77 Year No. 52
Decision is unanimous

Board reappoints Bruno Associates

By Christopher Bitani

In an unanimous decision at the November 24 town meeting, the Belleville Board of Commissioners approved the reappointment of Bruno Associates as grants consulting firm for the township.

Bruno Associates, headquartered in neighboring Bloomfield, will receive an annual fee of \$75,000 for their work in researching and applying for grants for Belleville improvement projects.

"I think they did the right thing in reappointing us," firm president John Bruno told the Times. "It would probably cost \$100,000 for the township to do what we do for them. The commissioners made good judgment."

Originally, the vote to reappoint Bruno Associates was tabled for further study November 9 at a town meeting in which some citizens took the podium to argue against contracting the firm. Joe Dasaro, executive director of the Belleville Redevelopment Agency, argued that Bruno Associates did not have the expertise to help Belleville get the most in federal grants during a time when available grant monies are drying up.

Gabriel Nazzola, vice president of the Concerned Citizens of Belleville, wondered aloud whether many of the grants Bruno Associates took credit for in previous years couldn't have been just as easily applied for by staff members in already existing township government departments.

But Ralph DiRuggiero, Belleville Commissioner of Public Safety, said that having Bruno Associates on the job of soliciting federal grant money was "almost like having a full time employee. It's more than just help in getting grants. There's a tremendous amount of legwork."

Dasaro continued to argue against the appointment.

"All I'm asking is that we look around," Dasaro said at the November 24 meeting. "I'm not saying anyone's honest. I'm just saying let's look."

Commissioner DiRuggiero told Dasaro that reappointing Bruno Associates for the purpose of soliciting the lion's share of grant money did not mean that the board would not look at other consulting firms in certain instances.

"We're willing to meet with this firm," DiRuggiero said of Krivit

and Krivit, a Washington-based grants consulting firm that Dasaro had recommended the board check into.

\$6 million in grants

Bruno Associates apparently lobbied somewhat for their reappointment, having distributed a "Consulting Services Report" at the November 24 meeting.

In that report, the firm states that more than \$6 million in grants money has been secured by the firm since 1976, including more than \$500,000 in 1986.

Some of the grants Bruno has helped Belleville obtain, the firm said, include monies from the Community Development Block Grant Consortium of municipal bodies — money that has gone on to repave roads, refine water mains, and other infrastructure repair and maintenance.

Maurio G. Lucci, director of Community Development Block Grant, said that applications for these projects typically run "about four to five pages in length."

Bruno going to Texas

John Bruno said his firm has worked hard at soliciting grant money for Belleville, adding that during this month he would be personally making a trip to Texas to attend a National Conference of Mayor, which includes seminars on soliciting municipal grants.

5 minute limit

In other board news, the town allowed citizens during the public hearing portion of town meeting was questioned by a citizen.

The citizen wanted to know why a rule printed in every meeting agenda which states that "hearings of citizens will be limited to 5 minutes" wasn't being enforced.

Mayor Marotti replied that he has never stopped anybody from talking.

'Condo' town price dispute

Henry Czarowski took the podium during the public hearing portion to complain about the town's land dealings in the Union Glen Condominium development.

Czarowski claims that the land the township vacated — a portion of a paper road, Glen Street, was relinquished for \$6,000 when the real worth is over \$30,000.

"What do we like builders?" he asked.

Takes time out from busy schedule

Santa Claus is coming to town this Saturday

Santa Claus, a popular philanthropist and long-time resident of the North Pole, is scheduled to visit Belleville Saturday morning as part of a pre-Christmas goodwill tour.

"I'll be making a list of all good Belleville boys and girls, and checking it twice," Santa told the Times.

The portly prince of presents explained that since his famous flying reindeer are in training for the Big Night December 24, he would instead land in Belleville via helicopter.

"It's not as fast," Santa Claus said of this untraditional mode of airborne transportation, "but it's a change of pace."

Arriving Sat. Dec. 6, 10:30 a.m.

According to the Belleville Chamber of Commerce, which is sponsoring his trip here, Santa will arrive at Municipal Stadium on Division Avenue at 10:30 a.m.

From there, the Jolly One will board a special Toyland float, also sponsored by the Chamber, manufactured by the Bond Parade Float Company of Clifton.

The float, with its distinguished dignitary, and the BHS carolers will then proceed

east on Division and south on Washington Avenue, making stops at various businesses along the way, a Chamber spokesperson revealed.

At 11:30 a.m., Santa is scheduled to be officially greeted by Mayor Michael Marotti at Town Hall. Throughout the event, Santa Claus — also known as Ol' St. Nick — will be giving out balloons and surprises.

Immediately following the Town Hall ceremonies, Santa will be posing for pictures at the Chamber of Commerce offices at 155-A Washington Avenue, directly across the Avenue from Town Hall. This phase of the event is being sponsored by Belleville Police Benevolent Association (PBA) Local 28.

Santa Claus, who has been making annual worldwide gift-giving tours for "quite some time now," said he was looking forward to visiting Belleville in daylight, so he could "really see what this town is all about."

"I hope that lots of Belleville boys and girls turn out to say hello, and to take pictures with me and let me know what they'd like for Christmas," the red-suited reindeer rider said.

"Ho, ho, ho," he added heartily.

Township orders 24-seat seniors bus

By Pat de la Parra

Belleville senior citizens are due for a new bus, but they might have to wait six months for it.

Belleville purchasing agent Paul Hochstuhel said the reason for the delay is delivery.

"I'm going to try to hurry them up. I'm going to stay on their backs. I hope it will take four months," Hochstuhel said.

The 24-passenger bus was purchased from Frank's Truck Center Inc. in Lindhurst for \$35,371. \$15,000 of these funds were received from New Jersey Transit. The additional \$20,371 was put out by the Department of Public Affairs, which is responsible for senior citizen transportation.

Hochstuhel said the cost of the bus went over the \$35,000 allocated by the New Jersey Transit because of features which will make the bus more like a regular bus.

Hochstuhel said the features were suggested by New Jersey Transit and will include horizontal

metro seats. Metro seats feature arm and head rests, and are more comfortable and attractive than vinyl bench seating, transit officials say.

"It's for older people so you want it to look nicer," Hochstuhel explained.

According to Commissioner of Public Affairs Michael Pizzi, the vehicle is a replacement for one of two senior citizen vehicles the Department already has.

"We will give one of our buses to a program for retarded clients. They use one of our buses periodically and now they will have their own permanent bus," Pizzi said.

The public affairs commissioner added that the two buses have designated routes which pass banks, hospitals and shopping areas throughout the township.

Bus 1 operates Monday, Tuesday, Thursday and Friday from 10 a.m. to 2 p.m. Bus 2 operates Monday, Tuesday, Thursday and Friday from 10 a.m. to 2 p.m.

"What Bus 1 doesn't cover, Bus 2 will," Pizzi said.

Seniors Bus Route

Belleville senior citizen buses follow a designated route past banks, hospitals and shopping areas. Bus No. 1 begins at the corner of Belmont Avenue and Bloomfield Avenue and stops at Magnolia Street, Newark Avenue, Harrison Street, Mill Street, Franklin Avenue, Belleville Avenue, William Street, Cortlandt Street, Joralemon Street, Stephens Street, Greylock Parkway, Little Street, Washington Avenue, DeWitt Avenue, Union Avenue and finishes up at the corner of Passaic Avenue and Liberty Avenue.

Bus No. 2 begins at the corner of Belleville Avenue and Garden Avenue and stops at Joralemon Street, Merit Avenue, Division Avenue, Belmoor Street, Overlook Avenue, Adelaide Street, Van Riper Place, Cedar Hill Avenue, Union Avenue, Mill Street, Washington Avenue.

Any senior citizen 60 or older is eligible to ride the senior citizen buses. All they need to do is register at the Department of Public Affairs, Washington Avenue and Joralemon Street, Monday through Friday, 8:30 a.m. to 4 p.m., with the exception of holidays. They will receive a card which will enable them to ride the senior citizen buses.

Five homes robbed in two weeks

Mayor's home caught in rash of burglaries

An alarming rash of home break-ins has victimized older residents of the township, including a reported burglary at the home of Belleville Mayor Michael Marotti.

At least five home burglaries were reported to Belleville Police in the last two weeks of November, and Lt. William Adelmeyer of the department's detective bureau noted that in general "burglaries tend to increase during holiday time."

Of the incident at the Mayor's home, police authorities said Marotti, 57, went to bed at 11:15 p.m. November 23 and awoke the

following morning at 6:15 a.m. He told police that he noticed someone had entered his home through a dining room window. The screen had been cut, he said.

According to police, a black jewelry box and the Mayor's brown wallet containing \$250 in cash were stolen.

Police said checks totalling \$160 were also missing, but that no reports have surfaced of anyone trying to pass them.

In other home burglary incidents, Maria Romanek, 59, of Washington Avenue reported that her home was burglarized Thursday.

Nine township doctors join Prudential group

The Prudential has announced that nine doctors in Belleville have joined the network of physicians and hospitals affiliated with PruCare Plus—the new statewide managed medical insurance program.

The doctors are Frank Dell'Aquila, George Stoll, Margaret Brisco, Gerald Cicalese, Edwin Gervitz, Joseph Parlavacchio, Stanley Klughaupt, Arthur Paulina Jr. and Bernard Schroeder.

PruCare Plus is being marketed by Prudential of New Jersey to employers as an alternative to the traditional insurance and health maintenance organization (HMO) options they typically provide to their workers. It can be offered to employees as a choice or as a total replacement to an existing group insurance plan.

Individuals whose employers offer PruCare Plus will be able to reduce or eliminate their insurance deductibles and co-insurance payments when they choose to obtain medical care from members of the provider network. They also can choose to go outside the network for care at various benefit levels similar to those of traditional insurance plans.

Participating medical provider organizations have agreed to a prospective fee arrangement rather than traditional fee-for-service reimbursement. This encourages ongoing health maintenance while discouraging inefficient and unnecessary use of services. Proponents expect it to reduce costs for employers as well as for their employees who enroll.

Programs similar to PruCare Plus are being marketed by The Prudential in Miami, Cincinnati, San Diego, Boston, Minneapolis and Chicago. The Prudential plans to have a nationwide system operating in 90 metropolitan areas by 1990.

SUPPORT STOCKINGS

Varicose veins are a problem from which many people, especially women, suffer. The condition is caused by sitting or standing too long in the same position. Blood flowing too slowly through an artery causes it to bulge out. Some people simply complain that their legs feel tired all the time. This could be caused by poor circulation. In either case, a doctor may suggest the wearing of a support stocking. Do not be put off by this support stocking. They are no longer ugly and unfashionable. In fact they are available in styles and colors to complement any outfit.

When planning to purchase support stockings, do talk it over with the pharmacist. Accurate measurements of the foot and leg are required to be assured of the right size.

Five homes robbed in rash of burglaries

(Continued from page 1)
Jay, November 20 sometime after midnight.

Romancheck told police that upon arrival home she found the front door to her second floor apartment ajar and the safety chain dangling. Before that, she had noticed the downstairs door was unlocked.

She said a silver watch, a gold chain and a camera were stolen.

On Friday, November 28, a house burglary was reported by Laura Wilson, 63, of William Street. Unlike other incidents during the recent rash of home break-ins, this incident reportedly occurred during daylight hours.

Wilson told police that she left her home at 10:30 a.m. and returned at 3:50 p.m. to find the front door kicked in, her apartment messy and her drawers disheveled.

She reported as missing a gold chain, a gold charm and \$50 in coins.

The night before the William Street incident, Thursday, November 27, the home of Frank Alessio, 76, of Passaic Avenue was reportedly burglarized.

Police authorities said that forced entry was evident and that a 19" GHE color television set was missing.

The incident is believed to have occurred sometime around 11:15 p.m., but the exact time of the crime could not be determined because Alessio was staying with relatives at the time.

Passaic Avenue was also the scene of a house burglary two nights later, Saturday, November 30. The victim in this incident was Ann Carizzo, 61.

Carizzo stated that she awoke at 1:52 a.m. to notice that the glass on her side door had been broken. She checked her purse, discovering

that \$500 in cash was missing.

Ed Adelheim said that detectives are looking into the possibility that some of these reported crimes are related.

In at least two incidents the crimes allegedly occurred while the victims were on the premises sleeping.

All five cases reported have been referred to the detective bureau. At present, no suspects have been apprehended.

In other Belleville police news, a purse snatching near the Washington Avenue Pathmark led to the arrest of three suspects.

Sunday, November 30, three white males—including two Bellevillites—grabbed the purse of Joan Naruffo, 64.

"These guys grabbed her purse, and she chased them from the Pathmark," a police spokesman said.

Officers Frank Valesi and Joseph Tramaglino responded to the call and a subsequent search of the area yielded three suspects who fit the description.

Arrested in the incident were Anthony Trippi, 28, of Lyndhurst; Paul Ritchie, 22, of Rutgers Street, Belleville; and Michael DeGrazia, 19, of Floyd Street, Belleville.

Andros Farms, a convenience store located at 198 Union Avenue was the scene of a late night burglary Thursday, November 20.

The incident was unusual for a Belleville burglary as the perpetrators apparently gained entry by making a hole in the ceiling.

While an inventory of the store's merchandise is pending, the only variables determined to be missing at press time were \$65 in cash.

The incident was turned over to the detective bureau. No arrests have yet been made in the case.

5 Minute Limit

At the end of every Board of Commissioners meeting agenda is an announcement which states that all citizens addressing the board must limit their comments to five minutes.

Mayor Michael Marotti has informally discarded that rule in order to allow the people — often citizens who oppose his policies — the time to get their views fully aired.

His intentions are honorable. Reporters in attendance get to digest both sides completely and citizens in attendance get to learn the intricacies of often complicated issues, such as the proposed police station or board hiring practices.

Lately there have been situations where independent citizens have waited long periods of time — an hour or longer — to speak their minds. These are citizens who want to talk about things to improve their block, their neighborhood — not necessarily issues that have townwide ramifications.

The Concerned Citizens of Belleville (CCB) is an activist organization that has the best in-

terests of the township at heart. But sometimes two or three members of that group's leadership take to the podium and collectively use up an hour or more of public hearing time.

At the November 25 town meeting a citizen finally spoke up. He asked why the five minute ordinance wasn't being enforced when it was in fact posted on the meeting agenda.

Mayor Marotti had no response except to state that he has never cut short a citizen's comments.

This policy is nice in theory, but things in Belleville have become complicated enough that some order is indeed warranted.

Let's begin enforcing the five minute rule, thus permitting maximum input from as many citizens as possible.

Those citizens who routinely get up to speak and exceed the five minute limit have by now become eloquent enough with their presentations to streamline them down to the meat of the issue.

Meanwhile, other citizens — be they for or against the policies of the commissioners — will have

ample opportunity to speak.

This newspaper supports — and will always support — the right of free speech for the people.

We believe enforcing a five minute limit during Belleville's public hearings will allow for the fullest representation for free speech, and that the limit will bring more people to Belleville's podium than ever before.

However, the Times also recognizes that there are certain issues which take more than five minutes to address.

In these cases we recommend that those who would espouse these issues strive to streamline their commentary so that the essential elements are aired. If there is more to be said these citizens may wait their turn and speak again when all others are finished with their turns.

The Times further reminds citizens that our letters page and Citizens Forum column are open to Bellevillites. The print medium affords the commentator time to collect his/her thoughts, and to present them in the best light possible.

choose to move on.

While we do not always agree with the CCB's policies and methods — we have different views on municipal construction and public speaking times, for example — we do respect their group for its efforts on behalf of the township, and for the genuine concern that most of its members have manifested.

1986 has been a busy year for The Concerned Citizens of Belleville. We can only hope that in 1987 the group continues to work for the town's best interest — by developing intriguing alternatives, by working democratically within the ranks, and by weeding out any elements within the group whose motives may be self-serving.

Keep up the good work.

Bring on Rodino

Court upholds the laws.

But of the three branches, Congress is the most important because it is the only one which is directly elected by the people.

Thus, the issue of keeping Congress in the dark over sensitive — and debatable — foreign policy initiatives (like arming Iran or sneak ing extra money to Nicaragua insurgents) is tantamount to duping the American people, mocking American democracy, and abusing American strength.

In the past, when the executive branch of government got too big for its britches, the heads that rolled were at the bottom. An aide gets reassigned. A mid-level cabinet member resigns. And then it's business as usual again.

Not this time. When U.S. Attorney General Edwin Meese — a member of Reagan's cabinet — began his investigation of the Iran arms mess, Essex County's own Peter Rodino got into the act, calling for an independent investigation with a designated special prosecutor, as in the Watergate scandal.

We think that's a good idea. Why? First, because Mr. Meese, as attorney general, is part of the same executive branch of government that is under fire in this controversy. Second, Meese is

simultaneously a member of the National Security Council in addition to serving as Attorney General. That in itself presents a potential conflict of interest that should be the subject of a study.

But Rodino knows about top level government ethics investigations better than anyone. As Chairman of the House Judiciary Committee during the Watergate scandal, he presided over the hearings.

And he's still Chairman to this day.

Congressman Rodino asked the voters of Essex County to return him to office one more time, partly because he said he wanted to keep an eye on Ronald Reagan's administration, one which has already produced more cabinet-level resignations than any other in recent memory.

The Belleville Times applauds Mr. Rodino's call for an independent special prosecutor. We believe that with the veteran Essex statesman at the helm, the heads that roll will be the heads that should roll, and that the special prosecutor who is appointed to do the job will be an impartial one.

Finally, we are glad Peter Rodino decided to stay on for one last term. It looks as if we're going to need him.

Here we go again . . .

To the editor:

On November 24, 1986, the Board of Education created a new position for an Assistant Superintendent of Schools in charge of elementary education. The new position will be given to a principal already in the school system, for an additional \$12,000 raise in salary.

This is completely contrary to what was decided before school opened in September 1985. As you may remember, the Board of Education suggested the same thing when a principal for School No. 9 was needed. They wanted the person to serve as both principal and Assistant Superintendent.

At a Board of Education meeting in August of 1985, there was strong opposition to this and the Board reversed its decision.

Now we are told in November 1986

that the decision in September 1985 was not the right one.

Why do we need another Assistant Superintendent? What political move is being done now? I have some of the answers, but that's another letter.

Add to this \$12,000 increase in salary yet another \$46,000 the taxpayers will have to pay for a School Business Administrator, and you can see that we are spending more on non instructional personnel than we are on education.

When is it going to end? When are the people that are running our town and our schools going to say that the taxpayers can't afford too much more of this?

Unless the paying public gets involved and goes to meetings, it will never end.

Keeping School Cool...

To the editor:

The Home and School Association of School Three has been very generous in purchasing equipment that has made our school even more modern and efficient.

Under the direction of last year's Association President, Judy Hands, and the Vice President, Lois Nejmian, ceiling fans were purchased in Belleville and installed this past summer. They have made uncomfortably warm days now more tolerable for the students' and teachers.

The Association also purchased the Ginn Reading scoring machine for the use of the classroom teachers. This machine will enable the teacher to correct a multi-page reading test in just a few seconds and, in conjunction with

the computer program, can show the strength and need for re-enforcement areas.

How are all of these wonderful gifts made possible? By hard work. The Home and School Association of School Three runs functions such as the Tea market, cake sales and the card party dinner.

On behalf of the faculty, students and staff of School Three may we express our appreciation to the Home and School Association for all that you do for us.

Our best wishes to Mrs. Lois Nejmian, the Home and School President for the 1986-1987 school year.

Michael Nardiello
Belleville Superintendent of Schools

Against the CCB...

To the editor:

People of Belleville: I think it is time for us to speak out against a small group of so-called interested people.

For over 1-1/2 years this group has attended our town meetings and pretended to be concerned about our town. They want us to believe that they are our saviors, I, and numerous others find them rude, uninformative, ignorant and revolting.

Their purpose is to create chaos and confusion, and hope next year when they run for office, the people of Belleville will elect them.

Let us look at their one by one.

Henry — 90% of his remarks and criticism is aimed at the wrong electric bills. His facts and figures are always wrong. At the November 24 meeting he became enraged and hostile because a couple of people answered him while he was speaking. Well, Henry, your crowd has been booing, hissing and jeering, screaming and cursing while others opposed to your gang have tried to speak.

Cornelius is another classic boob. He too, like Henry, complains about things that are totally out of the control of the town fathers. The only time you see Cornelius is when his taxes go up.

Now for Gabe. He is the best of the lot. He screams for savings. Sounds good, doesn't it, people? People, ask Gabe, while he was a member of the Board of Education and author of the budget, why

we were subjected to some of the largest tax increases in the history of the Board of Education?

Ask Gabe why he wanted to give the teachers a three year raise in salary at the rate of 7%, 8% and 9%. Gabe, was it because your daughter, son-in-law and son are teachers?

Gabe, while you were author of such horrendous increases, the inflation rate was 2%. Gabe, your partner has been screaming "use the School 1 for police building." Well, Gabe, why wasn't that proposal made when you were a board member?

Finally, Gabe, when you answer this letter please make sure it is shorter than the City of Belleville. Gabe, remember you were severely defeated as a board member because of your attitude, ego and downright arrogance.

As for you, Vinnie, you keep alluding to where you came from (Newark). Well, Vinnie, do the town a favor — go back.

Mr. Mayor, you and the rest of the elective body have shown a great deal of patience with the disruptive gang. But I, and many others feel the time has come to impose the five minute rule. We implore you to impose the five minute rule so that others may participate in town matters.

Playground destroyed...

To the editor:

As the Director of the Therapeutic School I was distressed recently when new playground equipment was vandalized.

The Therapeutic School and Preschool, a part of the Community Mental Health Services of Belleville, Bloomfield and Nutley, a United Fund agency, serves children ages 3-10 who have developmental and/or emotional handicaps.

A great deal of planning went into the selection and financing of the ladders, climbing tower and swings which were designed to provide large motor activities for the children. The equipment was carefully fenced to provide safety for the preschoolers. Less than two weeks after installation, the ladders

were splintered and flattened by vandals so the playground was completely destroyed. We encourage citizens to become an integral neighborhood watch team.

To report to the Therapeutic School, 450-3100, at 570 Belleville Avenue in Belleville or the Belleville Police, 450-3333, any persons who appear to be engaging in destructive acts near the playground equipment.

We need our good neighbors to help protect our property so that the children have a safe, secure playground.

Director Therapeutic School
and Preschool of the

War of Words

Much like the firing upon Fort Sumter by the Confederate forces sparking the Civil War between the states, the Citizens Forum by line commentary of Gabriel Nazzola has fired the salvo that marks the beginning of the political war between the officers of the Concerned Citizens of Belleville C.C.B. and the present Belleville Township governing commissioners.

Their objective to win election in the 1987 May Municipal Election and wrest control from the incumbents whom Mr. Nazzola acknowledged in an interview. It calls upon the members of the readers to recall innumerable incidents of the past which reflect adversely to matters which he, by subtle questions and suggestions of belief rather than direct assertions suggests are of questionable propriety.

Likewise a jerrymandering of the excessive "it appears" composition technique, sagittally assaults the conduct and practices of the local school trustees, a body of which he had been a member previously.

Mr. Nazzola has established himself as a knowledgeable, intelligent man, possessive of much eloquence. He, like others, enjoys the right to speak out against what he believes, wringing arguments so as an officer of a concerned citizen group. We find no fault with this.

Another analogy prevails, however, as in the case of U.S. Attorney, Rudy Giuliani, by the record as corruption buster, mob buster and trust buster where conventional wisdom is that he will run for N.Y. governor in 1990 in the strength of his reputation as a crime buster, the way Fort Dewey

did in 1942. That is wise wisdom. We ponder if such plans of political aggrandizement could be the motivating factors that galvanizes the recapitulative effort of Mr. Nazzola to impressively acquaint the public with matters he considers chunks in the armor of those he would politically destroy.

Of course, this is the way the game of politics is too often played, but in a tightly knit town, like Belleville loyalties run deep and little truck is given newly settled outsiders whose political drive is seldom appreciated, notwithstanding the dedication and sincerity of intent.

We do not fault the type of campaigning Mr. Nazzola or his C.C.B. organization choose to pursue, that is their privilege, what we do find difficult to understand is how they ever expect to win an election by kicking hell out of everybody holding elective or appointive office in the township.

If mistakes were made and there were, get about correcting them. Don't burn the house down to get rid of infestation. If you run into an obstacle that proves insurmountable negotiate it. I don't get the idea that "driving the raccoons out" is the answer. You might not do any better.

This community has in an ideal location for expansion and improvement with increased taxables. Commercial realities should be brought in to consider sale of our town owned properties.

With all its squabbles, Belleville is better off than many communities. I don't denigrate it by denigrating folks that may be intended to make public officials look bad in an effort to build up a case for political action that might contribute to those doing the talking.

The C.C.B. by its activities as described much as its heading down the road of a planned town and complex and serves a worthy role, as being a watchdog body to survey the activities of Town Hall. Our concern is that it not be used as a springboard to catapult ambitious politicians bent upon gaining public office. If it were so found, its effectiveness would be lost and destroyed.

Montclair State College Professor

Callahan named Mental Health Center trustee

Dr. Elizabeth Callahan of Glen Ridge has been named to the Board of Directors of the Mental Health Association during the 36th annual meeting of that organization.

Dr. Callahan has been the director of the therapeutic school and preschool, a part of the Community Mental Health Services of Belleville, Bloomfield and Nutley, since 1973.

The school serves 25 children and maintains a full time staff of ten with four professional therapy consultants, providing an exceptionally high level of teacher-student contact. Students are referred to their own school districts who underwrite their tuition. The program is an approved private school by the New Jersey State of Education. The Department of Human Services of New

Jersey supports the school with a grant, and a United Way grant allows the school to offer a summer camp program. The Essex County Board of Chosen Freeholders provides the space for the school rent free.

Dr. Callahan teaches in the Department of Communications Science and Disorders at Montclair State College and offers occa-

sional seminars through the Nutley High School Adult Education program. In 1976, she was honored as an outstanding teacher in Exceptional Education.

The Mental Health Association is a private, non-profit independent agency serving Essex County. It is the largest chapter of the New Jersey Mental Health Association.

IT ALL STARTED WITH A GOOD IDEA: THE BEGINNING OF NUTLEY SAVINGS AND LOAN

In 1886, with approximately 1500 residents, the town of Nutley was largely self-contained with the business district located in the area of Passaic Avenue and Chestnut Street.

One thing that was missing, however, was a financial institution that could help further residential growth in the town.

On the evening of September 8th of that year, about 100 people attended a meeting, held in the Little White Schoolhouse, and at that meeting the townspeople learned how a building and loan association would work: members then agreed to save a certain amount each month for 139 months.

The deposits were pooled for use as home mortgage loans to members. Among the advantages of the association would be low operating costs and ready funding for home financing.

Nineteen eighty-six now marks the One Hundredth Anniversary of the Nutley Savings & Loan Association.

From its humble beginnings in a local schoolhouse, Nutley Savings has grown into one of New Jersey's largest savings and loans. Originally incorporated as the Franklin Building and Loan Association that evening, September 8, 1886, with 98 subscribers, Nutley Savings, with assets approaching a quarter of a billion dollars, today serves 22,000 customers.

It all started with a good idea and a desire to help the community grow and thrive. For one hundred years, Nutley Savings & Loan has been making history by helping residents to build homes and businesses and by taking an active role in community affairs.

So if you have a good idea for making some part of your own, write our president, John Kelly, 371 Franklin Avenue, Nutley, NJ 07110.

Showtime - Isaac Dostis and Diana Sunrise are the loving couple in *The Gift of the Magi*, a one-act play based on the O. Henry short story. The play is part of a Christmas Celebration which includes live music, Christmas carols, refreshments and surprises for young and old at the Belleville Public Library on Dec. 11 at 7:30 p.m. A \$1.00 donation per person at the door will be collected. Sponsored by the Friends of the Belleville Public Library.

Christmas sing-a-long

A Christmas Sing-A-Long with O.T. Zappo for people of all ages will take place at the Mrs. Richard Shafter branch library on Friday, Dec. 12 at 3:30 p.m. A \$1 donation will be collected.

Zappo will show several unusual percussion instruments, volunteers will perform on them, and the audience will sing along. Zappo began his career as a contemporary folk singer several years ago, but decided to perform for children, because of a need for good and worthwhile live children's entertainment. His television credits include "Wonderama," "A.M. New York," "Focus, New Jersey," and his own television program, "The Wandering Troubadour," seen in 30 New Jersey communities.

Good investment

Are you interested in new investment strategies? The Library has a number of new business books to help you. They include "Best Rated Mutual Funds," "Best Rated Real Estate Investments," "Marshall Loebl's Money Guide," "The New Mutual Fund Investment Advisor," "The Real Estate Game and How to Win It," "Investing in Zero Coupon Bonds," and "Timing the Market, How to Profit in Bull and Bear Markets" by Weiss Research.

The next Bicentennial

Plans are currently underway to celebrate the most important birthday of all - the 200th anniversary of the Constitution Convention that drafted the Constitution.

The Belleville Public Library is attempting to provide the information and the programs in preparation for the bicentennial. Among new materials added to the Library are "CQ's Guide to the U.S. Constitution" prepared by Ralph Mitchell and the editors of the Congressional Quarterly, designed to help readers better understand the nation's basic law.

Also, "The Constitution of the United States" by Floyd Cullop, which includes a simplified text of the Constitution, definitions of hundreds of words used, answers to over 200 questions, and a full text of the Constitution in its original wording.

Also, "This Constitution: Our Enduring Legacy," published by Congressional Quarterly, and "The Constitutional Convention" by Martin McPhillips, a description of how delegates from the 13 original states came together in 1787 to create a Constitution to preserve the newly born United States.

Adrea Cohen of the Library will assist in providing programs for town organizations or schools in Belleville.

Information, please

Listen and Learn

When Benjamin Franklin discovered that he was constantly losing friends and alienating people, he took a good look at himself. Among other things, he noted his disposition to argumentation. He hated to listen to what he regarded as the half-baked ideas of others. His reputation for arrogance was hurting him. He could not get along with people, yet he needed people.

One day near the beginning of a new year he took stock of himself, and made a list of all his nasty traits, naming them one by one. He arranged the list so that the most harmful characteristics appeared at the top of the list and the least harmful at the bottom.

Franklin decided it was time to work on them. When he got rid of the argument habit, he crossed it off the list. He continued working until he had crossed off all the characteristics that were destroying his effectiveness as a person. Like the prodigal son mentioned in St. Luke chapter 15, he "came to himself," and became one of the nation's most effective diplomats. When once he was arrogant and intolerant of the opinions of others, he became tactful and diplomatic, courteous and considerate.

The above illustration proves that we can change. As hopeless as we think our negative traits are, God alone can change them and give lasting victory.

First we need to realize that when we were born into this world, we were born with a sinful, fallen nature.

"Behold, I was shapen in iniquity, and in sin did my mother conceive me." Psalm 51:5. You do not have to teach people to lie, to cheat, to steal, etc. Why not? The evil nature within is the basic problem. Recognize it, and then call upon God for His help by inviting the Lord Jesus Christ to come into your life and make you a new creature. 2nd Corinthians 5:17. The good news is that Christ Jesus came into the world to save sinners. See 1st Timothy 1:15.

Reformation will never work. It is regeneration that is needed. "Not by works of righteousness which we have done, but according to his mercy he saved us, by the washing of regeneration, and the renewing of the Holy Spirit." Titus 3:5.

Former Nutley pastor

Monsignor Saltarelli named priest's vicar

Rev. Monsignor Michael A. Saltarelli, pastor of St. Catherine of Siena Church in Cedar Grove, has been named by Archbishop Theodore E. McCarrick to serve as Vicar for Priests for the Archdiocese of Newark which includes Belleville.

This appointment is effective immediately. Monsignor Saltarelli succeeds Rev. Frank J. McNulty, pastor of Our Lady of the Most Blessed Sacrament, Roseland.

Monsignor Saltarelli has served as pastor of St. Catherine's since 1985. He previously was the Executive Director of the Pastoral Services Directorate of the Archdiocese of Newark. Before heading the Pastoral Services Directorate, Monsignor Saltarelli was the pastor of Our Lady of the Assumption Church, Bayonne, from 1977 to 1982. He also served as the dean of the Bayonne Deanery.

From 1960 to 1977, Monsignor

Saltarelli was an associate pastor of Holy Family Church, Nutley. While at Holy Family, he served two terms as the dean of the North Essex Deanery.

Monsignor Saltarelli last year celebrated the 25th anniversary of his ordination to the priesthood.

Commenting on his appoint-

ment, Monsignor Saltarelli said, "I hope to bring my deep love for the Lord and the Church to the priests I'll be serving in this new capacity."

Bruce completes basic

Pvt. Robert J. Bruce, son of Joan I. Pisano Kahakalau of Parlin and William Bruce of Dow St., Belleville, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga. OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training includes weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapons infantryman and as an indirect fire crewman.

Bruce was taught to perform any of the duties in a rifle or mortar squad.

He is a 1986 graduate of Sayreville High School, Parlin.

Better to give...

Many Belleville groups, including the Chamber of Commerce, the Kiwanis, the Junior Women's Club and others chipped in this past Thanksgiving to share their blessings with the less fortunate. Much of the food Bellevillites donated to the needy was channeled through the Belleville Welfare office under the direction of Carol Russo. Hopefully their efforts made Thanksgiving more meaningful for our neighbors.

Concerned Citizens Christmas party

The Concerned Citizens of Belleville Inc. (CCBI) will hold its Christmas party this Saturday, December 6 at the Knights of Columbus Hall, 94 Bridge Street, Belleville from 8 p.m. to midnight.

A hot and cold buffet will be served with beer, wine and soda. There will be music and door prizes. Tickets at \$12 per person are available from Mario or Kathy D'Amico at 251-2277.

The CCBI urges its members and all townspeople to attend the next Town meeting, Tuesday, December 9 at Belleville High School at 8 p.m.

Better to give...

Many Belleville groups, including the Chamber of Commerce, the Kiwanis, the Junior Women's Club and others chipped in this past Thanksgiving to share their blessings with the less fortunate. Much of the food, Bellevillites donated to the needy was channeled through the Belleville Welfare office under the direction of Carol Russo. Hopefully, their efforts made Thanksgiving more meaningful for our neighbors.

'Souper' ingredients available at Grand Union supermarkets

As the changing autumn leaves herald winter's approach, it's time to rearrange closets, bring out blankets and restock the pantry. The brisk fall weather also provides the perfect environment for serving delicious homemade soup at cozy hometown get-togethers. Your local Grand Union supermarket carries an extensive array of "souper" ingredients — vegetables, beef, poultry, seafood and special seasonings that will truly warm the heart and health.

The key to creating great-tasting homemade soup is to start with wholesome ingredients — like the garden-fresh orchard-ripe tomatoes available in Grand Union's produce department. The flavor of the soup is derived from its stock — the juices extracted from cooking pieces of meat and bone and a variety of vegetables. You can make your own soup stock by simmering vegetables and pieces of meat like veal, beef, chicken and turkey for several hours, or you can purchase prepared stock and add your choice of fresh ingredients. Soup stock can also be made more quickly by cooking the bones in a pressure cooker for 30 minutes.

When you decide to make your own soup, the possibilities are almost endless. There are clear soups like bouillon, broths and consommé, and chunk soups made with flavorful pieces of vegetables, beans, grains and meats. There are pureed soups — chunk soups processed in a blender or forced through a sieve — and cream soups thickened with cream, butter or eggs in a vegetable base. There are also jellied soups — thickened and chilled with the addition of unflavored gelatin.

chicken, turkey, beef, chicken and turkey for several hours, or you can purchase prepared stock and add your choice of fresh ingredients. Soup stock can also be made more quickly by cooking the bones in a pressure cooker for 30 minutes.

While the distinction between soup and stew is not always obvious, one thing is clear: no matter what the season, creating "homemade soup" is a bit like creating a fine oil painting. You should experiment with ingredients and seasonings until you find the combinations that best suit your taste.

The following recipes for Lobster and Tomato Bisque, Chick-Pea and Vegetable Soup

Union's own test kitchens combined with salad, raw vegetables, bread or crackers, they can provide a delicious and nutritious fall feast.

Lobster and Tomato Bisque
A 1 pound lobster, cut up
2 cups ripe tomatoes, peeled, seeded and chopped (or 2 cups canned tomatoes)
1/2 cup finely chopped onion
1 bay leaf
2 cups milk
Salt and freshly ground pepper
1.3 cup heavy cream

1. Place lobster pieces in a heavy saucepan. Add tomatoes, onion and bay leaf. Bring to a simmer and cook for 10 minutes, until lobster is cooked through.

2. Remove lobster pieces from the pan. Put tomato mixture in a blender and blend until smoothly pureed. If there seems to be any pieces of shell in the puree, strain it. Remove the lobster from the shells and cut it into small pieces.

3. Pour tomato puree into a clean saucepan. Add the milk and bring to a simmer. Add the lobster, season to taste with salt and pepper, stir in the cream and cook long enough to heat through.
Makes 6 servings.

Chick-Pea and Vegetable Soup
1/2 cup vegetable oil
2 cups chopped onion
1/2 cup chopped celery
1/2 cup chopped bell peppers
5 cups chicken stock or water
1 1/2 cups cooked or canned chick peas

5 ounces smoked turkey or chicken breast, cut into 1/2 inch strips
1 35-ounce can Italian peeled tomatoes, drained and chopped
1 bay leaf
1 package frozen spinach, thawed

1/2 pound boiling potatoes, unpeeled and cut into 1/2-inch cubes
Salt and freshly ground pepper
1. In a large saucepan, heat the oil. Add the onions, celery and green pepper and cook, covered, over low heat for 5 minutes. Add the stock or water, chick peas, smoked turkey or chicken, tomatoes, bay leaf, 1 teaspoon salt and 1/2 teaspoon pepper, along with 2 additional cups water. Bring to a boil, cut back to a simmer and cook, partially covered, for 1 hour.

2. Then add potatoes and cook for 20 minutes more, then add spinach and cook for 5 minutes. Adjust seasoning and remove bay leaf before serving.
Makes 8 servings.

Nursery school visits local farm

Sandy Lane Nursery School took its classes to Green Meadows Farm in Roseland where the children were able to see and touch horses, goats, rabbits, chickens and roosters. They also viewed newborn piglets.

The children also got hands-on experience in milking a cow and enjoyed a pony ride and a hayride. They visited the pumpkin patch and chose their own pumpkin to take home.

The children will visit the farm again in the spring.

Kathleen L. Dieck

Belleville Times SPORTS

Mike Lamberti's

Buc Shots

Belleville High School's Class of 1976 had its tenth reunion at the Ridgefield Regency in Verona last Friday night. Over 200 graduates from that Bicentennial year, myself included, attended the affair, which was well run and a lot of fun.

You have to convince me that ten years have passed since high school. When I graduated, Gerald Ford was our country's President, gasoline was about 60 per gallon, Raymond Smith was the principal at Belleville High, Herman Wische was our Athletic Director and the Big Red Machine was alive and well and incinnati. The 200th anniversary of our country was the most-talked about item in town and the stands at Municipal Stadium were painted red, white and blue. Our class did the paint job on the stadium.

1976-76 was my senior year at BHS. I was a writer for the now defunct "School Page" of the Belleville Times and had a weekly sports column entitled "Lamberti on Sports." My first article appeared on September 20, 1976 and my journalism teacher was Susan Weintraub (now you have someone to blame for me being here).

While the ten years have gone by quickly, the faces haven't changed much, although I will admit that the name tags we wore last Friday night saved me on a few occasions. The Class of '76 had some pretty good athletes and some excellent sports teams that represented the Blue and Gold very well.

Ten years ago, the team name was the "Belboys" and we were a member of the Big 10 Conference. The Big 10 folded after the 1977-78 school year and Belleville was an independent for five years before the NNJHL came to pass in 1982.

I was a participant on the cross country, basketball and track programs, although I'm sorry to admit that those teams did not post winning records in 1975-76. We had some good athletes, however. Jim Beck was our top runner in the Fall of '75 in cross country. He was at the reunion, and other than a beard, Jim looked the same as he did while running at BHS ten years ago. That's encouraging.

It was good to see John Matra, who we called the "Duke" John, now a successful businessman, was a hard working runner who took part in cross country and track. Some past football stars were in attendance, too.

Jim Del Guercio, who everyone called "Mule" was at our reunion. Jimmy was a top defensive player and a good long jumper for our track team in '76. Anthony "Chippie" Balfiore, a member of the Hall of Fame, reminisced about his hard luck football season in 1975.

Chippie was a fine back. He was also excellent on speciality teams. In the Belleville-Nutley classic of '75 played in a steady rainstorm at Nutley. Chippie returned a punt in the second quarter for an apparent touchdown. However, the play was nullified due to a clipping penalty. The game ended in a scoreless tie.

The following game, at Belleville, Chippie returned another punt for a TD against Passaic. Once again, the play was called back for the same reason. Two games later, Chippie was clipped in the opening minutes of the Orange game and sustained a broken ankle. His season was over, but Chippie came back to perform very well in baseball. I'll get to that a little later.

I got a little head from one Glen Roselle, a fine football player in '75 who wants me to remind everyone that the '75 Belboys were 4-4 and lost three games by a total of 11 points. Glen is a good guy and looks great. He could probably get the handoff and gain a few yards today.

Carl Arit, a fine wrestler for Jimmy Silvestri for three years was there. Carl is now an outstanding jockey who races at the Meadowslands Race Track. Arit wrestled at 101 and 108 pounds and gained the state tourney twice in his three year varsity career. Carl is also a member of the Hall of Fame.

Nick Semara was an outstanding hurdler for the track team. He was an excellent jumper who went on to Stevens Tech and later attained an MBA. He is currently working for a consulting firm in Chicago, but has returned from being injured.

Vinnie Mustachio, inducted to the Hall in 1985, was there. Vinnie wrestled at 106, 115 and 122 pounds and was one of the best. Another outstanding wrestler was Chris Tremmel, who was coached by the junior varsity grapplers at Belleville High. Chris was 24 in his senior year, but missed the state tourney because of an injury.

Keith Waddell was an excellent wrestler and captain for the Belboys. Keith, along with his shellmates from the '76 Senior Eight, was inducted to the Hall of Fame in '85. The night that shell was inducted was a memorable one. The head coach, Sam Giuffrida, was there and the entire shell attended the induction. Mike Davis, another '76 grad who helped plan the reunion, spoke for the team and it was quite obvious that being inducted to the Belleville Hall of Fame was a moving experience. It was good to see that kind of pride in one's school.

The Belboy baseball team of '76 posted a 24-4 mark and was ranked number one in the state for four weeks. George Zinfur was the coach and some of the seniors who helped that team were at the reunion. Balfiore, who was drafted by the Chicago Cubs in 1979, Dr. Anthony Marino and John Guarino were among the attendees. Marino is specializing in pediatrics and Guarino is a successful banker in Summit.

Our valedictorian in '76 was Bob Feldman, an outstanding discus thrower and sprinter for the track team. Bob was back last Friday night, and I'm sure he's doing very well. Tommy Cairo is now a professional wrestler after gaining notoriety as a body builder. The "Chief," Mike Swinarski has to be mentioned. Some other athletes that I ran into included Joe Flynn, Ken Milano, Frank Frederick, Doug Jackson, Harry Zahn and Joe Villano.

If I missed someone, I apologize. Suffice it say it was great to see everyone again. Yes, I suppose ten years have gone by, but the memories are always there. To the committee who did such a great job in planning this affair, thank you. To Sue and Steve Donald, Mary Angelino, Michele Guerla, Tony Cortese, Mike Davis and anyone else who I inadvertently omitted, it was a great night.

BHS Buccaneers beat Nutley Raiders

Like a snowball rolling down a hill, the Belleville football team gained momentum throughout the season. That snowball gained full force last Saturday at Municipal Stadium as the Buccaneers finished the 1986 season on a high note, beating its arch rival from Nutley by a 27-16 count.

The victory gave Belleville a share of the NNJHL championship with Montclair. Both teams posted 6-1 marks in conference play. Belleville defeated Montclair in its regular season match up, but the conference recognizes co-champions rather than a tie breaking system.

It is Belleville's second conference title in the four year history of the Essex-Passaic Division. The Bucs narrowly missed a third title in 1984 when it lost by one half game to the tandom of Clifton and Montclair. To show you how competitive

the division is, consider this. In the four year history of the conference, only one team, Montclair, has won the title outright, that coming in 1985. In 1982, '84 and this season, there has been a two way tie for the title. Belleville and Montclair also shared the championship in 1982.

The victory over Nutley also broke a two game losing streak to the Maroon Raiders, dating back to 1984. The last Belleville win over Nutley came on opening day, 1983, a 12-6 count at Nutley.

This was a total team effort on the part of Belleville in defeating the Maroon Raiders. On offense, running back Jim Dunphy was unstoppable, scoring three touchdowns and rushing for 160 yards on the ground. Quarterback Jeff Spilsbury continued his

Belleville Soccer Association ends most impressive season

The Belleville Soccer Association completed the 1986 season this weekend with the most impressive statistics since the club formed some 8 years ago. All seven teams representing the B.S.A. in the Garden State Youth Soccer League finished in the top three positions in their respective divisions, including the club's third division title in as many years.

The Belleville Strikers, sponsored by Caputo Florists, defeated Lodi in the season's final game earning the team the fifth Division title in the G.S.Y.S.L. The Strikers' impressive season saw the team score 36, unanswered goals enroute to the title.

The Strikers, coached by Ted Werner and Jim Florian, were led offensively by Jim Berg, who scored 23 goals and Jerry Russo scoring 21, six in the Division playoffs and Ivan Martin 14 goals. The defense was led by stopper Joe Colucci, Ted Werner, Michelle Bond, Giorgio Ninos and goalkeeper Steve Diogus. Halfback Mike Guzman and Anthony Frantantonio along with Colucci provided the team's mid field balance. Steve Colucci assisted both offense and defense.

The Strikers join the Bandits and Breakers in becoming the third B.S.A. team to win Division titles.

The Belleville Bandits last year's Division 6 champs moved up to Division 5 this year and finished the season with an outstanding 6-1-1, earning a third place position in Division 5. Despite being the Division's youngest team, the Bandits were very competitive and earned the respect of their peers.

The team was led offensively by Nick Colucci, Joe DeTomaso and Victor Mesce. The defense was led by Aaron Stanecki, Anthony Raimo and Victor Mesce.

The Division 6 Devils and Killer Bees tied for third place. The Bees were led offensively by Ernie Scian who scored 10 goals. The high scorer was Lawrence Martin with 11 goals. The Devils proved to be highly competitive in the first year of competition and should do very well in Division 6 next year.

The Division 4 Spirits who placed second last year in Division 5

moved up this season. Despite being the youngest team in Div. 4, the Spirits strong competitive play earned them a third place finish. The Spirit was led offensively by Chris Ricci with 16 goals and Angelo Bagnara with 21. The defense was led by Mike Perro and Kevin Davis in goal, while Mark Bianchi turned in several fine efforts in the fullback position. Chris Imperatore, Marcello Ciavardano and Brad Koch provided the midfield balance. The Spirit will represent the B.S.A. in Div. 4 for the next season and should be a favorite for the Division title.

The Belleville Breakers, sponsored by Modern Millwork of Belleville earned the 2nd place in Division 4. The Breakers defeated first place Lodi in the last game of the regular season and again in the playoffs. The Breakers met Clifton in the finals and lost a well played game in double overtime, which cost them the opportunity for a Division 2 title.

The Breakers in the past three years has won a Division title, won the Belleville Mayors Cup, finished 3rd in Division 4 in their 1985 season and 2nd place for the 1986 season.

The team was led offensively by Dennis Dework with 23 goals, Matthew Kastner 9, Mike Jancelli and Mike Morgan. The midfield consisted of Naimet Savad, Robert Centello, Tom Porosowich and Carmine Esposito. The defense was led by Brian Davis as stopper, Brian Harvey, Kevin Ernst, Bill Zuppan and Jason Ventola. Carlos Ramirez and Robert Pietri in goal.

In Division 3, the Blast finished the season in third place. Leading the offense were Franco Villita, Scott Dorey, Dan DellSante, Daren Lewis and team captain Jim Wandling. Wandling also led the midfield with Frank Koch and Frank Crocco who also scored several goals. The defense consisted of Rich Pretto, Mike Kimball and Steve Vogel as fullbacks and Ed O'Hara and John Del Mauro as goalie. Daren Lewis led the Blast team in assists.

An awards dinner is planned for mid January to honor the players who represent the Belleville Soccer Association this year.

Belleville Buccaneers beat Nutley

(Continued from page 13)
phenomenal passing-tossing two touchdown-passes and running the Buccaneer offense flawlessly throughout the afternoon.

Belleville scored first, in the opening quarter. On its second possession of the game, Belleville started from its own 25. Spilsbury went to the air right away, hitting Jon Nardachone for 19 yards to the 44. Nardachone really picked up steam in the second half of the season for the Bucs at split end.

Dunphy then gained eight yards to the Nutley 48. John View carried for three and Spilsbury passed to Dunphy for 31 yards and a first down at the Raider 24. From there, Spilsbury hit Jamie Galioto with a 17 yard strike to the 7.

With a first and goal at the seven, Dunphy gained three yards to the 4-but lost five on the ensuing handoff, setting up a third and goal at the 9. Once again, Spilsbury went to the air and loomed Lou Lucante in the corner of the end zone. Lucante made a fine diving catch to give Belleville a 6-0 lead. Dave McNeil added the conversion.

The Bucs scored a second touchdown late in the second quarter. From his 47, View picked up 10 yards to the Raider 43. After Lucante gained three yards to the 40, Spilsbury went to his famous "shovel" pass, hitting Dunphy for a 40 yard touchdown.

Spilsbury threw three shovel touchdown passes in 1986, all of which went to Dunphy.

After McNeil's conversion, Belleville led 14-0.

The Raiders had one big threat in the first half. Nutley drove from its 33 to the Bue-10 thanks to some strong running by junior Kattar Clifton. Clifton gained 30 yards on the drive and quarterback Michael Higgins hit Tom Florio with a big 15 yard pass on fourth down, giving the Raiders a first and goal at the Bue 10. However, the drive stalled there when John Magi intercepted Higgins in the end zone. The half ended at 14-0.

Dunphy came out like a one man gang in the third quarter. Belleville took the starting kickoff and began a drive from its 20. On the first play from scrimmage, Dunphy ran 30 yards to midfield, breaking any momentum the Raiders might have gathered during the intermission.

From the 50, View gained five to the 45 and Dunphy four more to the 41. On third and one, View scrambled five yards for a first down at the Raider 36. Dunphy then took over, sprinting 23 yards to the 13. The senior then finished the drive with a 12 yard run for his second touchdown on the following play to give Belleville a 20-0 lead. McNeil's conversion increased the lead to 21-0.

Nutley could not move on its next possession and Dunphy went to work when Belleville got the ball back. The Bucs moved from its 38 on a three yard run by Frank Montagna and an 18 yard pass from Spilsbury to Galioto. Dunphy then did the rest of the work, with runs of 7, 1 and 39, the later his third TD of the

afternoon. The score put Belleville ahead 27-0, but McNeil missed the conversion, his first miss of the 1986 season after 15 straight conversions.

Nutley fumbled 16 points late in the fourth quarter to make the final score, 27-16, but Belleville had been the dominant team on the afternoon.

It was a convincing victory. "I'm very happy for all the seniors," said head coach John Senesky. "After the start we got off to a Bucs lost its first two games of the season; the team could have gone totally downhill. It was more mental than physical. We had a tough year in 1985 and it carried over to the first two games of '86. The

Montclair game (in week three) really turned things around. It gave the team confidence for the rest of the season."

Senesky, a former Belleville High football star, knows the significance of beating Nutley.

It's the icing on the cake. This is such a big rivalry. Anytime you beat Nutley, it's a big win. Jim Dunphy played a tremendous game for us. As a matter of fact, everyone did a great job. Jeff (Spilsbury) threw the shovel pass real well and we got the job done.

Senesky praised the punting of Galioto and the place kicking of McNeil. He also admitted that Nutley was hurting.

Injuries decimated that

team," Senesky said. "They lost their top quarterback (Marty Higgins) and played without its best linebacker (Scott De Luca). They had a tough year."

Nonetheless, it was a big win and a great way to end a championship season.

NOTES: Senesky's coaching record at Belleville is now 60-34-1. In his ten years at Belleville, Senesky has led his teams to eight winning seasons. Dunphy led the team in scoring with seven touchdowns for 42 points. Galioto was second with four touchdowns, good for 24 points. McNeil and Spilsbury were third in scoring with 18 points each. McNeil did his scoring with 15 point after attempts and

one field goal. Spilsbury threw 11 touchdown passes this year, the most for a Belleville passer since John Mellillo's 13 tosses in 1980. Dunphy threw a touchdown pass, to Spilsbury in the victory at Kennedy.

The final conference standings were Belleville and Montclair at 6-1, Passaic, 5-2, Clifton, 4-3, Nutley, 3-4; Eastside, 3-4 and Bloomfield and Eastside, 0-6-1. Nutley finished 4.5 overall, its first non winning season since 1981. Montclair has gained a share of the NNJL title in each of the four years of the Essex Passaic Division. The Mounties tied Belleville in '82, tied Clifton in '84, won it outright in '85 and tied Belleville again in '86.

Buccanette gymnastic team earns accolades

Although its season is over, the accolades continue to pour in for the Belleville gymnastics team.

Last week, the NNJL, dished out its yearly awards and Belleville was very well represented in the post season accolades.

Five girls attained NNJL honors led of course, by senior Kelli Trimm.

You know about Glunk's heroics during the past two seasons, last week the NNJL honored her by naming her first team. NNJL for the floor exercise and second team for the all around exercise.

Glunk finished second this year at the NNJL championships in the all around tournament and tied for first at the state championships.

Senior, Alise Davies, finished

on the second team for her work in the uneven parallel bars. Davies just missed a berth in the state nationals in that event, but nonetheless, put together a fine campaign for coach Ray Iannuzzi and Company.

Sophomore Joell Veltre earned second team for her fine performances in the floor exercise. Veltre has already been to the prestigious state nationals two years running and should be one of the top performers on the 87 team.

The continued improvement of freshman Nicole Zelina did not go unnoticed. Zelina earned second team for the balance beam. What's more important is that Zelina competed in all four events this year, quite an accomplishment for a freshman. She certainly has a promising career ahead of her.

Belleville will battle Edison, Roselle Park, Cedar Ridge and Bridgewater West, in addition to the usual strong entries from the NNJL in Clifton and Bloomfield. The Bucs open the season on December 23, at Teaneck. On the 27th, the Bucs will take part in the Bloomfield Holiday tourney at Bloomfield High.

The indoor track team, under the direction of coaches John Tosato and Barbara Gundry will compete in various invitational. The team does not have dual meets during the winter season and the main purpose for the indoor season is to get ready for the spring campaign.

Finally, the bowling team will battle some tough squads from the NNJL. Traditionally, the bowling teams at Belleville have done well and hopefully the '86-'87 campaign will continue that

success.

The Times will begin weekly coverage of the winter sports in next weeks edition.

Finally, senior team captain Danielle Lyman was named Honorable Mention for her work on the balance beam. Lyman competed for four years at Belleville High and was an excellent team leader this past season. "I was very happy with our representation in the NNJL," Iannuzzi said. "Of the 25 spots available, we gained five of them. That's pretty good. I couldn't have been more pleased with the results."

Once again, congratulations to Coach Iannuzzi and his team for a fine season and special accolades to the girls who were selected to the all conference team.

BHS winter sports season just around corner

As the leaves on the trees fall to the ground and the cold weather nestles itself on the northeast, the fall sports at Belleville High are bidding a fond farewell to the 1986 season.

Although the final tallies are not recorded yet, all signs indicate the 1986 fall season at Belleville High was tremendously successful, with two conference titles and four winning seasons highlighting the autumn months.

Now, the focus is on the winter campaign, traditionally the longest of the three seasons at Belleville High. The winter season commences in late November and quite often does not finish until late March. Belleville High is represented on

the varsity level by the girls and boys' basketball teams, the wrestling team, the indoor track and bowling teams.

For the boys' basketball team, there is a new coach this winter. Although Don Roll is new to the head coaching job, he doesn't need a formal introduction to Belleville High basketball. He played at Belleville High from 1975-78 for then head coach, Dan Grasso. He has been the assistant coach at Belleville High from 1983-86, working under Joe Pappasidero and later Rocco Colucci.

Roll takes over a program that is on the rise. The past two years under Colucci, the team improved steadily with records of 2-22 and 5-19. This year, Roll is wise. He has an experienced team that should fare well in the NNJL. The Bucs will open the season on December 19 at home to Ridgewood at 7:30 p.m. This Friday evening, the team will battle Central of Newark in a scrimmage at Belleville High, starting at 6 p.m.

Karen Fucello has been on a rebuilding program for the girls' basketball team for two years now. After a 22-7 season in 1983-84, it's been back to the basics for the coach and her young team. With the graduation of players like Jennifer Apicella, Dina De Aquino, Donna Brooks, Tracy Buono and Loreli Wells, Fucello has had to rebuild with youngsters over the past two years.

DENTALLY SPEAKING
By Drs. James D. Maglia and Paul N. De Maio
"Miss R. of Newark asks: 'My teeth have no cavities but are greyish brown and I don't like the way they look. Is there any kind of cosmetic paint that can be put on?'
At present Miss R. the only cosmetic coverings are either crowns (caps) or bonding. Since you mentioned you have no decay, we would suggest porcelain veneers as a possible solution. Porcelain veneers are finger nail like casing made of a porcelain color of your choice that goes on the front side surface of your teeth. Very little removal of tooth structure is needed. After the laboratory makes the covering under the direction of your dentist they are then fitted to your teeth. Upon your approval, a special bonding procedure then adheres them to your teeth and the cosmetics you desired are achieved. Some care must be taken to keep the bond intact but its minimal. Consult your dentist for further information."

Real Estate Briefcase

By Jack Reilly, G.R.I.

Dear Mr. Reilly:
What does it mean when I see in the paper "mother daughter" or "2 1/2 family"? — P. Ricciardelli, Nutley *

There is no such category as "mother daughter" or "2 1/2 family" in the vocabulary of the real estate professional. Yet, these categories are found in the colloquial vernacular to describe in other words what is most likely a residential building with an extra usually unallowable rental unit.

A "mother daughter" is a residential property whose name has its roots in occupancy by the extended family. In this case, a home owner has converted a part of his one family dwelling to accommodate a mother or other blood relative. In many cases this can be quite legal, as long as state and local laws and ordinances are followed, and the proper permits have been obtained. In all cases though, it is important to remember that you still have a one family house, it merely boasts an extra bath and/or kitchen.

A "2 1/2 Family" is basically the same situation except that the extra unit is usually made available for rent. The owner of a two

family property will convert a basement or an attic into an additional rental unit under the lure of financial gain. As with the "mother daughter," this may be done legally, provided all proper procedures have been taken. However, a two family which has been formally approved to add an additional unit does not become a 2 1/2 family, it becomes a three family dwelling.

The reason for these and other categories of unrecognized housing units is understandable if you look at our area's housing situation: we live in one of the most densely populated regions in the nation (accounting for higher demand) and yet we have a fairly fixed housing supply. With the cost of property ownership constantly rising (taxes, insurance, etc.) the recipe is complete—property owners, who need more income and tenants who need a roof over their head. Be wary of homes sold under these categories and do your homework before buying one.

Schultz Real Estate joins Relocation Network

Schultz Real Estate has announced its affiliation with Equitable Realty Network, Inc. (trade name: Equi-Net).

Headquartered in Orlando, Florida, along with its parent company, ERM, the network has approximately 400 members with approximately 1,200 offices and 21,000 sales associates serving more than 4,500 communities throughout the nation.

Denise E. Riordan, Relocation Director for Schultz Real Estate, explained, "Equi-Net brokerages are prominent real estate firms, some ranking among the top ten independent firms in the U.S., and we are pleased to become a member of this organization."

"Our affiliation with this referral network will enable us to better serve the needs of those families who are relocating out of the area, as well as assisting those transferring moving into the communities we serve," stated Gary W. Schultz, President.

"Equi-Net provides its members with a full complement of marketing and communication tools to satisfy both consumer and internal promotional needs. To meet the ever-changing needs of the relocation industry, Equi-Net provides its members with numerous training programs throughout the year. Collectively, Network members spent more than one million dollars

and 10,000 hours on relocation training in 1985 to insure the integrity and professionalism of Equi-Net's services to transferees.

"Because of its philosophy of excellence, Equi-Net enjoys one of the highest conversion ratios in the industry today."

Ms. Riordan added, "There is

an unmatched spirit of camaraderie and support within the Equi-Net network and we are eager to join in this effort."
