The light rain that began on Thursday night, Dec. 10, developed into a torrential rain that was accompanied by hurricane force winds, forcing water into roads and sending trees crashing into houses.

With Route 21 and Main Street under water, and power outages occurring in virtually every part of Belleville, Township Manager Stephen Cuccio declared a state of emergency at 3:11 p.m., stepping into his role as director of the activated Office of Emergency Management.

Welfare Director Carol Ann Russo, moved to the Washington.
Avenue Fire Station, prepared to receive families from evacuated houses. Arrangements were made with the Ramada Inn in Clifton to receive any homeless families, but the temporary shelter was not need-ed, as residents of 14 tree-damaged houses found lodging with relatives or friends.

Materials Spaud into action to dam the flow with sand.

The Third River further eroded its banks, and water made Main Street impassable. Traffic on Route 21 was halted.

By nightfall, traces of snow appeared, and the snowfall continu-

The Passaic River swept debris onto the highway, covering the ramp at the North Arlington Bridge.

Through it all, exhausted DPW workers shored up trees, cordoned off streets where pavement had been broken up by raging waters and prepared for the cleanup job to follow.

The two days of wind rain and

Many Belleville residents, commuters to New York City, reported having greater difficulty reaching and leaving the city than traveiling through Belleville.

## Managers honor Times editor for excellence in reporting

By Karen Lynch

Howard Klausner, editor for the past year and a half of the Belleville Times, has been honored with the New Jersey Municipal Managers Association's first Press Award.

Klausner was presented with a plaque at the association's awards uncheon Thursday at the Ramada Inn in Clark. Nearly 100 municipal managers and associates attended.

NJMMA awards committee chairman Alan Feit cited the editor for his "objectivity, consistency and commitment to factual reporting" of events in Belleville leading to the dismissal of manager Betrtand Kendall.

After review of Belleville Times stories on the subject, the committee unanimously agreed Klausner deserved the award, Feit stated.

"The situation began this summer, when it became apparent the new council majority wanted to get rid of the township manager and the staff he had painstakingly built," Klausner said in a follow-up interview.

"He wanted to give Belleville a

"He wanted to give Belleville a professional administration, and they wanted a political administra-tion."

Klausner also said violations of the Faulkner Act had occurred in administration members' interfer-ence in the day-to-day operations of the town, "leading to confronta-tions with the mayor and council majority."

"This is about a free press," Kendall told his colleagues at the awards luncheon.

Kendall told his colleagues at the awards luncheon.
"Unfortunately, they took on Orechio Publications, when (Klausner) was just reporting the truth.
"We had a mayor who, when people came in her presence, asked them to remove their jackets 'to see if they were wired'...and tried to get them fired.

"I'm proud to have him on the staff of Orechio Publications."

#### Aside From That

Barbara Tuck, who is Manager of Anything That's Important at the Belleville Municipal Building, reports having her hands filled with the goings on in her subterranean office, during the weekend of storm and flood. It seems that Baldassaro DiVincenzo Mitten, Official Cat, had commande ered the telephones, ordering assistance to the location of fallen trees. "Do you realize how many families of squirrels have lost their homes to this disaster?" Baldassaro shouted as Mrs. Tuck tried to pry him loose from the telephone. "Right now, I've got S.O.S. - Save Our Squirrels - on the phone, and now, I've got S.O.S. - Save Our Squirreis - on the phone, and they're arriving with emergency supplies. The entire winter stock of nuts has been lost on many streets! \*\* • • • • Mrs. Tuck remonstrated, "How do you expect to find housing for a bunch of displaced squirrels?" she asked. "Don't worry. I got a list of every attein town," Baldassaro said. "Now, get away, lady. You bother me!" (Being half Irish and half Italian, he is romantic on one side, reckless on the other and argumentative on both.) So Mrs. Tuck went upstairs to call the cops, but they were all out on storm duty. • • • Both Chester Prosperi, the Democratic Chairman, and Toni Marrone, the Republican Chairman, claim that they never heard of Fifth Ward Councilman Harry Zilch. "He's no Democrat," says Chester. "And he never filed as a Republican," says Toni. Of course. Zilch is not affiliated with either

major party. His prime base of support has come from the Kool Kukumber Boys, otherwise known as the K.K.B. This is a group of vibrant young taxpayers who argue that taxes should go up, not down. When Councilman Zilch voted on the proposal to raise the salary of Township Manager Stephen Cuccio from \$60,000 a year to \$80,000, Zilch wanted it to go to \$150,000. "After serving two years with Wayne Mayor Newton Miller, the poor man deserves it!" Zilch said • • • • • • The K.K.B. has as one of its slogans, "Any surplus is a sign of sloppy administration!" At every Township Council meeting, its members are on hand to harangue the Council. One of its leading spokespersons is Hans Brinker Spendmeister who recently told the Council that he had und township employees at their desks after 4:30 p.m. "They were working on their own time!" Spendmeister shouted. "The taxpayers should be ashamed of themselves, accepting free overtime work!" • • • Anyone hear of Honeywell and Roberts a self-styled investment firm in Las Vegas, Nevada that seems to be milking people in New Jersey? A Believille man invested \$2 in a "contest" sponsored by the firm. He was informed that he had won \$10,000. And then he received the promise that if he reinvested the \$10,000 with the firm, he would earn far more. And please send some dditional money to clinch the investment. • • • • Well, that was three years and \$2,500 ago. Instead of cash, the Belleville retiree has received scores of letters telling him he had to put in a few dollars more in order to keep his winnings At the same time, the promised \$10,000 has been revised downward to less than \$5,000 - and still no money is forthcoming. "And they've put me on some kind of sucker list," the Belleville man said. "I get mail from people wanting to sell me something, or to invest in another contest. Hundreds of letters!" • • • • He even tried his luck with a "free" contest in Australia, where the prize was \$15,000. Sure enough, he was told he had won the \$15,000, but if he invested a little more, he could earn far more. This time, the Belleville man asked for the money, instead. And so far, all he has received is more mail and more promises. We wonder if any other Belleville people hasve become involved in these "contests" - where the only winner is a post office drop.

On one of his final days in office - perhaps the day before the end of his term - Governor Richard Hughes gave us a lift in his official limousine as he toured North Jersey for the last official time. We were on Route 17 in Bergen County when he decided to visit a favorite destination, Fat Mike's Hot Dog Stand. A hot dog was one of his few dissipations. He talked about the enjoyments of holding public office, and he

#### OUR OPINION

#### An unfortunate snub

State Senator Ray Lesniak, State Chairman of the Democrat State Schator Ray Lesniax, State Chairman of the Democrat Party reached into Essex County and appointed three Newark residents to the New Jersey Bill Clinton Transition Team, totally ignoring the Office of the County Chairman, County Executive Tom D'Alessio.

It is apparent that Chairman Lesniak must have had a mental lapse, for no state chairman ignores the office of his County Chairman, especially when the county in question delivered the

chairman, especially when the county in question delivered the greatest majority for the President-elect.

Essex County Chairman Tom D'Alessio delivered a ringing 60,000 majority for Bill Clinton, and in the process, making State Chairman Lesniak look good. Lesniak has enough experience in state politics to know better.

D'Alessio is a major player on the state Democrat political scene, and the consequences of leaving D'Alessio out of the loop by the State Chairman may be very consequential.

## Belleville met challenge

The nor'easter that swept through Belleville over the weekend left a trail of destruction and peril unparalleled in most of this century.

Falling trees, downed high tension wires and onrushing floods of water are all life threatening. Fortunately, there was no known loss of human life due to the storm, although the danger of heart attacks and exhaustion is inherent in this kind

Belleville met the challenge well. Credit must go to Township Manager Stephen Cuccio who had his baptism of fire - and water - in this episode.

He acted promptly in declaring a state of emergency and he led the Office of Emergency Management as it co-ordinated the township agencies to meet the crisis.

The people of Belleville responded well. Neighbors rushed to help neighbors. Families that had to evacuate their houses quickly found lodging with friends or relatives.

The public safety organizations - the police and firefighters, and the Emergency Medical Service of the Fire Department - worked around the clock to answer calls for help and meet the demands of the moment.

And most of all, the Department of Public Works proved to be the hero - or heroes - of the day.

The DPW responded to more than 60 calls from locations

where storm damage had occurred.

The storm damage became so great that it was impossible to be everywhere and anywhere at the same time.

Yet families were evacuated and trees were removed, floods

quarantined and fires prevented.

No doubt, at future sessions of the Township Council, there will be those who will protest the overtime pay owed to the public safety and public works people, as memories of the danger and the difficult labor recede.

But from this vantage point, any amount of money paid to the men and women who performed faithfully and even heroically, will be small compensation for their service.

And we should all be thankful that the only loss was measured in property damage. You can always repair property and restore

Well done, Belleville.

## Another school achievement

We take so many of the achievements of our schools for

granted that we often forget to take formal note of them.

But more is done each day in each school for our children and our community than we can even hope to report.

Just one example is the eye on the world opened to our children by Teacher Ann Schneider who returned recently from the Republics of Russia and Ukraine with an insight into the

schools and society of those two important nations.

In some communities, she was the first American to visit in more than half a century.

more than half a century.

She brought back pictures and information of Russian students and teachers which offer great hope for our future relations, just as they indicate great challenges.

It is obvious that America must act to prevent the closing of the door to democracy in the former Soviet Union.

But whatever material aid is sent, and whatever guidance we may require the opening of person to person contact is couplly

may provide, the opening of person-to-person contact is equally

## YOUR OPINION

#### Storm-tossed thanks Bucs' fans thanked

To the editor:

We often take for granted so many things in life that we have been receiving the benefit of that it is not until an emergency arises that we come to realize that we are blessed. On December II, 1992 the Metropolitan area was hit with a severe storm. A tree fell on my bouse causing damage to the roof and to the room below. Within minutes the situation was under control thanks to the police department, the fire department, the town workers and the town officials. They responded to the call, took the proper precautions to assure not only the saftery of my family but of the entire neighborhood. They had the tree removed and the roof covered so that we could return to the house the following night.

Never again will I take for granted the services provided by acach of you and the department, you represent. To name each of you would be impossible.

To all of the Belleville personnel who were involved I thank you and wish you and your families a happy holiday season and the very best for the New Year.

I would like to thank the fans and parents for the support they showed for us during our 1992 football season. A special thanks to the cheerleaders for all they did. Mrs. Russo too. Also thanks to Mike Lamberti for the pictures and articles on the football team. And thanks to all my teammates for the support they showed for me for team captain, homecoming king and during my senior year on the Bucs. I'm going to miss playing with them. • 1993 will be more important to New Jersey voters than the presidential year we are coming out of.

The Governor, the Senate and the Assembly are all up for election. On the Democrat side, Jim Florio will be renominated without any serious competition. The Republicans will have a battle. During 1992, it appeared there were three

Gov. Jim Florio

major Republican candidates — Atlantic County Senator Bill Gormley, Chairman of the powerful Senate Judiciary Commit-tee, Chris Whitman, the lady who almost whipped United States Senator Bill Brad-ley, and Tom Kean's Attorney General, Cary Edwards of Bergen County, From all outward signs, Bill Gormley will pass up next year's gubernatorial primary.

Essex is one of the counties that will be a major battleground for the Republican gubernatorial candidates. The indestructible Essex County G.O.P boss, John Renna, already is charged by his opponents that he has permitted his own town of West Orange to become a Democrat powerhouse, as if Tom D'Alessio's leadership counts for nothing. Spokesman for the Renna opposition claims there are 2,275 registered Democrats vs. 649 registered Republicans in West Orange. The claim is being made that if Renna doesn't have the talent to return West Orange to a basic Republican powerhouse, how can he be expected to stem the Democrat tide in Essex. I examined the list of registered voters, and the facts are as stated above.

Tom D'Alessio

Having the registered voters statistics before me, I examined the City of Newark and was surprised at what I learned. The Central Ward has a registration of 25-1 Democrats. The East Ward is 7-1 Democrats. The South Ward is 3-1 Democrats. The South Ward is 35-1 Democrats. But oddly enough, the North Ward at 3-1 has the resourceful chairman in the person of Steve Adubato who is clever enough to obtain more than his patronage entitlement that his ward vote deserves. Diminishing Steve Adubato's power perception is the fact that North Ward Councilman Tony Carrino probably is responsible for one half of the Democrat votes.

• THE the Boy Scouts of America rightfully have taken the position that homosexuality has no place in scouting. The secretary general of the world organization of the scout movement recently observed, "We strongly believe that our scout youth should not be a hunting ground for homosexuals." I agree with the policy. The scout organization should resist any effort to include among its active members anyone in the family of homosexuals.

NOT too long ago, I was shocked to read an old friend of mine, Huntington Hartford, the A&P supermarket heir and arts patron once worth close to \$100 million, filed for Chapter I bankruptey-court protection. According to financial sources, Huntington's annual income is estimated at \$700,000. It results from an \$8 million family trust. During the period that I frequently met and socialized with the man, he impressed me as having no conception of the value of money. In fact, if my memory serves me right, he never handled his money. He left that chore to paid assistants.

"More than 200 people attended a ceremony marking the 50th anniversary of the death of Shep, the faithful sheepdog who waited 5 ½ years at a train station for his dead master to return. The dog's vigil began in Angust 1936, when Shep watched baggage men load the casket carrying his master, a sheepherder, onto a train. From then until Shep died, the dog met each of the four daily Great Northern passenger trains that arrived in this central Montana town. The vigil ended on Jan. 12, 1942, when the dog fell beneath an arriving train. Steve McSweeney, 63, who watched the vigil as a boy, recalled at Sunday's service that the Shep never met a freight train. "The story of his devotion was one that touched a lot of people." McSweeney said. Dan Bradley, 64, a Boy Scout who served as a pallbearer at Shep's funeral, also spoke. "There was something special, almost magical about 160se encounters with Shep." he said. Is there any wonder that I have over the years taken the position, if you look for gratitude in life, you buy a dog.

#### Radon information

Many New Jersey residents have concerns about radon levels in their homes. The New Jersey Department of Environmental Protection and Energy has published a new pamphlet, Information You Should Know Abut Radon, which is available at the Reference Desk of the Belleville Public Library. More copies of this brochure are on order for interested residents. For information about radon, call 1-800-648-0394. To arrange for a speaker for your community group, on the topic of radon, call Barbara Sergeant at 609-987-2101.

For information about health hazards, public safety and environmental concerns, the library is a good place to start your research.

#### Americans with Disabilities Act

The Belleville Public Library has added an important new book to its collection: Disability Law: A Legal Primer. The second edition of this useful book, which outlines the basic provisions of the Americans with Disabilities Act (ADA), is a publication of the New Jersey Bar Association and the Essex County Bar Association and its Committees on the Rights of Persons with Disabilities.

the New Season of the Committees on the Roger Disabilities.

This new book is presently for in-library use only, as the library awaits additional copies it has ordered. In a clear question and answer form, people using this primer can determine the accessibility, employment and many legal portions of the ADA. Please ask for this new publication at the reference desk.

#### Handmade musical instruments

The Belleville Public Library is pleased to display the handmade and hand-painted musical instruments of John Stumpe. Each musical instrument is a work of art, in some cases made by Stumpe from wood cut from local trees. Living in town for the past 27 years, Stumpe attended Arts High School in Newark and is an accomplished guitarist. Combining his love of music and his skill as a designer, woodworker and painter, Stumpe's musical instruments represent beautiful craftsmanship. This display will continue in the second floor exhibit case throughout December.

Library displays work of Sumliner

Mrs. Bebe Sumliner, a resident of New York City, began
painting about 26 years ago when her husband, Bernard, bought
her a set of oils and an easel as a holiday gift.

Sumliner has worked exclusively in oils using a great variety of
subject matter and has recently became interested in water colors.
She has exhibited at the Belleville Public Library in 1975 and in
1977 with her mother, Mrs. Essie Cohen, and her niece, Pamela
Cohen, and again in 1983. Last June, she exhibited at The New
Gallery of the Educational Alliance.
Sumliner enjoys painting with the soft lines and colors, such as
those used by the Impressionists, and gets "great satisfaction in
facing a blank canvas and creating something that wasn't there
before."

#### Holiday crafts for children

The following holiday programs for children will take place in the James J. Cozzarelli Jr. Children's Room, during December: Make a Holiday Gift, Dec. 19 at 10:30 a.m.; Secret Movie, Dec. 26 at 2 p.m.
All programs are free and open to the public, though the library requests that all children under 8 years of age be accompanied by an adult.

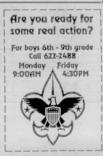

#### Films at the Library

The popular film series "Thursday Films at the Library" will offer its final 1992 choice on Dec. 17.

The film, White Christmas, will be shown. Bing Crosby and Rosemary Clooney star in this delightful holiday romp with music, dance and clowning for the whole family. Films are shown in the Trusces Room at 1 p.m. each Thursday. Due to the library's scheduled holiday closings, no films will be shown on Dec. 24 or 31. "Thursday Films at the Library" will begin on Jan. 7, 1993.

VIEW FROM THE MALL - Shoppers at the Main Street Shopping Mail had to ford this water in the parking lot, when the downpour overwhelmed the storm sewers.

Holiday hours announced

The Library Board of Trustees has approved the following hours of library service during the Holiday Season:
The Main Library will be open Monday, Tuesday and Thursday 9a.m. to 9m.m, Wednesday, Friday and Saturday 9a.m. to 5p.m.
The Cozzarelli Children's Room will be open Monday 9a.m. to 5 p.m.
The Shafter Branch Library located in School Number Four at 30 Magnolia Street will be open Monday through Fiday, 1p.m. to 5 p.m.

5 p.m. All library departments will be closed Dec. 24, 25 and 31, and Jan. 1, 1993.

### How to decorate a Christmas tree

By David E. Thierer
Cathy Pisciottano, the head
decorator at State Fair Christmas
Outlet in Believille, gives the following tips to give your Christmas
tree a professional look.

lowing ups to give you.

Tree a professional look.

When decorating a Christmas tree, you want to start with the lights. Start at the base of the tree, right at the trunk, keeping the plug at base with enough slack to be able to plug in. Wrap the first light around first shoot on branch, then

bring wire out to the very end of the branch, making sure a bulb is at the very end. Fold end of branch around bulb (if it's a live tree use paper clips). With an artificial tree, bend shoots to hold wires against branch. Run wire back to trunk, and then proceed to other branches, following these same rules. By doing this, the tree is given depth and shape. You should not run more than 300 bulbs end to end because you can blow fuses on the

string of lights, and they usually are not able to be replaced. If you are using an extension cord, you can plug a run of 300 bulbs in each outlet.

outlet.

The next step would be affixing your topper to top of the tree, making sure it is straight. A good inexpensive topper is a seven-looped bow made of ribbon. If it is an electric piece you are using, make sure you plug in to the light strand, keeping the plug hidden.

The next thing you want to do is to fluff the branches by pulling shoots in opposite directions. For example, two up, two to the side, two down. The branches themselves should run straight out.

Now you want to hang the garland. One good trick is to hang paper clip from the end of the branch or shoot, and drape garland

paper clip from the end of the branch or shoot, and drape garland through the clip. If you wish to run many strands of garland, you can run all of them through the same clip. When running garland, the points where they are attached to the tree should be above the loose loops of the level below so a more balanced look is achieved. An inexpensive garland alternative is ribbon. Drape this in the same fashion as you would with any other garland. At this point you should hang the larger and most expensive orna-

ments. Hang these ornaments on the outside branches so they are displayed prominently. The ideal way of hanging a similar group of ornaments is to arrange them in a diamond pattern. The spacing will vary depending on the size and fullness of the tree.

Now you can hang your inexpensive ornaments. Continue the same diamond pattern with the cheaper ornaments approximately in the center of one of the diamond you have just created.

The last step would be the hang-

when just created.

The last step would be the hanging of your least expensive ornaments. Hang these ornaments to the inside branches of the tree, filling in the hollow areas. Some examples of filler ornaments can be loops of ribbon, baby's breath (dried flowers), or snow branches (white branch pieces).

When you are using a smaller tree, instead of placing it directly on a table, try wrapping a large box with wrapping paper and a bow (as if it was a gift), and place the box on the floor with the tree displayed on top.

#### -CHIROPRACTO..-"SHOOTING PAINS"

If you're a victim of sciati-ca, you know what "shooting pains" are all about. The pains' are all about. The sometimes excruciating pain of sciatica frequently affects the hip, thigh and back of the leg. The ankle and foot are sometimes affected, too. But that's not where the problem

is.
The sciatic nerve, the largest nerve in the body, extends from the lower spine to the back of the thigh and knee. Then it divides. One nerve, goes down the front of the leg, and the other goes down the back of the leg.

It's the inflammation of the cristing or the course, the course, the

sciatic nerve that causes the pain. This can be triggered by

an irritated nerve root. What causes the irritation? The cause may be traced to a missingment of the spinal column that's putting abnormal pressure on the roots of the sciatic nerves as they pass between the vertebrae. Trough x-rays and other procedures, the doctor of chiropractic can lookate the misaligned vertebrae. Using a gentle adjustment, he can align it properly again to help

align it properly again to help eliminate the cause and the pain.

## BILLC SHOTS

The boys and girls' basketball season will commence tomorrow with a rare doubleheader at "Buccaneer Garden", alias Belleville High School gymnasium.

At 4 pm, the girls will play Montclair. First year coach Cheryl Marlon will take an experienced team into the '92-93 campaign. Colleen Mannlon, Andrea Curran, Yanina Calvi and Lix Mamieza are just a few of the returning players. Last year, the Lady Bucs won nine games after a slow start. This year Marion is hopeful the team can meet or exceed the .500 mark.

After the girls varsity game, there will be a JV contest between Belleville and Montclair. Following that game, the boys team will take center state for a 7 pm. game at the Garden.

Belleville, coached by the veteran and nearly legendary Don Roll will battle Bloomfield. The game was originally slated for Bloomfield but the Bengals home court is not ready for play.

The boys' team is also experienced, with co-captains Dennis DeWork and Ken Johansen leading the way, Johansen, at 6'3' tall, is the point guard and he, by far, is the tallest at that position in Belleville High School history.

A quick word about Roll. Every year before the start of a new season, I like to tell the story about the night Roll shocked everyone in the Belleville High School gymnasium.

Back in December of 1977, Belleville and Montclair tipped off in the season opening game. The '77 Bellboys were led by Tommy Swith, Keith lister, Dean Campana, Mark Veniero, Joe Saiters, Paul Donahue and a whirtwind senior sixth man named Don Roll.

In the fourth quarter, Belleville trailed by seven points, Montclair had a power (and I do mean power) forward by the name of Jeff Duna. Mr. Dunn stood about 6'6" and weighed, roughly, 260 pounds. He was a star football player for the Mounties and would later attend Ohio State University as a fullback.

Anyway, there was a loose ball on the court. Roll and Dunn hustled to the ball and both me ng ot their hands around the ball. A struggle ensued and Koll, the adrenialn pumping at an all time high, managed to p

down, fearing a homicide it Dunn decided to get mad. Fortunately, Dunn just sort of smiled and Roll quickly realized he had better get under control.

As the two men were preparing for the jump ball, Roll extended his hand to Dunn, who shook it and the game continued without incident. Roll would latter say that when he shook hands with Dunn, his hand was consumed by Dunn's. It's a classic Don Roll story, and even though Roll is kidded by those who saw that play to this day, Roll wasn't kidding when he fought for the loses ball against a guy who was it inches and 100 pounds heavier. "Those were crazy times," Roll told me the other day. "Everytime Itell that story, Dunn gets a little bigger. In another ten years, he'll be seven feet tall and weigh about 400 pounds."

Roll also rememebered some of his teammates from that year. "We ended up with just two wins that year, but one of them was against Queen of Peace, who was ranked fifth in the state at the time. Our guys never gave up, but we were up against some tremendous teams. That was back in the days of the Big 10, and we played East teams. That was back in the days of the Big 10, and we played East Orange, Orange, Essex Catholic, Irvington, Columbia and Montclair

Orange, Orange, Essex Catholic, Irvington, Columbia and Montclair twice.

"We had East Orange beaten at our place but ended up losing by three points. The first time we played Columbia that year, we lost by 25 at Columbia. The Cougars had a wild gym back then. The band would be playing on the court before the game and the fans were crazy. Everytime Mr. Grasso got up to call a play, the fans would tell him to sit down.

sit down.

"Anyway, we played them in a rematch at our place a few weeks later and lost by two points. We had a similar game against Kearny, losing by three late in regulation time. There were so many tough games that season."

Roll also remembered the infamous "animal drills".

"Coach Grasso would get three guys at a time. He would put the ball in the center of the floor and the three guys would have to run to the ball. The guy who got the ball first would then try to score a basket with the other two guys covering him. And there was no such thing as a foul. Anything went.

Anything went.

"Just getting to the ball was tough. Guys would walk away from the animal drill with bloody noses and bruises. Paul Donahue was the smallest guy on the team, but he would almost always get to the ball first. He was our point guard and was quick. He was also the strongest guy on the team.

"Paul and I used to work out together during the off season for basketball." We would lift weights at his house and he would bench press about 390 pounds for three reps. And he would bench the weight on his bed with a guy spotting him. It's a far cry from the weight room train."

today."

Roll certainly looks back on his days as a player with fondness.
"They were great times. We didn't win much, but to this day the
players on that team are still pretty close. Fil never forget those days."

LAST WEEKS QUIZ
In 1988, Texas A & M met Notre Dame in the Cotton Bowl. The

## Mannion named to NNJIL team

By Mike Lamberti
Phase three of the rebulding
process was very successful for the
Belleville volleyball team. Grace
Worley's team posted a l4-10 record
and advanced to the state tournament for the first time in three years.
"The kids did a real good job this
season," Worley, the Hall of Fame
coach, said. "We had five very
valuble seniors who did so much for
the improvement of the program.
We also have a good sophomore
class. Overall, there was a good
urmout of players. We had two JV
teams this season and all of the
players got the chance to compete.
What's most encouraging is that
none of the players gave hue, Everyone who came out at the start of the

season played the entire year."

The senior contingent was ted by co-captain Colleen Mannion, who for the second straight year was named to the first team, NNJIL.

Mannion was the team captain as a junior in 1991. This year, she shared the captain honors with Melanie van Dam.

"Melanie came around very well this season," Worley said. "She was injured early in the season, but she came back and played very well."

Let's get back to Mannion. When her high school athletic care-er is concluded sometime in June of 1993, she will be remembered as one of the best all around athletes in the history of the Lady Bue sports program.

in the history of the Lady Bue sports program.

Mannion has excelled on the wolleyball court in the fall, she will lead the Lady Bue basketball team this winter and she is an outstanding softball player in the spring, van Dam, named to the second team, NNIIL earmed plenty of praise from Worley.

"She was one of the best blockers we've ever had in the program. Her hitting was consistent and she provided outstanding net play."

Senior Carolyn Sagbay played three years on the varsity and

Senior Carolyn Sagbay played three years on the varsity and provided plenty of intangibles. "Carolyn did whatever was asked of her," Wordey said. "She was a gracious competitor and I'll always be grateful that she was a part of this team."

Christine Sansano earned Hon-orable Mention, NNJIL. A senior, this was her first year out for the

im.

'It's too bad she didn't come out oner," Worley said of Sansano.

"Christine picked up on the game quickly. When Marie Acuna missmissed a few games, Christine came in and did very well."

The fifth senior was Nancy Blauvelt. Like Sansano, this was Blauvelt's first year on the team.
"Nancy came to me before the start of the season and asked if she could try out," Worley recalled. "She wanted to be a part of the team and I was glad to have her here."

On the underclass level, juniors Michele Pxonka and Jessica Gonzalez played very well. The two will be co-captains for the 1993 season. "Both girls did a good job at the net," Worley said, "They will be some of our key players next season."

Sophomore Andrea Curran completed her second season on the varsity. (It's been reported for most of this fall that Curran was playing her first year of varsity volleyball in 1992).

"Andrea can do it all," Worley said. "She's a talented player who excells at all positions on the court." Another sophomore, Jennifer Palumbo played both varsity and JV ball this fall. Palumbo filled in

well when van Dam went down to injury and she should be a key part of next years team.

Freshman Marie Acuna, did an excellent job this season.

Worley said. "She learned the setting position and did well. She jumps well and she also served very effectively."

"We had a very balanced team this season," Worley said. "We served well, we scored the points when we had to and our hitting was good. We played in a very tough league and finished fourth overall."

Paramus Catholic won the championship and finished first in the state rankings. Paramus and Immaculate Heart were also highly ranked in the state.

"We beat Immaculate Heart in the first game, but they came back to beat us," Worley said. "We were up 9-0 against Paramus Catholic but ultimately fell short. We were able to compete against the real good teams. Hopefully, we can

able to compete against the real good teams. Hopefully, we can build on that for next season." Worley also expressed thanks to volunteer assistant coaches Wayne Worley, Joe Oese and Carolyn Giuf-frida.

## Junior Bucs dominate at Livingston

The Belleville recreation wrestling team started its season a little early as the team competed in the first Livingston Tournament on Decomples.

December 6.

The divisions were from the fifth to eighth grade. Belleville took home 13 medals, with five wrestlers winning gold.

First place finishers included Chris Zarro, Jim Palo, Frank Zarro, Mike Palo and Mike Blase.

Taking second place was Anthonthony Conte, Greg Ilaria, John Fitzgibbon, Marc Casella and Mike Fusco.

IN the novice division, Lawrence Martin and Ed Garcia took first place in their initial venture in

restling.

Josiah Vazquez finished fourth

overall.

Belleville varsity coaches Lou Releard and Mike Conte have high hopes for the team this year, Mike Palo, Jaria, Tim Haods, Conte, Frank Zarro, Jim Palo, Fizgibbon and Chris Zarro are all returness. There are a lot of slots to fill, but the coaching staff feels the team will be ready for the opening match on January 8th at Glen Ridge.

#### Varsity club dinner was big success

By Mike Lamberti
The Belleville Varsity Club held
its annual fall sports dinner at the
Chandelier last week. A very
enthusiastic crowd filled the
restaurant and they were treated to
an emotional evening as senior emotional evening as senior aletes bade farewell and express-thanks to their respective

ed thanks to their respective coaches.

This writer has been covering these dinners for the past 14 years or so and I'll safely say that last weeks dinner was by far one of the most moving I've ever seen.

The Varsity Club honored the football, soccer, cross country, gymanstics, volleyball and tennis teams, along with the band.

Let's discuss the band, directed very ably by Joe Kraemer. During the football games this fall, the band gave a very entertaining show, using the theme from "Beauty and the Beast" as a back drop.

The band has been doing an outstanding job for a number of years, earning medals for their showings at various band competitions.

showings at various band competitions.

The volleyball team had five seniors on its roster this fall. Grace Worley's team posted a 14-10' record in 1992. At this time, I'd like to salute Melanie van Dam, who has been a member of the team for the past four years.

During that time, her name has been spelled a number of different ways. It was Vandam, VanDam, vandam and vanDam.

For the record, the correct spelling is van Dam. I promised Melanie at the dinner that I would correctly spell her name this one last time as she concludes her fine volleyball career.

So, Melanie, I'll give you two lines of your name spelled correctly, in an attempt to make up for the past few scales ons. van Dam, van Dam,

After the introduction of the players, John Alvarado spoke at the podium, expressing thanks to the coaching staff and his team-Essex County Coach of the Year for his standout job in leading the Bucs to a 14-4-1 record.

DePinto was his usual comical self, lending his Italian grandmother jokes to an appreciative crowd.

DePinto was given a standing ovation for his fine coaching job.

Cross country coach John Tosate congratulated all the coaches for the season. This was by far Tosato's best speech in his ten plus coaching years.

But the speech of the evening came at the football presentation. Head coach John Senesky introntroduced his 16 seniors and every plaser precised a standing coation received a standing ovation ir peers. player received for their peers.

Alvarado then thanked the person he loves and admires more than anyone in the world, his mother. And folks, when Alvarado was done with that dedication, there wasn't a dry eein the house.

Alvarado called his mother the strongest person he's ever met. He praised his mom for raising him without a father. Alvarado also remembered his grandparents and thanked Senesky for teaching him the true value of football and pride. He also thanked the head coach for

Ricky Constantino and John

players. When the speaking was

I would like to especially congratulate the parents of the athletes for doing a phenominal job. Senesly put it best when he said it's the parents who teach the kids to never quit and to be proud as long as the effort was the best it could be.

What a treat!

A poem written especially for you by your dad!
You can imagine how pleased the Moore children were when their father read "A Visit From St. Nicholas" to them on Christmas Eve back in 1822.

Dr. Clement Moore knew what kids liked. He had nine of them!

After Dr. Moore read the poem, a relative copied it and took it to a newspaper editor in Troy, N.Y.
The paper printed it in December 1823, but did not give the name of the author.

It was not until 15 years after it was first written, in 1837, that it was printed giving Moore's name as the author. The poem was in a book with other poem's by him.

Dr. Moore was born in 1779 in New York City. He became a language teacher at a college for men studying to become Episcopal ministers. He died in 1863.

Kids of long are knew a lot.

mouse;
The stockings were hung by the chimney with care,
In hopes that St. Nicholas soon would be there.

With a little old driver, so lively and quick, I knew in a moment it must be St. Nick. More rapid than eagles his coursers they came,
And he whistled, and shouted, and called them by name —
"Now, Dasher! now, Dancer! now, Prancer and Vixen!
"On! Comet, on! Cupid, on! Donder and Blitzen;

The children were nestled all snug in their beds,
While visions of sugarplums danced in their heads;
And Mamma in her kerchief and I in my

Kids of long ago knew a lot about Santa before Dr. Clement Moore wrote his famous poem.

They knew he dressed in fur and arrived through the chimney.

But how did he travel?

Dr. Moore was the first to fill in the details about the sleigh and eight tiny reindeer.

His droll little mouth was drawn up like a bow,
And the beard on his chin was as white as the snow.
The stump of a pipe he held tight in his teeth,
And the smoke, it encircled his head like a wreath.
He had a broad face and a little round belly
That shook when he leveled a lite.

That shook when he laughed, like a bowl full of jelly.

He was dressed all in fur, from his head to his foot,
And his clothes were all tarnished with ashes and soot:
A bundle of toys he had flung on his back,
And he looked like a peddler just opening his pack;
His eyes how they twinkled! His dimples how merry—
His cheeks were like roses, his nose like a cherry;

And laying his finger aside of his nose. And giving a nod, up the chimney he

rose.
He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle:
But I heard him exclaim ere he drove out of sight,
"MERRY CHRISTMAS TO ALL, AND TO ALL A GOOD NIGHT!"

#### Keeping The Cold Out New Window Technology

Windows were first invented by the Egyptians. They placed holes in the top of their walls, near the ceiling, to allow for ventilation.

The Romans moved the windows, framed in wood, down to the middle of the wall and sealed them with glass. Steel was introduced as a window framing material in the 1900's.

Aluminum, as a window framing inherial, was the next material innovation. It entered the marketplace after World War II.

Aluminum is an excellent conduc-

tor. That's one of the reasons it is used so extensively in pots and pans. Thus, the problem was to discover a way to keep the aluminum frame from conducting the outside cold temperature to the inside warm temperature.

The aluminum window frame members are hollow. They are designed that way for maximum strength. In the case of thermal barrers, the metal frame exposed to the outside cold air is separated from the metal frame inside the house. This is done by using either high or low den-
