dr. Altman's talk," said Kathy Trimarco, president of the association.

Belleville Times SPORTS

Buc Shots

By Michael Lamberti

Where are the football team's fans?

I pulled into the Belleville High School parking lot at 12:55 p.m. last Saturday for the Belleville-Kennedy football game. Kick off was set for 1:30 p.m. and looking onto the field, I could see the Belleville players warming up with stretching exercises and the Kennedy players just taking the field. There was nothing unusual about that, after all with 35 minutes before kickoff, things are a little laid back.

One thing that looked a little odd, however, was the stands. Other than a few spectators scattered throughout, the bleachers were empty. Well, at 12:55 p.m., that wasn't too unusual, although I remember plenty of games in the past in which the stands were starting to fill up one half hour before kickoff.

By 1:15 p.m., a few more fans had come in, hoping to see a Belleville victory and the end of a two game losing streak. The Bucs had lost 21-0 and 6-0 to Passaic and Clifton respectively heading into this game with Kennedy. This game marked the final home contest of the 1985 season. Belleville will conclude the year with games against Montclair (at Bloomfield) and at Nutley on Thanksgiving morning.

By 1:30, the players had taken the field. Kennedy's side was empty, but that's not too surprising. The Kennedy team has a very small squad this year, suggesting lower enrollment and maybe a lack of interest in a road game.

On the other side, the Belleville stands were also quite empty. Yes, there were fans at the game, many familiar faces who have cheered this team on during the good times and the not so good times. The 1985 season, for those used to playoff football at BHS, is one of those not so good times. The Bucs are 2-4 and playing another 2-4 team. Not too much interest in a game like that. However, there seems to be one slight misconception here. This is a high school football game. It's not a professional game at Giants Stadium between two also rans. For that matter, it's not a big time college football game between two clubs that are out of bowl competition.

No sir, this is a high school football game, for young men, ages 15-18, many of whom will not play college ball after graduation. And to see our stands so empty after vividly remembering all those packed houses from years past, is kind of sad. Thinking back, who can forget the Passaic-Belleville encounters of 1981, '82 and '84 at Municipal Stadium. People were lined around the fences. You couldn't find a gap in the bleachers, people were packed in like sardines. The Union playoff game of '82, was played before a tremendous crowd at Municipal Stadium. Once again, there were people as far as the eye could see.

Why is this team different?

Looking back on the big games of the past, and looking at the stands during the home games this season, one has to wonder where everyone went. Paul Anka once sang a song entitled "Times of your Life," a song that looked back on the "joys and the sorrow" and that starts out with, "and suddenly it's hard to find, the memory you've left behind, remember, do you remember, the times of your life."

This song seems rather appropriate, because you think back to the great seasons of 1979, '80, '82 and '84, the playoff years with all the big games and media hype. Then you come back to 1985 and see a group of hard working, dedicated young men who are struggling to find success. "The Memories are Times that you Borrow," was another key line to that Anka song. Memories are so precious. Talk to some of the players who competed for those big teams in the early '80's and they'll remember the huge crowds and enthusiastic support they received.

They will remember the huge throngs that went to the Meadowlands in '79 and '80, the bus that a group of fans rented in 1981 to travel to upstate New York to see the Bucs play Clarkstown North. That Clarkstown team was 2-4 that year, but had tremendous support from its fans. In 1981, Kearny came to Belleville for the final game of the season. The Bucs were 6-2, having just missed the playoffs. Kearny was 4-4, looking for a winning season. Belleville won the game, 28-19, and as the Kearny players left the field, its fans applauded them for a nice effort. The Marist fans cheered its players like they had won in 1980 after Belleville had breezed, 35-7 at Marist. It didn't matter if the team had won, or lost, they had tried.

Maybe some fans have become too accustomed to Belleville victories. Can't blame them, because Belleville has been a big winner from 1978-84. But I've got a question for you. What makes Dave Long, John Magi, Frank Montagna, Sean Mulcahey, Jay Marchese, Nick Cardillo, Joe Coviello, John Magi and Jeff Spillsbury, not to mention a host of other players, different from the heroes of years past? Just because this particular group did not go to the playoffs, or post a winning record, doesn't mean they don't deserve your support.

("Here comes the setting sun, the seasons are passing one by one") Time does go on and soon, these young men will graduate and look to make their marks on society. Having had the opportunity to know these young men of the 1985 Belleville football team, I have seen a group of men who stick together through thick and thin. They are class young men, just like those big teams of the 'winning' years. There is no difference between this team and previous teams. These players ARE winners, despite what the scoreboard has said on a few occasions this year. They are products of the Township of Belleville, a township that to me, seems to possess a great deal of pride.

In the Belleville lockerroom, there is a poster of bike racers and a saying underneath. It is quite appropriate for the Belleville Bucs, both past and present. "The thrill is not just in winning, but in the courage to join the race."

This Saturday, the Bucs will play in Foley Field, battling one of the states best, Montclair. The papers will say that Montclair is a huge favorite, and rightfully so. The Mounties are 7-0, ranked fifth in the state. The people who have been following Belleville football say that next year could be a

Record drops to 2-5

Kennedy defeats Bucs, 7-0

Suffering perhaps its most difficult defeat of the '85 season, the Belleville football team lost to Paterson Kennedy, 7-0 before a sparse Montclair Stadium crowd last Saturday.

The Bucs, now 2-5, will be in Foley Field, Bloomfield, to face powerful Montclair, starting at 1:30 p.m. The Mounties are playing its home games at Foley Field this year because its regular home site in Montclair is being renovated.

In Montclair, Belleville will face an awesome task. The Mounties are 7-0, having disposed of Nutley, 22-7 last Saturday. They are 5-0 in the conference and steam headed for a fourth straight showdown with Union for the championship of Group IV, Section II.

Head coach John Senesky could not mask his disappointment in this latest setback. The Bucs have been playing solid defensive football, but have not been able to register the points on the scoreboard. Of the Bucs five losses this season, four have come by the close tallies of 8-2, 3-0, 6-0 and 7-0. This loss marked the fourth time that Belleville has been shutout and the fifth game in which the Bucs have failed to score a touchdown.

"Inexperience in our offense, mistakes and youth have hurt us," Senesky said in regard to his offense. "Against Kennedy, I thought our offense played pretty well. It's just that we couldn't get the ball into the end zone. We had our chances."

The only score of the after-

noon came in the third quarter. Kennedy quarterback Freeman, one of the best passers in the league, hit wide receiver Bill Mims with a 37 yard pass to the Buccaneer eight yard line. Kennedy had taken possession at the Buc 45 after Belleville punter Dave Long had his kick blocked.

"It was a strange block," Senesky said of the kick. "It seemed a like a routine punt. The defender managed to get his arm on the ball and blocked it."

On the next play, Dave Parks

took a handoff from Freeman and ran the remaining eight yards for the first, and only, score of the contest. The conversion made the count, 7-0.

Following the score, the Buccaneer offense went to work. Starting from its own 48, Sean Mulcahey gained a yard and Lou Lucante three to the Kennedy 48. From there, quarterback Dan Senesky hit Long with a 15 yard strike to the 33. After Jay Marchese was hit for no gain, Senesky found Long again, this

time for 23 yards and a first and goal t the 10.

The drive began to slow down at that point. Mulcahey picked up three yards to the seven and Marchese two more for a third and goal from the five. Senesky's next pass was incomplete, setting up a fourth and goal. The Bucs tried an option pass, with Lucante firing a pass into the end zone, intended for Long. The ball just missed its

Block - With Nick Cerami and Dave Silletti blocking, Lou Lucante picks up valuable ground during the Kennedy game. Belleville was shut out for the fourth time this season and fell to 2-5.

Gymnastics squad defeats Kearny; finishes first winning season, 6-4

History was made on the bars and beams of Belleville High School last week as the Buccaneer gymnastics team defeated Kearny to finish the season with a 6-4 mark, the first winning season in team history.

The season is not entirely over, however. Two athletes, Kelli Glunk and Joell Veltre, will be competing in the state sectionals this Saturday, starting at noon, from Union High School. Veltre will com-

pete in the floor exercise and Glunk, who put together an incredible regular season, will concentrate on all four events, plus the all around competition. As you probably know, Glunk won the NJJL championship at Montclair two weeks ago.

"This was a big season for us," head coach Ray Iannuzzi said. "Having our first winning season is a tribute to the girls hard work. We had a young team this season, with many set to return next year. I'm sorry to see this season end, however."

Senior Jill Lillis competed in her final match against Kearny, taking a third place in the uneven parallel bars with a score of 5.1, and a second in the balance beam with a 6.2. Lillis gave four years of excellent service to the team and replacing someone of her talent and leadership qualities will be hard to do.

In defeating Kearny, 85-75,

64.55, Belleville used a balanced attack. The leader, of course, was Glunk, the junior gymnast who has compiled some outstanding performances this year.

Glunk took first place in all four events. Starting in the vaulting exercise, Glunk scored an 8.35. Kearny took second and third in the competition.

Belleville swept the uneven parallel bars with Glunk scoring 8.6, followed by Alise Davies, 5.7 and Lillis, 5.1.

Over to the balance beam, Belleville swept again, with Glunk first in 8.2, Lillis second with 6.3 and Veltre third at 6.25. Belleville wrapped up the victory by taking first and second in the floor exercise with Glunk and Veltre scoring 9.05 and 7.35 respectively.

"Kelli's performance on the floor exercise was excellent,"

Girls' volleyball team enters state tourney

Closing out an impressive regular season, the Belleville volleyball wizards breezed by Eastside, 15-9, 15-9 to boost its team record to 16-6.

Next to Grace Worley and crew is the state tourney. Belleville was slated for a first round contest that had to be completed by yesterday afternoon. If Belleville wins that contest, it will play a second round game early next week. Should it lose, then the 1985 campaign comes to a close.

"We ran some new offenses and tried some different looks," explained Worley about the Eastside sweep. "We tried some quick hits and some new sets. I tried Quynh Mai on the back line and used Trish (Tramulola) on some different sets. We figured we would defeat Eastside and

that's why we tried to use some different rotations."

Back in early September, Worley expressed optimism about the '85 campaign, but was very happy about her team's chances for the 1986 season. Based on the junior varsity performance this year, Worley certainly has reason to be optimistic.

The junior varsity team posted an 18-3 regular season mark. The girls did it with a very young team, one that should be a force on the varsity for years to come.

Leading the pack is junior Eileen Keicher. The setters in the 4-2 rotation are Kathy Eng, a freshman and Racquel Melson, a sophomore.

Soccer team ends season at 9-8-1

First of Three - Junior Keith Woods converts this penalty kick to tie the score in the first quarter of the Buc soccer team's match against Clifton. Wood scored a pair more to seal the victory and record the hat trick. The booters ended the regular season with a 9-8-1 mark.

Heavenly Striker - Angel Toledo, one of the league's most potent scorers, flakes out his opponent in the victory over Clifton last week.

Head Buccaneer - Head soccer coach Tony DeAquino looks on at the final game of the season against highly-rated Clifton.

Heads Up - Both Belleville and Clifton were up for the contest as the Bucs scored a 4-2 victory over the Mustangs at Clearman Field.

Girls' volleyball team enters state tournament

(Continued from page 15)
can run the offense well," said Worley. "I think they can be effective on the varsity next season, along with Elleen."

Worley is also happy with the play of sophomores Sandy Brew, Carolyn Giuffrida and Tina Miller. Giuffrida is blocking very well and is much more consistent in her hitting.

"Last year, I think Carolyn hit three balls over the net the entire season," Worley said. "This year, the improvement is remarkable. She has good height

and is a good athlete." Brew is a good offensive hitter and Miller has earned the label of good blocker. Freshman Cheri Vallesse has also shown good potential.

Unlike the varsity, which runs a 5-1 offense, the junior varsity is a 4-2 set up, which Worley feels is good.

"It gives the younger players a chance to learn different offenses and how to deal with them."

The varsity loses just two starters to graduation this year. Obviously, the girls of 1985 are looking to do well in the state tourney, following the lead of the 1984 team which made it to the semi finals.

Bandits play championship game Saturday

The Belleville Bandits of the Belleville Soccer Association will go for the gold this Saturday at Clearman Field when it plays Lyndhurst for the championship of Division 6. The Bandits, an undefeated team that has been stingy on defense, will look to wrap up a tremendous campaign with a victory over a very strong Lyndhurst club. Kickoff for this big game is set for 1:30 p.m.

Belleville Bucs lose to Kennedy, 7-0; face undefeated Mounties next Saturday

(Continued from page 15)
mark and Kennedy took over on downs.

Earlier in the game, Belleville made another good drive, but a fumble ended it on the Kennedy 17. The Bucs had started from the Kennedy 40 and moved steadily downfield behind the running of Frank Montagna, Lucante and Marchese. The drive went as far as the 17, but a fumble was recovered by the Knights, ending the rally.

In the first quarter, Belleville drove from its 30 behind the run-

ning of Mulcahey. The senior runner gained 22 yards in the drive and helped the Bucs to the Kennedy 46. At that point, quarterback Jeff Spillsbury hit Lucante with a 15 yard pass, which appeared to set up a first and 10 at the Kennedy 31. However, Lucante was hit hard in the lower back upon receiving the ball and fumbled. Kennedy recovered and snuffed another drive.

Late in the game, the Bucs tried one last drive, starting from its 35 and moving behind

the passing of Spillsbury. The sophomore quarterback hit Jaime Galioto for 12 yards and later, Long for 25. However, Kennedy's defense stiffened at its 17 and held Belleville on downs.

Senesky was very happy with the play of Anthony Pucciarello, Nick Cardillo and Joe Coviello on the defensive line. Senior Dave Silletti played a fine game at end and Long and junior John Magi were standouts at linebacker.

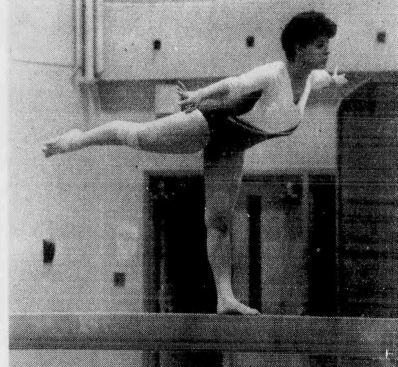

As for Montclair, the coach

does not have to be reminded of how good the Mounties are.

"They are a good, physical football team. They have the best defense in the league and our offense will have its work cut out. Their backs are strong and quick. They can overpower you in a number of ways."

Not the best remedy for the young Bucs, who are playing solid football, but just missing the mark.

NOTES: Belleville has had limited (to say the least) success with the Mounties in previous years. The rivalry was renewed in 1977, with a one year absence in 1981. During the past seven meetings, Montclair has won six, including last years 28-0 victory at Belleville. All the Montclair points came in the second half of last years game. The only Buc victory since '77 came at Municipal Stadium in 1980, a 7-6 victory in a driving rain storm. Other scores were 14-0 in 1977, 27-6 in '78, 14-7 in '79, 22-2 in '82 and 14-6 in '83, all in favor of Montclair. The Group IV, Section II playoffs appear to favor Montclair. Union, Elizabeth and East Orange. The Mounties are Union are 7-0, Elizabeth and E.O. are 6-1. Montclair and Union have played in the sectional finals from 1982-84, with Union winning the '82 and '84 battles. Montclair pulled an upset in '83, at Union. It looks like a good bet those two could see each other again this fall. Union was featured on TV-3 last weekend, playing Rahway. Needless to say, the Farmers won, 42-0. To say they are awesome could be an understatement.

Steady Now - Tina Charles, a member of the Belleville High School Gymnastics team, practices her routine on the balance beam during a practice session last week.

Cross country team finishes season; loses state sectionals to tough Eastside

The Belleville cross country team ended its 1985 season by bowing to Eastside and taking part in the sectional championships at Elizabethtown.

Next week, the Times will wrap up the '85 season for the harrish.

In facing Eastside, the Bucaniers went up against one of the best teams in the state. Eastside captured the conference championship and have been a force in state competition all season long.

"The kids were looking for good times," said head coach John Tosato. "The conditions were not too good on our home course because of the rain the day before the meet. We had to modify the course a little, which meant the race was a little shorter. Overall, we had some very good performances."

Eastside won the match, 15-47, with the Ghosts taking the first five positions. Nick Compitiano was the first Buc across, taking sixth place with a time of 16:52. Junior Craig Burden was the next Belleville runner across, in a time of 17:24. Leon Puentes, a sophomore, finished in 17:37. Sophomore Joyce Loungo ran her best time of the year in 20:48.

The NNJIL, Essex-Passaic division, of which Belleville is a member, boasted some fine cross country powers this year. In addition to Eastside, Montclair, Passaic and Kennedy all featured powerful teams.

In the state sectionals, a fast first mile set the pace for the championships.

"The top runners set a blistering pace in the first mile," said Tosato. "Our guys did a nice job staying up with them in the early going. Their first mile times were very good, a good indication that the boys are in good shape for the indoor season."

Burden was the first Buc across, in a time of 18:48, good first 51st place overall. His first mile was a fast 4:52. Compitiano was next in 18:58, followed by Greg Moriello, 19:44, Puentes, 19:52, John Zurlo, 19:53, Al Schweer, 21:20 and Bob Scheibel, 21:21.

The indoor season begins the day after Thanksgiving and

Tosato is hoping for a good turnout. The cross country team finished with a regular season

Aztecs defeat Cosmos, 3-2, to win season championship

In the Belleville Recreation Department soccer league, the Aztecs prevailed over the Cosmos, 3-2, and for the second year in a row won the regular season championship.

Chris Ricci scored two easy goals to put the Aztecs ahead but the Cosmos came roaring back. Joe Citarella scored early in the second half and with five minutes left in the game, Greg Groelling scored for the Cosmos, sending the game into overtime.

Chris Ricci scored early in overtime and secured the win for the Aztecs.

The Toros met the Spurs which was the surprise game of the day. Through the season the Spurs showed little scoring punch, but this day proved differently.

Brian Travers scored two early goals for the Toros but the Spurs didn't collapse. Rich Romano scored on a penalty kick and Thomas Popowich scored before the half for the Spurs to tie the game at 2-2. Travers scored again in the third period but Joe Romano scored late in the game

mark of 2-8, with improvement quite noticeable during the season.

for the Spurs sending the game into overtime. Travers scored twice in overtime to secure the victory for the Toros.

Frank Jablonski had a great game in goal while Anthony DiMeo picked up three assists for the Toros.

Cowboys & Jets post victories

In the Belleville Recreation Department's touch football league, the Cowboys defeated the Chiefs, 35-19.

Jeff Raibick scored two touchdowns and Dave Andrews and Robert Gauthier scored one each to lead the Cowboys to a 35-19 win.

Jimmy Napolitano, John Valli and Mike Mechler added extra points for the winners.

In other action, the Jets defeated the Giants, 41-0.

Jerry Turi scored two touchdowns and Ernie Zoppi scored one to lead the Jets in their victory.

Buc Shots

Where are the fans?

(Continued from page 15)

return to prominence for the Bucs. This is a very young team on the field this season and many of the players should benefit from the experience. There could be a lot of talent returning to the field next year.

Will the fans return next year if the Bucs return to 'winning' ways? Maybe. But to finish that Anka song, 'Collect the dreams you've dreamed today, remember, do you remember the times of your life?'

Buccaneers (2-5) defeated by Kennedy, 7-0

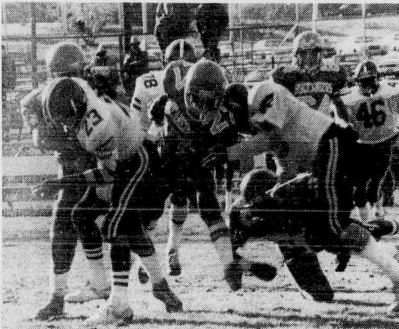

Sweep - Jeff Spillsbury (9) goes one way and Jay Marchese heads the other during the Kennedy game. John Magi attempts to block his man to give Marchese room to run.

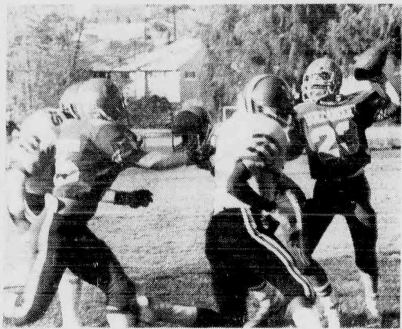

Short Gain - Jay Marchese is stopped for short yardage during the Kennedy game last week. The sophomore has shown tremendous ability this season and should be a big force next year.

Drop Back - Quarterback Dan Senesky takes the snap from center John Magi and drops back to pass. Senesky engineered one drive in the third quarter, moving the Bucs to the Kennedy seven, but it stalled there.

Heavy Traffic - Jay Marchese is sandwiched between two Kennedy tacklers during the second quarter. Marchese was a wanted man during the Kennedy game as he found the yardage tough to maneuver.

Option Pass - Halfback Lou Lucante attempts an option pass to Dave Long during last Saturday's game. Lucante's pass just missed Long in the end zone and Belleville just missed a victory, losing 7-0.

Photos by Michelle Jeannotte

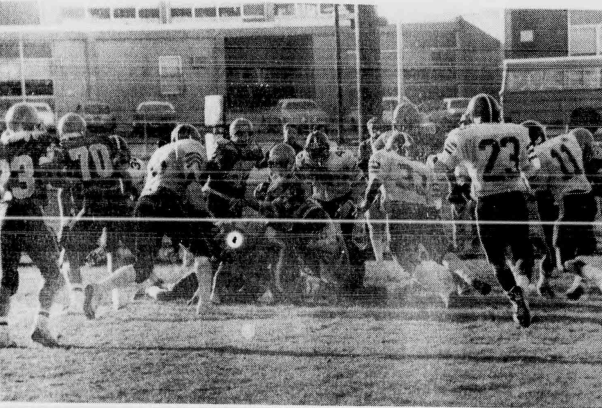

Clear Path - Lou Lucante seems to have open field ahead against Kennedy, but he was stopped short of the goal line on this run. Lucante has been very good out of the Buc backfield this season.

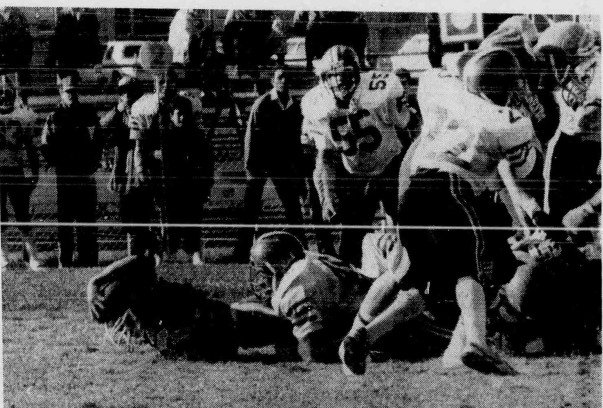

Stopped - Sean Mulcahey is stopped for a short gain during last Saturday's contest. The senior had a good day in the backfield for Belleville, but the team lost, 7-0 to Kennedy.

Catch and Run - Dave Long hauls in one of his four receptions during last Saturday's game with Kennedy. Long played another tremendous game for the Bucs.

Gang Tackled - Jay Marchese is surrounded by the Kennedy Knights and is hit for no gain. The Kennedy defense, which has been stingy all year long, blanked Belleville, 7-0 and boosted its record to 3-4.

First Down - Lou Lucante stretches for first down yardage in last week's game against Paterson Kennedy. The Bucs battled hard but lost, 7-0.

Belleville Library offers variety of book selections

Books listing sources of aid for education are available at the Belleville Public Library, 221 Washington Ave.

Some of the most important questions a student asks about college or any training after high school are: "How can I afford an education?" and "How can I pay for this training?"

Following is a list of books dealing with educational aid sources. The list includes:

- "The A's and B's of Academic Scholarships."
- "College Grants from Uncle Sam: Am I Eligible and For How Much?"
- "College Loans from Uncle Sam: The Borrower's Guide that Explains It All."
- "The College Money Handbook."
- "Don't Miss Out: The Ambitious Student's Guide to Scholarships and Loans."
- "Five Federal Financial Aid Programs, 1985-86."
- "The Grants Register."
- "Scholarships, Fellowships, Grants and Loans."

Dictionary covering a variety of topics are available at the Belleville Public Library, 221 Washington Ave.

A sampling of the books, which can be found in the reference department, are as follows:

A Dictionary for Accountants; Dictionary of Anthropology; Dictionary of Banking and Finance; The Dictionary of Composers and Their Music; A Dictionary of Computer Words; and Dictionary of Economics and Business.

Also, A Dictionary of Greek and Roman Mythology; The Dictionary of Initials; Dictionary of Insurance; Dictionary of Space Technology; and A Dictionary of Terms and Techniques in Archeology.

For a complete listing of dictionaries, consult the library's subject file.

The Belleville Public Library, 221 Washington Ave., offers its patrons a variety of books about the Statue of Liberty.

They include: "Bartholoid and the Statue of Liberty" by Willadene Prince; "In Search of Liberty: The Story of the Statue of Liberty and Ellis Island" by James Bell; "Statue of Liberty" by Charles Mercer; "Statue of Liberty: Ellis Island Centennial Committee Student Manual"; "The Statue of Liberty" by Marvin Trachtenberg; and "Statue of Liberty," cassette and filmstrip.

For information on these or any other selections, call the library at 759-9200.

"Facts for Citizens: A Guide to the New Jersey Department of Law and Public Safety" is available at the Belleville Public Library, 221 Washington Ave.

The guide, compiled by Rena Rotfield, special assistant to the attorney general, and edited by Thomas W. Cannon and Patricia C. Caldwell, is intended to acquaint the individual with those laws and services that have a frequent impact on one's life.

Included in the guide is information on the action line, advertising, amusement games control, bait registration, credit laws, door-to-door sales, drunk driving estates without heirs and many other topics.

To reserve a copy, call the circulation desk at 759-9200.

If you want to learn more about fishing, perhaps the following titles recently added to the Belleville Public Library's collection will help you.

The include: 1. "The Art of Freshwater Fishing" by Dick Sternberg; 2. "Baits, Rigs, and Tackle by Vic Dunaway; 3. "Fishing With Live Bait" by Dick Sternberg; 4. "Largemouth Bass" by Dn Oster; 5. "Panfish" by Dick Sternberg and Bill Ignizio; and 6. "The Saltwater Fisherman's Bible" by Erwin A. Bauer.

Fire Safety Tips

Portable heaters... a convenience or a killer?

When we think of portable heaters, we think of convenience and energy saving. What we should also be thinking about are fires and burns.

Heating fires are the second largest cause of home fires in this country and many are caused by portable heating devices. Many hospital emergency rooms and burn care units report thousands of serious burns yearly due to contact with portable heaters. Unfortunately, many of these burn victims are children who suffer pain and perhaps disfigurement as a result.

Follow these safety rules this winter:

- Use only those space heaters with safety devices that cut off automatically if tipped over.
- Purchase and use only those heaters with the UL (Underwriter Laboratories) label indicating that model has been tested for safety.
- Don't plug in any electric heater until you have checked the appliance cord for frayed or worn spots. If necessary, replace the heater or have an electrician repair the cord. Do not cover the cord with tape yourself. It's too risky.
- Keep all heaters away from drapes, papers, furniture and other flammable items.

- Never place heaters in doorways or other exits. Don't cut off your only means of escape.
- Avoid using extension cords with heaters. If you must, use a heavy duty type capable of handling the load. Too small a cord can start a fire.

- Do not place electric heaters near sinks, tubs, showers or other containers of water.
- Keep children and pets away from heaters.
- Turn heaters off when you go to bed or before you leave the house. It doesn't make sense to lose your possessions or your life to save energy.

- Don't try to heat an entire room with a portable heater. Focus the heat in the direction you need it.
- Use only 1K kerosene (clear like water) in kerosene heaters. Do not use yellow or contaminated kerosene. Fill outside. Never use gasoline, or any other flammable liquid in a kerosene heater. Provide ventilation when using.

For information on these or any other safety tips, contact Belleville Fire Prevention Officer, Capt. Andrew Depczek at 450-3374.

School 8 parent group sponsors roller skating party

Getting Ready - Students of School 8 get ready to go out on the rink at Roller Skating of America last Thursday. The event was sponsored by the School 8 Home and School Association. A drawing was held for a free birthday at the rink which was won by Kathy Campbell.

Taking a Break - Students of School 8 take a break during a skating party sponsored by the School 8 Home and School Association at Roller Skating of America last Thursday. The rink was closed to the public so that the students could have free reign of the rink.

Two Belleville residents were recently named to Fairleigh Dickinson University's honor societies.

Thomas McCormick has been named to the Phi Omega Epsilon honor society. Eligibility to Phi Omega Epsilon is established by completing at least 90 earned credits toward an undergraduate degree with a cumulative grade point average of 3.50 or better out of a possible 4.0.

Toniann Giordano has been named to Phi Zeta Kappa, Fairleigh Dickinson University's junior honor society. Eligibility is established by completing at least 60 credits toward an undergraduate degree, 44 of which must have been earned at Fairleigh, with a cumulative grade point average of 3.20 or better out of a possible 4.0.

McCormick and Giordano will be inducted at the university's annual spring ceremony.

John Joseph Guster of Belleville recently received a Bachelor of Science degree in business at Indiana University, Bloomington, Ind.

Robyn Lusnia of Belleville was graduated from The Berkeley School of Garret Mountain this fall.

Miss Lusnia, a graduate of Belleville High School, completed the Intensive Secretarial Program at Berkeley.

Commencement exercises were held at the Westmont Country Club in West Paterson.

Two Belleville residents were recently graduated from Kean College of New Jersey.

Jerry Crapis received a Bachelor of Science degree in marketing, while Janice R. Lieb received a Bachelor of Arts degree in elementary education.

College News

Angela Lisboa of Belleville has begun her secretarial career with attorney Paul J. McCurry. Kearny, following completion of her studies in the intensive secretarial program of The Berkeley School of Garret Mountain.

Miss Lisboa, the daughter of Mr. and Mrs. Jose Lisboa, is a graduate of Belleville High School.

Christine Trufelos of Belleville was recently graduated from The Katharine Gibbs School of Montclair.

Ms. Trufelos, the daughter of Mr. and Mrs. John Trufelos, completed the one-year

secretarial program. She is a graduate of Bloomfield Senior High School and attended Montclair State College.

The Katharine Gibbs School, one of a network of 11 private secretarial schools in the Boston-to-Washington corridor, has educated secretaries for more than 70 years and has established a worldwide reputation for excellence.

James J. Salmon of Belleville received a Certificate of Proficiency at commencement ceremonies at Mercer County College this spring.

Salmon received the certificate for successfully com-

pleting the college curriculum in the Principles and Practice of Funeral Service.

Salmon, who is serving his internship with the Kiernan Funeral Home in Belleville,

maintained a high average during his course of study and was named to the dean's list both semesters, as well as receiving honors recognition upon graduation.

Haul-Away addresses concerns

(Continued from page one)

Somebody (from Haul-Away) comes in every day to pick up any complaints we receive."

In other business, the board of commissioners unanimously passed a resolution to contract the architectural firm of Beckhard, Richland and Associates of New York for the design of a new municipal com-

plex to be built adjacent to Town Hall.

Vincent Frantantoni, chairman of the Washington Avenue Redevelopment Committee, protested the board's decision to expand sideways.

"Why are you buying property to expand on the side and taking up space that could be used by private businesses in-

stead of expanding in the back, where we already own the land?" Frantantoni asked the mayor.

Mayor Michael Marotti said that the resolution to expand on Washington Avenue was passed already. Frantantoni then accused Marotti of having a "dictatorial response."

"Democracy no longer exists in Belleville," he added.

"Why should we hide a new building?" Marotti said after the meeting in support of his position. "This will attract new business to the area," he said.

"What will the new building be, a red brick box next to our Town Hall which is a beautiful, historical monument?" Frantantoni said.

"We will fight this all the way, just like we fought blight," he added, referring to the board's aborted plans of a few years ago to declare Washington Avenue a blighted area.

The next meeting of the board of commissioners is Tuesday, Nov. 26, at 8 p.m. in the commission chambers.

BOE takes no action on school's future

(Continued from page one)

Some repair work, including plastering and minor electrical and masonry work, has been done by Grande's maintenance crews, however, the building is in need of waterproofing and new electrical and plumbing systems, according to Grande's report.

"You were on the right track with the renovations," Vincent Frantantoni of Mount Prospect Street said. "Money is spent and

respected on the same situation.

"That building is a heritage for our kids to enjoy," he said. "The wrecker balls shouldn't touch it."

D'Agostino reassured that the board did not commit itself to any definite plans, however, he reminded members of the audience that the board has scheduled a meeting to discuss plans for the Middle School.

The meeting will be conducted Dec. 2 at 8 p.m. at the Middle School.

THE CHINA GARDEN
By Lisa Grimaldi
The best luncheon buffet in the area is at The China Garden. On Mondays, Tuesdays and Wednesdays each week, a sumptuous selection of Chinese dishes is available. There are four appetizers and eight hot dishes, as well as fried rice and to main noodles, on the buffet. The luncheon special also comes with a choice of soup.
On a recent visit, exotic dishes like baby shrimp with garlic sauce, hot and spicy chicken, chicken and broccoli, were on the buffet, as well as the standard oriental fare like pepper steak, egg rolls, and spareribs.
If you have any room left, after sampling all that, there is also a dessert table (not often found at luncheon buffets!) It features two kinds of cake, and, of course, fortune cookies, on the day I visited.
Service was very attentive at lunchtime — there are plenty of efficient waiters who keep refilling teapots, and clearing used plates.
There is also a dinner buffet on the same days the luncheon buffet is served. On the other days, a regular menu is available for both lunch and dinner.
The China Garden is located at 306 Main Avenue in Clifton. The phone number is 773-7633.

Magnificent Palace

By The Rev. Robert Paul
Grace Baptist Church

The Bible is like a magnificent palace of precious oriental stone, comprised of 66 chambers. Each one of these chambers is different from its fellows and is perfect in its individual beauty, while together they form an edifice incomparably majestic, glorious and sublime.

In the Book of Genesis, we enter the Grand Vestibule where we are immediately introduced to the records of the mighty work of God in creation. This vestibule gives access to the Law Courts, passing through which we come to the Picture Gallery of the historical books. Here we find hung upon the walls, scenes of battles, heroic deeds and portraits of valiant men of God.

Beyond the Picture Gallery we find the Philosopher's Chamber - the Book of Job - passing through which we enter the Music Room - the Book of Psalms - and here we linger, thrilled by the grandest harmonies that ever fell on human ears.

Then we come to the Business Office - the Book of Proverbs - in the very center of which stands the motto, "Righteousness exalteth a nation, but sin is a reproach to any people."

We then reach the Observatory where the Prophets, with their powerful telescopes, are looking for the appearing of the "Bright and Morning Star," prior to the dawning of the "Son of Righteousness."

Crossing the courtyard, we come to the Audience Chamber of the King - the Gospels - where we find four life-like portraits of the King Himself, revealing the perfection of His infinite beauty (St. John 1:29).

Next we enter the Workroom of the Holy Spirit - the Acts of the Apostles - and beyond that the Correspondence Room - the epistles - where we see Paul and Peter, James, John and Jude, busy at their tables under the personal direction of the "Spirit of Truth."

Finally, we enter the Throne Room - the Book of Revelation - where we are captured by the mighty volume of adoration and praise which is ever addressed to the enthroned King and which fills the vast chamber. In the adjacent galleries and Judgment Hall there are portrayed solemn scenes of judgment and wondrous scenes of glory associated with the coming manifestation of the Son of God as King and Lord of Lords.

"And the Spirit and the bride say, come. And let him that heareth say Come. And let him that is athirst come. And whosoever will let him take the water of life freely." (Revelation 1:3.)

Are you among those who are blessed of the Lord? "Blessed is he that readeth and they that hear the words of this prophecy and keep those things which are written therein: for the time is at hand." (Revelation 1:3.)

Businesses can lease or purchase coin-operated phones for offices

What do the majority of New Jersey businesses have that is often overlooked, yet is always in demand and makes money? It's a coin operated pay telephone and now you can lease or purchase one for your business and ring up surprising profits.

Now that AT&T and its Bell operating companies have lost their monopoly to install pay phones, businesses can now obtain pay telephones from a number of private companies competing in this growing \$1.2 billion market.

Although not yet allowed in such public access locations as shopping centers and airports, privately owned telephones can now be installed in restaurants, hotels, bars, service stations and other areas considered semi-private.

Presently, many businesses have N.J. Bell pay telephones, but few owners are realizing any substantial profit from this arrangement. Many are not even

aware that N.J. Bell telephone can be replaced by a privately owned telephone following a recent federal ruling.

Why should a company pay N.J. Bell for a coin box telephone when it's cheaper to invest in a private system and keep a large portion of the profits? Few individuals even realize how much their telephone takes in per month, so it's difficult to understand how you can profit from buying a pay telephone. Pay telephones are not for everyone, said Dick Weishaar, president of Paytel of New Jersey, Inc., a pay telephone marketing, consulting and servicing company. "However," said Weishaar, "they can mean a hidden goldmine for the right business, or an establishment at a high traffic location."

A retainer requesting a N.J. Bell telephone must pay a \$158 installation charge and \$16 fee and receives no share of coin revenues. Bell will only pay 4% commissions on coin-boxes with revenues over \$75, and an additional 6% commission on revenues over \$150. An in-

dividual with a non-N.J. Bell telephone is charged \$17.50 per month for the connection of a private phone and billed for calls at 65 per message unit. Private pay telephone owners are also responsible for N.J. Bell monthly tariff charges, actual line charges, and N.J. Bell line installation charges, but the remainder is the owners to keep. In most cases, this means more profit and larger return than the approximate 5% of gross monthly receipts paid by Bell can be earned at most phone locations.

Some pay telephone companies also lease phones. In this case, customers can write off the lease as a business expense. Other tax advantages are in the area of investment tax credit and as a depreciable asset when the phone is purchased outright.

The N.J. Board of Public Utilities has established a list of operating characteristics that

private pay phones must meet. Like the Bell phones, private pay phones must offer free directory assistance, 911, 800 and emergency calls, credit card, collect and third party billings; long calls to other areas and local and long distance calling. They must also charge 20 cents for a local call. Telephones without these features will be taken out by the telephone company. Customers would also be wise to be on the lookout for companies peddling inferior equipment.

To find out if investing in a coin operated telephone is the right move for your business, you can write or call Paytel of New Jersey, Inc. They'll examine your location and traffic volume to determine if a pay telephone is the right investment for your business. Call or write Paytel of New Jersey, Inc., 10 Squirrelwood Road, West Paterson, N.J.

LEGAL NOTICE

NOTICE is hereby given that at a regular meeting of the Board of Commissioners of the Township of Nutley, County of Essex, N.J., held November 6, 1985, the following ordinance was introduced and passed on first reading, and that said ordinance will be taken up for further consideration and final passage at a meeting of the Board of Commissioners to be held in the Commission Chamber, Third floor, Township Hall, Kennedy Drive, Nutley, N.J., on TUESDAY, NOVEMBER 26, 1985 at EIGHT (8) o'clock P.M., prevailing time, or as soon thereafter as said matter can be reached, at which time and place all persons who may be interested therein or affected thereby may be given an opportunity to be heard concerning the same.

BOND ORDINANCE AMENDING IN ITS ENTIRETY

A BOND ORDINANCE FINALLY ADOPTED MAY 7, 1985 AND PROVIDING FOR VARIOUS CAPITAL IMPROVEMENTS OF THE TOWNSHIP OF NUTLEY, IN THE COUNTY OF ESSEX, NEW JERSEY, IN ORDER TO CHANGE THE SCOPE OF THE DESCRIPTION AND THE AMOUNT APPROPRIATED THEREFOR IN SECTION 3(c) OF SUCH ORDINANCE, AND APPROPRIATING THE AGGREGATE AMOUNT OF \$1,021,000 FOR SUCH CAPITAL IMPROVEMENTS AND AUTHORIZING THE ISSUANCE OF \$969,950 BONDS OR NOTES OF THE TOWNSHIP TO FINANCE PART OF THE COST THEREOF.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE TOWNSHIP OF NUTLEY, IN THE COUNTY OF ESSEX, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring), AS FOLLOWS:

Section One. Section 3(a) of a bond ordinance of the Township of Nutley, finally adopted October 15, 1985 and entitled "Bond Ordinance Amending in its Entirety a Bond Ordinance Finally Adopted May 7, 1985 and Providing for Various Capital Improvements of the Township of Nutley, in the County of Essex, New Jersey, in Order to Change the Scope of the Description and the Amount Appropriated Therefor in Section 3(c) of Such Ordinance, and Appropriating the Aggregate Amount of \$1,021,000 for Such Capital Improvements and Authorizing the Issuance of \$969,950 Bonds or Notes of the Township to Finance Part of the Cost Thereof", is hereby amended to read as follows:

"Section 3. The several improvements hereby authorized and the several purposes for which the bonds are to be issued, the estimated cost of each improvement and the appropriation therefor, the estimated maximum amount of bonds or notes to be issued for each improvement and the period of usefulness of each improvement are as follows:
