Aside From That

By Howard Klausner

The only commercial ore known to exist in New Jersey is zinc, and the American Zinc Company pulled up stakes in Ringwood, Passaic County, some 25 years ago and moved to Pennsylvania. But for two centuries, the big commercial ore in this state was copper, much of it mined here and in North Arlington, across the Passaic River. Around the turn of the century, one third of all the copper smelted in the United States was processed in New Jersey. But the mines became exhausted, and the industry moved west to Colorado. The Hendricks mill lasted until the 1930s, and the Stephens wire works provided the lines used by Samuel F.B. Morse to send his first telegraphed message from Belleville to Washington, D.C. ●●●●● A book published by Rutgers Press in 1971, written by Maxwell Whiteman and titled *Copper for America: The Hendricks Family and a National Industry, 1755-1939*, tells the story of copper and its role in building America, with the focus on the Hendricks family in Belleville. A tour with those stalwarts of the Belleville Historical Society, Ed O'Neil, Isabel Wittlinger and Joe Hatch brought us to the site of the old Hendricks copper mill, where the Senior Citizens Center is now located; the site of the old dam on Second River that supplied water power for the mill, and the stone bridge across Second River built in 1809. ●●●●● The copper produced by the Hendricks mill was vital to the Union Navy, sheathing the hulls of the warships that preceded the ironclads, during the Civil War, and the Hendricks family, which was descended from Uriah Hendricks, an English Jew who first settled in New York City in 1755, stayed in residence on the property purchased from Josiah Hornblower around 1800 until the mill was closed at the outset of World War II. The family left a legacy to the town when the Hendricks estate was gifted to the community. A beautiful piece of landscape, with trees imported from all parts of the world, it is now a lovely park setting. Said O'Neil, "Now, if we could only make the rest of the town look as good as this!"

Jim McCann is doing what he can to preserve the old Van Houten Barn on his property. Jim built his house on the lot where the barn stood when he came back from World War II. It was a war in which both the Japanese and the Germans turn turns trying to kill him. He was attending Mass at Hickam Field at Pearl Harbor when the explosions from Japanese bombs brought an abrupt end to the service. The officiating priest ordered everyone back to their posts. Jim was with an anti-aircraft battery, so that he had the satisfaction of firing back. More than 2,000 others died, most of them without warning, from the Sunday morning attack, Dec. 7, 1941. ●●●●● Jim had applied for flight training before being sent to Hawaii, and he wound up as a bombardier on a B-17, flying out from England to attack German targets. On his 14th mission, against a plant in southern Germany making jet fighters, two crew members were severely wounded and the bomber so badly damaged that a crash landing was made in neutral Switzerland. In March, 1944, the Swiss were still not sure who was going to win the war. "I think the Germans they interned got slightly better treatment than we did, at the beginning." Jim found himself in a mountain resort turned into a temporary internment camp, with a couple of hundred other Americans. Before a year had passed, a couple of thousand American flyers were in the camp. Some had crossed the Swiss border after parachuting into Germany. The attitude of the Swiss warmed as the liberation of Europe progressed, and soon the Swiss put the Americans in touch with the French Underground, letting them escape from the camp and enter France. He ended the war in Orlando, Florida, as an Intelligence instructor. ●●●●● On Sept. 25, Jim plans to attend a ceremony at West Point where a memorial will be dedicated to the men and women who died at Pearl Harbor. Another observance will be held on Dec. 7 in Hawaii, but Jim doesn't expect to make it. Most of the travelling in his family, these days, seems to be done by his two sons and two daughters, all of whom have made their way to California, at one time or another, to pursue careers or marriage. Right now, Jim McCann is interested in the history in his own backyard.

The third floor of the Municipal Building is one of the less visited parts of Belleville. Its ceiling is the original vaulted roof built in 1912, and it seems a shame that its beauty is not seen by more people. One visitor was a homeless man who managed to find his way upstairs without anyone knowing about it, some three years ago.

Pressing recognition of Belleville

PREPARING SENATE ACTION - Holding the resolution to be introduced in the New Jersey State Senate urging recognition of Belleville as Birthplace of The American Industrial Revolution are, from left, Senator Gabe Ambrosio, Senator Carmen Orechio, the co-sponsors, and Publisher Frank A. Orechio, whose publication, The Belleville Times, originated the proposal.

Ron Carey to be Grand Marshal of town's Columbus Day Parade

CHAIRMAN AND MARSHAL - Tom Salzano, general chairman of the Belleville-Nutley Columbus Day Parade Committee, holds photo of actor Ron Carey who has been named Grand Marshal of the parade.

Mummers, N.Y. police, to join biggest Veterans Day Parade

The largest Belleville Veterans Day Parade ever planned is scheduled for Nov. 10, with 11 marching bands and thousands of marchers. Public figures from Washington, D.C. and Trenton are expected to attend, according to Barbara Tuck, secretary to the Belleville Veterans Council.

"We have a 50 percent agreement from Governor Jim Florio," Ms. Tuck said. "Senator Frank Lautenberg said he'll try to be here. Representative Bob Roe said he will definitely be here."

Places of honor are planned for veterans of the Vietnam Conflict and the Persian Gulf War. All veterans are invited to march in the first division, which will lead the parade from American Legion Post 105 on Washington Avenue to the Municipal Building, where a reviewing stand will be erected. The United States Army Band from Fort Monmouth will lead the

first division.

The New York City Transit Police Band will make its only appearance outside the metropolis when it marches in Belleville, and it will later provide music during the dinner which will be held after the parade at the Legion Post.

The Kensington Mummers, a 60-member string band from Philadelphia, dressed in gold World War I-style uniforms, will parade, making its first appearance here.

John Freda of American Legion Post 299 is chairman of the parade. Marching units will include a delegation of Green Beret veterans, veterans of Vietnam and veterans of the Persian Gulf War, Ms. Tuck reported.

Those wishing to participate in the parade, or seeking further information, may contact Ms. Tuck weekdays from 9 a.m. to 2 p.m. at (201) 450-3325 and at (201) 759-4729 after 2 p.m.

Water testing error rectified

Two notices in The Belleville Times have been inserted by the township to reassure the public that the town's drinking water is safe, following a mistake made in routine testing procedures.

According to Town Manager Bert Kendall, the mistakes were made in sampling during August, when there were indications that eight of 36 water samples had high fecal or coliform bacteria counts.

A retesting showed that the sources were not contaminated, but that improper sampling procedures had been used.

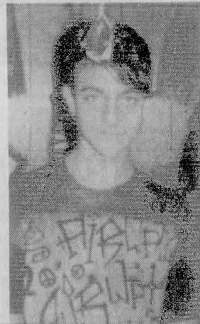

Kendall said that procedures used by Department of Public Works personnel and the private laboratory used by the town were being reviewed.

As an extra precaution, all eight locations will be tested for a third time.

To comply with federal Environmental Protection Act Safe Drinking Water standards, the town has to place notices in "plain English" telling the public what happened.

The Belleville Times, as official newspaper of the Township of Belleville, is the carrier of the notices.

Missing youth

HIS MOTHER SEEKS HIM - Jason "Jay" Conn, 15, of Belleville is being sought by his mother who reports that he disappeared on Wednesday, Sept. 11, after last being seen on Summer Avenue in Newark. Jason is five feet eight inches tall and weighs 125 pounds. He is thin with hazel eyes and brown hair. He had his skateboard with him when last seen. He may be wearing a purple baseball cap and he may be carrying a black backpack. His mother pleads: "Jason, we love you! Please come home!" Anyone with information should call Belleville police at (201) 450-3333 or Newark police at (201) 733-6285.

Councilman nabs fleeing suspect

Councilman Frank Caputo added another title to his list of honors recently - citizen cop. The elected lawmaker, Dover Township school administrator and Belleville Little League executive chased a fugitive through the Pathmark back alley in Belleville into Nutley, tackled him and held him for police, Saturday evening, Sept. 7.

"I was talking with a Belleville policeman in the Pathmark when this man ran past us, with some Nutley cops in pursuit. I saw him go out a door to the back alley, and I went after him," Caputo said, later.

The fugitive was identified as James Hartford, 32, of Nutley. Nutley police said he had been

involved in a dispute with his former girl friend, and that he allegedly held one of the woman's twin daughters out of a second-floor window, running away when he heard police cars approaching.

He ran to the Pathmark in Belleville, and that is where Caputo encountered him.

Hartford is charged with terroristic tactics, resisting arrest and simple assault, and is being held for a hearing in Nutley Municipal Court, unable to raise bail. Nutley Police Officer Frank Rusignuolo is credited with making the arrest official.

Caputo is waiting for the next adventure to turn up.

AT OPENING CEREMONY - Present at the Hoffmann-La Roche start of a \$100 million research center in Nutley-Clifton this week were, from left, Senator Gabe Ambrosio, Hoffmann-La Roche President Irwin Lerner, Governor Jim Florio and Senator Carmen Orechio.

Roche starts \$100M project

Hoffmann-La Roche began construction this week on a \$100 million pharmaceutical research building in Nutley and Clifton.

Among those present at the opening ceremony were Governor Jim Florio, United States Senator

Frank Lautenberg and other state, federal and municipal officials.

Irwin Lerner, President and Chief Executive Officer of the health care company, told the audience: "The work we are witnessing on this important new research

building reflects the growth mode that will characterize Hoffmann-La Roche in the 90s."

"Not only are we building new research facilities, but we will be filling them with the brightest and most creative scientists in the industry—scientists who are focused on making breakthroughs that will improve the quality of our lives now and in the future."

Governor Florio praised Hoffmann-La Roche for "taking the idea that knowledge is the key to the future one step further with their commitment to this new building."

Some 350 research scientists and laboratory technicians will occupy the building when it is completed in 1994, the firm reported.

Free children's IDs

Councilman Mario Drozd will be sponsoring a free Child Emergency I.D. Program. On Sept. 21, between the hours of 9 a.m. and 3 p.m., parents can bring their children to the Belleville Little League Club House located at 92 Montgomery Place.

According to Drozd, the photo and fingerprinting session is voluntary. Parent must sign a permission slip to have this service done. The child's photo, personal description and thumb-print will be placed on an I.D. card the size of a credit card and then laminated. The card is for the parents to take home and put in a safe place. Then in the event of an emergency (like the disappearance of a child) the child's card can be given to the police to aid them in their location efforts.

The event is in cooperation with the Essex County Crime Prevention Officers Association who will be supplying the equipment. Belleville's Police Department and the Essex County Sheriff's Office will be supplying the officers to do the fingerprinting. Members from the Citizens for a Better Belleville will supply the volunteers.

Councilman Mario Drozd is urging all parents to bring their children to this event. It is a free service offered to the community and applies to non residents also. Councilman Drozd said this is the 6th consecutive year he is directly involved with this program. This event is carried out annually due to the public's response and all of the volunteers who make this possible.

Golden Comments

By Jim Golden

U.S. commercial banks are hesitant to extend credits to the Soviet central government or any of the newly sovereign countries. The reason is because the new arrangements give no indication of who will be responsible for the loans or who will control the flow of hard currency needed to repay them. Though President Bush announced in June that the Treasury would guarantee 98 percent of \$1.5 billion in loans to allow the Soviets to buy U.S. foodstuffs, so far no American bank has signed any deal. The reason: According to one source, when former Foreign Minister Eduard Shevardnadze had asked Mikhail Gorbachev how the \$2.9 billion in emergency cash that Germany gave Moscow last year had been spent, the Soviet president thought for a moment, then replied simply: "I have no idea."

It's not the same special kind-of relationship that made Ronald Reagan and Margaret Thatcher such good friends but President George Bush and John Major are building what both British and American sources say is a budding rapport based upon mutual need.

Major, the British Prime Minister, was the first Western leader to visit Beijing since the Tiananmen massacre, has been playing diplomatic trailblazer for the cautious U.S. president. By taking the lead on such tricky issues as recognizing Baltic independence, offering food aid for Soviet republics and establishing a security zone for Kurdish refugees in Iraq, Major, who was the first Western leader to visit Moscow after the Tailed coup, has made it easier for Bush to follow. In turn, the fact that the Americans have ceded a lead role

in public at least — to a British prime minister has enabled Major's Conservatives to edge ahead of their Labor opposition in the opinion polls for the first in three years.

Senior Republican leaders want George Bush to delay announcing for re-election until after January's State of the Union address. They argue that Bush should look totally "presidential" in his nationally televised speech and wait to become a formal candidate until a few weeks later, a pattern used by Ronald Reagan in 1984. Bush's personal

instinct is to wait as long as possible before setting up his campaign; he contends that once he declares his candidacy he will be subjected to a full-scale of Democratic attacks.

The president is, however, expected to accept the formation of a "Friends of George Bush" committee to raise funds for his bid for re-election. It is expected the panel will be announced before November.

A new study due to be made public soon is expected to claim that the federal government is failing to monitor the effectiveness of the hundreds of millions of dollars it has spent on AIDS education. Sponsored by the AIDS Action Council, a Washington-based lobbying organization, the study contends that the Centers for Disease Control, coordinator of the government's AIDS-education activities, has not adequately evaluated which anti-AIDS programs work and which have done little to control the disease. In response, a CDC spokesman says the agency has not seen the report but voluntarily set aside 100 percent of its AIDS budget for evaluation.

When Congress returned, the first item on the Democratic agenda was to be an attempt to reverse a slick bit of White House chicanery. Before the recess, the president signed a Democratic-sponsored bill extending unemployment benefits but refused to designate it as an emergency measure — a maneuver that, under the Budget Act of 1990, kept the \$3.5 billion in additional funding from being allocated. Now the Democrats intend to pass a new measure for jobless workers that mandates the action as an emergency. That way, even if the Democrats can't override a Bush veto, they will have made their strong political point.

American sources say many Jews who were set to leave Russia for Israel are now staying with the defeat of the hard-liners in Moscow. Israel has had trouble absorbing new immigrants, which has discouraged some departures. But in addition, Soviet Jews who have been active in the democratic movement are eager to help shape the post communist system, some staying to start their own businesses.

OUR OPINION

Really the best?

One of the pleasant fictions of any important job nomination by our President is that the nominee is always the "best possible man (or person) for the job."

Without passing judgment on Judge Clarence Thomas as a jurist, or as a person, it is obvious that within the ranks of the American judiciary there are any number of judges with more experience and less controversial opinions.

And many of them are Republicans.

The last great Justice of the Supreme Court to come from New Jersey was William Brennan. He was in the liberal, activist tradition which is now in ill repute with the Administration, which prefers a conservative, activist tradition.

But Justice Brennan is held in far higher repute among students of law than any of the candidates brought forth in the past dozen years.

Looking at Republicans, Essex County has a federal judge of far greater reputation than Judge Thomas in the person of Leonard Garth of the Third Circuit Court of Appeals, next in rank to the Supreme Court.

Somewhat older than Judge Thomas, he is also far more experienced, and far more respected by the attorneys who practice in Federal Court.

One wonders why another prominent New Jersey Republican, Bernard Shanley, was never given a seat on the High Court.

It doesn't demean Judge Thomas to say that he is not "the best possible man for the job." It just means that other considerations besides judicial genius have been taken into account by the President.

The President also insists that Dan Quayle is the "best possible man for the job" - with the possible exception of 20 Republican Governors and 40 Republican Senators, and several dozen former and present Cabinet members.

It would be more honest for the President to say, "With all his limitations, and with his previous propensity to declare there is a higher law superseding Constitutional law, Clarence Thomas represents a strain of American experience that deserves a voice on the Supreme Court. Liberals may not like what he has to say, and some conservatives may not really be comfortable with him, but I think he will show that I, George Bush, am color blind."

The question remains, is picking a person because of that person's color any better than rejecting a person because of that color? For better or for worse, we shall find out.

Back to the river

The demolition of most of Belleville's history that took place when the State of New Jersey built Route 21 on the west side of the Passaic River is akin to cutting down the oldest redwoods in California or wiping out another species of wildlife, like the condor. Once done, it cannot be restored.

Yet there are still, here and there along the river, a few patches of land which could conceivably be restored as parks.

Ed O'Neil of the Historic Preservation Committee has been scouting the shoreline near the Nutley border, and there are, indeed, several acres of wooded terrain on both sides of Route 21 which might be developed once more for recreation.

Before Route 21, there was plenty of open shoreline, and at least two boat clubs made up of that river frontage. To this day, Belleville High School is one of the few public high schools in the United States with a crew program, and this dates back to the days when Belleville people rowed regularly on the Passaic River.

Back in the 1920s, most of the Belleville shoreline was decided to the Essex County Park Commission, which promised to preserve the shoreline for the public in perpetuity. In the 1950s, Essex County handed the land over to the State of New Jersey - or at least gave up the easements permitting Route 21 to be built.

There may be a legal question as to the right of the county to do so. It is true that the state could have seized the land under the right of eminent domain, but that is not what happened. Nutley, we believe, still owns the land alongside the highway, down to the Belleville line.

It is the hope, and intention, of The Belleville Times, to have an Historic District established, recognizing Belleville's role as Birthplace of The American Industrial Revolution.

We should like to see the nation's first experimental steamboat, the Polacca, recreated and anchored by the Belleville shore.

To have that done, we would have to have some Belleville shore.

We think Ed O'Neil has shown that we do have some good parkland and shoreline that is now undeveloped, but which could become an important part of our community.

Belleville should enjoy the Passaic River shore, once more, and so should all the people.

YOUR OPINION

The preamble's prayer

To the editor:

On 10 September 1947 our New Jersey State Constitution was ratified in New Brunswick. It contained the following preamble:

We, the people of the State of New Jersey, grateful to Almighty God for the civil and religious liberty which He hath so long permitted us to enjoy, and looking to Him for a blessing upon our endeavors to secure and transmit the same unimpaired to succeeding generations, do ordain and establish this Constitution.

This is nothing other than a prayer. An invocation calling upon a particular god and acknowledging that entities involvement in "man's" affairs. (no gender intended)

It is unfortunate that this section of the Constitution does not honor the efforts of the men and women who so bravely gave their lives for the principles of personal freedom and liberty. There is no mention of the exhaustive rounds of political debate which preceded the initial drafting of a document which enabled all individuals to live in a country which officially recognized these fundamental rights.

Why do we ignore the fact that we possess the cognitive processes necessary to form rational conclusions? Decision making is the result of deductive and inductive reasoning, not supernatural forces. Let us not forget about the efforts of those persons who utilized such abilities? Let us not be blinded by some religious symbolism which disregards the capabilities of the human intellect. We must acknowledge and commemorate the history of those most prudent and wise individuals and not some god which blindly receives the credit where the credit is not due.

credit is not due.

There's no place for prayers in a secular government's Constitution. I propose the following secular and most accurate preamble to replace the existing prayer:

WE, the people of the State of New Jersey, grateful for the bravery, wisdom, and prudence of those individuals whose efforts preserved the personal freedoms we now accept as our fundamental rights, do herewith acknowledge that the use of reason shall continue to be our guide in securing those liberties for succeeding generations, as such, We now decree and establish this Constitution.

Councilman Drozd writes

To the editor:

I would like to take this opportunity to clear the air on the credit card issue. Every council member was issued a phone credit card by interim manager Charles Burns, as a way of promoting efficient government. Since March the phone company is investigating the unauthorized use of the municipal phone credit card by unknown individuals. This amounts to no cost to the township.

Enough said on an unfortunate incident. However I would like to use this situation to call upon all responsible persons in the press and mass media to devote more time and coverage to the positive elements that are currently underway. I would like to note at this time too little is said about the positive and too much about the negative events of Belleville. I would like to highlight some of the positive things that are happening in Belleville.

Such as resolving the 50 year old Silver Lake flooding problem; Renovations to the Municipal Stadium; Implementation of long overdue curbside recycling; Purchase of 3 new dump trucks with plows for the Department of Public Works; Clean up of illegal garbage dump left by former governing body at DPW yard on Cortlandt St.; Redesign courtroom in the new Public Safety Building to accommodate more citizens; Purchase of a new fire truck and ambulance; Streamlining of government through attrition; Recent acquisition of the Silver Lake Neighborhood Preservation Grant; Purchase of a 16,000 square foot lot on Belleville Ave. for parking.

Soon, facade improvements on Washington Ave. to begin shortly. Soon to begin the reconstruction of Belleville Ave. and Valley St. near Town Hall. Approximately 14 streets will soon be put out for bid for repaving.

Coming soon, tentative purchase of a new sweeper, trees for Washington Ave., Silver Lake, light around the stadium track and drainage study at the Municipal Stadium.

All of this while lowering our municipal tax rate. I have been around town and heard all positive feedback regarding the current administration of Belleville. It just seems that the press thrives on negative aspects that are always present in all systems. This governing body has been given the responsibility of rebuilding Belleville's tarnished image by restoring pride in the community. I am comfortable from the calls and letters that I have received that we are well on our way toward reaching these goals.

I intend to continue to pursue these objections which I believe are views of the majority of Belleville and not governed by the few malcontents that are constantly dwelling on the negative publicity.

A pageant winner

To the editor:

I would like to take this time to publicly thank all who helped in supporting me by taking a congratulatory ad in my pageant booklet.

Also a special thank you to Karen and Toni Auerbach for all their help and guidance. To my dance teachers at Debbie McCann School of Dance for believing in me. My wonderful family and good friends for all their love and support. Without all of you this dream would not be possible.

I hope to make myself available for grand openings, ribbon cutting, parades and any way to show my gratitude in representing this wonderful State of New Jersey.

My congratulations to Melissa Lopez, NJ Pre Teen Hostess and to Jamie Silvestrone, Miss New Jersey Pre Teen.

I am looking forward to your support for my trip to the National Pageant, where I will be representing New Jersey, and competing for the National Hostess title. Thank you everyone.

Mayor queried

To the editor:

Open letter to Mayor Perna:

The Township of Bloomfield extended an invitation to Belleville to attend a meeting Sept. 11 pertaining to the clean-up of the former McGraw-Edison Company.

Who represented Belleville at the meeting? What was the outcome?

Please reply through the paper as many of my neighbors are interested in what is going on as most fear the stigma being attached.

LEADING OFF - John Freda of Joseph J. Carbat Post 299, The American Legion, Belleville, is the grand marshal of the Belleville Veterans Day Parade, Nov. 10. Freda served as a gunner's mate aboard the carrier U.S.S. Enterprise serving in the Battle of the Philippines, Okinawa and Kyushu during World War II.

A Belleville Ode

To the editor:

The town I live in -
The place where I was born.
Compassion for the people -
Is certainly no more.

Cats now have to be licensed;
Strays taken to the pound,
While raccoons do their damage
Yet roam around safe and sound.

You walk around the corner
And step in what dogs do,
Yet the cat who lives within your home
Must have a license, too!

Another way for more revenue (license)
Property taxes went up with a promise of more (1992)
Fines have doubled - everything "surcharged."

You can make a difference but
You have to show you care.
If you cannot make town meetings,
Pick up the phone, write a letter,
This of you I dare!

When you walk away and say,
"Ah, what's the use,"
You are sending out a message
"I quit; do as you please."

I've known you for a long, long time,
And know this is not your intent.
So let me hear you holler - loud & clear -
We voted for your promises and that is what we want.

Clara Maass offers free prostate screening

In observance of National Prostate Cancer Week, Clara Maass Medical Center is offering a free prostate cancer screening on Sept. 28 from 9 a.m. to 12 p.m. in the Medical Center's Same-Day Surgery Center on the Belleville campus.

"Statistics indicate that one out of every 10 American men will develop prostate cancer in their lifetime," says Cono Pecora, M.D., president of the Clara Maass Medical Staff. "Early detection can increase the chances for survival. This screening is a valuable opportunity to create awareness of the disease, promote early diagnosis and possibly avoid unnecessary surgery."

According to Dr. Pecora, men over age 50 and those who have a family history of cancer are in high risk groups. Signs and symptoms of prostate cancer may include:

- frequent urination
- pain or burning upon urination
- blood in urine
- increased night urination
- weak stream of urination
- difficulty starting or stopping urination

Dr. Pecora adds that prostate cancer patients are now benefiting from a new surgical procedure which drastically reduces the chance of impotency after surgery.

"Previously, removal of prostate tumors by conventional methods rendered more than 90 percent of patients impotent," explains Patrick N. Ciccone, M.D., a urologist who has introduced the procedure at Clara Maass Medical Center. "This nerve-sparing radical prostatectomy allows microscopic nerves to be recognized and left intact, avoiding harm to sexual function."

Appointments for the prostate cancer screening are necessary and may be scheduled by calling Monique Davis, Health Educator, at (201) 450-2213 between 10 a.m. and 3 p.m.

The 10th largest hospital in New Jersey, Clara Maass Medical Center is a nonprofit, 475-bed acute care voluntary facility located at 1 Franklin Ave. Among the Clara Maass family of healthcare services are a Family Center for Maternal/Child Health, Medical Oncology Care, Cardiac Rehabilitation, Same-Day Surgery and Community Services.

Three new Middle School teachers welcomed

The Belleville Middle School faculty welcomed three new teachers to its staff this September. Two of the teachers are in the Special Education Department and one is in the Language Arts Department.

Patricia Pszonka, a graduate of Kean College, is teaching a neurologically impaired class. She previously substituted in the district. Her hobbies are traveling and reading.

Teaching the perceptually impaired class is Margaret A. Barton. This graduate of East Stroudsburg University in Pennsylvania was a teacher with the

Belleville Intervention Program for Preschool Youngsters (BIPPY) last year. Her goal for this year is to assist each student in reaching his/her academic, social, and emotional potential. In her spare time Barton enjoys music, the theater, and needlework.

Eileen Albrecht, in the Language Arts Department, is an eighth grade reading teacher. She has a bachelor of arts degree from Kean College and a master of

education degree from William Paterson College. Previously Albrecht taught in Livingston, West Milford, Wanakee and Wharton. Her hobbies include gardening and oil painting.

Also three new aides have been

assigned to the middle school. They are Nancy Adessa, Lois Ernst, and Marie Coppola.

The middle school staff wishes all three teachers a successful and productive year in the Belleville district.

HONORED FOR SERVICE - Elaine Mougel of Belleville, Assistant to the Vice President for Student Affairs at Fairleigh Dickinson University, is honored by FDU President Francis J. Mertz for 10 years of service.

Mr. and Mrs. Robert Fairola — nee Lisa Ann Farrow

Lisa Ann Farrow wed to Robert P. Fairola

Holy Cross Church, Harrison, was the setting recently for the marriage of Lisa Ann Farrow, daughter of Irene Farrow of Belleville and the late Raymond Farrow, to Robert Phillip Fairola, son of Mr. and Mrs. John Fairola of Bloomfield.

Mssgr. Hugh O'Donnell performed the ceremony which was followed by a reception at The Russian Hall, Singac.

Escorted by her brother, Michael, the bride wore a princess style satin gown embellished with imported Venice lace and highlighted with pearls and sequins. It was fashioned with a fitted bodice, tapered sleeves and chapel train. A headband of beads, rosebuds and pearls held her veil and she carried a cascade of white gardenias, peach roses, stephanotis, babies breath and ivy.

Eileen Farrow of Belleville was her sister's maid of honor. Bridesmaids included Susan Dickson of North Arlington, Luisa Cifelli of Belleville, Kimberly Quinn of Toms River and Justy Colburn of Bloomfield. Flower girl was Kimberly Taylor of Belleville.

They were attired in peach two-piece gowns fashioned with bertha collars, shirred short sleeves, fitted jackets and long sheath skirts. The honor attendant's headpiece was a comb trimmed with a white gardenia, peach rose and babies

breath and she carried white gardenias, peach roses, babies breath and ivy. The others had combs with a peach gardenia, peach rose and babies breath and carried peach and white gardenias, peach roses, babies breath and ivy. The flower girl was in a white satin gown trimmed with lace and peach bows. She wore a headband of peach roses and carried a smaller version of the bridesmaids' bouquets.

John Fairola of Bloomfield was his brother's best man. Ushering were Thomas Howe and Greg Lance of Bloomfield, Federico Rizzi of Belleville and Joseph Quinn of Toms River. Ringbearer was Phillip Lance of Bloomfield.

Mrs. Farrow chose a light pink satin dress. Her corsage was of white carnations with a touch of pink. The groom's mother, in a light blue tea length gown, had a corsage of white carnations.

Mrs. Fairola, an alumna of Belleville High School and Katharine Gibbs School, Montclair, is a secretary with the Wyatt Company, Little Falls.

Mr. Fairola, a graduate of Bloomfield High School and Ultra-sound Diagnostic School, Union, is an ultrasonographer with Valley Hospital, Ridgewood.

The couple honeymooned in St. Thomas following the May 11 ceremony. They have made their home in Lyndhurst.

Genitempo-Richardella engagement announced

Belleville Times SPORTS

BUC SHOTS

By Mike Lamberti

It's a busy week at Belleville High, with the fall sports getting underway. The gymnastics team will begin the '91 campaign with a new head coach, Tracey Kelly. The assistant coach to Gina Lemongello last season, Kelly, will lead the varsity team this fall. We'll have more on Kelly and her team in next week's issue.

As for Lemongello, the Belleville native is attending law school in Delaware this fall. Lemongello served as the varsity coach at Belleville for four seasons, taking over for Ray Iannuzzi before the 1987 campaign. Prior to her coaching days, Lemongello was a standout gymnast for Belleville High. She competed for coach Carol Giuffrida from 1982-84 and was graduated from Belleville High in the Spring of 1985.

This was a truly dedicated woman, who communicated well with her athletes and worked long and hard at the coaching trade and in a full college curriculum. She had been hoping to attend law school and her dream finally came true this fall.

Best of luck to Gina in law school. She will be a very successful attorney one day.

LADY BUCS WIN NNJIL AWARD

A final salute to the 1990-91 Belleville sports season was given last week when Belleville High won an NNJIL Sportsmanship award for girls' sports.

"It's a great honor," said Karen Fuccello, the Director of Athletics at Belleville High. "The coaches in the league vote on the award and it's really nice to see the kids in our town recognized for their class on the field and off."

"There are good athletes and people who attend Belleville High and it's good that our township is recognized for this type of award. It says a lot about our kids and the coaches, of course. I can't say enough about them, because they do a lot in contributing to that success, too."

Belleville also won this award back in the 1982-83 season, Belleville's first year in the NNJIL. Back then, there was just one award given by the league. Now, the league awards sportsmanship for girls and boys' sports.

Thus, special accolades go to the volleyball, gymnastics, girls' tennis, girls' bowling, track, cross country and softball teams for helping Belleville High win this prestigious award.

FOOTBALL TEAM GEARING FOR OPENER

The Belleville football team had a busy week last week, taking part in three scrimmages, including a full scrimmage with Columbia last Saturday morning.

Tomorrow night, John Senesky's team will travel to Livingston for the final pre-season game of the year. The scrimmage commences at 7 p.m. on Livingston's new football field, complete with artificial turf. The Buc regular season opener is set for next Friday night, September 27, at Hackensack, in a 7:30 p.m. kickoff.

Senesky was pleased with his teams performance in the Columbia scrimmage.

"We did pretty well. Overall, we were pleased with the progress the kids are showing. We had a busy week last week, with passing scrimmages against West Essex and Cedar Grove before the Columbia game."

"It's been a much better experience for the kids to practice against other teams rather than practicing against each other. As usual, depth is the key factor at this stage of the season and we're trying to develop kids at different positions."

On offense, the Bucs return some familiar names. John Alvarado has been working at quarterback after a standout season last year at defensive back. Alvarado will also play in the defensive secondary this season. Last season, he was used basically as a backup quarterback on the varsity level.

Also working at quarterback and doing well has been Mike Mundy.

Senesky has been pleased with the play of John McAlloon, a senior, who could be a running back or wide receiver this fall. McAlloon, who played in the defensive secondary solely last fall, will be one of the keys to the Belleville defense in 1991.

Junior tight end Michael Cristy (6'5", 210 pounds) should be a good target for whomever throws the ball. Running the ball should be Mike Morgan, Richard Quike, Anthony Caruso, Carmine Tuosto, Jason Apple, Mike Kimball, Eugene Carrera and Ricky Constantino.

Constantino, Kimball and Tuosto all saw varsity action last fall, with Constantino at the fullback slot and Kimball as a slotback and punt returner.

At the defensive end positions, Hector Daniluk, John Kuebler, Amante Sansano and Billy Prosperi have been competing during the pre season.

The offensive line candidates feature John Engdahl, Joe DeRiggi, Phil Avella, Mike Citarella, J.V. Faliverno, Scott Mayers, Rich Romano, Brian Salmon, Billy Zigmund, Sanford Cosenzo and Robert Dena.

Senesky is very optimistic about his linebacking corps, which feature Citarella, Faliverno, Apple and Joe Citarella.

Defensive secondary candidates include Abdel Helwat, Alvarado, McAlloon and Sansano.

Quine has been working at nose guard and Constantino is a candidate for the nose tackle position. Daniluk and Kuebler are working at defensive ends and the defensive linemen candidates are Mayers, Romano, Salmon, Zigmund, Cosenzo and Dena.

THIS WEEK'S PICKS

I did pretty good last week, hitting 10 of 14. The upset special of Detroit over Miami also can through. For the season, I'm 2 for 2 in upset picks, 21-7 overall.

For this week, Giants 28 Cleveland 10, Indianapolis 24 Detroit 20, Miami 23 Green Bay 6, Cincinnati to upset Washington 27-24, Houston 26 New England 14, LA Raiders 27 Atlanta 26, New Orleans 24 Minnesota 21, Philadelphia 20 Pittsburgh 14, Denver 28 San Diego 14, San Francisco 26 Los Angeles 17, Kansas City 30 Seattle 20, Buffalo 38 Tampa Bay 28, Phoenix 21 Dallas 20 and on Monday night, Chicago 23 Jets 20.

LAST WEEK'S QUIZ

The 1984 Giants failed to score a T.D. in a December game with New Orleans at Giants Stadium. That was the last time the Giants did not score a T.D. in Giants Stadium. The '84 Giants ended up 9-7 and went to the NFC playoffs as a wildcard team. The Giants beat Los Angeles in the first round, then lost at San Francisco.

Stop Teaneck, Crocco hurt

Buc booters win opener, 4-2

By Mike Lamberti

Greg Croeling and Michael Marganios scored two goals each to lead the Belleville soccer team to a 4-2 victory over Teaneck in the Buc season opener last Friday afternoon.

Gino DePinto's team battled Paterson Eastside yesterday. Tomorrow, the Bucs are home to St. Joe's of Montvale in a 4 p.m. game. Next Tuesday, the team is off to Hackensack. All Buc home games are played at Clearmont Field.

DePinto, who kept a very low profile during the pre season, was very pleased with his teams' performance in the opening game.

"The kids played very well," the coach said. "The only negative that came from the game was we lost Frank Crocco to an injury."

Crocco, a four year starter and standout midfielder, suffered a broken nose, an injury that could require surgery.

"He could be lost for the season," DePinto said. "I'll find out this week if he needs surgery. It was

a bad injury. He's a real tough kid and he plays the game with tremendous intensity."

Crocco had assisted on Belleville's first goal of the game, then left because of injury shortly thereafter. Marganios scored the Buc's first goal, then Croeling scored off an assist from Matt Kastner for a 2-0 Belleville lead. Marganios scored his second goal of the game late in the first half, off an assist from Franco Vitello. That tally gave the Buc a 3-0 lead at halftime.

Teaneck scored first in the second half, but Croeling put the Buc back up by three goals off a pass from Alex Moreno. Teaneck scored late in the game to make the final score 4-2.

"I was real happy with Marganios," DePinto said of the midfielder making his varsity debut. "He's a senior and this is his first year with us. He gave us a real boost offensively."

Croeling, a sophomore forward, came on strong for the Buc's late in the '90 campaign and he should be

a fine player this fall.

DePinto also gave credit to Steve Vogel, a right fullback, for a fine game. Others who played well included Alex Alexandre, Victor Guevara and Darren Lewis.

Emanuel Arujo started in goal and played the first 75 minutes of the game. Rocco Constantino finished the game in the nets for the Buc.

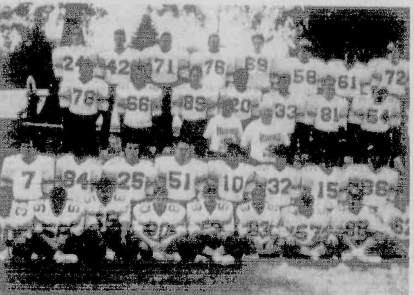

"We're playing a 4-4-2 offense this season," DePinto said. "It's more in line with the professional game and it gets the midfield and the front line involved with the offense."

The junior varsity team also fared well last week, blanking

Teaneck 4-0. Diego Paredes scored all four goals for the Buc. Goalie Michael Percio was flawless in the nets.

"Some of the guys on the JV team are trying for varsity positions," DePinto said. "We had a good turnout this fall, and the competition is good among the kids. It's a very competitive situation."

It's also a long season and the NNJIL Pacific Division will provide some very good competition. But the early signs are certainly positive for the Buc, who have apparently added a consistent offense to an already solid defense.

The Belleville freshman football team had a fine turnout this fall, with close to 40 players on the squad. This photo was taken at Photo Day festivities at Belleville High.

Jr. Buc football teams beat Wayne

The Belleville Junior Buc's begin its 1991 season on a positive note last weekend, with the "A" and "B" teams posting impressive victories.

The A team, coached by Bill Abrams, defeated Wayne, the defending champions, 20-0 at Wayne, 33-0.

The Junior Buc's will travel to Totowa for games this Sunday. The "C" team will start the action at noon, the "B" team plays at 1:30 p.m. and the "A" team kicks off at 3 p.m.

The A team wore down Wayne with a strong running game and an outstanding offensive line.

"It was a great way to start the season," Abrams said. "Wayne was the defending league champs and they had the banners flying. It was a good win, especially on the road."

The Belleville defense was outstanding, holding Wayne to 12 total yards in offense and no first downs. Carl Piscatowski and Donnell Graham led the defensive charge with seven combined quarterback sacks. Robert Caputo had an interception and Ram Parekh and Damon Battie recovered fumbles for Belleville.

Early in the second quarter, Belleville broke a scoreless tie when Tyrone Fitts passed 42 yards to Battie. The conversion failed and Belleville led 6-0.

In the third quarter, running back Ben Schwengle took an end around handoff and raced 45 yards for Belleville's second score. Tyree Huffin then caught a pass from Frank Costanza for the one point conversion.

Belleville's third score came on a 15 yard end around run by Damon Placente. Robert Romano ran for

the extra point and Belleville had a 20-0 lead.

Caputo rushed for 52 yards on early carries in the game. Fitts carried the ball seven times for 38 yards.

The offensive line was also impressive, leading the way to 300 yards of total offense for the Buc. Amir Moses and Huffin are the ends, Graham and Piscatowski are the tackles and Ryan Brady, Chris Zarro and Anthony Roberto man the guard positions.

"B" TEAM WINS, 33-0

Coached by Joe DeRiggi, the "B" team was very impressive in beating Wayne. The Belleville defense was marvelous, allowing no first downs. The Wayne offense was totally shut down, accounting for minus 30 yards in total offense.

Nosetackle Albert Fusco had 18 tackles and Anthony Conte contributed two quarterback sacks. Michael Abidelli and Anthony Vitale contributed ten tackles each.

Bobby Carsella scored Belleville's first three touchdowns on runs of 60, 50 and 15 yards respectively. Rich DeFalco ran for the conversion following the second TD and DeFalco passed to Justin Mohren for the conversion after the third score.

Defensive lineman Ricci Bell intercepted a pass and ran 40 yards for Belleville's fourth score. Halfback John Farina then closed out the scoring with a 20 yard run in the fourth quarter. Greg Sheridan ran for the conversion to wrap up the scoring.

"The kids played every aspect of the game well," DeRiggi said. "It's a good way to start the season."

Momentum gaining for Oct. 20 Giuffrida run

By Mike Lamberti

The anticipation is beginning to mount for the second annual Sam Giuffrida Memorial Run. The race, in memory of the late Belleville High School teacher and crew coach, will be held on Sunday morning, October 20, at Belleville High.

There will be two races once again this year. At 9:30 a.m., a one mile fun run will be contested. At 10 a.m., the five mile run, which begins at Belleville High and tours Belleville before ending at Belleville High, begins.

According to one of the race coordinators, Lorraine Leming, there has been plenty of interest in the race.

"We're going to be receiving coverage of the race from TV-3. Also, we have a number of corporate sponsors, led by our major sponsor, Jiffy Lube. There will be a special banner, being donated by Philmore Associates, at the finish line. There's going to be a Ninja Turtle, with balloons at the race, also."

As mentioned, Jiffy Lube of Belleville is the race's major sponsor. Jiffy Lube will be supplying the tee-shirts, which will be given to all runners.

Registration fee for the race is \$10.00. The fee is \$12.00 for those runners who register the day of the race.

"The tee shirts are beautiful this year," Leming said. "I think everyone will like them."

Philmore Associates is a major participating sponsor, and as mentioned, is providing the banner at the finish line. Other participating sponsors are Michael Davis, Michael O'Connor, Motorcycle Mall of Belleville, Golds Gym and Tom Spillane. Davis and O'Connor competed for Giuffrida on the high school crew team and were a member of the 1976 senior eight shell that won the Stotesbury Regatta. That team was inducted into the Belleville Hall of Fame in 1985.

Tonia Moore is the race coordinator. Assisting her are Leming, Bea Clinton, Mike Early, Barbara Spillane, Bill Russo and Laurie LaCourt.

In the inaugural race last fall, 250 runners competed. This year, Leming feels that number could be doubled.

"It would be nice to have at least 500 runners for the race," Leming said. "We're hoping for good weather and an exciting day."

THIS WEEK'S JOHN ENGEL QUIZ

This week, we know when was the last time the Colts won a playoff game. Where was the game played? Also, when was the last time the Colts won the AFC East? Who was the Colts coach that year? By the way, John Engel is now a die-hard Houston Oilers fan. John predicts a Houston-New Orleans Super Bowl in January.

PUBLIC NOTICE

Notice of Violation of Water Testing Procedure

The Belleville Water Department in its routine water sampling for the month of August had positive indication of Total Coliform in 8 of 36 samples which exceeds the Maximum Contaminant Levels set by EPA. Repeat sampling was done at those locations which indicated no evidence of coliform contamination. However, additional sampling is required both upstream and downstream of the sampling requirements. This was not done and is a violation of the sampling requirements. The Belleville Water Department requests the assistance and is undertaking additional testing to assure that water quality is maintained.

Customers with questions or concerns about bacteriological contamination, or any other water problem should contact: Ray Strumolo, Department of Public Works, 450-3417.

PUBLIC NOTIFICATION

The Belleville Water Department reports that the minimum contamination level for coliform bacteria in drinking water was exceeded during the month of August. The United States Environmental Protection Agency sets drinking water standards and has determined that the presence of total coliforms is a possible health concern. Total coliforms are common in the environment and are generally not harmful themselves. The presence of these bacteria in drinking water however, generally is a result of a problem with water treatment or the pipes which distribute the water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps, nausea and possible jaundice, and any associated headaches and other water symptoms. Symptoms are not just associated with disease-causing organisms in drinking water, but also may be caused by a number of factors other than your drinking water. EPA has set an enforceable drinking water standard for total coliforms to reduce the risk of these adverse health effects. Under this standard for Belleville one total coliform per 100 ml sample, per month, does not violate the standard. Drinking water which meets this standard is usually not associated with a health risk from disease causing bacteria and should be considered safe.

Additional laboratory testing which was performed in response to exceeding the standard has shown that drinking water does not contain disease-causing organisms, therefore, is safe to drink.

Rally for Ambrosio, Gill, Restaino begins their drive for election

Kick-off rally launches fall campaign

More than 150 people showed up in Nutley earlier this month to help kick-off the re-election campaign of state Senator Gabe Ambrosio, Assemblyman Louis Gill and Assembly candidate Al Restaino.

The spirited rally, held at the Gondola Restaurant on Franklin Avenue, featured such notables as state Senator Carmen A. Orechio (D-30th Dist.), Essex County Executive Thomas D'Alessio, Sheriff Armando Fontoura and Freeholder Linda Lordi Cavanaugh. All four elected officials spoke on behalf of the candidates and urged the audience to "get out the vote" this November.

Others attending the affair included former state Senator

Anthony Scardino; former Essex County Executive Nicholas Annino; Belleville mayor Marina Perna and council members Frank Caputo, Bill Cook, Mario Dronz, Jim Messina and Dr. Frank Noonan; Belleville Board of Education members Sy Grossman and Patty Pisano; Essex County Clerk Pat Drake as well as other Democratic Party members and officials.

Ambrosio, Gill and Restaino are running on the regular Democratic line in the newly-realigned 36th District which includes Nutley, Belleville, Carlstadt, Lyndhurst, North Arlington, the City of Passaic, Rutherford, East Rutherford and Wallington.

Belleville Council members attended Al Restaino's cocktail reception recently. From left are Assemblyman Louis Gill, Deputy Mayor William Cook, Dr. Frank Noonan, Frank Caputo, Senator Gabe Ambrosio and Al Restaino.

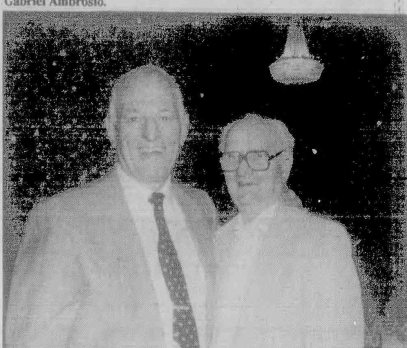

Nutley resident, Essex County Executive and former Sheriff, Thomas D'Alessio on the left is joined by the current Essex County Sheriff Armando Fontoura, Al Restaino, well known Nutleyite; and Senator Gabriel Ambrosio.

Is the legislature in session? From left, Senator Gabriel Ambrosio, Senator Carmen Orechio, Assemblyman Louis Gill and Senate aide Al Restaino.

Mayor Marina Perna of Belleville chats with Assemblyman Louis Gill and Assembly candidate Al Restaino at the Restaino party.

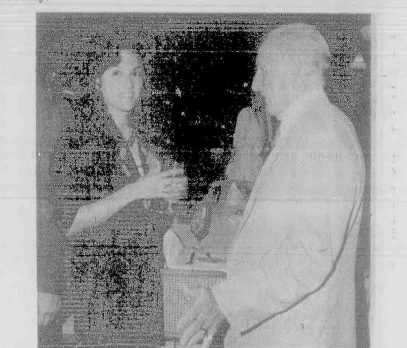

Senator Carmen Orechio who is also Nutley's Director of Public Affairs, greets Bernie Gallagher, former director of the Office on Aging for Essex County.

Senator Carmen Orechio joins hands with Chris Restaino, sister-in-law of the Assembly candidate.

Enjoying themselves, from left, are Carole Restaino, and friend William Hamilton Jr.

Belleville's Mayor Marina Perna shares a smiling moment with the guest of honor, Al Restaino.

From left are Assemblyman Louis Gill, Essex County Executive Thomas D'Alessio, Sheriff Armando Fontoura, Assembly candidate, and Senator Gabriel Ambrosio.

Running for office are, from left, Assemblyman Louis Gill, Senator Gabe Ambrosio and Assembly candidate Al Restaino.

H & R Block announces 2nd term income tax course

H & R Block, the world's largest income tax preparation service recently announced that it is now accepting enrollments for its second term course scheduled to begin on September 30th. Morning, evening and Saturday classes are available.

Experienced instructors teach tax law, theory, and application. Classroom discussion and practice problems provide students with a thorough understanding of each tax topic included in the course. Students learn how to handle increasingly complex income tax situations as the course progresses.

Ideal for people who want to increase their tax knowledge, the course teaches students how to save money on their taxes and also prepares them for a rewarding career.

The affordable fee includes textbooks and supplies. Graduates receive Certificates of Achievement and continuing education units (CEU's). Qualified graduates of the course may be offered job interviews with H & R Block but are under no obligation to accept employment.

For more information about the H & R Block Income Tax Course call 1-800-TAX-2000.

Home ownership is more affordable than ever

Lower mortgage rates and special loan programs have made many more homes more affordable than they have been in many years, according to Maurice B. Hoffman, president of the New Jersey Association of Realtors.

"The supply of homes on the market is large enough to accommodate the needs of almost every buyer," said Hoffman. "Today, the conditions for both buyers and sellers may be the best since 1985. They may be even better, when you consider that the 'dream years' of the '80s were lopsided in favor of the seller, while today's market offers advantages for both."

"Since it is often better to move on information you know, the time to act is now," he said.

"Potential buyers should contact a local Realtor about getting qualified for special mortgage pro-

grams with low rates like those administered by the FHA and the New Jersey Housing and Mortgage Finance Agency (NJHMFA). Buyers should also develop a family budget and identify the kind of home they can afford.

Hoffman added that a Realtor can do much more than show homes. "He or she can help answer your questions about financing and guide you to financial institutions that can provide loans to meet your needs. A Realtor can help determine your eligibility for special loan programs, and provide information on how to obtain those loans. A Realtor can also help you determine the type of home you can afford, and provide you with a realistic estimate of monthly expenses."

To assist buyers, the New Jersey Association of Realtors and more than 1,100 Realtor Home Information Centers throughout the state are offering a videotape "Yes You Can Buy a Home In New Jersey" that outlines the home buying process. To obtain a free certificate for a copy of the videotape and a list of Realtor Home Information centers in your area, call 1-800-YES-IN-NJ.

The Home Front

By Nina Kaeser

Did You Know???

The easiest way to make a slipcover is to take apart the old one for a pattern. Best choice in fabric is sturdy, soil-resistant, preshrunk and colorfast. Choose enough fabric to match patterns when you cut.

Deep holes in plaster should be filled in two layers. As the first patch begins to harden, scratch it to provide a "tooth" for the second, finishing layer.

Space and light add new life to an older home. Many homeowners opt to enlarge their homes, building outward in the back. Modern french doors — lots of them — blend well with traditional lines.

Check caulking before the weather changes to seal gaps, prevent drafts and keep out moisture. Top-of-the-line silicone is most versatile, but new acrylic latexes may do the job for less.

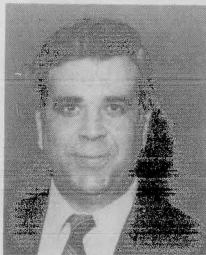

The best buy in furniture is a classic style in the best quality your budget can handle. It'll look better as it lasts longer — and will go with other pieces as you add them.

The best buy in real estate service is at Century 21 Stanford Agency, 86 Union Avenue, Nutley. Call 235-9000.
