## Congressman Herb Klein visits Belleville; promises more aid to retailers and industry

By Howard Klausner  
(Representative Herbert Klein (D-8th Dist.) took the initiative to make a visit to the downtown Belleville business district, and to meet with representatives of industry and banking, last Thursday.

He was hosted by the Belleville Chamber of Commerce, but it was he who had announced he wanted to see the historic town whose

recognition he is promoting in the Congress.

If there was a theme to the meetings with local businesspeople, it was simply that Klein wanted to make contact with the people of the district and learn their problems first hand.

He visited the remaining stores that line the two block area between William Street and Academy

Street, stepping into the Municipal Building, and then coming to the office share by the Belleville Times and the Chamber of Commerce, across the street from Town Hall.

Here, he sat and listened to questions and comments from the businesspeople.

Councilman Bill Cook, speaking as an employee of Hoffmann-La Roche, spoke of his firm's opposition

to increasing taxes on pharmaceuticals - "The one industry that is stabilizing New Jersey and keeping its economy together."

Klein responded that he was aware of the need to keep New Jersey industry healthy.

Asked about the reason he had voted against President Clinton's proposed energy tax, Klein said he felt there were other avenues to

follow, including a reduction in expenses. He said that alternative fuels should be developed to reduce the cost of energy.

He was told by a spokesman for Advance Renewal of the tremendous potential for employment in the salvaging of computer components, and he received a report from H-Power, detailing the need for federal aid in developing hydrogen fuel.

He also received requests for aid

in getting industry into the town.

Klein made no specific promises, except that he would listen to any suggestions or requests, or complaints, by local business people and would keep Belleville's needs in mind.

An aide, Ed Farmer, reassured questioners that the bill to have federal recognition of Belleville as Birthplace of The American Industrial Revolution "will be accomplished."

## Montagna-Nazziola suits evaporate in Bloomfield

Bloomfield Municipal Judge John Bukowski found Frank Montagna not guilty of four charges brought against the local activist by Board of Education President Gabe Nazziola.

Judge Bukowski ruled there was insufficient evidence to convict Montagna of harassment charges arising from a dispute between him

and Nazziola at a Board of Education meeting last summer.

Earlier, Bukowski had dismissed charges brought by Montagna against Nazziola without a hearing. He allowed the charges against Montagna to go to trial before deciding to acquit him of making threats against Nazziola.

## Manhunt for carjacker closes down Route 21

Police said a fleeing carjacker skidded 369 feet into a crash on Route 21, Sunday night, abandoning an injured companion and fled into the night.

The car, which had been stolen in Irvington shortly before the 8:30 p.m. crash, apparently went out of control as it travelled south on the highway.

When Police Officer Robert Alves came on the scene, he found David Bronfield, 24, of Irvington still in the car. The license plates checked with a car that had been stolen in Irvington.

Alves called for medical help for

the injured man after placing him under arrest.

The search for the driver brought in the Fire Department, which set up lights along the highway, and the Essex County Sheriff's Department, which brought in dogs to hunt for the fugitive.

Traffic was shunted off the highway while the search went on, until about 10 p.m., when police gave up the hunt.

The passenger was charged with possession of stolen property.

Detective Peter Fraone is conducting the investigation.

## Memorial service held for Rev. Howard B. Day

A Memorial Service was scheduled yesterday (Wednesday) at 7:30 p.m. at the Montgomery Presbyterian Church in Belleville for the Reverend Howard B. Day, Jr., 64, Pastor Emeritus, who died on May 20 in North Carolina, where he had lived since his retirement in 1991.

The Reverend Mr. Day first preached at Montgomery Presbyterian Church on December 20, 1964 and was installed on February 7, 1965 by the Presbytery of Newark, beginning 27 years of service. He was former Stated Clerk of the Presbytery of Newark.

Described by members of his congregation as a man of intellectual brilliance and warm personality, with a grasp of subjects ranging from engineering and the sciences to music and theology, he was noted for his love of singing, his many community interests and the strong impact he made on the lives of thousands of persons both within and outside his Church.

Born in Youngstown, Ohio, the Reverend Mr. Day was a Westinghouse National Science Search winner while a student at Allentown High School. He was a McMullan Scholar at Cornell University and studied voice as a hobby.

After graduation from Lafayette College, with a degree in physics, he entered Princeton Theological Seminary, teaching electronics and electrical engineering at Princeton University while pursuing his studies for the Ministry.

He was ordained on June 7, 1955, and served as Pastor of the Highland Presbyterian Church of Street, Maryland, and studied clinical pastoral work at Ferry Point Veterans Hospital and Outdoor Christian Education at Southern Illinois University. He served as Boy Scout

Chaplain for the Baltimore Area Council for eight summers and developed Commuter Lab Schools for teacher training in Baltimore Presbytery.

He was Assistant Pastor of Old First Presbyterian Church in Rahway, specializing in Youth and Educational Ministry and led a Youth Work Camp in the Mission At The Eastward in Leeds, Maine in 1964.

At Montgomery, he received 329 members, baptized 151 infants and 10 adults, conducted 261 marriages and 297 funerals or memorials.

His programs reaching out to youth included "Up With People", the Montgomery Coffee House Ministry, several rock groups and cooperation with Youth of Fewsmith, Catholic Youth Organization groups and the R&R (Rock and Religion) group.

He directed outdoor and retreat programs at Johnsonburg Camp and other sites and he invited many outside groups to use the facilities of the Church, including the Boy Scouts, the Girl Scouts, the Cub Scouts, Sandy Lane Nursery School, Belleville Amateur Radio Club, Belleville Italian-American Civic Association, Essex County Nutrition for the Elderly, including mobile meals for shut-ins, and the Covered Bridge Squares for square dancing.

Surviving are his wife of 41 years, the former Eveline M. Wall; and three children, David, Ruth and Andrew.

The Days retired from Montgomery Presbyterian on September 1, 1991, and moved to Mayodon, North Carolina.

He resided at 706 Wilkins Street, Mayodon, North Carolina 27027.

## Cops teeing off today at Great Gorge links

The Annual Policeman's Benevolent Association Golf Tournament is being held today (Thursday) at the Great Gorge Country Club, the first time the popular event has been held there.

Some 100 police and friends are entered the tourney, with an entrance fee of \$100.

Proceeds from the event will go to various causes.

A dinner tonight at the Chandelier Restaurant will cap the day's activities.

Detective Ron Edwards is chairman of the event, where \$1,000 will be presented to the Little League, \$1,000 to Special Education, and checks of \$500 each to a semi-pro and an amateur baseball team.

## Jewelry thief batters clerk

A jewelry store clerk fought two thieves who stole a \$1,000 bracelet from the Walter Bauman Store on

Main Street, last Thursday.

Police said the woman, 29, struggled to retrieve the bracelet after a man seized it from her. The thief pulled out a knife and then began punching the clerk in the chest, before fleeing with his female companion.

Police said the pair entered the store at 4:30 p.m. and asked to see a bracelet with the name "Susan" in jewels on it.

When the clerk placed the bracelet on the woman's wrist, the man suddenly pulled it from her.

The thieves, described as black persons in their late 20s or early 30s, apparently ran to their car to escape.

Detective James DelGrasso is investigating.

## Dorothy Borgo won election

Dorothy Borgo won election as Democratic co-leader of Third Ward Fifth District in the Primary Election. Her running mate, Frank Borgo, lost to Councilman Tom Spillane.

Spillane and Borgo were competing for the seat left empty by Councilman Dr. Frank Noonan, who declined to seek re-election, and campaigned for Borgo.

## Aside From That

By: Howard Klausner

Joan Bach recently installed 13 new windows in the family home, in a sort of return to her roots. She inherited the house from her mother, and decided to move back into it, after some long years of absence that began with her marriage to Robert. She was employed as an accountant-consultant in health plan benefits for clients of Prudential Insurance while he was Sales Manager for Fruehauf Trailer in the Eastern United States. Among Prudential's clients was the Government of the Virgin Islands, and this meant that she made occasional trips - or as many trips as she could wangle - to the beautiful Caribbean islands. Sometimes, she would accompany her husband as they headed in the same direction, as to Myrtle Beach or Florida. ●●●●● Possibly because of her exposure to all those actuarial tables, or simply because she was fascinated by the item, she developed an interest in handguns and target shooting. This started in 1972, she recalled, and it remains a passion with her to this date. A petite lady with a gentle voice, she might seem out of place on a shooting range, but her delight in plunking a target overcomes all. "I stick to the .22 and the .32 caliber pistols. The .45s are too heavy for me," she said. She keeps a few target guns around the house, which makes visiting tradespeople extremely polite. ●●●●● Mrs. Bach, besides being an expert markswoman, is also Administrator for the Montgomery Presbyterian Church. She will not say what effect the knowledge of her hobby has had on Sunday Collection, but the congregation is known to give generously. She is also active in the Lions Club and other worthy causes. ●●●●● Her career has changed somewhat in the past few years. Robert passed away in 1983, and a few years ago, Prudential divested itself of much of its retirement and health benefit work for clients. Joan accordingly picked up a few of her old accounts for herself, and went into business on her own. One of the clients, naturally, is the Government of the Virgin Islands, and she is looking forward to another pleasant business trip to St. Croix and with any luck, St. Thomas and St. John's as well. A just reward for a straight shooter. ●●●●● "I'm an Irish Catholic Democrat," says Patricia McGarry Drake, the Belleville lady who was elected Essex County Clerk in 1990 and hopes to repeat the feat of her predecessor, Nicholas Caputo, who was elected to six terms as Clerk. It was Caputo who named Mrs. Drake as Deputy County Clerk in 1985, and when he decided to retire, it was only natural for Mrs. Drake to bid for the job, herself. She began working for Essex County 25 years ago as an assistant clerk, and worked her way up to Administrative Clerk, which is her Civil Service classification. "There's a lot of politics accomplished in a gin mill," she said cheerfully, noting that her family on both sides have been in the tavern business "since the time they got off the boat." ●●●●● Her uncle, John McGarry, had a tavern at Washington and Greylock Avenues. Her father operated three successive McGarry's Taverns in Newark between World War II and the arrival of the Beatles, as he moved along Central Avenue from First Street to Second Street, and then to South Orange Avenue. If you have an affinity for running successful taverns, it is likely you'll have an affinity for politics, and Pat Drake says she enjoys people, and helping them vote in the way that is best for society and the Democratic Party. As Clerk, she is responsible for running the elections, and she is also charged with issuing United States Passports, appointing Notaries Public and maintaining the records and preserving the administrative machinery of the County of Essex. In other words, she has to know what the rules of the game are, and make sure they are followed. ●●●●● Today, she works in a Courthouse where even the Judges and the Freeholders are stopped and asked for identification. "What's good for one is good for all," she said, noting that all employees, and all Jurors, for that matter, must now pass inspection for concealed weapons. The Courthouse workers are still reeling from the horror of the murder of Newark Detective John Sczyrek of Belleville. They were further terrorized when a man entered the building after hijacking a city bus. He was reported to be armed. It turned out later that he was a County employee who took over the bus so that he "would not be late for work". The excuse stuns Mrs. Drake. It also stunned the judge, who order a psychiatric evaluation of the man. ●●●●● While Pat Drake copes with the current state of the world, she takes pleasure in the accomplishment of her three sons and daughter, and her two grandchildren. She has not considered opening a taven of her own, although you would think the state of things would drive a lot of people to drink.

Eric Gross, of the Belleville High School Class of 1963 is a married Tax Manager for A.T.&T. these days and residing in Neptune with his wife and child. He wonders if his classmates have had, or plan to have, a reunion, and in any case would be happy to hear from the old crowd. He can be contacted at (201) 644-1267. That was the Lucky Just-in-Time-for-Vietnam Class. ●●●●● Our Copy Cat, Baldassaro DiVincenzo Mitten, saw signs of life in the downtown economy last week. "The minute Marina won the nomination for State Assembly, there was an immediate rush on U-Hauls." ●●●●● Fifth Ward Councilman Harry Zikch reports that his organization, the Kool Kukumber Boys, had another successful dinner meeting with Traitor Tom, The Highway Bargaineer, owner of The Stores That Killed Belleville. "The way Old Traitor looks at it," Zikch said, "the longer we don't have downtown parking, the richer he'll get. That's why he gives out his annual prize to the politician who does the least to promote shopping in Belleville. He calls it the Big Doc - Little Mario Award."

## Narcotics suspect arrested

An investigation that went on for several weeks resulted in the arrest of a Belleville man at his home, last week.

Detectives Michael Giuliano and Robert Capece went to 127 Cortlandt St. where they reported finding the suspect with 30 bags of heroin, with a street value of \$300 to \$400.

Nelson Nodar, 28, was charged with possession of narcotics, distribution and possession with intent to distribute.

The police also seized the suspect's 1986 Cadillac.

## CBB to honor Times publisher

# Pen pals become friends as two schools meet

What began with months of writing letters and sending post cards, and exchanging voice tapes, came to a happy climax on Monday when students of the Lincoln Elementary School in Carteret arrived in a big yellow school bus at School 9 in Belleville.

As planned by School 9 Principal Pat Forte, it would be a chance for children of a middle class suburb and children from a blue collar background of many ethnic strains to meet and learn about each other. The program was developed for

the Third Graders of School 9, but soon the entire school was involved. Posters from each class welcomed the visitors, and an auditorium program featured the songs of many nations represented in the student body - from Tagalog to Japanese and African.

The show itself was supervised and developed by Music Teacher Mrs. Jackie Iozzi and Third Grade Teacher Mrs. Marianne Porcelli, but children of all the grades, from kindergarten to Sixth took part.

After the show, the visitors and hosts had an outdoor meal in the school yard under warm and clear

blue skies and the School 9 pupils presented an art project they had created to the visitors.

ALL AS ONE - Primary Graders of School 9 do their part in the concert to welcome visiting pupils. (Photo by Howard Klausner)

"Both groups of children enjoy the exchange," Forte said. "They meet new friends and the teachers feel the students meet children from different backgrounds and cultures. The program is enjoyed by all involved."

## OUR OPINION

### Board of Education stands up for students

There are some people who profess to be upset that the Belleville Board of Education has seen fit to appeal the school budget cuts voted by the Township Council and partially confirmed by the Essex County Superintendent of Schools, Peter Carter.

The protestors forget that the first obligation of the School Trustees is to the generation of youngsters we are trying to prepare for society.

The fact that the school budget was voted down by some 10 percent of the registered voters doesn't require the Board to accept the decision.

It is an embarrassment that the parents once again failed to come to the polls in defense of their children, but that is a phenomenon which is well known outside of Belleville, as well.

The underlying problem of the taxpayers is not that it costs too much to educate the children. The problem is that 40 years of doing nothing to preserve the ratables has put the onus of paying the taxes on the homeowners.

Belleville is probably the only civilized community in the Western Hemisphere that never provided off-street parking for its once-thriving downtown shopping area.

Every excuse in the world was offered for not doing anything about parking. The result is a near-wasteland, with some heroic business people still holding out despite Township neglect of their interests.

And we have not made a concerted effort to bring new businesses to town. We scarcely try to keep the old ones that are still here.

It may surprise people to know that there are a number of smaller businesses in town struggling to expand, and they are businesses that could bring hundreds of jobs to Belleville.

And when they seek help from the hapless Administration at Town Hall, they get no respect.

Taking it out on the schools is worse than self-defeating. It is suicide.

### How do we vote? Si or Nein?

It was a shock for a number of people to receive their sample ballots and find they were now bi-lingual.

It comes as something of a shock to learn that you do not have to be literate in English to vote. You can be literate in another language.

But what about the multitude of tongues that our new immigrants speak? Why should they be excluded.

Actually, it is not something new for foreign languages to be seen in the polling booths. Instructions to voters have been printed in languages ranging from Chinese to Yiddish, but they were usually guides to the proper way to use the voting machine. The language on the voting board was always in English.

It adds a disquieting urgency to the movement to allow non-citizens to vote in municipal and state elections.

Around the turn of the century, non-citizens could vote in many municipalities, and their vote was eagerly exploited by local political machines.

The assumption is that without a working knowledge of English, a citizen would not have an idea of what was happening politically.

There are some foreign language newspapers that do a better job of reporting civic events than do the English-language dailies. But this is not something on which to count as a guarantee of citizen participation.

The only tangible reason for a bi-lingual voting booth is that Puerto Rican residents have the right to speak Spanish, and the right to vote, because they are United States citizens on an island where Spanish is the traditional language.

Can they be denied voting information simply because they have moved to an English-speaking community?

In our opinion, such information can be provided outside the sample ballot and outside the polling booth. There is nothing wrong with an individual being multi-lingual, but a society must have a common language.

## YOUR OPINION

### On Sgt. Metzler

I noticed your listing of young men who lost their lives in World War II and I would like to mention Sgt. Frank Metzler, who lived on Reservoir Place, Belleville (son of John and Nellie Metzler and brother of Charles), all deceased now, who should be on it.

Frank was a tail gunner on a bomber which went down over Europe. He was reported as "missing in action" at first but later declared dead. He has two nephews, John and Frank Metzler, living. They are the sons of the late Charles. John was living on Floyd St., Belleville and may be still there. Frank is a fireman in Hackensack, I believe. While his parents were waiting for word of what happened to Frank, his younger brother Charles was also missing in the Battle of the Bulge, but later was found in a hospital and subsequently returned home because of his injuries. Both Frank and Charles attended Belleville schools. I was a first cousin of Frank.

Irene C. Sullivan

### Thanks to voters

To the editor:

Now that last week's primary election is over, I would like to thank the voters of Essex County for their encouragement, their enthusiasm and most importantly, their support.

This election was particularly important to me because it was my first election as a candidate. I had been warned that it would be a long and difficult process, but thanks to the people I have met throughout Essex County during the campaign, this election has been a very rewarding experience.

I know it is common to thank your family, friends and campaign workers following an election. I have done that, but I want to add a note of thanks to the people who really made this victory a reality — the voters of Essex County. Thank you for your continued support.

Yolanda Reigada Gehring  
Freeholder at-large candidate

### For death penalty

To the editor:

Where were the protestors? The closing of the bridges, subways, streets? A police officer was assassinated and it seems that it was just another day. This could have been you or me getting ready to testify in a case, doing our civic duty. I blame this death on Governor Florio and Chief Justice Wilentz for not using the death penalty. The average time someone does for murder is seven years. When will the governor and the chief justice wake up and do what the majority of the public wants — the death penalty.

Face it, this police officer died for us. Show that you care and write Governor Florio and Chief Justice Wilentz. Tell them that you want the death penalty.

Kevin G. Kennedy

### Primary efforts

To the editor:

Many voters do not take the time to vote in primary elections, where the decisions about who will run for each of the major parties in November are made.

But there are people who understand how important elections are in our country, so I want to express my special thanks to all your readers who did take the time to vote for me on Primary Day as a Democratic candidate for Essex County Freeholder, resulting in my name's appearance on the November ballot.

I am looking forward to the General Election, and I hope that those people and many others who care about open, effective, and efficient government in our County will come out to vote for me then.

Campaigning will not begin in earnest for a while, but in the meantime I welcome questions and suggestions from residents of Essex County. I also welcome letters and phone calls from citizens, and the opportunity to meet with concerned groups. People can write to me at Room 580, Hall of Records, Newark, NJ 07102, or call at 201-621-4487.

Thanks again...

### Angie thanks voters

To the editor:

I would like to thank all of the Belleville Republican voters who participated in last week's primary election.

Christie Whitman's victory in Belleville helped to bring about a resounding victory in Essex County, and statewide as well. Although Anthony Imperiale was not successful on the County level, Belleville Republicans provided his candidacy with an overwhelming majority on Election Day.

The voters of Belleville once again chose those candidates who are best able to win in November. I urge all Belleville Republicans to come together in helping to elect Christie Whitman in November. I am confident that with our help, she can make New Jersey "Florio Free in '93."

• **RETURNING** home from last week's American Water Works Association conference in San Antonio, Texas, it was only natural I would use Continental Airlines. There are three Continental cabin employees who were worth writing home about. Any employer would be proud of the efficiency and dedication of Dawn Griffin, Margaret McNulty and Mark DeTeresa. All three are based at Newark Airport. These are quality employees worthy of commendation.

From Newark, we had a good send off by the Continental President's Club Supervisor Linda Lowe and her associate, Carol Powell. I'm getting that old Eastern Airlines feeling — the performance of Continental employees making me feel at home.

The Continental Airline boarding agent at the San Antonio, Texas, Airport had a familiar sounding name — she was Miss Savino. When I told her that Savino was a prominent and famous name in north Jersey, she said, "I certainly know that. There isn't a day goes by a Jersey-bound passenger would remind me that the surname, Savino, is well known in New Jersey."

• **REPUBLICAN** Senator John Scott who represents Nutley and Belleville among other towns has scheduled a fundraiser for Friday, June 25, at the Sheraton Meadowlands. At \$300 per person, the patrons will be able to visit with invitees Senate President Donald DiFrancesco, Senate Majority Whip Gerald Cardinale and Republican gubernatorial Candidate Christine Todd Whitman.

• **THE** Passaic Valley Sewerage Commissioners have a meeting this Thursday afternoon. Each of us is provided with an agenda for the meeting prepared by staff. Upon reviewing the agenda items, I was astonished to read a proposal to hire former Congressman Roe as a consultant for one year at \$10,000 a month or \$120,000 over the term, plus expenses. Mr. Roe would be primarily retained to attempt to obtain federal and state grants. I admire former Congressman Roe. During his many years of service, he was a great public servant. However, my admiration aside — I can't see Passaic

Valley Sewerage taxpayers footing a \$120,000 plus bill to hire anyone to make applications for federal and state grants. I would as soon hire a full time staff attorney to work on grants and do some of the work that our three part time attorneys are performing.

• **ESSEX COUNTY** Executive Tom D'Alessio's candidate to succeed him as Essex County Democrat Chairman, current Surrogate Thomas Giblin, will have been elected Tuesday night without opposition. Last weekend, State Senator Richard Codey of West Orange declared his candidacy for the Democrat County Chairman. By Monday this week, it was clear that of the approximate 1,200 votes in the County Committee, Codey would not be able to get much more than a couple hundred. Recognizing his candidacy would be a failure, Codey called a press conference to announce his withdrawal from the race. Reacting to Codey's withdrawal, D'Alessio said, "I'm not surprised. He doesn't have the support of the Democrat Party in Essex County. Tom Giblin does. He worked as a grassroots Democrat for many years."

A Saturday morning meeting was convened by D'Alessio. He asked those present to support Tom Giblin as his successor. Causing a raucous was North Ward Democrat leader Steve Aduabato. Reports from the meeting indicate that Aduabato was his loud and obnoxious self, getting into heated arguments with the likes of Newark Mayor Sharpe James, Donald Tucker, Willy Brown, and on, and on, and on. This is one time when Mr. Aduabato did not cover himself with glory — he came out a little browner for the effort. Not only was Aduabato disruptive, but he also impolitely interrupted speaker after speaker thus gaining the enmity of 90% of the leaders in attendance. Aduabato's candidates were Jerry Greco for Essex County Democrat Chairman and Aduabato's close associate, Adrienne Davis from the black community, as his vice chairlady. Aduabato got pelted with so many angry shouts, he departed from the meeting because he couldn't take the heat, but later thought better of it and returned, but with far fewer friends than he had when the meeting started.

• **NUTLEY'S** Bob Rusignuolo and Bloomfield's Ralph Salerno came out winners in last week's Republican Primary. Rusignuolo led the Nutley campaign for Whitman — and Nutley went for Whitman. Whitman did better than expected in Bloomfield. She carried Belleville by a handful of votes. The vaunted Republican organization led by John Renna had the troops but a majority of the Republican Primary voters decided they wanted Whitman.

Robert Rusignuolo

• **LAST** night, Wednesday, Dr. Margaret Kripke was awarded the annual Thomas P. Infusino Prize Lectureship in Cancer Causation and Epidemiology at the Meadowlands Hilton. The award was established to honor Thomas Infusino for his dedication and contributions to fund the efforts to find a cure for cancer.

The Commissioner will speak on "The Past, Present, and Future of Belleville Industry." If you wish to attend, call Adrea Cohen, Acting Director, or Carol LaMin at 450-3434 to register.

### Bramucci at library program

Raymond L. Bramucci, Commissioner, New Jersey Department of Labor will be the featured speaker on June 21 at 7 p.m. at the Belleville Public Library and Information Center's Carnegie Room, 221 Washington Avenue, at a special program sponsored by the Belleville Renaissance Committee. The Commissioner will speak on "The Past, Present, and Future of Belleville Industry."

Bramucci, who was sworn in as the 15th Commissioner of Labor on Jan. 29, 1990 by State Supreme Court Justice Daniel J. O'Hern, oversees an operation of 4,000 employees and a \$270 million department, which is responsible for work force training and preparation, protecting workers from exploitation, and providing income security through benefit programs for injured or disabled and dislocated workers. He brings to his position a vast knowledge of labor and public policy issues gained through more than 30 years of service in both labor and government.

If you are interested in attending this Belleville Renaissance Program, call Adrea Cohen, or Carol LaMin at 450-3434 to register.

**LOOKING UP** — Students from the classes of Mrs. Veneziano, Mrs. Musmanno and Ms. Chessari, Grade 3, Number Three School, view the painted murals on the ceiling of the Carnegie Room. The tour was conducted by Melissa Kopecky, Children's Services. Call the library at 450-3434 if you wish to take your students on a tour of the library, or you wish us to arrange a special program.

### Celebrate Books at Shafter

At the Shafter Branch Library, 30 Magnolia Street, the Grand Opening of Celebrate Books will be on June 30 at 10 a.m. Summer brochures will be made available and summer activities will be announced. Activities will focus on the art of the book.

On Mondays at 10:45 a.m., famous stories will be read, and on Tuesdays, workshops in drawing, painting, sculpting, storytelling and writing will encourage participants to create their own books. An acting workshop will end the series. Remember to set aside Thursdays at 10:45 a.m. for great special programs with many guest presenters.

Summer storytime will begin July 7 for toddlers, ages 2 1/2-3 1/2 years of age at 10:30 a.m. and for children ages 3 1/2-6 years and over at 11:30 a.m. All children are encouraged to participate in this reading opportunity.

Are you interested in telling others through entertainment? Come to the Celebrate Books Show Rehearsal, Aug. 12. Young magicians are needed too. Opportunities abound if you join the Celebrate Books Reading Club, where your story that you read will be recorded. Pictorial presentations will also be encouraged. The stories and artistic presentations will be displayed at the Shafter Branch Library, Aug. 26 and thereafter. Both the Shafter Branch Library and the James J. Cozzarelli Jr. Children's Room will end "Celebrate Books" with a closing party.

### Celebrate Books at Library

Opening day of "Celebrate Books in the James J. Cozzarelli Jr. Children's Room," will be on July 1, all day. Summer brochures will be available opening day, which will outline the summer activities designed for varying ages.

Intensive art classes and workshops will focus on the art of the book. Art classes will complete making music with a container, making puppets, painting, sand sculpting and tie dyeing.

Workshops will also be held in animation, making a book, papier-mache, print making, theatre, and watercolor. The "Making a Book Workshop" will be held on Aug. 24-25, at 2 p.m.

Join the Celebrate Books Summer Reading Club, where every participant will receive a star for books read. It is also possible to earn stars for artistic presentations of stories. Stars can be redeemed for prizes. The stories and presentations completed will be displayed at the Art Show Closing Party, Aug. 31.

Plan for a happy day and join in the James J. Cozzarelli Jr. Children's Room summer activities.

## DARE graduation set for 225 6th Graders

By Howard Klausner

DARE - Drug Abuse Resistance Education - will graduate 225 students at a ceremony on at Belleville High School, June 23.

Sponsored by the Belleville Police Juvenile Squad, the program brings the story of drugs and how to combat them directly to the classroom.

Sixth Graders throughout the school system are targeted with weekly classroom visits from Detective Peter Fraone, Detective Craig Mack and Lieutenant Joseph Rotonda.

Senator John Scott will be the featured speaker at the graduation ceremony.

"The kids love the program," Rotonda said. "They enjoy the

instructors."

The students are told about peer pressure, media effects on them and role playing, in the effort to educate them against drug abuse.

This past winter, the program included a ski trip to Campgaw in Bergen County.

Planned for next year is a visit to a ship with Customs Inspectors and narcotic-hunting dogs, Rotonda said.

The program recently obtained a van, through the efforts of BASE - Belleville Alliance for Substance Education - which acquired it from the Bell Telephone Company.

"We won't know the effects of the program for years," Rotonda said, "but we think it's a step in the right direction."

## This Week At... Clara Maass Medical Center

• A Community Benefit Standards Hospital •

• Clara Maass Medical Center will be celebrating its relationship with the Township of Belleville on Thursday, June 10, 1993, which has been proclaimed "Belleville Day" at the Medical Center. This is the third annual Belleville Day celebration. The day includes an official proclamation and a special ceremony. During the Belleville Day special ceremony, all Medical Center employees and volunteers who reside in Belleville, along with distinguished Belleville community leaders pay tribute to the distinguished partnership between Clara Maass and the Township of Belleville. This unique time together highlights the shared role of Clara Maass Health System Inc. and Belleville in maintaining and improving healthcare and quality of life standards for area residents while enhancing the local economy.

• The week of June 6-12, 1993 is National Safety Week. This week was created to increase safety awareness to prevent accidents, reduce risks, and eliminate hazards. To celebrate the week, Clara Maass Medical Center is offering a "Poison Control Information Packet" for parents. The packet includes a coloring book, information sheets and stickers. To receive a free packet call 1-800-CLARA MAASS.

• The Clara Maass Medical Center Auxiliary is holding a "Born To Shop" event on Friday, June 11, 1993. This great shopping day promises a wide variety of vendors peddling their items on the Clara Maass campus. Some of the items for sale include semi-precious and sterling silver jewelry; Irish imports; flowers; wreaths; handbags; luggage; silk ties and much more. "Born To Shop" is open to the public and will be held in the Medical Center's Belleville Founders Room and Personnel Conference Room from 8 a.m. to 6 p.m. Proceeds from the event will benefit Clara Maass Medical Center. For more information call 450-2150.

• The Clara Maass Medical Center Laboratory Services Department has obtained a \$500 grant to participate in an in-vitro susceptibility study with Eli Lilly and Company. The department will be studying the effects of various medicines on haemophilus influenzae isolates.

• Advance Directive (Living Wills) information is available through the Clara Maass Medical Center Tel-Med information system. Anyone wishing to listen to this informative overview on Advance Directives can just call 751-7000 and ask for tape No. 5010. Tel-Med is a free community service of Clara Maass Medical Center and is in operation seven days a week from 9 a.m. to 5 p.m.

• This week, Clara Maass Medical Center, the Township of Belleville Fire Department, and the National Safe Home Foundation, Inc. are starting a Newborn Smoke Alarm Program. Through the program, all newborns at the Medical Center whose parents are residents of Belleville, will receive a free smoke alarm, a child locator window sticker and a certificate. The purpose of the program is to increase fire safety and smoke alarm awareness.

## Yarrish back from Somalia

Marine Lance Cpl. Frank S. Yarrish, son of Frank S. Martin of Belleville, recently returned with the 15th Marine Expeditionary Unit, Camp Pendleton, Calif., from a six-month deployment to the Western Pacific as part of the USS Tripoli Amphibious Ready Group.

While deployed, the 15th Marine Expeditionary Unit participated in Operation Restore Hope, the largest humanitarian relief effort ever. Yarrish spent several days ashore in Somalia during the relief efforts and was among the first U.S. military units in the area.

Additionally, the MEU conducted amphibious training exercises in Kuwait and participated in Operation Southern Watch, enforcing the U.N. sanctioned "no-fly" zone in Southern Iraq.

The Marine Expeditionary Unit is designed to operate and respond quickly, on short notice, to crises in distant lands. This Navy and Marine Corps "sea-air-land" team is structured to build power from the sea when required by national demands and is able to sustain support for long-term operations.

The deployment exemplified the Navy and Marine Corps' strategy entitled "...From the Sea," which emphasizes the mobility, flexibility, and capability of a forward-deployed Navy and Marine Corps team.

The 1991 graduate of New Directions High School of Sarasota, Fla., joined the Marine Corps in October, 1991.

## Spillane at Keystone

Melanie Spillane of Belleville, has been accepted at Keystone Junior College, La Plume, Pa., for the fall 1993 semester, according to Keystone President, Dr. Robert E. Mooney Jr. She will be majoring in Early Childhood Education.

A graduate of Belleville High School, Miss Spillane was active in varsity crew, the student government organization, Key Club, Junior Senate and Senior Senate.

She received a Belleville Optimist Scholarship.

Miss Spillane is the daughter of Belleville Councilman Tom and Barbara Spillane.

GOING STRONG - Members of Belleville Chapter 2951, American Association of Retired Persons, fill the hall at the Branch Brook Manor for their installation luncheon.

### TO OUR PATIENTS AND FRIENDS

**Blue Cross/Blue Shield of New Jersey recently announced the creation of a managed care plan - HMO Blue - designed to place restraints on its subscribers choice of hospitals and physicians.**

**In the months leading up to the announcement, West Hudson Hospital bargained in good faith with Blue Cross officials, who were interested only in the charges for the care we provide. Ultimately, we arrived at a clear understanding and a verbal agreement on a price structure.**

**Within the past three weeks, West Hudson Hospital has again met with Blue Cross officials in an attempt to ascertain why our hospital was excluded from the network list.**

**Since the announcement in late April, we realized that QUALITY OF CARE WAS NOT AN ISSUE in their decision to either choose or exclude hospitals, and that was confirmed at our most recent meeting. West Hudson Hospital is fully accredited by the Joint Commission on Accreditation of Healthcare Organizations, meaning we meet or exceed the most stringent national standards in measuring quality care.**

**We know that COST WAS NOT AN ISSUE, as we had previously negotiated a price agreeable to both Blue Cross and West Hudson Hospital - a price at or below many of the hospitals ultimately chosen for the network.**

**Our LOCATION WAS NOT AN ISSUE, because Blue Cross must understand that residents living in the West Hudson-South Bergen communities do not want to travel to Newark or Jersey City for their care when they have at their disposal a trusted community hospital. Consumer preference was ignored.**

**RANGE OF SERVICES WAS NOT AN ISSUE, as West Hudson Hospital has traditionally provided the full scope of care for 95% of the patients admitted here. Only patients requiring highly specialized procedures need referrals to tertiary care centers in the area.**

**The expertise of PHYSICIANS ON OUR MEDICAL STAFF WAS NOT AN ISSUE, as 80% of our Doctors are Board Certified in their particular specialty - the highest percentage of any hospital in Hudson County. This is quality you can truly measure.**

**Of all the criteria used by Blue Cross in developing their network of hospitals, only the volume of Blue Cross admissions to West Hudson Hospital could have impacted negatively on us. With 7% of our admissions from Blue Cross subscribers, we are considered a small player by their standards.**

**Yet we understand that those 7% of admissions who have Blue Cross coverage do not consider themselves insignificant when it comes to their health and hospital care. They expect to have the basic right to choose their hospital and their physician.**

**Our meeting with Blue Cross officials ended without a plausible explanation of why West Hudson Hospital was excluded from the network. But it was important to understand that HMO Blue will not be put into place immediately. You do not have to change your hospital and physician at this time. In addition:**

• Medicare supplemental policies, including Medigap and super 65, have not been affected.

• West Hudson Hospital continues to accept Blue Cross subscribers.

• Blue Cross subscribers will not pay any additional expenses for utilizing the services of West Hudson Hospital.

• Blue Cross subscribers will continue to be covered for care in the West Hudson Hospital Emergency Room now and in the future.

• You do not have to buy HMO Blue. You are free to re-evaluate your insurance plans and consider alternatives.

**If you don't agree with this managed care program which forces you to compromise choice when it comes to your health care and dictates that you travel out of the area to unfamiliar hospitals with unfamiliar physicians, please contact your state legislators with your concerns.**

## Dental sealants complete preventive dentistry program

The Smile Institute (Doctors Harry Harasztk and Richard Ekstein) would like to share with the general public and educate their patients on the benefits of dental sealants.

What are dental sealants? A commonly asked question. Dental sealants are thin plastic coatings which are applied to the chewing surfaces of back teeth or molars. Sealants flow into and coat these surfaces so bacteria cannot multiply and cause decay. Dental sealants are used on both children and adults (any back teeth to prevent decay). Together with brushing

and flossing, good nutrition and regular dental check-ups, dental sealants provide total preventive dental care.

Our office philosophy is to keep our patients educated in the growing field of dentistry. Both Doctors Harasztk and Ekstein pride themselves of offering their patients the finest dental care available today.

Dental sealants can help prevent future problems. Visit The Smile Institute at 837 Kearny Avenue, Kearny, and meet the doctors who care about you and your family's dental health.

## The Smile Institute revolutionizes dentistry

The Smile Institute (Doctors Harry Harasztk and Richard Ekstein) is pleased to announce its latest advancement in quality dentistry.

Dentistry is changing and a device used for several years in medicine has now crossed over into dentistry. A new intra-oral TV camera takes pictures of the patient's teeth, magnifies and then projects them onto a color TV monitor. "We view it basically as a method that allows us to better educate our patients," states Doctors Harasztk and Ekstein. "The camera can actually allow us to pick up things that might be missed in a normal visual exam."

The oral scan is a system that illuminates the oral cavity, magnifies that image, makes a video and

thus increases the ability of the dentist and patient to spot problems quickly. A picture is worth a thousand words. It helps the dentist spot areas of decay, cracks in teeth, defective fillings, gum problems or oral pathology that otherwise might be missed using conventional technology.

"We are so excited to offer this new technology to our patients, and the best part is there is no charge for the new video dental exam. We just want our patients to see their teeth on TV and view the wonders of this oral scan system."

Feel free to contact The Smile Institute, located at 837 Kearny Avenue, Kearny, at 201-991-2111 for a complimentary consultation. New patients always welcome!

## Shape up with a personalized diet

Let's face it: The holidays are over and springtime will be here before we know it. The warm, sunny weather will beckon us to shed our winter clothes and spend some time in the great outdoors. For some of us, though, that means shedding a few pounds first.

To help get a jump start on shaping up, the new 1993 Kellogg's Special K® cereal Personalized Diet is now available. Submitting information including age, sex, height, weight and activity level will result in a computer-generated diet that is based on your personal information and geared to your needs. It can help you shed one half to one pound a week — a sensible way to lose weight.

The diet plan, which was developed

by registered dietitians and other health professionals, includes information about how to prepare for a weight loss program, helpful eating tips, a one week personalized menu plan, ideas for adapting the diet for long term use and, new this year, a selected exercise routine.

The Kellogg's Special K Personalized Diet is available now through March 31, 1994, and is offered free with two proofs-of-purchase from a seven-ounce or larger size package of specially-marked Kellogg's Special K. An official package order form is required to process a diet request.

The best part of this sensible diet? How good you'll look in your wardrobe!

KNOW YOUR BODY TYPE: T-Types have slender bodies, A-Types are stocky, G-Types are pear-shaped, and P-Types have baby fat.

## Stop yo-yo dieting: New video shows you the way

Do you know your astrological sign, but do you know your body type? A successful diet for one person is a washout for another, states Elliot Abravanel, M.D., director of Skinny School clinics. "Knowing your body type and taking special body type vitamins is the key to successful dieting."

According to Dr. Abravanel:

• T-TYPES (thyroid) have slender bodies. T's (Alan Alda and Joan Rivers) crave sweets and starches.

• A-TYPES (adrenal) look strong. Women are large breasted; men have large chests and necks. A's (Barbara Bush and Nick Nolte) crave salty foods and red meat.

• G-TYPE WOMEN (gonadal) are pear shaped. G's (Jane Fonda and Christy Brinkley) crave spicy and creamy foods.

• P-TYPES (pituitary) look young. Women have small breasts; men look boyish. P's (Nancy Reagan and Winston Churchill) crave dairy products.

Dr. Abravanel has produced a videotape, "Discovering Your Body Type," and a 50-page companion booklet, detailing diets, vitamin supplements and exercise for each type. To order, call (800) 622-4449, 8-5 (PST) or send a check for \$49.95 to Body Type System, 359 Beach Ave., Inglewood, CA 90302-3101.

## More than any other part of the body, hands require special care

Exposed to more sun, water and chemicals than other body parts, hands need special care to look and feel young. The first step in helping hands stay soft, smooth and spotless is environmental protection.

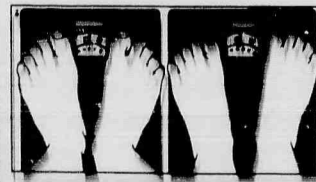

New Nivea Hand Therapy Protective Hand Creme, which protects as it moisturizes, combines broad-spectrum sun protection with therapeutic Vitamin E and rich emollient moisturizers.

The ingredients work together to fight dryness, seal in moisture and keep active hands younger looking.

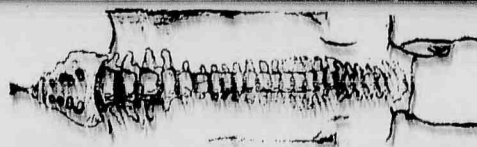

Now more than ever, dermatologists

are recommending year-round sun protection. When hands are unprotected, wrinkles and age spots are the visible results. The PABA-free sun protection factor of 15 in Nivea Hand Therapy shields and prevents weathered-looking hands by screening out damaging UVA/UVB rays.

The easily absorbed, non-greasy oil-in-water formula helps guard skin against harsh detergents and seals in moisture for long-lasting hydration. Rich in emollients, the creme softens skin. Vitamin E, an anti-oxidant, helps counteract the sun's damaging effects.

## Irish-American Society has Gaelic gala

The Belleville Irish-American Society turned out a hundred strong at the Knights of Columbus Hall, Friday night, to hear a combination of stirring pipe music, traditional Irish melodies and the clacking of Irish clog steps, in an event that combined color and sound.

The Irish Band of Willie Lynch provided rousing tunes, softer songs and some contemporary sound for a versatile evening.

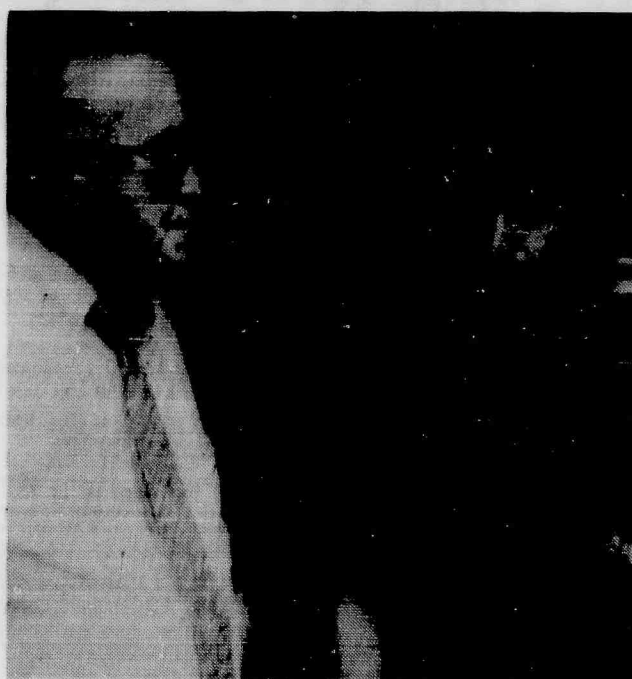

The Blue and Gold Pipe Band led by Joe McConville and made up of past and present New Jersey State Troopers, plus Piper McConville, had the Hall resound with the pipes and drums, marching

out to President John F. Kennedy's favorite Irish tune, *Kelley the Boy from Killarn*.

The young women students of the Peter Smith Dance School did both soft and hard shoe Irish dances, dressed in beautifully sewn tapestry skirts and jackets.

The school has won international honors, and has been represented in Radio City Music Hall performances.

Society President Kevin Kennedy introduced the performers and got the guests out on the dance floor, as the party went on into the small hours, fueled by food and flowing refreshment.

MEET THE HOST - John Tague of Irish-American Society, left, shares moment with a Piper.

MARY LOU AND FRIEND - Belleville Township Clerk Mary Lou Hood stood between Piper Joe McConville.

## Theresa Cariaga is awarded Health Career Award

Theresa Cariaga of Belleville was recently awarded the Marie D'Alessandro Health Career Award at Clara Maass Medical Center, Belleville. The \$500 award is given to a graduating senior who intends to pursue a health career and is the child of a Clara Maass employee. Cariaga is the daughter of Valerio Cariaga who is employ-

ed in the Department of Nuclear Medicine.

The Marie D'Alessandro Health Career Award is an outgrowth of the Clara Maass Auxiliary's broad interest in health care advocacy and promotion of health care careers. Applications for the award are available in the volunteer office and may be obtained in the spring.

## Allergy season is beginning to bloom

If you are among the one out of five individuals with allergies, now may be the time for a seasonal return of sneezing, runny nose and swollen eyes.

Allergy sufferers have a range of symptoms, from the seasonal variety to asthma and to the most severe, and possibly fatal, condition called anaphylaxis.

Allergy is caused by an overzealous immune response. The body's immune system produces antibodies that spring into action when an antigen, a foreign substance, is introduced into the blood or tissues. The invader can be a virus, bacteria or any substance not welcomed by the immune system.

For people with allergies, the offending intruder, such as airborne pollen or dust in the home, causes an over-production of immune substances. This, in turn, causes cells to release histamines and other chemicals that affect surrounding tissues, causing your eyes to tear and itch, your nose to run and sneeze, and your lungs to wheeze.

Once called "hay fever" and "rose fever," these allergic reactions follow a timetable provided by nature. Pollen problems begin with the pollination of trees in the spring, of grasses in late spring and early summer, and of weeds, such as ragweed, in late summer and early fall. From March through November, mold spores are released into the air by microscopic plants. When the air is particularly laden, we may be inhaling several hundred particles per hour.

The discomfort of allergies can range from petty annoyance to severe interference with normal functions. If symptoms seriously

disrupt your lifestyle, you should see your doctor or an allergist, a physician who specializes in diagnosing and treating these conditions.

The first line of defense for most sufferers is avoidance. The Division of Allergy and Immunology at UMDNJ-University Hospital, Newark, provides a daily pollen count locally. By calling 982-6518, you can find out exactly how much pollen and mold are in the air.

When the count is high, try to minimize outdoor morning activities since most pollen and mold are released between 5 and 10 a.m. Air conditioning is helpful because it reduces the amount of irritating substances in the home and car.

Non-prescription low-dose antihistamines can help dry nasal passages, but can cause drowsiness. Always use them as directed. Non-prescription decongestants can be harmful primarily to those with cardiovascular problems, such as hypertension, because they directly affect the heart muscles and arteries.

Newer "non-sedating" antihistamines are extremely useful for patients who require clear minds to perform their daily activities. However, these agents are not to be used with other medications, such as the antibiotic erythromycin, antifungals agents or other non-sedating antihistamines.

Continuous use of any of these medications for more than a few weeks indicates that you should be evaluated by a physician trained in allergic disorders.

## Woman's Club of Belleville ends season with dinner, awards

The Woman's Club of Belleville held its end of the year dinner recently at The Reunion Restaurant, Belleville.

Members were welcomed by President Barbara Spillane. Convention reports were given by Marie Drake and Spillane.

Beatrice Clinton, membership chairman, was awarded a NJSFWC membership pin for recruiting two new members and a GFWC membership pin for recruiting five new members. Clinton also officially welcomed 19 new women into membership. Each one present at the dinner received a white rose.

New members include Pam Barrett, Marge Brunnello, Carole Casale, Victoria Ciccone, Gail Cook, Edith De Noia, Ann Di Ruggiero, Angela Guerra, Pat Gutowski,

Diane Gibbons, Sally Kelleher, Mary Ann Lopreato, Carmela Mesano, Pauline Paraboschi, Jo Ritacco, Pat Salvatore, Bea Sheppard, Patricia Vogel and Doris Young.

Denise Compitiano, treasurer, reported the club donated over \$1,000 to various charities. These include a scholarship to a Belleville High School student, scholarships at Douglass College, UNICEF, federated and various local charities.

The club year concluded in June with the annual poetry awards held at the clubhouse.

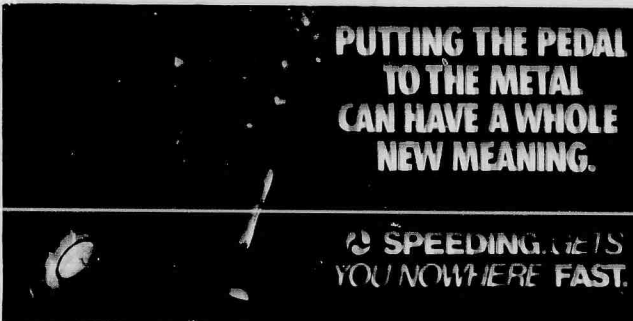

The Woman's Club of Belleville is a service organization that meets the second Monday of each month, September through June. Prospective members are always welcome. Anyone interested should contact Beatrice Clinton, membership chairman, at 759-8770.

**CERTIFICATE OF APPRECIATION** — Doris Crispollski received a certificate of appreciation in recognition of outstanding service to the community at the AARP Chapter 1051 installation of officers luncheon. The affair was held at the Branch Brook Manor, Belleville. Making the presentation is Margaret Waldron.

**AARP OFFICERS** include, front row, Margaret Waldron, Joseph Villaggio, Ann Keany, John Imden, Helen Talbot, Dorothy Barbig, Joseph DeFabbio, Beulah Goodenough and Lillian Westcott. Back row: Anthony Tardi, Martha Salmon, Margaret DeLuca, Joyce Manning, Terry Bruan and Mary Moynihan. Absent when the picture was taken: Dorothea Behan and Josephine Robustello.

Mr. and Mrs. Mark DiPaolo — nee Janice Ann Baker

## Janice Ann Baker, Mark F. DiPaolo wed

Janice Ann Baker, daughter of Mr. and Mrs. William A. Baker of Marietta, Georgia, formerly of Nutley, became the bride April 24 of Mark Francis DiPaolo, son of Mr. and Mrs. Thomas DiPaolo of Nutley.

The Rev. Timothy J. Horgan performed the ceremony in St. Mary's Church, Nutley. A reception followed at Plaza Suite Hotel, Secaucus.

Escorted by her father, the bride wore a straight gown accented with pearls and iridescent beading and fashioned with short sleeves, an off-the-shoulder neckline and cathedral train accented with lace appliques and beading. She carried a cascade of casablanca lilies, roses, dendrobium orchids, stephanotis and Queen Anne's Lace.

Alicia Baker of Marietta was her sister's maid of honor. Bridesmaids included another sister, Melissa Baker of Marietta, the groom's sister, Lisa DiPaolo of Nutley, the groom's cousin, Jaclyn Barrett of Nutley, Tracy Albanese of Nutley and Robyn Speckhart of Meridan, Connecticut.

They were in two-piece off-the-shoulder coral suits accented with

pearls and carried arm bouquets of casablanca lilies, calla lilies, gerbera daisies and dendrobium orchids.

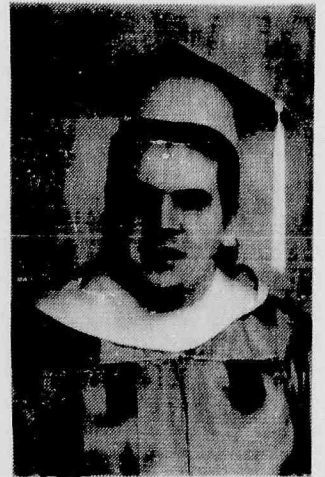

Richard DiPaolo of Belleville served as best man. Ushering were the groom's cousin, Richard Barret of Nutley, Steve Russel of Jersey City, Chris D'Achille of Nutley, Anthony Mazza of Maplewood and Alan Speckhart of Meridan.

Mrs. Baker's gown featured a blue and purple iridescent beaded bodice with long sleeves and a purple chiffon skirt underlaid with taffeta. Her purse corsage was of white roses. The groom's mother, in a multi-color beaded bodice with long sleeves and a royal blue chiffon handkerchief skirt, had a wristlet of white roses.

Mrs. DiPaolo, an alumna of Nutley High School and William Paterson College, Wayne, is a jewelry inventory controller with Fortunoff, Paramus.

Mr. DiPaolo, also a Nutley High School alumnus, is an Essex County Sheriff's officer.

The couple honeymooned in Hawaii and have made their home in West Paterson.

**GRADUATE** — August Louis Leming Jr. (Gus), son of Lorraine and Gus Leming of Belleville, completed four years at Columbia University May 19, earning a degree in psychology. He was on the dean's list for three years. Future plans include graduate school. Leming is a 1989 Belleville High School graduate.

## Giachetti, Piscatowski, Brodo named to NNJIL

## All County: Citarella, Mannion

By Mike Lambert

As Carl Corino talked about the 1993 softball season, he spoke of success mixed with frustration. Success because the Lady Bucs won 19 games while losing nine and made it to the county championship game.

Frustration because the team lost some very tough games this year, most notably in the state tournament to Roxbury and two games to arch rival Nutley.

"When you look back on it, it was a good year," Corino, who now has 314 coaching victories at Belleville in 14 years, said. "We were in a very tough league and played competitively. We have a lot of players who will be back next year that will have three, four years of varsity experience. We made it to the county championship game this year and beat some real good teams during the season."

"After 1992 (when the team finished 25-5 and won the NNJIL Pacific Division), we had just about everyone back (with the exception of seniors Carey Woodruff and Danielle DeWort). This year, we played well, but could have done better in spots. Defensively, we made mistakes and we didn't hit the ball as well as we did last year."

Corino attributes that to a few factors.

"The teams in our division improved a great deal and we didn't get the bounces we had in '92. Look at Nutley this year. They were a real good team (county and conference champs, ranked in the final top ten). Last year, they won the state championship and that momentum carried over to a real good year this season. And they should be strong again next season."

"Immaculate Heart won its Parochial championship. They're going to have a good nucleus coming back next year."

"Paramus will have just about everyone back next season. Hackensack will only get better. They had a young, talented team this year."

So, while Belleville did well in the league, finishing in third place with an 8-4 record, the coach warns that it won't be easy next season.

"We're going to have a lot of experienced players next year. But it's up to the kids to determine if they can go to the next level. This year, we came up short, but I feel we can be up there again next spring if the returning players work hard during the off season."

Two players who won't be back next year are seniors Colleen Mannion and Jennifer Citarella.

Both girls were first team, NNJIL selections and also earned first team all county honors.

Mannion was a fantastic outfielder, having moved to centerfield from catcher. The switch gave Corino stability in the outfield and opened the door for freshman Danielle Brodo, who was marvelous behind the plate.

After getting off to a slow start at the plate, Mannion warmed up as the weather did and in the end, she hit .326. Her play in the field was artistic.

"I've had some good outfielders over the years," Corino said. "But Colleen might be the best of them all. She is so smooth and efficient in centerfield. It was a pleasure watching her play in the outfield."

Mannion will be attending Manhattan College, where she will continue her softball career.

Citarella led the team in just about every offensive category this spring. She hit .484, with 45 hits. At second base, her defense was near flawless and her speed in the leadoff role set up many rallies.

Citarella, a fine runner (she had a phenomenal year for the indoor track team, advancing to Boston for the Eastern championships) in addition to her softball talents, will be heading to Montclair State next fall, where she will hopefully continue her track and softball careers.

Christine Sansano will also be graduated this spring. The senior

Colleen Mannion, named to the first team, NNJIL and first team, all county, takes a swing during game against Immaculate Heart at Clearmont Field. Mannion will take her talents to Manhattan College next season, where she will play softball.

Liz Ramirez, a junior, makes catch at first base. Ramirez will be back next season for Lady Bucs.

The sounds of summer. There are many in our respective memory banks that, when heard, signify that summer is officially here.

For some, it's the Memorial Day weekend, with the annual first barbecue of the season (even though I barbecued in front of my house in January before an Eagles-Cowboys playoff game as a sort of tailgate party in 20 degree temperatures), a trip to the ball park (let's hope it's not to see the Mets), the first trek down the Garden State Parkway to the shore (most often on the aforementioned Memorial Day) or just laying out on a beach chair and taking in the sunshine.

Whatever the memory, let's hope it's a pleasant one. And let's hope that, unlike the Summer of 1992, the weather is pleasant (even on the weekends) and the word "fun" has an integral part of our summer. Because, unlike Miami, or San Diego, summer in these parts lasts about three months, and then it gets cool again, and before you know it, the talk is of wind chill and the always fun blizzard.

A sound of summer that no longer exists in Belleville, but once had a prominent part of our township lore, was basketball leagues. It wasn't that long ago, that School Number Eight, on Union Avenue, would have its courts filled to capacity with evening summer basketball leagues.

Back in the early and mid 1970's, then varsity head coach Dan Grasso organized the Belleville Summer basketball league. Players, mostly from Belleville, formed teams and played twice a week for about six weeks. At the end of the six weeks, the standings would be compiled and the four best teams would qualify for the playoffs. The survivor of the playoff round, of course, would be the league champ.

There's nothing very unusual about that format. Most of the teams would be made up of prospective high school players. Some of the other players would be athletes from other local high schools and, in some instances, from small colleges.

The games were enjoyable, but certainly not laid back. I was Danny Grasso's scorekeeper during the Summer of '74 and remember some wild games that were held at School 8. During the next three summers, I played in that league and also helped with the statistics.

They were fun times. Growing up should be fun. And to talk to some of the guys today who took part in that league, you'll see that the memories were just as good, and still quite vivid.

Current boys' basketball coach Don Roll took part in that league from '74 through '77.

"Wars," is how Roll described those games.

"There were some wild games back then. You had better know how to play under the boards, or you were in trouble. There were no free shots. And I'll tell you what, the talent level was pretty good."

Roll learned a good deal about the game back then. He and I played on the same team during the Summer of '77. During time outs, he would often devise plays to break a respective teams press.

One of the real good teams back in those days was one that featured guys like Ricky Thomas, Michael Meagher, Tommy Smith, Clyde Robinson, Ray Baker and JoJo Brooks.

That team, along with a fairly good player named Abdel Anderson won the league championship in 1974 and '75. Abdel was graduated from BHS in June of '75 and, since he attended a Division I school (Rutgers), he didn't have the time to play in the league after '75. (By the way, just for the record, Abdel was indeed the best player to wear a BHS basketball uniform. We've had some real good ones since, but Ab was in a league all his own.)

Nonetheless, the team continued to do well, capturing a championship in 1976. Each year, it would inevitably come down to Abdel's team, or Clyde's team, against the group made up of Doug Jackson, John Megna, Mark Montagna, Satch Sanders, Kearney standouts Jeff Smedberg and Keith Reedy and Dave Marra.

In '76, Clyde's team led for most of regulation, but late in the game, Megna's squad came back and tied it. The game went into a second overtime. Late in that period, there might have been just :05 left, Jackson

## Alvarado, Harvey selected to NNJIL team

## Road show concludes, cindermen do well

By Mike Lambert

The Belleville track team received some fine individual performances en route to a competitive season on the cinders in 1993.

Head coach John Tosato and his team endured a ridiculous and totally unnecessary three month road stint this spring. That was because of a seemingly inept and perhaps uncaring attitude by the powers-to-be who determine whether athletic facilities are acceptable for use.

It was the third time in the past six years that the track team has had to go the Greyhound route continuously because, embarrassingly enough, Belleville did not have adequate enough facilities for its athletes to compete on.

Anyway, the Bucs did do well in 1993, taking its road show to an NNJIL Pacific Division school, and on occasion, to an out of conference school.

John Alvarado led the team in scoring with 126.5 points. The senior excelled in the shot put, discus, javelin and triple jump. He also competed in the 100 meters and the high jump.

Alvarado's performances in the shot and discus were good enough to earn him a spot in the All Group championships. He also set the school record for the triple jump, breaking his own mark in the process and becoming the first athlete in the history of Belleville High to clear 40 feet in the event. (His jump was officially marked at 40'2 1/2").

Alvarado saved his best performance for the final dual meet against Bloomfield. At Foley Field, he scored 18 points and won three events.

"John had a tremendous season," Tosato said. "He did whatever we asked of him. It was a great effort."

Alvarado was named to the second team, NNJIL, for his work in

the discus and javeline.

A standout football player, Alvarado will continue his career at Montclair State College. He is hopeful of competing in both football and track on the collegiate level.

Brian Harvey was second in scoring this spring with 55 points. He was the teams leading half miler and long jumper, with marks of 2:12.3 and 16'9 1/4" in the half and long jump respectively leading the way.

Harvey was named Honorable Mention, all NNJIL. A marvelous student, he will be attending the Ivy League next fall, studying at Dartmouth.

Sophomore Joe Colucci finished third in team scoring with 26.5 points. Concentrating on the half mile and mile, Colucci ran a personal best of 5:00 in the 1600 meters, which is an outstanding time, especially for a sophomore.

With continued hard work, Colucci could be one of the best millers Belleville has had since Nelson Seda wore the Blue and Gold from 1974-76.

Another sophomore, Denny Hoogendyke, tallied 23.5 points competing in the low and high hurdles, the high jump and long jump.

Hoogendyke was the teams best high jumper, clearing 5'2" during the year.

Mike Janicelli, a senior, was a solid distance runner. Competing in the mile and two mile, Janicelli had his best performance in the two mile, running the event in 12:23 at Paramus. For the year, Janicelli finished with 11 points.

The always dangerous Rich Romano was next with 10.5 points. His scoring came in the discus and Tosato noted that Romano improved tremendously during the course of the year.

"Richie and John (Alvarado) were always battling in the discus,"

the coach said. "Romano got better as the season went on, and I think competing with John really helped. Richie was a hard worker."

Another fine student, Romano will be attending Rutgers next fall. He was a fine football player as well as a talented thrower and he'll be missed next season.

Seniors Ed Neiman, Billy Zigmund, John Kuebler and Ketan Chauhan also did well.

Nejman and Zigmund were shot and discus throwers, Kuebler ran

the 100 meters and 400 meter hurdles along with the shot and disc and Chauhan was the Bucs most consistent sprinter.

Chauhan ran the 200 and 400 meters and participated on the mile relay team.

As for Kuebler, he will forever be a part of Belleville football lore and the answer to a trivia question, having scored the touchdown in last seasons Belleville-Nutley thriller that ended in a 7-7 tie. Kuebler

# Summer coverage includes Bruins, legion, basketball

By Mike Lamberti

While the high school sports scene winds down, the sports action in town will be hot and heavy during the summer months.

The Times will begin summer coverage in next week's issue, as we concentrate on the Bruins in the Essex County Baseball league, the junior and senior legion teams, the boys' basketball team competing in the summer league and on various feature stories.

Belleville returns to the ECBL for the first time since 1986. In the late 70's, the Bruins were one of the more dominant teams in the league, winning championships in 1976 and '78.

The team disbanded after 1979 and Belleville was without an entry in the league until 1985, when the Braves became an entry. The

Braves played two seasons, then left the league after the '86 campaign.

Thus far in 1993, the Bruins are faring well. The team was in second place after last weekend's action, trailing only powerful Verona, which was undefeated heading into last weekend.

There will be plenty of action on the horizon, as the ECBL schedule continues through August. All told, there are 40 games on the slate. The Bruins play their home games at Belleville High School.

A few former Belleville players are competing for the Bruins, such as Mike DiBiase, Mike Chirichello, Mike Alfano and Jason Nardachone.

In legion action, Belleville will field two teams once again. The

junior legion will feature players from the age of 14-16 while the senior legion team will be for players 16 to 18. The legion schedule is now underway and we'll begin coverage next week.

The boys' basketball team has been competing in summer leagues for the past ten years now. Actually, summer league basketball in Belleville goes way back.

In the early and mid 1970's, then varsity head coach Dan Grasso formed a Belleville summer league, where teams competed at School Number Eight. There were some tremendous matchups back then (see this week's Buc Shots for more details) and the league was beneficial to the players who were hopeful of playing varsity ball in the winter.

After Grasso left in 1979, Belleville was without a league until the Summer of '82, when coach Joe Papisidero entered his Bucs in the Bloomfield Summer League. Dave Boyd, a player for Papisidero from 1981-84 coached the Bucs during a few summers in the mid 80's.

When Don Roll took over as coach in 1986, he expanded Belleville's participation, enrolling the team in two leagues. This summer,

the Bucs will take part in a very competitive league and we'll have coverage of the team starting with a preview next week.

A number of feature stories will also be a part of our summer schedule. Interviews have already been conducted with some former major league baseball players and

feature interviews are being worked on with some NFL stars of the past.

We think you'll find the interviews interesting and they should bring back some memories to the many sports fans in town.

Of course, there will be plenty of photos from the various events that

will be covered during the summer.

Finally, if anyone in town has a feature they would like us to pursue, please do not hesitate in calling Mike Lamberti at the Belleville Times. The number here is 759-3200. The summer is a good time to work on feature stories and your input is always welcome.

# Lady Bucs finish year 19-9

(continued from page 13)

had a stellar career at BHS and became an effective hitter this year. She had two hits in the county championship game against Nutley and was solid in right field.

At first base, Liz Ramirez came around in the second half of the season. She played excellent defense and her natural athletic abilities give Corino reason for optimism next year.

Shortstop Lynn Giachetti hit .370 this year and earned NNJIL and county honors. A three year starter, Corino feels Giachetti will be one of the leaders on the 1994 team. This year, she hit consistently at the plate and provided steady defense.

Sophomore Andrea "A.C." Curran did a steady job at third base this season. Curran is hoping to improve her offense next year and with an effective bat, she will definitely be one of the key players on the 1994 team. Next year will be her third varsity season.

On the mound, Kim Piscatowski won 15 games in her junior year to go along with 20 wins in 1992. Piscatowski earned NNJIL and county honors. Her pitching was very consistent all year long.

"Kimmy has really come along," Corino said. "She was much more consistent this year. She's a super competitor."

Karl Wendling did another solid job as a pitcher this year. Also a junior, Wendling was 4-1 this spring. She is a control oriented pitcher who doesn't make many mistakes and is a valuable contributor to the team.

Kristin Galloto is expected to anchor the outfield next year. She will probably move from left to centerfield in 1994. Galloto, a three year starter, has excellent potential with the bat and has a good throwing arm in the outfield.

Jackie Cerami made some good contributions to the varsity in the late stages of the '93 season. Corino is expecting good things from her next year.

Nicole Gibbons did well in the outfield, first base and as the designated hitter. A junior, Gibbons has good power with the bat and she should be one of team leaders next spring.

Gina Conte was slowed by a virus in the second half of the year. When she's 100 percent, Conte is one of the most exciting players on the field. She has excellent speed and is a good contact hitter. Because she is a lefty hitter, her on base percentage is very impressive.

As mentioned earlier, Brodo was a tremendous story in 1993. A freshman, she stepped in as the starting catcher in late April. She excelled defensively and as the year

went on, her throwing arm developed accuracy. Consequently, opposing base runners thought twice before attempting to steal on her.

Brodo will only get better. She has marvelous potential with the bat as well.

"We DH'd for her a good deal of the year," Corino said. "But you'll see Danielle hitting next year. She has a lot of power. We just felt with the level of pitching our league has, that she concentrate on defense

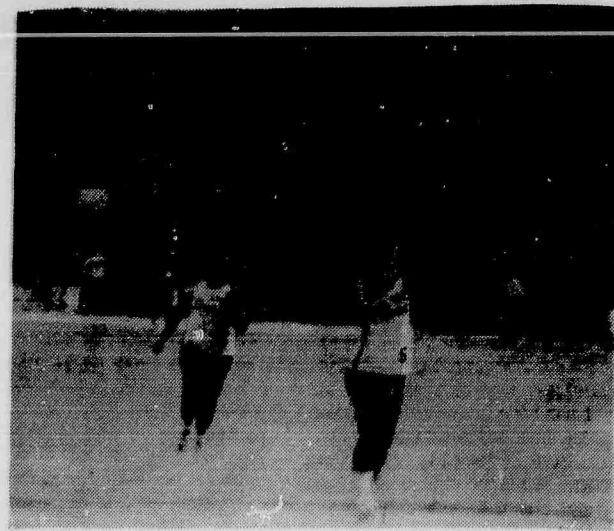

this year. But she has all the ability. Danielle's a hard worker."

It was a good year. Most teams will take 19-9 anytime. But the Lady Bucs are a motivated group, and the strong contingent of players that will return next spring will be primed for a big run at county and conference supremacy.

"It's up to them," Corino said. "If they work at it, they can do a lot of good things."

Leftfielder Kristin Galloto receives instruction from coach Carl Corino during game at Clearmont Field. Galloto is one of many players who will return to the Lady Bucs in 1994. She is a very talented player who will probably be the centerfielder next season.

Jennifer Citarella makes catch at second base. The senior had a phenomenal season, hitting near .500 and earning first team all county and conference honors. Citarella will attend Montclair State College in the fall.

## Buc Shots

(continued from page 13)

broke loose for an uncontested layup. The game was tied at the time and if Doug makes the layup, his team finally dethrones Clyde's team.

It was a scene out of a movie. As Jackson went up for the layup, the lights that illuminated the court (the game was played at night, and at this stage it was nearing 10 p.m.) went out.

Bedlam broke out. Jackson said the ball went in. Robinson, who was trailing the play, said it didn't. The officials couldn't tell, because it was too dark.

After a few phone calls, it was determined that since the lights were on timers and couldn't be reprogrammed, the game would have to be finished at a later date.

So, the score remained tied for four days and the teams met at 6 p.m. the following week to play an overtime. Clyde's team won by two points and the longest title game had been completed.

The game was charged with emotion. At least four scuffles broke out during the game. While many of the guys on the two teams were friends and often teammates during the high school year, the summer league was different. It was, as Roll had said earlier, a war.

The following summer, the two teams would hook up again in an equally memorable, and just as emotionally charged game. It didn't last four days this time, but it did go into overtime.

Next week, we'll look back on that game in July of 1977. It was 16 years ago, but it seems like yesterday.

### TID BITS

Can the Mets get any worse? As a Cardinals fan who remembers truly hating the Mets in the mid and late 80's, it couldn't happen to a nicer club. I can only hope the team has a worst record that the '62 Mets (they were 40-120).

I'm not a literary critic, but if you get a chance buy a copy of the book called the "The Worst Team Money Can Buy". It's a story about the 1992 Mets and all the ridiculous sidebars to that season.

I'm reading it now, and while some of the things said might be sour grapes and a negative slant on the part of the writers, it certainly is interesting reading. While millions are unemployed and looking for work, it's amazing to see the perspective factor that these so-called players possessed.

When George Foreman won his Olympic gold medal, I was just starting the fifth grade. When he won the heavyweight crown, I was a freshman at Belleville Junior High School.

Needless to say, Big George has stood the test of time. He was truly an entertaining figure in the recent world of sports.

Please, George, retire now! It was fun having you back and you will go down in the annals of boxing as a great champion, one of the hardest hitters to grace the ring.

You brought back class and professionalism to boxing. You were as much fun, if not more, than Muhammad Ali. They were great times.

Hopefully, your sit-com this fall will draw high ratings. Just stay out of the ring. Don't be the guy who had to have one more fight.

Marvelous Marvin Hagler left boxing, in essence, on his terms. He is a true champion, as are you.

### THIS WEEK'S QUIZ

Who did George Foreman defeat in his first fight after stopping Joe Frazier to win the heavyweight crown? Where was the fight held? How long did it last? What month and year did Ali take the crown from Foreman? Where was that fight contested? How long did Ali hold the crown the second time?

### Clara Maass offers infant-child CPR classes

In its ongoing effort to provide quality programs and services, Clara Maass Medical Center will offer an Infant-Child Cardiopulmonary Resuscitation (CPR) course.

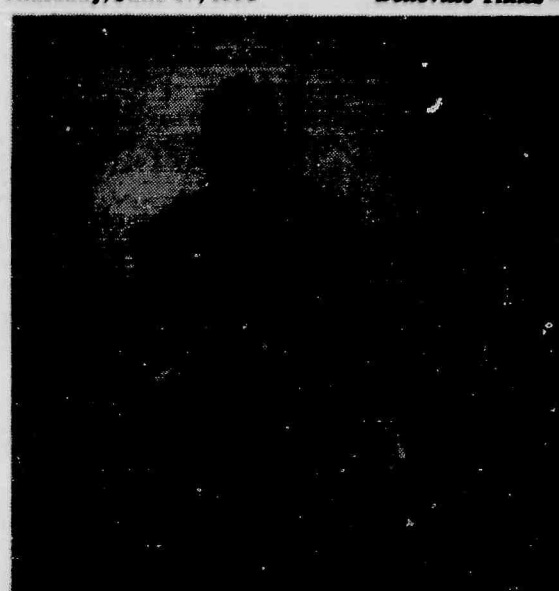

"The goal of this course is to teach caregivers, parents, teachers, day care personnel and babysitters the hazards to which children may be exposed, and how to make the environment safe," said Donna Makris, parent education coordinator, Clara Maass Medical Center. "The course will cover basic rescue techniques such as Cardiopulmonary Resuscitation and the Heimlich Maneuver."

Information provided in the

course is in accordance with the standards of the American Heart Association. Instructors of the course are certified by the American Heart Association.

Participants must be physically able to practice CPR and free of infectious disease. Participants will receive a basic life support identification card upon completion of the course.

The Infant-Child CPR classes will be held in parts 1, 2 & 3 on June 21 and 28, from 7 p.m. to 9:30 p.m. at the Medical Center. There is a \$40 fee, which covers the cost of the materials. Pre-registration is necessary. To register call 450-2929.

STUDENTS OF SEA — Stacey De Molo, Gary Rosenfeld and Lauren Rosenfeld hold photographs made by Rosenfeld on his visit to Honduras.

### Photographer-diver visits Middle School students

An informational program on oceanography was recently presented by Gary Rosenfeld to seventh graders at Belleville Middle School.

Rosenfeld, who is a Corrections Officer and Scuba instructor, showed slides and photographs of his recent excursion to Honduras. The beautifully photographed slides were of the coral reefs, fish, and plant life in the ocean.

The students marveled at the abundance of life underwater. Ros-

enfeld also spoke about preparation and safety precautions that must be undertaken when diving. He has been diving for seven years and has traveled to South America, Central America, Bermuda, California and Nevada to pursue his hobby.

The program was arranged for by Sarah Yauch, a science teacher and Lauren Rosenfeld, a seventh grader, daughter of Mr. Rosenfeld.

### Clara Maass celebrates its ties with Belleville

More than 200 people attended the Third Annual Belleville Day celebration at Clara Maass Medical Center on Thursday, June 10.

With the motto "Good neighbors, good friends" the Belleville institution welcomed dignitaries and private citizens, many of whom are affiliated with the medical center.

AT an informal buffet lunch, Brendan Farrelly, Senior Vice President of Corporate Services welcomed the guests. The Rev. Arthur Schute offered the Invocation.

President and Chief Executive Officer Robert S. Curtis spoke on "CMMC's Interaction with Belleville" and remarks were offered by Belleville Mayor Marina Perna and Assemblyman John Kelly.

Among the guests who shared their thoughts with the visitors were two Belleville residents, Michael Melchione who is an employee of the hospital, and Marie Vander Zwan, who is a Hospital Volunteer.

A Resolution citing the ties between Belleville and the hospital

was read by S. Thomas Aitken, Chairman of the Board of CMMC.

The guests were informed that 276 Clara Maass employees live in Belleville, the Township receives nearly a quarter million dollars a year in taxes annually and that in 1992, 924 children were admitted to the Pediatric Unit.

The hospital is the seventh largest hospital in New Jersey. In 1992, 2,882 children were treated in the Peds Care Program.

Closing remarks were offered by Farrelly.

### Lehigh U. cites Melanie Bonacorsa

Melanie Lisa Bonacorsa of Belleville has received a Certificate of Achievement from Lehigh University in Bethlehem, Pa., for attaining Dean's List for the Fall 1992 semester.

Undergraduates on the Dean's List earned a grade point average of 3.5 or better on a 4.0 scale.

#### GUARDED USE OF COMMON REMEDIES

If antacids or laxatives are taken within hours of using certain prescription and over-the-counter drugs, there may be a lessening of the latter drugs' effectiveness. For instance, if a high-fiber or bulk-forming laxative is used within hours of taking aspirin, the pain reliever's properties may be compromised. When antacids containing salicylates similar to those found in aspirin are taken in tandem with aspirin, the resulting excess salicylates may cause temporary hearing loss and dizziness. In another example, magnesium laxatives may negate the antibacterial effect of tetracycline. The bulk-forming laxative calcium polycarbophil may also reduce tetracycline's effectiveness. To guard against these negative effects, discuss the proper use of antacids and laxatives with the pharmacist.

Many drugs that are taken together can cause adverse effects. To be sure there will not be a problem ask our pharmacist at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. "Your Doctor Trusts Us". Russell Silver candies, greeting cards and gifts are available for Father's Day and graduations. Open: Daily 9am-10pm, Sundays 9am-9pm. Have a happy Father's Day.

**HINT:** High doses of the antacid bicarbonate can reduce the effectiveness of methenamine, a drug used for urinary tract infections.

**D'Alessio asks residents to help save boy's life**

**HELP SAVE THIS BOY'S LIFE** — 9-year-old Lamar Hamilton, who has leukemia, celebrates his birthday June 14 with his grandmother, Marian Corden, and Essex County Executive Thomas J. D'Alessio, who has formed the Lamar Hamilton Foundation to help cover costly medical expenses. The County of Essex is sponsoring a bone marrow drive June 18, from 9 a.m. to 4 p.m. at the Hospital Center in Cedar Grove. Interested donors are encouraged to call Rae Ruocco at the Hospital at 228-8119. A small fee may be charged.

Essex County Executive Thomas J. D'Alessio is asking Essex County area residents to consider being tested June 18 for bone marrow compatibility with a 9-year-old local youth suffering from leukemia. A blood drive and a cholesterol test will also be conducted. It will be held from 9 a.m. to 4 p.m. at the Hospital Center in Cedar Grove.

Lamar Hamilton, who is the grandson of an Essex County employee, celebrated his birthday June 14 with D'Alessio, as the County Executive established the Lamar Hamilton Foundation to cover costly medical expenses.

Interested donors are encouraged to call Rae Ruocco at the Hospital at 228-8119. A small fee may be charged.

**Sanda Renda  
to appear  
on Cable TV**

Fans of good music and top talent can continue to enjoy another season of the Steve Ames Variety Show on Suburban Cable 32. The old time music maven has a healthy lineup of musical acts booked, through his talent coordinator Walt Gollender and the month of June is no exception.

Sandy Renda, entertainer and musician from Belleville will be the special guest on three Ames shows this coming month. Renda, who has been featured on a 1957 Jackie Gleason Musical Honeymooners Show and a number of other prime time network programs during the late fifties, will tell Steve and Walt about what he has been doing on the music and nightclub scene and will show his experience by singing and playing some remarkable guitar riffs. The talented entertainer has a guitar teaching book from Warner Communications on the market, is still backing up a number of Elvis Tribute Shows with his own band Sandy and the Wanderers and continues to do studio arranging and recording. And if all this were not enough, Renda is able to find time to teach his 45 guitar students in his home studio, while tenderly overseeing his family of Roseanne, Santo, Lisa Marie and wife Vera. No small task for a busy guy in this day and age!

The Ames Show will also present vocals by nostalgic Steve as he croons some songs from "long ago and far away" to the accompaniment of Yolanda Peterpaul and Marvin Lewis. Assisting Steve will be Walt Gollender, veteran music talent scout, promoter and record industry "busy body." Walt will also toss in some of his zany humor and show biz tales to keep the momentum going throughout the summer months.

The Steve Ames Show can be seen on June 29 at 10:05 p.m. and any performer desirous of being considered for a slot on the show is invited to send a demo and photo to Walt Gollender, Box 519, Irvington.

**Dullaghan  
joins Honor  
Society**

Camille Simini Dullaghan of Belleville has been elected to membership in Sigma Theta Tau International Honor Society of Nursing. She was one of the 48 new members inducted into the Alpha Zeta Chapter at Columbia University in New York City on April 27.

Sigma Theta Tau International is a prestigious organization of leaders and scholars in nursing. This honor society, founded at Indiana University in 1922, currently has 301 chapters at more than 326 colleges and universities worldwide.

Membership in the Society is awarded to bachelor's, master's, and doctoral nursing candidates who achieve high scholastic averages and to graduates of the college program who achieve excellence in nursing leadership roles. The undergraduate inductee must have at least a 3.0 grade point average on a 4.0 scale and be in the upper one-third of their class.

The honor society is committed to improving the health of the public by advancing nursing science. Sigma Theta Tau International sponsors research, produces various publications, and hosts scholarly programs on the international, national, regional, and local level. Sigma Theta Tau International recently built the Center for Nursing Scholarship and International Library in Indianapolis, Ind.

### The Mini Page Presidents Poster and Book of Presidents

are a great combination — and the best way to learn about each president — including Bill Clinton!

Illustrated with reproductions of engraved portraits, the 22 1/2-by-28 1/2-inch Presidents Poster shows each of the presidents with the dates that each held office.

The Book of Presidents (5 1/2-by-8 1/2-inch, 96 pages) features a photo of each president, as well as information such as dates of birth and death, dates served as president, political party, signature, glossary of political terms, a visit to the White House and important achievements.

### MIGHTY FUNNY'S Mini Jokes

WHAT'S THE BEST WAY TO TELL THE TIME?  
GET A WATCHDOG!

THAT'S MIGHTY FUNNY!

(Sent in by Becky Boyd)

Q: What is red, white and blue and has a yellow stem?  
A: A star-spangled banana!

Q: How can you tell if there's a hippopotamus in your oven?  
A: The oven door won't close!

### Rookie Cookie's Recipe Super Summer Salad

You'll need:

- 2 cups cantaloupe, cubed
- 1 banana, thinly sliced
- 1 apple, thinly sliced
- 6 strawberries, halved
- 1 cup grapes
- 2 cups vanilla yogurt
- 1/2 cup walnuts, chopped

What to do:

1. Combine all ingredients in a large bowl. Mix well.
2. Refrigerate until ready to eat. Serves 4.

## Signs of Summer

Many families will be traveling this vacation season. Here are some signs that you might see at one of our country's parks or along the way.

Write the number of the sign that might fit your family's needs!

We need to:

- find a wheelchair ramp
- get first aid
- get hot dogs
- drink water
- eat
- find a phone
- get information
- get cold drinks
- get hot coffee
- get ice cream
- find police help
- find a men's room
- find a women's room
- find a playground
- find the no-smoking section
- find a park ranger
- water-ski
- swim
- soil
- build a fire
- sleep
- take photos
- walk the dog
- picnic
- ride a horse
- fish
- find a rowboat
- pitch a tent
- hike
- find a bike area

Discuss your answers with an adult.

### Games to play

**Memory:** With a partner, study the symbols. When the partner looks away, cover one of them. See if your partner can remember what it was.

**Signs of the road:** Pretend that you are the driver. What would these signs mean to you?

**Match** (for our youngest readers): Get two copies of this Mini Page. Cut one apart and ask the player to match the loose signs.

**Act out a sign:** Act out some of the signs above. See if other family members can guess which one you are doing.

To do: Look through your newspaper. Design symbols for some of the advertisers. Design some symbols that represent news events. After a partner studies your symbols, see if he or she can locate the ads and the news events!

This is often a symbol of the Declaration of Independence. Read all about the man who wrote it in next week's Mini Page.
