## Pope thinks quick, calls 911 for mom

Seven-year-old Ronald Pope remembers watching a "Rambo" movie on TV Sunday night when his mom began choking. His mom, Debbie, says Ronnie and his younger brother Johnny were taking a bath at around eight o'clock when an asthma attack choked the breath from her.

Ronnie picked up the telephone and dialed 911, the police emergency number. "I told them she was having an asthma attack. I thought she had something chocked in her throat," he said.

"The last time my mommie had an attack," Ronnie said, "I got my neighbors. This was the first time I had to do everything myself. Neither other family in our house was home."

"I knew what to do, and I did it," He added.

When Belleville police officer William Palatella arrived, he reassured the children and prepared to bring in the oxygen tank when the ambulance arrived and the EMT-trained firefighters took over.

When the police arrived, Ronnie called his grandparents to come stay with him. "I'm the oldest of Grandma Evelyn's grandchildren, and I'm the only one without asthma."

The family had celebrated Ronnie's birthday with a cookout Sunday afternoon. His seventh birthday was Monday.

"If he didn't know what to do — he's the only one who could have dialed for me," his mom said.

"My mom is very important. When she's sick, I help out. When the three of us are all sick, she takes care of Johnny and I take care of her."

Johnny coughs as a three-year-old who has learned a new trick will. Ronnie says, "That's how she coughed."

"I couldn't breathe, I couldn't talk," the boy's mother said. "I wasn't afraid a bit," Ronnie said. "I've seen her with asthma attacks."

"As soon as I left," his mom added, "he broke down and cried." "She was only gone about five minutes, then she was back," Ronnie said.

"I came back from Mountaineer Hospital about two hours later, the boys were waiting for me."

Now that everyone's safe, Ronnie will have an interesting story to tell in September when he starts third grade at School 10.

**QUICK THINKING SAVED MOM** - Seven-year-old Ronald Pope quickly dialed 911, the police emergency number, Sunday night when his mom had a serious asthma attack. Ronnie, shown here with his three-year-old brother Johnny, stayed on the telephone until police officer William Palatella arrived to handle the emergency.

## Belleville resident nabbed without license or plates

A Belleville man was arrested last week in Bloomfield on theft and motor vehicle charges.

On patrol shortly before 6:30 p.m. Wednesday, Bloomfield police officers Dale Robinson and Richard Wallace observed a driver later identified as Ralph E. Sevy, 23, of Mill Street driving a car with no inspection sticker and one

rear license plate, according to police reports.

Sevy admitted he had no driver's license, the vehicle was unregistered, and uninsured and that he had stolen the plate from a Bloomfield gasoline station, police said.

The plate was traced to a Bloomfield man, according to reports.

Sevy was charged with theft and issued summonses for the alleged motor vehicle violations.

## 'State funding shady' Board V.P. charges

By Anthony Buccino

School Board Vice President Patty Pisano called a letter from State Senator Carmen Orechio to township constituents concerned about cuts in school aid "shady".

At Monday night's Board of Education meeting, Pisano said, "The letter is a little shady. You have to spend money to get money." The Foundation Funding just "took money out of one pocket and put it in another pocket. Next year, we'll be losing. In reality there are so many provisions that we're not going to get it."

The Senator's letter said, "as a result of this new school funding legislation, the Belleville school system will receive a 28% increase in State aid for education in 1991. This new funding system will mean that Belleville will receive a \$2,317,000 increase in aid."

The letter stated, "Belleville State aid is projected to grow from \$8.3 million this year to \$15.7 million in 1996-97."

Orechio's letter stated that taxpayers will benefit from other legislation which will have the state pay for the cost of county welfare and county psychiatric hospital costs. The letter stated this latter legislation will provide Belleville residents with \$2,274,283 in property tax relief and would amount to \$239 in property tax relief.

The Senator's letter also mentioned a special revitalization aid of \$150,000 from the state which replaces the \$150,000 distressed cities aid the township could no longer

get.

Resident Edith DeFeo suggested the board send a letter as a board to Senator Orechio.

Pisano said, "In Verona, the Senator said he would not vote for the foundation funding."

"The Belleville Times only publishes what it wants to," DeFeo said.

Board President Dr. Anthony D'Agostino questioned why Bloomfield and Nutley each were told they would get desegregation money, but Belleville would get "nothing at all."

Trustee Gabe Nazzola said that the Foundation funding is "playing the numbers game. When the governor says that the per student costs will now be paid by the state, the difference will be when the township pays the pension, health and insurance costs for teachers and staff."

"Don't be misled by projections of higher per student funding," Nazzola said. "There will not be more money. We're going to be getting less than we were getting — not."

Board Secretary/Business Administrator Edward Appleton said the more affluent towns are going to be hit the hardest. "Belleville will see some money initially. We have to spend at a certain level."

In about 10 years, the new costs will be rising faster than the state aid coming in, Appleton said.

In other business, the board

## County grand jury charges two with drug-induced death

A Belleville woman and a Newark man were charged by the Essex County Grand Jury with causing the drug-related death of a township resident January 12. With those charges, Belleville has become the first township in Essex County to charge anyone under the Comprehensive Drug Reform Act of 1987, according to Det. Sgt. Joseph Rotonda.

The charges resulted from an investigation by the Belleville Narcotics Squad following the report of the apparent drug overdose death of Michael Barsky, 43, of Hornblower Ave. Police were called to Clara Maass Medical Center following the death at 6:15 p.m. Jan. 12.

Detectives interviewed Debbie Howley, 34, of the same address, and using information received from her and others, the detectives determined that Barsky "had used cocaine prior to his expiring," Rotonda said.

Further investigation showed that the cocaine was purchased for Barsky by his girlfriend, Howley, along with Michael Kolesar, from Thomas Spivey at Grafton Ave. and McCarter Highway in Newark. The pair allegedly bought two vials of cocaine from Spivey, the report said.

The Belleville Narcotics Squad then notified the Newark Narcotics Squad and Spivey was arrested the following day for distribution of controlled dangerous substance, possession with intent to distribute, and distribution within 1000' of a school.

Belleville police arrested Kolesar and Howley and charged them with distribution of c.d.s. Howley was also charged with possession and distribution within 1000' of a school.

Any charge for drug induced

death must be approved by the county prosecutor's office, according to Assistant Prosecutor Stephen J. Taylor. The three were originally charged with the various drug offenses. Howley and Spivey were later charged with first-degree drug induced death.

Taylor said Tuesday that it would depend on the strategy of the trial prosecutor to determine if Spivey and Howley would be tried together or separately.

Causing a drug-induced death is a first-degree crime punishable by 10 to 20 years in prison, if convicted. Taylor said that under the Comprehensive Drug Reform Act of 1987, a person is held liable if he or she manufactures, distributes or dispenses a drug which results in the death of someone else. No intent must be shown to substantiate a drug-induced death.

## Pizzi will appeal guilty verdict in county employee beating

Former Mayor Michael P. Pizzi was found guilty of simple assault Monday by Judge Allison Brown-Jones in Newark Municipal Court.

The verdict stemmed from an incident which occurred May 1989, involving Pizzi as director of Essex County's security division, Joseph DeLeva as the division's deputy director and Gregory Smith a county employee.

Smith maintained, as the judge ruled, that Pizzi and DeLeva assaulted him.

DeLeva was also found guilty of simple assault, according to court administrator Robert Strand. He added that in counter charges filed

by Pizzi and DeLeva, Smith was found not guilty by Judge Brown-Jones.

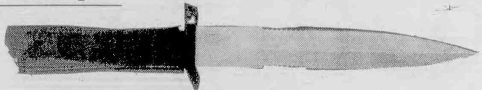

Pizzi told the Belleville Times in January that Smith assaulted him when Smith was told that he was suspended pending the outcome of an administrative hearing.

Strand said Judge Brown-Jones stayed sentencing until Pizzi and DeLeva could present a formal appeal.

Pizzi's attorney, Robert Giordano, said Monday afternoon, that they are planning to appeal within the prescribed time limit.

## Murder weapon

## Detectives seeking witnesses of man with commando knife

By Anthony Buccino

Belleville detectives are seeking witnesses who may provide clues solving the early morning murder July 3 of a Belleville businessman in a semi-secluded parking lot on Washington Ave.

Police have identified the knife used in the early morning stabbing of 57-year-old Anthony Petaccio, as a mail-order commando knife. Police are looking for anyone who may have known someone with a similar knife. Detective Edgar Panier Jr. said Tuesday.

The knife had a rubber checkered handle, full tang construction — meaning the steel blade went through to the end of the rubber handle — and measured 11 3/4" overall, according to Val-or, the mail order distributor.

Panier said police are continuing to canvass the area of the

crime for a witness who may have seen someone in the area of the People's Bank parking lot between 8 - 8:30 a.m.

The Petaccio family has posted a \$10,000 cash reward for information leading to the arrest and conviction of the assailant.

Anthony M. Petaccio, president of Educational Systems and Publications, 234 Washington Ave. was found stabbed in the parking lot of

People's Bank, according to Det. Panier.

Petaccio was discovered by a passer-by at about 8:20 a.m. alongside his parked 1988 Jaguar in the bank's lot, and was rushed by ambulance to the

Murder victim Anthony Petaccio.

University Hospital in Newark, Panier said.

The victim who had shown some signs of life at the scene was pronounced dead at the hospital, Panier said. "It appears he died from a single stab wound

to the chest."

Panier said the victim appeared to have been accosted as he was looking up his car before crossing the street to his office. "He gave up his wallet and money before he was apparently senselessly stabbed at the rear of the car."

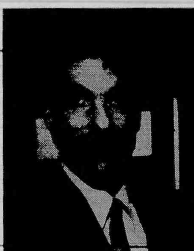

Police have retrieved a set of fingerprints from the trunk of the Jaguar and determined them not to belong to the victim or his family members.

Petaccio was last seen at 8:06 a.m. locking his car, and found on the ground near the trunk of his car at 8:24 a.m., according to Police Chief George J. Lister. Petaccio always parked his car in the second spot of the People's Bank parking lot driveway which is obscured from the road by tall hedges.

The victim's wallet and watch were found on the ground at the scene, Lister said, and the victim's pockets were emptied when he was discovered with the knife in his chest.

Petaccio, 57, who founded Education Systems & Publications in 1958, lived in West Paterson.

Anyone with information about the murder should contact the Belleville Police Detective Squad at 450-3333. All information will be kept confidential.

# Belleville POLICE BEAT

A Belleville man walking on Church Terrace at 9:54 p.m. Sunday, July 22 reported he was approached from the rear by two black males. One suspect was armed with a handgun, and both men demanded money and jewelry. When the victim said he didn't have any money, the suspects turned and fled. The victim contacted the police and gave them descriptions of the suspects. Police spotted two men who fit the descriptions at Bridge and Mill sts. and following a short foot chase apprehended both suspects. A search of the area where the two were first observed turned up a starter's pistol. The suspects were two 15-year-old juveniles, one from Orange and one from Newark. Both were released to their parents. The robbery is being handled by the juvenile bureau.

Belleville Police on routine patrol pulled over a vehicle driven on Franklin St. by Jose Ramos at 3:32 a.m. July 17. Ramos, 35, of Perth Amboy was charged with being an unlicensed driver. Police officers observed 4 other occupants in the vehicle and noticed drug paraphernalia in plain view. All occupants were ordered out of the vehicles and charged with possession of a controlled dangerous substance - cocaine, and possession of drug paraphernalia. The four other occupants were one 17-year-old, and three 16-year-olds, all of Newark. A tow truck operator was then called to remove the vehicle. Upon preparing the vehicle for towing, the operator was struck by a hypodermic needle hidden in the front bumper. The operator was taken to a nearby hospital for treatment. All five suspects were charged with possession of the

hypodermic needle. Ramos was held on \$2,500 cash bail and the juveniles were released to their parents or guardians.

Police officers observed a black male being pursued by a security guard in the area of a Belmont Ave. supermarket at 5:49 p.m. July 17. Andre Lymon, 30, of Newark, was apprehended and charged with shoplifting three cartons of cigarettes valued at \$51.00. He was being held on \$200 bail.

A 14-year-old black male selling candy July 16 on Belleville Ave. was charged with lewdness after he exposed himself to a woman who gave him a glass of water. The youth, who was found to be a missing person from Newark, was released into the custody of a legal guardian.

A Washington St. woman reported that she woke up July 21 to find her VCR valued at \$250 had been stolen. There were no signs of forced entry, according to police.

The front grill and front seat were missing from a 1982 Buick Riviera recovered July 22 by Belleville police on Route 21 north. The vehicle had been reported stolen in Newark July 20.

Christin Ball, 19, of Parlin was charged with driving while on the revoked list July 23. She was stopped by police at Bloomfield Ave. and Hecker St. and was held on \$250 cash bail.

A Belleville councilman and two others reported receiving harassing letters with political overtones. All three letters appeared to be written by the same person, officials said. The case is being investigated by Belleville detectives.

Motor vehicle thefts were reported July 16 on Belleville Ave., and Bloomfield Ave.; July 18 on Washington Ave., and Honis St.; July 20 on Brighton Ave.; July 21 on Belmont Ave.; July 22 on Watsessing Ave.

Note: Police Beat is only a representative sample of police calls in Belleville. The department responds hundreds of calls each week and it would be impractical to list every call.

## Special summer program benefits handicapped youth

Forty students arrive every morning at Cerebral Palsy of Essex and West Hudson on Sanford Avenue in Belleville, to participate in the Summer Special Needs Program. In full swing until August 3, the program helps disabled and handicapped students take advantage of the good summer weather.

Enrichment programs include trips, outdoor activities and art classes. This week's highlight was a visit from some residents of the Turtleback Zoo. The children met face to face with an iguana, a boa constrictor, and a very large bullfrog.

The staff of ten, with support from Center administration and occupational and speech therapists, make it possible for handicapped children to continue improving skills and therapy begun during the regular school year.

The most important advantage of the Summer Special Needs Program is to help the children have companionship and get involved in summer activities. Left at home during the summer, handicapped kids are less able to take advantage of the recreation activities summer has to offer.

## Golden Comments

By Jim Golden

Publicity tying the President's son to the S & L scandal, along with the prospect of higher taxes and a squishy economy, is starting to send shivers through GOP ranks. The White House frets about a dip in George Bush's popularity, outside strategists are worrying about a bigger fundamental threat to the party's future.

Party planners had hoped that elections this fall would provide a springboard for the 1990s. With attractive challengers lined up to run against incumbent Democrats, the GOP hoped to pick up two or three Senate seats this year and then be poised to take over the chamber in 1992. They were also counting on enough gubernatorial victories in key states to alter district lines after the 1990 census, possibly putting them in position to take over the House of Representatives in the next few elections.

These fond hopes have gone, since recent national events could drag down their candidates. Later, insiders are talking about gaining only one or two seats in the Senate, losing a handful of seats in the House and scoring mixed results in governors' races. For the rest of the decade, the party could be locked into minority status below the White House.

Democratic consultant Geoff Garin says voter sentiments have changed recently. "They know there's this awful problem of the S&L's, they're hearing about higher taxes, and now they're starting to see a dotted line connecting the two — a line called Neil Bush," he argues. Garin says the issues agenda has also shifted toward the Democrats. When Democrats called in the past for big government to solve problems like catastrophic health care, voters were skeptical. But now Democrats want the government to crack down on greedy business people, and voters cheer. Some think it is premature for Democrats to crow. Analyst William Schneider notes that many Democrats got campaign funds from S&L coffers and could be vulnerable to the voters' anti-incumbent mood. If there is a decisive issue this fall, he says, it may not be S&L's but a weak economy.

Sluggish economic growth is already causing plenty of anguish. Pollster Albert Sindingler finds 28 states, accounting for 70 percent of the population, now in recession. Bush aides originally thought the first half of 1990 would be soft but that the second half would bring a rebound, helping in the November elections. Now they see slow growth through the end of 1990 and possibly beyond.

Always quick to find a scapegoat, administration leaders are once again trying to finger Alan Greenspan, chairman of the Federal Reserve Board. They fear that Greenspan's recent hint of a reduction in interest rates is a classic of the little, too late. Treasury Secretary Nicholas Brady began pressing Greenspan for lower rates several months ago, and Greenspan has been strongly supported by others. Greenspan has felt the economy was walking a fine line and that too much easing by the Fed, absent a serious budget agreement, might kick up inflation. Ironically, the partisan wrangling that broke out in Washington over Neil Bush, the S&L's and higher taxes may poison chances for a big budget package, making it more difficult for the Fed to lower interest rates in the coming months.

Current talks between George Bush and Congress aimed at slashing the federal budget deficit has the goal of spreading the agony widely, with spending cuts and tax hikes hitting everyone from farmers and frequent flyers to big businesses and gas guzzlers. But when it comes to inflicting anguish on the nation's elderly, the effort at burden sharing may not succeed. A battle now looms over higher taxes or cutbacks in popular programs like Social Security and Medicare — and the likely prospect of a seniors' rebellion may make it impossible to hold other groups' feet to the fire. That in turn could lead to a deficit-cutting deal that falls far short of ambitious goals set by the administration and Congress.

Sheer numbers suggest one reason the aged will carry clout: America's senior citizens number about 33 million, and they're as likely to go to the polls next November as Moslems are to visit Mecca.

CABLE TV SCHOLARSHIP - Paramjit Dhodi is congratulated by Frank Delay, VP and Gen. Mgr. of Suburban Cablevisio, and Mary Eldridge of the Learning Channel. Dhodi is the 1990 recipient of the Suburban Cablevision Scholarship.

## Suburban Cablevision grant awarded to Paramjit Dhodi

Paramjit Dhodi, of East Orange, a graduate of Belleville High School was one of four recipients of the seventh annual Suburban Cablevision Scholarship.

Dhodi was selected from a field of 88 applicants for the \$2,000 annual scholarship. Selections were based on academic achievements, extra-curricular activities and financial need.

The Learning Channel and The

Family Channel, two basic services recently added to the Suburban Cablevision channel line-up, are first time scholarship co-sponsors this year.

The scholarship program is open to the 90 public and private high schools within Suburban Cablevision's four-county viewing area. Dhodi is now attending Rutgers University.

## County care costs taken away

Senator Carmen A. Orechio (D-Ft. Lee) last week issued a statement after the enactment of S-2724, his bill to provide for the state assumption of county costs for psychiatric care.

"Those of us who supported this legislation are proud today because it puts teeth into the phrase, 'state mandate, state pay,'" Orechio said. "Quality mental health facilities are the state's responsibility. State resources rightfully should be used to ensure that all our state residents who require psychiatric care receive it on a timely basis."

"This new law eases local property taxes by \$72 million by having the state assume 90 percent of the costs of running psychiatric hospitals and caring for county patients in state mental health facilities."

"As chairman of the County and Municipal Government Study Commission, I am pleased to see this long-overdue reform enacted. I have pushed for this legislation for years. "But it was this legislative leadership and this governor who made it happen."

## Educators attend substance workshop

More than 25 Belleville school administrators and eleven teachers attended a drug education workshop held June 21, 22, and 23. Substance Awareness Coordinator Deborah Meola conducted the training sessions which ran from 8:15 a.m. to 4:15 p.m. each of the three days.

Guest speakers for the workshop included Sergeant Joseph Rotunda from the Belleville Police Narcotics Squad, local pharmacist Bill Lynch, and Barbara Shapiro, the education coordinator from the Furman Adolescent Clinic in

Ridgewood. Belleville students also addressed the group on the use and abuse of substances by adolescents. The teachers themselves participated in bonding exercises to more readily understand the substance abuse dilemma.

Under the direction of School Superintendent Michael Nardiello, each school administrator was required to participate during the morning sessions of the workshop. Their attendance fulfilled a New Jersey State Department of Education edict in the Substance Abuse Code for New Jersey Public

Schools.

This workshop brought the number of Belleville teachers in-service in the supplemental drug education curriculum to over 100.

"It is important for administrators, principals, directors, supervisors and vice principals to be aware of and sensitized to chemical dependency as a disease," Meola

said. "With administrative and community support, implementation of the curriculum will occur at a faster rate."

Meola also commended Nardiello and assistant superintendent Michael Lally for their constant support. She was assisted in the workshop by guidance counselor Camille Delianne.

## OUR OPINION

### Affirmative action shoplifting

Shoplifting has become so prevalent that merchants in many social-economic high-risk outlets anticipate losses of up to ten percent annually. To survive bankruptcy, and to provide security personnel and devices to reduce the losses, most merchants are forced to add on security costs to the price for goods.

Apparently in certain sets, shoplifting is excused, for after all look at those savings & loans crooks who stole millions! Why pick on shoplifters, who usually steal only petty items? To be sure, liberal-minded Erma Bombeck recently wrote a column in which merchant security devices against shoplifting were made to read as a 300-word joke.

In Elizabeth, a storeowner, beset with shoplifting to the point of utter frustration, resorted to warning youths from a nearby public housing project to stay out of his store. Unfortunately, the storeowner designated the young offenders by race.

The law enforcement response was, predictably, directed against the beleaguered storeowner (Jewish) trying to make a dollar, because of his use of a racial identification in banning the youths who had harassed him and, let it not be forgotten, stolen his merchandise.

More attention was paid to the storeowner's alleged "racial crime," than the real crimes that drove him to his tether. That scores of young people believe they can steal their daily bread, rather than earn it, bespeaks of something desperately ailing in our society and more destructive than an unfortunately written posting on a store window. Instead of picketing the store, the aroused neighborhood should be home tending to the young people who committed the thefts.

Unless we have reached the ultimate insanity of affirmative action in crime — that shoplifting is okay so long as it is against Jews and Koreans and whoever is the victim — no theft can be ignored in our society. Are storeowners fair game now?

As for Erma Bombeck's humorous approach to shoplifting, we wonder if the columnist would find it amusing if a thief stole 10 percent of the annual fees received from the scores of newspapers in which her column appears? She is worth millions, and perhaps finds it amusing when others worry over nickels and dimes... in pursuit of their daily bread.

### On taxing Satan

The Florio Administration has pushed through higher taxes on tobacco products and on alcoholic beverages. The third on the usual list of excise taxes that politicians just love to impose, motor fuel, escaped the Florio assault. After the November election this year, come 1991, we can be sure that higher state motor fuel taxes will be levied, along with increases in tolls on the New Jersey Turnpike and on the Hudson River and Staten Island crossings of The Port Authority of New York and New Jersey.

Meanwhile, every liberal politician and the liberal media — that is to say, every daily newspaper in the metropolitan area and throughout New Jersey — is demanding President Bush raise federal excise taxes, too, supposedly to trim the federal deficit but actually an excuse for Congress to continue to spend like hell.

A recent study by CART (Coalition Against Regressive Taxation) reports that America's lower- and middle-income families bear the blunt of these higher excise taxes on tobacco, alcoholic beverages and motor fuel. CART says the present wave of ascending excise taxes is severely worsening the existing inequities in the tax code between what the rich pay in excise taxes and what the average American pays. So what else is new?

As is already prevalent with cigarettes, other products with high excise taxes become susceptible to the underground economy, and the corruption and crime such black-marketing produces. Prohibition in the 1920s should have taught politicians a lesson. They have chosen, however, to ignore history. They will have to repeat it, as we will.

### Parkway is 'broke'

The New Jersey Highway Authority (Garden State Parkway) recently hired a couple more top executives at or about \$100,000 a year. Meanwhile, the woes on the Parkway multiply.

- More folks than ever are managing to skip paying tolls or paying less than toll.
- Fringe benefits of Parkway employees are increasing at a higher rate than other public sector employees.
- Productivity among Parkway employees shows no increase.
- Subsidization for running the Garden State Arts Center continues, with motorists helping to pay fabulous per-show salaries to performers (many of whom are millionaires ten times over).
- Politicians continue to have pull in summer hirings.
- Construction and repairs still are carried out during daytime hours, sometimes running into afternoon rush hour traffic.
- Barrier toll booths continue to back up traffic and to produce fender-benders among lane-shifting motorists.

The adage has it: If it ain't broke, it ain't need fixin'. When it comes to the Parkway: Everything is broke, ain't no hope. Only the politicians and the Parkway folks see the Parkway as just fine. As for motorists who use it, oh they do not count...

## YOUR OPINION

### Put politics aside

To the editor:

Last night, July 10th, was the first open meeting of the Mayor and Council of the township of Belleville. The meeting saddened me.

I fully believe in participatory democracy. I do not believe however, that because one is a citizen, that he or she has the right to be abusive toward their elected officials. Last night there were some citizens in attendance whose behavior was regrettable. A man stated that there were many people there who did not normally attend town meetings. If that is so, it is not because they haven't attended previously, but because they were driven away by the rude and tasteless behavior of a very vocal minority.

The elected officials of this town care very much about its welfare. As citizens and taxpayers, they are very much aware of the problems confronting Belleville. Please come to town meetings with an open mind, and show respect and good manners. Give the new form of government and our newly elected officials your support. Put politics aside, and work together for the good of the town.

### Summer music

To the editor:

This summer and every summer at Belleville High School there is a Summer Music Program for the youngsters of Belleville. These children learn how to play music successfully.

I read the Belleville Times every week and I have not read anything about this program or what Mr. Ed Black and the other teachers do for these children. Mr. Black has done so much for the Belleville Orchestra classes, but I have never read anything about him in the papers.

Could you please do an article or put this letter in the papers. I would just like to remind the town that there is an Orchestra and a director for it that really cares!

### Private showing

To the editor:

On a recent Saturday afternoon, my wife and I attended a showing of the film "Pretty Woman," at Nutley's Franklin Theater.

Not only did we see a super-duper movie, but we were treated to a "private showing." Believe it or not! We were all alone in the theater. Not another soul was in attendance.

Though, I sympathize with the owner of the theater for the lack of business, I must say — having the cinema all to ourselves was a pleasant, most unforgettable experience. A unique experience, the late-great solitude loving actress, Greta Garbo, would have relished immensely.

### Letter to Florio

To the editor:

I have enclosed a letter I have sent to Gov. Jim Florio. I wish to share the letter with the readers of the Belleville Times. I am hopeful that you print it. Thank you very much.

Governor Florio:

This letter is to inform you of my opposition to your "Tax Attacks" upon the hard working citizens of New Jersey. It is unfortunate for New Jersey that you have "hoodwinked" your way to the office of Governor. Your lip service of no taxes, lower car insurance and property tax relief is really the biggest political lie I have ever witnessed.

You actually upstaged Brendan Byrne, which is truly amazing. In a state that is over-taxed, over-populated and over-polluted, you have put on the backs of the citizens more hardship by way of taxation and the rest of your 'pork barrel' programs, then you threw salt into our wounds by raising salaries for yourself and the rest of the 'political gang' in Trenton. Between you, John Russo, Frank Lautenberg and Bill Bradley, this state is going to make it down the tubes altogether!

When people have less money in their pockets, they cannot spend, products do not move, industry suffers and moves elsewhere. My company, for a case in point, will be in South Carolina by 1991. This will mean another 200 plus jobs and another company going out of New Jersey. You cannot follow us in South Carolina for taxes. The worst has yet to come due to your inabilities and lack of common sense.

People are not as glib as in years gone by and memories are not as short as they used to be. Since you unfortunately became Governor, this once great state of New Jersey has gone into a major tailspin of economic hardship. Property is not moving, big ticket items are at a standstill and people and business are escaping from New Jersey in droves. Soon you will be looking at a New Jersey in total economic doom. You and your cronies in Trenton will have the opportunity to "swallow the bullet" that the citizens are now biting.

In closing, I would like to add that myself, my family and many associates are working hard and will continue to work very hard for your political downfall.

Anthony Mercogliano

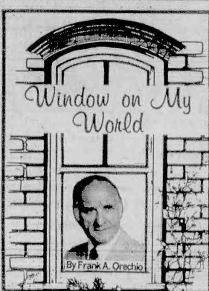

### Remember salary cap

To the editor:

I just read the salary ordinance for the new council. I just hope the ones who took the Citizens for a Better Belleville endorsement remember the \$750 salary cap that the association's ex-president Bruce Morgan said the endorses would take for pay. Also Councilman Noonan said he didn't need the money and our 3rd Ward Councilman Spillane said "NO PAY."

I hope they vote "NO" on this salary ordinance and if it does pass keep their promises and refuse the pay.

• RELIGIOUS leaders having extramarital affairs are not confined only to the United States. South African anti-apartheid leader Rev. Allan Boesak resigned his church position recently after press reports alleged he was having an affair with a white television star. The married religious leader, in announcing his resignation, said he "had done nothing wrong, but had to resign."

He led campaigns against white minority rule and toured the world to denounce apartheid. The television star's husband, a television news anchor man, was taken off the air Monday after breaking down as he read a news report about his wife's affair.

Obviously, he found the news too difficult to handle. The television news anchorman and his wife have decided to divorce, but the church leader and his wife have given no indication of separating.

• COMMENTING on the affair, church leaders observed, "It's really a personal matter, a love affair is a personal matter." The incident was seen as a moral rather than a national scandal.

• THE new management of First Fidelity Bancorp has promoted popular Jerry Greco to a new corporate department identified as the Department of

Public Affairs. The purpose of "upgrading" the activity to a "cabinet level" standard to provide First Fidelity with a greater opportunity to serve the needs of local communities in New Jersey and Eastern Pennsylvania where First Fidelity owns several hundred branches. Greco is a former Mayor of Verona and former President of the Essex County Board of Freeholders. It will be Greco's responsibility to encourage "local re-investment of deposits." Tony Terraciano, Chairman and Chief Executive Officer of the bank should be commended for not only recognizing the proven talents of Jerry Greco, but also addressing the need to get closer to community roots. Incidentally, Jerry Greco's picture appeared in the Ledger, and the story referred to "James Greco." The question I ask of Jerry Greco is — when did you change your first name?

• THE era of Andy Andriola's management of the Amvets meeting hall has come to an end after a long, proud and productive activity. To recognize the loyalty, dedication and longevity of service, the meeting hall could very well be named the Andy Andriola Amvets Post 30 Headquarters. New leadership is taking over this month, and it has a solid base upon which to build a new and better future, thanks to Andy Andriola and his team of willing workers.

• PHILOSOPHICAL TIDBITS: Watch your thoughts; they become words. Watch your words; they become actions. Watch your actions; they become habits. Watch your habits; they become character. Watch your character; it becomes your destiny.

• THE LATE presidential candidate, Wendell Wilkie, was a brilliant and successful industrialist from whom we inherit the following philosophy — The test of good manners is to be able to put up pleasantly with bad ones.

• COMMENTING on the termination of Nutley Municipal Court Judge, Honorable Anthony Amosato, Nutley Public Works Commissioner Peter Scarpelli observed that "When a guy reaches 80, he ought to get out." Amosato has some time to go before he reaches 80. I would remind Mr. Scarpelli that United Supreme Court judges serve well into their 80's. Judge Amosato is in his early 70's with the vigor of a

60-year-old young man. "Scotty" is still too young for the rocking chair — Scarpelli notwithstanding.

• HERE we go again. Parks employee, Anthony Andriola continues to feel the heat. There's someone out there targeting him for special fault-finding attention. The question is when will they stop. Anthony Andriola has been a loyal, dedicated, competent township employee who deserves better.

• RECENTLY, Federal District Judge Robert Sweet endorsed the idea of legalizing drugs. He is supported by Mayor Kurt L. Schmoke of Baltimore. The last thing in the world we should want is the legalization of drugs. Each passing month sees an increase in the use of drugs by a broader segment of our population. Almost daily, we read about drugs being a killer — either people killed to obtain drugs or strife among drug dealers leads to murders. The answer to the drug problem does not lie with legalization.

• GOVERNOR Jim Florio should appoint a River Master in the Department of Environmental Protection to insure that polluters stop polluting the streams that lead to our major rivers. The cost would be borne by water purveyors to whom the state has given rights to the river waters.

• BEFORE you continue to rap Governor Jim Florio over the high cost of auto insurance, let me cite a recent experience. In the spring, I purchased a new car and was debating whether or not I should license in Florida or New Jersey. During the course of my meditation, my office staff checked out the car insurance premium. If I registered the car in Florida, the insurance premium would be \$1,998. A Jersey registration would result in an insurance premium of \$1,682. So, I registered my auto in New Jersey and saved \$316.

• AUGUST 8 is Family Day. Started in 1968 by the Valley Forge Kiwanis International and Freedoms Foundations, the annual observance reaffirms the importance of the family and the vital role it plays in teaching basic truths and values. The Kiwanis Club encourages local clubs and communities to plan activities involving families. Ideas range from financing long-distance phone calls to relatives in other countries, sponsoring family reunions, a trip to the zoo, a picnic, family reunions, bike rides or just being together and enjoying each other's company.

## Letters to the Editor

### Thanks Earl Wake

To the editor:

In an age when the economy dictates the need for people to work extra hours to supplement their incomes, it is hard to find people who can volunteer their time. In the case of a municipal department which relies on volunteer help to sustain its programs, it is increasingly difficult to secure quality persons to fill its needs.

Unfortunately, at this time, the Belleville Recreation Department has lost the services of one such quality individual. Due to an increase in his job responsibilities at work, EARL WAKE has announced that he will not be returning to the Junior Bucs Football coaching staff in 1990. Mr. Wake has given of his time and dedicated efforts unselfishly for approximately 15 years and he will be sorely missed by the children, parents and the Recreation Department staff during his absence. It is our hope that he will some day be able to return to contribute again to our youth football program.

Dennis P. Buckley,  
Supt. of Recreation

### Politics as usual

To the editor:

I am a Belleville resident for 31 years, a home-owner and a property tax payer. I am writing in regard to the first Belleville Council Government Meeting, 7-10-90, news item in this paper (7-12-90).

The council approved a part-time acting manager from Fairfield, at \$80 per hour, 25 hours per week. That is \$2,000 per week, or \$8,000 per month and approximately \$100,000 per year part time!

Was this job open to Belleville residents? This job should be held by a resident of Belleville, who pays rent or property taxes here!

Once again the town has changed from a commission form to a council form of government. But it is "politics as usual."

Arlene Danchak

### Seniors and taxes

To the editor:

Frances Schlesinger, chairman of the New Jersey Commission on Aging in my opinion does not represent the views of senior citizens in the Northern Region if she believes that seniors don't deserve special treatment, when it comes to property taxes.

How are retired seniors to pay today's exorbitant property taxes, when they have doubled in the past 8 years and gone up 25% in the past two years. What future do young people have if we don't set a standard for tax relief based on something and why shouldn't it be age. It is impossible for seniors to retire and live in dignity in the homes they have lived in during their productive years unless a cap is put on property taxes.

We certainly want our future generations to be educated but something is wrong when the more we spend on education the more illiterates we get. Money is not the answer to education and I am not ready to see our seniors lose their homes to perpetuate a system that is not working and never will the way education is being practiced today.

Seniors do not have incomes that inflate with the times and consequently they need a special type of property tax relief. If anybody thinks seniors feel good about getting property tax relief while others are suffering, they are wrong and on this I agree with Frances Schlesinger.

Senior homeowners and tenants need a tourniquet and not a band aid in property tax relief and there is just such a bill in the State Assembly and Senate. Assembly bill A-2756, sponsored by Tom Deverin and George Hudak and Senate bill S-1935, sponsored by Roy Lesniak, limits property taxes to seniors to 8 percent of their income. These two bills were introduced last year and have been re-introduced under these two numbers A-2756 and S-1935.

We need the support of all people if they are to be enacted into law so that seniors and future seniors may keep their homes in inflationary times like today.

A. Howard Freund, President  
Northern Regional Advisory Council  
of Senior Citizens

### Moriello completes project at Stevens

Belleville resident Gregory Moriello completed an original project in biomedical research as part of the Undergraduate Projects in Technology and Medicine (UPTAM), a summer research program at Stevens Institute of Technology.

Under the supervision of Dr. M.S. Manhas and Dr. Z. Kaluza at Stevens Institute of Technology, Moriello presented his project titled "Synthesis of Antiviral Compounds via Penicillin-Related Compounds" on July 17

at part of UPTAM's annual research colloquium.

Every summer since 1972 UPTAM has been encouraging talented undergraduate students to apply their engineering and scientific training to research problems in medicine and the life sciences. Outstanding undergraduates are selected as participants on the basis of their motivation for entering the medical or allied fields and their potential as research or design engineers.

## RELIGIOUS VIEWPOINT

Gerald Fortunato, Pastor  
Silver Lake Baptist Church

After a successful military campaign, Alexander the Great was known to reward soldiers who performed bravely and to punish those who had demonstrated cowardice. On one occasion, while celebrating a victory with his generals, Alexander's guards dragged a young soldier before him. The man had been charged with deserting his post, and was now to receive Alexander's sentence.

The automatic penalty for such an offense was usually death. But for a reason known only to him, this time, Alexander hesitated. He looked down on the young soldier — who trembling and prostrate before him — and asked a simple question.

"Soldier, what is your name?" "Alexander," the young man whispered weakly. "What is your name?" Alexander asked again, his voice rising in anger. "Alexander," the soldier repeated, ashamedly.

In a flash, the great ruler was upon the man. He grabbed him by the front of his tunic and yanked him face-to-face.

"That's my name," Alexander roared. Then, in a suddenly soft but harsh tone, he continued: "Soldier, you shall live. But from this day on, you either must change your conduct, or you must change your name!"

Alexander's point, of course, was that if the soldier was to share his name, he must behave in a way that was consistent with the ruler's reputation and character.

If we are to bear the name Christian, we too must demonstrate behavior that proves us worthy of that name. The person who spends his life complaining is hard pressed to accomplish that goal.

## Robert J. Baylock, 66

A Mass for Robert J. Baylock, 66, of Belleville was offered July 23 in St. Peter's Church, Belleville, after the funeral from the Kiernan Funeral Home, Belleville.

Mr. Baylock died July 20 in the Clara Maass Medical Center, Belleville.

Mr. Baylock was a truck driver with Hall Motor Freight in Secaucus for many years, retiring in 1984. He was a member of the

### Protecting Nursing Infants

Nursing mothers should realize that, even though they may be taking a drug that has no adverse effects on them, it may prove harmful to their babies. The chief reason for this is that a baby's liver and kidney are not fully developed. Since these are the organs within the body that neutralize and excrete most drugs, even a small drug dose ingested by the mother can accumulate to dangerous levels in her child. Compounding this effect even further is the fact that infants are more susceptible to the effects of many drugs to begin with. The rule, then, for nursing mothers is to avoid all medications while nursing. If medication is necessary, mothers should shift to bottle-feeding while taking any drug.

If you have any questions, feel free to talk to our pharmacist at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We handle a full range of convalescent aids for sale or rent including walkers, wheelchairs, crutches and cabs. Greeting cards, baby needs, and gift items are also available. Hours: 9am-10pm daily, 9am-9pm Sundays.

HINT: Nursing mothers should avoid such nonprescription drugs as aspirin and decongestants, as well as prescription drugs.

## Music show tomorrow

Belleville's gifted and talented students of the Summer Music and Art School will present their final concert of the summer tomorrow morning in Belleville High School auditorium. The group, under the direction of Edwin Black, includes preparatory students and the full orchestra of violins, cellos, brass, woodwinds and percussion.

The prep students will perform "The Cuckoo" and the orchestra will perform "March in C Major." The Summer Music and Art School, now in its tenth year, continues to provide a creative learning experience for the gifted and talented students of the town.

Several of the program's former students have gone on to regional and all-state honors — such as Julianne Pedalino, this summer's woodwind instructor, and Eugene Moriello, the new Belleville Middle School band director. Moriello is also assisting in the summer program this year.

Also on display will be artwork from the students efforts in painting, clay and collage. Several of the students and parents recently attended the Metropolitan Museum of Art in New York. There they studied art forms as varied as Victorian children's clothing, South Pacific slit gong drums, Roman chariots and paintings by Picasso and Rembrandt.

SUMMER MUSIC SESSIONS - Local music students, under the direction of Edwin Black, prepare for their final concert of the summer tomorrow, Friday, at 11 a.m. at BHS auditorium, 100 Passaic Ave. The Summer Music and Art School is now in its tenth year.

## School District Objectives for 1990-91 approved by board

The Belleville School District has developed its educational objectives for the 1990-91 school year.

Objective One: By June 1991, 90% of the students in grades K-12 will participate in at least one activity to celebrate the cultural diversity within the community.

Objective Two: The district will develop plans to increase students' self-image to improve attitudes toward themselves, their peers, and their responsibilities. By June 1991, 75% of the students in grades 2, 5,

and 7 will demonstrate an increase in self-image as assessed by a pre-post survey.

Objective Three: The district will continue to emphasize basic skills as a priority. By June 1991, at least 80% of the students in all grades and in all schools will meet or exceed the state's level of proficiency in reading and mathematics.

In writing, at least 80% of the students in grades 5, 8, and 9 will continue to demonstrate growth in clear written expression by the process method and meet the

established district writing standards as demonstrated by writing samples which shall be registered holistically scored.

Objective Four: The district will prepare to implement a third-year mathematics course requirement and corresponding curriculum guide at Belleville High School. Special emphasis will focus on writing a curricula activity guide aligned with the grade II HSPT. By June 1991, 85% of those students enrolled in the third-year mathematics course requirement will have successfully passed this requirement. Before June 1991, course curriculum and proficiency will be written.

Objective Five: The district will develop plans to forestall the disaffected drop-out rate in grades 9-12. By June 1991, the district will reduce the number of drop-outs by at least 10%.

Objective Six: The district will continue to implement a SAT program for mathematics and English in grades 10-12 to increase the mean SAT scores in those subjects.

## Indoor Golf to celebrate Grand Opening Sunday

Simple Pleasures — a brand-new establishment located at 7-9 High Street, Nutley. This combination miniature golf course and ice cream parlor is owned by Maureen La Porta of Rutherford. She and her husband Phil have been invaluable with youth organizations for over thirty years. Phil was the owner of the Route 3 open air flea market in Rutherford from 1977 to 1982. In 1985 Phil became one of the principals in the Lyndhurst Outdoor Batting Cages at County Park.

Simple Pleasures features an 18 hole miniature golf course. The establishment is focused at the family. Children under twelve are admitted free when accompanied by a parent or grandparent. The course has several moving obstacles with flashing lights and a lot of animation. The obstacles include a flashing traffic light, rotating bowling pins, a giant windmill, and a pin-ball with a tilt. The most challenging hole is the last shot which contains a bulls-eye. If a player gets a hole in one on the shot, he or she will receive a free pass.

The owners plan to vary these programs and promotions. Some of the things to look for in the future are: tournaments, fund raisers, discount tickets for schools and organizations, hole in one contests, leagues, competitions against organizations, Seniors Day, and Kiddie Day. Prizes and awards will also be a part of the miniature golf competition. Birthday party reservations will also be available.

Any non-profit or charitable organization can contact Phil or Maureen at (201) 661-9616 to work out a program for fund raisers.

Simple Pleasures has something for everyone. Although its prime focus is toward family, responsible teens are welcome. It's an inexpensive date at four dollars per game, and if you are lucky enough to have a free game coupon or discount coupon it's even less. Rowdy teens and loitering will be discouraged.

Some of the features that the ice cream and dessert facility offer are: a variety of hard ice cream flavors, soft ice cream, Colombo low-fat Yogurt for the diet-conscious, and for the rest of us delicious fresh pastries, cookies, and baked items. Italian Ice is always on hand. In the fall or late summer you can expect to see espresso and cappuccino.

Although table service is not presently featured during our shake-down opening, you can plan on table service in the near future. This novel combination of family recreation and specialty desserts is a plus for the entire area.

For lunch Simple Pleasures has a simple menu: Pushcart style hot dogs with your choice of toppings. Pick-up orders will be available soon for businesses in the area. A great feature to this lunch will be 8 pushcart hot dogs for \$7, created to compete with the local eight slice pizza. It's novel, quick, easy, and affordable. Give them a try, you have nothing to lose.

Their grand opening will feature 50¢ hot dogs between the hours of twelve and one o'clock, small soft ice cream cones for 50¢ between the hours of one and two o'clock, a small soda for 25¢ between the hours of two and three o'clock, small Italian ices for 50¢ between the hours of three and four o'clock, and a free game coupon will be given with every purchase of \$5 or more. Small grab bags will be given out as long as they last.

A free game coupon all day long, from 10 a.m. till 5 p.m., can be found in this paper.

## Deborah Ann Golub bride of Cosimo Nardone

St. Mary's Church, Nutley, was the setting for the marriage of Deborah Ann Golub, daughter of Mr. and Mrs. Peter Golub of Belleville, to Cosimo Frank Nardone, son of Mr. and Mrs. Gerard Nardone, also of Belleville.

Rev. Richard Francesco performed the ceremony which was followed by a reception at Dasti's, Mountsinai. The couple received a Papal blessing.

Escorted by her father, the bride wore a white satin and lace gown fashioned with a cathedral train and accented with sequins, seed pearls, crystals and beads. A pearl, sequined and beaded headband held her veil and she carried orchids, roses and stephanotis.

Rev. Marie Golub of Belleville was her sister's maid of honor. Bridesmaids included Donna Golub of Belleville, sister-in-law of the bride, Patty Capasso of Nutley and the bride's cousins, Gina Marie and Gerilyn Marie Candaria of East Hanover, Carolyn Falkowski and Lorraine Schindler of Kenilworth. Jessica Leigh Schindler was flower girl.

The honor attendant was in an aqua satin gown. Her headpiece was a pearl headband with netting and she carried an arm bouquet of pink long stemmed roses. The others were similarly attired in teal.

Frank Nardone of Newark served as his brother's best man. Ushers were Peter Golub of Belleville, brother of the bride, Lester Schindler of Kenilworth, cousin of the bride, Scott Van Pelt of Bayonne, Mark Capasso of Nutley and Lou Riccardi and Johnny Brave of Belleville. Ringbearer was Peter Louis Golub, nephew of the bride.

Mrs. Golub chose a peach gown with beaded bodice while the groom's mother was in a mauve gown accented with sequins. Wristlets were of orchids.

Mrs. Nardone, an alumna of Belleville High School, is a beautician with Not Just Nails II, Belleville. Mr. Nardone, also a Belleville High School graduate, is a brew house worker with Anheuser Busch, Inc., Newark.

The couple retired to Bermuda following the Sept. 23 wedding and have made their home in Newark.

### Gerard Joseph Centanni

A second child, a son, Gerard Joseph, was born to Mr. and Mrs. John Centanni of East Hanover May 5 at Mountsinai Hospital, Montclair. Birth weight was 6 pounds, 7 ounces. He joins John, 15 months.

Mrs. Centanni is the former Joan Stampone, daughter of Mr. and Mrs. John Stampone of Belleville. Mr. Centanni is the son of Mr. and Mrs. John Centanni of East Hanover.

### Stephanie Marie Lapo

A second child, a daughter, Stephanie Marie, was born to Mr. and Mrs. Joseph Lapo of Belleville June 29 at Clara Maass Medical Center, Belleville. Birth weight was 7 pounds, 5 ounces. She joins Joseph Michael, two.

Mrs. Lapo is the former Marianne Cappuccio, daughter of Marie Cappuccio of Colonia. Mr. Lapo, son of Mr. and Mrs. Joseph Lapo of Belleville, is a self-employed Certified Public Accountant.

## MEDICALLY SPEAKING

### SINUS DISEASE

- Q: What is sinus disease?  
A: Sinus disease is an inflammation of the air-containing cavities of the nose, face, and forehead.
- Q: What are the symptoms of Sinus Disease?  
A: Chronic sinusitis can include nasal congestion, pain or pressure of the eyes and forehead, nasal obstruction or nasal drip, or simply the sensation of a cold that doesn't go away.
- Q: How is sinus disease treated?  
A: Most sinus disease resolves with medical treatment, which includes antibiotic and allergy therapy.
- Q: What about sinus disease that does not respond to treatment?  
A: In more severe cases with chronic blockage or polyps, surgery may be indicated.
- Q: Are there recent advances in the diagnosis of sinus disease?  
A: Yes. With fiberoptic examination of the nose and sinuses in the office and advanced CT scan imaging, doctors are able to accurately diagnose sinus disease.
- Q: Are there any recent advances in sinus surgery?  
A: Yes. Recently introduced endoscopic sinus surgery is a major breakthrough in the treatment of sinus disease. This surgery makes use of micro-telescopic techniques with no external incisions. These new techniques allow the surgeon to perform safer and more effective surgery. Most often the surgery can be performed with anesthesia on an outpatient basis. Recovery time is usually rapid, with patients returning to their normal activities within days.

## BUC SHOTS

By Mike Lamberti

The New York Giants will take on the Cleveland Browns on Saturday September 1 at Giants Stadium in a fundraiser to benefit cancer research and journalism students.

The game kicks off at 8 p.m. Net proceeds will go to the John V. Mara Memorial Fund and the New Jersey Press Foundation. Tickets are \$23.00 a piece and \$1 for postage.

This football classic is the only cooperative effort of its kind between a sports organization and a state press association. Since 1977, more than \$405,000.00 has been raised by the New York football Giants for journalism scholarships and educational programs.

Game proceeds go to scholarships for college students and newspaper carriers. On June 22, 1989, a total of \$15,500.00 was presented to journalism students at the New Jersey Press Association's annual Summer Conference at Spring Lake.

Three undergraduate students received \$1500.00 each, eight received \$1000.00 and two graduate students received \$2000.00 and \$1000.00 respectively. On September 11, four \$1000.00 grants will be awarded to newspaper carriers.

Game proceeds also benefit New Jersey Press Institute training seminars; the Journalism Resources Institute at Rutgers University; and the Newspaper in Education Program to increase student reading skills.

The fund has also allowed the New Jersey Press Association to enter cooperative ventures with the Ford Foundation's Media and the Law conference and the William Paterson College Distinguished Lecture Series. Past grants have provided fully paid fellowships for New Jersey journalism professors attending training seminars.

The late **John V. Mara**, who served as president of the Giants until his death in 1965, was the son of Giants founder, **Timothy J. Mara**. The Mara fund was established in 1966 to benefit cancer research at St. Vincent's Hospital in New York.

Tickets for the game are available at Giants Stadium and through local ticket outlets. For more information, call the NJPA Central Office at (609) 695-3366 or the Giants ticket office at (201) 935-8222.

### SPORTS NEWS

The NFL camps are underway and the host of "holdouts" are making news. **Lawrence Taylor** is holding out because he wants the Giants to renegotiate his contract. \$1.2 million a year isn't enough, he wants \$2 million a season. I'm not even going to start on the integrity of honoring a contract, because everyone holds out these days. (Didn't Taylor pull this holdout stunt back in the 1982 season, too?)

**Phil Simms** held out last year, Joe Morris did a few years back and in both instances, the Giants gave in and offered a new contract before the season began. Why even bother having a player sign a contract past one year? The guy will just end up holding out anyway and he'll eventually get his way.

I'll be heading out to Canton, Ohio in a few weeks to see the NFL Hall of Fame inductions. My all time favorite player **Jack Lambert** of the Pittsburgh Steelers will be inducted, along with some other standouts from NFL days gone by.

Lambert once held out for more money, too. That was before the start of the 1977 season, when Lambert felt he should be paid more than \$35,000.00 a year for playing middle linebacker on back to back Super Bowl champions. The Steelers eventually agreed and Lambert's contract was boosted to almost \$90,000.00 annually. Things have changed a great deal in 13 years.

In major league baseball, the Mets have been complaining for the past three days about the bad weather conditions in last Sunday's game with the Atlanta Braves. Do you think they would be crowing about it had they won the game? Didn't the Braves play in the same weather conditions?

I don't think the St. Louis Cardinals and San Diego Padres will be playing each other in the National League playoffs, as predicted in this column at the beginning of the year. How bad are the Padres? The Cardinals swept them in a four game series last weekend and beat the pads nine out of 12 games this year.

The Cincinnati Reds could clinch that NL West by Labor Day, especially with San Francisco in the midst of a slump right now. I still think Cleveland will find a way to win the pitiful American League East and will play Oakland for the ALCS.

What do you think about the **Pete Rose** situation? The debate about whether Rose should get into the Hall in 1992 or beyond will be argued in earnest for years to come.

In my opinion, if it is proven that Rose bet on Reds

## Team beats Parsippany twice, plays tonight Buc hoopsters playing well

Although it is not playing in a regular summer basketball league, the Belleville Bucs have looked very good in scrimmages this summer. Don Roll's squad baffled Parsippany twice last week, winning both games, the second in dominant style.

The Bucs are scheduled to play in Parsippany tonight in a tri scrimmage that will also include Parsippany and Cedar Grove. Game time is 7 p.m.

"I was really happy with the kids' performance," Roll said. "The first time we played Parsippany, we were down 13 points in the first half. We played straight man to man defense in the first half, so we decided to play a 1-3-1 and 2-2-1 half court traps in the second half. The

change really helped our kids.

"Most importantly, we were able to come back" on a 13 point deficit in the second half and win. It has to help our confidence to win a game like that."

Roll went with a starting five of Brian Jimenez, Sal Straface, Troy Talmadge, Dennis DeWork and Jim DuHaime. Jimenez played the point guard while Straface handled the shooting guard responsibilities. The front line of Talmadge, DeWork and DuHaime gave Roll a great deal of encouragement.

The coach was also pleased with the bench play of John Sipp, Frank Means and Michael Vista.

"Jimenez has played the point very well this summer," Roll said.

"Straface at the two spot does a very steady job. Sometimes his role is taken for granted because he does everything well. He is a very steady performer."

"DeWork is improving constantly at forward, DuHaime is very strong and Talmadge has excellent talent. Coming off the bench, Sipp, Means and Vista have all played well. This is just the summer, but the kids have responded to what we're trying to get across. I want them to push the ball up court and make things happen."

That theory worked well in the return match with Parsippany. The Bucs had only six players available, but it didn't seem to phase them. Belleville ran early and often and

built up a lead as high as 39 points before settling in for a 26 point victory.

The lineup consisted of Straface, Talmadge, DeWork, Sipp, Vista and Means. Sipp led the offense with 25 points and 11 rebounds. Vista played the point guard position and did well in dishing off assists off the fast break. Means, who will be a freshman this fall, did very well in extended high school action.

"The kids did exactly what we asked," Roll said. "We ran for most of the game and shot almost 74 percent from the floor. It was a real good effort. I'm hoping we can continue that for the rest of our scrimmages this summer."

## Legion team ends year with three losses

The objective for the Belleville American Legion baseball team was simple on paper, not so easy in reality. The team had four games left entering last weeks action. They had to win all four and hope the team ahead of it lost its final three games. If that happened, the Bucs had a shot at a playoff spot.

Before Belleville played the first of those critical four games, it found out the team it had to catch had already won the clinching game.

"After that, we let all the kids play," head coach Nelson Landon said. "The pressure was off, we just wanted all the kids to have fun in the final games."

Belleville lost its final three, bowing to Caldwell 14-6, Verona 11-8 and West Orange 4-3. The fourth game of the week was postponed due to rain last Sunday.

Belleville ended the season with a 9-11-2 record. More importantly, the team played very well in the middle of the season after an 0-4 start. Next week, we'll wrap up the teams performance.

In the Caldwell game, Ryan Wells and Jason Nardachone had

RBI singles in the seventh inning as Belleville attempted a comeback after falling behind early. Carmen Spina hit a triple in the fifth inning that scored Art Caruso. Mike Melham later lined a double that scor-

ed Spina. In the Verona game, Belleville fell behind 11-2, then staged a rally that cut the deficit to 11-3. However, Verona's pitching was good enough in the final inning to wrap

up the win. Rich Ferruggia had three hits for the Bucs and Caruso collected two hits. Mike Kimball and Jason Nardachone did the pitching for Belleville, with Nardachone hurling the final five innings.

The West Orange game was a good test for the Bucs. Although the team lost 4-3, Ferruggia did an excellent job for the Bucs. He pitched six solid innings, striking out ten batters and allowing just four hits.

At the plate, Ferruggia collected two hits, including a two run homer in the first inning with Melham aboard. The homer gave Belleville a 2-1 lead.

West Orange tied the game at two and Belleville scored a solo run in the fourth to take a 3-2 advantage. Ferruggia singled and went to second on a throwing error. Charley Giachetta then singled, scoring Ferruggia with the third Belleville run.

West Orange scored twice in its half of the fourth take a 4-3 lead. Only one of the West Orange runs was earned in the fourth.

CARUSO AGAIN — No this is not a reprint of last week's picture, it's Art Caruso throwing another pitch in a recent Legion game against Nutley. Perhaps Artie could use the last two pictures to check his pitching mechanics. (Photos by Eric Quinones)

## Flashback! Zanfini returns, Bucs win

This weeks Flashback takes us to the 1987 baseball season. The significance of this weeks Flashback is that after a four year hiatus, George Zanfini had returned as head coach of the Bucs. He would lead the team to a five record in '87 and then, a la Bud Grant, give up the position. This weeks article takes us to the first two games of that season and Zanfini's return to the diamond.

This article appeared in the April 9, 1987 issue.

"We got a long way to go, a long way to go."

Those words, coming from Belleville baseball coach George Zanfini, came after his team had won its first two games of the 1987 season. The Bucs defeated cross town rivals Hackensack 3-0 and Bergen Catholic 10-3.

"We have more work to do," Zanfini said, "but the kids played pretty good baseball for the first

two games. We committed just one error, played good defense and got some key hits. The team ran the bases well, too."

Versus Hackensack, Belleville was paced by an outstanding performance from senior pitcher Jim Dunphy. He allowed just one hit, struck out seven and blasted a solo homer in the third inning to aide his own cause.

Dunphy was helped on offense by Dave McNeil, who singled in Jamie Galloto in the first inning and by Vito Caputo, who drove home runs in the second.

The game was limited to five innings due to darkness.

Versus Bergen Catholic, the Bucanier bats came alive. Belleville pounded out 15 hits and scored five runs in the second and fifth innings to put the game out of reach.

"I really didn't know what to expect (from Bergen Catholic),"

Zanfini said. "We were able to break it open with five runs in the second inning, and then, after they cut the deficit, we scored five more in the fifth to pull ahead for good."

Bob Hutchison got the win, pitching 4 2/3 innings, allowing all three runs. Al Best came in and pitched 1 1/3 innings of scoreless relief to seal the victory. Best struck out three in his stint. The game was limited to six innings because of darkness.

On offense, Jay Marchese was 3 for 3. Galotti was 3 for 4 and Jeff Spilsbury was 2 for 2 with a homer. Also contributing homers were Hutchison and Jon Nardachone.

"It's been very enjoyable so far," Zanfini said of the early season. "The kids seem to be enjoying themselves, that's probably because they're winning. There's a good attitude out there. We've got a long way to go, but I'm pretty happy with the way we've been

playing so far."

NOTES: Bucs won opener last season, beating Vailsburg behind the pitching of Dunphy. Early line on county ratings has Belleville and Irvington battling for supremacy. "I'd rather not be in the rankings at all," Zanfini said. Dunphy sustained a pulled muscle in the Bergen Catholic game, an injury that Zanfini hopes will not hinder the left-hander too long.

EDITORS NOTES: Bucs finished 21-9 in 1987. The team lost in the semi finals of the GNT to Glen Ridge, who eventually won the championship, beating Irvington in the finals. Bucs won the NJUIL championship in '87, staging a huge rally in the final two weeks to overcome Clifton. Zanfini gave up the reins after '87 and Nick Graded took over as Buc coach. He has been at the helm since the 1988 campaign.

## Junior Legion team hoping for spot in states

With the regular season winding down, the Belleville Junior Legion baseball team has been playing well. Jim Landon's squad won two more games last week and lost an exciting 1-0 decision to divisional champion Park Ridge.

The Jr. Bucs ended the regular season with a 7-1-1 record. The team, which finished in second place in its division, will now await the playoff format in state competition. Although it's not certain, Landon was fairly optimistic that his team would qualify for post season play.

"The first place teams automatically qualify," Landon said. "At first, it looked as though the top two teams in each division would qualify. But now, too, could change. I won't really know until Tuesday or

Wednesday night."

The week started for Belleville with a 7-5 victory at Scotch Plains. Landon was happy with his teams performance and was also impressed by the facilities at Scotch Plains.

"They had an excellent facility," the coach said. "There were two fields just for soccer and then a full football field. When we got off the bus, we had to walk a distance to find our field."

John Engstahl and Mike Morgan led the Belleville attack in the game. Both men collected two hits. On the mound, Jeff Brew and Ken Johansen did the job.

Last weekend, Belleville played two excellent games. On Saturday, the team stopped North Arlington 8-7. This was a see saw battle in which Belleville led 6-4 heading

into the top of the seventh inning. North Arlington scored three times to take a 7-6 lead, but Belleville showed its character by talking things in the last of the seventh to win.

Morgan started the seventh with a double. He scored the tying run on a single by Kevin Johansen. The next hitter, Jerry Tur, hit a grounder to third. The third baseman threw wildly and Johansen came all the way around to score the winning run.

Kevin Johansen was 2 for 2 in the game. John Napolitano had a double and Engstahl and Morgan contributed singles.

Mike Mundy hurled the first six innings before giving way to Kevin Johansen, who pitched the final inning and got credit for the victory.

Last Sunday, the Bucs ended its regular season by playing the divisional champs, Park Ridge.

"They beat us 13-3 earlier in the season," Landon said of Park Ridge. "Our kids played very well and gave it everything. The Park Ridge pitcher was outstanding. He held us to two hits."

Ken Johansen pitched an outstanding game for Belleville. In seven innings of work, Johansen allowed just three hits. He struck out six and walked three.

Park Ridge scored the only run of the game in the second inning.

"It was a great game," Landon said. "The last two games were outstanding. We're a real young team and the kids have responded well in the league."

## RECREATION ROUNDUP

### Pre-school registration

The Belleville Recreation Department is now accepting registration for the pre-school play program for 4 year old children. The program consists of games, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 9 a.m. to 11 a.m. five days a week with class limited to 25 students. The cost of the 32 week session is \$100. The mothers of the children accepted must participate by serving one duty day about every 8 or 9 days according to a published schedule.

School will begin Sept. 17 under the leadership of Mary Anne Lopreato, and will run through May 1991.

Children born between October 1985 - September 1986 who will enter kindergarten in September 1991 are eligible. Participants must be Belleville residents. Since there are just a limited number of openings, applications will be accepted on a first come - first served basis only!

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday-Friday 8:30 a.m. to 4 p.m.

### Soccer coaches needed

The Belleville Recreation Department is seeking persons interested in coaching its seven-to-fourteen year old soccer league. The league is separated into several divisions according to specific age groups.

The children learn the basics of soccer and all those attending regular practices play in all games. Games are played on Saturday and Sunday afternoons, beginning late September. All volunteer coaches will be required to attend a certification clinic by the NYSCA before the season begins.

Those interested in coaching may call the Recreation Department at 450-3422 weekdays before 4 p.m.

### Junior Bucs' football

There will be registration for the Belleville Recreation Department's 1990 Junior Bucs' Tackle Football Program at the Recreation House, 407 Joramelon Street, now through Aug. 10. Boys who will be 8 years old before Sept. 1 and who will not be 14 before Sept. 1 are eligible. Those wishing to play tackle football must weigh a minimum of 60 pounds and a maximum of 130 pounds, and no one above 8th grade can play. Players will be broken down into three teams according to specific age/weight requirements as set by the Suburban Twin County Football League.

To register, players must obtain an application from their school or the recreation department office. All completed applications with parent approval must be brought to the Recreation House by Aug. 10, with two passport size photos of the player and a copy of his birth

certificate. All returning players from last year's team must re-apply. Tryouts will begin around Aug. 6. Players who choose to participate in tackle football cannot also play soccer or touch football in the same season.

### Soccer & touch football applications

Applications for the Belleville Recreation 1990 Fall Sports programs are now available in the schools and at the Recreation office. Boys and girls ages 7-14 may participate in recreation soccer. Belleville resident children who will be 7 by Dec. 31 and who will be no older than 14 on Dec. 31 are eligible. Nobody above 8th grade can play, and all returning players must re-apply.

Boys ages 8-10 can play touch football, if they so choose. Belleville boys who will be 8 by Dec. 31 and who will be no older than 10 on Dec. 31 are eligible. All returning players must re-apply.

For both soccer and touch football, all completed applications must be returned to the Recreation Department, 407 Joramelon

Street, with birth certificates. The registration deadline for soccer is Aug. 10 and the deadline for touch football is Aug. 31. Children are advised not to register for more than one fall sport since tackle football, soccer and touch football game and practice schedules conflict.

### Registration for fall sports

The Belleville Recreation Department office at 407 Joramelon Street will be open on Tuesday nights from 7 to 8 p.m. for SoccerFootball registration. Soccer league director Bob Travers will register people who can't get to the office during regular hours on Tuesdays, beginning July 17 through Aug. 7. Birth certificates are required for all applicants at registration and all returnees must re-apply. For further information, call 450-3422. The registration deadline for tackle football and soccer is Aug. 10 while the touch football deadline is Aug. 31 - no exceptions!

## BUC SHOTS

(continued from page 11)

games, the answer is easy. He could never be considered. The fact that he is going to jail for income tax evasion should not have a bearing on his Hall of Fame status. He is the all time hit leader in the major leagues and he played the game as well as anyone who ever donned a uniform.

Chris Russo of WFAN radio is back-from vacation. Apparently, he is the first person ever to follow his favorite major league baseball team on a road trip. He talks as if it's something brand new.

I don't know about you, but these little tirades of his every day are really boring. The only reason why he has had any success in radio broadcasting is that he works with Mike Francesca, who is a professional and knows his sports better than anyone on radio today.

According to Russo, no one in America cares that an American (Greg LeMond) won the Tour de France bike race. True, it's not the biggest sporting event on this side of the ocean, but Russo totally discredits the event. The fact that Sports Illustrated named LeMond Sportsman of the Year in 1989 should be of little consequence.

While no one in America cares about the Tour de France, I'm sure everyone in the 50,000 watt area of WFAN is interested in Russo's statistics on Will Clark and Kevin Mitchell and his latest golf scores and how Don Zimmer and Joe Morgan are lousy baseball managers.

It must be great when guys like Zimmer and Morgan, who have given their entire lives to baseball, have to be criticized by an amateur like Russo who enjoys nothing more than hearing himself talk.

### LAST WEEKS QUIZ

Although Nolan Ryan has had a great career, he's only been a part of one World Series winner. In 1969, Ryan was a member of the Amazing Mets. The Mets, of course, traded Ryan to the California Angels in 1971 for Jim Fregosi.

PRAYER of  
APPLICATION to the  
HOLY SPIRIT  
Holy Spirit who solve  
all problems, who light all  
roads so that I can attain  
my goal. Who give me the  
Divine gift to forgive  
and to forget all evil  
against me and that in all  
instances of my life you  
are with me. I want you  
to be separated from you, even  
in spite of all material  
illusion. I wish to be with  
you in eternal glory. Thank  
you for your mercy toward  
me and mine. The person  
must say this prayer for 3  
consecutive days. After 3  
days the prayer will be  
granted even if it may be  
prayer difficult. This prayer  
must be published im-  
mediately after the prayer  
is granted without men-  
tioning the favor, only  
your initial should appear  
at the bottom.
