Budget defeated, Paserchia, DelGuercio elected

By Anthony Buccino

Belleville voters Tuesday night defeated the \$30 million budget and placed incumbent Joseph DelGuercio and newcomer Angie Paserchia on the board of education.

Residents nixed the budget, \$20,080,833 which was to be raised by taxes, by 320 votes.

Out of 2,259 votes cast, 1,089 were against and 769 in favor of the

budget.

A total of 401 voters skipped the budget question.

Totals are not official until certified by the county board of elections.

According to preliminary election figures, top vote-getter DelGuercio received 1,244 votes. Newcomer Paserchia received 1,204 votes and trustee Ralph Mazzuca received 1,165 votes.

DelGuercio was pleased with the vote of confidence, saying "the people believe in me and what I stand for, what I've done for the past three years. I'm elated to serve, and will do so in the best interest of the children."

"I will work real hard," said newcomer Angie Paserchia, an 11th-hour entry into the board race.

Mazzuca, who served a one-year

unexpired term, said he will be back "with vim and vigor." He said he was "sorry the people in the community did not come out and vote."

The school board election drew only 2,259 of the township's 15,000 registered voters to the polls.

Only those who voted in School No. 3 and No. 5 districts approved the budget. The budget was defeat-

ed at all the other polling districts, including School No. 9, which the board of education has threatened to close.

This year's budget called for a tax levy increase of \$1,169,301, or a hike of 25 tax points over last year's budget.

Board trustees will meet with the township council to determine where cuts in the school budget will

be made.

For the average Belleville taxpayer, with a home assessed at \$41,302, the budget increase would have meant an additional \$100 in their tax bill.

Board president Dr. Anthony D'Agostino said, "the onus is now on Schools Superintendent Michael Nardiello to find ways of not cutting vital programs."

Back from 'Desert Storm,' soldier speaks to school kids

By Laurie Silberg

When United States Air Force Sgt. Kathleen James was called last August for overseas duty, she was told by her superior officers to leave her bags packed and ready to go in three hours.

What they didn't tell her was where she was going. Sitting on a jet in the cargo section of an aircraft, James said she had a funny feeling she was on her way to participate in Operation Desert Shield.

Twenty-four-year-old James, an Air Force logistics officer, related this and other stories last month to students and teachers of School No. 5, who gathered to meet the woman they had been corresponding with during her seven-month

stay in Bahrain, an island off the coast of Saudi Arabia.

Formerly of Belleville, James — whose name was Keller when she was a student at the school — helped lay to rest many of the children's fears by speaking to them in person. Just back from the Persian Gulf, she stopped in last month to thank the children and teachers for their ongoing support.

James said she could really sense their fear from the letters, which included such comments as "don't come home in a body bag," "you're my best friend," and "I heard when New York gets bombed we're going to die in New Jersey." "I wrote back to ease their fears," she said. She wrote to alleviate the fears of hundreds of others who

wrote to her as well, including Vietnam veterans and Americans who at first did not support the war at all, James said.

During an interview after the program, James spoke more openly about her own fears.

Arriving in August, the hardest part, she explained, was the waiting. "When the war finally started, we knew that everything we had worked for had paid off. We were ready," she said, "and almost happy."

Remembering the fear of the first night of war, James recalled seeing the planes go up at 4 a.m. "It sent chills up my back," she said. But the fear continued after the first night, and throughout the course of Operation Desert Storm. "There was the fear of having to have our gas masks working, and the fear of not coming home...our biggest fear was of chemical warfare — the fear of not knowing."

"The alarms used to go off two to three times a night — that was when I thought of death."

But having friends was important, especially during the waiting period, she said. "Morale got really low. You can't imagine how long a day was — it felt like forever. That's when you realized you had to have a friend, because there was so much stress and tension."

Living in a tent with 19 other people, James said she felt lucky because there were no deaths in her squadron. "Every once in a while I'd have to just sit down and have a good cry, then I'd feel better," she said.

"I know it sounds corny, but you really start to realize how much you take for granted. Like privacy, tak-

Suspect killed by cop while trying to escape from police

By Laurie Silberg

A Newark man who sped off in his car to elude arrest Saturday morning was shot and killed by a Belleville police officer, police said Monday.

Robert Ciccone, 43, of 51 N. Hawthorne Lane, died as the result of a bullet fired from an automatic weapon belonging to Lt. Joseph Simonetti, who had stopped the suspect for a motor vehicle violation in front of 56 Mill Street.

Lt. Simonetti stopped Ciccone at 10:51 a.m. for not having a state inspection sticker, Belleville Police Chief George Lister said. When Simonetti asked him for his license and registration for the blue Chrysler, he said he noticed the suspect fumbling with his hands in his sweatshirt pockets.

Simonetti asked Ciccone what he had in his pockets, and when he removed his hands he had "two vials and two packages of heroin and cocaine," Lister said. He added that the substances have not been lab tested yet.

When Lt. Simonetti began to place him under arrest, Ciccone, who had turned the car engine off and had one foot out the door, pulled himself back in the car and restarted the engine, Chief Lister said.

"Lt. Simonetti reached in the car

with his left hand to turn off the engine, and that's when Ciccone started to drive away," Lister said.

Unable to release his hand, the officer was dragged along as the car drove away. "I don't know the speed of the car, but it wasn't going that fast," Lister said.

Lt. Simonetti was able to disengage his arm from the wheel and grabbed on to the post between the front and rear driver's side door. Simonetti, who is right-handed, "removed his weapon from his holster and fired a shot through the left rear window of the car," Lister said. "The front door of the car remained partially open the whole time," Lister said.

The bullet hit Ciccone below his left shoulder blade, the chief said.

Simonetti was dragged 70 feet before he was able to jump off the

car, which then traveled another 600 or so feet before crashing into a parked car in front of 126 Mill Street.

Simonetti ran back to his car and radioed for help while pursuing Ciccone. He lost sight of the car and did not see the crash, Lister said.

Ciccone was pronounced dead at the scene.

Simonetti was treated at Clara Maass Medical Center for a sprained right shoulder and was released, a spokesman for the hospital said. He also bruised his right and left arms, Lister said.

Simonetti will not return to work until he has been given the okay by doctors, according to the chief, who said this is the first shooting death of a suspect by a police officer in at

School officials sitting on report card results

By Laurie Silberg

Belleville school officials are not planning to make public the results of the district report cards released two weeks ago by the state until the May 20 Board of Education meeting, Superintendent of Schools Michael Nardiello said Tuesday. However, copies of the documents were released to the press, including the Belleville Times, at the same time they were released to the school officials.

The district is not prepared to share the results just yet, because of "glaring errors at the state level," Nardiello said.

The superintendent said last week Belleville compared favorably with similar districts, but results

would not be released by school officials until corrections, if there were to be any, had been made.

The report card has come under attack from state education organization leaders who say staff salary figures and possibly other information is erroneous. This year's report card does not bear much resemblance to the last one, issued under the Gov. Thomas Kean administration in November 1989. Not included in this report card are results of the Scholastic Aptitude Test and the Advanced Placement Test.

The first and second grades of St. Peter's School have been corresponding with soldiers stationed in Saudi Arabia.

The 1st grade and its teacher, Nina Kotowski, have been corresponding since October 1990 with Captain John Nolan, a Catholic priest who is serving in the Air Force.

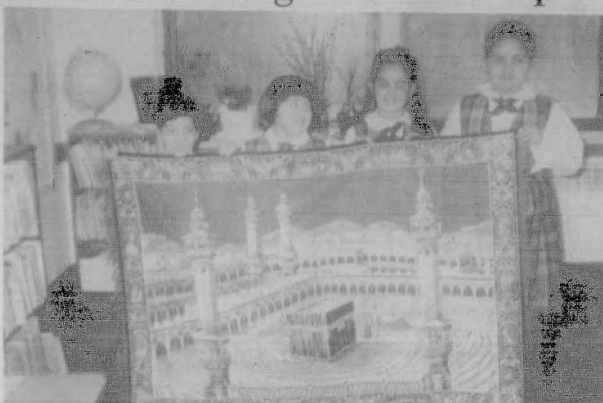

Father John, as the children know him, has sent the class a tapestry depicting a Mosque and various pictures so the first grade can have an idea of what life is like in the Middle East.

The 2nd grade sent Father John an Easter package to bring home a little closer to him. They also sent him a package full of souvenirs of New Jersey including some seashells, pictures of cherry blossoms and a Belleville T-shirt.

The 2nd grade received a surprise package from Sgt. Rick John, who is stationed with Father John in Saudi Arabia. Sgt. John sent the 2nd grade and its teacher, Marilyn LaManna, some unusual gifts from Saudi Arabia.

Besides an audio cassette which had a message to the children from Sgt. John, the children also received various games, a sample of frankincense and a bottle of perfume for LaManna.

The 2nd grade also sent Sgt. John a package with various gifts including a box of salt water taffy from the New Jersey shore.

Golden Comments

By Jim Golden

The House of Representatives, the lower House of Congress, has approved a Democratic-written \$1.46 trillion 1992 budget that rejects President Bush's plan to slash Medicare and other benefit programs.

By a 261-163 vote, the lawmakers adopted a spending plan that shifts billions of dollars Bush wanted to spend for science and law enforcement to education and other social programs. It also ignores the President's renewed call for a cut in the capital gains tax rate.

Across Capitol Hill, the Senate Budget Committee voted 11-10 to adopt a similar plan drafted largely by panel Chairman James Sasser (D-Tenn.) Just one Democrat, Sen. Kent Conrad of North Dakota, joined the Committee's nine Republicans to oppose the blueprint. Conrad said the nearly \$290 billion deficit the plan contained was too high.

Many of the Republicans opposed the plan because they said it could ease the way for future cuts in the Social Security payroll tax. Minutes before approving the Democratic budget, the House voted 335-89 to reject Bush's budget.

Seventy four GOP members joined the 260 voting Democrats in opposing it. The lone independent in the House, Bernie Sanders of Vermont, also opposed Bush's budget.

Democrats said that despite similarities between their budget and the President's, theirs was more helpful to the nation's needy. "Those who say there isn't much difference between the President's budget and the (Democratic) budget have never spent much time in a Head Start program...or talked to senior citizens who face a real choice between heating and eating," said Rep. Dale Kildee (D-Mich.).

The House Democratic budget and the plan Bush unveiled in February are more alike than different...Bound by last fall's deficit-reduction agreement, they both hold domestic spending, excluding benefit programs such as Medicare, to \$211 billion in fiscal 1992.

Democrats would shift just \$13 billion of that total, mostly to social programs such as health care and away from science and space. Bush plans would also spend \$295.3 billion for defense and hold foreign aid to just under \$18 billion.

House Democratic leaders have chosen to emphasize the differences between their plan and Bush's, saying the Democratic blueprint would do more for the nation's poor and working families.

They emphasized their budget's rebuff of the President's proposal to slash \$46 billion over the next five years from Medicare, veterans, housing and other benefit programs.

We strongly believe that a good many of Belleville's senior citizens on Social Security and again confronted with increasing taxation on all levels of government including federal, state, county and local will concur that the House of Representatives voted the right way on this very sensitive matter.

It is to be hoped that the United States Senate will concur with the sentiments of the House on this issue, which is so significant during these times when so many seniors are feeling the "pinch" of rising Medicare bills and health care expenses.

Local property owners and tenants had better review the local town and school budgets to determine how it will affect their taxes or rents — when they go up you have to pay more.

You can vote on the Board of Education Budget; you can't on the town budget, but you can, and should, go to the public hearing on the town budget. It's your opportunity to "sound off" on how you feel about the way your mayor and council, along with the highly paid town manager, are "running the Township of Belleville."

Recognized during the ceremony held at The Bankers in Woodbridge were Christine Capozzi, Maryann Smith and Jennifer Sweeney.

Berkeley's three New Jersey campuses, in West Paterson, Waldwick and Woodbridge, participated in the program honoring outstanding business and marketing students.

Sgt. James welcomed home

ing a shower, family and eating real food. We had no flowers and no grass."

James, who was one of three females working in logistics, said she and the others put in 12 hours every day. Working alongside the Arab soldiers wasn't a problem for her, she said, but did pose a certain amount of discomfort for them. Not used to working with women, the men were fascinated and afraid of her at the same time. "They wanted to reach out and touch me to make sure I was real."

Spending winter holidays in 140-degree weather was difficult, but on those days turkeys were substituted for mess hall food and MRE's, or Meals Ready to Eat. "And on holidays the officers served us," she said.

A Belleville High School graduate of 1984, James worked in a bank for eight months after graduation before getting called in for basic training. "I signed up two months after high school but there weren't any openings. I had to wait until April 1985. I decided to join because I wanted to be able to pay for my schooling later. You have to stay a minimum of four years, but now I want to stay for the next 20 years."

An inventory management specialist, James works in supply, making sure aircrafts have everything they need in the way of supplies.

James met her husband Joe while stationed at Hahn Air Base in Germany. Out of the service now, Joe had to sit back and watch as his wife of almost four years left for the Middle East.

"The first thing my mom said when she found out I was going was,

"she can't go, she's a girl," James said.

After the initial shock of sending her daughter off to war, Kathleen's mom began to deal with the situation. "I had excellent support from our neighbors," she said.

The Kellehers, who live at 157 Forest St., planned a true hero's welcome home for their daughter.

"They carried signs and then as soon as we got into Belleville, we started honking all the car horns," James said. "And all the kids at School No. 5 were hanging out the windows waiting for me."

District not ready to release report

(Continued from page 1)
school years, was taken from the 1990-91 Belleville report card. Clouting the information, however, is much of the terminology used. For example, the term similar districts in the finance and staff/students sections means districts encompassing the same grades, such as K-12. In the performance section it means districts in the same factor group, which takes into account socioeconomic similarities.

The spending per pupil in Belleville, for 1989-90, comes to \$6,008, as compared to an average of \$6,666 in similar districts, and a state average of \$6,649. The average annual rate of increase, from the 1987-88 school year to the 1989-90 school year in Belleville was 8.4 percent for instructional costs and 11.3 percent for non-instructional. Similar districts showed an average rate of increase of 9.3 percent for instructional and 12.4 percent for non-instructional, with the state average at 9.4 percent and 13.2

percent.

According to the report card, Belleville's tax rate for 1990-91 is 13 percent above the average for similar districts, rising from \$11.6 million in 1987-88 to \$13.9 million in 1990-91.

Under the heading of "Can your community afford to pay for its schools?" Belleville's property value per pupil is \$455,262, as compared to the state average of \$460,878. Personal income per pupil is listed as \$131,265 for Belleville, and \$103,696 for the state.

Property value is the total equalized value of all taxable property in the community in 1990-91; personal income is the total income for the community in 1987, according to an explanation provided in the report card. Both figures are divided by resident enrollment.

The percentage of staff employed per 100 students in Belleville is at 9 percent for administrators, compared to 8 percent in similar districts and 8 percent for the state average; 7.8 percent for teachers, compared to 7.4 percent in similar districts and 7.4 percent for the state average.

Under teacher salaries, according to a 1989-90 teacher salary guide, having a bachelor's degree earns a Belleville teacher a minimum of \$22,470 and a maximum of \$38,125, as compared to a minimum of \$23,279 and a maximum of \$40,621 for similar districts. Minimum salary for a Belleville teacher with a master's degree is a minimum of \$24,265 and maximum of \$42,550, as compared to a minimum of \$25,193 and a maximum of \$43,398 for similar districts.

Her categories show Belleville's percentage of students with special needs is below the state average. The attendance rate in Belleville for 1989-90 was 93.4 percent, lower than the similar district average of 94 percent and the state average of 93.5 percent.

The percentage of Belleville ninth-graders who passed all three parts of the High School Proficiency Test in 1989-90 was 92.1 percent, as compared to 1986-87, when only 57.3 percent passed.

In 1989-90, 88.1 percent of students in similar districts passed, as compared to the state average of 84.4 percent.

Under the "How many are actually graduating?" category, the estimated percentage of students who were in ninth grade in 1986-87 and went on to graduate in 1989 was 85.4 percent. The similar district average was 82.6 percent, with the state average at 79.6 percent.

According to the report card, of

the 3,598 students enrolled in the nine Belleville schools, 71 percent are white, 5 percent are African-American, 16 percent are hispanic and 8 percent are Asian.

Suspect shot dead by cop

(Continued from page 1)
least five years.

He fired his weapon because "he believed his life to be in jeopardy," Lister said.

According to police, Ciccone had a history of convictions.

A spokesman for the state Department of Corrections said Tuesday that Ciccone served a six-year sentence after being convicted of larceny and receiving stolen property on July 8, 1971. He was paroled on March 27, 1972.

An investigation is being conducted by Belleville Detective Sgt. Joseph Tortorello and investigators from the Essex County Prosecutor's Office.

Ray Weiss, a spokesman for the prosecutor's office, said the police reports and the autopsy are being reviewed. "We are waiting for the final autopsy report, which includes results of the toxicological tests,"

Weiss said. The final report is due out in three weeks.

The case will be presented to a grand jury at the conclusion of the investigation, Weiss said.

A preliminary autopsy report released to police by the county medical examiner shows Ciccone was killed by the bullet and not the impact of the crash, Lister said.

Li Simonetti is not commenting on the incident at this time.

"He followed all proper procedures," Lister said, referring to Simonetti's handling of the situation.

The shooting coincides with Simonetti's promotion to captain, which, as of press time, was scheduled for Tuesday. Seven other officers were scheduled for promotion along with Simonetti, a 20-year veteran of the force.

Chief Lister said Monday that Simonetti would be promoted on Tuesday.

OUR OPINION

Who is on Essex County's side?

Essex County has been decimated with the redrawing of the state legislative districts. Apparently, neither the Republican Party nor the Democratic Party in our county had the political power to prevent the dismembering of the suburbs. And neither party had the good sense to unite with one another to prevent this maiming of Essex County, the most historic and most glorious of the 21 counties in New Jersey.

No doubt, county politicians will argue and otherwise posture, but their reduced power is obvious. We cannot mourn about them.

We do mourn, however, about the failing economic, social and cultural power of the county. We do mourn about a county without an axis, a county without a sense of unity. We do mourn about a county that has suddenly stopped its growth, not only in commercial and industrial ratables, but also in residential building. More people are leaving Newark; more people are leaving the suburbs. It is white flight; it is black flight; it is — be damned! — people flight....

The county needs a rebirth, a renaissance, well, someone to stand up for its history and heritage, the traditions of those who came before us in Essex. Without a sense of the past greatness of Essex County, then we will have little chance of greatness tomorrow.

Perhaps a new voice for the county will arise. Perhaps it is too late. Perhaps the newly elected county executive, Tom D'Alessio, who seems willing to take on special interest groups, will assume that role. Perhaps D'Alessio will be able to fill the leadership vacuum. We wish him luck!

Protest the cheating, too!

While students are protesting the eight percent increase in tuition at Rutgers, the tendency is to blame Jim Florio, a convenient target.

Students, however, should extend their anger and perhaps intensify it at the Rutgers University administration. It seems something is rotten at dear old Rutgers.

"The Home News" of central New Jersey, published at New Brunswick, revealed recently that federal officials plan to audit the university because of doubts arising from the way U.S. research grants have been used.

Rutgers is not the only university suddenly exposed for auditing of possibly morally incorrect use of taxpayer funds. The mess began at morally incorrect — but 100 percent politically correct — Stanford University where, among other dispositions of our taxes, federal grant money went towards a yacht, cedar-lined closets for the Stanford president, and — goody-good — flower boxes for his holiness (the university president).

May we suggest that federal probers and state probers go a little further than the president's office at Rutgers; try probing every office in every institution burning up our tax money for cedar closets — politically correct cedar closets for affirmative action purposes, of course!

Even more smelly is the sports programs at universities spending tax money for scholarships and other goodies for talented but dumb athletes. It is one thing for private schools to finance dumb students to play sports, but it is another matter for tax-supported schools to finance dumb athletes, dumb professors and dumb presidents.

Oh goodness, did we say something politically incorrect?

A tax is a tax is a tax...

Tolls on New Jersey Turnpike have been increased 70 percent for motorists and 100 percent for truck operators. The trucking industry 100 percent increase will be passed along to shippers and manufacturers, and, ultimately, to consumers.

Tolls on the Port of New York and New Jersey Hudson River and Staten Island crossings have gone up 33 percent for motorists and for truck operators, and again the trucking industry says it will pass on its higher cost of operations.

Other "tax" increases inflicted by state government:

- \$10 million in increased legal fees, mainly to be used to pay for unemployed and, in some cases, unemployable lawyers in pursuit of hardworking small businessespeople.
- \$11 million in higher fees on those folks seeking environmental permits (otherwise known by the liberal media as "polluters").
- \$2.8 million in banking fees ... as if a thrift institution in the marketplace today has even dime from deposits to give away for protection of superfluous state jobs.
- \$1.6 million in higher licensing fees on hotels, which will drive up the cost of a night's stay and drive more folks to sleep at home.
- About a million bucks more for companies or individuals securing health and vital statistics.

The average consumer should understand that, for their survival, most businesses are forced to pass on these added levies of government. Economists call these impositions "hidden taxes."

For example, a motorist using New Jersey Turnpike not only pays a 70 percent increase in tolls, but then he must also pay the 100 percent rise in truck tolls which will be passed on to the motorist in everything he eats, wears, and uses — including his set of wheels!

YOUR OPINION

Kelly's Court problem

To the editor:

An open letter to Chief Lister and Councilman Spillane. I feel I must seek your help in solving a problem in Kelly's Court on William Street.

Several summers have passed and I have noticed that the situation and conditions for residents are becoming not only annoying, but now a problem.

Some citizens are quite concerned and disgusted, and they don't get much of a response by calling the police.

The police don't seem to understand that the outsiders are the ones to bust, and not to harass the neighborhood children. The neighborhood children see fights in the streets, cars doubled parked, so the small children can't be seen when crossing, and vandalism taking place to the parked cars and nearby homes.

The debris in the park is increasing. This is just a sample of what is taking place in this area.

Mr. Spillane, I understand that maybe you don't travel by this section of town to be bothered with this. Chief Lister, understandably your home town of Florham Park would never put up with these conditions, but, do you remember the residents of this community pay your salary.

Just speak to any resident in the community. These possibilities must be sought out, 1) A curfew set at 10 p.m. and this should be reinforced by pulling anyone in. 2) Also, a fence with a gate to chain to lock it at night. This is also for the ball playing that takes place, and will be a safety factor.

I think I speak for the surrounding residents of this park when I say that if this park cannot be supervised and patrolled, then fence it up and take it as a loss so no one will use it, for the neighborhood should not have to suffer.

Little League permits?

To the editor:

Unfortunately, it has come to my attention that permits for the use of the baseball fields in Belleville have been denied to the children of Little League.

As a parent and taxpayer I feel I must voice my opposition to this policy. Little League is an American tradition that for years has kept children occupied with a healthy and stable outlet for youthful energies.

With the help of sponsors it is self supporting, thus relieving the township of a financial burden it would otherwise have to shoulder. I do not feel that it is fair to deny practice fields to these children.

I ask the township to reconsider this decision. I also feel that no one person has this right to who can have these permits.

Jo-Ann Gingerselli

Ed. Note: According to Dennis Buckley, township superintendent of recreation, baseball field permits have never been issued for Little League games. Fields belonging to the recreation department are reserved for recreation department teams. The Little League organization has its own fields in Belleville which are reserved strictly for Little League use.

Questions possible layoff

To the editor:

I have heard a rumor that our town manager Mr. Kendall may lay off the housing inspector. That is truly exercising poor judgement, if that comes to pass. This is false economy! Mr. Fornarotto is not my favorite subject by a long shot but the truth of the matter is that he does his gig. What's fair is fair!

I own various properties in Belleville and have from time to time encountered Mr. Fornarotto. Believe it; he follows through. When there is a violation of any kind a letter is mailed out or a phone call is made and from then on he is on your case like "white on rice." I could vouch for that.

Why I'm writing this message may seem counter productive for me but really it isn't. You see, if everyone in town maintains their property the value of their property will increase. If Mr. Fornarotto stays on the job you can bet your bottom dollar that more properties in Belleville will be maintained and the values will continue to be maintained and increase. Therefore my properties will fall in this category!

Casale Realty, Sal Casale

Ed. Note: Mr. Fornarotto's position as field representative housing inspector had been eliminated along with five other positions, effective May 1. Eliminating the positions saves the township \$204,000 according to Township Manager Bertrand Kendall. Mr. Fornarotto has since submitted his retirement papers to the township.

Citizen questions 'blight' meeting

To the editor:

To scream about constitutional rights, one must be sure that the rights of others are defended as well as their own. In April of 1985, a meeting was held in order to push through a "blight" declaration.

Having successfully deflected many attempts by the politicians to "sneak" the "blight" through, we were over on the alert to many more schemes they might resort to.

After many publicly announced meetings in which every one was invited to attend, they hit upon another meeting, this time for only the business community. It was the first time I have ever heard of such a thing. And, since when do you discuss the destiny of a whole group of people without at least inviting them to attend?

Vinnie Frantantoni was one of the panelists. He just sat up there completely frozen when I tried to protest the legality of the meeting, in view of the fact that everyone previously had the opportunity to attend all the other meetings.

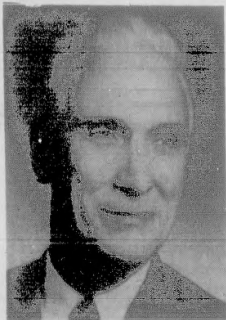

The were prepared for me. On a given signal, before I could say too much, I was escorted out of the meeting. Vinnie never budged. He was as silent as the Sphinx.

"Why didn't you protest?" I asked. "I didn't want to look bad," he responded. So much for demanding one's constitutional rights.

Michael Giordano

• MY estimate may be slightly understated, but I would estimate that J. Wesley, "Pete" Tillou, shared his recent 85th birthday with at least 150 friends from within town and out of state. I had the pleasure of being an invitee and sharing some precious memories with Pete.

"Pete" Tillou

The thrust of the recent Redistricting Committee's effort, was to create more districts where blacks could be elected, a flagrant violation of the white community's civil rights.

• NEWARK Councilman Ralph Grant is enjoying support of a group of black ministers in the June Democrat Primary Election. On the expectation that its candidate may lose the Primary Election, it would be no surprise to see the group support the Republican candidate in the November election, Newark's Louis Greenleaf, Essex County GOP Chairman John Renna is making plans for Greenleaf to be a winner in November.

Essex County Freeholder Arthur Clay, a Republican candidate for Sheriff in the June Primary election, makes statements, that one Democrat candidate thinks is good for a laugh.

For instance, Freeholder Clay states

that no other candidate has the financial, law enforcement and administrative experience for the position. The Acting Sheriff and the organization Democrat candidate, Armando Fontoura, finds Clay's observation amusing. Fontoura notes, "I find it amusing that Mr. Clay points to his hour and a half as an undersheriff — somehow, he feels that gives him a solid law enforcement background." Fontoura has 25 years law enforcement background, and Clay's Republican opponent, Louis Greenleaf, has 20 years. Fontoura makes the point that Clay has been Freeholder for nine years and the county at this very moment has a budget that is \$96 million short. Fontoura asks "Where was Clay during this time?"

Greenleaf recently resigned as chief of investigators for the Essex County Prosecutor's Office to campaign for the top prize.

• NUTLEY businesswoman, JoAnn Andriola has been approached by a couple of Nutley political heavyweights wanting to be her campaign managers should she decide to make a run for the Nutley Township Commission next year.

• BLOOMFIELD politics is going from bad to worse. One of the most distinguished municipal judges in the State of New Jersey presides over the municipal court in Bloomfield. He is Judge Carl Stier, one of the brightest and best our state has to offer. I've met Judge Stier a couple of times. He's quite a gentleman. He has impeccable integrity and exceedingly superior judgment in the dispensation of justice. He ad-

ministers justice with an even hand.

Judge Stier is firm and fair and has contributed a great deal to maintaining what's left of a better quality of life in Bloomfield. Judge Stier should be entitled to remain on the bench for however long he desires to preside. I don't know his politics — and that isn't important — his reputation is what matters most, and Judge Stier's reputation is that of a man of unblemished character and good judgment.

• ONE more word about the proposal by Essex County Executive Tom D'Alessio to downsize the Essex County Police force. Under date of January

Thomas D'Alessio

27th, Dr. John Pettilo, Chairman of the Policy and Budget Committee, on behalf of the committee, wrote to D'Alessio as follows, "It is the committee's finding that both the County Police and County Security force serve no clearly defined role in the areas of criminal justice, law enforcement, or security and that their current operations overlap almost completely with functions which either are currently handled or could very easily be absorbed by the county's other law enforcement agencies. We recommend that one of two approaches be taken regarding this organization, either approach resulting in the reduction of a force of some 160 to a remaining force of approximately 40.

In either case, all special units of the County Police should be eliminated and their functions picked up by the Sheriff's Office."

All this — a necessary step to reduce the \$90 million deficit in the current budget. Tom D'Alessio deserves praise, not pranks.

Judge Carl Stier

Parental leave and mothering

At the turn of the century, when 95 percent of mothers stayed home to care for their newborns, parental leave was unheard of. If mother stayed home to nurture the family, the need for dad to take time off to help with a newborn was a not a concern. Mother would most likely be there!

But this is 1991. And over 75 percent of mothers have jobs outside the home, and also take on most of the household responsibilities. So, starting a newborn off on the right track is essential to our culture and the standard of living to which we aspire.

In the area of parental leave, the United States is literally decades behind many of the other developed nations. Canada, just to our north, has enlightened legislation to help families in need.

In the emerging European Common Market, labor is demanding maternity leaves of 14 weeks at 80 percent of full time pay. In Scandinavia, in middle Europe, throughout most of the western world, emergency leaves are taken

for granted. Iran grants almost a year of maternity leave to new mothers.

These days, when it takes two incomes to provide for one family to live in reasonable comfort, it may be time to reevaluate our view of working families in which both parents are gainfully employed.

Congresswoman Marge Roukema of New Jersey, herself a working mother, led a fight for mandated parental leave, but her bill was not passed.

The crusade may have just begun. If the 101st Congress could not bring itself to pass legislation mandating parental leave, perhaps the concept will face better in the 102nd Congress, or the 103rd.

Mothers at work have become more and more articulate. As they find more sophisticated roles in our socio-economic structure, we can be sure that they will push, and push hard, for the entitlements of parenthood that have already been recognized in so many areas of the developed world.

CREATE COLORFUL, HAND-PAINTED GIFTS for mom on her special day simply and easily with Scribbles™ paints from Duncan Crafts. An inexpensive wood picture frame and wood box become works of art when decorated with love. Scribbles paints come in a wide variety of colors and are sold nationwide.

Hand-painted gifts say "I love you" to mom on Mother's Day

What better way to express your feelings about that very special person than to create colorful hand-painted gifts for mom on her day. Gifts from the heart are always appreciated and cherished as keepsakes, especially when received from loved ones.

With Duncan Scribbles™ paints, Mother's Day gifts are simple, and easy enough for adults, children and even grandchildren to make. An inexpensive wood picture frame becomes a work of art when decorated with Scribbles Deep Turquoise Matte, Shiny Pink and Shiny Turquoise paints. Begin by lightly sanding the wood frame to remove some of the finish and prepare the surface for painting. Or purchase an unfinished wood frame. Then apply the Scribbles Deep Turquoise Matte paint with a brush. Allow to set for at least three hours and apply a second coat. Let the frame dry for 24 hours before handling.

Next, draw or trace a design on the mat board and outline the design with the Scribbles dimensional Fashion Writer paints in Shiny Lipstick Pink and Shiny Turquoise colors. Personalize with "Mom" or her name, let dry overnight and your gift

is completed. An ordinary wood box becomes a decorative jewel holder when decorated with Duncan Sponge It shapes dipped in Scribbles paints. Just pour a small amount of Turquoise paint into a shallow dish. Dip the heart-shaped sponge into the paint, making sure that the paint is spread evenly on the surface of the sponge. Test the sponge design on a piece of paper and then sponge onto the lid and sides of the box. Also, sponge the edge of the lid and outline the sponge shapes with the Scribbles Lipstick Pink dimensional Fashion Writer.

You can follow these simple directions or create your own designs. Let the artist in you come out and create a colorful world of special gifts that touch the heart. Scribbles and the entire Duncan line of fabric and craft paints and accessories are sold nationwide at art and craft supply stores, toy stores, and mass merchandisers, including Ben Franklin, Montgomery Ward and Toys R Us. A one-ounce bottle of paint retails for \$1.99 and comes in 92 colors with several finishes. For the store nearest you, call 1-(800)4-DUNCAN.

Show you care with flowers

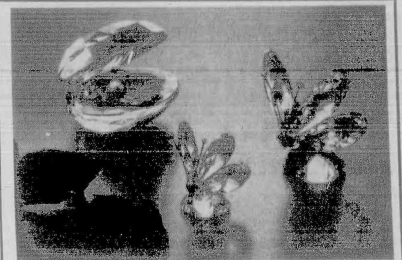

Anna Jarvis's first idea for remembering mom on Mother's Day was flowers! But Jarvis, who started Mother's Day, was thinking of the wild flowers that flourished so profusely over the hillsides of her rural West Virginia home. That was back in 1908, when all a loving son or daughter had to do was hike out to a nearby field, probably right on the family's own property, and pick an amulet.

Sure, the telegraph existed 83 years

ago, but the flowers-by-wire concept had yet to be born. And there were probably few local florists, stocking every kind of flower from arbutus to zinnia or orchids or roses or anything in between. But mothers sure have changed, and so has the environment and culture and the choice of gift remembrances over these more than eight decades.

These days, a gift of flowers for mother is no further away than your telephone. You can order the flowers of your choice and have them delivered almost any place in the world at almost the speed of sound. So, if you forget, or just put it off until the last minute, relax! Call your local florist, give him or her the order, and where it's to be delivered, he or she will do the rest.

Even if your mom lives around the corner, she'll appreciate flowers or a plant that will keep giving pleasure all year long. Because most moms love flowers, it's the perfect gift to give. You can pick them up and deliver them yourself (which is a very nice way to give flowers). Or, your friendly florist will deliver them for you. Flowers are a thoughtful Mother's Day gift and are also very affordable. Remember, Mother's Day is Sunday, May 12!

Give Mom the Beauty of Nature

The delicate butterfly perches on a crystal dome. The lovely seashell reveals its pearly treasure. Finely crafted from Swarovski crystal, each would make a perfect Mother's Day gift. See them, and more, in our Swarovski Silver Crystal collection.

Clara Maass will honor 380 nurses

Every day, more than two million registered nurses across the country work to provide high quality, cost-effective care for all Americans. As part of the week-long nationwide celebration of National Nurses Week, May 6 to May 12, Clara Maass Medical Center in Belleville will honor its 380 nurses for their valuable contributions and commitment to the healthcare system.

"National Nurses Week is an ideal time for all nurses to demonstrate how 'Nurses Care for America' and for the public to recognize nurses for their role in enhancing and promoting the health and well-being of the nation," says Mary Morrison, RN, MA, senior vice president of Patient Services at Clara Maass, noting that the American Nurses Association's theme for the observance is "Nurses Care for America."

Clara Maass nurses will nominate their peers for "Nurse Excellence Awards" in four specialties in each hospital division. Special teas and breakfasts will be served throughout the week to the nurses who will also participate in a unit poster contest relating their professional practice through art work. Harriet Forman, RN, executive director of Nursing Spectrum magazine, will visit Clara Maass to speak to nurses on high-tech/high-touch bedside care.

"As the largest health care resource, nurses have always been strong supporters of every effort to improve the quality of the nation's health and to assure access to healthcare services for the public," says ANA President Lucille A. Joel, EDD, RN, FAAN. "This year, the nursing profession is once again renewing this commitment by promoting its agenda for health care reform. Nursing's agenda calls for major incremental restructuring of the nation's health care system by the year 2000."

According to Joel, the ANA, through its governmental relations program, is placing high priority on analyzing and promoting all legislative and public policy initiatives that strive to improve the nation's health. The association will also continue its role in providing information to the nursing community at large about plans for health care reform and in coordinating grass roots efforts to implement change.

Clara Maass Medical Center and the American Cancer Society will co-sponsor a Breast Cancer Detection Awareness Program, 9 a.m. to 1 p.m. May 11, providing an opportunity for eligible women to receive a breast screening and reduced-rate mammography.

According to the American Cancer Society, one out of 11 women will develop breast cancer in her lifetime. Breast cancer can be one of the easiest cancers to cure when detected and treated early. Mam-

Legion auxiliary announces annual convention May 11

The Essex County Committee of the American Legion Auxiliary will hold its 60th annual convention May 11 at Nutley Post 70. A parade of colors from Essex County units will precede the opening.

Local residents participating in the convention include luncheon chairman, Betty Doeffinger of Nutley Unit 70; reservations, Ruthann Farrell of Nutley Unit 70; boosters, Rae Mauriello of Nutley Unit 70 and pages, Lucille Ketcham of Bloomfield Unit 448.

Awards will be given for Children and Youth, Community Service, Gold Star Mother, History, Junior Activities, Membership, Poppy Awareness, Poppy Poster, Public Relations, Music, Veterans Affairs and Rehabilitation.

Guests will include state and county officers and the Honorable John Kelly, mayor of Nutley. New officers will be installed with Sandy May of Belleville assuming the position of Essex County president.

Breast cancer program May 11

Clara Maass Medical Center and the American Cancer Society will co-sponsor a Breast Cancer Detection Awareness Program, 9 a.m. to 1 p.m. May 11, providing an opportunity for eligible women to receive a breast screening and reduced-rate mammography.

According to the American Cancer Society, one out of 11 women will develop breast cancer in her lifetime. Breast cancer can be one of the easiest cancers to cure when detected and treated early. Mam-

mography, a special x-ray of the breast, can help detect breast cancers when they are too small to be felt.

Eligibility requirements are that a woman is over 35 years of age; has not had breast cancer; has never had a mammogram; is not pregnant or nursing and does not have a breast lump she can feel. Women

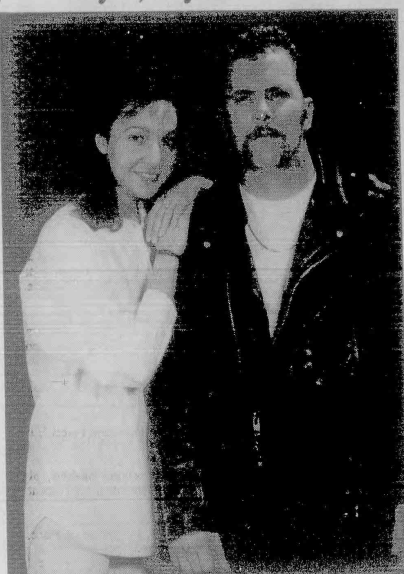

meeting these guidelines will be able to learn breast self-examination, have an examination by a physician and obtain a voucher for a reduced-rate (\$40) mammogram. Pre-registration is essential.

To pre-register or obtain more information, call 450-2213 weekdays, 8:30 a.m. to 4:30 p.m.

SPRING BLOSSOMS — Belleville Kiwanis Club presented 500 daffodils to Clara Maass Medical Center to brighten up the patients' food trays. Gathered for the presentation are Robert Curtis, president of the medical center; Geraldine Brown, dietary aide; Nino Bucciarelli, lieutenant governor of Division 12, Belleville Kiwanis Club; Tony Peda, past president; Joe DelGuercio, past president; Vinnie Sorrentino, past lieutenant governor; Carl Peterson, manager, Facilities Development, Clara Maass and Mary Morrison, senior vice president, Patient Services, Clara Maass.

'Bye, Bye Birdie' May 2,3,4

KIM AND CONRAD BIRDIE are being played by Doreen Vernace and Les Hermann, both of Clifton. Tickets for the May 2, 3 and 4 performances are available at the door of Nutley High School auditorium for \$7. Senior citizens and children under 12 pay \$5.

The Roche Players of Hoffmann-La Roche Inc. is celebrating its 20th anniversary with a production of "Bye, Bye Birdie," May 2, 3 and 4 in Nutley High School auditorium, 300 Franklin Ave.

This year's spirited production is dedicated to the service men and women who served in the Middle East.

All performances begin at 8 p.m. Ticket donations are \$7. Senior citizens and children under 12 are \$5.

All proceeds benefit Community Mental Health Services of Belleville, Bloomfield and Nutley, and Clifton Mental Health Services. Tickets may be purchased at the door, or in advance by calling 812-2311 or 235-5953. The Roche Players are affiliated with Hoffmann-La Roche Inc., a major research-oriented health care company based in Nutley.

"Bye, Bye Birdie" was the first of the great "rock" musicals. "Birdie" pokes amiable fun at one of the fifties' most striking phenomena, the emergence of rock 'n' roll star Elvis Presley, and the near hysteria that swept the nation's youth when it was announced that Elvis would be drafted into the U.S. Army.

The play, avoiding direct reference to Elvis, substitutes fictitious rock star Conrad Birdie to bear the burden of bidding farewell to America's swooning youth. Additionally, two conventional love stories, the saga of America's generation gap, and an overbearing mother with a "condition" provides the captivating chemistry that has made this play a beloved favorite since its introduction thirty years ago.

The parts of Albert and Rose are played by charismatic Joseph Laudano and the delightful Karen Rittweger. Doreen Vernace plays Kim and Conrad Birdie is played by Les Hermann. Other featured performers are Ellen Young, Bonnie Richelo and many other Roche employees and members of their families. The production is directed by Steven Fredericks of Chester and Pat Horan of Montclair provided the musical direction.

Senior Supper Club lists menus for May 5 to May 11

The Clara Maass Medical Center Senior Supper Club announces its menu for Sunday, May 5 through Saturday, May 11. Dinner is \$2.95 and includes cup of soup, salad, roll and butter, desert and small beverage. For membership information, call 450-2150.

May 5: open face turkey sandwich, butter whipped potatoes, zucchini Italiano; May 6:

Belleville Times SPORTS

BUC SHOTS

By Mike Lambert

The first annual Sam Gluffrida Memorial Cup was awarded last weekend at the Jersey State Rowing Championships in Mercer County. The cup, in the name of the legendary Belleville High School crew coach, is awarded to the winner of the boys' senior four race.

"It was something special to see a cup at the Jersey Rowing Championships named after Sam," Buc crew coach Bob Cassin said. "It shows the tremendous amount of respect Sam had amongst his peers in crew, not only in New Jersey but throughout the East coast."

Belleville did fairly well at the championships. The boys' junior four took fourth in the finals after winning its qualifying heat.

"They were in second place until the last 500 meters," Cassin said of the junior four. "They tired out at the end, but I was pleased with their effort."

The senior four boys did not qualify for the finals. The novice four boys are looking for the key factor of consistency.

"They have rowed some excellent races, and then at times they lose their composure," Cassin said. "They're young, and they will learn from these races."

The novice boat did advance to the finals, where the team placed third.

"Joe (Fornicola, the novice coach) is hoping that the team will settle down and row a little more consistently now that the regatta season is approaching."

The lightweight four boys team took a third place, narrowly missing second.

"Holy Spirit had an excellent boat and they won the race," Cassin said. "Our kids did a nice job there."

"The girls' junior four finished fourth overall, but Cassin admitted the team is capable of better."

"It wasn't one of their better races and they still managed a fourth in a tough field," Cassin said.

In the senior four girls race, Belleville gained a fourth place finish.

Cassin noted that Mark Glessen had a busy day in the water, rowing in both the junior four and senior four boys' race.

"He was on the water for three hours straight," the coach said.

The Bucs will compete in the City championships this Sunday in Philadelphia.

DON'T FORGET, the Belleville Little League season kicks off this Saturday at the Marotti Little League field.

According to Frank A. Caputo, the president of the American League, the opening day ceremonies will commence at noon, with the National and American league teams marching onto the field.

After the ceremonies, the defending NL champ, Knights of Columbus takes on the defending AL champ, Rotary Club. All teams in the little league will be playing on opening day.

THE BELLEVILLE TENNIS TEAM saw its record drop to 3-9 on the season, 0-4 in the NNJIL Pacific Division.

The Bucs, who are playing all its matches on the road this spring due to a lack of playing facilities in Belleville, are getting some good individual performances.

Sam Na is enjoying excellent success, having compiled a 10-2 record thus far at the second singles position.

In a 3-2 loss to St. Joe's, Na was a winner in straight sets by the score of 6-2, 6-1.

Also winning in that match was Mark Mellinger at third singles. He prevailed in three tough sets, 6-7 (5-7), 7-6 (7-3) and 6-3.

In a 3-2 loss to Hackensack, Na was victorious in straight sets against the team 6-1 and 6-2.

The doubles team of Semyon Kogen and Pete Prvalovic won by scores of 6-4, 6-2.

Tony Salese's team is at Don Bosco tomorrow. Next Monday, the team plays at St. Joe's and next Tuesday, the Bucs compete in the Essex County tournament, at Branch Brook Park. Next Wednesday, the team plays in Hackensack.

All dual matches start at 4 p.m. The tournament is an all day affair which starts at 9 a.m.

IN B.S.A. ACTION, the Cobras, a Division I team, stopped the Westfield Patriots 6-1 to improve its season record to 6-0-1.

Belleville started slow, but in the 33 minute mark, Victor Guerrero booted one that hit the post. Kevin Noland got the rebound and slammed it in the net for the first score of the game.

Four minutes later, the Cobras set up for a corner kick. The kick went to the far side of the goal and Noland tapped a pass to Mike Gonzalez, who was breaking up the middle. Gonzalez then beat the Westfield goalie and gave Belleville a 2-0 lead.

Ten minutes into the second half, Belleville broke the game open. Joe Salamanca followed his own shot and slammed the ball into the Westfield net. Six minutes later, Franco Vitello, the Cobras center-forehalf, chipped the ball to Salamanca on the left wing. Salamanca passed to Daren Lewis, who easily scored Belleville's fourth goal.

Jim Wandling and **Semos Epitropikas** scored the final two goals for Belleville. Epitropikas' goal was assisted by Marcelo DiGiano.

Fine defensive games were turned in by Greg Delmotte, Paul Mora and Ian Loneragan of the Cobras.

LAST WEEK'S QUIZ

In 1985, the St. Louis Cardinals beat the New York Mets by three games in the standings. Joaquin Andujar and John Tudor each won 21 games for the Cards. Dwight Gooden won 24 games for the Mets.

The Cardinals played the Los Angeles Dodgers in the '85 NLCS, with St. Louis winning in six games.

FOR THIS WEEK

It's been a while since the Atlanta Braves won a divisional crown. When was the last time Atlanta won the N.L. West? Who managed the Braves that season? How did the Braves do in the playoffs that year? Who was Atlanta's starting infield that season?

AND FINALLY...

Happy birthday to Lurie Silberg, who turned 26 the other day but doesn't look a day over 22.

The John Engel picnic is later this month. Sorry John, but I don't think I'll be able to attend this year.

20 games into the season and the Cardinals look pretty good. Too bad the regular season can't end today.

Defeat Ridgewood and Hackensack

Pitching, defense lead Bucs

By Mike Lambert

In summing up his teams' performance last week, Buc baseball coach Nick Grande said his team played a great game, a good game and two decent games. Considering the Bucs split four contests last week, take a guess at which two games the team won, based on Grande's analogies.

The Bucs beat Ridgewood 2-1 and Hackensack 6-4. (Those were the "great" and "good" games respectively). Belleville dropped league games to Teaneck 10-3 and Paramus 5-1.

Belleville took a 5-8 record into a game at Paramus Catholic last Monday. Yesterday, the Bucs played host to Nutley and tomorrow, Don Bosco visits Belleville in a 4 p.m. game. On Saturday, Belleville is slated to play a preliminary round Greater Newark Tournament game. The site and time of that game was to be determined last Tuesday at the GNT seeding meeting. The game will not start until at least 1 p.m. because Saturday is an SAT day.

Next Monday, the team heads to St. Joe's of Montvale and next Wednesday, Hackensack visits Belleville High. Game time for those two league games is 4 p.m.

The week started with a very impressive 2-1 victory over a strong Ridgewood team.

"I was really proud of the way we played in that game," Grande said. "When these kids put it together and play to their abilities, they can beat good teams like Ridgewood. Our defense was excellent and the pitching was solid."

Michael Capasso hurled a gem for the Bucs. He pitched a complete game, striking out four and walking just one. He allowed seven hits and one earned run.

Ridgewood scored its only run in the top of the first inning.

"That's becoming a tradition here," Grande said about the opposing team scoring first. "We always have to dig ourselves out of an early

deficit."

Belleville tied the game in the third when Rich Ferruggia singled and went to second when Jason Nardachone walked. Jim DuHaine then singled to score Ferruggia.

In the sixth, some daring base running by Belleville broke the tie. Nardachone doubled to start the rally. DuHaine then hit a grounder to the Ridgewood second baseman. The ball was fielded and thrown to third in an attempt to get Nardachone.

Nardachone beat the throw and made a beautiful hook slide to avoid a possible tag. DuHaine, of course, was safe at first on the play, putting runners on the corners.

With one out, Mike Kimball then executed a perfect suicide squeeze, bunting the ball to the first base side as Nardachone charged home with the go-ahead run. Kimball almost beat the throw to first base, but he was out by a step.

"We don't make 'em dull," Grande said with a laugh. "This was a very exciting game. The defense was solid and Ferruggia was outstanding at first base. He had ten put outs."

The Bucs carried the momentum of the Ridgewood game into a league contest at Hackensack.

"We expected a tough game with Hackensack and that's what we got," Grande said. "They've been struggling, but the league games always pick up the intensity a notch."

Hackensack scored twice in the first inning for an early 2-0 lead, but the Bucs battled back, scoring twice in the top of the second.

Nardachone reached on an error and Ferruggia and DuHaine walked to load the bases. Mike Alfano then singled to score Nardachone. Richard Quine grounded out, second to first, with Ferruggia scoring the tying run.

In the fourth, the Bucs went ahead for good, scoring three times. Ferruggia reached on an

error and Salvatore walked. DuHaine was hit by a pitch to load the bases and Alfano came through again, singling in Ferruggia and Salvatore.

Quine then singled, scoring DuHaine with the fifth Belleville run.

The Bucs increased its lead to 6-2 in the sixth inning. Quine singled and went to second on an Art Caruso single. Carmen Spina reached on a fielders choice, with Caruso out at second base and Quine moving to third.

Spina broke for second base on a steal attempt and a wild throw allowed Quine to score an insurance run.

Hackensack scored solo runs in the sixth and seventh innings off Ferruggia, but the Bucs had enough to win.

Ferruggia pitched a solid game, allowing seven hits and just one earned run. He struck out five and walked three.

"We got hurt again in the first inning," Grande said. "They had the bases loaded with two outs. One of their guys hits a major league pop up between second and right field and the ball drops in, allowing two runs to score."

Alfano led the Belleville offense with three hits and three RBI's. DuHaine was 2 for 4 with two RBI's and one run scored.

Nardachone made a key defensive play at second base, jumping high to rob a Hackensack player of a hit late in the game.

A short left field fence in Teaneck proved costly for the Bucs. The Highwaymen connected for three homers in the game and won 10-3.

The game was very costly for the Bucs because centerfielder Carmen Spina suffered a serious knee injury after a collision with the Teaneck first baseman.

"We don't know how serious it is, yet," Grande said of Spina's injury. "But we're not going to take any chances. He'll be checked out and

if it means he has to miss the rest of the season, that's what will happen. He has a chance to play college ball and I don't want to risk a career threatening injury by letting him come back too soon."

The Buc defense did not have one of its better games, committing four errors, two in the first inning when Teaneck scored two runs.

Anibal Rodriguez pitched the first five innings for Belleville. He threw fairly well, allowing six hits and five earned runs while striking out six. But he was hurt by the "long" ball on a 280 foot left field fence.

The Bucs trailed 2-0 after one and tied the game at two in the third. Nardachone walked and went to third on a double by Quine. Alfano reached safely on a fielding error, with Nardachone scoring. Rodriguez then helped his own cause with a single that scored Quine.

Teaneck regained the lead 4-2 in the third and then broke it open with five runs in the fourth.

Belleville scored its third run in the seventh inning. Nardachone walked and scored on a long double by Alfano.

The Teaneck pitching was very strong, recording 12 strikeouts.

Against Paramus last Saturday, the Bucs led eight men on base and lost 5-1 decision.

Nardachone pitched the first six innings, allowing seven hits and three earned runs. Mike Chirchella pitched the seventh, giving up one hit and one walk.

Alfano led the Belleville offense, going 3 for 3 with an RBI.

The Bucs only run was scored in the fifth when Ferruggia walked and went to second on a hit by John McAloon. Nardachone hit into a fielders choice, erasing McAloon at second. Alfano then singled to score Ferruggia.

"We played a pretty good game," Grande said. "But we left too many men on base. Our defense committed just one error. We had our chances."

Face Cedar Grove on Saturday

Lady Bucs advance to County quarters

By Mike Lambert

The offense was back in high gear last week for the Belleville softball team. Carl Corino's troops defeated Teaneck 15-3, Queen of Peace 16-10 and Columbia in the first round of the Essex County tournament, 15-5. The only blemish on the week was an 8-5 NNJIL defeat to Hackensack.

The Lady Bucs took a 9-5 record into a game with Paramus Catholic last Monday. Yesterday, the girls battled Nutley. Tomorrow, the team plays at Immaculate Heart, starting at 4 p.m. On Saturday, Belleville plays Cedar Grove in the quarterfinal round of the county tournament. Next Monday, Montclair comes to Clearmont Field for a 4 p.m. contest. Next Wednesday, the team travels to Hackensack.

The week started with an 8-5 loss to Hackensack.

"We made a lot of mistakes, and that's going to happen from time to time with a young team like ours," Corino said. "Hackensack has a nice team. It was a good game, and we could have won. But the team found out that it can't make a lot of mistakes in league games and expect to win."

Hackensack scored twice in the top of the first, but Belleville came back with three in the last of the first.

Jennifer Citarella singled and went to third on a hit by Colleen Mannion. Lynn Giachetti doubled home both runners and Giachetti went to third base on a throwing error. Christine Sansano then singled home Giachetti with the go-ahead run.

Hackensack responded with three runs in the second and one run in the third for a 6-3 lead.

Belleville cut the deficit to 6-4 in the fourth when with two outs, Judy Kyrch, Kristin Gialoto and Citarella walked to load the bases. Mannion then reached safely on an error, with Kyrch scoring.

The game remained at 6-4 until the seventh, when Hackensack scored twice for an 8-4 advantage. Belleville came back with a solo run when Citarella singled and scored on a sacrifice by Mannion and a Hackensack throwing error.

Citarella and Giachetti led the Belleville offense with two hits each. Giachetti had two ribbies in the game, also.

Keri Wendling pitched the entire game for Belleville, walking four and striking out one.

Against Teaneck, Belleville won in five innings by a 15-3 margin. Niki Luzzi and Kim Piscatowski had two hits each for Belleville. Piscatowski's two hits also led to two RBI's.

Wendling picked up the victory for Belleville, hurling another complete game.

Against Queen of Peace, Belleville fell behind early, trailing 4-2 after two innings. However, in the third, the Lady Bucs exploded for eight runs to take the lead for good.

In the third, Luzzi singled with the bases loaded for two runs and Carey Woodruff had a single and RBI.

In the fourth, Belleville added five more runs to take a 15-4 advantage. Luzzi had another key hit in that inning, a two run double.

The game appeared to be a rout, but Queen of Peace came roaring back with six runs in the fifth inning to narrow the deficit to five runs.

Belleville added an insurance run in the sixth to wrap up the contest.

Luzzi was 2 for 5, with four RBI's

in the game. Danielle DeWort started for Belleville, pitching the first two innings. Wendling came in and finished the game, picking up the victory.

After beating Queen of Peace last Saturday morning, Belleville had to take on Columbia that afternoon. The game with the Cougarettes was the first round of the county tournament.

Belleville has put together an incredible tournament record over the past 11 years. From 1980-90, the team has been to the semi final ten times and has appeared in the title game nine times. The Lady Bucs won the championship in 1982, '83 and '89.

Thus, while Belleville is young in 1991, the tournament has a way of raising the level of play and Cor-

ino's team was up to the challenge.

Belleville fell behind Columbia 5-0 after 3 1/2 innings, but rallied by scoring nine times in the last of the fourth.

Sansano had a two run single in the nine run rally. In the fifth, Belleville scored four more runs, with Citarella getting an RBI single and Giachetti smacking a two run double.

Kyrch had an RBI single in the sixth inning when Belleville scored two more runs to ice the win.

DeWort was the starting pitcher, but Wendling finished the game and picked up her third win of the week.

The victory pretty much qualifies Belleville for the Group III, Section II tournament which will begin play in the middle of May.

Strikers defeat Pompton, 3-1 remain unbeaten in division

The Strikers, a Division 3 member of the Belleville Soccer Association won its third game of the spring season.

The team, sponsored by the Junior Women's Club, beat Pompton Lakes 3-1 last Friday evening. The two teams had played in the semi final round of the Division 3 championships last fall, with Belleville winning 1-0.

This time, both teams scored a goal in the first half and went into the lockerroom deadlocked at one.

In the second half, the Strikers used sharp passing to score two goals and put the game out of reach.

Striker scoring was supplied by the brother combination of Joe and Nick Colucci. Joe finished with two goals and Nick had one.

The defense was led by Frank Toledo, Mike Guzman, Joe Sabatino and Steve Collet. Another strong performance was turned in by goalie Vic Mease, who has allowed just one goal in three games.

The victory improved the Strikers record to 3-0, putting them in first place in the Jersey Hills Youth Soccer League, Division 3A.

Track team gains medals in Kearny, Millburn relays, lose to Teaneck

By Mike Lambert

The Belleville track team received some excellent performances in two recent relays and an NNJIL meet.

John Tosato's team will compete in the county relay championships tomorrow and Saturday at Montclair High School. Next Wednesday, the Bucs battle arch rival Nutley in a 4 p.m. meet.

At the Hudson County Relays, held on April 20 at Kearny High School, three Belleville relay teams won medals.

The shot put relay team of Steven Caponi and John Alvarado took a third place finish with a combined throw of 315 1/2".

The sophomore two mile relay team of Brian Harvey, John Kuebler, Roger Hanos and Mike Jannicelli finished fifth with a time of 10:56.6.

Taking a fourth place finish was the long jump team of Harvey and Tom Popowich.

In a dual meet with Teaneck last week, the Bucs fell by an 86-35 count, but Tosato was pleased with his team's effort.

"We had a lot of kids score points in that meet," the coach said. "Teaneck had some outstanding first place finishes, but I was pleased with the way we came back and scored second and third place finishes."

Emilio DeGuia continued his

tremendous season by taking first place finishes in the 400 meter hurdles (65.0) and the 120 meter high hurdles (16.7, a personal best).

Second place finishes were Brian Doyle in the 1600 and 3200 meters (5:24.6 and 12:42.8 respectively), DeGuia in the triple jump (36'8 3/4"), Alvarado (discus, 128'5"), Caponi (shot put, 42'5") and Harvey (800 meters, 2:28.7).

Taking third place in the Teaneck meet were Steven Vogel (100 meters, 12.2, 200 meters, 25.5 and 400 meters 58.6), Alvarado (shot put, 39'5 1/2"), Caponi (discus, 117'6"), Jannicelli (1600 meters, 5:40.4) and Hanos (3200 meters, 13:51.5).

For Jannicelli and Hanos, the third place finishes marked their first varsity track points in a dual meet.

At the Millburn Relays, held last

Saturday, the team of Alvarado and Caponi took home three medals.

They combined for a second place in the discus, a second in the javelin and a third in the shot put.

The long jump relay team of DeGuia and Harvey cleared 32'9". The two mile relay team, consisting of Jannicelli, Kuebler, Hanos and Doyle ran a 10:37.

A sprint medley team made up of Vogel, Popowich, DeGuia and Harvey ran 4:07.9. The highlight of that medley was a 55.6 run by DeGuia in the 400 meter portion.

In the distance medley, Harvey, Vogel, Jannicelli and Doyle put together a time of 13:14.1.

"The kids are really starting to show signs of improvement," Tosato said. "As the weather gets warmer, the times are getting better. I'm really optimistic about the performances."

NOTICE is hereby given that the Municipal Council of the Township of Belleville, N.J. is meeting held on April 23, 1991 in the Municipal Building, did adopt Ordinance No. 2541 entitled:

BOND ORDINANCE PROVIDING FOR THE ACQUISITION AND IMPROVEMENT OF REAL PROPERTY FOR USE AS MUNICIPAL PARKING SPACE AND BY THE TOWNSHIP OF BELLEVILLE IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$73,275 THEREFOR AND AUTHORIZING THE ISSUANCE OF \$165,000 BONDS OR NOTES OF THE TOWNSHIP TO FINANCE PART OF THE COST THEREOF.

Mary Lou Hood,
Municipal Clerk

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

Section 1. The improvement described in Section 3 of this bond ordinance is hereby authorized to be undertaken by the Township of Belleville, New Jersey, for general improvement. For the improvement or purpose described in Section 3, there is hereby appropriated the sum of \$73,275, to be paid out of the general fund or payment required by the Local Bond Law. The down payment is now available by virtue of provision for down payment or for capital improvement purposes, one or more previously adopted budgets.

Section 2. In order to finance the cost of the improvement or purpose not covered by payment of the down payment, negotiable bonds are hereby authorized to be issued in the principal amount of \$165,000 pursuant to the Local Bond Law. In anticipation of the issuance of the bonds, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. (a) The improvement hereby authorized and the purpose for financing of which the bonds are to be issued is the acquisition and improvement of Block 70, Lots 7, 8, 9, 10 and 11 at the corner of Belleville Avenue and Valley Street for use as municipal parking space all as shown on and in accordance with the plans and specifications as hereafter adopted by the Clerk, which plans are hereby approved.

(b) The estimated maximum amount of bonds or notes to be issued for the improvement or purpose is as stated in Section 2 hereof.

(c) The estimated cost of the improvement or purpose is equal to the amount of the aggregate herein made therefor.

Section 4. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the chief financial officer of the Township of Belleville, N.J. at a meeting held on April 23, 1991 in the Municipal Building, did adopt Ordinance No. 2541 entitled:

BOND ORDINANCE PROVIDING FOR THE ACQUISITION AND IMPROVEMENT OF REAL PROPERTY FOR USE AS MUNICIPAL PARKING SPACE AND BY THE TOWNSHIP OF BELLEVILLE IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$73,275 THEREFOR AND AUTHORIZING THE ISSUANCE OF \$165,000 BONDS OR NOTES OF THE TOWNSHIP TO FINANCE PART OF THE COST THEREOF.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

Section 1. The several improvements described in Section 3 of this bond ordinance are hereby respectively authorized to be undertaken by the Township of Belleville, New Jersey as general improvements. For the several improvements or purposes described in Section 3, there is hereby appropriated the sum of \$165,000, to be paid out of the general fund or payment required by the Local Bond Law. The down payment is now available by virtue of provision for down payment or for capital improvement purposes, one or more previously adopted budgets.

Section 2. In order to finance the cost of the several improvements or purposes not covered by application of the several down payments, negotiable bonds are hereby authorized to be issued in the principal amount of \$165,000 pursuant to the Local Bond Law. In anticipation of the issuance of the bonds, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. The several improvements hereby authorized and the several purposes for which the bonds are to be issued, the estimated cost of each improvement and the appropriation therefor, the estimated maximum amount of bonds or notes to be issued for each improvement and the period of usefulness of each improvement are as follows:

Section 5. The capital budget of the Township of Belleville is hereby amended to conform with the provisions of this ordinance.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The purposes described in Section 3 of this bond ordinance are not current expenses, but are capital improvements, and no part of the Township may lawfully undertake as general improvements, and no part of the Township has been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness, computed on the basis of the respective amounts of obligations incurred for each purpose and the reasonable life thereof within the limitations of the Local Bond Law, is 16.60 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services of the State of New Jersey. Such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the amount of the bonds and notes provided for in this bond ordinance by \$237,500, and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An aggregate amount not exceeding \$165,000 for the issuance of bonds or notes for the improvement or purpose is included in the estimated costs indicated herein for the purposes or improvements.

Section 7. Any grant monies received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvements or to payment of the obligations incurred pursuant to the cost of the improvements or to payment of the interest hereunder shall be reduced to the extent that such funds are so used.

Section 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 9. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, as provided by the Local Bond Law.

ordinance to the extent of any inconsistency herein. The resolution in the form promulgated by the Local Finance Board showing full details of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available there for public inspection.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvement or purpose described in Section 3 of this bond ordinance is not a current expense, but is an improvement or purpose that the Township may lawfully undertake as a general improvement, and no part of the Township has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of the improvement or purpose within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 40 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services of the State of New Jersey. Such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided for in this bond ordinance by \$165,000, and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An aggregate amount not exceeding \$175,000 for the items of expense listed and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purpose or improvement.

Section 7. Any grant monies received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvement or to payment of the obligations incurred pursuant to this ordinance. The amount of obligations authorized herein will be within all debt limitations prescribed by that Law.

Section 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be provided, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 9. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, as provided by the Local Bond Law.

STATEMENT

The bond ordinance published hereunder has been duly adopted and the 20-day period of limitation within which a valid action or proceeding questioning the validity of such ordinance can be commenced, as provided, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation of rate or amount.

Louise Sylvestro gets GRI

Ron DePiro, president of
DePiro Realtors, recently an-
nounced that Louise Sylvestro,
manager of DePiro Realtors Cald-
well office, has completed her
studies at the Graduate Realtor
Institute and is entitled to use the
coveted GRI designation.

The award was given at a recep-
tion at Bally's Park Place in Atlan-
tic City, during the New Jersey
Association of Realtors annual
convention.

The GRI designation certifies
completion of courses given by
NJAR to expand the knowledge
of real estate professionals in all

areas of contracts, marketing,
qualification and other areas need-
ed to better serve the public.

"We are all very proud of
Louise and her accomplishments
in our industry. Her dedication to
clients and customers can be
evidenced by her qualifying for
the NJAR Million Dollar Sales
Club since 1988," said DePiro.

Louise is a member of the
Bloomfield, Glen Ridge, Nutley
and Belleville Board of Realtors
and West Essex Board of Realtors.
Contact Louise at the DePiro
Caldwell office at 226-5510.

Did You Know??

If you suspect that lead solder may have been used on the copper
pipes in your home's plumbing system, allow the water to run for a
minute or so before using for cooking and drinking. This will flush
any lead buildup from the pipes.

Strips of newspaper or old jute-backed carpet will discourage
weeds between rows of vegetables.

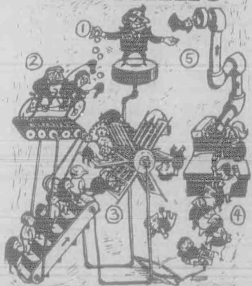

Peonies absorb a lot of moisture during a rainstorm. To keep them
from flopping over, stake the plants early. After the rain, you can
just shake off the moisture and the flowers will stay upright.

Best bet against mildew: bleach. Use one part fresh bleach to three
parts water, plus a little detergent. Scrub and let dry, then rinse. (If
you're repainting, add mildewicide to the paint, too.)

Thermos bottles won't smell bad if you store them open with a little
bicarbonate of soda on the bottom. Just rinse out before using.

You call it small space, we call it cozy — and we'll find you a buyer
who wants just what you've got. List with the pros at Century 21
Stanford Agency, 86 Union Avenue, Nutley. 235-9000.

The Advertising Machine

How advertising really works: 1) Sam the retailer
pays the newspaper ad rep who 2) gets the advertis-
ing to the reader who 3) reads Sam's ad and thus
are sent to Sam's store to buy some goods.

rewards, just as Sam has, call
