

## Belleville POLICE BEAT

Belleville police are investigating an attempted fire-bomb of a Joralemon St. couple April 26. A suspect described as a hispanic male in his late 30's, 5'8" tall, with brown hair and brown eyes, wearing blue jeans and a blue faded shirt told a pair of senior citizens that he was from the water company and that they may be eligible for a rebate. The suspect entered their home and directed the owner and his wife to upstairs and downstairs faucets where they were directed to turn the water while the suspect remained in their kitchen. When they returned five minutes later, the suspect asked if they could break a \$100 bill. When they told him they couldn't, he left. The residents said they found nothing missing.

A motor vehicle violation stop led to the arrest of Robert George Glasser, 27, of Harrison, who was found to be on the revoked drivers' list. Also arrested was Michael Salvatore Mattos, 25, of Harrison, who was charged with possession of marijuana. Glasser was found to be on the revoked list following a check of his license. When Mattos stepped from the vehicle, a plastic wrapped green vegetable believed to be marijuana fell on the ground. Glasser was released on \$250 bail, Mattos was released on his own recognizance.

Two Bloomfield people were charged with possession of a .22 caliber pistol last week after police stopped their car which was reported to be weaving and crossing the center line. In addition to the

handgun charge, police charged Charles Anthony Lacara, 45, with driving while intoxicated, possession of a controlled dangerous substance cocaine, possession of a handgun, possession of marijuana, refusing to take a breath test, driving on the revoked list and having drugs in the vehicle. Also arrested was Eva Lynn Carloni, 43, who was charged with possession of a weapon. Police reported that when Lacara exited the vehicle April 24, he began to lean on the vehicle and was falling to the ground while attempting to walk. Police noticed a strong odor of alcohol and placed him under arrest. Carloni, who said she did not possess a driver's license was asked to exit the vehicle. Police then noticed the barrel of a revolver protruding from under the front seat. During processing in police headquarters, Lacara emptied his pockets and produced a folded bill which contained white powder believed to be cocaine. From another pocket, Lacara produced a marijuana cigarette. Lacara was held on \$25,000 bond or \$2500 cash bail. Carloni was released on her own recognizance.

Two Newark men were arrested for shoplifting at a Belmont Ave. supermarket April 29. Nelson Roberto Posada Avila, 20, attempted to leave the store with \$10.88 worth of merchandise. Julio Mezquita, 18, attempted to leave the store with \$24.79 worth of merchandise. When the men attempted to leave, they were stopped by store security and turned over to Belleville police. Both men were held on \$250 bail, they are scheduled to appear in Municipal Court May 30. Police said the men identified themselves as illegal aliens from El Salvador.

A 1988 Honda Excel was reported broken into at a Rossmore St. address at 5 a.m. April 30. The resident said he found the passenger side window smashed and many

personal items missing from the car including cassette tapes, speakers and amplifier.

Police arrested Jose Mario Santos, 23, of Newark, and charged him with attempted motor vehicle theft, possession of burglary tools, criminal mischief and an outstanding warrant. Police were called early Friday morning about an individual attempting to steal a car on Lake St. When police arrived they observed an individual lying down on the front seat of the automobile with its dash lights on. They also noticed a broken steering column and told Santos to exit the vehicle. Santos said he did not own the car. Police found a screwdriver in the vehicle. Later, during book-in, a fragment of the broken

steering column fell out of Santos' pants cuff, it was entered as additional evidence.

Thomas Joseph Sperduto, 25, of Belleville, was released on \$250 bail after being found to be driving with a revoked license.

Belleville police recovered a 1984 Buick Skylark April 22. The car had been reported stolen in Irvington earlier in the day. Police noticed the passenger side door keyhole was popped and the steering column broken.

A 1986 Cadillac Coupe reported stolen from Joralemon St. April 23 was recovered the next day by East Orange police.

Belleville police reported that 60 vehicles were stolen in the township during the 30-day calendar month of April.

ACROSS THE GENERATIONS — School 9 grandparents enjoy a brief break during the excitement of Grandparents Day, held April 23.

## Grandparents Day at School 9

School 9 students' grandparents toured all classrooms April 23 in celebration of grandparents. Music teacher Wendell Parr led the 5th and 6th grade chorus in songs to entertain the visitors who each received a long stem flower from the PTA.

Principal Pat Forte and PTA president Diana Price distributed certificates of appreciation to all grandparents attending. Mr. Forte also unveiled National Volunteer Month by awarding certificates to parents involved in the school programs.

## Middle School concert May 9

Belleville Middle School students will present their annual spring concert on Wednesday May 9, at 7:30 p.m. in the BMS auditorium.

Selections will be presented by the Middle School's Band, Orchestra, Seventh Grade Chorus, and Eighth Grade Chorus. Additionally, solos are scheduled to be performed by students.

formed by students Johanna DuHaim and Michael Inderen.

The public is invited to this musical program which is under the direction of Messrs. Kraemer, Black, Gizzi, and Hackling.

## Kiwanis card party

## Golden Comments

By Jim Golden

Yielding to objections of legislators, Gov. Florio revised the income tax to ease the burden on families. The plan would not increase the tax on any working couple filing a joint return with a taxable income less than \$70,000, but individual taxpayers with taxable incomes of more than \$35,000 would see their rates doubled for income over that figure.

The proposal retains Florio's original plan to widen the rate range from 2 to 3.5 percent to 2 to 7 percent, but the new plan is aimed at making wealthier wage earners carry more of the burden. Exemptions for children are increased from \$1,000 a child to \$1,500 a child, but it would still leave the adult dependent exemptions at \$1,000 each. Florio wants the tax revision passed this year so it can begin Jan. 1, 1991, and generate \$1.25 billion more to create a new school aid package and homeowners rebate program. The new income tax money would not be used to balance the budget; an increase in the sales tax is proposed as well as other taxes to solve the budget problems.

For the first time there would be separate schedules for taxpayers — one for married couples filing jointly and single persons who are heads of households, and the other for single persons and those married persons filing individual returns.

The new proposal does not contain an increase in tax rates unless the joint return shows a taxable income over \$70,000. However, some individuals and married persons filing separate returns will be paying more.

In general, the new proposal would double the tax paid by those filing individual returns when their taxable income exceeds \$35,000. Now those persons pay a 2.5 percent rate on taxable incomes between \$20,000 and \$50,000, and then a 3.5 percent rate is applied to the amount over \$50,000.

Under the new proposal, individuals would be paying 5 percent on the taxable incomes between \$35,000 and \$40,000. Further, those filing individual returns would be hit with a 6.5 percent rate on taxable incomes over \$40,000 and over \$75,000. For any taxable over \$75,000, the new rate would be 7 percent.

According to state tax division figures, there are 1.85 million persons who file individual returns. Of those, about 250,000 have taxable incomes of more than \$35,000 that

would, in general, be paying double what they pay now.

While the new plan hits individual filers harder, it softens the blow on those filing joint returns by not calling for any higher rates until the taxable income of a joint return or those filed by heads of households goes over \$70,000.

Under the proposal, there would be no change in the rates for taxable incomes on joint returns or those filed by a head of household with taxable income up to \$70,000. A head of household is one for example who is a divorced parent with dependent children.

The proposed new rates would be 5 percent on taxable incomes between \$70,000 and \$80,000, 6.5 percent on taxable incomes between \$80,000 and \$150,000, and 7 percent on taxable incomes over \$150,000.

Assembly Speaker Joseph Doria (D-Hudson) said the new proposal is being studied by the Democratic leaders in the Assembly. He too said the administration had to avoid increasing the tax between \$50,000 and \$70,000 on households with two working partners. He noted that tax proposals must be first introduced in the Assembly.

The House Speaker said the other Florio tax package, to balance the proposed \$12.7 billion budget, would have to be introduced in May and passed before the Assembly votes on the new fiscal budget.

That package would raise \$1.4 billion and calls for increasing the sales tax from 6% to 7% and extending that sales tax to cable TV rates, paper products, soaps and detergents, telephone calls and nonprescription drugs, as well as imposing a new tax on oil refineries in the state and higher cigarette and alcoholic beverage taxes. Doria said there is concern among lawmakers about extending the sales tax to paper products and nonprescription drugs...these are very unpopular and unwanted taxes.

## Pushcart to visit here

School No. 10 Home and School Association of Belleville will present Pushcart Players, a professional theatre company for young audiences based in Verona, in a performance of its most recent musical hit for kids, "Betwixt 'N' Between." The performance will take place at School No. 10, 527 Belleville Ave., at 1 p.m., Tuesday, May 8. Representatives from other schools in the area who wish to preview the performance may request permission to attend by calling the Pushcart office.

Designed to introduce the joy of live theatre to young audiences, "Betwixt 'N' Between" is a rollicking musical comedy inspired by the works of great authors. "Betwixt 'N' Between" explores dilemmas, values, choices and alternatives while bringing the color and pizzazz of Broadway to children, parents and teachers in their schools and local theatres. Performances are accompanied by a study guide for each classroom teacher, playbills for adults in attendance and a question/answer session with the cast immediately following the show.

Pushcart Players is an Actors' Equity Association theatre company which has been providing the joy of live theatre to young audiences since 1974. The ensemble company has traveled more than 150,000 miles throughout the Mid-Atlantic region and has been highly praised for superbly crafted, innovative plays, mounted and performed with uncompromising theatrical standards.

Partial funding from the Geraldine R. Dodge Foundation, DeLuxe Check Printers, Hoffmann-La Roche, Inc., Metropolitan Life Foundation, Mutual Benefit Life, the New Jersey State Council on the Arts/Department of State enables Pushcart to maintain fees within the budgetary limitations of most sponsors.

For more information about Pushcart Players' performances for young audiences, call 201-857-1115 or write "Pushcart," 197 Bloomfield Ave., Verona, New Jersey 07044.

## Hambley supports the safe house

Renee Hambley of WWOR-TV's daytime show, "9 Broadcast Plaza," and The Safe House, a battered women's shelter affiliated with Clara Maass Medical Center, recently joined forces in the fight against domestic violence.

"There are millions of women and children living in abusive homes, living with it because they don't think there's anywhere they can go, afraid that no one will care. I want to become involved so that they can receive from The Safe House. I want them to know we do care very much," said Ms. Hambley.

The Safe House, an emergency shelter for victims of domestic violence and their children, has sheltered over 2,000 women and children since opening in 1986. Its 24-hour hotline — for shelter admission, crisis counseling, referral, and advocacy — has processed over 9,000 calls since its inception.

Within New Jersey, Essex Coun-

ty has three times the rate of domestic violence of any other county. The Safe House is one of two shelters serving all of Essex County and the only shelter affiliated with a hospital.

"Our objective isn't to break up the marriage or relationship," said Patty Lae Boff, director of The Safe House, "but to empower the woman. She needs to recognize that she's capable of independent choices. With the help of Ms. Hambley, we hope to provide more staff and expanded services to enable our residents to attain some level of function on their own," she added.

Ms. Hambley is co-host of "9 Broadcast Plaza," a live three-hour show that combines news, information, and entertainment before a live audience. In this role, she also hosts live segments from the Good

Renee Hambley

Housekeeping Institute in Manhattan.

Those who wish to join Friends of The Safe House should contact the Clara Maass Foundation at 450-2277.

## May is Mental Health Month

During the month of May, Community Mental Health Services for Belleville, Bloomfield, and Nutley, will join with similar organizations in celebrating Mental Health Month. The emphasis for 1990, "Double Dilemma: youths who suffer with emotional disorders and substance abuse," calls attention to the special need for this youth population, according to Alice Ricci, Community Mental Health Services Executive Director.

Although Community Mental Health Services, a United Way agency, provides programs for persons throughout their life span, it does place high priority on psychiatric evaluation, counseling for young people and their families, and support groups for youth.

Effective treatment requires not only recognition of the diversity of causes, but also of a need to integrate traditionally separate services. Youth with dual mental illness and substance abuse problems are characterized by their involvement in various service settings, including criminal justice agencies and emergency rooms, an interrupted and unsteady course of treatment.

Ms. Ricci further states the experienced and well-trained staff at Community Mental Health Services are effective in assessing the severity of the double problem for youth caught in the "Double Dilemma." For further information call 450-3100.

## Safety project bids

(continued from page 1)

struction said that their bid is for \$295,000 less than they would require to do the work.

The general construction bid includes the connecting link between the existing town hall and the new public safety building, and the renovations to the town hall.

Other bids were awarded for plumbing at \$118,300, to A. Feid, Inc. The fire protection bid was awarded to Montesano & Co. for the amount of \$70,800.

The heating, ventilation, air conditioning (HVAC) bid was awarded to Aero Dyne Engineering in the amount of \$629,000. And the electrical work was awarded to Electro-Es, Inc. in the amount of \$758,220.

In other action, the commission tabled a resolution to pay retired Fire Chief George Sbarra \$31,230.42 for accrued sick time. The commissioners said that the resolution was pending litigation.

Belleville Chamber of Commerce President Rita Troise requested that the chamber be allowed to hang the "It's Better in Belleville" banner on the front of town hall.

She said that the chamber banner was removed when the township put up the 150th anniversary banner. Commissioner of Parks and Public Property Vincent Frantantoni said he refused to allow the banner to hang from the town hall. He asked to chamber to "wait until we get more positive going in Belleville."

Troise appealed to the commissioners. Commissioner Fornarotto said, "Mr. Frantantoni is in charge of the buildings." The commissioners did not act on her request.

## OUR OPINION

### Belleville's new council

Belleville faces a tough road ahead. The new council must select a competent township manager and then keep their hands off. They must be able to make the smart decisions from the onset in hiring the right person, someone who knows township management and will make the necessary changes in procedures, departments, hierarchy structures, etc. And this person must make his own decisions and not cringe in the slightest at any presentation to the council.

The road ahead must be paved by the council and manager with unity and progress. We'll need no bickering among the council. We'll need professional people with professional outlooks and professional independence to be able to work together as a group.

We'll need no one with an axe to grind. The Council should select the manager, and leave the operation of the township to him. Not only is that the way to go, it's the law.

There will be some rough seas ahead. We don't doubt that. But we are relying on the good people in town to make the educated decisions and vote for the best qualified people. Take everything you hear into consideration, weigh every fact, ignore the rumors and other things that can't be proven. Follow your gut when you enter the polls on Tuesday. There is so much riding on your decisions behind the polling curtain, it is something you should not take lightly.

Rouse your neighbors and encourage them to get out to the polls and vote in this very, very crucial election. It's so important to bring all 16,000 registered voters into the polls for this township election. We don't doubt that many of these contests will be decided by just a few votes. The more people who turn out to vote, the clearer the mandate might be.

In terms of endorsements, speak to your neighbor and your neighbor's neighbor, learn as much as you can about your ward candidates and the at-large candidates, then make your own decisions.

In the First Ward, we support Jim Messina, ballot position 9-B. Messina wants to unify Belleville, address recycling, upgrading all township parks, attract new businesses and ratables and make our streets safe.

In the Second Ward, we support Frank A. Caputo, ballot position 11-B. Caputo worked from the beginning towards the more equitable, responsive new type of government that will be operated by professional management. The direction the new government will take with Caputo on-board will restore pride and dignity to our community.

In the Third Ward, we support Thomas J. Spillane, ballot position 11-B. Spillane is running on his extensive record of community service. His background in the corporate world would surely be an asset in "running this multi-million dollar corporation we call Belleville."

In the Fourth Ward, we support William P. Cook, ballot position 10-B. Cook could run on his spotless reputation in town, on all the good things that people say about him and his children. But Cook has taken several stands and presented many well-rounded ideas and solutions to help Belleville get back on the high road of success. Cook will definitely be a great asset to the new council, his integrity will lead the pack. It's a fine example to follow.

At Large, we support Dr. Frank Noonan, Marina Perna, and Joseph T. Fornarotto.

Dr. Frank Noonan has certainly proven his intent to repay the town for 33 great years of successful life and business. Any lesser candidate who didn't care about the town or its future or trying to right the wrongs here would have quickly taken all their marbles and left the field. But the Noonans showed their true colors and convictions in fighting to remain in this race. They are willing to serve this town at all costs. That cannot be said of many other candidates. It is this conviction, and obviously the intellect that will prove a great asset to the future of Belleville.

Marina Perna is another fine example of someone who wants to give back to the township. She grew up here, went to our schools, graduated college and law school and lives here now while working as a lawyer. We all know that an attorney has a certain flexibility to go anywhere and do anything in terms of her career. Perna has risen to the challenge of the township where she grew up and has proffered her years of training in law and years of study in so many things and is offering to contribute to our town all her experience she obtained from the roots she has here. That's admirable and we support her.

Joseph T. Fornarotto has served with distinction as a commissioner for three years. He has always been in the forefront for Senior Citizens. His record on the Board of Commissioners speaks for itself.

WE WELCOME LETTERS of interest to our local area. They should be short and to the point, they must be signed for attribution and contain the address and telephone number for verification.

## YOUR OPINION

### S.A.D.D. thanks supporters

To the editor:

On behalf of the Belleville High School Chapter of Students Against Driving Drunk, my fellow graduates, the High School Administration, Substance Awareness Coordinator's Office, and the Belleville Alliance for Substance Education, I would publicly like to thank the Belleville Optimist Club, the Belleville Ministerium, and those who attended the Community Good Friday Service at Wesley United Methodist Church. As president of S.A.D.D. I was honored to be invited to attend and accept the most generous offering from this service for Project Graduation. This substance free celebration, on our graduation night, could not be possible without the generosity of contributors such as those who attended this service. We are most grateful that our community supports us in this endeavor.

Diane DiVincenzo  
President, S.A.D.D.

### Police were doing job

To the editor:

My sympathy to the Rosario family. I lost a niece, who was 21, in a tragic automobile accident. I can understand the rage, hurt, frustration and anger they are feeling; but not once in the last did they place the blame where it belongs. It wasn't the police who killed Rosario; it was the two opponents of the other car. No one runs from the police because of an expired inspection sticker. There has to be more to it. In that respect, the police were doing their job. They want to keep the Belleville police out of Newark; fine, then keep the Newark criminals out of Belleville. I, too, ask that the citizens of Belleville stand behind these two police officers. What happened is tragic but we can't allow criminals to think that they can come into Belleville, commit whatever crimes they want, head for Newark and be safe.

Patricia Nichols

### Disagrees with headline

To the editor:

The article in the April 26th issue of the Belleville Times concerning the RIFing of 16 Belleville teachers was, in terms of content, in line with what the philosophy of a newspaper should be, and that is to report the facts accurately and without bias.

I do have a comment, however, on the title of the article: "BOE gives walking papers to sixteen". I find the title to be offensive, degrading, and generally unkind to the 16 teachers whose lives have been turned upside down due to the loss of their jobs. I find it especially thankless to a person like Jackie Mann who has served admirably in our district for 16 years, only to be made to sound as if she were thrown out.

I believe more care, more sensitivity, could have gone into the article, rather than giving the impression that these people were given the "bum's rush" out the door.

The teaching profession is an honorable one, and when good teachers lose their jobs due to budgetary constraints, we at least could make the situation known to the public in a dignified manner. The teachers are most certainly deserving of it!

Samuel Monaco,  
a very proud Belleville teacher!

### Vote, make a difference

To the editor:

We have been residents of Belleville for 32 years, and have seen many good and bad things happen to this lovely town. Now we all have the chance to make a change, a big change, for the future. The election next week could be just the "shot in the arm" this town needs, OR, it can be the death knell for Belleville.

Since the people of Belleville have shown their displeasure with the old form of government and have voted for a new form, we feel the voters must come out in favor of all new candidates. Let's make a clean sweep, get rid of all the old politicians with their bickering, mud-slinging and backstabbing, and put into office fresh faces with fresh ideas. Let's make this town one to be proud of once again.

There are several well-educated people running in this election. They are the people Belleville needs. We need people with the brains to turn this town around. Belleville has become the laughing stock of the area. Our elected officials have caused ill-feelings between the residents, and have divided this town.

We need to be united once again. We need to heal all the old wounds. The only way to do this is to oust the old regime and put all new people in office.

Get out and vote on Tuesday, May 8th. We can make a difference if we care enough.

Mr. & Mrs. H. Vincenti

### School 9 redistricted

To the editor:

We would like to thank the parents and friends of School Number Nine for their support in the attempt to pass the budget. Unfortunately, with the redistricting, the budget did not pass at School Number Nine this year. We feel very badly about this. This is the first time in many years that our district did not pass the budget.

We do realize that many people voted no to protest the cuts from Governor Florio. However, we can not place a dollar sign on our children's future and education. These children will be the leaders of tomorrow. Hopefully, we will see a change for the following year.

### Thanks Kathleen's friends

To the editor:

Our family would like to thank everyone for helping us get through the loss of our daughter, Kathleen Hodgdon, on April 9, 1990. We will never forget the help and support we received from our neighbors, friends and strangers.

### Where are priorities

To the editor:

Your article in the Belleville Times, dated April 26, 1990, enlightened us, the business education students at Belleville High School, as to why there will be one less business education teacher returning in September, 1990. Mrs. Jacqueline Mann, after 16 years of BHS teaching, has been dismissed. Your article informed us as to why: CLASS SIZE.

Not all students at Belleville High School are college-bound. Most of the business education students are not athletes. As a matter of fact, sixty percent of the students at Belleville High School, who do not go on to college, must "LEARN" at Belleville High School, and upon graduating must go out into the business world and "EARN" higher livelihood.

We understand there are money problems, but where are the priorities? There is money for athletic teams and money for teachers for future college bound students assigned to enriched elementary classes and programs, and for SAT courses. Are we, the present business students, the future business students, and the business teachers being treated equally?

Is it possible for the Board of Education to rectify this grave injustice? Why must the work-bound student have "every seat filled in the classroom" and lose an excellent teacher who prepares the students well for where they are going — into the business world to earn their livelihood? Are we asking too much? We do not think so!

### More on the trees

In response to the family on Wallace Street and the Sanford Avenue resident who wrote letters to the editor in response to my letter about saving the trees:

1. The length of time we have lived in this town is of NO RELEVANCE to the matter in question.

2. The fact that there is no tree in front of our house is also of NO RELEVANCE to the matter. A fully grown tree has roots long enough to affect a house next door, two doors down, or across the street.

3. It is a fact that Belleville has no Shade Tree Commission maintaining, preserving and treating our shade trees. It is a fact that there is a tree on our street which has been dead for a long time and has NEVER BEEN REMOVED. The trees have basically been ignored. In the three years I've lived here, I can't remember ever seeing anyone working on our trees. Belleville is ridiculously negligent in its handling of shade trees. I called the public works departments of Bloomfield, Montclair, West Orange, Nutley, and Glen Ridge. Although each town has its own way of handling tree-side-walk conflicts, all these towns have a general policy that living trees are NOT to be removed. When pruning needs to be done, each tree is treated on an individual basis. Entire blocks are not wiped out. Our Town Ordinance, section K, regarding the removal of shade trees states:

k. Owner to Pay Costs. In the event that any property owner requests that shade tree be removed, replaced or requests any work to be done by the shade tree commission other than ordinary maintenance of shade trees, then the property owner shall request the removal, or replacement, or the work in writing, and shall agree to pay the cost thereof to the town. Upon completion of the work, the property owner requesting same, who shall be in all cases the owner of the property to be affected and shall set forth in his written request that he is the owner, shall be promptly billed and shall pay the bill within 30 days after issuance of same.

If a homeowner has a specific problem with a tree, the Shade Tree Commission should examine the problem and deal with it on an individual basis. If a root is obstructing a sewer line, it should be professionally determined which root, from which tree. When you live on a tree-lined street such as ours, you take a risk of roots getting into sewers. In Glen Ridge, the homeowner is responsible for getting a tree expert in to back up his/her claim that a tree must be removed. In any case, the homeowner has NO RIGHT to demand that because he/she is having a problem with a tree in front of his/her house, that EVERY tree on the entire street be destroyed. That is ridiculous.

4. Contrary to what the writers disputing me maintained, the trees are NOT DISEASED. This has been confirmed by Dr. Andrew Kasper, a Ph.D. and tree biologist from Rutgers University who came to the street and examined each and every tree. He found every tree to be healthy and thriving. (With the exception of the one dead tree which I referred to earlier).

5. Ms. Brown suggested I form a Save the Tree Campaign for the Amazon rainforests. I am, Brown, why do you think I am fighting so hard for my own street? I have been an active supporter of the Rainforest Action Network for years to save the tropical rainforests in the Amazon, Costa Rica, Indonesia, Brazil and in the U.S. in Hawaii and the Pacific Northwest. I am also an active supporter of the Environmental Defense Fund and attend lectures and seminars to increase my knowledge on ecological issues. I am therefore NOT misinformed about the importance of our shade trees and it is BECAUSE I support these efforts all over the world that I feel so strongly about my own environment here. If you think the only environment worth fighting for is in the Amazon, Ms. Brown, you are sadly mistaken. With the Essex County Incinerator practically on line in the Ironbound section of Newark, all you'll have to do is walk out your front door and if the wind is blowing the right way, you'll be hit with some serious air pollution. Just think about that before you demand to have our protective trees destroyed.

6. The issue here is TREES, not trucks. Let's not forget that folks.

Barbara Balaban

### Letters Welcome

The Belleville Times welcomes letters, preferably 300 words or less, from readers. To be considered for publication, letters must be typed or legibly handwritten and must include the writer's address and daytime telephone number. Unsigned letters will not be published and names will not be withheld, unless publication would jeopardize the writer's personal or job security. We reserve the right to edit for length and clarity.

**HONORED FOR SERVICE** — Essex County Executive Nicholas Amato (center) recently honored Belleville resident Leo Sylvester (right) as employee of the year for his outstanding service to the Essex County community. Sylvester is employed by the county's Turtle Back Zoo and his efforts in monitoring animal alert systems have prevented any harm from coming to the animals in the zoo. At left is Frederick Petrucci, also honored.

**EMPLOYEES REMEMBERED** — Robert S. Curtis, president and CEO of Clara Maass Medical Center; Reverend Arthur Schute, managing director of Pastoral Care; and Bessie Butler, Respiratory Services supervisor, view commemorative plaque. The plaque, unveiled during a dedication service, honored the memory of Medical Center employees who have died in recent years.

**DIVISION AWARD** — Deputy Chief August Cundari (in uniform) receives Outstanding Achievement Award at ceremony while Eric Mayer receives Distinguished Service Award from Essex County Sheriff Thomas D'Alesso.

## Local school growing space tomatoes

Budding science students in the fifth grade science class, School Five, are planting gardens to experiment with tomato seeds from space.

During the spring semester, students will grow and monitor space-exposed seeds and Earth-based seeds, searching for differences caused by long-term exposure to cosmic radiation. Results gathered by the students will be forwarded to NASA by June 15 for a final report. For nearly six years the seeds were exposed to the harsh environment of space, subjected to cosmic radiation, temperature extremes, weightlessness, and the vacuum of space. Students will be looking for possible mutations to the tomato plant, such as changes in fruit size and color, growth rate, and leaf, stem, and stalk shapes and sizes. The pink grapefruit is a mutation result from irradiating the white grapefruit seed.

The Space Exposed Experiment Developed for Students (SEEDS) was one of 57 experiments housed on the recently recovered 11-ton Long Duration Exposed Facility satellite. After a nearly six-year voyage in space, the 12.5 million tomato seeds were rescued by the

crew of the Space Shuttle Columbia on Jan. 12.

SEEDS is a cooperative project between NASA and Park Seed Company, Greenwood, S.C., offering to students a one-of-a-kind, hands-on experiment to study the effects of long-term space exposure on living tissue. SEEDS has the potential to involve four million students and 40,000 educators.

In March, NASA distributed 150,000 SEEDS kits containing space-exposed seeds and an equal number of Earth-based seeds to teachers from the upper elementary school to the university level for experiments and study.

# OBITUARIES

## Anthony Trignano Jr.

Anthony R. Trignano Jr., 64, of Nutley died April 24 in the Clara Maass Medical Center, Belleville. A Mass was offered April 27 in the Holy Family Church, Nutley, following the funeral from the S.W. Brown & Son Funeral Home, Nutley.

Mr. Trignano had been an operating engineer with the Operating Engineers Local 825 of Little Falls for 35 years before retiring five years ago.

He served in the Marine Corps during World War II. He was a member of the Amvets Post 30 of Nutley and a member of the Holy Name Society and an usher, both of the Holy Family Church.

Born in Belleville, he moved to Nutley 30 years ago.

Mr. Trignano is survived by four sisters, Mrs. Edith Jenkins, Mrs. Charlotte Cafone, Mrs. Phyllis Mirro and Mrs. Veronica DeLorenzo.

## Joan Marshall, 55

A Mass for Mrs. Joan Marshall, 55, of Marlboro, formerly of Belleville, was offered April 28 in St. Gabriel's Church, Marlboro, following the funeral from the Waitt Funeral Home, Morganville.

Mrs. Marshall died April 25 in her home.

She was a licensed practical nurse at the Raritan Bay Medical Center-Old Bridge Division for one year, retiring two months ago.

## Henry Hansen, 77

Services for Henry Hansen, 77, of Belleville were held April 25 in Levandoski Funeral Home, Bloomfield.

Mr. Hansen, who died April 25 in Clara Maass Medical Center, Belleville, had been a welder with Atlas Industrial in Clifton for 32 years before his retirement in 1979. He was a member of the Masonic Lodge 7 F&AM in Nutley.

Born in Odense, Denmark, Mr. Hansen lived in Wisconsin, Elizabeth and Rutherford before moving to Belleville 48 years ago.

Surviving are his wife, Agnes A.; a daughter, Mrs. Janet M. Oese; three sons, H. Richard, Douglas C. and Kenneth A.; two brothers, Verne and Christian, and 11 grandchildren.

## Mental Health Month presented at Fair Oaks

In celebration of National Mental Health Month in May, Fair Oaks Hospital is launching a series of free community education forums entitled "Summer Survival Strategies." The series consists of nine unique programs focusing on today's most critical mental health and substance abuse issues, presented by experts from Fair Oaks Hospital.

"The series was designed to provide parents, educators, mental health professionals and the general public with practical and effective tools for coping with and preventing a whole host of problems which are often difficult to deal with and understand," says Andrew Slaby, M.D., Ph.D., M.P.H., Medical Director.

Participants are invited to attend one or all of these innovative programs presented by Fair Oaks Hospital's prominent mental health authorities.

Beginning May 1 with a program entitled "Wonder Drugs: How They Work," Michael Newman, M.D., Director of Eating Disorders Program will discuss the prescription medications that have revolutionized psychiatry.

On May 8, Lynne Weisberg, M.D., Associate Director of Child and Adolescent Outpatient Services will provide parents and educators with a means of understanding conduct disorders in "My Kid is Out of Control."

James Coores, M.D., Medical Director of the Outpatient Recovery Centers at Fair Oaks Hospital will show participants how to break the chains of co-dependency in "When You Care Too Much" on May 15.

The June 12 lecture, "Improving Your Self Esteem Through Healthier Eating," presented by Michael Newman, M.D., Director of Eating Disorders Program, will reveal prevention techniques and treatment options for eating disorders.

In "Keeping Kids Drug Free" on June 19, Randall Dwenger, M.D., Director of the Adolescent Center for Chemical Education Prevention and Treatment, will offer a clear explanation of how to overcome the peer pressure, misinformation and environmental factors that contribute to adolescent chemical dependency.

On July 17, Martha Wheeler, M.Ed., C.A.C., Program Coordinator of the Adult Children of Alcoholics Programs, will present solutions for adult children of alcoholics in a program entitled, "Am I Just Like My Mother And/O My Father?"

In "Is My Child Hyperactive?" on July 24, Rosalie Greenberg, M.D., Director of Child Adolescent Outpatient Services will show participants how to identify child and adolescent temper, anger and behavior disorders.

Larry Dumont, M.D., Associate Director of the Adolescent Hospital, will provide effective ways to recognize and deal with troubled teens on August 7 in the final program, "Parenting in the '90s."

All programs will be held on Tuesday evenings from 7 to 9 p.m. in Fair Oaks' Multi-purpose room, 1 Prospect Street, Summit. Seating is limited. To register for any of these free public forums, please call The Community Relations Department at (201) 522-7038.

## RELIGIOUS VIEWPOINT

Gerald Fortunato, Pastor  
Silver Lake Baptist Church

### Death's sting is gone

"O death, where is thy sting? O grave, where is thy victory?" (1 Corinthians 15:55)

We hear almost daily of friends or acquaintances struck down without warning. We are almost blasé about the violent deaths on the evening news. We may callously discuss and analyze the death of a prominent person. But we find it difficult to contemplate our own deaths.

Death seems such a final thing. It's an unknown; we don't know what to expect from it. And we know that death can't be cheated. It catches up with everyone.

Depressing? Not for the Christians? Death is not a subject to make us pull the covers over our heads. In fact, death is spoken of in the Bible as an event to be actually looked forward to!

Paul wrote: "To live is Christ, and to die is gain." For I am in a strait betwixt two, having a desire to depart, and to be with Christ; which is far better. Nevertheless, to abide in the flesh is more needful for you" (Philippians 1:21, 23-24).

Because of Christ's death and resurrection, because of what's waiting for me in heaven, I don't need to fear death. Christ has truly taken the sting out of death for me. Like an unquenchable wasp, death can buzz around me and threaten me all it wants, but I won't fear it. The stinger is gone! Maybe that doesn't make me long for my last breath, but it certainly does calm my heart and comfort my spirit.

## It seems like only Yesterday

By Eric Quinones

May 6, 1965—Belleville Cancer Crusade Chairman Vincent T. Strumolo urged all Belleville residents to complete their contributions to the drive to insure Belleville would go over the top in helping Essex County reach its goal of \$190,000.

The local chairman said volunteers had completed their "door-to-door" bell-ringing campaign, handing out leaflets containing life-saving facts about cancer and information about the American Cancer Society's efforts to conquer the disease.

Through the campaign, Strumolo hoped lives would be spared "as researchers continue our fight for a breakthrough against the scourge of cancer."

Gaudio wins crown  
Gwen Gaudio was crowned Miss Cherry Blossom for 1965, winning a \$500 scholarship, and earning the right to represent Belleville in the Miss New Jersey pageant.

Barbara Wittman was the runner-up, earning \$250, while JoAnn

Skidmore won \$125 as second runner-up.

Gaudio, a senior at Belleville High School, performed a song-and-dance routine for the entertainment segment of the competition.

Belleville's lead widens  
The BHS varsity baseball team extended its lead in the Big Ten Conference to one-and-a-half games with a 3-2 win over West Orange.

The Belleville managed only four hits, but two were from Len Luongo, who drove in runs with a first-inning double. The winning run scored in the second, when Joe Cervasio scampered home on Nick Grande's grounder.

Art Sheridan, 2-1 with a 1.27 ERA, picked up the win with four innings of relief work.

## MIC unit responds to emergencies

The Clara Maass Medical Center Emergency Department recently placed into official service its

newly acquired Mobile Intensive Care Unit (MICU).

The unit, purchased for the Medical Center by the Clara Maass Foundation, is designed to respond to life-threatening situations, and is

staffed by both full-time and part-time paramedics.

The MICU, or "emergency room on wheels," as it is often described, is equipped to handle IV therapy, EKGs and drug therapy.

The deductible contributions for the support of the MICU may be sent to the Clara Maass Foundation, One Franklin Avenue, Belleville, 07009.

## Pharmacy Footnotes

Vincent Cazzarelli, Reg. Ph.

### Consumer Sense

According to a number of community pharmacy surveys conducted by volunteers for the American Association of Retired Persons, it pays to shop around when buying prescription medications. The survey noted as much as a 25 percent variation in price for brand-name prescription drugs within a single community. The survey further added that consumers could gain even more by asking for generic versions of many commonly-known prescribed medications. Recently, some generic-drug manufacturers have stated accusations of stalling government regulations. However, a government study of the top 30 generic drugs revealed that all measured up to government standards. In truth, independent physicians question the effectiveness of only limited groups of generic drugs. Both doctors and pharmacists can advise patients accordingly. Whenever you need information or advice on a particular medication call on our pharmacist at ROSSMORE PHARMACY, 338 Washington Ave., 755-1968, 755-1956. Member's Day is Sunday, May 13th. Stop by and look over our fine selection of cosmetics, timers, watches, transistor radios and other gift items. Hours: Sun-10pm daily, 9 am-9 pm Sundays.

**NOTE:** Elderly patients should ask about the availability of discounts for prescription medications.

## "FORNAROTTO"

An informal, spontaneous action associated with harmony comes from a man you all know. His tolerance is high, especially in some given situations. What the heck, why go into sentences ... look at what his name represents:

- F**ringe benefit - additional benefit
- O**asis - something providing relief from dreary routine
- R**apport - harmony
- N**iche - a person or thing is best fitted
- A**-OK - very definitely OK
- R**amrod - direct, supervise, control
- O**ff the cuff - spontaneous - informal
- T**olerance - endurance - fortitude - stamina
- T**ogetherness - associated with
- O**verall - viewed as a whole

The last word is how you view someone. Don't take one particular incident and weigh the whole story. Take an overall view and believe me, the outcome will be different. Joe does try to give you and me his best. As a kid growing up, that was what was stressed ... do your best, the rest will follow.

## MEDICALLY SPEAKING

### SINUS DISEASE

- Q: What is sinus disease?
- A: Sinus disease is an inflammation of the air containing cavities of the nose, face, and forehead.
- Q: What are the symptoms of Sinus Disease?
- A: Chronic sinusitis can include nasal congestion, pain or pressure of the eyes and forehead, nasal obstruction or nasal drip, or simply the sensation of a cold that doesn't go away.
- Q: How is sinus disease treated?
- A: Most sinus disease resolves with medical treatment, which includes antibiotic and allergy therapy.
- Q: What about sinus disease that does not respond to treatment?
- A: In more severe cases with chronic blockage or polyps, surgery may be indicated.
- Q: Are there recent advances in the diagnosis of sinus disease?
- A: Yes. With fiberoptic examination of the nose and sinuses in the office and advanced CT scan imaging, doctors are able to accurately diagnose sinus disease.
- Q: Are there any recent advances in sinus surgery?
- A: Yes. Recently introduced endoscopic sinus surgery is a major breakthrough in the treatment of sinus disease. This surgery makes use of micro-telescopic techniques with no external incisions. These new techniques allow the surgeon to perform safer and more effective surgery. Most often the surgery can be performed with anesthesia on an outpatient basis. Recovery time is usually rapid, with patients returning to their normal activities within days.

## BUC SHOTS

By Mike Lamberti

The amazing Rich Ruffalo continues his outstanding work in the field of blind athletics. Ruffalo, who has set numerous world and national marks in the shot put, discus and javelin throughout the years, and has captured two gold medals at the Olympics, recently coached a team in California.

Ruffalo was the United States coach at the World Power Lifting Championships for the blind. Every weight lifter on the U.S. team took home medals, with 15 gaining gold medals, three attaining silver and two winning bronze.

Among those winners were local athletes David D'Notaris and Joe Ruffalo, Rich's older brother.

D'Notaris, a 1987 graduate of Belleville High School, won the gold in the 132 pound open class. He broke all of his world records in the weight class by a total of 121 pounds.

D'Notaris has been a story of courage and determination for many years. He first began to lift weights under Rich Ruffalo's tutelage back in the mid 1980's. At the time, he was just beginning high school. That was the same time that Ruffalo had himself become involved with competitive weight lifting and track and field events for the blind.

Throughout the years, D'Notaris has become a world record holder in numerous weight lifting events. Back in 1985, D'Notaris told me on OBC-TV that the secret to his success was pretty basic.

"It's just a lot of hard work," he told me then, "and to always believe in yourself."

During his high school days, D'Notaris worked hard to become an outstanding wrestler for Belleville High. Today, he continues that ethic in the weight lifting field.

Joe Ruffalo captured the gold medal in the 275 pound masters division. He and his younger brother started their competitive weight lifting together and both men have done quite well.

As for Rich Ruffalo, there's little left to be said. Most fans know of his outstanding accomplishments both nationally and internationally. Perhaps his biggest thrill, athletically, was winning two gold medals at the 1988 Olympics for the Disabled in Seoul, South Korea.

Recently, Ruffalo gave me an autographed picture of himself wearing his gold medals over his red, white and blue USA sweat suit in Seoul. It was indeed an honor to receive the picture from a true champion.

Ruffalo also speaks to young people about the great opportunities that are in our country today and emphasizes that no handicap is too great. Many people that I've spoken to who have heard Rich speak are in awe of the man.

Me? I've known him since I was 16 years old and a junior at Belleville High School. He was my cross country and track coach for two years and knew full well his ability to motivate athletes and young people.

Congratulations to Rich and Joe Ruffalo and to Dave D'Notaris for their outstanding accomplishments in California.

### LITTLE LEAGUE OPENER SET

This Saturday, the 1990 Little League season will open with the traditional march of all the little leaguers onto the newly sodded Marotti Little League field. If you've never seen it, the opening ceremonies are quite enjoyable and the kids really seem to enjoy it.

The ceremonies commence at noon on Saturday and will be followed by a full slate of little league games. The first game will feature FMBA, who has won the National League title the past two years, playing K of C.

The little league should be as sharp as ever in 1990. As mentioned, the field recently underwent a complete resodding. The players will also be donning new uniforms to start the new decade.

As I said last week, I'm hoping to devote weekly coverage to the Little League, but I'll need some assistance from the powers to be in the league. All I need from you is the scores of the games and some brief highlights of what players did well. They can either be mailed to me, or you can call me at the paper.

### RETIREMENT DINNERS APPROACHING

Two legends of Belleville sports will soon be retiring. Al LoBalbo will be retiring after a 43 year career in education. His retirement dinner is set for May 22, 1990, at the Livingston Country Club. The address is 345 South Orange Avenue, Livingston. Those interested in attending should contact Frank Scelba, at the Music/Art Department at Belleville High School. His number is 450-3564. The cost of the dinner is \$42.00. Checks should be made payable to BHS: Al LoBalbo Retirement Dinner.

Also retiring at the end of the school year is current Athletic Director Jim Silvestri. His dinner will be held on June 1, 1990 at the Chandelier in Belleville. Cost of the tickets is \$30.00 a person. Those interested should once again contact Scelba, prior to May 15, 1990.

## Softball team rolling at 12-1

# Lady Buc arms are golden

Unlike the New York Mets, the Belleville softball team has combined outstanding pitching with solid defense and timely hitting and have put together a strong record. Carl Corino's team was 12-1 heading into this weeks action after winning four more games last week.

The girls stopped Hackensack 9-0, Teaneck 5-1, Paramus 4-0 and Hanover Park 5-1. The first three victories last week came in NNJIL contests and put Belleville all alone in first place in the league.

The Lady Bucs battled Paramus Catholic and Nutley earlier this week. Tomorrow, the team is home to a good Immaculate Heart squad, starting at 4 p.m. On Saturday, Belleville will play its first county tournament game after drawing a bye in the first round. The opponent will be Montclair in a quarterfinal matchup and the game is scheduled for 3 p.m. at Clearmont Field. Next Monday, the girls are at Bloomfield in a 4 p.m. start.

To give you an idea of how good the Belleville pitching staff has been, consider these statistics. In 13 games, the staff has allowed eight earned runs. In only one game did Belleville allow more than one run. On the season, the just ten runs have crossed the plate against Belleville. The pitching staff has hurled two no hitters and one perfect game.

Trecia Donnelly has been unbelievable this season. The senior, who led the squad in victories in 1989, is

5-0 thus far in '90. She has not allowed an earned run this season in 36 innings of work.

Stacey Johansen, 7-1 thus far in '90, has been overpowering on the mound. The senior has allowed eight earned runs in 58 innings of work and is averaging about nine strikeouts a game.

"I can't say enough about the pitching," Corino said. "Stacey and Trecia have been outstanding. You can't get much better than eight earned runs in 13 games."

The Belleville offense is beginning to come around, too. After a slow start, the bats are warming up with the weather and the offense is certainly welcome with the county tournament set to begin.

Versus Hackensack last week, Donnelly pitched a complete game as Belleville won, 9-0. Johansen led all hitters with three hits, including a homer and two RBI's. Laurie Moyer, Mia Hanos and Judy Krych had two hits each.

Against Teaneck, Donnelly was at it again, hurling her second no hitter of the season. Her first no hitter, against Barringer last week, was also a perfect game.

Jennifer Bridge and Moyer had two hits each and freshman Colleen Mannion collected two hits. Moyer hit a two run triple in the first inning, scoring Hanos and Johansen. Mannion then lined a single to score Moyer with the third

# Bucs robbed in broad daylight, 21-20

A difficult week of action came to a conclusion last Saturday for the Belleville baseball team. In a game that saw 41 runs cross the plate, the Bucs dropped a 21-20 decision to Randolph in the second game of a double header. In that contest, Belleville led by eight runs in the sixth inning, but some very questionable umpiring spurred a Randolph rally.

The Bucs dropped five games last week, bowing to Hackensack 5-2, Paramus 5-1, Teaneck 12-2 and losing two to Randolph, the first by a 9-7 count.

Nick Grande's team took a 3-9 record into this weeks action. The Bucs battled Paramus Catholic and Bloomfield earlier this week. The game with Bloomfield was a preliminary round game in the Greater Newark Tourney. Yesterday, the team faced Nutley. Tomorrow, the Bucs are home to Don Bosco, starting at 4 p.m. On Saturday, the Bucs will play a second round GNT game, provided the team defeated Bloomfield last Tuesday. Next Monday the Bucs and Bengals play

again, this time in NNJIL action. Next Wednesday, the Bucs are at Hackensack. Both of those games start at 4 p.m.

"It wasn't a real productive week," Grande said. "But I was proud of our kids' effort in the Randolph game. We battled back from an early deficit and played well. The kids stuck together, despite some horrible umpiring."

"I don't complain too much about the ump's in a game, but the guy behind the plate at Randolph in the second game was terrible. We couldn't get a strike call in the seventh inning for any reason."

In that wacky contest, Belleville scored three times in the first inning, only to see Randolph tally eight times in the bottom of the first. Belleville scored twice in the second and once in the third to narrow the lead to 8-6, but Randolph scored three times in the bottom of the third to increase the lead to 11-6.

In the top of the fourth, Belleville scored ten runs to take its first lead at 16-11. It was 19-12 after five

innings and 20-12 heading into the last of the sixth. That was when Randolph began its rally, scoring twice in the sixth to cut the lead to 20-14. Then, in the last of the seventh, Randolph scored seven times, the last two runs scoring on a bases loaded single.

Offensively, sophomore Mike Alfano had a super day, going 4 for

6, with six RBI's. Michael Melham was 2 for 3 with three ribbies. Bill Salvatore was 2 for 3 and Joe Cocuzza was 2 for 4. Andy Duhaine, Ryan Wells and Alfano all had triples in the game. Belleville collected 15 hits in the contest.

Rich Ferruggia pitched the first 6

# Bulls, Spirits prevail in BSA action, Colucci: 'Hat'

The Bulls and Spirit of the Belleville Soccer Association traveled to West Milford and came away with overwhelming victories. The teams then returned home and were victorious once again.

The Bulls, a Division 4 Under 12 team, scored five goals in the second half to win, 6-0. With center midfielders Robin Guevara and Nick Thatcher setting up the plays, the Bulls scored from all directions. Left wing Ernie Sicari scored one goal and assisted on two others.

Right wing Nick Colucci scored the hat trick, picking up three goals. Ricky Raccines scored a goal early in the second half and Joey Goglia, a midfielder, scored off an assist from Sicari.

The Belleville defense was outstanding. Left fullback Erick Guevara and sweeper Joe Emmolo paced the Bull defense, which tallied its second shutout of the season. The win improved the Bulls record

# Buc crew team begins 'second season'

The Belleville crew team took part in the City championships last weekend in Philadelphia. It was the first of the "Big Five" weekends of crew that culminates with the Nationals on Memorial Day Weekend.

Bob Cassin's team will race in the Upper Merion Regatta this Sunday at King of Prussia in Pennsylvania. On May 12, the Bucs will compete in the Mid Hudson Regatta, on the weekend of the 19th, it will take part in the Stotesbury Regatta and on Memorial Day weekend, the season will conclude with the Nationals.

At the City championships, which wraps up the "Flick" races, Belleville did not have any winners in the finals, but did advance a few boats to the championship round.

The boys junior four "A" boat won its qualifying heat, then placed third in the finals. The boat, made up of Dale Witkowski, Jim Mastropolo, Sean Kimball, Lee Hands and coxswain Heather Apruzzese appears to be in good shape for the big regatta races in May.

The kids were disappointed with their performance in the finals," Cassin said of the "A" boat. "They felt they could have done better. They should be up for the next regatta."

The junior four girls team advanced to the finals, where it finished fourth. The boys novice team finish-

ed third in the qualifying heat. Because there were so many races in the boys novice division, only the top two shells in each qualifying race advanced to the finals.

"The boys raced well," Cassin said of the novice team. "They just missed out on the finals. They should be in good shape for next

weekend, too."

The novice girls team rowed as a freshman eight and finished second in the finals, losing by two seconds to Holy Spirit.

The senior girls four missed the finals, placing third in the qualifying heat. The seniors boys four team had to pull out of the race due

to an illness by one of the rowers.

"We gave the kids last Monday off and then we'll get back to work," Cassin said. "We'll be getting up pretty early the next few weekends to travel to these regattas, so we want to get the kids some rest. If we stay healthy, we should do pretty well in the upcoming races."

## RESOLUTION OF THE PLANNING BOARD

Township of Belleville, New Jersey

APPLICANT: PB-15

NEWARK LIGHT COMPANY

559 Washington Avenue

Belleville, New Jersey

Washington Ave, Block 153, Lots 45, 47, 49 and 50 desires to expand office, storage and retail facilities at this location, and

WHEREAS, Newark Light Company has an existing business on the site, in a building that is non-conforming to the standards of the present zoning ordinance, and,

WHEREAS, the Belleville Zoning Ordinance establishes standards to promote the harmony of business and residential uses, and,

WHEREAS, the protection of the municipal zoning ordinance must be extended to residents, as well as commercial use, and,

WHEREAS, the Belleville Planning Board, here established to help fulfill the intent and purpose of the Municipal Land Use Law of the State of New Jersey by promoting public safety and general welfare, and,

Therefore, the Belleville Planning Board finds:

1) The Belleville Ordinance requires a rear yard setback of 50 feet between a B and B residential properties and business properties.

Newark Light is on the rear property line with its present facility. The second story expansion would be only 15 feet from the rear property line, thus, the rear yard setback required - an aggravation of the non-conforming standard.

By testimony from the applicant's expert witnesses, Washington Avenue already has 32 buildings that are non-conforming to the setback ordinance.

The ordinance is intended to establish a land use control that will further protect the residential character of the area and B and B zones have a right to live without further encroachment.

Testimony from residents indicates that the Planning Board is not the zoning board. The Planning Board has shown no special reasons to consider its expansion proposal in light of the neighbors' concerns and the business' location.

2) Maximum Lot Coverage is permitted by Ordinance at 50 percent. Proposed by Newark Light plans is 51.33 percent - excessive by 1.33 percent.

The figure of 13.33 percent, while seeming low, is arrived at by designing a non-conforming parking plan that does not promote good circulation and safety for pedestrians or vehicles.

Required: 42 spaces. Proposed: 30 - 7 of which are in a stacked arrangement. These seven are apparently scheduled for employees. Newark Light offered no controls in managing those spaces.

3) Newark Light did not present a convincing plan on safety managing the combination of delivery, employees, and consumer traffic.

4) Side yard setback: The seven employee parking spaces are on the property line. Required setback: five feet.

A five foot fence setback is not unreasonable, however the adjacent property is commercial in nature. Granting the variance would present a perpetual intrusion on the neighboring property and could present a major inconvenience at present or at some time in the future should the neighbor decide to improve or change the nature of his property.

5) The major landscaping in the front of the property are plants that placed in the right-of-way.

6) The applicant attempts to demonstrate that there will be minimal visual intrusion of the expansion to the neighbors. Newark Light fails to heed that the present is a visual intrusion to the aesthetics, light, air and open space and the neighbors would enjoy far more visual open space if that building were in place according to today's zoning standards.

The Planning Board is not convinced that a second story expansion in excess of 600 sq. ft. - stretching approximately 30 feet in length - is not an intrusion upon the residences.

6) Vehicles of any length and size will be loading at this site, causing congestion and safety considerations. Larger trucks, especially, could cause problems on the site and should have an area more appropriate for loading. Should two oversized delivery vehicles arrive at the same time, the site would be extremely crowded, and dangerous.

Further, Newark Light Company is on a busily traveled thoroughfare, making ingress and egress of all traffic - especially commercial vehicles most important.

7) The proposed building appears that it has a lot of open interior space that could be scaled down to provide for the zone plan and be more efficient in the land area provided.

Now, therefore, together with other findings made by resolution, the Belleville Planning Board concludes that:

A) Newark Light has not demonstrated a need for increase of the undersized lot to build to that scale; and,

B) Will not improve the welfare of its residential or commercial neighbors with its expansion; and,

C) The development does not demonstrate proper and use controls to protect commercial development, as stipulated in the Belleville Township Master Plan.

The Planning Board further finds as a matter of fact that the applicant failed to provide a plan showing the zone plan and zoning ordinance of the Township of Belleville;

And, hereby resolves that on this day, Newark, N.J. April 16, 1990

## Bucs endure tough week

(continued from page 13)  
1/3 innings of the game for Belleville. Jason Nardachone hurled the final 1/3 of the seventh inning. The Buc pitching staff gave up 16 walks in the game.

In the first game of the doubleheader, the Bucs lost, 9-7. In that contest, Jim DuHaime pitched for Belleville. The junior gave up 12 hits, struck out six, walked one and allowed six earned runs.

Both teams scored a run in the second inning. The Bucs scored when Cocuzza singled, went to second on a sacrifice by Wells and scored on a single by Nardachone.

In the fourth, Belleville went ahead 2-1. Ferruggia walked and moved to second on a groundout by Ken Sainz. Cocuzza hit a sac fly, moving Ferruggia to third and Wells singled to score Ferruggia.

Randolph scored four times in the last of the fourth to take its first lead at 5-2. The Bucs narrowed the lead to 5-4 in the fifth. Salvatore walked and stole second base. Art Caruso singled, moving Salvatore to third. Caruso then moved to second on a ground out, with Salvatore holding at third. Andy DuHaime hit a sac fly to score Salvatore and Ferruggia singled to score Caruso.

Randolph moved ahead 9-4 with two runs in the fifth and third innings. The Bucs scored three times in the seventh to make the final score 9-7. In the seventh, Salvatore singled and Caruso walked. Andy DuHaime reached on an error, scoring Salvatore. On the play, Caruso was retired at second base. Ferruggia then reached on an error, scoring DuHaime. Sainz then singled to score Ferruggia.

Cocuzza led the Belleville attack with three hits.

Against Teaneck, the Bucs fell by a 12-2 score. Teaneck scored in every inning. Belleville scored its two runs in the last of the fifth. Nardachone singled and went to second on a single by Mike Capasso. Carmen Spina walked and Caruso walked to force home Nardachone. Andy DuHaime then hit a sac fly to score Capasso.

Andy DuHaime pitched the entire game for Belleville. According to Grande, the game changed its complexion for the worst in the first inning.

"We had the bases loaded in the first inning," Grande said, "and we

couldn't get the runs in. We just didn't play well at all. I wanted to give Andy the work because he hasn't pitched much. It was just a tough game all around."

Verus Paramus, the Bucs fell 5-1, playing a strong game against a solid NJHL team.

"We played a good game against Paramus," Grande said. "We made some errors late in the contest that hurt us. But the kids gave a good effort."

The Bucs scored its only run in the fourth inning, taking a 1-0 lead in the process. Cocuzza reached safely on an error and went to second on a sacrifice by Sainz. Ferruggia then singled to score Cocuzza.

Ferruggia led the Belleville attack with two hits. Capasso pitched a complete game for Belleville, allowing four earned runs, striking out one and walking none. The Bucs committed five errors in the game.

"Capasso did a real good job on the mound," Grande said. "But like I said, the errors hurt us."

The week started with a loss to Hackensack, who was winless entering the game. Both teams scored solo runs in the third inning. Spina started the third with a walk and went to second when Caruso was hit by a pitch. Andy DuHaime then doubled to score Spina.

Hackensack broke the 1-1 deadlock with three runs in the fifth. The Bucs scored one more run in the last of the seventh, without benefit of a hit. Spina walked, went to second on a DuHaime walk and scored when Cocuzza reached on a Hackensack error.

"I was very disappointed with that game," Grande said. "We didn't execute at all. Hackensack was 0-9 coming into the game. You figure they would come out of it, but we shouldn't be helping them. We just didn't play well."

Nardachone pitched the first six innings for Belleville, allowing just two hits and four earned runs. He struck out three, but was hurt by three wild pitches and six walks. Andy DuHaime pitched the final inning for the Bucs, allowing two hits, one run and striking out two.

"I think that Randolph game could help us," Grande said. "Even though we lost, the kids played as a team. Hopefully, we can turn the corner based on that game."

## Buc Shots

(continued from page 13)

out of the Western Conference of the NBA? The Portland Trailblazers and possibly the Phoenix Suns could be a deterrent.

The Belleville baseball team lost a 21-20 decision to Randolph last Saturday in a game marred by atrocious umpiring. The Buc pitching staff allowed 16 walks in the game. Belleville led 20-12 in the sixth inning, only to see Randolph scored twice in the sixth and seven more in the seventh to win. Needless to say, Buc head coach Nick Grande was fuming after that game. "I can't see why they (the umpires) have to take the game away from the kids. That was ridiculous last Saturday."

Quick, who are the final four teams in the Stanley Cup playoffs? Are the Mets ready to make a big deal in order to shake up their lineup? Could Kevin McReynolds, Ron Darling or Darryl Strawberry be a part of a deal? Stay tuned.

### LAST WEEKS QUIZ

The last time the Portland Trailblazers made it to the NBA finals was in 1977. That year, the Blazers won their only championship to date, beating Philadelphia in six games. Three starters from that team were Maurice Lucas, Bill Walton and Johnny Davis.

## Spirit, Bulls win two each

(continued from page 13)

to 2-1.

The Spirit, a Division 3 team, boosted its record to 2-1 with a 7-1 blitzing of West Milford.

Once again, it was a second half deluge that propelled Belleville. The Spirit led 2-0 at halftime, then scored five times in the second half. Greg Groeling scored four goals to lead the way. Ivan Martin, Frank Tafur and Diego Paredes scored one goal each. The defense was led by Chris Imperatrice, Joe Colucci, Dom Arduino and goalie Mike Perdo.

Last Sunday, the Bulls blanked Waukill Valley, 6-0. Colucci had his second straight hat trick and had one assist. Sicari scored twice and had one assist. Center-forward Ricky Racines rounded out the scoring with one goal.

The defense played a solid game on a rainy afternoon at Municipal Stadium. It held Waukill Valley to

just three shots on goal. Defensively, Victor Mesce, Danny Barosiewicz, Joe Emmolo and German Galindo excelled.

It was the second straight shutout for the Bulls and third in four games. The Spirit won a thriller, 4-3 over Pompton Lakes last Sunday. It was the teams fourth straight victory, but it didn't come easily.

Belleville trailed, 3-2 with just five minutes left in the game. However, Greg Groeling scored on a breakaway shot at the four minute mark to tie the game. Then, with just five seconds left, Chris Imperatrice scored on a shot from 20 yards away to seal the win.

On defense, Mike Percio played a solid game in the nets for the Spirit.

## Girls set for Counties

(continued from page 13)

Belleville run in the first inning. The game with Paramus was an important league contest.

"Paramus has a good ball club and we knew this would be a key game in the conference race," Corino said. "Once again, we got an outstanding game on the mound. Stacey pitched a great game and the defense was excellent."

Johansen hurled a three hit shutout in gaining the win. The senior struck out seven and walked none.

In the second inning, Amalia Fabiano singled and went to second when Melissa Marcantonio reached on an error. Both girls scored on a double by Bridge, who also rounded the bases on a wild throw from the outfield for the third run.

Hanos, Johansen and Mannion also had hits in the game. The defense was paced by Marcantonio and DiVincenzo, who had excellent games at third base and leftfield respectively. Carey Woodruff turned in a solid defensive game at second base, too.

Last Saturday, Belleville won a big game over a strong Hanover Park squad, 5-1. Johansen earned her seventh victory of the season

with another three hitter. She struck out seven and walked one. On the offense, Hanos had an RBI triple, Moyer had a hit and scored a run and Bridge scored two runs and stole three bases.

"Bridge has been playing very well," Corino said of the senior shortstop. "She's hitting the ball well and playing a solid defensive game."

As for this weeks games, Corino expects some tough games.

"Montclair will be a real tough game in the county tournament," the coach said. "They have a real good team this year. It should be a good test for us. Immaculate Heart (tomorrow's opponent) has only one loss in the league and that will be a good test for us also."

NOTES: The other quarterfinal games in the county tourney feature top seeded Caldwell playing Columbia, Livingston taking on Cedar Grove and Bloomfield battling Verona. Should Belleville beat Montclair, it would face the winner of Livingston-Cedar Grove in the semis next weekend. Should Belleville win, it would be their ninth straight appearance in the "Final Four" of the county tournament.

## Santinelli earns athletic honors

Paul Santinelli Jr., son of Paul and Antonia Santinelli of Belleville, was honored for his athletic achievements at the Emerson College Athletic Awards Banquet on April 21.

Santinelli, a junior at Emerson College in Boston was awarded two varsity letters and the Emerson Coach's Award for Golf. The second year letterman tallied a total of 16 points for the Emerson Hockey Team. The second line left wing scored 3 goals, 13 assists and led the team with 143 penalty minutes.

Santinelli is also the co-captain of the golf squad with a seventeen handicap and one of five berths in the Massachusetts Intercollegiate State Golf Championships.

Santinelli was also selected to participate in the Emerson College Los Angeles Program for the fall 1990 semester. He is a 1987 graduate of Belleville High School.

Paul Santinelli Jr.

## BSA advantage blanks Berkeley, 7-0

The Belleville Advantage extended its winning streak to five by defeating the Berkeley Heights Bulls, 7-0, this past Sunday at Belleville Municipal Stadium. The Bulls, thus far, were the best team the Advantage has faced, but the score was not indicative of the type of game this was. Everyone, starters and subs alike, played excellent team ball and contributed to the big win. The game was by no means boring because the Advantage had to really work hard against a scrambling defensive opponent.

Jim Wandling continued his scoring prowess by scoring his second hat trick of the season on two individual drives and a fine assist from Stan Saja scored two with the first on a well-placed cross from Lew De Pasquale. Also getting on the board were Chris Ricci and Greg Delmotte with some "needle threading" shots of their own. Contributing to the all-around attack were Manny Arrijo, Luis Pereira, Javier Suarez, Daren Lewis and Brian Travers.

Defensively, goalies Chris Mazurkiewicz and Predrag Pruvlovic combined for the shutout with three saves apiece while Tony Silva, Chris Jaworski and Frank Crocco helped to notch the team's fourth shutout in five games.

To date, the Belleville Advantage looks like the team to beat as it has scored 26 goals and allowed only one (penalty kick). The team's next game is at Bloomfield against the undefeated Bengals to determine which will finish first.

## Cancer Control Month noted

April is Cancer Control Month. After the recent death of Sarah Vaughan, from lung cancer, it is important to note the increasing incidence of lung cancer in women. Lung cancer has become the number one cause of death among women with cancer, surpassing breast cancer.

According to James M. Orsini, M.D., attending physician in oncology at Clara Maass Medical Center, "The rise in lung cancer is of concern for all of us who deal with cancer on a daily basis. It would indicate that there has been an

increased number of smokers, in particular teenagers and women."

Dr. Orsini serves as president of the Essex County Division of the American Cancer Society. "We at the American Cancer Society, in an attempt to curtail the increasing number of teenage smokers, have been enlightening school children in the greater Essex County area to the ravaging effects of cancer. It is our idea to promote good health and to make all aware of the effects of the cigarette and the damage that it can do, not only to the lungs, but in heart disease, emphysema,

and chronic obstructive pulmonary disease. It can also cause other cancers, including bladder cancer and pancreatic cancer, and is a contributing factor in many of the other cancers. In fact, lung cancer accounts for at least 22 percent of all cancers that oncologists see," said Dr. Orsini.

"We hope that people become aware of these facts and help the American Cancer Society in their fight and their goal to cure cancer by the year 2000. We now cure at least 50 percent of all cancers. With public awareness and education on prevention, we will be able to conquer this disease," he added.

# 12 alternatives to lashing out at your kid.

The next time everyday pressures build up to the point where you feel like lashing out—STOP! And try any of these simple alternatives.

You'll feel better . . . and so will your child.

1. Take a deep breath. And another. Then remember you are the adult . . .
2. Close your eyes and imagine you're hearing what your child is about to hear.
3. Press your lips together and count to 10. Or better yet, to 20.
4. Put your child in a time-out chair. (Remember the rule: one time-out minute for each year of age.)
5. Put yourself in a time-out chair. Think about why you are angry: Is it your child, or is your child simply a convenient target for your anger?
6. Phone a friend.
7. If someone can watch the children, go outside and take a walk.
8. Take a hot bath or splash cold water on your face.
9. Hug a pillow.
10. Turn on some music. Maybe even sing along.
11. Pick up a pencil and write down as many helpful words as you can think of. Save the list.
12. Write for prevention information: National Committee for Prevention of Child Abuse, Box 28666, Chicago, IL 60690.

## The Home Front

By Nina Kaeser

**Did You Know???**

Planning to remodel? Adding a bathroom can more than pay for itself, and you're likely to get your money back at resale on a kitchen renovation, too. But pools and basement recreation rooms rarely pay off.

Standard claw hammer is not adequate for all home handyman jobs, and may shatter if you hit items made of hardened steel, such as a cold chisel or a pry bar.

Yellow walls are used to make a room look sunnier and warmer. Soft shades are most flattering.

If paint peels from wood, it may be a sign of moisture in the material underneath as well as improper preparation of the surface before the paint was applied. Wood stain, on the other hand, doesn't peel because it soaks into the material.

Trading up to a bigger, better home is often easier than buying your first house, because your home equity makes a good down payment. The help of a real estate professional facilitates the transaction.

Moving up to a larger house? Count on our experienced agents to help you choose the right home and sell the old one. Call Century 21 Stanford Agency, 84 Union Ave., Nutley, 235-9000.
