Aside From That

By Howard Klausner

Growing up in the sordid environment of politics, chicanery and betrayal did not prevent Aloysius Welsh from pursuing a career of service to faith and humanity. Of course, he was pretty young at the time he was steeped in this atmosphere. Indeed, so far as we know, he is the only person to be born in the Belleville Municipal Building. In December, Monsignor Welsh will mark the 51st anniversary of his ordination as a Roman Catholic priest. ●●●●● His father, Hugh Welsh, was Tax Assessor for Belleville, and he lost his life in a fire, leaving a widow and two children, with another child on the way. The township offered Mrs. Welsh the job of custodian of the Municipal Building, offering a basement apartment in the building for her services. And that's how Father Aloysius was born in Town Hall. In later life, he was to have a parish of St. Aloysius Church, in a long and varied career in the priesthood. A man of scholarship, and a graduate of Seton Hall University, he was a seminarian in Rome when Italy entered World War II, and he was on the last ship out of the country, returning to the United States for his ordination. A teacher and an activist, he was involved in labor mediation, consultation with labor unions and the chairmanship of the National Catholic Welfare Conference in Washington. Currently, he is in semi-retirement, serving in a home for retired priests in Rutherford. ●●●●● Councilman Mario Drozd reports that he polled people who came to the recent free identification clinic for youngsters on where they had read about the event. Five and one-half times as many people read about it in the Belleville Times as in an out-of-town giveaway, Councilman Drozd stated. After all, people pay their good money for The Times, and they read every bit of it. The clinic, which is sponsored by law enforcement agencies such as the Essex County Sheriff's Office, provides free fingerprint and photo identification for school-age children. It is a deterrent to kidnapping, among other heinous crimes, and is a help to police even if it is a matter of a child getting lost in an amusement park, and the youngsters seem to enjoy having a photo-identity card, just like their car-driving elders. ●●●●● A boost to the area economy is being provided by a new discount store opening in Wayne, Price Club. A spokesperson told The Times that more than 200 jobs are involved, and inquiries may be made by telephoning (201) 812-8444. The store is in the Willowbrook Mall area, 77 Willowbrook Boulevard.

Detectives Anthony Wieners and Ronald Edwards are offering their own kind of registration, the numbering and listing of bicycles. The service will be offered on Saturday at Cycle World, 121 Washington Avenue, of which they are the new proprietors. The store provides bicycles that range from kiddie bikes to 21-speed mountain climbers, and apparently, few people are as sophisticated about wheels as our teenagers. "Boy, are they sharp!" Wieners said. The registration numbers will be stenciled on the bike frames, and police will keep the lists, as theft protection. Edwards may have gotten the idea from his current assignment - he is in the Juvenile Bureau. Their resident mechanic, Rosario, is a young man who raced professionally, and who knows something about bikes. ●●●●● Vincent DeVito was in town recently. He may be remembered from the time in 1985 when he helped organize the celebration of Wells Family Day. The event honored a family that has been in residence more than a century, and whose home was threatened by the enactment of a Blight Ordinance, which would have permitted condemnation of the neighborhood, presumably to expand the commercial area. DeVito was a young college student at the time, and led the fight to preserve the neighborhood from the blight designation, and putting together a day honoring the family, one of the oldest black families in Belleville, helped bring public attention to their plight, and resulted in the elimination of the ordinance. DeVito is now involved in patent investigation work, and he plans to attend a law school to obtain a degree in Patent Law. "I'm fascinated by the protection of intellectual property rights. It's a very basic issue," DeVito said. He did some research recently for The Belleville Times, locating an early patent on the Hornblower steam engine, located in the British Patent Office, dating from 1781. This engine, developed by the brother of Josiah Hornblower of Belleville, may be the one built in Belleville in 1797, the first steam engine ever built in the United States of America.

Senate resolution endorses us

The New Jersey Senate has passed a Resolution endorsing the recognition of Belleville as Birthplace of The American Revolution, in a unanimous vote.

The Resolution was introduced by Senators Gabriel Ambrosio and Carmen Orechio, and Senate action was swift.

The Senators accompanied their proposed Resolution with the Resolution adopted by the Belleville Township Council, which urged recognition of Belleville's role in the development of American industry.

Based on a proposal by The Belleville Times, the Resolutions note that Josiah Hornblower erected the first steam engine on the North American Continent in 1753 and had it operational in 1755. It also cites the fact that the first steam engine built in the United States of America was created in Belleville.

The Senate Resolution asks that President George Bush and the United States Congress give formal recognition to Belleville as Birthplace of The American Industrial Revolution.

A formal presentation of the Resolution to the Township Council will be made by Senators Orechio and Ambrosio; the Belleville Times, and Joseph Hatch and Addie Kingsland, both direct descendants of Hornblower.

Mr. Hatch has sought for many years to obtain recognition of the role played by his ancestor in the history of this nation.

State of New Jersey

THE SENATE
STATE HOUSE, TRENTON, N.J.

SENATE RESOLUTION
By Senators AMBROSIO and ORECHIO

WHEREAS, In 1753, engineer and inventor Joseph Hornblower erected the first steam engine on the North American continent in the Essex County Township of Belleville, bringing the Industrial Revolution to the United States; and,

WHEREAS, That pioneering engine was but the first step in an intertwined history of Belleville and a series of inventions that were either born or brought to fruition in the community: the first telegraph message keyed by Samuel F.B. Morse to travel to Washington, D.C., over copper wires manufactured in Belleville, the first steamboat launched with a hull and engine both built in Belleville, the initial photographic experiments of George Eastman, and the first storage battery that was developed and created by Thomas A. Edison in a laboratory in Belleville; and,

WHEREAS, In recognition of Belleville's pivotal role in the development of the Industrial Age, it is both fitting and proper for this House to petition the United States Congress and President George Bush to designate the Township of Belleville as the "Birthplace of the American Industrial Revolution"; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby joins the Municipal Council of the Township of Belleville, the Belleville Times, the Belleville Chamber of Commerce, and the citizenry of this vibrant and vital Garden State community in recognizing the important role of Belleville in the development of the industrial might of the United States; and,

Be It Further Resolved, That a duly authenticated copy of this resolution, signed by the President and attested by the Secretary, be transmitted to the Municipal Council of the Township of Belleville.

Valley National pays \$1.7 million for failed thrift

By Alfred Cook

Two days after the Nutley Sun broke the story of the demise of the Nutley Savings Bank as it was taken over by Valley National Bank of Wayne for \$1.7 million, sources began elaborating on some of the details.

The Nutley institution, encumbered with a deficit of \$10 million, was at first turned over to the Resolution Trust Corporation (RTC) for the Office of Thrift Supervision (OTS), then sold to the Valley National Bank which had made the best offer for the Bank's

roughly 28,200 deposit accounts amounting to \$174.7 million.

The estimated cost of the failure to the taxpayers was \$25.5 million, said Craig Francis, a specialist with the RTC, who added that the S&L had failed to meet federal capital criteria since 1989.

But instead of being taken over by the federal agency, the bank was placed with 29 other banks in the state in the Accelerated Resolution Program where they aggressively market failing institutions to financially sound banks.

According to Francis, the local deposit base of the Nutley Savings was \$160 million.

The Valley National Bank also bought \$147.5 million of the founding institution's assets.

The Valley National, which has been active in the RTC sales market, has increased its assets to about \$2.5 billion.

Gerald Lipkin, chairman of Val-

ley National, said he expects the employees to continue with the firm though former President John Kelly has been termed a transitional employee.

The Wayne Bank also purchased the North Jersey Savings and Loan Association of Clifton, closing one of its seven offices then later purchased the First Jersey Savings of Wyckoff and its 12 offices.

At Rowe-Manse Emporium

Food lovers gathering at Culinary Expo '91

The Rowe-Manse Emporium in Clifton will be the attraction of thousands of gourmet food lovers this weekend, at the International Gourmet Specialty Food Show, Culinary Expo '91, featuring more than 1,000 gourmet foods and candies.

The event will be held Friday and Saturday, from 10 a.m. to 9 p.m. and on Sunday, from 10 a.m. to 4 p.m. Cooking demonstrations, entertainment and live music will be part of the attraction.

There will be gifts, the top one being an all-expense weekend for two to New Orleans, featuring a dinner for two at K-Paul's Restaurant.

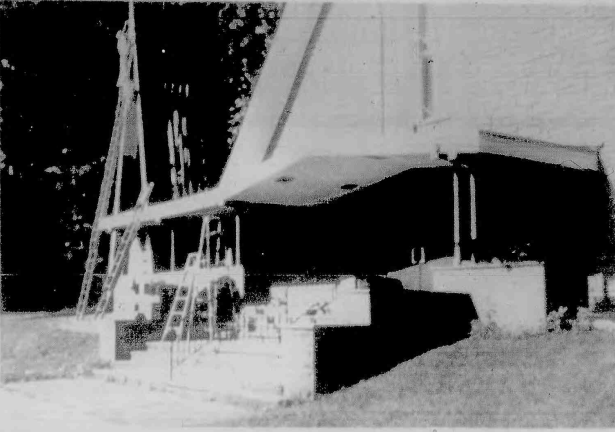

Other gifts will include a dinner for two at the Lutèce Restaurant in New York City, a dinner for two at Le Cirque in New York City, a 24-inch color television set and a gourmet food basket worth more than \$100.

Rowe-Manse is a fashion store owned and developed by Carmine Maggio since 1957, and has been known as "the specialty store they come to from everywhere."

Its reputation for gourmet foods stems from Joseph Van Houten, buyer of gourmet foods and housewares for the store. His clientele travels from Long Island and Pennsylvania to shop at the Rowe-Manse Emporium. Innovative displays and daily sampling are features of the gourmet food store.

PRIDE OF BELLEVILLE - Tracey Lockwood of Belleville, a recent graduate of Belleville High School, has received a \$10,000 Joseph P. Miele Scholarship at Drew University. From left are former Governor Thomas H. Kean, President of Drew University; Miss Lockwood, and Joseph Miele. The scholarship, created by the Joseph P. Miele Foundation, is based on academic excellence.

ITS BEAUTY SHINES - Christ Episcopal Church on Washington Avenue at Essex Street is undergoing a painting to look its best. The project is being completed by Consolidated Painting Contractors of Belleville under the direction of Bill Geppner, Chairman of the House and Grounds Committee of the Church.

Golden Comments

By Jim Golden

A front page by-lined story appearing in a weekly newspaper largely circulated in Belleville regarding the defeat of substantial salary increases approaching 9 and 10 percent suggested by Township Manager Bertrand Kendall dated September 26th at which former Commissioner Vincent Frantantoni spoke out about his belief that the advertisement may have been improper and asked the Township Clerk why it had been placed in a paper published in Passaic County — though distributed in Belleville — rather than in the township's "official" newspaper.

The Township Clerk told Mr. Frantantoni that there was an urgency to the notice of the hearing in order to allow the council to vote on the ordinance this week.

Unless there had been an anachronism in the order of time, it would appear that even if it was too late to be published in the September 12th issue of the Belleville Times, that it might have been published in the September 19th issue of the Belleville Times; barring a time limitation requirement.

Likewise, we have strong reservations over what appears to be the arrogation of the Town Manager to name and appoint Acting Township Managers, a role presumably solely within the province of the Town Council.

All of which is provoking many local residents to ask, why, if these people are so qualified, was it necessary to bring in outside talent to manage this community? and at what a price!

What has happened to the money that had been dedicated to repave Tappan and Malone avenues? When, if ever, will it be done. The natives are growing restless. The expected promises and improvements haven't yet materialized and this latest proposed ordinance suggested by Township Manager Bertrand Kendall does not set well with the citizenry of this community.

Already smoke-signals of discontent are growing with indications of resentment of the forward extravagance of the Town Manager and the cronies he has brought in with him, at fancy high salaries...the electorate of Belleville expect more of their elected officials than delegating all authority to an over-paid primadonna manager.

This form of local government failed miserably in Belleville back in the late 1960s when they went back to the Commission type of government. It flourished well until the ruction over the newly planned town hall, which should have been built, instead of the monstrosity they are "trying" to build now.

Taxes had become the problem that helped bring about the change and instead it made it much worse...compare what you paid then and now...and still going up. This new bunch in office, notwithstanding, their promise to serve at a minimum low salary, jacked up their salaries to \$3,000 a year for Councilmen, \$3,500 for the Deputy Mayor and \$4,000 for the

Mayor...Oh how they lied! We got "Gag Rule" five minutes to say anything, even if interrupted by them, they tell you to sit down or be arrested if you don't...democracy...not in Belleville under the new regime...abject servile subjects of the elite ruling class...sit down and shut up! or get locked-up!

Belleville was much better when Mayor Williams, Commissioners Waters, Noll, Hyde, Smith, Senatore, McGreevy, Kiernan and Mayor Marotti served Belleville people so well...you could speak up and be heard and listened to! Try it now; if you dare...government of, for and by the people of Belleville now, forget it!

Should it continue as of now, definitive action will become necessary to effectuate a change. Two alternatives are available: Recall or a change in the law permitting a change in the form of local government in New Jersey after one year, rather than four, as was done when Commissioner Mary Senatore was elected.

It would appear, from past experience, that Council-Manager form of government doesn't function, in this community, with much success.

William Bennett
given tribute

The Board of Education paid tribute to the memory of William "Bill" Bennett, who died recently. Mr. Bennett was the founder of the Belleville High School crew program, and had been active in rowing since the days of the Nereid Boat Club.

He made oars and rowing shells, as well as provided training and encouragement. Belleville High School is one of the few public schools in the country with an active crew program.

Board Vice President Seymour Grossman read the tribute to Mr. Bennett.

Board of Education President Patricia Pisano paid tribute Monday to the board members who had worked to find savings totaling \$70,000 in the school budget.

"We really worked together to find these savings," President Pisano said.

Reductions were made in cafeteria: \$35,947; Workman's Compensation, \$28,750, and other areas, \$3,225.

Ron Carey's
itinerary

Actor Ron Carey, this year's Grand Marshal of the Belleville-Nutley Columbus Day Parade, will arrive from the West Coast this weekend and make his first official visit on Monday at the Clara Maass Senior Citizen Continuing Care Clinic, at 2 p.m.

Tom Salzano, General Chairman of the Parade, said that on Wednesday, Mr. Carey will receive a plaque from the Essex County Freeholders in Newark, citing him as an outstanding citizen who has provided his fellow Americans with the gift of laughter over the years.

On Thursday, Oct. 10, he is scheduled to visit the Belleville Middle School, and that evening, he will visit the St. Lucy Church Fair in Newark.

On Friday, Oct. 11, he will be guest of honor at the Columbus Parade Ball, at the Chandelier Restaurant. On Oct. 13, he will lead the parade, which begins in Nutley at noon, and ends at the Belleville Municipal Building.

OUR OPINION

We thank the Senate

The action of the New Jersey Senate in urging President George Bush and the United States Congress to grant formal recognition to Belleville as Birthplace of the American Industrial Revolution is a major step in achieving that recognition.

Introduced by Senators Gabe Ambrosio and Carmen Orechio, the Senate Resolution cites the erection of the steam engine brought to America by Josiah Hornblower in 1753, followed by the construction of the first steam engine built in America, as reasons for citing Belleville's place in American history.

Obtaining this recognition has been the goal of The Belleville Times and should be the goal of every citizen and every organization of Belleville.

Establishing a new Historic District here, and encouraging scholars and leaders of industry and labor to come here for discussions of America's role in world industry, are part of our goal.

It may be hard to believe, but Belleville, under its present name, or as Second River, as it was called when Hornblower arrived, was a place that drew respect and visitors of note. Benjamin Franklin came here to inspect the copper mines. Thomas Alva Edison, Samuel F.B. Morse and George Eastman were among many pioneers of science and industry who came here to work. The Rutgers Family resided here. The Hendricks Family of copper fame prospered here for more than a century. The Stevens Family, founders of the American railroad industry, visited here.

Famous family names such as Roosevelt and Livingston had a part in Belleville's history.

And the pioneers who came here as struggling immigrants also made their place in America as builders, soldiers and citizens.

Belleville doesn't really need a title to win respect. Its citizens are its greatest treasure. It simply deserves to have its story told.

As hundreds of millions of people around the world struggle to hold their new-found freedom, the story of Belleville can be a guide and an inspiration to them, and with your help, it will be.

So long, New York

There was a farmer in Bergen County, not so many years ago, who claimed that he had visited New York City no more than three times in his life, even though he could see the towers of Manhattan from his fields. He added that until the George Washington Bridge was opened in 1932, he had many neighbors who rarely if ever visited the Big City. They just weren't that interested.

Now, with the crossing toll at \$4, and the prospect that it may go to \$5 in 1994, the old farmer may be joined by quite a few New Jerseyans. It isn't that they don't want to sample life on the Great White Way. It's just that they won't be able to afford to do it.

One problem may be that the Port of New York and New Jersey Authority may have lost sight of the fact that it exists for the benefit of New Jersey and New York, and not the other way around.

The GWB, the Lincoln Tunnel and the Holland Tunnel have all been paid off years ago. The original intent of the bi-state lawmakers was that the tolls would be used to pay off the bonds for the tunnels and the bridge, and that the crossings would then be free. Oh, there might have to be some charge for maintenance, if the states couldn't see their way clear to cover that pittance. But in 1932, five whole dollars would have bought you a rowboat, so that you wouldn't need the bridge.

But, why stop at \$5, or \$50?

Just as the Soviet Union has been breaking up into separate republics, if we can believe the television anchor persons, the United States may have to start breaking up into 50 isolated states - not because the Civil War has been undone, but because we won't be able to pay the tolls.

A lot of us are going to miss our relatives and friends across the Hudson River. Just as the Berlin Wall divided families, the Port Authority toll policy will keep us from family reunions and card games.

We will wonder about what is going on across the river, and then we will become suspicious. There will be the Them, and the Us, and two separate cultures will arise, mutually hostile. Soon we will be bidding for those ballistic missiles being discarded by the Russians. Well, that's what where it could all lead.

Another alternative would be to lock the Port Authority into one of the Trade Center buildings while we quietly remove the toll booths. The money going to the Port Authority would then go to the businesses that would benefit by the rush of traffic. The cost of living would come down for commuters, bus companies and truckers, and the dollars would go direct to the public.

After all, Connecticut didn't go out of business when they ended the tolls on the Connecticut Turnpike.

On the other hand, it was a nice, pleasant time in Bergen County when it was a bucolic land of farms and small towns, before the 20th Century encroached. Or maybe it wasn't. It looks like we'll find out.

YOUR OPINION

De Fabbio remembers

To the editor:

I enjoyed reading the history of Belleville. But there is so much you can remember before 1939. I was born in Belleville 77 years ago in Soho, a section of Belleville which I always told my friends was the elite of Belleville. We had so many nationalities but all were very friendly and helpful.

We went to School 2 on Mill St. in the twenties and we only had 6 grades so for the 7th & 8th grades we had to go School 4 which was Mr. Shawger's school in Silver Lake. The boys in Silver Lake knew we were coming to their school. The first day we were met by these boys and they tried to stop us from going to their school. You guessed it, a fight broke out but we survived.

After graduation we went to Belleville High on Washington Ave. in 1930. We went to this high school by bus which was very narrow and high almost like the double deckers but we got there. Many good ballplayers came from Soho. Our baseball team in Soho was the old Brightons. We played for our people every Sunday.

At School 2 we had a principal named Mrs. Williamson which also was my mother's teacher. She carried a yard stick with her and wasn't afraid to use it if she had to. Today you would call it child abuse, but it paid off. Next to this school there was a store that sold ice cream. We bought a cone for only 5 cents and it was a double dip one. This house is still there and is occupied by some citizen. The store owner was Mrs. Sidley. In 1927 we moved from Brighton Ave. to Harrison St. still

Soho and there were dirt roads and plenty of holes. I remember one day there was a fire in Mill Street and we only had one fire engine (day-elder) near by but he had to come through Harrison Street to go to the fire but he stalled and we all got together and pushed the fire engine to the fire. It was sure funny at the time.

At the end of Mill and Harrison streets there was a wooden bridge we had to cross on foot or in a car. This bridge crossed over the Morris Canal. This canal was a swimming place for a bunch of boys in Soho. I am sorry I can't locate some of the pictures for this school and the bridge.

I do remember our first mayor that I know of was Mr. Kenworthy, then came Williams and Padula and many more. Those good old days when Belleville had a good civilian defense team and I worked with Harry Sullivan and many more volunteers. Belleville was no different than other towns. They had good and bad times.

I am sorry that all of this did not get into the historic book of Belleville. Belleville had some good football teams in the thirties. Our main rival was Nutley. We went there just to see the fights, but now I think it is much better.

I am sure that there are some oldtimers who can add to this story. Belleville will always survive no matter what. Thank you for listening.

Council-manager questioned

To the editor:

It's now about 17 years since we have the council manager form of government in the Township of Belleville, instead of the commission form of government with only 5 commissioners, who hire the directors of each 5 departments.

With this new form we hired a manager, who worked for the town of Ridgewood, who didn't renew his contract because he refused to live in the town by contract.

The new councilman hired him, and he now makes about \$87,787 per year. He makes over \$2,787 more than our governor of N.J. and getting a raise of \$4,180. Why?

The new councilman hired a planner for \$55,650 per year, who worked for the town of Orange, did work on grants, which was included in his duties. Now we are hiring a person as director of grants according to our new manager for \$34,000 per year. Our planner is up for a raise of \$2,650. The new councilman hired a new engineer for \$69,300, up for a raise of \$3,300 this year. He was going to run the public works dept. according to his duties. He has an office on 383 Washington Ave., top of the Health Dept. Who is running the public works dept.?

We were supposed to get some services from our new engineer in some engineering work, I don't believe he knows anything about engineering, we hired about 5 engineers in consulting.

Did our councilman ever find out why our engineer was fired from Freehold and is being sued?

We had a town registrar for 25 years to do this work besides his other duties for only \$100 per year by an ordinance in 1967. The manager wants to pay a person \$10,000 per year to do this same job, with the persons other duties, why?

Our township is getting a state grant to clean streets. Our manager is going to give 4 men 7 hours overtime per week to inspect the park (Essex County) and to clean up the mess of the people dirtying in Essex County Park, instead of using the grant to put cans in the dirty areas so the people can throw their debris in.

The manager in the past 4 months layed off 3 men because of economy - with the approval of the council - a cost of \$88,000. Since May 1, the manager hired 2 truck drivers, 1 man to repair parking meters, 2 van drivers, engineer consultants, 9 fireman, 6 policemen, thousands of dollars of overtime and a new list of raises introduced at the last meeting - Sept. 24 for \$372,260. All the same people who were to save us money - from 4 percent to 10 1/2 percent - Why?

Take some interest in your township, do something, come to town meetings every second and last Tuesday evening, at Town Hall.

• THE Essex County Annual Dinner Party, at \$150 a head, is scheduled for Wednesday, October 30th. The popular banker and former Democrat Freeholder, Jerry Greco, of Verona, is chairman.

• I WAS surprised to learn that 40% of seventh graders, nationwide, are presumed to be pregnant. Equally surprising is a report that 6,000 teachers are robbed or assaulted annually.

• THE Boys and Girls Club of Passaic is sponsoring an 85th Anniversary Dinner Dance October 25th. The event will aid one of the most worthy causes in the area. Anyone wanting to attend, call Glenn Staron, 777-7235. There are not too many events more worthwhile than one that features help for our young boys and girls.

• NUTLEY Woman's Club President Mrs. Gertrude Furlong, placed the poem and Her Highness' response on display at the Nutley Library.

• PLANS are under way for the 80th Anniversary Party of the Woman's Club on Monday, March 9, 1992, at the Vincent United Methodist Church.

• ROWE-MANSE, the area's most outstanding specialty department store, which attracts customers from all over the country, is sponsoring a three-day "First Annual International Gourmet Specialty Foods Show" for Friday, Saturday and Sunday, October 4th, 5th and 6th. Admission charge is \$4, which includes a free gift worth \$7. A portion of the proceeds will benefit the Valerie Fund for Children's Cancer Research.

Rowe-Manse guarantees the show will go on - rain or shine; huge tents will be in place just in case of rain. Acres of free parking on premises are available.

• ESSEX Republican Freeholder Monroe Lustbader is upset - an anger shared with other Freeholders - over the use of property in Verona by the County government for alleged illegal dumping of contaminated soil and

debris - a criminal offense? Lustbader expressed his unhappiness in a two-page statement read at the September 17th meeting of the Board of Freeholders.

• FORMER Essex Assemblyman Ralph Caputo, a Bloomfield College graduate, this year was promoted to Vice President of player development at Showboat Casino-Hotel. Caputo is responsible for recruit hotel/casino customers, maintaining customer accounts and provide specialized service to customers from New York and New Jersey.

Caputo, a two-term Assemblyman, an educator by profession, is completing his ninth year in the service of the Atlantic City hotel/casino industry.

• DOES it sound right that Bloomfield reports the highest pedestrian fatality rate in New Jersey? Concerned with statistics, 3rd Ward Councilman Gary Iacobacci convened a three-hour meeting September 19th at the Carteret School. Representing the New Jersey Highway Traffic Safety Commission at the meeting was Danny Hope. The traffic safety problem should be of utmost concern to the Bloomfield Council.

• A RECIPE for success - being able to do more tomorrow than you did yesterday.

• ESSEX Assemblyman Willy Brown seems to have unusual abilities that were recognized by Essex County Executive Tom D'Alesio. Recently, Willy Brown was appointed by D'Alesio to a \$60,000 a year job as Chief of Staff.

Willy Brown represents a Newark legislative district that he was at every day. As an active member and leader of the New Jersey Legislature, Willy Brown has many responsibilities. He is known to work hard at the jobs to which he is elected or assigned. So now, having belatedly recognized the unusual talents of Willy Brown, D'Alesio apparently concluded that a part time Chief of Staff could supervise a full time staff that works from 9:00 to 5:00 - or at least, it's supposed to work from 9:00 to 5:00. But the clincher is that Willy Brown won't be able to be in the office in the daytime; he is going to discharge the responsibilities of Chief of Staff job evenings and on weekends. This sounds like Houdini reborn - right?

• THE Nutley High School Guidance Department will hold a College and Career School Fair on Tuesday, November 19th, 5:30 to 6:30 pm. Parents and students should be excited that 185 representatives from colleges, busi-

ness, technical schools and the military will be in attendance for Q and A.

• JOHN GEHRING, a Nutley resident and President of the Essex County PBA, sent two letters and made a number of phone calls, (which he stopped counting) to County Personnel Director Brenda Veltri-Possomotto - phone calls that have gone unanswered to this day.

Gehring, on behalf of his organization, complains that Essex County Executive D'Alesio promised officers jobs in Corrections for the terminated Essex County Park Police. Gehring says thirty were lucky enough to obtain job transfers. A number of former employees are waiting to get paid accumulated overtime and comp time. Gehring is looking for an answer to this question - what is the criteria for hiring in Corrections - is it height, weight, political friends? For these answers, Gehring may have to wait until the next election.

• Assemblyman John Kelly's Nutley Savings and Loan fiasco involves a bail-out of the failed thrift by taxpayers in excess of \$25 million. The latest annual report on file is December 31, 1989. State officials said the Nutley Savings and Loan did not file a report for December 31, 1990. The latest report lists the following as directors who receive \$9,600 annual compensation in addition to salaries received as officers, or in the case of Mr. Edgar Donohue, as Counsel: John Kelly, Cliff Sharkey, East Stroudsburg, Pa.; William B. Lewis, Spring Lake Heights, Executive Vice President at \$100,000 per annum; Harry W. Chenoweth; Edgar A. Donohue, Director and Counsel to the Nutley Savings and Loan; Frank L. Samara, Director on Leave (Mr. Samara died two years ago); Joseph H. Palis, Bloomfield; John Kelly's son, Joseph, was listed as Vice President at \$50,300 a year.

• NOW for an ironic note: for the first time since I have owned this newspaper, I received in the Monday mail a letter to the Nutley Savings and Loan, 387 Franklin Avenue, Nutley. I sent it back to the Post Office with the legend, "Not known at this address."

• BELLEVILLE Annual Dinner Dance Saturday, October 5th at the Branch Brook Manor. This year's honoree is Senator Carmen Orechio. Tickets go for \$65 per person. Interested individuals may call the Belleville Chamber, 759-4848 for reservations.

Restaino, Gill endorse plan to curb health care costs

Assembly candidates Al Restaino and Louis J. Gill recently endorsed a plan to encourage President Bush and Congress to enact a national health care system.

"Health care costs are rising at an alarming rate," said Restaino. "New Jersey has taken steps to control costs at the state level, but we won't be able to solve the problem without leadership and direction from our federal officials."

Restaino explained that he and Gill are urging voters to vote yes on a non-binding referendum urging the President and Congress to enact a national health care system.

"The President claims the public doesn't want national health care," said Gill, who has served in the New Jersey General Assembly since 1988. "This year, New Jerseyans have an opportunity to send the President a clear and convincing message by going on record in favor of national health care."

Gill noted that at least 37 million Americans have no health insurance. One million New Jerseyans are among them, he added.

"Many of those without health insurance are working, middle class people," he said. "About two-thirds of New Jersey's uninsured are people with jobs, and their dependents."

"Lou Gill and I will continue to fight for lower health care costs in the Assembly," said Restaino. "Republicans like John Kelly and Paul DiGaetano have a poor track record in this area."

Restaino said Kelly and other Republicans voted against the Health Care Cost Reduction Act this year, and DiGaetano did not.

ing to address the growing problem of health care costs during his tenure in the Legislature.

Restaino and Gill are running for the General Assembly in the newly-formed 36th District.

Belleville Times SPORTS

BUC SHOTS

By Mike Lamberti

Tonight at Belleville High, a dinner will be held for the Buccaneers football players, coaches and cheerleaders at 6 p.m. A similar outing was held last Thursday, a day before the Bucs season opening game at Hackensack.

"A group of parents organize and run the dinner," Bruce Morgan said. "It's just our way of getting behind the kids. It's not an organization, just a group of parents."

Morgan also said he hopes the events can continue throughout the season.

"We hope it's an on going thing, highlighted by our tailgate party at the end of the season. But we'll need support from other parents if we hope to keep it going."

If anyone is interested in working on the dinner committee, contact Morgan, or leave a message at the Belleville Times office and I'll relay it to him.

TOUCH FOOTBALL STARTS TENTH SEASON

The Belleville touch football league began its 10th season, and the Jets and Giants were both victorious.

The Giants started the season with a 13-7 victory over a good Chiefs team. Greg Pallante passed to Steve Nardiello for a 25 yard touchdown.

The Chiefs tied the game on a 25 yard pass from John Kimball to Sam Renna. The Giants won the game when Phillip Peterson hit Eugene Pizarro with a two yard scoring strike.

For the Giants, Pete DiSantis, Niles Monica and Robert McConnon played strong defense. The Chiefs "D" was led by Ken Gersch and Dennis Caparaso.

The Jets' Steve Williams intercepted a Cowboy pass and returned it 15 yards for the decisive score. Ryan Stauss scored the game's first TD with a 20 yard run. Pete Jelardi ran for the Cowboys score and Mike Calla booted the extra point.

Michael DeRiggi, William Beauchene and Michael Williams paced the Jet defense. James Risoli, Frank Vitale and Martin Micicid played well on defense for the Cowboys.

Last weekend, the Giants and Jets met head to head with the Giants winning 20-0. Niles Monica ran for the first Giant TD and Todd Duffy ran 18 yards for the second score. The final Giant score came when Nardiello intercepted a pass and returned it ten yards.

Robert McConnon and Monica each converted extra points. The defense was led by Greg Pallante, Billy Bretzer, Gerry Piscaro and David Browne.

The Cowboys beat the Chiefs in a wild game, 21-12. Ramon Garcia put the Chiefs on the board first with a 20 yard run. However, Mike Calla returned the ensuing kickoff for a Cowboy touchdown. The Cowboys kicked the extra point and led 7-6.

Kimball put the Chiefs back in front when he hit Sam Renna with a 25 yard TD pass. Calla helped the Cowboys regain the lead on a 25 yard run. Later, Calla scored his third TD of the game from five yards out to seal the victory.

Pete Velardi booted three extra points. Velardi, Risoli and Mike Morgan led the Cowboys defense. The Chiefs were led on defense by Jerry Perrone, Rich Macasieb and Joe D'Angelo.

GIUFFRIDA RUN ON OCTOBER 20

Don't forget, the second annual Sam Giuffrida Run will be held on Sunday morning, October 20. The race will begin and end at Belleville High School. There will be a 9:30 a.m. one mile fun run, followed by a 10 a.m. five mile run.

For those runners interested in obtaining an application, they can be picked up at the following locations: Jiffy Lube in Belleville, Sneaker Factory in Millburn, Tom Fleming's Running Room in Bloomfield or from one of the race coordinators, Lorraine Leming. Leming resides at 15 Perry Stret, in Belleville.

The application fee is \$10.00 and goes up to \$12.00 for those runners who sign up the day of the race. Each runner who signs up will receive a tee-shirt. Leming also announced that there will be some entertainment after the race. Awards will also be given out after the races are concluded.

Next week, we'll have more coverage as the day of the race nears.

THIS WEEK'S PICKS

I was just 6-6 last week. Who would have thought that the Eagles would have lost its second quarterback in four weeks? Anyway, for this week, Giants 30 Phoenix 10, Jets 23 Cleveland 20, Dallas 24 Green Bay 14, Houston 27 Denver 21, New England to upset Miami 20-19, Detroit 20 Minnesota 17, Tampa Bay to win its first, beating Philly 21-20, Cincinnati to win its first, beating Seattle 26-20, Chicago to end Washington's streak, 24-21, L.A. Raiders 23 San Diego 16, Indianapolis to win its first, beating Pittsburgh 17-16 and on Monday night, Kansas City to end Buffalo's streak, 31-27.

An injury update. John Engel is doing well after knee surgery to repair ruptured ligaments. John's press agent, Mark Murray, issued a state statement as to John's condition. "John hurt his leg jumping off the Giant bandwagon."

Witnesses that saw the mishap heard John screaming "Go Saints" before he actually leaped.

Those who want to send John get well cards should contact me.

THIS WEEK'S QUIZ

Even though John Engel is injured, he did write in with his weekly quiz. This week, John want's to know when the Jets and Giants first played each other. Was it a pre season or regular season game? Where was the game played? What year was it played? Who were the starting quarterback's for both teams? What was the final score?

For a bonus question, who were the head coaches for the Jets and Giants in that first ever meeting?

Bucs fall to Hackensack, 13-6

By Mike Lamberti

For 45 of the 48 minutes Belleville and Hackensack played football last Friday night, the Bucs appeared to have the upper hand. However, Hackensack used its three minutes of superiority to the fullest, scoring twice in the first half and holding on for a 13-6 triumph at Hackensack High School.

The 0-1 Bucs will play host to Bloomfield tomorrow night at Doc Ellis Field. Kickoff is set for 7:30 p.m. Bloomfield should be a confident group coming into town tomorrow, based on its stunning 12-0 defeat of powerful Montclair last Friday evening.

Despite the defeat, head coach John Senesky found a number of positives in his teams performance.

"Defensively, we played very well," Senesky said. "We knew that Hackensack was an excellent football team and I feel after seeing them play that they will be one of the strongest teams in our division this season. They have excellent size and very good speed."

"Our kids stayed right in there with them. Coach (Joe) D'Amola did a great job of making the defensive adjustments in the second half. He has the knack for watching an opponent play and breaking down what it takes to contain them. Our kids were prepared in the second half and played very well. We had our opportunities to win the game."

The Bucs keyed up for last Friday night's game, perhaps a little too keyed up. The team appeared jittery in the early going and the players need to adjust to the new lights at Hackensack High School.

In the first half, Hackensack scored first on a long run off left tackle late in the first quarter.

"Watching the films, it was a matter of one of our guys being blocked and the other potential tackler getting tied up," Senesky said. "The game was decided by two plays, that and the fumble late in the first half."

After Hackensack's first score made it 7-0, the Bucs put them-

selves in excellent field position when John Alvarado blocked a punt and the ball was recovered at the Comet 11 yard line.

The Belleville running game, which was stymied in the first half, did move the ball to the Comet three, but on fourth and goal, Ricky Constantino was stopped a half yard short of the first down.

Hackensack's second score came late in the first half, off a Buc turnover. In short gun formation, the ball was snapped over quarterback Alvarado's head and Hackensack recovered at the Buc two.

On the first play from scrimmage following the turnover, the Comets scored and at halftime, led 13-0.

The game was beginning to take a similar identity to last year's season opener, when Hackensack took control late in the first half and rolled to a 34-0 triumph.

"Our kids stayed focused," Senesky said. "There was no let down, despite being down by two scores."

Realizing they couldn't make up the deficit in one shot, the Bucs used a patient ball control offense, mixing the pass and run in the third quarter. Alvarado hit Billy Prosperi and then Constantino had his biggest run of the day to the Comet 31.

Alvarado passed 19 yards to Michael Kimball and two plays later, Kimball scampered to the Hackensack three. Two plays later, Alvarado sneaked over for the first score of the season. The Bucs went to two points, but the conversion failed.

On its next possession, Belleville began another impressive drive. Alvarado hit Carmen Tuosto for 24 yards and Constantino ran eight yards to the Comet 36. Two plays later, Alvarado hit Hector Daniluk at the 26 for a first down. Daniluk ran 12 yards to the 14 and Constantino got it to the 12, but Hackensack's defense stiffened and the Bucs lost the ball on downs.

Belleville made one more attempt at the Hackensack end zone late in regulation time. Alvarado moved the team as close as the Comet 42, thanks to a key pass to

Buc split end John McAloon receives instructions from coach John Senesky during last Friday night's season opener.

John McAloon. However, the Comet defense did the job and held on for a hard earned win.

"We made our share of mistakes in the game," Senesky said. "But this team will come along. The team got a little awakening, especially after the way we played against Livingston. The kids found out that nothing will be easy this season."

As for Bloomfield, Senesky was quite impressed with the Bengals defeat of Montclair.

"It was very happy for Bloomfield," the coach said. "It was a good win for their program. Montclair is a big rival for them and that was an impressive way to start the season."

"Bloomfield has a big line and they will be very physical opponent."

And what about the Bucs?

"We told the kids that we'll either be bitter, or better. Our kids will get better from this loss. We're a team of good individual players who are beginning to play as a unit. We'll be okay."

NOTES: Brian Salmon, the Bucs fine offensive lineman, had a bad headache after the game, but he

should play tomorrow night.

Belleville has not defeated Bloomfield since 1987. The Bengals and Bucs tied in '88 and Bloomfield prevailed in '89, 24-0 and last year, 17-7. The Bucs last victory was at Bloomfield in '87 by a 24-0 count. Belleville last beat Bloomfield at home in '86, winning 14-0.

Senesky was very happy with the play of Kimball, Constantino and Alvarado. "John (Alvarado) was in the game for just about every play," Senesky said. "He played quarterback on offense, safety on defense and was in on special teams."

After Bloomfield game, Bucs stay home for a third Friday night contest, this one with Paramus Catholic.

Spikers win first match

By Mike Lamberti

Gracie Worley has been coaching volleyball long enough to know a rebuilding season when the seas one. Therefore, the veteran coach of eleven seasons didn't mince words when talking about the '91 campaign thus far.

The Lady Bucs lost matches to Kennedy, Ridgewood and Passaic last week. The team did win its first match of the year, downing Eastside. The team took a 1-5 record into this weeks action.

Belleville took on Hackensack, Passaic Valley and Nutley earlier this week. Today, powerful Paramus Catholic comes to town for a 4 p.m. match. P.C. was rated number one in the state by the Star Ledger earlier this week. Next Tuesday, the Lady Bucs are home to Clifford Scott and next Wednesday, the team is at Teaneck. All matches commence at 4 p.m.

"It's a tough league, and it's going to take time, but I know our kids can do well," she said. "Inconsistency has hurt us. We haven't been able to get the winning point. But I'm happy that the kids have been competitive. They have shown the ability to play well at this level."

Against Eastside, Belleville won by scores of 15-10, 10-15 and 15-11. In the three setbacks, the Lady Bucs were beaten in straight sets, but there were some encouraging performances. Against Passaic, the girls lost the second set, 16-14. Versus Ridgewood, the second set count was 15-13.

"Kennedy (which beat Belleville 15-2, 15-4) is ranked in the top 20," Worley said. "They have an excellent serving team. They're going to be a real tough team this year."

The coach credited junior Colleen Mannion with excellent play at the net. Natalie Bonaccorsi and Andrica Curren have been doing a fine job of setting.

"We're working with a 4-2 formation," Worley said. "The girls have adjusted well to that. The team is showing signs of being a very competitive one. It's just going to take time."

Mary Campbell has also played well this season. She has been seeing time on both JV and varsity. The coach is also pleased with the good turnout of freshman players this fall.

"We're hoping to have a freshman match against Teaneck next week," Worley said. "The freshman need to play and it would be good experience to play on this level as much as possible."

Soccer team stops Paramus

By Mike Lamberti

Defense continues to be the name of the game for the Belleville soccer team. Gino DePinto's club won two more games via the shut-out route last week, beating Paramus 2-0 and Good Council 3-0.

The only downer to last week was that the Bucs lost its first game of the season, to Hackensack 5-1.

Belleville took a 5-1 record into a game with Teaneck last Monday. Yesterday, the Bucs faced Paramus Catholic and tomorrow, the team is at Nutley. Next Monday, North Arlington comes to town and next Tuesday, powerful Don Bosco visits Belleville. All games start at 4 p.m. All Belleville home games are contested at Clearmont Field.

The game with Hackensack started late weeks action and DePinto admitted his team was not up to the challenge.

"Hackensack is a 'very good team,'" the coach said. "But our kids didn't play up to their potential. We expect Hackensack to be

one of the better teams in the NNJIL (Pacific Division) and we didn't give them our best game."

Greg Groelling scored the lone Belleville goal, off an assist from Giuseppe Menella.

Against Paramus, the results were pretty much the opposite of the Hackensack game. The Bucs played excellent defense in recording its third shutout of the year.

Groelling scored both Buc goals and Darren Lewis assisted on both goals. Excellent defensive efforts were turned in by Franco Vitello, Matt Kastner, Alex Moreno and Steve Vogel.

The midfield was paced by Alex Alexandre. Strong play was also turned in by goalies Emanuel Arujo and Rocco Constantino. Both men shared the playing time fairly equally.

Belleville also welcomed back Frank Crocco to the starting lineup. Crocco was hurt in the season opening win at Teaneck, suffering a broken nose. The Paramus game

was his first appearance on the field since that injury.

Versus Good Council, the results were impressive once again. Alexandre, Paul Mora and Groelling scored goals for the Bucs. For Groelling, it was his sixth goal of the young season.

Once again, Arujo and Constantino shared the goalkeeping duties.

"The entire team played very well once again," DePinto said. "We're using a 13 man rotation now and everyone is fitting in well."

As for this weeks games, DePinto expects a tough battle with Don Bosco.

"They have an excellent team. They beat Hackensack 1-0 last week, so we expect a real tough match."

NOTES: The J.V. team was beaten by Hackensack 3-0, but the Bucs rallied to stop Paramus 3-1. Diego Paredes scored twice to lead the Buc attack. Steve Collett also scored for Belleville.

Junior Bucs continue winning ways

A key play in the scoring drive was a 40 yard pass from Fitts to Damon Battie.

In the third quarter, Buc outside linebacker Ram Parekh intercepted a pass and ran 70 yards for the second Belleville score. The conversion failed and Belleville led 13-0.

In the fourth quarter, the Bucs scored twice to put the game out of reach. Fitts ran 49 yards for his second touchdown of the evening and late in the game, Rich Romano ran 17 yards off left tackle to seal the victory. On Romano's run, Carl Piscatowski threw a key block.

Fitts had a fine day, scoring twice and rushing for 101 yards on 12 carries. He also recovered a fumble.

Parekh and Anthony Roberto had interceptions and noseguard Brian McIntosh recorded eight tackles and three quarterback sacks. Rob Caputo had nine tackles and strong defensive performances were also turned in by Brian Brady and Damon Placente.

DE FALCO SCORES THREE TO LEAD "B"

Rich DeFalco scored three touchdowns and the Buc defense did another outstanding job in leading the "B" team to an 18-0 triumph.

Joe DeRiggi's team stayed with the basics in winning its third game in three tries.

"It was nothing fancy, we just played hard football," DeRiggi said. "Our ground attack gained close to 200 yards."

DeFalco scored on runs of two, three and five yards. Good running out of the backfield was turned in by Bob Carsella, Mike Abdell and Bobby Trainor.

Other players who did well on offense were tackle Kenny Spers, ends Ed O'Marra and Justin Mohren and wingback Ricky Roberto.

The defense, which recorded its second shutout of the season, was led by noseguard Albert Fusco. M.L.

The Home Front

By Nina Kaeser

New full-spectrum light bulbs produce purer color; the white light doesn't change color (temperature with age and shows more vibrant colors. Bulbs cost more but last longer.

Furnace filters should be replaced periodically — at least every spring and fall. The pay-off is cleaner air in the house all year, less dust settling on surfaces, and less trouble with allergies.

Catch the clearance sale at the local nursery and plant trees and shrubs now. You'll save on younger specimens if you're willing to wait an extra year for them to mature.

When job transfers loom, smart folks consider living costs in the new location. In many cases, employers can be convinced to make up the difference in home prices and taxes.

The easy way to remove burned-out food from a pan is with baking soda. Sprinkle the white powder generously and add just enough water to moisten it. Leave overnight. It will be easier to clean tomorrow.

The easy way to find the just-right home for your family is with the help of the capable real estate professionals at Century 21 Stanford Agency, 86 Union Avenue, Nutley. Call 235-9000.

Weichert recommends part-time real estate work

Want to become involved in real estate without making a full-time commitment? Weichert recommends becoming a real estate referral associate.

Referral associates earn a portion of the sales commission when the transaction is completed by simply referring friends, relatives, and neighbors to a licensed real estate broker.

"Everyone knows someone in need of a real estate agent at some point," said Weichert Referral Associates Co. president Gerry Manger.

Weichert Referral Associates refer friends or family members to

a full-time agent and, once the transaction is completed, they earn a percentage of the salesperson's commission — just for making a phone call. The average commission earned by a Weichert Referral Associate is more than \$800, and there are no per transaction processing fees.

Referral associates must first obtain a state-issued real estate license by completing the required course and passing the state exam.

Former real estate agents who have let their license expire could potentially activate it and place it with Weichert Referral Associates.

NOVENA TO ST. JUDE. This novena has been known to fail. This novena must be said for 9 consecutive days. Publication must be prominent. Oh, Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near-kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid, Amen.
