Vice-consul seeks Italian citizens

Antonio De Santis, vice consul of Italy, has requested assistance in determining the number of Belleville, Bloomfield and Nutley residents holding Italian passports.

Readers are asked to phone the mayor's office at 450-3344 if they hold an Italian passport or know someone who does. The listing will allow the Italian government to better service citizens residing in the area, Mayor Marina Perna said.

Belleville gains \$938,373

State releases QEA figures

By Mike Lazorchak
Speculation over state aid figures for local school districts ended last week when Gov. Jim Florio signed into law amendments to the Quality Education Act. The new law will increase state aid for Belleville \$938,373 for the 1991-92 school year.

Belleville Board of Education Secretary Ed Appleton said that figure is in comparison to 1990-91 totals and includes transportation, special education, foundation aid and bi-lingual education.

However, Appleton was unable to project what the QEA would mean for the future of state aid for Belleville.

"I know that this year I have \$938,373 more at my disposal," Appleton said.

The question mark surrounding state aid for the future is how the Teacher's Pension and Annuity Fund, TPAF, will be funded.

According to Appleton, the state had been responsible for the TPAF, but the QEA was supposed to place that responsibility on the district. The changes in the bill signed by Gov. Florio will still hold the state responsible for the fund over the next two years.

"Although we will include pension and social security funds as two new line items on our budget, the state will provide the aid," Appleton said.

According to Appleton, Belleville will not receive that money because the transaction for teacher pensions and social security will be made at the state level.

The money actually received by

Belleville for student expenditures will be \$5,820,929. The \$9,106,696 figure released Thursday includes the \$3,285,767 the state will be paying for the TPAF.

Last year Belleville received \$4,882,556 for student expenditures and the state contributed \$3,143,986 to the TPAF, Appleton said.

"We will put a resolution, with total figures only, on the agenda for March 25," Appleton said.

Once authorized by the board of education, Appleton will send the budget to County Superintendent of Schools Peter Carter for approval.

Appleton expects to hold a public discussion of the budget

between April 8 and April 15 in preparation for the April 30 election.

On the municipal side of the ledger, advocates of the bill say it will guarantee substantial tax relief.

Sen. Carmen Orechio, D-Essex, who supported the program, said the law provides \$360 million for property tax relief.

"This permanent program breaks the double-digit cycle of property tax hikes that are strangling middle-class families," the senator said. "It delivers tax relief now, when families struggling through these difficult recessionary times need it most."

The original QEA law did not guarantee the school tax rates would drop. In some cases, the old

law would have actually required some districts to raise taxes to receive their full state aid allotment.

Appleton said the structure of the bill would not adversely affect the tax levy in Belleville this year.

Critics of the QEA say once the two year transitional period of TPAF funding from state to the districts is over, property taxes will rise to compensate for the shifted pension costs.

Assembly members Marion Crecco, R-Essex, and John Kelly, R-Essex, said the plan "will wreak havoc on many school districts, which will have no choice but to implement layoffs, sacrifice academic excellence and slash extracurricular activities."

Newark Light gets approval

By Mike Lazorchak
The Belleville Planning Board approved the expansion plans filed by Newark Light Company, 559 Washington Ave., by a 7-0 vote during the March 14 meeting. However, objectors to the application now intend to file an appeal in court.

The decision to approve the application comes after months of litigation following an appeal by Newark Light. Their original plan was denied under the previous planning board.

The settlement of that appeal came during a closed litigation meeting Feb. 28. After that meeting, planning board attorney Tom DiBiasi announced the conditions

for the settlement were reached and the resolution would be disclosed for public discussion at the March 14 meeting.

Residents objecting to the resolution sought legal action to deny the board the authority to overturn its previous decision.

That motion was heard by Judge Alvin Weiss in Newark Superior Court at 1:30 p.m. March 14, and

was denied. According to DiBiasi, the judge ruled the board "has the authority to proceed in its course of action."

The attorney representing the residents, Steve W. Gruhin, confirmed that the intervening motion was denied because Judge Weiss "recognized he cannot stop a settlement between Newark Light and the planning board."

However, Gruhin also said the judge informed the objectors of their right to appeal. According to Gruhin, the judge said the substantive issues which were raised are significant issues which would have to be addressed in an appeal.

Due to the controversy of the original application being filed under the previous board, planning board chairman Richard Dombrowski requested each voting member to affirm, under oath, "they have read sufficient parts or all of the transcripts related to PB 135 (the application number) to make an enlightened judgement in

Quick thinking avoids tragedy

Heroic son saves choking mother

As Ann Marie tells it, several families from Belleville were caravanning down Route One to root for their Bucs. Along the way they decided to stop for dinner at a Sizzler restaurant.

Ann Marie ordered a steak.

It was supposed to be a relaxing day for the group of family and friends heading to Princeton to watch the Buccaneer wrestlers battle for the state title. For Ann Marie Perna and her son Ralph, it ended up being anything but relaxing.

"We put six tables together and everyone was talking, getting ready for the tournament," Ann Marie said.

Suddenly, Ann Marie could not breathe when a piece of steak stuck in her throat.

"I was choking so I tried to drink some soda to dislodge it, but it didn't work," Ann Marie said.

Not knowing what to do she stood up and grabbed her throat.

When Ralph noticed what was wrong he leapt to his mother's aid by performing the Heimlich maneuver.

"He jumped over table saying, 'Mom, don't worry, I'm going to help you,'" the grateful mother said, "I just couldn't breathe at all."

The 1989 Belleville High School graduate, now a freshman at Rutgers-Newark, used the quickness and instinct that helped him when he wrestled in high school.

"I just reacted," the younger Perna said. "I don't even remember how I did it because it all happened so fast."

Even more amazing is that Ralph never "learned" the Heimlich maneuver.

"I've seen it done before, but I had never been in that situation before," Ralph said.

His appreciative mother says the heroic action is "typical of Ralph because he is so caring."

In addition to his schoolwork and athletics in high school, Ralph was also a member of the Peers Educating Peers Club. The PEP Club goes to the elementary schools in town and talks to the younger children about drugs.

Ann Marie also admits there has been a "special bond" between she and Ralph stemming from personal hardship.

"Two years ago I was diagnosed as having leukemia and it has really brought Ralph and I together," Ann Marie said.

"It just seems like he's always there for me."

This time he was there to save her life.

County grand jury indicts 2 bookkeepers

Essex County grand juries Tuesday returned two unrelated indictments charging two bookkeepers — a woman employed in Belleville and a former resident — with thefts, according to statements from the office of Essex County Prosecutor Herbert H. Tate Jr.

A five-count indictment charged Mirtha Bonet, 42, of North Bergen with second degree theft by deception, third degree filing fraudulent New Jersey income tax returns, and fourth degree forgery.

Bonet is accused of embezzling \$887,788 from the checking account of Helion Industries, Inc., a photochemical manufacturing company in Belleville, where she was employed as a bookkeeper.

Tate said between Feb. 1, 1987 and April 30, 1990 Bonet wrote checks payable to herself with a forged co-maker's signature, then deposited the checks into her personal checking account.

Bonet also wrote checks payable to American Express Co. that were credited to her American Express credit card accounts, the indictment charged.

Also, Tate said, Bonet failed to pay state income tax on the additional income she realized as a result of the alleged embezzlement.

The theft was discovered in May 1990 when several cancelled checks were discovered missing from a

bank statement, the prosecutor noted.

If convicted of all charges, Bonet would face a maximum prison term of 26 and one-half years and a fine of \$130,000.

In the second case, a county grand jury returned an indictment charging Glenda Madrid, formerly of 302 Belmont Ave., with theft by deception in the second degree.

Madrid also is known as Glenda Exaltado, Tate said.

The indictment charged that between Sept. 1, 1987 and Sept. 30, 1988, Madrid stole more than \$75,000 from Daughters of Israel, a charitable geriatric institution in West Orange, where she worked as a bookkeeper.

Tate charged Madrid placed into her co-owned personal bank accounts payroll checks made out to her by fictitious employees.

Assistant prosecutor Judy M. Gagliano and investigator Alex Bearfield conducted the probe and grand jury presentation in the Bonet case.

Assistant prosecutor Osborne Carter and investigator Eugene Marchione shared those responsibilities in the Madrid case.

The four are assigned to the Official Corruption and Economic Crime Section of the prosecutor's office.

this application."

An attorney for Newark Light, Joseph Isabella, was then allowed to question architect Ben Tomm, designer of the plans, to testify to the changes he made regarding the conditions the board and the electrical company agreed upon during litigation.

Tomm testified to the following changes:

- Relocation of solid waste disposal inside.
- Enclosure of the loading dock.
- Landscaping for buffering and aesthetics.
- New sidewalks.
- Striping and marking of the parking lot.
- Proper lighting.

These changes were among 17 conditions placed on the resolution by the board, according to DiBiasi.

During the public hearing Scott Ciccone, one of the objecting residents, spoke to the board expressing the residents problems with the application.

Ciccone questioned the stacked parking arrangement and also the nature of Newark Light's business.

He contested that Newark Light is a wholesale distributor which is not permitted in a B-B General Business Zoning District. Ciccone produced a Dunn and Bradstreet report which he said, "calls Newark Light a wholesale distributor of electrical supplies."

Director of planning Robert Hingleheim replied that the company is also a retail operation and that is the more visible function.

It operates as a retail business

with wholesale aspects," DiBiasi said.

Ciccone concluded his statement by questioning the negotiation process.

"I believe the board acted capriciously, irrationally and irresponsibly," Ciccone said. "The residents are being ignored and rather than resolving the problem, we're being forced to appeal."

A motion was made to vote on the resolution and Dombrowski requested the vote be done by role call.

"We will file a complaint with respect to the reversal of the action," Grubini said on behalf of the residents.

"If the objectors are not happy with the decision then they should appeal," Isabella said.

DiBiasi stated the board would defend the approval.

"The judge should see the deci-

sion was well thought out," DiBiasi said. "The conditions placed on the applicant show it was not taken lightly."

Grubini said the residents have within 45 days of publication of the approval to file their appeal.

"The case is by far, by a long while, not over," Grubini said.

Marijuana, drug paraphernalia seized during police raid

Belleville police reported four people were arrested, including two residents, on drug charges March 14 as the result of a three-week investigation.

Sgt. Joseph Rotunda said the investigation was a joint effort of the Belleville narcotics squad and patrol division along with the Nutley narcotics squad.

According to Rotunda, police raided an apartment at 292 Linden Ave. at 12:30 a.m. with a search warrant. A narcotics arrest made by Nutley Detectives William Lopa and Joseph Villano on March 13 was "instrumental in acquiring the search warrant," Rotunda said.

John Burke, 54, of Belleville, was

arrested and charged with distribution of a controlled dangerous substance, possession and possession with intent to distribute a controlled dangerous substance and possession of drug paraphernalia, police said.

Rotunda said the three others, all charged with possession of a controlled dangerous substance were, Mark Cole, 26, of Belleville, Barbara Loeffler, 25, of Scotch Plains and Craig Colalillo, 23, of Nutley.

Rotunda, along with narcotics made members Nicholas Krentz and James DeGrasso made the arrests.

During the raid police reported they seized three pounds of marijuana with a street value of \$10,000. Rotunda said police also seized marijuana and drug paraphernalia.

There was also \$5,380 of cash confiscated which will be held for forfeiture, Rotunda said.

Burke was held on \$10,000 bail and the three others were released on the own recognizance, police said.

Through further investigation Rotunda said police were able to determine "quite a few youths from both towns were buying marijuana" from the raided apartment.

Golden Comments

By Jim Golden

Escalating health costs are leaving many retirees stuck with the bills as employers shift the burden. A week before Christmas, 400 retirees of First City Bancorp of Texas got a letter from the company informing the former employees that, as of New Year's Day, they no longer would be covered by First City's health insurance plan. It had been terminated.

The bank's action comes during a time of high and rising medical costs — up more than 46 percent in the past two years — but a new rule imposed on corporate accounting procedures was cited by the company as its key reason for cutting off benefits.

While few other employees appear ready to follow First City's drastic example, a rapidly growing number of corporations are either cutting back health coverage for retirees or shifting more of the financial burden to them.

The new rule was ordered in December by the Financial Accounting Standards Board (FASB), established by the Securities and Exchange Commission to set corporate standards.

Annual financial statements by American corporations now list only that year's out-of-pocket costs of health-care obligations. But as of 1993, FASB will require disclosing estimates of future commitments — "unfunded liabilities" — of current health-care plans.

Complying with the rule, said First City, would force it to reflect "future unfunded liabilities between \$15 million and \$26 million." Rather than do that, it terminated the plan for retirees. "This was something we had to do in order to maintain our viability," said First City spokesman James Day.

Unfunded health-care liabilities aren't unique to First City. A 1988 government study put the total for all companies at \$400 billion. FASB Chairman Dennis Beresford says, "The problem is that many companies vastly, vastly underestimate their liabilities."

Allegedly, many companies will show obligations that exceed current pay-as-you-go expenditures for retiree health care two to five times. Which is why the rule is needed, says FASB. Because of the rising price of health care and an ever-growing retiree population, it says, current accounting methods don't accurately measure costs. The rule is going to make financial statements more reliable, but many companies worry that disclosing estimates of future costs will discourage potential investors, cause stock prices to nose dive, and make it harder to borrow capital.

"Cutbacks in health-care costs are a reasonable response" to such fears, says Beresford, and a survey of 463 medium and large firms shows cutting back is exactly what they are doing. Fully 80 percent of the companies plan to shift more of the costs to retirees, either by increasing deductibles, boosting contributions for coverage of dependents, or both.

The trend is drawing fire from retiree advocacy groups. "We view retiree health benefits as a form of deferred compensation," says AARP analyst Judy Hushbeck. "Companies are turning their backs on promises they made."

Where retirees once paid nothing out of pocket for medical expenses, they now pay as much as \$750 a year.

While most companies cite growing costs to justify cutbacks some blame FASB and its new rule. "FASB was looking for a solution to a problem that didn't exist," First City's Day says.

"This is a case of shooting the messenger who brings bad news," responds FASB Chairman Beresford, noting that the rule doesn't increase corporate liabilities.

"FASB isn't the problem here," says Hushbeck. "The problem is medical inflation. Until it is brought under control, we'll continue to see retirees absorbing a bigger share of their medical charges... a Congressional remedy is sorely needed... soon."

Do my dependents have to have Social Security numbers?

Will you claim an exemption for a dependent who was two years old or older December 31, 1990? If yes, Bert Tobia, District Manager of H & R Block states you must list the dependent's social security number (SSN) on your income tax return. The social security number requirement applies to each dependent claimed on your income tax return, according to Tobia.

Tobia also states it applies to adults as well as children. The purpose is to ensure that all exemptions on a tax return represent actual people and that only one taxpayer claims a particular dependent. To obtain a social security number for a dependent on a tax return, you must fill out a Form SS-5. You can obtain this form at your local H & R Block office or from the Social Security office.

Whenever you have questions on how the tax laws affect you, call Tobia at 365-0999.

Firemen to aid Megan's heart fund

By Adam Glazer

Megan Jarret, the one-year-old from Belleville who fought her way back onto a waiting list for a heart transplant, has touched the hearts — and generosity — of people in and around the town.

Now, a new source promises to provide substantial contributions to the Megan Jarret Heart Fund. This source is the Belleville Fire Department, and the man responsible is Philip Lazaro Jr., president of Firemen's Mutual Benevolent Association Local 29.

For years FMBAA locals statewide have collected aluminum cans to raise funds for burned children at St. Barnabas Medical Center in Livingston.

Lazaro says when he learned about Megan's situation, he wanted to get involved. In mid-February, he got permission to divert money contributed by the Belleville Fire Department for burn victims to the Megan Jarret Heart Fund.

Children at St. Barnabas will not be forgotten, he points out, because other locals will continue to contribute funds. The Belleville drive will continue "as long as she needs

it," he says.

The department collected \$1,407 for burn victims in 1989 and \$1,565 last year. In January, it collected \$296.

With summer and more outdoor activities coming, he expects more aluminum cans will be available for donation.

According to local businessman Scott Harmon, who chairs the Megan Jarret Heart Fund, funds are deposited in a savings account at Provident Savings Bank.

The Belleville Lions Club will administer the fund and oversee distribution to the Jarret's creditors. Aluminum beverage cans (such as those used for soda and beer; not soup, pet food or tuna fish cans) can be donated at the fire department at 275 Franklin Ave. Contributors are asked to leave their bags near a large blue trailer in back of the firehouse.

When the trailer is full (about once a month), Lazaro and Harmon take the trailer to Alcoa recycling center in Belleville. The cans are then weighed, and the fund is credited.

Collecting aluminum cans is not all the fire department is doing on

behalf of Megan Jarret. Its two locals (29 and 229) will participate in a donkey basketball game at Belleville High School 7:30 p.m. April 28 with the police department, teachers and students. Tickets are expected to cost \$5.

Lazaro, 30, has been with the department more than eight years as a firefighter and emergency medical technician.

Monetary donations can be mailed to Megan Jarret Heart Fund headquarters at 49 Ralph St. Cans also can be dropped off at this address.

For more information phone Harmon at 759-2838.

Cops arrest 'flower bandit'

A Belleville man was held without bail last week on charges he ordered flowers from a Bloomfield florist six times during a four-year period and never paid the bills.

Donald Cervasio, 29, of 22 Belmont Ave., a hospital orderly, was charged with theft by deception after his arrest on warrants by Bloomfield police March 13, according to reports.

Cervasio is accused of ordering \$500 worth of flowers to be delivered on occasions between 1987 and 1990, police said.

His case will be heard in Bloomfield Municipal Court March 27.

Bellevillite charged in burglary

A Belleville man was arrested last week at a Bloomfield home when officers responded to a report of a burglary in progress, according to police reports.

The suspect, identified as 26-year-old Nicholas Costa of 471 Jorammon St., was found unconscious leaning over a bed with three gold chains in his right hand, police said Wednesday.

Costa, who had entered the home by forcing in a front-door window, was taken to Mountaintop Hospital for treatment, according to reports.

Armed robbery suspect nabbed

One suspect has been arrested and another is sought in connection with the Feb. 15 armed robbery of Seafood Dynasty restaurant on Belleville Avenue, Bloomfield.

Chris Minor, 19, of 172 Franklin St., Belleville has been charged in

the heist, in which some \$1,500 was stolen, Bloomfield Police Chief John McNiff said.

Still wanted is the gunman, identified as 25-year-old Tyrone Flowers of Patton Drive, Bloomfield, McNiff said.

Watershed protection

By Ella F. Filippone
Executive Administrator,
Passaic River Coalition

Protection of drinking water supplies is one of the most important responsibilities of all levels of government. A primary source of water supply in northern New Jersey comes from the Wanauque Reservoir.

Currently a hearing is taking place before the Ringwood Zoning Board on an application for a use variance to install two meteorological towers in Ringwood's light industrial zone. The purpose of the towers is to collect weather data in order to build a 130-135 megawatt electric power generating plant, which would be located approximately 1,200 feet from the Wanauque Reservoir.

According to officials at the North Jersey District Water Supply Commission, "this plant could be nothing short of disastrous for our water supply." The Commission owns the Wanauque and Monksville Reservoirs.

Smokestack emissions and the possibility of oil spills from the huge storage tanks will pose a constant threat to the reservoir and the vast watershed lands in the surrounding area. 500,000 gallons of fuel oil will be stored above ground on the plant site, up-slope and less than a mile from the reservoir. It must be noted that the Ringwood volunteer fire and ambulance companies are ill-equipped to deal with any emergency or accident which may occur at this site.

Known pollutants to be emitted include carbon monoxide, sulfur dioxide, additional oxides of sulfur, nitrous oxide, mercury, unburned hydrocarbons, and the other pollutants for which EPA ambient air quality standards haven't ever been established. A local organization, the citizens for the Land, Environment, And Neighborhood, is working to have the zoning board reject this application. No approval has yet been granted for this facility by the New Jersey Board of Public Utilities; however, getting a variance would be a major first step for the utility.

The public must recognize that the Borough of Ringwood is uniquely located in an area of the Passaic River Basin, which has been considered as "environmentally sensitive" under the N.J. State Development/Redevelopment Plan, is within an already certified sole source aquifer region, and geographically is the prime watershed for New Jersey's most important supply reservoir.

The waters from this reservoir are used by most of the urban municipalities in Passaic, Bergen, Essex, and Hudson counties. A common sense approach to safeguarding our water supplies is to prohibit the development of land for industrial uses up-slope or nearby a water supply source. Concerned government officials and citizens should contact Skylands CLEAN, Inc., P.O. Box 85, Ringwood, New Jersey 07456 indicating their position against the siting of this power plant at this location. This project is not one which relates only to the backyard of the people of Ringwood. It is everyone's responsibility to help keep our water supply the purest possible.

Another kind of welfare rip-off

How do you feel about paying about \$240 in higher costs for clothing because Congress has agreed to protect — that is, to subsidize — private sector companies, in this instance domestic textile companies?

According to an article in "Global Trade" magazine, the present high tariffs on imported textiles cost American consumers about \$20 billion a year, and counting.

This is even tougher on younger families, which tend to buy more textiles, especially as clothing for their children.

As reported, the cost to protect each job averages between \$302,000 and \$550,000!

We hear so much about welfare "queens" and \$3,000 allocations to "the homeless" for new living room furniture, but why do we not hear about the welfare — and no other term is more appropriate — being handed out to prop up domestic companies which fail to compete in the marketplace against the imports?

Who protects the corner store from its competition at the supermarket? Who protects a Bloomfield Center store from its competition at the malls?

Then why should we protect domestic textile producers?

In response to Ms. Zalutko's letter of 2-28-91 stating she is somewhat confused! I would like to clear up a few things for her.

I also lived in Belleville a very long time and have known Frank J. Noonan MD for over 30 years. He is an intelligent, honorable, caring person who puts other peoples needs ahead of his personal gains.

This man continues to work very hard both professionally and politically to make Belleville a better place to live. I don't have to defend his name because it stands tall in our community.

As for Ms. Zalutko's other statement "Possibly this might clear up the issue of residency." Maybe she hasn't read any newspapers since the election. The Noonans residency status was made very clear by the Superior Court of New Jersey.

Wrongful charges were made against him once by former commissioner Vincent J. Frantantoni, Town Clerk Mary Lou Hood and others. Let's not do it again Ms. Zalutko. I would not blame the Noonans one bit if they changed their mind and took legal action against these people to recover the money spent for legal fees occurred in this matter.

Mourning a friend

To the editor:

In the life of a young man, the most essential thing for happiness is the gift of friendship.

Frankie Pacheco, a Belleville resident, died March 5 on his naval base in California. A good friend to many, a beloved son and brother, Frankie will always be remembered by those whose lives he touched deeply.

Good breeding

To the editor:

Mark Twain has been mentioned a lot lately. Regardless of our position in life, it would do well to think about one of his favorite sayings:

"Good breeding consists in concealing how much we think of ourselves and how little we think of the other person."

Gerlaine Ursi

Sincere thank you

To the editor:

A sincere thank you to all the friends, family members, board members, council members, and other dignitaries that attended my kick-off breakfast at the Chandelier on March 10, 1991.

Your display of support was overwhelming. Again, I thank you all.

Ralph B. Mazzuca
Board of Education Trustee

Be proud, Belleville

To the editor:

For several years the Yanticaw District of the Boy Scouts of America have sponsored a career awareness for the Junior Class at Belleville High School. For the school year 1990-1991 the district lacked the funding to continue the program. We contacted Senator Carmen Orechio and Mayor Marina Perna to see if we could enlist local business leaders to support the program.

Aside from their own generous contributions they put out a call for help and within two weeks we received the necessary funding to continue the program. Special thanks to Councilman Jim Messina, Dr. Susan Baturay of Technion, The Belleville Rotary Club, Motorcycle Mall, Pro Lumber & Hardware, Total-Tel U.S.A., AMVETS American Veterans of World War II, American Legion Post 299, The Washington Motel, Rosemore Pharmacy and Tak Argentinas.

The people of Belleville should be proud of these outstanding citizens.

Club members grateful

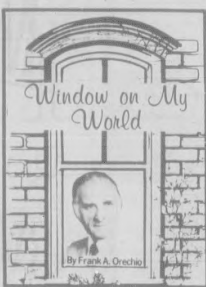

To the editor:

On behalf of the Woman's and Junior Woman's Clubs of Belleville we will extend a sincere thank you for the tremendous support we received at our recent art auction for the citizens of Belleville.

We are very appreciative for the attendance by town officials: Councilmen Bill Cook, Mario Drozd, Jim Messina and Tom Spillane; and by Board of Education members: Michael Nardiello, Superintendent, and Trustees Joe Del Guercio and Ralph Mazzuca.

Our clubs are dedicated to serving the township of Belleville in many capacities. Your generosity will help us continue to achieve our goals.

* ESSEX County budgets for some time have contained an item identified as "Discretionary Funds." This year, this item is reported to reach \$1.4 million. Money is distributed through this fund by the individual Freeholders — some funds for worthy causes and other funds for not so worthy causes. Whether the cause is worthy or not is not the object of the point I want to make. And that is, simply put — county taxes are levied to fund the cost of government. Nowhere in the Essex County charter is there a requirement for the Essex County government to take money from the already overburdened taxpayer for purposes other than running the government.

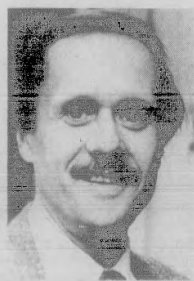

The \$1.4 million should be struck from the budget. Officials voting to burden the taxpayers with this \$1.4 million proposed expenditure would be giving themselves a license to convert taxpayer money for purposes other than funding legitimate government costs.

* NEWARK Mayor Sharpe James continues to insist that Newark Municipal Court Presiding Judge Cliff Minor should be appointed Essex County Prosecutor. Mayor James is only one of a number of Afro-Americans who insist that the Office of Essex County Prosecutor and the Office of the Essex County Sheriff be occupied by members of the black race. It is a sad day in our democracy when one ethnic group insists upon occupying specific offices to the exclusion of all other ethnic groups. This attitude does not sustain the true meaning of democracy. The best man or woman is good enough for me whether he/she be black, white, yellow or red — or whatever other color he/she be your choice.

* ACTING Essex County Sheriff,

Armando Fonturo, may have the inside track for the Democrat nomination. His predecessor, former Sheriff Tom D'Alessio, assumed the office with a background of 15 years experience in law enforcement. Spokesmen for the Sheriff's Office underscore the fact that the Department's Bureau of Narcotics is a very significant force in attacking the drug distribution problem which infects the cities and towns of Essex County.

The Office of the Sheriff is no longer the political plum of years past. Drug traffic is destroying the fabric of our society; and though the general public hears about — and talks about — the war on drugs, it must be remembered it takes soldiers to make war — any kind of war. The front line soldiers for Essex County's fight against drug traffic are the men and women of the Sheriff's Office. Whether the occupant of that office is black, white or yellow is irrelevant to the job at hand. If the present occupant of the office is more than adequate by way of experience and dedication — why change? Just to satisfy an ethnic formula?

Arthur Clay

* LAST Sunday, District Freeholder

Arthur Clay announced plans to seek the Republican nomination for Essex County Sheriff. Clay served as Under-Sheriff during the administration of Republican Charles Cummins. In his announcement, the veteran lawmaker said his law enforcement background, coupled with his nine years as a County legislator, added to his years of business experience, gives him outstanding qualifications to occupy the job of Essex County's number one cop. Clay's candidacy would be formidable. He has the talent, the broad public acceptance —

and the money to finance an aggressive campaign.

But Essex County Republican Chairman John Renna doesn't have to stop with Clay as he ponders the selection of a nominee to gain the G.O.P. organization's support. There are at least four other persons who have expressed an interest in the Republican Sheriff nominee. At least three have powerful credentials and can raise the money to finance a respectable campaign.

* THE deadline for filing candidate nomination petitions is April 11th for those interested in securing a ballot spot for the June 4th Primary Election. The promulgation of a new legislative redistricting map may make these dates null and void. Ten years ago, when the state was confronted with its last effort at legislative redistricting, the New Jersey Supreme Court was asked to be the final arbiter. From the looks of things today, it appears that redistricting for 1991 may well go the way of the 1981 plan — to be settled by the New Jersey Supreme Court. This process may require a rescheduling of the June Primary.

* Governor Jim Florio is reducing the number of state employees by thousands. At last count, Essex County Executive Tom D'Alessio is reducing the county payroll by 1,000. The Town of Belleville has cut back its payroll by six. And now we wonder what's happening with the inner chambers of the Nutley and Bloomfield Town Halls?

Taxpayers of both Nutley and Bloomfield are just as hard pressed and should receive the same loving, tender care from its governing officials as is bestowed upon them by Essex County Executive Tom D'Alessio and Governor Jim Florio. Even the state Legislature took a turn for the better when it adopted legislation, signed by Governor Florio, creating a law that reduced real estate taxes for every taxpayer in the state of New Jersey.

The average taxpayer reading this comment will say, "I've heard that song before," but this time you have to believe it. It is the law. Several hundred million dollars have been allocated for real estate tax reduction. A table of real estate tax reductions that resulted from the new law was published in the Sunday, March 17th New York Times and reflects the following: Belleville average household reduction — \$179; Bloomfield — \$111; Nutley — \$228. These net numbers result from state aid to Belleville of \$9,165,103. Bloomfield \$10,033,162, and Nutley \$5,906,293.

School of Nursing sets open house April 9

A career in nursing is waiting for you. Clara Maass Medical Center School of Nursing will hold an open house 1 to 3 p.m. and 5 to 7 p.m. April 9 at the School of Nursing, 236 Hoover Ave., Bloomfield.

The Clara Maass School of Nursing takes its name from Clara Louise Maass, one of the first graduates of the Medical Center's School of Nursing. Maass gave her life during the yellow fever experiments conducted in the early years of this century. For 98 years, the School of Nursing has provided an outstanding program of education for nurses. Graduates of the rigorous program have excellent records of job placement, career and academic advancement.

Academic courses are held at Upsala College. Students take their nursing courses and gain clinical experience at Clara Maass School of Nursing and at Clara Maass Medical Center in Belleville. For more information about the open house or about the nursing program, call 680-4400.

Orechio bill passes Assembly

A bill to provide more than \$7.1 million in federal funds for New Jersey treatment programs dealing with drug and alcohol abuse has been approved by the state Senate Revenue, Finance and Appropriations Committee.

The bill, S-3304, sponsored by Senator Carmen A. Orechio (D-Essex), was approved 7-0 by the

panel. It now goes to the full Senate.

"This measure ensures the application of previously approved federal funds to the Department of Health so they would not have to be returned to the federal government," Senator Orechio said.

He said the legislation was proposed to authorize the increased appropriation for block grants and other contracts concerning drug and alcohol abuse treatment programs.

The total federal appropriation under the bill would be \$7,123,000 for alcohol, drug abuse and mental health block grants.

2nd ward residents learn law enforcement lesson

Residents of the 2nd Ward received a lesson in law enforcement at the Ward meeting March 13 at the Recreation House.

Deputy Mayor Frank Caputo invited Police Chief George Lister and other members of the force to speak to residents about the services the police department offers.

Capt. Mike Petrillo explained the procedures of the detective bureau and Sgt. Joseph Rotunda discussed the drug awareness programs implemented in the schools. "The talks were very informative," New Street resident Miriam Baker said.

Crime watch leader Jesse Knight also enjoyed the lectures.

"It's nice to know the police are there for you," Knight said.

The meetings are held each month to provide 2nd Ward residents an opportunity to learn about the programs, activities and services provided by the township.

"I have been very pleased with the turnout and effectiveness of the meetings," Caputo said.

The next meeting is scheduled for April 17, with guest speakers Tom Longo, director of health and services, and Robert Ringleheim, director of planning.

Women's National History Month

Funded in part by a grant from the Essex County Division of Cultural and Historic Affairs, part of Theater '90, '91 at the Library, Elizabeth Hodes Theater will present "A Woman's World," on March 21, at 1 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. In the program, the singer, actress, and dancer will challenge the myth of the man's world, in works of composers and writers, both women and men. Hodes is known for her past performances at the library in such performances as "La Músique de Piaf" and "An Evening with Fred Astaire."

A performance of prose, poetry, and song in celebration of "Women's American History Month," "A Woman's World," features Elizabeth Hodes, who has danced with the Royal Winnipeg Ballet before going to Broadway, where she made the transition to a singing career. She holds a Master of Music degree from NYU and is on the faculty of HIB Studio in New York City.

Model trains on exhibit

On exhibit in the Exhibit Case of the Belleville Public Library and Information Center are the model trains of H-O Scale of Jordan Taub, son of Reference Librarian, Joan Taub. Jordan has been collecting trains since he was five years old. A student at Riverdell Junior High School in River Edge, Jordan is displaying steam engines and diesels, as well as flatbed and boxcars, which he has made from kits.

A WARNING NOT TO BE IGNORED

The warning that some over-the-counter antihistamines can adversely affect one's driving ability is not one to be taken lightly. Recent studies at the State University of New York at Buffalo suggest that the standard dose of such drugs can induce a state of mental alertness that approximates drunkenness in some men. In fact, the average male participant (aged 25 to 40 years) took twice as long as normal to react to a driving emergency two hours after ingesting a normal dose of antihistamine. By some states' standards, these men acted similarly to drivers with blood-alcohol levels high enough to warrant their arrest. Of course, an individual's reaction to any given drug may differ from another's reaction, but the potential certainly exists for an accident when driving under the influence of some over-the-counter antihistamines.

Always read labels before taking prescription or over-the-counter medications. If you have any questions feel free to ask our pharmacist at ROSSMORE PHARMACY, 338 Washington Ave., 759-1856, 759-1968. We can handle all your Easter needs from greeting cards to gifts. Cameras, film, Times watches and transistor radios are stocked. Hours: Daily 9 am - 10 pm, Sundays 9 am - 9 pm.

HINT: A Gallup poll shows that nearly three-quarters of all non-prescription drug users ignore label warnings.

IRS Holds Tax Class

In 1990, members of over 8000 groups and associations received help with their federal tax returns through a program called Community Outreach Tax Education. Major tax law changes, line-by-line preparation of federal tax returns and information of interest to fishermen and seniors were a few of the topics covered in seminars last year.

Convenient times and locations may be arranged through local IRS Taxpayer Education Coordinators. Call IRS toll-free at 1-800-829-1040 and ask for the Taxpayer Education Coordinator.

"We Seniors have special needs."

"Saint Mary's understands. That's why they provide the Senior Passport to Health program. I still can't believe it only costs \$15 annually. Since joining I've taken advantage of free monthly health screenings for cholesterol, glaucoma, breast cancer, podiatry and more. That's important if you're on a tight budget like I am."

"I've learned a lot from Senior Passport's free monthly educational programs. The topics range from Self Defense and Crime Prevention to Understanding Your Health Insurance and are presented in a friendly, informal atmosphere right at Saint Mary's."

"I've made new friends at Senior Passport social events. Other benefits include discounts at participating local businesses and discounts on selected health care services. Senior Passport concentrates on prevention and education. You ought to find out more about it!"

Upcoming Senior Passport Events

- Wednesday, March 20 9 am - noon VISION/GLAUCOMA SCREENING & EDUCATIONAL PROGRAM
- Saturday, April 20 9 am - noon PODIATRY SCREENING

- Saturday, June 22 9 am - noon SKIN CANCER SCREENING & EDUCATIONAL PROGRAM

Poison prevention week alerts parents to dangers

Poison centers across the nation respond to millions of calls each year from anxious families of young children exposed to substances which may be toxic.

Clara Maass Medical Center reminds readers that Poison Prevention week, March 17 to 23, is dedicated to highlighting the importance of poison prevention. Although safety caps required by the government on some home products and medications have cut down the number of child poisonings, the fact remains that an estimated 600,000 children — 40,000 in New Jersey alone — under the age of five will be accidentally poisoned this year.

What can be done to reduce the peril of poison? The New Jersey State Safety Council and Clara Maass Medical Center urge parents to recognize the hazards and place them out of the reach of children. Check the danger zones — under the sink, the bathroom, basement, laundry room, garage, bedside table and dresser. Specifically:

1. Place all poisonous substances out of a curious child's reach, alternatively lock cabinet containing such products.
2. Products should be kept in original container — never transfer to milk carton or juice bottle which can be easily confused by children.
3. Place rock salt for melting ice in safe locations. It closely resembles rock candy to young children.
4. Never tell a child that medicine is candy, as they may literally eat pills as though they are candy.
5. Be sure to keep purses out of children's reach. Purses are treasure chests to inquisitive children.
6. Know your plants. Certain houseplants are toxic to children.

Young children learn by testing, touching and feeling, so remember to always supervise children's play time. It only takes a few seconds for youngsters to get into danger.

Should a child swallow a poisonous substance, or get poison on the skin, or in the eyes, do not wait for a reaction. Call the Poison Control Center at 1-800-962-1253 or call a physician immediately.

Positive Pregnancy Fitness offered weekly at Clara Maass

Promoting comfort and reducing stress during pregnancy is of prime concern to many expectant mothers. In order to meet the needs of these women, the BirthDay Suite at Clara Maass Medical Center is offering "Positive Pregnancy Fitness."

"Positive Pregnancy Fitness" is an exercise program designed to provide safe exercise instructions to pregnant women during their prenatal and post partal periods. The program is held 7 to 9 p.m. Thursdays in the Morris Canal room at the medical center. It meets the guidelines of the American College of Obstetricians and Gynecologists and is taught by certified Positive Pregnancy Fitness instructors.

The focus is to alleviate common discomforts of pregnancy and to increase a sense of well-being. Belleville resident and mom-to-be Lourdes Balboa said, "I know it's really going to benefit me. It (the exercise program) really conditions your body."

The program is also beneficial to mothers in the postpartum period who are eager to get back into shape. For more information on the Parent Education classes offered at Clara Maass Medical Center or to register for the Positive Pregnancy Fitness class, call the BirthDay Suite at 450-2929 Monday through Friday.

Belleville Times SPORTS

BUCC SHOTS

By Mike Lamberti

There are many adjectives that can describe the success of the Belleville softball team over the past 11 seasons. Tremendous, marvelous, unbelievable and superb are four good words. Maybe the word dynasty could have some merit.

However you look at it, Carl Corino has put together a softball machine. From 1980-90, the Lady Bucs have put together a record of 254-60. That's an average of 23.6 per season. The teams "worst" record during the Corino era was 18-8. That was also the only time that the Lady Bucs did not win at least 20 games.

Over the past nine seasons, Belleville has won at least 21 games. Twice during that span the team surpassed the 25 win mark. From 1982-89, a span of eight seasons, Belleville played in the county championship game, winning the crown in 1982, '83 and '89. For nine straight years, from 1982-90, the girls have been to the "final four" of the county tourney.

The girls have won five NNJIL titles in the eight years they have played in the conference. In the three years they didn't win, Belleville finished in second place, just one game out of first.

In 1987, the team won the Group IV, Section 7 crown and advanced to the Group IV title game. The '82 squad came within a bad umpiring call of making it to the group title game.

Needless to say, the past ten years have provided a truck load of memories. Too many to remember here, but it's a good time to do a little reflection with Corino on days gone by.

"There have been some tremendous games," Corino said. "Going back to that first season (1980) to last year, when we won the league title. It's hard to pinpoint one particular year, because they've all been super."

Corino took over in the spring of '80, replacing, ironically, his wife, Eve, who gave up the reins after a successful '79 campaign. In his first year, the Lady Bucs put together a 20-8 season, climaxed by an appearance in the county title game. It was the first time that the Belleville softball team gained entry to the title game, but it certainly wouldn't be the last.

"Those kids came out of nowhere late in the season," Corino said. "We won a thrilling game over Columbia in the semis, rallying from a three run deficit. It gave the team a lot of confidence."

The girls lost in the title game of the county tournament to state power Cedar Grove, 4-0, but the die had been cast.

"All these years, we've had a good pitcher-pitcher combination," Corino said. "That year, we got some consistent pitching from a few girls."

Pitchers like Michele DeMayo, Debbie Mundy, Kathy Woods and Debbie Jinks formed a "pitcher by committee" tandem that produced 20 team victories.

In 1982, Corino assembled a team that, to this day, he admits could be "that team was loaded," the coach said. "Talent everywhere. Those girls could hit the ball. There was no lead by the opponent that was safe."

Five players on that team later gained Belleville Hall of Fame recognition. More could certainly follow.

Dina DeAquino and Tracy Buono formed a solid pitcher/catcher combo. Nancy Coffey was a dominant force at third base. Donna Brooks was a freshman left fielder who would set records before her high school career would be over. Rose Leonidis was a fierce competitor at second base.

"And Mona Stampe was the best defensive first baseman I've ever seen," Corino added.

That '82 club finished 24-2, losing to Livingston in a controversial game in the state tourney (no Nancy Coffey, I won't get into that again) and dropped a game to Kearny in a regular season matchup. In both instances, Belleville came back to avenge the defeat, whalloping Kearny in a late season game and blasting Livingston in the county title game. (Kearny, by the way, went on to win the '82 state title in Group IV).

The '83 team came back to win a second county crown and also won the NNJIL title. The battery of DeAquino and Buono continued to excel and players like Lols DeLuccio and Kim Indiero were outstanding defensively.

1984 was another successful campaign, with Belleville finishing 24-5. DeAquino and Buono graduated after that season, but the pitching success continued.

Michele Calderone, Debbie Paterno and Karen Fulda pitched well in '85 and sophomore Laura Caruso was impressive behind the plate. In '86, Janine Luzzi joined the pitching corps and a freshman second baseman named Laurie Dondarski began her reign as a defensive whiz.

Luzzi won 21 games for the '86 team while dropping only three. In '87, two freshman named Stacy Johansen and Treicia Donnelly joined the pitching rotation and Laurie Moyer, another freshman learned the catching trade from Caruso, who was a senior and finishing an all state career.

From '88-90, the tandem of Donnelly, Johansen and Moyer helped Belleville to 67 victories, two league titles and one county crown.

"I can go on and on with the names from all the teams," Corino said. "Desiree Johansen was a super player, who also helped us by pitching in '85 and '86. Kimmy Indiero was a tremendous lead off hitter. How about Luisa Dinko, one of the best pinch hitters I ever saw."

"Angela Chimento was a solid right fielder. You know, we've always had good catchers here, from Denise Zarra (all state in 1979), to Buono, to Caruso then Moyer. But in between the Zarra and Buono eras, Marilyn McCaffrey was a solid performer for us."

"Joyce Lucallo was a standout for this team in the late 70's and in 1980. Coffey gave us four unbelievable years. And don't forget Donna Campana."

"Donna was a marvelous defensive outfielder. Just unbelievable. She made some catches that I still can't believe to this day."

Corino also remembered players like Trisha Trammulota, Jennifer Bridge, Simone Edwards ("Can you imagine how good Simone would have been if she played since her freshman year," Corino said), Carol Morrison, Mia Hanos, Diane DiVincenzo, Dawn Ritacco and others that are always a part of his heart and memory.

"We have a lot of new faces this year," Corino said. "It's going to be interesting. There is a large contingent of freshman out for the team in 1991. It should be interesting."

And, in a few years, those names will undoubtedly be a part of softball lore in Belleville High School.

Hywel advances to final

Nardone wins state title

By Joe Piegaro

This story couldn't have been written more eloquently even if it were done by Hollywood's finest.

Older brother gives up a year of wrestling to red-shirt and concentrate on helping younger brother win a state championship. But younger brother injures a knee, loses more than half a season in the recovery process, and wrestles only five times before the districts start.

Then younger brother overcomes every hurdle and wins the 125-pound crown in the state tournament held this past week in Princeton.

Of course you know the brothers — older brother Armando Nardone, younger brother Emilio Nardone, better known to everyone as "Junior." And of course you know that "Junior" is now the best wrestler anywhere in New Jersey in the 125 lb. division. That distinction was earned by squeezing out a 7-6 nail biter over Frank Dickenson of Vineland in the final match in their respective weight class.

Nardone's gut wrenching win in the finals was the culmination of a very difficult tournament. Junior's weight class was packed with quality wrestlers and he defeated a veritable "who's who" of grappling to win his crown.

The pre-quarterfinal round saw Nardone win over Millville's Frank Lowers by injury default. Pat Coyle of Phillipsburg was next up in the quarter finals and he fell by the score of 12-1.

Jack Maggion of Southern Regional made it to the semis, but lost a 5-3 decision to Junior in one of the better matchups of the day.

Then came Dickenson, top seeded and undefeated, almost pulling out a win in the last four seconds with an oh-so-close near takedown on the outskirts of the mat. But Nardone fought him off, kept his balance and became Belleville's first ever underclassman state champ. Chris Musmanno in 1980 and Armando Nardone in 1988 both won state championships, but did so in their senior years.

Junior finished up his campaign

Emilio "Junior" Nardone

Experience key for '91 baseball Bucs

By Mike Lamberti

The Belleville baseball team enters the 1991 season with the distinct hope it will not continue where it left off last year.

Nick Grande's team opens the regular season on April 2, with a game at Becton.

Grande, beginning his fourth season as Buc head coach, watched his team labor through a 5-18 campaign last spring.

"It was a learning experience," Grande said of the '90 campaign. "Hopefully, we've learned a lot. We have a lot of players back from last year and many of the kids are much improved."

Since the weather hasn't been too good in the early stages of March, Grande hasn't had a chance to see them play outdoors too much. That, hopefully, will change this week when the exhibition games begin.

Belleville is slated to play old time rival Keany tomorrow afternoon at Belleville High in a 4 p.m. game. On Saturday, the team will travel to Long Branch for an 11:30 a.m. game.

Last week, the Bucs opened the pre season with a game against St. Mary's of Rutherford.

A strong contingent of seniors highlight the '91 roster. Art Caruso will be back to man the shortstop

position. Carmen Spina will be in the outfield, Jim DuHaine should play right field and will also pitch and Jason Nardachone should be a pitcher and second baseman.

Michael Capasso is another pitching hopeful and could also see time in the infield. Billy Salvatore, his ankle in good shape after a football injury, should be in the outfield. Joe Cocuzza is trying to overcome shoulder surgery and play third base.

Another man who is injured is pitcher Rich Ferrugia. The senior has a broken bone in his pitching hand, but he is hopeful of being ready for the regular season. Ferrugia has had bad luck with injuries this school year. He suffered two shoulder injuries, one to each shoulder, during the football season.

Another senior, Albert Balkiewicz, is trying to come back after an eye injury last season. Mike Alfano, a junior, is vying for the starting catching spot and junior Mike Melham is a first baseman hopeful.

A contingent of juniors are battling for positions. Richard Onino is a catching hopeful while Mike Kimball, Chris Marcantonio, Sai Straface, Charlie Giachetti, Jeff Bruf, John McAloon, Doug Cancelleriere and Mike Chirichella bat-

tle for infield and outfield spots.

Anabel Rodriguez, a transfer student, is another infield/outfield candidate. Jason Apple has shown a sound arm this spring and could be an effective pitcher.

"We'll know a lot more after a few weeks of practices and scrimmages," Grande said. "We're potentially sound, but we have some kids coming back from injuries, so we'll

wait and see."

The Bucs will once again be in the thick of a tough conference race. Paramus Catholic, Paramus, Nutley and Don Bosco should all be strong in 1991.

"The kids are looking forward to the season," Grande said. "Hopefully, our field will be ready and the team will be healthy. You can only hope for the best."

Softball team opens '91 season with new faces

By Mike Lamberti

Many of the familiar names have moved on. Names like Stacy Johansen, Treicia Donnelly, Laurie Moyer and Jennifer Bridge aren't on the 1991 Belleville softball roster, thanks to an evolutionary process called graduation.

All told, eight seniors went packing after the '90 campaign, a season in which the Lady Bucs posted their "typical" 23-4 season. The girls won the NNJIL title and advanced to the sectional finals and county semi finals.

Head coach Carl Corino enters his 12th season as Lady Buc coach with an almost unbelievable career

record of 254-60. Corino's teams have averaged a record of 23-5 over the first 11 seasons.

"We've lost eight seniors from last year," Corino said. "We're going to be inexperienced at a lot of positions. I'm not going to kid you. This is a rebuilding year."

"Fortunately, we have an excellent turnout of players. 50 girls came out for the team, 21 of which are freshman. The majority of our roster is made up of underclassmen. There are a lot of new faces."

Corino has used this time in the past. He'll go on and on about how

Rowers braving cold in preparation for 1991

By Mike Lamberti

Neither rain nor snow can keep the Belleville crew team from its appointed rounds.

Okay, maybe Bob Cassin can't use that slogan for his 1991 rowers, but his team has been rowing on the open seas since the late days of February, in preparation for what promises to be a very competitive season.

The Bucs first race is set for March 30, against boathouse rival Nutley, on the Passaic River. The first "Flick" race is scheduled for April 7, in Philadelphia. (More on the Flicks later).

"We've had some bad weather early on," Cassin, in his second year as head coach, said. "But we haven't missed too many days. The kids are working hard. We're still waiting for a few of the rowers to come out to round out our varsity roster."

Cassin will work with the varsity boys' team. Dennis Villano returns to coach the girls' varsity. Joe Fercola will direct the boys' novice and Maureen Russo leads the girls' novice team.

When we last left the Belleville crew team, Cassin had expressed optimism about the '91 season with a strong contingent of athletes returning.

"We have a good nucleus back

this year," the coach said. "A few of the kids I thought would be back could not come out for one reason or another. But overall, the early signs are good."

The freshman boys' eight shell, which did such a good job last spring, is back this year as experienced sophomores.

"Those kids have a real good work ethic," Cassin said of the eight shell. "They are very disciplined on the water."

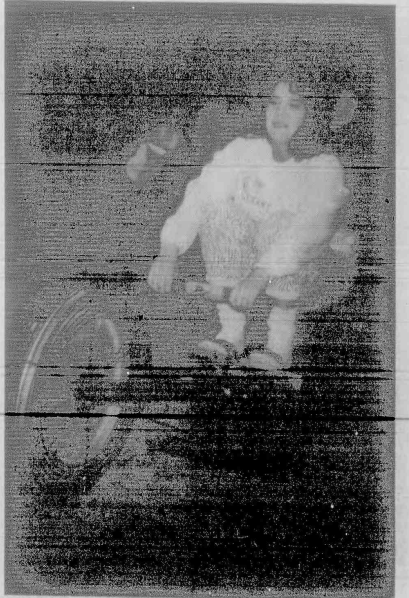

The senior four boys' shell should be made up of Jim Mastropolo, Lee Hands, Sean Kimball, Mark Geissen and coxswain Heather Apruzzese.

Cassin indicated that he could work with a shell of eight, using that freshman team from last year, or switch that group into two sets of fours, using a junior four and lightweight four.

The girls varsity will be led by Kristin Villano, Sharon Trefers and Denielle Groeling. Currently, Groeling is battling an injury and her status is questionable right now.

As mentioned earlier, the first "Flick" race is set for April 7 in Philadelphia. The Flicks are a series of races, held in Philly, that match some of the strongest crews on the eastern seaboard. The races

(continued on page 14)

THE CREW TEAM...even coach Maureen Russo, rowed all night long for their row-a-thon. Members of the team rowed over 600 miles, with sponsors pledging by the mile, to raise money for new equipment.

RECREATION ROUNDUP

Baseball/softball applications

The Belleville Recreation Department is proud to announce that applications for all Recreation baseball and softball programs are available in all public and parochial school offices and at the Recreation Department office.

Boys 8-9 can play Peanut League Baseball; 10-12 year old boys can play Junior League Baseball; and 13-15 year old boys are eligible for Senior League Baseball. Girls ages 8-14 can apply for all levels of Recreation softball, including the Suburban team. Specific league structure/breakdowns for girls' softball will be determined after the registration deadline. In order to qualify for any league, the child must reach the minimum age before Aug. 1, and he/she cannot exceed the maximum age by July 31.

All leagues are for Belleville residents only. High school freshmen or J.V. team players, or Suburban league team players (7th and 8th grade) are not eligible for the Rec. leagues. All applications must be returned to the Rec. House with birth certificates by March 22. Players trying out for the previously mentioned teams should complete Rec. applications before the deadline in case they get cut.

In all cases, the applications must be completed in full and signed by a parent, and all returning players must re-apply. Applications accepted after the March 22 deadline will be considered late and will be treated accordingly. Late applications cannot be guaranteed entry into the league. The Rec. House (407 Joramelon Street) hours for registration are Monday-Friday, 8:30 a.m. - 12 noon and 1:00 - 4:00 p.m. The office will also be open Wednesdays from 6:00-7:30 p.m. for registration. All children attending required practices will play in every game. Our league stresses sportsmanship, basic skills and fun.

Attention all teachers!

The Belleville Recreation Department has announced that applications for Summer Recreation positions are now available. Playground director positions are open to teachers and those who have completed their third year of college by the summer of 1991. Preference is given to full-time teachers and to college seniors majoring in recreation, physical education, teaching and psychology. Previous leadership in recreation settings and/or outstanding athletic ability is a plus. Applicants

must also have good organizational skills. There will be few positions open to those who desire summer employment are urged to apply promptly.

Persons wishing to apply should phone the Recreation Department office at 450-3422 weekdays to obtain an application. Interviews will be scheduled in the springtime. Potential applicants must be teachers or college students working toward a teaching degree and must be available to work for seven straight weeks from June 24 to August 9. All returning employees who qualify must also re-apply.

Recreation track

The Belleville Recreation Department will be offering a recreation track program for boys and girls in grades 6, 7 and 8. The program will tentatively be conducted Mondays, Tuesdays and Fridays at the Stadium from 3:30 to 5:30 p.m. Scheduled to begin on April 1, the program will be designed to introduce aspiring runners to the fundamentals of track and field. Participation, rather than competition, will be stressed. Training will consist of instructions and fun activities, instead of intense physical workouts. This year's program instructor will be Donna Lee Daudelin, a former runner for the Belleville High School Track team.

Children in grades 6, 7 and 8 who reside in Belleville are eligible. Those children who will be playing baseball or softball should not take part in this program, however, since practices and schedules will conflict. To register, come to the Recreation Department office at 407 Joramelon Street between 8:30-4:00, Monday-Friday, with your birth certificate.

A.S.A. umpire tests

The Belleville A.S.A. Umpire's Association will be conducting the A.S.A. Softball Umpire's Test on April 15 at 7 p.m. at the Rec House, 407 Joramelon St. Any adult, male or female, interested in taking the test should call the Belleville Recreation Department at 450-3422 to obtain an application. A \$20 non-refundable exam fee must accompany each application.

Persons who register for the test can attend the A.S.A. Softball Rules Clinics, 6:30 p.m. March 19, March 26 and April 2 at the Belleville Recreation Department. These clinics are designed to prepare all potential umpires for the test on April 15. The clinics will be conducted by Frank C. Amato, Belleville's Umpire-in-Chief.

Registration deadline is March 22.

ROW, ROW, ROW... Robert Gauthier does his best to help the crew team raise money during their annual row-a-thon. The team hoped to raise enough money to buy a new four-man carbon shell.

Crew team opens '91 season on March 30 vs. rival Nutley

(continued from page 13)

are held on Sundays in April and are climaxed by the City Championships on the first weekend in May.

Belleville first became involved with the Flicks in 1985, when legendary coach Sam Giuffrida took his team down to Philadelphia.

May, of course, is "Regatta Month" in crew. The City Championships are set for the first weekend in May. Weekend number two features the Mid Hudson Regatta.

The third weekend is the prestigious Stotesbury Regatta and the fourth weekend, usually Memorial Day weekend, concludes the season with the national championships. This year, the nationals are

set for Delaware.

"Because of the various invitations, scheduling dual races is very difficult," Cassin said. "We have a race with Kearny set for April 20 and we'll be taking part in a new race on April 27."

The new race Cassin refers to is the New Jersey State Rowing Championships, to be held at Mercer County Park.

"The kids are working hard," the coach said. "You can't ask for much more than that."

Maybe the coach could ask for a little warmer weather as his team rows on the open seas of the Passaic River.

Woodruff, Krych, Mannion expected to lead Lady Bucs

(continued from page 13)

his team is young and inexperienced, how they can't hit and how he'll be happy with a .500 campaign. Then, by mid May, when the Lady Bucs are something like 14-2, Corino will express shock at the results and will still say that he isn't quite sure what to expect.

By late May, after the customary trip to the county semi finals and what seems to be a customary 20 win campaign, the coach will say how his kids "surprised" him with their play.

The Corino speech has become rather mundane over the years. However, this year the team will be starting almost from scratch.

The pitching staff, made up of Johansen and Donnelly the past three years will have to be revamped. The catching, handled so well by Moyer the past three years, will also have a new face.

"This is the first time in a while that our battery positions are pretty much wide open," Corino said. "Usually, we had the one pitcher and catcher to get us going. This year that's not the case."

Three players return from last year's team. Judy Krych, the only senior on the roster, was the designated hitter last spring. She will, in all probability, be playing defense this season.

Junior Carey Woodruff will begin her third year of varsity competition by playing second base. Woodruff played third base in her freshman year in 1989, then moved over to second last year after Laurie Dondarski graduated.

Sophomore Colleen Mannion will anchor the outfield by playing

center. Mannion was a very pleasant surprise as a freshman last spring, both offensively and defensively.

"We'll be relying on a lot of freshman players," Corino said. "Some of the players who played suburban softball last year will be seeing varsity time. There will be plenty of positions available and there are plenty of girls vying for playing time."

The weather has been uncooperative, as usual.

"We haven't been able to get outside that consistently," said Corino. "But we'll do the best we can and hope the weather turns for the better this week."

The girls had a busy week of scrimmages this week, weather permitting. The Lady Bucs scrimmaged twice earlier this week. On Saturday, the team will venture to Toms River. The regular season opener is set for April 1, when Belleville travels to Lyndhurst for a p.m. game.

As for the NNJIL Pacific Division, Corino expects a very competitive season.

Nutley, Paramus, Paramus Catholic, Immaculate Heart and Hackensack are all tough. Those teams return basically the same group they had last year. It should be a very tough division.

NOTES: Since Belleville joined the NNJIL in the spring of 1983, they have won five league titles and have finished second the other three years.

Cheryl Marion is back as an assistant coach this spring. Also coaching this spring will be Sherry Jamison and Doug Stone.

Cobras battle to a tie

The Belleville Soccer Association Division I Cobras battled the North Hunterdon Colts to a 1-1 tie this past Sunday at Belleville Stadium.

The Colts came out fast and scored a goal on a corner kick and a perfectly executed head ball. That was one of the few times that the North Hunterdon team was to come that close to the Belleville goal for the rest of the first half of the Cobras-dominated play for the remainder of the period.

After two Belleville shots on goal hit the post, Victor Guevara took a throw in from Steve Vogel and drew the defense in close. Guevara then pushed a pass through to left wing Joe Salamanca who slammed the ball into the net at the 40 minute mark tying up the game.

As the second half started, the game became much more physical with both teams after the goal that would put them into the lead. Six prisingly few fouls were called during the entire second half. Strong midfield play by Jim Wandling and a superb front line effort by Daren Lewis kept the Colts on edge. Fullbacks Franco Vitella and Ian Loneragan kept North Hunterdon away from the Belleville goal.

Relentless play by both teams continued, until with just seconds to do, Salamanca got loose on a break-away and crossed the ball with a strong shot to the left of the goalie. The Colts' goalie made an amazing diving save as the final whistle blew, ending the game.

Cochs Bill Cook was satisfied with his team's overall performance. "It was our first game and we missed a lot of scoring opportunities. The team played well together and I am confident that we'll wind up with a winning season," he said.

"A game like today can be frustrating when in several cases an inch made the difference between a tie and a 3-goal win," Cook added.

Next Sunday, the Cobras travel to Caldwell to take on the Division I United team.

DeWanda Simmons completes training

Airman DeWanda J. Simmons has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training, the airman studied Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Simmons is the daughter of the Rev. Willie A. Simmons of Belleville.

Weekend service resumed

Regular weekend service on the Newark City Subway will resume Saturday, March 23, following completion of a major improvement project.

The subway, running from Newark Penn Station through the downtown business district to the Belleville border, had been closed on weekends since late November for replacement and upgrading of the cable power system. Substitute bus service was operated on week-

ends during this period. Weekday service was not affected.

The subway operates from approximately 5 a.m. to midnight on both Saturday and Sunday. The subway, the only trolley line in operation in the New York metropolitan area, serves 11 stations. The one-way fare is \$1.

For further information, contact NJ Transit at 1-800-772-2222 or 201-460-8444.

Century 21 Stanford Agency uses recycled paper stationery

NUTLEY, N.J. MARCH, 1991 — Century 21 Stanford Agency will join 6,000 Century 21 offices in the United States in using recycled paper for all business cards and stationery.

The Century 21 system is said to be the largest user of business cards in the world! An estimated 100,000,000 cards were used by the system in 1990.

"This is one small way that our office can contribute to the ecological well being of our community and planet," noted Broker Nina Kaeser.

"As the largest user of business cards, we feel this is a positive gesture."

In addition to business cards, all stationery used by the individual offices, regions and international headquarters will be on recycled paper. The changeover to recycled paper has begun this month. Century 21 Stanford Agency is proud to be one of the first offices in the area to begin making the switch, evidencing their commitment to the environment.

The Century 21 system is the largest real estate sales organization in the world with approximately 7,000 independently owned and operated offices. World wide, real estate valued at more than \$85 billion was sold last year by Century 21 offices.

Would-be gardeners who are short of planting space are filling jars and pots with blooms and setting them on decks and rooftop terraces. Even some vegetable varieties can be pot-grown.

Air conditioners that are too large for the rooms they're in are not as efficient as those of the correct capacity because they cool too quickly, then have to cycle off and on more frequently.

In Ojai, California, developers have transformed an old Spanish-style convent into small offices for people who'd prefer not to commute to Los Angeles. The town restricts new development.

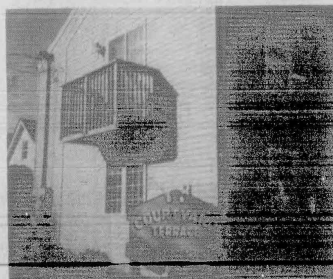

If old drawer guides have worn away, insert thumbtacks in low spots to even out the surface, or install nylon drawer glides to support the drawer on both sides. Lubricate the glides for best results.

Historic home: the oldest house in New York City was built in 1661 in what is now Flushing, Queens. It's still open to the public.

Your family history is probably tied up in your home. You can keep the memories; we'll help to make the most of your equity at Century 21 Stanford Agency, 86 Union Ave., Nutley, 235-9000.
