425 units are proposed

Condo project planned for Walter-Kidde site

By Christopher Bifani

The Walter Kidde property in the Valley is the site for a proposed 425 unit condominium development, pending a decision by the Belleville Zoning Board next month.

The developer eyeing the Walter-Kidde site is Maione-Hirschberg, a Montvale firm that recently developed a smaller condominium project called "Riverside," also in the Valley section.

"We're making an application to the zoning board for a variance this week," company vice-president John Kieser said. He explained that because the lot is presently zoned for industrial use, a variance to build condominiums there is needed to proceed.

The housing units planned for the site are in the moderate price range, beginning at around

\$150,000. There may also be some luxury "upper end" units designed into the project which would be marketed at higher cost, Kieser said.

Although a project of this size could mean more than \$25 million in ratables, some town officials and citizens would prefer an industrial ratable on the site, arguing that industrial ratables provide the least drain on township services. One citizen, in particular, has proposed a moratorium on new condominium construction.

But while some Bellevillites would like to cut off the condo supply, the condo demand apparently continues to grow. Kieser reports that more than 500 people had signed a waiting list to purchase

(continued on page 3)

Eyesore no more...

King of Belleville's Glass Company, formerly of 105 Washington Avenue, is renovating the old Hilltop Amoco building on Washington Avenue next to the middle school. The firm plans to relocate there in the spring. Pictured above, the building in its current state, while workers rehabilitate the interior. Pictured below, owner Eric Hamilton at the site.

Many cars damaged at crossing

Holmes Street tracks claim another 'victim'

By Christopher Bifani

Just weeks after a Nutley motorist got his car stuck at the Holmes Street rail crossing, a Belleville motorist has experienced a similar fate. The problem, he says, has to do with the way the road dips east of the crossing and the way the rails are exposed from the road surface.

"When I crossed over the tracks at extremely slow speed," Brian McAllister told the Times, "I just stopped dead right on the tracks. My catalytic converter hit the tracks, it bent my steering linkage, and I couldn't get the car off the tracks."

McAllister's car, a 1980 Triumph TR-7 had to be pushed off the tracks with help from his brother Edward, also of Belleville.

Afterward the little-sports-car-that-couldn't was towed to M&D Foreign Car Clinic where the auto 'doctor' there said the 'victim' would require some \$850 in repairs.

"I think it stinks," McAllister fumed, "I want to take it to court. I called up the town and they gave me the number of Conrail police. I called them and they gave me another number to call. I call that number and nobody ever answers!"

The 29 year old Joralemon Street resident added that "It's no fault of mine. But my insurance doesn't cover the expense and I'm stuck with the bill. I don't think it's fair. It's something the people of Belleville should not have to put up with."

Township officials, however, maintain that dealing with Conrail is just as tough for municipalities as it has apparently been for McAllister. In a Times article last year, several officials spoke of repeatedly contacting Conrail in an effort to get the rail crossings repaired. But no luck so far.

In addition to bending the Triumph's steering linkage and ripping off the catalytic converter, McAllister says the tracks also caused the shattering of his exhaust manifold.

"The thing is," he said, "when all this happened a guy that lives next to the tracks comes running out and says that's the second time this week it happened, that cars get stuck there all the time."

Evidence near the Holmes Street crossing bear out that allegation. When the Times made a photographic foray of the scene, a pile of mufflers and exhaust pipes was readily visible.

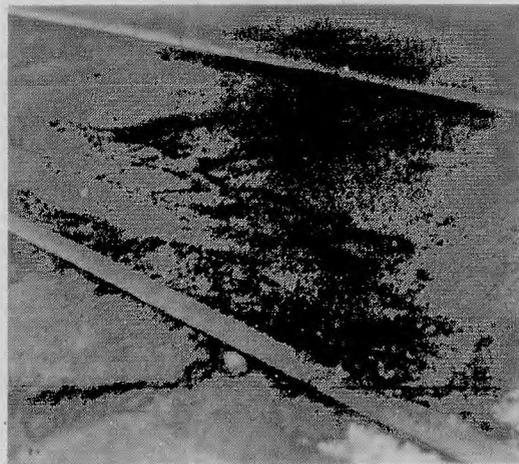

Last month Nutley resident Peter Foppiani also got stuck on the tracks. He told a Times reporter that "I slowed down to about 5 miles an hour. There was a dip in the road and as I went over the first rail the front end of my car got caught in between the rails. The first rail must have caught the catalytic converter, pulled it back and bent the whole system into a pretzel."

The peculiar grade of Holmes Street at the rail crossing makes for a hump that helps to snag the undercarriage of autos on the rails, victims believe.

An official with the Belleville DPW agrees that the Holmes Street crossing is as problem spot.

"I know people have lost mufflers while crossing those tracks," Raymond Strumolo, senior clerk at the DPW said, "But as far as the upkeep of the tracks is concerned, that's Conrail's responsibility."

Belleville's rail crossings, regardless of who is to blame, are perhaps best summed up by McAllister's parting shot:

Cross at your own risk — The Holmes Street railroad tracks (pictured above) have long been a sore spot among valley section residents and workers who complain that the crossing is damaging cars. Below, a pile of evidence — mufflers and exhaust pipes — collect rust near the crossing. (Photos by Christopher Bifani)

Improvement loans available

'Business Finance Day' to be held at Town Hall

The Township of Belleville and the Essex County Economic Development Corp (EDC) will hold "Business Finance Day" at Town Hall, Thursday, Feb. 26. The day-long session is designed to acquaint merchants with ways to improve their facilities.

Business people will get a chance to meet individually with staff members of the Economic Development Corp. at Belleville Town Hall to discuss facade improvements and other property modernizations.

Belleville business people are invited to telephone 450-3322 to

make an appointment to meet with EDC representatives at Town Hall.

Low interest loans and grants are available under this project. The second year of the program, businesses made use of loans and grants to improve properties in 1986.

EDC, cooperating with the Mayor and Commissioners in this program, is a private non-profit economic development agency formed to provide technical assistance to business in an effort to help them expand and keep their operations in the county.

Belleville Police Department Crime Prevention Unit Neighborhood Watch Meeting

DATE: Wednesday, February 25, 1987

TIME: 7:30 P.M.

PLACE: Board of Health Building Conference Room
2nd Floor, 383 Washington Avenue

There will be a film and presentation given by Detective Joseph Rotonda of the Belleville Police Department on a Drug Program for the Youth of the community called "Defenders Against Drugs."

Spring is just around the corner

Clara Maass Center fitness court can get Bellevillites back in shape

The Clara Maass Medical Center Fitness Court is a compact and versatile fitness platform at Branch Brook Park in a 32' x 32' area. The Court is designed to augment walking, jogging, cycling and to provide a diversified and conditioning exercise routine at 16 outdoor stations.

The Court includes a unique choice of fine fitness programs that blend stretching, conditioning and strengthening exercises.

Whether you're concentrating on conditioning, cardiovascular fitness, weight loss or sports enhancement, the Clara Maass Fitness Court is open for everyone to enjoy.

People of all ages and in all kinds of shape will find themselves enticed into a healthy lifestyle which includes daily exercise, a

variety of fitness goals and good nutrition. Diversified uses of the Fitness Court are illustrated and explained at each fitness station.

Warm up court

The Warm Up Court consists of eight fitness games, four stretching and four strengthening. It prepares players for aerobic exercise by first stretching the major muscle groups and then gradually increasing activity and metabolic functions. Players are prepared for strenuous output upon completion of the Warm up Court.

Cardiovascular conditioning

Players then leave the court to walk, job or cycle for cardiovascular conditioning. Frequency, intensity, duration and mode of exercise are explained on the Aerobic Conditioning sign for a complete understanding of cardio-

vascular fitness. Also included are instructions for measuring heart rate so that players can make sure exercises are done vigorously enough to produce results.

Cool Down Court

Players return to the Cool Down Court after aerobic exercise to cool down with another series of eight fitness games to once again strengthen and stretch the muscles while returning all vital functions to normal.

The Fitness Court can enhance training for runners who do not choose to stop at individual fitness games. It can provide a muscle flexibility and strengthening routine for Nautilus or Universal Gym users.

Remember! Check with your doctor before starting any exercise program.

Route 21 suspects caught in Newark

Two hours of the highway were closed last week when a 25-year-old man and a 21-year-old woman were arrested on charges of driving without a license and a child was injured in the crash.

Anthony Caspe said the crash had been pinned in the road while he was northbound on the highway. The driver of the other car, motioned to Caspe to pull over, but Caspe was suspicious of the driver and stopped.

PSE&G delays earnings report

Public Service Electric and Gas Co. (PSE&G) has delayed its earnings report for the third quarter of 1986. The company is reporting the same earnings as last quarter, but the delay is due to the construction of the Hope Creek Generating Station.

PSE&G is the national utility with a market cap of \$10 billion. The company's earnings are expected to be around \$1.1 billion for the third quarter. The delay is due to the construction of the Hope Creek Generating Station.

Elise Lambert art exhibited

On exhibit during the month of February is the artwork of Elise Lambert. After studying art in high school, Elise studied at Peix School of Art. Exposed with intensive skills for 12 years, she continues her own whenever she has time. Since an operation Elise is doing well. She says "It is as if I now have a new lease on life." This is a moment in her eternal journey.

She currently attends the Art Museum's Library in New York studying with Richard Coors, a recognized impressionist authority with still life. Her art exhibitions include works from the promenade in Brooklyn Heights back in the 30s and the famous Festival at Liberty State Park. Last April she earned first and second prizes in the Belleville Public Library art show.

Fifty-eight works will be displayed.

Tri-County Camera Club to exhibit at the Belleville Public Library

Tri-County Camera Club will host a photographic exhibit during the month of March 1987 at the Belleville Public Library, 221 Washington Avenue. The exhibit, which coordinates with the Club's 45th anniversary, will consist of fifty-eight black and white and color prints by thirty-two club members. The exhibit represents a sampling of the members' degrees of expertise.

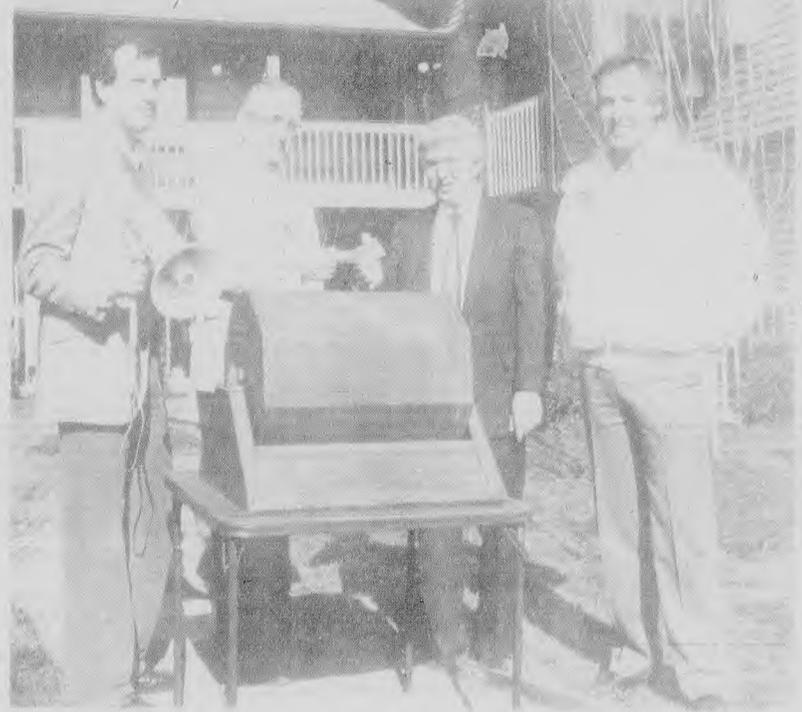

Tri-County members have been highlighted in the New Jersey Federation of Camera

Clubs and Photographic Society of America. Some works have been published in various books and magazines and several members exhibit internationally.

Tri-County Camera Club meets on the first three Tuesdays of each month (September through and including May) at the Nutley Museum, 85 Church Street. Meetings begin at 8:00 a.m. and visitors and/or new members are always welcome.

The purpose of the club is to provide a constructive and educational atmosphere for people interested in photography, for perfecting skills and improving your photographic eye.

Visit the Belleville Library any time during the month of March and enjoy a pleasant display of prints. There will be an official opening of the exhibit on Thursday, March 5th between the hours of 7:00 p.m. and 9:00 p.m.

Belleville's a good bet: Belleville Mayor Michael Marotta (2nd from left) hands money to John Marone, chairman of Marine-Hirschberg Cos., during lottery for right to take an old Riverside at Belleville townhome complex. Looking on are Mary Hirschberg, president of the home-building company, and Stefan H. Shepajian, partner in Konrad Development Co., the CPA firm which supervised the lottery.

Local scientific firms to provide substance abuse testing service

Pragma Biotech, Inc. of Belleville Avenue Bloomfield announced last week the signing of a joint agreement for human drug and alcohol abuse testing and screening in the State of New Jersey with Roche Biomedical Laboratories, Inc., a division of Hoffmann-La Roche Inc. of Nutley. Under terms of the agreement, both companies will market their respective services — Pragma for the screening and processing of each human subject, and Roche for the clinical laboratory testing.

Hoffmann-La Roche, an experienced and prestigious company, endorses our commitment to services which fulfill the demanding needs of the largest and most sophisticated biomedical and pharmaceutical companies," said John R. Heron, Pragma's Chairman of the Board. Bruno further stated, "This is our first entry into the rapidly growing, human drug and alcohol abuse testing market, which is estimated will exceed \$200 million per year by 1990."

Experts agree that drug abuse in the work place is a significant public health problem. Concerns

about drug abuse have generated an increasing number of inquiries and requests for technical assistance. According to the National Institute on Drug Abuse, in the 18- to 25 year old population, 65 percent use illicit drugs, resulting in almost \$100 billion in lost productivity each year.

Recognizing a need for businesses to set up a testing schedule, Pragma Bio-Tech and Roche Biomedical Laboratories will offer a complete cost-effective screening process. This technique will be a highly sensitive and specific identifying procedure with re-confirmation of positive screens by GC/MS (gas chromatography/mass spectrometry), the most reliable and legally acceptable confirmation method available.

The samples will be taken by Pragma Bio-Tech's experienced professional staff at the client's work site. Pragma will document all specimens by a "Chain of Custody" procedure to ensure integrity. All specimens are labeled with a code to ensure complete confidentiality.

Pragma will deliver all samples to Roche Biomedical Laboratories who perform all the clinical laboratory testing. They then deliver the results of these findings to Pragma within 48 hours. Pragma completes all data received from Roche in a neat, concise, and easily read report for the client, identifies all employees who tested positive for drugs or alcohol.

Hoffmann-La Roche has been a pioneer in the emerging market of human drug and alcohol abuse testing and screening. John H. Fitzworth, director of marketing for Diagnostic Dimensions, Inc., a subsidiary of Hoffmann-La Roche stated, "The market for human drug and alcohol abuse testing should continue to grow by more than 50 percent annually for a number of years. We feel our relationship with Pragma will significantly help expand the New Jersey market."

Pragma Bio-Tech, a biomedical company that tests and evaluates new and established drugs and consumer products also performs human drug and alcohol abuse testing and screening.

Township condos are hot properties

(Continued from page 1)

one of the 30 units Marone-Hirschberg has already developed in Belleville. In order to choose buyers fairly, a lottery was held at the "Riverside" condos and Mayor Michael Marone drew the numbers. Those whose numbers were selected got first crack at buying a Riverside condo.

"Back-up buyers on the Riverside lot and other people who've inquired are being put on a waiting list for a new project," Kloser said of the "Water-Rockie" proposal.

William Gravel of Belleville-based Gravel Realtors is also familiar with the heavy demand for new township condominiums. He reports similar demand for the Union Station condominium units under construction off Union Avenue.

"We have a very tight market in Union Station," Gravel told the Times, "and we've already had a number of injuries." He said that the township's system of housing is one of the best in the state.

The condominium project proposed for the Water-Rockie site is already being submitted to the Belleville Board, Robert Domec of the Construction Code office. Kloser says Domec had "looked over" preliminary plans and the final plans are being prepared for presentation to the town board later this week.

The development would include at least one tennis court and a swimming pool, Kloser said.

Kenneth Law, Miller & Company was the certified public accounting

firm used to conduct the lottery. Township Board members and other officials were invited to see people on the lot who were chosen. All they had to do was present a check on the day of the lottery. Home sales performance in the 1986 and 1987 was good, at 100%.

"The return on the market was well above our expectations," said Marone, company chairman and CEO. "As a result, we would like to build back again on Riverside at Belleville, and soon, the beginning of a lot for our next project," Marone said.

Marone-Hirschberg representatives say that many residents from Belleville and surrounding municipalities were included in the lottery, according to the Times.

"The high level of interest from

the public is a testament to the quality of the township's housing program."

Business in Belleville

Reacting to increased traffic and a perceived indifference to the longstanding character of Belleville neighborhoods, some townspeople have called for a moratorium on condominium development.

A moratorium, they say, would give the township time to assess what impact existing and under-construction condominiums will have on Belleville's roads, schools and services.

But a moratorium on condo development - or any one kind of development - would short-change the town. Instead, we must carefully consider each individual proposal on its own merits.

For example, condominium projects built on the outskirts of town, like the 30 unit Union Glen, are not likely to cause the same traffic congestion as a similar project built in the middle of the Soho section.

In coming months, condominium projects will come before the township's sub-boards that may ultimately lead to millions of dollars in ratables - and headaches. It's up to our town officials to decide which projects, if any, are worth the trouble.

Perhaps a lesser moratorium should be considered by the zoning board: No more variances for condominium projects in one and two family zones. If such a moratorium were adopted by the zoning board (perhaps pledge is a better word than moratorium) developers seeking to build condominiums would have to seek property in multi-family zones, or hope for variances in existing industrial or commercial zones. The integrity of our one and two family zones, however, would be preserved.

In considering any kind of reins over the unprecedented condo build-up in Belleville, town offi-

cial should bear in mind that private homeowners still carry the tax-paying, vote-casting clout here. And they have every right to protest when the integrity of their neighborhoods are threatened by giant buildings that don't fit in aesthetically - and spew streams of rush hour traffic into the local streets. Also, homeowners situated near condominium projects fear that their property values could stagnate or rise more slowly due to their closeness to these unwanted guests.

Next month, the biggest new condominium project in Belleville's history is expected to come before the zoning board. At 425 proposed units, it is equal in potential revenue to 10- or 15 average condominium projects sprinkled haphazardly throughout town.

But instead of stuffing these condo-ratables down the throats of one and two family homeowners in residential zones, this project is planned for the Walter-Kidde property off Main Street near Route 21.

The advantage to a project of this magnitude is that it is almost certain to have a favorable effect on our tax rate. Since the property is at the edge of town and right off the freeway, traffic congestion may not be a significant factor.

However, the property is zoned for industrial use and there are some town officials who would like to see another industrial ratable come in there. Industrial ratables, many believe, require little in the way of town services while paying a nice sum in taxes.

Should the proposed 425 unit condominium project be awarded a variance, the township will soon be host to well over 1000 units of condo housing, an awesome number considering that few people had even heard of condos a generation ago.

Condo Moratorium

The recent Belleville Chamber of Commerce installation was marked by re-elected President Shirlee Sherman's call for a membership drive within the township's business community.

"If everybody here today could recruit just one member," the Washington Avenue childrens clothier said, "we would increase our ranks by 25."

This couldn't be a better time for the Chamber of Commerce to expand, as new business is constantly flowing into Belleville, and as our population base and median income is expected to grow.

Do Belleville residents still shop in Belleville? Do shoppers come over from Lyndhurst, North Arlington and Kearny now that the bridge has reopened? Are the hundreds of new condominium families discovering that business is "better in Belleville" - or do they think it's better at the Willowbrook Mall?

Other questions, too, must be addressed by the newly installed chamber officers. How is the township helping to maintain a healthy commerce climate? What areas can be improved? The same complaints - lack of parking...lack of trees and trashcans...rising crime... keep coming up. Perhaps this year's chamber officials will come up with some solutions, in addition to the wonderful community spirit activities the chamber gave the township last year - the 10K race, the halloween mural contest, the annual dinner-dance.

The Belleville Chamber of Commerce, co-founded by Times Publisher Frank Orechio, has long been a voice in town. But in order for that voice to continue to be effective, the numbers must grow to reflect the true scope of business in Belleville.

A strong chamber of commerce leads to a better, more prosperous community.

When does it end...

To the editor:

In the past few weeks, the big city mayors went to the State House, and the White House for assistance in their budget crisis.

In the City of Newark, I believe, five new jobs were created to the 1987 budget, and the Mayor is asking for 50 new cops. When the people of Newark obey the laws, less cops would be needed. (The burden is always on the people who pay their taxes.)

If the officials in Washington and New Jersey assist the big cities with their problems this year, what about next year?

Are we going to bail them out again?

This past week Essex County's Executive Nick Amato asked all his dept. directors to freeze all new employment and make cuts where it can be done.

The former executive, Mr. Shapiro, left Essex County residents with a deficit of \$10 million in the '87 budget and a projected \$23.2 million budget cap.

We must economize. If Newark and East Orange were made a state, the taxpayers would only pay half of the taxes today!

Joseph Fornarotto

Infusino Family thanks friends

To the editor:

In our recent hour of bereavement, it was comforting and so helpful to receive the sympathy and compassion of true friends and understanding relatives.

We wish to express our special thanks to the Nutley Township Police Department and County Sheriff's officers who expertly controlled the traffic flow at the funeral home and funeral procession.

To the Rev. Robert Cassels of St. Paul's Congregational Church for his ser-

VICES and prayers.

To Mickey and Anthony Biondi and the staff of the Biondi Funeral Home for their professional services and thoughtful assistance.

And to all our friends and relatives who offered their condolences and spiritual support.

For the many floral contributions, Mass offerings and to all those who contributed to our favorite charity, we are humbly grateful.

The Family of
Thomas P. Infusino Jr.

Why run the risk

Submitted by
Rev. Robert Paul

"I'm scared to death to get on an airplane again, but I've got to get home!"

As the people in the air terminal of a large international airport surveyed the scene of a fiery airline crash in which 130 passengers were killed, the remark was made, according to reporters, by someone who was soon to board another plane. Someone else commented, "I'm just glad I wasn't on that flight! I was already worried about getting on an airplane and the rain only made me more scared."

I wonder how many people will ask, "Why run the risk?" and never board another airplane for fear of being in a fatal crash?

Did you ever stop to think that you are running a risk every time you get into a car? People have met early deaths by riding bicycles, crossing busy streets, eating the wrong kinds of food, receiving bee stings, using harmful chemicals, etc. Even smoking and drinking alcohol claim the lives of many every year.

This sounds very pessimistic, I know, but I'm happy there is a better way. It is found in the Bible. "For as in Adam all die, but even

so in Christ shall all be made alive." 1st Corinthians 15:22. This means that since Adam and Eve made that first fatal choice to disobey God, all of us are subject not only to physical death, but also to eternal death. "It is appointed unto men once to die, but after this the judgment." Hebrews 9:27. Now the good news: "Christ died for our sins and arose again for our justification."

This means that the Lord Jesus Christ died on the cross to bear your sins and mine, and to give us a complete right to go to heaven.

But why run the risk? Whether you die from one of the above mentioned disasters or die at a ripe old age, why would you risk spending eternity in that place reserved for the Devil and his angels, when you can spend eternity with God in the joys of heaven by simply trusting and receiving Jesus Christ as your own personal Saviour and Lord. St. John 1:12.

The Bible says: "But God commendeth his love toward us, in that, while we were yet sinners Christ died for us." Romans 5:8. Yes, Christ's death was just for me, and I thank Him for it, for the just shall live by faith. Why run the risk?

Tax Talk

If the "taxing" problems besetting our northern neighbor Nutley are any criterion of what we Belleville taxpayers may anticipate in increased taxes, the outlook is fearsome.

Taxes in Nutley will be raised significantly in 1987 primarily because of state and federal revenue cuts facing the Board of Education, the Board of Commissioners and the Essex County Board of Freeholders.

Golden Comments

By James R. Golden

Some Nutley officials say the tax rate hike there could reflect an all-time record with large scale layoffs among the municipal workforce. Governor Kean's budget message to the N.J. Legislature which announced school aid appropriations indicated, in Nutley's case, its state aid being cut \$600,000 which, even after trimming, is likely to reflect a 19-point tax increase alone.

Jerry Amiano, Nutley Director of Finance, revealed that Nutley's five municipal departments are losing \$420,000 in state aid "which alone represents an 8 tax point increase..." which could require "significant layoffs" to cope with the budget crisis there.

Amiano also stated the problem will worsen because Nutley, along with other suburban towns, will be asked to help make up losses in both state and federal revenues for the Essex County budget.

He said, "There's no question we're going to see a major tax increase this year and there's no doubt there will be layoffs and I don't think it's any secret that the areas hardest hit will be those departments that provide outside services such as public works, parks, recreation along with police and firemen."

Amiano added, "What's likely to happen there is that our water rates will double some time this year. It's going to be a bad 1987."

Should any monies be taken from the School Board's contingency funds to lessen the impact of the \$600,000 state aid to education loss, it would mean higher taxes in future years.

Belleville municipal and School Board budgets are consistently higher than those of Nutley, so logically we may anticipate another substantial shooting up of taxes here, which will be on top of the staggering tax increase we got last year, especially in view of what we learn from reports of Nutley's dilemma indicating a 27-point tax increase there.

Bridge and tunnel tolls are increased, gasoline five cent a gallon tax increase is called for in New Jersey, Congress in a "cop-out" adjourns so its members can get a pay raise without voting, judges and cabinet members get pay hikes, the ranks of the rich grows bigger while the numbers of poor and homeless grows more numerous daily. Governor Kean wants to take away the \$65 state income tax rebate for aged homeowners, the new federal tax reform shaves the taxes of the very rich while doling out a pittance to the working class... and what do we the people get? More and higher taxes... all around!

Draconian retrenchment in all levels of government must become the order of the day. Economy and efficiency of administration must be demonstrated. Executive leadership calls for the "running of a taut ship" and "taking care of the store" at all times.

School and town elections this Spring will be important guidelines of Belleville's future. Every person eligible to register to vote should do so now. Performance records of candidates studied and on objective examination of experience and qualifications examined. Many many have urging to be called, but only few can be chosen... select the best.

We go back many years in recollection of one of Belleville's finest Mayors, William H. Williams, who coined the phrase "Belleville, the town that pays as it goes." Let's keep it going that way.

Common goal of lower taxes cited

Essex Executive to be guest at Crecco campaign kick-off

Essex County Executive Nicholas R. Amato will be the featured guest at a fundraiser on behalf of Assemblywoman Marion Crecco scheduled for the Montclair Golf Club, 25 Prospect Avenue, West Orange on Wednesday, March 4.

Persons desiring job applications or further information are asked to call Assemblywoman Crecco's Bloomfield Office at 338-7552.

Assemblywoman Marion Crecco represents the Essex municipalities of Belleville, Bloomfield, Cedar Grove, Glen Ridge, Montclair, Nutley and Verona.

"I am very happy that County Executive Amato will be on hand to help me kick off my reelection drive," Crecco said. "I am honored to have as my special guest a man recognized as a leader in the fight for our shared goals of good government, lower taxes and greater accountability for the people of Essex County."

Tickets for the reception, which will include an open bar and buffet dinner, are \$100 each and may be obtained by calling Maureen Rocelli at 338-8254 or Heather Clay, dinner chairperson, at 743-0624.

Summer employment available
Persons interested in summer employment in the state government are asked to call Assemblywoman Crecco (R-Essex) for applications.

The 1987 New Jersey State Summer Employment Program includes a variety of job opportunities in five general areas: seasonal park services, office and clerical, professional assistance, maintenance and inspection and outdoor recreation.

Applicants must be 16 years of age or older except for applicants for maintenance jobs, who must be at least age 18. Applications for seasonal park services must be received by March 16 and by April 27 for all other services.

Provident promotes five women

The Provident Savings Bank has promoted five career bankers, Kenneth F. X. Albers, bank chairman and chief executive officer, announced last week.

Elizabeth Carrero of Bayonne, promoted to assistant vice president, joined Provident as a member of the Management Potential Group. Prior to her present position, she served as an assistant manager, branch manager and cross sales trainer. She holds a B.A. degree from Jersey City State College.

Katherine Gabry of Kearny, also named an assistant vice president, held many assignments including teller, teller trainer, employee department, administrative assistant and assistant treasurer. She also headed the sales department. Gabry graduated from Pennsylvania State University with a B.A. in

journalism, and attended the American Institute of Banking.

Patricia J. Massey of Neptune, a new assistant vice president, joined Provident as a secretary, was advanced to administrative assistant and later promoted to assistant secretary. In this capacity, she served the bank as branch manager and personnel coordinator in the Southern Division. She holds a Basic Certificate from the American Institute of Banking.

Grace E. Colfax of Bloomfield, named assistant secretary, began her career as a teller with the Bloomfield Savings which merged with Provident. Her many assignments have included manager of the audit department and administrative assistant. She attended the American Institute of Banking and Bank Earnings International. Colfax served in the U.S. Air Force as a technical sergeant prior to her affiliation with Provident.

Bloomfield resident Donna L. Volante promoted to assistant secretary, joined Provident as a part-time teller and later became a full-time teller. Her assignments included staff auditor computer systems, customer service, teller supervisor and sales trainer. Most of her banking career has been spent at the Dumond Office.

MIXING ANTACIDS

More than half a billion dollars are spent each year in the U.S. on antacids. That makes these products among the most popular over-the-counter (OTC) drugs. The tablets and liquids are gulped down for the relief of heartburn, sour stomach and indigestion. Although many consumers take antacids rather casually, these drugs are not at all harmless as they may seem. For one thing, antacids can affect the way other drugs behave in the body. They can speed the absorption of some prescription drugs, and slow it for others. Anyone who uses antacids should be familiar with the label warning that those that contain aluminum, calcium or magnesium. Such antacids should not be mixed with any form of tetracycline.

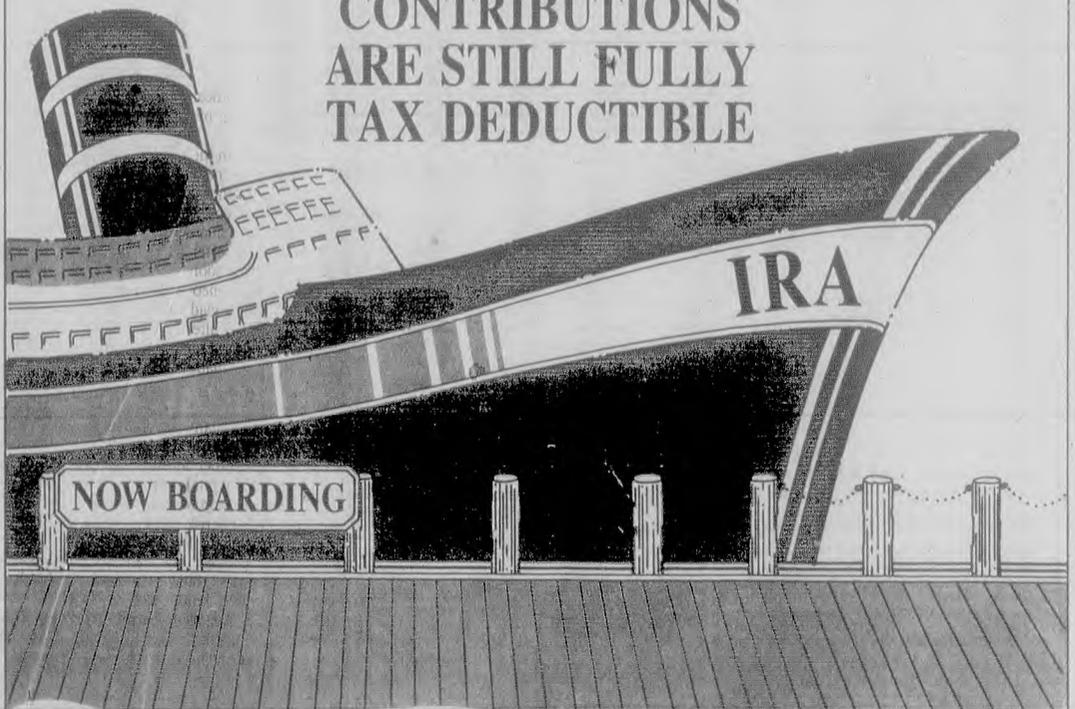

Your pharmacist is responsible for putting labels and warnings on prescriptions concerning their safe and effective use. For complete prescription service come to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We are Blue Cross and Medicare approved. Free prescription delivery is provided. Open: 9am-10pm daily, 9am-9pm Sundays.

HANDY HINT:

Always tell your physician about your antacid use before he prescribes a drug.

DON'T MISS THE BOAT

1986 IRA CONTRIBUTIONS ARE STILL FULLY TAX DEDUCTIBLE

It's time to open an Individual Retirement Account, or add to your existing one.

The new tax law will limit eligibility for IRA benefits for tax year 1987 and beyond.

But for now you may still receive the maximum benefits on your investment. That means you can contribute up to \$2,000 to your IRA and deduct the full amount from your 1986 tax return. Married couples filing jointly may deduct contributions of up to \$2,250 and working couples may still take a full deduction of \$4,000.

Nutley Savings has a variety of IRA plans which pay the highest market interest rates and are designed to meet your individual needs.

Remember, this may be the last year you have to receive the maximum benefits on your investment. Stop in and see one of our IRA experts. They'll show you how to make the most of your Individual Retirement Account.

SO, DON'T MISS THE BOAT. GET ON BOARD NOW AND TAKE ADVANTAGE OF THIS YEAR'S OPPORTUNITY.

Recreation Roundup

Coaches needed

The Belleville Recreation Department is seeking coaches for its boys baseball and girls softball leagues. Men or women interested in coaching a team in Peanut League Baseball ages 8-9, Pee Wee League Softball ages 8-9, Junior League Baseball ages 10-12, Pigtail League Softball ages 10-12, Intermediate/Senior League Baseball ages 13-15 or in the Junior Girls' Softball League for ages 13-15 are urged to contact the Recreation department at 450-3422 as soon as possible.

Sportsmanship, basic skills and fun are the objectives of the leagues. Every player on each team who attends required practices will play in every game. Come volunteer your time and share your interest and knowledge with the youngsters in town.

All potential coaches will be required to attend a training and certification course given by the recreation department. Participants at these clinics will be given instructions on

psychology of youth sports, first aid, maximizing performance and organization of practice, as well as tips on specific coaching techniques in the sports of baseball/softball.

There is a \$15 fee, for which participants will be certified by the National Youth Sports Coaches Association upon completion of the clinic. An attractive benefit afforded to all certified coaches is a \$300,000 liability insurance coverage. The exact dates of the clinics will be announced in March.

For further information or to register, contact the Belleville recreation department at 450-3422.

Over 30 League results

Barry's Go Go (6-1) solidified their second-place position in the Over 30 Men's Basketball League last week when they edged a tough Megaro Memorial Home team 47-46. Megaro is in third place with a 4-3 mark. The Belleville Knights (3-4) defeated Radio Shack (0-7) by a 43-37 margin; and Sally's Auto Parts (3-4) topped Modern Millwork (2-5) 50-39. League leaders Nutley Pub (6-0) had a "bye."

Men's Basketball results

Mirage and DeBacco's continue to share the lead in the Men's "A" League Basketball standings with like 5-1 records. Mirage made Veniero Trucking (3-3) their last victims 71-62, and DeBacco's got the best of Allan's Place (0-6) with 76-55 victory. STS Car Service Center (3-3) beat Nutley Pub (2-4) by a 56-38 score.

In the "B" Division, Troise Insurance leads the way with a 5-1 record after defeating Nu Plas (2-4) 67-63. The Falcons (4-2) are in second place after topping Van Ness Dodge (1-5) 41-38. The Plaza Travel-Peter Guerierno game was suspended and will be continued at a later date.

Women's Softball League forming

The Belleville Recreation Department is presently forming the 1987 Women's Softball League, which will play on weekday mornings (as in 1984) or on weekend nights, based on which attracts greater interest.

The season begins the week of May 4. A maximum of 20 players are on each team roster, three-quarter of which must be Belleville residents. Trophies will be awarded to league champions.

There is no registration fee and each team will be provided with equipment. Teams must supply their own shirts which must be of the same color with a number. Only eight teams will be accepted into the league, response deadline is April 10.

For further information or to reserve your team's spot in the league call the recreation department at 450-3422 or league director Barbara Gundry at 759-5193. A minimum of 4 teams are needed to form a league.

Timely information

An index to the "Belleville Times," dating back to the late 1950's is available at the Belleville Public Library, 221 Washington Avenue. The index, arranged by subject and then chronologically by the titles of the articles as they have appeared in the "Belleville Times" is especially helpful for those researching Belleville's past.

Cindy LaRue, reference librarian, indexes the "Belleville Times" articles and inserts her typed index cards in the index file, weekly. Initiated six years ago, this file has continued to grow. It is kept in six separate drawers, next to the author-title catalog.

If you wish to see past articles that have appeared in the "Belleville Times," as the reference librarian for the "Belleville Times" on microfilm for the time period that you need.

Italians in America

Recently added to the audiovisual collection of the Library is the filmstrip and cassette "Italians in America," written by the Emmy Award-winning playwright Millard Lampell and Narrated by Frank Langella.

Part I is "The Untold Story," which deals with the first explorers, mapping the wilderness, the colonial time and the Revolution, opening the West and the Civil War, also the industrialization and the great wave of immigration.

Part II, "Children of Columbus," deals with the poverty and oppression for a better life in the New World; the establishment of a new way of life, gallantry in two world wars, and the Italian-Americans today.

The Library will present the program for an organization or the filmstrip and cassette may be borrowed. Call 450-3434 for further information.

Children's Book Author

Interviewed by Library Director

The February "Libraries in Focus" TV program features an interview with author Harry Devlin. He, along with his wife, Wende, are wellknown for their excellent children's books, such as "Old Black Witch," "Cranberry Halloween," and "Cranberry Thanksgiving."

Devlin is interviewed by David Bryant, director of the Belleville Public Library, as part of "Celebrate Books" program, directed by Marilyn Mango of WBHS, and produced by Adrea Cohen of the Library.

"Libraries in Focus" airs every Wednesday at 8:05 p.m. on Suburban Cablevision Channel 32.

IRS videos

A videotape on filling out the 1986 Income Tax forms, which contains line-by-line instructions on forms 1040, 1040A, and 1040EZ, is currently available at the Belleville Public Library.

Other tapes, recently added to the videotape collection of the Library are "Iacocca: An American Profile" narrated by NBC's Tom Brokaw; and "Laura McKenzie's Travel Tips," a video guide to Rome, Italy, and surrounding day trips. Both video tapes were donated by the Italian American Civic Society.

Books on Black History

The following books are available and on display at the Library in honor of Black History Month.

"Black Americans in World War II," by Russell Buchanan, an invaluable reference to an otherwise sparsely documented era; "Black American Leaders," by Margaret Young, about black leaders who have contributed in countless ways to the birth and growth of the country.

Also, "Black in America, A Fight For Freedom" by Jesse Jackson and Elaine Landau, a powerful account of the black's ongoing fight for freedom and equality from their African origins to the Black Power movement. "Black Women in 19th Century American Life," by Bert Lowenberg; "The Blacks in America, 1492-1976," by Irving J. Sloan, a chronology of blacks in America with lists of major Afro-American organizations, publications, libraries and literature collections, and statistics.

Also, "Black Like Me," by John Howard Griffin; "Black Odyssey: the Afro-American Ordeal in Slavery" by Nathan Irving Huggins; "The Black Student's Guide to Colleges," by Barry Beckham; "The Negro in the American Revolution" by Benjamin Quarles; "The Negro in America" by Earl Spangler; and "The Theater of Black Americans" by Erroll Hill, the impact of the black theater on the whole of the American theater.

American History display

To commemorate American History Month, the Yantacaw Chapter of the Daughters of the American Revolution, in conjunction with the Belleville Public Library, has a display for the Bicentennial of the Constitution of the United States.

The display was arranged by Lenora Keeney, historian for the Yantacaw Chapter and Adrea Cohen, assistant library director.

Also on display is a proclamation by Michael O. Marotti, Mayor of Belleville, in which he states:

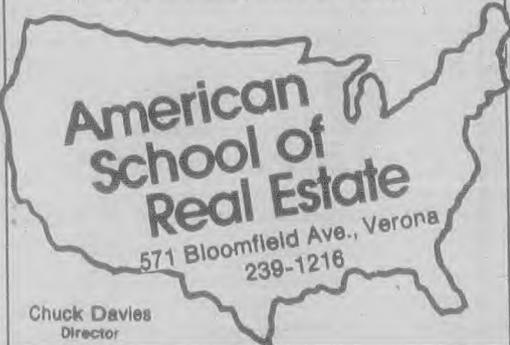

"Now, Therefore, I, Michael Marotti, Mayor of the Township of Belleville, in the County of Essex, N.J., do proclaim the month of February as American History Month and do request that efforts be made within our Township to highlight the vitality and freedom we enjoy as citizens of the U.S.A."

Among the books displayed are "The Constitutional Convention" by Martin McPhillips; "CQ's Guide to the U.S. Constitution" by Ralph Mitchell; "Frames of the Constitution" by James Charleton et al, and "The Reins of Power, A Constitutional History of the U.S." by Bernard Schwartz.

Free copies of the U.S. Constitution are available at the Library.

Social Security Questions and Answers

Q: When I became eligible for Medicare, I decided not to take the medical insurance part. Now I would like to enroll for it. When can I sign up and how much penalty will I have to pay for enrolling late?

A: You can sign up for Medicare medical insurance during a general enrollment period, which is held Jan. 1 through March 31 each year. If you enroll during the general enrollment period, your monthly premium will be 10 percent higher than the basic premium for each 12-month period you could have been enrolled but were not. Also, your protection won't start until the following July.

Q: My husband was in an auto accident recently. He had to have emergency hospital care and then made several followup visits to the doctor. Someone at the hospital told him Medicare won't pay for his treatment because his automobile insurance covers it. Is this true?

A: Medicare is the secondary health insurance payer when health care services are covered under automobile medical or liability insurance, State no-fault insurance, or other liability insurance. This is true even if State law or the private insurance contract says that the automobile, no-fault, or other liability benefits are secondary to Medicare. But Medicare will make conditional payment if the automobile or no-fault insurance refuses to pay because of a Medicare primary clause. This means Medicare will make payment on the condition that the patient will refund the money if the automobile insurer later pays for the services.

Q: My neighbor told me she applied for food stamps at the Social Security office, but when I went to apply, they told me I had to go to the food stamp office. How come?

A: Social Security takes food stamps applications only from people who live in a household where everyone is either receiving or has applied for supplemental security income (SSI) payments. However, the people at Social Security don't decide if someone should get food stamps. They forward the application to the food stamp office and they determine a person's eligibility and distribute the food stamps.

Q: A couple of weeks ago I started working for a state government agency. State employees here aren't covered by Social Security, but when I got my first paycheck, some Social Security tax had been deducted. I was told this is for Medicare. Do state employees have to pay a Medicare tax?

A: A 1986 change in the law extended Medicare coverage to state and local government employees who are hired after March 31, 1986, and are not covered by Social Security. This means these employees have to pay the Medicare hospital insurance part of the Social Security tax, which is 1.45 percent in 1987. But, it also means they will be eligible for Medicare when they reach 65, or before 65 if they became disabled.

Q: When I started getting SSI payments, I received a booklet that told me what I should report to Social Security. I don't know what I did with it. Can I get another one?

A: Yes. Just call your Social Security office and ask for the booklet, "What you have to know about SSI." It will be sent to you free of charge.

Q: As a worker, what Social Security changes should I be concerned about for 1987?

A: This year, the Social Security tax rate will remain at 7.15 percent. The maximum amount of earnings subject to Social Security taxes will be \$43,800. You will earn one quarter of coverage for each \$460 of your covered earnings up to a maximum of four quarters for the year.

Senior Notes

Q: I'm currently receiving retirement benefits, and I plan on taking a part-time job soon. Will it affect the amount of my benefits?

A: It all depends on the amount of your earnings. Under the Social Security law, you are allowed to earn a certain amount which is called an exempt amount. This year it's \$6,000 for people under 65 and \$8,160 for people 65 through 69. Your benefits will not be affected unless you earn more than the exempt amount. Your payment will be reduced \$1 for each \$2 of earnings above this limit. By the way, the exempt amount is adjusted every year to keep pace with average wage levels.

Q: I am 63 years old. I plan to work until I am 65. My wife is 62. She is insured under Social Security and plans to apply for her benefits. When I retire can she also receive benefits on my record?

A: Yes, but she will receive only one benefit which will be equal to the larger amount. The people in the Social Security office will be able to tell her if her payment will be higher on your record or her own.

Meals on Wheels to be extended

The proposal fiscal 1988 budget includes funds to make the Meals on Wheels program available on weekends and holidays.

N.J. Senate President John F. Russo is the sponsor of legislation that would appropriate \$1 million to make home-delivered meals available for sick and disabled senior citizens on Saturdays, Sundays and holidays.

The legislation, S. 2662, passed the Senate 38-0 on Dec. 15, but has not yet been posted for a vote in the General Assembly.

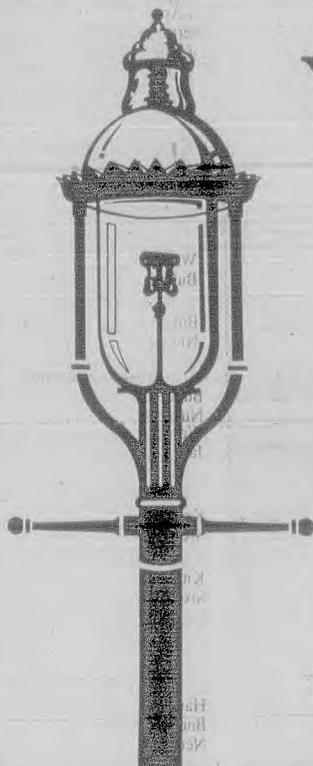

"There are too many people forced to go without food all weekend because the Meals on Wheels program operates only five days a week in many areas of the state," Senator Russo said.

Patricia Anne Weafer — Don DiPietro

Maria DelPolito — Frank Sasso

Maria Anne DelPolito to wed Frank Sasso

Mrs. Clementine DelPolito of Belleville announces the engagement of her daughter, Maria Anne, to Frank S. Sasso, son of Mr. and Mrs. Damiano Sasso of Hoboken.

The troth was made known Christmas Eve at the Sasso home. Miss DelPolito, an alumna of Belleville High School, is a supervisor with AM International.

Mr. Sasso, a graduate of Hob-

oken High School and St. Peter's College, Jersey City, earned a masters in hospital administration at Jersey City State College.

Headaches: many types vary from just annoying to brutal

Headaches range from a mildly annoying dull ache to a brutal, incapacitating pain that can involve the entire temple, eye and jaw. They can last for seconds or for months.

Most people experience headaches only occasionally, and can be relieved by aspirin or an aspirin substitute or by a brief period of relaxation in a quiet place. However, about 40 million Americans experience chronic, recurring headaches that require medical treatment.

The most common types of headaches are tension or muscle-contraction headaches. Most of these affect the entire head with symptoms ranging from minor discomfort to agonizing pain. They can last from a few hours to months. Tension headaches are accompanied by a tightness of the head and neck. They are usually not incapacitating but the sufferer is usually irritable.

Another form of headache, the migraine, afflicts 15 million people. Migraine headaches are more common among women than men. This may be because they are thought to be triggered by hormonal changes. Certain foods may also trigger a migraine headache in some people.

The most excruciatingly painful headache is the cluster headache. Nearly 80 percent of cluster headache sufferers are men who first experience them when they are in their 30s. Cluster headaches cause a brutal pain which affects only one side of the head, the eye, temple and jaw. The pain can last from 45 minutes to an hour and a

half, and may occur once a day or up to 10 times a day. This pattern will be repeated every day for weeks to months. Then, suddenly the pain disappears and it may be months or even years before it returns.

The least common headache is the pathologic headache caused by a tumor or aneurysm. This must be diagnosed through sophisticated medical testing.

The best place to start looking for help with chronic headaches is with a doctor who is willing to listen to you. Any doctor can treat headaches, but he or she must be willing to spend time with you, listen to you carefully and investigate every possible cause until the key to the solution is found.

Many factors in your life must be evaluated. Your diet must be examined scrupulously to detect possible food intolerances. Your exercise, relaxation and sleep patterns should be studied to evaluate the amount of stress that may be present in your lifestyle.

Relaxation techniques, which ease tension and reduce the levels of certain chemicals in the body that can precipitate headaches, might be recommended. And finally, drugs are available that cause blood vessels in the head to be less likely to dilate.

Treatment of a headache can be given with or without medication or with a combination of medical and non-medical techniques. Headache treatment is very specialized. That is, it varies from individual to individual, just as the symptoms of chronic headaches do.

Stork Club

Ronya Osman

A daughter, Ronya, was born to Mr. and Mrs. Galal Osman of Belleville Feb. 1 at Clara Maass Medical Center, Belleville. Birth weight was 8 pounds, 13 ounces. She joins a sister, Christina Alfaro, 12 and a brother, Philip Alfaro, 10.

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mr. W. of Clifton asks: "When I get a cold my top teeth hurt. What could be happening?"
Most likely Mr. W. your head cold is affecting your sinuses located in your cheek bones. Also located inside your cheek bones is the nerves that exit from your senses and enter roots of your top teeth. So it's often possible that a sinusitis can affect your top teeth through a neuritis. You could be feeling sensitivity in the canine (eye tooth) since often the root is long enough to be right next to the sinus. We suggest you see your dentist first to make sure you have healthy top teeth. If so then see your physician about your sinus problem. Thank you.

Mike Lamberti's

Buc Shots

Continuing our look at the Essex County tournament for boys and girls' basketball, let's turn the clock back to the 1984 season.

For the girls, it appeared that Clifford Scott and Shabazz High School would get together for a third straight meeting in the championship game. The schools were the number one and two seed of the ECT and looked solid throughout.

Clifford Scott and Shabazz had staged two memorable finals leading up to '84. In 1982, Shabazz started out quick against the then defending champion Scotties, but Scott came back steadily, tying the score in the third quarter.

Shabazz, as has been its tradition, then turned it on when it had to, outscoring Scott by ten points over the next five minutes and going on to its first title.

In 1983, the schools met again with Seton Hall University's Walsh Auditorium once again the setting. After playing it safe in the first quarter, Scott went for broke in the middle two frames, building a lead as high as 18 points late in the third frame.

It appeared that Scott was on its way to a second title in three years with just eight minutes left on the clock. History, however, had a different twist in mind.

In what is perhaps the greatest comeback in the history of the ECT, Shabazz rallied from 16 down in the fourth quarter and defeated Scott by one point. The tremendous support Shabazz received from its fans had to have been a big help. Scott, although an excellent team, did not have a big following and the Seton Hall floor shook in the fourth quarter as Shabazz made a furious comeback.

That leads us to 1984 and the thought of a third straight final between the two schools. However, a school located just outside of Newark, a school that was just beginning to build a winning tradition, would pull a stunning upset.

Irvington High, with a sophomore named Tammy Hammond, shocked the county with a big victory over Scott in the quarterfinal round. It set up a semi final with our own Lady Buccaneers, who had defeated Montclair Immaculate in the quarterfinals.

Irvington and Belleville, Shabazz and Newark West Side. The two semi finals were set, with both games being played at Belleville High. Big crowds weren't new to the Lady Buccaneers. With Jennifer Apicella in pursuit of state records, the 1983-84 season had become a record setting one at the box office.

Belleville played first that night, at the odd hour of 5:30 p.m. The crowd came in slowly and the game kept the same pace. Neither team could gain control in the early going. Belleville, with veterans like Apicella, Dina De Aquino, Loreli Wells, Donna Brooks and Tracy Buono, stayed close, but couldn't pull ahead of the young Lady Campers.

They went to the fourth quarter, with the game still a see saw battle. It went to the last minute and a key confrontation as a junior named Cheryl Marion put up a jump shot over a lunging 6'2" Tammy Hammond that found the basket and gave Belleville the lead for good.

The final score was 56-54 and the elation on the floor gave the impression that Belleville had already won the tournament.

Shabazz had little trouble with West Side, using its speed and tourney savvy to post a 20 point victory. The stage was now set for the championship game, at Seton Hall, between the Lady Bucs and Lady Bulldogs.

Belleville and Shabazz were not strangers to each other. The teams had met in the quarterfinals in 1982 and the semis in '83. In both meetings, Shabazz had won with a second half fury.

The game had a lot of fan fare. This was Belleville's first appearance in the finals and Apicella was just 24 points away from scoring her 3,000th career. Belleville started early, taking a 14-8 lead, but Shabazz came back strong, outscoring Belleville, 31-9 the remainder of the half and taking a 39-23 lead into halftime.

A turnaround like that might have demoralized some teams, but Belleville came back strong, taking control in the third quarter and gradually chipping away at the lead.

The final two minutes of the game resembled two fine prize fighters gasping for air and trying to hold on. In the end, Shabazz won, 49-45 and Apicella came within two points of the 3,000 plateau, scoring 22 in the game. The following game, a state tourney contest with Morris Knolls, Apicella broke the mark on her first shot of the game and went on to the history books.

It's been three years since that game and a lot has changed. Shabazz went on to win a fourth straight title in 1985, staging another second half rally to beat Irvington. However, East Orange upset Shabazz in the '86 semi finals and Irvington defeated East Orange to win its first ECT.

The Lady Campers of Irvington won back to back Group IV titles in 1985 and '86, in addition to its county crown in '86. Irvington will not be back this season, however. The highly rated team was defeated by top seeded University High in the quarterfinal round last week.

The semi finals and finals of the '87 ECT will be held at Belleville High. This Saturday, the semis will feature Shabazz, University, Columbia and Montclair Immaculate. Game times are 6:30 and 8 p.m. The finals will be held next Thursday, February 26, at Belleville High in a 7:30 p.m. start.

Last Weeks Quiz

Back in 1981, North Carolina and Indiana played in the NCAA mens basketball championship game. Indiana won, giving coach Bobby Knight his second national title. The game was almost cancelled because earlier in the day, President Reagan was shot and wounded in Washington, D.C. The NCAA decided to play the game when it was learned that the President was doing well and would make a complete recovery.

For This Week

In the 1984 Belleville girls' basketball season, who did the Lady Bucs defeat in the first round of the Essex County tournament? Also, what was the final record of the '84 team.

Ted Sochaski hits 1000

In the fourth quarter of last Tuesday's game with Montclair, Ted Sochaski of the Belleville boys' basketball team hit a basket and in the process, broke into the Belleville record books.

The junior forward scored the 1,000th point of his high school career last week and appears to be hitting his stride as he attempts to become the all time leading scorer in Belleville boys' basketball history.

Of course, the all time leading scorer in Belleville basketball history is Jennifer Apicella, who tallied an incredible 3,105 points from 1980-84. Sochaski is the fourth man to break the 1,000 point mark and joins some elite company.

The first man to break the mark was Abdel Anderson back in January of 1975. Anderson's big day came at Belleville High in a 78-63 victory over Orange High School. Anderson eventually tallied over 1300 points in his career and earned All American status.

Abdel might have scored a lot more points in his career, but back in the mid 70's, freshman were not allowed to play varsity

ball in high school. Thus, Anderson's scoring mark was achieved in just three years.

The second man to crack the mark was Wayne "The Train" Bubet. On January 21, 1981, Bubet broke the magic mark in a Belleville victory over Weehawkin at Belleville High. Bubet, currently number three on the BHS scoring list, tallied over 1200 points in his career. As was the case with Anderson, Bubet did not play his freshman year.

The third man to break the mark also played just three years, but for a different reason. In February of 1983, Phil Colalillo became the first player in boys history to break the 1,000 point mark in his junior year. Colalillo seemed a cinch to break Anderson's scoring mark in his senior year and had a good chance to finish with over 1,500 points.

However, fate stepped in and kept Colalillo from achieving the all time scoring mark. Just eight games into his senior year, Colalillo was struck down by a ruptured appendix and missed the remainder of his senior year.

Colalillo's freshman class was the first allowed to play varsity ball and he did a good job for Joe Papisidero's team in his freshman year.

Now, Sochaski stands a good chance to breaking Anderson's mark. He is the first player in BHS history to start every game since his freshman year.

Back in the 1984-85 campaign, first year head coach Rocco Colucci inherited a young, inexperienced team. The coach knew that his club would struggle in the early years and opted to play the younger players in the hope of building the program for the future.

In the 1983-84 season, Colucci had coached Sochaski, along with Leon Puentes and other current Belleville stars on the seventh and eighth grade level. That team finished with a 18-1 record and won the Suburban League championship.

Colucci had opted to coach the team in '83-84 with the support of then head coach Joe Papisidero. The three prior seasons, Colucci was Papisidero's assistant on the varsity level, but Papisidero wanted the knowledgeable Colucci

to work with the young talent on the seventh and eighth grade level.

The idea worked well, because Papisidero resigned after the '83-84 season and Colucci was named the new varsity coach. Knowing the talent was there, but in need of refining, Colucci decided to take his lumps and play the youngsters, like Sochaski and Puentes.

Belleville was 2-22 in the 1984-85 season, but Sochaski led the team in scoring with a 10.4 ppg average. The Bucs improved to 5-19 last winter and once again, Sochaski led the way in scoring. Now, as a junior, he is leading the way with a 24.5 ppg average and has attracted the attention of a number of college scouts.

At 6'5" and growing, Sochaski seems a natural to continue his excellent play. He works hard during the off season and plays summer league basketball and attends various camps. The pieces all seem to be falling into place for Ted Sochaski. From everyone at the Belleville Times, Congratulations to him on a tremendous accomplishment.

Wrestling Bucs rout Bridgewater West; enjoy regular season with 15-1 record

By Joe Piegario

Belleville's outstanding wrestling team routed Bridgewater West by a score of 42-12 to complete the regular season with a record of 15-1. The win gave the Bucs the No. 3 seed in the upcoming State Sectional Championships and pairs them with No. 2 seed Union High School in the first round of competition. If the Bucs survive the Union meet, they would then wrestle the winner of the P. Burg/Morris Knolls match to settle the winner of the Group 4, Section 2 playoffs.

This past week, North Bergen was defeated for the first time this year, which should lock up the Region 2 title for the Bucs. That title would cap off the most successful season in the history of BHS wrestling. Winning the Bloomfield Christmas Tournament, the Elizabeth Minuteman Tournament, the Essex County Wrestling Tournament, the NNJIL title and the Region 2 championship is unprecedented in BHS sports history.

Winning the District 7 championships held in Kearny Feb. 27 and 28 is almost a foregone conclusion. Despite protestations from head coach Joe Nisivoecia, there are no real challengers this year in Belleville's district. Only Kearny and St. Benedict's, along with Bloomfield have representative teams, and none should come within striking distance of the Bucs.

That brings us to the point of this week's article: predictions for the District 7 championships. Last year I predicted 11 out of the 12 weight classes and nine out of the ten finishes for the Bucs. Here's hoping this year's peek into the future is just as accurate.

101: Joe Perna is the obvious No. 1 seed because of his 20-2 record and his first place finishes in both the Bloomfield and County tournaments. Jim Hull of Kearny and Bruno Capio of Nutley are his chief competition, but he has beaten both wrestlers during the regular season. Hull has been spreading the word that he will flatten Perna when they meet again, but don't bet on it. Perna wins this weight class in a breeze.

108: Mike Iuliano sports a 19-3 slate this year and has wrestled the most difficult personal schedule of any Buc grappler. Mike's challenges will come from Maurice Mercado of Nutley, Rob Collazo of Kearny and Steve Fox of St. Benedict's. All three challengers are quality wrestlers,

but none of them in Iuliano's class. The fiery junior from Belleville will win his second consecutive Dist. 7 title by beating Mercado in the finals.

115: Sophomore John Stampone also sports a record of 19-3 and will be the No. 1 seed in his division. Bill Bustamante of St. Benedict is Joh's only real challenger in the districts but is tall and strong and could give Stampone trouble. Stampone wins it by a decision.

122: Returning Regional champ Joe Cerreto is the class of this division. John Malanga of Montclair Immaculate and John Villa of Nutley are the challengers, but neither are close to Cerreto. It would be a surprise if Joe did not pin all the way through the tournament.

129: Belleville's most honored wrestler this year is Armando Nardone. He has won all four tournaments he has entered this year and is the only undefeated Buc grappler with an unblemished 22-0 record. Mondo's real challengers lie ahead in the regions and in the states. Nardone wins the gold in this division and possibly the outstanding wrestler of the districts.

135: Bloomfield's Art Cuffari is the overwhelming favorite to win this division, and deservedly so. He is undefeated and has beaten both of his nearest challengers twice this year. Nutley's John Alessio is the best of the field of challengers and should meet Cuffari in the finals. Belleville's own Eric Nazzola has a record of 12-01 but has lost twice to Alessio by scores of 14-8 and 12-2. This gold medal belongs to Cuffari as Art will beat Alessio in the finals by at least five points. Nazzola should finish third, but will have to gain the intensity back that he exhibited earlier in the season in bouts against Edison and Roselle Park.

141: Senior co-captain Phil Zamloot will be seeded first in this division and will meet Anthony Minervino of Bloomfield in the finals. Gus Gutierrez of Kearny will fight for the Bronze medal, but Zamloot will win another close decision over Minervino and win his first district title.

148: St. Benedict's Justin Scarpono is the top dog in this division and should win the gold medal

easily. Belleville's Nick Keykurun has a 9-10 record which will hurt him in the seeding meetings. Kearny's Rod Nardone should be seeded second and if Keykurun can avoid being paired opposite Scarpono or Nardone, he has a chance to finish third. Mike Volpe of Bloomfield is the biggest obstacle for Keykurun to overcome in his quest for a bronze medal.

158: Either Kearny's Brian Morella or Glen Ridge's Bill Templeton will be top seeded in this division. Since the Buc's Lou Lucante has lost to both men, he will be seeded third. It is this columnist's opinion, that Lucante can beat Templeton, and should have in the semis of the County tournament. But this writer also feels that Lou would have to pull off a big upset to defeat Morella. The pick here is Morella in the finals over Lucante of Belleville, but only if Morella is seeded first. If Templeton is seeded first, the pick is for Lucante to finish third.

170: This is the tricky division in the district championships. St. Benedict's Lance Harris and Harrison's Rob Pisko have the best records and will probably be seeded 1-2. Bloomfield's Dan Gregorowicz is also a threat, but Harris seems to be the front runner in this class of dark horses. The Bucs will probably enter Mike Martinez in this division, but his lack of weight and 3-5 record will make it difficult for him to survive in this weight class.

188: John Stobie of Bloomfield is clearly the class of this division and will win the gold medal without breaking a serious sweat. Nutley's Vito Mielnicki and St. Benedict's Rich Wohltman be

seeded 2-3, but neither man will threaten Stobie. Belleville will probably leave this weight class vacant as it has in all the previous tournaments this year.

HWT: This class has been a personal battleground for the Buc's Marc Criscione and Bloomfield's Nick Messina. This tournament will be the same as all the others. Criscione and Messina will meet in the finals with Criscione scoring a one sided victory. Kearny's Mike Hogan has an outstanding record and could pull off an upset over Messina in the semis. Still, the pick is for Criscione and Messina to meet for the sixth time in the last two years.

BUC NOTES: Cerreto now stands No. 5 on the all time BHS win list with a lifetime record of 62-9-3. Criscione is in seventh place with a record of 58-22-1 and Mondo Nardone is in eighth place with a mark of 57-9. . . Wrestler of the Week goes to Phil Zamloot for his hard fought 3-1 win over BRW's state qualifier Mike Winchoc. . . Congratulations to the jayvee team for winning the Kearny Tournament and finishing the season with an outstanding 13-2-1 record. Full article in next week's newspaper. . . It seems the Star Ledger has not forgiven the Bucs for their only loss of the season. Up until the BHS team lost to Cedar Ridge, they had been ranked as high as No. 13. The loss to Cedar Ridge dropped Belleville out of the top 20 altogether, despite winning the next four dual meets, scoring over 40 points in each meet, and running away with the county tournament. . . See you next week.

Baseball/Softball applications

The Belleville Recreation Department announces that applications for all recreation baseball and softball programs are available in all public and parochial school offices and at the recreation office, as of February 9.

Applications for Peanut and Junior League baseball for boys, ages 8 through 12 must be completely filled out and returned to the Rec. House by March 27. Boys who are 8 years old before Aug. 1, 1987 and who will not be 13 before July 31, 1987 are eligible.

Girls eight years old on Aug. 1, 1987 and whose 10th birthday falls after July 31, 1987 are eligible for Pee Wee League softball; girls 10 years old on Aug. 1, 1987 and whose 13th birthday falls after July 31, 1987 are eligible for Pigtail League Softball; girls 13 years old on Aug. 1, 1987 and whose 16th birthday falls after July 31, 1987 are eligible for Junior League Softball. All applications must be returned to the Rec. House with birth certificates by Friday, March 27.

Boys ages 13 through 15 are eligible for Intermediate/Senior League baseball. All applications must be returned by March 27. Boys playing organized High School baseball are not eligible.

The difference between victory and defeat

Weak foul shooting hurts girls B-ball team

It's the same story that has been plaguing the Belleville girls' basketball team all season long. Last week, the team lost two more games it would have won had it shot better from the foul line.

Karen Fucello's troops took a

7-13 mark into this weeks action. The girls battled Hackensack last Tuesday and will be in Nutley tomorrow afternoon for a 4 p.m. start. Next Tuesday, the team plays host to powerful Paterson Kennedy, also at 4. Belleville's last two losses

came at the hands of Montclair and Passaic. Versus Montclair, the score was 53-52, with Belleville missing 11 foul shots (4 for 15) on the afternoon. Two days later, in a 44-37 setback to Passaic, the team shot 7 of 21 from the foul line.

All this is nothing new to Fucello, who has seen her team lose seven games this season because of poor free throw shooting.

"I know very well that we could be 14-6 right now and heading to the state tourney,"

the coach said. "I don't know what to say. We work on foul shooting every day in practice, but it takes more than that. It takes a lot of off season practice. You just have to go out there and shoot, every day. It's a matter of self discipline. Foul shooting is concentration, especially late in the game when you're tired. Those shots can decide close games."

This season, the shots have certainly decided the close games for Belleville. The statistics certainly bear that out. After 20 games, the girls are shooting 47 percent from the line. The team has hit 186 shots and missed 214. The girls top free throw shooter is sophomore Simone Edwards, and her free throw percentage is 55. No other starter is over 50 percent from the line.

Versus Montclair, Belleville fell behind early, thanks to some foul trouble, then made a game fourth quarter rally.

Montclair grabbed a 9-4 lead after one frame and extended that margin to 24-14 at intermission. In the third quarter, the Lady Mounties increased the lead to 42-30, but Belleville outscored Montclair, 22-11 in the final eight minutes to cut the lead to one point.

Laurie Dondarski continued her fine offensive performance by scoring 15 points. Edwards closed with 13, Racquel Melson and Stacey Johansen had nine points each, Laura Caruso scored four and Carol Morrison had two points.

For Montclair, Natasha Criss tallied 26 points.

Last Friday, Belleville played host to Passaic and the result was another close game. The scenario was the same as the Montclair game. Belleville fell behind early, then made a game fourth quarter rally only to fall short.

The Lady Indians led 11-10 after one quarter and 23-18 at intermission. The lead ballooned to 39-28 after three quarters before Belleville outscored Passaic, 9-5, over the final eight minutes to cut the lead to seven points, 44-37.

The Belleville scoring attack was limited as no Lady Buc finished in double figures. Edwards and Johansen tallied eight points each, Dondarski had seven, Caruso finished with six and Melson and Morrison had four points each.

NOTES: Edwards continues to lead team in scoring with 13.4 ppg average. As mentioned, she is shooting 55 percent from the foul line, also the team lead.

Johansen is second in scoring with a 10.3 ppg average. She has scored over 200 points in her freshman year (205 over 20 games). The last freshman to score that many points for Belleville was Jennifer Apicella, who tallied 467 in the 1980-81 campaign. Dondarski is right behind Johansen in scoring with a 9.9 ppg average. Caruso is fourth with a 5.3 average and Melson is at 2.9. Girls are averaging 46.1 ppg for the season.

Playground applications available

Applications for Summer Playground Director positions are now available. The positions are open to college students completing their first year of college by the summer of 1987. Preference is given to those majoring in recreation, physical education, teaching and psychology. There are only a few positions open, and applicants are urged to apply promptly. Applications are available by calling 450-3422 weekdays. Interviews will be scheduled around Easter to accommodate college students. Potential applicants must be residents of Belleville and be available to work for seven straight weeks, from June 29 to August 14. All returning employees must re-apply.

Team meets Nutley tomorrow

Errors spell defeat in two basketball meets

The NNJL conference for 1986-87 is a little like the Big East Conference in college basketball. On any given night, a team is perfectly capable of beating another club, regardless of the record.

Last week, the Belleville boys' basketball team got a lesson in the rigors of NNJL hoops. The Bucs lost two games that it could have very well won, but errors at inopportune times spelled defeat.

Don Roll's club took a 9-10 mark into a busy week. The Bucs battled a good Hackensack team last Tuesday and will face off with arch rival Nutley tomorrow evening at 7:30 p.m. That key contest will be held at Belleville High. Next Tuesday, the Bucs will take on Kennedy, the only standout in the NNJL this winter, on the road at 4 p.m.

Last week, the Bucs lost at home to Montclair, 67-59, then hit the road and lost a tough game in Passaic, 56-49. The two defeats brought the Bucs record under the .500 mark for the first time since mid January. Belleville entered this week with a four game losing streak.

"Those are two we should have won," Roll said last weekend about the losses to Montclair and Passaic. "We didn't play a good game against Montclair, but we did play well at Passaic, but made some tough mistakes down the stretch. I know these guys are capable of

playing better than this, and we have to get back on track because there are some tough games coming up."

The Bucs had defeated Montclair earlier this season, but Bob Lester's club is much improved since that early meeting. Montclair, normally a county powerhouse, is in a rare rebuilding season. The Mounties were not eligible for the state tourney this winter, the first time in memory that they won't be participating in that event. Two weeks ago, it was defeated by Shabazz in an early ECT game, so it will be an early exit for the team this year.

However, the Mounties didn't give up at Belleville, taking a 19-16 first quarter lead and extending that margin to 38-33 at intermission. The Belleville attack couldn't get on track in the third quarter as the Bucs tallied just eight points and fell behind, 53-41 entering the final quarter.

It was there that Belleville outscored Montclair, 18-14 and junior Ted Sochaski of Belleville scored his 1,000th career point. He is the fourth player in Belleville history to crack the milestone and he stands a good chance of being the all time leading scorer at BHS before his playing days here are through. There is more on Sochaski's heroics in this weeks edition.

On the afternoon, Sochaski led the Belleville attack with 33 points. Bob Hutchison had ten,

Frank Morrell finished with eight, Loung La had four and Steve Schwed and Leon Puentes scored two points each. Montclair was led by Keith Hines, who had 23 points.

The Bucs played a talented team in Passaic last Thursday afternoon. Earlier in the season, Belleville had lost a 64-60 thriller to the Indians at Belleville and Roll knew his team would be in for a tough game.

The contest was well played, with Passaic taking a 14-12 lead after one frame and extending the margin to 27-21 at halftime. The Bucs, who have become a good second half club this year, came back in the third quarter to outscore Passaic, 14-10 and cut the deficit to 37-35 entering the final eight minutes.

But Passaic kept the attack going, outscoring Belleville, 19-14 in the final frame to take home a 56-49 victory. Once again, Sochaski led the Buccaneers with 23 points. Puentes tallied 10, Hutchison closed with eight, Morrell had four and La and Schwed finished with two points each.

Passaic was led by a balanced scoring attack. Eddie Dye had 14 points, Victor Battle finished with 12, Mark Du Pree had 11 and Brian Smith, 10.

Although Roll didn't use it as an excuse, the Bucs have been hampered by the loss of senior Chris Goldrick. Goldrick suffered a season ending knee in-

jury during the Bloomfield game on January 23.

"He provided stability for us," Roll said of Goldrick. "He helped on the rebounding and scored some points. He's a smart player and knew what was going on out there."

Goldrick underwent micro surgery on his knee last week and will not see any more action this year.

On the positive side, Belleville will host a first round state tournament game. The Bucs will battle Union High School, on March 3 at 4 p.m. If Belleville should win, the team would take on powerful Elizabeth in a second round game, probably on March 6.

NOTES: Sochaski now averaging 24.5 ppg and has free throw

percentage up to 62. A battle for second place in scoring exists between Hutchison and Puentes. Hutch is leading with an 11.6 ppg average while Puentes is right behind at 11.4. Puentes leads team in free throw percentage with 75 percent accuracy (75 for 100). Bucs are shooting 65 percent from line as a team. Also, Belleville is averaging 61.8 ppg

SHERIFF'S SALE
SUPERIOR (CHAM) F-149
SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-1653-86, UNITED STATES OF AMERICA, PLAINTIFF vs. JOHN RICH, et ux, et al., DEFENDANTS. Execution For Sale of Mortgaged Premises.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Auction, in SHERIFF'S OFFICE, Essex County Courts Building in Newark, on Tuesday, the 3rd day of March next, at one-thirty P.M., (Prevalving Time)

All that tract or parcel of land and premises, situate, lying and being in the City of Newark in the County of Essex and State of New Jersey, more particularly described as follows: BEGINNING at a point in the southerly line of Pomona Avenue, distant 463.12 feet easterly from the easterly line of Hedden Street as shown on map of Clinton Park, south tract, situate in the City of Newark, New Jersey, property of Clinton Park South Lane and Improvement Co., Inc. revised March 1, 1911, said beginning point being also the northeasterly corner of Lot 190 on the said map; thence running easterly along said southerly line of Pomona Avenue 50 feet to the westerly line of Lot 187 on said map; thence running southerly at right angle to Pomona Avenue and along the said westerly line of Lot 187, 100 feet to the rear line of Lot 177 on said map; thence running westerly along the rear line of Lots 177 and 176 on said map and parallel with Pomona Avenue 50 feet to the easterly line of Lot 190 on said map; and thence running northerly along the same 100 feet to the said southerly line of Pomona Avenue to the point and place of BEGINNING.

BEING KNOWN AS B5, Pomona Avenue, Newark, N.J. Hedden Street is now known as Parkview Terrace, being Lots 188 and 189 on said map.

Tox. Map Block 3694 Lot 24.
A DEPOSIT OF 20% OF THE BID PRICE IN CASH OR CERTIFIED FUNDS IS REQUIRED AT THE TIME OF SALE.

The approximate amount of the Judgment to be satisfied by said sale is the sum of THIRTY-FIVE THOUSAND EIGHT HUNDRED SEVENTY-FOUR DOLLARS AND THIRTY-TWO CENTS, (\$35,874.32), together with the costs of this sale.

The Sheriff reserves the right to adjourn the sale from time to time as provided by Law.

Passaic ambushes Lady Buc hoopsters

Amalia Fabiano (42) and Leslie Dowling (15) battle for a loose ball with a Passaic player.

Maria Longobardi (55) fights for loose ball during J.V. game with Passaic. Longobardi is hopeful of landing a starting berth on next year's team.

Photos by Catherine Acevedo

Laurie Dondarski drives through traffic for two points.

Racquel Melson looks to pass as Passaic defenders move in. Melson has been playing well of late and has improved her offense.

Nicole Zelna (25) drives for a layup during game with Passaic last Friday.

Sophomore Carol Morrison has the ball and attempts a shot in the Passaic game. Morrison has shown marked improvement this year and could earn a starting spot on next year's team.

Thelina Espirito (33) and Maria Longobardi (55) look to block the middle as a Passaic J.V. player drives the lane.

25P5 PERSONAL NOTICES

PRAYER OF APPLICATION TO THE HOLY SPIRIT
 Holy Spirit who solve all problems, who light all roads so that I can attain my goal. You who give me the Divine gift to forgive and to forget all evil against me and that in all instances of my life you are with me. I want this short prayer to thank you for all things and to confirm once again that I never want to be separated from you, even in spite of all material illusion. I wish to be with you eternal Glory. Thank you for your mercy toward me and mine. The person must say this prayer for 3 consecutive days. After 3 days the favor request will be granted even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor, only your initial should appear at the bottom.

B.Q.

25P5 PERSONAL NOTICES

NOVENA TO ST. JUDE
 This novena has never been known to fail. It is novena must be said for 9 consecutive days. Publication must be promised.
 O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the dept' of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked St. Jude, pray for us all who invoke your aid.

Amen
 Say 3 Our Father's, 3 Hail Mary's and 3 Gloria's.

— We have the Home For You —

Real Estate Briefcase

By Jack Reilly, G.R.I.

We recently sold our home and bought a new one. The financing took an awfully long time to arrange. Is it normal to take over two months just to get a mortgage commitment? — D. Billetti, Belleville.

Unfortunately, the length of time required to obtain mortgages is something that has plagued real estate transactions for years. There seems to be an industry-wide inability to provide the consumer with a streamlined, trouble-free mortgage application process that would take some of the nervous edge out of buying or selling. When applying for almost any other type of loan, hardly more than a week is involved. In some cases, loans are made in as little as two days. Not so in the home-buying business. As a matter of fact, the process utilized in the mortgage industry to approve mortgages can be so muddy that at times even seasoned professionals shrivel with frustration.

The difference is largely due to the difference in both the amount and the length of the loan. Even a modest purchase today with a 20 percent down payment will result in a mortgage in the mid 100's. Given usually for 30 years, the last thing a bank wants is to wind up in a situation like they found themselves in the late seventies and early eighties: owning huge portfolios of 5 percent loans in a 15 percent money market. To protect themselves, lenders will almost always sell the mortgage shortly after it is made to investors in the secondary market. It is this final step that indirectly controls all of the early stages of the loan. The investors in the secondary market will only purchase loans that meet a stiff set of guidelines used on an industry wide basis. Conversely, lenders will make

loans only at such a time when they can provide documentation that all of the necessary guidelines have been complied with, insuring the fact that they will be able to sell the loan and get out with their profit. It is the securing of the required documentation that often results in a processing snag.

Seniors may remember the days when you could go to the local bank and arrange a mortgage in a week or less. That was because the bank was actually 'in charge' of making the decisions because it was lending its own money with the intent of keeping the loan till full maturity. Although desirable from a consumers point of view, that sort of business philosophy is an impossibility in today's volatile mortgage market.

The best way to speed up the mortgage application process is through absolute cooperation with the lending institution and timely submission of all requested documentation. With a little luck, perhaps one day the one-week mortgage will become a reality once again. Until then

Jack Reilly

Attention Realtors!

This special section was created for you and contains editorial copy submitted by you, geared to your local market. An interesting and appealing section that our readers look forward to each week and keep as a handy reference guide. This section is the perfect advertising vehicle for you, the realtors.

If you believe that the only place to publish your listings is in the larger circulation dailies, or your town paper only, you're missing out on a market that is right at your fingertips... When a family is looking to purchase a home, they are willing to move outside of their town — if the price is right and the location near enough to meet their needs.

We all know that...

visibility opens the door to sales.

What better way to be visible than to publish your weekly listing right here in this special realtor's page, where it will be seen by a select readership with one of the highest degrees of purchasing power and discretionary income in Essex County...

The readers of...

The Nutley Sun

Vincent Nuzzo earned over 2.6 million in sales!

Vincent Nuzzo, a local Belleville resident has earned eligibility to the prestigious "Million Dollar Sales Club" in his second year as a real estate salesman with Costantine Realty, 289 Franklin Avenue, Nutley, 667-7070.

Vince has personally sold over \$1,800,000 of residential property and has marketed successfully another \$853,000, that was either sold by real estate associates of his firm, or through one of the three multiple listing services that he is a member of, to qualify for this award. The properties must close title in one calendar year.

Broker of Record, Louis Costantine, stated that Vince is one of the most conscientious and dedicated salesmen he has ever met and by far the most knowledgeable he has ever employed. Vincent is a true student of the real estate profession and has just completed his brokers course at Kovats Real Estate School in Paramus. With a very pleasant personality and a super attitude for trying to help and please his clients and customers, it is no wonder that he has been so successful. He claims to have learned from Mr. Costantine that people want to be treated fairly, honestly and without the high pressure tactics that some others may use.

Vince teamed with Susan Costantine for a combined total of \$4,764,450 of sales in an area of

seven towns, Nutley, Belleville, Bloomfield, North Newark, Lyndhurst, Clifton and East Orange.

His greatest success was in the up and coming resale of condominiums. He personally marketed or sold ten units, most of them located in the Sleepy Hollow complex in Nutley.

His success rate speaks for itself. If you are in the real estate market, either buying or selling, give Vince a call at Costantine Realty. The firm is a member of at least three multiple listing services, which gives a far greater market place for real estate sales and a larger selection for purchasing.

Vincent Nuzzo

Attention Realtors!

This special section was created for you and contains editorial copy submitted by you, geared to your local market. An interesting and appealing section that our readers look forward to each week and keep as a handy reference guide. This section is the perfect advertising vehicle for you, the realtors.

If you believe that the only place to publish your listings is in the larger circulation dailies, or your town paper only, you're missing out on a market that is right at your fingertips ... When a family is looking to purchase a home, they are willing to move outside of their town — if the price is right and the location near enough to meet their needs.

We all know that ... visibility opens the door to sales.

What better way to be visible than to publish your weekly listing right here in this special realtor's page, where it will be seen by a select readership with one of the highest degrees of purchasing power and discretionary income in Essex County ...

The readers of ...

PINEAPPLE CHICKEN SALAD

1 fresh pineapple
1/4 cup mayonnaise
1/2 tsp. curry powder
2 cups cubed cooked chicken
1 large banana, sliced
lemon juice
1 cantaloupe, cut into 12 slices
1 basket fresh strawberries
lettuce
sliced green onion

Cut pineapple (including crown) into quarters. Using curved knife, cut pineapple away from shell, leaving half-inch shell. Remove and discard core. Cut each section into chunks. Blend mayonnaise and curry; toss with chicken. Sprinkle banana with lemon juice to prevent browning. Arrange pineapple, chicken, bananas, cantaloupe and strawberries on lettuce-lined plates. Garnish chicken with sliced green onion. 4 servings.
