Board tackles tentative 30 point tax hike; school enhancement efforts facing the ax

By Howard Klesmer

The Board of Education went off in search of Shangri La this week, as it promised to reduce a "tentative" budget increase of \$1.4 million - equivalent to a 30 point tax jump - to zero, or less.

"Impossible!" was the reaction of Board Vice President Ralph Mazzuca.

"Zero increase!" was the reply of

Board President Patricia Pisano, who is up for re-election this year.

"In my own family, I can see how the cost of living has increased," Mazzuca said. "How can we promise not to increase our budget?"

The response of other members of the board seemed split among those who wanted no tax increase at all and those who argued that some increase - but not a 30 point jump -

was unavoidable.

Left in near despair were school administrators who saw planned improvements in teaching and equipment being discarded in the search for a voter-pleasing tax formula.

"The pupils are being completely forgotten," one administrator said.

Superintendent of Schools Michael Nardiello said that while cuts could be made, their effects would be damaging to the schools.

In imminent peril are plans for computer technology, new and more current texts, an additional elementary school nurse, additional physical education training, and other efforts to upgrade the schools.

Also endangered could be the

accreditation of the high school, which comes under Middle Atlantic Schools scrutiny next year.

This is particularly important, because it affects the chances of seniors to go on to college or other higher education.

The disagreements drew some sharp words among the School Trustees, as debate broke out over the length of time they had to study

the proposed budget.

Even a "compromise" cut that would leave a 15 point tax increase was opposed as too little by the board members, and far too much by the educators.

"The key word here is 'tentative'," Mazzuca said. "We will work to reduce this increase."

Nazziola charges payoff

Board of Education member Gabriel Nazziola said that the appointment of a secretary was an outright political payoff and a violation of the labor contract with the secretaries.

"An incompetent person has been appointed," he said.

Nazziola said the applicant had failed a typing test, but still had been given the job, which pays \$18,000 a year.

"The applicant lives out of town, and the job had not been posted, yet she knew of it and applied for it - twice in two years," Nazziola said.

A Trustee replied that Board policy was to rehire anyone who had been "rified" - displaced by a reduction in force.

Nazziola said that the "riff" did not apply in this particular case.

"She was hired improperly in the first place," he said.

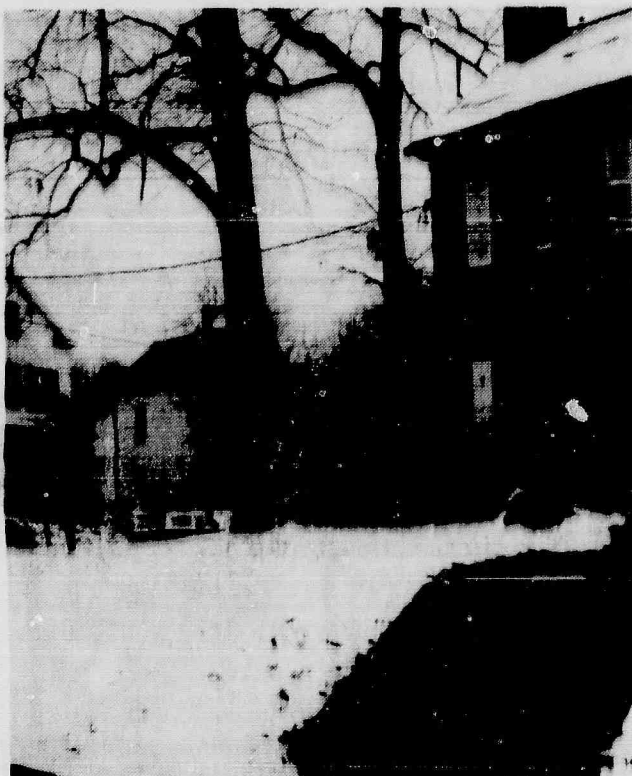

Realtors visit schools

A group of 10 Realtors was scheduled to visit the Belleville public schools, yesterday (Wednesday) as part of a program to "sell Belleville."

Assistant Superintendent of Schools Michael Lally told the Board of Education on Monday that he would welcome the visitors.

The idea was that Belleville's schools were a draw for potential home owners. The realtors were reported impressed by the fact that Belleville High School had a vocational training wing, something unusual in Essex County.

The Board noted that many homes were for sale in Belleville, and the Realtors sought ammunition in their war for sales.

SIGN OF THE TIME? - The For Sale by Owner sign is up in front of the Holmes Street home of Township Council President Dr. Frank Noonan, who has not announced his plans for the future. Is he leaving Belleville, or just Holmes Street. Only the Doctor knows.

Michael Rosamilia, educator, 33 years in Belleville system

Michael Rosamilia, 72, who was a teacher and administrator in the Belleville school system for 33 years, died on Sunday, February 21, in Florida.

Born in Belleville to Thomas and Carmella Rosamilia, he attended the Belleville public schools, Montclair State College for his Bachelor of Arts and Master of Arts degrees, and Seton Hall University and Rutgers University for additional credits.

Mr. Rosamilia served in the Army of the United States during World War II, and was a Staff Sergeant in the Signal Corps, in the Pacific Theater.

In 1951, he became a Social Studies teacher in the Belleville school system. He was appointed Assistant Superintendent in 1964, and served as Acting Superintendent in 1967 and 1968.

In 1975, he requested appointment as Principal of School 7, where he served until his retirement in 1983.

He then retired to St. Petersburg Beach, Florida.

In civic affairs, he was President of Kiwanis in Belleville, and Pres-

ident of the Michael Marotti Association. He taught crew in Belleville High School, and worked for the Department of Recreation on his summer vacations.

In Florida, he was a member of the Pinellas County Tapist Group for the Blind, recording books, including textbooks, for the blind.

The Orechio Newspapers recently printed a six-part study, "The Italian Experience in America" which he wrote as an analysis of the immigrant experience.

Superintendent of Schools Michael Nardiello said of him, "He is one of the brightest men I ever was associated with."

Retired Assistant Superintendent of Schools Seymour Grossman said, "I was always astounded at the brilliance of that man's mind."

Surviving are his wife, the former Elisabeth Thompson, who taught in the Belleville school system; his son, Thomas, of Pawling, N.Y.; his daughter, Leslie, of Tempe, Arizona; his grandson, Chris; his brother, Nicholas, of Belleville, and his sisters, Ethel Martine of Belleville, Jeanne Fornarotto of Belleville and Clara Roselli of Nutley.

Michael Rosamilia

A funeral service is planned for tomorrow (Friday) in Florida. A memorial service in Belleville is planned at a time to be announced.

The family has requested that donations to private charities be made in lieu of flowers.

Freeholder Clay reassures public on patients to be housed locally

Essex County Freeholder Vice President Arthur Clay visited both the Board of Education and the Township Council this week, urging more public discussion of the housing of recovering mental patients at the former Geriatric Hospital.

He assured his listeners that the 20 persons scheduled to be housed in Belleville posed no threat to the community.

"These are recovering patients who need help in going back to face society," he said.

The patients, some of them from Marlboro Hospital and some related to members of Concerned Parents of Recovering Mental Patients, will go to jobs from the center, which is to undergo a \$2.25 million rehabilitation.

There will be 24-hour supervision and a kitchen for the patients,

Clay said.

Opposition to the presence of the patients has been incited by some community leaders, including former Commissioner Joseph Fornarotto, who warned of danger presented by them.

Clay denied that any violent or criminal patients would be housed in Belleville.

"These are people who need our help," Clay said.

16 burglaries are 'solved'

Belleville Detective James DelGrosso has traced 16 burglaries that have occurred over a four week period to a single suspect, Belleville police report.

Detective Captain William Escott said the suspect had been identified, and was now sought for arrest. He was described as an East Orange man.

The suspect reportedly used the daytime hours to break into empty apartments in multi-family houses, in virtually every part of town.

The suspect would ring the doorbell first, and if someone was home, would give some explanation for being there, and leave.

His description was given by several witnesses.

"DelGrosso did an excellent, painstaking job of detective work," Captain Escott said.

LAWRENCE VISITS - Famed Yankee catcher Yogi Berra, whose given name is Lawrence, visited Boy Scouts at the Essex County Cerebral Palsy Center in Belleville, Monday. He will host the Third Annual Yogi Berra Golf Classic on June 21 at the Montclair Golf Club in West Orange to benefit Special Needs Scouts of the Essex Council, B.S.A.

THE NORTH STAR LANDS - The Belleville Firehouse was visited by a Medevac helicopter, North Star, as part of a training exercise recently. The rescue aircraft has a counterpart, South Star, in South Jersey. Both are units of the New Jersey State Police.

Aside From That

As we recall, the Van Gogh painting, "Flowers" sold for \$50 million, or was it \$70 million, not long ago. For those of us who would like a Van Gogh for a little less, there is our own Belleville artist, Marc Dante, who is an accomplished painter, and who enjoys reproducing the more difficult masters. Of course, you get Mr. Dante's signature, rather than Van Gogh's, but at those prices, why complain? ●●●● One of Mr. Dante's most recent masterpieces was the interior of the Municipal Building, which he painted in his role as Maintenance for the Department of Public Works. He is one of the doughty group of four DPW workers who toil ceaselessly to preserve and enhance the public buildings of our Township. He also cuts windows, such as the ones he installed in the Stadium, and does other repair and restoration work. Without Dante and his cohorts, the town would have peeled away long ago. ●●●● But back to the world of art. Mr. Dante recently built himself a workshop over his garage, with the intention of re-creating more great works of art. Matisse? Renoir? It is to laugh. A work by Dante is probably brighter, cleaner and a lot cheaper. Also, it is a work of art in its own right. You can design a house around an Impressionist painting. Or, if you feel conservative, there's always Rembrandt. And you don't have to worry about any of these artists coming back with a good lawyer. Mr. Dante is proud of his authorship. (As for George Washington smoking a cigarette, well, it just throws new light on the 18th Century.) Incidentally, Van Gogh sold only one painting in his whole life, and that was to his brother. So much for artistic appreciation.

It was Mr. Potts who told Jim Cozzarelli about the good old days of Undertaking, when men were men and card games went on, complete with whisky and cigars, in the back room of your favorite funeral parlor. Jim, of course, is the proprietor of the Irvine-Cozzarelli Memorial Home, whose lineage going on well past 1885 makes it probably the oldest established business in Belleville. Mr. Potts was a gentleman's gentleman, which is to say that he was butler and valet to John Caldwell, who opened shop officially in 1885, after years of undertaking at people's homes, first on Main Street, and then at 272 Washington Ave. In those days, mansions lined the avenue, and horse drawn carriages carried the gentry. They also carried such luminaries as the Mayor, the Chief of Police and the Magistrate to Mr. Caldwell's establishment, after night had fallen on the peaceful town of Belleville, where they went to the back room and quietly enjoyed a friendly game of cards. Mr. Potts would provide the players with libations, food and cigars, making sure that he wore his proper gloves and waistcoat for the event. The cigar smoke might drift over the remains of a dearly departed, but social conviviality was far too important to enjoy to let more somber matters intervene. ●●●● According to Mr. Potts, the back room was also the place where the political decisions of the day were decided, so there was an added reason to sit in on the game. At midnight, candles would be lit and a repast would be served, while elsewhere in town the good burghers were resting in their beds. ●●●● The card game and party tradition was to be continued by Mr. Caldwell's successor, William Vernon Irvine, a handsome and dapper young man who made his living as a carpenter and as a trade embalmer - which meant that he free-lanced as an embalmer for various funeral parlors. Mr. Irvine's father was born in England and had moved his young family to Brooklyn. From the Borough of Churches, the elder Irvine moved to Belleville, making the trip by boat, sailing from Brooklyn, across New York Bay and on up the Passaic River. As Mr. Caldwell's business grew, he needed the services of young Irvine more and more. Irvine's son, John, Jr. recalled seeing his father trudging down the road to the horse-car barn in North Newark, and then taking a horse-car to a Newark undertaker for a job there. Ultimately, he was working full-time for Mr. Caldwell.

In 1917, Mr. Irvine acquired the business. The social life continued, and a former housekeeper for the Irvines told Jim, "Going to a party at the Irvines' was like going to an MGM Studio party. Everything was so beautiful." Mrs. Irvine - the former Emma Anna Volz - was involved in many good works. Active in the Belleville Woman's Club, she loaned the organization the money to buy its present clubhouse on Rossmore Place. Mr. Irvine's friends still met at a card table in the back of the building, but it was now a grander place. More rooms had been added, and the only trace of the original frame structure is the roof peak which can be seen from across the street, where the Middle School has replaced the mansions. John, Jr. succeeded to the ownership, and with his wife, the former Winifred Struble, was active in many organizations. He is a Past Master of the Masonic Lodge and a long time Elk. Jim Cozzarelli, a man who appreciates splendid surroundings, succeeded Mr. Irvine 20 years ago. Bill Irvine is now in happy retirement in Florida, and friends may contact him at 1800 Commerce Ave., Box 7, Haines City, Florida, 33844. ●●●● Ruth Shlissel continues the fight to have a traffic light on Washington Avenue by the PathMark Supermarket. A number of people have been trying to get this accomplished for the past 10 years. This time, Mrs. Shlissel brought her fight to Governor Jim Florio. The Governor was attending the United Jewish Appeal Super Sunday telethon in Whippany where Mrs. Shlissel was a volunteer worker. She buttonholed him as he passed by and told him, "Governor, we need that traffic light." He said he would look into it. Mrs. Shlissel said she isn't holding her breath over it, but she couldn't pass up the opportunity.

Executive changes at Provident Savings Bank

The Board of Managers of the Provident Savings Bank has announced the retirement of Kenneth F.X. Albers, Chief Executive Officer of New Jersey's oldest savings bank and named Paul M. Pantozzi, the Bank's President, to assume the responsibilities as Chief Executive Officer effective Feb. 1, 1993. Albers will continue as Chairman of the Board.

Albers, 65, a career banker, joined Provident in 1966 as Vice President and Assistant to the President after serving First Jersey National as Assistant Vice President. At that time, Provident had 6 offices in Jersey City.

At 39, Albers was the youngest president of a savings bank in New Jersey's history. In 1968, Albers was named President and Chief Executive Officer. In 1983, Albers assumed the post of a Chairman of the Board and Chief Executive Officer upon the merger of Provident with Bloomfield Savings Bank.

During Albers' illustrious career, Provident expanded from 6 to 36 branches in 10 counties throughout New Jersey. During his tenure, the bank, known as The Old Beehive, changed its name from the Provident Institution for Savings in Jersey City to The Provident Savings Bank. Today, bank assets are well over 1 billion 500 million dollars. Provident, founded in 1839, is a member of the FDIC.

A native of Jersey City, Albers graduated from Regis High School in New York City, St. Peter's College, Jersey City with a B.A. degree Cum Laude and the Stonier Graduate School of Banking, Rutgers University.

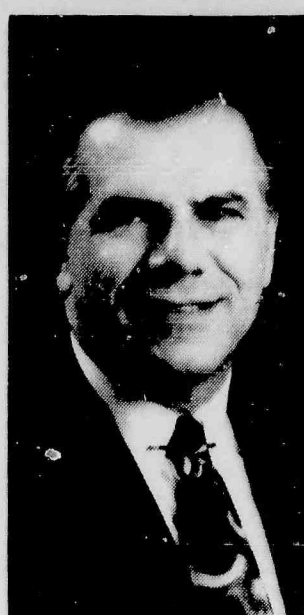

Albers, an innovator, helped create the National Council of Savings Institutions which was a merger of the Association of Mutual Savings Banks and The National Savings and Loan Leagues. He also served as a member of the Banking Advisory Board of the State of New Jersey.

Paul M. Pantozzi, a Jersey City native and career banker, joined The Provident in 1963 as a Teller Trainee. Pantozzi worked his way up through the ranks and served The Provident in numerous capacities. A branch banker for nearly half his career, Pantozzi became an Assistant Vice President in 1973. In 1977, he was promoted to Vice President-Branch Administration where he was responsible for The Provident's expansive statewide branch system. He advanced to Senior Vice President and Corporate Secretary in 1982 and was appointed President in March of 1989.

A Rutgers University alumnus with a B.S. degree in Management, Pantozzi also graduated from the Graduate School of Savings Banking at Brown University and the Executive Development Program at Fairfield University both in conjunction with the National Association of Mutual Savings Banks.

He serves on the Board of Trustees of Christ Hospital and the Christ Hospital Foundation and is a member of the Goodwill Industries Board and serves as Chairman of the Salvation Army Advisory Board in Jersey City.

He currently serves as Chairman of the U.S. Banking Alliance Marketing and Advertising Council and is a member of the Manage-

elected to the Provident Board of Managers in 1989.

Provident maintains 4 Essex County offices in Bloomfield and Belleville.

Sheriff initiates senior field trips

Essex County Sheriff Armando Fontoura has announced that his department has initiated a program for senior citizens called "Senior Citizens Field Trip in Criminal Justice." He explained that the effort provides a tour of the Essex County Court Complex, including the Sheriff's Department and Court Rooms, "for a first hand look at the busiest Criminal Justice System in New Jersey."

During the visit, participants will observe a trial in progress and listen to informative presentations, including the latest videos, made by experienced officers from the Sheriff's Department Public

Education Unit on such topics as Crime Prevention in the home, Personal Safety, and Fraud Prevention.

Round trip transportation and refreshments are provided by the Sheriff's Department. The trip usually begins at 9 a.m. and lasts several hours. Fontoura stated that the program is "an opportunity to learn more about the Essex County Criminal Justice system, and about important topics to help protect yourself from crime." Any group interested in scheduling a trip, can contact the Sheriff's Department at 621-4139 for further details.

Aitken elected chairman at Clara Maass

S. Thomas Aitken of North Caldwell has been elected chairman of the board of Clara Maass Medical Center.

Aitken, chairman of the board of Peoples Bancorp, a \$225 million bank holding company, and its subsidiary Peoples Bank, N.A. of Fairfield, a FDIC-insured, full service commercial bank, joined Peoples Bank in 1967 as a vice president. In 1974 he was named president of Peoples Bank after the death of his uncle B. Thomas Aitken. His uncle B. Thomas Aitken had guided Peoples Bank as president for 35 years beginning in 1939.

Under S. Thomas Aitken's leadership, Peoples Bank expanded beyond its traditional Belleville borders, opening branches in Bloomfield, North Caldwell, and Fairfield. In addition, the bank introduced many technological and service related advances including: an automated teller machine (ATM) network, a sophisticated

computer system and customer data base, home equity credit lines, senior citizen and overdraft checking, as well as many business services.

Aitken received his bachelor's degree from Hamilton College, in Clinton, New York, and his master's in business administration from the Amos Tuck School at Dartmouth College in New Hampshire.

He is a member of the board of directors of General Magnaplate, Inc., and a member of the New Jersey Bankers Association, Federal Legislation Committee, and New Jersey Bankers Political Action Committee. In addition, Aitken is a member of the Montclair Golf Club, Montclair Pine Valley Golf Club, Pine Valley; The Union League Club, New York, New York; and the Ballyunion Golf Club, Ballyunion, Ireland.

Clara Maass Medical Center is a 475 bed acute care facility located

Thomas Aitken

in Belleville. Among the Clara Maass Family of health care services are a Family Center for Maternal / Child Health, Medical Oncology Care, Cardiac Rehabilitation, Same Day Surgery and Community Services.

Health Officer warns on lead poison

Belleville Health Officer Thomas Longo issues the following report on lead poisoning:

Lead poisoning is the number one environmental health threat to children in America. Lead can cause serious damage even in very small amounts. Lead can stunt a child's growth, cause permanent damage to the nervous system, and other organs.

Lead is found in a number of places. Exposure to lead paint dust is the number one cause of lead poisoning in children. The risk is greatest in homes built before 1978 before lead was banned from household paints. Lead dust particles can float through the house and be breathed in by children. Lead dust is also produced by sanding and scraping paint off walls and opening and closing windows painted with leaded paint. Even if old paint has been covered a number of times with paints containing little or no lead, the entire surface can still crack and peel.

Elevated lead levels in water can be found in as many as 20% of the homes in America. Lead can leach into tap water from lead pipes and copper pipes which are fitted with lead solder.

Fresh fruits and vegetables may have lead residue from the soil. Lead from ink found on bread wrappers can leach into food if the bags are turned inside out and

reused. Lead can also be found on some ceramic dishes. Factory emissions, and car exhaust release lead into the air, and soil.

Lead effects can last a lifetime. Children process lead differently than adults: they absorb as much as 50% of lead they ingest. Children under seven are at greatest risk due to their still developing brains and nervous systems. Fetuses whose mothers were exposed to high lead levels during their pregnancy are also at risk for irreversible damage.

Effects of lead poisoning usually don't show up until a child enters school. Children who suffer early lead poisoning often can't concentrate and are easily upset and excited. Often they have hearing impairments. They are six times as likely to develop learning disabilities. Physical symptoms of lead poisoning are rare unless the lead level is very high.

There are simple precautions which can be taken to lower your exposure to lead:

- If water has been sitting in the tap for more than six hours, run the water for one or two minutes before using it for drinking, making beverages, or preparing infant formula.

- Always use cold water for drinking, cooking and making beverages. Cold water carries less lead than hot water.

- If you live in a home built

before 1978, you can have your home inspected by a qualified inspector. There are also home kits available to detect lead on paint surfaces.

- Walls can be scraped by a contractor experienced in lead removal or covered with a protective material such as wallboard. It is advised that you move out of your home while renovations are being done.

Juvenile Conference Committee meets

Chief Raymond Kimble has announced that after an absence of several years the township's Juvenile Conference Committee has been re-established and held its first meeting on Feb. 24. Chief Kimble stated that one of his first priorities when becoming Chief was the re-establishment of the committee.

Lt. Joseph Rotonda is the liaison between the committee and the police department.

Lt. Rotonda stated that the committee has held several meetings over the past eight months formulating a plan of action. The committee is made up of citizens from the community who upon reviewing complaints made against juveniles who live in our community, decide a course of action for them such as counseling, community service and other programs. The juveniles are sent to the committee before action is taken against them by the County Juvenile Court saving the citizens an added tax expense and hopefully helping the juvenile realize the mistake he or she has made. The committee does not handle violent or drug related cases. The committee is scheduled to meet once a month.

CCB plans general meeting

The Concerned Citizens of Belleville will hold a general membership meeting on Feb. 24 at 8 p.m. at the Elks Club, 254 Washington Avenue.

All members are urged to attend this very important meeting. Matters to be discussed will include the 1993 Municipal and Board of Education budgets.

New members are welcome and invited to join the organization. Refreshments will be served.

Please send 1993 dues of \$2 per member to C.C.B., P.O. Box 353, Belleville, N.J. 07109, if you can not attend meeting.

OUR OPINION

Michael Rosamilia

"I was always astounded at the brilliance of that man's mind."

Thus a colleague spoke of Michael Rosamilia, a man who lived his life in Belleville, was educated in the Belleville schools and dedicated his life to the education of Belleville's youth.

We talk about the American Dream. Mr. Rosamilia was a man who lived it.

From working class origins, he faced all the obstacles placed in the path of the poor, the immigrant, the person struggling to make a foothold in this society.

Author of "The Italian Experience in America", he wrote vividly and learnedly of the almost insurmountable problems faced by the newcomer to America.

Would those who saw his people simply as the diggers of ditches, the carriers of bricks, the fodder for sweatshops, ever have perceived the genius that lay within this same people? The creativity? The heroic will to survive and triumph?

He was not alone in rising to great heights from humble beginnings. He exemplified the fact that his achievements were also contributions. His scholarship brought light to future generations. His example encouraged and heartened young men and women of all origins.

A man who served his country in war and peace; a family man; an educator, and a friend, Michael Rosamilia brought pride to all who knew him, pride in being associated with him, pride in seeing the respect in which he was held.

A teacher and administrator in the Belleville schools for 33 years, he brought those schools closer to excellence by his presence.

He brought honor to Belleville.

The Doctor is out?

Like many other things done by the good Dr. Frank Noonan, the posting of a For Sale sign in front of his Holmes Street property may have some great significance, or no significance at all.

Doc Noonan is not bereft of a sense of humor, and the idea of a practical joke may not be far from his mind.

The sign posting comes at a time when he has filed an application for a variance to permit the operation of two medical offices in his building.

This was in response to charges by the Building Department that he had two offices there illegally.

And there is still the nagging question of whether the house is his home in Belleville, rather than the "summer home" in Clifton. In Doc Noonan's case, summer seems to last 360 days a year.

Selling the Holmes Street house does not necessarily mean that Doc is leaving our midst. He could still find a residence somewhere else in Belleville. And there are some legal scholars who argue that it is not even necessary for Doc to live in town to hold office in town.

This is a position vigorously disputed by Township Clerk Mary Lou Hood, who holds to the idea that you can't run for office here unless you are registered to vote here, and living out of town makes you an illegal Councilman.

Doc Noonan actually has stated in public that he does not intend to run for re-election next year. "I called the cops on Belleville" is not the best campaign plank in the world.

In point of fact, Doc Noonan has not been as much in evidence around Town Hall as he was in the recent past, before his allegations brought in the State Commission of Investigation.

If it is Doc's intention to take his leave of Belleville before his term of office is up, he owes it to the citizens of Belleville to resign his office as soon as possible, and give the people a chance to have a resident of the township in office.

It is unlikely, however, that Doc will come to a coherent, clear cut decision — a decision that makes sense.

He has rarely done so up to now. We hardly expect it of him now.

YOUR OPINION

Renaissance response

To the editor:

An editorial in an out-of-town publication very much interested me as Chairman of the Belleville Renaissance Committee. It seemed to be attacking our efforts in seeking recognition from the U.S. Congress declaring Belleville the "Birthplace" of the American Industrial Revolution.

It states "Belleville was a Hamlet within Newark until 1812 when it then became as a neighborhood of Bloomfield until 1839, where upon it became a separate Township." Your characterizations attempts to minimize our Township to an insignificant existence.

Our records show this was a Dutch colony in the early 1600's with about 300 residents by the year 1750. It is with much regret our Renaissance Committee understands the reference to our community since this is the very purpose of our committee's function. We intend to research our own history and convey the truth of our existence to the world, for we believe it is an American classic.

Let's begin with Belleville's Dutch Reformed Church established in 1692. Some of the most powerful and influential citizens of the new world had migrated there in what was then called Second River (Belleville). The Schuylers, Van Rensselaers, Stevens, Roosevelts, Rutgers, Joralemon, Livingstons, Spears, Van Cortlandts, Hornblowers and on and on. The influence and power each of the above mentioned had on American Culture cannot be denied.

Josiah Hornblower arrived in this country in 1753 to erect the nation's first steam engine — under the most adverse

conditions possible. Remember the British had a ban on importing and exporting. There were no metallurgist or technicians to produce the tools and equipment he needed. The engine had to remove 270,000 gallons of water a day and function 300 feet underground. "This was no small engine."

Many subsequent industrial innovations resulted here from this historic feat. In particular, the enterprise of the "Belleville Engine Works," the first and only engine plant in the country shipping power for industries to the new states. This was the industrial revolution and transformed the growth of our economic capacity as we knew them, to a more powerful and rapid development.

I trust the publication reappraise its comments and join our efforts. The time, the place and circumstances all warrant the truth and therein lies our claim, as rightful and just.

Messina vs. Council

To the Editor,

I was unable to attend the Township meeting on January 26, however, a resolution was passed, 4-2, and signed by the powers that be (the Mayor). The resolution stated that the Belleville Times should no longer be used for legal advertising. Unfortunately, even if I were present, the resolution would have been passed, 4-3. No one as of yet has come up with an explanation as to why the resolution was even on the agenda. But you see in Belleville no logical explanation is ever needed as long as you have the arithmetical advantage!

According to my recollection, American History Classes always taught that our country was founded on the four freedoms. Among those freedoms and protected by the First Amendment is the freedom of speech. How cherished this amendment is. So much so that Americans throughout history have fought and died to protect this right.

As a Belleville Councilman I can say I don't agree with all I read in any of the newspapers. Similarly, as a Councilman I can accept the criticism and ridicule by newspaper editors, reporters, townspeople, peers, employees, friends and even family members. But I can't feel vindictiveness because we disagree! Of course we naturally become upset, but we must still be responsible as decision makers. Clearly, the Council took the popular and personal stance to oust one of our legal advertisers, but was it the responsible decision?

I see we now have a new editor at the "Belleville Post" named Denise Sansone. Welcome, Denise, but be careful, if you disagree you too may face a resolution! You should learn from the start to write only what people want to read. The

• **DEADLINE** for filing candidate petitions for School Board vacancies is next Thursday.

Belleville's two incumbents are seeking re-election. They are Patricia Pisano and Vincent Morrone. Three others, Barbara Cicalese, John Notari and Robert Molinaro are vying to fill the seats.

Bloomfield incumbents, Tom Barton, Joseph Cerone and Ronald Sliminski are seeking re-election. Anthony Petillo a/k/a Tony Vincent is challenging.

Nutley's three incumbents are all seeking re-election. They are Attorney Rosalie Scheckel, Scientist Robert Rusignuolo and businessman Sam Battaglia.

In all races, worthy opponents are expected to offer challenges.

Members of the Board of Education serve without pay. Endless nights take up a board member's time. Committee and Public Board meetings consume much time otherwise spent at home with the family.

I applaud the volunteer spirit of board members. If incumbents serve the best interests of students and taxpayers, they are worthy of re-election. I normally support any incumbent who has a record worthy of support.

Bloomfield incumbents, Tom Barton, Joseph Cerone and Ronald Sliminski have earned re-election. My personal friend, Tony (Vincent) Petillo, is one of the most likeable persons one could call friend. In the present situation, with overwhelming demands upon taxpayers, intimate, first-hand knowledge of the school system best serves the needs of our students and taxpayers.

For the above reasons, I like Rosalie Scheckel, Sam Battaglia and Robert Rusignuolo in Nutley and Patricia Pisano and Vincent Morrone in Belleville.

• **WHILE** campaigning for President, Bill Clinton said he was going to "tax the rich" and reduce taxes for the "middle class." Campaigner Clinton defined the rich as those folks earning annually \$200,000 or more. Since his election, Clinton has not only redefined "the rich", but has added more burdens to the average taxpayer.

Post-election Clinton now appears to

define "rich" as anyone earning annually \$30,000 or more. These same taxpayers are being asked by Clinton to pay taxes on all forms of energy.

Senior citizens seem to be a special target for Clinton. Most senior citizens now pay a tax on 50 percent of their Social Security benefits. Clinton proposes to tax Social Security benefits at 85 percent. Those — notwithstanding the fact that those of us on Social Security paid Social Security taxes and income taxes on earnings that produced Social Security income.

The secret to having money for one's older years is to be found in how a person manages one's money. Under Clinton's proposal, when it's managed fairly well, he proposes to take it from the good managers and give it to poor managers.

Clinton advisers have under consideration levying higher taxes on "unearned" income such as the interest and dividend savers. They are thinking about cutting Social Security and Medicare benefits to people with too much income.

Some of the upper income retirees worked hard for many years and receive their high income from interest and dividends generated by their lifelong savings.

Some of us could get along now without Social Security but we paid for it, and we should not be denied income for which we invested over fifty years. As times permitted, we saved and so today we have supplemental income to add to our Social Security check. Now — should we be penalized for saving money?

In the real world retirees with "too much" income already are being penalized. Retirees whose income increases because of interest and dividends have to pay taxes on one half of one's Social Security benefits.

In the face of all this, one begs the question, "How will you feel when you reach retirement age and your Social Security benefits are limited because you had enough sense when you were younger to live within your means and invest wisely?"

A lifetime of careful budgeting and living should not be penalized by reduc-

ing benefit payments simply because you were successful in planning your future.

• **AN** old time boyhood neighbor and family friend died in Tampa, Florida this week. He was Michael Rosamilia, a native of Belleville-Nutley "Big Tree" neighborhood. He distinguished himself as a scholar and educator. His life's work was education. He retired from the Belleville School System as Assistant School Superintendent after serving a period of time as Acting Superintendent. Mike was a visionary with a high intellect and soft, gentle manner. During his lifetime, he only made friends — never an enemy. Mike, wherever you are — and I think I know — may God bless your soul and grant you eternal peace.

• FROM OTHER PENS:

• An empty stomach is not a good political advisor.

• These unhappy times call for the building of plans...that build from the bottom up and not from the top down; that put their faith once more in the forgotten man at the bottom of the economic pyramid.

• Remember, remember always, that all of us, and you and I especially, are descended from immigrants and revolutionists.

• If everyone is thinking alike, then somebody isn't thinking.

Mr. and Mrs. George Bowes at awards ceremony, shown with Board President Ron DePiro.

George T. Bowes honored as 'Realtor Emeritus'

At the annual Installation Dinner of the Board of Realtors of Bloomfield, Belleville, Nutley and Glen Ridge, held on December 16, 1992, at Nanina's Restaurant, a special award was given to one of Nutley's first Realtors, George T. Bowes.

Ron DePiro, current president of the board, presented Mr. Bowes with an award certifying him for Realtor Emeritus status, celebrating Bowes' 50 years as a member of the National Association of Realtors.

Mr. Bowes started in Real Estate in 1927 with the office of Frank H. Taylor in East Orange. In 1933, he came to Nutley with the old Nutley Mortgage Company. Then, in 1939, he moved his entire family to Nutley, where he still

resides with his wife, Gerri, of 63 years.

By 1940, Bowes had opened an office on Chestnut Street and in that same year, helped establish the multiple listing service for the current Board of Realtors. In 1953, he moved that office to 675 Franklin Avenue, only to renovate a two-family house and move again to 681 Franklin Avenue in 1975, where his office is currently located.

Mr. Bowes, the eldest member of the Board of Realtors of Bloomfield, Belleville, Nutley and Glen Ridge, accepted the award from DePiro and gave his sincere thanks for the recognition.

Here's to another 50 years, George!

Mrs. Nash was a registered nurse many years ago with the St. Barnabas Hospital in Newark. She was graduated from the St. Barnabas Hospital Nursing School, Newark, in 1926.

Mrs. Nash was a member of the Bloomfield Kitchenaires, a volunteer with the Bloomfield Red Cross and a deacon with the Bethany United Presbyterian Church, Bloomfield.

Born in Belleville, she lived in Bloomfield before moving to Neptune five years ago.

Surviving are two sons, William H. and James H. Jr.; six grandchildren and four great-grandchildren.

Louise Gonsalves, 90

A Mass for Mrs. Louise Gonsalves, 90, of Belleville was offered Feb. 22 in St. Anthony's Church, Belleville, after the funeral from the LaMonica Memorial Home, Bloomfield.

Mrs. Gonsalves died Feb. 19 in the Montclair Community Hospital.

She was an assembler for the Marsol Co. in Belleville from 1958

to 1971. She had been president of the Essex County Senior Citizens and a member of the Christian Mothers of St. Anthony's Church and the West End Ladies' Auxiliary.

Born in Newark, Mrs. Gonsalves settled in Belleville in 1904.

Surviving are a son, Michael Diglio; a daughter, Mrs. Pam D'Onofrio; six grandchildren and four great-grandchildren.

Margherita Nardi, 84

A Mass for Mrs. Margherita Nardi, 84, of Belleville was offered Feb. 23 in St. Anthony's Church, Belleville, after the funeral from the Zarro Funeral Home, Bloomfield.

Mrs. Nardi died Feb. 19 in the Essex County Geriatrics Center,

Cedar Grove.

Born in Italy, she moved to Belleville 21 years ago.

Surviving are a son, Frank; two daughters, Mrs. Nicolina Violante and Gina; a sister, Anna Fortunai three grandchildren and a great-grandchild.

Kennedy files for Freeholder

Kevin G. Kennedy has announced that he is a candidate for Republican nomination to the Freeholder seat in the First District. The Primary Election will be held June 8.

"I feel for far too long, the citizens of the great city of Newark and the Township of Belleville have been taken for granted," Kennedy told a group of supporters.

He said he planned on "putting people first and doing what is best for the 1st District."

"It is about time we have a Freeholder who will get out and communicate with the people of the District more than at election time," he said. He said he would be a Freeholder for all the people of the 1st District.

Resident earns honors

Belleville resident Kitikorn Tangwongchai is among the 261 students at St. Peter's Preparatory School, Jersey City, who have earned academic honors for the second marking period, announced Jack

Raslowsky, principal of the Jesuit school.

Kitikorn, a sophomore at the Prep and a graduate of Good Shepherd Academy, received Honorable Mention.

Letters to the Editor

(Continued from page 4)

truth is second, and accuracy sometimes doesn't count, and then again it sometimes does depending upon whose point of view you either agree or disagree with.

A brief comment on Russell Roemmele's "Along Second River" column in the Post's last edition. I would suggest Mr. Roemmele consult with Bob McFadden, Belleville's local historian who may enlighten him as to why our Township should be designated as the "Birthplace of America's Industrial Revolution." Granted it had started somewhat; and as sure as Europeans can lay undisputed claim that it had its foundations in England and Scotland, it surely found its way (vis-a-vis the steam engine) to our shores.

The "Iron Age" began once iron ore was smelted and formed — the Industrial Revolution clearly started with the advent of the steam engine. Precisely where in America? We people (and not the overwhelming majority I might add) think it started here in Belleville. You may refute that claim but a significant amount of evidence leads me to believe Mr. Roemmele is quite wrong in his column's argument.

Jim Messina
Councilman, 1st Ward

Notari is candidate

To the editor:

I would like to take this opportunity to announce my candidacy for the Belleville Board of Education. I am a lifelong resident of Belleville and a graduate of Belleville High School.

I am not a politician and have never been involved with politics. I am an educator. As a board trustee I will take an active role in implementing my expertise and knowledge which stems from the classroom to serve the needs of our children of Belleville. Working with children everyday I understand their problems, needs, concerns, difficulties and achievements. As a board trustee I will work closely with our children and parents.

I certainly believe in education. I currently have completed two master degrees in the fields of communications and English. I am currently in the process of completing my third masters in administration supervision. I have been employed for 11 years with the Clifton school system currently teaching English at Clifton High School. For the past two years I have been a part time professor at the Stevens Institute of Technology in Hoboken.

I believe in our children and their future. The word, education is gold. As an educator I have introduced programs such as, getting the senior citizens to work with students during the actual school day. A program which I would like to introduce in our Belleville schools. The senior citizens are a vital part of our community and our children can learn from them.

I believe in Site Base Management, where parents and community work closely with administrators and the board of education serving on various committees for the good of our schools. I want to stress that I do not believe in closing schools. I firmly believe in the neighborhood schools. I want our children to feel secure knowing that the school they are attending will remain open. I want an in-depth college middle program, and high standards to improve SAT scores.

As taxpayer of a one family home in Belleville I am deeply frustrated with the continuing high tax increases. The high tax situation is a critical problem, and we need a change to benefit our taxpayers. I have a great concern for our senior citizens who live on a fixed income and many pay their own medical insurance. The senior citizens are a vital part of our community and I do not want them to be forced to leave Belleville due to the runaway school taxes. As a board trustee I want to be conservative with our school monies so we can stop tax increases. Let's give our children the excellence in education that they truly deserve at a cost affordable to the taxpayer.

I need your support and after April 20th, you will have my full support.

the Kool Kukumber Boys, is going into the hotel business. "This will be for Belleville officials who actually live out of town, but need a Belleville address. We figure that Doc Noonan has his Summer Home most of the year in Clifton; The Mayor is practically out of town - whoever sees her in town?; Charlie Cerami turns up only on Thursdays for his lunch with the Manager and the Assessor, and Mario is actually the Mayor of Palm Springs, California, to be near Cher. They all need a home, and we'll provide it!" ●●●●● Our Official Copy Cat, Baldassaro DiVincenzo Mitten, says it's a good thing he doesn't get car sick. "First, I jumped into the Mayor's car when she went to see former Senator Gabe Ambrosio, who she asked for an introduction to Governor Florio. Then I hopped into the car when she drove down to Trenton to ask Governor Florio for Ambrosio's place on the next ballot. The last I heard, Ambrosio is searching Belleville for anybody who isn't Marina to be on the Assembly line when he runs again for the Senate. And they claim cats ain't loyal!"

Middle school students visit Newark Museum

One hundred Belleville Middle School students and their teachers recently visited the Newark Museum. The students participated in two programs — one on Africa and one on birds of prey.

At the African exhibit, students chose an African name for the day. They then learned about African customs, instruments, clothing and symbolism from various parts of Africa. The students enjoyed playing African instruments, trying on traditional clothing and wearing masks. This portion of the program

concluded with a slide show of scenes from traditional and modern Africa.

Next, Mr. Bill Robinson, a naturalist, gave an interesting talk on birds of prey. Handling his own red hawk, falcon and owl, Mr. Robinson demonstrated the animals' prowess at flying and hunting for food by letting them loose in the auditorium.

The students enjoyed this multicultural and science program at the Newark Museum.

D.A.R.E. unit ready for ski trip

The Belleville Police Department D.A.R.E. Unit is preparing to participate with approximately 120 sixth grade students in a ski trip to Campgaw mountain on Feb. 26.

The program is meant to show students how to have fun without the use of drugs or alcohol. The program was put together by Det. Craig Mack and Lt. Joseph Rotonda.

The cost to each student is minimal and the cost of transporting the students to and from Belleville is being paid for in a grant from the Belleville Alliance for Substance Education.

Campgaw mountain is located in Mahwah, approximately 35 minutes from Belleville.

Sean MacDonald serves in Navy

Navy Seaman Recruit Sean P. MacDonald, son of Gregory G. and Gail L. MacDonald of Belleville, recently completed basic training at Recruit Training Command, Great Lakes, Illinois.

During the cycle, recruits are taught general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 45 occupa-

tional fields. Studies include seamanship, close-order drill, naval history and first aid.

The 1992 graduate of Queen of Peace High School, North Arlington, joined the Navy in March 1992 under the delayed entry program.

FAILING TO FOLLOW
DOCTOR'S ORDERS

There is an epidemic in this country that is almost entirely preventable. Physicians call it an epidemic of non-compliance. Other health officials simply label it as a failure to follow doctors' orders. Whatever name it goes by, the numbers are alarming. According to the National Council on Patient Information, 30 to 50 percent of all prescriptions dispensed by physicians are taken incorrectly. Twenty percent of patients never even bother to fill their prescriptions, and one in seven stops taking the medication prematurely. One patient in three who gets the prescription filled the first time, neglects to get refills ordered by doctors. The reasons behind noncompliance are many, but one fact is undeniably true. Patients cannot expect to get well if they don't take their medicine.

If you are not taking your medication because it is causing a gastrointestinal side effect ask your pharmacist if it can be taken with meals or milk. Questions are gladly answered at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. Our stocks include greeting cards, cameras and film, gifts, baby needs, cosmetics and toiletries. We are Medicare and Blue Cross approved. Open: Daily 9am-10pm, Sundays 9am-9pm.

HINT: Patients should report to their physicians half-way through their medical treatment to re-evaluate the medication's effectiveness and importance.

Honeymoons on St. Maarten are romantic, relaxing and reasonably-priced

The present economy is making everyone hesitant about spending money, and newlywed couples are no exception. With so many things to save for in their future, honeymooners want to avoid any unnecessary costs on this special vacation trip. At the same time, they don't want to give up the fantasy of a romantic, exotic getaway destination.

Honeymooners today can enjoy the best of both worlds — economy as well as a memorable post-wedding getaway — on St. Maarten, the smallest principality in the world shared by two governments, Dutch and French.

With its renowned gourmet restaurants, dazzling white sand beaches and intriguing Dutch/French culture, St. Maarten has long been a favorite spot for honeymooners. Most St. Maarten hotels, inns, villas and guesthouses offer special honeymoon packages whose attractive prices should put spouses-to-be at ease.

Various St. Maarten properties offer honeymooners special rates on suites, and often add champagne, a wedding cake, and other surprises to the total package. Complimentary amenities for the newly-married couple can include T-shirts, sunset cruises, a vacation photo album, beach towels — and even

limousine service to and from a select restaurant. When shopping around for the perfect honeymoon retreat, inquire about honeymoon offerings.

St. Maarten is the ideal honeymoon destination for a number of reasons. Its convenient eastern Caribbean location makes it easily accessible, with effortless and plentiful air service from throughout the U.S.

Combined with easy-going ambiance, an English speaking culture, and American dollar economy, St. Maarten is a stress-free and unhurried vacation experience. In addition, St. Maarten's status as a duty-free port allows visitors to enjoy the best values in shopping at the lowest prices.

Restaurants on Dutch St. Maarten are plentiful, offering a variety of cuisine in all price ranges. For a true St. Maarten dining experience, try Indonesian *rijstafel*, a delicious array of some 30 dishes, including chicken, pork, shrimp and tropical fruits, that was brought back from the East Indies by Dutch settlers.

French creole dishes, such as lobster or shrimp, are always popular on restaurant menus on St. Maarten. And, for the less adventurous, there is fresh fish, chicken, barbecues, and American

hamburgers, hot dogs, and ice cream.

St. Maarten's beaches have earned five-star rankings, allowing honeymooners to experience some of the best sunning and swimming anywhere. After months of frantic wedding preparations, most couples can "kick back," relax, and enjoy the sun and sand of some of the world's greatest beaches — located in St. Maarten.

Golfing, tennis and an array of watersports, along with warm temperatures and sunny skies, add to the summer pleasures on this tiny bit of Europe set in the blue Caribbean.

And...when the sun goes down, the nightlife begins. Casino action, discotheques, or midnight strolls along the Caribbean Sea are perfect bills of fare for newlyweds.

Year round, Dutch hospitality and French *joie-de-vivre* greet St. Maarten honeymooners, on the island that invites its honeymooners back again and again to celebrate anniversaries and significant milestones.

For further information about St. Maarten and honeymoon packages, contact: St. Maarten Tourist Bureau, 275 Seventh Avenue, New York, NY 10001-6788; 212-989-0000.

MEN OPTING FOR MORE STYLE IN WEDDING BANDS

Diamonds may be a girl's best friend, but today's bridegroom likes them, too. In 1990, ninety percent of all bridegrooms opted to seal their nuptials with a wedding band. And of that group, one in five chose a diamond wedding band.

"Most of today's brides and grooms want their choice in wedding bands to reflect the unique nature of their love for each other," says Michael D. Roman, chairman of the board of Jewelers of America.

Since many modern couples shop together, grooms are now opting for a wedding band style similar to that of their bride's.

There's nothing "fussy," however, about today's diamond settings, and matte gold or platinum settings make these bands stylish as well as thoroughly masculine. And there's a diamond wedding band to match every purse size.

Taking the guesswork out of wedding gifts

Josie, a newlywed from New York City, was disappointed with her wedding gifts. Although she had carefully registered for the china, crystal, and flatware patterns she wanted, most of her guests neglected to find out where. Instead, Josie received eight vases, five picture frames, three sugar-and-cream-er sets, and only one-and-a-half place settings. She had hoped to begin entertaining friends at home right away, but all her free time after the wedding was spent returning unwanted gifts and haggling with salespeople.

The bridal registry will take the guesswork out of wedding gifts, but only if it's used correctly by the couple and their guests. Here, from *Bride's* magazine, are twelve golden rules for smooth and successful registering:

1. **Register three to six months before the wedding.** If you register earlier, some seasonal patterns and promotional items may be out of season by your wedding day.

2. **Visit the store during off hours,** to examine patterns and consider choices in a relaxed and tranquil environment.

3. **Give yourselves plenty of time.** These are important decisions, and you should think them over. Many brides-to-be first come in alone to narrow down their selections, then return with their fiancés to make final decisions.

4. **Take advantage of registry consultants.** These experts are invaluable sources of advice about everything from wedding etiquette to bone china.

5. **Be descriptive.** Don't write down just any number on the registry form—it may not be the style number. Include as much description as space allows.

6. **Register in a price range.** Include high-priced gifts for guests who can afford them, less-expensive gifts for shower guests and guests on limited budgets.

7. **Use your imagination.** China, crystal, silver, linen, and housewares are classic wedding gifts—and perennial favorites with brides and grooms—but consider registering for furniture, sports and camping equipment, gardening tools, computers, stereos. Several specialty stores and mail-order catalogues now offer reg-

istries as well, for gifts from antiques to CDs.

8. **Don't overlap.** Register for each item in one store only, otherwise you will go crazy keeping track of gifts that have and haven't been purchased.

9. **Never announce your registration in wedding invitations**—this implies that gifts are as important to you as guests. Friends and family can make sure word gets out.

10. **Save mailing labels from the packages you receive.** If you decide to return the gift, the label may be your only proof of purchase.

11. **Keep a running gift list.** Make a note of each item you receive, who sent it, and any thoughts that come to mind when you unwrap it. This will make writing thank-you notes easier; once gifts start piling up, cards are easily misplaced, and your memory becomes unreliable.

12. **Follow up with your bridal registrar.** Contact her after the shower to compare notes; after the wedding, fill in any purchases that weren't received from guests.

Pearls please the bride

This season many brides are choosing cultured pearl jewelry for that special day. Pearl jewelry has a traditional quality and provides elegant styling at the same time.

Single, double or triple strands of cultured pearls are perfect for any neckline. Multi-strand bracelets are popular as well, particularly with gold and diamond bar accents.

A variety of earrings are in vogue, including subtle, yet eye-catching, pearl studs or dangles. Rings, especially bold pearl rings set with diamonds and gold, are a popular gift selection for the bride.

Jewelers of America, the national organization dedicated to consumer information and education about fine jewelry, says cultured pearl jewelry remains the accent of choice for brides today because it brings out the color of the wedding gown and the glow of the bride as well. Pearl jewelry also is extremely versatile, and will be worn long after the gown is put away.

For a brochure on what you should know about cultured pearls, write to Jewelers of America, 1185 Avenue of the Americas, 30th Floor, New York, NY 10036.

Great-tasting coffee

THE HIGH TECH coffeemaker every new couple will adore, Melitta's IBS interval brewing system cone coffeemaker has patented technology never before available. In the IBS Super model (available in 5 cup and 10 cup versions) hot water is collected to a predefined level in the interval brewing chamber, then released into the cone filter, where ground coffee is swirled around by repeated gushes of hot water in one cup intervals. This surge brewing achieves optimal extraction of coffee flavor and aroma. Melitta's new IBS also includes exclusive design features which minimize heat loss — so coffee lovers get hot, flavorful coffee in a tasteful, modern design.

SMUDGE-PROOF LIPSTICK FOR YOUR WEDDING DAY

Brides-to-be: Join a new club — the Moodmatcher Lipstick Lovers Society — for valuable tips to avoid lipstick smears on guests and the groom at your wedding.

To become a charter member, Fran Wilson Creative Cosmetics, manufacturers of Moodmatcher 12-hour lipstick, invites all brides to share your lipstick pet peeves and embarrassing or interesting lipstick tales. Replies will be incorporated into the official Moodmatcher Lipstick Lovers Manual, filled with kissing etiquette for the '90s.

Send to: Moodmatcher Lipstick Lovers Society, P.O. Box #3728, Grand Central Station, New York, NY 10163. Each entrant receives a free manual — and the best letter wins enough Moodmatcher lipstick for up to 250 wedding guests.

PRACTICAL POINTERS

The experts at *Bride's* magazine offer the following tips regarding the tricky task of reception seating:

• **When selecting a reception site,** couples should ask how many tables are available, where they are positioned, and how many guests can fit at each.

• **Buffer-style receptions** do not require formal seat assignments, but if the reception features a served meal, a seating chart and place cards help things run smoothly.

• **Guests' names** should be written on both sides of place cards so those across the table can see and remember them once they've been introduced.

• **The bridal party** is often seated with the best man at the bride's right, maid of honor at groom's left, then the rest of the party at their sides, alternating men and women.

• **Parents, clergy members** and other close relatives usually comprise a family table. A modern-day etiquette note: Divorced parents should be seated separately, each hosting their own table.

Belleville

SPORTS

Bucs, Bloomfield among favorites

Districts here tomorrow

By Joe Piegare

The Belleville High School wrestling team performs each year in an almost identical manner. First, they have a winning record. This year's record was 10-6, the 19th consecutive winning record for the Bucs. Then they win, or challenge for, the league title. St. Joseph's edged BHS for the NNJL Pacific Division championship on the last league dual meet of the year.

Third, the Bucs earn an invitation to the State Sectional Playoffs. This year was the 12th year in a row for the Belleville team to rate such an honor.

Fourth, Belleville finishes first or second in the District championships at season's end. Our Bucs have been No. 1 or No. 2 in the Districts every year since the 1980-81 season. This year should be no

different. Bloomfield High School is the clear favorite to win the Districts this year, with Belleville expected to finish second.

For years, this district was one of the most difficult in all of New Jersey. But the absence of St. Benedict's (no longer a member of the NJSIAA), Glen Ridge (relocated by the state to another district), and Essex Catholic (one of Belleville's long time rivals) has greatly weakened this once proud district.

The replacements, Newark East Side, Weequahic and Montclair, are all non-wrestling schools. What was once one of the most difficult districts in the state has become one of the weakest. As was the case last year, this will again be basically a tri-meet among Belleville, Bloomfield and Nutley.

This year's predictions, without

further procrastination.

103: John Perna should breeze in this bracket. With a 23-0 record and 16 pins, John has already pinned the top two challengers in dual meets. Lou Venezia of Bloomfield and Joe Critelli of Bloomfield will vie for the runnerup position. Montclair's Jason Clark could sneak in for a medal if he draws a seed in the lower bracket.

112: Isaiah Cardinale of Belleville and Anthony Frezza of Bloomfield are the only real talent in this weight class. Isaiah is 22-0 with 16 pins, while Frezza has only two losses this year — one to Isaiah Cardinale and one to Joshua Cardinale.

Isaiah should win this bout in the finals. However, if Frezza does manage to pull an upset, look for this weight class to sponsor the District 14 Outstanding Wrestler.

119: This division could be wrestled as a round robin and still be finished in less than an hour. Joshua Cardinale, 22-1 with 14 pins, is that far ahead of the class. Nutley

has Anthony Marinello, but Josh has already packed him in a dual meet. Bloomfield has either Phil Naorana or Mike Russo. Both wouldn't last six minutes with Cardinale.

There was a rumor circulating during the Belleville-Bloomfield dual meet that Anthony Frezza was having a heck of a time making the 112 pound weight limit. Talk was of a move up to 119 pounds in the districts. Even if that did happen, and it won't, the pick would still be Joshua Cardinale, easily.

125: A difficult division to cover. Belleville's Mark Bianchini is 17-5 with six pins. Bloomfield's Gary Carloni has an outstanding record and a 10-5 decision over Bianchini in a dual meet.

Everything on paper seems to point to Carloni as the eventual victor. Mark has never done well against an opponent when he has met that person more than once. Additionally, Carloni was much better on his feet in their only other

Once again, we start this week with a reminder that the Belleville Hall of Fame will hold its annual dinner tomorrow evening, February 26, at the Chandelier. The dinner will commence at 7 p.m.

The inductees for 1993 will be Carolann Salerno, Dave Rothwell, Richard Ruffalo, Brian Cook, Desiree Johansen, Mike Gibbons, Laura Caruso, the late William Bennett and the 1982 girls' varsity crew team.

Contact Belleville Athletic Director Karen Fucello at Belleville High School if you have not obtained tickets. You can also contact a member of the Belleville Athletic Council.

As you may be aware, I have been asked to be the guest speaker at the dinner, and I'm really looking forward to it. I promise, however, not to spend 35 minutes talking about things that might not interest many people. The night is truly for the Hall of Famers, and I'll make sure the speech is directed toward them. I'll also make sure the Hall of Famers are gaining center stage on "their" night.

SAM FUSARO

I've known this guy for at least 20 years now. Sammy Fusaro, without a doubt, a character in every sense of the word, is the head varsity wrestling coach at Bloomfield High School.

And I'm here to tell you that Sammy, who comes from very good stock, is doing a phenomenal job. He's doing so well that he led his team past his alma mater last week when Bloomfield defeated Belleville in a dual match, 33-26.

Tomorrow night, Sammy comes back to Belleville, this time for the district championships. Belleville and Bloomfield are once again favored to battle it out for supremacy.

Our wrestling guru, Joe Piegare, is giving a slight edge to Bloomfield for overall superiority this year. But don't count out the Bucs, especially in the lower weights where Belleville has dominated.

A little background on Fusaro. He went through the Belleville school system and was graduated from Belleville High in 1978. The Class of '78 had plenty of characters and Sammy was right at the top.

After graduating from Belleville, he attended Seton Hall University and earned a degree in physical education. He did some coaching at Belleville during the football and crew season in the mid 1980's, then moved on to Bloomfield, where he has made some marvelous contributions.

I've known Sam since the early 1970's, when he and his brother, Jimmy, helped their dad deliver milk. The elder Fusaro ran a very successful milk route in Belleville for many years. Sammy and Jimmy would be out delivering milk around 5 a.m.

Today, Jimmy holds a very successful job in the corporate world and Sam has established himself as an outstanding teacher and coach.

I'll be rooting for Belleville this weekend, but I would also like to wish Sam Fusaro good luck this weekend. He's a Belleville native, and even though he wears the Bloomfield red and gray proudly today, he is a true Bellevilleite.

SPEAKING OF WRESTLING...

The "second season" of high school wrestling is now underway with the districts being held in Belleville.

Most of you know of the fine tradition attached to wrestling in our township. According to Piegare's article this week, the 1992-93 campaign marks the 19th straight season that the varsity wrestling program has compiled a winning record.

I've seen my share of wrestling matches, but without question, my all time favorite occurred back in February of 1976.

To give you a little background, I was a senior at Belleville High School then. To give you an idea of how long ago that was (although it doesn't seem that long), Belleville senior Connie Bianchini was one year old then and Andrea Curran, who plays for the girls' basketball team at Belleville today, wasn't even born yet.

Anyhow, I was a senior at Belleville High, getting ready to choose a college (I wanted to major in journalism back then), and I was writing a column called "Lamberti on Sports" for the Belleville Times/News school page.

Getting back to the match, Belleville was host to

If Cheryl Marion decides that coaching is not for her, she could become a spokeswoman for Rogane by Menozzidi, the formula used for people who lose their hair.

Marion must have pulled out a number of hairs from her head last week in sheer frustration as she watched her team split two games, losing in OT to Clifton 32-30 and beating Paramus in a lackluster game, 39-25.

The Lady Bucs were 7-12 heading into last Tuesday's game at Barringer. The season comes to an end this afternoon when Passaic comes to Buccaneer Garden for a 4 p.m. contest. Belleville was considered a slight favorite to win both games.

As for last week, Marion watched her team lose a two point decision at Clifton in overtime.

"Turnovers, turnovers, turnovers," the coach said in frustration after the game. "We play a tremendous defensive game, we hold their top player pretty much in check and we cannot capitalize when we had the chance to win."

"This is the fourth game we've lost like this this season. Add four

wins and take away four losses on our record and the season could be that much more successful."

The Lady Bucs have lost by two points to Clifton and by three points to Irvington, Hackensack and Columbia.

Against Clifton, Belleville trailed for most of the contest but used a solid fourth quarter to pull even. The Lady Mustangs led 9-8 after one and 17-14 at the half. It was 23-19 after three before Belleville outscored Clifton 9-5 in the fourth quarter and tied the game at the end of regulation time.

However, in OT, Belleville was held to two points and Clifton pulled out a 32-30 win.

Belleville was without the services of freshman point guard Marie Acuna, who will miss the remainder of the season with an ankle injury. With Acuna out, Adrienne Walsh and Andrea Curran shared the backcourt assignment.

"With Curran playing the point, it takes away from her offensive abilities," Marion said. "Walsh did a pretty good job, but not having

Jason Albert leads Bucs to 65-55 win over Paramus

As the season winds down, the Belleville boys' basketball team has set a goal of finishing at .500 or better. If the Bucs are to achieve that, it would be the first time in at least 25 years that a Belleville boys' basketball team had back to back winning seasons.

Belleville took a big step toward a possible winning season by beat-

ing league rival Paramus, 65-55 last week at Paramus. It was the only game the Bucs played, because of the inclement weather. Entering this week's action, Belleville was 9-10.

Don Roll's team battled Clifton last Tuesday. This evening, the team heads to Livingston for a 7 p.m. tip off. That will be the final

RECREATION ROUNDUP

Pre-school registration

The Belleville Department of Recreation & Cultural Affairs is accepting registration for the pre-school play program for 4 year old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 12:45 p.m. to 2:45 p.m. five days a week with class limited to a maximum of 23 students. The cost of the 32 week session is \$125. The mothers of the children accepted must participate by serving one duty day about every other 8 or 9 days according to a published schedule.

School will begin on Monday, Sept. 20, and will run through May 1994.

Children born between Oct. 1988 - Sept. 1989 who will enter kindergarten in September 1994 are eligible. Participants must be Belleville residents. Since there are just a limited number of openings, applications will be accepted on a first come - first served basis only.

Children must be able to speak and understand English in order to participate. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday-Friday 8:30 a.m. to 4 p.m.

A.S.A. Umpire tests

The Belleville A.S.A. Umpire's Association will be conducting the A.S.A. Softball Umpire's Test on Thursday, April 1, at 7 p.m. at the Rec House, 407 Jorammon Street. Any adult, male or female interested in taking the test should call the Belleville Recreation Department at 450-3422 to obtain an application for the test. There is a \$30 non-refundable exam fee that must accompany your application.

Persons who register for the test can attend the A.S.A. Softball Rules Clinic, to be given on March 16, 23 and 30 at 7 p.m. at the Belleville Recreation Department. These clinics are designed to prepare all potential umpires for the test on April 1. The clinics will be conducted by Frank Dario and Tom Ucci, two of Belleville's most

experienced umpires.

The registration deadline will be March 19. The course and test are open to all persons, 18 years of age and older. A 70% passing grade will be required. Successful applicants will then be qualified to umpire A.S.A. softball after paying their membership dues, and will be responsible for securing their own work assignments.

Baseball/softball applications

The Belleville Recreation Department has announced that applications for all recreation baseball and softball programs are available in all public and parochial school offices and at the Recreation Department office.

Boys ages 8-9 can play Peanut League baseball; 10-12 year old boys can play Junior League baseball, and 13-15 year old boys are eligible for Senior League baseball. Boys and girls ages 6-7 can sign up for Tee-Ball. Girls ages 8-14 can apply for all levels of recreation softball, including the Suburban team. Specific league structure/age breakdown for girls' softball will be determined after the registration deadline. In order to qualify for any league, the child must reach the minimum age before Aug. 1, and he or she cannot exceed the maximum age by July 31.

All leagues are for Belleville residents only.

High school freshmen or JV team players, or Suburban league team players (7th and 8th grade) are not eligible for the Rec leagues. All applications must be returned to the Rec House with birth certificates by March 19. Players trying out for the previously mentioned teams should complete Rec applications before the deadline in case they get cut.

In all cases, the applications must be completed in full and signed by a parent, and all returning players must re-apply. Applications accepted after the March 19 deadline will be considered late and will be treated accordingly. Late applications cannot be guaranteed entry into the league. The Rec House (407 Jorammon Street) hours for registration are Monday-Friday, 8:30 a.m.-12 noon and 1 to 4 p.m. The office will also be open one night each week (dates/times to be announced) for registration. All children attending required practices will play in every game. Our leagues stress sportsmanship, basic skills and fun.

League director needed

The Belleville Department of Recreation & Cultural Affairs is seeking one adult to serve as League Director for its Tee-Ball League. The part-time position entails supervision of league games / personnel and re-scheduling rainouts.

Anyone interested would preferably reside in Belleville and must be available Saturdays and Sundays. Qualified applicants must be sports-minded, responsible and must work well with people. This position would also be good experience for a college student majoring in recreation / physical education. For further information or to apply, call the Recreation Department at 450-3422.

regular season game of the '92-'93 campaign. Belleville will begin play in the state tournament next week when it plays at Bloomfield. As of press time, the date or time of that game was undecided. Roll did say it will probably be held either Monday or Tuesday and it could be a night game.

The game at Paramus was not easy, but the victory was a positive sign for the Bucs.

"It was a game we were supposed to win, and we found a way to get it done," Roll said. "It would be a nice accomplishment for this team to finish at .500 or better. We started off slowly, but the kids have played pretty well over the past month."

Belleville was enhanced by the return of junior guard Mike Mundy, who had suffered a severely sprained ankle two weeks ago.

"Mundy isn't 100 percent," Roll said. "We used him sparingly, but he gave us two three point baskets and did well in the short time we used him. Hopefully, he'll be healthier as the state tournament gets closer."

The Bucs led 11-9 after one quarter and 30-27 at the half.

"We never had a real big lead," Roll said. "We gradually pulled away. It was a good conference win for us, also."

Belleville had its best quarter in the third, outscoring Paramus 15-11

Recreation Track

The Belleville Recreation Department will be offering a recreation track program for boys and girls in grades 6, 7 and 8. The program will tentatively be conducted Mondays, Wednesdays and Fridays at the Stadium from 4 to 6 p.m. Scheduled to begin on April 2, the program will be designed to introduce aspiring runners to the fundamentals of track and field. Participation, rather than competition will be stressed. Training will consist of instructions and fun activities, instead of intense physical workouts. This year's program instructor will be Donna Lee Daudelin, a former runner for the Belleville High School Track team.

Children in grades 6, 7 and 8 who reside in Belleville are eligible. Those children who will be playing baseball or softball should not take part in this program, however, since practices and schedules will conflict. To register, come to the Recreation Department office at 407 Jorammon Street between 8:30 - 4:00, Monday - Friday, with your birth certificate.

and taking a 45-38 lead after three frames.

Dennis DeWick led Belleville once again, this time scoring 24 points. Ken Johansen had 12, Frank Means scored nine, Jason Albert continued his fine play, tallying eight points, Mundy had six, Mike Christy scored four and Mike Molina had two points.

Albert had a key basket in the fourth quarter that clinched the Buccaneer win.

"Jason is playing well," Roll said of the sophomore forward. "He has a lot of potential and is very aggressive on the boards."

The coach did note that his team should have won by a more comfortable margin.

"We make things interesting. We missed a lot of free throws down the stretch which should have opened the game up. But it's a win and at this time of the year, you don't ask many questions."

NOTES: Clifford Scott and Irvington will meet for the Essex County championship this Saturday afternoon at Essex County College. The Scotties won the ECT crown in '84 and '89, beating Montclair and Shabazz respectively in the championship game. Irvington won its first championship last year, stopping Essex Catholic in the title game.

In the 1980's, the winner of the ECT from 1980-89 are Weequahic, East Orange, Montclair, Montclair, Scott, Montclair, East Orange, East Orange, Shabazz and Scott. Shabazz won the '90 title, Seton Hall won in '91 and, as mentioned, Irvington won last year.

Pascack Hills on that day 17 years ago. Pascack Hills had a 57 match winning streak dating back at least five years. The team had defeated Belleville decisively in 1975.

Belleville was coached by Jim Silvestri, and going into the '76 match, the Bellboys were 12-1. It was the final regular season match before the post season and the feeling was Belleville, wrestling before the home crowd, could win this match.

It didn't look good in the early going, with only Carl Art and Vin Mustachio, winning their matches.

At 148 pounds, Belleville trailed 23-8. In the 148 pound match, Robert Villano tied his opponent, so Belleville trailed 25-10 heading into the 158 pound match.

The only way Belleville could win was by taking the rest of the matches. It appeared to be a tall order, but hope sprung eternal when Chris Tremel, who was undefeated until the regional finals, pinned his man at 158.

Now trailing 25-16, Belleville narrowed the gap even more when Keith Waddell, known to the fans as "Wildman" dominated his match at 170. Although Waddell didn't record a pin, he won a big decision and the score was now 25-20.

The 188 pound match was critical. Pascack Hills had two wrestlers who weighed in at 188. The strategy was to have one man wrestle at 188 and the other would move to heavyweight.

"They figured they would win, so they put the guy who would have been a better heavy weight at 188," Silvestri once told me. "Our guy was ready and we ended up winning the match."

Belleville's entry at 188, Ken Milano, wrestled the match of his life and prevailed, 3-1. His win closed the lead to 25-23 and set up the heavyweight match where Belleville's George D'Allesandro would look to complete the miracle.

A year ago, D'Allesandro entered the Essex Catholic match with his team trailing 24-19. The only way Belleville could win was by way of a pin, and George didn't disappoint. He pinned his man in the second period and the Bellboys won, 25-24.

Now a year later, George only needed to win the match. A pin wasn't necessary, but he avoided any drama by flattening his man early in the second round. Belleville won, 29-25 and the fans exploded on to the mat.

Who knows what kind of drama will unfold at Belleville this weekend. But if you were there 17 years ago, you know that the Belleville-Pascack Hills match was truly legendary.

They might even write a book about it one day.

Hicock retires from First DeWitt

Capping thirty-four years of service to First DeWitt Savings, including six as President, Robert K. Hicock of North Caldwell has announced his retirement from the institution.

In honor of his dedication to First DeWitt Savings, Hicock's fellow officers and board members officially adopted a resolution lauding his "Expertise, Integrity, and Fidelity." The resolution was presented to Hicock and read into the minutes by First DeWitt Savings Chairman and CEO Michael J. Quigley, III, during the December board meeting.

After graduation from Upsala College and service with the U.S. Army Armored Cavalry in West Germany, Hicock joined First State Savings, one of First DeWitt's predecessors, as a teller. He moved rapidly through the ranks and was ultimately elected President and made a member of the Board of Directors of First DeWitt Savings, both in 1986.

In addition to his tenure at First DeWitt, Hicock has been very active in local industry and community service organizations. He has served as an officer and director of a wide range of associations,

including the Manufacturers Association of North Jersey, the West Essex and Belleville Chambers of Commerce, Bloomfield Kiwanis, the United Way of North Essex, and the Board of Trustees of the First Presbyterian Church at Caldwell.

To mark his retirement, First DeWitt Savings held a reception for Hicock's fellow employees, local civic and business leaders. As master of ceremonies, Chairman Quigley noted Hicock's personal and professional contributions to First DeWitt Savings and the community, remarking that "Bob has

been an important part of this great institution, and a good friend to all. We will surely miss his expertise, and his companionship."

Current plans call for Quigley to take on the responsibilities of First DeWitt's presidency in addition to his duties as chairman and CEO. "For the sake of short term efficiency, combining the positions is the right move. However, we'll have to re-evaluate the situation regularly as First DeWitt Savings continues to grow," commented Quigley.

First DeWitt Savings, founded in 1885, serves New Jersey with ten offices located in Essex, Morris, Sussex and Ocean counties.

Essex County announces school essay contest

County Executive Thomas J. D'Alesio announced the 1993 state Division on Aging essay contest for school children in grades 4 through 12. Essex County students placed among the statewide winners in the '91 and '92 contest. The County Executive, who honored these previous winners, is urging an enthusiastic response to this year's contest.

The 1993 contest, entitled "Living Legacies," will celebrate Older Americans Month in May. The contest will focus on fostering inter-generational understanding and will highlight the rich diversity of cultural and ethnic heritage in New Jersey. In Essex, the contest is being

coordinated by the county's Division on Aging.

Essays are to be written about a senior citizen (age 60 or over) residing in New Jersey who has inspired the student. Winning contestants, the older adult subject of their essays, and the winners' teachers will be honored by Essex County and the State Division on Aging. Winners in the statewide contest will be awarded a U.S. Savings Bond.

Schools will submit their best essay in each of three grade levels categories to the Essex County Division on Aging located at 15 So. Munn Avenue in East Orange by March 6. Entries from the schools

will be judged at the county and state levels. Essays must be submitted through a school and cannot be accepted directly from students.

For additional information, call the Essex County Division on

Aging at 678-9700. Students and parents who are interested in the contest are encouraged to contact their teachers or school administrators for details.

Lacordaire names students

Sister Jeanne Catherine, O.P., Principal of the Elementary Division of Lacordaire Academy, announced the following students have achieved Honors for the second marking period. From Belleville: Lisa Ilaria, first honors; Lauren Policastro, Kelly Policastro, Heather Hurtuk, second honors. From Nutley: Kimberley McGuire, Carolina Moreno, Carolyn Palomo, second honors.

Sister Patricia Costello, O.P., Principal of the Secondary Division

of Lacordaire Academy, announced the following students have achieved Honors for the second marking period. From Belleville: Lisa Ilaria, first honors; Lauren Policastro, Kelly Policastro, Heather Hurtuk, second honors. From Nutley: Kimberley McGuire, Carolina Moreno, Carolyn Palomo, second honors.

'Second Season' begins

(continued from page 11)

up fourth in this talented weight class. But this kid Bianchini has something inside that makes champions out of also-rans. He has courage, and he has the confidence of his closest mentor, assistant coach Mike Iuliano. That's enough for Bianchini in an upset, by decision.

130: This weight class belongs entirely to Rich Galioto of Bloomfield. With a 23-1 record and three tournament titles to his credit, Galioto is the undisputed favorite. Nutley's Anthony Bellucci is a fine wrestler, but not yet in Galioto's class. Galioto could pin in every match.

Belleville could sneak in with a third if they get lucky and draw a seed in the bottom bracket. Any one of four Bucs could get the nod: Enrico Della Marced (4-8), Anthony Frantantoni (2-2), Rob Caputo (2-2), or John Spina (0-1).

135: A division loaded with underclassmen. Belleville has soph Jorge Hernandez (13-5 with six pins), Bloomfield has freshman Dan Pena, Nutley has soph John Sautier, and Montclair has junior George Kimball.

The title match should be Pena vs. Hernandez. Pena is a bit stronger and more aggressive. Hernandez is more technically sound and has great poise. Figure Hernandez to

win the crown in one of the better matchups in the tournament, but a victory by Pena would not be an upset.

140: This weight class has three legitimate contenders: Joe Miskiewicz of Bloomfield, Joe McNish of Belleville and Derek Lane of Weequahic. Lane finished second in last year's districts to Belleville legend Junior Nardone. Miskiewicz and McNish have split four bouts over the past two years. Of the three, Miskiewicz has shown the greatest improvement from last season. Lane is the strongest, while McNish has been the most erratic. Playing the percentages, Miskiewicz should win the title. However, if McNish can find a way to recapture last year's form, he could pull off a mild upset.

145: Not a bad weight class as districts go. Two time district champ Carlo Ritacco of Belleville (17-5 with nine pins) is the favorite. There are serious challenges from Pete Foster of Bloomfield, Dave Ocejo of Nutley and James Mid-dleton of Weequahic. Ritacco has beaten all three this season, but he has not been as overpowering as he was as a soph and a junior. Still, he should take this division easily, possibly with all pins.

152: Easily the most competitive of all the divisions. The finals should be a rematch from last year, with Montclair Immaculate's Marc Rosamilia scoring a decision over Bloomfield's Chris Minichini. John Yanuzzi of Nutley could beat out Minichini for second, and Belleville's Aris Cruz should wind

Belleville's Tom Haverick could place third if he can avoid being paired against Johnson or Costa in the first round.

HWT: Here we have a three way battle among Jeff Cronheim of Montclair Immaculate, Vic Cintron of Bloomfield and Carmen Lore of Nutley. Lore will finish third. Cronheim has already beaten Cintron this year, but the pick here is Cintron in a reversal of the earlier bout.

On a team basis, Bloomfield should win the title easily. Belleville could pull an upset, but that would involve overcoming great odds in the 125, 140 and 160 pound divisions. Nutley will probably finish third, but will be pushed hard by Weequahic.

Family care for disabled

CHR-ILL Service, Inc., along with the Visiting Homemaker Services of Bergen, Hudson and Passaic counties, announced the award of a New Jersey State Department of Health Expanded Competitive Initiatives Program grant to develop a program of care for the chronically disabled and frail elderly.

CHR-ILL has been serving the frail elderly and disabled populations of Belleville, Bloomfield and Nutley since 1948 to prevent unnecessary and premature institutionalization.

The program, North Jersey Coordinated Family Care, will establish safe, supervised, foster care homes to care for frail or disabled older persons when remaining in their own homes is no longer an option. The older person will become a member of the household while receiving meals, laundry service and any necessary personal care. The host caregiver is trained to provide appropriate care for the client and a registered nurse makes frequent supervisory visits to assure the client's well-being. The placements can be either for the short or long term. Coordinated Family Care will serve residents of Essex, Bergen, Hudson and Passaic counties.

The North Jersey Coordinated Family Care Program meets an urgent community need. It offers a cost-effective option for care in the comfort of a safe home environment. Nursing home care for the elderly is prohibitively expensive.

HAPPY ANNIVERSARY — Mr. and Mrs. John Siclari celebrated their 35th wedding anniversary Feb. 1. The Nutley residents were surprised with an 8-foot heart of red and white balloons in recognition of the day. Children, grandchildren, family and friends helped the couple celebrate their anniversary.

Retired senior volunteers topic at Friendly Visitors

The Friendly Visitors Program of Community Mental Health Services of Belleville, Bloomfield and Nutley will host Carol Leit, a representative from the Retired Senior Volunteer Program (R.S.V.P.), at today's meeting.

The group will gather 2 to 4 p.m. at Fewsmith Memorial Presbyterian Church, 444 Union Ave., Belleville. Refreshments will be served and a travel film through Italy will also be shown.

Interested newcomers are welcome at the meeting to learn more about the Friendly Visitors Program and R.S.V.P.

R.S.V.P. is an organization of

older adults who donate their time and talents to the community in which they live. Their motto is "Retired — with energy; Retired — with experience; Retired — with time and talents to share." The Friendly Visitors Program enjoys the support of many R.S.V.P. volunteers.

The next orientation and training program for new volunteers is 6 to 8 p.m. March 3. Alternate appointments are available upon request. For more information, call 450-3135.

Kearny Connection groundbreaking good news to county executive

Essex County Executive Thomas J. D'Alessio joined Governor James Florio and New Jersey Transit Executive Director Shirley DeLibero in a groundbreaking ceremony for the \$61 million Kearny Connection. The connection is

expected to provide more than 6,000 Morris and Essex passengers with direct service to New York City's Penn Station.

D'Alessio praised the governor for "demonstrating the state's com-

mitment to improving mass transit. By easing the trip commuters make via public transportation, we decrease traffic, protect the environment and make peoples' lives less stressful," he stated. "I support the state's commitment," he added.

Lady Bucs end season today

our regular point guard slows us down a little."

Colleen Mannion led Belleville with 11 points. Liz Ramirez and Mary Campbell had six each and Curran scored five.

Against Paramus, the Lady Bucs were far from impressive. It was the second time this year that Belleville had defeated the team from Bergen County and it was the second time the game was far from memorable.

"The first half was terrible," Marion said. "I thought the first half of the first game with them last month was bad. This was just as poor. We picked it up a little in the second half, but we need to be more aggressive than that."

Belleville led 12-7 at the half. (The girls led 13-6 at the half the first time the two teams met.) Both teams scored 13 points in the third quarter before the Lady Bucs outscored Paramus 14-5 in the final frame to pull away to a 14 point win.

Ramirez led all scorers with 15 points. Campbell had a season high 12 points, Mannion had ten and Curran was held to two points.

"It would be nice to win the final two games," Marion said. "We've been pretty competitive most of the season and a lot of our younger kids have had a chance to play."

NOTES: Clifford Scott and Liv-

ington will meet tomorrow night at Bloomfield High School for the county championship. Scott, which won the '81 and '92 titles, defeated Nutley in the semis while Livingston rallied in the final minute and edged West Side by two points.

In addition to winning the ECT in '81 and '92, Scott appeared in the championship game in '82, '83 and

'91, losing in all three instances to Shabazz.

This will be Livingston's first appearance in the title game. Scott and Livingston were the top two seeds when the ECT pairings were announced early in February.

By the way, Belleville Athletic Director Karen Fuccello is the director of the ECT.

SUPERIOR (CH) COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-7178-92 SECURITY NATIONAL BANK & TRUST COMPANY OF NEW JERSEY, AKA SECURITY NATIONAL BANK

Two new mortgage programs introduced by Valley National

While many prospective homebuyers have been able to take advantage of recent low mortgage interest rates, there are other segments of the population — including young families, first-time homebuyers and low and moderate-income households — which still have been plagued by the inability to achieve the American dream of home ownership.

For some, the major difficulty has been their inability to accumulate a downpayment, which traditionally runs 25 percent of the cost of the home — and more, or the ability to put down enough of a down payment to ensure their monthly payment is within their means. In other cases, the cost of "points" required by most banks can make the transaction unaffordable.

Valley National Bank, which serves residents and businesses in Bergen, Essex, Hudson, Morris and Passaic counties, has introduced two new mortgage products that are specifically designed to facilitate the purchase of a home. Importantly, consistent with the bank's "no-point philosophy," neither of the bank's mortgage products requires the payment of points.

Valley's First Time Homebuyer Program features an 85 percent loan to value, which means prospects need put down only 15 percent of the purchase price. The loans are five-year adjustable rate mortgages with a 30-year amortization, which keeps down the monthly cost. Interest rate caps protect the consumer from chaotic changes in the monthly mortgage payment. The maximum loan amount that may be applied for is \$203,150.

The bank's Affordable Housing Program, designed specifically for low and moderate-income fami-

lies, provides 30-year fixed rate loans at a loan to value of 90 percent (i.e., a 10 percent down payment), with a maximum loan amount of \$100,000.

"Unlike other institutions, we espouse a no-point philosophy across the board with our First Time Homebuyer and Affordable Housing loans, as well as with our 15-year fixed rate and adjustable rate mortgages," said Peter John Southway, Valley's first senior vice president for Retail Lending. "Other institutions might offer no-point programs as a special incentive, but no-point mortgages are the rule at Valley, rather than the exception. We find that not only are customers put off by points, but points often result in making a mortgage unaffordable. And since we want to make loans, we want to make them as affordable as possible."

Southway added that Valley's loan counselors will work with customers to select a mortgage product that is right for them.

"Our commitment to our customers goes beyond merely closing mortgage loans to providing responsive customer service," Southway added. "Our experience has proven that our focus on the specific needs of customers in our service area is most effective in establishing relationships with customers for the long term — and that's just why Valley National is 'The Bank That Works'."

Area residents interested in applying for one of Valley National's new mortgages should either contact their local branch manager or call Valley's Mortgage Loan Center at 1-800-522-4100, ext. 326.

With over \$3.1 billion in assets, Valley serves customers through 53 branches in 33 communities.

RESOLUTION ETHICAL STANDARDS BOARD TOWNSHIP OF BELLEVILLE, NEW JERSEY

RESOLVED by the Ethical Standards Board of the Township of Belleville, New Jersey that the following be and is hereby adopted as the Code of Ethical Standards for the Township of Belleville:

Local Government Officers or Employees under the jurisdiction of the Township of Belleville shall comply with the following provisions:

A. No local government officer or employee or member of his immediate family shall have an interest in a business organization or engage in any business, transaction, or professional activity, which is in substantial conflict with the proper discharge of his duties in the public interest;

B. No independent local authority shall, for a period of one year next subsequent to the termination of office of a member of that authority:

1. Award any contract which is not publicly bid to a former member of that authority;

2. Allow a former member of that authority to represent, appear for or negotiate on behalf of any other party before that authority; or

3. Employ for compensation, except pursuant to open competitive examination in accordance with Title 11A of the New Jersey Statutes and the rules and regulations promulgated pursuant thereto, any former member of that authority.

The restrictions contained in this subsection shall also apply to any business organization in which the former authority member holds an interest.

C. No local government officer or

employee shall use or attempt to use his official position to secure unwarranted privileges or advantages for himself or others;

D. No local government officer or employee shall not in his official capacity in any matter where he, a member of his immediate family, or a business organization in which he has an interest, has a direct or indirect financial or personal involvement that might reasonably be expected to impair his objectivity or independence or judgment;

E. No local government officer or employee shall undertake any employment or service, whether compensated or not, which might reasonably be expected to prejudice his independence of judgment in the exercise of his official duties;

F. No local government officer or employee, members of his immediate family, or business organization in which he has an interest, shall solicit or accept any gift, favor, loan, political contribution, service, promise of future employment, or other thing of value based upon an understanding that the gift, favor, loan, contribution, service, promise, or other thing of value was given or offered for the purpose of influencing him, directly or indirectly, in the discharge of his official duties. This provision shall not apply to the solicitation or acceptance of contributions to the campaign of an announced candidate for elective public office, if the local government officer has no knowledge or reason to believe that the campaign contribution, if accepted, was given with the intent to influence the local government officer in the discharge of his official duties;

G. No local government officer or employee shall use, or allow to be used, his public office or employment, or any information not generally available to the members of the public, which he receives or acquires in the course of and by reason of his office or employment, for the purpose of securing financial gain for himself, any member of his immediate family, or any business organization with which he is associated;

H. No local government officer or employee or business organization in which he has an interest shall represent any person or party other than the local government in connection with any cause, proceeding, application or other matter pending before any agency in the local government in which he serves. This provision shall not be deemed to prohibit one local government employee from representing another local government employee where the local government agency is the employer and the representation is within the context of official labor union or similar representational responsibilities;

I. No local government officer shall be deemed in conflict with these provisions if, by reason of his participation in the enactment of any ordinance, resolution or other matter required to be voted upon or which is subject to executive approval or veto, no material or monetary gain accrues to him as a member of any business, profession, occupation or group, to any greater extent than any gain could reasonably be expected to accrue to any other member of such business, profession, occupation or group;

J. No elected local government officer shall be prohibited from making an inquiry for information on behalf of a constituent, if no fee, reward or other thing of value is promised to, given to or accepted by the officer or a member of his immediate family, whether directly or indirectly, in return therefor; and

K. Nothing shall prohibit any local government officer or employee, or members of his immediate family, from representing himself, or themselves, in negotiations or proceedings concerning his, or their, own interests.

BE IT FURTHER RESOLVED that this Code of Ethics be published in the Belleville Times on February 25, 1993 and copies will be made available in the office of the Municipal Clerk; and

BE IT FURTHER RESOLVED that a public hearing on the Code of Ethics will be held on Wednesday, April 7, 1993 at 7:30 p.m. in the Second Floor Meeting Room at 383 Washington Avenue, Belleville, N.J. at which time the Ethical Standards Board will hear comments.

Meet Your Mayor

News, talk and information is what OBC-TV is all about; and we are hot, hot, hot! If you are interested in what's going on around you; if you want to know what the issues are, and have a lot of questions; watch Meet Your Mayor with Lee Spinelli. OBC-TV is Channel 20; TCI of North Jersey and Channel 26 Suburban Cable.

This week, Mayor Richard A. Mola from Elmwood Park talks about regionalization with neighboring towns and how they are pooling resources together in order to share municipal services. He will

also discuss what is being done to bring new businesses to Elmwood Park.

Tax reforms are in the works for the entire nation. Mayor Mola will talk specifically on what is being done in Elmwood Park concerning taxes. Other issues include senior citizens, volunteerism and upcoming projects. To find out about these issues and much more — tune in to Meet Your Mayor with Lee Spinelli on OBC-TV, Channel 36, Suburban Cable and Channel 20, TCI of North Jersey on: Feb. 25 at 7 p.m.; Feb. 28 at noon.

Front Page Edition

The hottest shows on TV today are those with news, talk and information, and OBC-TV 20/36 has all of that — and more! We have Lee Spinelli. She takes national and state issues and translates them into what's happening in our viewing area. For local news that's hot, hot, hot, watch Front Page Edition. Has public education in New Jersey made the changes needed to meet the 21st Century? The only way to find out is to ask the people who are responsible for education in each of the towns in New Jersey. This week Lee spoke to Virginia Frawley, president of the Bloomfield Board of Education, to answer this pressing question.

One of the major issues facing educators is sex education and AIDS prevention. Lee targets this problem and finds out what is being done in the town of Bloomfield to provide the best possible methods to educate their youth.

Some of the other issues they talked about include: parental involvement, use of school facilities for child care, and education reform. Lee Spinelli and her guest, Virginia Frawley, give the inside scoop on what is being done in Bloomfield schools.

So, tune in OBC-TV; TCI Channel 20; Suburban Channel 36: Feb. 27 at 10:30 a.m.; Feb. 26 at 8 p.m.; March 1 at 8 p.m.

Board of Realtors installs officers

The Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville held its annual dinner Dec. 16 at Nanina's in the Park, Belleville and installed new officers for its 1993 committees.

Officers of the board include Ronald DePiro, president; Louis Costantine, first vice president; Nicholas F. Yanuzzi, secretary and Dennis DeCarlo, treasurer.

Directors at large for 1993 include Jay J. Baumgardner, William D. Bowes, Angela IlGrande, Nina Kaeser, Camille Maas, George MacMunn and Margaret Monaco. The NJAR delegate is Lucetta Monteleone.

In attendance at the dinner were

most of the real estate salespeople on the board roster as well as board secretaries, various banking personnel and area attorneys. Also in attendance was NJAR treasurer Joe Harrigan.

District II vice president for the New Jersey Association of Realtors, Gloria Costello, officiated at the swearing-in ceremonies and spoke briefly.

President DePiro spoke to an audience that clearly felt not only the excitement of a new administration in Washington but a new level of consumer confidence. DePiro clearly demonstrated his expectations for 1993 as well as thanking his audience for a job well done in 1992.

Pictured above are officers of the BOARD OF REALTORS. Seated from L to R Louis Costantine, Lucetta Monteleone, Ron DePiro, Marge Monaco and George MacMunn. Standing in rear from L to R Jay Baumgardner, Nina Kaeser, Bill Bowes, Angela IlGrande, Camille Maas, Dennis DeCarlo and Nick Yanuzzi.

Windheim Plumbing and Heating has been in business in Nutley since 1911. To my knowledge we have advertised in the Nutley Sun since that time. Since a good percentage of our customers are in Nutley and the surrounding towns, I can say that advertising in your Service Directory has been very beneficial to our business.
