Longevity pay questioned

Commissioners pass 3-year Police pact

A new three-year contract for the Belleville Police Department, calling for pay increases of six percent, six percent, and 6.5 percent, was approved on first reading by the Belleville Board of Commissioners at its meeting last week but not before lively discussion among three of the commissioners.

The contract, which runs from January 1, 1988 to December 31, 1990 and presented in ordinace form, must be approved on second reading before acceptance, followed by a resolution stipulating the terms of the contract. The vote was 4-1, with Commissioner of Public Affairs Joseph Fornarotto dissent-

Terms of the contract were reached through binding arbitration after several months of negotiating between the township and police representatives had proved fruitless. Arbitrator Paul Kell ruled in favor of the proposal presented by the Police Benevolent Association (P.B.A.).
"The P.B.A. withdrew certain

elements of their last and final offer (to the township)," explained Township Attorney Frank Cozzarelli about the arbitration settlement the day after the meeting. "(The township) submitted its last and final offer to the arbitrator."

Long arbitration hearing

Cozzarelli said the arbitration hearing was over the course of several weeks, with final briefs and summations presented approximately one and one half months ago. The township received Kell's decision the first week of November, said Cozzarelli.

Chief negotiators were Coz-zarelli, Mayor Michael Pizzi, Commissioner of Parks and Public Propety Vincent Frantantoni, Police Chief George Lister and Town Treasurer Isadore Padula. According to Cozzarelli, Padula's role was providing statistics and financial information.

At the meeting, Frantantoni expressed his disappointment in the ruling, saying, "all those nights of negotiating are meaningless. I'm very dissatisfied."

Discussion ensued as to 10 percent longevity being applied after the 24th year of continuous service, instead of after the 25th year as had previously been the case. Frantantoni raised the issue and wondered why it was included while Pizzi said it was not a stumbling block during negotiations.

'We never agreed during negotiations for the 24th year," count-ered Frantantoni. "Longevity is bankrupting this town."

When asked about the longevity issue last week, Cozzarelli said he felt the issue had for the most part been resolved. "The majority

Lot behind Town Hall

Board of Commissioners approves property purchase

A resolution announcing an agreement in the Belleville Board of Education School Budget with the board of education was approved by the Belleville Board of Com-missioners at its meeting last week.

The commissioners also passed a resolution acquiring property behind Belleville Town Hall and appointed an alternate member to both the Belleville Planning Board and Belleville Zoning Board of Adjustment.

A compromise of \$443,000 being cut from the school budget was agreed by both the commissioners and board of education trustees and school administrators. In May, \$886,641 in recommended cuts were made by the commissioners. An appeal was filed by the board of education after the May recommendations and after numerous negotiating sessions, the \$443,000 figure was reached.

For \$80,000, the town will purchase 49 Valley Street from Welford Williams, located directly behind the police parking lot in back of town hall. The lot was described by Township Attorney Frank Cozzarelli as being irregular in shape, approximately 41 feet by slightly more than 110 feet.

Two resolutions which had been on the table for approximately two months were approved last week, both dealing with appointments to the planning and zoning boards. James Cozzarelli, Jr. was approved as an alternate member of the planning board by a 3-1 vote with one abstention, and Thomas Fuscaldo was unanimously approved as an alternate member of the zoning board. Commissioner of Parks and Public Property Vincent Frantantoni voted against Cozzarelli's appointment with Commissioner of Public Affairs Joseph

Fornarotto abstaining.

Cozzarelli will assume the unexpired term of Thomas Candura, which ends December 31, 1989. Fuscaldo will replace Joseph Del Guercio, whose term expired in November of 1987. Fuscaldo's term expires December 31, 1990.

An ordinance appropriating \$9,000 to finance construction, reconstruction and improvement of a new roof for the Belleville Public Library was approved unanimously by the commissioners on second reading

Two resolutions authorizing payments to Neglia Engineering for professional services were approved. The company received \$1,740 for resurfacing of Division and Passaic Avenues and \$700 for improvements to the Joralemon Street park.

SOLD — The Belleville Board of Commissioners approved the purchase of this lot of property behind Belleville Town Hall at its meeting last week. The pricetag for the property: \$80,000.

IT'S THAT TIME — Santa Claus will be making a return engagement to Belleville this Saturday afternoon to visit with all the good children in town.

Santa Claus is coming to town

Santa Claus will be arriving in Belleville, Saturday, December 3 at noon in front of Belleville Town Hall on Washington Avenue, announced Jaye Tarantino, president of the Belleville Chamber of Commerce.

The event is sponsored annually by the chamber, and Santa will be distibuting balloons, candy canes, and other

surprises to all the good boys and girls who will be on hand to greet him this Saturday. It is a special time for the children as Santa will put everyone in the Christmas spirit as only he

The chamber is also sponsoring free parking for the weeks of December 12 thru Christmas Day throughout the township.

On December 19, the chamber will be sponsoring "Escapades on Ice," a spectacular ice show, at Belleville High School.

There will be two performances, at 5:30 p.m. and 8 o'clock. Anyone interested in purchasing tickets may call the chamber office, 759-4949, Monday thru Friday, 9:30 a.m. - 3:30 p.m.

Three new commissioners

Frantantoni claims change of government has occurred

By Pat Brightman

A change of government is not necessary because there was a change of government only last year, or so believes Commissioner of Parks and Public Property Vincent Fran-

Frantantoni said a govern-ment change occurred in May of last year when three new commismissioner of Public Affairs Joseph Fornarotto, and Commissioner of Public Works Angelo Risoli. "We've made some dramatic changes. The three new commissioners are starting to expose many of the problems of the past administration. Expose and solve," said Fran-

The first-term commissioner explained as president of the Concerned Citizens of Belleville in 1986, he and other members of the group researched recalling commissioners and possibly changing the government but decided against it, feeling it was not viable for Bellevil-

"For a town our size it's still a practical form of government," offered Frantantoni about the com-mission format. "Once the town was to get more people than we may have to change." He made a comparison with similar townships in the area, such as Nutley and Lyndhurst.

"It's like a hobby (to attempt to change the government)," he continued. "But with all those changes there never was any real change in the parties involved."

Frantantoni suggested it is those parties who lost the last election that are behind the change of government movement and said he knew some past politicians have attended the two public meetings the change group has held. Mario Drozdz and Bruce Morgan, two of

Vincent Frantantoni

the five committee members of the change, have steadfastly maintained no former officeholder is on the committee

People, not government

"It's the people (in office). You need competent people," explained Frantantoni, grabbing the Newark Star-Ledger and pointing to an article on an investigation being conducted on Newark councilmen receiving payoffs as proof. 'It's not the government, it's the

people who work in the town."

As for change of government committee members saying they have seen their taxes increased but services decreased, Frantantoni offered an answer, unveiling the auditor's report on Belleville's taxes. Breaking down the 105 point tax increase, the commissioner said 66 points went for garbage, which he noted was a state and county problem, 37 points attributed to the Belleville Board of Education school budget, and 13 points from the commissioners. County taxes were decreased by 11 points.

"The 105 point increase we're getting blamed for, only 13 is from the commissioners themselves," he

The commissioner also feels confident that the movement will not gather enough support for a vote, and if it does he feels it will not meet approval by the voters. "On election day I went to vote at School 8. Joe Dasaro was stopping voters (asking for petition signatures), and he might of been closer than 100 feet which is a violation but I won't get into that. That evening I received phone calls of people saying they signed but they really didn't know what they signed. They were confused and they won't vote for it," predicted Frantantoni.

-CHANNEL 36-Special Guests

Julie Frees' guests on OBC-TV's 6 o'clock News tommorow night on cable channel 36 are three of the winners of the 1988 Essex County Junior Miss Scholarship Program, Charlene Santora of Belleville, Silvia Prieto of Nutley, and Dana Marie Ferrara of Bloomfield.

Belleville POLICE BEAT

By Pat Brightman

Over \$3,000 worth of merchandise was stolen from a house on Eugene Place during a burglary November 18. Jewelry, a video cassette recorder, camera and \$2,400 in cash was taken from the house by an unknown suspect. Detective Peter Fraone is investigating the case.

Cash and jewelry were taken from a house on Rossmore Place during a burglary November 17. It was not determined the estimated value of the items taken.

An attempted arson on Cleveland Street was distinguished by police and fire officials November 18. Police were detailed to a house on Cleveland Street and discovered a blocked driveway. They noticed newspaper and a quart container filled with lighter fluid in the front seat of a 1983 Cadillac. The arson squad of the Belleville Fire Department was called. Further investigation revealed the car had been stolen from Elizabeth.

The Tactical Narcotics Team (TNT) made a series of arrests over a week long period. On November 22, they stopped a man staggering in parking lot of the Washington Avenue Pathmark. The man, idenThursday, December 1, 1988

tified as Ismel Rivera, 20, of Newark, was arrested and charged with being under the influence of a controlled dangerous substance (CDS).

On November 17, a car driven by Jose Malendez, 24, of Newark, was stopped at Rutgers Street and Main Street. The officers observed several marijuana joints in the car and charged Malendez with possession of a CDS.

A car being driven by a 17 yearold was stopped at the corner of Holmes Street and Hornblower Aveneu November 16. A search revealed the juvenile was in possession of marijuana and he was

A 27 year-old resident of Magnolia Street was arrested and charged with being under the influence of a CDS after Detective Joseph Rotonda observed the man while he was in Belleville Police Headquarters November 16.

Ben Spagnoletti entered headquarters looking for a person who had been arrested.

Cub spaghetti dinner

Cub Scout Pack 350 will be holding a spaghetti dinner December 3 at Fewsmith Church, located on the corner of Little Street and Union Avenue, Belleville. The dinner runs from 4 - 7 p.m. Prices are: adults, \$4.50, children, \$3, and senior citizens, \$3.50. For more information call Tom at 751-3551.

MANNING THE LINES - Santa Claus will be available for children to call thanks to Clara Maass Medical Center's TEL-MED service.

Santa at Clara Maass

Children of all ages may call Santa Claus at the TEL-MED service of Clara Maass Medical Center, and listen to Santa's holiday message

An Orechio Publication

Santa greets children with a "ho-ho-ho" and talks about the joy of giving as well as receiving presents and the importance of keeping safe and healthy during the holiday

By calling the TEL-MED number, 751-7000, between 9 a.m. and 6 p.m., seven days a week, children can enjoy this holiday community service provided by Clara Maass.

TEL-MED offers health care information tapes throughout the year. For a complimentary listing of over 325 TEL-MED tapes, call the Clara Maass Public Relations Department at 450-2116, or write Clara Maass Medical Center, Public Relations Department, 1 Franklin Ave., Belleville, N.J.

Annual B.H.S. holiday concert

On Wednesdsy, December 14, at 8:00 p.m., in the Belleville High School auditorium, the annual chorus and orchestra holiday concert will be presented.

The B.H.S. chamber orchestra will start off the concert with two pop tunes, "Rudolph The Red-Nosed Reindeer," and "Frosty The Snow Man." The orchestra strings, under the direction of Edwin C. Black, will present two movements from Corelli's famous "Christman Concerts." Soloists will include Stacy McCarthy, first violin, Jennifer Murphy, second violin, Jacqueline Warnock, cello, and Helanie Bonacorsa, harpsichord. Another

featured work on the program will be Leroy Anderson's "A Christmas

The chorus will feature Benjamin Britten's "A Ceremony of Carole" for treble voices and harp solo. Vocal solos will be sung by Stacy McCarthy and Joell Veltre. After this work, the ladies will be joined by the young men in a montage of Christmas carols arranged by Dr. Finetti, the choral director. The finale of the evening will be the "Hallelujah Chorus" by G.F. Handel, when the alumni will be invited to join the chorus and orchestra in a rousing conclusion to the concert.

Elks annual Christmas Ball

All are invited to the Belleville Elks Christmas Party to be held December 10 in the Belleville Elks Lodge, Washington Avenue.

The donation of \$15 includes entertainment, refreshments and hot and cold buffet. Proceeds are to beneat Elks Crippled and Handicapped Children's Fund, so celebrate the true meaning of Christmas while spending an enjoyable eveneing with family and friends.

For tickets and additional information, call 759-9623, or 284-

Pissott coordinating competition

A moot court competition, sponsored by civic activists on the Rutgers-Newark campus, will combine a learning experience with charity, to the benefit of Newark's homeless population. Simulated cases of racism, sexism and hom-ophobia will be heard and tried in a courtroom setting.

Linda Pissott, vice president of the Student Governing Association on the Newark campus, is coordinator of the program.

"The Students' Court," open to the public, will be held Thursday, December 1, at 8:00 p.m. in the Robeson Campus Center, 350 Dr. Martin Luther King, Jr. Boulevard.

Admission is \$3 in advance and \$3.50 at the door. All proceeds will be donated to Newark's homeless.

Students from more than a dozen campus organizations will participate in presenting three cases, "Is the Quota System Constitutional?", "Should Women be Excluded From the Draft?," and "Can Homosexuals be Discriminated Against in the Workplace Because of Their Sexual Preferences?." Students will act out various aspects of the cases

A panel of legal professionals, including attorneys and faculty members, will judge the competition; and the audience will be asked for comments. In conclusion, a judge will read the actual outcome of the case as it was presented in a federal or state supreme court.

Pharmacy

Asking The Right Questions Recent surveys indicate that physicians and patients sometimes have diff ficulty in communicating with one another. As a result, a great many patients come away from the doctor's office without a clear idea about the medicines prescribed for them. Thankfully, the pharmacist stands ready to answer a patient's questions about medications at the time the prescription is filled. However, it cannot be stressed too strongly that patients should ask more questions at the time of their visit with doctors. Patients should ask the name of prescribed drugs. They should inquire about what it is supposed to do and how it should be administered. Patients should also know about dietary ficulty in communicating with one a tients should also know about dietary or activity restrictions. They should take an active role in the doctor-patient relationship.

Our pharmacist stands ready to inswer questions and fill prescriptions. For all your needs you can depend on ROSSMORE PHARMACY, 338 Washington Ave., 759-1965, 759-1968. The holidays are almost here and once again we are carrying a nice selection of greeting cards, cosmetics, toiletries, Timex watches and transistor radios for your gift needs. Hours: Daily 9 am 10 pm, Sundays 9 am 9 pm.

HINT: It is not a sign of disrespect for a patient to ask questions of a doctor.

Golden Comments

By Jim Golden

"If the outcome is good, what's the difference between motives that sound good and good sound motives?" — Laurence J, Peter

That well might be the siren call of those behind the drive to change the Belleville form of government. Mario Drozdz of Bell Street, who is at the forefront of this all-out drive movement says, "The people are speaking; they are fed up with this town because of all the constant infighting and bickering the town is at a standstill, going backward."

Bruce Morgan of Adelaide Street, a co-committeeman of the change of government drive comments, "What made the commission form of government so popular was the commissioners working together, it's downfall is when people don't work together." He said the commission form of government can be either very good or very bad, depending on the harmony demonstrated by the commis-

"We have a five-commissioner form of government that is ineffective and inefficient," Mr. Drozdz said. "There are five commissioners who are unqualified to run a \$20 million budget.

"This is not a sour grapes com-mittee, the only ones against this are the five current commissioners and the people who work for them. They'll come out and call this a 'sour grapes' committee, which

it's not. We refuse to let ex-politicians lead us," Mr. Drozdz stated. He pointed out that the movement is joined by all segments of the population in Belleville, not just the senior citizens, "Before last year's election, at least three of the current commissioners were even in favor of this change of government, but now that they're in office they'll come out against it," he predicted. Mr. Drozdz announced

the names of the group's committee to bring about the change as himself, Morgan, Joseph Kovacs, Ann Brave and Eugene Maddal-"If this succeeds (the movement for the change) all those former officeholders will probably come

out of the woodwork and say how

good this is, just you wait and

watch," Drozdz said. Mr. Morgan commented, "We are backed by the people; all the former politicians are sitting on the sidelines watching.'

Back in 1962 I became a candidate for the newly created office of Councilman-at-large and running with Tom Greco, who also ran for Councilman-at-large, and both won with the highest votes in town. We looked forward to serving under the new Council-Manager type of government under an experienced and capable Town-Manager Bill Sommers, but, even back then. ugly politics entered the picture and a "majority-bloc" of the then five-member Council formed to "block" the many needed reforms both the new Manager and Greco and Golden had hoped to institute were thwarted...discord and dissention was the order of the day. The Manager...a man of high principles and honesty...would not go along with the high-handed policies of the majority's wishes which Greco and Golden opposed so the "Majority bloc" removed the Manager, Mr. Sommers whom we, Greco and Golden voted to retain.

Shortly thereafter Torn Greco resigned in disgust; we stayed on to fight the battle alone. Fortunately strong opposition formed to recall three of the "majority bloc" Councilmen..two of them were recalled and the third was beaten when his two-year term ran out.

The opportunities of the Council-Manager type government are there, but only if good, qualified and sincerely dedicated individuals are elected and hire and respect and support a good and honest sincere Manager.

The Manager the "majority bloc" hired after they fired Mr. Sommers signed an undated letter of resignation to get the job...the man Greco and Golden voted to retain, Mr. Sommers, is the Town Manager of Englewood, N.J. today. A Council-Manager type of government can function well...if it is run in conformity with the principles of good government by good and honest individuals. That is our

Official says shutdown of Wallace & Tiernan is false

ting its doors and moving out of town, at least not at this moment, and anything contrary to that is purely speculation, according to the company's vice president and general manager.

"There's absolutely no truth to it," responded Chet S. Ross when asked about a rumour of a shutdown. "It's unequivocally not true. It's totally without backing."

Ross explained that Wallace & Tiernan's parent corporation, Pennwalt, announced earlier this year it will be divesting and is for sale but said there is no cause for alarm at the present time. He said the company is still on the market with several firms interested in purchasing the water treatment

"Until we know who it is (that will buy the company), and we don't, we will not know what the final solution will be," commented Ross. "But we do not know who the new owner will be," and a move can not be predicted.

At the September 13 Belleville Board of Commissioners meeting a resolution was passed requesting state facilities funding and it was at this time that questions were raised

facility. Mayor Michael Pizzi said at the time the town will do whatever possible to keep Wallace & Tiernan in Belleville. Ross dismissed the resolution as common procedure when a company goes up for sale and nothing that should alarm

Wallace & Tiernan has

the Belleville site and about 900 total employees. The company recently celebrated its 75th anniversary, as the official founding date is November 13, 1913. However, Charles Wallace and Martin Tiernan first installed their initial gas-feed device at Jersey City's Boonton reservoir in February of that year.

Cedar Hill house fire caused by electric short

severe damage to 11 Cedar Hill Avenue last month appears to electrical, according to the Belleville Fire Department.

Further investigations are being conducted with a final report due sometime this week on the blaze which erupted November 16. The occupants, Louise and Guisep-pe Cabrielle, were not injured while three firefighters were taken to Clara Maass Medical Center for evaluation and released.

Four engines responded to the

a.m. Bloomfield, Nutley, and Newark fire departments were notified and were on standby but the fire was under control a short time after the engines arrived. The main thrust of the extinguishing operation was through the garage and basement areas.

The fire began in the basement, spreading to the rear stair-way to the kitchen up to the first and second floors. "The owner tried to put it out himself but it got away from him," said Fire Chief George

Open the flood gates

Last week's scene on Main Street in Belleville and River Road in Nutley is what can be expected when heavy storms, unleashing gallons of rainwater, move into our area. Street closings because of floading are downpours that occur commonplace during the torrential throughout the course of this fall.

This is the situation as it stands today, but if the ill-conceived, ill-advised Army Corps of Engineers flood tunnel is constructed, increased flooding will not only be expected, it will happen with nightmarish results. There is an existing flooding problem in this area, albeit minor compared to the difficulties of Wayne and its surrounding area, and the addition of waters from the flood tunnel will bring unpleasurable results for resident of Main Street and River Road, aldng with the sidestreets of the main roadways.

There is no questioning the problems our neighbors to the north have regarding flooding. It has been an age-old problem, a problem which certainly needs correcting, but transfering the problem from Wayne to Belleville is not a satisfactory solution. The 13.5 mile tunnel, at a cost of at least \$852 million, would funnel waters from the Wayne area to the Passaic River at the Nutley-Clifton border. After extensive research, this is the number 1 solution the Army Corps of Engineers could come up with. Anyone from Clifton on down to Belleville can tell the engineers it is not the most ingenius concept.

Town officials from nine towns which would be affected by the construction of the tunnel and concerned citizens from those towns were together to voice their displeasure but as one official said, it would not change the engineer's decision, or that of the New Jersey Department of Environmental Protection, which will assist in making the tunnel a reality, particularly when the state has agreed to pay for 25 percent of the tunnel's cost.

An alternative solution was recommended by Representative Robert Roe (D-Wayne), who suggested continuing the tunnel to the Newark Bay, but James McCann, technical director of the board of engineers for rivers and harbors, felt the cost of the addition, estimated at \$300,000,000, is not balanced by benefits. Try telling that to the residents who are flooded presently; and they should be told now because in 5-10 years when the tunnel is completed and scenes of people canoeing down Main Street are flashed on television and in newspapers, the people in those boats are going to find it difficult to believe the benefits of dumping the water a few miles down wasn't worth the extra

Color guard is missed

Late last week, someone who served the town for almost four decades passed on, and earlier this week services for this man were held and, much to our surprise, a color guard and honor procession were not

We are talking about Donald Smith, Sr., who served as chief of the Belleville Police Department from 1966 until he retired in 1970. He first joined the force in 1931 and was a member of the Belleville Police Benevolent Association. These are some fairly distinguished attributes, and something for his family to be proud of in their time of sorrow. But as if they had not suffered enough by the untimely death of their loved one, added grief had to be felt by the fact that a police color guard was not present at the funeral service, nor were there police escort or

honor procession during the services. It is disappointing to see that a man who gave so much to the town when he was alive, received so little from the town in his death.

There may be extenuating circumstances that are not known at this time, but we find it difficult to believe that anything could be so overbearing that it would take precedent from the fact that a man who served the town of Belleville for 39 years did not receive some gratification in his time of passing.

YOUR OPINION)

'Miss Meter Maid' makes for expensive copy

I agree with Mr. Al V. Cerino's letter to the editor published in 11-24-88 issue of the Belleville Times about Miss Meter Maid. I was coming home from my doctor's office about 9:30 a.m. one day in October and on the way home I stopped at the Belleville Public Library to make a copy of a document which my doctor gave me, because I was on disability. I pulled into a parking space in front of the library, but the car in front of me was a little over the line of his space which forced me about two feet into a handicap spot, but I put the nickle in the meter, and figured I would be OK, because I would only be in there a minute. I went into the library, made a copy, and was ready to leave in about thirty seconds when I noticed an elderly lady stumble, and drop some books. This lady was bending over but having a little trouble picking them up, so I picked them up for her and she thanked me, and said what a gentleman I was. This all took between one or two minutes when I looked out the door and saw Miss Meter Maid just stopping the police car. I ran to my car, and was about to get in and leave when she said wait for your ticket. She didn't even start to write it, and I tried to explain what happened, but all she said to me was "That was a very expensive copy you made" and smiled.

I've learned a very valuable lesson from this incident even if in my heart I don't believe in it. If you see someone in trouble like falling down, being mugged etc., don't stop and help because Miss Meter Maid will give you a ticket for sure if you stop illegally to help!

Thomas Betz

Writer still drowning from paying water bills

Open letter to Mr. Vogel and Mayor Pizzi:

First of all Pd like to thank Pat Brightman, the editor of the Belleville Times for an excellent article written about my problem with my high-overcharged water bills. But most important of all it just goes to show you only have to read it once to see that apparently Steve Vogel didn't pass his math test when he took or was given the position of Director of the Water Department, Mr. Vogel says and I'm quoting him from the article "In 1985 I had a balance of \$457.04 and made two \$100 payments in Sept. and then \$159.88 payment was made on Dec. 17, 1985, which left me a balance of \$183.00." Now we can all get our pens and papers out and when we add up my three payments that totals \$359.88 and when I subtract \$359.88 from \$457.64 \(\) get a balance of \(\)\$97.12. So how come you Mr. Vogel get a balance of \$183.00? One of us didn't pass math Mr. Vogel. Now there were a few things not mentioned in the article Mr. Vogel and Mayor Pizzi that I would like you both to think about. First of all and I want this made public because maybe it's happened to other people who are having the same problem, I was charged interest twice within five (5) days on the

two payments I made. On Sept. 5, 1985 my balance was \$457.04 and I made a \$100 payment. \$81.60 was applied towards the principal and \$18.40 was applied towards interest. Then on Sept. 10, 1985 I made another \$100 payment whereas \$73.20 was applied towards the principal and \$26.80 was applied towards interest. Now, how can anybody in their right mind charge more interest on a second payment in which the balance is supposed to be lower and how can you legally charge me or anyone interest twice within 30 days or is it supposed to be 90

Now, I'll go one step further. When I came into your office on Dec: 17, 1985 to pay you \$159.88 towards my bill because you were ready to auction off my house if I didn't pay, you gave me two receipts, one (1) for \$149.88 and one (1) for \$10.00. When I asked what the two receipts were for, you told me the one receipt for \$49.88 was for the water bill and the \$10.00 receipt was for the advertisement of putting my name in the paper for the auction sale. Well, I believe Mr. Vogel and Mr. Mayor that you should check with the town attorney about this because what I think and will try to prove is that "this town has collected monies from all of the people whose names were printed that day Dec. 17, 1985 including myself is illegal."

Mr. Mayor, I'm really a nice person once you get to know me and I really believed you when you approached me after the meeting on Aug. 2 and said you would handle this personally. I thought we could sit down and discuss this matter like adults. You told me to call your office the next day and I did and I've been calling and calling and have gone to your office for over two months, but for some reason we haven't met since the night of the Aug. 2. There isn't a lack of communication Mr. Mayor. There is no communication and it isn't my fault.

The article also didn't mention how my water bills are so out of proportion that something is wrong like for instance a three month bill for \$32.00 in Oct. 1983 went to \$142.00 on Jan. 20, 1984 or how \$11.04 interest in 1984 went to \$51.24 in 1985. Maybe my interest is being compounded. You know I once mentioned that to Mr. Vogel about my interest being compounded, and his reply was "prove it." Now is that anyway to run a water

Maybe there is something wrong with the meter. Why can't we work things out Mr. Mayor and Mr. Vogel? After all the town hall slogan says "It's Better in Belleville. Christine N. Mrykalo

356 Stephens Street

Change of government has little substance

On reading the recent front page articles of the Times and Post covering the rhetoric of Mario Drozde and the change of government, I fail to understand why so much paper was used with so little substance.

As for the present Commission form of government being inexperienced in it's onset a new council-manager form would be even less experienced as well.

Let it be noted that most of the in-fighting you referred to has been caused by members of this new group that want to change our form of government.

When the people elected three new commissioners last year, it upset the power structure of the last two decades, to the benefit of the taxpayers. The losers attempted to regain a seat on the commission by attacking Commissioner Fornoratto's dual office holding.

Mayor Pizzi accused and harassed him at a public meeting and asked him to resign. How come Mayor Pizzi never mentioned the fact that Commissioner McGreevy was also guilty of holding two positions at the same time, and accepting checks as an employee of the Passaic Valley Water Commission and as a commissioner in Belleville overseeing the Water

Meanwhile, Mr. Frantantoni was also zeroed in and Mayor Pizzi allowed Mr. Pizzano to harass Commissioner Frantantoni for an unwarranted period of time. Thus, causing a public outrage at a town meeting, embarrassing our Township

Now back to the ill-proposed Council-Manager form of government. Would the manager have to sign his resignation before being employed? Would he have the authority to expedite his job decisions without the collusion of the Council? Would the people have a positive voice to influence the council's decision as with our present form of government or would it be like the Board of Education, where our opinions and recommendations are rebuked and they do as they see fit without being responsible to the taxpayers.

Mario, I have no vendetta or ax to grind, but I feel that our present government has accomplished more in a year and a half as compared to twenty years of the past administrations.

It also confuses me as to why this change wasn't aimed at the previous administration with four of the five commissioners in possible conflict holding two public positions while our Township was allowed to degenerate.

At present we have two and one half commissioners dedicated to improving our Township and making a sincere and successful attempt to cure and resolve problems left by the past administration. The latest discovery of recent involves a large piece of township property being leased to a private party since 1984 for one dollar a year. Does that sound reasonable? Does it suggest any suspicions of colaboration?

I feel an investigation should be instituted and any

In closing, I urge the change of government committee to redirect their efforts to assisting our present Commissioners and stop insulting the intelligence of Belleville public.

Dan Ippolito

It's time for parking and cleaning to be solved

To the editor:

Not wanting to be repetitious, I'm having to write again to the Belleville Times, concerning the car park - street cleaning situation, for knowing that our Township Commissioners read these articles. Once again, this is the second week being notified, that street cleaning was once again in effect, and this is the second week, since this notice, that no one came either on Monday or Wednesday to clean Mt. Prospect St.

One side of the street, legally was packed with parked cars. My side was empty of all cars. I parked my car on Cedar Hill Ave. one block up from Mt. Prospect Ave. in order not to have the meter maid ticket my car once again. In truth not on new street cleaning machine didn't show up, not even the meter maid came around this round.

Mr. Mayor, Commissioners, is it possible once and for all to check and settle this stupid situation?

Isn't it common sense, if you don't clean this street, why must we worry and have to pay a ticket on our cars - besides going crazy trying to park your car in other areas. Either I'm dumb or confused, but can any of you town fathers show an interest to help us, you all certainly showed and interest in increasing our property taxes, by hundreds of dollars.

Why don't one of you answer these complaints. I came to a town meeting in town hall last week, but had to leave because there was no room - so send a notice to this paper and tell us, is this street cleaning on or off - and why doesn't the new cleaning machine come to do its job - which we are paying for.

Al V. Cerino

Letters welcome

We, at the Belleville Times greatly appreciate hearing the opinions of our readers. Anyone who wishes to express his or her opinion may write the Times and send it to the following mailing address: P.O. Box 56, Belleville, N.J. 07109.

BOOKMARKS

Looking ahead to '89

The Belleville Public Library is already making plans to continue its well-received discussion series of '88, by making plans for '89. Frank De Lisi, Belleville humanities scholar, will conduct "Poetry Over Coffee," a humanities appreciation series of poetry on Jan. 12, 19, 26, Feb. 16 and 23, at 1 p.m. The poetry will be provided by the library.

A special Civil War Book Discussion with Adrea Cohen, Assistant Library Director, will commence on Jan. 17 at 1 p.m. with a discussion of "Gone With the Wind." Other books to be covered in the series will be "The Unvanquished," by William Faulkner on Tuesday, Feb. 21 at 1 p.m. and "Crescent City," by Belva Plain on Tuesday, March 28 at 1 p.m.

To register, please call the library at 450-3434. The first book in

the series is available already. You may purchase the book at the library's cost, or borrow the book for the length of the series.

Non-fiction best sellers

Looking for something new to read? The Belleville Public Library has "The Last Lion," by William Manchester, the second volume of a biography by Winston Churchill, "A Brief History of Time," by Stephen W. Hawking, a scientist's review of efforts to Temple Black, the autobiography of the number 1 film actress of the 1930's, "The First Salute," by Barbara W. Tuchman, a historian's view of the American Revolution, "Goldwater," by Barry M. Goldwater with Jack Casserly, the memoirs of the longtime Senator from Arizona, "Talking Straight," by Lee Iacocca, more experiences and opinions of the Chrysler chairman, "Gracie," by George Burns, the life of the comedian recalled by her widower and show business partner, "The Ragman's Son," by Kirk Douglas, the actor's recollection of his life as a poor immigrant's son, waiter, steel mill worker, haberdashery salesman, film star, father, and man, "Senatorial Privilege," by Leo Damore, a reporter's reassessment of Chappaquiddick, and "The Duchess of Windsor," by Charles HigHam, the life of the woman who married King Edward VIII.

Land or Ocean?

For all of those who have longed to get off the beaten path and

discover up close the beauty of the Rocky Mountain states, "Walk of the Rockies," a new addition to the Belleville Library collection, should help you. In this book are outlined 75 gentle journeys through the mountains, forests, deserts, and prairies of Wyoming, Montana, Colorado, and New Mexico. Each walk includes flora and fauna to see along the way, natural and cultural histories of the areas, tips on walking in the environments, and

Whether sailing to the Caribbean, the Mediterranean, the South Seas, Mexico, Alaska, or the fjords of northern Europe, you can make the most of your scafaring adventure with this completely updated and revised edition of "Stern's Guide to the Cruise Vacation." This is the most comprehensive guide on the subject, detailing all aspects of the cruise vacation.

To reserve the books, call the library at 450-3434. If the book is out, there is a 25 cents charge per book for reserves. The library has many other books in the area of travel.

THINKING AHEAD - Lorraine Kimmel, left, and Cindy LaRue confer on plans for next year's Baby Bookworm and Story Hours in the James J. Cozzarelli, Jr. Children's Room. Call the library, 450-3434, to inquire about registration.

Police receive new contract

of the negotiating team felt it was something that we could agree on, and it was," even though Fran-tantoni had reservations about it.

How many sergoants? Fornarotto agreed with Frantantoni and questioned Pizzi, who heads the Public Safety Department, how many sergeants are in the police department and how many patrolmen are under each. Pizzi refused to answer Fornarotto and when Fornarotto said Pizzi did not know, Pizzi said he knew but did not feel he had to answer him.

The police and you are running the town," replied Fornarotto, saying he had been followed by police and police had taken pictures of him. Pizzi responded by saying the next time Fornarotto needed a police officer, he should call the water department.

Fornarotto also suggested put-ting the contract on the ballot and

letting the voters decide.

There are too many officers for the amount of patrolmen," said Fornarotto the morning after the meeting. He described the department as being "top heavy."

"In the army we had one sergeant for every 100 men, here we

have a sergeant for every four or five men," he said. According to Lister there are six sergeants and 86 men, or an average of approximately 14 men per sergeant. Fornarotto said the morning following the meeting that he felt

the longevity issue was discriminatory, considering all other town employees do not receive the benefit until completion of the 25th

"I'm not against the police or any person that is a public servant,"

December 12th through December 25th

"It's Better In Belleville"

explained Fornarotto. "It's just that it's (the contract) is gonna be over a million and a quarter (dollars) next

year. With that, and re-assessment, the garbage, and the school budget, the taxes are gonna be out of whack.
"I was elected by the people

and it's just too much to ask of them," he commented. Fornarotto also questioned the legality of the longevity solution, saying he did not know when it came up and whose idea it was.

Middle school essay winners

Belleville Middle announced the winners of the Benedetto Croce Educational Society and Veteran's Council Essay Con-

test held last month.

Greg Noon was the seventh grade winner, receiving a \$75 bond. His winning essay was one of 600 compositions written for the contest. The award was conferred in honor of the Seventh Annual Columbus Day Essay Contest, with a reception November 3 at Biase's Restaurant, Newark.

Dani Duranti won a \$100 Savings Bond, receiving the award November 6 before the Veteran's Day Parade from the Veteran's Council, Her winning essay was written on, "What Does Veteran's Day Mean To Me?"

LOOKING IT OVER — Belleville's 150th Anniversary Committee Chairman David Bryant and Belleville Historical Society President Eddie O'Neil look over commemorative calendars which are available for \$3 at the Belleville Public Library or Mayor Michael Pizzi's office.

(Photo by Pat Brightman)

Commemorative calendars ready

The Belleville 150th Anniversary Committee has prepared a beautiful commemorative calen-dar, entitled, "Belleville, New Jersey: 1839-1989." This 1989 calendar has important dates in Belleville history and 16 rare, old photographs of Belleville. The calendar

is available for \$3 at the Belleville Public Library or at Mayor Michael Pizzi's office in Town Hall.

The Committee's fundraiser, the sale of American flags arranged by Belleville Post 105 of the American Legion and Commissioner of Parks and Public Property Vincent Frantantoni, has been a success with the sale of every flag in less than one month.

The next general meeting of the Belleville 150th Anniversary Committee will be held Wednesday, December 7, at 7:30 p.m. at the Belleville Public Library, 221 Washington Ave. This meeting, like all Committee meetings, is open to the public who are enthusiastically invited. According to Chairman David Bryant, "the good things we hope to do in 1989 require the good ideas and energy of interested Belleville people. Our committee is loosly structured with ample opportunity in initiate and carry out projects with just a few people involved."

National home care week

The week of November 27 through December 3 has been declared National Home Care week.

CHR-ILL Service, Inc. the leading non-profit Homemaker-Home Health Aide agency in Essex County has been providing in-

Crecco taxpayers bill is discussed

Legislation sponsored by Assemblywoman Marion Crecco (R-Essex) which revises the method school board budgets are implemented after rejection by voters were considered by the Assembly Education Committee, announced to the Assemblywoman.

The bill, A-2000, known as the "Taxpayers' Rights Act," states if school board budgets are defeated by the voters, the previous year's budget, plus an inflation allowance automatically takes effect.

"Under current law, rejected school budgets are submitted to the local governing body who can make cuts in the budget," said Crecco. "However, the school board may appeal to these cuts to the Commissioner of Education in New Jersey who can overturn the decision and reinstate the original budget. This means the voters are circumvent-

Crecco also stated the judgement of the people, expressed through the democratic process, is summarily overturned by the actions of a single unelected official.

"The voters of a school district

know what is best for themselves and for their children," continued Crecco. "We should allow their voice to be heard and not bypassed by Trenton bureaucrats.'

The bill will be posted for discussion purposes in the committee only. No vote is scheduled on the bill at this hearing, but may be at

Assemblywoman Crecco is serving her second term in the New Jersey General Assembly. She also serves as Assistant Majority Whip and vice-chair of the Assembly State Government Committee and is a member of the Independent and Regional Authorities and Financial Institutions committees.

Santa's Mailboxes, 1988

Belleville boys and girls are encouraged to get out their pens, pencils, crayons and start writing their lists to Santa Claus now.

Special mailboxes have been set up to accomodate the expected heavy mail. One is at Town Hall on Washington Avenue and the other is in front of the Silver Lake Fire House on Franklin Street.

Children can't miss the mailboxes. They're bright red and clearly marked "Santa's Mail" so no one has an excuse for not writing early. By very special arrangements made between Mr. Claus and the Belleville Recreation Department, all letter writers are guaranteed an answer. No stamp is necessary and this special mail box if for Belleville residents only.

If children are too young to write, they are urged to draw a picture and Santa will get the message. Be sure to have someone print the child's name and address so Santa can answer the letters.

Up go the lights!

25 Years Ago

November 28, 1963... The Belleville Police and Fire Departments led the parade of town departments seeking increases in salaries as Town Manager John R. Burnett held meetings in preparation for January's budget recommenda-tions for the Town Council. The Fire Department was seeking a \$700 increase for two years and regular increases for longevity. The police wanted \$250 over two years or longevity increases of one to nine

Christmas lights were put up in the town center, after much controversy surrounded the erection of these holiday displays. The City Council's vote for its share of the money needed to erect and maintain was stalled for several weeks by Councilman James R. Golden. He said the lights only benefited merchants, so no taxpayers' money should be spent on the project. Members of the Council got around Golden's opposition, however, through a special fund to allow the Chamber of Commerce to sign a contract to erect the lights.

A testimonial dinner was held for Michael V. Marotti by the Belleville Amvets. He was honored for his work in the Detective and Juvenile Bureau of Belleville, the Athletic Council, the Board of Education, and the Belleville Elks and Varsity Club. He was also a and Commander of the Amvets, president of the PBA No. 28, president of the Belleville Little League, Amvet of the Year, and received two Outstanding Citizen of the Year awards, from the Mayor and the Lions Club.

The BHS Bellboys were preparing for their Thanksgiving Day clash with Orange, trying to finish their season on a victorious note. The Bellboys were 5-2-1 coming into the game, facing a 4-4 Orange team. Senior fullbacks John Senesky and Louis DeBella both suffered fractured ankles, which put a damper on the Bellboys' chances. Joe LaFalce, called a valuable member of the team by Coach Tom Testa, had the difficult chore of replacing the two injured players in the backfield.

Bow and Arrow Deer and Bear hunting season would be reopened for ten days in December, announced Acting Governor William Ozzard, to make up for the ten days lost to a fire hazard in late October that closed woods and fields. In the 19 days before the closing, 831 deer were killed, as opposed to the 978 killed in 1962. According to a local hunter, around 5,000 are killed

Pre-Schoolregistration

The Belleville Recreation Department is now accepting registration for the pre-school program for four year-old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods, and occasional holiday parties especially designed for preschool children.

A session is from 9:00 a.m. to 11:00 a.m., five days a week with class limited to 28 students. The cost of the 15 week session is \$45. The mothers of the children accepted will serve one duty about every 8 - 9 days, according to a published

School will begin Monday, January, 23, 1989 under the leadership of Mary Anne Lopreato.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible, Monday -Friday, 8:30 a.m. - 4:00 p.m.

by Paul A. Caputo, D.P.M.

A PROBLEM TOENAIL

A PROBLEM TOENAIL

The fungal condition known as onychomycosis is a case of ringworm affecting the nail plate. While this condition may appear exclusive of arthete's foot, the two separate fungal diseases can show up concurrently. The first signs a patient may have of onychomycosis consists of lusterless, chalky or yellowish toenails, coupled with an unpleasant odor. This is the time the patient should make known his/her condition to the podiatrist. Application of an antifungal agent by the podiatrist can readily combat this disease, If, however, the disease is allowed to progress without medical attention, the fungus can spread to the entire nail. The nail edge will take on a granular appearance and the entire nail will seem to rise from the nail bed. These conditions usually force the patient to deal with the problem.

If either of your parents had bunions, there's a good chance that you are prone to them, too. However, there are ways of preventing bunions from forming. Your podiatrist can advise you. When you need a podilatrist, call DR. PAUL A. CAPUTO at 759-6560. My office, including surgical facility and x-ray, is nearby at 345 Washington Ave., Belleville. Office hours by appt.

P.S. If left untreated, onychomycosis an spread to other nails and other ungus-prone areas of the body.

BLOOMFIELD CHIROPRACTIC CENTER

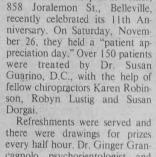

858 JORALEMON STREET, BELLEVILLE

Celebrated their 11th Anniversary with

"PATIENT APPRECIATION DAY" — Saturday, November 26, 1988

The Bloomfield Chiropractic Center, 858 Joralemon St., Belleville, in it's 11th year of serving the community.

cagnolo, psychorientologist, and Tina Vicente were on hand to help the exhausted staff which includes Maryann Saliani, Eva Monteagudo and Marion Drake.

"It's a great honor to be able to serve the community another year, knowing their confidence in me. My profession has no age limit. I see many children as well as adults. Children have come to me with their dolls in hand and have asked me to adjust them too. It's a great feeling knowing that in a child-like manner they under stand the need for holistic treat ment. Throughout our busy day we kept a sense of order bearing in mind the patience of children and adults as well. I'm looking forward to my next 11 years and more as a practitioner in this fine community. I sincerely appreciate the phone calls and cards received from the many people who were unable to take part in our celebration," Dr. Guarino said

Teacher expands career

Belleville High School announces the expanding career of one of its teachers, Jack Ayres, and the success of one of his students.

Ayres graduated from St. Peter's Prep and St. Peter's College, earning a Bachelor of Science Degree in Administration. He also has 32 plus credits, mostly in mathematics, beyond his master's degree and a supervisors and principal supervi-

His teaching experience included two years at South Side High School (now Shabazz) in Newark and seventeen years at Belleville High School. In addition, Ayres taught summer school for two years in Newark, one year at Belleville High School, and one year at Montclair High School. He is currently teaching Calculus Enriched, Algebra 2 Academic, and Mathematics 2 General. Previously, he Algebra 2 Enriched, Geometry Academic, Mathematics I General, and Basic Math.

One of Ayres outstanding achievements is that he was elected to the West Orange Board of Education which he is currently the president. Among other things, he is interested in reading, particularly mysteries, finance, and bowling. Ayres believes that high school

provides one of our last formal opportunities for knowledge growth in a wide range of subject areas. Mathematics is often one of the most puzzling, for few at this age "see" the unity present, among the many course offerings. He believes that his job is to provide a helpful and positive environment in which the student will grasp those relationships and search for further answers based on what's already known. Ayres tries to teach every student very fairly with adult respect, and to stimulate his or her curiosity for future learning.

Eric Faragi was one of Ayres' outstanding mathematics students. He attended St. Valentine's School in Bloomfield, School 4 in Belleville, the Academically Talented Program at School 7 and Belleville Middle School, Calculus Enriched was Faragi's favorite mathematics course. He is now taking a second year of calculus at New Jersey Institute of Technology while still a senior at Belleville High School. In addition to academic achievement in mathematics, he enjoys playing baseball and playing the drums.

After graduating from high school, Faragi's immediate goal is to attend college and major in

engineering. -XK---XK---XK---XK---DRESS TO IMPRESS

Sex-ed program bill approved by Assembly

A bill that would require public school programs focusing on sex education and AIDS prevention to stress that abstinence is the only totally reliable method of avoiding disease or pregnancy was approved

by a 57-6 vote in the Assembly.

The bill, A-3306, is sponsored by
Assemblywoman Marion Crecco,
R-Essex, who said its goal is to help
students avoid the deadly AIDS virus, other sexually transmitted

diseases and pregnancy.
"Since abstinence is the most reliable way to avoid sexually transmitted diseases and unwanted pregnancies, it just makes sense to stress this option in the health education curriculum," she explain-

ed.
"In addition to the scientific facts and figures about potentially lifethreatening diseases, we need to include the message that a sexual relationship involves a commitment that is best accomplished within the context of marriage."

There is a growing awareness that our public schools have an obligation to focus on social responsibility as part of their curriculum," she said.

"Many school districts are offering advice to students in the family life curriculum regarding methods of avoiding disease and pregnancy through contraceptive devices, she noted.

"My bill would not prevent this. However, it would require that any program in sex education and any materials distributed by the Department of Education stress abstin-ence from sexual activity," Mrs. Crecco added.

As amended by the Assembly Education Committee, the measure would also require instruction regarding the importance of avoiding intravenous drug use to avoid

The lagislation now advances to the Senate for consideration.

Mr. and Mrs. Salvatore Lorenzo - nee Kathleen Reid

Mr. and Mrs. Lorenzo honeymooned in Aruba

Kathleen Anne (Kathy) Reid, daughter of Mr. and Mrs. Thomas Reid of Belleville, and Salvatore (Sam) Lorenzo, son of Mr. and Mrs. Salvatore Lorenzo of West Caldwell, were married Oct. 9 in St. Peter's Church.

Msgr. Byrne performed the ceremony which was followed by a reception at Atrium West, West Orange.

Escorted by her father, the bride wore a candlelight gown in the mermaid style, fashioned with a scalloped neckline, long puffed sleeves and train. It was accented with sequins and pearls. A pearl and sequined braided headband held her veil and she carried pink and peach roses with babies breath.

Maria Carnevale of Belleville was maid of honor. Bridesmaids included Paula Mancini of Howell Township, Rosemary Pepin of Bloomfield and Laurie Young of Bloomfield.

They were attired in salmon

taffeta ankle length gowns with sweetheart necklines and bows at the sleeves and waist. The honor attendant's headpiece was a comb of real flowers while the others had combs of silk flowers.

Timothy Lorenzo of West Caldwell was his brother's best man. Ushering were Tom Reid of Belleville, Ned Norton of Boonton and Tim Doherty of Boonton.

Mrs. Reid chose a pink jacquard two-piece dress trimmed in sequins. Her corsage was a gardenia with babies breath. The groom's mother was in a mid-calf length mauve dress accented in silver.

Mrs. Lorenzo is a graduate of Belleville High School and School of Data Programming, Union.

Mr. Lorenzo, an alumnus of James Caldwell High School, Caldwell, is with West Essex Building Supply Co., Verona.

The couple honeymooned in

Aruba and have made their home in Beachwood.

EMPLOYEE OF THE YEAR - Joan Caruso of Belleville, supervisor of admitting at Clara Maass Medical Center, was honored recently as the Medical Center's Employee of the Year for 1988.

Belleville Times SPORTS

Thanksgiving Day, 1988. A beautiful, autumn morning at Belleville Municipal Stadium. A perfect day for a high school football game, even more so when you consider the game is a big rivalry between neighboring rivalries.

Belleville and Nutley renewed its intense football rivalry before an overflow crowd at Municipal Stadium last week and the game was truly exciting. The final score was 38-13 in favor of Nutley. The Raiders improved its season record to 9-0-1 with the win and are now preparing for its final game of the 1988 campaign. Nutley will face defending state sectional champ Randolph this weekend at Randolph for supremecy in Group 3, Section 2.

For Belleville, the season ends at 2-6-1. While the mark is

For Belleville, the season ends at 2-6-1. While the mark is considered dissappointing for the coaches and players, a great deal was accomplished this year. Next week, the Times will wrap up the Bucs 1988 campaign. For now, let's say that the Bucs showed excellent improvement over the course of the season and will return some talented players next year.

will return some talented players next year.

As for the game with Nutley, Belleville had some excellent performances. Let's start with senior quarterback Steve Tice.

This is a young man who all season long kept his head up and never quit. He showed outstanding potential this year and head coach John Senesky is sorry that Tice will not be back next fall.

"Steve has excellent mechanics," Senesky said. "I wish we had him back next season. He did an excellent job for us and developed into a fine quarterback."

Tice also displayed something that doesn't show in the

Tice also displayed something that doesn't show in the boxscore. He has a tremendous amout of class, which can also be said about the other seniors on the '88 squad who deserve accomodation for their effort on and off the field.

The MVP for Belleville in the Thanksgiving Day game was Nick Turano. He gave an excellent account of himself all year long and capped off his career by returning a kickoff for a touchdown in the Nutley game. It's a memory that Turano can always look back on with pride.

Other seniors like Andre Graham, John Napolitano, Mike Senesky, John Cerza and Vito D'Alessio also deserve accomodation. They paved the way for the younger players and showed what it takes to be winners.

A word about Senesky. As he stood for the National Anthem before the opening kickoff last week, I couldn't help but remember this little guy running from the sideline to the field with water, or a football, back in the late 70's and early 80's when he was a team manager.

Senesky has been a part of the Buccaneer football program long before he donned a high school uniform. I can remember him as an eight year old in 1979 on the sidelines encouraging the Bucs to victory. How time flies.

John Senesky made a comment last week about the game of life and how a young mans experience with high school athletics can help shape his future.

"Even though our record was 2-6-1 this year, these seniors were a big part of the team," the coach said. "I hope their experience on the gridiron will be an enjoyable memory. The kids deserved a chance to compete and those memories are something that will last a lifetime. In the true game, the game of life, these times are very important in molding the future."

very important in molding the future."

With that in mind, last weekend, the Belleville High School class of 1978 held its ten year reunion: The football players from that class played on Senesky's first varsity team in the fall of '77. That team went 2-6-1 and lost a number of games by one sided decisions.

However, those players helped to mold future great Belleville teams. Today, the athletes from the class of '78 return as successful individuals. I'm sure they can look back with good memories to that '77 season.

memories to that '77 season.

In the November 24, 1988 issue of the Nutley Sun, a prediction was made about the Belleville-Nutley game. The writer gave this version of how to predict the game. "Pick a high two digit number, like 28. Then, pick a low, single digit number like six. Give the high number to Nutley, and the low number to Belleville. Who knows what the score will be? Who knows how long the starters will play? Although this is an important game for the Raiders for pride, compared to next week's battle against Randolph, it's a scrimage game. These two teams hate each other, and they have been waiting all year to prove the better team. Nutley is, by far, a better team. Nutley 28, Belleville 6."

Well, a couple of comments about that paragraph. First off, the game wasn't played like a "scrimage". I doubt if Nutley was even thinking about Randolph heading into this game.

The comment about how long the starters for Nutley will play was especially amusing. Nutley's starters played the entire game.

They were also passing the ball the entire game.

Belleville and Nutley don't "hate" each other. There was a tremendous amount of intensity and emotion attached to this game and afterward, a good deal of respect was put forth. Nutley was the better team this year, next year who knows what will

was the better team this year, next year who knows what will happen.

Criticizing another high school team really isn't necessary. Let the teams play on the field before the "better" team is

determined. Leave the predictions to those who know and understand high school football.

Good luck to the Raiders this weekend at Randolph. Nutley is truly an excellent football team. I haven't seen a team that big since the 1984 Union Farmers, who had awesome size and a

running back named Tony Stewart who ran the 40 in about 4,3.

This Nutley team is relentless. They have a super running attack and a fine passing game. Their defense is very difficult to penetrate, especially in the running game. Head coach Pete La Barbariera has done an excellent job in molding this club.

Some Belleville fans were a little miffed by the Raiders throwing the ball in the fourth quarter of a game where they already led by 17 points. Both teams played hard to the end, and I suppose Nutley wanted to show its superiority to the end. Whether the score was 30-13 or 38-13, it doesn't take away from Belleville's fine effort.

After all, two years ago, the Bucs led, 27-0 in the fourth quarter of the annual rivalry. John Senesky pulled most of his starters. Nutley scored two late TD's to cut the final margin to 27-16. It didn't take away from Belleville's joy after the game was over. It was still a win. I guess teams have a different way of wrapping up

(continued on page 18)

End season at 2-6-1

Bucs come up short in finale, lose to rival Nutley, 38-13

It was a valiant effort, but the Belleville football team was outgunned by the talented Nutley Maroon Raiders, 38-13 on Thanksgiving Day, 1988.

The loss ended Belleville's season at 2-6-1. Next week, the Times will wrap up the 1988 campaign. For Nutley, the victory improved its season record to 9-0-1. The season is not over for the Raiders, however. Nutley will battle powerful Randolph on Saturday for the championship of Group III, Section II. The game is at Randolph in a 1 p.m. kickoff.

The win was the second straight for Nutley over Belleville in the fabled series. The Raiders have also won four of the past five encounters, dating back to the 1984 campaign. Belleville head coach John Senesky was truly impressed with the Raiders.

"Like I said last week, they are an excellent football team. They have good size, an excellent offensive line, good running backs, a good quarterback and outstanding receivers. They are a great team, no question. The game with Randolph this weekend should be quite an encounter."

While Senesky praised the Raiders, he was also quite proud of his teams performance.

"Our kids gave everything they could. It was a nice effort. Our regular season record might not have been what we wanted, but a lot of younger players saw varsity

TALKING STRATEGY — Head Coach John Senesky (left) watches action with coaches Joe D'Ambola and Gennaro Russo.

action and the seniors on this years team provided a great deal of leadership.

"While the season wasn't ultra successful, I hope it will benefit those young men in the true game, the game of life. That's what really counts. I hope the experiences they encountered on the football field will help them with life's experience."

Although the final score will indicate a 25 point Raider victory, the game was a close affair for three

An early series of events showed that the Bucs weren't about to roll over in this game. Nutley, a simply powerful team with unbelievable size, took the opening kickoff to its 34 yard line.

On the first play from scrimage,

Raider quarterback Michael Higgins handed off to fullback Derek Hughes, a 260 pound power runner. Hughes broke a tackle at the line and took off down field.

As he gained speed, it was apparent no one would catch him. 66 yards later, Hughes had Nutley's first score and it looked like this

(continued on page 18)

Lemongello optimistic about next gym season

Despite a 3-6 record, the Belleville gymnastics team accomplished a great deal in 1988 and head coach Gina Lemongello has a lot to look forward to next season.

The girls will return a number of talented athletes and Lemongello feels that if the team continues to work during the off season, the results could be quite positive next fall.

"A lot of the girls plan to work at Mr. I's school during the off season," Lemongello said. "We'll have about 13 sophomores out next season, along with some talented juniors and seniors."

When Lemongello refers to "Mr. I", she is speaking about Ray Iannuzzi, the former Belleville gymnastics coach. Iannuzzi runs a gymnastics school in Belleville named "Perfect 10" and many of the high school athletes work at the school during the off-season.

The team will lose six athletes to graduation next spring. Heading the cast is the very talented Joell Veltre, a co-captain for the '88 season

It's going to seem odd to read a gymnastics story next fall and not see Veltre's name somewhere. She began her varsity career as a freshman in the fall of 1985 under the direction of then coach lannuzzi. In her freshman campaign, she gained immediate success and was instrumental, along with Kelli Glunk, in leading Belleville to its first ever winning season.

Veltre and Glunk both advanced to the prestigious sectional championships in 1985. For Veltre, it was especially noteworthy because not too many freshman are talented enough to make the states as a freshman.

In 1986, Veltre enjoyed another solid season and once again made the state sectionals, where she fared very well.

The last two seasons, Veltre has tackled the all around exercises, meaning she competes in all four events in a gymnastics match. This past season, she was second in team all around scoring, averaging 27.50 points a match.

Veltre was an outstanding gymnast for Belleville High School, She was named first team, all NNJII, for her outstanding performances in 1988. Veltre will be remembered as one of the finest gymnarts in Belleville High history.

Andrea Lemongello, the co-

captain, also enjoyed an outstanding gymnastics career. The younger sister of the head coach, Lemongello also competed for four years. Her best event was the balance beam, and the NNJIL named her Honorable Mention for her work on the beam.

Other seniors on the 1988 squad were, Michele Naso, Michele D'Alessio, Georgina Marano and Meliselissa Muscara. Unfortunately, the talented Muscara missed all of her senior year due to a knee injury.

Heading the returnees next year is junior Nicole Zelna. She was the leading scorer this year, competing in the all around and averaging 27.83 points a match. Zelna came on strong in her sophomore year in 1987 and continued to show outstanding improvement this year.

She was named second team, NNJIL, for her work in the all around. No question, she should be one of the top all around gymnasts in the conference next fall.

Another girl who should be a key contributor in '89 is junior Nicole Pucclarello. She competed in two events this fall and Lemongello is hopeful she will be an all around competitor next year.

Freshman Denise Wujciak enjoynjoyed a good year in the floor exercise and could be a major contributor to the Lady Bucs next season. Wujciak's older sister, Linda, was one of the best gymnasts in school history. Linda Wujciak and Gina Lemongello led the 1984 gynastics team under then first year coach Jannuzzi.

Sophomore Renee Coppola did well in limited action this fall and figures to Improve during the off season. Another soph, Danielle Groeling competed in most of the varsity matches and also showed excellent potential.

Three freshman, Laurie Alello, Nancy Matthews and Christina Ferrara also saw time on the varsity and should be a big help to next years team.

As for Lemongello, the second year coach did an excellent job in molding some of the younger talent and developing the more experienced athletes. Don't forget, Lemongello is just 21 years old, having graduated Belleville High in 1985. She will enter her third year of varsity coaching next fall with a promising team that could surprise a lot of people in the NNJIL.

 $\label{eq:under pressure bulk} \begin{tabular}{ll} UNDER PRESSURE - Buc quarterback Steve Tice unloads despite the efforts of Nutley's Derek Hughes. \end{tabular}$

Hoopsters prepare for upcoming season

With the Thanksgiving Day football game completed, the fall sports schedule at Belleville High is now completed. The attention focusses on the winter sports, and this week, we take a quick look at the basketball teams, which started practice last Friday.

The boys team, under third year coach Don Roll, is coming off an excellent cmapaign. The Bucs were 15-9 last year, the first winning campaign in 13 years for boys' basketball.

Players like Ted Sochaski, Leon Puentes and Chris Chiarmonte have been graduated, however, and Roll realizes his team will have some inexperience this winter.

"We have about 25 kids out for JV and varsity," Roll said. "We lost some good players to graduation. Right now, we're trying to develop some of our younger talent. We have some scrimages coming up and before you know it, our season will be under way."

The Bucs first scrimage will be December 6, when the team is host to Arts High School. After that, Bell'eville will battle Barringer and Perth Amboy in a tri scrimage on the 9th of December. The regular season opens on December 16, when the Bucs travel to Clifton.

Belleville will look to defend its Tri County Holiday tournament crown again this year. Belleville

won the title in '86 and '87. This year, the tourney will be contested at Belleville High, on December 27 and 29.

Belleville, Kearny, Good Council and Queen of Peace make up the four contestants in the tournament.

Roll's assistant coach again this year is Tom Bianchi, a former star at Seton Hall Prep and later Montclair State College.

For the girls, head coach Karen Fuccello doesn't quite know what to expect. She has lost three starters from last years team, with Racquel Melson having been graduated and Carol Morrison and Stacey Johansen continuing to rehabilitate after serious leg injuries last year.

Morrison suffered ligament damage in her knee last spring and will not be available this winter. Johansen true cartiledge in her knee last basketball season, and missed the final month of the campaign. She was able to come back for softball season, but broke her leg in her second game back and missed the remainder of that season. She, too, will be lost for the basketball

The girls will be led by seniors Laurie Dondarski and Simone Edwards. Edwards broke the 1,000 point career mark late last season and is second on the all time Belleville girls' basketball scoring list.

Department is presently taking names of individuals who would

Belleville Recreation

Belleville's offense came out

Stadium.

Both teams played strong defense and the score stayed at 14-7 at

The Bucs were quite enthusiastic

about their performance. They had battled the Raiders hard in the first half and were just one big play away from tying, or possibly taking the lead in the game.

In the third quarter, Nutley took a 22-7 lead when Hughes ran in from the six yard line on fourth and goal. The Raiders converted a two pointer when Higgins hit Vito Mielnicki with a pass in the end zone.

As the Raiders celebrated what appeared to be the back breaker. the Bucs made one last charge. On the ensuing kickoff after the Nutley score, Turano sent the Belleville sideline into delirium when he fielded the kick at his 13 yard line and ran 87 yards for a TD. It was the first time a Belleville player had returned a kickoff for a TD since Jeff Walsh ran one back against Marist in 1981.

Turano's score cut the Nutley lead to 22-13. The Bucs missed on the two point conversion, but there was new found life for the Belleville defense and the Blue and Gold came out fired up.

Turano was named the MVP of the contest for Belleville and Hughes, who rushed for 133 yards,

Bucs lose, 38-13

Nutley missed the point after attempt and led, 6-0.

strong, and quarterback Steve Tice just missed two open Buc receivers on Belleville's first posession. Later in the first quarter, the Bucs began a drive which would culminate in a touchdown.

Some crisp passing by Tice and timely running by Nick Turano and John Napolitano kept the Raider defense off track. On first and goal from the Nutley nine, Tice hit his favorite reciever, Ken Sainz, with a scoring pass and following the point after kick by Michael Capasso, the Bucs led 7-6 to the delight of an overflow crowd at Municipal

The lead would be shortlived, however. Nutley came back in the second quarter, using its potent running game and some key passes by Higgins to regain the lead. Higgins hit Frank Sposato with a 21 yard TD pass to give Nutley a 12-7 lead, 14-7 after the two point conversion that Higgins ran in from the three yard line.

was the Raider MVP.

Varsity Club sports dinner

The Belleville Varsity Club will be honoring the senior participants of all Fall sports at their annual Fall Sports Dinner to be held Thursday, December 8, 6:30 p.m. at the Wayne Manor, Route 23, Wayne.

Anyone wishing to attend at \$20 per person, may contact Grace Worley at 450-3454.

BUC SHOTS

(continued from page 17)

a game when it's noticably over.

I would like to express my thanks to Joe "Drac" Dibari for all his help this football season. Joe was one of the managers for the Bucs and offered his enthusiasm at every game.

ATHLETE OF THE WEEK All the senior football players on the Belleville roster deserve a special accomodation for their effort all season long. NEXT WEEKS ISSUE

A look back at the recent Belleville Hall of Fame dinner and some memories from previous Hall of Fame dinners. Also, a look at former Belleville football star Jamie Galioto who is doing well on the collegiate level.

DENTALLY SPEAKING By Drs. James D. Muglia and Paul N. De Maio

Mrs. B. asks: "I've heard that my headaches can be related to my bite. Is this true?"

Yes, Mrs. B., this is very true. Some headaches are caused by muscle spasms very similar to "charly horses" that you get in your legs. What happens to a muscle after extended use is a lactic acid build-up inside the muscle, preventactu build-up inside the muscle, preventing it from functioning properly and then it begins to hurt. When something causes the bite to change, either loss of teeth, a fractured jaw, or arthrifis in the joint, the teeth begin shifting to adapt to the change. When teeth shift, some may strike before others. To compensate strike before others. To compensate strike before others. Io compensate, the muscle remains tight, always under stress, to avoid hitting the premature tooth. These muscles begin to hurt, and the pain is felt as a headache.

If you are experiencing headaches that you cannot explain, check with your dentist. Perhaps he can help you.

Long Thanksgiving Day for Buc gridders

PACKED HOUSE - Portion of the estimated 8,000 fans who attended the Thanksgiving Day game.

HALFTIME ENTERTAINMENT — Belleville High School Marching Band performs between the first and second half of the Thankspiving game with Nutley

TOUGH YARDAGE — Nutley's Vito Mielnicki finds little running room before being swarmed by the Buc defense.

PILE ON - Bucs pick up some tough yards during second half action.

ONE OF THOSE DAYS — Belleville receiver drops the ball during action against Nutley. The Bucs suffered a tough season, finishing at 2-6-1.

Belleville-Nutley Thanksgiving Day Game — 1988

Photos by Michele Suchomel

ON THE MOVE — Buc running back Michael Senesky picks up yardage during Thanksgiving game with Nutley.

OPEN FIELD TACKLE — Buc defenseman Nick Turano makes a saving tackle on Vito Mielnicki of Nutley.

A FOND FAREWELL - The Buc senior cheerleaders pose with their gifts in between action Thanksgiving Day.

AWARD WINNING PERFORMANCES — Nutley Most Valuable Player Derek Hughes poses with Buc MVP Nick Turano and Varsity Club member Jack Gurrera.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Auction, in SHERIFFS OFFICE, Essex County Courts Building in Newark, on Tuesday, the 6th day of Decem-ber next, at one-thirty P.M., (Prevailing Time)

ALL THAT CERTAIN tract or parcel of land and premises situate, lying and being in the City of Newark, County of Essex and State of New Jersey, more particularly described as follows:

BEGINNING on the Westerly line of Cres-BEGINNING on the Westery line of Cra-cent Avenue at a point therein distant one hundred ten feet and thirty-two one— hundredths of a foot Southerly from the corner formed by the intersection of said line of Crescent Avenue with the present Southerly line of Chancellor Avenue; then-ce (1) North forty-seven degrees forty-nine minutes West one hundred six feet and fifty-nine one-hundredths of a foot; thence (2) South forty-one degrees forty-five minutes West forty feet; thence (3) South fortyseven degrees forty-nine minutes East one hundred five feet and thirty-three one-hundredths of a foot to said Westerly line of Crescent Avenue; thence (4) along same North forty-three degrees thirty-three and one-half minutes East forty feet and one-hundredth of a foot to the point or place of BECUNNING. BEGINNING.

BEGINNING.
BEING KNOWN AND DESIGNATED as
Block 3727, Lot 17 on the Official Tax Maps of the City of Newark, Essex County, New

Jersey, BEING COMMONLY KNOWN as 9-Il Crescent Avenue, Newark, New Jersey. A DEPOSIT OF 20% OF THE BID PRICE IN CASH OR CERTIFIED FUNDS IS REQUIRED AT THE TIME OF SALE.

The approximate amount of the Judgment to be satisfied by said sale is the sum of FIFTY FOUR THOUSAID TWO HUNDRED FIFTY-SIX DOLLARS AND TWENTY-SIX CENTS (\$54,256.26) together with the costs of this sale.

The Sheriff reserves the right to adjourn the sale from time to time as provided by Law. Newark, N.J. October 31, 1988 THOMAS J. D'ALESSTO, Sheriff Stern, Lavinthal, Ackerm. a. & Daly,

Belleville Times Nov. 10, 17, 24,

No. B88-398

TAX SALE

NOTICE OF SALE OF PROPERTY FOR NON-PAYMENT OF
TAXES, ASSESSMENTS AND OTHER MUNICIPAL LIENS.

PUBLIC NOTICE IS HEREBY GIVEN that the undersigned, Collector of Taxes of the
Township of Belleville, in the County of Essex, will sell at public auction in the Council
Chambers in the Town Hall of said Township on

WEDNESDAY, DECEMBER 28, 1988

at 11:00 A.M. the following described lands:

Said lands will be sold to make the amount of municipal liens chargeable against the
same on the first day of July, 1988 as computed in the following list together with interest
on said amount from the first day of July to the date of sale and costs of sale.

Said lands will be sold in fee to such persons as will purchase the same subject to
redemption at the lowest rate of interest, but in no case in excess of eighteen per centum annum. The payment for the sale shall be made before the conclusion of the sale or the property shall be resold.

Any parcel of real property for which there shall be no other conclusion.

(1) Shain be resolo.
Any parcel of real property for which there shall be no other purchase will be struck off and sold to the Township of Belleville in fee for redemption at eighteen per centum, and the municipality shall have the same remedies and rights as other purchasers, including the

right to bar or foreclose the right to redemption.

The sale is made under the provision of an act of the Legislature entitled, "An Act concerning unpaid taxes, assessments and other municipal charges on real property and providing for the collection thereof by the creation and enforcement of liens thereon." (R.S. 54:5-10 to 54:4-111.)

At any time before the sale the undersigned will receive payment of the amount due on any property, with the interest and costs incurred up to the time of payment.

The said lands so subject to sale are described in accordance with the tax duplicate, in-

cluding the name of the owner as shown on the last tax duplicate and the aggregate of taxes and assessments which were a lien thereon the first day of July, 1988, exclusive, however, of the lien for taxes for the year 1987 are listed below:

Given under my hand this twenty-third day of November, 1988. STEPHEN N. VOGEL, JR.

Reserve Space Now In The New Jersey Bell Yellow Pages.

The One That Works In The Newark Area.

95% of New Jersey adults use the New Jersey Bell Yellow Pages. One out of two (46%) of these adults uses the New Jersey Bell Yellow Pages weekly. And three out of four of these references result in a purchase or decision to buy. *

purchase or decision to buy.*

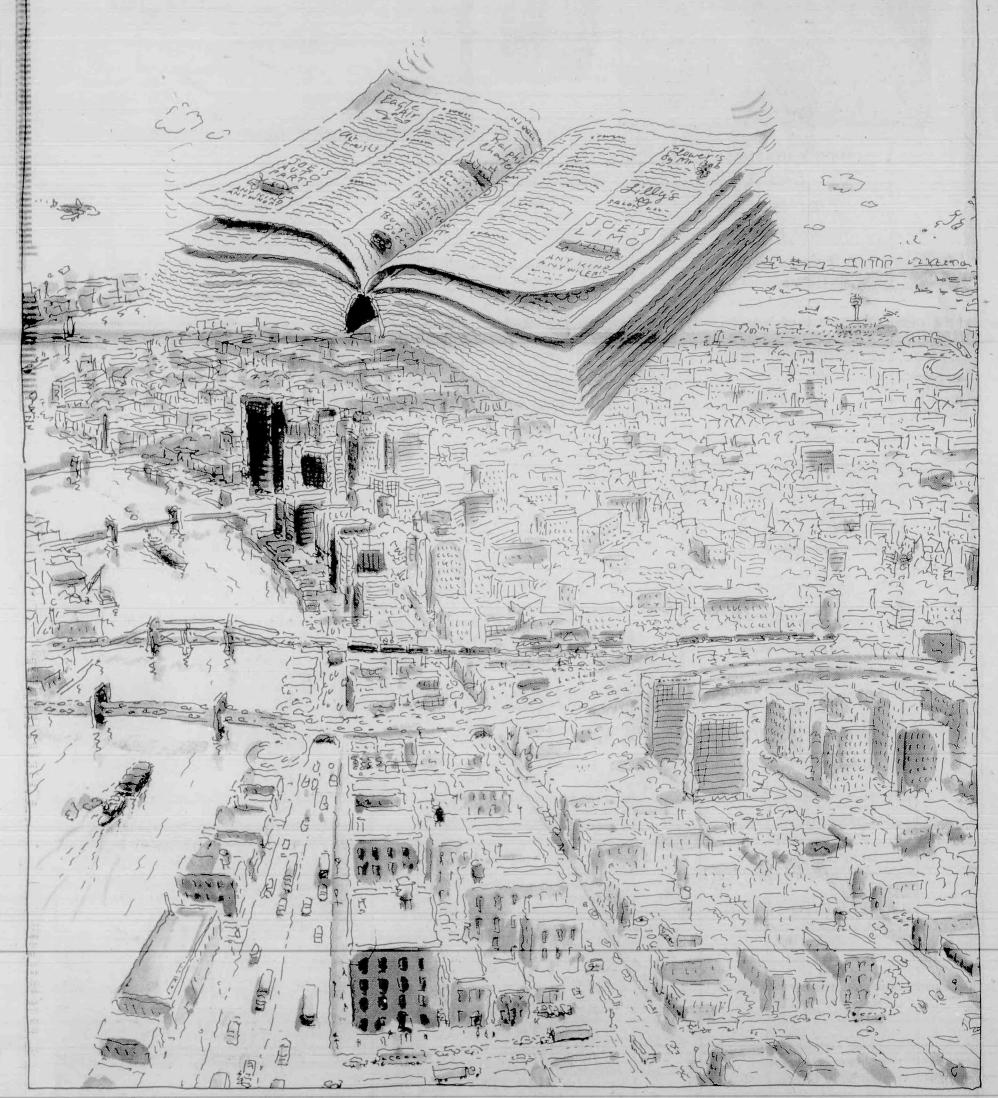

And over 50,000 people have written to tell us how much they like the New Jersey Bell Yellow Pages. ** By filling out reply cards in last year's directory, they responded to enhancements like:

- * An easy to use Table of Contents.
- A Community Interest section loaded with helpful information including highlights of Newark and vicinity.
- Government Blue Pages that make it easy to find listings of just about every office in Government, including local, county, state and federal.
- Green Discount Coupons that offer big discounts and incentives to consumers in the Newark area.
- * Action Index providing quick references to the Yellow Pages.
- * A complete Zip Code Directory for all of New Jersey.

With that type of response to our directory's features it makes more sense than ever before to have your ad in the New Jersey Bell Yellow Pages.

To reserve space now in the Newark Area Directory call 1-800-NJB-BELL. And put your ad to work in the one that works.

Based on 1987 Yellow Pages usage study conducted on behalf of Bell Atlantic by Chilton Research Services.
 Based on Uniquely NJ Business Reply Card entries from the 1987/1988 Directories.

NOVENA TO ST. JUDE This Novena has never been knbown to fail. This Novena must be said fo 9 censecutive days. Publication must be promised.
O Holy St. Jude, Apostle and Martyr, great in virtue and in miracles, near kinsman of Jesus Chirst, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the depth of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid. Amen

Say 3 Our Father's, 3 Hail Mary's and 3 Gloria's M.L.C.

Novena to St. Jude This Novena has never been known to fail. This novena must be said for 9 consecutive days. Publication must be promised.
O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the depth of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid. AMEN
Say 3 Our Father's, 3 Hail
Mary's and 3 Gloria's.

Gas Facts: Fossil Fuels

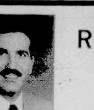

Natural gas is a fossil fuel composed almost entirely of methane. Other fossil U.S. energy consumption—about 40 perfets are coal and oil. Natural gas is by far the cleanest burning of the three, acprovides about 25 percent, coal 23 per-

cording to the American Gas Associa-tion.

The first use of natural gas in America occurred in 1816, when gaslights illumianated the streets of Baltimore, Md. To-day the natural gas industry serves more than 166 million consumers are than 166 million consumers. than 166 million consumers in all 50

cent, hydropower five percent and nuclear energy six percent.

However, about 40 percent of the oil

REAL ESTATE **FORUM**

By Jim Farese

Q.: What is the tax treatment of closing costs if I purchase an investment property?

A.: There are several expenses incurred when purchasing an investment property or vacation home. These will include:

a. Purchase Commissions; b. Legal Fees; c. Recording Costs;

d. Survey; e. Title Insurance; f. Transfer Tax.
You can add these costs to the cost basis of the property, allocating those proportionately between the land and the building for purposes of depreciation. If there are points or origination fees, these costs must be written off over the period

Q.: What is a Capitalization Rate?

A.: The Capitalization Rate or "CAP" rate is expressed as a percent and represents a rate of return expected by an investor. To arrive at the "CAP" rate: Deduct the total annual operating expenses (do not include mortgage payments) from the total annual gross income to arrive at a "net operating in-

Then divide the net operating income by the purchase price to determine the "CAP" rate. This is very desirable in comparing investment opportunities. The higher the rate, the better the return. Example:

Annual Expenses: Real Estate Taxes \$2,400 Insurance 1,000 Maint. & Repairs1,500 2,000

Annual Income: \$24,000

Gross Annual Income:

\$24,000 — \$6,900 = Net operating income \$17,100. Purchase price of building No. 1 — \$250,000. $$17,100 \div $250,000 = "CAP" rate of 7%.$

(Some of the questions may contain legal or accounting matters. Mr. Farese is not an attorney and advises you to consult the proper authority before any decision is made.)

Send your questions to: Jim Farese Century 21 A CV Real Estate 1170 Broad Street Clifton, N.J. 07013

"Add-On" A Heat Pump For Home Comfort And Energy Savings

Adding a heat pump to your existing of using electricity to create heat, heat pumps save you money by using electricnace puts you in complete control of your home's environment. During the summer months your add-on heat pump will provide efficient and reliable central air conditioning; for those cool fall and chilly winter nights, your heat pump will heat your home with the highestefficiency heating system available; and on the coldest winter nights, you'll use your regular furnace.

ity only to relocate the air's existing heat. Your heating energy return can equal up to two and half times your heating energy investment

A heat pump operates by absorbing heat from the air, and then transfering or 'pumping' this heat where you want it. In the summer, the hot air inside your home is absorbed and pumped outside. Heat pumps, which have been in use In the winter months, even when the outsince the 1950s, act as a single source for heating and cooling your home. Instead heat pump can absorb sufficient heat

23 Redwood Projects

36 page Redwood Book of Wood/Could ings, bills of materials, working with

II features detailed plans for 23 innovative redwood projects created by professionals in fine woodworking of the Northwest. Included are working draw Imgs, bills of materials, working with wood tips, plus the fascinating story of redwood. \$3.95 from Simpson Timber Company, Redwood Operations, P.O. Drawer V, Arcata, CA 95521.

Complaints of discrimination in housing on the basis of race, color, creed, ancestry, marital status, sex, handicap or perception of a handicap should be made by visiting the New Jersey Division on Civil Rights, 1100 Raymond Boulevard, Room 400, Newark, New Jersey 07102 or calling (201) 648-2700.

Gas Facts: Energy Use

Gas Association

about 18 percent of gas consumption and ergy for heating, cooling, hot water, cooking market for natural gas be-

About 36 percent of the U.S. natural gas cause of new high-efficiency generating delivered to consumers is used in the in- equipment. Another 16 percent is used in dustrial sector—providing energy for every the commercial market—heating and erything from mining minerals to processing food, according to the American and cooking in restaurants. The remaining amount—about 30 percent—is used Generating electricity accounts for in the residential market, providing en-

In Foam For Furniture, Bedding: High Density Means High Quality

Misshapen cushions illustrate how below-standard density foam can lose its shape, comfort and supportability. Shoppers are advised to insist on foam with at least 1.8-lbs. per cubic ft. density.

may reach \$25 billion. thane in a cu
Most of the furniture and bedding sold in. by 12-in. in the United States has some polyurethane foam in it-mroe than 90 percent of all upholstered furniture has foam cushioning; more than one of every 10 mattresses sold is made of foam. Even innerspring mattresses have topping layers of polyurethane foam.

Yet, despite the widespread use of foam in furniture and bedding, there are no standards to guide the consumer to a quality product

When used properly, foam in furnidurable materials found in the home," explained Marian Artinger, ASID, an in terior designer and home furnishings consultant with ARCO Chemical Company, producers of chemicals used to make polyurethane foam for bedding and

Though no quality standards for polyurethane foam exist and none are likely to for some time, Ms. Artinger did offer some hints on what a consumer should look for when buying foam upholstery and bedding.

High Density Means High Quality One of the best and simplest bench

marks of foam quality is density," explained Ms. Artinger, "that is the weight of the foam in a given volume of space.'

ARCO Chemical research has determined that polyurethane foams should have a polymer density—pure polyure-thane with no compounds added—of at polymer density of 1.8 lbs. per cubic ft.

Last year, Americans bought \$22.4 billeast 1.8 lbs. per cubic ft. or higher for lion worth of furniture. This year, according to industry projections, sales means that there is 1.8 lbs. of polyurethane in a cube measuring 12-in. by 12-

The reason for the 1.8-lb, density is that foam is composed of polyurethane and air. The more foam the less the air and, therefore, the more material to provide support, comfort and durability

Foams with a density below 1.8 lbs per cubic ft. don't give as much support to the body and tend to wear out more quickly. Often, such failed foam makes upholstery fabric appear to have stretched."In reality, the fabric wrinkled because the foam in the cushion no longer ture is one of the most flexible and most fills the cover," the design expert explained.

What Consumers Should Do

For consumers shopping for a polyurethane foam mattress or foam-upholstered furniture, Ms. Artinger recommends these four simple steps to insure choosing quality products that are durable, comfortable and offer good support:

1. Ask the salesperson about the polymer density of the foam.

If the salesperson doesn't know, have him ask his boss. If the boss doesn't know, ask him to ask the manufacturer.

3. Be sure to ask for polymer density. Some manufacturers add compounds such as silica, to the foam to make it seem more dense

4. For duability, comfort and support, buy polyurethane foam bedding and up-

Hints For Homeowners

Family security is one very good reason a growing number of homeowners are looking over their garage doors very carefully. They know that a wellmaintained garage door is an important key to keeping the uninvited outside and keeping families safely on the inside.

Following these tips from Frank S. Fitzgerald, president of the Garage Door Council, may help you during a garage door security check. Says Fitzgerald: If your garage door is damaged in any Dealers of America

way, don't put off repairs

An electrically operated door, if properly counterbalanced, will operate smoothly. If counterbalancing isn't done right at installation, it will reduce the life expectancy of your door opener.

Look for qualified repair people. Check the Yellow Pages under "Doors" Look for those dealers who display the emblem of the Far Western Garage Door Association or the Door and Operator

The Home Front

By Nina Kaeser

Did You Know??

There's no fuel like an old fuel — in this case, old rubber tires, now being used to fuel a power plant in Modesto, California. Waste tires are said to be a cleaner and cheaper fuel than coal.

When bricks flake, even used bricks, the problem is more often moisture getting in where mortar is missing than through the bricks themselves. Tuck pointing is recommended.

Nothing makes a small bathroom look bigger than mirrors and tub-to-ceiling mirrors are easier to keep up than wallpaper. Consider recessed lighting for an all-over glow.

New: A shower control that tells the temperature with a digital display. It works with pushbuttons instead of knobs.

Planning to move? The Interstate Commerce Commission has prepared a free pamphlet, "When You Move: Your Rights and Responsibilities." Ask your mover's agent for it.
