Ten cars stolen per week

Township weathers onslaught of Essex car-theft epidemic

By Christopher Bilani

Sometime today, somewhere in Belleville, an automobile will be stolen.

According to statistics released by the Belleville Police Department, Bellevillians reported 30 stolen cars for the first 20 days of October, a rate of about three auto thefts every two days.

Although most of the cars are being recovered — many in neighboring Newark — owners are sad

ly discovering that the car they get back is not the same as the one they lost.

The radio's gone. The wheels are gone. Seats, an air conditioning unit, engine parts — all gone.

Belleville Police Chief George Lister said. The trend over the years has been away from taking a car for anything. Now they take the cars for dismantling.

Lister said that from the arrests his department has made, he has

learned that organized crime rings are behind many of the thefts.

"They'll pay up to \$1,500 for a late model car, which entices an employed suvener to 'steal cars to order,'" he explained.

Teens, Lister adds, can rob automobiles fearlessly since they are often released without detection to the custody of their parents if they would be apprehended.

Township car thefts drop.

"Although the number of stolen cars in Belleville is dropping, the actual numbers for September and October of this year represent a decline over the same months last year."

While 14 vehicles were stolen in the township in September 1986, there were 47 such thefts in September 1985. As of October 20, 1986 there were 30 auto thefts for the month, which is running slightly behind last year's October tally — 50 for the month.

Comparing regional figures, one can draw the conclusion that Belleville is a well-protected township. While 440 automobiles were reported stolen within our boundaries in 1985, Irvington reported an astounding 1,545 auto thefts. East Orange, another municipality that borders Newark, logged 1,835 auto thefts last year.

And what of Newark? The City's residents reported an almost unbelievable 10,790 automobile thefts — nearly 1000 per month. In other words, the amount of cars stolen in Belleville in an entire year is about the same as what is stolen from our southern neighbor every two weeks.

Township theft pattern changes.

Chief Lister said the areas with the most auto thefts (occur appear to have shifted).

Our pattern has changed. Most of the thefts used to occur in the Silver Lake area. Now it's over in the Valley section.

One reason for the influx of stolen cars in the Valley — the Main Street mall.

Lister pointed out that a good percentage of car thefts reported in the Valley section actually take place at the K Mart and Grand Union malls, and not always to Bellevillians. Out of town shoppers have also suffered the sting of a car theft.

Malls definitely lead to an increase, Lister said, pointing out that Wayne, with its two giant malls, suffered 741 car thefts in about 200 more than in Belleville.

Lister said Belleville's central position along the Paterson-Newark Route 21 corridor may also be a factor in the increase of car thefts.

At the north end of Route 21 the City of Passaic suffered 736 car thefts last year while Paterson, directly to the north of that city, suffered 1,820.

As many Belleville police officers ruefully acknowledge, Route 21 makes for an easy escape route back to New Jersey's urban centers following a committed crime in Belleville.

Holiday rise predicted.

The chief said that the holidays are a time when crime in general increases, especially thefts at malls.

He expects more cars to be stolen from the Grand Union-K Mart and two Pathmark malls.

Curiously, cars are seldom stolen from the Channel mall in the center of town. One reason for

(continued on page 8)

Belleville Police Department

Neighborhood Watch Meeting

The Neighborhood Watch Program of the Belleville Police Department will hold a meeting at 383 Washington Avenue, October 29 at 7:30 p.m.

All Neighborhood Watchbook captains and participants are encouraged to attend. The general public and those interested in joining the program are also invited.

Among the topics which are to be covered at the next meeting, are a discussion of alarm systems and how they can minimize the risk of being victimized by crime.

The Neighborhood Watch Program is coordinated by Belleville Police Captain Michael Petrillo and Detective Robert Pulio.

Repaving Program Planned

'Moon Surface' roads may get new asphalt

By Howard Klausner

Help is on the way, after more than 20 years of waiting, for Malone Avenue.

Residents of the street have protested to the town that the street has been patched and treated band-aid style for the past 20 years, ever since a utility pipe was laid down its center, but never repaved.

The area has taken on the appearance of the surface of the moon, but officials are now taking action.

Commissioner Joseph A. Grubbs has put in a request for a bond issue of \$807,000 to finance the repaving of several streets and Malone Avenue between Washington and Union Avenues is on the list of roads to be fixed.

In fact, according to Assistant Town Engineer Peter Kiernan, it is the second project on the list.

The first project is Line Street between Union and Washington Avenues. Then comes Malone Avenue between the same avenues.

Overlook Avenue and Lippard Avenue, also between Union and Washington Avenues are scheduled next in that order.

Following this, Forelawn Street will be repaved from Union Avenue to the town line. Charles Street, Garden Avenue and New Street will also be repaved in that order.

Kiernan estimates that if the bond issue is approved, the work can be done on Malone Avenue before the summer of 1987.

Scheduled recycling scrapped

The Belleville Board of Commissioners voted on Tuesday, October 14, 1986 to cancel the proposed newspaper recycling collections. It was decided that the costs and overall operation of the program should be reviewed by the Commissioners.

Halloween safety program

Operation candy sweep

Commissioner Ralph J. DiRuggiero, Director of the Department of Public Safety, announced today "Candy Sweep." Parents may bring their children's Halloween candy to Police Headquarters to be checked for any metal objects, such as razor blades, metal shavings, etc.

DiRuggiero said, "I do not anticipate any problems this Halloween. Our general safety record has been good in the past years, but precautionary measures, such as this program will serve to keep our safety record in tact."

This public service of the Belleville Police Department will be in effect from 3:30 p.m. till 9:00 p.m. on Friday, October 31st, and all day Saturday, November 1st.

As always, Commissioner DiRuggiero suggests that children should not accept loose candy or apples, but only packaged goodies.

Parents and children should observe all safety rules and regulations especially when crossing streets.

The Department of Public Safety wishes all our children a safe and happy Halloween.

From lemons to pumpkins — Just as the coming of autumn is marked by the re-opening of Jackie's Lemon Ice stand, so too is the coming of autumn marked by the stand's product line switch from lemon ice to pumpkins. Pictured are owner Jackie Rega's niece Emily Gagliano and son Anthony. (Photo by Christopher Bilani)

Belleville woman is robbed by knife-wielding teenagers

A 38-year-old Belleville woman was mugged without injury by two youths, one of whom held a knife up to the woman's throat. Annabelle Capaccio of Franklin Avenue had parked her garden apartment complex early in the afternoon of Monday, October 20, according to a Belleville Police Department spokesman.

When she returned to the car, the spokesman said, she

was approached by two Hispanic males. One grabbed her and held a knife to her throat. After taking her money, they fled via the adjacent railroad tracks.

The youths were described by the victim as being '18 or 19' but police believe there is a chance they could be juveniles. The youths were further described as follows:

Suspect one is 5'6" with a dark complexion, shoulder length brown hair, and was wearing

blue pants and a blue jacket. Suspect two is 5'8" also with a dark complexion, and brown hair, but was wearing brown pants and a tan shirt.

Officers Frank Malfatto and Vincent Linfante were the patrolmen who responded to the call.

Investigating the case is Detective Joseph Rotunda. At press time no arrests had been made.

By Christopher Bilani

Looking up? — Belleville school officials say the situation is getting serious at the Belleville Middle School on Washington Avenue.

The six-five year old building needs a \$3 million renovation, according to a Newark architectural firm.

Pictured left to right are two examples of the cracks, water marks, and bubbled plaster caused by water seepage. According to Board of Education President Phil Linfante, much of the problem has been dealt with in "hand-aid" fashion, pending future major renovations. (Photos by Christopher Bilani)

Halloween windows to turn Avenue into a spooky teen art gallery

Halloween windows will be a new art form in Belleville.

The Belleville Chamber of Commerce in conjunction with the Middle School and Belleville High School will be painting Halloween scenes on our merchant's windows. The results will be bright and festive. The public is invited and encouraged to come and view the young artists while they are painting.

Painting will begin on Monday, Oct. 27 through Wednesday, Oct. 29 between noon and 4 p.m. Exhibiting begins Thursday, Oct. 30 to Saturday, Nov. 1st.

Judging and awarding of prizes will be held Saturday, Nov. 1.

The following merchants are participating: Belleville Shoes, Belleville Tee Party, Sherman's, The Laundry Room, Fran's Gifts, Cleaners, Jovial Cards & Gifs, Michael V's Luncheonette, Michael's Mens Wear, Panno Bros., Charles Jewelers, Karl's Appliances, Spinosa Music, 3 Guys from Italy, Troise Insurance, Flemings Restaurant Supply, Rossmore Pharmacy, Frankie's Flicks, Yudin's on Washington Ave. and Dancesation on Union Ave.

K Mart Corp. donated brushes and cups for the project. Paint and brushes were also donated by Yudin's Glass and Frame Shop. The Belleville Chamber of Commerce welcomes all to attend and come out and encourage these young artists from Belleville.

Junior Women to host 1986 Halloween parade

The Junior Woman's Club of Belleville will sponsor its annual Halloween Parade on Sunday, October 26. The event will be held at School 3 gymnasium. Children between the ages of one and six are invited to appear in costume at 1 p.m. Judging for the seven to twelve year old group will begin promptly at 2 p.m. Prizes will be awarded for outstanding costumes.

For more information about the Junior Woman's Club of Belleville please call 759-6529.

Cathedral to ring with organ recital

David Messineo, Associate Director of Music at neighboring North Newark's Cathedral of the Sacred Heart will present an Organ Recital on November 4, 7:30 p.m. at the Cathedral. This is the second in a series of four organ recitals to be presented as part of the Cathedral Concert Series.

Organist Messineo's program will include: Fantasia from "Good Friday Music" from Parsifal by Richard Wagner.

Prelude and Fugue in D Major J.S. Bach, Fantasia in F Minor, Mozart, Air with Variations, Leo Sowerby, Rhapsodia Sacre, Eric Schmidt, Pomp and Circumstance, Edward Elgar, Symphony, Gothicque, Charles Marie Widor, and Finale from Symphony VI by Louis Vierne.

Messineo is currently pursuing his Doctorate in Organ Performance at Indiana. He is a member of the American Guild of Organists from whom he received a Choirmaster certificate. He will perform on the Cathedral's Great Schantz Organ, which consists of nine divisions, two consoles and over 8,500 pipes which comprise 141 ranks and is the second largest organ in the State of New Jersey.

A suggested donation of \$5.00 is requested. The proceeds will go toward the rebuilding of the Organ at the Cathedral. For further information call 7201 484-4600.

Junior Women host Card Party

The GFWC Past President's Club, 8th District, N.J. State Federation of Women's Clubs held its annual Card Party and Chinese Auction at the Jersey City Women's Club on October 22.

Mrs. Richard Shaffer of Belleville participated in chairing the event.

Mrs. Chaney Keeney of Belleville was in charge of hospitality while Mrs. Shaffer was in charge of the Chinese Auction.

Club president, Mrs. Spadavere, chair of Hoboken said the proceeds will be used to support charitable work for blind and retarded children.

BHS guidance night hours

The Belleville High School Guidance Department will be available over the dinner hour according to the schedule shown below. The office will be open between the hours of 4 and 7 p.m. for the convenience of parents and students who cannot visit a counselor during the day.

COLD FACTS

Each year over 20 million sports related injuries were reported in the U.S. Most sports injuries are strains, sprains, or bruises. A good rule of thumb for treating these types of injuries is to apply ice to the injured area as soon as possible. Next, wrap the injured area with an elastic bandage. Keep the injured area elevated. To day, there is a wide variety of ice bags from which to choose. The most handy kind is one to which ice cubes are added. Another type has a gel in it. This is placed in the freezer until it is needed. The chemists we speak of in our package with two reusable chemicals in it. To use, simply purchase the inner package and the two chemicals mix together to produce an instant cold pack.

Keep in mind for all your prescription needs. We have a complete prescription department at ROSSMORE PHARMACY 338 Washington Ave. 759-1908, 759-1956. Baby needs, greeting cards, cosmetics, toiletries, and gift items are stocked. Hours: 9 am-10 pm daily, 9 am-9 pm Sunday. Have a safe Halloween. Use make-up, rather than masks, carry a flashlight, stay on the sidewalk or side of the road and only visit homes of people you know.

HANDY HINT:

An instant bandage is not meant to be stretched tight around the injured area. Compression should be minimal.

For a change... let your house work for you!

Senior Chief Joseph Hamlich

Earned 18 medals

Senior Chief Hamlich retires with honors

A retirement ceremony was held at the U.S. Naval Reserve Center in neighboring Kearny on October 5 for Senior Chief Joseph Hamlich, longtime resident of Belleville.

Senior Chief Hamlich served 42 years in the Navy and the Naval Reserve. Chief Hamlich joined the Navy at age 17 and saw action in both European and Pacific theaters of World War II.

Hamlich earned 18 medals, numerous citations, and most recently received the Navy Medal of Achievement. He also received a letter of appreciation on behalf

of the President, Secretary of Defense, Secretary of the Navy, and Chief of Naval Operations, and was the recipient of an American flag flown over the U.S. Capitol in his honor at the request of U.S. Senator Frank Lautenberg.

Chief Hamlich was further honored at a dinner on October 11 attended by officers, enlisted men and women of Military Transportation Unit 104 of the Military Sealift Command under Lt. Allen, as well as family and friends.

Hamlich is an assistant vice president at Merrill Lynch in Wayne, New Jersey.

Bi-partisan event planned

Coleman is toastmaster at Amato brunch rally

Leonard S. Coleman Jr., state community affairs commissioner, today accepted the invitation to serve as toastmaster at the county-wide Nov. 2 breakfast victory rally for Republican candidates Nicholas Amato, county executive, and Earl Harris, surrogate.

Coleman won't be the only representative of Gov. Thomas Kean's cabinet to take part in the Sunday morning Nov. 2 breakfast planned for the Quality Inn former Military Park Hotel, according to Carl Orechio of Nutley, general chairman of the rally.

"More than 1,000 friends of Judge Amato and Councilman Harris will be at the breakfast rally," Orechio said. The event is being sponsored by "Friends of Amato Harris" committee, all of which are available in every county municipality through Republican

county committeemen or by telephoning the chairman, James Piro, at 661-0710.

Freeholders and area members of congress who have endorsed Amato and Harris will be among the participants. Speakers include Congressman Dean Gallo and Matthew Rinaldo.

Gov. Kean has been invited to give the keynote address at the rally scheduled to begin Nov. 2 at 7:30 a.m.

The event will be spectacular, complete with a band, balloons, convention style pole banners and delegations representing every suburban community and all five wards of the city of Newark, Orechio said.

The coordinating "Friends of Amato Harris" committee is bi-partisan with roughly an even number of Democrats and Republicans.

"It's time for a change."

Nick Amato, County Executive

Governor Tom Kean

Earl Harris, Surrogate

"Taxes have gone up every year since Peter Shapiro has been Essex County Executive.

It's time to put a stop to overspending and high taxes...it's time for new leadership...it's time for a change."

—GOVERNOR TOM KEAN

NICK AMATO. Nick Amato has a proven record of accomplishment in county government as three term judge of the Surrogate Court.

A life-long resident of Essex County, Nick is a graduate of St. Peter's College and Seton Hall University Law School. He was admitted to practice before the New Jersey State Bar, the New Jersey Supreme Court, the United States District Court for New Jersey and the United States Supreme Court.

Nick was the youngest person ever elected Surrogate in the county of Essex and the only incumbent ever to win re-election.

Nick served as a municipal township attorney and prosecutor and, at the age of 27, was one of the youngest attorneys appointed to such a position in the State of New Jersey.

Nick Amato is committed to making Essex County government the very best managed government in the State of New Jersey. It can be. It should be.

EARL HARRIS. Earl Harris served as an Essex County Freeholder and President of the Newark City Council from 1974 to 1982. He currently serves the City of Newark as an at-large councilman.

Earl Harris' career has been marked by a special concern for people. He is a strong proponent of tenant rights and security measures for apartment dwellers.

Earl Harris has the necessary knowledge, experience and dedication to be Essex County's next Surrogate.

A time for truth

For the past six months, the public has witnessed a running battle between the Essex County Board of Chosen Freeholders and Essex County Executive Peter Shapiro. When Shapiro took office he inherited an \$18 million surplus—cash in the bank—and NO HIDDEN, UNPAID BILLS!

The Essex County taxpayers—that includes you and me—have been subjected to a property tax increase levied by Peter Shapiro—the likes of which we have never seen in the history of this county. The overall tax bill went up \$40 million, equating to 22 points. Mr. Shapiro points an accusing finger at the Board of Freeholders. The Board of Freeholders accuses Peter Shapiro of hiding from public view, a pile of unpaid bills, accumulated during the past three years, (done in preparation for his run-for Governor,) which the State forced Shapiro to include in this year's budget.

Where does the truth lie?

Despite the fact that Shapiro has been running Essex County with a deficit every year for the past four years—and despite the \$40 million increase in taxes this year, Peter Shapiro is at this very moment running the county with a projected 1986 deficit of more than \$10 million! But for the kindnesses of the Essex County Board of Freeholders, Shapiro's 1986 budget would have been increased \$90 million instead of the \$40 million already assessed against taxpayers. There is a \$50 million "Tax Anticipation Note" which started out on March 30, 1984 as \$30 million, rolled over June 1, 1984 in the amount of \$40 million, renewed on March 1, 1985 for \$50 million and rolled over on March 17, 1986 for the same \$50 million—and now due on March 10, 1987!

If the Board of Freeholders did not agree on March 17, 1986 to roll over the \$50 million due, the taxpayers of Essex County would have been faced with a \$90 million tax increase instead of the \$40 million. If Shapiro's 1986 budget was more on the mark, the amount taxpayers would have been asked to fork up in 1986 would have been \$100 million to make up for the projected \$10 million deficit being incurred in the present year.

These facts cannot be contradicted by the utterings of a cosmetic candidate whose record proves he is not to be trusted with the authority to spend taxpayers' money. When will the deficits stop? When voters take Shapiro's hands off the check book!

Greenwich Street Art Show

Edward Brett, the director of Yudin's Art Supply on Washington Avenue, has an intriguing idea. He'd like the township to close off Greenwich Street from Town Hall to William Street so that an art fair could be held there once a year.

Logistically that wouldn't be too difficult. The thoroughfare is a small one-way that is not heavily travelled. Aside from the "artsy" name, Greenwich Street is further suitable for this purpose since Yudin's back parking lot is on the block.

In his Annual Budget Message delivered January 16, 1986, Peter Shapiro said, "The 1986 budget which I present today is a bad news budget, because, after all, bad news is what we know we're getting from the Federal government. And we cannot ignore it. The budget I propose requires a tax increase."

On May 21, 1986, the bi-partisan nine-member Board of Freeholders, very concerned over the financial state of Essex County, and believing Mr. Shapiro's budget proposal to be very deceptive, wrote as follows to Mr. Barry Shokowski, Director of New Jersey Local Government Services:

"Based on its budget hearings this year, the Essex County Board of Chosen Freeholders believes that, hidden deep within the Executive's proposed 1986 budget, there exists a massive budget deficit consisting of unpaid bills the county owes to vendors, utilities, etc."

In view of the foregoing statement made May 21, 1986 by the Essex County Board of Chosen Freeholders—and the fact that currently, there is a projected deficit of more than \$10 million, it is clear where the truth lies. The bi-partisan Essex County Board of Freeholders—all seven Democrat members and two Republican members have been telling the truth.

Peter Shapiro's intellectual dishonesty and duplicity in playing games with "tax rate" numbers as opposed to telling us the truth that our taxes have gone up every year since he has been in office, leads to the conclusion that Mr. Shapiro is unfit to be trusted with taxpayers' money—let alone be re-elected as County Executive.

Four years ago, we asked readers to return Peter Shapiro as Essex County Executive using the following remarks, "Essex County Executive Peter Shapiro is seeking re-election on a record unusual in politics—he has kept his promise—he has kept his word." Sadly, four years later—today, we must tell you that he has accumulated a tarnished record, he has not kept his promise, he has not kept his word, he has deliberately misled the voting public.

Shapiro's campaign slogan should be "Fake it 'till you make it!"

This is a time for truth. A vote for Nick Amato as County Executive sends a message to all elected officials, that they had better tell the truth if they want to continue in office.

A spring-time art fair in Belleville is a wonderful possibility, a shot-in-the-arm for the lower Washington Avenue district that would attract people from all over Essex and beyond.

In short time, we believe, the Greenwich Street Art Show which Mr. Brett proposes could become a major artistic event.

Perhaps with the input of municipal officials, the Belleville Public Library and other township cultural groups this intriguing proposal will become a springtime reality.

Reverend 'Thinks Aloud'...

To the editor:

Rev. Na and Wesley thank you for your quick response, interview and publication on the new ministry at Wesley. The Church family of Wesley was pleased with the presentation and Rev. Na would like you to know that the picture was complimentary.

I am enclosing a few thoughts written by Rev. Na for your perusal and hope they will be satisfactory. They are short, simple and direct. The title will be possible "Thinking Aloud." Thank you.

Sincerely in Christ
Anne Matthai, secretary
Wesley United Methodist Church
Belleville

Editor's Note: "Thinking Aloud", Reverend Na's new column, debuts this week in our Religious Viewpoints feature. Other area pastors interested in submit-

ting originally written inspirational articles, may address same to Belleville Times Editor, 155A Washington Ave., Belleville, N.J. 07109.

Letters to the Editor

Endorses Amato...

To the editor:

I am sure you are interested in good government as I am and it is for that reason I write you recommending that you consider the candidacies of Councilman Earl Harris for Essex County Surrogate and Judge Nicholas Amato, for County Executive.

I have known these two fine gentlemen since their entrance on the political scene many years ago and have followed their impeccable careers in public office.

Both men have earned the admiration and respect of the voters and taxpayers of Essex County.

I need not remind you of the issues being debated in the race for County Executive. The media reminds us almost daily of the higher taxes we're being forced to pay because of the incompetence evidenced by our present County Executive.

His lack of candor and his inability to get along with the legislative branch of our County Government has led to chaos and higher taxes.

We just cannot afford four more years of the present administration—we must vote for a change to improve County Government and stop the increasing cost of its administration.

We can accomplish this by voting for all the candidates on Line B when we cast our votes on Tuesday, November 4, 1986.

Councilman Earl Harris for Surrogate, and Judge Nicholas Amato for County Executive. For Congress in the 7th District, it's Congressman Matt Rinaldo. In the 8th, it's Tom Zampino, and in the 11th District, it's Congressman Dean Gallo.

Carl A. Orechio

We spoke, they listened...

To the editor:

When citizens speak, expressing their opinion, we must conclude that our Town fathers do listen. Let me explain why I now feel this way, and perhaps you should also.

A number of residents approached Commissioner Grande with a complaint that residents of neighboring towns were "taking" the parking spaces in their area, because these people are forbidden to park "overnight" by ordinances of their towns. These residents of Belleville proposed to Commissioner Grande, that he introduce an Ordinance requiring "deals" for all Belleville residents, permitting them to park "overnight" on Belleville streets.

Had nobody been at this meeting, or just a few, there is no doubt that the Ordinance would have passed as introduced. Instead this is what happened. Numerous "concerned citizens" addressed the commissioners with objections, such as: "The additional burden on our police department to enforce compliance with this Ordinance," "How are the deals going to be distributed, by mail, by appying for them at Town Hall, etc.," "What happens when my children/parents/guests staying overnight park in front of my house," etc. etc. When the Commissioners heard these comments, and many, many more, in the form of objections, they realized, what had seemed a good idea (to provide relief from an alleged inconvenience for some residents) when weighed against the cost to administer and the hardship on the vast majority of Belleville's citizens, they "killed" the proposal (Ordinance) right there and then.

Also on the agenda, an Ordinance to amend chapter XXII, recycling of waste materials, providing penalties for the violation thereof.

While all of us recognize the need to do something about our excessive waste, the procedure to address this problem in the form proposed to the town fathers, was unacceptable to many speakers in attendance. Upon questioning we learned that because of the proposed method, the taxpayer would be saddled with an estimated cost to administer the program of \$48,000, while receiving only some \$10,000 back in return from the proceeds of waste paper, (a bad deal for Belleville, since there is towns realizing a profit or at least breaking even). In addition,

should you or someone in your household, like a child, fail to separate your waste materials, bottles, cans, paper, etc., there is the penalty provision for violating the Waste Materials Ordinance.

What was particularly distasteful was the threat, injected by the individual who put "the package together" that failure to pass this Ordinance may result in having to ship our garbage to Ohio! Did you ever?

As a result of the citizens objections, aired at the meeting, this Ordinance "was tabled." In other words, "going back to the drawing board." With the expectation, that with input from the citizens of Belleville, a more reasonable solution will be found, instead of a solution of just five citizens (commissioners). What I am trying to say is, in the vernacular, "two heads are better than one," and this perceiving to decisions made by our commissioners in the past, when they did not have the benefit of the input of a sufficient number of Belleville citizens, (citizens did not attend the town meetings where the decisions are implemented, in sufficient numbers.)

In conclusion, I must ask myself, and again, so should you, "What if we" meaning a representative body of citizens had attended the town meetings, in sufficient numbers, on a regular basis in the past, the "Taj Mahal" project never would have materialized, assuming of course if we, the citizens had been advised of the plans, which in fact we were not, nor was the planning board, a mandate of under N.J. State statutes, governing Commission Form of Government.

Judging from the proceedings at the last town meeting, we can now hope they (the commissioners) will also listen to the "concerned citizens" proposal as an alternative to spending \$5 million (an obscene amount many citizens believe) to provide "elbow room" for our Public Safety Department. The alternative, designating the entire Town hall building as a Police Headquarters, since this facility already has the jails and municipal court chambers. Next, housing ALL other departments in the extremely under-utilized School I building, currently "occupied" by the Board of Education. For shame for sure, if this rational alternative were to be cast aside without comment or consideration.

Cornelius P. Vander Zwan

Banking and the elderly

Many people find the expanding financial services offered by banks and Savings and Loan associations confusing because of new services available and increasing charges for those services, along with changing policies which contribute to undermining public confidence. Long lines to transact routine business, rapidly increasing costs and the imposition of exorbitant fees for overdrafts, money orders or, in some cases, an extra charge for services of a teller rather than an automatic teller machine.

Golden Comments

James R. Golden

Lawmakers in some states have called a halt to objectionable practices by limiting check hold periods, requiring banks to provide basic accounts—so called "Lifetime Accounts"—at low or minimal costs to low income persons, requiring uniform disclosure of annual fees, rates of interest, and availability of grace periods in all credit card solicitations and advertisements, placing a cap on credit card interest rates and providing reasonable annual user fees while requiring financial institutions to be more responsive to the needs of the "local" community through community reinvestment.

Deregulation of the financial industry, which began in 1979, has increased competition and spawned widespread confusion among all consumers. Recent banking and savings and loan crises, as well as increasing public awareness of the precarious financial condition of numerous institutions, remind many elderly of the Great Depression, when they saw many revered banks fail and are skittish about current developments.

In addition to their heightened sense of caution, many elderly on fixed incomes find skyrocketing costs of banking too burdensome for their budgets. Many banks, for instance, are now charging for services and products that used to be free or inexpensive.

Other barriers to service for the low income consumer are minimum balance requirements on basic accounts and the practice of demanding large initial deposits, even upon an account.

Another problem that affects all consumers, but his low income retirees especially hard, is the long "hold" that many banks place on checks, even government checks, before customers can have access to their money.

For those institutions that offer credit cards, annual fees are being imposed or increased, grace periods are being eliminated and interest rates are much higher than prevailing lending rates.

The Wall Street Journal reports that at a time when interest rates are at their lowest levels in nearly a decade, bank credit card rates have actually increased slightly, on a national average.

The American Association of Retired Persons (AARP) believes that the public, especially the older consumer, needs to have accurate, easy-to-understand information about financial products and institutions so people can compare companies and choose which services best suit their needs.

They also feel that financial institutions should guarantee basic service for low income persons, regardless of their age. Basic banking accounts should be made available to those who need them and that older consumers also need to be protected from abusive banking practices. To this end, financial institutions should be required to limit the amount of time that checks can be held, and that fees for overdrafts charge be made reasonable.

To further increase options for consumers, provisions should be made for insurance companies and department stores to operate limited service "consumer banks" provided adequate safeguards were in place, such banks would be allowed to serve the needs of low and moderate income individuals by providing such services as checking accounts, savings accounts and personal loans.

Help the elderly...

To the editor:

The Friend-Advocate Program needs volunteers to help Essex County seniors maintain their pride and independent living in the community. There are over 139,900 individuals age 60 and older living in Essex County. The majority of these live alone and require some degree of assistance to maintain their place in the community.

The Friend-Advocate Program needs volunteers to provide assistance to the frail and vulnerable elderly living in Essex County. Volunteers are exposed to the medical, legal, and social services that are available to the elderly.

Volunteer Friend Advocates receive training in advocacy techniques; physical, social, and emotional needs of the elderly; legal resources; Federal, state and municipal benefits; and problem-solving techniques.

Volunteers spend 1-2 hours per week assisting an elderly client. They check on their well-being, explore and obtain services available to them in the community, and assist them with decision making, budgeting, arranging medical care and transportation. Advocacy, companionship and support are provided through home visits, phone calls and letters, all of which ease the loneliness and isolation of

the elderly client and provide an important link with the community and the services offered by the community.

If you are interested in learning more about this program or would like to volunteer, contact me at 672-0569. The next training will be held October 29, 1986 and November 5, 1986 at 6:30 p.m. at 55 Washington St., East Orange.

The Friend-Advocate Program is sponsored by the Legal Resources Center of the Community Health Law Project and is funded by the Essex County Division on Aging and a grant from the Victoria Foundation of Montclair.

Barbara Havlik
Program Director

From the editor's desk...

Since taking over the editorship of the Belleville Times this past June, I have had the opportunity to chat with many townspeople concerning the paper, the editorials, and my Bifam on Belleville column.

Sometimes residents agree with my views, sometimes residents disagree. However, the input—whether in person or in a letter to the editor—is always welcomed.

Earlier this week I received a compliment from a young Bellevillite, who told me he enjoyed one of my columns. I took this to be a particularly good sign since it shows me that young people are getting interested in the going-on of our town.

I believe this is important since it is the young people of Belleville who will ultimately inherit this township or abandon it.

This kid, who reads the Times and who enjoys following the written opinions of his fellow Bellevillites looked like he wasn't even old enough to drink.

But he did look like he's old enough to vote.

Thanks Hoffmann-La Roche...

To the editor:

As a resident of Belleville and a Director of Community Mental Health Services for Belleville, Bloomfield and Nutley, I would like to express my thanks to the wonderfully talented Roche Players of Hoffmann-La Roche. Each spring, the Players stage a musical and donate the proceeds to Community Mental Health Services

and the Clifton Mental Health Center. Community Mental Health Services uses this money to help fund its summer camp that enables from 30 to 40 mentally and emotionally handicapped children to have a healthy, therapeutic, fun-filled experience.

The Roche Players are to be commended for their willingness to put in many hours of hard work, in their free time, to produce a most professional

and enjoyable show.

The Hoffmann-La Roche Corporation is to be commended for its encouragement of this kind of community-minded activity among their employees. In many other significant ways, Hoffmann-La Roche has helped its communities and the non-profit agencies in them. They have been good neighbors to our town.

Angelo Risoli

Supports 'Doc' stadium...

To the editor:

I agree with Joe Valutius suggestion that the municipal stadium be renamed to Doc Ellis Field. Those who knew Bill (Doc) Ellis know how much he gave of

himself for the youth and Town of Belleville.

I can't conceive of hesitation in this matter, for no one deserves this better than Bill. It's sad but recognition comes too late for such great guys as Bill.

Let's do right and name the stadium Doc Ellis Field.

I suggest others who share the same sentiments let the Town officials be notified in this matter.

Art activity rises in Belleville, Essex County

By Christopher Bifani

Artists are moving to Essex. In increasing numbers, they are looking for alternatives to the rapidly gentrifying high rent situation in lower Manhattan, traditionally the nation's premier art community.

Essex, like Brooklyn to the west, has become a developing region for artists because of its rail links to lower Manhattan. The PATH system, at 75 cents a ride, connects Belleville and Newark to lower downtown New York in less time than from some other sections of New York. And lower rents in East Essex, sometimes a third of what comparable housing

would cost in Soho or the Village, are another attracting factor.

Edward Brett, manager of Yudin's Art Supply on Washington Avenue, says that art activity is "definitely" increasing in Essex. "Based on what we sell here, art activity is rising. Over the last 10 years I've seen a 30-35 percent increase," he told the Times.

Township street show envisioned

Brett has a vision. He foresees a day when Belleville will host its own outdoor street show for artists to display their wares. And he has what he believes is the perfect location: Greenwich Street.

Greenwich Street is a little one way that runs from Town Hall to William Street," Brett explained. "What I'd like to do is get a permit

from Town Hall to close off the street for the show. Artists could display their work on the street and in our back parking lot, which is on Greenwich Street."

One thing is for sure, artists couldn't ask for a more appropriate street name.

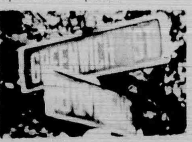

Brett believes that with input from the Times, the township, the library and his own art supply store, that the outdoor art fair he envisions could become a reality next spring, and another good thing among many which can help Belleville turn around.

"I think Belleville's going to turn around," the manager said, "because I see North Newark turning around."

Store expansion planned

Brett told the Times of a major renovation his store is planning for the new year. An adjacent deli is being vacated, and the wall is to be knocked down, which will create almost a doubling of retail space.

"We have about 1,300 square feet of retail space now," Brett said, "but after the renovations are complete we'll have about 2,400 square feet of space."

And what does he have in store for his bigger store?

"We're going to put a gallery of our own in here," is his reply. "I'm looking at a wall right now that is 8 feet high and 70 feet long," he said the wall will contain lithographs and original oils custom framed inhouse, and aimed at a commercial and home decorating clientele.

Outside, the Yudin's renovation will consist of a new entranceway and rebuilt facade. He said color schemes being considered include

Scene for an art show? — This is Greenwich Street, an industrial one way thoroughfare that runs from Town Hall to William Street. One township shop manager would like to see the block become the site of an annual Belleville art fair. (Photos by Christopher Bifani)

blue and white or red and white, although no final plans have been made.

The renovations were originally scheduled to begin in the early fall, but complications arose when the adjacent deli stayed on longer than expected. So as not to interfere with the Christmas season, Brett said, the renovations were postponed until early in 1987.

"The cost for the refurbishing is estimated by Brett to be in the \$40,000 range. This figure, he said, actually represents an \$80,000 renovation, since the work is being done by our own people."

That's how much it would cost if someone else came in here to do it," he added.

As an interesting aside, Brett said the Yudin's Art Supply store originally did encompass both the existing outlet and the adjacent deli. About 15 years ago, the original owner subdivided.

Brett said his company's interest in Belleville is one of the reasons they are remaining — and expanding — in town.

"Basically one of our reasons for the renovation is to beautify the Avenue, and to try to attract the cent-stores back to the Avenue," he explained.

In recent months, Belleville has shown an uplifting increase in artistic activity.

From the teen-projects of painting Snow White and the seven

dwarfs on a grammar school wall to the continuing stream of artists exhibiting their work at the Belleville Public Library, the township has demonstrated a support of the arts.

With the Yudin's expansion in the works, and a proposed Belleville Greenwich Street art show, the township may soon emerge as a center for Essex art activity.

Woman's Club News Fall luncheon slated

Ladies join the club

When opportunity knocks, open the door and welcome it. The opportunity — a self growth, for making new friends, the opportunity to give service to your community — opportunities that are yours when you join your local Federated Woman's Club.

The New Jersey State Federation of Women's Clubs has clubs located in towns from Cape May to High Point. This is the largest volunteer organization of women in the state with a membership of 28,000.

Take advantage of a good opportunity when it comes your way. Meet some new friends with interests and goals similar to your own.

For information on how to belong to the Woman's Club of Belleville, call Lenora Keeney at 759-2375.

Woman's Club sends rep to College Day

The Woman's Club of Belleville will be sending representatives to the 34th Annual College Day, sponsored by the N.J. State Federation of Women's Clubs and Douglass College, which will be held Saturday, Oct. 25 at Douglass College, New Brunswick.

The program of the day will acquaint high school students with all aspects of college life. The curriculum, student life, financial aid, and career choices will be discussed by students, staff, and faculty of the college. Teachers, parents and clubwomen are also welcome.

For further information, contact the guidance office at Belleville High School. Mrs. Shatter is education chair of the 8th district of the N.J. Federation of Women's Clubs.

A fee of \$3.50 for lunch will be collected on College Day. Richard Benninger, High School Guidance Department, is coordinating the event for Belleville.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mrs. Z of Nutley asks: "Could chewing incorrectly cause my stomach to get upset?"

The first place of digestion Mrs. Z is in the mouth. Mechanics of the food is broken down to smaller pieces. If by chewing incorrectly it means that you are often swallowing large pieces of food then the burden is placed on the stomach. Nature intended our teeth to break the food down to small enough pieces so that the chemical action from your saliva & stomach secretion can further degrade the food on a molecular level. If you are having an upset stomach from too much acid being secreted by your stomach then quite possibly this could be related to your efficiency in chewing. I suggest you consult your physician or a gastroenterologist to make sure no medical problem exists.

Thank you for your inquiry.

Protect your car from theft

(continued from page 1)

this may be that the Franklin Avenue Channel mall is a good distance from the Route 21 "escape route."

Protect your car. While the number of stolen vehicles in Belleville remains unacceptably high, Chief Lister is anxious to continue the downward trend which was noted when the Septembers and Octobers of this year and last year were compared.

He said the next Neighborhood Watch meeting scheduled for 7:30 p.m. Wednesday, October 29, at 383 Washington Avenue would focus on crime prevention through the utilization of alarm systems and car-ot switches.

Captain Michael Petrillo and Detective Robert Pules will be discussing ways to minimize the chances of citizens' cars and homes being robbed.

Deals a possibility

One way in which auto thefts may be deterred involves the use of decals which may be implemented through the Neighborhood Watch program.

An idea to have mandatory decals for all cars registered to Bellevillians was tabled at the last board of commissioners meeting because of the difficulty in administering the concept, and also because of complaints by citizens.

However, a voluntary program, Lister said, is still being considered.

Citizens wishing to enter the decal program would list their

automobiles with the police department, and if that car was seen by a patrolman during the hours of 2 a.m. to 6 a.m., for example, it would automatically be stopped.

Although this could prove impractical for many people who are often on the road at late hours, it could prove beneficial to certain population groups like senior citizens or two-car families — in instances where the vehicle is not

likely to be driven at night.

A recent proposal made by Senator Catherine Orzechio to recognize Neighborhood Watch participants with specially marked license plates may also prove to be a deterrent to auto thefts. A Belleville block lined with such marked vehicles may serve to dissuade a would-be car thief.

Police Chief Lister said that to reduce the chances of citizens' cars being stolen they should

"park in well-lit areas, par off street if possible, and consider purchasing auto alarm systems and cut-off switches. These devices, which often come with warning decals of their own, are an excellent deterrent and the chief noted that in recent years the price has been coming down."

"The longer it takes them to steal a car, the better chances of someone making an observation," he said.

Catherine Evans and Jan Zepka

Local ad firm wins award

Jan Zepka Associates, Inc., a Nutley-based advertising and public relations firm, was recently honored for outstanding achievement in the advertising profession. A first place JASPER Award was presented to Jan Zepka of Nutley and her associate, graphic artist Catherine Evans of Belleville at the 12th Annual JASPER Awards Dinner at the Squires Pub in West Pong Branch, October 10.

The award was sponsored by the Jersey Shore Public Relations and Advertising Association, an organization formed in 1965 by public relations people in the

Jersey shore area. The JASPER recognizes the talents of New Jersey communicators throughout the state and provides them with an opportunity to showcase their work.

Zepka, who is not a member of the organization, was approached to submit a brochure. She competed against 500 agencies in different categories to win first place for a four color corporate real estate brochure designed for Cherry Hill Office Center in Cherry Hill, New Jersey. Zepka said it felt good to win first place considering the competition.

Zepka specializes in national corporate real estate and has accounts with shopping centers, of five and industrial parks and large residential apartment buildings throughout the state. Zepka also does retail advertising, and her clients include Suit Yourself of Bloomfield, The Special Image of Bloomfield, and Fellman Ltd. of Manhattan and New Jersey.

Zepka is a 1967 graduate of Tobie Coburn School of Fashion Careers in New York. She began her career in 1971 as Assistant Women's Fashion and Beauty Editor for The Star-Ledger. During her seven year association with The Star-Ledger, Zepka was Camera Column Editor, General Assignment and Investigative Reporter, Feature Editor of Account, Men's Fashion Editor and Photo Editor.

When Zepka resigned from The Star-Ledger in 1978, she wanted to do something related to newspaper work. When she started her public relations and advertising business, advertising was secondary, but now she does 90% advertising and 10% public relations.

Zepka's associate, Catherine Evans, is a 1978 graduate of Drexel School of Fine and Industrial Arts. Prior to working with Ms. Zepka, she was Art Director at Education Systems and Publications Corporation in Belleville.

Book, Cake and Crafts Sale Nov. 1

The Friends of the Belleville Public Library, 221 Washington Avenue, are sponsoring a Book, Cake and Craft Sale at the Library on Saturday, Nov. 1 from 9:30 a.m. to 4 p.m. The price for hardcovers is 25 cents per copy and 15 cents for paperbacks.

Mr. Charen, President of the Friends of the Library, has requested that books and crafts be brought to the Library on Monday, Oct. 27 and thereafter and that cakes be brought to the Library the day of the sale.

A special preview book sale will be held on Thursday from 5 to 8:30 p.m. for members of the Friends of the Belleville Public Library only. Membership is encouraged for all residents of Belleville. Individual membership is \$1, family membership is \$3, and organizational, corporate, business and patron is \$25. The Belleville Public Library Book Bag will be sold for \$7.50 each the day of the book sale.

For further information concerning the book sale, call the Library at 450-3434.

Art reproductions available

One of the services that the Library provides is the loan of art prints. The art prints can be loaned for a period of 28 days, with a one month renewal. You may renew by bringing in the card from the art print, and not the entire print. Framed in place, the art prints provide a lively, decorative touch to one's home or office. Teachers may also borrow the art prints, ten at a time, for use with their students.

The art of Joseph Oliveri on display

Currently on exhibit during the month of October is the art of Joseph Oliveri in the Adult Reference area of the Library. He has exhibited his art in many other parts of the city.

He enjoys freedom of expression. His art, colorful designs in any array of colors, consists of geometric abstracts that are realistic designs.

The exhibit was arranged by his brother, Sam Oliveri of Belleville. The exhibit can be viewed during regular Library hours.

Library circulates 16 mm films on Italian heritage, others

In addition to films that are available from the Garden State Film Circles and the East Orange Public Library, patrons have available to them films from the Library's own film collection. Thus, it is almost always possible to have a 16 mm film available to you. Please call 450-3434, the information desk, to book a 16 mm film.

Organizations, schools, and individuals can benefit from this important Library service. Among the films available are "Abbot and Costello Birthdays Party," "American Revolution: The War Years," "Big Business," "Christmas Carol," "Christmas Dream," "Christmas Toy Shop," "Flowers of Williamsburg."

"Headless Horseman," "The Heritage of Florence," "The Heritage of Rome," "The Legend of Sleepy Hollow," "Rembrandt and the Bible," "Santa Claus: Punch and Judy Show," to name a few. For a complete listing, consult the Library's catalogs and available films.

Plenty of books for teenage browsers

Cindy LaRue, Young Peoples librarian, reports that the Library has many books, appealing to junior and senior high school students, including books from the popular teenage series, "First Love," "Seniors," and "Couples" and particular authors, such as Judy Blume, Paula Danziger, S.E. Hinton and Nat Henoff.

The teenage book section is situated on the second floor of the Library next to the New Jerseyana collection and is entitled "Teenage Browsing."

Films, anyone?

The Belleville Public Library is considering starting a regular Wednesday afternoon film series from 1 to 2 p.m. It is attempting to identify Library patrons who might be interested in participating. The series will be held weekly at the Library.

If interested, please call the Library at 450-3434 to register.

Wearable Art Workshop

Nov. 10

A Wearable Art Workshop will take place on Monday, November 10 at 7 p.m. taught by Joan Samsel, Belleville art teacher. Bring to class a jacket, jeans, sweatshirt, a scarf, or anything that can be painted upon and create a designer masterpiece.

To register, call the Library at 450-3434. The fee is \$1.50 to cover the cost of supplies for the class.

Mother Nature - Beautiful

Living on earth no bed of roses
For most just a bouquet of woes
Mother Nature offers beauty galore astride
Ever taken for granted it's cast aside
Hustle and bustle takes most of their time
None is left for their life's prime
Comforts and conveniences are rampant,
Things materialistic are tantamount
Players are away for a better life
Only to find life is full of worldly strife
Though cement, metal and glass are visible totally
None compares with Mother Nature's everlasting
fan of beauty.

—Angelo S. Massaro

"Your Health Is Our Concern"

Anti-Diet Weight Loss The New Alternative

SUFFERING IS OPTIONAL. If you have tried dieting in the past and failed, you are not alone. For many, diet is part of the problem, not its solution.

Thin people don't want to eat more than they should. So how come you do? When you learn to think about food the way thin people do, then you will eat consistently and healthily just as they do.

Used in conjunction with our work with your body, you can be happy with both.

PREVIEW: To give you a full description of this effective solution, we are offering a full, two-hour preview at our offices. Admission is \$10. Call early to reserve your place, as seating is extremely limited.

Belleville Times SPORTS

Mike Lamberti's

Buc Shots

He has been known around these parts as the Belleville crew coach, a title he has carried with pride for over 20 years. He is an energetic man, with love and respect for the athletes he has coached and taught throughout the years. As a teacher, he is easy to get along with, yet he gets his point across. He is a man that will be forever synonymous with Belleville High.

By now, you know I'm referring to Sam Giuffrida, the Belleville crew coach and history teacher at Belleville High. What you might not know is that Sam has been stricken by a heart attack and he is currently at Clara Maass Hospital in Belleville, where the prognosis is optimistic.

It was certainly a shock to hear that Sam was ill. He is young, strong and loaded with spirit. If anyone can make a swift and complete recovery, it's Sam.

I've had the opportunity to know Sam for 15 years, having first had him as a teacher in the seventh grade at Belleville Junior High. Five years later, he was my history teacher in my senior year at BHS in 1976. He is a man that you respect right away. He's tough, make no mistake about that. Just ask his oarsmen at BHS.

Giuffrida has had many coaching thrills at BHS, however, the national titles turned in by his girls team in 1982, '84 and '85 have to rank among his fondest memories. One of his favorite boys' teams was the 1976 club, that won the Statesbury Regatta and last November, was inducted into the Belleville High School Hall of Fame, the first team to be inducted.

On that night last year, you could hear a pin drop as Michael Davis, the spokesman for the '76 team, spoke of the love and respect shared by his teammates during that season. He attributed much of that cohesiveness to "Coach G" and he spoke with a great deal of emotion in his voice.

One thing about Sam, he is a very intense competitor. I remember back in 1976, at the varsity club dinner, he had a great deal of difficulty speaking about the '76 shell and all their accomplishments. It wasn't so much their talents on the water, rather it was their togetherness off the boat. In the years that followed that team, Giuffrida would rave on how well the respective rowers were doing in their lives.

"They're all doing well," he would say of the '76 team. They're really a great bunch."

Sam is also a big follower of the other varsity sports at BHS. Quite often, you'll see him at various Belleville sporting events, cheering on the respective athletes. His daughter, Carolyn, is a member of the varsity volleyball team this fall, and Sam was at practically every match, according to head coach Grace Worley. Carolyn, inheriting her parents competitive spirit, played last Monday for Belleville against Paterson Eastside and did a tremendous job at the net.

Sam's son, Mike, attended Belleville High, graduating in 1984. He was an outstanding wrestler for Gene D. Alessandro and a sharp young man. Sam's wife, Carol, was the gymnastics coach at BHS from 1980-83 and built the foundation of the program.

Collectively, the Giuffrida family is a class group. To Sam's family, and most importantly, to Sam, our prayers and thoughts are with you for a speedy recovery. Get back to school soon, because it's not the same without you.

A Word on the Series

Entering last Tuesday night, the Boston Red Sox held a 2-0 lead over the Mets, with the next three games set at Fenway Park. It's the same predicament that the '85 Royals faced in last fall's classic and as you know, the Royals, with some help from Don Denkinger, won in seven games. If any team can make a comeback this fall, it's the Mets.

They have the talent and the will to battle adversity. Certainly, the Mets proved that in defeating Houston in the LCS. However, it would be much classier for the Mets to play the game and let the chips fall where they may. In the LCS, they would find an excuse for losing to Mike Scott, claiming the ball was scuffed. Actually, most of the complaining came from Gary Carter and Wally Backman, with his bucket of baseballs with scuff marks.

There's something about Carter which leaves a lot to be desired. Any time he gets into a slump, there's an excuse. In game two of the series, he was openly annoyed at some of the pitches by Jesse Orosco and always has to be the most animated. He also seems to be on every interview in creation and has this knack for gaining the spotlight even if he's 1 for 25. If he would just play the game and not worry about the television cameras, he might be a little more tolerable. Most of the complaining about the scuff ball came from Carter and seemed to ignite the rest of the team, giving the Mets the role of cry babies, instead of the good team that everyone knows they are.

Scut and Vin

In the Series, Lou Garigiola and Vin Scully have been doing the play by play on NBC. These guys have to be the king of light thoughts. Lou Garigiola on the role of the little guy in baseball. "The little guy always has to prove himself. If he steps to the plate and goes 5 for 5, everyone says 'I'd like to see him do that again.' If some big donkey hits five pop ups, they say 'can you imagine how good he's going to be when he gets into one.' Scully on the Red Sox singles barrage in game two of the Series. "It's like being attacked by an angry moth."

Garigiola on Bob Gibson's successive complete games in 1968. "The manager was afraid to take the ball from him." Garigiola on the Red Sox bases loaded and no one out situation in the seventh inning of game two. "A home run would stop the rally."

102 Athlete of the Week

Carolyn Giuffrida of the volleyball team, for battling hard on and off the court.

Last Weeks Quiz

The last NFC team to beat the Chicago Bears in regular season play (before last weekend, of course) was Detroit in the 15th week of the '84 season. The Bears were 10-6 in 1984 and won the NFC Central.

For This Week

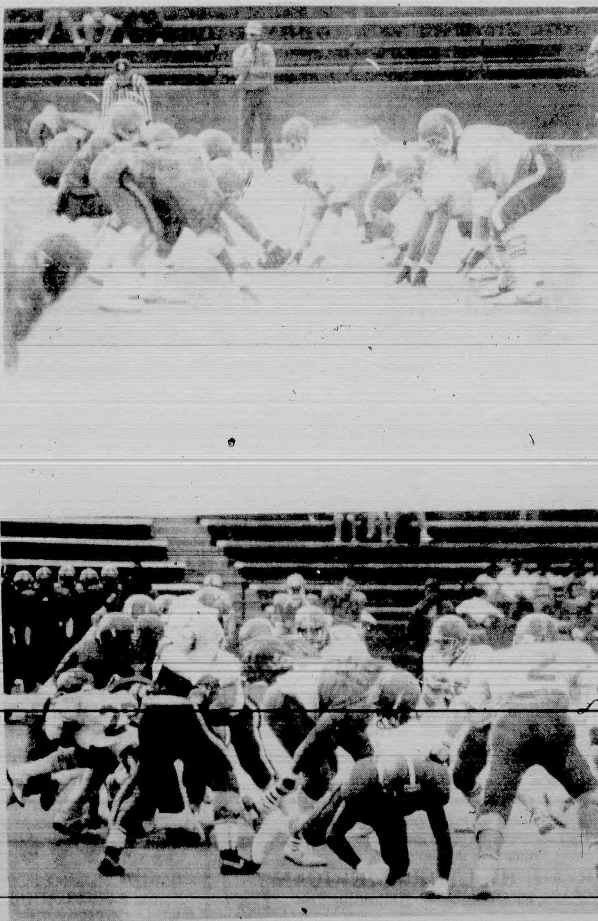

In the '84 playoffs, who did the Bears beat before eventually losing to the San Francisco 49ers.

Bring on Bloomfield

Victory strikes twice

Ghostbusters — (Above) Defensive backs Lou Lucante and Jim Dunphy (26) put the squeeze on Eastside quarterback Myreon Williams (16) during action at Hincheliff Stadium in Paterson. The Bucs remained unbeaten in league play by defeating the Ghosts 21-14 on Oct. 18. The gridgers will be in action tomorrow night at 8 p.m. when they host Bloomfield. (Below) More portraits of victory. (Photos by Mike Lamberti)

By Mike Lamberti

Showing the ability to bounce back again, the Belleville football team rallied with a late touchdown to defeat a good Paterson Eastside squad 21-14 at Hincheliff Stadium, Paterson.

The Bucs, now 2-2 and 2-0 in conference play, will host Bloomfield tomorrow night, at 7:30 p.m. The Bucs and Clifton Mustangs are tied for the NNJIL lead with 2-0 marks. Bloomfield is 0-4, 0-2 in conference play. The Bengals were defeated by Montclair last weekend, 43-0.

Head coach John Senesky was happy with the victory, but said the game taught his team a lesson.

"We got on the board right away in this game," the coach said of the Bucs early 14-0 lead, "but turnovers and the wind got them back into it. Eastside is a good, physical ball club. They came right at us, even though they were down two touchdowns. They're very well coached and disciplined. They took advantage of the breaks we gave them and gave us all we could handle. This game taught our kids a lesson. Nothing will come easy."

The coach also noted that the league is very well-balanced this season, with no team establishing dominance in the early going.

"Clifton has been playing very well," the coach said of the 4-0 Mustangs. "They have a big game this Saturday (with Montclair). If they win that one, then you know they're really good. They have an excellent offense and have been scoring a lot of points."

However, Senesky doesn't have his mind on Clifton or Paterson, yet. His primary concern now, is Bloomfield, which will be no picnic.

"This is a big game for them. They have played a very difficult schedule up to now, the Bengals have lost to Ridgewood, St. Joseph's of Montvale, Kennedy and Montclair. They will be up for us. It's a good rivalry between the two teams and they'll be looking for their first win."

Getting back to the win over Eastside, it started in strong fashion. Quarterback Jeff Spilsbury continued where he left off against Montclair by driving the Bucs through the air in the early stages of the Eastside encounter.

On Belleville's first possession, Spilsbury hit Vin Vollerio with a key first down pass to the Eastside 47 Jim Dunphy, who played an excellent all-around game once more, picked up six to the 41. Spilsbury then hit Dunphy with an 18 yard strike to the 23. Dunphy gained two to the 21 and Frank Montagna added three yards to the 18. Belleville couldn't move from there and Dave McNeil was wide on a 35 yard field goal attempt. McNeil's kick had the distance, but he was wide left.

After the Buc defense forced an Eastside punt, Belleville struck quickly. Starting on the Ghost 43, fullback John View did the work, gaining 14 yards on his first possession to the Eastside 29. On the next play, View broke into the secondary and ran for a TD, the Bucs first rushing score of the season.

McNeil added the conversion and Belleville led, 7-0.

Minutes later, the Bucs hit again. From the Eastside 38, Lou Lucante picked up 14 yards and on the next play, Spilsbury hit Al Best with a 24 yard score, boosting the Buc lead to 14-0 after McNeil's conversion.

The Bucs dominated the first quarter, but Eastside took control in the second. Early in the second quarter, the Ghosts scored its first TD of the day, highlighted by a 15 yard personal foul penalty on Belleville and a 40 yard run by Eastside quarterback Myreon Williams. Williams would have scored on the run, but Dunphy made a tremendous tackle, slowing his speed and

Volleyball Bucs come of age

By Mike Lamberti
Mark it down Tuesday, October 14, 1986, the day the 1986 Belleville volleyball team came of age. The girls posted a big win over an old nemesis, Clifton, sweeping the Lady Mustangs in straight sets and gaining a tie for first place in the NNJIL standings, with three weeks remaining in regular season play.

Belleville took an impressive 134 record into another busy week of action. The team was at Immaculate Heart last Tuesday and played host to Montclair

yesterday. Tomorrow afternoon, the girls travel to Passaic for a 4 p.m. match. Next Monday, it's a big match against Paramus Catholic at home, starting at 4. Belleville travels to Benedictine Academy next Tuesday and is host to Nutley next Wednesday. All matches start at 4 p.m.

The big win for Grace Worley's crew, of course, was the 15-3, 15-10 victory over Clifton last Tuesday. In that game, Belleville avenged an earlier loss to the Mustangs and handed Clifton its first loss in NNJIL play. Both teams have

one loss in conference action.

In the first game, the kids did everything right, Worley said. The 15-3 win. "Our serving was good and everyone did their role. We made some mistakes in the second game, but we stayed ahead of them the entire game. It was a big win for us."

The girls posted victories over Bloomfield and Eastside last week as well, beating the Bengals, 15-5, 15-12 and Eastside, 15-6, 15-2.

The Bloomfield match was the day after Clifton, and the team wasn't at its best, Worley

said. "It's tough coming off a big win. We almost lost that second game and we can't afford to let down like that. We didn't play our type of game."

Nevertheless, the girls came out victorious over the winless Bengals and kept a share of the conference lead.

Against Eastside, Belleville had an easier time than the first meeting when the Lady Bucs were extended to three sets before winning.

We expected a scrappy team in Eastside, Worley said. They were, but we were able to take control a little easier this time. We could see the openings and the team played an excellent game.

It was played under some adversity, however. Last weekend, Sam Gufrida, the long time Belleville High School

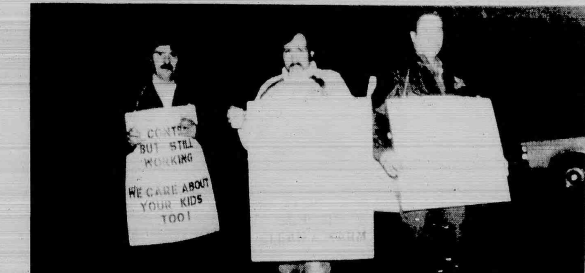

coach and teacher suffered a heart attack. He is currently at Clara Maass Hospital, where everyone is hoping for a speedy recovery for the coach. Gufrida's daughter, Carolyn, played an excellent game for Belleville, despite the fact that her thoughts had to be elsewhere.

"She played very well," Worley said of Gufrida. "We received good performance from Chris (Melillo) and Simone (Edwards)." We also got new equipment for the Eastside match, which was pretty nice. We got new poles, nets and equipment.

NOTES: The previous week, Belleville had lost to Teaneck in straight sets, 7-15, 5-15 and Worley was very unhappy with the officiating in the match. "I was very angry with the of-

ficiating at Teaneck. The officials took the entire game away from both teams. They missed a number of obvious calls, claiming they didn't see it happen. They didn't recognize an obvious dead ball call and then it's only normal, but this was bad. You know something is wrong when the opposing team's coach comes up and apologizes for the officiating after the match."

Worley felt that under better circumstances her team could be very competitive with Teaneck. In a victory over Kennedy, Edwards played a very good game. Melillo was good at the net and Renee Pettinoo played very well as a hitter. Pettinoo is normally regarded as a back line player but the senior showed her versatility with good play from front

Still no contract — Protesting Belleville Custodian and Maintenance Workers Association members picketed at a recent varsity football game outside Municipal Stadium. During the peaceful protest, two striking workers were allegedly shot by an unknown b.b. gun assailant. (Photo by Michele Suchomel)

Bucs victory strikes twice

(continued from page 13)

stopping Williams on the Buc two. The Ghosts did convert two plays later, however, and added the conversion. It was the first touchdown scored by Eastside against Belleville in the four game history of the rivalry.

Eastside capitalized before

halftime when it blocked a View punt, taking control on the Belleville 11. Three plays later, the Ghosts tied the game with just 45 remaining before halftime.

View was kicking in place of Jamie Galotti, the Buc regular punter. Galotti suffered a badly sprained ankle in practice and

did play sparingly, at one point. He was not as effective as in the Montclair game when he scored two touchdowns and caught five passes.

In the fourth quarter, Belleville scored the go ahead score. The key to the drive was a Spilbury pass to Jon Nardachone, good for 20 yards. Eastside was penalized 15 yards on the play for a personal foul, putting the ball on the Ghost 16. Four plays later, the Buc pulled ahead, when Dunphy ran in from the four, carrying a few defenders over the line with him.

Once again, McNeil added the conversion and Belleville led the good 21-14.

Eastside could not mount another drive and the Bucs had earned its second straight win.

Seskey was very happy with the play of John Magi and Craig Jackowski at linebacker. Dawson Bloom did a nice job at center and Gerard Tucci was very good at tackle. Dunphy, despite being hurt earlier in the game, came back to play very well. View did a good job at the back, adding a new dimension to the Buc running game.

NOTES: Bucs had beaten Eastside by counts of 30-0, 26-0 and 12-0 in previous meetings. Belleville has been strong against Bloomfield as well, beating the Bengals the last four times the teams have played. The scores have been 21-6, 14-0, 35-6 and 24-6.

doing a very good job at the second and third singles positions. Janet Reiman has been good at first singles. The kids are improving and thinking out there. The younger players are playing longer games, working longer points. We're just not getting all the points yet.

Over the past two weeks, Belleville has posted victories over Passaic, twice, Kennedy and Eastside. In the victories, the girls have been overpowering winning by counts of 5-0, 4-1 over Passaic, 5-0 and 5-0 against Kennedy and Eastside.

However, the teams losses over that span have come by 5-0 to

Teaneck, 5-0 to Nutley, 4-1 versus Clifton, 5-0 at Bloomfield and 5-0 against Montclair.

The scheduling has been a problem, concedes Fucello. We're playing teams that are either too strong or too weak. We have to go out of the league for the non conference matches and play some teams that are in our range. It will give the girls more competition. We've been playing the Bergen County schools outside the Essex Passaic division of the NNJIL and those schools are much more advanced than we are.

The lineup employed by Belleville has seen Reiman at first

singles, Darleen Juliano at second and Renee Juliano playing third singles. The doubles team has consisted of senior Lori Turrell or freshman Maria Chanley joining sophomore Sara Melinder.

At second doubles, sophomores Carol Morrison, Christina Bonacore and Kirsten Ernst and freshman Mumsimi Percep have been sharing time.

We're a very young team, the coach said. "If we keep working, we can be a good team in the future. I've said it before, however, it all depends on what we do during the off season. The team must keep playing."

35-201, 35-20

Big week for Buccaneer gymnasts

It was a big week for the Belleville gymnastics team as the girls set a new team record for points in a match by beating Hasbrouck Heights, 90.5-66.4. The team did lose a heartbreaker to Montclair, 90.4-88.9.

The Buco entered the week with a 4.5 record. The girls battled Clifton last Tuesday, and travel to Neuman Prep for a 4 p.m. match this afternoon. Next Monday, the girls are host to Verona in a 7 p.m. start. The

conference championships are scheduled for next Wednesday at Montclair High School. Match time is set for 7 p.m.

In beating Hasbrouck Heights, Belleville broke the elusive 90 point mark for the first time in team history.

That was a great effort on the part of the entire team, said head coach Ray Iannuzzi. It was real nice to finally reach 90.

Kelli Glunk had an excellent day for Belleville, winning three

of four events. The senior was first in vaulting with a tremendous score of 9.1. Freshman Nicole Zelna was second with a very good tally of 7.9.

In the uneven parallel bars, Alise Davies won with a score of 7.0. Glunk placed second in 6.7 and Joell Veltre finished the Belleville sweep with a 5.2.

In the balance beam, Glunk finished first in 9.0 and Zelna put together a fine performance in finishing second in 7.4.

Finally, Belleville swept the floor exercise with Glunk.

Veltre and Zelna, turning in scores of 9.1, 8.9 and 7.6 respectively. Nicole Pucciarello did a good job in the floor ex with a 7.1.

Against Montclair, Glunk won all four events, but the strong Mounties held on for a 1.5 victory.

Glunk won the vaulting in 8.7, the uneven parallel bars in 7.95, the balance beam with a tally of 8.1 and the floor exercise in 8.7. Veltre did a good job on the floor exercise with a score of 7.5.

Davies had a 7.45 on the parallel bars and Zelna excelled in vaulting with a score of 7.8.

It would have been nice to beat Montclair, Iannuzzi said.

We've never beaten them before. Kelli did a very good job what more can I say about her? I was happy that we were that close.

The state sectionals are set for November 15, at Union High School. Thus far, Glunk has qualified for all four events, the second year in a row that she

will compete in all four at the sectionals. Veltre has clinched a spot in the floor exercise and Davies is half way toward the uneven parallel bars. She needs a score of 7.5, or better, in a match to clinch a berth in the sectionals.

NOTES: Iannuzzi was expecting some tough matches with Clifton and Neuman Prep. Clifton is usually in the high 90 range and Neuman Prep, one of the best in New Jersey, has hit the 110 point range on a few occasions.

Soccer Toros 2-0 after no-win season

B Division: The Toros, coached by Steve Romano and David Jozewka, lost every game last year and had a very young team with good practice and instruction. This has to be the most improved team in many years, going from 0-9 last year to 2-0 already. Bob Caputo, Jason Glunk, Joe Romano and Brent McMahon all scored goals to defeat the Aztec 3-0, which shows the tremendous balance of the team. They defeated the Spurs 2-1 in another game and stand at the top of the division.

The Lancers coached by Steve Vogel and Frank Johnson have to be pulling their hair out after the weekend, losing both games and what a way to lose! Both games were overtime and then HAN penalty kicks. With the Lancers solid in defense, against the Aztec-Davey Matheson Kevin Vogel put the Lancers at an end single game. The team 0-2 will improve week by week and challenge for the championship before the season begins.

The Spurs, coached by Phil D'Meo, split their to games, winning in a shootout 1-0 and losing 1-1. The whole team has been aggressive and stingy on defense. This team will be stingy in goals, but will they score enough to be a contender?

The Aztec, coached by Diane

Travers, split both games also defeating the Lancers in a shootout and losing to the Spurs 4-0. Joe Cotugno (2) and Michael Tynan (1) are the keys to their offense. Michael the bear wosowski is their outstanding goalkeeper but he must get some help from the defense if this team plans on challenging for the championship.

Determined Buco varsity football coach John Senesky looks on as his team rebounds from an 0-2 start. Going into the Bloomfield game, Buco improved to a 2-2 mark. (Photo by Chris Lawler)

Rec wrestling opening

Applications for Recreational Wrestling are now available at the Belleville Recreation Dept. at 407 Jerusalem St. between 8:30 to 12 and 1 to 4 p.m., Monday to Friday.

The Belleville Recreation Wrestling program introduces boys ages 6-14 in the fundamentals of the sport. Basic technique, moves and strategy are taught to beginners as well as to the more advanced wrestlers. In competition, the boys are matched up against opponents of the same weight class.

Recreation Wrestling will be conducted on Tuesday and Thursday evenings from 5:30-7 p.m. in the High School cafeteria, beginning November 11. Ages 6-9 are given basic instructions from 5:30-6 p.m., while 10-14 year olds are prepared for league competition between 6-7 p.m.

Boys can register for the activity by completing an application at the recreation office before participating. Birth certificates are required for all applicants, who must be Belleville residents and cannot be above eighth grade. For further information call 450-3422.

Belleville Jr. Bucs whip Clifton 18-0

The Belleville Junior Bucs varsity team defeated the Clifton Mustangs 18-0 improving their record to 2 wins and 1 loss. Touchdowns for the offense were scored by Mike Chieffo on runs of 32 and 61 yards. Another TD was added by Ryan Wells. Wells intercepted a Clifton pass deep in the Belleville secondary, and returned it 45 yards.

Carl Harris contributed by blocking a Clifton punt. Also leading the defensive charge for the Jr. Bucs were Doug Phelps, and Lee Hands.

The Belleville defense has only

yielded 12 points, while the offense has put a total of 50 points on the board.

The Jr. Bucs Midget squad defeated Clifton bringing their record to 4-0.

The Jr. Bucs J.V. squad lost to Clifton making their record 0-3.

Touch Football Results as of Oct. 11

Ernie Zoppi scored two touchdowns and Dave Watson added another as the Jets defeated the Chiefs 26-0. John Perna and Jerry Turi added extra points.

In the other game the Giants defeated the Cowboys 13-12.

Something for everyone

Belleville Recreation for November/December

The Belleville Recreation Department has announced its November and December schedule of Fall/Winter programs, and there's something for everyone.

Starting on November 3 and continuing on every Monday following, there will be Aerobics at the Middle School girls gym. The first session is from 7 to 8 p.m. and for those who like a slower

pace exercise, Body Conditioning is held from 8 to 9 p.m. Both of these sessions should wear sneakers and loose comfortable clothing when participating.

Beginning Wednesday, Nov. 6, there will be Girls Gym Night at School 3 from 6:30 to 8 p.m. for girls in grades 3-6.

Wrestling for boys ages 6-14 will start Tuesday, Nov. 11 at the High School cafeteria. Ages 6-8 will meet from 5:30-6 p.m. while ages 9-14 will meet from 6-7 p.m. Wrestling is conducted on Tuesdays and Thursdays, and participants must pre-register by completing the application at the Recreation office.

Both the Men's and Women's Volleyball Leagues are to begin on November 18. Men's league from 6-10 p.m. on Tuesday at the Friendly House, and Women's league from 7-10 p.m. on Tuesdays at School 3.

The Junior Boys Basketball Clinic will begin Monday, Nov. 24 at the Middle School boys gym. Grades 3-4 will meet at 6 p.m., grades 5-6 at 7 p.m. and grades 7-8 at 8 p.m.

Beginning November 25, Girls & Boys Gym Nights will be held on Tuesday at School 10. Girls in grades 3-6 will meet from 6:30-7:30 p.m. while boys in grades 3-6 can attend from 7:30-8:30 p.m.

High School boys basketball and Men's basketball leagues are slated to tip off in early December.

For more information on upcoming programs like Gymnastics and Men's Open Basketball, call 450-3422 during business hours on weekdays.

It's a breath of fresh air

Clara Maass Center installs pulmonary testing system

Just one deep breath into the Collins DS-560 computer system can tell Registered Cardiopulmonary Technologist Barbara Kerne many things about a person's respiratory system.

The new Pulmonary Testing System was recently installed in the Pulmonary Laboratory of Respiratory Care Services at Clara Maass Medical Center.

"The computer is interfaced with the spirometer into which the

patient breathes deeply. This breath or two is the only data that the computer needs to differentiate between the many diseases that plague the respiratory system," Kerne said.

The DS-560 also detects and determines the amount of impairment of the respiratory system due to occupational hazards. By pulmonary function testing for problems resulting from toxic fume, chemical, smoke or particle

asbestosis inhalation, a proper diagnosis can be made and effective therapy can be tailored for the individual before the problem reaches an advanced stage, explained Leon Johnson, director of respiratory care services.

Another advantage of the new system is that it can determine the limitations of the person's respiratory system. Mild stress testing can detect whether or not a person has "exercise induced

asthma" or over reactive bronchial passages. The allergy related respiratory situation can be quantitatively analyzed and effective coping strategies can be designed to reduce or eliminate impairment due to allergies.

One of the tremendous assets of the computerized pulmonary function system is the time it saves calculating test results. With the old system, to test a patient and do the necessary calculation, it took

close to two hours to complete. Now the entire process takes only 45 minutes. The computerized system allows for better productivity while providing a higher quality of patient care," explained Jack Dadian, M.D., medical director, respiratory care services.

For further information on the Pulmonary Testing System and the Respiratory Care Services available at Clara Maass call 450-2267.

Fine effort of the soccer Bucs is obvious

By Chris Lawlor

If one thing has become obvious, it is that the Belleville soccer team has put forth some fine efforts and their record has reflected this fact.

The Bucs (6-2-3) opened play in the Essex County Soccer Tournament last weekend as the sixth seed and came away with a 2-0 over West Orange at Clearman Field.

"We didn't play as well as we could have," said head coach Tony DeAquino. "We missed a few shots at the open net and could have put it away, but I'm always happy that we got the win."

The Bucs got the game winner from center midfielder Keith Woods in the second quarter, as

the senior lined a penalty kick into the back of the net for a 1-0 lead.

Belleville got an insurance goal from sophomore Walter Capozucca in the third quarter and kept the continuous pressure on the Mountaineer goalie. For the afternoon, the Bucs out shot the visitors 15-4 and senior net-minder Chris Goldrick recorded his sixth shutout of the season.

He was helped by the fine marking efforts of sweeper Roger Reul and defender Gus Logo.

With the win, the Bucs will advance to the quarterfinals against Milburn on Oct. 26 at Milburn High School Field, 2 p.m.

In addition to their fine play in the tournament, the Bucs prior to that clash were dealt a ragged deal in the 1-1 tie with league power Clifton on Oct. 16.

With the score knotted in the fourth quarter, Woods launched a direct kick toward Mustang goalie Henry Szew. Apparently the ball went into the goal but the referee neglected to whistle the shot good. Both teams played the remainder of the contest scoreless.

Woods, showing signs of goal scoring prowess as his team neared midseason, continued to find the mark and scored to give the Bucs a 1-0 lead in the second quarter.

Tom Action tied the game with a 2-1 tie in the third as he took a shot from Stan Lombro. Goldrick stopped seven shots in the nets and Szew made four.

We were winning through nearly three quarters," said DeAquino. "But they are a good team and I was happy with the tie."

Only two days prior to the deadlock with Clifton, the Bucs drew high praise from Ridgewood veteran coach Dick Bennett as Belleville knocked off the Maroon 2-0 on the road.

Belleville got the game winner off the foot of Mike Cressetti in the second and added to that a few minutes later when sophomore winger Alex Araya scored for the final count. Goldrick had a light work out making only three saves.

As the regular season draws to a close, the Bucs have clinched a berth in the Grp. 4, Sect. 2 state playoffs by virtue of their better than 500 record. DeAquino should know by tomorrow night when and where they will play.

The Bucs mentor also feels that his team must continue to run with the other teams and likes the effort he is getting out of his squad.

"I'm really pleased the way they are playing. They are giving the 100 percent and will do anything it takes to win," said DeAquino.

The Bucs will travel to Eastside for a 3:45 p.m. match with the Ghosts this afternoon and then on Oct. 26 it's off to Milburn.

Home security check off list

Courtesy of Belleville Police Department

YES NO

1. Have your doors, windows and other openings been inspected to determine if the locking devices are secure?
2. When you leave the house vacant, do you always lock the doors and windows?
3. Does the house look moved or during your absence?
4. Do you leave security lights on when you are absent during the evening?
5. Are ladders secured and out of sight?
6. Are valuable wheeled items such as bicycles and lawn mowers out of sight and secured?
7. Do you hide your keys under flower pots or in the mail box?
8. Do you leave items on your door when you are out?
9. Do you have a safe deposit box for securing valuables?
10. Have you stored valuables whereby only very small amounts of money are kept in the house?

Religious Viewpoints

Always...

Always try to do good to each other and to everyone else.
Always be joyful — Always keep on praying.
No matter what happens, always be thankful, for this is God's will for you who belong to Christ Jesus.

1 Thessalonians 5:15-18 Living Bible

Paul, Silas and Timothy, in their letter to the Thessalonians, gave a successful formula for happy and successful living:

- try to do good and to others
- be joyful
- keep praying, and
- be thankful.

The Thessalonians were not to do these things occasionally or just when they felt like it. They were to do them always!

The formula is excellent guidance for us today.

Always, we are to try to do good to others.

For some persons, all we can do is try to do good for them, since they will not accept our efforts. Still, we are admonished to always try. Some Christians are too self-centered. They think of themselves and their problems too much. They would be more blessed of the Lord and enjoy their Christian living more if they tried harder to do good for others.

Always, we are to be joyful.

To always be joyful is certainly not easy. To be joyful is to feel, express, or cause joy, to be glad and happy. Always feeling joy? Always expressing joy? Always causing joy? Always glad? Always happy? What a challenge to the child of God!

We may think it is impossible to always be joyful. However, if it were not possible, Paul, Silas and Timothy would not have told the Thessalonian Christians to always be joyful. I sincerely believe that deep in the heart and soul of the committed child of God will be an ever present joy — a joy that will be there in the worst of crises.

Always, we are to pray.

We are to pray when everything goes well. We are to pray when it is not easy to pray. We are to pray in the moment of difficulty. We are to pray regularly. We are to pray when in need. We are to pray when we worship. We are to pray with thanksgiving when our needs are supplied. We are to pray when we need wisdom and direction. We are to pray when we are sick. We are to pray when we see others in need of salvation.

Always, we are to be thankful.

Regardless of what happens, it is God's will that we, His children, always be thankful. Thankful all the time? Thankful when everything goes wrong? Thankful when we are bleeding, crushed, and hurting in pain? Thankful when no one seems to care? Thankful when we are facing a financial crisis? Thankful when the doctor says the illness is terminal? Thankful when God doesn't seem to hear our prayers? Thankful when we don't know in which direction to go? Yes, we are always to be thankful, regardless of our circumstances, when we belong to Christ. Always try to do good; always be thankful regardless of what happens. Impossible? Yes, with us, but not when God is in control, and we belong to Christ.

— Pastor Gerald Fortunato

Pardon refused... and lost!

A young man lost his temper one day while playing a game of cards. Picking up a revolver, he shot and killed his opponent. He was arrested, tried, and finally sentenced to death.

But because of his previous good life, petitions for him were soon signed by his friends, relatives and many others who heard about his case.

Consequently, a Christian gentleman visited the prison to see the young man. As he approached the death cell, the prisoner noticed his clergyman's outfit.

"Get out of here!" he shouted. "I don't want to see you. I have had seven of your kind already. I had enough religion at home."

Wait a minute, young man replied the visitor. "I have good news for you — the very best! Let me tell you about it."

But although the visitor implored him, the prisoner violently refused to listen to him. With a heavy heart the visitor turned away and left.

A few minutes later the warden appeared. "Well, young man," he said, "I see you have had a visit from the governor."

What? exclaimed the prisoner. Was that man dressed as a clergyman really the governor?

"He was," answered the warden, "and he had a pardon in his pocket for you, but you wouldn't even listen to him."

"Get me a pen and some paper," requested the prisoner, and sitting down he wrote the governor an apology.

The governor read his letter, turned it over, and wrote on the back, "No longer interested in this case."

When the day arrived for the young man's execution, he was asked if he had anything to say before he died.

"Yes," he replied. "Tell young men everywhere that I am not dying for my crime; I am not dying because I am a murderer; I could have lived. Tell them I am dying because I refused to accept the governor's pardon."

God's pardon is thus written.

Christ died for our sins according to the scriptures, and that he was buried and that he rose again the third day according to the scriptures. — 1st Corin. 15.

Remember Jesus Christ loves you and wants to pardon you if you will but invite Christ into your life today. — Romans 6:23.

Rev. Robert Paul

Jeweled words

Thinking aloud

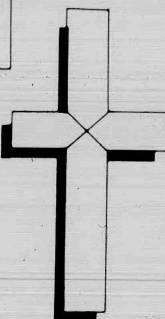

By Reverend Na

Yonah — great — when you can say, "I have sinned against heaven and before Thee." These words are jewels in their own right. Nothing is more precious than these words in this world.

Nobody on earth can confess like this. But, unless you repent you will all likewise perish. — Luke 13:31. You had better remember this: "No repentance, no pardon."

Why are many people lost in this world? Why aren't they found? Only Faith in Christ saves the sinner from hell. But think about those people who do not know. They are sinners and do not know about hell.

So, saving faith must be accompanied by a change of heart about sin and about God. This is called repentance, which is inseparable from faith. In other words the two aspects of conversion, turning from evil and turning to Christ, should be necessary for your being saved. You have the right to make you grateful and happy. That is also your responsibility. Think deeply. You need "two turnings" in this season.

THOUGHT FOR TODAY

No man is an island
entire of itself...
any man's death diminishes me,
because I am involved in Mankind;
and therefore never send to know
for whom the bell tolls
it tolls for thee.

VOL. #10 & #11 ON SALE THIS WEEK
Funk & Wagnalls Encyclopedia
4.99
each

There's real quality built into Cumberland's great look. You can cook in it. Serve in it. Store it in refrigerator or freezer. Extra heavy gauge porcelain on steel gives even heat distribution. Resistant to stains, heat, moisture and flavor. Handles and knobs are overmolded, never warp. Delicate subtle colors are permanently baked in. Can't wash or wear off. Chip and stain resistant. Wipes clean with a damp cloth, and safe in your dishwasher.
