School board meet: Arena of dissent

School Board under fire

Parents demand return of busing

The Belleville Board of Education appears to be caught between a rock and a hard place.

First, the school budget was soundly defeated at the polls earlier this month, as a trickle of the township electorate turned out to vote "no," largely because of the 20 point tax increase that would have caused. Next, the Board of Commissioners ordered the school board to slash \$200,000 from the defeated budget, which many school trustees say is already pared to the bone.

Most recently, at the April 27 Board of Education meeting, the board and administration has come under fire once again - for the elimination of a \$20,000 "courtesy" busing program and also for scrapping art and physical education specialists for kindergarten, first and second grade schoolchildren.

"How is my child going to get to school?" asked one parent, "We've had school buses for 55 years!" She said that many Silver Lake and Sobo children will be forced to walk to school, a trek that includes busy Franklin, Belleville and Union Avenues, a distance of more than a mile.

Addressing Superintendent Michael Nardiello, the parent said, "You've had school buses when you went to school. You're not going to take them away now. You're going to have a big fight on your hands, Mr. Nardiello."

The Superintendent said he sympathized with the concerns of parents, but that the realities of the budget situation forced the school administration to cut the school busing program to include only that which is mandated by the state, which means only children who live some two miles from school are eligible to be bused.

Other citizens argued that the school administration should consider eliminating some administrative positions, such as one assistant superintendent position or one of the vice principal positions at the high school.

"Why do we need three vice principals?" asked one resident at the podium during the public hearing of the board meet.

Parents said that the elimination of school busing for many of the children who now utilize them could mean less safety for those children going to and coming from school.

Citizens also complained about the elimination of teachers, custodians and nurses from the staff.

School administrators, however, said that despite the cuts, all children in Belleville will still be receiving a "thorough and efficient" education. (C.B.)

Zoning Board hears testimony on K-mart storage trailers

By Samuel Williams

Concerned citizens attended Belleville's Monday night zoning board of adjustment meeting to protest an application for more condominium construction.

That application was adjourned.

K-Mart officials did not escape the fiery questions posed by the citizens however.

Zoning board officials and citizens waited 40 minutes outside of the Public Affairs building until someone arrived with a key. Once inside, only five of seven board members were present which barely represented a quorum.

K-Mart attorney Patrick McAuley of Connell, Foley and Geiser law firm, presented key testimony from store manager James Ruthrauff as part of a request to utilize over-the-road trailers as permanent storage compartments for the warehousing of merchandise.

The trailers were in direct violation of Ordinance 2027-Article VII which states "the use of trailers as a means of storage is considered prohibited."

Likewise, K-Mart officials proposed to conceal the trailers with a 10-foot high solid type fence.

The trailers were ordered to be removed in early February in response to a complaint lodged in December.

According to McAuley's testimony, not having use of the six trailers had a detrimental impact on his business.

For one, the lack of storage space eliminated the store's ability to offer nationally advertised sales and "unadvertised" sales, reduced full-time workers by 18 and created more truck traffic.

The trailers had been on the K-Mart premises since opening day in 1978.

When the floor was opened to citizens, one concern seemed to be chances of fire within the trailers.

Vandalism was another concern. McAuley said there had been no break-in attempts until he had to resort to storing merchandise within the patio area.

No decision was rendered until the two absent zoning board members have a chance to read the meeting's transcript.

A vote is anticipated on June 2.

Township kids to skip rope for charity Jump for the heart of it...

The Belleville Bloomfield-Nutley Chapter of the American Heart Association will hold a town-wide "Jump Rope For Heart" fund raiser, on Saturday, May 16, from noon to 3 p.m. in the Belleville High School gymnasium, according to James Cozzarelli, honorary chairman of the event.

"We are hoping that the kids of Belleville will turn out in force for this worthwhile event," he said. "We are planning an exciting afternoon."

Forms are being sent to each of the schools and anyone in-

terested in participating can obtain the sign-up sheets through their school. Children should obtain sponsors individually, but are encouraged to form teams of four to six members to spread the effort out on the day of the event. Prizes are given to participants, based on the amount of money raised. The awards include t-shirts, gym bags, and warm-up suits.

The Chapter also invites teens, adults and seniors to attend, either as participants, helpers or spectators. "We will also have what we call passive

opportunities to participate for non-jumpers," said Cozzarelli. "Plans for the afternoon include a clown, a DJ, a magician, games and fun," he added.

"The important thing is that the people of Belleville, especially the kids, get involved. The work of the Heart Association is supported entirely by private donations and fund raisers run by volunteer chapters," stated Cozzarelli. "We have planned a fun afternoon, but we need the township's support to make it a success."

Commission candidate profiles

Cantarella: "Improve municipal services"

"Have you ever complained about a problem in town and received no response? It can make you frustrated and leave a bad impression of municipal government," says Douglas Cantarella, candidate for the Belleville Commission.

Cantarella has a solution. "I believe we should initiate a Township Response Line, as has been done in other communities," he says. "If you have a valid request to one of our municipal departments and have waited a reasonable time and received no action, then you would call the response line. It would be a telephone tape machine that would take messages 24 hours a day, seven days a week."

Cantarella believes that on the whole Belleville's officials and employees are doing their jobs well, "but when they don't, they should be required to answer for it."

He says the hotline which he proposes would not be used to

bypass regular channels, but would be used only if regular channels failed to get a satisfactory response.

"We must continue to look for ways to improve municipal service to our citizens," Candidate Cantarella states, "and this is just one of the things I intend to do for the township."

Douglas Cantarella has been a resident of Belleville for 20 years and has two teenagers in the Belleville school system. He is the manager of City Appraisal Services where he is responsible for supervising 13 employees.

Cantarella is active in many township endeavors, including Little League, the Crew Parents and Alumni Association, and the Belleville Baseball Parents Association.

He is a past president of the Consolidated Home and School Association and the Drug and Alcohol Abuse Committee.

He has also been actively involved in Belleville government at the sub-board level.

Cantarella is a former Chairman of the Rent Leveling Board, former vice-chairman of the Planning Board and former member of the Belleville Redevelopment Agency.

Currently, he is a trustee of the Wesley United Methodist Church.

His goals include working with senior citizens on programs "that will enrich their lives," developing open communications between the town government and townspeople, and a return to the "Belleville Pride" which many say is already coming back.

He is for the completion of the proposed Belleville Public Safety Building and an influx of new commercial ratables to the township.

His primary objective, and reason for running for a seat on the Belleville Commission, is to "make a dedicated and concentrated effort to improve the quality of life within the Township of Belleville."

Frantantoni: "A grass-roots candidate"

Vincent J. Frantantoni has announced his candidacy for a seat on the Belleville Board of Commissioners. The Mt. Prospect Street homeowner believes he is well qualified for this position. For the past five years, he says he has "led a grass roots movement to effect much needed change in our Township."

"Having attended all town meetings the past several years, and many Planning and Zoning Board and Board of Education meetings, I am fully aware of the issues and problems confronting our Township. With the overwhelming support of Belleville citizens, I have been successful in reversing major decisions by our present Board of Commissioners that could have destroyed our Town."

Frantantoni's platform includes providing adequate

facilities for our Police Headquarters and Township agencies, "at a price our taxpayers can afford."

He says he will institute specific, organized planning for administering our general services. Further, Frantantoni plans an initial five year program for the repairing and replacement of Belleville's road system. A review of all departments for productivity and efficient delivery of services will be one of his priorities. Cut-backs in Federal and State aid mandate creative programs to reduce the burden on our local taxpayers he believes.

The revitalization of Washington Avenue has already begun as a result of Frantantoni's successful effort to bring the Economic Development Corp. of Essex County to

Belleville, he says. "This agency has provided funds and assistance for over 70 businesses to date at no expense to taxpayers," the candidate said.

The "over-development" of our town is another major concern for Frantantoni. He promises to insure that the integrity of Belleville's suburban character will be maintained and that 1 and 2 family zones will be protected.

With his "Civic, Business and Management background," Vincent Frantantoni says he can lead Belleville in a planned, intelligent, and productive manner resulting in benefits and savings to Bellevillites.

"If you really want a change," he states, "elect Vinnie Frantantoni for Commissioner — 4-A on the ballot."

Why is this man smiling?

By Christopher Bifani

It has been said that the phantoms of war exist long after the fighting has ceased, and such was the case at an Overlook Avenue home this past Sunday when owner and resident Michael Ravallo discovered a live World War II hand grenade in the rafters of his basement.

It was only by the greatest of luck, he says, that the grenade did not explode within the confines of his basement, an occurrence which could have easily resulted in the deaths of both Ravallo and his cousin Todd Ravallo who was also in the basement.

"We were cleaning out the basement," Ravallo told the Times, "and I was removing junk from the rafters, pulling out old whiskey bottles and stuff. Then I found an old paper bag wrapped around an object with a chain sticking out of it."

He added that he "started playing with the chain," when his cousin said to watch out, that it might be a mousetrap.

"Then, the hand grenade fell out of the bag and onto the workbench and we just stared at it whitefaced," Ravallo said, explaining that the clip had already been removed and was being held together by tape.

"We called the cops and everyone was evacuated." In addition to the two Ravallos, a friend was watching television in the bedroom directly overhead and in the upstairs apartment a husband, wife and child resided.

Soon the fire department arrived as did the Essex County Sheriff's bomb squad. The grenade was subsequently deactivated, and a happy ending was had by all.

Ravallo said that when he found the grenade all wrapped up, his first impulse was to fling it in the trash can as he had been doing with much of the other junk he was finding up in his basement rafters.

"It's a good thing I didn't," he says, "because a bomb squad technician said that would have been it."

Ravallo says there is no telling who placed the grenade there or why, since the original homeowner is deceased and there has been a long string of tenants before his purchase of the home a year ago.

The grenade is a small, green, smooth type which when detonated sprays a powerful stream of shrapnel in every direction.

"My cousin and I both feel very fortunate," Ravallo said, obviously an understatement of explosive proportions.

kids. Who's doing it? Which camps? More township voters know than the perpetrators probably realize because bad news travels fast in this town. This, too, can backfire.

But despite the dirty pool that some political supporters have

been trying to play, the election has still focused primarily on issues. The "Candidates: Issues and Answers" broadcast on OBC, Wednesday April 29 from 7-9PM offered township voters a chance to view the race from the comfort of their homes. Another candidate's forum, sponsored by the Belleville Democratic Club, was extensively covered by the Times, again focusing on platforms and issues.

Next week, The Belleville Times will have one last week of pre-

election coverage which will include an in-depth report on the OBC-TV forum as well as candidate profiles on the candidates who have not yet been featured in Times spotlight articles.

Through this even-paced TV and newspaper coverage, we hope the voters of Belleville will be able to make their choices based on facts and platforms...not rhetoric and mud.

Meanwhile, the OTHER campaign, the one to get Washington Avenue repaved, is moving along. Following Mayor Michael Marotti's announcement that the job will cost around \$1 million, a letter is being prepared by Senator Carmen Orechio's office seeking information on available funds and guidelines for the maintenance of state roads, which is what Washington Avenue is north from Rutgers Street.

Watch this space for details. Until next week...

Cardinale places first - Lenny Cardinale, left, of Belleville placed first with his breakdance and acrobatic routine in a dance contest held at Joey's Nightclub in Clifton. Here he is presented his \$500 cash prize from Carol Baskinger, Artistic Director of Dance Designs of Fair Lawn, which co-sponsors the event. Cardinale will compete in the contest finals next month.

Belleville retirees meet May 7, 1 pm

The American Association of Retired Persons (AARP) of Belleville, Chapter No. 2051, will meet Thursday, May 7 at Fewsmith Memorial Presbyterian Church, 444 Union Ave., Belleville, at 1 p.m.

Campaign finale

The Committee To Elect Gabe Nazziola will be holding a Campaign Finale at the Bella Casa Caterers Hall, 2 Acme Street, Belleville, on Sunday, May 10th at 7:30 p.m. All citizens are invited, refreshments will be served.

The program for the May meeting will include entertainment by the Old Guard Glee Club of Nutley.

Refreshments will be served. There will be an election of officers for the coming season. In June there will be an installation of officers.

Refreshments will be served. Hostesses for May: Helen Talbot and Phyllis Grainger. Hostesses for June: Janet Daly and Lillian Metcalf.

The Executive Board will meet on Friday, May 15 at 1 p.m. at Fewsmith Church.

Books honor volunteers

In recognition of the time and effort made by volunteers to help the Belleville Public Library, Library Director David Bryant has announced that a book will be added to the library collection for each volunteer. The bookplate to be found in each new book added for each volunteer will mention that the book was "being placed in the library collection in recognition of and in gratitude to" each volunteer.

According to Bryant, the Library could not provide all of its current services, nor could it quickly prepare new books for speedy access by the public, were it not for volunteers. The Library has on its roster the following people who contribute programs, book mending skills, reference file development, photocopying, and other special projects.

Eileen Cherry, Vicki Corbo, Andrea Curran, Elizabeth Grande, Laura Hiller, Anna Rosa Mazur, Angela Paglio and Robert Ramer.

By adding a book to the library's collection in the name of a volunteer, the lasting contribution of each individual will be made via the book, for public use, in the library collection.

"Righteous Gentiles" play opens

Act One Theatre Productions, in its fifth year of presentations, opens its most important production to date — "Righteous Gentiles," a play about the Christians who helped the Jews during the Holocaust. The performance is free to the public.

This live, uplifting play, written and performed by Isaac Dostis and Diana Sunrise will be staged at the Belleville Public Library, 221 Washington Avenue, May 6 at 7 p.m.

Through drama, poetry, letters and speeches, the event relives the stories of those Good Samaritans who helped the Jews survive in the most difficult of times, told from both sides of the historical perspective. Segments include Raoul Wallenberg, Ann Frank, Leon Beck and many more known and unknown individuals.

Stories from the Bible

The following videocassettes from Hanna-Barbera's "The Greatest Adventure Stories from the Bible," Noah's Ark and David and Goliath, have recently been added to the collection of the Library.

How-To Do-It

The following videocassettes have been added to the collection of the Library: "Easy, Elegant Holiday Dinner Parties," "How to Care for Your Lawn," and "Miss Manners on Weddings." Take home a videocassette on your next visit to the Library.

Business cassettes added

The following business cassettes have been added to the collection of the Library: "Consumer Reports Houses and Condos," "Inc. Magazine - How to Really Start Your Own Business," "The Lions of Capitalism," "Smart Investing," and "Up the Corporate Ladder."

FOOT FAULT

People who suffer from athlete's foot can find a new medication alternative on the pharmacy shelf. Specifically, it is one product containing the ingredient miconazole. Formerly available only by prescription, miconazole has proven to be a very effective treatment for athlete's foot. Creams and lotions are recommended because, unlike powders and sprays, there is no waste of medication. If the problem does not disappear within ten days, a dermatologist should be seen. Treatment with more powerful prescription drugs may be needed to kill off the fungus that is causing the outbreak. People with this type of foot problem should also know that other skin woes may be mistaken for athlete's foot. Eczema and psoriasis are two common conditions that may mimic the pesky fungal infection.

All types of prescription medications are available at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. "Your Doctor Knows Us - Your Doctor Trusts Us." Walkers, wheel chairs, crutches, canes and other convalescent aids are handled on a sale or rental basis. Cosmetics, Timex watches, cameras and other gift items are available for Mother's Day gifts. Open: Daily 9am-10pm, Sundays 9am-9pm.

HANDY HINT:
Athlete's foot is not just a summertime ailment.

Superintendent Michael Nardiello receives gift from CMHS Vice President Toni Marone. (Photo by Christopher Bifani)

The CMHS staff gathers for a group portrait. Superintendent Nardiello, the evening's honored guest, is seen in back row, second from left.

Superintendent honored

Michael D. Nardiello was honored at the Community Mental Health Services (CMHS) Annual Award Dinner Friday, April 24. Nardiello, Superintendent of Schools in Belleville, served on the Community Mental Health Services Board of Trustees from 1973 to 1978 and "has had a special interest in education for all children during his 36 years with the Belleville Public School District," spokesperson Jean Libbey said.

The Reverend Gerald Fortunato, Minister of Silver Lake Baptist Church and a friend of the Nardiello family, gave the invocation.

Robert Brouillard, Treasurer of Community Mental Health Services welcomed family and friends of Nardiello and of CMHS.

Director of Community Mental Health Services, Alice Ricci, spoke about the agency and expressed appreciation to Board members and the community for their support of CMHS.

Toni Marone, Vice-President of CMHS Board of Trustees, presented a gift to Mr. Nardiello.

Dance music was provided free of charge by Paul Alongi and his Band. The Superintendent also received a proclamation of the New Jersey State Assembly, delivered by Assemblyman John Kelly of Nutley.

Flea market planned

In other CMHS news, Community Mental Health Services will sponsor an Outdoor Flea Market on Saturday and Sunday, May 2

and 3 from 10 a.m. to 4 p.m. on the grounds of the Essex County Geriatrics Center, Belleville and Franklin avenues, Belleville.

Play to be presented

When the Roche Players present their benefit performances of "Bells Are Ringing" on May 15, 16, 21, 22 and 23, the audience will receive the gift of a wonderful performance and give a gift as the proceeds go to Community Mental Health Services and Clifton Mental Health Services.

Performances will be at the Bergen Vo-Tech School, Orrie De Nooyer Auditorium, 200 Hackensack Ave., Hackensack. Tickets at \$5 can be secured by calling 450-3100 and asking for Jean Libbey.

May 14 at Essex County College

Sheriff sponsors drug seminar

The Essex County Sheriff's Office will sponsor a seminar about substance use among young people 8:30 a.m. to 4 p.m. May 14 at Essex County College in Newark.

According to Sheriff Thomas J. D'Alessio, the training session is designed for school administrators, law enforcement professionals and parent group leaders. Aim of the seminar is to bring together representatives from the areas of enforcement, education and treatment to discuss the common problem of drug and alcohol abuse among young people and to investigate solutions.

The session will emphasize the need for these groups to work together, to share resources and to understand their responsibilities in dealing with young people and their families.

Keynote speaker will be Dr. Elena J. Scambio, coordinating county superintendent for the northern region of New Jersey and Essex County superintendent of schools.

Scambio will discuss the role school personnel will be expected to play in educating students about the dangers of drug and alcohol abuse.

Dr. Robert Johnson, associate professor of clinical pediatrics and director of adolescent medicine at the University of Medicine and Dentistry of New Jersey, will present a lecture and slide program on the physical effects of many substances commonly abused by young people.

Ron Gaetano, director of the substance abuse program at Union Hospital, will conduct a workshop about developments in the treatment of adolescent substance abusers. He will discuss support systems available for schools and families trying to deal with substance use problems.

Juvenile workshop

Douglas Huber of the Verona Police Department, an experienced juvenile detective, will present a workshop about the juvenile justice system and young substance abusers. He will outline recent changes in laws affecting juveniles and the rights of school administrators.

The seminar consists of a morning general session and afternoon workshops. Space is limited and D'Alessio urges interested parties to contact his office at 621-4139 to reserve a seat.

"The problem of drug and alcohol abuse is still a top priority of those of us in law enforcement," D'Alessio said.

"We hope this seminar will bring police, parents and school leaders together as a team to share ideas and coordinate our efforts on behalf of our young people."

Surrogate Mothers

Much has been written — and much has been said about surrogate mothering. Surrogate mothering is not an invention of God — it is an invention of the devil. Procreation is willed by God, and we violate God's will when scientific means are used to produce children. Just the thought of renting a womb is repugnant. Imagine the emotional problems of a child arriving at the age of

reason — and being told that his or her mother is not the mother — that he or she was only a tenant for nine months, and his father paid the lease. Inhuman to think this way, isn't it? It apparently will be the responsibility of our religious leaders to straighten out the human mess that we, the people, create for ourselves.

Surrogate parenthood should be prohibited by law.

The light of day

For all the amount of sunlight added to our lives, we can thank somebody or other who came up with the idea of Daylight Saving Time. Whoever thought of starting it three weeks early this year probably had some good constructive reason for it, which completely escapes us.

The one question we do have is why Congress approves this sort of thing without a great public debate.

We assume Congress does so, or perhaps the Department of the Interior has a sub-department dealing with Dimensions, Weights and Dandruff Control which makes periodic determinations of time-saving adjustments.

Whatever, when the order is issued from Washington, the clocks respond immediately.

It was Benjamin Franklin who first came up with the idea. He was a great public supporter of thrift, early rising and bifocal eyeglasses — which he also invented — and the idea of arousing the country from slumber as early as possible may have appealed to him.

But more than a century passed before the idea of uniform time zones was accepted and promulgated into law. Until Congress set the time zones we all know so well — Eastern, Central, Mountain and Pacific — every town was on its own.

A bank in one town could be closing its doors on local time while a town 10 miles away might be keeping the doors open a few minutes longer, on its local time.

That, indeed, became one of the

compelling reasons for having uniform time, and the United States agreed to accept Greenwich Standard Time, as set in Great Britain, as its time measurement.

Before the arrival of the railroad and the telegraph, there didn't seem to be any pressing need to have all the clocks in the same time mode.

Time didn't have quite the same meaning to our ancestors, who didn't have second hands on their sun dials.

Around the turn of the Century, the grandest thing a town could have was a huge street clock dominating the main street. New York's Fifth Avenue sported a fine clock on every corner, and Nutley had its share of fine time pieces, not the least of which was the trademark of The Sun, when the office was on Franklin Avenue.

New York City and Newark abandoned them because they cost money to repair, and their going left a void in the city landscape. Now the city would hesitate to put up a great gold clock for the simple reason that it probably would be stolen by morning.

Would the restoration of the street clock to Nutley be an advancement, or simply an attempt to turn back the clock?

With the advent of the computerized quartz timepiece, it would probably tell Tokyo time.

And considering the costs, the Town Fathers might well shake their heads and say: "Time is money."

Criminal justice system

There is something wrong with our criminal justice system. The latest example of the problem with the system is the case of former Assemblyman Buddy Fortunato.

Three years ago, allegations were made against the then incumbent Assemblyman Buddy Fortunato regarding a purported payoff for public jobs.

An indictment covering six counts was triggered against Assemblyman Fortunato. The indictment was based upon unsubstantiated allegations made against Fortunato by a former friend. Last week, an Essex County jury, after a two week trial, deliberated for thirty minutes and quickly found Buddy Fortunato innocent of all six counts.

The newspapers heralded the decision with the following words, "Fortunato not guilty." We have a problem with the headline, and we have a problem with the story. Fortunato was not found "Not

guilty." He was found innocent — and the newspaper stories should have headlined "Fortunato innocent." Is there a difference? We think so.

The other part of the decision which gives us a problem is the omission of any penalty against those that alleged misdeeds against Fortunato. We think the jury which found Fortunato innocent should have penalized the individuals who made false charges against Fortunato. Unfortunately, the criminal justice system doesn't work that way. It only goes half way. It finds the defendant either guilty or not guilty; and in the event of a not guilty finding, those who were responsible for the indictment go free. This is an inherent weakness in our criminal justice system which we believe should be addressed by lawmakers.

We share the happiness of the Fortunato family over the jury's verdict.

Dog's best friend...

To the editor:

As a regular Belleville Times subscriber, I enjoy looking forward to its delivery to my home. The article I always turn to first is "Bifani on Belleville." Each week I've gained so much input and knowledge on the every day happenings in our town.

Your "Moving right along" article concerning the pet feature was excellent and so heart-warming. Being a pet lover, please let me tell you how I took in two neglected stray dogs.

I was president of Local 1470 IBEW at AT&T Technologies in Kearny for 9 years. Our union building was located on a dead-end street in back of the old Western Electric plant and you would be surprised at the many people who would come down to this neck-of-the-woods street, open their car doors and let their dogs out to neglect them to roam alone and die.

Well, one morning it was very cold and it was 4 a.m. I had just arrived at my office and always had a habit of looking through the rear glass door. This one particular morning, I noticed a black labrador dog jump from the ground on to the hood of my car and cuddled itself to press her body to the still warm hood. I thought to myself if a dog can think that way — perhaps this was a special dog — so I opened the door and went to the car — the dog remained still. I spoke to it as best as I could, while noticing how skin-and-bones it was. My heart poured out.

I begged the dog to come into the building and I'm so glad she did. I fed her — and she slept all day under my desk.

The next day another dog — as I opened my office door was cuddled hunched up at the top step — I spoke to it and it came in the building.

It became real friendly with my other dog — and the rest is history. This all happened 3 years ago. Now I have retired and live alone. My Cindy and Rocky are my two greatest gifts of luck that ever happened to me in my lifetime.

They both are good tempered dogs — Cindy is black and Rocky is white. Perhaps I should have named them Pepper and Salt!

I also send dog food coupons and donations to miscellaneous animal leagues. But your idea on adopting dogs at the Associated Humane Society on Evergreen Street in Newark, is wonderful.

I encourage many people to visit this well organized and well-kept animal shelter — to go down and pay a visit. They would be surprised at the dozens of beautiful, good, loveable-natured dogs they could adopt.

Chris, keep up your good work and good luck to you.

Al V. Cerino
Mt. Prospect Ave.

Editor's note: Your story is one of the most heart-warming I have ever had the pleasure of printing. In these troubled times, acts of compassion such as yours are an inspiration to us all. May God bless you and your fine animals. — Christopher Bifani

Letters to the Editor

155 Washington Ave., Belleville, N.J. 07109

Mom says thanks...

To the editor:

My husband John and I would like to publicly thank Belleville Police Officers Anthony Wieners and John Martucci, Fire Squad members Phil Lazzara and Paul Melchione, and Medical Intensive Care Unit members Bruce Daire and Steve Cicala of Clara Maass Medical Center, for the kind, expedient, and professional manner in which they handled the birth of our daughter Marissa at our home on April 5.

These men are truly "Belleville's Finest."

Thank you again.

Barbara Molnar

Students' perspective...

To the editor:

I am writing in reference to the recent proposals concerning the school budget cuts. The proposals include eliminating teaching positions, custodial positions and also reducing the budget for much needed school supplies in an effort to decrease school spending.

Why not refrain from unnecessary salary increases given to those who work for the town?

I feel the propositions made by the Board of Education are not in the best interests of Belleville school children.

Because of this, the school system will suffer greatly. The quality of Belleville education will decrease significantly.

I feel the Board of Education and the Board of Commissioners should consider not pursuing these proposals before taking an action that will hurt the quality of Belleville education.

Thank you,
A concerned Belleville
High School student

Mating season...

To the editor:

Last Spring and again this year, the Associated Humane Societies has received an unusually large number of complaints from town residents concerning unwanted squirrels, opossums, skunks and racoons in their area.

It is now the time of year where they have given birth and are taking care of their young. We would hope that while the town residents are in the midst of Spring-cleaning, that they would put off removal of wildlife at this particular time, as the animals are "on maternity leave." It would make our job a lot easier and their lives a lot more pleasant.

If we do catch nursing mothers, we do try and keep them with their babies. We find that if left alone, mothers and babies will disappear from their nesting areas and look for more solitude once the young ones are old enough.

We hope that you will alert your readers of this plight.

Roseann Trezza, Assistant Director
Associated Humane Societies
124 Evergreen Ave., Newark

More Times letters on page 6

Phone-y baloney

It was the Easter recess and Congress had gone home, so the Federal Communications Commission Chairman Mark Fowler invoked the ultimate \$3.50 a month telephone "access charge" which will cost everyone with a phone \$42 a year, whether you use it or not, so that \$17 billion can be raised to reduce the phone rates for business and corporations.

Golden Comments

By James R. Golden

His order will be published in the National Register and become law, unless Congress votes down this ruthless "ripoff." If you don't want this to happen write your people in Congress to freeze the present \$2 "access charge" which is an outrageous charge that we shouldn't be charged either.

Some CCB members seemed piqued by our comment that "little surprise was experienced in the candidates filing; it became evident — whether by design or coincidence — from the outset of the CCB, who would be among the candidates in this year's commission battle."

It was no secret that the night Mr. Nazzola lost his seat in the 1986 school board election that Mr. Frantantoni visited the Nazzola home, where a reception was held for the election workers, and that Mrs. Nazzola announced that her husband and Mr. Frantantoni were going to be candidates in the 1987 commission election. Could plans for an organization such as the CCB been forged at that gathering?

That the two families are most friendly in their relationship is confirmed by their frequent trips to a Pennsylvania property which is most commendable. We find not fault in their cordiality, it is commendable. That both candidates seized upon controversial local issues is, indeed, within the scope of accepted political convention.

How they choose to conduct their campaign is entirely within their providence, however, it does not preclude our mentioning that "it became evident — whether by design or coincidence — from the outset of the CCB, who would be among the candidates in this year's commission battle."

Naturally, successive substantial tax increases irk and anger people who are "pinched" to pay them... a fertile field for aspiring politicians to exploit, especially those endowed with forensic talent.

Were Belleville's problems with taxes an isolated incident there would be merit in accentuating this issue, however, all over Essex County municipalities are suffering from this plague... the loss of federal grants and state school aid... which must be made up by compensating local tax increases.

Candidate's claims couched in appealing rhetoric will not eradicate the reality that taxes are not going to be reduced and that as long as salary increases and wages creep upward, additional taxes will be levied.

This stark reality presents a dreadful future for senior citizens on limited fixed income... they could lose their homes as their income is consumed by taxation. What will become of them? Are they to be shipped away to a reservation as the Indians were?

The dreadful conditions generated by the foreign policy of granting aid gifts to governments and financing military action of warring nations should instead be directed to the improvement of living conditions of our own harassed people.

The money saved then could be used to help out towns and cities not given away. Congress should step in and impress upon the Reagan Administration that charity begins at home.

Christopher Bifani, Editor

FLIGHT 890

By Frank A. Orechio

Jackie Mason puts on a terrific two-hour show at the Brooks-Atkinson Theater in New York, which no one should miss, his humor is terrific....at Eastertime, we heard from our former Eighth Floor Restaurant's able chef, Giuseppe D'Abate. We're told Giuseppe has opened a restaurant in the Lighthouse Point, Florida area. Giuseppe is a hard worker, a very enterprising young man, for whom we wish the best of luck....recent appointment by Essex County Executive of Carmine Capone as Director of Parks, Education and Cultural Affairs was well received. Carmine is going to have a tough time with his job because expected budget cuts will hit his department probably to a greater degree than any other. Capone was Essex Republican Chairman John Renna's recommendation.

Bloomfield's successful "Clean Up" campaign was the conception of Councilman Mike Casale....Eastern Airlines is asking for approximately \$448 Million in concessions from its employees, offering some early retirements and retraining assistance to make the air carrier profitable in 1987. The announcement was made by Eastern Airlines President Philip Bakes at a recent news conference. President Bakes wants union contracts renegotiated to reduce salaries and change work rules that would require employees to produce more for less. Eastern

Airlines management wants to cut salaries by \$490 Million annually, which represents approximately 29 percent of labor costs — and the company wants to take it out of the hides of the employees. Over the past eight years, Eastern Airlines has made many salary cuts, but now, apparently, the company is going for the jugular.

My round trip from Newark to Palm Beach in the past few days brought me in contact with some of our regular stewardesses — and let me tell you, Eastern Airlines management should consider itself very lucky to benefit from the labors of stewardesses Diane Guinan, Mary Richburg, Bev Lanterman, Linda Holder, Dorraine Herrmann and Barbara Treble....if you are a senior citizen, and you are induced to buy senior citizen flight coupons from Eastern Airlines, you suddenly become a second class citizen. An Eastern Airlines senior citizen flight coupon cannot be upgraded, thus, we have discrimination of senior citizens....former New York Yankee great, Mickey Mantle, was in the news recently. For a matter of hours, Mantle was thought to have had a severe heart attack, but fortunately, the problem was not very serious. Mantle is an old friend, who during his playing years with the Yankees, visited with us at our Nutley home on a number of occasions....on Sun-

day's Flight 890, Eastern got more than its money's worth from the cabin crew that attended to the needs of 250 passengers aboard the A 300. Performing way above the call of duty was Stewardess Charlene Duffy. She was aided by Steward Joe Michon and Stewardesses Susan Danna, Ginger Buis, Jane Stern, Kathy Semon-Hurley and Michele Songer....around Palm Beach County, the word is that the Republican County Chairperson, Arlene Holland, is gearing up to strengthen the party at the grass roots in order to win Palm Beach County for the 1988 Republican presidential candidate. The professionals that we talked with have a high regard for the young lady....I am against increasing the speed limit to 65 MPH. Such an event would only permit drivers to increase speeds to 75 MPH — and that isn't good for anyone....somebody said there's a light at the end of the tunnel, but they forgot to add that it was a train....I would be remiss if I failed to mention the wonderful service afforded Eastern Airlines passengers on trips I took between Newark and Florida in the months of February and March. So here goes my honor roll for Flight 893 and 890: Barbara McCabe, Lisa Smuda, Jane Stern, Leonora Xhrouet, Thomas Dehn, Brenna Briggs, Sonja Majo, Barbara Pye, Janet Switton, Gay Cannizzo, Darlene Morrison, Kendall White, Jacque Vitali, Frances Abrahamovitch, Ruth Stark, Sarah Banner and Gilbert Valesquez....it happened in Chippenham, England — at a funeral service conducted by Pastor Michael Dittmer. In an

attempt to deliver a balanced eulogy, among other things, Pastor Dittmer said the deceased, Fred Clark, who was reputed to be one of the most popular men in the area and chaired the committee to raise funds to replace bells in the church, was "a very disagreeable man with little good in him, who would not be missed." The Widow Clark said she expected the eulogy to give comfort — "and it did not." The 52-year old pastor, referring to his eulogy, explained, "any funeral has to be a compromise between praising the dead person and asking for forgiveness of their sins. You can't say all good things about a person, but I got the wrong emphasis in this case." There are many people who would agree with Pastor

Dittmer's observation.

Biographical

Back in the 20's, the Nutley Spring Garden Building and Loan Association was located opposite the Nutley Town Hall at the corner of Vincent Place and Chestnut Street. It was there that I made the monthly mortgage payments for my father. The building was identified as 213 Chestnut Street. Shortly after Franklin D. Roosevelt became President, a moratorium was declared on mortgage principal; in my father's case, it meant the monthly payments were reduced from \$132 to \$30. The national law which permitted the lower payments was the result of the creation of the Federal Home Owners' Loan Corporation. Who

was to predict that 30 years later, I would buy the Building and Loan building!....did you hear about the actor who visited his psychiatrist and pleaded, "Please, Doctor, I am developing an inferiority complex — I am beginning to think there are other people as good as me"....speaking of actors, do you know the difference between an actor and a civilian? When the civilian's house burns down, he calls his insurance agent — but when an actor's house burns, he calls his press agent....English actors are the greatest — a friend of mine saw a star walking down Lover's Lane holding his own hand — and after he returned from his walk, he went on stage to do his one man show — and he couldn't get along with the cast.

Town critic is confused...

To the editor:

The April 23 letter from Cornelius P. Vander Zwan, correcting his "errors" of Jan. 22 and March 19, underscores a lack of reliability and conscientiousness in his fact-gathering.

In confusing two town boards, Mr. Vander Zwan not only committed a colossal blunder for a town critic, but in his eagerness to defame, and laziness toward accuracy, he unfairly cast doubt upon the integrity of individuals who work hard and honestly for the good of Belleville.

Apparently, he enjoys twisting the knife of derision more than getting the record straight in the first place. This lack of concern questions whether Mr. Vander Zwan is reliable on any issue — including the one he just half-heartedly, and without apology, corrected.

Also in a Times letter, Mr. Gabriel Nazzola tossed a misguided stone at the Planning Board. His information showed that during a conflict of interest matter before the Planning Board, only the applicant was asked to submit an opinion on the question. He believed the Planning Board had the responsibility to determine the issue.

Since Mr. Nazzola never called me or further researched the matter, I called him after seeing his letter in the Times. I informed him that as a matter of course, the applicant was given the opportunity to present his side. However, I instructed the Planning Board attorney to rule on whether conflict of interest existed. The Planning Board attorney did make a ruling. He determined that a conflict did exist. The building in question was not constructed.

Unfortunately, a great deal of misinformation is directly due to poor media coverage. Planning Board meetings and issues get rare attention in Belleville papers. Therefore, complicated issues are easily misconstrued with negative results.

This is an election year. Everyone has an opinion on everything. I invite any of the candidates to contact me — address and number in the phone book — if they have any questions or concerns about the Planning Board.

I have nothing to hide and will be happy to help. I am sure all of our members feel the same.

Joseph E. Doyle, Chairman
Belleville Planning Board

Times tete' a tete'...

To the editor:

As a candidate for commissioner in Belleville, I would like to apologize for the tete a tete between Mr. Nazzola and myself via the Belleville Times. My intention for writing the paper and addressing Mr. Nazzola's comments were perhaps self serving. I did not expect that I would be entertaining comments about the building department or about my family lineage.

However, I would like to answer the hypothetical question posed to me; I'd fire anyone not doing their job. 'Business is business' and the town is a business.

In closing, I would also like to make clear that my position as a candidate is not affiliated with anyone else. I'm not related to the mayor nor is he my god-father.

Jim Messina
Candidate for Commissioner 6-A

THE CANTARELLA FAMILY

Commission Candidate Doug Cantarella with his wife, Judi and their children Beth and Chris.

Remember to Vote 3A on May 12th
"Government With Integrity"

Pd. for by committee to elect D. Cantarella

Vote new...

To the editor:

This year, May 12th, in Belleville is an important day for all citizens, young and old. The future of this town is at stake. This is a day you will elect five new citizens to the board of commissioners.

I stress the word **new** because it is time for a new change. Ask yourself are you happy with taxes going up every year? Commissioners' spending 5 - 10 million dollars regardless of your objections! Afraid to put it on a ballot for you to decide! Cannot give you a answer to your questions! Attend town meetings and see for yourself!

As for some new candidates, look very carefully for some are clones of the incumbents or past commissioners. If you do not examine the candidates very carefully yourself, you will not change a thing and deserve every tax increase you receive.

I've noticed some candidates only recently have shown their faces at town meetings and voiced opinions. Why now?

Where have they been when candidates Gabe Nazzola and Vinnie Frantantoni have been your voice for years? They are sincere and dedicated. They are for you, the people. Make these two candidates your number one choice. Vote new or vote yourself to the poorhouse.

I am not exaggerating. I found out by giving up T.V. and sitting home to find first hand information.

Your one vote will make a difference!

Mario Drozd
Bell Street

Deregulation breeds corruption...

To the editor:

Wall Street — the very soul of our capitalist system is being polluted by the wheeling and "bottom dealing" of greedy insiders.

The illegal investment shenanigans, running rampant throughout the financial world lately should convince the Reagan Administration that deregulation breeds corruption.

It should be quite evident, that the future health and well-being of our free enterprise system, demands — that Wall Street be policed and regulated "up to the hilt."

Chet Dobkowski
Washington Ave.

Volunteers a big thanks...

To the editor:

The week of April 26 to May 2 has been designated National Volunteer Week. As the Director of the Retired Senior Volunteer Program of Essex County (RSVP) with over 1,700 volunteers, age 60 and over, I would like to thank and take note of our volunteers who serve at over 150 agencies in Essex County.

These active, committed volunteers have not "retired from life," they have retired from paid work to a life filled with community service and dedication. Without their time and expertise, many not-for-profit community agencies would be unable to sustain some of their vital services.

On behalf of the RSVP and our sponsoring organization, Senior Service Corps, Inc., to all of our RSVP volunteers, I would like to say "Thank you for caring and sharing yourselves with those who are in need. You are truly one of our greatest national resources and we appreciate your service to our communities this week and throughout the year."

Jackie Vogelmann, Director,
RSVP - Essex County

I'm a believer...

To the editor:

With 24 years of experience in Government (3 years U.S. Navy, 10½ years Essex County, 11½ years working in the Township of Belleville - Public Works and as an Inspector), I believe as a candidate for a seat in the next Commission election I can serve the residents of Belleville with action, compassion, honesty and integrity.

I believe I can bring about all matters to the people before it becomes a crisis. I believe as a candidate, born in Belleville, schooled in Belleville, I have always cared about people. After 60 years in Belleville, I would like the chance to serve the people and with my ability, I can do a fine job as a Commissioner to serve our children, Senior Citizens, home owners, renters and every taxpayer.

It would be an honor to serve you. Thank you.

Delegate praises recycling

Assemblyman John V. Kelly (R-30) has praised the mandatory recycling program recently signed into law by Gov. Thomas H. Kean.

"Recycling is a simple and logical answer to a very difficult question — how to stem the flow

of garbage our overburdened landfills are receiving," said Kelly.

"In addition to easing our solid waste crisis, recycling has significant environmental and economic advantages. The less garbage we dump or burn, the cleaner our air and water will remain."

"The rising cost of garbage disposal is straining municipal budgets all over New Jersey. Recycling lowers this cost and potentially offers a return on what used to be garbage. Recycling is an imaginative approach to the problems of preserving our environment, reducing the need for landfill space and lowering the cost of waste disposal," he said.

Under the recycling program, municipalities must choose three recyclable materials, which will be separated at source. The list of recyclable materials includes metal, glass, paper plastic containers and newspapers.

Each county has six months from the bill's signing to develop a countywide recycling program with its municipalities. After the state Department of Environmental Protection approves a county's plan, it has six months to secure a market for a recyclable material.

Once a market has been secured, individual municipalities have 30 days to pass ordinances complying with the plan.

Crecco hails Senate passage of home-bound health bill

Assemblywoman Marion Crecco (R-Essex) hailed State Senate passage of legislation she co-sponsored to allocate \$1,000,000 from the Casino Revenue Fund to provide home delivered meals on weekends and holidays for homebound senior citizens.

"This program will provide assistance to thousands of homebound Garden State seniors," said Crecco, a member of the Independent and Regional Authorities Committee that oversees the casinos in New Jersey.

Under provisions of the legislation, which was also co-sponsored by Assemblyman John Kelly (R-Essex) and Senator Carmen Orechio (D-Essex), the bill would establish a Home Delivered Meals Expansion Program in the State Department on Aging in the Department of Community Affairs to provide home delivered nutrition services on weekends and holidays. The program will be administered by county offices on the aging.

"This bill is an example of what can be done when politics and partisanship is put aside and the interests of our people are put first," added Crecco.

The legislation, Senate Bill 2662 and Assembly Bill 3352, was passed by a vote of 38-0 on April 23.

Assemblywoman Marion Crecco represents the towns of Belleville, Bloomfield, Cedar Grove, Glen Ridge, Montclair, Nutley and Verona in suburban Essex County.

Cites 'tremendous satisfaction'

Bellevillite among growing number of male nursing professionals

Anthony D. Slonim of Belleville, a senior in The Mountainside Hospital School of Nursing evening division, says he opted for the evening program because it suited his busy daytime schedule. Slonim entered the School of Nursing in 1984 in the school's first freshman class. Since then he has completed a double major in Economics and Psychology at New York University while studying nursing at night.

Slonim explains his reasons for choosing nursing by saying, "I wanted an opportunity to work with patients on a one-to-one basis... I get tremendous satisfaction

in knowing I have helped someone get better." He emphasizes how much there is to learn in nursing, knowledge which can be applied in a variety of ways. Also, because of current shortages in the field, nurses are in great demand and there is a lot of job security. Slonim particularly likes the evening division because it gave him the option of pursuing his two B.A. degrees during the daytime.

In addition to his full-time schedule as a student, Slonim has also found time to be the president of the North Ward First Aid Squad in Newark, and to be a volunteer instructor at the Ameri-

can Red Cross. This summer he will marry Teresa Van Horn of Pompton Lakes, a graduate of Mountainside Hospital School of Nursing in 1986.

Mountainside's School of Nursing program offers students clinical and laboratory experience simultaneously with theory so they have a chance to put the two together. The students receive instruction in medical, surgical, maternity, pediatric and psychiatric nursing, and hands-on experience in all the latest therapies available at Mountainside-Hospital as well as the surrounding medical centers.

For more information about the Mountainside Hospital School of Nursing's day or evening programs, please call 429-6060.

Citizens join in war against crime

Sheriff of Essex announces new Crime-Stoppers program

Essex County citizens will be able to assist the police and earn cash rewards under a new crime fighting program unveiled today by Sheriff Thomas J. D'Alessio and a group of community business leaders.

Known as "Crime Stoppers" the program is a cooperative effort between law enforcement and the private sector to encourage citizen participation in the war against crime.

Dial S-H-E-R-I-F-F

"Crime Stoppers" is designed to give citizens an easy opportunity to provide the police with information vital to the investigation of a crime. Using a special hotline phone number, citizens can now dial S-H-E-R-I-F-F and give information while maintaining complete anonymity. As a special incentive, they will also be eligible for cash rewards of up to \$1,000 for information leading to an arrest and indictment.

Here in Essex, the "Crime Stoppers" program will be under the supervision of a volunteer Board of Directors comprised of local business and civic leaders, headed by Jerry Greco, Vice President of Community and Government Relations for First Fidelity Bank.

At a press conference to announce the program, Sheriff D'Alessio and Greco were joined by Newark Police Director Louis Greenleaf and James E. Felton,

President of Ebon Services International and John D'Agostino, President of Haynes Security Corp. Both will serve as members of the Board.

According to Jerry Greco, there are more than 500 similar "Crime Stoppers" programs operating throughout the United States. He described it as "one of the finest examples of public and private sector cooperation with law enforcement."

Crime-fighting catalyst

Greco said that he hopes the Essex County program "will serve as a catalyst for private citizens, community groups, local business and the media to join law enforcement as a powerful force against crime."

The special hotline number has been set up in the Sheriff's Office and will be answered by a law enforcement officer 7 days a week, 24 hours a day.

The cash incentive awards will be funded by tax deductible donations to a non-profit corporation under the direction of the volunteer Board. Contributions may be sent to: Essex County Sheriff's Crime Stoppers, Inc. 50 Nelson Place, Newark, N.J. 07102. Contributions should be made payable to: Essex County Sheriff's Crime Stoppers Inc. Newark Police Director Green-

leaf noted that the "Crime Stoppers" concept can benefit all the municipal police departments in Essex County.

"All information received over the hotline," Greenleaf explained, "will be channelled directly to the police agency in charge of that case. This program should serve as a valuable new resource for all the law enforcement agencies in our county," he said.

Sheriff D'Alessio noted that the programs already in operation have an outstanding record of success. Nationwide "Crime Stoppers" statistics show a 97 percent conviction rate.

"Too often," said D'Alessio, "citizens are reluctant to come forward with information about a crime because they fear retribution from criminals or they are hesitant to become involved in the criminal justice system."

"Crime Stoppers," he said, "is aimed at overcoming this trend of fear and apathy."

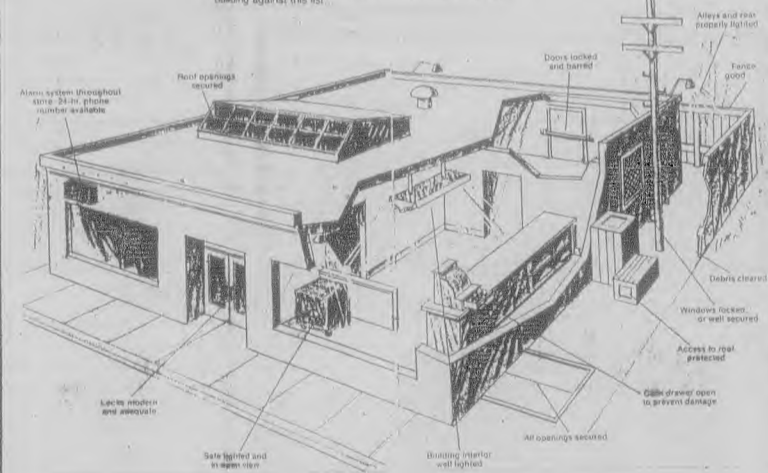

On behalf of the Board of Directors, Jerry Greco urged both private citizens and business to give their generous support to the "Crime Stoppers" program.

"By supporting our new 'Crime Stoppers' effort," he said, "we will be making an investment that will pay dividends in the form of a safer community for all who live and work in Essex County."

Crimebreaker...

BURGLARY: THE "OPEN DOOR" POLICY

Small businesses are targets to over half the commercial burglaries committed. And most of these occurred because someone left an "open door." Not literally, although it does happen. We simply mean that burglars are attracted by signs of carelessness. Like dark alleys and outdated locks. Check your building against this list.

With the troops — Essex County Executive Nicholas R. Amato presents a proclamation in recognition of the 75th anniversary of Girl Scouting to representatives of the Girl Scout Council of Greater Essex. Pictured, from left, are Carmen West, field director for the council; Natalie Silver, Troop 1136; Amato; Leanna West and Veronica Torres of Troop 1100; Cynthia Roth, Troop 587, and Tara Alvarez, Troop 537.

Essex Freeholder Arthur Clay launches re-election campaign

Essex County Freeholder Arthur Clay, a resident of Glen Ridge and a freeholder for six years, will seek re-election.

Clay, Fifth District freeholder, represents Belleville, Bloomfield, Cedar Grove, Glen Ridge, Montclair and Nutley as one of two Republicans on the nine-member county board.

Clay cited the need for bipartisan representation on the board of freeholders, noting a need for cooperation between the county government and local municipalities as well as the state.

"During my tenure there have been significant changes in the public perception of governmental responsibilities," Clay said.

"Public participation in budgetary decisions and public policy-making directives are initiatives I have encouraged during my two terms.

"Gone are the days of free-spending government with big money solutions. Municipalities and county governments have no choice but to find ways to deliver essential services with limited resources.

"It takes cooperation and experience and the willingness to devote time and energy to the job," Clay said.

Clay, president of A.C. American Investments, a real estate and investment firm, is a former Essex County undersheriff.

His duties included managing finance and budgetary matters for the sheriff's office.

He was graduated from Fairleigh Dickinson University with a degree in accounting and attended graduate school for advanced courses in finance.

Long active in Essex County Republican affairs, he filed formally for re-election earlier; this month as a GOP organization candidate in the June 2 primary.

Clay cited the drafting of a budget for Essex County this year

as one of the major tasks facing the freeholders.

"Essex is facing a major deficit carried over from the last year of the Shapiro administration. Our task is to arrive at a budget that reflects financial realities and the need for maintaining essential services," Clay said.

"There are many worthwhile programs that need the support and encouragement of our county government, but we also have many bullets to bite in facing up to the pain of our financial woes."

Delegates sponsor veterans department

Legislation has been introduced in the N.J. General Assembly that will create a cabinet-level Department of Veterans Affairs. The creation of this department is contingent upon abolishing another.

"I am convinced that the biggest step forward New Jersey will ever take for its 900,000 veterans will be the creation of the Department of Veterans Affairs," said Assemblywoman Marion Crecco (R-Essex), a co-sponsor of the measure.

"Veterans need a single voice," said another co-sponsor, John Kelly (R-Essex).

"Veterans need to know where to go for available services. As veterans need representation in Washington, they also need it in

New Jersey.

"It is important to note that this bill is not intended to increase state bureaucracy, but to reorganize the existing programs and services for veterans so that government will be able to work more efficiently and effectively," Kelly said.

Town hospital honors volunteers

Clara Maass Medical Center in Belleville will celebrate National Volunteer Week April 26 - May 2. Guided by the theme "Volunteers: America's Strength," the hospital will recognize contributions of local citizens active in volunteering.

During 1986, 300 adults and teen volunteers gave over 71,000 hours of service to patients, visitors, and staff at Clara Maass.

Volunteers work in more than 50 departments or special projects. They are active in patient escorting, patient information, clerical areas, eucharistic ministry, feeding patients, delivering mail and flowers.

The volunteers also circulate a hospital cart and a library cart. They assemble charts, surgical supplies, and patient information booklets. They serve as hosts at the maternity tea, the blood bank, and many medical screenings as well.

Displays featuring Clara Maass volunteers from Belleville and Nutley will be located at the libraries in both towns.

Recognition activities will culminate with a dinner for adult volunteers on May 12. Hospital

administrators and department directors will be present at the event to thank volunteers and present them with awards for their service. A special recognition event will be held for the teen volunteers on May 28.

According to Marlene French, Director of Volunteer Services, National Volunteer Week was first observed in 1972 and is now recognized each year by a special message from the President, as well as a proclamation by the Governor. French encourages all citizens to become involved as volunteers in their community.

Tel-Med Program highlights High Blood Pressure Month, Dental Health Month and Better Speech and Hearing Month.

Did you know the month of May is: High Blood Pressure Month, Dental Health Month and Better Speech and Hearing Month? Clara Maass Medical Center's Tel-Med Program can help you obtain more information about these three important topics.

Tel-Med is a special collection of health information tapes provided by the medical center as a free community service. Interested persons can call 751-7000.

A gift of Russell Stover Candies will bring a smile to Mothers, Grandmothers and Aunts on May 10. Choose from quality candies made of fresh, wholesome ingredients selected with the greatest care. "Only the finest" for her on this special day.

DENTALLY SPEAKING
By Drs. James D. Muglia and Paul N. De Maio

Miss R. of Newark asks: "My teeth have no cavities but are greyish brown and I don't like the way they look. Is there any kind of cosmetic paint that can be put on?"

At present Miss R. the only cosmetic coverings are either crowns (caps) or bonding. Since you mentioned you have no decay we would suggest porcelain veneers as a possible solution. Porcelain veneers are fingernail-like casings made of a porcelain color of your choice that goes on the front side surface of your teeth. Very little removal of tooth structure is needed. After the laboratory makes the covering under the direction of your dentist they are then fitted to your teeth. Upon your approval a special bonding procedure then adheres them to your teeth and the cosmetics you desired are achieved. Some care must be taken to keep the bond intact but its minimal. Consult your dentist for further information and have a great summer.

Belleville Times SPORTS

Final of Three Part Series

Much had been accomplished during the 1982 softball season at Belleville High, but there was a feeling that the girls needed to win a tournament in order to receive its just recognition.

As we discussed last week, the team lost a disappointing game to Livingston in the state sectional semi finals. Now, it was down to the county tournament as the final chance for the Lady Bucs to bring home a title.

Belleville was the number one seed in the Essex County tourney in '82 and drew a bye in the first round of the tournament. The Bucs first challenge came from Cedar Grove, a good team, coached by Ray Van Der May. Just two years before, Cedar Grove was the unchallenged state champion, having won some 45 games in a row.

The Lions had an all state pitcher named Laurel Van Der

Buc Shots

By Mike Lamberti

May in 1980 and Belleville got a look at her in the county finals that season. It wasn't a good look as Cedar Grove won, 4-0.

However, in 1982, the tables were turned. Belleville was the veteran squad, with the talent and confidence and Cedar Grove was a young squad who would eventually return to county prominence.

"We hit the ball real well that day," recalled coach Carl Corino. "We played an excellent game and were able to pull ahead early."

Behind the strong pitching of Dina De Aquino, Belleville prevailed, 14-4. The victory put the Lady Bucs into the semi finals, where the competition would be an upstart squad from Verona.

The other semi final game featured two good teams in Livingston and Caldwell. The Lancers won that game, 9-1, clinching a berth in the finals.

"Verona had a very good club that year," Corino said. "We didn't know much about them, but they had some good hitters and were a solid team."

Belleville jumped out to the early advantage and led, 8-1 in the sixth inning. Things looked pretty secure, but Verona began chipping away at the deficit in the sixth and suddenly, it was 8-3 with runners on second and third.

The Verona batter lined a deep shot to the farthest section of Pulaski Park. The first thought was home run and the lead being chipped to 8-6. Donna Campana had different ideas. The all county center fielder took off after the fly ball and never gave up. As the ball began to descend, Campana extended her glove and in a classic case of "ice cream cone", made the catch, ending the inning.

"I'll never forget the look on De Aquino's face as Campana made the over the shoulder catch. It was a look of astonishment, a look shared by all the fans who were packed into the seats. The place erupted, at least on the Belleville side, following the play and the Lady Bucs had regained the momentum."

"It was a great play," Corino said. "People forget, she made a similar catch in the 1983 county finals (against Bloomfield) that saved three runs. She was an excellent fielder."

With Belleville's victory, a final round game between Belleville and Livingston was set. Of course, the teams had met a few days prior to the county finals, with Livingston winning, 6-4. Belleville wanted a rematch and the look of determination was evident on the girls faces as the team warmed up at Pulaski.

"We wanted another shot at them," Corino said. "We knew we should have won that first game. We were confident, but a little nervous, entering the game."

The nerves were obvious in the first inning. Some sloppy Belleville fielding and De Aquino's unusual wildness had loaded the bases for Livingston. With two outs, a Livingston player lined a shot to shortstop Kim Indiero. Indiero fielded the ball, and threw to second base for the force out. Her throw was wide, however and could have sailed into center-field, had it not been for second baseman Rosie Leonidis. The senior grabbed the ball with her bare hand, tagged the base in time and the rally was over.

"That play saved two runs," Corino said. "It also shifted the momentum, because it gave our team some new confidence."

The rest, as most fans know, is history. Belleville scored seven times in the fourth inning to snap a scoreless tie and went on to an 8-0 win.

De Aquino was masterful on the mound. Freshman Donna Brooks hit a homerun to start the rally in the fourth. The entire team did its part to insure the victory.

In addition to the game, Corino had other things on his mind. His wife, Eve, was expecting the couples first child in a few days.

"Eve had the baby a week later," Corino said. He made the joyful announcement of the birth of his son at the varsity club dinner in early June.

"Everything worked out well. The seniors wanted that final game with Livingston. There was a little extra put into that game."

In addition to the team members, there were two others who were instrumental to the team success. Mark Foley, a talented writer and statistician did a masterful job of covering the squad from 1982-84. Foley later published a stat book on Belleville softball, an outstanding piece of research.

Marilyn McCaffrey, who was a player on Corino's 1980 team, was a volunteer coach who lent her expertise to the club. She never missed a game, or practice.

Of course, the team went on to capture a county crown in 1983 and the NNJL title. But the 1982 squad put Belleville on the map.

De Aquino is now an outstanding pitcher for Montclair State College. Her batterymate, Tracey Buono, is a fine

(Buc shots continued on pg. 14)

Best start in BHS history!

Lady Bucs streak to 10-0

It was another impressive week of action for the Belleville softball team. The Lady Bucs won four more games, boosting its team record to 10-0, the finest start in the club's elite history.

Carl Corino's team battled Eastside, Bloomfield and Montclair in earlier games this week. Tomorrow, the girls are at Passaic and on Saturday, the team will play host to De Paul High School. The game will be played at the Belleville Little League Field, commencing at 7:30 p.m. Next Monday, the girls are host to Nutley and next Wednesday, the team is at Kennedy. Both of those games commence at 4 p.m.

"We're playing good ball," said Corino. "I'm really excited about this year's club. We have good offense and our pitching has been outstanding. The team has been working well together."

Last week, Belleville won a big game at Paramus Catholic, 2-1. In addition, the Lady Bucs upended Livingston, 7-4, Clifton, 3-2 and Lyndhurst, 8-1.

The Paramus Catholic contest was an impressive victory. The game was played on the road, against an undefeated Paramus Catholic squad.

"They beat us, 6-0, last season," Corino recalled. "Paramus Catholic has an excellent program, and we knew this would be a good test for us."

Jeanine (Luzzi) threw an excellent game for us. She looked real good."

Luzzi, a junior, threw a complete game, allowing just four hits and no earned runs. She struck out two and walked two. The only P.C. run came in the fifth inning.

For Belleville, solo runs were tallied in the fourth and sixth innings. In the fourth, Laurie Dondarski reached safely on a bunt single. The sophomore stole second base and scored on a Laura Caruso single.

After P.C. tied the game in the fifth, Belleville went ahead with a run in the sixth. Stacey Johansen drilled a triple and scored on a Caruso sacrifice fly.

Caruso, a senior, drove home both runs and played another outstanding game on defense.

Belleville's next game was against a strong Livingston team. This time, Johansen was on the mound and the freshman tossed a strong game. She struck out five, walked two, allowed four hits and just one earned run.

"We got a little sloppy in the fifth inning," Corino said of his team's four errors that accounted for three Livingston runs. "Stacey threw a nice ball game. Our offense did the job when it had to, also."

Belleville tallied three runs in the third inning to break the contest open. On the afternoon, Caruso had another good game,

with a double, triple and two ribbies.

The win against Clifton was the opening game of the NNJL season. Belleville won the conference in 1986 and the team got off to a good start in '87 with a hard fought victory at Clifton.

Luzzi picked up the win with another complete game, striking out four and walking five. She allowed just two hits.

Belleville took a 3-0 lead, then held its breath as the Lady Mustangs tallied once in the fifth and sixth innings to cut the deficit.

The Lady Bucs scored once in the first. Dondarski reached on an error and went to third base when Johansen found first on a second Clifton error. Caruso then lofted a sacrifice fly to score Dondarski.

In the second inning, Racquel Melson doubled and went to third on a wild pitch. Carol Morrison was hit by a pitch and Cindy Ruggiero laid down a suicide squeeze to bring in Melson.

The third Belleville run came in the fifth. Dondarski singled and stole second and third base. She then scored on a wild pitch.

Dondarski had an excellent game. The sophomore leadoff hitter scored two runs and stole five bases in the contest. She has done an excellent job in the leadoff position.

"Laurie has been very aggressive, both offensively and defen-

sively," Corino said. "Our entire lineup has been very productive."

Last Saturday, the girls boosted its record to 10-0 by stopping Lyndhurst, 8-1. Luzzi picked up her sixth win with a complete game effort. She struck out four, walked one and allowed just one hit. The run scored against Luzzi was unearned.

On offense, Melson played a good game, going 2 for 4 with two RBI's. Luzzi had two ribbies and Trish Tramulola finished 3 for 4. Ruggiero had a good game, driving home two runs.

Corino has also been pleased with the play of Natalie La Bella, Giovanna Malazzi and Mary Ann McArthur. La Bella and Malazzi have been providing good defense and McArthur has been steady as the team DH.

NOTES: Team pitching is exceptional. Luzzi brought a 6-0 mark into this week's action. In those six wins, she has hurled 42 innings, struck out 23, allowed 14 hits and 15 walks. Five of those walks came in one game. Johansen was 4-0 entering the week, with 30 strikeouts, four walks, two earned runs and nine hits allowed. Girls best start before this season was '82 club, which started 7-0-1 before losing at Kearny. Corino feels this year's team has the best offensive capability since the 1982-83 clubs, that won back to back county titles.

7-5 mark going into this week

BHS baseballers win and lose

If this were a plane ride, the passengers would be reaching for a dramamine. The past five games were a story of turbulence and uneasiness for the Belleville baseball team, with the Bucs winning twice and giving new meaning to the word inconsistency.

George Zanfini's troops took a 7-5 mark into games with Bloomfield and Montclair earlier this week. Tomorrow, the Bucs are host to Passaic in a 4 p.m. game. On Saturday afternoon, the team travels to Randolph for a 2 p.m. start. Next Monday, the Bucs are in Nutley and next Wednesday, Kennedy High comes to town for a 4 p.m. game.

"This was the most frustrating week of my coaching life," a disappointed Zanfini said earlier this week. "We left 61 men on base in six games. We lost two tough games (1-0 and 3-2), then, in a culmination of frustration, we get blown out by Clifton (17-3). After two days rest, we beat a very good club in a decisive manner, then we barely win a game we should have breezed in. The game last Monday (against Eastside) was one of the worst fundamental games you'll ever see."

"I can't figure this team out. We show the ability to play well, then play terribly in a game we should have controlled. Maybe I'm expecting too much."

The Bucs started the week with a tough 1-0 loss to Paramus Catholic. Then, the team dropped a 3-2 decision to Teaneck before losing a lopsided contest at home against Clifton. Bel-

leville regrouped two days later and blitzed a good Caldwell team, 24-4. Last Monday, the Bucs had to struggle to stop Eastside, 8-7.

The game with Paramus Catholic was a tremendous pitching duel. The contest went nine innings before P.C. won with a walk, sacrifice fly, a walk and a base hit. The hard luck loser for Belleville was Jim Dunphy, who pitched exceptionally.

"Jimmy was tremendous," Zanfini said. "We left runners on second and third base with less than two outs on four different occasions. We couldn't get the run across."

Dunphy struck out 13, walked three and gave up just four hits. The loss was the first of the season for the senior, compared to four victories. The Bucs tallied just five hits in the game, with senior Jamie Galioto collecting two of the hits.

The following day, versus Teaneck, the Bucs were on the short end of another difficult game. Teaneck won, 3-2, with a run in the last of the seventh inning. Bob Hutchison was the losing pitcher for Belleville. The senior hurled a strong game, allowing just five hits and walking three.

The Bucs trailed 1-0 entering the sixth when P.J. Grande walked. Lou Lucante singled him to second and a double steal put the runners in scoring position for Hutchison. The pitcher singled home Grande for the first Buccaneer run. Vito Caprio walked to load the bases and Al Best walked to bring in Lucante

with the go ahead run.

However, Teaneck tied the game with a run in the sixth and won it in the seventh with a solo run.

"After those two losses, we could have used a day to regroup," Zanfini said. "They were tough defeats. We had to come back with an 11 a.m. game after the Teaneck contest and we had a bad day."

The Bucs were in good shape for the first three innings against Clifton. The Mustangs tallied once in the first and third innings for a 2-0 lead, but Belleville tied it with two runs in the third.

Dean Mauro, Galioto, Jeff Spillsbury and Jay Marchese all singled to produce the tying runs.

However, Clifton pulled away in the fourth with nine runs and never looked back. The Mustangs went on to score 17 runs on 15 hits and make things easy for pitcher Mark Tomaskovich.

Last Saturday, after two days to regroup, the Bucs went to Caldwell and exploded for a 24-4 win.

"Caldwell is a very good team," Zanfini said. "We beat what could have been their best pitcher. That game showed what we can do when we play with intensity."

The victory snapped a five game losing streak for the Bucs, who tallied 18 hits in the game.

After Caldwell scored once in the first, Belleville erupted for 11 runs in the second inning. Lucante drilled a two run homer

in the frame. The Bucs went on to score once in the fourth, nine times in the fifth and three times in the seventh to complete a big win.

Jay Marchese and Dunphy combined on the victory, with Marchese hurling the first four innings. Marchese had four hits and five runs batted in. Lucante finished 2 for 2.

Last Monday, Zanfini watched in disbelief as the Bucs struggled to beat Eastside, 8-7. Belleville led, 2-0 after two innings, but Eastside tallied six times in the third to pull ahead. The Bucs scored three times in the third to cut the lead to 6-5. Eastside extended its lead to 7-5 in the fourth, and Belleville tied the game at seven with two runs in the fifth. The Bucs won it with a run in the last of the seventh.

The Bucs committed four errors in the game and Dunphy won it with 2 1-3 innings of solid relief. Dunphy also scored the winning run in the last of the seventh. He led off with a walk, moved to second on a sacrifice fly by Jon Nardichone and scored on a double by Lucante.

Lucante had a three run double in the third inning and Dunphy had a two run homer in the fifth.

"We gave them (Eastside) seven runs," Zanfini said. "We had no intensity or the savvy needed to play the game effectively. We had better start working like the dickens, or we're in for a long season. I'm not pleased in what they're doing right now. There are too many mental and physical mistakes going on out there."

BHS Hair Show Extravaganza is set for May 5, 7:30 p.m.

The Second Annual Hair Show Extravaganza will be held at Belleville High School May 5, Tuesday evening at 7:30 p.m.

This show is presented by Belleville High School's Cosmetology class of 1987. The

public is invited.

"Our girls will work on customers up on stage. There will be music and an announcer," BHS Vice Principal Diane McGrath said.

For more information call 450-3526.

Recreation Roundup

The Jammers (13-1) defeated Cheers (8-6) last week 15-3, 13-15, 15-10 to clinch the 1987 title in the Belleville Recreation Women's Volleyball League.

League runnerups Spiked Punch (12-2) topped the Followers (5-9) 15-9, 15-6 and the V.B. Busters (5-9) beat the 4-10 Moonlighters 15-9, 9-15, 15-0.

Buc Shots

catcher at Rutgers. You won't find a more classier woman than Tracey.

Donna Brooks was playing at Montclair State with excellent success, but a serious knee injury incurred this season, has held her back. She is hopeful of returning to the diamond at Montclair next spring.

Once again, the starting lineup from that 1982 squad was, Mona Stampe 1B, Rosie Leonidis 2B, Kim Indiero SS, Nancy Coffey 3B, Donna Brooks LF, Donna Campana CF, Angela Chimento RF, Tracey Buono C, Luisa Dinis DH and pitchers Dina De Aquino and Kathy Woods.

Last Weeks Quiz

Joe Torre managed the '82 Braves, who won the NL West with an 89-73 mark. The Braves lost in the NL championship series to St. Louis in three straight games.

For This Week

In the 1985 World Series, controversy marred game six. In the bottom of the ninth, a Kansas City Royals hitter hit a slow grounder to St. Louis first baseman Jack Clark. Clark threw to pitcher Todd Worrell for the apparent out, but the umpire ruled the runner safe. Of course, that play opened the door for K.C. to win and tie the series at three games. Who was the Royal batter and who was the umpire who made the call at first base.

Block* party — H & R Block, Inc. held its 15th Annual Employee Banquet this past Sunday night at the Westmount Country Club in West Paterson. The affair was hosted by Bert Tobia, district manager in an effort to bring all employees from various offices together to meet one another and spend an enjoyable evening of food, fun and socializing. Spouses and guests were present which really made the night special. Longevity awards were presented to employees with three, six, ten, fifteen and twenty years of service. This banquet is held each year before the mad rush of the season. Pictured above is the Belleville office staff. (Photo by Alfredo A. Fanelli)

Lillian Anna Fodor, 50 years in Belleville

Lillian Anna (Heine) Fodor, 88, of Belleville, died April 6 at Clara Maass Medical Center, Belleville. She was a homemaker.

Born in Newark, Mrs. Fodor moved from Passaic to Belleville in 1936.

Her husband, Walter Fodor, predeceased her.

Surviving are two daughters, Mrs. Mildred Harder of Clifton and Mrs. Charlotte Briggs of Orefield, Pa.; three sons, Walter of

Parlin, Harold of Bath, Pa., and Richard of Belleville; one sister, Mrs. Bertha Chingo of Newark; 10 grandchildren, and one great-grandchild. A daughter, Lillian Hartline, predeceased her.

A funeral service was held April 9 at the Irvine-Cozzarelli Memorial HOme, Belleville, with the Rev. Frederick L. Long of Christ Episcopal Church, Belleville, officiating. Cremation was at Rosedale Crematory, Orange.

Obituaries

Mae D. Shanahan, 86.

Mae D. Shanahan, 86, of Nutley, died April 3 at Clara Maass Medical Center, Belleville.

She was in the accounting department of the Essex County Hall of Records in Newark for 50 years, until her retirement 16 years ago.

Born in Westchester, N.Y., she had lived in Belleville before mov-

Maria Ann Shvarko, 60,

Maria Ann Shvarko, 60, of Nutley, died April 13 at Clara Maass Medical Center, Belleville. Born in Newark, Mrs. Shvarko moved to Nutley 18 years ago.

Surviving are her husband, John; two daughters, Mrs. Kim Melillo of Clifton and Mrs. Dawn Cedro of Brooklyn, N.Y.; one son, Dean of Belleville; a sister, Angela San Filippo of Nutley, and four grandchildren.

A Memorial Mass was offered April 11 at St. Mary's Church in Nulley.

Big races on for high school rowing team

The Belleville crew team took part in the Upper Merion Regatta last weekend, with some good results.

The "big" races are now on tap for the oarsmen and women. Tomorrow afternoon, the Bucs will battle Nutley on the Pas-saic, starting at 4 p.m. On Sun-day, the team travels to Philadelphia for the City Cham-pionships, which is the culmination of the flick races.

On May 10, the Bucs will take part in the Mid Hudson Regatta and on the 17th, the prestigious Statesbury Regatta will be held. The Nationals are set for Memorial Day Weekend, in Delaware.

As for the Upper Merion Regatta, head coach Scott Fabian was happy with the overall result.

"All our boats made the finals," the coach said. "We just didn't do as well as I would have liked in the finals. The kids rowed well, but we made some mistakes."

There was one boat that took home first place honors. The girls novice eight captured a championship and Fabian was very pleased with the effort.

"They did very well," the coach said. "We (the coaching staff) were very happy with the performance by the girls. Maureen (Russo) is their coach and she has done an excellent job with the shell."

The boat is made up of coxswain Kristen Brauer, Liz Maris, Michele Quick, Charlene Santoro, Gina Guarino, Carolyn Loughlin, Jessica Nappi, Laura Marinaccio and Loida Olmeda.

The novice eight boys placed second with a good effort. The lightweight four boys were also second, but that shell wasn't happy with its performance.

"It was their first loss of the season," Fabian said. "They said afterward that it would be their last. They were very disappointed, but perhaps it was a good thing. It will probably make them work harder toward the big races."

Fabian put together a junior four boys shell, made up of coxswain Phil Molineri, Gus Leming, Len Linfante, Tom Eccles and Brian Villano. The boat finished second on the day.

"They did a nice job, considering we just put together that shell a couple of days before the regatta," Fabian said.

The junior four girls placed fourth overall and the senior four boys were unable to race because of injuries. Fabian was hoping the boys would be ready for the City Championships this weekend.

All tolled, it wasn't a bad weekend for the team. The key races are now upon us, and the team is confident entering the city championships this weekend.

Real Estate Briefcase

By Jack Reilly, G.R.I.

Dear Mr. Reilly:

What is the "Multiple Listing System" and why is it better than listing "exclusively"? — E.M., Belleville.

The term "Multiple Listing Service (MLS for short) refers to a service by which a group of Real Estate Agents share properties for sale with each other. There are many such services in New Jersey, each governing a specific geographical locality. In our area, the towns of Belleville, Nutley, Bloomfield and Glen Ridge are served by a ML service which focuses on property for sale within the boundaries of those four towns. Any given MLS is independently controlled, so the rules for one may not hold for another.

In our area, the MLS is actually administered by a committee of the Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville. Their rules mandate that any residential property for sale within the borders of those four towns must be submitted as a multiple listing within 72 hours of receiving a signed listing contract. Infractions of this rule are greeted with stiff financial penalties as the integrity of the system depends on each member maintaining a strict sense of fairness so as not to have an undue advantage over the other members of the system.

In as far as your question and the subject of "exclusives", please note that, in essence, that type of listing is extinct, at least in New Jersey. Both the Real Estate Commission and the Attorney General's Office have mandated that every licensed broker in this state must share their listing with one another, regardless of whether or not that property has been multiple-listed.

In our area, should a homeowner request that the broker take their house as an "exclusive," the broker is compelled to advise them against it, since it really is not in

their best interest. The broker's primary duty is to obtain the highest possible price in the shortest amount of time for the seller. Certainly that goal is hindered should the property be held back from the eighty-plus offices which fall within the boundaries of the service area. The exclusive concept also violates the old real estate adage: "Untold - Unsold." If only one broker has knowledge of a property for sale, the seller has to hope that the buyer for that property is going to stumble into that real estate office.

The primary benefit offered by this area's Multiple Listing Service is that anyone looking to purchase residential property in Belleville, Nutley, Bloomfield or Glen Ridge simply has to enter the real estate office of their preference and have at their disposal every piece of property available for sale in today's market.

Real Estate Briefcase is a weekly column which will be glad to answer topics suggested by readers. Please address correspondence to: Real Estate Briefcase c/o this paper. Jack Reilly is a broker with Reilly Realtors in Belleville.

THE REAL LIFE

I DON'T GET IT, IF THE PEOPLE ARE HOMELESS, WHERE DO THEY SEND THE MONEY?

Religious Viewpoints

Prayer

Gethsemane

He sought a place to pray and found,
Upon a slope outside of town,
An olive garden filled with trees,
On which there stirred a restless breeze.
How sad His loved ones never guessed
The weight of anguish in His breast,
Nor heard His sighs, nor saw Him weep,
For watching not, they feel asleep.
Each one of us must bear his share
Of that lone hour's vigil there.
But with it promise of a dawn
Of blessed peace when night is gone.
Compared to Thine, dear Lord I see
How small my own Gethsemane.

— Grace E. Easley

No longer hampered

"Jesus Christ shall change our vile body, that it may be fashioned like unto His glorious body" (Philippians 3:21).

The human body is a marvelous instrument of unusual abilities and great stamina. But, let's face it, sometimes our bodies get in our way!

There's so much we want to do, but our bodies get tired. Our minds go racing on to new and exciting heights, but our bodies just can't keep up.

Our physical needs and desires surprise us by making us fall in to temptations we thought we had ruled out of our lives. We dream of disciplining our bodies into well-oiled machines, but they never respond as quickly as we want.

Well, we won't always be hampered by these earthly "tabernacles." When we leave this earth for heaven we'll exchange our earthly bodies for new, spiritual ones. "As we have borne the image of the earthly, we shall also bear the image of the heavenly" (1 Corinthians 15:49).

Our spiritual or glorified bodies won't be tied down by poor health, flabby muscles, tired blood, or physical desires. We'll be free to exert our physical and mental impulses, no longer bound by mere flesh and bones! We'll be free to express our love and praise to the Lord in ways we never dreamed possible on earth.

Pastor Gerald Fortunato
Silver Lake Baptist Church

ACCOUNTING CLERK

8:30-3:30 Bell/No. Newark Boundry. 481-2700

BANK DEPARTMENT CLERK

The Howard Savings Bank, 1 of NJ's largest financial institutions has an immediate opportunity available for an individual with at least 1 years office experience.

This position is based in our Glen Ridge office soon to be relocated to our new corporate offices in Livingston.

Responsibilities will include reviewing computer print outs verifying accurate information from loan closing documents. You will also prepare our welcome letter and coupon book for new customers as well as other projects assigned. CRT experience and typing 35 wpm required and good analytical ability.

In return for your experience the Howard offers an excellent starting salary and complete bank paid benefits which include medical, dental, profit sharing and more. For immediate appointment call our Personnel Department.
