## Fire department feels the heat

By Christopher Bifani

Whenever a municipality suffers a spate of fires in a short period of time the local fire department is likely to come under some fire of its own. With three serious blazes occurring in Belleville from the end of November to the end of December, BFD is no exception. Townspeople have been talking, and the department, under 39 year veteran George Sbarra, has been taking its share of heat.

"Actually, we were having a pretty good year until the end of November," Sbarra told the Times, "that's when we had that Cozzarelli fire."

The November 26 blaze the Chief referred to occurred at 341 Washington Avenue. The incident caused an elderly woman to suffer a heart attack and she was subsequently rushed to Clara Maass Medical Center, where she survived but was in critical condition.

That incident fueled the fire for renewed speculation on the adequacy of the fire department's manpower, response time record and equipment. However no suits have been brought against the department in that blaze. In fact, Sbarra contends that "in my 39 years with the Belleville Fire Department there has never been a successful lawsuit against us."

But the ash from that Washington Avenue blaze barely had time to settle when another fire struck, this one at Prospect Place on December 5, the evening of the annual Belleville Firemen's Ball.

Witnesses to the blaze noted that citizens were assisting the firemen in unrolling hose, and townspeople wondered openly if this was an indication that the department is indeed understaffed.

But Chief Sbarra dismisses the accusations.

"If there's an emergency and you're standing around, and I ask you to help, are you going to say no?" he asked. "People pull together at times like that." He added that citizens who assisted firemen in unrolling fire hoses, some distance away from the actual blaze, had all volunteered to help. None were ordered or asked by the fire department.

But what caused the fire department to be so short-handed that there was a need for citizens to pitch in? Was it because most of the men were attending the firemen's ball?

"We had 11 men on duty that night," said Deputy Chief Walter Beresford. Four were at fire headquarters on Franklin Avenue, and the rest were on duty at the department's firehouses on Franklin Street in Silver Lake and on Washington Avenue.

Beresford said optimum on-duty strength is 18 men townwide, and the lowest it can go is 9 men (or three per firehouse.) Usual strength, he noted, is between 12 and 15 men. There are no female firefighters in Belleville.

However, Chief Sbarra contended that having so many firemen together at The Chandelier for the ball made it easy to call in reinforcements.

"I had twenty men respond to the Prospect Place fire, and I could have called in twenty more if I needed them," he said. That blaze, apparently caused by faulty electrical wiring, was largely contained to the upper floor and the building, at presstime, has not been totalled.

"Totalled" means a torched building would cost more to rebuild than replace.

On December 31 another fire struck, this time in the Domestic Linen factory at 265 Cortlandt Street. The blaze was reported at 1:50PM and by 3:30PM, Belleville's last serious fire of 1987 was declared under control.

Although damage was extensive, some one dozen Belleville firefighters along with about 20 more men from Newark and Nutley, managed to contain the blaze to the office structure where it began. Adjacent manufacturing quarters escaped serious damage, according to Captain Robert Reed whose on-the-scene photographs of the fire appear in this week's edition.

"Everybody always talks about the bad ones," Reed noted, "No one ever mentions the saves."

Reed continued, "We had a nice save at 83 Magnolia Street on October 2. It could have been a serious fire but

More than 30 men battled the fire on December 31.

Firefighters used an adjacent roof to send water through burning roof.

## Middle School set for repairs

The Belleville Middle School, long targeted by school board officials and township activists as a structure in dire need of repair, is slated for extensive exterior work that aims to help prevent leakage, Business Administrator Dr. Leonard DiGiovanni told the Times.

At the January 4 Board of Education meet, the board authorized architect Richard Becker to draw up plans and specifications for pointing and sealing the school's brickwork.

Pointing refers to the addition of fresh mortar to replace and supplement the school's original mortar between the bricks, much of which has been weakened and loosened with age. Sealing refers to a watertight spray which is applied to the exterior.

Architect Becker will receive 7% of the contract price once it goes out to bid. DiGiovanni expects the job to begin in the springtime, but would not estimate the cost, contending that a public speculation might adversely affect the bidding.

DiGiovanni said the work will benefit the aging structure, which was formerly Belleville High School, in three ways. First, it will add strength to the structure. Second, it will prevent seepage of the moisture which has ruined room paint jobs in the past. And third, it should stop those outright leaks which are caused by seepage through loosened mortar.

However, the business administrator pointed out that the majority of leaks are caused by a leaking roof, a job which will eventually cost substantially more, than the current project.

In other school board news, Ronnie's Texaco is out and Joe's Shell Station is in as the supplier of gasoline for the Belleville School System.

Ronnie's Texaco bid 94.9 cents per gallon for the contract, a discount of 2 cents per gallon off their street price.

Joe's Shell bid 73.2 cents per gallon, a discount of nearly 14 cents per gallon off their lower 87.9 cent street price.

"I get the best deal I can," DiGiovanni said. The switch, based on an estimated 12 to 15 thousand gallon annual consumption, is expected to save the school system about \$3,000.

"It's about time," said one citizen at the January 4 meet.

In further business, the board authorized the administration to apply for vocational education funds, a pool of money supplied by state and federal sources.

Belleville is seeking \$1,850 each for cooperative home economics, cooperative marketing education, cooperative office education and cooperative industrial education. For vocational auto, \$18,941 is sought.

The board accepted three resignations at the meeting. George Zanfini steps down as head baseball coach for the BHS squad. Brenda Shapiro resigns as special education teacher. And Betty Kidon departs as elementary physical education teacher.

Several transfers were also announced.

School 4 teacher Gioia Crawford moves to School 7 to teach in the academically talented program there.

Catherine Chirico leaves School 7's academically talented program to teach special education at Belleville High School.

Katherine Del Guercio has been hired to teach at School 4.

## 'It's snow joke!'

Maintenance Inspector Joseph Fornarotto reminds homeowners that sidewalks must be cleared of snow within 24 hours of snowfall, or face fines of up to \$500, under town ordinance.

Other town ordinances restrict the shoveling of snow onto township streets. For more information on Belleville's laws regarding snowfall, call Town Hall at 450-3310.

## Crecco sets agenda for 1988

Assemblywoman Marion Crecco (R-Essex) has announced her legislative plans for the coming year. She has set a busy schedule which will focus on taxes, health care, senior citizens, and education.

She says that taxes, which dominated her efforts in Trenton last year, again tops the list.

"Last year I was able to lay the groundwork for many important pieces of tax legislation," she explained. "Now, I intend to push for their passage, and foremost will be my Taxpayers Rights Act."

"This specifies that if voters defeat a proposed school budget, the previous year's budget plus an inflation allowance will automati-

cally go in to effect. School budgets account for an average of 55 percent of the municipal property tax, and school administrators must be encouraged to pursue tight managerial practices so that property taxes can be controlled."

"I also plan to continue my efforts to get the state to take over Essex County's court costs," she added.

### Parkway targeted

Mrs. Crecco, who has been one of the most outspoken critics of the New Jersey Highway Authority and its thus far thwarted attempt to double tolls on the Garden State Parkway, said the Assembly Committee on Regional and Independent Authorities, of which she is a

member, will have a joint meeting later this month with its senate counterpart, headed by Senator Carmen Orechio, D-Nutley, to get answers to questions about parkway plans.

### Catastrophic illness

Crecco is chairman of the Task Force on Catastrophic and Long-Term Health Care, and says that its findings will lead to legislation.

"One of the proposals will be the establishment of Individual Medical Accounts (IMA), similar to Individual Retirement Accounts, into which individuals would pay regular sums during their younger, healthier years and draw upon those monies when illness strikes later in life."

On Monday, January 11, 1988, the renowned Professor Emeritus, Rutgers University scholar Samuel D. Proctor, Pastor of the Abyssinian Baptist Church, New York City, will speak on the topic: "Dr. Martin Luther King Jr. - the Right Person, At the Right Time, and the Right Place," at the Belleville Public Library.

# BELLEVILLE briefly...

## John Selby promoted to group consultant

John A. Selby of Belleville has been promoted to group communications consultant in the Group marketing and communications division of The Prudential Insurance Company, Roseland. He is responsible for coordinating all public relations, advertising and special marketing projects.

Selby joined The Prudential in

1986 as a communications specialist. Previously, he was public relations director for a management company.

A 1984 graduate of Seton Hall University, he earned a B.A. degree in communications.

Selby, formerly of Bloomfield, and his wife, Gina, have lived in Belleville for two years.

## Dennis Ives completes Marine recruit training

Marine Pvt. Dennis I. Ives, son of Irving E. and Elizabeth M. Ives of Union Ave., has completed recruit training at Marine Corps Recruit Depot, Parris Island, SC.

During the 11-week training cycle, Ives was taught the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional

standards traditionally exhibited by the Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

A 1986 graduate of Belleville High School, he joined the Marine Corps in April 1987.

### Recreation Softball Clinic

The Belleville Recreation Department will again be sponsoring a girls' softball clinic for resident Belleville girls who are students at Belleville High School or Belleville Middle School. This program will be held on Fridays at the Middle School Boys Gym from 6 to 8 p.m. on the following dates:

Jan. 8, 15, 22, 29; Feb. 5 and 26; and March 4. The intent of this clinic is to prepare girls who plan to try out for the Suburban girls' and/or the High School girls' softball teams.

Each session will be supervised and an aspect of the game will be demonstrated and practiced. This clinic will provide all interested girls with an opportunity to better learn the game of softball. Participants must provide their own gloves and must wear sneakers. No advance registration is required.

## Local accountant attends national CPA conference

James P. Devine, CPA, a resident of Belleville with offices in Bloomfield, recently attended the Fall National Tax Division Meeting held in Orlando, Fla., and sponsored by the American Institute of Certified Public Accountants (AICPA).

Devine and more than 400 CPAs joined with leading tax and accounting practitioners and government officials to discuss tax legislation, new developments and other areas of public concern.

Devine is an appointed member of the Individual Taxation Subcommittee of the AICPA's Tax Division, chairman of the Legislation Committee of the New Jersey

Society of Certified Public Accountants, president of the Rotary Club of Belleville and member of the Bloomfield Chamber of Commerce.

## Local group meets to cope with the blues

Many people with post-holiday blues ask, "Why do I have to suffer like this?" They often have feelings of nervous tension, fears, depression and anxieties.

Recovery, Inc. demonstrates the "how-to" of overcoming post-holiday blues. In weekly support group meetings, through a carefully structured presentation method, members assist one another to gain skill in handling life's common situations. They discover that they may feel helpless, but they are not helpless.

"So often I feel disgusted and discouraged. I feel like giving up, like no one really cares. The support, understanding, and simple self-help method of Recovery helps me to keep going on," said Nutley Recovery Leader Mia Daire.

Recovery, Inc. was founded by the late Dr. Abraham A. Low, M.D., over fifty years ago. His textbook, Mental Health Through Will-Training, tapes, and self-help method were developed after many years of research, study, and treatment of patients. Recovery does not replace the medical professional, but augments and reinforces mental health between counseling sessions.

Recovery's goals are to help prevent relapses in former mental patients and to forestall continuation of symptoms in nervous patients.

### ANTACID CAUTION

Aluminum hydroxide and magnesium hydroxide are antacids that are used together to treat ulcers and relieve heartburn, stomach gas, and upset stomach. Before a patient starts to take these drugs he should tell his doctor or pharmacist if he has kidney disease. Some antacids may make this condition worse. This medication may also affect the way the body responds to certain other drugs. A patient should tell the doctor or pharmacist what (non-prescription) drugs he is now taking, including arthritis medicine, buffered aspirin, anticoagulants, tetracycline, and tranquilizers. The patient taking aluminum hydroxide and magnesium hydroxide for an ulcer should carefully follow the diet prescribed by the doctor. Also, a patient should contact the doctor if he has taken these drugs for one week and the pain has not subsided.

Pharmacists are physician's consultants and source of information about many of the newest drug products. For all your prescription needs come to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We handle the sale and rental of convalescent aids including walkers, wheel chairs, crutches and canes. Free prescription delivery is available. Open: Daily 9 am - 10 pm, Sundays 9 am - 9 pm.

**HANDY HINT:**  
All antacids work by neutralizing the acid produced by the stomach.

The AICPA is a national professional organization of CPAs with a membership of more than

255,000. The Tax Division, a voluntary membership division with the AICPA, has 19,000 members.

The Nutley Recovery group is part of a network of 1,000 weekly meetings internationally. The Nutley group meets every Wednesday at 7:30 p.m., in the Parks

Department Building, 44 Park Avenue. For free literature write: Recovery, Inc., P.O. Box 41, Maplewood, New Jersey 07040, or call: 766-7466.

## Apito named purchasing agent

Norbert Gaalen, president of O. Berk Company, Inc., a supplier of glass, plastic and aluminum containers and closures, has announced the addition of five individuals to the company's staff.

Among them is Robert S. Apito

of Belleville, purchasing agent.

Before coming to O. Berk, Apito was sales associate with P.H. Sales, and earlier with Faraday Labs and Contract Packaging. He received a bachelor of arts degree from Holy Cross in 1967.

## James Sochaski earns Meritorious Mast award

Marine Lance Cpl. James J. Sochaski, son of Joan Sochaski of Wallace St., has been awarded a Meritorious Mast while serving with 3rd Marine Aircraft Wing, Marine Corps Air Station, El Toro, Cal.

A Meritorious Mast is an official recognition from a Marine's commanding officer for superior

individual performance. It is issued in the form of a bulletin published throughout the command, and a copy is entered in the Marine's permanent service records.

A 1984 graduate of Belleville High School, he joined the Marine Corps in March 1985.

## Ken Yacavino is appointed commercial mortgage officer

Kenneth J. Yacavino of Belleville has been appointed Mortgage Officer at the Howard Savings Bank, according to Donald F. McCormick, chairman and chief executive officer.

Yacavino joined the Howard Bank in November 1987 as department analyst.

He had been a commodity broker/trader prior to joining the Howard. He was also associated with Gintel & Company and Prudential Insurance Company.

Yacavino is a graduate of St. Peter's College and the Society of Real Estate Appraisers.

## Murray earns his wings

## Governor Kean signs 2 bills

The governor recently signed two bills sponsored by Senator Carmen Orechio designed to alleviate the liability insurance crisis in New Jersey.

The first bill, S.2708, would prevent injured persons from collecting twice for the same claim and the other, S.2709, would establish an arbitration system for insurance claims of less than \$20,000.

"When an injured person 'double dips' by receiving two payments for the same claim, the costs are

passed on to all the other consumers," said Senator Orechio. "Another exorbitant cost in the system is the unnecessary legal expense associated with small claims that could easily be handled in arbitration."

"These bills are part of a comprehensive reform effort to bring relief from high insurance costs that way burden businesses, non-profit organizations and individual consumers," stated Senator Orechio.

## New shows on Channel 36

Several new programming choices are being made available to viewers of Orechio Broadcasting's Channel 36, seen in Nutley, Belleville, Bloomfield, Glen Ridge and other towns in Bergen and Passaic Counties.

"Religious Viewpoint," a half-hour presentation by Reverend Gerald Fortunato of Silverlake Baptist Church in Belleville, presently seen at 9 a.m. Sundays, will also be offered at 8 p.m. Thursday nights, followed at 8:30 by "OBC News Faceoff," a lively discussion of current issues by Bernard Rab-

inowitz and Russell Roemmele, with Sally Goodson as moderator.

"The Rainbow Magazine" with Tom Sullivan is being broadcast Friday evenings from 7:30 to 9 p.m., and on Saturdays at 8 p.m., "Power Play," a half-hour rock music program that allows local bands to be seen in an MTV environment.

Sullivan, vice president of Orechio Broadcasting and Publications, said that several other new programs dealing with local issues are in the works and will debut in the next few weeks.

## Valvano earns scholars award

Veronica A. Valvano has received a Scholars Award from Rutgers College of Pharmacy. This prestigious merit scholarship is given to an outstanding student in the fresh-

## THOUGHT FOR TODAY

### But Didn't

Do you ever think at close of day  
Of kindly words you meant to say —  
But didn't?

Do you ever think when day is done  
Of errands kind you could have run —  
But didn't?

Do you ever think at daytime's leave  
Of flowers gay you meant to give —  
But didn't?

Do you ever think when skies are red  
Of hungry mouths you could have fed —  
But didn't?

Do you ever think at dawn of night  
Of letters kind you meant to write —  
But didn't?

Friend, do you think at life's set of sun  
You'll think of deeds you could have done —  
But didn't?

— Kathryn Thorne Bowsher

## Say no to styrofoam

New York's Mayor Koch made uncommonly good sense last week when he suggested that fast food restaurants set a national example and stop using styrofoam trays for millions of customers to carry away their hot sandwiches.

This substance, said Edward I., is virtually indestructible, and while he did not add this thought, it is a fact that it will turn up under the shovels of archeologists 2,000 years hence, in precisely the same form it went in to municipal dumps.

They should return to using paper and cardboard, which are biodegradable, Koch said, and we couldn't agree more. The same goes for the vendors of electronic equipment and other appliances. Just run your eye over the garbage piles outside every household in town this post-holiday season, and you will see these massive packing elements that came inside boxes with video recorders, hi-fis, television sets, mixers and so on.

They will fill dumpsites with their bulk and never, but never decompose.

In this connection, it is well to note that there are some plastics that can be recycled, and this is an aspect of the garbage disposal crisis that is gaining popularity.

With garbage temporarily being shipped long distances out of state until the Essex County resource recovery center goes on line three years hence, and local towns paying high tonnage fees, obviously it is crucial to the financial well being of everyone that, A, these dumps don't fill up before the incinerator is built, and B, that not one ton of material be shipped that can be recycled.

A whole industry is springing up to recycle plastic bottles, and the uses they are putting them to is indicative of the ingenuity that the trash crisis is spawning. For instance, they can be shredded to make fiber fill for winter clothing. Five two-liter bottles provide enough fill for an insulated vest; 36 bottles fill a sleeping bag. Such bottles can even be processed in to polyester fabric for windbreakers.

Plastic lumber is another use, with milk bottles the favorite material, processed in to lengths of material suitable for building park benches and boat docks, signposts and wheel blocks for parking lots. Soft drink bottles are also being processed in to a polyester based industrial coating, fuel pellets for furnaces and, in a touch of irony, one company even turns these bottles in to material from which it manufactures large bins to hold — wait for it — cans, glass and plastic at recycling centers!

One of the nation's key locations for research in to plastic recycling happens to be at Rutgers University, which is just as well, because New Jerseyans are among the nation's biggest consumers and there are more of us here than most other state populations.

But Mayor Koch has the right idea. Why continue to make all of this packing material that is so hard, if not impossible to dispose of?

## Taxing tip

Now that a new year has dawned and we are all gathering up last year's records in readiness for preparing tax returns, just a reminder that the revised law requires that all children over the age of five must be listed with a social security number if you are claiming them as a dependent.

Originally, that law specified a fine if you made the claim but didn't include the S.S. number. We are assured that because of delays in issuing such numbers — after application has been made, of course — the penalty will be waived this year. But why not surprise the IRS and include it, anyway? Why not boggle their minds and include number for your dependents under age five, because they will be five all too soon?

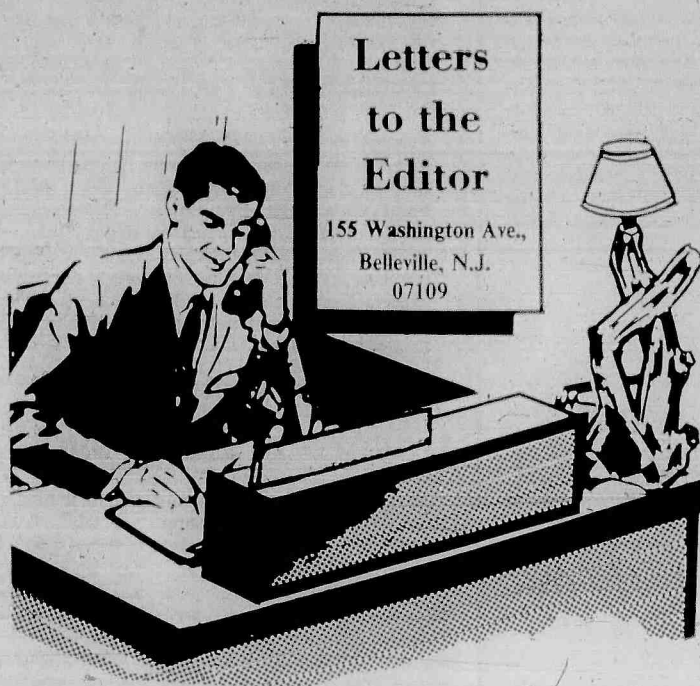

## Don't shred the Constitution

To the editor:

America's First Lady, Nancy Reagan, is said to be opposed to granting Lt. Col. Oliver North and Adm. John Poindexter a Presidential pardon for their Iran-scam crimes.

For Justice's sake, I hope the President will heed wife Nancy's astute advice and let Justice take its course.

A Presidential pardon for Col. North and Adm. Poindexter would feed a bit more of our precious Constitution into Oliver North's infamous shredder, and would eventually become the broom that would sweep the Intra-Contra shame, under the rug of American History. Chet Dobkowski

## Drug store's Christmas spirit...

To the Editor:

I would like to express sincere gratitude to the local drug store L & S, located on Franklin Street in Belleville. My two boys and myself like to visit a hospital to wish the unfortunate children there a Merry Christmas.

I asked the proprietors of the drug store for a small donation and they generously gave from their hearts. We should have more people like Ralph and Tony who found time to make a lot of children smile at a sad time for them.

Sincere thanks and happy holidays.

## The millenium is reached

To The Editor:

I am writing to alert you to an historical milestone of great importance to the Ukrainians in this area: the millenium of Christianity in the Ukraine. Ukrainians throughout the world will be celebrating the 1,000th anniversary of the birth of their ancestral homeland during 1988.

In light of the interest in Soviet affairs generated by the recent visit of Soviet leader Mikhail Gorbachev, it is pertinent to note that the Ukraine, while part of the Soviet Union, is not part of Russia. The Soviet government is already moving to co-opt this Ukrainian celebration as "The Millenium of Christianity in Russia," but the fact is, the Russian Orthodox Church was founded in Moscow in 1328.

Please be aware that this important distinction exists.

A major national observance of this Ukrainian milestone will take place at Lincoln Center For The Performing Arts in New York on February 14, when the Mazepa Foundation will present a concert of Ukrainian sacred music. The concert will be attended by Ukrainian-Americans from throughout the United States and the honorary chairmen are Governor Thomas Kean and Senator Bill Bradley of New Jersey.

Valerie Burns, Nutley.

## The heavens witness to God

Job 38:31-33, "Canst thou bind the sweet influences of Pleiades, or loose the bands of Orion? Canst thou bring forth Mazzaroth in his season? Or canst thou guide Arcturus with his sons?" Rom 1:20, "For the invisible things of him are made, even his eternal and Godhead; so that they (unbelievers) are without excuse." Ps. 19:1-3, "The heavens declare the glory of God; and the firmament sheweth his handywork. Day unto day uttereth speech, and night unto night sheweth knowledge. there is no speech nor language, where their voice is not heard."

The stars of the sky were therefore designed to have meaning. If the stars have meaningful design, there must be a designer behind it all. God is the artist of the heavens. The universe is the evidence of His existence. We can read the heavens in the original handwriting of God Himself. The stars are there as they have been for thousands of years, shining unto us the eternal love of God.

There is a harmony in the heavens that requires a harmonizer. There is a harmony between our galaxy, earth, the Bible, the human body and the church. 1 Cor. 12. It is no accident there were 12 sons of Jacob, 12 stars in Joseph's dream, 12 months of the year, 12 stars in Rev. 12, 12 major star constellations and 12 pairs of cranial nerves in the human body.

It is not just an accident that there are seven stars over our heads in the perfect shape of a dipper. This is called the big dipper and it makes a complete revolution in our view once every 24 hours, as if pouring out its contents upon the earth. The big dipper points directly to the second witness, to another dipper, which strangely enough also has seven stars exactly and in dipper form. Draco is a constellation arranged in the shape of a serpent. Draco the serpent, is seen in the northern sky winding his way with a turn around the north star as if to block off the light of the Sun. Finally, however, the rising sun subdues Draco and shines upon him, exposing his works and lighting up the central sanctuary, Rev. 20:1-5. "The Sun of righteousness shall arise with healing in his wings," Mal. 4:2. There are many other amazing designs in the sky. These designs could not be by mere chance.

The world has its Superman, Captain Marvel, Batman, Spiderman and Wonder Woman. But we have Jesus. He is our Champion of Champions. The world needs Jesus. He is real and his gospel of love is applicable to life in every respect. He is manifesting himself today. Lord of our fathers, miracle worker of all ages. How great thou are — today.

Pastor Gerald Fortunato  
Silver Lake Baptist Church

## Golden Comments

By James R. Golden

Space limitations occasioned the deletion of a saliently significant paragraph in a recent column concerning pending "catastrophic Medicare" dual premiums — a basic premium and an income-related supplemental premium based upon income above \$10,000... a "means test" method of taxation.

ALL Medicare enrollees with income above \$10,000 will be taxed on a pro-rated basis of \$13.08 for each \$150 of income tax owed, (estimated for 1988) depending upon which of two bills are enacted. Pro-rata rates could change yearly.

Illustration: Tax owed — \$600. Divide \$600 by \$150 equals 4. \$13.08 multiplied by 4 equals \$52.32 tax in addition to \$297.60 being deducted from the enrollee's Social Security which totals \$349.92 for the year.

Were the tax owed \$1350 on income, to find the Medicare supplemental tax, that amount would be divided by \$150 to find how many times the \$13.08 would be multiplied. Example: \$1350 divided by \$150 equals 9. \$13.08 multiplied by 9 equals \$117.72 supplemental Medicare plus the \$297.60 deducted from your Social Security totaling \$415.32.

The higher your federal income tax, the more your Medicare supplemental tax becomes under this questionable policy of means test taxing which produces a prohibitive total deduction and an additional tax that reduces the income level of those enrolled in Medicare.

Although it is indicated that prescription drugs will be paid for, little mention is given that only after the amount of \$600 has been paid for drugs by the Medicare enrollee does such payment apply...few expend that much on drugs in a year.

We fear that the law of diminishing returns will apply in many cases and that many elderly citizens will withdraw from the Medicare program and be left without any health care insurance of any kind.

Hopefully, the insurance companies will come up with a better, less costly and more practical health care policy to fit the needs of our aging medium income society.

Actually, it would appear that by subjecting everyone owing federal income tax of \$150 or more, who is enrolled in Medicare, a supplemental \$13.08 fee for each additional \$150 accretion of income tax payable that a disproportionate ratio of income would be accumulated against the comparative number of actual catastrophic claims, notwithstanding their sumptuary costs.

Medicare pays 80% of what they approve for health care bills, which is seldom the actual amount charged by doctors, unless they accept assignment, which most do not.

Most seniors on Medicare, who can afford it, obtain supplemental health coverage from commercial insurance companies which pay 20% of what Medicare approves — and all together it is often less than the full amount.

Husband and wife couples on Medicare are paying \$852.72 a year to Blue Cross/Blue Shield for supplemental coverage, not being on a group coverage policy.

Now they will each have \$297.60 deducted from their Social Security and soon another premium of \$13.08 for each \$150 they will pay in federal income tax.

That's a lot of money! \$1453.92 and NOT counting what their new means test tax will come to since it will be based on their income tax.

Think about it! Do you consider these deductions and premiums fair or proper? If not...write Congressmen Rodino and Roe, and Senators Bradley and Lautenberg, and tell them how you feel about it!

ENOUGH IS ENOUGH!

Also on the national political

AND ON THE subject of television, a just completed computer survey revealed that for 1987, the three networks made the Iran-Contra story its biggest, with several times more air time than its nearest competitor. Presidential politics was in second place and as best as the analysts can determine, neither NBC, ABC or CBS play any favorites, personality-wise or philosophically, however much viewers may claim that bias exists.

## Dr. Martin Luther King, Jr. Lecture

A commemorative lecture in honor of Dr. Martin Luther King, Jr., sponsored by a grant from the Martin Luther King, Jr., Commemorative Commission will take place on Jan. 11 at 1 p.m. at the Belleville Public Library, 221 Washington Avenue. Dr. Samuel D. Proctor, pastor of the Abyssinian Baptist Church of New York City since 1972 and Martin Luther King Professor Emeritus will speak. From 1969 - 1984 Dr. Proctor held the King Memorial Chair in the Graduate School of Education at Rutgers University, New Brunswick.

He will address the topic: "Dr. Martin Luther King, Jr. — The Right Person, At the Right Time, and the Right Place."

Dr. Proctor attended Virginia State College and received his A.B. degree from Virginia Union University, his Master of Divinity from Crozer Theological Seminary, and his Doctor of Theology Degree from Boston University. He has been awarded honorary doctoral degrees by Atlanta University, Bryant College, Bloomfield College, Bucknell University, Rider College, St. Peter's College, The Univ. of Maryland, and the Univ. of Rhode Island, to name a few.

He is the author of "The Young Negro in America, 1960-80" and "Sermons From the Black Pulpit."

To register for the lecture, call the Library's circulation desk at 450-3434. The public is invited to attend.

## TV Course

Registration is now being taken for a course in Television Production at the Belleville Public Library. March 7, 14, 21, 28, and April 17. Time: 7 to 8:30 p.m.

With Marily Mango, media specialist at Belleville High School and adjunct teacher at William Paterson College.

\$20 payable in advance of the first class to the Belleville Public Library.

Learn the fundamental of TV production and tape an actual production. Learn how to work your video camera correctly. Bring your camera to class, if you have one, but this is not required.

### House on the move!

By Gregg Friedmann

25 YEARS AGO

January 3, 1963... "I hid \$45,000 from the commission" read the banner headline/confession. The statement was taken from the lips of a Mr. McCoy, who claimed he concealed the funds in order to lower expenses.

In the on-going investigation of William A. Sommers, he gained the dubious distinction of becoming the first town manager to be ousted by the present system of council-management government. The removal came after a three hour debate on 4 charges against him, which were placed by Mayor Robert M. Laturza.

Definitely not an every day occurrence, Belleville townspeople could have witnessed the moving of a house from Jorolomen to a location some seven blocks away; and it's hard to believe it happened 25 years ago...rather than yesterday.

## Recipes featuring apples add spice to winter meals

### Pork Chops with Apples

1 tbsp. minced onions  
1 tbsp. shortening  
1 cup dried bread crumbs  
a few sprigs of parsley, chopped  
18 tsp. savory seasonings  
salt and pepper, to taste

6 lean pork chops  
3 tart red apples (Jonathan)

Saute onion and parsley in shortening. Add breadcrumbs and seasoning. Stir until well mixed. Sprinkle chops with salt and pepper, rub lightly with flour and brown in skillet.

Lay chops on a rack in baking dish with cover. Cover each chop with bread crumb mixture and then

halve an apple (cored but not peeled, with cut side down.) Cover and bake in moderate oven, about 350 degrees for 30 minutes.

### Party Perk Mulled Cider

1 gal. cider  
2-1" cinnamon sticks  
5 whole allspice  
16 whole cloves  
1 whole nutmeg  
1 cup light brown sugar

Boil cider into large percolator. Place spices and brown sugar into percolator basket. Perk as you would coffee.

Serve directly from percolator. (Spices may be saved for use another time.)

## Bucs finish third in Holiday tourney

By Joe Piegaro

Head coach Joe Nisivoccia had expected his 1987-88 wrestling team to be set by December and have most of those nagging doubts and questions answered by the end of the Bloomfield Holiday Tournament. Unfortunately for Nis, those doubts and questions will remain. In fact, there may even be a few problems brewing that he didn't expect at all.

The Bucs finished third in a field of eight but failed to impress during most of the tournament. Oh, there were bright spots, but most of the team is still not set and the upper weights have yet to round into shape.

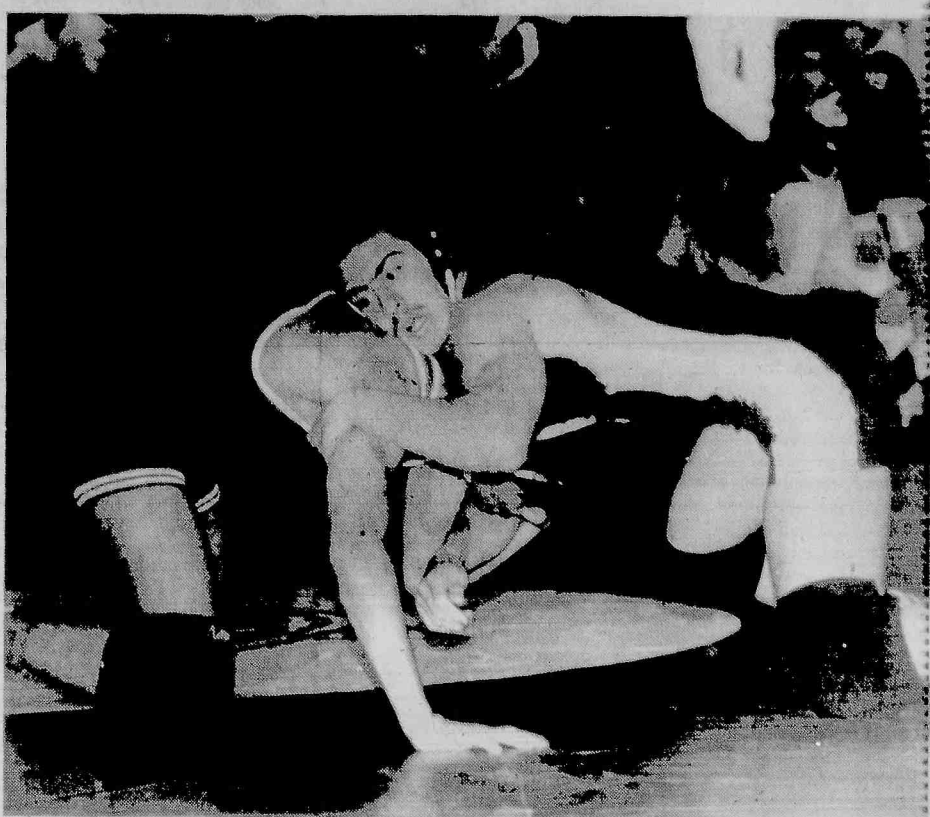

Caldwell High school won first place trophy with 130 pounds, while host Bloomfield finished second with a total of 108 team points. As stated earlier, the Bucs finished third with 102 points, followed by Passaic Valley 101.5 points, Clifton 99 points, Nutley 89.5 points, West Essex 73 points, and Kearny 68 points.

Belleville had the most first place finishers with three, Bloomfield, Caldwell and Nutley had two each.

Sophomore Ralph Perna opened the tournament for the Bucs and was beaten in the first round by Caldwell's Nick Fiore, 8-0. Perna then excelled in the "out bracket" by pinning both Andy Siris of West Essex and Bill Renaut of Clifton in the first period. Perna was one of the question marks prior to the season, but seems to have overcome some early jitters to become a solid leadoff man in the mold of his older brother Joe.

Lou Coco, unlike Perna, still has not established a solid identity as a varsity performer. Wrestling in the 112 pound bracket, Coco pinned Frank Laccitiello of Passaic Valley at 1:16 of the first period. Lou then suffered back to back pins in his next two matches. Steve Hull of Kearny, the eventual winner of this bracket pinned Coco at 3:25. Then Mike Kwapiński of Caldwell also scored a fall in OT after Lou was ahead by a 7-0 score. In Coco's defense, he had very little wind and endurance throughout the tourney, a result of a recent attack of the flu.

Captain Mike Iuliano won his first ever Bloomfield tourney title by steamrolling through a field of would be challengers. Mike was so aggressive throughout the event he made a number of minor mistakes in his tactics and execution, yet he was so dominant and fired up that no one noticed. A 14-3 Major Decision in the quarterfinals, an 18-2 Technical fall in the semis and a pin at 4:28 in the finals gave Iuliano the

Senior Joe Cerreto wins tournament title

golden ring he has been chasing for three years.

At 125 pounds, John Stampone earned a second place finish as he lost a nail biter in the finals to West Essex' Chris Janish, 5-4. John had a tough time in his opening match, but scored a close 3-1 decision over Jon Seda of Clifton. In the semis, Stampone scored an easy fall over Steve Salerno of Bloomfield at 2:30 of the second period.

Senior Joe Cerreto won his second Bloomfield Tournament title by scoring a 4-1 decision over Fred Goldbach of Clifton in the evening's most exciting match. Last year, Goldbach had beaten Cerreto in the consolations of the Region 2 championships.

Cerreto's preliminary matches included a 17-2 Technical Fall over Pat Algieri of Nutley and a first period pin of Bloomfield's Vinnie Gencarelli. With a record of 4-0 on the season, Cerreto is inching up on the 100 victory total for his career. Now at 72 wins, Joe and Mondo Nardone have a chance to establish a career record for BHS athletes.

Belleville's last first place finisher was captain Armando Nardone. Also at 4-0 for the year, Nardone pinned Paul Scotti of Nutley in the opening round in on-

ly 22 seconds. The semis saw Mondo use only 3:05 to pin Passaic Valley's Mike Hilway. The championship bout against Bloomfield's Gary Foti was supposed to be a rock 'em sock 'em affair, but turned into a one sided bout, won 8-0 by Nardone.

After Nardone's match, the fortunes of the BHS wrestling squad went down hill. Nick Keykurun was felt to have been in the running for a title at 140 pounds, but lost a one point decision to E.J. LaGuerra of Passaic Valley in the opening round and had to settle for a fifth place finish.

The Bucs had no entry at 152 pounds and Joe DeCeglie withdrew from the tournament after an opening round loss in the 160 pound division. DeCeglie sustained a minor rib cage injury and should not miss any dual meets.

The BHS squad also had no entries in the 171 and 189 pound weight classes. Ed Oldak closed out the tournament for the Bucs by finishing sixth in the Heavyweight division. Ed was pinned in the first round by Lou Fontana of Passaic Valley, then pinned Dave Niland of Clifton in the "out bracket" prelims. George Wurtemberg of Kearny pinned Oldak to finish in fifth place.

BUCK NOTES: Last week,

Belleville opened its season by performing surgery on the Teaneck wrestling team to the tune of a 64-3 score. The match was uneventful as Teaneck forfeited at 103, 112, 119, 145, 160 and 189. . . . There were rumblings earlier in the year that the Junior High and freshman teams were to be eliminated due to budget cuts. A last minute reversal prevented that sin from occurring. However, the Freshman and Jayvee teams field only six or seven men to a squad, instead of a full 13. If this keeps up, the people who make those cuts will get their way and set BHS wrestling back 20 years. If you have courage, determination and school spirit, you had better act fast and join up while you still can. The athletes must make the sport a mainstay. Coaches, parents and the Belleville Wrestling Parents and Friends Association can do only so much. The rest is up to you. . . . Wrestler of the week is a three way tie among seniors Mike Iuliano, Joe Cerreto and Armando Nardone for their respective 1st place finishes in the Bloomfield Holiday Tournament. . . . Quiz: Question of the Week: Who is the only BHS grappler to win the Bloomfield Holiday Tournament three times in his varsity career? Next week I'll give you the answer. . . . See you next week!

Sometime this week, perhaps it's already been done, **Ted Sochaski** will score a basket and break **Abdel Anderson's** scoring record for Belleville boys' basketball, set back in the 1974-75 season.

When it's done, Sochaski will not only surpass a record, he will have surpassed a legend in Belleville sports. For it was Anderson who led Belleville to its last winning season in 1975 and earned All American status in his senior year.

Let's look back at that 1974-75 campaign at Belleville High for a just a bit. Belleville was a member of the Big 10 conference and, like the NNJIL of today, had a difficult game in every conference outing.

## Buc Shots

By Mike Lamberti

The Big 10 that year was made up of East Orange, Orange, Irvington, Montclair, Bloomfield, Columbia, Kearny, Nutley and Belleville. Although it was called the Big 10, only nine clubs competed in the conference. Essex Catholic joined the league in the 1976-77 campaign and stayed in until the Big 10 folded following the 1978 campaign. My personal feeling is it should have never been disbanded, but then again, what do I know about conference bureaucracy.

Anyhow, there was high hopes for that '74-75 club before the season started. Head coach **Dan Grasso** had assembled a talented team, led by Anderson, seniors **Michael Meagher**, **John Megna**, **Pat Hogan**, **Alan Amiano** and juniors **Bob Tosi**, **Wayne Riche**, **Joe Dunn** and **Doug Jackson**. The hopes soared to new heights after the season opener that year, when Belleville played host to Garfield.

I'll never forget that game. It was December 13, 1974 at Belleville High School. Seems like yesterday, but it was over 13 years ago. The Bellboys won, 68-44 as Anderson scored 36 points. He hit an incredible 16 of 17 shots from the floor and was a perfect 4 for 4 from the foul line. To this day, it's a performance that has to rank as one of the best in school history. About the only thing Abdel did wrong that day was foul out. However, when he did foul out, it was late in the game and Belleville had a big lead.

Abdel was a hero at Belleville High School. Although he was a senior in a big graduating class, he was a man that everyone seemed to look up to, and not just because he was 6'7" tall. Major colleges called at just about every game and the stands were full on a regular basis to watch this Belleville team compete.

After Belleville won its opener, the team lost its next two, dropping games to Irvington and East Orange. The Panthers of East Orange were an incredibly talented team back in '74-75, with stalwart players **Mike Booker** and **Cleveland Eugene** leading the way. The Panthers would win 25 straight games before losing to Lakewood, 72-71 in the Group III championship game in March, 1975.

Belleville rebounded with a win over Kearny, but lost to Bloomfield in a thriller on the road to drop the team record to 2-3. In that game, Belleville trailed, 67-65 with :15 left in the game. Tosi made a steal for Belleville and laid in what appeared to be the tying basket. The official ruled otherwise and called Tosi for a travel, negating the basket. The Bengals, led by T.K. Tripucka and a sophomore forward named **Kelly Tripucka** won, 69-67.

Belleville beat Passaic handily the following game and headed into January with a 3-3 mark. The Bellboys got off quickly in the new year, beating Nutley by two points, 50-48 and stopping Orange, 78-63. The win over Orange had significant meaning for Anderson.

Abdel needed 34 points to become the first player in Belleville history to score 1,000 points in a career. Back in the early 70's, freshman were not allowed to play varsity ball, so Anderson's official count didn't begin until his sophomore year.

Late in the game, Anderson sank a jumper and broke the historic mark. However, most of the fans weren't aware of the feat because the official couldn't get the game stopped for a brief presentation.

Abdel would finish with 39 points on the afternoon.

The win over Orange was also very big, because Belleville had not beaten the Tornadoes in over 10 years and Orange was traditionally one of the better teams in the Big 10.

With a 5-3 mark, Belleville played host to Montclair on a Friday night before a packed house. Before the game, Belleville A.D. Herman "Jitty" Wische presented Anderson the ball he had scored the 1,000th point with.

Belleville played a strong first half, but let up in the third quarter and ended up losing a tough game, 66-63. The following Tuesday, the team went to East Orange and lost a thrilling 89-82 decision to the number one ranked team in New Jersey.

I remember that game vividly because Amiano played so well at center in place of Anderson, who had fouled out in the fourth quarter of the game. Alan scored 13 points to lead a furious Belleville comeback that fell seven points short. Meagher scored 22 points to lead the Belleville attack.

At 5-5, Belleville came home for a Friday night game with Irvington. At this stage of the year, the Irvington game was downright crucial. The team couldn't afford to lose a third straight game with Bloomfield coming to town the following week.

At Anderson's request, the song "Express", sung by the group B.T. Express, was played during the Belleville warmups. Abdel also liked Barry White's music. It must have given the team good luck, because Belleville played an excellent game and won, 49-47 over a strong Camper squad that was 9-3 coming into the game.

The Irvington game marked the debut of Ron Krych to the Belleville starting lineup. A sophomore, Krych played a good game, but committed a foul on Irvington's sharp shooter, Roger Stevens late in the contest that helped Irvington close in. Stevens had taken a 25 foot jumper in desperation and Krych, anxious to block the shot, fouled Stevens. The ball swished the net and cut the Belleville lead to five points. The Campers had trailed, 38-19 in the fourth quarter before Anderson fouled out. After Abdel left, Irvington staged a furious rally in the final 6:00 before time ran out.

Belleville was flat the next game and lost to Bloomfield by 17 points. At 6-6, the team traveled to Columbia for a Friday night game. The Cougars of Columbia were 0-11 entering that game, but led the conference in team spirit. A full house filled the South Orange gym and the Columbia band played before the start of the varsity game.

The full house helped Columbia in the early stages of the game, but Belleville regrouped and led by Doug Jackson, won in the closing minutes to improve to 7-6. Victories over Nutley and St. Joe's of West New York followed and Belleville took a 9-6 mark into Montclair.

Once again, the Bellboys couldn't handle the Mountie jinx and lost a tough 67-60 contest. At 9-7, the team began winning again, with

## Win Tri-County championship

## B-ball Bucs get down to business

Having captured its second straight Tri County Holiday championship, the Belleville boys' basketball team now gets to the business of the NNJIL sch Jule, which began in earnest earlier this week.

Don Roll's club took a 5-1 mark into action last Tuesday. The Bucs played its long awaited home opener last Tuesday against Bloomfield. This afternoon, the Bucs are back on the road for a 4 p.m. game at Eastside. On Saturday, Belleville is home for a tough game with Montclair. Tip off for the Mountie game is 1:30 p.m. Next Tuesday, the Bucs are at Passaic, also at 4 p.m.

Last week, Belleville posted victories over Rahway and Kearny to win the Tri County Holiday tournament for the second straight year. Senior **Ted Sochaski**, who will shortly become the all time leading scorer in Belleville boys' basketball history, was named the tourney MVP.

The Bucs played a solid game in the opening round of the tourney and beat a strong Rahway club, 60-47. Roll was impressed with the effort.

"That was the championship game, in my mind," the coach said later. "Rahway has a very good ball club. They have some outstanding athletes and our kids were up for that game."

Belleville played a strong defen-

sive game against its bigger Union County opponent. The Bucs took a 12-9 lead after one frame and extended the margin to 30-23 at intermission. The Bucs boosted the lead to 46-34 after three quarters and came home with a 13 point win, 60-47.

Sochaski lead the way for Belleville with 29 points. Chris Chiarmonte played a solid game, scoring 12. Leon Puentes and Dominick Straface had seven points each and Ray Zamloot closed with five. For Rahway, Sam Jacobs had 20 points.

"Rahway had a lot more depth than we did," Roll said. "I would compare them to a Passaic, or East Orange squad that we played last season. They double teamed Leon (Puentes) all game long. Chris (Chiarmonte) played a real good game for us. It was an excellent effort by our kids."

So good was the effort that the traditional let down occurred the following evening when Belleville and Kearny played for the tournament championship.

The Bucs did not play one of its better games, but the sign of a good team is when it wins even though it didn't play well. Such was the case in the Kearny game.

"No, I wasn't happy with the way we played," Roll said. "We didn't

play with the intensity we did in the Rahway game, but I kind of expected it. Our kids wanted the Rahway game. They didn't want to play in another consolation game, like they did in the Tip Off Classic (two weeks ago). I think we could have won by a bigger margin, but it was good to win the tournament again."

The final score of the game was 60-49. Sochaski led the way for Belleville once again, this time scoring 22 points. Steven Schwed, a senior forward, had his best game of the season, scoring 15.

After allowing his team a day to enjoy the championship, Roll had the Bucs back on the court last Saturday, getting them ready for a critical week against some tough NNJIL teams.

"I think we have a good chance to go 4-0 this week," the coach said. "3-1 wouldn't be bad, either. We need to play well this week and next Tuesday, because next Friday (January 15), we play at home against Nutley at 7:30 p.m. If we can be 9-1, or 8-2, the gym will be so packed our players won't be able to get in."

With the way the Bucs are playing in the early going, there's no reason to feel the club can't win all four games, heading into that Nutley clash on the 15th.

"We can't let up," Roll said. "We don't have the type of team that can

take it easy and expect to win. The kids are playing well, but we have to keep the momentum going into this week. Last year, we got off 9-6 and lost our last nine games. We were too content just to get those nine wins. This year, it should be different."

NOTES: Sochaski needed just 27 points to surpass Abdel Anderson and become the all time leading scorer in boys' basketball history at Belleville. Sochaski had 1,320 points heading into the Bloomfield game last Tuesday. The all time leading scorer in Belleville basketball history, of course, is Jennifer Apicella, who compiled an incredible 3,105 points from 1980-84. Bucs have not beaten Passaic since February, 1976, when Tom Smith hit two free throws in the closing seconds to lead Belleville to a 47-46 win. Roll was a sophomore forward for the Bellboys in that game. Bucs posted a win over Montclair last year, the first time that happened in 20 years. The win also marked the first time a Bob Lester coached club had lost to Belleville. Lester had coached at East Orange and Atlantic City before going to Montclair in 1979. Bucs have not beaten Eastside since the inception of the NNJIL, although the team has come close on a few occasions.

(continued on page 12)

(continued from page 11)

wins over Kearny and Columbia boosting the team record to 11-7 and ensuring a winning season.

In the meantime, the Essex County tournament was in the process of handing out its bids for its annual event. The ECT back in the mid 70's limited its entries to the top 16 teams in the county, so entrance was considered prestigious. Belleville hadn't been there since 1964, so when an invitation was extended, there was jubilation.

The fact that Belleville's first round opponent would be no less than top ranked East Orange didn't mask Belleville's enthusiasm for the game. There was a general feeling amongst the team that they could win, that the seven point loss at East Orange earlier in the season had given hope.

Before Belleville played East Orange, it had a game with Orange, on the road. The Bellboys played by far its worst game of the year and lost by eight points. At one point of the game, the Bellboys had trailed by 25 before making up ground in the fourth quarter. Grasso was so mad after the game that at practice the following day, he sent everyone home after 30 minutes.

Although Grasso was angry at his team, the Bellboys had character. Instead of going home, they called a meeting with their coach, and cleared the air. The team appeared to be on the right track heading into the East Orange game the following week, which would be played at Bloomfield High.

First of all, Belleville had to play St. Benedict's in the final regular season game of the year. Belleville won by ten points, boosting its season mark to 12-8. The stage had been set for East Orange.

The first quarter was a see saw battle with Belleville holding a 19-16 lead after one frame. Joe Dunn hit a shot at the basket to give Belleville the three point lead and the Bloomfield gym began to erupt.

In the second quarter, Belleville began to widen the lead. Behind a strong performance from the starting five, Belleville took a 28-19 lead over East Orange half way through the second quarter. To this day, Grasso will tell you he tried to get a time out when Belleville had boosted its lead to nine points.

The coach had wanted to slow the tempo of the game, which was going at a sprinters pace. However, the noise of the gym was so intense and the momentum of the moment had taken over the Belleville game plan.

East Orange took advantage of the run and gun game and regained the lead at halftime. The second half was all East Orange as Belleville ran out of gas and East Orange prevailed easily, 85-55.

To its credit, Belleville regrouped for the state tourney and beat a strong Union team, in Union, 50-48. The season ended in the second round of the states with a loss to Montclair.

## Tracksters see action at festival

The Belleville indoor track team had a busy week of action last week, taking part in the Winter Track Festival and the Minuteman Classic in Elizabeth.

John Tosato's crew took part in the county relay championships last Tuesday. Tomorrow, Belleville will venture to Fairleigh Dickinson University for the Ridgewood Invitational. The team will then be off from competition until Sunday, January, 17 when it travels to Princeton for the state relays.

At the Winter Track Festival, held at the Peddie School, the Bucs received some good performances. The girls varsity competed in the 4 x 165 meters, with Erica Towns, Diane Di Vincenzo, Joyce Luongo and Danielle Groeling combining for a time of 1:43.2.

wins over Kearny and Columbia boosting the team record to 11-7 and ensuring a winning season.

In the meantime, the Essex County tournament was in the process of handing out its bids for its annual event. The BCT back in the mid 70's limited its entries to the top 16 teams in the county, so entrance was considered prestigious. Belleville hadn't been there since 1964, so when an invitation was extended, there was jubilation.

The fact that Belleville's first round opponent would be no less than top ranked East Orange didn't mask Belleville's enthusiasm for the game. There was a general feeling amongst the team that they could win, that the seven point loss at East Orange earlier in the season had given hope.

Before Belleville played East Orange, it had a game with Orange, on the road. The Bellboys played by far its worst game of the year and lost by eight points. At one point of the game, the Bellboys had trailed by 25 before making up ground in the fourth quarter. Grasso was so mad after the game that at practice the following day, he sent everyone home after 30 minutes.

Although Grasso was angry at his team, the Bellboys had character. Instead of going home, they called a meeting with their coach, and cleared the air. The team appeared to be on the right track heading into the East Orange game the following week, which would be played at Bloomfield High.

First of all, Belleville had to play St. Benedict's in the final regular season game of the year. Belleville won by ten points, boosting its season mark to 12-8. The stage had been set for East Orange.

The first quarter was a see saw battle with Belleville holding a 19-16 lead after one frame. Joe Dunn hit a shot at the basket to give Belleville the three point lead and the Bloomfield gym began to erupt.

In the second quarter, Belleville began to widen the lead. Behind a strong performance from the starting five, Belleville took a 28-19 lead over East Orange half way through the second quarter. To this day, Grasso will tell you he tried to get a time out when Belleville had boosted its lead to nine points.

The coach had wanted to slow the tempo of the game, which was going at a sprinters pace. However, the noise of the gym was so intense and the momentum of the moment had taken over the Belleville game plan.

East Orange took advantage of the run and gun game and regained the lead at halftime. The second half was all East Orange as Belleville ran out of gas and East Orange prevailed easily, 85-55.

To its credit, Belleville regrouped for the state tourney and beat a strong Union team, in Union, 50-48. The season ended in the second round of the states with a loss to Montclair.

## Tracksters see action at festival

The Belleville indoor track team had a busy week of action last week, taking part in the Winter Track Festival and the Minuteman Classic in Elizabeth.

John Tosato's crew took part in the county relay championships last Tuesday. Tomorrow, Belleville will venture to Fairleigh Dickinson University for the Ridgewood Invitational. The team will then be off from competition until Sunday, January, 17 when it travels to Princeton for the state relays.

At the Winter Track Festival, held at the Peddie School, the Bucs received some good performances. The girls varsity competed in the 4 x 165 meters, with Erica Towns, Diane Di Vincenzo, Joyce Luongo and Danielle Groeling combining for a time of 1:43.2.

When painting wood, the only way to be sure knotholes will disappear is to first use a coat of sealer. Most dry quickly and can be overpainted within hours.

Tree-like indoor plants do great things for a room's decor. Before you buy, measure the window and ceiling height and determine the duration of direct-sunlight coming into the room. Then choose a plant that will thrive under those conditions.

If party glasses have left white rings on wood furniture, rub the stain with toothpaste on a cloth. The mild abrasive sometimes works.

## Tax-deductible home equity loans best bet for home improvements

With the most sweeping federal income tax overhaul in more than 40 years in effect for only a few months now, many consumers are still bewildered by its many changes.

Perhaps one of the hardest items to swallow with the new tax plan is the fact that the deductibility of interest charges on consumer loans and credit cards is gradually being phased out.

If you were planning a home improvement project, and have temporarily put it on hold because you thought you could no longer deduct the interest from charging such work, consider a home equity loan.

The interest on home equity loans, which are loans secured by homes or condominiums, is still deductible under the new tax plan. Therefore, home equity loans have become a better way to finance home improvements than credit cards and other types of bank loans.

With a home equity loan the amount

you can borrow is calculated on a percentage (usually 75 to 80 percent) of your home's appraised value minus the unpaid balance of your mortgage.

One of the best home improvement projects to consider right now, in terms of increasing your home's resale value, is the addition of energy-saving products such as fiber glass insulation.

Increasing your home's energy efficiency pays immediate dividends in the form of lower fuel bills. Adding Certain-Teed's Fiber Glass Batts or Rolls yourself to an entire house will cost roughly \$1,200, but will add approximately \$1,000 (83 percent return on your investment) to its equity financing value in the eyes of a mortgage lender.

If you're interested in more information on insulation home improvements, write to the CertainTeed Home Institute, P.O. Box 860, Valley Forge, PA 19482, for a free copy of "How To Insulate."
