Klein introduces House Resolution recognizing Belleville; Hornblower credited with introduction of Steam Age here

By Howard Klausner

Representative Herbert Klein (D.- 8th Dist.) has introduced House Concurrent Resolution 35 to give federal recognition to Belleville as the Birthplace of The American Industrial Revolution.

It brought an immediate objection from Paterson Mayor William Pascrell that his city is the birthplace of American industry.

However, supporters of the resolution see no conflict between the claims of Paterson and Belleville to recognition.

It is historic fact that Alexander Hamilton sought the creation of an industrial city at the Great Falls of the Passaic River, which he saw for the first time in 1792.

In terms of the Industrial Revolution, historians generally date it from development of the steam engine in the early 1700s, because it multiplied mankind's ability to produce goods many times over.

As Lou Cicenia, Chairman of the Belleville Renaissance Committee stated, "You date the beginning of the Atomic Age from the first explosion of an atomic bomb. You date the beginning of the Industrial Revolution from the first steam engine."

In introducing the Resolution to the House Committee of Post Office and Civil Service, which is responsible for handling commemorative legislation, Klein said that "new evidence" showed a deeper involvement of Belleville in the industrialization of America than had been previously realized.

It was in or near Second River - later Belleville - that the first functioning steam engine in the Western Hemisphere was erected by the English-born Hornblower, from 1753 to 1755.

An associate and later rival of Watt, and a man sometimes credited with being the real inventor of

ONE OF THE FOUNDERS - This illustration of the creation of the Declaration of Independence shows Robert R. Livingston, who helped

develop America's first steam engine. From left are Thomas Jefferson, Roger Sherman, Benjamin Franklin, Livingston and John Adams.

the modern steam engine, Hornblower brought the engine parts from England in defiance of a British ban on the export of steam engine technology.

His engine was used to pump water from copper mines owned by Arent Schuyler. Copper had been discovered in Belleville in 1715 by an African servant of Schuyler.

The mine became so important to the American economy that Benjamin Franklin visited it in 1749, and wrote that the mine owner was awaiting the arrival of a "fire engine" from England to pump out the mine shafts.

Fire destroyed the pump engine in 1767, and the even was reported in the New York Gazette of that

day.

In 1792, a consortium of prominent Americans worked with Hornblower to found the Belleville Engine Works in order to produce the first steam engine to be made in America.

In 1798, this engine was used to power the Polacca, the first experimental steamboat in American his-

tory, which navigated the Passaic River from Belleville to Newark on Oct. 21, 1798.

In the consortium were Nicholas Roosevelt, Robert R. Livingston, John Stevens and General Philip Schuyler.

It was Hornblower's demonstration of steam power that set the consortium off in moves that indus-

trialized America.

Roosevelt, great-uncle of both Franklin D. Roosevelt and Theodore Roosevelt, later built a steamship that sailed from Pittsburgh to New Orleans. He also made engines that powered the Schuylkill River Water Works of the City of Philadelphia.

Livingston, a writer of the Declaration of Independence and the diplomat who negotiated the Louisiana Purchase, later backed Robert Fulton in the building of the Clermont, the first commercially successful steamship, in 1807.

Stevens built the first sea-going steamship, the Phoenix, in 1809. With his brothers, he built the first railroad in America, between South Amboy and Camden.

All these achievements stemmed from one source, the steam engine technology provided by Hornblower, the man who gave Belleville its name.

They were also the forerunners of many other achievements here in Belleville: ● The largest gunpowder factory in the country, making Belleville arsenal for the War of 1812.

● The Hendricks Copper Mill, which sheathed the Union Navy during the Civil War.

● The Stephens Copper Wire Mill, whose product was used by Samuel F. B. Morse to send the first telegraph message from Belleville to Washington, D.C.

● The voltaic battery, developed and manufactured in Belleville by Thomas A. Edison.

● The modern photographic plate, developed and manufactured in Belleville by George Eastman.

● And a host of other developments, created and developed in Belleville.

Cuccio bars 'unauthorised visitors' from entering the municipal offices

By Howard Klausner

(A directive from Township Manager Stephen Cuccio to municipal officials bars "unauthorised" visitors from coming into those parts of Township offices where "classified" documents may be located.

The interpretation of the directive could be that the press would

need permission to visit any official in any of the Township offices.

The same ban would apply to any citizen seeking information from an official.

There is no definition of what classified means, in the memorandum.

It could apply to any message or information passed between

departments. It would include even the memorandum ordering a ban on unauthorised visitors.

Cuccio's office has been less than forthcoming in providing information to the press, and the Belleville Times has found that the Township Manager is often less than candid, and often contradictory, in his state-

ments.

Cuccio has maintained that the Rasmussen Insurance Agency has an excellent reputation, a claim disputed by Essex County officials who fired the agency as its insurer last September.

Cuccio also assured the Township Council that employee unions would accept a letter from him

"certifying" that any new health benefits plan would be equal to or better than the present Blue Cross-Blue Shield plan.

In point of fact, the unions were vehement in their denials of any such agreement.

The Belleville Times maintains that it has the right to complete access to any public building where

such access does not hinder the performance of public duties.

The Belleville Times also maintains that all citizens have the right to complete access to public buildings.

Publisher Frank A. Orechio has stated that he will take legal action to defend these rights, if necessary.

Aside From That

Tony "Ike" Iacullo never voted for Franklin D. Roosevelt in his life, and his political hero is none other than Herbert C. Hoover, although he also likes Richard M. Nixon and Dwight D. Eisenhower, but he dined with F.D.R. at the Roosevelt family home in Hyde Park, New York, in the summer of 1937. That was the day when Ike was invited to the family mansion by F.D.R.'s son, James Roosevelt, who was President of the National Grain and Yeast Company in Belleville, along with 150 other employees of the firm. ●●●●● It was the last time that a Roosevelt would be in residence in Belleville, although a Roosevelt forebear, Nicholas Roosevelt had been a major figure in town from the late 1780s into the 1830s. It was Nicholas who created the Belleville Engine Works, the first steam engine factory in the United States and the true beginning of the American Industrial Revolution. Roosevelt made the engine that would power America's first experimental steamboat, the Polacca which sailed the Passaic River in 1798. He also named the area in which the plant was located as Soho, which was also the name of the steam engine plant in Birmingham, England where the firm of Boulton and Watt had its engine works. ●●●●● The area along Second River remained industrial for the next 150 years. National Grain and Yeast had more than 200 employees. The Nucoa Margarine Corporation had a couple of hundred workers, as did the dye works in the neighborhood. All this employment was the direct result of Roosevelt's efforts, along with the Hendricks Family operation of the nearby copper rolling mill. All told, the area supported more than a thousand Belleville families. ●●●●● Ike Iacullo, who would not yield his Republican loyalties to anybody, met the President as he rode in an open convertible, or phaeton, accompanied in the back seat of the car by a very businesslike police dog. In those days, it was even more rare to get a glimpse of a live President than it is today, when television makes a Presidential face familiar to the point of boredom. "He shook my hand, but he didn't look me in the eye," Ike recalls of the President, confirming his Republican instincts. Introducing everybody to F.D.R. was the vice president of National Grain and Yeast, Sebastian Lutz, and Ike had the further adventure of a guided tour of the estate by the President's mother, Sara Delano Roosevelt, who was assisted by a cane as she took Ike through the stables. ●●●●● The Roosevelt horses impressed Ike more favorably than the Roosevelt policies. "They were the most beautiful horses I have ever seen," Ike said. "And what stalls they lived in! They had plaster walls!" Ahead of Ike lay service as Supply Sergeant with the Third Air Force and a sampling of the benefits of the G.I. Bill, but he never wavered in his support of the party of Lincoln and Bush. Anything good accomplished by Roosevelt was something that Hoover would have done better, in Ike's opinion. Of his days in Soho, Ike recalls buying margarine from the Nucoa plant and then mixing cherries into the spread. It gave it a flavor, of sorts, and colored the spread purple. And they loved it! ●●●●● A source close to the family of Manny Lydon, the 12-year-old child born with severe birth defects, claims that the family has so far received just \$500 of the \$10,000 reportedly raised at a recent fundraiser for the boy. We have not been able to contact the family for any confirmation of this, but there was a lot of political infighting over the organizing and the publicizing of the event. We assume there is an explanation of what happened to the money. A second fundraiser is planned this Saturday night at the Branch Brook Manor sponsored by a musical group called The Infernos. Their manager, a Nutley police officer, promises that all the proceeds will go to Manny.

Fifth Ward Councilman Harry Zilch says his political organization, the Kool Kukumber Boys is running out of campaign posters and patience. "Every time we come up with a candidate, it turns out he or she has hired some illegal alien to do slave labor on the plantation, and we have to tear up the poster. And we're also not crazy about the candidates' names - Zoe, Kimba, Christy and Cary. I mean, whatever happened to Al and Mike? But at least we have an answer to the unemployment problem - become an illegal alien! They seem to have no problem getting a job." ●●●●● Our Copy Cat, Baldassaro DiVincenzo Mitten made an astounding discovery at a recent Saturday work session of the Belleville Township Council. He heard Charlie Cerami speak! "Everyone was running around the room trying to figure where the words were coming from, and then they realized, it was Charlie!" In fact, he speaks rather melodiously, Baldassaro reports. The topic that got him talking was insurance, and he actually had an opinion of his own on the topic. "At least," Baldassaro added, "we think it was his own."

Belleville resident recognized for service

Rosemary Gencarelli, a resident of Belleville, has received a Terrier Spirit Award from Boston University's Division of Student Affairs.

The award was created this academic year to recognize the hours of volunteer service many students provide during the first few weeks of school. Volunteers assist in the move-in process, acting as front-line reception for parents and new students. They also plan programs throughout the first month of school to help students make the transition from high school to college.

A sophomore majoring in politi-

cal science and history, Gencarelli is a 1991 graduate of Belleville High School. She is the daughter of Angelo and Marie Gencarelli of Irving Street.

Boston University is the fourth largest independent institution of higher learning in the United States, with an enrollment of more than 28,000 students in its 15 schools and colleges. Located in the heart of a city rich in cultural, historical and intellectual attractions, the University is one of the nation's preeminent teaching and research institutions.

MOVING ALONG - Joe Dillon and friend were among those enjoying the music, at the party.

Elementary Jazz Ensemble to open Spring season

The Belleville Elementary Jazz Ensemble will be opening its Spring Season on Feb. 10 at School Number Seven at 1:30. The Ensemble, under the direction of Glenn Van Benschoten, is one of the few school jazz ensembles in New Jersey consisting of only sixth grade students.

The band's repertoire ranges from blues to modern contemporary music. The band is a result of a five-year plan by Van Benschoten to rebuild the Elementary Band Program.

Van Benschoten has arranged all the music performed by the ensemble on a Macintosh computer using several different music composition software programs in an effort to introduce the use of computers into his classroom.

James Daly on sea duty

Navy Petty Officer 3rd Class James E. Daly, son of Frank and Diane Lanigan of Belleville is currently with Fighter Squadron-32, Naval Air Station Oceana, Virginia Beach, VA, and midway through a six-month deployment to the Mediterranean, Adriatic and Red Seas as part of the aircraft carrier USS John F. Kennedy battle group.

The squadron, embarked aboard the Kennedy, has participated in joint and multi-national exercises. Recently, they participated in African Eagle with the Royal Moroccan military.

Additionally, elements of the battle group are conducting operations in the Red Sea as part of Operation Maritime Monitor and Adriatic Sea as part of Operation Provide Promise in support of United Nations sanctions against Iraq and Yugoslavia.

Daly has visited ports in Naples and Trieste, Italy; and Marseille, France. While in Trieste, Kennedy forwarded funds and supplies to a

Bosnian refugee camp in Kozina, Slovenia.

The 1993 graduate of Belleville High School, Belleville, joined the Navy in September 1984.

Frank Yarrish in Somalia

Marine Lance Cpl. Frank S. Yarrish, son of Frank Yarrish of Belleville, is in Somalia with 15th Marine Expeditionary Unit, Marine Corps Base, Camp Pendleton, Ca., supporting the relief effort Operation Restore Hope as part of the USS Tripoli amphibious ready group.

The ready group was already on station in the Western Pacific when it was ordered to the embattled country of Somalia to establish a secure and safe environment to help deliver humanitarian aid to a nation where thousands are suffering and dying each day.

The operation is a textbook example of the mobility, flexibility and capability of a forward-deployed Navy-Marine Corps team and how they effectively reach all parts of the globe in short notice...from the sea.

Yarrish is a 1991 graduate of New Directions High School, Sarasota, Fla. He joined the Marine Corps in October 1991.

Dr. Anthony Del Gaizo elected chief of surgery

Anthony Del Gaizo, M.D., an attending physician in urology at Clara Maass Medical Center, Belleville, was recently elected Chief of Surgery at the medical center.

"I am gratified to accept this position," said Del Gaizo. "It is an exciting time to be chief of a department like surgery in light of the impending changes that are presently occurring in the delivery of health care."

A board certified urologist, at Clara Maass Medical Center since 1969, Del Gaizo also serves as medical director of the Same Day Surgery Center, a state-of-the-art outpatient facility with three operating rooms, two endoscopy rooms, one minor surgery room and eye laser facility.

"We (at Clara Maass) have the latest in high tech equipment and perform virtually all of the newer surgical procedures. We have an excellent surgical staff in both general surgery and all of the subspecialties. I am proud to direct a staff that is so highly qualified," said Del Gaizo.

In the two-year position, Del Gaizo's duties are multi-dimensional. His responsibilities include the administration and coordination of the entire surgical department in matters of equipment, operating room schedule, credentialing, quality assurance and utilization review.

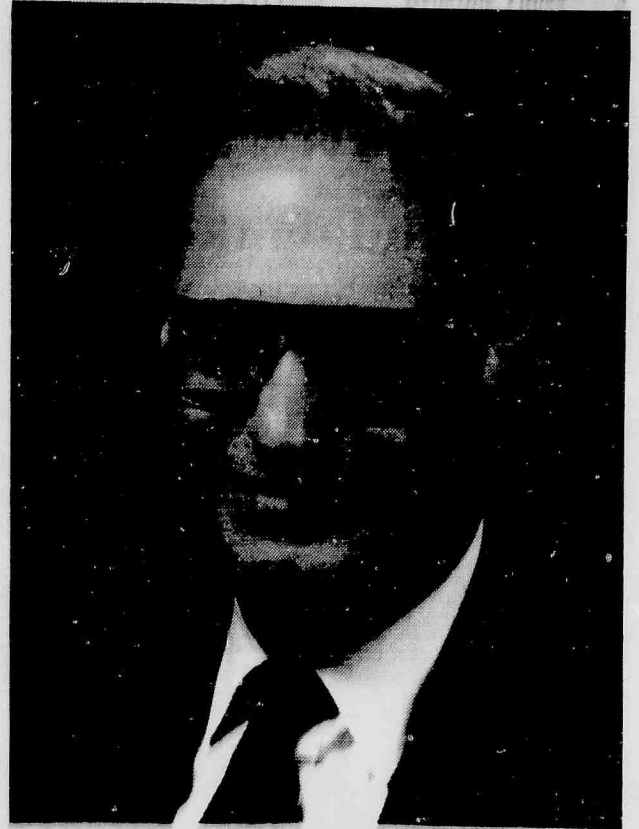

A graduate of Georgetown University School of Medicine, Del Gaizo obtained his specialty training in urology at the New Jersey College of Medicine and Dentistry.

In addition to his administrative duties at the medical center, Del Gaizo maintains a private group

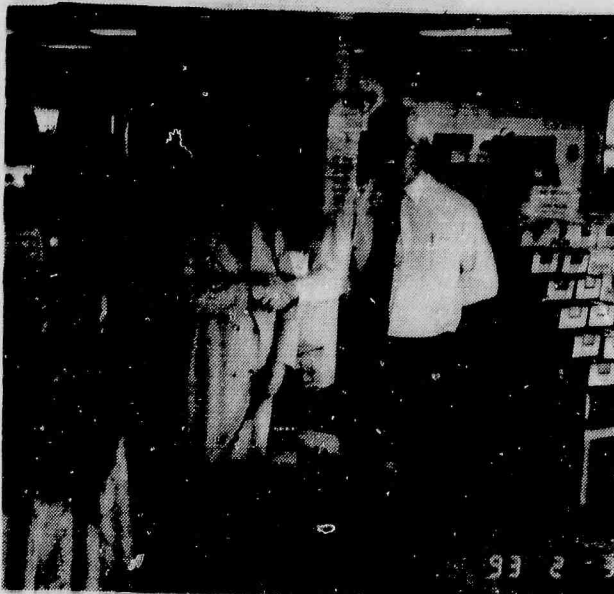

practice in Belleville and Nutley. He has significant experience in Quality Assurance and Utilization Review and is board certified in both. He is a member of the American College of Physician Executives, a Diplomate of the Board of Urology, a member of the American Medical Association, Essex County Medical Society, Academy of Medicine of New Jersey, American College of Physicians and Surgeons, and past president of the urology section of the Academy of Medicine.

Del Gaizo has three children and resides in North Caldwell with his wife, Marian.

Clara Maass Medical Center is a nonprofit, 475-bed acute care facility located in Belleville. Among the Clara Maass family of health care services are a Family Center for Maternal Child Health, Medical Oncology, Cardiac Rehabilitation, Same Day Surgery, Community Services, Geriatric Medical Day Care, 120-bed Long Term Care Facility, Progressive Imaging Center, Premium Health Services and battered women's shelter.

OUR OPINION

Defending the right

Years ago, in the days before the enactment of the Sunshine Law - which would put us some time in the Grant Administration - there was a Borough Council which was calling meetings at irregular times and in irregular places.

At one point, it held a business meeting in the basement of a Councilman's home.

It did so to avoid the prying eye of the press and the anger of the public, which might otherwise have voiced displeasure at the Council's actions. What was involved was a job appointment of some sort.

We referred to the governing body as the Trolley Car Council, because it was always on the move.

We raised the question of whether or not this was not the same Trolley Car Council which was passing bad legislation all over New Jersey, dashing off before the public could catch up with it.

We finally referred to it as the Bedouin Council - once in office, it quietly stole away.

The law, and the voters, put an end to the Trolley Car Council and its clandestine meetings.

But the Trolley Car spirit lives on.

Even now, in distant Belleville, there is an Executive Order which purports to bar "unauthorised" visitors from any director's office.

Since practically everybody in the Municipal Building is a director of something, this would preclude the normal newsgathering pursuits of the press.

It would preclude the public from dropping in on the various executive offices, and it would mean that the taxpayers no longer had free access to their own Municipal Building - the one on which they are being billed \$6.7 million for a Public Safety addition.

The public will not be precluded from joining the line at the Tax Collection window, or at the Parking Fine window.

But it will be kept at a safe and decorous distance from the Township offices whose serene existence would otherwise be disturbed by the intrusion of voters and reporters.

Thanks to Herb Klein

The people of Belleville should be grateful to their newly elected Congressman, Representative Herb Klein, for his prompt keeping of a campaign pledge.

Mr. Klein said he would make it his first business to introduce a Resolution in the House for federal recognition of Belleville as Birthplace of The American Industrial Revolution.

Scarcely a month in office, Mr. Klein kept his word.

Now we need 214 signatories to the Resolution to get to the floor of the House, where its passage would be a foregone conclusion.

At the same time, Senator Frank Lautenberg is due to introduce a concurrent resolution in the United States Senate.

We hope for a quick and uneventful passage of the resolution.

We have heard words of dissent from people who should know better, who question Belleville's right to the title.

But history tells us that there was only one steam engine in the entire Western Hemisphere in 1753, and that was the one that Josiah Hornblower brought from England.

No other steam engines were allowed to leave Great Britain, and the next steam engine to exist in North America was made in a Belleville foundry, the first steam engine to be made in America.

No matter how you may quibble about who manufactured what, and when, the fact remains that the birth of steam power is considered by historians as the beginning of the industrial revolution.

Until the American Revolution, America was prohibited from any major manufacturing.

It was the genius of Alexander Hamilton to foresee the need to have an industrial America, and there is growing evidence that Hamilton was a prime mover in the establishment of the Belleville Machine Factory in 1793, the foundry that produced America's first steam engine in 1798.

Recognition of Belleville as Birthplace of The American Industrial Revolution will lead, at the least, to the rebirth of Belleville, itself, as its people realize the wonderful and unique role in history played by this unassuming and often ignored community.

We are a very real part of America.

YOUR OPINION

Pat will run

To the editor:

It is that time again, Election Day is not far away. I, Patricia Pisano, have once again decided to seek re-election to the Belleville Board of Education. My concerns, ideas and commitment to the educational system in Belleville is as strong

and heartfelt as ever before and for these reasons and many more I must continue my drive forward. I am unable to do this without your help.

I feel being a parent of children in the Belleville school system, a homeowner as well as a taxpayer, helps me to keep in touch with the people on what is needed, but being a board of education member gives me the ability to make changes in our educational system that allows our children to be prepared for what faces them tomorrow, whether it be the desire to enter the work force or continue their education.

Parents should be a vital part of the decision making process that affects their child's life and I feel my efforts to bring the parents into what must be done has never been more apparent than during my past term.

I ask for your help and support on April 20th, so I may be allowed to continue my work for the enrichment of education in Belleville.

Patricia Pisano, President
Belleville Board of Education

Frantantoni vs. Pat

To the editor:

"For the children" is a phrase you will hear often as the Board of Education election nears. You may recall last year when Belleville residents were taken for a ride to Trenton to beg our legislators for more education funds because "we were broke."

Remember the threats? Cancel sports programs. No school supplies. Eliminate club advisors. Etc., etc.

Well, the board of ed got its money. 33 million dollars! They told us it was an austere budget, no surplus, no frills, just the bare essentials. The board of ed said it could not find \$400,000 to replace VCR's that were stolen from School No. 8.

But in the past few weeks, the BOE suddenly has found plenty of money. Almost \$4,000 raises to top administrators. 7.6 percent raises to certain secretaries (all retroactive to July 1, 1992). They found \$300,000 to do certain renovations at the high school. Money for a bounty program came from heaven and \$150,000 was miraculously discovered to continue the courtesy busing program. Additional staff has been hired through "appropriation transfers."

On Monday, February 1, 1993 I attended the board of ed "public meeting." For over two hours we listened to empty rhetoric from our BOE trustees. "We want to involve the public," said one trustee. Board President Pat Pisano said, "I'm not happy that we found this \$300,000 in surplus." Pisano also states she wants the budget prepared easily so it can be presented to schools on an individual basis.

Mrs. Pisano may have forgotten the presentation she made to School No. 8 last year. When she was asked certain questions at this "budget presentation" she said she left her paperwork home and did not have the answers.

At this week's meeting (2-1-93) I attempted to question the board on several important issues, including Mrs. Pisano's concern where the \$300,000 came from. At this point the infamous "timer" went off and Pisano said my eight minutes were up and she called the next speaker. When I protested that my questions were not answered, she ordered an administrator to call the police. And he did.

Isn't it ironic that on our "School District Report Card" it states "We urge you to play an active role in your district's school."

Wake up, Belleville residents, it's our kids and our tax dollars. We can no longer allow our system to be managed by bureaucrats. (Mrs. Pisano is an Essex County employee). The mood in the nation is for term limitation. Pisano will be completing her second term in April. Let's bid her "bon voyage."

Vincent J. Frantantoni

We need promotion

To the editor:

In regards to your editorial of 1/28/93 you are correct in stating that Belleville has one of the best locations, being situated near to the revised business area of Gateway Newark, close to NYC, Newark Airport and major highways.

It is said that the three most important things in real estate is location, location, location, to which you must add if nobody knows about your location, what good is it. Belleville may be one of this area's best kept secrets. It is not possible to attract new businesses without getting the word out.

Example: Belleville would make an ideal location for the so called back office operations of a major business located in NYC. A back office operation usually is the accounting, computer operations, etc. A major corporation looking to stay with the prestige of a NY address can relocate those operations here, keep them close to the headquarters and yet pay a fraction of the costs associated with NYC.

This idea has a number of benefits to the town...

1. The rebuilding of the industrial areas of the Valley and Washington Avenue.

2. To bring new support business to the town to support the offices.

3. Increase ratables to help with the tax burden.

4. Boost Belleville's image which in turn will upgrade property values.

I would like to suggest the town council appoint a panel/committee to oversee this project. This group should be made up of people with corporate experience for they are able to relate to the workings of a corporation mentality.

This panel would be responsible for advertising / public relations in NY papers, business journals, trade magazines, corporate real estate dept., etc.

It's nice to have a good location. But if nobody knows about it, what good does it do the town and the people who live here???

Because of his early support for Clinton when most Democrat leaders were shunning the presidential candidate, D'Alessio is on a special short list at the White House.

President Bill Clinton
with Tom D'Alessio

• TUESDAY is the busiest day of the week for the Nutley Sun, Bloomfield Life and Belleville Times production staffs. The central plant for all Orechio publications is located at 800 Bloomfield Avenue, Nutley. For two hours Tuesday morning, the Nutley Police refused to permit Nutley Sun personnel from entering the lane leading to the Sun building. For blocks around, detour signs were the order of the day. The problem that produced this decision which interfered with the production of the free press caused multiple problems for all our personnel including news, marketing, production and administration. My secretary and office manager were detained an hour. Our production employees

and our clientele were delayed between one and two hours. At the moment this gridlock occurred, I was in Florida preparing to take a plane to Jersey. I called the Nutley Police Department, and there was no one in official capacity able to tell me what the situation was. The responsible officials were at a command post established at Hoffmann-LaRoche. A final call to the Nutley Police headquarters an hour later produced a responsible answer. Newark police were apparently called by the Nutley Police Department to help it "keep order" and permit the gays assembled to conduct their picketing of Hoffmann-LaRoche. The whole world is looking for a medical answer to the illness that bothers gays most — and that is Aids. I assume every pharmaceutical manufacturer in the world is spending millions of dollars in Research to find a medical answer to cure Aids. Meanwhile, those of us working hard to earn a living are obliged to put up with substantial inconvenience.

• DON FRASER, former retired Nutley fireman, died last week. Don was the brother of Ron Fraser, the all-star Nutley High School graduate and internationally famous baseball coach at the University of Miami. Don was the Uncle of retired fireman, Ken Stewart, who currently is a house guest of Ron Fraser in Miami. Ron Fraser disclosed to us that he was going into a joint venture with Dan Marino of the Miami Dolphins. Ron reminisced about his days in Nutley — a period he said he will never forget. Ron said Nutley will always be home to him.

• THE daily press published a story about the Nutley Police Department that was not particularly favorable. The Nutley Public Safety Department has among its Police Department membership some of the best cops in New Jersey. Courageous, dedicated and talented, most members go about the daily business of protecting Nutley life and property without the benefit of trumpets. Nutley cops do their work quietly and efficiently. I don't know enough about the Belleville and Bloomfield departments to make a personal judgment, although those departments are also free of scandal and

work daily free from the spotlight of publicity.

• ESSEX COUNTY Republican Chairman John Renna is gearing up to repel an anticipated Republican Primary battle. His long list of candidates in the

Chris Whitman

making includes candidates for Governor, all members of the Legislature, freeholders and some scattered municipal elections. Christine Whitman and Cary Edwards will undoubtedly have individual tickets.

Cary Edwards

MIAMI Airport appears to be a graveyard for Eastern Airlines planes. Acres of planes with the Eastern Airlines logo are stored on the premises.

President's Month Programming

An exhibit of materials from ten Presidential libraries is on display in the library's second floor exhibit case for the month of February. Joan Taub, the librarian who arranged the display of photographs, documents, postcards, booklets, brochures, etc. said, "These materials reflect the libraries built to honor ten Presidents, from Herbert Hoover to Ronald Reagan." The exhibit is open during regular library hours. Please call 450-3434.

Two lectures by Frank DeLisi will be offered at the Main Library during February.

On Feb. 14, DeLisi will offer a lecture, "The Treason Conspiracy" with details and little known information about the treasonous acts of Benedict Arnold. If you cannot attend these lectures, a summary of both will be offered on Feb. 25 at 7 p.m. Call 450-3434 to register.

The Underground Railroad

Guest lecturer, Dr. Giles Wright, will offer a talk on the Underground Railroad in New Jersey on Feb. 23 at 1 p.m. at the library. Dr. Wright is the Director of Afro-American Studies at the New Jersey Historical Commission. He has written many essays and articles on African-American history and has spoken throughout New Jersey.

This lecture is part of the library's celebration of Black History Month for 1993. Dr. Wright's program is free of charge, and the public is encouraged to attend. Pre-registration is requested by telephone at 450-3434 or in-person at the Main Library or Shafter Branch.

Handcarved decoys on display

Detailed and realistic duck decoys, handcarved by Chris Veniero, are on display at the library during the month of February. Veniero is a lifelong Belleville resident, living in the home his grandfather built in 1890. While vacationing in Virginia in 1895, Veniero saw handcarved duck decoys and thought he could make carvings at least as good as those. Cutting and carving wood from apple and cherry trees, Veniero has complete artistic control from raw material to finished decoys.

This exhibit includes twelve decoys and two handcarved fish. The exhibit case is on the second floor of the Main Library, on display during regular library hours.

Captain Ken to visit Silver Lake Baptist

Silver Lake Baptist Church of Belleville invites you to hear Captain Ken, of Phoenixville, Pa., as he ministers God's Word with the use of marionettes made by W.P.A. workers during the depression era.

On Feb. 14, Captain Ken will manipulate marionettes to the sounds of old time gospel music.

Services begin at 11 a.m. Silver Lake Baptist Church is located at 166 Franklin Street. For further information, call the church office at 201-751-2247.

Seton Hall Prep awards scholarships

Seton Hall Preparatory School has announced that Belleville residents Michael Brown, Jason Dobies, Thomas Esposito and Christopher Salazar have been awarded Headmaster's Scholarships.

These endowed scholarships are funded by the Elsie E. and Joseph W. Beck Foundation and the Sandy Hill Foundation. They are granted on the basis of the recipient's grammar school record and his performance on the Prep's Entrance Examination. All the recipients scored within the top 10 percent of the

more than 400 young men who took the test.

Brown is the son of Mr. and Mrs. Martin Brown and attends Queen of Peace School, North Arlington. Dobies is the son of Mr. and Mrs. Joseph Dobies and attends St. Peter's School, Belleville. Esposito, son of Mrs. Maria Esposito is a student at Sacred Heart School, Bloomfield; and Salazar, son of Mr. and Mrs. Gregorio Salazar, is an eighth grade student at Good Shepherd Academy in Nutley.

All departments of the Belleville Public Library will be closed in honor of President's Day, Feb. 15. Normal library hours resume Feb. 16.

Prints and paintings exhibit

The Belleville Library will exhibit the work of John Sovjani in the Trustees Room during February. The work includes very cool and serene landscapes that reflect the quiet beauty of the Adirondacks and Catskills.

After receiving his BFA from Pratt Institute, Sovjani executed many assignments for Saturday Review, Intellectual Digest, Time-Life, McGraw Hill, Harper and Row, etc. His work has appeared in The New York Times, The Graphis Annual, The Art Directors Annual, and he has received Citations of Merit from the Society of Illustrators.

John Sovjani makes his home in Westchester County, New York. His work has been shown in galleries throughout the United States, Canada and Europe. The exhibit is on display during regular library hours. For more information, call 450-3434.

CCB is thanked

To the editor:

I am submitting this letter of thanks to President Joseph Fornarotto and the Concerned Citizens of Belleville for their support in helping the senior citizens in their fight to have Assembly Bill 1845 adopted. This Bill will help all seniors that are eligible under the PAAD Program to pay the sum of \$2.00 (rather than \$5.00) providing their doctor prescribes a Generic Drug substitution.

This Bill once adopted and signed into Law will benefit many seniors who live on a fixed income and are now paying \$5.00 for their prescriptions. If there is any other organization that would like to help this worthy cause, feel free to contact me and I shall be happy to furnish the necessary information.

Meanwhile, "Merci Beaucoup" CCB; May your good deeds help your group to prosper.

George Turturiello, Trustee
Essex County Seniors Council

Fire Mascot named

Selected from hundreds of entries submitted by primary school children, the name of Rescue has been bestowed on the Dalmatian pup presented recently to the Belleville Fire Department.

The name was suggested by Morgan Kopecki, 7. Department officials were not sure which school Morgan attended.

The name was selected at random by Fire Captain Bill Hands in a drawing in which all the entries were placed.

The name seems to be quite appropriate.

Rescue's reaction to his new name is unknown. But he appears to enjoy life in the firehouse.

He has taken his own chair to observe the alarm board, and he shows no concern about the ringing of bells or the roar of the fire truck engines.

The firefighters report that they enjoy Rescue's presence, which adds a warmth that is a decided improvement over the warmth they usually face.

In fact, one visitor remarked, "How did we ever do without him?"

Adult literacy program

"Broaden Your Horizons" will be a program about illiteracy presented by Laurie Roemmele from the Partnership Against Illiteracy. The discussion will include information about reading, learning how to read and about helping others to read. This program will be held on Feb. 24 at 10:30 a.m.

The program is free and the public is encouraged to attend. The library has a commitment to quality programming for all ages at the Shafter Branch Library in School Number Four in Silver Lake. The Shafter Branch can be reached at 450-3438 from 1 to 5 p.m., Monday through Friday.

Fun for children

The Cozzarelli Children's Room is pleased to announce some upcoming programs:

Feb. 13 at 10:30 a.m., a craft program, "Make Valentines" will offer Belleville children the opportunity to use imagination and paper to make Valentine's Day cards for family and friends.

Feb. 20 at 2 p.m., children can visit to see a "Secret Movie."

March 6 at 10:30 a.m., a craft program, "Lion or Lamb" will let children make a craft in keeping with the beginning of March, which may come in as a lion or a lamb.

For more information about children's services, programming and books, please call the children's staff of the library at 450-3434.

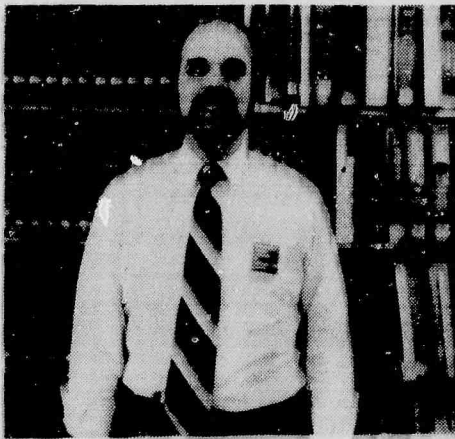

Tax assistance at library

The Belleville Public Library will be a site for two free state and Federal income tax preparation programs beginning in February:

1. The AARP sponsored programs will offer tax preparation assistance to seniors on Wednesdays and Thursdays, 10 a.m.-2:30 p.m., through April 3. Two AARP trained volunteers will be on site to offer tax preparation. Because demand for this service increases each year, the library requires registration for this service, in-person or by phone at 450-3434.

2. The library will also be the site for tax assistance offered by trained students from the Rutgers University Chapter of Accountants for the Public Interest. This service will be offered to all ages on Thursday evenings, from 6 p.m. to 9 p.m., through April 15. No registration is required.

If you make use of either program, please bring last year's New Jersey and Federal Income Tax returns and, if available, your Income Tax packages. Do not forget your 1992 Real Estate Tax Bill.

State Librarian, Louise Minervino has named Belleville Library Director, David Bryant, to a special committee to review per-capita state aid to New Jersey's 350 public libraries. "This committee has a very important mission," said Bryant, who has written on the burden of increasing services and public expectations in libraries that are limited by static state aid. "We hope to arrive at an equitable plan for libraries across New Jersey and to have the state realize our very cost-effective role in the educational process." He added, "It is an honor to serve with a who's who of important librarians on this committee."

Employment search service

The Belleville Public Library is pleased to announce the availability of a new microfilm service for job seekers. "Help Wanted U.S.A." arrives with each Saturday's mail and contains reprints of the previous Sunday's classified employment advertising for 64 cities in 36 states. This service is brand new and the first of its kind to offer a current, national view of job availability. The employment advertising in the 64 newspapers includes over 100,000 jobs each week with a wide range of occupations covered.

Popular states for relocation are covered, including Florida, Texas and California. According to Library Director, David Bryant, "The availability of Help Wanted USA adds new information to our existing career materials which include books and pamphlets on occupations, training, civil service tests, resume and job search strategies. Many people use our current newspaper classified advertising in their job seeking but this new service makes us truly an employment information center."

WRIST AND HAND PROBLEMS

If you feel a weakness, numbness, or pain in your hand and wrist, the problem may be carpal tunnel syndrome.

This is caused by pressure on a nerve as it goes through a tunnel in the wrist. The tunnel is made up of several small bones and ligaments that form a groove. The nerve that passes through the groove is vulnerable to injury, especially when the wrist is bent back forcefully. This can happen when you fall with your hands outstretched to brace yourself or when you hit a swinging door with the wrist bent backwards. Sometimes it

physical exertion that's normal in your daily activities. A carpenter, for example, can develop the syndrome from heavy hammering. So can a mechanic who pulls forcefully on a wrench. So can a housewife who scrubs the floor by leaning on one hand with the wrist bent backward.

Whatever the cause, treatment is available to relieve the pressure and return your wrist and hands to their normal condition-- free of weakness and pain.

Coach closing in on 100 wins

Nisivoccia nears milestone

By Joe Piegare

This past week was a good one for Head Coach Joe Nisivoccia and the BHS wrestling team. A 66-11 whipping of Teaneck High School gave Nis his 98th career win at Belleville. Three days later the Bucs placed fourth in the Essex County Athletic Director's Invitational Tournament.

Making the deed even more sweet was the fact only eight wrestlers were entered in the event and five won place medals. Joe McNish (140) finished fifth, Carlo Ritacco (145) finished third, and John Perna, Isaiah Cardinale and Joshua Cardinale all won gold medals for finishing first.

St. Benedict's finished first in the 22 team event, the third year in a row the Gray Bees have brought home the team title. West Essex finished second, Bloomfield High School placed third, then came our Bucs.

John Perna, wrestling in the 103 pound slot, breezed to his third gold medal this year as he kept his record perfect at 20-0 with 15 pins. John dominated the lightest division, much as he has dominated the opposition all year.

In the pre-quarter final record, Perna made quick work of West Essex' Chris Kornecki, putting the freshman on his back to stay at 1:55 of the first period. Quarterfinal action saw John using only 1:29 to pin William Jamarino of Newark East Side. The semifinal round was more of the same as Perna decked Walt Kilcullen of West Orange, easily.

Ernie Borsellino of Columbia was the opponent in the finals and he gave Perna a slight tussle before John pulled away to a 16-6 Major Decision.

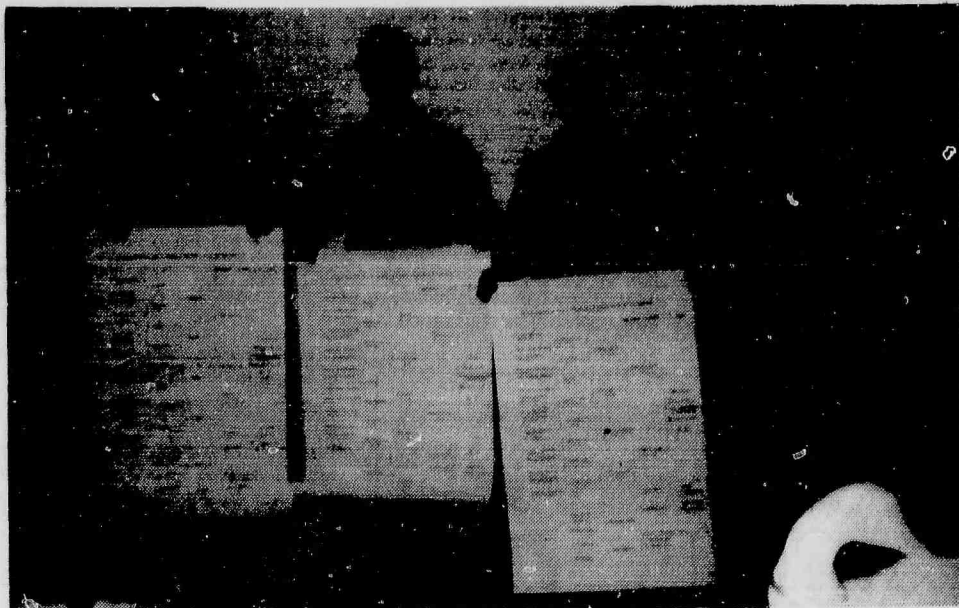

By the way, Perna wrote his name in the BHS record book this weekend after winning his 20th match of the year. No other wrestler in a Buc uniform has ever won his first 20 varsity bouts.

Isaiah Cardinale, Belleville's sterling 112 pounder, won the next title for the Bucs and never looked better. With a 20-0 record and 15 pins, Isaiah is keeping pace with Perna for the team lead in both categories.

Cardinale opened the event by using only 49 seconds to flatten Rashoman Smith of Essex Catholic. Next up for Isaiah was Caldwell's Anthony Barboza. He lasted 1:11 before he heard the referee slap the mat.

West Orange sent Ernest Alcalde out in the semifinals, but he went home early after finishing on the short end of a 17-2 Technical Fall.

Then the sublime nearly turned into the bizarre as Cardinale had to go into overtime to squeak by Bloomfield's Anthony Frezza. The

1993 ESSEX COUNTY WRESTLING CHAMPIONS - (from left) Isaiah Cardinale, John Perna and Joshua Cardinale

final score was 6-4, but heavens that does not show what kind of match it was.

Frezza, possibly the best lightweight in North Jersey outside the Cardinale family, scored the first points of the match. He took Isaiah down in the first period for a 2-0 lead. Cardinale fought back later in the match by getting a takedown and back points with one of his favorite pinning combinations, the fish hook and figure four head scissors.

There was nothing between Frezza's shoulders and the mat except the straps on his singlet, but the men in the striped shirts saw things differently. That's when the officials took over and almost cost Isaiah the match and the county crown.

Cardinale was called three times for stalling, the two points tying the match and forcing the overtime. Thankfully, Isaiah has improved on his takedowns this year, and used that improvement to take Frezza down for two points in the sudden death overtime.

Older brother Joshua didn't have as tough a time as Isaiah, but the results were the same as he won the county title at 119 pounds. Josh also won last year while competing as a 103 pounder.

Our senior co-captain opened his tournament by shocking Brian Carter of Columbia with a 17 second pin. Cardinale continued his pinning ways by finishing off Alshaune Edward of Orange at 1:05 of the opening stanza.

West Orange's John Selpe is one of Essex County's best 119 pounders, but his semifinal match with Joshua resulted in a 7-0 whitewash-

ing. Selpe was never in the match as Cardinale's defense was suffocating.

The finals was really an anticlimax for Josh. His toughest match was in the semis against Selpe. Darren Torsone of West Essex was the opponent in the championship bout, but he never had a chance. Cardinale dominated Torsone at every turn, winning easily by the score of 16-4.

Now at 18-1 for the year with 13 pins, Joshua has a career total of 79 varsity wins. Cardinale is seventh on the all time win list at BHS, needing only four more wins to tie sixth place resident Dom Cerreto.

THIS & THAT: The complete list of winners at the county tournament:

103 John Perna - Belleville
112 Isaiah Cardinale - Belleville
119 Joshua Cardinale - Belleville
125 Marc Lombardy - Millburn - Outstanding wrestler
130 Rich Galioto - Bloomfield
135 Anthony Ialeggio - Livingston
140 Hector Ortiz - St. Benedict's
145 Rudy Rodriguez - Livingston

152 P.J. DeVito - West Essex
160 Tom Ruane - West Essex
171 Sam Delaney - Glen Ridge
189 Rashone Johnson - Bloomfield

HWT Demingo Graham - Newark Central

Wrestler of the Week goes to Isaiah Cardinale for his outstanding performance in the counties. Although John Perna and Joshua Cardinale also won titles, Isaiah gets the nod for two reasons. 1) He had by far the toughest opponent in the finals. 2) He had to overcome some very shaky officiating to pull out the victory ... Bucs beat Montclair this past Monday, so Coach Nis now has 99 career wins. Today's match against St. Joseph's starts at 5 p.m. It's for all the marbles. The winner walks away with the title in the NNJIL Pacific Division - Nis shoots for No. 100 - Belleville has a chance to win the Region 4 crown with a win - do you need any more reasons to come out and support your team? See ya there!

Bucs win two, fall to Irvington in ECT

By Mike Lambert

After two key wins that propelled them into the state tourney, the Belleville boys' basketball team took it on the chin last Saturday in the Essex County tournament.

Don Roll's club stopped Nutley 58-41 to clinch a berth in the states. Two days later, the Bucs upended Paramus Catholic 82-53, playing in Roll's estimation, its best game of the season. The momentum didn't last long, because the Bucs lost by 40 points to Irvington last Saturday in the ECT, playing in Roll's estimation, its worst game of the season.

In any event, Belleville was 8-8 heading into last Tuesday's game at Teaneck. This afternoon, St. Joe's comes to town for a 4 p.m. game. Next Thursday, the Bucs face Clifton, also at 4 p.m. That game is the final regular season contest in the '92-93 campaign. The state tourney begins in late February.

"I'm happy we qualified for the states," Roll said. "But I have to be honest. We should have played a better game against Irvington. They have a real good team. They're the defending county champs and I think they have a real good shot at repeating. But we didn't play nearly to our abilities."

The Bucs lost 90-50 and, at times, it appeared the deficit would be even larger.

The very early stages of the game looked promising. Mike Mundy came out firing, hitting a three point basket and a field goal and the Bucs led 5-0.

"The next thing I knew, we were down 15 points," Roll said. "They hit us with a diamond press and we threw the ball away too much. Their trap affected us, but we knew that they would be trapping

throughout the game."

The Campers led 25-9 after one quarter and 46-17 by intermission. It got totally out of hand in the third quarter as Irvington extended its lead to 77-29.

Dennis DeWork led Belleville with 26 points. Mundy scored 14, Frank Means had five, Mike Christy tallied three and Ken Johansen had two points.

Irvington had six players in double figures. From the worst to the best, the Bucs battled Paramus Catholic last week and won by 29 points.

"We played four solid quarters," Roll said. "By far, it was our best performance. Everyone played well."

The Bucs jumped out to a 22-10 first quarter lead and were never headed. It was 40-20 by halftime and 55-34 after three quarters.

DeWork led Belleville once again with 26 points. Ken Johansen scored a season high 21 points, Christy finished with nine, Means had seven, Mundy and Kevin Johansen scored six each, Jason Albert scored four and Mike Molina tallied three points.

Against Nutley, the Bucs started off sluggish, but came on strong in the second half and beat the Raiders for the fifth straight time, spanning the past two seasons.

The Raiders led 10-7 after one, but the Bucs rallied to take a 23-19 halftime lead. Belleville led 37-29 after three, then pulled away in the fourth quarter and won by 17 points.

DeWork scored 14, Ken Johansen had 13, Christy finished with ten, Mundy scored seven, Kevin Johansen had five, Means scored four, Albert had three and Sungbok Lee closed out the scoring with two points.

We begin this week with news from my favorite high school sport, track.

John Tosato's indoor team has fared well in state and county competition. The Bucs took part in the state relays at Princeton, with the 800 meter girls' relay team setting a new school record.

The team of Nikki Marinelli, Carolyn Sagbay, Tiffany Parker and Jennifer Citarella ran the 800 meters in a blistering 2:09.

The sprint medley team of Citarella, Marinelli, Sagbay and Rachel Anderson shattered an eleven year old school record, running the event in 4:52.9. The old record, set in 1982, was 5:08.

At the Ridgewood Invitational, Citarella was seventh overall with a time of 7.7 in the 55 meter run. Marinelli took tenth in the event with a time of 8.2.

Citarella, who had a phenominal two weeks, ran the 300 meters in 40.1, lowering her own school record in the process. She finished fifth overall.

Parker, a freshman, was seventh in the long jump. Another freshman, Jim Cotugno, placed tenth in the shot put with a throw of 28'.

The traveling Bucs next ventured to West Point. Anderson ran the 800 meters in 2:50, Marinelli finished the 55 meters in 8.0 and Citarella ran 55 meters in 7.5 seconds.

In the 200 meters, Citarella ran 27.37 in the trials. Her time was good enough for a spot in the finals, where she improved her time to 27.32. Citarella placed fourth in the event and was the first girl from New Jersey to cross the finish line in the 200 meters.

The Citarella show continued at the county championships last week. She took fourth overall in the 400 meters, with a tremendous time of 62.3. She also did well in the 55 meters, with a time of 7.8.

Last Sunday, the team took part in the state championships and Citarella set another team record by becoming the first Belleville athlete to qualify for the all group championships, indoor or outdoor.

In the 400 meters, she finished fifth with a time of 61.39. Of course, the time was a school record. More importantly, Citarella's time in the finals was better than her time (62.0) in the preliminary round.

"The difference between third and seventh place was in tenths of a second," Tosato said. "Everyone from third to seventh was in the 61 second range."

Citarella will take part in the all group championships this weekend in Princeton.

Also at the states last weekend, Anderson ran a personal best in the 1600 meters, finishing in a time of 6:15.9.

JUNIOR BUC WRESTLERS NOW 6-0

The Belleville junior Buc wrestling team pounded two more opponents last weekend and moved to 6-0 for the season. The Bucs decked Livingston 61-27, then rolled past Cedar Grove 90-5.

Against Livingston, Dave Ilaria, Tim Hands, Jim Palo, John Fitzgibbon, Edwin Garcia and Brian McIntosh recorded pins.

Against Cedar Grove, pins were registered by Marc Casella, Lou Scanzillo, Lawrence Martin, Ken Sweetman and Mike Gonzalez.

Gonzalez' pin came in just :09 of the first round. For Casella and Sweetman, it was their first varsity league wins.

In the Mt. Olive tourney, Belleville brought home six medalists. Hands and Pepe Cafone won gold medals, Mike Palo, Ilaria and Jim Palo took silvers and Chris Zarras placed fourth.

At the Old Bridge tourney, first place honors went to Danny D'Elia, Anthony Malanga and Chris Ranucci. Third place honors went to Nick Pellow, John Pellow, Mike Fitzgibbon and Mike Wallis.

Finishing fourth were Joey Lehmen, Jim Messina, Vinny Cosenza, William Agosto, Mike Tremel, Ray Pizzano and Kevin Caputo.

At the Nutley-Lyndhurst tri match, the pinners were Robert Caputo, Lawrence Fusco, Jim Messina, William Mercado, Mike Fitzgibbon, Mike D'Elia, Danny D'Elia and Mike Wallis.

Congratulations to coaches Al Henry and Jim Lombard.

ECBL RETURNS TO BELLEVILLE

Throughout the years, Belleville has had a storied history in baseball. The high school teams have generally fielded some very competitive squads. Most local fans will remember that the '81 Bucs won the GNT championship and the '86 team advanced to the GNT title game before losing a heartbreaker to Columbia.

Belleville has also had some outstanding players throughout the years, such as Frank Fazzini, Mike Nicoala, Greg Petite, Nick Grande and Dan Borgo.

Belleville has also fared very well in the Essex County Baseball League (ECBL). In the mid and late 1970's, Belleville entered a team called the Bruins and the result was two state championships.

From 1984-86, Belleville returned to the league and were known as the Braves. Now, after a seven year hiatus, Belleville will be back this summer to compete in one of the oldest and most successful semi pro baseball leagues on the east coast.

Emil Nardachone, an attorney and long time Belleville sports fan, has been very active in bringing Belleville back to the ECBL. I'll have more on this in future issues, but I thought everyone should know that our township will be competing in ECBL action this summer.

LAST WEEKS QUIZ

The Jets beat the Oakland Raiders in the 1968 AFL championship game, 27-23. The Colts beat the Minnesota Vikings 24-14 and the Cleveland Browns, 34-0 in the NFL playoffs to advance to the Super Bowl. Buddy Ryan and Walt Michaels were assistant coaches on the Jets staff in '68 that later became head coaches.

FOR THIS WEEK

I'm on a roll with the 1968 NFL season. What the Colts' record in 1968 for the regular season? Which teams beat the '68 Colts in the regular season? Which teams defeated the '68 Jets in the regular season? Where was the Heidi Bowl game played? Finally, what dubious feat did the 1967 Colts accomplish that certainly hasn't occurred since that season?

RECREATION ROUNDUP

Baseball/softball applications

The Belleville Recreation Department has announced that applications for all recreation baseball and softball programs are available in all public and parochial school offices and at the Recreation Department office.

Boys ages 8-9 can play Peanut League baseball; 10-12 year old boys can play Junior League baseball, and 13-15 year old boys are eligible for Senior League baseball. Boys and girls ages 6-7 can sign up for Tee-Ball. Girls ages 8-14 can apply for all levels of recreation softball, including the Suburban team. Specific league structure/age breakdown for girls' softball will be determined after the registration deadline. In order to qualify for any

league, the child must reach the minimum age before Aug. 1, and he or she cannot exceed the maximum age by July 31.

All leagues are for Belleville residents only.

High school freshmen or JV team players, or Suburban league team players (7th and 8th grade) are not eligible for the Rec leagues. All applications must be returned to the Rec House with birth certificates by March 19. Players trying out for the previously mentioned teams should complete Rec applications before the deadline in case they get cut.

In all cases, the applications must be completed in full and signed by a parent, and all returning players must re-apply. Applications accepted after the March 19 deadline will be considered late and will be treated accordingly. Late applications cannot be guaranteed entry into the league. The Rec House (407 Joralemon Street) hours for registration are Monday-Friday, 8:30 a.m.-12 noon and 1 to 4 p.m. The office will also be open one night each week (dates/times to be announced) for registration. All

An Orechio Publication

children attending required practices will play in every game. Our leagues stress sportsmanship, basic skills and fun.

Pre-school registration

The Belleville Department of Recreation & Cultural Affairs is accepting registration for the pre-school play program for 4 year old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 12:45 p.m. to 2:45 p.m. five days a week with class limited to a maximum of 23 students. The cost of the 32 week session is \$125. The mothers of the children accepted must participate by serving one duty day about every other 8 or 9 days according to a published schedule.

School will begin on Monday, Sept. 20, and will run through May 1994.

Children born between Oct. 1988 - Sept. 1989 who will enter kindergarten in September 1994 are eligible. Participants must be Belleville residents. Since there are just a limited number of openings, applications will be accepted on a first come - first served basis only.

Children must be able to speak and understand English in order to participate. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday-Friday 8:30 a.m. to 4 p.m.

A.S.A. Umpire tests

The Belleville A.S.A. Umpire's Association will be conducting the A.S.A. Softball Umpire's Test on Thursday, April 1, at 7 p.m. at the Rec House, 407 Joralemon Street. Any adult, male or female interested in taking the test should call the Belleville Recreation Department at 450-3422 to obtain an application for the test. There is a \$30 non-refundable exam fee that must accompany your application.

Persons who register for the test can attend the A.S.A. Softball Rules Clinic, to be given on March 16, 23 and 30 at 7 p.m. at the Belleville Recreation Department. These clinics are designed to prepare all potential umpires for the test on April 1. The clinics will be conducted by Frank Dario and Tom Ucci, two of Belleville's most experienced umpires.

The registration deadline will be March 19. The course and test are open to all persons, 18 years of age and older. A 70% passing grade

will be required. Successful applicants will then be qualified to umpire A.S.A. softball after paying their membership dues, and will be responsible for securing their own work assignments.

League director needed

The Belleville Department of Recreation & Cultural Affairs is seeking one adult to serve as League Director for its Tee-Ball League. The part-time position entails supervision of league games / personnel and re-scheduling rainouts.

Anyone interested would preferably reside in Belleville and must be available Saturdays and Sundays. Qualified applicants must be sports-minded, responsible and must work well with people. This position would also be good experience for a college student majoring in recreation / physical education. For further information or to apply, call the Recreation Department at 450-3422.

STICKING TO THE 'SCRIPTS'

People over age 65 make up only 12 percent of this country's population, but they account for more than 30 percent of the consumption of prescription drugs. It is estimated that the average elderly outpatient uses two to four prescription medications at a time. This high concentration of usage can sometimes create a confusing situation for elderly patients. One study published in the medical journal "American Pharmacy" reveals, in fact, that elderly patients who took two to four prescription drugs were twice as likely to make mistakes concerning their prescribed use. One way to avoid harmful drug interactions is to use a single pharmacy for all prescription medications. This way, all prescription records will be kept in one place and the pharmacist can easily keep track of them.

Part of a pharmacist's service is to make sure prescription drugs are compatible with each other. All your prescription needs can be handled at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. Valentine's Day gifts and greeting cards can be found here. This includes Russell Stover candies, cameras, Timex watches and transistor radios. Open: 9am-10pm daily, 9am-9pm Sundays. Have a very happy Valentine's Day.

HINT: Make use of calendar trays and color coded bottles to keep track of prescription medication identity, dosage, and usage.

Five saw Inauguration of President Clinton

By Jon Blake

Five students from Belleville High School recently had the opportunity to attend one of the most important events in this nation's history. As part of the Washington Workshops Foundation Congressional seminar, William Addis, Bernadette Bini, Jonathan Blake, Michael Idenden and Christina Spina attended the inauguration of the 42nd president, Bill Clinton.

The congressional seminar, which was praised by all the students as one of the most exciting weeks of their lives, focused on the workings of government and lasted from Jan. 16th to the 20th. The students attended lectures and seminars with speakers like Dr. Jim Lingle, Associate Professor of Government at Georgetown University.

Other speakers included Jim Nathanson, the Political Director of the Republican National Committee. In his presentation which focused around the reasons for the Republican failure in the '92 campaign, he admitted that his committee had not run an effective campaign. He further stated that a mistake had been made in not sticking to one issue throughout the

campaign and that they, "forgot the basic essentials of what it is to run a campaign."

The students who attended the program also participated in a model congress. This consisted of the members of the program broken into committees which each drew up a bill for debate in the model congress session. Bills ranging from foreign military involvement to condom distribution in schools were hotly debated in the exciting committee meetings and model congress session.

The students not only got to participate in the seminar but were able to attend the concert on the mall, the inauguration, and the Youth Leaders of America Ball. "It was a truly incredible experience and I can't wait to go back next year!" said Bill Addis of his time spent in the capitol. "It was a great experience to witness history being made with the peaceful change of power," said Michael Idenden.

All of the students loved the trip and the new friends they made in the nation's capitol. Their thanks goes to history teacher, Anne Schneider for making this once in a lifetime dream a reality.

BELLEVILLE HIGH SCHOOL NEWS

Valentine Day with heart

By Cathy Pignataro

Belleville High School's Student Government Organization is sponsoring a Valentine's Day project. Students were asked to make Valentines which will be delivered to veterans in a local hospital. Mrs. Pugliese, SGO advisor, said, "This annual happening was triggered by an Ann Lander's column a number of years ago. The Valentines will be sent to a local hospital or to an organization in Virginia."

Virginia Rajnes, student government president said, "It is a good opportunity for students body to show their support and goodwill to

those who have helped our country. We owe them a lot and this is just a sign of our gratitude."

Also participating in the school project is Miss Partus's Computer Science II students who created computer generated greeting cards. Senior Carolyn Sagbay, a Computer Science II student, created a card and greeting that reflects the feelings of all: "We wish to share this day with you because Valentine's Day is not only for couples but also for friends and to show that we care. We love you Veterans!"

Teachers learn computers

By Joseph Ouliero

Victor De Pauw, supervisor of the Related Art's program at Belleville High School, is teaching a computer course for Belleville school district leaders. The course is being taught in the computer lab in the high school. The classes

consist of three 5 week courses: Word Processing, Spread Sheet, and Data Base.

The classes are being sponsored by Mrs. Efsthathou through the science department by a Dwight D. Eisenhower grant issued by the New Jersey Department of Education. The teachers attending the classes will receive one in service credit for each course.

The course will enhance teacher skills in using computers. Also, the material presented will better prepare teachers to deal with technology in the classroom. There is still time to enroll for the data base classes starting February 25. For further information please contact Mr. De Pauw at 450-3464.

Clubs win contests

By Michelle Pzonka

Recently students who are members of DECA (Distributive Education Clubs of America) and the FBLA (Future Business Leaders of America), two clubs at Belleville High School, successfully competed in local competitions.

About 200 DECA members from nearby schools competed against each other in a modeling session and a writing test. Four members of DECA, seniors Dave Gibinski and Paul Holandez, junior Joseph Belnome, and sophomore Dino Durante, will now go on to a state competition in Cherry Hill in March.

The FBLA went to Middlesex County College to attend the North - Central Regional Competitive Events of NJ FBLA, which was held on Jan. 12. Twelve students from Belleville attended, along with advisor Mrs. Montanino, and Mrs. Klotz, a Belleville High School teacher. They competed against about 600 other members from local schools.

Nancy Settimbrino and Pina Gencarelli, seniors at BHS, won the Regional Competition and will compete at the FBLA State Leadership Conference in March in Cherry Hill.

The Belleville High School News is a feature of the Belleville Times. It runs weekly, space allowing.

Aitken elected Buard Chairman of Clara Maass Medical Center

S. Thomas Aitken of North Caldwell has been elected chairman of the board of Clara Maass Medical center.

Aitken, chairman of the board of Peoples Bancorp, a \$225 million bank holding company, and its subsidiary Peoples Bank, N.A. of Fairfield, a FDIC-insured, full service commercial bank, joined Peoples Bank in 1967 as a vice president. In 1974 he was named president of Peoples Bank after the death of his uncle B. Thomas Aitken. His uncle B. Thomas

Aitken had guided Peoples Bank as president for 35 years beginning in 1939.

Under S. Thomas Aitken's leadership, Peoples Bank expanded, opening offices in Bloomfield, North Caldwell, and Fairfield. In addition, the bank introduced many technological and service related advances including: an automated teller machine (ATM) network, a sophisticated computer system and customer data base, home equity credit lines, senior citizen and over draft checking, as well as many business services. Aitken received his bachelor's degree from Hamilton College, in Clinton, New York, and his master's in business administration from the Amos Tuck School at Dartmouth College

in New Hampshire.

He is a member of the board of directors of General Magnaplate, Inc. and a member of the New Jersey Bankers Association, Federal Legislation Committee, and New Jersey Bankers Political Action Committee. In addition, Aitken is a member of the Montclair Golf Club, Montclair; Pine Valley Golf Club, Pine Valley; The Union League Club, New York, New York; and the Ballybunion Golf Club, Ballybunion, Ireland.

Salute the Boy Scouts of America

**National Boy Scouts Week
February 7-13, 1993**

On this special anniversary we can be thankful for this organization that helps our boys grow into strong, respectable men.

"To help others at all times" is an important part of the Scout Oath. Thanks, Scouts, for setting a fine example.

Interior Wall Insulation Cuts Noise Between Rooms

Putting insulation in your interior walls can make your home quieter and more peaceful.

Home has always been a busy place... and a noisy one. What with activities such as the kids' music practice, plus TV, appliances, computer printers, or even animated conversation when friends come over.

What to do when mom or dad just want to read the paper or relax? When kids need to concentrate on homework?

The answer is interior-wall insulation that reduces noise between rooms.

When you add on a room, or take on a major remodeling project, start at the beginning—with what's inside your walls.

Insulation for exterior walls, floors and ceilings will cut your fuel bills and make your home more comfortable.

Adding interior-wall insulation also helps make your home a haven by reducing noise from plumbing pipes, heating and cooling units, and everyday living.

You can install interior-wall insulation, such as Manville R-11 ProPak™ Batts or PowerPak™ Rolls, when your walls are moved, installed or refaced with new wallboard. (Savings vary! Find out why in the seller's fact sheet on R-values. Higher R-values mean greater insulating power.)

For more information, see your nearest building supply dealer, or contact the Product Information Center for Manville brand insulation, P.O. Box 5108, Denver, CO 80217. Or call, 800 654 3103.
