Aside From That

By Howard Klausner

On the early afternoon of November 21, a day in which there had been a light rain that laid an oily slick on Mill Street, a Department of Public Works truck carrying three DPW workers rounded a path in **Essex County Park** and presented the three men with a shocking sight. A station wagon was upside down in the **Third River** in a foot of water, and there was someone in it. The driver of the truck, **Jack Morrison** shot the vehicle to the edge of the 15-foot deep river channel and leaped out, jumping immediately down the side of the river wall. Morrison, 32, is six-foot-four, and had been with the DPW for 13 years. He was a Supervisor, accompanied by **Joe Corona** and **Tommy Spertuto**, part of the crew involved in making water and sewage connections. Inside the overturned car was a 38-year-old man from **Newark** whose car had skidded off Mill Street, gone through a wooden fence and plummeted into the river. He was not wearing a seat belt and his head struck the roof of the car. He was lying on the overturned roof when Morrison got to the driver's side door, found it jammed and then slogged to the back window of the wagon. He got the door open, reached in and pulled the man, who was soaking wet, out through the back exit. Spertuto and Corona used their car radio to call **Belleville Police** who contacted the **Belleville Fire Department**. The police arrived with a life preserver and rope, which Morrison, Spertuto and Corona used to haul the driver out of the river channel. "I discovered the man couldn't speak English," Morrison recalled. "He just kept pointing to his head and showing pain. He must have had a concussion, because he was bleeding from the nose." With the rescued man safely on his way to **Clara Maass Medical Center** in a Fire Department ambulance, the men from the DPW were back on their rounds, with Morrison looking for some dry shoes and socks. **Deputy Fire Chief Charles Aughenbaugh** said that the DPW men's quick action, and Morrison's plunge into the river, probably saved the driver's life. He brought the incident to the attention of his superiors, who reported it to **Town Manager Bert Kendall** who reported it with some pride to the **Township Council** which promised to take some official recognition of the life saving actions of Morrison, Spertuto and Corona. Public service runs strong in the Morrison family. **John Morrison, Sr.** is an officer with the **Essex County Grand Jury** and his wife, **Mary** works with the **Essex County Board of Elections**. **Son Patrick** works for **Herr's Potato Chips** - "But he won't bring home samples," Jack says - while daughter **Tracey** is a title searcher; daughter **Mary** resides in **Union Township** with husband **Richard Cowper**, and daughter **Carol** is a student at **Ramapo College**. Any time the town is willing to present Jack Morrison with a formal recognition of his feat, the family is ready and waiting. So are the Spertutos and the Coronas.

The last time we heard from **George DelGrande**, he had just returned from **Hollywood** and a dream vacation there, at the courtesy of a rock-and-roll radio station, which had plucked him out of millions to meet the starlets and the celebrities. Life took a grimmer turn, however, when his car was the target of a would-be thief, recently. The intruder had broken the car window when a neighbor, the son of **Township Clerk Mary Lou Hood** spotted the miscreant and gave chase. So did half the **Belleville Police Department**, under the mistaken (fortunately) impression that someone was assaulting the Hood household. George, they say, was blissfully asleep and didn't hear a thing. **Sam Coronato** would like to locate a soldier, **Alex Zambrano** and invite him to the house for Christmas. Zambrano, according to an **Army Home News** press release hails from Belleville and is serving with the **502nd Infantry Battalion, Sixth Division**, in **Berlin**, which happens to be the same outfit in which Coronato's grandson, **John Cabot Miele**, is also serving. The press release told of Zambrano's help in feeding **Kurdish children** in the aftermath of **Operation Desert Storm**. So far, we have not been able to locate any Zambranos in Belleville, and neither has Mr. Coronato, so we are open to information. Mr. Coronato can be reached at (201)759-6085. **Jon Nardachone** has launched his career into communications and entertainment with an executive post at **Atlantic Records** in the "metal" radio sales division. That's rock music, folks. He managed **Seton Hall University's WSOU** as an undergraduate - a very professional station. Proud Dad is Attorney **Emil Nardachone**.

Perna sees 4-point tax saving

Schools expel 7 more non-resident students; Chief Lister supplies detective to the Board

Superintendent of Schools **Michael Nardiello** told the Board of Education this week that continued efforts to seek out non-resident students who were attending Belleville schools illegally has resulted in seven being "expelled" since school opened in September.

This was in addition to the 37 non-resident students expelled in previous school year.

Nardiello said that Belleville Police Chief **George Lister** had made Senior Police Officer **George Sheridan** available to the schools to assist Attendance Officer **Wayne Worley** in the effort to out students who do not live in Belleville.

Board President **Marina Perna** said that the removal of more than 40 non-residents from the school system was equivalent to a four-point cut in the tax rate.

"It costs us \$4,500 a year to educate a single student," President Perna said. "A tax point is approximately \$40,000."

Nardiello noted that a police officer could go into places which

would be too dangerous for an unarmed civilian. He said that Worley had experienced at least two narrow escapes from physical harm at the hands of people who objected to his inquiries.

"In one case," Nardiello said, "Mr. Worley was run off the road."

Nardiello said that Worley had received threats against his life. Sheridan is a veteran officer who has detective experience. He is retiring in February. He is supplying his help in the early hours of the day, when students are on their way to school.

Nardiello said he had heard people speak of "more than 100 non-residents" being in the school system. "All I can say is, if anyone has such information, to let us know about it," Nardiello said.

One citizen, **Frank Montagna**, urged giving students cash rewards for turning in non-resident students. "I know the kids hate to turn in their friends, but maybe they'll do it for money," he said.

Honored students

The report on the effort to oust non-resident students was overshadowed by tributes paid to student achievements.

The school trustees heard that nine of 10 cosmetology students who had taken a state licensing test had passed it. The statewide average is only 54 percent of those who take the test passing it.

The high school was cited for the winning of six **Edward J. Bloustein Distinguished Scholar Awards**, worth \$1,000 a year for four years, and eight **Garden State Scholarships**, worth \$500 a year for four years.

Winners of the Bloustein awards were **Domenica Grippi**, **Jennifer Kastner**, **Mark Veneziano**, **Leith Herschell**, **Dena LaCara** and **Alison Zampino**.

Garden State Scholarships went to **Enrithess Dela Merced**; **Gaetano Gioino**; **Christina Sabatino**, **Christa Trippodi**, **Lisa Galoway**, **Jared Nappi**, **Lynn Stevens**

and **Michael Trupia**.

Board Vice President **Seymour Grossman** paid a special tribute to **School 9** and its Principal **Pat Forte**.

"School 9 is alive and well and growing," Grossman said. "You want to see the diversity of ethnicity here." He praised Forte for maintaining the school's standards and achievements, particularly for newcomers to the community.

The board adjourned to the Gymnasium for half an hour to see the high school cheerleaders, band and color guard in a thrilling performance.

The board issued a resolution commending the **Belleville High School Marching Band** and its leader, **Joseph Kraemer**, for bringing it up to championship status in a five-year period.

The band took five first place awards in a recent competition in **Westfield**, against **Bloomfield**, **Nutley** and **Montclair** as well as **South Plainfield**, **Middletown**, **North** and **Watching Hills High Schools**.

Early retirement loses its luster

A report that encouraging early retirement of school employees would cost Belleville \$3.7 million over a 29-year period left the Board of Education uncertain about joining the state early retirement plan.

James Phoenix, a partner in the accounting firm of **Deloitte and Touche**, **Parisippany**, said that he had found that state aid to assist the program would not be much help to Belleville.

He said that 37 school employees had indicated their interest in early retirement, but that expected salary savings were illusory.

The total additional cost over 29 years would come to \$6.2 million. State aid would reduce this by \$2.5 million, **Phoenix** said.

The board has until Dec. 30 to decide about joining the plan. A majority of the board indicated a willingness to drop the idea.

Santa to visit the 2nd Ward

The monthly 2nd Ward Meeting, hosted by Councilman **Frank A. Caputo**, will have a special guest at the Dec. 19 gathering.

"During this holiday season, I thought it might be a warm and friendly gesture if Santa Claus could find the time to share an evening with the residents of the 2nd Ward," Caputo said.

SANTA AND PAL - Santa Claus received hundreds of young friends when he arrived in Belleville on Saturday, courtesy of the Belleville Chamber of Commerce, and among them were the smiling trio of **Melanie**, **Joey** and **Jodi Troise**, happily posing for their photo with the visitor from the North Pole.

Town Hall to ring with sound of music

Some magnificent singing is expected to be heard where often the sound is of discord and argument, on Dec. 18.

Starting at 6:30 p.m., the members of the **Seton Hall University Madrigal Singers** and the **Chorus of Communities** will mount the steps of the Municipal Building and pro-

vide a program of traditional Christmas music.

Many, besides the singers, are contributing to the event. The **Belleville Police** are providing Christmas trees to decorate the scene. The **Belleville Chamber of Commerce** is printing and distributing the posters announcing the event.

William Moore will conduct the **Chorus of Communities**. The **Madrigal Singers**, who have performed for His Holiness, **Pope John Paul II**, will be led by Professor **Jeanette Hile**.

Marian Messina, wife of Councilman **Jim Messina**, is the organizer of the concert.

RISING HIGH - For more than 40 years, **John Auricemma** and his family have been creating a Christmas wonderland at their home at 90 Mt. Prospect Ave. in Belleville. An electrician by trade, Auricemma brings the figures to life with light and movement. The ascending team of Santa's reindeer heralds the arrival of another display of seasonal figures.

CHRISTMAS VILLAGE - **John Auricemma** and his family welcome the public to enjoy their annual display of figures, most of them in motion, ranging from the traditional creche to a complete Santa's workshop, with elves hard at work. An illuminated star on the roof can be seen from the next county. Santa will make a personal appearance on Dec. 15, 7 to 9 p.m.

Scott donates Christmas tree

Senator-elect John Scott has donated a Christmas tree to be lighted on Dec. 15 at the Recreation Building on Joralemon Avenue.

Scott will represent the newly designated 36th District next year. The tree lighting will be sponsored by the Belleville Junior Woman's Club.

Richard Yanuzzi, President of the Belleville Republican Club, said that Scott had donated the 58-foot tree as a token of his appreciation for Belleville's support in the last election.

Yanuzzi said that Santa Claus will be on hand for the ceremony, and that the Belleville High school Chorus and Orchestra will provide music and song for the event.

Belleville Holiday Celebration '91, which is planning the event, is sponsoring an essay contest for school children on the theme "Peace on Earth." The winner of the contest will light the tree, Yanuzzi said.

Among those participating are Deputy Mayor Bill Cook, Councilman Mario Drozdz, Board of Education Trustee Angelina Pasersch, Chamber of Commerce President Rita Troise, Marianne LoPrato, Barbara Ciccolese, Grace Perdue, Francine Pasersch, Zoning Board Chairman Sam Papa and Assessor Tom Salzano.

REMEMBERING PEARL HARBOR - The Joint Color Guard of the Belleville Veterans Council was present at the ceremony commemorating the 50th anniversary of the Japanese attack on Pearl Harbor. From left are Robert Brynning, Bill Neumyer, Dominic Jeannette, Bev Townsend, and at far right, Jim McCabe.

Church provides Christmas care all year

On Thanksgiving, the Silver Lake Baptist Church held its second annual Thanksgiving Day Love Outreach Service and Dinner, serving some 50 people, many of them homeless.

Four turkeys and a good supply of vegetables, lasagna, and dessert

pies provided the feast.

Bob Clasanti, a Deacon of the church and director of its Outreach program, noted that the Thanksgiving meal was not a one-time event. Throughout the year, the program provides meals provided by volunteers to those in need.

"It's great to see so many individuals and churches get involved in helping the homeless and the needy on Thanksgiving," Clasanti said.

But the sentiment should not be expressed just during the holidays, he added.

He said the Outreach Program reaches into such gathering places of the afflicted as Pennsylvania Station in Newark, gathering them up by the busload for a visit to the church and its dining table.

Many volunteers assist, among them Gertrude Trimarco who does much of the cooking.

To Deacon Clasanti, the Outreach Program is only one of the ways to meet the sufferings of the poor, whose numbers seem to grow daily with the worsening economy.

Gertrude Trimarco does the cooking. Photo by John Clasanti

Promotions

The retirement of Belleville Police Captain Philip Salmon has resulted in three promotions.

Lieutenant William Escott has been made Captain. Escott joined the department in January, 1971 and has been a Lieutenant since

February, 1986.

Sergeant James Pindar has been made Acting Lieutenant, pending establishment of a new Civil Service list. Pindar joined the department in December, 1967 and has been Sergeant since March, 1980.

Patrolman Nicholas Krentz has been promoted to Sergeant. He has been in the department since January, 1984.

The promotions were announced by Chief George Lister.

Golden Comments

By Jim Golden

It would appear that the uncommon practice of Municipal Council presiding officials invoking the practice of ordering the arrest of citizens at public meetings whose conduct vex and annoy them is becoming ridiculous.

A case in point can be taken from a recent story in the Sunday Star-Ledger of 11-24-91 captioned "News reader faces trial in Haledon." It reads, Haledon Municipal Court will be the setting early next year for the trial of a college professor arrested earlier this month in a neighboring town after he refused to stop reading a newspaper during a council meeting.

The case involving Michael Sebetich, 48, of Hawthorne, is expected to be heard in January, said Howard S. Weiss, the professor's attorney. Sebetich was arrested at the Nov. 6 council meeting in Hawthorne.

At a hearing Thursday night in Hawthorne Municipal Court, during which Sebetich pleaded innocent, Judge Donald Reenstra removed himself from the case and transferred it to Haledon.

Reenstra, who is appointed by the mayor, believing it may be "awkward" to hear a case involving the mayor and the council, Weiss said. The attorney has not decided whether Mayor Anthony Ross, who was present at the meeting when Sebetich was arrested, will be called as a witness.

Sebetich, a professor at William Paterson College in Wayne, was carried out of the meeting by two police officers after he refused to stop reading a newspaper. He was charged with being a disorderly person, which carries a penalty of up to six months or a fine.

Council President Stanley Domalewski, who made the decision to call police to the chambers, has described the newspaper reading as rude and annoying. "I think it's a bit ridiculous," said Weiss, of Franklin Lakes, describing the charge against his client, who had made the decision to read at the meeting after learning that the editor of a local weekly was threat-

ened with expulsion from a council meeting when she wouldn't stop her reading.

County Executive Tom D'Alesio has been commended by a Caldwell resident in the Essex Forum for urging the Belleville site of the old Essex County Hospital for proposed courthouse space at the Belleville Avenue and Franklin Avenue location opposite the golf links in the same area...pointing out that it would cost much less than the expected cost to taxpayers of about \$40 million.

The county already owns this property and it would cost the taxpayers very little to convert it. Especially in this case, since the old hospital building could make a good permanent court house. It is large enough and has room for parking. All county entities do not have to be in Newark. Likewise, people serving on juries, etc., would be much more comfortable and feel safer in the Belleville surroundings the letter pointed out.

It is sad to relate that New Jersey residents have about the same level of knowledge about their state government today as was noted in the first statewide poll conducted in the fall of 1971.

Three in ten can't identify the political party of the Governor, about 6 in 10 cannot name the Legislature, 3-in-4 did not know what state offices were being contested in the latest election, and 9-in-10 cannot correctly name their state senator.

The political environment in 1971 was similar to this year. At both times, all of the seats in the New Jersey Senate and Assembly were up for election. Overall, it is the younger New Jersey residents who are less likely to have political information.

Compared to 20 years ago, newspapers use has declined 6 points from 90 percent and radio use dropped 7 points from 20 percent. However, the use of television as a media source for information about New Jersey has increased 20 points from 35 percent in 1971.

GRAND REOPENING - The Belleville Chamber of Commerce welcomed the reopening of Casa Polizzi last week, as the restaurant once again was back in business. From left are Councilman Jim Messina, Emil Nardachone, co-owner Cecile Polizzi, Councilman Mario Drosz, co-owner Mario Frappaolo, Chamber President Rita Trosie (partly shown), Providence Polizzi, mother of Cecile; Mayor Marina Perna; Chamber Secretary Mary Ann Flor, and Livio Frappaolo, father of Mario.

Student closer to \$25,000 scholarship

Jon Paul Louis, a student at Belleville Middle School, won the school-level competition of the National Geography Bee on Nov. 27, and a chance at a \$25,000

college scholarship. The school-level Bee, at which students answered oral questions on geography, was the first round in the fourth annual National Geography Bee,

which is sponsored by National Geographic WORLD, the Society's magazine for children, and Amtrak.

The kick-off for this year's Bee was the week of Dec. 2 to 7 to coincide with Geography Awareness Week. Thousands of schools around the United States, the District of Columbia, and five U.S. territories participated. The school winners, including Jon Paul Louis, will now take a written test; up to 100 of the top scorers in each state and territory will be eligible to compete in their state Bee March 27.

The National Geographic Society with its co-sponsors will provide an all-expense paid trip to Washington, D.C., for state champions and their teacher escorts to participate in the National Geography Bee national championship on May 20 and 21. The first-place national winner will receive a \$25,000 college scholarship; the second-place winner, a \$15,000 scholarship; and the third-place winner, a \$10,000 scholarship.

BHS dancer in "Chorus Line"

Tracey Gray, daughter of Richard and Maureen Gray, will

appear in the JCC Teen Production of "A Chorus Line" to be presented at the Martin Levin Theater in West Orange. She will have the role of "Val".

The Belleville High School student is a student-teacher and a member "The Dancecasters Dancers", a competitive dance troupe. She recently was selected to be a "Caravan Kid" for the 1992 Hootor Summer Dance Caravan, a seven-week, 14-city National Convention Tour.

The Martin Levin Theater is located in the Salzman Building, 769 Northfield Ave., West Orange. Performances are at 8 p.m. Thursday, Dec. 12; Saturday, Dec. 14, and Sunday, Dec. 15. Tickets are available at the door.

OUR OPINION

Setting new standards

Among the many suggestions of how to catch non-resident students in the act of illegally imbibing Belleville education is that bounty money be paid to informants.

One citizen told the Board of Education that it seems to be difficult persuading youngsters to inform on their classmates - "but when you mention money, their eyes glitter."

What a wonderful lesson in life it will be for the youngsters when they learn how easily and profitably they can turn in their friends for money!

In no time at all, they could progress to informing on their parents and the rest of the neighborhood. Once Junior has turned in his Dad to IRS for a finder's fee, there's no reason he couldn't tell Social Security about Grandpa's secret job at the bowling alley.

And daughter might start comparing the claimed ages of her aunts to the ones that the birth certificates tell. And for a price, she could keep it their little secrets.

Obviously, education is more than learning some reading and writing. It encompasses learning the way of the world, and that way - at least in the eyes of some citizens - is to sell out as many people as possible for the best price possible - not the least price being your personal integrity.

But what's a little integrity if you can teach the kids how to make a fast buck?

Under the new standards, George Washington would never have been able to tell his father he had chopped down that cherry tree.

Five of his closest friends would have beaten him to it.

Upholding the past

A great many people in a great many different ways are making their contributions to this town.

One of them is Ed O'Neil, the retired longshoreman who has taken upon himself the task of putting up the historic markers and setting out the historical routes which shed light on our past.

Mr. O'Neil has posted many historical markers in town, and with other members of the Belleville Historical Society, he has worked out tours of the town that should be used by adults and school children alike to learn not only the facts of our history, but the importance of that history.

One of his current projects is the placing of a sign at the Rutgers Bridge which will announce our history to the world in no uncertain terms.

A preliminary draft of the legend to appear on the sign is as follows:

"The years between 1812 and 1839 witnessed the birth of an industrial economy in Belleville.

"The Hendricks Copper Mill from 1813 to 1928 made Belleville the nation's major copper manufacturing center.

"In 1847, John Henry Eastwood opened a factory for making dyes.

"Other concerns were: The Stephens Brass Rolling Mill, the Grey's Calico Cloth Printing Company and Duncan and Cunningham's silk printing firm.

"The Stephens firm manufactured the nation's first wire cloth.

"In 1857, three members of the DeWitt Family joined the company and in 1876 the operation was called the DeWitt Wirecloth Company.

"In the 1830s, the Morris Canal and the Passaic River provided means of transportation and the Second River afforded power for factories.

"In 1884, thirty-four of the DeWitt's Wirecloth Company's 50 wire weaving looms were powered by steam engines.

"In 1889, Thomas Alva Edison opened a plant in Silver Lake that made materials used in battery manufacture.

"In the 1850s, steamboats plied the Passaic River carrying passengers as well as goods.

"The National Grain Yeast Corporation began in 1927. The management of this maker of baker's compressed yeast included two sons of President Roosevelt, James D. Roosevelt and Franklin Jr."

And even this wonderful capsulated history does not tell all the story of Belleville. But it's a wonderful introduction.

YOUR OPINION

Giants lose, Ukraine wins!

To the editor:

Last Sunday's Giants game was constantly interrupted by my itchy finger on the channel selector flipping CNN News for the latest update of events taking place almost half way around the world - not that the Giants were losing, but that Ukraine was winning. I think that the closest I can come in describing the uplifting and mind boggling emotions experienced by me last Sunday, came two decades or so ago with the landing of the first Apollo on the moon. Mind boggling for obviously totally different reasons, but just the same, unbelievable.

A subjugated nation for nearly 70 years, forcibly enslaved by the Soviet Empire, decimated and destroyed by the ravages of two horrible World Wars, its people persecuted and exiled, starved to death by the millions by Stalin despite bountiful natural resources, Russified for nearly four generations, this nation finally stood up not on a battle field, but in a ballot booth and told the world: Enough! Enough lies and enslavement! Freedom is a rapturous ecstasy understood truly only by those who once possessed it, lost it and finally regained it.

I can visualize the tears of joy on many faces I've never seen, but can feel instinctively. Maybe now after 50 years of exile in Siberia, my aunt will be able to come back to the place of her youth and share in the rejoicing of an independent Ukraine - a nation she might have only dreamed about as a mere youth of 15 when she was accused of "subversive activity against the State" for taking math tutoring lessons from another teenager, tried in secret and sentenced to 15 years of hard labor in a gulag and banished to Siberia for the rest of her life.

Stories like this one are in the millions. It's way past time for change. I applaud my brethren in Ukraine for the courage, the determination and the wisdom exercised in attaining it.

One bit of biased reporting that crept into the TV news media commentary included the foreboding calls from Mr. Gorbachev about the crumbling Soviet Empire, i.e., as Ukraine goes, so will the rest of the Republics. I cannot perceive us lamenting the fall of a brutal and now bankrupt empire. It

wasn't too long ago that we considered Communism a threat to us and to the rest of the world.

Now that it has crumbled, and its remnants including Gorbachev are on their last political gasp, the need for change in this economically dysfunctional and nearly staving society is of tantamount importance.

Hopefully, President Bush along with other world leaders, will recognize the Ukrainian aspirations for independence and self-rule as a continuing (after the Baltics) restructuring of a fallen society. This was needed, it had to happen and can only lead to a sane and responsible revitalization of an otherwise totally stagnant political and economic system.

As for the Giants, there will be other Sundays, maybe with better concentration!

George N. Shuhan

Silver Lake Day

To the editor:

Silver Lake Day was held Sunday, December 1. Though it rained much of the day, the purpose of appreciating Silver Lake, its history and its people was successful. This special part of Belleville was the focus of this special day which was organized by the Belleville Historical Society.

The good neighborhood feelings that surrounded the outdoor portion of Silver Lake Day was led by Master of Ceremonies, Councilman Jim Messina. Special thanks must go also to Councilmen Frank Noonan, Mario Drodz, and Bill Cook. Mayor Marina Perna spoke eloquently about the great neighborhood feeling of Silver Lake and State Senator-Elect John Scott admired this rallying of positive local feeling.

Lou Paraboschi, incoming president of the Belleville Chamber of Commerce, promised Chamber attention to the needs of Silver Lake businesses, while Lew Gardner, representing Clara Maass Medical Center, spoke of how the hospital focuses on being a good neighbor to Silver Lake. Bob Shumeyko, overseeing the township's Silver Lake Neighborhood Preservation Program, was present to talk about this promising strategy for improving both residential and commercial properties in Silver Lake.

Historian Bob MacFadyen offered a lively history of the lake that gave Silver Lake its name, and Clara Ryan's drawing of the old mill at Silver Lake was presented to the Shafter Branch of the Belleville Library, located at School No. 4.

Special thanks must also go to Edward O'Neil of the Belleville Historical Society, who planned the day and to Marie Burke, who made Pico's Pub a warm gathering spot for the reception following the outdoor activities. Silver Lake Day promises to be an annual event after this!

David Bryant, Director
Belleville Public Library

Rotary asks help

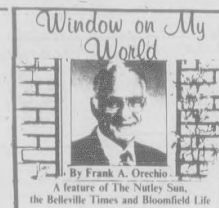

To the editor:

Once again the Belleville Rotary is collecting used but usable toys for our needy children in town. We also would appreciate any food, toiletry items, etc. that we could assemble for our needy donations. Your generosity in the past has always been overwhelming and with the holiday spirit upon us, we hope you can all provide these items for those that are less fortunate.

The Belleville Chamber of Commerce at 155A Washington Ave., has agreed to open their doors for your donations between the hours of 9:30 a.m. to 3:30 p.m.

With sincere thanks for your continued support. Season's greetings.

Shirlee Sherman, President
Belleville Rotary

• **CONDOLENCES** to the family of the late Mrs. Doris Popadick. Doris was a grand lady, totally dedicated to improving the quality of life for those less fortunate than she. She died on Friday, November 29, 1991, at age 77.

I first met Doris 57 years ago, in 1944, when my bid for a Nutley Town Commission berth failed. Doris was friendly, caring and compassionate. She made selfless contributions to improving the quality of life in Nutley through her membership on the Nutley Board of Education for nine years, and for ten years as motor corps chairman of the Nutley Chapter of the American Red Cross. She served with the Nutley Senior Citizens Council and the Nutley Adult School.

A charter member and president of the Association of Retarded Citizens of Essex County, Doris' dedication to that group saw her accept important assignments with the association at the state level. I felt a deep, personal affection for Doris. Her ever present smile was no accident. She conveyed good feelings to those among us fortunate to have been associated with her. The world of Doris Popadick is kinder and gentler because this lovely lady made it so. May God bless the memory and soul of this great lady.

• **WHEN** Santa Claus arrived in Nutley by helicopter on Friday, November 29th, an event sponsored by the Nutley Chamber of Commerce.

he was shocked to see over 1,000 youngsters waiting for him. Special thanks to Dr. Paul Neal DeMaio for flying Santa into town with his helicopter. Master of ceremonies, Anthony Drollas, was up to his usual good humor and did an outstanding job. Under the leadership of President Robert Schweikert, the Chamber's Santa's arrival event was the biggest ever - larger than the most optimistic expectations.

• **ARMANDO FONTOURA** will be sworn in as Essex County Sheriff on Wednesday, January 1st at 1:30. Fontoura won despite a precedent setting statewide victory by Republican can-

didates. Fontoura's 25-year experience as a law enforcement officer made sense with the electorate. His opponent was a total political being and lacked the experience required of Essex County's chief law officer. Fontoura did it his way - on his own. Essex Democratic leader Ray Durkin made the nomination and victory possible.

• **LAST** week, I placed Tom Giblin at a meeting concerning Ray Durkin's future hold on the County Democrat leadership. A spokesman for Tom Giblin called to say Surrogate Giblin did not attend the affair. I believe this denial despite the fact that I rechecked with my source who states that it was Tom Giblin, the profile he saw was a Giblin look-alike. So, I owe an apology for misidentification.

• **FREEHOLDER** Art Clay reminds Essex County Executive Tom D'Alessio that the County which D'Alessio runs, has a multi-million dollar deficit and further reminds D'Alessio that the \$11,000 pay raise the County Executive is looking for is not included in the 1991 budget - and take this for nerve - the County Executive wants it retroactive to the beginning of the year! Clay further points out the proposed increase "amounts to 13%," while the few County employees who did get pay raises this year received only minimum amounts. Clay is right on all counts.

• **GOVERNOR** Jim and Lucinda Florio hosted a "Holiday Brunch for Special Friends" this past Monday at Drumthwacket, the Governor's home in Princeton. It was a very festive occasion. I didn't count the number of guests, but every county in the state was represented. The Governor seemed to be in a very jovial mood, pressing the flesh with great comfort and meaning. In that type of environment, Jim Florio is at his best. Well, again, I wish Jim and Lucinda Florio a merry Christmas and a healthy, happier and more successful new year.

Gov. Jim Florio and wife Lucinda

• **THE** Carmen Orechio Civic Association's annual holiday celebration scheduled for Saturday, December 14th, at Nutley Annets Hall, is a sell-out.

• **I** RECEIVED a reminder in the mail that former New Jersey Attorney General Carey Edwards may be a Republican gubernatorial winner in November 1993. The flyer reminds the reader that it isn't what happens in the June Primary that counts, but who can beat the Democrat in November.

• **THE** 83rd Annual Convention of Rotary International will take place June 14-17 in Orlando, Florida. It is one of the most important dates for Rotarians. Belleville Rotary Club president Shirlee Sherman proves effective leadership can be provided by a female.

• **LAST** week, I explained that the water from the Wanauke Sou's Project increase for 1992 was half of one percent. For Nutley, this translated to \$4,709 on a billing of \$862,329. When one takes into account a rebate check of \$92,148 which Nutley received recently, the 1991 figures for Nutley would show a decrease of \$87,439 for 1992.

• **THE** North Jersey District Water Supply Commission did very well by the City of Newark also. Recently, North Jersey Commissioner Hank Martinez presented Newark Budget Director Ann Marie Heard center with a \$493,896 check representing funds budgeted but not spent in 1991. Newark Director of Water Accounting and Customer Service shares the joy with the other two.

• **IF** you really want to show your support for volunteers who work their butts off to provide entertainment activities throughout the year, appreciation can be shown by attending a benefit Pancake Breakfast sponsored by the Nutley Firemen, who will donate the proceeds to the Nutley Civic Celebrations Committee. A special attraction is that Santa Claus will be present, and parents are urged to bring their children for a picture-taking ceremony. Tickets are \$5 for adults, \$3.50 for children. The event will be held at the Parks and Recreation Building in Nutley. More information can be obtained by calling Mrs. Bea Ucci at 661-2920.

Calendar of Events

Dec. 12 — The Youth Ringers will perform at 7:30 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. Call the library at 450-3434 to register for this Friends of the Library program.

The film, "Holiday Inn," will be shown at 1 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. Call the library at 450-3434 to register.

Dec. 14 — "Make a Holiday Card," a craft program, will take place from 10:45-11:15 a.m. in the James J. Cozzarelli Jr. Children's Room. Call the library at 450-3434 to register.

Dec. 16 — A Holiday Craft program will take place from 3:15-4:00 p.m. at the Shafter Branch Library, 30 Magnolia Street. Call 450-3438 to register.

A Holiday Craft program will take place from 3:30-4:00 p.m. in the James J. Cozzarelli Jr. Children's Room. Call 450-3434 to register.

Dec. 19 — The film, "White Christmas" will be shown at 1 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. Call the library at 450-3434 to register.

Exhibitors wanted

If you wish to exhibit hand-crafted items that you have made or if you wish to exhibit a special collection of yours or your group or club, please call Joan Taub, Reference Librarian, from 9:00-2:00 p.m. daily, to establish a date for an exhibit. If you are an organization that would like to have an exhibit in the library's display case, she can book that type of exhibit also. Call 450-3434 and speak to Joan Taub.

Youth Ringers in concert

The Friends of the Belleville Public Library and Information Center are sponsoring a holiday program on Dec. 12 at 7:30 p.m. which will feature the Youth Ringers, one of three handbell choirs from the United Methodist Church in Ridgewood. The choir, which was formed ten years ago, is comprised of thirteen ringers, in grades 7 through 12.

The choir rings five octaves of bells, hand-cast by the Whitechapel Bell Foundry in London, England. Rehearsals for concerts includes rehearsals for 1 1/2 hours each week with extra rehearsals added when needed. The choir plays for worship services, as well as church and community groups. They have even played for a wedding on a train!

The ringers have participated in area and national festivals, sponsored by the American Guild of English Handbell Ringers in New York, Maine, Pennsylvania, Connecticut, New Jersey and Florida. They plan to attend the 1992 National Festival in Greensboro, N.C. The Youth Ringers are under the direction of Christine Braden, a graduate of Heidelberg College in Ohio, who has been ringing in the adult bell choir for sixteen years and who has conducted the Youth Ringers for the ten years of their existence. The music program of the church is under the direction of Richard E. Frey.

To register for the program, please call the library at 450-3434.

Entertainment '92, pocket calendars

The Friends of the Belleville Public Library and Information Center are selling Entertainment '92 for \$35 each for the holiday season, which offers a variety of discounts to restaurants, hotels, cultural events, sporting events, and feature films, to name a few items. In addition, they are selling two year calendars for \$2 each. These are available at the Library's Circulation Desk.

BOOKMARKS

By Adrea Cohen

The holiday season is a good time for sharing. Why not share a good book with your child, as Susan Mack is doing with her son Jeffrey, in the James J. Cozzarelli Jr. Children's Room? Visit the library, take out books, and enjoy reading!

Holiday crafts at Shafter

A touch of sparkle will be added to the Shafter Branch Library when "Making Holiday Tree Ornaments" will take place on Dec. 16 from 3:15-4:00 p.m. and Dec. 20 from 3:15-4:00 p.m. Call the Shafter Branch Library at 450-3438 to register.

Holiday crafts for children

Making holiday tree ornaments can be a fun activity for everyone. This holiday type craft will take place on Dec. 16 from 3:30-4:00 p.m. and on Dec. 21 from 10:45-11:15 a.m. Contact the James J. Cozzarelli Jr. Children's Room to register.

Girl Scouts spread Christmas cheer

Belleville Girl Scout Troop 906 Juniors and 937 Cadettes are participating in the Nutley Red Cross Santa Program as one of their service projects this month. The troop is collecting toys, clothes and food items to donate anonymously to a local needy family. The girls chose this particular program to help out a family which has fallen on temporary hard times due to the bad economy.

The girls will also be visiting Colonial Sheltered Care, a senior citizens residence in Bloomfield, on Dec. 12 to present a Christmas party and sing carols.

The combined troops, consisting of 16 juniors and 3 cadettes, under the leadership of Mari Ippolito and Lauren Popek meet Thursdays at the Montgomery Presbyterian Church and have several service projects scheduled for this year including a February Food Drive

and a visit to a children's hospital.

The town has experienced a steady increase in troop enrollment after several years of decline. Ippolito and Popek attribute the increase to a dedicated district staff and leaders who have created an interesting program for the girls. Anyone interested in joining Girl Scouts can contact the Girl Scout Council of Greater Essex County in Montclair, 746-8200.

Cassettes for Christmas season

The library has the following cassettes for the Christmas season: "Albert Hague Sings Selections from 'How the Grinch Stole Christmas,'" "The Bells of Christmas," "Christmas Brass," "A Christmas Carol," "Christmas Carols with the Mistletoe Singers," "A Christmas Celebration," "Children's Christmas Stories," "Christmas Favorites" with Anthony Newman, "Favorite Christmas Carols," "Christmas Magic," by Mantovani, "Christmas Presents," "Christmas Sing-A-Long," "Great Songs of Christmas," and "A Renaissance Christmas." The cassettes are available at the Circulation Desk of the Belleville Public Library and Information Center.

What the public is reading

The following books have recently been read and returned to the Belleville Public Library and Information Center. Maybe you would like to try some of these titles? 1. Anxiety and Panic Attacks; Their Cause and Cure—Robert Handly with Pauline Neff. (152.4); 2. The Facts About Crack and Cocaine—Mary Turk (362.29); 3. Educating Exceptional Children—Samuel A. Kirk (371.9); 4. Employees' Rights in Plain English—Joel D. Joseph (344.73); 5. Fighting Fear; The Eight-Week Program For Treating Your Own Phobias—Frederic Neuman, M.D. (616.85); 6. How To Interpret Your Own Dreams—Tom Chetwynd (154.6); 7. How To Avoid Probate—Norman F. Dacey (347.65); 8. How To Protect Your Life Savings—Harley Gordon (332.024); 9. How To Sell Your Home Without A Broker—Bill Carey and Suzanne Kiffmann (333.33); 10. Money Dynamics for the 1990's—Venita Van Caspel (332.024); 11. The McCall's Book of Christmas (745.59); and 12. Mathematics Made Simple—Abraham Sperling. Please ask your information specialist for help in locating these books. If the book is not in, the librarian will put the book on reserve for 25 cents per reserve.

EIGHT CICCOLINI BROS. PRESENTS:

The biggest just got better.

Introducing the newest XL44™ Gas Range from GE. It has the largest self-cleaning oven of its kind*. Now with new sealed burners, the upswept cooktop is easier to clean than ever.

With the XL44™, cleanup is a snap, top to bottom. The new Sealed Burners, together with the upswept cooktop, catch drips, spills and boilovers — a wipe and they're clean.

And the oven cleans itself. Add the convenience of the new Electronic Clock and Oven Control, an Automatic Oven Timer that can start and stop the oven even when you're out; extra large broiler pan; built-in racks that adjust to 6 different positions and make every inch of oven space usable; an extra-large see-through window, all help to insure better-looking, better-cooking!

Think of it! With the biggest oven in the industry for a 30" gas range, you can cook an entire dinner for 12 — a 25-lb. turkey, vegetables, dressing and dessert — all at one time! See it at your GE dealer. And be prepared to kiss your old flame goodbye!

*The XL44™ 30" free-standing gas range from GE has 30% more usable oven capacity than any other leading manufacturer's range of its kind.

\$25 to \$50 Rebates

direct from GE when you purchase one of these new gas ranges at retail from Nov. 8 through Dec. 15, 1991.

For explorers like Stephen Venables and Robert Anderson, a reliable timepiece is more than a convenience;

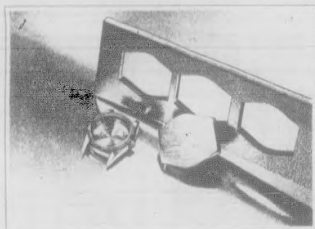

it's a necessity. Braving the remote heights of Mt. Everest without the aid of bottled oxygen, they needed to time their ascents with extreme caution. Their

The Twinlock winding crown protects the center movement from the elements.

goal was to reach camp before sunset, when high winds and poor visibility make the mountain even more perilous. The timepiece they depended on was Rolex.

Part of what makes a Rolex Oyster so dependable is the design of its rugged case, which is hewn from a solid block of metal,

It takes over 150 operations just to create an Oyster case.

using up to sixty tons of pressure.

To the Oyster case, we add the Twinlock winding crown. Designed according to the same principle as a submarine hatch,

the Twinlock keeps water and other elements from reaching the movement. On the Submariner and Sea-Dweller diving models, the Twinlock is replaced by a Triplock crown designed to keep the watch pressure-proof to depths of 1,000 and 4,000 feet respectively.

They faced Everest without oxygen. But not without Rolex.

After undergoing a series of grueling tests at Rolex, Oyster timepieces are sent to an independent Swiss Institute, the Contrôle Officiel Suisse des Chronomètres.

There, each watch must successfully undergo fifteen days and nights of rigorous testing before it is awarded the prestigious red seal that signifies it is an Official Swiss Chronometer.

The red seal designates an Official Swiss Chronometer.

The extraordinary process that goes into making a Rolex helps explain why explorers find it valuable in any environment, from the frozen icescapes of the Arctic to the burning deserts of the Sahara. While there are many things explorers may need, a Rolex timepiece is one thing they can't do without.

Sperduto-Harr betrothal told; nuptials next year

Mr. and Mrs. Jerry Sperduto of Belleville announce the engagement of their daughter, Carmela, to Terry Harr, son of Mr. and Mrs. Robert Harr of Denville.

The troth was made known Oct. 4. The wedding is planned for Oct. 10, 1992.

Miss Sperduto, an alumna of Belleville High School and Union County College, is a buyer for Ebasco Constructors, Inc.

Mr. Harr, a graduate of Greater Latrobe High School, attends Morris Community College. He is also a buyer with Ebasco.

Carmela Sperduto — Terry Harr

Mr. and Mrs. Joseph LaPara — nee Diane Dixon

Diane J. Dixon married to Joseph J. LaPara

Wedding vows were exchanged Sept. 29 in Vincent United Methodist Church, Nutley, by Diane J. Dixon, daughter of Mr. and Mrs. William K. Dixon of Belleville, and Joseph J. LaPara, son of Mr. and Mrs. Angelo LaPara, also of Belleville.

Rev. Lee Weaver performed the ceremony which was followed by a reception at The Park Savoy, Florham Park.

Escorted by her father, the bride wore a satin gown fashioned with a Sabrina neckline and cathedral train and accented with lace, sequins and pearls. A beaded and sequined crown held her elbow length veil and she carried white roses and Stephanotis.

Lorraine Halpern of Denville was her sister's matron of honor. Bridesmaids included the groom's sister, Lynn LaPara of Fort Lee, the bride's sister-in-law, Maryjo Dixon of Somerset and Lisa Baber of Sayreville.

They were attired in seashore green silk shantung gowns with shawl bodices accented with pearl buttons. Arm bouquets were of long stem white roses.

Jimmy L. Josko of Morris Plains served as best man. Ushering were Keith Dixon of Somerset, brother of the bride, Jeffrey D. Halpern of Denville, brother-in-law of the bride and Thomas Baber Jr. of Sayreville. Jimmy W. Josko of Morris Plains was junior usher.

Mrs. Dixon chose a rose georgette gown for her daughter's wedding and wore a wristlet of roses. The groom's mother, in a bone silk gown, had a purse corsage of roses.

Mrs. LaPara, an alumna of Belleville High School, Rutgers University, Newark and the University of Medicine and Dentistry-School of Health Related Professions, Newark, is attending Rutgers Graduate School of Management. She is a technical specialist with Roche Diagnostic Systems, Inc., Montclair.

Mr. LaPara, a graduate of Seton Hall Preparatory School, South Orange and Rutgers University, Newark, is director of post production technical services with Trans World International, New York, N.Y.

The couple is living in Union after honeymooning in California.

STORK CLUB

Mark Joseph Goodfriend

A second child, a son, Mark Joseph, was born to Mr. and Mrs. Brian Goodfriend of Pittstown Nov. 24 at Morristown Memorial Hospital, Morristown. Birth weight was 7 pounds, 8 ounces. He joins Melissa A., two and a half.

Mrs. Goodfriend is the former Janice Semienick, daughter of the late Mr. and Mrs. Stephen Semienick of Belleville. Mr. Goodfriend is the son of the late Mr. and Mrs. Joseph Goodfriend of Belleville.

Kyle Christopher Fazel

A first child, a son, Kyle Christopher, was born to Mr. and Mrs. Brian Fazel of Belleville Nov. 23 at Clara Maass Medical Center, Belleville. Birth weight was 7 pounds, 15 ounces.

Mrs. Fazel is the former Karen Popadaniec, daughter of Joan Popadaniec of Bloomfield. Mr. Fazel, son of Mary Edwards of Belleville, is a medical lab technician with Fisher Scientific.

SANTA CLAUS answers calls from children through the Clara Maass Medical Center TEL-MED service.

Santa's holiday message available on TEL-MED line

Children of all ages may call Santa Claus at the TEL-MED service of Clara Maass Medical Center and listen to Santa's holiday message.

Santa greets children with a "Ho-ho-ho" and talks about the joy of giving as well as receiving presents and the importance of keeping safe and healthy during the holiday season.

Children can call the TEL-MED number, 751-7000 between 9 a.m. and 5 p.m. seven days a week and

enjoy this holiday community service provided by the medical center.

TEL-MED offers health care information tapes on a variety of topics throughout the year. For a complimentary listing of TEL-MED tapes, call the Clara Maass Public Relations Department at 450-2116 or send a stamped, self-addressed envelope to Clara Maass Medical Center, Public Relations Department, One Franklin Ave., Belleville, 07009.

Cerebral Palsy Center installs slate of new board officers

New officers of the board of directors of the Cerebral Palsy of Essex and West Hudson, located in Belleville, were installed at the center's annual meeting/open house Nov. 12.

Sal Cocco Jr. of Nutley is the new president with Paul Amsterdam of South Orange as executive vice president. Other officers include Michael Magee of West Orange, treasurer; Gloria Cetulo of Bloomfield, secretary; Sam Battaglia of Nutley and Ruth Goodman of West Orange, adult activities vice presidents; John Baiardi of Upper Montclair, center committee vice president; Marie Vichiariello of Nutley, fundraising vice president; Barbara Heiser and Al Zobel of Nutley, public relations co-vice presidents; Frank Costenbader of Millburn, vice president of legislation.

New officers of the Parent-Teacher-Therapist Association (PTTA) were also installed. Karen Nodine of Belleville is president with Willie Ruth Tate of Irvington, vice president; Robert Knoblock of Livingston, treasurer and Ken Watson of Bloomfield, secretary.

The PTTA, a center support group, sponsors educational and social meetings for clients and family members and organizes fundraising events and activities. Money raised by the PTTA is donated to support Cerebral Palsy Center activities and programs.

Emergency pediatric care at Maass

When a high fever, earache or other troubling symptom strikes a child after regular office hours, parents now can contact board-certified pediatricians and licensed nurse practitioners for acute-care evaluation, diagnosis and treatment through Clara Maass Medical Center's PEDS Care Program.

"Anyone who goes to a pediatrician or is under the age of 18 is encouraged to use the PEDS Care service which is open from 6:30 a.m. to 10:30 p.m. seven days a week when they cannot reach or be seen by their own pediatrician or family physician," says Malcolm Schwartz, D.O., F.A.C.O.P., director of pediatric services. "Parents can call 1-800-231-PEDS to receive

a complete medical assessment from a nurse practitioner and to arrange for their child to be seen by a doctor."

"Common symptoms such as fever, vomiting and a moderate or severe cough may be warning signs for existing illness and should be properly diagnosed," indicates Dr. Schwartz. "Each night, we help an average of seven or eight children who otherwise would have to wait until morning to be examined and treated. A record is then transmitted to their private physician."

Connected to the hospital's state-of-the-art diagnostic facilities, services and specialists, the PEDS Care Program at Clara Maass offers quality patient care in a friendly physician's office atmosphere.

American history project

IN COLONIAL DAYS — The 7th graders at Holy Family School proudly display their colonial projects, illustrating how different items were made in colonial times and replicas of specific events. Belleville Times SPORTS

BUC SHOTS

By Mike Lamberti

Although the Belleville football team finished with a 4-5 record, there were plenty of bright spots for head coach John Senesky and company.

The Bucs were very competitive in a strong NNJIL Pacific Division. The Bucs lost three games by a touchdown or less. The team won a big game over Morris Knolls in a non conference game and the victory over Bloomfield in week two was a big lift to the team in the early going.

Here's a recap of each week, with a few highlights of the games. **WEEK ONE, AT HACKENSACK:** In the first night game in Hackensack High School history, the Bucs made a few mistakes in the first half which resulted in two Hackensack scores. Belleville trailed 13-0 at halftime, but the Bucs came back in the third quarter and narrowed the deficit when John Alvarado ran in the first touchdown.

Belleville ended up losing the game, 13-6, but use defensive effort proved to be the theme of the '91 campaign.

WEEK TWO, HOME VS. BLOOMFIELD: The Bucs and Bloomfield Bengals met at Doc Ellis Field. Bloomfield was coming off a big 12-0 win over Montclair on opening night and the Bengals were favorites to win.

Belleville, which had not beaten Bloomfield since 1987, had other ideas. The Bucs turned the game in their favor late in the first half when fullback Rick Constantino took a snap in shotgun formation and raced past a surprised Bengal defense for the first score.

Belleville won the game, 28-0 before a TV3 audience. This is the last football meeting between the Bucs and Bengals for a while as the NNJIL has realigned the divisional format in 1992.

WEEK THREE, HOME TO PARAMUS CATHOLIC: On homecoming night at Doc Ellis Field, the Bucs and Paramus Catholic were greeted by a driving rainstorm. The rain subsided late in the first half and the game picked up momentum in the second half. P.C. jumped out to a 14-0 lead, but the Bucs came back to tie the game. Late in the fourth quarter, Paramus Catholic scored the winning TD and prevailed, 21-14.

It was a difficult loss for the Bucs because the team lost running back Carmine Tuosto to a knee injury. Late in the fourth quarter, after P.C. had taken a 21-14 lead, Tuosto took a pitchout on a hook and ladder play and appeared to be headed for a touchdown. A P.C. defender had the angle and applied a hard hit which damaged Tuosto's knee.

WEEK FOUR, AT ST. JOE'S: Bucs traveled to Montvale and dropped a 13-0 decision. St. Joe's, which eventually won the NNJIL crown and advanced to the Parochial A final, had a big team which wore down the Bucs in the second half. It was a game effort by Belleville, but the Bucs fell to 1-3 nonetheless.

WEEK FIVE, HOME TO PARAMUS: Belleville was sluggish in this game against Paramus and trailed 6-3 early in the fourth quarter. However, Constantino broke loose for a TD and the Bucs held on to win as Mike Kimball added an insurance score. Belleville won, 16-6.

WEEK SIX, HOME TO MORRIS KNOLLS: Bucs faced a 4-1 Morris Knolls team and won a thriller, 20-14. Belleville took a 6-0 lead on a Kimball TD in the second quarter. However, Morris Knolls scored twice before halftime and led, 14-6. A determined Bucs team came back as Billy Prosperi caught a TD pass from new starting QB Mike Mundy and Hector Daniluk grabbed the game winner from Mundy in the fourth quarter.

Senesky changed the lineup, adding Mundy, a sophomore to the QB slot and moving Alvarado to a running back position.

WEEK SEVEN, HOME TO TEANECK: The Bucs and Highways engaged in a hard hitting battle at Doc Ellis Field. Belleville trailed, 14-6 late in the game, but Mundy led a frantic drive downfield, hitting John McAloon with a TD pass with less than a minute left. Belleville missed the two point conversion and Teaneck held on for a 14-12 victory.

WEEK EIGHT, AT DON BOSCO: Playing at Don Bosco for the first time since 1984, Belleville prevailed by a 26-14 count. The running game was solid and Mundy threw a TD pass to McAloon. The defense also contributed, with Scott Mayers sacking the Don Bosco quarterback and forcing a fumble; Daniluk picked up the loose ball and scored the first Belleville TD of the game. The victory evened the Bucs record at 4-4 and set the stage for the season finale with Nutley.

WEEK NINE, AT NUTLEY: Belleville battled its arch rival tooth and nail, but the Raiders had too much firepower and prevailed, 28-6. Belleville's only score came on a pass from Mundy to Constantino. Alvarado set up the score when he blocked a punt midway through the third quarter. The score moved Belleville to within 14-6, but Nutley came back and put the game away with a score early in the fourth quarter.

J.V. Faliveno was named BUC MVP of the game.

Belleville did well in NNJIL honors this season. Alvarado was named first team, defensive back, for the second straight year. Also making first team were Daniluk (defensive end), Michael Citarella (linebacker) and Faliveno (offensive guard).

Second team honors went to Brian Salmon (defensive lineman) and Mayers (defensive lineman).

Kimball and McAloon were named Honorable Mention.

Finally, congratulations and good luck to the seniors on the '91 Bucs. They are Michael Chirichello, Hector Daniluk, J.V. Faliveno, Abdel Ilievat, Michael Kimball, John McAloon, Scott Mayers, Bill Prosperi, Carmine Tuosto, Richard Quine, Brian Salmon and Junior Sansano.

LAST WEEKS QUIZ

Tampa Bay won its only playoff game in 1979, beating Philadelphia 27-17. The Bucs lost to the L.A. Rams in the '79 NFC title game.

In 1983, Seattle won two playoff games, stopping Denver 31-7 and Miami 24-17. The Seahawks advanced to the AFC title game, where it lost to the L.A. Raiders. In 1984, Seattle beat the L.A. Raiders in the first round of the playoffs, then lost at Miami.

Seattle was 2-12 in its first season in the NFL in 1976 and Tampa Bay was 0-14 in its first season back in '76.

FOR THIS WEEK

It looks like the Detroit Lions will make the playoffs this year. When was the last time the Lions were in the playoffs? How far did they advance? Who was the Lions coach? Did the Lions make the playoffs as a divisional winner or wildcard entry that season?

Vitello, Crocco, Groeling lead way

Buc booters receive honors

By Mike Lamberti

Although the season is over, the accolades continue to pour in for the Belleville varsity soccer team. Gino DePinto's club posted a 14-4-1 record this season and set a new school record for most shutouts in a season with ten.

The 14 victories was one shy of the school record set by the '83 team, which won 15 games for last coach Tony DeAquino. The '91 club advanced further in the state playoffs than the '83 club did, however.

"It was a tremendous season for our kids," DePinto said. "We had a lot of seniors on the team this year, but our JV and freshman teams had good seasons, so the future should be pretty good."

Belleville finished in a second place tie in the NNJIL Pacific Division, finishing just one half game behind league champion

Don Bosco. Belleville was 11-2-1 in the league, losing once to Hackensack and once to Don Bosco. The tie came early in the season against arch rival Nutley. Belleville avenged its losses to Don Bosco and Hackensack with victories later in the season. It also defeated Nutley in a late season rematch.

"We had one of our best games of the year against Hackensack," DePinto said. "Then we went up to Don Bosco and gave them their only home loss of the year. Our kids showed a lot of character against some very good teams."

Belleville's fine season came to an end against West Morris Central in the semi finals of the Group III, Section II playoffs. The Bucs lost a tough 3-2 decision.

The Bucs fine league performance was recognized by the selection of a number of players to post season honors.

Defender Franco Vitello, midfielder Frank Crocco and forward Greg Groeling were all selected to the first team. Groeling, a sophomore, led the Pacific Division in scoring with 17 goals and seven assists.

Selected to the second team were fullback Matt Kastner and midfielder Alex Alexandre. Alex Moreno was named Honorable Mention, NNJIL.

Bucs named to the all county team included Groeling (second team), Vitello (third team) and Crocco (third team). Honorable Mention on the county team featured Kastner, Alexandre, Moreno, Steve Vogel (defender), Darren Lewis (forward) and Victor Guevara (midfielder).

Finally, Vitello, Groeling and Crocco were also selected by the state as Honorable Mention for their outstanding campaigns.

As mentioned, the '91 Bucs were a senior dominated team. DePinto will lose ten valuable seniors this spring to graduation.

"Those kids did a lot for this program," the coach said. "We have some talented players returning and there will be some good players moving up to the varsity from the JV and freshman levels."

The seniors who did such a good job in turning the fortunes of the Belleville soccer program around were Vitello, Crocco, Guevara, Lewis, Moreno, Vogel, Ryan Ramirez, Rocco Constantino, Paul Mora and Ariel Valente.

The JV team posted a fine record of 9-5-1 this fall. The freshman team completed its first ever season with a 4-3-2 record.

"It was a big step having the freshman program," DePinto said. "Those kids got the chance to play consistently against some good competition."

We'll have a wrap up of the JV and freshman teams in an upcoming issue.

Boys hoop opener next Friday

By Mike Lamberti

With the season opener just a week away, the Belleville boys' basketball team has been getting down to serious business. Fifth year head coach Don Roll is optimistic about his teams chances this winter, and he expects competition for positions to be intense.

"There are a lot of kids who want to play," Roll said. "There are only five starting positions, however. We had two scrimmages last week and we have a few coming up this week. I'll know more about who will start next Friday after this week."

The Bucs open the regular season on Friday, December 20 at home against Ridgewood. Tip off time is 4 p.m. In the interim, the Bucs will host J.P. Stevens in the scrimmage this afternoon at 4 p.m. and on Saturday, Lyndhurst will come to town for an 11 a.m. scrimmage. The Bucs pre season concludes next Monday at Harrison. Tip off time there is 6:30 p.m.

There are a number of players returning from last years team which posted a record of 9-14 and lost four games by one point.

"Our kids know the system and they know what's expected of them," Roll said. "It's a matter of executing."

The Bucs played its first scrimmage last Friday against Rutherford and took on Lincoln from Jersey City last Saturday.

"Against Rutherford, we did pretty well," Roll said. "It looked like a first scrimmage. I wasn't too concerned with winning the scrimmage as I was with seeing the kids play and evaluating their performance. We're still adding new parts to the offense and defense and I'm looking to some of the younger kids to be able to mix in to the offense."

Against Lincoln, the tempo was increased.

"It was a fast paced game and they pressed us throughout," Roll said. "It gave our kids the chance to play against a team that had its offense pretty much set."

Troy Talmadge, the Bucs leading scorer in '90-91, returns to his forward position this winter. The senior has been doing a good job in practice.

"Troy has looked good," Roll said. "The other teams will know

about him this year and he will face some good competition."

Junior forward Dennis DeWork was the second leading scorer last season and he has been playing well thus far. Ditto for senior guard Sal Straface, who can shoot the three pointer with consistency.

Other players who are vying for varsity positions this season are Ken Johansen, Kevin Johansen, Mike Kimball, Mike Crispy, Bryant Jimenez, Anthony Parzanese, Mike Vista, Marco Furman, Mike Mundy and Mike Puleo.

"We're looking for quickness this year," Roll said. "The kids seem to be in pretty good shape. These scrimmages will be a good test to see who will be starting next Friday."

NOTES: Rich Baker returns as a volunteer assistant coach. Baker, a 1977 graduate of Belleville High, was a teammate of Roll's on the Belleville varsity basketball team in '76 and '77. Other volunteer assistants include John Fortunato and Chris Chiarmonte.

Jim Sickingen will be the JV coach this season while Kevin Fennell will be the freshman coach.

Fuccello set for 20th season

By Mike Lamberti

Having coach 412 girls' basketball games at Belleville High spanning 19 seasons, Karen Fuccello has seen just about everything during her career.

She has been a part of some tremendous teams and has coached a team that went winless. Nonetheless, she will tell you that coaching isn't necessarily wins and losses. What Fuccello enjoys the most is the teaching aspect and her steady teaching the past few years could lead to a good Lady Buc season in '91-92.

Belleville was 5-15 last winter and played very well down the stretch, winning four of its last seven. Entering this season, Fuccello's 20th as Belleville coach, the signs are quite positive.

"We're playing better and we will be relying on senior leadership," the coach said. "We had our first scrimmage against Caldwell last Monday and we did pretty good. Right now, endurance is the most important thing. We have to work hard in practice every day, because our schedule will not allow for any breaks."

The NNJIL Pacific Division will offer a tough schedule, once again. Teams like Paramus Catholic, Immaculate Heart, Nutley and Teaneck will be formidable. In addition, Belleville must play the likes of Ridgewood, Clifton (twice), Bloomfield and Kennedy from the NNJIL Atlantic Division.

Belleville opens the regular season on December 20, with a road game at Ridgewood. That's the same Ridgewood club that won the Group IV championship last spring.

"They have just about every player back from that championship club," Fuccello said of Ridgewood. "It will be a tough test for our team."

The senior leadership Fuccello

referred to earlier is led by co-captains Danielle DeWork and Jennifer Abrams. Both players have shown marked improvement this season and will be integral parts of the Lady Buc lineup.

Junior point guard Yanina Calvi will be expected to direct the Belleville offense. Junior forward Colleen Mannion, the leading scorer on last years team, should provide steady scoring this season. Fuccello also praised Mannion's overall knowledge of the game.

Junior's Christina Caputo, Kim Salernitano, Tara Galioto and Melanie VanDam should also see considerable playing action.

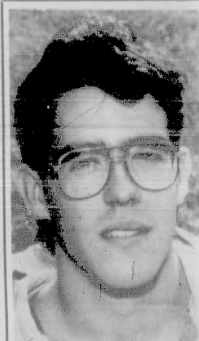

Fuccello is also optimistic with the play of sophomore's Liz Ramirez, Andrienne Walsh and Mary

Campbell. The coach noted Campbell's speed and rebounding prowess. Ramirez and Walsh both have the ability to score points consistently.

The girls will have scrimmages throughout this week before preparing for next Friday's opener at Ridgewood.

"The scrimmages are important," Fuccello said. "We have to work hard and get as much out of them as possible."

NOTES: Fuccello has a career record of 215-197. Her first season as Belleville coach was the 1971-72 campaign, when the "Bellgirls" posted a 10-2 record. The '72-'73 and '73-'74 teams were 12-4 each. Fuccello's 100th win came at Nutley in 1981. Her 200th victory came early in the 1988-89 season.

Belleville High graduate Greg Moriello had another standout season for the Stevens Institute cross country team. The senior won nine races in his college career.

Mike Rubas of Belleville, a 5-11, 170 pound defensive back, led Muhlenberg College to its first win of the season, recording 17 tackles. Rubas attended Seton Hall Prep and was graduated in 1990.

Buc split end Bill Prosperi takes in action during game at Doc Ellis Field this past season. Prosperi, a senior, was honored with other senior athletes on fall sports by Belleville Varsity Club. (See related photos on page 12).

Senior athletes honored by Varsity Club

Buc football coach John Senesky (far left), and senior members of the football team at last Thursday's Varsity Club dinner at the Chandelier. Bucs finished season 4-5, losing three games by a touchdown or less.

Varsity gymnastics coach Tracey Kelly (far right), joins senior athletes for a picture during Varsity Club dinner last Thursday. Assistant coach Bob Gale (far left) completed his first year with Belleville gymnastics program.

It was a tremendous year for the Belleville soccer team. The Bucs were 14-1 under veteran coach Gino De Pinto (far left). There is a related story on Bucs on page 11. Team will lose ten senior players to graduation this spring.

Senior members of the volleyball team get together with coach Grace Worley (2nd from right), during Varsity Club dinner last Thursday at the Chandelier.

Cross country coach John Tosato stands with Cynthia Adams and Rafael Ortiz following award presentation during Varsity Club dinner.

RECREATION ROUNDUP

Santa's Mailboxes

Belleville boys and girls are encouraged to get out their pens, pencils, crayons and start writing their lists to Santa Claus now.

Special mailboxes have been set up from now until Dec. 18 to accommodate the expected heavy mail. One is at Town Hall on Washington Avenue and the other is in front of the Silver Lake Fire House on Franklin Street.

Children can't miss the mailboxes. They're bright red and clearly marked Santa's Mail so no one has an excuse for not writing early.

By very special arrangements made between Mr. Claus and the Department of Recreation & Cultural Affairs, all letter writers are guaranteed an answer. No stamp is necessary and this special mailbox is for Belleville residents only.

If children are too young to write, they are urged to draw a picture and Santa will get the message. Be sure to have someone print the child's name and address so that Santa can answer the letters.

Gymnastics program

The Belleville Recreation Department will again offer its always popular Gymnastics program for girls on Saturdays at the Friendly House. This activity was slated to begin on Dec. 7 and will

continue through March. Girls in grades 1-6 will participate from 9:30 a.m. to 1:30 p.m. at the Friendly House on Frederick Street. There is no fee required but girls must be Belleville residents. Interested participants should wear sneakers and sign-up for the program with the instructors when they arrive. College and high school gymnasts will provide the basic fundamentals and routines.

Adult

Open Volleyball

There is Adult Open Volleyball for men and women on Saturdays, noon to 3 p.m. at the Friendly House. Participation will be restricted to Belleville residents only and proof of residency will be required by the gym supervisor in order to gain admission. Call 450-3422 for additional information.

Men's open basketball

The Men's Open Basketball program began on Dec. 7, 1 to 4 p.m. at the Middle School - Girls' Gym. Belleville resident men, over 18, can participate by showing the gym supervisor proof of residency. Non-residents will not be allowed in the gym.

 Book Mark - Nutley
 Book Nook - Bloomfield
 Just Pets - Nutley

Belleville announces firewood schedule

Again this winter the Township of Belleville will be offering free firewood to residents. Sponsored by the Department of Public Works and the Shade Tree Commission, firewood can be picked up at the William Street garage on Dec. 14, between 9 a.m. - noon.

This service will continue every Saturday morning until the end of February unless canceled due to a snowstorm. Residents requesting firewood must present a driver's license proving that they reside in Belleville.

BEAR NECESSITIES

No other banking service is more essential to your routine financial needs than a checking account. And each checking account serves each individual's needs differently.

At First DeWitt Savings, we have underscored the value of our checking accounts by offering a selection of accounts to choose from—with an array of financial options.

From the individual who writes only a few checks a month to the customer who relies on his checkbook as a basis for all financial transactions, we have a checking account that will perform for you. What's more, many of our checking accounts earn interest.*

For a limited time, open a checking account at First DeWitt Savings and we'll give you one of three plush, cuddly bears—just in time for the holidays.

So check with us first, and turn a banking necessity into a simple bear necessity.

*Interest earned based on rules and regulations governing each account type. Rates subject to change. Bear offer available only while supplies last. Offer may be canceled at any time without notice.

PRAYER OF APPLICATION TO THE HOLY SPIRIT
Holy Spirit, you who solve all problems, who light all roads so that I can attain my goal, you who give me the Divine gift to forgive and to forget all evil against me and that in all instances of my life you are with me, I want this short prayer to thank you for all things and to confirm once again that I never want to be separated from you, even in spite of all material illusion. I wish to be with you in eternal Glory. Thank you for your mercy toward me and mine. The person must say this prayer for 3 consecutive days. After 3 days the favor request will be granted even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor, only your initials should appear at the bottom.

Replace Openers That Don't Reverse Upon Contact

A garage door is the largest moving object in the home. An improperly adjusted garage door opener can exert deadly force when the door closes—which could lead to entrapment of children or adults and subsequent injury or death from asphyxiation.

Safety Is Everyone's Business

Automatic garage door openers add convenience to millions of households every day. Properly installed, tested, operated and safely maintained, a garage door and automatic opener can provide years of trouble-free service. An improperly adjusted garage door opener can exert deadly force when the door closes. This could lead to serious injury or death from being hit by a closing garage door or becoming trapped under the door.

Careless operation and allowing children to play with or use garage door opener controls are also dangerous situations that have led to tragic results. A few simple precautions can protect your family and friends from potential harm.

Garage Door Openers Are Not Toys

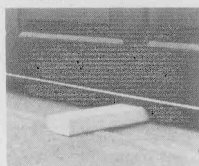

Do not stand or walk under a moving door! Do not let children play "beat the door."

Keep transmitters and remote controls out of reach of children. The pushbutton wall control should be out of reach of children (at least 5 feet from the floor). You should be able to see the garage door clearly when using the button.

Discuss garage door opener safety with your children. Explain the danger of being trapped under the door. Do not let children play with or use the transmitter or remote control. Teach them to never play under or near an open garage door. Keep it in sight until it completely closes.

Take a few minutes to inspect and test your garage door system. Make monthly inspection and testing a part of your regular routine. Safety is everyone's business. Make garage door opener safety automatic in your home.

For your free copy of an illustrated automatic Garage Door Opener Safety Guide write to Frank S. Fitzgerald, CAE, Executive Secretary, Door Operator & Remote Controls Manufacturers Association, 3950 Lake Shore Drive, Suite 502-A, Chicago, IL 60613-3431.

An automatic garage door opener should stop and reverse a closing door when it strikes an object.

Heat pumps supply all-season comfort and economy

Heating and cooling a home costs money. In fact, the typical home spends almost two-thirds of its monthly energy bill on keeping warm or cool. That's a lot of money, and a lot of energy. When replacing your heating or cooling system, therefore, it pays to select the most energy-efficient system you can afford. This will save you money, and it will help to protect the environment at the same time.

The electric heat pump is a single piece of equipment that supplies heating in the winter, and air conditioning in the summer. What is even more surprising, is that unlike a fossil-fuel (oil or gas) furnace, which returns on average about \$0.80 in heat for each dollar spent on energy, a standard-efficiency heat pump returns between \$2.00 and \$3.00 in heat for each electricity dollar, according to the Edison Electric Institute and the National Rural Electric Cooperative Association, two national electric utility trade associations.

An electric heat pump can supply either heating or cooling for the same reason it is so energy-efficient: it uses electricity only to transfer heat, not to create it. A heat pump is essentially a heat absorber.

In the hot summertime, a heat pump absorbs heat from the indoor air and "pumps" it outdoors. In the winter, just the reverse happens: Heat is absorbed from the cold outdoor air, and pumped indoors. This is possible because even at 0°F, the outdoor air still contains a lot of heat: almost 80 percent of the heat that it has at 100°F. When the outdoor temperature is below freezing, however, some types of heat pumps rely on a back-up heating system to keep a house warm.

Advanced Heat Pumps

An advanced heat pump uses a variable speed compressor and indoor fan can keep the temperature within 1°F of the desired thermostat setting. And it does so by cycling on-and-off at a rate and speed dictated by the temperature difference between the house and the thermostat. A regular compressor has to turn on-and-off at full speed to correct even a minor sway in the temperature setting.

A number of technological ad-

vances have improved the basic heat pump since its introduction in the 1950s," says Tom Farkas, Residential Programs Manager at the Edison Electric Institute. "The most significant innovation—variable speed compressors and fans—results in heating and cooling efficiencies 30 percent to 40 percent higher than today's standard high-efficiency heat pump. And up to four times as energy efficient as the most efficient fossil-fuel furnace possible."

One particular type of advanced heat pump can also supply free hot water heating when it is air conditioning a house. Other advanced heat pumps use a "scroll" compressor, which has only two moving parts. This accounts for a 15% improvement in overall operating efficiency and a longer operating life.

Homes Now Use Earth For Heating and Cooling

An air-source heat pump exchanges heat with the outdoor air via the familiar outdoor compressor. A geothermal heat pump exchanges heat with the Earth using underground piping.

Because the Earth has a relatively constant year-round temperature, a geothermal heat pump does not have to work as hard to exchange heat. This makes it the most energy-efficient heating and cooling system available today. And that means low cost winter heating and summer air conditioning.

Geothermal heat pumps can be installed in one or two configurations, depending on the soil conditions where you live. A horizontal geothermal heat pump system uses plastic pipes laid out horizontally underground. A vertical system is used with less space, or when the ground is rocky, or if it has a lot of tree roots.

The cost to install either geothermal heat pump makes the system costlier than a regular air-source heat pump, but the energy savings will pay you back the difference in 3 to 5 years. Also, some electric utilities are beginning to offer a financial incentive that reduces or eliminates the extra cost.

For more information about the whole family of electric heat pumps, call your electric utility's residential marketing department.

The Home Front

By Nina Kaeser

If the '80s decor was crisp white, modern lines and bright colors, well, welcome to the classic '90s. Colors have softened to warmer ivory, terracotta red, burnished gold and brown. Timeless furnishings are more comfortable now and real or fake marble columns look great.

Do-it-yourselfers get great effects with peel-and-stick veneer, but work must be painstakingly careful because veneers cannot be moved once the adhesive touches another surface.

New carpeting plus dry air equals static. Use an anti-static spray on the carpet and soles of shoes. Tip: add moisture to the house.

Water and wood don't go together. Though it's all right to wipe up spills with a damp mop, don't use a dripping wet one, even if the floor is coated with polyurethane.

Wide choices are available in mortgages today, fixed-rate and adjustable-rate with different pay periods. Be wary of ARM's with extra-low "teaser" rates that will jump markedly.

When more mortgages are available, more buyers are, too. This is a good time to market your home. List with the knowhow people at Century 21 Stanford Agency, 86 Union Ave., Nutley, Call 235-9000.

HOME ECONOMICS... more than a half-baked idea...
