## School board readies asbestos clean-up plan

By Maureen Conway

The Belleville Board of Education announced during its July 21 meeting that it will be soliciting bids for asbestos removal in all the schools and the administrative building.

The report, prepared by the New Jersey State Department of Health Asbestos Hazard Evaluation, at the request of the school board, will be implemented in three steps.

Corrective action will be taken to patch or enclose every pipe wrap lag in every public school building. It was assumed that every pipe wrap lag has asbestos. Officials said this is a minor correction and can be done by the custodial staff by September.

In some of the school buildings, boiler wrap will need to be removed. Contracted services will be required for this and the board is seeking proposals to determine the most effective and cost efficient method to correct the problem.

It was reported that School 3, School 7 and the middle school have asbestos-containing materials in their ceilings. The board is discussing methods of removal with the board of health. The board has requested that a reassessment be done for the middle school. Tests results are contrary to those previously taken by a private concern.

Funds for these projects will be allocated in the 1987-88 school budget and will be implemented next summer.

### Grading system

Belleville High School Principal Joseph Ciccone presented the board with a slightly different grading system. The present grading system at the high school is a point system—four points for an A, three points for a B, two points for a C, one point for a D and nothing for a failure. Ciccone proposed changing to a number system.

With the point system, it is possible for a student to get an A the first marking period and fail the rest of the year and still pass. Ciccone said, "If we average the numerical, worth of their grade, 90-100 for an A, 80-89 for a B, 70-79 for a C, 60-69 for a D and below 60 for a failure, the child will have to continually work

By Christopher Bifari

Washington Avenue was once a thriving business community, one of the finest in Essex County. Louis Ciccia, owner of Charles Jewelers,

Avenue merchants say

## Lack of parking, coming of malls caused decline

recalled. There was Sears, there was Flag Brothers, there was ShopRite. Woolworth's, National Shoes, but that was 20 years ago.

A life-long Essex resident (he

hails from neighboring North Newark), Ciccia speaks fondly of the past grandeur of Belleville's wide, gently sloping main thoroughfare. It was, as many long-time residents nostalgically recall, a shopping district which not only served the township but surrounding municipalities as well.

But during the sixties, Ciccia and other avenue merchants believe, a severe lack of parking combined with other factors to precipitate a rapid decline.

The big stores—Sears, Woolworth's and ShopRite—closed down their Belleville operations in a nationwide trend which saw giant retail chains relocating away from the "downtowns" and onto the highways where express travel and acres of parking were readily available.

Without the big stores, known as "anchors," to keep foot traffic steady, the smaller stores began to shut their doors. And by 1978—the year Ciccia took over Charles Jewelers—the Washington Avenue situation "had hit rock bottom."

Joseph Doyle, chairman of Belleville's planning board, agrees that the loss of big stores eroded the vitality of the avenue.

We lost three supermarkets in the early seventies which had a traumatic effect on the area," Doyle told the Times. In addition to ShopRite, an Acme and a Foodtown also disappeared from the Washington Avenue landscape.

Other factors may have contributed to the decline of Washington Avenue. The opening of Route 21, four blocks to the east, lured much of the avenue's Newark-bound traffic away, although Ciccia points out that the street still enjoys a heavy traffic volume to this day.

A key factor in the avenue's fall from prosperity was the opening of new malls in town according to Vincent Frantantonio, president of the Concerned Citizens of Belleville, Inc.

Frantantonio claims that the shopping hub on Main Street, which boasts a K-Mart and a Grand Union, was "pushed through by the town. He claims further that more stores than originally approved were packed on later.

Meanwhile another smaller strip mall, anchored by Hannel, was built on Franklin Avenue further luring customers from

### Career spanned six decades

## Judge Edward Abromson dies of natural causes

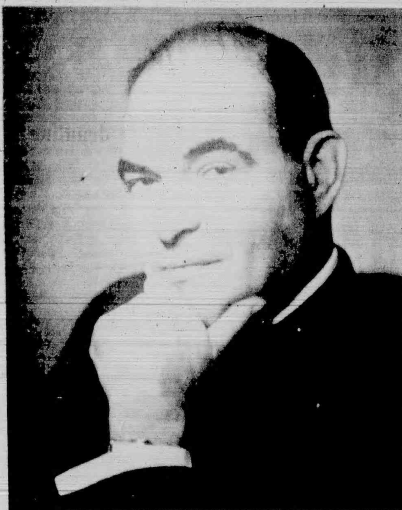

Judge Edward Abromson, Belleville municipal judge, died July 21 at St. Barnabas Medical Center, Livingston. According to family sources, the judge went into a coma Friday evening from which he did not recover. He was 81.

Funeral services for Abromson were held Tuesday at

Abromson officially became municipal judge of Belleville in 1941.

During World War II, Judge Abromson served on Belleville's draft board. Later, he served as president of Ahavath Achim, Belleville's conservative temple.

He was president of the

Judge Edward Abromson

King Solomon Temple, Clifton. Funeral arrangements were handled by the Memorial Chapel Union.

Born in Czarist Russia in 1905, Abromson emigrated to the United States in 1908. His family settled in Belleville upon arrival and he remained a Bellevillite ever since.

Abromson's high school career was highlighted with varsity letters in both baseball and football. He graduated BHS in 1923.

From there, Abromson embarked on his law career, graduating from Rutgers (then known as New Jersey Law School) in 1928.

Abromson set up his first law practice in Belleville in the early 1930's and in 1936 filled an unexpired municipal judge term to begin what was to become a judgeship that ultimately spanned six decades.

Workman's Compensation Association from 1963 to 1976. He was president of the Essex County Municipal Judges Association from 1970 to 1982.

His law practice was located on Broad Street in neighboring Newark, first known as Abromson and Cummins and known more recently as Abromson and Carey. He was a longstanding member of Belleville Kiwanis.

In 1985, Judge Abromson was honored at a testimonial dinner in the Chandelier Restaurant, Belleville.

"Surviving the judge are two daughters, Judith Aronson of Livingston and Paula Cummins of Belleville. Cummins is reading supervisor for the township's grammar schools.

Also surviving Judge Abromson are five grandchildren. He was predeceased by his wife, Ruth.

### 162 units required

## Township prepares to meet low income housing quota

A recent decision by the N.J. Council on Affordable Housing has determined that Belleville must soon provide 162 units of

housing to families with low and moderate incomes.

Belleville has to create realistic zoning opportunities for

this housing to be built, but there are no state or federal subsidies to build such housing, Grace Harris, a member of the township's planning board said.

One step Belleville could take to facilitate meeting the quota, which comes due in 1991, is to force builders to comply with "set-aside" regulations.

Set-aside housing requires developers to build 20% of their units for low and moderate income families," Harris said. However, she added that so far Belleville has taken no steps to regulate builders in that regard.

But the commissioners have authorized the planning board to do a study on the issue. This study will be used "to incorporate a housing plan which addresses the needs of low and moderate income families into Belleville's master plan," Harris told the Times.

This is required by the Council on Affordable Housing to be submitted on Aug. 1, 1988. Harris continued, "The Council was formed following 1985 New

(Continued on page 6)

## Belleville awaits word on senior housing grant

Belleville applied to the Housing and Urban Development Commission (HUD) July 20 for funds to provide a 100-unit senior citizen housing complex.

The township is one of a few municipalities in Essex County without accommodations for the elderly and is competing with 40 other New Jersey municipalities who want a share of the 300 units for which HUD will provide the state with funding.

But Belleville's senior citizens are wary of housing promises. Several citizens told the Belleville Times of promises made before.

Peter Shapiro promised us housing by the geriatrics center. We were promised housing behind the senior citizens center. Look where that got us," one senior complained. "All I know is that 100 units are not enough."

We need this housing desperately," another senior said. "A lot of my friends have had to move out of town because the rents are too high. We live on a fixed income. We can't afford rent as well as food and clothing. It's not fair. It's just not fair."

HUD guidelines state that the maximum amount of housing a municipality may apply for is 100 units. If a municipality does not receive an award this year, it may re-apply next year.

"Belleville doesn't want these units. All they want are condos, condos, condos," said

Steve Raleigh of Belleville. "We've been promised housing for five years now. Why should we believe that Mayor Marotti is finally moving on the issue?"

According to Mayor Marotti, the Board of Commissioners voted 5-0 in favor of senior citizen housing in 1979. However, the town voted the housing down because citizens didn't like the building site.

The board has hired James P. Sweeney of Sweeney Associates in Summit as its housing consultant. Mayor Marotti believes that hiring Sweeney was a good investment.

He has a lot of experience in this area," Marotti said. "He knows the ins and outs of the application process. If we don't receive the funding, we will not be able to build. If we do, it costs the township \$6,000. The Board of Commissioners believes that it is a worthy investment."

Sweeney was successful in securing a 100-unit housing complex for the elderly in Bloomfield last year.

If HUD approves Belleville's application, the town will turn the project over to National Church Residences, a Columbus, Ohio-based non-profit organization which will develop and manage the complex. Location and space requirements will be decided when HUD announces the award.

# BELLEVILLE briefly...

## Board of Commissioners Meeting Schedule for 1986

Two more board of commissioners meetings are slated for the rest of the summer, with regular bi-weekly meetings to resume in September.

All meetings are scheduled for Town Hall at 8 p.m. A pre-meeting conference precedes each

meeting and begins at 7 p.m. Dates are as follows:

Tuesday, August 12  
Tuesday, September 23  
Tuesday, October 14  
Tuesday, October 28

## Guidance office opens for BHS registrations

The guidance office of Belleville High School will be open between the hours of 9 a.m. and 12 noon for the registration of any student entering Belleville Public Schools for the first time in grades nine through eleven.

The offices will be open on August 11, 12, 13, 14, 15, 18, 19, 20, 21, 22, 25, 26, 27, 28 and 29.

Students seeking enrollment must register in person accompanied by parents or guardian.

They must bring the following:

1. Official transfer card issued by sending school.
2. Copy of student's health records.
3. Transcript of final report card.
4. Proof of student's age.
5. Minimum two proofs of residence.

For more information and to arrange an appointment call 450-3518.

## Playground sports fun

Softball was the order of business as the second week of the playgrounds got underway. The Stadium teams were undefeated with the timely hitting of Jimmy Wandling and the pitching of Kristen Gaffio.

Bobby Roselli is tearing up the competition in Nok Hockey with a 4-4 record. At Number 10, there was a huge turnout for arts and crafts day. Acknowledged for their fine work were Vic Tazamini, Justin Mohren and Stephanie Brunello. In the playground game, Kevin Johansen's team outscored his brother Kenny's team.

At the Rec, the wiffle ball league is attracting many. As of now, Frank Van Sykel is the hope run leader with 41. Joe Cucuzza pitched two shutouts with a 6-0 record. Jennifer Nehla was beating everyone at Nok Hockey.

The Friendly House had ping-pong and Nok Hockey as the popular events of the week. Joe Mastrocchia, Laurie Dondarski and Eleahra Faragi were some of the participants. The Carom board and ping-pong competitions kept Kelly's Court busy this week. Winners were Ida Turano, Steven Scaperotta, Billy Bruce and Danielle Dorey.

## Local parish presses onward following death of its pastor

The acting administrator of Holy Family Parish has praised this week and thanks for the cooperation of the parishioners through these difficult months.

The Rev. Ron Rosinak, who continues to function as executive director of pastoral affairs for the Roman Catholic Archdiocese of Newark, was named acting administrator after the unexpected death of the Rev. Msgr. Francis J. Blake on July 4.

Msgr. Blake, who had spent 44 of his 45 years in the priesthood at Holy Family, is deeply mourned by the parish, and the shock of his passing is still being felt.

Father Rosinak has the task of being the interim pastor of the church, which had been founded early in this century by the Rev. Msgr. Anthony DeLuca, who succeeded as pastor was Father Blake.

With only two pastors in its entire history, the parish has been a close-knit family, noted for the participation and the loyalty of its members.

"This is a very large and active parish, with challenge and continuity," Father Rosinak said, noting that this would be an adjustment to many priests to apply for the pastorate.

"My role is simply to administer, not to make changes," he said.

He said that the process of selecting the next pastor has already started, and that a notice will appear in the Advocate, the official newspaper of the Archdiocese, announcing the availability of the post.

At the same time, he said, the members of the parish will then select the next pastor. "Then, regardless of what kind of pastor they want will be sought," he said.

"They will say what kind of a pastor is needed for their special needs," he said.

He expected the process of selection to take two to three months.

In the meantime, the parish is carrying on the plans that had been made earlier this year under the direction of Father Blake.

There are day-to-day decisions to be made, Father Rosinak said, but these are routine decisions.

In the days to come, many parishioners returning from vacation and other activities will come to grips with the loss of their beloved pastor, who had been so much a part of their lives for 44 years.

But the parish will continue to function, and will have for more than 80 years, continue to grow and prosper. Father Rosinak's job is to make sure that life goes on. "The people here are certainly making a pastor for me."

## Belleville tenants can keep pets

A bill co-sponsored by Sen. Carmen Orechio (D-30th) which would permit tenants to keep pets in their apartments was passed unanimously by the Senate on July 17.

Senate Bill 1484 would let

tenants who owned pets as of June 16, 1986, to continue to do so. The bill would prohibit landlords from forcing tenants to give up their pets unless the pet is determined to be a continuing nuisance to the welfare or

property of others.

"Pets contribute a great deal to the well being and comfort of people, especially those who are elderly and may live alone," said Senator Orechio.

## J. Kaminski of Belleville picked as Essex Allied Health president

Joseph Kaminski of Belleville was installed this month as president of the Essex Chapter of Allied Health.

Outstanding at the ceremony were Dr. Joel Cherskoff, a Natick-based doctor, and Dr. John

Cherskoff, a certified medical assistant from Natick, who works for a Natick Ridge practice.

The Essex Chapter of Allied Health is a non-profit organization whose purpose is to educate, inform, and recognize, for

medical officers and other allied health personnel.

The chapter meets in Belleville at the Clara Maass Medical Center at 8 p.m. on the second Wednesday of the month.

## Roe sponsors adult day care awareness

Belleville's congressional representative Robert A. Roe is sponsoring legislation to promote adult day care awareness. Roe said

there is a need to focus national attention on adult day care as a Washington initiative to focus medical and institutional care for

senior citizens.

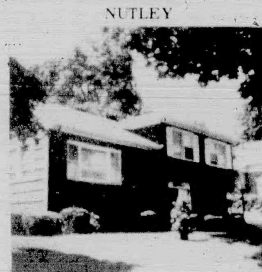

Roe's resolution would designate the week of September 21 as National Adult Day Care Week.

Roe said, "these are our senior citizens and we owe them much. Providing adult day care centers is one way of helping them when they need it most."

AWAY WITH DRY

A new way to keep your skin dry, itching, flaking and scaling skin from becoming a problem. Approved by the Food and Drug Administration, its secret ingredient is ammonium lactate. This is a new chemical compound made of lactic acid and ammonium hydroxide. Lactate is a naturally occurring acid that breaks water into the skin. Ammonium hydroxide is a base that breaks the water string. Strongly enough, the manufacturer is not exactly sure how the drug works, it seems, that it makes epidermal cells replicate and move to the surface of the skin in a more normal way than before treatment. The skin cells stay normal as long as two weeks after treatment.

Whenever you have a question about a medication don't hesitate to call our pharmacist at 805-5476. PHARMACY, 318 Washington Ave. 759-1956, 759-1968.

The sale and rental of convenient aids is handled including walkers, wheel chairs, crutches and canes. We also have a gift department plus greeting cards and Rite Sell Shaver cordless. Open Daily 9 a.m.-10 p.m. Sundays 9 a.m.-9 p.m.

HANDY HINT:  
The only side effect to the new skin drug discussed above is that it may slightly sting people with extremely sensitive skin.

# Washington Avenue is at the crossroads

(Continued from page 1)

and many remaining businesses the township's embattled town hall allowed their facades to fall into disrepair. Many more years ago, the town board had taken their surrounding area may have had an effect on Washington Avenue, as well. The opening of a new Bradlee's shopping center, minutes away in Clifton and two giant shopping malls in Wayne, may have also altered the shopping habits of Belleville residents. Featuring plentiful meter-free parking lots in an increasingly mobile society, these nearby hubs of commerce may have had a decisive edge over the downtown.

By 1978, as Belleville's decline was evident, the township's Board of Commissioners, with a community arm called the Belleville Redevelopment Agency, funded a study by a local architect to assess the town's future. The study, titled "Belleville: A Vision for the Future," was indeed pulling up various scenarios to find solutions to the storefronts' were everywhere.

The verdict? More parking, better facades and upkeep of existing stores and a more aesthetically pleasing appearance were among the major recommendations.

Today, after four more years, there are many positive signs on Washington Avenue. Indicators that despite the continued shortcomings, a revitalization is well underway.

A Pathmark super-center has filled the supermarket vacuum on Washington Avenue. Gino's Pizza, victim of a tragic fire in March, is rebuilding on the same site — an improved structure with a handsome brick facade.

The McDonald's Restaurant, across the street from Pathmark, is undergoing a major expansion. At the south end of Washington Avenue, Bigelow Motors is also undertaking a major expansion — about \$800,000 worth of improvements according to Jerry Pfeiffer, owner of the dealership.

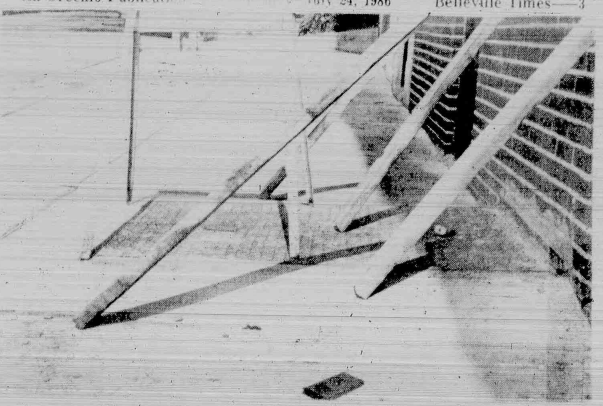

In between, most of the vacant storefronts have since been occupied. And although some wish for a better mix of stores, the disappearance of "for rent" signs is certainly a welcome sight.

But the problems that helped cause the Avenue's deterioration in the first place apparently have yet to be addressed.

There is still a glaring lack of trees. The trashy sidewalks and curbing remain in serious disrepair in many places. And the most serious problem in the eyes of the 11 member recently formed Washington Avenue Merchants Association, is the continued scarcity of parking.

Yet, despite persistent longstanding problems which may slow or stall the further renewal of the block, planning board chairman Doyle conceded that Belleville has no specific master plan for the street, no immediate plan of action. Only the four-year-old Township report, often quoted but ignored in practice, remains.

NEXT WEEK: A look at specific Washington Avenue options, and the stumbling blocks which must be overcome before they can be implemented. Input from key township officials and a review of municipal ordinances designed to keep the Avenue clean and sightly.

Raising the issue — Local property owner claims this basement door was originally flush with the pavement. Now, she says, it's raised by up to six inches. (Photo by Maureen Conway.)

## Township landlord accuses contractor of 'shoddy' job

By Christopher Blum

The owner of a 10-family, three-story apartment building is up in arms over what she claims is "lousy workmanship" in a sidewalk, curb and street repair job on Division Avenue which is costing taxpayers hundreds of thousands of dollars.

My basement door was level with the sidewalk before this, but now it's sticking out by as much as six inches," Hilda McDermott, owner of the building, said. "Anybody walking down Division Avenue, if they're not watching their feet is liable to break their neck."

McDermott said that her oil tank hole was also originally level with the sidewalk but is no longer flush.

The cap to my oil tank is now approximately two inches below the sidewalk. Anyone walking in high heels is going to sink down into it," she said.

Finally, McDermott said the sidewalk slabs around her building are "pitched in" instead of out, and she believes this will cause rain water to form puddles in the sidewalk and melting snow in winter to form patches of ice.

McDermott said that other neighbors in the area are unsatisfied with Tomaro's workmanship as well.

"I have people down the street saying they can't believe that such a sidewalk is going to be the end result of taxpayers' dollars," she said.

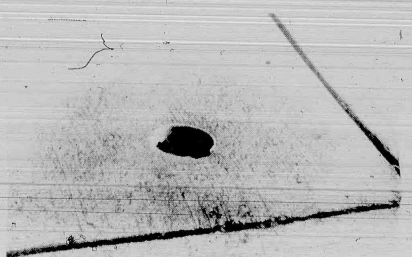

The landlord said further that she had been in contact with the contractor and that her husband and the contractor had an exchange which "was not pleasant."

The boss told my husband that if he didn't like it, he could take it out and do the work himself.

However, Phil Tomaro of the Tomaro Construction Co., located in Bloomfield, told the Times, "I know what I'm doing." The contractor refused to comment further on specific charges.

McDermott said she is plotting legal action.

"I do plan to sue them," she said. "I will not have the taxpayers of Belleville pay for such a lousy job."

Holed up — This oil hole was originally flush with pavement. Now, claims landlord, it's a safety hazard. (Photo by Maureen Conway.)

## The Belleville beat

### Robbed in the steam — Did it in the Streets

Thomas Calamia claims that he was robbed of \$60 while in a cell at Belleville Police Station. Sergeant Ponder, who was on duty at the time, said he did not see the robbery and questioned the prisoners, but came up with negative findings.

Belleville police say an investigation is continuing and that a possible internal affairs investigation may take place.

The alleged incident took place Sunday, July 20, in the afternoon.

### Burned by burglars

Belleville police believe a home at 16 Solon Street was burglarized and burned. Apparently, burglars, in Sunday morning, July 20, broke into the unoccupied house by breaking a glass panel on a side door.

After ransacking the home, floor, unexplained explosion set fire to a chair and bed. Smoke filled the house with the furniture smoldering.

The fire department, respondent and police are investigating the incident.

Meanwhile, the victims have yet to be located. According to police, when they show up they'll find out that jewelry and other unspecified valuables were taken from them.

### Child hit by car

A seven-year-old boy was hit by a speeding car after bolting out onto the roadway at 340 Franklin Ave. Sgt. Charles Hood, who was on duty at the time, was arrested in the incident.

According to eyewitnesses, the boy ran out into the street without looking. The driver of the car, after stopping, had no idea who the boy was. Witnesses say he was not speeding at the time.

The boy suffered multiple fractures and was taken to Clara Maes Medical Center.

## Condo town

When an apartment building is converted into a condominium project, township officials say, the amount of revenue generated doubles, or triples. When new condominiums are constructed, it maximizes the revenue a parcel of land can generate.

Already, condominiums generate nearly \$2 million in ratables. The school system, meanwhile, hasn't been overly strained since most of the units built in Belleville so far are of the one bedroom type.

Many of the developments that have risen here are aesthetically pleasing and have served to improve the appearance of the surrounding areas. As Mayor Michael Marotti stated, condominiums have been good for the township.

However, members of the planning board have begun to address the long-term questions regarding extensive condominium development.

They want to determine just how profitable condominiums are. They want to strike a balance between one bedroom

"investment condos" (more likely to change hands and residents frequently) and the two and three bedroom condos (which house families likely to put their roots in Belleville and add to neighborhood stability).

Further, planning board officials wonder if the zeal of condominium development hasn't had a negative effect on the pursuit of industrial and commercial ratables, which generate jobs in addition to tax dollars, and which strain public services least.

While we agree with the mayor that the increased revenue condominiums have poured into the coffers has been beneficial, we also agree with the planning board decision to study condominium development's long-term effects.

Perhaps the study will determine specific areas of town where condos would be most beneficial.

In the meantime, we welcome the growing influx of township condominium homeowners, our newest neighbors.

## Tricking the voter?

A bill was introduced in the New Jersey Senate by Senator Wynona Lipman reportedly at the behest of County Executive Peter Shapiro which would change the order of the candidates' names as they appear on the ballot.

As things now stand, Constitutional officers are listed before any other county candidates — specifically the Essex County Executive candidate's name follows the Essex County Surrogate candidate's and that's the way it's always been.

In two elections, Shapiro never raised the question of ballot position. In 1986, Shapiro is

pursuing any avenue to insure that his name on the November ballot precedes the name of his Surrogate running mate.

Incumbent Surrogate Nick Amato, completing 15 years in an office whose competence and efficiency has gained statewide attention, charges that Shapiro's motive is to place the name of white Shapiro before his black Surrogate running mate, Ken Williams.

Judge Amato says, "Shapiro wants a black on the ticket — but he wants to put him in the back of the bus."

Will the voters be tricked by this apparent scheme?  
Only time will tell.

## Emil Nardachone

The Times owes an apology to the Emil Nardachone family for permitting the publication of an unsigned letter which was intended to demean the Nardachone family name. How barren of love and mean spirited can a person get?

The Nardachone family enjoys — and has earned — an excellent reputation. A demonic attack upon the good name of Nardachone is the last thing one would expect.

That Emil Nardachone has — and lives a life style — quite different from the nameless letter writer is no reason to impugn his motives as he goes through life socializing with people who enjoy his company — and whose company he finds rewarding.

The policy of this newspaper is not to print unsigned letters of a scurrilous or defamatory nature.

The letter critical of Emil Nardachone slipped through our safeguards. A public apology to

the Nardachones is very much in order — and we so offer our deepest apologies to a family that has done much — and continues to do its share to make Belleville a better place in which to live and work.

To the nameless letter writer, we commend the following poem:

### A Resolution

Let me be a little kinder,  
Let me be a little blinder  
To the faults of those about me,  
Let me praise a little more,  
Let me be, when I am weary,  
Just a little bit more cheery;  
Let me serve a little better  
Those that I am striving for.  
Let me be a little braver,  
When temptation bids me waver  
Let me strive a little harder  
To be all that I should be  
Let me be a little meeker  
With the brother that is weaker,  
Let me think more of my neighbor  
And a little less of me.

## Letters to the Editor

## Fact not fiction...

To the editor:

I would like to reply to Walter W. Solberg's letter entitled "Work of Fiction" as follows:

1. I don't think the repairing of a hazardous 7 foot section of curbing should be compared with the repaving of an entire street in material, time or labor cost.

2. As for the terminology "Work of Fiction," let's set the record straight. I am in no way related to Commissioner Grande and no one in my family works for the town, county, state etc., therefore I don't have to pull my punches when I choose to praise or criticize our Town Fathers.

3. Having lived in Belleville 24 years, I have attended many town meetings and on various occasions, have voiced my opinion on vital issues affecting our Town, services, property taxes, etc.

4. If someone gives you good service, then they deserve to be praised for a job well done. So I repeat. Keep up the good work. Commissioner Joseph Grande and your Public Works Employees.

Respectfully yours,  
Louis V. Moo

Melwex Street  
P.S. This letter is "Fact Not Fiction"

## Nardachone defended...

To the editor:

We are members of the Belleville Baseball Parents Association. We were "not born and raised in Belleville" but 20 years ago, we chose to live here. We have read The Belleville Times, its editorials and letters to the editor with interest and concern during these past two decades. We have been at various times amused, annoyed, amazed and in total agreement with the positions and comments of our fellow citizens. We have rarely been ashamed of what our neighbors have chosen to put in writing. The recent letter in your newspaper concerning Mr. Nardachone was offensive to any decent, self-respecting member of our community.

We were present at the Baseball Parents' team dinner when Emil Nardachone spoke. Mr. Nardachone conducted himself in a way that not only befitted the occasion, which was to honor the baseball team's players, coaches and managers, but also made his comments with dignity. Yes, there had been a petition filed by some disgruntled parents, but the dinner was the time to remind everyone that baseball is a game and that despite whatever disagreements had occurred during the season, the coaches and players had earned our support and we could be proud of their accomplishments.

We read the signed letter with disbelief. We believe that The Belleville Times acted irresponsibly in allowing unnamed individuals to attack a man's credibility as well as his son.

If this "Committee of Parents" is

the same concerned parents who formed a committee to remove the baseball coach, then why not also sign their names to the letter (they are on public record at the board of education) or why didn't they personally confront Mr. Nardachone with their malicious evaluation of his motives?

As to motives  
Mr. Nardachone has also made donations personally and through his firm to the various school associations, to Belleville Crew Parents, Belleville Little League, American Legion and many other organizations we have been associated with. Perhaps the "Committee of Parents" would like to consider the motives behind those donations or the drive and effort Mr. Nardachone has given willingly to improve the Township of Belleville.

What was the motive of this "Committee of Parents" other than to make public its own bitterness and hostility?

We would hope that in the future parents would not find it necessary to file petitions or to attack other members of the community who disagree with their feelings, but would be able to communicate with their child and his/her coach concerning conduct which they found unfair or improper.

As to Mr. Nardachone and his son, please accept the apology of two of Belleville's citizens for this unwarranted and undeserved attack. You can be assured that you will always have our respect.

Doug and Judith Cantarella

To the editor:

I was shocked and appalled by the unsigned letter that appeared in the July 17 edition of The Belleville Times. I have known Emil Nardachone for 16 years. As the letter states, Emil is a generous person. In addition to his generous support of the Baseball Parents, I am personally aware of his support of the Junior Woman's Club, Optimist Club, Home and School associations, Group Parents and many other organizations. As an example,

this spring Emil Nardachone talked the Optimist Club into donating money to the American Legion baseball team. I understand that he was instrumental in securing additional financial support for that team.

Being a good citizen, giving of himself to the community is something that comes natural to Emil. It is certainly not something that is done for personal gain. To libel a man the way that letter did is outrageous. How anyone could misinterpret a person's motives so badly is beyond belief.

The unknown author of the letter referred to a dinner honoring the high school baseball team. I was present at

that dinner. Emil Nardachone was the master of ceremonies. As an outsider, not being privy to all of the nuances involved with the Baseball Parents Association, I felt Emil's remarks were very appropriate in light of Belleville's very successful baseball season. As I recall, the theme of his remarks was that baseball is a game, and we should remember that baseball is a game.

We in Belleville are very fortunate because Emil Nardachone is not unique. Many of our citizens give of their time, talent and financial support to many community activities. I hope that we are not going to start attacking these people for the good that they do.

To the author of the letter, all I can say is you were correct in not signing it. The letter is certainly something to be ashamed of.

To The Belleville Times I cannot understand why you printed such a libelous, unsigned letter. Emil Nardachone is not a public official nor is his son. At the very least, The Belleville Times owes an apology to the Nardachones and to the people of Belleville.

Sincerely,  
Tom Spillane

### THOUGHT FOR TODAY

## Don't Quit

When things go wrong as they sometimes will,  
When the road you're treading seems all up hill,  
When the funds are low and the debts are high  
And you want to smile, but you have to sigh,  
When care is pressing you down a bit,  
Rest, if you must, but don't you quit.

Life is queer with its twists and turns,  
As everyone of us sometimes learns,  
And many a failure turns about,  
When we might have won had we stuck it out;  
Don't give up, though the pace seems slow —  
You may succeed with another blow.

Success is failure turned inside out —  
The silver tint of the clouds of doubt,  
And you never can tell how close you are,  
It may be near when it seems so far;  
So stick to the fight when you're hardest hit —  
It's when things seem worst that you must not quit.

## Golden Comments

By James R. Golden

A learned scribe, recently having fled from another adjacent county, after having read of Governor Kean's announcement of a planned West Essex ceremonial celebration posted the puzzled question:

"Where is East Essex?" Quite a legitimate query and one that provokes alarming concern of possible discriminatory prestige segregation, recognition for the opulent "blue blood" upper class personages of the Caldwell's, Roseland, Livingston, Millburn, Essex, Fells and Cedar Grove.

Granted, Caldwell having been the birthplace of President Grover Cleveland (according to the ruling of the State Dept., Grover Cleveland is both the 22nd and 24th president, because his two terms were not consecutive. By the way, he is only the 22nd, merits the distinction and honor of being exalted by a celebration, but why oh why, engender "best up" discriminatory, bountiful, resembling the North-South division line of the Civil War? It's an imaginary line leaving the impression of separating the plebeians of East Essex from the aristocracy of West Essex.

Granted that Governor Kean is the sworn of the affluent and politically prominent Kean family, which never extenuatedly flaunted their wealth, nor does Governor Tim Kean who is a fine, dignified gentleman whom we are certain never despised the sponsorship of West Essex celebration as a divisive deprivation of the county's citizens.

It is regrettable that a wide spread misconception has been placed upon the decision of the East West unattended segregation conception. However, it is understandable why many residents of the communities, foreign to the concept of being considered West Essex, should take umbrage at such discrimination.

Are the inhabitants of the communities considered to be segregated as East Essex to be regarded as persons non grata because they lack the "station" of the plutocratic West Essex?

A few weeks ago there was a splendid celebration, commencing the 144 year old history of the Township of Liberty. Much merriment was placed upon the shoulders of the magnificent statue of Liberty, the "exemplar" of "Keep ancient lands, you stirred pump" cries the well-situated, Give me your treasure, your power, your huddled masses yearning to breathe free. The wretched refuse of your teeming shore. Send these, the homeless, tempest-tost to me. I lift my lamp beside the golden door.

What is happening to the theme when the tycoons and nabobs of West Essex are regarded in regal ceremony while the bas plebeians and rabble of East Essex, patently categorized in a inferior, patently classification placing them on the other side of the tracks. What about Belleville's Revolutionary War history?

This oversight slight of the East Essex population merits an explanation and correction. Granted, many are piqued by what they consider a side-mundo relegating this portion of the county to second class citizenship, notwithstanding the fact that all the state legislative representatives of the 30th District live in the East Essex portion of the county. Likewise one of our most venerable Congressmen.

Look them over Congressman Peter Rodino, State Senator Carmen Orechio and Assembly persons John Kelly and Martin Grecco — All from East Essex.

Something to give considerable thought to. We don't want to need divisive county dissensions. Give East Essex equality recognition with fair play for all.

### Letter policy

The Belleville Times encourages residents to express their views about township, national and international events in the Letters to the Editors column.

All letters submitted to the Times must include signature, address and telephone number. No letters will be printed without confirmation.

# Belleville campaign kicker draws hundreds

Belleville attorney Thomas Zampino is the first to admit that his trying to unseat Congressman Robert Roe after 18 years in Washington may appear to be impossible.

"But I'm in this race to win and I'm out to remind

for county executive, and incumbent Surrogate Nicholas Amato, formerly of Belleville and now of Verona.

More than 200 persons turned out to offer support and encouragement to Zampino at a campaign kickoff two weeks ago

titled to be elected again. You don't get tenure in elected office, you have to earn it," he said to applause.

He reminded his friends and associates at the campaign launch that both President Reagan and Governor Kean are limited by law to serving two four-year terms.

"I think our forefathers knew that having excellent government requires change."

"In the United States Senate, 52 out of the 100 senators are in their first term and just look at the work they have accomplished. They work with the president to accomplish tax reform while at the same time, Congress has worked against the president — a man who was elected in 49 out of 50 states," Zampino said.

Zampino said that had he been in Congress the past two years, "I most certainly would have supported the president much more than Bob Roe has. I believe the president like Gov. Kean is entitled to have his policies be given a chance to succeed and the only way you are going to do that is to root out some of the people like Bob Roe who constantly opposes the president on key issues."

More than a dozen speakers spoke in Zampino's behalf at the Belleville rally including John Renna, Essex County Republican chairman; Angelo Risoli, Belleville Republican chairman; Orechio and Amato.

Belleville Commissioners Michael Pizzi and Joseph Grande said they backed Zampino and would work for the attorney in the campaign.

"It's a big job to win this election but it can be done."

The gang's all here - Posing with the candidate are (l-r) Commissioner of Revenue and Finance Joe McGreevy, Republican County Executive Candidate Carl Orechio, Mrs. Zampino, Thomas Zampino, incumbent Surrogate Nicholas Amato, and John Renna, Essex County Republican Chairman.

Belleville colleagues - Congressional hopeful Thomas Zampino with his daughter, Betha, and Belleville colleagues including Thomas Spillane and Public Affairs Commissioner Michael Pizzi.

Democrats, Republicans and Independents that Congress is avoiding its responsibilities," Zampino says.

A former member of the Belleville Board of Education, Zampino is running for Congress on the Republican line which includes Carl Orechio, of Nutley

at the Chandelier Restaurant. It was there that Zampino lashed out at Roe, suggesting the veteran Democrat was more concerned with special interest groups than with his constituents' needs at home.

Being a long term congressman doesn't mean you are en-

Zampino for Congress - Belleville attorney Thomas Zampino (second from left) at campaign kickoff in his race for U.S. Congress. He is seen with (l-r) Carl Orechio, candidate for Essex County executive, Assemblywoman Marion Crecco of Bloomfield, incumbent Surrogate Nicholas Amato, and Assemblyman John Kelly of Nutley.

## Credit tightening - a strong possibility

Consumers and businesses in many areas could face higher interest rates and dwindling credit on certain loans if the federal government enacts a "reverse regulation" according to the National Council of Savings Institutions.

The federal government wants to prohibit lenders from seeking outside their own states in order to

raise capital for business and consumers for commercial real estate, apartment buildings, second homes and second mortgages, said John H. Rousselet, president of the Washington-based National Council. This could have a disastrous ripple effect on local economies in terms of jobs, rents, credit availability, interest rates and savings institutions' ability to operate profitably.

## Hollywood of the east? Cameras roll in town twice

By Maureen Conway

Lou Pat and Joe D. a film being produced by a newly formed movie company located in Orange, did some filming at Clearman Field on July 21.

According to Board President Phil Linfante, who announced the filming during the July 7 Belleville Board of Education meeting, the film is about two kids growing up in the Newark area in the early part of this century.

The company has been shooting throughout the month. A release date for the movie is

not known.

According to members of the film company, Clearman Field was chosen for no specific reason. The company did mention that it was pleased with the fact of Belleville's close proximity to New York. The scene shot on July 21 was about a baseball game in the early part of the century.

David Schoner, production coordinator for the N.J. Motion Picture and Film Commission, said that Clearman is on their list of possible sites for film companies.

When movie companies request filming in the state to us, we ask them what they are trying to film. The movie company gives us a scene, for example, say a 1930s style bank, we look in our files for possible sites, then we give the movie company a list of possible sites and a contact for each one of them. We try to assist movie companies and promote the use of our state.

School Superintendent Michael Nardiello said the company contacted him for use of Clearman Field. Nardiello addressed the board with the company's proposition and the board approved the use of the land. Schoner mentioned that film production in the state is on the rise.

"Last year we had 18 films made in part or whole in New Jersey. So far this year, there have been 16 films that have been filmed in whole or in part in the state."

This is the second film being shot in Belleville this month. Earlier this month "Pickup Artists," a film starring Moly Ringwald and Robert Downey, was shot on Washington Avenue. People watching the production were quiet and orderly. Rumors flew about New York Mets baseball stars Gary Carter and Darryl Strawberry having parts in the movie.

Unfortunately for the fans, neither showed up at the filming. It is not known whether or not Carter or Strawberry will be appearing in the production.

## Town to provide low-cost housing

(Continued from page 1)

Jersey Fair Housing Act legislation enacted in Trenton to insure plentiful, affordable housing statewide.

One step Belleville plans to take with regard to meeting its quota is to attempt to have that quota whittled down. This may be justified in the township's case because of our lack of vacant space, Harris said.

The 162 unit figure for Belleville comes from two factors as determined by the council. The first is known as the indigenous factor. This takes into account the number of people in town who are inadequately housed. However, Harris did not know the exact number of inadequately housed Belleville residents.

The second factor is regional. This takes into account the number of families in the region who are inadequately housed and then determines what each municipality's fair share is.

Although 162 units appears to be a difficult number of low and moderate housing units for the township to accommodate, it may become manageable should Belleville's senior citizen housing project be approved. That project, which has been submitted to the federal government for possible housing and urban development funding, would contain 80-100 units and each unit counts as one off Belleville's quota.

However, that application's approval is not guaranteed and only 300 units are to be approved statewide. Determination on the township's senior citizen housing project application is expected in September.

Should Belleville's senior housing plans fall through, and should efforts to "adjust the quota down" be less than successful, where would the low income housing go? Along Route 21 perhaps?

Route 21 is industrial and we feel that's not suitable," Harris replied. However, she added that "with all the condo development, it would be hard to prove."

### DENTALLY SPEAKING

By Drs. James D. Maglia and Paul N. De Majo

Q: Dentists ask: "My medical doctor said to keep my teeth clean, which is great! During my pregnancy, I..."

A: Dentist: During pregnancy your body is in a state of change. The developing baby will take everything that it needs, such as calcium, vitamins, and minerals, from the mother's body. This means that the body is in a state of depletion. It is important to keep the body in a state of balance. When the system is out of balance, the body and mind are not at their best.

By the month, you will have an increase in the volume of saliva and bleeding gums. The gums will become inflamed and tender. You will experience pain when brushing and flossing. You should be able to keep the volume of saliva production down to a minimum.

It is important to see your medical doctor during pregnancy. The same goes for your dentist. Check up and clean every 3 months for a professional cleaning during your pregnancy.

## Court reporter

By Maureen Conway

Richard Hubbs pleaded guilty to charges of attempting to steal a motor vehicle, criminal trespassing and terroristic threats against a police officer during the July 18 session of Belleville Municipal Court.

Hubbs of Belleville was caught attempting to steal a car on July 8. He was spotted on July 13 along with Greg Lewis, also of Belleville, in an adjoining lot near Donna Motors on Washington Avenue. When officers Sheridan and Kondreck approached the two and asked what they were doing, Lewis replied that they were just "sitting."

Hubbs yelled that he was allowed to be looking and it might serve the police right. He was to blow up every car in Belleville. Judge Roman Pitts set bail for Hubbs at \$2000. Hubbs is being held at Essex County Jail until bail is made.

In other cases, Roy Doyle of Belleville and Amerian Jasernan of Newark pleaded guilty to charges of driving while intoxicated. Judge Pitts sentenced both to \$250 in fines and a six month suspension of their driving licenses. Wilbur Davis of Newark and Joan Imperio of Belleville pleaded not guilty to driving while intoxicated. The trial date is to be set through the township clerk's office.

Mike Ferrentino and Chris Wodopuja, both of Bloomfield, were charged with racing on Bloomfield Avenue. Judge Pitts reduced the charge to careless driving after hearing testimony from the Belleville Police Department and the defendants. Judge Pitts found fault in the state's case that the youths were travelling over 50 miles an hour down Bloomfield Avenue. He did not believe the youths could be speeding in the two blocks where they testified they started to the

location where the defendants were pulled over.

Ferrentino and Wodopuja testified that they were talking to each other while driving down Bloomfield Avenue in separate cars. Judge Pitts believed that since the two were talking while driving, he reduced the charge to careless driving and fined the defendants \$60 each.

Scott Straight of Totowa and Dimas Rosario of Newark pleaded guilty to charges of possessing under 25 grams of marijuana.

Rosario was pulled over on Jaramelen Street June 13 when police pulled his car over. He is also being charged with driving in an unregistered, uninsured vehicle and has a revoked license. The judge gave Rosario an additional six month suspension of his license and a six month suspended sentence.

Straight was appearing before the court on charges brought against him by Victor Meese on July 8, 1982. He is currently serving a 15-month jail term for armed robbery from a court in Annandale. Judge Pitts sentenced Straight to an additional six months in prison and six months probation.

Tricia Pemberton, 19, of Newark pleaded guilty to charges of aggravated assault in a knifing attack July 13 on North 11 Street. He was released into the custody of Moses Smith in compliance with instructions that Pemberton enter North Jersey Teen Challenge rehabilitation program.

Judge Pitts ordered bail forfeitures for Gerald Manning and Patrick O'Grady for failing to appear in court. In day court, Judge Carl Sizer ordered a bail forfeiture for Manuel Campos for failure to appear on his scheduled date. Both judges announced that bench warrants have been issued for all people who were scheduled to appear, but failed to appear before their court.

## Citizens question board decision to hire assistant

(Continued from page 1)

throughout the year in order to pass.

Ciccone also addressed the board on the subject of increased high school graduation requirements. The state plans to increase graduation requirements to three years of math, three years of science and two years of social studies. Ciccone pointed out that the high school will ultimately have to add two teachers, two sets of additional textbooks and two rooms.

Administrator's assistant

During public comments the issue was addressed that the business administrator's office is seeking an assistant for Edward Appleton board secretary.

According to Board President Phil Linfante, the position has been vacant for the past two years. When Appleton took over his position as business administrator, he was asked to present the board with a job description and advertisements were placed in the Newark Star

Ledger. The board is currently reviewing applications and expects to fill the position shortly. Board member Ernest Zoppi addressed public questions about the proposed salary of \$25,000 to \$30,000.

In the past two years, the position has been allocated in the budgets. The money intended for the salary has been used mainly in overtime for employees who, basically, were doing what this new position will be doing. Therefore, a lot of overtime will be cut out," Zoppi said.

Parents and concerned citizens addressed the board and urged them not to fill the position.

The board would look great if they did not fill this position. They would be setting an example for the rest of the town politicians in tightening their belts."

Mario Drodz of Bell Street said the next scheduled meeting of the Belleville Board of Education is Aug. 4 in the board offices at 190 Cortlandt St.

Suspicious Activities

You will assist Belleville Police in the protection of yourself, your family, neighbors and property by immediately reporting any unusual, suspicious activities. Crime breakers should watch for the following suspicious activities concerning persons:

**Circumstance:** Going door-to-door in a residential area, especially if one of more persons go to door of residence. Possible crime: Burglary or trespassing.

**Circumstance:** Waiting or loitering in front of a house or business, if business is closed or house is unoccupied. Possible crime: Burglary.

**Circumstance:** Forcing entrance, or entering a home when it is unoccupied. Possible Crime: Burglary or theft or trespassing.

**Circumstance:** Person running especially if something of value is being carried. Possible crime: Shoplifting, mugging, fleeing the scene of a crime.

**Circumstance:** Person carrying property not bagged or wrapped. Possible crime: Burglary, robbery, mugging, fleeing the scene of a crime.

**Circumstance:** Person screaming. Possible crime: Rape, assault, accident.

**Circumstance:** Much human traffic to and from a certain residence, if it occurs on a regular basis and especially at night hours. Possible crime: Vice or drug operation.

**Circumstance:** Person loitering around cars or going into cars and peering into them, especially in parking lots. Possible crime: Theft or burglary.

**Circumstance:** Person loitering around schools, parks or secluded areas. Possible crime: Sex offenses.

**Circumstances:** Person offering items for sale at very low prices. Possible crime: Dealing stolen property.

**Circumstances:** Strangers loitering around a house, especially at night. Possible crime: Burglary. If you observe any of the above circumstances, call the Belleville Police immediately. Emergency number is 911.

Phony meter readers in town

Chief again warns residents of robbers

Belleville Police Chief George Trayer has again warned residents that a recent attempt by a thief, following similar attempts by a phony meter reader to enter a shop home.

At about 11:45 a.m. July 19, Trayer told the Times a man long time ago, a phony meter reader had been seen in the area. The man was wearing a dark jacket, dark pants, and a dark hat. He was carrying a bag and a briefcase.

Trayer added that the home owner went back upstairs to watch his kids and that when he came back downstairs 15 minutes later he saw the suspect attempting to break into the first floor apartment.

The chief explained that the homeowner had not been spotted at this point and could have been back upstairs in the house.

Proud deputy — Walter A. DuBoye of Perry Street was recently promoted from captain in the Essex County Police Dept. to deputy chief. Following his promotion, DuBoye completed a course in public management at Kean College. Pictured (l-r) are Essex County Sheriff Thomas D'Alessio, Deputy Chief DuBoye with certificate and Essex County Executive Peter Shapiro.

More funding still needed

Congressman Roe secures \$3 million to construct local cancer center

Rep. Robert A. Roe announced congressional approval of a major first step towards the establishment of a cancer center in neighboring Newark that when completed will be a world leader in research and treatment in the disease.

The House Science and Technology Committee today approved a Roe Amendment to the fiscal year 1987 Department of Energy Nuclear Medicine budget that authorizes \$3 million

to begin construction of the highly advanced Center for Molecular Medicine and Immunology of the University of Medicine and Dentistry of New Jersey in Newark.

Roe, the ranking member of the Science and Technology Committee, said he was highly pleased by the prompt approval of his funding request for the Newark cancer center.

It is my prayer that through the establishment of this most needed facility we can make

Roe endorsed by teachers

Aware of the tremendous contributions school teachers have made to the youth of America, Rep. Robert A. Roe (D-N.J.) is sponsoring legislation in the House of Representatives which says "tribute to the teachers" members of the nation's schools.

In a letter for bipartisan support of his bill, Roe said: "We in Congress recognize the role our teachers play in the lives of their students. We entrust our children

to teachers for the major part of their youthful life and my bill is aimed at the public recognizing the tremendous contribution made by our nation's teachers to the lives of our children and the vitality of our country."

It is fitting that we pay tribute to the teachers of this country by recognizing their contributions with a Congressional Resolution," Roe said.

attempt to apprehend suspects on our own, but to call police immediately. Also he warns citizens to carefully check identification before letting meter readers into the home.

The suspect was described by the chief as being "white, clean cut, and in his mid-thirties." At the time of the attempted burglary, the suspect was wearing work clothes.

Belleville Times subscription drive

Results of an ongoing Belleville Times survey indicate that more than half of regular readers purchase the Times on newsstands. Thousands of subscribers, however, enjoy 20 percent savings on each and every issue, while further enjoying the convenience of home delivery.

**More features than ever before**  
Survey respondents suggested a number of improvements to help make Belleville's leading weekly an even better source of local news and information. The editorial department has already put many of these improvements in effect.

Readers asked for more local news. The Times responded with a new page 2 feature, "Belleville Briefly." Readers asked for more police coverage. The Times responded with an expanded "Religious Viewpoint" page, which includes two columns by respected local pastors and a weekly prayer.

**Serving the community**  
But the staff of the Belleville Times believes that the role of a community newspaper must go

beyond comprehensive news coverage and features. A local weekly, the staff insists, must address the problems and dilemmas at the root of the stories and help to find solutions in the best community interest.

To this end the Times has opened up its letters page as a forum for caring residents. Editorials focus on pertinent local issues. "Crime Breaker," a regular feature provided courtesy of the Belleville Police Department, offers timely tips for crime fighting citizens.

**Subscribe now and save**  
A yearly subscription to the Times costs only \$14 per year — a savings of \$4.20 or more than 20 percent.

**Special rate for seniors**  
Belleville's senior citizens enjoy an even greater discount. A full year subscription to the township's best source of information is only \$7 for those 65 and over. That's less than 14 cents an issue, a discount of about 60 percent.

**Help us to better serve you**  
When filling out the subscription form that appears below, why not drop us a note with your comments and suggestions for better serving the township of Belleville.

## Social News

### Registration now open for Essex Junior Miss

Nutley High School will host the 25th annual Essex County Junior Miss scholarship program on November 30, 1986 at 3 p.m. The event will be sponsored by the Nutley Jaycees.

All senior high school girls residing in Essex County can participate in the program. The top winners will receive scholarship grants ranging from \$100 to \$1,000.

The Junior Miss scholarship program is part of a nationwide

search designed to recognize, reward, and encourage excellence in high school senior girls. Girls are honored for their overall qualities of scholarship, talent, leadership in school and civic activities, youth fitness, poise, and personality.

Interested high school seniors may contact the program's contestant coordinator, Mike Paulino at 667-2315 or at 161 Olmsted Ave., Nutley, N.J. 07110.

### C. Liberti graduated from Capri Institute

Miss Carmel Liberti of Belleville is among the 1986 graduates of the Capri Institute of Hair Design in Clifton.

Completion of the Capri program prepares her to take the state licensing examination.

Liberti will continue her association with Lyndhurst Haircutters, where she has been employed during her term in Capri's cosmetology program.

Miss Liberti is a graduate of Belleville High School.

Belleville native awarded research grant

Veronica F. Rempusheski, RN, Ph.D., originally of Belleville, has been awarded a grant by Sigma Theta Tau, the International Honor Society of Nursing.

Rempusheski will research the way grandparents view grandchildren in special care nurseries. She is currently program director and nurse researcher at Boston's Beth Israel Hospital.

### C. Nardone achieves Geltman scholarship

Belleville High School graduate Christopher Nardone of Bell Street has won a Marcella S. Geltman scholarship which will cover the full cost of his tuition and fees at Rutgers.

was established with a \$1 million gift from Samuel Geltman, president of a Hasbrouck Heights real estate firm. The scholarship is in his wife's name.

Nardone's scholarship is renewable annually, so long as his grades remain in the top half of his class.

The Geltman scholarship fund

awards Nardone \$2,000 for the 1986-87 academic year. Nardone has enrolled at the College of Arts and Sciences in neighboring Newark.

### A. Cordaro receives podiatric BS degree

Belleville native Anthony Cordaro recently received the degree of doctor of podiatric medicine from Pennsylvania College of Podiatric Medicine (PCPM) in Philadelphia. Dr. Cordaro was one of 106 students in the twentieth annual graduation class.

A 1982 graduate of Upsala College, Dr. Cordaro received a BS degree in biology before continuing his educational PCPM. At PCPM, Dr. Cordaro was a member of the admissions committee and the student news magazine, "Instep."

Dr. Cordaro is the son of Mr. and Mrs. Vincenzo Cordaro and the husband of Carmela Marga-

ghetta. Following graduation, Dr. Cordaro plans a surgical residency at Suburban General Hospital in Northbrook, PA.

### Summer track festival runs all day August 3

The Essex County Department of Parks, Recreation and Cultural Affairs will hold its Tenth Annual Summer Track Festival, co-sponsored by Blue Cross Blue Shield of New Jersey, Sunday, Aug. 3, beginning at 8 a.m. with the 10K Road Run at Underhill Field, Garfield Place, South Orange.

The festival will offer all running events from the 100-meter dash and up. They will also have all the various field events except for the javelin throw and pole vaulting. Competition is available at all ability levels.

The festival continues to grow each year, due in part to the carnival-like atmosphere. Summer Track Festival shirts and prizes will be awarded to all competitors.

## Whoever you are, we're your bank for life.

That's our commitment to the people of New Jersey — a bank that gives you the innovative services you need when you need them with a real understanding of your personal banking needs. We want to be your bank today and tomorrow. We want to be your bank for life. Here are just a few reasons why.

#### Save thousands with a bi-weekly mortgage.

A lot of banks offer mortgages but the Howard has a variety of rates including our innovative bi-weekly mortgage that can save thousands of thousands of dollars in interest charges.

#### A CD that renews itself.

We have a complete range of high interest savings plans from Money Market Investment Accounts to high interest CDs that renew themselves automatically.

#### #1 in student loans.

We offer loans of all kinds, including convenient student loans. As a matter of fact, we make more student loans than any bank in New Jersey.

#### Home-equity loans — no up-front fee.

Our home equity backed HERO line of credit lets you borrow money just by writing a check. You pay no fees to open a HERO and interest is charged only on the amount you use. Compare that with other banks.

#### Customer Service Center.

And we promise you the kind of personal understanding and professional service you expect from your bank. We even have a Customer Service Center just a phone call away that you can use to get current investment, mortgage and loan rates, check your Howard account balances, renew accounts, stop payments or just learn the address of the Howard office nearest you. Just call 1-800-4-HOWARD and put us to the test!

We're the Howard. Your bank for life. For the life you live now and the life you have planned for the future. Come to the Howard office nearest you at your convenience and we'll prove it once and for all.

**the Howard**  
Your bank for life

Customer Service Center Hours: 8am-6pm Mon-Fri, 9am-5pm Sat. Member FDIC. Equal Opportunity Lender. Serving you locally at 375 Franklin Avenue, Nutley and 726 Washington Avenue, Belleville.

Lisa LaMura - Raymond Vanderhoof

## Lisa LaMura to marry Raymond Vanderhoof

Mr. and Mrs. Frank J. LaMura of Succasunna announce the engagement of their daughter, Lisa to Raymond H. Vanderhoof Jr., son of Mr. and Mrs. Raymond H. Vanderhoof Sr. of Landing.

The troth was made known June 27. The wedding will take place in October of 1987.

Miss LaMura, a graduate of Roxbury High School and County College of Morris, is a dental assistant.

Mr. Vanderhoof, an alumnus of Roxbury High School and Slippery Rock University, is a personnel consultant with Orion Systems Inc., Parsippany.

## Christine T. Mertz engaged to marry James C. Thomas

Mr. and Mrs. Raymond Mertz Jr. of Belleville announce the engagement of their daughter, Christine T. to James C. Thomas, son of Mr. and Mrs.

Anthony Thomas of Nutley. The troth will be formally announced Aug. 18 at the Commonwealth Club Montclair. The wedding will be held next January.

Miss Mertz attended Belleville High School, Essex County Vocational and Technical High School, Bloomfield College and D'Art' College. She is a flight attendant with American Airlines.

Mr. Thomas, a graduate of Seton Hall University, attends New York University Graduate School of Business. He is secretary and controller of HRE Properties, New York City and a Certified Public Accountant. He served as a staff sergeant in the N.J. National Guard and is a member of the American Institute of CPAs and the New Jersey Society of CPAs.

Christine Mertz

## Sandra Ombalsky chosen to attend Jersey Girls' State

Sandra Ombalsky was one of 552 girls who spent a week at American Legion Auxiliary Girls' State at Rider College, Trenton. She was sponsored by American Legion Auxiliary 299, Belleville.

Belleville High School chose four finalists on the basis of academic achievement and extra-curricular activities and the auxiliary made the final selection, choosing Ombalsky to represent the organization.

The delegates spent the week participating in a fictitious goal program which enabled them to see how government really works. They began at the city level and progressed to county and finally state government positions, running for office at each level. Ombalsky was appointed to a position on her city's board of education.

Ombalsky is the daughter of Mr. and Mrs. Joseph Ombalsky of Belleville and granddaughter of Mr. and Mrs. Sal Lavano, also of Belleville.

## Wahneta Trotter bride of Anthony C. Allegri

Wahneta Trotter, daughter of Mr. and Mrs. James Trotter of Coral Gables, Fla., became the bride June 30 of Anthony C. Allegri, son of Mr. and Mrs. Fred J. Allegri of Short Hills.

Mayor Harry W. Chenoweth of Nutley performed the ceremony which was followed by a reception at Nadina's in the Park, Belleville.

Mr. Allegri gave the bride in marriage. She wore a white cocktail suit accented with a purple silk blouse. Her hat was of white straw with a large maline bow in back and she carried purple carnations and white mums.

Mrs. Peter Baldino of Nutley was matron of honor in a yellow and white polka dot silk dress.

Donald Allegri of Ft. Lauderdale, Fla., served as best man. Mrs. Allegri is an alumna of Sophie Newcomb, New Orleans, La.

Mr. Allegri, a graduate of Nutley High School and the University of Miami, Coral Gables, Fla., is self-employed as Allegri Components Inc., Middleville. He served as a first lieutenant in the Army Signal Corps.

The couple is on an extended honeymoon in Sante Fe, N.M. and Mexico and will live in Coral Gables.

## Stork Club

### Mark A. Veniero

A first child, a son, Mark Anthony was born to Mr. and Mrs. Mark Veniero of Belleville July 1 at St. Barnabas Medical Center, Livingston. Birth weight was 7 pounds, 10 ounces.

# Belleville Times SPORTS

## Buc Shots

By Michael Lamberti

When he first started throwing fast balls as a sophomore in 1985, the feeling was Jim Dunphy was on his way to stardom in a Belleville uniform.

Now, as he enters his senior year at Belleville High in September, Dunphy has fulfilled his billing as a premier athlete at Belleville High, both on the football and baseball field.

Dunphy has been a fine running back and defensive safety for John Senesky's football teams over the past two seasons. This year, he has been elected one of three team captains for the 1986 season, a tribute to his leadership abilities and the respect his teammates have for him.

However, it's on the baseball field where Mr. Dunphy really excels. As a sophomore, the southpaw hurler finished with a 7-1 record, establishing himself as the ace of the Belleville pitching staff. His only loss came in the state tournament to powerful Elizabeth.

This past spring, he posted a 7-2 record and batted well over .300. He earned all-county honors and his 14-3 career pitching record puts him in good position to break Danny Borgo's all-time BHS record for victories in a career, which stands at 22. Borgo did his hurling at BHS from 1977-79. Dunphy is number three on the list now, trailing Anthony Cuccinotta, who had 17 career wins.

This past summer, Dunphy was a big asset to the Belleville Legion team, too. He was practically unstoppable, a fact which Milburn thought to light last week in a 1-0 victory.

Dunphy was walked three times and on all three occasions, had the green light on the 3-0 count from his coach, Joe Papasidero.

Of course I'm giving him the green light," Papasidero said. "With his bat, I'll take the chance and let him swing. I don't want him to walk in these situations if he has a pitch he can hit. He's been red-hot this summer at the plate."

For the record, Dunphy hit .595 in 14 games, cracking 22 hits in 31 official at-bats. He batted in the number three position and according to Papasidero, Dunphy is well-known in the area.

He has gained the respect of every opponent, not only for his pitching but also his hitting. I know a lot of college scouts are already looking at him. Jimmy has the potential to be a very good player. He's the type of player that you look forward to watching at the plate. If I had to put someone up in a tough spot, it would be him.

Dunphy has also improved his pitching.

He's been a hard thrower," said Papasidero. "This summer, we worked on an off speed and breaking pitch, learning how to pitch to various batters, learning how to set them up. Jimmy is becoming an intelligent pitcher. If he continues to improve his mechanics, he has the ability to be one of the best."

Already, Dunphy is an all-county pitcher, so you can imagine how continued improvement will make him a better player.

One of his few flaws thus far has been a lack of control. Against Irvington last week, Dunphy walked six batters, three in the first inning when Irvington scored three runs to grab an early lead. However, Dunphy's hitting helped Belleville to get back in the game. In the third inning, with the Campers leading 3-1, Dunphy drilled a single with the bases loaded, scoring Tony Naresio and Jeff Spilsbury, tying the game at three. In the fifth inning, with Belleville trailing 4-3, Dunphy and Al Best singled and Dean Mauro hit a three run homer to give Belleville a 6-4 lead.

On the game, Dunphy was 2 for 3. It was a typical Jim Dunphy game, good pitching and key hitting to help his cause. When he's not on the hill, Dunphy is a fine outfielder.

He has the ability to strike out batters, he has struck out 10 or more on a number of occasions in high school, and he's learning to finesse hitters. He can hit the ball with the best of them and play the field. Would it be safe to say that Jim Dunphy was a "pitch future" in store?

### Hoops

The Belleville boys' basketball team lost to Columbia last Monday, however, the Buccaneers played did a nice job at basketball camp last week. Special accolades to Leon Puentes and Ted Sochaski. Puentes, the point guard, was named MVP of the camp this summer. He won the foul shooting contest, hitting a perfect 25 for 25. Sochaski, a power forward, won the one on one championship. Both men will be juniors this year and have played varsity ball for Rocco Colucci since their freshman years.

The Bucs have been working hard in the summer months in preparation for the regular season, which commences in November. Frank and John Morel have been impressive in summer league play. Chris Chiaramonte and Bobby Willis have looked good. Chris Goldrick appears ready to have a big season and don't forget Ron Hutchison. The man everyone calls "Hutch" has been sidelined with a bad jaw this summer. As required surgery in early June and Hutchison is just starting to get back into shape. Hutchison provided the Bucs with excellent outside shooting last season, and is hopeful of continuing that scoring this winter. A determined athlete, you should see Hutchison ready to go come November.

### Last Week's Quiz

The last team to win more than 100 games in a regular major league baseball season was the 1970 Baltimore Orioles, who finished 108-54. I made a mistake in saying that the team did not win the World Series. The 70 Orioles did win, beating the Reds in five games. The 1969 Orioles won 109 games, but lost the Series in five games to the Mets.

### For This Week

The 1971 All Star game was a home run hitting delight. Name the final score of the game and four of the players who hit homers in the contest.

## Legion baseball season ends on a disappointing closer

A difficult season ended on a disappointing note as the Belleville legion baseball team lost to Millburn 1-0, and tied Irvington at six last week.

The team ended its season at 3-10-1, missing out on the playoffs. Next week, the Times will wrap up the legion season.

Head coach Joe Papasidero was happy with his team's performance: not only last week but the entire summer.

There were a lot of close games, Papasidero said. "Last week was another example. Al Ruopp pitched a great game, but he loses. In the fourth inning, we seem to have the game in the last inning, but they come back to tie the game. We used a lot of younger players this summer, and they got good experience playing against older competition."

Against Millburn, Belleville was a 1-0 loser, despite a very impressive outing by Ruopp. The just graduated senior from Belleville High allowed just three hits and struck out eight. He gave up the games only run in the first inning on a triple and ensuing ground-out.

Unfortunately, Ruopp was outdone by Millburn's hurler, who allowed just one hit, an Al Best single in the fourth inning.

Despite getting just one hit, Belleville had a few opportunities to light the scoreboard.

In the fourth inning, Jim Dunphy led off with a walk and went to third on Best's single. With runners on first and third and one out, Dean Mauro hit into a fielders choice, erasing Best at second and holding Dunphy at third. A pop out then ended the Belleville threat.

In the sixth, Ruopp reached safely on an error by the Millburn shortstop, Jeff Spilsbury. Sacrificed Ruopp to second. Dunphy walked, the third time in the game that Dunphy was walked, and Best walked to load the bases. However, Mauro and Anthony Rodriguez were retired via strikeout and groundout, ending the threat.

"It was a great game," Papasidero said. "Ruopp did a super job on the mound. It was an umpire's delight, the game couldn't have lasted more than an hour and ten minutes."

Papasidero's big offensive threat, Dunphy, didn't see a good pitch all night.

He, Dunphy, had the green light on 3-0 on all three walks, recalled Papasidero. "He couldn't get a good pitch to hit."

He's been a hot batter all summer long and teams are looking to pitch around him. That's why I gave him the green light. I'll take my chances with him swinging the bat rather than taking a walk."

The game with Irvington was a back and forth affair. With the Campers grabbing an early lead and Belleville rallying to tie and later, taking the lead.

Irvington tallied three times in the first inning and Belleville evened the contest with three runs in the third, with the benefit of just one-base hit.

Three straight Irvington errors allowed Dave Silletti, Anthony Naresio and Spilsbury to reach safely and load the bases. Best walked to drive home one run and Dunphy singled to drive in two more.

Irvington regained the lead off Dunphy in the fourth inning, 4-3, but Belleville showed its grit by taking the lead in the fifth.

Best and Dunphy drilled back to back singles and after a strikeout, Mauro cracked a three run homer to give the locals a 6-4 lead.

Dunphy took a 6-4 lead into the seventh inning, but Irvington

rallied to tie the game with a pair of runs after two were out.

A misjudged fly ball kept Irvington in the game and the Campers took advantage of its second wind. Belleville was retired in order in six half of the seventh and the game was called due to darkness.

It's been that kind of season," Papasidero said. "We've been in most of the games, against some good teams. The kids played hard and did a nice job all season long."

In the game, Dunphy was 2 for 3 and Mauro had a big three run homer. Belleville had seven hits in the game while Irvington finished with six.

Dunphy pitched the entire game for Belleville, striking out seven and walking six. Wildness hurt Dunphy in the first inning, when Irvington accounted for half of its runs.

NOTES: Dunphy, known during the spring for his outstanding pitching, had a marvelous offensive season this summer. He hit .595, with 22 hits in 37 at bats. Dunphy was one of the top hitters on the 1986 BHS baseball team this spring and was 7-2 on the mound. He's 14-3 lifetime entering his senior year at BHS.

Braves are the champs — Champions of the Belleville Recreation girls' Pigtail League were the Braves. Pictured, bottom row (l-r) Patricia Cuccinotta, Johanna Naresio, Kimberly DeBenedetto, Lynne DeBenedetto, Danielle Molinari, Jennifer Apruzzese, Jennifer Tower, Cheryl Fredericks, Jessica Conklin, top row, coaches Denise DeBenedetto, Tia Naresio, Susan Aschauer and John D'Angelo.

## Belleville Recreation Department is looking for a few good coaches

The Belleville Recreation Department is presently taking names of adult Belleville men interested in volunteering their time to coach in the Recreation football programs. Coaches are needed for both the Junior Bucs (traveling tackle program) and the Touch Football program.

The Junior Bucs compete against neighboring towns in three divisions — Midget, Junior Varsity and Varsity. The Touch Football program for boys ages 8-10 provides instruction to the children as to the fundamentals of football while eliminating heavy body contact. Junior Bucs practices

will begin in the evening during the week of August 11, while the Touch Football program will begin in September on Saturday mornings.

Those interested in coaching are urged to call the Belleville Recreation Department at 450-3422 weekdays.

## Women's golf open slated for Sept. 11

Applications for the fourth annual Nutley Women's Golf Open are now available. The tournament is slated for Sept. 11 at the Forest Hill Golf Club in Bloomfield. Tee-off times begin at 8 a.m.

Individuals and foursomes should call Louise Crennoni at 667-0842 or Dorothy Cuccinotta at 667-8344 to obtain an application. Slots for 12 foursomes will be assigned first come, first serve. Tournament is open to Nutley residents and guests. First place trophy will be awarded to a Nutley resident. Fee is \$50 per person and includes cart and green fees, continental breakfast, lunch, and prizes. All proceeds will benefit the Nutley Parks Committee for Abused Children.

## Belleville Rec ball comes to a close

The Belleville Recreation baseball and softball season recently came to a close and the top teams have been rewarded for their efforts. The Yankees won the Senior-Intermediate Baseball League with a 10-2 record, with the Mets finishing a close second (8-3). In Junior League baseball, the Clippers (12-0) won the "A" Division while the Cardinals (11-1) won the "B" Division. In the Junior League playoff tournament, however, the Indians (12-4

overall) prevailed over the Clippers in two games.

Winners in Peanut League baseball were the Tigers (11-1), the National League champions, and the Bears (11-1), the American League champs. Peanut League tournament champions were the Astros ("A" Division) and the Cards ("B" Division). Girls' softball league winners were the Pirates (8-1 Pee Wee League), the Panthers (10-2 Junior League)

and the White Sox (9-1 Pigtail League). The Pigtail League playoff champs were the Braves.

The Senior Boys' League softball champions were the Knights while the Men's Softball League winners included Suppa's Bar (Monday "A"), Megaro Memorial Home (Tuesday "B"), DeBacco's (Wednesday "A") and Wallace & Tiernan (Thursday "B").

# Flashback! 1980 baseball Bucs were winners

This week's "Flashback" series takes us to the 1980 baseball season. The Buccaneers had a strong unit that spring, winning 17 and losing 7. The '80 Bucs advanced to the Greater Newark Tourney finals, where it lost a heartbreaker to Livingston. George Zanfani coached this talented team. This article appeared in the April 17, 1980 edition of the Belleville Times. Bear in mind that the Bucs were an independent team then, not joining the NNJL until the fall of 1982.

Buc windmill and were sent reeling. The Bucs stopped Barringer, 4-2 and stomped over the Indians, 14-0. The local clubs record now stands at 3-0.

Buc coach George Zanfani is quite satisfied with his team's effort thus far.

"We hit well against Passaic, (14 hits)" noted the coach. "Our pitching ERA is 1.00 over three games. Steve Coffey is batting at a strong clip and some of our other guys are starting to come around."

Rich Vitiello is 4 for 10 this year with 4 ribbies. Dominick Vazzano has 4 ribbies and Frank Fazzini is 3 for 10 with a homerun.

Against Barringer, the Bucs were paced by the pitching of Ed Aulisi. The senior hurler tossed

seven innings of eight hit baseball, striking out four and walking two. Anthony Coco came on in the seventh to finish up for Belleville. Jose Sabatelli took the loss.

Barringer jumped out to a 1-0 lead in the first inning when Bote doubled and scored on a Ward double. The Bucs tied it in the second when Vazzano reached on an error by the right fielder, advanced to third on a Vitiello single and scored when Aulisi hit into a force play.

In the third inning, Belleville grabbed the lead for good. With one out, Coffey singled and scored when Vazzano powered a homerun.

In the sixth inning, Belleville padded the lead to 4-1 when Joe Guarino singled, went to third on a Coffey single and scored on a single by Mike Nicotia. Bar-

ringer threatened in the seventh when Coppola singled and scored on a Diaz safety. However, Coco, the Bucs ace in the hole, came in to put the fire out.

The Passaic game was out of reach after the third inning. After a scoreless first frame, the Bucs went to work on Joe Camarotto in the second.

Fazzini led off with a single and stole second base. Aulisi singled him to third and Bob La Bruzza walked to load the bases. With one out, Lenny Mendola singled home Fazzini. Mendola was picked off first base, but the spot was quickly occupied when Coffey walked. Nicotia then singled home two runs.

In the third inning, Belleville added to its 3-0 lead when Vitiello reached safely on an error by the shortstop and Fazzini crashed a homerun.

With its lead at 5-0, the Bucs exploded for seven runs in the fourth to put the game totally out of reach. The big hits in that frame were by Vitiello, Aulisi, Mendola and Coffey. Vitiello singled with the bases loaded, driving home two runs. A third run scored on an error. Aulisi singled home a run, Mendola walked with the bases loaded and Coffey doubled home two runs.

The winning pitcher for Belleville was Nicotia. The senior allowed just two hits over six innings, striking out 10 and walking four. Rick Kiernan came on to pitch the seventh inning. He allowed two hits and struck out one.

NOTES: Both Nicotia and Fazzini went on to outstanding

college baseball careers. Nicotia played at Montclair State College and Fazzini, a 1982 BHS graduate, went on to Florida State before signing a minor league contract with the Milwaukee Brewers in 1985. Both men set a number of offensive records for their respective colleges. Of course, Mendola and Aulisi will be remembered for their football exploits as well. It was Aulisi who threw the winning TD pass to Mendola in the memorable Belleville-Seloa Hall clash in November, 1979. The Bucs won that game, 14-11, and later advanced to the Group IV, Section II playoffs, where it lost a 14-12 heartbreaker to Union at Giants Stadium. However, that's for another time and another episode of "Flashback."

Stay tuned

## Boys' basketball squad loses two straight games

The Belleville boys' basketball team dropped two games last week bowing to Barringer last Wednesday and Columbia 63-45, last Monday night.

The Bucs, now 1-4, battled Irvington last night and will face Elizabeth High School next Wednesday evening, starting at 7:30 p.m. The last game of the regular season is set for August 6, with the playoffs to commence the week of August 11.

The game with Barringer was not a true test of the Bucs' ability. Because of basketball camp, only six players were able to play. Despite the limited roster, Belleville lost by just 13 points to a strong team from Newark.

Last Monday night, the Bucs were back to full strength, battling one of the better teams in Essex County, Columbia High School. Head coach Don Roll,

who missed the last two games because he was coaching at the basketball camp, was back at the helm and couldn't believe what he saw.

"Columbia was awesome," Roll said. "If they're not one of the best teams in Essex County this year, something is wrong. We didn't play very well, though. We didn't keep them off the boards and we weren't drawing the offensive fouls. We didn't take it to them like I would have liked."

A disastrous third quarter for Belleville sealed the Bucs' fate. The Bucs tallied only four points in the quarter as Columbia pulled away to an easy win.

Ted Sochaski and Leon Puentes led the Belleville scoring attack with 22 and 15 points respectively. John Morel and Chris Goldrick had three points each and Frank Morel tallied two points.

"I couldn't believe how big Columbia was," Roll said. "They have two 6'9" forwards and a 6'2" forward who can shoot with the best of them. They have a 6'5" that comes off the bench. Their guards are quick. They have to be one of the best teams in the area this season."

Columbia was a solid entry in the 1983-84 campaign, winning 24 games and capturing the Group IV, Section II title by beating East Orange. That season, Columbia was eliminated by Kennedy in the state semi-finals. The Cougars closed on their way to similar success in 1980-81.

Although the team did not play well against Columbia, the players did very well at basketball camp. Puentes was voted the MVP of the camp and Sochaski was the one-on-one champion. Puentes also captured the foul shooting title, hitting a perfect 25 for 25.

It was a very good camp, Roll said. "A lot of the players did very well. They have to use that in the games now. Hopefully, we'll get it together next week."

## Jr. League final Indians 19 Clippers 16

Jeff White knocked in the winning shot and Frank Lenz came in to save the game in the last inning to preserve the championship victory for the Indians. Mike Conte and John Malara had 5 RBIs each.

The Rec Dept. would like to congratulate Coach Don Conte and the 1986 Junior League champions Indians.

## Essex bocce fever

# Current bocce ball mania has its roots in Italy

Logic goes, as the days when bocce was considered a sport for retired "ascendants" of Michigan, Maryland and Lodi, Italy, now considered one of the most popular growing participating

sports though to participants may not be as obvious.

The premier bocce event, the Sembrino Bocce Bowl, is being held in New Jersey, July 24-25, at the Sembrino Bocce Bowl, 1914 Lodi, Pa., and Lodi, Pa., will be the site of the final match.

Though the event has attracted such participants as Rocky Graziano, Jack LaMotta, Vincent Gardenia, Danny Aiello, Jack Gargul, Carson Kressley, and Boon Boon, Mancini, and even wading ring of ethnic groups have been participating under an umbrella of "American" style.

Bocce is considered a "fast" game, requiring that the player be able to throw the ball with a perfect 25 for 25.

Under the chairmanship of Sen. Carmen Orecchio, a number of New Jersey Mayors, sheriffs and celebrities like WOR-TV's Joe Franklin will be among those throwing the ball.

The centuries-old sport, which has roots in ancient Rome, not to mention Greece, Egypt and England, is a game that uses the "jockey" and "wreck" Jekyll Hyde changes in the ball.

Bocce is considered a "fast" game, requiring that the player be able to throw the ball with a perfect 25 for 25.

The game was banished by Henry IV to discourage gambling. It has variously been called Bocce and Lawn Bowling and Petanque with slightly different surroundings.

As bocce, it is played in alley-like courts that are 15 feet long, protected by low wooden or con-

crete sides and higher ends. Ideal is the court is clay, often dirt covered by five feet gravel, always smooth and even.

If a player uses a stance similar to bowling, one small ball, called a pallino, is tossed out, followed by each two person team rolling four slightly larger wooden balls after it. Points are scored by getting the balls closer to the pallino than opponents manage.

Methods of measurement vary. Some use a tape measure, others are more used to string or an expanding car aerial.

The sport is known to have caused bitterness among families, even leading to some cases of vendetta. Some marriage counselors have recommended that husbands and wives not play opposing teams at risk of this institutional bond-breaking.

Tournaments must have one of roles, but it is always a sore point since there usually at least a dozen versions of what to stand, how to throw the amount of jockeying, ad infinitum.

The tournament attracts a plethora of professionals, crafts and skills, doctors, journalists, advertising men, even some people, restaurants, dentists, gas station attendants, public officials, sheep herders, and even captains.

Last year, the Bocce Bowl of the United States was held in New Jersey, at the Sembrino Bocce Bowl, 1914 Lodi, Pa., and Lodi, Pa., will be the site of the final match.

As bocce, it is played in alley-like courts that are 15 feet long, protected by low wooden or con-

crete sides and higher ends. Ideal is the court is clay, often dirt covered by five feet gravel, always smooth and even.

At an interesting number of women are now participating, which may lead to some very wounded pride among the more macho in situations where luck can sometimes win out over years of practiced skill.

## Fiorito Molinari, 54; came here from Italy

A funeral Mass for Fiorito Molinari of Belleville and formerly of Nutley was offered Saturday morning at Holy Family Church. Interment was in the East Ridgeland Cemetery, Clifton.

Mr. Molinari was born 54 years ago in Italy and had resided in Nutley before moving

to Belleville 13 years ago. Surviving are his wife, Mrs. Maria Gingerelli Molinari; a daughter, Mrs. Antelina Montalto; a son, Annunziato; three sisters, Mrs. Palma Renni, Mrs. Anna Celico and Mrs. Guisepina Crocco, and five grandchildren.

## Miss Mary C. Martin, 80

Services for Miss Mary C. Martin, 80, a lifelong resident of Belleville, were held July 19 in the Hopping Funeral Home, Livingston.

Miss Martin died July 16 in

the East Orange Nursing Home. She is survived by two sisters, Mrs. Helen Riker and Mrs. Elizabeth Pastorino and three brothers, Thomas, George D. and William H.

## Obituaries

### Silvestro Limitone, 58; bricklayer, veteran

Silvestro Limitone, 58, of Belleville died July 17 in Memorial General Hospital, Union.

A Mass was offered July 19 in St. Lucy's Church, Newark, following the funeral from the Megaro Memorial Home, Belleville.

Limitone, a mason, worked for Local 16 of the Bricklayer's

Union in Newark for many years. He served in the Korean war as a member of the army. Born in Bari, Italy, Limitone lived in Newark before moving to Belleville 10 years ago.

He is survived by three daughters, Mrs. Tina Ferrulli, Miss Diane Limitone and Mrs. Michelle Capentino and four grandchildren.

### Ralph E. Transue, 80

A memorial service for Ralph E. Transue, 80, of Trussville, Alabama, formerly of Belleville, will be held Saturday, July 26 at 2 p.m. at Wesley United Methodist Church in Belleville.

Mr. Transue retired from New Jersey Bell Telephone Co. in 1970. He was a Past Master of Belleville Lodge No. 108 F & AM.

and was a member of the Wesley United Methodist Church, the Nutley Old Guard, the Men's Club of Belleville and was active with the Belleville Senior Citizens.

Surviving are his wife Florence, children Joan Bogdahn, Sandra Huston and Ralph Jr. and three grandchildren.

### Esther Pereles, 69

Esther Pereles of Belleville died July 2 at the Rudette Tomlin Memorial Hospital in Cape May Courthouse, New Jersey. She was 69 years old.

Funeral services were held at St. Mary's Roman Catholic Church in Nutley July 7. Funeral Director

was The Nutley Home for Funerals.

Mrs. Pereles was a homemaker married to husband John. Surviving are her husband, two daughters, including Miss Esther Pereles of Belleville, one brother and four sisters, and five grandchildren.

## Religious + Viewpoint

### A dead end bridge

By the Rev. Robert Paul

An eight lane bridge has recently been built over the Delaware River at the cost of \$10 million. This bridge was to connect with both the Delaware and Pulaski expressways in Philadelphia, Pa. However, the state of Pennsylvania has neglected to provide an access highway on its side of the river, so the bridge, which was to be dedicated in January, comes to a dead end and cannot be used for another two years.

How thankful we are that on the highway of life a bridge has been provided that does not come to a dead end, but can connect man with living God and the Lord Jesus Christ, if man will but trust himself to the bridge of God's provision.

In the Old Testament, a man by the name of Job longed for a "go-between," between himself and God; one "that might lay his hand upon us both." Job 9:32. He realized, as revealed in Isaiah 50:2, "Your iniquities have separated you between you and your God, and your sins have hid His face from you, that He will not hear."

How thankful we can be for our "go-between," for the One who can bridge that separation—the Redeemer, the Mediator. "For there is one God, and one mediator between God and men, the man Christ Jesus, Who give Himself a ransom for all," 1st Timothy 2:5. "Jesus said unto him, I am the way, the truth and the life; no man cometh unto the Father, but by me," St. John 14. "And by Him all that believe are justified from all things, from which you could not be justified by the law of Moses," Acts 13:39.

If you personally placed your trust in the Lord Jesus Christ, you need not fear lack of access at the other end of the bridge. "For through Him (Christ) we both (Jew and Gentile) have access by one Spirit unto the Father," Ephesians 2:18. And not only so, but we have boldness and confidence by the faith of Him," Ephesians 3:12.

If your life seems to be leading you on to this dead-end bridge, then listen to the words of scripture: "But as many as received Him," to them gave He power to become the sons of God, even to them that believe on His name," St. John 1:12.

### STAND UP AMERICA!

By The Rev. Gerald A. Fortunato  
Silver Lake Baptist Church

I've pondered a question that searches my soul,  
Yet, no answer seems clearly defined.  
Will history record that America survived  
The seething unrest of our time?

Or, have we as a Nation, finally arrived,  
At the crest of the mountain we climb  
With nothing left to be written of us  
But the tragedy of the nation's decline?

It has happened to EVERY great nation before,  
NOT ONE has avoided the curse.  
And there's no assurance that we are exempt,  
Their fate - could be ours - or worse!

Wake Up! America, we shout in despair,  
As we view the torment of change,  
Crime in the streets - warfare against law,  
Perversion and filth born of greed!

"Must we eat our own flesh - and drink our own blood,  
To assuage this great lust to destroy?  
For the right to dissent and the will to reject,  
What has made us - whatever we are?"

God forbid! The price is too great to be paid,  
By those who are yet to be born,  
Let's give them the chance that our fathers gave us,  
In a Nation, UNITED and strong!

"STAND UP!! AMERICA!" let your voices be heard,  
Reject those who destroy with their hate,  
God can bless this great land, if TOGETHER WE STAND,  
Let's pray we're not already too late!

### THOUGHT FOR TODAY

#### Sometimes

If times are hard, and you feel blue,  
Think of the others, worrying too,  
Just because your trials are many,  
Don't think the rest of us haven't any.  
Life is made up of smiles and tears,  
Joys and sorrows, mixed with fears,  
And though to us it seems one-sided  
Trouble is pretty well divided.  
If we could look in every heart,  
We'll find that each one has his part  
And those who travel fortune's road  
Sometimes carry the biggest load.

## Fiorito Molinari, 54; came here from Italy

A funeral Mass for Fiorito Molinari of Belleville and formerly of Nutley was offered Saturday morning at Holy Family Church. Interment was in the East Ridgeland Cemetery, Clifton.

Mr. Molinari was born 54 years ago in Italy and had resided in Nutley before moving

to Belleville 13 years ago. Surviving are his wife, Mrs. Maria Gingerelli Molinari; a daughter, Mrs. Antelina Montalto, a son, Annunzio; three sisters, Mrs. Palma Renni, Mrs. Anna Celico and Mrs. Giuseppe Crocco, and five grandchildren.

## Miss Mary C. Martin, 80

Services for Miss Mary C. Martin, 80, a lifelong resident of Belleville, were held July 19 in the Hopping Funeral Home, Livingston.

Miss Martin died July 16 in

the East Orange Nursing Home. She is survived by two sisters, Mrs. Helen Riker and Mrs. Elizabeth Pastorino and three brothers, Thomas, George D. and William H.

## Obituaries

### Silvestro Limitone, 58; bricklayer, veteran

Silvestro Limitone, 58, of Belleville died July 17 in Memorial General Hospital, Union.

A Mass was offered July 19 in St. Lucy's Church, Newark, following the funeral from the Megaro Memorial Home, Belleville.

Limitone, a mason, worked for Local 16 of the Bricklayer's

Union in Newark for many years. He served in the Korean war as a member of the army. Born in Bari, Italy, Limitone lived in Newark before moving to Belleville 10 years ago.

He is survived by three daughters, Mrs. Tina Ferrulli, Miss Diane Limitone and Mrs. Michelle Capento and four grandchildren.

### Ralph E. Transue, 80

A memorial service for Ralph E. Transue, 80, of Trussville, Alabama, formerly of Belleville, will be held Saturday, July 26 at 2 p.m. at Wesley United Methodist Church in Belleville.

Mr. Transue retired from New Jersey Bell Telephone Co. in 1970. He was a Past Master of Belleville Lodge, No. 108 F & AM

and was a member of the Wesley United Methodist Church, the Nutley Old Guard, the Men's Club of Belleville and was active with the Belleville Senior Citizens.

Surviving are his wife Florence, children Joan Bogdan, Sandra Huston and Ralph Jr., and three grandchildren.

### Esther Pereles, 69

Esther Pereles of Belleville died July 2 at the Burdette Tomlin Memorial Hospital in Cape May Courthouse, New Jersey. She was 69-years old.

Funeral services were held at St. Mary's Roman Catholic Church in Nutley July 7. Funeral Director

was The Nutley Home for Funerals.

Mrs. Pereles was a homemaker married to husband John. Surviving are her husband, two daughters, including Miss Esther Pereles of Belleville, one brother and four sisters, and five grandchildren.

## Religious + Viewpoint

### A dead end bridge

By the Rev. Robert Paul

An eight-lane bridge has recently been built over the Delaware River at the cost of \$110 million. This bridge was to connect with both the Delaware and Pulaski expressways in Philadelphia, Pa. However, the state of Pennsylvania has neglected to provide an access highway on its side of the river, so the bridge, which was to be dedicated in January, comes to a dead end and cannot be used for another two years.

How thankful we are that on the highway of life a bridge has been provided that does not come to a dead end, but can connect man with living God and the Lord Jesus Christ, if man will but trust himself to the bridge of God's provision.

In the Old Testament, a man by the name of Job longed for a "go-between," between himself and God, one "that might lay his hand upon us both." Job 9:32. He realized, as revealed in Isaiah 50:2, "Your iniquities have separated you between you and your God, and your sins have hid His face from you, that He will not hear."

How thankful we can be for our "go-between," for the One who can bridge that separation—the Redeemer, the Mediator. "For there is one God, and one mediator between God and men, the man Christ Jesus. Who gave Himself a ransom for all." 1st Timothy 2:5. "Jesus said unto him, I am the way, the truth and the life: no man cometh unto the Father, but by me." St. John 14. "And by Him all that believe are justified from all things, from which you could not be justified by the law of Moses." Acts 13:39.

If you personally played your trust in the Lord Jesus Christ, you need not fear lack of access at the other end of the bridge. "For through Him (Christ) we both (Jew and Gentile) have access by one Spirit unto the Father." Ephesians 2:18. And not only so, but we have boldness and confidence by the faith of Him." Ephesians 3:12.

If your life seems to be leading you on to this dead end bridge, then listen to the words of scripture: "But as many as received Him, to them gave He power to become the sons of God: even to them that believe on His name." St. John 1:12.

### STAND UP AMERICA!

By The Rev. Gerald A. Fortunato  
Silver Lake Baptist Church

I've pondered a question that searches my soul.  
Yet, no answer seems clearly defined.  
"Will history record that America survived  
The seething unrest of our time?"

Or, have we as a Nation, finally arrived.  
At the crest of the mountain we climb.  
With nothing left to be written of us.  
But the tragedy of the nation's decline?

It has happened to EVERY great nation before.  
NOT ONE has avoided the curse.  
And there's no assurance that we are exempt.  
Their fate—could be ours—or worse!

Wake Up! America, we shout in despair.  
As we view the torment of change;  
Crime in the streets—warfare against law.  
Perversion and filth born of greed!

"Must we eat our own flesh—and drink our own blood,  
To assuage this great lust to destroy?  
For the right to dissent and the will to reject.  
What has made us—whatever we are?"

God forbid! The price is too great to be paid.  
By those who are yet to be born.  
Let's give them the chance that our fathers gave us.  
In a Nation, UNITED and strong!

"STAND UP!!! AMERICA!" let your voices be heard.  
Reject those who destroy with their hate.  
God can bless this great land, if TOGETHER WE STAND.  
Let's pray we're not already too late!

### THOUGHT FOR TODAY

### Sometimes

If times are hard, and you feel blue,  
Think of the others, worrying too;  
Just because your trials are many.  
Don't think the rest of us haven't any.  
Life is made up of smiles and tears,  
Joys and sorrows, mixed with fears.  
And though to us it seems one-sided  
Trouble is pretty well divided.  
If we could look in every heart,  
We'll find that each one has his part  
And those who travel fortune's road  
Sometimes carry the biggest load.

If your money doesn't earn these High Rates

**NOTICE TO BIDDERS**

The following sealed proposals will be received by the Secretary School Business Administrator prior to the opening of bids at the time set forth below:

**BY ORDER OF THE BOARD OF EDUCATION,  
OF THE TOWNSHIP OF BELLEVILLE  
COUNTY OF ESSSEX, NEW JERSEY**  
**(Edward J. Appleton, Board Administrator)**

**SCHOOL BUS REPAIRS**

Belleville Township  
P.O. Box 748  
Fair, N.J. 08625  
Fee \$15.00 per bid.  
No. B86-257

**ADVERTISEMENT FOR BIDS**

SEALED proposals will be received by the Board of Education of the Township of Belleville, County of Essex, State of New Jersey, until August 4, 1986, at 10:30 AM an opening time for Computer Paper Supplies.

Specifications and full information may be obtained upon application to the Office of the Secretary School Business Administrator, Board of Education Administrative Office Complex, P.O. Box 748, Belleville, New Jersey 07009 prior to the time set for opening of the bids.

All bids will be considered, regardless of past work, unless it is in the hands of the Board Secretary prior to the time set for the opening of bids.

No bid shall be considered as a contract award by a certified check or bid bond drawn to the order of the Belleville Board of Education for 10% of the total bid.

The Board of Education reserves the right to reject any or all bids and/or to accept the bid which it deems most advantageous.

**CASH ON DELIVERY - FURNISHED**

The Board of Education has received from the Board of Commissioners of the Township of New Jersey, on July 26, June 1986 grant variations for a depth of 43.8 ft. on lot 12, 12 feet on lot 11 and 12 feet on lot 6 with the following conditions:

1. To show retaining walls on revised Site Plan.

2. Moving the proposed lot line as shown on the plan one foot to the east.

3. Appraisal Firm - Township Engineer requires the existing proposed excavation grading and drainage.
