### Board introduces budget with 19 point tax increase; Superintendent Nardiello issues defense of program

The Board of Education has introduced a budget that calls for a 19 point increase in the tax rate, equivalent to \$95 per home, with the expectation it will receive a strong reaction from the taxpayers.

Superintendent of Schools Michael Nardiello issued a statement in defense of the budget, expressing concern that many voters "will act without being conversant with the facts."

Discussing salaries, which will have a contractual increase

approaching 9 percent over the next year, Nardiello stated:

"Our administrators, teachers and support staff are paid competitive wages but they are far from the highest in the state and country."

On educational costs, Nardiello stated: "The state prepared report card showed that Belleville's per pupil expenditure was \$765 less than the per pupil expenditures in the county. This is a very important statistic because we are being measured against our count-

erparts."

Nardiello said the escalating costs were due to state mandated tuition for special education; insurance; computer; textbook replacement; furniture and equipment replacement; general educational supplies, and utilities.

The schools are also trying to maintain programs which they consider as important to the students.

This includes keeping magnet schools - School 3 for fine arts, School 4 for basic skills, School 10

for basic schools and School 7 for the academically talented.

The comprehensive vocational programs at Belleville High Schools are being maintained. Courses available to Belleville students at no charge are auto mechanics, building trades, cosmetology and commercial arts and photography.

There are advanced placement courses for college credit, and in special education - "From age 3 to age 20, we conduct a great program

for our special students."

Nardiello said the schools have met their goals and objectives in testing.

Nardiello said, "We have monitored high grades from the State Department of Education since state monitoring began."

Concerning accreditation by the Middle States Education Association, Nardiello said, "We were rated quite highly the last time we were monitored in 1985. We will be monitored again in 1995."

"We have raised our curriculum competency and we will substantially increase our educational capacity by September 1993."

The Belleville School District is one we can be proud of. The children are being educated in clean and comfortable surroundings by capable and caring administrators and staff."

Addressing the voters, Nardiello said, "We ask that you listen in a positive manner and we ask for your support."

## More evidence of Belleville's role in history

### Research uncovers picture of steam engine made here; First U.S.-manufactured units pumped Philadelphia water

The Belleville Machine Works, one of the first manufacturing concerns in the United States, has been the subject of a new book, "The Belleville Machine Works," by John C. Cienia, a local historian. The book, published by the Belleville Historical Society, details the early history of the machine works and its role in the development of the city.

John Cienia, chairman of the Belleville Historical Society, has been researching into old histories, and found an engraving showing one of the first Belleville engines, as it appeared in 1802.

It was commissioned by the City of Philadelphia to take water from the Schuylkill River and supply a reservoir of fresh, drinkable water for the city, which had been plagued by yellow fever blamed on swamp water.

Roosevelt undertook the job of building the engine, and difficulties in construction which slowed production brought an investigation into the machine works, which resulted in a report on the machine works.

The report was later printed in a book titled "The American Phil-

adelphian Society, and it included a picture of the engine. The engine was a horizontal steam engine, and it was the first of its kind in the United States.

The Soho engine was more sophisticated and apparently proved successful when it finally went into operation.

Before the engine was finally erected in Philadelphia, short tempered residents of the city were charging Roosevelt with fraud, although no formal charges were ever filed against the struggling entrepreneur.

One visitor to Belleville described the foundry in such detail as to allow a historian to re-create its layout in a diagram.

The reports made in 1800 tell of visits to the Great Falls in Paterson, where the Society for Useful Manufacture had made some attempts to begin a cotton mill. By 1800, the first effort had failed.

In the mean time, the steam engine was beginning to make its appearance, and Belleville was its birthplace.

It would be many years before

the machine works would be able to produce the first American steam engine.

Paterson with Roosevelt included Robert R. Livingston, who later backed Robert Fulton in building the Clermont, the first commercially successful steamboat, and John Stevens, who later, with his family, built the first American steam railroad.

Cienia prepared a manuscript of his research which he forwarded to Representative Herbert Klein, who introduced a House Concurrent Resolution for federal recognition of Belleville as Birthplace of The American Industrial Revolution. Congressman Klein's office reported he submitted the manuscript to Congress, as he gathers signatures for passage of the resolution.

### Mayor received Garfield check in February

By Howard Klawner  
Belleville Mayor Marine Perna received payment from the City of Garfield in February of this year, according to vouchers released by Garfield officials.

The check was in the amount of \$1,087.54 and was paid for legal services provided in the case of Karpiak versus City of Garfield.

Other payments to Mayor Perna included \$7,978.50 for services in Warner versus Garfield, paid on Sept. 11, 1992, and \$2,911.71 for services, L. Warner paid on May 5, 1992.

Mayor Perna maintains that the money was paid her by Garfield in full for the services provided.

Garfield officials, however, maintain that the money was paid for legal services only.

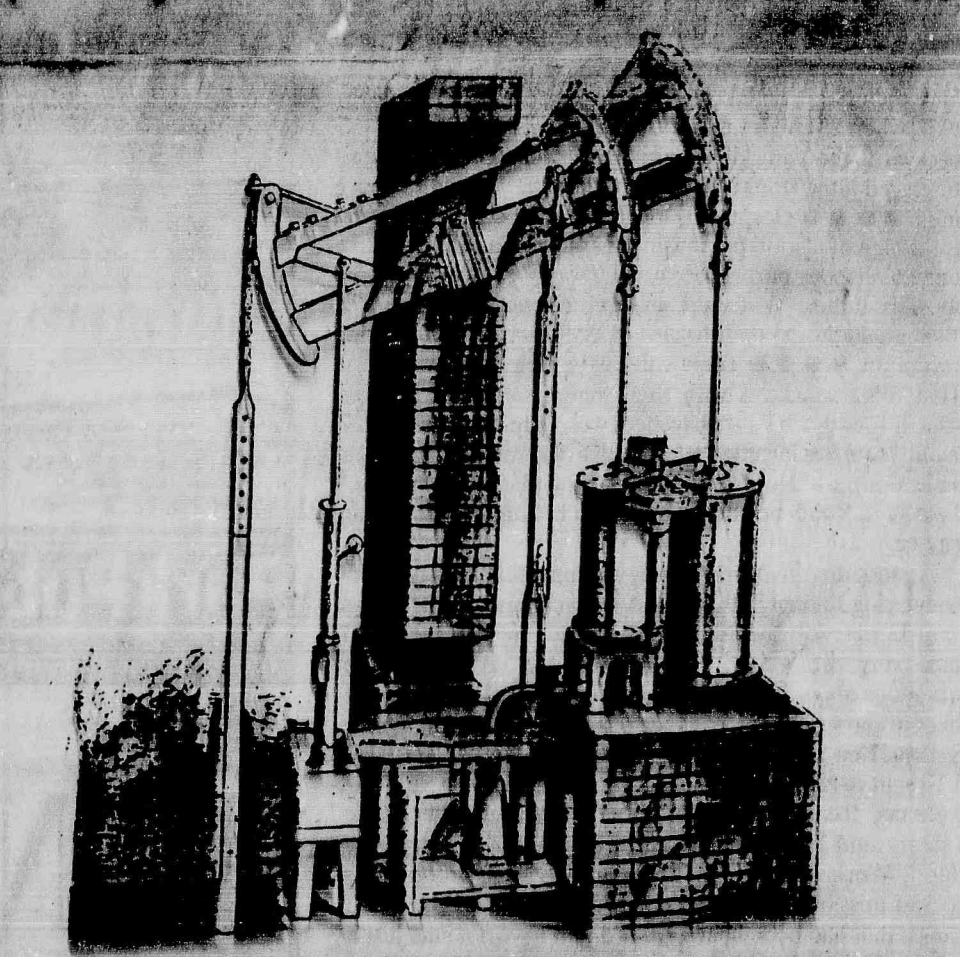

Former Garfield City Manager James C. Cienia, Jr. said he believed that the money was paid for legal services only.

Cienia said that he had been paid for legal services only.

PICTURE OF HISTORIC ENGINE - This engraving made in 1802 shows a steam engine made in Belleville for the Philadelphia Water Works. It was one of the engines made in America's first engine factory, the Belleville Machine Works, in the Soho area of Belleville.

### Mayor names Mrs. Drozd to Library

Ralph DiRuggiero has announced that he has named Mrs. Dorothy Drozd to the position of library director.

He will be replaced by Mrs. Kathleen Drozd, wife of the Belleville Deputy Mayor Mario Drozd.

DiRuggiero cited the fact that he has been out of town in the past and the need of other members of the library for the position.

## Aside From That

By Howard Kuenner

Things won't be the same at **Town Hall** as the familiar aroma of cigar smoke no longer wafts down from the second floor office of **Paul Hochstuhls** who closed the last purchasing form of his career Friday, and retired as Purchasing Officer after 16 years. It is no small job, because across Paul's desk went all the orders for services and supplies provided the Township. They totalled more than a hundred million dollars during his tenure - and not one item was ever found missing. His job was to go out and get the rock salt and the pencils and the vehicles and the contractors at the lowest possible cost and at the highest value, and it's a job he did well. Having a constant haze of cigar smoke in his office was of help in reducing the number of unwanted female visitors, allowing him to peruse the financial newspapers and the trade journals from which he gleaned much of his information. ●●●●● Purchasing agents are born, not made. Paul's father before him was a purchasing agent and when Paul emerged from World War II Navy duty - the Philippines, Guam and Saipan - followed by another stint during the Korean War, he found his way to **Federal Leather**, one of the old industrial mainstays of the township, and remained with the firm as Purchasing Agent for nearly 20 years. The company was the domain of its owner, **Louis Plansoen**, who was a cigar smoker, and one day Mr. Plansoen called Paul into his office, lit a cigar, and said, "Get me a windmill for my farm in Maryland." Basically a town boy who was born and raised at 22 Hunkle Street, Paul followed his first impulse and went to a gift shop where he found a cigar lighter in the form of a windmill, about a foot high. When he presented his prize to the office, he was greeted with a gale of laughter. What Plansoen wanted was the real thing, a windmill to remind him of his Netherlands origins. It took 60 telephone calls, but Paul found a working windmill, some 60 feet high, in Wisconsin. It had three great blades, and it cost \$2,500. And off it went to Maryland.

As happened too often in Belleville, the firm eventually changed hands. Plansoen sold it to **Textron**, who sold it to **Air Reduction** who sold it to **Chrysler Motors** who moved the plant to **Sandusky, Ohio**. Paul was invited to go along, but he found the countryside out there too flat and barren to his taste, and stayed in Belleville. ●●●●● A good reason for staying here was **Marita Doelinger** of **Newark** who, as Paul recalls it, was "one of the good girls at **Our Lady of Good Counsel**" and whom he met when she was 18. They were married in 1959, and they enjoy the blessings of seven children - daughters **Marita**, **Gail** and **Pala** and sons **William Christian**, **Paul**, **Erich** and **Matthew**. And there are six grandchildren, three boys and three girls, as a proper **Purchasing Agent** would have. ●●●●● The Hochstuhls have their home on Liberty Avenue, and on a summer day in 1967, when 22 children were enjoying a birthday party in the backyard, the wing of an airplane crashed nearby as the fuselage hit the front of the High School. It was a miraculous miss. ●●●●● Despite his longevity, and because economy is the sign of a good purchasing agent, Paul has had to fund only 16 birthday parties, because he was born on a February 29. His father, **William Christian Hochstuhls**, arrived in **Bloomfield** during the Blizzard of 1888, but ignored his cool reception. ●●●●● There will still be a Hochstuhls in Town Hall. Wife **Marita** is with the Finance Office and knows exactly how much Paul's paycheck was. Family recreation for many years has included a few weeks of summer camping at **Lake George** - "Now we get a cabin with all the rich people," Paul says. You'll be able to trace him by following the cigar smoke.

A gentleman in town has a way with numbers. He says - with convincing sincerity - that in the past year and a half, he has won 32 state lottery prizes - which would mean a successful buy every two weeks. "I'm comfortable" is his reply to questions about his gambling earnings, but the number he likes to show off is the one that was worth \$6 million - in the State of New York. "I had the right number, but by mistake, I bought a New Jersey ticket," he said. ●●●●● **Mike Accunzo**, the Artist-in-Residence at the Belleville Public Library and Information Center was with the 12th Army during World War II when he was told to join a group with a special mission. "We were taken to see one of the death camps that had been liberated. It didn't have a name, just a number. It wasn't one of the biggest ones. And that's where we saw the bodies - the piles of bodies. When some idiot tells me that there was no Holocaust, I tell him, 'There was a Holocaust. I saw it with my own eyes!'" ●●●●● Our Copy Cat, **Baldassaro DiVincenzo Mitten**, was at the meeting of Democrats where the word was received that **Mayor Marisa Perna** was destined for the Assembly nomination. "I could swear the announcement was made by some guy named **Kervickian**," **Baldassaro** said. ●●●●● Word from **Fifth Ward Councilman Harry Zileh** is that his political organization, the **Kool Kumbler Boys**, is concerned about the current campaign for the Board of Education. "It's depressing that all five candidates are pretty good people," **Zileh** said. "If this trend keeps up, what will happen to Belleville's greatest industries: frozen ballots and hot insults?"

**Chet Prosper**, otherwise known as Mr. Democrat, had a breakfast date today with Representative **Herb Klein** at the **Tick-Tock Diner** in **Clinton**. The Congressman apparently needed some guidance on international policy, or something, or he may just have wanted to keep a weather eye on the local political scene, and **Chet** is a reliable source. Last Saturday, **Chet** celebrated his 70th birthday with a party in a **Newark** restaurant where 50 people turned out for the event, among them **State Council Executive Tom D'Aleandro** and **Frederick President Joseph Parnowski**. It's politics that has kept him young.

## Rotary seeks students for Japanese exchange

Rotary International's District 7470, which includes clubs in Essex, Morris, and Warren counties, from Nutley to Belleville, is looking for students to participate in an exchange program to Japan.

The three week excursion starting June 30 gives participants the opportunity to visit the country and experience first hand many important historic locations.

Tom Buchanan, Nutley Rotary Club past president, explained that this 16 year program is a very unique one continuing between New Jersey district 7470 and Rotary District 2670 of Shikuko, Japan.

He said, "While working together with the Japanese, we have been getting better and better at perfecting the trip. Since we started we have exchanged over 500 students.

Now Rotary District 7470 will be looking to add to that by sending 30 students and six adult chaperones, for three weeks in July. The candidates should be active minded and interested in Japan, explained Buchanan.

"Since this trip is a Rotary sponsored function, we will want our kids to be examples of good will and remember that while they are there they are indeed ambassadors of United States culture.

Rotary International asks the visiting children's families to host a Japanese child in return. The child visits the United States for three weeks but only needs accommodations for a week.

The cost for the Japan trip is \$1800, which includes round trip air fare, housing, meals and all transportation. Anyone interested should contact **Bill Hawkins** in Madison at (201) 377-6300 or **Tom Buchanan** in Nutley at 681-2444, prior to the April 29 cut off date.

## Belleville Middle School enjoys visitors

Faculty and students of Belleville Middle School welcomed the delegation from Kiev, Russia on March 29. The group was part of the organization, Hands Across the Water.

Visiting the middle school were Superintendent Anatoli Churin and teachers Tanya Melnikova and Galina Kopyanov. They were accompanied by Assistant Superintendent Michael Lally and High School teacher Ann Schneider.

A tour of the school, special classrooms, computers, and a reception were part of the middle school's program. Serving as school hosts were Vice Principal Rocco O'Neil and Social Studies teacher Barbara Spillone.

The distinguished visitors were presented with gifts and pen pal letters to take back to their students of Kiev. Middle school students are hoping to hear from their fellow Russian students.

Everyone enjoyed the distinguished visitors from Kiev.

## Grand Marshal says thank you

To the editor:

I would like to thank the Nutley Irish American Association, its president Pat Faherty and Assistant John Kelly for bestowing the honor of Grand Marshal upon me for the 25th annual St. Patrick's Day Parade held on March 27th. Thank you to the Belleville Times and The Nutley Sun for your parade coverage. There are so many people to thank without whom the parade would not have taken place. The respective police departments of Belleville and Nutley are to be commended for a job well done. Thank you to all who came out to watch the parade. Your support means so much to us in the parade. Thank you to my family as well as my church. I learned that when community, merchants and participants of the parade work together great things can be accomplished. It was also a pleasure and honor to serve under Grand Marshal Bill Jonsick as well. In closing I offer my prayers for peace and unity in Ireland.

The Reverend William Mohelt  
Pastor, Belleville Reformed Church

## Letters to the Editor

### Whittle the budget

To the editor:

My fellow concerned taxpayers of Belleville: "Your voices joining us at the Board of Education meetings and the Town Council meetings, demanding a reduction in the Municipal budget, because you cannot afford another one of those \$400 to \$500 tax increases, is meeting with success. At the last Board of Education meeting, it was announced that they are whittling the proposed budget down (but not enough yet to satisfy us), and at the Town Council meeting, the news was also encouraging."

Resolution 11 stated: "Resolution establishing Council Policy for Changes in Municipal Workforce..."

What in the world did that mean??? A question for clarification revealed that the Resolution was placed on the agenda at the request of Councilman Cook. Why, you wanted to know...ANSWER: "Because the Town Manager was advised by the Council to reduce the budget by some \$400,000 -- to avoid a tax increase." The Manager headed the direction by sending notices of layoffs to some 14 Town employees, mostly in the Public Works Dept. Naturally, the Manager is convinced that the positions are not necessary, and that you, the taxpayer should not have to "fund a position, not of benefit to operating an efficient Public Works Dept."....

We don't know how the Manager is planning to improve efficiency, that is his job. That is what we are paying him for. Perhaps he also feels, why it is necessary to have two Town employees in the cab of a Town truck, (usually two trucks) following the payload, crawling along at 5 miles an hour. It gives the impression that one man in the cab is there to steer the vehicle, the other one turn the key to get it started Or perhaps to hold the coffee cups steady??? The immediate question at the Town meeting coming to mind....Why did Councilman Cook want to have the notices rescinded???? To protect somebody's job, perhaps recently "put on the payroll"??? We'll find out and we'll keep you posted.

Cornelis P. Vander Zwan

### Burke for Pisano

To the editor:

April 20, 1993 is a very important day for the Township of Belleville for our school board. Board of Education members are responsible for formulating and implementing policies that have a direct effect on our greatest resources -- our children. It is not an election that should be taken for granted. The school board budget is also reflected in our total tax rate.

The persons we elect should be able to deal with all aspects of the education system from books to budgets. Who better to represent us than someone who has experienced these first hand. Patricia Pisano is a mother of three sons in the system and a homeowner who must also adhere to a family budget. She is well qualified for the seat back on the Board of Education. She has the children's best interests at heart.

Please join me in support of someone with a proven record, Patricia Pisano SA.

Marie Strumolo Burke

## Not-so-public library?

To the editor:

I am a teacher at a Catholic school in Belleville. Two weeks ago on a Thursday morning I arrived at the "Public" library on Washington Avenue at 9 a.m. I had seven (7) seventh grade students with me, and they are very well behaved children. We quietly entered the children's section and were told that we could not come in because of story hour at 9:30 a.m. The time was 9:04 a.m. and I promised the librarian that we would leave by 9:20 a.m. The librarian made it very "clear" that my seven students and I were not welcomed.

My small group of seven is closely supervised by me, and the librarian is only needed to check out the books.

According to Webster's Dictionary: Public; accessible to or shared by all members of the community. Perhaps the word "Public" should be replaced for Restricted. Would not Belleville Restricted Use Library be a more appropriate title?

Margaret Fitten

Ed. Note: Acting Librarian Director Adrea Cohen replies: "Mrs. Fitten will receive an apology from the Library. Her position is correct."

## Woman's Club thanks

To the editor:

On behalf of the Woman's Club of Belleville, a sincere thank you to everyone who made our March 19 Annual Art Exhibit and Auction a great success.

We are grateful to the merchants and organizations who supported our ad journal, citizens who attended, the Board of Education and Mrs. Hawthorne, principal of School Number Seven for their cooperation. Also we thank Marlin Art for staging the event.

Everyone's generosity and cooperation will enable us to support many charities and continue to improve our clubhouse.

## Health department advises on beef use

Belleville Health Officer Thomas Longo issues a notice to the public regarding the preparation and handling of ground beef. It is advised that ground beef be cooked to 155 degrees Fahrenheit to avoid possible illness from the bacterium found in undercooked meat.

The 155 degree temperature is 15 degrees higher than the current requirements. The 140 degree temperature may not adequately kill *Escherichia Coli*, the bacteria identified as the cause of the serious outbreak in Washington. People preparing hamburgers or other ground beef at home should cook them thoroughly; juices should run clear and there should be no pink meat.

Consumers should also follow safety precautions such as washing hands after handling raw meat and thoroughly washing utensils and cutting boards used in meat preparations. Transmission can also spread from person to person and employing good hygiene is important in preventing secondary spread of the illness. Consumers and food handlers should pay particular attention to proper handwashing after visiting the toilet or handling children's diapers.

The severity of the illness can range from asymptomatic infection to death. Those at greatest risk

appear to be the very old and the very young. Patients can develop diarrhea containing blood and experience abdominal cramps. Some develop nausea and vomiting. Uncomplicated cases will not

develop fever. A fever indicates that complications have developed. Symptoms can last from 1-12 days. The incubation period which is the time it takes for symptoms to develop after exposure ranges from 16-20 hours with an average of 48 hours.

There have not been any reports of outbreaks in New Jersey. The State Department of Health in New Jersey is in the process of evaluating cooking practices in the major fast food chains in New Jersey.

## Free colorectal cancer screening offered at Health Department

It is estimated that in 1992, 154,000 Americans developed colorectal cancer. The incidence is about equal in men and women. When detected and treated in an early stage average five year survival rate is about 87 percent. After it has spread regionally to involve adjacent organs or lymph nodes survival rates drop to 40 and 30 percent respectively. Survival rates for persons with distant metastases is less than 7 percent.

Risk factors associated with colorectal cancer are a personal or family history of cancer or polyps of the colon or rectum, inflammatory bowel disease, and a high fat low fiber diet. The signs and symptoms of colorectal cancer are: 1. cramping or gnawing abdominal pain. 2. change in bowel habits. 3. blood in the stool.

The following colorectal cancer screening tests are recommended by the American Cancer Society:

1. Digital Rectal Exam - Recommended every year for all persons over the age of 50.
2. Proctosigmoidoscopy - Proctosigmoidoscopy examines the lower half of the large intestine and the rectum. This is a simple test which can be done in the privacy of one's home and reported to the doctor's office or clinic for analysis. Whether test is positive or negative it is recommended that you see your physician for evaluation.

For an appointment for a fecal occult blood test call the Belleville Health Department at 50-3393.

## First DeWitt gains federal charter

In a move designed to increase capabilities, decrease costs and streamline and streamline regulatory compliance activities, First DeWitt Savings has been awarded a new operating charter as a Federal Savings Bank. The announcement was made by Michael Quigley, III, chairman and CEO of First DeWitt Savings.

"All of the changes associated with our switch to a bank are positive," Quigley pointed out. "By eliminating a redundant layer of regulation, the fees and costs that we have to pass on to our customers are reduced, and we can spend more time on the business of banking. For example, First DeWitt Savings has up to this point paid over \$100,000 a year in state fees,

along with the many employee hours needed to conform with regulations duplicated on the federal level."

Further bank-level customer benefits include the ability to concentrate more heavily on consumer loans, as well as increased opportunities in the area of interstate banking. On the business banking side, First DeWitt Savings can now augment its range of commercial products with letters of credit and other similar services.

"In many ways our change to a federal savings bank charter completes the picture for us," Quigley continued. "We've always striven to provide a comprehensive package of financial services for our customers. As a bank, we can now

offer a full range of consumer and commercial services in addition to our traditional role as a provider of mortgages and safe investment opportunities. And, since our commitment has always been to the local community, we're better able to respond to the specific needs of our customers, right where they live and work."

The new federal charter was presented to the First DeWitt Savings Board of Directors at a March 17 meeting by Quigley. To observe the change of charter, the bank plans a celebration with sweepstakes, a poster contest for children, and other activities.

DeWitt Savings, founded in 1885, serves New Jersey with 10 offices located in Essex, Morris, Sussex and Ocean counties.

## ARC honors staff volunteers

The Hudson Association For Retarded Citizens held its second annual dinner dance at the Villa Nova in Bayonne, March 26, according to Deborah Lorenzetti, executive director.

The dinner was held in honor of staff, board of directors and persons from the community at large who had distinguished themselves as volunteers working on behalf of the agency during the past year. Nat Amadio, president of the board of directors was pleased to announce that the honorees were Mary Ann Di Bari and Donna Castellano as staff volunteers; William La Greca as board of directors volunteer, and Carmen and Barbara Lia as community volunteers.

Donna Castellano, a resident of Nutley, administrator of the Barly

Intervention Program, has gone out of her way to help the Hudson ARC. She is never timid about asking for donations for her program. Her enthusiasm for whatever she is doing makes her someone who is difficult to refuse. Last spring, Donna volunteered to produce and perform in a fund raiser we called "A Little Bit of Broadway." Donna recruited several other people from her vocal instruction class to perform Broadway tunes. Every part of the show was donated thanks to Donna's efforts. The show was a huge success thanks 100 percent to Donna. For sharing all of her many and gifted talents, the Hudson Association For Retarded Citizens thanked Donna Castellano.

Mary Ann Di Bari, a resident of

Belleville, is a long time staff member of the Hudson ARC. She is the site supervisor for the Bayonne Adult Training Center. Mary Ann is relentless in her pursuit of donations of money, goods and services to benefit her program and the agency at large. She is also known for her creativity and special touch.

If it's a staff party or training event, Mary Ann outdoes herself to ensure its success. The Thanksgiving pumpkin pie sale this year was her brainchild. She managed to get staff and clients involved in this endeavor. The production line was a sight to behold. For her service, dedication and commitment to the clients of the Hudson ARC, Mary Ann Di Bari was selected to receive this award.

### Book lectures

As a result of a matching grant from the New Jersey Committee for the Humanities, the library is presenting ten book lectures and discussions on the theme by New Jersey scholars.

On April 21 at 1 p.m., "The Great Gatsby" by F. Scott Fitzgerald will be discussed by Dr. Robert Gold, Professor of English, Jersey City State College.

On April 28 at 1 p.m., "All the King's Men" by Robert Penn Warren will be discussed by Dr. Jane Brown, Professor of English, Trenton State College.

For a complete listing of the lectures, pick up a brochure at the library.

### Library information

How do you locate information in the library? What reference books are particularly helpful for you in finding information? How can the computer help you? During National Library Week, Adrea Cohen, Assistant Library Director, will try to answer these questions for you on April 16 at 1 p.m. Sponsored by the Friends of the Library, the program should last approximately one hour, with refreshments following. Please call 450-3434 to register.

## Book marks

### Marionette program

On April 17, from 2 to 3 p.m. the James J. Conzatti Jr. Children's Room and the Library will present a special program for National Library Week, with Colle's Marionettes, who will present "Juliana and the North Wind." Please call the Circulation Desk at 450-3434 to reserve tickets, as seating is limited.

### Trustee to be honored

For his 32 years of service as a Library Board of Trustee Member, Kenneth R. Broo will be honored on April 29 at 7:30 p.m. with a special lecture in his honor by Dr. Elliot Engel, a scholar and performer, who will speak on the topic: "The Dickens Nobody Knows." Call the library at 450-3434 to tell us if you will be attending this wonderful celebration for Kenneth R. Broo.

### O'Neill receives award

Edward O'Neill will receive the library's fourth Distinguished Service Award on April 15 at 7:30 p.m. during the programs celebrating National Library Week.

This award is given annually to a person, whose time, effort and commitment to the library have led to improvements in service. Devoting 25 years of service to the Belleville Historical Society, five of which he has served as president, Ed has seen to it that the archives of the historical society have been made available through the researching and copying of articles for easy access by researchers, students and interested Belleville people.

He has also worked very diligently to organize the Township's first "Silver Lake Day" in 1989 to bring recognition and pride to that important neighborhood. During Belleville's Sesquicentennial in 1989, O'Neill personally installed 100 street signs around Belleville that created an "Historic Route" to allow visitors to follow the path of Belleville's history.

O'Neill has lived in Belleville since 1927, attended high school in Belleville, and has lived in the same apartment in Belleville with his wife Margaret for fifty years.

### Children's Room activities

On April 17 children's stories from Japanese fiction will be presented in English by Melissa Kopecky, Children's Room Staff, from 10 to 11 a.m. during the Cherry Blossom Festival at Branch Brook Park. Kopecky will read Japanese stories in the Cherry Blossom Tent at Branch Brook Park.

On April 20 at 10:30 a.m. participants will make quilt patterns using paper and also listen to stories about quilting.

Colle's Marionettes, who will present "Juliana and the North Wind" on April 17 at 2 p.m. at the Belleville Public Library and Information Center. Call 450-3434 to reserve tickets, as seating is limited.

### Strictly business

In its business bibliography, prepared by Reference Librarian, Joan Taub, the library lists many books in the business area. Here are a few that might help you. The "All in One Directory" lists newspapers, radio stations, television stations, business and trade press and is an excellent public relations tool in Ready Reference 070. "Business Forms on File" is a loose-leaf collection of various types of forms and checklists needed to establish contact with government agencies and to organize business record keeping, located in Business Reference 651.29, while "The Complete Book of Small Business Legal Forms," Business Reference 346.73 lists all the legal forms and documents needed to successfully operate a small business.

These books are located in the Business Reference section of the library. Ask your Reference librarian, if you need assistance in locating them.

### Calendar of Events

## Letters to the Editor

### Guard thanked

To the editor:  
I wish to thank a Crossing Guard at School No. 3, the Police Department, Emergency Ambulance Squad, of the Township of Belleville, and some community. About a week ago, while walking on Washington Street near Union Avenue, I had the experience of falling on an icy sidewalk and many people came to my aid.

Thank you, all of you kind people, for helping an elderly person during her time of distress. I am most grateful.

### Vote for Molinaro

To the editor:  
I have been following the events of the Belleville Board of Education for the past few years. I find it difficult to believe that a body of elected officials can spend so much time arguing over trivia. It seems to me that the board lacks direction and that some board members are more concerned with grandstanding or politicking. As a concerned citizen and taxpayer, I feel it is time for a change. The board needs new direction and people serving that have a true commitment to our school system. Constant rhetoric does nothing to enhance our educational system or our status as a community.

On Tuesday, April 20, 1993, I will be casting my vote for Robert P. Molinaro. I ask the citizens of Belleville to join me and vote for a change. Let's move Belleville forward. Vote 4A - Robert Molinaro.

Barbara Metz

### Vote for Barbara

To the editor:  
I am writing this letter to show my support for Barbara Cicalese, who is running for the Board of Education. Barbara is a person who is dedicated and a caring individual who only wants what is best for our children. She is a past member of the Board of Education and is also one of the founders of the C.H.A.S.E. program. Barbara truly cares about our children and their future, and I feel she is the "best" for the job.

Please give Barbara your vote on April 20 by voting 2A. Susan Cropsie

### Paserchia to host Easter Bunny

Belleville Board of Education trustee Angie Paserchia has announced she will be hosting her third annual Easter Party with the Easter Bunny this Saturday, April 10, from 12 noon to 3 p.m. at the Rec House, corner of Jorammon Street and Garden Avenue.

The Easter Bunny will be available to take free photographs with children. Refreshments will be served, and candy and surprise will be given to children in attendance.

Admission is free, and all Belleville residents are welcome to attend.

### Marcantuonos take honors

Melissa Marcantuono of Belleville, a student at Caldwell College has been named to the Dean's List for academic excellence during the fall semester.

Danielle Marcantuono, a student at William Paterson College, has been named to the Dean's List for academic excellence during the fall semester.

## Delicious recipes make use of leftover Easter ham

Everyone tends to overlook when it comes to holiday meals, and that means leftovers. If ham is on the menu for Easter dinner this

year, you'll want to make sure there's plenty left over to use in the following recipes from the American Dairy Association.

### Ham and Cheese Breakfast Frittata

- 2 tbsp. butter, divided
- 8 eggs
- 1/2 cup milk
- 1/2 cup sliced American cheese, cut in strips
- 1 cup cooked cubed ham
- 1/4 green onion, chopped
- Salt and fresh ground black pepper to taste.

Frittata, the Italian version of an omelet, is flat like a pancake and golden brown on the outside, yet moist inside. Saute green onion in 1 tablespoon of butter until tender, approximately five minutes. In a large bowl, whisk together eggs, milk, cheese, ham, onions, salt and pepper. Coat frying pan with remaining butter to prevent sticking and place over medium heat. Add egg/ham mixture to pan and cook until the bottom is golden brown and well set, lifting the edges with a fork to allow the uncooked egg on top to trickle into the pan. Turn the frittata over by using a large spatula, or by placing a large plate over the pan and flipping it so that the frittata can be slid back into the pan cooked-side up. Continue cooking until golden brown. Slide frittata onto serving plate and cut into wedges.

### Hearty Ham and Cheddar Chowder

- 1/2 cups water
- 2 cups diced potatoes
- 1/2 cup diced carrots
- 1/2 cup diced celery
- 1/4 cup chopped onion
- 1 teaspoon salt
- 1/4 teaspoon fresh ground pepper

### WHITE SAUCE

- 1/4 cup butter
- 1/4 cup flour
- 2 cups milk
- 2 cups cheddar cheese, grated
- 1 1/2 cups cubed cooked ham

Combine water, potatoes, carrots, celery, onion, salt and pepper in large pot. Boil 10-12 minutes. Meanwhile, in a small saucepan, make white sauce by melting the butter. Add flour and stir until smooth (about 1 minute). Slowly add milk; cook until thickened. Add grated cheese to white sauce; stir until melted. Add white sauce and cubed ham to undrained vegetables. Heat through and serve.

### Ham and Asparagus Cheese-Filled Popovers

- POPOVERS
- 1 package (6 oz.) popover mix
- 1/4 cup grated Parmesan cheese

### SAUCE

- 1/3 cup butter
- 1 cup sliced fresh mushrooms
- 1/4 cup sliced green onions
- 1/3 cup all-purpose flour
- 2 tablespoons grated lemon peel
- 1/4 teaspoon pepper
- 1/8 teaspoon garlic powder
- 1 1/2 cups low-fat plain yogurt
- 1/2 cup dry white wine
- 2 cups cooked 1-inch pieces of asparagus
- 2 cups cooked sliced ham

For popovers, make accordingly to package directions, adding cheese to dry mix. Bake in 2 3/4-inch muffin cups as directed on package. Meanwhile, for sauce, melt butter in

## Milestone game could be this Saturday

# Corino nearing 300th victory

By Mike Lambert  
While he chooses not to discuss it, varsity softball coach Carl Corino is now within three victories of a classic milestone. The coach came closer to win number 300 as he watched his team defeat Queen of Peace 11-1 and Lyndhurst 7-4 to open the 1993 campaign last week.

Caldwell comes to Clearmont Field for an 11 a.m. game.

Next Monday, Ridgewood is here for a 4 p.m. game and next Wednesday, Clifton comes to town, also in a 4 p.m. start. With all the early season home games, it looks pretty good that number 300 will be celebrated at Clearmont Field.

"It's good to start the season with two wins," Corino said, "but I'm still juggling the lineup. We have some question marks which need to be answered. There are some tough games coming up."

On an overcast and chilly Saturday afternoon, the Lady Bucs opened the season against Queen of Peace at Clearmont. The girls quickly took control of the game with two runs in the bottom of the first.

Jennifer Citarella was hit by a pitch and stole second base. Colleen Mannion reached on an error with Citarella scoring on the play. Mannion went to second when Lynn Giachetti walked and scored when Kim Piscatowski hit into a fielders choice.

In the third inning, Belleville broke the game open with four runs. Jackie Cerami, Gina Conte, Kristin Gallito and Christine Sansano had ribbies in that frame. Giachetti, Piscatowski, Gallito and Conte scored the runs.

Queen of Peace scored its only run in the fourth inning. Gallito made a tremendous throw from centerfield that nearly caught the Queen of Peace runner as she slid into home plate. Catcher Colleen Mannion made the tag, but the

umpire ruled the runner safe. In the fifth inning, Corino hit a solo homer. Belleville sealed the win with two runs in the last of the sixth inning.

Piscatowski, a 20 game winner last season, pitched six solid innings. She allowed just four hits while striking out six and walking none.

Gallito had two hits and drove in a run. Citarella drove in two runs, and as mentioned, hit a homer. Conte had a hit and drove in two runs and Sansano drove in two runs and had a hit.

Last Monday, the girls moved to 2-0 by beating Lyndhurst. The Golden Bears jumped out to a 2-0 lead in the top of the first, but Belleville came back with a run in the bottom of the inning and three more in the second.

In the first, Giachetti made it to second on two errors. She went to third on a Piscatowski single and

(continued on page 14)

Last week, I briefly discussed the increasingly ridiculous situation at Belleville High where a few of our athletic teams cannot compete in their own township because of a lack of good facilities.

The 73 tennis and track teams are relegated to the road. The tennis team will have to play over 20 matches this spring, and all of them require a bus ride. The excitement of playing has to be somewhat diminished by the fact that a match will require a bus ride to, and from, the tennis courts.

The continuous road show means more money to maintain the busses, not to mention the cost of paying the bus drivers.

What I and I'm sure many people in this township would like to know is this. Why have the facilities deteriorated?

It's not like Belleville never had a good set of tennis courts. Just ten years ago, there were not one, but two good sets of courts. They were located by the high school parking lot and the second set is parallel to the football field.

I remember the girls and boys' tennis teams playing varsity and JV matches on the courts not too long ago. Today, most of the games that occur on our tennis courts are street hockey games.

Why has the township allowed the courts to decay to a point where they are unsuitable for high school tennis? Because it was decided not to maintain the courts on an annual basis, it's now come to the point where it will cost a great deal of money to restore the courts.

You know what the answer from Town Hall will be. There isn't enough money.

Fine. I know we are recovering from the worst recession in many years. I know tax dollars continue to increase and our township's needs are skyrocketing. Insurance is high and there are other things in the township that need more attention. I know all of that.

The point, however, is simple. If a little attention had been paid to the facilities over the past ten years, then perhaps this article wouldn't be necessary today. Instead, we would be talking about Tony Salese's team playing a home match later this week against Montclair.

By the way, the 1993 Buc tennis team looks like it will be very competitive. Since they won't be playing home for the fifth straight year, perhaps you can venture to one of the matches and see the team compete. I'm sure they would very much appreciate your support.

And, maybe, the team can finally come "home" sometime before the year 2000.

### TRACK TEAM FACES SIMILAR FATE

The track team, as mentioned in last week's Buc Shots, is also set for a road only schedule in '93. The team did have home meets as recent as 1992, but this is not the first time the team has had to race all of its meets on the road.

Since John Tassato took over as track coach in 1983, the Buc have been denied a home track on three different seasons. This season, the team must race entirely on the road because the track is not in the proper condition.

In addition, there is some type of problem with the stands at Memorial Stadium-Doc Ellis Field, that hinders the use of the track. Thus, there isn't even 400 meters of free track.

I went into my tirade last week about the enjoyment of racing at home, looking back at my high school days some 17 years ago.

Like the tennis team, the track team will require transportation to and from the meets. That means gasoline money, insurance and paying the bus driver again.

It has to cost a certain amount of money to pay for gas (which usually costs about \$1.45 a gallon), insurance and the cost of a bus driver. If you figure out what those costs have been over the past five years and apply those monies toward repairing the tennis courts and the track, I'm willing to bet the township could have made a significant stride toward repairing the facilities.

But the games will continue and unfortunately, our athletes will pay the price by wearing the blue and gold on the road, only.

Stand by, because I will have plenty more coverage of this in upcoming issues.

### BCNL TRYOUTS

The Belleville Bruins will hold tryouts on Sunday

## Ridiculous 3 month road trip in store for Bucs

By Mike Lambert  
A tough road season commences this week as the 1993 tennis campaign kicks off for Belleville High School.

As most fans know, the Bucs are once again relegated to the road for the entire season because the Township of Belleville doesn't see fit to keep the facilities in good shape.

This is the fifth straight year that Belleville must compete on the road for varsity tennis, which means about 26 trips on the highway. It also means two trips to distant schools such as Don Bosco, St. Joe's of Montvale, Teaneck and Hackensack, to name a few.

Head coach Tony Salese, entering his sixth year, is quite optimistic about his team's chances this spring.

"I think we'll be very competitive," the coach said. "I have very high hopes. We can be right there with the schools from Essex and Bergen counties."

Senior Seymour Kogan is back for his fourth year of competition. Kogan will play first singles for the third season.

At second singles is George Kirby. A junior, Kirby has a lot of experience on the tennis courts, having competed on the USTA level. Kirby is new to Belleville

High School, having transferred from Lodi.

Pete Prvolovic, a senior, will compete at third singles along with Jomar Gomez. Also a senior, Gomez played at BHS as a sophomore and is hopeful of breaking into the lineup this spring.

Salese is planning on starting Prvolovic in the season opener this week.

The first doubles team will consist of Tuan Bui and Oscar Benavides. At second doubles will be Dai Nguyen and Ben Dookchitra.

"We have some good athletes at first doubles," Salese said. "They have natural ability and play with aggressiveness."

The Bucs opened the season earlier this week against Paterson Hartside. Next Monday, the team will play at Barringer and next Wednesday, it's off to Passaic.

"Nutsley should have a real good team this season," the coach said. "Don Bosco and Hackensack should be strong, too."

And, don't forget the Bucs team bus, which will make plenty of runs up and down the Garden State Parkway as the team begins a ridiculous and totally unnecessary road show.

## '93 Buc wrestlers rewrote record book

By Joe Pegaro  
Well, it's over ladies and gentlemen. The only thing left in the 1992-93 wrestling season is the 18th Annual Awards Dinner sponsored by the Belleville Wrestling Parents and Friends Association.

It was a year of growing pains. The team went 10-5, but did not win a championship of any kind until the voting for Region 4 was completed.

Our Bucs finished third in the Bloomfield Holiday Tournament behind champion West Essex and runnerup Bloomfield. In the Elizabeth Minuteman Classic, Belleville was runnerup to powerful Somerville High School. The County Invitational saw BHS take a fourth behind St. Benedict's, West Essex and Bloomfield. Then in the districts, our boys placed second to the Bengals of Bloomfield. Even in the NNJL, Coach Nis' troops finished second to eventual winner and Parochial state champ St. Joseph's of Montvale.

But, on an individual basis, what an outstanding success this past year was! On every level, recreation, freshman, JV, varsity and collegiate, Belleville wrestlers were simply amazing.

Recreation matmen Frank Zarro and Tim Francis each earned fifth place finishes in the midjet state championships. Both were stalwarts on the undefeated recreation squad.

State championships were also held on the ninth grade level where three Bucs won medals. Luke Cardinale, 131 as a JV and 4-4 on the varsity, won a gold medal to become the first in his family to win a state crown.

Rob Caputo, 2-2 on the varsity, also won a state title in the 135 pound bracket. Dave Paladino, 1-0 on the varsity, won a bronze medal for his third place finish.

The JV team went undefeated, won the Kearny and Elizabeth tournaments, and the NNJL

crown. Belleville also placed third in the North Bergen tournament behind High Point and Phillipsburg. The North Bergen event is generally regarded as the best JV tournament in the state of New Jersey.

On the collegiate front, 1988 grad Armando Nardone placed third in the Division III National Championships. It marked the third consecutive year in which Mondo earned All-America honors while at Montclair State.

And then there was the varsity. Seven of the first eight wrestlers in the lineup accounted for every gold medal earned this season.

But the one grappler who could be termed "the best," the team leader, the man other teams avoided, was senior Joshua Cardinale. He is the Belleville Times MVP for the 1992-93 season, an honor he earned over and over again throughout the season.

Josh was 30-2 this year with 19 pins. He wrestled wherever Coach Nisvoccia felt he could do the most good, whether at 112, 119 or 125 pounds.

He finished with 91 career victories, fourth on the all time list. He pinned 54 opponents in his career, second only to Danny Hywel's 59. Cardinale won the Bloomfield Tournament twice, the Elizabeth Classic three times, the districts twice, regionals twice, and placed 6th in the state as a junior, second as a senior.

Joshua has earned first team NNJL honors three years in a row, as well as being a co-captain this year with fellow senior Carlo Ritacco.

Colleges are driving his dad Ralph cuckoo with their offers. Right now, Josh can go just about anywhere he wants. Rutgers, George Mason University, Bloomburg State and Central Connecticut, among others, are all trying to lure Cardinale to their programs.

This is a kid whose first seven

matches as a wrestler resulted in an 0-6-1 record. Hard work, dedication and a loving family have made Joshua Cardinale one of the greatest wrestlers BHS has ever had. We'll miss him.

The MVP choice was easy. The Most Improved was not. There were three choices: Isaiah Cardinale, John Perna and Mark Bianchini.

Cardinale was 31-2 this year, fourth in the states, and had 20 pins. Undoubtedly, he had a great season. Last year he was 25-6 and finished second in the regions. He showed marked improvement, but not quite enough to be the most improved on the squad.

Then there was Perna. He fashioned a 31-1 record this season with 20 pins. He finished second in the states and set a ton of BHS records for the 103 pound class. But last year, John was a state champ as a freshman. When you are the best one year and second best the next year you are one helluva wrestler. But not the most improved.

That honor this season goes to 125 pounder Mark Bianchini. Last year Mark was 3-4-1 on the varsity and looked every bit the part of a sub .500 wrestler.

This year, he was bigger, stronger, more confident and better defensively. Only the lack of a dominant performance prevented him from reaching the states.

Bianchini was 20-7 this year, and placed first, second or third in three tournaments. Mark finished third in the Bloomfield Holiday Tournament, second in the District 14 championships and won the Elizabeth Minuteman Classic.

He, along with Perna and the Cardinales, formed one of the most successful first four in North Jersey wrestling. The fourness combined for a record of 112-12 with 65 pins.

Only a junior, Bianchini will be back next year as one of the building blocks on a potentially powerful

squad.

**BITS & PIECES:** Time once again to argue. Here is my new all time team:

103 John Perna; 112 Isaiah Cardinale; 119 Joshua Cardinale; 125 Junior Nardone; 130 Mondo Nardone; 135 Joey Cerreto; 140 Dan Bivona; 145 Walt Bennett; 152 Chris Tremel; 160 Dan Hywel; 171 Chris Musmanno; 189 Mike Gibbons; HWT Marc Criscione and George D'Allessandro.

Gone are long time occupants Carl Arlt (103) and Mike Iuliano (119). But who do you think would win in a Perna-Arlt matchup, or a Josh Cardinale-Mike Iuliano contest? ... The new top 20 has changed slightly too. Here it is...

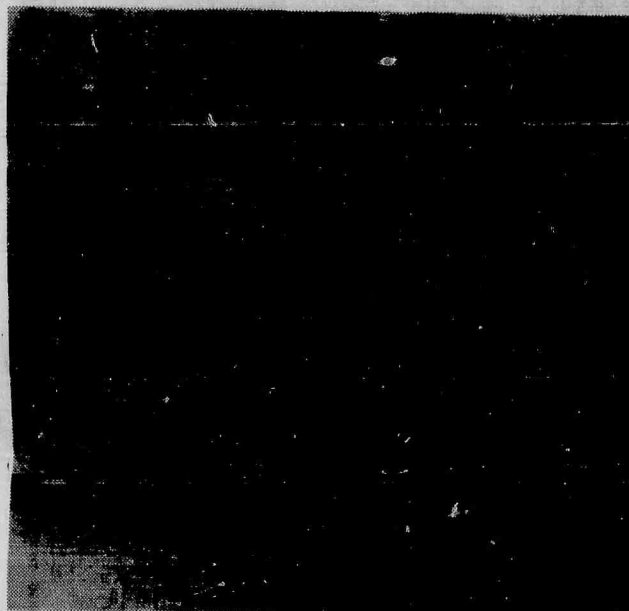

- 1) Junior Nardone 101-8-1
- 2) Mondo Nardone 101-12
- 3) Joey Cerreto 100-14-4
- 4) Josh Cardinale 91-13
- 5) John Stampono 89-28-3
- 6) Dan Hywel 88-23
- 7) Dom Cerreto 83-21
- 8) Mike Iuliano 76-14-1
- 9) Mike Gibbons 72-9-1
- 10) Chris Musmanno 68-8
- 11) Ralph Perna 68-21-1
- 12) Marc Criscione 67-24-2
- 13) Vin Mustachio 66-11
- 14) Vinnie DeSimone 63-20-1
- 15) Carl Arlt 60-7
- 16) Lee Hand 60-17-1
- 17) Isaiah Cardinale 60-2 with active

18) George D'Allessandro 56-12-1

19) Ken Henry 56-22-2

20) Carlo Ritacco 51-20-2

Tickets are still available for the 18th annual awards dinner. It will be held on Friday, April 16 at 6:30 p.m. The Chandelier banquet hall is the location. Tickets are \$30 and can be obtained by calling 759-4193 or 759-5411. ... This is my last column of the year, and once again I'd like to express my appreciation to all of you who have shared my writing. Thanks for reading about the BHS athletes in Belleville. See you next year!

It's a close play at the plate, but Belleville catcher Colleen Mannion's tag is a tad late during game last Saturday.

# Lady Bucs off to 2-0 start

(continued from page 13)  
scored on a ground out by Galloto. Danielle Brodo, a freshman catcher, started the second inning by reaching second base safely on a throwing error. Liz Ramirez singled to score Brodo and went to second on the throw to the plate. Ramirez went to third on a passed ball and scored on a sac fly by Citarella.

With Belleville now leading 3-2, Mannion singled and advanced to second on a passed ball. She scored

on a hit by Giachetti. Belleville scored solo runs in the third, fourth and sixth innings to insure the win. Lyndhurst scored its last two runs in the fourth to cut the Lady Buc lead to 5-4.

Mannion led Belleville with three hits and two RBI's. Brodo had a triple and drove in a run. Giachetti drove in two runs.

Piscatowski pitched the first six

innings to gain her second victory in as many starts. She struck out six, walked four and allowed four runs

on six hits. Keri Wendling hurled the seventh inning and was credited with a save.

NOTES: Corino became varsity coach back in 1980. His teams have averaged over 24 wins a season for the first 12 years.

The coach is hoping to use Mannion more in centerfield as Brodo continues to learn the catching position.

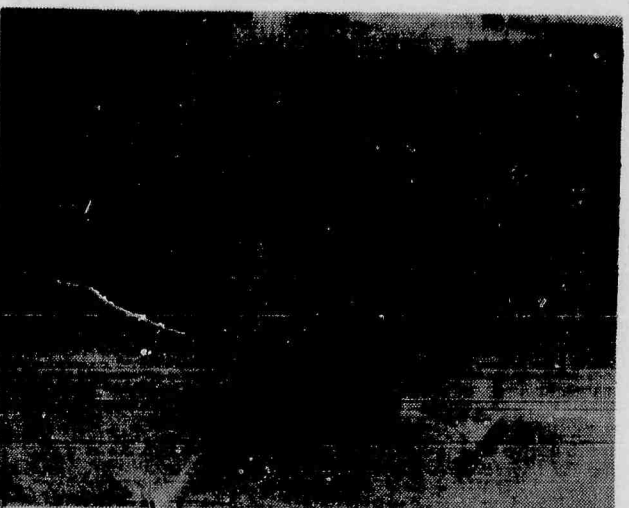

Nicole Gibbons played rightfield in the Lyndhurst game.

Lynn Giachetti is about to throw to first base for put out during third inning of game with Queen of Peace last Saturday. Lady Bucs won, 11-1.

Jennifer Citarella rounds the bases after hitting solo homerun during game with Queen of Peace at Clearmon Field.

Kim Piscatowski winds up and delivers pitch during Lady Buc season opener last Saturday at Clearmon Field.

## RECREATION ROUNDUP

### Recreation Track

The Belleville Recreation Department will be offering a recreation track program for boys and girls in grades 6, 7 and 8. The program will tentatively be conducted Mondays, Wednesdays and Fridays at the Stadium from 4 to 6 p.m. The program is designed to introduce aspiring runners to the fundamentals of track and field. Participation, rather than competition, will be stressed. Training will consist of instructions and fun activities, instead of intense physical workouts. This year's program instructor will be Donna Le Daudelin, a former runner for the Belleville High School Track team.

Children in grades 6, 7 and 8 who reside in Belleville are eligible. Those children who will be playing baseball or softball should not take part in this program, however, since practices and schedules will conflict. To register, come to the Recreation Department office at 407 Joralemon Street between 8:30-4:00, Monday-Friday, with your birth certificate.

## REHAB ROUNDTABLE

**I have had back pain for a number of years but lately it's become much worse. I'm a mechanic and I need to lift and move equipment, and I'm worried about being able to do my job. Can rehab help?**

First, see your doctor or make an appointment with a doctor at Welkind for an examination and treatment recommendations.

A rehabilitation program can be very effective in treating this common problem. The Pain Management Program at Welkind is designed to not only give you relief from pain now, but also to help you protect your back, avoid pain and do your job safely over the long run.

The Program involves physical therapy to reduce pain and improve strength, flexibility, body mechanics and posture. Occupational therapists may also provide therapy to improve body mechanics and efficiency in daily tasks, as well as teach energy conservation techniques. Through a work site analysis, we can design a treatment program highly specific to your job tasks. Also, you may benefit from our Back School, a short education program to teach you about the back and to help you identify and correct the factors contributing to your pain.

Treatment will be geared toward your specific problems, routines and work demands so that pain management and the techniques used to avoid pain and injury can become part of a healthy lifestyle.

— Patricia M. Judd, M.S., P.T.  
Director of Physical Therapy

**My aunt had a stroke and the hospital social worker wants her evaluated for rehabilitation. What's the difference between rehab and a nursing home?**

All the difference in the world. Acute rehabilitation provides patients with at least three hours of intensive therapy every day during an average stay of about a month. In rehab at Welkind Rehabilitation Hospital, patients, depending on their needs, receive physical therapy, occupational therapy, speech therapy, recreational therapy and more, under the constant supervision of a physician whose specialty is physical medicine and rehabilitation.

The goal of acute rehab at Welkind is to help each patient regain his or her abilities so that they can return home to live as independently as possible.

— Thomas Lammerise, M.D.  
Medical Director

**I've read a lot in the papers lately about head injuries and how important it is to wear seat belts in the car, and helmets when biking. What can I tell my kids, who sometimes take risks, about the dangers of an injury to the head?**

The greatest danger in an injury to the head is the risk of injury to the brain. In fact, a sudden blow to the head may impact the brain even if there is no sign of injury to the head or face.

Even a mild brain injury can cause changes in memory, personality and cognitive ability. Sometimes these problems resolve over time, sometimes they persist for years. More serious brain injury can affect the ability to walk, talk, think, eat and even live independently.

Welkind's specialists in our Brain Injury Rehabilitation Program help our patients regain their abilities through intensive therapy. Those with severe brain injuries begin treatment as inpatients. Our outpatient program serves those whose injury is less debilitating.

The best solution, of course, is prevention. Seat belts, helmets and simple, common-sense precautions can make the difference.

— Mary Leonide Sipski, M.D.  
Brain Injury Program Director

# Villano pleased with rowers' performance at Philly Flicks

By Mike Lencioni

In great head coach Dennis Villano's words, "a decent and respectable day," the Belleville crew team captured three championships at the Philly Flicks last Sunday in Philadelphia.

The team will take this weekend off because of Easter. Next week, the team will compete at Upper Merion.

While Villano was pleased with

the performance of his entire team, he is quick to warn that the "real" season begins in May.

"All of this is practice," said the second year head coach. "The real season starts in the beginning of May with the City championships (at Philadelphia). Then we move on the Upper Merion, Stotesbury and Nationals. That's what we're getting ready for."

"But I have to say the team did

very well. We took three first place medals and three second place shells. Everyone rowed well."

The women's lightweight four, the women's junior four and the men's novice four garnered first place medals.

Members of the lightweight four were Bao Tran, Fran Montalco, Geri Ravallone, Tammy Wunder and coxswain Richard Pisano.

The junior four shell features Caren Villano, Danielle Spencer, Veralynn Godlesky, Vivian DeLaVecchia and coxswain Michele Scanzillo.

The men's novice four is made up

of Joe Rojas, Jayson Clements, Mike Acuna, Evan Harlow and coxswain Maria Ilara.

Taking second place at the Flicks were the women's senior four, the men's junior four and the women's novice four.

Third place finishers were the men's senior four and the women's novice eight.

"The men's junior four just missed winning the race," Villano said. "They lost to a real good team from LaSalle High School."

"The men's senior four came with a second of finishing in second place. Like I said, everyone did

pretty well."

Villano praised his coaching staff for having the team well prepared.

"Coach Bob Caslin (that's right, he's a baseball coach), coach Maureen Rango and coach Todd Torrence did an outstanding job with the novice rowers."

"I would also like to commend coach Eric King for doing a tremendous job with the eighth grade rowers. We had a good turnout for the team and it's important to get those eighth graders interested in the program early."

NOTE: At the recent crew

breakfast, four shells were dedicated and re-dedicated. There was also a new boat which was named in honor of Michael Lally, who coached varsity crew at BHS from 1965-70.

Mrs. Bill Bennett was at the breakfast as the shell in her husband's name was re-dedicated.

The late Bill Bennett was inducted into the Belleville Hall of Fame in February of this year. His wife accepted his induction into the Hall. Bennett devoted a great deal of his life to Belleville crew and is widely accepted as the man who got the crew program off and running.

## Buc Shots

(continued from page 13)

April 18 and Sunday, April 25 at the varsity baseball field.

Tryouts are from noon to 3 p.m. on both days. The Bruins rejoined the Essex County Baseball League (ECBL) after a seven year hiatus.

Interested persons should contact Emil Nardachone at 450-8843, on in the evening at 751-5478. Players should come to the tryouts with their own equipment.

Belleville will open ECBL action on May 23 at Verona.

The new team is also soliciting donations from local merchants and individuals to help support it in its initial season.

If anyone is interested in donating, he or she should contact Nardachone at the above referenced numbers.

### MAJOR LEAGUE PREDICTIONS

Okay, the annual predictions will be short and sweet this week. In the N.L. East, I like St. Louis, Montreal, Philadelphia, Mets, Chicago, Pittsburgh and Florida.

In the N.L. West, Cincinnati, Atlanta, Houston, Los Angeles, San Francisco, San Diego and Colorado.

In the A.L. East, a surprise with the Yankees winning the division, followed by Baltimore, Toronto, Cleveland, Milwaukee, Boston and Detroit.

In the A.L. West, I'll go with Kansas City, Texas, Chicago, Minnesota, Oakland, Seattle and California.

In the N.L. playoffs, of course I'll go with St. Louis to beat Cincinnati while in the A.L., the Yanks and Royals will resume an old time rivalry with the Royals winning.

Thus, the 1993 World Series will be a repeat of the '85 Series with the Cardinals and Royals playing in the "Show Me" Series. And, this time, the Cards will win it. (They should have won it in '85 also. They were robbed big time.)

### LAST WEEKS QUIZ

Kansas last played in the Final Four in 1991, North Carolina also last appeared in the Final Four in '91, Michigan was there in 1992 and Kentucky was there back in 1984. This is, of course, prior to the teams making the Final Four this year.

Kansas lost in the finals to Duke in '91, North Carolina lost in the semis to Kansas, Michigan lost in the finals to Duke and Kentucky was stopped by Georgetown in the '84 semis.

Of the four teams, Michigan won a national crown most recently, taking the 1989 championship. During the 1980's and 1990's, Kansas made it to the Final Four in 1986, '88, '91 and '93.

## Meet Your Mayor

News, talk and information is what OBC-TV is all about; and we are hot, hot, hot! If you are interested in what's going on around you; if you want to know what the issues are, and have a lot of questions; watch Meet Your Mayor with Lee Spinelli. OBC-TV is Channel 20; TCI of North Jersey and Channel 36 Suburban Cable.

The big news in Hasbrouck Heights is the possible regionalization of schools between Hasbrouck Heights and Wood-Ridge. The vote on regionalization is scheduled for May. Mayor Rose Heck discusses why this is an important issue.

Other issues include welfare

reform, construction projects and senior citizens. She also discusses several bills which she helped sponsor and have been signed into law, including: Warning of drinking dangers during pregnancy, detainment of convicted sex offenders, and privatization of collection of child support payments.

On a lighter note, Mayor Heck tells us about the plans for the Centennial Celebration. To find out more — tune in to Meet Your Mayor with Lee Spinelli on OBC-TV, Channel 36, Suburban Cable and Channel 20, TCI of North Jersey on: April 8 at 7 p.m.; April 11 at noon.

## Front Page Edition

The hottest shows on TV today are those with news, talk and information, and OBC-TV 20/36 has all of that — and more! We have Lee Spinelli. She takes national and state issues and translates them into what's happening in our viewing area. For local news that's hot, hot, hot, watch Front Page Edition.

Local students from Essex, Morris and Warren counties have an extraordinary opportunity to grasp the Japanese culture first hand through a three week program in Japan. This unique exchange program has been in existence for sixteen years between this Rotary district and the Rotary district of

Shikoku, Japan.

This week on Front Page Edition Tom Buchanan, one of the Nudley Rotary Club's past presidents, explains the exchange program. Joining him are four local students and two chaperones who participated in this program. They will tell us about their experiences in Japan.

Tune into this episode of Front Page Edition where we find out the importance of the Rotary International Youth Exchange Program on OBC-TV, Channel 36, Suburban Cable and Channel 20, TCI of North Jersey on: April 8 at 8 p.m.; April 10 at 11:30 a.m.; April 12 at 6 p.m.

Reduce Those Garbage Pounds!

## Go On a Trash Diet

Kids can reduce their own trash flow!

Put a check in the circles if you are reducing your waste this way.

HOW BIG  
THAT 4-POUND  
TRASH BAG IS  
DEPENDS ON  
WHAT IS  
INSIDE!

Appliances, furniture,  
paper, clothing, glass,  
cans, bottles, and on and  
on and on!

We Americans throw  
away 4.3 pounds of trash  
per person per day! We  
can help by cutting back.

Reducing what we throw away saves:

• pollution  
that the  
poor  
handling  
of trash  
causes.

• natural  
resources  
that are  
used to  
make new  
things.

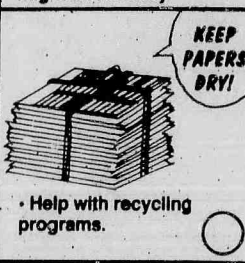

• money to  
handle trash  
and make  
new things.

• Think about how much  
you will use something  
before you buy it.

• Think of ways to  
use things that you  
might throw away.

• Help with recycling  
programs.

To cut  
down on  
trash,  
kids  
need  
help  
from:

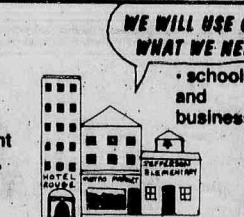

• Carry your lunch in a box or  
reusable bag. Use a thermos.

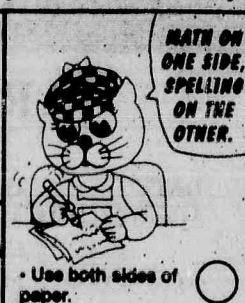

• Repair things that  
break rather than  
throwing them out.

• Buy recycled  
products.

• schools  
and  
businesses.

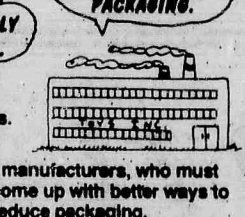

• Use both sides of  
paper.

• Take care of your  
toys and books so  
they will last longer.

• Give or sell things  
that you can no longer  
use to other people.

• manufacturers, who must  
come up with better ways to  
reduce packaging.

### Litter: Trash in the Wrong Place

What damage can litter do?

Litter can hurt people. Broken glass and sharp metal can do a great deal of harm to people and animals.

Eating litter can kill animals. They can also get trapped in it.

Litter spoils how things look. Cleaning up costs money.

Litter is bad for your health. It's a good breeding place for mosquitoes and rats.

Harmful substances such as motor oil can pollute water.

Discarded cigarettes can start fires.

### Adopt-a-Highway

The state of Texas has cut the amount of litter on its roadsides by 72 percent since 1985.

One reason is the state's Adopt-a-Highway program. The Texas Department of Transportation came up with the idea in 1985. Today it has spread to 47 states.

### Here's how it works:

- A group or business decides to adopt a stretch of highway. It gets an application blank from an organization called Keep Texas Beautiful Inc.
- The group must agree to abide by certain safety rules. (Kids under 15 have to have an adult with them.)
- The group must pick up litter at least four times a year for two years. (In Texas, you can't hire someone else to do it. In other states, you can.)

The state furnishes the signs, bags and vests that volunteers must wear. It also hauls away the trash.

LET'S ADOPT A HIGHWAY!

VOLUNTEERS SAVE TEXAS A LOT OF MONEY!

### Why do litterbugs litter?

Littering is a bad habit. Litterbugs have to change their way of thinking.

THIS IS NOT WHERE I LIVE!

THIS IS SOMEONE ELSE'S.

ONE MORE PIECE WON'T MATTER.

They don't own the property.

They think someone else will pick it up.

The place is already littered.

### What can you do about litter?

DON'T LITTER YOURSELF... INSIDE OR OUTSIDE!

Pick up a piece of litter a day, or even more.

Make sure your trash-can lids are tight.

Carry a litterbag in your car.

Join with a group to clean up an area. Adopt something—a stream, a highway, or your own lawn.

April is Keep America Beautiful Month.

Use your newspaper after you have finished with it.

Next week find out more about recycling and how it works.

## Resident earns membership to N.J. State Million Dollar Club

James M. Weichert, president of Weichert, Realtors, has announced that Joyce Palma, a sales associate with Weichert, Realtors' Upper Montclair office, has earned membership to the 1992 New Jersey State Million Dollar Club at the bronze level. In addition, she has earned membership to the company's Million Dollar Sales and Marketing Club.

A licensed real estate professional for 10 years, Palma is also a licensed broker. She is a member of the Bloomfield and West Essex Board of Realtors where she serves on the multiple listing and grievance committees and the Million Dollar Sales club committee, respectively. Her sales achieve-

ments have earned her consistent membership to the New Jersey State Million Dollar Club since 1988.

A longtime resident of Nutley, Palma is married and has three children. She received a bachelor's degree from Catholic University, where she majored in education.

Prior to entering real estate, she was a teacher at Good Shepherd Academy (previously called Holy Family School), Nutley.

Palma may be reached for real estate consultation at Weichert's Upper Montclair office at 746-1515. The office is located at 272 Bellevue Avenue.

According to a national report, Weichert, Realtors, is the largest independent real estate company in the country, with 6,400 agents in 185 offices from Connecticut through Virginia. Weichert's services include residential and commercial real estate, mortgages, insurance, rentals, relocation, new homes and land, estate marketing, property management, and moving services.

THE NEW JERSEY ASSOCIATION OF REALTORS presented their Million Dollar Sales Club awards for 1992 at a dinner given at the Friar Tuck Inn on March 9. The awards are given to high producers in sales and listings. Pictured above are the winners from the DePiro Realtors offices in Nutley and Caldwell. From left: Louise Sylvestro, Jim Cotugno, Ron DePiro, Catherine Sudal and Marge Malone.
