Tax rebate to The Commons will cost \$450,000

Council fails to pass budget; tax hike looms

The Township Council withdrew the budget it had planned to offer, Tuesday, and took it back for revisions. The revisions are based on anticipated losses of tax revenue due to court ordered revaluations.

Where the budget prepared by former Township Manager Bertrand Kendall would have meant a 10-point increase in the tax rate, the Council faces the possibility of a 30-point jump, instead.

The major problem facing the Township Council is a series of drastic reductions in rates brought about by tax appeals.

The biggest single reduction went to The Commons, the sprawling co-op that goes into both Belleville and Nutley.

The court ordered a downward estimate of the assessed value of the property, with the result that the tax bill for The Commons is now \$450,000 less than for the current year.

Other reductions were ordered for Belleville properties as well.

Deputy Mayor Mario Drozd raised an additional question about state aid.

Anticipated state aid is approximately \$7.6 million, as compared

to the current \$4.6 million.

This increase was brought about by a special application made by the Kendall administration.

Drozd stated he wanted further assurances that the additional money would actually be forthcoming, before he would approve the budget.

At the same time, Councilman Bill Cook said he wanted to take another look at salary accounts, in the hope of finding some further reductions.

In drawing up a revised budget, the Council is on its own.

There was no discussion of naming an Interim Manager, and Police Chief Ray Kimble remained as Acting Manager.

There also was no action on any change in the Administrative Code that would affect the positions of Township Engineer, Township Planner or Neighborhood Improve-

Mayor Marina Perna

ment Coordinator.

A workshop session was scheduled for Oct. 5, when a further look will be taken at the budget.

Public reaction to the news at the public session indicated some skepticism about the Council's ability to keep the budget at a reduced rate.

Renaissance Committee reaching out to 100 top Fortune 500 businesses

Louis Cicien, Chairman of the Belleville Renaissance Committee, has announced that 100 Fortune 500 companies will be contacted with information about Belleville.

Brochures prepared by Dawn Cox, graphic artist and committee member, will emphasize Belleville's attraction as a place to locate a business operation.

"We are 10 minutes from the Airport, 15 minutes from Manhatt-

an, right in the middle of the best transportation facilities in the world," Cicien said.

Cicien, owner of Charles Jewellers, said the mailing was part of Operation Uplift, sponsored by the committee.

The mailing is being done independently of the Township Council or any other governmental agency.

"Just as we organized the celebration of Josiah Hornblower Day, which was a great event for

Belleville, we shall organize an attempt to bring American corporations to Belleville," Cicien said.

He noted that the French Consulate has made Belleville a preferred city for investment, following the presence of the Consul and Trade Attache as guests of honor at the Josiah Hornblower Day ceremonies.

Hornblower erected the first steam engine in America in Bel-

leville, in 1753, and was instrumental in the manufacture of the first steam engine ever made in the United States, in a Belleville foundry, 1798.

As a result, Belleville has gained state recognition as Birthplace of the American Industrial Revolution.

"If we bring just one major company here, with a payroll in the thousands, we have turned this town around," Cicien said.

Kimble launches drug fight in township's grade schools

Belleville Police Chief Raymond Kimble has announced that Drug Abuse Resistance Education will be carried into the schools by uniformed officers this Fall.

Sixth graders in public and parochial schools will be visited by Police Officer Craig Mack, who has been committed to the program on

a full time basis. Lieutenant Joseph Rotonda heads the Juvenile D.A.R.E. unit of the department, and he, too, will visit the schools to urge abstinence from drugs.

Rotonda began the program two years ago in School 5 and School 7. The success of the program led to its being instituted in all the Bel-

leville schools.

Rotonda stated, "The war on drugs has not received as much attention as in the past due to the rash of stolen autos and assaults on police officers that has plagued our township."

"However, it is not Belleville juveniles who are stealing cars and

assaulting police officers. That is why the D.A.R.E. program is so important. Our children are still susceptible to the dangers of drug use, and the Belleville Police Department as well as the Board of Education will continue to educate our children against drug abuse."

The program will have the police visit the schools for 40-minute classes, staying with the children during the lunch period and joining them in playground games. The idea is to familiarize the children with the police and win their support.

Children in other classes will receive visits from members of the Juvenile Aid Bureau, as well as Officer Mack, on safety tips.

The program encourages youngsters to resist peer pressure that could push them into drug use. It also provides tips on safety from other crimes.

The D.A.R.E. program is in addition to the Here's Looking at You 2000 program coordinated by Debra Meola, Substance Awareness Coordinator for the Belleville School District.

Funding for the D.A.R.E. program is provided in part by the Belleville Alliance for Substance Education, which supplies some of the teaching materials.

Mass subpoenas haul many to courtroom

More than a score subpoenas issued by Frank Mantegna in his effort to prove an assault charge against School Trustee Gabe Nazzola, brought Belleville residents to the courtroom of Bloomfield Municipal Judge John Bulkowski, a week ago.

After surveying the number of witnesses, Judge Bulkowski delayed the case until Jan. 14, at the request of Mantegna, who complained that an important witness had not turned up.

Mantegna, who faces charges of making terrorist threats against Nazzola, charges Nazzola with doing the same.

Nazzola has charged Mantegna

with tampering with absentee ballots cast during a Board of Education election two years ago. Mantegna produced some 20 absentee ballots which were challenged successfully by Councilman Tom Spillane in his Third Ward contest with Kevin Kennedy.

Mantegna reportedly issued subpoenas to more than 30 teachers. How many of the teachers appeared is uncertain. But the Superintendent of Schools, the Assistant Superintendent, the Business Manager, at least four members of the Board of Education, activists such as Kennedy, Barney O'Connor and Richard Yanuzzi, as well as the Belleville Times, were among those present.

Search Committee meets two Manager candidates

The Search Committee of the Belleville Township Committee has met with two applicants for the job of Township Manager, to succeed Bertrand Kendall.

The committee includes Deputy Mayor Mario Drozd, Council President Dr. Frank Noonan and Councilman Tom Spillane.

Those interviewed were Stephen Czech, who previously served as Manager in Montclair for five years, and Robert Cuccio, former Township Manager for Wayne.

Czech reportedly seeks an interim appointment, because he intends to launch a law practice in Nutley. Cuccio indicated he would accept a full time appointment.

Czech's tenure came to an end in Montclair after the City Council discharged him. Afterwards, the entire membership of the Council was turned out of office in the next election.

Cuccio reportedly resigned his post in Wayne after having differences of opinion with Mayor Newton Miller.

More than a dozen applications for the post have been received, without any formal advertisement by the Council that the job was open.

Kendall resigned after pressure from the four-member majority of the Council, accepting a payout of more than \$43,000.

Aside From That

By: Howard Klausner

During World War II, two young Belleville men, Anthony Melchione and Harry William Nygard enlisted together in the **United States Marine Corps**. Melchione, in time, found himself with **Pappy Boyington's** squadron in the **Solomons** as a crew chief keeping the planes flying. There was nothing quiet about service in the Solomon Islands, with battles raging at sea, on land and in air. In June, 1944, Harry Nygard fell in combat in the battle for **Salpan**. Tony Vecchione knows that the **Belleville Times** had a front-page story about Harry Nygard's death, and the **Times** is hoping to find a copy of the newspaper bearing the story. Tony Melchione has since moved from Belleville, but he was in town recently, looking for any other information about his friend. Anyone who has information about Marine Harry Nygard is welcome to contact the **Times**. ●●●●● On Constitution Day, Sept. 17, 1939, **Robert C. Gruhin** was admitted to the **New Jersey Bar**. On the 55th anniversary of that event, Mr. Gruhin's office staff, the Belleville law firm of **ruhlin and Gruhin**, presented him and Mrs. Gruhin with a silver plaque and an elaborate luncheon. The 1935 graduate of **John Marshall College of Law**, now **Seton Hall Law School**, served as a Commissioner from 1957 to 1962. He was a President of **Congregation Ahavath Achim** of Belleville, and he is a Trustee and officer of the **Rabbinical College of America**. He is also part of Belleville's lore, and few people over the age of 55 will not have a story to tell about his sagacity as a person and his capability as an attorney. He may not have an angelic temper, but when you're a successful veteran lawyer, that often goes with the territory. *L'shana tovah! Happy New Year!*

Television personality and publisher **Geraldo Rivera** has become interested in the plight of a young Belleville woman, now residing in **Ocean County** who has been struggling to keep her young son from a father who has two Driving While Intoxicated convictions, and a number of assaults on police officers on his record. The lady, whom we shall name only as **Patty** received a two-hour notice to bring her son to Superior Court to be yielded to the father. Patty needed a lawyer in a hurry, and Belleville businessman raised \$3,000 on short notice to hire a good attorney, who then managed to forestall the court's action. **UNITV**, an organization defending battered wives, came to her aid, and the local press became interested. The case also came to the attention of Mr. Rivera. Many want to know why the courts are so willing to put a child in the care of a proven alcoholic with a record of violence, as is the case of the father. And accolades to the Belleville business man. ●●●●● **Raymond Escorpico**, 17, attends the prestigious **Seton Hall Preparatory School** in **South Orange** and he is the only one in the school this year to have become a **National Merit Scholarship** semi-finalist. He also has just returned from a three-week visit to **Germany** as one of 80 students from **Canada** and the **United States** invited by the **Daimler-Benz Corporation** to learn about the company and the nation. He found that economic conditions were fine, at least in comparison with the **United States**, and he found the countryside beautiful and the people friendly. A **Lufthansa** flight took the students directly to **Frankfurt**, whence a **Lufthansa** speed train took them to **Stuttgart**. "I think it went 200 miles an hour," Raymond said. ●●●●● **Stuttgart** is where the **Mercedes-Benz** car is made, and they got a grand tour of the factory and a company museum, followed by a visit to **Berlin** and then to the resort town of **Meersburg** on **Lake Constance**. "We heard a speech by **Eduard Reuter**, President of the company, who said his life had been saved by the **U.S. Army** during **World War II**, and he thanked the **U.S.** for defeating **Hitler**, for enabling him to become president of the company and for making the country prosperous." Raymond stayed with a host family, that of **Gunter Bauerle**, a world-traveling representative of **Daimler-Benz**, who had just come from **New Zealand** and was leaving for **Saudi Arabia**. The family had a son just a year younger than Raymond. His hosts were interested in Raymond's background. His parents, **Roger**, a computer analyst, and his mother, **Lydia**, were born in the **Philippines**. Raymond and his sister, **Felicia**, 10, - "She just dances" - were born here. Towards the end of the visit, Raymond brought up the subject of **World War II**. "They were reluctant to talk about it, but they said they felt **Germany** had been in the wrong, and had done wrong things. They said it was difficult for **Germans** to talk about it. They said conditions had made them do it, going back to the way they had been treated after **World War I**, but what they had done was wrong." Outside, the weather was perfect and the village-dotted countryside a pleasure to see. The **Mercedes-Benz** plant was humming with production, and people talked hopefully about the future of a unified Europe. Raymond could think of his own promising future. He has applied for the **United States Naval Academy** and a variety of other schools, from **Princeton** to **Syracuse**. If all goes well, he'll be an engineer.

Belleville Little League hosts Sixth Annual Dinner Dance

The membership of Belleville Little League will be hosting its sixth annual dinner and dance on Saturday, Oct. 3 at 7:30 p.m., at the Chandelier, 340 Franklin

Avenue.

According to Michael V. Marrotti, Baseball Commissioner, each year the membership selects certain individuals for the "Greater Good Award." Over the years these individuals have volunteered their time and energy in providing Belleville youngsters with the opportunity to play Little League baseball.

Recipients honored this year are Vinnie Lipoma, John Marzella, Anthony Giangrande and Frank A. Caputo.

Music is provided by DJ MC and will include the famous Las Vegas magic act of Mike & Mike. For ticket information contact the dance chairman Tony Caputo or Kathy Sheridan at 751-6586.

Whispers from Washington... The poll that tickles. Spy magazine, in an upcoming issue, will publish this year's hippest political poll: a survey of 1,000 college students on their attitudes toward family values and the presidential candidates. The study is being conducted by Frank Luntz of the University of Pennsylvania, who served this year as pollster first for Patrick Buchanan and then for Ross Perot. Interviewers are asking students such gonzor question as who would make the better father or babysitter, George Bush or Bill Clinton; which one would be more likely to have cheated in college, and who would win on "Jeopardy!" Then, there is the most titillating query of all: Which candidate would make the better lover?

What's next for Chief of Staff James Baker? The consensus seems to be that while Baker really wants to return to his old job as secretary of state, he will stay in the White House at least until January to try creating an effective domestic-policy staff for Bush's second term. As for Baker's longrange plans, the sources believe that if he returns to State, it will be a tipoff that he will not run for president in 1996. They reason that if he intends to pursue the Republican nomination four years from now, remaining in the White House as "deputy president" would give him more politically crucial domestic-policy credentials than another tour at Foggy Bottom. As usual, Baker is mum on his personal plans.

California dreaming... Some of George Bush's closest advisors in California say privately that he has virtually no chance of winning its 54 electoral votes. For one thing, over the years, Bush spent very little time in the state because he felt it was Ronald Reagan's domain; for another, California is one of the strongest pro-abortion-rights states. But because Republicans do not want to abandon it altogether, one senior strategist says the current plan calls for Bush to visit California periodically, making his real intention, which is to force Clinton to spend time and money defending his lead while he (Bush) "feints" at a serious run by masking his real intentions.

Is peace at hand? One well-connected American familiar with the private views of both Syrian Prime Minister Hafez Assad and Israeli Prime Minister Yitzhak Rabin predicts that their countries, which have been in a state of war for more than 40 years, will soon make peace. Broadly sketched, the deal will require Damascus to normalize relations with Jerusalem and Israel to accept a formula recogniz-

ing Syria's ultimate sovereignty over the Golan Heights, which the Israelis occupied during the Six-Day War in 1967. The key arrangement under which the Israelis would withdraw from some of the Golan, where they have built many settlements and military installations, and be replaced by a U.N. force including a U.S. contingent. Then Israel would lease the remaining land for a yet undetermined period. The source believes that peace may be at hand because the two nations' aging leaders are eager to leave a legacy for history.

Mortgaging privacy. Mortgage lenders - awash in requests for new and refinanced loans and worried that some applications may be submitting phony proofs of income - are further eroding the financial privacy of many borrowers. Ordinarily, copies of wage stubs, W-2 withholding statements and partial tax returns are enough evidence for lenders to approve a loan. But even after approval, a growing number of lenders, especially those who sell their mortgage portfolios, are requiring applicants to sign forms giving the creditors a virtual blank check to seek tax data about the borrowers. The forms allow access to the signers' complete federal tax returns for as many as four previous years. Sometimes, the forms are sprung on borrowers at closing, when they are least likely to object to yet another invasion of their privacy.

Head start. If Bill Clinton wins in November, one of his first major tasks will be to woo the new Congress - a third of whom may be freshmen. Some strategists are suggesting a novel way to a head start: have the president-elect meet with the new members at their orientation sessions in December and then plan a congressional agenda. That way, a legislative game plan could be in the works before inauguration - and even before the convening of the 103rd Congress in early January.

GOVERNMENT GRIDLOCK

A truce in Trenton

A peace initiative was announced last week between warring factions in the Statehouse: Democratic Gov. Jim Florio's administration and the Legislature's Republican leadership.

That bodes well for a populace weary of gridlocked politicians who cannot address problems because of the steady stream of partisan invective spewing from their mouths.

In fact, the public is already a winner because of this new spirit of cooperation.

State Government

On the day Florio, Assembly Speaker Garabed "Chuck" Haytaian, R-Warren, Hunterdon, and Senate President Donald DiFrancesco, R-Union, agreed to start meeting regularly to discuss issues, a compromise was reached that will keep New Jersey parks from closing.

Some 92 layoffs in the Department of Environmental Protection and Energy were to result in the shutdown of nine state parks this fall. But an agreement was reached between the Legislature and administration to avert the layoffs and park closings by finding money elsewhere in the DEPE budget.

This problem-solving was a welcome change from the bitter political name-calling that has marked the Florio-GOP relationship since shortly after Florio took office in 1990.

Even though the fiscal 1993 budget was put to rest only a few weeks ago, a fiscal 1994 budget shortfall close to \$1 billion is already looming. Republicans want to overhaul the governor's controversial education funding system.

Political wrangling is a necessary and even desirable element of a democracy based on a system of checks and balances. But when partisan battle replaces problem-solving as government's main reason for existence, the voters are not being served.

A truce in Trenton provides at least the possibility that our elected officials can do their job.

YOUR OPINION

Former Commissioner asks return to Old Order

To the editor:

Councilman William Cook's recent "Letter to the Editor" defending our former Town Manager was two and a half columns of empty rhetoric.

Mr. Cook spent most of his words criticizing and insulting the majority of his colleagues on the Council. Bill Cook said "Time tells the truth in all matters." How right he is! Here is the truth of what has happened in two years of his "professional" Council-Manager government.

Our 1990 Clean Community grant money was improperly spent and we had to pay back over \$18,000 to the State.

Mr. Kendall put us almost 3 million dollars in debt in his first nine months, bonding some trivial items such as a copier machine and installation of two-way radios in some Public Works vehicles.

The Public Safety Building is over one year behind schedule despite the fact that Councilman Cook (an engineer) and Councilman Messina (a contractor) are on the Building Committee.

After incurring over \$200,000 in legal fees, the Council replaced their original Town Attorney, the same one who assisted them with the change of government.

The Town manager ordered the subdivision of a large piece of town property. The Council then sold a piece of this property at a "private sale." My complaint to the State Police resulted in an investigation which determined the sale violated State Statute. The sale was rescinded by the "professional" Council on Dec. 10, 1991.

The original contract to renovate the Municipal Stadium was \$98,000. With our Town Manager, fulltime Town Engineer, and our "professional" Council overseeing the project, cost overruns brought the total costs to over \$300,000. And a few months after completion, a section of the front wall began to collapse. On Oct. 17, 1991, a Councilman stated in a letter, "The Municipal Stadium was a financial disaster because of the utterly stupid acts of our town engineer."

A new fire truck was purchased for over \$400,000, yet it cannot get through certain streets in our township.

The prior Board of Commissioners received \$40,000 in grant money to plant trees on Washington Avenue. The new Council delayed the project over one year, hired an outside contractor to plant the trees when town employees were capable of doing so, and after another year, the project is still not complete.

Councilman Cook lives on Division Avenue. He may recall when the prior Board of Commissioners reconstructed their street and Passaic Ave., Rutgers St., Overlook Ave. and Wallace St. They installed all new curbs, sidewalks, and street pavement. The new "professional" Town Manager and Council started their own road improvement program. The residents of Tappan and Malone avenues were treated as second class citizens as they received only certain select sidewalk replacements, their old broken curbs were "re-set," and many of their trees were destroyed or damaged by incompetence. The residents of New Street received a "new street" and they are enjoying "new" potholes in front of every

house as their car wheels settle in the poorly installed pavement.

Mr. Cook's Council-Manager government hired a water consultant for \$30,000 to review our water system, despite the fact that Commissioners since 1985 had begun the restoration of our water system. As Director of the Engineering Department from 1987 to 1990, I oversaw the cleaning and cement lining of 3000 linear feet of water mains on Schuyler St., Cleveland St., Quinton St., Mill St. and Washington Ave. Additional fire hydrants were added where needed. Mr. Cook's Council-Manager government chose to give \$30,000 to a consultant instead of continuing the cleaning and re-lining program.

Mr. Kendall removed the recycling dumpster from the Senior Citizen parking lot and eliminated a very convenient newspaper drop-off site for our residents. He also installed a very large gate at the entrance to the Seniors parking lot, so heavy the Seniors cannot move it.

With a full time manager, engineer, and planner on staff, Mr. Kendall paid a consultant \$2000 to fill out a 2 page application for a \$10,000 tree grant.

In 1990, the Commissioners left the new Council a budget surplus of \$2.175 million dollars. In 1991 they still had a surplus of \$2.250 million. In 1992, Mr. Kendall and the Council used this surplus to balance their budget. They put us in such poor financial shape that the State is giving us \$7.6 million in State Aid. Despite using all the surplus and receiving an unprecedented amount of State Aid, our taxes are still going to be increased. What an efficient form of government, Mr. Cook!!!

And for all this efficiency, the Council is giving Mr. Kendall a \$40,000 bon-voyage gift.

Get the petitions ready, here comes the Commission form of government to the rescue again.

Vincent J. Frantantoni

(EDITOR'S NOTE: One of the major reasons the public voted out the Commission form of government was the behavior in office of both Mr. Fornarotti and Mr. Frantantoni, both of whom have been rebuffed by the voters in their efforts to regain office. Belleville does not need another change of government. It needs a better quality of government.)

Police action defended

To the editor:

No one wants their car stolen...
No one wants high speed car chases in their town...
No one wants gunfire in their streets...
But, if this is what it takes to bring some sense of law and order...
Then so be it...

Vincent Menza

Let's keep Ray Kimble

It has dawned on us that the naming of Police Chief Raymond Kimble as Acting Township Manager might be something that should be extended into a longer-term appointment.

Part of this is based on our concern that the goofy junta now running the Council is liable to come up with a Township Manager reflective of that goofiness.

The other is that Mr. Kimble is probably a lot better qualified to manage the town than we first comprehended.

Who better than a veteran cop who would know the workings of a community, the good things as well as the seamy side of the community, the people of the town and their aspirations.

It happens that Kimble is a man of considerable formal education. It may not include municipal management, but the experiences of a life time in law enforcement are probably better than any college course.

We do not state this lightly.

The township needs a period of sanity in which to catch up on all the projects that have been stalled during the past couple of months, while the Council majority worked to dismantle the administration.

We think that Ray Kimble would provide that sanity. We do not know all the legalities involved in having a police chief as township manager, but until the Township Council can select a genuine professional, instead of some battered hack, we think the township would be safer in his hands.

Flight #198

A feature of The Nutley Sun, the Belleville Times and Bloomfield Life

By Frank Orechio

• I'M proud of the accomplishments of one of our former Nutley Sun editors, Michael C. Gabriele, who today is the Associate Editor of "Plastics Technology" — the Magazine of Plastics Manufacturing.

Michael C. Gabriele

• SATURDAY's mail brought a surprise announcement from "Friends of Gabe Ambrosio Re-Election Campaign" announcing a \$150 per person buffet reception to be held October 15th at the San Carlo Restaurant, Lyndhurst. Does the use of "Re-Election Campaign" meet the truth in advertising test? The last time I checked, the senator representing the 36th District was John Scott. Governor Jim Florio will join Gabe in the reception line.

• ON the same day at 11:30 in the morning, Governor Jim Florio will cut the ribbons at a dedication ceremony of the newly built Wanauke South Water Project Filtration Plant at the North Jersey District Water Supply Commission in Wanauke, New Jersey. The plant will serve Nutley, Bloomfield, Newark and several communities out of our district. Every time I make an attempt to list the communities that have a piece of the action of the facility at the North Jersey District Water Supply Commission, my heart goes out to the Belleville taxpayers who have yet to own a piece of

a water facility. Belleville is a customer of Newark. Belleville water users can expect a big jump in the cost of water some time in the near future.

• IN Saturday's mail, I received an envelope from National Republican Committee Chairman Richard Bond that arrived in my office by certified mail. His first paragraph ends, "It is imperative I hear back from you and every Campaigner Member I'm writing today. Mr. Orechio, we have a dire situation on our hands. It is going to take an extraordinary effort by every Campaigner Member RIGHT NOW to prevent a Democrat sweep of the White House and Congress on Election Day." As expected, the letter ends with a fund solicitation of a specific amount — and I have responded in the affirmative — although, I am so disgusted with the overwhelming negative campaign of Bush surrogates that, in the end, I may do one of two things — vote for Perot or vote for Clinton.

• I am pleased to welcome back to active service Dr. Albert Gaydos who was out of action for a spell.

Dr. Albert Gaydos

• THE highest vote-getter at the last Bloomfield Council election was Louise Palagano who received 1,200 more votes than the second place finisher.

• OUR new Congressional District designated as District 8 consists of the following municipalities: Pompton

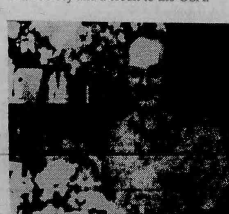

Lakes, Wayne, part of North Haledon, Haledon, Prospect Park, Paterson, Totowa, Little Falls, West Paterson, Clifton, Passaic, Cedar Grove, part of Montclair, Bloomfield, Nutley, Belleville, Verona, Glen Ridge and parts of West Orange, South Orange and Maplewood.

Passaic County population is represented with 356,000. Essex County with 240,000. In other words, 60 percent of the voters from Passaic County will control the 40 percent from Essex County. Both State Senator Republican Joe Bubba and former Democrat Assemblyman Herb Klein are from Passaic County. The presidential election may influence voters in the selection of our congressional candidate. In 1994, there will be no presidential candidate for a congressional candidate to tag along with.

• NEW HAMPSHIRE would have experienced a deficit of 21 percent in its fiscal year budget which began July 1st had it not received a special one-time bailout from the Federal Government and reimbursement for Medicaid payments.

One wonders why the Federal Government chose to reimburse New Hampshire for Medicaid payments, but refuses to reimburse New Jersey. Could it be John Sununu's influence that gave New Hampshire a preferred position vs. New Jersey with a Democrat Governor. Clearly, the Bush administration is involved in partisan politics in this instance.

• A LITTLE late, but I shouldn't let congratulations slip by Nick Zols, Rosy Florist proprietor in Bloomfield Center. Nick was honored as the 1992 recipient of the citizen of the year by the League of Family Services of Bloomfield. Nick has been a civic leader par excellence. I admire his devotion to those two islands in Bloomfield Center, and especially his willingness to care for the American Flag right there in the shopping hub of Essex County. I congratulate Nick, his son and all the staff at Rosy Florist. A credit to Bloomfield, a credit to New Jersey and a credit to the USA.

Letters to the Editor

'Editor wrong'

To the editor:

In last week's letter's to the editor, the editor of this newspaper seems to know nothing about the politics of Belleville, but makes statements that aren't true.

A comment he (Mr. H.K.) made after my letter to the editor about Mr. Kendall, that we commissioners did nothing in the past 25 years to upgrade the water pressure system, is a big lie. Since Commissioner Joe Grande was the director of public works, he and the next director of public works improved the water system by relining water mains from Main St. to Washington Ave. plus Academy St. and many other streets above Washington Ave.

We commissioners also installed many new hydrants, with no water pressure with, community funds.

Again, I say, with all the mis-spent monies the manager and council spent, the hydrants (54) that aren't working properly could mean someone's life.

Mr. editor, stay out of politics and keep to your craft - newspapers.

Joseph Fornarotto
Former Commissioner

GOP defended

To the editor:

After years of runaway growth and escalating taxes, the new state budget put together by the Republican majorities in the Assembly and Senate actually reduced spending by a billion dollars... and still provided New Jersey citizens with the largest single tax cut in state history.

Since he refused to support the tax cut or our quest to cut the size of state government, Gov. Jim Florio and members of his administration have launched a deceptive media campaign in the hope of discrediting this historic undertaking.

The Florio administration is trying to convince citizens that the Republican budget is not a "good deal" and that it will lead to "pain" for our people.

Bob DeSando
Communications Director

For the 'ins'

To the editor:

This is another saga of the In's and the Out's feud that developed from the concept. On the In's, we have 4 council members, Drodz, Cerami, Noonan and Perna, and on the Out's we have 3 council members, Messina, Cook and Spillane.

The In's are trying to bring about a more efficient and responsive government, and the Out's are crying foul. Trying to save taxpayers money by cutting back Township Attorney's fees seem to be a responsible effort by the In's, but the Out's cry foul.

Trying to save the taxpayers money by cutting back management salaries seems to be efficient government but the Out's cry foul.

Trying to bring about positive change in the community is something that a few citizens would argue about. But the Out's cry foul. Four (4) cheers for the In's and Three (3) boo's for the Out's.

Joseph Marra

We need good sense

To the editor:

This goes out to all the people that are supposedly in some type of authoritative position in the township of Belleville, both politically and judicially:

It is a shame to see anyone be hurt or attacked in any type of violent incident (especially alleged racial ones), but must it take someone in a township position to be attacked for such a problem to be realized? I personally am familiar with the area in which Board of Ed. President Pisano was attacked, and it is not uncommon to see many Newark youths in that area. Granted, some of the time there is no trouble, but a majority of the time unlawful acts are being performed, ranging from graffiti to drugs.

And we won't mention the pathetic appearance of the Recreation House playground (graffiti, bent basketball rims, etc.) where many young Belleville youth cannot play because of the conditions. And we won't mention the scores of stolen cars that are found in Newark and are stolen by Newark youth. And we won't mention the scores of Newark youth that attend the Belleville school system. Why should we even mention these things? — they are right in front of our (and elected officials') faces and have been ignored for this long.

Personally, I think it has been long enough. Pretty soon, we'll have guards and metal detectors in our schools, and our playgrounds will deteriorate more and more into vacant areas of debris.

Belleville — I thought it meant "Beautiful Village", not "Newark look-alike"; WAKE UP, township officials, and do something about this. Who knows? — perhaps it may be you or someone close to you that may be affected in the near future by these individuals. These individuals have done enough damage to Belleville already — let's try to stop this before it gets too late.

A concerned (and fed up) citizen of Belleville

OUR OPINION

An apology to Doc

A lesson we learned long ago, but which we had forgotten, unfortunately, is that when a newspaper holds a person up to ridicule, or criticism, there are people out there who will take this as an invitation to make a target of that person.

The Belleville Times makes no secret of its belief that Council President Dr. Frank Noonan is way off base in some of the things he is doing on the Council. It is possible that the person who left the carcass of a goat on Dr. Noonan's property felt this was a way of supporting that criticism.

Since then, other offerings have been left on the premises. As it happens, Dr. Noonan maintains a medical practice and anything that generates fear or concern among his patients could become a serious matter. Health, and even life, can be at stake here.

It is a gruesome thing to destroy a living creature for the sake of a political argument.

It is also a primitive, childish thing to do.

Whatever failings we may see in Dr. Noonan's opinions, we still respect those opinions, and the man who holds those opinions.

And if anything the Belleville Times has stated has led to the sorry actions of a disjointed few, we sincerely regret them.

Let's get our disagreements back to a higher ground - even to the ordinary vigor of give and take that enlivens the normal, healthy political process.

D'Alessio fights proposal to hike local property taxes

Essex County Executive Thomas J. D'Alessio recently spoke in Trenton before county officials from throughout New Jersey to protest a proposal by the State Department of the Public Advocate and the Supreme Court that could raise local residents' taxes by over \$7,000,000.

"As Essex County Executive," said D'Alessio, "I've worked hard to maximize county services and minimize the financial burden to our county's taxpayers. He explained that the transfer of responsibility from the Public Advocate's Office to the County for private legal representation of pool cases would have "devastating effect on our taxpayers."

D'Alessio pointed out that Essex has the largest financial burden of any county in the state for operation of the courts. "I have fought against the courts for imposing the burden upon the taxpayers of

paying for the luxury lease of additional space for their offices. How much more can we take at the local level? How much can we take?"

The county executive said the "proposal isn't even penny wise and pound foolish. It's penny foolish and pound outrageous." He vowed to fight the plan, adding, "We at the county level can't afford to make up

Trenton's shortfall on the backs of our taxpayers."

Currently, the state pays approximately \$540,000 for cases within Essex County. If counties take over this burden, Essex taxpayers may be forced to pay \$7,500,000. "We're putting our nose to the grindstone, and the state is smashing our faces into the granite."

Living Wills

"Living Wills" will be the topic of discussion on Oct. 5 at 7:30 p.m. when a lawyer from the Essex County Bar Association comes to address the library as part of the "Ask a Lawyer Series," sponsored by the Young Lawyers Division of the Essex County Bar Foundation.

Please call the library at 450-3434 to register. The library has several bookson Living Wills, as well as material in its vertical files.

THE WORLD VIEW — On Oct. 8 at 7:30 p.m., Frederick Dammont, world traveler and award-winning photographer, will present a slide presentation and narration on Italy, Yugoslavia and Switzerland at the Belleville Public Library and Information Center. Please call 450-3434 to register.

Discovery of Italian literature

The New Jersey Committee for the Humanities lecture series continues at the Belleville Public Library and Information Center, 221 Washington Avenue, Sept. 30 at 1 p.m. with a lecture on and discussion of "Naked Masks," by Luigi Pirandello, with Dr. Edward Huberman, Professor Emeritus of English and American Literature, Rutgers University.

To register for the lecture and the two other lectures in the series on "The Leopard" by Giuseppe di Lampedusa and "The Garden of the Finzi Continis" by Giorgio Bassani, on Oct. 14 and 28, respectively, call the library at 450-3434.

Italians and Creating of America

On Oct. 8, at 1 p.m. at the Belleville Public Library and Information Center, the documentary "The Italian and the Creating of America," Part I, will be shown. This documentary traces the extraordinary contributions of the Italians who came to this country from the close of the 15th century to the end of the 19th century. The Italians have left their mark as philosophers, explorers, artists, inventors, bankers, soldiers, educators, missionaries and settlers.

A discussion will follow with Assistant Library Director Adrea G. Cohen. Part II will be shown on Oct. 22, also at 1 p.m.

Drake Civic Association sponsors second annual celebration

The Patricia McGarry Drake Civic Association, whose Standard Bearer is Essex County Clerk Patricia McGarry Drake, recently announced it will sponsor its second annual fundraiser billed as a "Night of Nostalgia" featuring the Duprees, one of the most successful Rock N'Roll groups of the 60s.

The Civic Association's Night of Nostalgia will be held on Sept. 26 at Sacred Heart School on South Orange Avenue in Newark, starting at 8 p.m.

The Civic Association, whose

membership numbers almost 500 people, makes annual donations throughout the year to various charitable organizations in Essex County.

According to Michelle Dalbo, spokeswoman for the Civic Association, "We are delighted at the opportunity to offer first-class entertainment for our annual fundraiser, and the evening promises to be extremely entertaining."

The Duprees, still one of the most popular nightclub attractions, exemplified the softer side of Rock N'Roll with their soft, mellow moods. During their performance they deliver some of their mild

and mellow hits of the past including such beautiful ballads as, "Have You Heard," "Why Don't You Believe Me," and "You Belong To Me," the group's first million seller.

The Civic Association's Standard Bearer, Essex County Clerk Patricia McGarry Drake, was the first woman elected Essex County Clerk. She was appointed Deputy

County Clerk in 1984, and had been re-appointed to the post in January of 1986, where she served until her successful election in 1990 for a five year term.

Ticket price for the Night of Nostalgia is \$30 per person. For more information, contact Michelle Dalbo at 751-5590.

From the Governor's desk...

By Jim Florio

Another beach season has drawn to a close and it's a good time to do some reflecting on the Jersey Shore, and also to do some planning for the future.

Lucinda and I recently spent two days traveling the whole length of the Shore, to celebrate what it means to us and to thank the people who make it such an attractive and pleasing place to be.

We had lunch with Mrs. Max at "Max's Hot Dogs" in Long Branch and walked the boardwalk in Spring Lake. In Avon, I talked about a \$6 million grant to help 94 shore towns map and monitor their storm water sewer systems. I had a chance to get an update on a beach restoration project in Ocean City, and even visited one of the state's most notable landmarks — Lucy the Elephant in Margate.

In Long Beach Island, I was joined by Transportation Commissioner Tom Downs, as the groundbreaking began for the Route 72 bridge rehabilitation project, improving access to the mainland. We watched pelicans return to an island preserve in Barnegat Inlet and at the end of our journey, embarked on a whale-watching boat tour off the coast of Cape May.

It's been a pretty good season, most people would agree. The biggest problem was the weather on weekends. But that's better than some of the problems we've had in past years. I am pleased that we've been able to end ocean dumping and take other strong measures to keep the Shore clean, and to come down hard on those

Gov. Jim Florio

who still have not gotten the message that the days of polluting and getting away with it are over.

But there's another message that some people still haven't gotten, and it's just as important as cracking down on pollution.

I am talking about the absolute necessity of coming up with a stable source of funding to preserve and protect the Shore. Anyone who spends time at the Shore or makes their livelihood there, knows that there is more to our beaches than the environmentally and aesthetically pleasing sights.

The Shore is a resource. It is the jewel in the crown of our state's \$18 billion a year tourism industry.

And just like a road or a bridge or a building, if the Shore is going to continue to be what it's been, it has to be maintained. It has to be

repaired when normal, or abnormal wear and tear takes its toll.

That's common sense, but unfortunately, common sense isn't always so common in Trenton. I don't know how to put it any more clearly: we need a stable source of funding for the Shore, and we need it now.

If ever we needed a reminder, the devastation wrought by Hurricane Andrew in Florida and along the Gulf provided it. New Jersey was lucky that we weren't hit, but we could be next time — just as we were by the fierce storm of last January and Halloween. How many times does Mother Nature have to fire a shot across our bow before we get the message?

I was pleased this past week to see the Jersey Shore Partnership put out a strong statement on behalf of a funding source. That was a very welcome development, but we've got to get past the stage of issuing statements.

This Legislature has to act. It's time to stand up for the Shore and for all it means to the people of New Jersey. When the Legislature returns from its summer break, I hope that finally the matter of Shore funding will be dealt with.

And I urge you, as people who care about the Shore, to make your voices heard.

The immigrant experience

PART II

By Michael Rosamilia

(Continued from Sept. 10, 1992 issue)

Southern Emigration:

Prior to the arrival of the southern Italians, the earlier national groups in the United States had begun to leave the eastern factories for land opportunities in the West so there was an increasing strain on the labor market. This made it possible for manufacturers' agents to make lucrative offers to the southern Italians who settled in the cities and states of our seaboard. The availability of cheap western land was minimized even more soon after their arrival, making further movement for them impractical.

This, in addition to the language barrier and limited education, forced the Italians to live in clanish isolation. Carl Wittke describes a section of New York as being "A little world in itself with its Italian stores, restaurants, boarding houses, banks, butcher shops and bakeries, its steamship agencies, Italian physicians and lawyers." Here the immigrant can converse with his Italian friends, read an Italian newspaper, see

Italian motion pictures and plays, and belong to an Italian club. If it weren't for the stark memory of a fourth-class passage over the ocean, there would be times when he would think that he were still in Italy. This feeling would be dispelled somewhat when he thought about the conditions in which he lived — the cold water, one room, firetrap which was the tenement. This had not been described to him when an agent introduced him to the wonders of the United States.

While the "Little Italy" brought together many people with a common language, this compact group retained some of the differences which stemmed from local pride. "The two words which express this localism of culture in South Italy are 'campanilismo' and 'paesano'. The former refers to all those living within the sound of the church bell (campanile)... A paesano is a fellow villager. The small community was a primary group with local customs, folkways, festivals, saints, and a local dialect frequently incomprehensible to dwellers of the rest of Italy." The unification of Italy had been too recent for a strong national loyalty to be developed. "The historical geographic division of Italy preserved an intense local patriotism. It was some years after emigrating that he ceased to think of himself as a Genoese or Neapolitan and accepted the classification of Italian."

This then was the first step toward assimilation. The immigrant had to be an Italian before he could become an American.

Chapter II

CONFLICTING CULTURE AND THE FAMILY

Perpetuation of Culture:

What produces cultural conflict? Why should Italian culture present a problem to the second-generation American? Does not the fact that people have settled in America indicate that they would want their children brought up in the American tradition? Irving Child states that "One of the basic facts about any human society is that it maintains its continuity by taking the offspring of its members as raw material and molding that material into the shape of new members of the society. The normal new-born child is an organism which has the potentialities of becoming an adequate member of the human society which would fully accept and rear it; the task of society into which it is born is to shape its behavior into the particular patterns which are demanded by the norms of the society's culture. Each child, then, is subjected to a program of training which normally results in its acquiring certain approved modes of response and in its learning not to respond in certain disapproved ways." Just as in other national groups, there is a willful attempt on the part of the Italian parent to perpetuate his mode of beliefs and behaviors through his children.

Nutley Family Service Bureau sets annual charity ball Nov. 7

The Nutley Family Service Bureau will hold its 79th Annual Charity Ball Nov. 7 at the Marriott Glenpointe Hotel (formerly Lowe's Glenpointe Hotel) in Teaneck. Cocktail hour will start at 7 p.m. with dinner following at 8 p.m.

Mr. and Mrs. Craig Harrison will serve as co-chairmen of the event. Both are active in community affairs in Nutley. Mr. Harrison is a member of the Nutley Elks and the Nutley Jaycees and is also affiliated

with the New Jersey Soccer Officials' Association and the Micro Computer Managing Association.

Mrs. Harrison has been active with the Rosary Society and Parish Council of St. Mary's Church and Friends of the Nutley Library. She also serves as a board member of the Nutley Family Service Bureau Auxiliary.

Tickets for the ball are \$80 per person. For further information, call the bureau at 667-1884.

Lisa DiPaolo — Christopher D'Achille

DiPaolo-D'Achille troth told; wedding next June

Mr. and Mrs. Thomas DiPaolo of Nutley announce the engagement of their daughter, Lisa Marie, to Christopher Paul D'Achille, son of Mr. and Mrs. Palmer D'Achille of Nutley.

The wedding is planned for next June.

Miss DiPaolo, an alumna of

William Paterson College, Wayne, is a teacher with the Essex County Educational Services Commission.

Mr. D'Achille, a graduate of New Jersey Institute of Technology, Newark, earned a master's degree at Stevens Institute of Technology, Hoboken. He is a software engineer with TTT, Nutley.

David Price — Kristin Shannon

Kristin N. Shannon to wed David W. Price

Mr. and Mrs. Peter Shannon Jr. of Nutley announce the engagement of their daughter, Kristin Noelle, to David W. Price, son of Mr. and Mrs. Walter Price of Union.

Miss Shannon, an alumna of the University of Delaware and the master's program at Gallaudet University, Washington, D.C., is a teacher of the deaf in Mountain

Lakes. She is also the varsity cheerleading coach at the Mountain Lakes High School.

Mr. Price is also a graduate of the University of Delaware where he was selected a football All American offensive guard. He is currently employed in the pharmaceutical sales division of Abbot Laboratories.

A Christmas wedding is planned.

CHAIRING THE BALL — Mr. and Mrs. Craig Harrison have been named chairmen of the 79th Annual Nutley Family Service Bureau Charity Ball to be held Nov. 7 at the Marriott Glenpointe Hotel, Teaneck. All proceeds benefit the bureau.

Dr. Roy Imhoff to present 'A Travel Through Italy'

Dr. Roy Imhoff, longtime Nutley resident, will present "A Travel Through Italy" at the meeting of the Friends of the Nutley Public Library, set for 7:30 p.m. Oct. 5 in the Stockton Room.

The highlight of the program will be numerous sketches Dr. Imhoff made during a recent trip to Italy. The sketches depict visits to the hilltowns in Tuscany and Umbria, the lake district and the picturesque cities of Florence and Venice.

Dr. Imhoff has been drawing and painting for most of his life. His

work may be found in many Nutley homes and businesses and has been exhibited in galleries and shows in New Jersey, New York, Martha's Vineyard, Mass. and St. John, U.S. Virgin Islands. His drawings have been published in the New Yorker magazine, Gourmet magazine, Martha's Vineyard magazine, The Nutley Sun, The Vineyard Gazette and the St. John's Tradewinds.

Space is limited and program chairman Charles Gruber suggests interested persons contact him at 661-2043 to reserve a space.

Dr. Roy Imhoff

BIRTHDAY CELEBRATION — Mrs. Josephine Malizia of Belleville was the guest of honor at a reception celebrating her 80th birthday Aug. 2. Over 70 friends and family members attended the party hosted by granddaughters Karen McAndrews and Brenda Malizia Negus. Sons Francis, George and Joseph Malizia offered toasts and special guests included great-grandchildren Phillip Negus, Matthew McAndrews and Joseph Malizia III. Mrs. Malizia, wife of the late Frank Malizia, has lived in Belleville for over 50 years.

Nutley class of 1973 sets 20th reunion next November

The officers and reunion committee of the Nutley High School class of 1973 announce confirmation of the 20-year reunion Nov. 26, 1993 at Wayne Manor, Wayne. The event will be sponsored by Reunion Time.

Details will follow as they become available. Inquiries or address updates may be directed to JoAnn Argieri Hanly, class treasurer, 667-8319; Evonne Condon Romanelli, 667-7723 or Carolyn Testa Rye, 239-2873.

Other committee members include class president Steve Salamon; vice-president Jeanne LoCurcio Clark; Mary Rubino Ryder, Renee Joyce, John Cafone, John Coppola, Donna Auteri DeFrancis, Debbie Ziering Wymann, Marlyou Sarrecchia Nardone, Alan Donatiello and Dave Wilson. Information received from sources other than Reunion Time or committee members listed above should be directed to the committee's attention.

RECREATION ROUNDUP

Basketball team needed

The Belleville Recreation Department is presently seeking teams to play in its Over 30 Men's Basketball League beginning in November. The league plays on Wednesday nights at the Middle School, using primarily high school rules. There is a residency requirement, mandating that three-quarters of the team be Belleville residents. For other information or if interested, call the Recreation office at 450-3422.

Fall programs

The Belleville Department of Recreation & Cultural Affairs has announced the start of its fall activities schedule.

The Girls' Cheerleading Program will take place on Thursdays at School 3, as of Sept. 17. Girls in grades 1-4 should report from 6:30-7:30 and girls in grades 5-8 should report from 7:30-8:30. Cheerleading is also offered on Tuesday nights at School 8 for girls in grades 1-6 from 6:30-7:30 p.m.

Intramurals for children in the

Middle School grades 7-8 will be held on Tuesdays and Wednesdays in the JHS Boys Gym from 3:00-4:00 p.m. beginning Sept. 22.

Girls' Twirling will be held on Mondays at School 10 beginning Sept. 21. Girls in grades 1-4 will meet 6:30-7:30 on Mondays and grades 5-8 will meet 7:30-8:30 at the School 10 session. Girls must provide their own batons for this activity. Twirling will also be offered on Wednesday nights at School 7 at the same times, beginning Sept. 23.

Adult Open Volleyball will start on Wednesday, Oct. 7 from 6:30-9:00 p.m. at School 3 for men and women.

For more information on upcoming programs like basketball, volleyball leagues and wrestling, call 450-3422 between 8:30-4:00, Monday through Friday.

Twirling instructor needed

The Belleville Recreation Department is presently seeking one adult girl to work as an instructor for its recreation twirling program. The program is on Monday and Wednesday nights, 6:30-8:30 p.m., and is already in progress.

Qualified applicants must know baton twirling and must be able to teach it to children in grades 1-8. Responsible high school seniors might also be considered for employment in this capacity, but adult applicants would be given priority.

Giuffrida run on Oct. 4.

(continued from page 13)

In May, 1989 to a heart attack.

Race director Tonia Moore announced that all runners will receive tee shirts. Plaques and awards will be given to runners who finish in the top three in their respective age groups and in the top three overall in the race.

Jiffy Libe will once again be one of the top sponsors of the race. Philmore Associates is also a top corporate sponsor.

Major sponsors for the race include Motorcycle Mall, Tom Spillane, Bill Cook, Joe's Shell Station, Golds Gym, Dr. Len Russo and a

group entitled Friends of the Giuffrida Family.

A large banner announcing the race is now posted along Washington Avenue, near the McDonalds and Pathmark.

"I'd like to thank the Belleville Fire Department for its help in getting the banner up," Lorraine Leming, one of the race coordinator's, said. "Everyone has been very cooperative."

The race will be held, rain or shine. The first two years produced magnificent weather for the race. Let's hope 1992 continues that positive trend.

Senesky concerned by injury bug

(continued from page 13)

dy, who took over the starting QB job last November, has looked good in the pre season.

"Mike has a good grasp of the offense," Senesky said. "You can see the confidence factor settling in."

Also looking good on offense has been senior fullback Ricky Constantino.

"He's running the ball very well," Senesky said. "Ricky is a good inside threat when running."

As for Don Bosco, Senesky expects a good test.

"They seem improved over last season. Defensively, they're very tough and they have some good grind it out type of runners. They are also well disciplined."

NOTES: Bucs defeated Don Bosco in last years game, 26-14 at Don Bosco in week eight. In 1990, Belleville won a thriller at Doe Ellis Field, 13-6 in the eighth week of the season. That year, Don Bosco was 6-1 entering the game and on its way to the Parochial A championship.

Don Bosco beat Belleville '89, 18-12 in the now infamous "dirty hands" game in week two. Belleville won in '88, 7-0 in the sixth week of the season.

The teams did not play in 1986 or '87. In 1984 and '85, Belleville and Don Bosco played each other in week one. The Bucs won in '84, 14-0 and Don Bosco won in '85, 8-2. Overall, Belleville leads the season series between the teams, 4-2.

Belleville's record in opening games during the Senesky era (1977 to present) is 8-7. Winning on opening day is not indicative of how Belleville will do, however. In 1989, the Bucs won its opener at Paramus Catholic 21-0, then did not win a game for the rest of the year. In 1990, the Bucs lost to Hackensack 34-0 but went on to a 5-4 record, winning four of its last five games after a 1-3 start.

The '87 team won its opener 7-0 over Paramus, but ended up the season with a 3-6 record. The '87 Bucs lost some real tough games that year, the most notable the controversial 12-7 defeat to Ridgewood in week two when Belleville's winning TD on the last play of the game was overruled.

In '86, Belleville lost a 9-6 decision to Paramus on opening day, but went on to a 6-3 record. That team won six of its last seven games after an 0-2 start.

One of the best examples of a Belleville team that fared poorly in its opener then rallied afterward came in 1980. The Bucs lost to Livingston by a whopping 24 points

Members of the Belleville freshman football team with their head coach, Larry Zacche (second row, 4th from left). Bucs open their season this weekend.

The sign says it all as Belleville players look for that little edge which could make the 1992 season very memorable. At Clemson, the players tap the stone as they enter the field. At Belleville, maybe the players can hit the sign as they leave the lockerroom (Just an idea).

Buc Shots

(continued from page 13)

sophomore, scored both goals.

The freshman team dropped close games to Clifton 2-0, Hackensack 1-0 and Kearny 3-0 last week.

ANSWER TO QUIZ OF 9/10: The freshman team dropped close games to Clifton 2-0, Hackensack 1-0 and Kearny 3-0 last week. Since Lou Holtz has coached at Notre Dame, the Irish have done well. The team was 5-6 in Holtz' first year, 1986. Since then, the team was 8-3 in '87 and played in the Cotton Bowl, 12-0 in '88, winning the national crown by beating West Virginia in the Fiesta Bowl, 12-1 in '89, losing only to Miami and beating Colorado in the Orange Bowl, 10-2 in '90, losing to Colorado in the Orange Bowl and 9-3 last year, upsetting Florida in the Sugar Bowl.

Holtz coached at the University of Minnesota prior to taking over, at Notre Dame. Back in 1976, he coached the New York Jets to a 3-10 record before resigning prior to the final game of the season.

Learn about our presidents!

The Mini Page Book of Presidents is a must in this election year.

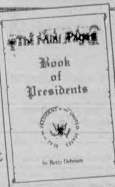

The book features a black-and-white picture of each president, along with such information as dates of birth and death, dates served as president, political party, signature and important achievements.

It also features stories about the President's Cabinet, political terms, and a visit to the White House.

To order, send \$4.95 plus \$1 each for postage and handling. Send only checks or money orders payable to Andrews and McNeil, P.O. Box 419150, Kansas City, MO 64141.

Rookie Cookie's Recipe

Microwave Mexican Bean Dip

You'll need:

- 1 16-ounce can refried beans
- 1 8-ounce can tomato sauce
- 1 1/4-ounce package taco seasoning mix
- 1 small onion, chopped
- 3 drops hot sauce

What to do:

1. Place all ingredients in a medium, microwave-safe bowl. Mix well.
2. Cover with plastic wrap. Microwave on HIGH 6 minutes. Stir at 3 minutes. Serve with corn chips.

One Country, Many Nations

Immigration today

Every 10 years, the U.S. government counts the people living here. This is called a "census."

According to the 1990 census:

- There are about 250 million people in the United States. Of that number, about 20 million were born in a different country.

More immigrants live in this

country than ever before in our history.

- About one in every 13 people was born outside the United States.

The latest figures (1991) show that these were the leading countries where immigrants to the United States came from:

A visa is a permit to come to the United States. Congress sets limits on how many people from each country may immigrate here.

Some immigrants are illegal. This means they did not get permission before they came to the U.S. Legal immigrants enter the United States at "ports of entry." These are places where immigration officers check to see if new arrivals have the right passports and papers.

Fact-a-roonie
When a baby is born in the United States, it automatically becomes a U.S. citizen.

In naturalization ceremonies, immigrants who are becoming U.S. citizens promise to uphold the Constitution.

Many immigrants will become U.S. citizens.

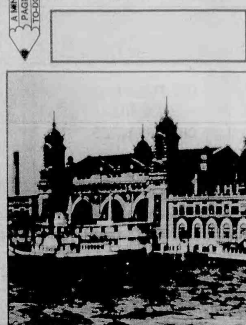

The Constitution gives Congress the power to set up rules for immigrants to become U.S. citizens. When they do become citizens, we say they are "naturalized."

Next week read all about the White House as we celebrate its 200th birthday!

In the past, most people, like this Hungarian family, came from Europe.

Do you know where your family originally came from?

Many immigrants passed through immigration check points at such places as Ellis Island in New York harbor.

How immigrants get here

In the past, people arrived by ship. They did not know if they would be permitted to stay in this country until they passed inspection here.

Today, most immigrants arrive by plane. They get a visa, or permit, from the U.S. Embassy in their native country. They must have it before they arrive.

Obituaries

Helen S. Gillespie, 81

Helen Sommer Gillespie, 81, of Belleville died on Monday, September 21, in the Clara Maass Continuing Care Center in Belleville.

Born in Jersey City, Mrs. Gillespie resided in Nutley before coming to Belleville two years ago. She was a Teller at the Bank of Nutley for one year, retiring 21 years ago. Previously, she was employed by Hoffmann-La Roche in its Foreign Department.

Mrs. Gillespie was a member of American Legion Auxiliary Unit 70 of Nutley; a member of Essex Saloon 8408 of the American Leg-

ion; the Past Presidents Parley of the American Legion Auxiliary Unit 70 of Nutley; the Nutley Civic Celebrations Committee, and she was a Volunteer with the Nutley Chapter of the American Red Cross.

Surviving are her daughter, Mrs. Geraldine Misner; her son, Robert D. Gillespie, and five grandchildren.

A funeral service was scheduled at the S. W. Brown and Son Funeral Home in Nutley today at noon. Interment is at Cresthaven Memorial Park in Clifton.

Harry Russell, 93

Services for Harry Irving Russell, 93, of Belleville were held Sept. 19 in the Johnese Nutley Home for Funerals (S.W. Brown & Son Funeral Home), Nutley.

Mr. Russell, who died Sept. 16 in the Park Manor Nursing Home, Bloomfield, had worked for the Westinghouse Electric Co. for

more than 30 years until he retired from the Meter Division in Newark in 1963.

Born in Newark, he lived in Belleville for most of his life.

Surviving are a daughter, Mrs. Doris R. Hollander; a son, Harry I. Jr.; eight grandchildren and 12 great-grandchildren.

Mary Villaggio, 75

A Mass for Mrs. Mary Villaggio, 75, of Belleville was offered Sept. 23 in Holy Family Church, Nutley, after the funeral from the Megaro Memorial Home, Belleville.

Mrs. Villaggio, who died Sept. 19 in the Clara Maass Medical Center,

Belleville, was born in Newark and lived in Belleville for 45 years.

Surviving are a son, Leonard Jr.; a daughter, Mrs. Susan Mobilio; a brother, Toby D'Ambola; five grandchildren and five great-grandchildren.

THEN: "The water was everywhere. Then our house fell apart. It was a miracle my son survived. So many died in the storm."

CARE

Right now millions of people in 42 countries are changing their lives with help from CARE. Millions more are waiting for their chance.

MAKE A DIFFERENCE 1-800-521-CARE

NOW: "We still remember the help CARE brought. Food, clothing, medicine. Even tools to help us rebuild. And my son — he is healthy and growing."

Flu Clinic to be held

This year's Flu Clinic will be held on Oct. 14 from 9 a.m. to 1 p.m. and 6 to 8 p.m. at the Department of Health, 383 Washington Avenue. Thomas J. Longo, Health Officer and Director of the Department of Health and Human Services, recommends that senior citizens,

particularly those over 65, take advantage of the free flu vaccination program. Excessive mortality from influenza outbreaks occur in this age group. Flu vaccination is also recommended for adults with such chronic conditions as:

1. Heart Disease
2. Chronic broncho-pulmonary disease, such as chronic bronchitis or emphysema
3. Diabetes mellitus and/or other chronic metabolic disorders

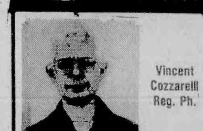

Vaccine will not be administered to:

1. Pregnant women
2. Anyone with a fever or acute illness
3. Persons under 30
4. Those who have received another vaccine within the past 14 days
5. Anyone with an allergy to eggs, chicken or chicken feathers

Residents are advised to consult a physician about the vaccine. Vaccination may also be considered for persons who provide essential community services and may be at increased risk of exposure.

The Health Fair is open to Belleville residents only.

ON THE REBOUND

While those suffering from nasal congestion may get temporary relief from nasal sprays and drops, overuse of these products may well prove to be counterproductive. Once the shrinking effect of nasal sprays and drops upon swollen nasal linings wears off, a "rebound" effect may well be in. This is characterized by nasal linings that are more swollen than the time before the medication was initially used to shrink them. The medical term given to this rebound phenomenon is "rhinitis medicamentosa." Those caught in its grip subject themselves to a vicious cycle of nasal spray use in which the product must be used with increasing frequency. Before anyone becomes engaged in this futile practice, a physician should be consulted to identify the underlying cause of the congestion.

When your physician gives you a prescription bring it to us for prompt service. All your needs can be handled at ROSSMORE PHARMACY, 338 Washington Ave., 759-1061, 759-1956. We are Medicare and Blue Cross approved. Free delivery is available. Walkers, wheel chairs, crutches, canes and other convalescent aids are sold and rented. Open: 9am-10pm daily, 9am-5pm Sundays.

HINT: The swelling of the nasal lining may, in some cases, be attributed to an underactive thyroid gland.

DID YOU KNOW?

Kitchen windows don't really need curtains. Many people prefer hanging plants in a sunny spot, or a wreath of herbs.

Even beginners can usually install sheet vinyl flooring in a small bath or kitchen. In a bathroom, where flooding may occur, it's wisest to anchor the floor with adhesive beneath the entire surface; in other rooms, it can be "loose laid" or fastened around the perimeter only.

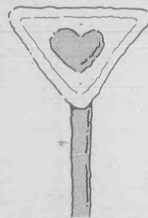

Create a guest room anywhere. One apartment dweller tucks Polynesian cotton throws into banquettes that double as beds. When company comes, roll-down blinds hung from the ceiling provide privacy.

Electric lawn mowers should be used only with appropriate extension cords: heavy duty and suitable for outdoor use. If the machine has a three-prong grounded plug, the extension should, too.

Call-waiting, providing the equivalent of three lines coming through one phone, each with its own number and its own ring, at lower cost than extra lines, is already available in some areas.
