Dozens of township, school and civic groups to participate

Belleville Expo '87 set for March 28

It's going to be a first for Belleville, and it just may be a first for any school district anywhere.

On Saturday, March 28 from 11AM to 4PM the Belleville High School will present "Expo '87," an

ambitious affair that will feature the exhibits of virtually every civic, business, school and extra-curricular group in Belleville. Best of all, admission is free.

"I thought it would be a nice

idea," Board of Education President Phil Linfante said. "The idea is to show off the many good things that the school system and the township are involved in."

Linfante said he first brought the

idea to the attention of the school board and administration on October 20, and he said school officials were "very receptive" to the idea.

Planning for Expo '87 began in earnest over the late fall and winter and by the time school

officials sat down

for an Expo '87 workshop luncheon at the board complex this past Monday, most of the arrangements had already been worked down to the last detail.

The exposition will include exhibits from every public school in Belleville. There will be musical performances, artwork, tables for almost all Belleville government offices, police and fire depart-

ments, and almost every township group imaginable.

The Belleville Historical Society, The Belleville Chamber of Commerce, The Optimist Club of Belleville, the Belleville Lions, Rotarians, Knights, Italian American Civic Association, Library, Varsity Club, Elks, Kiwanis...these are but a few of the township groups slated to participate.

The Belleville Times will also participate.

Other exhibits will feature the many vendors who serve the Belleville school system. The firms who supply our schools with textbooks, sports equipment and other educational aids are all scheduled to be on hand.

All of the township's home and school associations will be manning exhibit tables, as will the many specialized education departments within the school system.

According to Board President Linfante, Belleville's Expo '87 may be the first show of its kind. For sure, nothing like it has ever been attempted in any of the school districts which neighbor Belleville, and the Expo '87 committee has already made plans to extend invitations to public and school officials in Newark, Nutley and Bloomfield.

Eileen Brown, president of the Consolidated Home and School Association, is in charge of publicizing the expo to parents. She said a flyer will be sent home with all schoolchildren next week, which is to be followed by a phone chain.

School board member Sy Grossman is acting as liaison with Belleville's community groups. At Monday's luncheon Grossman reported that "everybody is excited and we're all looking forward to it."

Other committee members include Superintendent Nardiello and Mr. Testa handling school exhibits, Arthur Pico on elementary school exhibits, Mario DiMaggio on middle school exhibits, Mario Ciccone on high school exhibits and Michael Lally on exhibits exhibits district wide.

Charles Miele is handling vendor and company exhibits, Eileen Brown is handling the exhibits of parent organizations. Dr. Anthony Chirico is co-handling the community group exhibits along with Grossman, and Frank Scelba and Barbara Ciccalese are in charge of performances and special displays.

Rounding out the Expo '87 committee are Victor DePauw handling the program booklets, Barbara Dilea in charge of publicity, Gus Leming overseeing plant operations and serving as secretaries for the committee are Nancy Desgenzire and Nancy Gerds.

The cost of Expo '87 is expected to run between \$1,000 and \$1,500, Linfante said. He explained that since almost everything from artwork to decorations were being done in-house, the cost has been kept down.

Township to seek bond for new fire truck

For the Belleville Public Safety Department, 1987 will have something in common with 1974, 1970 and 1965: It is a year in which the township plans to purchase a new fire truck.

The first reading of a proposed ordinance authorizing acquisition of a new pumper was revealed at the March 10 Board of Commissioners meeting at Town Hall. The ordinance calls for a \$180,000 bond to finance the lion's share of the total \$189,500 cost, Public Safety Commissioner Ralph DiRuggiero said.

Fire Chief George Sbarra said the new truck, which should be on line by the end of the summer, is necessary to replace an aging pumper truck which is believed to be on its last legs.

"We're replacing one that's going down," Sbarra said in response to a citizen's question, "we're getting rid of a truck that we think has cracked cylinder walls, causing water to get into the oil walls."

Frank Jablonski, a member of the Concerned Citizens of Belleville, remarked that he admired the fire department for taking such good care of the trucks in that they've lasted for so many years. The oldest truck, according to Sbarra, is 29 years old.

Jablonski further remarked that the high cost of replacing fire trucks indicates the additional expense the township may have to bear due to the influx of condominiums. He said if fire trucks have to be added to properly protect condos against fire, the cost might outweigh the benefits of extra ratables.

Since the decision to seek a new fire truck is only in the early stages, Commissioner DiRuggiero said the interest on the bond is not yet known. He did say, however, that the new truck would most likely be housed in the fire department headquarters on Franklin Avenue.

Currently, the township has 5 pumpers and two ladder trucks. The department has no squirters, which are used to squirt water into higher floors.

The commissioner pointed out that the township has a mutual aid agreement with Newark, and they have squirters.

In other township news, the commission authorized the public sale of three vehicles including two late model police cars. The third vehicle is a confiscated Cadillac. That sale will be advertised in a future edition of the Belleville Times.

Free distribution of cheese and milk will take place at 383 Washington Avenue on Saturday, March 21, between the hours of 10AM and 1PM. The dairy products are earmarked for needy township families.

The next meeting of the Belleville Board of Commissioners will be held on March 24 at 8PM at Town Hall.

Poetic justice...

The winners of the First Winter Poetry Contest, sponsored by the Belleville Public Library were recently honored in the library's James J. Cozzarelli Jr. Children's Room. Parents, grandparents, relatives and friends of the winning poets crowded the Children's Room for the presentation of prizes and the reading of winning poems.

The contest required that entrants use the following words: Bears, Brown, Fun, Love, Run, Slow.

"The 250 poems entered showed imagination and good use of language. The 38 winners showed extraordinary care and thought in the construction of their poems," a Library official said.

The winning poems will be collected in a forthcoming library publication "Winterings." This collection of winning poems by youngsters who regularly use the Cozzarelli Children's Room will be available during National Library Week in mid-April.

The winning poets are pictured above by grade.

Three BHS students selected for NJIT Scholars program

Three Belleville High School students have been selected to participate in a high school scholars program at the New Jersey Institute of Technology.

John Enriquez, Pam Minuskin and Eric Nordman were selected because of their academic background and achievement in mathematics and computer science. Their selection is most significant since only 25 students were chosen to participate.

The students meet for classes

every Saturday morning at NJIT until June 7, 1987. Topics to be covered include computer system configurations and development and programming and problem solving using Pascal.

Laboratory/recitation, lecture, and hands-on experiences with minicomputers will be the methods of instruction for this selected group of students.

John Enriquez resides on Belmont Avenue, Pamela Minuskin on Linden Avenue, and Eric Nordmann if of Fairway Avenue.

Smoke enders program planned at Clara Maass

Clara Maass Medical Center's Wellness Resource Center, in cooperation with the Essex County Unit of the American Cancer Society, will be conducting a Fresh Start Quit Smoking Program at the Medical Center.

The program consists of four one hour sessions to be held on Tuesdays, March 24, 31 and April 14 and 21, from 8 to 9 p.m. in the Belleville Founders Room, Ground Floor.

The topics to be discussed in-

clude: "Understanding Why and How," "Managing the First Few Days," "Mastering Obstacles," and "Enjoying it Forever."

The cost for the program is \$10, of which \$5 will be refunded to all participants who attend all four

sessions.

For further information and pre-registration, which is mandatory, contact Monique Davis at the Clara Maass Wellness Resource Center at 450-2250, ext. 3104.

Township Knights host spelling bee

The Belleville Knights of Columbus Council No. 835 held a Spelling Bee last month at the Knights of Columbus Hall at 94 Bridge Street. There were

twenty eight participants from Belleville Middle School and St. Peter's.

Rocco Marchegiano, Youth Director, and Grand Knight

James Kiernan announced the following winners:

1. Michael A. Panullo, St. Peter's School.
2. Joseph Cultrara, St. Peter's School.

3. Kristen Brauer, Belleville Middle School.

The Pronouncer for the Spelling Bee was Robert Nevelung. The Judges were Rocco Marchegiano and Pete Mackiewicz.

The first place winner will be entered in the District finals and all winning contestants will receive their awards on Saturday, June 6th at the Knights of Columbus Council Awards night.

There were over 100 people, including parents, teachers and friends, attending this function and following the Spelling Bee refreshments were served.

Hundreds of supporters attend kick-off

Senator Orechio announces fifth term re-election bid

At a testimonial reception late last month before a crowd of over 300 friends and supporters, held at the Richfield Regency in Verona, Senator Carmen A. Orechio announced his plans to

seek a fifth term in the upcoming November election.

"I have been privileged to represent the people of the 30th District since 1974 and I want to

continue working in the Senate to insure that government works better for the people it serves," said Senator Orechio.

Currently, the Senator is

President Pro Tempore of the Senate, presiding in the absence of the Senate President. He served as Senate President and Acting Governor from 1981-1985. He was elected last year

Chairman of the Eastern Regional Conference of the Council of State Governments, a legislative organization comprised of elected officials from ten northeastern states and the Virgin Islands.

Senator Orechio is Chairman of the Senate Independent Authorities Committee which considers legislation involving such agencies as the Highway, Turnpike, and Port Authorities. He is a member of the Senate Judiciary Committee, Senate Select Committee on Auto Insurance Reform, Senate Natural Resources and Agriculture Committee, and was recently appointed to the N.J. Fire Safety Commission.

Senator Orechio is a member of the Legislative Services Commission, which oversees and manages the research and information arm of the State

Legislature and Chairman of the County and Municipal Government Study Commission. He was appointed by Governor Kean as a member of the Governor's Council on Outdoors.

He has won four consecutive terms in the State Senate representing the 30th Legislative District, which is comprised of Belleville, Bloomfield, Cedar Grove, Montclair, Nutley, and Verona.

During his Senate tenure, Senator Orechio has been an advocate for legislation in the area of health, child care, senior citizens, the disabled, and law enforcement.

On the municipal level he has been a member of the Nutley Board of Commissioners since 1968. He has served two terms as Mayor and has been Director of Public Safety since 1972.

Belleville Girl Scouts celebrate anniversary

Seventy-five years ago Juliette Gordon Low started the first Girl Scout troop in Savannah, Georgia. Her birthplace is now a National Center for Girl Scouts. The first Belleville Girl Scout troops were organized 62 years ago.

A pictorial history is on display for the month of March at the Chamber of Commerce office windows at 155 Washington Avenue.

In honor of the birthday of Girl Scouts on March 12, a Promise Circle Ceremony will take place at the Kennedy Center for the Performing Arts in Washington, D.C.

The Girl Scout Council of Greater Essex County will send an honor patrol consisting of 2 adults and 8 scouts. Belleville has been honored with the selection of Janice Hill, cadette leader and Heather Kane, cadette scout of Troop 950, which meets at First Methodist Memorial Church on Union Avenue, to be participants.

Essex mental health group plans benefit art auction

Contemporary, impressionist and art deco paintings, sculpture and graphics will be exhibited and sold during an art auction sponsored by Mental Health Association of Essex County Sunday, March 15.

The program, which runs from 2:30 to 5:30 p.m. will be held in Roseland at the Eisenhower Parkway 280 Office Park, 101 Eisenhower Parkway, exit 5B off Route 280.

The auction, featuring the works of such famous artists as Francois Gall, Agam, Miro and Erté will be called by Jeanne Richards, owner of the J. Richards Gallery and renowned art auctioneer and art consultant.

One of the country's first female auctioneer, she has conducted over 1,000 auctions during her 25-year career.

Prices for the artwork start at \$75. Admission to the event, which includes champagne and hors d'oeuvres, is \$15. Virginia and David Block of Upper Montclair are chairpersons.

For reservations and information, contact the Mental Health Association, 424 Main St., East Orange 07018, 667-1540.

The art auction is the second in a series of special fundraising events the MHA is holding this year. In April, the organization will sponsor a "Classic Russian dinner" at Claude's Ho-Ho-Kus

Inn, followed by a dinner cruise around New York harbor in May.

In addition to these special events, MHA is offering a limited raffle for \$100 for a "dream vacation for two." Winners can choose from a 10-day safari, 17-day trip to China and a 17-day Australian adventure.

The Mental Health Assn. of Essex County works to improve the care and treatment of the mentally ill and to promote mental health. It is a chapter of the New Jersey and National Mental Health Associations.

Governor Tom Kean signs Medicare bill

Governor Thomas H. Kean recently signed into law A3140/S2484, which will provide Legal Assistance for Medicare Patients (LAMP) appealing decisions of denied reimbursements. The Assembly bill was sponsored by Assemblyman John Kelly (R-30th). This program will bring New Jersey's poor and elderly an additional \$1.1 million in Medicare reimbursements in the first year," Kelly said.

The law appropriates \$235,000 for the LAMP program, which is expected to be self sufficient within two years.

The bill is a response to a reported increase in the number of claim reimbursements being denied by the federal Health Care Financing Administration.

"Many claimants become intimidated by the process and do not pursue their full right to appeal. This law will provide assistance for those facing the appeal process," Kelly said.

It is estimated that 80 percent of

those who appeal and reach the hearing stage win their appeals.

One Little Rose

I would rather have one little rose
From the garden of a friend
Than to have the choicest flowers
When my stay on earth must end.
I would rather have one pleasant word
In kindness said to me
Than flattery when my heart is still
And life has ceased to be.
I would rather have a loving smile
From friends I know are true
Than tears shed round my casket
When this world I've bid adieu.
Bring me all your flowers today
Whether pink, or white, or red;
I'd rather have one blossom now
Than a truckload when I'm dead.

— Author unknown

This week let's start off with a correction. Commission aspirant Nicholas Mazzolla was incorrectly identified as Mazzola (one "l") in last week's "Commission candidates speak out" article. Mr. Mazzolla was further identified as being employed as a clothing store manager when, in fact, he is executive vice president of Nutley Janette Center. Sorry about that Nick!

Moving right along, I received two phone calls of note last week from two citizens with two very different perspectives on the Belleville Times.

The first citizen called to commend the newspaper for the last "Bifani on Belleville" column. The caller said that the column, entitled "Spring cleaning" was one of the finest pieces she has ever read in the Times. She added that the corner of Union and Joralemon was becoming an eyesore...

The second call of note was not so flattering.

A citizen demanded that his subscription be canceled because he felt the coverage of the Belleville Times is "slanted", presumably because many people were quoted last week as being against a certain town project one of his relatives is...well, involved in.

Without being too specific, I would like to remind the gentleman that there is a lot more to the Times than just the coverage of one issue. We feature social news, town sports, school news, inspirational writings, photo features, columns on library and recreation happenings, business developments, lively letters, real estate, and so much more...

Since we value every subscriber, I can only hope this gentleman will reconsider. And if his viewpoint is different than mine or anyone else's then there is always a place on the letters page for that viewpoint to be expressed!

Speaking of subscriptions, this morning the Times office manager was swamped with renewal orders...to the tune of \$1200.00 worth. Bookkeeping couldn't believe it, but it's a fact. Our office manager said it was one of the biggest renewal deposits ever...

School board candidate Patricia Pisano, the only candidate vying against incumbents Sy Grossman and Phil Linfante, has picked up the support of Silver Lake Baptist Church Pastor Gerald Fortunato, this just in from Patricia's loving hubby. Mr. Pisano also reports that Sheriff Tom D'Alessio is also a supporter, although moral support will probably be the extent of that since the Sheriff is a Nutley resident and therefore can't vote in these here parts.

However, Mr. Pisano did say that 175 Bellevillites attended the candidate's campaign kickoff at Bela Casa caterers, including Commissioner of Revenue and Finance Joe McGreevey, Commissioner of Health and Welfare Michael Pizzi,

Belleville Democratic Chairman Chester Prosper, Concerned Citizens President Vincent Frantantoni, and commission candidate Jim Messina.

Emcee for the event was Essex County corrections officer Gary Pannulo.

In other schoolboard race news bits, Sy Grossman's campaign kickoff was held Tuesday, March 10. A report on that affair will appear here next week.

School Board President Phil Linfante, the third candidate in the April 7 contest, was as excited as a school kid during last Monday's "Expo '87" luncheon planning meet.

The expo, to be held March 28, was a brainstorm he hatched back in September. The idea is to bring all the civic groups, school groups, business groups, etc., together under one roof (the high school) for one big, exhibit and event-filled day.

This promises to be one heckuva day for township spirit, and a great way for parents and citizens to learn what the schools are all about.

One thing schools are about, these days, that you're not likely to learn at the expo is gang fights. Schools throughout the Greater Essex area are becoming the scenes for increasing violence between "Guidos" and "burnouts".

Guido, with its vaguely derogatory Italian connotation, refers to kids who are into dance music while burnout refers to kids who are into heavy metal rock.

This town, as most parents surely know, has an awful lot of both music fans. We can only hope that Belleville kids can rise above this nonsense that has already exploded in neighboring Bloomfield.

Silly as it seems, though, this kind of thing has been going on since the fifties with greasers and jocks, immortalized and romanticized in such films as "The Lords of Flatbush." Perhaps there is some truth, then, to the contention that our children are the end result of what they see on TV.

And over at the Belleville Library, Director David Bryant has to be pleased with all the support he has received for his fight to keep the CECLS program alive. That program, as reported in a Times editorial last week, allows any Essex resident to borrow library books at virtually any library in the county.

And, finally, the Times unveils a special feature next week on the Washington Avenue auto market. Some readers have objected to the so-called bad publicity Washington Avenue gets in this newspaper from time to time (garbage, weeds, etc.) so we thought it would be nice to spotlight one of the positive aspects of the block - its bustling auto trade. After all, there are five auto dealerships on the block, including four in Belleville, and numerous used car dealerships and auto-related firms.

Blasting candidates...

To the editor:

Mr. Frantantoni: How many times did you state publicly that you would never run for public office?

How many times did you state publicly that any one who runs for public office will turn out just like the incumbents, all crooks?

I knew all along you were planning to run — didn't you?

Mr. Fornarotto: What is the real reason you gave up \$8000 a year from your former Newark job to work in Belleville? Have you the nerve to tell the truth?

Michael Giordano

Proud of BHS wrestlers...

To the editor:

At this time I believe our wrestling champs of Belleville, the coaches, the faculty should be congratulated for their performance in winning the championship in District 7.

For many years the sports system in Belleville has been one of the finest in the state but without recognition from the outside newspapers.

Every once in a while you hear about our youths - one or two - going over the line and getting into trouble - drugs, alcohol or an accident of some kind. But, for a township of only a little less than three square miles, new housing, many new residents and children being born and going to our schools, it's still a good town to raise a family and our kids are good kids.

Thank you,
Joseph Fornarotto

Not a candidate...

To the editor:

Upon reading a copy of last week's Belleville Times, I was surprised to find myself listed as a candidate in the upcoming municipal election. Subsequently, I have learned that by obtaining petitions of nomination from the Municipal Clerk, my name was added to the growing list of would-be Commissioners.

I would now like to take this opportunity to announce that I am not, and will not be, a candidate for a seat on the Belleville Board of Commissioners.

I obtained petitions in an effort to support the growing movement to draft Vinnie Frantantoni as a candidate. Fortunately, for the people of Belleville, and for the Township, Vinnie has decided to enter the race.

Vinnie's dedication to the Township and its people, especially during the last five years, has been extensive and exemplary. As the leader of the grass roots

movement to achieve redevelopment without blight, and as an advocate for the prudent spending of our tax dollars, Frantantoni has accomplished much of what once seemed impossible. His amazing command of facts and figures, and his simple logic and reasoning, have often left the present Commissioners unable to account for their actions.

Citizen Frantantoni has taught us that many positive accomplishments are possible when the citizens are able to work hand in hand with our elected leaders. Commissioner Frantantoni will make our dreams of a better Belleville a reality.

In the months to come, Vinnie will need our help in order to be elected. Let's show him that he can count on the same grass roots support that he has enjoyed in the past. After all, Vinnie has never let us down.

Phony peace group...

To the editor:

It is reported that Victor Smirnov, a member of an unofficial peace group in Moscow, has been reconfined to a psychiatric hospital against his will since late November 1986. Amnesty International regards him as a prisoner of conscience, confined for political rather than medical reasons, and is calling for his immediate and unconditional release.

This question has been asked by the National Confederation of American Ethnic Groups, the N.J. Chapter, to the SANE group of Montclair at the March 7 meeting in which the Soviet Delegation for Peace was presented at the Montclair Unitarian Church. The SANE meeting chairman refused the above Amnesty International question to be answered. It is important to know who has the right to represent the peace program for the Soviets — Mr. Victor Smirnov or the Soviet peace delegation in N.J.?

Answering that question would prove that the Soviet delegation represents the government were not imposters.

The N.C.A.E.G. N.J. Chapter has concluded that there must be some kind of coverup by the Soviet delegation and the SANE fictitious, phony Soviet delegation.

Prior to the NJ SANE meeting, we informed some of the Soviet delegates that in the state of New Jersey there are about 2 million people of Eastern European origin who are dedicated to the liberation and freedom of their original homeland, and as citizens we may times are main contributors to the victory of the political party election.

As such, we ask the Soviet delegates to tell their government, for the reason of better relations, to release all prisoners of conscience like it was done for Nina Kovalenko.

It is further stated to tell the Soviet government to stop falsifying documents of the World War II naturalized citizens for some kind of collaboration with Nazi Germany, like the KGB of the Soviet Union has done to Demjanjuk, Kungys Carl Linas and many others with the OSI.

We strongly believe that better relations are possible only if the Soviet Union would start to build bridges for peace in solid ground for the present and future generations.

Don't sell Belleville short

If all the individuals who have taken out petitions seeking to become commissioner in the May 12, 1987 municipal election should file their petitions with sufficient valid signatures by March 19, 1987 by 4 p.m. we will have one of the largest field of candidates in many years aspiring for that office.

Golden Comments

By James R. Golden

Regardless of whether a few drop out or fail to meet all qualifying requirements, there will, indeed, be a large field at the starting gate when the polls open at 7 a.m. on the fateful day.

There has been a surprising resurgence of optimism in the town's improvement, predicated primarily upon its centralized focal location in the hub of an expanding growth area with its close proximity to the financial metropolis of Wall Street and the large shipping ports of Newark and New York.

Transportation by express highways, rail, buses and air, offer attractive inducements for commercial establishments, service organizations and marketing groups. Abandoned manufacturing plants having moved south for cheaper labor and less expensive costs of operation have opened up wide vistas of opportunity for more profitable utilization and profit of the land by new usage compatible with changing land use and development all producing increased ratables which offset the rising cost of our local government.

The winds of change are now stirring this sleeping giant, the Township of Belleville, from its Rip Van Winkle slumber. Broad new horizons loom for its future, predicated upon its historic Revolutionary history and its role in blazing the trail for the expansion of Essex County suburbia, so many having been offspring of Belleville that withdrew and became entities of their own.

Changing times offer a harbinger of promise for this locality; new people, new commercial and service establishments with added workers having access to affordable and adequate public transportation brings new business to all branches of local business and commerce.

This community is not decadent, it is in the process of revivification with a new animated group of activist entrepreneurial business leaders who sagaciously envision the latent opportunities about to burgeon forth with animated growth and development characterized with the modern nuances of coming twenty-first century living.

The Silver Lake area already has experienced marked growth of business and home improvement. The Valley section with its businesses and industry along with its sturdy homes remains a vital segment of Belleville's stability and history...the real matrix of Belleville's beginning.

There is a heritage entombed in the hearts of old time Bellevillites that will not let go of their final attachment to their home town loyalties and love... Belleville will always be their home town and like the Army slogan "Be the best that you can" that's the way we old time Bellevillites want it to always be.

Just don't sell Belleville short!

Signs of possible drug use in children or adolescents

This information is designed to help parents and guardians observe signs of drug use. Please remember that you may only notice one or two of the following. Watch for:

Academic changes: Reports of drop in school performance, poor attendance, a drop in memory recall, restless behavior, loss of interest in activities and despair regarding their academic standing.

Personality changes: Irritability, moodiness, immaturity, hostility and depression, over-reaction to criticism, excited state, secretiveness, withdrawal from family, giddy and unable to function.

Changes in personal habit: Changes in values and a deterioration of creative ability, old friends may be replaced by new friends who won't identify themselves.

Physical changes: Weight gain or loss, neglect of appearance, blood-shot eyes, sluggishness, slurred speech, pupils of the eye could be pin-pointed or dilated.

Smell of marijuana: Sweet like burnt rope or dried grass. Attempts to disguise and conceal the odor of marijuana with cigarettes, room deodorizer, incense, etc.

Physical evidence: Butts, roach holders, bamboo rolling paper, devices with false bottoms to hold marijuana.

Understanding your children is essential. Consistent, firm and loving guidance from parents usually results in reasonable behavior from children. Keeping lines of communication open is essential. Thus, if you notice any of the signs, don't panic. Sit down and discuss the problem. Expect anger. Do not permit this to drive a wedge between you. Always have your child aware that you will help, but you will not support or condone any drug involvement.

Talk with other parents and get their ideas. See if they will set up similar guidelines and controls. This will make it easier for you and your child.

With sincere appreciation...

To the editor:

As you must remember, I have from time to time delivered criticisms as a member of the public through this medium. Criticisms of things that should have been done and were not; things that were done and should not have been; and things that were done and done improperly or incorrectly. Obviously, these criticisms were levied at people who had the responsibility of those things. I stand by those criticisms.

However, I also believe in equity and fair play. As I write to you today I write with mixed emotions of sorrow and gratification. These mixed emotions were brought about by the recent death of my father. The sorrow I feel is that which is familiar to anyone who has suffered the

loss of a loved one. The gratification comes from those many Belleville people, who I came to know as friends through my involvement with the educational system of our township.

To me, the condolences the sympathies and the respect shown in my family's time of loss were clear indications that my efforts had not gone unnoticed or unappreciated.

Today I feel that there may well be a light at the end of the tunnel with respect to the future directions of our township. Today I am sure that there are still some 'beautiful people' in the 'beautiful village' called Belleville.

I close with the sincere appreciation of my family.

Tenants point of view...

To the editor:

This letter is for you and your readers on my point of view on landlord and tenant agreements.

My landlord requires tenants to sign a yearly lease in good faith. He's given me two leases with outrageous and different demands. My advice is never sign a lease without reading and understanding all phases or consult a lawyer if necessary. It's your civil right to do so.

However, if a landlord is honest and tries to compromise with you instead of creating animosity among all concerned, then all is well. I'm not condemning all landlords, only a handful who use the law for their own benefit and personal gain.

Some people think because they have power and money that the world revolves only around them. Some people refuse to live and let live. What is this world coming to?

Times Horoscope

Aries (March 21 to April 19) Set aside time this week to devote yourself to those necessary chores at home. You will need to isolate yourself, somewhat, in order to accomplish this. However, by the weekend, you can feel free to socialize with friends and family. Small home gatherings are favored.

Taurus (April 20 to May 20) Your stars this week are twinkling in a social direction. Follow this and enjoy group activities. Before signing any contracts, take some time to really think things over. There's a small cloud on the horizon in that someone will dig up something petty which will annoy you. Show you're above this and ignore it.

Gemini (May 21 to June 20) You're experiencing a definite upward trend, both in income and status. Enjoy this. While you're not altogether approving of the spending habits of a partner, bide your time before you speak. Avoid giving into your tendency for flip remarks this week.

Moon Children (June 21 to July 22) While pressure at work is definitely getting you down, you will find some relief this week in the pursuit of creative outlets. Curling up with a good book in front of a roaring fireplace is the perfect prescription for you right now. Plan enjoyable weekend activities.

Leo (July 23 to August 22) While you are trying desperately to get your financial and tax picture in order, don't lose touch with loved ones. Your mental strain is beginning to take its toll on them, but they can provide some help and relief. You may not feel very sociable, but getting out is good for you.

Virgo (August 23 to September 22) You will be able to apply yourself diligently to your work this week, even if you have to sacrifice some leisure time. However, your diligence will pay off in terms of both income and some bonus vacation time.

New people encountered this week promise good friendships.

Libra (September 23 to October 22) You are not the type who can make a decision without a lot of effort and concentration. While you realize you'll have to come to a decision soon about that career opportunity, don't allow others to bully you into something. Take as much time as you need.

Scorpio (October 23 to November 21) You have an unexpected opportunity to visit an exotic locale, but are worried about finances. If you look carefully, you will be able to find the room in your budget to allow you to take this trip. Don't get caught up in any trivial matters this week.

Sagittarius (November 22 to December 21) As you look around your home, you will realize you're going to have to spend some money in order to get it in shape. However, don't go hog wild with your credit cards. Look for ways to spend cash in lieu of credit to avoid future problems.

Capricorn (December 22 to January 19) You are bottling up a lot of emotions concerning a very special person. Rather than do this and create bigger problems, be open and honest. You and your mate will feel a lot better once the air is cleared.

Aquarius (January 20 to February 18) Friends are in a particularly feisty mood this week, causing you to lose some concentration at work. However, if you can put this aside, opportunities will present themselves in which you can further your income.

Pisces (February 19 to March 20) That unexpected social invitation from a higher-up holds some strings attached. It's best to avoid this and keep applying yourself at the office, rather than outside it. This weekend is good for pursuing some much-needed leisure time.

Celebrating 200 years

On the Constitution

A brief history of the bicentennial celebration of the U.S. Constitution by Adrea G. Cohen, Belleville Public Library.

Recently at a dinner party, Warren E. Burger, the former Chief Justice of the U.S. Supreme Court, asked the president of a big food company in a serious manner why he did not put a copy of the Constitution into every box of its breakfast food. The company president indicated that he would get his marketing people working on this matter as soon as possible.

Burger desires to inundate the country with more than 50 million copies of the Constitution of the United States, which he considers the most unique experiment in government in world history, as part of the celebration of the 200th anniversary of its signing on September 17, 1787 in Philadelphia.

"We hope to have copies of the Constitution on the checkout counter of every supermarket," he stated in a recent interview. Chief Justice Burger left the bench to become chairman of the commission on the Bicentennial of the U.S. Constitution, a 23 member body, formed by Congress to coordinate celebrations that begin this September and run through December 15, 1991, the 200th anniversary of the ratification of the Bill of Rights.

It was on September 14, 1983, that Congress cleared a bill for President Reagan, creating a 23 member commission to plan and conduct a national celebration marking the 200th anniversary of the drafting and ratification of the U.S. Constitution and Bill of Rights. The Bill authorized expenditures of \$300,000 in 1983 and "such sums, as may be necessary" in subsequent fiscal years. President Reagan signed the bill September 29, 1983, to be effective until December 31, 1989.

In October 1986, President Reagan signed a catchall spending bill, providing \$13.2 million for bicentennial expenses, lifting ap-

propriations for the four years of celebrations to \$25.2 million.

When the bill was signed, establishing the commission took a great deal of time, as nearly 1000 persons were clamouring to be appointed to the commission.

The first snag was the 20 more months of delay in first appointing an acting executive director, Sen. Roger Jepsen of Iowa. However, bad publicity developed soon after his appointment and on June 25, at the height of the TWA hostage crisis, the President designated Burger as the chairman and announced his appointees.

The initial recommendations of the 23-member commission included special events, films, projects to educate the public about the history and principles of the Constitution, a national holiday on Sept. 17, 1987 and the minting

of gold and silver coins.

Many corporations are now looking into the U.S. Constitution anniversary as a marketing tool.

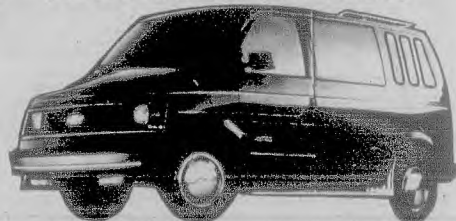

The Bell Atlantic and BellSouth corporations are planning constitutional motifs for their telephone books. General Motors and Merrill Lynch will sponsor TV specials, as companies are trying to show gratitude for a document that among other things provides for commerce, trademarks, and other elements of the free trade system.

To help with finances, Dwayne O. Andreas, chief executive of the Archer-Daniels Midland Co. will head a foundation to set up corporate funds.

In 1987 the historic role of the Bicentennial Commission will unfold and its history will be written.

Says program serves 12,000 county-wide

Freeholder Clay wants full funding for the Essex Library Cooperative

Orange, N.J. Feb. 25 — Freeholder Arthur L. Clay today called upon the administration and the Board of Chosen Freeholders to keep funds in the 1987 Essex County budget to fully fund the County of Essex Cooperating Libraries System, known as the CECLS program.

"I urge my colleagues to support this program that gives service to

over 12,000 Essex County citizens that hold CECLS membership cards," said Freeholder Clay. "The program gives access to our Essex County citizens to 20 public libraries, six college libraries and three private libraries," said Clay. "We cannot lose sight of the fact that this program cost only a little over \$50,000 and it provided for the circulation of 75,000 books

throughout the county," continued Freeholder Clay.

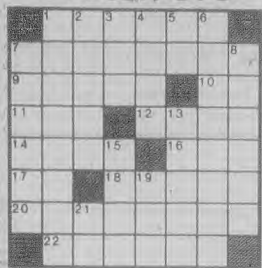

"I am especially concerned about the young people of the county, most importantly students who are now able to use all of these library facilities to complete reports and help with their education," Clay continued. "A honors high school student has expressed her concern to me recently stating that cancellation of the CECLS program will make it impossible for her to find the books needed for reports at her local library. Without use of a CECLS card it would cost her \$30 a year to use one of the larger regional libraries in a nearby town," Clay said.

"I have considered myself the watchdog of the budget and carefully monitor expenditures that can be curtailed or eliminated, however this is a relatively inexpensive program that provides service to our taxpayers and gives our citizens a chance to broaden their education by using facilities in the county," Clay added.

"The CECLS program is also used extensively by our senior citizens," continued Freeholder Clay, stating that "our older citizens do not have the means to purchase books, yet reading is one of their favorite pastimes."

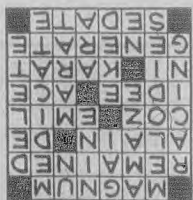

Clay said he realizes the Administration and the Board of Freeholders are looking for ways to cut the budget and to reduce taxes, but "certain programs are just too important to be cut, and the CECLS program is one of them."

Mr. and Mrs. Clarke honeymoon in Hawaii

Joan Capalbo, daughter of Mrs. Helen Capalbo of Nutley and the late Mr. Charles Capalbo, became the bride Feb. 21 of Charles E. Clarke, son of Mr. and Mrs. Edward Clarke of San Antonio, Texas, formerly of Nutley.

The Rev. Richard Carlson performed the ceremony in St. Mary's Church. A reception followed at the Friar Tuck Inn, Cedar Grove.

The bride, escorted by her mother, wore a white satin gown with pearl beaded bodice. White silk flowers held her fingertip veil and she carried white roses, stephanotis and babies breath.

Mary Capalbo of Nutley was her sister's maid of honor. Bridesmaids included other sisters, Barbara and Deborah Capalbo of Nutley and Laura Bini of Belleville. Bernadette and Barbara Bini, nieces of the bride, were junior bridesmaids.

The attendants were attired in scarlet red satin gowns and wore wreaths of red rosebuds and babies breath in their hair. They carried red roses, white mini carnations and babies breath.

Robert Clarke of Morris Plains was his brother's best man. Ushering were Louis Nosti of Bloomfield, Angelo Tamburri of Nutley and Frank Somma of Belleville.

Mrs. Clarke, an alumna of Nutley High School, is in the personnel department at St. Joseph's Hospital and Medical Center, Paterson.

Mr. Clarke, a graduate of Nutley High School and Kean College, Union, is a field technical specialist with Century Office Products, Scotch Plains.

The couple honeymooned in Hawaii and have made their home in Clifton.

Mr. and Mrs. Charles Clarke — nee Joan Capalbo

DENTALLY SPEAKING

By Drs. James D. Muglia and Paul N. De Maio

Mrs. R. I'm deathly afraid of dentists but need work done. What shall I do?

Mrs. R. statistically only 10 percent of the population seeks dental care. The other 90 percent, it is thought, are too fearful. So you're in the majority. Believe me the entire dental profession is very sympathetic towards your feelings and you'll be pleased to know it has made great efforts to reduce fear.

The most significant is that the anesthetic substance (nitrous oxide) is a strong pain reliever. Also, the method of giving an injection is much improved and is made instantaneous. In fact, even just the injection—another advance in the use of tranquilizers and/or gas to calm patients psychologically and prior to the anesthesia. When patients may be asked to put something in their mouth again in an attempt to make them relax. Of course the dentist knows just what his responsibilities is to calm you by his courteous mannerisms along with his staff.

I'm confident Mrs. R. that you should take that step into dentistry now. You'll be pleasantly surprised. Thank You.

Belleville

They don't play each other that often, but when they do, Belleville and Union High School usually put together a very interesting show. Last week, the rivalry was renewed at Belleville High in the form of a boys' basketball game and if you weren't there, you missed a classic. This was a battle, in every sense of the word, and to say it was intense is like saying Michael Jordan can touch the rim on a running start.

Assistant Buccaneer coach Tom Bianchi commented to head coach Don Roll afterward, "you've been trying to teach these kids to be intense all season long. I think you got your point across tonight."

I've been covering high school hoops for 12 years now and have seen some excellent games over that span. There have been more talented teams than Belleville and Union of 1987, but few games can match the tenacity that these two teams exhibited.

There was a near brawl in the third quarter between Belleville's Frank Morrell and Union's Tony Bentivegna. There was constant pounding underneath the boards. Basketball,

Buc Shots

ladies and gentlemen, is as much a non contact sport as high school football is. At least in football, they allow the players to wear pads.

The officials did their best to keep control, assessing 45 fouls in the game. Five players fouled out, three from Union and two for Belleville. There were some tremendous individual performances from both sides.

For Union, Frank Prather, a talented point guard, tallied 24 points. Prather has to be considered one of the top guards in Union County and should do well on the collegiate level.

For Belleville, well, I guess I'm a little partial, but everyone played well. There was Ted Sochaski, Leon Puentes, Bobby Hutchison, Morrell, Loung La, Steve Schwed, John Morrell and an excellent coaching job by Roll, who just completed his first year.

The game didn't start well for Belleville. Union came out with all guns loaded and jumped out to a 19 point, first half lead. The Bucs appeared to have little life. The team was riding an eight game losing streak, had lost a key player, Chris Goldrick, to injuries, and were probably at a loss for self confidence.

The Bucs could have quit and not too many people would have noticed. Belleville trailed, 24-12 after one quarter and 38-24 at intermission. Only Puentes heroics in the second quarter kept the Bucs within 14 points. The junior point guard tallied 14 of Belleville's 22 second quarter points.

However, the third quarter would prove different. The Bucs came out determined, after all, the team had nothing to lose and everything to gain by coming back. There were a group of seniors, playing perhaps their last game of their varsity career, who decided a blowout in the final game just wouldn't do.

So, Hutchison, Morrell and La decided to give it one last shot. They had a little help from their younger teammates, guys like Sochaski, Puentes and Schwed, but the seniors definitely showed something last Tuesday night.

Hutchison played the second half with a tremendous amount of heart and intensity. He dove for loose balls, scrapped for position, took the outside shot with confidence and battled hard to the final buzzer. There was Frank Morrell, not one for offensive heroics, but hitting five second half points, including two big free throws down the stretch as Belleville cut the Union gap to one point.

There was La, who, after Puentes fouled out, handled the tough Union press very well and kept the Buccaneer offense in the thick of things.

Speaking of Puentes, he played a marvelous game, scoring 20 points and doing a nice job of handling the Union press. Leon was hit with a technical foul early in the fourth quarter after a questionable traveling call on Hutchison. What makes Leon's technical so newsworthy is that Puentes never says anything to an official, as a matter of fact, he says very little to anyone.

Afterward, he was still a little surprised at the call. "He (the official) called the traveling violation and I picked up the ball and threw it back to the official. I didn't say anything and I didn't slam the ball. I guess he didn't like the way I gave him the ball."

Then, there is Mr. Sochaski, who scored 32 points on the night and played another exceptional contest. Sochaski has developed into an excellent all around player. He never got frazzled, even in the closing minutes and was a mark of consistency. If he keeps working hard during the off season, and there's no reason to believe he won't, guaranteed you'll be hearing a lot of good things about him next season. I'll tell you now, he should be named to the first team, All Essex, this season. There aren't many players in the area who are better than he is.

The Bucs chipped away at the large deficit, outscoring Union, 21-9 in the third quarter and 17-15 in the final frame. The Farmers held on for a 73-72 win, with Prather hitting the winning free throw with :07 left on the clock.

It was a super ball game, and comes a few weeks after Belleville and Union staged an exciting, down to the wire wrestling match in the sectional grappling tourney. Belleville and Union have also participated in some exciting football games in the past, witness the 1979 and 1982 state playoff games that went down to the wire.

Congratulations to coach Don Roll on a good season for Belleville boys' basketball and for helping his team come back when it appeared the contest was going to be one sided.

Athlete of the Week

Obviously, let's give it to all the players who participated in the Belleville-Union game last week. Everyone did a good job.

Last Weeks Quiz

The last time Belleville and Union met in basketball was the 1975 state tournament, when Belleville defeated Union, 50-48 at Union High School. The Bellboys finished the season with a 13-10 mark that year under coach Dan Grasso.

For This Week

UNLV appears to be one of the strongest teams in the NCAA mens basketball tourney this year. Have the Runnin' Rebels ever been to the Final Four? If so, what year did it happen and who did UNLV play in the semi final round.

Six first place

By Joe Piegaro

Belleville's mighty matmen won six first place medals and four third place medals as they breezed to the District 7 championship held in Kearny High School Feb. 27 and 28. The champs rolled up 143 team points to outdistance second place Bloomfield by a whopping 53.5 point margin. Parochial B state champion St. Benedict was distant third with 88.5 points. The rest of the field finished as follows: Kearny 82.5, Nutley 53.5, Glen Ridge 33.5, Essex Catholic 25.5, Montclair Immaculate and Harrison 12.

The district title was the third in a row for Belleville's wrestling team and the tenth championship in the last 12 years.

Joe Perna 101, Mike Iuliano 108, John Stampone 115, Joe Perna 122, Phil Zamloot 141, heavyweight Marc Criscione won gold medals for the Mondo Nardone 129, Eric Ziola 135, Nick Keykurum 141, Lou Lucante 158 all finished and won bronze medals. All qualified for the Region 2 Championships this week at Kearny High School.

Lightweight Joe Perna won the gold medal parade as he won a thrilling 3-2 victory in overtime from Kearny's Steve Hull. He pinned Dan McFadden of Harrison in the prelims and defeated Hank Brennan of Montclair in the semis to reach the final round. The finals of the contestants battle to a 6-5 regulation before Perna took down in the second OT to win a gold medal in his varsity campaign. With a 24-3, Perna has a strong chance of being seeded first in the first round and could qualify for the tournament later next month.

At 108 pounds, Junior Iuliano won his 2nd consecutive District 7 gold medal by winning two easy decisions. After receiving a first round bye, Mike decided

Finish with

B-ball

When the 1987-88 basketball season commences next November, head coach Don Roll should start the year by showing films of the Belleville-Union state playoff game held on March 3, 1987. If that game doesn't light a spark under a prospective player, then Roll should cut him right there.

The Buccaneers season ended last Tuesday night with a 73-72 loss to the Union Farmers at Belleville High School. Next week, the Times will wrap up the season for the Bucs, who finished with a 9-15 record.

"I stayed up until 3:30 a.m. watching films of the Union game," Roll said last week. "The first half is where we got into trouble. Every type of defense we threw at them, they handled. They couldn't miss from the outside and we couldn't get anything going from our offense."

Indeed, the first half was a disaster for the Bucs. Union jumped out to a 14-4 lead early in the first quarter and led, 24-12 after the first frame.

Things didn't get much better in the second quarter. Union continued its torrid outside shooting and extended its lead to 38-21 midway through the second quarter. The Buccaneers began to pull back into the contest, thanks to some excellent play from junior guard, Leon Puentes.

Puentes tallied 14 points in the second quarter alone and helped to keep the Bucs within striking distance at halftime. The score at intermission was 48-34. "We could have given up," Roll said.

"The second half was a lot more exciting and straight forward than the first half. We played a great first half. Those kids could have rolled over, but they didn't. We came back strong in the second half. I couldn't have been prouder of the kids."

Roll explained his defensive philosophy for the second half.

"We went to a 1-3-1 half court trap for the second half. Then we would fall back to a 1-3-1 flat. They (Union) weren't able to run as much and we were able to gather some rebounds. Union also missed some shots that they were hitting in the first half."

The Farmers, who blistered the nets in the first half for 75 percent shooting, found the going a little tougher in the second half. Belleville began its comeback with a solid third quarter, outscoring the Farmers, 21-9. Junior Ted Sochaski tallied nine points for Belleville in the frame and senior Bob Hutchison finished with seven.

Another senior, Frank Morrell, scored three points and played some excellent defense. He was also strong under the defensive boards.

Having cut the Union lead to 57-55 entering the final eight minutes, it appeared that Belleville had the momentum.

However, Union, to its credit, kept its poise at the start of the fourth quarter, despite a vocal Belleville crowd that did all it could to lead the Bucs to victory. The Farmers tallied the first six points of the final frame to extended its lead to 63-55.

Once again, Belleville clawed back, with Sochaski, Morrell,

Hutchison and Puentes hitting key baskets in the frame. Junior Steve Schwed also played well, nailing a big jump shot in the closing seconds to cut the Union lead to one point.

A key moment in the game came early in the fourth quarter when Puentes fouled out. The junior had done a tremendous job of handling a tough Union press and had scored 20 points. His replacement, Loung La, also did a nice job of handling the ball and helped to keep Belleville close.

The Bucs outscored Union, 17-15 in the final quarter, but fell by one point, 73-72.

It was a very physical game, with five players fouling out, three for Union and two (Puentes and Morrell) for the Bucs. All told, 45 fouls were called.

Sochaski led the Belleville attack with 32 points, Puentes finished with 20, Hutchison had 11, Morrell had five and Schwed

closed with four. For Union, Frank Prather led the way with 24 points. Tony Bentivegna had 12 and Angel Martinez and Scott River closed with 11 points each. The Bucs shot well from the foul line, hitting 19 of 25 from the stripe. Union shot 18 of 28 from the line.

"I think this game showed our younger kids what we're capable of," Roll said afterward. "We played hard and with a lot of intensity. I'm very proud of their effort."

NOTES: Sochaski finished the year with 593 points and has 1,127 for his career. He is within 250 points of Abdel Anderson's all time Belleville boys record of 1,349 points. There is more on this game and the stats on the boys' squad in Buc Shots. Union lost to Ellizabeth in the next round of the state tourney. Elizabeth and Columbia were slated to play for the Group IV, Section II title earlier this week.

Two Bellevillites lead in Women's Bowling

Mary Ross of Jefferson Street was high scorer in the Senior Division of the Essex County Women's Bowling Association 43th annual tournament, held at Eagle Rock Lanes, West Orange. Ross lead with 724 gross. She also leads in Division II doubles, with

partner Terry Sourenman of Bloomfield on 959 net.

Another Belleville resident, Virginia Appar of Melwex Street, has the lead in Division I singles with 731 gross.

The competition was held on the first two weekends of March.

Finish with 10-15 mark

B-ball girls: A look back

As is tradition, the wrap up of the Belleville girls' basketball team begins with a hypothetical look at how the team would do if free agency and contracts were a part of high school basketball.

The Belleville girls' basketball team finished the 1986-87 season with a 10-15 record. It was the team's finest mark in three seasons and with most of the players coming back next year, team owner Jim Silvestri will have a lot of work to do to sign his young stars for the 1987-88 season.

The only player who will not return next season is Laura Caruso. Reportedly, Caruso has been offered a three year pact by the New York Yankees to shore up that team's catching problem.

Simone Edwards and Laurie Dondarski will enter their third year of action and are free to try arbitration, should they not receive a contract suitable from Silvestri.

The owner would like to sign both players for two years, but it is expected that the asking price from Edwards and Dondarski will be large. Both players could command over \$1 million next season and \$1.5 million in the 1988-89 season.

First year player Stacey Johansen is looking for a long term, three year pact from Silvestri. The talented forward averaged over 11 points a game in her first year of varsity action and was named to the second team, NNJIL. Since she cannot go to arbitration for another two years, it's possible that Silvestri will sign Johansen for a lesser amount next year, then worry about her third year down the road. Johansen could exceed the \$2 million per season mark in three years if she continues on her present pace. Silvestri might be wiser if he signs her now for a three year pact.

Racquel Melson will look for a one year deal and it's expected that Silvestri will accommodate her. Melson is needed in the backcourt next season and the owner does not want to go to arbitration over her contract.

Some younger players, with less experience, should sign contracts for next season. Silvestri is hoping to sign Thelina Espiritu, Maria Longobardi, Joanne D'Ambrose and Carol Morrison very shortly. Fucello has indicated that she wants to have all contracts settled by late April, so she can plan for next season.

That was a fun look at the team. The girls did enjoy a good season this winter. The ten victories were the most by a Belleville team in three years and all indications are that improvement will be in the works for next year.

As mentioned, the girls lose just one senior. Laura Caruso was a three year varsity player for Fucello. She played forward and did a good job on the boards.

Caruso averaged 5.2 ppg and had her career high, 16 points, in the victory over Arts in the final week of the season. The personable young lady will now lend her talents to the softball team, where she earned league honors last spring as a catcher. She was a class player on and off the court and her pleasantness will be missed next season.

There are a host of youngsters who will be back next winter, girls that could lead Belleville to a winning season next winter.

Let's start with Edwards. The sophomore led the team in scoring with a 13.4 ppg clip. She also led the team in free throw shooting at 56 percent.

Edwards is an excellent talent. She can drive to the hoop and is a good rebounder. She was named the Most Valuable Player of the Tri County Christmas Tournament last December and was very consistent this year.

Dondarski, also a sophomore, really came on in the second half of the season. The point guard averaged 10.8 ppg, but shot just 46 percent from the free throw line.

She finished the season in a flurry, scoring 51 points in the final three games of the year. Her high game of the season came in a loss at Bloomfield, when she scored 35 points.

Johansen, a freshman, enjoyed excellent success this year. She was second on the team in scoring, with an 11.3 ppg average. She was also second in free throw shooting at 51 percent. Her high game of the season was 22 points in a win over Hackensack. Johansen was very consistent in the second half of the year, averaging 15.5 points a game over the final ten contests.

Melson averaged 2.7 ppg but showed immense improvement

in the second half of the year. The junior was coming off knee surgery and needed time to adjust when the season commenced. However, she showed signs of coming around late in the campaign and should be a good guard for the team next winter.

Sophomore Carol Morrison started seeing varsity time late in the campaign and made the most of her chance. She came through with a 12 point game against Hackensack, helping Belleville rally from a 21 point third quarter deficit to a two point victory.

Morrison could replace Caruso in the lineup next winter at forward. If she continues to work hard during the off season, you should hear some good things about this athlete over the next two seasons.

If players like D'Ambrose, Longobardi, and Espiritu continue to work during the off season and the junior varsity players, who will be highlighted in next week's edition, improve, things should be pretty solid for the Lady Bucs next season.

As for this year, Belleville lost at least six games because of poor foul shooting. The girls shot just 48 percent from the line as a team. There were some positive signs, mainly the improvement

of the team in the second half of the year. Belleville's victory over Hackensack was a big step for the girls' confidence.

The near win against state power Paramus Catholic in the final game of the season was also a positive step. Belleville did win the Tri County Holiday tourney, beating Queen of Peace in the first round and North Arlington in the championship game. The victory over North Arlington was particularly impressive when you consider that Belleville was trailing by 11 points late in the third quarter.

The Lady Bucs defeated a strong Arts squad in the final week of the season. Arts was 18-5 entering the game.

The most important aspect of the season was that Belleville was very competitive. The girls battled hard in the tough NNJIL and Fucello and Company knew full well that the team could have posted 15 or 16 wins this winter had it shot better from the free throw line.

The guidelines have been set. Perhaps Laurie Dondarski put it best a few weeks ago, at the Essex County Tournament championship game between Shabazz and University High. "Next year, this (playing in the championship game) is going to be us. You wait and see."

Cherry Blossom Fever!

What a way to welcome spring! The Essex County Department of Parks, Recreation and Cultural Affairs has announced the schedule of events planned for the month of April during the annual Cherry Blossom Festival in Branch Brook Park, and there's something for everyone.

The events will begin with the Cherry Blossom 10K Run on April 12 at 10 a.m. Participation to this premier event is expected to exceed 1500 runners.

Songs of Japan

Also on April 12, the Japanese Children Society will present a program of Songs of Japan at the Forest Hill Presbyterian Church, Heller Parkway, Newark, beginning at 3:30 p.m.

Oriental Mime

On April 19, beginning at noon, internationally famous mime, Yass Hakoshima will present his unique style of mime. He blends Japanese and Western techniques into a personalized style that has led critics to call him "the most extraordinarily proficient mime in history." Following Hakoshima, at 12:20, will be a performance of the Garden State Concert Band.

under the direction of Domenick Ferrara, featuring Japanese opera star Aemiko Iinuma.

Origami and Karate

Origami, dance, martial arts and jazz will combine to bring an afternoon of entertainment to Branch Brook Park on April 26. From 1 to 3 p.m. Carol Mele will give a demonstration of origami, the Japanese art of paper folding.

Tachibana Dancers

From 1 to 2 p.m., the Shomi Tachibana Dancers will entertain, a dance company formed in 1966. They have performed and taught at colleges and universities throughout the U.S.

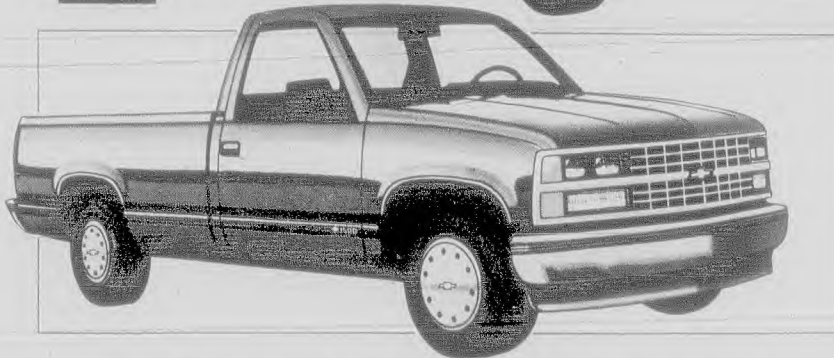

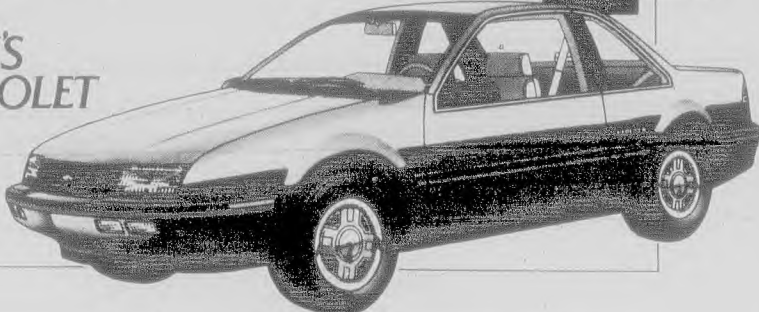

From 2:15 to 2:45 p.m. will be a martial arts demonstration by the Union County Aikika, featuring the self-defense art of Aikido. From 2 to 5 p.m. Mark Morganelli and the Jazz Forum All-Stars will perform music of Duke Ellington, Cole Porter, Miles Davis and more.

All performances scheduled for April 19 and 26 will be held on the Concert Green, located adjacent to the Branch Brook Visitors Center, Park Road, Branch Brook Park, just over the Belleville line.

Why do I need church?

Submitted by
Pastor Gerald Fortunato
Ivory Lake Baptist Church

Why can't I worship God in the comfort of my home, enjoying the best preaching and music TV has to offer?

Why can't I just enjoy being alone out in the woods — just God and I and the pine trees?

Why can't I meet God at the water's edge, wiggling my toes in the warm sand surrounded by thousands of sun worshippers?

Do I really need Church?

Why?
I need church because it's a family reunion. Jesus said, "Who is My family? Those who do My will" (see Mark 3:33,35). We are a family — rejoicing with one another, crying with one another, helping each other. We need each other's support.

I need church because it's a classroom. I'm preparing for a mission. I'm on an extended course of study. For the rest of my life I'm enrolled in a course of Christian discipleship. Each week builds on the one before.

I need church because it's a refuge. The sanctuary is a place to get away from the busyness of the world. It's a mini-retreat. It's a

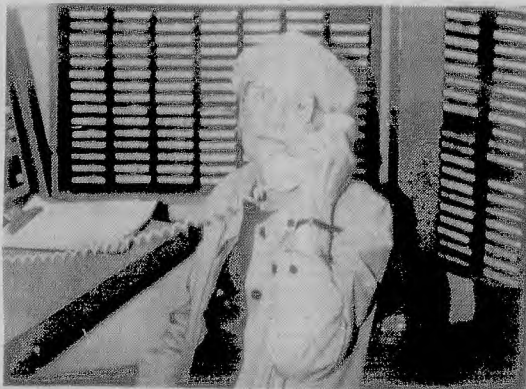

place to focus my thoughts on the things above, to worship.

I need church because it's like a billboard. As my neighbors see me go down to that building on the corner week after week, they can tell what is important in my life. If all my brothers and sisters are there too, the neighbors may wonder what is going on that attracts people so regularly.

I need church because it's a memorial service. Imagine that I had been in a war and one of my buddies threw himself on an enemy hand grenade to save me — and it killed him. Suppose I learned there was to be a memorial service for him in my hometown. Would I be there? Of course!

And since Jesus died for me, it's to honor Him that I attend His memorial service. It's to honor Him that I remember His death by taking communion.

I need church because it's a victory celebration. Jesus left an empty tomb. We can celebrate His resurrection together. At last one day a week should be set aside for remembering Jesus' triumph over death and Satan.

Clara Maass volunteer notches 90th birthday

Evelyn Scheppeler, a volunteer at Clara Maass Medical Center for 30 years, has celebrated her 90th birthday last week. Mrs. Scheppeler was among the first volunteers to take visitors on tours of the new hospital. Since that time, she has worked in numerous areas of the facility.

During her early years, she cashed at Bamberger's Department Store. Once Evelyn became Mrs. Scheppeler, she retired to become a housewife. Two days after Mr. and Mrs. Scheppeler moved into their Nutley home, the Depression cut off Mr. Scheppeler's employment. For the next four years, he washed windows and she cared for children and did housework.

Today, Evelyn lives in that very same house where she is surrounded by her friends and involved with her church. She has lived through decades of change, including wars, a depression, television and satellites. Throughout her 90 years, the most disturbing change has been the increase in violence in the world.

Every Wednesday you can find Evelyn in the Tel-Med Office at Clara Maass Medical Center. Tel-Med is a free community service offered by the center that consists of a special collection of health information tapes. To obtain a Tel-Med brochure, contact the Clara Maass Community Relations Department at 450-2116.

Real Estate Briefcase

By Jack Reilly, G.R.I.

What is a M.A.I.?

Unfortunately, the state of New Jersey does not license or otherwise regulate the activities of those members of the real estate profession known as appraisers. Anyone with the desire to become an appraiser in this state can do so instantly, simply by declaring this title after his or her name.

Needless to say, the lack of state regulation creates a climate of confusion for the consumer. The choice between two appraisers now involves more than a decision based on price, availability, and reputation, it may be possible that one of the two is eminently more qualified than the other to render an opinion on a given property.

There are, however, bona fide pros in the appraisal field who are able to render valid opinions on value for any type of real property from vacant land to industrial parks. Certainly the public should be able to distinguish, through credentials, the difference between the self-acclaimed appraiser and one who is recognized widely as an expert.

In the absence of state licensing, the real estate industry itself, through its trade association known as the National Association of Realtors, established a branch known as the Appraisal Institute to determine a discipline of required study, course completion, pre-requisite education, and lengthy period of "apprenticeship" which, upon satisfying all institute requirements, would qualify the candidate to bear the designation M.A.I. which simply stands for "Member Appraisal Institute." (Few candidates for the designation ever complete their course work and/or apprenticeship requirements under 10 years.) In doing so, the institute was successful in finally establishing an internationally recognizable credential

of proven knowledge and ability, which remains today unsurpassed in weight in the eyes of the courts and their peers in the associated real estate professions.

It is important to note that the designation of M.A.I. is not necessary in all cases of real property appraisal. Many real estate brokers are absolutely qualified to render opinions of value on residential property, with or without any formal designation. The M.A.I. becomes an important credential when the difficulty of the real property appraisal is increased beyond the standard parameters of the neighborhood broker's practice. In most cases though, a competent opinion of value can be rendered by an experienced agent who specializes in the marketing of residential property similar to that which is the subject of the appraisal.

In cases where there are legal considerations and consequences, a prudent consumer can best hedge their bet by hiring an M.A.I. to perform the appraisal.

Attention Realtors!

This special section was created for you and contains editorial copy submitted by you, geared to your local market. An interesting and appealing section that our readers look forward to each week and keep as a handy reference guide. This section is the perfect advertising vehicle for you, the realtors.

If you believe that the only place to publish your listings is in the larger circulation dailies, or your town paper only, you're missing out on a market that is right at your fingertips. When a family is looking to purchase a home, they are willing to move outside of their town — if the price is right and the location near enough to meet their needs.

We all know that...

visibility opens the door to sales.

What better way to be visible than to publish your weekly listing right here in this special realtor's page, where it will be seen by a select readership with one of the highest degrees of purchasing power and discretionary income in Essex County...

Govel projecting another record year for condo sales

Following up on its most successful year-to-date in 1986, Govel Realtors already is projecting a record-breaking \$100 million in condominium sales for 1987.

The 1987 projection reflects the continued strength of the Govel real estate organization in its traditional Northern New Jersey base, and its expansion in recent years into the growing Central New Jersey and New Jersey Shore condominium market.

Just two months into 1987, Govel Realtors currently is involved in the marketing and sales of hundreds of new condominium units in key New Jersey residential markets with plans for additional projects launching later in the year.

"The condominium market in New Jersey has never been stronger," William W. Govel, president of Belleville-based full-service real estate organization, asserts. "New condominium starts are evident throughout the Garden State with particularly active markets in Essex, Middlesex, Monmouth and Ocean counties."

The current condominium projects in which Govel Realtors now is involved range in price from the low \$100,000s to the mid-300,000s and span the state from Northern New Jersey to Wall and Spring Lake along the New Jersey

coastline. "While the condominium activity began in Northern New Jersey and continues strong in that area, a growing area of concentration for new condominium units is the New Jersey Shore," Govel explains.

In response to the emergence of Monmouth and Ocean counties as year-round residential communities, Govel Realtors will be opening new corporate offices shortly in the Monmouth County community of Wall to better service condominium purchasers in this area of the state.

At the same time, Govel says Middlesex and Mercer counties, offering a strategic location between New York City and Philadelphia, also have been experiencing exceptional growth in condominium activity that promises to accelerate even further during 1987.

"What we're finding is an increasing willingness on the part of condominium purchasers to move away from the more established residential areas and settle comfortably into new, developing areas," Govel adds. "This, coupled with improved mass transit and significant commercial development, has created 'hot' condominium markets along the New Jersey Shore and elsewhere in Central New Jersey."

NOVENA TO ST. JUDE
This novena has never been known to fail. This novena must be said for 9 consecutive days. Publication must be promised.

O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the depths of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid.

Amen.
Say 3 Our Father's, 3 Hail Mary's and 3 Gloria's.
