"SCHOOL NURSE DAY" SURPRISE — A cheerful basket of flowers arrived at Middle School nurse Noreen Curcio's office last Wednesday. Curcio battled a measles outbreak last September, and recently worked with the Health Dept., testing students and faculty for exposure to TB. (Photo by Anthony Buccino)

Town nurse's quick action helps in neighborhood fire

By Anthony Buccino

When she was told of a "big fire" in her neighborhood, Barbara Romano, R.N., never had a second thought about what to do. "After 30 years as a nurse," she said, "you don't have to think anymore, you just go."

Romano, a health department nurse for twelve years, received a certificate for her outstanding contribution to the community from Public Affairs Commissioner Joseph T. Fornarotto, who termed her actions "far and beyond the call of duty."

Romano arrived at the fire at 425 Greylock Parkway and immediately began working with police and firemen. According to Fornarotto, Romano jumped in and medically checked out the injured persons

and advised the manpower what action should be taken.

Two policemen were turned back by intense smoke when they tried to enter the building to search for an elderly man believed to be inside.

Three firefighters entered the third floor from a truck ladder and rescued the two men trapped on the third floor.

In addition to the two injured occupants, two policemen and two firefighters were later treated and released at Clara Maass Medical Center.

Romano attended victims by monitoring their condition while medics transported other victims to the hospital.

Health Dept. tests for TB

Board of Health officials and school nurses tested 122 students and 11 teachers at Belleville Middle School for exposure to tuberculosis following a report that a student had tested positive and other students and teachers may have been exposed to the bacteria.

Six students who tested positive on the Mantoux test received x-rays at Clara Maass Medical Center. According to Health Officer Tom Longo, the x-rays were all negative.

"We feel confident everything is all under control at this point," Longo said. "We're quite satisfied that everybody's protected."

Mantoux tests were scheduled Jan. 16 and all were completed by Jan. 19. Parents were notified of the testing in letters sent by the school Jan. 8.

The letter stated the nature and the reason for the testing and stated that parental permission is not required to test the students, but the school wanted the parents to be aware of the testing.

The letter was required to be signed by the parent and returned to the school before Jan. 11. Acknowledgements that were not returned signed by parents were

followed up with phone calls home. The school principal offered to answer parents questions or referred them to the school nurse.

The Mantoux test, developed by French physician Charles Mantoux, tests for hypersensitivity to tuberculin that indicates past or present infection with tubercle bacilli.

Positive reaction to the Mantoux test includes an inflammation between 5-15 centimeters. Under other circumstances inflammations between 5-10 cm. would not call for x-ray examinations. Six students who reacted positive to the Mantoux

test were scheduled for x-rays at Clara Maass Medical Center.

A positive reaction to a Mantoux test does not mean there is TB present. However, further tests are scheduled based on the positive reaction.

"A positive reaction is not necessarily a bad thing," a board of health source said. "A positive reaction simply means you have been exposed to this bug and your body has built up antibodies at some point along the way."

Before a student with a "full-blown case" could return to classes, the student would have to be abso-

lutely 100% non-infectious and have a doctor's release, the source said. This situation "was nipped in the bud."

All x-rays and medication in this instance are funded by the state, according to Belleville Health Officer Tom Longo. Students who required x-rays were given the option to see their own physician, but the state would not necessarily pay for the visit.

Tuberculosis is a highly variable communicable disease caused by the tubercle bacillus and character-

Monahan wins cable 'Ace' award; lights up Sinatra and 'The Strip'

Those pale skinned matrons sipping gin fizzes in front of their TV sets as they watched Frank Sinatra in the "Ultimate Event World Tour" on Showtime cable TV last year may have been recalling their days as bobby-soxers in the '40s and so missed the work of a technical master moving and pointing behind the scenes.

Now and then, though, someone more technically knowledgeable in stagecraft may have looked up from the couch beyond Frank, Lisa Minnelli and Sammy Davis Jr. at the curious fading and focusing of lights around the performers and know there was someone exceptionally skillful at work here.

Meet Brian Monahan. Brian is the son of Frank and Rosemarie Monahan of Rhoda Avenue in Nutley.

On Jan. 14 Brian won the "Cable Ace" Award for his lighting design and direction of the "Ultimate Event World Tour," an entertainment extravaganza that was precisely that since it featured some of the greatest names in show business on a world tour lasting the better part of a year.

Surely there are few better ways to put icing on a world tour.

Between world tours — and he's made several — he gravitates between the various entertainment capitals; New York City, Hollywood, Atlantic City and Las Vegas, then now and again gets to visit his parents in Nutley.

Monahan, who comes from south Belleville, is the son of a retired regional sales manager for Dial Soap. At Belleville High School, where he graduated in

1975, "he didn't play sports or do much of anything," his father said. Guidance counselors, teachers, psychologists and the variety of other schems paid to plumb the minds of man might have offered up little hope for someone so remarkably disinterested in school

for the firm's Opera House, big name entertainment, banquet facilities, affairs, conventions and high-roller parties," his father Frank said of those heady times.

Then in 1984 he was offered the opportunity to join the Frank Sinatra staff as lighting designer/director and work exclusively for Mr. Sinatra," he added.

Sinatra, who has been on stages for close to 50 years, surely knew an exceptional talent in any one of its many phases, and he was not to be disappointed.

Soon after joining Sinatra, Monahan began making several world tours, that series of entertainment events which landed him in the capitals of Europe, Asia, Australia and most places in between, and which eventually led to his nomination for the "Ace Award."

Now, between his major stints with the Frank Sinatra staff, he is busy designing and directing the lighting for Ann-Margret during her Las Vegas and Lake Tahoe performances.

There are the chosen, those we select as teenagers to toss the bat one to another so these teachers can in turn choose the progressively less talented to play first and short until in the end the last choices are the least able relegated to right and center field where they will be needed least and where agility counts for less than determination.

So now Brian Monahan is out there, and as they say in countless songs, going from town to town, and as Frank Sinatra himself might say, doing it his way, and all the time proving there's a lot of room for slow starters. By Alfred Cook

There he was responsible for the lighting, design and direction

Golden Comments

By Jim Golden

A "By-Line" story by Star-Ledger political writer David Wald appearing in the Sunday Star Ledger of Jan. 7, 1990 captioned "Amato tries to mend fences with Essex Dems" pointed out that Essex County Executive Nicholas R. Amato, preparing to seek re-election to a second term, sent a letter to more than 1,000 Democratic county committee members explaining his return to the Democratic Party in the fall and listing more than two dozen patronage positions he had filled with Democrats in his first three years in office.

Amato, a life-long Democrat who won election as county executive in 1986 running on the Republican line, reregistered as a Democrat Oct. 31 and intends to seek the Democratic nomination for county executive in June.

Essex County Sheriff Thomas D'Alessio is also expected to run in the Democratic primary election. Democratic organization leaders in Essex are expected to meet this week to discuss formally endorsing D'Alessio.

In a "follow-up" story dated Jan. 11, 1990 David Wald captioned "Essex Dem leaders back D'Alessio over Amato for county executive," explaining that Essex County Democratic leaders yesterday endorsed Sheriff Thomas D'Alessio for county executive in the party's June 5 primary.

D'Alessio, 55, a Nutley Democratic leader who is in his third term as sheriff, said he was honored by the backing of his colleagues last night...stating "This is the Democratic Party in Essex, I'm just honored they have the faith and trust to support me for county executive. It is not something I take lightly."

The Democratic leaders also endorsed Patricia McGarr Drake for county clerk and backed the renomination of Donald Payne for Congress in the 10th District.

Payne is in his first term in the House. Drake is running to succeed Nicholas Caputo, who is retiring after 30 years as county clerk. Caputo, first elected in 1960, is completing his sixth term this year.

Amato's letter to Democratic county committee members to emphasize his Democratic roots and point out that he would not have beaten incumbent County Executive Peter Shapiro without the help of Democrats made the point that one of those Democrats who helped was D'Alessio. The letter further notes that D'Alessio had once been a registered Republican, too...saying "I just wanted to put out a factual letter, I didn't bash anyone. I told people how it happened."

D'Alessio said he voted in a Republican primary in 1970 to support the renomination of Sheriff Ralph D'Ambola, a Republican. He said he registered as a Democrat one or two years later.

"I voted for a Republican in a primary, but I was never elected as a Republican like he (Amato)

was," D'Alessio said. "If he's going to run as a Democrat, he ought to return all the money he raised as a Republican," D'Alessio stated.

In 1986, Amato was seeking Democratic Party renomination for his fourth five-year term as county surrogate when Shapiro and Democratic County Chairman Raymond Durkin dropped him from the organization line. Amato then ran for reelection as surrogate on the Republican line, but in August, Republican Party leaders picked him to run against Shapiro.

Amato won the election with the help of Republican and Democrats opposed to a third term for Shapiro, who was the Democratic Party's candidate for Governor in 1985, losing to Gov. Thomas Kean in a record landslide.

Those Democrats supporting Amato, included Durkin as well as D'Alessio; however, Amato's patronage policies were a sore point between Republican Essex County Chairman John Renna and Amato who found them to be anathema.

Middle School students pass TB test

(continued from page 1)
ized by toxic symptoms or allergic manifestations which primarily affect the lungs.

The state department of health would have to decide whether to repeat the Mantoux test in six months, Longo said.

"Whenever we do tests," Longo said, "we always get a small percentage of positive reactors."

A positive reaction to Mantoux test does not indicate that there is an active TB case, Longo said.

Statedwide, positive reactions to Mantoux tests are increasing, Longo said. There are several reasons for more positive reactions including better screening, better reporting and better investigating done to find possible cases, he added.

Initial TB screening is provided to the entire township through the board of health in an ongoing program.

Middle School Principal Mario DiMaggio said that the doctor of the original student exposed to TB

reported the case to the NJ State Department of Health which then informed the local health and school authorities.

According to Belleville Superintendent of Schools Michael Nardiello, school officials met with state and township health officials to address the situation.

"We put together a plan of action," Nardiello said, "and we carried it off magnificently well."

Nardiello said he was "happy and pleased with the professionalism of all the services involved. There was commonality of purpose, and their actions galvanized so well, everybody reacted so well."

Belleville Middle School students are taught in a "team teaching" method which tends to keep students together for most of their classes, DiMaggio said.

"All student in class and activities, lunch and all the infected student's teachers were tested," he said.

It was not necessary, based on the Mantoux test results to test the

entire 570 students enrolled at the Middle School, DiMaggio said. However, if it were, the state department of health would request additional testing.

The Middle School last September reported three active cases of German measles. By the time the fourth case was reported, school nurse Noreen Curcio had begun to inoculate the entire student body as required by the state.

The Rubella inoculations may affect the Mantoux test results, Curcio said. The state may request follow up Mantoux tests in May. The TB incubation period is from 10-14 weeks.

"At one time, all eighth grade students were tested for TB," DiMaggio said, "but because of the few number of positives, the school district was exempted."

"By law, any student entering the school system must present a health record with the required shots noted and dated," DiMaggio said.

dinner-dance which will be scheduled later this spring was the focus of the meeting. Proceeds from the event are used to finance the Annual Scholarship Awards and many other projects to enhance the image of Belleville.

Last year, the group coordinated a donation of 10,000 tulip and daffodil bulbs by the Langeland Bulb Co. of Lisse, Holland. The CCB worked with Vincent Frantoni, Commissioner of Parks and Public Property in transporting the bulbs, distributing and planting the bulbs throughout the township.

The bulbs are already popping up, and will once again emphasize the beauty blossoming quietly in

Belleville. For more information about the group and its activities, write to C.C.B., P.O. Box 353, Belleville, NJ 07109.

OUR OPINION

A Letter

A letter is the warmest way
to bid a friend the time of day,
A keep-in-touch that brings the smiles,
Across the very longest miles.
And what a wealth of strength and hope,
Is tucked inside an envelope,
Reminding loved ones that you are,
At least in heart, not very far.

In no country, state or camp,
The wealth beneath a postage stamp,
For memories that never age,
Are written down upon each page.
And though it's nice to telephone,
One of the sweetest pleasures known,
Are moments shared in thoughts we send,
... That can be read, and read again.

Candidate watch

We owe it to our children, to our neighbors, and to ourselves to elect the most qualified candidates to office in May's council election. It should be neither a popularity nor a revenge election. It should be for the best future of Belleville.

The results of this election will prove that the people of Belleville will get what we deserve. If the voters can be won over by a free bus ride, or a breakfast here, or a sandwich there, or a campaign button there, then the future may be only as bright as our voters.

The people of Belleville decided last year to change the government because they were fed up with their leadership. But who voted in that leadership in the first place? Nothing will get any better if the same mistakes are repeated.

If, on the other hand, the voters pay close attention to the candidates, they will quickly see who are talking out of both sides of their mouths, and who really is in it for the best interests of Belleville. The real reason for running in this election should be because you love Belleville and want to do your best to bring about change for the better.

Some candidates may be in the race looking for power, watch for them. Some candidates may be in the race looking for prestige, watch for them. Some candidates may be in it just to be called councilperson, watch for them. Some candidates may be in the race to give their heart to Belleville, watch for them.

Take every opportunity to speak to your fellow citizens who declare their candidacy for the council. Ask everyone of them what they will do for Belleville. And don't accept campaign promises. Seek out the most sound reasoning from the candidates. Look for the most comprehensive plan to turn the town around. Ask every council candidate if elected councilpersons should accept any pay from the township; if they should accept a township vehicle; if the township should pay for honorary parties. Listen closely and mark their answers.

If any one of them says they deserve compensation to serve on the council, then be sure to ask them how they would intend to pay for these little perks. Ask the candidates for an alternate to their own plans. See if your candidate is flexible and will be able to work in a body that compromises often. Or will the candidate as councilperson become inflexible and snap?

No one should be elected because he is against what someone else is for. He should be elected because of what he, himself will do. Ask for the plan, short-term and long-term to bring back Belleville as it once was. Don't be shy with the candidates, be bold and seek the truth. And don't be buffaloeed by political rhetoric. There's a lot riding on your perceptions of these candidates. And, a lot is saying a little.

We sense the exasperation of the citizenry who see our current officials and say they do not belong in office. We sense another coalition that says this one or that one is the only good one. We hope the new government will not be more of the same. After all, how much bickering can one town stand?

In the next two months we'll all have plenty of opportunities to closely examine and select the best candidates who will be able to turn Belleville around, the candidates who will use their office to restore the dignity that has eroded from Belleville's glowing pride.

On May 8, we'll have to vote as if our future depends on it. Because it does.

YOUR OPINION

'Frantantoni baloney' answers nothing

To the editor:

Mr. Buccino, may I extend to you my sincere compliments on your most perceptive and profound editorial "Our Opinion" in the Jan. 18 issue of the Belleville Times regarding the educational and financial realities facing the Belleville school district. I commend you on your insight.

Last week in a letter to you, I attempted to bring to public attention questions that were asked in a public meeting by another citizen. But, answers to which were evaded by Commissioner Frantantoni with his usual rhetorical attack on that citizen, on me, on the Board of Education (past and present) and just about anybody else that does not swallow his TRIPLE!

In his letter, "Frantantoni responds," of Jan. 18 to the Times, Mr. Frantantoni does it again ... another dose of "Frantantoni Baloney" from the six million dollar (debt) man.

To the question, "Is the proposed Public Safety Building a three story 24,000 sq. ft. building, or a four story 32,000 sq. ft. building?", Frantantoni's response... NONE, just evasive "Frantantoni baloney". To the question, "At what public meeting was a resolution or ordinance introduced to authorize and approve the additional 8,000 sq. ft. and fourth story and the spending of taxpayer money beyond the remaining funds of the five million dollar bond issue?", Frantantoni's response...NONE, just evasive "Frantantoni baloney". To the question, "How does he justify his creation of a six million dollar pork barrel debt, after he cost the taxpayers over \$800,000 in wasted engineering and architectural expenses when he was against spending 5 million for a building that could be built then for \$1,666,000 and now supports spending 6 million when it could be built for \$2,099,160?", Frantantoni's response... NONE, just evasive "Frantantoni baloney". I would invite anyone to read his letter again, maybe you can find the answers, I can't.

Anyone who read my letter of 1-11-90 to Times, and his so called "response" would learn two things. Frantantoni's letter was NOT at all a response to the subject issue. What it was, was a letter of personal attack, laced with a special venom of his own. It's the kind of letter one might expect from a manic-depressive-compulsive paranoid-like personality. You know the type; nobody's worthy of his trust, and nobody else can be trusted.

Although I have responded to this same "Frantantoni baloney" many times before, I guess election time coming is making him desperate and nervous. While I certainly wouldn't want to be responsible for Commissioner Frantantoni having yet another nervous breakdown, I must defend my family name which he attempts to publicly malign.

ON BLIGHT, Frantantoni was against it because he was left out of it. The Planning Board did approve the concept otherwise the Board of Commissioners would have never gotten to vote on it. The LIES told to citizens in the valley by his "gangle of geese" brought citizen opposition and subsequent rejection by the Commissioners under pressure. How many millions of dollars of new tax assessables has Frantantoni's "Revitalization Plan" brought to the Washington Avenue shopping area? Have your taxes gone down because of it? Better yet, you drive from one of Washington Avenue to the other and you count the vacant stores. Begin with the four empty ones within 200 ft. of town hall; and check out No. 129, 139, 139 1/2, 141, 143, 234, 306, 310, 326, 364, and 369 for starters.

ON NEPOTISM, I served on the Board of Ed from April 1983 to April 1986. My daughter began her career as a substitute teacher in 1979 well BEFORE my term of service. She was given a contract in SEPTEMBER 1986, long AFTER my term ended. She continues to distinguish herself as a superb teacher of mathematics. My son, an accomplished musician, taught the marching band drum line during the summer BEFORE I was re-elected for a small stipend. As common sense and good conscience would dictate, I abstain from voting on any specific salary issue relating to my family, and follow

Constructive change

To the editor:

I would appreciate if you would print the following article from the Congressional Record in 1962, spoken by Leo Rosten at the National Book Awards. It certainly reflects very sincere and true words that have been forgotten by people in these times.

It is very sad that the very people who elect their officials to govern, seem to contribute only negative positions to their elected officials. I suggest to this group of people to attend town meetings and participate in a constructive manner in helping our elected officials to solve our many problems plaguing our towns and state.

There is enough time for constructive change and for all of us to search our hearts and to have a legacy for our children and grandchildren that we have done well.

Submitted by:

Raymond Pizzano

From The Congressional Record April 14, 1962
Spoken by Leo Rosten at the National Book Awards,
Washington, D.C.

"The purpose of life is not to be happy — but to matter, to be productive, to be useful, to have it make some difference that I lived at all.

"We must not live fanaticism with courage, and idealism with caution.

"We must learn that those we like are not always right, and those we don't like are not always wrong; for an idea has nothing to do with who is for it or who is against it.

"We must learn to seek change without violence. Always change, and never violence — not even in words, much less in deeds.

"We must be strong enough to be gentle.

"We must know that life will always have unbearable stretches of loneliness, and that we can never be truly understood — even by those who love us; and that we cannot completely understand someone else, no matter how much we want to. We must moderate, therefore, our demands on others.

"We must have the courage to live without absolutes, without dogmas, the courage to seek imaginative escapes from the strait jackets of conformity, know — with Emerson — "Whoever would be a man must be a non-conformist.

"We must learn to meet life in a series of tentative and imperfect adjustments, knowing that the final goals may never be reached, that the last truths may be forever unknowable, but that life holds nothing more precious than the process by which, to the fullest stretches of which man is capable, we stretch the mind and the heart."

Board Counsel's legal directives on general salary resolution voting. Mr. Frantantoni apparently doesn't fully comprehend nepotism. Nepotism, Vinnie, is when you get elected commissioner and then while you're in office you put your wife and your son on the town payroll; like you did!

ON BOARD OF ED BUDGETS, The 66 tax point increase budget of 1989-90 was prepared in November and December of 1988; and as you know I did not get elected until April 1989.

The budget that I showed your administration how to cut \$750,000 out of, and which was followed and even increased to cuts of \$886,000 by you, must have had some merit to it.

By his sentence, "Just who is deluding the gaggle of geese", Mr. Frantantoni unwittingly acknowledges my perception of his followers.

Talk about who got elected by accident. Mr. Frantantoni needs to be reminded that the upcoming election came about because many citizens, including many who voted for him have repudiated his brand of government and voted for a change in less than half the time he was supposed to be in office. Yes, when he and I were president and vice president of the CCB, and had worked hand in hand for some nine or ten months (he provided the MOUTH, and I provided the BRAINS) it seemed natural and expected by the CCB members that we run as a ticket. The real reason we didn't was because of what Frantantoni told me in his own kitchen. He said that he had to run alone because he had three big money backers that insisted he do so. Maybe that is why he made the 180 degree turn around on the Public Safety Building construction price. Could it be, Vinnie that among those three big money backers were some engineers, architects or builders?? The only thing positive about what this administration has done for the direction of Belleville is to assure that it has been positively stagnated.

By the way, wasn't it Frantantoni who said he would never take a town car because he thought it was a waste of taxpayers money? Wasn't it a town car that he had an accident with on Washington Avenue shortly after he was elected??

Will Frantantoni never learn that lies, distortions, untruths, and false promises come back to haunt their author?? Will he never learn that rhetorical personal attacks will only get the same and are no substitute for facts... especially if you live in a glass house?

Mr. Frantantoni, my children's abilities and accomplishments are the pride of my life. I wish that every parent could some day experience such feelings of pride. Perhaps even one day even you will too.

Let's stick to the factual issues, and forget the "Frantantoni baloney".

Jr. Bucs thank Disporta

To the editor:

A special "thank you" is in order for a very special lady, Judy Disporta, president of the Parent Association of the Belleville Recreation Junior Bucs' 1989 season.

It was a difficult position to which she was elected, trying to please everyone, yet never forgetting the main purpose of the Association — our children. She not only was able to get the parents involved, but also added a breakfast, which was held at the Chandelier on Jan. 21, 1989. Each child participating in the program was honored. Trophies and sweat shirts were given to each child.

We wish Judy luck again next season with our Association. She definitely is an asset to our organization, because we know that first in mind and heart are our children. Thank you.

Repeats 'God bless Joe'

To the editor:

It was gratifying to learn someone did notice my letter and I am grateful for the response. My positive adjectives were turned around into negative thoughts and rightfully so because we all reason differently. Everyone is entitled to their own opinion.

Now, how about some more feedback... from those of you who see Joe as I do. Remember, I never said he was perfect. What I said was "we can sleep better" knowing he is around.

I repeat, "Joe, God bless you."

Are you taking the SAT for the first time or trying to improve your scores? The Belleville Public Library and Information Center has a number of test preparation books to help you, audiocassettes, as well as videocassettes in studying for the verbal and math portions of the SAT.

Although these tools will not insure a top score, at least they can give you an approach to taking the test and what to expect. Good luck!

What's new in reference for Black History Month?

As a result of a matching grant from the Dr. Martin Luther King Jr. Commemorative Commission, the Belleville Public Library has added three references to its collection on black history. The first "Who's Who Among Black Americans" by Iris Cloyd provides 17,000 biographical sketches of men and women who have changed today's world and are shaping tomorrow. "The Negro Almanac: A Reference Work on the African American," contains an historical chronology of black history, significant documents, and historic landmarks of black American civil rights, organizations on black education, employment, and unemployment, income earnings, blacks in colonial and revolutionary America and in the military service, inventors and scientists, prominent black Americans and black firsts, just to name a few. Finally "Black Americans Information Directory, 1990-1991" by Daren L. Smith, editor, is a guide to 4500 organizations, agencies, institutional publications, concerned with black American life and culture.

AARP tax counseling at library

The Belleville Public Library, located at 221 Washington Avenue, Belleville, is pleased to announce that it will be a site for AARP Tax Counseling for the Elderly. This free service is provided by an AARP Trained Tax Aid and will be available on Wednesdays and Thursdays, 10 a.m. to 3 p.m., beginning Feb. 1 and running through April 12.

People interested in taking advantage of this service in preparing their tax forms, both State and Federal, should call the Belleville Public Library at 450-3434 to make an appointment. Once an appointment is made, it is very important to bring the following items when meeting with the Tax Aid:

1989 W2 wage report, if employed; 1989 W2P if retired; 1989 Medical expenses, receipts; 1989 interest payments and interest income; 1989 charitable contributions; 1988 completed 1040 tax return (completed in 1989); miscellaneous expenses; 1989 Tax Packages from the IRS and State of New Jersey.

Anyone interested in volunteering to assist in this AARP Tax Counseling Program for the Elderly should call the library at 450-3434 to arrange for training and the opportunity to contribute this valuable service to the elderly.

Residents finalists in 'Bonus Million'

Three Belleville residents were finalists in yesterday's New Jersey Lottery "Pick-6 Lotto" Bonus Million Grand Prize drawing at Showboat Hotel and Casino in Atlantic City.

At press time, the residents, Toni A. Cozzi, Romolo Potenzzone, and Don P. Schlosser, were among the 285 finalists for the drawing of the

top prize of \$1 million, payable over 20 years.

The finalists won their way into the drawing by matching, in exact order, the five-digit Bonus Million Game number picked Monday and Thursday evenings as part of the televised drawings for the "Pick-6 Lotto" twice weekly game.

Entered in the Jan. 31 drawing were those winners whose claims have been received by the lottery in Trenton by Nov. 29. Additional Bonus Drawings will be announced in the future.

Yesterday's drawing was to include 14 additional prizes, all in cash, totaling \$220,000.

RELIGIOUS VIEWPOINT

Gerald Fortunato, Pastor
Silver Lake Baptist Church

Eternal Life, What Is It?

Eternal. What is the meaning? Webster says, "It is everlasting or without end; or infinite duration, ageless, ceaseless, unchanging, immutability, timeless."

Life. My Webster dictionary has 124 lines of fine type attempting to tell us what life is. I have experienced more than four decades of it, but I am at a loss to know what it is. If I ask a chemist, he can tell me what it is. A mother produces a life but she is helpless to tell me where she got it. She produced a life? Did she? A child, yes, but a life? If life is eternal, then she did not produce it, at least not originate it.

Life from the dictionary: "The quality that distinguishes the organic from the inorganic." That definition describes quality, but yet, what is life? Life? It is existential Existence is eternal. God exists. He is eternal. When your child was born, did you produce life or the vessel that holds life? The vessel eventually ceases, but the life continues in one of only two places - heaven or hell. Neither heaven nor hell has the capacity to end life. Life does not cease when it leaves the body. It merely changes location - heaven or hell.

Life? "The principle or force by which plant, animal, or man functions." But what is that principle? Whatever it is, it is produced by God.

Possibly the best statement is John 14, "In Him was life; and the life was the light of men." Also in John 17:1-3, "Jesus lifted up His eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify Thee: As Thou has given Him power over all flesh, that He should give eternal life to as many as Thou has given Him. And this is life eternal, that they might know Thee the only true God, and Jesus Christ whom Thou has sent."

Carolyn A. Pohl, 82 taught here 38 years

Carolyn A. Pohl, 82, a former township educator died Dec. 20 in Woodlands, Calif.

Miss Pohl began her formal education in a one-room schoolhouse near Flemington, and rode a horse to public high school. She was graduated from Newark Normal School in 1926 and taught in Belleville for 38 years.

Miss Pohl followed her Normal School motto, "One who dares to teach must never cease to learn."

She earned her Master of Arts from Rutgers University and her Master of Education at Columbia University. She was a member of Kappa Delta Pi and a life member of the National Education Association.

Born in Irvington, she lived in Belleville before retiring to Englewood, Fla.

She is survived by a sister Ann Pohl McGuinness; a niece Carol Muir; two nephews Jim and Niall McGuinness.

Harry Tuck, 72

A Mass for Harry Tuck, 72, of Belleville was offered Jan. 25 in St. Peter's Church, Belleville, after the funeral from the Kiernan Funeral Home, Belleville.

Mr. Tuck, who died Jan. 22 in Clara Maass Medical Center, was manager of shipping and receiving with the Walter Kidde Co., Belleville, where he worked for 40 years before retiring in 1980.

MEDICALLY SPEAKING

HOARSENESS

Q: What is hoarseness?
A: Hoarseness is an alteration in the normal production of the voice by the vocal cords.

Q: What are the causes of hoarseness?
A: Most cases are caused by infection (laryngitis), or smoking, which can cause vocal cord nodules and polyps.

Q: Who should have an examination by a throat specialist?
A: Anyone who has hoarseness persisting for two weeks.

Q: Have there been recent advances in the diagnosis of hoarseness?
A: Yes. With the FLEXIBLE FIBEROPTIC LARYNGOSCOPE, a complete examination of the voice box can be done in the office without discomfort.

Q: What if I need surgery?
A: Surgery can be done under general anesthesia on an outpatient (same day) basis. All removed tissue is sent for a biopsy study. Modern techniques such as the OPERATING MICROSCOPE and, in indicated cases, LASER, allow accurate and precise surgery. Recovery is rapid with patients able to resume most activities the next day.

Belleville Times SPORTS

BUC SHOTS

By Mike Lamberti

A devoted baseball fan submitted some information about the program in the mid to late 1980's and I'd like to share some of that with you as we finally complete the decade this week.

The '86 team, which posted a record of 20-11, was paced by Dave Long, who hit .430 that year with 6 homers and 44 ribbies. Others who played well that year included Al Roup (.350 average), Al Best (.396 average), John Auriemma (.322 average) and Jim Dunphy, who hit .3895 with 26 ribbies.

On the mound, Dunphy led the way with a 7-2 record, Bob Hutchison was 4-2, Lou Lucante finished with 3-0 and Ernie Brodie and Jay Marchese each won two games. Roup rounded out the pitching staff with one victory.

At seasons end, Long was named first team, all county and was selected to the all state team for centerfield.

The '87 team, which posted a 21-9 mark, was paced by Lucante, who hit .424, Jeff Spilbury, who hit .378, Marchese (.377), Jamie Galotto .367 and Best, (.361).

Lucante, Dunphy and Spilbury all led the team in homers with three each. Pitching was paced by Dunphy (6-4), Lucante (4-2), Hutchison (5-3), Frank Orrei (3-0) and Marchese (3-0). Three players, Dunphy, Marchese and Spilbury all gained Division One baseball scholarships.

The '88 team, which finished 17-10, was led by Marchese and Spilbury, both of whom hit the ball with tremendous efficiency. Marchese hit .525 and led the team in ribbies with 34, homers with five and triples (nine). Spilbury hit .532 and led the team in hits and doubles with 48 and nine respectively. Spilbury also led the team in runs scored with 33.

Marchese broke Frank Fazzini's single season batting average mark of .543, set in the 1981 campaign.

Okay, we will now wrap up the 1980's by remembering 1989.

1989: On the national sports scene, the San Francisco 49ers win a thriller over the Cincinnati Bengals in the Super Bowl. The final score is 20-16, with the winning score coming in the final :30.

Our own David Grant sees significant action in the game as a defensive lineman.

The Oakland A's dominate the World Series, sweeping the San Francisco Giants, 4-0. Of course, the series takes a back seat to the tragic earthquake that rocks the Bay Area just before game three of the series.

The Detroit Pistons detrone the L.A. Lakers, sweeping the finals in four games. The Calgary Flames win their first Stanley Cup.

In college sports, local basketball fans are ecstatic when Seton Hall advances all the way to the NCAA title game before losing a heartbreaker to Michigan, 80-79. In college football, Notre Dame wins the national title, routing West Virginia in the Fiesta Bowl.

Locally, the year starts with the girls' basketball team playing well and finishing with its second straight winning campaign.

Laure Dondarski scores her 1,000th career point. She is just the third player in Belleville girls' basketball history to eclipse the mark. Teammate Simone Edwards did it in 1988 and Jennifer Apicella is the all time leading scorer.

Edwards has another solid season and the two girls help the Lady Bucs post a 13-2 record. The team loses a tough game to University in the ECT and falls to Irvington in the semi finals of the sectional tournament.

Head coach Karen Fucello wins her 200th career game.

The boys' basketball team struggles, posting a 5-9 mark. Head coach Don Roll is optimistic about the future of the team. Strong play is turned in by returning athletes Jim Krupka, Doug Hoogenyke and Andy Dullaine.

In the spring, the baseball team rallies from a slow start and finishes strong. Second year coach Nick Grand receives strong performances from Frank Orrei, Dan Viscel, Carmen Spina, Ron Capriglione, Steve Iannuzzi, Dan Viscel, Anthony Rodriguez, Steve Tice and Mike Finan.

The golf team has a strong campaign, highlighted by a second place finish in the county championship. It's Belleville's best showing in the rugged ECT since the '81 season. Gene D'Allesandro's team is paced by Anthony Alvino, who finished fourth overall in the county.

Others who did well for the linksters are P.J. Tabbi, Chris DuHaime and Sal Taibi.

The softball team has a phenomenal year, finishing 23-4 and winning the county championship. 1989 marks the ninth time in the 80's that the team has been to the county championship game. However, the girls had not won the county title since the '83 campaign.

In a tense contest, Belleville steps Livingston, 1-0 in ten innings. Stacey Johansen pitches ten innings of shutout ball for the Lady Bucs. Mia Haas collects the game winning RBI in the tenth that breaks the scoreless deadlock. Edwards scored the winning run from second base.

Outstanding performances are turned in by Dondarski, Edwards, Johansen, Jennifer Bridge, Carol Morrison, Yreca Donnelly, Diane Di Vincenzo and Jennifer Aiello.

Carl Corino's troops also take home the NNNJL title, ending the decade as one of the most successful programs at Belleville High School.

The crew team enjoys another solid campaign, but sadness hits the team and the entire school late in the season.

Sam Giuffrida, the legendary crew coach at Belleville for over 20 years, dies of a heart attack at school. His passing leaves a numbness over students, faculty and alumni.

In September of 1989, a courtyard at Belleville High is dedicated in his memory.

The track team is led by Emilio DeGua, John Matos, Brian Doyle, Dave Boree, Bryan Rock, Andy Hutchison, Phil Patuto, Quang Ngo, Steve Caponi and George Wallace.

In the fall, the football team wins its opener, but then drops its next eight games. The Bucs play hard, but injuries take its toll and a difficult schedule keeps the team on its toes.

The gymnastics team wins two matches. It's led by Danielle Groelling, Nicole Zelna and Nicole Pucciarolo.

The soccer team wins one match, but head coach Gino DePinto is optimistic about the new decade. The Bucs are paced by Frank Crocco, Franco Vitello, Mike Parachini and Alex Moreno.

We could probably go on for hours about the 1980's and Belleville sports. It was so successful, with the wrestling and softball teams each posting winning seasons all ten years of the 80's.

We enjoyed the close games, even when they were losses. We enjoyed the victories and county, conference and state crowns. Most of all, however, we enjoyed watching our athletes compete and wear the blue and gold with pride and distinction.

Grapplers rout Teaneck, J.P. Stevens

Buc domination continues

By Joe Pieguro

Two more victories, easy ones at that, and a perfect 9-0 record for the year. Where do the superlatives end? A 71-6 embarrassment of Teaneck was nothing more than two programs headed in different directions. The 40-15 decision over J.P. Stevens was another blowout, but it showed a possible chink in the Buc's armor.

Although the first ever meeting with the Hawks resulted in a 25-point victory, the team as a whole looked solid and uninspired. When asked to comment on the performance versus J.P. Stevens, head coach Joe Nisivocchia replied, "Of course, I'm happy with the win, but it is obvious we haven't peaked as a team yet. That may be a good sign, what with the County Tournament and Bloomfield only a week away. We certainly have room for improvement."

A few adjustments had been made in the starting lineup this past week, with fair to good results. Freshman Joshua Cardinale was inserted in their 103-pound slot and came away with a 1-1 report card, a forfeit win at Teaneck and a 7-1 decision loss versus Ron Reynolds of J.P. Stevens. Junior Jimmy Mastro-polo took over the 145-pound class from Phil Albanese and recorded an important pin over Aaron Brand of Stevens and a forfeit win at Teaneck.

Coach Nisivocchia knew that Teaneck was not a strong squad, so he gave a few sub-varsity wrestlers the opportunity to sneak

a peek at the big time. Ninth grader Carlo Ritacco was pinned by Ilin Martinez at 125 pounds, while junior Chris Talbot was awarded a forfeit victory at 135 pounds.

The end of January and the beginning of February are traditionally difficult times for high school wrestlers. Most boys hit a stale point in their season and sag a bit in performance. Most of the time this leads to surprising losses or sub-par execution of their respective skills. The J.P. Stevens match was a clear example.

Josh Cardinale had beaten his opponent badly in two previous appearances, yet appeared flat on Saturday. 135-pounder Joe Omabalsky had beaten his foe, Dan Barros by a 14-2 margin only two weeks ago in the Elizabeth Minuteman Tournament but lost a 2-1 nailbiter Mike Costa, wrestling at 171 pounds, had at least a half dozen chances to put away Mike Grashorn of Stevens, but fell short and lost a 6-5 decision. Angel Marin, Belleville's 189-pounder, got caught in the same move a dozen times and gave up a 9-4 decision to Hassan Bayoumy.

Yet there were matches that gave a few Bucs an opportunity to shine, and a few of them did just that. Ralph Perna recorded his fourth straight fall by flattening Sean Cash at 5:01 of the final period. Junior Nordone extended his record to 13-0 by pinning Craig Schachter at 2:40 of the second frame. 135-pounder Lee Hands had a rugged test with Mike

Iacono, and responded with a well oiled 8-2 decision. Dan Hywel used only 28 seconds to pin George Crowthowicz and extended his own unbeaten streak to 13-0 with 12 pins. Finally, Ken Henry won his third straight match via Technical Fall as he clobbered Scott Amiro, 16-1. Kenny has outscored his last three foes by a combined 47-2 margin.

In other bouts, Mike Miele won a 14-1 decision over Glen Alabado, Vinnie DeSimone lost a 3-2 heartbreaker to Mike Parottili and George Wallace scored a 10-1 Major Decision over Ernie Diez.

The Essex County Wrestling Tournament will be held this Friday and Saturday at Essex County Community College with a field that may just be the best ever for the event. Any one of five teams could win the title, including Belleville, Bloomfield, Caldwell, Columbia and St. Benedict's.

A name-dropper could have a field day at this tournament as the list of performers is indeed awe-inspiring. The 103-pound class is loaded with talent, with Tarrance Paul of Irvington (2nd in the state last year), Rich Bustamante of St. Benedict's, Andy Siris of West Essex and Blake Maffei of Caldwell all vying for a first place finish. Paul, of course, is the favorite.

Jerry Allora of Bloomfield is the pick at 112 pounds in a relatively weak class. At 119, Anthony Mielnicki of Nutley and our own Ralph Perna (both returning regional champs) will share a dif-

ficult division with Caldwell's Nick Fiore.

Junior Nordone appears to be the class of 125 pounders, but 130 is packed with the Buc's Joe Omabalsky, Lamar Melton of St. Benedict and Damian DeVito of Glen Ridge.

The 135-pound division is also a monster class, with Lee Hands of Belleville, Pete Wolfe of Bloomfield, Leiland Griffin of Essex Catholic, Rick Volpe of Glen Ridge, Paolo Custodio of Columbia and Dante Caprio of Seton Hall.

Caldwell's Mike Kwapiewski is the gem of the 140-pound division, while Jamie Stanisci of Glen Ridge and Jon Anderson of Caldwell (returning Region 2 champ) should vie for the 145-pound title. St. Benedict's Joe Huss is also a tough guy at 145 along with Dwayne Greene of Montclair.

152-pounder Dan Hywel seems to be the cream of this division and should be one of the finalists for the gold medal. He may be tested by Sean Knorr of Seton Hall. At 160 pounds, Paul Szep of Bloomfield and Ken Henry should meet again, but Anthony Ballard of St. Benedict's could throw a monkey wrench into those plans. Matt Szep of Bloomfield is a class-of-the-1970's, but 189 is a toss-up among Nikki Kemp of Montclair, Kenya Monour of St. Benedict's and Carl Scheuten of Bloomfield.

Bucs play tough, but lose three more

The Belleville boys' basketball team saw its losing streak hit 12 games last week as the Bucs dropped games to Paramus, Nutley and Montclair Immaculate.

The Bucs took a 1-14 record into a game with Paramus Catholic last Tuesday. This afternoon, the team is at Teaneck for a 4 p.m. game. Next Tuesday, Belleville is host to Hackensack in a 4 p.m. tip off.

Against Nutley, the Bucs fell by a score of 72-61 after leading by two points heading into the final quarter.

"We're going with some of the younger kids, trying to give them experience for next season," head coach Don Roll said. "We played Nutley pretty well. We were up by two points (48-46) heading into the final quarter. We just weren't able to hit the big shots down the stretch.

"The kids have to learn how to win those close games. Right now, we're trying not to lose them and in close games that can be costly."

Belleville trailed, 14-10 after one quarter but rallied for an 18-13 second period to take a 28-27 lead into the lockerroom. It was 48-

46 after three quarters before Nutley ended a 26-43 fourth quarter run to win by 10 points.

Art Caruso, a junior point guard, led the Belleville scoring attack with 18 points. Troy Talmadge finished with 16, Doug Hoogenyke scored ten, Sal Siraface had nine, Jim DuHaime scored six and Michael Trezza closed out the Belleville scoring with two points.

For Nutley, Chris Young led the way with 19 points.

Verus Paramus, the results were pretty much the same as the Nutley contest. The Bucs lost, 62-54 but trailed by just two points heading into the final quarter.

"We played a tough game at Paramus," Roll said. "It was a back and forth type of game. We expected a difficult game there. We had beaten them earlier in the season and knew they would be up for us this time."

Belleville led 18-12 after the first quarter, but Paramus outscored the Bucs, 19-8 in the second frame to lead, 31-26 at intermission. The Bucs narrowed the lead to 48-46 after three quarters, but Paramus

held the Bucs to just eight points in the final frame and pulled away to a 62-54 win.

Talmadge led Belleville with 18 points. Jim DuHaime scored 13, Hoogenyke finished with 12, Caruso and Trezza tallied four each and Straface closed with three points.

For Paramus, Kevin Ralph and Jim Grabow scored 15.

Last Saturday, the Bucs played in the preliminary round of the Essex County tourney and were bounced by Montclair Immaculate, 80-51 at the small confines of Immaculate's gymnasium.

Roll was not happy with the accommodations or the officiating.

"We committed 34 turnovers in the game," Roll said. "There's no way we're going to win a game with that many mistakes. I wasn't happy with the gym, either. It's tough to play on larger gym floors for most of the season, then to come to a smaller place and try to adjust."

"I'm not saying we would have won on a bigger floor, but I really think we would have played a better

game.

"As for the officiating, it wasn't good. There were some pretty obvious fouls on our kids that the officials didn't call. I told the officials that I don't want any of our kids hurt because they're not calling obvious fouls. That's when I was hit with a technical."

The Bucs led, 17-15 after one quarter, but Immaculate, ranked seventh in the county, exploded in the second and third quarters. M.I. outscored Belleville, 48-18 bridging the second and third frames to take total control.

"The kids didn't quit," Roll said. "We played hard, and the kids need the experience of county tournament play. It was a tough situation playing over there."

Jim DuHaime led Belleville with 14 points. Andy DuHaime scored 12, Talmadge finished with nine, Trezza scored eight, Hoogenyke had five, Caruso scored four and Mark Nalashian closed with two.

The expectation doesn't get any easier for the Bucs this week, with games against NNNJL powerhouses Teaneck and Hackensack.

Indoor track competes in States, Ridgewood

The Belleville indoor track team recently competed at the state relays and the Ridgewood Invitational at Rockland Community College.

John Tosato's team will be in action this Sunday at the state championships.

At the Group 3 relays, held on January 20, the Bucs competed in the sprint medley and the 4 x 200 relay. Because the flu bug, John Sternik and Joe Mauriello were unable to compete for the Bucs at the state relays.

In the sprint medley, the team finished with a time of 4:20. Emilio DeGua ran the 400 meter leg of the event, John Alvarado and Carmen Spina competed in the 200 meter portion and Garuav Nangira ran the 800 meters.

In the 4 x 200 relay, DeGua, Mike Citarella, Alvarado and Spina combined for a time of 1:48.3.

At the Ridgewood Invitational, the girls received some good performances from the freshman shot putters. Danielle Utter finished in eighth place overall with a throw of 23' 6 3/4". Marcella Walsh placed

tenth in that event with a throw of 22' 4 3/4".

The freshman boys also did well, with Alvarado throwing the shot 35'2" and Citarella finishing with a throw of 29' 3 3/4".

In the varsity shot put, Phil Patuto threw 35'4" and Andy Hutchison finished with a toss of 28' 1/2".

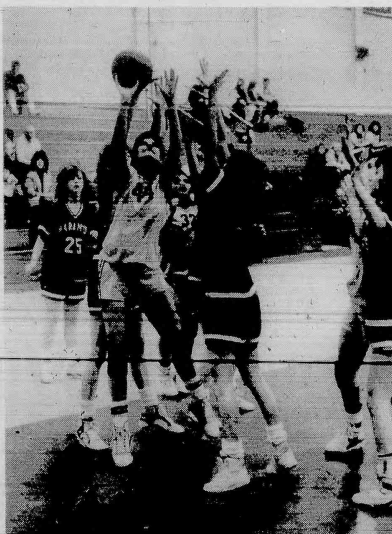

In the 60 yard dash, freshmen Christina Spina and Christine Rykowski ran times of 9.8 and 10.6 respectively.

Alvarado and Citarella ran the 60 in 7.4 and 7.5 respectively. Also doing well in the 60 yard dash were DeGua and Spina, both of whom ran the event in 7.7.

In the 300 meters, Christina Spina finished in 5:11 and Rykowski ran the event in 5:9.0.

Carmen Spina turned in a solid effort in the 300, finishing in 40.3. In the 600 meters, DeGua led the way for Belleville with a time of 1:31.3.

Tosato expects to have Sternik and Mauriello back in the lineup this weekend at the state championships.

(continued from page 11)

That's what it's really all about when everything is said and done. The athletes gave the fans many great memories and I would like to thank them for making the 1980's so memorable.

I'm sure well all look forward to another decade of excellence in the 1990's.

Okay, the San Francisco 49ers are unbelievable. Their performance last Sunday against Denver was just phenomenal.

Many people are starting to make the inevitable comparisons between the Niners and the Pittsburgh Steelers of the 1970's. It's a difficult comparison because the Niners have won their four titles in a nine year span with a totally revamped lineup while the Steelers did it in six seasons with basically the same personnel.

Organizationally, the Niners are second to none. Teamwise, the Steelers in their hey day were the best. However, Pittsburgh got old together and the team did not draft well in the 1980's. That's where San Francisco was much smarter. The Niners have just five players who have been a part of all four Super Bowl championship teams.

The Steelers had about 20 players who own four Super Bowl rings. San Francisco drafted well despite finishing near the top of the heap each season and worked brilliantly in the free agent market. Pittsburgh had the marquis players in the 70's, but didn't carry it over into the new decade.

You could tell that by the time the Steelers won its last Super Bowl in 1980 that the team was starting to slip a little. The same cannot be said of the Niners of 1989. This team is just beginning to dominate. They're young, yet they have experience in the big game. If they're serious about the "threepeat", they should be a hands down favorite to win the Super Bowl again next season.

Rec grapplers defeat Bengals, notch 12 pins

On Jan. 11, an enthusiastic crowd jammed into Belleville High School to see a highly contested Rec wrestling match between Belleville and Bloomfield. The Buc Rec. wrestling team roared to a 72-21 win over last year's league champions. Leading Belleville's twelve pin attack was captain Isaiah Cardinale's pin in 41 seconds and co-captain Chris Carino's pin in 2:20. Anthony Conte opened the match by pinning his opponent in 50 seconds. Once again Keith Hands registered the fastest pin of the match with a 20 second pin over a stout Bloomfield wrestler, Luke Cardinale wrestled the toughest match of the night. He met one of last year's state champions, Omar Feliciano, who won the bout barely by a score of 1-0.

John Perna became only the second wrestler in Rec. history to win 68 matches with a 23 second

pin. Perna is now tied with Emilio Nardone for the most wins by a Rec. wrestler. More on John at a later time. Chris Zarro, who is becoming an anchor at the 85 lbs. wt. class, was pinned by a more experienced Dan Zurma in 1:54 in the second period. After Enrico Dela Merced pinned in :55, the crowd and the team exploded in celebration. The Belleville Recreation wrestling team just clinched a revenge victory over a team that stole last year's championship from them.

Others who helped beat Bloomfield were Robert Caputo by pinning in 1:42, Joe McNish by pinning in 52 seconds, Joe Berg by pinning in 55 seconds, Aris Cruz in 2:03, and Jorge Hernandez in 1:54. The win has improved the team record to 3-0 with six matches left. The next match was at Belleville High School against Caldwell Chiefs Jan. 18.

Tournament action — Belleville Rec. wrestling team traveled to Roselle Park Tournament with 47 wrestlers. The team won 17 medals led by Isaiah Cardinale winning the only first place medal. The second place finishers were John Perna, Luke Cardinale, Jorge Hernandez, and Frank Zarro. Keith Hands, Chris Carino and Albert Fusco were the third place finishers. Only two fourth place were awarded to Anthony Conte and Joe Berg.

Buccaneermania

You've seen them on the mats, and on the sports pages of the Belleville Times, but on Feb. 20, the Belleville wrestlers get to strut their stuff in a totally new "fashion."

The Belleville Wrestling Parents and Friends Association proudly present Belleville's main event — Buccaneermania. On Tuesday, Feb. 20 at 7 p.m. at the Branch Brook Manor, Belleville wrestlers and coaching staff will model Tuxedos by Cozy of Nutley. There will also be girls modeling gowns by I Do I Do of Nutley.

Tickets will only be sold in advance at \$22 each. Tables of 10 can be reserved.

For more information, contact Joyce Talbot 751-4691, Karen Hands 759-4193, or Mildred Miele 759-6468.

Grapplers now 9-0 Nutley next foe

(continued from page 11)

of Belleville, Len Watkins of Montclair and Bob Steiner of Millburn could all have a shot at the finals.

BUC NOTES: Wrestler of the Week goes to Ken Henry for his identical, dominating 16-1 Technical Falls at Teaneck and J.P. Stevens... a brief comment: Vinnie De Simone was almost injured badly at Teaneck, but thankfully his great conditioning and toughness avoided a major injury. Yet Teaneck had a trainer available who was on the mat seconds after the injury took place. She did a marvelous job caring for Vinnie as all the proper precautionary measures were taken to prevent further damage. Wouldn't it be wise to find some cash in the budget to hire our own-trainer? ... Bruce Moran of the Star Ledger now has the Bucs ranked No. 12 in his weekly poll, up one spot from last week... Tonight's match is at home vs. arch rival Nutley at 7 p.m.... See you next week!

It's not what you make that counts. It's what you keep!

25 Years Ago
January 28, 1965... The anti-lotterizing ordinance first introduced on Dec. 28, 1964, met with unanimous approval and was approved, 5-0.

The law passed a 9:30 p.m. curfew on minor idling roaming the streets at night. In a companion resolution accepted the same night in December, the council instructed the police department to enforce the law with particular vigilance.

The law also provided that it was unlawful for any parent, guardian, or anyone in charge of a minor under 18 to permit a minor to remain idle or loiter in violation of the law.

ITT strike ends
The 20-week strike at ITT Federal Laboratories in Belleville, Nutley, and Clifton was settled, with most of the workers going back to their jobs.

However, some 350 employees who had returned to work from UJEA Local 400 were working without contracts, and were a decision from the National Labor Relations Board.

The workers had no contract with ITT-FL, which refused to recognize Local 400 as their bargaining agent.

BHS sports action
The Belleville High School basketball team came from behind in the fourth quarter to register a 38-34 win over Irvington.

After taking a slim 21-20 lead into the half, Belleville fell behind by three points in the fourth quarter. However, a seven-point run by the Belvillians and smart ball control gave BHS the victory.

Administering Food and Drugs
Antibiotics are prescribed in an attempt to kill harmful bacteria in the body. Often, they destroy beneficial bacteria as well. For instance, antibiotics may destroy the intestinal bacteria that synthesize vitamins K and folacin. The loss of these nutrients can be harmful to someone who has a marginally adequate diet. As a precaution, then, it is a good idea to supplement antibiotic use with plenty of green leafy vegetables rich in vitamin K and folacin. By the same token, certain foods can interfere with antibiotic absorption. For instance, acidic fruit juices can destroy penicillin G and "uncoated" erythromycin. These antibiotics should be washed down with plain water. Patients should ask their physicians if a prescribed antibiotic's effect will be compromised by certain foods. If so, they should be judiciously avoided.

Joe Hope honored as Salesperson of the Year

Century 21 A CV Real Estate of Clifton announced Joe Hope as Salesperson of the Year for 1989. He is also a candidate for the prestigious Million Dollar Club Award presented by the New Jersey Association of Realtors.

"Joe has been a consistent over-achiever in the industry," said broker Carole Viola. "He is the finest example of the true professional."

Hope holds the Century 21 designation of VIP Sales Associate and has completed several courses towards his expanding educational goals in the real estate field.

During the course of 1989, Hope was awarded Salesperson of the Month six times and was responsible for close to \$3 million in closed transactions. His dedication and commitment to excellence places him in a unique class of individuals.

For a "special" brand of service in real estate, Joe can be reached at the Century 21 A CV office at 1170 Broad St., Clifton, or by calling 365-2122.

REAL ESTATE FORUM

By Jim Faresse

Q: My house was listed with a real estate broker. The listing had expired and I decided to try and sell it on my own. One month later a couple came by and made us an offer. We settled on a price and went into contract. Two weeks went by and I received a letter from the broker that we had the house listed with, stating that my buyers attended an open house he ran and he could prove that they signed in. He claims he is due a commission since he was the "effectuating cause." Is he correct?

A: Well, maybe. But not always, even if the property was originally introduced to the buyer by the listing broker. If no contract was entered into and after the listing expired the people see a For Sale by Owner advertisement, then go back and buy the house, the broker may be unable to collect a commission on the sale. New Jersey courts have upheld that position.

There are circumstances under which an effective action for payment of commission would be successful. Such situations would involve some form of conspiracy, collusion of fraud whereby the purchaser and seller worked together to defraud the broker by effecting a sale after the listing expired. Consult your attorney with the details of this transaction and have him contact the broker.

Q: I'm purchasing a multi-family investment building with my brother and a friend. We are setting up a company to put this property under. Do you recommend incorporating?

A: There are several ways of setting up real estate holding companies. The simplest is the partnership and limited partnership. However, your personal liability and risk is high in that financial problems or law suits can affect your home, auto, personal finances, etc.

The corporation offers the protection and is best suited for expansion and leasing of equity capital. I don't advise this form of ownership on a small scale because you will be taxed twice; once on the corporation and then personally. I realize that in the early years you would be able to show paper losses and this may not appear to be a problem, but if you held this property for many years or when you eventually sell the building for a healthy profit, you'll be frantic when faced with this double tax. The best form of property ownership in my opinion is the S corporation. They are not subject to federal tax. Profits or losses pass directly to the shareholders yet they are still protected under the corporate veil. Check with your accountant or attorney.

(Some of the questions may contain legal or accounting matters. Mr. Faresse is not an attorney and advises you to consult the proper authority before any decision is made.)

Did You Know???

Fuses and circuit breakers provide short-circuit and overload protection. To protect people from electric shock, you need a ground fault interrupter, which can stop power within 1/40th of a second. GFI outlets are required by some building codes for outdoor and bathroom use.

Ceramic tile floors are increasingly popular indoors. Quarry tile, unglazed mosaic and pavers are the best choice for high-traffic and wet areas like halls, kitchens and baths. They're tough and more skid resistant than glazed ceramic tile.

Mitered joints in baseboards are commonly made with a back saw having 11 to 13 teeth per inch. For decorative use, or where a clear finish will be used, choose a saw with 15 teeth or more per inch for a smoother cut.

Welcome addition to the laundry room: a drying stall. Designed like an open closet with a plastic-lined floor, it's for clothes that must air-dry on a hanger.

You'll welcome the help of our experienced real estate people when you're seeking the just-right home for your family. Talk to the winners at Century 21 Stanford Agency, 84 Union Ave., Nutley, 235-9000.
