Council narrowing in on former Wayne Manager to take interim manager post in Belleville at \$60M

By Howard Klausner

The Belleville Council is expected to offer the post of Interim Township Manager to Stephen Cuccio, former Township Manager in Wayne.

At press time, negotiations were still under way. Sources indicated

there was no problem about salary. Belleville is offering \$60,000 a year.

An Interim Manager holds the fort until a Township Manager is selected.

This does not preclude Cuccio from being chosen as regular Manager. Neither does it guarantee him the job.

The Council had narrowed down a field of a dozen or more applicants to three possibilities. Besides Cuccio, who resigned as Wayne Manager a month ago, those being considered are Robert Czech, former Manager of Montclair, and Jersey Professionals, an organization that provides professional guid-

ance to municipalities in obtaining administrators.

Cuccio was among those considered for the Belleville position two years ago, when the post went to Bertrand Kendall.

Kendall's initial salary was \$85,000 a year.

He retired under pressure from a four-member majority of the Township Council consisting of Mayor Marina Perna, Deputy Mayor Mario Drozd, Council President Dr. Frank Noonan and Councilman Charles Cerami.

Mayor Perna said the effort to oust Kendall was made to seek economies in government. Critics of the ouster effort - including the Belleville Times - called it a power play, with the Council majority seeking to find a more pliable manager.

Kendall received a payout of

\$43,000 because he was not being discharged for cause.

Cuccio became Manager of Wayne two years ago, in the wake of the scandals involving former Mayor Louis Messercola, who spent time in prison for extortion.

Reporters covering Wayne had praise for Cuccio, who, they said, inherited a difficult situation and restored confidence to the municipality.

Wayne has a strong-mayor form of government, in which the elected Mayor makes job appointments and the manager acts as an administrator directly responsible to the Mayor.

Wayne Mayor Newton E. Miller is noted for being strong willed and temperamental, and Cuccio's resignation was reported due to personality differences with the Mayor.

The Belleville Council-Manager form of government leaves the elected officials in an advisory capacity, while most appointments are in the hands of the Township Manager. The theory is to keep political interference out of municipal administration.

The final decision on whether or not Cuccio becomes Interim Manager is expected within a week.

Cuccio has been in public administration for some 20 years, serving as Bergen County Administrator for several years until 1981, when he entered Municipal Management.

In other developments, Mayor Perna reportedly went to the Essex County Prosecutor's office with allegations of misconduct by Kendall. The allegations received little credence, sources said.

Oops!

The three-family frame house at 551 Washington Ave. did not go quietly into the night when the demolition crews came. Instead, it tried to take a swipe at the neighboring office building of Newark Lighting, which had acquired the property for expansion purposes.

Wreckers used a wire rope to pull the building off its foundation, but instead of collapsing inward, it slanted perilously close to the neighboring structure.

Fortunately, the situation was rectified, and a bulldozer went in to demolish what was left of the house. Unfortunately, the bulldozer then had to be rescued by a derrick from Nicoletti Auto Salvage.

It was a rough go for all.

This is the front of the house that would not go down.

The rear of the building was finally demolished by stages.

Cozzarelli named Marshal of 1992 Columbus Day Parade

James J. Cozzarelli Jr. has been selected as the Belleville Grand Marshal for the 1992 Columbus Day Parade, Belleville Chairman Mario Drozd has announced.

Cozzarelli's contributions to the community have been exemplary, Drozd said. He has been a Library Trustee from 1976 to present, and now serves as President.

He is the 1992 Belleville Italian American Club's Honoree for "Service to the Community," as well as the Belleville Chamber of Commerce 1992 Honoree for "Volunteerism."

Cozzarelli's participation in the Township includes his position as a Trustee of the Belleville Health Advisory Board, co-chairman of the Renaissance Committee, Chamber of Commerce member, Belleville Historical Society, Belleville Optimist Club, Knights of Columbus, and many other organizations.

Most notably, Cozzarelli is known for his untiring effort used in the redesign, construction, creation of art work, and innovative programs for the Children's Room at the Belleville Public Library. This particular room has since been renamed the James J. Cozzarelli Jr. Children's Room, in his honor, the first time in the history of Belleville that a room has been named for a living person in a municipal building.

Chairman Drozd said further that the N.J. Library Association named Cozzarelli "Library Trustee of the Year" for his efforts in this area.

Cozzarelli was presented with an award by President Ronald Reagan for "Distinguished Service to the Community" for the year 1985.

Essex County honored him for "Cultural Enhancement to the Community," naming June 2, 1985 and May 2, 1986 James J. Cozzarelli Jr. Day.

The New Jersey Assembly pres-

James J. Cozzarelli Jr.

ented Cozzarelli with a resolution and a citation for his "Distinguished History of Service to the Community," and in 1992 Governor Jim Florio named March 1, 1992 as James J. Cozzarelli Jr. Day in the State of New Jersey, for the historic redesign of the Carnegie Reading Room at the Belleville Public Library.

Chairman Drozd stated, "Various publications have printed featured articles and editorials pertaining to the design results, such as Accent Magazine, The Star Ledger, and The New York Times." The Italian American News and The International Italian News

published similar articles pertaining to the redesign design concept that Cozzarelli has used to create the Carnegie room.

International recognition of this work has been acclaimed, when Prince Charles of England expressed interest in Cozzarelli's redesign policies and procedures.

Cozzarelli is a descendant of two Renaissance artists, Giudoccio Cozzarelli (1450-1516) and DiGiacomo Cozzarelli (1453-1515), both of the "Sienna School" in Italy.

He is married to the former Elizabeth Ann Shafer, and is the proud father of Tara Ann and James J. III.

Sam Giuffrida Race set for Oct. 4 Five-mile and one-mile distances

Excitement is building for the third annual Sam Giuffrida Five-mile Race and One-mile Health Walk to be held on Sunday, Oct. 4 at Belleville High School.

Major sponsors now number twelve. They include Jiffy Lube, Philmore Associates, Councilman Tom Spillane, Councilman Bill Cook, Russo Family Chiropractors, Gold's Gym, Joe's Shell Station, People's Bank, Michael Davis, First DeWitt Savings Bank,

Friends of Giuffrida Family and Belleville High School Home and School Association.

"The support of the community has been tremendous," Tonia Moore, race director, said. "This promises to be our best effort yet."

Proceeds from the race go to Belleville High School students for scholarships. Anyone wishing to receive an application or to volunteer on the day of the race is invited to call Ms. Moore at (201) 744-0408,

or Lorraine Leming at (201) 751-6251.

The Health Walks will begin at 9:30 a.m., followed by the five-mile race at 10 a.m. On site registration begins at 8:30 a.m.

Prizes will be awarded to the top three males and females in both events for eight age groups.

In addition, a special Joe Bruner Award will be presented. All runners will receive quality shirts as part of their application fee.

The Amazon rain forest draws Belleville High School teacher

Belleville High School Science teacher Bruce Kemnitz has returned from an Earthwatch scientific expedition to the Amazon rain forest of Peru. He was one of 10 New Jersey teachers to receive an education grant from the Geraldine R. Dodge Foundation, sponsoring his participation in the project.

The purpose of the grant was to allow Mr. Kemnitz to experience

the biological diversity of the rain forest first hand and then to develop curriculum to heighten student awareness of this fragile, threatened ecosystem.

The Earthwatch team consisted of 12 volunteers and two scientists from the University of Florida Department of Entomology. The team met in Miami and flew to the city of Iquitos in northeastern Peru.

from which they travelled down the Amazon River and up the Napo River, one of the Amazon's major tributaries.

"Our trip down to Peru was strange and exciting," Kemnitz said. "We flew out of Miami at 8 p.m., the city ablaze with lights as far as the eye could see. Then we saw nothing at all until runway lights

Aside From That

By: Howard Klausner

Deputy Police Chief Mike Petrillo received another telephone call from Singer Frankie Valli recently. It was another request that Petrillo get back into the music industry he left 19 years ago — "But I guess now that you're deputy chief, you'll stay a cop," Valli said. Petrillo was a jazz musician in a world that turned rock-and-roll. He was a reed man, playing a tenor sax, but he also composed and arranged. He wrote hit songs - not the least of which are "Tell It to the Rain" and "Patch of Blue Sky" which are now standards, and he worked on 12 albums, including one by Frank Sinatra. "It was 'Border Town' - my favorite Sinatra album - and it sold 450,000 copies, which by Sinatra's standards was a flop," Petrillo said. ♦ ♦ ♦ ♦ ♦ A chance tour of Newark with a Newark cop made him interested in police work. "The one thing that music had was excitement, and this was excitement, being a cop. I left music," he said. It meant leaving a business where he was so well established that he was earning in the six figures annually. "I couldn't take the politics any more. They said I couldn't quit - but I did." He was newly married when the opening in the Belleville Department came up. He has been a cop ever since. "But I still get calls to go back. And I can't give music up altogether. A few weeks ago, I went across the street (to Spinoso's Music Store) and I picked up an alto sax - a student's sax. Now I'm playing around with it a little." After all, there is always a chance that Jazz will come back. ♦ ♦ ♦ ♦ ♦ In case you're nervous about a hurricane coming this way and removing the roof of your house, as happened to thousands of homeowners in South Florida recently, get in touch with Nick Coppola who uses a seamless urethane roofing material that makes a house into a unified whole. For the roof to go, the whole house would have to go with it. "You would need a wind blowing 1,500 miles an hour to damage it," the confident Coppola said. A long time roofing contractor, he became involved in urethane roofing some 15 years ago. Then, and now, its most practical application is for factories. It is a bit expensive for a private home, but it is a great roof saver for a business firm. A typical gravel roof may weigh 600 pounds per 100 square feet. An inch of urethane weighs about 60 pounds for 100 square feet. "Furthermore," Coppola said, "urethane breathes. You don't have the expansion and contraction that cracks the roofing of most factory buildings. Coppola says he doesn't know how long the urethane roofing lasts because so far none of the roofing he has installed has worn out. That's Energy Savers, and he's in the telephone book, in Belleville. ♦ ♦ ♦ ♦ ♦ Kevin Kennedy was on his way to the meeting of the Township Council last Tuesday to do his bit for the veterans. He had heard there were plans to remove the appropriation of \$7,500 for the Veterans Day parade. As it happened, that particular idea was dropped, but it didn't do Kevin much good. On his way into the School 7 auditorium, he slipped on a step and fractured his left leg in 12 places. The foot is in a cast now, and Kevin gets around with a cane. Never a dull moment for Kevin. ♦ ♦ ♦ ♦ ♦ Kevin reports progress in the investigation as to how a so-called State Police file on him became public knowledge, and was used in an underhanded mail campaign against him when he ran for the Council. The material came illegally from confidential files, and they are supposed to be kept confidential because the subjects are entitled to privacy, and because the information is not always substantiated.

We salute Belleville's Joe Pesci as the Grand Marshal of that other Columbus Day Parade, the little one in Newark, and we are happy to see that Newark realizes where to find talent. Television reruns of "Landlord" and "Home Alone" have been showing him off at his comic best, the past couple of weeks. ♦ ♦ ♦ ♦ ♦ Belleville has a rising star in Elizabeth Ann Horst who at the age of five is performing on stage at the Paper Mill Playhouse in Millburn. According to her mother, Susan, "Only last year, Elizabeth was playing the role of Dorothy from the Wizard of Oz for Halloween. A little girl's fantasy and favorite movie. She acted it out and played all day long that she was going to the Emerald City to see the Great and Powerful Wizard of Oz. Now, not even a year later, the dream that she dared to dream really did come true. Elizabeth was one of 30 children chosen from over 600 to play a Munchkin. She now plays with, as she says, 'The real Dorothy, Tin Man, Scarecrow and Cowardly Lion.'" ♦ ♦ ♦ ♦ ♦ Rehearsals started on Aug. 20 in New York City and went through Sundays and Labor Day, and now Elizabeth is performing eight shows a week, and apparently loving it. "We thought she'd tire of it long before this," her mother said. Instead, she comes home tired and happy and looking forward to the next day's rehearsal and living with her new friends. "Everybody at the Paper Mill is my best friend," Elizabeth said. "But my best friend is (Assistant Director) Larry Grey and of course, the Scarecrow." Cheering her on are mother Susan, father Nathan, brothers Scott, Mark and Shaun, and the Kindergarten Class of School 9.

Garden State Ballet School announces fall classes

Fred Danielli of Nutley, director of the Garden State Ballet School, announced that registration is in progress for fall classes at the Rutherford school located at 28 Glen Road, just off Park Avenue.

Special "Adult Only" classes are offered in ballet, pointe, and jazz for beginner and intermediate students.

Children's ballet classes are offered for youngsters ranging from pre-kindergarten through seventh grade. Teenagers may register for classes in ballet, pointe, jazz and musical theatre workshops.

A wide range of performing opportunities is available at the school. Each year, children and teenagers are selected to perform with the professional Garden State Ballet company during statewide tours of the elaborate spectacles, "Nutcracker" and "Midsummer Night's Dream."

Workshops are open to intermediate and advanced students who rehearse and perform in new and traditional ballets staged by faculty and guest choreographers.

Qualified intermediate and advanced students are also selected for membership in the School of the Garden State Ballet Youth Company, a dance troupe that presents performances for school children during tours to North Jersey.

Health Fair

Thomas J. Longo, Health Officer and Director of the Department of Health and Human Services, announces that the Belleville Health Department will conduct its annual Health Fair on Oct. 14, from 9 a.m. to 1 p.m. and 6 to 8 p.m. The fair will be held at the Health and Human Services Building, 383 Washington Avenue.

The programs available will include free flu shots, diabetic screening, blood pressure screening, podiatry screening (foot care), oral cancer screening.

For the benefit of Silver Lake and Soho residents, a special flu clinic will be held at the All Purpose Room at School No. 4, Magnolia Street, on Oct. 14 from 5 to 7 p.m.

Longo strongly recommends senior citizens, particularly those over 65 years, to take advantage of the flu vaccine because excess mortality in influenza outbreaks occur in this age group. Flu vaccine is also recommended for adults who have such chronic conditions as: 1) heart disease, 2) chronic broncho-pulmonary diseases, such as chronic bronchitis, bronchiectasis disease, and 4) diabetes mellitus and other chronic metabolic disorders.

Vaccine will not be administered to pregnant women, those with a fever or acute illness, persons under thirty (30), those who received another vaccine within the past fourteen (14) days or anyone with an allergy to eggs, chicken or chicken feathers. Residents are advised to consult a physician regarding the vaccine.

Vaccination may also be considered for persons who provide essential community services and may be at increased risk of exposure.

The Health Fair is open to Belleville residents only.

Golden Comments

By Jim Golden

For the longest time the residents of Tappan and Malone Avenues between Washington and Union Avenues have been burdened by heavy lumbering beer, soda and liquor trucks plying those streets to the annoyance and ire of the folks living there, largely because of the annoyance of the drivers of these huge, lumbering vehicles who are annoyed by their delay caused by the traffic light at Division and Union Avenues, the route they used before the installation of the traffic light on their delivery or pickup to an Union Ave. liquor store at Malone Ave.

The enormity and size of these monstrous behemoths of the road which are constantly growing larger in size had destroyed and gutted both Malone and Tappan Avenues which required their renewed paving, not to mention the trees that had their branches torn off, was brought to the attention of Councilman Cook who introduced and had passed an Ordinance declaring both Tappan and Malone Avenues light traffic streets only. That was fine! However, the trucks still roll gleefully up and down both Tappan and Malone Avenues. Why?

Because there was no sign posting light traffic only and no law enforcement of the Ordinance... It is imperative that these matters be attended to. Otherwise, the annoyance and destructive street damage will continue to the chagrin and resentment of the residents of the affected area... they have a right to expect more efficiency and proper enforcement of adopted Ordinances of the town.

There has been little excuse for the laxity in neglecting to promptly implementing the enforcement of this long sought remedy to the damage and inconvenience of the residents of so long overlooked and by-passed area of town... the area residents are anxiously looking forward to the prompt implementation and enforcement of the new regulations... Banning long and heavy monstrous trucks on these quiet residential streets.

The Republicans had a great time at their convention ridiculing Hillary Clinton as a radical feminist who promotes left-wing causes that undermine traditional family values. They accuse her of comparing marriage to slavery, and of favoring the right of children to sue their parents over such matters as taking out the garbage. Clinton's critics say her husband may be moderate, but that she has a secret liberal agenda and the Rasputin-like influence to implement it.

What Hillary Clinton actually

believes bears little resemblance to the caricature drawn by the Republicans. The charge that she is anti-family was concocted from a scholarly article she wrote in 1973, while still a student at Yale Law School. Entitled "Children Under the Law" and published in The Harvard Educational Review, it examines the murky area of children's rights and argues that in certain situations, children should be allowed to separate from their parents. While mildly radical at the time, Clinton's views are now accepted as standard fare by the American Bar Association. "I've read everything Hillary Clinton has written on this topic, and it's very clear she's writing about abused and neglected kids, cases where the courts are already involved," says Howard Davidson of the ABA's Center on Children and the Law.

Mrs. Clinton insists that she is not still trying to give children a blanket right to sue. "There is no way that anybody could fairly read the article and say I was advocating that children sue parents over taking the garbage out," she told Newsweek.

The Clintons support parental notice but oppose parental consent. "If you can presume that a child is competent to make a decision, you still want that child to have parental guidance wherever possible," she says. "But realistically, we know that in many cases that is not possible."

Except in the case of Supreme Court nominees, it is rare for a legalistic issue to become a political issue, especially when it is squarely in the mainstream of thinking by the organized bar.

Council site is changed

The regularly scheduled meeting of the Municipal Council is to be held on Monday, Oct. 5, at 7 p.m. The location will be the second floor meeting room at 383 Washington Ave., instead of at the Municipal Building.

Bruce Kemnitz visits Peru

(continued from page 1)
emerged from the fog at Iquitos at 1 a.m.

"We loaded our luggage and equipment onto a rickety bus and drove down to the Amazon River. There we carefully picked our way down the steep riverbank and climbed aboard a long, narrow boat with a roof made of thatched palm leaves.

"Large spiders scurried about on the inside of the boat. We motored down river in the darkness, our Peruvian guide perched on the boat's bow searching with his flashlight for obstacles in the water. It wasn't until dawn that I actually saw the Amazon River for the first time."

The days were very busy. The team would get up at 3:30 a.m. and be out on the jungle trails at 4 a.m. to study the pre-dawn behavior of katydids, the major source of food in the Amazon's food web. These insects are active at night but find well-camouflaged places to roost during the day.

The leaf-mimicking katydids were especially fascinating," Kemnitz said. "They look exactly like green or dried brown leaves and have evolved elaborate defensive behaviors as well. As dawn approaches, the Katydids attach to a stem with four of their legs while dangling the other two to resemble twigs. It's almost impossible to see

the roosting insects, even if you're looking directly at them."

After breakfast, the group would be out in the rain forest again, collecting a wide variety of insect specimens for the University of Florida and the Smithsonian Institution in Washington, D.C. Besides studying katydids, the team also did research on tree-nesting termites, army ants and orchid bees.

Some afternoons were spent preparing specimens and caring for insects that would be transported back to the United States alive. On other days, the group visited local villages and schools, hiked, did photography, and took boat trips to explore inland lakes and islands in the Amazon. In the evenings there were night-hikes into the rain forest for more collecting, and one night, pairs of volunteers spent the entire night making observations in the jungle in four-hour shifts.

For Kemnitz, one of the most memorable experiences was the hike to the Amazon Center for Environmental Education and Research, where catwalks allow visitors to climb to the top of the rain forest's canopy 106 feet above the ground, and walk among the tree-tops.

Kemnitz plans to share his photographs and experiences with his Biology students and other interested students and teachers as well.

CCB to honor athlete Kokos

The Concerned Citizens of Belleville will sponsor a testimonial dinner for Victor Kokos, a senior at Belleville High School.

Kokos is being honored for taking the first place medal in the National Wheelchair Games 1992 bench press event, held in Walt Disney World, Orlando, Florida in July 1992.

In addition to his first place win, Kokos set a new national bench press record of 185 lbs. Ironically, the previous record was his own (170 lbs.), which he achieved in May

1992 at the Tri-State Wheelchair Games held in Edison.

The C.C.B. recognizes the outstanding effort Kokos displayed in overcoming the crippling disease spina bifida. Residents and friends are invited to join in thanking Kokos for bringing this national title to Belleville.

The testimonial will be held on Oct. 28, 7 to 10 p.m., at the Branch Brook Manor, 13 Washington Avenue, Belleville.

For tickets or information call Victor at 751-7818 or Vinnie at 759-1119.

'Are We There Yet, Mr. Columbus?'

Over 100 seventh graders from Belleville Middle School recently attended the play, "Are We There Yet, Mr. Columbus?" at the Garden State Arts Center in Holmdel.

The delightful musical is dedicated to the 500th Anniversary of the historic voyage that forever changed the course of western civilization. The play proceeds from events in the past that influenced Columbus and helped to shape his vision of sailing west to reach the Indies. Instead of the Indies, he landed in America.

The students thoroughly enjoy-

ed their performance which gave them a different perspective on the Columbus legacy.

The field trip was arranged by seventh grade social studies teacher Mrs. Spillane. Also accompanying the students were teachers Ms. Shapiro, Mrs. Albrecht, Mr. Del Polito and Mrs. Yauch. Serving as chaperones were parents Mrs. Marshuetz, Mrs. Scarola, Mrs. Towers, Mrs. Branca and Mrs. Alfano.

Firefighters invite public to safety show on Oct. 7

The Belleville Fire Department will test family smoke detectors and provide other safety advice at an open house scheduled 6 p.m. to 9 p.m. Oct. 7 at Belleville Fire Headquarters, 275 Franklin Ave.

"Come see what your firemen are willing to do for you," a press release states.

Fire Chief Walter Beresford said the open house marks 1992 Fire Prevention Week, with the theme of "Test Your Detectors, It's Sound Advice"

The Fire Department asks: Have you and your family practiced a home fire escape drill in the last three months? A year? Does your household have a home fire escape plan?

"It isn't enough," Chief Beresford said, "to simply install a smoke detector in the home and forget about it. Households can be lulled into a false sense of security once they purchase the required smoke detectors. It is important for people to understand smoke detectors are only one aspect of a comprehensive home fire safety plan."

"Even seconds count in a fire," Chief Beresford said. "The less time spent deciding who will carry the baby or trying to open a painted-shut window, the more time you have to get out safely."

Home fires are the leading cause of fire deaths in this country. Some 80 percent of all fire fatalities occur in homes.

A home fire plan should have each member of the family participating. Youngsters can help by drawing and coloring a floor plan showing exits. Two ways out of each room should be identified and indicated on the floor plan.

Special provisions should be made for infants, the very old and physically impaired, including locating their sleeping areas near an exit - on the ground level, if possible - and putting someone in charge of helping them with their escape.

OUR OPINION

On the Election of '92

It was just 100 years ago that the American voters - who were almost all males - elected to the Presidency a man who had bought his way out of the draft and who was paying support for a child born out of wedlock. Moreover, he was running for office against a war veteran and former officer.

That, of course, was Grover Cleveland, whose birthplace in Essex County is still preserved, in Caldwell.

Cleveland's family had moved to New York State by the time the Civil War had started, and he was one of several brothers. It was decided that one brother would stay home to look after the family farm, while the others enlisted in the Union cause. Grover Cleveland's exemption was gained by paying somebody a bounty of several hundred dollars to take his place.

This was not an uncommon practice at the time. John D. Rockefeller did it, as did James Roosevelt, father of Franklin Delano Roosevelt.

In the South, anyone with 20 or more slaves was exempt from military service. Possibly, it was simply an attempt to reduce the number of the poor while preserving the number of the well-to-do.

In any case, Grover Cleveland made no secret of his avoidance of military service.

Nor did he deny that he may have been the father - although he said he wasn't absolutely certain - of a girl for whose upkeep a number of local men were paying.

The 1892 election was actually the second time he was sent to the White House. He had been first elected in 1884, then defeated in 1888 by Benjamin Harrison, a Civil War general, whom he in turn ousted in 1892.

The issues that defeated the Republicans in that era was the awful corruption that had become part of the Washington scene after the Civil War, and a series of financial panics that had hit the nation.

None was as bad as the Great Depression that began in 1929, but they cost many thousands of people their homes, their life savings and their jobs.

The Republicans, the saying went, "waved the bloody flag" in their effort to defeat the Democrat.

They raised the issue of morality as well. And family values were of no small concern in the latter years of the 19th Century.

But the public went for Cleveland, who established the unpollitical Civil Service as we know it, and otherwise supported honest government.

And as far as the moral issue went, it was the Rev. Henry Ward Beecher who said that if every man who had violated the 6th Commandment voted for Cleveland, "He'd be in by 600,000 votes."

What bearing this has on today's election, we leave to conjecture. All it proves is that the American voter is full of surprises, and sometimes the old slogans work, and sometimes they don't. Sometimes, it's the issues that count. **HK**

Cozzarelli's the Man

We congratulate James Cozzarelli Jr. on his being selected as Belleville Columbus Day Parade Marshall.

This being the 500th anniversary of the Discovery of America, the selection has added significance.

It is appropriate that Mr. Cozzarelli receive this honor, because he is so representative of the magnificent cultural heritage of Italy transported to America. The direct descendant of two Renaissance artists whose fame and whose works are still well known in Italy, Jim Cozzarelli has been the epitome of the Renaissance man.

Besides being a successful businessman, he is an artist, a musician, a composer and a creative genius. Whether it is creating a world of color and beauty as he has done in the inspiring Carnegie Reading Room of the Belleville Public Library or in promoting the welfare of the community as he did by his efforts during the observation of Josiah Hornblower Day, he has shown that great art is a public thing, done for the public good.

He has contributed countless acts of creativity to the betterment of the community.

Italy has not survived these thousands of years because of human failings. It has survived because it has been the fountainhead of music, color, beauty and law which have flooded the world with light and hope - and dreams - the kind of impossible dream that bore a Genoese sailor into a New World just 500 years ago. **HK**

YOUR OPINION

Woman's Club asks aid

To The Editor,

In November, the Woman's Club of Belleville will be celebrating its 70th anniversary as a member of the General Federation of Women's Clubs and the New Jersey State Federation of Women's Clubs. As part of our anniversary celebration, the club members are undertaking an extensive renovation project. This ties in nicely with the Renaissance of Belleville that is presently being undertaken by the Town Council and business community.

The 45 active club members of today join the thousands of prominent women who came before them and have helped to make the Woman's Club of Belleville a symbol of strength in the township of Belleville for many years. Over the years, the Woman's Club has sponsored other federated groups such as the Junior Woman's Club and Evening Membership Department, both of whom have left an indelible mark on the town.

Throughout the years, the Women's Clubs of Belleville have been involved in thousands of projects to better our community, state and world. This will highlight some of them: Volunteers at Clara Maass Hospital, the library, children's shelter, Safe House, and the geriatrics center; scholarships for students at Belleville High School and Douglass College; the founding of the BIBBY program; town beautification projects and committees such as the 150th Anniversary and Josiah Hornblower Day; candidates' forums, etc., etc.

Believe it or not, this is only a partial list of the countless projects that the members of the Women's Clubs of Belleville have sponsored over the last 70 years. However, now is the time for the members to ask something of the Township of Belleville. In 1928, the Woman's Club of Belleville acquired a clubhouse at 51 Rossmore Place. The first owners of this house were the Joralemons. As much as we have tried to maintain this building, it has been difficult juggling our community service work with fundraising. As a result, many necessary repairs have been neglected over the years.

That is why we are now asking the citizens of Belleville to help us.

Won't you take a few minutes to think about the many contributions that have been made by the Women's Clubs of Belleville and help us to have a real 70th anniversary celebration in a newly refurbished clubhouse? A newly renovated club house will contribute to a revitalized Belleville. Ultimately, all of the citizens will once again benefit from the project.

Donations of any amount will be appreciated. Please send a donation to the Woman's Club of Belleville, Renaissance Project, 51 Rossmore Place, Belleville. Thank you for your consideration in this matter.

Bubba on car thefts

To The Editor,

All of us must share in the concern for the safety of Belleville police officers in their determined effort to stop the senseless, violent steal-a-car...stump-a-cop practices being perpetrated by young thugs.

But instead of taking the kind of action that will help protect our uniformed officers, we are hearing of grand schemes like "boot camps" to solve the problem.

The answer is that the law must be enforced. And that is why I responded to the concerns of the police community and immediately sponsored legislation mandating that a juvenile involved in violent car theft crimes must stand trial as an adult.

This is the only way we can stop the revolving door that now regularly returns these kids to the street within 24 hours of their arrest.

If they are old enough to steal repeatedly, they are old enough to face trial.

I urge all of you to stand firmly behind the brave officers who daily work to protect society from their enemies.

Joseph L. Bubba
State Senator, District 34

'Truth and justice'

To The Editor,

Once again those devious members of our community have been stopped from playing their games. Those leaches who prey on the good citizens of our town are finally being put in their place.

Recent events in Belleville have given credence to the belief that "good always wins over evil."

The election of Tom Spillane as Third Ward Councilman and the election of Toni Marone as Republican Chairman for the Township are living proof that truth and justice can prevail.

It is unfortunate that both of these fine community-oriented citizens had to go to court to overcome the devious actions of a few twisted minds. I personally congratulate them for having the courage to stand up and fight the deceit, fraud and deception.

Perhaps if these perpetrators of evil were gainfully employed, they would have less time to devote to their ways. In any case, the message is clear: "Be honest and truthful and good will follow."

Again I extend my congratulations to Tom Spillane and Toni Marone. May success be with you in all the days ahead. Belleville needs people of your caliber.

The Essex County Republican Party will continue to lose elections for as long as the hierarchy remains with the policy of exclusion. I have seen no visible effort to open the party to the rank and file. I have seen no visible effort to recruit new members. It's either a time for a new agenda or new leadership. Obviously, the decision is John Renna's to make.

• WE were talking about my brother, Carmen. Freholder Linda Lordi Cavanaugh and I. She made an observation about Carmen that I had not thought about - maybe, because of my proximity to Carmen. Linda said, "Carmen gave politicians and government a good name." - Amen.

• THE Nutley Chamber of Commerce invites you to its fourth Business After Hours show on Thursday, October 22nd at the Nutley Parks and Recreation Department, 44 Park Ave., from 6-9:00 PM.

THE GOP CONVENTION

• FORMER Governor Tom Kean, President George Bush's N.J. campaign chairman, said the Republican Party is too slow to adopt "policies of inclusion nationally." Kean said his campaign to broaden the base of the Republican Party in New Jersey began in 1984, stating, "I will oppose any elements in my own party not moving fast enough in that direction." William Palatucci, Bush's N.J. campaign's executive director, echoed Kean's sentiments. A word of advice to both Kean and Palatucci: Your politics of inclusion better start with Nutley.

• CERTIFICATES of Deposit and money market funds are providing the lowest yields in thirty years! In today's economic recovery, financial experts do not expect short term rates to rise much. Folks with surplus cash are encouraged to lengthen the maturities of their fixed income investments to a seven to ten year range. By going from a six-month C.D. to a seven-year treasury note, one can double the annual income. Additionally, from Europe to the Far East, there are short and long-term securities that offer higher income than is available in the United States.

• THUS far into the year in which Republican legislative members could

pass any legislation and make it stick even over Governor Florio's veto, Republicans repealed the one cent sales tax, killed the Homestead Rebate, thus giving approval to 90 percent of the tax program put in place by Governor Florio.

• THE Nutley celebration of the Christopher Columbus Quincentennial on Saturday, September 19th, observed by an invitation to "An Evening at the Library" at \$75 per guest, was very successful. No thanks to that handful of people who were enthusiastic supporters of last year's "An Evening at the Library," but this year was supported by boycotting the event. Their absence was noted by more than two people. Hosting the event was Nutley Mayor Carmen Orechio. Among the people attending the event was our State Senator, Republican John Scott.

New GOP leader
— or new Agenda

• THE Lord above contradicted the weatherman last Sunday and gave Carmen Orechio a beautiful day, full of sunshine and happiness for the annual picnic of the Carmen Orechio Civic Association held at the ITT grounds. Hundreds of members and friends shared a day of sunshine, athletics, singing, eating and visiting. It certainly made the day a happy one for the organization's standardbearer.

• LAST week, I attended a wastewater treatment conference at New Orleans, Louisiana, and was pleasantly surprised to meet Joe Beckmeyer, Chief Engineer of the Jersey City Sewage Authority. The cost of sewage disposal has increased to a point where it is more than the average taxpayer could afford. Research papers were delivered at various meetings of the Conference which indicate much progress has been made to recycle the residue resulting from processing sewage. Many of us came away from the Conference very optimistic about the future.

• A hit at a Commission dinner was pretty Kimberly Howard, daughter of Bill and Diane Howard, currently a Pharmacy Major at Boston's Northeast University.

• FROM time to time, I boast about the service afforded passengers by the Continental Airlines crews. Flight 476 from New Orleans to Newark was above par. It arrived in Newark twenty minutes ahead of time. Service by the cabin crew left nothing to be desired. If your travels include Continental Airlines, look for the following name tags which will insure better than average service: Flight Supervisor Ellen Butler, assisted by Lynette Schenck, David Faulkner and Wendy Woodall. Captain Steve Favale and First Officer Burt Eaton were responsible for giving us a very comfortable ride.

• I AM happy to report that the Father Glotzbach Catholic War Veterans Post has been reorganized, thanks to Andy Andriola.

Facade improvement program reviving Washington Avenue

Essex County Executive Thomas D'Alessio announced completion of the latest facade renovation at 129 Washington Ave., known as Belleville Farm Fresh.

Other projects recently completed are at 37-145 Washington Ave., owned by the G.T.E. Realty Company and at 151-161 Washington Ave., owned by Giovanna Brusco.

These renovations have already provided a lift to the retail businesses along Washington Avenue. These improvements to the Washington Avenue Business District were funded through the Community Economic Revitalization Program (C.E.R.P.) Facade Renovation Program which, in turn were funded through the Essex County Community Development Block Grant (CDBG) Program which is administered by the Essex County Division of Housing and Community Development.

The C.E.R.P. - Facade Renovation Program itself is administered directly by the Economic Development

Corporation of Essex County (EDC) under the direction of Burton Seybold with invaluable assistance provided by Dorothy Merritte. This program has now been underway in Belleville for almost 2 years. In this time a total of \$207,343 in funding has been committed to the Belleville C.E.R.P. Program through the CDBG.

The building owner or tenant of an eligible building must submit a facade design which is reviewed by the Belleville Building Development Advisory Council for compliance with the provisions of the Belleville Facade Design Guidelines. The Guidelines were prepared by James Cozzarelli, Advisory Council Chairman and Bob Ringelheim, Director of Planning, and are intended to provide a unifying framework for facade improvements. Items such as signage, building materials and colors are addressed under the basic "Georgian" style of architecture. Once the design is approved and 2 cost estimations

for the improvements are obtained, they are submitted along with an application to the EDC.

A total of one-half of the cost of improvements are available as a grant, with the other half funded either privately or through an EDC loan at 80% of the prime rate.

At this time, a total of 5 facade renovation projects totaling over \$184,000 in public and private costs have been completed or approved with 3 additional new project pending design review. The Department of Planning and Development under the direction of Ringelheim has managed these projects locally by coordinating the applications through design review, EDC approval, funding certification and the completion of other technical requirements. Any interested business owner or tenant in the Washington Avenue Business District and specifically in the priority area bounded by Rutgers Street and William Street, should contact Ringelheim at 450-3409 for more information.

NOTICE TO ARREST DEFENDANTS (L.S.) STATE OF NEW JERSEY TO Charles M. Gregory and Loraine O. Gregory, his wife.

YOU ARE HEREBY SUMMONED AND REQUIRED to serve upon FEDERMAN AND PHELAN, P.C., plaintiff's attorney whose address is Suite 505, Sentry Office Plaza, 216 Haddon Avenue, Westmont, New Jersey 08018, an answer to the Complaint (and Amendment to Complaint, if any), filed in a civil action, in which Home Loan & Investment Association, is plaintiff and Charles M. Gregory, et al., are defendants pending in the Superior Court of New Jersey, Chancery Division, Atlantic County and bearing Docket No. F-4599-92 within thirty-five (35) days after October 1, 1992 exclusive of said date. If you fail to do so, judgment by default may be rendered against you for the relief demanded in the Complaint (and Amendment to Complaint, if any). You shall file your answer and proof of service in duplicate with the Clerk of the Superior Court of New Jersey, Hughes Justice Complex, CN-971, 24 Market Street, Trenton, New Jersey 08625, in accordance with the rules of civil practice and procedure.

This action has been instituted for the purpose of (1) foreclosing a mortgage dated August 11, 1990, made by Charles M. Gregory and Loraine O. Gregory, his wife, as mortgagors, given to Gibraltar Savings Bank, S.L.A., and recorded on August 17, 1990 in Book 3868 of Mortgages of Essex County, at Page 282. Said Mortgage was assigned on August 11, 1990 to Home Investment Association, the plaintiff herein, and recorded on February 1, 1991 in Book 655 of Assignments, said county, at Page 660, and (2) to recover possession of, and concerns premises commonly known as 72 Elmwood Avenue, Irvington, NJ 07011.

If you are unable to obtain an attorney you may communicate with the New Jersey State Bar Association by calling 800-853-0427. You may also contact the Lawyer Referral Service of the County of venue by calling (201) 333-1779. If you cannot afford an attorney, you may communicate with the Legal Services office of the county of venue by calling (201) 672-6250.

YOU, Charles M. Gregory and Loraine O. Gregory, his wife, are named as a party defendant in this foreclosure action because you are the record owner of the mortgaged premises, because you executed the bond and mortgage being foreclosed herein and may be liable for any deficiency thereon and for any right, title, claim or interest you may have in, or on the mortgaged premises.

Toniann Benacquista, Phillip Canning wed

Toniann Benacquista, daughter of Mr. and Mrs. Anthony Benacquista of Nutley, and Phillip J. Canning, son of Mr. and Mrs. Michael Canning of Belleville, exchanged wedding vows in Holy Family Church, Nutley.

Msgr. Louis Fimiani performed the ceremony which was followed by a reception at Wayne Manor, Wayne.

Escorted by her father, the bride wore a mermaid style gown. A beaded headpiece held her veil and she carried long stem white and red roses.

Lisa Rosamilia of Bloomfield was maid of honor and Joann Ruffo of Fairfield was matron of honor. Bridesmaids included Carla Benacquista, Tara Viscel, Mario Viscel, Marie Strumolo, Paula Miraldo and Tina Benacquista. Flower girls

were Nicole Samantha Ruffo and Alaina Benacquista.

They wore black velvet gowns and carried red roses.

Victor Canning of Belleville was best man. Michael Patrick III of Belleville ushered.

Mrs. Benacquista chose a candlelight three-piece suit and had a corsage of white roses. The groom's mother, in a tan two-piece suit, wore a corsage of pink roses.

Mrs. Canning, an alumna of Nutley High School and Artistic Academy, Hawthorne, is a manicurist at Illusions, Nutley.

Mr. Canning, a graduate of Belleville High School and Rite Technical School, is a service technician with Copier Company, Verona.

The couple honeymooned on a cruise to Bermuda after the May 30 nuptials.

Mr. and Mrs. John Bucciarelli — nee Jill Leaman

Jill Leaman bride of John Bucciarelli

Jill Leaman of Lincoln Park, daughter of Mr. and Mrs. Ken Leaman of Fairfield, was married recently to John Bucciarelli, son of Mr. and Mrs. Camillo (Nino) Bucciarelli of Belleville.

The ceremony in St. Peter's Church, Belleville, was performed by the Rev. Ray Holmes of St. Peter's and the Rev. Barbara Miller of Pompton Valley Presbyterian Church. A reception followed at The Cameo, Garfield.

Judy Wright was matron of honor for her sister. Bridesmaids included another sister, Linda Leaman, Lori Fursaro and Camille Bucciarelli, sisters of the groom, and Sandra Martinek. Sara Leaman, the bride's niece, was junior bridesmaid. Jennifer Leaman,

niece of the bride, was flower girl.

Louis Fusaro served as best man for his brother-in-law. Groomsmen were Peter and Eddie Bucciarelli, cousins of the groom and Craig and Gary Leaman, brothers of the bride. Alan Leaman, nephew of the bride, was ringbearer.

A graduate of West Essex High School, North Caldwell, Mrs. Bucciarelli is a vice president at On Time Delivery Service, Inc., Fairfield.

Mr. Bucciarelli, an alumnus of Belleville High School and Rutgers University, New Brunswick, is with Blue Cross/Blue Shield of New Jersey, Newark.

The couple honeymooned in Bermuda following the May 2 nuptials. They have made their home in Lincoln Park.

Maria Roig married to Thomas J. Kane

Maria A. Roig, daughter of Mr. and Mrs. Julio Roig Sr. of Belleville, became the bride Aug. 9 of Thomas James Kane, son of Mr. and Mrs. Robert F. Kane Sr. of Belleville.

The ceremony was held in the chapel at Allaire State Park. A reception followed at The Breakers on the Ocean, Spring Lake.

Suzelia Narciso-Viana of Newark was the honor attendant. Jean Marie Torres of Belleville and Larisa Marie Roig of East Hanover were flower girls.

Frank P. DeFranco of Belleville

served as best man.

Mrs. Kane, an alumna of Belleville High School and The Berkeley College, Little Falls, is a part time student at Montclair State College, Upper Montclair and a legal secretary with McCarter & English, Newark.

Mr. Kane, a graduate of Belleville High School and Lyons Technical Institute, Clark, is a design/draftsperson at Patent Scaffolding Co., Paramus.

The couple honeymooned in St. Thomas and St. John, U.S. Virgin Islands, and have made their home in Bloomfield.

Mr. and Mrs. Thomas Kane — nee Maria Roig

Donna A. DeVito, Andrew Muro to marry

Donna DeVito — Andrew Muro

Mr. and Mrs. A. DeVito of Belleville announce the engagement of their daughter, Donna A., to Andrew D. Muro, son of the late Mr. and Mrs. F. Muro Jr. of Newark.

The wedding is planned for Feb. 14, 1993.

Miss DeVito, an alumna of Belleville High School and Capri Institute of Cosmetology, is the owner of Not Just Nails, Belleville.

Mr. Muro, a graduate of Barringer High School and Kean College, Union, is the owner of Maximum Entertainments, Nutley.

Chorus of Communities begins 'Messiah' rehearsals Oct. 11

The Chorus of Communities, sponsored by the Belleville Mini-sterium, will begin rehearsals for its third charity performance of Handel's "Messiah" 3 p.m. Oct. 11 at Fewsmith Memorial Presbyterian Church, 444 Union Ave., Belleville.

All local and Essex County singers are eligible to join the chorus in performing this religious and cultural work. The concert date has been set for 3 p.m. Dec. 13 at St. Valentine's Church, Bloomfield.

A total of seven rehearsals have been scheduled on consecutive Sunday afternoons at 3 p.m. Prominent New York and area soloists and members of the New Jersey Symphony Orchestra will augment the chorus which will be directed by William Moore, New Jersey, New York and Pennsylvania oratorio conductor.

Auditions for soloists will be held Sunday afternoons Oct. 11, 18 and 25 at Bethany Lutheran Church, Belleville. Call 895-3463 for an audition.

The Chorus of Communities is

an ecumenical association of from 85 to 120 voices from 23 local and surrounding communities. All funds received accrue to the benefit of Clara Maass Medical Center Pastoral Care division.

All interested singers are invited to join. Call 895-4563 or 759-1555 for more information about registration.

SPORTS

Citarella, defense pace Bucs

BUC SHOTS

By Mike Lambert

Despite an injury to a key player, the Belleville volleyball team is off to a strong 4-0 start.

Grace Worley's team has posted victories over Montclair, Bloomfield, Eastside and Barringer in the early going. The victory over Montclair came in straight sets. Against Bloomfield, the Lady Bucs dropped the first set by a 15-2 count, then regrouped to win impressively, 15-6, 15-7.

That same event happened against Eastside, as "Worley's Wizards" dropped the first set, then rallied for victory in the final two sets. Finally, the team won in two straight against Barringer.

"The kids have played well," Worley said. "We're getting some good hitting on the backline and some good setting."

Worley has been without senior Melanie vanDam, hobbled by a badly sprained ankle. vanDam is hopeful of returning to the team late this week.

For the most part, the starting lineup has featured Colleen Mannion, the co captain, Michele Pzonka, Jennifer Palumbo, Jessica Gonzalez, Andrea Curran and Marie Acuna.

Worley has a good mix of seniors and underclassmen on the roster. Acuna is just a freshman, and with the exception of Mannion, the starting lineup is all underclassmen.

"Marie Acuna has done a very good job setting," Worley said. "Andrea Cu. an has also performed well, and this is her first year of playing volleyball."

Curran, a sophomore, has provided good hitting from the outside. Mannion, a four year performer on the team, has done a fine job at the net. Gonzalez has not been as impressive and Palumbo has filled in very well for the injured vanDam.

"Right now, we're developing depth at various positions," Worley said. "The JV team has some good prospects. We had such a good turnout this fall that we've been able to field two JV teams. Our sophomore class has some excellent athletes."

Belleville faces a busy week. The girls are home to Scott today and visit NNJL rival Hackensack tomorrow afternoon. Next Monday, it's off to Nutley, next Tuesday, Passaic Valley comes to Belleville and next Wednesday, Bloomfield visits. All matches commence at 4 p.m.

"It's been a couple of years since we've been off to this kind of start," Worley said. "The girls are gaining confidence and I think we can be competitive in our league of the NNJL."

ROAD WARRIORS OFF TO GOOD START

The team without a home, and for that matter, the team without a practice facility in Belleville, has started the 1992 season off in impressive fashion.

Tony Salese's Lady Buc tennis team is 2-2 in the early going. The team has defeated Paterson Kennedy and Passaic by 5-0 decisions. Belleville lost a tough 3-2 match to North Bergen and fell by a 4-1 count to a good Immaculate Heart team.

The girls will face Nutley tomorrow afternoon and Paramus Catholic next Monday. Next Wednesday, Bloomfield will provide the competition.

Oh, did I mention that all of those matches will be on the road? Match time is 4 p.m.

Against Kennedy and Passaic, Belleville won by shutout. Winners included Tanya Palic at first singles, Justine Nguyen at second singles and Angela Cheng at third singles.

The first doubles team of Uyen Pham and Carmelita Arceo and the second doubles team of Anna Marie Bautista and Ashlesha Shah also prevailed.

In the loss to North Bergen, Nguyen won in three tough sets, 6-3, 4-6 and 6-3. Also winning in that match were the first doubles team of Pham and Arceo.

Against Immaculate Heart, Nguyen continued her winning ways with an impressive 6-2, 6-0 win. For the season, Nguyen has put together a 4-0 record at the tough second singles position.

The first doubles team of Pham and Arceo are 3-1 in the early going.

"We've been very competitive," Salese said. "Tanya Palic is only a freshman and she's done very well at first singles. Against Immaculate Heart, she played their first singles player very tough, going three sets. That player is a senior and is ranked by the USTA."

Palic dropped the three set match by scores of 3-6, 6-4 and 3-6. Nonetheless, it was a good effort by a freshman player against a talented senior athlete.

As for the ridiculous road show the team will have to endure for all of 1992, more on that will be coming up.

Oh, did you know that the team has to practice at a facility in Nutley because there are no appropriate facilities in Belleville?

PERFORMANCES OF THE WEEK

This is a new feature. In the past, I used to have the athlete of the week, but since so many athletes are doing a good job this season, let's try a new angle and call this the best performances of the week.

For the Belleville football team, Mike Citarella is recognized for his fine defensive game last Friday night against Don Bosco. Citarella made life very tough for the Don Bosco quarterback.

Performance number two is the fine 4-0 start put together by Justine Nguyen of the girls' tennis team. Justine, as mentioned in this column, plays second singles for coach Tony Salese.

The third performance is by the Belleville soccer team. Gleno DePinto's team took a 4-0 record into this weeks action.

THIS WEEK'S QUIZ

When Kirk Gibson hit his memorable home run in game one of the 1988 World Series, who was on the deck hitter? Also, Gibson's shot was a two run homer. Who was on base for the Dodgers when Gibson connected? The homer by Gibson gave the Dodgers a 5-4 win game one of the Series. Who prevailed in game two of that series and what was the score?

Finally, don't forget the Sam Giuffrida Run is set for this Sunday at Belleville High, rain or shine. The race, in memory of the great Belleville High School coach and teacher, will commence at 9:30 a.m. with the one mile fun run and 10 a.m. for the 5 mile race.

This is the third year for the race. The first two years have been very successful and race coordinators are hoping for good weather and a good turnout of runners.

By Mike Lambert

Ricky Constantino and Brian Harvey scored touchdowns and the Belleville defense played very well in the season opener as the Bucs downed Don Bosco 12-0 at rainy Doc Ellis Field last Friday evening.

It was the first season opening win for the Bucs since 1989. John Senesky's team will be at Hackensack this Saturday afternoon for a 1 p.m. kickoff. Hackensack won a big game in its opener last Sunday afternoon, downing powerful North Bergen.

"We were able to capitalize on their turnovers," Senesky said. "It was a good win for us, especially in the opener. The kids played very well on defense and we got the job done on offense."

The game began under the back-

drop of a steady rain fall. The wet field hampered both teams offensively, but turnovers were also kept to a minimum as the teams played solid defense and penalties were few.

"We were able to keep pressure on their quarterback," Senesky said. "Basically we had a new front line (from 1991) and the team was able to read what Don Bosco was trying to do offensively."

The defensive front line of nose guard John Engdahl, tackles Robert Dena and Richard Romano and ends John Kuebler and Constantino applied good pressure on the quarterback, especially in the first half.

The linebacking corps of Mike Citarella and Joe Citarella were also effective. Mike Citarella could

be found in the offensive backfield on numerous occasions throughout the evening.

"Mike played very well," Senesky said. "I was also impressed with Romano and Dena. It was really Romano's first extended time on defense. Engdahl, Dena, they all did the job on the front line."

One of Senesky's concerns heading into the season was the play of the defensive secondary.

"With the exception of (John) Alvarado, we are pretty inexperienced in the secondary," Senesky said. "But the players did a good job against a good passer."

The secondary play of Alvarado, Anthony Caruso, Harvey and Joe DePeri was very steady. For DePeri, this is his first year of playing high school football and his performance was noteworthy.

Belleville's first score came late in the first half. Don Bosco lined up in a shot gun formation at its own 27 yard line. The ball was snapped high and Belleville recovered the ball deep in Don Bosco territory.

Quarterback Mike Mundy wasted little time in capitalizing, rolling to his right and hitting Harvey with a pass in the end zone with just 35 left in the half.

The score gave Belleville a 6-0 lead and the Bucs held that advantage until late in the third quarter. Then, once again, a turnover led to a second Buc score.

This time, it was a high snap on an attempted punt that gave the Bucs the ball deep in D.B. territory. It took Constantino only one play to run the necessary yards for the second Belleville tally of the night.

"What happened to Don Bosco this year happened to us last year," Senesky said, looking back on the '91 opener at Hackensack when the Bucs gave up two scores on bad snaps and lost a 13-6 decision.

"The key for us was the ability to

take advantage of the breaks," Senesky said.

Offensively, Constantino led the ground game and Mundy did a good job in directing the offense. "Mundy did a good job," Senesky said. "He's gaining confidence in his ability to run the offense. He's just a junior and he will only get better."

"Ricky was tremendous. He was able to read his blocks and gained good yardage. He protected the ball well and is much improved over last season."

As for this Saturday's opponent, Hackensack, Senesky is very impressed with the Bergen County team's speed and power.

"They beat a very good North Bergen team. Hackensack has a lot of good athletes. They have size, plenty of speed and a few runners in the backfield with the ability to break the line for a run."

"This will be a very tough assignment for us."

NOTES: No injuries to report from last Friday's game.

Bucs lone win against Hackensack came in 1983, a 27-0 victory at Municipal Stadium. Since then, Hackensack has rolled off four straight wins from 1988-91. The Comets won in '88, 26-0, '89, 14-6, '90, 34-0 and last year, 13-6. Last year's game was the first time the teams had met in Hackensack. That was also the first night game in Hackensack High School history. The Bucs and Comets did not play each other from 1984-87.

Senesky noted that the Pacific Division of the NNJL is perhaps the toughest in the state this year.

Two of Belleville's out of division opponents, Bergen Catholic and Randolph, were both impressive winners. In the Pacific Division, Paramus Catholic and Nutley were among the winners last weekend.

3rd annual Giuffrida run set for October 4

By Mike Lambert

With most of its corporate sponsors in place, the 1992 Sam Giuffrida Run is beginning to take shape.

The race is scheduled for Sunday, October 4 at Belleville High School. The festivities will begin with a one mile fun run at 9:30 a.m., followed by a five mile run through Belleville commencing at 10 a.m.

This is the third annual Run. The first race, held in late October 1990 attracted about 150 runners. Last years race, also held in late October, almost doubled the '90 run in terms of fan participation.

The race is held in memory of Sam Giuffrida, the beloved teacher and crew coach at Belleville High School. Giuffrida coached crew for 22 years and taught in the school system for 24 years. He passed away in May, 1989 to a heart attack.

Race director Tonia Moore announced that all runners will receive tee shirts. Plaques and awards will be given to runners who finish in the top three in their respective age groups and in the top three overall in the race.

Jiffy Lube will once again be one

of the top sponsors of the race. Philmore Associates is also a top corporate sponsor.

Major sponsors for the race include Motorcycle Mall, Tom Spillane, Bill Cook, Joe's Shell Station, Golds Gym, Dr. Len Russo and a group entitled Friends of the Giuffrida Family.

A large banner announcing the race is now posted along Washington Avenue, near the McDonalds and Pathmark.

"I'd like to thank the Belleville Fire Department for its help in getting the banner up," Lorraine Leming, one of the race coordinators, said. "Everyone has been very cooperative."

Runners who are interested in competing should fill out an application at any of the sponsors just mentioned. They can also contact Leming through the Belleville High School offices.

The race will be held, rain or shine. The first two years produced magnificent weather for the race. Let's hope 1992 continues that positive trend.

Rich Ruffalo excels at Barcelona olympic games

By Mike Lambert

"The chicken ain't dead yet, he's still flapin' his wings."

With those words of wisdom, Belleville's own Richard Ruffalo has returned from Barcelona, Spain with three medals at the Olympics for the Disabled.

"It was a wild time," Ruffalo said of his trip to Barcelona. "There were 50,000 fans for most of the events. I was happy with my performance overall."

Ruffalo, who is 40 years of age, had hinted that he might retire from competition following his Olympic endeavour this summer.

Try again.

"I'm going to compete in the world championships in '94 (in Berlin), then, hopefully, compete in Atlanta in the '96 Olympics. That's when the curtain closes. It will be my final chapter and I want to do it on American turf."

Most fans in the area are very familiar with Ruffalo's story. A teacher and coach at Belleville High, Ruffalo began losing his eyesight in the early 1980's. A fine athlete at Bloomfield High School and Montclair State College, Ruffalo decided that declining eyesight would not hold back his dreams of athletic success.

Thus, in 1983, Ruffalo began competing in disabled competition and won instant acclaim with national and world records in the discus, shot put and javelin. Ruffalo also excelled in weight lifting.

In 1984, he took part in his first Olympics in Long Island. At the '84 games, 51 nations took part. Four years later, at Seoul, South Korea, 61 nations took part. Now in Barcelona, 94 countries competed.

"It's definitely become very popular," Ruffalo said of the Olympics. "4200 athletes took part in Barcelona."

The Olympics were held from September 3 to the 14th at the same Olympic venue as the summer games held in August.

"There were 27 members of the U.S. blind track and field team," Ruffalo said. "I'm the oldest double medal winner on the team. The U.S. team came away with seven

gold medals, three silver's and six bronze medals."

Ruffalo earned a gold medal in the preliminary javelin throw. Later in the javelin throw, he came back with a silver medal after leading the event until the final throw.

"I lost to a man from the host country on the final throw," the coach said. "The place was going crazy. It was a great competition and I congratulate him."

Ruffalo's throw of 43 meters fell short of the Spaniard's throw of 44.78 meters.

"In my final throw, I was able to tie him," Ruffalo said. "But my foot hit the line and I was called for a foul."

In the discus event, Ruffalo earned a bronze medal with a throw of 31.58 meters. Once again, a man from Spain won the event in 35.02 meters. A German man finished second.

"The difference between third and seventh place was just three feet," Ruffalo said. "I was happy to get a medal."

In the shot put, the coach finished fifth overall. "I ran out of gas. I tried, but the gun was out of bullets."

Ruffalo is the only blind athlete in the world to medal in all three events in both the Olympic games and the world championships. You will remember that the coach earned two medals at the '88 games in Seoul.

For his career, Ruffalo has ten international gold medals, seven silvers and two bronze. He has earned one Olympic gold, two silvers and one bronze.

Ruffalo's focus will now be on the world championships in '94 and then, as he said earlier, the final chapter in Atlanta four years from now.

"I would like to thank all my sponsors who gave me so much support," the coach said. "There have been so many people who have been behind my athletic success. I can't thank them enough."

And, don't forget, those chickens are still flapin' those wings.

Battle, DeFalco hurt in Jr. Buc loss

By Mike Lambert

The Belleville Junior Buc "A" team is off to a painfully slow start in the 1992 season.

Joe DeRiggi's team is 0-2, having dropped games to Clifton 14-0 and Manchester, 7-6.

Furthermore, injuries have beset the team, with two players going down in the Manchester game.

"We lost Damon Battle for the season and Rich DeFalco for at least a month," DeRiggi said. "It was obviously a tough game. Battle's injury is especially difficult. He will be in for a long rehabilitation."

Battle suffered a broken leg which will keep him in a cast for possibly as long as six months.

DeFalco, a quarterback, has a cracked collarbone in his non throwing arm. He is hopeful of returning in a month.

Against Clifton, the Bucs moved the ball well until inside the Must-

ang 20 yard line. Clifton scored two early TD's and played well defensively for the rest of the game.

Ironically, the offensive heroes in the game for Belleville were DeFalco and Battle.

Against Manchester, Bobby Carseldi scored the Buc touchdown. Carseldi then attempted to kick the conversion, which, if good, is worth two points. The kick had the distance, but it hit the crossbar and Manchester held on for a one point win.

Defensively, Justin Mohren had two interceptions against Manchester. Linebacker Mark Constantino, nose guard Al Fusco and tackle Phong Nguyen all played well.

With DeFalco out of the lineup, DeRiggi will go with Anthony Vitanzo at quarterback for the next few weeks.

DeRiggi and his coaching staff

led the "B" team to a championship last fall. DeRiggi's staff consists of Frank Stanco, Ralph DeToma, Al Fusco, Angelo Cordasco and Bob Quadagno.

The "B" team is led by head coach Dennis Sheridan. His assistants are Bob England, Anthony Roberto and Doug Wallace.

The coach of the "C" team is once again Bob Bang. His assistants are Ricky Relo, Paul Diaporto, Anthony DelGuercio and Ted Smith.

AN INHIBITING EFFECT

A recent study suggests that giving a common blood pressure medication to this nation's heart-attack survivors could substantially reduce their future risk of dying from heart failure. The medication, captopril, belongs to a class of drugs known as ACE inhibitors, which work to relax blood vessels. The captopril study involved 2,231 men and women whose hearts were permanently damaged by moderately serious heart attacks. Under normal circumstances, their heart attacks would leave them at risk for heart swelling. As their left ventricles became enlarged, their risk for further heart failure rises. The captopril study showed that this enlargement could be prevented with the medication. After four years, captopril reduced the death rate among heart attack victims by 17 percent.

A full selection of prescription and over the counter medications are always available at ROSKOPF PHARMACY, 338 Washington Ave., 759-1956, 759-1968. We also carry many items including Times watches, transistor radios, cameras, film, gifts, baby goods and greeting cards. Stop by and see us daily 9am-6pm, Sundays 9am-5pm.

HINT: In November, 1991 it was reported that another captopril (enalapril) could also stop the development of heart failure in those at high risk for cardiac arrest.

NOTICE TO BIDDERS

Notice is hereby given that sealed proposals will be received by the Township of Belleville, Essex County, New Jersey for the Purchase and Planting of Trees will be opened and read in Public at the Township of Belleville Municipal Building, 152 Washington Avenue, Belleville, New Jersey, on Thursday, October 15, 1992, at 11:00 a.m. Prevaling Time.

The proposed work consists of the Purchase and Planting of Trees for the Township of Belleville, for the Franklin Street Tree Planting Program.

Contract Documents and Plans for the proposed work, prepared by L. Stanley Sires, P.E., Township Engineer, Belleville Township, New Jersey, may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the Contract Documents and Plans by the Engineer upon proper notice and payment of a non-refundable charge of Ten Dollars (\$10.00) made payable to the Township of Belleville to defray the cost thereof.

Proposals must be made on the standard Proposal form in a manner designated in the contract documents, must be enclosed in sealed envelopes bearing the name and address of the bidder and the name of the work on the outside, addressed to the Township of Belleville and must be accompanied by a Statement of Consent of Surety from a surety company authorized to do business in the State of New Jersey, acceptable to the Township of Belleville for not less than ten percent (10%) of the amount bid, except that the bid guarantee need not exceed \$20,000.00.

The award of the contract for this work will not be made until the necessary funds have been provided by the Township of Belleville in a lawful manner.

The Township Engineer reserves the right to require a complete financial and experience statement from prospective bidders showing that they have satisfactorily completed work of the nature required before furnishing proposal forms or specifications, or before awarding the contract.

The right is also reserved to reject any or all bids or to waive any informalities where such informality is not detrimental to the best interest of the Township. The right is also reserved to increase or decrease the quantities specified in the manner designated in the Specifications.

Bidders are required to comply with the requirements of P.L. 1975: C127 and P.L. 1977: C33 and the applicable requirements of N.J.S.A. 40A:11-2 et seq., the Local Public Contracts Law.

The successful bidder shall be required to comply with the provisions of the New Jersey Prevailing Wage Act, Chapter 150 of the Laws of 1961, effective January 1, 1961. The contract governing the work is funded by monies received by the Township of Belleville.

BY ORDER OF THE MAYOR AND TOWNSHIP COUNCIL OF THE TOWNSHIP OF BELLEVILLE.

The three ships

What we know of Columbus' ships is based on what experts know about other ships of that time. No exact plans were left.

Santa Maria

— A nao, or type of slow-sailing cargo ship.
Length: 74 feet Beam: 26 feet
Crew: 40 men
(Lost in a storm on the first voyage on Christmas Eve, 1492.)

Pinta

— A caravel, a smaller ship used for trade or exploring.
Length: 70 feet Beam: 22 feet
Crew: 26 men
(Made several other Atlantic crossings. Went down in a storm in 1500.)

Nina

— A caravel.
Length: 67 feet Beam: 21 feet
Crew: 24 men
(The favorite ship of Columbus. It was a part of his second and third voyages.)

To get an idea of the ships' sizes: a tennis court measures 78 feet long, 36 feet wide.

Where They Left From ... Columbus' Three Ships

On Aug. 3, 1492, Christopher Columbus set sail on a voyage that changed world history.

His fleet of three ships sailed out from the town of Palos in southern Spain.

Some of the buildings that Columbus visited just before he left Palos are still standing.

After 500 years, people still live and work in this small town.

The Mini Page visited there to bring back a firsthand report.

This is the Church of St. George where Columbus and his crew attended Mass and took Communion on Aug. 2, the day before they left.

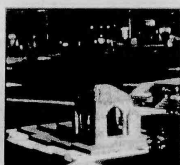

Columbus set sail at 4:45 a.m., shortly before dawn on Friday, Aug. 3, 1492. This painting shows Columbus saying farewell to the monks as the ships lay at anchor in the river Tinto.

Why Palos?

• While it was a small town, many good sailors lived there.

• As a penalty for smuggling, the town had been forced by the king and queen to pay a penalty of two ships (the Nina and the Pinta).

• Columbus had powerful supporters in the town. The Pinzon family could help him.

This is the well near the church. The story is that Columbus filled his water barrels for his fleet here.

Notice the service station in the background.

This is the monastery La Raveda (rah-VEE-duh) outside of Palos. Here Columbus left his young son, Diego, in the care of the monks. The monks were his friends and helped him meet Queen Isabella.

This is the statue of Martin Pinzon, who served as captain of the Pinta. He recruited most of the sailors.

PETER PENGUIN'S PUZZLE LE-DO

Find the names of these things that remind us of Columbus' voyage in the puzzle.

ACROSS:

1. A small town in Spain.
2. A type of slow-sailing cargo ship.
3. A smaller ship used for trade or exploring.
4. A type of caravel.

The Crew of 1492

The sailors had no uniforms. They went barefoot and wore their own clothes. Many wore red stocking caps and shirts with hoods.

Life on board ship was hard. Most of the crew slept wherever they could, usually on deck. Some of the officers had bunk beds.

The crew usually ate meals of salt beef and pork and beans. They also ate hardtack, or sea biscuits that were so hard they had to be soaked in wine or stew. On clear days they would cook stew in a fire box with a sand bottom that was placed on deck. They ate out of the same pot. They drank wine and water.

Young cabin boys in the crew usually kept track of time and called out the hours. They turned a kind of hourglass every half-hour.

Look through your paper and circle all of the things that were not around 500 years ago.

If the cabin boy had turned the hourglass eight times, how many hours had gone by?

Columbus served as captain of the Santa Maria and captain general of the fleet. He had never been a captain before he took over on this voyage.

DO WHAT I SAY!
The master commanded all of the sailors.

WE ARE HERE!
The pilot kept track of the positions.

HOW DO YOU SAY "OLD" IN CHINESE?
The interpreter was to talk with the new people the ship's crew met.

YOU GET 10 LASHES OF THIS WHIP!
The marshall enforced the ship's rules.

OCTOBER 12, 1492...
The secretary kept notes about the new lands.

HOP THE BECK.
The boatswain was in charge of keeping the ship shipshape.

UNO, DOS, TRES...
The treasurer kept track of the money spent.

FEEL BETTER?
The surgeon was the doctor on board.

YUM, YUM.
The steward was in charge of the food, water and wine.

WE NEED A NEW PLANK.
The carpenter worked on the wood.

WE CAN'T SPARE A DROP!
The cooper repaired the barrels.

THIS CRACK MUST BE PATCHED!
The caulker spread tar to keep the ship from leaking.

The ships and crew in 1992

The Nina, Pinta and Santa Maria sailed into Baltimore harbor earlier this year.

It's thrilling to look out into a harbor and see the Nina, Pinta and Santa Maria.

The Mini Page crew and many other Americans have done just that.

Re-creations of the most famous ships in history have been touring a number of our seaports.

The planning and building of these ships took many years.

The ships carry a total of 62 Spanish navy officers and civilian volunteers.

Since there were no drawings or original plans of the ships, experts had to research and base the plans on what they knew about ships of that day.

The ships were built of the same type of materials and in the same way as they would have been 500 years ago.

While on the open sea in the voyage from Spain to our East Coast, the ships used sails and wind power. In harbors they used small engines to help them dock. For safety's sake, the ships carried radios and electric lights.

There were no showers or bathrooms on board.

Each ship carried a small rowboat.

DID YOU KNOW?

Ordinary unpainted chest takes on elegance when it's painted with sleek enamel, dressed up with a stenciled design on the top and drawer fronts, and garnished with old-fashioned brass pulls.

Wood floors look better longer if you clean them frequently to remove dirt, especially grit that causes scratches. Use a dry dustmop often and vacuum floors as frequently as you would carpet.

Knicks - knacks won't topple and crash if you secure them to display shelves with double-sided carpet tape.

Today's mattresses are bigger and thicker. Queen-sized mattresses almost outsell double beds, and extra-long California king is creeping up on king-size beds. Some mattresses are 16 inches thick!

Old-fashioned cleaning products are in favor again with the environmentally conscious. Instead of chemicals, use vinegar to clean windows, bathroom tiles and fixtures. Remove rust stains from clothing with a paste of lemon juice and salt; hang clothing in the sun.

Old-fashioned service and modern knowhow -- that's what you get when you list your property with the pros at Century 21 Stanford Agency, 86 Union Ave., Nutley. Call 235-9000.
