Mayor Pascrell gives his endorsement

Paterson and Belleville join hands in 'historic' agreement; No. 1 Industrial City - Birthplace of Industrial Revolution

By Howard Klausner

Mayor William Pascrell of the City of Paterson visited Belleville on Tuesday to end media-fed claims of dispute between Paterson and Belleville over the Township's claim to be Birthplace of The American Industrial Revolution.

"I have every regard for Belleville," Pascrell said.

"I see no reason why Belleville should not be recognized as the Birthplace of the American Industrial Revolution, just as Paterson is recognized as the First Planned Industrial City of America."

Daily newspapers in Passaic and Newark had raised claims that Paterson officials were upset by the House Concurrent Resolution 35 introduced in the Congress by Representative Herb Klein (D.-8th Dist.) seeking federal recognition

of Belleville's role in history.

Klein has also introduced legislation to have the federal government finance a National Historic Site around the Great Falls of Paterson.

Mayor Pascrell's initial response to questions about Klein's resolution was to defend Paterson's claims to historic recognition, and this was interpreted as opposition to Belleville's claim.

Mayor Pascrell accepted an invitation from the Belleville Renaissance Committee and the Belleville Times for a friendly discussion of the situation.

With his Administrative Aide, Edward Cotton Jr., Mayor Pascrell took the time to come to the offices of the Orechio Newspapers and then adjourn to an informal luncheon at the Tick Tock Diner on

Route 3, Clifton.

Attending the luncheon were Louis Cienia, owner of Charles Jewelers and Chairman of the Belleville Renaissance Committee; Belleville Councilman Thomas Spillane, a supporter of the effort to gain recognition for Belleville; Alexander Nuckle, a direct descendant of Alexander Hamilton who had ties to both Paterson and Belleville, and Times Editor Howard Klausner.

All agreed on the historic claims of both municipalities.

Mayor Pascrell invited Nuckle to participate in planned ceremonies honoring Hamilton, who is credited with founding Paterson as a planned industrial city.

Cienia noted that Josiah Hornblower's construction of the first steam engine in the New

World, from 1753 to 1755, tested in what was then Second River before being placed in the Schuyler copper mines in present day North Arlington, heralded the beginning of the Industrial Revolution in America.

The manufacture of the first practical steam engine to be made in the United States, in the Soho foundry in Belleville, consolidated Belleville's claim as birthplace of steam power in America.

Cotton said he would prepare a press release announcing the agreement. The decision was sealed with soft drinks and sandwiches at the popular diner.

Representative Klein's office has assured the Renaissance Committee that Mr. Klein will continue to press for passage of the Resolution.

Library Director David Bryant resigns; surprise announcement jolts community

David Bryant, director of the Belleville Public Library since 1983, advised the Belleville Township Council at a Saturday budget workshop session that he will leave his post by April 2, to take a library director post in New England.

He had first announced his decision to the Library Board, which reacted with shocked disbelief, several days earlier.

"This is terrible news for Belleville," Library Board President James Cozzarelli Jr. said.

Bryant said that Assistant Librarian Adria Cohen, who has been with the library for nearly 20 years, will become the Acting Director. He said she has been invited by the Library Board to submit her own resume for permanent appointment.

Bryant emphasized that he had no problems with the Council or with the Board.

"My desire to move was both professional and personal, with my wife and I seeking a more rural lifestyle for our family. He said he plans to find a home in Litchfield, Connecticut, some 40 miles from the library he has been invited to head.

"It has been a privilege to serve New Jersey's most progressive and intelligent library board, to have enjoyed the leadership of Joseph Casale and now Jim Cozzarelli as Board Presidents, to have served this Council, Mayor (Marina) Perna, and before her, Mayors (Michael) Marotti and (Michael) Pizzi."

The descendant of a Bryant who settled in Maine in 1685, Bryant was born in Brooklyn, New York, before moving with his family to New Jersey. His engineer father resided in Belleville for two years, but this had little to do with the son's later decision to take a library post here.

Bryant attended Rutgers University, where he received his Master of Library Science degree, as well as his Bachelor of Arts degree and his Master of Arts degree.

His first job was as Principal Librarian with the Passaic Public Library, where he served nine years. He then had a library director's post in Bath, Maine, for two years, before coming to Belleville in 1983.

In 1988, the title of the library was changed to Public Library and Information Center, in line with Bryant's policy of making the library more open to the public.

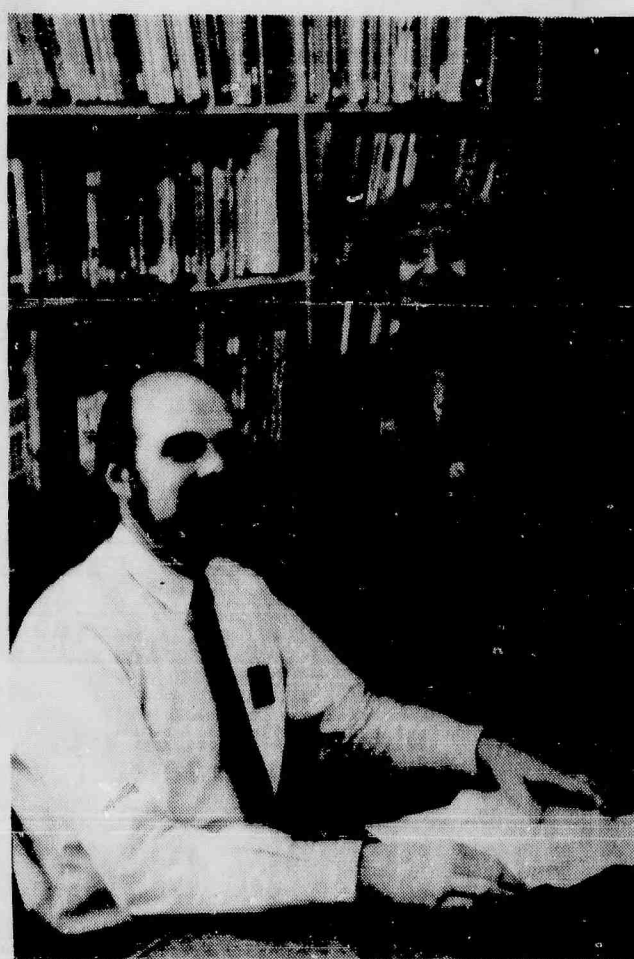

Last year, 86,151 visitors used the library facilities; membership increased by 1,787 adults and 385 children; 3,822 new books were added; 15,760 telephoned request for information were answered, and the library functioned with nearly the lowest per capita support of any library in Essex County.

His wife, Janet, is a teacher. His son, Kiva, 18, attends the University

of Michigan. His daughter, Sarah, 12, attends the South Orange Middle School.

"I see the library as the gathering

place of the accumulated wisdom of the ages," Bryant said. "We encourage people to read, as the best way to learn."

Assault case now homicide

Jose Nunes, 25, of Kearny has been charged with murder in the death of Marilyn Malchak, 30, of North Newark.

Ms. Malchak died in University Hospital, Newark, on Feb. 28, just a month after she had been found beaten into a coma at the Belleville Motor Lodge.

A maid found the unconscious woman in a hotel room.

Detective Arthur Connolly

arrested Nunes after several hours of investigation which Detective Captain William Escott cited as "outstanding".

Police said that Ms. Malchak never regained consciousness.

Nunes reportedly told police that Ms. Malchak had tried to rob him.

Nunes is now being held in \$250,000 bail in Essex County Jail.

Police make 11 heroin arrests, brace for surge in burglaries

"Heroin is coming back strong," Belleville Detective Captain William Escott reported, in announcing 11 arrests of persons possessing or selling heroin, one of the most habit forming narcotics.

"Suddenly, it's in plentiful supply, and the purity is higher. There must be a glut in the market," Escott said. "And when there's

heroin, there's always an upsurge in burglaries."

Escott said the burglary rate had showed an increase in recent weeks.

The supply seems to be coming from New York City, he said.

Those arrested were almost all Belleville residents, ranging in age from 17 to 34, including two women

in their early 20s.

All have been released in bail. Several have been charged with selling narcotics within 1,000 feet of a school building. However, Captain Escott said that none of the suspects had sold drugs to school children.

"They sold to each other, and networked. Most were users," he said.

In one case, a shoplifter suspect was found with 90 packets of heroin in his possession, police said.

Michael Jordan, 30, of Newark was held by security guards at PathMark Supermarket on Feb. 22, and arrested by Police Officers Anthony Pascarella and Stephen Xenios. Police said they found \$200 in cash on the suspect.

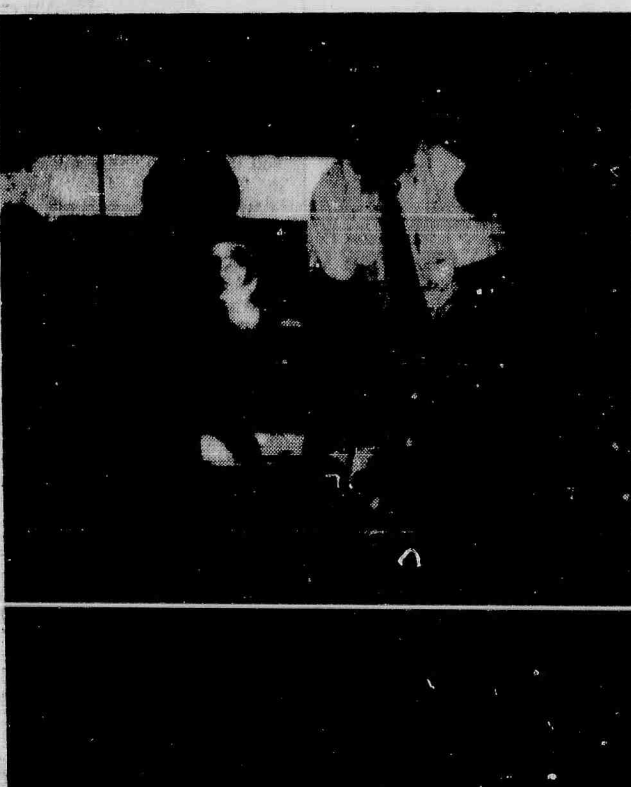

They could not explain why he was attempting to steal items while possessing that much cash.

Police Officers Dante Pasquale and Pat Goldrick, and Detective James Giuliano, arrested a 17-year-old youth from Newark who reportedly had heroin in his possession.

Giuliano and Detective Kevin Smith made nine other arrests over a six week period, spotting a Washington Avenue tavern as the focal point of the heroin pushers. Police said the tavern owner had no knowledge of the heroin operation.

RESCUE IS NAMED - Morgan Kopecky, 7, named the Belleville Fire Department's Dalmatian puppy mascot, Rescue, in a formal ceremony at the Fire Headquarters. Dr. M. Fernandez of the Nutley Animal Hospital donated the puppy to the department, and providing shots and examinations. Fire Captain William Hands holds the leash.

MEMORIALIZING A CHILD - Michael Anthony Loreto was 20 months old when stricken by a rare kidney disease. Shown at the Rascals Club are participants in the fund raising effort to fight the disease, in Michael Anthony's memory.

Fund memorializes Belleville child

A fund raising night of comedy held last month at Rascals Comedy Club in West Orange raised close to \$14,000 for the New Jersey Chapter of the Lois Joy Galler Foundation. Headquartered in Belleville, the NJ Chapter was recently established in memory of Michael Anthony Loreto Jr., a 20 month old

victim of a rare kidney disease known as Hemolytic Uremic Syndrome (H.U.S.).

The fundraiser was held to help raise money for the foundation which seeks to provide public education and fund research on H.U.S. The foundation's research council is made up of eight world

renowned physicians.

More than 360 supporters purchased tickets to the event, with all proceeds contributed to the Lois Joy Galler Foundation. Other major contributors that evening included The New York State and New Jersey State Laborers Unions, P.B.A. No. 153, F.O.P. Lodge No. 71 (both of Essex County), and vast support from the Meadowlands Harness Drivers and Trainers. The Loreto family would like to thank everyone for their support.

The deadly disease, which has already claimed several young lives in the Northeast, garnered headlines recently in relation to the Seattle, Washington Jack-in-the-Box food poisoning epidemic. Originally nicknamed the "hamburger disease," H.U.S. has been associated with ingestion of undercooked or contaminated beef. The disease affects the intestinal fluids and attacks the red blood cells causing kidney failure in children.

For more information on the N.J. Chapter of the Lois Joy Galler Foundation, please contact Patti or Michael Loreto, P.O. Box 13, Nutley, NJ 07110.

Belleville schools announce weapons policy

Weapons of any type are strictly prohibited on school premises or at any Board of Education approved activities. The following dangerous weapons are prohibited: razor blades, box cutters, knives, explosives, blackjacks, chains brass knuckles, firearms and any other device capable of inflicting bodily harm; i.e., bats, clubs, scissors, stars or any other object that can reasonably be considered a weapon, for example, "look-alike" weapons, (State Statute 2C:39-1).

If a student is found to possess a weapon on school grounds, the following steps will be taken:

1. An immediate mandatory ten (10) day suspension of that student will be issued by the administrator

in charge. The student's parent/guardian must meet with the school principal or his/her designee within three days of the suspension (State Statute 18:37-4).

2. The police will be notified immediately, and will process the offense through legal channels.

3. The Superintendent of Schools will be notified immediately.

4. A comprehensive written report will be forwarded by the principal of the building to the Superintendent of Schools before the conclusion of the school day.

5. A Child Study Team evaluation, or re-evaluation if a classified student, will be mandatory for any student possessing a weapon in school. The student will not be

allowed to return to school pending the Child Study Team's review of a board recommended psychiatrist's report; should this result in the 10 suspension period being exceeded, home-bound instruction will be provided.

6. If the incident involves an elementary school student, the principal after consulting with the police may recommend to the Superintendent that an expulsion hearing be held. At the middle or high school level an expulsion hearing will be mandatory. Such a hearing will take place in closed session at the next regularly scheduled Board of Education meeting or during an emergency meeting called to deal with this matter.

7. All provisions of the administrative and penal codes that are not specifically addressed by this policy shall, by Statute 2C:39-1, remain in effect.

Copies of this policy will be disseminated to each student the first day of each school year. Students entering the school district at subsequent dates will be given a copy upon their entrance. Parents will sign and return the bottom portion to the principal signifying that they have read the policy and are aware of its provisions.

Second Chance helps those in credit bind

Second Chance Credit Association has presently opened an office at 901 Broad Street, Newark, Suites 201 and 202, across from City Hall and City National Bank and next door to Broad National Bank. Second Chance helps people get a Visa credit card who would otherwise not be able to be approved due to: no credit history, damaged credit, been turned down before, even filed bankruptcy. As long as the applicant earns \$900 per month gross income, is 18 or over, has been on their job at least 3 months, has proof of income, proof of address and I.D., they may qualify for their own Visa card.

Second Chance is headquartered in Denver, Colorado and is a member of the Denver Better Business Bureau. Memberships in the association can qualify for the sponsored Visa card as well as many other membership benefits. For instance, a grocery coupon discount program, allowing one to

purchase \$120 worth of grocery coupons of your choice per month for only \$36 thereby saving \$84 a month on grocery bills. These are regular coupons for thousands of major brand name products.

The association membership fee is \$39 the first year and \$19 per year thereafter. There are several plans available. If you do not qualify for any reason, 100% of the money paid is refunded. The program starts off with a \$500 credit line, \$750 the second year with a good payment record, and after a year it could increase up to \$5,000. The card is a regular Visa card and can be used everywhere.

For more information or to make an appointment, call 201-242-5110. Applications are only taken in person, not by phone or mail, so as to verify the accuracy of I.D. documents, proof of income and signatures. The principals of Second Chance in Newark are Peter Stoly and Pierre Martin.

Board hands School 10 to Fornarotto

The Board of Education handed responsibility for handling a public meeting last night at School 10 to Joseph Fornarotto, President of Concerned Citizens of Belleville.

Fornarotto emphasized that the CCB was not involved in handling the meeting, called to discuss the planned admission of former mental patients to a facility in the former Geriatrics Center.

The Board voted unanimously to recommend that no mental patients be allowed residence at the facility, in the wake of vehement protests against their admission by speakers in the audience, mostly members of the CCB.

Trustee Angelina Pascheria said it was her understanding that the residents were "Down-syndrome types", which is at variance with claims of County officials that the residents will be former mental patients now on the road to recovery.

The speakers painted vivid pictures of dangerous mental patients, possibly criminals, who would invade the neighborhood and threaten the school children.

The board moved to placate the protesters by the vote.

The decision to open the school to Fornarotto came after Township Manager Steven Cuccio withdrew a request for the meeting, saying that scheduled speakers would not be present.

Fornarotto said he hoped the meeting would lead to an effort to change the form of government in Belleville.

"We've had enough, and it's time the people realized it," the former Commissioner said.

CCB meets at Elks tonight

The Concerned Citizens of Belleville are holding a general membership meeting tonight (Thursday) at the Belleville Elks Club on Washington Avenue, at 8 p.m.

President Joseph Fornarotto said that the meeting will decide the future course of the organization, which regards itself as a watchdog on public finances. Fornarotto said a number of proposals would be put to the membership.

He indicated he favors a change in the form of government of the township, preferring to eliminate the present Council-Manager system.

Elements of the five-ship ready group participated in joint and combined training exercises, including African Eagle-92 in which 101 embarked Royal Moroccan naval infantrymen "stormed the beach" aboard U.S. Marine Corps amphibious assault vehicles. The ready group was also deployed to the Adriatic Sea in support of the international humanitarian relief effort Operation Provide Promise.

The exercises follow the Navy's new strategy, entitled "...From the Sea," which shifts the sea services' focus from a global threat to regional challenges and concentrates on near-land warfare and maneuver from the sea.

OUR OPINION

Going off the deep end

In a previous editorial, the Belleville Times stated that the public should have been given more information before Essex County officials announced that former mental patients would be housed in the former Geriatrics Hospital complex.

It appears to us that this information has now been forthcoming, particularly from Freeholder Art Clay, who addressed both the Board of Education and the Township Council on the matter.

It also appears to us that the housing of these recovered patients here is no cause for alarm, and certainly no cause for the scurrilous attacks on the program in general and Mary Senatore-Ciccone in particular, because of the lady's efforts to provide a haven for the patients.

The attacks are not confined to Mrs. Ciccone but to her children as well.

We should like to point out two things:

One, the patients in question are discharged from their hospitals and would have the right to rent an apartment in Belleville or anywhere else.

Two, in view of that, nobody has the right to question their presence in Belleville or anywhere else.

We contend there is no more stigma to having had a mental illness than to having had appendicitis.

The more shrill the attacks on the program become, the more obvious are the fallacies of the arguments.

At this point, it is making fun reading for the out-of-town media who love to display Belleville in the worst possible light because it so reflects their stereotype of this town.

We wonder if any of the vociferous opponents of the program would take their objections to their pastors, and get their opinions. The objectors could use the enlightenment.

David Bryant's legacy

The announced departure of Library Director David Bryant is just the latest departure of talent from Belleville.

Mr. Bryant can well be described as a "class act".

In his decade of service to Belleville, he brought both imagination and responsibility to his job. He transformed the library from a reading room into a part of the daily life of the township.

By doing so, he literally improved the quality of life here.

The formal title of the library is "Public Library and Information Center".

The name, in a sense, is a misnomer. More than an information center, the present library is a fountain of culture and civic activity.

The recent beautification of the library, made possible by a private benefaction, has made the library into a community center where Belleville can be proud to greet the most exalted visitor.

The computerization of the library, the fostering of the Silver Lake branch of the library, the art gallery, the constant flow of the best reading available, and the providing of information to both private citizens and business firms have all been developed under David Bryant's direction.

He has had wonderful support from Assistant Librarians Adrea Cohen and Fred Lewis and others, and the Library Board.

He has had growing support from the community, as it has realized more and more the importance of the library.

The climate has changed in the past six months, as the Council majority has been more intent on diminishing the role of the library as a way to show tax cuts.

But reducing the library is like reducing the school system. Any short term savings will be quickly replaced by long term losses.

No other library director will be quite like David Bryant, who had a feeling for the community and saw its potential. Now it will be more difficult than ever to achieve that potential.

Mr. Bryant and his family may feel it is time for a change. The change will be to the advantage of the people of New England, who have invited him to join their midst. But it will be Belleville's loss.

YOUR OPINION

Cicalese for Board

To the editor:

I would like to make you aware that I am a candidate for a seat on the Belleville Board of Education.

My involvement in school activities did not cease when I decided not to seek re-election four years ago, due to a family health commitment.

I have been continuously active and committed to the children of Belleville and our community. I want to extend that commitment of service to our children by serving on the Belleville Board of Education.

I would like to serve you by providing on-going educational programs and curriculum development which address: substance abuse and social issues, special education, vocational education and to continue to promote student programs for the college bound.

Like you, I too, have a stake in our township. As a homeowner for 27 years and a taxpayer, I will strive to provide the best educational system for our tax dollar, as well as a conducive educational environment that will be beneficial and an enhancement to our entire township.

However, before any of this can become a reality I, of course, must be elected. I need your help and support. Together we can make a difference! I'm willing to support your children and grandchildren. Will you please support me on April 20, 1993? You may contact me at 751-4869.

Barbara Cicalese

Defending Doc

To the editor:

I would like to respond to your 2-25-93 article in your "Our Opinion" column about Dr. Frank Noonan.

I am sick and tired of the Belleville Times and others who keep bashing the good name of Dr. Frank Noonan. This man has done nothing but good for this town and you should be ashamed of your continued bias bashing of this good hard working man.

Dr. Noonan ran for office with good intentions of trying to make Belleville a better place to live! He found out the "hard way" if you don't play ball, you get a dead goat or your car vandalized.

People don't hear about all the good Dr. Frank Noonan has done for our town. Just to mention one; I've seen him and his son-in-law working many Saturdays and Sundays in hot 90 degree weather cutting grass, fixing turned over gravestones in the neglected cemetery on Rutgers and Main Street in Belleville. A man of his stature didn't have to do this, but he did not for the glory but because he loves Belleville. I don't see the Belleville Times or anyone else in Belleville caring half as much as him!

As for your statement "In Doc Noonan's case summer seems to last 360 days a year" which refers to his residence. This I believe is an irresponsible statement by you, which has been unfairly brought up many times after a court ruled clearly in favor of the Noonan's. Are you saying the court's decision was wrong? Please let us know why? In other words, put-up or shut-up! It is my opinion you owe Dr. Frank Noonan and family an apology!

If you can't report news objectively, I suggest you don't write anything!

Thomas Betz

(Ed. note: When Dr. Frank Noonan is good, he is very good. And when he is irresponsible, he is very irresponsible. We like the first Doc. HK)

Marrone announces

To the editor:

On Tuesday, April 20, Belleville voters will once again have the opportunity to vote in our annual school board election.

This election will see the completion of my first three year term. During these three years important and in some instances tough decisions were made. I am pleased and satisfied that my vote in these decisions were based on what I felt was in the best interest of our students, educational system and the taxpayer that bears the expense of education.

It is with this thought in mind and the realization that there will be many more difficult decisions to be made in the future that I announce my candidacy for re-election to the Belleville Board of Education.

I ask for your support so that I may continue to serve you and make decisions that are based on what is good for our youth and our community.

As soon as plans are completed, a kick-off rally will be held with all citizens involved. Further information will be available as soon as possible.

Flight #198

A feature of The Nutley Sun, the Belleville Times and Bloomfield Life

By Frank Orechio

CORRECTION:

Last week, somebody forgot to add the "inc" to Joseph which would have indicated that Josephine Cerone and not her husband, Joseph, is a candidate for the Bloomfield Board of Education.

This week's space has been turned over to our Nutley Sun editor, Juliann Walsh, who will tell us about the fun times she had attending Mardi Gras in New Orleans.

I caught a glimpse last Thursday of the morning weather man giving the week-end report; he forecasted lots and lots of bone-chilling snow. Storm warnings went out across the metropolitan area as the foreboding blizzard gathered strength in the midwest and I sat at my breakfast table, warm tea in hand, and smiled. I smiled because I knew my shorts, T-shirts and sunglasses were packed in the car and my evening flight should have me out of here and in New Orleans just before the gale hit.

I was prepared for four days of bacchanalian revelry at Mardi Gras.

After arriving at the New Orleans airport I bounced, as much as baggage-burdened legs could spring, to jazz filtering through central speakers and noticed immediately that everyone already had frozen red drinks in their hands (I would later become acquainted with this beverage known as Bourbon Street as a Hurricane).

The other thing I noticed was the warmth. New Orleans is not just warm in temperature it is warm in spirit. I was alone in the airport yet I felt welcome. Total strangers stopped to strike up conversations with me.

But I had people to meet, so I passed on the offer of a Hurricane and hopped on the next shuttle bus to the French Quarter. As I rode I thought of my seven college cronies waiting for me at our hotel rooms we reserved almost a year ago. I also chatted with the driver who told me rent for a two-bedroom apartment in New Orleans is lower than my Toyota Corolla car payment and that the land was lower than the sea level so the dead are buried in tombs above the ground.

There were a variety of people on the shuttle. A couple from Chicago flew in with over \$700 worth of beads for their 30th year in a parade. An Arizona college student was going to meet up with 20 friends who are all staying in one hotel room for five days, a typical scenario this time of year. A jittery Boulder, Co. high school student was visiting an aunt studying to be a chef. An artist from California did not know why she came. She had just quit her mall job, knew no one in New Orleans and had no place to stay but found a great frequent-flyer deal. She said in true California style, while brushing blonde wisps from her face, "It seemed like the thing to do this time of the year."

We drove into the city past the Superdome until we reached the Riverwalk along the Mississippi and turned left into the French Quarter.

After a year of anticipation I am finally in the French Quarter and I arrived to an empty hotel room.

Travel guides say it is not safe to leave money in your hotel room or wander out of the Quarter and I wouldn't recommend that you do it either but I had waited too long to be in this city to stay in a cramped hotel room with no windows. So I took off all jewelry, stashed some cash in my sock and went to check out the Mardi Gras festivities.

Within blocks of my hotel I had met a bunch of locals friendly enough to welcome another person to their crowd and they delighted at my gaping first glance of Bourbon Street. I saw more people packed on that boulevard than I saw the time I perched on a tree at Paul Simon's Free Concert in Central Park.

Many men follow Rio's Carnival tradition of dressing as women. Up and down the street costumes range from the outrageous to the obscene. I was told by a resident of 50 years outfits are more scant this year than any other.

With all those people it was amazing that I ran into my long lost friends before the night ended.

Over 20 Krewes march down St. Charles in the days prior to Fat Tuesday led by High school bands who proudly fill the

city with music and set the parades pace. Krewe members pack papier-mache floats with names like Rex, Hermes and Comus and toss plastic necklaces and cups to spectators. This year, singer Harry Connick Jr. came back to his hometown and led Mardi Gras' largest float, Bacchus, the oldest and most impressive of the parades.

The parades go on all day and night and for visitors with hotels overlooking a parade route it can be quite noisy.

To escape the noise one can duck down side streets lined with boutiques and great restaurants. New Orleans has an individual style of cooking with dishes like Cajun Crawfish.

Our group stopped at The Court of Two Sisters for a great meal. The outdoor restaurant is lit by tiny lights strung from vines and as with just about every building in the city, the courtyard's center has a beautiful fountain. Drum beats echoed from the parade passing blocks away.

After dinner we stopped at Cafe du Monde, on Decatur, to sample N'awlins' finest cafe au lait and french doughnuts.

During the days we munched on Jambalaya, Jumbo or Lucky Dogs. Finding a place to eat was difficult because so many stores simplify their menu during Mardi Gras season.

During the days when we where so burdened with beads we headed to the river boats for sailing tours of the Mississippi. We wanted to rent bikes to ride out of the Quarter but rental shops closed for the holidays. Many roads are shut off to cars and public transportation so traveling is mainly done by foot or by cab.

In the days preceding lent you can't get an authentic feel for New Orleans only the wild stirrings of Mardi Gras. If you are looking to tour and discover this city's charm I would suggest visiting at another time; perhaps during the Jazz Festivals of the summer. The locals will tell you the Jazz Festival is not nearly as intense as Mardi Gras and traveling around the town is easier.

For all the nonsense that goes on in that town during Mardi Gras, natives don't appear upset. Street cleaners come out every day at 6 a.m. and one morning I saw a shopkeeper with a dust pan and brush neatly sweeping garbage off the sidewalks. All the people we dealt with were accommodating, amiable and gracious. New Orleans hospitality leaves an ache in your heart to go back and was a pleasant surprise to eight New Jersey suburbanites.

McNish wins thriller, Bengals take title

Five Bucs capture districts

By Joe Piegare

Belleville High School, with six individual champions, placed second to Bloomfield this past Saturday in the District 14 wrestling championships.

Bloomfield won the event, totalling 203 1/2 points. The Bucs were second with 185, while neighboring rival Nutley placed third with 124 points. The remainder of the field: 4th Weequahic, 71; 5th Montclair, 47; 6th Newark, East Side, 34; 7th Montclair Immaculate, 29; 8th Newark Academy, 20.

It was an especially exciting districts as the great majority of the bouts involved strong rivalries among Belleville, Bloomfield and Nutley. As predicted in last week's column, this year's District 14 classic broke down to basically a tri-meet among the aforementioned schools. In the final round, 22 of the 26 wrestlers were from Belleville, Bloomfield or Nutley.

Coach Joe Nisivocia, commenting on this year's championships, said "Although we were not able to win the title, I was very happy with the way our boys performed today. As a team, they rose to the occasion by wrestling aggressively and with unusual poise. Only their great inexperience held them back from a title this season."

Also as predicted in last week's column, all five returning district champs retained their crowns, all with relative ease.

Belleville's Isaiah Cardinale, the 112 pound champ last year, dominated Bloomfield's Anthony Frezza, 9-2, at the same weight this year.

Older brother Joshua won his 119 pound title by pinning Bloomfield's Mike Russo in only 21 seconds. Cardinale won last year at 103 pounds.

Bloomfield's Rich Galioto won at 130 pounds over Anthony Bellucci of Nutley, recording a 17-3 Major Decision. Galioto was the 125 titlist last year.

Carlo Ritacco of Belleville won his third straight district title, this year at 145 pounds. As a sophomore, Carlo won at 130 pounds, as a junior at 135 pounds. Ritacco beat

Pete Foster of Bloomfield in the finals by an 8-6 score. Although the margin of victory was only two points, Ritacco was the more efficient wrestler by a wider margin. Four of Foster's points were penalty points awarded for stalling.

Finally, Bloomfield's Rashone Johnson defended his 189 pound championship by pinning Dom Costa of Nutley at 1:19 of the first period.

Belleville's John Perna emerged from this year's event as the wrestler with the best record. Now at 25-0, John dominated the districts just as he has all season in dual meets and in the tournaments on our schedule.

John drew a bye in the quarter-finals, then used only 25 seconds in the semis to flatten Garrett Hunt of Weequahic.

Newark East Side's Guilherme Jamarino lasted 3:07 in the finals before Perna packed him away for his 18th pin of the season.

Perna is closing in on his brother Joe's record at BHS for most wins in a season by a 103 pounder. Joe set the mark at 27 in the 1987 season, but John is a prohibitive favorite to break that standard this week in the Region 4 championships.

By far the most exciting weight class was the 140 pound division won by Belleville's Joe McNish.

Joe came into the districts seeded only fourth with a 14-9 record. He proceeded to hammer Naeem Conway of Montclair in the quarter-finals by an 11-2 score.

That matched McNish up with Bloomfield's Joe Miskiewicz in the semis, a match which saw both wrestlers dead on their feet at the buzzer. McNish held on for dear life at the end for a 3-2 decision.

Then the finals came around and McNish and Derek Lane of Weequahic paired up in a bout which made the semifinals seem dull. After trading takedowns and reversals for five minutes and 59 seconds, McNish scored a one point escape at the buzzer to win a 13-12 white knuckler.

Belleville also won at 135 pounds with sophomore Jorge Hernandez

Joshua Cardinale, Isaiah Cardinale and John Perna were victorious once again at the districts last weekend. All three men will advance to the regionals this weekend. (Photos by Jerry Mattia)

Joe McNish battles opponent from Weequahic during districts last Saturday afternoon. McNish won thriller at the buzzer, 13-12, to capture district championship.

scoring an 8-2 decision over Dan Pena of Bloomfield.

When the season started, Jorge was no less than fourth on the depth chart at 135 pounds. He was the JV starter, but had little chance of breaking into the varsity lineup. But how quickly things changed!

Joe McNish decided to move up to 140 pounds. Then senior Joe Clay left the team for personal reasons. One week later, senior Darren Peirson also withdrew from the squad, and there came the break for Hernandez.

Now sporting a 15-5 record,

Jorge is one of the brightest youngsters returning next year on what should be a powerhouse squad.

The Cardinale brothers, Isaiah and Joshua, each padded their records and added a few more stars to their already illustrious careers.

Isaiah, now 24-0 for the year, won his second district title and sixth straight win over Bloomfield's two time state qualifier Anthony Frezza.

Now with 51 career victories, he

Boys win final two regular season games, enter states over .500 mark

By Mike Lambert

Showing character, the Belleville boys' basketball team won its final two regular season games last week, beating Clifton 64-63 in a thriller and stopping Livingston 74-58.

Both victories came on the road. Belleville entered the state tournament last Tuesday against Bloomfield with an 11-10 record. The Bucs are assured of at least a .500 record. It's the first time in at least 25 years that a Belleville boys' basketball team has posted a .500 or better record for two consecutive seasons.

If Belleville defeated Bloomfield, the Bucs would play at powerful Clifford Scott this evening, at 8

p.m. If Bloomfield won, then the '92-'93 season will be over for the Bucs.

"Things didn't start off too well," Roll said of last week. "We weren't playing very well against Clifton and I figured the game was a loss. But I give our kids a lot of credit. They fought back from a double digit deficit and won a key game."

Clifton turned a 14-13 Belleville first quarter lead into a 33-21 halftime advantage.

"We were terrible in the second quarter," Roll said. "I didn't know what to say at the half. I told Ted (assistant coach Sochaski) to take the huddle. I was furious with the lackluster performance. That bad

second quarter started late in the first quarter. We were up by six with 11 seconds left in the quarter and we had the ball. We turned it over twice and they were able to cut the lead to one point."

Belleville responded in the second half, outscoring Clifton 20-15 in the third and 23-15 in the final frame to win. Even more impressive was the fact that the Bucs trailed by 15 points in the final quarter and were down 12 with just three minutes left in regulation time.

Ken Johansen had a key steal which tied the game and Dennis DeWork hit a free throw to give the

Bucs a two point lead. A later free throw by DeWork clinched the one point win.

DeWork led the Belleville attack with 18 points. Ken Johansen and Kevin Johansen had ten each, Jason Albert scored nine, Mike Christy had six, Frank Means and Mike Mundy had four each and Mike Molina closed out the scoring with three points.

Albert had a breakaway slam dunk score and also came through with a key block on Clifton's leading scorer, Gerald Robinson in the closing seconds of the game.

Robinson led all scorers with 38 points.

"He was unconscious," Roll said of Robinson. "He's just a tremendous scorer."

The Livingston game did not have the drama, and Roll was happy with the result.

"It was good to have a game where it didn't come down to the final shot," the coach said. "We played a good defensive game and our offense executed very well. It was a good sign heading into the state tourney."

The Bucs led 17-7 after one quarter and 32-24 at the half. Belleville broke it open in the third quarter and took a 50-32 lead into the final eight minutes.

DeWork was the leading scorer once again, this time with 27 points. Christy had 17, Ken Johansen scored nine, Molina had eight, Means scored six, Albert had four and Kevin Johansen finished with three.

NOTES: Irvington won its second straight Essex County championship, beating Clifford Scott in the title game. For Scott, it was the third time they have lost the title game in the past four years. Scott won the title in 1989, beating Shabazz. The Scotties then lost in '90 to Shabazz, '91 to Seton Hall and this year to Irvington.

Girls' basketball team concludes season with win over Barringer

By Mike Lambert

It was a strange week, to say the least, for the Belleville girls' basketball team.

Cheryl Marion's team concluded the 1992-'93 campaign by beating Barringer 46-3 (yes, the score was really 46-3) and then losing in a more conventional style to Passaic, 48-37.

The Lady Bucs finished 8-13 in Marion's first year as varsity coach. We'll have a wrap up of the season in an upcoming issue.

"We had a strange game with Barringer," Marion said almost embarrassingly. "We didn't run up the score. We used a lot of younger players, but Barringer is very young and inexperienced and the score sounded a lot worse than it was."

Belleville led 16-0 after one quarter and 25-0 at the half. Barringer finally got on the board in the third quarter, scoring two points. The

Lady Bucs led 34-2 after three and went on to the 43 point win.

Nine players were in the scoring column for Belleville as Marion used the varsity athletes for just ten minutes of the first half.

Andrea Curran led all scorers with 12 points. Jessica Nicosia and Liz Ramirez had eight points each, Colleen Mannion, Nicoie Fornarato and Kristin Caputo scored four each, Mary Campbell tallied three points, Adrienne Walsh had two and Natalie Cruise ("quick and cute on the court") had one point.

Belleville went on to Passaic last Thursday in the season finale.

"I think the game with Barringer didn't prepare us to play as well as we should have against Passaic," Marion said. "We had a tough time adjusting to Passaic's speed. We weren't able to contain their big scorer and our offense was not consistent."

It's been a tremendous indoor track season for Belleville's Jennifer Citarella. The senior was the first athlete in the history of Buccaneer track to advance to the group championship.

Last week, she finished 11th in a field of 24 at the all group indoor championships at Princeton, finishing the 400 meters in 61.4.

Citarella has been invited to compete in the prestigious Eastern championships this weekend at Brandeis University in Boston.

"It's by invitation only," head coach John Tosato said. "Needless to say, everyone associated with the track program is very happy that Jen is competing in Boston. We're looking forward to the meet."

The Eastern championships, needless to say, invites only the top track athletes on the east coast.

Congratulations and best wishes to Jen as she completes a phenomenal indoor campaign this Saturday.

HALL OF FAME DINNER

Once again, the Hall of Fame Committee (AKA Athletic Council) did a tremendous job in putting together the induction ceremony held last Friday at the Chandelier.

About 175 people came out, and I guaranty they didn't come to see me talk. They came to see their sons or daughters, friends, relatives or just admirers a great evening as eight individuals and one team earned induction into the Hall.

By the way, we have some pictures from the eveing which will be printed in next weeks issue.

As for the dinner, everyone spoke with poise and class.

Desiree Johansen thanked her family and her coaches for making the Hall of Fame moment possible. And once again, I must say that while I try not to have favorite athletes on the high school level, Desiree Johansen definitely ranks in my top two. She stands for all the good there is in high school sports.

Mike Gibbons remembered his wrestling days at BHS and emotionally thanked his parents. By the way, Mike is a wrestling coach at Seton Hall University.

I particularly enjoyed the speech by Dave Rothwell, who was presented from BHS in 1967. I didn't have a chance to see Dave compete on the athletic field, he was a standout baseball player who made it to the majors before military obligations took him away from the game.

Rothwell thanked his parents for attending the ceremony and noted that the Hall of Fame award was, by far, the most memorable accolade he's ever received.

Carolann Salerno is a very successful businesswoman today. During her days at Belleville High, she was a phenomenal tennis player. Salerno thanked her parents and her brother and also expressed gratitude toward her coach, Karen Fucello.

The late Bill Bennett was honored for his tremendous work with the crew program. His award was accepted by his lovely wife.

Laura Caruso, a 1987 graduate of Belleville High, was a phenomenal catcher for the Lady Bucs. Caruso received a bouquet of flowers from her dad upon induction.

Brian Cook, perhaps the best goalie in the history of Belleville soccer, had a large contingent of family at the dinner. And, once again Brian, I now know you have three brothers. Sorry about that.

Richard Ruffalo brought the house down. He was the final speaker of the evening and received a standing ovation after a ten minute speech in which he thanked his family and friends and told everyone in the audience that nothing is unattainable.

By the way, I mentioned in my speech that Ruffalo once let me have it good because I stopped running in a two mile race in my senior year. The theme of the story was that Ruffalo never stopped running and that's why he has overcome the odds and is a big success in life today.

Well coach, I'll give you the ultimate compliment. I would give just about anything to have you yell at me one more time as I run for the Blue and Gold. You never realize how much fun the high school days were until you're out of school and working in the real world.

The 1982 girls' crew team was honored and its coach, Scott Fabian presented the awards. The girls also remembered the late Sam Gluffrida and noted how influential the sport of crew was in their professional lives today.

Love and family. It was the theme of the Hall of Fame ceremony. It was a tremendous evening.

It was what Belleville is all about.

SPRING SPORTS ARE COMING

Believe it or not, the spring sports season is about to begin. Practice for baseball, softball, track, tennis, golf and crew kicks off on March 8. Hopefully, the weather will hold and the teams can get a good three week of practice for the start of the season.

As usual, the Times will have coverage of all the varsity sports. We will have schedules on the teams in an upcoming issue, hopefully next week.

Once again, if anyone is interested in writing about the JV teams, please feel free to call me. Also, if you would like to call in the results to me, that's fine, too. Just give me a call at 759-3200.

THIS WEEK'S QUIZ

Let's go back to the old ABA days. What four teams joined the NBA when the two leagues merged in 1976? Who won the last three ABA championships? In 1975, the New York Nets were the defending ABA champs and were favored to win the championship. However, the Nets were stunned in the playoffs. Who beat the Nets that season? Name at least two players on that team that defeated the Nets.

RECREATION ROUNDUP

Pre-school registration

The Belleville Department of Recreation & Cultural Affairs is accepting registration for the pre-school play program for 4 year old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 12:45 p.m. to 2:45 p.m. five days a week with class limited to a maximum of 23 students. The cost of the 32 week session is \$125. The mothers of the children accepted must participate by serving one duty day about every other 8 or 9 days according to a published schedule.

School will begin on Monday, Sept. 20, and will run through May 1994.

Children born between Oct. 1988 - Sept. 1989 who will enter kindergarten in September 1994 are eligible. Participants must be Belleville residents. Since there are just a limited number of openings, applications will be accepted on a first come - first served basis only.

Children must be able to speak and understand English in order to participate. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday-Friday 8:30 a.m. to 4 p.m.

A.S.A. Umpire tests

The Belleville A.S.A. Umpire's Association will be conducting the A.S.A. Softball Umpire's Test on

Thursday, April 1, at 7 p.m. at the Rec House, 407 Joralemon Street. Any adult, male or female interested in taking the test should call the Belleville Recreation Department at 450-3422 to obtain an application for the test. There is a \$30 non-refundable exam fee that must accompany your application.

Persons who register for the test can attend the A.S.A. Softball Rules Clinic, to be given on March 16, 23 and 30 at 7 p.m. at the Belleville Recreation Department. These clinics are designed to prepare all potential umpires for the test on April 1. The clinics will be conducted by Frank Dario and Tom Ucci, two of Belleville's most experienced umpires.

The registration deadline will be March 19. The course and test are open to all persons, 18 years of age and older. A 70% passing grade will be required. Successful applicants will then be qualified to umpire A.S.A. softball after paying their membership dues, and will be responsible for securing their own work assignments.

Baseball/softball applications

The Belleville Recreation Department has announced that applications for all recreation baseball and softball programs are available in all public and parochial school offices and at the Recreation Department office.

Boys ages 8-9 can play Peanut League baseball; 10-12 year old boys can play Junior League baseball, and 13-15 year old boys are eligible for Senior League baseball. Boys and girls ages 6-7 can sign up for Tee-Ball. Girls ages 8-14 can apply for all levels of recreation softball, including the Suburban team. Specific league structure/age breakdown for girls' softball will be determined after the registration deadline. In order to qualify for any league, the child must reach the minimum age before Aug. 1, and he

or she cannot exceed the maximum age by July 31.

All leagues are for Belleville residents only.

High school freshmen or JV team players, or Suburban league team players (7th and 8th grade) are not eligible for the Rec leagues. All applications must be returned to the Rec House with birth certificates by March 19. Players trying out for the previously mentioned teams should complete Rec applications before the deadline in case they get cut.

In all cases, the applications must be completed in full and signed by a parent, and all returning players must re-apply. Applications accepted after the March 19 deadline will be considered late and will be treated accordingly. Late applications cannot be guaranteed entry into the league. The Rec House (407 Joralemon Street) hours for registration are Monday-Friday, 8:30 a.m.-12 noon and 1 to 4 p.m. The office will also be open one night each week (dates/times to be announced) for registration. All children attending required practices will play in every game. Our leagues stress sportsmanship, basic skills and fun.

League director needed

The Belleville Department of Recreation & Cultural Affairs is seeking one adult to serve as League Director for its Tee-Ball League. The part-time position entails supervision of league games / personnel and re-scheduling rainouts.

Anyone interested would preferably reside in Belleville and must be available Saturdays and Sundays. Qualified applicants must be sports-minded, responsible and must work well with people. This position would also be good experience for a college student majoring

in recreation / physical education. For further information or to apply, call the Recreation Department at 450-3422.

Recreation Track

The Belleville Recreation Department will be offering a recreation track program for boys and girls in grades 6, 7 and 8. The program will tentatively be conducted Mondays, Wednesdays and Fridays at the Stadium from 4 to 6 p.m. Scheduled to begin on April 2, the program will be designed to introduce aspiring runners to the fundamentals of track and field. Participation, rather than competition will be stressed. Training will consist of instructions and fun activities, instead of intense physical workouts. This year's program instructor will be Donna Lee Daudelin, a former runner for the Belleville High School Track team.

Children in grades 6, 7 and 8 who reside in Belleville are eligible. Those children who will be playing baseball or softball should not take part in this program, however, since practices and schedules will conflict. To register, come to the Recreation Department office at 407 Joralemon Street between 8:30 - 4:00, Monday - Friday, with your birth certificate.

DEALING WITH BODY ODOR

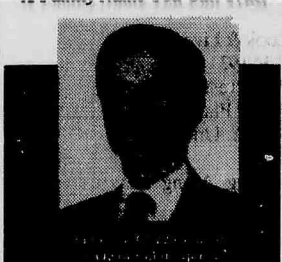

Only a small percentage of the human body's two to three million sweat glands pose a problem. The apocrine glands (found in the armpits, as well as the chest and groin) secrete fatty substances and proteins, along with water and salts. Yet, it is not these sweat ingredients that produce odor. The fault lies with bacteria that flourish in folds of the skin that are moistened with sweat. Those who are concerned about body odor have three choices: they can use antiperspirants which contain aluminum compounds that stop perspiration by clogging glands and inhibiting sweat production; deodorants may be used essentially to mask odors with fragrances; or the affected area of skin may be cleaned with an over-the-counter surgical scrub which kills bacteria.

We're here to help when information is needed on any product we handle. Complete service is available at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. Walkers, wheel chairs, crutches, canes and other convalescent aids are rented and sold. Cameras, film and baby needs are handled. Hours: 9am-10pm daily, 9am-9pm Sundays.

HINT: Patients who perspire profusely should consult with their dermatologist about medically or surgically dealing with the problem.

WATER FILTER ASSEMBLY

Ametek's 3/4 Housing are best utilized for "Whole House" water filtration. They should be installed on the main cold water line after the water meter (municipal system) or after the pressure tank on a private well system. Sediment removal cartridges are recommended for "Whole House" filtration. If space permits, the PS and PSCL models can be installed under the sink for use with a taste/odor cartridge. Standard size models are available for easy installation. Ask for it all...
